1. Each expansion population member whose family income exceeds one hundred percent of the federal poverty level as defined by the most recently revised poverty income guidelines published by the United States department of health and human services shall pay a monthly premium not to exceed one-twelfth of five percent of the member’s annual family income. Each expansion population member whose family income is equal to or less than one hundred percent of the federal poverty level as defined by the most recently revised poverty income guidelines published by the United States department of health and human services shall be subject to payment of a monthly premium. All premiums shall be paid on the last day of the month of coverage. The department shall deduct the amount of any monthly premiums paid by an expansion population member for benefits under the healthy and well kids in Iowa program when computing the amount of monthly premiums owed under this subsection. An expansion population member shall pay the monthly premium during the entire period of the member’s enrollment. Regardless of the length of enrollment, the member is subject to payment of the premium for a minimum of four consecutive months. How-
ever, an expansion population member who complies with the requirement of payment of the premium for a minimum of four consecutive months during a consecutive twelve-month period of enrollment shall be deemed to have complied with this requirement for the subsequent consecutive twelve-month period of enrollment and shall only be subject to payment of the monthly premium on a month-by-month basis. Timely payment of premiums, including any arrearages accrued from prior enrollment, is a condition of receiving any expansion population services. The payment to and acceptance by an automated case management system or the department of the premium required under this subsection shall not automatically confer initial or continuing program eligibility on an individual. A premium paid to and accepted by the department’s premium payment process that is subsequently determined to be untimely or to have been paid on behalf of an individual ineligible for the program shall be refunded to the remitter in accordance with rules adopted by the department. Premiums collected under this subsection shall be deposited in the premiums subaccount of the account for health care transformation created pursuant to section 249J.23. An expansion population member shall also pay the same copayments required of other adult recipients of medical assistance.

2. The department may reduce the required out-of-pocket expenditures for an individual expansion population member based upon the member’s increased wellness activities such as smoking cessation or compliance with the personal health improvement plan completed by the member. The department shall also waive the required out-of-pocket expenditures for an individual expansion population member based upon a hardship that would accrue from imposing such required expenditures. Information regarding the premium payment obligation and the hardship exemption, including the process by which a prospective enrollee may apply for the hardship exemption, shall be provided to a prospective enrollee at the time of application. The prospective enrollee shall acknowledge, in writing, receipt and understanding of the information provided.

3. The department shall submit to the governor and the general assembly by March 15, 2006, a design for each of the following:
   a. An insurance cost subsidy program for expansion population members who have access to employer health insurance plans, provided that the design shall require that no less than fifty percent of the cost of such insurance shall be paid by the employer.
   b. A health care account program option for individuals eligible for enrollment in the expansion population. The health care account program option shall be available only to adults who have been enrolled in the expansion population for at least twelve consecutive calendar months. Under the health care account program option, the individual would agree to exchange one year’s receipt of benefits under the expansion population, to which the individual would otherwise be entitled, for a credit to obtain any medical assistance program covered service up to a specified amount. The balance in the health care account at the end of the year, if any, would be available for withdrawal by the individual.

4. The department shall track the impact of the out-of-pocket expenditures on expansion population enrollment and shall report the findings on at least a quarterly basis to the medical assistance projections and assessment council established pursuant to section 249J.20. The findings shall include estimates of the number of expansion population members complying with payment of required out-of-pocket expenditures, the number of expansion population members not complying with payment of required out-of-pocket expenditures and the reasons for noncompliance, any impact as a result of the out-of-pocket requirements on the provision of services to the populations previously served, the administrative time and cost associated with administering the out-of-pocket requirements, and the benefit to the state resulting from the out-of-pocket expenditures. To the extent possible, the department shall track the income level of the member, the health condition of the member, and the family status of the member relative to the out-of-pocket information.

249J.9 Future expansion population, benefits, and provider network growth.

1. Population. The department shall contract with the division of insurance of the department of commerce or another appropriate entity to track, on an annual basis, the number of uninsured and underinsured Iowans, the cost of private market insurance coverage, and other barriers to access to private insurance for Iowans. Based on these findings and available funds, the department shall make recommendations, annually, to the governor and the general assembly regarding further expansion of the expansion population.

2. Benefits.
   a. The department shall not provide services to expansion population members that are in addition to the services originally designated by the department pursuant to section 249J.6, without express authorization provided by the general assembly.
   b. The department, upon the recommendation of the clinicians advisory panel established pursuant to section 249J.18, may change the scope and duration of any of the available expansion popula-
tion services, but this subsection shall not be construed to authorize the department to make expenditures in excess of the amount appropriated for benefits for the expansion population.

3. Expansion population provider network.
   a. The department shall not expand the expansion population provider network unless the department is able to pay for expansion population services provided by such providers at the full benefit recipient rates.
   b. The department may limit access to the expansion population provider network by the expansion population to the extent the department deems necessary to meet the financial obligations to each provider under the expansion population provider network. This subsection shall not be construed to authorize the department to make any expenditure in excess of the amount appropriated for benefits for the expansion population.

Section to be implemented only if the department of human services receives approval from centers for Medicare and Medicaid services of the United States department of health and human services for medical assistance state plan amendment; approval of instant relief or nondirect care limit exception dependent on extent of available funding; 2007 Acts, ch 219, §41

249K.3 General provisions — instant relief — nondirect care limit exception.

1. A provider that constructs a complete replacement, makes major renovations to, or newly constructs a nursing facility may be entitled to the rate relief and exceptions provided under this chapter. The total period during which a provider may participate in any relief shall not exceed ten years. A provider seeking assistance under this chapter may request both instant relief and the nondirect care limit exception.

2. If the provider requests instant relief, the following provisions shall apply:

a. The provider shall submit a written request for instant relief to the Iowa Medicaid enterprise explaining the nature, timing, and goals of the project and the time period during which the relief is requested. The written request shall clearly state if the provider is also requesting the nondirect care limit exception. The written request for instant relief shall be submitted no earlier than thirty days prior to the placement of the provider’s assets in service. The written request for relief shall provide adequate details to calculate the estimated value of relief including but not limited to the total cost of the project, the estimated annual depreciation expenses using generally accepted accounting principles, the estimated useful life based upon existing medical assistance and Medicare provisions, and a copy of the most current depreciation schedule. If interest expenses are included, a copy of the general terms of the debt service and the estimated annual amount of the interest expenses shall be submitted with the written request for relief.

b. The following shall apply to the value of relief amount:

(1) If interest expenses are disclosed, the amount of these expenses shall be added to the value of relief.

(2) The calculation of the estimated value of relief shall take into consideration the removal of existing assets and debt service.

(3) The calculation of the estimated value of relief shall be demonstrated as an amount per patient day to be added to the nondirect care component for the relevant period. The estimated annual patient days for this calculation shall be determined based upon budgeted amounts or the most recent annual total as demonstrated on the provider’s Medicaid financial and statistical report.

For the purposes of calculating the per diem relief, total patient days shall be the greater of the estimated annual patient days or eighty-five percent of the facility’s estimated licensed capacity.

(4) The combination of the nondirect care component and the estimated value of relief shall not exceed one hundred and ten percent of the nondirect care median for the relevant period. If a nondirect care limit exception has been requested and granted, the combination of the nondirect care component and the estimated value of relief shall not exceed one hundred twenty percent of the nondirect care median for the relevant period.

c. Instant relief granted under this subsection shall begin the first day of the calendar quarter following placement of the provider’s assets in service. If the required information to calculate the instant relief, as specified in paragraph “a”, is not submitted prior to the first day of the calendar quarter following placement of the provider’s assets in service, instant relief shall instead begin on the first day of the calendar quarter following receipt of the required information.

d. Instant relief granted under this subsection shall be terminated at the time of the provider’s subsequent biannual rebasing when the submission of the annual cost report for the provider includes the new replacement costs and the annual property costs reflect the new assets.

e. During the period in which instant relief is granted, the Iowa Medicaid enterprise shall recalculate the value of the instant relief based on allowable costs and patient days reported on the an-
nual financial and statistical report. For purposes of calculating the per diem relief, total patient days shall be the greater of actual annual patient days or eighty-five percent of the facility's licensed capacity. The actual value of relief shall be added to the nondirect care component for the relevant period, not to exceed one hundred ten percent of the nondirect care median for the relevant period or to exceed one hundred twenty percent of the nondirect care median for the relevant period if the nondirect care limit exception is requested and granted. The provider’s quarterly rates for the relevant period shall be retroactively adjusted to reflect the revised nondirect care rate. All claims with dates of service from the date that instant relief is granted shall be repriced to reflect the actual value of the instant relief per diem utilizing a mass adjustment.

3. If the provider requests the nondirect care limit exception, all of the following shall apply:
   a. The nondirect care limit for the rate setting period shall be increased to one hundred and twenty percent of the median for the relevant period.
   b. The exception period shall not exceed a period of two years. If the provider is requesting only the nondirect care limit exception, the request shall be submitted within sixty days of the release of the July 1 rate determination letters following each biannual rebasing cycle, and shall be effective the first day of the month following receipt of the request. §252A.2, SUPPORT OF DEPENDENTS

§252A.3 Liability for support.

For the purpose of this chapter:

1. A spouse is liable for the support of the other spouse and any child or children under eighteen years of age and any other dependent. The court shall establish the respondent’s monthly support payment and the amount of the support debt accrued and accruing pursuant to section 598.21A or 598.21B, as applicable.

2. A parent is liable for the support of the parent’s child or children under eighteen years of age, whenever the other parent of such child or children is dead, or cannot be found, or is incapable of supporting the child or children, and, if the liable parent is possessed of sufficient means or able to earn the means. The court having jurisdiction of the respondent in a proceeding instituted under this chapter shall establish the respondent’s monthly support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B. The support obligation shall include support of a parent’s child between the ages of eighteen and nineteen years if the child is engaged full-time in completing high school graduation or equivalency requirements in a manner which is reasonably expected to result in completion of the requirements prior to the person reaching nineteen years of age.

3. The parents are severally liable for the support of a dependent child eighteen years of age or older, whenever such child is unable to maintain the child’s self and is likely to become a public charge.

4. A child or children born of parents who, at any time prior or subsequent to the birth of such child, have entered into a civil or religious marriage ceremony, shall be deemed the legitimate child or children of both parents, regardless of the validity of such marriage.

5. A child or children born of parents who held or held themselves out as husband and wife by virtue of a common law marriage are deemed the legitimate child or children of both parents.

6. A man or woman who was or is held out as the person’s spouse by a person by virtue of a common law marriage is deemed the legitimate spouse of such person.

7. Notwithstanding the fact that the respondent has obtained in any state or country a final decree of divorce or separation from the respondent’s spouse or a decree dissolving the marriage, the respondent shall be deemed legally liable for the support of any dependent child of such marriage.

8. The parents of a child born out of wedlock shall be severally liable for the support of the child, but the liability of the father shall not be enforceable unless paternity has been legally established. Paternity may be established as follows:

a. By order of a court of competent jurisdiction or by administrative order when authorized by state law.

b. By the statement of the person admitting paternity in court and upon concurrence of the mother. If the mother was married, at the time of conception, birth, or at any time during the period between conception and birth of the child, to an individual other than the person admitting paternity, the individual to whom the mother was married at the time of conception, birth, or at any time during the period between conception and birth must deny paternity in order to establish the paternity of the person admitting paternity upon the sole basis of the admission.

c. Subject to the right of any signatory to rescind as provided in section 252A.3A, subsection 12, by the filing and registration by the state registrar of an affidavit of paternity executed on or after July 1, 1993, as provided in section 252A.3A, provided that the mother of the child was unmarried at the time of conception, birth, and at any time during the period between conception and birth of the child or if the mother was married at the time of conception, birth, or at any time during the period between conception and birth of the child, a court of competent jurisdiction has determined that the individual to whom the mother was married at that time is not the father of the child.

d. By establishment of paternity in a foreign jurisdiction in any manner provided for by the laws of that jurisdiction.

9. If paternity of a child born out of wedlock is established as provided in subsection 8, the court shall establish the respondent’s monthly support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B. The support obligation shall include support of the child between the ages of eighteen and nineteen years if the child is engaged full-time in completing high school graduation or equivalency requirements in a manner which is reasonably expected to result in completion of the requirements prior to the person reaching nineteen years of age.

10. The court may order a party to pay sums sufficient to provide necessary food, shelter, clothing, care, medical or hospital expenses, including medical support as defined in chapter 252E, expenses of confinement, expenses of education of a child, funeral expenses, and such other reasonable and proper expenses of the dependent as justice requires, giving due regard to the circumstances of the respective parties.

252A.3A Establishing paternity by affidavit.

1. The paternity of a child born out of wedlock may be legally established by the completion, filing, and registration by the state registrar of an affidavit of paternity only as provided by this section.

2. When paternity has not been legally established, paternity may be established by affidavit under this section for the following children:
   a. The child of a woman who was unmarried at the time of conception, birth, and at any time during the period between conception and birth of the child.
   b. The child of a woman who is married at the time of conception, birth, or at any time during the period between conception and birth of the child if a court of competent jurisdiction has determined that the individual to whom the mother was married at that time is not the father of the child.

3. Prior to or at the time of completion of an affidavit of paternity, written and oral information about paternity establishment, developed by the child support recovery unit created in section 252B.2, shall be provided to the mother and putative father. Video or audio equipment may be used to provide oral information.

   a. The information provided shall include a description of parental rights and responsibilities, including the duty to provide financial support for the child, the benefits of establishing paternity, and the alternatives to and legal consequences of signing an affidavit of paternity, including the rights available if a parent is a minor.

   b. Copies of the written information shall be made available by the child support recovery unit or the Iowa department of public health to those entities where an affidavit of paternity may be obtained as provided under subsection 4.

4. a. The affidavit of paternity form developed and used by the Iowa department of public health is the only affidavit of paternity form recognized for the purpose of establishing paternity under this section. It shall include the minimum requirements specified by the secretary of the United States department of health and human services pursuant to 42 U.S.C. § 652(a)(7). A properly completed affidavit of paternity form developed by the Iowa department of public health and existing on or after July 1, 1993, but which is superseded by a later affidavit of paternity form developed by the Iowa department of public health, shall have the same legal effect as a paternity affidavit form used by the Iowa department of public health on or after July 1, 1997, regardless of the date of the filing and registration of the affidavit of paternity, unless otherwise required under federal law.

   b. The form shall be available from the state registrar, each county registrar, the child support recovery unit, and any institution in the state.

   c. The Iowa department of public health shall make copies of the form available to the entities identified in paragraph "b" for distribution.

5. A completed affidavit of paternity shall contain or have attached all of the following:
   a. A statement by the mother consenting to the assertion of paternity and the identity of the father and acknowledging either of the following:
      (1) That the mother was unmarried at the time of conception, birth, and at any time during the period between conception and birth of the child.
      (2) That the mother was married at the time of conception, birth, or at any time during the period between conception and birth of the child, and that a court order has been entered ruling that the individual to whom the mother was married at that time is not the father of the child.
   b. If paragraph "a", subparagraph (2), is applicable, a certified copy of the filed order ruling that the husband is not the father of the child.
   c. A statement from the putative father that the putative father is the father of the child.
   d. The name of the child at birth and the child’s birth date.
   e. The signatures of the mother and putative father.
   f. The social security numbers of the mother and putative father.
   g. The addresses of the mother and putative father, as available.
   h. The signature of a notary public attesting to the identities of the parties signing the affidavit of paternity.
   i. Instructions for filing the affidavit.

6. A completed affidavit of paternity shall be filed with the state registrar. However, if the affidavit of paternity is obtained directly from the county registrar, the completed affidavit may be filed with the county registrar who shall forward the original affidavit to the state registrar. For the purposes of legal establishment of paternity under this section, paternity is legally established only upon filing of the affidavit with and registration of the affidavit by the state registrar subject to the right of any signatory to recision pursuant to subsection 12.

7. The state registrar shall make copies of affidavits of paternity and identifying information from the affidavits filed and registered pursuant to this section available to the child support recovery unit created under section 252B.2 in accordance with section 144.13, subsection 4, and any subsequent recision form which rescinds the affidavit.

8. An affidavit of paternity completed and filed with and registered by the state registrar pursuant to this section has all of the following effects:
   a. Is admissible as evidence of paternity.
b. Has the same legal force and effect as a judicial determination of paternity subject to the right of any signatory to recision pursuant to subsection 12.

c. Serves as a basis for seeking child or medical support without further determination of paternity subject to the right of any signatory to recision pursuant to subsection 12.

9. All institutions in the state shall provide the following services with respect to any newborn child born out of wedlock:

a. Prior to discharge of the newborn from the institution, the institution where the birth occurs shall provide the mother and, if present, the putative father, with all of the following:

(1) Written and oral information about establishment of paternity pursuant to subsection 3. Video or audio equipment may be used to provide oral information.

(2) An affidavit of paternity form.

(3) An opportunity for consultation with the staff of the institution regarding the written information provided under subparagraph (1).

(4) An opportunity to complete an affidavit of paternity at the institution, as provided in this section.

b. The institution shall file any affidavit of paternity completed at the institution with the state registrar, pursuant to subsection 6, accompanied by a copy of the child's birth certificate, within ten days of the birth of the child.

10. An institution may be reimbursed by the child support recovery unit for this purpose.

a. Written and oral information about establishment of paternity pursuant to subsection 3.

b. An affidavit of paternity form.

c. An opportunity for consultation with staff regarding the information provided under paragraph "a".

12. a. A completed affidavit of paternity may be rescinded by registration of the state registrar of a completed and notarized recision form signed by either the mother or putative father who signed the affidavit of paternity that the putative father is not the father of the child. The completed and notarized recision form shall be filed with the state registrar for the purpose of registration prior to the earlier of the following:

(1) Sixty days after the latest notarized signature of the mother or putative father on the affidavit of paternity.

(2) Entry of a court order pursuant to a proceeding in this state to which the signatory is a party relating to the child, including a proceeding to establish a support order under this chapter, chapter 252C, 252F, 598, or 600B or other law of this state.

b. Unless the state registrar has received and registered an order as provided in section 252A.3, subsection 8, paragraph "a", which legally establishes paternity, upon registration of a timely recision form the state registrar shall remove the father's information from the certificate of birth, and shall send a written notice of the recision to the last known address of the signatory of the affidavit of paternity who did not sign the recision form.

c. The Iowa department of public health shall develop a recision form and an administrative process for recision. The form shall be the only recision form recognized for the purpose of rescinding a completed affidavit of paternity. A completed recision form shall include the signature of a notary public attesting to the identity of the party signing the recision form. The Iowa department of public health shall adopt rules which establish a fee, based upon the average administrative cost, to be collected for the registration of a recision.

d. If an affidavit of paternity has been rescinded under this subsection, the state registrar shall not register any subsequent affidavit of paternity signed by the same mother and putative father relating to the same child.

13. The child support recovery unit may enter into a written agreement with an entity designated by the secretary of the United States department of health and human services to offer voluntary paternity establishment services.

a. The agreement shall comply with federal requirements pursuant to 42 U.S.C. § 666(a)(5)(C) including those regarding notice, materials, training, and evaluations.

b. The agreement may provide for reimbursement of the entity by the state if reimbursement is permitted by federal law.

252A.4 and 252A.4A Repealed by 97 Acts, ch 175, § 21, 22.

252A.5 When proceeding may be maintained.
Unless prohibited pursuant to 28 U.S.C. § 1738B, a proceeding to compel support of a dependent may be maintained under this chapter in any of the following cases:

1. Where the petitioner and the respondent are residents of or domiciled or found in this state or where this state may exercise personal jurisdiction over a nonresident respondent under section 252K.201.

2. Whenever the state or a political subdivision thereof furnishes support to a dependent, it has the same right through proceedings instituted by the petitioner’s representative to invoke the provisions hereof as the dependent to whom the support was furnished, for the purpose of securing reimbursement of expenditures so made and of obtaining continuing support; the petition in such case may be verified by any official having knowledge of such expenditures without further verification of any person and consent of the dependent shall not be required in order to institute proceedings under this chapter. The child support recovery unit may bring the action based upon a statement of a witness, regardless of age, with knowledge of the circumstances, including, but not limited to, statements by the mother of the dependent or a relative of the mother or the putative father.

3. If the child support recovery unit is providing services, the unit has the same right to invoke the provisions of this section as the dependent for which support is owed for the purpose of securing support. The petition in such case may be verified by any official having knowledge of the request for services by the unit, without further verification by any other person, and consent of the dependent shall not be required in order to institute proceedings under this chapter. The child support recovery unit may bring the action based upon the statement of a witness, regardless of age, with knowledge of the circumstances, including, but not limited to, statements by the mother of the dependent or a relative of the mother or the putative father.

252A.5A Limitations of actions.

1. An action to establish paternity and support under this chapter may be brought within the time limitations set forth in section 614.8.

2. Notwithstanding subsection 1, an action to establish paternity and support under this chapter may be brought concerning a person who was under age eighteen on August 16, 1984, regardless of whether any prior action was dismissed because a statute of limitations of less than eighteen years was then in effect. Such an action may be brought within the time limitations set forth in section 614.8, or until July 2, 1992, whichever is later. 90 Acts, ch 1224, § 3

252A.6 How commenced — trial.

1. A proceeding under this chapter shall be commenced by filing a verified petition in the court in equity in the county where the dependent resides or is domiciled, or if the dependent does not reside in or is not domiciled in this state, where the petitioner or respondent resides, or where public assistance has been provided for the dependent. The petition shall show the name, age, residence, and circumstances of the dependent, alleging that the dependent is in need of and is entitled to support from the respondent, giving the respondent’s name, age, residence, and circumstances, and praying that the respondent be compelled to furnish such support. The petitioner may include in or attach to the petition any information which may help in locating or identifying the respondent including, but without limitation by enumeration, a photograph of the respondent, a description of any distinguishing marks of the respondent’s person, other names and aliases by which the respondent has been or is known, the name of the respondent’s employer, the respondent’s fingerprints, or social security number.

2. It shall not be necessary for the dependent or the dependent’s witnesses to appear personally at a hearing on the petition, but it shall be the duty of the petitioner’s representative to appear on behalf of and represent the petitioner at all stages of the proceeding.

3. If at a hearing on the petition the respondent controverts the petition and enters a verified denial of any of the material allegations, the judge presiding at the hearing shall stay the proceedings. The petitioner shall be given the opportunity to present further evidence to address issues which the respondent has controverted.

4. If the respondent appears at the hearing and fails to answer the petition or admits the allegations of the petition, or if, after a hearing, the court has found and determined that the prayer of the petitioner, or any part of the prayer, is supported by the evidence adduced in the proceeding, and that the dependent is in need of and entitled to support from a party, the court shall make and enter an order directing a party to furnish support for the dependent and to pay a sum as the court determines pursuant to section 598.21A or 598.21B, as applicable. Upon entry of an order for support or upon failure of a person to make payments pursuant to an order for support, the court may require a party to provide security, a bond, or other guarantee which the court determines is satisfactory to secure the payment of the support. Upon
5. The court making such order may require the party to make payment at specified intervals to the clerk of the district court or to the collection services center, and to report personally to the sheriff or any other official, at such times as may be deemed necessary.

6. A party who willfully fails to comply with or who violates the terms or conditions of the support order or of the party's probation shall be punished by the court in the same manner and to the same extent as is provided by law for a contempt of such court or a violation of probation ordered by such court in any other suit or proceeding cognizable by such court.

7. Except as provided in 28 U.S.C. § 1738B, any order of support issued by a court shall not supersede any previous order of support issued in a divorce or separate maintenance action, but the amounts for a particular period paid pursuant to either order shall be credited against amounts accruing or accrued for the same period under both. This subsection also applies to orders entered following an administrative process including, but not limited to, the administrative processes provided pursuant to chapters 252C and 252F.

252A.6A Additional provisions regarding paternity establishment.

1. When an action is initiated under this chapter to establish paternity, all of the following shall apply:
   a. Except with the consent of all parties, the trial shall not be held until after the birth of the child and shall be held no earlier than twenty days from the date the respondent is served with notice of the action or, if blood or genetic tests are conducted, no earlier than thirty days from the date the test results are filed with the clerk of the district court as provided under section 600B.41.
   b. If the respondent, after being served with notice as required under section 252A.6, fails to timely respond to the notice, or to appear for blood or genetic tests pursuant to a court or administrative order, or to appear at a scheduled hearing after being provided notice of the hearing, the court shall find the respondent in default, and shall enter an order establishing paternity and establishing the monthly child support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B, or medical support pursuant to chapter 252E, or both.
   c. Appropriate genetic testing procedures shall be used which include any genetic test generally acknowledged as reliable by accreditation bodies designated by the secretary of the United States department of health and human services and which are performed by a laboratory approved by such an accreditation body.
   d. A copy of a bill for blood or genetic testing, or for the cost of prenatal care or the birth of the child, shall be admitted as evidence without requiring third-party foundation testimony and shall constitute prima facie evidence of amounts incurred for testing.

2. When an action is initiated to establish child or medical support based on a prior determination of paternity and the respondent files an answer to the notice denying paternity, all of the following shall apply:
   a. (1) If the prior determination of paternity is based on an affidavit of paternity filed pursuant to section 252A.3A, or an administrative order entered pursuant to chapter 252F, or an order by the courts of this state, or by operation of law when the mother and established father are or were married to each other, the provisions of section 600B.41A are applicable.
      (2) If the court determines that the prior determination of paternity should not be overcome, pursuant to section 600B.41A, and that the party has a duty to provide support, the court shall enter an order establishing the monthly child support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B, or medical support pursuant to chapter 252E, or both.
   b. If the prior determination of paternity is based on an administrative or court order or by any other means, pursuant to the laws of a foreign jurisdiction, an action to overcome the prior determination of paternity shall be filed in that jurisdiction. Unless the party requests and is granted a stay of an action to establish child or medical support, the action shall proceed as otherwise provided.
   c. Appropriate genetic testing procedures shall be used which include any genetic test generally acknowledged as reliable by accreditation bodies designated by the secretary of the United States department of health and human services and which are performed by a laboratory approved by such an accreditation body.
   d. A copy of a bill for blood or genetic testing, or for the cost of prenatal care or the birth of the child, shall be admitted as evidence without requiring third-party foundation testimony and shall constitute prima facie evidence of amounts incurred for testing.

3. If the expert analyzing the blood or genetic test concludes that the test results demonstrate that the putative father is not excluded and that the probability of the putative father's paternity is ninety-nine percent or higher and if the test results have not been challenged, the court, upon motion by a party, shall enter a temporary order for child support to be paid pursuant to section 598.21B. The court shall require temporary support to be paid to the clerk of court or to the collection services center. If the court subsequently determines the putative father is not the father, the court shall terminate the temporary support order. All support obligations which were due prior to the order terminating temporary support are unaffected by this action and remain a judgment subject to enforcement.

The department shall immediately notify the clerk of court by mail when such child or caretaker has been determined to be eligible for public assistance. Upon notification by the department, the clerk of court shall make a notation of the automatic assignment in the judgment docket and lien index. The notation constitutes constructive notice of the assignment. If the applicant for public assistance, for whom public assistance is approved and provided on or after July 1, 1997, is a person other than a parent of the child, the department shall send notice of the assignment by regular mail to the last known addresses of the obligee and obligor. The fee may be collected in addition to any support payments or support judgment ordered, and no further notice or hearing is required prior to collecting the fee.

c. Notwithstanding any provision to the contrary, the unit may collect the fee through any legal means by which support payments may be collected, including but not limited to income withholding under chapter 252D or income tax refund offsets, unless prohibited under federal law.

d. The unit is not required to file these judgments with the clerk of the district court, but shall maintain an accurate accounting of the fee assessed, the amount of the fee, and the recovery of the fee.

The director may enter into a contract with a private collection agency to collect support payments for cases which have been identified by the department as difficult collection cases if the department determines that this form of collection is more cost-effective than departmental collection methods. The department shall utilize, to the maximum extent possible, every available automated process to collect support payments prior to referral of a case to a private collection agency. A private collection agency with whom the department enters a contract under this subsection shall comply with state and federal confidentiality requirements and debt collection laws. The director may use a portion of the state share of funds collected through this means to pay the costs of any contract authorized under this subsection.

4. Assistance to set off against a debtor's income tax refund or rebate any support debt, which is assigned to the department of human services or which the child support recovery unit is attempting to collect on behalf of any individual not eligible as a public assistance recipient, which has accrued through written contract, subrogation, or court judgment, and which is in the form of a liquidated sum due and owing for the care, support, or maintenance of a child. Unless the periodic payment plan provisions for a retroactive modification pursuant to section 598.21C apply, the entire amount of a judgment for accrued support, notwithstanding compliance with a periodic payment plan or regardless of the date of entry of the judgment, is due and owing as of the date of entry of the judgment and is delinquent for the purposes of setoff, including for setoff against a debtor's federal income tax refund or other federal nontax payment. The department of human services shall adopt rules pursuant to chapter 17A necessary to assist the department of administrative services in the implementation of the child support setoff as established under section 8A.504.

11. The unit shall not establish orders for spousal support. The unit shall enforce orders for spousal support only if the spouse is the custodial parent of a child for whom the unit is also enforcing a child support or medical support order.

12. a. Comply with federal procedures to periodically certify to the secretary of the United States department of health and human services, a list of the names of obligors determined by the unit to owe delinquent support, under a support order as defined in section 252J.1, in excess of two thousand five hundred dollars. The certification of the delinquent amount owed may be based upon one or more support orders being enforced by the unit if the delinquent support owed exceeds two thousand five hundred dollars. The certification shall include any amounts which are delinquent pursuant to the periodic payment plan when a modified order has been retroactively applied. The certification shall be in a format and shall include any supporting documentation required by the secretary.

b. All of the following shall apply to an action initiated by the unit under this subsection:

(1) The obligor shall be sent a notice by regular mail in accordance with federal law and regulations and the notice shall remain in effect until support delinquencies have been paid in full. The notice shall include all of the following:

(c) Information regarding the procedures for challenging the certification by the unit.

(2) a. A challenge shall be based upon mistake of fact. For the purposes of this subsection, "mistake of fact" means a mistake in the identity of the obligor or a mistake in the amount of the delinquent child support owed if the amount did not exceed two thousand five hundred dollars on the date of the unit’s decision on the challenge.

(b) Upon timely receipt of the challenge, the unit shall review the certification for a mistake of fact, or refer the challenge for review to the child support agency in the state chosen by the obligor as provided by federal law.

(c) Following the unit’s review of the certification, the unit shall send a written decision to the obligor within ten days of timely receipt of the challenge.

(i) If the unit determines that a mistake of fact exists, the unit shall send notification in accordance with federal procedures withdrawing the certification for passport sanction.

(ii) If the unit determines that a mistake of fact does not exist, the obligor may contest the determination within ten days following the issuance of the decision by submitting a written request for a contested case proceeding pursuant to chapter 17A.

(3) Following issuance of a final decision under chapter 17A that no mistake of fact exists, the obligor may request a hearing before the district court pursuant to chapter 17A. The department shall transmit a copy of its record to the district court pursuant to chapter 17A. The scope of the review by the district court shall be limited to demonstration of a mistake of fact. Issues related to visitation, custody, or other provisions not related to the support provisions of a support order are not grounds for a hearing under this subsection.

c. Following certification to the secretary, if the unit determines that an obligor no longer owes delinquent support in excess of two thousand five hundred dollars, the unit shall provide information and notice as the secretary requires to withdraw the certification for passport sanction.

13. a. Beginning October 1, 2007, implement the provision of the federal Deficit Reduction Act of 2005, Pub. L. No. 109-171 § 7310, requiring an annual collections fee of twenty-five dollars in child support cases in which the family has never received assistance under Title IV-A of the federal Social Security Act for whom the unit has collected at least five hundred dollars. After the first five hundred dollars in support is collected in each year for a family, the fee shall be collected from the obligor by retaining twenty-five dollars from subsequent collections. If five hundred dollars but less than five hundred twenty-five dollars is collected in any year, any unpaid portion of the annual fee shall not accumulate and is not due. Any amount retained to pay the twenty-five dollar fee shall not reduce the amount of support due under the support order. The unit shall send information regarding the requirements of this subsection by regular mail to the last known address of an affected obligor or obligee, or may include the information for an obligee in an application for services signed by the obligor. In addition, the unit shall take steps necessary regarding the fee to qualify for federal funds in conformity with the provisions of Title IV-D of the federal Social Security Act, including receiving and accounting for fee payments, as appropriate, through the collection services center created in section 252B.13A.

b. Fees collected pursuant to this subsection shall be considered repayment receipts as defined in section 8.2, and shall be used for the purposes of the unit. The director shall maintain an accurate record of the fees collected and expended under this subsection.

c. If any requirement in paragraph “a” for implementation of the annual fee does not conform to federal law, the fee shall instead be implemented in conformance with federal law. Additionally, if federal law does not permit collection of the annual fee from the obligor as provided in paragraph “a”, the fee shall be collected from the obligee by retaining a twenty-five dollar fee from support paid by the obligor.

(6) If a parent or putative father fails to comply with a subpoena or request for information, the provisions of chapter 252J shall apply.

(7) The unit may adopt rules pursuant to chapter 17A to implement this section.

g. Notwithstanding any provisions of law making this information confidential, the unit or a child support agency shall have access to records and information held by financial institutions with respect to individuals who owe or are owed support, or with respect to whom a support obligation is sought including information on assets and liabilities. If the records are maintained in automated databases, the unit shall be provided with automated access. For the purposes of this section, “financial institution” means financial institution as defined in section 252I.1.

h. Notwithstanding any law to the contrary, the unit and a child support agency shall have access to any data maintained by the state of Iowa which contains information that would aid the agency in locating individuals. Such information shall include, but is not limited to, driver’s license, motor vehicle, and criminal justice information. However, the information does not include criminal investigative reports or intelligence files maintained by law enforcement. The unit and child support agency shall use or disclose the information obtained pursuant to this paragraph only in accordance with subsection 3. Criminal history records maintained by the department of public safety shall be disclosed in accordance with chapter 692. The unit shall also have access to the protective order file maintained by the department of public safety.

i. Liability shall not arise under this subsection with respect to any disclosure by a person as required by this subsection, and no advance notice from the unit or a child support agency is required prior to requesting information or assistance or issuing a subpoena under this subsection.

j. Notwithstanding any provision of law making this information confidential, data provided to the department by an insurance carrier under section 505.25 shall also be provided to the unit. Provision of data to the unit under this paragraph shall not require an agreement or modification of an agreement between the department and an insurance carrier, but the provisions of this section applicable to information received by the unit shall apply to the data received pursuant to section 505.25 in lieu of any confidentiality, privacy, disclosure, use, or other provisions of an agreement between the department and an insurance carrier.
2. Notwithstanding other statutory provisions to the contrary, including but not limited to chapters 22 and 217, as the chapters relate to confidentiality of records maintained by the department, the payment records of the collection services center maintained under section 252B.13A are public records only as follows:
   a. Payment records of the collection services center which are maintained pursuant to chapter 598 are public records and may be released upon request. Payment records of the clerk of the district court, to which the department has access to meet the requirements of a state disbursement unit, are also public records and may be released upon request. A payment record shall not include address or location information.
   b. Except as otherwise provided in subsection 1, the department shall not release details related to payment records or provide alternative formats for release of the information, with the following additional exceptions:
      (1) The unit or collection services center may provide additional detail or present the information in an alternative format to an individual or to the individual’s legal representative if the individual owes or is owed a support obligation, to an agency assigned the obligation as the result of receipt of the information, with the following additional exceptions:
      a. The attorney general may utilize the information to secure, modify, or enforce a support obligation of an individual.
      b. This subsection shall not permit or require the release of information, except to the extent provided in this section.
      c. The unit may release or disclose information as necessary to provide services under section 252B.5, as provided by chapter 252G, as provided by Title IV-D of the federal Social Security Act for parent locator services.

5. Information may be released to courts having jurisdiction in support proceedings. If a court issues an order, which is not entered under section 252B.9A, directing the unit to disclose confidential information, the unit may file a motion to quash pursuant to this chapter, Title IV-D of the federal Social Security Act, or other applicable law.

6. The child support recovery unit shall release information relating to an absent parent to another unit of the department pursuant to a written request for the information approved by the director or the director’s designee.

i. For purposes of this subsection, “party” means an absent parent, obligor, resident parent, or other necessary party.

j. If the unit receives notification under this paragraph, the unit shall notify the federal parent locator service as required by federal law that there is reasonable evidence of domestic violence or child abuse against a party or a child and that the disclosure of information could be harmful to the party or the child. The notification to the federal parent locator service shall be known as notification of a disclosure risk indicator. For purposes of this paragraph, the unit shall notify the federal parent locator service of a disclosure risk indicator only if at least one of the following applies:

1. The unit receives notification that the department, or comparable agency of another state, has made a finding of good cause or other exception as provided in section 252B.3, or comparable law of another state.

6. The unit receives notification that an individual has an exemption from cooperation with child support enforcement under a family investment program safety plan which addresses family or domestic violence.

7. The unit receives notification, as the result of a request under section 252B.9A, of the existence of any finding, order, safety plan, or founded allegation referred to in subparagraphs (1) through (6) of this paragraph.

j. The unit may provide information regarding delinquent obligors as provided in 42 U.S.C. § 666(a)(7) to a consumer reporting agency if all the following apply:

1. The agency provides the unit with satisfactory evidence that it is a consumer reporting agency as defined in 15 U.S.C. § 1681a(f) and meets all the following requirements:

   b. Participates jointly with other nationwide consumer reporting agencies in providing annual free credit reports to consumers upon request through a centralized source as required by the federal trade commission in 16 C.F.R. § 610.2.

   c. The agency has entered into an agreement with the unit regarding receipt and use of the information.

ing to the reason why the requester is an authorized person under 42 U.S.C. § 653, including that the requester would use the confidential information only for purposes permitted in that section.

2. Upon receipt of a request from an authorized person which meets all of the requirements under subsection 1, the unit shall search available records as permitted by law or shall request the information from the federal parent locator service as provided in 42 U.S.C. § 653.

a. If the unit locates the specified confidential information, the unit shall disclose the information to the extent permitted under federal law, unless one of the following applies:

   (2) The unit has notified the federal parent locator service of a disclosure risk indicator as provided in section 252B.9, subsection 3, paragraph "i", and has not removed that notification.

   (3) The unit receives notice of a basis for a disclosure risk indicator listed in section 252B.9, subsection 3, paragraph "i", within twenty days of sending a notice of the request to the subject of the request by regular mail.

b. If the unit locates the specified confidential information, but the unit is prohibited from disclosing confidential information under paragraph "a", the unit shall deny the request and notify the requester of the denial in writing. Upon receipt of a written notice from the unit denying the request, the requester may file a petition in district court for an order directing the unit to release the requested information to the court as provided in subsection 3.

3. A person may file a petition in district court for disclosure of specified confidential information. The petition shall request that the court direct the unit to release specified confidential information to the court, that the court make a determination of harm if appropriate, and that the court release specified confidential information to the petitioner.

a. The petition shall include a sworn statement attesting to the intended use of the information by the petitioner as allowed by federal law. Such statement may specify any of the following intended uses:

   (1) To establish parentage, or to establish, set the amount of, modify, or enforce a child support obligation.

   (2) To make or enforce a child custody or visitation determination or order.

   (3) To carry out the duty or authority of the petitioner to investigate, enforce, or bring a prosecution with respect to the unlawful taking or restraint of a child.

b. Upon the filing of a petition, the court shall enter an order directing the unit to release to the court within thirty days specified confidential information which the unit would be permitted to release under 42 U.S.C. § 653 and 42 U.S.C. § 663, unless one of the following applies:

   (1) There is a notice from the federal parent locator service that there is reasonable evidence of domestic violence or child abuse pursuant to 42 U.S.C. § 653(b)(2).

   (2) The unit has notified the federal parent locator service of a disclosure risk indicator as provided in section 252B.9, subsection 3, paragraph "i", and has not removed that notification.

   (3) The unit receives notice of a basis for a disclosure risk indicator listed in section 252B.9, subsection 3, paragraph "i", within twenty days of sending notice of the order to the subject of the request by regular mail. The unit shall include in the notice to the subject of the request a copy of the court order issued under this paragraph.

c. Upon receipt of the order, the unit shall comply as follows:

   (1) If the unit has the specified confidential information, and none of the domestic violence, child abuse, or disclosure risk indicator provisions of paragraph "b" applies, the unit shall file the confidential information with the court along with a statement that the unit has not received any notice that the domestic violence, child abuse, or disclosure risk indicator provisions of paragraph "b" apply. The unit shall be granted at least thirty days to respond to the order. The court may extend the time for the unit to comply. Upon receipt by the court of the confidential information under this subparagraph, the court may order the release of the information to the petitioner.

   (2) If the unit has the specified confidential information, and the domestic violence, child abuse, or disclosure risk indicator provision of paragraph “b” applies, the unit shall file with the court a statement that the domestic violence, child abuse, or disclosure risk indicator provision of paragraph “b” applies, along with any information the unit has received related to the domestic violence, child abuse, or disclosure risk indicator. The unit shall be granted at least thirty days to respond to the order. The court may extend the time for the unit to comply. Upon receipt by the court of information from the unit under this subparagraph, the court shall make a finding whether disclosure of confidential information to any other person could be harmful to the nonrequesting party or child. In making the finding, the court shall consider any relevant information provided by the parent or child, any information provided by the unit or by a child support agency, any information provided by the petitioner, and any other relevant evidence. The unit or unit’s attorney does not represent any individual person in this proceeding:

      (a) If the court finds that disclosure of confi-
dentilation information to any other person could be harmful to the nonrequesting party or child, the court shall dismiss the petition for disclosure and notify the unit to notify the federal parent locator service of a disclosure risk indicator.

(b) If the court does not find that disclosure of specified confidential information to any other person could be harmful to the nonrequesting party or child, the court shall notify the unit to file the specified confidential information with the court. Upon receipt by the court of the specified confidential information, the court may release the information to the petitioner and inform the unit to remove the disclosure risk indicator.

(3) If the unit does not have the specified confidential information and cannot obtain the information from the federal parent locator service, the unit shall comply with the order by notifying the court of the lack of information.

4. The confidential information which may be released by the unit to a party under subsection 2, or by the unit to the court under subsection 3, shall be limited by the federal Social Security Act and other applicable federal law, and the unit may use the sworn statement filed pursuant to subsection 1 or 3 in applying federal law. Any information filed with the court by the unit, when certified over the signature of a designated employee, shall be considered to be satisfactorily identified and shall be admitted as evidence, without requiring third-party foundation testimony. Additional proof of the official character of the person certifying the document or the authenticity of the person’s signature shall not be required.

5. When making a request for confidential information under this section, a party or petitioner shall indicate the specific information requested.

6. For purposes of this section, “party” means party as defined in section 252B.9, subsection 3.

7. The unit may adopt rules pursuant to chapter 17A to prescribe provisions in addition to or in lieu of the provisions of this section to comply with federal requirements for parent locator service or the safeguarding of information.

The unit may initiate necessary civil proceedings to recover the unit’s costs of support collection services provided to an individual, whether or not the individual is a public assistance recipient, from an individual who owes and is able to pay a support obligation but willfully fails to pay the obligation. The unit may seek a lump sum recovery of the unit’s costs or may seek to recover the unit’s costs through periodic payments which are in addition to periodic support payments. If the unit’s costs are recovered from an individual owing a support obligation, the costs shall not be deducted from the amount of support money received from the individual. The costs collected pursuant to this section shall be retained by the department for use by the unit. The director or a designee shall keep an accurate record of funds so retained.

For purposes of this section, support payments do not include attorney fees, court costs, or property settlements. The center may also receive and disburse surcharges as provided in section 252B.23.

2. a. The collection services center shall meet the requirements for a state disbursement unit pursuant to 42 U.S.C. § 654B, section 252B.14, and this section by October 1, 1999.

b. Prior to October 1, 1999, the department and the judicial branch shall enter into a cooperative agreement for implementation of the state disbursement unit requirement. The agreement shall include, but is not limited to, provisions for all of the following:

2. For support orders being enforced by the child support recovery unit, support payments made pursuant to the order shall be directed to and disbursed by the collection services center.

3. With the exception of support payments to which subsection 2 or 4 applies, support payments made pursuant to an order shall be directed to and disbursed by the clerk of the district court in the county in which the order for support is filed. The clerk of the district court may require the obligor to submit payments by bank draft or money order if the obligor submits an insufficient funds support payment to the clerk of the district court.

4. By October 1, 1999, for a support order to which subsection 2 does not apply, regardless of the terms of the support order directing or redirecting the place of payment, support payments made through income withholding by a payor of income as provided in chapter 252D shall be directed to and disbursed by the collection services center.

5. The judicial branch and the department shall develop and implement a plan to notify payors of income of this requirement and the effective date of the requirement applicable to the respective payor of income.

6. If the collection services center is receiving and disbursing payments pursuant to a support order, but the unit is not providing other services under Title IV-D of the federal Social Security Act, or if the order is not being enforced by the unit, the parties to that order are not considered to be receiving services under this chapter.

The clerk of the district court shall forward any support payment made pursuant to the order, along with any support payment information, to the collection services center. Unless the agreement developed pursuant to section 252B.13A otherwise provides, by October 1, 1999, the clerk of the district court shall forward any support payment made and any support payment information provided through income withholding pursuant to chapter 252D, to the collection services center. The collection services center shall process and disburse the payment in accordance with federal requirements.

2. Unless otherwise provided under federal law, if it is possible to identify the support order to which a payment is to be applied and if sufficient information is provided to identify the obligee, a payment received by the collection services center or the clerk of the district court shall be disbursed to the appropriate individual or office within two working days in accordance with section 598.22.

3. Chapter 556 shall not apply to payments received by the collection services center.

252B.16 Transfer of support order processing responsibilities — ongoing procedures.

1. For a support order being processed by the clerk of the district court, upon notification that the unit is providing enforcement services related to the order, the clerk of the district court shall immediately transfer the responsibility for the disbursement of support payments received pursuant to the order to the collection services center.

2. The department shall adopt rules pursuant to chapter 17A to ensure that the affected parties are notified that the support payment disbursement responsibilities have been transferred to the collection services center from the clerk of the district court. The rules shall include a provision requiring that a notice shall be sent by regular mail to the last known addresses of the obligee and the obligor. The issuance of notice to the obligor is the equivalent of a court order requiring the obligor to direct payment to the collection services center for disbursement.
§252B.16, CHILD SUPPORT RECOVERY

3. Once the responsibility for receiving and disbursing support payments has been transferred from a clerk of the district court to the collection services center, the responsibility shall remain with the collection services center even if the child support recovery unit is no longer providing enforcement services, unless redirected by court order. However, the responsibility for receiving and disbursing income withholding payments shall not be redirected to a clerk of the district court.

252B.17 Admissibility and identification of support payment records.

Copies of support payment records maintained by the collection services center, when certified over the signature of a designated employee of the center, shall be considered to be satisfactorily identified and shall be admitted in any proceeding as prima facie evidence of the transactions. Additional proof of the official character of the person certifying the record or the authenticity of the person’s signature shall not be required. Whenever an employee of the collection services center is served with a summons, subpoena, subpoena duces tecum, or order directing that person to produce such records, the employee may comply by transmitting a copy of the payment records certified as described above to the clerk of the district court.

1. If the unit, in the regular course of business or activity, has recorded or received any memorandum, writing, entry, print, document, representation, or combination thereof, of any act, transaction, occurrence, event, or communication from any source, and in the regular course of business has caused any or all of the same to be recorded, copied, or reproduced by any photographic, photostatic, microfilm, microcard, miniature photographic, electronic imaging, electronic data processing, or other process which accurately reproduces or forms a durable medium for accurately and legibly reproducing an unaltered image or reproduction of the original, the original may be destroyed. Such reproduction, when satisfactorily identified, is as admissible in evidence as the original itself in any judicial or administrative proceeding whether the original is in existence or not and an enlargement or facsimile of such reproduction is likewise admissible in evidence if the original recording, copy, or reproduction is in existence and available for inspection. The introduction of a reproduced record, enlargement, or facsimile, does not preclude admission of the original.

2. The electronically imaged, copied, or otherwise reproduced record or document maintained or received by the unit, when certified over the signature of a designated employee of the unit, shall be considered to be satisfactorily identified. Certified documents are deemed to have been imaged or copied or otherwise reproduced accurately and unaltered in the regular course of business, and such documents are admissible in any judicial or administrative proceeding as evidence. Additional proof of the official character of the person certifying the record or authenticity of the person’s signature shall not be required. Whenever the unit or an employee of the unit is served with a summons, subpoena, subpoena duces tecum, or order directing production of such records, the unit or employee may comply by transmitting a copy of the record certified as described above to the district court.

2639 CHILD SUPPORT RECOVERY, §252B.20

252B.19 Reserved.

252B.20 Suspension of support.
1. If the unit is providing child support enforcement services pursuant to this chapter, the parents of a dependent child for whom support has been ordered pursuant to chapter 252A, 252C, 252F, 598, 600B, or any other chapter, may jointly request the assistance of the unit in suspending the obligation for support if all of the following conditions exist:
a. The parents have reconciled and are cohabiting, and the child for whom support is ordered is living in the same residence as the parents, or the child is currently residing with the parent who is ordered to pay support. If the basis for suspension under this paragraph applies to at least one but not all of the children for whom support is ordered, the condition of this paragraph is met only if the support order includes a step change.
b. The child for whom support is ordered is not receiving public assistance pursuant to chapter 239B, 249A, or a comparable law of a foreign jurisdiction, unless the person against whom support is ordered is considered to be a member of the same household as the child for the purposes of public assistance eligibility.
c. The parents have signed a notarized affidavit attesting to the conditions under paragraphs “a” and “b”, have consented to suspension of the support order or obligation, and have submitted the affidavit to the unit.
d. No prior request for suspension has been filed with the unit during the two-year period preceding the request, unless the request was filed during the two-year period preceding July 1, 2005, the unit denied the request because the suspension did not apply to all children for whom support is ordered, and the parents jointly file a request on or after July 1, 2005.
e. Any other criteria established by rule of the department.
2. Upon receipt of the application for suspension and properly executed and notarized affidavit, the unit shall review the application and affidavit to determine that the necessary criteria have been met. The unit shall then do one of the following:
a. Deny the request and notify the parents in writing that the application is being denied, providing reasons for the denial and notifying the parents of the right to proceed through private counsel. Denial of the application is not subject to contested case proceedings or further review pursuant to chapter 17A.
b. Approve the request and prepare an order which shall be submitted, along with the affidavit, to a judge of a district court for approval, suspending the accruing support obligation and, if requested by the obligee, and if not prohibited by chapter 252K, satisfying the obligation of support due the obligee. If the basis for suspension applies to at least one but not all of the children for whom support is ordered and the support order includes a step change, the unit shall prepare an order suspending the accruing support obligation for each child to whom the basis for suspension applies.
3. An order approved by the court for suspension of an accruing support obligation is effective upon the date of filing of the suspension order. The satisfaction of an obligation of support due the obligee shall be final upon the filing of the suspension order. A support obligation which is satisfied is not subject to the reinstatement provisions of this section.
4. An order suspending an accruing support obligation entered by the court pursuant to this section shall be considered a temporary order for the period of six months from the date of filing of the suspension order. However, the six-month period shall not include any time during which an application for reinstatement is pending before the court.
5. During the six-month period the unit may request that the court reinstate the accruing support order or obligation if any of the following conditions exist:
a. Upon application to the unit by either parent or other person who has physical custody of the child.
b. Upon the receipt of public assistance benefits, pursuant to chapter 239B, 249A, or a comparable law of a foreign jurisdiction, by the person entitled to receive support and the child on whose behalf support is paid, provided that the person owing the support is not considered to be a member of the same household as the child for the purposes of public assistance eligibility.
6. If a condition under subsection 5 exists, the unit may request that the court reinstate an accruing support obligation as follows:
§252B.20, CHILD SUPPORT RECOVERY

a. If the basis for the suspension no longer applies to any of the children for whom an accruing support obligation was suspended, the unit shall request that the court reinstate the accruing support obligations for all of the children.

b. If the basis for the suspension continues to apply to at least one but not all of the children for whom an accruing support obligation was suspended and if the support order includes a step change, the unit shall request that the court reinstate the accruing support obligation for each child for whom the basis for the suspension no longer applies.

7. Upon filing of an application for reinstatement, service of the application shall be made either in person or by first class mail upon both parents. Within ten days following the date of service, the parents may file a written objection with the clerk of the district court to the entry of an order for reinstatement.

a. If no objection is filed, the court may enter an order reinstating the accruing support obligation without additional notice.

b. If an objection is filed, the clerk of court shall set the matter for hearing and send notice of the hearing to both parents and the unit.

8. The reinstatement is effective as follows:

a. For reinstatements initiated under subsection 5, paragraph “a”, the date the notices were served on both parents pursuant to subsection 7.

b. For reinstatements initiated under subsection 5, paragraph “b”, the date the child began receiving public assistance benefits during the suspension of the obligation.

c. Support which became due during the period of suspension but prior to the reinstatement is waived and not due and owing unless the parties requested and agreed to the suspension under false pretenses.

9. If the order suspending a support obligation has been on file with the court for a period exceeding six months as computed pursuant to subsection 4, the order becomes final by operation of law and terminates the support obligation, and thereafter, a party seeking to establish a support obligation against either party shall bring a new action for support as provided by law.

10. This section shall not limit the rights of the parents or the unit to proceed by other means to suspend, terminate, modify, reinstate, or establish support.

11. This section does not provide for the suspension or retroactive modification of support obligations which accrued prior to the entry of an order suspending enforcement and collection of support pursuant to this section. However, if in the application for suspension, an obligee elects to satisfy an obligation of accrued support due the obligee, the suspension order may satisfy the obligation of accrued support due the obligee.

12. Nothing in this section shall prohibit or limit the unit or a party entitled to receive support from enforcing and collecting any unpaid or unsatisfied support that was accrued prior to the suspension of the accruing obligation.

13. For the purposes of chapter 252H regarding the criteria for a review under subchapter II of that chapter or for a cost-of-living alteration under subchapter IV of that chapter, if a support obligation is terminated or reinstated under this section, such termination or reinstatement shall not be considered a modification of the support order.

14. As used in this section, unless the context otherwise requires, “step change” means a change designated in a support order specifying the amount of the child support obligation as the number of children entitled to support under the order changes.

252B.21 Administrative seek employment orders.

1. For any support order being enforced by the unit, the unit may enter an ex parte order requiring the obligor to seek employment if employment of the obligor cannot be verified and if the obligor has failed to make support payments. Advance notice is not required prior to entering the ex parte order. The order shall be served upon the obligor by regular mail, with proof of service completed as provided in rule of civil procedure 1.442. The unit shall file a copy of the order with the clerk of the district court.

2. The order to seek employment shall contain directives, including all of the following:

a. That the obligor seek employment within a determinate amount of time.

b. That the obligor file with the unit on a weekly basis a report of at least five new attempts to find employment or of having found employment. The report shall include the names, addresses, and telephone numbers of any employers or businesses with whom the obligor attempted to seek employment and the name of the individual contact to whom the obligor made application for employment or to whom an inquiry was directed.

c. That failure to comply with the notice is evidence of a willful failure to pay support under section 598.23A.

d. That the obligor shall provide the child support recovery unit with verification of any reason for noncompliance with the order.

e. The duration of the order, not to exceed three months.

3. The department may establish additional criteria or requirements relating to seek employment orders by rule as necessary to implement this section.

252B.23 Surcharge.

1. A surcharge shall be due and payable by the obligor on a support arrearage identified as difficult to collect and referred by the unit on or after January 1, 1998, to a collection entity under contract with the unit or other state entity. The amount of the surcharge shall be a percent of the amount of the support arrearage referred to the collection entity and shall be specified in the contract with the collection entity. For the purpose of this chapter, a “collection entity” includes but is not limited to a state agency, including the central collection unit of the department of revenue, or a private collection agency. Use of a collection entity is in addition to any other legal means by which support payments may be collected. The unit shall continue to use other enforcement actions, as appropriate.

2. a. Notice that a surcharge may be assessed on a support arrearage referred to a collection entity pursuant to this section shall be provided to an obligor in accordance with one of the following as applicable:
   (1) In the order establishing or modifying the support obligation. The unit or district court shall include notice in any new or modified support order issued on or after July 1, 1997.
   (2) Through notice sent by the unit by regular mail to the last known address of the support obligor.
   b. The notice shall also advise that any appropriate information may be provided to a collection entity for purposes of administering and enforcing the surcharge.

3. Arrearages submitted for referral and surcharge pursuant to this section shall meet all of the following criteria:
   a. The arrearages owed shall be based on a court or administrative order which establishes the support obligation.
   b. The arrearage is due for a case in which the unit is providing services pursuant to this chapter and one for which the arrearage has been identified as difficult to collect by the unit.
   c. The obligor was provided notice pursuant to subsection 2 at least fifteen days prior to sending the notice of referral pursuant to subsection 4.
   d. The unit shall send notice of referral to the obligor by regular mail to the obligor’s last known address, with proof of service completed according to rule of civil procedure 1.442, at least thirty days prior to the date the arrearage is referred to the collection entity. The notice shall inform the obligor of all of the following:
      a. The arrearage will be referred to a collection entity.
      b. Upon referral, a surcharge is due and payable by the obligor.
      c. The amount of the surcharge.
      d. That the obligor may avoid referral by paying the amount of the arrearage to the collection services center within twenty days of the date of notice of referral.
      e. That the obligor may contest the referral by submitting a written request for review of the unit. The request shall be received by the unit within twenty days of the date of notice of referral.
      f. The right to contest the referral is limited to a mistake of fact, which includes a mistake in the identity of the obligor, a mistake as to fulfillment of the requirements for referral under this subsection, or a mistake in the amount of the arrearages.
      g. The unit shall issue a written decision following a requested review.
      h. Following the issuance of a written decision by the unit denying that a mistake of fact exists, the obligor may request a hearing to challenge the surcharge by sending a written request for a hearing to the office of the unit which issued the decision. The request shall be received by the office of the unit which issued the decision within ten days of the unit’s written decision. The only grounds for a hearing shall be mistake of fact. Following receipt of the written request, the unit which re-
ceives the request shall certify the matter for hearing in the district court in the county in which the underlying support order is filed.

i. The address of the collection services center for payment of the arrearages.

5. If the obligor pays the amount of arrearage within twenty days of the date of the notice of referral, referral of the arrearage to a collection entity shall not be made.

6. If the obligor requests a review or court hearing pursuant to this section, referral of the arrearages shall be stayed pending the decision of the unit or the court.

7. Actions of the unit under this section shall not be subject to contested case proceedings or further review pursuant to chapter 17A and any resulting court hearing shall be an original hearing before the district court. However, the department shall establish, by rule pursuant to chapter 17A, an internal process to provide an additional review by the administrator of the child support recovery unit or the administrator’s designee.

8. If an obligor does not pay the amount of the arrearage, does not contest the referral, or if following the unit’s review and any court hearing the unit or court does not find a mistake of fact, the arrearages shall be referred to a collection entity. Following the review or hearing, if the unit or court finds a mistake in the amount of the arrearage, the arrearages shall be referred to the collection entity in the appropriate arrearage amount.

For arrearages referred to a collection entity, the obligor shall pay a surcharge equal to a percent of the amount of the support arrearage due as of the date of the referral. The surcharge is in addition to the arrearages and any other fees or charges owed, and shall be enforced by the collection entity as provided under section 252B.5. Upon referral to the collection entity, the surcharge is an automatic judgment against the obligor.

9. The director or the director’s designee may file a notice of the surcharge with the clerk of the district court in the county in which the underlying support order is filed. Upon filing, the clerk shall enter the amount of the surcharge on the lien index and judgment docket.

10. Following referral of a support arrearage to a collection entity, the surcharge shall be due and owing and enforceable by a collection entity or the unit notwithstanding satisfaction of the support obligation or whether the collection entity is enforcing a support arrearage. However, the unit may waive payment of all or a portion of the surcharge if waiver will facilitate the collection of the support arrearage.

11. All surcharge payments shall be received and disbursed by the collection services center. The surcharge payments received by the collection services center shall be considered repayment receipts as defined in section 8.2 and shall be used to pay the costs of any contracts with a collection entity.

12. a. A payment received by the collection services center which meets all of the following conditions shall be allocated as specified in paragraph “b”:

(1) The payment is for a case in which arrearages have been referred to a collection entity.

(2) A surcharge is assessed on the arrearages.

(3) The payment is collected under the provisions of the contract with the collection entity.

b. A payment meeting all of the conditions in paragraph “a” shall be allocated between support and costs and fees, and the surcharge according to the following formula:

(1) The payment shall be divided by the sum of one hundred percent plus the percent specified in the contract.

(2) The quotient shall be the amount allocated to the support arrearage and other fees and costs.

(3) The difference between the dividend and the quotient shall be the amount allocated to the surcharge.

13. Any computer or software programs developed and any records used in relation to a contract with a collection entity remain the property of the department.

252B.24 State case registry.

1. Beginning October 1, 1998, the unit shall operate a state case registry to the extent determined by applicable time frames and other provisions of 42 U.S.C. § 654A(e) and this section. The unit and the judicial branch shall enter into a cooperative agreement for the establishment and operation of the registry by the unit. The state case registry shall include records with respect to all of the following:

a. Unless prohibited by federal law, each case for which services are provided under this chapter.

b. Each order for support, as defined in section 252D.16 or 598.1, which meets at least one of the following criteria:

(1) The support order is established or modified in this state on or after October 1, 1998.

(2) The income of the obligor is subject to income withholding under chapter 252D, including any support order for which the district court enters an ex parte order under chapter 252D on or after October 1, 1998.

2. The clerk of the district court shall provide the unit with any information, orders, or documents requested by the unit to establish or operate the state case registry, which are specified in the agreement described in subsection 1, within the time frames specified in that agreement. The agreement shall include but is not limited to provisions to provide for all of the following:

a. Provision to the unit of information, orders, and documents necessary for the unit to meet requirements described in 42 U.S.C. § 654A(e) and this section.
b. Provision to the unit of information filed with the clerk of the district court by a party under section 598.22B, and the social security number of a child filed with the clerk of the district court under section 602.6111.

c. Use of automation, as appropriate, to meet the requirements described in 42 U.S.C. § 654A(e) and this section.

3. The records of the state case registry are confidential records pursuant to chapter 22 and may only be disclosed or used as provided in section 252B.9.

98 Acts, ch 1047, §68; 98 Acts, ch 1170, §15

252B.25 Contempt — combining actions.

Notwithstanding any provision of law to the contrary, if an obligor has been ordered to provide support in more than one order, the unit may bring a single action for contempt to enforce the multiple orders. However, if the obligor objects to the consolidation of the actions regarding multiple orders into a single action for contempt, and the court determines that severance of the single action into multiple actions is in the interest of justice, the unit shall bring multiple actions for contempt to enforce the multiple orders. If the single action is brought and the obligor does not object, the unit shall file the action in the district court of a county where the obligor resides, or if the obligor does not reside in the state, in the district court of the county where at least one of the support orders was entered or registered. For the purposes of this section, the district court where the unit files the action shall have jurisdiction and authority over all other support orders for the obligor entered or registered by a court of this state and affected under this section. In such case, the unit shall also file a document with the clerk of court in each county affected specifying the county where the action under this section was filed and the disposition of the action.

252B.26 Service of process.

Notwithstanding any provision of law to the contrary, the unit may serve a petition, notice, or rule to show cause under chapter 252A, 252C, 252F, 252H, 252K, 598, or 665 as specified in each chapter, or as follows:

1. The unit may serve a petition, notice, or rule to show cause by certified mail. Return acknowledgment is required to prove service by certified mail, rules of civil procedure 1.303(5) and 1.308(5) shall not apply, and the return acknowledgment shall be filed with the clerk of court.

2. The unit may serve a notice of intent under chapter 252H, or a notice of decision under section 252H.14A, upon any party or parent who is receiving family investment program assistance for the parent or child by sending the notice by regular mail to the address maintained by the department. Rules of civil procedure 1.303(5) and 1.308(5) shall not apply and the unit shall file proof of service as provided in chapter 252H. If the notice is determined to be undeliverable, the unit shall serve the notice as otherwise provided in this section or by personal service.

252B.27 Use of funding for additional positions.

1. The director, within the limitations of the amount appropriated for the unit, or moneys transferred for this purpose from the family investment program account created in section 239B.11, may establish new positions and add employees to the unit if the director determines that both the current and additional employees together can reasonably be expected to maintain or increase net state revenue at or beyond the budgeted level for the fiscal year.

2. a. The director may establish new positions and add state employees to the unit or contract for delivery of services if the director determines that the employees are necessary to replace county-funded positions eliminated due to termination, reduction, or nonrenewal of a chapter 28E contract. However, the director must also determine that the resulting increase in the state share of child support recovery incentives exceeds the cost of the positions or contract, the positions or contract are necessary to ensure continued federal funding of the unit, or the new positions or contract can reasonably be expected to recover at least twice the amount of money necessary to pay the salaries and support for the new positions or the contract will generate at least two hundred percent of the cost of the contract.

b. Employees in full-time positions that transition from county government to state government employment under this subsection are exempt from testing, selection, and appointment provisions of chapter 8A, subchapter IV, and from the provisions of collective bargaining agreements* relating to the filling of vacant positions.

CHAPTER 252C

CHILD SUPPORT DEBTS — ADMINISTRATIVE PROCEDURES

252C.1 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Administrator” means the administrator of the child support recovery unit of the department of human services, or the administrator’s designee.
2. “Caretaker” means a parent, relative, guardian, or another person who is responsible for paying foster care costs pursuant to chapter 234 or whose needs are included in an assistance payment made pursuant to chapter 239B.
3. “Court order” means a judgment or order of a court of this state or another state requiring the payment of a set or determinable amount of monetary support. For orders entered on or after July 1, 1990, unless the court specifically orders otherwise, medical support, as defined in section 252E.1, is not included in the amount of monetary support.
4. “Department” means the department of human services.
5. “Dependent child” means a person who meets the eligibility criteria established in chapter 234 or 239B and whose support is required by chapter 234, 239B, 252A, 252F, 598, or 600B.
6. “Medical support” means either the provision of coverage under a health benefit plan, including a group or employment-related or an individual health benefit plan, or a health benefit plan provided pursuant to chapter 514E, to meet the medical needs of a dependent and the cost of any premium required by a health benefit plan, or the payment to the obligee of a monetary amount in lieu of providing coverage under a health benefit plan, either of which is an obligation separate from any monetary amount of child support ordered to be paid.
7. “Public assistance” means foster care costs paid by the department pursuant to chapter 234 or assistance provided pursuant to chapter 239B.
8. “Responsible person” means a parent, relative, guardian, or another person legally liable for the support of a child or a child’s caretaker.

CHAPTER 252C

CHILD SUPPORT DEBTS — ADMINISTRATIVE PROCEDURES

252C.2 Assignment — creation of support debt — subrogation.
1. If public assistance is provided by the department to or on behalf of a dependent child or a dependent child’s caretaker, there is an assignment by operation of law to the department of any and all right in, title to, and interest in any support obligation, payment, and arrearages owed to or for the child or caretaker up to the amount of public assistance paid for or on behalf of the child or caretaker. Unless otherwise specified in the order, an equal and proportionate share of any child support awarded is presumed to be payable on behalf of each child subject to the order or judgment for purposes of an assignment under this section.
2. The payment of public assistance to or for the benefit of a dependent child or a dependent child’s caretaker creates a support debt due and owing to the department by the responsible person in an amount equal to the public assistance payment, except that the support debt is limited to the amount of a support obligation established by court order or by the administrator. The administrator may establish a support debt as to amounts accrued and accruing pursuant to section 598.21B. However, when establishing a support obligation against a responsible person, no debt shall be created for the period during which the responsible person is a recipient on the person’s own behalf of public assistance for the benefit of the dependent child or the dependent child’s caretaker, if any of the following conditions exist:
   a. The parents have reconciled and are cohab-
iting, and the child for whom support would otherwise be sought is living in the same residence as the parents.

b. The child is living with the parent from whom support would otherwise be sought.

3. The provision of child support collection or paternity determination services under chapter 252B to an individual, even though the individual is ineligible for public assistance, creates a support debt due and owing to the individual or the individual’s child or ward by the responsible person in the amount of a support obligation established by court order or by the administrator. The administrator may establish a support debt in favor of the individual or the individual’s child or ward and against the responsible person, both as to amounts accrued and accruing, pursuant to section 598.21B.

4. The payment of medical assistance pursuant to chapter 249A for the benefit of a dependent child or a dependent child’s caretaker creates a support debt due and owing to the department. The administrator may establish an order for medical support.

5. The department is subrogated to the rights of a dependent child or a dependent child’s caretaker to bring a court action or to execute an administrative remedy for the collection of support. The administrator may petition an appropriate court for modification of a court order on the same grounds as a party to the court order can petition the court for modification.

§252C.3 Notice of support debt — failure to respond — hearing — order.

1. The administrator may issue a notice stating the intent to secure an order for either payment of medical support established as defined in chapter 252E or payment of an accrued or accruing support debt due and owed to the department or an individual under section 252C.2, or both. The notice shall be served upon the responsible person in accordance with the rules of civil procedure. The notice shall include all of the following:

a. A statement that the support obligation will be set pursuant to the child support guidelines established pursuant to section 598.21B, and the criteria established pursuant to section 252B.7A, and that the responsible person is required to provide medical support in accordance with chapter 252E.

b. The name of a public assistance recipient and the name of the dependent child or caretaker for whom the public assistance is paid.

(2) A statement that if a negotiation conference is requested, then the responsible person shall have ten days from the date set for the negotiation conference or thirty days from the date of service of the original notice, whichever is later, to send a request for a hearing to the office of the child support recovery unit which issued the notice.

(3) A statement that after the holding of the negotiation conference, the administrator may issue a new notice and finding of financial responsibility for child support or medical support, or both, to be sent to the responsible person by regular mail addressed to the responsible person’s last known address, or if applicable, to the last known address of the responsible person’s attorney.

(4) A statement that if the administrator issues a new notice and finding of financial responsibility for child support or medical support, or both, then the responsible person shall have thirty days from the date of issuance of the new notice to send a request for a hearing to the office of the child support recovery unit which issued the notice. If the administrator does not issue a new notice and finding of financial responsibility for child support or medical support, or both, the responsible party shall have ten days from the date of issuance of the notice to send a request for a hearing to the office of the child support recovery unit which issued the notice.

d. A statement that if the responsible person objects to all or any part of the notice or finding of financial responsibility for child support or medical support, or both, and a negotiation conference is not requested, the responsible person shall, within thirty days of the date of service send to the office of the child support recovery unit which issued the notice a written response setting forth any objections and requesting a hearing.

e. A statement that if a timely written request for a hearing is received by the office of the child support recovery unit which issued the notice, the responsible person shall have the right to a hearing to be held in district court; and that if no timely written response is received, the administrator may enter an order in accordance with the notice and finding of financial responsibility for child support or medical support, or both.

f. A statement that, as soon as the order is entered, the property of the responsible person is subject to collection action, including but not limited to wage withholding, garnishment, attachment of a lien, and execution.

g. A statement that the responsible person shall notify the administrator of any change of address, employment, or medical coverage as required by chapter 252E.

h. A statement that if the responsible person
§252C.3, CHILD SUPPORT DEBTS — ADMINISTRATIVE PROCEDURES 2646

has any questions, the responsible person should telephone or visit an office of the child support recovery unit or consult an attorney.

1. Such other information as the administrator finds appropriate.

2. The time limitations for requesting a hearing in subsection 1 may be extended by the administrator.

3. If a timely written response setting forth objections and requesting a hearing is received by the appropriate office of the child support recovery unit, a hearing shall be held in district court.

4. If timely written response and request for hearing is not received by the appropriate office of the child support recovery unit, the administrator may enter an order in accordance with the notice, and shall specify all of the following:
   a. The amount of monthly support to be paid, with directions as to the manner of payment.
   b. The amount of the support debt accrued and accruing in favor of the department.
   c. The name of the custodial parent or agency having custody of the dependent child and the name and birth date of the dependent child for whom support is to be paid.
   d. That the property of the responsible person is subject to collection action, including but not limited to wage withholding, garnishment, attachment of a lien, and execution.
   e. The medical support required pursuant to chapter 598 and rules adopted pursuant to chapter 252E.

5. The responsible person shall be sent a copy of the order by regular mail addressed to the responsible person’s last known address, or if applicable, to the last known address of the responsible person’s attorney. The order is final, and action by the administrator to enforce and collect upon the person’s attorney. The order is final, and action by the administrator to enforce and collect upon the person’s attorney. The order is final, and action by the administrator to enforce and collect upon the person’s attorney. The order is final, and action by the administrator to enforce and collect upon the person’s attorney.

6. If timely written response setting forth objections and requesting a hearing is received by the appropriate office of the child support recovery unit, a hearing shall be held in district court.

7. The court shall establish the monthly child support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B, or medical support pursuant to chapter 252E, or both.

8. If a party fails to appear at the hearing, upon a showing of proper notice to that party, the court shall find that party in default and enter an appropriate order.

9. Actions initiated by the administrator under this chapter are not subject to chapter 17A and resulting court hearings following certification shall be an original hearing before the district court.

10. If a responsible person contests an action initiated under this chapter by denying paternity, the following shall apply, as necessary:
   a. (1) If the prior determination of paternity is based on an affidavit of paternity filed pursuant to section 522A.3A, or an administrative order entered pursuant to chapter 252F, or an order by the courts of this state, or by operation of law when the mother and established father are or were married to each other, the provisions of section 600B.41A are applicable.

   (2) If the court determines that the prior determination of paternity should not be overcome pursuant to section 600B.41A, and that the responsible person has a duty to provide support, the court shall enter an order establishing the monthly child support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B, or medical support pursuant to chapter 252E, or both.

252C.4 Certification to court — hearing — default.

1. A responsible person or the child support recovery unit may request a hearing regarding a determination of support. If a timely written request for a hearing is received, the administrator shall certify the matter to the district court as follows:
   a. If the child or children reside in Iowa, and the unit is seeking an accruing obligation, in the county in which the dependent child or children reside.
   b. If the child or children received public assis-
252C.5 Filing and docketing of financial responsibility order — order effective as district court decree.

1. A true copy of any order entered by the administrator pursuant to this chapter, along with a true copy of the return of service, if applicable, may be filed in the office of the clerk of the district court in the manner established pursuant to section 252C.4, subsection 1.

2. The administrator's order shall be presented, ex parte, to the district court for review and approval. Unless defects appear on the face of the order or on the attachments, the district court shall approve the order. The approved order shall have all the force, effect, and attributes of a docketed order or decree of the district court.

3. Upon filing, the clerk shall enter the order in the judgment docket.

4. If the responsible party appeals the order approved by the court under this section, and the court on appeal establishes an amount of support which is less than the amount of support established under the approved order, the court, in the order issued on appeal, shall reconcile the amounts due and shall provide that any amount which represents the unpaid difference between the amount under the approved order and the amount under the order of the court on appeal is satisfied.

252C.6 Interest on support debts.

Interest accrues on support debts at the rate provided in section 535.3 for court judgments. The administrator may collect the accrued interest but is not required to maintain interest balance accounts. The department may waive payment of the interest if the waiver will facilitate the collection of the support debt.

252C.7 Repealed by 97 Acts, ch 175, § 55.

252C.8 Temporary restraining order or bond.

If the administrator reasonably believes that the responsible person is not a resident of this state, is about to move from this state, or is concealing the responsible person's whereabouts, or that the responsible person has removed or is about to remove, secrete, waste, or otherwise dispose of property which could be made subject to collection procedures to satisfy the support debt, the administrator may petition the district court for a temporary restraining order barring the removal, secretion, waste, or disposal. However, if the responsible person furnishes a bond satisfactory to the court, the temporary restraining order shall be vacated.

252C.9 Repealed by 93 Acts, ch 79, § 54.

252C.10 Repealed by 89 Acts, ch 166, § 8.

252C.11 Security for payment of support — forfeiture.

Upon entry of a court order or upon the failure of a person to make payments pursuant to a court order, the court may require the person to provide security, a bond, or other guarantee which the court determines is satisfactory to secure the payment of the support obligation. Upon the person's failure to pay the support obligation under the court order, the court may declare the security, bond, or other guarantee forfeited.

85 Acts, ch 100, §2

252C.12 Waiver of time limitations by responsible person.

1. A responsible person may waive the time limitations established in section 252C.3.

2. Upon receipt of a signed statement from the responsible person waiving the time limitations established in section 252C.3, the administrator may proceed to enter an order for support and the court may approve the order, whether or not the time limitations have expired.

SUPPORT PAYMENTS — INCOME WITHHOLDING, §252D.16

252D.8 Persons subject to immediate income withholding.

1. In a support order issued or modified on or after November 1, 1990, for which services are being provided by the child support recovery unit, and in any support orders issued or modified after January 1, 1994, for which services are not provided by the child support recovery unit, the income of a support obligor is subject to withholding, on the effective date of the order, regardless of whether support payments by the obligor are in arrears. If services are being provided pursuant to chapter 252B, the child support recovery unit may enter an ex parte order for an immediate withholding of income. The district court may enter an ex parte order for immediate income withholding for cases in which the child support recovery unit is not providing services. The income of the obligor is subject to immediate withholding unless one of the following occurs:
   a. One of the parties demonstrates and the court or child support recovery unit finds there is good cause not to require immediate withholding. A finding of good cause shall be based on, at a minimum, written findings and conclusions by the court or administrative authority as to why implementing immediate withholding would not be in the best interests of the child. In cases involving modifications, the findings shall also include proof of timely payment of previously ordered support.
   b. A written agreement is reached between both parties which provides for an alternative arrangement. If the support payments have been assigned to the department of human services pursuant to chapter 234 or 239B, or a comparable statute of another jurisdiction, the department shall be considered a party to the support order, and a written agreement pursuant to this section to waive immediate withholding is void unless approved by the child support recovery unit from implementing immediate withholding.

2. For an order not requiring immediate withholding, income of an obligor is subject to immediate withholding, without regard to whether there is an arrearage, on the earliest of the following:
   a. The date the obligor requests that the withholding begin.
   b. The date the custodial parent or party to the proceeding requests that the withholding begin, if the request is approved by the district court or, in cases in which services are being provided pursuant to chapter 252B, if the child support recovery unit approves the request.

252D.9 Sums subject to immediate withholding.

Specified sums shall be deducted from the obligor’s income sufficient to pay the support obligation and any judgment established or delinquency accrued under the support order. The amount withheld pursuant to an income withholding order or notice of order for income withholding shall not exceed the amount specified in 15 U.S.C. § 1673(b).

252D.10 Notice of immediate income withholding.

An order for support entered after November 1, 1990, shall contain the notice of immediate income withholding. However, this subchapter is sufficient notice for implementation of immediate income withholding without any further notice.

252D.16A Income withholding order — child support recovery unit.

If support payments are ordered under this chapter, chapter 232, 234, 252A, 252C, 252E, 252F, 252H, 598, 600B, or any other applicable chapter, or under a comparable statute of a foreign jurisdiction, and if income withholding relative to such support payments is allowed under this chapter, the child support recovery unit may enter an ex parte order notifying the person whose income is to be withheld of the procedure to file a motion to quash the order for income withholding, and ordering the withholding of sums to be deducted from the delinquent person’s income as defined in section 252D.16 sufficient to pay the support obligation and requiring the payment of such sums to the collection services center. The child support recovery unit shall include the amount of any delinquency and the amount to be withheld in the notice provided to the obligor pursuant to section 252D.17A. Notice of income withholding shall be provided to the obligor and to the payor of income pursuant to sections 252D.17 and 252D.17A.

2006 Acts, ch 1119, §§3, 11

Section is retroactively applicable to support orders and income withholding orders entered or pending before July 1, 2006; interpretation of existing rules of the department of human services pending adoption of amendments to conform to changes made in 2006 Acts, ch 1119, 2006 Acts, ch 1119, §11

252D.17 Notice to payor of income — duties and liability — criminal penalty.

The district court shall provide notice by sending a copy of the order for income withholding or a notice of the order for income withholding to the obligor and the obligor’s payor of income by regular mail, with proof of service completed according to rule of civil procedure 1.442. The child support recovery unit shall provide notice of the income withholding order by sending a notice of the order to the obligor’s payor of income by regular mail or by electronic means. Proof of service may be completed according to rule of civil procedure 1.442. The child support recovery unit’s notice of the order may be sent to the payor of income on the same date that the order is sent to the clerk of court for filing. In all other instances, the income withholding order shall be filed with the clerk of court prior to sending the notice of the order to the payor of income. In addition to the amount to be withheld for payment of support, the order or the notice of the order shall be in a standard format as prescribed by the unit and shall include all of the following information regarding the duties of the payor in implementing the withholding order:

1. The withholding order or notice of the order for income withholding for child support or child support and spousal support has priority over a garnishment or an assignment for any other purpose.

2. As reimbursement for the payor’s processing costs, the payor may deduct a fee of no more than two dollars for each payment in addition to the amount withheld for support. The payor of income is not required to vary the payroll cycle to comply with the frequency of payment of a support order.

3. The amount withheld for support, including the processing fee, shall not exceed the amounts specified in 15 U.S.C. § 1673(b).

4. The income withholding order is binding on an existing or future payor of income ten days after receipt of the copy of the order or the notice of the order, and is binding whether or not the copy of the order received is file-stamped.

5. The payor shall send the amounts withheld to the collection services center or the clerk of the district court pursuant to section 252B.14 within seven business days of the date the obligor is paid. “Business day” means a day on which state offices are open for regular business.

6. The payor may combine amounts withheld from the obligors’ income in a single payment to the clerk of the district court or to the collection services center, as appropriate. Whether combined or separate, payments shall be identified by the name of the obligor, account number, amount, and the date withheld. If payments for multiple obligors are combined, the portion of the payment attributable to each obligor shall be specifically identified.

7. The withholding is binding on the payor until further notice by the court or the child support recovery unit.

8. If the payor, with actual knowledge and intent to avoid legal obligation, fails to withhold income or to pay the amounts withheld to the collection services center or the clerk of court in accor-
dance with the provisions of the order, the notice of the order, or the notification of payors of income provisions established in section 252B.13A, the payor commits a simple misdemeanor for a first offense and is liable for the accumulated amount which should have been withheld, together with costs, interest, and reasonable attorney fees related to the collection of the amounts due from the payor. For each subsequent offense prescribed under this subsection, the payor commits a serious misdemeanor and is liable for the accumulated amount which should have been withheld, together with costs, interest, and reasonable attorney fees related to the collection of the amounts due from the payor.

9. The payor shall promptly notify the court or the child support recovery unit when the obligor’s employment or other income terminates, and provide the obligor’s last known address and the name and address of the obligor’s new employer, if known.

10. Any payor who discharges an obligor, refuses to employ an obligor, or takes disciplinary action against an obligor based upon income withholding is guilty of a simple misdemeanor. A withholding order or the notice of the order for income withholding has the same force and effect as any other district court order, including, but not limited to, contempt of court proceedings for noncompliance.

11. Beginning July 1, 1997, if a payor of income does business in another state through a registered agent and receives a notice of income withholding issued by another state the payor shall, and beginning January 1, 1998, any payor of income shall withhold funds as directed in a notice issued by another state, except that a payor of income shall follow the laws of the obligor’s principal place of employment when determining all of the following:

a. The payor’s fee for processing an income withholding payment.

b. The maximum amount permitted to be withheld from the obligor’s income.

c. The time periods for implementing the income withholding order and forwarding the support payments.

d. The priorities for withholding and allocating income withheld for multiple child support obligees.

e. Any withholding terms or conditions not specified in the order.

b. A payor of income who complies with an income withholding notice that is regular on its face shall not be subject to any civil liability to any individual or agency for conduct in compliance with the notice.

12. The payor of income shall comply with chapter 252K when receiving a notice of income withholding from another state.

252D.17A Notice to obligor of implementation of income withholding order.

The child support recovery unit or the district court shall send a notice of the income withholding order to the obligor at the time the notice is sent to the payor of income.

97 Acts, ch 175, §62

252D.18 Modification or termination of withholding.

1. The court or the child support recovery unit may, by ex parte order, modify a previously entered income withholding order if the court or the unit determines any of the following:

a. There has been a change in the amount of the current support obligation.

b. The amount required to be withheld under the income withholding order is in error.

c. Any past due support debt has been paid in full.

Should a delinquency later accrue, the withholding order may be modified to secure payment toward the delinquency.

d. There has been a change in the rules adopted by the department pursuant to chapter 17A regarding the amount of income to be withheld to pay a delinquency.

2. The child support recovery unit may modify an amount specified in an income withholding order or notice of income withholding by providing notice to the payor of income and the obligor pursuant to sections 252D.17 and 252D.17A.

3. The court or the child support recovery unit may, by ex parte order, terminate an income withholding order when the current support obligation has terminated and when the delinquent support obligation has been fully satisfied as applicable to all of the children covered by the income withholding order.

4. In no case shall payment of overdue support be the sole basis for termination of withholding.

Subsection 2 is retroactively applicable to support orders and income withholding orders entered or pending before July 1, 2006; interpretation of existing rules of the department of human services pending adoption of amendments to conform to changes made in 2006 Acts, ch 1119; 2006 Acts, ch 1119, §11

252D.18A Multiple income withholding orders — amounts withheld by payor.

1. The total of all amounts withheld shall not

93 Acts, ch 78, §15

252D.18C Withholding from lump sum payments.

The child support recovery unit or the district court may enter an ex parte order for income withholding when the obligor is paid by a lump sum income source. When a sole payment is made or payment occurs at two-month or greater intervals, the withholding order may include all current and delinquent support due through the current month, but shall not exceed the amounts specified in 15 U.S.C. §1673(b).
93 Acts, ch 78, §16

252D.19 Other remedies.

The remedies provided in this chapter do not exclude the use of other civil or criminal remedies in enforcing support obligations.
90 Acts, ch 1123, §9

252D.19A Disparity between order and pay dates — not delinquent.

1. An obligor whose support payments are automatically withheld from the obligor’s paycheck shall not be delinquent or in arrears if all of the following conditions are met:

   a. Any delinquency or arrearage is caused solely by a disparity between the schedules of the obligor’s regular pay dates and the scheduled date the support is due.

   b. The amount calculated to be withheld is such that the total amount of current support to be withheld from the paychecks of the obligor and the amount ordered to be paid in the support order are the same on an annual basis.

   c. The automatic deductions for support are continuous and occurring.

2. If the unit takes an enforcement action during a calendar year against an obligor and the obligor is not delinquent or in arrears solely by the disparity between the schedules of the obligor’s regular pay dates and the scheduled date the support is due, the unit shall promptly discontinue the enforcement action.
97 Acts, ch 175, §65

252D.20 Administration of income withholding procedures.

The child support recovery unit is designated as the entity of the state to administer income withholding in accordance with the procedures specified for keeping adequate records to document, track, and monitor support payments on cases subject to Title IV-D of the federal Social Security
Act. Until October 1, 1999, the clerks of the district court are designated as the entities for administering income withholding on cases which are not subject to Title IV-D. Beginning October 1, 1999, the collection services center is designated as the entity for administering income withholding for cases which are not subject to Title IV-D. The collection services center’s responsibilities for administering income withholding in cases not subject to Title IV-D are limited to the receipt, recording, and disbursement of income withholding payments and to responding to requests for information on the current status of support payments pursuant to section 252B.13A. Notwithstanding section 622.53, in cases where the court or the child support recovery unit is enforcing a foreign judgment through income withholding, a certified copy of the underlying judgment is sufficient proof of authenticity.

90 Acts, ch 1123, §10; 92 Acts, ch 1195, §404; 98 Acts, ch 1170, §10

252D.21 Penalty for misrepresentation.

The department shall adopt the administrative rules necessary to implement the provisions of this chapter as they pertain to the operations of the child support recovery unit.

90 Acts, ch 1123, §12

252D.23 Filing of withholding order — order effective as district court order.

An income withholding order entered by the child support recovery unit pursuant to this chapter shall be filed with the clerk of the district court. In lieu of any signature on the order which may otherwise be required by law or rule, the order shall have affixed the name and address of the appropriate child support office. For the purposes of demonstrating compliance by the payor of income, the copy of the withholding order or the notice of the order received, whether or not the copy of the order is file-stamped, shall have all the force, effect, and attributes of a docketed order of the district court including, but not limited to, availability of contempt of court proceedings against a payor of income for noncompliance. However, any information contained in the income withholding order or the notice of the order related to the amount of the accruing or accrued support obligation which does not reflect the correct amount of support due does not modify the underlying support judgment.

252D.24 Applicability to support orders of foreign jurisdictions.

1. An income withholding order may be entered to enforce a support order of a foreign jurisdiction. The foreign support order may be entered and filed with the clerk of the district court at the time the income withholding order is entered. Entry of the foreign support order under this subsection does not constitute registration of the order.

2. Income withholding for a support order issued by a foreign jurisdiction is governed by chapter 252K, article 5 or 6, and this chapter, as appropriate.

93 Acts, ch 78, §17; 97 Acts, ch 175, §71; 2005 Acts, ch 112, §11

252D.25 Limitations on scope of proceedings.

1. Issues related to visitation, custody, or other provisions not related to the support provisions of a support order are not grounds for a motion to quash, revoke, suspend, or stay a withholding order.

2. Support orders shall not be modified under a motion to quash a withholding order.

93 Acts, ch 78, §18

252D.26 through 252D.29 Reserved.

medical support notice to an employer within two business days after the date information regarding a newly hired employee is entered into the centralized employee registry and matched with a noncustodial parent in the case being enforced by the unit. The department may amend the information in the ex parte order or may amend or terminate the national medical support notice regarding health insurance provisions if necessary to comply with health insurance requirements including but not limited to the provisions of section 252E.2, subsection 2, or to correct a mistake of fact.

2. The obligee, district court, or department may forward either the support order containing the provision for coverage under a health benefit plan or the ex parte order provided for in subsection 1 to the obligor's employer.

3. This chapter shall be constructive notice to the obligor of enforcement and further notice prior to enforcement is not required.

4. The order requiring coverage is binding on all future employers or insurers if the dependent is eligible to be enrolled in the health benefit plan under the applicable plan terms and conditions.

For future amendments to subsection 1 effective July 1, 2009, see 2007 Acts, ch 218, §166, 187; 2008 Acts, ch 1019, §18, 20

252E.5 Effect of order on employer.

1. When the order has been forwarded to the obligor's employer pursuant to section 252E.4, the order is binding on the employer and the employer's insurer to the extent that the dependent is eligible to be enrolled in the plan under the applicable terms and conditions of the health benefit plan and the standard enrollment guidelines of the insurer. The employer shall allow enrollment of the dependent at any time, notwithstanding any enrollment season restrictions. If a provision of this section conflicts with a provision in the national medical support notice, or in subsection 8, the provision in the notice and subsection 8 shall apply.

2. The employer shall forward a copy of the order to the insurer and request enrollment of the dependent in the health benefit plan. If the obligor fails to apply to obtain coverage for the dependent, the employer shall accept an application to enroll a dependent which has been signed by the obligee or other legal custodian of a child or by the department. Within sixty days of receipt of the order or within sixty days of receipt of application, whichever is earlier, the insurer shall determine whether the dependent is eligible for enrollment under the plan and shall notify the employer of the dependent's eligibility status. If more than one plan is offered by the employer, the dependent shall be enrolled in the health benefit plan in which the obligor is enrolled. However, if more than one plan is offered to the obligor, the plan selected shall provide coverage which is accessible to the dependent.

3. The employer shall withhold from the employee's compensation, the employee's share, if any, of premiums for the health benefit plan in an amount that does not exceed the amount specified in the national medical support notice or the amount specified in 15 U.S.C. § 1673(b) and which is consistent with federal law. The employer shall forward the amount withheld to the insurer.

4. Within thirty days of receipt of an order that requires an obligor to enroll a dependent in a health benefit plan, the obligor's employer shall provide the following information, as applicable, regarding the enrollment status of the dependent to the obligor, the obligee, or other legal custodian of the child, and the department:

a. That the dependent has been enrolled in a health benefit plan.

b. That the dependent is not eligible for enrollment and the reasons that the dependent is not eligible to be enrolled.

c. That the order has been forwarded to the insurer and a determination of eligibility for enrollment has not been made.

5. If the dependent has been enrolled in a health benefit plan, all of the following information shall be provided:

a. The name of the insurer providing the health benefit plan.

b. The dependent's effective date of coverage.

c. The health benefit plan or account number.

d. The type of health benefit plan under which the dependent has been enrolled, including whether dental, optical, office visits, and prescription drugs are covered services. Additionally, the response shall include a brief description of the applicable deductibles, coinsurance, waiting periods for preexisting medical conditions, and other significant terms or conditions which materially affect the coverage.

6. An employer shall not revoke enrollment or eliminate coverage for a dependent unless the employer is provided with satisfactory written evidence that one of the following conditions exists:

a. A court or administrative order requiring coverage in a health benefit plan is no longer in effect.

b. The dependent is eligible for or will be enrolled in a comparable health benefit plan which will take effect no later than the effective date of revocation of enrollment in the other plan.

c. The employer has eliminated dependent health coverage for all employees.

Nothing in this section requires an employer to maintain coverage for the dependent if the premiums are no longer being paid by the obligor because the employer no longer owes compensation to the obligor or because the obligor's employment has been terminated and the obligor has not elect-
ed to continue coverage.

If an order requiring that the obligor provide coverage under a health benefit plan for the dependent has been forwarded to the obligor’s employer pursuant to section 252E.4, and the obligor’s employment is terminated, the employer shall provide notice to the obligee and the department within ten days of termination of the obligor’s employment.

7. If an order requiring that the obligor provide coverage under a health benefit plan for the dependent has been forwarded to the obligor’s employer pursuant to section 252E.4, and the employer’s health benefit plan is terminated either in its entirety or with respect to the obligor’s insurance classification, or the employer has changed its insurer or become self-insured, the employer shall provide notice to the obligee or other legal custodian of the child and the department ten days prior to the termination or change in insurer.

8. If the department issues a national medical support notice to an employer or plan administrator, all of the following shall apply:

a. The employer and plan administrator shall comply with the provisions in the notice.

b. The employer and the plan administrator shall treat the notice as an application by the department for health benefit plan coverage for the dependent to the extent such application is required by the health benefit plan.

c. If the obligor named in the notice is not an employee of the employer, or if a health benefit plan is not offered or available to the employee, the employer shall notify the department, as provided in the notice, within twenty business days after the date of the notice.

d. If a health benefit plan is offered or available to the employee, the employer shall send the plan administrator’s portion of the notice to each appropriate plan administrator within twenty business days after the date of the notice.

e. Upon notification from the plan administrator that the dependent is enrolled, the employer shall either withhold and forward the premiums as provided in subsection 3, or shall notify the department that the enrollment cannot be completed due to limits established for withholding as provided in subsection 3.

f. If the plan administrator notifies the employer that the obligor is subject to a waiting period that expires more than ninety days from the date of receipt of the notice by the plan administrator or that the obligor is subject to a waiting period that is measured in a manner other than the passage of time, the employer shall notify the plan administrator when the obligor becomes eligible to enroll in the plan and that the notice requires enrollment in the plan of the dependent named in the notice.

g. The plan administrator shall enroll the dependent, and if necessary to enrollment of the dependent shall also enroll the obligor, in the plan selected in accordance with this paragraph. All of the following shall apply to the selection of the plan:

1. If the obligor is enrolled in a health benefit plan that offers dependent coverage, that plan shall be selected.

2. If the obligor is not enrolled in a plan or is not enrolled in a plan that offers dependent coverage, and if only one plan with dependent coverage is offered by the employer, that plan shall be selected.

3. If the obligor is not enrolled in a health benefit plan or is not enrolled in a health benefit plan that offers dependent coverage, if more than one plan with dependent coverage is offered by the employer, and if the notice is issued by the child support recovery unit, all of the following shall apply:

a. If only one of the plans is accessible to the dependent, that plan shall be selected. If none of the plans with dependent coverage is accessible to the dependent, the unit shall amend or terminate the notice.

b. If more than one of the plans is accessible to the dependent, the plan selected shall be the plan that provides basic coverage for which the employee’s share of the premium is lowest.

c. If more than one of the plans is accessible to the dependent but none of the accessible plans provides basic coverage, the plan selected shall be a plan that is accessible and for which the employee’s share of the premium is lowest.

d. If the employee’s share of the premiums is the same under all plans described in subparagraph (b) or (c), the unit shall attempt to consult with the obligee when selecting the plan. If the obligee does not respond within ten days of the unit’s attempt, the unit shall select a plan which shall be the plan’s default option, if any, or the plan with the lowest deductibles and copayment requirements.

4. If the obligor is not enrolled in a health benefit plan or is not enrolled in a health benefit plan that offers dependent coverage, if more than one plan with dependent coverage is offered by the employer, and if the notice is issued by the child support enforcement agency of another state, that agency shall select the plan as provided in paragraph “h”, subparagraph (3).

h. Within forty business days after the date of the notice, the plan administrator shall do all of the following as directed by the notice:

1. Complete the appropriate portion of the notice and return the portion to the department.

2. If the dependent is or is to be enrolled, notify the obligor, the obligee, and the child and furnish the obligee with necessary information. Provide the child support recovery unit with the type of health benefit plan under which the dependent has been enrolled, including whether dental, optical, office visits, and prescription drugs are covered services.

3. If more than one health benefit plan is
available to the obligor and the obligor is not enrolled, forward plan descriptions and documents to the department and enroll the dependent, and if necessary the obligor, in the plan selected by the department or in any default option if the plan administrator has not received a selection from the department within twenty business days of the date the plan administrator returned the national medical support notice response to the department.

(4) If the obligor is subject to a waiting period that expires more than ninety days from the date of receipt of the notice by the plan administrator or if the obligor has not completed a waiting period that is measured in a manner other than the passage of time, notify the employer, the department, the obligor, and the obligee. Upon satisfaction of the period or requirement, complete the enrollment.

(5) Upon completion of the enrollment, notify the employer for a determination of whether the necessary employee share of the premium is available.

(6) If the plan administrator is subject to the federal Employee Retirement Income Security Act, as codified in 29 U.S.C. § 1169, or is subject to the federal Child Support Performance and Incentive Act of 1998, Pub. L. No. 105-200, § 401, subsection (e) or (f), and the plan administrator determines the notice does not constitute a qualified medical child support order, complete and send the response to the department and notify the obligor, the obligee, and the child of the specific reason for the determination.

9. This chapter does not preclude the exchange of required information between the department and employers or insurers through electronic data transfer.

252E.6 Duration of health benefit plan coverage.

1. A child is eligible for medical support for the duration of the obligor’s child support obligation. However, the child’s eligibility for coverage under a health benefit plan shall be governed by all applicable plan provisions including, but not limited to, eligibility and insurability standards.

2. For cases for which services are being provided pursuant to chapter 252B, the department shall notify the employer when there is no longer a current order for medical support in effect for which the department is responsible. However, termination of medical support ordered pursuant to section 252E.3 shall be governed by the insurer’s health benefit plan provisions for termination and by applicable federal law.

252E.6A Motion to quash.

1. An obligor may move to quash the order to the employer under section 252E.4 by following the same procedures and alleging a mistake of fact as provided in section 252D.31 or as provided in subsection 2. If the unit is enforcing an income withholding order and a medical support order simultaneously, any challenge to the income withholding order and medical support enforcement shall be filed and heard simultaneously.

2. The obligor may allege as a mistake of fact an error in the availability of dependent coverage under the health benefit plan because the coverage is not accessible to the dependent. Even if the plan is not accessible as defined in section 252E.1, the court may determine that the plan is substantially accessible if the obligee demonstrates that the dependent may receive a benefit under the plan. Section 252E.316 relating to evidence and procedure shall apply to the court proceeding.

3. The employer shall comply with the requirements of this chapter until the employer receives notice that a motion to quash has been granted, or that the unit has amended or terminated the national medical support notice.

252E.7 Insurer authorization.

1. The entry of an order requiring a health benefit plan is authorization for enrollment of the dependent if the dependent is otherwise eligible to be enrolled. If the obligor fails to obtain coverage for a dependent, the insurer shall accept the signature of the obligee or other legal custodian of the child or of an employee of the department on the application for enrollment of the dependent under the health benefit plan. If the dependent is otherwise eligible to be enrolled in the plan pursuant to the applicable terms and conditions of the health benefit plan and the standard enrollment guidelines of the insurer, the insurer shall allow enrollment of the dependent at any time, notwithstanding any enrollment season restrictions.

2. An insurer shall not deny enrollment of a child under the health benefit plan of the obligor based on any of the following:
   a. The child was born out of wedlock.
   b. The child is not claimed as a dependent on the obligor’s federal income tax form.
   c. The child does not reside with the obligor in the insurer’s service area.

3. For purposes of processing claims for payment, the insurer shall accept the signature of the obligee or other legal custodian of the child or of an employee of the department as valid authorization for purposes of processing any medical expense claims on behalf of the dependent for payment or
§252E.8 Releases of information.

1. If an order for coverage under a health benefit plan has been forwarded pursuant to section 252E.5, the obligor’s employer or insurer shall release to the obligee or other legal custodian of the child or the department, upon receiving a written request, the information necessary to complete an application, to file a claim for medical expenses of the dependent or to create a qualified medical child support order pursuant to section 252E.2, subsection 2.

2. The employer or insurer shall make available to the obligee or the department any necessary claim forms or enrollment membership cards if required to obtain services.

3. The obligor’s employer and insurer shall have immunity from any liability, civil or criminal, which might otherwise be incurred or imposed for any information released by such employer or insurer pursuant to this chapter.

4. The department may release to the obligor’s employer or insurer or to the obligee information necessary to obtain, enforce, and collect medical support.

§252E.9 Responsibilities of the obligor.

1. For cases for which services are being provided pursuant to chapter 252B, an obligor who fails to maintain medical support for the benefit of the dependent as ordered shall be liable to the obligee or the department for any medical expenses incurred from the date of the court order. Proof of failure to maintain medical support constitutes a showing of increased need and provides a basis for the establishment of a monetary amount for medical support.

2. For cases for which services are being provided pursuant to chapter 252B, the obligor shall notify the obligee and the department within ten days of a change in the terms or conditions of coverage under a health benefit plan. Such changes may include, but are not limited to, a change in deductibles, coinsurance, preadmission notification requirements, coverage for dental, optical, office visits, prescription drugs, inpatient and outpatient hospitalization, and any other changes which materially affect the coverage. Costs incurred by the obligee or the department as a result of the obligor’s failure to provide notification as required are recoverable from the obligor.

§252E.10 Responsibility of the department.

90 Acts, ch 1224, §34

§252E.11 Assignment.

If medical assistance is provided by the department to a dependent pursuant to chapter 249A, rights to medical support payments are assigned to the department.

§252E.12 Enforcement.

For the purposes of enforcement pursuant to chapter 252B, medical support may be reduced to a dollar amount and may be collected through the same remedies available for the collection and enforcement of child support.

90 Acts, ch 1224, §36

§252E.13 Modification of support order.

1. Subject to 28 U.S.C. § 1738B, when high potential for obtaining medical support exists, the obligee or the department may petition for a modification of the obligor’s support order to include medical support or a monetary amount for medical support pursuant to this chapter.

2. In addition, if a support order does not provide medical support as defined in this chapter or equivalent medical support, the department or a party to the order may seek a modification of the order.

3. Subject to 28 U.S.C. § 1738B, the department may amend information concerning the provisions regarding health benefits in a court or administrative order if notice of the amendment is provided to the court and to the parties to the order and if the amendment is filed with the clerk of court.
252E.14 Child support.
   Unless the order specifies otherwise, medical support is not included in the monetary amount of child support ordered to be paid for orders entered on or after July 1, 1990.

252E.15 Rulemaking authority — compliance.
The department shall adopt rules pursuant to chapter 17A to implement this chapter for cases for which services are being provided pursuant to chapter 252B. The department shall cooperate with any agency of the state or federal government as may be necessary to qualify for federal funds in conformity with provisions of this chapter and Title IV-D of the federal Social Security Act.

Proceedings under this chapter are in addition to other means of establishing paternity or support. Issues in addition to establishment of paternity or support obligations shall not be addressed in proceedings initiated under this chapter.
   An action to establish paternity and support under this chapter may be brought within the time...
252F.3 Notice of alleged paternity and support debt — conference — request for hearing.

1. The unit may prepare a notice of alleged paternity and support debt to be served on the putative father if the mother of the child provides a written statement to the unit certifying in accordance with section 622.1 that the putative father is or may be the biological father of the child or children involved. The notice shall be accompanied by a copy of the statement and served on the putative father in accordance with rule of civil procedure 1.305. Service upon the mother shall not constitute valid service upon the putative father. The notice shall include or be accompanied by all of the following:
   a. The name of the recipient of services under chapter 252B and the name and birth date of the child or children involved.
   b. A statement that the putative father has been named as the biological father of the child or children named.
   c. A statement that if paternity is established, the amount of the putative father’s monthly support obligation and the amount of the support debt accrued and accruing will be established in accordance with the guidelines established in section 598.21B, and the criteria established pursuant to section 252B.7A.
   d. A statement that if paternity is established, the putative father has a duty to provide accrued and accruing medical support to the child or children in accordance with chapter 252E.
   e. A written explanation of the procedures for determining the child support obligation and a request for financial or income information as necessary for application of the child support guidelines established pursuant to section 598.21B.
   f. (1) The right of the putative father to request a conference with the unit to discuss paternity establishment and the amount of support that the putative father may be required to pay, within ten days of the date of service of the original notice or, if paternity is contested and paternity testing is conducted, within ten days of the date the paternity test results are issued or mailed to the putative father by the unit.
   (2) A statement that if a conference is requested, the putative father shall have one of the following time frames, whichever is the latest, to send a written request for a court hearing on the issue of support to the unit:
      (a) Ten days from the date set for the conference.
      (b) Twenty days from the date of service of the original notice.
      (c) If paternity was contested and paternity testing was conducted, and the putative father does not deny paternity after the testing or challenge the paternity test results, twenty days from the date paternity test results are issued or mailed to the putative father by the unit.
   g. A statement that if a conference is not requested, and the putative father does not deny paternity or challenge the results of any paternity testing conducted but objects to the finding of financial responsibility for child support or medical support, or both, the putative father shall send a written request for a court hearing on the issue of support to the unit within twenty days of the date of service of the original notice or, if paternity was contested and paternity testing conducted, and the putative father does not deny paternity after the testing or challenge the paternity test results, within twenty days from the date the paternity test results are issued or mailed to the putative father by the unit, whichever is later.
   h. A statement that if a timely written request for a hearing on the issue of support is received by the unit, the putative father shall have the right to a hearing to be held in district court and that if no timely written request is received and paternity is not contested, the administrator shall enter an order establishing the putative father as the father of the child or children and establishing child support or medical support, or both, in accordance with the notice of alleged paternity and support debt.
   i. A written explanation of the rights and responsibilities associated with the establishment of paternity.
   j. A written explanation of the putative father’s right to deny paternity, the procedures for
denying paternity, and the consequences of the denial.

k. A statement that if the putative father contests paternity, the putative father shall have twenty days from the date of service of the original notice to submit a written denial of paternity to the unit.

l. A statement that if paternity is contested, the unit shall, at the request of the party contesting paternity or on its own initiative, enter an administrative order requiring the putative father, mother, and child or children involved, to submit to paternity testing.

m. A statement that if paternity tests are conducted, the unit shall provide a copy of the test results to the putative father in person or send a copy to the putative father by regular mail, addressed to the putative father’s last known address, or, if applicable, to the last known address of the putative father’s attorney.

n. A statement setting forth the time frames for contesting paternity after paternity tests are conducted.

o. Other information as the unit finds appropriate.

2. The time limitations established for the notice provisions under subsection 1 are binding unless otherwise specified in this chapter or waived pursuant to section 252F.8.

3. If notice is served on the putative father, the unit shall file a true copy of the notice and the original return of service with the appropriate clerk of the district court as follows:

a. In the county in which the child or children reside if the action is for purposes of establishing paternity and future child or medical support, or both.

b. In the county in which the child or children involved last received public assistance benefits in the state, if the action is for purposes of establishing paternity and child or medical support, or both, only for prior periods of time when the child or children received public assistance, and no ongoing child or medical support obligation is to be established by this action.

c. If the action is the result of a request from a foreign jurisdiction to establish paternity of a putative father located in Iowa, in the county in which the putative father resides.

All subsequent documents filed or court hearings held related to the action shall be in the district court in the county in which notice was filed pursuant to this subsection. The clerk shall file and docket the action.

4. A putative father or the child support recovery unit may request a court hearing regarding establishment of paternity or a determination of support, or both.

a. Upon receipt of a timely written response requesting a hearing or on its own initiative, the unit shall certify the matter for hearing in the district court in the county where the original notice of alleged paternity and support debt is filed, in accordance with section 252F.5.

b. If paternity establishment was contested and paternity tests conducted, a court hearing on the issue of paternity shall be held no earlier than thirty days from the date paternity test results are issued to all parties by the unit, unless the parties mutually agree to waive the time frame pursuant to section 252F.8.

c. Any objection to the results of paternity tests shall be filed no later than twenty days after the date paternity test results are issued or mailed to the putative father by the unit. Any objection to paternity test results filed by a party more than twenty days after the date paternity tests are issued or mailed to the putative father by the unit shall not be accepted or considered by the court.

d. If a timely written response and request for a court hearing is not received by the unit and the putative father does not deny paternity, the administrator shall enter an order in accordance with section 252F.4.

6. a. If a party contests the establishment of paternity, the party shall submit, within twenty days of service of the notice on the putative father under subsection 1, a written statement contesting paternity establishment to the unit. Upon receipt of a written challenge of paternity establishment, or upon initiation by the unit, the administrator shall enter ex parte administrative orders requiring the mother, child or children involved, and the putative father to submit to paternity testing. Either the mother or putative father may contest paternity under this chapter.

b. The orders shall be filed with the clerk of the district court in the county where the notice was filed and have the same force and effect as a court order for paternity testing.

c. The unit shall issue copies of the respective administrative orders for paternity testing to the mother and putative father in person, or by regular mail to the last known address of each, or if applicable, to the last known address of the attorney for each.

d. If a paternity test is ordered under this section, the administrator shall direct that inherited characteristics be analyzed and interpreted, and shall appoint an expert qualified as an examiner of genetic markers to analyze and interpret the results. The test shall be of a type generally acknowledged as reliable by accreditation entities designated by the secretary of the United States department of health and human services and shall be performed by a laboratory approved by an accreditation entity.

e. The party contesting paternity shall be provided one opportunity to reschedule the paternity testing appointment if the testing is rescheduled prior to the date of the originally scheduled appointment.

f. An original copy of the test results shall be filed with the clerk of the district court in the coun-
ty where the notice was filed. The child support recovery unit shall issue a copy of the filed test results to the putative father and mother of the child or children in person, or by regular mail to the last known address of each, or if applicable, to the last known address of the attorney for each. However, if the action is the result of a request from a foreign jurisdiction, the unit shall issue a copy of the results to the initiating agency in that foreign jurisdiction.

252F.4 Entry of order.

1. If the putative father fails to respond to the initial notice within twenty days after the date of service of the notice or fails to appear at a conference pursuant to section 252F.3 on the scheduled date of the conference, and paternity has not been contested and the putative father fails to timely request a court hearing on the issue of support, the administrator shall enter an order against the putative father, declaring the putative father to be the legal father of the child or children involved and assessing any accrued and accruing child support obligation pursuant to the guidelines established under section 598.21B, and medical support pursuant to chapter 252E, against the father.

2. If the presumption of paternity is rebutted, the putative father as a potential biological father of the child or children, and additional tests are not requested by either party or conducted on the unit’s initiative, or if additional tests exclude the putative father as a potential biological father, the unit shall withdraw its action against the putative father and shall file a notice of the withdrawal with the clerk of the district court, and shall provide a copy of the notice to the putative father in person, or by regular mail sent to the putative father’s last known address, or if applicable, the last known address of the putative father’s attorney.

m. Except as provided in paragraph “k.” the unit shall advance the costs of genetic testing. If paternity is established and paternity testing was conducted, the unit shall enter an order or, if the action proceeded to a court hearing, request that the court enter a judgment for the costs of the paternity tests consistent with applicable federal law. In a proceeding under this chapter, a copy of a bill for genetic testing shall be admitted as evidence without requiring third-party foundation testimony and shall constitute prima facie evidence of the amount incurred for genetic testing.

For future amendments to this section effective July 1, 2009, see 2007 Acts, ch 218, §169 – 175, 187; 2008 Acts, ch 1019, §16, 20

4. If the unit determines that a mistake of fact has occurred the unit shall proceed as follows:

a. b. If the obligor is delinquent, but the amount of the delinquency is less than the amount indicated in the notice, the unit shall notify the financial institution of the revised amount with a copy of the notice and issue a copy to the obligor or forward a copy to the obligor by regular mail. e. If the court finds that the obligor has an interest in the account, and the amount of support due is correct, the financial institution shall forward the moneys to the collection services center for disbursement to the appropriate recipient.

f. If the obligor or any other party known to have an interest in the account fails to appear at the hearing, the court may find the challenging party in default, shall ratify the administrative levy, if valid upon its face, and shall enter an order directing the financial institution to release the moneys to the unit.

7. If the financial institution has forwarded moneys to the collection services center and has deducted a fee from the moneys of the account, or if any additional fees or costs are levied against the account, and all funds are subsequently refunded to the account due to a mistake of fact or ruling of the court, the child support recovery unit shall reimburse the account for any fees assessed by the financial institution. If the mistake of fact is a mistake in the amount of support due and any portion of the moneys is retained as support payments, however, the unit is not required to reimburse the account for any fees or costs levied against the account. Additionally, for the purposes of reimbursement to the account for any fees or costs, each certificate of deposit is considered a separate account.

In addition to other grounds for suspension, revocation, or denial of issuance or renewal of a license, a licensing authority shall include in rules adopted by the licensing authority as grounds for suspension, revocation, or denial of issuance or renewal of a license, the receipt of a certificate of noncompliance from the unit.

3. The supreme court shall prescribe rules for admission of persons to practice as attorneys and counselors pursuant to chapter 602, article 10, which include provisions, as specified in this chapter, for the denial, suspension, or revocation of the admission for failure to comply with a child support order or a subpoena or warrant.

4. A licensing authority that is issued a certificate of noncompliance shall initiate procedures for the suspension, revocation, or denial of issuance or renewal of licensure to an individual. The licensing authority shall utilize existing rules and procedures for suspension, revocation, or denial of the issuance or renewal of a license.

   In addition, the licensing authority shall provide notice to the individual of the licensing authority's intent to suspend, revoke, or deny issuance or renewal of an individual's license due to the receipt of a certificate of noncompliance from the unit.
   b. The individual must contact the unit to schedule a conference or to otherwise obtain a withdrawal of a certificate of noncompliance.
   c. Unless the unit furnishes a withdrawal of a certificate of noncompliance to the licensing authority within thirty days of the issuance of the notice under this section, the individual's license will be revoked, suspended, or denied.
   d. If the licensing authority's rules and procedures conflict with the additional requirements of this section, the requirements of this section shall
apply. Notwithstanding section 17A.18, the individual does not have a right to a hearing before the licensing authority to contest the authority’s actions under this chapter but may request a court hearing pursuant to section 252J.9 within thirty days of the provision of notice under this section.

5. If the licensing authority receives a withdrawal of a certificate of noncompliance from the unit, the licensing authority shall immediately reinstate, renew, or issue a license if the individual is otherwise in compliance with licensing requirements established by the licensing authority.

252J.9 District court hearing.

1. Following the issuance of a written decision by the unit under section 252J.6 which includes the issuance of a certificate of noncompliance, or following provision of notice to the individual by a licensing authority pursuant to section 252J.8, an individual may seek review of the decision and request a hearing before the district court as follows:

a. If the action is a result of section 252J.2, subsection 2, paragraph “a”, in the county in which the underlying support order is filed, by filing an application with the district court, and sending a copy of the application to the unit by regular mail.

b. If the action is a result of section 252J.2, subsection 2, paragraph “b”, and the individual is not an obligor, in a county in which the dependent child or children reside if the child or children reside in Iowa; in the county in which the dependent child or children last received public assistance if the child or children received public assistance in Iowa; or in the county in which the individual resides if the action is the result of a request from a child support agency in a foreign jurisdiction.

An application shall be filed to seek review of the decision by the unit or following issuance of notice by the licensing authority no later than within thirty days after the issuance of the notice pursuant to section 252J.8. The clerk of the district court shall schedule a hearing and mail a copy of the order scheduling the hearing to the individual and the unit and shall also mail a copy of the order to the licensing authority, if applicable. The unit shall certify a copy of its written decision and certificate of noncompliance, indicating the date of issuance, and the licensing authority shall certify a copy of a notice issued pursuant to section 252J.8, to the court prior to the hearing.

2. The filing of an application pursuant to this section shall automatically stay the actions of a licensing authority pursuant to section 252J.8. The hearing on the application shall be scheduled and held within thirty days of the filing of the application. However, if the individual fails to appear at the scheduled hearing, the stay shall be lifted and the licensing authority shall continue procedures pursuant to section 252J.8.

3. The scope of review by the district court shall be limited to demonstration of a mistake of fact relating to the delinquency of the obligor or the noncompliance of the individual with a subpoena or warrant. Issues related to visitation, custody, or other provisions not related to the support provisions of a support order are not grounds for a hearing under this chapter.

4. Support orders shall not be modified by the court in a hearing under this chapter.

5. If the court finds that the unit was in error in issuing a certificate of noncompliance, or in failing to issue a withdrawal of a certificate of noncompliance, the unit shall issue a withdrawal of a certificate of noncompliance to the appropriate licensing authority.

PROCEEDINGS INVOLVING TWO OR MORE STATES

252K.203 Initiating and responding tribunal of this state.

97 Acts, ch 175, §127

1. A tribunal of this state may exercise jurisdiction to establish a support order if the petition or comparable pleading is filed after a pleading is filed in another state only if all of the following apply:

§252K.205, UNIFORM INTERSTATE FAMILY SUPPORT ACT

Continuing, exclusive jurisdiction.

1. A tribunal of this state issuing a support order consistent with the law of this state has continuing, exclusive jurisdiction over a child support order if any of the following applies:
   a. As long as this state remains the residence of the obligor, the individual obligee, or the child for whose benefit the support order is issued.
   b. Until all of the parties who are individuals have filed written consents with the tribunal of this state for a tribunal of another state to modify the order and assume continuing, exclusive jurisdiction.

2. A tribunal of this state issuing a child support order consistent with the law of this state may not exercise its continuing jurisdiction to modify the order if the order has been modified by a tribunal of another state pursuant to this chapter or a law substantially similar to this chapter.

3. If a child support order of this state is modified by a tribunal of another state pursuant to this chapter or a law substantially similar to this chapter, a tribunal of this state loses its continuing, exclusive jurisdiction with regard to prospective enforcement of the order issued in this state, and may only:
   a. Enforce the order that was modified as to amounts accruing before the modification.
   b. Enforce nonmodifiable aspects of that order.
   c. Provide other appropriate relief for violations of that order which occurred before the effective date of the modification.

4. A tribunal of this state shall recognize the continuing, exclusive jurisdiction of a tribunal of another state which has issued a child support order pursuant to this chapter or a law substantially similar to this chapter.

6. A tribunal of this state issuing a support order consistent with the law of this state has continuing, exclusive jurisdiction over a spousal support order throughout the existence of the support obligation. A tribunal of this state may not modify a spousal support order issued by a tribunal of another state having continuing, exclusive jurisdiction over that order under the law of that state.

7. A tribunal of this state which lacks continuing, exclusive jurisdiction over a spousal support order may not serve as a responding tribunal to enforce or modify the order. If a party subject to the continuing, exclusive jurisdiction of the tribunal no longer resides in the issuing state, in subsequent proceedings the tribunal may apply section 252K.316 to receive evidence from another state and section 252K.318 to obtain discovery through a tribunal of another state.

8. A tribunal of this state which lacks continuing, exclusive jurisdiction over a spousal support order may not serve as a responding tribunal to modify a spousal support order of another state.

97 Acts, ch 175, §130

Part 3

Reconciliation of Multiple Orders

252K.207 Recognition of controlling child support order.

1. If a proceeding is brought under this chapter and only one tribunal has issued a child support order, the order of that tribunal controls and must be so recognized.

2. If a proceeding is brought under this chapter, and two or more child support orders have been issued by tribunals of this state or another state with regard to the same obligor and child, a tribunal of this state shall apply the following rules in determining which order to recognize for purposes of continuing, exclusive jurisdiction:
   a. If only one of the tribunals would have continuing, exclusive jurisdiction under this chapter, the order of that tribunal controls and must be so recognized.
   b. If more than one of the tribunals would have continuing, exclusive jurisdiction under this chapter, an order issued by a tribunal in the current home state of the child controls and must be so recognized, but if an order has not been issued in the current home state of the child, the order most recently issued controls and must be so recognized.
   c. If none of the tribunals would have continuing, exclusive jurisdiction under this chapter, the tribunal of this state having jurisdiction over the parties shall issue a child support order, which controls and must be so recognized.

3. If two or more child support orders have been issued for the same obligor and child and if the obligor or the individual obligee resides in this state, a party may request a tribunal of this state to determine which orders control and must be so recognized under subsection 2. The request must be accompanied by a certified copy of every support order in effect. The requesting party shall give notice of the request to each party whose rights may be affected by the determination.

4. The tribunal that issued the controlling order under subsection 1, 2, or 3 is the tribunal that has continuing, exclusive jurisdiction under section 252K.205.

5. A tribunal of this state which determines by
order the identity of the controlling order under subsection 2, paragraph “a” or “b”, or which issues a new controlling order under subsection 2, paragraph “c”, shall state in that order the basis upon which the tribunal made its determination.

6. Within thirty days after issuance of an order determining the identity of the controlling order, the party obtaining the order shall file a certified copy of it with each tribunal that issued or registered an earlier order of child support. A party who obtains the order and fails to file a certified copy is subject to appropriate sanctions by a tribunal in which the issue of failure to file arises. The failure to file does not affect the validity or enforceability of the controlling order.

97 Acts, ch 175, §131

252K.208 Multiple child support orders for two or more obligees.

In responding to multiple registrations or requests for enforcement of two or more child support orders in effect at the same time with regard to the same obligor and different individual obligees, at least one of which was issued by a tribunal of another state, a tribunal of this state shall enforce those orders in the same manner as if the multiple orders had been issued by a tribunal of this state.

97 Acts, ch 175, §132

252K.209 Credit for payments.

Amounts collected and credited for a particular period pursuant to a support order issued by a tribunal of another state must be credited against the amounts accruing or accrued for the same period under a support order issued by the tribunal of this state.

97 Acts, ch 175, §133

2. If an obligee prevails, a responding tribunal may assess against an obligor filing fees, reasonable attorney fees, other costs, and necessary travel and other reasonable expenses incurred by the obligee and the obligee’s witnesses. The tribunal may not assess fees, costs, or expenses against the obligee or the support enforcement agency of either the initiating or the responding state, except as provided by other law. Attorney fees may be taxed as costs, and may be ordered paid directly to the attorney, who may enforce the order in the attorney’s own name. Payment of support owed to the obligee has priority over fees, costs, and expenses.
3. The tribunal shall order the payment of costs and reasonable attorney’s fees if the tribunal determines that a hearing was requested primarily for delay. In a proceeding under article 6, a hearing is presumed to have been requested primarily for delay if a registered support order is confirmed or enforced without change. 97 Acts, ch 175, §146

252K.314 Limited immunity of movant.
1. Participation by a movant in a proceeding before a responding tribunal, whether in person, by private attorney, or through services provided by the support enforcement agency, does not confer personal jurisdiction over the movant in another proceeding.
2. A movant is not amenable to service of civil process while physically present in this state to participate in a proceeding under this chapter.
3. The immunity granted by this section does not extend to civil litigation based on acts unrelated to a proceeding under this chapter committed by a party while present in this state to participate in the proceeding. 97 Acts, ch 175, §147

252K.315 Nonparentage as defense.
A party whose parentage of a child has been previously determined by or pursuant to law may not plead nonparentage as a defense to a proceeding under this chapter. 97 Acts, ch 175, §148

252K.316 Special rules of evidence and procedure.
1. The physical presence of the movant in a responding tribunal of this state is not required for the establishment, enforcement, or modification of a support order or the rendition of a judgment determining parentage.
252K.317 Communications between tribunals.

A tribunal of this state may communicate with a tribunal of another state in writing, or by telephone or other means, to obtain information concerning the laws of that state, the legal effect of a judgment, decree, or order of that tribunal, and the status of a proceeding in the other state. A tribunal of this state may furnish similar information by similar means to a tribunal of another state.

97 Acts, ch 175, §150

252K.318 Assistance with discovery.

A tribunal of this state may:
1. Request a tribunal of another state to assist in obtaining discovery.
2. Upon request, compel a person over whom it has jurisdiction to respond to a discovery order issued by a tribunal of another state.

97 Acts, ch 175, §151

252K.319 Receipt and disbursement of payments.

A support enforcement agency or tribunal of this state shall disburse promptly any amounts received pursuant to a support order, as directed by the order. The agency or tribunal shall furnish to a requesting party or a tribunal of another state a certified statement by the custodian of the record of the amounts and dates of all payments received.

97 Acts, ch 175, §152

ARTICLE 4

   b. The support enforcement agency seeking the order is located in another state.
   c. The tribunal may issue a temporary child support order if any of the following applies:
      a. The respondent has signed a verified statement acknowledging parentage.
      b. The respondent has been determined by or pursuant to law to be the parent.
      c. There is other clear and convincing evidence that the respondent is the child's parent.

2. Upon finding, after notice and opportunity to be heard, that an obligor owes a duty of support, the tribunal shall issue a support order directed to the obligor and may issue other orders pursuant to section 252K.305.

97 Acts, ch 175, §153

ARTICLE 5

97 Acts, ch 175, §154

252K.502 Employer’s compliance with income withholding order of another state.
1. Upon receipt of an income withholding order, the obligor’s employer shall immediately provide a copy of the order to the obligor.
2. The employer shall treat an income withholding order issued in another state which appears regular on its face as if it had been issued by a tribunal of this state.
3. Except as otherwise provided in subsection 4 and section 252K.503, the employer shall withhold and distribute the funds as directed in the withholding order by complying with terms of the order which specify:
   a. The duration and amount of periodic payments of current child support, stated as a sum certain.
   b. The person or agency designated to receive payments and the address to which the payments are to be forwarded.
   c. Medical support, whether in the form of periodic cash payment, stated as a sum certain, or ordering the obligor to provide health insurance coverage for the child under a policy available through the obligor’s employment.
   d. The amount of periodic payments of fees and costs for a support enforcement agency, the issuing tribunal, and the obligee’s attorney, stated as sums certain.
   e. The amount of periodic payments of arrearages and interest on arrearages, stated as sums certain.
4. An employer shall comply with the law of the state of the obligor’s principal place of employment for withholding from income with respect to:
   a. The employer’s fee for processing an income withholding order.
   b. The maximum amount permitted to be withheld from the obligor’s income.
   c. The times within which the employer must implement the withholding order and forward the child support payment.
97 Acts, ch 175, §155

252K.503 Compliance with multiple income withholding orders.
If an obligor’s employer receives multiple income withholding orders with respect to the earnings of the same obligor, the employer satisfies the terms of the multiple orders if the employer complies with the law of the state of the obligor’s principal place of employment to establish the priorities for withholding and allocating income withheld for multiple child support obligees.
97 Acts, ch 175, §156

252K.504 Immunity from civil liability.
An employer who complies with an income withholding order issued in another state in accordance with this article is not subject to civil liability to an individual or agency with regard to the employer’s withholding of child support from the obligor’s income.
97 Acts, ch 175, §157

252K.505 Penalties for noncompliance.
An employer who willfully fails to comply with an income withholding order issued by another state and received for enforcement is subject to the same penalties that may be imposed for noncompliance with an order issued by a tribunal of this state.
97 Acts, ch 175, §158

252K.506 Contest by obligor.
1. An obligor may contest the validity or enforcement of an income withholding order issued in another state and received directly by an employer in this state in the same manner as if the order had been issued by a tribunal of this state. Section 252K.604 applies to the contest.
2. The obligor shall give notice of the contest to:
   a. A support enforcement agency providing services to the obligee.
   b. Each employer that has directly received an income withholding order.
   c. The person or agency designated to receive payments in the income withholding order, or if no person or agency is designated, to the obligee.
97 Acts, ch 175, §159

252K.507 Administrative enforcement of orders.
1. A party seeking to enforce a support order or an income withholding order, or both, issued by a tribunal of another state may send the documents required for registering the order to a support enforcement agency of this state.
2. Upon receipt of the documents, the support enforcement agency, without initially seeking to register the order, shall consider and, if appropriate, use any administrative procedure authorized by the law of this state to enforce a support order or an income withholding order, or both. If the obligor does not contest administrative enforcement, the order need not be registered. If the obligor contests the validity or administrative enforcement of the order, the support enforcement agency shall register the order pursuant to this chapter.
97 Acts, ch 175, §160
§252K.601, UNIFORM INTERSTATE FAMILY SUPPORT ACT

e. The name and address of the obligee and, if applicable, the agency or person to whom support payments are to be remitted.
2. On receipt of a request for registration, the registering tribunal shall cause the order to be filed as a foreign judgment, together with one copy of the documents and information, regardless of their form.
3. A petition or comparable pleading seeking a remedy that must be affirmatively sought under other law of this state may be filed at the same time as the request for registration or later. The pleading must specify the grounds for the remedy sought.
97 Acts, ch 175, §162

2. A registered order issued in another state is enforceable in the same manner and is subject to the same procedures as an order issued by a tribunal of this state.
3. Except as otherwise provided in this article, a tribunal of this state shall recognize and enforce, but may not modify, a registered order if the issuing tribunal had jurisdiction.
97 Acts, ch 175, §163

1. The law of the issuing state governs the nature, extent, amount, and duration of current payments and other obligations of support and the payment of arrearages under the order.
2. In a proceeding for arrearages, the statute of limitation under the laws of this state or of the issuing state, whichever is longer, applies.
97 Acts, ch 175, §164
See §252A.5A relating to statute of limitation in this state

PART 2
CONTEST OF VALIDITY OR ENFORCEMENT

252K.605 Notice of registration of order.
1. When a support order or income withholding order issued in another state is registered, the registering tribunal shall notify the nonregistering party. The notice must be accompanied by a copy of the registered order and the documents and relevant information accompanying the order.
2. The notice must inform the nonregistering party:
a. That a registered order is enforceable as of the date of registration in the same manner as an order issued by a tribunal of this state.
b. That a hearing to contest the validity or enforcement of the registered order must be requested within twenty days after the date of mailing or personal service of the notice.
c. That failure to contest the validity or enforcement of the registered order in a timely manner will result in confirmation of the order and enforcement of the order and the alleged arrearages and precludes further contest of that order with respect to any matter that could have been asserted.
d. Of the amount of any alleged arrearages.
3. Upon registration of an income withholding order for enforcement, the registering tribunal shall notify the obligor’s employer pursuant to the income withholding law of this state.
97 Acts, ch 175, §165

1. A nonregistering party seeking to contest the validity or enforcement of a registered order in this state shall request a hearing within twenty days after the date of mailing or personal service of notice of the registration. The nonregistering party may seek to vacate the registration, to assert any defense to an allegation of noncompliance with the registered order, or to contest the remedies being sought or the amount of any alleged arrearages pursuant to section 252K.607.

2. If the nonregistering party fails to contest the validity or enforcement of the registered order in a timely manner, the order is confirmed by operation of law.

3. If a nonregistering party requests a hearing to contest the validity or enforcement of the registered order, the registering tribunal shall schedule the matter for hearing and give notice to the parties of the date, time, and place of the hearing.

97 Acts, ch 175, §166

252K.607 Contest of registration or enforcement.

1. A party contesting the validity or enforcement of a registered order or seeking to vacate the registration has the burden of proving one or more of the following defenses:
   a. The issuing tribunal lacked personal jurisdiction over the contesting party.
   b. The order was obtained by fraud.
   c. The order has been vacated, suspended, or modified by a later order.
   d. The issuing tribunal has stayed the order pending appeal.
   e. There is a defense under the law of this state to the remedy sought.
   f. The statute of limitation under section 252K.604 precludes enforcement of some or all of the arrearages.
   g. The issuing tribunal lacked personal jurisdiction over the contesting party.

2. If a party presents evidence establishing a full or partial defense under subsection 1, a tribunal may stay enforcement of the registered order, continue the proceeding to permit production of additional relevant evidence, and issue other appropriate orders. An uncontested portion of the registered order may be enforced by all remedies available under the law of this state.

3. If the contesting party does not establish a defense under subsection 1 to the validity or enforcement of the order, the registering tribunal shall issue an order confirming the order.

97 Acts, ch 175, §167

252K.608 Confirmed order.

Confirmation of a registered order, whether by operation of law or after notice and hearing, precludes further contest of the order with respect to any matter that could have been asserted at the time of registration.

97 Acts, ch 175, §168

PART 3
REGISTRATION AND MODIFICATION OF CHILD SUPPORT ORDER

252K.609 Procedure to register child support order of another state for modification.

A party or support enforcement agency seeking to modify, or to modify and enforce, a child support order issued in another state shall register that order in this state in the same manner provided in part 1 if the order has not been registered. A petition for modification may be filed at the same time as a request for registration, or later. The pleading must specify the grounds for modification.

97 Acts, ch 175, §169

252K.610 Effect of registration for modification.

A tribunal of this state may enforce a child support order of another state registered for purposes of modification, in the same manner as if the order had been issued by a tribunal of this state, but the registered order may be modified only if the requirements of section 252K.611 have been met.

97 Acts, ch 175, §170

252K.611 Modification of child support order of another state.

1. After a child support order issued in another state has been registered in this state, the responding tribunal of this state may modify that order only if section 252K.613 does not apply and after notice and hearing it finds that paragraph “a” or “b” applies:
   a. The following requirements are met:
      (1) The child, the individual obligee, and the obligor do not reside in the issuing state.
      (2) A movant who is a nonresident of this state seeks modification.
   b. The child, or a party who is an individual, is subject to the personal jurisdiction of the tribunal of this state.

3. The respondent is subject to the personal jurisdiction of the tribunal of this state.

1. After a child support order issued in another state has been registered in this state, the responding tribunal of this state may modify that order only if section 252K.613 does not apply and after notice and hearing it finds that paragraph “a” or “b” applies:
   a. The following requirements are met:
      (1) The child, the individual obligee, and the obligor do not reside in the issuing state.
      (2) A movant who is a nonresident of this state seeks modification.
   b. The child, or a party who is an individual, is subject to the personal jurisdiction of the tribunal of this state.

3. The respondent is subject to the personal jurisdiction of the tribunal of this state.
§252K.612, UNIFORM INTERSTATE FAMILY SUPPORT ACT

§252K.612 Recognition of order modified in another state.
A tribunal of this state shall recognize a modification of its earlier child support order by a tribunal of another state which assumed jurisdiction pursuant to this chapter or a law substantially similar to this chapter and, upon request, except as otherwise provided in this chapter, shall:
1. Enforce the order that was modified only as to amounts accruing before the modification.
2. Enforce only nonmodifiable aspects of that order.
3. Provide other appropriate relief only for violations of the order which occurred before the effective date of the modification.
4. Recognize the modifying order of the other state, upon registration, for the purpose of enforcement.
97 Acts, ch 175, §172

§252K.613 Jurisdiction to modify child support order of another state when individual parties reside in this state.
1. If all of the parties who are individuals reside in this state and the child does not reside in the issuing state, a tribunal of this state has jurisdiction to enforce and to modify the issuing state’s child support order in a proceeding to register that order.
2. A tribunal of this state exercising jurisdiction under this section shall apply the provisions of articles 1 and 2, this article, and the procedural and substantive law of this state to the proceeding for enforcement or modification. Articles 3, 4, 5, 7, and 8 do not apply.
97 Acts, ch 175, §173

§252K.614 Notice to issuing tribunal of modification.
Within thirty days after issuance of a modified child support order, the party obtaining the modification shall file a certified copy of the order with the issuing tribunal that had continuing, exclusive jurisdiction over the earlier order, and in each tribunal in which the party knows the earlier order has been registered. A party who obtains the order and fails to file a certified copy is subject to appropriate sanctions by a tribunal in which the issue of failure to file arises. The failure to file does not affect the validity or enforceability of the modified order of the new tribunal having continuing, exclusive jurisdiction.
97 Acts, ch 175, §174

ARTICLE 7
DETERMINATION OF PARENTAGE

§252K.701 Proceeding to determine parentage.
1. A tribunal of this state may serve as an initiating or responding tribunal in a proceeding brought under this chapter or a law or procedure substantially similar to this chapter, the Uniform Reciprocal Enforcement of Support Act, or the Revised Uniform Reciprocal Enforcement of Support Act to determine that the petitioner is a parent of a particular child or to determine that a respondent is a parent of that child.
2. In a proceeding to determine parentage, a responding tribunal of this state shall apply the procedural and substantive laws pursuant to chapters 252A and 252F, and the rules of this state on choice of law.
97 Acts, ch 175, §175

ARTICLE 8
INTERSTATE RENDITION

§252K.801 Grounds for rendition.
1. For purposes of this article, “governor” includes an individual performing the functions of governor or the executive authority of a state covered by this chapter.
2. The governor of this state may:
a. Demand that the governor of another state surrender an individual found in the other state who is charged criminally in this state with having failed to provide for the support of an obligee.
b. On the demand by the governor of another state, surrender an individual found in this state who is charged criminally in the other state with having failed to provide for the support of an obligee.
3. A provision for extradition of individuals not inconsistent with this chapter applies to the demand even if the individual whose surrender is demanded was not in the demanding state when the crime was allegedly committed and has not fled therefrom.

97 Acts, ch 175, §176

252K.802 Conditions of rendition.

1. Before making demand that the governor of another state surrender an individual charged criminally in this state with having failed to provide for the support of an obligee, the governor of this state may require a prosecutor of this state to demonstrate that at least sixty days previously the obligee had initiated proceedings for support pursuant to this chapter or that the proceeding would be of no avail.

2. If, under this chapter, or a law substantially similar to this chapter, the Uniform Reciprocal Enforcement of Support Act, or the Revised Uniform Reciprocal Enforcement of Support Act, the governor of another state makes a demand that the governor of this state surrender an individual charged criminally in that state with having failed to provide for the support of a child or other individual to whom a duty of support is owed, the governor may require a prosecutor to investigate the demand and report whether a proceeding for support has been initiated or would be effective. If it appears that a proceeding would be effective but has not been initiated, the governor may delay honoring the demand for a reasonable time to permit the initiation of a proceeding.

3. If a proceeding for support has been initiated and the individual whose rendition is demanded prevails, the governor may decline to honor the demand. If the movant prevails and the individual whose rendition is demanded is subject to a support order, the governor may decline to honor the demand if the individual is complying with the support order.

97 Acts, ch 175, §177

NOTES
PREFACE TO 2009 IOWA CODE

The 2009 Iowa Code is published pursuant to Code chapter 2B by the Legislative Services Agency. Its form is substantially the same as the 2007 Iowa Code, and it includes the permanent enactments of the 2007 and 2008 sessions of the Eighty-second General Assembly or of an earlier session if the effective date of the enactments was delayed. Except as otherwise indicated in the text or in a footnote, the new sections, amendments, and repeals were effective on or before July 1, 2008. Refer to the specific enactments to determine effective dates not shown.

CODE VOLUMES AND ARRANGEMENTS. The 2009 Code is published in six textual volumes and one Tables and Index volume. A Skeleton and Popular Name Index printed on pink paper appears at the end of each volume. The Table of Contents on page v enumerates the titles and subtitles found in the Code, and each volume contains an Analysis by Titles, Subtitles, and Chapters for that volume.

EDITORIAL DECISIONS. If multiple amendments were enacted to a section or part of a section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required under Code sections 2B.13 and 4.11. If multiple amendments conflicted, a strike or repeal prevailed over an amendment to the same material. If multiple amendments were irreconcilable, the amendment that was last in the Act or latest in date of enactment was codified as provided in Code sections 2B.13 and 4.8. At the end of Volume VI are Code Editor’s Notes which explain the major editorial decisions relating to codifying the 2008 Acts. The Code Editor’s Notes relating to codifying the 2007 Acts appear at the end of the 2007 Code Supplement. Code section 2B.13 governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of editorial changes.

HISTORIES. Bracketed material at the end of many Code sections traces the history of the subject matter of those sections up through 1982. Beginning with the 1985 Code, that form of section history was not updated. An amendment to or enactment of a section which occurred during or after the 1983 legislative session is indicated by the addition of an Acts citation at the end of the section. If a section is transferred from one location to another, the section history at the new location will indicate the Code or Code Supplement in which the transfer took place.

CONSTITUTIONS. A codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is included with the introductory material at the beginning of Volume I.

TABLES. The tables appear at the beginning of the index volume which is entitled “Tables and Index.”

COMMENTS. The editorial staff of the Iowa Code welcomes comments and suggestions for improvements.

The voting members shall be registered voters of the state and hold no other elective or appointive state office. A voting member shall not be engaged in professional education for a major portion of the member’s time nor shall the member derive a major portion of income from any business or activity connected with education. Not more than five voting members shall be of the same political party. The terms of office for voting members are for six years beginning and ending as provided in section 69.19.

The nonvoting student member’s school district of enrollment shall notify the student’s parents if the student’s grade point average falls during the period in which the student is a member of the state board. The state board shall adopt rules under chapter 17A specifying criteria for the selection of applicants whose names shall be submitted to the governor. Criteria shall include, but are not limited to, academic excellence, participation in extracurricular and community activities, and interest in serving on the board. Rules adopted by the state board shall also require, if the student is a minor, supervision of the student by the student’s parent or guardian while the student is engaged in authorized state board business at a location other than the community in which the student resides, unless the student’s parent or guardian submits to the state board a signed release indicating the parent or guardian has determined that supervision of the student by the parent or guardian is unnecessary. The nonvoting student member appointment is not subject to section 69.16 or 69.16A. Special meetings of the state board may be called by the president or by any five members of the board on five days’ notice given to each member.
86 Acts, ch 1245, §1406; 88 Acts, ch 1013, §1

256.7 Duties of state board.
Except for the college student aid commission and the public broadcasting board and division, the state board shall:
1. Adopt and establish policy for programs and services of the department pursuant to law.
2. Constitute the state board for vocational education under chapter 258.
3. Prescribe standards and procedures for the approval of practitioner preparation programs and professional development programs offered in this state by practitioner preparation institutions located within or outside this state and by area education agencies. Procedures provided for approval of programs shall include procedures for enforcement of the prescribed standards and shall not include a procedure for the waiving of any of the standards prescribed. The board may establish by rule and collect from practitioner preparation institutions located outside this state an amount equivalent to the department’s necessary travel and actual expenses incurred while engaged in the program approval process for the institution located outside this state. Amounts collected under this subsection shall be deposited in the general fund of the state.
4. Adopt, and update annually, a five-year plan for the achievement of educational goals in Iowa.
5. Adopt rules under chapter 17A for carrying out the responsibilities of the department.
6. Hear appeals of persons aggrieved by decisions of boards of directors of school corporations under chapter 250 and other appeals prescribed by law. The state board may review the record and shall review the decision of the director of the department of education or the administrative law
judge designated for any appeals heard and decided by the director under chapter 290, and may affirm, modify, or vacate the decision, or may direct a rehearing before the director.

7. Adopt rules under chapter 17A for the use of telecommunications as an instructional tool for students enrolled in kindergarten through grade twelve and served by local school districts, accredited or approved nonpublic schools, area education agencies, community colleges, institutions of higher education under the state board of regents, and independent colleges and universities in elementary and secondary school classes and courses. The rules shall include but need not be limited to rules relating to programs, educational policy, instructional practices, staff development, use of pilot projects, curriculum monitoring, and the accessibility of licensed teachers.

   a. When curriculum is provided by means of telecommunications, it shall be taught by an appropriately licensed teacher. The teacher shall either be present in the classroom, or be present at the location at which the curriculum delivered by means of telecommunications originates.

   b. The rules shall provide that when the curriculum is taught by an appropriately licensed teacher at the location at which the telecommunications originates, the curriculum received at a remote site shall be under the supervision of a licensed teacher. The licensed teacher at the originating site may provide supervision of students at a remote site or the school district in which the remote site is located may provide for supervision at the remote site if the school district deems it necessary or if requested to do so by the licensed teacher at the originating site. For the purposes of this subsection, “supervision” means that the curriculum is monitored by a licensed teacher and the teacher is accessible to the students receiving the curriculum by means of telecommunications.

   c. The state board shall establish an advisory committee to make recommendations for rules required under this subsection on the use of telecommunications as an instructional tool. The committee shall be composed of representatives from community colleges, area education agencies, accredited or approved nonpublic schools, and local school districts from various enrollment categories. The representatives shall include board members, school administrators, teachers, parents, students, and associations interested in education.

   d. For the purpose of the rules adopted by the state board, telecommunications means narrowcast communications through systems that are directed toward a narrowly defined audience and includes interactive live communications.

8. Rules adopted under this section shall provide that telecommunications shall not be used by school districts as the exclusive means to provide any course which is required by the minimum educational standards for accreditation.

9. Develop evaluation procedures that will measure the effects of instruction by means of telecommunications on student achievement, socialization, intellectual growth, motivation, and other related factors deemed relevant by the state board, for the development of an educational database. The state board shall consult with the state board of regents and the practitioner preparation departments at its institutions, other practitioner preparation departments located within private colleges and universities, educational research agencies or facilities, and other agencies deemed appropriate by the state board, in developing these procedures.

10. Adopt rules pursuant to chapter 17A relating to the use of telecommunications for educational programs pursuant to sections 282.29, 282.30, 282.31, and 282.33.

11. Prescribe guidelines for facility standards, maximum class sizes, and maximum in classroom pupil-teacher and teacher-aide ratios for grades kindergarten through three and before and after school and summer child care programs provided under the direction of the school district. The department also shall indicate modifications to such guidelines necessary to address the needs of at-risk children.

12. Elect to a two-year term, from its members in each even-numbered year, a president of the state board, who shall serve until a successor is elected and qualified.

13. Adopt rules and a procedure for accrediting all apprenticeship programs in the state which receive state or federal funding. In developing the rules, the state board shall consult with schools and labor or trade organizations affected by or currently operating apprenticeship or training programs. Rules adopted shall be the same or similar to criteria established for the operation of apprenticeship programs at community colleges.

14. The department may waive the third and fourth years of the foreign language requirement on an annual basis upon the request of the board of directors of a school district or the authorities in charge of a nonpublic school if the board or authorities are able to prove that a licensed teacher was employed and assigned a schedule that would have allowed students to enroll in a foreign language class, the foreign language class was properly scheduled, students were aware that a foreign language class was scheduled, and no students enrolled in the class.

g. All students physically able shall be required to participate in physical education activities during each semester they are enrolled in school except as otherwise provided in this paragraph. A minimum of one-eighth unit each semester is required.    b. Gifted and talented pupils.
   c. At-risk students.

8. The exemption may be renewed. Exemptions shall be granted only if the director deems that the request made is an essential part of a planned innovative curriculum project which the director determines will adequately meet the educational needs and interests of the pupils and be broadly consistent with the intent of the educational program as defined in subsection 5. The request for exemption shall include all of the following:
   a. Rationale of the project to include supportive research evidence.
   b. Objectives of the project.
   c. Provisions for administration and conduct of the project, including the use of personnel, facilities, time, techniques, and activities.

9. Beginning July 1, 2006, each school district shall have a qualified teacher librarian who shall be licensed by the board of educational examiners under chapter 272. The state board shall establish in rule a definition of and standards for an articulated sequential kindergarten through grade twelve media program. A school district that entered into a contract with an individual for employment as a media specialist or librarian prior to June 1, 2006, shall be considered to be in compliance with this subsection until June 30, 2011, if the individual is making annual progress toward meeting the requirements for a teacher librarian endorsement issued by the board of educational examiners under chapter 272. A school district that entered into a contract with an individual for employment as a media specialist or librarian who holds at least a master’s degree in library and information studies shall be considered to be in compliance with this subsection until the individual leaves the employ of the school district.

9A. Beginning July 1, 2007, each school district shall have a qualified guidance counselor who shall be licensed by the board of educational examiners under chapter 272. Each school district shall work toward the goal of having one qualified guidance counselor for every three hundred fifty students enrolled in the school district. The state board shall establish in rule a definition of and standards for an articulated sequential kindergarten through grade twelve guidance and counseling program.

9B. Beginning July 1, 2007, each school dis-

Each school district shall work toward the goal of having one school nurse for every seven hundred fifty students enrolled in the school district. For purposes of this subsection, “school nurse” means a person who holds an endorsement or a statement of professional recognition for school nurses issued by the board of educational examiners under chapter 272.

10. The state board shall establish an accreditation process for school districts and nonpublic schools seeking accreditation pursuant to this subsection and subsections 11 and 12. By July 1, 1989, all school districts shall meet standards for accreditation. For the school year commencing July 1, 1989, and school years thereafter, the department of education shall use a two-phase process for the continued accreditation of schools and school districts.

a. Phase I shall consist of annual monitoring by the department of education of all accredited schools and school districts for compliance with accreditation standards adopted by the state board of education as provided in this section. The phase I monitoring requires that accredited schools and school districts annually complete accreditation compliance forms adopted by the state board and file them with the department of education. Phase I monitoring requires a comprehensive desk audit of all accredited schools and school districts including review of accreditation compliance forms, accreditation visit reports, methods of administration reports, and reports submitted in compliance with section 256.7, subsection 21, paragraph “a”, and section 280.12.

The department shall conduct site visits to schools and school districts to address accreditation issues identified in the desk audit. Such a visit may be conducted by an individual departmental consultant or may be a comprehensive site visit by a team of departmental consultants and other educational professionals. The purpose of a comprehensive site visit is to determine that a district is in compliance with minimum standards and to provide a general assessment of educational practices in a school or school district and make recommendations with regard to the visit findings for the purposes of improving educational practices above the level of minimum compliance. The department shall establish a long-term schedule of site visits that includes visits of all accredited schools and school districts as needed.

b. (1) Phase II requires the use of an accreditation committee, appointed by the director of the department of education, to conduct an on-site visit to an accredited school or school district if any of the following conditions exist:

(a) When either the annual monitoring or the biennial on-site visit of phase I indicates that a school or school district is deficient and fails to be in compliance with accreditation standards.

(b) In response to a petition filed with the director requesting such a committee visitation that is signed by eligible electors residing in the school district equal in number to at least twenty percent of the registered voters of the school district.

(c) In response to a petition filed with the director requesting such a committee visitation that is signed by twenty percent or more of the parents or guardians who have children enrolled in the school or school district.

(d) At the direction of the state board of education.

(e) The school budget review committee submits to the department a recommendation for a fiscal review pursuant to section 257.31, subsection 18.

(2) The number and composition of the membership of an accreditation committee shall be determined by the director and may vary due to the specific nature or reason for the visit. In all situations, however, the chairperson and a majority of the committee membership shall be from the instructional and administrative program specialty staff of the department of education. Other members may include instructional and administrative staff from school districts, area education agencies, institutions of higher education, local board members and the general public. An accreditation committee visit to a nonpublic school requires membership on the committee from nonpublic school instructional or administrative staff or board members. A member of a committee shall not have a direct interest in the nonpublic school or school district being visited.

(3) Rules adopted by the state board may include provisions for coordination of the accreditation process under this section with activities of accreditation associations.

(4) Prior to a visit to a school district or nonpublic school, members of the accreditation committee shall have access to all annual accreditation report information filed with the department by that nonpublic school or school district.

(5) After visiting the school district or nonpublic school, the accreditation committee shall determine whether the accreditation standards have been met and shall make a report to the director, together with a recommendation whether the school district or nonpublic school shall remain accredited. The accreditation committee shall report strengths and weaknesses, if any, for each standard and shall advise the school or school district of available resources and technical assistance to further enhance strengths and improve areas of weakness. A school district or nonpublic school shall be provided with the opportunity to respond to the accreditation committee’s report.

11. The director shall review the accreditation committee’s report, and the response of the school
district or nonpublic school, and provide a report and recommendation to the state board along with copies of the accreditation committee’s report, the response to the report, and other pertinent information. The state board shall determine whether the school district or nonpublic school shall remain accredited. If the state board determines that a school district or nonpublic school should not remain accredited, the director, in cooperation with the board of directors of the school district, or authorities in charge of the nonpublic school, shall establish a plan prescribing the procedures that must be taken to correct deficiencies in meeting the standards, and shall establish a deadline date for completion of the procedures. The plan is subject to approval of the state board.

12. During the period of time specified in the plan for its implementation by a school district or nonpublic school, the school district or school remains accredited. The accreditation committee shall revisit the school district or nonpublic school and shall determine whether the deficiencies in the standards have been corrected and shall make a report and recommendation to the director and the state board. The committee recommendation shall specify whether the school district or school shall remain accredited or under what conditions the district may remain accredited. The conditions may include, but are not limited to, providing temporary oversight authority, operational authority, or both oversight and operational authority to the director and the state board for some or all aspects of the school district operation, in order to bring the school district into compliance with minimum standards. The state board shall review the report and recommendation, may request additional information, and shall determine whether the deficiencies have been corrected. If the deficiencies have not been corrected, and the conditional accreditation alternatives contained in the report are not mutually acceptable to the local board and the state board, the state board shall merge the territory of the school district with one or more contiguous school districts at the end of the school year. Division of assets and liabilities of the school district shall be as provided in sections 275.29 through 275.31. Until the merger is completed, and subject to a decision by the state board of education, the school district shall pay tuition for its resident students to an accredited school district under section 282.24. However, in lieu of merger and payment of tuition by a nonaccredited school district, the state board may place a district under receivership for the remainder of the school year. The receivership shall be under the direct supervision and authority of the director. The decision of whether to merge the school district and require payment of tuition for the district’s students or to place the district under receivership shall be based upon a determination by the state board of the best interests of the students, parents, residents of the community, teachers, administrators, and board members of the district and the recommendations of the accreditation committee and the director. If the state board declares a nonpublic school to be nonaccredited, the removal of accreditation shall take effect on the date established by the resolution of the state board, which shall be no later than the end of the school year in which the nonpublic school is declared to be nonaccredited.

13. Notwithstanding subsections 1 through 12 and as an exception to their requirements, a private high school or private combined junior-senior high school operated for the express purpose of teaching a program designed to qualify its graduates for matriculation at accredited four-year or equivalent liberal arts, scientific, or technological colleges or universities shall be placed on a special accredited list of college preparatory schools, which list shall signify accreditation of the school for that express purpose only, if:

a. The school complies with minimum standards established by the Code other than this section, and rules adopted under the Code, applicable to:
   (1) Courses comprising the limited program.
   (2) Health requirements for personnel.
   (3) Plant facilities.
   (4) Other environmental factors affecting the programs.

b. At least eighty percent of those graduating from the school within the four most recent calendar years, other than those graduating who are aliens, graduates entering military or alternative civilian service, or graduates deceased or incapacitated before college acceptance, have been accepted by accredited four-year or equivalent liberal arts, scientific, or technological colleges or universities.

c. A school claiming to be a private college preparatory school which fails to comply with the requirement of paragraph "b" of this subsection shall be placed on the special accredited list of college preparatory schools provisionally if the school complies with the requirements of paragraph "a" of this subsection, but a provisional accreditation shall not continue for more than four successive years.

14. Notwithstanding subsections 1 through 13 and as an exception to their requirements, a nonpublic grade school which is reopening is accredited even if it does not have a complete grade one through grade six program. However, the nonpublic grade school must comply with other minimum standards established by law and administrative rules adopted pursuant to the law and the nonpublic grade school must show progress toward reaching a grade one through grade six program.

15. The board of directors of a school district or the authorities in charge of a nonpublic school may award credit toward graduation to a student if the student successfully completes basic training for service as a member of the Iowa army national

2. A request for a waiver filed by the board of directors of a school district pursuant to subsection 1 shall describe actions being taken by the district to meet the requirement for which the district has requested a waiver. A school district cannot request a waiver of a requirement under subsection 1 if it met the requirements of section 256.11, subsection 9, 9A, or 9B, as applicable, in the previous school year.

256.11B Vocational education instruction — nonpublic schools.

A nonpublic school which provides an educational program that includes grades nine through twelve shall offer and teach five units of occupational education subjects, which may include, but are not limited to, programs, services, and activities which prepare students for employment in business or office occupations, trade and industrial occupations, consumer and family sciences or home economics occupations, agriculture occupations, marketing occupations, and health occupations. 256.12 Sharing instructors and services.

1. The director, when necessary to realize the purposes of this chapter, shall approve the enrollment in public schools for specified courses of students who are also enrolled in private schools, when the courses in which they seek enrollment are not available to them in their private schools, provided the students have satisfactorily completed prerequisite courses, if any, or have otherwise shown equivalent competence through testing. Courses made available to students in this manner shall be considered as compliance by the private schools in which the students are enrolled with any standards or laws requiring private schools to offer or teach the courses.

2. This section does not deprive the respective boards of public school districts of any of their legal powers, statutory or otherwise, and in accepting the specially enrolled students, each of the boards shall prescribe the terms of the special enrollment, including but not limited to scheduling of courses and the length of class periods. In addition, the board of the affected public school district shall be given notice by the department of its decision to permit the special enrollment not later than six months prior to the opening of the affected public school district’s school year, except that the board of the public school district may waive the notice requirement. School districts and area education agency boards shall make public school services, which may include special education programs and services and may include health services, services for remedial education programs, guidance services, and school testing services, available to children attending nonpublic schools in the same manner and to the same extent that they are provided to public school students. The department shall review and approve or modify the accounting by September 1 and shall notify the department of administrative services of the approved accounting amount. The department of administrative services shall adjust the September payment to the local school district for the next fiscal year by the difference between the amount generated by the weighting for the provision of services to nonpublic school students, as provided in this subsection, and the amount of the actual costs as reflected in the local school district's accounting. Any amount paid by the department of administrative services shall be deducted monthly from the state foundation aid paid under section 257.16 during that fiscal year to all school districts in the state. The portion of the total amount of the approved accounting amount that shall be deducted from the state aid of a school district shall be the same as the ratio that the budget enrollment for the budget year of the school district bears to the total budget enrollment in the state for that budget year.

256.13 Nonresident pupils.

The boards of directors of two or more school districts may by agreement provide for attendance of pupils residing in one district in the schools of another district for the purpose of taking courses not offered in the district of their residence. 256.18 Character education policy.

1. It is the policy of the general assembly that Iowa’s schools be the best and safest possible. To that end, each school is encouraged to instill the highest character and academic excellence in each student, in close cooperation with the student’s parents, and with input from the community and educators.

Schools should make every effort, formally and informally, to stress character qualities that will maintain a safe and orderly learning environment, and that will ultimately equip students to be model citizens. C93, §256B.1

256B.2 Definitions — policies — funds.

1. “Children requiring special education” means persons under twenty-one years of age, including children under five years of age, who have a disability in obtaining an education because of a head injury, autism, behavioral disorder, or physiological, mental, communication, or learning disability, as defined by the rules of the department of education.

2. “Special education” means classroom, home, hospital, institutional, or other instruction designed to meet the needs of children requiring special education as defined in subsection 1; transportation and corrective and supporting services required to assist children requiring special education, as defined in subsection 1, in taking advantage of, or responding to, educational programs and opportunities, as defined by rules of the state board of education.

3. It is the policy of this state to require school districts and state operated educational programs to provide or make provision, as an integral part of public education, for a free and appropriate public education sufficient to meet the needs of all children requiring special education. This chapter is not to be construed as encouraging separate facilities or segregated programs designed to meet the needs of children requiring special education when the children can benefit from all or part of the education program as offered by the local school district. To the maximum extent possible, children requiring special education shall attend regular classes and shall be educated with children who do not require special education. Whenever possible, hindrances to learning and to the normal functioning of children requiring special education within the regular school environment shall be overcome by the provision of special aids and services rather than by separate programs for those in need of special education. Special classes, separate schooling, or other removal of children requiring special education from the regular educational environment, shall occur only when, and to the extent that, the nature or severity of the educational disability is such, that education in regular classes, even with the use of supplementary aids and services, cannot be accomplished satisfactorily. For those children who cannot adapt to the regular educational or home living conditions, and who are attending facilities under chapters 263, 269, and 270, upon the request of the board of directors of an area education agency, the department of human services shall provide residential or detention facilities and the area education agency shall provide special education programs and services. The area education agencies shall cooperate with the board of regents to provide the services required by this chapter.

Special aids and services shall be provided to children requiring special education who are less than five years of age if the aids and services will reasonably permit the child to enter the educational process or school environment when the child attains school age.

Every child requiring special education shall, if reasonably possible, receive a level of education commensurate with the level provided each child who does not require special education. The cost of providing such an education shall be paid as provided in section 273.9, this chapter, and chapter 257. It shall be the primary responsibility of each school district to provide special education to children who reside in that district if the children requiring special education are properly identified, the educational program or service has been approved, the teacher or instructor has been licensed, the number of children requiring special education needing that educational program or service is sufficient to make offering the program or service feasible, and the program or service can not more economically and equably be obtained from the area education agency, another school district, another group of school districts, a qualified private agency, or in cooperation with one or more other districts.

4. Moneys received by the school district of the child’s residence for the child’s education, derived from moneys received through chapter 257, this chapter, and section 273.9 shall be paid by the school district of the child’s residence to the appropriate education agency, private agency, or other school district providing special education for the child pursuant to contractual arrangements as provided in section 273.3, subsections 5 and 7.

1. To aid in the organization of special schools, classes and instructional facilities for children requiring special education, and to supervise the system of special education for children requiring special education.

2. To administer rules adopted by the state board that are consistent with this chapter for the approval of plans for special education programs and services submitted by the director of special education of the area education agency.

3. To adopt plans for the establishment and maintenance of day classes, schools, home instruction, and other methods of special education for children requiring special education.

4. To purchase and otherwise acquire special equipment, appliances and other aids for use in special education, and to loan or lease same under such rules and regulations as the department may prescribe.

5. To prescribe courses of study, and curricula for special schools, special classes and special instruction of children requiring special education, including physical and psychological examinations, and to prescribe minimum requirements for children requiring special education to be admitted to any such special schools, classes or instruction.

6. To provide for certification by the director of special education of the eligibility of children requiring special education for admission to, or discharge from, special schools, classes or instruction.

7. To initiate the establishment of classes for children requiring special education or home study services in hospitals, nursing, convalescent, juvenile and private homes, in cooperation with the management thereof and local school districts or area education agency boards.

8. To cooperate with school districts or area education agency boards in arranging for any child requiring special education to attend school in a district other than the one in which the child resides when there is no available special school, class, or instruction in the districts in which the child resides.

9. To cooperate with existing agencies such as the department of human services, the Iowa department of public health, the state school for the deaf, the Iowa braille and sight saving school, the state tuberculosis sanatorium, the children’s hospitals, or other agencies concerned with the welfare and health of children requiring special education in the coordination of their educational activities for such children.

10. To investigate and study the needs, methods and costs of special education for children requiring special education.

The board of directors of the local district or the area education agency shall employ qualified teachers certified by the authority provided by law as teachers for children requiring such special education. The maximum number of pupils per teacher shall be determined by the board of directors of the local district or the area education agency board in accordance with the rules and regulations of the state board of education.

The board of directors of the local district or the area education agency may establish and operate one or more special education centers to provide diagnostic, therapeutic, corrective, and other services, on a more comprehensive, expert, economical, and efficient basis than can be reasonably provided by a single school district. The services, if offered by the area education agency board, may be provided in the regular schools using personnel and equipment of the area education agency or, if it is impractical or inefficient to provide them on the premises of a regular school, the area education agency may provide services in its own facilities. To the maximum extent feasible, centers shall be established at and in conjunction with, or in close proximity to, one or more elementary and secondary schools. Local districts or the area education agencies may accept diagnostic and evaluation studies conducted by other individuals, hospitals, or centers, if determined to be competent. 256B.8 Exceptions.

It is not incumbent upon the school districts to keep a child requiring special education in regular instruction when the child cannot sufficiently profit from the work of the regular classroom, nor to keep a child requiring special education in the special class or instruction for children requiring special education when it is determined by the diagnostic educational team that the child can no longer benefit from the instruction or needs more specialized instruction available in special schools. However, the school district shall count the child requiring special education in the enrollment as provided in sections 256B.9, 257.6, and 273.9 and shall ensure that appropriate educational provisions are made for the child requiring special education.

An area education agency director of special education may request approval from the department of education to continue the special education program of a person beyond the person’s twenty-first birthday if the person had an accident or prolonged illness that resulted in delays in the initiation of or interruptions in that person’s special education program. Approval may be granted by the department to continue the special education program of that person for up to three years or until the person’s twenty-fourth birthday.

No provision of this chapter shall be construed to require or compel any person who is a member of a well-recognized church or religious denomination and whose religious convictions, in accordance with the tenets or principles of the person’s church or religious denomination, are opposed to medical or surgical treatment for disease, to take or follow a course of physical therapy, or submit to medical treatment, nor shall any parent or guardian who is a member of such church or religious denomination and who has such religious convictions be required to enroll a child in any course or instruction which utilizes medical or surgical treatment for disease.

256B.9 Weighting plan — audits — evaluations — expenditures.

1. In order to provide funds for the excess costs of instruction of children requiring special education, above the costs of instruction of pupils in a regular curriculum, a special education weighting plan for determining enrollment in each school district is adopted as follows:
   a. Pupils in a regular curriculum are assigned a weighting of one.
   b. Children requiring special education who require special adaptations while assigned to a regular classroom for basic instructional purposes and pupils with disabilities placed in a special education class who receive part of their instruction in regular classrooms are assigned a weighting of one and eight-tenths for the school year commencing July 1, 1975.
   c. Children requiring special education who require full-time, self-contained special education placement with little integration into a regular classroom are assigned a weighting of two and two-tenths for the school year commencing July 1, 1975.
   d. Children requiring special education who have severe disabilities or who have multiple disabilities are assigned a weighting of four and four-tenths for the school year commencing July 1, 1975.
   e. Shared-time and part-time pupils of school age who require special education shall be placed in the proper category and counted in the proportion that the time for which they are enrolled or receive instruction for the school year bears to the time that full-time pupils, carrying a normal course schedule, in the same school district, for the same school year are enrolled and receive instruction.

2. The weighting for each category of child multiplied by the number of children in each category in the enrollment of a school district, as identified and certified by the director of special education for the area, determines the weighted enroll-
3. The weight that a child is assigned under this section shall be dependent upon the required educational modifications necessary to meet the special education needs of the child. Enrollment for the purpose of this section, and all payments to be made pursuant thereto, includes all children for whom a special education program or course is to be provided pursuant to section 256.12, subsection 2, sections 273.1 to 273.9, and this chapter, whether or not the children are actually enrolled upon the records of a school district.

4. On December 1, 1987, and no later than December 1 every two years thereafter, for the school year commencing the following July 1, the director of the department of education shall report to the school budget review committee the average costs of providing instruction for children requiring special education in the categories of the weighting plan established under this section, and for providing services to nonpublic school students pursuant to section 256.12, subsection 2, and the director of the department of education shall make recommendations to the school budget review committee for needed alterations to make the weighting plan suitable for subsequent school years. The school budget review committee shall establish the weighting plan for each school year and shall report the plan to the director of the department of education. The school budget review committee may establish weights to the nearest hundredth. The school budget review committee shall not alter the weighting assigned to pupils in a regular curriculum, but it may increase or decrease the weighting assigned to each category of children requiring special education by not more than two-tenths of the weighting assigned to pupils in a regular curriculum. The state board of education shall adopt rules under chapter 17A to implement the weighting plan for each year and to assist in identification and proper indexing of each child in the state who requires special education.

5. The division of special education shall audit the reports required in section 273.5 to determine that all children in the area who have been identified as requiring special education have received the appropriate special education instructional and support services, and to verify the proper identification of pupils in the area who will require special education instructional services during the school year in which the report is filed. The division shall certify to the director of the department of management the correct total enrollment of each school district in the state, determined by applying the appropriate pupil weighting index to each child requiring special education, as certified by the directors of special education in each area. The division may conduct an evaluation of the special education instructional program or special education support services being provided by an area education agency, school district, or private agency, pursuant to sections 273.1 to 273.9 and this chapter, to determine if the program or service is adequate and proper to meet the needs of the child; if the child is benefiting from the program or service; if the costs are in proportion to the educational benefits being received; and if there are any improvements that can be made in the program or service. A written report of the evaluation shall be sent to the area education agency, school district, or private agency evaluated and to the president of the senate and speaker of the house of representatives of the general assembly.

6. The division may conduct an evaluation of the special education instructional program or special education support services being provided by an area education agency, school district, or private agency, pursuant to sections 273.1 to 273.9 and this chapter, to determine if the program or service is adequate and proper to meet the needs of the child; if the child is benefiting from the program or service; if the costs are in proportion to the educational benefits being received; and if there are any improvements that can be made in the program or service. A written report of the evaluation shall be sent to the area education agency, school district, or private agency evaluated and to the president of the senate and speaker of the house of representatives of the general assembly.
4. That the instruction is a natural and normal progression of a planned course of instruction.
5. That all revenue raised for support of special education instruction and services is expended for actual delivery of special education instruction or services.

2. The department of education shall designate an area education agency to develop a system for collecting the information necessary to implement procedures for billing and collecting the costs of the services. 6. Effective November 1, 1988, all area education agencies in the state shall participate in the program and begin billing for and collecting for the covered services and shall bill for services provided retroactive to July 1, 1988. Retroactive Title XIX billing is contingent upon state plan approval. Nothing contained in this section shall be construed to allow nonlicensed individuals to perform services which otherwise require licenses under the laws of this state or to allow licensed providers to perform services outside their scope of practice.

7. The area education agencies shall transfer to the department of education an amount equal to eighty-four percent of the payments received from the medical assistance program provided pursuant to chapter 249A. 256C.4 Funding provisions — enrollment.

1. General.

a. State funding provided under the preschool program shall be based upon the enrollment of eligible students in the preschool programming provided by a school district approved to participate in the preschool program.

b. A school district approved to participate in the preschool program may authorize expenditures for the district's preschool programming from any of the revenue sources available to the district from the sources listed in chapter 298A, provided the expenditures are within the uses permitted for the revenue source. For that school year, the preschool foundation aid payable to the school district is the product of the regular program state cost per pupil for the school year multiplied by sixty percent of the school district’s eligible student enrollment on the date in the school year determined by rule.

3. Insufficient funding. For the fiscal years in the period beginning July 1, 2007, and ending June 30, 2011, if the number of requests from school districts for initial participation in the preschool program exceeds the funding made available for the preschool program, the department shall utilize all of the following selection criteria in selecting the school districts that will be approved to participate in the preschool program:
   a. Priority shall be given to school districts that do not have existing preschool programming within the school district boundaries.
   b. Priority shall be given to school districts that have a high percentage of children in poverty and such children shall receive first priority for the programs.

FUTURE REPEAL

256D.9 Future repeal.

256D.1 Iowa early intervention block grant program established — goals.

1. An Iowa early intervention block grant program is established within the department of education. The program’s goals for kindergarten through grade three are to provide the resources needed to reduce class sizes in basic skills instruction to the state goal of seventeen students for every one teacher; provide direction and resources for early intervention efforts by school districts to achieve a higher level of student success in the basic skills, especially reading skills; and increase communication and accountability regarding student performance. The Iowa early intervention block grant program shall consist of the following:

a. Class size management. School districts shall develop a class size management strategy to work toward, or to maintain, class sizes in basic skills instruction for kindergarten through grade three that are at the state goal of seventeen students for every one teacher.

b. Improving instruction in the basics. The department of education shall identify diagnostic assessment tools that can be used to assist teachers in measuring reading accuracy and fluency skills, including but not limited to phonemic awareness, oral reading ability, and comprehension skills, to improve student achievement in kindergarten through grade three. The department, in collaboration with the area education agencies,
school districts, and institutions with approved practitioner preparation programs, shall identify and serve as a clearinghouse on intensive, research-based strategies and programs for training teachers in both diagnosis and appropriate instruction interventions.

(1) A school district shall at a minimum biannually inform parents of their individual child's performance on the diagnostic assessments in kindergarten through grade three. If intervention is appropriate, the school district shall inform the parents of the actions the school district intends to take to improve the child's reading skills and provide the parents with strategies to enable the parents to improve their child's skills. If the diagnostic assessments administered in accordance with this subsection indicate that a child is reading below grade level, the school district shall submit a report of the assessment results to the parent, which the parent shall sign and return to the school district. If the parent does not sign or return the report, the school district shall note in the student's record the inaction on the part of the parent. The board of directors of each school district shall adopt a policy indicating the methods the school district will use to inform parents of their individual child's performance.

(2) The department shall also identify for school districts programs and materials by which parents may support classroom reading instruction.

2. A school district shall integrate its specific early intervention block grant program goals and activities into the comprehensive school improvement plan required under section 256.7, subsection 21, paragraph “a”.

3. For purposes of this chapter, unless the context otherwise requires, “parent” means a biological or adoptive parent, a stepparent, or a legal guardian or custodian of a student.

256D.2 Program expenditures.
1. A school district shall expend funds received pursuant to section 256D.4 at the kindergarten through grade three levels to reduce class sizes to the state goal of seventeen students for every one teacher and to achieve a higher level of student success in the basic skills, especially reading. In order to support these efforts, school districts may expend funds received pursuant to section 256D.4 at the kindergarten through grade three levels to reduce class sizes to the state goal of seventeen students for every one teacher and to achieve a higher level of student success in the basic skills, especially reading. The annual report submitted to the department by the school district shall use to inform parents of their individual child's performance.

2. The department shall also identify for school districts programs and materials by which parents may support classroom reading instruction.

3. For purposes of this chapter, unless the context otherwise requires, “parent” means a biological or adoptive parent, a stepparent, or a legal guardian or custodian of a student.

256D.3 Annual reports.
1. A school district shall report annually to its school community the proportion of fourth grade students who are proficient in reading in accordance with section 256.7, subsection 21, paragraph “c”. School districts are encouraged to submit to their communities composite information concerning the reading proficiency of their kindergarten through grade three enrollments, by grade level.

2. The annual report submitted to the department of education in accordance with section 256.7, subsection 21, paragraph “c”, shall include the district's current class sizes for kindergarten through grade three.
3. Beginning January 15, 2006, the department shall submit an annual report to the chairpersons and ranking members of the senate and house education committees that includes the statewide average school district class size in basic skills instruction in kindergarten through grade three, by grade level and by district size, and describes school district progress toward achieving early intervention block grant program goals and the ways in which school districts are using moneys received pursuant to this chapter and expended as provided in section 256D.2. The report shall include district-by-district information showing the allocation received for early intervention block grant program purposes, the total number of students enrolled in grade four in each district, and the number of students in each district who are not proficient in reading in grade four for the most recent reporting period, as well as for each reporting period starting with the school year beginning July 1, 2001.

a. Fifty percent of the allocation shall be based upon the proportion that the kindergarten through grade three enrollment of a district bears to the sum of the kindergarten through grade three enrollments of all school districts in the state as reported for the base year.

b. Fifty percent of the allocation shall be based upon the proportion that the number of children who are eligible for free or reduced price meals under the federal National School Lunch Act and the federal Child Nutrition Act of 1966, 42 U.S.C. § 1751-1785, in grades one through three of a school district bears to the sum of the number of children who are eligible for free or reduced price meals under the federal National School Lunch Act and the federal Child Nutrition Act of 1966, 42 U.S.C. § 1751-1785, in grades one through three in all school districts in the state for the base year.

### 257.1 State school foundation program — state aid.

1. **Program established.** A state school foundation program is established for the school year commencing July 1, 1991, and succeeding school years.

2. **State school foundation aid — foundation base.**

   a. For a budget year, each school district in the state is entitled to receive foundation aid, in an amount per pupil equal to the difference between the amount per pupil of foundation property tax in the district, and the combined foundation base per pupil or the combined district cost per pupil, whichever is less. However, if the amount of foundation aid received by a school district under this chapter is less than three hundred dollars per pupil, the district is entitled to receive three hundred dollars per pupil unless the receipt of three hundred dollars per pupil plus the per pupil amount raised by the foundation property tax exceeds the combined district cost per pupil of the district for the budget year. In that case, the district is entitled to receive an amount per pupil equal to the difference between the per pupil amount raised by the foundation property tax for the budget year and the combined district cost per pupil for the budget year.

   b. For the budget year commencing July 1, 1999, and for each succeeding budget year the regular program foundation base per pupil is eighty-seven and five-tenths percent of the regular program state cost per pupil. For the budget year commencing July 1, 1991, and for each succeeding budget year the special education support services foundation base is seventy-nine percent of the special education support services state cost per pupil. The combined foundation base is the sum of the regular program foundation base, the special education support services foundation base, the total teacher salary supplement district cost, the total professional development supplement district cost, the total early intervention supplement district cost, the total area education agency teacher salary supplement district cost, and the total area education agency professional development supplement district cost.

   c. For the budget year commencing July 1, 1999, the department of management shall add the amount of the additional budget adjustment computed in section 257.14, subsection 1, to the combined foundation base.

3. **Computations rounded.** In making computations and payments under this chapter, except in the case of computations relating to funding of special education support services, media services, and educational services provided through the area education agencies, and the teacher salary supplement, the professional development supplement, and the early intervention supplement, the department of management shall round amounts to the nearest whole dollar.

4. **Legislative review.** The provisions of this chapter shall be subject to legislative review at least every five years. The review shall be based upon a school finance formula status report containing the recommendations of a legislative interim committee appointed to conduct a review of the school finance formula, to be prepared with the assistance of the department of education, in association with the departments of management and revenue. The report shall include recommendations for school finance formula changes or revisions based upon demographic changes, enrollment trends, and property tax valuation fluctuations observed during the preceding five-year interval; an analysis of the operation of the school finance formula during the preceding five-year interval; and a summary of issues that have arisen since the previous review and potential approaches for their resolution. The first such report shall be submitted to the general assembly no later than January 1, 2005, with subsequent reports developed and submitted by January 1 at least every fifth year thereafter.

5. “Combined district cost per pupil” is an amount determined by adding together the regular program district cost per pupil for a year and the special education support services district cost per pupil for that year as calculated under section 257.10.
6. “Combined state cost per pupil” is a per pupil amount determined by adding together the regular program state cost per pupil for a year and the special education support services state cost per pupil for that year as calculated under section 257.9.
7. “Committee” means the school budget review committee.
8. “Expenditures” means the total amounts paid from the general fund of a school district.

1. Amount of tax. Except as provided in subsections 2 and 3, a school district shall cause to be levied each year, for the school general fund, a foundation property tax equal to five dollars and forty cents per thousand dollars of assessed valuation on all taxable property in the district. The county auditor shall spread the foundation levy over all taxable property in the district.

The amount paid to each school district for the tax replacement claim for industrial machinery, equipment and computers under section 427B.19A shall be regarded as property tax. The portion of the payment which is foundation property tax shall be determined by applying the foundation property tax rate to the amount computed under section 427B.19, subsection 3, paragraph “a”, as adjusted by paragraph “d”, if any adjustment was made.

Replacement taxes under chapter 437A shall be regarded as property taxes for purposes of this chapter.
2. Tax for reorganized and dissolved districts.
   a. Notwithstanding subsection 1, a reorganized school district shall cause a foundation property tax of four dollars and forty cents per thousand dollars of assessed valuation to be levied on all taxable property which, in the year preceding a reorganization, was within a school district affected by the reorganization as defined in section 275.1, or in the year preceding a dissolution was a part of a school district that dissolved if the dissolution proposal has been approved by the director of the department of education pursuant to section 275.55.
   b. In succeeding school years, the foundation property tax levy on that portion shall be increased to the rate of four dollars and ninety cents per thousand dollars of assessed valuation the first succeeding year, five dollars and fifteen cents per thousand dollars of assessed valuation the second succeeding year, and five dollars and forty cents per thousand dollars of assessed valuation the third succeeding year and each year thereafter.
   c. The foundation property tax levy reduction pursuant to this subsection shall be available if either of the following apply:
   (1) In the year preceding the reorganization or dissolution, the school district affected by the reorganization or the school district that dissolved had a certified enrollment of fewer than six hundred pupils.
   (2) In the year preceding the reorganization or dissolution, the school district affected by the reorganization or the school district that dissolved had
a certified enrollment of six hundred pupils or greater, and entered into a reorganization or dissolution with one or more school districts with a certified enrollment of fewer than six hundred pupils. The amount of foundation property tax reduction received by a school district qualifying for the reduction pursuant to this subparagraph shall not exceed the highest reduction amount provided in paragraphs “a” and “b” received by any of the school districts with a certified enrollment of fewer than six hundred pupils involved in the reorganization pursuant to subparagraph (1) of this paragraph “c”.

d. For purposes of this section, a reorganized school district is one which absorbs at least thirty percent of the enrollment of the school district affected by a reorganization or dissolved during a dissolution and in which action to bring about a reorganization or dissolution is initiated by a vote of the board of directors or jointly by the affected boards of directors to take effect on or after July 1, 2007, and on or before July 1, 2014. Each district which initiated, by a vote of the board of directors or jointly by the affected boards, action to bring about a reorganization or dissolution to take effect on or after July 1, 2007, and on or before July 1, 2014, shall certify the date and the nature of the action taken to the department of education by January 1 of the year in which the reorganization or dissolution takes effect. For a reorganization or dissolution that took effect on or after July 1, 2002, and on or before July 1, 2006, the reorganized school district shall continue to receive the benefits of paragraphs “a” and “b” of this subsection for the time specified in those paragraphs.

3. Railway corporations. For purposes of section 257.1, the “amount per pupil of foundation property tax” does not include the tax levied under subsection 1 or 2 on the property of a railway corporation, or on its trustee if the corporation has been declared bankrupt or is in bankruptcy proceedings.

257.4 Additional property tax.

1. Computation of tax.

a. A school district shall cause an additional property tax to be levied each year. The rate of the additional property tax levy in a school district shall be determined by the department of management and shall be calculated to raise the difference between the combined district cost for the budget year and the sum of the following:

(1) The product of the regular program foundation base per pupil times the weighted enrollment in the district.

(2) The product of special education support services foundation base per pupil times the special education support services weighted enrollment in the district.

(3) The total teacher salary supplement district cost.

(4) The total professional development supplement district cost.

(5) The total early intervention supplement district cost.

(6) The total area education agency teacher salary supplement district cost.

(7) The total area education agency professional development supplement district cost.

b. For the budget year beginning July 1, 2008, and succeeding budget years, the department of management shall annually determine an adjusted additional property tax levy and a statewide maximum adjusted additional property tax levy rate, not to exceed the statewide average additional property tax levy rate, calculated by dividing the total adjusted additional property tax levy dollars statewide by the statewide total net taxable valuation. For purposes of this paragraph, the adjusted additional property tax levy shall be that portion of the additional property tax levy corresponding to the state cost per pupil multiplied by a school district’s weighted enrollment, and then multiplied by one hundred percent less the regular program foundation base per pupil percentage pursuant to section 257.1. The district shall receive adjusted additional property tax levy aid in an amount equal to the difference between the adjusted additional property tax levy rate and the statewide maximum adjusted additional property tax levy rate, as applied per thousand dollars of assessed valuation on all taxable property in the district. The statewide maximum adjusted additional property tax levy rate shall be annually determined by the department taking into account amounts allocated pursuant to section 257.15, subsection 4. The statewide maximum adjusted additional property tax levy rate shall be annually determined by the department taking into account amounts allocated pursuant to section 257.15, subsection 4, and the balance of the property tax equity and relief fund created in section 257.16A at the end of the calendar year.

2. Supplemental aid.

a. However, if the rate of the additional property tax levy determined under subsection 1 with the application of section 257.15 for a budget year for a reorganized school district is higher than the rate of additional property tax levy determined under subsection 1 with the application of section 257.15 for the year previous to the reorganization for a school district that had a certified enrollment of less than six hundred and that was within the school districts affected by the reorganization as defined in section 275.1, the department of management shall reduce the rate of the additional property tax levy in the portion of the reorganized
district where the new rate is higher, to the rate that was levied in that portion of the district during the year preceding the reorganization, for a five-year period. The department of management shall include in the state aid payments made to each reorganized school district under section 257.16 during each of the first five years of existence of the reorganized district as supplemental aid, moneys equal to the reduction in property tax revenues made under this subsection. For the budget year beginning July 1, 1991, the base year calculation shall be made using chapter 442, Code 1991.

b. For purposes of this section, a reorganized school district is one in which action to bring about a reorganization was initiated by a vote of the board of directors or jointly by the affected boards of directors prior to November 30, 1990, and the reorganization will take effect on or after July 1, 1991, and on or before July 1, 1993. Each district which initiated, by a vote of the board of directors or jointly by the affected boards, action to bring about a reorganization or dissolution by November 30, 1990, shall certify the date and the nature of the action taken to the department of education by September 1, 1991.

3. Application of tax. No later than June 15 of each year, the department of management shall notify the county auditor of each county the amount, in dollars and cents per thousand dollars of assessed value, of the additional property tax levy in each school district in the county. A county auditor shall spread the additional property tax levy for each school district in the county over all taxable property in the district.

257.5 Continuation of supplemental aid.

A reorganized school district, as defined in section 257.4, subsection 2, receiving supplemental aid prior to July 1, 1991, under section 442.9A, Code 1991, shall continue to receive supplemental aid as provided in that section for the five-year period specified in that section.

There is appropriated from the general fund of the state to the department of management for each fiscal year an amount sufficient to pay the supplemental aid to school districts under this section. Supplemental aid shall be paid in the manner provided in section 257.16.

For the purpose of the department of management's determination of the portion of a school district's budget that was property tax and the portion that was state aid under section 257.36, supplemental aid shall be considered property tax.

257.6 Enrollment.

1. Actual enrollment.

a. Actual enrollment is determined annually on October 1, or the first Monday in October if October 1 falls on a Saturday or Sunday, and includes all of the following:

(1) Resident pupils who were enrolled in public schools within the district in grades kindergarten through twelve and including prekindergarten pupils enrolled in special education programs.

(2) Full-time equivalent resident pupils of high school age for which the district pays tuition to attend an Iowa community college.

(3) Shared-time and part-time pupils of school age enrolled in public schools within the district, irrespective of the districts in which the pupils reside, in the proportion that the time for which they are enrolled or receive instruction for the school year is to the time that full-time pupils carrying a normal course schedule, at the same grade level, in the same school district, for the same school year, are enrolled and receive instruction. Tuition charges to the parent or guardian of a shared-time or part-time nonresident pupil shall be reduced by the amount of any increased state aid received by the district by the counting of the pupil.

(4) Eleventh and twelfth grade nonresident pupils who were residents of the district during the preceding school year and are enrolled in the district until the pupils graduate. Tuition for those pupils shall not be charged by the district in which the pupils are enrolled and the requirements of section 282.18 do not apply.

(5) Resident pupils receiving competent private instruction from a licensed practitioner provided through a public school district pursuant to chapter 299A shall be counted as three-tenths of one pupil. School districts shall not spend less than the amount expended for the delivery of home school assistance programming during the fiscal year beginning July 1, 2007, unless there is a decline in enrollment in the program. If a school district offered a home school assistance program in the fiscal year beginning July 1, 2007, it shall continue to offer a home school assistance program in the fiscal year beginning July 1, 2008, and subsequent fiscal years. If the school district determines that the expenditures associated with providing competent private instruction pursuant to chapter 299A are in excess of the revenue attributed to the school district's weighted enrollment for such instruction in accordance with this subparagraph, the school district may submit a request to the school budget review committee for modified allowable growth in accordance with section 257.31, subsection 5, paragraph "n". A home school assistance program shall not provide monies received pursuant to this subparagraph, nor resources paid for with moneys received pursuant to this subparagraph, to parents or students utilizing the program.

(6) Resident pupils receiving competent pri-
vate instruction under dual enrollment pursuant to chapter 299A shall be counted as one-tenth of one pupil.

(7) A student attending an accredited nonpublic school or receiving competent private instruction under chapter 299A, who is participating in a program under chapter 261E, shall be counted as a shared-time student in the school district in which the nonpublic school of attendance is located for state foundation aid purposes.

b. Pupils attending a university laboratory school are not counted in the actual enrollment of a school district, but the laboratory school shall report their enrollment directly to the department of education.

c. A school district shall certify its actual enrollment to the department of education by October 15 of each year, and the department shall promptly forward the information to the department of management.

d. The department of management shall adjust the enrollment of the school district for the audit year based upon reports filed under section 11.6, and shall further adjust the budget of the second year succeeding the audit year for the property tax and state aid portions of the reported differences in enrollments for the year succeeding the audit year.

2. Basic enrollment. Basic enrollment for a budget year is a district’s actual enrollment for the base year. Basic enrollment for the base year is a district’s actual enrollment for the year preceding the base year.

3. Additional enrollment because of special education. A school district shall determine its additional enrollment because of special education, as defined in this section, by November 1 of each year and shall certify its additional enrollment because of special education to the department of education by November 15 of each year, and the department shall promptly forward the information to the department of management.

For the purposes of this chapter, “additional enrollment because of special education” is determined by multiplying the weighting of each category of child under section 256B.9 times the number of children in each category totaled for all categories minus the total number of children in all categories.

4. Budget enrollment. Budget enrollment for the budget year is the basic enrollment for the budget year.

5. Weighted enrollment. Weighted enrollment is the budget enrollment plus the district’s additional enrollment because of special education calculated by November 1 of the base year plus additional pupils added due to the application of the supplementary weighting.

Weighted enrollment for special education support services costs is equal to the weighted enrollment minus the additional pupils added due to the application of the supplementary weighting.

6. Students excluded. For the school year beginning July 1, 2008, and each succeeding school year, a student shall not be included in a district’s enrollment for purposes of this chapter or considered an eligible pupil under section 261E.6 if the student meets all of the following:

a. Was eligible to receive a diploma with the class in which they were enrolled and that class graduated in the previous school year.

b. Continues enrollment in the district to take courses either provided by the district, offered by community colleges under the provisions of section 257.11, or to take courses under the provisions of section 261E.6.

The state percent of growth for the budget year beginning July 1, 2009, is four percent. The state percent of growth for each subsequent budget year shall be established by statute which shall be enacted within thirty days of the submission in the year preceding the base year of the governor’s budget under section 8.21. The establishment of the categorical state percent of growth for a budget year shall be the only subject matter of the bill which enacts the categorical state percent of growth for a budget year. The categorical state percent of growth may include state percents of growth for the teacher salary supplement, the professional development supplement, and the early intervention supplement.

3. **Allowable growth calculation.** The department of management shall calculate the regular program allowable growth for a budget year by multiplying the state percent of growth for the budget year by the regular program state cost per pupil for the base year and shall calculate the special education support services allowable growth for the budget year by multiplying the state percent of growth for the year by the special education support services state cost per pupil for the base year.

4. **Alternate allowable growth — gifted and talented programs.** Notwithstanding the calculation in subsection 3, the department of management shall calculate the regular program allowable growth for the budget year beginning July 1, 1999, by multiplying the state percent of growth for the budget year by the regular program state cost per pupil for the base year, and add to the resulting product thirty-eight dollars. For purposes of determining the amount of a budget adjustment as defined in section 257.14, for a school district which calculated allowable growth for the budget year beginning July 1, 1999, pursuant to this subsection, thirty-eight dollars shall be subtracted from the school district’s regular program cost per pupil for the budget year beginning July 1, 1999, prior to determining the amount of the adjustment.

5. **Alternate allowable growth — regular program state cost.** A school district which calculated allowable growth for the budget year beginning July 1, 1999, pursuant to the provisions of subsection 4 for the school budget year beginning July 1, 2000, and succeeding budget years, utilizing a regular program state cost per pupil figure which incorporates the thirty-eight dollar increase in regular program allowable growth calculated for the budget year beginning July 1, 1999.

6. **Combined allowable growth.** The combined allowable growth per pupil for each school district is the sum of the regular program allowable growth per pupil and the special education support services allowable growth per pupil for the budget year, which may be modified as follows:

8. **Special education support services state cost per pupil.**
   a. For the budget year beginning July 1, 1991, for the regular program state cost per pupil, the department of management shall add together the sum of the products of each district’s regular program district cost per pupil for the base year, as regular program district cost per pupil for the base year, the regular program state cost per pupil for the base year plus the alternate allowable growth amount that is equal to the state percent of growth for the budget year multiplied by the amount calculated by the department of management under this subsection plus an allowable growth amount that is equal to the state percent of growth for the budget year multiplied by the amount calculated by the department of management under this subsection.

   b. The total calculated under this subsection shall be divided by the total of the budget enrollments of all school districts for the budget year beginning July 1, 1990, calculated under section 257.6, subsection 4, if section 257.6, subsection 4, had been in effect for that budget year. The regular program state cost per pupil for the budget year beginning July 1, 1991, is the amount calculated by the department of management under this subsection plus an allowable growth amount that is equal to the state percent of growth for the budget year multiplied by the amount calculated by the department of management under this subsection.

257.10 District cost per pupil — district cost.

1. Regular program district cost per pupil for 1991-1992. For the budget year beginning July 1, 1991, in order to determine the regular program district cost per pupil for a district, the department of management shall divide the product of the regular program district cost per pupil of the district for the base year, as regular program district cost per pupil would have been calculated under section 442.9, Code 1989, multiplied by its budget enrollment for the base year as budget enrollment would have been calculated under section 442.4, Code 1989, plus the amount added to district cost pursuant to section 442.21, Code 1989, for each school district, by the budget enrollment of the school district for the budget year beginning July 1, 1990, calculated under section 257.6, subsection 4, as if section 257.6, subsection 4, had been in effect for that budget year. The regular program district cost per pupil for the budget year beginning July 1, 1991, is the amount calculated by the department of management under this subsection plus the allowable growth amount calculated for regular program state cost per pupil, except that if the regular program district cost per pupil for the budget year calculated under this subsection in any school district exceeds one hundred ten percent of the regular program state cost per pupil for the budget year, the department of management shall reduce the regular program district cost per pupil of that district for the budget year to an amount equal to one hundred ten percent of the regular program state cost per pupil for the budget year, and if the regular program district cost per pupil for the budget year calculated under this subsection in any school district is less than the regular program state cost per pupil for the budget year, the department of management shall increase the regular program district cost per pupil of that district to an amount equal to the regular program state cost per pupil for the budget year.

b. If the regular program district cost per pupil of a school district for the budget year under paragraph “a” exceeds one hundred five percent of the regular program state cost per pupil for the budget year and the state percent of growth for the budget year is greater than two percent, the regular program district cost per pupil for the budget year for that district shall be reduced to one hundred five percent of the regular program state cost per pupil for the budget year. However, if the difference between the regular program district cost per pupil for the budget year and the regular program state cost per pupil for the budget year is greater than an amount equal to two percent multiplied by the regular program state cost per pupil for the base year, the regular program district cost per pupil for the budget year shall be reduced by the amount equal to two percent multiplied by the regular program state cost per pupil for the base year.

6. Regular program district cost. Regular program district cost for a school district for a budget year is equal to the regular program district cost per pupil for the budget year multiplied by the budget enrollment for the budget year.

7. Special education support services district cost. Special education support services district cost for a school district for a budget year is equal to the special education support services district cost per pupil for the budget year multiplied by the budget enrollment for the budget year. If the special education support services district cost for a school district for a budget year is less than the special education support services district cost for that district for the base year, the department of management shall adjust the special education support services district cost for that district for the budget year to equal the special education support services district cost for the base year.

8. Combined district cost.
   a. Combined district cost is the sum of the regular program district cost per pupil multiplied by the weighted enrollment, the special education support services district cost, the total teacher salary supplement district cost, and the total professional development supplement district cost, and the total early intervention supplement district cost, plus the sum of the additional district cost allocated to the district to fund media services and educational services provided through the area education agency, the area education agency total teacher salary supplement district cost and the area education agency total professional development supplement district cost.

For the budget year beginning July 1, 2009, the department of management shall add together the teacher compensation allocation made to each district for the fiscal year beginning July 1, 2008, pursuant to section 284.13, subsection 1, paragraph “k”, and the phase II allocation made to each district for the fiscal year beginning July 1, 2008, pursuant to section 294A.9, and divide that sum by the district’s budget enrollment in the fiscal year beginning July 1, 2009, to determine the teacher salary supplement district cost per pupil.
   b. For the budget year beginning July 1, 2010, and succeeding budget years, the teacher salary supplement district cost per pupil for each school district for a budget year is the teacher salary supplement program district cost per pupil for the base year plus the teacher salary supplement state allowable growth amount for the budget year.

10. Professional development supplement cost per pupil and district cost.
   a. For the budget year beginning July 1, 2009, the department of management shall divide the teacher salary supplement district cost per pupil for each school district for a budget year multiplied by the budget enrollment for that school district.
   b. For the budget year beginning July 1, 2010, and succeeding budget years, if the department of management determines that the unadjusted teacher salary supplement district cost of a school district for a budget year is less than one hundred percent of the unadjusted teacher salary supplement district cost for the base year for the school district, the school district shall receive a budget adjustment for that budget year equal to the difference.
   c. (1) The unadjusted teacher salary supplement district cost is the teacher salary supplement district cost per pupil for each school district for a budget year multiplied by the budget enrollment for that school district.
   (2) The total teacher salary supplement district cost is the sum of the unadjusted teacher salary supplement district cost plus the budget adjustment for that budget year.

(2) The total professional development supplement district cost is the sum of the unadjusted professional development supplement district cost plus the budget adjustment for that budget year.

d. The use of the funds calculated under this subsection shall comply with the requirements of chapter 284.

11. Early intervention supplement cost per pupil and district cost.

a. For the budget year beginning July 1, 2009, the department of management shall divide the early intervention allocation made to each district for the fiscal year beginning July 1, 2008, pursuant to section 256D.4, by the district’s budget enrollment in the fiscal year beginning July 1, 2009, to determine the early intervention supplement cost per pupil. For the budget year beginning July 1, 2010, and succeeding budget years, the early intervention supplement district cost per pupil for each school district for a budget year is the early intervention supplement district cost per pupil for the base year plus the early development supplement state allowable growth amount for the budget year.

(2) The total early intervention supplement district cost is the sum of the unadjusted early intervention supplement district cost plus the budget adjustment for that budget year.

d. The use of the funds calculated under this subsection shall comply with the requirements of chapter 256D.

257.11 Supplementary weighting plan.

1. Regular curriculum. Pupils in a regular curriculum attending all their classes in the district in which they reside, taught by teachers employed by that district, and having administrators employed by that district, are assigned a weighting of one.

2. District-to-district sharing.

a. In order to provide additional funds for school districts which send their resident pupils to another school district, which jointly employ and share the services of teachers under section 280.15, or which use the services of a teacher employed by another school district, a supplementary weighting plan for determining enrollment is adopted.

b. If the school budget review committee certifies to the department of management that the shared classes or teachers would otherwise not be implemented without the assignment of additional weighting, pupils attending classes in another school district, attending classes taught by a teacher who is employed jointly under section 280.15, or attending classes taught by a teacher who is employed by another school district are assigned a weighting of forty-eight hundredths of the percentage of the pupil’s school day during which the pupil attends classes in another district.

c. Pupils attending class for all or a substantial portion of a school day pursuant to a whole grade sharing agreement executed under sections 282.10 through 282.12 shall be eligible for supplementary weighting pursuant to this subsection. A school district which executes a whole grade sharing agreement and which adopts a resolution jointly with other affected boards to study the question of undergoing a reorganization or dissolution to take effect on or before July 1, 2014, shall receive a weighting of one-tenth of the percentage of the pupil’s school day during which the pupil attends classes in another district.

d. Pupils attending class for all or a substantial portion of a school day pursuant to a whole grade sharing agreement executed under sections 282.10 through 282.12 shall be eligible for supplementary weighting pursuant to this subsection. A school district which executes a whole grade sharing agreement and which adopts a resolution jointly with other affected boards to study the question of undergoing a reorganization or dissolution to take effect on or before July 1, 2014, shall receive a weighting of one-tenth of the percentage of the pupil’s school day during which the pupil attends classes in another district.

d. A school district which hosts a regional academy shall be eligible to assign its resident students attending classes at the academy a weighting of one-tenth of the percentage of the student’s school day during which the student attends classes at the regional academy. The maximum amount of additional weighting for which a school district hosting a regional academy shall be eligible is an amount corresponding to thirty additional students. The minimum amount of additional weighting for which a school district establishing a regional academy shall be eligible is an amount corresponding to fifteen additional students if the academy provides both advanced-level courses and career and technical courses.

3. District-to-community college sharing and concurrent enrollment programs.

a. In order to provide additional funds for school districts which send their resident high school pupils to a community college for college-level classes, a supplementary weighting plan for determining enrollment is adopted.

b. If the school budget review committee certifies to the department of management that the class would not otherwise be implemented without the assignment of additional weighting, pupils attending a community college-offered class or attending a class taught by a community college-employed instructor are assigned a weighting of the percentage of the pupil’s school day during which the pupil attends class in the community college or attends a class taught by a community college-employed instructor of seventy hundredths for liberal arts and sciences courses and forty-six hundredths for career and technical courses. The following requirements shall be met for the purposes of assigning an additional weighting for classes offered through a sharing agreement between a school district and community college.

The class must be:

(1) Supplementation, not supplanting, high school courses required to be offered pursuant to section 256.11, subsection 5.

(2) Included in the community college catalog or an amendment or addendum to the catalog.

(3) Open to all registered community college students, not just high school students. The class may be offered in a high school attendance center.

(4) For college credit and the credit must apply toward an associate of arts or associate of science degree, or toward an associate of applied arts or associate of applied science degree, or toward completion of a college diploma program.

(5) Taught by an instructor employed or contracted by a community college who meets the requirements of section 261E.3, subsection 2.

(6) Taught utilizing the community college course syllabus.

(7) Taught in such a manner as to result in student work and student assessment which meet college-level expectations.

4. At-risk programs and alternative schools.

a. In order to provide additional funding to school districts for programs serving at-risk pupils and alternative school pupils in secondary schools, a supplementary weighting plan for at-risk pupils is adopted. A supplementary weighting of forty-eight ten-thousandths per pupil shall be assigned to the percentage of pupils in a school district enrolled in grades one through six, as reported by the school district on the basic educational data survey for the base year, who are eligible for free and reduced price meals under the federal National School Lunch Act and the federal Child Nutrition Act of 1966, 42 U.S.C. § 1751-1785, multiplied by the budget enrollment in the school district; and a supplementary weighting of one hundred fifty-six one-hundred-thousandths per pupil shall be assigned to pupils included in the budget enrollment of the school district. Amounts received as supplementary weighting for at-risk pupils shall be utilized by a school district to develop or maintain at-risk pupils’ programs, which may include alternative school programs.

b. Notwithstanding paragraph “a”, a school district which received supplementary weighting for an alternative high school program for the school budget year beginning July 1, 1999, shall receive an amount of supplementary weighting for the next three school budget years as follows:

(1) For the budget year beginning July 1, 2000, the greater of the amount of supplementary weighting determined pursuant to paragraph “a”, or sixty-five percent of the amount received for the budget year beginning July 1, 1999.

(2) For the budget year beginning July 1, 2001, the greater of the amount of supplementary weighting determined pursuant to paragraph “a”, or forty percent of the amount received for the budget year beginning July 1, 1999.

(3) For the budget year beginning July 1, 2002, and succeeding budget years, the amount of supplementary weighting determined pursuant to paragraph “a”.

If a school district receives an amount pursuant to this paragraph “b” which exceeds the amount the district would otherwise have received pursuant to paragraph “a”, the department of management shall annually determine the amount of the excess that would have been state aid and the amount that would have been property tax if the school district had generated that amount pursuant to paragraph “a”, and shall include the amounts in the state aid payments and property tax levies of school districts. The department of management shall recalculate the supplementary weighting amount received each year to reflect the
amount of the reduction in funding from one budget year to the next pursuant to subparagraphs (1) through (5). It is the intent of the general assembly that when weights are recalculated under this subsection, the total amounts generated by each weight shall be approximately equal.

5. **Regional academies.**
   a. For the school budget year beginning July 1, 2002, through the school budget year beginning July 1, 2007, in order to provide additional funds for school districts in which a regional academy is located, a supplementary weighting plan for determining enrollment is adopted.
   b. A school district which establishes a regional academy shall be eligible to assign its resident pupils attending classes at the academy a weighting of one-tenth of the percentage of the pupil’s school day during which the pupil attends classes at the regional academy. For the purposes of this subsection, “regional academy” means an educational institution established by a school district to which multiple schools send pupils in grades nine through twelve, and may include a virtual academy. A regional academy shall include in its curriculum advanced-level courses and may include in its curriculum vocational-technical courses. The maximum amount of additional weighting for which a school district establishing a regional academy shall be eligible is an amount corresponding to fifteen additional pupils. The maximum amount of additional weighting for which a school district establishing a regional academy shall be eligible is an amount corresponding to ten additional pupils if the academy provides both advanced-level courses and vocational-technical courses. However, if the sum of the funding amount calculated for all districts operating regional academies under this subsection exceeds one million dollars for the school year beginning July 1, 2004, and each succeeding fiscal year, the director of the department of management shall prorate the amount calculated for each district. The proration shall be based upon the amount calculated for each district when compared to the sum of the amount for all districts.

6. **Shared operational functions — increased student opportunities.**
   a. In order to provide additional funding to increase student opportunities and redirect more resources to student programming for school districts that share operational functions, a supplementary weighting of two hundredths per pupil shall be assigned to pupils enrolled in a district that shares with a political subdivision one or more operational functions in the areas of superintendent management, business management, human resources, transportation, or operation and maintenance for at least twenty percent of the school year. The additional weighting shall be assigned for each discrete operational function shared. For the purposes of this section, “political subdivision” means a city, township, county, school corporation, merged area, area education agency, institution governed by the state board of regents, or any other governmental subdivision.

b. Supplementary weighting pursuant to this subsection shall be available to a school district for a maximum of five years during the period commencing with the budget year beginning July 1, 2008, through the budget year beginning July 1, 2013. The minimum amount of additional weighting for which a school district shall be eligible is an amount equivalent to ten additional pupils, and the maximum amount of additional weighting for which a school district shall be eligible is an amount equivalent to forty additional pupils. Receipt of supplementary weighting by a school district pursuant to this subsection for more than one year shall be contingent upon the annual submission of information by the district to the department documenting cost savings directly attributable to the shared operational functions. Criteria for determining the number of years for which supplementary weighting shall be received pursuant to this subsection, subject to the five-year maximum, and for determining qualification of operational functions for supplementary weighting shall be determined by the department by rule, through consideration of long-term savings by the school district or increased student opportunities.

c. Supplementary weighting pursuant to this subsection shall be available to an area education agency for a maximum of five years during the period commencing with the budget year beginning July 1, 2008. The minimum amount of additional funding for which an area education agency shall be eligible is fifty thousand dollars, and the maximum amount of additional funding for which an area education agency shall be eligible is two hundred thousand dollars. The department of management shall annually set a weighting for each area education agency to generate the approved operational sharing expense using the area education agency’s special education cost per pupil amount and foundation level. Receipt of supplementary weighting by an area education agency for more than one year shall be contingent upon the annual submission of information by the district to the department documenting cost savings directly attributable to the shared operational functions. Criteria for determining the number of years for which supplementary weighting shall be received pursuant to this subsection, subject to the five-year maximum, and the amount generated by the supplementary weighting, and for determining qualification of operational functions for supplementary weighting shall be determined by the department by rule, through consideration of long-term savings by the area education agency or increased student opportunities.

d. The amount of any supplementary weighting originally received under this subsection shall be reduced by an additional twenty percent from
the original amount for each subsequent budget year that supplementary weighting may be received.

e. This subsection is repealed effective July 1, 2014.

7. Shared classes delivered over the Iowa communications network.

a. A school district that provides a virtual class to a pupil in another school district and the school district receiving that virtual class for a pupil shall each receive a supplemental weighting of one-twentieth of the percentage of the pupil’s school day during which the pupil attends the virtual class.

b. Fifty percent of the funding the school district providing the virtual class receives as a result of this subsection shall be reserved as additional pay for the virtual classroom instructor. If an instructor’s contract provides additional pay for teaching a virtual class, the instructor shall receive the greater amount of either the amount provided for in this paragraph or the amount provided for in the instructor’s contract.

c. A school district receiving a virtual class for a pupil from a community college, which class meets the sharing agreement requirements in subsection 3, shall receive a supplemental funding weighting of one-twentieth of the percentage of the pupil’s school day during which the pupil attends the virtual class.

d. For the purposes of this subsection, “virtual class” means either of the following:

(1) A class provided by a school district to a pupil in another school district via the Iowa communications network’s video services.

(2) A class provided by a community college to a pupil in a school district via the Iowa communications network’s video services.

8. Pupils ineligible. A pupil eligible for the weighting plan provided in section 256B.9 is not eligible for supplementary weighting pursuant to this section. A pupil attending an alternative program or an at-risk pupils' program, including alternative high school programs, is not eligible for supplementary weighting under subsection 2.

9. Shared classes and curriculum standards. A school district shall ensure that any course made available to a student through any sharing agreement between the school district and a community college or any other entity providing course programming pursuant to this section to students enrolled in the school district meets the expectations contained in the core curriculum adopted pursuant to section 256.7, subsection 26. The school district shall ensure that any course that has the capacity to generate college credit shall be equivalent to college-level work.

10. School finance appropriations report. The department of education shall annually prepare a report regarding school finance provisions or programs receiving a standing appropriation, including supplementary weighting programs. The report shall provide information regarding amounts received or accessed by school districts pursuant to the provisions or programs, whether the amounts received represent an increase or decrease over amounts received during the previous budget year and the percentage increase or decrease, conclusions regarding the adequacy of amounts received by school districts and whether the amounts received are equitable between school districts based upon input from the school districts and analysis by the department, and the rationale for current trends being observed by the department and projections regarding possible trends in the future. The report shall be submitted to the general assembly by January 1 each year, and copies of the report shall be forwarded to the chairpersons and members of the committee on education in the senate and in the house of representatives.

257.11A Supplementary weighting and school reorganization.

1. In determining weighted enrollment under section 257.6, if the board of directors of a school district has approved a contract for sharing pursuant to section 257.11 and the school district has approved an action to bring about a reorganization to take effect on or after July 1, 2007, and on or before July 1, 2014, the reorganized school district shall include, for a period of three years following the effective date of the reorganization, additional pupils added by the application of the supplementary weighting plan, equal to the pupils added by the application of the supplementary weighting plan in the year preceding the reorganization. For the purposes of this subsection, the weighted enrollment for the period of three years following the effective date of reorganization shall include the supplementary weighting in the base year used for determining the combined district cost for the first year of the reorganization. However, the weighting shall be reduced by the supplementary weighting added for a pupil whose residency is not within the reorganized district.

2. For purposes of this section, a reorganized district is one in which the reorganization was ap-
proved in an election pursuant to sections 275.18 and 275.20 and takes effect on or after July 1, 2007, and on or before July 1, 2014. Each district which initiates, by a vote of the board of directors or jointly by the affected boards, action to bring about a reorganization or dissolution to take effect on or after July 1, 2007, and on or before July 1, 2014, shall certify the date and the nature of the action taken to the department of education by January 1 of the year in which the reorganization or dissolution takes effect.

2. The department of management shall determine the amount of state foundation aid pursuant to subsection 2.

3. If the board of directors of a school district determines that a need exists for additional funds exceeding the authorized budget adjustment for on-time funding pursuant to this section, a request for modified allowable growth based upon increased enrollment may be submitted to the school budget review committee as provided in section 257.31.

3. A school district shall be eligible for a combined maximum total of six years of supplementary weighting under the provisions of this section and section 257.11, subsection 2, paragraph “c.” A school district participating in a whole grade sharing arrangement during the budget year beginning July 1, 2001, that adopted a resolution jointly with other affected boards to study the question of undergoing a reorganization or dissolution to take effect on or after July 1, 2002, and on or before July 1, 2006, shall continue to receive the supplementary weighting to which it was entitled pursuant to the provisions of this section and section 257.11, subsection 2, paragraph “c”.

257.12 Adjustment in state foundation aid.

1. If a school district is required to repay property taxes paid for school taxes levied on property originally assessed at five million dollars or more because the assessment was subsequently reduced by the action of the property assessment appeal board or judicial action and the amount of the reduction in the assessment equals at least one hundred thousand dollars or two percent of the assessed value of all taxable property in the district prior to the reduction, whichever is less, the school district is eligible for an adjustment in state foundation aid. To receive the adjustment in state foundation aid, the school district shall apply to the department of management prior to the beginning of the budget year following the budget year in which the repayment of the property taxes occurred. The department of management shall determine the amount of adjustment in state foundation aid pursuant to subsection 2.

2. The department of management shall determine the amount of state foundation aid which the school district would have received under section 257.1 if the amount of the school district’s foundation property tax was determined using the reduced assessment of the applicable property. The difference between the amount of the state foundation aid using the reduced assessment and the amount of state foundation aid actually received under section 257.1 equals the amount of the adjustment in state foundation aid to be paid to the school district.

3. The adjustment in state foundation aid under this section shall be paid as provided in section 257.16. If the application to receive an adjustment in state aid was filed prior to April 15, the adjustment shall be paid in the budget year. If the application is made after April 15, the adjustment shall be paid in the following budget year.

257.13 On-time funding budget adjustment.

1. For the school budget year beginning July 1, 2001, and succeeding budget years, if a district’s actual enrollment for the budget year, determined under section 257.6, is greater than its budget enrollment for the budget year, the district shall be eligible to receive an on-time funding budget adjustment. The adjustment shall be in an amount equal to the difference between the actual enrollment for the budget year and the budget enrollment for the budget year, multiplied by the district cost per pupil.

2. The board of directors of a school district that wishes to receive an on-time funding budget adjustment shall adopt a resolution to receive the adjustment and notify the school budget review committee annually, but not earlier than November 1, as determined by the department of education. The school budget review committee shall establish a modified allowable growth in an amount determined pursuant to subsection 1.

3. 257.15 Property tax adjustment.

a. For the budget year beginning July 1, 1991, the department of management shall calculate for each district the difference between the sum of the revenues generated by the foundation property tax and the additional property tax in the district calculated under this chapter and the revenues that would have been generated by the foundation property tax and the additional property tax in that district for that budget year calculated under chapter 442, Code 1989, if chapter 442 were in effect, except that the revenues that would have been generated by the additional property tax levy under chapter 442 shall not include revenues generated for the school improvement program. However in making the calculation of the difference in revenues under this subsection, the department shall not include the revenues generated under section 257.37 and under chapter 442, Code 1989, for funding media and educational services through the area education agencies. If the property tax revenues for a district calculated under this chapter exceed the property tax revenues for that district calculated under chapter 442, Code 1989, the department of management shall reduce the revenues raised by the additional property tax levy in that district under this chapter by that difference and the department of education shall pay property tax adjustment aid to the district equal to that difference from moneys appropriated for property tax adjustment aid.

b. For purposes of this subsection, in computing the amount of revenues generated by the foundation property tax and the additional property tax under chapter 442, Code 1989, the computation shall be based on a regular program foundation base per pupil of eighty-three percent of the regular program state cost per pupil except that for the portion of weighted enrollment that is additional enrollment because of special education the regular program foundation base per pupil shall be seventy-nine percent of the regular program state cost per pupil. The special education support services foundation base shall be seventy-nine percent of the special education support services state cost per pupil.

2. Property tax adjustment aid for 1992-1993 and succeeding years. For the budget year beginning July 1, 1992, and succeeding budget years, the department of education shall pay property tax adjustment aid to a school district equal to the amount paid to the district for the base year less an amount equal to the product of the percent by which the taxable valuation in the district increased, if the taxable valuation increased, from January 1 of the year prior to the base year to January 1 of the base year and the property tax adjustment aid. The department of management shall adjust the rate of the additional property tax accordingly and notify the department of education of the amount of aid to be paid to each district from moneys appropriated for property tax adjustment aid.

3. Property tax adjustment aid appropriation. There is appropriated from the general fund of the state to the department of education, for each fiscal year, an amount necessary to pay property tax adjustment aid to school districts under this section. (c) For the budget year beginning July 1, 2008, eighteen million dollars.
(d) For the budget year beginning July 1, 2009, and succeeding budget years, twenty-four million dollars.

(2) From the amount appropriated from the property tax equity and relief fund created in section 257.16A.

b. **After lowering all school district additional property tax levy rates to the statewide maximum adjusted additional property tax levy rate under paragraph “a”, the department of management shall use any remaining funds at the end of the calendar year to further lower additional property taxes by increasing for the budget year beginning the following July 1, the state foundation base percentage. Moneys used pursuant to this paragraph shall supplant an equal amount of the appropriation made from the general fund of the state pursuant to section 257.16 that represents the increase in state foundation aid.**

tion of participation. The board shall set forth its proposal, including the method that will be used to fund the program, in a resolution and shall publish the notice of the time and place of a public hearing on the resolution. Notice of the time and place of the public hearing shall be published not less than ten nor more than twenty days before the public hearing in a newspaper which is a newspaper of general circulation in the school district. At the hearing, or no later than thirty days after the date of the hearing, the board shall take action to adopt a resolution to participate in the instructional support program for a period not exceeding five years or to direct the county commissioner of elections to submit the question of participation in the program for a period not exceeding ten years to the registered voters of the school district at an election held on a date specified in section 39.2, subsection 4, paragraph "c". If the board submits the question at an election and a majority of those voting on the question favors participation in the program, the board shall adopt a resolution to participate and certify the results of the election to the department of management.

2. a. If the board does not provide for an election and adopts a resolution to participate in the instructional support program, the district shall participate in the instructional support program unless within twenty-eight days following the action of the board, the secretary of the board receives a petition containing the required number of signatures, asking that the question to approve or disapprove the action of the board in adopting the instructional support program be submitted to the voters of the school district. The petition must be signed by eligible electors equal in number to not less than one hundred or thirty percent of the number of voters at the last preceding regular school election, whichever is greater. The board shall either rescind its action or direct the county commissioner of elections to submit the question to the registered voters of the school district at an election held on a date specified in section 39.2, subsection 4, paragraph "c". If a majority of those voting on the question at the election favors disapproval of the action of the board, the district shall not participate in the instructional support program. If a majority of those voting on the question favors approval of the action, the board shall certify the results of the election to the department of management and the district shall participate in the program.

b. At the expiration of the twenty-eight day period, if no petition is filed, the board shall certify its action to the department of management and the district shall participate in the program.

3. Participation in an instructional support program is not affected by a change in the boundaries of the school district, except as otherwise provided in this section. If each school district involved in a school reorganization under chapter 275 has approved an instructional support program, and if the voters have not voted upon the question of participation in the program in the reorganized district, the instructional support program shall be in effect for the reorganized district that has been approved for the least amount and the shortest time in any of the districts.

257.19 Instructional support funding.

The additional funding for the instructional support program for a budget year is limited to an amount not exceeding ten percent of the total of regular program district cost for the budget year and moneys received under section 257.14 as a budget adjustment for the budget year. Moneys received by a district for the instructional support program are miscellaneous income and may be used for any general fund purpose. However, moneys received by a district for the instructional support program shall not be used as, or in a manner which has the effect of, supplanting funds authorized to be received under sections 257.41, 257.46, 298.2. and 298.4, or to cover any deficiencies in funding for special education instructional services resulting from the application of the special education weighting plan under section 256B.9.

Certification of a board's intent to participate for a budget year, the method of funding, and the amount to be raised shall be made to the department of management not later than April 15 of the base year. Funding for the instructional support program shall be obtained from instructional support state aid and from local funding using either an instructional support property tax or a combination of an instructional support property tax and an instructional support income surtax.

The board of directors shall determine whether the instructional support property tax or the combination of the instructional support property tax and instructional support income surtax shall be used for the local funding. Subject to the limitation specified in section 298.14, if the board elects to use the combination of the instructional support property tax and instructional support income surtax, for each budget year the board shall determine the percent of income surtax that will be imposed, expressed as full percentage points, not to exceed twenty percent.

257.20 Instructional support state aid appropriation.

1. In order to determine the amount of instruc-
tional support state aid and the amount of local funding for the instructional support program for a district. The department of management shall divide the total assessed valuation in the state by the total budget enrollment for the budget year in the state to determine a state assessed valuation per pupil and shall divide the assessed valuation in each district by the district’s budget enrollment for the budget year to determine the district assessed valuation per pupil. The department of management shall multiply the ratio of the state’s valuation per pupil to the district’s valuation per pupil by twenty-five hundredths and subtract that result from one to determine the portion of the instructional support program budget that is local funding. The remaining portion of the budget shall be funded by instructional support state aid. However, for the budget year beginning July 1, 1992, only, the amount of state aid is three and one-quarter percent less than the amount computed under this paragraph for that budget year.

2. There is appropriated for each fiscal year from the general fund of the state to the department of education, an amount necessary to pay instructional support state aid as determined under subsection 1.

a. However, moneys appropriated under this subsection shall not exceed the amount of moneys appropriated as instructional support state aid for the budget year which commenced on July 1, 1992.

b. If the amount appropriated under this subsection is insufficient to pay the amount of instructional support state aid determined under subsection 1, the department of education shall prorate the amount of the instructional support state aid provided to each district.

3. If the general assembly makes an appropriation for instructional support state aid in lieu of the standing appropriation provided under subsection 2, the appropriation for instructional support state aid shall include in the appropriation the allocation of the instructional support state aid to the school districts applicable for that appropriation and subsections 1 and 2 do not apply to the appropriation.

4. Instructional support state aid shall be paid at the same time and in the same manner as foundation aid is paid under section 257.16.

89 Acts, ch 135, §20; 92 Acts, ch 1227, §16; 92 Acts, ch 1230, §8

257.21 Computation of instructional support amount.
The department of management shall establish the amount of instructional support property tax to be levied and the amount of instructional support income surtax to be imposed by a district in accordance with the decision of the board under section 257.19 for each school year for which the instructional support program is authorized. The department of management shall determine these amounts based upon the most recent figures available for the district’s valuation of taxable property, individual state income tax paid, and budget enrollment in the district, and shall certify to the district’s county auditor the amount of instructional support property tax, and to the director of revenue the amount of instructional support income surtax to be imposed if an instructional support income surtax is to be imposed.

The instructional support income surtax shall be imposed on the state individual income tax for the calendar year during which the school’s budget year begins, or for a taxpayer’s fiscal year ending during the second half of that calendar year and after the date the board adopts a resolution to participate in the program. The surtax shall be imposed on all individuals residing in the school district on the last day of the applicable tax year. As used in this section, “state individual income tax” means the taxes computed under section 422.5, less the amounts of nonrefundable credits allowed under chapter 422, division II.

Limit on total surtax, §298.14

257.22 Statutes applicable.
The director of revenue shall administer the instructional support income surtax imposed under this chapter, and sections 422.20, 422.22 to 422.31, 422.68, and 422.72 to 422.75 shall apply with respect to administration of the instructional support income surtax.

89 Acts, ch 135, §22; 2003 Acts, ch 145, §286

257.23 Form and time of return.
The instructional support income surtax shall be made a part of the Iowa individual income tax return subject to the conditions and restrictions set forth in section 422.21.

89 Acts, ch 135, §23

257.24 Deposit of instructional support income surtax.
The director of revenue shall deposit all moneys received as instructional support income surtax to the credit of each district from which the moneys are received, in the school district income surtax fund which is established in section 298.14.

The director of revenue shall deposit instructional support income surtax moneys received on or before November 1 of the year following the close of the school budget year for which the surtax is imposed to the credit of each district from which the moneys are received in the school district income surtax fund.

Instructional support income surtax moneys received or refunded after November 1 of the year following the close of the school budget year for which the surtax is imposed shall be deposited in
or withdrawn from the general fund of the state and shall be considered part of the cost of administering the instructional support income surtax. 

257.25 Instructional support income surtax certification.
On or before October 20 each year, the director of revenue shall make an accounting of the instructional support income surtax collected under this chapter applicable to tax returns for the last preceding calendar year, or for a taxpayer’s fiscal year ending during the second half of that calendar year and after the date the board adopts a resolution to participate in the program, or the first half of the succeeding calendar year, from taxpayers in each school district in the state which has approved the instructional support program, and shall certify to the department of management and the department of education the amount of total instructional support income surtax credited from the taxpayers of each school district.

257.26 Instructional support income surtax distribution.
The director of the department of administrative services shall draw warrants in payment of the amount of instructional support income surtax in the manner provided in section 298.14.

257.27 Continuation of instructional support program.
At the expiration of the period for which the instructional support program was adopted, the program may be extended for a period of not exceeding five or ten years in the manner provided in section 257.18.
If the voters do not approve adoption of the instructional support program, the board shall wait at least one hundred twenty days following the election before taking action to adopt the program or resubmit the proposition.
89 Acts, ch 135, §27

257.28 Enrichment levy.
If a school district has approved the use of the instructional support program for a budget year, the district shall not also collect moneys under the additional enrichment amount approved by the voters under chapter 442, Code 1991, for the budget year.

257.29 Educational improvement program.
1. An educational improvement program is established to provide additional funding for school districts in which the regular program district cost per pupil for a budget year is one hundred ten percent of the regular program state cost per pupil for the budget year and which have approved the use of the instructional support program established in section 257.18. A board of directors that wishes to consider participating in the educational improvement program shall hold a hearing on the question of participation and the maximum percent of the regular program district cost of the district that will be used. The hearing shall be held in the manner provided in section 257.18 for the instructional support program. Following the hearing, the board may direct the county commissioner of elections to submit the question to the registered voters of the school district at an election held on a date specified in section 39.2, subsection 4, paragraph “c”. If a majority of those voting on the question favors participation in the program, the board shall adopt a resolution to participate and shall certify the results of the election to the department of management and the district shall participate in the program. If a majority of those voting on the question does not favor participation, the district shall not participate in the program.
2. The educational improvement program shall provide additional revenues each fiscal year equal to a specified percent of the regular program district cost of the district, as determined by the board but not more than the maximum percent authorized by the electors if an election has been held. Certification of a district’s participation for a budget year, the method of funding, and the amount to be raised shall be made to the department of management not later than April 15 of the base year.
3. The educational improvement program shall be funded by either an educational improvement property tax or by a combination of an educational improvement property tax and an educational improvement income surtax. The method of raising the educational improvement moneys shall be determined by the board. Subject to the limitation in section 298.14, if the board uses a combination of an educational improvement property tax and an educational improvement income surtax, the board shall determine the percent of income surtax to be imposed, expressed as full percentage points, not to exceed twenty percent.
4. The department of management shall establish the amount of the educational improvement property tax to be levied or the amount of the combination of the educational improvement property tax to be levied and the amount of the school district income surtax to be imposed for each school year that the educational improvement amount is authorized. The educational improvement property tax and income surtax, if an income surtax is imposed, shall be levied and imposed, collected, and paid to the school district in
the manner provided for the instructional support program in sections 257.21 through 257.26. Money received by a school district under the educational improvement program are miscellaneous income.

5. Once approved at an election, the authority of the board to use the educational improvement program shall continue until the board votes to rescind the educational improvement program or the voters of the school district by majority vote order the discontinuance of the program. The board shall submit at an election held on a date specified in section 39.2, subsection 4, paragraph “c”, the proposition whether to discontinue the program upon the receipt of a petition signed by not less than one hundred eligible electors or thirty percent of the number of electors voting at the last preceding school election, whichever is greater.

6. Participation in an educational improvement program is not affected by a change in the boundaries of the school district, except as otherwise provided in this section. If each school district involved in school reorganization under chapter 275 has approved an educational improvement program, and if the voters have not voted upon the question of participation in the program in the reorganized district, the educational improvement program shall be in effect for the reorganized district that has been approved for the least amount and the shortest time in any of the districts.

7. Notwithstanding the requirement in subsection 1 that the regular program district cost per pupil for a budget year is one hundred ten percent of the regular state cost per pupil, the board of directors may participate in the educational improvement program as provided in this section if the school district had adopted an enrichment levy of fifteen percent of the state cost per pupil multiplied by the budget enrollment in the district prior to July 1, 1992, and upon expiration of the period for which the enrichment levy was adopted, adopts a resolution for the use of the instructional support program established in section 257.18. The maximum percent of the regular district cost of the district that may be used under this subsection shall not exceed five percent.

257.30 School budget review committee.
A school budget review committee is established in the department of education and consists of the director of the department of education, the director of the department of management, and three members who are knowledgeable in the areas of Iowa school finance or public finance issues appointed by the governor to represent the public. At least one of the public members shall possess a master's or doctoral degree in which areas of school finance, economics, or statistics are an integral component, or shall have equivalent experience in an executive administrative or senior research position in the education or public administration field. The members appointed by the governor shall serve staggered three-year terms beginning and ending as provided in section 69.19 and are subject to senate confirmation as provided in section 2.32. The committee shall meet and hold hearings each year and shall continue in session until it has reviewed budgets of school districts, as provided in section 257.31. It may call in school board members and employees as necessary for the hearings. Legislators shall be notified of hearings concerning school districts in their constituencies.

The committee shall adopt its own rules of procedure under chapter 17A. The director of the department of education shall serve as chairperson, and the director of the department of management shall serve as secretary. The committee members representing the public are entitled to receive their necessary expenses while engaged in their official duties. Members shall be paid a per diem at the rate specified in section 7E.6. Per diem and expense payments shall be made from appropriations to the department of education.

The department of education shall employ a staff member to assist the school budget review committee.
89 Acts, ch 135, §30

257.31 Duties of the committee.
1. The school budget review committee may recommend the revision of any rules, regulations, directives, or forms relating to school district budgeting and accounting, confer with local school boards or their representatives and make recommendations relating to any budgeting or accounting matters, and direct the director of the department of education or the director of the department of management to make studies and investigations of school costs in any school district.

2. The committee shall report to each session of the general assembly, which report shall include any recommended changes in laws relating to school districts, and shall specify the number of hearings held annually, the reasons for the committee's recommendations, information about the amounts of property tax levied by school districts for a cash reserve, and other information the committee deems advisable.

3. The committee shall review the proposed budget and certified budget of each school district, and may make recommendations. The committee may make decisions affecting budgets to the extent provided in this chapter. The costs and computations referred to in this section relate to the
§257.31, FINANCING SCHOOL PROGRAMS

budget year unless otherwise expressly stated.

4. Not later than January 1, 1992, the committee shall adopt recommendations relating to the implementation by school districts and area education agencies of procedures pertaining to the preparation of financial reports in conformity with generally accepted accounting principles and submit those recommendations to the state board of education. The state board shall consider the recommendations and adopt rules under section 256.7 specifying procedures and requiring the school districts and area education agencies to conform to generally accepted accounting principles commencing with the school year beginning July 1, 1996.

5. If a district has unusual circumstances, creating an unusual need for additional funds, including but not limited to the following circumstances, the committee may grant supplemental aid to the district from any funds appropriated to the department of education for the purposes of this subsection, and such aid shall be miscellaneous income and shall not be included in district cost, or may establish a modified allowable growth for the district by increasing its allowable growth, or both:

a. Any unusual increase or decrease in enrollment.

b. Unusual natural disasters.

c. Unusual initial staffing problems.

d. The closing of a nonpublic school, wholly or in part, or the opening or closing of a pilot charter school.

e. Substantial reduction in miscellaneous income due to circumstances beyond the control of the district.

f. Unusual necessity for additional funds to permit continuance of a course or program which provides substantial benefit to pupils.

g. Unusual need for a new course or program which will provide substantial benefit to pupils, if the district establishes the need and the amount of necessary increased cost.

h. Unusual need for additional funds for special education or compensatory education programs.

i. Year-round or substantially year-round attendance programs which apply toward graduation requirements, including but not limited to trimester or four-quarter programs. Enrollment in such programs shall be adjusted to reflect equivalency to normal school year attendance.

j. Unusual need to continue providing a program or other special assistance to non-English speaking pupils after the expiration of the four-year period specified in section 280.4.

k. Circumstances caused by unusual demographic characteristics.

l. Any unique problems of school districts.

m. The addition of one or more teacher librarians pursuant to section 256.11, subsection 9, one or more guidance counselors pursuant to section 256.11, subsection 9A, or one or more school nurses pursuant to section 256.11, subsection 9B.

n. Unusual need for additional funds for the costs associated with providing competent private instruction pursuant to chapter 299A.

6. a. The committee shall establish a modified allowable growth for a district by increasing its allowable growth when the district submits evidence that it requires additional funding for removal, management, or abatement of environmental hazards due to a state or federal requirement. Environmental hazards shall include but are not limited to the presence of asbestos, radon, or the presence of any other hazardous material dangerous to health and safety.

b. The committee shall include a budget for the actual cost of the project that may include the costs of inspection, reinspection, sampling, analysis, assessment, response actions, operations and maintenance, training, periodic surveillance, developing of management plans, recordkeeping requirements, and encapsulation or removal of the hazardous material.

7. a. The committee may authorize a district to spend a reasonable and specified amount from its unexpended cash balance for either of the following purposes:

   (1) Furnishing, equipping, and contributing to the construction of a new building or structure for which the voters of the district have approved a bond issue as provided by law or the tax levy provided in section 298.2.

   (2) The costs associated with the demolition of an unused school building, or the conversion of an unused school building for community use, in a school district involved in a dissolution or reorganization under chapter 275, if the costs are incurred within three years of the dissolution or reorganization.

b. Other expenditures, including but not limited to expenditures for salaries or recurring costs, are not authorized under this subsection. Expenditures authorized under this subsection shall not be included in allowable growth or district cost, and the portion of the unexpended cash balance which is authorized to be spent shall be regarded as if it were miscellaneous income. Any part of the amount not actually spent for the authorized purpose shall revert to its former status as part of the unexpended cash balance.

8. The committee may approve or modify the initial base year district cost of any district which changes accounting procedures.

9. When the committee makes a decision under subsections 3 through 8, it shall make all necessary changes in the district cost, budget, and tax levy. It shall give written notice of its decision, including all such changes, to the school board through the department of education.

10. All decisions by the committee under this chapter shall be made in accordance with reason-
able and uniform policies which shall be consistent with this chapter. All such policies of general application shall be stated in rules adopted in accordance with chapter 17A. The committee shall take into account the intent of this chapter to equalize educational opportunity, to provide a good education for all the children of Iowa, to provide property tax relief, to decrease the percentage of school costs paid from property taxes, and to provide reasonable control of school costs. The committee shall also take into account the amount of funds available.

11. Failure by any school district to provide information or appear before the committee as requested for the accomplishment of review or hearing is justification for the committee to instruct the director of the department of management to withhold any state aid to that district until the committee’s inquiries are satisfied completely.

12. The committee shall review the recommendations of the director of the department of education relating to the special education weighting plan, and shall establish a weighting plan for each school year pursuant to section 256B.9, and report the plan to the director of the department of education.

13. The committee may recommend that two or more school districts jointly employ and share the services of any school personnel, or acquire and share the use of classrooms, laboratories, equipment, and facilities as specified in section 280.15.

14. As soon as possible following June 30 of the base year, the school budget review committee shall determine for each school district the balance of funds, whether positive or negative, raised for special education instruction programs under the special education weighting plan established in section 256B.9. The committee shall certify the balance of funds for each school district to the director of the department of management.

a. If the amount certified for a school district to the director of the department of management under this subsection for the base year is positive, the director of the department of management shall subtract the amount of the positive balance exceeding ten percent of the additional funds generated for special education, not to include any previous carryover, from the amount of state aid remaining to be paid to the district during the budget year. If the positive amount exceeding the ten percent amount exceeds the amount of state aid that remains to be paid to the district, not including any previous carryover, the school district shall pay the excess on a quarterly basis prior to June 30 of the budget year to the director of the department of management from other funds received by the district. The director of the department of management shall determine the amount of the positive balance that exceeds the ten percent amount that came from local property tax revenues and shall increase the district’s total state school aids available under this chapter for the next following budget year by the amount so determined and shall reduce the district’s tax levy computed under section 257.4 for the next following budget year by the amount necessary to compensate for the increased state aid.

b. If the amount certified for a school district to the director of the department of management under this subsection for the base year is negative, the director of the department of management shall determine the amount of the deficit that would have been state aid and the amount that would have been property taxes for each eligible school district.

(2) There is appropriated from the general fund of the state to the school budget review committee for each fiscal year an amount equal to the state aid portion of five percent of the receipts for special education instruction programs in all districts that has a positive balance determined under paragraph “a” for the base year, or the state aid portion of all of the positive balances determined under paragraph “a” for the base year, whichever is less, to be used for supplemental aid payments to school districts. Except as otherwise provided in this lettered paragraph, supplemental aid paid to a district is equal to the state aid portion of the district’s negative balance. The school budget review committee shall direct the director of the department of management to make the payments to school districts under this lettered paragraph.

(3) A school district is only eligible to receive supplemental aid payments during the budget year if the school district certifies to the school budget review committee that for the year following the budget year it will notify the school budget review committee to instruct the director of the department of management to increase the district’s allowable growth and will fund the allowable growth increase either by using moneys from its unexpended cash balance to reduce the district’s property tax levy or by using cash reserve moneys to equal the amount of the deficit that would have been property taxes and any part of the state aid portion of the deficit not received as supplemental aid under this subsection. The director of the department of management shall make the necessary adjustments to the school district’s budget to provide the modified allowable growth and shall make the supplemental aid payments.

(4) If the amount appropriated under this lettered paragraph is insufficient to make the supplemental aid payments under this subsection, the director of the department of management shall prorate the payments on the basis of the amount appropriated.

15. Annually the school budget review committee shall review the amount of property tax levied by each school district for the cash reserve authorized in section 298.10. If in the committee’s judgment, the amount of a district’s cash reserve levy is unreasonably high, the committee shall in-
§257.31, FINANCING SCHOOL PROGRAMS

construct the director of the department of management to reduce that district's tax levy computed under section 257.4 for the following budget year by the amount the cash reserve levy is deemed excessive. A reduction in a district's property tax levy for a budget year under this subsection does not affect the district's authorized budget.

16. The committee shall perform the duties assigned to it under sections 257.32 and 260C.18B.

17. a. If a district's average transportation costs per pupil exceed the state average transportation costs per pupil determined under paragraph "c" by one hundred fifty percent, the committee may grant transportation assistance aid to the district. Such aid shall be miscellaneous income and shall not be included in district cost.

b. To be eligible for transportation assistance aid, a school district shall annually certify its actual cost for all children transported in all school buses not later than July 31 after each school year on forms prescribed by the committee.

c. A district's average transportation costs per pupil shall be determined by dividing the district's actual cost for all children transported in all school buses for a school year pursuant to section 285.1, subsection 12, less the amount received for transporting nonpublic school pupils under section 285.1, by the district's actual enrollment for the school year excluding the shared-time enrollment for the school year as defined in section 257.6. The state average transportation costs per pupil shall be determined by dividing the total actual costs for all children transported in all districts for a school year, by the total of all districts' actual enrollments for the school year.

d. Funds transferred to the committee in accordance with section 321.34, subsection 22, are appropriated to and may be expended for the purposes of the committee, as described in this section. However, highest priority shall be given to districts that meet the conditions described in this subsection. Notwithstanding any other provision of the Code, unencumbered or unobligated funds transferred to the committee pursuant to section 321.34, subsection 22, remaining on June 30 of the fiscal year for which the funds were transferred, shall not revert but shall be available for expenditure for the purposes of this subsection in subsequent fiscal years.

18. If a school district exceeds its authorized budget or carries a negative unspent balance for two or more consecutive years, the committee may recommend that the department implement a phase II on-site visit to conduct a fiscal review pursuant to section 256.11, subsection 10, paragraph "b", subparagraph (1), subparagraph subdivision (e).

257.32 Area education budget review.

1. An area education agency budget review procedure is established for the school budget review committee created in section 257.30. The school budget review committee, in addition to its duties under section 257.31, shall meet and hold hearings each year to review unusual circumstances of area education agencies, either upon the committee’s motion or upon the request of an area education agency. The committee may grant supplemental aid to the area education agency from funds appropriated to the department of education for area education agency budget review purposes, or an amount may be added to the area education agency special education support services allowable growth for districts in an area or an additional amount may be added to district cost for media services or educational services for all districts in an area for the budget year either on a temporary or permanent basis, or both.

Unusual circumstances shall include but are not limited to the following:

a. An unusual increase or decrease in enrollment of children requiring special education or unusual need for additional moneys for special education support services.

b. Unusual need for additional moneys for media services.

c. Unusual need for additional moneys for educational services.

d. Unusual costs for building repair, building maintenance, or removal of environmental hazards.

e. Participation by the area education agency in telecommunications, electronic, and technological development with school districts, and related staff development programs.

2. When the school budget review committee makes a decision under subsection 1, it shall provide written notice of its decision, including all changes, to the board of directors of the area education agency, and to the department of management and the department of education.

3. All decisions by the school budget review committee under this section shall be made in accordance with reasonable and uniform policies which shall be consistent with this chapter.

4. Failure by an area education agency to provide information or appear before the school budget review committee as requested for the accomplishment of review or hearing constitutes justification for the committee to instruct the department of administrative services to withhold pay-
ments for the area education agency until the committee’s inquiries are satisfied completely.

257.33 Prior enrichment approval.
If the electors of a school district approved the use of the additional enrichment amount prior to July 1, 1991, under chapter 442, Code 1991, or section 279.43, Code 1991, the approval for use of the enrichment amount shall continue in effect until the expiration of the period for which it was approved and districts may use the additional enrichment amount during that period. However, section 257.28 applies to the use of the additional enrichment amount.

Use of the additional enrichment amounts approved under chapter 442, Code 1991, is not affected by a change in the boundaries of the school district, except as otherwise provided in this section. If each school district involved in a school reorganization under chapter 275 has approved the use of the additional enrichment amount, and if the voters have not voted upon the question of participation in the instructional support program in the reorganized district, the use of the additional enrichment amount shall be in effect for the reorganized district that has been approved for the least amount and the shortest time in any of the districts.

257.34 Cash reserve information.
If a school district receives less state school foundation aid under section 257.1 than is due under that section for a base year and the school district uses funds from its cash reserve during the base year to make up for the amount of state aid not paid, the board of directors of the school district shall include in its general fund budget document information about the amount of the cash reserve used to replace state school foundation aid not paid.

89 Acts, ch 135, §34

257.35 Area education agency payments.
1. The department of management shall determine the amount deducted from each school district in an area education agency on a proportional basis. The department of management shall determine from the amounts deducted from the portions of school district budgets that fund area education agency special education support services the amount that would have been local property taxes and the amount that would have been state aid and for the next following budget year shall increase the district’s total state school aid available under this chapter for area education agency special education support services and reduce the district’s property tax levy for area education agency special education support services by the amount necessary for the property tax portion of the deductions made under this section during the budget year.

The amount deducted from a school district’s budget shall not affect the calculation of the state cost per pupil or its district cost per pupil in that school year or a subsequent year.

257.37 Funding media and educational services.
Media services and educational services provided through the area education agencies shall be funded, to the extent provided, by an addition to the combined district cost of each school district, determined as follows:
1. For the budget year beginning July 1, 1991, and succeeding budget years, the total amount funded in each area for media services shall be computed as provided in this subsection. For the budget year beginning July 1, 1991, the total amount funded in each area for media services in the base year, including the cost for media resource material which shall only be used for the purchase or replacement of material required in section 273.6, subsection 1, paragraphs “a”, “b”, and “c”, shall be divided by the enrollment served in the base year to provide an area media services cost per pupil in the base year, and the department of management shall compute the state media services cost per pupil in the base year which is equal to the average of the area media services costs per pupil in the base year. For the budget year beginning July 1, 1991, and succeeding budget years, the department of management shall compute the allowable growth for media services in the budget year by multiplying the state media services cost per pupil in the base year times the state percent of growth for the budget year, and the total amount funded in each area for media services cost in the budget year equals the area media services cost per pupil in the base year plus the allowable growth for media services in the budget year times the enrollment served in the budget year. Funds shall be paid to area education agencies as provided in section 257.35.
2. Thirty percent of the budget of an area for media services shall be expended for media resource material which shall only be used for the purchase or replacement of material required in section 273.6, subsection 1. Funds shall be paid to area education agencies as provided in section 257.35.
3. For the budget year beginning July 1, 1991, and succeeding budget years, the total amount funded in each area for educational services shall be computed as provided in this subsection. For the budget year beginning July 1, 1991, the total amount funded in each area for educational services in the base year shall be divided by the enrollment served in the area in the base year to provide an area educational services cost per pupil in the base year, and the department of management shall compute the state educational services cost per pupil in the base year, which is equal to the average of the area educational services costs per pupil in the base year. For the budget year beginning July 1, 1991, and succeeding budget years, the department of management shall compute the allowable growth for educational services by multiplying the state educational services cost per pupil in the base year times the state percent of growth for the budget year, and the total amount funded in each area for educational services in the budget year equals the area educational services cost per pupil in the base year plus the allowable growth for educational services in the budget year times the enrollment served in the area in the budget year. Funds shall be paid to area education agencies as provided in section 257.35.
4. “Enrollment served” means the basic enrollment plus the number of nonpublic school pupils
served with media services or educational services, as applicable, except that if a nonpublic school pupil or a pupil attending another district under a whole grade sharing agreement or open enrollment receives services through an area other than the area of the pupil’s residence, the pupil shall be deemed to be served by the area of the pupil’s residence, which shall by contractual arrangement reimburse the area through which the pupil actually receives services. Each school district shall include in the enrollment report submitted pursuant to section 257.6, subsection 1, the number of nonpublic school pupils within each school district for media and educational services served by the area.

5. If an area education agency does not serve nonpublic school pupils in a manner comparable to services provided public school pupils for media and educational services, as determined by the state board of education, the state board shall instruct the department of management to reduce the funds for media services and educational services one time by an amount to compensate for such reduced services. The media services budget shall be reduced by an amount equal to the product of the cost per pupil in basic enrollment for the budget year for media services times the difference between the enrollment served and the basic enrollment recorded for the area. The educational services budget shall be reduced by an amount equal to the product of the cost per pupil in basic enrollment for the budget year for educational services times the difference between the enrollment served and the basic enrollment recorded for the area.

This subsection applies only to media and educational services which cannot be diverted for religious purposes.

Notwithstanding this subsection, an area education agency shall distribute to nonpublic schools media materials purchased wholly or partially with federal funds in a manner comparable to the distribution of such media materials to public schools as determined by the director of the department of education.

6. For the budget year beginning July 1, 2002, and each succeeding budget year, notwithstanding the requirements of this section for determining the budgets and funding of media services and education services, an area education agency may, within the limits of the total of the funds provided for the budget years pursuant to section 257.35, expend for special education support services an amount that exceeds the payment for special education support services pursuant to section 257.35 in order to maintain the level of required special education support services in the area education agency.

d. The use of the funds calculated under this subsection shall comply with requirements of chapters 284 and 294A and shall be distributed to teachers pursuant to section 284.7.

257B.6 Sale without appraisement.
When the county board of supervisors has once offered for sale school lands held under section 257B.1A in compliance with the requirements of this chapter, and they remain unsold, and it is unable to obtain the appraised value of the lands and, in the opinion of the board, it is for the best interests of the permanent school fund that the lands be sold for a less price, it may instruct the auditor to transmit to the secretary of state a certified copy of its proceedings in relation to the order of sale of the land and subsequent proceedings in relation to the sale, including the action of the township trustees, and the price per acre at which the land had been appraised. The secretary of state shall submit the transcript of the proceedings to the executive council, and if it approves of a sale at a lesser sum, it shall certify the approval to the auditor of the county from which the transcript came. The certificate shall be recorded in the minute book of the board of supervisors, and the land may again be offered and sold to the highest bidder without again being appraised, after notice given as in case of sales in the first instance.

All school lands sold in pursuance of law shall be subject to taxation from and after the execution and delivery of a contract of purchase. All sales made, where the full price is not paid, shall be subject to the law relative to the prevention or punishment of waste, and in all such cases the township trustees in each township are charged with the duty of preventing the commission of waste upon any school lands lying in their township, and, if attempted, they shall apply by petition for an injunction to stay the same, and if granted the writ shall issue without bond, and the court issuing it may make such order in the premises as shall be equitable and best calculated to prevent threatened injury, and may adjudge damages for any injury done, the costs to abide the event of the action, and the damages adjudged shall be paid to the county treasurer and the county treasurer shall forthwith pay the same to the state treasurer which shall become a part of the permanent school fund.

CHAPTER 257C
ADVANCE FUNDING AUTHORITY

Iowa advance funding authority is included in the department of education; §7E.7, chapter 256
This chapter not enacted as a part of this title; transferred from chapter 442A in Code 1993
See §421.7 pertaining to interest rates
257C.1 Title.

§257C.1, ADVANCE FUNDING AUTHORITY

257C.2 Legislative findings.
The general assembly finds as follows:
1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa and the improvement of the financing procedures for Iowa’s schools.
2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.
3. Iowa schools face a serious and increasing problem with cash flow difficulties caused, among other factors, by increasing reliance on state school foundation aid, delays in the payment of state school foundation aid, and the periodic payment of property taxes for school purposes.
4. As a result of their increasing cash flow difficulties, Iowa schools have had to borrow on a short-term basis larger amounts of funds more often, thus increasing their borrowing costs significantly.
5. The short-term borrowing costs of Iowa schools are a direct burden on the taxpayers of the state.
6. It is necessary to create the authority to provide a means for Iowa schools to reduce substantially or eliminate their short-term borrowing costs and thus reduce costs to the taxpayers.
7. All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted.

Bonds issued pursuant to this section may be secured by a pledge of payments made to the authority by the school, to be derived from the receipt of anticipated funds evidenced by the notes of the school, including a pooling of payments of notes from two or more participating schools. The authority may also issue refunding bonds, including advance refunding bonds, for the purpose of refunding previously issued bonds.

257C.10 Powers not restricted — law complete in itself.

This chapter is not a restriction or limitation on powers which the authority or a school has under the laws of this state, but is cumulative to any such powers. No proceedings, referendum, notice, or approval is required for the creation of the authority or the issuance of obligations or an instrument as security except as provided in this chapter.

The member having the interest shall not participate in action by the board with respect to that contract.

2. This section does not limit the right of a member of the board to acquire an interest in bonds, or limit the right of a member to have an interest in a bank or other financial institution in which the funds of the authority are deposited or which is acting as trustee or paying agent under a trust indenture to which the authority is a party.

3. The executive director shall not have an interest in a bank or other financial institution in which the funds of the authority are deposited or which is acting as trustee or paying agent under a trust indenture to which the authority is a party. The executive director shall not receive, in addition to fixed salary or compensation, any money or valuable thing, either directly or indirectly, or through any substantial interest in any other corporation or business unit, for negotiating, procuring, recommending, or aiding in any loan made by the authority, nor shall the executive director be pecuniarily interested, either as principal, co-
principal, agent, or beneficiary, either directly or indirectly or through any substantial interest in any other corporation or business unit, in any loan.

258.17 Community-based workplace learning program — workstart.
1. A community-based workplace learning program, called “workstart”, is established as a
vocational collaborative educational program between business and Iowa's secondary and postsecondary education system designed to provide the means by which students can be better prepared to enter the workforce. The program is to provide all participating high school students with academic skills and appropriate competency-based job-specific skills needed to enter high performance workplace employment through a jointly planned and supervised instructional and worksite-based training program that is articulated with postsecondary advanced programs of preparation, United States department of labor-approved apprenticeship programs, and other appropriate job training programs. Schools and school districts are encouraged to work with current employers of students attending instruction in the schools or school districts in order to articulate educational programming with the work experiences of the students. The workstart program is designed to prepare students for employment in occupations which not only require high skill levels but which also offer students opportunities within those occupations for career and personal advancement.

2. Each school or school district that desires to establish a workstart program shall appoint a local employment and training council, the members of which shall serve at the pleasure of the board of directors of the district or the authorities in charge of the nonpublic school. The majority of the council members shall be local secondary and postsecondary educators. Other council members shall include, but are not limited to, members of the business community and chamber of commerce, appropriate labor representatives, parents, and representatives from any local municipal, county, state, or federal job placement or training agencies. The council shall identify and assess all of the following:

a. The types of high performance workplace employment opportunities for individuals who live in the community.

b. The skills, knowledge, and attitudes required by employers for placement in entry level and advanced positions.

c. The private and institutional resources necessary and available to provide the appropriate high school training and advanced educational offerings for persons seeking to acquire job skills for the positions.

The council, in identifying and assessing high performance workplace employment opportunities, shall consult with local and regional job placement organizations and take into consideration possible job placement trends and opportunities that may become available to program participants. The council shall consult with the vocational regional planning board or consortia to determine what educational resources are available within the merged area and to ascertain the occupational needs of local students. The council shall summarize those jobs, skills, and resources identified and assessed and develop a proposed plan for utilization of available resources to permit the acquisition of those skills in a workstart program. In addition to any agreements with local businesses, the proposed plan for a workstart program shall include an articulated, sequential plan that coordinates and complements the curricula and training available in a secondary education setting with the curricula and training available at the community or private college or other postsecondary training program level. The council shall forward the proposed plan for a workstart program to the board of directors of the school district, or the authorities in charge of the nonpublic school, for review, modification, and approval.

3. Each workstart program shall consist of two phases, each of which shall be supervised by an appropriately licensed education practitioner: the preparation phase and the workplace phase.

a. The preparation phase of a workstart program is a school-based program that provides students with basic and advanced academic skills that will be necessary to perform in a vocational service area chosen by the student. The preparation phase shall also include instruction in skills that are necessary to succeed in high performance workplace employment. The preparation phase of a workstart program shall be directed by education practitioners possessing the appropriate licensing and endorsements for the vocational service area.

b. The workplace phase of a workstart program shall consist of an intensive workplace-specific training program that may be conducted at a worksite or both at a worksite and in the school setting. The workplace phase of a workstart program shall be coordinated by an education practitioner possessing the appropriate license and endorsements for the vocational service area, and may be directed at the worksite by persons employed in the occupational training area which has been selected by the student.

Both the preparation and workplace phases shall be articulated with United States department of labor-approved apprenticeship programs and other postsecondary educational and training offerings that permit participating students to obtain advanced training and education that may be necessary upon graduation from the workstart secondary education program or to obtain an advancement in an occupational field chosen by the student during the student's participation in a workstart secondary education program.

4. Each workstart program shall include a written agreement by the school or school district with one or more businesses from the surrounding community to provide workplace-specific training and learning programs which are related to the skills needed to succeed in those occupational areas. The proposed plan for implementation of the workstart program shall include a copy of the
written agreement between the school or school district and the business or businesses and a business support component, which shall consist of financial or in-kind support, or both financial and in-kind support, from the businesses that have entered into the agreement with the school or school district.

5. The state board of education shall adopt rules pursuant to chapter 17A to provide for the implementation of this section.

6. The department of education shall adopt guidelines for the establishment of workstart programs. Guidelines may include, but are not limited to, acceptable levels of business financial participation in a workstart program, maximum hour and workload guidelines for education practitioners working in or supervising a workstart program, and maximum and minimum class size guidelines for the preparation and workplace phases of a workstart program.

7. A school or local school district that implements a workstart program shall annually conduct a survey which counts the number of students who participate in, or graduate from, the program that are actually employed in an occupational area for which they received training. The school or school district shall disseminate the results of the surveys to the local employment and training councils for the school or school district and the department of education.

260C.14 Authority of directors.

The board of directors of each community college shall:

1. Determine the curriculum to be offered in such school or college subject to approval of the director and ensure that all vocational offerings are competency-based, provide any minimum competencies required by the department of education, comply with any applicable requirements in chapter 258, and are articulated with local school district vocational education programs. If an existing private educational or vocational institution within the merged area has facilities and curriculum of adequate size and quality which would duplicate the functions of the area school, the board of directors shall discuss with the institution the possibility of entering into contracts to have the existing institution offer facilities and curriculum to students of the merged area. The board of directors shall consider any proposals submitted by the private institution for providing such facilities and curriculum. The board of directors may enter into such contracts. In approving curriculum, the director shall ascertain that all courses and programs submitted for approval are needed and that the curriculum being offered by an area school does not duplicate programs provided by existing public or private facilities in the area. In determining whether duplication would actually exist, the director shall consider the needs of the area and consider whether the proposed programs are competitive as to size, quality, tuition, purposes, and area coverage with existing public and private educational or vocational institutions within the merged area. If the board of directors of the merged area chooses not to enter into contracts with private institutions under this subsection, the board shall submit a list of reasons why contracts to avoid duplication were not entered into and an economic impact statement relating to the board's decision.

2. Have authority to determine tuition rates for instruction. Tuition for residents of Iowa shall not exceed the lowest tuition rate per semester, or the equivalent, charged by an institution of higher education under the state board of regents for a full-time resident student. However, except for students enrolled under section 261E.6, if a local school district pays tuition for a resident pupil of high school age, the limitation on tuition for residents of Iowa shall not apply, the amount of tuition shall be determined by the board of directors of the community college with the consent of the local school board, and the pupil shall not be included in the full-time equivalent enrollment of the community college for the purpose of computing general aid to the community college. Tuition for nonresidents of Iowa shall not be less than the marginal cost of instruction of a student attending the college. A lower tuition for nonresidents may be permitted under a reciprocal tuition agreement between a merged area and an educational institution in another state, if the agreement is approved by the director. The board may designate that a portion of the tuition moneys collected from students be used for student aid purposes.

3. Have the powers and duties with respect to community colleges, not otherwise provided in this chapter, which are prescribed for boards of directors of local school districts by chapter 279 except that the board of directors is not required to prohibit the use of tobacco and the use or possession of alcoholic liquor or beer by any student of legal age under the provisions of section 279.9.

4. Have the power to enter into contracts and take other necessary action to insure a sufficient curriculum and efficient operation and management of the college and maintain and protect the physical plant, equipment, and other property of the college.

5. Establish policy and make rules, not inconsistent with law and administrative rules, regulations, and policies of the state board, for its own government and that of the administrative, teaching, and other personnel, and the students of the college, and aid in the enforcement of such laws, rules, and regulations.

6. Have authority to sell a student-constructed building and the property on which the student-constructed building is located or any article resulting from any vocational program or course offered at a community college by any procedure which may be adopted by the board. Governmental agencies and governmental subdivisions of the state within the merged areas shall be given preference in the purchase of such articles. All revenue received from the sale of any article shall be credited to the funds of the board of the merged area.

7. With the consent of the inventor, and in the discretion of the board, secure letters patent or copyright on inventions of students, instructors, and officials of any community college of the merged area, or take assignment of such letters.
restrictions; the installation and maintenance of signs designating prohibitions or designation of parking areas; the erection and parking control devices except parking meters; and assessment, enforcement, and collection of reasonable penalties for the violation of the rules.

Rules made under this subsection may be enforced under procedures adopted by the board of directors. Penalties may be imposed upon students, faculty, and staff for violation of the rules, including, but not limited to, a reasonable monetary penalty which may be deducted from student deposits and faculty or staff salaries or other funds in possession of the community college or added to student tuition bills. The rules made under this subsection may also be enforced by the impoundment of vehicles and bicycles parked in violation of the rules, and a reasonable fee may be charged for the cost of impoundment and storage prior to the release of the vehicle or bicycle to the owner. Each community college shall establish procedures for the determination of controversies in connection with the imposition of penalties. The procedures shall require giving notice of the violation and the penalty prescribed and providing the opportunity for an administrative hearing.

11. Be authorized to issue to employees of community colleges school credit cards to use for payment of authorized expenditures incurred in the performance of work-related duties.

12. During the second week of August of each year, publish by one insertion in at least one newspaper published in the merged area a summarized statement verified by affidavit of the secretary of the board showing the receipts and disbursements of all funds of the community college for the preceding fiscal year. The statement of disbursements shall show the names of the persons, firms, or corporations, and the total amount paid to each during the fiscal year. The board is not required to make the publications and notices required under sections 279.35 and 279.36.

13. Adopt policies and procedures for the use of telecommunications as an instructional tool at the community college. The policies and procedures shall include but not be limited to policies and procedures relating to programs, educational policy, practices, staff development, use of pilot projects, and the instructional application of the technology.

14. In its discretion, adopt rules relating to the classification of students enrolled in the community college who are residents of Iowa’s sister states as residents or nonresidents for tuition and fee purposes.

15. By July 1, 1991, develop a policy which requires oral communication competence of persons who provide instruction to students attending institutions under the control of the board. (1) Base funding allocation. The moneys shall first be allocated in the amount of general state financial aid each community college received in the base year. If the appropriation is less than the total of the amount of general state financial aid each community college received in the base year, the moneys shall be allocated in the same proportion as the allocation of general state financial aid each community college received in the base year.

(2) Marginal cost adjustment. After the base funding has been allocated, each community college shall be allocated up to an additional two percent of its base funding allocation. The community college's allocation shall be in the same proportion as the allocation of general state financial aid each community college received in the base year.

(3) Three-year rolling average of full-time equivalent enrollment. (4) Extraordinary growth adjustment. If the increase in total state general aid exceeds three percent over the base funding allocation, an amount up to an additional one percent of the base funding allocation shall be distributed as follows:

b. If the inflation rate is greater than two percent but less than four percent:

(1) Base funding allocation. The moneys shall first be allocated in the amount of general state financial aid each community college received in the base year. If the appropriation is less than the total of the amount of general state financial aid each community college received in the base year, the moneys shall be allocated in the same proportion as the allocation of general state financial aid each community college received in the base year.

(2) Marginal cost adjustment. After the base funding has been allocated, each community college shall be allocated up to an additional two percent of its base funding allocation. The community college's allocation shall be in the same proportion as the allocation of general state financial aid each community college received in the base year.

(3) Three-year rolling average of full-time equivalent enrollment. If the increase in the total state general aid exceeds two percent over the base funding allocation, an amount up to an additional one percent of the base funding allocation shall be distributed based upon each community college's proportional share of the three-year rolling average full-time equivalent enrollments for all community colleges.

(4) Extraordinary growth adjustment. If the increase in total state general aid exceeds three percent over the base funding allocation, an amount up to an additional one percent of the base funding allocation shall be distributed as follows:

(a) Forty percent of the moneys shall be allocated based upon each community college's proportional share of the three-year rolling average full-time equivalent enrollments for all community colleges.

(b) Sixty percent of the moneys shall be allocated to community colleges that have eligible growth support. The allocation shall be based upon the proportional share that each community college's eligible growth support bears to the total growth support amount. Once the moneys allocated under this subparagraph subdivision equal the total growth support amount, the remaining moneys shall be allocated as provided in subparagraph subdivision (a).
(5) **Inflation adjustment.** If the increase in total state general aid exceeds four percent over the base funding allocation, an amount up to the inflation adjustment amount shall be distributed to each community college in the same proportion as the allocation of general state financial aid each community college received in the base year.

(6) **Additional three-year rolling average FTEE allocation.** If there are remaining moneys to be distributed under this paragraph after distributing moneys under subparagraph (5), all remaining moneys shall be distributed based upon each community college’s proportional share of the three-year rolling average full-time equivalent enrollments for all community colleges.

c. If the inflation rate equals or exceeds four percent:

(1) **Base funding allocation.** The moneys shall first be allocated in the amount of general state financial aid each community college received in the base year. If the appropriation is less than the total of the amount of general state financial aid each community college received in the base year, the moneys shall be allocated in the same proportion as the allocation of general state financial aid each community college received in the base year.

(2) **Marginal cost adjustment.** After the base funding has been allocated, each community college shall be allocated up to an additional two percent of its base funding allocation. (a) Forty percent of the moneys shall be allocated based upon each community college’s proportional share of the three-year rolling average full-time equivalent enrollments for all community colleges.

(b) Sixty percent of the moneys shall be allocated to community colleges that have eligible growth support. The allocation shall be based upon the proportional share that each community college’s eligible growth support bears to the total growth support amount. Once the moneys allocated under this subparagraph subdivision equal the total growth support amount, the remaining moneys allocated under this subparagraph shall be allocated as provided in subparagraph subdivision (a).

(6) **Additional three-year rolling average FTEE allocation.** If there are remaining moneys to be distributed under this paragraph after distributing moneys under subparagraph (5), all remaining moneys shall be distributed based upon each community college’s proportional share of the three-year rolling average full-time equivalent enrollments for all community colleges.

4. **Information supplied by colleges and adoption of rules.**

The state board shall define “eligible full-time equivalent instructor” by rule.

2. **Base funding allocation.** Moneys distributed to each community college under subsection 1 shall be included in the base funding allocation for all future years. The use of the funds shall remain as described in this section for all future years.

3. **Purposes supplemental.** Moneys appropriated and distributed to community colleges under this section shall be used to supplement and not supplant any approved faculty salary increases or
negotiated agreements, excluding the distribution of the funds in this section.

No indebtedness shall be incurred under section 260C.19 until authorized by an election. A proposition to incur indebtedness and issue bonds for community college purposes shall be deemed carried in a merged area if approved by a sixty percent majority of all voters voting on the proposition in the area. However, if the costs of utilities are paid by a community college with funds derived from the levy authorized under section 260C.22, the community college may use the general fund moneys that would have been used to pay the costs of utilities for capital expenditures, may invest the funds, or may incur indebtedness without an election, provided that the payments on the indebted-
ness incurred, and any interest on the indebtedness, can be made using general funds of the community college and the total payments on the principal and interest on the indebtedness do not exceed the amount of the costs of the utilities. 260C.22 Facilities levy by vote — borrowing — temporary cash reserve levy.

1. a. In addition to the tax authorized under section 260C.17, the voters in a merged area may at the regular school election vote a tax not exceeding twenty and one-fourth cents per thousand dollars of assessed value in any one year for a period not to exceed ten years for the purchase of grounds, construction of buildings, payment of debts contracted for the construction of buildings, purchase of buildings and equipment for buildings, and the acquisition of libraries, for the purpose of paying costs of utilities, and for the purpose of maintaining, remodeling, improving, or expanding the community college of the merged area. If the levy is approved under this section, the costs of utilities shall be paid from the proceeds of the levy. The tax shall be collected by the county treasurers and remitted to the treasurer of the counties in which such merged area is located, and the filing of a certified copy of this resolution shall be sufficient to pay the loan and interest thereon. The proceeds of such loan shall be deposited in a separate and distinct fund to be known as the voted tax fund, to be paid out upon warrants drawn by the president and secretary of the board of directors of the merged area district for the payment of costs incurred in providing the school facilities for which the tax was voted.

b. In order to make immediately available to the merged area the proceeds of the voted tax hereinbefore authorized to be levied, the board of directors of any such merged area is hereby authorized, without the necessity for any further election, to borrow money and enter into loan agreements in anticipation of the collection of such tax, and such board shall, by resolution, provide for the levy of an annual tax, within the limits of the special voted tax hereinbefore authorized, sufficient to pay the amount of any such loan and the interest thereon to maturity as the same becomes due. A certified copy of this resolution shall be filed with the county auditors of the counties in which such merged area is located, and the filing thereof shall make it a duty of such auditors to enter annually this levy for collection until funds are realized to repay the loan and interest thereon in full. Said loan must mature within the number of years for which the tax has been voted and shall bear interest at a rate or rates not exceeding that permitted by chapter 74A. Any loan agreement entered into pursuant to authority herein contained shall be in such form as the board of directors shall by resolution provide and the loan shall be payable as to both principal and interest from the proceeds of the annual levy of the voted tax hereinbefore authorized, or so much thereof as will be sufficient to pay the loan and interest thereon. In furtherance of the foregoing the board of directors of such merged area may, with or without notice, negotiate and enter into a loan agreement or agreements with any bank, investment banker, trust company, insurance company or group thereof, whereunder the borrowing of the necessary funds may be assured and consummated. The proceeds of such loan shall be deposited in a special fund, to be kept separate and apart from all other funds of the merged area, and shall be paid out upon warrants drawn by the president and secretary of the board of directors to pay the cost of acquiring the school facilities for which the tax was voted.

c. If the boundary lines of a merged area are changed, the levy of the annual tax provided in this section sufficient to pay the amount due for a loan agreement and the interest on the loan agreement to maturity shall continue in any territory severed from the merged area until the loan with interest on the loan has been paid in full.

d. Nothing herein contained shall be construed to limit the authority of the board of directors to levy the full amount of the voted tax, but if and to whatever extent said tax is levied in any year in excess of the amount of principal and interest falling due in such year under any loan agreement, the first available proceeds thereof, to an amount sufficient to meet maturing installments of principal and interest under the loan agreement, shall be paid into the sinking fund for such loan before any of such taxes are otherwise made available to the merged area for other school purposes, and the amount required to be annually set aside to pay the principal of and interest on the money borrowed under such loan agreement shall constitute a first charge upon all of the proceeds of such annual special voted tax, which tax shall be pledged to pay said loan and the interest thereon.

e. This law shall be construed as supplemental and in addition to existing statutory authority and as providing an independent method of financing the cost of acquiring school facilities for which a tax has been voted under this section and for the borrowing of money and execution of loan agreements in connection therewith and shall not be construed as subject to the provisions of any other law. The fact that a merged area may have previously borrowed money and entered into loan agreements under authority herein contained shall not prevent such merged area from borrowing additional money and entering into further loan agreements provided that the aggregate of the amount payable under all of such loan agreements does not exceed the proceeds of the voted tax. All acts and proceedings heretofore taken by the board of directors or by any official of any merged area for the exercise of any of the powers

COMMUNITY COLLEGES, §260C.22
granted by this section are hereby legalized and validated in all respects.

2. The proceeds of the tax voted under subsection 1, paragraph "a", prior to July 1, 1987 shall be used for the purposes for which it was approved by the voters and may be used for the purpose of paying the costs of utilities.

3. In addition to the tax authorized under section 260C.17, the board of directors of an area school may certify for levy by March 15, 1982 and March 15, 1983, a tax on taxable property in the merged area at rates that will provide total revenues for the two years equal to five percent of the area school’s general fund expenditures for the fiscal year ending June 30, 1980 in order to provide a cash reserve for that area school. As nearly as possible, one-half the revenue for the cash reserve fund shall be collected during each year.

The revenues derived from the levies shall be placed in a separate cash reserve fund. Moneys from the cash reserve fund shall only be used to alleviate temporary cash shortages. If moneys from the cash reserve fund are used to alleviate a temporary cash shortage, the cash reserve fund shall be reimbursed immediately from the general fund of the community college as funds in the general fund become available, but in no case later than June 30 of the current fiscal year, to repay the funds taken from the cash reserve fund.

4. The board of directors of any merged area that failed to certify for levy under subsection 3 by March 15, 1982, and March 15, 1983, may certify for levy by April 15, 1997, and April 15, 1998, a tax on taxable property in the merged area at rates that will provide total revenues for the two years equal to five percent of the area school’s general fund expenditures for the fiscal year ending June 30, 1995, in order to provide a cash reserve for that area school. As nearly as possible, one-half the revenue for the cash reserve fund shall be collected during each year.

The revenues derived from the levies shall be placed in a separate cash reserve fund. Notwithstanding subsection 3, moneys from the cash reserve fund established by a merged area under subsection 3 or this subsection shall be used only to alleviate temporary cash shortages. If moneys from the cash reserve fund are used to alleviate a temporary cash shortage, the cash reserve fund shall be reimbursed immediately from the general fund of the community college as funds in the general fund become available, but in no case later than June 30 of the current fiscal year, to repay the funds taken from the cash reserve fund.

260C.24 Payment of appropriations.

Payment of appropriations for distribution under this chapter, or of appropriations made in lieu of such appropriations, shall be made by the department of administrative services in monthly installments due on or about the fifteenth of each month of a budget year, and installments shall be as nearly equal as possible, as determined by the department of administrative services, taking into consideration the relative budget and cash position of the state resources.

2. However, the board of directors may annually certify for levy a tax on taxable property in the merged area at a rate in excess of the three cents per thousand dollars of assessed valuation specified under subsection 1 if the excess tax levied does not cause the total rate certified to exceed a rate of nine cents per thousand dollars of assessed valuation, and the excess revenue generated is used for purposes of program sharing between community colleges or for the purchase of instructional equipment. Programs that are shared shall be designed to increase student access to community college programs and to achieve efficiencies in program delivery at the community colleges, including, but not limited to, the programs described under section 260C.46. Prior to expenditure of the excess revenues generated under this subsection, the board of directors shall obtain the approval of the director of the department of education.

3. If the board of directors wishes to certify for a levy under subsection 2, the board shall direct the county commissioner of elections to submit the question of such authorization for the board at an election held on a date specified in section 39.2, subsection 4, paragraph "c". If a majority of those voting on the question at the election favors authorization of the board to make such a levy, the board may certify for a levy as provided under subsection 2 during each of the ten years following the election. If a majority of those voting on the question at the election does not favor authorization of the board to make a levy under subsection 2, the board may submit the question to the voters again at an election held on a date specified in section 39.2, subsection 4, paragraph "c".

The board shall invite bids, by advertisement published once each week for two consecutive weeks in the county where the building is to be located. The lease agreement shall be awarded to the lowest responsible bidder, or the board may reject all bids and re-advertise for new bids.

260C.39 Combining merged areas — election.

1. Any merged area may combine with any adjacent merged area after a favorable vote by the electors of each of the areas involved. If the boards of directors of two or more merged areas agree to a combination, the question shall be submitted to the electors of each area at an election held on a date specified in section 39.2, subsection 4, paragraph "c", and held on the same day in each area. Prior to the election, the board of each merged area shall notify the county commissioner of elections of the county in which the greatest proportion of the merged area’s taxable base is located, who shall publish notice of the election according to section 49.53. The two respective county commissioners of elections shall conduct the election pursuant to the provisions of chapters 39 to 53. The votes cast in the election shall be canvassed by the county board of supervisors, and the county commissioner of elections of each county in the merged areas shall certify the results to the board of directors of each merged area.

2. If the vote is favorable in each merged area, the boards of each area shall proceed to transfer the assets, liabilities, and facilities of the areas to the combined merged area, and shall serve as the acting board of the combined merged area until a new board of directors is elected. The acting board shall submit to the director of the department of education a plan for redistricting the combined merged area, and upon receiving approval from the director, shall provide for the election of a director from each new district at the next regular school election. The directors elected from each new district shall determine their terms by lot so that the terms of one-third of the members, as

The authority and responsibility to offer new contracts or to continue, modify, or terminate existing contracts pursuant to any applicable procedures under chapter 279, shall be transferred to the acting, and then to the new, board of the combined merged area upon certification of a favorable vote to each of the merged areas affected by the agreement. If only one collective bargaining agreement is in effect among the merged areas which are combining under this section, then that agreement shall serve as the base agreement, and the employees of the merged areas which are combining to form the new combined merged area shall automatically be accreted to the bargaining unit of that former merged area for purposes of negotiating the contracts for the following years without further action by the public employment relations board. The board of the combined merged area, using the base agreement as its existing contract, shall bargain with the combined employees of the merged areas that have agreed to combine for the academic year beginning with the effective date of the agreement to combine merged areas. The bargaining shall be completed by March 15 prior to the academic year in which the agreement to combine merged areas becomes effective or within one hundred eighty days after the organization of the acting board of the new combined merged area, whichever is later. If a bargaining agreement was already concluded in the former merged area which has the collective bargaining agreement that is serving as the base agreement for the new combined merged area, between the former merged area board and the employees of the former merged area, that agreement is void, unless the agreement contained multiyear provisions affecting academic years subsequent to the effective date of the agreement to form a combined merged area. If the base collective bargaining agreement contains multiyear provisions, the duration and effect of the agreement shall be controlled by the terms of the agreement. The provisions of the base agreement shall apply to the offering of new contracts, or the continuation, modification, or termination of existing contracts between the acting or new board of the combined merged area and the combined employees of the new combined merged area.

260C.40 Prohibition of controlled substances.

260C.47 Accreditation of community college programs.
1. The state board of education shall establish an accreditation process for community college programs by July 1, 1997. The process shall be jointly developed and agreed upon by the department of education and the community colleges. The state accreditation process shall be integrated with the accreditation process of the north central association of colleges and schools, including the evaluation cycle, the self-study process, and the criteria for evaluation, which shall incorporate the standards for community colleges developed under section 260C.48; and shall identify and make provision for the needs of the state that are not met by the association’s accreditation process. For the academic year commencing July 1, 1998, and in succeeding school years, the department of education shall use a two-component process for the continued accreditation of community college programs. Beginning July 1, 2006, the state accreditation process shall incorporate the standards developed pursuant to section 260C.48, subsection 4.

a. The first component consists of submission of required data by the community colleges and annual monitoring by the department of education of all community colleges for compliance with state program evaluation requirements adopted by the state board.

b. The second component consists of the use of
an accreditation team appointed by the director of the department of education, to conduct an evaluation, including an on-site visit of each community college, with a comprehensive evaluation to occur during the same year as the evaluation by the north central association of colleges and schools, and an interim evaluation midway between comprehensive evaluations. The number and composition of the accreditation team shall be determined by the director, but the team shall include members of the department of education staff and community college staff members from community colleges other than the community college that conducts the programs being evaluated for accreditation. Beginning July 1, 2006, the accreditation team shall monitor the quality faculty plan implemented by each community college pursuant to section 260C.36.

c. Rules adopted by the state board shall include provisions for coordination of the accreditation process under this section with activities of accreditation associations, which are designed to avoid duplication in the accreditation process.

2. Prior to a visit to a community college, members of the accreditation team shall have access to the program audit report filed with the department for that community college. After a visit to a community college, the accreditation team shall determine whether the accreditation standards for a program have been met and shall make a report to the director and the state board, together with a recommendation as to whether the program of the community college should remain accredited. The accreditation team shall report strengths and weaknesses, if any, for each program standard and shall advise the community college of available resources and technical assistance to further enhance strengths and improve areas of weakness. A community college may respond to the accreditation team’s report.

3. The state board shall determine whether a program of a community college shall remain accredited. If the state board determines that a program of a community college does not meet accreditation standards, the director of the department of education, in cooperation with the board of directors of the community college, shall establish a plan prescribing the procedures that must be taken to correct deficiencies in meeting the program standards, and shall establish a deadline date for correction of the deficiencies. The deadline for correction of deficiencies under a plan shall be no later than June 30 of the year following the on-site visit of the accreditation team. The plan is subject to approval of the state board. Plans shall include components which address meeting program deficiencies, sharing or merger options, discontinuance of specific programs or courses of study, and any other options proposed by the state board or the accreditation team to allow the college to meet the program standards.

4. During the time specified in the plan for its implementation, the community college program remains accredited. The accreditation team shall revisit the community college and shall determine whether the deficiencies in the standards for the program have been corrected and shall make a report and recommendation to the director and the state board. The state board shall review the report and recommendation, may request additional information, and shall determine whether the deficiencies in the program have been corrected.

5. If the deficiencies have not been corrected in a program of a community college, the community college board shall take one of the following actions within sixty days from removal of accreditation:
   a. Merge the deficient program or programs with a program or programs from another accredited community college.
   b. Contract with another educational institution for purposes of program delivery at the community college.
   c. Discontinue the program or programs which have been identified as deficient.

6. The director of the department of education shall give a community college which has a program which fails to meet accreditation standards at least one year’s notice prior to removal of accreditation of the program. The notice shall be given by certified mail or restricted certified mail addressed to the superintendent of the community college and shall specify the reasons for removal of accreditation of the program. The notice shall also be sent by ordinary mail to each member of the board of directors of the community college. Any good faith error or failure to comply with the notice requirements shall not affect the validity of any action by the director. If, during the year, the community college remedies the reasons for removal of accreditation of the program and satisfies the director that the community college will comply with the accreditation standards for that program in the future, the director shall continue the accreditation of the program of the community college and shall transmit notice of the action to the community college by certified mail or restricted certified mail.

7. The action of the director to remove a community college’s accreditation of the program may be appealed to the state board. At the hearing, the community college may be represented by counsel and may present evidence. The state board may provide for the hearing to be recorded or reported. If requested by the community college at least ten days before the hearing, the state board shall provide for the hearing to be recorded or reported at the expense of the community college, using any reasonable method specified by the community college. Within ten days after the hearing, the state board shall render a written decision, and shall affirm, modify, or vacate the action or proposed action to remove the college’s accreditation of the program. Action by the state board is final.

260C.48 Standards for accrediting community college programs.
1. The state board shall develop standards and rules for the accreditation of community college programs. Except as provided in this subsection and subsection 4, standards developed shall be general in nature so as to apply to more than one specific program of instruction. With regard to community college-employed instructors, the standards adopted shall at a minimum require that community college instructors who are under contract for at least half-time or more, and by July 1, 2011, all instructors, meet the following require-
ments:
a. Instructors in the subject area of career and technical education shall be registered, certified, or licensed in the occupational area in which the state requires registration, certification, or licensure, and shall hold the appropriate registration, certificate, or license for the occupational area in which the instructor is teaching, and shall meet either of the following qualifications:
(1) A baccalaureate or graduate degree in the area or a related area of study or occupational area in which the instructor is teaching classes.
(2) Special training and at least six thousand hours of recent and relevant work experience in the occupational area or related occupational area in which the instructor teaches classes if the instructor possesses less than a baccalaureate degree.
b. Instructors in the subject area of arts and sciences shall meet either of the following qualifications:
(1) Possess a master’s degree from a regionally accredited graduate school, and has successfully completed a minimum of twelve credit hours of graduate level courses in each field of instruction in which the instructor is teaching classes.
(2) Have two or more years of successful experience in a professional field or area in which the instructor is teaching classes and in which post-baccalaureate recognition or professional licensure is necessary for practice, including but not limited to the fields or areas of accounting, engineering, law, law enforcement, and medicine.
2. Standards developed shall include a provision that the standard academic workload for an instructor in arts and science courses shall be fifteen credit hours per school term, and the maximum academic workload for any instructor shall be sixteen credit hours per school term, for classes taught during the normal school day. In addition thereto, any faculty member may teach a course or courses at times other than the regular school week, involving total class instruction time equivalent to not more than a three-credit-hour course. The total workload for such instructors shall not exceed the equivalent of eighteen credit hours per school term.
3. Standards developed shall include provisions requiring equal access in recruitment, enrollment, and placement activities for students with special education needs. The provisions shall include a requirement that students with special education needs shall receive instruction in the least restrictive environment with access to the full range of program offerings at a college, through, but not limited to, adaptation of curriculum, instruction, equipment, facilities, career guidance, and counseling services.
4. Commencing July 1, 2006, standards relating to quality assurance of faculty and ongoing quality professional development shall be the accreditation standards of the north central association of colleges and schools and the faculty standards required under specific programs offered by the community college that are accredited by other accrediting agencies.

RESIDENCE HALLS AND DORMITORIES — FINANCING

260C.56 Definitions.
As used in this division:
1. “Board” means a board of directors of a commu-

2. “Bonds or notes” means revenue bonds or revenue notes which are payable solely from net rents, profits, and other income derived from the operation of residence halls, dormitories, incidental facilities, and additions.
§260C.56, COMMUNITY COLLEGES

3. "Institution" means a community college organized under this chapter.

4. "Project" means the acquisition by purchase, lease in accordance with section 260C.38, or construction of buildings for use as student residence halls and dormitories, including dining and other incidental facilities therefor, and additions to such buildings, the reconstruction, completion, equipment, improvement, repair or remodeling of residence halls, dormitories, or additions or incidental facilities, and the acquisition of property of every kind and description, whether real, personal, or mixed, by gift, purchase, lease, condemnation, or otherwise and the improvement of the property.

§260C.57, COMMUNITY COLLEGES

Subject to and in accordance with the provisions of this division, the board of directors of each community college is hereby authorized to undertake and carry out any project at a community college under the board's control and to operate, control, maintain, and manage student residence halls and dormitories, including dining and other incidental facilities, and additions to such buildings at each of said institutions. All contracts for the construction, reconstruction, completion, equipment, improvement, repair or remodeling of any buildings, additions or facilities shall be let in accordance with the provisions of section 260C.19. The title to all real estate acquired under the provisions of this division and the improvements erected on the real estate shall be taken and held in the name of the merged area. The board is authorized to rent the rooms in such residence halls and dormitories to the students, officers, guests and employees of the institutions at such rates, fees or rentals as will provide a reasonable return upon the investment, but which will in any event produce net rents, profits and income sufficient to insure the payment of the principal of and interest on all bonds or notes issued to pay any part of the cost of any project and refunding bonds or notes issued pursuant to the provisions of this division and to insure that no property tax revenues will be needed to retire the bonds or notes.

§260C.58 Bonds or notes.

To pay all or any part of the cost of carrying out any project at any institution the board is authorized to borrow money and to issue and sell negotiable bonds or notes and to refund and refinance bonds or notes issued for any project or for refunding purposes at a lower rate, the same rate, or a higher rate or rates of interest and from time to time as often as the board shall find it to be advisable and necessary so to do. Bonds or notes issued by the board for residence hall or dormitory purposes at any institution, including dining or other facilities and additions, or issued for refunding purposes, may either be sold in the manner specified for the selling of certificates under section 260E.6 and the proceeds applied to the payment of the obligations being refunded, or the refunding bonds or notes may be exchanged for and in payment and discharge of the obligations being refunded. A finding by the board in the resolution authorizing the issuance of the refunding bonds or notes, that the bonds or notes being refunded were issued for a purpose specified in this division and constitute binding obligations of the board, shall be conclusive and may be relied upon by any holder of any refunding bond or note issued under the provisions of this division. The refunding bonds or notes may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds or notes may be exchanged in part or sold in parts in installments at different times or at one time. The refunding bonds or notes may be sold or exchanged at any time on, before, or after the maturity of any of the outstanding notes, bonds or other obligations to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds or notes, except that the principal amount of the refunding bonds or notes may exceed the principal amount of the bonds or notes to be refunded to the extent necessary to pay any premium due on the call of the bonds or notes to be refunded, to fund interest in arrears or about to become due, or to allow for sufficient funding of the escrow account on the bonds to be refunded. All bonds or notes issued under the provisions of this division shall be payable from and shall be secured by an irrevocable first lien pledge of a sufficient portion of the following: the net rents, profits and income derived from the operation of residence halls, dormitories, dining or other incidental facilities and additions, including necessary real and personal property, acquired or improved in whole or in part with the proceeds of such bonds or notes, regardless of the manner of such acquisition or improvement; and the net rents, profits and income not pledged for other purposes derived from the operation of any other residence halls or dormitories, including dining or other incidental facilities and additions, at the particular institution. In addition, the board may secure any bonds or notes issued by borrowing money, by mortgaging any real estate or improvements erected on real estate, or by pledging rents, profits, and income received from property for the discharge of mortgages. All bonds or notes issued under the
provisions of this division shall have all the qualities of negotiable instruments under the laws of this state.

The bonds or notes may bear a date or dates, may bear interest at such rate or rates, may mature at such time or times, may be in such form, carry such registration privileges, may be payable at such place or places, may be subject to such terms of redemption prior to maturity with or without premium, if so stated on the face of the bonds, and may contain any terms and covenants as may be provided by the resolution of the board authorizing the issuance of the bonds or notes. In addition to the estimated cost of construction, the cost of the project shall be deemed to include interest upon the bonds or notes during construction and for six months after the estimated completion date, the compensation of a fiscal agent or adviser, any underwriter discount, and engineering, administrative and legal expenses. The bonds or notes shall be executed by the president of the board of directors and attested by the secretary. Any bonds or notes bearing the signatures of officers in office on the date of the signing shall be valid and binding for all purposes, notwithstanding that before delivery of the bonds or notes any or all persons whose signatures appear on the bonds or notes shall have ceased to be officers. Each bond or note shall state upon its face the name of the institution on behalf of which it is issued, that it is payable solely and only from the net rents, profits and income derived from the operation of residence halls or dormitories, including dining and other incidental facilities, at the institution named, and that it does not constitute a charge against the state of Iowa within the meaning or application of any constitutional or statutory limitation or provision. The issuance of bonds or notes shall be recorded in the office of the treasurer of the institution on behalf of which the bonds or notes are issued, and a certificate by such treasurer to this effect shall be printed on the back of each such bond or note.

The resolution shall contain any covenants as may be determined by the board as to the issuance of additional bonds or notes that may be issued payable from the net rents, profits and income of the residence halls or dormitories, the amendment or modification of the resolution authorizing the issuance of any bonds or notes, the manner, terms and conditions and the amount or percentage of assenting bonds or notes necessary to effectuate the amendment or modification, and any other covenants as may be deemed necessary or desirable. In the discretion of the board any bonds or notes issued under the terms of this division may be secured by a trust indenture by and between the board and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the boundaries of the state of Iowa. The provisions of this division and of any resolution or other proceedings authorizing the issuance of bonds or notes and providing for the establishment and maintenance of adequate rates, fees or rentals and the application of the proceeds thereof shall constitute a contract with the holders of the bonds or notes.

The board may pledge a sufficient amount of the net rents, profits and income derived from the operation of residence halls and dormitories, including dining and other incidental facilities therefor, at the institution for this purpose. Rates, fees, or rentals collected at one institution shall not be used to discharge bonds or notes issued for or on account of another institution. If an agreement is entered into, the community college and the employer shall notify the department of revenue as soon as possible. An agreement shall provide for program costs, including deferred costs, which may be paid from one or a combination of the following sources:

   b. New jobs credit from withholding to be received or derived from new employment resulting from the project.

2. Payment of program costs shall not be deferred for a period longer than ten years from the date of commencement of the project.

3. Costs of on-the-job training for employees shall not exceed fifty percent of the annual gross payroll costs for up to one year of the new jobs. For purposes of this subsection, “gross payroll” can be the gross wages, salaries, and benefits for the jobs in training in the project.

4. An agreement shall include a provision which fixes the minimum amount of incremental property taxes, new jobs credit from withholding, or tuition and fee payments which shall be paid for program costs.

5. 260E.4 Incremental property taxes.

If an agreement provides that all or part of program costs are to be paid for by incremental property taxes, the board of directors shall provide by resolution that taxes levied on the employer’s taxable business property, where new jobs are created as a result of a project, each year by or for the benefit of the state, city, county, school district, or other taxing district after the effective date of the resolution shall be divided as provided in section 403.19, subsections 1 and 2, in the same manner as if the employer’s business property, where new jobs are created as a result of a project, was taxable property in an urban renewal project and the resolution was an ordinance within the meaning of those subsections. The taxes received by the board of directors shall be allocated to and when collected be paid into a special fund of the community college to pay the principal of and interest on the certificates issued by the community college to finance or refinance, in whole or in part, the project. 260E.5 New jobs credit from withholding.

If an agreement provides that all or part of program costs are to be met by receipt of new jobs credit from withholding, it shall be done as follows:

1. New jobs credit from withholding shall be based upon the wages paid to the employees in the new jobs.
2. An amount equal to one and one-half percent of the gross wages paid by the employer to each employee participating in a project shall be credited from the payment made by an employer pursuant to section 422.16. If the amount of the withholding by the employer is less than one and one-half percent of the gross wages paid to the employees covered by the agreement, then the employer shall receive a credit against other withholding taxes due by the employer. The employer shall remit the amount of the credit quarterly in the same manner as withholding payments are reported to the department of revenue, to the community college to be allocated to and when collected paid into a special fund of the community college to pay the principal of and interest on certificates issued by the community college to finance or refinance, in whole or in part, the project. When the principal and interest on the certificates have been paid, the employer credits shall cease and any money received after the certificates have been paid shall be remitted to the treasurer of state to be deposited in the general fund of the state.
3. The new jobs credit from withholding and the special fund into which it is paid, may be irrevocably pledged by a community college for the payment of the principal of and interest on certificates issued by the community college to finance or refinance, in whole or in part, the project. When the principal and interest on the certificates have been paid, the employer credits shall cease and any money received after the certificates have been paid shall be remitted to the treasurer of state to be deposited in the general fund of the state.
4. The employer shall certify to the department of revenue that the credit in withholding is in accordance with an agreement and shall provide other information the department may require.
5. A community college shall certify to the department of revenue the amount of new jobs credit from withholding an employer has remitted to the special fund and shall provide other information the department may require.
6. An employee participating in a project will receive full credit for the amount withheld as provided in section 422.16.

260E.6 Certificates.

To provide funds for the present payment of the costs of new jobs training programs, a community college may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement. The receipts shall be pledged to the payment of principal of and interest on the certificates.

1. Certificates may be sold at public sale or at private sale at par, premium, or discount at the discretion of the board of directors. Chapter 75 does not apply to the issuance of these certificates.
2. Certificates may be issued with respect to a single project or multiple projects and may contain terms or conditions as the board of directors may provide by resolution authorizing the issuance of the certificates.
3. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded, may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a higher, lower, or equivalent rate of interest than the certificates being renewed or refunded.
4. To further secure the payment of the certificates, the board of directors shall, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the merged area. A copy of the resolution shall be sent to the county auditor of each county in which the merged area is located. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of principal of and interest on the certificates issued as provided in this section, when the receipt of payment for program costs as provided in the agreement is insufficient. If payments are necessary and made from the special fund, the amount of the payments shall be promptly repaid into the special fund from the first available payments received for program costs as provided in the agreement which are not required for the payment of principal of or interest on certificates due. No reserves may be built up in this fund in anticipation of a projected default. The board of directors shall adjust the annual standby tax levy for each year to reflect the amount of revenues in the special fund and the amount of principal and interest which is due in that year.
5. Before certificates are issued, the board of directors shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person may, within fifteen days after the publication of the no-

FOR ECONOMIC SUCCESS

261.101 Legislative intent.
The general assembly finds that the failure of many young Iowans to complete their education limits their opportunity for a life of fulfillment and hinders the state’s efforts to provide a well-trained workforce for business and industry in Iowa. The general assembly also declares that it is the policy of this state to apply positive measures to ensure that equal opportunities exist for minority persons to pursue their educational goals. Therefore, the “Iowa Minority Academic Grants for Economic Success” program is established to provide additional funding to the state board of regents institutions, community colleges, and accredited private institutions in order to encourage resident minority students to remain in Iowa, to attend community colleges, private colleges, and universities in Iowa, and to assure that a limited family income will not be a barrier for a minority person to pursue a postsecondary education.

   a. Complete and file an application for a teacher shortage forgivable loan. The individual shall be responsible for the prompt submission of any information required by the commission.

If the commission determines that the person does not meet the criteria for forgiveness of the principal and interest payments, the commission shall establish a plan for repayment of the principal and interest over a ten-year period. If a person required to make the repayment does not make the required payments, the commission shall provide for payment collection.

261A.6 Membership of authority.
1. The authority consists of five members to be appointed by the governor subject to confirmation by the senate. The powers of the authority are vested in and exercised by the members of the authority. Each member of the authority shall be a resident of the state and not more than three members shall be members of the same political party.

2. The members of the authority shall be appointed by the governor for terms of six years beginning and ending as provided in section 69.19. A member of the authority is eligible for reappointment. The governor shall fill a vacancy for the remainder of the unexpired term. A member of the authority may be removed by the governor for misfeasance, malfeasance, or willful neglect of duty or other cause after notice and a public hearing unless the notice and hearing are waived by the member in writing.

3. The members of the authority shall annually elect one of the members as chairperson and one as vice chairperson. The members of the authority may appoint an executive director, an assistant executive director, and other officers as the members of the authority determine. The officers shall not be members of the authority, shall serve at the pleasure of the authority, and shall receive compensation as fixed by the authority.

4. The executive director or assistant executive director or other person designated by resolution of the authority shall keep a record of the proceedings of the authority and shall be custodian of all books, documents, and papers filed with the authority, the minute book or journal of the authority, and its official seal. The executive director, assistant executive director, or other person may cause copies to be made of minutes and other records and documents of the authority and may give
certificates under the official seal of the authority that the copies are true copies, and persons dealing with the authority may rely upon the certificates.

5. Three members of the authority constitute a quorum. The affirmative vote of a majority of the members of the authority is necessary for any action taken by the authority. The majority shall not include a member who has a conflict of interest and a statement by a member of a conflict of interest is conclusive for this purpose. A vacancy in the membership of the authority does not impair the right of a quorum to exercise the rights and perform the duties of the authority. An action taken by the authority under this chapter may be authorized by resolution at a regular or special meeting, and each resolution shall take effect immediately and need not be published or posted, except as provided in section 261A.25. Meetings of the authority shall be held at the call of the chairperson or at the request of two members.

6. The members of the authority shall not receive compensation for the performance of their duties as members but each member shall be paid necessary expenses while engaged in the performance of duties of the authority.

7. The members of the authority shall give bond as required for public officers in chapter 64.

8. The members of the authority are subject to and are officials within the meaning of chapter 68B.

9. Notwithstanding chapter 68B or any other laws to the contrary, it is not a conflict of interest or violation of a law for a trustee, director, officer, or employee of a participating institution or for a person having a favorable reputation for skill, knowledge, and experience in state and municipal finance or for a person having a favorable reputation for skill, knowledge, and experience in the higher education loan finance field to serve as a member of the authority. However, in each case to which this chapter is applicable, the trustee, director, officer, or employee of the participating institution shall abstain from discussion, deliberation, action, and vote by the authority in respect to an undertaking pursuant to this chapter in which the participating institution of higher education has an interest; and the person having a favorable reputation for skill, knowledge, and experience in state and municipal finance shall abstain from discussion, deliberation, action, and vote by the authority in respect to a sale, purchase, or ownership of obligations of the authority in which an investment banking firm or insurance company or bank of which the person is a partner, officer, or employee has or may have a current or future interest; and the person having a favorable reputation for skill, knowledge, and experience in the higher education loan finance field shall abstain from discussion, deliberation, action, and vote by the authority in respect to an action of the authority in which a partnership, firm, joint venture, sole proprietorship, or corporation of which the person is an owner, venturer, participant, partner, officer, or employee has or may have a current or future interest.

10. All employees of the authority are exempt from chapter 8A, subchapter IV, and chapter 97B.

261A.7 Duties of authority.
The authority shall:

1. Adopt rules for the regulation of its affairs and the conduct of its business.

2. Adopt an official seal and alter the seal at pleasure.

3. Maintain an office at a place or places it designates.

4. Establish criteria for and guidelines encompassing the types of and qualifications for education loan financing programs. The authority may issue obligations for the purpose of making authority loans to institutions participating in a program of the authority for the purpose of providing education loans. The criteria and guidelines established by the authority for its education loan financing programs include eligibility standards for borrowers the authority determines are necessary or desirable in order to effectuate the purposes of this chapter, including the following:

a. Each student shall have a certificate of admission or enrollment at a specific participating institution.

b. Each student or the student's parents shall satisfy financial qualifications the authority establishes to effectuate the purposes of this chapter.

c. Each student and the student's parents shall submit information required by the authority to the applicable institution.

The authority may contract with financial institutions and other qualified loan origination and servicing organizations, which shall assist in prequalifying borrowers for education loans and which shall service and administer each education loan and each institution's respective loan series portfolio. Each education loan's fees shall include a portion, if necessary, to cover the applicable pro rata cost of a servicing organization.

The authority may establish criteria governing the eligibility of institutions to participate in its programs, the making of authority loans and education loans, provisions for default, the establishment of default reserve funds, the purchase of default insurance, the provision of prudent debt service reserves, and the furnishing by participating institutions of higher education of additional guarantees of the education loans, authority loans, or obligations that the authority determines necessary. Criteria shall be established to assure the marketability of the obligations and the adequacy of the security for the obligations.
The authority shall establish limitations upon the principal amounts and the terms of education loans, criteria regarding the qualifications and characteristics of borrowers and procedures for allocating authority loans among institutions eligible for its program in order to effectuate the purposes of this chapter.

5. Issue obligations for its corporate purposes and fund or refund the obligations as provided in this chapter.

6. Fix and revise from time to time and charge and collect rates, fees, and charges for the services furnished or to be furnished by the authority, and contract with persons in respect to the services, including financial institutions, loan originators, servicers, administrators, issuers of letters of credit, and insurers.

7. Establish rules under chapter 17A with respect to authority loans, education loans, and education loan series portfolios.

8. Receive and accept from any source, loans, contributions or grants for or in aid of an authority education loan financing program or any portion of a program and, when required, use the funds, property, or labor only for the purposes for which it was loaned, contributed, or granted.

9. Make authority loans to institutions and require that the proceeds of the authority loans be used for making education loans and paying costs and fees in connection with the education loans.

10. Charge to and apportion among participating institutions its administrative and operating costs and expenses incurred in the exercise of its powers and duties.

11. Borrow working capital funds and other funds as necessary for start-up and continuing operations, provided that the funds are borrowed in the name of the authority only. Borrowings are limited obligations of the character described in section 261A.12 and are payable solely from revenues of the authority or the proceeds of obligations pledged for that purpose.

12. Notwithstanding other provisions in this chapter, commingle and pledge as security for a series or issue of obligations, with the consent of all of the institutions which are participating in the series or issue, the education loan series portfolios and some or all future education loan series portfolios of the institutions, and the loan funding deposits of the institutions. However, the education loan series portfolios and other security and moneys set aside in a fund or funds pledged for a series or issue of obligations shall be held for the sole benefit of the series or issue separate and apart from education loan series portfolios and other security and moneys pledged for any other series or issue of obligations. Obligations may be issued in series under one or more resolutions or trust agreements in the discretion of the authority.

13. Examine records and financial reports of participating institutions, and examine records and financial reports of a contractor organization or institution retained by the authority.

14. Require that authority loans be used solely to make education loans. The authority shall require that institutions require that each borrower under an education loan use the proceeds solely for the cost of attendance and that each borrower certify as to the use of the proceeds.

15. Authorize its officers, agents, and employees to take any other action and do all things necessary or desirable in order to carry out the purposes of this chapter.

261A.8 Powers of authority.
The authority may:

1. Sue and be sued in its own name, plead and be impleaded.

2. Employ consultants, attorneys, accountants, financial experts, loan processors, bankers, managers, and other employees and agents necessary in the authority’s judgment, and fix their compensation.

3. When refunding obligations are issued to refund obligations, the proceeds of which were used to make authority loans, reduce the amount it is owed by the institutions which had received authority loans from the proceeds of the refunded obligations. The institutions may use this reduced amount to reduce the amount of interest being paid on education loans which the institutions had made pursuant to the authority loans from the proceeds of the refunded obligations.

261A.9 Expenses of authority — limitation of liability.
Expenses incurred in carrying out this chapter are payable solely from funds provided under this chapter and, except as specifically authorized under this chapter, a liability shall not be incurred by the authority beyond the extent to which moneys have been provided under this chapter.

261A.10 Acquisition of moneys, endowments, properties, and guarantees.
The authority may establish guidelines relating to the deposits of moneys, endowments, or properties by institutions which would provide prudent security for education loan funding programs, authority loans, education loans, or for obligations and may establish guidelines relating to guarantees of or contracts to purchase education loans or obligations by the institutions or by financial institutions or others. A default reserve fund may be established for each series or issue of obligations. The authority may receive moneys, endowments, properties, and guarantees it deems appropriate and, if necessary, may take title in the name of the authority or in the name of a participating institution or a trustee.
261A.11 Conveyance of loan funding deposit after payment of principal and interest.

When the principal of and interest on obligations of the authority issued to finance the cost of an education loan financing program or programs, including any refunding obligations issued to refund and refinance the obligations, have been fully paid and retired or when adequate provision has been made to fully pay and retire the obligations of the authority, and all other conditions of the bond resolution have been satisfied and the lien created by the bond resolution has been released in accordance with its provisions, the authority shall promptly perform functions and execute deeds and conveyances necessary and required to convey remaining moneys, properties, and other assets comprising loan funding deposits to the institutions which furnished the loan funding deposits in proportion to the amounts furnished by the respective institutions.

[82 Acts, ch 1031, §11]

261A.12 Obligations.

1. The authority may from time to time issue obligations for any corporate purpose and the obligations of the authority are declared to be negotiable for all purposes notwithstanding their payment from limited sources and without regard to any other law.

2. The authority shall not have outstanding at any one time obligations in an aggregate principal amount exceeding one hundred million dollars excluding obligations issued to refund the obligations of the authority.

3. Each issue of obligations is payable solely out of revenues of the authority pertaining to the program relating to the issue, including principal and interest on authority loans and education loans; payments by institutions of higher education, banks, insurance companies, or others pursuant to letters of credit or purchase agreements; investment earnings from funds or accounts maintained pursuant to the bond resolution; insurance proceeds; loan funding deposits; proceeds of sales of education loans; proceeds of refunding obligations; and fees, charges, and other revenues of the authority from the program.

4. Obligations may be issued as serial obligations or as term obligations, or both. Obligations shall be authorized by a bond resolution of the authority and shall bear dates, mature at times not later than the year following the last year in which the final payments in an education loan series portfolio are due, or thirty years, whichever is sooner, from their respective dates of issue, bear interest at rates, be payable at times, be in denominations, be in a form, either coupon or fully registered, carry registration and conversion privileges, be payable in lawful money of the United States of America, and be subject to terms of redemption as the bond resolution provides. Obligations shall be executed by the manual or facsimile signatures of officers of the authority designated by the authority. Obligations shall be sold in a manner and at prices as the authority determines.

5. A bond resolution may contain provisions, which shall be a part of the contract with the holders of the obligations to be authorized, as to all of the following:

   a. Pledging or assigning the revenues derived from the authority loans and education loans with respect to which the obligations are to be issued.
   b. The fees and other amounts to be charged, and the sums to be raised in each year, and the use, investment, and disposition of the sums.
   c. The setting aside of loan funding deposits, debt service reserves, capitalized interest accounts, cost of insurance accounts, and sinking funds, and their regulation, investment, and disposition.
   d. Limitations on the use of the education loans.
   e. Limitations on the purpose to which or the investments in which the proceeds of sale of an issue of obligations then or thereafter to be issued may be applied.
   f. Limitations on the issuance of additional obligations, the terms upon which additional obligations may be issued and secured, the terms upon which additional obligations may rank on a parity with, or be subordinate or superior to, other obligations.
   g. The refunding of outstanding obligations.
   h. The procedure, if any, by which the terms of a contract with holders of obligations may be amended or abrogated, the amount of obligations to which the holders must consent to the amendment or abrogation, and the manner in which the consent may be given.
   i. Defining the acts or omissions to act which constitute a default in the duties of the authority to holders of obligations and providing the rights or remedies of holders in the event of a default.
   j. Providing for guarantees, pledges, endowments, letters of credit, property, or other security for the benefit of the holders of the obligations.
   k. Any other matters relating to the obligations which the authority deems desirable.

6. Neither the members of the authority nor a person executing the obligations is liable personally on the obligations or subject to personal liability or accountability by reason of their issuance.

7. The authority may purchase its obligations out of funds available. The authority may hold, pledge, cancel, or resell obligations subject to and in accordance with agreements with holders of obligations.

8. The authority may refund any of its obligations. Refunding obligations shall be issued in the same manner as other obligations of the authority.

[82 Acts, ch 1031, §12]
261A.13 Trust agreement to secure obligations.
In the discretion of the authority, obligations may be secured by a trust agreement by and between the authority and a corporate trustee or trustees, which may be a trust company or bank located in the state of Iowa that has the powers of a trust company. The bond resolution shall pledge the revenues to be received by the authority, may contain provisions for protecting and enforcing the rights and remedies of the holders of obligations as reasonable and proper and not in violation of law, including provisions that have been authorized to be included in any bond resolution of the authority, and may restrict the individual right of action by holders of obligations. A trust agreement may contain other provisions the authority deems reasonable and proper for the security of the holders of obligations. Expenses incurred in carrying out the trust agreement may be treated as a part of the cost of the operation of an education loan program.

261A.14 Payment of obligations — nonliability of state.
Obligations are obligations of the authority only, and not of the state of Iowa. Each obligation shall state upon its face that it represents and constitutes a debt of the authority, but not of the state of Iowa within the meaning of any constitutional or statutory limitation, and that it does not constitute a pledge of the full faith and credit of the authority or of the state of Iowa. The obligations shall not grant to the owners or holders of the obligations the right to have the authority or the state levy taxes or appropriate funds for the payment of the principal or interest on the obligations. The obligations are payable, and shall state that they are payable, solely from the revenues pledged for their payment in accordance with the bond resolution.
This chapter does not authorize the authority or any department, board, commission, or other agency to create an obligation of the state within the meaning of the Constitution or laws of the State of Iowa.

261A.15 Pledge of revenues.
The authority shall fix, revise, charge, and collect fees and may contract with a person to do so. Each agreement entered into by the authority with an institution shall provide that the fees and other amounts payable by the institution of higher education with respect to a program of the authority are sufficient at all times to meet all of the following:
1. To pay its share of the administrative costs and expenses of the program.
2. To pay the principal of, the premium, if any, and the interest on outstanding obligations of the authority, issued in respect of the program to the extent that other revenues of the authority pledged for the payment of the obligations are insufficient to pay the obligations as they become due and payable.
3. To create and maintain reserves which may but need not be required or provided for in the bond resolution relating to the obligations of the authority.
4. To establish and maintain whatever education loan servicing, control, or audit procedures are deemed by the authority to be necessary to the prudent operation of the authority.

The authority shall pledge the revenues from each program as security for the issue of obligations relating to the program. A pledge is valid and binding from the time when the pledge is made, the revenues pledged by the authority are immediately subject to the lien of the pledge without physical delivery of the pledge or further act, and the lien of the pledge is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the authority or a participating institution, irrespective of whether the parties have notice of the lien. The bond resolution and a financing statement, continuation statement, or other instrument by which the authority's interest in revenues is assigned need not be filed or recorded in public records in order to perfect the lien against third parties except that a copy of it shall be filed in the records of the authority and with the treasurer of state.

261A.16 Funds for sales of obligations as trust funds — application of funds.
Moneys received by or on behalf of the authority under this chapter, whether as proceeds from the sale of obligations or as revenues, are trust funds to be held and applied as provided in this chapter. An officer with whom, or a bank or trust company with which the moneys are deposited shall act as trustee of the moneys and shall hold and apply the moneys for the purposes of this chapter, subject to rules that this chapter and the bond resolution authorizing the obligations of an issue may provide.

261A.17 Rights of holders of obligations.
A holder of obligations or a trustee under a trust agreement entered into pursuant to this chapter, except to the extent that their rights are restricted by a bond resolution, may, by any suitable form of legal proceedings, protect and enforce rights under the laws of this state or granted by the bond resolution, may enjoin unlawful activities, and if there is a default on the payment of the principal or premiums, if any, and interest on an obligation or in the performance of a covenant or agreement on the part of the authority in the bond resolution, may apply to the district court to appoint a receiv-
er to administer and operate the education loan program, the revenues of which are pledged to the payment of principal of, premium, if any, and interest on the obligations, with full power to pay, and to provide for payment of principal of, premium, if any, and interest on the obligations, with powers, subject to the direction of the court, as permitted by law and accorded to receivers, excluding the power to pledge additional revenues of the authority to the payment of the principal, premium, and interest.

[82 Acts, ch 1031, §17]

261A.18 Refunding bonds — purpose — proceeds — investment of proceeds.

1. The authority may issue its obligations for the purpose of refunding obligations then outstanding, including the payment of a redemption premium on the obligations and interest accrued or to accrue to the earliest or a subsequent date of redemption, purchase, or maturity of the obligations.

2. The proceeds of obligations issued for the purpose of refunding outstanding obligations may, in the discretion of the authority, be applied to the purchase or retirement at maturity or redemption of the outstanding obligations either on their earliest or a subsequent redemption date or upon the purchase or at the maturity of the obligations and may, pending an application, be placed in escrow to be applied to the purchase or retirement at maturity or redemption on a date determined by the authority.

3. Any escrowed proceeds, pending their use, may be invested and reinvested in direct obligations of the United States of America, maturing at times as appropriate to assure the prompt payment of the principal of and interest and redemption premium, if any, on the outstanding obligations to be refunded. The interest, income, and profits, if any, earned or realized on an investment may also be applied to the payment of the outstanding obligations to be refunded. After the terms of the escrow have been fully satisfied and carried out, a balance of the proceeds and interest, income, and profits, if any, earned or realized on the investments shall be returned to the institution of higher education for use by it in any lawful manner.

4. Refunding obligations are subject to this chapter in the same manner and to the same extent as other obligations issued pursuant to this chapter.

[82 Acts, ch 1031, §18]

261A.19 Investment of funds of authority.

Except as otherwise provided in section 261A.18, subsection 3, the authority may invest funds in direct obligations of the United States of America; obligations for which the timely payment of principal and interest is fully guaranteed by the United States of America; obligations of the federal intermediate credit banks, federal banks for cooperatives, federal land banks, federal home loan banks, federal national mortgage association, government national mortgage association and the student loan marketing association; certificates of deposit or time deposits constituting direct obligations of a bank as defined by chapter 524; and in withdrawable capital accounts or deposits of state or federal chartered savings and loan associations which are insured by the federal savings and loan insurance corporation. However, investments may be made only in certificates of deposit or time deposits in banks which are insured by the federal deposit insurance corporation if then in existence. Securities authorized in this section may be purchased at the offering or market price at the time of the purchase. The securities purchased shall mature or be redeemable on dates prior to the time when, in the judgment of the authority, the funds invested will be required for expenditure. The judgment of the authority as to the time when funds will be required for expenditure or be redeemable is final.

[82 Acts, ch 1031, §19]

261A.20 Obligations as legal investments.

Banks, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, and other persons carrying on a banking or investment business, insurance companies and insurance associations, and executors, administrators, guardians, trustees, and other fiduciaries may legally invest sinking funds, moneys, or other funds belonging to them or within their control in obligations of the authority.

[82 Acts, ch 1031, §20]

[82 Acts, ch 1031, §22]

It is lawful for the authority to establish, charge, contract for, and receive any amount or rate of interest or compensation with respect to authority loans and, subject to rules adopted by the authority, for participating institutions to charge, contract for, and receive any amount or rate of interest or compensation with respect to education loans.
[82 Acts, ch 1031, §23]

261A.24 Chapter as alternative method — powers not subject to supervision or regulation.
Sections 261A.1 to 261A.23 provide a complete, additional, and alternative method for the doing of the things authorized by the chapter and the limitations imposed by this chapter do not affect powers or rights conferred by other laws, and the issuance of obligations and refunding obligations under this chapter need not comply with the requirements of any other law applicable to the issuance of obligations. Except as otherwise expressly provided in this chapter, the powers granted to the authority under this chapter are not subject to the supervision or regulation and do not require the approval or consent of a city or political subdivision or department, division, commission, board, body, bureau, official, or agency of a political subdivision or of the state.
[82 Acts, ch 1031, §24]

261A.25 Notice.

The notice shall include a statement of the maximum amount of obligations proposed to be issued, and in general terms, what receipts will be pledged to pay bond service charges on the obligations. An action which questions the legality or validity of the obligations or the power of the authority to issue the obligations or the effectiveness or validity of any proceedings adopted for the authorization or issuance of the obligations shall not be brought after sixty days from the date of publication of the notice.
[82 Acts, ch 1031, §25]

ect shall not exceed the total cost of the project, as determined by the institution and approved by the authority and except that loans in anticipation of the receipt of tuition shall not exceed the anticipated amount of tuition to be received by the institution in the one-year period following the date of the loan. The authority may lease projects to institutions under the terms of lease agreements determined by the institution and the authority, except that the term of the lease shall not exceed the estimated useful economic life of the project. The authority may make loans to an entity other than an institution in accordance with an agreement between the authority and the entity for the cost of a project if the project is to be leased to an institution.

85 Acts, ch 210, §7; 97 Acts, ch 181, §3; 2000 Acts, ch 1209, §5

261A.38 Issuance of obligations — conditions.

The authority may issue obligations and make loans to an institution or another entity if the project is to be leased to an institution or may issue obligations to finance projects to be leased by the authority to an institution and refund, refinancing, or reimburse outstanding obligations, indebtedness, mortgages, or advances, including advances from an endowment or any similar fund, issued, made, or given by the institution, whether before or after July 1, 1985, for the cost of a project, when the authority finds that the financing prescribed in this section is in the public interest, and either alleviates a financial hardship upon the institution, results in a lesser cost of education, or enables the institution to offer greater security for a loan or loans to finance a new project or projects or to effect savings in interest costs or more favorable amortization terms.

261A.39 General powers — apportionment of costs.

The authority may do all things necessary or convenient to carry out the purposes of this division. The authority may charge to and equitably apportion among participating institutions its administrative costs and expenses incurred in the exercise of the powers and duties conferred on the authority by this division.

85 Acts, ch 210, §9

261A.40 Joint and combination projects.

The authority may undertake a project for two or more institutions jointly or for any combination of institutions, and may combine for financing purposes, with the consent of all of the institutions which are involved, the project and some or all future projects of any institution or institutions, and this division applies to and is for the benefit of the authority and the joint participants. However, the money set aside in a fund or funds pledged for any series or issue of obligations shall be held for the sole benefit of the series or issue separate and apart from money pledged for another series or issue of obligations of the authority. To facilitate the combining of projects, obligations may be issued in series under one or more resolutions or trust agreements and may be fully open-ended, thus providing for the unlimited issuance of additional series, or partially open-ended, limited as to additional series. The authority may permit an institution to substitute one or more projects of equal value, as determined by an independent appraiser satisfactory to the authority, for a project financed under this division on terms and subject to conditions the authority prescribes.

85 Acts, ch 210, §10

261A.41 Expenses.

Expenses incurred in carrying out this division are payable solely from funds provided under this division and a liability or obligation shall not be incurred by the authority beyond the extent to which money is provided under this division.

85 Acts, ch 210, §11

261A.42 Obligations.

The authority may provide by resolution for the issuance of obligations for the purpose of paying, refinancing, or reimbursing all or part of the cost of a project. Except to the extent payable from payments to be made on federally guaranteed securities as provided in section 261A.45, the principal of and the interest on the obligations shall be payable solely out of the revenue of the authority derived from the project to which they relate and from other facilities pledged or made available for this purpose by the institution for whose benefit the obligations were issued. The obligations of each issue shall be dated, shall bear interest at rate or rates, without regard to any limit contained in any other statute or law of the state, and shall mature at times not exceeding forty years from the date of issuance, all as determined by the authority; and may be made redeemable before maturity at the prices and under terms fixed by the authority in the authorizing resolution. Except as otherwise provided by this division, the obligations are to be paid solely out of the revenue of the project to which they relate and, in certain instances, out of the revenue of certain other facilities, and subject to section 261A.45 with respect to a pledge of government securities, the obligations may be unsecured or secured in the manner and to the extent determined by the authority. The authority shall determine the form of the obligations, including interest coupons, if any, to be attached, and shall fix the denominations of the obligations and the place of payment of principal and interest which may be at any bank or trust company within or without the state. The obligations
and coupons attached, if any, shall be executed by the manual or facsimile signatures of officers of the authority designated by the authority. If an official of the authority whose signature or a facsimile of whose signature appears on any obligations or coupons ceases to be an official before the delivery of the obligations, the signature or facsimile, nevertheless, is valid and sufficient for all purposes the same as if the individual had remained an official of the authority until delivery. Obligations issued under this division have all the qualities and incidents of negotiable instruments, notwithstanding this payment from limited sources and without regard to any other law. The obligations may be issued in coupon or in registered form, or both, and one form may be exchangeable for the other in the manner as the authority may determine. Provision may be made for the registration of any coupon obligations as to principal alone and also as to both principal and interest, and for the reconversion into coupon obligations of any obligations registered as to both principal and interest. The obligations may be sold in the manner, either at public or private sale, as the authority determines.

The proceeds of the obligations of each issue shall be used solely for the payment of the cost of the project for which the obligations have been issued, and shall be disbursed in the manner and under the restrictions, if any, as the authority provides in the resolution authorizing the issuance of the obligations or in the trust agreement provided for in section 261A.44 securing the obligations. If the proceeds of the obligations of an issue, by error of estimates or otherwise, are less than the costs, additional obligations may in like manner be issued to provide the amount of the deficit, and, unless otherwise provided in the resolution authorizing the issuance of the obligations or in the trust agreement securing them, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the obligations first issued. If the proceeds of the obligations of an issue shall exceed the cost of the project for which the same shall have been issued, the surplus shall be deposited to the credit of the sinking fund for the obligations. Prior to the preparation of definitive obligations, the authority may, under like restrictions, issue interim receipts or temporary obligations, with or without coupons, exchangeable for definitive obligations when the obligations have been executed and are available for delivery.

The authority may also provide for the replacement of obligations which become mutilated or are destroyed or lost. Obligations may be issued under this division without obtaining the consent of an officer, department, division, commission, board, bureau, or agency of the state, and without other proceedings or conditions other than those which are specifically required by this division. The authority may purchase its bonds out of funds available for that purpose. The authority may hold, pledge, cancel, or resell the obligations, subject to and in accordance with any agreement with the obligation holders. Members of the authority and any person executing the obligations are not liable personally on the obligations or subject to personal liability or accountability by reason of the issuance of the obligations.

261A.43 Resolution provisions.
The resolution authorizing obligations or an issue of obligations may contain provisions, which shall be a part of the contract with the holders of the obligations to be authorized, as to:

1. Pledging or assigning the revenue of the project with respect to which the obligations are to be issued or the revenue of other property or facilities.
2. Setting aside reserves or sinking funds, and the regulation, investment, and disposition of them.
3. Limitations on the use of the project.
4. Limitations on the purpose to which or the investments in which the proceeds of sale of an issue of obligations then or thereafter to be issued may be applied and pledging the proceeds to secure the payment of the obligations or an issue of the obligations.
5. Limitations on the issuance of additional obligations, the terms upon which additional obligations may be issued and secured, and the refunding of outstanding obligations.
6. The procedure, if any, by which the terms of any contract with obligation holders may be amended or abrogated, the amount of obligations the holders of which must consent to the amendment or abrogation, and the manner in which the consent may be given.
7. Limitations on the amount of money derived from the project to be expended for operating, administrative, or other expenses of the authority.
8. Defining the acts or omissions to act which constitute a default in the duties of the authority to holders of its obligations and providing the rights and remedies of the holders in the event of a default.
9. Mortgaging a project and the project site or other property for the purpose of securing the obligation holders.
10. Other matters relating to the obligations which the authority deems desirable.

261A.44 Obligations secured by trust agreement.
Obligations issued under this division may be secured by a trust agreement by and between the authority and an incorporated trustee, which may be a trust company or bank having the powers of a trust company within or without the state. The
trust agreement or the resolution providing for the issuance of the obligations may pledge or assign the revenue to be received or proceeds of any contract pledged and may convey or mortgage the project or any portion of the project. A pledge or assignment made by the authority pursuant to this section is valid and binding from the time that the pledge or assignment is made, and the revenue pledged and thereafter received by the authority is immediately subject to the lien of the pledge or assignment without physical delivery or any further act. The lien of the pledge or assignment is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the authority irrespective of whether the parties have notice of the lien. The resolution or trust agreement by which a pledge is created or an assignment made shall be filed or recorded in the records of the authority, with the secretary of state, and in each county in which the project is located. The trust agreement or resolution providing for the issuance of the obligations may contain provisions for protecting and enforcing the rights and remedies of the obligation holders as are reasonable and proper, not in violation of law, or provided for in this division. A bank or trust company incorporated under the laws of this state which acts as depository of proceeds of the obligations, revenue, or other money shall furnish the indemnifying obligations or pledge the securities as required by the authority. The trust agreement may set forth the rights and remedies of the obligation holders and of the trustee, and may restrict the individual right of action by obligation holders. The trust agreement or resolution may contain other provisions the authority deems reasonable and proper for the security of the obligation holders. Expense incurred in carrying out the trust agreement or resolution may be treated as a part of the cost of the operation of a project.

85 Acts, ch 210, §14

261A.45 Obligations issued to acquire federally guaranteed securities.

The authority may finance the cost of a project, refund outstanding indebtedness, or reimburse advances from an endowment or similar fund of an institution as authorized by this division, by issuing its obligations pursuant to a plan of financing involving the acquisition of a federally guaranteed security or the acquisition or entering into of commitments to acquire a federally guaranteed security. For the purposes of this section, “federally guaranteed security” means any direct obligation of, or obligation the principal of and interest on which are fully guaranteed or insured by the United States, or an obligation issued by, or the principal of and interest on which are fully guaranteed or insured by any agency or instrumentalities of the United States, including without limitation an obligation that is issued pursuant to the National Housing Act, or any successor provision of law.

The authority may acquire or enter into commitments to acquire a federally guaranteed security and pledge or otherwise use the federally guaranteed security in the manner the authority deems in its best interest to secure or otherwise provide a source of repayment of its obligations issued to finance or refinance a project, or may enter into an appropriate agreement with an institution whereby the authority may make a loan to the institution for the purpose of acquiring or entering into commitments to acquire a federally guaranteed security. An agreement entered into pursuant to this section may contain provisions deemed necessary or desirable by the authority for the security or protection of the authority or the holders of the obligations, except that the authority, prior to making an acquisition, commitment, or loan, shall determine and enter into an agreement with the institution or another appropriate institution to require that the proceeds derived from the acquisition of a federally guaranteed security will be used, directly or indirectly, for the purpose of financing or refinancing a project.

The obligations issued pursuant to this section shall not exceed in principal amount the cost of financing or refinancing the project as determined by the participating institution and approved by the authority, except that the costs may include, without limitation, all costs and expenses necessary or incidental to the acquisition of or commitment to acquire a federally guaranteed security and to the issuance and obtaining of insurance or guarantee of an obligation issued or incurred in connection with a federally guaranteed security. In other respects the bonds are subject to this division, and the trust agreement creating the bonds may contain provisions set forth in this division as the authority deems appropriate.

If a project is financed or refinanced pursuant to this section, the title to the project shall remain in the participating institution owning the project, subject to the lien of a mortgage or security interest securing, directly or indirectly, the federally guaranteed securities being purchased or to be purchased.

85 Acts, ch 210, §15

261A.46 Obligations not liability of state or political subdivision.

Obligations issued pursuant to this division are not debts of the state or of any political subdivision of the state or a pledge of the faith and credit of the state or of any political subdivision, but the obligations are limited obligations of the authority payable solely from the funds or securities, pledged for their payment as authorized in this division, unless the obligations are refunded by refunding obligations issued under this division, which refunding obligations shall be payable solely from funds
or securities pledged for their payment as authorized in this division. All revenue obligations shall contain on their face a statement to the effect that the obligations, as to both principal and interest, are not obligations of the state, or of any political subdivision of the state, but are limited obligations of the authority payable solely from revenue or securities pledged for their payment. Expenses incurred in carrying out this division are payable solely from funds provided under this division, and this division does not authorize the authority to incur indebtedness or liability on behalf of or payable by the state or any political subdivision of the state.

85 Acts, ch 210, §16

261A.47 Money received by authority.

All money received by the authority, whether as proceeds from the sale of obligations, from revenue, or otherwise, shall be deemed to be trust funds to be held and applied solely as provided in this division, but prior to the time when needed for use may be invested to the extent and in the manner provided by the authority. The funds shall be deposited, held, and secured as determined by the authority, except to the extent provided otherwise in the resolution authorizing the issuance of the related obligations or in the trust agreement securing the obligations. The resolution authorizing the issuance of the obligations or the trust agreement securing the obligations shall provide that an officer, bank or trust company to which the money is entrusted shall act as trustee of the money and shall hold and apply the money for the purposes of this division, subject to the provisions of this division and of the authorizing resolution or trust agreement.

85 Acts, ch 210, §17

261A.48 Powers of holders and trustees.

A holder of obligations or of the coupons pertaining to obligations and the trustee under a trust agreement, except to the extent the rights given in this division are restricted by the authorizing resolution or trust agreement, may, by suit, mandamus, or other proceedings, protect and enforce any and all rights under the laws of this state, or under the trust agreement or resolution authorizing the issuance of the obligations, and may enforce and compel the performance of all duties required by this division or by the trust agreement or resolution to be performed by the authority or by an officer, employee, or agent of the authority, including the fixing, charging, and collecting of fees and charges authorized in this division and required by the resolution or trust agreement to be fixed and collected.

The rights of holders include the right to compel the performance of all duties of the authority required by this division or the resolution or trust agreement, to enjoin unlawful activities, and in the event of default with respect to the payment of any principal of, premium, if any, and interest on an obligation or in the performance of a covenant or agreement on the part of the authority in the resolution, to apply to a court having jurisdiction of the cause to appoint a receiver to administer and operate the project, the revenue of which is pledged to the payment of the principal of, premium, if any, and interest on the obligations, the receiver to have full power to pay and to provide for payment of the principal of, premium, if any, and interest on the obligations, and to have the powers, subject to the direction of the court, as are permitted by law and are accorded receivers in general equity cases, including the power to foreclose the mortgage on the project in the same manner as the foreclosure of a mortgage on real estate of private corporations, but excluding any power to pledge additional revenue of the authority to the payment of the principal, premium, and interest.

85 Acts, ch 210, §18

261A.49 Bondholders — pledge — agreement of the state.

The state pledges to and agrees with the holders of any obligations issued under this division, and with those parties who enter into contracts with the authority pursuant to this division, that the state will not limit or alter the rights vested in the authority until the obligations, together with the interest on the obligations, are fully met and discharged and the contracts are fully performed on the part of the authority, except that this section does not preclude the limitation or alteration if and when adequate provision is made by law for the protection of the rights of the holders of the obligations of the authority or those entering into contracts with the authority.

85 Acts, ch 210, §19

261A.50 Provisions controlling.

The powers granted the authority under this division are in addition to the powers of the authority contained in other provisions of this chapter. All other provisions of this chapter apply to obligations issued pursuant to and powers granted the authority under this division, except to the extent they are inconsistent with this division.

261D.1 Definition. As used in this chapter, unless the context otherwise requires, “commission” means the midwestern higher education compact commission. 2005 Acts, ch 145, §1

261D.2 Midwestern higher education compact. The midwestern higher education compact is entered into with all other states which enter into the compact in substantially the following form:

1. Article I — Purpose. The purpose of the midwestern higher education compact shall be to provide greater higher education opportunities and services in the midwestern region, with the aim of furthering regional access to, research in, and choice of higher education for the citizens residing in the several states which are parties to this compact.

   a. The compacting states create the midwestern higher education commission. The commission shall be a body corporate of each compacting state. The commission shall have all the responsibilities, powers, and duties set forth in this chapter, including the power to sue and be sued, and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states in accordance with the terms of this compact.
   b. The commission shall consist of five resident members of each state as follows: the governor or the governor’s designee, who shall serve during the tenure of office of the governor; two legislators, one from each house (except Nebraska, which may appoint two legislators from its unicameral legislature), who shall serve two-year terms and be appointed by the appropriate appointing authority in each house of the legislature; and two other at-large members, at least one of whom shall be selected from the field of higher education. The at-large members shall be appointed in a manner provided by the laws of the appointing state. One of the two at-large members initially appointed in each state shall serve a two-year term. The other, and any regularly appointed successor to either at-large member, shall serve a four-year term. All vacancies shall be filled in accordance with the laws of the appointed states. 3. Article III — Powers and duties of the commission.
   a. The commission shall adopt a seal and suitable bylaws governing its management and operations.
   b. Irrespective of the civil service, personnel, or other merit system laws of any of the compacting states, the commission in its bylaws shall provide for the personnel policies and programs of the compact.
   c. The commission shall submit a budget to the governor and legislature of each compacting state at such time and for such period as may be required. The budget shall contain specific recommendations of the amount or amounts to be appropriated by each of the compacting states.
   d. The commission shall report annually to the legislatures and governors of the compacting states, to the midwestern governors’ conference, and to the midwestern legislative conference of the council of state governments concerning the activities of the commission during the preceding year. Such reports shall also embody any recommendations that may have been adopted by the commission.

g. The commission may enter into agreements with any other interstate education organizations or agencies and with higher education institutions located in nonmember states and with any of the various states of these United States to provide adequate programs and services in higher education for the citizens of the respective compacting states. The commission shall, after negotiations with interested institutions and interstate organizations or agencies, determine the cost of providing the programs and services in higher education for use of these agreements.

Any issue or series of refunding bonds or notes may be exchanged in part or sold in parts in installments at different times or at one time. The refunding bonds or notes may be sold or exchanged at any time on, before, or after the maturity of any of the outstanding notes, bonds, or other obligations to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds or notes, except that the principal amount of the refunding bonds or notes may exceed the principal amount of the bonds or notes to be refunded to the extent necessary to pay any premium due on the call of the bonds or notes to be refunded or to fund interest in arrears or about to become due.

All bonds or notes issued under the provisions of this division shall be payable solely and only from and shall be secured by an irrevocable pledge of a sufficient portion of (1) the net rents, profits and income derived from the operation of residence halls, dormitories, dining or other incidental facilities and additions, including necessary real and personal property, acquired or improved in whole or in part with the proceeds of such bonds or notes, regardless of the manner of such acquisition or improvement, and (2) the net rents, profits and income not pledged for other purposes derived from the operation of any other residence halls or dormitories, including dining or other incidental facilities and additions, at the particular institution. All bonds or notes issued under the provisions of this division shall have all the qualities of negotiable instruments under the laws of this state.

262.58 Rates and terms of bonds or notes. Such bonds or notes may bear such date or dates, may bear interest at such rate or rates, payable semiannually, may mature at such time or times, may be in such form, carry such registration privileges, may be payable at such place or places, may be subject to such terms of redemption prior to maturity with or without premium, if so stated on the face thereof, and may contain such terms and covenants as may be provided by the resolution of the board authorizing the issuance of the bonds or notes. In addition to the estimated cost of construction, the cost of the project shall be deemed to include interest upon the bonds or notes during construction and for six months after the estimated completion date, the compensation of a fiscal agent or adviser, and engineering, administrative and legal expenses. Such bonds or notes shall be executed by the president of the state board of regents and attested by the executive director of the state board of regents, secretary, or other official thereof performing the duties of the executive director of the state board of regents, and the coupons thereto attached shall be executed with the original or facsimile signatures of said president, executive director, secretary, or other official. Any bonds or notes bearing the signatures of officers in office on the date of the signing thereof shall be valid and binding for all purposes, notwithstanding that before delivery thereof any or all such persons whose signatures appear thereon shall have ceased to be such officers. Each such bond or note shall state upon its face the name of the institution on behalf of which it is issued, that it is payable solely and only from the net rents, profits and income derived from the operation of residence halls or dormitories, including dining and other incidental facilities, at such institution as hereinbefore provided, and that it does not constitute a charge against the state of Iowa within the meaning or application of any constitutional or statutory limitation or provision. The issuance of such bonds or notes shall be recorded in the office of the treasurer of the institution on behalf of which the same are issued, and a certificate by such treasurer to this effect shall be printed on the back of each such bond or note.

262.59 Refunding. Upon the determination by the state board of regents to undertake and carry out any project or to refund outstanding bonds or notes, said board shall adopt a resolution describing generally the contemplated project and setting forth the estimated cost thereof, or describing the obligations to be refunded, fixing the amount of bonds or notes to be issued, the maturity or maturities, the interest rate or rates and all details in respect thereof. Such resolution shall contain such covenants as may be determined by the board as to the issuance of additional bonds or notes that may thereafter be issued payable from the net rents, profits and income of the residence halls or dormitories, the amendment or modification of the resolution authorizing the issuance of any bonds or notes, the manner, terms and conditions and the amount or percentage of assenting bonds or notes necessary to effectuate such amendment or modification, and such other covenants as may be deemed necessary or desirable. In the discretion of the board any bonds or notes issued under the terms of this division may be secured by a trust indenture by and between the board and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without
the boundaries of the state of Iowa, but no such trust indenture shall convey or mortgage the buildings or facilities or any part thereof. The provisions of this division and of any resolution or other proceedings authorizing the issuance of bonds or notes and providing for the establishment and maintenance of adequate rates, fees or rentals and the application of the proceeds thereof shall constitute a contract with the holders of such bonds or notes.

All rates, fees or rentals collected for the use of and services provided by the residence halls and dormitories, including dining and other incidental facilities therefor, at each institution shall be held in trust by the treasurer thereof, separate and apart from all other funds, to be used solely and only for the purposes specified in this division and as may be required and provided for by the proceedings of the board authorizing the issuance of bonds or notes. It shall be the duty of the treasurer of each institution to disburse funds from the proper account for the payment of the principal of and interest on the bonds or notes in accordance with the directions and covenants of the resolution authorizing the issuance thereof.

262.68 Speed limit on institutional grounds. The maximum speed limit of all vehicles on institutional roads at institutions under the control of the state board of regents shall be forty-five miles per hour. All driving shall be confined to driveways designated by the state board. Whenever the state board shall determine that the speed limit hereinbefore set forth is greater than is reasonable or safe under the conditions found to exist at any place of congestion or upon any part of its institutional roads, said board shall determine and declare a reasonable and safe speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected at such places of congestion or other parts of its institutional roads. Any person violating the aforementioned speed limits shall be guilty of a simple misdemeanor.

The rules may provide for the use of institutional roads, driveways, and grounds, registration of vehicles and bicycles, the designation of parking areas, the erection and maintenance of signs designating prohibitions or restrictions, the installation and maintenance of parking control devices, and assessment, enforcement, and collection of reasonable sanctions for the violation of the rules.

Any rules made pursuant to this section may be enforced under procedures adopted by the board for each institution under its control. Sanctions may be imposed upon students, faculty and staff for violation of the rules, including, but not limited to, a reasonable monetary sanction which may be deducted from student deposits and faculty or staff salaries or other funds in the possession of the institution, or added to student tuition bills. The rules made pursuant to this section may also be enforced by the impoundment of vehicles and bicycles parked in violation of the rules, and a reasonable fee may be charged for the cost of impoundment and storage, prior to the release of the vehicles and bicycles to their owners. Each institution under the control of the board shall establish procedures for the determination of controversies in connection with imposition of sanctions. The procedures shall require giving notice of the violation and the sanction involved and provide an opportunity for an administrative hearing. Judicial review of the administrative ruling may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

Notwithstanding the provisions of chapter 17A, a proceeding conducted by the state board of regents or an institution governed by the state board of regents to determine the validity of an assessment of a violation of traffic control and parking rules is not a contested case as defined in section 17A.2, subsection 5.

262.75 Incentives for cooperating teachers.

A cooperating teacher incentive program is established to encourage experienced teachers to serve as cooperating teachers for student teachers enrolled in the institutions of higher education under the control of the board. An individual who submits evidence to an institution that the individual has satisfactorily served as a cooperating teacher for a student teacher from any of the institutions of higher education under the control of the board for the duration of the student teaching experience shall receive from the institution either a monetary recompense or a reduction in tuition for graduate hours of coursework equivalent to the value of the monetary recompense, rounded to the nearest whole credit hour. If, because of a policy adopted by the board of directors employing the teacher, the amount of the monetary recompense is not made available to the teacher for the teacher’s own personal use or the salary paid to the cooperating teacher by the employing board is correspondingly reduced, the institution shall grant the teacher the reduction in tuition pursuant to this section in lieu of the monetary recompense.

In lieu of the payment of monetary recompense to a cooperating teacher, the cooperating teacher may direct that the monetary recompense be paid by the institution directly into a scholarship fund which has been established jointly by the board of directors of the school district that employs the teacher and the local teachers’ association. In such cases, the cooperating teacher shall receive neither monetary recompense nor any reduction in tuition at the institution.

REGENTS’ MINORITY AND WOMEN EDUCATORS ENHANCEMENT

262.81 Legislative intent.

The general assembly recognizes that educational programs designed to enhance the interrelation and cooperation among cultural, racial, and ethnic groups in society require the contribution and active participation of all ethnic and racial groups. The general assembly also recognizes that failure to include minority representation at the faculty level at the state universities contributes to cultural, racial, and ethnic isolation of minority students and does not reflect the realities of a multicultural and diverse society. Therefore, the “Regents’ Minority and Women Educators Enhancement” program is established to assist in the recruitment and retention of faculty that more adequately represents the diverse cultural, racial, and ethnic makeup of society and to improve the education of all students.

89 Acts, ch 319, §61

262.82 Regents’ minority and women educators enhancement program.

The board of regents shall establish a program to recruit minority educators to faculty positions in the universities under the board’s control. The program shall include, but is not limited to, the creation of faculty positions in all areas of academic pursuit.

The board of regents shall also establish a program to create faculty opportunities for women educators at the universities under the board’s control. The program shall include, but is not limited to, the creation of faculty positions in targeted shortage areas. The board of regents shall also develop and implement, in consultation with appropriate faculty representatives, tenure, promotion, and hiring policies that recognize the unique needs of faculty members who are principal caregivers to dependents.

As used in this section, “minority educator” means an educator who is a minority person as defined in section 261.102.

COLLEGE-BOUND PROGRAM

262.91 Legislative intent.

The general assembly recognizes that universities must provide an environment that enables all students to have an equal opportunity to succeed. The general assembly also recognizes that, because of inequalities in educational preparation, economic factors, and social circumstances, not all young Iowans have the same degree of access to Iowa’s higher education system. The general assembly further acknowledges that an early intervention system using public school districts, community agencies, and other state institutions can be useful in preparing young students to succeed in college. Therefore, the “College-bound” program is established to ensure that the state’s universities and students’ local communities become involved early in a student’s life by promoting and informing students about the opportunities in higher education, so that lack of adequate personal resources is not a barrier to attending college for young Iowans.

89 Acts, ch 319, §63

262.92 College-bound program.

1. The board of regents shall establish or contract to establish college-bound programs to provide Iowa minority students with information and experiences relating to opportunities offered at the regents’ universities. Programs developed may include, but are not limited to, the following elements:

a. Reinforcement of efforts to attract undergraduate students from age groups currently served by traditional methods of outreach which use high school and community college services.

b. Extension of traditional student recruitment methods which are designed to encourage minority students in grades seven through twelve to pursue postsecondary academic courses of study.
c. Identification, at each of the regents’ universities, of courses of study to be targeted for the recruitment of minority students.

d. Offerings at the regents’ universities of innovative programs, which are experience oriented, for families with minority children.

2. The board of regents shall establish a voucher program for students in grades seven through twelve. Vouchers may be obtained by any qualified secondary student at any regents’ university upon completion of a college-bound program provided under subsection 1. Students may receive one voucher for each program. One or more vouchers entitle a student to priority over other persons applying for grants under the Iowa minority academic grants for economic success program established in section 261.101. Vouchers shall be submitted with the grant application within one year after a student graduates from high school at any higher education institution which offers grants under the Iowa minority academic grants for economic success program. Vouchers earned can only be used by the person who participated in the college-bound voucher program and are not transferable. Vouchers issued by a university under this program shall be signed by the president of the university.

3. The board of regents shall adopt rules to establish program guidelines for the universities under the board’s control and for the administration and coordination of program efforts. Rules adopted shall include methods of recording data relating to voucher recipients and making the data available to the college student aid commission.

89 Acts, ch 319, §64

262.93 Reports to general assembly.
The college student aid commission and the state board of regents each shall submit, by January 1 of each year, a report on the progress and implementation of the programs which they administer under sections 261.102 through 261.105, 262.82, and 262.92. The reports shall include, but are not limited to, the numbers of students participating in the programs and allocation of funds appropriated for the programs.

In addressing the failure of a practitioner to fulfill contractual obligations, the board shall consider factors beyond the practitioner’s control.
b. Notwithstanding section 272.28, subsection 1, a teacher shall be licensed in accordance with rules adopted pursuant to chapter 272, Code 2001, if the teacher successfully completes a beginning teacher mentoring program approved pursuant to chapter 256E, Code 2001, on or before June 30, 2002, or is employed by a school district that does not offer a beginning teacher mentoring and induction program approved in accordance with this chapter during the school year beginning July 1, 2001.
2. Establish, collect, and refund fees for a license.
3. Enter into reciprocity agreements with other equivalent state boards or a national certification board to provide for licensing of applicants from other states or nations.
4. Enforce rules adopted by the board through revocation or suspension of a license, or by other disciplinary action against a practitioner or professional development program licensed by the board of educational examiners. The board shall designate who may or shall initiate a licensee disciplinary investigation and a licensee disciplinary proceeding, and who shall prosecute a disciplinary proceeding and under what conditions, and shall state the procedures for review by the board of findings of fact if a majority of the board does not hear the disciplinary proceeding. However, in a case alleging failure of a practitioner to fulfill contractual obligations, the person who files a complaint with the board, or the complainant’s designee, shall represent the complainant in a disciplinary hearing conducted in accordance with this chapter.
5. Apply for and receive federal or other funds on behalf of the state for purposes related to its duties.
6. Evaluate and conduct studies of board standards.
7. Hire an executive director, legal counsel, and other personnel and control the personnel administration of persons employed by the board.

14. Adopt rules to determine whether an applicant is qualified to perform the duties for which a license is sought. The rules shall include all of the following:
   a. The board may deny a license to or revoke the license of a person upon the board’s finding by a preponderance of evidence that either the person has been convicted of a crime or that there has been a founded report of child abuse against the person. Rules adopted in accordance with this paragraph shall provide that in determining
whether a person should be denied a license or that a practitioner's license should be revoked, the board shall consider the nature and seriousness of the founded abuse or crime in relation to the position sought, the time elapsed since the crime was committed, the degree of rehabilitation which has taken place since the incidence of founded abuse or the commission of the crime, the likelihood that the person will commit the same abuse or crime again, and the number of founded abuses committed by or criminal convictions of the person involved.

b. Notwithstanding paragraph “a”, the rules shall require the board to disqualify an applicant for a license or to revoke the license of a person for any of the following reasons:

1. The person entered a plea of guilty to, or has been found guilty of, any of the following offenses established pursuant to Iowa law or offenses of a similar nature established under the laws of any other state or of the United States, or any other country, whether or not a sentence is imposed:

   e. Telephone dissemination of obscene material to minors under section 728.15.
   f. The applicant is less than twenty-one years of age except as provided in section 272.31, subsection 1, paragraph “e”. However, a student enrolled in a practitioner preparation program who meets board requirements for a temporary, limited-purpose license who is seeking to teach as part of a practicum or internship may be less than twenty-one years of age.
   g. The applicant’s application is fraudulent.
   h. The applicant’s license or certification from another state is suspended or revoked.
   i. The applicant fails to meet board standards for application for an initial or renewed license.
   j. Qualifications or criteria for the granting or revocation of a license or the determination of an individual’s professional standing shall not include membership or nonmembership in any teachers’ organization.

   d. An applicant for a license or certificate under this chapter shall demonstrate that the requirements of the license or certificate have been met and the burden of proof shall be on the applicant.

15. Adopt rules that require specificity in written complaints that are filed by individuals who have personal knowledge of an alleged violation and which are accepted by the board, provide that the jurisdictional requirements as set by the board in administrative rule are met on the face of the complaint before initiating an investigation of allegations, provide that any investigation be limited to the allegations contained on the face of the complaint, provide for an adequate interval between the receipt of a complaint and public notice of the complaint, permit parties to a complaint to mutually agree to a resolution of the complaint filed with the board, allow the respondent the right to review any investigative report upon a finding of probable cause for further action by the board, require that the conduct providing the basis for the complaint occurred within three years of discovery of the event by the complainant unless good cause can be shown for an extension of this limitation, and require complaints to be resolved within one hundred eighty days unless good cause can be shown for an extension of this limitation.

16. Adopt criteria for administrative endorsements that allow a person to achieve the endorsement authorizing the person to serve as an elementary or secondary principal without regard to the grade level at which the person accrued teaching experience.

17. Adopt rules to require that a background investigation be conducted by the division of criminal investigation of the department of public safety on all initial applicants for licensure. The board shall also require all initial applicants to submit a completed fingerprint packet and shall use the packet to facilitate a national criminal history background check. The board shall have access to, and shall review the sex offender registry information under section 692A.13, the central registry for child abuse information established under chapter 235A, and the dependent adult abuse records maintained under chapter 235B for information regarding applicants for license renewal.

The nine practitioners shall be selected from the following areas and specialties of the teaching profession:
   a. Elementary teachers.
   b. Secondary teachers.
   c. Special education or other similar teachers.
   d. Counselors or other special purpose practitioners.
   e. Administrators.
   f. School service personnel.
2. A majority of the licensed practitioner members shall be nonadministrative practitioners. Membership of the board shall comply with the requirements of sections 69.16 and 69.16A. A quorum of the board shall consist of six members. Members shall elect a chairperson of the board. Members, except for the director of the department of education or the director’s designee, shall be appointed by the governor subject to confirmation of the senate.

§272.4 Terms of office.
1. Members, except for the director of the department of education or the director’s designee, shall serve staggered terms of four years. A member shall not serve more than two consecutive terms, except for the director of the department of education or the director’s designee, who shall serve until the director’s term of office expires. 272.6 Repealed by 2002 Acts, ch 1128, §3.

§272.7 Validity of license.
A license issued under board authority is valid for the period of time for which it is issued, unless the license is suspended or revoked. A license issued by the board is valid until the last day of the practitioner’s birth month in the year in which the license expires. No permanent licenses shall be issued. A person employed as a practitioner shall
hold a valid license with an endorsement for the type of service for which the person is employed. This section does not limit the duties or powers of a school board to select or discharge practitioners or to terminate practitioners’ contracts. A professional development program, except for a program offered by a practitioner preparation institution or area education agency and approved by the state board of education, must possess a valid license for the types of programs offered.

The executive director of the board may grant or deny license applications, applications for renewal of a license, and suspension or revocation of a license. A denial of an application for a license, the denial of an application for renewal, or a suspension or revocation of a license may be appealed by the practitioner to the board.

The board may issue emergency renewal or temporary, limited-purpose licenses upon petition by a current or former practitioner. An emergency renewal or temporary, limited-purpose license may be issued for a period not to exceed two years, if a petitioner demonstrates, to the satisfaction of the board, good cause for failure to comply with board requirements for a regular license and provides evidence that the petitioner will comply with board requirements within the period of the emergency or temporary license. Under exceptional circumstances, an emergency license may be renewed by the board for one additional year. A previously unlicensed person is not eligible for an emergency or temporary license, except that a student who is enrolled in a licensed practitioner preparation program may be issued a temporary, limited-purpose license, without payment of a fee, as part of a practicum or internship program.

The board may issue emergency renewal or temporary, limited-purpose licenses upon petition by a current or former practitioner. Under exceptional circumstances, an emergency license may be renewed by the board for one additional year. A previously unlicensed person is not eligible for an emergency or temporary license, except that a student who is enrolled in a licensed practitioner preparation program may be issued a temporary, limited-purpose license, without payment of a fee, as part of a practicum or internship program.

272.8 License to applicants from other states or countries.

The board may issue a license to an applicant from another state or country if the applicant files evidence of the possession of the required or equivalent requirements with the board. The executive director of the board may, subject to board approval, enter into reciprocity agreements with another state or country for the licensing of practitioners on an equitable basis of mutual exchange, when the action is in conformity with law.

Practitioner preparation and professional development programs offered in this state by out-of-state institutions must be approved by the board in order to fulfill requirements for licensure or renewal of a license by an applicant.

272.9 Continuity of certificates and licenses.

1. A certificate which was issued by the board of educational examiners to a practitioner before July 1, 1989, continues to be in force as long as the certificate complies with the rules and statutes in effect on July 1, 1989. Requirements for the renewal of licenses, under this chapter, do not apply retroactively to renewal of certificates. However, this section does not limit the duties or powers of a school board to select or discharge practitioners or to terminate practitioners’ contracts.

2. A practitioner who holds a certificate issued before July 1, 1989, shall, upon application and payment of a fee, be granted a license which will permit the practitioner to perform the same duties and functions as the practitioner was entitled to perform with the certificate held at the time of application. A practitioner shall be permitted to convert a permanent certificate to a term certificate, after July 1, 1989, without payment of a fee.

272.9A Administrator licenses.

1. Beginning July 1, 2007, requirements for administrator licensure beyond an initial license shall include completion of a beginning administrator mentoring and induction program and demonstration of competence on the administrator standards adopted pursuant to section 284A.3.

2. The board shall adopt rules for administrator licensure renewal that include credit for individual administrator professional development plans developed in accordance with section 284A.6.

3. An administrator formerly employed by an accredited nonpublic school or formerly employed as an administrator in another state or country is exempt from the mentoring and induction requirement under subsection 1 if the administrator can document two years of successful administrator experience and meet or exceed the requirements contained in rules adopted pursuant to this chapter for endorsement and licensure. However, if an administrator cannot document two years of successful administrator experience when hired by a
§272.10 Fees.
1. It is the intent of the general assembly that licensing fees established by the board of educational examiners be sufficient to finance the activities of the board under this chapter.
2. Licensing fees are payable to the treasurer of state and shall be deposited with the executive director of the board. The executive director shall deposit twenty-five percent of the fees collected annually with the treasurer of state and the fees shall be credited to the general fund of the state. The remaining licensing fees collected during the fiscal year shall be retained by and appropriated to the board for the purposes related to the board’s duties. Notwithstanding section 8.33, licensing fees retained by and appropriated to the board pursuant to this section that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the activities of the board as provided in this chapter until the close of the succeeding fiscal year.
3. The executive director shall keep an accurate and detailed account of fees received, including fees paid to the treasurer of state and fees retained by the board.
4. The board shall submit a detailed annual financial report by January 1 to the chairperson and ranking members of the joint appropriations subcommittee on education and the legislative services agency.

§272.11 Expenditures and refunds.
Expenditures and refunds made by the board under this chapter shall be certified by the executive director of the board to the director of the department of administrative services, and if found correct, the director of the department of administrative services shall approve the expenditures and refunds and draw warrants upon the treasurer of state from the funds appropriated for that purpose.

§272.12 Para-educator certificates.
The board of educational examiners shall adopt rules pursuant to chapter 17A relating to a voluntary certification system for para-educators. The rules shall specify rights, responsibilities, levels, and qualifications for the certificate. Applicants shall be disqualified for any reason specified in section 272.2, subsection 14, or in administrative rule. Notwithstanding section 272.2, subsection 14, paragraph “b”, subparagraph (2), the board may issue a para-educator certificate to a person who is at least eighteen years of age. A person holding a para-educator certificate shall not perform the duties of a licensed practitioner. A certificate issued pursuant to this chapter shall not be considered a teacher or administrator license for any purpose specified by law, including the purposes specified under this chapter or chapter 279.

§272.13 Hearing procedures — confidentiality.
Hearings before the board shall be conducted in the same manner as contested cases under chapter 17A. The board may subpoena books, papers, records, and any other real evidence necessary for the board to decide whether it should institute a contested case hearing. At the hearing the board may administer oaths and issue subpoenas to compel the attendance of witnesses and the production of other evidence. Subpoenas may be issued by the board to a party to a hearing, if the party demonstrates that the evidence or witnesses’ testimony is relevant and material to the hearing. Service of process and subpoenas for board hearings shall be conducted in accordance with the law applicable to the service of process and subpoenas in civil actions.

Witnesses subpoenaed to appear before the board shall be reimbursed for mileage and necessary expenses and shall receive per diem compensation by the board, unless the witness is an employee of the state or a political subdivision, in which case the witness shall receive reimbursement only for mileage and necessary expenses.

All complaint files, investigation files, other investigation reports, and other investigative information in the possession of the board or its employees or agents, which relate to licensee discipline, are privileged and confidential, and are not subject to discovery, subpoena, or other means of legal compulsion for their release to a person other than the respondent and the board and its employees and agents involved in licensee discipline, and are not admissible in evidence in a judicial or administrative proceeding other than the proceeding.
involving licensee discipline. However, investigative information in the possession of the board or its employees or agents which relates to licensee discipline may be disclosed to appropriate licensing authorities within this state, the appropriate licensing authority in another state, the District of Columbia, or a territory or country in which the licensee is licensed or has applied for a license. A final written decision and finding of fact of the board in a disciplinary proceeding is a public record.

§272.15 Reporting requirements — complaints.
1. The board of directors of a school district or area education agency, the superintendent of a school district or the chief administrator of an area education agency, and the authorities in charge of a nonpublic school shall report to the board the nonrenewal or termination, for reasons of alleged or actual misconduct, of a person's contract executed under sections 279.12, 279.13, 279.15 through 279.21, 279.23, and 279.24, and the resignation of a person who holds a license, certificate, or authorization issued by the board as a result of or following an incident or allegation of misconduct that, if proven, would constitute a violation of the rules adopted by the board to implement section 272.2, subsection 14, paragraph "b", subparagraph (1), when the board or reporting official has a good faith belief that the incident occurred or the allegation is true. Information reported to the board in accordance with this section is privileged and confidential, and except as provided in section 272.13, is not subject to discovery, subpoena, or other means of legal compulsion for its release to a person other than the respondent and the board and its employees and agents involved in licensee discipline, and is not admissible in evidence in a judicial or administrative proceeding other than the proceeding involving licensee discipline. The board shall review the information reported to determine whether a complaint should be initiated. In making that determination, the board shall consider the factors enumerated in section 272.2, subsection 14, paragraph "a". For purposes of this section, unless the context otherwise requires, "misconduct" means an action disqualifying an applicant for a license or causing the license of a person to be revoked or suspended in accordance with the rules adopted by the board to implement section 272.2, subsection 14, paragraph "b", subparagraph (1).
2. If, in the course of performing official duties, an employee of the department becomes aware of any alleged misconduct by an individual licensed under this chapter, the employee shall report the alleged misconduct to the board of educational examiners under rules adopted pursuant to subsection 1.
3. If the executive director of the board verifies through a review of official records that a teacher who holds a practitioner's license under this chapter is assigned instructional duties for which the teacher does not hold the appropriate license or endorsement, either by grade level or subject area, by a school district or accredited nonpublic school, the executive director may initiate a complaint against the teacher and the administrator responsible for the inappropriate assignment of instructional duties.

§272.21 through 272.24 Reserved.

The requirement shall be based upon recommendations of the department of education after consultation with teacher education faculty members in colleges and universities.

4. A requirement that prescribes minimum experiences and responsibilities to be accomplished during the student teaching experience by the student teacher and by the cooperating teacher based upon recommendations of the department of education after consultation with teacher education faculty members in colleges and universities. The student teaching experience shall include opportunities for the student teacher to become knowledgeable about the Iowa teaching standards, including a mock evaluation performed by the cooperating teacher. The mock evaluation shall not be used as an assessment tool by the practitioner preparation program. The student teaching experience shall consist of interactive experiences involving the college or university personnel, the student teacher, the cooperating teacher, and administrative personnel from the cooperating teacher’s school district.

5. A requirement that each approved practitioner preparation or professional development institution annually offer a workshop of at least one day in duration for prospective cooperating teachers. The workshop shall define the objectives of the student teaching experience, review the responsibilities of the cooperating teacher, and provide the cooperating teacher other information and assistance the institution deems necessary.

6. A requirement that practitioner preparation students receive instruction in the use of electronic technology for classroom and instructional purposes.

7. A requirement that approved practitioner preparation institutions annually solicit the views of the education community regarding the institution’s practitioner preparation programs.

The terms and conditions of a written contract entered into with a preschool pursuant to this section shall provide that a student teacher be under the direct supervision of an appropriately licensed cooperating teacher who is employed to teach at the preschool. Students actually teaching or engaged in preservice licensure activities in a school district under the terms of such a contract are entitled to the same protection, under section 670.8, as is afforded by that section to officers and employees of the school district,

CHAPTER 272A
INTERSTATE AGREEMENT ON QUALIFICATION OF EDUCATIONAL PERSONNEL

272A.1 Interstate agreement.
The interstate agreement on qualification of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows:

1. Article I — Purpose, findings, and policy.
a. The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interest of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

b. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this agreement can increase the availability of educational personnel.

2. Article II — Definitions. As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

a. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

b. "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of that state, educational personnel contracts pursuant to this agreement.

c. "Accept", or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

d. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

e. "Originating state" means a state, and the subdivision thereof, if any, whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to article III of this agreement.

f. "Receiving state" means a state, and the subdivisions thereof, which accepts educational personnel in accordance with the terms of a contract made pursuant to article III of this agreement.

3. Article III — Interstate educational personnel contracts.

a. The designated state official of a party state may make one or more contracts on behalf of that state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this article only with states in which the official finds that there are programs of education, licensure standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in the official's state.

b. Any such contract shall provide for:

(1) Its duration.
(2) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.
(3) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.
(4) Any other necessary matters.

c. No contract made pursuant to this agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

d. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

e. 9. Article IX — Construction and severability. This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

CHAPTER 272B
EDUCATION COMPACT

272B.1 Compact for education.
The compact for education is hereby entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

1. Article I — Purpose and policy.

a. It is the purpose of this compact to:
   (1) Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the state and local levels.
   (2) Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.
   (3) Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.
   (4) Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

b. It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

c. The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

2. Article II — State defined. As used in this compact, "state" means a state, territory or possession of the United States, the District of Columbia, or the commonwealth of Puerto Rico.

3. Article III — The commission.

a. The education commission of the states, hereinafter called "the commission", is hereby established. The commission shall consist of seven members representing each party state.* One of such members shall be the governor; two shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations or professional educators or persons concerned with educational administration.

b. The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of...
of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to article IV and adoption of the annual report pursuant to paragraph "j" of this article.

c. The commission shall have a seal.

d. The commission shall elect annually, from among its members, a chairperson, who shall be a governor, a vice chairperson and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

e. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

f. The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

g. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph "f" of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

h. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

i. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

j. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

4. Article IV — Powers. In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

a. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

b. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

c. Develop proposals for adequate financing of education as a whole and at each of its many levels.

d. Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

e. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

f. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

5. Article V — Cooperation with federal government.

a. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

b. The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

6. Article VI — Committees.

a. To assist in the expeditious conduct of its business when the full commission is not meeting,
the commission shall elect a steering committee of thirty-two members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-fourth of the voting membership of the steering committee shall consist of governors, one-fourth shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the commission shall be elected as follows:

(1) Sixteen for one year and sixteen for two years.

(2) The chairperson, vice chairperson, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph “a” to the contrary notwithstanding, shall serve during their continuance in these offices.

(3) Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regular ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term.

(4) No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two-term limitation.

b. The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

c. The commission may establish such additional committees as its bylaws may provide.

7. Article VII — Finance.

a. The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission’s budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

b. The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

c. The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to article III, paragraph “g”, of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to article III, paragraph “g”, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

d. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

e. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

f. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

8. Article VIII — Eligible parties — entry into and withdrawal.

a. This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term “governor”, as used in this compact, shall mean the closest equivalent official of such jurisdiction.

b. Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: Provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

c. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

9. Article IX — Construction and severability.

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or cir-
cumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters.

c. Review or investigate, or both, upon written complaint or upon its own motion pursuant to other evidence received by the board, alleged acts or omissions which the board reasonably believes constitute cause under applicable law or administrative rule for licensee discipline.

d. Determine in any case whether an investigation, or further investigation, or a disciplinary proceeding is warranted. Notwithstanding the provisions of chapter 17A, a determination by a licensing board that an investigation is not warranted or that an investigation should be closed without initiating a disciplinary proceeding is not subject to judicial review pursuant to section 17A.19.

e. Initiate and prosecute disciplinary proceedings.

f. Impose licensee discipline.

g. Petition the district court for enforcement of its authority with respect to licensees or with re-
spect to other persons violating the laws which the board is charged with administering.

h. Register or establish and register peer review committees.

i. Refer to a registered peer review committee for investigation, review, and report to the board, any complaint or other evidence of an act or omission which the board reasonably believes to constitute cause for licensee discipline. However, the referral of any matter shall not relieve the board of any of its duties and shall not divest the board of any authority or jurisdiction.

j. Determine and administer the renewal of licenses for periods not exceeding three years.

k. Establish a licensee review committee for the purpose of evaluating and monitoring licensees who are impaired as a result of alcohol or drug abuse, dependency, or addiction, or by any mental or physical disorder or disability, and who self-report the impairment to the committee, or who are referred by the board to the committee. Members of the committee shall receive actual expenses for the performance of their duties and shall be eligible to receive per diem compensation pursuant to section 7E.6. The board shall adopt rules for the establishment and administration of the committee, including but not limited to establishment of the criteria for eligibility for referral to the committee and the grounds for disciplinary action for noncompliance with committee decisions. Information in the possession of the board or the licensee review committee, under this paragraph, shall be subject to the confidentiality requirements of section 272C.6. Referral of a licensee by the board to a licensee review committee shall not relieve the board of any duties of the board and shall not divest the board of any authority or jurisdiction otherwise provided. A licensee who violates section 272C.10 or the rules of the board while under review by the licensee review committee shall be referred to the board for appropriate action.

2. Each licensing board may impose one or more of the following as licensee discipline:

a. Revoke a license, or suspend a license either until further order of the board or for a specified period, upon any of the grounds specified in section 105.22, 147.55, 148.6, 148B.7, 152.10, 153.34, 154A.24, 169.13, 455B.219, 542.10, 542B.21, 543B.29, 544A.13, 544B.15, or 602.3203 or chapter 151 or 155, as applicable, or upon any other grounds specifically provided for in this chapter for revocation of the license of a licensee subject to the jurisdiction of that board, or upon failure of the licensee to comply with a decision of the board imposing licensee discipline.

b. Revoke, or suspend either until further order of the board or for a specified period, the privilege of a licensee to engage in one or more specified procedures, methods, or acts incident to the practice of the profession, if pursuant to hearing or stipulated or agreed settlement the board finds that because of a lack of education or experience, or because of negligence, or careless acts or omissions, or because of one or more intentional acts or omissions, the licensee has demonstrated a lack of qualifications which are necessary to assure the residents of this state a high standard of professional and occupational care.

c. Impose a period of probation under specified conditions, whether or not in conjunction with other sanctions.

d. Require additional professional education or training, or re-examination, or any combination, as a condition precedent to the reinstatement of a license or of any privilege incident thereto, or as a condition precedent to the termination of any suspension.

e. Impose civil penalties by rule, if the rule specifies which offenses or acts are subject to civil penalties. The amount of civil penalty shall be in the discretion of the board, but shall not exceed one thousand dollars. Failure to comply with the imposition of a civil penalty may be grounds for further license discipline.

f. Issue a citation and warning respecting licensee behavior which is subject to the imposition of other sanctions by the board.

3. The powers conferred by this section upon a licensing board shall be in addition to powers specified elsewhere in the Code. The powers of any other person specified elsewhere in the Code shall not limit the powers of a licensing board conferred by this section, nor shall the powers of such other person be deemed limited by the provisions of this section.

4. Nothing contained in this section shall be construed to prohibit informal stipulation and settlement by a board and a licensee of any matter involving licensee discipline. However, licensee discipline shall not be agreed to or imposed except pursuant to a written decision which specifies the sanction and which is entered by the board and filed.

All health care boards shall file written decisions which specify the sanction entered by the board with the Iowa department of public health which shall be available to the public upon request. All non-health care boards shall have on file the written and specified decisions and sanctions entered by the board and shall be available to the public upon request.
272C.4 Duties of board.

Each licensing board shall have the following duties in addition to other duties specified by this chapter or elsewhere in the Code:

1. Establish procedures by which complaints which relate to licensure or to licensee discipline shall be received and reviewed by the board.

2. Establish procedures by which disputes between licensees and clients which result in judgments or settlements in or of malpractice claims or actions shall be investigated by the board.

3. Establish procedures by which any recommendation taken by a peer review committee shall be reported to and reviewed by the board if a peer review committee is established.

4. Establish procedures for registration with the board of peer review committees if a peer review committee is established.

5. Define by rule those recommendations of peer review committees which shall constitute disciplinary recommendations which must be reported to the board if a peer review committee is established.

6. Notwithstanding any other provision to the contrary, each board shall defer to the federal or state program's determination of default upon certification by the program of such a default on the part of a licensee, and shall remove the suspension, grant the license, or stay the retraction or other disciplinary action taken if the federal or state program certifies that the defaulting licensee has agreed to fulfill the licensee's obligation, or is complying with an approved repayment plan. §272C.6 Hearings — power of subpoena — decisions.

1. Disciplinary hearings held pursuant to this chapter shall be heard by the board sitting as the hearing panel, or by a panel of not less than three board members who are licensed in the profession, or by a panel of not less than three members appointed pursuant to subsection 2. Notwithstanding chapters 17A and 21 a disciplinary hearing shall be open to the public at the discretion of the licensee.

2. When, in the opinion of a majority of the board, it is desirable to obtain specialists within an area of practice of a profession when holding disciplinary hearings, a licensing board may appoint licensees not having a conflict of interest to make findings of fact and to report to the board. Such findings shall not include any recommendation for or against licensee discipline.

3. The presiding officer of a hearing panel may issue subpoenas pursuant to rules of the board on behalf of the board or on behalf of the licensee. A licensee may have subpoenas issued on the licensee’s behalf. A subpoena issued under the authority of a licensing board may compel the attendance of witnesses and the production of professional records, books, papers, correspondence and other records, whether or not privileged or confidential under law, which are deemed necessary as evidence in connection with a disciplinary proceeding.

Nothing in this subsection shall be deemed to enable a licensing board to compel an attorney of the licensee, or stenographer or confidential clerk of the attorney, to disclose any information when privileged against disclosure by section 622.10. In the event of a refusal to obey a subpoena, the licensing board may petition the district court for its enforcement. Upon proper showing, the district court shall order the person to obey the subpoena, and if the person fails to obey the order of the court the person may be found guilty of contempt of court. The presiding officer of a hearing panel may also administer oaths and affirmations, take or order that depositions be taken, and pursuant to rules of the board, grant immunity to a witness from disciplinary proceedings initiated either by the board or by other state agencies which might otherwise result from the testimony to be given by the witness to the panel.

4. In order to assure a free flow of information for accomplishing the purposes of this section, and notwithstanding section 622.10, all complaint files, investigation files, other investigation reports, and other investigative information in the possession of a licensing board or peer review committee acting under the authority of a licensing board or its employees or agents which relates to licensee discipline are privileged and confidential, and are not subject to discovery, subpoena, or other means of legal compulsion for their release to a person other than the licensee and the boards, their employees and agents involved in licensee discipline, and are not admissible in evidence in a judicial or administrative proceeding other than the proceeding involving licensee discipline. However, investigative information in the possession of a licensing board or its employees or agents which relates to licensee discipline may be disclosed to appropriate licensing authorities within this state, the appropriate licensing authority in another state, the coordinated licensure information system provided for in the nurse licensure compact contained in section 152E.1 or the advanced practice registered nurse compact contained in section 152E.3, the District of Columbia, or a territory or country in which the licensee is licensed or has applied for a license. If the investigative information in the possession of a licensing board or its employees or agents indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. However, a final written decision and finding of fact of a licensing board in a disciplinary proceeding, including a decision referred to in section 272C.3, subsection 4, is a public record.

Pursuant to the provisions of section 17A.19, subsection 6, a licensing board upon an appeal by the licensee of the decision by the licensing board, shall transmit the entire record of the contested case to the reviewing court.

Notwithstanding the provisions of section 17A.19, subsection 6, if a waiver of privilege has
been involuntary and evidence has been received at a disciplinary hearing, the court shall order witheld the identity of the individual whose privilege was waived.

5. Licensee discipline shall not be imposed except upon the affirmative vote of a majority of the licensing board.

6. A board created pursuant to chapter 147, 154A, 155, 169, 542, 542B, 543B, 543D, 544A, or 544B may charge a fee not to exceed seventy-five dollars for conducting a disciplinary hearing pursuant to this chapter which results in disciplinary action taken against the licensee by the board, and in addition to the fee, may recover from a licensee the costs for the following procedures and associated personnel:
   a. Transcript.
   b. Witness fees and expenses.
   c. Depositions.
   d. Medical examination fees incurred relating to a person licensed under chapter 147, 154A, 155, or 169.

The department of agriculture and land stewardship, the department of commerce, and the Iowa department of public health shall each adopt rules pursuant to chapter 17A which provide for the allocation of fees and costs collected pursuant to this section to the board under its jurisdiction collecting the fees and costs. The fees and costs shall be considered repayment receipts as defined in section 8.2.

A person shall not be civilly liable as a result of filing a report or complaint with a licensing board or peer review committee, or for the disclosure to a licensing board or its agents or employees, whether or not pursuant to a subpoena of records, documents, testimony or other forms of information which constitute privileged matter concerning a recipient of health care services or some other person, in connection with proceedings of a peer review committee, or in connection with duties of a health care board. DISSOLUTION OF DISTRICTS

275.51 Dissolution commission.
275.52 Meetings.
275.53 Dissolution proposal.
275.1 Declaration of policy — surveys — definitions.
It is the policy of the state to encourage economical and efficient school districts which will ensure an equal educational opportunity to all children of the state. All areas of the state shall be in school districts maintaining kindergarten and twelve grades. If a school district ceases to maintain kindergarten and twelve grades except as otherwise provided in section 28E.9, 256.13, 280.15, 282.7, subsection 1 or subsections 1 and 3, or section 282.8, it shall reorganize within six months or the state board shall attach the school district not maintaining kindergarten and twelve grades to one or more adjacent districts. Voluntary reorganizations under this chapter shall be commenced only if the affected school districts are contiguous or marginally adjacent to one another. A reorganized district shall meet the requirements of section 275.3.

If a district is attached, division of assets and liabilities shall be made as provided in sections 275.29 to 275.31. The area education agency boards shall develop detailed studies and surveys of the school districts within the area education agency and all adjacent territory for the purpose of providing for reorganization of school districts in order to effect more economical operation and the attainment of higher standards of education in the schools. The plans shall be revised periodically to reflect reorganizations which may have taken place in the area education agency and adjacent territory.

As used in this chapter unless the context otherwise requires:
2. “Initial board” means the board of a newly reorganized district that is selected pursuant to section 275.25 or 275.41 and functions until the organizational meeting following the third regular school election held after the effective date of the school reorganization, and is comprised of members who were elected to the current terms or were appointed to replace members who were elected.
3. “Marginally adjacent district” or “marginally adjacent territory” means a district or territory which is separated from a second district or territory by property which is part of a third school district which completely surrounds one of the two districts.
4. “Registered voter” means registered voter as defined in section 39.3, subsection 11.
5. “Regular board” means the board of a reorganized district that begins to function at the organizational meeting following the third regular school election held after the effective date of the school reorganization, and is comprised of members who were elected to the current terms or were appointed to replace members who were elected.
6. “School districts affected” means the school districts named in the reorganization petition whether a school district is affected in whole or in part.

275.2 Scope of surveys.
The scope of the studies and surveys shall include the following matters in the various districts in the area education agency and all districts adjacent to the area education agency: the adequacy of the educational program, pupil enrollment, property valuations, existing buildings and equipment, natural community areas, road conditions, transportation, economic factors, individual attention given to the needs of students, the opportunity of students to participate in a wide variety of activities related to the total development of the student, and other matters that may bear on educational programs meeting minimum standards required by law. The plans shall also include suggested alternate plans that incorporate the school districts in the area education agency into reorganized districts that meet the enrollment standards specified in section 275.3 and may include alternate plans proposed by school districts for sharing programs under section 28E.9, 256.13, 280.15, 282.7, or 282.10 as an alternative to school reorganization.

275.3 Minimum size.
No new school district shall be planned by an area education agency board nor shall any proposal for creation or enlargement of any school district be approved by an area education agency board or submitted to electors unless there reside within the proposed limits of such district at least
three hundred persons of school age who were enrolled in public schools in the preceding school year. Provided, however, that the director of the department of education shall have authority to grant permission to an area education agency board to approve the formation or enlargement of a school district containing a lower school enrollment than required in this section on the written request of such area education agency board if such request is accompanied by evidence tending to show that sparsity of population, natural barriers or other good reason makes it impracticable to meet the school enrollment requirement.

§275.4 Studies, surveys, and plans.
In developing studies and surveys the area education agency board shall consult with the officials of school districts in the area and other citizens, and shall from time to time hold public hearings, and may employ such research and other assistance as it may determine reasonably necessary in order to properly carry on its survey and prepare definite plans of reorganization.

In addition, the area education agency board shall consult with the director of the department of education in the development of surveys and plans. The director of the department of education shall provide assistance to the area education agency boards as requested and shall advise the area education agency boards concerning plans of contiguous area education agencies and the reorganization policies adopted by the state board of education.

Completed plans shall be transmitted by the area education agency board to the director of the department of education. The area education agency board shall include in the budget submitted each year such sums as it deems necessary to carry on its reorganization work under this chapter.

§275.5 Proposals for merger or consolidation.
A proposal for merger, consolidation, or boundary change of local school districts shall first be submitted to the area education agency board following the procedure prescribed in this chapter. Following receipt of a petition pursuant to section 275.12, the area education agency board shall review its plans and determine whether the petition complies with the plans which had been adopted by the board. If the petition does not comply with the plans which had been adopted by the board, the board shall conduct further surveys pursuant to section 275.4 prior to the date set for the hearing upon the petition. If further surveys have been conducted by the board, the board shall present the results of the further surveys at the hearing upon the petition.

§275.6 Progressive program.
It is the intent of this chapter that the area education agency board shall carry on the program of reorganization progressively and shall, insofar as is possible, authorize submission of proposals to the electors as they are developed and approved.

§275.7 Budget.
The area education agency board shall include in the budget submitted each year such sums as it deems necessary to carry on its reorganization work under this chapter.

§275.8 Cooperation of department of education — planning joint districts.
Planning of joint districts shall be conducted in the same manner as planning for single districts, except as provided in this section. Studies and surveys relating to the planning of joint districts shall be filed with the area education agency in which one of the districts is located which has the greatest taxable property base. In the case of controversy over the planning of joint districts, the matter shall be submitted to the director of the department of education. Judicial review of the director's decision may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of that Act, petitions for judicial review must be filed within thirty days after the decision of the director. “Joint districts” means districts that lie in two or more adjacent area education agencies.

For purposes of this chapter the planning of joint districts is defined to include all of the following acts:

1. Preparation of a written joint plan in which contiguous territory in two or more area education agencies is considered as a part of a potential school district in the area education agency on behalf of which such plan is filed with the department of education by the area education agency board.

2. Adoption of the written joint plan at a joint session of the several area education agency boards in whose areas the territory is situated.
quorum of each of the boards is necessary to trans-
act business. Votes shall be taken in the manner
prescribed in section 275.16.

3. Filing said plan with the department of edu-
cation.

For purposes of subsection 1 hereof, joint plan-
ning shall be evidenced by filing the following items with the department of education:

district.

b. A statement of the number of pupils resid-
ing within the area of said potential district en-

plans hereinabove provided for, such enlarge-
ment, reorganization, or boundary change shall be
accomplished by the method hereinafter provided.
The provisions of sections 275.1 to 275.5, relat-

275.12 Petition — method of election.

1. A petition describing the boundaries, or ac-
curately describing the area included therein by
legal descriptions, of the proposed district, which
boundaries or area described shall conform to
plans developed or the petition shall request
change of the plan, shall be filed with the area edu-

agency in which the greatest number of registered
voters reside. However, the area education agency
administrator shall not accept a petition if any of
the school districts affected have approved the is-

pursuant to section 296.6 during the preceding
six-month period. The petition shall be signed by
eligible electors residing in each existing school
district or portion affected equal in number to at
least twenty percent of the number of registered
voters in the school district or portion affected, or
four hundred eligible electors, whichever is the
smaller number.

2. The petition filed under subsection 1 shall
also state the name of the proposed school district
and the number of directors which may be either
five or seven and the method of election of the
school directors of the proposed district. The
method of election of the directors shall be one of
the following optional plans:

a. Election at large from the entire district by
the electors of the entire district.

b. Division of the entire school district into
designated geographical single director or multi-
director subdistricts on the basis of population for
each director, to be known as director districts,
each of which shall be represented on the school
board by one or more directors who shall be resi-
dents of the director district but who shall be elect-
ed by the vote of the electors of the entire school
district. The boundaries of the director districts
and the area and population included within each
district shall be such as justice, equity, and the in-
terests of the people may require. Changes in the
boundaries of director districts shall not be made
during a period commencing sixty days prior to the
date of the regular school election. As far as practi-
cable, the boundaries of the districts shall follow
established political or natural geographical divi-
sions.

c. Election of not more than one-half of the to-
tal number of school directors at large from the en-
tire district and the remaining directors from and
as residents of designated single-member or mul-
timember director districts into which the entire
school district shall be divided on the basis of pop-
ulation for each director. In such case, all directors
shall be elected by the electors of the entire school
district. Changes in the boundaries of director dis-
tricts shall not be made during a period commencing
sixty days prior to the date of the regular school election.
d. Division of the entire school district into designated geographical single director or multi-director subdistricts on the basis of population for each director, to be known as director districts, each of which shall be represented on the school board by one or more directors who shall be residents of the director district and who shall be elected by the voters of the director district. Place of voting in the director districts shall be designated by the commissioner of elections. Changes in the boundaries of director districts shall not be made during a period commencing sixty days prior to the date of the regular school election.

c. In districts having seven directors, election of three directors at large by the electors of the entire district, no more than two at each regular school election, and election of the remaining directors as residents of and by the electors of individual geographic subdistricts established on the basis of population and identified as director districts, no more than two at each regular school election. Boundaries of the subdistricts shall follow precinct boundaries, as far as practicable, and shall not be changed less than sixty days prior to the regular school election.

3. If the petition proposes the division of the school district into director districts, the boundaries of the proposed director districts shall not be drawn until the question is approved by the voters. If the question is approved by the voters, the directors of the new school district shall draw the boundaries of the director districts according to the standards described in section 275.23A, subsection 1. Following adoption by the school board, the plan shall be submitted to the state commissioner of elections for approval.

4. The area education agency board in reviewing the petition as provided in sections 275.15 and 275.16 shall review the proposed method of election of school directors and may change or amend the plan in any manner, including to specify a different method of electing school directors as may be required by law, justice, equity, and the interest of the people. In the action, the area education agency board shall follow the same procedure as is required by sections 275.15 and 275.16 for other action on the petition by the area education agency board.

5. The petition may also include a provision that the voter-approved physical plant and equipment levy provided in section 298.2 shall be voted upon at the election conducted under section 275.18.
