is not full-time employment until the member receives remuneration in an amount in excess of thirty thousand dollars for a calendar year, or an amount equal to the amount of remuneration permitted for a calendar year for persons under sixty-five years of age before a reduction in federal social security retirement benefits is required, whichever is higher. Effective the first of the month in which a member attains the age of sixty-five years, a retired member may receive a retirement allowance without a reduction after return to covered employment regardless of the amount of remuneration received.

b. If a member dies and the full amount of the reduction from retirement allowances required under this subsection has not been paid, the remaining amounts shall be deducted from the payments made, if any, to the member’s designated beneficiary or contingent annuitant. If the member has selected an option under which remaining payments are not required or the remaining payments are insufficient to satisfy the full amount of the reduction from retirement allowances required under this subsection, the amount still unpaid shall be a claim against the member’s estate.

c. For purposes of this subsection and not for purposes of determining a retiree’s covered wages, remuneration paid on and after July 1, 2007, includes noncovered contributions to a defined contribution plan qualified under Internal Revenue Code section 401(a), a tax-deferred annuity qualified under Internal Revenue Code section 403(b), an eligible deferred compensation plan qualified under Internal Revenue Code section 457, or any other tax qualified or nonqualified investment vehicle, that is provided by an employer to a retiree who has been or will be reemployed in covered employment.

2. Effective January 1, 1991, a retired member of any age may receive a retirement allowance after return to covered employment, regardless of the amount of remuneration received, if the covered employment consists of holding an elective office.

3. Upon a retirement after reemployment, a retired member may have the retired member’s retirement allowance redetermined under this section or section 97B.48, section 97B.50, or section 97B.51, whichever is applicable, based upon the addition of credit for the years of membership service of the employee after reemployment, the covered wage during reemployment, and the age of the employee after reemployment. The member shall receive a single retirement allowance calculated from both periods of membership service, one based on the initial retirement and one based on the second retirement following reemployment. If the total years of membership service and prior service of a member who has been reemployed equals or exceeds thirty, the years of membership service on which the original retirement allowance was based may be reduced by a fraction of the years of service equal to the number of years by which the total years of membership service and prior service exceeds thirty divided by thirty, if this reduction in years of service will increase the total retirement allowance of the member. The additional retirement allowance calculated for the period of reemployment shall be added to the retirement allowance calculated for the initial period of membership service and prior service, adjusted as provided in this subsection. The retirement allowance calculated for the initial period of membership service and prior service shall not be adjusted for any other factor than years of service. The retired member shall not receive a retirement allowance based upon more than a total of thirty years of service. Effective July 1, 1998, a redetermination of a retirement allowance as authorized by this subsection for a retired member whose combined service exceeds the applicable years of service for that member as provided in sections 97B.49A through 97B.49G shall have the determination of the member’s reemployment benefit based upon the percentage multiplier as determined for that member as provided in sections 97B.49A through 97B.49G.

4. The system shall pay to the member the accumulated contributions of the member and all of the employer contributions, plus interest plus interest dividends as provided in section 97B.70, for all completed calendar years, compounded as provided in section 97B.70, on the covered wages earned by a retired member that are not used in the recalculation of the retirement allowance of a member. A payment of contributions to a member pursuant to this subsection shall be considered a retirement payment and not a refund and the member shall not be eligible to buy back the period of reemployment service.

5. If a retired reemployed member incurs a break in service, as defined in this subsection, and the member has failed to request an increase in the member’s monthly allowance or a
distribution of the member’s and employer’s accumulated contributions prior to the break in service, and if the amount of the increase in the member’s monthly retirement allowance would be less than six hundred dollars per year, the system shall distribute the lump sum amount payable under subsection 4. For purposes of this subsection, a “break in service” means four consecutive calendar quarters in which no wages are reported to the system. The lump sum payment shall be made within one hundred eighty days after the calendar quarter in which the member has a break in service. A member who receives a mandatory distribution under this subsection shall have sixty days to return the distribution to the system and request an increase in the member’s monthly allowance.

97B.49 Dormant accounts.

1. In the event that all, or any portion, of a retirement allowance, death benefit, or other distribution payable to a member or a member’s designated beneficiary, heirs at law, or estate, remains unpaid solely by reason of the inability of the system to locate the appropriate payee, the amount payable shall not be forfeited but shall be treated as a dormant account after the time for making a claim has run.

2. A dormant account shall revert to the retirement fund created in section 97B.7. A dormant account shall be non-interest-bearing, and except for keeping a record of such account, the system shall not maintain the account. A member who has a dormant account and returns to covered employment shall have their dormant account reactivated as of the quarter they return to covered employment. If the appropriate payee contacts the system after the amount payable is treated as a dormant account, the appropriate payee may claim such amounts by filing a withdrawal application provided by the system. The system shall have rulemaking authority to adopt rules necessary to implement this section in a just and equitable manner.

3. The system shall ensure that the payment of a dormant account as provided in this section meets the requirements of section 401(a)(9) of the federal Internal Revenue Code.

2004 Acts, ch 1103, §30

97B.49A Monthly payments of allowance — general calculation.

1. Definitions. For the purposes of this section:

a. “Applicable percentage” means sixty percent or, for each active or inactive vested member retiring on or after July 1, 1996, sixty percent plus, if applicable, an additional one-fourth of one percentage point for each additional calendar quarter of membership and prior service beyond thirty years of service, not to exceed a total of five additional percentage points.

b. “Fraction of years of service” means a number, not to exceed one, equal to the sum of the years of membership service and the number of years of prior service divided by thirty years.

2. Entitlement to monthly allowance. Each member, upon retirement on or after the member’s normal retirement date, is entitled to receive a monthly retirement allowance determined under this section. For an inactive vested member the monthly retirement allowance shall be determined on the basis of this section and section 97B.50 as they are in effect on the date of the member’s retirement.

3. Calculation of monthly allowance. For each active or inactive vested member retiring on or after July 1, 1994, with four or more complete years of service, a monthly benefit shall be computed which is equal to one-twelfth of an amount equal to the applicable percentage of the final average covered wage multiplied by a fraction of years of service. However, if benefits under this section commence on an early retirement date, the amount of the benefit shall be reduced in accordance with section 97B.50.

4. Alternative calculations.

a. For each active member employed before January 1, 1976, and retiring on or after January 1, 1976, and for each member who was a vested member before January 1, 1976, with
four or more complete years of service, a formula benefit shall be determined equal to the larger of the benefit determined under this paragraph and paragraph "b" of this subsection, as applicable, the benefit determined under subsection 3, or the benefit determined under section 97B.49G, subsection 1. The amount of the monthly formula benefit for each such active or vested member who retired on or after January 1, 1976, shall be equal to one-twelfth of one and fifty-seven hundredths percent per year of membership service multiplied by the member’s average annual covered wages. In no case shall the amount of monthly formula benefit accrued for membership service prior to July 1, 1967, be less than the monthly annuity at the normal retirement date determined by applying the sum of the member’s accumulated contributions, the member’s employer’s accumulated contributions on or before June 30, 1967, and any retirement dividends standing to the member’s credit on or before December 31, 1966, to the annuity tables in use by the system with due regard to the benefits payable from such accumulated contributions under sections 97B.52 and 97B.53.

b. For each member employed before January 1, 1976, who has qualified for prior service credit in accordance with the first paragraph of section 97B.43, a formula benefit shall be determined equal to the larger of the benefit determined under this paragraph and paragraph “a” of this subsection, as applicable, the benefit determined under subsection 3, or the benefit determined under section 97B.49G, subsection 1. The amount of the monthly formula benefit under this paragraph shall be equal to eight-tenths of one percent per year of prior service credit multiplied by the monthly rate of the member’s total remuneration not in excess of three thousand dollars annually during the twelve consecutive months of the member’s prior service for which that total remuneration was the highest. An additional three-tenths of one percent of the remuneration not in excess of three thousand dollars annually shall be payable for prior service during each year in which the accrued liability for benefit payments created by the abolished system is funded by appropriation from the Iowa public employees' retirement fund.

c. For each active and vested member retiring who cannot have a benefit determined under the formula benefit of paragraph “a” or “b” of this subsection, subsection 3, or section 97B.49G, subsection 1, a monthly annuity for membership service shall be determined by applying the member’s accumulated contributions and the employer’s matching accumulated contributions as of the effective retirement date and any retirement dividends standing to the member’s credit on or before December 31, 1966, to the annuity tables in use by the system according to the member’s age and contingent annuitant’s age, if applicable.

3. Additional contributions.
   a. Annually, the system shall actuarially determine the cost of the additional benefits provided for members covered under this section as a percentage of the covered wages of the employees covered by this section. Sixty percent of the cost shall be paid by the employers of employees covered under this section and forty percent of the cost shall be paid by the employees. The employer and employee contributions required under this paragraph are in addition to the contributions paid under sections 97B.11 and 97B.11A.

4. Notwithstanding any provision of this chapter to the contrary, the three-year average covered wage for a member retiring under this section whose years of eligible service equals or exceeds twenty-two years of eligible service for that member shall be determined
by calculating the member’s eligible combined wage for each year of eligible service. For purposes of this subsection, “eligible combined wage” means the wages earned by the member for each quarter year period from eligible service and from covered employment that is not eligible service if at least seventy-five percent of the wages earned was from eligible service.

Notwithstanding any provision of section 97B.11 to the contrary, fifty percent of the cost shall be paid by the employers of employees covered under this section and fifty percent of the cost shall be paid by the employees. The employer and employee contributions required under this paragraph shall be treated as contributions paid under sections 97B.11 and 97B.11A.

97B.49D Hybrid formula.

1. An active or inactive vested member, who is or has been employed in both special service and regular service, who retires on or after July 1, 1996, who is vested by service, and who at the time of retirement is at least fifty-five years of age, may elect to receive, in lieu of the receipt of a monthly retirement allowance as calculated pursuant to sections 97B.49A through 97B.49C, a combined monthly retirement allowance equal to the sum of the following:
   a. One-twelfth of an amount equal to the applicable percentage of the member’s final average covered wage multiplied by a fraction of years of service. The fraction of years of service for purposes of this paragraph shall be the actual years of service, not to exceed thirty, for which regular service contributions were made, divided by thirty. However, any otherwise applicable age reduction for early retirement shall apply to the calculation under this paragraph.
   b. One-twelfth of an amount equal to the applicable percentage of the member’s three-year average covered wage multiplied by a fraction of years of service. The fraction of years of service for purposes of this paragraph shall be the actual years of service, not to exceed the applicable years of service for the member as defined in section 97B.49B, earned in a position described in section 97B.49B, for which special service contributions were made, divided by the applicable years of service for the member as defined in section 97B.49B. In calculating the fractions of years of service under the paragraph, a member shall not receive special service credit for years of service for which the member and the member’s employer did not make the required special service contributions to the system.
   c. One-twelfth of an amount equal to the applicable percentage of the member’s three-year average covered wage multiplied by a fraction of years of service. The fraction of years of service for purposes of this paragraph shall be the actual years of service, not to exceed twenty-two, earned in a position described in section 97B.49C, for which special service contributions were made, divided by twenty-two. In calculating the fractions of years of service under this paragraph, a member shall not receive special service credit for years
of service for which the member and the member’s employer did not make the required special service contributions to the system.

2. In calculating the combined monthly retirement allowance pursuant to subsection 1, the sum of the fraction of years of service provided in subsection 1, paragraphs “a”, “b”, and “c”, shall not exceed one. If the sum of the fractions of years of service would exceed one, the system shall deduct years of service first from the calculation under subsection 1, paragraph “a”, and then from the calculation under subsection 1, paragraph “b”, if necessary, so that the sum of the fractions of years of service shall equal one.

3. In calculating the combined monthly retirement allowance pursuant to subsection 1, the applicable percentage shall be sixty percent plus, if applicable, an additional one-fourth of one percentage point for each additional calendar quarter of membership service in service as described in subsection 1, paragraph “a”, “b”, or “c”, beyond thirty years of service, not to exceed a total of five additional percentage points. Any addition in the percentage multiplier shall be included in the calculations required under this section.

Subsection 1, paragraph a amended

97B.49E Minimum benefits.

1. For each active member retiring on or after June 30, 1973, and who has completed ten or more years of membership service, the total amount of monthly benefit payable at the normal retirement date for prior service and membership service shall not be less than fifty dollars per month. If benefits commence on an early retirement date, the amount of benefit shall be reduced in accordance with section 97B.50. If an optional allowance is selected under section 97B.51, the amount payable shall be the actuarial equivalent of the minimum benefit. An employee who is in employment on a school year or academic year basis, will be considered to be an active member as of June 30, 1973, if the employee completed the 1972-1973 school year or academic year.

2. Effective January 1, 1997, for members who retired on or after July 1, 1953, and before July 1, 1990, with at least ten years of prior and membership service, the minimum monthly benefit payable at the normal retirement date for prior and membership service shall be two hundred dollars. The minimum monthly benefit payable shall be increased by ten dollars for each year of prior and membership service beyond ten years, up to a maximum of twenty additional years of prior and membership service. If benefits commenced on an early retirement date, the amount of the benefit shall be reduced in accordance with section 97B.50. If an optional allowance was selected under section 97B.51, the amount payable shall be the actuarial equivalent of the minimum benefit.

98 Acts, ch 1183, §39

97B.49F Retirement dividends.

a. Effective July 1, 1997, commencing with dividends payable in November 1997, and for each subsequent year, all members who retired prior to July 1, 1990, and all beneficiaries and contingent annuitants of such members, shall be eligible for annual dividend payments, payable in November of that year, pursuant to the requirements of this subsection. The dividend payable in any given year shall be the sum of the dollar amount of the dividend payable in the previous November and the dividend adjustment. A dividend determined pursuant to this subsection shall not be used to increase the monthly benefit amount payable. In no event shall the dividend payable be less than twenty-five dollars.

b. (1) The dividend adjustment for a given year shall be calculated by multiplying the total of the retiree’s, beneficiary’s, or contingent annuitant’s monthly benefit payments and the dividend payable to the retiree, beneficiary, or contingent annuitant, in the previous calendar year by the applicable percentage as determined by this paragraph.

(2) The applicable percentage shall be the least of the following percentages:

(a) The percentage representing the percentage increase in the consumer price index
§97B.49F, IOWA PUBLIC EMPLOYEES’ RETIREMENT SYSTEM (IPERS)  I-1554

published in the federal register by the federal department of labor, bureau of labor statistics, that reflects the percentage increase in the consumer price index for the twelve-month period ending June 30 of the year that the dividend is to be paid.

(b) The percentage representing the percentage amount the actuary has certified that the fund can absorb without requiring an increase in the employer and employee contributions to the fund. The actuary’s certification of such percentage amount shall be based on a comparison of the actuarially required contribution rate for the fiscal year of the dividend adjustment to the statutory contribution rate for that same fiscal year. If the actuarially required contribution rate exceeds the statutory contribution rate for that same fiscal year, the percentage amount shall be zero.

(c) Three percent.

(1) If a member eligible to receive a cost-of-living dividend dies before November 1 of a year, a cost-of-living dividend shall not be payable in November of that year in the name of the member. If a member dies on or after November 1, but before payment of a dividend is made in that month, the full amount of the retirement dividend for that year shall be paid in the member’s name upon notification of the member’s death.

2. Favorable experience dividend.

(a) Commencing January 1, 1999, all qualified recipients who have received a monthly allowance for at least one year as of the date the dividend is payable shall be eligible to receive a favorable experience dividend, payable on the last business day in January of each year pursuant to the requirements of this subsection. If the qualified recipient eligible to receive a favorable experience dividend dies before January 1 of a year, a favorable experience dividend shall not be payable in January of that year in the name of the qualified recipient. However, if the qualified recipient dies on or after January 1 but before the dividend is paid in that month, the full amount of the dividend payable in that month shall be paid in the name of the qualified recipient, upon notification of death. For purposes of this paragraph, “qualified recipient” includes all members who retired on or after July 1, 1990, or a beneficiary or contingent annuitant of such a member who receives a monthly benefit, and a beneficiary of an active member who elects a monthly allowance under section 97B.52, subsection 1, paragraph “c”.

(b) A favorable experience dividend reserve account, hereafter called the “reserve account”, is established within the retirement fund. Moneys credited to the reserve account shall be used by the system for the purpose of providing a favorable experience dividend pursuant to this subsection.

(c) Moneys shall be credited to the reserve account in the retirement fund as follows:

(1) On or before January 15, 1999, there shall be credited to the reserve account an amount that the system’s actuary determines is sufficient to pay the maximum favorable experience dividend for each of the next following five years, based on reasonable actuarial assumptions.

(2) Beginning with the annual actuarial valuation of the retirement system as of June 30, 1999, and for each annual actuarial valuation of the retirement system thereafter, there shall be credited to the reserve account on each applicable January 15 following an actuarial valuation, an amount that represents that portion of the favorable actuarial experience, if any, that the system’s actuary determines shall be credited to the reserve account pursuant to rules adopted by the system.

(3) The portion of the favorable actuarial experience, if any, that is not initially credited to the reserve account pursuant to subparagraph (2), but which, if applied to the retirement fund, would result in the actuarial valuation of assets exceeding the actuarial accrued liability of the retirement system based on the most recent annual actuarial valuation of the retirement system, shall be credited to the reserve account.

(4) Notwithstanding the provisions of this paragraph to the contrary, moneys credited to the reserve account in any applicable year shall not exceed an amount which, if credited to the reserve account, would exceed an amount that the system’s actuary determines is sufficient to pay the maximum favorable experience dividend for each of the next following ten years, based on reasonable actuarial assumptions.

(5) Notwithstanding any provisions of this paragraph to the contrary, moneys shall not be credited to the reserve account if the system is not fully funded or if the system would not remain fully funded if moneys were credited to the reserve account.
(6) As used in this paragraph, “favorable actuarial experience” means the difference, if positive, between the anticipated and actual experience of the retirement system’s actuarial assets and liabilities as measured by the system’s actuary in the most recent annual actuarial valuation of the retirement system pursuant to rules adopted by the system.

d. The favorable experience dividend is calculated by multiplying the monthly retirement allowance payable to the retiree, beneficiary, or contingent annuitant for the previous December, or such other month as determined by the system, by twelve, and then multiplying that amount by the number of complete years the member has been retired or would have been retired if living as of the date the dividend is payable, and by the applicable percentage. For purposes of this paragraph, the applicable percentage is the percentage, not to exceed three percent, that the system determines shall be applied in calculating the favorable experience dividend if the system determines that the reserve account is sufficiently funded to make a distribution. In making its determination, the system shall consider, but not be limited to, the amounts credited to the reserve account, the distributions from the reserve account made in previous years, the likelihood of future credits to and distributions from the reserve account, and the distributions paid under subsection 1.

97B.49G Monthly payments of allowance — miscellaneous provisions.

1. Monthly payments of allowance — percentage multiplier.

a. For each active or inactive vested member retiring on or after July 1, 1986, and before July 1, 1994, with four or more complete years of service, a monthly benefit shall be computed which is equal to one-twelfth of an amount equal to the applicable percentage multiplier of the three-year average covered wage multiplied by a fraction of years of service.

b. The applicable percentage multiplier for purposes of this subsection shall be the following:

(1) For active or inactive vested members retiring on or after July 1, 1986, but before July 1, 1990, fifty percent.

2. Extra payments on allowance — pre-1976 retirees.

a. (1) On January 1, 1976, for each member who retired before January 1, 1976, the amount of regular monthly retirement allowance attributable to membership service and prior service that was payable to the member for December 1975 is increased by ten percent for the first calendar year or portion of a calendar year the member was retired, and by an additional five percent for each calendar year after the first calendar year the member was retired through the calendar year beginning January 1, 1975. The total increase shall not exceed one hundred percent. Effective July 1, 1987, there is appropriated for each fiscal year from the Iowa public employees’ retirement fund created in section 97B.7 to the system from funds not otherwise appropriated an amount sufficient to fund the monthly retirement allowance increases paid under this paragraph.

(2) The benefit increases granted to members retired under the retirement system on January 1, 1976, shall be granted only on January 1, 1976, and shall not be further increased for any year in which the member was retired after the calendar year beginning January 1, 1975.
b. (1) Effective July 1, 1978, for each member who retired from the retirement system prior to January 1, 1976, the amount of regular monthly retirement allowance attributable to membership service and prior service that was payable to the member for June 1978 is increased as follows:

the beneficiary or contingent annuitant of the member, for December 1998 shall be increased by seven percent.

4. Normal retirement dates. A retired member shall be deemed to have retired on the member’s normal retirement date, and retirement benefits calculated shall not be reduced pursuant to section 97B.50, if the member meets any of the following requirements:

a. The member is an active or inactive vested member retiring on or after July 1, 1988, and before July 1, 1990, who is at least fifty-five years of age and has completed at least thirty years of membership service and prior service, and for which the sum of the number of years of membership service and prior service and the member’s age in years as of the member’s last birthday equals or exceeds ninety-two.

The retirement dividend does not affect the amount of a monthly benefit payment.

b. A member who retired from the retirement system between January 1, 1976, and June 30, 1982, or a contingent annuitant or beneficiary of such a member, shall receive with the November 1996 monthly benefit payment a retirement dividend equal to two hundred twenty-three percent of the monthly benefit payment the member received for the preceding June, or the most recently received benefit payment, whichever is greater. e. Notwithstanding the determination of the amount of a retirement dividend under this subsection, a retirement dividend shall not be less than twenty-five dollars.

a. Notwithstanding other provisions of this chapter, a member who is or has been employed as a conservation peace officer under section 456A.13 and who retires on or after July 1, 1986, and before July 1, 1988, and at the time of retirement is at least sixty years of age and has completed at least twenty-five years of membership service as a conservation peace officer, may elect to receive, in lieu of the receipt of any benefits under subsection 1 or section 97B.49A, as applicable, a monthly retirement allowance equal to one-twelfth of fifty
percent of the member's three-year average covered wage as a conservation peace officer, with benefits payable during the member's lifetime.

b. (1) A conservation peace officer who retires on or after July 1, 1986, and before July 1, 1988, and has not completed twenty-five years of membership service as required under this subsection is eligible to receive a monthly retirement allowance equal to one-twelfth of fifty percent of the member's three-year average covered wage as a conservation peace officer, multiplied by a fraction of years of service as a conservation peace officer. For the purpose of this subsection, "fraction of years of service" means a number, not to exceed one, equal to the sum of the years of membership service as a conservation peace officer, divided by twenty-five years. On or after July 1, 1986, but before July 1, 1988, if the conservation peace officer has not reached sixty years of age at retirement, the monthly retirement allowance shall be reduced by five-tenths of one percent per month for each month that the conservation peace officer's retirement precedes the date on which the conservation peace officer attains sixty years of age.

(2) The annual contribution necessary to pay for the additional benefits provided in this paragraph shall be paid by the employer and employee in the same proportion that employer and employee contributions are made under section 97B.11.

c. There is appropriated from the state fish and game protection fund to the system an actuarially determined amount calculated by the Iowa public employees' retirement system sufficient to pay for the additional benefits to conservation peace officers provided by this subsection, in paragraph "a" and for the employer portion of the benefits provided in paragraph "b". The amount is in addition to the contribution paid by the employer under section 97B.11. The cost of the benefits relating to fish and wildlife conservation peace officers within the department of natural resources shall be paid from the state fish and game protection fund and the cost of the benefits relating to the other conservation peace officers of the department shall be paid from the general fund.

a. (1) Notwithstanding other provisions of this chapter, a member who is or has been employed as a peace officer and who retires on or after July 1, 1986, and before July 1, 1988, and at the time of retirement is at least sixty years of age and has completed at least twenty-five years of membership service as a peace officer, may elect to receive, in lieu of the benefits under subsection 1 or section 97B.49A, subsection 4, as applicable, a monthly retirement allowance equal to one-twelfth of fifty percent of the member's three-year average covered wage as a peace officer, with benefits payable during the member's lifetime.

(2) A peace officer who retires on or after July 1, 1986, and before July 1, 1988, and has not completed twenty-five years of membership service as required under this subsection is eligible to receive a monthly retirement allowance equal to one-twelfth of fifty percent of the member's three-year average covered wage as a peace officer multiplied by the fraction of years of service as a peace officer. For the purpose of this subsection, "fraction of years of service" means a number, not to exceed one, equal to the sum of the years of membership service as a peace officer, divided by twenty-five years. On or after July 1, 1984, but before July 1, 1988, if the peace officer has not reached sixty years of age at retirement, the monthly retirement allowance shall be reduced by five-tenths of one percent per month for each month that the peace officer's retirement precedes the date on which the peace officer attains sixty years of age.

(3) For the purpose of this subsection, membership service as a peace officer means service under this retirement system as any or all of the following:

(a) As a county sheriff as defined in section 39.17.

(b) As a deputy sheriff appointed pursuant to section 341.1, Code 1981, or section 331.903.

(c) As a marshal or police officer in a city not covered under chapter 400.

b. Each county and applicable city and employee eligible for benefits under this subsection shall annually contribute an amount determined by the system, as a percentage of covered wages, to be necessary to pay for the additional benefits provided by this subsection. The annual contribution in excess of the employer and employee contributions required by this chapter shall be paid by the employer and the employee in the same proportion that employer and employee contributions are made under section 97B.11. The
additional percentage of covered wages shall be calculated separately by the system for service under paragraph “a”, subparagraphs (1) and (2), and for service under paragraph “a”, subparagraph (3), and each shall be an actuarially determined amount for that type of service which, if contributed throughout the entire period of active service, would be sufficient to provide the pension benefit provided in this subsection.

   a. Notwithstanding sections of this chapter relating to eligibility for and determination of retirement benefits, a vested member who is or has been employed as a correctional officer by the Iowa department of corrections and who retires on or after July 1, 1986, and before July 1, 1988, and at the time of retirement is at least sixty years of age and has completed at least thirty years of membership service as a correctional officer, may elect to receive, in lieu of the receipt of benefits under subsection 1 or section 97B.49A, subsection 4, as applicable, a monthly retirement allowance equal to one-twelfth of fifty percent of the member’s three-year average covered wage as a correctional officer, with benefits payable during the member’s lifetime.
   b. The Iowa department of corrections and the system shall jointly determine the applicable merit system job classifications of correctional officers.
   c. The Iowa department of corrections shall pay to the system, from funds appropriated to the Iowa department of corrections, an actuarially determined amount sufficient to pay for the additional benefits provided in this subsection. The amount is in addition to the employer contributions required in section 97B.11.

   a. Notwithstanding other provisions of this chapter, a member who is or has been employed by the office of disaster services as an airport fire fighter who retires on or after July 1, 1986, and before July 1, 1988, and at the time of retirement is at least sixty years of age and has completed at least twenty-five years of membership service as an airport fire fighter, may elect to receive, in lieu of the receipt of any benefits under subsection 1 or section 97B.49A, subsection 4, as applicable, a monthly retirement allowance equal to one-twelfth of fifty percent of the member’s three-year average covered wage as an airport fire fighter, with benefits payable during the member’s lifetime.
   b. An airport fire fighter who retires on or after July 1, 1986, and before July 1, 1988, and has not completed twenty-five years of membership service as required under this subsection is eligible to receive a monthly retirement allowance equal to one-twelfth of fifty percent of the member’s three-year average covered wage as an airport fire fighter multiplied by a fraction of years of service as an airport fire fighter. For the purpose of this subsection, “fraction of years of service” means a number, not to exceed one, equal to the sum of the years of membership service as an airport fire fighter, divided by twenty-five years. On or after July 1, 1986, but before July 1, 1988, if the airport fire fighter has not reached sixty years of age at retirement, the monthly retirement allowance shall be reduced by five-tenths of one percent per month for each month that the airport fire fighter’s retirement precedes the date on which the airport fire fighter attains sixty years of age.
   c. The employer and each employee eligible for benefits under this subsection shall annually contribute an actuarially determined amount specified by the system, as a percentage of covered wages, that is necessary to pay for the additional benefits provided by this subsection. The annual contribution in excess of the employer and employee contributions required in section 97B.11 shall be paid by the employer and the employee in the same proportion that the employer and employee contributions are made under section 97B.11.
   d. There is appropriated from the general fund of the state to the system from funds not otherwise appropriated an amount sufficient to pay the employer share of the cost of the additional benefits provided in this subsection.

   a. For purposes of this subsection:
      (1) “Applicable percentage” means the applicable percentage multiplier defined in subsection 1, paragraph “b”, that applies on the date a member retires and becomes eligible to receive a monthly allowance as calculated pursuant to this subsection.
§97B.49G, IOWA PUBLIC EMPLOYEES’ RETIREMENT SYSTEM (IPERS)

(2) “Fraction of years of service” means a number, not to exceed one, equal to the sum of the years of membership service in a protection occupation divided by twenty-five years.

b. Notwithstanding other provisions of this chapter, a member who is or has been employed in a protection occupation who retires on or after July 1, 1988, and before July 1, 1994, and at the time of retirement is at least fifty-five years of age may elect to receive, in lieu of the receipt of any benefits as calculated pursuant to subsection 1 or section 97B.49A, subsection 4, as applicable, a monthly retirement allowance equal to one-twelfth of an amount equal to the applicable percentage of the three-year average covered wage as a member who has been employed in a protection occupation multiplied by a fraction of years of service, with benefits payable during the member’s lifetime.

a. For purposes of this subsection:

(1) “Applicable percentage” means the applicable percentage multiplier as described in subsection 1, paragraph “b”, that applies on the date a member retires and becomes eligible to receive a monthly allowance as calculated pursuant to this subsection.

(2) “Fraction of years of service” means a number, not to exceed one, equal to the sum of the years of membership service as a sheriff or deputy sheriff divided by twenty-two years.

b. Notwithstanding other provisions of this chapter, a member who retires from employment as a sheriff or deputy sheriff on or after July 1, 1988, and before July 1, 1994, and at the time of retirement is at least fifty-five years of age may elect to receive, in lieu of the receipt of any benefits as calculated pursuant to subsection 1 or section 97B.49A, subsection 4, as applicable, a monthly retirement allowance equal to one-twelfth of an amount equal to the applicable percentage of the three-year average covered wage as a member who has been employed as a sheriff or deputy sheriff multiplied by a fraction of years of service, with benefits payable during the member’s lifetime.

12. Probation and parole officers III — July 1994 – July 1998. The system shall establish and maintain additional contribution accounts for employees of judicial district departments of correctional services who were employed as parole officers III and probation officers III during any portion of the period from July 1, 1994, through June 30, 1998. A probation officer III or parole officer III who made contributions to the retirement fund during the period from July 1, 1994, through June 30, 1998, as a member of a protection occupation shall have credited to an additional contribution account for that probation or parole officer an amount equal to the contributions made to the retirement fund in excess of three and seven-tenths percent of the probation or parole officer’s covered wages paid from July 1, 1994, through June 30, 1998, plus interest at the applicable statutory interest rates established in this chapter. Moneys deposited in an additional contribution account established pursuant to this section shall be payable in a lump sum to the probation or parole officer at retirement or upon request for a refund of moneys in the account. If the probation or parole officer dies prior to receipt of moneys in the account, the beneficiary designated by that probation or parole officer shall receive a lump sum payment of moneys in the account. The payment of moneys from the account created in this subsection shall not be annuitized. A probation officer III or parole officer III for which an account is established under this subsection shall not receive credit for eligible service as a member of a protection occupation for that service.

97B.49H Active member supplemental accounts.

1. There is established, for each active member, a supplemental account consisting of amounts credited to the account as provided in this section which shall be held and used for the exclusive benefit of the member pursuant to the requirements of this section.

2. Amounts shall be credited to a supplemental account of each active member pursuant to the requirements of this section following a determination by the system’s actuary during the most recent annual actuarial valuation that the retirement system does not have an unfunded accrued liability. For purposes of this section, the retirement system does not have an unfunded accrued liability if the actuarial accrued liability of the retirement system
based on the actuarial cost method used by the actuary does not exceed the actuarial value of assets of the retirement system as of the valuation date.

3. The system shall annually determine the amount to be credited to the supplemental accounts of active members. The total amount credited to the supplemental accounts of all active members shall not exceed the amount that the system determines, in consultation with the system’s actuary, leaves the system fully funded following the crediting of the total amount to the supplemental accounts. The amount to be credited shall not be greater than the amount calculated by multiplying the member’s covered wages for the applicable wage reporting period by the supplemental rate. For purposes of this subsection, the supplemental rate is the difference, if positive, between the combined employee and employer statutory contribution rates in effect under section 97B.11 and the normal cost rate of the retirement system as determined by the system’s actuary in the most recent annual actuarial valuation of the retirement system. The credits shall be made to each member’s account at the time that covered wages are reported for each wage reporting period during the calendar year following a determination that the retirement system will remain fully funded following the crediting of the total amount to the supplemental accounts. The normal cost rate, calculated according to the actuarial cost method used, is the percent of pay allocated to each year of service that is necessary to fund projected benefits over all members’ service with the retirement system.

4. Amounts credited to a member’s supplemental account shall be credited with interest quarterly pursuant to section 97B.70, subsection 2.

5. Amounts credited to a member’s supplemental account shall be distributed as follows:
   a. If a member terminates covered employment and files an application for a refund under section 97B.53, the member shall receive in a lump sum payment, in addition to any other payment provided by this chapter, all amounts credited to the member’s supplemental account.
   b. If a member dies prior to retirement, the member’s beneficiary shall receive in a lump sum payment, in addition to any other payment provided by this chapter, all amounts credited to the member’s supplemental account.
   c. Upon retirement, the member shall elect to receive in a lump sum payment or in an annuity, in addition to any other payment provided by this chapter, all amounts credited to the member’s supplemental account. The annuity provided under this section shall be payable in the same form, at the same time, and to the same persons, including beneficiaries and contingent annuitants, that the member elects for the payments under the other provisions of this chapter providing for the monthly payment of allowances. The amount of an annuity provided under this section, including amounts payable to beneficiaries and contingent annuitants, shall be calculated using the amount credited to the member’s supplemental account as of the date of retirement, and the assumptions underlying the actuarial tables used to calculate optional allowances under section 97B.51.

97B.49I Qualified benefits arrangement.
The system, by rule, may establish and maintain a qualified benefits arrangement under section 415(m) of the federal Internal Revenue Code. The amount of any annual benefit that would be payable pursuant to this chapter but for the limitation imposed by section 415 of the federal Internal Revenue Code shall be paid from a qualified benefits arrangement established and maintained pursuant to this section.

97B.50 Early retirement.
1. Except as otherwise provided in this section, a vested member who is at least fifty-five years of age, upon retirement prior to the normal retirement date for that member, is entitled to receive a monthly retirement allowance determined in the same manner as provided for normal retirement in sections 97B.49A, 97B.49E, and 97B.49G, reduced as follows:
   a. For a member who is less than sixty-two years of age, by twenty-five hundredths of
one percent per month for each month that the early retirement date precedes the normal retirement date.

b. For a member who is at least sixty-two years of age and who has not completed twenty years of membership service and prior service, by twenty-five hundredths of one percent per month for each month that the early retirement date precedes the normal retirement date.

2. a. A vested member who retires from the retirement system due to disability and commences receiving disability benefits pursuant to the federal Social Security Act, 42 U.S.C. § 423 et seq., and who has not reached the normal retirement date, shall receive benefits as selected under section 97B.51, and shall not have benefits reduced upon retirement as required under subsection 1 regardless of whether the member has completed thirty or more years of membership service. However, the benefits shall be suspended during any period in which the member returns to covered employment. This section takes effect July 1, 1990, for a member meeting the requirements of this paragraph who retired from the retirement system at any time after July 4, 1953. Eligible members retiring on or after July 1, 2000, are entitled to the receipt of retroactive adjustment payments for no more than thirty-six months immediately preceding the month in which written application for retirement due to disability was received by the system.

b. A vested member who retires from the retirement system due to disability and commences receiving disability benefits pursuant to the federal Railroad Retirement Act, 45 U.S.C. § 231 et seq., and who has not reached the normal retirement date, shall receive benefits as selected under section 97B.51, and shall not have benefits reduced upon retirement as required under subsection 1 regardless of whether the member has completed thirty or more years of membership service. However, the benefits shall be suspended during any period in which the member returns to covered employment. This section takes effect July 1, 1990, for a member meeting the requirements of this paragraph who retired from the retirement system at any time since July 4, 1953. Eligible members retiring on or after July 1, 2000, are entitled to the receipt of retroactive adjustment payments for no more than thirty-six months immediately preceding the month in which written application for retirement due to disability was received by the system.

c. A vested member who terminated service due to a disability, who has been issued payment for a refund pursuant to section 97B.53, and who subsequently commences receiving disability benefits as a result of that disability pursuant to the federal Social Security Act, 42 U.S.C. § 423 et seq. or the federal Railroad Retirement Act, 45 U.S.C. § 231 et seq., may receive credit for membership service for the period covered by the refund payment, upon repayment to the system of the actuarial cost of receiving service credit for the period covered by the refund payment, as determined by the system. For purposes of this paragraph, the actuarial cost of the service purchase shall be determined as provided in section 97B.80C. The payment to the system as provided in this paragraph shall be made within ninety days after July 1, 2000, or the date federal disability payments commenced, whichever occurs later. For purposes of this paragraph, the date federal disability payments commence shall be the date that the member actually receives the first such payment, regardless of any retroactive payments included in that payment. A member who repurchases service credit under this paragraph and applies for retirement benefits shall have the member’s monthly allowance, including retroactive adjustment payments, determined in the same manner as provided in paragraph “a” or “b”, as applicable.

d. For a vested member who retires from the retirement system due to disability on or after July 1, 2009, and commences receiving disability benefits pursuant to the federal Railroad Retirement Act, 45 U.S.C. § 231 et seq., or the federal Social Security Act, 42 U.S.C. § 423 et seq., the system may require the vested member to certify on an annual basis continued eligibility for disability payments under the federal Railroad Retirement Act or the federal Social Security Act. If the vested member is under the age at which disability benefits are converted under the federal Social Security Act or the federal Railroad Retirement Act to retirement benefits and is no longer eligible for disability payments under either the federal Railroad Retirement Act or the federal Social Security Act, the vested member shall no longer be eligible to receive retirement benefits as provided by this subsection. If the system has paid retirement benefits to the member between the month the member was no longer
eligible for payment pursuant to the federal Railroad Retirement Act or the federal Social Security Act and the month the system terminated retirement benefits under this paragraph, the member shall return all retirement benefits paid by the system following the termination of such federal disability benefits, plus interest. The system shall adopt rules pursuant to chapter 17A to implement this paragraph.

3. A member who is at least sixty-two years of age and less than sixty-five years of age, and who has completed twenty or more years of membership service and prior service, shall receive benefits under sections 97B.49A through 97B.49G, as applicable, determined as if the member had attained sixty-five years of age.

97B.50A Disability benefits for special service members.

1. Definitions. For purposes of this section, unless the context otherwise provides:

a. “Member” means a vested member who is classified as a special service member under section 97B.1A, subsection 22, at the time of the alleged disability. “Member” does not mean a volunteer fire fighter.

b. “Net disability retirement allowance” means the amount determined by subtracting the amount paid during the previous calendar year by the member for health insurance or similar health care coverage for the member and the member’s dependents from the amount of the member’s disability retirement allowance, including any dividends and distributions from supplemental accounts, paid for that year pursuant to this section.

c. “Reemployment comparison amount” means an amount equal to the current covered wages of an active special service member at the same position on the salary scale within the rank or position the member held at the time the member received a disability retirement allowance pursuant to this section. If the rank or position held by the member at the time of retirement pursuant to this section is abolished, the amount shall be computed by the system as though the rank or position had not been abolished and salary increases had been granted on the same basis as granted to other ranks or positions by the former employer of the member. The reemployment comparison amount shall not be less than the three-year average covered wage of the member, based on all regular and special service covered under this chapter.

2. In-service disability retirement allowance.

a. A member who is injured in the performance of the member’s duties, and otherwise meets the requirements of this subsection, shall receive an in-service disability retirement allowance under this subsection, in lieu of a monthly retirement allowance as provided in section 97B.49A, 97B.49B, 97B.49C, 97B.49D, or 97B.49G, as applicable.

b. Upon application of a member, a member who has become totally and permanently incapacitated for duty in the member’s special service occupation as the natural and proximate result of an injury, disease, or exposure occurring or aggravated while in the actual performance of duty at some definite place and time shall be eligible to retire under this subsection, provided that the medical board, as established by this section, shall certify that the member is mentally or physically incapacitated for further performance of duty, that the incapacity is likely to be permanent, and that the member should be retired. The system shall make the final determination, based on the medical evidence received, of a member’s total and permanent disability. However, if a person’s special service membership in the retirement system first commenced on or after July 1, 2000, the member shall not be eligible for benefits with respect to a disability which would not exist but for a medical condition that was known to exist on the date that membership commenced. A member who is denied a benefit under this subsection, by reason of a finding by the system that the member is not mentally or physically incapacitated for the further performance of duty, shall be entitled to
be restored to active service in the same or comparable special service occupation position held by the member immediately prior to the application for disability benefits.

c. (1) Disease under this subsection shall mean heart disease or any disease of the lungs or respiratory tract and shall be presumed to have been contracted while on active duty as a result of strain, exposure, or the inhalation of noxious fumes, poison, or gases.

(2) Disease under this subsection shall also mean cancer or infectious disease, as defined in section 411.1, and shall be presumed to have been contracted while on active duty as a result of that duty.

(3) However, if a person's special service membership in the retirement system first commenced on or after July 1, 2000, and the heart disease, disease of the lungs or respiratory tract, cancer, or infectious disease would not exist, but for a medical condition that was known to exist on the date that special service membership commenced, the presumption established in this paragraph “c” shall not apply.

d. Upon retirement for an in-service disability as provided by this subsection, a member shall have the option to receive a monthly in-service disability retirement allowance calculated under this subsection or a monthly retirement allowance as provided in section 97B.49A, 97B.49B, 97B.49C, 97B.49D, or 97B.49G, as applicable, that the member would receive if the member had attained fifty-five years of age. The monthly in-service disability allowance calculated under this subsection shall consist of an allowance equal to one-twelfth of sixty percent of the member’s three-year average covered wage or its actuarial equivalent as provided under section 97B.51.

3. Ordinary disability retirement allowance.

a. A member who otherwise meets the requirements of this subsection shall receive an ordinary disability retirement allowance under this subsection in lieu of a monthly retirement allowance as provided in section 97B.49A, 97B.49B, 97B.49C, 97B.49D, or 97B.49G, as applicable.

b. Upon application of a member, a member who has become totally and permanently incapacitated for duty in the member’s special service occupation shall be eligible to retire under this subsection, provided that the medical board, as established by this section, shall certify that the member is mentally or physically incapacitated for further performance of duty, that the incapacity is likely to be permanent, and that the member should be retired. The system shall make the final determination, based on the medical evidence received, of a member’s total and permanent disability. However, if a person’s special service membership in the retirement system first commenced on or after July 1, 2000, the member shall not be eligible for benefits with respect to a disability which would not exist, but for a medical condition that was known to exist on the date that special service membership commenced. A member who is denied a benefit under this subsection, by reason of a finding by the system that the member is not mentally or physically incapacitated for the further performance of duty, shall be entitled to be restored to active service in the same or comparable special service occupation position held by the member immediately prior to the application for disability benefits.

c. Upon retirement for an ordinary disability as provided by this subsection, a member shall receive the greater of a monthly ordinary disability retirement allowance calculated under this subsection or a monthly retirement allowance as provided in section 97B.49A, 97B.49B, 97B.49C, 97B.49D, or 97B.49G, as applicable. The monthly ordinary disability allowance calculated under this subsection shall consist of an allowance equal to one-twelfth of fifty percent of the member’s three-year average covered wage or its actuarial equivalent as provided under section 97B.51.

4. Waiver of allowance. A member receiving a disability retirement allowance under this section may file an application to receive benefits pursuant to section 97B.50, subsection 2, in lieu of receiving a disability retirement allowance under this section, if the member becomes eligible for benefits under section 97B.50, subsection 2. An application to receive benefits pursuant to section 97B.50, subsection 2, shall be filed with the system within sixty days after the member becomes eligible for benefits pursuant to that section or the member shall be ineligible to elect coverage under that section. On the first of the month following the month in which a member’s application is approved by the system, the member’s election
of coverage under section 97B.50, subsection 2, shall become effective and the member’s eligibility to receive a disability retirement allowance pursuant to this section shall cease. Benefits payable pursuant to section 97B.50, subsection 2, shall be calculated using the option choice the member selected for payment of a disability retirement allowance pursuant to this section. An application to elect coverage under section 97B.50, subsection 2, is irrevocable upon approval by the system.

5. **Offset to allowance.** Notwithstanding any provisions to the contrary in state law, or any applicable contract or policy, any amounts which may be paid or payable by the employer under any workers’ compensation, unemployment compensation, employer-paid disability plan, program, or policy, or other law to a member, and any disability payments the member receives pursuant to the federal Social Security Act, 42 U.S.C. § 423 et seq., shall be offset against and payable in lieu of any retirement allowance payable pursuant to this section on account of the same disability.

6. **Reexamination of members retired on account of disability.**
   a. Once each year during the first five years following the retirement of a member under this section, and once in every three-year period thereafter, the system may, and upon the member’s application shall, require any member receiving an in-service or ordinary disability retirement allowance who has not yet attained the age of fifty-five years to undergo a medical examination as arranged by the medical board as established by this section. The examination shall be made by the medical board or by an additional physician or physicians designated by the medical board. If any member receiving an in-service or ordinary disability retirement allowance who has not attained the age of fifty-five years refuses to submit to the medical examination, the allowance may be discontinued until the member’s withdrawal of the refusal, and should the member’s refusal continue for one year, all rights in and to the member’s disability retirement allowance shall be revoked by the system.
   b. If a member is determined under paragraph “a” to be no longer eligible for in-service or ordinary disability benefits, all benefits paid under this section shall cease. The member shall be eligible to receive benefits calculated under section 97B.49B or 97B.49C, as applicable, when the member reaches age fifty-five.

7. **Reemployment.**
   a. If a member receiving a disability retirement allowance is returned to covered employment, the member’s disability retirement allowance shall cease, the member shall again become an active member, and shall contribute thereafter at the same rate payable by similarly classified members. If a member receiving a disability retirement allowance returns to special service employment, then the period of time the member received a disability retirement allowance shall constitute eligible service as defined in section 97B.49B, subsection 1, or section 97B.49C, subsection 1, as applicable. Upon subsequent retirement, the member’s retirement allowance shall be calculated as provided in section 97B.48A.
   b. (1) If a member receiving a disability retirement allowance is engaged in a gainful occupation that is not covered employment, the member’s disability retirement allowance shall be reduced, if applicable, as provided in this paragraph.
   (2) If the member is engaged in a gainful occupation paying more than the difference between the member’s net disability retirement allowance and one and one-half times the reemployment comparison amount for that member, then the amount of the member’s disability retirement allowance shall be reduced to an amount such that the member’s net disability retirement allowance plus the amount earned by the member shall equal one and one-half times the reemployment comparison amount for that member.
   (3) The member shall submit sufficient documentation to the system to permit the system to determine the member’s net disability retirement allowance and earnings from a gainful occupation that is not covered employment for the applicable year.
   (4) This paragraph does not apply to a member who is at least fifty-five years of age and would have completed a sufficient number of years of service if the member had remained in active special service employment. For purposes of this subparagraph, a sufficient number of years of service shall be the applicable years of service for a special service member as described in section 97B.49B or twenty-two for a special service member as described in section 97B.49C.
8. **Death benefits.** A member who is receiving an in-service or ordinary disability retirement allowance under this section shall be treated as having elected a lifetime monthly retirement allowance with death benefits payable under section 97B.52, subsection 3, unless the member elects an optional form of benefit provided under section 97B.51, which shall be actuarially equivalent to the lifetime monthly retirement allowance provided under this section.

9. **Medical board.** The system shall designate a medical board to be composed of three physicians from the university of Iowa hospitals and clinics who shall arrange for and pass upon the medical examinations required under this section and shall report in writing to the system the conclusions and recommendations upon all matters duly referred to the medical board. Each report of a medical examination under this section shall include the medical board’s findings as to the extent of the member’s physical or mental impairment. Except as required by this section, each report shall be confidential and shall be maintained in accordance with the federal Americans With Disabilities Act, and any other state or federal law containing requirements for confidentiality of medical records.

10. **Liability of third parties — subrogation.**

   a. If a member receives an injury for which benefits are payable under this section, and if the injury is caused under circumstances creating a legal liability for damages against a third party other than the system, the member or the member’s legal representative may maintain an action for damages against the third party. If a member or a member’s legal representative commences such an action, the plaintiff member or representative shall serve a copy of the original notice upon the system not less than ten days before the trial of the action, but a failure to serve the notice does not prejudice the rights of the system, and the following rights and duties ensue:

      1. The system shall be indemnified out of the recovery of damages to the extent of benefit payments made by the retirement system, with legal interest, except that the plaintiff member’s attorney fees may be first allowed by the district court.

      2. The system has a lien on the damage claim against the third party and on any judgment on the damage claim for benefits for which the retirement system is liable. In order to continue and preserve the lien, the system shall file a notice of the lien within thirty days after receiving a copy of the original notice in the office of the clerk of the district court in which the action is filed.

   b. If a member fails to bring an action for damages against a third party within thirty days after the system requests the member in writing to do so, the system is subrogated to the rights of the member and may maintain the action against the third party, and may recover damages for the injury to the same extent that the member may recover damages for the injury. If the system recovers damages in the action, the court shall enter judgment for distribution of the recovery as follows:

      1. A sum sufficient to repay the system for the amount of such benefits actually paid by the retirement system up to the time of the entering of the judgment.

      2. A sum sufficient to pay the system the present worth, computed at the interest rate provided in section 535.3 for court judgments and decrees, of the future payments of such benefits for which the retirement system is liable, but the sum is not a final adjudication of the future payment which the member is entitled to receive.

      3. Any balance shall be paid to the member.

   c. Before a settlement is effective between the system and a third party who is liable for any injury, the member must consent in writing to the settlement; and if the settlement is between the member and a third party, the system must consent in writing to the settlement; or on refusal to consent, in either case, the district court in the county in which either the employer of the member or the system is located must consent in writing to the settlement.

   d. For purposes of subrogation under this section, a payment made to an injured member or the member’s legal representative, by or on behalf of a third party or the third party’s principal or agent, who is liable for, connected with, or involved in causing the injury to the member, shall be considered paid as damages because the injury was caused under circumstances creating a legal liability against the third party, whether the payment is made under a covenant not to sue, compromise settlement, denial of liability, or is otherwise made.
11. **Document submissions.** A member retired under this section, in order to be eligible for continued receipt of retirement benefits, shall submit to the system any documentation the system may reasonably request which will provide information needed to determine payments to the member under this section.

12. **Contributions.** The expenses incurred in the administration of this section by the system shall be paid through contributions as determined pursuant to section 97B.49B, subsection 3, or section 97B.49C, subsection 3, as applicable.

13. **Applicability — retroactivity.**
   a. This section applies to a member who becomes disabled on or after July 1, 2000, and also applies to a member who becomes disabled prior to July 1, 2000, if the member has not terminated special service employment as of June 30, 2000.
   b. To qualify for benefits under this section, a member must file a completed application with the system within one year of the member’s termination of employment. A member eligible for a disability retirement allowance under this section is entitled to receipt of retroactive adjustment payments for no more than six months immediately preceding the month in which the completed application for receipt of a disability retirement allowance under this section is approved.

14. **Rules.** The system shall adopt rules pursuant to chapter 17A specifying the application procedure for members pursuant to this section.

For future amendments to subsection 12 effective July 1, 2011, see 2008 Acts, ch 1171, §37, 48, 49

Subsection 2, paragraph c amended

**97B.51 Allowance upon retirement.**

1. Each member has the right prior to the member’s retirement date to elect to have the member’s retirement allowance payable under one of the options set forth in this section. The amount of the optional retirement allowance selected in paragraph “a”, “c”, “d”, “e”, or “f” shall be the actuarial equivalent of the amount of the retirement allowance otherwise payable to the member as determined by the system in consultation with the system’s actuary. The member shall make an election by written request to the system and the election is subject to the approval of the system. If the member is married, election of an option under this section requires the written acknowledgment of the member’s spouse. However, the system may accept a married member’s election of a benefit option under this section without the written acknowledgment of the member’s spouse if the member submits a notarized statement indicating that the member has been unable to locate the member’s spouse to obtain the written acknowledgment of the spouse after reasonable diligent efforts. The member’s election of a benefit option shall become effective upon filing the necessary forms, including the notarized statement, with the system. The system shall not be liable to the member, the member’s spouse, or to any other person affected by the member’s election of a benefit option, based upon an election of benefit option accomplished without the written acknowledgment of the member’s spouse. The member may, if eligible, select one of the following options:

   a. At retirement, a member may designate that upon the member’s death, a specified amount of money shall be paid to a named beneficiary, and the member’s monthly retirement allowance shall be reduced by an actuarially determined amount to provide for the lump sum payment. The amount designated by the member must be in thousand dollar increments and shall be limited to the amount of the member’s accumulated contributions. The amount designated shall not lower the monthly retirement allowance of the member by more than one-half the amount payable as provided in paragraph “b”. A member may designate a different beneficiary at any time, except as limited by an order that has been accepted by the system as complying with the requirements of section 97B.39. The election of a death benefit amount under this paragraph shall be irrevocable upon payment of the first monthly retirement allowance.

   b. A member may elect a retirement allowance otherwise payable to the member upon
retirement under the retirement system pursuant to this chapter, to include the applicable provisions of sections 97B.49A through 97B.49G, and a death benefit as provided in section 97B.52, subsection 3.

c. A member may elect an increased retirement allowance during the member’s lifetime with no death benefit after the member’s retirement date.

d. (1) A member may elect to receive a decreased retirement allowance during the member’s lifetime and have the decreased retirement allowance, or a designated fraction thereof, continued after the member’s death to another person, called a contingent annuitant, during the lifetime of the contingent annuitant. The member cannot change the contingent annuitant after the member’s retirement. In case of the election of a contingent annuitant, no death benefits, as might otherwise be provided by this chapter, will be payable upon the death of either the member or the contingent annuitant after the member’s retirement. (2) In lieu of a benefit as calculated under subparagraph (1), a member may elect to receive a decreased retirement allowance during the member’s lifetime and have the decreased retirement allowance, or a designated fraction thereof, continued after the member’s death to another person, called a contingent annuitant, during the lifetime of the contingent annuitant, as determined by this subparagraph. In addition, if the contingent annuitant dies prior to the death of the member, the member shall receive a retirement allowance beginning with the first month following the death of the contingent annuitant as if the member had selected the option provided by paragraph “b” at the time of the member’s first retirement. The member cannot change the contingent annuitant after the member’s retirement. If a contingent annuitant receives a decreased retirement allowance under this subparagraph following the death of the member, no death benefits, as might otherwise be provided by this chapter, will be payable upon the death of the contingent annuitant.

e. A member may elect to receive a decreased retirement allowance during the member’s lifetime with provision that in event of the member’s death during the first one hundred twenty months of retirement, monthly payments of the member’s decreased retirement allowance shall be made to the member’s beneficiary until a combined total of one hundred twenty monthly payments have been made to the member and the member’s beneficiary. When the member designates multiple beneficiaries, the present value of the remaining payments shall be paid in a lump sum to each beneficiary, either in equal shares to the beneficiaries, or if the member specifies otherwise in a written request, in the specified proportion. A member may designate a different beneficiary at any time, except as limited by an order that has been accepted by the department as complying with the requirements of section 97B.39.

f. A member retiring under section 97B.49B or 97B.49C may select an allowance upon retirement as provided under paragraph “a”, “b”, “c”, or “e”, or paragraph “d”, subparagraph (1), and may elect to have the monthly allowance otherwise payable to the member pursuant to the selected paragraph or subparagraph recalculated as provided in this paragraph. A member electing payment of a monthly allowance under this paragraph shall have the member’s monthly allowance increased, as determined by the system’s actuary, by an amount equal to the monthly federal social security benefit that would be payable to the member on the date the member would be first eligible to receive a reduced social security pension benefit based upon the member’s account. Upon reaching the date the member would be first eligible to receive a reduced social security pension benefit, the member’s monthly retirement allowance shall be permanently reduced, as determined by the system’s actuary. A member electing payment of an allowance under this paragraph shall provide the system with a copy of the estimate provided by the federal social security administration of the member’s monthly federal social security benefit that would be payable on the date the member would be first eligible to receive a reduced social security pension benefit at least sixty days prior to the member’s first month of entitlement.

2. The election by a member of an option stated under this section shall be null and void if the member dies prior to the member’s first month of entitlement.

3. A member who had elected to take an option stated in this section, may, at any time
prior to retirement, revoke such an election by written notice to the system. A member shall not change or revoke an election once the first retirement allowance is paid.

[C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §97B.51]

97B.52 Payment to beneficiary.

1. If an inactive member who is vested by service, or any active member, dies prior to the member’s first month of entitlement, the member’s beneficiary shall be entitled to receive a death benefit equal to the greater of the amount provided in paragraph “a” or “b”. If an inactive member who is not vested by service dies prior to the member’s first month of entitlement, the member’s beneficiary shall only be entitled to receive a death benefit, as a lump sum, equal to the amount provided in paragraph “a”.

   a. A lump sum payment equal to the accumulated contributions of the member at the date of death plus the product of an amount equal to the highest year of covered wages of the deceased member and the number of years of membership service divided by the applicable denominator. As used in this paragraph, “applicable denominator” means the following, based upon the type of membership service in which the member served either on the date of death, or if the member died after terminating service, on the date of the member’s last termination of service:

      (1) For regular service, the applicable denominator is thirty.

      (2) For service in a protection occupation, as defined in section 97B.49B, the applicable denominator is the applicable years of service for the member as defined in section 97B.49B if the member had retired on the date of death.

      (3) For service as a sheriff or deputy sheriff, as provided in section 97B.49C, the applicable denominator is twenty-two.

   b. For a member who dies on or after January 1, 2001, a lump sum payment equal to the actuarial present value of the member’s accrued benefit as of the date of death. The actuarial equivalent present value of the member’s accrued benefit as of the date of death shall be calculated using the same interest rate and mortality tables that are used by the system and the system’s actuary under section 97B.51, and shall assume that the member would have retired at the member’s earliest normal retirement date.

   c. The payment of a death benefit to a designated beneficiary as provided by this subsection shall be in a lump sum payment. However, if the designated beneficiary is a sole individual, the beneficiary may elect to receive, in lieu of a lump sum payment under this subsection, a monthly annuity payable for the life of the beneficiary. The monthly annuity shall be calculated by applying the annuity tables used by the system to the lump sum payment under this subsection based on the beneficiary’s age. If the designated beneficiary is more than one individual, or if the designated beneficiary is an estate, trust, church, charity, or other similar organization, a death benefit under this subsection shall only be paid in a lump sum.

2. a. If the system determines, upon the receipt of evidence and proof, that the death of a member in special service was the direct and proximate result of a traumatic personal injury incurred in the line of duty as a member in special service, a line of duty death benefit in an amount of one hundred thousand dollars shall be paid in a lump sum to the special service member’s beneficiary. A line of duty death benefit payable under this subsection shall be in addition to any death benefit payable as provided in subsection 1.

   b. A line of duty death benefit shall not be payable under this subsection if any of the following applies:

      (1) The death resulted from stress, strain, occupational illness, or a chronic, progressive, or congenital illness, including, but not limited to, a disease of the heart, lungs, or respiratory system, unless a traumatic personal injury was a substantial contributing factor to the special service member’s death.

      (2) The death was caused by the intentional misconduct of the special service member or by the special service member’s intent to cause the special service member’s own death.
3. The special service member was voluntarily intoxicated at the time of death.
4. The special service member was performing the special service member’s duties in a grossly negligent manner at the time of death.
5. A beneficiary who would otherwise be entitled to a benefit under this subsection was, through the beneficiary’s actions, a substantial contributing factor to the special service member’s death.
6. The death qualifies for a volunteer emergency services provider death benefit pursuant to section 100B.31.

3. If a member dies on or after the first day of the member’s first month of entitlement, the excess, if any, of the accumulated contributions by the member as of said date over the total gross monthly retirement allowances received by the member under the retirement system will be paid to the member’s beneficiary unless the retirement allowance is then being paid in accordance with section 97B.48 or with section 97B.51, subsection 1, paragraph “a”, “c”, “d”, or “e”.

4. Other than as provided in subsections 1, 2, and 3 of this section, or section 97B.51, all rights to any benefits under the retirement system shall cease upon the death of a member.

b. If a death benefit is due and payable on behalf of a member who dies prior to the member’s first month of entitlement, interest shall continue to accumulate through the quarter preceding the quarter in which payment is made to the designated beneficiary, heirs at law, or the estate unless the payment of the death benefit is delayed because of a dispute between alleged heirs, in which case the benefit due and payable shall be placed in a noninterest bearing escrow account until the beneficiary is determined in accordance with this section.

5. In order to receive the death benefit, the beneficiary, heirs at law, or the estate, or any other third-party payee, must apply to the system within five years of the member’s death. However, death benefits payable under this section shall not exceed the amount permitted pursuant to Internal Revenue Code section 401(a)(9) and the applicable treasury regulations.

b. The system shall reinstate a designated beneficiary’s right to receive a death benefit beyond the five-year limitation if the designated beneficiary was the member’s spouse at the time of the member’s death and the distribution is required or permitted pursuant to Internal Revenue Code section 401(a)(9) and the applicable treasury regulations.

6. Following written notification to the system, a beneficiary of a deceased member may waive current and future rights to payments to which the beneficiary would otherwise be entitled under section 97B.51, subsection 1, paragraphs “a”, “b”, and “e”. Upon receipt of the waiver, the system shall pay the amount designated to be received by that beneficiary to the member’s other surviving beneficiary or beneficiaries or to the estate of the deceased member, as elected by the beneficiary in the waiver. If the payments being waived are payable to the member’s estate and an estate is not probated, the payments shall be paid to the deceased member’s surviving spouse, or if there is no surviving spouse, to the member’s heirs other than the beneficiary who waived the payments.

7. If a member has not filed a designation of beneficiary with the system, the death benefit is payable to the member’s estate. If no designation has been filed and an estate is not probated, the death benefit shall be paid to the surviving spouse, if any. If no designation has been filed, no estate has been probated, and there is no surviving spouse, the death benefit shall be paid to the heirs as provided in this subsection. The system shall pay the full amount of a member’s death benefits to those heirs who have presented a claim for such benefits within five years after the member’s date of death. The system is not liable for the payment of any claims by heirs who make themselves known to the system more than five years after the date of death of the member. If a death benefit is not paid as provided by this subsection, the death benefit shall remain in the fund.

Subsection 1, unnumbered paragraph 1 amended

97B.52A Eligibility for benefits — bona fide retirement.
1. A member has a bona fide retirement when the member terminates all employment covered under the chapter or formerly covered under the chapter pursuant to section 97B.42, files a completed application for benefits form with the system, survives into the month for which benefits are first payable, and meets the following applicable requirement:
   a. For a member whose first month of entitlement is prior to July 1, 1998, the member does not return to covered employment until the member has qualified for no fewer than four calendar months of retirement benefits.
   b. For a member whose first month of entitlement is July 1998 or later, but before July 2000, the member does not return to any employment with a covered employer until the member has qualified for no fewer than four calendar months of retirement benefits.
   c. (1) For a member whose first month of entitlement is July 2000 or later, the member does not return to any employment with a covered employer until the member has qualified for at least one calendar month of retirement benefits, and the member does not return to covered employment until the member has qualified for no fewer than four calendar months of retirement benefits.
      (2) For purposes of determining a bona fide retirement under this paragraph “c”, the following provisions apply:
         (a) Effective July 1, 2000, any employment with a covered employer does not include employment as an elective official or member of the general assembly if the member is not covered under this chapter for that employment.
         (b) For a member whose first month of entitlement is July 2004 or later, but before July 2012, covered employment does not include employment as a licensed health care professional by a public hospital as defined in section 249J.3, with the exception of public hospitals governed pursuant to chapter 226.
         (c) Effective May 25, 2008, any employment with a covered employer does not include noncovered employment as a member of the national guard called to state active duty as defined in section 29A.1.
2. A member may commence receiving retirement benefits under this chapter upon satisfying eligibility requirements. However, a retired member who commences receiving a retirement allowance but fails to meet the applicable requirements of subsection 1 does not have a bona fide retirement and any retirement allowance received by such a member must be returned to the system together with interest earned on the retirement allowance calculated at a rate determined by the system. Until the member has repaid the retirement allowance and interest, the system may withhold any future retirement allowance for which the member may qualify.
3. A member whose first month of entitlement is before July 1998 and who terminates covered employment but maintains an employment relationship with an employer that made contributions to the retirement system on the member’s behalf does not have a bona fide retirement until all employment, including employment which is not covered by this chapter, with such employer is terminated for at least thirty days. In order to receive retirement benefits, the member must file a completed application for benefits form with the system before returning to any employment with the same employer.
4. The requirements of this section shall apply to a lump sum payment as provided by section 97B.48, subsection 1, and the payment of contributions as provided in section 97B.48A, subsection 4.
2010 amendment to subsection 1, paragraph c, subparagraph (2), subparagraph division (c) takes effect April 23, 2010, and applies retroactively to May 25, 2008; 2010 Acts, ch 1167, §40
Subsection 1, paragraph c amended
§97B.53 Termination of employment — refund options.

Membership in the retirement system, and all rights to the benefits under the retirement system, cease upon a member’s termination of employment with the employer prior to the member’s retirement, other than by death, and upon receipt by the member of a refund of moneys in the member’s account as provided in this section.

1. Upon the termination of employment with the employer prior to retirement other than by death of a member, the member’s account, consisting of accumulated contributions by the member and, for a member who is vested on the date an application for a refund is filed, the member’s share of the accumulated employer contributions for the vested member at the date of the termination, may be paid to the member upon application, except as provided in subsections 2, 4, and 8. For the purpose of this subsection, the “member’s share of the accumulated employer contributions” is an amount equal to the accumulated employer contributions of the member multiplied by a fraction of years of service for that member as defined in section 97B.49A, 97B.49B, or 97B.49C.

2. If a vested member’s employment is terminated prior to the member’s retirement, other than by death, the member may receive a monthly retirement allowance commencing on the first day of the month in which the member attains the age of sixty-five years, if the member is then alive, or, if the member so elects in accordance with section 97B.47, commencing on the first day of the month in which the member attains the age of fifty-five or any month thereafter prior to the date the member attains the age of sixty-five years, and continuing on the first day of each month thereafter during the member’s lifetime, provided the member does not receive prior to the date the member’s retirement allowance is to commence a refund of moneys in the member’s account as provided under any of the provisions of this chapter. The amount of each such monthly retirement allowance shall be determined as provided in either sections 97B.49A through 97B.49G, or in section 97B.50, whichever is applicable.

3. A terminated, vested member has the right, prior to the commencement of the member’s retirement allowance, to receive a refund of moneys in the member’s account, and in the event of the death of the member prior to the commencement of the member’s retirement allowance and prior to the receipt of any such refund, the benefits authorized by subsection 1 and subsection 2 of section 97B.52 shall be paid.

4. A member has not terminated employment for purposes of this section if the member commences other covered employment within thirty days after the date employment was terminated with a covered employer, or if the member begins covered employment prior to filing a request for a refund with the system.

5. Within sixty days after a member has been issued payment for a refund of moneys in the member’s account, the member may repay the moneys refunded, plus interest that would have accrued, as determined by the system, and receive credit for membership service for the period covered by the refund payment.

6. A member who does not withdraw moneys in the member’s account upon termination of employment may at any time request the return of the moneys in the member’s account, but if the member receives a return of moneys in the member’s account the member has waived all claims for any other benefits and membership rights from the fund.

7. If a member is involuntarily terminated from covered employment, has been issued payment for a refund, and is retroactively reinstated in covered employment as a remedy for an employment dispute, the member may receive credit for membership service for the period covered by the refund payment upon repayment to the system within ninety days after the date of the order or agreement requiring reinstatement of the amount of the refund plus interest that would have accrued, as determined by the system.

8. The system is under no obligation to maintain the member account of a member who terminates covered employment prior to December 31, 1998, if the member was not vested at the time of termination. A person who made contributions to the abolished system, who is entitled to a refund in accordance with the provisions of this chapter, and who has not claimed and received such a refund prior to January 1, 1964, shall, if the person makes a claim for refund after January 1, 1964, be required to submit proof satisfactory to the system of the person’s entitlement to the refund. The system is under no obligation to maintain the member accounts of such persons after January 1, 1964.
9. Any member whose employment is terminated may elect to leave the moneys in the
member’s member account in the retirement fund.
10. If an employee hired to fill a permanent position terminates the employee’s
employment within six months from the date of employment, the employer may file a claim
with the system for a refund of the funds contributed to the system by the employer for the
employee.

      (4) Effective January 1, 2002, an annuity contract described in section 403(b) of the
federal Internal Revenue Code, and an eligible plan under section 457(b) of the federal
Internal Revenue Code which is maintained by a state, political subdivision of a state, or
any agency or instrumentality of a state or political subdivision of a state that chooses to
separately account for amounts transferred into such eligible retirement plan from the
system.
      (5) Effective January 1, 2008, a Roth individual retirement account or a Roth individual

An increase in the benefits or retirement allowances provided under this chapter shall not be enacted until after the system’s actuary determines that the system is fully funded and will continue to be fully funded immediately following enactment of the increase. 97B.66 Former members.
A vested or retired member who was a member of the teachers insurance and annuity association-college retirement equities fund (TIAA-CREF) at any time between July 1, 1967, and June 30, 1971, and who became a member of the retirement system on July 1, 1971, upon submitting verification of service and wages earned during the applicable period of service under the teachers insurance and annuity association-college retirement equities fund, may make employer and employee contributions to the retirement system based upon the covered wages of the member and the covered wages and the contribution rates in effect for all or a portion of that period of service and receive credit for membership service under this retirement system equivalent to the applicable period of membership service in the teachers insurance and annuity association-college retirement equities fund for which the contributions have been made. In addition, a member making employer and employee contributions because of membership in the teachers insurance and
annuity association-college retirement equities fund under this section who was a member of the retirement system on June 30, 1967, and withdrew the member’s accumulated contributions because of membership on July 1, 1967, in the teachers insurance and annuity association-college retirement equities fund, may make employee contributions to the retirement system for all or a portion of the period of service under the retirement system prior to July 1, 1967. A member making contributions pursuant to this section may make the contributions either for the entire applicable period of service, or for portions of the period of service, and if contributions are made for portions of the period of service, the contributions shall be in increments of one or more calendar quarters.

The contributions paid by the vested or retired member shall be equal to the accumulated contributions as defined in section 97B.1A, subsection 2, by the member for the applicable period of service, and the employer contribution for the applicable period of service under the teachers insurance and annuity association-college retirement equities fund (TIAA-CREF), that would have been or had been contributed by the vested or retired member and the employer, if applicable, plus interest on the contributions that would have accrued for the applicable period from the date the previous applicable period of service commenced under this retirement system or from the date the service of the member in the teachers insurance and annuity association-college retirement equities fund (TIAA-CREF) commenced to the date of payment of the contributions by the member as provided in section 97B.70.

However, the system shall ensure that the member, in exercising an option provided in this section, does not exceed the amount of annual additions to a member’s account permitted pursuant to section 415 of the federal Internal Revenue Code.

97B.67 Repealed by 88 Acts, ch 1242, § 63.

97B.68 Employees under federal civil service.
1. Effective July 1, 1996, a person who is a member of the federal civil service retirement program or the federal employee’s retirement system is not eligible for membership in the Iowa public employees’ retirement system for the same position, and this chapter does not apply to that employee. An employee whose membership in the federal civil service retirement program or the federal employee’s retirement system is subsequently terminated shall immediately notify the employee’s employer and the system of that fact, and the employee shall become subject to this chapter on the date the notification is received by the system.
2. Upon termination of membership in the Iowa public employees’ retirement system under the provisions of this section, the employee shall be paid from the Iowa public employees’ retirement fund within six months of the termination a lump sum cash amount equal to the sum of:
   a. Such member’s accumulated contributions as defined in subsection 2 of section 97B.1A, computed as of July 4, 1959, plus
   b. The total amount contributed to the Iowa old-age and survivors’ insurance fund prior to July 1, 1953, by such member which was transferred to the retirement fund as of July 1, 1953, and would have been refundable to the member had the member not elected to receive prior service credit in accordance with section 97B.43, with interest on such amount at two percent per annum compounded annually from July 1, 1953, to July 4, 1959.
3. Effective July 1, 1996, an employee who participates in the federal civil service retirement program or the federal employee’s retirement system may be covered under this chapter if otherwise eligible. The employee shall not be covered under this chapter, however, unless the employee is not credited for service in the federal civil service retirement system or the federal employee’s retirement system for the position to be covered under this chapter. This subsection shall not be construed to permit any employer to contribute on behalf of an employee for the same position and the same period of service to both the Iowa
public employees’ retirement system and either the federal civil service retirement program or the federal employee’s retirement system.

97B.70 Interest and dividends to members.
1. For calendar years prior to January 1, 1997, interest at two percent per annum and interest dividends declared by the system shall be credited to the member’s contributions and the employer’s contributions to become part of the accumulated contributions and accumulated employer contributions thereby.
   a. The average rate of interest earned shall be determined upon the following basis:
      (1) Investment income shall include interest and cash dividends on stock.
      (2) Investment income shall be accounted for on an accrual basis.
      (3) Capital gains and losses, realized or unrealized, shall not be included in investment income.
      (4) Mean assets shall include fixed income investments valued at cost or on an amortized basis, and common stocks at market values or cost, whichever is lower.
      (5) The average rate of earned interest shall be the quotient of the investment income and the mean assets of the retirement fund.
   b. The interest dividend shall be determined within sixty days after the end of each calendar year as follows:
      (1) The dividend rate for a calendar year shall be the excess of the average rate of interest earned for the year over the statutory two percent rate plus twenty-five hundredths of one percent.
      (2) The average rate of interest earned and the interest dividend rate in percent shall be calculated to the nearest one hundredth, that is, to two decimal places.
      (3) Interest and interest dividends calculated pursuant to this subsection shall be compounded annually.
2. For calendar years beginning January 1, 1997, a per annum interest rate at one percent above the interest rate on one-year certificates of deposit shall be credited to the member’s contributions and the employer’s contributions to become part of the accumulated contributions and accumulated employer contributions account. For purposes of this subsection, the interest rate on one-year certificates of deposit shall be determined by the system based on the average rate for such certificates of deposit as of the first business day of each year as published in a publication of general acceptance in the business community. The per annum interest rate shall be credited on a quarterly basis by applying one-quarter of the annual interest rate to the sum of the accumulated contributions and the accumulated employer contributions as of the end of the previous calendar quarter.
3. Interest shall be credited to the accumulated contributions and accumulated employer contributions accounts, and supplemental accounts of active members, inactive vested members, and, effective January 1, 1999, to inactive nonvested members, until the quarter prior to the quarter in which the member’s first retirement allowance is paid or in which the member is issued a refund under section 97B.53, or in which a death benefit is issued.
4. Prior to January 1, 1999, interest and interest dividends shall be credited to the accumulated contributions and accumulated employer contributions account of a person who leaves the contributions in the retirement fund upon termination from covered employment prior to achieving vested status, but who subsequently returns to covered employment. Upon return to covered employment but prior to January 1, 1999, interest and interest dividends shall be credited to the accumulated contributions and accumulated employer contributions account of the person commencing upon the date on which the person has covered wages.
5. If the system no longer maintains the accumulated contributions and accumulated employer contributions account of the person pursuant to this chapter, but the person
§97B.70, IOWA PUBLIC EMPLOYEES’ RETIREMENT SYSTEM (IPERS)  I-1578

submits satisfactory proof to the system that the person, or the person’s employer, did make contributions that should be included in the accumulated contributions and accumulated employer contributions account, the system shall credit interest and interest dividends in the manner provided in subsection 4.

97B.77 through 97B.79  Reserved.

97B.80 Veteran’s credit.
1.  Effective July 1, 1992, a vested or retired member who has one or more full calendar years of covered wages and who at any time served on active duty in the armed forces of the United States, upon submitting verification of the dates of the active duty service, may make contributions to the retirement system for all or a portion of the period of time of the active duty service, in increments of one or more calendar quarters, and receive credit for membership service and prior service for the period of time for which the contributions are made.
2.  The contributions required to be made for purposes of this section shall be determined as follows:
   a.  For a member making contributions for a purchase of additional service prior to July 1, 1999, the contributions to be paid, representing both employer and employee contributions, shall be based upon the member’s covered wages for the most recent full calendar year in which the member had reportable wages at the applicable rates in effect for that year under sections 97B.11, 97B.49B, 97B.49C, and 97B.49G.  If the member’s most recent covered wages were earned prior to the most recent calendar year, the member’s covered wages shall be adjusted by the system by an inflation factor to reflect changes in the economy.
   b.  For a member making contributions for a purchase of additional service on or after July 1, 1999, the member shall make contributions in an amount equal to the actuarial cost of the service purchase.  For purposes of this paragraph, the actuarial cost of the service purchase is an amount determined by the system in accordance with actuarial tables, as reported to the system by the system’s actuary, which reflects the actuarial cost necessary to fund an increased retirement allowance resulting from the purchase of additional service.
3.  Verification of active duty service and payment of contributions shall be made to the system.  However, a member is not eligible to make contributions under this section if the member is receiving, is eligible to receive, or may in the future be eligible to receive retirement pay from the United States government for active duty in the armed forces, except for retirement pay granted by the United States government under retired pay for nonregular service pursuant to 10 U.S.C. § 12731 – 12739.  A member receiving retired pay for nonregular service who makes contributions under this section shall provide information
required by the system documenting time periods covered under retired pay for nonregular service.

4. Effective July 1, 2004, a member eligible for an increased retirement allowance because of the payment of contributions under this section is entitled to adjusted payments beginning with the month in which the member pays contributions under this section.

5. However, the system shall ensure that the member, in exercising an option provided in this section, does not exceed the amount of annual additions to a member’s account permitted pursuant to section 415 of the federal Internal Revenue Code.

97B.80A and 97B.80B Repealed by 2004 Acts, ch 1103, § 60. See § 97B.80C.

97B.80C Purchases of permissive service credit.

1. Definitions. For purposes of this section:

   (1) Service that is not qualified service.
   (2) Any period of time for which there was no performance of services.
   (3) Service as described in subsection 1, paragraph “c”, subparagraph (2).

b. “Permissive service credit” means credit that will be recognized by the retirement system for purposes of calculating a member’s benefit, for which the member did not previously receive service credit in the retirement system, and for which the member voluntarily contributes to the retirement system the amount required by the retirement system, not in excess of the amount necessary to fund the benefit attributable to such service.

c. (1) “Qualified service” means any of the following:
   (a) Service with the United States government or any state or local government, including any agency or instrumentality thereof, regardless of whether that government, agency, or instrumentality was a covered employer at the time of the service.

(2) “Qualified service” does not include service as described in subparagraph (1) if the receipt of credit for such service would result in the member receiving a retirement benefit under more than one retirement plan for the same period of service.

2. a. A vested or retired member may make contributions to the retirement system to purchase up to the maximum amount of permissive service credit for qualified service as determined by the system, pursuant to Internal Revenue Code section 415(n), the requirements of this section, and the system’s administrative rules.

b. A vested or retired member must have at least twenty quarters of covered wages in order to purchase permissive service credit for nonqualified service.

c. A vested or retired member may convert regular member service credit to special service credit by payment of the amount actuarially determined as necessary to fund the resulting increase in the member’s accrued benefit. The conversion shall be treated as a purchase of qualified service credit subject to the requirements of paragraph “a” if the service credit to be converted was or would have been for qualified service. The conversion shall be treated as a purchase of nonqualified service credit subject to the requirements of paragraph “b” if the service credit to be converted was purchased as nonqualified service credit.

Upon notification of the applicable county board of supervisors of the member’s election, the county board of supervisors shall pay to the system an amount sufficient to pay sixty percent of the actuarial cost of the service purchase by a member pursuant to this paragraph.

d. For a member making contributions for a purchase of permissive service credit for qualified service as described in subsection 1, paragraph “c”, subparagraph (1), subparagraph division (h), in which, prior to July 1, 1998, the member received a refund of the member’s accumulated contributions and subsequently returned to covered employment as a full-time employee for whom coverage under this chapter was mandatory the member shall receive a credit against the actuarial cost of the service purchase equal to the amount of the member’s employer’s accumulated contributions which were not paid to the member as a refund pursuant to section 97B.53 plus interest as calculated pursuant to section 97B.70.

e. For purposes of this subsection, the actuarial cost of the service purchase is an amount determined by the system in accordance with actuarial tables, as reported to the system by the system’s actuary, which reflects the actuarial cost necessary to fund an increased retirement allowance resulting from the purchase of permissive service credit.

4. Effective July 1, 2004, a member eligible for an increased retirement allowance because of the payment of contributions under this or any other section providing for the purchase of
service credit is entitled to adjusted payments beginning with the month in which the member pays contributions beginning with the month in which the member pays contributions under the applicable section.

5. Effective July 1, 2004, a purchase of service made in accordance with this or any other section providing for the purchase of service credit by a retired reemployed member shall be applied to the member’s original retirement allowance. The member is eligible to receive adjustment payments beginning with the month of the purchase.

6. A member who is entitled to a benefit from another public retirement system and wishes to purchase the service covered by that public retirement system must waive, on a form provided by the Iowa public employees' retirement system, all rights to a retirement benefit under that other public system before purchasing credit in this system for the period of service covered by that other public system. In no event can a member receive more than one service credit for any given calendar quarter.

Once a direct rollover is made, the member must forfeit the applicable service credit from the eligible retirement plan from which the eligible rollover distribution is received.

(c) (i) For rollover service purchases prior to January 1, 2007, the portion of any
distribution that is not includible in the gross income of the distributee, determined without regard to the exclusion for net unrealized appreciation with respect to employer securities.

(ii) For rollover service purchases on or after January 1, 2007, the portion of any distribution that is not includible in the gross income of the distributee, determined without regard to the exclusion for net unrealized appreciation with respect to employer securities, shall be treated as an eligible rollover distribution only when such portion is received from a qualified plan under section 401(a) or 403(a) of the federal Internal Revenue Code.

(d) Any amounts that are not permitted to be treated as eligible rollover distributions by the internal revenue service under the federal Internal Revenue Code.

3. A member may purchase any service credit as authorized by this section, to the extent permitted by the internal revenue service, by means of a direct transfer of pretax amounts, and effective January 1, 2007, any after-tax contributions, from an annuity contract qualified under federal Internal Revenue Code section 403(b), or an eligible plan described in federal Internal Revenue Code section 457(b), maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state. A direct transfer is a trustee-to-trustee transfer to the retirement system of contributions made to annuity contracts qualified under federal Internal Revenue Code section 403(b) and eligible governmental plans qualified under federal Internal Revenue Code section 457(b) for purposes of purchasing service credit in the retirement system.

97C.20 Referenda by governor.
With respect to employees of the state the governor is empowered to authorize a referendum, and with respect to the employees of any political subdivision the governor shall authorize a referendum upon request of the governing body of such subdivision; and in either case the referendum shall be conducted, and the governor shall designate an agency or individual to supervise its conduct, in accordance with the requirements of section 218 “d” (3) of the Social Security Act, on the question of whether service in positions covered by a retirement system established by the state or by a political subdivision thereof should be excluded from or included under an agreement under this chapter. The notice of referendum required by section 218 “d” (3) (C) of the Social Security Act to be given to employees shall contain or shall be accomplished by a statement, in such form and such detail as the agency or individual designated to supervise the referendum shall deem necessary and sufficient, to inform the employees of the rights which will accrue to them and their dependents and survivors, and the liabilities to which they will be subject, if their services are included under an agreement under this chapter.

Upon receiving evidence satisfactory to the governor that with respect to any such referendum the conditions specified in section 218 “d” (3) of the Social Security Act have been met, the governor shall so certify to the secretary of health and human services.

CHAPTER 97D
PUBLIC RETIREMENT SYSTEMS GENERALLY

97D.1 Guiding goals for future changes in public retirement systems — social security — portability.
1. The general assembly declares that legislative proposals for changes in specific public retirement systems should be considered within the context of all public retirement systems within the state, with emphasis on equity and equality among the systems. The following list of guiding goals shall apply to the consideration of proposed changes:
   a. Select those benefit enhancement options which most successfully deliver the greatest good to the greatest number of employees.
   b. Choose those options which best correct existing inequities between and among the various retirement groups in the state.
   c. Determine those options which most ably serve the twin objectives of attracting and retaining quality employees.
   d. Avoid enacting further incentives toward earlier retirement with full benefits.
   e. Avoid further splintering of benefits by disproportionate enhancement of benefits for one group beyond those available to another.
   f. Avoid enacting further benefit enhancements that fail to preserve or enhance intergenerational equity amongst all employees covered by the retirement system.
2. The public retirement systems committee established by section 97D.4 shall periodically weigh the advantages and disadvantages of establishing participation in the federal social security system for the members of public retirement systems operating under chapters 97A and 411 and the impact of such a change on total contributions and benefits.
3. The public retirement systems committee established by section 97D.4 shall consider proposals to achieve greater portability of pension benefits between the various public retirement systems in the state. Special attention should be given to the actuarial cost of transfers of value from one system to another.
90 Acts, ch 1240, §43; 98 Acts, ch 1183, §108

97D.2 Analysis of cost of proposed changes.
When the public retirement systems committee established by section 97D.4 or a standing committee of the senate or house of representatives recommends a proposal for a change in a public retirement system within this state, the committee shall require the development of actuarial information concerning the costs of the proposed change. If the proposal affects police and fire retirement under chapter 411, the committee shall arrange for the services of an actuarial consultant or request actuarial information from the statewide fire and police retirement system created in chapter 411 to assist in developing the information. Actuarial information developed as provided under this section concerning the cost of a proposed
change shall include information on the effect of the proposed change on the normal cost rate for that public retirement system using the entry age normal actuarial cost method.

97D.3 Newly hired peace officers, police officers, and fire fighters — referendum.
1. As soon as possible after July 1, 1990, the department of administrative services, in cooperation with the board of trustees of the public safety peace officers’ retirement system and the board of trustees for the statewide fire and police retirement system created in section 411.36, shall submit to the members of retirement systems under chapters 97A and 411 in a referendum the question of requiring federal social security coverage for all persons newly hired as peace officers, as defined in section 97A.1, police officers, and fire fighters. The referendum shall be conducted before January 1, 1991. The referendum procedures shall comply with the requirements of federal law and regulations. If there is a favorable vote of a majority of the persons eligible to vote in the referendum, subsection 2 applies.
2. Upon a favorable vote in the referendum and notwithstanding sections 97A.3 and 411.3, all persons newly hired as peace officers, as defined in section 97A.1, police officers, and fire fighters after July 1, 1991, shall be members of the Iowa public employees’ retirement system under chapter 97B, rather than members of retirement systems under chapters 97A and 411. Such members shall have federal social security coverage in addition to coverage under the Iowa public employees’ retirement system and shall have the same benefits as county sheriffs and deputy sheriffs under section 97B.49C or 97B.49G, as applicable.

97D.4 Public retirement systems committee established.
1. A public retirement systems committee is established.
   a.    b. Members shall be appointed prior to January 31 of the first regular session of each general assembly and shall serve for terms ending upon the convening of the following general assembly or when their successors are appointed, whichever is later. A vacancy shall be filled in the same manner as the original appointment and shall be for the remainder of the unexpired term of the vacancy.
   c. The committee shall elect a chairperson and vice chairperson. Meetings may be called by the chairperson or a majority of the members.
2. The members of the committee shall be reimbursed for actual and necessary expenses incurred in the performance of their duties and shall be paid a per diem as specified in section 2.10 for each day in which they engaged in the performance of their duties. However, per diem compensation and expenses shall not be paid when the general assembly is actually in session at the seat of government. Expenses and per diem shall be paid from funds appropriated pursuant to section 2.12.
3. The committee shall:
   a. Develop and recommend retirement standards and a coherent state policy on public retirement systems.
   b. Continuously survey pension and retirement developments in other states and in industry and business and periodically review the state’s policy and standards in view of these developments and changing economic and social conditions.
   c. Review the provisions in the public retirement systems in effect in this state.
   d. Review individually sponsored bills relating to the public retirement systems.
   e. Review proposals from interested associations and organizations recommending changes in the state’s retirement laws.

To be eligible for a two-year license under section 99B.7, an organization shall have been in existence at least five years prior to the date of issuance of the license. However, an organization which has been in existence for less than five years prior to the date of issuance of the license may obtain a two-year license if either of the following conditions apply:

This prohibition applies even though the individual has created a different legal entity than the one to which the previous license that had been revoked was issued. Except as otherwise provided in this chapter, a license is valid for a period of two years from the date of issue. Checks shall be imprinted with the words “Bingo Account” and shall contain the organization’s gambling license number on the face of the check. There shall also be noted on the face of the check or share draft the nature of the payment made. A check or slip shall not be made payable to “cash”, “bearer”, or a fictitious payee. Checks, including voided checks and drafts, shall be kept and accounted for.

(4) To withdraw initial or emergency funds deposited under subsection 3, paragraph “a”.

(5) To pay prizes if the qualified organization decides to pay prizes by check rather than cash.

d. The disbursement of net proceeds on deposit in a bingo savings account to a charitable purpose shall be made by transferring the intended disbursement back into the bingo account and then withdrawing the amount by a check drawn on that account as prescribed in this section.

e. Except as permitted by subsection 3, paragraph “a”, gross receipts derived from the conduct of bingo shall not be commingled with other funds of the licensed organization. Except as permitted by paragraph “e”, subparagraphs (3) and (4), gross receipts shall not be transferred to another account maintained by the licensed organization.

The annual report shall be due thirty days following the end of each fiscal year. The annual report shall contain a compilation of the information required to be recorded by subsection 2, and shall include all of the transactions occurring during the previous fiscal year for which the report is submitted. Failure to submit the annual report is grounds for revocation of the license. Willful failure to submit the annual report is a serious misdemeanor. A person who intentionally files a false or fraudulent report or application with the department commits a fraudulent practice.

5. An organization receiving funds reported as being dedicated by a qualified organization shall maintain proper books of account and records showing both the receipt and the use of the funds. These records shall be made available to the department or a law enforcement agency for inspection with or without notice at reasonable times. g. The actual retail value of any prize does not exceed one thousand dollars. If a prize consists of more than one item, unit, or part, the aggregate retail value of all items, units, or parts shall not exceed one thousand dollars. However, either a fair sponsor or a qualified organization, but not both, may hold one raffle per calendar year at which prizes having a combined value of more than one thousand dollars may be offered. If the prize is merchandise, its value shall be determined by the purchase price paid by the fair sponsor or qualified organization.

h. The raffle is conducted in a fair and honest manner.

2. It is lawful for an individual other than a person conducting the raffle to participate in a raffle conducted at a fair, whether or not conducted in compliance with subsection 1.

b. The real property was acquired by gift or donation or has been owned by the licensee for a period of at least five years.

c. All other requirements of this section and section 99B.2 are met, except that the cost to participate in the raffle may exceed one dollar for each participant.

d. Receipts from the raffle are kept in a separate financial account.

e. A cumulative report for the raffle on a form determined by the department and one percent of the gross receipts are submitted to the department within sixty days of the raffle drawing. The one percent of the gross receipts shall be retained by the department to pay for the cost of the special audit.

§99B.6 Games where liquor or beer is sold.

1. Except as provided in subsections 5, 6, 7, 8, and 9, gambling is unlawful on premises for which a class “A”, class “B”, class “C”, or class “D” liquor control license, or class “B” beer permit has been issued pursuant to chapter 123 unless all of the following are complied with:
   a. The holder of the liquor control license or beer permit has submitted an application for a license and an application fee of one hundred fifty dollars, and has been issued a license, and prominently displays the license on the premises.
   b. The holder of the liquor control license or beer permit or any agent or employee of the license or permit holder does not participate in, sponsor, conduct or promote, or act as cashier or banker for any gambling activities, except as a participant while playing on the same basis as every other participant.
   c. Gambling other than social games is not engaged in on the premises covered by the license or permit.
   d. Concealed numbers or conversion charts are not used to play any game, and a game is not adapted with any control device to permit manipulation of the game by the operator in order to prevent a player from winning or to predetermine who the winner will be, and the object of the game is attainable and possible to perform under the rules stated from the playing position of the player.
   e. The game must be conducted in a fair and honest manner.
   f. No person receives or has any fixed or contingent right to receive, directly or indirectly, any amount wagered or bet or any portion of amounts wagered or bet, except an amount which the person wins as a participant while playing on the same basis as every other participant.
   g. No cover charge, participation charge or other charge is imposed upon a person for the privilege of participating in or observing gambling, and no rebate, discount, credit, or other method is used to discriminate between the charge for the sale of goods or services to participants in gambling and the charge for the sale of goods or services to nonparticipants. Satisfaction of an obligation into which a member of an organization enters to pay at regular
periodic intervals a sum fixed by that organization for the maintenance of that organization is not a charge which is prohibited by this paragraph.

h. No participant wins or loses more than a total of fifty dollars or more consideration equivalent thereto in one or more games or activities permitted by this section at any time during any period of twenty-four consecutive hours or over that entire period. For the purpose of this paragraph a person wins the total amount at stake in any game, wager or bet, regardless of any amount that person may have contributed to the amount at stake.

i. No participant is participating as an agent of another person.

j. A representative of the department or a law enforcement agency is immediately admitted, upon request, to the premises with or without advance notice.

k. A person under the age of twenty-one years shall not participate in the gambling except pursuant to sections 99B.3, 99B.4, 99B.5, and 99B.7. Any licensee knowingly allowing a person under the age of twenty-one to participate in the gambling prohibited by this paragraph or any person knowingly participating in gambling with a person under the age of twenty-one, is guilty of a simple misdemeanor.

2. The holder of a license issued pursuant to this section is strictly accountable for complying with subsection 1. Proof of an act constituting a violation is grounds for revocation of the license issued pursuant to this section if the holder of the license permitted the violation to occur when the licensee knew or had reasonable cause to know of the act constituting the violation.

3. A participant in a social game which is not in compliance with this section shall be liable for a criminal penalty only if that participant has knowledge of or reason to know the facts constituting the violation.

4. The holder of a license issued pursuant to this section and every agent of that licensee who is required by the licensee to exercise control over the use of the premises who knowingly permits or engages in acts or omissions which constitute a violation of subsection 1 commits a serious misdemeanor. A licensee has knowledge of acts or omissions if any agent of the licensee has knowledge of those acts or omissions.

5. Lottery tickets or shares authorized pursuant to chapter 99G may be sold on the premises of an establishment that serves or sells alcoholic beverages, wine, or beer as defined in section 123.3.

6. A qualified organization may conduct games of skill, games of chance, or raffles pursuant to section 99B.7 in an establishment that serves or sells alcoholic beverages, wine, or beer as defined in section 123.3 if the games or raffles are conducted pursuant to this chapter or rules adopted pursuant to this chapter.

7. The holder of a liquor control license or beer permit may conduct a sports betting pool if the game is publicly displayed and the rules of the game, including the cost per participant and the amount of the winning is conspicuously displayed on or near the pool. No participant may wager more than five dollars and the maximum winnings to all participants from the pool shall not exceed five hundred dollars. The provisions of subsection 1, except paragraphs "c" and "h" and the prohibition of the use of concealed numbers in paragraph "d", are applicable to pools conducted under this subsection. If a pool permitted by this subsection involves the use of concealed numbers, the numbers shall be selected by a random method and no person shall be aware of the numbers at the time wagers are made in the pool. All moneys wagered shall be awarded to participants. For purposes of this subsection, "pool" means a game in which the participants select a square on a grid corresponding to numbers on two intersecting sides of the grid and winners are determined by whether the square selected corresponds to numbers relating to an athletic event in the manner prescribed by the rules of the game.

8. Gambling games authorized under chapter 99F may be conducted on an excursion gambling boat or gambling structure which is licensed as an establishment that serves or sells alcoholic beverages, wine, or beer as defined in section 123.3 if the gambling games are conducted pursuant to chapter 99F and rules adopted under chapter 99F. Notwithstanding section 123.3, subsection 26, paragraph "b", a person holding a federal gambling permit and licensed to conduct gambling games pursuant to chapter 99F may hold a liquor license.

9. Pari-mutuel wagering authorized under chapter 99D may be conducted within a
racetrack enclosure which is licensed as an establishment that serves or sells alcoholic beverages as defined in section 123.3 if the pari-mutuel wagering is conducted pursuant to chapter 99D and rules adopted under chapter 99D.

§99B.7 Games conducted by qualified organizations — penalties.

1. Except as otherwise provided in section 99B.8, games of skill, games of chance and raffles lawfully may be conducted at a specified location meeting the requirements of subsection 2 of this section, but only if all of the following are complied with:

   a. The person conducting the game or raffle has been issued a license pursuant to subsection 3 of this section and prominently displays that license in the playing area of the games.

   b. No person receives or has any fixed or contingent right to receive, directly or indirectly, any profit, remuneration, or compensation from or related to a game of skill, game of chance, or raffle, except any amount which the person may win as a participant on the same basis as the other participants. A person conducting a game or raffle shall not be a participant in the game or raffle.

   c. (1) Cash or merchandise prizes may be awarded in the game of bingo and, except as otherwise provided in this paragraph, shall not exceed one hundred dollars. Merchandise prizes may be awarded in the game of bingo, but the actual retail value of the prize, or if the prize consists of more than one item, unit or part, the aggregate retail value of all items, units or parts, shall not exceed the maximum provided by this paragraph. Bingo games allowing for a trade-in of a bingo card during a bingo game for not more than fifty cents a trade-in may be conducted. A jackpot bingo game may be conducted twice during any twenty-four-hour period in which the prize may begin at not more than three hundred dollars in cash or actual retail value of merchandise prizes and may be increased by not more than two hundred dollars after each bingo occasion to a maximum prize of one thousand dollars for the first jackpot bingo game and two thousand five hundred dollars for the second jackpot bingo game. However, the cost of play in a jackpot bingo game shall not be increased. A jackpot bingo game is not prohibited by paragraph “h”. A bingo occasion shall not last for longer than four consecutive hours. A qualified organization shall not hold more than fourteen bingo occasions per month. Bingo occasions held under a limited license shall not be counted in determining whether a qualified organization has conducted more than fourteen bingo occasions per month, nor shall bingo occasions held under a limited license be limited to four consecutive hours. With the exception of a limited license bingo, no more than three bingo occasions per week shall be held within a structure or building and only one person licensed to conduct games under this section may hold bingo occasions within a structure or building. A licensed qualified organization shall not conduct free games.

   (2) However, a qualified organization, which is a senior citizens' center or a residents' council at a senior citizen housing project or a group home, may hold more than fourteen bingo occasions per month and more than three bingo occasions per week within the same structure or building, and bingo occasions conducted by such a qualified organization may last for longer than four consecutive hours, if the majority of the patrons of the qualified organization's bingo occasions also participate in other activities of the senior citizens' center or are residents of the housing project. At the conclusion of each bingo occasion, the person conducting the game shall announce both the gross receipts received from the bingo occasion and the use permitted under subsection 3, paragraph “b”, to which the net receipts of the bingo occasion will be dedicated and distributed.

   d. (1) Cash prizes shall not be awarded in games other than bingo and raffles. The value of a prize shall not exceed ten thousand dollars and merchandise prizes shall not be repurchased. If a prize consists of more than one item, unit, or part, the aggregate value of all items, units, or parts shall not exceed ten thousand dollars. However, one raffle may be conducted per calendar year at which real property or one or more merchandise prizes
having a combined value of more than ten thousand dollars may be awarded or cash prizes of up to a total of two hundred thousand dollars may be awarded.

(2) If a raffle licensee holds a statewide raffle license, the licensee may hold not more than eight raffles per calendar year at which real property or one or more merchandise prizes having a combined value of more than ten thousand dollars may be awarded or cash prizes of up to a total of two hundred thousand dollars may be awarded. Each such raffle held under a statewide license shall be held in a separate county.

(3) If a prize is merchandise, its value shall be determined by the purchase price paid by the organization or donor. If a prize is real property or is cash and the combined value of the prize or the cash prize exceeds one hundred thousand dollars, the department shall conduct a special audit to verify compliance with the appropriate requirements of this chapter including all of the following applicable requirements:

(a) The licensee has submitted a real property or cash raffle license application and a fee of one hundred dollars to the department, has been issued a license, and prominently displays the license at the drawing area of the raffle.

(b) The real property was acquired by gift or donation or has been owned by the licensee for a period of at least five years.

(c) All other requirements of this section and section 99B.2 are met.

(d) Receipts from the raffle are kept in a separate financial account.

(e) A cumulative report for the raffle on a form determined by the department and one percent of gross receipts are submitted to the department within sixty days of the raffle drawing. The one percent of the gross receipts shall be retained by the department to pay for the cost of the special audit.

(e) The ticket price including any discounts for each game or raffle shall be the same for each participant.

(f) No prize is displayed which cannot be won.

(g) Merchandise prizes are not repurchased.

(h) A game or raffle shall not be operated on a build-up or pyramid basis.

(i) Concealed numbers or conversion charts shall not be used to play any game and a game or raffle shall not be adapted with any control device to permit manipulation of the game by the operator in order to prevent a player from winning or to predetermine who the winner will be, and the object of the game must be attainable and possible to perform under the rules stated from the playing position of the player.

(j) The game must be conducted in a fair and honest manner.

(k) Each game or raffle shall be posted.

(l) During the entire time that games permitted by this section are being engaged in, both of the following are observed:

(1) No other gambling is engaged in at the same location, except that lottery tickets or shares issued by the Iowa lottery authority may be sold pursuant to chapter 99G.

(2) A ticket, coupon, or card shall not be used as a door prize or given to a participant of a raffle, game of bingo, or game of chance if the use of the ticket, coupon, or card would change the odds of winning for participants of the raffle, game of bingo, or game of chance.

m. (1) The organization conducting the game can show to the satisfaction of the department that all of the following requirements are met:

(a) The organization is exempt from federal income taxes under section 501(c)(3), 501(c)(4), 501(c)(5), 501(c)(6), 501(c)(7), 501(c)(8), 501(c)(10), or 501(c)(19) of the Internal Revenue Code as defined in section 422.3, the organization is an agency or instrumentality of the United States government, this state, or a political subdivision of this state, or, in lieu of an exemption from federal income taxes, the organization is a parent-teacher organization or booster club that is recognized as a fund-raiser and supporter for a school district organized pursuant to chapter 274 or for a school within the school district, in a notarized letter signed by the president of the board of directors, the superintendent of the school district, or a principal of a school within that school district.

(b) The organization has an active membership of not less than twelve persons.

(c) The organization does not have a self-perpetuating governing body and officers.

(2) This lettered paragraph “m” does not apply to a political party, as defined in section
43.2, to a nonparty political organization that has qualified to place a candidate as its nominee for statewide office pursuant to chapter 44, or to a candidate’s committee as defined in section 68A.102.

n. The person conducting the game does none of the following:
   (1) Hold, currently, another license issued under this section.
   (2) Own or control, directly or indirectly, any class of stock of another person who has been issued a license to conduct games under this section.
   (3) Have, directly or indirectly, an interest in the ownership or profits of another person who has been issued a license to conduct games under this section.

o. A person shall not conduct, promote, administer, or assist in the conducting, promoting, or administering of a bingo occasion, unless the person regularly participates in activities of the qualified organization other than conducting bingo occasions or participates in an educational, civic, public, charitable, patriotic, or religious organization to which the net receipts are dedicated by the qualified organization.

p. A licensee shall keep records of all persons who serve as manager or cashier, or who are responsible for carrying out duties with respect to a bingo account. A licensee is subject to license revocation if it knowingly permits a person to serve in one of these capacities if the person was a manager, cashier, or responsible for carrying out duties with respect to a bingo account for another licensee at the time of one or more violations leading to revocation of the other licensee’s license, and if the license is still revoked at the time of the subsequent service.

2. a. Games of skill, games of chance, and raffles may be conducted on premises owned or leased by the licensee, but shall not be conducted on rented premises unless the premises are rented from a person licensed under this section, and unless the net rent received is dedicated to one or more of the uses permitted under subsection 3 for dedication of net receipts. This subsection shall not apply where the rented premises are those upon which a qualified organization usually carries out a lawful business other than operating games of skill, games of chance or raffles. However, a qualified organization may rent premises other than from a licensed qualified organization to be used for the conduct of games of skill, games of chance and raffles, and the person from whom the premises are rented may impose and collect rent for such use of those premises, but only if all of the following are complied with:
   (1) The rent imposed and collected shall not be a percentage of or otherwise related to the amount of the receipts of the game or raffle.
   (2) The qualified organization shall have the right to terminate any rental agreement at any time without penalty and without forfeiture of any sum.
   (3) Except for purposes of bingo, the person from whom the premises are rented shall not be a liquor control licensee or beer permittee with respect to those premises or with respect to adjacent premises.

b. The board of directors of a school district may authorize that public schools within that district, and the policymaking body of a nonpublic school, may authorize that games of skill, games of chance, bingo and raffles may be held at bona fide school functions, such as carnivals, fall festivals, bazaars and similar events. Each school shall obtain a license pursuant to this section prior to permitting the games or activities on the premises. However, the board of directors of a public school district may also be issued a license under this section. However, a board of directors of a public school shall not spend or authorize the expenditure of public funds for the purpose of purchasing a license. The department of inspections and appeals shall provide by rule a short form application for a license issued to a board of directors. Upon written approval by the board of directors, the license may be used by any school group or parent support group in the district to conduct activities authorized by this section. The board of directors shall not authorize a school group or parent support group to use the license more than twice in twelve months.

3. a. A person wishing to conduct games and raffles pursuant to this section as a qualified organization shall submit an application and a license fee of one hundred fifty dollars. The annual license fee for a statewide raffle license shall be one hundred fifty dollars. However, upon submission of an application accompanied by a license fee of fifteen dollars, a person may be issued a limited license to conduct all games and raffles pursuant to this section at a
specified location and during a specified period of fourteen consecutive calendar days, except that a bingo occasion may only be conducted once per each seven consecutive calendar days of the specified period. In addition, a qualified organization may be issued a limited license to conduct raffles pursuant to this section for a period of ninety days for a license fee of forty dollars or for a period of one hundred eighty days for a license fee of seventy-five dollars. For the purposes of this paragraph, a limited license is deemed to be issued on the first day of the period for which the license is issued.

b. (1) A person or the agent of a person submitting application to conduct games pursuant to this section as a qualified organization shall certify that the receipts of all games, less reasonable expenses, charges, fees, taxes, and deductions allowed by this chapter, either will be distributed as prizes to participants or will be dedicated and distributed to educational, civic, public, charitable, patriotic, or religious uses in this state and that the amount dedicated and distributed will equal at least seventy-five percent of the net receipts.

(2) (a) “Educational, civic, public, charitable, patriotic, or religious uses” means uses benefiting a society for the prevention of cruelty to animals or animal rescue league, or uses benefiting an indefinite number of persons either by bringing them under the influence of education or religion or relieving them from disease, suffering, or constraint, or by erecting or maintaining public buildings or works, or otherwise lessening the burden of government, or uses benefiting any bona fide nationally chartered fraternal or military veterans’ corporation or organization which operates in Iowa a clubroom, post, dining room, or dance hall, but does not include the erection, acquisition, improvement, maintenance, or repair of real, personal or mixed property unless it is used for one or more of the uses stated.

(b) “Public uses” specifically includes dedication of net receipts to political parties as defined in section 43.2.

(c) “Charitable uses” includes uses benefiting a definite number of persons who are the victims of loss of home or household possessions through explosion, fire, flood, or storm when the loss is uncompensated by insurance, and uses benefiting a definite number of persons suffering from a seriously disabling disease or injury, causing severe loss of income or incurring extraordinary medical expense when the loss is uncompensated by insurance.

(3) Proceeds given to another charitable organization to satisfy the seventy-five percent dedication requirement shall not be used by the donee to pay any expenses in connection with the conducting of bingo by the donor organization, or for any cause, deed, or activity that would not constitute a valid dedication under this section.

c. (1) A qualified organization shall distribute amounts awarded as prizes on the day they are won. A qualified organization shall dedicate and distribute the balance of the net receipts received within a quarter and remaining after deduction of reasonable expenses, charges, fees, taxes, and deductions allowed by this chapter, before the quarterly report required for that quarter under section 99B.2, subsection 4, is due. The amount dedicated and distributed must equal at least seventy-five percent of the net receipts. A person desiring to hold the net receipts for a period longer than permitted under this paragraph shall apply to the department for special permission and upon good cause shown the department may grant the request.

(2) If permission is granted to hold the net receipts, the person shall, as a part of the quarterly report required by section 99B.2, report the amount of money currently being held and all expenditures of the funds. This report shall be filed even if the person no longer holds a gambling license.

4. If a licensee derives ninety percent or more of its total income from conducting bingo, raffles, or small games of chance, at least seventy-five percent of the licensee’s net receipts shall be distributed to an unrelated entity for an educational, civic, public, charitable, patriotic, or religious use.

5. It is lawful for an individual other than a person conducting games or raffles to participate in games or raffles conducted by a qualified organization, whether or not there is compliance with subsections 2 and 3: However, it is unlawful for the individual to participate where the individual has knowledge of or reason to know facts which constitute a failure to comply with subsection 1.

6. A political party or a political party organization is a qualified organization within the meaning of this chapter. Political parties or party organizations may contract with other

qualified organizations to conduct the games of skill, games of chance, and raffles which may lawfully be conducted by the political party or party organization. A licensed qualified organization may promote the games of skill, games of chance, and raffles which it may lawfully conduct.

7. a. Proceeds coming into the possession of a person under this section are deemed to be held in trust for payment of expenses and dedication to charitable purposes as required by this section.

b. A licensee or agent who willfully fails to dedicate the required amount of proceeds to charitable purposes as required by this section commits a fraudulent practice.

8. A qualified organization licensed under this section shall purchase bingo equipment and supplies only from a manufacturer or a distributor licensed by the department.

for which the director of the department would be or would have been justified in refusing to issue a license, or upon the conviction of a person of a violation of this chapter or a rule adopted under this chapter which occurred on the licensed premises. However, the denial, suspension, or revocation of one type of gambling license does not require, but may result in, the denial, suspension, or revocation of a different type of gambling license held by the same licensee. In addition, a person whose license is revoked under this section who is a person for which a class “A”, class “B”, class “C”, or class “D” liquor control license has been issued pursuant to chapter 123 shall have the person’s liquor control license suspended for a period of fourteen days in the same manner as provided in section 123.50, subsection 3, paragraph “a”. The determination involved in the notice may be affirmed, modified, or set aside by the department in a written decision.

b. If a request for a hearing is timely received by the department, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before the department and the denial, suspension, or revocation shall be deemed suspended until the department makes a final determination. However, the director may suspend a license prior to a hearing if the director finds that the public integrity of the licensed activity is compromised or there is a risk to public health, safety, or welfare. In addition, at any time during or prior to the hearing the department may rescind the notice of the denial, suspension, or revocation upon being satisfied that the reasons for the denial, suspension, or revocation have been or will be removed. On the basis of any such hearing, the determination involved in the notice may be affirmed, modified, or set aside by the department in a written decision.

3. A copy of the final decision of the department shall be sent by certified mail, return receipt requested, or served personally upon the applicant or licensee. The applicant or licensee may seek judicial review in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

4. The procedure governing hearings authorized by this section shall be in accordance with the rules promulgated by the department and chapter 17A.

If the department finds cause for suspension, the license shall be suspended for a period determined by the department. If the department finds cause for revocation, the license shall be revoked for a period not to exceed two years.

2. Licensees shall only permit the pari-mutuel or certificate method of wagering as defined in this section.

3. The licensee may receive wagers of money only from a person present in a licensed racetrack enclosure on a horse or dog in the race selected by the person making the wager to finish first in the race. The person wagering shall acquire an interest in the total money wagered on all horses or dogs in the race as first winners in proportion to the amount of money wagered by the person.
4. The licensee shall issue to each person wagering a certificate on which shall be shown the number of the race, the amount wagered, and the number or name of the horse or dog selected as first winner.

5. As each race is run the licensee shall deduct sixteen percent from the total sum wagered on all horses or dogs as first winners. However, the commission shall authorize at the request of the licensee a deduction of a higher or lower percentage of the total sum wagered not to exceed eighteen percent and the additional deduction shall be retained by the licensee. The balance, after deducting breakage, shall be paid to the holders of certificates on the winning horse or dog in the proportion that the amount wagered by each certificate holder bears to the total amount wagered on all horses or dogs in the race as first winners. The licensee may pay a larger amount if approved by the commission. The licensee shall likewise receive other wagers on horses or dogs in places or combinations the commission may authorize. The method, procedure, and the authority and right of the licensee, as well as the deduction allowed to the licensee, shall be as specified with respect to wagers upon horses or dogs selected to run first. However, the commission shall authorize at the request of the licensee a deduction of a higher or lower percent of the total sum wagered not to exceed twenty-four percent on multiple or exotic wagering involving not more than two horses or dogs. The deduction authorized above twenty percent on the multiple or exotic wagering involving not more than two dogs or horses shall be retained by the licensee. For exotic wagering involving three or more horses or dogs, the commission shall authorize at the request of the licensee a deduction of a higher or lower percent of the total sum wagered not to exceed twenty-five percent on the exotic wagers. The additional deduction authorized above twenty-two percent on the multiple or exotic wagers involving more than two horses or dogs shall be retained by the licensee. One percent of the exotic wagers on three or more horses or dogs shall be distributed as provided in section 99D.12.

6. a. All wagering shall be conducted within the racetrack enclosure where the licensed race is held, except as provided in paragraph "b".

b. The commission may authorize the licensee to simultaneously televise within the racetrack enclosure, for the purpose of pari-mutuel wagering, a horse or dog race licensed by the racing authority of another state. It is the responsibility of each licensee to obtain the consent of appropriate racing officials in other states as required by the federal Interstate Horseracing Act of 1978, 15 U.S.C. § 3001 – 3007, to televise races for the purpose of conducting pari-mutuel wagering. A licensee may also obtain the permission of a person licensed by the commission to conduct horse or dog races in this state to televise races conducted by that person for the purpose of conducting pari-mutuel racing. However, arrangements made by a licensee to televise any race for the purpose of conducting pari-mutuel wagering are subject to the approval of the commission, and the commission shall select the races to be televised. The races selected by the commission shall be the same for all licensees approved by the commission to televise races for the purpose of conducting pari-mutuel wagering. The commission shall not authorize the simultaneous telecast or televising of and a licensee shall not simultaneously telecast or televise any horse or dog race for the purpose of conducting pari-mutuel wagering unless the simultaneous telecast or televising is done at the racetrack of a licensee that schedules no less than sixty performances of nine live races each day of the season. For purposes of the taxes imposed under this chapter, races televised by a licensee for purposes of pari-mutuel wagering shall be treated as if the races were held at the racetrack of the licensee. Notwithstanding any contrary provision in this chapter, the commission may allow a licensee to adopt the same deductions as those of the pari-mutuel racetrack from which the races are being simultaneously telecast.

7. A person under the age of twenty-one years shall not make or attempt to make a pari-mutuel wager. A person who violates this subsection commits a scheduled violation under section 805.8C, subsection 5, paragraph "a".
99D.12 Breakage.
A licensee shall deduct the breakage from the pari-mutuel pool which shall be distributed to the breeders of Iowa-foaled horses and Iowa-whelped dogs in the manner described in section 99D.22. The remainder of the breakage shall be distributed as follows:

1. In horse races the breakage shall be retained by the licensee to supplement purses for races restricted to Iowa-foaled horses or to supplement purses won by Iowa-foaled horses by finishing first, second, third, or fourth in any other race. The purse supplements will be paid in proportion to the purse structure of the race. Two percent shall be deposited by the commission into a special fund to be known as the horse racing promotion fund. The commission each year shall approve a nonprofit organization to use moneys in the fund for research, education, and marketing of horse racing in the state, including public relations, and other promotional techniques. The nonprofit organization shall not engage in political activity. It shall be a condition of the allocation of funds that any organization receiving funds shall not expend the funds on political activity or on any attempt to influence legislation.

2. In dog races the breakage shall be distributed as follows:
   a. Seventy-three percent shall be retained by the licensee to supplement purses for races won by Iowa-whelped dogs as provided in section 99D.22.
   b. Twenty-five percent shall be retained by the licensee and shall be put into a stake race for Iowa-whelped dogs. An amount equal to twelve percent of the winner’s share shall be set aside and distributed to the breeder of the winning greyhound in accordance with section 99D.22 and the remainder shall be apportioned as purse moneys for the stake race. All dogs racing in the stake race must have run in at least twelve races during the current racing season at the track sponsoring the stake race to qualify to participate.
   c. Two percent shall be deposited by the commission into a special fund to be known as the dog racing promotion fund. The commission each year shall approve a nonprofit organization to use moneys in the fund for research, education, and marketing of dog racing in the state, including public relations, and other promotional techniques. The nonprofit organization shall not engage in political activity. It shall be a condition of the allocation of funds that any organization receiving funds shall not expend the funds on political activity or on any attempt to influence legislation.

99D.13 Unclaimed winnings — appropriation.
1. Winnings provided in section 99D.11 not claimed by the person who placed the wager within sixty days of the close of the racing meet during which the wager was placed shall be forfeited.

2. Winnings from each racetrack forfeited under subsection 1 shall escheat to the state and to the extent appropriated by the general assembly shall be used by the department of agriculture and land stewardship to administer section 99D.22. The remainder shall be paid over to the commission to pay all or part of the cost of drug testing at the tracks. To the extent the remainder paid over to the commission, less the cost of drug testing, is from unclaimed winnings from harness race meetings, the remainder shall be used as provided in subsection 3. To the extent the remainder paid to the commission, less the cost of drug testing, is from unclaimed winnings from licensed dog tracks, the commission shall remit annually five thousand dollars, or an equal portion of that amount, to each licensed dog track to carry out the racing dog adoption program pursuant to section 99D.27. To the extent the remainder paid over to the commission, less the cost of drug testing, is from unclaimed winnings from tracks licensed for dog or horse races, the commission, on an annual basis, shall remit one-third of the amount to the treasurer of the city in which the racetrack is located, one-third of the amount to the treasurer of the county in which the racetrack is located, and one-third of the amount to the racetrack from which it was forfeited. If the racetrack is not located in a city, then one-third shall be deposited as provided in chapter 556. The amount received by the racetrack under this subsection shall be used only for retiring the debt of the racetrack facilities and for capital improvements to the racetrack facilities.

race meetings forfeited under subsection 1 in a calendar year that escheat to the state and are paid over to the commission are appropriated to the racing commission for the fiscal year beginning in that calendar year to be used as follows:

1. Eighty percent of the amount appropriated shall be allocated to qualified harness racing tracks, to be used by the tracks to supplement the purses for those harness races in which only Iowa-bred or owned horses may run. However, beginning with the allocation of the appropriation made for the fiscal year beginning July 1, 1992, the races for which the purses are to be supplemented under this paragraph shall be those in which only Iowa-bred two-year and three-year olds may run. In addition, the races must be held under the control or jurisdiction of the Iowa state fair board, established under section 173.1, or of a fair, as defined under section 174.1.

2. Twenty percent of the amount appropriated shall be allocated to qualified harness racing tracks, to be used by the tracks for maintenance of and improvements to the tracks. Races held at the tracks must be under the control or jurisdiction of the Iowa state fair board, established under section 173.1, or of a fair, as defined under section 174.1.

3. For purposes of this subsection, “qualified harness racing track” means a harness racing track that has either held at least one harness race meeting between July 1, 1985, and July 1, 1989, or after July 1, 1989, has applied to and been approved by the racing commission for the allocation of funds under this subsection. The racing commission shall approve an application if the harness racing track has held at least one harness race meeting during the year preceding the year for which the track seeks funds under this subsection.

b. Notwithstanding section 8.33, unencumbered or unobligated funds remaining on June 30 of the fiscal year for which the funds were appropriated shall not revert but shall be available for expenditure for the following fiscal year for the purposes of this subsection.

1. A licensee under section 99D.9 shall pay the tax imposed by section 99D.15.

Notwithstanding sections 8.60 and 99D.17, the portion of the fee paid pursuant to paragraph “a” relating to the costs of special agents plus any direct and indirect support costs for the agents, for the division of criminal investigation's racetrack activities, shall not be deposited in the general fund of the state but instead shall be deposited into the gaming enforcement revolving fund established in section 80.43.

3. The licensee shall also pay to the commission a licensee fee of two hundred dollars for each racing day of each horse-race or dog-race meeting for which a license has been issued.

The assessed value shall be determined and notice of the assessed value shall be provided to the county auditor by the local assessor by October 15, 1997, and the owner may protest the assessed value to the local board of review by December 1, 1997. For resolutions passed on or after September 1, 1997, the taxing authority shall notify the local assessor and owner of record prior to the next assessment year and the valuation and appeal shall be done in the manner and time as for other valuations. Property taxes due as a result of this subsection shall be paid to the county treasurer in the manner and time as other property taxes. The county treasurer shall remit the tax revenue to those taxing authorities imposing the property tax under this subsection. Real property subject to tax as provided in this subsection shall continue to be taxed until such time as the taxing authority of the taxing district repeals the resolution subjecting the property to taxation.

However, the tax credit is equal to six percent of the gross sum wagered in a year when the gross sum wagered is less than ninety million dollars. Any portion of the credit not used in a particular year shall be retained by the commission. A tax credit shall first be assessed against any share going to a city, then to the share going to a county, and then to the share going to the state.

3. a. A tax is imposed on the gross sum wagered by the pari-mutuel method at each track licensed for dog races. The tax imposed by this subsection shall be paid by the licensee to the commission within ten days after the close of the track’s racing season. The rate of tax on each track is as follows:

The remaining amount shall be deposited with the commission.

99D.22 Native horses or dogs.
1. A licensee shall hold at least one race on each racing day limited to Iowa-foaled horses or Iowa-whelped dogs as defined by the department of agriculture and land stewardship using standards consistent with this section. However, if sufficient competition cannot be had among that class of horses or dogs on any day, another race for the day may be substituted. A sum equal to twelve percent of the purse won by an Iowa-foaled horse or Iowa-whelped dog shall be used to promote the horse and dog breeding industries. The twelve percent shall be withheld by the licensee from the breakage and shall be paid at the end of the race meeting to the state department of agriculture and land stewardship which in turn shall deposit it in a special fund to be known as the Iowa horse and dog breeders fund. The department shall pay the amount deposited in the fund that is withheld from the purse won by an Iowa-foaled horse to the breeder of the winning Iowa-foaled horse by December 31 of each calendar year. The department shall pay the amount deposited in the fund that is withheld from the purse won by an Iowa-whelped dog to the breeder of the winning Iowa-whelped dog by March 31 of each calendar year. For the purposes of this section, the breeder of a horse shall be considered to be the owner of the brood mare at the time the foal is dropped.

      (1) Thirty days residency until the foal is inspected, if in foal to a registered Iowa stallion.
      (2) Thirty days residency until the foal is inspected for brood mares which are bred back to registered Iowa stallions.

   c. To be eligible for registration as an Iowa thoroughbred, quarter horse, or standardbred stallion, the following requirements shall be met:
      (1) Stallion residency from January 1 through July 31 for the year of registration. However, horses going to stud for the first year shall be eligible upon registration with residency to continue through July 31.

   b. Provide for the registration of Iowa-foaled horses and that a horse shall not compete in a race limited to Iowa-foaled horses unless the horse is registered with the department of agriculture and land stewardship. The department may prescribe such forms as necessary to determine the eligibility of a horse.
   c. The secretary of agriculture shall appoint investigators to determine the eligibility for registration of Iowa-foaled horses.
   d. Establish a registration fee imposed on each horse which is a thoroughbred, quarter horse, or standardbred which shall be paid by the breeder of the horse. The department shall not impose the registration fee more than once on each horse. The amount of the registration fee shall not exceed thirty dollars. The moneys paid to the department from registration fees shall be considered repayment receipts as defined in section 8.2, and shall be used for the administration and enforcement of this subsection.

4. a. The department of agriculture and land stewardship shall adopt rules establishing a schedule of registration fees to be imposed on owners of dogs that are whelped and raised for the first six months of their lives in Iowa for purposes of promoting native dogs as provided in this chapter, including section 99D.12 and this section. The amount of the registration fees shall be imposed as follows:
      (1) An owner of a dam registering the dam, twenty-five dollars.
      (2) An owner of a litter registering the litter, ten dollars.
      (3) An owner of a dog registering the dog, five dollars.

5. To qualify for the Iowa horse and dog breeders fund, a dog shall have been whelped in Iowa and raised for the first six months of its life in Iowa in a state inspected licensed facility. In addition, the owner of the dog shall have been a resident of the state for at least two years prior to the whelping. The department of agriculture and land stewardship shall adopt rules and prescribe forms to bring Iowa breeders into compliance with residency requirements of dogs and breeders in this subsection.

99D.23 Commission veterinarian and chemist.

1. The commission shall employ one or more veterinarians or contract with a qualified chemical laboratory to determine by chemical testing and analysis of saliva, urine, blood, or other excretions or body fluids whether a substance or drug has been introduced which may affect the outcome of a race or whether an action has been taken or a substance or drug has been introduced which may interfere with the testing procedure. The commission shall adopt rules under chapter 17A concerning procedures and actions taken on positive drug reports. The commission may adopt by reference nationally recognized standards as determined by the commission or may adopt any other procedure or standard. The commission has the authority to retain and preserve by freezing, test samples for future analysis.

2. The commission shall employ or contract with one or more veterinarians to extract or procure the saliva, urine, blood, or other excretions or body fluids of the horses or dogs for the chemical testing purposes of this section. A commission veterinarian shall be in attendance at every race meeting held in this state.

3. A chemist or veterinarian who willfully or intentionally fails to perform the functions or duties of employment required by this section shall be banned for life from employment at a race meeting held in this state.

3. A person wagering or accepting a wager at any location outside the wagering area is subject to the penalties in section 725.7.

4. A person commits a class “D” felony and, in addition, shall be barred for life from racetracks under the jurisdiction of the commission, if the person does any of the following:
   a. Offers, promises, or gives anything of value or benefit to a person who is connected with racing including, but not limited to, an officer or employee of a licensee, an owner of a horse, a jockey or driver, a trainer, or handler, pursuant to an agreement or arrangement or with the intent that the promise or thing of value or benefit will influence the actions of the person to whom the offer, promise, or gift was made in order to affect or attempt to affect the outcome of a race, or to influence official action of a member of the commission.
   b. Solicits or knowingly accepts or receives a promise of anything of value or benefit while the person is connected with racing including, but not limited to, an officer or employee of a licensee, an owner of a horse, a jockey or driver, a trainer, or handler, pursuant to an understanding or arrangement or with the intent that the promise or thing of value or benefit will influence the actions of the person to affect or attempt to affect the outcome of a race, or to influence official action of a member of the commission.

5. A person commits a class “D” felony and the commission shall suspend or revoke a license held by the person if the person:
   a. Uses, possesses, or conspires to use or possess a device other than the ordinary whip or spur for the purpose of stimulating or depressing a horse or dog during a race or workout.
   b. Sponges a horse’s or dog’s nostrils or windpipe or uses any method, injurious or otherwise, for the purpose of stimulating or depressing a horse or dog or affecting its speed in a race or a workout.

99D.25 Drugging or numbing — exception — tests — reports — penalties.

1. As used in this section, unless the context otherwise requires:
   a. “Drugging” means administering to a horse or dog any substance foreign to the natural horse or dog prior to the start of a race. However, in counties with a population of two hundred fifty thousand or more, “drugging” does not include administering to a horse the drugs furosemide and phenylbutazone in accordance with section 99D.25A and rules adopted by the commission.
   b. “Numbing” means the applying of ice or a freezing device or substance to the limbs of a horse or dog within two hours before the start of a race, or a surgical or other procedure which
was, at any time, performed in which the nerves of a horse or dog were severed, destroyed, injected, or removed.

c. “Entered” means that a horse or dog has been registered as a participant in a specified race, and not withdrawn prior to presentation of the horse or dog for inspection and testing.

2. The general assembly finds that the practice of drugging or numbing a horse or dog prior to a race:
   a. Corrupts the integrity of the sport of racing and promotes criminal fraud in the sport;
   b. Misleads the wagering public and those desiring to purchase a horse or dog as to the condition and ability of the horse or dog;
   c. Poses an unreasonable risk of serious injury or death to the rider of a horse and to the riders of other horses competing in the same race; and
   d. Is cruel and inhumane to the horse or dog so drugged or numbed.

3. The following conduct is prohibited:
   a. The entering of a horse or dog in a race by the trainer or owner of the horse or dog if the trainer or owner knows or if by the exercise of reasonable care the trainer or owner should know that the horse or dog is drugged or numbed;
   b. The drugging or numbing of a horse or dog with knowledge or with reason to believe that the horse or dog will compete in a race while so drugged or numbed. However, the commission may by rule establish permissible trace levels of substances foreign to the natural horse or dog that the commission determines to be innocuous;
   c. The willful failure by the operator of a racing facility to disqualify a horse or dog from competing in a race if the operator has been notified that the horse or dog is drugged or numbed, or was not properly made available for tests or inspections as required by the commission; and
   d. The willful failure by the operator of a racing facility to prohibit a horse or dog from racing if the operator has been notified that the horse or dog has been suspended from racing.

4. The owners of a horse or dog and their agents and employees shall permit a member of the commission or a person employed or appointed by the commission to make tests as the commission deems proper in order to determine whether a horse or dog has been improperly drugged. The fact that purse money has been distributed prior to the issuance of a test report shall not be deemed a finding that no chemical substance has been administered unlawfully to the horse or dog earning the purse money. The findings of the commission that a horse or dog has been improperly drugged by a narcotic or other drug are prima facie evidence of the fact. The results of the tests shall be kept on file by the commission for at least one year following the tests.

5. Every horse which suffers a breakdown on the racetrack, in training, or in competition, and is destroyed, and every other horse which expires while stabled on the racetrack under the jurisdiction of the commission, shall undergo a postmortem examination by a veterinarian or a veterinary pathologist at a time and place acceptable to the commission veterinarian to determine the injury or sickness which resulted in euthanasia or natural death. Test samples may be obtained from the carcass upon which the postmortem examination is conducted and shall be sent to a laboratory approved by the commission for testing for foreign substances and natural substances at abnormal levels. When practical, blood and urine test samples should be procured prior to euthanasia. The owner of the deceased horse is responsible for payment of any charges due to conduct the postmortem examination. A record of every postmortem shall be filed with the commission by the veterinarian or veterinary pathologist who performed the postmortem within seventy-two hours of the death. Each owner and trainer accepts the responsibility for the postmortem examination provided herein as a requisite for maintaining the occupational license issued by the commission.

6. Any horse in the opinion of the commission veterinarian has suffered a traumatic injury or disability such that a controlled program of phenylbutazone administration would not aid in restoring the racing soundness of the horse shall not be allowed to race while medicated with phenylbutazone or with phenylbutazone present in the horse’s bodily systems.

7. A person found within or in the immediate vicinity of a security stall who is in possession
of unauthorized drugs or hypodermic needles or who is not authorized to possess drugs or hypodermic needles shall, in addition to any other penalties, be barred from entry into any racetrack in Iowa and any occupational license the person holds shall be revoked.

8. Before a horse is allowed to race using phenylbutazone, the veterinarian attending the horse shall certify to the commission the course of treatment followed in administering the phenylbutazone.

9. The commission shall conduct random tests of bodily substances of horses entered to race each day of a race meeting to aid in the detection of any unlawful drugging. The tests may be conducted both prior to and after a race. The commission may also test any horse that breaks down during a race and shall perform an autopsy on any horse that is killed or subsequently destroyed as a result of an accident during a race. When practical, blood and urine test samples should be procured prior to euthanasia.

10. Veterinarians must submit daily to the commission veterinarian on a prescribed form a report of all medications and other substances which the veterinarian prescribed, administered, or dispensed for horses registered at a current race meeting. A logbook detailing other professional services performed while on the grounds of a racetrack shall be kept by veterinarians and shall be made immediately available to the commission veterinarian or the stewards upon request.

11. A person who violates this section is guilty of a class “D” felony.

99D.25A Administration of furosemide or phenylbutazone.

1. As used in this section unless the context otherwise requires:
    a. "Bleeder" means, according to its context, any of the following:
       (1) A horse which, during a race or exercise, is observed by the commission veterinarian or a licensed practicing veterinarian to be shedding blood from one or both nostrils and in which no upper airway injury is noted during an examination by the commission veterinarian or a licensed practicing veterinarian immediately following such a race or exercise.
       (2) A horse which, within one and one-half hours of such a race or exercise, is observed by the commission veterinarian or a licensed practicing veterinarian, through visual or endoscopic examination, to be shedding blood from the lower airway.
       (3) A horse which has been certified as a bleeder in another state.
       (4) A horse which has furosemide listed on its most recent past performance.
       (5) A horse which, by recommendation of a licensed practicing veterinarian, is prescribed furosemide to control or prevent bleeding from the lungs.
    b. "Bleeder list" means a tabulation of all bleeders maintained by the commission veterinarian.
    c. "Detention barn" means a secured structure designated by the commission.

If a horse is brought to the detention barn late, the commission shall assess a civil penalty of one hundred dollars against the trainer.

7. A horse entered to race with furosemide must be treated at least four hours prior to post time. The furosemide shall be administered intravenously by a veterinarian employed by the owner or trainer of the horse. If the name of a debtor provided to the licensee through electronic access is retrieved by the licensee and the winnings are equal to or greater than one thousand two hundred dollars per occurrence, the retrieval of such a name shall constitute a valid lien upon and claim of lien against the winnings of the debtor whose name is electronically retrieved from the claimant agency. However, the commission may order future investigations or examinations as the commission finds appropriate.

4. The regulatory fee imposed in section 99D.14, subsection 2, shall be collected from a
licensee of a racetrack enclosure where gambling games are licensed to operate in lieu of the regulatory fee imposed in section 99F.10.

5. In lieu of the annual license fee specified in section 99F.5, the annual license fee for operating gambling games at a pari-mutuel racetrack shall be one thousand dollars.

2007 Acts, ch 188, §9

99F.5 License to conduct gambling games on excursion gambling boats and at gambling structures — license to operate boat — applications — operating agreements — fee.
1. A qualified sponsoring organization may apply to the commission for a license to conduct gambling games on an excursion gambling boat or gambling structure as provided in this chapter. A person may apply to the commission for a license to operate an excursion gambling boat. An operating agreement entered into on or after May 6, 2004, between a qualified sponsoring organization and an operator of an excursion gambling boat or gambling structure shall provide for a minimum distribution by the qualified sponsoring organization for educational, civic, public, charitable, patriotic, or religious uses as defined in section 99B.7, subsection 3, paragraph “b”, that averages at least three percent of the adjusted gross receipts for each license year. The application shall be filed with the administrator of the commission at least ninety days before the first day of the next excursion season as determined by the commission, shall identify the excursion gambling boat upon which gambling games will be authorized, shall specify the exact location where the excursion gambling boat will be docked, and shall be in a form and contain information as the commission prescribes. The minimum capacity of an excursion gambling boat or gambling structure is two hundred fifty persons.
2. The annual license fee to operate an excursion gambling boat shall be based on the passenger-carrying capacity including crew, for which the excursion gambling boat is registered. For a gambling structure, the annual license fee shall be based on the capacity of the gambling structure. The annual fee shall be five dollars per person capacity.

99E.6 Requirements of applicant — fee — penalty.
1. A person shall not be issued a license to conduct gambling games on an excursion gambling boat or a license to operate an excursion gambling boat under this chapter, an occupational license, a distributor license, or a manufacturer license unless the person has completed and signed an application on the form prescribed and published by the commission. The application shall include the full name, residence, date of birth and other personal identifying information of the applicant that the commission deems necessary. The application shall also indicate whether the applicant has any of the following:
   a. A record of conviction of a felony.
   b. An addiction to alcohol or a controlled substance.
   c. A history of mental illness.
2. An applicant shall submit pictures, fingerprints, and descriptions of physical characteristics to the commission in the manner prescribed on the application forms. The fingerprints may be submitted to the federal bureau of investigation by the department of public safety through the state criminal history repository for the purpose of a national criminal history check.
3. The commission shall charge the applicant a fee set by the department of public safety, division of criminal investigation, to defray the costs associated with the search
and classification of fingerprints required in subsection 2 and background investigations
conducted by agents of the division of criminal investigation. This fee is in addition to any
other license fee charged by the commission.

4. a. Before a license is granted, the division of criminal investigation of the department
of public safety shall conduct a thorough background investigation of the applicant for a
license to operate a gambling game operation on an excursion gambling boat. The applicant
shall provide information on a form as required by the division of criminal investigation. A
qualified sponsoring organization licensed to operate gambling games under this chapter
shall distribute the receipts of all gambling games, less reasonable expenses, charges, taxes,
fees, and deductions allowed under this chapter, as winnings to players or participants or
shall distribute the receipts for educational, civic, public, charitable, patriotic, or religious
uses as defined in section 99B.7, subsection 3, paragraph “b”. However, a licensee to conduct
gambling games under this chapter shall, unless an operating agreement for an excursion
 gambling boat otherwise provides, distribute at least three percent of the adjusted gross
receipts for each license year for educational, civic, public, charitable, patriotic, or religious
uses as defined in section 99B.7, subsection 3, paragraph “b”. However, if a licensee who
is also licensed to conduct pari-mutuel wagering at a horse racetrack has unpaid debt from
the pari-mutuel racetrack operations, the first receipts of the gambling games operated
within the racetrack enclosure less reasonable operating expenses, taxes, and fees allowed
under this chapter shall be first used to pay the annual indebtedness. The commission shall
authorize, subject to the debt payments for horse racetracks and the provisions of paragraph
“b” for dog racetracks, a licensee who is also licensed to conduct pari-mutuel dog or horse
racing to use receipts from gambling games within the racetrack enclosure to supplement
purses for races particularly for Iowa-bred horses pursuant to an agreement which shall
be negotiated between the licensee and representatives of the dog or horse owners. For
agreements subject to commission approval concerning purses for horse racing beginning
on or after January 1, 2006, and ending before January 1, 2021, the agreements shall provide
that total annual purses for all horse racing shall be no less than eleven percent of the
first two hundred million dollars of net receipts, and six percent of net receipts above two
hundred million dollars. Agreements that are subject to commission approval concerning
horse purses for a particular period of time beginning on or after January 1, 2006, and
ending before January 1, 2021, shall be jointly submitted to the commission for approval.
A qualified sponsoring organization shall not make a contribution to a candidate, political
committee, candidate’s committee, state statutory political committee, county statutory
political committee, national political party, or fund-raising event as these terms are defined
in section 68A.102. The membership of the board of directors of a qualified sponsoring
organization shall represent a broad interest of the communities. For purposes of this
paragraph, “net receipts” means the annual adjusted gross receipts from all gambling games
less the annual amount of money pledged by the owner of the facility to fund a project
approved to receive vision Iowa funds as of July 1, 2004.

b. The commission shall authorize the licensees of pari-mutuel dog racetracks located in
Dubuque county and Black Hawk county to conduct gambling games as provided in section
99F.4A if the licensees schedule at least one hundred thirty performances of twelve live races
each day during a season of twenty-five weeks. For the pari-mutuel dog racetrack located
in Pottawattamie county, the commission shall authorize the licensee to conduct gambling
games as provided in section 99F.4A if the licensee schedule at least two hundred ninety
performances of twelve live races each day during a season of fifty weeks. The commission
shall approve an annual contract to be negotiated between the annual recipient of the dog
racing promotion fund and each dog racetrack licensee to specify the percentage or amount
of gambling game proceeds which shall be dedicated to supplement the purses of live dog
races. The parties shall agree to a negotiation timetable to insure no interruption of business
activity. If the parties fail to agree, the commission shall impose a timetable. If the two parties
cannot reach agreement, each party shall select a representative and the two representatives
shall select a third person to assist in negotiating an agreement. The two representatives
may select the commission or one of its members to serve as the third party. Alternately,
each party shall submit the name of the proposed third person to the commission who shall
then select one of the two persons to serve as the third party. All parties to the negotiations, including the commission, shall consider that the dog racetracks were built to facilitate the development and promotion of Iowa greyhound racing dogs in this state and shall negotiate and decide accordingly.

5. Before a license is granted, an operator of an excursion gambling boat shall work with the department of economic development to promote tourism throughout Iowa. Tourism information from local civic and private persons may be submitted for dissemination.

6. A person who knowingly makes a false statement on the application is guilty of an aggravated misdemeanor.

7. For the purposes of this section, applicant includes each member of the board of directors of a qualified sponsoring organization.

8. a. The licensee or a holder of an occupational license shall consent to the search, without a warrant, by agents of the division of criminal investigation of the department of public safety or commission employees designated by the administrator of the commission, of the licensee’s or holder’s person, personal property, and effects, and premises which are located on the excursion gambling boat or adjacent facilities under control of the licensee, in order to inspect or investigate for violations of this chapter or rules adopted by the commission pursuant to this chapter. The department or commission may also obtain administrative search warrants under section 808.14.

b. However, this subsection shall not be construed to permit a warrantless inspection of living quarters or sleeping rooms on the riverboat if all of the following are true:

(1) The licensee has specifically identified those areas which are to be used as living quarters or sleeping rooms in writing to the commission.

(2) Gaming is not permitted in the living quarters or sleeping rooms, and devices, records, or other items relating to the licensee’s gaming operations are not stored, kept, or maintained in the living quarters or sleeping rooms.

(3) Alcoholic beverages are not stored, kept, or maintained in the living quarters or sleeping rooms except those legally possessed by the individual occupying the quarters or room.

c. The commission shall adopt rules to enforce this subsection.

99F.7 Licenses — terms and conditions — revocation.

1. If the commission is satisfied that this chapter and its rules adopted under this chapter applicable to licensees have been or will be complied with, the commission shall issue a license for a period of not more than three years to an applicant to own a gambling game operation, to an applicant to operate a gambling structure, and to an applicant to operate an excursion gambling boat. The commission shall decide which of the gambling games authorized under this chapter the commission will permit. The commission shall decide the number, location, and type of gambling structures and excursion gambling boats licensed under this chapter. The commission shall allow the operation of an excursion boat or moored barge on or within one thousand feet of the high water marks of the rivers, lakes, and reservoirs of this state as established by the commission in consultation with the United States army corps of engineers, the department of natural resources, or other appropriate regulatory agency. The license shall set forth, as applicable, the name of the licensee, the type of license granted, the location of the gambling structure or the place where the excursion gambling boats will operate and dock, and the time and number of days during the excursion season and the off season when gambling may be conducted by the licensee.

2. a. An applicant for a license to conduct gambling games on an excursion gambling boat, and each licensee by June 30 of each year thereafter, shall indicate and have noted on the license whether the applicant or licensee will operate a moored barge, an excursion boat that will cruise, or an excursion boat that will not cruise subject to the requirements of this subsection. If the applicant or licensee will operate a moored barge or an excursion boat that will not cruise, the requirements of this chapter concerning cruising shall not apply. If
the applicant’s or licensee’s excursion boat will cruise, the applicant or licensee shall comply
with the cruising requirements of this chapter and the commission shall not allow such a
licensee to conduct gambling games on an excursion gambling boat while docked during the
off season if the licensee does not operate gambling excursions for a minimum number of
days during the excursion season. The commission may delay the commencement of the
excursion season at the request of a licensee.

b. However, an applicant or licensee of an excursion gambling boat that is located in the
same county as a racetrack enclosure conducting gambling games shall not be allowed to
operate a moored barge unless either of the following applies:

1. If the licensee is located in the same county as a racetrack enclosure conducting
   gambling games that had less than one hundred million dollars in adjusted gross receipts
   from gambling games for the fiscal year beginning July 1, 2003, the licensee of an excursion
   gambling boat is authorized to operate a moored barge if the licensee, the licensee of the
   racetrack enclosure, and all other licensees of an excursion gambling boat in that county
   file an agreement with the commission agreeing to the granting of a table games license
   under this chapter and permitting all licensees of an excursion gambling boat in the county
to operate a moored barge as of a specific date.

2. If the licensee is located in the same county as a racetrack enclosure conducting
   gambling games that had one hundred million dollars or more in adjusted gross receipts
   from gambling games for the fiscal year beginning July 1, 2003, the licensee of an excursion
   gambling boat is authorized to operate a moored barge the earlier of July 1, 2007, or the
date any form of gambling games, as defined in this chapter, is operational in any state that
is contiguous to the county where the licensee is located.

c. A person awarded a new license to conduct gambling games on an excursion gambling
   boat or gambling structure in the same county as another licensed excursion gambling boat
   or gambling structure shall only be licensed to operate an excursion gambling boat or gambling
   structure that is located at a similarly situated site and operated as a substantially similar
   facility as any other excursion gambling boat or gambling structure in the county.

3. A license shall only be granted to an applicant upon the express conditions that:

   a. The applicant shall not, by a lease, contract, understanding, or arrangement of any
      kind, grant, assign, or turn over to a person the operation of an excursion gambling boat
      licensed under this section or of the system of wagering described in section 99F.9. This
      section does not prohibit a management contract approved by the commission.

   b. The applicant shall not in any manner permit a person other than the licensee to have
      a share, percentage, or proportion of the money received for admissions to the excursion
      gambling boat.

4. The commission shall require, as a condition of granting a license, that an applicant to
   operate an excursion gambling boat develop and, as nearly as practicable, re-create boats or
   moored barges that resemble Iowa’s riverboat history.

5. The commission shall require that an applicant utilize Iowa resources, goods and
   services in the operation of an excursion gambling boat. The commission shall develop
   standards to assure that a substantial amount of all resources and goods used in the
   operation of an excursion gambling boat emanate from and are made in Iowa and that a
   substantial amount of all services and entertainment are provided by Iowans.

6. The commission shall, as a condition of granting a license, require an applicant to
   provide written documentation that, on each excursion gambling boat:

   a. An applicant shall make every effort to ensure that a substantial number of the staff
      and entertainers employed are residents of Iowa.

   b. A section is reserved for promotion and sale of arts, crafts, and gifts native to and made
      in Iowa.

7. It is the intent of the general assembly that employees be paid at least twenty-five
   percent above the federal minimum wage level.

8. A license shall not be granted if there is substantial evidence that any of the following
   apply:

   a. The applicant has been suspended from operating a game of chance or gambling
      operation in another jurisdiction by a board or commission of that jurisdiction.
b. The applicant has not demonstrated financial responsibility sufficient to meet adequately the requirements of the enterprise proposed.

c. The applicant is not the true owner of the enterprise proposed.

d. The applicant is not the sole owner, and other persons have ownership in the enterprise, which fact has not been disclosed.

e. The applicant is a corporation and ten percent of the stock of the corporation is subject to a contract or option to purchase at any time during the period for which the license is to be issued unless the contract or option was disclosed to the commission and the commission approved the sale or transfer during the period of the license.

f. The applicant has knowingly made a false statement of a material fact to the commission.

g. The applicant has failed to meet a monetary obligation in connection with an excursion gambling boat.

9. A license shall not be granted if there is substantial evidence that the applicant is not of good repute and moral character or if the applicant has pled guilty to, or has been convicted of, a felony.

10. a. A licensee shall not loan to any person money or any other thing of value for the purpose of permitting that person to wager on any game of chance.

b. A licensee shall not permit a financial institution, vendor, or other person to dispense cash or credit through an electronic or mechanical device including but not limited to a satellite terminal, as defined in section 527.2, that is located on the gaming floor.

c. When technologically available, a licensee shall ensure that a person may voluntarily bar the person’s access to receive cash or credit from a financial institution, vendor, or other person through an electronic or mechanical device including but not limited to a satellite terminal as defined in section 527.2 that is located on the licensed premises.

11. a. A license to conduct gambling games on an excursion gambling boat in a county shall be issued only if the county electorate approves the conduct of the gambling games as provided in this subsection. The board of supervisors, upon receipt of a valid petition meeting the requirements of section 331.306, shall direct the commissioner of elections to submit to the registered voters of the county a proposition to approve or disapprove the conduct of gambling games on an excursion gambling boat in the county. The proposition shall be submitted at an election held on a date specified in section 39.2, subsection 4, paragraph “a”. To be submitted at a general election, the petition must be received by the board of supervisors at least five working days before the last day for candidates for county offices to file nomination papers for the general election pursuant to section 44.4. If a majority of the county voters voting on the proposition favor the conduct of gambling games, the commission may issue one or more licenses as provided in this chapter. If a majority of the county voters voting on the proposition do not favor the conduct of gambling games, a license to conduct gambling games in the county shall not be issued.

b. If licenses to conduct gambling games and to operate an excursion gambling boat are in effect pursuant to a referendum as set forth in this section and are subsequently disapproved by a referendum of the county electorate, the licenses issued by the commission after a referendum approving gambling games on excursion gambling boats shall remain valid and are subject to renewal for a total of nine years from the date of original issue unless the commission revokes a license at an earlier date as provided in this chapter.

c. If a licensee of a pari-mutuel racetrack who held a valid license issued under chapter 99D as of January 1, 1994, requests a license to operate gambling games as provided in this chapter, the board of supervisors of a county in which the licensee of a pari-mutuel racetrack requests a license to operate gambling games shall submit to the county electorate a proposition to approve or disapprove the operation of gambling games at pari-mutuel racetracks at an election held on a date specified in section 39.2, subsection 4, paragraph “a”. If the operation of gambling games at the pari-mutuel racetrack is not approved by a majority of the county electorate voting on the proposition at the election, the commission shall not issue a license to operate gambling games at the racetrack.

d. If the proposition to operate gambling games on an excursion gambling boat or at a racetrack enclosure is approved by a majority of the county electorate voting on the
proposition, the board of supervisors shall submit the same proposition to the county electorate at the general election held in 2002 and, unless the operation of gambling games is terminated earlier as provided in this chapter or chapter 99D, at the general election held at each subsequent eight-year interval.

e. After a referendum has been held which defeated a proposal to conduct gambling games on excursion gambling boats or which defeated a proposal to conduct gambling games at a licensed pari-mutuel racetrack enclosure as provided in this section, another referendum on a proposal to conduct gambling games on an excursion gambling boat or at a licensed pari-mutuel racetrack shall not be held for at least eight years.

12. If a docking fee is charged by a city or a county, a licensee operating an excursion gambling boat shall pay the docking fee one year in advance.

13. A licensee shall not be delinquent in the payment of property taxes or other taxes or fees or in the payment of any other contractual obligation or debt due or owed to a city or county.

14. When applicable, an excursion gambling boat operated on inland waters of this state or an excursion boat that has been removed from navigation and is designated as a permanently moored vessel by the United States coast guard shall be subject to the exclusive jurisdiction of the department of natural resources and meet all of the requirements of chapter 462A and is further subject to an inspection of its sanitary facilities to protect the environment and water quality before a certificate of registration is issued by the department of natural resources or a license is issued or renewed under this chapter.

15. If a licensed excursion boat stops at more than one harbor and travels past a county without stopping at any port in that county, the commission shall require the excursion boat operator to develop a schedule for ports of call in which a county referendum has been approved, and the port of call has the necessary facilities to handle the boat. The commission may limit the schedule to only one port of call per county.

16. Upon a violation of any of the conditions listed in this section, the commission shall immediately revoke the license.

17. The commission shall require each licensee operating gambling games to post in conspicuous locations specified by the commission the average percentage payout from the gambling machines.

99E8 Bond of licensee.

A licensee licensed under section 99F:7 shall post a bond to the state of Iowa before the license is issued in a sum as the commission shall fix, with sureties to be approved by the commission. The bond shall be used to guarantee that the licensee faithfully makes the payments, keeps its books and records and makes reports, and conducts its gambling games in conformity with this chapter and the rules adopted by the commission. The bond shall not be canceled by a surety on less than thirty days’ notice in writing to the commission. If a bond is canceled and the licensee fails to file a new bond with the commission in the required amount on or before the effective date of cancellation, the licensee’s license shall be revoked. The total and aggregate liability of the surety on the bond is limited to the amount specified in the bond.

The admission revenue received by a city or a county shall be credited to the city general fund or county general fund as applicable.

4. a. In determining the license fees and state regulatory fees to be charged as provided under section 99F.4 and this section, the commission shall use as the basis for determining the amount of revenue to be raised from the license fees and regulatory fees the amount appropriated to the commission plus the cost of salaries for no more than two special agents for each excursion gambling boat or gambling structure and no more than four gaming enforcement officers for each excursion gambling boat or gambling structure with a patron capacity of less than two thousand persons or no more than five gaming enforcement officers for each excursion gambling boat or gambling structure with a patron capacity of at least two thousand persons, plus any direct and indirect support costs for the agents and officers, for the division of criminal investigation’s excursion gambling boat or gambling structure activities.

In developing these criteria, the board shall consider such factors as the applicant’s financial responsibility, security of the applicant’s place of business or activity, accessibility to the public, integrity, and reputation. A prize won by a person who has not reached the age of twenty-one but who purchases a winning ticket or share in violation of this subsection shall be forfeited. This section does not prohibit the lawful purchase of a ticket or share for the purpose of making a gift to a person who has not reached the age of twenty-one. The board shall adopt administrative rules governing the payment of prizes to persons who have not reached the age of twenty-one.

7. No elected official’s name shall be printed on tickets.

1. If revenues are generated from monitor vending machines on or after forty-five days following March 20, 2006, then there shall be a monitor vending machine excise tax imposed on net monitor vending machine revenue receipts at the rate of sixty-five percent.

a. The prize shall be given to the person who presents a winning ticket. A prize may be given to only one person per winning ticket. However, a prize shall be divided between holders of winning tickets if there is more than one winning ticket. Payment of a prize may be made to the estate of a deceased prize winner or to another person pursuant to an appropriate judicial order issued by an Iowa court of competent jurisdiction.

b. A prize shall not be paid arising from claimed tickets that are stolen, counterfeit, altered, fraudulent, unissued, produced or issued in error, unreadable, not received, or not recorded by the authority within applicable deadlines; lacking in captions that conform and agree with the play symbols as appropriate to the particular lottery game involved; or not in compliance with such additional specific administrative rules, policies, and public or confidential validation and security tests of the authority appropriate to the particular lottery game involved.

c. No particular prize in any lottery game shall be paid more than once, and in the event of a determination that more than one claimant is entitled to a particular prize, the sole remedy of such claimants is the award to each of them of an equal share in the prize.

d. Unclaimed prize money for the prize on a winning ticket or share shall be retained for a period deemed appropriate by the chief executive officer, subject to approval by the board. If a valid claim is not made for the money within the applicable period, the unclaimed
prize money shall be added to the pool from which future prizes are to be awarded or used for special prize promotions. Notwithstanding this subsection, the disposition of unclaimed prize money from multijurisdictional games shall be made in accordance with the rules of the multijurisdictional game.

i. The proceeds of any lottery prize shall be subject to state and federal income tax laws. An amount deducted from the prize for payment of a state tax, pursuant to section 422.16, subsection 1, shall be transferred by the authority to the department of revenue on behalf of the prize winner.

99G.32 Authority legal representation.
The authority shall retain the services of legal counsel to advise the authority and the board and to provide representation in legal proceedings. 8. Information that is otherwise confidential obtained pursuant to investigations as provided in section 99G.35.

1. The authority’s chief security officer and investigators shall be qualified by training and experience in law enforcement to perform their respective duties in support of the activities of the security office. The chief security officer and investigators shall not have sworn peace officer status. The lottery security office shall perform all of the following activities in support of the authority mission:

bidding. The requirement for competitive bidding does not apply in the case of a single
vendor having exclusive rights to offer a particular service or product. The board shall adopt
procedures for competitive bidding. Procedures adopted by the board shall be designed to
allow the selection of proposals that provide the greatest long-term benefit to the state, the
greatest integrity for the authority, and the best service and products for the public.
2. In any bidding process, the authority may administer its own bidding and procurement
or may utilize the services of the department of administrative services or other state agency.

The annual report shall include a complete statement of lottery revenues, prize disbursements, and other expenses, and recommendations for changes in the law that the chief executive officer deems necessary or desirable. The annual report shall be submitted within one hundred twenty days after the close of the fiscal year. The chief executive officer shall report immediately to the governor, the treasurer of state, and the general assembly any matters that require immediate changes in the law in order to prevent abuses or evasions of this chapter or rules adopted or to rectify undesirable conditions in connection with the administration or operation of the lottery.

The reports shall be in the form and contain the information the chief executive officer requires.

2. A lottery fund is created in the office of the treasurer of state and shall exist as the recipient fund for authority receipts. The fund consists of all revenues received from the sale of lottery tickets or shares and all other moneys lawfully credited or transferred to the fund. However, upon the request of the chief executive officer and subject to the approval by the treasurer of state, an amount sufficient to cover the foreseeable administrative expenses of the lottery for a period of twenty-one days may be retained from the lottery fund. Prior to the quarterly transfer to the general fund of the state, the chief executive officer may direct that lottery revenue shall be deposited in the lottery fund and in interest-bearing accounts designated by the treasurer of state. Interest or earnings paid on the deposits or investments is considered lottery revenue and shall be transferred to the general fund of the state in the same manner as other lottery revenue.

3. The chief executive officer shall certify before the last day of the month following each quarter that portion of the lottery fund resulting from the previous quarter’s sales to be transferred to the general fund of the state.

4. For informational purposes only, the chief executive officer shall submit to the department of management by October 1 of each year a proposed operating budget for the authority for the succeeding fiscal year. This budget proposal shall also be accompanied by an estimate of the net proceeds to be deposited into the general fund during the succeeding fiscal year. This budget shall be on forms prescribed by the department of management. A copy of the information required to be submitted to the department of management pursuant to this subsection shall be submitted to the general assembly’s standing committees on government oversight and the legislative services agency by October 1 of each year.

The full amount of the debt shall be collectable from any lottery winnings due the debtor
without regard to limitations on the amounts that may be collectable in increments through
garnishment or other proceedings. Such list shall constitute a valid lien upon and claim of
lien against the lottery winnings of any debtor named in such list. The list shall contain the
names of the debtors, their social security numbers if available, and any other information
that assists the authority in identifying the debtors named in the list.
2. The authority is authorized and directed to withhold any winnings paid out directly
by the authority subject to the lien created by this section and send notice to the winner.
However, if the winner appears and claims winnings in person, the authority shall notify the
winner at that time by hand delivery of such action. The authority shall pay the funds over
to the agency administering the offset program.
3. Notwithstanding the provisions of section 99G.34 which prohibit disclosure by the
authority of certain portions of the contents of prize winner records or information, and
notwithstanding any other confidentiality statute, the authority may provide to a claimant
agency all information necessary to accomplish and effectuate the intent of this section.
4. The information obtained by a claimant agency from the authority in accordance with
this section shall retain its confidentiality and shall only be used by a claimant agency in
the pursuit of its debt collection duties and practices. Any employee or prior employee of any
claimant agency who unlawfully discloses any such information for any other purpose, except
as otherwise specifically authorized by law, shall be subject to the same penalties specified
by law for unauthorized disclosure of confidential information by an agent or employee of
the authority.
5. Except as otherwise provided in this chapter, attachments, garnishments, or executions
authorized and issued pursuant to law shall be withheld if timely served upon the authority.

Wherever by any statute the fire marshal or the department of public safety is authorized or required to promulgate, proclaim, or amend rules and minimum standards regarding fire hazards or fire safety or protection in any establishment, building, or structure, the rules and standards shall promote and enforce fire safety, fire protection, and the elimination of fire hazards as the rules may relate to the use, occupancy, and construction of the buildings, establishments, or structures. The word “construction” shall include but is not limited to electrical wiring, plumbing, heating, lighting, ventilation, construction materials, entrances and exits, and all other physical conditions of the building which may affect fire hazards, safety, or protection. The rules and minimum standards shall be in substantial compliance except as otherwise specifically provided in this chapter, with the standards of the national fire protection association relating to fire safety as published in the national fire codes.

100.18 Smoke detectors.
1. As used in this section:
   a. “Dormitory” means a residential building or portion of a building at an educational institution which houses students in rooms not individually equipped with cooking facilities.
   b. “Multiple-unit residential building” means a residential building, an apartment house, or a portion of a building or an apartment house with two or more units, hotel, motel, dormitory, or rooming house.
   c. “Smoke detector” means a device which detects visible or invisible particles of combustion and which incorporates control equipment and an alarm-sounding unit operated from a power supply either in the unit or obtained at the point of installation.

2. a. Except as provided in subsection 3, multiple-unit residential buildings and single-family dwellings the construction of which is begun on or after July 1, 1991, shall include the installation of smoke detectors in compliance with the rules established by the state fire marshal under subsection 4.

   b. The rules shall require the installation of smoke detectors in existing single-family rental units and multi-unit residential buildings. Existing single-family dwelling units shall be equipped with approved smoke detectors. A person who files for a homestead credit pursuant to chapter 425 shall certify that the single-family dwelling unit for which the credit is filed has a smoke detector installed in compliance with this section, or that one will be installed within thirty days of the date the filing for the credit is made. The state fire marshal shall adopt rules and establish appropriate procedures to administer this subsection.

   c. An owner or an owner’s agent of a multiple-unit residential building or single-family dwelling shall supply light-emitting smoke detectors, upon request, for a tenant with a hearing impairment.

3. This section does not require the following:
   a. The installation of smoke detectors in multi-unit residential buildings which, on July 1, 1981, are equipped with heat detection devices or a sprinkler system with alarms approved by the state fire marshal.
   b. The installation of smoke detectors in hotels, motels, and dormitories equipped with an automatic smoke detection system approved by the state fire marshal.
4. The state fire marshal shall enforce the requirements of subsection 2 and may implement a program of inspections to monitor compliance with the provisions of that subsection. Upon inspection, the state fire marshal shall issue a written notice to the owner or manager of a multiple-unit residential building or single-family dwelling informing the owner or manager of compliance or noncompliance with this section. The state fire marshal may contract with any political subdivision without fee assessed to either the state fire marshal or the political subdivision, for the performance of the inspection and notification responsibilities. The inspections authorized under this section are limited to the placement, repair, and operability of smoke detectors. Any broader inspection authority is not derived from this section. The state fire marshal shall adopt rules under chapter 17A as necessary to enforce this section including rules concerning the placement of smoke detectors and the use of acceptable smoke detectors. The smoke detectors shall display a label or other identification issued by an approved testing agency or another label specifically approved by the state fire marshal.

5. The inspection of a building or notification of compliance or noncompliance under this section is not the basis for a legal cause of action against the political subdivision, state fire marshal, the fire marshal’s subordinates, chiefs of local fire departments, building inspectors, or other fire, building, or safety officials due to a failure to discover a latent defect in the course of the inspection.

6. If a smoke detector is found to be inoperable the owner or manager of the multiple-unit residential building or single-family dwelling shall correct the situation within fourteen days after written notification to the owner or manager by the tenant, guest, roomer, state fire marshal, fire marshal’s subordinates, chiefs of local fire departments, building inspectors, or other fire, building, or safety officials. If the owner or manager of a multiple-unit residential building fails to correct the situation within the fourteen days the tenant, guest, or roomer may cause the smoke detector to be repaired or purchase and install a smoke detector required under this section and may deduct the repair cost or purchase price from the next rental payment or payments made by the tenant, guest, or roomer. However, a lessor or owner may require a lessee, tenant, guest, or roomer who has a residency of longer than thirty days to provide the battery for a battery operated smoke detector.

7. No person may render inoperable a smoke detector, which is required to be installed by this section, by tampering.

8. A person who violates a provision of this section or a rule adopted pursuant to this section is guilty of a simple misdemeanor.

person's appointed agent. Failure of the owner, lessee, or occupant to comply with the order shall subject the owner, lessee, or occupant to a penalty of ten dollars for each day of failure or neglect after the expiration of the period. The penalty shall be recovered in the name of the state and paid into the treasury of the political subdivision which issues the order or the treasurer of state if the order is issued by the state. If the owner, lessee, or occupant cannot reasonably comply with the order within thirty days and a good faith effort at compliance has been made within thirty days, the owner, lessee, or occupant shall not be subject to a penalty under this section. However, the penalty may be imposed on the person upon a failure to continue the good faith compliance with the order.

3. The state fire marshal or the fire marshal’s deputies shall cause each public or private school, college or university to be inspected at least once every two years to determine whether each school meets the fire safety standards of this Code and is free from other fire hazards. The state fire marshal is hereby empowered and directed to formulate and adopt and from time to time amend or revise and to promulgate, in conformity with and subject to the conditions set forth in this chapter, reasonable rules for the safe transportation, storage, handling, and use of combustible liquids, flammable liquids, liquefied petroleum gases, and liquefied natural gases.
2. For purposes of this chapter:
   a. “Combustible liquid” means any liquid that has a closed-cup flash point greater than or equal to 100 degrees Fahrenheit.
   b. “Flammable liquid” means a liquid with a closed-cup flash point below 100 degrees Fahrenheit and a Reid vapor pressure not exceeding forty p.s.i. absolute, 2026.6 mm Hg, at 100 degrees Fahrenheit.

101.3 Separate rules for liquids and gas.
The rules covering combustible and flammable liquids shall be formulated and promulgated separately from those covering liquefied petroleum gas.
Section amended

101.4 Nonconforming use.
The rules shall make reasonable provision under which facilities in service prior to the effective date of the regulations and not in strict conformity therewith may be continued in service unless the nonconformity is such as to constitute a distinct hazard to life or adjoining property; and for guidance in enforcement may delineate these types of nonconformity that should be considered distinctly hazardous, those that should not be considered distinctly hazardous and those the need for elimination of which should be evaluated in the light of local factors. As to any rule the need for compliance with which is conditioned on local factors, the rules shall provide, as a condition precedent to evaluation or issuance of a compliance order, for reasonable notice to the proprietor of the facility affected of intention to evaluate the need and of the time and place at which the proprietor may appear and offer evidence thereon.

2. The owner of an aboveground flammable or combustible liquid storage tank taken out of operation on or before July 1, 2010, shall notify the state fire marshal in writing by October 1, 2010, of the existence of the tank unless the owner knows the tank has been removed from the site. The notice shall specify, to the extent known to the owner, the date the tank was taken out of operation, the age of the tank on the date taken out of operation, the size, type, and location of the tank, and the type and quantity of substances left stored in the tank on the date that it was taken out of operation.

3. An owner or operator who brings into use an aboveground flammable or combustible liquid storage tank after July 1, 2010, shall notify the state fire marshal in writing within thirty days of the existence of the tank and specify the age, size, type, location, and uses of the tank.

101.24 Duties and powers of the state fire marshal.

The state fire marshal shall:

1. Inspect and investigate the facilities and records of owners and operators of aboveground flammable or combustible liquid storage tanks with a capacity of fifteen thousand or more gallons, as necessary to determine compliance with this division and the rules adopted pursuant to this division. An inspection or investigation shall be conducted subject to subsection 4. For purposes of developing a rule, maintaining an accurate inventory, or enforcing this division, the department may:

a. Enter at reasonable times an establishment or other place where an aboveground storage tank is located.

b. Inspect and obtain samples from any person of flammable or combustible liquid or another regulated substance and conduct monitoring or testing of the tanks, associated equipment, contents, or surrounding soils, air, surface water, and groundwater. Each inspection shall be commenced and completed with reasonable promptness.

(1) If the state fire marshal obtains a sample, prior to leaving the premises, the fire marshal shall give the owner, operator, or agent in charge a receipt describing the sample obtained and if requested a portion of each sample equal in volume or weight to the portion retained. If the sample is analyzed, a copy of the results of the analysis shall be furnished promptly to the owner, operator, or agent in charge.

(2) Documents or information obtained from a person under this subsection shall be available to the public except as provided in this subparagraph. Upon a showing satisfactory to the state fire marshal by a person that public disclosure of documents or information, or a particular part of the documents or information to which the state fire marshal has access under this subsection would divulge commercial or financial information entitled
to protection as a trade secret, the state fire marshal shall consider the documents or information or the particular portion of the documents or information confidential. However, the documents or information may be disclosed to officers, employees, or authorized representatives of the United States charged with implementing the federal Solid Waste Disposal Act, to employees of the state of Iowa or of other states when the document or information is relevant to the discharge of their official duties, and when relevant in a proceeding under the federal Solid Waste Disposal Act or this division.

2. Maintain an accurate inventory of aboveground flammable or combustible liquid storage tanks.

3. Take any action allowed by law which, in the state fire marshal's judgment, is necessary to enforce or secure compliance with this division or any rule adopted pursuant to this division.

4. Conduct investigations of complaints received directly, referred by other agencies, or other investigations deemed necessary. While conducting an investigation, the state fire marshal may enter at any reasonable time in and upon any private or public property to investigate any actual or possible violation of this division or the rules or standards adopted under this division. However, the owner or person in charge shall be notified.

   a. If the owner or operator of any property refuses admittance, or if prior to such refusal the state fire marshal demonstrates the necessity for a warrant, the state fire marshal may make application under oath or affirmation to the district court of the county in which the property is located for the issuance of a search warrant.

   b. In the application the state fire marshal shall state that an inspection of the premises is mandated by the laws of this state or that a search of certain premises, areas, or things designated in the application may result in evidence tending to reveal the existence of violations of public health, safety, or welfare requirements imposed by statutes, rules, or ordinances established by the state or a political subdivision of the state. The application shall describe the area, premises, or thing to be searched, give the date of the last inspection if known, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of the desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute, rule, or ordinance pursuant to which inspection is to be made. If an item of property is sought by the state fire marshal it shall be identified in the application.

   c. If the court is satisfied from the examination of the applicant, and of other witnesses, if any, and of the allegations of the application of the existence of the grounds of the application, or that there is probable cause to believe in their existence, the court may issue a search warrant.

   d. In making inspections and searches pursuant to the authority of this division, the state fire marshal must execute the warrant as follows:

      (1) Within ten days after its date.

      (2) In a reasonable manner, and any property seized shall be treated in accordance with the provisions of chapters 808 and 809.

      (3) Subject to any restrictions imposed by the statute, rule or ordinance pursuant to which inspection is made.

Subsections 1 and 2 amended

101.25 Violations — orders.

1. If substantial evidence exists that a person has violated or is violating a provision of this division or a rule adopted under this division the state fire marshal may issue an order directing the person to desist in the practice which constitutes the violation, and to take corrective action as necessary to ensure that the violation will cease, and may impose appropriate administrative penalties pursuant to section 101.26. The person to whom the order is issued may appeal the order as provided in chapter 17A. On appeal, the administrative law judge may affirm, modify, or vacate the order of the state fire marshal.

2. However, if it is determined by the state fire marshal that an emergency exists
respecting any matter affecting or likely to affect the public health, the fire marshal may issue any order necessary to terminate the emergency without notice and without hearing. The order is binding and effective immediately and until the order is modified or vacated at an administrative hearing or by a district court.

The civil penalty is an alternative to a criminal penalty provided under this division.

2. A person who knowingly fails to notify or makes a false statement, representation, or certification in a record, report, or other document filed or required to be maintained under this division, or violates an order issued under this division, is guilty of an aggravated misdemeanor.

3. The attorney general, at the request of the state fire marshal, shall institute any legal proceedings, including an action for an injunction, necessary to enforce the penalty provisions of this division or to obtain compliance with the provisions of this division or rules adopted or order pursuant to this division. In any action, previous findings of fact of the state fire marshal after notice and hearing are conclusive if supported by substantial evidence in the record when the record is viewed as a whole.

4. In all proceedings with respect to an alleged violation of this division or a rule adopted or order issued by the state fire marshal pursuant to this division, the burden of proof is upon the state fire marshal.

5. If the attorney general has instituted legal proceedings in accordance with this section, all related issues which could otherwise be raised by the alleged violator in a proceeding for judicial review under section 101.27 shall be raised in the legal proceedings instituted in accordance with this section.

89 Acts, ch 131, §9

101.27 Judicial review.

Except as provided in section 101.26, subsection 5, judicial review of an order or other action of the state fire marshal may be sought in accordance with chapter 17A. distribution, sale, and commercial use of explosives to persons who, in the state fire marshal’s discretion are of good character and sound judgment, and have sufficient knowledge of the use, handling, and storage of explosive materials to protect the public safety. Licenses shall be issued for a period of one year, but may be issued for shorter periods, and may be revoked or suspended by the state fire marshal for any of the following reasons:

a. Falsification of information submitted in the application for a license.

b. Proof that the licensee has violated any provisions of this chapter or any rules prescribed by the state fire marshal pursuant to the provisions of this chapter.

2. Licenses shall be issued by the state fire marshal upon payment of a fee of sixty dollars, valid for a period of one calendar year, commencing on January 1 and terminating on December 31; however, an initial license may be issued during any calendar year for the number of months remaining in such calendar year, computed to the first day of the month when the application for the license is approved. The license fee shall be charged on a pro rata basis for the number of months remaining in the year of issue. Applications for renewal of licenses shall be submitted within thirty days prior to the license expiration date and shall be accompanied by payment of the prescribed annual fee.

3. Except as permitted in section 101A.3 and sections 101A.9 to 101A.11, it shall be unlawful for any person to willfully manufacture, import, store, detonate, sell, or otherwise transfer any explosive materials unless such person is the holder of a valid license issued pursuant to this section.

4. Commercial dealers having a federal firearms license shall be exempt from the requirement or the commercial license requirement of this chapter for importation, distribution, sale, transportation, storage and possession of smokeless powder propellants or black sporting powder propellants provided that such dealer must conform and comply to rules, or ordinances of federal, state or city authorities having jurisdiction of such powder.

101A.3 User’s permit — how issued — violation.

1. User’s permits to purchase, possess, transport, store, and detonate explosive materials shall be issued by the sheriff of the county or the chief of police of a city of ten thousand population or more where the possession and detonation will occur. If the possession and detonation are to occur in more than one county or city, then such permits must be issued by the sheriff or chief of police of each of such counties or cities, except in counties and cities in which the explosives are possessed for the sole purpose of transporting them through such counties and cities. A permit shall not be issued unless the sheriff or chief of police having jurisdiction is satisfied that possession and detonation of explosive materials is necessary to the applicant’s business or to improve the applicant’s property. Permits shall be issued only to persons who, in the discretion of the sheriff or chief of police, are of good character and sound judgment, and have sufficient knowledge of the use and handling of explosive materials to protect the public safety. The state fire marshal shall prescribe, have printed, and distribute permit application forms to all local permit issuing authorities.

2. The user’s permit shall state the quantity of explosive materials which the permittee may purchase, the amount the permittee may have in possession at any one time, the amount the permittee may detonate at any one time, and the period of time during which the purchase, possession, and detonation of explosive materials is authorized. The permit shall also specify the place where detonation may occur, the location and description of the place where the explosive materials will be stored, if such be the case, and shall contain such other information as may be required under the rules and regulations of the state fire marshal. The permit shall not authorize purchase, possession, and detonation of a quantity of explosive materials in excess of that which is necessary in the pursuit of the applicant’s business or the improvement of the permittee’s property, nor shall such purchase, possession, and detonation be authorized for a period longer than is necessary for the specified purpose. In no event shall the permit be valid for more than thirty days from date of issuance but it may be renewed upon proper showing of necessity.
3. The user’s permit may be revoked for any of the reasons specified in section 101A.2, subsection 1, for suspension or revocation of a commercial license.
4. It shall be unlawful for a person to willfully purchase, possess, transport, store, or detonate explosive materials unless such person is the holder of a valid permit issued pursuant to this section or a valid license issued pursuant to section 101A.2.
5. The sheriff or the chief of police shall charge a fee of three dollars for each permit issued. The money collected from permit fees shall be deposited in the county treasury or the general fund of the city.

Rules adopted by the state fire marshal shall be compatible with, but not limited to, the national fire protection association’s pamphlet number 495 and federal rules pertaining to commerce, possession, storage, and use of explosive materials. Such rules shall:
1. Prescribe reasonable standards for the safe transportation and handling of explosive materials so as to prevent accidental fires and explosions and prevent theft and unlawful or unauthorized possession of explosive materials.
2. Prescribe procedures and methods of inventory so as to assure accurate records of all explosive materials manufactured or imported into the state and records of the disposition of such explosive materials, including records of the identity of persons to whom sales and transfers are made, and the time and place of any loss or destruction of explosive materials which might occur.
3. Prescribe reasonable standards for the safe storage of explosive materials as may be necessary to prevent accidental fires and explosions and prevent thefts and unlawful or unauthorized possession of explosive materials.

The state fire marshal shall notify the appropriate city or county governing board of licenses to be issued in their respective jurisdictions pursuant to this chapter. The notification shall contain the name of the applicant to be licensed, the location of the facilities to be used in storing explosives, the types and quantities of explosive materials to be stored, and other information deemed necessary by either the governing boards or the state fire marshal. The facility may be examined at other times by the sheriff of the county where the facility is located or by the local police authority if the facility is located within a city of over ten thousand population and if the sheriff or city council considers it necessary.

If the state fire marshal finds the facility to be improperly secured, the licensee or permittee shall immediately correct the improper security and, if not so corrected, the state fire marshal shall immediately confiscate the stored explosives. Explosives may be confiscated by the county sheriff or local police authority only if a situation that is discovered during an examination by those authorities is deemed to present an immediate danger. If the explosives are confiscated by the county sheriff or local police authority, they shall be delivered to the state fire marshal. The state fire marshal shall hold confiscated explosives for a period of thirty days under proper security unless the period of holding is shortened pursuant to this section.

If the licensee or permittee corrects the improper security within the thirty-day period, the explosives shall be returned to the licensee or permittee after correction and after the licensee or permittee has paid to the state an amount equal to the expense incurred by the state in storing the explosives during the period of confiscation. The amount of expense shall be determined by the state fire marshal.

If the improper security is not corrected during the thirty-day period, the state fire marshal shall dispose of the explosives and the license or permit shall be canceled. A canceled license or permit shall not be reissued for a period of two years from the date of cancellation.

   b. The cigarettes meet the performance standard specified in section 101B.4.
   c. A written certification has been filed by the manufacturer with the department and in accordance with section 101B.5.
   d. The cigarettes have been marked in accordance with section 101B.7.
§101B.3, CIGARETTE FIRE SAFETY STANDARDS

2. This chapter shall not be construed to prohibit a wholesaler or retailer from selling the wholesaler’s or retailer’s inventory of cigarettes existing prior to January 1, 2009, provided that the wholesaler or retailer is able to establish both of the following:
   a. Tax stamps were affixed to the cigarettes on inventory pursuant to section 453A.10 before January 1, 2009.
   b. The inventory of cigarettes was purchased before January 1, 2009, in comparable quantity to the amount of inventory of cigarettes purchased during the same period of the prior year.
3. This chapter shall not be construed to prohibit any person from selling or offering for sale cigarettes that have not been certified by the manufacturer in accordance with section 101B.5 if the cigarettes are or will be stamped for sale in another state or are packaged for sale outside the United States.
4. The department of public safety shall administer this chapter and may adopt rules pursuant to chapter 17A to administer this chapter. This chapter shall be implemented in accordance with the implementation and substance of the New York fire safety standards for cigarettes.

2007 Acts, ch 166, §3

101B.4 Test method — performance standard — test reports.

1. a. Testing of cigarettes shall be conducted in accordance with ASTM (American society for testing and materials) international standard E2187-04, standard test method for measuring the ignition strength of cigarettes.
   b. The department may adopt a subsequent ASTM international standard test method for measuring the ignition strength of cigarettes upon a finding that the subsequent method does not result in a change in the percentage of full-length burns exhibited by any tested cigarette when compared to the percentage of full-length burns the same cigarette would exhibit when tested in accordance with ASTM international standard E2187-04 and the performance standard in this section.
2. Testing shall be conducted on ten layers of filter paper.
3. The performance standard shall require that no more than twenty-five percent of the cigarettes tested in a test trial shall exhibit full-length burns.
4. Forty replicate tests shall comprise a complete test trial for each cigarette tested.
5. The performance standard required by this section shall only be applied to a complete test trial.
6. a. Testing shall be conducted by a laboratory that has been accredited pursuant to international organization for standardization/international electrotechnical commission standard 17025 or other comparable accreditation standard required by the department.
   b. Laboratories conducting testing in accordance with this section shall implement a quality control and quality assurance program that includes a procedure that will determine the repeatability of the testing results. The testing repeatability shall be no greater than nineteen one-hundredths.
7. This section shall not require additional testing if cigarettes are tested consistent with this chapter for any other purpose.
8. Each cigarette listed in a certification submitted in accordance with section 101B.5 that uses lowered permeability bands in the cigarette paper to achieve compliance with the performance standard pursuant to this section shall have at least two nominally identical bands on the paper surrounding the tobacco column. At least one complete band shall be located at least fifteen millimeters from the lighting end of the cigarette. For cigarettes on which the bands are positioned by design, there shall be at least two bands fully located at least fifteen millimeters from the lighting end and either ten millimeters from the filter end of the tobacco column, or ten millimeters from the labeled end of the tobacco column for nonfiltered cigarettes.
9. a. The manufacturer of a cigarette that the department determines cannot be tested in accordance with the test method prescribed in this section shall propose a test method and performance standard for the cigarette to the department. Upon approval of the proposed test method and a determination by the department that the performance standard proposed
by the manufacturer is equivalent to the performance standard prescribed in this section, the manufacturer may employ the test method and performance standard to certify the cigarette in accordance with section 101B.5.

b. If the department determines that another state has enacted reduced cigarette ignition propensity standards that include a test method and performance standard that are the same as those contained in this chapter and the department finds that the officials responsible for implementing those requirements have approved the proposed alternative test method and performance standard for a particular cigarette proposed by a manufacturer as meeting the fire safety standards of that state’s law or regulation under a legal provision comparable to this subsection, the department shall authorize that manufacturer to employ the alternative test method and performance standard to certify that cigarette for sale in this state, unless the department demonstrates a reasonable basis why the alternative test should not be accepted under this chapter. All other applicable requirements of this chapter shall apply to the manufacturer.

10. A manufacturer shall maintain copies of the reports of all tests conducted on all cigarettes offered for sale for a period of three years and shall make copies of the reports available to the department and the office of the attorney general upon written request.

11. Testing performed or sponsored by the department to determine a cigarette’s compliance with the performance standard required by this section shall be conducted in accordance with this section.

1. The council and its activities shall be funded by an annual assessment. Upon establishment of the council and each year thereafter the annual assessment shall be made at a rate of one-tenth of one cent on each gallon of odorized propane sold.
2. The owner of odorized propane at the time of odorization or at the time of import shall calculate the amount of the assessment based on the volume of odorized propane sold for use in this state. The assessment, when made, shall be listed as a separate line item on the bill of sale for the odorized propane and titled “Iowa propane education and research assessment”. Assessments shall be collected by the owner from purchasers of the odorized propane and shall be paid by the owner to the council on a monthly basis by the twenty-fifth day of the month following the month the assessment was collected. If payment is made to the council by the due date as required by this subsection, an interest penalty of one percent of any amount unpaid shall be imposed against the owner for each month or fraction of a month after the due date, until final payment is made.
3. Notwithstanding subsection 2, the council may establish an alternative means of collecting such assessments if the council determines that another method would be more efficient or effective and may establish an alternative late payment charge or interest penalty to be imposed on a person who fails to timely pay any amount due under this chapter to the council.
4. Pending the disbursement of assessments collected, the council shall invest moneys collected through assessments and any other moneys received by the council in any of the following:

On the council's own initiative or on petition to the council by retail propane marketers representing thirty-five percent of the volume of odorized propane sold in this state, the council shall, at its own expense, arrange for a referendum to be conducted by an independent auditing firm agreed upon by the retail propane marketers, to determine whether the council should be terminated or suspended. Voting rights in the referendum shall be based on the volume of odorized propane sold in this state by each retail propane marketer during the previous calendar year. Each retail propane marketer voting in the referendum shall certify to the independent auditing firm the volume of odorized propane sold by that person as represented by that person's vote. Upon the approval of those retail propane marketers representing more than one-half of the total volume of odorized propane sold in this state, the council shall be terminated or suspended and the general assembly shall consider the repeal of this chapter during its next regular session.

Applicants who fail the examination once shall be allowed to take the
examination at the next scheduled time. Thereafter, the applicant shall be allowed to take
the examination at the discretion of the board. An applicant who has failed the examination
may request, in writing, information from the board concerning the applicant’s examination

   may include study of electrical circuit theory, blueprint reading, transformer and motor
   theory, electrical circuits and devices, control systems, programmable controllers, and
   microcomputers or any other study of electrical-related material that is approved by the
   board. Any additional hours studying the national electrical code shall be acceptable. For
   purposes of this section, “contact hour” means fifty minutes of classroom attendance at an

   from the date of expiration upon payment of the license fee plus ten percent of the renewal
   fee for each month or portion thereof past the expiration date. All holders of licenses expired
   for more than three months shall apply for a new license.
3. If the board determines that all licenses shall expire on the same date every three years
for licenses specified in subsection 1, paragraph “a”, the license fees shall be prorated by month. The board shall determine an individual’s license fee based on the number of months that the individual's license will be in effect after being issued and prior to expiration.

103.24 State inspection — inapplicability in certain political subdivisions — electrical inspectors — certificate of qualification.

1. The board shall establish by rule standards for the certification and decertification of electrical inspectors appointed by the state or a political subdivision to enforce this chapter or any applicable resolution or ordinance within the inspector’s jurisdiction, and for certified electrical inspector continuing education requirements.

a. On and after January 1, 2009, a person appointed to act as an electrical inspector for the state shall obtain an inspector’s certificate of qualification within one year of such appointment and shall maintain the certificate thereafter for the duration of the inspector’s service as an electrical inspector.

The board shall also prescribe methods by which inspection fees can be paid, which may include electronic methods of payment. If the board or the state fire marshal’s office becomes aware that a person has failed to file a necessary request for inspection, the board shall send a written notification by certified mail that the request must be filed within fourteen days. Any person filing a late request for inspection shall pay a delinquency fee in an amount to be determined by the board. A person who fails to file a late request within fourteen days shall be subject to a civil penalty to be determined by the board by rule.

The permit authorizes the licensee to perform new electrical installations specified in the permit. The board shall prescribe the methods by which the request for multiple inspections may be submitted, which may include electronic submission or through a form prescribed by the board that can be submitted either through the mail or by a fax transmission. The board shall also prescribe methods by which inspection fees can be paid, which may include electronic methods of payment. The board may perform inspections of each new electrical installation or any portion of the total number of new electrical installations made under each permit. The board shall establish fees for such permits, which shall not exceed the total inspection fees that would be required if each new electrical installation performed under the request for multiple inspections had been performed under individual requests for inspections as provided in subsection 1.

103.26 Condemnation — disconnection — opportunity to correct noncompliance.
If the inspector finds that any installation or portion of an installation is not in compliance with accepted standards of construction for health safety and property safety, based upon minimum standards set forth in the local electrical code or the national electrical code adopted by the board pursuant to section 103.6, the inspector shall by written order condemn the installation or noncomplying portion or order service to such installation disconnected and shall send a copy of such order to the board, the state fire marshal, and the electrical utility supplying power involved. If the installation or the noncomplying portion is such as to seriously and proximately endanger human health or property, the order of the inspector when approved by the inspector’s supervisor shall require immediate condemnation and disconnection by the applicant. In all other cases, the order of the inspector shall establish a reasonable period of time for the installation to be brought into compliance with accepted standards of construction for health safety and property safety prior to the effective date established in such order for condemnation or disconnection.

103.27 Condemnation or disconnection order — service.
1. A copy of each condemnation or disconnection order shall be served personally or by regular mail upon the property owner at the property owner’s last known address, the licensee making the installation, and such other persons as the board by rule may direct.
2. The electrical utility supplying power shall be served with a copy of any order which requires immediate disconnection or prohibits energizing an installation.
2007 Acts, ch 197, §37, 50

103.28 Certificate of safe operation — dismissal of condemnation or disconnection order.
1. No electrical installation subject to inspection under this chapter shall be newly connected or reconnected for use until the electrical inspector has filed with the electrical utility supplying power a certificate stating that the electrical inspector has approved such energization.
2. If the electrical inspector determines that an electrical installation subject to inspection by the board is not in compliance with accepted standards of construction for health safety and property safety, based upon minimum standards adopted by the board pursuant to this chapter, the inspector shall issue a correction order. A correction order made pursuant to this section shall be served personally or by United States mail only upon the licensee making the installation. The correction order shall order the licensee to make the installation comply with the standards, noting specifically what changes are required. The order shall specify a date, not more than seventeen calendar days from the date of the order, when a new inspection shall be made. When the installation is brought into compliance to the satisfaction of the inspector, the inspector shall file with the electrical utility supplying power a certificate stating that the electrical inspector has approved energization.

After December 31, 2013, a political subdivision may choose to discontinue performing its own inspections and permit the board to have jurisdiction over inspections in the political subdivision. If a political subdivision seeks to discontinue its own inspections prior to December 31, 2013, the political subdivision shall petition the board. On or after January 1, 2014, if a unanimous vote of the board finds that a political subdivision’s inspections are inadequate by reason of misfeasance, malfeasance, or nonfeasance, the board may suspend or revoke the political subdivision’s authority to perform its own inspections, subject to appeal according to the procedure set forth in section 103.34 and judicial review pursuant to section 17A.19. A political subdivision not performing
electrical inspections prior to December 31, 2007, may make provision for inspection of electrical installations within its jurisdiction, in which case it shall keep on file with the board copies of its current inspection ordinances or resolutions and electrical codes.

2. A political subdivision performing electrical inspections pursuant to subsection 1 prior to December 31, 2007, may maintain a different supervision ratio than the ratio of three apprentice electricians and unclassified persons to one licensee specified in section 103.15, subsection 3, but may not exceed that ratio. A political subdivision which begins performing electrical inspections after December 31, 2007, shall maintain the specified three-to-one ratio unless the board approves a petition by the political subdivision for a lower ratio. A political subdivision which discontinues performing electrical inspections and permits the board to have jurisdiction over inspections shall maintain the specified three-to-one supervision ratio, and may not petition for a lower ratio unless the political subdivision subsequently resumes performing electrical inspections.

3. A political subdivision that performs electrical inspections may set appropriate permit fees to pay for such inspections. A political subdivision shall not require any person holding a license from the board to pay any license fee or take any examination if the person holds a current license issued by the board which is of a classification equal to or greater than the classification needed to do the work proposed. Any such political subdivision may provide a requirement that each person doing electrical work within the jurisdiction of such political subdivision have on file with the political subdivision a copy of the current license issued by the board or such other evidence of such license as may be provided by the board.

4. A political subdivision is authorized to determine what work may be performed by a class B licensee within the jurisdictional limits of the political subdivision, provided, however, that a political subdivision shall not prohibit a class B licensee from performing any type of work that the licensee was authorized to perform within the political subdivision under the authority of a license validly issued or recognized by the political subdivision on December 31, 2007.

5. A political subdivision that performs electrical inspections shall act as the authority having jurisdiction for electrical inspections and for amending the national electrical code adopted by the board pursuant to section 103.6 for work performed within the jurisdictional limits of the political subdivision, provided those inspections and amendments conform to the requirements of this chapter. Any action by a political subdivision with respect to amendments to the national electrical code shall be filed with the board prior to enforcement by the political subdivision, and shall not be less stringent than the minimum standards established by the board by rule.

6. A political subdivision may grant a variance or interpret the national electrical code in a manner which deviates from a standard interpretation on an exception basis for a one-time installation or planned installation so long as such a variance or interpretation does not present an electrical hazard or danger to life or property.

7. A county shall not perform electrical inspections on a farm or farm residence.

103.30 Inspections not required.

1. Nothing in this chapter shall be construed to require the work of employees of municipal utilities, railroads, electric membership or cooperative associations, investor-owned utilities, rural water associations or districts, or telecommunications systems to be inspected while the employees are acting within the scope of their employment.

2. The board may by rule exempt specified types of new electrical installations from the state electrical inspection requirements under section 103.23, provided that a political subdivision conducting inspections pursuant to section 103.24 shall not be prohibited from requiring inspection of any new electrical installation exempt by rule from state inspection pursuant to this subsection.

§103.31, ELECTRICIANS AND ELECTRICAL CONTRACTORS

103.31 State inspection procedures.
1. An inspection shall be made within three business days of the submission of a request for an inspection as provided in section 103.25. When necessary, circuits may be energized by the authorized installer prior to inspection but the installation shall remain subject to condemnation and disconnection and subject to any appropriate restrictions or limitations as determined by the board.
2. Where wiring is to be concealed, the inspector must be notified within a reasonable time to complete rough-in inspections prior to concealment, exclusive of Saturdays, Sundays, and holidays. If wiring is concealed before rough-in inspections without adequate notice having been given to the inspector, the person responsible for having enclosed the wiring shall be responsible for all costs resulting from uncovering and replacing the cover material.
3. State inspection procedures and policies shall be established by the board. The state fire marshal, or the state fire marshal’s designee, shall enforce the procedures and policies, and enforce the provisions of the national electrical code adopted by the board.
4. Except when an inspection reveals that an installation or portion of an installation is not in compliance with accepted standards of construction for health safety and property safety, based upon minimum standards set forth in the local electrical code or the national electrical code adopted by the board pursuant to section 103.6, such that an order of condemnation or disconnection is warranted pursuant to section 103.26, an inspector shall not add to, modify, or amend a construction plan as originally approved by the state fire marshal or the state building code commissioner in the course of conducting an inspection.
5. Management and supervision of inspectors, including hiring decisions, disciplinary action, promotions, and work schedules are the responsibility of the state fire marshal acting in accordance with applicable law and pursuant to any applicable collective bargaining agreement. The state fire marshal and the board shall jointly determine work territories, regions, or districts for inspectors and continuing education and ongoing training requirements applicable to inspectors. An inspector subject to disciplinary action pursuant to this subsection shall be entitled to an appeal according to the procedure set forth in section 103.34 and judicial review pursuant to section 17A.19.
6. The board shall establish a web-based licensure verification database for access by a state or local inspector for verification of licensee status. The database shall include the name of every person licensed under this chapter and a corresponding licensure number. Inspectors shall be authorized to request the name and license number of any person working at a job site subject to inspection for verification of licensee status. Licensees under this chapter shall be required to carry a copy of their current license and photo identification at all times when employed on a job site for compliance with this subsection.

103.32 State inspection fees.
1. All state electrical inspection fees shall be due and payable to the board at or before commencement of the installation and shall be forwarded with the request for inspection. Inspection fees provided in this section shall not apply within the jurisdiction of any political subdivision if the political subdivision has adopted an ordinance or resolution pursuant to this chapter.
2. The board shall establish the fees for inspections in amounts not to exceed:
   a. For each separate inspection of an installation, replacement, alteration, or repair, twenty-five dollars.
   b. For services, change of services, temporary services, additions, alterations, or repairs on either primary or secondary services as follows:
      (1) Zero to one hundred ampere capacity, twenty-five dollars plus five dollars per branch circuit or feeder.
      (2) One hundred one to two hundred ampere capacity, thirty-five dollars plus five dollars per branch circuit or feeder.
      (3) For each additional one hundred ampere capacity or fraction thereof, twenty dollars plus five dollars per branch circuit or feeder.
   c. For field irrigation system inspections, sixty dollars for each unit inspected.
d. For the first reinspection required as a result of a correction order, fifty dollars; a second reinspection required as a result of noncompliance with the same correction order, seventy-five dollars; and subsequent reinspections associated with the same correction order, one hundred dollars for each reinspection.

3. When an inspection is requested by a property owner, the minimum fee shall be thirty dollars plus five dollars per branch circuit or feeder. The fee for fire and accident inspections shall be computed at the rate of forty-seven dollars per hour, and mileage and other expenses shall be reimbursed as provided by the office of the state fire marshal.

4. For installations requiring more than six months in the process of construction and in excess of three hundred dollars total inspection fees, the persons responsible for the installation may, after a minimum filing fee of one hundred dollars, pay a prorated fee for each month and submit it with an order for payment initiated by the electrical inspector.

5. A state electrical inspection fee shall not be assessed for an event benefitting a nonprofit association representing volunteer service providers. An electrical inspection fee shall not be assessed by a political subdivision for an annual event benefitting a nonprofit association representing volunteer service providers.

103.33 Condemnation or disconnection orders — appeals — disposition of orders pending appeal.

1. Any person aggrieved by a condemnation or disconnection order issued by the state fire marshal’s office may appeal from the order by filing a written notice of appeal with the board within ten days after the date the order was served upon the property owner or within ten days after the order was filed with the board, whichever is later.

2. Upon receipt of the notice of appeal from a condemnation or disconnection order because the electrical installation is proximately dangerous to health or property, the order appealed from shall not be stayed unless countermanded by the board.

3. Upon receipt of notice of appeal from a condemnation or disconnection order because the electrical installation is not in compliance with accepted standards of construction for safety to health and property, except as provided in subsection 2, the order appealed from shall be stayed until final decision of the board and the board shall notify the property owner and the electrical contractor, class A master electrician, class B master electrician, fire alarm installer, special electrician, or if established by the board the residential master electrician, making the installation. The power supplier shall also be notified in those instances in which the order has been served on such supplier.

103.34 Appeal procedures.

1. Upon receipt of a notice of appeal filed pursuant to section 103.33, the chairperson or executive secretary of the board may designate a hearing officer from among the board members to hear the appeal or may set the matter for hearing before the full board at its next regular meeting. A majority of the board shall make the decision.

2. Upon receiving the notice of appeal filed pursuant to section 103.33, the board shall notify all persons served with the order appealed from. Such persons may join in the hearing and give testimony in their own behalf. The board shall set the hearing date on a date not more than fourteen days after receipt of the notice of appeal unless otherwise agreed by the interested parties and the board.

6. Revocation or suspension of licensure, or other disciplinary action by the licensing authority of another state, territory, or possession of the United States, the District of Columbia, or any foreign country. A certified copy of the record or order of suspension, revocation, or other disciplinary action is prima facie evidence of such fact.

7. Fraud in representations as to skill or ability.

103A.2 Statement of policy. It is found and declared that some governmental subdivisions do not have building codes and that the building codes which do exist in the governmental subdivisions of this state, as enacted and applied, are not uniform and impede the utilization of new and improved technology, techniques, methods, and materials in the manufacture and construction of buildings and structures.

Therefore, it is the policy of the state of Iowa to insure the health, safety, and welfare of its citizens through the promulgation and enforcement of a state building code.
[C73, 75, 77, 79, 81, §103A.2]

4. Do all things necessary or desirable to further and effectuate the general purposes and specific objectives of this chapter.
5. Administer and enforce chapters 104A and 104B.

103A.7 State building code.
1. The state building code commissioner with the approval of the advisory council is hereby empowered and directed to formulate and adopt and from time to time amend or revise and to promulgate, in conformity with and subject to the conditions set forth in this chapter, reasonable rules designed to establish minimum safeguards in the erection and construction of buildings and structures, to protect the human beings who live and work in them from fire and other hazards, and to establish regulations to further protect the health, safety, and welfare of the public.
2. The rules shall include reasonable provisions for the following:
   a. The installation of equipment.
   b. The standards or requirements for materials to be used in construction.
   c. The manufacture and installation of factory-built structures.
   d. Protection of the health, safety, and welfare of occupants and users.
   e. The accessibility and use by persons with disabilities and elderly persons, of buildings, structures, and facilities which are constructed and intended for use by the general public.
The rules shall be consistent with federal standards for building accessibility and shall only apply to those buildings, structures, and facilities subject to chapter 104A.
   f. The conservation of energy through thermal efficiency standards for buildings intended for human occupancy and which are heated or cooled and lighting efficiency standards for buildings intended for human occupancy which are lighted.
   g. Standards for sustainable design, also known and referred to as green building standards.

3. These rules shall comprise and be known as the state building code.

[C73, 75, 77, 79, 81, §103A.7]
93 Acts, ch 95, §1; 99 Acts, ch 49, §1, 3; 2008 Acts, ch 1032, §201; 2008 Acts, ch 1126, §4, 5, 33; 2008 Acts, ch 1173, §6; 2009 Acts, ch 142, §1

103A.8 Standards.
The state building code shall as far as practical:
1. Provide uniform standards and requirements for construction, construction materials, and equipment through the adoption by reference of applicable national codes where appropriate and providing exceptions when necessary. The rules adopted shall include provisions imposing requirements reasonably consistent with or identical to recognized and accepted standards contained in performance criteria.
2. Establish such standards and requirements in terms of performance objectives.
3. Establish as the test of acceptability, adequate performance for the intended use.
4. Permit the use of modern technical methods, devices, and improvements which tend to reduce the cost of construction without substantially affecting reasonable requirements for the health, safety, and welfare of the occupants or users of buildings and structures.
5. Encourage the standardization of construction practices, methods, equipment, material, and techniques.
6. Eliminate restrictive, obsolete, conflicting, and unnecessary regulations and requirements which tend to unnecessarily increase construction costs or retard unnecessarily the use of new materials, or provide unwarranted preferential treatment to types or classes of materials or products or methods of construction.
7. Limit the application of thermal efficiency standards for energy conservation to construction of buildings which are heated or cooled. Air exchange fans designed to provide ventilation shall not be considered a cooling system. The commissioner shall exempt any construction from any thermal efficiency standard for energy conservation if the commissioner determines that the standard is unreasonable as it would apply to a particular building or class of buildings. No standard adopted by the commissioner for energy conservation in construction shall be interpreted to require the replacement or modification of any existing equipment or feature solely to ensure compliance with requirements for energy conservation in construction. Lighting efficiency standards shall recognize variations in lighting intensities required for the various tasks performed within the building. The commissioner shall consult with the office of energy independence regarding standards for energy conservation prior to the adoption of the standards. However, the standards shall be consistent with section 103A.8A.
8. Facilitate the development and use of renewable energy.

[C73, 75, 77, 79, 81, §103A.8; 81 Acts, ch 184, §12]

103A.8A Energy conservation requirements.
The state building code commissioner shall adopt as a part of the state building code a requirement that new single-family or two-family residential construction shall comply with energy conservation requirements. The requirements adopted by the commissioner shall be based upon a nationally recognized standard or code for energy conservation. The requirements shall only apply to single-family or two-family residential construction commenced after the adoption of the requirements. Notwithstanding any other provision of this chapter to the contrary, the energy conservation requirements adopted by the commissioner and approved by the council shall apply to new single-family or two-family residential construction commenced on or after July 1, 2008, and shall supersede and replace any minimum requirements for energy conservation adopted or enacted by a governmental subdivision prior to that date applicable to such construction. The state building code
§103A.8A, STATE BUILDING CODE

commissioner may provide training to builders, contractors, and other interested persons on the adopted energy conservation requirements.

103A.8B Sustainable design or green building standards.

The commissioner, after consulting with and receiving recommendations from the department of natural resources and the office of energy independence, shall adopt rules pursuant to chapter 17A specifying standards and requirements for sustainable design and construction based upon or incorporating nationally recognized ratings, certifications, or classification systems, and procedures relating to documentation of compliance. The standards and requirements shall be incorporated into the state building code established in section 103A.7, but in lieu of general applicability shall apply to construction projects only if such applicability is expressly authorized by statute, or as established by another state agency by rule.

103A.8C Standards for safe rooms and storm shelters.

1. The commissioner, after consulting with and receiving recommendations from the department of public defense, the department of natural resources, and the rebuild Iowa office, shall adopt rules pursuant to chapter 17A specifying standards and requirements for design and construction of safe rooms and storm shelters. In developing these standards, the commissioner shall consider nationally recognized standards. The standards and requirements shall be incorporated into the state building code established in section 103A.7, but shall not be interpreted to require the inclusion of a safe room or storm shelter in a building construction project unless such inclusion is expressly required by another statute or by a federal statute or regulation. However, if a safe room or storm shelter is included in any building construction project which reaches the design development phase on or after January 1, 2011, compliance with the standards developed pursuant to this section shall be required.

2. The commissioner may provide education and training to promote the use of best practices in the design, construction, and maintenance of buildings, safe rooms, and shelters to reduce the risk of personal injury from tornadoes or other severe weather.

2009 Acts, ch 142, §2

Initial standards rules to be adopted on or after February 1, 2010, but not later than April 1, 2010, and shall not become effective prior to July 1, 2010; best practices review and report; 2009 Acts, ch 142, §3, 4

103A.9 Factory-built structures.

1. The state building code shall contain provisions relating to the manufacture and installation of factory-built structures.

a. Factory-built structures manufactured in Iowa, after the effective date of the code, shall be manufactured in accordance with the code, unless the commissioner determines the structure is manufactured for installation outside the state.

b. Factory-built structures manufactured outside the state of Iowa, after the effective date of the code, and brought into Iowa for installation must, prior to installation, comply with the code.

c. Factory-built structures manufactured prior to the effective date of the code, which prior to that date have never been installed, must comply with the code prior to installation.

d. (1) All factory-built structures, without regard to manufacture date, shall be installed in accordance with the code in the governmental subdivisions which have adopted the state building code or any other building code. However, a governmental subdivision shall not require that a factory-built structure, that was manufactured in accordance with federally mandated standards, be renovated in accordance with the state building code or any other building code which the governmental subdivision has adopted when the factory-built structure is being moved from one lawful location to another unless such required renovation is in conformity with those specifications for the factory-built structure which existed when it was manufactured or the factory-built structure is being rented for occupancy.
(2) Existing factory-built structures not constructed to be in compliance with federally mandated standards may be moved from one established manufactured home community or mobile home park to another and shall not be required to be renovated to comply with the state building code or any other building code which the governmental subdivision has adopted unless the factory-built structure is being rented for occupancy or has been declared a public nuisance according to standards generally applied to housing.

e. Factory-built structures required to comply with the code provisions on manufacture shall not be modified in any way prior to or during installation, unless prior approval is obtained from the commissioner.

2. The commissioner shall establish an insignia of approval and provide that factory-built structures required to comply with code provisions on manufacture bear an insignia of approval prior to installation. The insignia may be issued for other factory-built structures which meet code standards and which were manufactured prior to the effective date of the state building code.

3. The commissioner may contract with local government agencies for enforcement of the code relating to manufacture of factory-built structures. Code provisions relating to installation of factory-built structures shall be enforced by the local building departments only in those governmental subdivisions which have adopted the state building code or any other building code.

103A.10 Effect and application.

1. The state building code shall, for the buildings and structures to which it is applicable, constitute a lawful local building code.

2. The state building code shall be applicable:
   a. To all buildings and structures owned by the state or an agency of the state.
   b. In each governmental subdivision where the governing body has enacted an ordinance accepting the application of the code.
   c. To all newly constructed buildings and structures the construction of which is paid for in whole or in part with moneys appropriated by the state but which are not wholly owned by the state.
   d. In each city with a population of more than fifteen thousand that has not adopted a local building code that is substantially in accord with standards developed by a nationally recognized building code organization. The city shall enforce the state building code, including the provisions in section 103A.19, subsection 2.

3. Provisions of the state building code relating to the manufacture and installation of factory-built structures shall apply throughout the state. A factory-built structure approved by the commissioner shall be deemed to comply with all building regulations applicable to its manufacture and installation and shall be exempt from any other state or local building regulations. Except with respect to manufactured homes, as defined in section 103A.51, subsection 4, a provision of this chapter relating to the manufacture or installation of factory-built structures shall not alter or supersede any provision of chapter 542B concerning the practice of professional engineering or chapter 544A concerning the practice of architecture.

4. Notwithstanding the provisions of section 103A.22, subsection 1:
   a. Provisions of the state building code establishing thermal efficiency energy conservation standards shall be applicable to all construction in the state which will contain enclosed space that is heated or cooled. The commissioner shall provide appropriate exceptions for construction where the application of an energy conservation requirement adopted pursuant to this chapter would be impractical.
   b. Provisions of the state building code establishing lighting efficiency standards shall be applicable to all construction in the state and to new and replacement lighting in existing buildings.

5. Notwithstanding any other provision of this chapter to the contrary, the energy
conservation requirements adopted by the commissioner and approved by the council shall apply to all new construction commenced on or after July 1, 2008, and shall supersede and replace any minimum requirements for energy conservation adopted or enacted by the governmental subdivision prior to that date and applicable to such construction.

[C73, 75, 77, 79, 81, §103A.10]

103A.10A Plan reviews and inspections.

All newly constructed buildings or structures subject to the state building code, including any addition, but excluding any renovation or repair of such a building or structure, owned by the state or an agency of the state, except as provided in subsection 2, shall be subject to a plan review and inspection by the commissioner or an independent building inspector appointed by the commissioner. Any renovation or repair of such a building or structure shall be subject to a plan review, except as provided in subsection 2. A fee shall be assessed for the cost of plan review, and, if applicable, the cost of inspection. The commissioner may inspect an existing building that is undergoing renovation or remodeling to enforce the energy conservation requirements established under this chapter.

2. All newly constructed buildings, including any addition, but excluding any renovation or repair of a building, owned by the state board of regents shall be subject to a plan review and inspection by the commissioner or the commissioner’s staff or assistant. A renovation of a building owned by the state board of regents shall be subject to a plan review. The commissioner may inspect an existing building that is undergoing renovation or remodeling to enforce the energy conservation requirements established under this chapter. The commissioner and the state board of regents shall develop a plan to implement this provision.

3. All newly constructed buildings and structures the construction of which is paid for in whole or in part with moneys appropriated by the state but which are not wholly owned by the state are subject to the plan review and inspection requirements as provided in this subsection. If a governmental subdivision has adopted a building code, electrical code, mechanical code, and plumbing code and performs inspections pursuant to such codes, such buildings or structures shall be built to comply with such codes. However, if a governmental subdivision has not adopted a building code, electrical code, mechanical code, and plumbing code, or does not perform inspections pursuant to such codes, such buildings or structures shall be built to comply with the state building code and shall be subject to a plan review and inspection by the commissioner or an independent building inspector appointed by the commissioner. A fee shall be assessed for the cost of plan review and the cost of inspection.

4. The commissioner shall administer this section notwithstanding section 103A.19. The commissioner shall establish by rule proper qualifications for an independent building inspector and for the commissioner’s staff or assistant who performs inspections, and fees for plan reviews and inspections.

103A.11 Rules.
1. The commissioner shall adopt rules pursuant to chapter 17A which are necessary for the implementation of this chapter.

2. The text of any proposed rule shall be made available for inspection at the office of the commissioner and shall be distributed to the governmental subdivisions which have adopted the state building code, and to any other person who requests a copy.

103A.12 Adoption and withdrawal — procedure.
The state building code is applicable in each governmental subdivision of the state in which the governing body has enacted an ordinance accepting the applicability of the code and has filed a certified copy of the ordinance in the office of the commissioner. The state building code becomes effective in the governmental subdivision upon the date fixed by the governmental subdivision ordinance, which must not be more than six months after the date of adoption of the ordinance.

A governmental subdivision in which the state building code is applicable may by ordinance, at any time after one year has elapsed since the code became applicable, withdraw from the application of the code. The local governing body shall hold a public hearing, after giving not less than four but not more than twenty days’ public notice, together with written notice to the commissioner of the time, place, and purpose of the hearing, before the ordinance to withdraw is voted upon. A certified copy of the vote of the local governing body shall be transmitted within ten days after the vote is taken to the commissioner. The ordinance becomes effective at a time to be specified in the ordinance, which must be not less than one hundred eighty days after the date of adoption. Upon the effective date of the ordinance, the state building code ceases to apply to the governmental subdivision except that construction of a building or structure pursuant to a permit previously issued is not affected by the withdrawal.

A governmental subdivision which has withdrawn from the application of the state building code may, at any time thereafter, restore the application of the code in the same manner as specified in this section.

103A.41 State historic building code.
The commissioner, with the approval of the state historical society board established by section 303.4, shall adopt, in accordance with chapter 17A, alternative building standards and building regulations for the rehabilitation, preservation, restoration (including related reconstruction) and relocation of buildings or structures designated by state agencies or governmental subdivisions as qualified historic buildings which are included in, or appear to meet criteria for inclusion in, the national register of historic places. The alternative building standards and building regulations comprise and shall be known as the state historic building code. The purpose of the state historic building code is to facilitate the restoration or change of occupancy of qualified historic buildings or structures so as to
preserve their original or restored architectural elements and features and, concurrently, to provide reasonable safety from fire and other hazards for the occupants and users, through a cost-effective approach to preservation.

84 Acts, ch 1113, §2

103A.42 Designation of qualified historic buildings and structures.

1. A state agency or governmental subdivision may designate as appropriate for the application of the state historic building code those buildings, structures and collections of structures subject to its jurisdiction for which the state historic preservation officer, in response to an adequately documented request, has issued an opinion affirming that the property is either included in or appears to meet criteria for inclusion in the national register of historic places. A building, structure or collection of structures so designated is a qualified historic building or structure for purposes of sections 103A.41 through 103A.45.

2. As used in this section, “buildings, structures and collections of structures” includes their associated sites.

84 Acts, ch 1113, §3

2. A state agency may apply the provisions of the state building code or of the state historic building code, or any combination of the two, in providing reasonable safety from fire and other hazards for the occupants and other users while permitting repairs, alterations and additions necessary for the preservation, restoration, rehabilitation, relocation or continued use of qualified historic buildings or structures.

5. When the requirements of the state historic building code are applied to repairs, alterations or additions to qualified historic buildings or structures, the requirements of this chapter and chapter 104A which are in conflict with the state historic building code do not apply to those repairs, alterations or additions.

This licensing exemption does not apply to employees of a rate-regulated gas or electric public utility which provides plumbing or mechanical services as part of a systematic marketing effort, as defined pursuant to section 476.80.
3. Prohibit an owner of property from performing work on the owner's principal residence, if such residence is an existing dwelling rather than new construction and is not larger than a single-family dwelling, or farm property, excluding commercial or industrial installations or installations in public use buildings or facilities, or require such owner to be licensed under this chapter. In order to qualify for inapplicability pursuant to this subsection, a residence shall qualify for the homestead tax exemption.
4. Require that any person be a member of a labor union in order to be licensed.
5. Apply to a person who is qualified pursuant to administrative rules relating to the storage and handling of liquefied petroleum gases while engaged in installing, servicing, testing, replacing, or maintaining propane gas utilization equipment, or gas piping systems of which the equipment is a part, and related or connected accessory systems or equipment necessary to the operation of the equipment.
6. Apply to a person who meets the requirements for a certified well contractor pursuant to section 455B.190A while engaged in installing, servicing, testing, replacing, or maintaining a water system, water well, well pump, or well equipment, or piping systems of which the
equipment is a part, and related or connected accessory systems or equipment necessary to the operation of the water well.

7. Require a helper engaged in general manual labor activities while providing assistance to an apprentice, journeyperson, or master to obtain a plumbing, HVAC, refrigeration, or hydronic license. Experience as a helper shall not be considered as practical experience for a journeyperson license.

8. Apply to a person who is performing work subject to chapter 100C.

9. Apply to an employee of any unit of state or local government, including but not limited to cities, counties, or school corporations, performing work on a mechanical system or plumbing system, which serves a government-owned or government-leased facility while acting within the scope of the government employee’s employment.

10. Apply to the employees of manufacturers, manufacturer representatives, or wholesale suppliers who provide consultation or develop plans concerning plumbing, HVAC, refrigeration, or hydronic work, or who assist a person licensed under this chapter in the installation of mechanical or plumbing systems.

11. Prohibit an owner or operator of a health care facility licensed pursuant to chapter 135C, assisted living center licensed pursuant to chapter 231C, hospital licensed pursuant to chapter 135B, adult day care center licensed pursuant to chapter 231D, or a retirement facility certified pursuant to chapter 523D from performing work on the facility or requiring such owner or operator to be licensed under this chapter; except for projects that exceed the dollar amount specified as the competitive bid threshold in section 26.3.

12. Apply to a person who performs the laying of pipe that originates or connects to pipe in the public right-of-way or property that is intended to become public right-of-way, even if such pipe extends under the property and up to the building. However, the person shall not make any interior pipe connections within a building under this exemption. This exemption does not restrict local jurisdictions from requiring licensure under this chapter if required by local ordinance, resolution, or by bidding specification.

13. Prohibit a rental property owner or employee of such an owner from performing routine maintenance on the rental property.

105.12 Form of license.

1. A contracting, plumbing, HVAC, refrigeration, or hydronic license shall be in the form of a certificate under the seal of the department, signed by the director of public health, and shall be issued in the name of the board. The license number shall be noted on the face of the license.

2. In addition to the certificate, the board shall provide each licensee with a wallet-sized licensing identification card.

105.13 License presumptive evidence.

A license issued under this chapter shall be presumptive evidence of the right of the holder to practice in this state the profession specified.

105.14 Display of contractor license.

A person holding a contractor license under this chapter shall keep the current license certificate publicly displayed in the primary place in which the person practices.

105.15 Registry of licenses.

The name, location, license number, and date of issuance of the license of each person to whom a license has been issued shall be entered in a registry kept in the office of the department to be known as the plumbing, HVAC, refrigeration, or hydronic registry. The registry may be electronic and shall be open to public inspection; however, the licensee’s
home address, home telephone number, and other personal information as determined by
rule shall be confidential.

105.16 Change of residence.
If a person licensed to practice as a contractor or a plumbing, HVAC, refrigeration, or
hydronic professional under this chapter changes the person’s residence or place of practice,
the person shall so notify the board.

105.17 Preemption of local licensing requirements.
1. The provisions of this chapter regarding the licensing of plumbing, HVAC,
refrigeration, and hydronic professionals and contractors shall supersede and preempt
all plumbing, HVAC, refrigeration, hydronic, and contracting licensing provisions of all
governmental subdivisions.
   a. A governmental subdivision that issues licenses on July 1, 2008, shall continue to
issue licenses until June 30, 2009. On July 1, 2009, all plumbing and mechanical licensing
provisions promulgated by any governmental subdivision shall be null and void, except
reciprocal licenses as provided in section 105.21, and of no further force and effect.
   b. On and after July 1, 2008, a governmental subdivision shall not prohibit a contractor
or a plumbing, HVAC, refrigeration, or hydronic professional licensed pursuant to this
chapter from performing services for which that person is licensed pursuant to this
chapter or enforce any plumbing and mechanical licensing provisions promulgated by the
governmental subdivision against a person licensed pursuant to this chapter.
2. Nothing in this chapter shall prohibit a governmental subdivision from assessing
and collecting permit fees or inspection fees related to work performed by plumbers and
mechanical professionals.

105.18 Qualifications and types of licenses issued.
1. General qualifications. The board shall adopt, by rule, general qualifications for
licensure. The board may consider the past felony record of an applicant only if the felony
conviction relates to the practice of the profession for which the applicant requests to be
licensed. References may be required as part of the licensing process.
2. Plumbing, HVAC, refrigeration, and hydronic licenses and contractor licenses. The
board shall issue separate licenses for plumbing, HVAC, refrigeration, and hydronic
professionals and for contractors as follows:
   a. Apprentice license. In order to be licensed by the board as an apprentice, a person shall
do all of the following:
      (1) File an application, which application shall establish that the person meets the
minimum requirements adopted by the board.
      (2) Certify that the person will work under the supervision of a licensed journeyperson or
master in the applicable discipline.
      (3) Be enrolled in an applicable apprentice program which is registered with the United
States department of labor office of apprenticeship.
   b. Journeyperson license.
      (1) In order to be licensed by the board as a journeyperson in the applicable discipline, a
person shall do all of the following:
         (a) File an application and pay application fees as established by the board, which
application shall establish that the person meets the minimum educational and experience
requirements adopted by the board.
         (b) Pass the state journeyperson licensing examination in the applicable discipline.
         (c) Provide the board with evidence of having completed at least four years of practical
experience as an apprentice. Commencing January 1, 2010, the four years of practical
experience required by this subparagraph division must be an apprenticeship training
program registered by the United States department of labor office of apprenticeship.
(2) A person may simultaneously hold an active journeyperson license and an inactive master license.

c. Master license. In order to be licensed by the board as a master, a person shall do all of the following:

(1) File an application and pay application fees as established by the board, which application shall establish that the person meets the minimum educational and experience requirements adopted by the board.

(2) Pass the state master licensing examination for the applicable discipline.

(3) Provide evidence to the board that the person has previously been a licensed journeyperson or master in the applicable discipline.

d. Contractor license. In order to be licensed by the board as a contractor, a person shall do all of the following:

(1) File an application and pay application fees as established by the board, which application shall provide the person's state contractor registration number and establish that the person meets the minimum requirements adopted by the board.

(2) Maintain a permanent place of business.

(3) Hold a master license or employ at least one person holding a master license under this chapter.

3. Combined licenses, restricted licenses.

a. The board may issue single or combined licenses to persons who qualify as a contractor, master, journeyperson, or apprentice under any of the disciplines.

b. Special, restricted license. The board may by rule provide for the issuance of special plumbing and mechanical professional licenses authorizing the licensee to engage in a limited class or classes of plumbing or mechanical professional work, which class or classes shall be specified on the license. Each licensee shall have experience, acceptable to the board, in each such limited class for which the person is licensed. The board shall designate each special, restricted license to be a sublicense of either a plumbing, HVAC, refrigeration, or hydronic license. An individual holding a master or journeyperson, plumbing, HVAC, refrigeration, or hydronic license shall not be required to obtain any special, restricted license which is a sublicense of the license that the individual holds. Special plumbing and mechanical professional licenses shall be issued to employees of a rate-regulated gas or electric public utility who conduct the repair of appliances. “Repair of appliances” means the repair or replacement of mechanical connections between the appliance shutoff valve and the appliance and repair of or replacement of parts to the appliance. Such special, restricted license shall require certification pursuant to industry-accredited certification standards.

c. The board shall establish a special, restricted license fee at a reduced rate, consistent with any other special, restricted license fees.

4. Waiver. Notwithstanding section 17A.9A, the board shall through December 31, 2009, waive the written examination requirements and prior experience requirements in subsection 2, paragraph “b”, subparagraph (1), subparagraph division (c), and subsection 2, paragraph “c”, subparagraph (3), for a journeyperson or master license if the applicant meets either of the following requirements:

a. The applicant meets both of the following requirements:

(1) The applicant has previously passed a written examination which the board deems to be substantially similar to the licensing examination otherwise required by the board to obtain the applicable license.

(2) The applicant has completed at least eight classroom hours of continuing education in courses or seminars approved by the board within the two-year period immediately preceding the date of the applicant’s license application.

b. The applicant can demonstrate to the satisfaction of the board that the applicant has five or more years of experience prior to July 1, 2008, in the plumbing, HVAC, refrigeration, or hydronic business, as applicable, which experience is of a nature that the board deems to be sufficient to demonstrate continuous professional competency consistent with that expected
of an individual who passes the applicable licensing examination which the applicant would otherwise be required to pass.

105.19 Insurance and surety bond requirements.
1. An applicant for a contractor license or renewal of an active contractor license shall provide evidence of a public liability insurance policy and surety bond in an amount determined sufficient by the board by rule.
2. If the applicant is engaged in plumbing, HVAC, refrigeration, or hydronic work individually through a business conducted as a sole proprietorship, the applicant shall personally obtain the insurance and surety bond required by this section. If the applicant is engaged in the plumbing, HVAC, refrigeration, or hydronic business as an employee or owner of a legal entity, then the insurance and surety bond required by this section shall be obtained by the entity and shall cover all plumbing or mechanical work performed by the entity.
3. The insurance and surety bond shall be written by an entity licensed to do business in this state and each licensed contractor shall maintain on file with the board a certificate evidencing the insurance providing that the insurance or surety bond shall not be canceled without the entity first giving fifteen days’ written notice to the board.

105.20 Renewal and reinstatement of licenses — fees and penalties — continuing education.
1. Licenses issued by the board shall expire in intervals as determined by the board.
2. A license issued under this chapter may be renewed as provided by rule adopted by the board upon application by the licensee, without examination. Applications for renewal shall be made to the board, accompanied by the required renewal licensing fee, at least thirty days prior to the expiration date of the license.
3. The board shall notify each licensee by mail at least sixty days prior to the expiration of a license.
4. Failure to renew a license within a reasonable time after the expiration of the license shall not invalidate the license, but a reasonable penalty may be assessed as adopted by rule, in addition to the license renewal fee, to allow reinstatement of the license.
5. The board, by rule, establish a reinstatement process for a licensee who allows a license to lapse, including reasonable penalties.
6. The board shall establish continuing education requirements pursuant to section 272C.2. The basic continuing education requirement for renewal of a license shall be the completion, during the immediately preceding license term, of the number of classroom hours of instruction required by the board in courses or seminars which have been approved by the board. The board shall require at least eight classroom hours of instruction during each licensing term.

105.21 Reciprocal licenses.
The board may license without examination a nonresident applicant who is licensed under plumbing, HVAC, refrigeration, or hydronic professional licensing statutes of another state having similar licensing requirements as those set forth in this chapter and the rules adopted under this chapter if the other state grants the same reciprocal licensing privileges to residents of Iowa who have obtained Iowa plumbing or mechanical professional licenses under this chapter. The board shall adopt the necessary rules, not inconsistent with the law, for carrying out the reciprocal relations with other states which are authorized by this chapter.

105.22 Grounds for denial, revocation, or suspension of license.
A license to practice as a contractor or as a plumbing, HVAC, refrigeration, or hydronic professional may be revoked or suspended, or an application for licensure may be denied pursuant to procedures established pursuant to chapter 272C by the board, or the licensee may be otherwise disciplined in accordance with that chapter, when the licensee commits any of the following acts or offenses:
1. Fraud in procuring a license.
2. Professional incompetence.
3. Knowingly making misleading, deceptive, untrue, or fraudulent misrepresentations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.
4. Conviction of a felony related to the profession or occupation of the licensee or the conviction of any felony that would affect the licensee's ability to practice within the profession. A copy of the record or conviction or plea of guilty shall be conclusive evidence of such conviction.
5. Fraud in representations as to skill or ability.
6. Use of untruthful or improbable statements in advertisements.
7. Willful or repeated violations of this chapter.
8. Aiding and abetting a person who is not licensed pursuant to this chapter in that person's pursuit of an unauthorized and unlicensed plumbing, HVAC, refrigeration, or hydronic professional practice.
9. Failure to meet the commonly accepted standards of professional competence.
10. Any other such grounds as established by rule by the board.

Section, as amended by 2009 Acts, ch 151, §23, is applicable on and after July 1, 2009; prior actions taken under section void; 2009 Acts, ch 151, §34

105.23 Jurisdiction of revocation and suspension proceedings.
The board shall have exclusive jurisdiction of all proceedings to revoke or suspend a license issued pursuant to this chapter. The board may initiate proceedings under this chapter or chapter 272C, following procedures set out in section 272C.6, either on its own motion or on the complaint of any person. The board, in connection with a proceeding under this chapter, may issue subpoenas to compel attendance and testimony of witnesses and the disclosure of evidence, and may request the attorney general to bring an action to enforce the subpoena.

Section, as amended by 2009 Acts, ch 151, §24, is applicable on and after July 1, 2009; prior actions taken under section void; 2009 Acts, ch 151, §34

105.24 Notice and default.
1. A written notice stating the nature of the charge or charges against a licensee and the time and place of the hearing before the board on the charges shall be served on the licensee not less than thirty days prior to the date of hearing either personally or by mailing a copy by certified mail to the last known address of the licensee.
2. If, after having been served with the notice of hearing, the licensee fails to appear at the hearing, the board may proceed to hear evidence against the licensee and may enter such order as is justified by the evidence.

Section is applicable on and after July 1, 2009; prior actions taken under section void; 2009 Acts, ch 151, §34

105.25 Advertising — violations — penalties.
1. Only a person who is duly licensed pursuant to this chapter may advertise the fact that the person is licensed as a contractor or as a plumbing, HVAC, refrigeration, or hydronic professional by the state of Iowa.
2. All written advertisements distributed in this state by a person who is engaged in the business of designing, installing, or repairing plumbing, HVAC, refrigeration, or hydronic systems shall include the listing of at least one master license number, as applicable. A master plumbing, HVAC, refrigeration, or hydronic professional shall not allow the master’s license number to be used in connection with the advertising for more than one person engaged in
§105.25, PLUMBERS, MECHANICAL PROFESSIONALS, AND CONTRACTORS

the business of designing, installing, or repairing plumbing, HVAC, refrigeration, or hydronic systems.

3. A person who fraudulently claims to be a licensed contractor or a licensed plumbing, HVAC, refrigeration, or hydronic professional pursuant to this chapter, either in writing, cards, signs, circulars, advertisements, or other communications, is guilty of a simple misdemeanor.

4. A person who fraudulently lists a contractor or a master plumbing, HVAC, refrigeration, or hydronic license number in connection with that person's advertising or falsely displays a contractor or a master plumbing, HVAC, refrigeration, or hydronic professional license number is guilty of a simple misdemeanor. In order to be entitled to use a license number of a master plumbing, HVAC, refrigeration, or hydronic professional, the master plumbing, HVAC, refrigeration, or hydronic professional must be employed by the person in whose name the business of designing, installing, or repairing plumbing or mechanical systems is being conducted.

105.27 Civil penalty.

1. In addition to any other penalties provided for in this chapter, the board may, by order, impose a civil penalty, not to exceed five thousand dollars per offense, upon a person violating any provision of this chapter. Each day of a continued violation constitutes a separate offense, except that offenses resulting from the same or common facts or circumstances shall be considered a single offense. Before issuing an order under this section, the board shall provide the person written notice and the opportunity to request a hearing on the record. The hearing must be requested within thirty days of the issuance of the notice.

2. A person aggrieved by the imposition of a civil penalty under this section may seek judicial review in accordance with section 17A.19.

3. If a person fails to pay a civil penalty within thirty days after entry of an order under subsection 1 or, if the order is stayed pending an appeal, within ten days after the court enters a final judgment in favor of the board, the board shall notify the attorney general. The attorney general may commence an action to recover the amount of the penalty, including reasonable attorney fees and costs.

4. An action to enforce an order under this section may be joined with an action for an injunction.

Every licensee and every member of the board shall report to the board the name of every person who is practicing as a contractor or as a plumber or mechanical professional without a license issued pursuant to this chapter pursuant to the knowledge or reasonable belief of
the person making the report. PREFACE TO 2011 IOWA CODE

The 2011 Iowa Code is published pursuant to Code chapter 2B by the Legislative Services Agency. Its form is substantially the same as the 2009 Iowa Code, except that it is printed in a one-column format, and it includes the permanent enactments of the 2009 and 2010 sessions of the Eighty-third General Assembly or of an earlier session if the effective date of the enactments was delayed. Except as otherwise indicated in the text or in a footnote, the new sections, amendments, and repeals were effective on or before July 1, 2010. Refer to the specific enactments to determine effective dates not shown.

CODE VOLUMES AND ARRANGEMENTS. The 2011 Code is published in six textual volumes and one Tables and Index volume. A Skeleton and Popular Name Index printed on pink paper appears at the end of each volume. The Table of Contents on page v enumerates the titles and subtitles found in the Code, and each volume contains an Analysis by Titles, Subtitles, and Chapters for that volume.

EDITORIAL DECISIONS. If multiple amendments were enacted to a section or part of a section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required under Code sections 2B.13 and 4.11. If multiple amendments conflicted, a strike or repeal prevailed over an amendment to the same material. If multiple amendments were irreconcilable, the amendment that was last in the Act or latest in date of enactment was codified as provided in Code sections 2B.13 and 4.8. At the end of Volume VI are Code Editor’s Notes which explain the major editorial decisions relating to codifying the 2010 Acts. The Code Editor’s Notes relating to codifying the 2009 Acts appear at the end of the 2009 Code Supplement. Code section 2B.13 governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of editorial changes.

HISTORIES. Bracketed material at the end of many Code sections traces the history of the subject matter of those sections up through 1982. Beginning with the 1985 Code, that form of section history was not updated. An amendment to or enactment of a section which occurred during or after the 1983 Legislative Session is indicated by the addition of an Acts citation at the end of the section. If a section is transferred from one location to another, the section history at the new location will indicate the Code or Code Supplement in which the transfer took place.

CONSTITUTIONS. A codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is included with the introductory material at the beginning of Volume I.

TABLES. The tables appear at the beginning of the index volume which is entitled “Tables and Index.”

COMMENTS. The editorial staff of the Iowa Code welcomes comments and suggestions for improvements.

DESIGNATION OF GENERAL ASSEMBLY — OFFICIAL LEGAL PUBLICATIONS — CITATIONS

2.2 Designation of general assembly.
Each regular session of the general assembly shall be designated by the year in which it convenes and by a number with a new consecutive number assigned with the session beginning in each odd-numbered year.
A special session of the general assembly shall be designated as an extraordinary session in the particular year of a numbered general assembly.

2B.17 Official legal publications — citations.
1. An official legal publication designated as such by the legislative services agency as provided in sections 2.42 and 2A.1, is the official and authoritative version of the statutes, administrative rules, or court rules of the state of Iowa.
2. a. The codified version of the state’s constitution shall be known as the Constitution of the State of Iowa.
b. For statutes, the official versions of publications shall be known as the Iowa Acts, the Iowa Code, and the Code Supplement.
c. For administrative rules, the official versions of the publications shall be known as the Iowa Administrative Bulletin and the Iowa Administrative Code.
d. For court rules, the official version of the publication shall be known as the Iowa Court Rules.
3. The legislative services agency may adopt a style manual providing a uniform system of citing the codified Constitution of the State of Iowa and the official versions of publications listed in subsection 2, including by reference to commonly accepted legal sources. The legislative services agency style manual may provide for a different form of citation for electronic and printed versions of the same publication. Nothing in this section affects rules for style and format adopted pursuant to section 2.42.
4. The codified Constitution of the State of Iowa, and statutes enacted and joint resolutions enacted or passed by the general assembly shall be cited as follows:
a. The codified Constitution of the State of Iowa shall be cited as the Constitution of the State of Iowa, with a reference identifying the preamble or boundaries, or article, section, and subunit of a section. Subject to the legislative services agency style manual, the Constitution of the State of Iowa may be cited as the Iowa Constitution.
b. The Iowa Acts shall be cited as the Iowa Acts with a reference identifying the year of the publication in conformance with section 2.2, and the chapter of a bill enacted or joint resolution enacted or passed during a regular session, or in the alternative the bill or joint resolution chamber designation, and the section of the chapter or bill or subunit of a section. A bill or joint resolution enacted or passed during a special session shall be cited by the extraordinary session designation in conformance with section 2.2. If the Iowa Acts have not been published, a bill or joint resolution may be cited by its bill or joint resolution chamber designation.
c. The Iowa Code shall be cited as the Iowa Code. The Code Supplement shall be cited as the Code Supplement. Subject to the legislative services agency style manual, the Iowa Code may be cited as the Code of Iowa or Code and the Code Supplement may be cited as the Iowa Code Supplement, with references identifying parts of the publication, including but not limited to title or chapter, section, or subunit of a section. If the citation refers to a past edition of the Iowa Code or Code Supplement, the citation shall identify the year of publication.
5. Administrative rules shall be cited as follows:
a. The Iowa Administrative Bulletin shall be cited as the IAB, with references identifying the volume number which may be based on a fiscal year cycle, the issue number, and the ARC number assigned to the rulemaking document by the administrative rules coordinator pursuant to section 17A.4. Subject to the legislative services agency style manual, the citation may also include the publication’s page number.
b. The Iowa Administrative Code shall be cited as the IAC, with references to an agency’s identification number placed at the beginning of the citation and with references to parts of the publication, including but not limited to chapter, rule, or subunit of a rule.
6. The Iowa Court Rules shall be cited as the Iowa Court Rules, with references to the rule number and to subunits of the publication, which may include but are not limited to the Iowa Rules of Civil Procedure, the Iowa Rules of Criminal Procedure, the Iowa Rules of Evidence, the Iowa Rules of Appellate Procedure, the Iowa Rules of Professional Conduct, and the Iowa Code of Judicial Conduct. Subject to the legislative services agency style manual, the names of the rules may be abbreviated.

Chapters of the Code are cited as whole numerals; as chapter 124 or chapter 124A.
Sections are cited as decimal numerals; as section 124.401 or section 124A.3. Sections are often divided into subunits. The following is an example of the hierarchical structure of a Code section:

- Section: 35D.15
- Subsection: 2
- Paragraph: a
- Subparagraph: (i)
- Subparagraph division: (a)
- Subparagraph subdivision: (ii)
- Subparagraph part: (B)

The above Code section example may be abbreviated as 35D.15(2)(a)(1)(a)(II)(i) or 35D.15 [2a(1)(a)(ii)(B)(i)].

This subunit does not exist in present Code

This chapter shall be cited as the “Iowa Alcoholic Beverage Control Act”, and shall be deemed an exercise of the police power of the state, for the protection of the welfare, health, peace, morals, and safety of the people of the state, and all its provisions shall be liberally construed for the accomplishment of that purpose. It is declared to be public policy that the traffic in alcoholic liquors is so affected with a public interest that it should be regulated to the extent of prohibiting all traffic in them, except as provided in this chapter.

[C35, §1921-f1; C39, §1921.001; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §123.1] 85 Acts, ch 32, §3; 86 Acts, ch 1122, §1

However, a subpoena issued under section 421.17 or a warrant is required for inspection of private records, a private business office, or attached living quarters. All persons who enter upon a licensed premises to conduct an inspection shall present appropriate identification to the owner of the establishment or the person who appears to be in charge of the establishment prior to commencing an inspection; however, this provision does not apply to undercover criminal investigations conducted by peace officers.

c. As a further condition for the issuance of a class "E" liquor control license, the applicant shall post a bond in a sum of not less than five thousand nor more than fifteen thousand dollars as determined on a sliding scale established by the division; however, a bond shall not be required if all purchases of alcoholic liquor from the division by the licensee are made by cash payment or by means that ensure that the division will receive full payment in advance of delivery of the alcoholic liquor.

d. A class "E" liquor control license may be issued to a city council for premises located within the limits of the city if there are no class "E" liquor control licensees operating within
the limits of the city and no other applications for a class “E” license for premises located within the limits of the city at the time the city council’s application is filed. If a class “E” liquor control license is subsequently issued to a private person for premises located within the limits of the city, the city council shall surrender its license to the division within one year of the date that the class “E” liquor control licensee begins operating, liquidate any remaining assets connected with the liquor store, and cease operating the liquor store.

2. No liquor control license shall be issued for premises which do not conform to all applicable laws, ordinances, resolutions, and health and fire regulations. Nor shall any licensee have or maintain any interior access to residential or sleeping quarters unless permission is granted by the administrator in the form of a living quarters permit.

3. Liquor control licenses issued under this chapter shall be of the following classes:
   a. Class “A”. A class “A” liquor control license may be issued to a club and shall authorize the holder to purchase alcoholic liquors from class “E” liquor control licensees only, wine from class “A” wine permittees or class “B” wine permittees who also hold class “E” liquor control licenses only, and native wines from native wine manufacturers, and to sell liquors, wine, and beer to bona fide members and their guests by the individual drink for consumption on the premises only.
   b. Class “B”. A class “B” liquor control license may be issued to a hotel or motel and shall authorize the holder to purchase alcoholic liquors from class “E” liquor control licensees only, wine from class “A” wine permittees or class “B” wine permittees who also hold class “E” liquor control licenses only, and native wines from native wine manufacturers, and to sell liquors, wine, and beer to patrons by the individual drink for consumption on the premises only. However, beer may also be sold for consumption off the premises. Each license shall be effective throughout the premises described in the application.
   c. Class “C”.
      (1) A class “C” liquor control license may be issued to a commercial establishment but must be issued in the name of the individuals who actually own the entire business and shall authorize the holder to purchase alcoholic liquors from class “E” liquor control licensees only, wine from class “A” wine permittees or class “B” wine permittees who also hold class “E” liquor control licenses only, and native wines from native wine manufacturers, and to sell liquors, wine, and beer to patrons by the individual drink for consumption on the premises only. However, beer may also be sold for consumption off the premises.
      (2) A special class “C” liquor control license may be issued and shall authorize the holder to purchase wine from class “A” wine permittees or class “B” wine permittees who also hold class “E” liquor control licenses only, and to sell wine and beer to patrons by the individual drink for consumption on the premises only. However, beer may also be sold for consumption off the premises. The license issued to holders of a special class “C” license shall clearly state on its face that the license is limited.
   d. Class “D”.
      (1) A class “D” liquor control license may be issued to a railway corporation, to an air common carrier, and to passenger-carrying boats or ships for hire with a capacity of twenty-five persons or more operating in inland or boundary waters, and shall authorize the holder to sell or furnish alcoholic beverages, wine, and beer to passengers for consumption only on trains, watercraft as described in this section, or aircraft, respectively. Each license is valid throughout the state. Only one license is required for all trains, watercraft, or aircraft operated in the state by the licensee. However, if a watercraft is an excursion gambling boat licensed under chapter 99F, the owner shall obtain a separate class “D” liquor control license for each excursion gambling boat operating in the waters of this state.
      (2) A class “D” liquor control licensee who operates a train or a watercraft intrastate only, or an excursion gambling boat licensed under chapter 99F, shall purchase alcoholic liquor from a class “E” liquor control licensee only, wine from a class “A” wine permittee or a class “B” wine permittee who also holds a class “E” liquor control license only, and beer from a class “A” beer permittee only.
   e. Class “E”.

A class "E" license shall not be issued to premises at which gasoline is sold. A holder of a class "E" liquor control license may hold other retail liquor control licenses or retail wine or beer permits, but the premises licensed under a class "E" liquor control license shall be separate from other licensed premises, though the separate premises may have a common entrance. However, the holder of a class "E" liquor control license may also hold a class "B" wine or class "C" beer permit or both for the premises licensed under a class "E" liquor control license.

(2) The division may issue a class "E" liquor control license for premises covered by a liquor control license or wine or beer permit for on-premises consumption, if the premises are in a county having a population under nine thousand five hundred in which no other class "E" liquor control license has been issued by the division, and no other application for a class "E" license has been made within the previous twelve consecutive months.

4. Notwithstanding any provision of this chapter to the contrary, a person holding a license to sell alcoholic liquors for consumption on the licensed premises may permit a customer to remove one unsealed bottle of wine for consumption off the premises if the customer has purchased and consumed a portion of the bottle of wine on the licensed premises. The licensee or the licensee’s agent shall securely reseal such bottle in a bag designed so that it is visibly apparent that the resealed bottle of wine has not been tampered with and provide a dated receipt for the resealed bottle of wine to the customer. A wine bottle resealed pursuant to the requirements of this subsection is subject to the requirements of sections 321.284 and 321.284A.

However, if a commercial establishment is located in an unincorporated town, for purposes of this subsection the unincorporated town shall be treated as if it is a city.

7. The division shall credit all fees to the beer and liquor control fund. The division shall remit to the appropriate local authority, a sum equal to sixty-five percent of the fees collected for each class “A”, class “B”, or class “C” license except special class “C” licenses or class “E” licenses, covering premises located within the local authority’s jurisdiction. 123.37 Exclusive power to license and levy taxes — disputed taxes.

1. The power to establish licenses and permits and levy taxes as imposed in this chapter is vested exclusively with the state. Unless specifically provided, a local authority shall not require the obtaining of a special license or permit for the sale of alcoholic beverages, wine, beer at any establishment, or require the obtaining of a license by any person as a condition precedent to the person’s employment in the sale, serving, or handling of alcoholic beverages, wine, or beer, within an establishment operating under a license or permit.

2. The administrator may compromise and settle doubtful and disputed claims for taxes imposed under this chapter or for taxes of doubtful collectibility, notwithstanding section 7D.9. The administrator may enter into informal settlements pursuant to section 17A.10 to compromise and settle doubtful and disputed claims for taxes of doubtful collectibility. Whenever a compromise or settlement is made, the administrator shall make a complete record of the case showing the tax assessed, reports and audits, if any, the licensee’s or permittee’s grounds for dispute or contest, together with all evidence of the dispute or contest, and the amounts, conditions, and settlement or compromise of the dispute or contest.

3. A licensee or permittee who disputes the amount of tax imposed must pay all tax and penalty pertaining to the disputed tax liability prior to appealing the disputed tax liability to the administrator.

123.38 Nature of permit or license — surrender — transfer.
1. A special liquor permit, liquor control license, wine permit, or beer permit is a personal privilege and is revocable for cause. It is not property nor is it subject to attachment and execution nor alienable nor assignable, and it shall cease upon the death of the permittee or licensee. However, the administrator of the division may in the administrator’s discretion allow the executor or administrator of a permittee or licensee to operate the business of the decedent for a reasonable time not to exceed the expiration date of the permit or license. Every permit or license shall be issued in the name of the applicant and no person holding a permit or license shall allow any other person to use it.

2. Any licensee or permittee, or the licensee’s or permittee’s executor or administrator, or any person duly appointed by the court to take charge of and administer the property or assets of the licensee or permittee for the benefit of the licensee’s or permittee’s creditors, may voluntarily surrender a license or permit to the division. When a license or permit is surrendered the division shall notify the local authority, and the division or the local authority shall refund to the person surrendering the license or permit, a proportionate amount of the fee received by the division or the local authority for the license or permit as follows: if a license or permit is surrendered during the first three months of the period for which it was issued, the refund shall be three-fourths of the amount of the fee; if surrendered more than three months but not more than six months after issuance, the refund shall be one-half of the amount of the fee; if surrendered more than six months but not more than nine months after issuance, the refund shall be one-fourth of the amount of the fee. No refund shall be made, however, for any special liquor permit, nor for a liquor control license, wine permit, or beer permit surrendered more than nine months after issuance. For purposes of this subsection, any portion of license or permit fees used for the purposes authorized in section 331.424, subsection 1, paragraph “a”, subparagraphs (1) and (2), and in section 331.424A, shall not be deemed received either by the division or by a local authority. No refund shall be made to any licensee or permittee, upon the surrender of the license or permit, if there is at the time of surrender, a complaint filed with the division or local authority, charging the licensee or permittee with a violation of this chapter. If upon a hearing on a complaint the license or permit is not revoked or suspended, then the licensee or permittee is eligible, upon surrender of the license or permit, to receive a refund as provided in this section; but if the license or permit is revoked or suspended upon hearing the licensee or permittee is not eligible for the refund of any portion of the license or permit fee.

3. The local authority may in its discretion authorize a licensee or permittee to transfer the license or permit from one location to another within the same incorporated city, or within a county outside the corporate limits of a city, provided that the premises to which the transfer is to be made would have been eligible for a license or permit in the first instance and such transfer will not result in the violation of any law. All transfers authorized, and the particulars of same, shall be reported to the administrator by the local authority. The administrator may by rule establish a uniform transfer fee to be assessed by all local authorities upon licensees or permittees to cover the administrative costs of such transfers, such fee to be retained by the local authority involved.

123.39 Suspension or revocation of license or permit — civil penalty.

1. a. The administrator or the local authority may suspend a license or permit issued pursuant to this chapter for a period not to exceed one year, revoke the license or permit, or impose a civil penalty not to exceed one thousand dollars per violation. Before suspension, revocation, or imposition of a civil penalty, the license or permit holder shall be given written notice and an opportunity for a hearing. The administrator may appoint a member of the division or may request an administrative law judge from the department of inspections and appeals to conduct the hearing and issue a proposed decision. Upon the motion of a party to the hearing or upon the administrator’s own motion, the administrator may review the proposed decision in accordance with chapter 17A. Upon review of the proposed decision, the administrator may affirm, reverse, or modify the proposed decision. A licensee or permittee aggrieved by a decision of the administrator may seek judicial review of the administrator’s decision in accordance with chapter 17A.

b. A license or permit issued under this chapter may be suspended or revoked, or a civil penalty may be imposed on the license or permit holder by the local authority or the administrator for any of the following causes:

(4) An event which would have resulted in disqualification from receiving the license or permit when originally issued.
(5) Any sale, hypothecation, or transfer of the license or permit.
(6) The failure or refusal on the part of any licensee or permittee to render any report or remit any taxes to the division under this chapter when due.

c. A criminal conviction is not a prerequisite to suspension, revocation, or imposition of a civil penalty pursuant to this section. A local authority which acts pursuant to this section or section 123.32 shall notify the division in writing of the action taken, and shall notify the licensee or permit holder of the right to appeal a suspension, revocation, or imposition of a civil penalty to the division. Civil penalties imposed and collected by the local authority under this section shall be retained by the local authority. Civil penalties imposed and collected by the division under this section shall be retained by the division.

2. Local authorities may suspend any retail wine or beer permit or liquor control license for a violation of any ordinance or regulation adopted by the local authority. Local authorities may adopt ordinances or regulations for the location of the premises of retail wine or beer and liquor control licensed establishments and local authorities may adopt ordinances, not in conflict with this chapter and that do not diminish the hours during which beer, wine, or alcoholic beverages may be sold or consumed at retail, governing any other activities or matters which may affect the retail sale and consumption of beer, wine, and alcoholic liquor and the health, welfare and morals of the community involved.

3. When a liquor license or wine or beer permit is suspended after a hearing as a result of violations of this chapter by the licensee, permittee or the licensee’s or permittee’s agents or employees, the premises which were licensed by the license or permit shall not be relicensed for a new applicant until the suspension has terminated or time of suspension has elapsed, or ninety days have elapsed since the commencement of the suspension, whichever occurs first. However, this section does not prohibit the premises from being relicensed to a new applicant before the suspension has terminated or before the time of suspension has elapsed or before ninety days have elapsed from the commencement of the suspension, if the premises prior to the time of the suspension had been purchased under contract, and the vendor under that contract had exercised the person’s rights under chapter 656 and sold the property to a different person who is not related to the previous licensee or permittee by marriage or within the third degree of consanguinity or affinity and if the previous licensee or permittee does not have a financial interest in the business of the new applicant.

4. If the cause for suspension is a first offense violation of section 123.49, subsection 2, paragraph “h”, the administrator or local authority shall impose a civil penalty in the amount

The court shall enter an order that the record of the conviction be expunged by the clerk of the district court. 123.48 Seizure of false or altered driver's license or nonoperator identification card.

1. If a liquor control licensee or wine or beer permittee or an employee of the licensee or permittee has a reasonable belief based on factual evidence that a driver's license as defined in section 321.1, subsection 20A, or nonoperator identification card issued pursuant to section 321.190 offered by a person who wishes to purchase an alcoholic beverage at the licensed premises is altered or falsified or belongs to another person, the licensee, permittee, or employee may retain the driver's license or nonoperator identification card. Within twenty-four hours, the card shall be delivered to the appropriate city or county law enforcement agency of the jurisdiction in which the licensed premises is located. When the card is delivered to the appropriate law enforcement agency, the licensee shall file a written report of the circumstances under which the card was retained. The local law enforcement agency may investigate whether a violation of section 321.216, 321.216A, or 321.216B has occurred. If an investigation is not initiated or a probable cause is not established by the local law enforcement agency, the driver's license or nonoperator identification card shall be delivered to the person to whom it was issued. The local law enforcement agency may forward the card with the report to the department of transportation for investigation, in which case, the department may investigate whether a violation of section 321.216, 321.216A, or 321.216B has occurred. This section shall not be construed to relieve a licensee, permittee, or employee of the licensee or permittee from civil liability for damages resulting from the use of unreasonable force in obtaining the altered or falsified driver's license or identification card or the driver's license or identification card believed to belong to another person.

123.49 Miscellaneous prohibitions.

1. A person shall not sell, dispense, or give to an intoxicated person, or one simulating intoxication, any alcoholic liquor, wine, or beer.

   a. A person other than a person required to hold a license or permit under this chapter who dispenses or gives an alcoholic beverage, wine, or beer in violation of this subsection is not civilly liable to an injured person or the estate of a person for injuries inflicted on that person as a result of intoxication by the consumer of the alcoholic beverage, wine, or beer.

   b. The general assembly declares that this subsection shall be interpreted so that the holding of Clark v. Mincks, 364 N.W.2d 226 (Iowa 1985) is abrogated in favor of prior judicial interpretation finding the consumption of alcoholic beverages, wine, or beer rather than the serving of alcoholic beverages, wine, or beer as the proximate cause of injury inflicted upon another by an intoxicated person.

2. A person or club holding a liquor control license or retail wine or beer permit under this chapter, and the person's or club's agents or employees, shall not do any of the following:

   a. Knowingly permit any gambling, except in accordance with chapter 99B, 99D, 99F, or 99G, or knowingly permit solicitation for immoral purposes, or immoral or disorderly conduct on the premises covered by the license or permit.

   b. Sell or dispense any alcoholic beverage or beer on the premises covered by the license
or permit, or permit its consumption thereon between the hours of two a.m. and six a.m. on a weekday, and between the hours of two a.m. on Sunday and six a.m. on the following Monday, however, a holder of a liquor control license or retail beer permit granted the privilege of selling alcoholic liquor or beer on Sunday may sell or dispense alcoholic liquor or beer between the hours of eight a.m. on Sunday and two a.m. on the following Monday.

c. Sell alcoholic beverages, wine, or beer to any person on credit, except with a bona fide credit card. This provision does not apply to sales by a club to its members, to sales by a hotel or motel to bona fide registered guests, nor to retail sales by the managing entity of a convention center, civic center, or events center.

d. Keep on premises covered by a liquor control license any alcoholic liquor in any container except the original package purchased from the division, and except mixed drinks or cocktails mixed on the premises for immediate consumption. This prohibition does not apply to common carriers holding a class “D” liquor control license.

e. Reuse for packaging alcoholic liquor or wine any container or receptacle used originally for packaging alcoholic liquor or wine; or adulterate, by the addition of any substance, the contents or remaining contents of an original package of an alcoholic liquor or wine; or knowingly possess any original package which has been so reused or adulterated.

f. Employ a person under eighteen years of age in the sale or serving of alcoholic liquor, wine, or beer for consumption on the premises where sold.

g. Allow any person other than the licensee, permittee, or employees of the licensee or permittee, to use or keep on the licensed premises any alcoholic liquor in any bottle or other container which is designed for the transporting of such beverages, except as permitted in section 123.95. This paragraph does not apply to the lodging quarters of a class “B” liquor control licensee or wine or beer permittee, or to common carriers holding a class “D” liquor control license.

h. Sell, give, or otherwise supply any alcoholic beverage, wine, or beer to any person, knowing or failing to exercise reasonable care to ascertain whether the person is under legal age, or permit any person, knowing or failing to exercise reasonable care to ascertain whether the person is under legal age, to consume any alcoholic beverage, wine, or beer.

i. In the case of a retail beer or wine permittee, knowingly allow the mixing or adding of alcohol or any alcoholic beverage to beer, wine, or any other beverage in or about the permittee’s place of business.

j. Knowingly permit or engage in any criminal activity on the premises covered by the license or permit. However, the absence of security personnel on the licensed premises is insufficient, without additional evidence, to prove that criminal activity occurring on the licensed premises was knowingly permitted in violation of this paragraph “j”. For purposes of this paragraph “j”, “premises” includes parking lots and areas adjacent to the premises of a liquor licensee or permittee authorized to sell alcoholic beverages for consumption on the licensed premises and used by patrons of the liquor licensee or permittee.

k. Sell or dispense any wine on the premises covered by the permit or permit the consumption on the premises between the hours of two a.m. and six a.m. on a weekday, and between the hours of two a.m. on Sunday and six a.m. on the following Monday, however, a holder of a wine permit authorized to sell wine on Sunday may sell or dispense wine between the hours of eight a.m. on Sunday and two a.m. on the following Monday.

l. Sell, give, possess, or otherwise supply a machine which is used to vaporize an alcoholic beverage for the purpose of being consumed in a vaporized form.

3. A person under legal age shall not misrepresent the person’s age for the purpose of purchasing or attempting to purchase any alcoholic beverage, wine, or beer from any licensee or permittee. If any person under legal age misrepresents the person’s age, and the licensee or permittee establishes that the licensee or permittee made reasonable inquiry to determine whether the prospective purchaser was over legal age, the licensee or permittee is not guilty of selling alcoholic liquor, wine, or beer to a person under legal age.

4. No privilege of selling alcoholic liquor, wine, or beer on Sunday as provided in section 123.36, subsection 5, and section 123.134, subsection 6, shall be granted to a club or other organization which places restrictions on admission or membership in the club or organization on the basis of sex, race, religion, or national origin. However, the privilege
may be granted to a club or organization which places restrictions on membership on the basis of sex, if the club or organization has an auxiliary organization open to persons of the other sex.

      (2) Suspension shall be limited to the specific license or permit for the premises found in violation.

      (3) Notwithstanding section 123.40, revocation shall be limited to the specific license or permit found in violation and shall not disqualify a licensee or permittee from holding a license or permit at a separate location.

      4. In addition to any other penalties imposed under this chapter, the division shall assess a civil penalty up to the amount of five thousand dollars upon a class “E” liquor control licensee when the class “E” liquor license is revoked for a violation of section 123.59. Failure to pay the civil penalty as required under this subsection shall result in forfeiture of the bond to the division.

1. There shall be established within the office of the treasurer of state a fund to be known as the beer and liquor control fund. The fund shall consist of any moneys appropriated by the general assembly for deposit in the fund and moneys received from the sale of alcoholic liquors by the division, from the issuance of permits and licenses, and of moneys and receipts received by the division from any other source.
2. a. The director of the department of administrative services shall periodically transfer from the beer and liquor control fund to the general fund of the state those revenues of the division which are not necessary for the purchase of liquor for resale by the division, or for remittances to local authorities or other sources as required by this chapter, or for other obligations and expenses of the division which are paid from such fund.
   b. All moneys received by the division from the issuance of vintner’s certificates of compliance and wine permits shall be transferred by the director of the department of administrative services to the general fund of the state.
3. Notwithstanding subsection 2, if gaming revenues under sections 99D.17 and 99F.11 are insufficient in a fiscal year to meet the total amount of such revenues directed to be deposited in the revenue bonds debt service fund and the revenue bonds federal subsidy holdback fund during the fiscal year pursuant to section 8.57, subsection 6, paragraph “e”, the difference shall be paid from moneys deposited in the beer and liquor control fund prior to transfer of such moneys to the general fund pursuant to subsection 2 and prior to the transfer of such moneys pursuant to subsections 5 and 6. 7. Civil penalties imposed and collected by the division shall be credited to the general fund of the state. The moneys from the civil penalties shall be used by the division, subject to appropriation by the general assembly, for the purposes of providing educational programs, information and publications for alcoholic beverage licensees and permittees, local authorities, and law enforcement agencies regarding the laws and rules which govern the alcoholic beverages industry, and for promoting compliance with alcoholic beverage laws and rules.

2. “Agreement” means a contract or arrangement whether expressed or implied, oral or written, for a definite or indefinite period between a brewer and a wholesaler pursuant to which a wholesaler has been granted the right to purchase, resell, and distribute one or more brands of beer offered by a brewer, or a contract or arrangement in which a brewer grants to a wholesaler a license to use a trade name, trademark, service mark, or related characteristic and in which there is a community of interest in the marketing of the products of the brewer. An agreement exists when one or more of the following occur:

13. “Similarly situated wholesalers” means wholesalers of a brewer that are of a generally comparable size, and operate in markets with similar demographic characteristics, including population size, density, distribution, and vital statistics, and reasonably similar economic and geographic conditions.

14. “Successor brewer” means a person who succeeds to the role of a brewer or master distributor to manufacture or distribute one or more brands of beer whether by merger, purchase of corporate shares, purchase of assets, or any other arrangement.

15. “Successor manager” means an individual named or designated by agreement between a brewer and wholesaler who succeeds to the role of manager who will be principally responsible for the daily management of the wholesaler.

   d. The dissolution or liquidation of the wholesaler.
   e. The wholesaler’s conviction of, or plea of guilty or no contest to, a charge of violating a law or rule in this state which materially and adversely affects the ability of either party to continue to sell beer in this state, or the revocation or suspension of a license or permit to sell beer in this state for a period greater than thirty-one days.
   f. Any attempted transfer of business assets of the wholesaler, ten percent or more of the voting stock of the wholesaler or the voting stock of any parent corporation of the wholesaler, or any change in the beneficial ownership or control of any wholesaler without obtaining the prior consent or approval as provided for under section 123A.6.
   g. The wholesaler’s fraudulent conduct relating to a material matter on the part of the wholesaler in dealings with the brewer or its product. However, the brewer shall have the burden of proving fraudulent conduct relating to a material matter on the part of the wholesaler in any legal action challenging the termination.
   h. The wholesaler distributes, sells, or delivers beer to a retailer whose premises are situated outside the geographic territory agreed upon by the wholesaler and the brewer as the area in which the wholesaler will sell beer purchased from the brewer, without the consent of the brewer and the distributor who has been assigned the territory by the brewer.
95 Acts, ch 101, §3
123A.4 Cancellation.
A brewer or a wholesaler shall not cancel, fail to renew, or otherwise terminate an agreement unless the party intending that action has good cause for the cancellation, failure to renew, or termination, has made good faith efforts to resolve disagreements, and, in any case in which prior notification is required under section 123A.3, the party intending to act has furnished the prior notification and the other party has not eliminated the reasons specified in the notification for cancellation, failure to renew, or termination, within the periods provided in section 123A.3, subsection 4, paragraph “d”.
95 Acts, ch 101, §4

123A.5 Prohibited conduct.
1. A brewer shall not commit any of the following actions:
   a. Induce or coerce, or attempt to induce or coerce, any wholesaler to engage in any illegal act or course of conduct.
   b. Require a wholesaler to assent to any unreasonable requirement, condition, understanding, or term of an agreement prohibiting a wholesaler from selling the product of another brewer.
   c. Fix, maintain, or establish the price at which a wholesaler may resell beer, or to change, by any means, the price charged to the wholesaler after beer has been ordered by the wholesaler from the brewer.
   d. Require any wholesaler to accept delivery of any beer or any other item or commodity which shall not have been ordered by the wholesaler.
   e. Require a wholesaler without the wholesaler’s approval to participate in an arrangement for the payment or crediting by an electronic fund transfer transaction for any item or commodity other than beer, or to access a wholesaler’s account for any item or commodity other than beer.
   f. Require or prohibit any change in the manager or successor manager of any wholesaler who has been approved by the brewer as of or subsequent to July 1, 1995, unless the brewer acts in good faith. If a wholesaler changes an approved manager or successor manager, a brewer shall not require or prohibit the change unless the person selected by the wholesaler fails to meet the nondiscriminatory, material, and reasonable standards and qualifications for managers or successor managers consistently applied to similarly situated wholesalers by the brewer. However, the brewer shall have the burden of proving that the person fails to meet the reasonable standards and qualifications.
   g. Discriminate among the brewer’s wholesalers in any business dealings including, but not limited to, the price of beer sold to the wholesaler or terms of sale offered to wholesalers, unless the difference among its wholesalers is based on reasonable grounds.
   h. Fail to provide each wholesaler of the brewer’s brand with a written agreement which contains in total the brewer’s agreement with each wholesaler, and designates a specific exclusive sales territory. The terms of written agreements executed, amended, or renewed after July 1, 1995, shall be consistent with this chapter, and this chapter may be incorporated by reference in the agreement.
   i. Enter into an additional agreement with any other wholesaler for, or to sell to any other wholesaler, the same brand of beer or brand extension in the same territory or any portion of the territory, or to sell directly to any retailer in this state.
   j. Require a wholesaler to purchase one or more brands of beer in order for the wholesaler to purchase another brand of beer for any reason.
   k. Require a wholesaler, by any means, directly to participate in or contribute to any local or national advertising fund controlled directly or indirectly by a brewer.
   l. Require by a provision of an agreement or other instrument in connection with the agreement that any dispute arising out of or in connection with the agreement be determined through the application of any other state’s laws, be determined in federal court sitting in a state other than Iowa, or be determined in a state court of a state other than this state. A provision contained in any agreement or other instrument in connection with the agreement which contravenes this section shall be null and void.
2. A wholesaler who, pursuant to an agreement, is granted a sales territory for which the
wholesaler is primarily responsible or in which the wholesaler is required to concentrate the wholesaler’s efforts, shall not make any sale or delivery of beer to any retail licensee whose place of business is not within the territory granted to the wholesaler unless agreed upon by all affected parties.

95 Acts, ch 101, §5

123A.6 Transfer of business assets or stock.
1. A brewer shall not unreasonably withhold or delay its approval of any assignment, sale, or transfer of the stock or other indicia of ownership of a wholesaler or all or any portion of a wholesaler’s assets, wholesaler’s voting stock, the voting stock of any parent corporation, or the beneficial ownership or control of any other entity owning or controlling the wholesaler, including the wholesaler’s rights and obligations under the terms of an agreement when the person to be substituted meets reasonable standards. Upon the death of one of the partners of a partnership operating the business of a wholesaler, a brewer shall not deny the surviving partner of the partnership the right to become a successor-in-interest to the agreement between the brewer and the partnership, if the survivor has been active in the management of the partnership and is otherwise capable of carrying on the business of the partnership.

2. Notwithstanding subsection 1, upon the death of a wholesaler, a brewer shall not deny approval for any transfer of ownership or management to a designated member, including the rights under the agreement with the brewer. The transfer or assignment shall not be effective until written notice is given to the brewer, but the brewer’s consent to the transfer or assignment shall not be required.

95 Acts, ch 101, §6

123A.7 Reasonable compensation.
1. A brewer who cancels, fails to renew, or terminates any agreement, or unlawfully denies approval of, or unreasonably withholds consent to any assignment, transfer, or sale of a wholesaler’s business assets or voting stock or other equity securities, except as provided in this chapter, shall pay the wholesaler with which the brewer has an agreement pursuant to this chapter, reasonable compensation for the fair market value of the wholesaler’s business with relation to the affected brand of beer. The fair market value of the wholesaler’s business shall include, but not be limited to, its goodwill, if any.

2. If a brewer and a wholesaler are unable to mutually agree on the reasonable compensation to be paid for the value of the wholesaler’s business, either party may maintain a civil action as provided in section 123A.9, or the matter may, by mutual agreement of the parties, be submitted to a three-member arbitration panel consisting of one representative selected by the brewer but unassociated with the brewer; one representative selected by the wholesaler but unassociated with the wholesaler; and an impartial arbitrator selected by the other two members from a list provided by the American arbitration association, and the claim settled in accordance with the rules provided by the American arbitration association. Arbitration costs shall be paid one-half by the wholesaler and one-half by the brewer. Arbitration shall be conducted in accordance with the commercial arbitration rules of the American arbitration association and the laws of this state, and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction. The award of the arbitrator shall be final and binding on the parties.

95 Acts, ch 101, §7

123A.8 Right of free association.
A brewer or wholesaler shall not restrict or inhibit, directly or indirectly, the right of free association among brewers or wholesalers for any lawful purpose.

95 Acts, ch 101, §8

123A.9 Judicial remedies.
1. If a brewer or a wholesaler who is a party to an agreement pursuant to this chapter fails to comply with this chapter or otherwise engages in conduct prohibited under this chapter,
the aggrieved party may maintain a civil action in district court if the cause of action directly relates to or stems from the relationship of the individual parties under the agreement.

2. A brewer or wholesaler may bring an action for declaratory judgment for determination of any controversy arising under this chapter or out of the brewer and wholesaler agreement.

3. Upon proper petition to the district court, a brewer or wholesaler may obtain injunctive relief against a violation of this chapter.

4. In an action under subsection 1, the district court may grant the relief as the court determines is necessary or appropriate considering the purposes of this chapter. The district court may, if it finds that a brewer has acted in bad faith in invoking the amendment, modification, cancellation, nonrenewal, or termination provision of the agreement between the brewer and wholesaler, or has unreasonably withheld its consent to any assignment, transfer, or sale of the wholesaler’s business, award equitable relief, actual damages, court costs, and attorney’s fees.

5. The prevailing party in an action under subsection 1 shall be entitled to actual damages, court costs, and attorney’s fees at the court’s discretion.

6. With respect to a dispute arising under this chapter or out of the agreement between a brewer and wholesaler, the wholesaler and brewer each has the absolute right, before the wholesaler or brewer has agreed to arbitrate a particular dispute, to refuse to arbitrate that particular dispute. A brewer shall not, as a condition of entering into or renewing an agreement, require the wholesaler to agree to arbitration in lieu of judicial remedies.

7. A brewer shall not take retaliatory action against a wholesaler who files or manifests an intention to file a complaint of alleged violation of state or federal law or regulation by the brewer with the appropriate state or federal regulatory authority. Retaliatory action shall include, but shall not be limited to, refusal without good cause to continue the agreement, or a material reduction in the quality of service or quantity of products available to the wholesaler under the agreement, or impede the normal business operations of the wholesaler.

95 Acts, ch 101, §9

123A.10 Waiver — prohibited.
A brewer shall not require a wholesaler to waive compliance with any provision of this chapter. This chapter shall not be construed to limit or prohibit a good faith settlement of a dispute voluntarily entered into between the parties.

95 Acts, ch 101, §10

123A.11 Indemnification.
A brewer shall fully indemnify and hold harmless the brewer’s wholesaler against any losses, including but not limited to court costs and reasonable attorney fees or damages arising out of complaints, claims, or lawsuits, including but not limited to strict liability, negligence, misrepresentation, or express or implied warranty where the complaint, claim, or lawsuit relates to the manufacture or packaging of beer or other functions by the brewer which are beyond the control of the wholesaler.

95 Acts, ch 101, §11

123A.12 Application to existing agreements.
1. The provisions of this chapter apply to a valid agreement in effect immediately before July 1, 1995, when the first of the following dates occurs:
   a. On the effective date of the next amendment, modification, or renewal of the existing valid agreement.
   b. On the next anniversary date of the execution of the original agreement between the wholesaler and the brewer.

2. If no written agreement exists, the provisions of the chapter apply to the implied or oral unwritten agreement of a brewer and a wholesaler of that brewery on July 1, 1995.

2009 Acts, ch 133, §195
DIVISION II
STANDARDS AND SCHEDULES

124.201 Duty to recommend changes in schedules.
1. The board shall administer the regulatory provisions of this chapter. Annually, within thirty days after the convening of each regular session of the general assembly, the board shall recommend to the general assembly any deletions from, or revisions in the schedules of substances, enumerated in section 124.204, 124.206, 124.208, 124.210, or 124.212, which it deems necessary or advisable. In making a recommendation to the general assembly regarding a substance, the board shall consider the following:
   a. The actual or relative potential for abuse;
   b. The scientific evidence of its pharmacological effect, if known;
   c. State of current scientific knowledge regarding the substance;
   d. The history and current pattern of abuse;
   e. The scope, duration, and significance of abuse;
   f. The risk to the public health;
   g. The potential of the substance to produce psychic or physiological dependence liability; and
   h. Whether the substance is an immediate precursor of a substance already controlled under this division.

2. After considering the above factors, the board shall make a recommendation to the general assembly, specifying the change which should be made in existing schedules, if it finds that the potential for abuse or lack thereof of the substance is not properly reflected by the existing schedules.

3. If the board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor. Such designations shall be made pursuant to the procedures of chapter 17A.

4. If any new substance is designated as a controlled substance under federal law and notice of the designation is given to the board, the board shall similarly designate as controlled the new substance under this chapter after the expiration of thirty days from publication in the Federal Register of a final order designating a new substance as a controlled substance, unless within that thirty-day period the board objects to the new designation. In that case the board shall publish the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing the board shall announce its decision. Upon publication of objection to a new substance being designated as a controlled substance under this chapter by the board, control under this chapter is stayed until the board publishes its decision. If a substance is designated as controlled by the board under this paragraph the control shall be temporary and if within sixty days after the next regular session of the general assembly convenes it has not made the corresponding changes in this chapter, the temporary designation of control of the substance by the board shall be nullified.

[C73, 75, 77, 79, 81, §204.201]  
C93, §124.201

124.202 Controlled substances — listed regardless of name.
The controlled substances listed in the schedules in sections 124.204, 124.206, 124.208, 124.210 and 124.212 are included by whatever official name, common or usual name, chemical name, or trade name is designated.

[C73, 75, 77, 79, 81, §204.202]  
C93, §124.202

124.203 Substances listed in schedule I — criteria.
1. The board shall recommend to the general assembly that the general assembly place a substance in schedule I if the substance is not already included therein and the board finds that the substance:
a. Has high potential for abuse; and
b. Has no accepted medical use in treatment in the United States; or lacks accepted safety for use in treatment under medical supervision.

2. If the board finds that any substance included in schedule I does not meet these criteria, the board shall recommend that the general assembly place the substance in a different schedule or remove the substance from the list of controlled substances, as appropriate.

[C73, 75, 77, 79, 81, §204.203]
C93, §124.203
2009 Acts, ch 41, §34, 263

124.301 Rules.
The board may, subject to chapter 17A, promulgate rules and charge reasonable fees relating to the registration and control of the manufacture, distribution, and dispensing of controlled substances within this state.
   [C73, 75, 77, 79, 81, §204.301]
   C93, §124.301

124.302 Registration requirements.
1. Every person who manufactures, distributes, or dispenses any controlled substance within this state or who proposes to engage in the manufacture, distribution, or dispensing of any controlled substance within this state, shall obtain and maintain a biennial registration issued by the board in accordance with its rules.
2. Persons registered by the board under this chapter to manufacture, distribute, dispense, or conduct research with controlled substances may possess, manufacture, distribute, dispense, or conduct research with those substances to the extent authorized by their registration and in conformity with the other provisions of this division.
3. The following persons need not register and may lawfully possess controlled substances under this chapter:
§124.302, CONTROLLED SUBSTANCES

a. An agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance if the agent or employee is acting in the usual course of the agent’s or employee’s business or employment.

b. A common or contract carrier or warehouse operator, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment.

c. An ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in possession of a schedule V substance.

4. A separate registration is required for each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances.

[C24, 27, 31, 35, §3155; C39, §3169.03, 3169.12; C46, 50, 54, 58, 62, 66, 71, §204.03, 204.12; C73, 75, 77, 79, 81, §204.302]

91 Acts, ch 233, §5
C93, §124.302

124.303 Registration.

1. The board shall register an applicant to manufacture or distribute controlled substances included in sections 124.204, 124.206, 124.208, 124.210 and 124.212 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider all of the following factors:

a. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels.

b. Compliance with applicable state and local law.

c. Any convictions of the applicant under any federal and state laws relating to any controlled substance.

d. Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant’s establishment of effective controls against diversion.

e. Furnishing by the applicant of false or fraudulent material in any application filed under this chapter.

f. Suspension or revocation of the applicant’s federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law.

g. Any other factors relevant to and consistent with the public health and safety.

2. Registration under subsection 1 of this section does not entitle a registrant to manufacture and distribute controlled substances in schedule I or II other than those specified in the registration.

3. Practitioners shall be registered to dispense any controlled substances or to conduct research with controlled substances in schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this division for practitioners engaging in research with nonnarcotic controlled substances in schedules II through V where the registrant is already registered under this division in another capacity. Practitioners registered under federal law to conduct research with schedule I substances may conduct research in schedule I substances within this state upon furnishing the board evidence of the federal registration.

4. Compliance by manufacturers and distributors with the provisions of the federal law respecting registration, excluding fees, entitles them to be registered under this chapter.

[C73, 75, 77, 79, 81, §204.303]
C93, §124.303

124.304 Revocation, suspension, or restriction of registration.

1. The board may suspend, revoke, or restrict a registration under section 124.303 to manufacture, distribute, or dispense a controlled substance upon a finding that any of the following apply to the registrant:

a. The registrant has furnished false or fraudulent material information in any application filed under this chapter.
b. The registrant has had the registrant’s federal registration to manufacture, distribute, or dispense controlled substances suspended, revoked, or restricted.

c. The registrant has been convicted of a public offense under any state or federal law relating to any controlled substance. For the purpose of this section only, a conviction shall include a plea of guilty, a forfeiture of bail or collateral deposited to secure a defendant’s appearance in court which forfeiture has not been vacated, or a finding of guilt in a criminal action even though the entry of the judgment or sentence has been withheld and the individual placed on probation.

d. The registrant has committed such acts as would render the registrant’s registration under section 124.303 inconsistent with the public interest as determined under that section.

e. If the registrant is a licensed health care professional, the registrant has had the registrant’s professional license revoked or suspended or has been otherwise disciplined in a way that restricts the registrant’s authority to handle or prescribe controlled substances.

2. The board may limit revocation or suspension of a registration to the particular controlled substance with respect to which grounds for revocation or suspension exist.

3. If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all such controlled substances may be forfeited to the state.

4. The board shall promptly notify the bureau and the department of all orders suspending or revoking registration and all forfeitures of controlled substances.

[C93, §124.305] 124.305 Order to show cause.

1. Before denying, suspending or revoking a registration, or refusing a renewal of registration, the board shall serve upon the applicant or registrant an order to show cause why registration should not be denied, revoked, or suspended, or why the renewal should not be refused. The order to show cause shall contain a statement of the basis therefor and shall call upon the applicant or registrant to appear before the board at a time and place not less than thirty days after the date of service of the order; but in the case of a denial or renewal of registration the show cause order shall be served not later than thirty days before the expiration of the registration. These proceedings shall be conducted without regard to any criminal prosecution or other proceeding. Proceedings to refuse renewal of registration shall not abate the existing registration which shall remain in effect pending the outcome of the administrative hearing.

2. The board, without an order to show cause, may suspend any registration simultaneously with the institution of proceedings under section 124.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, under the provisions of the Iowa administrative procedure Act, chapter 17A, unless sooner withdrawn by the board or dissolved by the order of the district court or an appellate court.

Persons registered to manufacture, distribute, dispense, or administer controlled substances under this chapter shall keep records and maintain inventories in conformance with the recordkeeping and inventory requirements of federal law and with such additional
rules as may be issued by the board. A practitioner who engages in dispensing any controlled substance to the practitioner’s patients shall keep records of receipt and disbursements of such drugs, including dispensing or other disposition, and information as to controlled substances stolen, lost, or destroyed. In every such case the records of controlled substance received shall show the date of receipt, the name and address of the person from whom received, and the kind and quantity of drugs received. The record of all controlled substances dispensed or otherwise disposed of, shall show the date of dispensing, the name and address of the person to whom or for whose use, or the owner and species of animal for which the drugs were dispensed and the kind and quantity of drugs dispensed.

Every such record shall be kept for a period of two years from the date of the transaction recorded. Records of controlled substances lost, destroyed or stolen, shall contain a detailed list of the kind and quantity of such drugs and the date of the discovery of such loss, destruction, or theft.

No person shall distribute complimentary packages of controlled substances, to a practitioner unless that person prepares and leaves with the practitioner a specific written list of the items so distributed. It is unlawful for a person who is eighteen years of age or older to conspire with or recruit a person under the age of eighteen for the purpose of delivering or manufacturing a controlled substance classified in schedules I through IV. A person violating this section commits a class “C” felony.
94 Acts, ch 1172, §10
124.407 Gatherings where controlled substances unlawfully used — penalties.
It is unlawful for any person to sponsor, promote, or aid, or assist in the sponsoring or promoting of a meeting, gathering, or assemblage with the knowledge or intent that a controlled substance be there distributed, used or possessed, in violation of this chapter.
Any person who violates this section and where the controlled substance is any one other than marijuana is guilty of a class “D” felony.
Any person who violates this section, and where the controlled substance is marijuana only, is guilty of a serious misdemeanor.
The district court shall grant an injunction barring a meeting, gathering, or assemblage if upon hearing the court finds that the sponsors or promoters of the meeting, gathering, or assemblage have not taken reasonable means to prevent the unlawful distribution, use or possession of a controlled substance. Further injunctive relief may be granted against all persons furnishing goods or services to such meeting, gathering, or assemblage.
The district court may, upon application and a showing of one or more of the grounds provided in section 639.3, grant to the state or governmental subdivision thereof a writ of attachment, ex parte, without bond, in an amount necessary to secure the payment of any fine that may be imposed and the payment of costs. The reasonable expense to the state and governmental subdivisions thereof to provide the necessary law enforcement resulting from a meeting, gathering or assemblage held in violation of this section may be taxed as costs in the criminal action.

124.408 Joint criminal trials.
Information, indictments, trial, and sentencing for violations of this chapter may allege any number of violations of their provisions against one person and join one or more persons as defendants who it is alleged violated the same provisions in the same transaction or series of transactions and which involve common questions of law and fact. The several charges shall be set out in separate counts and each accused person shall be convicted or acquitted upon each count by separate verdict. Each accused person shall thereafter be sentenced upon each verdict of guilty. The court may consider such separate verdicts of guilty returned at the same time as one offense for the purpose of sentencing as provided in this chapter. The court may grant a severance and separate trial to any accused person jointly charged or indicted if it appears that substantial injustice would result to such accused person unless a separate trial was granted.

124.409 Conditional discharge, commitment for treatment, and probation.
Whenever the court finds that a person who is charged with a violation of section 124.401 and who consents thereto, or who has entered a plea of guilty to or been found guilty of a violation of that section, is addicted to, dependent upon, or a chronic abuser of any controlled substance and that such person will be aided by proper medical treatment and rehabilitative services, it may order that the person be committed as an in-patient or out-patient to a facility licensed by the Iowa department of public health for medical treatment and rehabilitative services. A person committed under this subsection who is not possessed of sufficient income or estate to enable the person to make payment of the costs of such treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125.44. The determination of ability to pay shall be made by the court. The court shall require the patient, or the patient’s parent, guardian, or custodian to complete under oath a detailed financial statement. The court may enter appropriate orders requiring the patient or those legally liable for the patient’s support to reimburse the state with the costs, or any part thereof. In order to obtain the most effective results from such medical treatment and rehabilitative services, the court may commit the person to the custody of a public or private agency or any other responsible person and impose other conditions upon the commitment
as is necessary to insure compliance with the court’s order and to insure that the person will not, during the period of treatment and rehabilitation, again violate a provision of this chapter. If it is established thereafter to the satisfaction of the court that the person has again violated a provision of this chapter, the person may be returned to custody or sentenced upon conviction as provided by law. The public or private agency or responsible person to whom the accused person was committed by the court shall immediately report to the court when the person has received maximum benefit from the program or has recovered from addiction, dependency, or tendency to chronically abuse any controlled substance. The person shall then be returned to the court for disposition of the case. If the person has been charged or indicted, but not convicted, such charge shall proceed to trial or final disposition. If the person has been convicted or is thereafter convicted, the court shall sentence the person as provided by law but may remit all or any part of the sentence and place the person on probation upon terms and conditions as the court may prescribe.

An accommodation offense may be proved as an included offense under a charge of delivering or possessing with the intent to deliver marijuana in violation of section 124.401, subsection 1. This section does not apply to hashish, hashish oil, or other derivatives of marijuana as defined in section 124.101, subsection 19.

DIVISION V
ENFORCEMENT AND ADMINISTRATIVE PROVISIONS

124.501 Responsibility for enforcement.
The department is primarily responsible for the enforcement of this chapter, and all other laws and regulations of this state, relating to controlled or counterfeit substances, or simulated or imitation controlled substances, except that the board is primarily responsible for making accountability audits of the supply and inventory of controlled substances in the possession of pharmacists, doctors, hospitals, and health care facilities as defined in section 135C.1, subsection 6, as well as in the possession of any and all other individuals or institutions authorized to have possession of any controlled substances, and is also primarily responsible for any other duties in respect to controlled substances as specifically delegated to the board by law. An officer or employee of the board may, when so directed or authorized by the board:
1. Execute and serve search warrants, administrative inspection warrants, subpoenas, and summonses issued under the authority of this state.
2. Make seizures of property pursuant to the provisions of this chapter.
[C39, §3169.19; C46, 50, 54, 58, 62, §204.20, 204.26; C66, 71, §204.19; C73, 75, 77, 79, 81, §204.501; 82 Acts, ch 1147, §10]
C93, §124.501
Imitation controlled substances, chapter 124A

124.502 Administrative inspections and warrants.
1. Issuance and execution of administrative inspection warrants shall be as follows:
   a. A district judge or district associate judge, within the court’s jurisdiction, and upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections under this chapter or a related rule or under chapter 124A. The warrant may also permit seizures of property appropriate to the inspections. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of the statute or related rules, sufficient to justify administrative inspection of the area, premises, building or conveyance in the circumstances specified in the application for the warrant.
   b. A warrant shall issue only upon sworn testimony of an officer or employee of the board duly designated and having knowledge of the facts alleged, before the judicial officer, establishing the grounds for issuing the warrant. If the judicial officer is satisfied that grounds for the application exist or that there is probable cause to believe they exist, the officer shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any.
   c. The warrant shall:
(1) State the grounds for its issuance and the name of each person whose testimony has been taken in support thereof.

(2) Be directed to a person authorized by section 124.501 to execute it.

(3) Command the person to whom it is directed to inspect the area, premises, building, or conveyance identified for the purpose specified and, if appropriate, direct the seizure of the property specified.

(4) Identify the item or types of property to be seized, if any.

(5) Direct that it be served during normal business hours, if appropriate, and designate the judge to whom it shall be returned.

d. A warrant issued pursuant to this section must be executed and returned within ten days after its date unless, upon a showing of a need for additional time, the court so instructs otherwise in the warrant. If property is seized pursuant to a warrant, the person executing the warrant shall give to the person from whom the property is seized, or the person in charge of the premises from which the property is seized, a copy of the warrant and a receipt for the property seized or shall leave the copy and receipt at the place from which the property is seized. The return of the warrant shall be made promptly and shall be accompanied by a written inventory of any property seized. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was seized, if they are present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was seized and to the applicant for the warrant.

e. The judicial officer who has issued a warrant under this section shall require that there be attached to the warrant a copy of the return, and of all papers filed in connection with the return, and shall file them with the clerk of the district court for the county in which the inspection was made.

2. The department may make administrative inspections of controlled premises in accordance with the following provisions:

a. For purposes of this section only, “controlled premises” means:

(1) Places where persons registered or exempted from registration requirements under this chapter are required to keep records; and

(2) Places including factories, warehouse establishments, and conveyances where persons registered or exempted from registration requirements under this chapter are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.

b. Whenever authorized by an administrative inspection warrant issued pursuant to subsection 1 of this section an officer or employee of the board, upon presenting the warrant and appropriate credentials to the owner, operator, or agent in charge, has the right to enter controlled premises for the purpose of conducting an administrative inspection.

c. Whenever authorized by an administrative inspection warrant, an officer or employee of the board has the right:

(1) To inspect and copy records required by this chapter to be kept;

(2) To inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and, except as provided in paragraph “e” of this subsection, all other things therein, including records, files, papers, processes, controls, and facilities bearing on violation of this chapter; and

(3) To inventory any stock of any controlled substance therein and obtain samples of any such substance.

d. This section shall not be construed to prevent the inspection without a warrant of books and records pursuant to a subpoena issued in accordance with section 622.65, nor shall this section be construed to prevent entries and administrative inspections, including seizures of property, without a warrant:

(1) With the consent of the owner, operator, or agent in charge of the controlled premises;

(2) In situations presenting imminent danger to health or safety;
(3) In situations involving inspection of conveyances where there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

(4) In any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; and

(5) In all other situations where a warrant is not constitutionally required.

e. Except when the owner, operator, or agent in charge of the controlled premises so consents in writing, no inspection authorized by this section shall extend to financial data; sales data, other than shipment data; or pricing data.

   a. Arrange for the exchange of information between governmental officials concerning the use and abuse of controlled substances.
   b. Coordinate and cooperate in training programs on controlled substance law enforcement at the local and state levels.
   c. Cooperate with the bureau by establishing a centralized unit which will accept, catalogue, file, and collect statistics, including records of drug dependent persons and other controlled substance law offenders within the state, and make such information available for federal, state and local law enforcement purposes; except that they shall not furnish the name or identity of a patient or research subject whose identity could not be obtained under subsection 3.
   d. Conduct programs of eradication aimed at destroying wild or illicit growth of plant species from which controlled substances may be extracted.
2. Results, information, and evidence received from the bureau relating to the regulatory functions of this chapter, including results of inspections conducted by that agency may be relied upon and acted upon by the board or the department in the exercise of their regulatory functions under this chapter.
3. A practitioner engaged in medical practice or research or the Iowa drug abuse authority or any program which is licensed by the authority shall not be required to furnish the name or identity of a patient or research subject to the board or the department, nor shall the practitioner or the authority or any program which is licensed by the authority be compelled in any state or local civil, criminal, administrative, legislative or other proceedings to furnish the name or identity of an individual that the practitioner or the authority or any of its licensed programs is obligated to keep confidential.

124.506 Controlled substances — disposal.
All controlled substances, the lawful possession of which is not established or the title to which cannot be ascertained, or excess or undesired controlled substances, which have come
into the custody of the board, the department, or any peace officer, shall be disposed of as follows:

1. Except as otherwise provided in this section, the court having jurisdiction shall order such controlled substances forfeited and destroyed. A record of the place where the controlled substances were seized, of the kinds and quantities of controlled substances so destroyed, and of the time, place, and manner of destruction, shall be kept for not less than ten years after destruction, and a return under oath, reporting said destruction, shall be made to the court.

2. Upon written application by the board, the court by whom the forfeiture of controlled substances has been decreed may order the delivery of any of them, except controlled substances listed in schedule I, to the board for distribution or destruction, as provided by this section.

3. Upon a request of any law enforcement agency, the court may order that a portion of a controlled substance subject to forfeiture and destruction pursuant to this section becomes the possession of the requesting law enforcement agency for the sole purpose of canine controlled substance detection training. A law enforcement agency receiving a controlled substance pursuant to this subsection shall do the following:
   a. Establish a policy that includes reasonable controls regarding the possession, storage, use, and destruction of the controlled substance.
   b. Retain a record of the following for at least ten years from the date the controlled substance is destroyed:
      (1) The court order granting the law enforcement agency possession of the controlled substance.
      (2) The name of each peace officer who takes possession of the controlled substance.
      (3) The time, place, and manner of the destruction of the controlled substance.

4. Upon application by any hospital within this state, not operated for private gain, the board may in its discretion deliver any controlled substances that have come into its custody by authority of this section to the applicant for medicinal use. The board may from time to time deliver excess stocks of controlled substances to the bureau for disposition, or may destroy the excess controlled substances.

5. The board shall keep a full and complete record of all controlled substances received and disposed of, showing the exact kinds, quantities, and forms of controlled substances, the persons from whom received and to whom delivered, by whose authority received, delivered, and destroyed and the dates of the receipt, disposal, or destruction, which record shall be open to inspection by all federal or state officers charged with the enforcement of federal and state laws relating to any controlled substance.

1. Notwithstanding the provisions of section 124.506, if more than ten pounds of marijuana or more than one pound of any other controlled substance is seized as a result of a violation of this chapter, the law enforcement agency responsible for retaining the seized controlled substance may destroy the seized controlled substance if the law enforcement agency retains at least ten pounds of the marijuana seized or at least one pound of any other controlled substance seized for evidence purposes.

2. Prior to the destruction of any controlled substance under this section, the law enforcement agency shall photograph the controlled substance to be destroyed with identifying case numbers or any other case identifiers and prepare a written report detailing any relevant information about the destruction of the controlled substance. At least thirty days prior to any destruction of a controlled substance, the law enforcement agency destroying the controlled substance shall notify in writing any person arrested in connection with the seizure, the attorney of the person if represented, and any other attorney of record including the prosecuting attorney, and the law enforcement agency that made the arrest if the agency is different than the law enforcement agency responsible for retaining the
seized controlled substance, that the law enforcement agency is planning to photograph and destroy part of the controlled substance seized, and any person or agency notified may be present at the photographing of the controlled substance to be destroyed.

3. Any person or agency notified about the destruction of part of the controlled substance seized, or any other interested party, may file an application with the district court resisting the destruction of any of the controlled substance.

4. A rebuttable presumption is created that the portion of any controlled substance retained for representation purposes as evidence and all photographs and records made under this section and properly identified are admissible in any court proceeding for any purpose for which the destroyed controlled substance would have been admissible.

The proof of entitlement to any exemption or exception by the person claiming its benefit shall be a valid defense.

2. The absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under this chapter creates a rebuttable presumption that the person is not the holder of such registration or form.

The department shall issue a license to an applicant whom the board determines meets the licensing requirements of this chapter. Licenses shall expire no later than three years from the date of issuance and shall be renewed upon timely application made in the same manner as for initial issuance of a license unless notice of nonrenewal is given to the licensee at least thirty days prior to the expiration of the license.
The department shall not charge a fee for licensing or renewal of programs contracting with the department for provision of treatment services. A fee may be charged to other licensees.

125.14A Personnel of a licensed program admitting juveniles.

1. If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a program admitting juveniles subject to licensure under this chapter, or if a person will reside in a facility utilized by such a program, and if the person has been convicted of a crime or has a record of founded child abuse, the department of human services and the program, for an employee of the program, shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The department of human services shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services.

2. If the department of human services determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a program licensed under this chapter, or resides in a licensed facility the department shall notify the program that an evaluation will be conducted to determine whether prohibition of the person’s licensure, employment, or residence is warranted.

3. In an evaluation, the department of human services and the program for an employee of the program shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The department of human services may permit a person who is evaluated to be licensed, employed, or to reside, or to continue to be licensed, employed, or to reside in a program, if the person complies with the department’s conditions relating to the person’s licensure, employment, or residence, which may include completion of additional training. For an employee of a licensee, these conditional requirements shall be developed with the licensee. The department of human services has final authority in determining whether prohibition of the person’s licensure, employment, or residence is warranted and in developing any conditional requirements under this subsection.

4. If the department of human services determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter to operate a program admitting juveniles and shall not be employed by a program or reside in a facility admitting juveniles licensed under this chapter.

5. In addition to the record checks required under this section, the department of human services may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of this section, relative to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random check conducted under this subsection.

6. Beginning July 1, 1994, a program or facility shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

7. On or after July 1, 1994, a program or facility shall include the following inquiry in an application for employment:
Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?

The department may inspect the facilities and review the procedures utilized by any chemical substitutes or antagonists program, residential program, or nonresidential outpatient program that has as a primary purpose the treatment and rehabilitation of substance abusers or chronic substance abusers, for the purpose of ensuring compliance with this chapter and the rules adopted pursuant to this chapter. The examination and review may include case record audits and interviews with staff and patients, consistent with the confidentiality safeguards of state and federal law.

125.15A Licensure — emergencies.
1. The department may place an employee or agent to serve as a monitor in a licensed substance abuse treatment program or may petition the court for appointment of a receiver for a program when any of the following conditions exist:
   a. The program is operating without a license.
   b. The board has suspended, revoked, or refused to renew the existing license of the program.
   c. The program is closing or has informed the department that it intends to close and adequate arrangements for the location of clients have not been made at least thirty days before the closing.
   d. The department determines that an emergency exists, whether or not it has initiated revocation or nonrenewal procedures, and because of the unwillingness or inability of the licensee to remedy the emergency, the department determines that a monitor or receiver is necessary. As used in this paragraph, “emergency” means a threat to the health, safety, or welfare of a client that the program is unwilling or unable to correct.
2. The monitor shall observe operation of the program, assist the program with advice regarding compliance with state regulations, and report periodically to the department on the operation of the program.
93 Acts, ch 139, §1; 2005 Acts, ch 175, §68

125.16 Transfer of license or change of location prohibited.

125.17 License suspension or revocation.
Violation of any of the requirements or restrictions of this chapter or of any of the rules adopted pursuant to this chapter is cause for suspension, revocation, or refusal to renew a license. The director shall at the earliest time feasible notify a licensee whose license the board is considering suspending or revoking and shall inform the licensee what changes must be made in the licensee’s operation to avoid such action. The licensee shall be given a reasonable time for compliance, as determined by the director, after receiving such notice or a notice that the board does not intend to renew the license. When the licensee believes compliance has been achieved, or if the licensee considers the proposed suspension, revocation, or refusal to renew unjustified, the licensee may submit pertinent information
to the board and the board shall expeditiously make a decision in the matter and notify the licensee of the decision.

If a licensee under this chapter makes a written request for a hearing within thirty days of suspension, revocation, or refusal to renew a license, a hearing before the board shall be expeditiously arranged by the department of inspections and appeals whose decision is subject to review by the board. The board shall issue a written statement of the board's findings within thirty days after conclusion of the hearing upholding or reversing the proposed suspension, revocation, or refusal to renew a license. Action involving suspension, revocation, or refusal to renew a license shall not be taken by the board unless a quorum is present at the meeting. A copy of the board's decision shall be promptly transmitted to the affected licensee who may, if aggrieved by the decision, seek judicial review of the actions of the board in accordance with the terms of chapter 17A.

After that time, proof of compliance with the requirements and restrictions of this chapter and the rules adopted pursuant to this chapter must be presented to the board prior to reinstatement or reissuance of a license.

2005 Acts, ch 175, §72

125.20 Rules. 
The department shall establish rules pursuant to chapter 17A requiring facilities to use reasonable accounting and reimbursement systems which recognize relevant cost-related factors for substance abuse patients. A facility shall not be licensed nor shall any payment be made under this chapter to a facility which fails to comply with those rules or which does not permit inspection by the department or examination of all records, including financial records, methods of administration, general and special dietary programs, the disbursement of drugs and methods of supply, and any other records the department deems relevant to the establishment of such a system. However, rules issued pursuant to this paragraph shall not apply to any facility referred to in section 125.13, subsection 2 or section 125.43.

1. The board has exclusive power in this state to approve and license chemical substitutes and antagonists programs, and to monitor chemical substitutes and antagonists programs to ensure that the programs are operating within the rules adopted pursuant to this chapter. The board shall grant approval and license if the requirements of the rules are met and state funding is not requested. The chemical substitutes and antagonists programs conducted by persons exempt from the licensing requirements of this chapter pursuant to section 125.13, subsection 2, are subject to approval and licensure under this section.
2. The department may do any of the following:

The department shall adopt and may amend and repeal rules for acceptance of persons into the treatment program, subject to chapter 17A, considering available treatment resources and facilities, for the purpose of early and effective treatment of substance abusers, chronic substance abusers, intoxicated persons, and concerned family members. In establishing the rules the department shall be guided by the following standards:
1. If possible a patient shall be treated on a voluntary rather than an involuntary basis.
2. A patient shall be initially assigned or transferred to outpatient treatment, unless the patient is found to require inpatient, residential, or halfway house treatment.
3. A person shall not be denied treatment solely because the person has withdrawn from treatment against medical advice on a prior occasion or because the person has relapsed after earlier treatment.
4. An individualized treatment plan shall be prepared and maintained on a current basis for each patient after the assessment process.
5. Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and may utilize other appropriate treatment.

125.33 Voluntary treatment of substance abusers.
1. A substance abuser or chronic substance abuser may apply for voluntary treatment or rehabilitation services directly to a facility or to a licensed physician and surgeon or osteopathic physician and surgeon. If the proposed patient is a minor or an incompetent person, a parent, a legal guardian or other legal representative may make the application. The licensed physician and surgeon or osteopathic physician and surgeon or any employee or person acting under the direction or supervision of the physician and surgeon or osteopathic physician and surgeon, or the facility shall not report or disclose the name of the person or the fact that treatment was requested or has been undertaken to any law
enforcement officer or law enforcement agency; nor shall such information be admissible as evidence in any court, grand jury, or administrative proceeding unless authorized by the person seeking treatment. If the person seeking such treatment or rehabilitation is a minor who has personally made application for treatment, the fact that the minor sought treatment or rehabilitation or is receiving treatment or rehabilitation services shall not be reported or disclosed to the parents or legal guardian of such minor without the minor’s consent, and the minor may give legal consent to receive such treatment and rehabilitation.

2. Subject to rules adopted by the department, the administrator or the administrator’s designee in charge of a facility may determine who shall be admitted for treatment or rehabilitation. If a person is refused admission, the administrator or the administrator’s designee, subject to rules adopted by the department, shall refer the person to another facility for treatment if possible and appropriate.

3. A substance abuser or chronic substance abuser seeking treatment or rehabilitation and who is either addicted or dependent on a chemical substance may first be examined and evaluated by a licensed physician and surgeon or osteopathic physician and surgeon who may prescribe a proper course of treatment and medication, if needed. The licensed physician and surgeon or osteopathic physician and surgeon may further prescribe a course of treatment or rehabilitation and authorize another licensed physician and surgeon or osteopathic physician and surgeon or facility to provide the prescribed treatment or rehabilitation services. Treatment or rehabilitation services may be provided to a person individually or in a group. A facility providing or engaging in treatment or rehabilitation shall not report or disclose to a law enforcement officer or law enforcement agency the name of any person receiving or engaged in the treatment or rehabilitation; nor shall a person receiving or participating in treatment or rehabilitation report or disclose the name of any other person engaged in or receiving treatment or rehabilitation or that the program is in existence, to a law enforcement officer or law enforcement agency. Such information shall not be admitted in evidence in any court, grand jury, or administrative proceeding. However, a person engaged in or receiving treatment or rehabilitation may authorize the disclosure of the person’s name and individual participation.

4. If a patient receiving inpatient or residential care leaves a facility, the patient shall be encouraged to consent to appropriate outpatient or halfway house treatment. If it appears to the administrator in charge of the facility that the patient is a substance abuser or chronic substance abuser who requires help, the director may arrange for assistance in obtaining supportive services.

5. If a patient leaves a facility, with or against the advice of the administrator in charge of the facility, the director may make reasonable provisions for the patient’s transportation to another facility or to the patient’s home. If the patient has no home the patient shall be assisted in obtaining shelter. If the patient is a minor or an incompetent person the request for discharge from an inpatient facility shall be made by a parent, legal guardian or other legal representative or by the minor or incompetent if the patient was the original applicant.

6. Any person who reports or discloses the name of a person receiving treatment or rehabilitation services to a law enforcement officer or law enforcement agency or any person receiving treatment or rehabilitation services who discloses the name of any other person receiving treatment or rehabilitation services without the written consent of the person in violation of the provisions of this section shall upon conviction be guilty of a simple misdemeanor.

125.34 Treatment and services for intoxicated persons and persons incapacitated by alcohol.

1. An intoxicated person may come voluntarily to a facility for emergency treatment. A person who appears to be intoxicated or incapacitated by a chemical substance in a public place and in need of help may be taken to a facility by a peace officer under section 125.91. If the person refuses the proffered help, the person may be arrested and charged with intoxication under section 123.46, if applicable.
2. If no facility is readily available the person may be taken to an emergency medical service customarily used for incapacitated persons. The peace officer in detaining the person and in taking the person to a facility shall make every reasonable effort to protect the person's health and safety. In detaining the person the detaining officer may take reasonable steps for self-protection. Detaining a person under section 125.91 is not an arrest and no entry or other record shall be made to indicate that the person who is detained has been arrested or charged with a crime.

3. A person who arrives at a facility and voluntarily submits to examination shall be examined by a licensed physician as soon as possible after the person arrives at the facility. The person may then be admitted as a patient or referred to another health facility. The referring facility shall arrange for transportation.

4. If a person is voluntarily admitted to a facility, the person's family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, the request shall be respected.

5. A peace officer who acts in compliance with this section is acting in the course of the officer's official duty and is not criminally or civilly liable therefor, unless such acts constitute willful malice or abuse.

6. If the physician in charge of the facility determines it is for the patient's benefit, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment.

7. A licensed physician and surgeon or osteopathic physician and surgeon, facility administrator, or an employee or a person acting as or on behalf of the facility administrator, is not criminally or civilly liable for acts in conformity with this chapter, unless the acts constitute willful malice or abuse.

2. Neither mail nor other communication to or from a patient in a facility may be intercepted, read or censored, except that the department may adopt reasonable rules regarding the use of telephones by patients in facilities and the delivery of chemical substances.

3. The patient shall be provided an opportunity to receive prompt evaluation, emergency services and care as indicated by sound medical practice and treatment which, in the judgment of the chief medical officer of a facility, is most likely to result in the individual's
recovery or in the mitigation of the individual’s condition to an extent sufficient to permit the individual’s discharge from the facility.

125.43 Funding at mental health institutes.
Chapter 230 governs the determination of the costs and payment for treatment provided to substance abusers or chronic substance abusers in a mental health institute under the department of human services, except that the charges are not a lien on real estate owned by persons legally liable for support of the substance abuser or chronic substance abuser and the daily per diem shall be billed at twenty-five percent. The superintendent of a state hospital shall total only those expenditures which can be attributed to the cost of providing inpatient treatment to substance abusers or chronic substance abusers for purposes of determining the daily per diem. Section 125.44 governs the determination of who is legally liable for the cost of care, maintenance, and treatment of a substance abuser or chronic substance abuser and of the amount for which the person is liable.

125.44 Agreements with facilities — liability for costs.
The director may, consistent with the comprehensive substance abuse program, enter into written agreements with a facility as defined in section 125.2 to pay for one hundred percent of the cost of the care, maintenance, and treatment of substance abusers and chronic substance abusers, except when section 125.43A applies. All payments for state patients shall be made in accordance with the limitations of this section. Such contracts shall be for a period of no more than one year.

The contract may be in the form and contain provisions as agreed upon by the parties. The contract shall provide that the facility shall admit and treat substance abusers and chronic substance abusers regardless of where they have residence. If one payment for care, maintenance, and treatment is not made by the patient or those legally liable for the patient, the payment shall be made by the department directly to the facility. Payments shall be made each month and shall be based upon the rate of payment for services negotiated between the department and the contracting facility. If a facility projects a temporary cash flow deficit, the department may make cash advances at the beginning of each fiscal year to the facility. The repayment schedule for advances shall be part of the contract between the department and the facility. This section does not pertain to patients treated at the mental health institutes.

If the appropriation to the department is insufficient to meet the requirements of this section, the department shall request a transfer of funds and section 8.39 shall apply.

The substance abuser or chronic substance abuser is legally liable to the facility for the total amount of the cost of providing care, maintenance, and treatment for the substance abuser or chronic substance abuser while a voluntary or committed patient in a facility. This section does not prohibit any individual from paying any portion of the cost of treatment.

The department is liable for the cost of care, treatment, and maintenance of substance abusers and chronic substance abusers admitted to the facility voluntarily or pursuant to section 125.75, 125.81, or 125.91 or section 321J.3 or 124.409 only to those facilities that have a contract with the department under this section, only for the amount computed according to and within the limits of liability prescribed by this section, and only when the substance abuser or chronic substance abuser is unable to pay the costs and there is no other person, firm, corporation, or insurance company bound to pay the costs.

The department’s maximum liability for the costs of care, treatment, and maintenance of substance abusers and chronic substance abusers in a contracting facility is limited to the total amount agreed upon by the parties and specified in the contract under this section.

If the department has probable cause to believe that an institution, place, building, or agency not licensed as a substance abuse treatment and rehabilitation facility is in fact a substance abuse treatment and rehabilitation facility as defined by this chapter, and is not exempt from licensing by section 125.13, subsection 2, the board may order an inspection of the institution, place, building, or agency. If the inspector upon presenting proper identification is denied entry for the purpose of making the inspection, the inspector may, with the assistance of the county attorney of the county in which the premises are located, apply to the district court for an order requiring the owner or occupant to permit entry and inspection of the premises to determine whether there have been violations of this chapter. The investigation may include review of records, reports, and documents maintained by the
facility and interviews with staff members consistent with the confidentiality safeguards of state and federal law.

2. A person establishing, conducting, managing, or operating a substance abuse treatment and rehabilitation facility without a license is guilty of a serious misdemeanor. Each day of continued violation after conviction or notice from the department by certified mail of a violation shall be considered a separate offense or chargeable offense. A person establishing, conducting, managing or operating a substance abuse treatment and rehabilitation facility without a license may be temporarily or permanently restrained therefrom by a court of competent jurisdiction in an action brought by the state.

3. Notwithstanding the existence or pursuit of any other remedy, the department may, in the manner provided by law, maintain an action in the name of the state for injunction or other process against a person or governmental unit to restrain or prevent the establishment, conduct, management or operation of a substance abuse treatment and rehabilitation facility without a license.

125.59 Transfer of certain revenue — county program funding.
The treasurer of state, on each July 1 for that fiscal year, shall transfer the estimated amounts to be received from section 123.36, subsection 7 and section 123.143, subsection 1 to the department.

1. a. Of these funds, notwithstanding section 125.13, subsection 1, one-half of the transferred amount shall be used for grants to counties operating a substance abuse program involving only education, prevention, referral or posttreatment services, either with the counties’ own employees or by contract with a nonprofit corporation. The grants shall not annually exceed ten thousand dollars to any one county, subject to the following conditions:

(1) The money shall be paid to the county after expenditure by the county and submission of the requirements in subparagraph (2) on the basis of one dollar for each three dollars spent by the county. The county may submit a quarterly claim for reimbursement.

(2) The county shall submit an accounting of the expenditures and shall submit an annual financial report, a description of the program, and the results obtained within sixty days after the end of the fiscal year in which the money is granted.

b. If the transferred amount for this subsection exceeds grant requests funded to the ten thousand dollar maximum, the Iowa department of public health may use the remainder to increase grants pursuant to subsection 2.

2. a. Of these funds, one-half of the transferred amount shall be used for prevention programs in addition to the amount budgeted for prevention programs by the department in the same fiscal year. The department shall use this additional prevention program money for grants to a county, person, or nonprofit agency operating a prevention program. A grant to a county, person, or nonprofit agency is subject to the following conditions:

(1) The money shall be paid to the county, person, or nonprofit agency after submission of the requirements in subparagraph (2) on the basis of two dollars for each dollar designated for prevention by the county, person, or nonprofit agency.

(2) The county, person, or nonprofit agency shall submit a description of the program.

(3) The county, person, or nonprofit agency shall submit an annual financial report and the results obtained before June 10 of the same fiscal year in which the money is granted.

b. The department may consider in-kind contributions received by a county, person, or nonprofit agency for matching purposes required in paragraph “a”, subparagraph (1).

DIVISION V
IN VOLUNTARY COMMITMENT OR TREATMENT
OF CHRONIC SUBSTANCE ABUSERS

125.75 Involuntary commitment or treatment — application.
Proceedings for the involuntary commitment or treatment of a chronic substance abuser to a facility may be commenced by the county attorney or an interested person by filing a verified application with the clerk of the district court of the county where the respondent is presently located or which is the respondent’s place of residence. The clerk or the clerk’s designee shall assist the applicant in completing the application. The application shall:
1. State the applicant’s belief that the respondent is a chronic substance abuser.
2. State any other pertinent facts.
3. Be accompanied by one or more of the following:
   a. A written statement of a licensed physician in support of the application.
   b. One or more supporting affidavits corroborating the application.
   c. Corroborative information obtained and reduced to writing by the clerk or the clerk’s designee, but only when circumstances make it infeasible to obtain, or when the clerk considers it appropriate to supplement, the information under either paragraph “a” or paragraph “b”.

125.75A Involuntary commitment or treatment of minors — jurisdiction.
The juvenile court has exclusive original jurisdiction in proceedings concerning a minor for whom an application for involuntary commitment or treatment is filed under section 125.75. In proceedings under this division concerning a minor’s involuntary commitment or treatment, the term “court”, “judge”, or “clerk” means the juvenile court, judge, or clerk.

98 Acts, ch 1181, §21

125.76 Appointment of counsel for applicant.
The applicant, if not the county attorney, may apply for the appointment of counsel if financially unable to employ an attorney to assist the applicant in presenting evidence in support of the application for commitment. If the applicant applies for the appointment of counsel, the application shall include the submission of a financial statement as required under section 815.9.

The clerk shall send copies of the application and supporting documentation, together with the notice informing the respondent of the procedures required by this division, to the sheriff, for immediate service upon the respondent. If the respondent

is taken into custody under section 125.81, service of the application, documentation, and notice upon the respondent shall be made at the time the respondent is taken into custody. [C75, 77, §125.19(2); C79, 81, §229.51(3); 82 Acts, ch 1212, §5]
91 Acts, ch 108, §1

125.78 Procedure after application.
As soon as practical after the filing of an application for involuntary commitment or treatment, the court shall:
1. Determine whether the respondent has an attorney who is able and willing to represent the respondent in the commitment proceeding, and if not, whether the respondent is financially able to employ an attorney and capable of meaningfully assisting in selecting an attorney. In accordance with those determinations, the court shall allow the respondent to select an attorney or shall assign an attorney to the respondent. If the respondent is financially unable to pay an attorney, the county shall compensate the attorney at an hourly rate to be established by the county board of supervisors in substantially the same manner as provided in section 815.7.
2. If the application includes a request for a court-appointed attorney for the applicant and the court is satisfied that a court-appointed attorney is necessary to assist the applicant in a meaningful presentation of the evidence, and that the applicant is financially unable to employ an attorney, the court shall appoint an attorney to represent the applicant and the county shall compensate the attorney at an hourly rate to be established by the county board of supervisors in substantially the same manner as provided in section 815.7.
3. Issue a written order:
   a. Scheduling a tentative time and place for a hearing, subject to the findings of the report required under section 125.80, subsections 3 and 4, but not less than forty-eight hours after notice to the respondent, unless the respondent waives the forty-eight-hour notice requirement.
   b. Requiring an examination of the respondent, prior to the hearing, by one or more licensed physicians who shall submit a written report of the examination to the court as required by section 125.80.
[C75, 77, §125.19(1, 2); C79, 81, §229.51(2, 3), 229.52(6); 82 Acts, ch 1212, §6]
84 Acts, ch 1219, §5; 99 Acts, ch 135, §14

125.79 Respondent’s attorney informed.
The court shall direct the clerk to furnish at once to the respondent’s attorney, copies of the application for involuntary commitment of the respondent and the supporting documentation, and of the court’s order issued pursuant to section 125.78, subsection 3. If the respondent is taken into custody under section 125.81, the attorney shall also be advised of that fact. The respondent’s attorney shall represent the respondent at all stages of the proceedings and shall attend the commitment hearing. [82 Acts, ch 1212, §7]

125.80 Physician’s examination — report — scheduling of hearing.
1. a. An examination of the respondent shall be conducted within a reasonable time and prior to the commitment hearing by one or more licensed physicians as required by the court’s order. If the respondent is taken into custody under section 125.81, the examination shall be conducted within twenty-four hours after the respondent is taken into custody. If the respondent desires, the respondent may have a separate examination by a licensed physician of the respondent’s own choice. The court shall notify the respondent of the right to choose a physician for a separate examination. The reasonable cost of the examinations shall be paid from county funds upon order of the court if the respondent lacks sufficient funds to pay the cost.
   b. A licensed physician conducting an examination pursuant to this section may consult with or request the participation in the examination of facility personnel, and may include with or attach to the written report of the examination any findings or observations by facility personnel who have been consulted or have participated in the examination.
c. If the respondent is not taken into custody under section 125.81, but the court is subsequently informed that the respondent has declined to be examined by a licensed physician pursuant to the court order, the court may order limited detention of the respondent as necessary to facilitate the examination of the respondent by the licensed physician.

2. A written report of the examination by a court-designated physician shall be filed with the clerk prior to the hearing date. A written report of an examination by a physician chosen by the respondent may be similarly filed. The clerk shall immediately:
   a. Cause a report to be shown to the judge who issued the order.
   b. Cause the respondent’s attorney to receive a copy of the report of a court-designated physician.

3. If the report of a court-designated physician is to the effect that the respondent is not a chronic substance abuser, the court, without taking further action, may terminate the proceeding and dismiss the application on its own motion and without notice.

4. If the report of a court-designated physician is to the effect that the respondent is a chronic substance abuser, the court shall schedule a commitment hearing as soon as possible. The hearing shall be held not more than forty-eight hours after the report is filed, excluding Saturdays, Sundays, and holidays, unless an extension for good cause is requested by the respondent, or as soon thereafter as possible if the court considers that sufficient grounds exist for delaying the hearing.

[C75, 77, §125.19(1 – 4); C79, 81, §229.51, 229.52(1, 2); 82 Acts, ch 1212, §8]
90 Acts, ch 1085, §14; 2009 Acts, ch 41, §263

125.81 Immediate custody.
1. If a person filing an application requests that a respondent be taken into immediate custody, and the court upon reviewing the application and accompanying documentation, finds probable cause to believe that the respondent is a chronic substance abuser who is likely to injure the person or other persons if allowed to remain at liberty, the court may enter a written order directing that the respondent be taken into immediate custody by the sheriff, and be detained until the commitment hearing, which shall be held no more than five days after the date of the order, except that if the fifth day after the date of the order is a Saturday, Sunday, or a holiday, the hearing may be held on the next business day. The court may order the respondent detained for the period of time until the hearing is held, and no longer except as provided in section 125.88, in accordance with subsection 2, paragraph “a”, if possible, and if not, then in accordance with subsection 2, paragraph “b”, or, only if neither of these alternatives is available in accordance with subsection 2, paragraph “c”.

2. Detention may be:
   a. In the custody of a relative, friend, or other suitable person who is willing and able to accept responsibility for supervision of the respondent, with reasonable restrictions as the court may order including but not limited to restrictions on or a prohibition of any expenditure, encumbrance, or disposition of the respondent’s funds or property.
   b. In a suitable hospital, the chief medical officer of which shall be informed of the reasons why immediate custody has been ordered. The hospital may provide treatment which is necessary to preserve the respondent’s life, or to appropriately control the respondent’s behavior which is likely to result in physical injury to the person or to others if allowed to continue, and other treatment as deemed appropriate by the chief medical officer.
   c. In the nearest facility which is licensed to care for persons with mental illness or substance abuse, provided that detention in a jail or other facility intended for confinement of those accused or convicted of a crime shall not be ordered.

3. The respondent’s attorney may be allowed by the court to present evidence and arguments before the court’s determination under this section. If such an opportunity is not provided at that time, respondent’s attorney shall be allowed to present evidence and arguments after the issuance of the court’s order of confinement and while the respondent is confined.

[82 Acts, ch 1212, §9]
§125.82, CHEMICAL SUBSTANCE ABUSE

125.82 Commitment hearing.

1. At a commitment hearing, evidence in support of the contentions made in the application may be presented by the applicant, or by an attorney for the applicant, or by the county attorney. During the hearing, the applicant and the respondent shall be afforded an opportunity to testify and to present and cross-examine witnesses, and the court may receive the testimony of other interested persons. If the respondent is present at the hearing, as provided in subsection 3, and has been medicated within twelve hours, or a longer period of time as the court may designate, prior to the beginning of the hearing or a session of the hearing, the court shall be informed of that fact and of the probable effects of the medication upon convening of the hearing.

2. A person not necessary for the conduct of the hearing shall be excluded, except that the court may admit a person having a legitimate interest in the hearing. Upon motion of the applicant, the court may exclude the respondent from the hearing during the testimony of a witness if the court determines that the witness’ testimony is likely to cause the respondent severe emotional trauma.

3. The person who filed the application and a licensed physician, mental health professional as defined in section 228.1, or certified alcohol and drug counselor certified by the nongovernmental Iowa board of substance abuse certification who has examined the respondent in connection with the commitment hearing shall be present at the hearing, unless the court for good cause finds that their presence or testimony is not necessary. The applicant, respondent, and the respondent’s attorney may waive the presence or telephonic appearance of the licensed physician, mental health professional, or certified alcohol and drug counselor who examined the respondent and agree to submit as evidence the written report of the licensed physician, mental health professional, or certified alcohol and drug counselor. The respondent’s attorney shall inform the court if the respondent’s attorney reasonably believes that the respondent, due to diminished capacity, cannot make an adequately considered waiver decision. “Good cause” for finding that the testimony of the licensed physician, mental health professional, or certified alcohol and drug counselor who examined the respondent is not necessary may include, but is not limited to, such a waiver. If the court determines that the testimony of the licensed physician, mental health professional, or certified alcohol and drug counselor is necessary, the court may allow the licensed physician, mental health professional, or certified alcohol and drug counselor to testify by telephone. The respondent shall be present at the hearing unless prior to the hearing the respondent’s attorney stipulates in writing that the attorney has conversed with the respondent, and that in the attorney’s judgment the respondent cannot make a meaningful contribution to the hearing, or that the respondent has waived the right to be present, and the basis for the attorney’s conclusions. A stipulation to the respondent’s absence shall be reviewed by the court before the hearing, and may be rejected if it appears that insufficient grounds are stated or that the respondent’s interests would not be served by the respondent’s absence.

4. The respondent’s welfare is paramount, and the hearing shall be tried as a civil matter and conducted in as informal a manner as is consistent with orderly procedure. Discovery as permitted under the Iowa rules of civil procedure is available to the respondent. The court shall receive all relevant and material evidence, but the court is not bound by the rules of evidence. A presumption in favor of the respondent exists, and the burden of evidence and support of the contentions made in the application shall be upon the person who filed the application. If upon completion of the hearing the court finds that the contention that the respondent is a chronic substance abuser has not been sustained by clear and convincing evidence, the court shall deny the application and terminate the proceeding.

5. If the respondent is not taken into custody under section 125.81, but the court finds good cause to believe that the respondent is about to depart from the jurisdiction of the court, the court may order limited detention of the respondent as authorized in section 125.81, as is necessary to ensure that the respondent will not depart from the jurisdiction of the
court without the court’s approval until the proceeding relative to the respondent has been concluded.

[C75, 77, §125.19(3-7, 10, 13); C79, 81, §229.52(1); 82 Acts, ch 1212, §10]

125.83 Placement for evaluation.
If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, the court shall order the respondent placed at a facility or under the care of a suitable facility on an outpatient basis as expeditiously as possible for a complete evaluation and appropriate treatment. The court shall furnish to the facility at the time of admission or outpatient placement, a written statement of facts setting forth the evidence on which the finding is based. The administrator of the facility shall report to the court no more than fifteen days after the individual is admitted to or placed under the care of the facility, which shall include the chief medical officer’s recommendation concerning substance abuse treatment. An extension of time may be granted for a period not to exceed seven days upon a showing of good cause. A copy of the report shall be sent to the respondent’s attorney who may contest the need for an extension of time if one is requested. If the request is contested, the court shall make an inquiry as it deems appropriate and may either order the respondent released from the facility or grant extension of time for further evaluation. If the administrator fails to report to the court within fifteen days after the individual is admitted to the facility, and no extension of time has been requested, the administrator is guilty of contempt and shall be punished under chapter 665. The court shall order a rehearing on the application to determine whether the respondent should continue to be held at the facility.

[C75, 77, §125.19(4); C79, 81, §229.52(2); 82 Acts, ch 1212, §11]
90 Acts, ch 1020, §1; 90 Acts, ch 1085, §17

125.83A Placement in certain federal facilities.
1. If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, and the court is furnished evidence that the respondent is eligible for care and treatment in a facility operated by the United States department of veterans affairs or another agency of the United States government and that the facility is willing to receive the respondent, the court may so order. The respondent, when so placed in a facility operated by the United States department of veterans affairs or another agency of the United States government within or outside of this state, shall be subject to the rules of the United States department of veterans affairs or other agency, but shall not lose any procedural rights afforded the respondent by this chapter. The chief officer of the facility shall have, with respect to the respondent so placed, the same powers and duties as the chief medical officer of a hospital in this state would have in regard to submission of reports to the court, retention of custody, transfer, convalescent leave, or discharge. Jurisdiction is retained in the court to maintain surveillance of the respondent’s treatment and care, and at any time to inquire into the respondent’s condition and the need for continued care and custody.

2. Upon receipt of a certificate stating that a respondent placed under this chapter is eligible for care and treatment in a facility operated by the United States department of veterans affairs or another agency of the United States government which is willing to receive the respondent without charge to the state of Iowa or any county in the state, the chief medical officer may transfer the respondent to that facility. Upon so doing, the chief medical officer shall notify the court which ordered the respondent’s placement in the same manner as would be required in the case of a transfer under section 125.86, subsection 2, and the respondent transferred shall be entitled to the same rights as the respondent would have under that subsection. No respondent shall be transferred under this section who is confined pursuant to conviction of a public offense or whose placement was ordered upon contention of incompetence to stand trial by reason of mental illness, without prior approval of the court which ordered that respondent’s placement.
3. A judgment or order of commitment by a court of competent jurisdiction of another state or the District of Columbia, under which any person is hospitalized or placed in a facility operated by the United States department of veterans affairs or another agency of the United States government, shall have the same force and effect with respect to that person while the person is in this state as the judgment or order would have if the person were in the jurisdiction of the court which issued it. That court shall be deemed to have retained jurisdiction of the person so placed for the purpose of inquiring into that person's condition and the need for continued care and custody, as do courts in this state under this section. Consent is given to the application of the law of the state or district in which the court is situated which issued the judgment or order as regards authority of the chief officer of any facility, operated in this state by the United States department of veterans affairs or another agency of the United States government, to retain custody, transfer, place on convalescent leave, or discharge the person so committed.

125.84 Evaluation report.

The facility administrator’s report to the court of the chief medical officer’s substance abuse evaluation of the respondent shall be made no later than the expiration of the time specified in section 125.83. At least two copies of the report shall be filed with the clerk, who shall distribute the copies in the manner described by section 125.80, subsection 2. The report shall state one of the four following alternative findings:

1. That the respondent does not, as of the date of the report, require further treatment for substance abuse. If the report so states, the court shall order the respondent’s immediate release from involuntary commitment and terminate the proceedings.

2. That the respondent is a chronic substance abuser who is in need of full-time custody, care, and treatment in a facility, and is considered likely to benefit from treatment. If the report so states, the court shall enter an order which may require the respondent’s continued placement and commitment to a facility for appropriate treatment.

3. That the respondent is a chronic substance abuser who is in need of treatment, but does not require full-time placement in a facility. If the report so states, the report shall include the chief medical officer’s recommendation for treatment of the respondent on an outpatient or other appropriate basis, and the court shall enter an order which may direct the respondent to submit to the recommended treatment. The order shall provide that if the respondent fails or refuses to submit to treatment, as directed by the court’s order, the court may order that the respondent be taken into immediate custody as provided by section 125.81 and, following notice and hearing held in accordance with the procedures of sections 125.77 and 125.82, may order the respondent treated as a patient requiring full-time custody, care, and treatment as provided in subsection 2, and may order the respondent involuntarily committed to a facility.

4. That the respondent is a chronic substance abuser who is in need of treatment, but in the opinion of the chief medical officer is not responding to the treatment provided. If the report so states, the report shall include the facility administrator’s recommendation for alternative placement, and the court shall enter an order which may direct the respondent’s transfer to the recommended placement or to another placement after consultation with respondent’s attorney and the facility administrator who made the report under this subsection.

125.85 Custody, discharge, and termination of proceeding.

1. A respondent committed under section 125.84, subsection 2, shall remain in the custody of a facility for treatment for a period of thirty days, unless sooner discharged. The department is not required to pay the cost of any medication or procedure provided to the respondent during that period which is not necessary or appropriate to the specific objectives of detoxification and treatment of substance abuse. At the end of the thirty-day period, the respondent shall be discharged automatically unless the administrator of the facility, before expiration of the period, obtains a court order for the respondent’s recommitment pursuant to an application under section 125.75, for a further period not to exceed ninety days.
2. A respondent recommitted under subsection 1 who has not been discharged by the facility before the end of the ninety-day period shall be discharged at the expiration of that period unless the administrator of the facility, before expiration of the period, obtains a court order for the respondent’s recommittal pursuant to an application under section 125.75, for a further period not to exceed ninety days.

3. Upon the filing of an application for recommittal under subsection 1 or 2, the court shall schedule a recommittal hearing for no later than ten days after the date the application is filed. A copy of the application, the notice of hearing, and any reports shall be served or provided in the manner and to the persons as required by sections 125.77 to 125.80, 125.83 and 125.84.

4. Following a respondent’s discharge from a facility or from treatment, the administrator of the facility shall immediately report that fact to the court which ordered the respondent’s commitment or treatment. The court shall issue an order confirming the respondent’s discharge from the facility or from treatment, as the case may be, and shall terminate the proceedings pursuant to which the order was issued. Copies of the order shall be sent by regular mail to the facility and the respondent.

5. A person who is placed for evaluation at a facility under section 125.83 or who is committed to a facility under section 125.84, subsection 2, shall remain at that facility unless discharged or otherwise permitted to leave by the court or administrator of the facility. If a person placed at a facility or committed to a facility leaves the facility without permission or without having been discharged, the administrator may notify the sheriff of the person’s absence and the sheriff shall take the person into custody and return the person promptly to the facility.

125.86 Periodic reports required.

1. No more than thirty days after entry of a court order for commitment to a facility under section 125.84, subsection 2, and thereafter at successive intervals not to exceed ninety days for as long as involuntary commitment of the respondent continues, the administrator of the facility shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer the respondent’s condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will be required to remain at the facility.

2. No more than sixty days after entry of a court order for treatment of a respondent under section 125.84, subsection 3, and thereafter at successive intervals not to exceed ninety days for as long as involuntary treatment continues, the administrator of the facility or the psychiatrist or psychiatric advanced registered nurse practitioner treating the patient shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer or the psychiatrist or psychiatric advanced registered nurse practitioner the respondent’s condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will require treatment by the facility. If the respondent fails or refuses to submit to treatment as ordered by the court, the administrator of the facility shall at once notify the court, which shall order the respondent committed for treatment as provided by section 125.84, subsection 3, unless the court finds that the failure or refusal was with good cause, and that the respondent is willing to receive treatment as provided in the court’s order, or in a revised order if the court sees fit to enter one. If the administrator of the facility reports to the court that the respondent requires full-time custody, care, and treatment in a facility, and the respondent is willing to be admitted voluntarily to the facility for these purposes, the court may enter an order approving the placement upon consultation with the administrator of the facility in which the respondent is to be placed. If the respondent is unwilling to be admitted voluntarily to the facility, the procedure for determining involuntary commitment, as provided in section 125.84, subsection 3, shall be followed.

3. a. A psychiatric advanced registered nurse practitioner treating a respondent
previously committed under this chapter may complete periodic reports pursuant to this section on the respondent if the respondent has been recommended for treatment on an outpatient or other appropriate basis pursuant to section 125.84, subsection 3, and if a psychiatrist licensed pursuant to chapter 148 personally evaluates the respondent on at least an annual basis.

b. An advanced registered nurse practitioner who is not certified as a psychiatric advanced registered nurse practitioner but who meets the qualifications set forth in the definition of a mental health professional in section 228.1 on July 1, 2008, may complete periodic reports pursuant to paragraph “a”.

125.87 Status during appeal.
If a respondent appeals to the supreme court from a lower court’s finding that commitment is warranted, the respondent shall remain committed if already in custody, pursuant to an order of immediate custody under section 125.81 or pursuant to an order for evaluation and treatment under section 125.83, before notice of appeal was filed, unless the supreme court orders otherwise.

[82 Acts, ch 1212, §15]

125.88 Status if commitment delayed.
If a court directs a respondent who was previously ordered taken into immediate custody under section 125.81 to be placed at a facility for evaluation and appropriate treatment under section 125.83, and no suitable facility can immediately admit the respondent, the respondent shall remain in custody as previously ordered by the court, notwithstanding the time limits stated in section 125.81, until a suitable facility can admit the respondent. The court shall take appropriate steps to expedite the admission of the respondent to a suitable facility at the earliest feasible time.

125.89 Respondents charged with or convicted of crime.
1. If a court orders a respondent placed at a facility for evaluation and treatment under section 125.83 at a time when the respondent has been convicted of a public offense, or when there is pending against the respondent an unresolved formal charge of a public offense, and the respondent’s liberty has therefore been restricted in any manner, the findings of fact required by section 125.83 shall clearly so inform the administrator of the facility where the respondent is placed.
2. The commitment powers of the court under section 124.409 supersede the procedures and requirements of this division.

[82 Acts, ch 1212, §17]

125.90 Judicial hospitalization referee.
Judicial hospitalization referees shall be utilized as provided in section 229.21 for performing the duties of the court prescribed by this division.

[C79, 81, §229.51(3); 82 Acts, ch 1212, §18]

125.91 Emergency detention.
1. The procedure prescribed by this section shall only be used for an intoxicated person who has threatened, attempted, or inflicted physical self-harm or harm on another, and is likely to inflict physical self-harm or harm on another unless immediately detained, or who is incapacitated by a chemical substance, if that person cannot be taken into immediate custody under sections 125.75 and 125.81 because immediate access to the court is not possible.
2. a. A peace officer who has reasonable grounds to believe that the circumstances described in subsection 1 are applicable may, without a warrant, take or cause that person to be taken to the nearest available facility referred to in section 125.81, subsection 2, paragraph “b” or “c”. Such an intoxicated or incapacitated person may also be delivered
to a facility by someone other than a peace officer upon a showing of reasonable grounds. Upon delivery of the person to a facility under this section, the examining physician may order treatment of the person, but only to the extent necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue. The peace officer or other person who delivered the person to the facility shall describe the circumstances of the matter to the examining physician. If the person is a peace officer, the peace officer may do so either in person or by written report. If the examining physician has reasonable grounds to believe that the circumstances in subsection 1 are applicable, the examining physician shall at once communicate with the nearest available magistrate as defined in section 801.4, subsection 10. The magistrate shall, based upon the circumstances described by the examining physician, give the examining physician oral instructions either directing that the person be released forthwith, or authorizing the person's detention in an appropriate facility. The magistrate may also give oral instructions and order that the detained person be transported to an appropriate facility.

b. If the magistrate orders that the person be detained, the magistrate shall, by the close of business on the next working day, file a written order with the clerk in the county where it is anticipated that an application may be filed under section 125.75. The order may be filed by facsimile if necessary. The order shall state the circumstances under which the person was taken into custody or otherwise brought to a facility and the grounds supporting the finding of probable cause to believe that the person is a chronic substance abuser likely to result in physical injury to the person or others if not detained. The order shall confirm the oral order authorizing the person's detention including any order given to transport the person to an appropriate facility. The clerk shall provide a copy of that order to the chief medical officer of the facility to which the person was originally taken, any subsequent facility to which the person was transported, and to any law enforcement department or ambulance service that transported the person pursuant to the magistrate's order.

3. The chief medical officer of the facility shall examine and may detain the person pursuant to the magistrate's order for a period not to exceed forty-eight hours from the time the order is dated, excluding Saturdays, Sundays, and holidays, unless the order is dismissed by a magistrate. The facility may provide treatment which is necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue or is otherwise deemed medically necessary by the chief medical officer, but shall not otherwise provide treatment to the person without the person's consent. The person shall be discharged from the facility and released from detention no later than the expiration of the forty-eight-hour period, unless an application for involuntary commitment is filed with the clerk pursuant to section 125.75. The detention of a person by the procedure in this section, and not in excess of the period of time prescribed by this section, shall not render the peace officer, physician, or facility detaining the person liable in a criminal or civil action for false arrest or false imprisonment if the peace officer, physician, or facility had reasonable grounds to believe that the circumstances described in subsection 1 were applicable.

4. The cost of detention in a facility under the procedure prescribed in this section shall be paid in the same way as if the person had been committed to the facility pursuant to an application filed under section 125.75.

[C75, 77, §125.17, 125.18; C79, 81, §125.34(4), 125.35; 82 Acts, ch 1212, §19]

125.92 Rights and privileges of committed persons.

A person who is detained, taken into immediate custody, or committed under this division has the right to:

1. Prompt evaluation, emergency services, and care and treatment as indicated by sound clinical practice.

2. Render informed consent, except for treatment provided pursuant to sections 125.81 and 125.91. If the person is incompetent treatment may be consented to by the person's next of kin or guardian notwithstanding the person's refusal. If the person refuses treatment which
in the opinion of the chief medical officer is necessary or if the person is incompetent and the
next of kin or guardian refuses to consent to the treatment or no next of kin or guardian is
available the facility may petition a court of appropriate jurisdiction for approval to treat the
person.
3. The protection of the person's constitutional rights.
4. Enjoy all legal, medical, religious, social, political, personal, and working rights and
privileges, which the person would enjoy if not detained, taken into immediate custody, or
committed, consistent with the effective treatment of the person and of the other persons in
the facility. If the person's rights are restricted, the physician's direction to that effect shall
be noted in the person's record. The person or the person's next of kin or guardian shall be
advised of the person's rights and be provided a written copy upon the person's admission to
or arrival at the facility.
[82 Acts, ch 1212, §20]

125.93 Commitment records — confidentiality.
Records of the identity, diagnosis, prognosis, or treatment of a person which are
maintained in connection with the provision of substance abuse treatment services are
confidential, consistent with the requirements of section 125.37, and with the federal
confidentiality regulations authorized by the Drug Abuse Office and Treatment Act, 21
U.S.C. § 1175 (1976) and the Comprehensive Alcohol Abuse and Alcoholism Prevention,
[82 Acts, ch 1212, §21]

125.94 Supreme court rules.
The supreme court may prescribe rules of pleading, practice, and procedure and the
forms of process, writs, and notices under section 602.4201, for all commitment proceedings
in a court of this state under this chapter. The rules shall be drawn for the purpose of
simplifying and expediting the proceedings, so far as is consistent with the rights of the parties
involved. The rules shall not abridge, enlarge, or modify the substantive rights of a
party to a commitment proceeding under this chapter.

7. If it is a device and the methods used in, or the facilities or controls used for its manufacture, packing, storage, or installation are not in conformity with applicable requirements under section 520(f)(1) of the federal Act or an applicable condition as prescribed by an order under section 520(f)(2) of the federal Act.

8. If it is a device for which an exemption has been granted under section 520(g) of the federal Act for investigational use and the person who was granted the exemption or any investigator who uses the device under the exemption fails to comply with a requirement prescribed by or under that section.

   (2) However, under subparagraph (1), subparagraph division (a), reasonable variations shall be permitted, and exemptions as to small packages shall be allowed, in accordance with rules adopted by the board.

   c. If any word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices, in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

   d. If it is for use by humans and contains any quantity of the narcotic or hypnotic substance alpha-eucaine, barbituric acid, beta-eucaine, bromal, cannabis, carbromal, chloral, coca, cocaïne, codeine, heroin, marijuana, morphine, opium, paraldehyde, peyote, or sulphonmethane; or any chemical derivative of such a substance, which derivative, after investigation, has been designated as habit forming, by rules adopted by the board under this chapter or by regulations adopted by the secretary pursuant to section 502(d) of the federal Act; unless its label bears the name and quantity or proportion of such substance or derivative and in juxtaposition therewith the statement “Warning — May Be Habit Forming”.

   e. (1) If it is a drug, unless both of the following apply:

      (a) Its label bears, to the exclusion of any other nonproprietary name except the applicable systematic chemical name or the chemical formula:

      (i) The established name of the drug, as specified in subparagraph (3), if such exists; and
(ii) If the drug is fabricated from two or more ingredients, the established name and quantity of each active ingredient, including the quantity, kind, and proportion of any alcohol, and also including, whether active or not, the established name and quantity or proportion of any bromides, ether, chloroform, acetanilide, acetophenetidin, amidopyrine, antipyrine, atropine, hyoscine, hyoscyamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances, contained therein. However, the requirement for stating the quantity of the active ingredients, other than the quantity of those specifically named in this subparagraph subdivision, applies only to prescription drugs.

(b) For a prescription drug, the established name of the prescription drug or of an ingredient is printed, on the label and on any labeling on which a name for the prescription drug or an ingredient is used, prominently and in type at least half as large as that used thereon for any proprietary name or designation for the prescription drug or ingredient. However, to the extent that compliance with subparagraph division (a), subparagraph subdivision (ii), or this subparagraph division is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

(2) If it is a device and it has an established name, unless its label bears, to the exclusion of any other nonproprietary name, its established name, as defined in subparagraph (4), prominently printed in type at least half as large as that used thereon for any proprietary name or designation for the device, except that to the extent compliance with this subparagraph is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

(3) As used in subparagraph (1), the term “established name”, with respect to a drug or ingredient thereof, means one of the following:

(a) The applicable official name designated pursuant to section 508 of the federal Act.

(b) If no such official name exists and the drug or ingredient is an article recognized in an official compendium, then its official title in the compendium.

(c) If neither subparagraph division (a) nor (b) applies, then the common or usual name, if any, of the drug or ingredient. However, if subparagraph division (b) applies to an article recognized in the United States Pharmacopoeia National Formulary and in the Homeopathic Pharmacopoeia of the United States under different official titles, the official title used in the United States Pharmacopoeia National Formulary applies unless it is labeled and offered for sale as a homeopathic drug, in which case the official title used in the Homeopathic Pharmacopoeia of the United States applies.

(4) As used in subparagraph (2), the term “established name” with respect to a device means one of the following:

(a) The applicable official name of the device pursuant to section 508 of the federal Act.

(b) If no such official name exists and the device is an article recognized in an official compendium, then its official title in the compendium.

(c) If neither subparagraph division (a) nor (b) applies, then any common or usual name of the device.

f. (1) Unless its labeling bears both of the following:

(a) Adequate directions for use.

(b) Adequate warnings against use in those pathological conditions, or by children, where its use may be dangerous to health, or against unsafe dosage or methods or durations of administration or application, in the manner and form necessary for the protection of users.

(2) However, if a requirement of subparagraph (1), subparagraph division (a), as applied to a drug or device, is not necessary for the protection of the public health, the board or the secretary shall adopt rules or regulations exempts the drug or device from that requirement.

g. If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed in the official compendium. However, the method of packing may be modified with the consent of the board or the secretary. If a drug is recognized in both the United States Pharmacopoeia National Formulary and the Homeopathic Pharmacopoeia of the United States, it is subject to the requirements of the United States Pharmacopoeia National Formulary with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic drug, in which case it
is subject to the Homeopathic Pharmacopoeia of the United States, and not to the United States Pharmacopoeia National Formulary. However, if an inconsistency exists between this paragraph and paragraph “e” as to the name by which the drug or its ingredients shall be designated, paragraph “e” prevails.

h. If it has been found by the board or the secretary to be a drug liable to deterioration, unless it is packaged in the form and manner, and its label bears a statement of the precautions that the board or the secretary by rule or regulation requires as necessary for the protection of public health. Such a rule or regulation shall not be established for a drug recognized in an official compendium until the board or the secretary has informed the appropriate body charged with the revision of the official compendium of the need for such packaging or labeling requirements and that body has failed within a reasonable time to prescribe such requirements.

i. (1) If it is a drug and its container is so made, formed, or filled as to be misleading.
   (2) If it is an imitation of another drug.
   (3) If it is offered for sale under the name of another drug.

j. If it is dangerous to health when used in the dosage or manner, or with the frequency or duration prescribed, recommended, or suggested in its labeling.

k. If it is, or purports to be, or is represented as a drug composed wholly or partly of insulin, unless both of the following apply:
   (1) It is from a batch with respect to which a certificate or release has been issued pursuant to section 506 of the federal Act.
   (2) The certificate or release is in effect with respect to the drug.

l. (1) If it is, or purports to be, or is represented as a drug, composed wholly or partly of any kind of penicillin, streptomycin, chlortetracycline, chloramphenicol, bacitracin, or any other antibiotic drug, or any derivative thereof, unless both of the following apply:
      (a) It is from a batch with respect to which a certificate or release has been issued pursuant to section 507 of the federal Act.
      (b) The certificate or release is in effect with respect to the drug.
   (2) However, this paragraph “l” does not apply to any drug or class of drugs exempted by regulations adopted under section 507(c) or 507(d) of the federal Act.

m. If it is a color additive, the intended use of which is for the purpose of coloring only, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive, as contained in regulations adopted under section 706 of the federal Act.

n. If it is a prescription drug distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to the prescription drug a true statement of all of the following:
   (1) The established name as defined in paragraph “e”, printed prominently and in type at least half as large as that used for any trade or brand name thereof.
   (2) The formula showing quantitatively each ingredient of the prescription drug to the extent required for labels under paragraph “e”.

(3) Other information in brief summary relating to side effects, contraindications, and effectiveness as required in regulations adopted pursuant to section 701(e) of the federal Act.

o. If it was manufactured, prepared, propagated, compounded, or processed in an establishment in this state not duly registered under section 510 of the federal Act, if it was not included on a list required by section 510(j) of the federal Act, if a notice or other information respecting it was not provided as required by that section or section 510(k) of the federal Act, or if it does not bear the symbols from the uniform system for identification of devices prescribed under section 510(e) of the federal Act that are required by regulation.

p. If it is a drug and its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. § 1471 et seq.

q. If a trademark, trade name, or other identifying mark, imprint, or device of another trademark, trade name, mark, or imprint or any likeness of the foregoing has been placed thereon or upon its container with intent to defraud.
r. In the case of a restricted device distributed or offered for sale in this state, if either of the following applies:
   1. Its advertising is false or misleading in any particular.
   2. It is sold, distributed, or used in violation of regulations adopted pursuant to section 520(e) of the federal Act.

s. In the case of a restricted device distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued by the manufacturer, packer, or distributor with respect to the device both of the following:
   1. A true statement of the device’s established name as defined in paragraph “e”, printed prominently and in type at least half as large as that used for any trade or brand name thereof.
   2. A brief statement of the intended uses of the device and relevant warnings, precautions, side effects, and contraindications; and in the case of a specific device made subject to regulations adopted pursuant to the federal Act, a full description of the components of the device or the formula showing quantitatively each ingredient of the device to the extent required in regulations under the federal Act.

t. If it is a device subject to a performance standard established under section 514 of the federal Act, unless it bears labeling as prescribed in that performance standard.
u. If it is a device and there was a failure or refusal to comply with any requirement prescribed under section 518 of the federal Act respecting the device, or to furnish material required by or under section 519 of the federal Act respecting the device.

2. If an article is alleged to be misbranded because the labeling or advertising is misleading, then in determining whether the labeling or advertising is misleading, there shall be taken into account, among other things, not only representations made or suggested by statement, word, design, device, or any combination thereof, but also the extent to which the labeling or advertising fails to reveal facts material in the light of such representations, or material with respect to consequences which may result from the use of the article to which the labeling or advertising relates, under the conditions of use prescribed in the labeling or advertising or under customary or usual conditions of use.

3. The representation of a drug in its labeling, as an antiseptic shall be considered to be a representation that it is a germicide, except in the case of a drug purporting to be, or represented as, an antiseptic for inhibitory use as a wet dressing, ointment, dusting powder, or such other use as involves prolonged contact with the body.

126.11 Exemptions in cases of drugs and devices — dispensing by prescription only.

1. The board shall adopt rules exempting from any labeling or packaging requirement of this chapter drugs and devices which are, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at establishments other than those where originally processed or packaged, on condition that such drugs and devices are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment.

2. Drug and device labeling or packaging exemptions adopted pursuant to the federal Act shall apply to drugs and devices in this state except insofar as modified or rejected by rules adopted by the board.

3. a. (1) This paragraph “a” applies to a drug intended for use by humans which is any of the following:
   (a) Is a habit-forming drug to which section 126.10, subsection 1, paragraph “d” applies.
   (b) Because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is not safe for use except under the supervision of a practitioner licensed by law to administer the drug.
   (c) Is limited by an approved application under section 505 of the federal Act to use under the professional supervision of a practitioner licensed by law to administer the drug.
2. A drug shall be dispensed only upon a written, electronic, or facsimile prescription of a practitioner licensed by law to administer the drug, or upon an oral prescription of such a practitioner which is reduced promptly to writing and filed by the pharmacist, or by refilling any such written, electronic, facsimile, or oral prescription if the refilling is authorized by the prescriber either in the original written, electronic, or facsimile prescription or by oral order which is reduced promptly to writing and filed by the pharmacist. The act of dispensing a drug contrary to this paragraph "a" while the drug is held for sale results in the drug being misbranded.

b. A drug dispensed by filling or refilling a written, electronic, facsimile, or oral prescription of a practitioner licensed by law to administer the drug is exempt from section 126.10, except subsection 1, paragraph "a" and paragraph "i", subparagraphs (2) and (3), and subsection 1, paragraphs "k" and "l", and the packaging requirements of subsection 1, paragraphs "g", "h", and "p", if the drug bears a label containing the name and address of the dispenser, the date of the prescription or of its filling, the name of the prescriber, and, if stated in the prescription, the name of the patient, and the directions for use and cautionary statements, if any, contained in the prescription. This exemption does not apply to a drug dispensed in the course of the conduct of the business of dispensing drugs pursuant to diagnosis by mail, or to a drug dispensed in violation of paragraph "a" of this subsection.

c. The board may, by rule, remove a drug subject to section 126.10, subsection 1, paragraph "d", and section 505 of the federal Act from the requirements of paragraph "a" of this subsection when such requirements are not necessary for the protection of the public health.

d. A drug which is subject to paragraph "a" of this subsection is misbranded if, at any time prior to dispensing, its label fails to bear the statement: "Caution: Federal Law Prohibits Dispensing Without Prescription", or "Caution: State Law Prohibits Dispensing Without Prescription". A drug to which paragraph "a" of this subsection does not apply is misbranded if, at any time prior to dispensing, its label bears the caution statement quoted in the preceding sentence.

e. Prescription drug samples dispensed by a practitioner licensed by law to administer such drugs are exempt from section 126.10.

f. All electronic or facsimile prescriptions transmitted under this section shall comply with section 155A.27.

b. A copy of the letter of approval or approvability issued by the United States food and drug administration is on file with the secretary of the board, if the product is manufactured in this state.

2. A person shall not use in humans a new drug limited to investigational use unless the person has filed with the United States food and drug administration a completed and signed "Notice of Claimed Investigational Exemption for a New Drug" form in accordance with 21 C.F.R. § 312.1 and the exemption has not been terminated. I26.13 Reserved.

A cosmetic is adulterated if any of the following apply:
1. It bears or contains a poisonous or deleterious substance which may render it injurious to users under the conditions of use prescribed in its labeling or under customary or usual conditions of use. However, this does not apply to coal-tar hair dye if the label of the dye bears the following legend conspicuously displayed: “Caution — This product contains ingredients which may cause skin irritation on certain individuals and a preliminary test according to accompanying directions should first be made. This product must not be used for dyeing the eyelashes or eyebrows; to do so may cause blindness”; and the label bears adequate directions for the preliminary testing. For the purposes of this subsection and subsection 5, “hair dye” does not include eyelash dyes or eyebrow dyes.
2. It consists in whole or in part of any filthy, putrid, or decomposed substance.
3. It has been produced, prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.

5. It is not a hair dye and it is, or it bears or contains a color additive which is, unsafe within the meaning of section 706(a) of the federal Act.

      (2) An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label.
   c. A word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed there with such conspicuousness, as compared with other words, statements, designs, or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.
   d. Its container is so made, formed, or filled as to be misleading.
   e. 126.16 False advertising.
1. The advertising of a drug, device, or cosmetic is false if it is false or misleading in any particular.
2. For the purpose of this chapter, advertising is false if it represents a drug, device, or cosmetic to have any effect in the diagnosis, prevention, or treatment of arthritis, blood disorders, bone or joint diseases, kidney diseases or disorders, cancer, diabetes, gall bladder disease or disorders, heart and vascular disease, high blood pressure, diseases or disorders of the ear, mental disease or mental retardation, degenerative neurological diseases, paralysis, prostate gland disorders, conditions of the scalp affecting hair loss, baldness, endocrine disorders, sexual impotence, tumors, venereal diseases, varicose ulcers, breast enlargement, purifying blood, metabolic disorders, immune system disorders or conditions affecting the immune system, extension of life expectancy, stress and tension, brain stimulation or performance, the body’s natural defense mechanisms, blood flow, and depression. However, advertising not in violation of subsection 1 is not false under this subsection if it is disseminated only to members of the medical, dental, or veterinary professions, or appears only in the scientific periodicals of these professions, or is disseminated only for the purpose of public health education by persons not commercially interested, directly or indirectly, in the sale of such drugs or devices. However, if the board determines that an advance in medical science has made any type of self-medication safe as to any of the diseases named in this subsection, the board shall by rule authorize the advertising of drugs having curative or therapeutic effect for such disease, subject to the conditions and restrictions the board deems necessary in the interests of the public health. However, this subsection does not indicate that self-medication for diseases other than those named in this subsection is safe and efficacious.

§135.73, DEPARTMENT OF PUBLIC HEALTH

1. The department, after study and in consultation with any advisory committees which may be established pursuant to law, shall promulgate by rule pursuant to chapter 17A uniform methods of financial reporting, including such allocation methods as may be prescribed, by which hospitals and health care facilities shall respectively record their revenues, expenses, other income, other outlays, assets and liabilities, and units of service, according to functional activity center. These uniform methods of financial reporting shall not preclude a hospital or health care facility from using any accounting methods for its own purposes provided these accounting methods can be reconciled to the uniform methods of financial reporting prescribed by the department and can be audited for validity and completeness. Each hospital and each health care facility shall adopt the appropriate system for its fiscal year; effective upon such date as the department shall direct. In determining the effective date for reporting requirements, the department shall consider both the immediate need for uniform reporting of information to effectuate the purposes of this division and the administrative and economic difficulties which hospitals and health care facilities may encounter in complying with the uniform financial reporting requirement, but the effective date shall not be later than January 1, 1980.

2. In establishing uniform methods of financial reporting, the department shall consider:
   a. The existing systems of accounting and reporting currently utilized by hospitals and health care facilities;
   b. Differences among hospitals and health care facilities, respectively, according to size,
financial structure, methods of payment for services, and scope, type and method of providing services; and

c. Other pertinent distinguishing factors.

3. The department shall, where appropriate, provide for modification, consistent with the purposes of this division, of reporting requirements to correctly reflect the differences among hospitals and among health care facilities referred to in subsection 2, and to avoid otherwise unduly burdensome costs in meeting the requirements of uniform methods of financial reporting.

4. The uniform financial reporting methods, where appropriate, shall be structured so as to establish and differentiate costs incurred for patient-related services rendered by hospitals and health care facilities, as distinguished from those incurred in the course of educational, research and other nonpatient-related activities including but not limited to charitable activities of these hospitals and health care facilities.

[C79, 81, §135.74]

135.75 Annual reports by hospitals, health care facilities.

b. A statement of its income and expenses; and

c. Such other reports of the costs incurred in rendering services as the department may prescribe.

2. Where more than one licensed hospital or health care facility is operated by the reporting organization, the information required by this section shall be reported separately for each licensed hospital or health care facility. The department shall require preparation of specified financial reports by a certified public accountant, and may require attestation of responsible officials of the reporting hospital or health care facility that the reports submitted are to the best of their knowledge and belief prepared in accordance with the prescribed methods of reporting. The department shall have the right to inspect the books, audits and records of any hospital or health care facility as reasonably necessary to verify reports submitted pursuant to this division.

3. In obtaining the reports required by this section, the department and other state agencies shall coordinate their reporting requirements.

It shall further require the filing of information concerning the total financial needs of each individual hospital or health care facility and the resources currently or prospectively available to meet these needs, including the effect of proposals made by health systems agencies. The department shall also prepare and file such summaries and compilations or other supplementary reports based on the information filed with it as will, in its judgment, advance the purposes of this division.

2. The analyses and studies required by this section shall be conducted with the objective of providing a basis for determining whether or not regulation of hospital and health care facility rates and charges by the state of Iowa is necessary to protect the health or welfare of the people of the state.

3. In conducting its analyses and studies, the department should determine whether:

a. The rates charged and costs incurred by hospitals and health care facilities are reasonably related to the services offered by those respective groups of institutions.

b. Aggregate rates of hospitals and of health care facilities are reasonably related to the aggregate costs incurred by those respective groups of institutions.
c. Rates are set equitably among all purchasers or classes of purchasers of hospital and of health care facility services.

d. The rates for particular services, supplies or materials established by hospitals and by health care facilities are reasonable. Determination of reasonableness of rates shall include consideration of a fair rate of return to proprietary hospitals and health care facilities.

4. All data gathered and compiled and all reports prepared under this section, except privileged medical information, shall be open to public inspection.

1. The purposes of a medical home are the following:
   a. To reduce disparities in health care access, delivery, and health care outcomes.
   b. To improve quality of health care and lower health care costs, thereby creating savings to allow more Iowans to have health care coverage and to provide for the sustainability of the health care system.
   c. To provide a tangible method to document if each Iowan has access to health care.

2. A medical home has all of the following characteristics:
   a. A personal provider. Each patient has an ongoing relationship with a personal provider trained to provide first contact and continuous and comprehensive care.
   b. A provider-directed medical practice. The personal provider leads a team of individuals at the practice level who collectively take responsibility for the ongoing health care of patients.
   c. Whole person orientation. The personal provider is responsible for providing for all of a patient's health care needs or taking responsibility for appropriately arranging health care by other qualified health care professionals. This responsibility includes health care at all stages of life including provision of acute care, chronic care, preventive services, and end-of-life care.
   d. Coordination and integration of care. Care is coordinated and integrated across all elements of the complex health care system and the patient's community. Care is facilitated by registries, information technology, health information exchanges, and other means to assure that patients receive the indicated care when and where they need and want the care in a culturally and linguistically appropriate manner.
   e. Quality and safety. The following are quality and safety components of the medical home:

2. Provide for the continuous collection of data to provide a basis for health care strategic planning and health care policymaking.

2008 Acts, ch 1188, §57

135.164 Strategic plan.
The strategic plan for health care delivery infrastructure and health care workforce resources shall describe the existing health care system, describe and provide a rationale for the desired health care system, provide an action plan for implementation, and provide methods to evaluate the system. The plan shall incorporate expenditure control methods and integrate criteria for evidence-based health care. The department shall do all of the following in developing the strategic plan for health care delivery infrastructure and health care workforce resources:

a. Conduct strategic health planning activities related to preparation of the strategic plan.
b. Develop a computerized system for accessing, analyzing, and disseminating data relevant to strategic health planning. The department may enter into data sharing agreements and contractual arrangements necessary to obtain or disseminate relevant data.
c. Conduct research and analysis or arrange for research and analysis projects to be conducted by public or private organizations to further the development of the strategic plan.
d. Establish a technical advisory committee to assist in the development of the strategic plan. The members of the committee may include but are not limited to health economists,

2. The strategic plan shall include statewide health planning policies and goals related to the availability of health care facilities and services, the quality of care, and the cost of care. The policies and goals shall be based on the following principles:

a. That a strategic health planning process, responsive to changing health and social needs and conditions, is essential to the health, safety, and welfare of Iowans. The process shall be reviewed and updated as necessary to ensure that the strategic plan addresses all of the following:

(1) Promoting and maintaining the health of all Iowans.
(2) Providing accessible health care services through the maintenance of an adequate supply of health facilities and an adequate workforce.
(3) Controlling excessive increases in costs.
(4) Applying specific quality criteria and population health indicators.
(5) Recognizing prevention and wellness as priorities in health care programs to improve quality and reduce costs.
(6) Addressing periodic priority issues including disaster planning, public health threats, and public safety dilemmas.

(8) Recognizing long-term care as an integral component of the health care delivery infrastructure and as an essential service provided by the health care workforce.

b. That both consumers and providers throughout the state must be involved in the health planning process, outcomes of which shall be clearly articulated and available for public review and use.

c. That the supply of a health care service has a substantial impact on utilization of the service, independent of the effectiveness, medical necessity, or appropriateness of the particular health care service for a particular individual.

d. That given that health care resources are not unlimited, the impact of any new health care service or facility on overall health expenditures in this state must be considered.

e. That excess capacity of health care services and facilities places an increased economic burden on the public.

f. That the likelihood that a requested new health care facility, service, or equipment will improve health care quality and outcomes must be considered.

g. That development and ongoing maintenance of current and accurate health care information and statistics related to cost and quality of health care and projections of the need for health care facilities and services are necessary to developing an effective health care planning strategy.

h. That the certificate of need program as a component of the health care planning regulatory process must balance considerations of access to quality care at a reasonable cost for all Iowans, optimal use of existing health care resources, fostering of expenditure control, and elimination of unnecessary duplication of health care facilities and services, while supporting improved health care outcomes.

i. That strategic health care planning must be concerned with the stability of the health care system, encompassing health care financing, quality, and the availability of information and services for all residents.

3. The health care delivery infrastructure and health care workforce resources strategic plan developed by the department shall include all of the following:

a. A health care system assessment and objectives component that does all of the following:

(1) Describes state and regional population demographics, health status indicators, and trends in health status and health care needs.
(2) Identifies key policy objectives for the state health care system related to access to care, health care outcomes, quality, and cost-effectiveness.

A health care facilities and services plan that assesses the demand for health care facilities and services to inform state health care planning efforts and direct certificate of need determinations for those facilities and services subject to certificate of need. The plan shall include all of the following:

(1) An inventory of each geographic region’s existing health care facilities and services.

(2) Projections of the need for each category of health care facility and service, including those subject to certificate of need.

(3) Policies to guide the addition of new or expanded health care facilities and services to promote the use of quality, evidence-based, cost-effective health care delivery options, including any recommendations for criteria, standards, and methods relevant to the certificate of need review process.

(4) An assessment of the availability of health care providers, public health resources, transportation infrastructure, and other considerations necessary to support the needed health care facilities and services in each region.

c. A health care data resources plan that identifies data elements necessary to properly conduct planning activities and to review certificate of need applications, including data related to inpatient and outpatient utilization and outcomes information, and financial and utilization information related to charity care, quality, and cost. The plan shall provide all of the following:

(1) An inventory of existing data resources, both public and private, that store and disclose information relevant to the health care planning process, including information necessary to conduct certificate of need activities. The plan shall identify any deficiencies in the inventory of existing data resources and the data necessary to conduct comprehensive health care planning activities. The plan may recommend that the department be authorized to access existing data sources and conduct appropriate analyses of such data or that other agencies expand their data collection activities as statutory authority permits. The plan may identify any computing infrastructure deficiencies that impede the proper storage, transmission, and analysis of health care planning data.

(2) Recommendations for increasing the availability of data related to health care planning to provide greater community involvement in the health care planning process and consistency in data used for certificate of need applications and determinations. The plan shall also integrate the requirements for annual reports by hospitals and health care facilities pursuant to section 135.75, the provisions relating to analyses and studies by the department pursuant to section 135.76, the data compilation provisions of section 135.78, and the provisions for contracts for assistance with analyses, studies, and data pursuant to section 135.83.

d. An assessment of emerging trends in health care delivery and technology as they relate to access to health care facilities and services, quality of care, and costs of care. The assessment shall recommend any changes to the scope of health care facilities and services covered by the certificate of need program that may be warranted by these emerging trends. In addition, the assessment may recommend any changes to criteria used by the department to review certificate of need applications, as necessary.

e. A rural health care resources plan to assess the availability of health resources in rural areas of the state, assess the unmet needs of these communities, and evaluate how federal and state reimbursement policies can be modified, if necessary, to more efficiently and effectively meet the health care needs of rural communities. The plan shall consider the unique health care needs of rural communities, the adequacy of the rural health care workforce, and transportation needs for accessing appropriate care.

f. A health care workforce resources plan to assure a competent, diverse, and sustainable health care workforce in Iowa and to improve access to health care in underserved areas and among underserved populations. The plan shall include the establishment of an advisory council to inform and advise the department and policymakers regarding issues relevant to the health care workforce in Iowa. The health care workforce resources plan shall recognize long-term care as an essential service provided by the health care workforce.
4. The department shall submit the initial statewide health care delivery infrastructure and resources strategic plan to the governor and the general assembly by January 1, 2010, and shall submit an updated strategic plan to the governor and the general assembly every two years thereafter.

For the purposes of this section, unless the context otherwise requires, “accredited” means a graduate medical education program approved by the accreditation council for graduate medical education or the American osteopathic association. The grant funds may be used to support medical residency programs through any of the following:
      a. The establishment of new or alternative campus accredited medical residency training programs. For the purposes of this paragraph, “new or alternative campus accredited medical residency training program” means a program that is accredited by a recognized entity approved for such purpose by the accreditation council for graduate medical education or the American osteopathic association with the exception that a new medical residency training program that, by reason of an insufficient period of operation is not eligible for accreditation on or before the date of submission of an application for a grant, may be deemed accredited if the accreditation council for graduate medical education or the American osteopathic association finds, after consultation with the appropriate accreditation entity, that there is reasonable assurance that the program will meet the accreditation standards of the entity prior to the date of graduation of the initial class in the program.

         (2) A sponsor shall demonstrate, through documented financial information as prescribed by rule of the department, that funds have been reserved and will be expended by the sponsor in the amount required to provide matching funds for each residency proposed in the request for state matching funds.
         (3) A sponsor shall demonstrate, through objective evidence as prescribed by rule of the department, a need for such residency program in the state.
      b. The application process for the grant.

e. The maximum award of grant funds to a particular individual sponsor per year. An individual sponsor shall not receive more than twenty-five percent of the state matching funds available each year to support the program. However, if less than ninety-five percent of the available funds has been awarded in a given year, a sponsor may receive more than twenty-five percent of the state matching funds available if total funds awarded do not exceed ninety-five percent of the available funds. If more than one sponsor meets the requirements of this section and has established, expanded, or supported a graduate medical residency training program, as specified in subsection 1, in excess of the sponsor’s twenty-five percent maximum share of state matching funds, the state matching funds shall be divided proportionately among such sponsors.

f. Use of the funds awarded. Funds may be used to pay the costs of establishing, expanding, or supporting an accredited graduate medical education program as specified in this section, including but not limited to the costs associated with residency stipends and physician faculty stipends.

2. a. The rules shall state that a hospital shall not deny clinical privileges to physicians and surgeons, podiatric physicians, osteopathic physicians and surgeons, dentists, certified health service providers in psychology, physician assistants, or advanced registered nurse practitioners licensed under chapter 148, 148C, 149, 152, or 153, or section 154B.7, solely by reason of the license held by the practitioner or solely by reason of the school or institution in which the practitioner received medical schooling or postgraduate training if the medical

135B.33 Technical assistance — plan — grants.
1. Subject to availability of funds, the Iowa department of public health shall provide technical planning assistance to local boards of health and hospital governing boards to ensure access to hospital services in rural areas. The department shall encourage the local boards of health and hospital governing boards to adopt a long-term community health services and developmental plan including the following:
   a. An analysis of demographic trends in the health facility services area, affecting health facility and health-facility-related health care utilizations.

   d. An analysis of cooperative arrangements that could be developed with other health facilities in the area that could assist those health facilities in the provision of services.
   e. An analysis of community health needs, including long-term care, nursing facility care, pediatric and maternity services, and the health facilities’ potential role in facilitating the provision of services to meet these needs.

EMPLOYEE RECORD CHECKS

135B.34 Hospital employees — criminal history and abuse record checks — penalty.
1. Prior to employment of a person in a hospital, the hospital shall request that the department of public safety perform a criminal history check and the department of human services perform child and dependent adult abuse record checks of the person in this state. A hospital shall inform all persons prior to employment regarding the performance of the record checks and shall obtain, from the persons, a signed acknowledgment of the receipt of the information. A hospital shall include the following inquiry in an application for employment:

Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?

2. a. If it is determined that a person being considered for employment in a hospital has committed a crime, the department of public safety shall notify the hospital that upon the request of the hospital the department of human services will perform an evaluation to determine whether the crime warrants prohibition of the person’s employment in the hospital.
   b. If a department of human services child or dependent adult abuse record check shows that the person has a record of founded child or dependent adult abuse, the department of human services shall notify the hospital that upon the request of the hospital the department of human services will perform an evaluation to determine whether the founded child or dependent adult abuse warrants prohibition of the person’s employment in the hospital.
   c. An evaluation performed under this subsection shall be performed in accordance with procedures adopted for this purpose by the department of human services.
   d. (1) If a person owns or operates more than one hospital, and an employee of one of such hospitals is transferred to another such hospital without a lapse in employment, the hospital is not required to request additional criminal and child and dependent adult abuse record checks of that employee.

   (2) If the ownership of a hospital is transferred, at the time of transfer the record checks required by this section shall be performed for each employee for whom there is no documentation that such record checks have been performed. The hospital may continue to employ such employee pending the performance of the record checks and any related evaluation.

3. In an evaluation, the department of human services shall consider the nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child or dependent adult abuse, the circumstances under which the crime or founded child or dependent adult abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child or dependent adult abuse again, and the number of crimes or founded child or dependent adult abuses committed by the person involved. If the department of human services performs an evaluation for the purposes of this section, the department of human services has final authority in determining whether prohibition of the person’s employment is warranted.

4. a. Except as provided in paragraph “b” and subsection 2, a person who has committed a crime or has a record of founded child or dependent adult abuse shall not be employed in a hospital licensed under this chapter unless an evaluation has been performed by the department of human services.

   b. A person with a criminal or abuse record who is employed by a hospital licensed under this chapter and is hired by another licensee without a lapse in employment shall be subject to the criminal history and abuse record checks required pursuant to subsection 1. If an evaluation was previously performed by the department of human services concerning the person’s criminal or abuse record and it was determined that the record did not warrant prohibition of the person’s employment and the latest record checks do not indicate a crime
was committed or founded abuse record was entered subsequent to that evaluation, the person may commence employment with the other licensee while the department of human services' evaluation of the latest record checks is pending. Otherwise, the requirements of paragraph “a” remain applicable to the person's employment.

5. a. If a person employed by a hospital that is subject to this section is convicted of a crime or has a record of founded child or dependent adult abuse entered in the abuse registry after the person's employment application date, the person shall inform the hospital of such information within forty-eight hours of the criminal conviction or entry of the record of founded child or dependent adult abuse. The hospital shall act to verify the information within forty-eight hours of notification. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the hospital to determine whether or not the person's employment is continued. The hospital may continue to employ the person pending the performance of an evaluation by the department of human services to determine whether prohibition of the person's employment is warranted. A person who is required by this subsection to inform the person's employer of a conviction or entry of an abuse record and fails to do so within the required period commits a serious misdemeanor.

b. If a hospital receives credible information, as determined by the hospital, that a person employed by the hospital has been convicted of a crime or a record of founded child or dependent adult abuse has been entered in the abuse registry after employment from a person other than the employee and the employee has not informed the hospital of such information within the period required under paragraph “a”, the hospital shall act to verify the credible information within forty-eight hours of receipt of the credible information. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the hospital to determine whether or not the person's employment is continued.

c. The hospital may notify the county attorney for the county where the hospital is located of any violation or failure by an employee to notify the hospital of a criminal conviction or entry of an abuse record within the period required under paragraph “a”.

6. A hospital licensed in this state may access the single contact repository established by the department pursuant to section 135C.33 as necessary for the hospital to perform record checks of persons employed or being considered for employment by the hospital.

§135C.2, HEALTH CARE FACILITIES  II-270

The rules may grant special variances or considerations to facilities licensed within the special classification.
   c. The rules adopted for intermediate care facilities for persons with mental retardation shall be consistent with, but no more restrictive than, the federal standards for intermediate care facilities for persons with mental retardation established pursuant to the federal Social Security Act, § 1905(c)(d), as codified in 42 U.S.C. § 1396d, in effect on January 1, 1989. However, in order for an intermediate care facility for persons with mental retardation to be licensed, the state fire marshal must certify to the department that the facility meets the applicable provisions of the rules adopted for such facilities by the state fire marshal. The state fire marshal's rules shall be based upon such a facility's compliance with either the provisions applicable to health care occupancies or residential board and care occupancies of the life safety code of the national fire protection association, 2000 edition. The department shall adopt additional rules for intermediate care facilities for persons with mental retardation pursuant to section 135C.14, subsection 8.
   d. Notwithstanding the limitations set out in this subsection regarding rules for intermediate care facilities for persons with mental retardation, the department shall consider the federal interpretive guidelines issued by the federal centers for Medicare and Medicaid services when interpreting the department's rules for intermediate care facilities for persons with mental retardation. This use of the guidelines is not subject to the rulemaking provisions of sections 17A.4 and 17A.5, but the guidelines shall be published in the Iowa administrative bulletin and the Iowa administrative code.
agency legally authorized and constituted to ensure the implementation of the purposes of this chapter for populations under its authority and in the manner designated by Pub. L. No. 98-527, Pub. L. No. 99-319, and Pub. L. No. 100-146 and in the assurances of the governor of the state.

5. The department shall establish a special classification within the residential care facility category in order to foster the development of residential care facilities which serve persons with mental retardation, chronic mental illness, a developmental disability, or brain injury, as described under section 225C.26, and which contain five or fewer residents. A facility within the special classification established pursuant to this subsection is exempt from the requirements of section 135.63. The department shall adopt rules which are consistent with rules previously developed for the waiver demonstration project pursuant to 1986 Iowa Acts, chapter 1246, section 206, and which include all of the following provisions:

   a. A facility provider under the special classification must comply with rules adopted by the department for the special classification. However, a facility provider which has been accredited by the accreditation council for services to persons with mental retardation and other developmental disabilities shall be deemed to be in compliance with the rules adopted by the department.

   b. A facility must be located in an area zoned for single or multiple-family housing or in an unincorporated area and must be constructed in compliance with applicable local requirements and the rules adopted for the special classification by the state fire marshal in accordance with the concept of the least restrictive environment for the facility residents. Local requirements shall not be more restrictive than the rules adopted for the special classification by the state fire marshal and the state building code requirements for single or multiple-family housing, under section 103A.7.

   c. Facility provider plans for the facility’s accessibility to residents must be in place.

   d. A written plan must be in place which documents that a facility meets the needs of the facility’s residents pursuant to individual program plans developed according to age appropriate and least restrictive program requirements.

   e. A written plan must be in place which documents that a facility’s residents have reasonable access to employment or employment-related training, education, generic community resources, and integrated opportunities to promote interaction with the community.

   f. The facilities licensed under this subsection shall be eligible for funding utilized by other licensed residential care facilities for persons with mental retardation, or licensed residential care facilities for persons with mental illness, including but not limited to funding under or from the federal social services block grant, the state supplementary assistance program, state mental health and developmental disabilities services funds, and county funding provisions.

6. a. This chapter shall not apply to adult day services provided in a health care facility. However, adult day services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

   b. The level of care certification provisions pursuant to sections 135C.3 and 135C.4, the license application and fee provisions pursuant to section 135C.7, and the involuntary discharge provisions pursuant to section 135C.14, subsection 8, shall not apply to respite care services provided in a health care facility. However, respite care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

   c. The department shall adopt rules to implement this subsection.

7. The rules adopted by the department regarding nursing facilities shall provide that a nursing facility may choose to be inspected either by the department or by the joint commission on accreditation of health care organizations. The rules regarding acceptance of inspection by the joint commission on accreditation of health care organizations shall include recognition, in lieu of inspection by the department, of comparable inspections and inspection findings of the joint commission on accreditation of health care organizations, if
the department is provided with copies of all requested materials relating to the inspection process.

§135C.3 Nature of care.
1. A licensed nursing facility shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed nurse. Medical and nursing services must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the nursing facility must be based on a physician’s written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

2. A licensed intermediate care facility for persons with mental illness shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed registered nurse, who has had at least two years of recent experience in a chronic or acute psychiatric setting. Medical and nursing service must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the intermediate care facility for persons with mental illness must be based on a physician’s written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

§135C.4 Residential care facilities.
Each facility licensed as a residential care facility shall provide an organized continuous twenty-four-hour program of care commensurate with the needs of the residents of the home and under the immediate direction of a person approved and certified by the department whose combined training and supervised experience is such as to ensure adequate and competent care. All admissions to residential care facilities shall be based on an order written by a physician certifying that the individual being admitted does not require nursing services or that the individual’s need for nursing services can be avoided if home and community-based services, other than nursing care, as defined by this chapter and departmental rule, are provided. For the purposes of this section, the home and community-based services to be provided shall be limited to the type included under the medical assistance program provided pursuant to chapter 249A, shall be subject to cost limitations established by the department of human services under the medical assistance program, and except as otherwise provided by the department of inspections and appeals with the concurrence of the department of human services, shall be limited in capacity to the number of licensed residential care facilities and the number of licensed residential care facility beds in the state as of December 1, 2003.

§135C.5 Limitations on use.
Another business or activity serving persons other than the residents of a health care facility may be operated or provided in a designated part of the physical structure of the
health care facility if the other business or activity meets the requirements of applicable state and federal laws, administrative rules, and federal regulations. The department shall not limit the ability of a health care facility to operate or provide another business or activity in the designated part of the facility if the business or activity does not interfere with the use of the facility by the residents or with the services provided to the residents, and is not disturbing to the residents. In denying the ability of a health care facility to operate or provide another business or activity under this section, the burden of proof shall be on the department to demonstrate that the other business or activity substantially interferes with the use of the facility by the residents or the services provided to the residents, or is disturbing to the residents. The state fire marshal, in accordance with chapter 17A, shall adopt rules which establish criteria for approval of a business or activity to be operated or provided in a designated part of the physical structure of a health care facility. For the purposes of this section, “another business or activity” shall not include laboratory services with the exception of laboratory services for which a waiver from regulatory oversight has been obtained under the federal Clinical Laboratory Improvement Amendments of 1988, Pub. L. No. 100-578, as amended, radiological services, anesthesiology services, obstetrical services, surgical services, or emergency room services provided by hospitals licensed under chapter 135B.

135C.6 License required — exemptions.
1. A person or governmental unit acting severally or jointly with any other person or governmental unit shall not establish or operate a health care facility in this state without a license for the facility. A supported community living service, as defined in section 225C.21, is not required to be licensed under this chapter, but is subject to approval under section 225C.21 in order to receive public funding.
2. A health care facility suitable for separation and operation with distinct parts may, where otherwise qualified in all respects, be issued multiple licenses authorizing various parts of such facilities to be operated as health care facilities of different license categories.
3. No change in a health care facility, its operation, program, or services, of a degree or character affecting continuing licensability shall be made without prior approval thereof by the department. The department may by rule specify the types of changes which shall not be made without its prior approval.
4. No department, agency, or officer of this state or of any of its political subdivisions shall pay or approve for payment from public funds any amount or amounts to a health care facility under any program of state aid in connection with services provided or to be provided an actual or prospective resident in a health care facility, unless the facility has a current license issued by the department and meets such other requirements as may be in effect pursuant to law.
5. No health care facility established and operated in compliance with law prior to January 1, 1976, shall be required to change its corporate or business name by reason of the definitions prescribed in section 135C.1, provided that no health care facility shall at any time represent or hold out to the public or to any individual that it is licensed as, or provides the services of, a health care facility of a type offering a higher grade of care than such health care facility is licensed to provide. Any health care facility which, by virtue of this section, operates under a name not accurately descriptive of the type of license which it holds shall clearly indicate in any printed advertisement, letterhead, or similar material, the type of license or licenses which it has in fact been issued. No health care facility established or renamed after January 1, 1976, shall use any name indicating that it holds a different type of license than it has been issued.
6. A health care facility operated by and for the exclusive use of members of a religious order, which does not admit more than two individuals to the facility from the general public, may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.
7. A freestanding hospice facility which operates a hospice program in accordance with
8. The following residential programs to which the department of human services applies accreditation, certification, or standards of review shall not be required to be licensed as a health care facility under this chapter:
   a. Residential programs providing care to not more than four individuals and receiving moneys appropriated to the department of human services under provisions of a federally approved home and community-based services waiver for persons with intellectual disabilities or other medical assistance program under chapter 249A. In approving a residential program under this paragraph, the department of human services shall consider the geographic location of the program so as to avoid an overconcentration of such programs in an area. In order to be approved under this paragraph, a residential program shall not be required to involve the conversion of a licensed residential care facility for persons with mental retardation.
   b. Not more than forty residential care facilities for persons with mental retardation that are licensed to serve not more than five individuals may be authorized by the department of human services to convert to operation as a residential program under the provisions of a medical assistance home and community-based services waiver for persons with intellectual disabilities. A converted residential program operating under this paragraph is subject to the conditions stated in paragraph “a” except that the program shall not serve more than five individuals.
   c. A residential program approved by the department of human services pursuant to this paragraph “c” to receive moneys appropriated to the department of human services under provisions of a federally approved home and community-based services waiver for persons with intellectual disabilities may provide care to not more than five individuals. The department shall approve a residential program under this paragraph that complies with all of the following conditions:
      (1) Approval of the program will not result in an overconcentration of such programs in an area.
      (2) The county in which the residential program is located submits to the department of human services a letter of support for approval of the program.
      (3) The county in which the residential program is located provides to the department of human services verification in writing that the program is needed to address one or more of the following:
         (a) The quantity of services currently available in the county is insufficient to meet the need.
         (b) The quantity of affordable rental housing in the county is insufficient.
         (c) Implementation of the program will cause a reduction in the size or quantity of larger congregate programs.
9. Contingent upon the department of human services receiving federal approval, a residential program which serves not more than eight individuals and is licensed as an intermediate care facility for persons with mental retardation may surrender the facility license and continue to operate under a federally approved medical assistance home and community-based services waiver for persons with intellectual disabilities, if the department of human services has approved a plan submitted by the residential program.
10. Notwithstanding section 135C.9, nursing facilities which are accredited by the joint commission on accreditation of health care organizations shall be licensed without inspection by the department, if the nursing facility has chosen to be inspected by the joint commission on accreditation of health care organizations in lieu of inspection by the department.

135C.7 Application — fees.

Licenses shall be obtained from the department. Applications shall be upon such forms and shall include such information as the department may reasonably require, which may include affirmative evidence of compliance with such other statutes and local ordinances as may be applicable. Each application for license shall be accompanied by the annual license fee prescribed by this section, subject to refund to the applicant if the license is denied, which fee shall be paid over into the state treasury and credited to the general fund if the license is issued. There shall be an annual license fee based upon the bed capacity of the health care facility, as follows:

1. Ten beds or less, twenty dollars.
2. More than ten and not more than twenty-five beds, forty dollars.
3. More than twenty-five and not more than seventy-five beds, sixty dollars.
4. More than seventy-five and not more than one hundred fifty beds, eighty dollars.
5. More than one hundred fifty beds, one hundred dollars.

135C.8 Scope of license.

Licenses for health care facilities shall be issued only for the premises and persons or governmental units named in the application and shall not be transferable or assignable except with the written approval of the department, obtained prior to the purchase of the facility involved. Licenses shall be posted in a conspicuous place on the licensed premises as prescribed by regulation of the department. Such licenses, unless sooner suspended or revoked, shall expire one year after the date of issuance and shall be renewed annually upon an application by the licensee. Applications for such renewal shall be made in writing to the department, accompanied by the required fee, at least thirty days prior to the expiration of such license in accordance with regulations promulgated by the department. Health care facilities which have allowed their licenses to lapse through failure to make timely application for renewal of their licenses shall pay an additional fee of twenty-five percent of the annual license fee prescribed in section 135C.7.

135C.9 Inspection before issuance — notice of deficiencies.

1. The department shall not issue a health care facility license to any applicant until:
   a. The department has ascertained that the staff and equipment of the facility is adequate to provide the care and services required of a health care facility of the category for which the license is sought. Prior to the review and approval of plans and specifications for any new facility and the initial licensing under a new licensee, a resume of the programs and services to be furnished and of the means available to the applicant for providing the same and for meeting requirements for staffing, equipment, and operation of the health care facility, with particular reference to the professional requirements for services to be rendered, shall be submitted in writing to the department for review and approval. The resume shall be reviewed by the department within ten working days and returned to the applicant. The resume shall, upon the department’s request, be revised as appropriate by the facility from time to time after issuance of a license.
   b. The facility has been inspected by the state fire marshal or a deputy appointed by the fire marshal for that purpose, who may be a member of a municipal fire department, and the department has received either a certificate of compliance or a provisional certificate of compliance by the facility with the fire hazard and fire safety rules and standards of the department as promulgated by the fire marshal and, where applicable, the fire safety standards required for participation in programs authorized by either Tit. XVIII or Tit. XIX of the United States Social Security Act (42 U.S.C. § 1395 – 1395ll and 1396 – 1396g). The certificate or provisional certificate shall be signed by the fire marshal or the fire marshal’s deputy who made the inspection. If the state fire marshal or a deputy finds a deficiency upon inspection, the notice to the facility shall be provided in a timely manner and shall specifically describe the nature of the deficiency, identifying the Code section or subsection or the rule or standard violated. The notice shall also specify the time allowed for correction
§135C.9, HEALTH CARE FACILITIES

of the deficiency, at the end of which time the fire marshal or a deputy shall perform a follow-up inspection.

2. The rules and standards promulgated by the fire marshal pursuant to subsection 1, paragraph “b” of this section shall be substantially in keeping with the latest generally recognized safety criteria for the facilities covered, of which the applicable criteria recommended and published from time to time by the national fire protection association shall be prima facie evidence. The rules and standards promulgated by the fire marshal shall be promulgated in consultation with the department and shall, to the greatest extent possible, be consistent with rules adopted by the department under this chapter.

3. The state fire marshal or the fire marshal’s deputy may issue successive provisional certificates of compliance for periods of one year each to a facility which is in substantial compliance with the applicable fire hazard and fire safety rules and standards, upon satisfactory evidence of an intent, in good faith, by the owner or operator of the facility to correct the deficiencies noted upon inspection within a reasonable period of time as determined by the state fire marshal or the fire marshal's deputy. Renewal of a provisional certificate shall be based on a showing of substantial progress in eliminating deficiencies noted upon the last previous inspection of the facility without the appearance of additional deficiencies other than those arising from changes in the fire hazard and fire safety rules, regulations and standards which have occurred since the last previous inspection, except that substantial progress toward achievement of a good faith intent by the owner or operator to replace the entire facility within a reasonable period of time, as determined by the state fire marshal or the fire marshal’s deputy, may be accepted as a showing of substantial progress in eliminating deficiencies, for the purposes of this section.

4. If a facility subject to licensure under this chapter, a facility exempt from licensure under this chapter pursuant to section 135C.6, or a family home under section 335.25 or 414.22, has been issued a certificate of compliance or a provisional certificate of compliance under subsection 1 or 3, or has otherwise been approved as complying with a rule or standard by the state or a deputy fire marshal or a local building department as defined in section 103A.3, the state or deputy fire marshal or local building department which issued the certificate, provisional certificate, or approval shall not apply additional requirements for compliance with the rule or standard unless the rule or standard is revised in accordance with chapter 17A or with local regulatory procedure following issuance of the certificate, provisional certificate, or approval.

135C.10 Denial, suspension or revocation.

The department shall have the authority to deny, suspend, or revoke a license in any case where the department finds that there has been repeated failure on the part of the facility to comply with the provisions of this chapter or the rules or minimum standards promulgated hereunder, or for any of the following reasons:

1. Cruelty or indifference to health care facility residents.
2. Appropriation or conversion of the property of a health care facility resident without the resident’s written consent or the written consent of the resident’s legal guardian.
3. Permitting, aiding, or abetting the commission of any illegal act in the health care facility.
4. Inability or failure to operate and conduct the health care facility in accordance with the requirements of this chapter and the minimum standards and rules issued pursuant thereto.
5. Obtaining or attempting to obtain or retain a license by fraudulent means, misrepresentation, or by submitting false information.
6. Habitual intoxication or addiction to the use of drugs by the applicant, manager or supervisor of the health care facility.
7. Securing the devise or bequest of the property of a resident of a health care facility by undue influence.
8. Willful failure or neglect to maintain a continuing in-service education and training program for all personnel employed in the facility.
9. In the case of an application by an existing licensee for a new or newly acquired facility, continuing or repeated failure of the licensee to operate any previously licensed facility or facilities in compliance with the provisions of this chapter or of the rules adopted pursuant to it.
10. In the case of a license applicant or existing licensee which is an entity other than an individual, the department may deny, suspend, or revoke a license if any individual, who is in a position of control or is an officer of the entity, engages in any act or omission proscribed by this section.

135C.11 Notice — hearings.
1. The denial, suspension, or revocation of a license shall be effected by delivering to the applicant or licensee by certified mail or by personal service of a notice setting forth the particular reasons for such action. Such denial, suspension, or revocation shall become effective thirty days after the mailing or service of the notice, unless the applicant or licensee, within such thirty-day period, shall give written notice to the department requesting a hearing, in which case the notice shall be deemed to be suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before the department. At any time at or prior to the hearing the department may rescind the notice of the denial, suspension, or revocation upon being satisfied that the reasons for the denial, suspension, or revocation have been or will be removed. On the basis of any such hearing, or upon default of the applicant or licensee, the determination involved in the notice may be affirmed, modified, or set aside by the department. A copy of such decision shall be sent by certified mail, or served personally upon the applicant or licensee. The applicant or licensee may seek judicial review pursuant to section 135C.13.
2. The procedure governing hearings authorized by this section shall be in accordance with the rules promulgated by the department. A full and complete record shall be kept of all proceedings, and all testimony shall be reported but need not be transcribed unless judicial review is sought pursuant to section 135C.13. Copies of the transcript may be obtained by an interested party upon payment of the cost of preparing the copies. Witnesses may be subpoenaed by either party and shall be allowed fees at a rate prescribed by the department’s rules. The director may, after advising the resident advocate committee established pursuant to section 135C.25, either proceed in accordance with section 135C.30, or remove all residents and suspend the license or licenses of any health care facility, prior to a hearing, when the director finds that the health or safety of residents of the health care facility requires such action on an emergency basis. The fact that no resident advocate committee has been appointed for a particular facility shall not bar the director from exercising the emergency powers granted by this subsection with respect to that facility.

135C.12 Conditional operation.
If the department has the authority under section 135C.10 to deny, suspend or revoke a license, the department or director may, as an alternative to those actions:
1. Apply to the district court of the county in which the licensee’s health care facility is located for appointment by the court of a receiver for the facility pursuant to section 135C.30.
2. Conditionally issue or continue a license dependent upon the performance by the licensee of reasonable conditions within a reasonable period of time as set by the department so as to permit the licensee to commence or continue the operation of the health care facility pending full compliance with this chapter or the regulations or minimum standards promulgated under this chapter. If the licensee does not make diligent efforts to comply with the conditions prescribed, the department may, under the proceedings prescribed by
this chapter, suspend or revoke the license. No health care facility shall be operated on a conditional license for more than one year.

3. The department, in evaluating corrections of deficiencies in a facility in receivership or operating on a conditional license, may determine what is satisfactory compliance, provided that in so doing it shall employ established criteria which shall be uniformly applied to all facilities of the same license category.

§135C.12, HEALTH CARE FACILITIES

135C.13 Judicial review.

Judicial review of any action of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county where the facility or proposed facility is located, and pending final disposition of the matter the status quo of the applicant or licensee shall be preserved except when the director, with the advice and consent of the resident advocate committee established pursuant to section 135C.25, determines that the health, safety or welfare of the residents of the facility is in immediate danger, in which case the director may order the immediate removal of such residents. The fact that no resident advocate committee has been appointed for a particular facility shall not bar the director from exercising the emergency powers granted by this subsection with respect to that facility.

135C.14 Rules.

The department shall, in accordance with chapter 17A and with the approval of the state board of health, adopt and enforce rules setting minimum standards for health care facilities. In so doing, the department, with the approval of the state board of health, may adopt by reference, with or without amendment, nationally recognized standards and rules, which shall be specified by title and edition, date of publication, or similar information. The rules and standards required by this section shall be formulated in consultation with the director of human services or the director's designee, with the state fire marshal, and with affected industry, professional, and consumer groups, and shall be designed to further the accomplishment of the purposes of this chapter and shall relate to:

1. Location and construction of the facility, including plumbing, heating, lighting, ventilation, and other housing conditions, which shall ensure the health, safety and comfort of residents and protection from fire hazards. The rules of the department relating to protection from fire hazards and fire safety shall be promulgated by the state fire marshal in consultation with the department, and shall be in keeping with the latest generally recognized safety criteria for the facilities covered of which the applicable criteria recommended and published from time to time by the national fire protection association are prima facie evidence. To the greatest extent possible, the rules promulgated by the state fire marshal shall be consistent with the rules adopted by the department under this chapter.

2. Number and qualifications of all personnel, including management and nursing personnel, having responsibility for any part of the care provided to residents.

3. All sanitary conditions within the facility and its surroundings including water supply, sewage disposal, food handling, and general hygiene, which shall ensure the health and comfort of residents.

4. Diet related to the needs of each resident and based on good nutritional practice and on recommendations which may be made by the physician attending the resident.

5. Equipment essential to the health and welfare of the resident.

6. Requirements that a minimum number of registered or licensed practical nurses and nurses' aides, relative to the number of residents admitted, be employed by each licensed facility. Staff-to-resident ratios established under this subsection need not be the same for facilities holding different types of licenses, nor for facilities holding the same type of license
if there are significant differences in the needs of residents which the respective facilities are
serving or intend to serve.

7. Social services and rehabilitative services provided for the residents.

8. Facility policies and procedures regarding the treatment, care, and rights of residents. The rules shall apply the federal resident’s rights contained in the federal Omnibus Budget Reconciliation Act of 1987, Pub. L. No. 100-203, and the regulations adopted pursuant to the Act and contained in 42 C.F.R. § 483.10, 483.12, 483.13, and 483.15, as amended to February 2, 1989, to all health care facilities as defined in this chapter and shall include procedures for implementing and enforcing the federal rules. The department shall also adopt rules relating to the following:

a. The transfer of residents to other rooms within a facility.

b. The involuntary discharge or transfer of residents from a facility including provisions for notice and agency hearings and for the development of a patient discharge or transfer plan and for providing counseling services to a patient being discharged or transferred.

c. The required holding of a bed for a resident under designated circumstances upon payment of a prescribed charge for the bed.

d. The notification of resident advocate committees by the department of all complaints relating to health care facilities and the involvement of the resident advocate committees in resolution of the complaints.

e. For the recoupment of funds or property to residents when the resident’s personal funds or property have been used without the resident’s written consent or the written consent of the resident’s guardian.

f. The involuntary discharge of a resident of the Iowa veterans home including provisions for notice and agency hearings, the development of a resident discharge plan, and for providing counseling services to a resident being discharged. 135C.16 Inspections.

1. In addition to the inspections required by sections 135C.9 and 135C.38, the department shall make or cause to be made such further unannounced inspections as it deems necessary to adequately enforce this chapter. At least one general unannounced inspection shall be conducted for each health care facility within a thirty-month period. The inspector shall show identification to the person in charge of the facility and state that an inspection is to be made before beginning the inspection. An employee of the department who gives unauthorized advance notice of an inspection made or planned to be made under this subsection or section 135C.38 shall be disciplined as determined by the director, except that if the employee is employed pursuant to the merit system provisions of chapter 8A, subchapter IV, the discipline shall not exceed the discipline authorized pursuant to that subchapter.

b. When the plans and specifications have been properly approved by the department or other appropriate state agency, for a period of at least five years from completion of the construction or alteration, the facility or the portion of the facility constructed or altered in accord with the plans and specifications shall not be considered deficient or ineligible for licensing by reason of failure to meet any rule or standard established subsequent to approval of the plans and specifications.

When construction or alteration of a facility or portion of a facility has been completed in accord with plans and specifications submitted as required by this subsection and properly approved by the department or other appropriate state agency, and it is discovered that the facility or portion of a facility is not in compliance with a requirement of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications
were submitted, and the deficiency was apparent from the plans and specifications submitted but was not noted or objected to by the department or other appropriate state agency, the department or agency responsible for the oversight shall either waive the requirement or reimburse the licensee or applicant for any costs which are necessary to bring the new or reconstructed facility or portion of a facility into compliance with the requirement and which the licensee or applicant would not have incurred if the facility or portion of the facility had been constructed in compliance with the requirements of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted.
