GENERAL ASSEMBLY OF IOWA

2011
PREFACE TO 2011 IOWA CODE SUPPLEMENT

This 2011 Iowa Code Supplement is published pursuant to Code chapter 2B. The Supplement includes sections of the laws of Iowa enacted, amended, repealed, or otherwise affected by the 2011 regular session of the Eighty-fourth Iowa General Assembly or by an earlier session if the effective date was deferred, arranged in the numerical sequence of the 2011 Iowa Code. The Supplement does not include temporary sections, such as appropriation sections, which are not to be codified.

EFFECTIVE DATES. Except as otherwise indicated in the text or in a footnote, the new Code sections, amendments, and repeals were effective on or before July 1, 2011. See the 2011 Iowa Acts to determine specific effective dates not shown.

HISTORIES AND NOTES. Bracketed material at the end of many Code sections traces the history of the subject matter of those sections up through 1982. An amendment to or enactment of a section which occurred during or after the 1983 Legislative Session is indicated by the addition of an Acts citation at the end of the section. If a section is transferred to a new location, the section history at the new location will indicate the Code or Code Supplement in which the transfer took place. Following the history for a new or amended Code section is an explanatory note to indicate whether the section or a part of it is new or how it was changed.

EDITORIAL DECISIONS. If multiple amendments were enacted to a Code section or part of a Code section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required under sections 2B.13 and 4.11 of the Code. If multiple amendments conflicted, a strike or repeal prevailed over an amendment to the same material. If multiple amendments were irreconcilable, the amendment that was last in the Act or latest in date of enactment was codified as provided in sections 2B.13 and 4.8 of the Code. At the end of this Supplement are Code editor’s notes which explain the major editorial decisions made when multiple amendments were codified. Section 2B.13 of the Code governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of editorial changes.

INDEX AND TABLES. A subject matter index to new or amended Code sections, a table of the disposition of this year’s Acts and any previous years’ Acts codified in this Supplement, a table of corresponding sections from the 2011 Code to this Code Supplement, and conversion tables of 2011 Senate and House enactment numbers to Acts chapter numbers also appear at the end of this Supplement.

RETENTION OF CODE SUPPLEMENT VOLUMES. Users who maintain libraries of hardbound Codes of Iowa should also retain the Iowa Code Supplement volumes, as the Code Supplements contain Code editor’s notes, footnotes, and other aids which may not be included in the hardbound Code. The Supplement also serves as the only printed record of the original codification of statutes effective in an odd-numbered year if those statutes are amended or repealed in the next even-numbered year.

Provisions of this section shall only apply to energy conservation measures identified in the comprehensive engineering analysis.

At each meeting, the conference shall agree to estimates for the current fiscal year and the following fiscal year for the general fund of the state, lottery revenues to be available for disbursement, and from gambling revenues and from interest earned on the cash reserve fund and the economic emergency fund to be deposited in the rebuild Iowa infrastructure fund. Only an estimate for the following fiscal year agreed to by the conference pursuant to subsection 3, 4, or 5, shall be used for purposes of calculating the state general fund expenditure limitation under section 8.54, and any other estimate agreed to shall be considered a preliminary estimate that shall not be used for purposes of calculating the state general fund expenditure limitation.

3. By December 15 of each fiscal year the conference shall agree to a revenue estimate for the fiscal year beginning the following July 1. That estimate shall be used by the governor in the preparation of the budget message under section 8.22 and by the general assembly in the budget process. If the conference agrees to a different estimate at a later meeting which projects a greater amount of revenue than the initial estimate amount agreed to by December 15, the governor and the general assembly shall continue to use the initial estimate amount in the budget process for that fiscal year. However, if the conference agrees to a different estimate at a later meeting which projects a lesser amount of revenue than the initial estimate amount, the governor and the general assembly shall use the lesser amount in the budget process for that fiscal year. As used in this subsection, “later meeting” means only those later meetings which are held prior to the conclusion of the regular session of the general assembly and, if the general assembly holds an extraordinary session prior to the commencement of the fiscal year to which the estimate applies, those later meetings which are held before or during the extraordinary session.

4. At the meeting in which the conference agrees to the revenue estimate for the following fiscal year in accordance with the provisions of subsection 3, the conference shall agree to an estimate for tax refunds payable from that estimated revenue. The estimates required by this subsection shall be used in determining the adjusted revenue estimate under section 8.54.

5. At the meeting in which the conference agrees to the revenue estimate for the succeeding fiscal year in accordance with the provisions of subsection 3, the conference shall also agree to the following estimates which shall be used by the governor in preparation of

c. The amount of accruals of those revenues collected by or due from entities other than the state on or before June 30 of the fiscal year but not remitted to the state until after June 30.

d. The amount of accrued lottery revenues collected on or before June 30 of the fiscal year but not transferred to the general fund of the state until after June 30.

Subsection 2 amended

The department or establishment shall submit the requisition by June 1, prior to the start of a fiscal year or by another date identified by the director. The requisition shall contain details of proposed expenditures as may be required by the director subject to review by the governor.

b. The director of the department of management shall approve the allotments subject to review by the governor, unless it is found that the estimated budget resources during the fiscal year are insufficient to pay all appropriations in full, in which event such allotments may be modified to the extent the governor may deem necessary in order that there shall be no overdraft or deficit in the several funds of the state at the end of the fiscal year, and the director shall submit copies of the allotments thus approved or modified to the head of the department or establishment concerned, who shall set up such allotments on the books and be governed accordingly in the control of expenditures.

2. Allotments made in accordance with subsection 1 may be subsequently modified by the director of the department of management at the direction of the governor either upon the written request of the head of the department or establishment concerned, or in the event the governor finds that the estimated budget resources during the fiscal year are insufficient to pay all appropriations in full, upon the governor’s own initiative to the extent the governor may deem necessary in order that there shall be no overdraft or deficit in the several funds of the state at the end of the fiscal year; and the head of the department or establishment shall be given notice of a modification in the same way as in the case of original allotments.

3. The allotment requests of all departments and establishments collecting governmental fees and other revenue which supplement a state appropriation shall attach to the summary of requests a statement showing how much of the proposed allotments are to be financed from state appropriations, stores, and repayment receipts.

4. The procedure to be employed in controlling the expenditures and receipts of the state fair board and the institutions under the state board of regents, whose collections are not deposited in the state treasury, is that outlined in section 8A.502, subsection 9.

5. If the governor determines that the estimated budget resources during the fiscal year are insufficient to pay all appropriations in full, the reductions shall be uniform and prorated between all departments, agencies, and establishments upon the basis of their respective appropriations.

6. Allotments from appropriations for the foreign trade offices of the economic development authority, if the appropriations are described by line item in the authority’s
appropriation Act or another Act, may be made as is necessary to take advantage of the most favorable foreign currency exchange rates.

§8.39 Use of appropriations — transfer.

1. Except as otherwise provided by law, an appropriation or any part of it shall not be used for any other purpose than that for which it was made. However, with the prior written consent and approval of the governor and the director of the department of management, the governing board or head of any state department, institution, or agency may, at any time during the fiscal year, make a whole or partial intradepartmental transfer of its unexpended appropriations for purposes within the scope of such department, institution, or agency. Such transfer shall be to an appropriation made from the same funding source and within the same fiscal year. The amount of a transfer made from an appropriation under this subsection shall be limited to not more than one-tenth of one percent of the total of all appropriations made from the funding source of the transferred appropriation for the fiscal year in which the transfer is made.

2. If the appropriation of a department, institution, or agency is insufficient to properly meet the legitimate expenses of the department, institution, or agency, the director, with the approval of the governor, may make an interdepartmental transfer from any other department, institution, or agency of the state having an appropriation in excess of its needs, of sufficient funds to meet that deficiency. Such transfer shall be to an appropriation made from the same funding source and within the same fiscal year. The amount of a transfer made from an appropriation under this subsection shall be limited to not more than one-tenth of one percent of the total of all appropriations made from the funding source of the transferred appropriation for the fiscal year in which the transfer is made. An interdepartmental transfer to an appropriation which is not an entitlement appropriation is not authorized when the general assembly is in regular session and, in addition, the sum of interdepartmental transfers in a fiscal year to an appropriation which is not an entitlement appropriation shall not exceed fifty percent of the amount of the appropriation as enacted by the general assembly. For the purposes of this subsection, an entitlement appropriation is a line item appropriation to the state public defender for indigent defense or to the department of human services for foster care, state supplementary assistance, or medical assistance, or for the family investment program.

3. The aggregate amount of intradepartmental and interdepartmental transfers made from all appropriations for a fiscal year pursuant to this section is limited to not more than five-tenths of one percent of the total amount of the appropriations made from the general fund of the state for the fiscal year. The aggregate amount of the intradepartmental and interdepartmental transfers made from an appropriation for a fiscal year is limited to fifty percent of the appropriation.

4. Prior to any transfer of funds pursuant to subsection 1 or 2 of this section or a transfer of an allocation from a subunit of a department which statutorily has independent budgeting authority, the director shall notify the chairpersons of the standing committees on budget of the senate and the house of representatives and the chairpersons of subcommittees of such committees of the proposed transfer. The notice from the director shall include information concerning the amount of the proposed transfer, the departments, institutions or agencies affected by the proposed transfer and the reasons for the proposed transfer. Chairpersons notified shall be given at least two weeks to review and comment on the proposed transfer before the transfer of funds is made.

5. Any transfer made under the provisions of this section shall be reported to the legislative fiscal committee on a monthly basis. The report shall cover each calendar month and shall be due the tenth day of the following month. The report shall contain the following: The amount of each transfer; the date of each transfer; the departments and funds affected;
8.51 Political subdivisions — fiscal year — unexpended funds.

1. The fiscal year of cities, counties, and other political subdivisions of the state shall begin July 1 and end the following June 30. For the purpose of this section, the term political subdivision includes school districts.

2. Each department that provides state funding to a political subdivision of the state shall annually review the statutory and regulatory requirements applicable to the political subdivision's receipt of the funding. The purpose of the review is to identify any barrier in statute or departmental rule or policy that would prevent recovery of any such state funding provided to a political subdivision that remains unencumbered or unobligated and the political subdivision no longer complies with requirements to receive the state funding. If an identified barrier exists in state law, the department shall propose legislation to the governor and general assembly to remove the barrier. If an identified barrier is in departmental rule or policy, the department shall amend the rule or policy to remove the barrier.

8.54 General fund expenditure limitation.

1. For the purposes of section 8.22A, this section, and sections 8.55 through 8.57:
   a. “Adjusted revenue estimate” means the appropriate revenue estimate for the general fund for the following fiscal year as determined by the revenue estimating conference under section 8.22A, subsection 3, adjusted by subtracting estimated tax refunds payable from that estimated revenue and as determined by the conference, adding any new revenues which may be considered to be eligible for deposit in the general fund.
   b. “New revenues” means moneys which are received by the state due to increased tax rates and fees or newly created taxes and fees over and above those moneys which are received due to state taxes and fees which are in effect as of January 1 following the December state revenue estimating conference. “New revenues” also includes moneys received by the general fund of the state due to new transfers over and above those moneys received by the general fund of the state due to transfers which are in effect as of January 1 following the December state revenue estimating conference. The department of management shall obtain concurrence from the revenue estimating conference on the eligibility of transfers to the general fund of the state which are to be considered as new revenue in determining the state general fund expenditure limitation.

2. There is created a state general fund expenditure limitation for each fiscal year calculated as provided in this section. An expenditure limitation shall be used for the portion of the budget process commencing on the date the revenue estimating conference agrees to a revenue estimate for the following fiscal year in accordance with section 8.22A, subsection 3, and ending with the governor’s final approval or disapproval of the appropriations bills applicable to that fiscal year that were passed prior to July 1 of that fiscal year in a regular or extraordinary legislative session.

3. Except as otherwise provided in this section, the state general fund expenditure limitation for a fiscal year shall be ninety-nine percent of the adjusted revenue estimate.

4. The state general fund expenditure limitation amount provided for in this section shall be used by the governor in the preparation of the budget under section 8.22 and approval of the budget and by the general assembly in the budget process. If a source for new revenues is proposed, the budget revenue projection used for that new revenue source for
the period beginning on the effective date of the new revenue source and ending in the fiscal year in which the source is included in the revenue base shall be an amount determined by subtracting estimated tax refunds payable from the projected revenue from that new revenue source, multiplied by ninety-five percent. If a new revenue source is established and implemented, the original state general fund expenditure limitation amount provided for in subsection 3 shall be readjusted to include ninety-five percent of the estimated revenue from the new revenue source.

5. For fiscal years in which it is anticipated that the distribution of moneys from the Iowa economic emergency fund in accordance with section 8.55, subsection 2, will result in moneys being transferred to the general fund, the original state general fund expenditure limitation amount provided for in subsection 3 shall be readjusted to include the amount of moneys anticipated to be so transferred.

6. The scope of the expenditure limitation under subsection 3 shall not encompass federal funds, donations, constitutionally dedicated moneys, and moneys in expenditures from state retirement system moneys.

7. The governor shall transmit to the general assembly, in accordance with section 8.21, a budget which does not exceed the state general fund expenditure limitation. The general assembly shall pass a budget which does not exceed the state general fund expenditure limitation. The governor shall not transmit a budget with recommended appropriations in excess of the state general fund expenditure limitation and the general assembly shall not pass a budget with appropriations in excess of the state general fund expenditure limitation. The governor shall not approve or disapprove appropriation bills or items of appropriation bills passed by the general assembly in a manner that would cause the final budget approved by the governor to exceed the state general fund expenditure limitation. In complying with the requirements of this subsection, the governor and the general assembly shall not rely on any anticipated reversion of appropriations in order to meet the state general fund expenditure limitation.

2011 amendment to subsection 5 applies to moneys attributed to fiscal years beginning on or after July 1, 2011; 2011 Acts, ch 123, §32 Subsection 5 amended

ECONOMIC EMERGENCY FUND,
CASH RESERVE FUND,
REBUILD IOWA INFRASTRUCTURE FUND,
ENVIRONMENT FIRST FUND,
VERTICAL INFRASTRUCTURE FUND,
TECHNOLOGY REINVESTMENT FUND, AND
TAXPAYERS TRUST FUND

8.55 Iowa economic emergency fund.

1. The Iowa economic emergency fund is created. The fund shall be separate from the general fund of the state and the balance in the fund shall not be considered part of the balance of the general fund of the state. The moneys credited to the fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section.

2. a. The maximum balance of the fund is the amount equal to two and one-half percent of the adjusted revenue estimate for the fiscal year. If the amount of moneys in the Iowa economic emergency fund is equal to the maximum balance, moneys in excess of this amount shall be distributed as follows:

(1) The first sixty million dollars of the difference between the actual net revenue for the general fund of the state for the fiscal year and the adjusted revenue estimate for the fiscal year shall be transferred to the taxpayers trust fund.

(2) The remainder of the excess, if any, shall be transferred to the general fund of the state.
b. Notwithstanding paragraph “a”, any moneys in excess of the maximum balance in the economic emergency fund after the distribution of the surplus in the general fund of the state at the conclusion of each fiscal year shall not be distributed as provided in paragraph “a” but shall be transferred to the senior living trust fund. The total amount appropriated, reverted, or transferred, in the aggregate, under this paragraph, section 8.57, subsection 2, and any other law providing for an appropriation or reversion or transfer of an appropriation to the credit of the senior living trust fund, for all fiscal years beginning on or after July 1, 2004, shall not exceed the amount specified in section 8.57, subsection 2, paragraph “c”.

3. a. Except as provided in paragraphs “b”, “c”, and “d”, the moneys in the Iowa economic emergency fund shall only be used pursuant to an appropriation made by the general assembly. An appropriation shall only be made for the fiscal year in which the appropriation is made. The moneys shall only be appropriated by the general assembly for emergency expenditures.

b. Moneys in the fund may be used for cash flow purposes during a fiscal year provided that any moneys so allocated are returned to the fund by the end of that fiscal year.

c. There is appropriated from the Iowa economic emergency fund to the general fund of the state for the fiscal year in which moneys in the fund were used for cash flow purposes, for the purposes of reducing or preventing any overdraft on or deficit in the general fund of the state, the amount from the Iowa economic emergency fund that was used for cash flow purposes pursuant to paragraph “b” and that was not returned to the Iowa economic emergency fund by June 30 of the fiscal year. The appropriation in this paragraph shall not exceed fifty million dollars and is contingent upon all of the following having occurred:

1. The revenue estimating conference estimate of general fund receipts made during the last quarter of the fiscal year was or the actual fiscal year receipts and accruals were at least one-half of one percent less than the comparable estimate made during the third quarter of the fiscal year.

2. The governor has implemented the uniform reductions in appropriations required in section 8.31 as a result of subparagraph (1) and such reduction was insufficient to prevent an overdraft on or deficit in the general fund of the state or the governor did not implement uniform reductions in appropriations because of the lateness of the estimated or actual receipts and accruals under subparagraph (1).

3. The balance of the general fund of the state at the end of the fiscal year prior to the appropriation made in this paragraph was negative.

4. The governor has issued an official proclamation and has notified the co-chairpersons of the fiscal committee of the legislative council and the legislative services agency that the contingencies in subparagraphs (1) through (3) have occurred and the reasons why the uniform reductions specified in subparagraph (2) were insufficient or were not implemented to prevent an overdraft on or deficit in the general fund of the state.

d. There is appropriated from the Iowa economic emergency fund to the executive council an amount sufficient to pay the expenses authorized by the executive council, as addressed in section 7D.29.

e. If an appropriation is made pursuant to paragraph “c” for a fiscal year, there is appropriated from the general fund of the state to the Iowa economic emergency fund for the following fiscal year, the amount of the appropriation made pursuant to paragraph “c”.

f. Except as provided in section 8.58, the Iowa economic emergency fund shall be considered a special account for the purposes of section 8.53 in determining the cash position of the general fund of the state for the payment of state obligations.

4. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the Iowa economic emergency fund shall be credited to the rebuild Iowa infrastructure fund.

For future repeal of subsection 2, paragraph b, see §8.57, subsection 2, paragraph d
8.57 Annual appropriations — reduction of GAAP deficit — rebuild Iowa infrastructure fund.

1. a. The “cash reserve goal percentage” for fiscal years beginning on or after July 1, 2004, is seven and one-half percent of the adjusted revenue estimate. For each fiscal year in which the appropriation of the surplus existing in the general fund of the state at the conclusion of the prior fiscal year pursuant to paragraph “b” was not sufficient for the cash reserve fund to reach the cash reserve goal percentage for the current fiscal year, there is appropriated from the general fund of the state an amount to be determined as follows:

   (1) If the balance of the cash reserve fund in the current fiscal year is not more than six and one-half percent of the adjusted revenue estimate for the current fiscal year, the amount of the appropriation under this lettered paragraph is one percent of the adjusted revenue estimate for the current fiscal year.

   (2) If the balance of the cash reserve fund in the current fiscal year is more than six and one-half percent but less than seven and one-half percent of the adjusted revenue estimate for that fiscal year, the amount of the appropriation under this lettered paragraph is the amount necessary for the cash reserve fund to reach seven and one-half percent of the adjusted revenue estimate for the current fiscal year.

   (3) The moneys appropriated under this lettered paragraph shall be credited in equal and proportionate amounts in each quarter of the current fiscal year.

   b. The surplus existing in the general fund of the state at the conclusion of the fiscal year is appropriated for distribution in the succeeding fiscal year as provided in subsections 3 and 4. Moneys credited to the cash reserve fund from the appropriation made in this paragraph shall not exceed the amount necessary for the cash reserve fund to reach the cash reserve goal percentage for the succeeding fiscal year. As used in this paragraph, “surplus” means the excess of revenues and other financing sources over expenditures and other financing uses for the general fund of the state in a fiscal year.

   c. The amount appropriated in this section is not subject to the provisions of section 8.31, relating to requisitions and allotment, or to section 8.32, relating to conditional availability of appropriations.

2. a. There is appropriated from the surplus existing in the general fund of the state at the conclusion of the fiscal year beginning July 1, 2005, and ending June 30, 2006, and at the conclusion of each succeeding fiscal year for distribution to the senior living trust fund, an amount equal to one percent of the adjusted revenue estimate for the current fiscal year. However, if the amount of the surplus existing in the general fund of the state at the conclusion of a fiscal year is less than two percent of the adjusted revenue estimate for that fiscal year, the amount of the appropriation made in this paragraph shall be equal to fifty percent of the surplus amount. The appropriation made in this paragraph shall be distributed to the senior living trust fund in the succeeding fiscal year. For the purposes of this subsection, “surplus” means the same as defined in subsection 1, paragraph “b”.

   b. The appropriation made in paragraph “a” shall be made before the appropriations are made pursuant to subsections 1, 3, and 4, of the surplus existing in the general fund of the state at the conclusion of the fiscal year beginning July 1, 2005, and ending June 30, 2006, and each succeeding fiscal year.

   c. The appropriation made in paragraph “a” shall continue until the aggregate amount of the appropriations made, reverted, or transferred to the senior living trust fund for all fiscal years beginning on or after July 1, 2004, pursuant to paragraph “a” of this subsection, section 8.55, subsection 2, paragraph “b”, and any other law providing for an appropriation or reversion or transfer of an appropriation to the senior living trust fund is equal to three hundred million dollars.

   d. This subsection and section 8.55, subsection 2, paragraph “b”, are repealed when the aggregate amount specified in paragraph “c” has been distributed, appropriated, reverted, or transferred to the senior living trust fund. The director of the department
of management shall notify the Iowa Code editor when the aggregate amount has been
distributed, appropriated, reverted, or transferred.

3. Moneys appropriated under subsection 1 shall be first credited to the cash reserve
fund. To the extent that moneys appropriated under subsection 1 would make the moneys
in the cash reserve fund exceed the cash reserve goal percentage of the adjusted revenue
estimate for the fiscal year, the moneys are appropriated to the department of management
to be spent for the purpose of eliminating Iowa's GAAP deficit, including the payment of
items budgeted in a subsequent fiscal year which under generally accepted accounting
principles should be budgeted in the current fiscal year. These moneys shall be deposited
into a GAAP deficit reduction account established within the department of management.
The department of management shall annually file with both houses of the general assembly
at the time of the submission of the governor's budget, a schedule of the items for which
moneys appropriated under this subsection for the purpose of eliminating Iowa's GAAP
deficit, including the payment of items budgeted in a subsequent fiscal year which under
generally accepted accounting principles should be budgeted in the current fiscal year, shall
be spent. The schedule shall indicate the fiscal year in which the spending for an item
is to take place and shall incorporate the items detailed in 1994 Iowa Acts, chapter 1181,
section 17. The schedule shall list each item of expenditure and the estimated dollar amount
of moneys to be spent on that item for the fiscal year. The department of management
may submit during a regular legislative session an amended schedule for legislative
consideration. If moneys appropriated under this subsection are not enough to pay for all
listed expenditures, the department of management shall distribute the payments among
the listed expenditure items. Moneys appropriated to the department of management under
this subsection shall not be spent on items other than those included in the filed schedule.
On September 1 following the close of a fiscal year, moneys in the GAAP deficit reduction
account which remain unexpended for items on the filed schedule for the previous fiscal
year shall be credited to the Iowa economic emergency fund.

4. To the extent that moneys appropriated under subsection 1 exceed the amounts
necessary for the cash reserve fund to reach its maximum balance and the amounts
necessary to eliminate Iowa's GAAP deficit, including elimination of the making of any
appropriation in an incorrect fiscal year, the moneys shall be appropriated to the Iowa
economic emergency fund.

5. As used in this section, “GAAP” means generally accepted accounting principles as
established by the governmental accounting standards board.

6. a. A rebuild Iowa infrastructure fund is created under the authority of the department
of management. The fund shall consist of appropriations made to the fund and transfers
of interest, earnings, and moneys from other funds as provided by law. The fund shall be
separate from the general fund of the state and the balance in the fund shall not be considered
part of the balance of the general fund of the state. However, the fund shall be considered
a special account for the purposes of section 8.53, relating to generally accepted accounting
principles.

b. Moneys in the infrastructure fund are not subject to section 8.33. Notwithstanding
section 12C.7, subsection 2, interest or earnings on moneys in the infrastructure fund shall
be credited to the infrastructure fund. Moneys in the infrastructure fund may be used for
cash flow purposes during a fiscal year provided that any moneys so allocated are returned
to the infrastructure fund by the end of that fiscal year.

c. Moneys in the fund in a fiscal year shall be used as directed by the general assembly
for public vertical infrastructure projects. For the purposes of this subsection, “vertical
infrastructure” includes only land acquisition and construction; major renovation and major
repair of buildings; all appurtenant structures; utilities; site development; recreational trails;

3. The department shall develop policies and procedures that apply to all information technology goods and services acquisitions, and shall ensure the compliance of all participating agencies. The department shall also be the sole provider of infrastructure services for participating agencies.
4. The department, by rule, may implement a prequalification procedure for contractors
with which the department has entered or intends to enter into agreements regarding the procurement of information technology.

5. Notwithstanding the provisions governing purchasing as provided in subchapter III, the department may procure information technology as provided in this section. The department may cooperate with other governmental entities in the procurement of information technology in an effort to make such procurements in a cost-effective, efficient manner as provided in this section. The department, as deemed appropriate and cost-effective, may procure information technology using any of the following methods:
   a. **Cooperative procurement agreement.** The department may enter into a cooperative procurement agreement with another governmental entity relating to the procurement of information technology, whether such information technology is for the use of the department or other governmental entities. The cooperative procurement agreement shall clearly specify the purpose of the agreement and the method by which such purpose will be accomplished. Any power exercised under such agreement shall not exceed the power granted to any party to the agreement.
   b. **Negotiated contract.** The department may enter into an agreement for the purchase of information technology if any of the following applies:
      (1) The contract price, terms, and conditions are pursuant to the current federal supply contract, and the purchase order adequately identifies the federal supply contract under which the procurement is to be made.
      (2) The contract price, terms, and conditions are no less favorable than the contractor’s current federal supply contract price, terms, and conditions; the contractor has indicated in writing a willingness to extend such price, terms, and conditions to the department; and the purchase order adequately identifies the contract relied upon.
      (3) The contract is with a vendor which has a current exclusive or nonexclusive price agreement with the state for the information technology to be procured, and such information technology meets the same standards and specifications as the items to be procured and both of the following apply:
         (a) The quantity purchased does not exceed the quantity which may be purchased under the applicable price agreement.

SUBCHAPTER III
PHYSICAL RESOURCES

PART 1
GENERAL PROVISIONS

8A.302 Departmental duties — physical resources.
The duties of the department as it relates to the physical resources of state government shall include but not necessarily be limited to the following:
1. Providing a system of uniform standards and specifications for purchasing. When the system is developed, all items of general use shall be purchased by state agencies through the department, except items provided for under section 904.808 or items used by the state board of regents and institutions under the control of the state board of regents. However, the department may authorize the department of transportation, the department for the blind, and any other agencies otherwise exempted by law from centralized purchasing, to directly purchase items used by those agencies without going through the department, if the department of administrative services determines such purchasing is in the best interests of the state. However, items of general use may be purchased through the department by any governmental entity.
2. Providing for the proper maintenance of the state laboratories facility in Ankeny and of the state capitol, grounds, and equipment, and all other state buildings, grounds, and equipment at the seat of government, except those referred to in section 216B.3, subsection 6.
3. Providing for mail services for all state officials, agencies, and departments located at the seat of government. However, postage shall not be furnished to the general assembly, its members, officers, employees, or committees.
4. Providing architectural services, contracting for construction and construction oversight for state agencies except for the state board of regents, state department of transportation, national guard, natural resource commission, and the Iowa public employees' retirement system. Capital funding appropriated to state agencies, except to the state board of regents, state department of transportation, national guard, natural resource commission, and the Iowa public employees' retirement system, for property management shall be transferred for administration to the director of the department of administrative services.

5. Developing and implementing procedures to conduct transactions, including purchasing, authorized by this subchapter in an electronic format to the extent determined appropriate by the department. The director shall adopt rules establishing criteria for competitive bidding procedures involving transactions in an electronic format, including criteria for accepting or rejecting bids which are electronically transmitted to the department, and for establishing with reasonable assurance the authenticity of the bid and the bidder's identity.

6. Providing insurance for motor vehicles owned by the state.

8A.311 Competitive bidding — preferences — reciprocal application — direct purchasing.

The director shall adopt rules establishing competitive bidding procedures.

1. a. All equipment, supplies, or services procured by the department shall be purchased by a competitive bidding procedure as established by rule. However, the director may exempt by rule purchases of noncompetitive items and purchases in lots or quantities too small to be effectively purchased by competitive bidding. Preference shall be given to purchasing Iowa products and purchases from Iowa-based businesses if the Iowa-based business bids submitted are comparable in price to bids submitted by out-of-state businesses and otherwise meet the required specifications. If the laws of another state mandate a percentage preference for businesses or products from that state and the effect of the preference is that bids of Iowa businesses or products that are otherwise low and responsive are not selected in the other state, the same percentage preference shall be applied to Iowa businesses and products when businesses or products from that other state are bid to supply Iowa requirements.

b. The department and each state agency shall provide notice in an electronic format available to the public of every competitive bidding opportunity offered by the department or the state agency as provided in section 73.2, subsection 2. The department may establish by rule requirements relating to such notice. A competitive bidding opportunity that is not preceded by a notice that satisfies the requirements of this paragraph is void and shall be rebid. A request for proposals for architectural or engineering services may be posted electronically by a department or state agency.

2. Notwithstanding section 72.3, if the competitive bidding procedure used by the department involves the use of a reverse auction or similar competitive bidding procedure requiring the disclosure of bid information submitted by vendors, the department shall disclose the bid information as necessary and appropriate.

3. The director may also exempt the purchase of an item or service from a competitive bidding procedure when the director determines that the best interests of the state will be served by the exemption which shall be based on one of the following:

a. An immediate or emergency need existing for the item or service.

b. A need to protect the health, safety, or welfare of persons occupying or visiting a public improvement or property located adjacent to the public improvement.
4. a. The director may contract for the purchase of items or services by the department. Contracts for the purchase of items or services shall be awarded on the basis of the lowest competent bid. Contracts not based on competitive bidding shall be awarded on the basis of bidder competence and reasonable price.

b. Architectural and engineering services shall be procured in a reasonable manner, as the director by rule may determine, on the basis of competence and qualification for the type of services required and for a fair and reasonable price.

5. The director may enter into a cooperative procurement agreement with another governmental entity relating to the procurement of goods or services, whether the goods or services are for the use of the department or other governmental entities. The cooperative procurement agreement shall clearly specify the purpose of the agreement and the method by which that purpose will be accomplished. Any power exercised under the agreement shall not exceed the power granted to any party to the agreement.

6. The director may refuse all bids on any item or service and request new bids.

7. The director shall establish by rule the amount of security, if any, to accompany a bid or as a condition precedent to the awarding of any contract and the circumstances under which a security will be returned to the bidder or forfeited to the state.

8. The director shall adopt rules providing a method for the various state agencies to file with the department a list of those supplies, equipment, machines, and all items needed to properly perform their governmental duties and functions.

9. The director shall furnish a list of specifications, prices, and discounts of contract items to any governmental subdivision which shall be responsible for payment to the vendor under the terms and conditions outlined in the state contract.

10. a. The director shall adopt rules providing that any state agency may, upon request and approval by the department, purchase directly from a vendor if the direct purchasing is more economical than purchasing through the department, if the agency shows that direct purchasing by the state agency would be in the best interests of the state due to an immediate or emergency need, or if the purchase will not exceed ten thousand dollars and the purchase would contribute to the agency complying with the targeted small business procurement goals under sections 73.15 through 73.21.

b. Any member of the executive council may bring before the executive council for review a decision of the director granting a state agency request for direct purchasing. The executive council shall hear and review the director’s decision in the same manner as an appeal filed by an aggrieved bidder, except that the three-day period for filing for review shall not apply.

11. a. When the estimated total cost of construction, erection, demolition, alteration, or repair of a public improvement exceeds the competitive bid threshold in section 26.3, or as established in section 314.1B, the department shall comply with chapter 26.

b. In awarding a contract under this subsection, the department shall let the work to the lowest responsible bidder submitting a sealed proposal. However, if the department considers the bids received not to be acceptable, all bids may be rejected and new bids requested. A bid shall be accompanied by a certified or cashier’s check or bid bond in an amount designated in the advertisement for bids as security that the bidder will enter into a contract for the work requested. The department shall establish the bid security in an amount equal to at least five percent, but not more than ten percent of the estimated total cost of the work. The certified or cashier’s checks or bid bonds of unsuccessful bidders shall be returned as soon as the successful bidder is determined. The certified or cashier’s check or bid bond of the successful bidder shall be returned upon execution of the contract. This subsection does not apply to the construction, erection, demolition, alteration, or repair of a public improvement when the contracting procedure for the work requested is otherwise provided for in law.

12. The state and its political subdivisions shall give preference to purchasing Iowa products and purchasing from Iowa-based businesses if the bids submitted are comparable in price to those submitted by other bidders and meet the required specifications.

13. The director shall adopt rules which require that each bid received for the purchase of items purchased by the department includes a product content statement which provides the percentage of the content of the item which is reclaimed material.
14. The director shall review and, where necessary, revise specifications used by state agencies to procure products in order to ensure all of the following:

   a. The procurement of products containing recovered materials, including but not limited to lubricating oils, retread tires, building insulation materials, and recovered materials from waste tires. The specifications shall be revised if they restrict the use of alternative materials, exclude recovered materials, or require performance standards which exclude products containing recovered materials unless the agency seeking the product can document that the use of recovered materials will hamper the intended use of the product.

   b. The procurement by state agencies of biobased hydraulic fluids, greases, and other industrial lubricants manufactured from soybeans in accordance with the requirements of section 8A.316.

   c. The procurement of designated biobased products in accordance with the requirements of section 8A.317.

15. a. A bidder, to be considered for an award of a state construction contract, shall disclose to the state agency awarding the contract the names of all subcontractors and suppliers who will work on the project being bid within forty-eight hours after the published date and time by which bids must be submitted.

   b. A bidder shall not replace a subcontractor or supplier disclosed under paragraph “a” without the approval of the state agency awarding the contract.

   c. A bidder, prior to an award or who is awarded a state construction contract, shall disclose all of the following, as applicable:

      (1) If a subcontractor or supplier disclosed under paragraph “a” by a bidder is replaced, the reason for replacement and the name of the new subcontractor or supplier.

      (2) If the cost of work to be done by a subcontractor or supplier is changed or if the replacement of a subcontractor or supplier results in a change in the cost, the amount of the change in cost.

16. A state agency shall make every effort to purchase those products produced for sale by sheltered workshops, work activity centers, and other special programs funded in whole or in part by public moneys that employ persons with mental retardation or other developmental disabilities or mental illness if the products meet the required specifications.

17. A state agency shall make every effort to purchase products produced for sale by employers of persons in supported employment.

18. The department shall not award a contract to a bidder for a construction, reconstruction, demolition, or repair project or improvement with an estimated cost that exceeds twenty-five thousand dollars in which the bid requires the use of inmate labor supplied by the department of corrections, but not employed by private industry pursuant to section 904.809, to perform the project or improvement.

19. Life cycle cost and energy efficiency shall be included in the criteria used by the department, institutions under the control of the state board of regents, the state department of transportation, the department for the blind, and other state agencies in developing standards and specifications for purchasing energy-consuming products. For purposes of this subsection, the life cycle costs of American motor vehicles shall be reduced by five percent in order to determine if the motor vehicle is comparable to foreign-made motor vehicles. “American motor vehicles” includes those vehicles manufactured in this state and those vehicles in which at least seventy percent of the value of the motor vehicle was manufactured in the United States or Canada and at least fifty percent of the motor vehicle sales of the manufacturer are in the United States or Canada. In determining the life cycle costs of a motor vehicle, the costs shall be determined on the basis of the bid price, the resale value, and the operating costs based upon a useable life of five years or seventy-five thousand miles, whichever occurs first.

20. Preference shall be given to purchasing American-made products and purchases from American-based businesses if the life cycle costs are comparable to those products of foreign businesses and which most adequately fulfill the department’s need.

21. a. The director may authorize the procurement of goods and services in which a contractual limitation of vendor liability is provided for and set forth in the documents initiating the procurement. The director, in consultation with the department of management,
shall adopt rules setting forth the circumstances in which such procurement will be permitted and what types of contractual limitations of liability are permitted. Rules adopted by the director shall establish criteria to be considered in making a determination of whether to permit a contractual limitation of vendor liability with regard to any procurement of goods and services. The criteria, at a minimum, shall include all of the following:

1. Whether authorizing a contractual limitation of vendor liability is necessary to prevent harm to the state from a failure to obtain the goods or services sought, or from obtaining the goods or services at a higher price if the state refuses to allow a contractual limitation of vendor liability.

2. Whether the contractual limitation of vendor liability is commercially reasonable when taking into account any risk to the state created by the goods or services to be procured and the purpose for which they will be used.

b. Notwithstanding paragraph “a”, a contractual limitation of vendor liability shall not include any limitation on the liability of any vendor for intentional torts, criminal acts, or fraudulent conduct.

c. The rules shall provide for the negotiation of a contractual limitation of vendor liability consistent with the requirements of this section and any other requirements of the department as provided in any related documents associated with a procurement of goods and services.

22. a. The state, through the department, shall give a preference to purchasing equipment, supplies, or services from or awarding public improvement contracts pursuant to subsection 11 to an Iowa-based business as provided under paragraph “b”, as appropriate, if the bid submitted is comparable in price to those submitted by other bidders and meets the required specifications. However, before giving the preference, the department shall confirm with the Iowa employer support of the guard and reserve committee that the requirements of paragraph “b” have been met by the Iowa-based business.

b. To receive a preference as provided by this subsection, the Iowa-based business employer shall have adopted policies beyond those otherwise required by law to support employees who are officers or enlisted persons in the national guard and organized reserves of the armed forces of the United States consistent with standards adopted by the Iowa employer support of the guard and reserve committee. To be eligible for such preference, an employer shall submit to the committee a copy of the applicable policies adopted by the employer and shall sign and submit to the committee a statement of support of persons in the employ of the employer who serve in the national guard and the reserves, recognizing the vital role of the national guard and the reserves, and pledging all of the following:

1. To neither deny employment nor limit or reduce job opportunities because of an employee’s service in the national guard or organized reserves of the armed forces of the United States.

2. To grant leaves of absence during a period of military duty or training.

3. To ensure that all employees are aware of the employer’s policies and the requirements of section 29A.43.

8A.311A Centralized purchasing.

1. The department may designate goods and services of general use that agencies shall, and governmental subdivisions may, purchase pursuant to a master contract established by the department for that good or service. The department shall establish a master contract subject to the requirements of this section if the department determines that a high-quality good or service can be acquired by agencies and governmental subdivisions at lower cost through the establishment of a master contract.
2. The department shall establish a master contract pursuant to this section on a competitive basis, and the purchase of a good or service pursuant to the contract shall be deemed to satisfy any otherwise applicable competitive bidding requirements.

3. Upon the establishment of a master contract for a good or service pursuant to this section, an agency shall purchase the good or service pursuant to the contract, and shall not expend money to purchase the good or service directly from a vendor and not through the contract, unless any of the following applies:
   a. The department determines, upon a request by the agency, that the agency can satisfy the requirements for purchase of the good or service directly from a vendor as provided in section 8A.311, subsection 10, paragraph “a”.
   b. The agency is purchasing the good or service pursuant to another contract in effect on the effective date of the master contract. However, the agency shall terminate the other contract if the contract permits the termination of the contract without penalty and the agency shall not renew the other contract beyond the current term of the other contract.

The director may purchase items through any agency specifically exempted by law from centralized purchasing as well as from other interstate and intergovernmental entities. The department shall collaborate and cooperate with the state board of regents and institutions under the control of the state board of regents, as provided in section 262.9B, and any other state agency exempt from centralized purchasing to explore joint purchases of general use items that present opportunities to obtain quality goods and services at the lowest reasonable cost.

8A.315 State purchases — recycled products — soybean-based inks.
1. When purchasing paper products other than printing and writing paper, the department shall, when the price is reasonably competitive and the quality as intended, purchase the recycled product. The department shall also purchase, when the price is reasonably competitive and the quality as intended, and in keeping with the schedule established in this subsection, soybean-based inks and plastic products with recycled content including but not limited to plastic garbage can liners.
   a. One hundred percent of the purchases of inks which are used for newsprint printing services performed internally or contracted for by the department shall be soybean-based.
   b. One hundred percent of the purchases of inks, other than inks which are used for newsprint printing services, and which are used internally or contracted for by the department, shall be soybean-based to the extent formulations for such inks are available.
   c. A minimum of fifty percent of the purchases of garbage can liners made by the department shall be plastic garbage can liners with recycled content.
   d. For purposes of this subsection, “recycled content” means that the content of the product contains a minimum of thirty percent postconsumer material.
2. a. Except as otherwise provided in this section, the department shall purchase and use recycled printing and writing paper so that ninety percent of the volume of printing and writing paper purchased is recycled paper. The recycled printing and writing paper shall meet the requirements for procuring recycled printing and writing paper set forth in 40 C.F.R. pt. 247, and in related recovered materials advisory notices issued by the United States environmental protection agency.
   b. The department shall establish a prioritization procedure for the purchase of recycled paper which provides for a five percent differential in the cost of the purchase of paper which has been recycled through the use of a nonchlorinated process.
   c. If a provision under this subsection results in the limitation of sources for the purchase
of printing and writing paper to three or fewer sources, the department may waive the requirement in order to purchase necessary amounts of printing and writing paper.

d. Notwithstanding the requirements of this subsection regarding the purchase of recycled printing and writing paper, the department shall purchase acid-free permanent paper in the amount necessary for the production or reproduction of documents, papers, or similar materials produced or reproduced for permanent preservation pursuant to law.

3. The department, in conjunction with the department of natural resources, shall review the procurement specifications currently used by the state to eliminate, wherever possible, discrimination against the procurement of products manufactured with recovered materials and soybean-based inks.

4. The department of natural resources shall assist the department in locating suppliers of recycled products and soybean-based inks and collecting data on recycled content and soybean-based ink purchases.

5. Information on recycled content shall be requested on all bids for paper products other than printing and writing paper issued by the state and on other bids for products which could have recycled content such as oil, plastic products, including but not limited to compost materials, aggregate, solvents, soybean-based inks, and rubber products. Except for purchases of printing and writing paper made pursuant to subsection 2, paragraphs “c” and “d”, the department shall require persons submitting bids for printing and writing paper to certify that the printing and writing paper proposed complies with the requirements referred to in subsection 2, paragraph “a”.

6. The department, in conjunction with the department of natural resources, shall adopt rules to administer this section.

7. All state agencies shall fully cooperate with the department and with the department of natural resources in all phases of implementing this section.

8. The department, whenever technically feasible, shall purchase and use degradable loose foam packing material manufactured from grain starches or other renewable resources, unless the cost of the packing material is more than ten percent greater than the cost of packing material made from nonrenewable resources. For the purposes of this subsection, “packing material” means material, other than an exterior packing shell, that is used to stabilize, protect, cushion, or brace the contents of a package.

Subsection 1, paragraph d stricken and former paragraph e redesignated as d

8A.316 Lubricants and oils — preferences.
The department shall do all of the following:

1. Develop its procedures and specifications for the purchase of lubricating oil and industrial oil to eliminate exclusion of recycled oils and any requirement that oils be manufactured from virgin materials.

2. Require that purchases of lubricating oil and industrial oil be made from the seller whose oil product contains the greatest percentage of recycled oil, unless one of the following circumstances regarding a specific oil product containing recycled oil exists:
   a. The product is not available within a reasonable period of time or in quantities necessary or in container sizes appropriate to meet a state agency’s needs.
   b. The product does not meet the performance requirements or standards recommended by the equipment or vehicle manufacturer, including any warranty requirements.
   c. The product is available only at a cost greater than one hundred five percent of the cost of comparable virgin oil products.

3. Establish and maintain a preference program for procuring oils containing the maximum content of recycled oil. The preference program shall include but is not limited to all of the following:
   a. The inclusion of the preferences for recycled oil products in publications used to solicit bids from suppliers.
   b. The provision of a description of the recycled oil procurement program at bidders’ conferences.
c. Discussion of the preference program in lubricating oil and industrial oil procurement solicitations or invitations to bid.

d. Efforts to inform industry trade associations about the preference program.

4. a. Provide that when purchasing hydraulic fluids, greases, and other industrial lubricants, the department or a state agency authorized by the department to directly purchase hydraulic fluids, greases, and other industrial lubricants shall give preference to purchasing biobased hydraulic fluids, greases, and other industrial lubricants manufactured from soybeans.

b. Provide for the implementation of requirements necessary in order to carry out this subsection by the department or state agency making the purchase, which shall include all of the following:

(1) Including the preference requirements in publications used to solicit bids for hydraulic fluids, greases, and other industrial lubricants.

(2) Describing the preference requirements at bidders’ conferences in which bids for the sale of hydraulic fluids, greases, and other industrial lubricants are sought by the department or authorized state agency.

(3) Discussing the preference requirements in procurement solicitations or invitations to bid for hydraulic fluids, greases, and other industrial lubricants.

(4) Informing industry trade associations about the preference requirements.

c. As used in this subsection, unless the context otherwise requires:

(1) “Biobased hydraulic fluids, greases, and other industrial lubricants” means the same as defined by the United States department of agriculture, if the department has adopted such a definition. If the United States department of agriculture has not adopted a definition, “biobased hydraulic fluids, greases, and other industrial lubricants” means hydraulic fluids, greases, and other lubricants containing a minimum of fifty-one percent soybean oil.

(2) “Other industrial lubricants” means lubricants used or applied to machinery.

§8A.317 State purchases — designated biobased products.

1. As used in this section, unless the context otherwise requires:

a. “Biobased material” means the same as defined in section 469.31.*

b. “Designated biobased product” means a biobased product as defined in section 469.31,* and includes a product determined by the United States department of agriculture to be a commercial or industrial product, other than food or feed, that is composed, in whole or in significant part, of biological products, including renewable domestic agricultural materials including plant, animal, and marine materials, or forestry materials as provided in 7 U.S.C. § 8102.

2. The department shall do all of the following:

a. Develop procedures and specifications for the purchase of designated biobased products. The department may develop specifications after consulting guidelines or regulations promulgated by the United States department of agriculture pursuant to section 7 U.S.C. § 8102.

b. Require that a purchase of a designated biobased product be made from the seller whose designated biobased product contains the greatest percentage of biobased materials, unless any of the following applies:

(1) The designated biobased product is not available within a reasonable period of time or in quantities necessary or in container sizes appropriate to meet a state agency’s needs.

(2) The designated biobased product does not meet performance requirements or standards recommended by a manufacturer, including any warranty requirements.

(3) The designated biobased product does not meet the functional requirements and evaluation criteria identified in bid documents. Functional requirements to be considered may include but are not limited to the designated biobased product’s conformance with ASTM (American society for testing and materials) international standards.
(4) The purchase of the designated biobased product conflicts with section 8A.311, subsection 1, paragraph “a”.

(5) The designated biobased product is available only at a cost greater than one hundred five percent of the cost of comparable products which are not biobased.

   c. Establish and maintain a preference program for procuring the maximum content of biobased materials in biobased products. The preference program shall include but is not limited to all of the following:

   (1) The inclusion of preferences for designated biobased products in publications used to solicit bids from suppliers.

   (2) The provision of a description of the preference program at bidders’ conferences.

   (3) Discussion of the preference program in requests for proposals or invitations to bid.

   (4) Efforts to inform industry trade associations about the preference program.

3. This section does not apply to a biobased product which is subject to requirements for procurement in another provision of this chapter including but not limited to any of the following:

   b. Degradable loose foam packing material manufactured from grain starches or other renewable resources as provided in section 8A.315.

   c. A biobased hydraulic fluid, grease, or other industrial lubricant as provided in section 8A.316.

4. When evaluating a bid for the purchase of designated biobased products, the department may take into consideration warranty provisions and life cycle cost estimates.

8A.318 Building cleaning and maintenance — environmentally preferable cleaning products.

1. Findings and intent. The general assembly finds that human beings are vulnerable to and may be severely affected by exposure to chemicals, hazardous waste, and other environmental hazards. The federal environmental protection agency estimates that human exposure to indoor air pollutants can be two to five times, and up to one hundred times, higher than outdoor levels. Children, teachers, janitors, and other staff members spend a significant amount of time inside school buildings. Likewise, state employees and citizens of this state spend a significant amount of time inside state buildings. These individuals are continuously exposed to chemicals from cleaners, waxes, deodorizers, and other maintenance products.

2. Definitions. As used in this section, unless the context otherwise requires:

   a. “Environmentally preferable cleaning and maintenance products” includes but is not limited to cleaning and maintenance products identified by the department and posted on the department’s internet site.

   b. “State building” means a public facility or building owned by or leased by the state, or an agency or department of the state.

3. Use of environmentally preferable cleaning and maintenance products.

   a. All school districts in this state, community colleges, institutions under the control of the state board of regents, and state agencies utilizing state buildings, are encouraged to conform to an environmentally preferable cleaning policy designed to facilitate the purchase and use of environmentally preferable cleaning and maintenance products for purposes of public school, community college, regents institution, and state building cleaning and maintenance.

   b. Each school district, community college, institution under the control of the state board of regents, or state agency utilizing public buildings shall conduct an evaluation and assessment regarding implementation of an environmentally preferable cleaning policy pursuant to this section. On or after July 1, 2012, all state agencies, and all school districts, community colleges, and institutions under the control of the state board of regents which have not opted out of compliance pursuant to paragraph “c”, shall purchase only cleaning
and maintenance products identified by the department or that meet nationally recognized standards. School districts, community colleges, institutions under the control of the state board of regents, and state agencies procuring supplies for schools and state buildings may deplete their existing cleaning and maintenance supply stocks and implement the new requirements in the procurement cycle for the following year. This section shall not be interpreted in a manner that prohibits the use of disinfectants, disinfecting cleaners, sanitizers, or any other antimicrobial product regulated by the federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. § 136 et seq., when necessary to protect public health and provided that the use of these products is in accordance with responsible cleaning procedure requirements.

c. A school district, community college, or institution under the control of the state board of regents may, based upon the evaluation and assessment conducted pursuant to paragraph “b”, opt out of compliance with the requirements of this section upon the affirmative vote of a majority of the members of the board of directors of the school district or a determination by the president of the community college or by the president or administrative officer of the regents institution. A school district, community college, or regents institution opting out of compliance pursuant to this paragraph shall notify the department of education, the state board of education, or the state board of regents, as appropriate, of this decision.

4. Information requirements — department internet site. The department shall provide information on the department’s internet site regarding environmentally preferable cleaning and maintenance products used by the department. The department may also provide information regarding other cleaning and maintenance products that the department is aware of that meet nationally recognized standards. Information shall also be provided, at the discretion of the department, regarding the nationally recognized standards and the entity establishing the standards.

PART 3
PHYSICAL RESOURCES AND
FACILITY MANAGEMENT

8A.321 Physical resources and facility management — director duties — appropriation.

In managing the physical resources of government, the director shall perform all of the following duties:

1. Provide for supervision over the custodians and other employees of the department in and about the state laboratories facility in Ankeny and in and about the capitol and other state buildings at the seat of government, except the buildings and grounds referred to in section 216B.3, subsection 6.

2. Institute, in the name of the state, and with the advice and consent of the attorney general, civil and criminal proceedings against any person for injury or threatened injury to any public property, including but not limited to intangible and intellectual property, under the person’s control.

3. Under the direction of the governor, provide, furnish, and pay for public utilities service, heat, maintenance, minor repairs, and equipment in operating and maintaining the official residence of the governor of Iowa.

4. Contract, with the approval of the executive council, for the repair, remodeling, or, if the condition warrants, demolition of all buildings and grounds of the state at the seat of government, at the state laboratories facility in Ankeny, and the institutions of the department of human services and the department of corrections for which no specific appropriation has been made, if the cost of repair, remodeling, or demolition will not exceed one hundred thousand dollars when completed. The cost of repair projects for which no specific appropriation has been made shall be paid as an expense authorized by the executive council as provided in section 7D.29.
5. Dispose of all personal property of the state under the director’s control as provided by section 8A.324 when it becomes unnecessary or unfit for further use by the state. If the director concludes that the personal property is contaminated, contains hazardous waste, or is hazardous waste, the director may charge the state agency responsible for the property for removal and disposal of the personal property. The director shall adopt rules establishing the procedures for inspecting, selecting, and removing personal property from state agencies or from state storage.

6. a. Lease all buildings and office space necessary to carry out the provisions of this subchapter or necessary for the proper functioning of any state agency wherever located throughout the state. For state agencies at the seat of government, the director may lease buildings and office space in Polk county or in a county contiguous to Polk county. If no specific appropriation has been made, the proposed lease shall be submitted to the executive council for authorization and if authorized lease expense shall be paid from the appropriations addressed in section 7D.29. An office space lease shall not be terminated at a time when either contract damages or early termination penalties may be applicable for doing so. Additionally, the director shall also develop cooperative relationships with the state board of regents in order to promote colocation of state agencies.

b. When the general assembly is not in session, the director may request an expense authorization from the executive council for moving state agencies from one location to another. The request may include moving costs, telecommunications costs, repair costs, or any other costs relating to the move. The executive council may authorize the expenses and may authorize the expenses to be paid from the appropriations addressed in section 7D.29 if it determines the agency or department does not have funds available for these expenses.

c. (1) The department shall annually issue a request for proposals for leasing privately owned office space for state employees in the downtown area of the city of Des Moines. Prior to replacing or renovating publicly owned buildings or relocating any state agencies to any space in publicly owned buildings, the department shall use such proposals to compare the costs of privately owned space to publicly owned space. The department shall locate state employees in office space in the most cost-efficient manner possible. In determining cost efficiency, the department shall consider all costs of the publicly owned space, the costs of the original acquisition of the publicly owned space, the costs of tenant improvements to the publicly owned space, and the anticipated economic and useful life of the publicly owned building space.

(2) Subparagraph (1) shall not apply when emergency circumstances exist. Actions taken during an emergency which would otherwise violate subparagraph (1) shall be limited in scope and duration to meet the emergency. An emergency includes but is not limited to a condition that does any of the following:

(a) Threatens public health, welfare, or safety.

(b) In which there is a need to protect the health, welfare, or safety of persons occupying or visiting a public improvement or property located adjacent to the public improvement.

(c) In which the department or agency must act to preserve critical services or programs.

(d) In which the need is a result of events or circumstances not reasonably foreseeable.

7. Unless otherwise provided by law, coordinate the location, design, plans and specifications, construction, and ultimate use of the real or personal property to be purchased by a state agency for whose benefit and use the property is being obtained.

a. If the purchase of real or personal property is to be financed pursuant to section 12.28, the department shall cooperate with the treasurer of state in providing the information necessary to complete the financing of the property.

b. A contract for acquisition, construction, erection, demolition, alteration, or repair by a private person of real or personal property to be lease-purchased by the treasurer of state pursuant to section 12.28 is exempt from section 8A.311, subsections 1 and 11, unless the lease-purchase contract is funded in advance by a deposit of the lessor’s moneys to be administered by the treasurer of state under a lease-purchase contract which requires rent payments to commence upon delivery of the lessor’s moneys to the lessee.

8. With the authorization of a constitutional majority of each house of the general assembly and approval by the governor, dispose of real property belonging to the state and
its state agencies upon terms, conditions, and consideration as the director may recommend. If real property subject to sale under this subsection has been purchased or acquired from appropriated funds, the proceeds of the sale shall be deposited with the treasurer of state and credited to the general fund of the state or other fund from which appropriated. There is appropriated from that same fund, with the prior approval of the executive council and in cooperation with the director, a sum equal to the proceeds so deposited and credited to the state agency to which the disposed real property belonged or by which it was used, for purposes of the state agency.

9. a. With the approval of the executive council pursuant to section 7D.29 or pursuant to other authority granted by law, acquire real property to be held by the department in the name of the state as follows:
   (1) By purchase, lease, option, gift, grant, bequest, devise, or otherwise.
   (2) By exchange of real property belonging to the state for property belonging to another person.
   b. If real property acquired by the department in the name of the state is subject to a lease in effect at the time of acquisition, the director may honor and maintain the existing lease subject to the following requirements:
      (1) The lease shall not be renewed beyond the term of the existing lease including any renewal periods under the lease that are solely at the discretion of the lessee.
      (2) The lease shall not be renewed by the department as the lessor if the lessor has discretion not to renew under the existing lease.
      (3) The lease shall not be maintained for a period in excess of ten years from the date of acquisition of the real property, including any renewal periods, without the approval of the executive council.
      (4) The lease shall not be maintained if the lessee at the time of the acquisition ceases to occupy the leased property.

10. Subject to the selection procedures of section 12.30, employ financial consultants, banks, insurers, underwriters, accountants, attorneys, and other advisors or consultants necessary to implement the provisions of subsection 7.

11. Prepare annual status reports for all capital projects in progress of the department, and submit the status reports to the legislative services agency and the department of management on or before January 15 of each year.

12. In carrying out the requirements of section 64.6, purchase an individual or a blanket surety bond insuring the fidelity of state officers. The department may self-assume or self-insure fidelity exposures for state officials and employees. A state official is deemed to have furnished surety if the official has been covered by a program of insurance or self-insurance established by the department. To the extent possible, all bonded state employees shall be covered under one or more blanket bonds or position schedule bonds.

13. Review the management of state property loss exposures and state liability risk exposures for the capitol complex. Insurance coverage may include self-insurance or any type of insurance protection sold by insurers, including, but not limited to, full coverage, partial coverage, coinsurance, reinsurance, and deductible insurance coverage.

14. Establish a monument maintenance account in the state treasury under the control of the department. Funds for the maintenance of a state monument, whether received by gift, devise, bequest, or otherwise, shall be deposited in the account. Funds in the account shall be deposited in an interest-bearing account. Notwithstanding section 12C.7, interest earned on the account shall be deposited in the account and shall be used to maintain the designated monument. Any maintenance funds for a state monument held by the state and interest earned on the funds shall be used to maintain the designated monument. Notwithstanding section 8.33, funds in the monument maintenance account at the end of a fiscal year shall not revert to the general fund of the state.

See Code editor's note on simple harmonization
8A.327 Rent revolving fund created — purpose.
1. A rent revolving fund is created in the state treasury under the control of the department to be used by the department to pay the lease or rental costs of all buildings and office space necessary for the proper functioning of any state agency wherever located throughout the state as provided in section 8A.321, subsection 6, except that this fund shall not be used to pay the rental or lease costs of a state agency which has not received funds budgeted for rental or lease purposes.
2. The director shall pay the lease or rental fees to the renter or lessor and submit a monthly statement to each state agency for which building and office space is rented or leased. If the director pays the lease or rental fees on behalf of a state agency, the state agency’s payment to the department shall be credited to the rent revolving fund established by this section. With the approval of the director, a state agency may pay the lease or rental cost directly to the person who is due the payment under the lease or rental agreement.

8A.341 State printing — duties.
PART 4
PRINTING

The director shall do all of the following as it relates to printing:
1. Provide general supervision of all matters pertaining to public printing, including the enforcement of contracts for printing, except as otherwise provided by law. The supervision shall include providing guidelines for the letting of contracts for printing, the manner, form, style, and quantity of public printing, and the specifications and advertisements for public printing. In addition, the director shall have charge of office equipment and supplies and of the stock, if any, required in connection with printing contracts.
2. If money is appropriated for this purpose, by November 1 of each year supply a report which contains the name, gender, county, or city of residence when possible, official title, salary received during the previous fiscal year, base salary as computed on July 1 of the current fiscal year, and traveling and subsistence expense of the personnel of each of the departments, boards, and commissions of the state government except personnel who receive an annual salary of less than one thousand dollars. The number of the personnel and the total amount received by them shall be shown for each department in the report. All employees who have drawn salaries, fees, or expense allowances from more than one department or subdivision shall be listed separately under the proper departmental heading. 8A.361 Vehicle assignment — authority in department.
The department shall provide for the assignment of all motor vehicles utilized by all state officers and employees, and by all state offices, departments, bureaus, and commissions, except the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other agencies exempted by law.
2003 Acts, ch 145, §51; 2011 Acts, ch 127, §37, 89
Section amended

8A.362 Fleet management — powers and duties — fuel economy requirements.
1. The director may provide for the assignment to a state officer or employee or to a state agency, of one or more motor vehicles which may be required by the state officer or employee or state agency, after the state officer or employee or state agency has shown the necessity for such transportation. The director may assign a motor vehicle either for part-time or full-time use. The director may revoke the assignment at any time.
2. The director may cause all state-assigned motor vehicles to be inspected periodically. Whenever the inspection reveals that repairs have been improperly made on the motor vehicle or that the operator is not giving the motor vehicle the proper care, the director shall report this fact to the head of the state agency to which the motor vehicle has been assigned, together with recommendation for improvement.
3. a. The director shall provide for a record system for the keeping of records of the total number of miles state-assigned motor vehicles are driven and the per-mile cost of operation of each motor vehicle. Every state officer or employee shall keep a record book to be furnished by the director in which the officer or employee shall enter all purchases of gasoline, lubricating oil, grease, and other incidental expense in the operation of the motor vehicle assigned to the officer or employee, giving the quantity and price of each purchase, including the cost and nature of all repairs on the motor vehicle. Each operator of a state-assigned motor vehicle shall promptly prepare a report at the end of each month on forms furnished by the director and forwarded to the director, giving the information the director may request in the report. Each month, the director shall compile the costs and mileage of state-assigned motor vehicles from the reports and keep a cost history for each motor vehicle and the costs shall be reduced to a cost-per-mile basis for each motor vehicle. The director shall call to the attention of an elected official or the head of any state agency to which a motor vehicle has been assigned any evidence of the mishandling or misuse of a state-assigned motor vehicle which is called to the director’s attention.
   b. A gasoline-powered motor vehicle operated under this subsection shall not operate on gasoline other than ethanol blended gasoline as defined in section 214A.1, unless under emergency circumstances. A diesel-powered motor vehicle operated under this subsection shall not operate on diesel fuel other than biodiesel fuel as defined in section 214A.1, if commercially available. A state-issued credit card shall not be valid to purchase gasoline other than ethanol blended gasoline, if commercially available, or to purchase diesel fuel other than biodiesel fuel, if commercially available. The motor vehicle shall also be affixed with a brightly visible sticker which notifies the traveling public that the motor vehicle is being operated on ethanol blended gasoline or biodiesel fuel, as applicable. However, the sticker is not required to be affixed to an unmarked vehicle used for purposes of providing law enforcement or security.
4. a. The director shall provide for the purchase of motor vehicles for all branches of the state government, except the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted by law, which are not rented or leased pursuant to section 8A.367. The director shall purchase new vehicles in accordance with competitive bidding procedures for items or services as provided in this subchapter. The director may purchase used or preowned
vehicles at governmental or dealer auctions if the purchase is determined to be in the best interests of the state.

b. The director, and any other state agency, which for purposes of this subsection includes but is not limited to community colleges and institutions under the control of the state board of regents, or local governmental subdivisions purchasing new motor vehicles, shall purchase motor vehicles and light trucks, which are not rented or leased pursuant to section 8A.367, so that the average fuel efficiency for the fleet of new passenger vehicles and light trucks purchased in that year equals or exceeds the average fuel economy standard for the vehicles’ model year as established by the United States secretary of transportation under 15 U.S.C. § 2002. This paragraph does not apply to vehicles purchased for law enforcement purposes or used for off-road maintenance work, or work vehicles used to pull loaded trailers.

c. Not later than June 15 of each year, the director shall report compliance with the corporate average fuel economy standards published by the United States secretary of transportation for assigned motor vehicles, other than motor vehicles purchased by the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted from the requirements of this subsection. The report of compliance shall classify the vehicles assigned for the current vehicle model year using the following categories: passenger automobiles, enforcement automobiles, vans, and light trucks. The director shall deliver a copy of the report to the economic development authority. As used in this paragraph, “corporate average fuel economy” means the corporate average fuel economy as defined in 49 C.F.R. § 533.5.

d. The director shall assign motor vehicles available for use to maximize the average passenger miles per gallon of motor fuel consumed. In assigning motor vehicles, the director shall consider standards established by the director, which may include but are not limited to the number of passengers traveling to a destination, the fuel economy of and passenger capacity of vehicles available for assignment, and any other relevant information, to assure assignment of the most energy-efficient vehicle or combination of vehicles for a trip from those vehicles available for assignment. The standards shall not apply to special work vehicles and law enforcement vehicles. The standards shall apply to the following agencies:

1. State department of transportation.
2. Institutions under the control of the state board of regents.
3. Department for the blind.
4. Any other state agency exempted from obtaining vehicles for use through the department.

e. As used in paragraph “d,” “fuel economy” means the average number of miles traveled by an automobile per gallon of gasoline consumed as determined by the United States environmental protection agency administrator in accordance with 26 U.S.C. § 4064(c).

5. All used motor vehicles turned in to the director shall be disposed of by public auction, and the sales shall be advertised in a newspaper of general circulation one week in advance of sale, and the receipts from the sale shall be deposited in the depreciation fund to the credit of the state agency turning in the vehicle; except that, in the case of a used motor vehicle of special design, the director may, instead of selling it at public auction, authorize the motor vehicle to be traded for another vehicle of similar design. If a vehicle sustains damage and the cost to repair exceeds the wholesale value of the vehicle, the director may dispose of the motor vehicle by obtaining two or more written salvage bids and the vehicle shall be sold to the highest responsible bidder.

6. The director may authorize the establishment of motor pools consisting of a number of state-assigned motor vehicles under the director’s supervision. The director may store the motor vehicles in a public or private garage. If the director establishes a motor pool, any state officer or employee desiring the use of a state-assigned motor vehicle on state business shall notify the director of the need for a vehicle within a reasonable time prior to actual use of the motor vehicle. The director may assign a motor vehicle from the motor pool to the state officer or employee, or from the vendor awarded a contract pursuant to section 8A.367. If two or more state officers or employees desire the use of a state-assigned motor vehicle for a trip to the same destination for the same length of time, the director may assign one vehicle to make the trip.
7. The director shall require that a sign be placed on each state-owned motor vehicle in a conspicuous place which indicates its ownership by the state. This requirement shall not apply to motor vehicles requested to be exempt by the director or by the commissioner of public safety. All state-owned motor vehicles shall display registration plates bearing the word “official” except motor vehicles requested to be furnished with ordinary plates by the director or by the commissioner of public safety pursuant to section 321.19. The director shall keep an accurate record of the registration plates used on all state-owned motor vehicles. This subsection shall not apply to an assigned vehicle rented or leased pursuant to section 8A.367.

8. All fuel used in state-assigned automobiles shall be purchased at cost from the various installations or garages of the state department of transportation, state board of regents, department of human services, or state motor pools throughout the state, unless the state-owned sources for the purchase of fuel are not reasonably accessible. If the director determines that state-owned sources for the purchase of fuel are not reasonably accessible, the director shall authorize the purchase of fuel from other sources. The director may prescribe a manner, other than the use of the revolving fund, in which the purchase of fuel from state-owned sources is charged to the state agency responsible for the use of the motor vehicle. The director shall prescribe the manner in which oil and other normal motor vehicle maintenance for state-owned motor vehicles may be purchased from private sources, if they cannot be reasonably obtained from a state motor pool. The director may advertise for bids and award contracts in accordance with competitive bidding procedures for items and services as provided in this subchapter for furnishing fuel, oil, grease, and vehicle replacement parts for all state-owned motor vehicles. The director and other state agencies, when advertising for bids for gasoline, shall also seek bids for ethanol blended gasoline.

8A.363 Private use prohibited — rate for state business.

1. A state officer or employee shall not use a state-assigned motor vehicle for personal private use. A state officer or employee shall not be compensated for driving a privately owned motor vehicle unless it is done on state business with the approval of the director. In that case the state officer or employee shall receive an amount to be determined by the director. The amount shall not exceed the maximum allowable under the federal internal revenue service rules per mile, notwithstanding established mileage requirements or depreciation allowances. However, the director may authorize private motor vehicle rates in excess of the rate allowed under the federal internal revenue service rules for state business use of substantially modified or specially equipped privately owned vehicles required by persons with disabilities. A statutory provision establishing reimbursement for necessary mileage, travel, or actual expenses to a state officer falls under the private motor vehicle mileage rate limitation provided in this section unless specifically provided otherwise. Any peace officer employed by the state as defined in section 801.4 who is required to use a private motor vehicle in the performance of official duties shall receive the private vehicle mileage rate at the rate provided in this section. However, the director may delegate authority to officials of the state, and department heads, for the use of private vehicles on state business up to a yearly mileage figure established by the director. If a motor vehicle has been assigned to a state officer or employee, the officer or employee shall not collect mileage for the use of a privately owned motor vehicle unless the motor vehicle assigned is not usable.

2. This section does not apply to any of the following:
   a. Officials and employees of the state whose mileage is paid other than by a state agency.
   b. Elected officers of the state.
c. Judicial officers or court employees.
d. Members and employees of the general assembly who shall be governed by policies relating to motor vehicle travel, including but not limited to reimbursement for expenses, if such policies are otherwise established by the general assembly.

All purchases of gasoline, oil, tires, repairs, and all other general expenses incurred in the operation of state-assigned motor vehicles, and all salaries and expenses of employees providing fleet management services shall be paid from this fund.

2. At the end of each month the director shall render a statement to each state department or agency for the actual cost of operation of all motor vehicles assigned to such department or agency, together with a fair proportion of the administrative costs for providing fleet management services during such month, as determined by the director, all subject to review by the executive council upon complaint of any state department or agency adversely affected. Such expenses shall be paid by the state departments or agencies in the same manner as other expenses of such department are paid, and when such expenses are paid, such sums shall be credited to the fleet management revolving fund. If any surplus accrues to the revolving fund in excess of twenty-five thousand dollars for which there is no anticipated need or use, the governor may order such surplus transferred to the general fund of the state.

8A.366 Violations — withdrawing use of vehicle.
If any state officer or employee violates any of the provisions of sections 8A.361 through 8A.365, the director may withdraw the assignment of any state-assigned motor vehicle to any such state officer or employee.

8A.367 State-owned passenger vehicles — disposition and sale — fleet privatization.
1. For purposes of this section, “passenger vehicles” means United States environmental protection agency designated compact sedans, compact wagons, midsize sedans, midsize wagons, full-size sedans, and passenger minivans, and additional vehicle classes determined by the department to be able to be reasonably supported by a private entity for rental or leasing. “Passenger vehicles” does not mean utility vehicles, vans other than passenger minivans, fire trucks, ambulances, motor homes, buses, medium-duty and heavy-duty trucks, heavy construction equipment and other highway maintenance vehicles, vehicles assigned for law enforcement purposes, and any other classes of vehicles of limited application approved by the director of the department of administrative services.

2. On or before September 30, 2011, the department shall implement a request for proposal process to enter into a contract for the purpose of state passenger vehicle rental or leasing from a private entity. Prior to awarding a contract, a private entity shall demonstrate the following:

a. Existence of sufficient inventory of passenger vehicles within this state to accommodate the needs of the state in assigning passenger vehicles.

b. Existence of adequate personnel in any county within the state where rental and leasing activity can be supported to satisfy the terms of the contract in renting or leasing state-assigned vehicles.

c. Existence of adequate personnel to facilitate the sale and disposition of the existing state-owned passenger vehicles returned to the department pursuant to subsection 3 or otherwise under the control of the department. Notwithstanding the provisions of section
8A.364 to the contrary, proceeds from the sale of motor vehicles as provided by this subsection shall be credited to the fund from which the motor vehicles were purchased.

3. By March 1, 2012, the department shall award a vehicle rental or leasing contract to a private entity, and shall assign passenger vehicles for rental or lease pursuant to that contract, to the extent the department determines doing so would be economically feasible and financially advantageous. By March 1, 2012, all state-assigned passenger vehicles designated for use by multiple drivers, and located in any county of this state which can support the operation of a private entity for rental and leasing purposes, which the department determines would be suitable for rental or leasing shall be returned to the department for use and disposition as provided in this section.

4. Notwithstanding any other provision of state law to the contrary, a private entity awarded a contract pursuant to this section shall not be required to indemnify or hold harmless the state for any liability the state might have to any third party due to the negligence of the state or any of its employees.

5. The department shall conduct an ongoing evaluation regarding the economic advantages of renting or leasing state-assigned vehicles versus state ownership of such vehicles, and shall accordingly adjust the number of vehicles subject to the rental and leasing contract pursuant to this section at intervals specified in the contract.

   b. Before setoff, the state agency shall obtain and forward to the collection entity the full name and social security number of the person liable to it or to whom a claim is owing who is a natural person. Section 422.72, subsection 1, does not apply to this paragraph.
   c. Before setoff, a state agency shall, at least annually, submit to the collection entity the information required by paragraph “b” along with the amount of each person’s liability to and the amount of each claim on the state agency.    (d) Ensure that rural communities have access to comparable services to the services provided in urban areas resulting from any plans to construct, install, repair, or maintain any part of the network.

   (2) In determining which proposal to recommend to the general assembly to accept, consider what is in the long-term best interests of the citizens of the state and the network, and utilize, if possible, the provision of services with existing service providers consistent with those best interests. In determining what is in the long-term best interests of the citizens of the state and the network, the commission, at a minimum, shall consider the cost to taxpayers of the state.

   (3) Deliver a written report and all proposals submitted in response to the request for proposals for Part III to the general assembly no later than January 1, 1995. all authorized users for the use of the network and shall consider all costs of the network in establishing the rates. A fee established by the commission to be charged to a hospital licensed pursuant to chapter 135B, a physician clinic, or the federal government shall be at an appropriate rate so that, at a minimum, there is no state subsidy related to the costs of the connection or use of the network related to such user.

A private or public agency, other than a state agency, local school district or nonpublic school, city library, county library, judicial branch, judicial district department of correctional services, agency of the federal government, a hospital or physician clinic, or a post office authorized to be offered access pursuant to this chapter as of May 18, 1994, shall certify to the commission no later than July 1, 1994, that the agency is a part of or intends to become a part of the network. Upon receiving such certification from an agency not a part of the network on May 18, 1994, the commission shall provide for the connection of such agency as soon as practical. An agency which does not certify to the commission that the agency is a part of or intends to become a part of the network as required by this subsection shall be prohibited from using the network.

2. a. A private or public agency, other than a private college or university or a nonpublic school, which certifies to the commission pursuant to subsection 1 that the agency is a part of or intends to become a part of the network shall use the network for all video, data, and voice requirements of the agency unless the private or public agency petitions the commission for a waiver and one of the following applies:

(1) The costs to the authorized user for services provided on the network are not competitive with the same services provided by another provider.

(2) The authorized user is under contract with another provider for such services, provided the contract was entered into prior to April 1, 1994. The agency shall use the network for video, data, and voice requirements which are not provided pursuant to such contract.

(3) The authorized user has entered into an agreement with the commission to become part of the network prior to June 1, 1994, which does not provide for use of the network for all video, data, and voice requirements of the agency. The commission may enter into an agreement described in this subparagraph upon a determination that the use of the network for all video, data, and voice requirements of the agency would not be in the best interests of the agency.

b. A private or public agency, other than a private college or university or a nonpublic school, shall petition the commission for a waiver of the requirement to use the network as provided in paragraph “a”, if the agency determines that paragraph “a”, subparagraph (1) or (2) applies. The commission shall establish by rule a review process for determining, upon application of an authorized user, whether paragraph “a”, subparagraph (1) or (2) applies. An authorized user found by the commission to be under contract for such services as provided in paragraph “a”, subparagraph (2), shall not enter into another contract upon the expiration of such contract, but shall utilize the network for such services as provided in this section unless paragraph “a”, subparagraph (1), applies. A waiver approved by the commission may be for a period as requested by the private or public agency of up to three years.

c. A private college or university or a nonpublic school which certifies to the commission pursuant to subsection 1 that the private college, university, or nonpublic school is a part of or intends to become a part of the network may use the network for its video, data, or voice requirements as determined by the private college or university or nonpublic school.
3. A facility that is considered a public agency pursuant to section 8D.2, subsection 5, paragraph “b”, shall be authorized to access the Iowa communications network strictly for homeland security communication purposes and disaster communication purposes. Any utilization of the network that is not related to communications concerning homeland security or a disaster, as defined in section 29C.2, is expressly prohibited. Access under this subsection shall be available only if a state of disaster emergency is proclaimed by the governor pursuant to section 29C.6 or a homeland security or disaster event occurs requiring connection of disparate communications systems between public agencies to provide for a multiagency or multijurisdictional response. Access shall continue only for the period of time the homeland security or disaster event exists. For purposes of this subsection, disaster communication purposes includes training and exercising for a disaster if public notice of the training and exercising session is posted on the website of the homeland security and emergency management division of the department of public defense. A scheduled and noticed training and exercising session shall not exceed five days. Interpretation and application of the provisions of this subsection shall be strictly construed.

4. A community college receiving federal funding to conduct first responder training and testing regarding homeland security first responder communication and technology-related research and development projects shall be authorized to utilize the network for testing purposes.

The commission may purchase, lease, and improve property, equipment, and services for telecommunications for public and private agencies and may dispose of property and equipment when not necessary for its purposes. The commission may enter into a contract for the purchase, lease, or improvement of property, equipment, or services for telecommunications pursuant to this subsection in an amount not greater than the contract limitation amount without prior authorization by a constitutional majority of each house of the general assembly, approval by the legislative council if the general assembly is not in session, or the approval of the executive council as provided pursuant to paragraph “b”. A contract entered into under this subsection for an amount exceeding the contract limitation amount shall require prior authorization or approval by the general assembly, the legislative council, or the executive council as provided in this subsection. The commission shall not issue any bond or other long-term financing arrangements as defined in section 12.30, subsection 1, paragraph “b”. Real or personal property to be purchased by the commission through the use of a financing agreement shall be done in accordance with the provisions of section 12.28, provided, however, that the commission may purchase property, equipment, or services for telecommunications pursuant to a financing agreement in an amount not greater than the contract limitation amount without prior authorization by a constitutional majority of each house of the general assembly, approval by the legislative council if the general assembly is not in session, or the approval of the executive council as provided pursuant to paragraph “b”. A contract entered into under this subsection for an amount exceeding the contract limitation amount shall require prior authorization or approval by the general assembly, the legislative council, or the executive council as provided in this subsection.

b. Approval by the executive council as provided under paragraph “a” shall only be permitted if the contract for which the commission is seeking approval is necessary as the result of circumstances constituting a natural disaster or a threat to homeland security.

c. For purposes of this subsection, “contract limitation amount” means two million dollars. However, beginning July 1, 2008, and on each succeeding July 1, the director shall adjust the contract limitation amount to be applicable for the twelve-month period commencing on September 1 of the year in which the adjustment is made. The new contract limitation amount shall be published annually as a notice in the Iowa administrative bulletin prior to September 1. The adjusted contract limitation amount shall be calculated by applying the percentage change in the consumer price index for all urban consumers for the most recent available
twelve-month period published in the federal register by the United States department of labor, bureau of labor statistics, to the existing contract limitation amount as an increase or decrease, rounded to the nearest dollar. The calculation and publication of the contract limitation amount by the director are exempt from the provisions of chapter 17A.

Other public agencies may pay the rental costs and other amounts due under an agreement or lease from their annual budgeted funds or other funds legally available or to become available.

3. This section comprises a complete and independent authorization and procedure for a public agency, with the approval of the commission, to enter into a lease or agreement and this section is not a qualification of any other powers which a public agency may possess and the authorizations and powers granted under this section are not subject to the terms, requirements, or limitations of any other provisions of law, except that the commission must comply with the provisions of section 12.28 when entering into financing agreements for the purchase of real or personal property. All moneys received by the commission from agreements and leases entered into pursuant to this section with private and public agencies shall be deposited in the Iowa communications network fund.

4. A political subdivision receiving communications services from the state as of April 1, 1986, may continue to do so but communications services shall not be provided or resold to additional political subdivisions other than a school corporation, a city library, and a county library as provided in chapter 336. The rates charged to the political subdivision shall be the same as the rates charged to state agencies.

SUBCHAPTER II
TAXATION DISCLOSURE ACT

8G.10 Intent — findings.
The general assembly finds that increasing the ease of public access to state and local tax rates, particularly where the rates are currently available from disparate government sources and are difficult for the public to collect and efficiently aggregate, significantly contributes to governmental accountability, public participation, and the understanding of the cost of government services. Therefore, it is the intent of the general assembly to direct the department of management, in consultation with the department of revenue, to create and maintain a searchable database and internet site of each tax rate for all taxing jurisdictions in the state to make citizen access to state and local tax rates as open, transparent, and publicly accessible as feasible.

12.82 School infrastructure fund and reserve funds.
1. A school infrastructure fund is created and established as a separate and distinct fund in the state treasury under the control of the department of education. Notwithstanding any other provision of this chapter, the fund shall be used for purposes of the school infrastructure program established in section 292.2.
2. Revenue for the school infrastructure fund shall include, but is not limited to, the following, which shall be deposited with the treasurer of state or its designee as provided by any bond or security documents and credited to the fund:
   a. The proceeds of bonds issued to capitalize and pay the costs of the fund and investment earnings on the proceeds.

3. Moneys in the school infrastructure fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the fund shall be credited to the fund.
4. Any amounts remaining in the school infrastructure fund at the end of the fiscal year beginning July 1, 2010, and for each fiscal year thereafter, which are determined by the treasurer of state to be unencumbered and unobligated and otherwise unnecessary to make the payments for such fiscal year, shall be transferred to the rebuild Iowa infrastructure fund.
5. a. The treasurer of state may create and establish one or more special funds, to be known as “bond reserve funds”, to secure one or more issues of bonds or notes issued pursuant to section 12.81. The treasurer of state shall pay into each bond reserve fund any moneys appropriated and made available by the state or the treasurer for the purpose of the fund, any proceeds of sale of notes or bonds to the extent provided in the resolutions authorizing their issuance, and any other moneys which may be available to the treasurer for the purpose of the fund from any other sources. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.
   b. Moneys in a bond reserve fund shall not be withdrawn from it at any time in an amount
that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this subsection, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, payment when due of principal, interest, redemption premiums, and the sinking fund payments with respect to the bonds for the payment of which other moneys of the treasurer are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the treasurer to other funds or accounts to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for it.

c. The treasurer of state shall not at any time issue bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the treasurer at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other sources an amount which, together with the amount then in the fund, will not be less than the bond reserve fund requirement for the fund. For the purposes of this subsection, the term “bond reserve fund requirement” means, as of any particular date of computation, an amount of money, as provided in the resolutions authorizing the bonds with respect to which the fund is established.

d. To assure the continued solvency of any bonds secured by the bond reserve fund, provision is made in paragraph “c” for the accumulation in each bond reserve fund of an amount equal to the bond reserve fund requirement for the fund. In order further to assure maintenance of the bond reserve funds, the treasurer shall, on or before January 1 of each calendar year, make and deliver to the governor the treasurer’s certificate stating the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor shall submit to both houses printed copies of a budget including the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the treasurer pursuant to this subsection shall be deposited by the treasurer in the applicable bond reserve fund.

bonds. Bonds issued and sold under this section are payable solely and only from moneys in
the revenue bonds debt service fund and any reserve fund created in section 12.89 and only

or agency, is subject to personal liability resulting from carrying out the powers and duties
conferred by this section and sections 12.88 through 12.90.

15.329 Eligible business.
1. To be eligible to receive incentives under this part, a business shall meet all of the following requirements:
   a. If the qualifying investment is ten million dollars or more, the community has approved by ordinance or resolution the start-up, location, or expansion of the business for the purpose of receiving the benefits of this part.
   b. The business has not closed or substantially reduced operations in one area of this state and relocated substantially the same operations in a community in another area of this state. This paragraph shall not be construed to prohibit a business from expanding its operation in a community if existing operations of a similar nature in this state are not closed or substantially reduced.
   c. The business shall create or retain jobs as part of a project, and the jobs created or retained shall meet one of the following qualifying wage thresholds:
      (1) If the business is creating jobs, the business shall demonstrate that the jobs will pay at least one hundred percent of the qualifying wage threshold at the start of the project
completion period, at least one hundred thirty percent of the qualifying wage threshold by the project completion date, and at least one hundred thirty percent of the qualifying wage threshold until the maintenance period completion date.

(2) If the business is retaining jobs, the business shall demonstrate that the jobs retained will pay at least one hundred thirty percent of the qualifying wage threshold throughout both the project completion period and the maintenance period.

d. The business shall provide a sufficient package of benefits to each employee holding a created or retained job. The board, at the recommendation of the authority, shall adopt rules determining what constitutes a sufficient package of benefits.

e. The business shall demonstrate that the jobs created or retained will have a sufficient impact on state and local government revenues as determined by the authority after calculating the fiscal impact ratio of the project.

f. The business shall not be a retail business or a business where entrance is limited by a cover charge or membership requirement.

g. Notwithstanding the qualifying wage threshold requirements in paragraph ‘c’, if a business is also the recipient of financial assistance under another program administered by the authority, and the other program requires the payment of higher wages than the wages required under this subsection, the business shall be required to pay the higher wages.

2. A business providing a sufficient package of benefits to each employee holding a created or retained job shall qualify for a credit against the qualifying wage threshold requirements described in subsection 1, paragraph ‘c’. The credit shall be calculated in the manner described in section 15G.112, subsection 4, paragraph “b”.

3. Any business located in a quality jobs enterprise zone is ineligible to receive the economic development incentives under the program.

4. If the authority finds that a business has a record of violations of the law, including but not limited to environmental and worker safety statutes, rules, and regulations, over a period of time that tends to show a consistent pattern, the business shall not qualify for economic development assistance under this part, unless the authority finds that the violations did not seriously affect public health or safety, or the environment, or if it did, that there were mitigating circumstances. In making the findings and determinations regarding violations, mitigating circumstances, and whether the business is disqualified for economic development assistance under this part, the authority shall be exempt from chapter 17A.

5. The authority shall also consider a variety of factors including but not limited to the following in determining the eligibility of a business to participate in the program:

a. The quality of the jobs to be created or retained. In rating the quality of the jobs, the authority shall place greater emphasis on those jobs that have a higher wage scale, have a lower turnover rate, are full-time or career-type positions, provide comprehensive health benefits, or have other related factors which could be considered to be higher in quality, than to other jobs. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

b. The impact of the proposed project on other businesses in competition with the business being considered for assistance. The authority shall make a good-faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The authority shall make a good-faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

c. The economic impact to this state of the proposed project. In measuring the economic impact, the authority shall place greater emphasis on projects which can demonstrate the existence of one or more of the following conditions:

(1) A business with a greater percentage of sales out-of-state or of import substitution.
(2) A business with a higher proportion of in-state suppliers.
(3) A project which would provide greater diversification of the state economy.
(4) A business with fewer in-state competitors.
(5) A potential for future job growth.
(6) A project which is not a retail operation.
6. The authority may waive any of the requirements of this section for good cause shown.
For aggregate limitations on amount of tax credits, see §15.119
Code editor directive applied

15.330 Agreement.
A business shall enter into an agreement with the authority specifying the requirements that must be met to confirm eligibility pursuant to this part. The authority shall consult with the community during negotiations relating to the agreement. The agreement shall contain, at a minimum, the following provisions:

1. A business that is approved to receive incentives shall, for the length of the agreement, certify annually to the authority the compliance of the business with the requirements of the agreement. If the business receives a local property tax exemption, the business shall also certify annually to the community the compliance of the business with the requirements of the agreement.

2. The repayment of incentives by the business if the business does not meet any of the requirements of this part or the resulting agreement.

3. If a business that is approved to receive incentives under this part experiences a layoff within the state or closes any of its facilities within the state, the authority shall have the discretion to reduce or eliminate some or all of the incentives. If a business has received incentives under this part and experiences a layoff within the state or closes any of its facilities within the state, the business may be subject to repayment of all or a portion of the incentives that it has received.

4. A project completion date, a maintenance period completion date, the number of jobs to be created or retained, or certain other terms and obligations described in section 15G.112, subsection 1, paragraph “d”, as the authority deems necessary in order to make the requirements in project agreements uniform. The authority, with the approval of the board, may adopt rules as necessary for making such requirements uniform. Such rules shall be in compliance with the provisions of this part and with the provisions of chapter 15G.
For aggregate limitations on amount of tax credits, see §15.119
Code editor directive applied

15.333 Investment tax credit.
1. An eligible business may claim a tax credit equal to a percentage of the new investment directly related to new jobs created or retained by the location or expansion of an eligible business under the program. The tax credit shall be amortized equally over five calendar years. The tax credit shall be allowed against taxes imposed under chapter 422, division II, III, or V, and against the moneys and credits tax imposed in section 533.329. If the business is a partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of the partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust. The percentage shall be determined as provided in section 15.335A. Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first.

2. For purposes of this subsection, “new investment directly related to new jobs created by the location or expansion of an eligible business under the program” means the cost of machinery and equipment, as defined in section 427A.1, subsection 1, paragraphs “e” and “j”, purchased for use in the operation of the eligible business, the purchase price of
§15.333 which has been depreciated in accordance with generally accepted accounting principles, the purchase price of real property and any buildings and structures located on the real property, and the cost of improvements made to real property which is used in the operation of the eligible business. “New investment directly related to new jobs created by the location or expansion of an eligible business under the program” also means the annual base rent paid to a third-party developer by an eligible business for a period not to exceed ten years, provided the cumulative cost of the base rent payments for that period does not exceed the cost of the land and the third-party developer’s costs to build or renovate the building for the eligible business. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. If, however, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which tax credit was claimed under this section, the tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

a. One hundred percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within one full year after being placed in service.

b. Eighty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within two full years after being placed in service.

c. Sixty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within three full years after being placed in service.

d. Forty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within four full years after being placed in service.

e. Twenty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within five full years after being placed in service.

For aggregate limitations on amount of tax credits, see §15.119

b. For purposes of this section, “research activities” includes the development and deployment of innovative renewable energy generation components manufactured or assembled in this state. For purposes of this section, “innovative renewable energy generation components” does not include a component with more than two hundred megawatts of installed effective nameplate capacity.

c. The tax credits for innovative renewable energy generation components shall not exceed two million dollars.

2. a. In the case of an eligible business whose gross revenues do not exceed twenty million dollars per year, the credit equals the sum of the following:

(2) Ten percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

b. In the case of an eligible business whose gross revenues exceed twenty million dollars per year, the credit equals the sum of the following:

(1) Three percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.
(2) Three percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

3. For purposes of subsection 2, the state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

4. a. In lieu of the credit amount computed in subsection 2, an eligible business may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative simplified credit described in section 41(c)(5) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer’s federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

b. For purposes of the alternate credit computation method in paragraph “a”, the credit percentages applicable to qualified research expenses described in section 41(c)(5)(A) and clause (ii) of section 41(c)(5)(B) of the Internal Revenue Code are as follows:

1. In the case of an eligible business whose gross revenues do not exceed twenty million dollars per year, the credit percentages are seven percent and three percent, respectively.

2. In the case of an eligible business whose gross revenues exceed twenty million dollars per year, the credit percentages are two and one-tenth percent and nine-tenths percent, respectively.

5. The credit allowed in this section is in addition to the credit authorized in section 422.10 and section 422.33, subsection 5. However, if the alternative credit computation method is used in section 422.10 or section 422.33, subsection 5, the credit allowed in this section shall also be computed using that method.

6. If the eligible business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of the partnership S corporation, limited liability company, or estate or trust.

7. a. For purposes of this section, “base amount”, “basic research payment”, and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative simplified credit such amounts are for research conducted within this state.

b. For purposes of this section, “Internal Revenue Code” means the Internal Revenue Code in effect on January 1, 2011.

8. Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following year.

9. The department of revenue shall by February 15 of each year issue an annual report to the general assembly containing the total amount of all claims made by employers under this section, and the portion of the claims issued as refunds, for all claims processed during the previous calendar year. The report shall contain the name of each claimant for whom a tax credit in excess of five hundred thousand dollars was issued and the amount of the credit received.

Taxes attributable to intangible property and furniture and furnishings shall not be refunded.

b. To receive the refund, a claim shall be filed by the primary business or a supporting business with the department of revenue as follows:

(1) The contractor or subcontractor shall state under oath, on forms provided by the department, the amount of the sales of goods, wares, or merchandise or services rendered, furnished, or performed including water, sewer, gas, and electric utility services for use in the zone upon which sales or use tax has been paid prior to the project completion, and shall file the forms with the primary business or supporting business before final settlement is made.

(2) The primary business or a supporting business shall, not more than six months after project completion, make application to the department for any refund of the amount of the sales and use taxes paid pursuant to chapter 423 upon any goods, wares, or merchandise, or services rendered, furnished, or performed, including water, sewer, gas, and electric utility services. The application shall be made in the manner and upon forms to be provided by the department, and the department shall audit the claim and, if approved, issue a warrant to the primary business or supporting business in the amount of the sales or use tax which has been paid to the state of Iowa under a contract. A claim filed by the primary business or a supporting business in accordance with this subsection shall not be denied by reason of a limitation provision set forth in chapter 421, 422, or 423.

c. A contractor or subcontractor who willfully makes a false report of tax paid under the provisions of this subsection is guilty of a simple misdemeanor and in addition is liable for the payment of the tax and any applicable penalty and interest.

8. Corporate tax research credit. A corporate tax credit shall be available to the primary business or a supporting business for increasing research activities in this state within the zone.

a. (1) The credit equals the sum of the following:

(a) Thirteen percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

(b) Thirteen percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

(2) The state's apportioned share of the qualifying expenditures for increasing research
activities is a percent equal to the ratio of qualified research expenditures in this state within the zone to total qualified research expenditures.

b. In lieu of the credit amount computed in paragraph “a”, subparagraph (1), subparagraph division (a), a business may elect to compute the credit amount for qualified research expenses incurred in this state within the zone in a manner consistent with the alternative simplified credit described in section 41(c)(5) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer’s federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

c. For purposes of the alternate credit computation method in paragraph “b”, the credit percentages applicable to qualified research expenses described in section 41(c)(5)(A) and clause (ii) of section 41(c)(5)(B) of the Internal Revenue Code are as follows:

(1) In the case of an eligible business whose gross revenues do not exceed twenty million dollars per year, the credit percentages are seven percent and three percent, respectively.

(2) In the case of an eligible business whose gross revenues exceed twenty million dollars per year, the credit percentages are two and one-tenths percent and nine-tenths percent, respectively.

d. Any credit in excess of the tax liability for the tax year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, the primary business or a supporting business may elect to have the overpayment shown on its final return credited to its tax liability for the following tax year.

e. (1) For the purposes of this subsection, “base amount”, “basic research payment”, and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative simplified credit such amounts are for research conducted within this state within the zone.

(2) For purposes of this subsection, “Internal Revenue Code” means the Internal Revenue Code in effect on January 1, 2011.

f. The credit authorized in this subsection is in lieu of the credit authorized in section 422.10 and section 422.33, subsection 5.

9. Exemption from land ownership restrictions for nonresident aliens.

a. The primary business and a supporting business, to the extent the primary business or the supporting business is not actively engaged in farming within the zone, may acquire, own, and lease land in the zone, notwithstanding the provisions of sections 9H.4, 9H.5, and 9I.3, and shall be exempt from the requirements of section 9I.4. The primary business and supporting business shall comply with the remaining provisions of chapters 9H and 9I to the extent they do not conflict with this subsection.

b. “Actively engaged in farming” means any of the following:

(1) Inspecting agricultural production activities within the zone periodically and furnishing at least half of the value of the tools and paying at least half the direct cost of production.

(2) Regularly and frequently making or taking an important part in making management decisions substantially contributing to or affecting the success of the farm operations within the zone.

(3) Performing physical work which significantly contributes to crop or livestock production.

10. Limitation on assistance. Economic development assistance under subsections 3 through 9 shall only be available to the primary business or a supporting business. However, if the economic development authority finds that a primary business or a supporting business has a record of violations of the law, including but not limited to environmental and worker safety statutes, rules, and regulations, over a period of time that tends to show a consistent pattern, the primary business or supporting business shall not qualify for economic development assistance under subsections 3 through 9, unless the economic development authority finds that the violations did not seriously affect public health or safety or the environment, or if it did that there were mitigating circumstances. In making the findings and determinations regarding violations, mitigating circumstances, and whether a
primary business or a supporting business is eligible for economic development assistance
under subsections 3 through 9, the economic development authority shall be exempt from
chapter 17A.

15E.43 Investment tax credits.

1. a. For tax years beginning on or after January 1, 2002, a tax credit shall be allowed against the taxes imposed in chapter 422, divisions II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for a portion of a taxpayer’s equity investment, as provided in subsection 2, in a qualifying business or a community-based seed capital fund. An individual may claim a tax credit under this paragraph of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, limited liability company, S corporation, estate, or trust.

b. A tax credit shall be allowed only for an investment made in the form of cash to purchase equity in a qualifying business or in a community-based seed capital fund. A taxpayer shall not claim the tax credit prior to the third tax year following the tax year in which the investment is made. Any tax credit in excess of the taxpayer’s liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is earlier. 2. A tax credit shall equal twenty percent of the taxpayer’s equity investment. The maximum amount of a tax credit for an investment by an investor in any one qualifying business shall be fifty thousand dollars. Each year, an investor and all affiliates of the investor shall not claim tax credits under this section for more than five different investments in five different qualifying businesses.

   b. The fund has, on or after January 1, 2002, a total of both capital commitments from investors and investments in qualifying businesses of at least one hundred twenty-five thousand dollars, but not more than three million dollars. However, if a fund is either a rural business investment company under the rural business investment program of the federal Farm Security and Rural Investment Act of 2002, Pub. L. No. 107-171, or an Iowa-based seed capital fund with at least forty percent of its committed capital subscribed by community-based seed capital funds, the fund may qualify notwithstanding having capital in excess of the limits set forth in this paragraph as long as the fund otherwise meets the requirements of this subsection.
   c. The fund has no fewer than five investors who are not affiliates, with no single investor
and affiliates of that investor together owning a total of more than twenty-five percent of the ownership interests outstanding in the fund.

3. a. In order for an investment in a community-based seed capital fund to qualify for a tax credit, the community-based seed capital fund in which the investment is made shall, within one hundred twenty days of the date of the first investment, notify the authority of all of the following:

(2) All limited partners or members who may initially qualify for the tax credits.

(3) The earliest year in which the tax credits may be redeemed.

b. The list of limited partners or members who may qualify for the tax credits shall be amended as new equity interests are sold or as any information on the list shall change.

The tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the amount of the tax credit, the name of the community-based seed capital fund, and other information required by the department of revenue. The tax credit certificate, unless rescinded by the authority, shall be accepted by the department of revenue or a local taxing district, as applicable, as payment for taxes imposed pursuant to chapter 422, divisions II, III, and V, and chapter 432, and as payment for the moneys and credits tax imposed pursuant to section 533.329, subject to any conditions or restrictions placed by the authority on the face of the tax credit certificate and subject to the limitations of section 15E.43.

5. The manager of the community-based seed capital fund shall have the burden of proof to demonstrate to the authority the community-based seed capital fund’s qualifications under this section, and shall have the obligation to notify the authority in a timely manner of any changes in the qualifications of the community-based seed capital fund, in the qualifications of any qualifying business in which the fund has invested, or in the eligibility of limited partners or members to redeem the investment tax credits in any year.

6. In the event that a community-based seed capital fund fails to meet or maintain any requirement set forth in this section, or in the event that at least thirty-three percent of the invested capital of the community-based seed capital fund has not been invested in one or more separate qualifying businesses, measured at the end of the forty-eighth month after commencing the fund’s investing activities, the authority shall rescind any tax credit certificates issued to limited partners or members and shall notify the department of revenue that it has done so, and the tax credit certificates shall be null and void. However, a community-based seed capital fund may apply to the authority for a one-year waiver of the requirements of this subsection.

7. An investor in a community-based seed capital fund shall receive a tax credit pursuant to this division only for the investor’s investment in the community-based seed capital fund and shall not receive any additional tax credit for the investor’s share of investments made by the community-based seed capital fund in a qualifying business or in an Iowa-based seed capital fund with at least forty percent of its committed capital subscribed by community-based seed capital funds. However, an investor in a community-based seed capital fund may receive a tax credit under this division with respect to a separate direct investment made by the investor in the same qualifying business in which the community-based seed capital fund invests.

8. A community-based seed capital fund shall not invest in the Iowa fund of funds, if organized pursuant to section 15E.65, but may invest up to sixty percent of its committed capital in an Iowa-based seed capital fund with at least forty percent of its committed capital subscribed by community-based seed capital funds.

15E.46 Reports.

CAPITAL INVESTMENT
— IOWA FUND OF FUNDS

15E.61 Findings — purpose.

1. The general assembly finds the following: Fundamental changes have occurred in national and international financial markets and in the financial markets of this state. A critical shortage of seed and venture capital resources exists in the state, and such shortage is impairing the growth of commerce in the state. A need exists to increase the availability of venture equity capital for emerging, expanding, and restructuring enterprises in Iowa, including, without limitation, enterprises in the life sciences, advanced manufacturing, information technology, alternative and renewable energy including the alternative and renewable energy sectors listed in section 476.42, subsection 1, paragraph “a”, subparagraph (1), and value-added agriculture areas. Such investments will create jobs for Iowans and will help to diversify the state’s economic base.

2. This division is enacted to fulfill the following purposes:

a. To mobilize private investment in a broad variety of venture capital partnerships in diversified industries and locales.

b. To retain the private-sector culture of focusing on rate of return in the investing process.

c. To secure the services of the best managers in the venture capital industry, regardless of location.

d. To facilitate the organization of the Iowa fund of funds in which to seek such private investment and to create interest in such investments by offering state incentives for private persons to make investments in the Iowa fund of funds.

e. To enhance the venture capital culture and infrastructure in the state of Iowa so as to increase venture capital investment within the state and to promote venture capital investing within Iowa.

f. To accomplish these purposes in such a manner as to minimize any appropriations by the state of Iowa.

g. To effectuate specific, measurable results, including all of the following:

(1) The creation of three new venture capital fund offices in Iowa within three years of February 28, 2002.

(2) The investment of resources from the Iowa fund of funds in Iowa businesses within three years of February 28, 2002.

(3) A cumulative rate of return on venture investments of the Iowa fund of funds equal to a minimum of one and one-half percentage points above the ten-year treasury bill rate in effect at the end of five years following February 28, 2002.

LOAN REPAYMENTS

15E.120 Loan repayments.
1. Cities which have received loans under the former Iowa community development loan program, sections 7A.41 through 7A.49, Code 1985, are still obligated to repay borrowed funds to the state and to comply with terms and conditions of existing promissory notes.
2. After July 1, 1986, loan repayments made by recipient cities are payable to the Iowa department of economic development in an amount and at the time required by existing promissory notes.
3. Loan agreements with cities receiving loans under the former Iowa community development loan program for projects which have not been completed as of July 1, 1986, shall be amended by substituting “Iowa department of economic development” for “office for planning and programming”. The Iowa department of economic development shall assume the state’s administrative responsibilities for these uncompleted projects.
4. All loan agreements and promissory notes with cities with completed projects shall, on July 1, 1986, be amended by substituting “Iowa department of economic development” for “office for planning and programming”.
5. Loan repayments received by the Iowa department of economic development shall be deposited into a special account to be used at its discretion as matching funds to attract financial assistance from and to participate in programs with national rural development and finance corporations. Funds in this special account shall not revert to the state general fund at the end of any fiscal year. If the programs for which the funds in the special account are to be used are terminated or expire, the funds in the special account and funds that would be repaid, if any, to the special account shall be transferred or repaid to the strategic investment fund established in section 15.313.
6. On July 18, 2011, the economic development authority shall assume responsibility for the administration of this section.

15E.192 Enterprise zones.
1. A county may create an economic development enterprise zone as authorized in this division, subject to certification by the economic development authority, by designating up to one percent of the county area for that purpose. An eligible county containing a city whose boundaries extend into an adjacent county may establish an enterprise zone in an area of the city located in the adjacent county if the adjacent county’s board of supervisors adopts a resolution approving the establishment of the enterprise zone in the city and the two counties enter into an agreement pursuant to chapter 28E regarding the establishment of the enterprise zone. A county may establish more than one enterprise zone.
2. A city which includes at least three census tracts with at least fifty percent of the population in each census tract located in the city, as shown by the 2000 certified federal census, may create an economic development enterprise zone as authorized in this division, subject to certification by the economic development authority, by designating one or more
contiguous census tracts, as determined in the most recent federal census, or designating other geographic units approved by the economic development authority for that purpose. If there is an area in the city which meets the requirements for eligibility for an urban or rural enterprise community under Tit. XIII of the federal Omnibus Budget Reconciliation Act of 1993, such area shall be designated by the state as an economic development enterprise zone. The area meeting the requirements for eligibility for an urban or rural enterprise community shall not be included for the purpose of determining the area limitation pursuant to subsection 4. In creating an enterprise zone, a city which includes at least three census tracts with at least fifty percent of the population in each census tract located in the city, as shown by the 2000 certified federal census, may designate as part of the area tracts or approved geographic units located in a contiguous city if such tracts or approved geographic units meet the criteria and the city agrees to being included. The city may establish more than one enterprise zone. Reference in this division to “city” means a city which includes at least three census tracts with at least fifty percent of the population in each census tract located in the city, as shown by the 2000 certified federal census.

3. A city may create an economic development enterprise zone as authorized in this division, subject to certification by the economic development authority, by designating up to four square miles of the city for that purpose. In order for an enterprise zone to be certified pursuant to this subsection, an enterprise zone shall meet the distress criteria provided in section 15E.194, subsection 3. Section 15E.194, subsection 2, shall not apply to an enterprise zone certified pursuant to this subsection. For purposes of this subsection and section 15E.194, subsection 3, “city” means a city that includes at least three census tracts, as determined in the most recent federal census.

4. a. An enterprise zone certified by the authority pursuant to subsection 2 shall only be amended if the amendment consists of an area being added to the enterprise zone and the added area meets the criteria of section 15E.194, subsection 2. An enterprise zone certified by the authority pursuant to subsection 1 or 2 may be decertified; however, if a subsequent enterprise zone is designated, the expiration date of the subsequent enterprise zone shall be the same as the expiration date of the decertified enterprise zone. A portion of a certified enterprise zone may be decertified, provided that the remaining portion of the certified enterprise zone meets the distress criteria provided in section 15E.194.

b. A county or city may apply to the authority for an area to be certified as an enterprise zone at any time prior to July 1, 2012. However, the total amount of land designated as enterprise zones under subsection 1, and any other enterprise zones certified by the authority, excluding those approved pursuant to subsection 2 and section 15E.194, subsections 3 and 5, shall not exceed in the aggregate one percent of the total county area.

5. An enterprise zone designation shall remain in effect for ten years following the date of certification. Prior to the expiration of an enterprise zone designation, a city or county meeting the distress criteria in section 15E.194 may apply for a one-time ten-year extension of the designation. In applying for a one-time ten-year extension of an enterprise zone designation, a city or county may redefine the boundaries of the enterprise zone provided that the redefined enterprise zone meets the applicable distress criteria provided in section 15E.194. Prior to the expiration of an enterprise zone designation, a city or county that is not eligible to designate an enterprise zone but previously designated the enterprise zone pursuant to section 15E.194, Code Supplement 1997, may apply for a one-time extension of the enterprise zone designation to one year following the complete publication of the 2010 federal census. In applying for a one-time extension of the enterprise zone designation, the city or county may redefine the boundaries of the enterprise zone provided that the redefined enterprise zone meets the distress criteria provided in section 15E.194, Code Supplement 1997. The authority shall designate by rule the specific date of one year following the complete publication of the 2010 federal census. Any state or local incentives or assistance
that may be conferred must be conferred before the designation expires. However, the
benefits of the incentive or assistance may continue beyond the expiration.
§15E.193 Eligible business.
1. A business which is or will be located, in whole or in part, in an enterprise zone is
eligible to receive incentives and assistance under this division if the business has not closed
or reduced its operation in one area of the state and relocated substantially the same operation
into the enterprise zone and if the business meets all of the following requirements:
   a. Is not a retail business or a business where entrance is limited by a cover charge or
      membership requirement.
   b. (1) The business shall provide a sufficient package of benefits to each employee holding
      a created or retained job. For purposes of this paragraph, “created job” and “retained job”
      have the same meaning as defined in section 15G.101.
      (2) The authority, upon the recommendation of the authority,* shall adopt rules
determining what constitutes a sufficient package of benefits.
   c. The business shall pay a wage that is at least ninety percent of the qualifying wage
      threshold. For purposes of this paragraph, “qualifying wage threshold” has the same meaning
      as defined in section 15G.101.
   d. Creates or retains at least ten full-time equivalent positions and maintains them until the
      maintenance period completion date. For purposes of this paragraph, “maintenance period
      completion date” and “full-time equivalent position” have the same meanings as defined in
      section 15G.101.
   e. Makes a capital investment of at least five hundred thousand dollars.
   f. If the business is only partially located in an enterprise zone, the business must be
      located on contiguous parcels of land.
2. In addition to meeting the requirements under subsection 1, an eligible business shall
provide the enterprise zone commission with all of the following:
   a. The long-term strategic plan for the business which shall include labor and
      infrastructure needs.
   b. Information dealing with the benefits the business will bring to the area.
   c. Examples of why the business should be considered or would be considered a good
      business enterprise.
   d. The impact the business will have on other businesses in competition with it. The
      enterprise zone commission shall make a good-faith effort to identify existing Iowa
      businesses within an industry in competition with the business being considered for
      assistance. The enterprise zone commission shall make a good-faith effort to determine the
      probability that the proposed financial assistance will displace employees of the existing
      businesses. In determining the impact on businesses in competition with the business being
      considered for assistance, jobs created or retained as a result of other jobs being displaced
      elsewhere in the state shall not be considered direct jobs created or retained.
   e. A report describing all violations of environmental law or worker safety law within the
      last five years. If, upon review of the application, the enterprise zone commission finds that a
      business has a record of violations of the law, statutes, rules, or regulations that tends to show
      a consistent pattern, the enterprise zone commission shall not make an award of financial
      assistance to the business unless the authority finds either that the violations did not seriously
      affect public health, public safety, or the environment, or, if such violations did seriously affect
      public health, public safety, or the environment, that mitigating circumstances were present.
3. If a business has received incentives or assistance under section 15E.196 and fails to
maintain the requirements of subsection 1 to be an eligible business, the business is subject
to repayment of all or a portion of the incentives and assistance that it has received. The city
or county, as applicable, shall have the authority to take action to recover the value of taxes
not collected as a result of the exemption provided by the community to the business. The
§15E.193

The department of revenue shall have the authority to recover the value of state taxes or incentives provided under section 15E.196. The value of state incentives provided under section 15E.196 includes applicable interest and penalties. The economic development authority and the city and county, as applicable, shall enter into agreement with the business specifying the method for determining the amount of incentives or assistance paid which will be repaid in the event of failure to maintain the requirements of subsection 1. In addition, a business that fails to maintain the requirements of subsection 1 shall not receive incentives or assistance for each year during which the business is not in compliance.

4. If a business that is approved to receive incentives or assistance provided under section 15E.196 experiences a layoff within the state or closes any of its facilities within the state prior to receiving the incentives and assistance, the authority may reduce or eliminate all or a portion of the incentives and assistance. If a business has received incentives or assistance under section 15E.196 and experiences a layoff within the state or closes any of its facilities within the state after receiving the incentives and assistance, the business may be subject to repayment of all or a portion of the incentives and assistance that it has received.

15E.193B Eligible housing business.

1. A housing business qualifying under this section is eligible to receive incentives and assistance only as provided in this section. An eligible housing business shall not receive incentives or assistance for a home or multiple dwelling unit built or rehabilitated in an enterprise zone designated pursuant to section 15E.194, subsection 3 or 5. Sections 15E.193 and 15E.196 do not apply to an eligible housing business qualifying under this section.

2. An eligible housing business under this section includes a housing developer, housing contractor, or nonprofit organization that builds or rehabilitates a minimum of four single-family homes located in that part of a city or county in which there is a designated enterprise zone or one multiple dwelling unit building containing three or more individual dwelling units located in that part of a city or county in which there is a designated enterprise zone.

3. The single-family homes and dwelling units which are rehabilitated or constructed by the eligible housing business shall include the necessary amenities. When completed and made available for occupancy, the single-family homes and dwelling units shall meet the United States department of housing and urban development’s housing quality standards and local safety standards.

4. The eligible housing business shall complete its building or rehabilitation within two years from the time the business begins construction on the single-family homes and dwelling units. The failure to complete construction or rehabilitation within two years shall result in the eligible housing business becoming ineligible and subject to the repayment requirements and penalties enumerated in subsection 7. The authority may extend the prescribed two-year completion period for any current or future project which has not been completed if the authority determines that completion within the two-year period is impossible or impractical as a result of a substantial loss caused by flood, fire, earthquake, storm, or other catastrophe. For purposes of this subsection, “substantial loss” means damage or destruction in an amount in excess of thirty percent of the project’s expected eligible basis as set forth in the eligible housing business’s application.

5. An eligible housing business shall provide the enterprise zone commission with all of the following information:

a. The long-term strategic plan for the housing business which shall include labor and infrastructure needs.

b. Information dealing with the benefits the housing business will bring to the area.

c. Examples of why the housing business should be considered or would be considered a good business enterprise.
d. An affidavit that it has not, within the last five years, violated state or federal environmental and worker safety statutes, rules, and regulations or if such violation has occurred that there were mitigating circumstances or such violations did not seriously affect public health or safety or the environment.

e. Information showing the total costs and sources of project financing that will be utilized for the new investment directly related to housing for which the business is seeking approval for a tax credit provided in subsection 6, paragraph “a”.

f. If the eligible housing business is a partnership, S corporation, or limited liability company using low-income housing tax credits authorized under section 42 of the Internal Revenue Code to assist in the financing of the housing development, the name of any partner if the business is a partnership, a shareholder if the business is an S corporation, or a member if the business is a limited liability company and the amount designated as allowed under subsection 8.

6. An eligible housing business which has been approved to receive incentives and assistance by the economic development authority pursuant to application as provided in section 15E.195 shall receive all of the following incentives and assistance for a period not to exceed ten years:

a. An eligible housing business may claim a tax credit up to a maximum of ten percent of the new investment which is directly related to the building or rehabilitating of a minimum of four single-family homes located in that part of a city or county in which there is a designated enterprise zone or one multiple dwelling unit building containing three or more individual dwelling units located in that part of a city or county in which there is a designated enterprise zone. The new investment that may be used to compute the tax credit shall not exceed the new investment used for the first one hundred forty thousand dollars of value for each single-family home or for each unit of a multiple dwelling unit building containing three or more units. The tax credit may be used to reduce the tax liability imposed under chapter 422, division II, III, or V, or chapter 432. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs earlier. If the business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of the partnership, S corporation, limited liability company, or estate or trust except as allowed for under subsection 8 when low-income housing tax credits authorized under section 42 of the Internal Revenue Code are used to assist in the financing of the housing development.

b. Sales, services, and use tax refund for taxes paid by an eligible business including an eligible business acting as a contractor or subcontractor, as provided in section 15.331A.

7. If a business has received incentives or assistance under this section and fails to maintain the requirements of this section to be an eligible housing business, the business is subject to repayment of all or a portion of the incentives and assistance that it has received. The department of revenue shall have the authority to recover the value of state taxes or incentives provided under this section. The value of state incentives provided under this section includes applicable interest and penalties. The economic development authority and the city and county, as applicable, shall enter into agreement with the business specifying the method for determining the amount of incentives or assistance paid which will be repaid in the event of failure to maintain the requirements of this section. In addition, a business that fails to maintain the requirements of this section shall not receive incentives or assistance for each year during which the business is not in compliance.

8. The amount of the tax credits determined pursuant to subsection 6, paragraph “a”, for each project shall be approved by the economic development authority. The authority shall utilize the financial information required to be provided under subsection 5, paragraph “e”, to determine the tax credits allowed for each project. In determining the amount of tax credits to be allowed for a project, the authority shall not include the portion of the project cost financed through federal, state, and local government tax credits, grants, and forgivable loans. Upon approving the amount of the tax credit, the economic development authority shall issue a tax credit certificate to the eligible housing business except when
low-income housing tax credits authorized under section 42 of the Internal Revenue Code are used to assist in the financing of the housing development in which case the tax credit certificate may be issued to a partner if the business is a partnership, a shareholder if the business is an S corporation, or a member if the business is a limited liability company in the amounts designated by the eligible partnership, S corporation, or limited liability company. An eligible housing business or the designated partner if the business is a partnership, designated shareholder if the business is an S corporation, or designated member if the business is a limited liability company, or transferee shall not claim the tax credit unless a tax credit certificate is attached to the taxpayer’s return for the tax year for which the tax credit is claimed. The tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the amount of the tax credit, and other information required by the department of revenue. The tax credit certificate shall be transferable if the housing development is located in a brownfield site as defined in section 15.291, if the housing development is located in a blighted area as defined in section 403.17, or if low-income housing tax credits authorized under section 42 of the Internal Revenue Code are used to assist in the financing of the housing development. Not more than three million dollars worth of tax credits for housing developments that are located in a brownfield site as defined in section 15.291 or housing developments located in a blighted area as defined in section 403.17 shall be transferred in one calendar year. The three million dollar annual limit does not apply to tax credits awarded to an eligible housing business having low-income housing tax credits authorized under section 42 of the Internal Revenue Code to assist in the financing of the housing development. The authority may approve an application for tax credit certificates for transfer from an eligible housing business located in a brownfield site as defined in section 15.291 or in a blighted area as defined in section 403.17 that would result in the issuance of more than three million dollars of tax credit certificates for transfer, provided the authority, through negotiation with the eligible business, allocates those tax credit certificates for transfer over more than one calendar year. The authority shall not approve more than one million five hundred thousand dollars in tax credit certificates for transfer to any one eligible housing business located in a brownfield site as defined in section 15.291 or in a blighted area as defined in section 403.17 in a calendar year. If three million dollars in tax credit certificates for transfer have not been issued at the end of a calendar year, the remaining tax credit certificates for transfer may be issued in advance to an eligible housing business scheduled to receive a tax credit certificate for transfer in a later calendar year. Any time the authority approves a tax credit certificate for transfer which has not been allocated at the end of a calendar year, the authority may prorate the remaining certificates to more than one eligible applicant. If the entire three million dollars of tax credit certificates for transfer is not issued in a given calendar year, the remaining amount may be carried over to a succeeding calendar year. Tax credit certificates issued under this chapter may be transferred to any person or entity. The economic development authority shall notify the department of revenue of the tax credit certificates which have been approved for transfer. Within ninety days of transfer, the transferee must submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee’s name, tax identification number, and address, and the denomination that each replacement tax credit certificate is to carry and any other information required by the department of revenue. Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement certificate must contain the information required to receive the original certificate and must have the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule of the economic development authority shall not be transferable. A tax credit shall not be claimed by a transferee under subsection 6, paragraph “a”, until a replacement tax credit certificate identifying the transferee as the proper holder has been issued.

The transferee may use the amount of the tax credit transferred against the taxes imposed under chapter 422, divisions II, III, and V, and chapter 432 for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer
of the tax credit shall not be included as income under chapter 422, divisions II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V.

9. The economic development authority and the department of revenue shall each adopt rules to jointly administer this section.

For aggregate limitations on amount of tax credits, see §15.119

15E.195 Enterprise zone commission.

1. A county which designates an enterprise zone pursuant to section 15E.194, subsection 1, and in which an eligible enterprise zone is certified shall establish an enterprise zone commission to review applications from qualified businesses located within or requesting to locate within an enterprise zone designated pursuant to section 15E.194, subsection 1, to receive incentives or assistance as provided in section 15E.196. The enterprise zone commission shall also review applications from qualified housing businesses requesting to receive incentives or assistance as provided in section 15E.193B. The commission shall consist of nine members. Five of these members shall consist of one representative of the board of supervisors, one member with economic development expertise chosen by the economic development authority, one representative of the county zoning board, one member of the local community college board of directors, and one representative of the local workforce development center. These five members shall select the remaining four members. If the enterprise zone consists of an area meeting the requirements for eligibility for an urban or rural enterprise community under Tit. XIII of the federal Omnibus Budget Reconciliation Act of 1993, one of the remaining four members shall be a representative of that community. A county shall have only one enterprise zone commission to review applications for incentives and assistance for businesses located within or requesting to locate within a certified enterprise zone designated pursuant to section 15E.194, subsection 1.

2. A city which includes at least three census tracts with at least fifty percent of the population in each census tract located in the city and which designates an enterprise zone pursuant to section 15E.194, subsection 2 or 3, and in which an eligible enterprise zone is certified shall establish an enterprise zone commission to review applications from qualified businesses located within or requesting to locate within an enterprise zone to receive incentives or assistance as provided in section 15E.196. The enterprise zone commission shall review applications from qualified housing businesses requesting to receive incentives or assistance as provided in section 15E.193B. The commission shall consist of nine members.
members. Six of these members shall consist of one representative of an international labor organization, one member with economic development expertise chosen by the economic development authority, one representative of the city council, one member of the local community college board of directors, one member of the city planning and zoning commission, and one representative of the local workforce development center. These six members shall select the remaining three members. If the enterprise zone consists of an area meeting the requirements for eligibility for an urban enterprise community under Tit. XIII of the federal Omnibus Budget Reconciliation Act of 1993, one of the remaining three members shall be a representative of that community. If a city contiguous to the city designating the enterprise zone is included in an enterprise zone, a representative of the contiguous city, chosen by the city council, shall be a member of the commission. A city in which an eligible enterprise zone is certified shall have only one enterprise zone commission. If a city has established an enterprise zone commission prior to July 1, 1998, the city may petition to the economic development authority to change the structure of the existing commission.

3. The commission may adopt more stringent requirements, including requirements related to compensation and benefits, for a business to be eligible for incentives or assistance than provided in sections 15E.193 and 15E.193B. The commission may develop an additional requirement that preference in hiring be given to individuals who live within the enterprise zone. The commission shall work with the local workforce development center to determine the labor availability in the area. The commission shall examine and evaluate building codes and zoning in the enterprise zone and make recommendations to the appropriate governing body in an effort to promote more affordable housing development.

4. If the enterprise zone commission determines that a business qualifies and is eligible to receive incentives or assistance as provided in section 15E.193B or 15E.196, the commission shall submit an application for incentives or assistance to the economic development authority. The authority may approve, defer, or deny the application.

5. a. In making its decision, the commission or authority shall consider the impact of the eligible business on other businesses in competition with it and compare the compensation package of businesses in competition with the business being considered for incentives or assistance. The commission or authority shall make a good-faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for incentives or assistance. The commission or authority shall also make a good-faith effort to determine the probability that the proposed incentives or assistance will displace employees of existing businesses. In determining the impact on businesses in competition with the business seeking incentives or assistance, jobs created as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created.

b. However, if the commission or authority finds that an eligible business has a record of violations of the law, including but not limited to environmental and worker safety statutes, rules, and regulations, over a period of time that tends to show a consistent pattern, the eligible business shall not qualify for incentives or assistance under section 15E.193B or 15E.196, unless the commission or authority finds that the violations did not seriously affect public health or safety or the environment, or if it did that there were mitigating circumstances. In making the findings and determinations regarding violations, mitigating circumstances, and whether an eligible business is eligible for incentives or assistance under section 15E.193B or 15E.196, the commission or authority shall be exempt from chapter 17A. If requested by the commission or authority, the business shall provide copies of materials documenting the type of violation, any fees or penalties assessed, court filings, final disposition of any findings, and any other information which would assist the commission or authority in assessing the nature of any violation.

6. A business that is approved to receive incentives or assistance shall, for the length of its designation as an enterprise zone business, certify annually to the county or city, as
applicable, and the economic development authority its compliance with the requirements of section 15E.193 or 15E.193B.

1. A governmental body may hold a closed session only by affirmative public vote of either two-thirds of the members of the body or all of the members present at the meeting. A governmental body may hold a closed session only to the extent a closed session is necessary for any of the following reasons:

a. To review or discuss records which are required or authorized by state or federal law to be kept confidential or to be kept confidential as a condition for that governmental body’s possession or continued receipt of federal funds.

b. To discuss application for letters patent.

c. To discuss strategy with counsel in matters that are presently in litigation or where litigation is imminent where its disclosure would be likely to prejudice or disadvantage the position of the governmental body in that litigation.

d. To discuss the contents of a licensing examination or whether to initiate licensee disciplinary investigations or proceedings if the governmental body is a licensing or examining board.

e. To discuss whether to conduct a hearing or to conduct hearings to suspend or expel a student, unless an open session is requested by the student or a parent or guardian of the student if the student is a minor.

f. To discuss the decision to be rendered in a contested case conducted according to the provisions of chapter 17A.

g. To avoid disclosure of specific law enforcement matters, such as current or proposed investigations, inspection or auditing techniques or schedules, which if disclosed would enable law violators to avoid detection.
h. To avoid disclosure of specific law enforcement matters, such as allowable tolerances or criteria for the selection, prosecution, or settlement of cases, which if disclosed would facilitate disregard of requirements imposed by law.

i. To evaluate the professional competency of an individual whose appointment, hiring, performance, or discharge is being considered when necessary to prevent needless and irreparable injury to that individual’s reputation and that individual requests a closed session.

j. To discuss the purchase or sale of particular real estate only where premature disclosure could be reasonably expected to increase the price the governmental body would have to pay for that property or reduce the price the governmental body would receive for that property. The minutes and the audio recording of a session closed under this paragraph shall be available for public examination when the transaction discussed is completed.

k. To discuss information contained in records in the custody of a governmental body that are confidential records pursuant to section 22.7, subsection 50.

l. To discuss patient care quality and process improvement initiatives in a meeting of a public hospital or to discuss marketing and pricing strategies or similar proprietary information in a meeting of a public hospital, where public disclosure of such information would harm such a hospital’s competitive position when no public purpose would be served by public disclosure. The minutes and the audio recording of a closed session under this paragraph shall be available for public inspection when the public disclosure would no longer harm the hospital’s competitive position. For purposes of this paragraph, “public hospital” means the same as defined in section 249J.3. This paragraph does not apply to the information required to be disclosed pursuant to section 347.13, subsection 11, or to any discussions relating to terms or conditions of employment, including but not limited to compensation of an officer or employee or group of officers or employees.

2. The vote of each member on the question of holding the closed session and the reason for holding the closed session by reference to a specific exemption under this section shall be announced publicly at the open session and entered in the minutes. A governmental body shall not discuss any business during a closed session which does not directly relate to the specific reason announced as justification for the closed session.

3. Final action by any governmental body on any matter shall be taken in an open session unless some other provision of the Code expressly permits such actions to be taken in closed session.

4. A governmental body shall keep detailed minutes of all discussion, persons present, and action occurring at a closed session, and shall also audio record all of the closed session. The detailed minutes and audio recording of a closed session shall be sealed and shall not be public records open to public inspection. However, upon order of the court in an action to enforce this chapter, the detailed minutes and audio recording shall be unsealed and examined by the court in camera. The court shall then determine what part, if any, of the minutes should be disclosed to the party seeking enforcement of this chapter for use in that enforcement proceeding. In determining whether any portion of the minutes or recording shall be disclosed to such a party for this purpose, the court shall weigh the prejudicial effects to the public interest of the disclosure of any portion of the minutes or recording in question, against its probative value as evidence in an enforcement proceeding. After such a determination, the court may permit inspection and use of all or portions of the detailed minutes and audio recording by the party seeking enforcement of this chapter. A governmental body shall keep the detailed minutes and audio recording of any closed session for a period of at least one year from the date of that meeting, except as otherwise required by law.

5. Nothing in this section requires a governmental body to hold a closed session to discuss or act upon any matter.

[C71, 73, 75, 77, §28A.3; C79, 81, §28A.5]

C85, §21.5

Subsection 1, paragraph "I" does not apply to litigation before any court that was filed prior to July 1, 2008; 2008 Acts, ch 1191, §99
21.6 Enforcement.
1. The remedies provided by this section against state governmental bodies shall be in addition to those provided by section 17A.19. Any aggrieved person, taxpayer to, or citizen of, the state of Iowa, or the attorney general or county attorney, may seek judicial enforcement of the requirements of this chapter. Suits to enforce this chapter shall be brought in the district court for the county in which the governmental body has its principal place of business.

2. Once a party seeking judicial enforcement of this chapter demonstrates to the court that the body in question is subject to the requirements of this chapter and has held a closed session, the burden of going forward shall be on the body and its members to demonstrate compliance with the requirements of this chapter.

3. Upon a finding by a preponderance of the evidence that a governmental body has violated any provision of this chapter, a court:
   a. Shall assess each member of the governmental body who participated in its violation damages in the amount of not more than five hundred dollars and not less than one hundred dollars. However, if a member of a governmental body knowingly participated in such a violation, damages shall be in the amount of not more than two thousand five hundred dollars and not less than one thousand dollars. These damages shall be paid by the court imposing it to the state of Iowa, if the body in question is a state governmental body, or to the local government involved if the body in question is a local governmental body. A member of a governmental body found to have violated this chapter shall not be assessed such damages if that member proves that the member did any of the following:
      (1) Voted against the closed session.
      (2) Had good reason to believe and in good faith believed facts which, if true, would have indicated compliance with all the requirements of this chapter.
      (3) Reasonably relied upon a decision of a court, a formal opinion of the attorney general, or the attorney for the governmental body, given in writing, or as memorialized in the minutes of the meeting at which a formal oral opinion was given, or an advisory opinion of the attorney general or the attorney for the governmental body, given in writing.
   b. Shall order the payment of all costs and reasonable attorney fees in the trial and appellate courts to any party successfully establishing a violation of this chapter. The costs and fees shall be paid by those members of the governmental body who are assessed damages under paragraph "a". If no such members exist because they have a lawful defense under that paragraph to the imposition of such damages, the costs and fees shall be paid to the successful party from the budget of the offending governmental body or its parent.
   c. Shall void any action taken in violation of this chapter, if the suit for enforcement of this chapter is brought within six months of the violation and the court finds under the facts of the particular case that the public interest in the enforcement of the policy of this chapter outweighs the public interest in sustaining the validity of the action taken in the closed session. This paragraph shall not apply to an action taken regarding the issuance of bonds or other evidence of indebtedness of a governmental body if a public hearing, election or public sale has been held regarding the bonds or evidence of indebtedness.
   d. Shall issue an order removing a member of a governmental body from office if that member has engaged in a prior violation of this chapter for which damages were assessed against the member during the member’s term.
   e. May issue a mandatory injunction punishable by civil contempt ordering the members of the offending governmental body to refrain for one year from any future violations of this chapter.
4. Ignorance of the legal requirements of this chapter shall be no defense to an enforcement proceeding brought under this section. A governmental body which is in doubt about the legality of closing a particular meeting is authorized to bring suit at the expense of that governmental body in the district court of the county of the governmental body’s
principal place of business to ascertain the propriety of any such action, or seek a formal opinion of the attorney general or an attorney for the governmental body.

CHAPTER 22
EXAMINATION OF PUBLIC RECORDS
(OPEN RECORDS)

22.3A Access to data processing software.
1. As used in this section:
   a. "Access" means the instruction of, communication with, storage of data in, or retrieval of data from a computer.
   b. "Computer" means an electronic device which performs logical, arithmetical, and memory functions by manipulations of electronic or magnetic impulses, and includes all input, output, processing, storage, and communication facilities which are connected or related to the computer including a computer network. As used in this paragraph, "computer" includes any central processing unit, front-end processing unit, minicomputer, or microprocessor, and related peripheral equipment such as data storage devices, document scanners, data entry terminal controllers, and data terminal equipment and systems for computer networks.
   c. "Computer network" means a set of related, remotely connected devices and communication facilities including two or more computers with capability to transmit data among them through communication facilities.
   d. "Data" means a representation of information, knowledge, facts, concepts, or instructions that has been prepared or is being prepared in a formalized manner and has been processed, or is intended to be processed, in a computer. Data may be stored in any form, including but not limited to a printout, magnetic storage media, disk, compact disc, punched card, or as memory of a computer.
   e. "Data processing software" means an ordered set of instructions or statements that, when executed by a computer, causes the computer to process data, and includes any program or set of programs, procedures, or routines used to employ and control capabilities of computer hardware. As used in this paragraph "data processing software" includes but is not limited to an operating system, compiler, assembler, utility, library resource, maintenance routine, application, computer networking program, or the associated documentation.
2. A government body may provide, restrict, or prohibit access to data processing software developed by the government body, regardless of whether the data processing software is separated or combined with a public record. A government body shall establish policies and procedures to provide access to public records which are combined with its data processing software. A public record shall not be withheld from the public because it is combined with data processing software. A government body shall not acquire any electronic data processing system for the storage, manipulation, or retrieval of public records that would impair the government body's ability to permit the examination of a public record and the copying of a public record in either written or electronic form. If it is necessary to separate a public record from data processing software in order to permit the examination or copying of the public record, the government body shall bear the cost of separation of the public record from the data processing software. The electronic public record shall be made available in a format useable with commonly available data processing or database management software. The cost chargeable to a person receiving a public record separated from data processing software under this subsection shall not be in excess
of the charge under this chapter unless the person receiving the public record requests that the public record be specially processed. A government body may establish payment rates and procedures required to provide access to data processing software, regardless of whether the data processing software is separated from or combined with a public record. Proceeds from payments may be considered repayment receipts, as defined in section 8.2. The payment amount shall be calculated as follows:

a. The amount charged for access to a public record shall be not more than that required to recover direct publication costs, including but not limited to editing, compilation, and media production costs, incurred by the government body in developing the data processing software and preparing the data processing software for transfer to the person. The amount shall be in addition to any other fee required to be paid under this chapter for the examination and copying of a public record. If a person accesses a public record stored in an electronic format that does not require formatting, editing, or compiling to access the public record, the charge for providing the accessed public record shall not exceed the reasonable cost of accessing that public record. The government body shall, if requested, provide documentation which explains and justifies the amount charged. This paragraph shall not apply to any publication for which a price has been established pursuant to another section, including section 2A.5.

b. If access to the data processing software is provided to a person for a purpose other than provided in paragraph “a”, the amount may be established according to the discretion of the government body, and may be based upon competitive market considerations as determined by the government body.

3. A government body is granted and may apply for and receive any legal protection necessary to secure a right to or an interest in data processing software developed by the government body, including but not limited to federal copyright, patent, and trademark protections, and any trade secret protection available under chapter 550. The government body may enter into agreements for the sale or distribution of its data processing software, including marketing and licensing agreements. The government body may impose conditions upon the use of the data processing software that is otherwise consistent with state and federal law.

Subsection 1. paragraph e amended

22.7 Confidential records.
The following public records shall be kept confidential, unless otherwise ordered by a court, by the lawful custodian of the records, or by another person duly authorized to release such information:

1. Personal information in records regarding a student, prospective student, or former student maintained, created, collected or assembled by or for a school corporation or educational institution maintaining such records. This subsection shall not be construed to prohibit a postsecondary education institution from disclosing to a parent or guardian information regarding a violation of a federal, state, or local law, or institutional rule or policy governing the use or possession of alcohol or a controlled substance if the child is under the age of twenty-one years and the institution determines that the student committed a disciplinary violation with respect to the use or possession of alcohol or a controlled substance regardless of whether that information is contained in the student's education records. This subsection shall not be construed to prohibit a school corporation or educational institution from transferring student records electronically to the department of education, an accredited nonpublic school, an attendance center, a school district, or an accredited postsecondary institution in accordance with section 256.9, subsection 48.

2. Hospital records, medical records, and professional counselor records of the condition, diagnosis, care, or treatment of a patient or former patient or a counselee or former counselee, including outpatient. However, confidential communications between a crime
victim and the victim's counselor are not subject to disclosure except as provided in section 915.20A. However, the Iowa department of public health shall adopt rules which provide for the sharing of information among agencies and providers concerning the maternal and child health program including but not limited to the statewide child immunization information system, while maintaining an individual's confidentiality.

3. Trade secrets which are recognized and protected as such by law.

4. Records which represent and constitute the work product of an attorney, which are related to litigation or claim made by or against a public body.

5. Peace officers' investigative reports, and specific portions of electronic mail and telephone billing records of law enforcement agencies if that information is part of an ongoing investigation, except where disclosure is authorized elsewhere in this Code. However, the date, time, specific location, and immediate facts and circumstances surrounding a crime or incident shall not be kept confidential under this section, except in those unusual circumstances where disclosure would plainly and seriously jeopardize an investigation or pose a clear and present danger to the safety of an individual. Specific portions of electronic mail and telephone billing records may only be kept confidential under this subsection if the length of time prescribed for commencement of prosecution or the finding of an indictment or information under the statute of limitations applicable to the crime that is under investigation has not expired.

6. Reports to governmental agencies which, if released, would give advantage to competitors and serve no public purpose.

7. Appraisals or appraisal information concerning the sale or purchase of real or personal property for public purposes, prior to the execution of any contract for such sale or the submission of the appraisal to the property owner or other interest holders as provided in section 6B.45.

8. Economic development authority information on an industrial prospect with which the authority is currently negotiating.

9. Criminal identification files of law enforcement agencies. However, records of current and prior arrests and criminal history data shall be public records.

10. Reserved.

Personal information in confidential personnel records of government bodies relating to identified or identifiable individuals who are officials, officers, or employees of the government bodies. However, the following information relating to such individuals contained in personnel records shall be public records:

   (1) The name and compensation of the individual including any written agreement establishing compensation or any other terms of employment excluding any information otherwise excludable from public information pursuant to this section or any other applicable provision of law. For purposes of this paragraph, "compensation" means payment of, or agreement to pay, any money, thing of value, or financial benefit conferred in return for labor or services rendered by an official, officer, or employee plus the value of benefits conferred including but not limited to casualty, disability, life, or health insurance, other health or wellness benefits, vacation, holiday, and sick leave, severance payments, retirement benefits, and deferred compensation.

   (2) The dates the individual was employed by the government body.

   (3) The positions the individual holds or has held with the government body.

   (4) The educational institutions attended by the individual, including any diplomas and degrees earned, and the names of the individual's previous employers, positions previously held, and dates of previous employment.

   (5) The fact that the individual was discharged as the result of a final disciplinary action upon the exhaustion of all applicable contractual, legal, and statutory remedies.

b. Personal information in confidential personnel records of government bodies relating to student employees shall only be released pursuant to 20 U.S.C. § 1232g.

records, would reveal the identity of the library patron checking out or requesting an item or information from the library. The records shall be released to a criminal or juvenile justice agency only pursuant to an investigation of a particular person or organization suspected of committing a known crime. The records shall be released only upon a judicial determination that a rational connection exists between the requested release of information and a legitimate end and that the need for the information is cogent and compelling.

14. The material of a library, museum or archive which has been contributed by a private person to the extent of any limitation that is a condition of the contribution.

15. Information concerning the procedures to be used to control disturbances at adult correctional institutions. Such information shall also be exempt from public inspection under section 17A.3. As used in this subsection disturbance means a riot or a condition that can reasonably be expected to cause a riot.

16. Information in a report to the Iowa department of public health, to a local board of health, or to a local health department, which identifies a person infected with a reportable disease.

17. Records of identity of owners of public bonds or obligations maintained as provided in section 76.10 or by the issuer of the public bonds or obligations. However, the issuer of the public bonds or obligations and a state or federal agency shall have the right of access to the records.

18. Communications not required by law, rule, procedure, or contract that are made to a government body or to any of its employees by identified persons outside of government, to the extent that the government body receiving those communications from such persons outside of government could reasonably believe that those persons would be discouraged from making them to that government body if they were available for general public examination. As used in this subsection, "persons outside of government" does not include persons or employees of persons who are communicating with respect to a consulting or contractual relationship with a government body or who are communicating with a government body with whom an arrangement for compensation exists. Notwithstanding this provision:

a. The communication is a public record to the extent that the person outside of government making that communication consents to its treatment as a public record.

b. Information contained in the communication is a public record to the extent that it can be disclosed without directly or indirectly indicating the identity of the person outside of government making it or enabling others to ascertain the identity of that person.

c. Information contained in the communication is a public record to the extent that it indicates the date, time, specific location, and immediate facts and circumstances surrounding the occurrence of a crime or other illegal act, except to the extent that its disclosure would plainly and seriously jeopardize a continuing investigation or pose a clear and present danger to the safety of any person. In any action challenging the failure of the lawful custodian to disclose any particular information of the kind enumerated in this paragraph, the burden of proof is on the lawful custodian to demonstrate that the disclosure of that information would jeopardize such an investigation or would pose such a clear and present danger.

19. Examinations, including but not limited to cognitive and psychological examinations for law enforcement officer candidates administered by or on behalf of a governmental body, to the extent that their disclosure could reasonably be believed by the custodian to interfere with the accomplishment of the objectives for which they are administered.

20. Information concerning the nature and location of any archaeological resource or site if, in the opinion of the state archaeologist, disclosure of the information will result in unreasonable risk of damage to or loss of the resource or site where the resource is located. This subsection shall not be construed to interfere with the responsibilities of the federal government or the state historic preservation officer pertaining to access, disclosure, and use of archaeological site records.

21. Information concerning the nature and location of any ecologically sensitive resource or site if, in the opinion of the director of the department of natural resources after consultation with the state ecologist, disclosure of the information will result in
unreasonable risk of damage to or loss of the resource or site where the resource is located. This subsection shall not be construed to interfere with the responsibilities of the federal government or the director of the department of natural resources and the state ecologist pertaining to access, disclosure, and use of the ecologically sensitive site records.

22. Reports or recommendations of the Iowa insurance guaranty association filed or made pursuant to section 515B.10, subsection 1, paragraph “a”, subparagraph (2).

24. Reserved.

25. However, such record may be released with the express written consent of the person requesting the record.

41. Medical examiner records and reports, including preliminary reports, investigative reports, and autopsy reports. However, medical examiner records and reports shall be released to a law enforcement agency that is investigating the death, upon the request of the law enforcement agency, and autopsy reports shall be released to the decedent's immediate next of kin upon the request of the decedent's immediate next of kin unless disclosure to the decedent's immediate next of kin would jeopardize an investigation or pose a clear and present danger to the public safety or the safety of an individual. However, the administrator shall make the list of assets available for examination by any person. A person wishing to examine the list of assets shall make a written request to the administrator on a form approved by the administrator. The list of assets may be viewed at the division's offices during normal working hours. The list of assets shall not be copied in any manner. Communications and asset information not required by law, rule, or procedure that are provided to the administrator by persons outside of government and for which the administrator has signed a nondisclosure agreement are exempt from public disclosures. The homeland security and emergency management division may provide all or part of the critical asset plan to federal, state, or local governmental agencies which have emergency planning or response functions if the administrator is satisfied that the need to know and intended use are reasonable. 22.10 Civil enforcement.

1. The rights and remedies provided by this section are in addition to any rights and remedies provided by section 17A.19. Any aggrieved person, any taxpayer to or citizen of the state of Iowa, or the attorney general or any county attorney, may seek judicial enforcement of the requirements of this chapter in an action brought against the lawful custodian and any other persons who would be appropriate defendants under the circumstances. Suits to enforce this chapter shall be brought in the district court for the county in which the lawful custodian has its principal place of business.

2. Once a party seeking judicial enforcement of this chapter demonstrates to the court that the defendant is subject to the requirements of this chapter, that the records in question are government records, and that the defendant refused to make those government records available for examination and copying by the plaintiff, the burden of going forward shall be on the defendant to demonstrate compliance with the requirements of this chapter.

3. Upon a finding by a preponderance of the evidence that a lawful custodian has violated any provision of this chapter, a court:

a. Shall issue an injunction punishable by civil contempt ordering the offending lawful custodian and other appropriate persons to comply with the requirements of this chapter in the case before it and, if appropriate, may order the lawful custodian and other appropriate persons to refrain for one year from any future violations of this chapter.

b. Shall assess the persons who participated in its violation damages in the amount of not more than five hundred dollars and not less than one hundred dollars. However, if a person knowingly participated in such a violation, damages shall be in the amount of not more than two thousand five hundred dollars and not less than one thousand dollars. These damages shall be paid by the court imposing them to the state of Iowa if the body in question is a state government body, or to the local government involved if the body in question is a local government body. A person found to have violated this chapter shall not be assessed such damages if that person proves that the person did any of the following:

(1) Voted against the action violating this chapter, refused to participate in the action violating this chapter, or engaged in reasonable efforts under the circumstances to resist or prevent the action in violation of this chapter.

(2) Had good reason to believe and in good faith believed facts which, if true, would have indicated compliance with the requirements of this chapter.

(3) Reasonably relied upon a decision of a court, a formal opinion of the attorney general, or the attorney for the government body, given in writing, or as memorialized in the minutes of the meeting at which a formal oral opinion was given, or an advisory opinion of the attorney general or the attorney for the government body, given in writing.

c. Shall order the payment of all costs and reasonable attorney fees, including appellate attorney fees, to any plaintiff successfully establishing a violation of this chapter in the action brought under this section. The costs and fees shall be paid by the particular persons who were assessed damages under paragraph “b” of this subsection. If no such persons exist because they have a lawful defense under that paragraph to the imposition of such damages,
§22.10

the costs and fees shall be paid to the successful plaintiff from the budget of the offending
government body or its parent.

d. Shall issue an order removing a person from office if that person has engaged in a
prior violation of this chapter for which damages were assessed against the person during
the person's term.

4. Ignorance of the legal requirements of this chapter is not a defense to an enforcement
proceeding brought under this section. A lawful custodian or its designee in doubt about
the legality of allowing the examination or copying or refusing to allow the examination or
copying of a government record is authorized to bring suit at the expense of that government
body in the district court of the county of the lawful custodian's principal place of business, or
to seek an opinion of the attorney general or the attorney for the lawful custodian, to ascertain
the legality of any such action.

29C.6 Proclamation of disaster emergency by governor.

In exercising the governor’s powers and duties under this chapter and to effect the policy and purpose, the governor may:

1. After finding a disaster exists or is threatened, proclaim a state of disaster emergency. This proclamation shall be in writing, indicate the area affected and the facts upon which it is based, be signed by the governor, and be filed with the secretary of state. If the state of disaster emergency specifically constitutes a public health disaster as defined in section 135.140, the written proclamation shall include a statement to that effect. A state of disaster emergency shall continue for thirty days, unless sooner terminated or extended in writing by the governor. The general assembly may, by concurrent resolution, rescind this proclamation. If the general assembly is not in session, the legislative council may, by majority vote, rescind this proclamation. Recision shall be effective upon filing of the concurrent resolution or resolution of the legislative council with the secretary of state. A proclamation of disaster emergency shall activate the disaster response and recovery aspect of the state, local, and interjurisdictional disaster emergency plans applicable to the political subdivision or area in question and be authority for the deployment and use of any forces to which the plan applies, and for use or distribution of any supplies, equipment, and materials and facilities assembled, stockpiled, or arranged to be made available.

2. When, at the request of the governor, the president of the United States has declared a major disaster to exist in this state, enter into purchase, lease, or other arrangements with any agency of the United States for temporary housing units to be occupied by disaster victims and to make such units available to any political subdivision of the state, to assist any political subdivision of this state which is the locus of temporary housing for disaster victims, to acquire sites necessary for such temporary housing and to do all things required to prepare such sites to receive and utilize temporary housing units, by advancing or lending funds available to the governor from any appropriation made by the legislature or from any other source, allocating funds made available by any agency, public or private, or becoming a copartner with the political subdivision for the execution and performance of any temporary housing for disaster victims project. Any political subdivision of this state is expressly authorized to acquire, temporarily or permanently, by purchase, lease, or otherwise, sites required for installation of temporary housing units for disaster victims, and to enter into whatever arrangements are necessary to prepare or equip such sites to utilize the housing units. The governor may temporarily suspend or modify, for not to exceed sixty days, any public health, safety, zoning, transportation, or other requirement of law or regulation within this state when by proclamation, the governor deems such suspension or modification essential to provide temporary housing for disaster victims.

3. When the president of the United States has declared a major disaster to exist in the state and upon the governor’s determination that a local government of the state will suffer a substantial loss of tax and other revenues from a major disaster and has demonstrated a need for financial assistance to perform its governmental functions, apply to the federal government, on behalf of the local government for a loan, receive and disburse the proceeds.
of any approved loan to any applicant local government, determine the amount needed by any applicant local government to restore or resume its governmental functions, and certify the same to the federal government; however, no application amount shall exceed twenty-five percent of the annual operating budget of the applicant for the fiscal year in which the major disaster occurs. The governor may recommend to the federal government, based upon the governor’s review, the cancellation of all or any part or repayment when, in the first three full fiscal year period following the major disaster, the revenues of the local government are insufficient to meet its operating expenses, including additional disaster-related expenses of a municipal operation character.

4. When a disaster emergency is proclaimed, notwithstanding any other provision of law, through the use of state agencies or the use of any of the political subdivisions of the state, clear or remove from publicly or privately owned land or water, debris and wreckage which may threaten public health or safety or public or private property. The governor may accept funds from the federal government and utilize such funds to make grants to any local government for the purpose of removing debris or wreckage from publicly or privately owned land or water. Authority shall not be exercised by the governor unless the affected local government, corporation, organization or individual shall first present an additional authorization for removal of such debris or wreckage from public and private property and, in the case of removal of debris or wreckage from private property, such corporation, organization or individual shall first agree to hold harmless the state or local government against any claim arising from such removal. When the governor provides for clearance of debris or wreckage, employees of the designated state agencies or individuals appointed by the state may enter upon private land or waters and perform any tasks necessary to the removal or clearance operation. Any state employee or agent complying with orders of the governor and performing duties pursuant to such orders under this chapter shall be considered to be acting within the scope of employment within the meaning specified in chapter 669.

5. When the president of the United States has declared a major disaster to exist in the state and upon the governor’s determination that financial assistance is essential to meet disaster-related necessary expenses or serious needs of individuals or families adversely affected by a major disaster that cannot be otherwise adequately met from other means of assistance, accept a grant by the federal government to fund such financial assistance, subject to such terms and conditions as may be imposed upon the grant and enter into an agreement with the federal government pledging the state to participate in the funding of the financial assistance authorized in an amount not to exceed twenty-five percent thereof, and, if state funds are not otherwise available to the governor, accept an advance of the state share from the federal government to be repaid when the state is able to do so.

6. Suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders or rules, of any state agency, if strict compliance with the provisions of any statute, order or rule would in any way prevent, hinder, or delay necessary action in coping with the emergency by stating in a proclamation such reasons. Upon the request of a local governing body, the governor may also suspend statutes limiting local governments in their ability to provide services to aid disaster victims.

7. On behalf of this state, enter into mutual aid arrangements with other states and to coordinate mutual aid plans between political subdivisions of this state.

8. Delegate any administrative authority vested in the governor under this chapter and provide for the subdelegation of any such authority.

12. Subject to any applicable requirements for compensation, commandeer or utilize any private property if the governor finds this necessary to cope with the disaster emergency.

13. Direct the evacuation of all or part of the population from any stricken or threatened area within the state if the governor deems this action necessary for the preservation of life or other disaster mitigation, response, or recovery.

15. Control ingress and egress to and from a disaster area, the movement of persons within the area, and the occupancy of premises in such area.

16. Suspend or limit the sale, dispensing, or transportation of alcoholic beverages, firearms, explosives, and combustibles.

17. a. When the president of the United States has declared a major disaster to exist in the state and upon the governor’s determination that financial assistance is essential to meet disaster-related necessary expenses or serious needs of local and state government adversely affected by a major disaster that cannot be otherwise adequately met from other means of assistance, accept a grant by the federal government to fund the financial assistance, subject to terms and conditions imposed upon the grant, and enter into an agreement with the federal government pledging the state to participate in the funding of the financial assistance authorized to local government and eligible private nonprofit agencies in an amount not to exceed ten percent of the total eligible expenses, with the applicant providing the balance of any participation amount. If financial assistance is granted by the federal government for state disaster-related expenses or serious needs, the state shall participate in the funding of the financial assistance authorized in an amount not to exceed twenty-five percent of the total eligible expenses. If financial assistance is granted by the federal government for hazard mitigation, the state may participate in the funding of the financial assistance authorized to a local government in an amount not to exceed ten percent of the eligible expenses, with the applicant providing the balance of any participation amount. If financial assistance is granted by the federal government for state-related hazard mitigation, the state may participate in the funding of the financial assistance authorized, not to exceed fifty percent of the total eligible expenses. If state funds are not otherwise available to the governor, an advance of the state share may be accepted from the federal government to be repaid when the state is able to do so.

29C.20 Contingent fund — disaster aid.
1. a. A contingent fund is created in the state treasury for the use of the executive council. Funding for the contingent fund, if authorized by the executive council, shall be paid from the appropriations addressed in section 7D.29. Moneys in the contingent fund may be expended for the following purposes:
   (1) Paying the expenses of suppressing an insurrection or riot, actual or threatened, when state aid has been rendered by order of the governor.
§29C.20

(2) Repairing, rebuilding, or restoring state property injured, destroyed, or lost by fire, storm, theft, or unavoidable cause.

(3) Repairing, rebuilding, or restoring state property that is fiberoptic cable and that is injured or destroyed by a wild animal.

(4) Purchasing a police service dog for the department of corrections when such a dog is injured or destroyed.

(5) Paying the expenses incurred by and claims of a homeland security and emergency response team when acting under the authority of section 29C.8 and public health response teams when acting under the provisions of section 135.143.

(6) (a) Aiding any governmental subdivision in an area declared by the governor to be a disaster area due to natural disasters or to expenditures necessitated by the governmental subdivision toward averting or lessening the impact of the potential disaster, where the effect of the disaster or action on the governmental subdivision is the immediate financial inability to meet the continuing requirements of local government.

(b) Upon application by a governmental subdivision in such an area, accompanied by a showing of obligations and expenditures necessitated by an actual or potential disaster in a form and with further information the executive council requires, the aid may be made in the discretion of the executive council and, if made, shall be in the nature of a loan up to a limit of seventy-five percent of the showing of obligations and expenditures. The loan, without interest, shall be repaid by the maximum annual emergency levy authorized by section 24.6, or by the appropriate levy authorized for a governmental subdivision not covered by section 24.6. The aggregate total of loans shall not exceed one million dollars during a fiscal year. A loan shall not be for an obligation or expenditure occurring more than two years previous to the application.

b. When a state department or agency requests that moneys from the contingent fund be expended to repair, rebuild, or restore state property injured, destroyed, or lost by fire, storm, theft, or unavoidable cause, or to repair, rebuild, or restore state property that is fiberoptic cable and that is injured or destroyed by a wild animal, or to purchase a police service dog for the department of corrections when such a dog is injured or destroyed, or for payment of the expenses incurred by and claims of a homeland security and emergency response team when acting under the authority of section 29C.8, the executive council shall consider the original source of the funds for acquisition of the property before authorizing the expenditure. If the original source was other than the general fund of the state, the department or agency shall be directed to utilize moneys from the original source if possible. The executive council shall not authorize the repairing, rebuilding, or restoring of the property from the disaster aid contingent fund if it determines that moneys from the original source are available to finance the project.

2. The proceeds of such loan shall be applied toward the payment of costs and obligations necessitated by such actual or potential disaster and the reimbursement of local funds from which such expenditures have been made. Any such project for repair, rebuilding or restoration of state property for which no specific appropriation has been made, shall, before work is begun, be subject to approval or rejection by the executive council.

3. If the president of the United States, at the request of the governor, has declared a major disaster to exist in this state, the executive council may make financial grants to meet disaster-related necessary expenses, serious needs, or hazard mitigation projects of local governments and eligible private nonprofit agencies adversely affected by the major disaster if those expenses or needs cannot otherwise be met from other means of assistance. The amount of the grant shall not exceed ten percent of the total eligible expenses and is conditional upon the federal government providing at least seventy-five percent for public assistance grants and at least fifty percent for hazard mitigation grants of the eligible expenses.

4. If the president, at the request of the governor, has declared a major disaster to exist in this state, the executive council may make financial grants to meet disaster-related necessary expenses or serious needs of individuals or families adversely affected by a major disaster which cannot otherwise adequately be met from other means of assistance. The amount of a financial grant shall not exceed the maximum federal authorization in the aggregate to
an individual or family in any single major disaster declared by the president. All grants authorized to individuals and families will be subject to the federal government providing no less than seventy-five percent of each grant and the declaration of a major disaster in the state by the president of the United States.

5. If the president, at the request of the governor, has declared a major disaster to exist in this state, the executive council may lease or purchase sites and develop such sites to accommodate temporary housing units for disaster victims.

6. For the purposes of this section, “governmental subdivision” means any political subdivision of this state.

§29C.20A Disaster aid individual assistance grant fund.

1. A disaster aid individual assistance grant fund is created in the state treasury for the use of the executive council. Moneys in the fund may be expended following the governor’s proclamation of a state of disaster emergency. The executive council may make financial grants to meet disaster-related expenses or serious needs of individuals or families adversely affected by a disaster which cannot otherwise be met by other means of financial assistance. The aggregate total of grants awarded shall not be more than one million dollars during a fiscal year. However, within the same fiscal year, additional funds may be specifically authorized by the executive council to meet additional needs.

2. The grant funds shall be administered by the department of human services. The department shall adopt rules to create the Iowa disaster aid individual assistance grant program. The rules shall specify the eligibility of applicants and eligible items for grant funding. The executive council shall use grant funds to reimburse the department of human services for its actual expenses associated with the administration of the grants.

3. To be eligible for a grant, an applicant shall have an annual household income that is less than two hundred percent of the federal poverty level based on the number of people in the applicant’s household as defined by the most recently revised poverty income guidelines published by the United States department of health and human services. The amount of a grant for a household shall not exceed five thousand dollars. Expenses eligible for grant funding shall be limited to personal property, home repair, food assistance, and temporary housing assistance. An applicant for a grant shall sign an affidavit committing to refund any part of the grant that is duplicated by any other assistance, such as but not limited to insurance or assistance from community development groups, charities, the small business administration, and the federal emergency management agency.

4. A recipient of grant funding shall receive reimbursement for expenses upon presenting a receipt for an eligible expense or shall receive a voucher through a voucher system developed by the department of human services and administered locally within the designated disaster area. A voucher system shall ensure sufficient data collection to discourage and prevent fraud. The department shall consult with long-term disaster recovery committees and disaster recovery case management committees in developing a voucher system.

5. The department of human services shall submit an annual report, by January 1 of each year, to the legislative fiscal committee and the general assembly’s standing committees on government oversight concerning the activities of the grant program in the previous fiscal year.

§29C.20B Disaster case management.
1. The homeland security and emergency management division shall work with the department of human services and nonprofit, voluntary, and faith-based organizations active in disaster recovery and response in coordination with the department of human services to establish a statewide system of disaster case management to be activated following the governor’s proclamation of a disaster emergency or the declaration of a major disaster by the president of the United States for individual assistance purposes. Under the system, the homeland security and emergency management division shall coordinate case management services locally through local committees as established in each commission’s emergency plan.
2. The homeland security and emergency management division, in conjunction with the department of human services and an Iowa representative to the national voluntary organizations active in disaster, shall adopt rules pursuant to chapter 17A to create coordination mechanisms and standards for the establishment and implementation of a statewide system of disaster case management which shall include at least all of the following:
   a. Disaster case management standards.
   b. Disaster case management policies.
   c. Reporting requirements.
   d. Eligibility criteria.

§29C.22 Statewide mutual aid compact.
This statewide mutual aid compact is entered into with all other emergency management commissions established pursuant to section 29C.9, counties, cities, and other political subdivisions that enter into this compact in substantially the following form:
1. Article I — Purpose and authorities.
   a. This compact is made and entered into by and between the participating emergency management commissions established pursuant to section 29C.9, counties, cities, and political subdivisions which enact this compact. For the purposes of this agreement, the term “participating governments” means emergency management commissions, counties, cities, townships, and other political subdivisions of the state which have not, through ordinance or resolution of the governing body, acted to withdraw from this compact. The inclusion of emergency management commissions in the term “participating governments” shall not convey taxing authority or other legal authority to emergency management commissions that is not otherwise granted in this chapter.
   b. The purpose of this compact is to provide for mutual assistance between the participating governments entering into this compact in managing any emergency or disaster that is declared in accordance with a comprehensive emergency plan or by the governor, whether arising from natural disaster, technological hazard, man-made disaster, community disorder, insurgency, terrorism, or enemy attack.
   c. This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by participating governments during emergencies, such actions occurring outside actual declared emergency periods.
2. Article II — General implementation.
   a. Each participating government entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each
participating government further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to the emergency. This is because few, if any, individual governments have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

b. The prompt, full, and effective use of resources of the participating governments, including any resources on hand or available from any source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by the governor or any participating government, shall be the underlying principle on which all articles of this compact shall be understood.

c. On behalf of the participating government in the compact, the legally designated official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate intrastate mutual aid plans and procedures necessary to implement this compact.

3. Article III — Participating government responsibilities.

a. It shall be the responsibility of each participating government to formulate procedural plans and programs for intrastate cooperation in the performance of the responsibilities listed in this article. In formulating the plans, and in carrying them out, the participating governments, insofar as practical, shall:

(1) Review individual hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the participating governments might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, civil disorders, insurgency, terrorism, or enemy attack.

(2) Review the participating governments’ individual emergency plans and develop a plan that will determine the mechanism for the intrastate management and provision of assistance concerning any potential emergency.

(3) Develop intrastate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans.

(4) Assist in warning communities adjacent to or crossing the participating governments’ boundaries.

(5) Protect and ensure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material.

(6) Inventory and set procedures for the intrastate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness.

(7) Provide, to the extent authorized by law, for temporary suspension of any ordinances that restrict the implementation of the above responsibilities.

b. The authorized representative of a participating government may request assistance of another participating government by contacting the authorized representative of that participating government. The provisions of this compact shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within thirty days of the verbal request. Requests shall provide all of the following:

(1) A description of the emergency service function for which assistance is needed, such as but not limited to fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.

(2) The amount and type of personnel, equipment, materials, and supplies needed, and a reasonable estimate of the length of time that the personnel, equipment, materials, and supplies will be needed.

(3) The specific place and time for staging of the assisting participating government’s response and a point of contact at that location.

c. The authorized representative of a participating government may initiate a request by contacting the homeland security and emergency management division of the state
department of public defense. When a request is received by the division, the division shall directly contact other participating governments to coordinate the provision of mutual aid.

d. Frequent consultation shall occur between officials who have been assigned emergency management responsibilities and other appropriate representatives of the participating governments with affected jurisdictions and state government, with free exchange of information, plans, and resource records relating to emergency capabilities.

e. For purposes of this subsection, “authorized representative of a participating government” means a mayor or the mayor’s designee, a member of the county board of supervisors or a representative of the board, or an emergency management coordinator or the coordinator’s designee.

4. Article IV — Limitations. Any participating government requested to render mutual aid or conduct exercises and training for mutual aid shall take the necessary action to provide and make available the resources covered by this compact in accordance with the terms of the compact. However, it is understood that the participating government rendering aid may withhold resources to the extent necessary to provide reasonable protection for the participating government. Each participating government shall afford to the emergency forces of any other participating government, while operating within its jurisdictional limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving participating government, duties, rights, and privileges as are afforded forces of the participating government in which the emergency forces are performing emergency services. Emergency forces shall continue under the command and control of their regular leaders, but the organizational units shall come under the operational control of the emergency services authorities of the participating government receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor or by competent authority of the participating government that is to receive assistance, or commencement of exercises or training for mutual aid, and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving jurisdiction, whichever is longer.

5. Article V — Licenses and permits. If a person holds a license, certificate, or other permit issued by any participating government to this compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when the assistance is requested by another participating government, the person shall be deemed licensed, certified, or permitted by the participating government requesting assistance to render aid involving the skill to meet a declared emergency or disaster, subject to the limitations and conditions as the governor may prescribe by executive order or otherwise.

6. Article VI — Liability. Officers or employees of a participating government rendering aid in another participating government jurisdiction pursuant to this compact shall be considered agents of the requesting participating government for tort liability and immunity purposes and a participating government or its officers or employees rendering aid in another jurisdiction pursuant to this compact shall not be liable on account of any act or omission in good faith on the part of the forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection with the aid. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

7. Article VII — Supplementary agreements. Because it is probable that the pattern and detail of the machinery for mutual aid among two or more participating governments may differ from that among other participating governments, this compact contains elements of a broad base common to all political subdivisions, and this compact shall not preclude any political subdivision from entering into supplementary agreements with another political subdivision or affect any other agreements already in force between political subdivisions. Supplementary agreements may include, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

8. Article VIII — Workers’ compensation. Each participating government shall provide for the payment of workers’ compensation and death benefits to injured members of the
emergency forces of that participating government and representatives of deceased members of the emergency forces in case the members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own jurisdiction.

9. Article IX — Reimbursement. Any participating government rendering aid in another jurisdiction pursuant to this compact shall be reimbursed by the participating government receiving the emergency aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with the requests. However, an aiding political subdivision may assume in whole or in part the loss, damage, expense, or other cost, or may loan the equipment or donate the services to the receiving participating government without charge or cost, and any two or more participating governments may enter into supplementary agreements establishing a different allocation of costs among the participating governments. Article VIII expenses shall not be reimbursable under this provision.

10. Article X — Evacuation and sheltering. Plans for the orderly evacuation and reception of portions of the civilian population as the result of any emergency or disaster shall be worked out and maintained between the participating governments and the emergency management or services directors of the various jurisdictions where any type of incident requiring evacuations might occur. The plans shall be put into effect by request of the participating government from which evacuees come and shall include the manner of transporting the evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of the evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. The plans shall provide that the participating government receiving evacuees and the participating government from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for the evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. The expenditures shall be reimbursed as agreed by the participating government from which the evacuees come. After the termination of the emergency or disaster, the participating government from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

11. Article XI — Implementation.
   a. This compact shall become operative July 1, 2009.
   b. Any participating government may withdraw from this compact by adopting an ordinance or resolution repealing the same, but a withdrawal shall not take effect until thirty days after the governing body of the withdrawing participating government has given notice in writing of the withdrawal to the administrator of the homeland security and emergency management division who shall notify all other participating governments. The action shall not relieve the withdrawing political subdivision from obligations assumed under this compact prior to the effective date of withdrawal.
   c. Duly authenticated copies of this compact and any supplementary agreements as may be entered into shall be deposited, at the time of their approval, with the administrator of the homeland security and emergency management division who shall notify all participating governments and other appropriate agencies of state government.

12. Article XII — Validity. This compact shall be construed to effectuate the purposes stated in article I. If any provision of this compact is declared unconstitutional, or the applicability of the compact to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability of this compact to other persons and circumstances shall not be affected.

b. Proof of continued medical care or rehabilitation services may include any reasonably reliable documentation showing that the veteran is receiving continued medical or rehabilitative care as a result of qualifying injuries. Proof that the injury occurred in the line of duty shall be made based upon the circumstances of the injury known at the time of evacuation from the combat zone or zone in which the veteran was receiving hazardous duty pay.

c. Grants for veterans injured after September 11, 2001, but prior to May 8, 2006, shall be payable, upon a showing that the veteran would have been eligible for payment had the injury occurred on or after May 8, 2006.

d. (1) A seriously injured veteran meeting all other requirements of this section may receive additional grants for subsequent, unrelated injuries that meet the requirements of this section. Any subsequent, unrelated injury shall be treated as if it were an initial injury for the purposes of determining eligibility or allotment.

(2) Grants for veterans suffering subsequent, unrelated injuries after September 11, 2001, but prior to March 30, 2011, shall be payable, upon a showing that the veteran would have been eligible for payment had the subsequent, unrelated injury occurred on or after March 30, 2011.

1. For purposes of this section:
   a. “Commissioner” means the labor commissioner appointed pursuant to section 91.2, or the labor commissioner’s designee.
   b. “Division” means the division of labor of the department of workforce development.
   c. “Nonresident bidder” means a person or entity who does not meet the definition of a resident bidder.
   d. “Public body” means the state and any of its political subdivisions, including a school district, public utility, or the state board of regents.
   e. “Public improvement” means a building or other construction work to be paid for in whole or in part by the use of funds of the state, its agencies, and any of its political subdivisions and includes road construction, reconstruction, and maintenance projects.
   f. “Public utility” includes municipally owned utilities and municipally owned waterworks.
   g. “Resident bidder” means a person or entity authorized to transact business in this state and having a place of business for transacting business within the state at which it is conducting and has conducted business for at least three years prior to the date of the first advertisement for the public improvement. If another state or foreign country has a more stringent definition of a resident bidder, the more stringent definition is applicable as to bidders from that state or foreign country.
   h. “Resident labor force preference” means a requirement in which all or a portion of a labor force working on a public improvement is a resident of a particular state or country.
2. Notwithstanding this chapter, chapter 73, chapter 309, chapter 310, chapter 331,
or chapter 384, when a contract for a public improvement is to be awarded to the lowest responsible bidder, a resident bidder shall be allowed a preference as against a nonresident bidder from a state or foreign country if that state or foreign country gives or requires any preference to bidders from that state or foreign country, including but not limited to any preference to bidders, the imposition of any type of labor force preference, or any other form of preferential treatment to bidders or laborers from that state or foreign country. The preference allowed shall be equal to the preference given or required by the state or foreign country in which the nonresident bidder is a resident. In the instance of a resident labor force preference, a nonresident bidder shall apply the same resident labor force preference to a public improvement in this state as would be required in the construction of a public improvement by the state or foreign country in which the nonresident bidder is a resident.

3. If it is determined that this may cause denial of federal funds which would otherwise be available, or would otherwise be inconsistent with requirements of any federal law or regulation, this section shall be suspended, but only to the extent necessary to prevent denial of the funds or to eliminate the inconsistency with federal requirements.

4. The public body involved in a public improvement shall require a nonresident bidder to specify on all project bid specifications and contract documents whether any preference as described in subsection 2 is in effect in the nonresident bidder’s state or country of domicile at the time of a bid submittal.

5. The commissioner and the division shall administer and enforce this section, and the commissioner shall adopt rules for the administration and enforcement of this section as provided in section 91.6.

6. The commissioner shall have the following powers and duties for the purposes of this section:

a. The commissioner may hold hearings and investigate charges of violations of this section.

b. The commissioner may, consistent with due process of law, enter any place of employment to inspect records concerning labor force residency, to question an employer or employee, and to investigate such facts, conditions, or matters as are deemed appropriate in determining whether any person has violated the provisions of this section. The commissioner shall only make such an entry in response to a written complaint.

c. The commissioner shall develop a written complaint form applicable to this section and make it available in division offices and on the department of workforce development’s internet site.

d. The commissioner may sue for injunctive relief against the awarding of a contract, the undertaking of a public improvement, or the continuation of a public improvement in response to a violation of this section.

e. The commissioner may investigate and ascertain the residency of a worker engaged in any public improvement in this state.

f. The commissioner may administer oaths, take or cause to be taken deposition of witnesses, and require by subpoena the attendance and testimony of witnesses and the production of all books, registers, payrolls, and other evidence relevant to a matter under investigation or hearing.

g. The commissioner may employ qualified personnel as are necessary for the enforcement of this section. Such personnel shall be employed pursuant to the merit system provisions of chapter 8A, subchapter IV.

h. The commissioner shall require a contractor or subcontractor to file, within ten days of receipt of a request, any records enumerated in subsection 7. If the contractor or subcontractor fails to provide the requested records within ten days, the commissioner may direct, within fifteen days after the end of the ten-day period, that the fiscal or financial office charged with the custody and disbursement of funds of the public body that contracted for construction of the public improvement or undertook the public improvement, to immediately withhold from payment to the contractor or subcontractor up to twenty-five percent of the amount to be paid to the contractor or subcontractor under the terms of the contract or written instrument under which the public improvement is being performed. The amount withheld shall be immediately released upon receipt by the public body of a notice.
from the commissioner indicating that the request for records as required by this section has been satisfied.

7. While participating in a public improvement, a nonresident bidder domiciled in a state or country that has established a resident labor force preference shall make and keep, for a period of not less than three years, accurate records of all workers employed by the contractor or subcontractor on the public improvement. The records shall include each worker’s name, address, telephone number when available, social security number, trade classification, and the starting and ending time of employment.

8. Any person or entity that violates the provisions of this section is subject to a civil penalty in an amount not to exceed one thousand dollars for each violation found in a first investigation by the division, not to exceed five thousand dollars for each violation found in a second investigation by the division, and not to exceed fifteen thousand dollars for a third or subsequent violation found in any subsequent investigation by the division. Each violation of this section for each worker and for each day the violation continues constitutes a separate and distinct violation. In determining the amount of the penalty, the division shall consider the appropriateness of the penalty to the person or entity charged, upon determination of the gravity of the violations. The collection of these penalties shall be enforced in a civil action brought by the attorney general on behalf of the division.

9. A party seeking review of the division’s determination pursuant to this section may file a written request for an informal conference. The request must be received by the division within fifteen days after the date of issuance of the division’s determination. During the conference, the party seeking review may present written or oral information and arguments as to why the division’s determination should be amended or vacated. The division shall consider the information and arguments presented and issue a written decision advising all parties of the outcome of the conference.

CHAPTER 88
OCCUPATIONAL SAFETY AND HEALTH

88.5 Occupational safety and health standards.
1. Promulgation of rules. The commissioner shall, by rule, promulgate standards as needed to conform state occupational safety and health standards to federal occupational safety and health standards. The commissioner shall follow the rulemaking procedures of chapter 17A, and shall file a notice of intended action within ninety days of federal publication of a new, amended, or revoked federal standard.

2. Toxic materials and other harmful physical agents. The commissioner, in promulging standards dealing with toxic materials or harmful physical agents under this subsection, shall set the standard which most adequately assures, to the extent feasible, on the basis of the best available evidence, that no employee will suffer material impairment of health or functional capacity even if such employee has regular exposure to the hazard dealt with by such standard for the period of the employee’s working life. Development of standards under this subsection shall be based upon research, demonstrations, experiments, and such other information as may be appropriate, but in any event shall conform with the provisions of subsection 1 of this section. In addition to the attainment of the highest degree of health and safety protection for the employee, other considerations shall be the latest available scientific data in the field, the feasibility of the standards, and experience gained under this and other health and safety laws. Whenever practicable, a standard promulgated shall be expressed in terms of objective criteria and of the performance desired.

3. Temporary variances.
   a. Any employer may apply to the commissioner for a temporary order granting a variance from a standard or any provision thereof promulgated under this section. Such temporary order shall be granted only if the employer files an application which meets the requirements of paragraph “b” of this subsection and establishes that the employer is unable to comply with the standard by its effective date because of unavailability of professional or technical personnel or of materials and equipment needed to come into compliance with the standards or because necessary construction or operation of the facilities cannot be completed by the effective date, that the employer is taking all available steps to safeguard the employer’s employees against the hazards that are covered by the standard, and that the employer has an effective program for coming into compliance with this standard as quickly as practicable. Any temporary order issued under this paragraph shall prescribe the practices, means, methods, operations, and processes which the employer must adopt and use while the order is in effect and state in detail the employer’s program for coming into compliance with the standard. Such a temporary order may be granted only after notice to employees and an opportunity for a hearing, provided that the commissioner may issue one interim order to be effective until a decision is made on the basis of the hearing. No temporary order may be in effect longer than the period needed by the employer to achieve compliance with the standard, or one year, whichever is shorter except that such an order may be renewed not more than twice so long as the requirements of this paragraph are met and an application for renewal is filed at least ninety days prior to the expiration date of the order. No interim renewal of an order may remain in effect for longer than one hundred and eighty days.

   b. An application for a temporary order under this subsection shall contain:

      (1) A specification of the standard or portion thereof from which the employer seeks a variance.

      (2) A representation by the employer, supported by representations from qualified persons having firsthand knowledge of the fact represented, that the employer is unable to comply with the standard or portion thereof and a detailed statement of those reasons therefor.

      (3) A statement of the steps the employer has taken and will take (with specific dates) to protect employees against the hazard covered by the standard.
(4) A statement of when the employer expects to be able to comply with the standard and what steps the employer has taken and what steps the employer will take (with dates specified) to come into compliance with the standard.

(5) A certification that the employer has informed the employer’s employees of any application by giving a copy thereof to their authorized employee representative, posting a statement giving a summary of the application and specifying where a copy may be examined at the place or places where notices to employees are normally posted, and by other reasonably appropriate means as may be directed by the commissioner.

(6) A description of how employees have been informed shall be contained in the certification. The information to employees shall also inform them of their right to petition the commissioner for a hearing.

4. **Labels, warnings, protective equipment.** Any standard promulgated under this section shall prescribe the use of labels or other appropriate forms of warning as are necessary to insure that employees are apprised of all hazards to which they are exposed, relevant symptoms and appropriate emergency treatment, and proper conditions and precautions of safe use or exposure. Where appropriate, such standard shall also prescribe suitable protective equipment and control or technological procedures to be used in connection with such hazards and shall provide for monitoring or measuring employee exposure at such locations and intervals, and in such manner as may be necessary for the protection of employees. In addition, where appropriate, any such standard shall prescribe the type and frequency of medical examinations or other tests which shall be made available, by the employer or at the employer’s cost, to employees exposed to such hazard in order to most effectively determine whether the health of such employee is adversely affected by such exposure. The results of such examinations or tests shall be furnished to the commissioner, and if released by the employee, shall be furnished to the employee’s physician and the employer’s physician.

5. **Emergency temporary standards.** The commissioner shall provide for an emergency temporary standard to take immediate effect if the commissioner determines that employees are exposed to grave danger from exposure from substances or agents determined to be toxic or physically harmful or from new hazards and if such emergency temporary standard is necessary to protect the employees from such danger. Such emergency standard shall cease to be effective and shall no longer be applicable after the lapse of six months following the effective date thereof unless the commissioner has initiated the procedures provided for under this chapter, for the purpose of promulgating a permanent standard as provided in subsection 1 of this section in which case the emergency temporary standard will remain in effect until the permanent standard is adopted and becomes effective. Abandonment of the procedure for such promulgation by the commissioner shall terminate the effectiveness and applicability of the emergency temporary standard.

6. **Permanent variance.** Any affected employer may apply to the commissioner for a rule or order for a permanent variance from a standard promulgated under this section. Affected employees shall be given notice of each such application and an opportunity to participate in a hearing. The commissioner shall issue such rule or order if the commissioner determines on the record, after opportunity for an inspection where appropriate and a hearing, that the proponent of the variance has demonstrated by a preponderance of the evidence that the conditions, practices, means, methods, operations, or processes used or proposed to be used by an employer will provide employment and places of employment to the employer’s employees which are as safe and healthful as those which would prevail if the employer complied with the standard. The rule or order so issued shall prescribe the conditions the employer must maintain, and the practices, means, methods, operations, and processes which the employer must adopt and utilize to the extent that they differ from the standard in question. Such a rule or order may be modified or revoked upon application by an employer, employees, or by the commissioner on the commissioner’s own motion, in the manner prescribed for its issuance under this subsection at any time after six months from its issuance.

7. **Special variance.** Where there are conflicts with standards, rules, or regulations promulgated by any federal agency other than the United States department of labor, special
variances from standards, rules, or regulations promulgated under this chapter may be granted to avoid such regulatory conflicts. Such variances shall take into consideration the safety of the employees involved. Notwithstanding any other provision of this chapter, and with respect to this subsection, any employer seeking relief under this provision must file an application with the commissioner and the commissioner shall forthwith hold a hearing at which employees or other interested persons, including representatives of the federal regulatory agencies involved, may appear and, upon the showing that such a conflict indeed exists, the commissioner may issue a special variance until the conflict is resolved.

8. Priority for setting standards. In determining the priorities for establishing standards under this section, the commissioner shall give due regard to the urgency of the need for mandatory safety and health standards for particular industries, trades, crafts, occupations, businesses, workplaces or work environments.

9. Product safety. Standards promulgated under this chapter shall not be different from federal standards applying to products distributed or used in interstate commerce unless such standards are required by compelling local conditions and do not unduly burden interstate commerce. This provision does not apply to customized products or parts not normally available on the open market, or to optional parts or additions to products which are ordinarily available with such optional parts or additions.

10. Judicial review before enforcement. The provisions of the Iowa administrative procedure Act, chapter 17A, shall apply to judicial review of standards issued under this section. Notwithstanding any provision of the Iowa administrative procedure Act, chapter 17A, to the contrary, a person who is aggrieved or adversely affected by a standard issued under this section must seek judicial review of such standard prior to the sixtieth day after such standard becomes effective. All determinations of the commissioner shall be conclusive if supported by substantial evidence in the record as a whole.

11. Railway sanitation and shelter. A railway corporation within the state shall provide adequate sanitation and shelter for all railway employees. The commissioner shall adopt rules requiring railway corporations within the state to provide a safe and healthy workplace. The commissioner shall enforce the requirements of this subsection upon the receipt of a written complaint.

Such reports may include information regarding occupational safety and health standards, and criteria for such standards, developed during the preceding year; evaluation of standards and criteria previously developed under this chapter, defining areas of emphasis for new criteria and standards; evaluation of the degree of observance of applicable occupational safety and health standards, and a summary of inspection and enforcement activity undertaken; analysis and evaluation of research activities for which results have been obtained under governmental and nongovernmental sponsorship; an analysis of major occupational diseases; evaluation of available control and measurement technology for hazards for which standards or criteria have been developed during the preceding year; a description of cooperative efforts undertaken between government agencies and other interested parties in the implementation of this chapter during the preceding year; a progress report on the development of an adequate supply of trained personnel in the field of occupational safety and health, including estimates of future needs and the efforts being made by government and others to meet those needs; a listing of all toxic substances in industrial usage for

CHAPTER 96

EMPLOYMENT SECURITY — UNEMPLOYMENT COMPENSATION

96.13 Funds.

1. Special fund. There is hereby created in the state treasury a special fund to be known
as the “Employment Security Administration Fund”. All moneys which are deposited or paid
into this fund are hereby appropriated and made available to the department. All moneys in
this fund, except money received pursuant to section 96.9, subsection 4, which are received
from the federal government or any agency thereof or which are appropriated by the state for
the purposes described in section 96.12 shall be expended solely for the purposes and in the
amounts found necessary by the secretary of labor for the proper and efficient administration
of this chapter. This fund shall consist of all moneys appropriated by this state, and all moneys received from the United States, or any agency thereof, including the department of labor, the railroad retirement board, the United States employment service, established under the Wagner-Peyser Act, or from any other source for such purpose. Moneys received from the railroad retirement board, or any other agency, as compensation for services or facilities supplied to said board or agency shall be paid to the department, and the department shall allocate said moneys to the employment security administration fund. All moneys in this fund shall be deposited, administered, and disbursed, in the same manner and under the same conditions and requirements as is provided by law for special funds in the state treasury. Any balances in this fund shall not lapse at any time, but shall be continuously available to the department for expenditure consistent with this chapter. The state treasurer shall give a separate and additional bond conditioned upon the faithful performance of the treasurer’s duties in connection with the employment security administration fund in an amount and with such sureties as shall be fixed and approved by the governor. The premiums for such bond and the premiums for the bond given by the treasurer of the unemployment compensation fund under section 96.9, shall be paid from the moneys in the employment security administration fund. Notwithstanding any provision of this section, all money requisitioned and deposited in this fund pursuant to section 96.9, subsection 4, paragraph “b”, shall remain part of the unemployment compensation fund and shall be used only in accordance with the conditions specified in section 96.9, subsection 4.

2. Replenishment of lost funds. If any moneys received after June 30, 1941, from the social security board under Tit. III of the Social Security Act, or any unencumbered balances in the unemployment compensation administration fund as of that date, or any moneys granted after that date to this state pursuant to the provisions of the Wagner-Peyser Act, or any moneys made available by this state or its political subdivisions and matched by such moneys granted to this state pursuant to the provisions of the Wagner-Peyser Act, are found by the social security board, because of any action or contingency, to have been lost or been expended for purposes other than or in amounts in excess of, those found necessary by the social security board for the proper administration of this chapter, it is the policy of this state that such moneys shall be replaced by moneys appropriated for such purpose from the general funds of this state to the unemployment compensation administration fund for expenditure as provided in subsection 1 of this section. Upon receipt of notice of such a finding by the social security board, the department shall promptly report the amount required for such replacement to the governor and the governor shall at the earliest opportunity, submit to the legislature a request for the appropriation of such amount. This subsection shall not be construed to relieve this state of its obligation with respect to funds received prior to July 1, 1941, pursuant to the provisions of Tit. III of the Social Security Act.

3. Special employment security contingency fund.

a. (1) There is created in the state treasury a special fund to be known as the special employment security contingency fund. All interest, fines, and penalties, regardless of when they become payable, collected from employers under section 96.14 shall be paid into the fund. The moneys shall not be expended or available for expenditure in any manner which would permit their substitution for federal funds which would in the absence of the moneys be available to finance expenditures for the administration of the department. However, the moneys may be used as a revolving fund to cover expenditures for which federal funds have been duly requested but not yet received, subject to the charging of the expenditures against the funds when received. The moneys may be used for the payment of costs of administration which are found not to have been properly and validly chargeable against federal grants or other funds, received for the department. The moneys in the fund are specifically made available to replace, within a reasonable time, any moneys received by this state in the form of grants from the federal government for administrative expenses which because of any action or contingency have been expended for purposes other than, or in excess of, those necessary for the proper administration of the department. All moneys in the fund shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as are provided by law for other special funds in the state treasury. Interest earned upon moneys in the fund shall be deposited in and credited to the fund.
(2) The treasurer of state shall be the custodian of the fund and shall give a separate
and additional bond conditioned upon the faithful performance of the treasurer's duties in
connection with the fund in an amount and with sureties as shall be fixed and approved by
the governor. The premium for the bond shall be paid from the moneys in the fund. All sums
recovered on the bond for losses sustained by the fund shall be deposited in the fund. Refunds
of interest and penalties shall be paid only from the fund.
(3) Balances to the credit of the fund shall not lapse at any time but shall continuously
be available to the department for expenditures consistent with this subsection. Moneys
remaining in the fund at the end of each fiscal year shall not revert to any fund and shall
remain in the fund.

b. The department shall annually report to the joint economic development appropriations
subcommittee on its plans for expenditures during the next state fiscal year from the special
employment security contingency fund. The report shall describe the specific expenditures
and explain why the expenditures are to be made from the fund and not from federal
administrative funds.
c. The department may appear before the executive council and request authorization of
moneys to meet unanticipated emergencies as an expense from the appropriations addressed
in section 7D.29.

to the terms, conditions, limitations, and restrictions imposed by subsection 2 of this section
and chapters 12F and 12H, and subject to like terms, conditions, limitations, and restrictions
said trustees shall have full power to hold, purchase, sell, assign, transfer, or dispose of any
of the securities and investments of the retirement fund which have been invested, as well as

of trustees at its next monthly meeting.
2. The retirement fund created by this chapter may be invested in any investments
authorized for the Iowa public employees' retirement system in section 97B.7A.
3. The treasurer of state shall be the custodian of the retirement fund. All payments
from the retirement fund shall be made by the treasurer only upon vouchers signed by two
persons designated by the board of trustees. A duly attested copy of the resolution of the
board of trustees designating such persons and bearing on its face specimen signatures of
such persons shall be filed with the treasurer of state as the treasurer's authority for making
payments on such vouchers. No voucher shall be drawn unless it shall previously have been
allowed by resolution of the board of trustees.
4. A member of the board of trustees or an employee of the department of public safety
shall not have a direct interest in the gains or profits of any investment made by the board
of trustees. A trustee shall not receive any pay or emolument for the trustee's services. A
trustee or employee of the department of public safety shall not directly or indirectly use the
assets of the system except to make current and necessary payments as authorized by the
board of trustees, nor shall a trustee or employee of the department of public safety become an endorser or surety or become in any manner an obligor for moneys loaned by or borrowed from the board of trustees.

      1) Elective officials in positions for which the compensation is on a fee basis, elective officials of school districts, elective officials of townships, and elective officials of other political subdivisions who are in part-time positions. An elective official covered under this section may terminate membership under this chapter by informing the system in writing of
the expiration of the member’s term of office or by informing the system of the member’s intent to terminate membership for employment as an elective official and establishing that the member has a bona fide termination of employment from all employment covered under this chapter other than as an elective official and that the member has filed a completed application for benefits form with the system. An employee who works for an employer for six or more consecutive months or who works for an employer for more than one thousand forty hours in a calendar year is not a temporary employee under this subparagraph. Adjunct instructors are temporary employees for the purposes of this chapter. As used in this section, unless the context otherwise requires, “adjunct instructors” means instructors employed by a community college or a university governed by the state board of regents without a continuing contract, whose teaching load does not exceed one-half time for two full semesters or three full quarters per calendar year.

If an interstate agency is established under chapter 28E and similar enabling legislation in an adjoining state, and an employer had made contributions to the retirement system for employees performing functions which are transferred to the interstate agency, the employees of the interstate agency who perform those functions shall be considered to be employees of the employer for the sole purpose of membership in the retirement system, although the employer contributions for those employees are made by the interstate agency.

10. “Employment for any calendar quarter” means any service performed under an employer-employee relationship under this chapter for which wages are reported in the calendar quarter. For the purposes of this chapter, elected officials are deemed to be in employment for all quarters of the elected officials’ respective terms of office, even if the elected officials have selected a method of payment of wages which results in the elected officials not being credited with wages every quarter of a year.

10A. “Final average covered wage” means the greater of the following:

a. (1) The member’s covered wages averaged for the highest five years of the member’s regular service, except as otherwise provided in this paragraph. The highest five years of a member’s covered wages shall be determined using calendar years. However, if a member’s final quarter of a year of employment does not occur at the end of a calendar year, the system may determine the wages for the fifth year by computing the average quarter of all quarters from the member’s highest calendar year of covered wages not being used in the selection of the four highest years and using the computed average quarter for each quarter in the fifth year in which no wages have been reported in combination with the final quarter or quarters of the member’s service to create a full calendar year. However, the system shall not use the member’s final quarter of wages if using that quarter would reduce the member’s final average covered wage. If the five-year average covered wage of a member exceeds the highest maximum covered wages in effect for a calendar year during the member’s period of service, the five-year average covered wage of the member shall be reduced to the highest maximum covered wages in effect during the member’s period of service. Notwithstanding any other provision of this subparagraph to the contrary, a member’s wages for the fifth year as computed under this subparagraph shall not exceed, by more than three percent, the member’s highest actual calendar year of covered wages.

(2) Notwithstanding any other provisions of this paragraph “a” to the contrary, the member’s five-year average covered wage shall be the lesser of the five-year average covered wage as calculated pursuant to subparagraph (1) and the adjusted covered wage amount. For purposes of this subparagraph (2), the covered wage amount shall be an amount equal to one hundred thirty-four percent of the member’s applicable calendar year wages. The member’s applicable calendar year wages shall be the member’s highest calendar year of covered wages not used in the calculation of the member’s five-year average covered wage pursuant to subparagraph (1), or such other calendar year of covered wages selected by the system pursuant to rules adopted by the system.

b. If the member was vested as of June 30, 2012, the member’s three-year average covered wage as of June 30, 2012.

11. “First month of entitlement” means the first month for which a member is qualified to receive retirement benefits under this chapter. Effective January 1, 1995, a member who meets all of the following requirements is qualified to receive retirement benefits under this chapter:
a. Has attained the minimum age for receipt of a retirement allowance under this chapter.

b. If the member has not attained seventy years of age, has terminated all employment covered under this chapter or formerly covered under this chapter pursuant to section 97B.42 in the month prior to the member’s first month of entitlement.

c. Has filed a completed application for benefits with the system setting forth the member’s intended first month of entitlement.

d. Has survived into the month for which the member’s first retirement allowance is payable by the retirement system.

11A. “Fully funded” means a funded ratio of at least one hundred percent using the most recent actuarial valuation. For purposes of this subsection, “funded ratio” means the ratio produced by dividing the lesser of the actuarial value of the system’s assets or the market value of the system’s assets, by the system’s actuarial liabilities, using the actuarial method adopted by the investment board pursuant to section 97B.8A, subsection 3.

12. “Inactive member” with respect to future service means a member who at the end of a year had not made any contributions during the current year and who has not received a refund of the member’s accumulated contributions.

13. “Internal Revenue Code” means the Internal Revenue Code as defined in section 422.3.

14. “Member” means an employee or a former employee who maintains the employee’s or former employee’s accumulated contributions in the retirement system. The former employee is not a member if the former employee has received a refund of the former employee’s accumulated contributions.

14A. “Member account” means the account established for each member and includes the member’s accumulated contributions and the member’s share of the accumulated employer contributions as provided in section 97B.53. “Member account” does not mean the supplemental account for active members.

15. “Membership service” means service rendered by a member after July 4, 1953. Years of membership service shall be counted to the complete quarter calendar year. However, membership service for a calendar year shall not include more than four quarters. In determining a member’s period of membership service, the system shall combine all periods of service for which the member has made contributions.

16. “Prior service” means any service by an employee rendered at any time prior to July 4, 1953.

17. “Regular service” means service for an employer other than special service.

18. “Retired member” means a member who has applied for the member’s retirement allowance and has survived into at least the first day of the member’s first month of entitlement.

19. “Retirement” means that period of time beginning when a member who has filed an approved application for a retirement allowance has survived into at least the first day of the member’s first month of entitlement and ending when the member dies.

19A. “Retirement system” means the retirement plan as contained in this chapter or as duly amended.

20. “Service” means service under this chapter by an employee, except an elected official, for which the employee is paid covered wages. Service shall also mean the following:

a. Service in the armed forces of the United States, if the employee was employed by a covered employer immediately prior to entry into the armed forces, and if any of the following requirements are met:

1) The employee was released from service and returns to covered employment with an employer within twelve months of the date on which the employee has the right of release from service or within a longer period as required by the applicable laws of the United States.

2) The employee, while serving on active duty in the armed forces of the United States in an area designated by the president of the United States or the United States Congress as a combat zone or as a qualified hazardous duty area, or deployed outside the United States away from the individual’s permanent duty station while participating in an operation designated by the United States secretary of defense as a contingency operation as defined in 10 U.S.C. § 101(a)(13), or which became such a contingency operation by the operation of law, dies, or suffers an injury or acquires a disease resulting in death, so long as the
death from the injury or disease occurs within a two-year period from the date the employee suffered the active duty injury or disease and the active duty injury or disease prevented the employee from returning to covered employment as provided in subparagraph (1).

b. Leave of absence authorized by the employer prior to July 1, 1998, for a period not exceeding twelve months and ending no later than July 1, 1999.

c. A leave of absence authorized pursuant to the requirements of the federal Family and Medical Leave Act of 1993, or other similar leave authorized by the employer for a period not to exceed twelve weeks in any calendar year.

d. Temporary or seasonal interruptions in service for employees of a school corporation or educational institution when the temporary suspension of service does not terminate the period of employment of the employee and the employee returns to service at a school corporation or educational institution upon the end of the temporary or seasonal interruption. However, effective July 1, 2004, “service” does not mean service for which an employee receives remuneration from an employer for temporary employment during any quarter in which the employee is on an otherwise unpaid leave of absence that is not authorized under the federal Family and Medical Leave Act of 1993 or other similar leave. Remuneration paid by the employer for the temporary employment shall not be treated by the system as covered wages.

e. Employment with an employer prior to January 1, 1946, if the member is not receiving a retirement allowance based upon that employment.

21. “Service” for an elected official means the period of membership service for which contributions are made beginning on the date an elected official assumes office and ending on the expiration date of the last term the elected official serves, excluding all the intervening periods during which the elected official is not an elected official.

22. “Special service” means service for an employer while employed in a protection occupation as provided in section 97B.49B, and as a county sheriff or deputy sheriff as provided in section 97B.49C.

24. a. “Three-year average covered wage” means a member’s covered wages averaged for the highest three years of the member’s service, except as otherwise provided in this subsection. The highest three years of a member’s covered wages shall be determined using calendar years. However, if a member’s final quarter of a year of employment does not occur at the end of a calendar year, the system may determine the wages for the third year by computing the average quarter of all quarters from the member’s highest calendar year of covered wages not being used in the selection of the two highest years and using the computed average quarter for each quarter in the third year in which no wages have been reported in combination with the final quarter or quarters of the member’s service to create a full year. However, the system shall not use the member’s final quarter of wages if using that quarter would reduce the member’s three-year average covered wage. If the three-year average covered wage of a member exceeds the highest maximum covered wages in effect for a calendar year during the member’s period of service, the three-year average covered wage of the member shall be reduced to the highest maximum covered wages in effect during the member’s period of service. Notwithstanding any other provision of this paragraph to the contrary, a member’s wages for the third year as computed by this paragraph shall not exceed, by more than three percent, the member’s highest actual calendar year of covered wages for a member whose first month of entitlement is January 1999 or later.

b. (1) Notwithstanding any other provisions of this subsection to the contrary, the three-year average covered wage shall be computed as follows for the following members:

(a) For a member who retires during the calendar year beginning January 1, 1997, and whose three-year average covered wage at the time of retirement exceeds forty-eight thousand dollars, the member’s covered wages averaged for the highest four years of the member’s service or forty-eight thousand dollars, whichever is greater.

(b) For a member who retires during the calendar year beginning January 1, 1998, and whose three-year average covered wage at the time of retirement exceeds fifty-two thousand
dollars, the member’s covered wages averaged for the highest five years of the member’s service or fifty-two thousand dollars, whichever is greater.

(c) For a member who retires during the calendar year beginning January 1, 1999, and whose three-year average covered wage at the time of retirement exceeds fifty-five thousand dollars, the member’s covered wages averaged for the highest six years of the member’s service or fifty-five thousand dollars, whichever is greater.

(d) For a member who retires on or after January 1, 2000, but before January 1, 2001, and whose three-year average covered wage at the time of retirement exceeds sixty-five thousand dollars, the member’s covered wages averaged for the highest six years of the member’s service or sixty-five thousand dollars, whichever is greater.

(e) For a member who retires on or after January 1, 2001, but before January 1, 2002, and whose three-year average covered wage at the time of retirement exceeds seventy-five thousand dollars, the member’s covered wages averaged for the highest six years of the member’s service or seventy-five thousand dollars, whichever is greater.

(2) For purposes of this paragraph, the highest years of the member’s service shall be determined using calendar years and may be determined using one computed year calculated in the manner and subject to the restrictions provided in paragraph “a”.

c. Notwithstanding any other provisions of this subsection to the contrary, for a member who retires on or after July 1, 2007, the member’s three-year average covered wage shall be the lesser of the three-year average covered wage as calculated pursuant to paragraph “a” and the adjusted covered wage amount. For purposes of this paragraph, the adjusted covered wage amount shall be the greater of the member’s three-year average covered wage calculated pursuant to paragraph “a” as of July 1, 2007, and an amount equal to one hundred twenty-one percent of the member’s applicable calendar year wages. The member’s applicable calendar year wages shall be the member’s highest calendar year of covered wages not used in the calculation of the member’s three-year average covered wage pursuant to paragraph “a”, or such other calendar year of covered wages selected by the system pursuant to rules adopted by the system.

25. a. “Vested member” means a member who has attained through age or sufficient years of service eligibility to receive monthly retirement benefits upon the member’s retirement. A vested member must meet one of the following requirements:

operation of this chapter during the preceding fiscal year and shall make recommendations
for amendments to this chapter. The report shall include a balance sheet of the moneys in

1. **Investment and investment policy standards.** In establishing the investment policy of the retirement fund and providing for the investment of the retirement fund, the system and board shall do the following:

   a. Exercise the judgment and care, under the circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for the purpose of speculation, but with regard to the permanent disposition of the funds, considering the probable income, as well as the probable safety, of their capital.

   b. Give appropriate consideration to those facts and circumstances that the system and board know or should know are relevant to the particular investment or investment policy involved, including the role the investment plays in the total value of the retirement fund.

   c. For the purposes of this subsection, appropriate consideration includes, but is not limited to, a determination that a particular investment or investment policy is reasonably designed to further the purposes of the retirement system, taking into consideration the risk of loss and the opportunity for gain or income associated with the investment or investment policy and consideration of the following factors as they relate to the retirement fund:

      (1) The composition of the retirement fund with regard to diversification.

      (2) The liquidity and current return of the investments in the retirement fund relative to the anticipated cash flow requirements of the retirement system.

      (3) The projected return of the investments relative to the funding objectives of the retirement system.

2. **Investment acquisitions.** Within the limitations of the investment standards prescribed in this section, the system may acquire and retain every kind of property and every kind of investment which persons of prudence, discretion, and intelligence acquire or retain for their own account. Consistent with this section, investments shall be made in a manner that will enhance the economy of this state, and in particular, will result in increased employment of the residents of this state. Investments of moneys in the retirement fund are not subject to sections 73.15 through 73.21.

3. **Liability — reimbursement.** Except as provided in section 97B.4, subsection 7, if there is loss to the retirement fund, the treasurer of state, the system, the employees of the system, the members of the board severally, and the board are not personally liable, and the loss shall be charged against the retirement fund. There is appropriated from the retirement fund the amount required to cover a loss.

4. **Investment procedures.** In managing the investment of the retirement fund, the system, in accordance with the investment policy established by the board, is authorized to do the following:

   a. To sell any securities or other property in the retirement fund and reinvest the proceeds when such action may be deemed advisable by the system for the protection of the retirement fund or the preservation of the value of the investment. Such sale of securities or other property of the retirement fund and reinvestment shall only be made in accordance with policies of the board in the manner and to the extent provided in this chapter.

   b. To subscribe for the purchase of securities for future delivery in anticipation of future income. The securities shall be paid for by anticipated income or from funds from the sale of securities or other property held by the retirement fund.
c. To pay for securities directed to be purchased upon the receipt of the purchasing bank’s paid statement or paid confirmation of purchase.

5. Travel. In the administration of the investment of moneys in the retirement fund, employees of the system and members of the board may travel outside the state for the purpose of meeting with investment firms and consultants and attending conferences and meetings to fulfill their fiduciary responsibilities. This travel is not subject to section 8A.512, subsection 2.*

*Former subsection 2 of section 8A.512, that required executive council approval of certain out-of-state travel expenses, was stricken by 2011 Acts, ch 127, §45
Section not amended; footnote added

97B.49A Monthly payments of allowance — general calculation.
1. Definitions. For the purposes of this section:
   a. “Applicable percentage” means sixty percent or, for each active or inactive vested member retiring on or after July 1, 1996, sixty percent plus, if applicable, an additional one-fourth of one percentage point for each additional calendar quarter of membership and prior service beyond thirty years of service, not to exceed a total of five additional percentage points.
   b. “Fraction of years of service” means a number, not to exceed one, equal to the sum of the years of membership service and the number of years of prior service divided by thirty years.

2. Entitlement to monthly allowance. Each member, upon retirement on or after the member’s normal retirement date, is entitled to receive a monthly retirement allowance determined under this section. For an inactive vested member the monthly retirement allowance shall be determined on the basis of this section and section 97B.50 as they are in effect on the date of the member’s retirement.

3. Calculation of monthly allowance. For each active or inactive vested member retiring on or after July 1, 1994, who is vested by service, a monthly benefit shall be computed which is equal to one-twelfth of an amount equal to the applicable percentage of the final average covered wage multiplied by a fraction of years of service. However, if benefits under this section commence on an early retirement date, the amount of the benefit shall be reduced in accordance with section 97B.50.

4. Alternative calculations.
   a. For each active member employed before January 1, 1976, and retiring on or after January 1, 1976, and for each member who was a vested member before January 1, 1976, with four or more complete years of service, a formula benefit shall be determined equal to the larger of the benefit determined under this paragraph and paragraph “b” of this subsection, as applicable, the benefit determined under subsection 3, or the benefit determined under section 97B.49G, subsection 1. The amount of the monthly formula benefit for each such active or vested member who retired on or after January 1, 1976, shall be equal to one-twelfth of one and fifty-seven hundredths percent per year of membership service multiplied by the member’s average annual covered wages. In no case shall the amount of monthly formula benefit accrued for membership service prior to July 1, 1967, be less than the monthly annuity at the normal retirement date determined by applying the sum of the member’s accumulated contributions, the member’s employer’s accumulated contributions on or before June 30, 1967, and any retirement dividends standing to the member’s credit on or before December 31, 1966, to the annuity tables in use by the system with due regard to the benefits payable from such accumulated contributions under sections 97B.52 and 97B.53.
   b. For each member employed before January 1, 1976, who has qualified for prior service credit in accordance with the first paragraph of section 97B.43, a formula benefit shall be determined equal to the larger of the benefit determined under this paragraph and paragraph “a” of this subsection, as applicable, the benefit determined under subsection 3, or the benefit determined under section 97B.49G, subsection 1. The amount of the monthly formula benefit under this paragraph shall be equal to eight-tenths of one percent per year of prior service credit multiplied by the monthly rate of the member’s total remuneration not in excess of three thousand dollars annually during the twelve consecutive months of the member’s prior
service for which that total remuneration was the highest. An additional three-tenths of one percent of the remuneration not in excess of three thousand dollars annually shall be payable for prior service during each year in which the accrued liability for benefit payments created by the abolished system is funded by appropriation from the Iowa public employees’ retirement fund.

c. For each active and vested member retiring who cannot have a benefit determined under the formula benefit of paragraph “a” or “b” of this subsection, subsection 3, or section 97B.49G, subsection 1, a monthly annuity for membership service shall be determined by applying the member’s accumulated contributions and the employer’s matching accumulated contributions as of the effective retirement date and any retirement dividends standing to the member’s credit on or before December 31, 1966, to the annuity tables in use by the system according to the member’s age and contingent annuitant’s age, if applicable.

Subsection 3, paragraph a stricken and paragraph b redesignated as subsection 3

97B.50A Disability benefits for special service members.

1. Definitions. For purposes of this section, unless the context otherwise provides:

a. “Member” means a vested member who is classified as a special service member under section 97B.1A, subsection 22, at the time of the alleged disability. “Member” does not mean a volunteer fire fighter.

b. “Net disability retirement allowance” means the amount determined by subtracting the amount paid during the previous calendar year by the member for health insurance or similar
health care coverage for the member and the member's dependents from the amount of the member's disability retirement allowance, including any dividends and distributions from supplemental accounts, paid for that year pursuant to this section.

c. "Reemployment comparison amount" means an amount equal to the current covered wages of an active special service member at the same position on the salary scale within the rank or position the member held at the time the member received a disability retirement allowance pursuant to this section. If the rank or position held by the member at the time of retirement pursuant to this section is abolished, the amount shall be computed by the system as though the rank or position had not been abolished and salary increases had been granted on the same basis as granted to other ranks or positions by the former employer of the member. The reemployment comparison amount shall not be less than the three-year average covered wage of the member, based on all regular and special service covered under this chapter.

2. In-service disability retirement allowance.

a. A member who is injured in the performance of the member's duties, and otherwise meets the requirements of this subsection, shall receive an in-service disability retirement allowance under this subsection, in lieu of a monthly retirement allowance as provided in section 97B.49A, 97B.49B, 97B.49C, 97B.49D, or 97B.49G, as applicable.

b. Upon application of a member, a member who has become totally and permanently incapacitated for duty in the member's special service occupation as the natural and proximate result of an injury, disease, or exposure occurring or aggravated while in the actual performance of duty at some definite place and time shall be eligible to retire under this subsection, provided that the medical board, as established by this section, shall certify that the member is mentally or physically incapacitated for further performance of duty, that the incapacity is likely to be permanent, and that the member should be retired. The system shall make the final determination, based on the medical evidence received, of a member's total and permanent disability. However, if a person's special service membership in the retirement system first commenced on or after July 1, 2000, the member shall not be eligible for benefits with respect to a disability which would not exist but for a medical condition that was known to exist on the date that membership commenced. A member who is denied a benefit under this subsection, by reason of a finding by the system that the member is not mentally or physically incapacitated for the further performance of duty, shall be entitled to be restored to active service in the same or comparable special service occupation position held by the member immediately prior to the application for disability benefits.

c. (1) Disease under this subsection shall mean heart disease or any disease of the lungs or respiratory tract and shall be presumed to have been contracted while on active duty as a result of strain, exposure, or the inhalation of noxious fumes, poison, or gases.

(2) Disease under this subsection shall also mean cancer or infectious disease, as defined in section 411.1, and shall be presumed to have been contracted while on active duty as a result of that duty.

(3) However, if a person's special service membership in the retirement system first commenced on or after July 1, 2000, and the heart disease, disease of the lungs or respiratory tract, cancer, or infectious disease would not exist, but for a medical condition that was known to exist on the date that special service membership commenced, the presumption established in this paragraph "c" shall not apply.

d. Upon retirement for an in-service disability as provided by this subsection, a member shall have the option to receive a monthly in-service disability retirement allowance calculated under this subsection or a monthly retirement allowance as provided in section 97B.49A, 97B.49B, 97B.49C, 97B.49D, or 97B.49G, as applicable, that the member would receive if the member had attained fifty-five years of age. The monthly in-service disability allowance calculated under this subsection shall consist of an allowance equal to one-twelfth of sixty percent of the member's three-year average covered wage or its actuarial equivalent as provided under section 97B.51.

3. Ordinary disability retirement allowance.

a. A member who otherwise meets the requirements of this subsection shall receive an ordinary disability retirement allowance under this subsection in lieu of a monthly retirement
allowance as provided in section 97B.49A, 97B.49B, 97B.49C, 97B.49D, or 97B.49G, as applicable.

b. Upon application of a member, a member who has become totally and permanently incapacitated for duty in the member’s special service occupation shall be eligible to retire under this subsection, provided that the medical board, as established by this section, shall certify that the member is mentally or physically incapacitated for further performance of duty, that the incapacity is likely to be permanent, and that the member should be retired. The system shall make the final determination, based on the medical evidence received, of a member’s total and permanent disability. However, if a person’s special service membership in the retirement system first commenced on or after July 1, 2000, the member shall not be eligible for benefits with respect to a disability which would not exist, but for a medical condition that was known to exist on the date that special service membership commenced. A member who is denied a benefit under this subsection, by reason of a finding by the system that the member is not mentally or physically incapacitated for the further performance of duty, shall be entitled to be restored to active service in the same or comparable special service occupation position held by the member immediately prior to the application for disability benefits.

c. Upon retirement for an ordinary disability as provided by this subsection, a member shall receive the greater of a monthly ordinary disability retirement allowance calculated under this subsection or a monthly retirement allowance as provided in section 97B.49A, 97B.49B, 97B.49C, 97B.49D, or 97B.49G, as applicable. The monthly ordinary disability allowance calculated under this subsection shall consist of an allowance equal to one-twelfth of fifty percent of the member’s three-year average covered wage or its actuarial equivalent as provided under section 97B.51.

4. Waiver of allowance. A member receiving a disability retirement allowance under this section may file an application to receive benefits pursuant to section 97B.50, subsection 2, in lieu of receiving a disability retirement allowance under this section, if the member becomes eligible for benefits under section 97B.50, subsection 2. An application to receive benefits pursuant to section 97B.50, subsection 2, shall be filed with the system within sixty days after the member becomes eligible for benefits pursuant to that section or the member shall be ineligible to elect coverage under that section. On the first of the month following the month in which a member’s application is approved by the system, the member’s election of coverage under section 97B.50, subsection 2, shall become effective and the member’s eligibility to receive a disability retirement allowance pursuant to this section shall cease. Benefits payable pursuant to section 97B.50, subsection 2, shall be calculated using the option choice the member selected for payment of a disability retirement allowance pursuant to this section. An application to elect coverage under section 97B.50, subsection 2, is irrevocable upon approval by the system.

5. Offset to allowance. Notwithstanding any provisions to the contrary in state law, or any applicable contract or policy, any amounts which may be paid or payable by the employer under any workers’ compensation, unemployment compensation, employer-paid disability plan, program, or policy, or other law to a member, and any disability payments the member receives pursuant to the federal Social Security Act, 42 U.S.C. § 423 et seq., shall be offset against and payable in lieu of any retirement allowance payable pursuant to this section on account of the same disability.

6. Reexamination of members retired on account of disability.

a. Once each year during the first five years following the retirement of a member under this section, and once in every three-year period thereafter, the system may, and upon the member’s application shall, require any member receiving an in-service or ordinary disability retirement allowance who has not yet attained the age of fifty-five years to undergo a medical examination as arranged by the medical board as established by this section. The examination shall be made by the medical board or by an additional physician or physicians designated by the medical board. If any member receiving an in-service or ordinary disability retirement allowance who has not attained the age of fifty-five years refuses to submit to the medical examination, the allowance may be discontinued until the member’s withdrawal of
the refusal, and should the member’s refusal continue for one year, all rights in and to the member’s disability retirement allowance shall be revoked by the system.

b. If a member is determined under paragraph “a” to be no longer eligible for in-service or ordinary disability benefits, all benefits paid under this section shall cease. The member shall be eligible to receive benefits calculated under section 97B.49B or 97B.49C, as applicable, when the member reaches age fifty-five.

7. Reemployment.

a. If a member receiving a disability retirement allowance is returned to covered employment, the member’s disability retirement allowance shall cease, the member shall again become an active member, and shall contribute thereafter at the same rate payable by similarly classified members. If a member receiving a disability retirement allowance returns to special service employment, then the period of time the member received a disability retirement allowance shall constitute eligible service as defined in section 97B.49B, subsection 1, or section 97B.49C, subsection 1, as applicable. Upon subsequent retirement, the member’s retirement allowance shall be calculated as provided in section 97B.48A.

b. (1) If a member receiving a disability retirement allowance is engaged in a gainful occupation that is not covered employment, the member’s disability retirement allowance shall be reduced, if applicable, as provided in this paragraph.

(2) If the member is engaged in a gainful occupation paying more than the difference between the member’s net disability retirement allowance and one and one-half times the reemployment comparison amount for that member, then the amount of the member’s disability retirement allowance shall be reduced to an amount such that the member’s net disability retirement allowance plus the amount earned by the member shall equal one and one-half times the reemployment comparison amount for that member.

(3) The member shall submit sufficient documentation to the system to permit the system to determine the member’s net disability retirement allowance and earnings from a gainful occupation that is not covered employment for the applicable year.

(4) This paragraph does not apply to a member who is at least fifty-five years of age and would have completed a sufficient number of years of service if the member had remained in active special service employment. For purposes of this subparagraph, a sufficient number of years of service shall be the applicable years of service for a special service member as described in section 97B.49B or twenty-two for a special service member as described in section 97B.49C.

8. Death benefits. A member who is receiving an in-service or ordinary disability retirement allowance under this section shall be treated as having elected a lifetime monthly retirement allowance with death benefits payable under section 97B.52, subsection 3, unless the member elects an optional form of benefit provided under section 97B.51, which shall be actuarially equivalent to the lifetime monthly retirement allowance provided under this section.

9. Medical board. The system shall designate a medical board to be composed of three physicians from the university of Iowa hospitals and clinics who shall arrange for and pass upon the medical examinations required under this section and shall report in writing to the system the conclusions and recommendations upon all matters duly referred to the medical board. Each report of a medical examination under this section shall include the medical board’s findings as to the extent of the member’s physical or mental impairment. Except as required by this section, each report shall be confidential and shall be maintained in accordance with the federal Americans With Disabilities Act, and any other state or federal law containing requirements for confidentiality of medical records.

10. Liability of third parties — subrogation.

a. If a member receives an injury for which benefits are payable under this section, and if the injury is caused under circumstances creating a legal liability for damages against a third party other than the system, the member or the member’s legal representative may maintain an action for damages against the third party. If a member or a member’s legal representative commences such an action, the plaintiff member or representative shall serve a copy of the original notice upon the system not less than ten days before the trial of the action, but a
failure to serve the notice does not prejudice the rights of the system, and the following rights and duties ensue:

(1) The system shall be indemnified out of the recovery of damages to the extent of benefit payments made by the retirement system, with legal interest, except that the plaintiff member’s attorney fees may be first allowed by the district court.

(2) The system has a lien on the damage claim against the third party and on any judgment on the damage claim for benefits for which the retirement system is liable. In order to continue and preserve the lien, the system shall file a notice of the lien within thirty days after receiving a copy of the original notice in the office of the clerk of the district court in which the action is filed.

b. If a member fails to bring an action for damages against a third party within thirty days after the system requests the member in writing to do so, the system is subrogated to the rights of the member and may maintain the action against the third party, and may recover damages for the injury to the same extent that the member may recover damages for the injury. If the system recovers damages in the action, the court shall enter judgment for distribution of the recovery as follows:

(1) A sum sufficient to repay the system for the amount of such benefits actually paid by the retirement system up to the time of the entering of the judgment.

(2) A sum sufficient to pay the system the present worth, computed at the interest rate provided in section 535.3 for court judgments and decrees, of the future payments of such benefits for which the retirement system is liable, but the sum is not a final adjudication of the future payment which the member is entitled to receive.

(3) Any balance shall be paid to the member.

c. Before a settlement is effective between the system and a third party who is liable for any injury, the member must consent in writing to the settlement; and if the settlement is between the member and a third party, the system must consent in writing to the settlement; or on refusal to consent, in either case, the district court in the county in which either the employer of the member or the system is located must consent in writing to the settlement.

d. For purposes of subrogation under this section, a payment made to an injured member or the member’s legal representative, by or on behalf of a third party or the third party’s principal or agent, who is liable for, connected with, or involved in causing the injury to the member, shall be considered paid as damages because the injury was caused under circumstances creating a legal liability against the third party, whether the payment is made under a covenant not to sue, compromise settlement, denial of liability, or is otherwise made.

11. **Document submissions.** A member retired under this section, in order to be eligible for continued receipt of retirement benefits, shall submit to the system any documentation the system may reasonably request which will provide information needed to determine payments to the member under this section.

12. **Contributions.** The expenses incurred in the administration of this section by the system shall be paid through contributions as determined pursuant to section 97B.11.

13. **Applicability — retroactivity.**

a. This section applies to a member who becomes disabled on or after July 1, 2000, and also applies to a member who becomes disabled prior to July 1, 2000, if the member has not terminated special service employment as of June 30, 2000.

b. To qualify for benefits under this section, a member must file a completed application with the system within one year of the member’s termination of employment. A member eligible for a disability retirement allowance under this section is entitled to receipt of retroactive adjustment payments for no more than six months immediately preceding the month in which the completed application for receipt of a disability retirement allowance under this section is approved.
14. Rules. The system shall adopt rules pursuant to chapter 17A specifying the application procedure for members pursuant to this section.

97B.65 Revision rights reserved — limitation on increase of benefits — rates of contribution.

1. The right is reserved to the general assembly to alter, amend, or repeal any provision of this chapter or any application thereof to any person, provided, however, that to the extent of the funds in the retirement system the amount of benefits which at the time of any such alteration, amendment, or repeal shall have accrued to any member of the retirement system shall not be repudiated, provided further, however, that the amount of benefits accrued on account of prior service shall be adjusted to the extent of any unfunded accrued liability then outstanding.

2. An increase in the benefits or retirement allowances provided under this chapter shall not be enacted until after the system’s actuary determines that the system is fully funded and will continue to be fully funded immediately following enactment of the increase and the increase can be absorbed within the contribution rates otherwise established for the membership group authorized to receive the increase. However, an increase in the benefits or retirement allowances provided under this chapter may be enacted if the statutory change providing for the increase is accompanied by an adjustment in the required contribution rate of the membership group affected that is necessary to support such increase as determined by the system’s actuary.

4. The term “federal Insurance Contributions Act” means subchapter “A” of chapter nine of the federal Internal Revenue Code as such code has been and may from time to time be amended.

6. The term “political subdivision” includes an instrumentality of the state of Iowa, of one or more of its political subdivisions, or of the state and one or more of its political subdivisions, but only if such instrumentality is a juristic entity which is legally separate and distinct from the state or subdivision and only if its employees are not by virtue of their relation to such juristic entity employees of the state or subdivisions.

7. The term “Social Security Act” means the Act of Congress approved August 14, 1935, Chapter 531, 49 Stat. 620, officially cited as the “Social Security Act,” Tit. II, (including regulations and requirements issued pursuant thereto) as such Act has been and may from time to time be amended.

8. The term “state agency” means the Iowa public employees’ retirement system created in section 97B.1.

9. The term “wages” means all remuneration for employment as defined herein, including the cash value of all remuneration paid in any medium other than cash, except that such term shall not include that part of such remuneration which, even if it were for “employment” within the meaning of the federal Insurance Contribution Act, would not constitute “wages” within the meaning of that Act.

Subsections 3 and 6 amended

97C.3 Federal-state agreement.

The state agency, with the approval of the governor and the attorney general, is hereby authorized to enter on behalf of the state into an agreement with the federal security administrator, consistent with the terms and provisions of this chapter, for the purpose of extending the benefits of the federal old-age and survivors’ insurance system to employees of the state or any political subdivision thereof with respect to services specified in such agreement which constitute “employment” as defined in section 97C.2 of this chapter. Such agreement may contain such provisions relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration, and other appropriate provisions as the state agency and federal security administrator shall agree upon, but, except as may be otherwise required by or under the Social Security Act, Tit. II, as to the services to be covered, such agreement shall provide in effect that:

1. Benefits will be provided for employees whose services are covered by the agreement, and their dependents and survivors, on the same basis as though such services constituted employment within the meaning of Tit. II of said Social Security Act.

2. The state will pay to the secretary of the treasury, at such time or times as may be prescribed under the Social Security Act, Tit. II, contributions with respect to wages as defined in section 97C.2, equal to the sum of taxes which would be imposed by sections 1400 and 1410 of the federal Insurance Contributions Act, if the services covered by the agreement constituted employment within the meaning of that Act.

3. Such agreement shall be effective with respect to services in employment covered by the agreement performed after a date specified therein, but in no event may it be effective with respect to any such services performed prior to the first day of the calendar year in which such agreement is entered into or in which the modification of the agreement making it applicable to such services is entered into, provided that in the case of an agreement or modification
made after May 3, 1953, and prior to January 1, 1954, such agreement or modification of the agreement shall be made effective with respect to any such services performed on or after January 1, 1951.

4. All services which constitute employment as defined in section 97C.2, and are performed in the employ of the state, or any political subdivision, by employees of the state, or of any political subdivision, shall be covered by the agreement.

   a. "Community festival" means a festival of no more than six consecutive days in length held by a community group.
   b. "Community group" means an Iowa nonprofit, tax-exempt organization which is open to the general public and established for the promotion and development of the arts, history, culture, ethnicity, historic preservation, tourism, economic development, festivals, or municipal libraries. "Community group" does not include a school, college, university, political party, labor union, state or federal government agency, fraternal organization, church, convention or association of churches, or organizations operated primarily for religious purposes, or which are operated, supervised, controlled, or principally supported by a church, convention, or association of churches.
2. Bingo may lawfully be conducted at a fair or a community festival if all the following conditions are met:
   a. Bingo is conducted by the sponsor of the fair or community festival or a qualified organization licensed under section 99B.7 that has received permission from the sponsor of the fair or community festival to conduct bingo.
   b. The sponsor of the fair or community festival or the qualified organization has submitted a license application and a fee of fifty dollars to the department, has been issued

Subsection 1, paragraph a amended
Subsection 2, unnumbered paragraph 1 amended

§99B.6 Games where liquor or beer is sold.

1. Except as provided in subsections 5, 6, 7, 8, and 9, gambling is unlawful on premises for which a class “A”, class “B”, class “C”, or class “D” liquor control license, or class “B” beer permit has been issued pursuant to chapter 123 unless all of the following are complied with:

a. The holder of the liquor control license or beer permit has submitted an application for a license and an application fee of one hundred fifty dollars, and has been issued a license, and prominently displays the license on the premises.

b. The holder of the liquor control license or beer permit or any agent or employee of the license or permit holder does not participate in, sponsor, conduct or promote, or act as cashier or banker for any gambling activities, except as a participant while playing on the same basis as every other participant.

c. Gambling other than social games is not engaged in on the premises covered by the license or permit.

d. Concealed numbers or conversion charts are not used to play any game, and a game is not adapted with any control device to permit manipulation of the game by the operator in order to prevent a player from winning or to predetermine who the winner will be, and the object of the game is attainable and possible to perform under the rules stated from the playing position of the player.

e. The game must be conducted in a fair and honest manner.

f. No person receives or has any fixed or contingent right to receive, directly or indirectly, any amount wagered or bet or any portion of amounts wagered or bet, except an amount which the person wins as a participant while playing on the same basis as every other participant.

g. No cover charge, participation charge or other charge is imposed upon a person for the privilege of participating in or observing gambling, and no rebate, discount, credit, or other method is used to discriminate between the charge for the sale of goods or services to participants in gambling and the charge for the sale of goods or services to nonparticipants. Satisfaction of an obligation into which a member of an organization enters to pay at regular periodic intervals a sum fixed by that organization for the maintenance of that organization is not a charge which is prohibited by this paragraph.

h. No participant wins or loses more than a total of fifty dollars or more consideration equivalent thereto in one or more games or activities permitted by this section at any time during any period of twenty-four consecutive hours or over that entire period. For the purpose of this paragraph a person wins the total amount at stake in any game, wager or bet, regardless of any amount that person may have contributed to the amount at stake.

i. No participant is participating as an agent of another person.
j. A representative of the department or a law enforcement agency is immediately admitted, upon request, to the premises with or without advance notice.

k. A person under the age of twenty-one years shall not participate in the gambling except pursuant to sections 99B.3, 99B.4, 99B.5, and 99B.7. Any licensee knowingly allowing a person under the age of twenty-one to participate in the gambling prohibited by this paragraph or any person knowingly participating in gambling with a person under the age of twenty-one, is guilty of a simple misdemeanor.

2. The holder of a license issued pursuant to this section is strictly accountable for complying with subsection 1. Proof of an act constituting a violation is grounds for revocation of the license issued pursuant to this section if the holder of the license permitted the violation to occur when the licensee knew or had reasonable cause to know of the act constituting the violation.

3. A participant in a social game which is not in compliance with this section shall be liable for a criminal penalty only if that participant has knowledge of or reason to know the facts constituting the violation.

4. The holder of a license issued pursuant to this section and every agent of that licensee who is required by the licensee to exercise control over the use of the premises who knowingly permits or engages in acts or omissions which constitute a violation of subsection 1 commits a serious misdemeanor. A licensee has knowledge of acts or omissions if any agent of the licensee has knowledge of those acts or omissions.

5. Lottery tickets or shares authorized pursuant to chapter 99G may be sold on the premises of an establishment that serves or sells alcoholic beverages, wine, or beer as defined in section 123.3.

6. A qualified organization may conduct games of skill, games of chance, or raffles pursuant to section 99B.7 in an establishment that serves or sells alcoholic beverages, wine, or beer as defined in section 123.3 if the games or raffles are conducted pursuant to this chapter or rules adopted pursuant to this chapter.

7. The holder of a liquor control license or beer permit may conduct a sports betting pool if the game is publicly displayed and the rules of the game, including the cost per participant and the amount of the winning is conspicuously displayed on or near the pool. No participant may wager more than five dollars and the maximum winnings to all participants from the pool shall not exceed five hundred dollars. The provisions of subsection 1, except paragraphs “c” and “h” and the prohibition of the use of concealed numbers in paragraph “d”, are applicable to pools conducted under this subsection. If a pool permitted by this subsection involves the use of concealed numbers, the numbers shall be selected by a random method and no person shall be aware of the numbers at the time wagers are made in the pool. All moneys wagered shall be awarded to participants. For purposes of this subsection, “pool” means a game in which the participants select a square on a grid corresponding to numbers on two intersecting sides of the grid and winners are determined by whether the square selected corresponds to numbers relating to an athletic event in the manner prescribed by the rules of the game.

8. Gambling games authorized under chapter 99F may be conducted on an excursion gambling boat or gambling structure which is licensed as an establishment that serves or sells alcoholic beverages, wine, or beer as defined in section 123.3 if the gambling games are conducted pursuant to chapter 99F and rules adopted under chapter 99F. Notwithstanding section 123.3, subsection 34, paragraph “b”, a person holding a federal gambling permit and licensed to conduct gambling games pursuant to chapter 99F may hold a liquor license.

9. Pari-mutuel wagering authorized under chapter 99D may be conducted within a racetrack enclosure which is licensed as an establishment that serves or sells alcoholic beverages as defined in section 123.3 if the pari-mutuel wagering is conducted pursuant to chapter 99D and rules adopted under chapter 99D.

99B.7 Games conducted by qualified organizations — penalties.

1. Except as otherwise provided in section 99B.8, games of skill, games of chance and raffles lawfully may be conducted at a specified location meeting the requirements of subsection 2 of this section, but only if all of the following are complied with:

   a. The person conducting the game or raffle has been issued a license pursuant to subsection 3 of this section and prominently displays that license in the playing area of the games.

   b. No person receives or has any fixed or contingent right to receive, directly or indirectly, any profit, remuneration, or compensation from or related to a game of skill, game of chance, or raffle, except any amount which the person may win as a participant on the same basis as the other participants. A person conducting a game or raffle shall not be a participant in the game or raffle.

   c. (1) Cash or merchandise prizes may be awarded in the game of bingo and, except as otherwise provided in this paragraph, shall not exceed one hundred dollars. Merchandise prizes may be awarded in the game of bingo, but the actual retail value of the prize, or if the prize consists of more than one item, unit or part, the aggregate retail value of all items, units or parts, shall not exceed the maximum provided by this paragraph. Bingo games allowing for a trade-in of a bingo card during a bingo game for not more than fifty cents a trade-in may be conducted. A jackpot bingo game may be conducted twice during any twenty-four-hour period in which the prize may begin at not more than three hundred dollars in cash or actual retail value of merchandise prizes and may be increased by not more than two hundred dollars after each bingo occasion to a maximum prize of one thousand dollars for the first jackpot bingo game and two thousand five hundred dollars for the second jackpot bingo game. However, the cost of play in a jackpot bingo game shall not be increased. A jackpot bingo game is not prohibited by paragraph “h”. A bingo occasion shall not last for longer than four consecutive hours. A qualified organization shall not hold more than fourteen bingo occasions per month. Bingo occasions held under a limited license shall not be counted in determining whether a qualified organization has conducted more than fourteen bingo occasions per month, nor shall bingo occasions held under a limited license be limited to four consecutive hours. With the exception of a limited license bingo, no more than three bingo occasions per week shall be held within a structure or building and only one person licensed to conduct games under this section may hold bingo occasions within a structure or building. A licensed qualified organization shall not conduct free games.

   (2) However, a qualified organization, which is a senior citizens' center or a residents' council at a senior citizen housing project or a group home, may hold more than fourteen bingo occasions per month and more than three bingo occasions per week within the same structure or building, and bingo occasions conducted by such a qualified organization may last for longer than four consecutive hours, if the majority of the patrons of the qualified organization's bingo occasions also participate in other activities of the senior citizens' center or are residents of the housing project. At the conclusion of each bingo occasion, the person conducting the game shall announce both the gross receipts received from the bingo occasion and the use permitted under subsection 3, paragraph “b”, to which the net receipts of the bingo occasion will be dedicated and distributed.

   d. (1) Cash prizes shall not be awarded in games other than bingo and raffles. The value of a prize shall not exceed ten thousand dollars and merchandise prizes shall not be repurchased. If a prize consists of more than one item, unit, or part, the aggregate value of all items, units, or parts shall not exceed ten thousand dollars. However, one raffle may be conducted per calendar year at which real property or one or more merchandise prizes having a combined value of more than ten thousand dollars may be awarded or cash prizes of up to a total of two hundred thousand dollars may be awarded.

   (2) If a raffle licensee holds a statewide raffle license, the licensee may hold not more than eight raffles per calendar year at which real property or one or more merchandise prizes having a combined value of more than ten thousand dollars may be awarded or cash prizes of up to a total of two hundred thousand dollars may be awarded. Each such raffle held under a statewide license shall be held in a separate county.

   (3) If a prize is merchandise, its value shall be determined by the purchase price paid by
the organization or donor. If a prize is real property or is cash and the combined value of the
prize or the cash prize exceeds one hundred thousand dollars, the department shall conduct a
special audit to verify compliance with the appropriate requirements of this chapter including
all of the following applicable requirements:
(a) The licensee has submitted a real property or cash raffle license application and a fee
of one hundred dollars to the department, has been issued a license, and prominently displays
the license at the drawing area of the raffle.
(b) The real property was acquired by gift or donation or has been owned by the licensee
for a period of at least five years.
(c) All other requirements of this section and section 99B.2 are met.
(d) Receipts from the raffle are kept in a separate financial account.
(e) A cumulative report for the raffle on a form determined by the department and one
percent of gross receipts are submitted to the department within sixty days of the raffle
drawing. The one percent of the gross receipts shall be retained by the department to pay
for the cost of the special audit.
   e. The ticket price including any discounts for each game or raffle shall be the same for
each participant.
   f. No prize is displayed which cannot be won.
   g. Merchandise prizes are not repurchased.
   h. A game or raffle shall not be operated on a build-up or pyramid basis.
   i. Concealed numbers or conversion charts shall not be used to play any game and a game
or raffle shall not be adapted with any control device to permit manipulation of the game by
the operator in order to prevent a player from winning or to predetermine who the winner
will be, and the object of the game must be attainable and possible to perform under the rules
stated from the playing position of the player.
   j. The game must be conducted in a fair and honest manner.
   k. Each game or raffle shall be posted.
   l. During the entire time that games permitted by this section are being engaged in, both
of the following are observed:
   (1) No other gambling is engaged in at the same location, except that lottery tickets or
shares issued by the Iowa lottery authority may be sold pursuant to chapter 99G.
   (2) A ticket, coupon, or card shall not be used as a door prize or given to a participant
of a raffle, game of bingo, or game of chance if the use of the ticket, coupon, or card would
change the odds of winning for participants of the raffle, game of bingo, or game of chance.
   m. (1) The organization conducting the game can show to the satisfaction of the department
that all of the following requirements are met:
       (a) The organization is exempt from federal income taxes under section 501(c)(3),
       501(c)(4), 501(c)(5), 501(c)(6), 501(c)(7), 501(c)(8), 501(c)(10), or 501(c)(19) of the Internal
       Revenue Code as defined in section 422.3, the organization is an agency or instrumentality
       of the United States government, this state, or a political subdivision of this state, or,
in lieu of an exemption from federal income taxes, the organization is a parent-teacher
       organization or booster club that is recognized as a fund-raiser and supporter for a school
district organized pursuant to chapter 274 or for a school within the school district, in a
notarized letter signed by the president of the board of directors, the superintendent of the
school district, or a principal of a school within that school district.
       (b) The organization has an active membership of not less than twelve persons.
       (c) The organization does not have a self-perpetuating governing body and officers.
   (2) This lettered paragraph "m" does not apply to a political party, as defined in section
43.2, to a nonparty political organization that has qualified to place a candidate as its nominee
for statewide office pursuant to chapter 44, or to a candidate’s committee as defined in section
68A.102.
   n. The person conducting the game does none of the following:
       (1) Hold, currently, another license issued under this section.
       (2) Own or control, directly or indirectly, any class of stock of another person who has
been issued a license to conduct games under this section.
(3) Have, directly or indirectly, an interest in the ownership or profits of another person who has been issued a license to conduct games under this section.

o. A person shall not conduct, promote, administer, or assist in the conducting, promoting, or administering of a bingo occasion, unless the person regularly participates in activities of the qualified organization other than conducting bingo occasions or participates in an educational, civic, public, charitable, patriotic, or religious organization to which the net receipts are dedicated by the qualified organization.

p. A licensee shall keep records of all persons who serve as manager or cashier, or who are responsible for carrying out duties with respect to a bingo account. A licensee is subject to license revocation if it knowingly permits a person to serve in one of these capacities if the person was a manager, cashier, or responsible for carrying out duties with respect to a bingo account for another licensee at the time of one or more violations leading to revocation of the other licensee’s license, and if the license is still revoked at the time of the subsequent service.

2. a. Games of skill, games of chance, and raffles may be conducted on premises owned or leased by the licensee, but shall not be conducted on rented premises unless the premises are rented from a person licensed under this section, and unless the net rent received is dedicated to one or more of the uses permitted under subsection 3 for dedication of net receipts. This subsection shall not apply where the rented premises are those upon which a qualified organization usually carries out a lawful business other than operating games of skill, games of chance or raffles. However, a qualified organization may rent premises other than from a licensed qualified organization to be used for the conduct of games of skill, games of chance and raffles, and the person from whom the premises are rented may impose and collect rent for such premises, but only if all of the following are complied with:

(1) The rent imposed and collected shall not be a percentage of or otherwise related to the amount of the receipts of the game or raffle.

(2) The qualified organization shall have the right to terminate any rental agreement at any time without penalty and without forfeiture of any sum.

(3) Except for purposes of bingo, the person from whom the premises are rented shall not be a liquor control licensee or beer permittee with respect to those premises or with respect to adjacent premises.

b. The board of directors of a school district may authorize that public schools within that district, and the policymaking body of a nonpublic school, may authorize that games of skill, games of chance, bingo and raffles may be held at bona fide school functions, such as carnivals, fall festivals, bazaars and similar events. Each school shall obtain a license pursuant to this section prior to permitting the games or activities on the premises. However, the board of directors of a public school district may also be issued a license under this section. However, a board of directors of a public school shall not spend or authorize the expenditure of public funds for the purpose of purchasing a license. The department of inspections and appeals shall provide by rule a short form application for a license issued to a board of directors. Upon written approval by the board of directors, the license may be used by any school group or parent support group in the district to conduct activities authorized by this section. The board of directors shall not authorize a school group or parent support group to use the license more than twice in twelve months.

3. a. A person wishing to conduct games and raffles pursuant to this section as a qualified organization shall submit an application and a license fee of one hundred fifty dollars. The annual license fee for a statewide raffle license shall be one hundred fifty dollars. However, upon submission of an application accompanied by a license fee of fifteen dollars, a person may be issued a limited license to conduct all games and raffles pursuant to this section at a specified location and during a specified period of fourteen consecutive calendar days, except that a bingo occasion may only be conducted once per each seven consecutive calendar days of the specified period. In addition, a qualified organization may be issued a limited license to conduct raffles pursuant to this section for a period of ninety days for a license fee of forty dollars or for a period of one hundred eighty days for a license fee of seventy-five dollars. For the purposes of this paragraph, a limited license is deemed to be issued on the first day of the period for which the license is issued.
b. (1) A person or the agent of a person submitting application to conduct games pursuant to this section as a qualified organization shall certify that the receipts of all games, less reasonable expenses, charges, fees, taxes, and deductions allowed by this chapter, either will be distributed as prizes to participants or will be dedicated and distributed to educational, civic, public, charitable, patriotic, or religious uses in this state and that the amount dedicated and distributed will equal at least seventy-five percent of the net receipts.

(2) (a) "Educational, civic, public, charitable, patriotic, or religious uses" means uses benefiting a society for the prevention of cruelty to animals or animal rescue league, or uses benefiting an indefinite number of persons either by bringing them under the influence of education or religion or relieving them from disease, suffering, or constraint, or by erecting or maintaining public buildings or works, or otherwise lessening the burden of government, or uses benefiting any bona fide nationally chartered fraternal or military veterans’ corporation or organization which operates in Iowa a clubroom, post, dining room, or dance hall, but does not include the erection, acquisition, improvement, maintenance, or repair of real, personal or mixed property unless it is used for one or more of the uses stated.
(b) "Public uses" specifically includes dedication of net receipts to political parties as defined in section 43.2.
(c) “Charitable uses” includes uses benefiting a definite number of persons who are the victims of loss of home or household possessions through explosion, fire, flood, or storm when the loss is uncompensated by insurance, and uses benefiting a definite number of persons suffering from a seriously disabling disease or injury, causing severe loss of income or incurring extraordinary medical expense when the loss is uncompensated by insurance.

(3) Proceeds given to another charitable organization to satisfy the seventy-five percent dedication requirement shall not be used by the donee to pay any expenses in connection with the conducting of bingo by the donor organization, or for any cause, deed, or activity that would not constitute a valid dedication under this section.

c. (1) A qualified organization shall distribute amounts awarded as prizes on the day they are won. A qualified organization shall distribute the balance of the net receipts received within a quarter and remaining after deduction of reasonable expenses, charges, fees, taxes, and deductions allowed by this chapter, before the quarterly report required for that quarter under section 99B.2, subsection 4, is due. The amount dedicated and distributed must equal at least seventy-five percent of the net receipts. A person desiring to hold the net receipts for a period longer than permitted under this paragraph shall apply to the department for special permission and upon good cause shown the department may grant the request.

(2) If permission is granted to hold the net receipts, the person shall, as a part of the quarterly report required by section 99B.2, report the amount of money currently being held and all expenditures of the funds. This report shall be filed even if the person no longer holds a gambling license.

4. If a licensee derives ninety percent or more of its total income from conducting bingo, raffles, or small games of chance, at least seventy-five percent of the licensee’s net receipts shall be distributed to an unrelated entity for an educational, civic, public, charitable, patriotic, or religious use.

5. It is lawful for an individual other than a person conducting games or raffles to participate in games or raffles conducted by a qualified organization, whether or not there is compliance with subsections 2 and 3: However, it is unlawful for the individual to participate where the individual has knowledge of or reason to know facts which constitute a failure to comply with subsection 1.

6. A political party or a political party organization is a qualified organization within the meaning of this chapter. Political parties or party organizations may contract with other qualified organizations to conduct the games of skill, games of chance, and raffles which may lawfully be conducted by the political party or party organization. A licensed qualified organization may promote the games of skill, games of chance, and raffles which it may lawfully conduct.

7. a. Proceeds coming into the possession of a person under this section are deemed to be held in trust for payment of expenses and dedication to charitable purposes as required by this section.
b. A licensee or agent who willfully fails to dedicate the required amount of proceeds to charitable purposes as required by this section commits a fraudulent practice.

8. a. A qualified organization licensed under this section shall purchase bingo equipment and supplies only from a manufacturer or a distributor licensed by the department.

b. A qualified organization may also lease electronic bingo equipment from a manufacturer or distributor licensed by the department for the purposes of aiding disabled individuals during a bingo occasion. “Electronic bingo equipment” for the purposes of this paragraph means an electronic device that aids in the use of a bingo card during a bingo game. Such electronic bingo equipment shall only be permitted for use by disabled individuals.

3. To adopt standards regarding the duration of thoroughbred and quarter horse racing seasons, so that a thoroughbred racing season shall not be less than sixty-seven days, and so that a quarter horse racing season shall not be less than twenty-six days. The thoroughbred and quarter horse racing seasons shall be run independently unless mutually agreed upon by the associations representing the thoroughbred and quarter horse owners and the licensee of the horse racetrack located in Polk county.

The purse moneys designated for standardbred racing may only be used to support standardbred harness racing purses at the state fair, county fairs, or other harness racing tracks approved by the commission, or for the maintenance or repair of harness racing tracks at the fairgrounds for such fairs or other harness racing tracks approved by the commission. The horse racetrack in Polk
county shall not provide funding to support standardbred racing at such county fairs that is not otherwise provided for in this paragraph.

(c) (1) The purse moneys designated for standardbred racing shall be payable to a nonprofit corporation operated exclusively for those purposes allowed an exempt organization under section 501(c)(4) of the Internal Revenue Code, as defined in section 422.3, which was organized under the laws of this state on or before January 1, 2008, which exists for the promotion of the sport of harness racing in this state, and which received supplemental payments from the horse racetrack in Polk county for the conduct of harness racing during the 2010 calendar year. 99D.11 Pari-mutuel wagering — advanced deposit wagering — televising races — age restrictions.

1. Except as permitted in this section, the licensee shall permit no form of wagering on the results of the races.

2. Licensees shall only permit the pari-mutuel or certificate method of wagering, or the advanced deposit method of wagering, as defined in this section.

3. The licensee may receive wagers of money only from a person present in a licensed racetrack enclosure on a horse or dog in the race selected by the person making the wager to finish first in the race or from a person engaging in advanced deposit wagering as defined in this section. The person wagering shall acquire an interest in the total money wagered on all horses or dogs in the race as first winners in proportion to the amount of money wagered by the person.

4. The licensee shall issue to each person wagering a certificate on which shall be shown the number of the race, the amount wagered, and the number or name of the horse or dog selected as first winner.

5. As each race is run the licensee shall deduct sixteen percent from the total sum wagered on all horses or dogs as first winners. However, the commission shall authorize at the request of the licensee a deduction of a higher or lower percentage of the total sum wagered not to exceed eighteen percent and the additional deduction shall be retained by the licensee. The balance, after deducting breakage, shall be paid to the holders of certificates on the winning horse or dog in the proportion that the amount wagered by each certificate holder bears to the total amount wagered on all horses or dogs in the race as first winners. The licensee may pay a larger amount if approved by the commission. The licensee shall likewise receive other wagers on horses or dogs in places or combinations the commission may authorize. The method, procedure, and the authority and right of the licensee, as well as the deduction allowed to the licensee, shall be as specified with respect to wagers upon horses or dogs selected to run first. However, the commission shall authorize at the request of the licensee a deduction of a higher or lower percent of the total sum wagered not to exceed twenty-four percent on multiple or exotic wagering involving not more than two horses or dogs. The deduction authorized above twenty percent on the multiple or exotic wagering involving not more than two dogs or horses shall be retained by the licensee. For exotic wagering involving three or more horses or dogs, the commission shall authorize at the request of the licensee a deduction of a higher or lower percent of the total sum wagered not to exceed twenty-five percent on the exotic wagers. One percent of the exotic wagers on three or more horses or dogs shall be distributed as provided in section 99D.12.

6. a. All wagering shall be conducted within the racetrack enclosure where the licensed race is held, except as provided in paragraphs “b” and “c”.

b. The commission may authorize the licensee to simultaneously telecast within the racetrack enclosure, for the purpose of pari-mutuel wagering, a horse or dog race licensed by the racing authority of another state. A licensee may also obtain the permission of a person licensed by the commission to conduct horse or dog races in this state to televise races conducted by that person for the purpose of conducting pari-mutuel racing. However, arrangements made by a licensee to televise any race for the purpose of conducting pari-mutuel wagering are subject to the approval of the commission, and the commission shall select the races to be televised. The races selected by the commission shall be the same for all licensees approved by the commission to televise races for the purpose of conducting pari-mutuel wagering. The commission shall not authorize the simultaneous telecast or televising of and a licensee shall not simultaneously telecast or televise any horse or dog race for the purpose of conducting pari-mutuel wagering unless the simultaneous telecast or televising is done at the racetrack of a licensee that schedules no less than sixty performances of nine live races each day of the season. For purposes of the taxes imposed
under this chapter, races televised by a licensee for purposes of pari-mutuel wagering shall be treated as if the races were held at the racetrack of the licensee. Notwithstanding any contrary provision in this chapter, the commission may allow a licensee to adopt the same deductions as those of the pari-mutuel racetrack from which the races are being simultaneously telecast.

c. (1) The commission shall authorize the licensee of the horse racetrack located in Polk county to conduct advanced deposit wagering. An advanced deposit wagerer may be placed in person at a licensed racetrack enclosure, or from any other location via a telephone-type device or any other electronic means. (2) For the purposes of this section, “advanced deposit wagering” means a method of pari-mutuel wagering in which an individual may establish an account, deposit money into the account, and use the account balance to pay for pari-mutuel wagering. Of the net revenue, less all taxes paid and expenses directly related to account deposit wagering incurred by the licensee of the horse racetrack located in Polk county, received through advanced deposit wagering, fifty percent shall be designated for the horse purses created pursuant to section 99D.7, subsection 5, and fifty percent shall be designated for the licensee for the pari-mutuel horse racetrack located in Polk county.

(3) Before granting an advanced deposit wagering operator license to an entity other than the licensee of the horse racetrack located in Polk county, the commission shall enter into an agreement with the licensee of the horse racetrack located in Polk county, the Iowa horsemen’s benevolent and protective association, and the prospective advanced deposit wagering operator for the purpose of determining the payment of statewide source market fees and the host fees to be paid on all races subject to advanced deposit wagering. The commission shall establish the term of such an advanced deposit wagering operator license. Such an advanced deposit wagering operator licensee shall accept wagers on live races conducted at the horse racetrack in Polk county from all of its account holders if it accepts wagers from any residents of this state.

Fees paid pursuant to this subsection are not refundable to the licensee. A licensee shall not be required to pay a fee to renew a table games license issued pursuant to this subsection. Moneys collected by the commission from a table games license fee paid under this subsection shall be deposited in the rebuild Iowa infrastructure fund created in section 8.57.

b. For purposes of this subsection, the applicable license fee for a licensee shall be three million dollars if the adjusted gross receipts from gambling games for the licensee in the previous fiscal year was one hundred million dollars or more.

Subsection 8, paragraph a amended

99F.6 Requirements of applicant — fee — penalty.
1. A person shall not be issued a license to conduct gambling games on an excursion
gambling boat or a license to operate an excursion gambling boat under this chapter, an occupational license, a distributor license, or a manufacturer license unless the person has completed and signed an application on the form prescribed and published by the commission. The application shall include the full name, residence, date of birth and other personal identifying information of the applicant that the commission deems necessary. The application shall also indicate whether the applicant has any of the following:

a. A record of conviction of a felony.

b. An addiction to alcohol or a controlled substance.

c. A history of mental illness.

2. An applicant shall submit pictures, fingerprints, and descriptions of physical characteristics to the commission in the manner prescribed on the application forms. The fingerprints may be submitted to the federal bureau of investigation by the department of public safety through the state criminal history repository for the purpose of a national criminal history check.

3. The commission shall charge the applicant a fee set by the department of public safety, division of criminal investigation, to defray the costs associated with the search and classification of fingerprints required in subsection 2 and background investigations conducted by agents of the division of criminal investigation. This fee is in addition to any other license fee charged by the commission.

4. a. (1) Before a license is granted, the division of criminal investigation of the department of public safety shall conduct a thorough background investigation of the applicant for a license to operate a gambling game operation on an excursion gambling boat. The applicant shall provide information on a form as required by the division of criminal investigation.

(2) A qualified sponsoring organization licensed to operate gambling games under this chapter shall distribute the receipts of all gambling games, less reasonable expenses, charges, taxes, fees, and deductions allowed under this chapter, as winnings to players or participants or shall distribute the receipts for educational, civic, public, charitable, patriotic, or religious uses as defined in section 99B.7, subsection 3, paragraph "b". However, a licensee to conduct gambling games under this chapter shall, unless an operating agreement for an excursion gambling boat otherwise provides, distribute at least three percent of the adjusted gross receipts for each license year for educational, civic, public, charitable, patriotic, or religious uses as defined in section 99B.7, subsection 3, paragraph "b". However, if a licensee who is also licensed to conduct pari-mutuel wagering at a horse racetrack has unpaid debt from the pari-mutuel racetrack operations, the first receipts of the gambling games operated within the racetrack enclosure less reasonable operating expenses, taxes, and fees allowed under this chapter shall be first used to pay the annual indebtedness.

(3) The commission shall authorize, subject to the debt payments for horse racetracks and the provisions of paragraph "b" for dog racetracks, a licensee who is also licensed to conduct pari-mutuel dog or horse racing to use receipts from gambling games within the racetrack enclosure to supplement purses for races particularly for Iowa-bred horses pursuant to an agreement which shall be negotiated between the licensee and representatives of the dog or horse owners. For agreements subject to commission approval concerning purses for horse racing beginning on or after January 1, 2006, the agreements shall provide that total annual purses for all horse racing shall be no less than eleven percent of the first two hundred million dollars of net receipts, and six percent of net receipts above two hundred million dollars. In addition, live standardbred horse racing shall not be conducted at the horse racetrack in Polk county, but the purse moneys designated for standardbred racing pursuant to section 99D.7, subsection 5, paragraph "b", shall be included in calculating the total annual purses required to be paid pursuant to this subsection. Agreements that are subject to commission approval concerning horse purses for a period of time beginning on or after January 1, 2006, shall be jointly submitted to the commission for approval.

(4) A qualified sponsoring organization shall not make a contribution to a candidate, political committee, candidate’s committee, state statutory political committee, county statutory political committee, national political party, or fund-raising event as these terms
are defined in section 68A.102. The membership of the board of directors of a qualified sponsoring organization shall represent a broad interest of the communities.

(5) For purposes of this paragraph, "net receipts" means the annual adjusted gross receipts from all gambling games less the annual amount of money pledged by the owner of the facility to fund a project approved to receive vision Iowa funds as of July 1, 2004.

b. The commission shall authorize the licensees of pari-mutuel dog racetracks located in Dubuque county and Black Hawk county to conduct gambling games as provided in section 99F.4A if the licensees schedule at least one hundred thirty performances of twelve live races each day during a season of twenty-five weeks. For the pari-mutuel dog racetrack located in Pottawattamie county, the commission shall authorize the licensee to conduct gambling games as provided in section 99F.4A if the licensee schedules at least two hundred ninety performances of twelve live races each day during a season of fifty weeks. The commission shall approve an annual contract to be negotiated between the annual recipient of the dog racing promotion fund and each dog racetrack licensee to specify the percentage or amount of gambling game proceeds which shall be dedicated to supplement the purses of live dog races. The parties shall agree to a negotiation timetable to insure no interruption of business activity. If the parties fail to agree, the commission shall impose a timetable. If the two parties cannot reach agreement, each party shall select a representative and the two representatives shall select a third person to assist in negotiating an agreement. The two representatives may select the commission or one of its members to serve as the third party. Alternately, each party shall submit the name of the proposed third person to the commission who shall then select one of the two persons to serve as the third party. All parties to the negotiations, including the commission, shall consider that the dog racetracks were built to facilitate the development and promotion of Iowa greyhound racing dogs in this state and shall negotiate and decide accordingly.

5. Before a license is granted, an operator of an excursion gambling boat shall work with the economic development authority to promote tourism throughout Iowa. Tourism information from local civic and private persons may be submitted for dissemination.

6. A person who knowingly makes a false statement on the application is guilty of an aggravated misdemeanor.

7. For the purposes of this section, applicant includes each member of the board of directors of a qualified sponsoring organization.

8. a. The licensee or a holder of an occupational license shall consent to the search, without a warrant, by agents of the division of criminal investigation of the department of public safety or commission employees designated by the administrator of the commission, of the licensee's or holder's person, personal property, and effects, and premises which are located on the excursion gambling boat or adjacent facilities under control of the licensee, in order to inspect or investigate for violations of this chapter or rules adopted by the commission pursuant to this chapter. The department or commission may also obtain administrative search warrants under section 808.14.

b. However, this subsection shall not be construed to permit a warrantless inspection of living quarters or sleeping rooms on the riverboat if all of the following are true:

(1) The licensee has specifically identified those areas which are to be used as living quarters or sleeping rooms in writing to the commission.

(2) Gaming is not permitted in the living quarters or sleeping rooms, and devices, records, or other items relating to the licensee's gaming operations are not stored, kept, or maintained in the living quarters or sleeping rooms.

(3) Alcoholic beverages are not stored, kept, or maintained in the living quarters or sleeping rooms except those legally possessed by the individual occupying the quarters or room.

c. The commission shall adopt rules to enforce this subsection.

Code editor directive applied
Subsection 4, paragraph a amended

99F.7 Licenses — terms and conditions — revocation.

1. If the commission is satisfied that this chapter and its rules adopted under this chapter applicable to licensees have been or will be complied with, the commission shall issue a license for a period of not more than three years to an applicant to own a gambling game operation, to an applicant to operate a gambling structure, and to an applicant to operate an excursion gambling boat. The commission shall decide which of the gambling games authorized under this chapter the commission will permit. The commission shall decide the number, location, and type of gambling structures and excursion gambling boats licensed under this chapter. The commission shall allow the operation of an excursion boat or moored barge on or within one thousand feet of the high water marks of the rivers, lakes, and reservoirs of this state as established by the commission in consultation with the United States army corps of engineers, the department of natural resources, or other appropriate regulatory agency. The license shall set forth, as applicable, the name of the licensee, the type of license granted, the location of the gambling structure or the place where the excursion gambling boats will operate and dock, and the time and number of days during the excursion season and the off season when gambling may be conducted by the licensee.

2. a. An applicant for a license to conduct gambling games on an excursion gambling boat, and each licensee by June 30 of each year thereafter, shall indicate and have noted on the license whether the applicant or licensee will operate a moored barge, an excursion boat that will cruise, or an excursion boat that will not cruise subject to the requirements of this subsection. If the applicant or licensee will operate a moored barge or an excursion boat that will not cruise, the requirements of this chapter concerning cruising shall not apply. If the applicant’s or licensee’s excursion boat will cruise, the applicant or licensee shall comply with the cruising requirements of this chapter and the commission shall not allow such a licensee to conduct gambling games on an excursion gambling boat while docked during the off season if the licensee does not operate gambling excursions for a minimum number of days during the excursion season. The commission may delay the commencement of the excursion season at the request of a licensee.

   b. However, an applicant or licensee of an excursion gambling boat that is located in the same county as a racetrack enclosure conducting gambling games shall not be allowed to operate a moored barge unless either of the following applies:

   (1) If the licensee is located in the same county as a racetrack enclosure conducting gambling games that had less than one hundred million dollars in adjusted gross receipts from gambling games for the fiscal year beginning July 1, 2003, the licensee of an excursion gambling boat is authorized to operate a moored barge if the licensee, the licensee of the racetrack enclosure, and all other licensees of an excursion gambling boat in that county file an agreement with the commission agreeing to the granting of a table games license under this chapter and permitting all licensees of an excursion gambling boat in the county to operate a moored barge as of a specific date.

   (2) If the licensee is located in the same county as a racetrack enclosure conducting gambling games that had one hundred million dollars or more in adjusted gross receipts from gambling games for the fiscal year beginning July 1, 2003, the licensee of an excursion gambling boat is authorized to operate a moored barge the earlier of July 1, 2007, or the date any form of gambling games, as defined in this chapter, is operational in any state that is contiguous to the county where the licensee is located.

   c. A person awarded a new license to conduct gambling games on an excursion gambling boat or gambling structure in the same county as another licensed excursion gambling boat or gambling structure shall only be licensed to operate an excursion gambling boat or gambling structure that is located at a similarly situated site and operated as a substantially similar facility as any other excursion gambling boat or gambling structure in the county.

3. A license shall only be granted to an applicant upon the express conditions that:

   a. The applicant shall not, by a lease, contract, understanding, or arrangement of any kind, grant, assign, or turn over to a person the operation of an excursion gambling boat licensed under this section or of the system of wagering described in section 99F.9. This section does not prohibit a management contract approved by the commission.

   b. The applicant shall not in any manner permit a person other than the licensee to have
a share, percentage, or proportion of the money received for admissions to the excursion
 gambling boat.
4. The commission shall require, as a condition of granting a license, that an applicant to
 operate an excursion gambling boat develop and, as nearly as practicable, re-create boats or
 moored barges that resemble Iowa’s riverboat history.
5. The commission shall require that an applicant utilize Iowa resources, goods and
 services in the operation of an excursion gambling boat. The commission shall develop
 standards to assure that a substantial amount of all resources and goods used in the
 operation of an excursion gambling boat emanate from and are made in Iowa and that a
 substantial amount of all services and entertainment are provided by Iowans.
6. The commission shall, as a condition of granting a license, require an applicant to
 provide written documentation that, on each excursion gambling boat:
   a. An applicant shall make every effort to ensure that a substantial number of the staff
      and entertainers employed are residents of Iowa.
   b. A section is reserved for promotion and sale of arts, crafts, and gifts native to and made
      in Iowa.
7. It is the intent of the general assembly that employees be paid at least twenty-five
 percent above the federal minimum wage level.
8. A license shall not be granted if there is substantial evidence that any of the following
 apply:
   a. The applicant has been suspended from operating a game of chance or gambling
      operation in another jurisdiction by a board or commission of that jurisdiction.
   b. The applicant has not demonstrated financial responsibility sufficient to meet
      adequately the requirements of the enterprise proposed.
   c. The applicant is not the true owner of the enterprise proposed.
   d. The applicant is not the sole owner, and other persons have ownership in the enterprise,
      which fact has not been disclosed.
   e. The applicant is a corporation and ten percent of the stock of the corporation is subject
      to a contract or option to purchase at any time during the period for which the license is to
      be issued unless the contract or option was disclosed to the commission and the commission
      approved the sale or transfer during the period of the license.
   f. The applicant has knowingly made a false statement of a material fact to the
      commission.
   g. The applicant has failed to meet a monetary obligation in connection with an excursion
      gambling boat.
9. A license shall not be granted if there is substantial evidence that the applicant is not of
 good repute and moral character or if the applicant has pled guilty to, or has been convicted
 of, a felony.
10. a. A licensee shall not loan to any person money or any other thing of value for the
 purpose of permitting that person to wager on any game of chance.
    b. A licensee shall not permit a financial institution, vendor, or other person to dispense
 cash or credit through an electronic or mechanical device including but not limited to a
 satellite terminal, as defined in section 527.2, that is located on the gaming floor.
    c. When technologically available, a licensee shall ensure that a person may voluntarily
 bar the person’s access to receive cash or credit from a financial institution, vendor, or other
 person through an electronic or mechanical device including but not limited to a satellite
 terminal as defined in section 527.2 that is located on the licensed premises.
11. a. A license to conduct gambling games in a county shall be issued only if the county
 electorate approves the conduct of the gambling games as provided in this subsection. The
 board of supervisors, upon receipt of a valid petition meeting the requirements of section
 331.306, and subject to the requirements of paragraph “e”, shall direct the commissioner
 of elections to submit to the registered voters of the county a proposition to approve or
 disapprove the conduct of gambling games in the county. The proposition shall be submitted
 at an election held on a date specified in section 39.2, subsection 4, paragraph “a”. To be
 submitted at a general election, the petition must be received by the board of supervisors at
 least five working days before the last day for candidates for county offices to file nomination
papers for the general election pursuant to section 44.4. If a majority of the county voters voting on the proposition favor the conduct of gambling games, the commission may issue one or more licenses as provided in this chapter. If a majority of the county voters voting on the proposition do not favor the conduct of gambling games, a license to conduct gambling games in the county shall not be issued.

b. If a license to conduct gambling games is in effect pursuant to a referendum as set forth in this section and is subsequently disapproved by a referendum of the county electorate, the license issued by the commission after a referendum approving gambling games shall remain valid and is subject to renewal for a total of nine years from the date of original issue or one year from the date of the referendum disapproving the conduct of gambling games, whichever is later, unless the commission revokes a license at an earlier date as provided in this chapter.

c. If a licensee of a pari-mutuel racetrack who held a valid license issued under chapter 99D as of January 1, 1994, requests a license to operate gambling games as provided in this chapter, the board of supervisors of a county in which the licensee of a pari-mutuel racetrack requests a license to operate gambling games shall submit to the county electorate a proposition to approve or disapprove the operation of gambling games at pari-mutuel racetracks at an election held on a date specified in section 39.2, subsection 4, paragraph "a". If the operation of gambling games at the pari-mutuel racetrack is not approved by a majority of the county electorate voting on the proposition at the election, the commission shall not issue a license to operate gambling games at the racetrack.

d. If the proposition to operate gambling games is approved by a majority of the county electorate voting on the proposition, the board of supervisors shall submit a proposition requiring the approval or defeat of gambling games to the county electorate as provided in paragraph "e", unless the operation of gambling games is terminated earlier as provided in this chapter or chapter 99D. However, if a proposition to operate gambling games is approved by a majority of the county electorate voting on the proposition in two successive elections, a subsequent submission and approval of a proposition under this subsection shall not thereafter be required to authorize the conduct of gambling games pursuant to this chapter.

e. After a referendum has been held which approved or defeated a proposal to conduct gambling games as provided in this section, another referendum on a proposal to conduct gambling games shall not be held until the eighth calendar year thereafter.

12. If a docking fee is charged by a city or a county, a licensee operating an excursion gambling boat shall pay the docking fee one year in advance.

13. A licensee shall not be delinquent in the payment of property taxes or other taxes or fees or in the payment of any other contractual obligation or debt due or owed to a city or county.

14. When applicable, an excursion gambling boat operated on inland waters of this state or an excursion boat that has been removed from navigation and is designated as a permanently moored vessel by the United States coast guard shall be subject to the exclusive jurisdiction of the department of natural resources and meet all of the requirements of chapter 462A and is further subject to an inspection of its sanitary facilities to protect the environment and water quality before a certificate of registration is issued by the department of natural resources or a license is issued or renewed under this chapter.

15. If a licensed excursion boat stops at more than one harbor and travels past a county without stopping at any port in that county, the commission shall require the excursion boat operator to develop a schedule for ports of call that have the necessary facilities to handle the boat. The commission may limit the schedule to only one port of call per county.

16. Upon a violation of any of the conditions listed in this section, the commission shall immediately revoke the license.

17. The commission shall require each licensee operating gambling games to post in conspicuous locations specified by the commission the average percentage payout from the gambling machines.

2. An excursion gambling boat or gambling structure licensee shall pay to the commission a regulatory fee to be charged as provided in this section.

3. Subject to approval of excursion gambling boat docking by the voters, a city may adopt, by ordinance, an admission fee not exceeding fifty cents for each person embarking on an excursion gambling boat docked within the city, or a county may adopt, by ordinance, an admission fee not exceeding fifty cents for each person embarking on an excursion gambling boat docked outside the boundaries of a city. The admission revenue received by a city or a county shall be credited to the city general fund or county general fund as applicable.

4. a. In determining the license fees and state regulatory fees to be charged as provided under section 99F.4 and this section, the commission shall use as the basis for determining the amount of revenue to be raised from the license fees and regulatory fees the amount appropriated to the commission plus the cost of salaries for no more than two special agents for each excursion gambling boat or gambling structure and no more than four gaming enforcement officers for each excursion gambling boat or gambling structure with a patron capacity of less than two thousand persons or no more than five gaming enforcement officers for each excursion gambling boat or gambling structure with a patron capacity of at least two thousand persons, plus any direct and indirect support costs for the agents and officers, for the division of criminal investigation’s excursion gambling boat or gambling structure activities.

b. Notwithstanding sections 8.60 and 99F.4, the portion of the fee paid pursuant to paragraph “a” relating to the costs of special agents and officers plus any direct and indirect support costs for the agents and officers, for the division of criminal investigation’s excursion gambling boat or gambling structure activities, shall not be deposited in the general fund of the state but instead shall be deposited into the gaming enforcement revolving fund established in section 80.43.

c. Notwithstanding sections 8.60 and 99F.4, the portion of the fee paid pursuant to paragraph “a” relating to the costs of the commission shall not be deposited in the general fund of the state but instead shall be deposited into the gaming regulatory revolving fund established in section 99F.20.

5. No other license tax, permit tax, occupation tax, excursion fee, or taxes on fees shall be levied, assessed, or collected from a licensee by the state or by a political subdivision, except as provided in this chapter.

6. No other excise tax shall be levied, assessed, or collected from the licensee relating to gambling excursions or admission charges by the state or by a political subdivision, except as provided in this chapter.

7. In addition to any other fees required by this chapter, a person awarded a new license to conduct gambling games pursuant to section 99F.7 on or after January 1, 2004, shall pay the applicable initial license fee to the commission as provided by this subsection. A person awarded a new license shall pay one-fifth of the applicable initial license fee immediately upon the granting of the license, one-fifth of the applicable initial license fee within one year of the granting of the license, one-fifth of the applicable initial license fee within two years of the granting of the license, one-fifth of the applicable initial license fee within three years of the granting of the license, and the remaining one-fifth of the applicable initial license fee within four years of the granting of the license. However, the license fee provided for in this subsection shall not apply when a licensed facility is sold and a new license is issued to the purchaser. Fees paid pursuant to this subsection are not refundable to the licensee. For
purposes of this subsection, the applicable initial license fee shall be five million dollars if the population of the county where the licensee shall conduct gambling games is fifteen thousand or less based upon the most recent federal decennial census, shall be ten million dollars if the population of the county where the licensee shall conduct gambling games is more than fifteen thousand and less than one hundred thousand based upon the most recent federal decennial census, and shall be twenty million dollars if the population of the county where the licensee shall conduct gambling games is one hundred thousand or more based upon the most recent federal decennial census. For purposes of this subparagraph, the operational date is the date the commission determines table games became operational at the racetrack enclosure.
      c. If the licensee is a racetrack enclosure conducting gambling games and no licensee that is an excursion gambling boat or gambling structure is located in the same county, twenty-four percent.

3. The taxes imposed by this section shall be paid by the licensee to the treasurer of state within ten days after the close of the day when the wagers were made and shall be distributed as follows:

Code editor directive applied

99F.20 Gaming regulatory revolving fund.

1. A gaming regulatory revolving fund is created in the state treasury under the control of the department of inspections and appeals. The fund shall consist of fees collected and deposited into the fund paid by licensees pursuant to section 99D.14, subsection 2, paragraph “c”, and fees paid by licensees pursuant to section 99F.10, subsection 4, paragraph “c”. All costs relating to racetrack, excursion boat, and gambling structure regulation shall be paid from the fund as provided in appropriations made for this purpose by the general assembly. The department shall provide quarterly reports to the department of management and the legislative services agency specifying revenues billed and collected and expenditures from the fund in a format as determined by the department of management in consultation with the legislative services agency.

2. To meet the department’s cash flow needs, the department may temporarily use funds from the general fund of the state to pay expenses in excess of moneys available in the revolving fund if those additional expenditures are fully reimbursable and the department reimburses the general fund of the state and ensures all moneys are repaid in full by the close of the fiscal year. Notwithstanding any provision to the contrary, the department shall, to the fullest extent possible, make an estimate of billings and make such billings as early as possible in each fiscal year, so that the need for the use of general fund moneys is minimized to the lowest extent possible. Periodic billings shall be deemed sufficient to satisfy this requirement. Because any general fund moneys used shall be fully reimbursed, such temporary use of funds from the general fund of the state shall not constitute an appropriation for purposes of calculating the state general fund expenditure limitation pursuant to section 8.54.

3. Section 8.33 does not apply to any moneys credited or appropriated to the revolving fund from any other fund.

4. The establishment of the revolving fund pursuant to this section shall not be interpreted in any manner to compromise or impact the accountability of, or limit authority with respect to, the department under state law. Any provision applicable to, or responsibility of, the department shall not be altered or impacted by the existence of the fund and shall remain applicable to the same extent as if the department were receiving moneys pursuant to a general fund appropriation. The department shall comply with directions by the governor to executive branch departments regarding restrictions on out-of-state travel,

CHAPTER 103A
STATE BUILDING CODE

DIVISION I
STATE BUILDING CODE ACT

103A.8 Standards.
The state building code shall as far as practical:
1. Provide uniform standards and requirements for construction, construction materials,
and equipment through the adoption by reference of applicable national codes where
appropriate and providing exceptions when necessary. The rules adopted shall include
provisions imposing requirements reasonably consistent with or identical to recognized and
accepted standards contained in performance criteria.
2. Establish such standards and requirements in terms of performance objectives.
3. Establish as the test of acceptability, adequate performance for the intended use.
4. Permit the use of modern technical methods, devices, and improvements which tend to
reduce the cost of construction without substantially affecting reasonable requirements for
the health, safety, and welfare of the occupants or users of buildings and structures.
5. Encourage the standardization of construction practices, methods, equipment,
material, and techniques.
6. Eliminate restrictive, obsolete, conflicting, and unnecessary regulations and
requirements which tend to unnecessarily increase construction costs or retard unnecessarily
the use of new materials, or provide unwarranted preferential treatment to types or classes
of materials or products or methods of construction.
7. Limit the application of thermal efficiency standards for energy conservation to
construction of buildings which are heated or cooled. Air exchange fans designed to
provide ventilation shall not be considered a cooling system. The commissioner shall
exempt any construction from any thermal efficiency standard for energy conservation if the
commissioner determines that the standard is unreasonable as it would apply to a particular
building or class of buildings. No standard adopted by the commissioner for energy
conservation in construction shall be interpreted to require the replacement or modification
of any existing equipment or feature solely to ensure compliance with requirements for
energy conservation in construction. Lighting efficiency standards shall recognize variations
in lighting intensities required for the various tasks performed within the building. The
commissioner shall consult with the economic development authority regarding standards
for energy conservation prior to the adoption of the standards. However, the standards shall
be consistent with section 103A.8A.
8. Facilitate the development and use of renewable energy.

103A.8B Sustainable design or green building standards.
The commissioner, after consulting with and receiving recommendations from the
department of natural resources, shall adopt rules pursuant to chapter 17A specifying
standards and requirements for sustainable design and construction based upon or incorporating nationally recognized ratings, certifications, or classification systems, and procedures relating to documentation of compliance. The standards and requirements shall be incorporated into the state building code established in section 103A.7, but in lieu of general applicability shall apply to construction projects only if such applicability is expressly authorized by statute, or as established by another state agency by rule.

Section amended

103A.8C Standards for safe rooms and storm shelters.
1. The commissioner, after consulting with and receiving recommendations from the department of public defense and the department of natural resources, shall adopt rules pursuant to chapter 17A specifying standards and requirements for design and construction of safe rooms and storm shelters. In developing these standards, the commissioner shall consider nationally recognized standards. The standards and requirements shall be incorporated into the state building code established in section 103A.7, but shall not be interpreted to require the inclusion of a safe room or storm shelter in a building construction project unless such inclusion is expressly required by another statute or by a federal statute or regulation. However, if a safe room or storm shelter is included in any building construction project which reaches the design development phase on or after January 1, 2011, compliance with the standards developed pursuant to this section shall be required.

2. The commissioner may provide education and training to promote the use of best practices in the design, construction, and maintenance of buildings, safe rooms, and shelters to reduce the risk of personal injury from tornadoes or other severe weather.

NEW section

### §123.49 Miscellaneous prohibitions.

1. A person shall not sell, dispense, or give to an intoxicated person, or one simulating intoxication, any alcoholic liquor, wine, or beer.

a. A person other than a person required to hold a license or permit under this chapter who dispenses or gives an alcoholic beverage, wine, or beer in violation of this subsection is not civilly liable to an injured person or the estate of a person for injuries inflicted on that person as a result of intoxication by the consumer of the alcoholic beverage, wine, or beer.

b. The general assembly declares that this subsection shall be interpreted so that the holding of Clark v. Mincks, 364 N.W.2d. 226 (Iowa 1985) is abrogated in favor of prior judicial interpretation finding the consumption of alcoholic beverages, wine, or beer rather than the serving of alcoholic beverages, wine, or beer as the proximate cause of injury inflicted upon another by an intoxicated person.

2. A person or club holding a liquor control license or retail wine or beer permit under this chapter, and the person's or club's agents or employees, shall not do any of the following:

a. Knowingly permit any gambling, except in accordance with chapter 99B, 99D, 99F, or 99G, or knowingly permit solicitation for immoral purposes, or immoral or disorderly conduct on the premises covered by the license or permit.

b. Sell or dispense any alcoholic beverage or beer on the premises covered by the license or permit, or permit its consumption thereon between the hours of two a.m. and six a.m. on a weekday, and between the hours of two a.m. on Sunday and six a.m. on the following Monday, however, a holder of a liquor control license or retail beer permit granted the privilege of selling alcoholic liquor or beer on Sunday may sell or dispense alcoholic liquor or beer between the hours of eight a.m. on Sunday and two a.m. on the following Monday.

c. Sell alcoholic beverages, wine, or beer to any person on credit, except with a bona fide credit card. This provision does not apply to sales by a club to its members, to sales by a hotel or motel to bona fide registered guests, nor to retail sales by the managing entity of a convention center, civic center, or events center.

d. Keep on premises covered by a liquor control license any alcoholic liquor in any container except the original package purchased from the division, and except mixed drinks or cocktails mixed on the premises for immediate consumption. This provision does not apply to common carriers holding a class “D” liquor control license.

e. Reuse for packaging alcoholic liquor or wine any container or receptacle used originally for packaging alcoholic liquor or wine; or adulterate, by the addition of any substance, the contents or remaining contents of an original package of an alcoholic liquor or wine; or knowingly possess any original package which has been so reused or adulterated.
f. Employ a person under eighteen years of age in the sale or serving of alcoholic liquor, wine, or beer for consumption on the premises where sold.

g. Allow any person other than the licensee, permittee, or employees of the licensee or permittee, to use or keep on the licensed premises any alcoholic liquor in any bottle or other container which is designed for the transporting of such beverages, except as permitted in section 123.95. This paragraph does not apply to the lodging quarters of a class “B” liquor control licensee or wine or beer permittee, or to common carriers holding a class “D” liquor control license.

h. Sell, give, or otherwise supply any alcoholic beverage, wine, or beer to any person, knowing or failing to exercise reasonable care to ascertain whether the person is under legal age, or permit any person, knowing or failing to exercise reasonable care to ascertain whether the person is under legal age, to consume any alcoholic beverage, wine, or beer.

i. In the case of a retail beer or wine permittee, knowingly allow the mixing or adding of alcohol or any alcoholic beverage to beer, wine, or any other beverage in or about the permittee’s place of business.

j. Knowingly permit or engage in any criminal activity on the premises covered by the license or permit. However, the absence of security personnel on the licensed premises is insufficient, without additional evidence, to prove that criminal activity occurring on the licensed premises was knowingly permitted in violation of this paragraph “j”. For purposes of this paragraph “j”, “premises” includes parking lots and areas adjacent to the premises of a liquor licensee or permittee authorized to sell alcoholic beverages for consumption on the licensed premises and used by patrons of the liquor licensee or permittee.

k. Sell or dispense any wine on the premises covered by the permit or permit the consumption on the premises between the hours of two a.m. and six a.m. on a weekday, and between the hours of two a.m. on Sunday and six a.m. on the following Monday, however, a holder of a wine permit authorized to sell wine on Sunday may sell or dispense wine between the hours of eight a.m. on Sunday and two a.m. on the following Monday.

l. Sell, give, possess, or otherwise supply a machine which is used to vaporize an alcoholic beverage for the purpose of being consumed in a vaporized form.

3. A person under legal age shall not misrepresent the person’s age for the purpose of purchasing or attempting to purchase any alcoholic beverage, wine, or beer from any licensee or permittee. If any person under legal age misrepresents the person’s age, and the licensee or permittee establishes that the licensee or permittee made reasonable inquiry to determine whether the prospective purchaser was over legal age, the licensee or permittee is not guilty of selling alcoholic liquor, wine, or beer to a person under legal age.

4. No privilege of selling alcoholic liquor, wine, or beer on Sunday as provided in section 123.36, subsection 5, and section 123.134, subsection 5, shall be granted to a club or other organization which places restrictions on admission or membership in the club or organization on the basis of sex, race, religion, or national origin. However, the privilege may be granted to a club or organization which places restrictions on membership on the basis of sex, if the club or organization has an auxiliary organization open to persons of the other sex.

WINE PROVISIONS — CHARITY BEER
AND WINE AUCTIONS

123.173 Wine permits — classes — authority.
1. Except as provided in section 123.187, permits exclusively for the sale or manufacture
and sale of wine shall be divided into four classes, and shall be known as class “A”, “B”, “B”
native, or “C” native wine permits.
2. A class “A” wine permit allows the holder to manufacture and sell, or sell at wholesale,
in this state, wine as defined in section 123.3, subsection 47. The holder of a class “A” wine
permit may manufacture in this state wine having an alcoholic content greater than seventeen
percent by weight or twenty-one and twenty-five hundredths percent of alcohol by volume for
shipment outside this state. All class “A” premises shall be located within the state. A class
“B” or class “B” native wine permit allows the holder to sell wine at retail for consumption off
the premises. A class “B” or class “B” native wine permittee who also holds a class “E” liquor
control license may sell wine to class “A”, class “B”, and class “C” liquor control licensees for
resale for consumption on the premises. Such wine sales shall be in quantities of less than
one case of any wine brand but not more than one such sale shall be made to the same liquor
control licensee in a twenty-four-hour period. A class “B” or class “B” native wine permittee
shall not sell wine to other class “B”, or class “B” native wine permittees. A class “C” native
wine permit allows the holder to sell wine for consumption on or off the premises.
3. A class “A” wine permittee shall be required to deliver wine to a retail wine permittee,
and a retail wine permittee shall be required to accept delivery of wine from a class “A” wine
permittee, only at the licensed premises of the retail wine permittee. Except as specifically
permitted by the division upon good cause shown, delivery or transfer of wine from an
unlicensed premises to a licensed retail wine permittee’s premises, or from one licensed
retail wine permittee’s premises to another licensed retail wine permittee’s premises, even
if there is common ownership of all of the premises by one retail permittee, is prohibited. A
class “B” or class “B” native wine permittee who also holds a class “E” liquor control license
shall keep and maintain records for each sale of wine to liquor control licensees showing the
name of the establishment to which wine was sold, the date of sale, and the brands and
number of bottles sold to the liquor control licensee.
4. When a class “B” or class “B” native wine permittee who also holds a class “E” liquor
control license sells wine to a class “A”, class “B”, or class “C” liquor control licensee, the liquor
control licensee shall sign a report attesting to the purchase. The class “B” or class “B” native
wine permittee who also holds a class “E” liquor control license shall submit to the division,
on forms supplied by the division, not later than the tenth of each month a report stating each
sale of wine to class “A”, class “B”, and class “C” liquor control licensees during the preceding
month, the date of each sale, and the brands and numbers of bottles with each sale. A class
“B” permittee who holds a class “E” liquor control license may sell to class “A”, class “B”, or
class “C” liquor control licensees only if the licensed premises of the liquor control licensee
is located within the geographic territory of the class “A” wine permittee from which the wine
was originally purchased by the class “B” wine permittee.

1. In addition to the annual permit fee to be paid by each class “A” wine permittee, a wine gallonage tax shall be levied and collected from each class “A” wine permittee on all wine manufactured for sale and sold in this state at wholesale and on all wine imported into this state for sale at wholesale and sold in this state at wholesale. A wine gallonage tax shall also be levied and collected on the direct shipment of wine pursuant to section 123.187. The rate of the wine gallonage tax is one dollar and seventy-five cents for each wine gallon. The same rate shall apply for the fractional parts of a wine gallon. Such information shall not be admitted in evidence in any court, grand jury, or administrative proceeding. However, a person engaged in or receiving treatment or rehabilitation may authorize the disclosure of the person’s name and individual participation.

4. If a patient receiving inpatient or residential care leaves a facility, the patient shall be encouraged to consent to appropriate outpatient or halfway house treatment. If it appears to the administrator in charge of the facility that the patient is a substance abuser or chronic substance abuser who requires help, the director may arrange for assistance in obtaining supportive services.

5. If a patient leaves a facility, with or against the advice of the administrator in charge of the facility, the director may make reasonable provisions for the patient’s transportation to another facility or to the patient’s home. If the patient has no home the patient shall be assisted in obtaining shelter. If the patient is a minor or an incompetent person the request for discharge from an inpatient facility shall be made by a parent, legal guardian or other legal representative or by the minor or incompetent if the patient was the original applicant.

1. At a commitment hearing, evidence in support of the contentions made in the application may be presented by the applicant, or by an attorney for the applicant, or by the county attorney. During the hearing, the applicant and the respondent shall be afforded an opportunity to testify and to present and cross-examine witnesses, and the court may receive the testimony of other interested persons. If the respondent is present at the hearing, as provided in subsection 3, and has been medicated within twelve hours, or a longer period of time as the court may designate, prior to the beginning of the hearing or a session of the hearing, the court shall be informed of that fact and of the probable effects of the medication upon convening of the hearing.
2. A person not necessary for the conduct of the hearing shall be excluded, except that the court may admit a person having a legitimate interest in the hearing. Upon motion of the applicant, the court may exclude the respondent from the hearing during the testimony of a witness if the court determines that the witness’ testimony is likely to cause the respondent severe emotional trauma.
3. The person who filed the application and a licensed physician, mental health professional as defined in section 228.1, or certified alcohol and drug counselor certified by the nongovernmental Iowa board of substance abuse certification who has examined the respondent in connection with the commitment hearing shall be present at the hearing, unless the court for good cause finds that their presence or testimony is not necessary. The applicant, respondent, and the respondent’s attorney may waive the presence or telephonic appearance of the licensed physician, mental health professional, or certified alcohol and drug counselor who examined the respondent and agree to submit as evidence the written report of the licensed physician, mental health professional, or certified alcohol and drug counselor. The respondent’s attorney shall inform the court if the respondent's attorney reasonably believes that the respondent, due to diminished capacity, cannot make an adequately considered waiver decision. “Good cause” for finding that the testimony of the licensed physician, mental health professional, or certified alcohol and drug counselor who examined the respondent is not necessary may include, but is not limited to, such a waiver. If the court determines that the testimony of the licensed physician, mental health professional, or certified alcohol and drug counselor is necessary, the court may allow the licensed physician, mental health professional, or certified alcohol and drug counselor to testify by telephone. The respondent shall be present at the hearing unless prior to the hearing the respondent’s attorney stipulates in writing that the attorney has conversed with the respondent, and that in the attorney’s judgment the respondent cannot make a meaningful contribution to the hearing, or that the respondent has waived the right to be present, and the basis for the attorney’s conclusions. A stipulation to the respondent’s absence shall be reviewed by the court before the hearing, and may be rejected if it appears that insufficient grounds are stated or that the respondent’s interests would not be served by the respondent’s absence.
4. The respondent’s welfare is paramount, and the hearing shall be tried as a civil matter and conducted in as informal a manner as is consistent with orderly procedure. Discovery as permitted under the Iowa rules of civil procedure is available to the respondent. The court shall receive all relevant and material evidence, but the court is not bound by the rules of evidence. A presumption in favor of the respondent exists, and the burden of evidence and support of the contentions made in the application shall be upon the person who filed the application. If upon completion of the hearing the court finds that the contention that
respondent is a chronic substance abuser has not been sustained by clear and convincing evidence, the court shall deny the application and terminate the proceeding.

5. If the respondent is not taken into custody under section 125.81, but the court finds good cause to believe that the respondent is about to depart from the jurisdiction of the court, the court may order limited detention of the respondent as authorized in section 125.81, as is necessary to ensure that the respondent will not depart from the jurisdiction of the court without the court’s approval until the proceeding relative to the respondent has been concluded.

125.83 Placement for evaluation.
If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, the court shall order the respondent placed at a facility or under the care of a suitable facility on an outpatient basis as expeditiously as possible for a complete evaluation and appropriate treatment. The court shall furnish to the facility at the time of admission or outpatient placement, a written statement of facts setting forth the evidence on which the finding is based. The administrator of the facility shall report to the court no more than fifteen days after the individual is admitted to or placed under the care of the facility, which shall include the chief medical officer’s recommendation concerning substance abuse treatment. An extension of time may be granted for a period not to exceed seven days upon a showing of good cause. A copy of the report shall be sent to the respondent’s attorney who may contest the need for an extension of time if one is requested. If the request is contested, the court shall make an inquiry as it deems appropriate and may either order the respondent released from the facility or grant extension of time for further evaluation. If the administrator fails to report to the court within fifteen days after the individual is admitted to the facility, and no extension of time has been requested, the administrator is guilty of contempt and shall be punished under chapter 665. The court shall order a rehearing on the application to determine whether the respondent should continue to be held at the facility.

125.83A Placement in certain federal facilities.
1. If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, and the court is furnished evidence that the respondent is eligible for care and treatment in a facility operated by the United States department of veterans affairs or another agency of the United States government and that the facility is willing to receive the respondent, the court may so order. The respondent, when so placed in a facility operated by the United States department of veterans affairs or another agency of the United States government within or outside of this state, shall be subject to the rules of the United States department of veterans affairs or other agency, but shall not lose any procedural rights afforded the respondent by this chapter. The chief officer of the facility shall have, with respect to the respondent so placed, the same powers and duties as the chief medical officer of a hospital in this state would have in regard to submission of reports to the court, retention of custody, transfer, convalescent leave, or discharge. Jurisdiction is retained in the court to maintain surveillance of the respondent’s treatment and care, and at any time to inquire into the respondent’s condition and the need for continued care and custody.

2. Upon receipt of a certificate stating that a respondent placed under this chapter is eligible for care and treatment in a facility operated by the United States department of veterans affairs or another agency of the United States government which is willing to
receive the respondent without charge to the state of Iowa or any county in the state, the chief medical officer may transfer the respondent to that facility. Upon so doing, the chief medical officer shall notify the court which ordered the respondent’s placement in the same manner as would be required in the case of a transfer under section 125.86, subsection 2, and the respondent transferred shall be entitled to the same rights as the respondent would have under that subsection. No respondent shall be transferred under this section who is confined pursuant to conviction of a public offense or whose placement was ordered upon contention of incompetence to stand trial by reason of mental illness, without prior approval of the court which ordered that respondent’s placement.

3. A judgment or order of commitment by a court of competent jurisdiction of another state or the District of Columbia, under which any person is hospitalized or placed in a facility operated by the United States department of veterans affairs or another agency of the United States government, shall have the same force and effect with respect to that person while the person is in this state as the judgment or order would have if the person were in the jurisdiction of the court which issued it. That court shall be deemed to have retained jurisdiction of the person so placed for the purpose of inquiring into that person’s condition and the need for continued care and custody, as do courts in this state under this section. Consent is given to the application of the law of the state or district in which the court is situated which issued the judgment or order as regards authority of the chief officer of any facility, operated in this state by the United States department of veterans affairs or another agency of the United States government, to retain custody, transfer, place on convalescent leave, or discharge the person so committed.

125.84 Evaluation report.

The facility administrator’s report to the court of the chief medical officer’s substance abuse evaluation of the respondent shall be made no later than the expiration of the time specified in section 125.83. At least two copies of the report shall be filed with the clerk, who shall distribute the copies in the manner described by section 125.80, subsection 2. The report shall state one of the four following alternative findings:

1. That the respondent does not, as of the date of the report, require further treatment for substance abuse. If the report so states, the court shall order the respondent’s immediate release from involuntary commitment and terminate the proceedings.

2. That the respondent is a chronic substance abuser who is in need of full-time custody, care, and treatment in a facility, and is considered likely to benefit from treatment. If the report so states, the court shall enter an order which may require the respondent’s continued placement and commitment to a facility for appropriate treatment.

3. That the respondent is a chronic substance abuser who is in need of treatment, but does not require full-time placement in a facility. If the report so states, the report shall include the chief medical officer’s recommendation for treatment of the respondent on an outpatient or other appropriate basis, and the court shall enter an order which may direct the respondent to submit to the recommended treatment. The order shall provide that if the respondent fails or refuses to submit to treatment, as directed by the court’s order, the court may order that the respondent be taken into immediate custody as provided by section 125.81 and, following notice and hearing held in accordance with the procedures of sections 125.77 and 125.82, may order the respondent treated as a patient requiring full-time custody, care, and treatment as provided in subsection 2, and may order the respondent involuntarily committed to a facility.

4. That the respondent is a chronic substance abuser who is in need of treatment, but in the opinion of the chief medical officer is not responding to the treatment provided. If the report so states, the report shall include the facility administrator’s recommendation for alternative placement, and the court shall enter an order which may direct the respondent’s transfer to
§125.84 Emergency detention.

1. The procedure prescribed by this section shall only be used for an intoxicated person who has threatened, attempted, or inflicted physical self-harm or harm on another, and is likely to inflict physical self-harm or harm on another unless immediately detained, or who is incapacitated by a chemical substance, if that person cannot be taken into immediate custody under sections 125.75 and 125.81 because immediate access to the court is not possible.

2. a. A peace officer who has reasonable grounds to believe that the circumstances described in subsection 1 are applicable may, without a warrant, take or cause that person to be taken to the nearest available facility referred to in section 125.81, subsection 2, paragraph “b” or “c”. Such an intoxicated or incapacitated person may also be delivered to a facility by someone other than a peace officer upon a showing of reasonable grounds. Upon delivery of the person to a facility under this section, the examining physician may order treatment of the person, but only to the extent necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue. The peace officer or other person who delivered the person to the facility shall describe the circumstances of the matter to the examining physician. If the person is a peace officer, the peace officer may do so either in person or by written report. If the examining physician has reasonable grounds to believe that the circumstances in subsection 1 are applicable, the examining physician shall at once communicate with the nearest available magistrate as defined in section 801.4, subsection 10. The magistrate shall, based upon the circumstances described by the examining physician, give the examining physician oral instructions either directing that the person be released forthwith, or authorizing the person's detention in an appropriate facility. The magistrate may also give oral instructions and order that the detained person be transported to an appropriate facility.

b. If the magistrate orders that the person be detained, the magistrate shall, by the close of business on the next working day, file a written order with the clerk in the county where it is anticipated that an application may be filed under section 125.75. The order may be filed by facsimile if necessary. The order shall state the circumstances under which the person was taken into custody or otherwise brought to a facility and the grounds supporting the finding of probable cause to believe that the person is a chronic substance abuser likely to result in physical injury to the person or others if not detained. The order shall confirm the oral order authorizing the person's detention including any order given to transport the person to an appropriate facility. The clerk shall provide a copy of that order to the chief medical officer of the facility to which the person was originally taken, any subsequent facility to which the person was transported, and to any law enforcement department or ambulance service that transported the person pursuant to the magistrate's order.

3. The chief medical officer of the facility shall examine and may detain the person pursuant to the magistrate's order for a period not to exceed forty-eight hours from the time the order is dated, excluding Saturdays, Sundays, and holidays, unless the order is dismissed by a magistrate. The facility may provide treatment which is necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue or is otherwise deemed medically necessary by the chief medical officer, but shall not otherwise provide treatment to the person without the person's consent. The person shall be discharged from the facility and released from detention no later than the expiration of the forty-eight-hour period, unless an application for involuntary commitment is filed with the clerk pursuant to section 125.75. The detention of a person by the procedure in this section, and not in excess of the period of time prescribed by this section, shall not render the peace officer, physician,
or facility detaining the person liable in a criminal or civil action for false arrest or false imprisonment if the peace officer, physician, or facility had reasonable grounds to believe that the circumstances described in subsection 1 were applicable.

4. The cost of detention in a facility under the procedure prescribed in this section shall be paid in the same way as if the person had been committed to the facility pursuant to an application filed under section 125.75.

1. In addition to the inspections required by sections 135C.9 and 135C.38, the department shall make or cause to be made such further unannounced inspections as it deems necessary to adequately enforce this chapter. At least one general unannounced inspection shall be conducted for each health care facility within a thirty-month period. The inspector shall show identification to the person in charge of the facility and state that an inspection is to be made before beginning the inspection. An employee of the department who gives unauthorized advance notice of an inspection made or planned to be made under this subsection or section 135C.38 shall be disciplined as determined by the director, except that if the employee is employed pursuant to the merit system provisions of chapter 8A, subchapter IV, the discipline shall not exceed the discipline authorized pursuant to that subchapter.

2. a. The department shall prescribe by rule that any licensee or applicant for license desiring to make specific types of physical or functional alterations or additions to its facility or to construct new facilities shall, before commencing the alteration or additions or new construction, submit plans and specifications to the department for preliminary inspection and approval or recommendations with respect to compliance with the department’s rules and standards.

b. When the plans and specifications have been properly approved by the department or other appropriate state agency, for a period of at least five years from completion of the construction or alteration, the facility or the portion of the facility constructed or altered in accord with the plans and specifications shall not be considered deficient or ineligible for licensing by reason of failure to meet any rule or standard established subsequent to approval of the plans and specifications.

c. When construction or alteration of a facility or portion of a facility has been completed in accord with plans and specifications submitted as required by this subsection and properly approved by the department or other appropriate state agency, and it is discovered that the facility or portion of a facility is not in compliance with a requirement of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, and the deficiency was apparent from the plans and specifications submitted but was not noted or objected to by the department or other appropriate state agency, the department or agency responsible for the oversight shall either waive the requirement or reimburse the licensee or applicant for any costs which are necessary to bring the new or reconstructed facility or portion of a facility into compliance with the requirement and which the licensee or applicant would not have incurred if the facility or portion of the facility had been constructed in compliance with the requirements of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted.

d. If within two years from the completion of the construction or alteration of the facility or portion thereof, a department or agency of the state orders that the new or reconstructed facility or portion thereof be brought into compliance with the requirements of this chapter or the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, the state shall have a claim for damages to the extent of any reimbursement paid to the licensee or applicant against any person who designed the facility or portion thereof for negligence in the preparation of the plans and specifications therefor,

e. The provisions of this subsection shall not apply where the deficiency presents a clear and present danger to the safety of the residents of the facility.

3. An inspector of the department may enter any licensed health care facility without a warrant, and may examine all records pertaining to the care provided residents of the facility. An inspector of the department may contact or interview any resident, employee, or any other person who might have knowledge about the operation of a health care facility. An inspector of the department of human services shall have the same right with respect to any facility where one or more residents are cared for entirely or partially at public expense, and an investigator of the designated protection and advocacy agency shall have the same right with respect to any facility where one or more residents have developmental disabilities or mental illnesses, and the state fire marshal or a deputy appointed pursuant to section 135C.9, subsection 1, paragraph “b” shall have the same right of entry into any facility and the right to inspect any records pertinent to fire safety practices and conditions within that facility. If any such inspector has probable cause to believe that any institution, building, or agency not licensed as a health care facility is in fact a health care facility as defined by this chapter, and upon producing identification that the individual is an inspector is denied entry thereto for the purpose of making an inspection, the inspector may, with the assistance of the county attorney of the county in which the purported health care facility is located, apply to the district court for an order requiring the owner or occupant to permit entry and inspection of the premises to determine whether there have been any violations of this chapter.

Such medically necessary benefits shall not be excluded or denied as care that is substantially custodial in nature under section 514C.22, subsection 8, paragraph “b”.

Subsection 1 amended
135H.6 Inspection — conditions for issuance.
The department shall issue a license to an applicant under this chapter if all the following conditions exist:

The proposed psychiatric institution is accredited by the joint commission on the accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, the council on accreditation of services for families and children, or by any other recognized accrediting organization with comparable standards acceptable under federal regulation.

3. The applicant complies with applicable state rules and standards for a psychiatric institution adopted by the department in accordance with federal requirements under 42 C.F.R. § 441.150 – 441.156.

4. The applicant has been awarded a certificate of need pursuant to chapter 135, unless exempt as provided in this section.

5. The department of human services has submitted written approval of the application based on the department of human services’ determination of need. The department of human services shall identify the location and number of children in the state who require the services of a psychiatric medical institution for children. Approval of an application shall be based upon the location of the proposed psychiatric institution relative to the need for services identified by the department of human services and an analysis of the applicant’s ability to provide services and support consistent with requirements under chapter 232, particularly regarding community-based treatment. If the proposed psychiatric institution is not freestanding from a facility licensed under chapter 135B or 135C, approval under this subsection shall not be given unless the department of human services certifies that the proposed psychiatric institution is capable of providing a resident with a living environment similar to the living environment provided by a licensee which is freestanding from a facility licensed under chapter 135B or 135C.

6. The department of human services shall not give approval to an application which would cause the total number of beds licensed under this chapter for services reimbursed by the medical assistance program under chapter 249A to exceed four hundred thirty beds.

7. In addition to the beds authorized under subsection 6, the department of human services may establish not more than thirty beds licensed under this chapter at the state mental health institute at Independence. The beds shall be exempt from the certificate of need requirement under subsection 4.

8. The department of human services may give approval to conversion of beds approved under subsection 6, to beds which are specialized to provide substance abuse treatment. However, the total number of beds approved under subsection 6 and this subsection shall not exceed four hundred thirty. Conversion of beds under this subsection shall not require a revision of the certificate of need issued for the psychiatric institution making the conversion. Beds for children who do not reside in this state and whose service costs are not paid by public funds in this state are not subject to the limitations on the number of beds and certificate of need requirements otherwise applicable under this section.

9. The proposed psychiatric institution is under the direction of an agency which has operated a facility licensed under section 237.3, subsection 2, paragraph “a”, as a comprehensive residential facility for children for three years or of an agency which has operated a facility for three years providing psychiatric services exclusively to children or adolescents and the facility meets or exceeds requirements for licensure under section 237.3, subsection 2, paragraph “a”, as a comprehensive residential facility for children.

10. A psychiatric institution licensed prior to July 1, 1999, may exceed the number of beds authorized under subsection 6 if the excess beds are used to provide services funded from a source other than the medical assistance program under chapter 249A. Notwithstanding subsections 4, 5, and 6, the provision of services using those excess beds does not require a certificate of need or a review by the department of human services.

11. If a child has an emotional, behavioral, or mental health disorder, the psychiatric institution does not require court proceedings to be initiated or that a child’s parent, guardian,
or custodian must terminate parental rights over or transfer legal custody of the child for the purpose of obtaining treatment from the psychiatric institution for the child. Relinquishment of a child’s custody shall not be a condition of the child receiving services.

§139A.19 Care provider notification.

1. a. Notwithstanding any provision of this chapter to the contrary, if a care provider sustains a significant exposure from an individual while rendering health care services or other services, the individual to whom the care provider was exposed is deemed to consent to a test to determine if the individual has a contagious or infectious disease and is deemed to consent to notification of the care provider of the results of the test, upon submission of a significant exposure report by the care provider to the hospital, clinic, other health facility, or other person specified in this section to whom the individual is delivered by the care provider as determined by rule.

b. The hospital, clinic, or other health facility in which the significant exposure occurred or other person specified in this section to whom the individual is delivered shall conduct the test. 3. This section does not preclude a hospital, clinic, other health facility, or a health care provider from providing notification to a care provider under circumstances in which the hospital’s, clinic’s, other health facility’s, or health care provider’s policy provides for notification of the hospital’s, clinic’s, other health facility’s, or health care provider’s own employees of exposure to a contagious or infectious disease that is not life-threatening if the notice does not reveal a patient’s name, unless the patient consents.

4. A hospital, clinic, other health facility, or health care provider, or other person participating in good faith in complying with provisions authorized or required under this section is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

5. A hospital’s, clinic’s, other health facility’s, or health care provider’s duty to notify under this section is not continuing but is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of health care services or other services to the individual who was the source of the significant exposure.

6. Notwithstanding subsection 5, the hospital, clinic, or other health facility may provide a procedure for notifying the exposed care provider if, following discharge from or completion of care or treatment by the hospital, clinic, or other health facility, the individual who was the source of the significant exposure, and for whom a significant exposure report was submitted that did not result in notification of the exposed care provider, wishes to provide information regarding the source individual’s contagious or infectious disease status to the exposed care provider.

7. A hospital, clinic, other health facility, health care provider, or other person who is authorized to perform a test under this section who performs the test in compliance with this section or who fails to perform the test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

8. A hospital, clinic, other health facility, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the test authorized.

9. The department shall adopt rules pursuant to chapter 17A to administer this section. The department may determine by rule the contagious or infectious diseases for which testing is reasonable and appropriate and which may be administered under this section.

10. The employer of a care provider who sustained a significant exposure under this section shall pay the costs of testing for the individual who is the source of the significant exposure and of the testing of the care provider, if the significant exposure was sustained during the course of employment. However, the department shall assist an individual who is the source of the significant exposure in finding resources to pay for the costs of the testing and shall assist a care provider who renders direct aid without compensation in finding resources to pay for the cost of the test.

general assembly, the executive branch, communities, and the people of Iowa in addressing
the prevalence of tobacco use in the state.

and control initiative established in this chapter will specifically address reduction of tobacco

of tobacco use, and in which tobacco becomes less accessible to youth. The intent of the
general assembly shall be accomplished by engaging all who are affected by the use of
tobacco in the state, including smokers and nonsmokers, youth, and adults.

159A.14 Renewable fuel infrastructure program for retail motor fuel sites.
A renewable fuel infrastructure program for retail motor fuel sites is established in the department under the direction of the renewable fuel infrastructure board created pursuant to section 159A.13.

a. (1) Ethanol infrastructure shall be designed and used exclusively to do any of the following:
   (a) Store and dispense E-85 gasoline.
   (b) Store, blend, and dispense motor fuel from a motor fuel blender pump, as required in this subparagraph division. The ethanol infrastructure must provide for the storage of ethanol or ethanol blended gasoline, or for blending ethanol with gasoline. The ethanol infrastructure must at least include a motor fuel blender pump which dispenses different classifications of ethanol blended gasoline and allows E-85 gasoline to be dispensed at all times that the blender pump is operating.

2. A person may apply to the department to receive financial incentives on a cost-share basis. The department shall forward the applications to the underground storage tank fund board as required by that board for evaluation and recommendation. The underground storage tank fund board may rank the applications with comments and shall forward them to the infrastructure board for approval or disapproval. The department shall award financial incentives on a cost-share basis to an eligible person whose application was approved by the infrastructure board.

3. The infrastructure board shall approve cost-share agreements executed by the department and persons that the infrastructure board determines are eligible as provided in this section, according to terms and conditions required by the infrastructure board. The infrastructure board shall determine the amount of the financial incentives to be awarded to a person participating in the program. In order to be eligible to participate in the program all of the following must apply:
   a. The person must be an owner or operator of the retail motor fuel site.
   b. The person must apply to the department in a manner and according to procedures required by the infrastructure board. The application must contain all information required by the infrastructure board and shall at least include all of the following:
      (1) The name of the person and the address of the retail motor fuel site to be improved.
      (2) A detailed description of the infrastructure to be installed, replaced, or converted, including but not limited to the model number of each installed, replaced, or converted motor fuel storage tank if available.
      (3) A statement describing how the retail motor fuel site is to be improved, the total estimated cost of the planned improvement, and the date when the infrastructure will be first used.
      (4) A statement certifying that the infrastructure shall only be used to comply with the provisions of this section and as specified in the cost-share agreement, unless granted a waiver by the infrastructure board pursuant to this section.

4. A retail motor fuel site which is improved using financial incentives must comply with federal and state standards governing new or upgraded motor fuel storage tanks used to store and dispense the renewable fuel. A site classified as a no further action site pursuant to a certificate issued by the department of natural resources under section 455B.474 shall retain its classification following modifications necessary to store and dispense the renewable fuel and the owner or operator shall not be required to perform a new site assessment unless a new release occurs or if a previously unknown or unforeseen risk condition should arise.

5. An award of financial incentives to a participating person shall be on a cost-share basis in the form of a grant. To participate in the program, an eligible person must execute a cost-share agreement with the department as approved by the infrastructure board in which the person contributes a percentage of the total costs related to improving the retail motor fuel site. A cost-share agreement shall be for a three-year period or a five-year period. A cost-share agreement shall include provisions for standard financial incentives or standard financial incentives and supplemental financial incentives as provided in this subsection. The
infrastructure board may approve multiple improvements to the same retail motor fuel site for the full amount available for both ethanol infrastructure and biodiesel infrastructure so long as the improvements for ethanol infrastructure and for biodiesel infrastructure are made under separate cost-share agreements.

a. (1) Except as provided in paragraph “b”, a participating person may be awarded standard financial incentives to make improvements to a retail motor fuel site. The standard financial incentives awarded to a participating person shall not exceed the following:
   (a) For a three-year cost-share agreement, fifty percent of the actual cost of making the improvement or thirty thousand dollars, whichever is less.
   (b) For a five-year cost-share agreement, seventy percent of the actual cost of making the improvement or fifty thousand dollars, whichever is less.

   (2) The infrastructure board may approve multiple awards of standard financial incentives to make improvements to a retail motor fuel site so long as the total amount of the awards for ethanol infrastructure or biodiesel infrastructure does not exceed the limitations provided in subparagraph (1).

b. In addition to any standard financial incentives awarded to a participating person under paragraph “a”, the participating person may be awarded supplemental financial incentives to make improvements to a retail motor fuel site to do any of the following:

   (1) Upgrade or replace a dispenser which is part of gasoline storage and dispensing infrastructure used to store and dispense E-85 gasoline as provided in section 455G.31. The participating person is only eligible to be awarded the supplemental financial incentives if the person installed the dispenser not later than sixty days after the date of the publication in the Iowa administrative bulletin of the state fire marshal’s order providing that a commercially available dispenser is listed as compatible for use with E-85 gasoline by an independent testing laboratory as provided in section 455G.31. The supplemental financial incentives awarded to the participating person shall not exceed seventy-five percent of the actual cost of making the improvement or thirty thousand dollars, whichever is less.

163.15 Indemnifying owner.
1. If the secretary of agriculture determines that the outbreak of an infectious or contagious disease among an animal population constitutes a threat to the general welfare or
the public health of the inhabitants of this state, the secretary shall formulate a program of eradication which shall include the condemnation and destroying of the animals exposed to or afflicted with the disease. The program of eradication shall provide for the indemnification of owners of the livestock under this section, if there are no other sources of indemnification. The program shall not be effective until the program has been approved by the executive council.

2. If an animal afflicted with an infectious or contagious disease is destroyed under a program of eradication as provided in this section, the owner shall be compensated according to one of the following methods:

a. (1) A determination of an indemnity amount as agreed to by appraisal. The determination shall be made by appraisers who shall be three competent and disinterested persons, including one who is appointed by the department, one who is appointed by the owner, and one who is appointed by agreement of the department and the owner. The appraisers shall report their appraisal under oath to the department. The appraisers shall receive compensation and expenses as provided for by the program.

(2) A claim for an indemnity filed by the owner shall not exceed the amount agreed upon by the majority decision of the appraisers. For an animal other than registered purebred stock the indemnity amount shall be based on current market prices. For registered purebred stock, the indemnity amount may exceed market prices by not more than fifty percent. The indemnity amount shall be less any amount of indemnification that the owner might be allowed from the United States department of agriculture. An indemnity shall not be allowed for an animal if the department of agriculture and land stewardship determines that the animal has been fed raw garbage as provided in section 163.26.

b. A formula established by rule adopted by the department that is effective as determined by the department in accordance with chapter 17A and applicable upon approval of the program of eradication by the executive council. The formula shall be applicable to indemnify owners if the executive council, upon recommendation by the secretary of agriculture, determines that an animal population in this state is threatened with infection from an exceptionally contagious disease.

(1) An owner shall be paid an indemnity amount based on the formula, only if the owner elects to be paid under the formula in lieu of the determination by appointed appraisers as otherwise provided in this section.

(2) The formula shall provide for the payment of the fair market value of an animal based on market prices paid for similar animals according to categories or criteria established by the department, which may include payment based on the species, breed, type, weight, sex, age, purebred status, and condition of the animal. The department may provide for deductions based on other compensation received by the owner for the destruction of the animals. The department may exclude a claim if the person would be ineligible to receive compensation by three appointed appraisers as provided in this section.

(3) If an owner elects to be paid an indemnity amount based on a method that provides either a determination by appointed appraisers or pursuant to a formula, the owner shall not be entitled to revoke the election, unless otherwise provided by the department. An owner’s decision to delay or refuse to make an election under this section shall not affect the condemnation and destruction of afflicted animals under the program of eradication.

(4) The executive council may authorize payment under the provisions of this paragraph “b” as an expense from the appropriations addressed in section 7D.29.

Rules shall be made in accordance with chapter 17A. A rule, the violation of which is made the basis for revocation, except temporary emergency rules, shall first have been approved after public hearing as provided in section 17A.4 after giving twenty days’ notice of the hearing by mailing the notice, by ordinary mail, to every person filing a request for notice accompanied by an addressed envelope with prepaid postage. Any person may file such a request to be listed with any agency for notice for the time and place for all hearings on proposed rules, which request shall be accompanied by a remittance of five dollars. Such fee shall be added to the operating fund of the department. The listing shall expire semiannually on January 1 and July 1.

All such movement of swine shall be completed within seventy-two hours unless an extension of time for movement is granted by the department.

a. However, swine may be moved intrastate directly to an approved state, federal, or auction market without identification or certification, if the swine are to be identified and certificated at the state, federal, or auction market.

b. Registered swine for exhibition or breeding purposes which can be individually identified by an ear notch or tattoo or other method approved by the department are excepted from the identification requirement.

c. Native Iowa swine moved from farm to farm shall be excepted from the identification requirement if the owner transferring possession of the feeder pigs executes a written agreement with the person taking possession of the feeder pigs. The agreement shall provide that the feeder pigs shall not be commingled with other swine for a period of thirty days. The owner transferring possession shall be responsible for making certain that the agreement is executed and for providing a copy of the agreement to the person taking possession.

6. The department may combine a certificate of veterinary inspection with a certificate of inspection required under chapter 166D.

7. The department may require issuance of movement permits on certain categories of swine moved, prior to their movement, pursuant to departmental rule. The rule shall be promulgated when in the judgment of the secretary, such movements would otherwise threaten or imperil the eradication of hog cholera in Iowa.

8. All swine moved shall be quarantined separate and apart from other swine located at the Iowa farm of destination for thirty days beginning with their arrival at such premises, or if such incoming swine are not held separate and apart, all swine on such premises shall be thus quarantined, except animals moving from such premises directly to slaughter.

9. There can only be one transfer by a dealer, involving not more than two markets, prior to quarantine.

10. The use of anti-hog-cholera serum or antibody concentrate shall be in accordance with rules issued by the department.

11. All swine found by a registered veterinarian to have any infectious or contagious disease after delivery to any livestock sale barn or auction market for resale other than for slaughter, shall be immediately returned to the consignor’s premises to be quarantined separate and apart for fifteen days. Such swine shall not be moved from such premises for any purpose unless a certificate of veterinary inspection accompanies the movement or unless they are sent to slaughter. This subsection shall in no way supersede the requirements of sections 163A.2 and 163A.3.

175.3 Establishment of authority.
1. a. The agricultural development authority is established within the department of
agriculture and land stewardship. The authority is constituted as a public instrumentality
and agency of the state exercising public and essential governmental functions.
b. The authority is established to undertake programs which assist beginning farmers
in purchasing agricultural land and agricultural improvements and depreciable agricultural
property for the purpose of farming, and programs which provide financing to farmers for
permanent soil and water conservation practices on agricultural land within the state or for
the acquisition of conservation farm equipment, and programs to assist farmers within the
state in financing operating expenses and cash flow requirements of farming. The authority
shall also develop programs to assist qualified agricultural producers within the state with
financing other capital requirements or operating expenses.
c. The powers of the authority are vested in and exercised by a board of ten members

notice and hearing, unless the notice and hearing is expressly waived in writing. An appointed
member of the authority may also serve as a member of the Iowa finance authority.
3. Five voting members of the authority constitute a quorum and the affirmative vote of a
majority of the voting members is necessary for any substantive action taken by the authority.
The majority shall not include any member who has a conflict of interest and a statement by
a member that the member has a conflict of interest is conclusive for this purpose. A vacancy
in the membership does not impair the right of a quorum to exercise all rights and perform
all duties of the authority.
4. The appointed members of the authority are entitled to receive a per diem as specified in
section 7E.6 for each day spent in performance of duties as members, and shall be reimbursed

The tax credit is allowed against the taxes imposed in chapter 422, division II, as provided in section 422.11M, and in chapter 422, division III, as provided in section 422.33, to facilitate the transfer of agricultural assets from a taxpayer to a beginning farmer.
2. In order to qualify for the tax credit, the taxpayer must meet qualifications established by rules adopted by the authority. At a minimum, the taxpayer must comply with all of the following:
   a. Be a person who may acquire or otherwise obtain or lease agricultural land in this state pursuant to chapter 9H or 9I. However, the taxpayer must not be a person who may acquire or otherwise obtain or lease agricultural land exclusively because of an exception provided in one of those chapters or in a provision of another chapter of this Code including but not limited to chapter 10, 10D, or 501, or section 15E.207.
   b. Execute an agricultural assets transfer agreement with a beginning farmer as provided in this section.
3. An individual may claim a tax credit under this section of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, limited liability company, S corporation, estate, or trust.
4. The tax credit is allowed only for agricultural assets that are subject to an agricultural assets transfer agreement. The agreement shall provide for the lease of agricultural land including any improvements and may provide for the rental of agricultural equipment as defined in section 322F.1.
   a. The agreement may be made on a cash basis or on a commodity share basis which includes a share of the crops or livestock produced on the agricultural land. The agreement must be in writing.
   b. The agreement shall be for at least two years, but not more than five years. The agreement or that part of the agreement providing for the lease may be renewed by the beginning farmer for a term of at least two years, but not more than five years. An agreement does not include a lease or the rental of equipment intended as a security.
5. The tax credit shall be calculated based on the gross amount paid to the taxpayer under the agricultural assets transfer agreement.

6. In order to qualify as a beginning farmer, a person must be eligible to receive financial assistance under section 175.12.
7. A tax credit in excess of the taxpayer’s liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer redeems the tax credit. A tax credit shall not be transferable to any other person other than the taxpayer’s estate or trust upon the taxpayer’s death.
8. A taxpayer shall not claim a tax credit under this section unless a tax credit certificate issued by the authority is attached to the taxpayer’s tax return for the tax year for which
the tax credit is claimed. The authority must review and approve an application for a tax credit as provided by rules adopted by the authority. The application must include a copy of the agricultural assets transfer agreement. The authority may approve an application and issue a tax credit certificate to a taxpayer who has previously been allowed a tax credit under this section. The authority may require that the parties to an agricultural assets transfer agreement provide additional information as determined relevant by the authority. The authority shall review an application for a tax credit which includes the renewal of an agricultural assets transfer agreement to determine that the parties to the renewed agreement meet the same qualifications as required for an original application. However, the authority shall not approve an application or issue a certificate to a taxpayer if any of the following applies:

a. The taxpayer is at fault for terminating a prior agricultural assets transfer agreement as determined by the authority.

b. The taxpayer is any of the following:

(1) A party to a pending administrative or judicial action, including a contested case proceeding under chapter 17A, relating to an alleged violation involving an animal feeding operation as regulated by the department of natural resources, regardless of whether the pending action is brought by the department or the attorney general.

c. The beginning farmer is responsible for managing or maintaining agricultural land and other agricultural assets that are greater than necessary to adequately support a beginning farmer as determined by the authority according to rules which shall be adopted by the authority.

d. The agricultural assets are being leased or rented at a rate which is substantially higher or lower than the market rate for similar agricultural assets leased or rented within the same community, as determined by the authority.

9. A taxpayer or the beginning farmer may terminate an agricultural assets transfer agreement as provided in the agreement or by law. The taxpayer must immediately notify the authority of the termination.

a. If the authority determines that the taxpayer is not at fault for the termination, the authority shall not issue a tax credit certificate to the taxpayer for a subsequent tax year based on the approved application. Any prior tax credit is allowed as provided in this section. The taxpayer may apply for and be issued another tax credit certificate for the same agricultural assets as provided in this section for any remaining tax years for which a certificate was not issued.

b. If the authority determines that the taxpayer is at fault for the termination, any prior tax credit allowed under this section is disallowed. The tax credit shall be recaptured and the amount of the tax credit shall be immediately due and payable to the department of revenue. If a taxpayer does not immediately notify the authority of the termination, the taxpayer shall be conclusively deemed at fault for the termination.

10. The amount of tax credit certificates that may be issued pursuant to this section shall not exceed six million dollars in any fiscal year. The authority shall issue the tax credit certificates on a first-come, first-served basis.

Licenses shall be issued upon application submitted on a form provided by the division and accompanied by a fee of fifty dollars. An applicant shall furnish on the form information necessary to identify the applicant. Licenses expire on December 31 following the date of issuance and shall be renewed by the division upon application submitted within thirty days prior to the expiration date and accompanied by a fee of ten dollars.

207.16 Release of performance bonds or deposits.
1. Each operator upon completion of any reclamation work required by this chapter shall apply to the division in writing for approval of the work. The division shall promulgate rules consistent with Pub. L. No. 95-87, § 519, codified at 30 U.S.C. § 1269, regarding procedures and requirements to release performance bonds or deposits.

2. The division may release in whole or part the bonds or deposits if the division is satisfied the reclamation covered by the bonds or deposits or portions thereof has been accomplished as required by this chapter according to stages determined by the division by rule. When the operator has completed successfully all surface coal mining and reclamation activities, the remaining portion of the bond shall be released upon the expiration of the period specified for operator responsibility in the rules promulgated pursuant to section 207.7. A bond shall not be fully released until all reclamation requirements of this chapter are fully met.

3. A person with a valid legal interest which might be adversely affected by release of the bond or a federal, state, or local governmental agency which has jurisdiction by law or special expertise with respect to any environmental, social, or economic impact involved in the operation, or which is authorized to develop and enforce environmental standards with respect to such operations may file written objections to the proposed release from bond to the division within sixty days after the last publication as required by rule of a notice of a request for bond release by the operator. If written objections are filed and a hearing is requested,
the division shall inform all the interested parties of the time and place of the hearing, and hold a public hearing as a contested case in the locality of the coal mining operation or at the state capital, at the request of the objectors, within thirty days of the request. 207.19 Surface effects of underground coal mining operations.

1. The provisions of this chapter shall be applicable to surface operations and surface impacts incident to an underground coal mine with such modifications to the permit application requirements, permit approval or denial procedures, and bond requirements as are necessary to accommodate the distinct difference between surface and underground coal mining. The division shall promulgate such modifications in its rules to allow for such distinct differences and still fulfill the purposes of this chapter and be consistent with the requirements of Pub. L. No. 95-87, § 516, codified at 30 U.S.C. § 1266, and the permanent regulations issued pursuant to that Act.

2. In order to protect the stability of the land, the division shall suspend underground coal mining under urbanized areas, cities, and communities and adjacent to industrial or commercial buildings, major impoundments, or permanent streams if the administrator finds imminent danger to inhabitants of the urbanized areas, cities, and communities.

207.21 Abandoned mine reclamation program.

1. The division shall participate in the abandoned mine reclamation program under Pub. L. No. 95-87, Tit. IV, codified at 30 U.S.C. ch. 25, subch. IV. There is established an abandoned mine reclamation fund under the control of the division.

2. a. Lands and water eligible for reclamation or drainage abatement expenditures under this section include the following:

(1) Lands which were mined for coal or affected by such mining, waste banks, coal processing, or other coal mining processes, and abandoned or left in an inadequate reclamation status prior to August 3, 1977, and for which there is no continuing reclamation responsibility under state or federal laws.

(2) Coal lands and water damaged by coal mining processes and abandoned after August 3, 1977, if they were mined for coal or affected by coal mining processes and if either of the following occurred:

(a) The mining occurred and the site was left in either an unreclaimed or inadequately reclaimed condition between August 4, 1977, and April 10, 1981, and any moneys for reclamation or abatement that are available pursuant to a bond or other form of financial guarantee or from any other source are not sufficient to provide for adequate reclamation or abatement at the site.

(b) The mining occurred and the site was left in either an unreclaimed or inadequately reclaimed condition between August 4, 1977, and November 5, 1990, and the surety of the mining operator became insolvent during that period and, as of November 5, 1990, moneys immediately available from proceedings relating to the insolvency or from any financial guarantee or other source are not sufficient to provide for adequate reclamation or abatement at the site.

b. If requested by the governor, the division may fill voids and seal tunnels, shafts, and entryways resulting from any previous noncoal mining operation, and may reclaim surface impacts of any such noncoal underground or surface mines that were mined prior to August 3, 1977, and which constitute an extreme danger to the public health, safety, general
welfare, or property. Sites and areas designated for remedial action pursuant to the federal Uranium Mill Tailings Radiation Control Act of 1978, 42 U.S.C. § 7901 et seq., or which have been listed for remedial action pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9601 et seq., are not eligible for expenditures under this section.

3. Expenditure of moneys from the abandoned mine reclamation fund on eligible lands and water for the purpose of this program shall reflect the following priorities in the order stated:
   a. The protection of public health, safety, general welfare, and property from extreme danger of adverse effects of coal mining practices.
   b. The protection of public health, safety, and general welfare from adverse effects of coal mining practices.
   c. The restoration of land and water resources and the environment previously degraded by adverse effects of coal mining practices including measures for the conservation and development of soil, water, excluding channelization, woodland, fish and wildlife, recreation resources, and agricultural productivity.
   d. The protection, repair, replacement, construction, or enhancement of public facilities such as utilities, roads, recreation, and conservation facilities adversely affected by coal mining practices.
   e. The development of publicly owned land adversely affected by coal mining practices including land acquired as provided in this section for recreation and historic purposes, conservation, and reclamation purposes and open space benefits.

4. a. The division shall submit to the secretary a state reclamation plan and annual projects to carry out the purposes of this program. The plan shall generally identify the areas to be reclaimed, the purposes for which the reclamation is proposed, the relationship of the lands to be reclaimed and the proposed reclamation to surrounding areas, the specific criteria for ranking and identifying projects to be funded, and the legal authority and programmatic capability to perform such work in conformance with the provisions of Pub. L. No. 95-87, Tit. IV, codified at 30 U.S.C. ch. 25, subch. IV.
   b. The division may annually submit to the secretary an application with such information as determined by the secretary for the support of the state program and implementation of specific reclamation projects.
   c. The costs for each proposed project under this program shall include actual construction costs, actual operation and maintenance costs of permanent facilities, planning and engineering costs, construction and inspection costs, and other necessary administrative expenses.
   d. The division shall prepare and submit annual and other reports as required by the secretary.

5. The division in participating in the abandoned mine reclamation program under Pub. L. No. 95-87, Tit. IV, codified at 30 U.S.C. ch. 25, subch. IV, shall have the following additional powers:
   a. To engage in any work and to do all things necessary or expedient, including promulgation of rules, to implement and administer the provisions of this program.
   b. To engage in cooperative projects with any other governmental unit provided that such cooperative projects shall be under a cooperative agreement conducted according to the provisions of chapter 28E.
   c. To request the attorney general to seek injunctive relief to restrain any interference with the exercise of the right to enter or to conduct work under this program.
   d. To construct and operate a plant or plants for the control and treatment of water pollution resulting from mine drainage. The extent of this control and treatment may be dependent upon the ultimate use of the water. The construction of a plant or plants may include major interceptors and other facilities appurtenant to the plant.

207.22 Acquisition and reclamation of land.

1. a. The division, pursuant to a state program approved by the secretary, may take action as provided in paragraph “b” of this subsection if it finds all of the following:
   (1) Land or water resources have been adversely affected by past coal mining practices.
   (2) The adverse effects are at a stage where in the public interest action to restore, reclaim, abate, control, or prevent should be taken.
   (3) The owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices are not known or readily available, or will not give permission for the United States, this state, political subdivisions, their agents, employees, or contractors to enter upon such property to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices.

   b. Upon giving notice by mail to the owners if known or by posting notice upon the premises and advertising once in a local newspaper of general circulation if not known, the division may enter upon the property adversely affected by past coal mining practices and any other property to have access to the property to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects. The entry shall be construed as an exercise of the police power for the protection of public health, safety, and general welfare and not as an act of condemnation of property or trespass. The moneys expended for the work and the benefits accruing to the property shall be chargeable against such property and shall mitigate or offset any claim on or any action brought by an owner of any interest in the property for any alleged damages because of the entry. This provision does not create new rights of action or eliminate existing immunities.

2. The division may enter upon a property for the purpose of conducting studies or exploratory work to determine the existence of adverse effects of past coal mining practices and to determine the feasibility of restoration, reclamation, abatement, control, or prevention of such adverse effects. The entry shall be construed as an exercise of the police power for the protection of public health, safety, and general welfare and not as an act of condemnation of property or trespass.

3. The division pursuant to an approved state program may acquire any land, by purchase, donation, or condemnation, which is adversely affected by past coal mining practices if the secretary determines that acquisition of the land is necessary to successful reclamation and that:
   a. The acquired land, after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices, will serve recreation and historic purposes, conservation and reclamation purposes or provide open spaces benefits and that permanent facilities such as a treatment plant or a relocated stream channel will be constructed on the land for the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices;
   b. Acquisition of coal refuse disposal sites and all coal refuse thereon will serve the purposes of Pub. L. No. 95-87, Tit. IV, codified at 30 U.S.C. ch. 25, subch. IV, or that public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effect of past coal mining practices.

4. Title to all lands acquired pursuant to this section shall be in the name of this state. The price paid for land acquired under this section shall reflect the market value of the land as adversely affected by past coal mining practices.

5. If land acquired pursuant to this section is deemed to be suitable for industrial, commercial, agricultural, residential, or recreational development, the division with authorization from the secretary may sell the land by public sale under a system of competitive bidding, at not less than fair market value and under rules promulgated to insure that the lands are put to proper use consistent with local land use plans.

6. The division if requested after appropriate public notice shall hold a public hearing with the appropriate notice, in the county of the lands acquired pursuant to this section. The
hearings shall be held at a time that affords local citizens and governments the maximum opportunity to participate in the decision concerning the use or disposition of the lands.

7. The division may cooperate with the secretary in acquiring land by purchase, donation, or condemnation to assist the housing of people disabled as the result of employment in the mines or incidental work, persons displaced by acquisition of land pursuant to this section, or persons dislocated as the result of adverse effects of coal mining practices which constitute an emergency as determined by the secretary. The fund provided under this section shall not be used to pay the actual construction costs of housing.
