357H.4 Hearing on petition — action by board.
At the public hearing required in section 357H.3, the board may consider the boundaries of a proposed rural improvement zone, whether the boundaries shall be as described in the petition or otherwise, and for that purpose may amend the petition and change the boundaries of the proposed zone as stated in the petition. The board may adjust the boundaries of a proposed zone as needed to exclude land that has no reasonable likelihood of benefit from inclusion in a rural improvement zone. However, the boundaries of a proposed zone shall not be changed to incorporate property which is not included in the original petition.

Within ten days after the hearing, the board shall establish the rural improvement zone by resolution or disallow the petition. However, the zone shall not include any area which is part of an urban renewal area under chapter 403.

A plurality shall be sufficient to elect the five trustees of the rural improvement zone, and no primary election for that office shall be held. At the original election, two trustees shall be elected for one year, two for two years, and one for three years. The terms of the succeeding trustees are for three years. The terms of the trustees shall begin immediately after their election and certification. The trustees must be residents of the zone. The board of trustees shall elect a president, a clerk, and a treasurer from its membership. The trustees may authorize construction, reconstruction, or repair of improvements following procedures set out in section 331.341. For these purposes, the trustees may purchase material, employ personnel, acquire real estate and interests in real estate, and perform all other acts necessary to properly maintain and operate the zone. The trustees are allowed necessary expenses in the discharge of their duties, but they shall not receive salaries.

357H.8 Certificates, contracts, and other obligations — standby tax.
To provide funds for the payment of the costs of improvement projects and for the payment of other activities authorized pursuant to section 357H.7, the board of trustees may borrow money and issue and sell certificates or may enter into contracts or other obligations payable from a sufficient portion of the future receipts of tax revenue authorized pursuant to section 357H.9 and the standby tax in subsection 4 of this section. The receipts shall be pledged to the payment of principal of and interest on the certificates, contracts, or other obligations.
1. Certificates may be sold at public sale or at private sale at par, premium, or discount
§357H.8, RURAL IMPROVEMENT ZONES

at the discretion of the board of trustees. Chapter 75 does not apply to the issuance of these certificates.

2. Certificates may be issued with respect to a single improvement project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates. However, certificates shall not be issued after January 1, 2007, except to refund other certificates as provided in subsection 3.

3. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times, or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded, may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates, and may bear a rate of interest higher or lower than, or equivalent to, the rate of interest on certificates being renewed or refunded.

4. To further secure the payment of the certificates, the board of trustees shall, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the rural improvement zone. The rate of the standby tax shall be not less than fifty cents per thousand dollars of the assessed value of the taxable property and not more than two dollars and fifty cents per thousand dollars of the assessed value of the taxable property. A copy of the resolution shall be sent to the county auditor. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of principal of and interest on the certificates issued as provided in this section, when the receipt of tax revenues pursuant to section 357H.9 is insufficient. If payments are necessary and made from the special fund, the amount of the payments shall be promptly repaid into the special fund from the first available payments received which are not required for the payment of principal of or interest on certificates due. No reserves may be built up in the special fund in anticipation of a projected default. The board of trustees shall adjust the annual standby tax levy for each year to reflect the amount of revenues in the special fund and the amount of principal and interest which is due in that year.

5. Before certificates, contracts, or other obligations are issued or entered into, the board of trustees shall publish a notice of its intention, stating the amount, the purpose, and the improvement project or projects for which the certificates, contracts, or other obligations are to be issued or entered into. A person may, within fifteen days after the publication of the notice, appeal the decision of the board of trustees in proposing to issue the certificates or to enter into the contracts or other obligations to the district court in the county in which the rural improvement zone exists. The action of the board of trustees in determining to issue the certificates or to enter into the contracts or other obligations is final and conclusive unless the district court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, contracts, or other obligations, the power of the board of trustees to issue the certificates or to enter into the contracts or other obligations, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates or entrance into the contracts or other obligations after fifteen days from the publication of the notice of intention to issue certificates or enter into contracts or other obligations.

6. The board of trustees shall determine if revenues are sufficient to secure the faithful performance of obligations.

357H.9 Incremental property taxes.

1. The board of trustees shall provide by resolution that taxes levied on the taxable property in a rural improvement zone each year by or for the benefit of the state, city, county, school district, or other taxing district after the effective date of the resolution shall be divided as provided in section 403.19, subsections 1 and 2, in the same manner as if the taxable property in the rural improvement zone was taxable property in an urban renewal area and the resolution was an ordinance within the meaning of those subsections. The
taxes received by the board of trustees shall be allocated to, and when collected be paid into, a special fund and may be irrevocably pledged by the trustees to pay the principal of and interest on the certificates, contracts, or other obligations approved by the board of trustees to finance or refinance, in whole or in part, an improvement project. As used in this section, “taxes” includes but is not limited to all levies on an ad valorem basis upon land or real property located in the rural improvement zone.

2. a. 2. For a district which does not include land within a city, copy of the notice shall also be sent by mail to each owner, without naming them, of each tract of land or lot within the proposed district as shown by the transfer books of the auditor’s office. The mailings shall be to the last known mailing address unless there is on file an affidavit of the auditor or of a person designated by the board to make the necessary investigation, stating that a mailing address is not known and that diligent inquiry has been made to ascertain it. The board of supervisors, after hearing the statements, evidence and suggestions made and offered at the hearing, shall enter an order fixing and determining the limits and boundaries of the proposed district and directing that an election be held for the purpose of submitting to the registered voters residing within the boundaries of the proposed district the question of organization and establishment of the proposed sanitary district as determined by the board of supervisors. 5. The procedures for making and levying an assessment pursuant to this section and for an appeal of the assessment are the same procedures as provided in sections 384.59 through 384.67 and sections 384.72 through 384.75, except that any notice required in those sections to be published in a newspaper may be sent by certified mail to the owner of the property to be assessed as shown on the records of the county auditor in lieu of the publication. 1. Any sanitary district may by ordinance establish just and equitable rates, charges, or rentals for the utilities and services furnished by the district to be paid to the district by every person, firm, or corporation whose premises are served by a connection to the utilities and services directly or indirectly. The rates, charges, or rentals, as near as may be in the judgment of the board of trustees of the district, shall be equitable and in proportion to the services rendered and the cost of the services, and taking into consideration in the case of the premises the quantity of sewage produced thereby and its concentration, strength, and pollution qualities. The board of trustees may change the rates, charges, or rentals from time to time as it may deem advisable, and by ordinance may provide for collection. The board may contract with any municipality within the district, whereby the municipality may collect or assist in collecting any of the rates, charges, or rentals, whether in conjunction with water rentals or otherwise, and the municipality may undertake the collection and render the service. The rates, charges, or rentals, if not paid when due, shall constitute a lien upon the real property served by a connection. The lien shall have equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

2. If the delinquent rates or charges were incurred prior to the date a transfer of the property or premises in fee simple is filed with the county recorder and such delinquencies were not certified to the county treasurer prior to such date, the delinquent rates or charges
are not eligible to be certified to the county treasurer. If certification of such delinquent rates or charges is attempted subsequent to the date a transfer of the property or premises in fee simple is filed with the county recorder, the county treasurer shall return the certification to the sanitary district attempting certification along with a notice stating that the delinquent rates or charges cannot be made a lien against the property or premises.

3. Sewer rentals, charges, or rates may supplant or replace, in whole or in part, any monetary levy of taxes which may be, or have been, authorized by the board of trustees for any of the following purposes:
   a. To meet interest and principal payments on bonds legally authorized for the financing of sanitary utilities in any manner.
   b. Subject only to this debt limitation, any such sanitary district organized hereunder shall have and it is hereby vested with all of the same powers to issue bonds, including both general obligation and revenue bonds, which cities now or may hereafter have under the laws of this state. In the application of such laws to this chapter, the words used in any such laws referring to municipal corporations or to cities shall be held to include sanitary districts organized under this chapter, the words “council” or “city council” shall be held to include the board of trustees of a sanitary district; the words “mayor” and “clerk” shall be held to include the president and clerk of any such board of trustees or sanitary district; and like construction shall be given to any other words in such laws where required to permit the exercise of such powers by sanitary districts.

Any and all bonds issued hereunder shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached thereto shall be signed by the signature of the clerk.

The proceeds of any bond issue made under the provisions of this section shall be used only for the purpose of acquiring, locating, laying out, establishing and construction of drainage facilities, conduits, treatment plants, pumping plants, works, ditches, channels and outlets of such capacity and character as may be required for the treatment, carrying off and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district, or to repair, change, enlarge and add to such facilities as may be necessary or proper to meet the requirements present and future for the purposes aforesaid. Proceeds from such bond issue may also be used for the payment of special assessment deficiencies. Said bonds shall be payable in not more than forty annual installments and with interest at a rate not exceeding that permitted by chapter 74A, and shall be made payable at such place and be of such form as the board of trustees shall by resolution designate. Any sanitary district issuing bonds as

**358.22 Special assessments and connection fees.**

The board of trustees of a sanitary district may provide for payment of all or any portion of the costs of acquiring, locating, laying out, constructing, reconstructing, repairing, changing, enlarging, or extending conduits, ditches, channels, outlets, drains, sewers, laterals, treatment plants, pumping plants, and other necessary adjuncts thereto, by assessing all, or any portion of the costs, on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define "adjacent property" as all that included within a designated benefited district or districts to be fixed by the board, which may be all of the property located within the sanitary district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the sanitary district, but a special assessment shall not be made upon property situated outside of the sanitary district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits, and an assessment shall not exceed twenty-five percent of the value of the property at the time of levy. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property used and assessed as agricultural property shall be deferred upon the filing of a request by the owner in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities.

The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

Subject to the limitations otherwise stated in this section, a sanitary district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

Subject to the limitations otherwise stated in this section, the board of trustees may establish one or more benefited districts and schedules of fees for the connection of property to the sanitary sewer facilities of a sanitary district. Each person whose property will be connected to the sanitary sewer facilities of a sanitary district shall pay a connection fee to the sanitary district, which may include the equitable cost of extending sanitary sewer service to the benefited district and reasonable interest from the date of construction to the date of payment. In establishing the benefited districts and establishing and implementing the schedules of fees, the board of trustees shall act in accordance with the powers granted to a city in section 384.38, subsection 3, and the procedures in that subsection. However, all fees collected under this paragraph shall be paid to the sanitary district and the moneys collected as fees shall be used only by the sanitary district to finance improvements or extensions to its sanitary sewer facilities, to reimburse the sanitary district for funds disbursed by its board of trustees to finance improvements or extensions to its sanitary sewer facilities, or to pay debt service on obligations issued to finance improvements or extensions to its sanitary sewer facilities. This paragraph does not apply when a sanitary district annexation plan or petition includes annexation of an area adjoining the district or a petition has not been presented for a sewer connection. Until the annexation becomes effective or the annexation plan or petition is abandoned, the state mandate contained in section 455B.172, subsections 3, 4, and 5, shall not apply unless the property owner requests to be connected to the sanitary district’s sewer facilities and voluntarily pays the connection fee.

A sanitary district may enter into contracts with persons or firms outside its limits for the processing of sewage but the rate for processing shall not be less than that charged the inhabitants of the district.
A district entering into a contract may lay sewer lines in highways outside the district upon first obtaining the permission of the state department of transportation in the case of primary roads and the board of supervisors in case of secondary roads, on written application designating the particular highway and part thereof, the use of which is desired.
A sanitary district adjoining a border of the state and owning and operating a sewage disposal plant, may contract with the governing body of any legal entity in an adjacent area in another state, to process the sewage from the area.    c. That a construction contract has not been let or work done on any improvements in the district or if either has occurred, the petition shall contain a plan of dissolution which makes adequate provisions for payment of the contract price or for the work.
2. All costs and expenses of the district shall be assessed against the district before dissolution by the levy of an annual tax necessary to accomplish payment, but the levy shall not exceed the rate provided in this section.
3. The board shall examine the petition at its next meeting after its filing or within twenty days of the filing, whichever date is earlier. The levy shall be made in the same manner as provided in section 76.2. After the board makes a specific finding that all indebtedness, costs, and expenses have been paid or levies approved for their payment, the board shall dissolve the district by resolution entered upon its records. The dissolution order shall be noted by the auditor on the county records, showing the date when the dissolution became effective.

5. The records of a dissolved district including, but not limited to, copies of all engineering files and work undertaken by engineers of a dissolved district, shall be deposited with the county auditor of the county designated by the board. Any remaining balances shall be deposited in the general fund of the county designated by the board. All other assets of the dissolved district shall become, by dissolution, assets of the county.

CHAPTER 358C
REAL ESTATE IMPROVEMENT DISTRICTS

358C.1 Legislative findings — purpose — definitions.
1. The general assembly finds and declares as follows:
   a. The economic health and development of Iowa communities is tied to opportunities for jobs in and near those communities and the availability of jobs is in part tied to the availability of affordable, decent housing in those communities.
   b. A need exists for a program to assist developers and communities in increasing the availability of housing in Iowa communities.
   c. A shortage of opportunities and means for developing local housing exists. It is in the best interest of the state and its citizens for infrastructure development which will lower the costs of developing housing.
   d. The expansion of local housing is dependent upon the cost of providing the basic infrastructure necessary for a housing development. Providing this infrastructure is a public purpose for which the state may encourage the formation of real estate improvement districts for the purpose of providing water, sewer, roads, and other infrastructure.
2. As used in this chapter, unless the context otherwise requires:
   a. “Board” means the board of trustees of a real estate improvement district.
   b. “Book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

   1. The board of supervisors to which the petition is addressed, at its next meeting, shall
      set the time and place for a hearing on the petition. The board shall direct the county auditor
      in whose office the petition is filed to cause notice to be given to all persons whom it may

      a. That a petition has been filed with the county auditor of the county, naming it, for
         establishment of a proposed district, and the name of the proposed district.

         the petition. At the hearing all interested persons shall have an opportunity to be heard on
         the location and boundaries of the proposed district and to make suggestions regarding the
         location and boundaries.
      e. That, in the case of a petition under section 358C.3, subsection 2, a property owner who
         was not known and who did not sign the petition and who does not object to the proposed

         the organization of the proposed district.
   2. For a district which does not include land within a city, copy of the notice shall also
      be sent by mail to each owner, without naming them, of each tract of land or lot within the

      be to the last known mailing address unless there is on file an affidavit of the auditor or of
      a person designated by the board to make the necessary investigation, stating that a mailing
      address is not known and that diligent inquiry has been made to ascertain it. The copy of
      notice shall be mailed no less than twenty days before the day set for hearing and proof of
      service shall be by affidavit of the auditor. The proofs of service required by this subsection
      shall be on file at the time the hearing begins.
3. In lieu of the mailing to the last known address a person owning land affected by a proposed district may file with the county auditor an instrument in writing designating the address for the mailing. This designation when filed is effective for five years and applies to all proceedings under this chapter. The person making the designation may change the address in the same manner as the original designation is made.

4. In lieu of publication, personal service of the notice may be made upon an owner of land in the proposed district in the manner and for the time required for service of original notices in the district court. Proof of the service shall be on file with the auditor on the date of the hearing.

The board may consider the boundaries of a proposed district, whether the boundaries are described in the petition or otherwise, and for that purpose may alter and amend the petition and limit or change the boundaries of the proposed district as stated in the petition. The board shall adjust the boundaries of a proposed district as needed to exclude land that has no reasonable likelihood of benefit from inclusion in the proposed district. The boundaries of a proposed district shall not be changed to incorporate property not included in the original petition and published notice until the owner of the property is given notice of inclusion as on the original hearing. All persons in the proposed district shall have an opportunity to be heard regarding the location and boundaries of the proposed district and to make suggestions regarding the location and boundaries, and the board of supervisors, after hearing the statements, evidence, and suggestions made and offered at the hearing, shall approve or reject the petition. If the petition is approved, the board shall enter an order fixing and determining the limits and boundaries of the proposed district and whether or not all present and future property owners within the district have waived any objections to the annexation by a city if the district has issued obligations or bonds for public improvement and the city assumes those obligations, and, if the petition was requested under section 358C.3, subsection 1, directing that an election be held for the purpose of submitting to the registered voters owning land within the boundaries of the proposed district the question of organization and establishment of the proposed district as determined by the board of supervisors. The order shall fix a date for the election not more than sixty days after the date of the order. 4. A candidate to fill a vacancy or as a successor trustee shall disclose prior to selection as a trustee whether the person has any financial interest in any business which is or may be a developer or contractor for public improvements within the real estate improvement district and the extent of the person's land ownership in the district, if any.

   2. The board of trustees shall maintain the official records of the district, which shall

      indebtedness.
   3. The board of trustees may adopt the necessary ordinances, resolutions, and regulations
      for the proper management and conduct of the business of the board of trustees and the

   4. The board of trustees shall provide public notice prior to each meeting of the board.
      The notice shall contain the agenda of the meeting which shall describe the proposed actions
      to be taken by the board at the meeting.
   5. If the board of trustees wishes to expand its authority to carry out public improvements

358C.14 Taxes — power to levy — tax sales.

1. The board of trustees of a real estate improvement district shall have the power by ordinance to levy annually for the purpose of paying the administrative costs of the district, or for the payment of deficiencies in special assessments, or for both, a tax upon property within the territorial limits of the district not exceeding fifty-four cents per thousand dollars of the adjusted taxable valuation of the property within the district for the preceding fiscal year.

2. All taxes thus levied by the board shall be certified by the clerk on or before March 1 to the county auditor of each county in which any of the property included within the territorial limits of the district is located, and shall be placed upon the tax list for the current fiscal year by the auditor. The county treasurer of more than one county shall collect all taxes so levied in the same manner as other taxes, and when delinquent the taxes shall draw the same interest. All taxes levied and collected shall be paid over by the officer collecting the taxes to the treasurer of the district.

3. Sales for delinquent taxes owing to the district shall be made at the same time and in the same manner as the sales are made for other taxes, and all provisions of the law of this state relating to the sale of property for delinquent taxes shall be applicable, so far as may be, to the sales.

95 Acts, ch 200, §14

358C.15 Rentals and charges.

1. A board of trustees may by ordinance establish equitable rates, charges, or rentals for the utilities and services furnished by the district to be paid to the district by every person, firm, or corporation whose premises are served by a connection to the utilities and services directly or indirectly. The rates, charges, or rentals, as near as may be in the judgment of the board of trustees, shall be equitable and in proportion to the services rendered and the cost of the services, and taking into consideration in the case of the premises the quantity of sewage or water produced or used and the concentration, strength, and pollution qualities of the sewage. The board of trustees may change the rates, charges, or rentals as it may deem advisable, and by ordinance may provide for collection. The board may contract with any municipality within the district, whereby the municipality may collect or assist in collecting any of the rates, charges, or rentals, whether in conjunction with water rentals or otherwise, and the municipality may undertake the collection and render the service. The rates, charges, or rentals, if not paid when due, shall constitute a lien upon the real property served by a connection. The lien shall have equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

2. Sewer rentals, charges, or rates may supplant or replace, in whole or in part, any monetary levy of taxes which may be, or have been, authorized by the board of trustees for any of the following purposes:
   a. To meet interest and principal payments on bonds legally authorized for the financing of sanitary utilities in any manner.
b. To pay costs of the construction, maintenance, or repair of the facilities or utilities, including payments to be made under any contract between municipalities for either the joint use of water or sewage facilities, or for the use by one municipality of all or a part of the water or sewer system of another municipality.

95 Acts, ch 200, §15

358C.16 Debt limit — borrowing — bonds — purposes.
1. A district may borrow money for its corporate purposes, but shall not become indebted in any manner or for any purpose to an amount in the aggregate exceeding its constitutional debt limit of five percent on the value of the taxable property within the district, to be ascertained by the last state and county tax lists previous to the incurring of the indebtedness. Indebtedness within this constitutional limit shall not include the indebtedness of any other municipal corporation located wholly or partly within the boundaries of the district, special assessment bonds or obligations authorized under section 358C.17.
2. Subject only to this debt limitation, a district shall have the same powers to issue bonds, including both general obligation and revenue bonds, including the power to enter into short-term loans and issue warrants, which cities have under the laws of this state. In the application of the laws to this chapter, the words used in the laws referring to municipal corporations or to cities shall be held to include real estate improvement districts organized under this chapter; the words “council” or “city council” shall be held to include the board of trustees of a district; the words “mayor” and “clerk” shall be held to include the president and clerk of a board of trustees; and like construction shall be given to any other words in the laws where required to permit the exercise of the powers by real estate improvement districts.
3. All bonds issued shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached to the bonds shall be attested by the signature of the clerk.
4. The proceeds of any bond issue made under this section shall be used only for the cost of public improvements as specified in sections 358C.1 and 358C.4. Proceeds from the bond issue may also be used for the payment of special assessment deficiencies. The bonds shall be payable in not more than forty annual installments and with interest at a rate not exceeding that permitted by chapter 74A, and shall be made payable at the place and be of the form as the board of trustees shall by resolution designate. A district issuing bonds as authorized in this section is granted authority to pledge the future avails of a tax levy to the payment of the principal and interest of the bonds after the same come due, and the power to impose and certify the levy is granted to the trustees of real estate improvement districts organized under this chapter.

95 Acts, ch 200, §16; 96 Acts, ch 1204, §6

358C.17 Special assessments.
1. The board of trustees of a real estate improvement district may provide for payment of all or any portion of the costs of a public improvement as specified in sections 358C.1 and 358C.4, by assessing all, or any portion of, the costs on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define “adjacent property” as all that included within a designated benefitted district to be fixed by the board, which may be all of the property located within the real estate improvement district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the district, but a special assessment shall not be made upon property situated outside of the district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property shall be made in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities. Notwithstanding the provisions of section 384.62, the combined assessments against any lot for public improvements included in the petition creating the real estate improvement district
or as authorized in section 358C.4 shall not exceed the valuation of that lot as established by section 384.46.

2. The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

3. Subject to the limitations otherwise stated in this section, a district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

4. A special assessment under this section shall be recorded in the county in which the district is located for each lot in the district.

5. Notwithstanding section 384.65, subsection 5, a district shall have a lien on the benefited property only in the amount of special assessment installments that have come due but have not been paid. The district shall not have a lien for the total amount of the special assessment originally levied against the benefited property. A lien, including, but not limited to, a lien for a mortgage for the construction or the purchase of housing on property benefited by improvements and against which a special assessment is levied under this chapter, shall have precedence over a special assessment which has been levied by the district but is not due. A district’s lien shall only be in the amount of installments whose due dates have passed without payment, along with all interest and penalties on the delinquent installments. The district’s lien for delinquent installments, interest, and penalties shall have equal precedence with ordinary taxes and shall not be divided by judicial sale. Any remaining special assessment installments that have not become due shall not be divided by judicial sale and shall become a lien when the special assessment installments become due.

### 358C.18 Additional territory.

1. The district may be enlarged and additional territory annexed to the district by either of the following methods:
   a. By petitions signed by the owners of all the property to be annexed to the district. If a petition requesting annexation is presented to the trustees and approved by the trustees the change in the boundaries to include the additional area shall be certified by the clerk of the district to the county auditor in which the greater portion of the district is located and thereafter the district shall include the area thus annexed.
   b. By a petition filed with the clerk of the district, signed by persons owning not less than fifty percent of the area to be annexed, but not signed by persons owning all the area requested to be annexed. On the filing of the petition, the trustees of the district shall fix a time and place for a hearing on the petition and give notice of the hearing, as provided in section 331.305, and by certified mail to the record owners of all persons owning land within the territory sought to be annexed, not less than ten days prior to the date of the hearing, if the address of the owners is known or can be ascertained by reasonable diligence by the trustees. At the hearing, any person owning property within the area proposed to be annexed or any person owning property or residing within the district may appear and be heard. If, after the hearing, the board of trustees determines that annexation of the additional area will be conducive to the public health, convenience, and welfare and will not be an undue burden on the district, the board of trustees may, by resolution, annex the additional area and fix the boundary which shall not include more than the area requested in the petition. A copy of the resolution shall be filed with the county auditor of the county in which the largest portion of the district is located and thereafter the area included by the resolution shall be a part of the district.

2. All property, from and after it is annexed to the district, shall be subject to all taxes and other burdens levied by the district, regardless of when the obligation for which the taxes or assessments are levied was incurred.

95 Acts, ch 200, §18
358C.19 Annexation by a city.
When a city or real estate improvement district proposes that the district be annexed by the city, either wholly or partially, an owner of property in the district shall not object to the annexation if a city annexes all the territory within the boundaries of a real estate improvement district, the district shall merge with the city and the city shall succeed to all the property and property rights of every kind, contracts, and obligations, held by or belonging to the district, and the city shall be liable for and recognize, assume, and carry out all valid contracts and obligations of the district. The city may assume and provide for the payment of the obligations of any bonds of the district by issuing general obligation, special assessment, or revenue refunding bonds which may be sold at public or private sale or exchanged for outstanding bonds. General obligation bonds of the city may be issued to refund special assessment and revenue obligations if the governing body of the city determines that it is in the best interest of the city. The refunding of these obligations shall constitute an essential corporate purpose under section 384.24. All taxes, assessments, claims, and demands of every kind due or owing to the district shall be paid to and collected by the city. Any special assessments which the district was authorized to levy, assess, relieve, or reassess, but which were not levied, assessed, relieved, or reassessed, at the time of the merger, for improvements made by the district or in the process of construction or contracted for may be levied, assessed, relieved, or reassessed by the annexing city to the same extent as the district may have levied or assessed but for the merger. However, this section does not authorize the annexing city to revoke any resolution, order, or finding made by the district in regard to special benefits or increase any assessments made by the district, but the city shall be bound by all findings or orders and assessments to the same extent as the district would be bound. Also, a district shall not levy any special assessments after the effective date of the annexation.

95 Acts, ch 200, §19

358C.20 Effective date of merger.
The merger shall be effective thirty days after the effective date of the ordinance annexing the territory within the district. However, if the validity of the ordinance annexing the territory is challenged by a court proceeding, the effective date of the merger shall be thirty days after the final determination of the validity of the ordinance. The trustees of a district shall continue in possession and conduct the affairs of the district until the effective date of the merger, but shall not during the period levy any special assessments after the effective date of annexation.

95 Acts, ch 200, §20

358C.21 Dissolution of district.
When a majority of the board of trustees of a district desire that the district be wholly dissolved, the trustees shall first propose a resolution declaring the advisability of the dissolution and setting out the terms and conditions of the dissolution, and also setting out the time and place when the board of trustees shall meet to consider the adoption of the resolution. Notice of the time and place when the resolution shall be set for consideration shall be published as provided in section 331.305, which publication shall contain the entire wording of the proposed resolution. If any part of the district lies within the area of the jurisdiction of a city, then the trustees shall mail a copy of the proposed resolution to the city on the date of first publication of the resolution. At the hearing the owners of property within the district, or a city if any part of the district lies within the city, may appear and make objections to the proposed resolution. If the owners representing a majority of the area of real estate within the district fail to sign and present to the board, on or prior to the hearing date, a written petition opposing the resolution, a majority of the board of trustees may pass the resolution and adopt the proposed dissolution. However, the resolution shall not be adopted if the district is obligated on any outstanding bonds, warrants, or other debts or obligations unless the holders of the bonds, warrants, or other debts or obligations all sign written consents to the dissolution prior to the adoption of the resolution of dissolution. 362.3 Publication of notices.

1. Unless otherwise provided by state law:
   a. If notice of an election, hearing, or other official action is required by the city code, the notice must be published at least once, not less than four nor more than twenty days before the date of the election, hearing, or other action.
   b. A publication required by the city code must be in a newspaper published at least once weekly and having general circulation in the city. However, if the city has a population of two hundred or less, or in the case of ordinances and amendments to be published in a city in which no newspaper is published, a publication may be made by posting in three public places in the city which have been permanently designated by ordinance.

The petition shall include the signatures of the petitioners, a statement of their place of residence, and the date on which they signed the petition.

The petition shall be examined before it is accepted for filing. If the petition appears valid on its face it shall be accepted for filing. If it lacks the required number of signatures it shall be returned to the petitioner.

Petitions which have been accepted for filing are valid unless written objections are filed with the city clerk within five working days after the petition is received. The objection process in section 44.8 shall be followed.

362.5 Interest in public contract prohibited — exceptions.

1. When used in this section, “contract” means any claim, account, or demand against or agreement with a city, express or implied.

2. A city officer or employee shall not have an interest, direct or indirect, in any contract
or job of work or material or the profits thereof or services to be furnished or performed for
the officer's or employee's city. A contract entered into in violation of this section is void.
3. The provisions of this section do not apply to:
   a. The payment of lawful compensation of a city officer or employee holding more than
      one city office or position, the holding of which is not incompatible with another public office
      or is not prohibited by law.
   b. The designation of a bank or trust company as a depository, paying agent, or for
      investment of funds.
   c. An employee of a bank or trust company, who serves as treasurer of a city.
   d. Contracts made by a city, upon competitive bid in writing, publicly invited and opened.
   e. Contracts in which a city officer or employee has an interest solely by reason of
      employment, or a stock interest of the kind described in paragraph "i", or both, if the
      contracts are made by competitive bid in writing, publicly invited and opened, or if the
      remuneration of employment will not be directly affected as a result of the contract and the
      duties of employment do not directly involve the procurement or preparation of any part of
      the contract. The competitive bid qualification of this paragraph does not apply to a contract
      for professional services not customarily awarded by competitive bid.
   f. The designation of an official newspaper.
   g. A contract in which a city officer or employee has an interest if the contract was made
      before the time the officer or employee was elected or appointed, but the contract may not
      be renewed.
   h. Contracts with volunteer fire fighters or civil defense volunteers.
   i. A contract with a corporation in which a city officer or employee has an interest
      by reason of stockholdings when less than five percent of the outstanding stock of the
      corporation is owned or controlled directly or indirectly by the officer or employee or the
      spouse or immediate family of such officer or employee.
   j. Contracts not otherwise permitted by this section, for the purchase of goods or services
      by a city having a population of more than two thousand five hundred, which benefit a city
      officer or employee, if the purchases benefiting that officer or employee do not exceed a
      cumulative total purchase price of one thousand five hundred dollars in a fiscal year.
   k. Contracts not otherwise permitted by this section for the purchase of goods or services
      by a city having a population of two thousand five hundred or less, which benefit a city officer

      total purchase price of two thousand five hundred dollars in a fiscal year.
   l. Franchise agreements between a city and a utility and contracts entered into by a city
      for the provision of essential city utility services.
   m. A contract that is a bond, note, or other obligation of the city and the contract is not
      acquired directly from the city, but is acquired in a transaction with a third party who may or
      may not be the original underwriter, purchaser, or obligee of the contract.

362.6 Conflict of interest.
A measure voted upon is not invalid by reason of conflict of interest in an officer of a city,
unless the vote of the officer was decisive to passage of the measure. If a specific majority
or unanimous vote of a municipal body is required by statute, the majority or vote must be
computed on the basis of the number of officers not disqualified by reason of conflict of
interest. However, a majority of all members is required for a quorum. For the purposes
of this section, the statement of an officer that the officer declines to vote by reason of conflict
of interest is conclusive and must be entered of record.

362.7 Prior measures valid.
A valid measure adopted by a city prior to July 1, 1975, remains valid unless the measure is irreconcilable with the city code.
[C75, 77, 79, 81, §362.7]

362.8 Construction.
The city code, being necessary for the public safety and welfare, shall be liberally construed to effectuate its purposes.
[C75, 77, 79, 81, §362.8]

362.9 Application of city code.
The provisions of this chapter and chapters 364, 368, 372, 376, 380, 384, 388 and 392 are applicable to all cities.

CHAPTER 364
POWERS AND DUTIES OF CITIES

Section 364.1 Scope.
A city may, except as expressly limited by the Constitution of the State of Iowa, and if not inconsistent with the laws of the general assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the city or of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents. This grant of home rule powers does not include the power to enact private or civil law governing civil relationships, except as incident to an exercise of an independent city power.

2006 Acts, ch 1010, §95
Municipal home rule, Iowa Constitution, Art. III, §38A

Section 364.2 Vesting of power — franchises.
1. A power of a city is vested in the city council except as otherwise provided by a state law.
2. The enumeration of a specific power of a city does not limit or restrict the general grant of home rule power conferred by the Constitution of the State of Iowa. A city may exercise its general powers subject only to limitations expressly imposed by a state or city law.
3. An exercise of a city power is not inconsistent with a state law unless it is irreconcilable with the state law.
4. a. A city may grant to any person a franchise to erect, maintain, and operate plants and systems for electric light and power, heating, telegraph, cable television, district telegraph and alarm, motor bus, trolley bus, street railway or other public transit, waterworks, or gasworks, within the city for a term of not more than twenty-five years. When considering whether to grant, amend, extend, or renew a franchise, a city shall hold a public hearing on the question. Notice of the time and place of the hearing shall be published as provided in section 362.3. The franchise may be granted, amended, extended, or renewed only by an ordinance, but no exclusive franchise shall be granted, amended, extended, or renewed.
b. Such an ordinance shall not become effective unless approved at an election. The proposal may be submitted by the council on its own motion to the voters at any city election. Upon receipt of a valid petition as defined in section 362.4 requesting that a proposal be
submitted to the voters, the council shall submit the proposal at the next regular city election or at a special election called for that purpose before the next regular city election. However, the city council may dispense with such election as to the grant, amendment, extension, or renewal of an electric light and power, heating, or gasworks franchise unless there is a valid petition requesting submission of the proposal to the voters, or the party seeking such franchise, grant, amendment, extension, or renewal requests an election. If a majority of those voting approves the proposal, the city may proceed as proposed. The complete text of the ordinance shall be included on the ballot if conventional paper ballots are used. If an optical scan voting system is used, the proposal shall be stated on the optical scan ballot, and the full text of the ordinance posted for the voters pursuant to section 52.25. All absentee voters shall receive the full text of the ordinance.

c. Notice of the election shall be given by publication as prescribed in section 49.53 in a newspaper of general circulation in the city.

d. The person asking for the granting, amending, extension, or renewal of a franchise shall pay the costs incurred in holding the election, including the costs of the notice. A franchise shall not be finally effective until an acceptance in writing has been filed with the council and payment of the costs has been made.

e. The franchise ordinance may regulate the conditions required and the manner of use of the streets and public grounds of the city, and it may, for the purpose of providing electrical, gas, heating, or water service, confer the power to appropriate and condemn private property upon the person franchised.

f. (1) A franchise fee assessed by a city may be based upon a percentage of gross revenues generated from sales of the franchisee within the city not to exceed five percent, without regard to the city’s cost of inspecting, supervising, and otherwise regulating the franchise. Franchise fees collected pursuant to an ordinance in effect on May 26, 2009, shall be deposited in the city’s general fund and such fees collected in excess of the amounts necessary to inspect, supervise, and otherwise regulate the franchise may be used by the city for any other purpose authorized by law. Franchise fees collected pursuant to an ordinance that is adopted or amended on or after May 26, 2009, to increase the percentage rate at which franchise fees are assessed shall be credited to the franchise fee account within the city’s general fund and used pursuant to section 384.3A. If a city franchise fee is assessed to customers of a franchise, the fee shall not be assessed to the city as a customer. Before a city adopts or amends a franchise fee rate ordinance or franchise ordinance to increase the percentage rate at which franchise fees are assessed, a revenue purpose statement shall be prepared specifying the purpose or purposes for which the revenue collected from the increased rate will be expended. If property tax relief is listed as a purpose, the revenue purpose statement shall also include information regarding the amount of the property tax relief to be provided with revenue collected from the increased rate. The revenue purpose statement shall be published as provided in section 362.3.

(2) If a city adopts, amends, or repeals an ordinance imposing a franchise fee, the city shall promptly notify the director of revenue of such action.

g. If a city grants more than one cable television franchise, the material terms and conditions of any additional franchise shall not give undue preference or advantage to the new franchisee. A city shall not grant a new franchise that does not include the same territory as that of the existing franchise. A new franchisee shall be given a reasonable period of time to build the new system throughout the territory.

5. If provided by ordinance, a city may enter into a chapter 28E agreement for the collection of delinquent parking fines by a county treasurer pursuant to section 321.40 at the time a person applies for renewal of a motor vehicle registration, for violations that have not been appealed or for which appeal has been denied. The city may pay the treasurer a reasonable fee for the collection of such fines, or may allow the county treasurer to retain a portion of the fines collected, as provided in the agreement.

[C51, §664; R60, §1047, 1056, 1057, 1090, 1094, 1095; C73, §454 – 456, 471, 473, 474, 517, 523, 524; C97, §695, 720 – 722, 775, 776; S13, §695, 720 – 722, 776; C24, 27, 31, 35, §5738, 5904, 5904-c1, 5905 – 5909, 6128, 6131 – 6134; C39, §5738, 5904, 5904.1, 5905 – 5909, 6128, 6131 – 6134; C46, 50, §368.1, 386.1 – 386.7, 397.2, 397.5 – 397.8; C54, 58, 62, 66, §368.2, 386.1
364.3 Limitation of powers.

The following are limitations upon the powers of a city:

1. A city council shall exercise a power only by the passage of a motion, a resolution, an amendment, or an ordinance.

2. For a violation of an ordinance a city shall not provide a penalty in excess of the maximum fine and term of imprisonment for a simple misdemeanor under section 903.1, subsection 1, paragraph “a”. An amount equal to ten percent of all fines collected by cities shall be deposited in the account established in section 602.8108. However, one hundred percent of all fines collected by a city pursuant to section 321.236, subsection 1, shall be retained by the city. The criminal penalty surcharge required by section 911.1 shall be added to a city fine and is not a part of the city’s penalty.

3. A city may not set standards and requirements which are lower or less stringent than those imposed by state law, but may set standards and requirements which are higher or more stringent than those imposed by state law, unless a state law provides otherwise.

4. A city shall not impose any fee or charge on any individual or business licensed by the board for the right to perform plumbing, HVAC, refrigeration, or hydronic systems work within the scope of the license. This paragraph does not prohibit a city from charging fees for the issuance of permits for, and inspections of, work performed in its jurisdiction.

5. A city may not levy a tax unless specifically authorized by a state law.

6. A city shall not adopt or enforce any ordinance imposing any registration or licensing system or registration or license fees for or relating to owner-occupied manufactured or mobile homes including the lots, lands, or manufactured home community or mobile home park upon or in which they are located. A city shall not adopt or enforce any ordinance imposing any registration or licensing system, or registration or license fees, or safety or sanitary standards for rental manufactured or mobile homes unless a similar registration or licensing system, or registration or license fees, or safety or sanitary standards are required for other rental properties intended for human habitation. This subsection does not preclude the investigation and abatement of a nuisance or the enforcement of a tiedown system, or the enforcement of any regulations of the state or local board of health if those regulations apply to other rental properties or to owner-occupied housing intended for human habitation.

7. A city which operates a cable communications system shall manage the right-of-way on a competitively neutral and nondiscriminatory basis. Additionally, a city-operated cable communications system shall be required to pay the same fees and charges and comply with other requirements as may be imposed by the city by ordinance or by the terms of a franchise granted by the city, or as may otherwise be imposed by the city, upon any other cable provider. This subsection does not prohibit a city from making an equitable apportionment of franchise requirements between or among cable television providers, in order to eliminate duplication. This subsection shall not be construed to prohibit a city-operated cable communications system from making transfers of surplus as otherwise allowed or from making in-kind contributions as otherwise allowed.

8. A city may adopt and enforce an ordinance requiring the construction of a storm shelter at a manufactured home community or mobile home park which is constructed after July 1, 1999. In lieu of requiring construction of a storm shelter, a city may require a community or park owner to provide a plan for the evacuation of community or park
§364.3, POWERS AND DUTIES OF CITIES

Residents to a safe place of shelter in times of severe weather including tornadoes and high winds if the city determines that a safe place of shelter is available within a reasonable distance of the manufactured home community or mobile home park for use by community or park residents. Each evacuation plan prepared pursuant to this subsection shall be filed with, and approved by, the local emergency management agency. If construction of a storm shelter is required, an ordinance adopted or enforced pursuant to this subsection shall not include any of the following requirements:

(1) That the size of the storm shelter be larger than the equivalent of seven square feet for each manufactured or mobile home space in the manufactured home community or mobile home park.

(2) That the storm shelter include a restroom if the shelter is used exclusively as a storm shelter.

(3) That the storm shelter exceed the construction specifications approved by a licensed professional engineer and presented by the owner of the manufactured home community or mobile home park.

(4) That the shelter be located any closer than one thousand three hundred twenty feet from any manufactured or mobile home in the community. However, this restriction shall not prohibit the adoption or enforcement of an ordinance that requires a minimum of one shelter to be located in a manufactured home community or mobile home park.

b. For the purposes of this subsection:

(1) “Manufactured home community” means the same as land-leased community defined in sections 335.30A and 414.28A.

(2) “Mobile home park” means a mobile home park as defined in section 562B.7.

(3) “Storm shelter” means a single structure or multiple structures designed to provide persons with temporary protection from a storm.

9. A city shall not adopt or enforce any ordinance imposing any limitation on the amount of rent that can be charged for leasing private residential or commercial property. This subsection does not prevent the right of a city to manage and control residential property in which the city has a property interest.

10. A city which operates a utility that furnishes gas or electricity shall manage the right-of-way on a competitively neutral and nondiscriminatory basis. Such city utility shall be required to pay the fees and charges computed in the same manner as those fees and charges which are imposed by the city upon any other provider of a similar service within the corporate boundaries of the city. Such city utility shall also comply with the terms of the franchise granted by the city to the provider of a similar service. This subsection shall not be construed to prohibit the city utility from making transfers of surplus as otherwise allowed or from making in-kind contributions as otherwise allowed. However, a city shall not require that transfers from the city utility be in excess of the franchise fee amount imposed upon the provider of a similar service unless otherwise agreed.

Referred to in §§31.427, 364.22, 388.10, 455B.192

364.4 Property and services outside of city — lease-purchase — insurance.

A city may:

1. a. Acquire, hold, and dispose of property outside the city in the same manner as within. However, the power of a city to acquire property outside the city does not include the power to acquire property outside the city by eminent domain, except for the following, subject to the provisions of chapters 6A and 6B:

(1) The operation of a city utility as defined in section 362.2.
(2) The operation of a city franchise conferred the authority to condemn private property under section 364.2.

(3) The operation of a combined utility system as defined in section 384.80.

(4) The operation of a municipal airport.

(5) The operation of a landfill or other solid waste disposal or processing site.

(6) The use of property for public streets and highways.

(7) The operation of a multistate entity, of which the city is a participating member, created to provide drinking water that has received or is receiving federal funds, but only if such property is to be acquired for water transmission and service lines, pump stations, water storage tanks, meter houses and vaults, related appurtenances, or supporting utilities.

b. The exceptions provided in paragraph “a”, subparagraphs (1) through (3), apply only to the extent the city had this power prior to July 1, 2006.

2. By contract, extend services to persons outside the city.

3. Enact and enforce ordinances relating to city property and city-extended services outside the city.

4. Enter into leases or lease-purchase contracts for real or personal property in accordance with the following terms and procedures:

   a. A city shall lease or lease-purchase property only for a term which does not exceed the economic life of the property, as determined by the governing body.

   b. A lease or lease-purchase contract entered into by a city may contain provisions similar to those sometimes found in leases between private parties, including, but not limited to, the obligation of the lessee to pay any of the costs of operation or ownership of the leased property and the right to purchase the leased property.

   c. A provision of a lease or lease-purchase contract which stipulates that a portion of the rent payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A city utility or city enterprise is a separate entity under this subsection whether it is governed by the governing body of the city or another governing body.

   d. The governing body must follow substantially the same authorization procedures required for the issuance of general obligation bonds issued for the same purpose to authorize a lease or a lease-purchase contract made payable from the debt service fund.

   e. The governing body may authorize a lease or lease-purchase contract which is payable from the general fund if the contract would not cause the total of annual lease or lease-purchase payments due from the general fund of the city in any single future fiscal year for all lease or lease-purchase contracts in force on the date of the authorization, excluding payments to exercise purchase options or to pay the expenses of operation or ownership of the property, to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

      (1) The governing body must follow substantially the authorization procedures of section 384.25 to authorize a lease or lease-purchase contract for personal property which is payable from the general fund. The governing body must follow substantially the authorization procedures of section 384.25 to authorize the lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease-purchase contract does not exceed the following limits:

published at least once in a newspaper of general circulation within the city at least ten days
prior to the discussion meeting. No sooner than thirty days following the discussion meeting
shall the governing body hold a meeting at which it is proposed to take action to enter into
the lease or lease-purchase contract.

(b) (i) If at any time before the end of the thirty-day period after which a meeting may
be held to take action to enter into the lease or lease-purchase contract, a petition is filed
with the clerk of the city in the manner provided by section 362.4, asking that the question
of entering into the lease or lease-purchase contract be submitted to the registered voters
of the city, the governing body shall either by resolution declare the proposal to enter into
the lease or lease-purchase contract to have been abandoned or shall direct the county

lease or lease-purchase contract. However, for purposes of this subparagraph, the petition
shall not require signatures in excess of one thousand persons.

(ii) The question to be placed on the ballot shall be stated affirmatively in substantially
the following manner:

funds.

h. Property that is lease-purchased by a city is exempt under section 427.1, subsection 2.

i. A contract for construction by a private party of property to be leased or lease-purchased
by a city is not a contract for a public improvement under section 26.2, subsection 3, except
for purposes of section 26.12. However, if a lease-purchase contract is funded in advance by
means of the lessor depositing moneys to be administered by a city, with the city’s obligations
to make rent payments commencing with its receipt of moneys, a contract for construction of
the property in question awarded by the city is subject to chapter 26.

5. Enter into insurance agreements obligating the city to make payments beyond its
current budget year to procure or provide for a policy of insurance, a self-insurance program,
or a local government risk pool to protect the city against tort liability, loss of property, or any
other risk associated with the operation of the city. Such a self-insurance program or local
government risk pool is not insurance and is not subject to regulation under chapters 505
through 523C. However, those self-insurance plans regulated pursuant to section 509A.14

A city may by ordinance require a railway company operating railway tracks on or across a city street to construct or reconstruct, and maintain, an overpass or underpass to permit the street to pass over or under the tracks, and may establish specifications for the construction or reconstruction of such an overpass or underpass, subject to the following:

1. The requirement may not be enforced until the Iowa state department of transportation approves the specifications for a construction or reconstruction, after examination and a determination that the overpass or underpass is necessary for public safety and convenience.
2. The council shall hold a hearing on the matter and shall give not less than twenty days’ notice of the hearing to the railway companies involved, served in the same manner as an original notice.
3. A city may not require overpasses or underpasses of the same railway company to be constructed closer than on every fourth parallel street, nor require a company to construct or contribute to the construction of more than one overpass or underpass each year, nor require the construction of approaches longer than a total of eight hundred feet for a single overpass or underpass.
4. A city which requires construction or reconstruction of an overpass or underpass shall
provide for appraisal and assessment of resulting damage to private property, and shall pay
the damages assessed, all as provided in chapter 6B.

5. A city shall pay one half of all required maintenance costs, and may allocate costs
between railway companies whose tracks are to be crossed by an overpass or underpass.

6. A city may enforce a requirement made as provided in this section by an action
in mandamus, to be conducted and enforced as provided in section 327C.16 for actions

A city may require a railway company to provide necessary structures, temporary and
permanent, to carry its tracks during and after construction of a diverted channel for flood
control purposes, subject to the following:

1. The city shall give notice to the railway company, served in the same manner as an

interfere with the construction of the diverted channel or the free flow of water.

2. If the company does not comply with the requirement, the city may provide the
necessary structures, and the railway is liable for the cost of the construction, in addition to
its liability for assessment for special benefits as other property is assessed. The cost of the
construction may be collected by the city from the company by court action.

364.11 Street construction by railways.
All railway companies shall construct and repair all street improvements between the rails
of their tracks, and one foot outside, at their own expense, unless by ordinance the railway is
required to improve other portions of the street, and in that case the railway shall construct
and repair the improvement of that part of the street specified by the ordinance, and the
improvement or repair must be of the material and character ordered by the city, and must
be done at the time the remainder of the improvement is constructed or repaired.

When an improvement is made, the company shall lay rail as required by the council, and
shall then keep up to grade that part of the improvement they are required to construct or
maintain.

If a railway fails or refuses to comply with the order of the council to construct or repair
an improvement, the work may be done by the city and the expense shall then be assessed
upon the property of the railway company, for collection in the same manner as a property
tax. A tax assessed under this section shall also be a debt due from the railway, and may be

364.12 Responsibility for public places.
1. As used in this section, "property owner" means the contract purchaser if there is one of record, otherwise the record holder of legal title.
2. A city shall keep all public grounds, streets, sidewalks, alleys, bridges, culverts, overpasses, underpasses, grade crossing separations and approaches, public ways, squares, and commons open, in repair, and free from nuisance, with the following exceptions:
   a. Public ways and grounds may be temporarily closed by resolution. Following notice as provided in section 362.3, public ways and grounds may be vacated by ordinance.
   b. The abutting property owner is responsible for the removal of the natural accumulations of snow and ice from the sidewalks within a reasonable amount of time and may be liable for damages caused by the failure of the abutting property owner to use reasonable care in the removal of the snow or ice. If damages are to be awarded under this section against the abutting property owner, the claimant has the burden of proving the amount of the damages. To authorize recovery of more than a nominal amount, facts must exist and be shown by the evidence which afford a reasonable basis for measuring the amount of the claimant's actual damages, and the amount of actual damages shall not be determined by speculation, conjecture, or surmise. All legal or equitable defenses are available to the abutting property owner in an action brought pursuant to this paragraph. The city's general duty under this subsection does not include a duty to remove natural accumulations of snow or ice from the sidewalks. However, when the city is the abutting property owner it has the specific duty of the abutting property owner set forth in this paragraph.
   c. The abutting property owner may be required by ordinance to maintain all property outside the lot and property lines and inside the curb lines upon the public streets, except that the property owner shall not be required to remove diseased trees or dead wood on the publicly owned property or right-of-way.
   d. A city may serve notice on the abutting property owner, by certified mail to the property owner as shown by the records of the county auditor, requiring the abutting property owner to repair, replace, or reconstruct sidewalks.
   e. If the abutting property owner does not perform an action required under this subsection within a reasonable time, a city may perform the required action and assess the costs against the abutting property for collection in the same manner as a property tax. This power does not relieve the abutting property owner of liability imposed under paragraph "b".
   f. A city has no duty under this subsection with respect to property that is required by law to be maintained by a railway company.
3. A city may:
   a. Require the abatement of a nuisance, public or private, in any reasonable manner.
   b. Require the removal of diseased trees or dead wood, except as stated in subsection 2, paragraph "c" of this section.
   c. Require the removal, repair, or dismantling of a dangerous building or structure.
   d. Require the numbering of buildings.
   e. Require connection to public drainage systems from abutting property when necessary for public health or safety.
   f. Require connection to public sewer systems from abutting property, and require installation of sanitary toilet facilities and removal of other toilet facilities on such property.
   g. Require the cutting or destruction of weeds or other growth which constitutes a health, safety, or fire hazard.
   h. If the property owner does not perform an action required under this subsection within a reasonable time after notice, a city may perform the required action and assess the costs against the property for collection in the same manner as a property tax. Notice may be in the form of an ordinance or by certified mail to the property owner as shown by the records of the county auditor, and shall state the time within which action is required. However, in an emergency a city may perform any action which may be required under this section without prior notice, and assess the costs as provided in this subsection, after notice to the property owner and hearing.
4. In addition to any other remedy provided by law, a city may also seek reimbursement for

364.12A Condemnation of residential buildings — public purpose.

For the purposes of section 6A.4, subsection 6, a city may condemn a residential building found to be a public nuisance and take title to the property for the public purpose of disposing of the property under section 364.7 by conveying the property to a private individual for rehabilitation or for demolition and construction of housing.

364.14 Personal injuries.
When action is brought against a city for personal injuries alleged to have been caused by its negligence, the city may notify in writing any person by whose negligence it claims the injury was caused. The notice shall state the pendency of the action, the name of the plaintiff, the name and location of the court where the action is pending, a brief statement of the alleged facts from which the cause arose, that the city believes that the person notified is liable to it for any judgment rendered against the city, and asking the person to appear and defend. A judgment obtained in the suit is conclusive in any action by the city against any person so notified, as to the existence of the defect or other cause of the injury or damage, as to the liability of the city to the plaintiff in the first named action, and as to the amount of the damage or injury. A city may maintain an action against the person notified to recover the amount of the judgment together with all the expenses incurred by the city in the suit.

If a city has established the grade of a street or alley, and any person has made improvements on lots abutting the street or alley according to the established grade, and afterward the grade is altered in a manner to damage, injure, or diminish the value of the improved property, the city shall pay to the owner of the property the amount of such damage or injury.

If a city has opened a street or alley, and any person has made improvements on lots abutting the street or alley or uses such street or alley for ingress or egress, and afterward the street or alley is vacated causing damage or injury or loss of access, or diminishing the value of the improved property, the city shall pay to the owner of the property the amount of such damage or injury.

364.16 Municipal fire protection.
Each city shall provide for the protection of life and property against fire and may establish, house, equip, staff, uniform, and maintain a fire department. A city may establish fire limits and may, consistent with code standards promulgated by nationally recognized fire prevention agencies, regulate the storage, handling, use, and transportation of all flammables, combustibles, and explosives within the corporate limits and inspect for and abate fire hazards. A city may provide conditions upon which the fire department will answer calls outside the corporate limits or the territorial jurisdiction and boundary limits of this state. A city has the same governmental immunity outside its corporate limits when providing fire protection as when operating within the corporate limits. Fire fighters operating equipment on calls outside the corporate limits are entitled to the benefits of chapter 410 or 411 when otherwise qualified.

1. A city with a population of fifteen thousand or more may adopt by ordinance the latest version of one of the following housing codes before January 1, 1981:
   a. The uniform housing code promulgated by the international conference of building officials.
   b. The housing code promulgated by the American public health association.
   c. The basic housing code promulgated by the building officials conference of America.
   d. The standard housing code promulgated by the southern building code congress international.
   e. Housing quality standards promulgated by the United States department of housing and urban development for use in assisted housing programs.
2. Every city with a population of fifteen thousand or more which has not adopted another housing code under this section by January 1, 1981, is subject to and shall be considered to have adopted the uniform housing code promulgated by the international conference of building officials, as amended to January 1, 1980. A city which reaches a population of fifteen thousand, as determined after July 1, 1980, has six months after such determination to comply with this section.
3. a. A city which adopts or is subject to a housing code under this section shall adopt enforcement procedures, which shall include a program for regular rental inspections, rental inspections upon receipt of complaints, and certification of inspected rental housing, and may include but are not limited to the following:
   (1) A schedule of civil penalties or criminal fines for violations. A city may charge the owner of housing a late payment fee of twenty-five dollars and may add interest of up to one and one-half percent per month if a penalty or fine imposed under this subparagraph is not paid within thirty days of the date that the penalty or fine is due. The city shall send a notice of the late payment fee to such owner by first class mail to the owner’s personal or business mailing address. The late payment fee and the interest shall not accrue if such owner files an appeal with either the city, if the city has established an appeals procedure, or the district court. Any unpaid penalty, fine, fee, or interest shall constitute a lien on the real property and may be collected in the same manner as a property tax. However, before a lien is filed, the city shall send a notice of intent to file a lien to the owner of the housing by first class mail to such owner’s personal or business mailing address.
   (2) Authority for the issuance of orders requiring violations to be corrected within a reasonable time.
   (3) Authority for the issuance of citations pursuant to sections 805.1 to 805.5 upon a failure to satisfactorily remedy a violation.
   (4) Authority, if other methods have failed, for an officer to contract to have work done as necessary to remedy a violation, the cost of which shall be assessed to the violator and constitute a lien on the property until paid.
   (5) An escrow system for the deposit of rent which will be applied to the costs of correcting violations.
   (6) Mediation of disputes based upon alleged violations.
   (7) Injunctive procedures.
   (8) Authority by ordinance to provide that no rent shall be recoverable by the owner or lessee of any dwelling which does not comply with the housing code adopted by the city until such time as the dwelling does comply with the housing code adopted by the city.
   b. The enforcement procedures shall be designed to improve housing conditions rather than to displace persons from their homes.
4. A city which is subject to the uniform housing code or which adopts another housing code under this section may provide reasonable variances for existing structures which cannot practically meet the standards in the code but are not unsafe for habitation.
5. Cities may establish reasonable fees for inspection and enforcement procedures. A city may charge the owner of housing a late payment penalty of twenty-five dollars and may add interest of up to one and one-half percent per month if a fee imposed under this subsection is not paid within thirty days of the date that the fee is due. The city shall send a notice of the late payment penalty to such owner by first class mail to the owner’s personal or business
mailing address. The late payment penalty and the interest shall not accrue if such owner files an appeal with either the city, if the city has established an appeals procedure, or the district court. Any unpaid fee, penalty, or interest shall constitute a lien on the real property and may be collected in the same manner as a property tax. However, before a lien is filed, the city shall send a notice of intent to file a lien to the owner of the housing by first class mail to such owner’s personal or business mailing address.

6. Cities with populations of less than fifteen thousand may comply with this section.

7. A city may adopt housing code provisions which are more stringent than those in the model housing code it adopts or to which it is subject under this section.

However, the sticker is not required to be affixed to an unmarked vehicle used for purposes of providing law enforcement or security.

97 Acts, ch 184, §6

364.22 Municipal infractions.

1. a. A municipal infraction is a civil offense punishable by a civil penalty of not more than seven hundred fifty dollars for each violation or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. However, notwithstanding section 364.3, a municipal infraction arising from noncompliance with a
pretreatment standard or requirement, referred to in 40 C.F.R. § 403.8, by an industrial user may be punishable by a civil penalty of not more than one thousand dollars for each day a violation exists or continues.

b. (1) A city may classify a municipal infraction, other than a violation arising from noncompliance with a pretreatment standard or requirement, as an environmental violation if the infraction is a violation of chapter 455B or 459, subchapters II and III, or a violation of a standard established by the city in consultation with the department of natural resources, or both. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, unless the person is engaged in industrial production or manufacturing of grain products. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person engaged in industrial production or manufacturing of grain products, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, if the discharge occurs from September 15 to January 15. A municipal infraction which is classified an environmental violation is punishable by a civil penalty of not more than one thousand dollars for each occurrence. A person committing an environmental violation is not subject to a civil penalty, if all of the following conditions are satisfied:

(a) The violation results solely from the person conducting an initial start-up, cleaning, repairing, performing scheduled maintenance, testing, or conducting a shutdown, of either equipment causing the violation or the equipment designed to reduce or eliminate the violation.

(b) The person notifies the city of the violation within twenty-four hours from the time that the violation begins.

(c) The violation does not continue in existence for more than eight hours.

(2) A city shall not enforce this section against a person committing an environmental violation, until the city offers to participate in informal negotiations with the person. If the person accepts the offer, the city and the person shall participate in good faith negotiations to resolve issues alleged to be the basis for the violation.

2. A city by ordinance may provide that a violation of an ordinance is a municipal infraction.

3. A city shall not provide that a violation of an ordinance is a municipal infraction if the violation is a felony, an aggravated misdemeanor, or a serious misdemeanor under state law or if the violation is a simple misdemeanor under chapters 687 through 747.

4. An officer authorized by a city to enforce a city code or regulation may issue a civil citation to a person who commits a municipal infraction. A copy of the citation may be served by personal service as provided in rule of civil procedure 1.305, by certified mail addressed to the defendant at the defendant’s last known mailing address, return receipt requested, or by publication in the manner as provided in rule of civil procedure 1.310 and subject to the conditions of rule of civil procedure 1.311. A copy of the citation shall be retained by the issuing officer, and the original citation shall be sent to the clerk of the district court. The citation shall serve as notification that a civil offense has been committed and shall contain the following information:

a. The name and address of the defendant.

b. The name or description of the infraction attested to by the officer issuing the citation.

c. The location and time of the infraction.

d. The amount of civil penalty to be assessed or the alternate relief sought, or both.

e. The manner, location, and time in which the penalty may be paid.

f. The time and place of court appearance.

g. The penalty for failure to appear in court.

h. The legal description of the affected real property, if applicable.

5. a. Upon receiving a citation under subsection 4 that affects real property and that charges a violation relating to the condition of the property, including a building code violation, a local housing regulation violation, a housing code violation, or a public health or safety violation, the clerk of the district court shall index the citation pursuant to section
617.10, if the legal description of the affected property is included in or attached to the citation.

b. After filing the citation with the clerk of the district court, the city shall also file the citation in the office of the county treasurer. The county treasurer shall include a notation of the pendency of the action in the county system, as defined in section 445.1, until the judgment of the court is satisfied or until the action is dismissed. Pursuant to section 446.7, an affected property that is subject to a pending action shall not be offered for sale by the county treasurer at tax sale.

6. In municipal infraction proceedings:

a. The matter shall be tried before a magistrate, a district associate judge, or a district judge in the same manner as a small claim. The matter shall only be tried before a judge in district court if the total amount of civil penalties assessed exceeds the jurisdictional amount for small claims set forth in section 631.1.

b. The city has the burden of proof that the municipal infraction occurred and that the defendant committed the infraction. The proof shall be by clear, satisfactory, and convincing evidence.

c. The court shall ensure that the defendant has received a copy of the charges and that the defendant understands the charges. The defendant may question all witnesses who appear for the city and produce evidence or witnesses on the defendant’s behalf.

d. The defendant may be represented by counsel of the defendant’s own selection and at the defendant’s own expense.

e. The defendant may answer by admitting or denying the infraction.

f. If a municipal infraction is proven the court shall enter a judgment against the defendant. If the infraction is not proven, the court shall dismiss it.

7. All penalties or forfeitures collected by the court for municipal infraction shall be remitted to the city in the same manner as fines and forfeitures are remitted for criminal violations under section 602.8106. If the person named in the citation is served as provided in this section and fails without good cause to appear in response to the civil citation, judgment shall be entered against the person cited.

8. A person against whom judgment is entered, shall pay court costs and fees as in small claims under chapter 631. If the action is dismissed, the city is liable for the court costs and court fees. Where the action is disposed of without payment, or provision for assessment, of court costs, the clerk shall at once enter judgment for costs against the city.

9. Seeking a civil penalty as authorized in this section does not preclude a city from seeking alternative relief from the court in the same action.

10. a. When judgment has been entered against a defendant, the court may do any of the following:

1) Impose a civil penalty by entry of a personal judgment against the defendant.

2) Direct that payment of the civil penalty be suspended or deferred under conditions imposed by the court.

3) Grant appropriate alternative relief ordering the defendant to abate or cease the violation.

4) Authorize the city to abate or correct the violation.

5) Order that the city’s costs for abatement or correction of the violation be entered as a personal judgment against the defendant or assessed against the property where the violation occurred, or both.

b. If a defendant willfully violates the terms of an order imposed by the court, the failure is contempt.

c. A magistrate or district associate judge shall have jurisdiction to assess or enter judgment for costs of abatement or correction in an amount not to exceed the jurisdictional amount for a money judgment in a civil action pursuant to section 631.1, subsection 1, for magistrates and section 602.6306, subsection 2, for district associate judges. If the city seeks abatement or correction costs in excess of those amounts, and the matter is not before a judge in district court, the case shall be referred to the district court for hearing and entry of an appropriate order. The procedure for hearing in the district court shall be the same procedure as that for a small claims appeal pursuant to section 631.13.
11. The defendant or the city may file a motion for a new trial or may appeal the decision of a magistrate, district associate judge, or a district judge to the district court. The procedure on appeal shall be the same as for a small claim pursuant to section 631.13. A factual determination made by the trial court, supported by substantial evidence as shown in the record, is binding for purposes of appeal relating to the violation at issue, but shall not be admissible or binding as to any future violation for the same or similar ordinance provision by the same defendant.

12. This section does not preclude a peace officer of a city from issuing a criminal citation for a violation of a city code or regulation if criminal penalties are also provided for the violation. Each day that a violation occurs or is permitted to exist by the defendant, constitutes a separate offense.

13. The issuance of a civil citation for a municipal infraction or the ensuing court proceedings do not provide an action for false arrest, false imprisonment, or malicious prosecution.

14. An action brought pursuant to this section for a municipal infraction which is an environmental violation does not preclude, and is in addition to, any other enforcement action which may be brought pursuant to chapter 455B, 455D, 455E, or 459, subchapters II, III, and VI.

15. A police department may dispose of personal property under section 80.39.

364.22B Collection of judgment debt.
1. As used in this section, “judgment debt” means any criminal penalty, any personal judgment for a civil penalty, or any personal or in rem judgment for the costs of abating a nuisance or other violation, owing to a city in any proceeding brought as a municipal infraction under section 364.22, or in a civil nuisance proceeding under chapter 657, or in a criminal proceeding for a misdemeanor violation under a city ordinance.

2. Judgment debt owing to a city is deemed delinquent if it is not paid within thirty days after the date it is assessed. An amount which was ordered by the court to be paid on a date fixed in the future is deemed delinquent if it is not received by the clerk of court within thirty days after the fixed date set out in the court order. If an amount was ordered to be paid in installments and an installment is not received within thirty days after the date it is due, the entire amount of the judgment debt is deemed delinquent.

3. a. A city may contract with a private collection designee for the collection of a judgment debt sixty days after the judgment debt in a case is deemed delinquent pursuant to subsection 2.

b. The contract shall provide for a collection fee of up to twenty-five percent of the amount of the balance of the judgment debt in a case deemed delinquent. The collection fee shall be added to the amount of the judgment debt deemed delinquent. The amount of the judgment debt deemed delinquent and the collection fee shall be owed by and collected from the defendant. The collection fee shall be used to compensate the private collection designee.

368.2 Name change.
A city may change its name as follows:

2. The county commissioner of elections shall publish notice, as provided in section 362.3, of the proposed new name, and of the fact that the question will be submitted at the next regular city election. 3. If a majority of those voting on the question approves the proposed new name, the city clerk shall enter the new name upon the city records and file certified copies of the proceedings, including the council’s proposal, proof of publication of notice, and certification of the election result, with the county recorder of each county which contains part of the city, and with the secretary of state. 368.3 Discontinuance — cemetery fund transfer.
A city is discontinued if, for a period of six years or more, it has held no city election and has caused no taxes to be levied. If the board receives knowledge of facts which cause an automatic discontinuance under this section, it shall make a determination that the city is discontinued, shall take control of the property of the discontinued city, and shall carry out all necessary procedures as if the city were discontinued under a petition or plan.

A city may also be discontinued in accordance with the following procedures. The council shall adopt a resolution of intent to discontinue and shall call a public hearing on the proposal to discontinue. Notice of the time and place of the public hearing and the proposed action shall be published as provided in section 362.3, except that at least ten days’ notice must be given. At the public hearing, the council shall receive oral and written comments regarding the proposal from any person. Thereafter, the council, at the same meeting or at a subsequent meeting, may pass a resolution of discontinuance or pass a resolution abandoning the proposal. If the council passes a resolution of discontinuance, a petition may be filed with the clerk in the manner provided in section 362.4, within thirty days following the effective date of the resolution, requesting that the question of discontinuance be submitted to the registered voters of the city. Upon receipt of a petition requesting an election, the council shall direct the county commissioner of elections to call a special election on the question of discontinuance or shall adopt a resolution abandoning the discontinuance. Notice of the election shall be given by publication as required in section 49.53. If a majority of those voting approve the discontinuance or if no petition for an election is filed, the clerk shall send a copy of the resolution of discontinuance and, if an election is held, the results of the election to the board. 368.6 Intent.
It is the intent of the general assembly to provide an annexation approval procedure which gives due consideration to the wishes of the residents of territory to be annexed, and to the interests of the residents of all territories affected by an annexation. The general assembly presumes that a voluntary annexation of territory more closely reflects the wishes of the residents of territory to be annexed, and, therefore, intends that the annexation approval procedure include a presumption of validity for voluntary annexation approval.

91 Acts, ch 250, §2

368.7 Voluntary annexation of territory.
1. a. All of the owners of land in a territory adjoining a city may apply in writing to the council of the adjoining city requesting annexation of the territory. Territory comprising railway right-of-way or territory comprising not more than twenty percent of the land area may be included in the application without the consent of the owner to avoid creating an island or to create more uniform boundaries. Public land may be included in the territory to be annexed. However, the area of the territory that is public land included without the written consent of the agency with jurisdiction over the public land shall not be used to determine the percentage of territory that is included with the consent of the owner and without the consent of the owner.
b. (1) Prior to notification in paragraph "c", the annexing city shall provide written notice to the board of supervisors and township trustees of each county and township that contains
all or a portion of the territory to be annexed. The written notice shall include the same information required in paragraph “c” and shall set a time for a consultation on the proposed annexation between the annexing city and each county and township that contains all or a portion of the territory to be annexed. The consultation shall be held at least fourteen business days before the applications in paragraph “c” are mailed. The governing body of each such county and township may designate one of its members to attend the consultation. Each such county and township may make written recommendations for modification to the proposed annexation no later than seven business days following the date of the consultation.

(2) Not later than thirty days after the consultation, the board of supervisors of each county that contains all or a portion of the territory to be annexed shall, by resolution, state whether or not it supports the application or whether it takes no position in support of or against the application. If there is a comprehensive plan for the county, the board shall take the plan into account when considering its resolution. A copy of the resolution shall be immediately filed with the annexing city and shall be considered by the city council when taking action on the application. The city council shall forward a copy of the resolution to the city development board as part of the city proceedings on the annexation. Failure of a board of supervisors to adopt a resolution shall not delay the proceedings on the application nor shall such failure be considered a deficiency either in the application or in the annexing city’s proceedings.

c. A copy of the application shall be mailed by certified mail to the nonconsenting owner and each affected public utility, at least fourteen business days prior to any action taken by the city council on the application. The application must contain a legal description and a map of the territory showing its location in relationship to the city.

d. The city shall provide for a public hearing on the application before approving or denying it. The city shall provide written notice at least fourteen business days prior to any action by the city council regarding the application, including a public hearing, by regular mail to the chairperson of the board of supervisors of each county which contains a portion of the territory proposed to be annexed, each public utility which serves the territory proposed to be annexed, each owner of property located within the territory to be annexed who is not a party to the application, and each owner of property that adjoins the territory to be annexed unless the adjoining property is in a city. The city shall publish notice of the application and public hearing on the application in an official county newspaper in each county which contains a portion of the territory proposed to be annexed. Both the written and published notice shall include the time and place of the public hearing and a legal description of the territory to be annexed. The city shall not assess the costs of providing notice as required in this section to the applicants. The city council shall approve or deny the application by resolution of the council.

e. An application for annexation under this subsection may be withdrawn by an applicant at any time within three business days after the public hearing unless the application was made pursuant to a written agreement for the extension of city services or unless the right to withdraw the application was specifically identified and waived by the applicant in the application. A landowner who has consented to the annexation may, within three business days after the public hearing, withdraw the landowner’s consent to the annexation unless the landowner has entered into a written agreement for extension of city services or unless the right to withdraw consent was specifically identified and waived by the landowner.

f. An annexation including territory comprising not more than twenty percent of the land area without consent of the property owners is not complete without approval by four-fifths of the members of the city development board after a hearing for all affected property owners and the county. When considering such an annexation application, the board may request that the annexing city provide information on the amount of land located in the annexing city that is currently vacant or undeveloped and whether municipal services are being provided to current residents of the annexing city.

2. An application for annexation of territory not within an urbanized area of a city other than the city to which the annexation is directed must be approved by resolution of the council which receives the application. The city council shall mail a copy of the application by certified mail to the board of supervisors of each county which contains a portion of the

territory at least fourteen business days prior to any action taken by the city council on the application. The council shall also publish notice of the application in an official county newspaper in each county which contains a portion of the territory at least fourteen days prior to any action taken by the council on the application. Upon receiving approval of the council, the city clerk shall file a copy of the resolution, map, and legal description of the territory involved with the secretary of state, the county board of supervisors of each county which contains a portion of the territory, each affected public utility, and the state department of transportation. The city clerk shall also record a copy of the legal description, map, and resolution with the county recorder of each county which contains a portion of the territory. The secretary of state shall not accept and acknowledge a copy of a legal description, map, and resolution of annexation which would create an island. The annexation is completed upon acknowledgment by the secretary of state that the secretary of state has received the legal description, map, and resolution.

3. An application for annexation of territory within an urbanized area of a city other than the city to which the annexation is directed must be approved both by resolution of the council which receives the application and by the board. The board shall not approve an application which creates an island. Notice of the application shall be mailed by certified mail, by the city to which the annexation is directed, at least fourteen business days prior to any action by the city council on the application to the council of each city whose boundary adjoins the territory or is within two miles of the territory, to the board of supervisors of each county which contains a portion of the territory, each affected public utility, and to the regional planning authority of the territory. Notice of the application shall be published in an official county newspaper in each county which contains a portion of the territory at least ten business days prior to any action by the city council on the application. The annexation is completed when the board has filed and recorded copies of applicable portions of the proceedings as required by section 368.20, subsection 1, paragraph “b”.

4. a. If one or more applications for a voluntary annexation and one or more petitions for an involuntary annexation or incorporation for a common territory are submitted to the board within thirty days of the date the first application or petition was submitted to the board, the board shall approve the application for voluntary annexation, if the application meets the applicable requirements of this chapter, unless the board determines by a preponderance of the evidence that the application was filed in bad faith, or that the application as filed is contrary to the best interests of the citizens of the urbanized area, or that the applicant cannot within a reasonable period of time meet its obligation to provide services to the territory to be annexed sufficient to meet the needs of the territory. In consideration of the requests, the board may appoint a committee in the manner provided in section 368.14 to seek additional information from the applicant for voluntary annexation as necessary, including the information required of petitioners pursuant to section 368.11. The board, or the committee, if applicable, shall hold a public hearing on the application for voluntary annexation in the manner provided for involuntary petitions in section 368.15. The decision of the board under this subsection shall be made within ninety days of receipt of the application by the board. The failure of the board to approve an application under this paragraph shall be deemed final agency action subject to judicial review.

b. If an application for voluntary annexation is not approved pursuant to this section, the board shall cause the conversion of the application to a petition pursuant to section 368.13 and shall proceed under section 368.14A. The conversion of an application to a petition shall not prejudice the status of the applicant. Judicial review of a board decision under this subsection may be requested by an aggrieved party.

5. In the discretion of a city council, the resolution provided for in subsection 1, paragraph “d”, or subsection 2 or 3, may include a provision for a transition for the imposition of city
368.7A Secondary road annexation.

1. The board of supervisors of each affected county shall notify the city development board of the existence of that portion of any secondary road which extends to the center line but has not become part of the city by annexation and has a common boundary with a city. The notification shall include a legal description and a map identifying the location of the secondary road. The city development board shall provide notice and an opportunity to be heard to each city in or next to which the secondary road is located. The city development board shall certify that the notification is correct and declare the road, or portion of the road extending to the center line, annexed to the city as of the date of certification. This section is not intended to interfere with or modify existing chapter 28E agreements on jurisdictional transfer of roads, or continuing negotiations between jurisdictions.

368.11 Petition for involuntary city development action.
1. A petition for incorporation, discontinuance, or boundary adjustment may be filed with the board by a city council, a county board of supervisors, a regional planning authority, or five percent of the registered voters of a city or territory involved in the proposal. Notice of the filing, including a copy of the petition, must be served upon the council of each city for which a discontinuance or boundary adjustment is proposed, the board of supervisors for each county which contains a portion of a city to be discontinued or territory to be incorporated, annexed or severed, the council of a city if an incorporation includes territory within the city’s urbanized area, and any regional planning authority for the area involved.

2. Within ninety days of receipt of a petition, the board shall initiate appropriate proceedings or dismiss the petition. The board may combine for consideration petitions or plans which concern the same territory or city or which provide for a boundary adjustment or incorporation affecting common territory. The combined petitions may be submitted for consideration by a special local committee pursuant to section 368.14A.

3. The petition must include substantially the following information as applicable:
   a. A general statement of the proposal.
   b. A map of the territory, city or cities involved.
   c. Assessed valuation of platted and unplatted land.
   d. Names of property owners.
   e. Population density.
   f. Description of topography.
   g. Plans for disposal of assets and assumption of liabilities.
   h. Description of existing municipal services, including but not limited to water supply, sewage disposal, and fire and police protection.
   i. Plans for agreements with any existing special service districts.
   j. In a case of annexation or incorporation, the petition must state that none of the territory is within a city.
   k. In a case of incorporation or consolidation, the petition must state the name of the proposed city.
   l. Plans shall include a formal agreement between affected municipal corporations and
counts for the maintenance, improvement, and traffic control of any shared roads involved in an incorporation or boundary adjustment.

m. (1) In the discretion of a city council, a provision for a transition for the imposition of city taxes against property within an annexation area. The provision shall allow for an exemption from taxation of the following percentages of assessed valuation according to the following schedule:

(a) For the first and second years, seventy-five percent.
(b) For the third and fourth years, sixty percent.
(c) For the fifth and sixth years, forty-five percent.
(d) For the seventh and eighth years, thirty percent.
(e) For the ninth and tenth years, fifteen percent.

(2) An alternative schedule may be adopted by the city council. However, an alternative schedule shall not allow a greater exemption than that provided in this paragraph. The exemption shall be applied in the levy and collection of taxes. The provision may also allow for the partial provision of city services during the time in which the exemption from taxation is in effect. If the city council provides for a transition for the imposition of city taxes against property in an annexation area, all property owners included in the annexation area must receive the transition upon completion of the annexation.

n. In the case of an annexation, a plan for extending municipal services to be provided by the annexing city to the annexed territory within three years of July 1 of the fiscal year in which city taxes are collected against property in the annexed territory.

4. At least fourteen business days before a petition for involuntary annexation is filed as provided in this section, the petitioner shall make its intentions known by sending a letter of intent by certified mail to the council of each city whose urbanized area contains a portion of the territory, the board of supervisors of each county which contains a portion of the territory, the regional planning authority of the territory involved, each affected public utility, and to each property owner listed in the petition. The written notification shall include notice that the petitioners shall hold a public meeting on the petition for involuntary annexation prior to the filing of the petition.

5. Before a petition for involuntary annexation may be filed, the petitioner shall hold a public meeting on the petition. Notice of the meeting shall be published in an official county newspaper in each county which contains a part of the territory at least five days before the date of the public meeting. The mayor of the city proposing to annex the territory, or that person’s designee, shall serve as chairperson of the public meeting. The city clerk of the same city or the city clerk’s designee shall record the proceedings of the public meeting. Any person attending the meeting may submit written comments and may be heard on the petition. The minutes of the public meeting and all documents submitted at the public meeting shall be forwarded to the county board of supervisors of each county where the territory is located and to the board by the chairperson of the meeting.

6. Within thirty days after receiving notice that a petition for involuntary annexation has been filed with the board, the board of supervisors of each county that contains all or a portion of the territory to be annexed shall, by resolution, state whether or not it supports the petition or whether it takes no position in support of or against the petition. If there is a comprehensive plan for the county, the board shall take the plan into account when considering its resolution. A copy of the resolution shall be immediately filed with the annexing city and with the city development board. Failure of a board of supervisors to adopt a resolution shall not delay the proceedings on the petition nor shall such failure be considered a deficiency either in the petition or in the annexing city’s proceedings.

Three board members and one local representative, or if the number of local representatives exceeds one, three board members and at least one-half of the appointed local representatives, are required for a quorum of the committee. A local representative must be a registered voter of the territory or city which the representative represents, and must be selected as follows:

1. From a territory to be incorporated, one representative appointed by the county board of supervisors. If the territory is in more than one county, the board shall direct the appointment of a local representative from each county involved.

Three board members and at least one-half of the appointed local representatives are required for a quorum of the special local committee. The manner of appointment of representatives shall be the same as for single petition committees as provided in section 368.14. The special committee shall consider the petitions in conformity with the provisions of this chapter, and shall resolve common territory issues between petitioners. 4. An annexation unless the territory is adjoining the city to which it will be annexed, and the committee finds that the city will be able to provide to the territory substantial

5. A consolidation unless the cities are contiguous.

6. An incorporation of territory, any part of which is within two miles of an existing city, unless a petition for annexation of substantially the same territory to such city has been dismissed, disapproved, or voted upon unfavorably within the last five years.

If a petition or plan is approved, the board shall submit the proposal at an election held on a date specified in section 39.2, subsection 4, paragraph “a” or “b”, whichever is applicable, and the county commissioner of elections shall conduct the election. In a case of incorporation or discontinuance, registered voters of the territory or city may vote, and the proposal is authorized if a majority of those voting approves it. 2. The map shall be displayed prominently in at least one place within the voting precinct, and inside each voting booth.

2. Upon proper filing and expiration of time for appeal, the incorporation, discontinuance, or boundary adjustment is complete. However, if an appeal to any of the proceedings is pending, completion does not occur until the appeal is decided, unless a subsequent date is provided in the proposal.    c. Appeal of an approval of a petition or plan does not stay the election.
2. The judicial review provisions of this section and chapter 17A shall be the exclusive means by which a person or party who is aggrieved or adversely affected by agency action may seek judicial review of that agency action. The court’s review on appeal of a decision is limited to questions relating to jurisdiction, regularity of proceedings, and whether the decision appealed from is arbitrary, unreasonable, or without substantial supporting evidence. 368.25 Failure to provide municipal services.
Prior to expiration of the three-year period established in section 368.11, subsection 3, paragraph “n”, the annexing city shall submit a report to the board describing the status of the provision of municipal services identified in the plan required in section 368.11, subsection 3, paragraph “n”. If a city fails to provide municipal services, or fails to show substantial and continuing progress in the provision of municipal services, to territory involuntarily annexed, according to the plan for extending municipal services filed pursuant to section 368.11, subsection 3, paragraph “n”, within the time period specified in that subsection, the city development board may initiate proceedings to sever the annexed territory from the city. The board shall notify the city of the severance proceedings and shall hold a public hearing on the proposed severance. The board shall give notice of the hearing in the same manner as notice of a public meeting in section 368.11. The board may order severance of all or a portion of the territory and the order to sever is not subject to approval at an election. A city may request that the board allow up to an additional three years to provide municipal services if good cause is shown. As an alternative to severance of the territory, the board may impose a moratorium on additional annexation by the city until the city complies with its plan for extending municipal services. For purposes of this section, “municipal services” means services included in the plan required by section 368.11, subsection 3, paragraph “n”, for extending municipal services.

368.25A Boundary adjustment between cities by petition and consent.
1. A real property owner within the boundaries of a city may file a petition for severance with the city council if the petitioner’s real property, if severed, would be eligible for annexation by a different city and if such annexation would not create an island. Contiguous property owners may file a combined petition under this section.
2. The petition shall be filed with the city council of the city from which severance is sought and the city council of the city to which annexation is requested. The petition shall be in substantially the form required of an application under section 368.7.
3. If the city councils of both cities approve the petition, the petition shall be filed with the board. Approval by either city council may be conditioned upon an agreement entered
into by the cities providing for the transition of property taxes or the sharing of property tax revenues from the real property described in the petition for a period not to exceed forty years and providing for all necessary zoning ordinance changes within a period not to exceed ten years. An agreement between cities under this subsection shall be filed with the board at the same time the approved petition is filed. An agreement may include additional transition provisions relating to the transfer or sharing of property tax revenues for property outside the boundaries of the territory described in the petition and any other provisions deemed by the cities to be in the public interest if such actions are within the authority of the cities.

4. Following receipt of a petition, the board shall initiate proceedings to sever the territory from the city in which it is located and annex the territory to the annexing city. The board shall notify both cities of the severance and annexation proceedings and shall hold a public hearing on the severance, annexation, and any agreement between the cities pursuant to subsection 3. The board shall give notice of the hearing in the same manner as notice of a public meeting in section 368.11, subsection 5.

5. The board may only approve the petition if the board also approves any agreements between the cities pursuant to subsection 3, and filed with the board. The board may only approve or deny the severance and annexation of the territory described in the petition, and the order of the board approving the petition is not subject to approval at an election.

6. The severance and annexation approved by the board is completed when the board files with the secretary of state and the clerk of each city involved in the severance and annexation, and records with the recorder of each county which contains a portion of any city or territory involved, copies of the proceedings including the petition, any agreements between the cities, the order of the board approving the petition, proofs of service and publication of required notices, and any other material deemed by the board to be of primary importance to the proceedings. The board shall also file with the state department of transportation a copy of the map and legal land description of each completed severance and annexation under this section.

2010 Acts, ch 1022, §1

368.26 Annexation of certain property — compliance with less stringent regulations.

A city ordinance or regulation that regulates a condition or activity occurring on protected farmland or regulates a person who owns and operates protected farmland is unenforceable against the owner of the protected farmland for a period of ten years from the effective date of the annexation, to the extent the city ordinance or regulation is more stringent than county legislation. Section 335.2 shall apply to the protected farmland until the owner of the protected farmland determines that the land will no longer be operated as an agricultural operation. Any enforcement activity conducted in violation of this section is void.

A “condition or activity occurring on protected farmland” includes but is not limited to the raising, harvesting, drying, or storage of crops; the marketing of products at roadside stands or farm markets; the creation of noise, odor, dust, or fumes; the production, care, feeding, or housing of animals including but not limited to the construction, operation, or management of an animal feeding operation, an animal feeding operation structure, or aerobic structure, and to the storage, handling, or application of manure or egg washwater; the operation of machinery including but not limited to planting and harvesting equipment, grain dryers, grain handling equipment, and irrigation pumps; ground and aerial seeding and spraying; the application of chemical fertilizers, conditioners, insecticides, pesticides, and herbicides; and the employment and use of labor.

For the purposes of this section, “protected farmland” means land that is part of a century farm as that term is defined in section 403.17, subsection 10. For the purposes of this section, “county legislation” means any ordinance, motion, resolution, or amendment adopted by a county pursuant to section 331.302.

DIVISION I
FORMS OF GOVERNMENT

372.1 Forms of cities.
1. The forms of city government are:
   a. Mayor-council, or mayor-council with appointed manager.
   b. Commission.
   c. Council-manager-at-large.
   d. Council-manager-ward.
   e. Home rule charter.
   f. Special charter.
   g. City-county consolidated form as provided in sections 331.247 through 331.252.
   h. Community commonwealth as provided in sections 331.260 through 331.263.
2. A city when first incorporated has the mayor-council form. A city retains its form of government until it adopts a different form as provided in this division.
3. Within thirty days of the date that this section becomes effective, a city shall adopt by ordinance a charter embodying its existing form of government, which must be one of the forms provided in this division, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.
   [C54, 58, 62, 66, 71, 73, §363.1, 363.30; C75, 77, 79, 81, §372.1]
   Referred to in §372.2, 372.12

372.2 Six-year limitation.
Unless otherwise provided by law, a city may adopt a different form of government not more often than once in a six-year period. A different form, other than a home rule charter, special charter, city-county consolidated government, or community commonwealth, must be adopted as follows:
1. Eligible electors of the city may petition the council to submit to the electors the question of adopting a different form of city government. The minimum number of signatures required on the petition shall be equal in number to twenty-five percent of those
who voted in the last regular city election. The petition shall specify which form of city government in section 372.1 the petitioners propose for adoption.

2. a. Within fifteen days after receiving a valid petition, the council shall publish notice of the date that a special election will be held to determine whether the city shall change to a different form of government. The election date shall be as specified in section 39.2, subsection 4, paragraph "b". If the next election date specified in that paragraph is more than sixty days after the publication, the council shall publish another notice fifteen days before the election. The notice shall include a statement that the filing of a petition for appointment of a home rule charter commission will delay the election until after the home rule charter commission has filed a proposed charter. Petition requirements and filing deadlines shall also be included in the notice.

b. The council shall notify the county commissioner of elections to publish notice of the election and conduct the election pursuant to chapters 39 to 53. The county commissioner of elections shall certify the results of the election to the council.

3. If a majority of the persons voting at the special election approves the proposed form, it is adopted.

4. If a majority of the persons voting at the special election does not approve the proposed form, that form may not be resubmitted to the voters within the next four years.

5. If the proposed form is adopted:
   a. The elective officers provided for in the adopted form are to be elected at the next regular city election held more than eighty-four days after the special election at which the form was adopted. The adopted form becomes effective at the beginning of the new term following the regular city election.
   b. The change of form does not alter any right or liability of the city in effect when the new form takes effect.
   c. All departments and agencies shall continue to operate until replaced.
   d. All measures in effect remain effective until amended or repealed, unless they are irreconcilable with the adopted form.
   e. Upon the effective date of the adopted form, the city shall adopt by ordinance a new charter embodying the adopted form, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.

Referred to in §372.4, 372.5, 373.6

372.3 Home rule charter.
If a petition for appointment of a home rule charter commission is filed with the city clerk not more than ten days after the council has published the first notice announcing the date of the special election on adoption of another form of government, the special election shall not be held until the charter proposed by the home rule charter commission is filed. Both forms must be published as provided in section 372.9 and submitted to the voters at the special election.

372.4 Mayor-council form.
1. a. A city governed by the mayor-council form has a mayor and five council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The council may, by ordinance, provide for a city manager and prescribe the manager’s powers and duties, and as long as the council contains an odd number of council
members, may change the number of wards, abolish wards, or increase the number of council members at large without changing the form.

b. However, a city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member from each of four wards, or a special charter city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member elected from each of eight wards, may continue until the form of government is changed as provided in section 372.2 or section 372.9. While a city is thus operating with an even number of council members, the mayor may vote to break a tie vote on motions not involving ordinances, resolutions or appointments made by the council alone, and in a special charter city operating with ten council members under this section, the mayor may vote to break a tie vote on all measures.

2. The mayor shall appoint a council member as mayor pro tem, and shall appoint and dismiss the marshal or chief of police except where an intergovernmental agreement makes other provisions for police protection or as otherwise provided in section 400.13. However, the appointment and dismissal of the marshal or chief of police are subject to the consent of a majority of the council. Other officers must be selected as directed by the council. The mayor is not a member of the council and shall not vote as a member of the council.

3. In a city having a population of five hundred or more, but not more than five thousand, the city council may, or shall upon petition of the electorate meeting the numerical requirements of section 372.2, subsection 1, submit a proposal at the next regular or special city election to reduce the number of council members to three. If a majority of the voters voting on the proposal approves it, the proposal is adopted. If the proposal is adopted, the new council shall be elected at the next regular or special city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

4. In a city having a population of less than five hundred, the city council may adopt a resolution of intent to reduce the number of council members from five to three and shall call a public hearing on the proposal. Notice of the time and place of the public hearing shall be published as provided in section 362.3, except that at least ten days’ notice must be given. At the public hearing, the council shall receive oral and written comments regarding the proposal from any person. Thereafter, the council, at the same meeting as the public hearing or at a subsequent meeting, may adopt a final resolution to reduce the number of council members from five to three or may adopt a resolution abandoning the proposal. If the council adopts a final resolution to reduce the number of council members from five to three, a petition meeting the same requirements specified in section 362.4 for petitions authorized by city code may be filed with the clerk within thirty days following the effective date of the final resolution, requesting that the question of reducing the number of council members from five to three be submitted to the registered voters of the city. Upon receipt of a petition requesting an election, the council shall direct the county commissioner of elections to put the proposal on the ballot for the next regular city election. If the ballot proposal is adopted, the new council shall be elected at the next following regular city election. If a petition is not filed, the council shall notify the county commissioner of elections by July 1 of the year of the regular city election and the new council shall be elected at that regular city election. If the council notifies the commissioner of elections after July 1 of the year of the regular city election, the change shall take effect at the next following regular city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

5. City council membership reduced from five council members to three may be increased to five council members using the same procedure in subsection 3 or 4, as applicable.

372.5 Commission form.
1. A city governed by the commission form has five departments as follows:
   a. Department of public affairs.
   b. Department of accounts and finances.
   c. Department of public safety.
   d. Department of streets and public improvements.
   e. Department of parks and public property.
2. a. A city governed by the commission form has a council composed of a mayor and four council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The mayor administers the department of public affairs and each other council member is elected to administer one of the other four departments.
   b. However, a city governed, on July 1, 1975, by the commission form and having a council composed of a mayor and two council members elected at large may continue with a council of three until the form of government is changed as provided in section 372.2 or section 372.9 or without changing the form, may submit to the voters the question of increasing the council to five members assigned to the five departments as set out in this section.
3. The mayor shall supervise the administration of all departments and report to the council all matters requiring its attention. The mayor is a member of the council and may vote on all matters before the council.
4. The council member elected to administer the department of accounts and finances is mayor pro tem.
5. The council may appoint a city treasurer or may, by ordinance, provide for election of that officer.

372.6 Council-manager-at-large form.
1. A city governed by the council-manager-at-large form has five council members elected at large for staggered four-year terms. At the first meeting of the new term following each city election, the council shall elect one of the council members to serve as mayor, and one to serve as mayor pro tem. The mayor is a member of the council and may vote on all matters before the council. As soon as possible after the beginning of the new term following each city election, the council shall appoint a manager.
2. a. The city council of a city governed by the council-manager-at-large form may adopt a resolution on its own motion, or shall adopt a resolution if a petition valid under section 362.4 is filed with the city clerk, proposing that the city be governed by a mayor elected by the people for a four-year term and four council members elected at large. After adoption of the resolution, the council shall direct the county commissioner of elections to put the proposal on the ballot for the next general election or the next regular city election, whichever occurs first. If the ballot proposal is approved, the city council shall adopt an ordinance meeting the requirements of paragraph “b”, and the ordinance is effective beginning with the next following regular city election.
   b. The ordinance shall provide that the mayor is a member of the council and may vote on all matters before the council. The ordinance shall provide that the term of office of the mayor is four years and, after each regular city election, the mayor shall appoint a council member
as mayor pro tem. The ordinance shall provide that the mayor is a member of the council for purposes of maintaining staggered terms on the council. A council member’s term shall not be shortened or lengthened as a means of initially implementing the ordinance.

c. An ordinance adopted and approved under this subsection is not subject to repeal until the ordinance has been in effect for at least six years. The question of repeal of the ordinance is subject to the requirements of paragraph “a”.

3. The council may by ordinance provide that the city will be governed by council-manager-ward form. The ordinance must provide for the election of the mayor and council members required under council-manager-ward form at the next regular city election.

372.7 Council-manager-ward form.
A city governed by council-manager-ward form has a council composed of a mayor and six council members. Of the six council members, two may be elected at large and one elected from each of four wards, or one may be elected from each of six wards. The mayor and other council members serve four-year staggered terms. The mayor is a member of the council and may vote on all matters before the council.

The council, by ordinance, may change from one ward option authorized under this section to the other ward option. The ordinance must provide for the election of the mayor and council members as provided in the selected ward option at the next regular city election.

As soon as possible after the beginning of the new term following each city election, the council shall appoint a city manager, and a council member to serve as mayor pro tem.

372.9 Home rule charter procedure.
A city to be governed by the home rule charter form shall adopt a home rule charter in which its form of government is set forth. A city may adopt a home rule charter only by the following procedures:
1. A home rule charter may be proposed by:
   a. The council, causing a charter to be prepared and filed and by resolution submitting it to the voters.
   b. Eligible electors of the city equal in number to at least twenty-five percent of the persons who voted at the last regular city election petitioning the council to appoint a charter commission to prepare a proposed charter. The council shall, within thirty days of the filing of a valid petition, appoint a charter commission composed of not less than five nor more than fifteen members. The charter commission shall, within six months of its appointment, prepare and file with the council a proposed charter.
2. When a charter is filed, the council and mayor shall notify the county commissioner of elections to publish notice containing the full text of the proposed home rule charter, a description of any other form of government being presented to the voters, and the date of the election, and to conduct the election. The notice shall be published at least twice in the manner provided in section 362.3, except that the publications must occur within sixty days of the filing of the home rule charter, with a two-week interval between each publication. The council shall provide copies of a proposed charter for public distribution by the city clerk.
3. The proposed home rule charter must be submitted at a special election on a date specified in section 39.2, subsection 4, paragraph “b”, and in accordance with section 47.6. However, the date of the last publication must be not less than thirty nor more than sixty days before the election.
4. If a proposed home rule charter is rejected by the voters, it may not be resubmitted in substantially the same form to the voters within the next four years. If a proposed home rule charter is adopted by the voters, no other form of government may be submitted to the voters for six years.
5. If a petition for the appointment of a charter commission is filed at any time within two weeks after the second publication of a charter proposed by the council, the submission to the voters of a charter proposed by the council must be delayed, a charter commission appointed, and the council proposal and the charter proposed by the charter commission must be submitted to the voters at the same special election.

6. The ballot submitting a proposed charter or charters must also submit the existing form of government as an alternative.

7. a. If only two forms of government are being voted upon, the form of government which receives the highest number of votes is adopted.

b. If more than two forms are being voted upon and no form receives a majority of the votes cast in the special election, there must be a runoff election between the two proposed forms which receive the highest number of votes in the special election. The runoff election must be held within thirty days following the special election and must be conducted in the same manner as a special city election.

8. If a home rule charter is adopted:
   a.    b. The adoption of the charter does not alter any right or liability of the city in effect at the time of the special election at which the charter was adopted.
   c. All departments and agencies shall continue to operate until replaced.
   d. All measures in effect remain effective until amended or repealed, unless they are irreconcilable with the charter.
   e. Upon the effective date of the home rule charter, the city shall adopt by ordinance the home rule charter, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.

3. Two-year or staggered four-year terms of office for the mayor and council members.
4. The powers and duties of the mayor and the council, consistent with the provisions of the city code.

372.11 Amendment to charter.
A home rule charter may be amended by one of the following methods:
1. The council, by resolution, may submit a proposed amendment to the voters at a special city election, and the proposed amendment becomes effective if approved by a majority of those voting.

2. The council, by ordinance, may amend the charter. However, within thirty days of publication of the ordinance, if a petition valid under the provisions of section 362.4 is filed with the council, the council must submit the ordinance amendment to the voters at a special city election, and the amendment does not become effective until approved by a majority of those voting.

3. If a petition valid under the provisions of section 362.4 is filed with the council proposing an amendment to the charter, the council must submit the proposed amendment to the voters
at a special city election, and the amendment becomes effective if approved by a majority of those voting.

[C75, 77, 79, 81, §372.11]
Referred to in §373.5

372.12 Special charter form limitation.
A city may not adopt the special charter form but a city governed by a special charter on July 1, 1975, is considered to have the special charter form although it may utilize elements of the mayor-council form in conjunction with the provisions of its special charter. In adopting and filing its charter as required in section 372.1, a special charter city shall include the provisions of its charter and any provisions of the mayor-council form which are followed by the city on July 1, 1975.
A special charter city may utilize the provisions of chapter 420 in lieu of conflicting sections, until the city changes to one of the other forms of government as provided in this chapter.

DIVISION II
CITY OFFICERS

372.13 The council.
1. A majority of all council members is a quorum.
2. A vacancy in an elective city office during a term of office shall be filled, at the council's option, by one of the two following procedures:
   a. By appointment by the remaining members of the council, except that if the remaining members do not constitute a quorum of the full membership, paragraph “b” shall be followed. The appointment shall be for the period until the next pending election as defined in section 69.12, and shall be made within forty days after the vacancy occurs. If the council chooses to proceed under this paragraph, it shall publish notice in the manner prescribed by section 362.3, stating that the council intends to fill the vacancy by appointment but that the electors of the city or ward, as the case may be, have the right to file a petition requiring that the vacancy be filled by a special election. The council may publish notice in advance if an elected official submits a resignation to take effect at a future date. The council may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, there is filed with the city clerk a petition which requests a special election to fill the vacancy, an appointment to fill the vacancy is temporary and the council shall call a special election to fill the vacancy permanently, under paragraph “b”. The number of signatures of eligible electors of a city for a valid petition shall be determined as follows:
      (1) For a city with a population of ten thousand or less, at least two hundred signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.
      (2) For a city with a population of more than ten thousand but not more than fifty thousand, at least one thousand signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.
      (3) For a city with a population of more than fifty thousand, at least two thousand signatures or at least the number of signatures equal to ten percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.
      (4) The minimum number of signatures for a valid petition pursuant to subparagraphs (1) through (3) shall not be fewer than ten. In determining the minimum number of signatures
required, if at the last preceding election more than one position was to be filled for the office in which the vacancy exists, the number of voters who voted for candidates for the office shall be determined by dividing the total number of votes cast for the office by the number of seats to be filled.

b. (1) By a special election held to fill the office for the remaining balance of the unexpired term. If the council opts for a special election or a valid petition is filed under paragraph “a”, the special election may be held concurrently with any pending election as provided by section 69.12 if by so doing the vacancy will be filled not more than ninety days after it occurs. Otherwise, a special election to fill the office shall be called by the council at the earliest practicable date. The council shall give the county commissioner at least thirty-two days’ written notice of the date chosen for the special election. The council of a city where a primary election may be required shall give the county commissioner at least sixty days’ written notice of the date chosen for the special election. A special election held under this subsection is subject to sections 376.4 through 376.11, but the dates for actions in relation to the special election shall be calculated with regard to the date for which the special election is called. However, a nomination petition must be filed not less than twenty-five days before the date of the special election and, where a primary election may be required, a nomination petition must be filed not less than fifty-three days before the date of the special election.

(2) If there are concurrent vacancies on the council and the remaining council members do not constitute a quorum of the full membership, a special election shall be called by the county commissioner at the earliest practicable date. The remaining council members shall give notice to the county commissioner of the absence of a quorum. If there are no remaining council members, the city clerk shall give notice to the county commissioner of the absence of a council. If the office of city clerk is vacant, the city attorney shall give notice to the county commissioner of the absence of a clerk and a council. Notice of the need for a special election shall be given under this paragraph by the end of the following business day.

3. The council shall appoint a city clerk to maintain city records and perform other duties prescribed by state or city law.

4. Except as otherwise provided by state or city law, the council may appoint city officers and employees, and prescribe their powers, duties, compensation, and terms. The appointment of a city manager must be made on the basis of that individual’s qualifications and not on the basis of political affiliation.

5. The council shall determine its own rules and maintain records of its proceedings. City records and documents, or accurate reproductions, shall be kept for at least five years except that:

a. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to the issuance of public bonds or obligations shall be kept for at least eleven years following the final maturity of the bonds or obligations. Thereafter, such records, documents, and reproductions may be destroyed, preserving confidentiality as necessary. Records and documents pertaining to the transfer of ownership of bonds shall be kept as provided in section 76.10.

b. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to real property transactions shall be maintained permanently.

6. Within fifteen days following a regular or special meeting of the council, the clerk shall cause the minutes of the proceedings of the council, including the total expenditure from each city fund, to be published in a newspaper of general circulation in the city. The publication shall include a list of all claims allowed and a summary of all receipts and shall show the gross amount of the claims. The list of claims allowed shall show the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. If the reason for the claims is the same, two or more claims made by the same vendor, supplier, or claimant may be consolidated if the number of claims consolidated and the total consolidated claim amount are listed in the statement. However, the city shall provide at its office upon request an unconsolidated list of all claims allowed. Matters discussed in closed session pursuant to section 21.3 shall not be published until entered on the public minutes. However, in cities having more than one hundred fifty thousand population, the council shall each month print in pamphlet form a detailed itemized statement of all receipts and disbursements of the city,
and a summary of its proceedings during the preceding month, and furnish copies to the city library, the daily newspapers of the city, and to persons who apply at the office of the city clerk, and the pamphlet shall constitute publication as required. Failure by the clerk to make publication is a simple misdemeanor. The provisions of this subsection are applicable in cities in which a newspaper is published, or in cities of two hundred population or over, but in all other cities, posting the statement in three public places in the city which have been permanently designated by ordinance is sufficient compliance with this subsection.

7. By ordinance, the council may divide the city into wards which shall be drawn according to the following standards:
   a. All ward boundaries shall follow precinct boundaries.
   b. Wards shall be as nearly equal as practicable to the ideal population determined by dividing the number of wards to be established into the population of the city.
   c. Wards shall be composed of contiguous territory as compact as practicable.
   d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

8. By ordinance, the council shall prescribe the compensation of the mayor, council members, and other elected city officers, but a change in the compensation of the mayor does not become effective during the term in which the change is adopted, and the council shall not adopt an ordinance changing the compensation of the mayor, council members, or other elected officers during the months of November and December in the year of a regular city election. A change in the compensation of council members becomes effective for all council members at the beginning of the term of the council members elected at the election next following the change in compensation. Except as provided in section 362.5, an elected city officer is not entitled to receive any other compensation for any other city office or city employment during that officer’s tenure in office, but may be reimbursed for actual expenses incurred. However, if the mayor pro tem performs the duties of the mayor during the mayor’s absence or disability for a continuous period of fifteen days or more, the mayor pro tem may be paid for that period the compensation determined by the council, based upon the mayor pro tem’s performance of the mayor’s duties and upon the compensation of the mayor.

9. A council member, during the term for which that member is elected, is not eligible for appointment to any city office if the office has been created or the compensation of the office has been increased during the term for which that member is elected. A person who resigns from an elective office is not eligible for appointment to the same office during the time for which that person was elected if during that time, the compensation of the office has been increased.

10. A council member, during the term for which that member is elected, is not precluded from holding the office of chief of the volunteer fire department if the fire department serves an area with a population of not more than two thousand. A person holding the office of chief of such a volunteer fire department at the time of the person’s election to the city council may continue to hold the office of chief of the fire department during the city council term for which that person was elected.

11. a. Council members shall be elected according to the council representation plans under sections 372.4 and 372.5. However, the council representation plan may be changed, by petition and election, to one of those described in this subsection. Upon receipt of a valid petition, as defined in section 362.4, requesting a change to a council representation plan, the council shall submit the question at a special election. If a majority of the persons voting at the special election approves the changed plan, it becomes effective at the beginning of the term following the next regular city election. If a majority does not approve the changed plan, the council shall not submit another proposal to change a plan to the voters within the next two years.
   b. Eligible electors of a city may petition for one of the following council representation plans:
      (1) Election at large without ward residence requirements for the members.
§372.13, ORGANIZATION OF CITY GOVERNMENT

(2) Election at large but with equal-population ward residence requirements for the members.

(3) Election from single-member, equal-population wards, in which the electors of each ward shall elect one member who must reside in that ward.

(4) Election of a specified number of members at large and a specified number of members from single-member, equal-population wards.

An alternative form of metropolitan government shall be submitted to the electorate by a commission in the form of a charter or charter amendment proposed in accordance with this chapter.
2. Participation in a charter commission under this chapter may be proposed by:
   a. The city council adopting a resolution calling for participation.

91 Acts, ch 256, §40

373.2 Appointment of commission members.
1. Within forty-five days after the establishment of a commission, the members of the commission shall be appointed as follows:
   a. One member shall be appointed by the city council of each city participating in the charter process.
   b. An additional member shall be appointed by each city council for every twenty-five thousand residents in the participating city.
   c. One member shall be appointed by each state legislator whose legislative district is located in the commission area if a majority of the constituents of that legislative district resides in the commission area. However, if a commission area does not have a state legislative district which has a majority of its constituents residing in the commission area, the legislative district having the largest plurality of constituents residing in the commission area shall appoint one member.
2. Only eligible electors of the county not holding a city, county, or state office shall be members of the commission. In counties having multiple state legislative districts, the districts shall be represented as equally as possible. The membership shall be bipartisan and gender balanced and each appointing authority under subsection 1 shall provide for representation of various age groups, racial minorities, economic groups, and representatives of identifiable geographically defined populations, all in reasonable relationship to the proportions in which these groups are present in the population of the commission area.
3. a. A vacancy on the commission shall be filled by appointment in the same manner as the original appointment. The county auditor shall notify the appropriate appointing authority of a vacancy.
   b. The legislative appointing authorities shall be considered one appointing authority for the purpose of complying with this subsection. Within thirty days after the appointment of the members of the commission, the city clerk of the participating city with the largest population shall give written notice of the date, time, and location of the first meeting of the commission. At the first meeting the commission shall organize by electing a chairperson, vice chairperson, and other officers as necessary. The commission shall adopt rules governing the conduct of its meetings, subject to chapter 21.
2. The members of the commission shall serve without compensation, but they are entitled to travel and other necessary expenses relating to their duties of office.
3. The participating cities shall make available to the commission in-kind services such as office space, printing, supplies, and equipment and shall pay the other necessary expenses of the commission, including compensation for secretarial, clerical, professional, and consultant services. The total annual expenses, not including the value of in-kind expenses, to be paid from public funds shall not exceed one hundred thousand dollars or an amount equal to thirty cents times the population of the commission area, according to the most recent certified federal census. The commission may employ staff as necessary.
4. The expenses of the commission may be paid from the general fund of the participating cities or from any combination of public or private funds available for that purpose. The commission's annual expenses may exceed the amount in subsection 3 only if the excess is paid from private funds. If a proposed charter is submitted to the electorate, private funds donated to the commission may be used to promote passage of the proposed charter.

Within sixty days after its organization, the commission shall hold at least one public hearing for the purpose of receiving information and material which will assist in the drafting of a charter. Notice of the date, time, and place of the hearing shall be published in the official county newspapers of each county in which the participating cities are located.
2. Within nine months after the organization of the commission, the commission shall submit a preliminary report to the councils of the participating cities, which report may include the text of the proposed charter. If a proposed charter is included in the preliminary report, the report shall also include an analysis of the fiscal impact of the proposed charter. Sufficient copies of the report shall be made available for distribution to residents of the participating cities who request a copy. The commission shall hold at least one public hearing after submission of the preliminary report to obtain public comment.
3. Within twenty months after organization, the commission shall submit the final report to the councils of the participating cities. If the commission recommends a charter of consolidation, the final report shall include the full text and an explanation of the proposed charter, an analysis of the fiscal impact of the proposed charter, any comments deemed desirable by the commission, and any minority reports. The final report may recommend no change to the existing form of government and that no charter be submitted to the electorate, or it may recommend consolidation of the participating cities with the county. If the board of supervisors by resolution agrees to participate in consolidation, then the participating cities and county shall proceed under sections 331.231 through 331.252.
4. The final report of the commission shall be made available to the residents of the participating cities upon request. A summary of the final report shall be published in the official newspapers of the county. If a charter is not recommended, the commission is dissolved upon submission of its final report to the councils of the participating cities.

91 Acts, ch 256, §43

7. Provide for a system of revenue collection pursuant to section 373.10.
8. Provide for the orderly transition to the charter form of metropolitan consolidation.

10. Specify a charter amendment process pursuant to section 372.11.
11. Provide for the appointment of a manager by the metropolitan council pursuant to section 372.8.

91 Acts, ch 256, §44

373.6 Referendum — effective date.
1. If a proposed charter for consolidation is received not later than seventy-eight days
§373.6, CONSOLIDATED METROPOLITAN CORPORATIONS

before the next general election, the council of the participating city with the largest population shall, not later than sixty-nine days before the general election, direct the county commissioner of elections to submit to the registered voters of the participating cities at the next general election the question of whether the proposed charter shall be adopted. A summary of the proposed charter shall be published in a newspaper of general circulation in each city participating in the charter commission process at least ten but not more than twenty days before the date of the election. The proposed charter shall be effective in regard to a city only if a majority of the electors of the city voting approves the proposed charter.

2. If a proposed charter for consolidation is adopted:
   a. The adopted charter shall take effect July 1 following the election at which it is approved unless the charter provides a later effective date. A special election shall be called to elect the new elective officers.
   b. The adoption of the consolidated metropolitan corporation form of government does not alter any right or liability of any participating city in effect at the time of the election at which the charter was adopted.
   c. All departments and agencies shall continue to operate until replaced.
   d. All ordinances or resolutions in effect remain effective until amended or repealed, unless they are irreconcilable with the adopted charter.
   e. Upon the effective date of the adopted charter, the participating cities shall adopt the consolidation form by ordinance, and shall file a copy with the secretary of state, and maintain available copies for public inspection.

3. If a charter is submitted to the electorate but is not adopted, another charter shall not be submitted to the electorate for two years. If a charter is adopted, it may be amended at any time. If a charter is adopted, a proposed charter for another alternative form of city government shall not be submitted to the electorate for six years.

4. Section 372.2 shall not apply to a charter commission established under this chapter.

§373.7 Form of ballot.

1. The question of metropolitan consolidation shall be submitted to the electors in substantially the following form:

Should the cities of ...................................... and ...................................... unite to form one joint metropolitan corporation government?

2. The ballot must contain a brief description and summary of the proposed charter or amendment.
91 Acts, ch 256, §46; 2010 Acts, ch 1061, §152

§373.8 Effect of consolidation.

Cities consolidating pursuant to this chapter shall retain all the rights, powers, and duties conferred upon them by the Constitution of the State of Iowa and shall retain all the rights, powers, and duties conferred upon them by the laws of the state of Iowa, except to the extent those statutory rights, powers, and duties are limited by the charter government in fulfilling its duty to provide efficient administration and delivery of services to its citizens.

The consolidation charter may provide for the replacement of the city government of the member city with the largest population, according to the most recent certified federal census. That city shall be known as the home city of the consolidated metropolitan corporation. If its government is replaced, the consolidation charter shall provide that the home city be governed either directly by the metropolitan council or by those members of the metropolitan council who reside within the corporate boundaries of the home city. The home city shall retain its geographic boundaries for the purposes of taxation.

Cities participating in consolidation shall be referred to as member cities of the consolidated metropolitan corporation.

A city may join an existing consolidated metropolitan corporation government by resolution of the city council or upon petition of eligible electors of the city equal in number
to at least twenty-five percent of the persons who voted at the last general election for the office of governor or president of the United States, whichever is fewer. Within fifteen days after receiving a valid petition, the city council of the petitioning city shall adopt a resolution in favor of participation and shall immediately forward the resolution to the metropolitan council. If a majority of the metropolitan council approves the resolution, the question of joining the consolidated metropolitan corporation shall be submitted to the electorate of the petitioning city within sixty days after approval of the resolution.

91 Acts, ch 256, §47
Referred to in §373.11

373.9 Metropolitan council.
1. A consolidated metropolitan corporation shall be governed by a metropolitan council. The council shall consist of an odd number of members, not less than eleven and not more than seventeen. If a vacancy on the metropolitan council occurs more than sixty days before the next general election, the council shall direct the county commissioner of elections to conduct a special election to fill the vacancy until the next general election.
2. Unless otherwise specified in the consolidation charter, the council shall act by a majority vote of the members on the council.

91 Acts, ch 256, §48
Referred to in §373.5

373.10 Taxing authority.
The metropolitan council shall have the authority to levy city taxes to the extent the city tax levy authority is transferred by the charter to the metropolitan council. A member city shall transfer a portion of the city’s tax levy authorized under section 384.1 or 384.12, whichever is applicable, to the metropolitan council. The maximum rates of taxes authorized to be levied under sections 384.1 and 384.12 by a member city shall be reduced by an amount equal to the rates of the same or similar taxes levied in the city by the metropolitan council.

91 Acts, ch 256, §49
Referred to in §373.5

373.11 Service delivery.
1. The charter of consolidation shall provide for the transfer into the metropolitan consolidated corporation of areawide services which had been provided by other boards, commissions, and local governments. The metropolitan council shall have the authority to determine the boundaries of the service areas, except that formation of a consolidated metropolitan corporation shall not affect the assignment of electric utility service territories pursuant to chapter 476, and shall not affect the rights of a city to grant a franchise under chapter 364.
   a. For each service provided by the consolidated metropolitan corporation, the consolidated metropolitan corporation shall assume the same statutory rights, powers, and duties, except taxing authority, relating to the provision of such service as if the member city were itself providing the service to its citizens. However, the consolidated metropolitan corporation shall not assume any of the governmental functions of its member cities except as the functions relate to the delivery of services and except as provided in section 373.8.
   b. If a service is being provided by the consolidated metropolitan corporation to any member city that member city shall not invoke any statutory right, power, or duty relating to the delivery of the service to its citizens.
2. A member city may apply to the metropolitan council for the purchase of any service which is being provided by the consolidated metropolitan corporation to any other member city, including the home city of the consolidated metropolitan corporation. Such an agreement to provide services shall be executed pursuant to chapter 28E and must contain provisions necessary for the lawful execution of the agreement.

The mayor or council shall give notice of any special election to the county commissioner of elections. The county commissioner of elections shall publish notice of any city election and conduct the election pursuant to the provisions of chapters 39 to 53, except as otherwise specifically provided in chapters 362 to 392. The results of any election shall be canvassed by the county board of supervisors and certified by the county commissioner of elections to the mayor and the council of the city for which the election is held.

376.2 Terms.
1. Terms of city officers begin and end at noon on the first day in January which is not a Sunday or legal holiday, following a regular city election.

2. Except as otherwise provided by state law or the city charter, terms for elective offices are two years. However, the term of an elective office may be changed to two or four years by petition and election. Upon receipt of a valid petition as defined in section 362.4, requesting that the term of an elective office be changed, the council shall submit the question at a special election. If a majority of the persons voting at the special election approves the changed term, it becomes effective at the beginning of the term following the next regular city election. If a majority does not approve the changed term, the council shall not submit the same proposal to the voters within the next four years.

3. At the first regular city election after the terms of council members are changed to four years, terms shall be staggered as follows:
   a. If an even number of council members are elected at large, the half of the elected council members who receive the highest number of votes are elected for four-year terms. The remainder are elected for two-year terms.
   b. If an odd number of council members are elected at large, the majority of the elected council members who receive the highest number of votes are elected for four-year terms. The remainder are elected for two-year terms.
   c. In case of a tie the mayor and clerk shall determine by lot which council members are elected for four-year terms.
d. If the council members are elected from wards, the council members elected from the odd-numbered wards are elected for four-year terms and the council members elected from even-numbered wards are elected for two-year terms.

4. After July 1, 1986, a petition submitted under this section to change the term of council members from two to four years shall specify if the terms are to be staggered or run concurrently. If the petition provides for concurrent terms and the changed term is approved by the voters, subsection 3 shall not apply and the terms shall be concurrent. If valid petitions for staggered and concurrent terms are submitted, the first filed shall govern.

376.3 Nominations.
Candidates for elective city offices must be nominated as provided in sections 376.4 to 376.9 unless by ordinance a city chooses the provisions of chapters 44 or 45. However, a city acting under a special charter in 1973 and having a population of over fifty thousand shall continue to hold partisan elections as provided in sections 43.112 to 43.118 and 420.126 to 420.137 unless the city by election as provided in section 43.112 chooses to conduct city elections under this chapter or chapter 44 or 45. The choice of one of these options by such a special charter city does not otherwise affect the validity of the city’s charter. However, special charter cities which choose to exercise the option to conduct nonpartisan city elections may choose in the same manner the original decision was made, to resume holding city elections on a partisan basis.

376.4 Candidacy.
1. a. An eligible elector of a city may become a candidate for an elective city office by filing with the city clerk a valid petition requesting that the elector’s name be placed on the ballot for that office. The petition must be filed not more than seventy-one days and not less than forty-seven days before the date of the election, and must be signed by eligible electors equal in number to at least two percent of those who voted to fill the same office at the last regular city election, but not less than ten persons. However, for those cities which may be required to hold a primary election, the petition must be filed not more than eighty-five days and not less than sixty-eight days before the date of the regular city election. Nomination petitions shall be filed not later than 5:00 p.m. on the last day for filing.

b. The petitioner for an individual seeking election from a ward must be residents of the ward at the time of signing the petition. An individual is not eligible for election from a ward unless the individual is a resident of the ward at the time the individual files the petition and at the time of election.

2. a. The petition must include space for the signatures of the petitioners, a statement of their place of residence, and the date on which they signed the petition. A person may sign nomination petitions for more than one candidate for the same office, and the signature is not invalid solely because the person signed nomination petitions for one or more other candidates for the office.

b. The petition must include the affidavit of the individual for whom it is filed, stating the individual’s name, the individual’s residence, that the individual is a candidate and eligible for the office, and that if elected the individual will qualify for the office. The affidavit shall also state that the candidate is aware that the candidate is disqualified from holding office if the candidate has been convicted of a felony or other infamous crime and the candidate’s rights have not been restored by the governor or by the president of the United States.

3. If the city clerk is not readily available during normal office hours, the city clerk shall designate other employees or officials of the city who are ordinarily available to accept
nomination papers under this section. On the final date for filing nomination papers the office of the city clerk shall remain open until 5:00 p.m.

4. The city clerk shall review each petition and affidavit of candidacy for completeness following the standards in section 45.5 and shall accept the petition for filing if on its face it appears to have the requisite number of signatures and if it is timely filed. The city clerk shall note upon each petition and affidavit accepted for filing the date and time that they were filed. The clerk shall return any rejected nomination papers to the person on whose behalf the nomination papers were filed.

5. Nomination papers filed with the city clerk shall be available for public inspection. The city clerk shall deliver all nomination papers together with the text of any public measure being submitted by the city council to the electorate to the county commissioner of elections on the day following the last day on which nomination petitions can be filed, and not later than 5:00 p.m. on that day.

6. Any person on whose behalf nomination petitions have been filed under this section may withdraw as a candidate by filing a signed statement to that effect as prescribed in section 44.9. Objections to the legal sufficiency of petitions shall be filed in accordance with the provisions of sections 44.4, 44.5, and 44.8.

376.4A Change to direct election of mayor — nomination petition signature requirements.

1. If there is a change in government pursuant to section 372.6, subsection 2, the number of signatures required on a nomination petition for the office of mayor for the first election that office is on the ballot shall be an amount equal to the product of the following:

a. The total number of votes cast for at-large city council offices at the last regular city election divided by the number of city council seats to be filled at the last regular city election.

b. Two hundredths.

2. If the product of subsection 1, paragraphs “a” and “b”, is less than ten, the required number of signatures is ten.

376.5 Publication of ballot.

Notice containing a copy of the ballot for each regular, special, primary, or runoff city election must be published by the county commissioner of elections as provided in section 362.3, except that notice of a regular, primary, or runoff election may be published not less than four days before the date of the election. The published ballot must contain the names of all candidates, and may not contain any party designations. The published ballot must contain any question to be submitted to the voters.

376.6 Primary or other method of nomination — certification.

1. An individual for whom a valid petition is filed becomes a candidate in the regular city election for the office for which the individual has filed, except that a primary election must be held for offices for which the number of individuals for whom valid petitions are filed is more than twice the number of positions to be filled. However:

a. The council may by ordinance choose to have a runoff election, as provided in section 376.9, in lieu of a primary election.
b. If the council has by ordinance chosen to have nominations made in the manner provided by chapter 44 or 45, neither a primary election nor a runoff election is required.

2. Each city clerk shall certify to the commissioner of elections responsible under section 47.2 for conducting elections for that city the type of nomination process to be used for the city no later than ninety days before the date of the regular city election. If the city has by ordinance chosen a runoff election or has chosen to have nominations made in the manner provided by chapter 44 or 45, or has repealed nomination provisions under those sections in preference for the primary election method, a copy of the city ordinance shall be attached. No changes in the method of nomination to be used in a city shall be made after the clerk has filed the certification with the commissioner, unless the change will not take effect until after the next regular city election.

376.7 Date of primary.

1. If a primary election is necessary, it shall be held on the Tuesday four weeks before the date of the regular city election. For each office on the ballot, a voter shall only vote for the number of persons to be elected to that office at the regular city election. The county board of supervisors shall publicly canvass the tally lists of the vote cast in the primary election, following the procedures prescribed in section 50.24, at a meeting to be held on the second day following the primary election, and beginning no earlier than 1:00 p.m. on that day.

2. The names of those candidates who receive the highest number of votes for each office on the primary election ballot, to the extent of twice the number of unfilled positions, must be placed on the ballot for the regular city election as candidates for that office.

376.8 Persons elected in city elections.

1. In a regular city election following a city primary, the candidates receiving the greatest number of votes cast for each office on the ballot are elected, to the extent necessary to fill the positions open.

2. In a regular city election held for a city where the council has chosen a runoff election in lieu of a primary, candidates are elected as provided by subsection 1, except that no candidate is elected who fails to receive a majority of the votes cast for the office in question. In the case of at-large elections to a multimember body, a majority is one vote more than half the quotient found by dividing the total number of votes cast for all candidates for that body by the number of positions to be filled. In calculating the number of votes necessary to constitute a majority, fractions shall be rounded up to the next higher whole number.

3. In a regular city election held for a city where the council has chosen to have nominations made in the manner provided by chapter 44 or 45, the candidates who receive the greatest number of votes for each office on the ballot are elected, to the extent necessary to fill the positions open.

376.9 Runoff election.

1. A runoff election may be held only for positions unfilled because of failure of a sufficient number of candidates to receive a majority vote in the regular city election. When a council has chosen a runoff election in lieu of a primary, the county board of supervisors shall publicly canvass the tally lists of the vote cast in the regular city election, following the procedures prescribed in section 50.24, at a meeting to be held on the second day following the regular
city election, and beginning no earlier than 1:00 p.m. on that day. Candidates who do not receive a majority of the votes cast for an office, but who receive the highest number of votes cast for that office in the regular city election, to the extent of twice the number of unfilled positions, are candidates in the runoff election.

2. Runoff elections shall be held four weeks after the date of the regular city election and shall be conducted in the same manner as regular city elections.

3. Candidates in the runoff election who receive the highest number of votes cast for each office on the ballot are elected to the extent necessary to fill the positions open.

376.10 Contest.
A nomination or election to a city office may be contested in the manner provided in chapter 62 for contesting elections to county offices, except that a statement of intent to contest must be filed with the city clerk within ten days after the nomination or election.

376.11 Write-in votes.
1. Write-in votes are permitted to be cast in all elections for city offices. A person who receives a sufficient number of write-in votes to be elected to a city office shall be declared the winner of the election. If the result is a tie vote, lots shall be drawn pursuant to section 50.44. If a person who was elected by write-in votes chooses not to serve in that office, the person shall submit a resignation in writing to the city clerk not later than 5:00 p.m. on the tenth day following the canvass of the election. If a person who was elected by write-in votes resigns at a later time, the office shall be considered vacant at the end of the term and the council shall fill the vacancy pursuant to the provisions of section 372.13, subsection 2.

2. Except in cities where the council has chosen a runoff election in lieu of a primary, following the resignation of a person who was elected by write-in votes, the city clerk shall notify the person who received the next highest number of votes cast for the office that the person may assume the office. If there is more than one person who received the next highest number of votes cast for the office, lots shall be drawn pursuant to section 50.44 to determine the person who received the next highest number of votes. If the person accepts the position, the person shall be considered the duly elected officer unless, within ten days after the clerk has given notice, a petition requesting a special election is filed by eligible electors of the city equal in number to twenty-five percent of the number of persons who voted for the office at the election. If the person declines, the person shall do so in writing to the city clerk within ten days and the office shall be considered vacant at the end of the term. The vacancy shall be filled pursuant to the provisions of section 372.13, subsection 2. If the council chooses to appoint, the appointment may be made before the end of the current term.

3. In city primary elections any person who receives write-in votes shall execute an affidavit in substantially the form required by section 45.3, and file it with the county commissioner of elections or the city clerk not later than 5:00 p.m. on the day after the canvass of the primary election. If any person who received write-in votes fails to file the affidavit at the time required, the county commissioner shall disregard the write-in votes cast for that person. A notation shall be made on the abstract of votes showing which persons who received write-in votes filed affidavits. The total number of votes cast for each office on the ballot shall be amended by subtracting the write-in votes of those candidates who failed to file the affidavit. It is not necessary for a candidate whose name was printed upon the ballot to file an affidavit. Of the remaining candidates, those who receive the highest number of votes to the extent of twice the number of unfilled positions shall be placed on the ballot for the regular city election as candidates for that office.

4. In cities in which the city council has chosen a runoff election in lieu of a primary,
if a person who was elected by write-in votes chooses not to accept the office by filing a resignation notice with the city clerk or commissioner of elections not later than 5:00 p.m. on the day following the canvass, all remaining persons who received write-in votes and who wish to be considered candidates for the runoff election shall execute an affidavit in substantially the form required by section 45.3 and file it with the county commissioner or the city clerk not later than 5:00 p.m. of the fourth day following the canvass. If a person receiving write-in votes fails to file the affidavit at the time required, the county commissioner of elections shall disregard the write-in votes cast for that person. The abstract of votes shall be amended to show that the person who was declared elected declined the office and a notation shall be made next to the names of those persons who did not file the affidavit. A runoff election shall be held with the remaining candidates who have the highest number of votes to the extent of twice the number of unfilled positions.

5. In a city in which the council has chosen a runoff election, if no person was declared elected for an office, all persons who received write-in votes shall execute an affidavit in substantially the form required by section 45.3 and file it with the county commissioner of elections or the city clerk not later than 5:00 p.m. on the day following the canvass of votes. If any person who received write-in votes fails to file the affidavit, the county commissioner of elections shall disregard the write-in votes cast for that person. The abstract of votes shall be amended to note which of the write-in candidates failed to file the affidavit. A runoff election shall be held with the remaining candidates who have the highest number of votes to the extent of twice the number of unfilled positions.

A proposed ordinance or amendment must be considered and voted on for passage at two council meetings prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than three-fourths of all of the members of the council. If a proposed ordinance, amendment, or resolution fails to receive sufficient votes for passage at any consideration and vote thereon, the proposed ordinance, amendment, or resolution shall be considered defeated.

§380.4 Majority requirement — tie vote — conflicts of interest.
1. Passage of an ordinance, amendment, or resolution requires a majority vote of all of the members of the council, except when the mayor may vote to break a tie vote in a city with an even number of council members, as provided in section 372.4. Passage of a motion requires a majority vote of a quorum of the council. A resolution must be passed to spend public funds in excess of one hundred thousand dollars on a public improvement project, or to accept public improvements and facilities upon their completion. Each council member’s vote on a measure must be recorded. A measure which fails to receive sufficient votes for passage shall be considered defeated.
2. A measure voted upon is not invalid by reason of a conflict of interest in a member of the council, unless the vote of the member of the council was decisive to passage of the measure. The vote must be computed on the basis of the number of members not disqualified by reason of conflict of interest. However, a majority of all members is required for a quorum. For the purpose of this section, the statement of a council member that the council member declines to vote by reason of conflict of interest is conclusive and must be entered of record.

380.6 Effective date.

Measures passed by the council become effective in one of the following ways:
1. a. An ordinance or amendment signed by the mayor becomes effective when the ordinance or a summary of the ordinance is published, as provided in section 380.7, subsection 3, unless a subsequent effective date is provided within the ordinance or amendment.
   b. A resolution signed by the mayor becomes effective immediately upon signing.
   c. A motion becomes effective immediately upon passage of the motion by the council.
2. The mayor may veto an ordinance, amendment, or resolution within fourteen days after passage. The mayor shall explain the reasons for the veto in a written message to the council at the time of the veto. Within thirty days after the mayor’s veto, the council may pass the measure again by a vote of not less than two-thirds of all of the members of the council. If the mayor vetoes an ordinance, amendment, or resolution and the council repasses the measure after the mayor’s veto, a resolution becomes effective immediately upon repassage, and an ordinance or amendment becomes a law when the ordinance or a summary of the ordinance is published, unless a subsequent effective date is provided within the ordinance or amendment.
3. If the mayor takes no action on an ordinance, amendment, or resolution, a resolution becomes effective fourteen days after the date of passage and an ordinance or amendment becomes a law when the ordinance or a summary of the ordinance is published, but not sooner than fourteen days after the date of passage, unless a subsequent effective date is provided within the ordinance or amendment.

As used in this subsection, “summary” shall mean a narrative description of the terms and conditions of an ordinance setting forth the main points of the ordinance in a manner calculated to inform the public in a clear and understandable manner the meaning of the ordinance and which shall provide the public with sufficient notice to conform to the desired conduct required by the ordinance. The description shall include the title of the ordinance, an accurate and intelligible abstract or synopsis of the essential elements of the ordinance, a statement that the description is a summary, the location and the normal business hours of the office where the ordinance may be inspected, when the ordinance becomes effective, and the full text of any provisions imposing fines, penalties, forfeitures, fees, or taxes. Legal descriptions of property set forth in ordinances shall be described in full, provided that maps or charts may be substituted for legal descriptions when they contain sufficient detail to clearly define the area with which the ordinance is concerned. The narrative description shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. When necessary to use technical or legal terms not generally familiar to the public, the narrative description shall include definitions of those terms.
4. Authenticate all measures except motions with the clerk’s signature and certification as to time and manner of publication, if any. The clerk’s certification is presumptive evidence of the facts stated therein.

Wherever practicable, as provided in rules of the committee, a budget must show comparisons between the levels of service provided by each program as estimated for the following year, and actual levels of service provided by each program during the two preceding years. For each city that has established an urban renewal area, the budget shall include estimated and actual tax increment financing revenues and all estimated and actual expenditures of the revenues, proceeds from debt and all estimated and actual expenditures of the debt proceeds.
   2. Not less than twenty days before the date that a budget must be certified to the county auditor and not less than ten days before the date set for the hearing, the clerk shall make
available a sufficient number of copies of the detailed budget to meet the requests of taxpayers and organizations, and have them available for distribution at the offices of the mayor and clerk and at the city library, if any, or have a copy posted at one of the three places designated by ordinance for posting notices if there is no library.

3. The council shall set a time and place for public hearing on the budget before the final certification date and shall publish notice of the hearing not less than ten nor more than twenty days before the hearing in a newspaper published at least once weekly and having general circulation in the city. However, if the city has a population of two hundred or less, publication may be made by posting in three public places in the city. A summary of the proposed budget shall be included in the notice. Proof of publication must be filed with the county auditor. The department of management shall prescribe the form for the public hearing notice for use by cities.

7. A city that does not submit a budget in compliance with this section shall have all state funds withheld until a budget that is in compliance with this section is filed with the county auditor and subsequently received by the department of management. The department of management shall send notice to state agencies responsible for disbursement of state funds and that notice is sufficient authorization for those funds to be withheld until later notice is given by the department of management to release those funds.

At the time required by law, the county board of supervisors shall levy the taxes necessary for each city fund for the following fiscal year. The levy must be as shown in the adopted city budget and as certified by the clerk, subject to any changes made after a protest hearing, and any additional tax rates approved at a city election. Chapter 75 is not applicable. A city utility or city enterprise is a separate entity under this section whether it is governed by the governing body of the city or another governing body.

3. The governing body shall follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a loan agreement made payable from the debt service fund.

4. The governing body may authorize a loan agreement which is payable from the general fund if the loan agreement would not cause the total of scheduled annual payments of principal or interest or both principal and interest due from the general fund in any single future fiscal year with respect to all loan agreements in force on the date of the authorization to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

a. The governing body must follow substantially the authorization procedures of section

2. Seven hundred thousand dollars in a city having a population of more than five thousand but not more than seventy-five thousand.

3. One million dollars in a city having a population of more than seventy-five thousand.

The governing body must institute proceedings to enter into a loan agreement payable from the general fund by causing a notice of the meeting to discuss entering into the loan agreement, including a statement of the principal amount and purpose of the loan agreement and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the discussion meeting. No sooner than thirty days following the discussion meeting shall the governing body hold a meeting at which it is proposed to take action to enter into the loan agreement.

2. (a) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the loan agreement, a petition is filed with the clerk of the city in the manner provided by section 362.4, asking that the question of entering into the loan agreement be submitted to the registered voters of the city, the governing body shall either by resolution declare the proposal to enter into the loan agreement to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the loan agreement. However, for purposes of this paragraph, the petition shall not require signatures in excess of one thousand persons.

384.25 General obligation bonds for essential purposes.

1. A city which proposes to carry out any essential corporate purpose within or without its corporate limits, and to contract indebtedness and issue general obligation bonds to provide funds to pay all or any part of the cost of a project must do so in accordance with the provisions of this division.

2. Before the council may institute proceedings for the issuance of bonds for an essential
corporate purpose, a notice of the proposed action, including a statement of the amount and purposes of the bonds, and the time and place of the meeting at which the council proposes to take action for the issuance of the bonds, must be published as provided in section 362.3. At the meeting, the council shall receive oral or written objections from any resident or property owner of the city. After all objections have been received and considered, the council may, at that meeting or any adjournment thereof, take additional action for the issuance of the bonds or abandon the proposal to issue the bonds. Any resident or property owner of the city may appeal the decision of the council to take additional action to the district court of the county in which any part of the city is located, within fifteen days after the additional action is taken, but the additional action of the council is final and conclusive unless the court finds that the council exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal, are in lieu of the provisions contained in chapter 73A, or any other law.

3. a. Notwithstanding subsection 2, a council may institute proceedings for the issuance of bonds for an essential corporate purpose specified in section 384.24, subsection 3, paragraph “w” or “x”, in an amount equal to or greater than three million dollars by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

b. If at any time before the date fixed for taking action for the issuance of the bonds, a petition is filed with the clerk of the city signed by eligible electors of the city equal in number to twenty percent of the persons in the city who voted for the office of president of the United States at the last preceding general election that had such office on the ballot, asking that the question of issuing the bonds be submitted to the registered voters of the city, the council shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. Notice of the election and its conduct shall be in the manner provided in section 384.26.

c. If a petition is not filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the council may proceed with the authorization and issuance of the bonds.

384.26 General obligation bonds for general purposes.
1. A city which proposes to carry out any general corporate purpose without or within its corporate limits, and to contract indebtedness and issue general obligation bonds to provide funds to pay all or any part of the costs of a project, must do so in accordance with the provisions of this division.

2. Before the council may institute proceedings for the issuance of bonds for a general corporate purpose, it shall call a special city election to vote upon the question of issuing the bonds. At the election the proposition must be submitted in the following form:

3. Notice of the election must be given by publication as required by section 49.53 in a newspaper of general circulation in the city. At the election the ballot used for the submission of the proposition must be in substantially the form for submitting special questions at general elections.

4. The proposition of issuing general corporate purpose bonds is not carried or adopted unless the vote in favor of the proposition is equal to at least sixty percent of the total vote cast for and against the proposition at the election. If the proposition of issuing the general corporate purpose bonds is approved by the voters, the city may proceed with the issuance of the bonds.

5. a. Notwithstanding the provisions of subsection 2, a council may, in lieu of calling an election, institute proceedings for the issuance of bonds for a general corporate purpose by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds subject to the following limitations:

Notice of the election and its conduct shall be in the manner provided in the preceding subsections of this section.

c. If no petition is filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the council may proceed with the authorization and issuance of the bonds.

Each paragraph of section 384.24, subsections 3 and 4 describes a separate category. Separate categories of essential corporate purposes and of general corporate purposes may be incorporated in a single notice of intention to institute proceedings for the issuance of bonds, or separate categories may be incorporated in separate notices, and after an opportunity has been provided for filing objections, or after a favorable election has been held, if required, the council may include in a single resolution and sell as a single issue of bonds, any number or combination of essential corporate purposes or general corporate purposes. If an essential corporate purpose is combined with a general corporate purpose in a single notice of intention to institute proceedings to issue bonds, then the entire issue is subject to the referendum requirement provided in section 384.26.
Definitions of city enterprises, essential corporate purposes, and general corporate purposes are not mutually exclusive and shall be liberally construed. The detailing of examples is not intended to modify or restrict the meaning of general words used. If a project or activity may be reasonably construed to be included in more than one classification, the council may elect at any time between the classifications and the procedures respectively applicable to each classification.

In the petition the property owners shall waive the limitation provided in section 384.62 that an assessment shall not exceed twenty-five percent of the value of the lot. All fees collected under this subsection shall be paid to the city treasurer. The moneys collected as fees shall only be used for the purposes of operating the utility, or to pay debt service on obligations issued to finance improvements or extensions to the utility.

Until annexation takes place, or the annexation plan is abandoned, the state mandate contained in section 455B.172, subsections 3, 4, and 5, shall not apply unless the individual property owner voluntarily pays the connection fee and requests to be connected to the city sewer or water utility.

1. Property owners may initiate a plan for a public improvement to be paid for in whole or in part by special assessments, by written contract to be approved by the city and signed by all of the owners of record of all property affected by the proposed assessment. If all owners of record of all the property to be affected by the public improvement petition the council, said owners may, in their petition, waive notice to property owners by publication and mailing, as provided in section 384.50, and the council may proceed to adopt a preliminary resolution, a plat, schedule and estimate, and resolution of necessity, and order preparation of detailed plans and specifications. 2. A petition may be filed subsequent to the initiation by the council of a plan for a public improvement, and if the petition is received prior to advertising for bids, the public
improvement petitioned for may be added by amendment to the resolution of necessity. If the petition is received subsequent to advertising for bids and prior to the completion of the work under contract, the council may, in its discretion, approve the petition and contract with the contractor at a cost not to exceed the unit prices bid at public letting for the construction of the public improvements petitioned for by property owners.

   Notice is given that there is now on file for public inspection in the office of the clerk of ...................., Iowa, a proposed resolution of necessity, an estimate of cost, and a plat and schedule showing the amounts proposed to be assessed against each lot and the valuation of each lot within a district approved by the council of ...................., Iowa, for a .................... improvement of the type(s) and in the location(s) as follows:

   The council will meet at .......... o’clock ..........m., on ................. A property owner will be
§384.50, CITY FINANCE

384.51 Adoption of resolution.

The council shall meet as specified in the published notice, and after hearing all objections and endorsements from property owners and other persons having an interest in the matter; and after considering all filed, written objections, may adopt or amend and adopt the proposed resolution of necessity, or may defer action until a subsequent meeting. A resolution of necessity requires for passage the vote of three-fourths of all the members of the council, or, in cities having but three members of the council, the vote of two members, and where a remonstrance has been filed with the clerk, signed by the owners subject to seventy-five percent of the amount of the proposed assessments for the entire public improvement included in the resolution of necessity, a resolution of necessity requires a unanimous vote of the council.

An amendment which extends the boundaries of a district, increases the amount to be assessed against a lot, or adds additional public improvements, is not effective until an amended plat, schedule, and estimate have been prepared and adopted, a notice published and mailed to all affected property owners, and hearing held in the same manner as the original proceedings, or until all affected property owners agree in writing to the change. The adoption of a resolution of necessity is a legislative determination that the improvement is expedient and proper and that property assessed will be specially benefited by the improvement and this determination of the council is conclusive. Ownership of property to be assessed by an improvement does not, except for fraud or bad faith, disqualify a council member from voting on any measure.

After adopting the resolution of necessity, the clerk shall certify to the county treasurer of each county in which the assessed property is located, a copy of the resolution of necessity, the plat, and the schedule of assessments. In counties in which taxes are collected in two or more places, the resolution of necessity, the plat, and the schedule of assessments shall be certified to the office of county treasurer where the special assessments are collected. The county treasurer shall preserve the resolution, plat, and schedule as a part of the records of the office until the city certifies the final assessment schedule as provided in section 384.60 or certifies that the public improvement has been abandoned.

384.54 Confirmation by decree.
1. At any time after final adoption of the resolution of necessity, but before awarding the contract, the council may direct the city attorney to file, in the district court of the county in which the property proposed to be assessed is located, a petition praying that the acts done by the council relative to the proposed public improvement be confirmed by decree.
2. The following must be filed with the petition in the office of the clerk of the court:
   a. A copy of the resolution of necessity as adopted by the council.
   b. A copy of the proposed schedule of assessments as adopted by the council under sections 384.48 and 384.51, which schedule shows the maximum amount that the council proposes to assess against any lot.
   c. Preliminary plans and specifications, or, if available, detailed plans and specifications as prepared by the engineer.
   d. A copy of the proposed contract if prepared.
3. Notice of the filing of the petition must be given in the same manner as is provided for service of original notice by publication by the rules of civil procedure, except as follows:
   a. No affidavit of inability to obtain personal service within the state of Iowa is required.
   b. The original notice must name as defendants those property owners who, on the date of filing the petition, have an interest in the real property to be assessed as a part of the public improvement, and the original notice must state that a plat and schedule is on file in the office of the clerk of the district court where the action is pending. No property owner is an indispensable party to the action. Publication of plat and schedule as part of the original notice is not required, nor shall reference in the original notice to specific descriptions of affected real property or the amounts of proposed assessments be necessary.
4. The petition must be given precedence over any other business of the court, except criminal cases. The court shall set the petition for hearing within thirty days from the date of final publication of notice. As a part of its order, the court may provide for a pretrial conference to be held not earlier than twenty days from the date of final publication of notice and require the appearance at the pretrial conference of all interested parties. Failure to appear at the pretrial conference may be grounds for dismissing any objection.
5. If no person having an interest in property proposed to be assessed has entered an appearance or filed an answer within the time set for hearing on the petition, the court shall confirm the assessment, and order the clerk of court to certify its decree to the city clerk.
6. If any person having an interest in property proposed to be assessed has entered an appearance or filed an answer to the petition, the court shall hear the cause as an action triable in equity.
7. Upon the hearing the court may correct any irregularities or inequalities in valuations or in the schedule of assessments, and shall consider any objections because of alleged illegal procedure or fraud.

8. The court shall render a decision upon the hearing as soon as practical after the final submission of the cause.

9. The clerk of the court shall certify to the city clerk the final action of the court, within three days from the date of the final decree upon the petition, showing assessments as confirmed in the schedule of assessments.

10. An appeal from the decree of the district court must be taken as in other equity cases.

11. A contract may or may not be let, in the discretion of the council, until appeals are finally determined, but the appeals need not delay the letting and execution of a contract for the work, if the council concludes the appeals were not taken in good faith.

12. An appeal does not, in the discretion of the council, delay the certification of an assessment or progress of an improvement, but upon decision of the appeal the assessment appealed from must be corrected and collected in the same manner as provided in section 384.74.

13. Corrections of assessments or valuations made by order of the district court are conclusive and not subject to review on appeal, or otherwise, except as provided in subsections 10 to 12 of this section. When court confirmation is obtained there is no right of appeal under the provisions of section 384.66.

14. If no contract is entered into within ninety days from the date of confirmation by the district court or within a further time allowed by the court on subsequent application, and if no appeal is pending, the court shall cancel the assessment, upon application of the city attorney.

15. a. The cost of all court proceedings are a legitimate item of expense in connection with a public improvement, and may be included within the final assessment against any property specially benefited in the assessment district.

b. Whenever on a hearing by the court, the amount of any assessment is reduced or canceled so that there is a deficiency in the total amount remaining assessed in the proceeding, the court may assess the deficiency to the city or distribute the deficiency upon the other property abutting upon or adjacent to the improvement or in the district assessed, in a manner the court finds to be just and equitable, not exceeding, however, the amount the property would be specially benefited by the improvement, and not exceeding twenty-five percent of the value of the lot as shown by the plat and schedule of assessments or as reduced by the court.

The board shall report to the council the number of connections from water mains in streets to the curb lines of the proposed improvement necessary to serve private property dependent upon those particular mains for water supply, and the numbers of the lots to be served by the connections, and the names of the owners. Notice must be given to property owners, at the same time and in the same manner as the notice provided in section 384.50, to install the necessary connections within thirty days after hearing. For the purposes of the hearing, property owners who are notified to install water connections, but whose property is not within the proposed assessment district, may appear as interested parties. If upon hearing, the council determines to proceed with the improvement, and any property owner fails to make connections as required, the board of waterworks trustees shall cause them to

384.56 State lands.

1. Cities may assess the cost of a public improvement which extends through, abuts upon, or is adjacent to lands owned by the state, and payment for the assessable portion of the cost of the improvement through or along the lands as provided shall be subject to authorization by the executive council and payable in the manner provided in section 307.45 for property owned by the state and not under the jurisdiction and control of the state department of transportation.

2. When a state park or institutional road abutting on or adjacent to state lands on one side of the road is improved by paving, the state shall pay one-half the total assessed cost of the portion of the improvement abutting, or adjacent to state lands, lots, or portions thereof, but for any other type of improvement so constructed and located, the state shall pay, as provided in section 307.45, the portion of the cost which would be assessable against state lands if they were privately owned.

3. When any portion of the cost of a public improvement is to be paid by the state under this section, the clerk shall, at the time of publication of the notice required by section 384.50, mail a copy of the notice to the secretary of the executive council.

4. Cities in which state buildings are located shall permit sewers for such buildings to be constructed through or under the streets of the city, and connections to be made to the sewer system of the city under the same regulations as for sewer connections to private property.

5. Subsections 1 and 3 of this section do not apply to lands under the jurisdiction and control of the department of transportation.

384.57 Monthly payments.

The city may contract to pay not to exceed ninety-five percent of the engineer’s estimated value of the acceptable work completed during the month to the contractor at the end of each month. Payment may be made in warrants drawn on any funds from which payment for the work may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A, which do not constitute a violation of section 384.10, even if the collection of taxes or special assessments or income from the sale of bonds applicable to the public improvement is after the end of the fiscal year in which the warrants are issued. If the city arranges for the private sale of anticipatory warrants, they may be sold and the proceeds used to pay the contractor. Anticipatory warrants may also be used to pay other persons furnishing services constituting a part of the cost of the public improvement. The provisions of this section and section 384.58 shall not apply if the city has entered into a contract with the federal government or accepted a federal grant which is governed by federal laws or rules that are contrary to this section and section 384.58.

384.58 Inspection of work.

1. The engineer for the city shall inspect all work done under this division, and within fifteen days of final completion of the public improvement, the engineer shall file a certificate with the clerk stating:

a. That the engineer has inspected the completed work.
§384.58, CITY FINANCE

b. That the work has or has not been performed in compliance with the terms of the contract, and the particulars, if any, in which the work varies from the terms.

c. The total cost of the completed work.

2. Within fifteen days after the filing of the engineer’s certificate, the council shall by resolution accept or reject the work.

3. Upon accepting the work, or within ten days thereafter, the council shall ascertain the total cost and by resolution determine the proportion or amount of the cost to be assessed against private property within the assessment district. If the council has elected to award more than one contract for the work, the council may elect to proceed separately with the acceptance and levy of assessments for the work done under each contract.

4. Upon accepting the work, the council shall order payment of any amount due the contractor, to be made by warrants issued in the manner provided by section 384.57 or by other means. The city shall order payment of any amount due the contractor to be made in accordance with the terms of the contract. Failure to make payment within seventy days after the work under the contract has been completed and if the work has been accepted and all required materials, certifications, and other documentations required to be submitted by the contractor and specified by the contract have been furnished the awarding city by the contractor, shall cause interest to accrue on the amount unpaid to the benefit of the unpaid party. Interest shall not accrue on funds retained by a city to satisfy the provisions of section 573.14 regarding claims on file. Interest shall accrue during the period commencing the thirty-first day following the completion of work and satisfaction of the other requirements of this subsection and ending on the date of payment. The rate of interest shall be determined, by the period of time during which interest accrues, and shall be the same as the rate of interest that is in effect under section 12C.6, as of the day interest begins to accrue, for a deposit of public funds for a comparable period of time. Nothing contained in this subsection shall abridge any of the rights set forth in section 573.16.

1. Within thirty days after the council adopts a resolution fixing the amount to be assessed against private property, the engineer shall file with the clerk an assessment schedule showing:

   a. A description and parcel number of each lot to be assessed.

   b. The valuation of each lot as fixed by the council.

   c. The amount to be assessed against each lot, which shall include the assessment for the default fund, if any, and the amount of deficiency, if any, which may be subsequently assessed against each lot under section 384.63.

2. In the case of the abatement of a nuisance by a city, the city clerk may prepare, sign, and file the assessment schedule and other related documents that would otherwise be required of the engineer.

384.60 Adoption of schedule.

1. Within ten days after filing of the assessment schedule, the council shall meet, consider, and adopt or amend and adopt, by resolution, the final assessment schedule. The resolution must:
384.61 Assessment of benefits.

The total cost of a public improvement, except for paying that portion of a street lying between railroad tracks and one foot outside of the tracks, or which is to be otherwise paid, must be assessed against all lots within the assessment district in accordance with the special benefits conferred upon the property, and not in excess of such benefits.

If an owner of property subject to special assessment divides the property into two or more lots, and if the plan of division is approved by the council, the owner may discharge the lien upon any of the lots by payment of the amount unpaid, calculated as determined by the council.
§384.62 Limit.

1. A special assessment against a lot for a public improvement shall not be in excess of the amount of the assessment, including the conditional deficiency assessment, as shown in the schedule confirmed by the court, or if court confirmation is not utilized, then on the original plat and schedule adopted by the council, and an assessment shall not exceed twenty-five percent of the value of the lot as shown by the plat and schedule approved by the council or as reduced by the court.

2. Special assessments for the construction or repair of underground connections for private property for gas, water, sewers, or electricity may be assessed to each lot for the actual cost of each connection for that lot, and the twenty-five percent limitation does not apply. Such connections shall not be installed to service railway right-of-way without written agreement with the railway company owning or leasing the right-of-way.

3. A special assessment for a public improvement against a tract of land assessed as agricultural property shall not become payable upon the filing of a request by the owner for deferment until that land is not assessed as agricultural property. This section shall not apply to a tract of land of less than one-quarter acre surrounding any dwelling or nonfarm structure on that tract nor shall it apply to a special assessment levied before July 3, 1978. This section shall not apply if the public improvement is a sewer, water, gas, or electrical line to which the owner of the land makes a connection.

4. Payment of installments of special assessments for a public improvement against property assessed as agricultural property shall be deferred as follows:
   a. The property owner who seeks deferment of an assessment shall file a written request for deferment with the city clerk at the time of the hearing on the resolution of necessity for the public improvement or within ten days following the date of the hearing and the request shall identify those lots subject to proposed assessments for which the property owner is seeking deferment which are assessed as agricultural property. The request may be withdrawn by the property owner at any time before or after the adoption of the resolution of necessity.
   b. The city shall indicate those lots for which a deferment has been requested on the special assessment schedule.
   c. After the assessments for the public improvement have been levied and the special assessment schedule has been filed with the county treasurer, the county treasurer shall indicate on the tax rolls those assessments subject to deferment under this section.
   d. A deferment shall continue for as long as the county assessor continues to classify the property as agricultural land on January 1 of each assessment year. A deferment shall end six months following any January 1 assessment date on which the county assessor no longer classifies the property as agricultural land and the special assessment shall become payable in the same manner as the special assessment would have become payable had it not been deferred by this subsection.

§384.63 Insufficiency — certification to county treasurer — deficiency assessment.

1. If the special assessment which may be levied against a lot is insufficient to pay its proportion of the cost of the improvement, or if no special assessment may be levied against a lot, the deficiency shall be paid from the city fund or funds designated by the council.

2. The council shall, by resolution, provide that the deficiencies for the lots specially benefited by a public improvement shall be certified to the county treasurer, who shall record them in the county system as “special assessment deficiencies”, and to the appropriate city official charged with the responsibility of issuing building permits, who shall notify the council when a private improvement is subsequently constructed on any lot subject to a deficiency. Certification to the county treasurer shall include a legal description of each lot. The period of amortization for a public improvement for which there are deficiencies shall
commence with the adoption of the resolution of necessity and extend for the same period for which installments of assessments for the project are made payable. Deficiencies may be assessed only during the period of amortization, which shall also be certified to the county treasurer and the city official charged with the responsibility of issuing building permits. Certification to the county treasurer shall include a legal description of each lot.

3. When a private improvement is constructed on a lot subject to a deficiency, during the period of amortization, the council shall, by resolution, assess a pro rata portion of the deficiency on that lot, in the same proportion to the total deficiency on that lot as the number of future installments of special assessments remaining to be paid is to the total number of installments of assessments for the project, subject to the twenty-five percent limitation of section 384.62. A deficiency assessment becomes a lien on the property and is payable in the same manner, and subject to the same interests as the other special assessments. The council shall direct the clerk to certify a deficiency assessment to the county treasurer, and to send a notice of the deficiency assessment by mail to each owner, as provided in section 384.60, but publication of the notice is not required.

4. An owner may appeal from the amount of the assessment within thirty days of the date notice is mailed. County officials shall collect a deficiency assessment, commencing in the year following the assessment, in the manner provided for the collection of other special assessments. Upon collection, the county treasurer shall make the appropriate credit entries in the county system, and shall credit the amounts collected as provided for other special assessments on the same public improvement, or to the city, to the extent that the deficiency has been previously paid from other city funds.

384.64 Assessment to railway company.

The right-of-way of a railway company is subject to special assessments for public improvements, and such assessments constitute a debt due the city which is a paramount lien upon the track of the railway company owning or leasing the right-of-way within the limits of the city. The property of a railway to which a lien for unpaid special assessment has attached may not be released from the lien until the whole assessment is paid.

384.65 Installments due.

1. The first installment of each assessment, or the total amount if five hundred dollars or less, is due and payable on July 1 next succeeding the date of the levy, unless the assessment is filed with the county treasurer after May 31 in any year. The first installment shall bear interest on the whole unpaid assessment from the date of acceptance of the work by the council to the first day of December following the due date.

2. The succeeding annual installments, with interest on the whole unpaid amount, to the first day of December following the due date, are respectively due on July 1 annually, and must be paid at the same time and in the same manner as the September semiannual payment of ordinary taxes.

3. All future installments of an assessment may be paid on any date by payment of the then outstanding balance, plus interest to the next December 1, or additional annual installments may be paid after the current installment has been paid before December 1 without interest. A payment must be for the full amount of the next installment. If installments remain to be paid, the next annual installment with interest added to December 1 will be due as provided in subsection 2.
4. a. Each installment of an assessment with interest on the unpaid balance is delinquent from October 1 after its due date and bears the same delinquent interest as ordinary taxes. However, when the last day of September is a Saturday or Sunday, the unpaid balance of the installment is delinquent from the second business day of October after its due date. When collected, the interest must be credited to the same fund as the special assessment.

b. To avoid interest on delinquent special assessment installments, a payment of the full installment amount must be received by the treasurer on or before the last business day of the month preceding the delinquent date, or mailed with appropriate postage and applicable fees paid, and a United States postal service postmark affixed to the payment envelope, with the postmark bearing a date preceding the delinquent date. Items returned to the sender by the United States postal service for insufficient postage or applicable fees shall be assessed interest, unless the appropriate postage and fees are paid and the items are postmarked again before the delinquent date. However, if the last calendar day of a month falls on a Saturday, Sunday, or a holiday, that amount becomes delinquent on the second business day of the following month.

c. To avoid interest on current or delinquent special assessment installments, for payments made through the county treasurer’s authorized website only, if the last day of the month falls on a Saturday, Sunday, or a holiday, the electronic payment must be initiated by midnight on the first business day of the next month. All other electronic payments must be initiated by midnight on the last day of the month preceding the delinquent date.

5. From the date of filing of a certified copy of the resolution of necessity, the plat, and the schedule of assessments as provided in section 384.51, all special assessments with all interest become and remain a lien on the benefited properties until paid, and have equal precedence with ordinary taxes, and are not divested by any judicial sale.

6. After December 1, if a special assessment is not delinquent, a property owner may pay one-half or all of the next annual installment of principal and interest of a special assessment prior to the delinquency date of the installment. When the next installment has been paid in full, successive principal installments may be prepaid. The county treasurer shall accept the payments of the special assessment, and shall credit the next annual installment or future installments of the special assessment to the extent of the payment or payments, and shall remit the payments to the city. If a property owner elects to pay one or more principal installments in advance, the pay schedule shall be advanced by the number of principal installments prepaid.

7. Each installment of an assessment shall be equal to the amount of the unpaid assessment as computed on the thirty-first day after the certification of the assessment divided by the number of annual installments into which the assessment may be divided as adopted by the council pursuant to section 384.60.

8. Each installment of a special assessment shall be calculated to the nearest whole dollar. Interest on unpaid installments and interest added for delinquencies shall also be calculated to the nearest whole dollar. The minimum interest amount is one dollar.

Subsection 1 amended

§384.66 Test of regularity.

1. A person having an interest in property subject to special assessment may, within twenty days after the adoption of a resolution of necessity, test the regularity of the proceedings or legality of the assessment procedure by a petition in equity filed in the district court of the county where the property is located. A petition does not stay further
proceedings on the improvement by the council, unless there is also filed a bond in an amount and with security approved by the court.

2. A person having an interest in any property specially assessed may appeal from the amount of the assessment, at any stage of the special assessment procedure up to twenty days after the final publication of notice of filing of the final assessment schedule, by petition to the district court of the county where the property is located but such appeal is only to the amount of that assessment and does not stay further proceedings by the council on the improvement. No action shall be brought appealing the amount of any special assessment from and after twenty days after said final publication.

3. A person having an interest in property subject to special assessment has a right of appeal to the district court on the ground of fraud.

4. No action may be brought questioning the regularity of the proceedings pertaining to special assessments or the validity of any special assessment levied for any public improvement under this part, from and after sixty days after the final publication of notice of filing the final assessment schedule.

384.68 Bonds issued.

1. After certification of the final assessment schedule, the city may, by resolution, authorize and issue bonds in anticipation of the collection of unpaid special assessments. However, the total principal amount of bonds issued for a public improvement may not exceed the total amount of unpaid special assessments less the proportionate unpaid amount assessed for the default fund.

2. All special assessment bonds are negotiable, must state on their face that they are issued under the provisions of this division, and are payable as to both principal and interest from the proceeds of the special assessments levied for the public improvement. Such bonds may bear interest at a rate not exceeding that permitted by chapter 74A payable annually or semiannually, must mature serially on December 1 of the years in which any of the principal is scheduled to become due, and may contain a provision that the city reserves the right and option of calling and redeeming any or all of the bonds prior to maturity on any interest payment date or within forty-five days thereafter upon the terms specified therein. Such bonds must be called “improvement bonds”, must designate the general type of improvement or improvements for which issued, and may be issued in any denomination, not exceeding ten thousand dollars. Bonds issued for a public improvement authorized in section 384.38, subsection 2, must be named in a way to distinguish them from other improvement bonds of the city, and to designate the property specially assessed for the improvement. Improvement bonds issued for any one levy must bear the same date and be divided into as many series as there are years in which installments of the special assessment mature, and each series must be as nearly equal in amount as practicable.

3. The proceeds of the special assessments and interest collected thereon must be used and applied by the city to the payment of the interest on the bonds and to the retirement of
the principal as rapidly as proceeds are collected. Such bonds and coupons do not make the city liable in any way, except for the proper application of special assessments. If interest becomes due on any of the bonds when there is no fund or funds from which to pay it, the council may make a temporary loan for payment of the interest, which loan must be repaid from the special assessments and interest pledged to secure the bonds, but in case of purchase by the city at tax sale of the property on which a special assessment is levied, the loan must be repaid from the funds of the city from which deficiencies on the improvement were paid, or if there were no deficiencies, from the general fund.

4. Special assessment bonds must be sold at public or private sale in the manner provided by chapter 75, and may not be sold for less than par value with accrued interest from date to the time of delivery, or if no bids are received at public sale, bonds bearing the same rate of interest as the special assessment may be delivered to the contractor in payment of the cost of the public improvement. The proceeds of the sale must be applied to the payment of the cost of the public improvement.

5. Any excess of proceeds from special assessments remaining after all of the bonds for a particular improvement have been paid with interest may be credited to the fund from which deficiencies for the improvement could have been paid. However, any excess in a default fund established for a public improvement authorized in section 384.38, subsection 2, shall be held by the city in a special fund to guarantee other improvement bonds which may be issued by the city for public improvements authorized under that section.

6. Cities may issue refunding bonds to pay off and take up special assessment bonds issued in payment for public improvements, or to refund any part thereof, as follows:

a. Refunding bonds must substantially conform to the provisions of this division, and the face value is limited to the amount of the unpaid special assessments with the interest thereon of the particular issue of bonds to be refunded.

b. Refunding bonds or their proceeds may be used only to pay improvement bonds taken up.

c. The expense of refunding bonds must be paid out of the funds of the city from which the cost of similar improvements might lawfully be paid.

d. When refunding bonds are issued to pay improvement bonds, all special assessments and sinking funds applicable to the payment of the improvement bonds previously issued must be applied in the same manner and to the same extent as the payment of the refunding bonds, and all the powers and duties to levy and to carry special assessments and taxes, to create liens upon property, and to establish sinking funds in respect to the bonds previously issued continue until refunding bonds are paid.

e. The city shall collect the special assessment out of which the refunding bonds are payable and hold the proceeds in trust for the payment of the refunding bonds, but it is not liable except for the proper application of the assessments.

7. No action shall be brought questioning the legality of the bonds authorized by this section from and after sixty days from the date the bonds are ordered issued by the city.

384.69 Property sold at tax sale.

Property against which a special assessment has been levied for public improvements may be sold for any sum of principal or interest due and delinquent, at any regular or adjourned tax sale in the same manner with the same forfeitures, interest, right of redemption, certificates, and deeds, as for the nonpayment of ordinary taxes. The purchaser at a tax sale, other than
the county, takes the property charged with the lien of the remaining unpaid installments and interest. When bonds have been issued in anticipation of special assessments and interest for which property is to be sold, the city may be a purchaser and is entitled to all rights of purchasers at tax sales. The proceeds subsequently realized from sales of property so purchased by the city must be credited to the funds of the city from which deficiencies on the improvement were paid, or if there were no deficiencies, to the general fund.

384.70 Redemption by bondholder.
A holder of a special assessment bond payable in whole or in part out of a special assessment against any lot or parcel of ground, or a city within which the lot or parcel of ground is situated, which lot or parcel of ground has been sold for taxes, either general or special, may have an assignment of any certificate of tax sale of the property for any general taxes or special taxes thereon, upon tender to the holder or to the county treasurer of the amount to which the holder of the tax sale certificate would be entitled in case of redemption.

Corrected assessments are a lien on the lots the same as the original assessments, must be certified by the clerk to the county treasurer in the same manner, and must so far as practicable, be collected in the same installments, draw interest at the same rate, and be enforced in the same manner as the original assessment.

However, if the city does not certify the assessments within six months of final publication as required by division IV of this chapter, all such assessments shall be null, void, and of no effect. In the making of assessments for paving streets, avenues or public places along or upon which a track of a railway or street railway company is located, the engineer shall make an estimate of the cost of building the improvement, and an estimate of the cost of the improvement if tracks were not there. The railway or street railway company may be charged with the difference between the two estimates of cost, and shall make payment in the same manner as other special assessments are paid. For the purposes of this section, commencement of a project includes but is not limited to action taken by the council or authorized officer to fix a date for a hearing in connection with any part of a public improvement, and commencement of proceedings for the levy of special assessments and the issuance of special assessment bonds includes but is not limited to action taken by the council to fix a date for a hearing in connection with any public improvement proposed to be financed in whole or in part through special assessments.

§384.81 Provisions of city code exclusive — combined utility or enterprise.

1. A city which proposes to establish, own, acquire by purchase, condemnation, or otherwise, lease, sell, construct, reconstruct, extend, remodel, improve, repair, equip, maintain and operate within or without its corporate limits a city utility, combined utility system, city enterprise, or combined city enterprise must do so in accordance with the provisions of the city code.

2. If all of the utilities involved in the establishment of a combined utility system are, at the time of establishment, controlled and managed by the same utility board, such utility board shall continue as the governing body of the combined utility system; otherwise the city council is the governing body of a combined utility system, but a utility board for a combined utility system may be established as provided in chapter 388. If a combined utility system or combined city enterprise is dissolved, each city utility or city enterprise shall continue in existence as a separate city utility or city enterprise unless the voters additionally authorize the abandonment thereof. The governing body of a combined utility system which is dissolved shall continue as the governing body of each city utility which was a part of the combined utility system unless changed as provided in chapter 388. The adding of an additional city utility to an existing combined utility system is the establishment of a new combined utility system and must be approved by the voters of the city as provided in chapter 388, but the governing body of the existing combined utility system shall continue as the governing body of the new combined utility system.

3. A combined utility system or combined city enterprise may be established, but if there are obligations outstanding which by their terms are payable from the revenues of any city utility or city enterprise involved, all such outstanding obligations must be assumed by the governing body of the combined utility system or combined city enterprise subject to all terms
established at the time of the original issue, or refunded through the issuance of revenue bonds of the combined utility system or combined city enterprise as a part of the procedure for the establishment of the combined utility system or combined city enterprise, or funds sufficient to pay the principal of and all interest and premium, if any, on such outstanding obligations at and prior to maturity must have been properly set aside and pledged for that purpose. Any revenues earmarked for payment of the obligations must be handled by the governing body of the combined utility or combined city enterprise in the same manner as they were handled by the governing body of the city utility or city enterprise involved. A city utility or city enterprise may not be abandoned and a combined utility system or combined city enterprise may not be dissolved so long as there are obligations outstanding which by their terms are payable from the revenues of the city utility, combined utility system, city enterprise, or combined city enterprise unless funds sufficient to pay the principal of and all interest and premium, if any, on such outstanding obligations at and prior to maturity have been properly set aside and pledged for such purpose.

1. a. A city may carry out projects, borrow money, and issue revenue bonds and pledge orders to pay all or part of the cost of projects, which may include a qualified water resource restoration project, such revenue bonds and pledge orders to be payable solely and only out of the net revenues of the city utility, combined utility system, city enterprise, or combined city enterprise involved in the project. The cost of a project includes the construction contracts, interest upon the revenue bonds and pledge orders during the period or estimated period of construction and for twelve months thereafter, or for twelve months after the acquisition date, such reserve funds as the governing body may deem advisable in connection with the project and the issuance of revenue bonds and pledge orders, and the costs of engineering, architectural, technical and legal services, preliminary reports, surveys, property valuations, estimates, plans, specifications, notices, acquisition of real and personal property, consequential damages or costs, easements, rights-of-way, supervision, inspection, testing, publications, printing and sale of bonds and provisions for contingencies. A city may sell revenue bonds or pledge orders at public or private sale in the manner prescribed by chapter 75 and may deliver revenue bonds and pledge orders to the contractors, sellers, and other persons furnishing materials and services constituting a part of the cost of the project in payment thereof.

b. A city may deliver its revenue bonds to the federal government or any agency thereof which has loaned the city money for sanitary or solid waste projects, water projects or other projects for which the government has a loan program.

2. A city may issue revenue bonds or pledge orders to refund revenue bonds, pledge orders, and other obligations which are by their terms payable from the net revenues of the same city utility, combined utility system, city enterprise, or combined city enterprise, or from a city utility comprising a part of the combined utility system or a city enterprise comprising a part of the combined city enterprise, at lower, the same, or higher rates of interest. Upon a finding of necessity by the governing body, a city may issue revenue bonds or pledge orders to refund general obligation bonds to the extent the general obligation bonds were issued or the proceeds of them were expended for a city utility, city enterprise, or a portion of a combined city utility or city enterprise. These revenue bonds or pledge orders may be issued at lower, the same, or at higher rates of interest than the rates of the general obligation bonds being refunded. A city may sell refunding revenue bonds or pledge orders at public or private sale in the manner prescribed by chapter 75 and apply the proceeds to the payment of the obligations being refunded, and may exchange refunding revenue bonds or pledge orders in payment and discharge of the obligations being refunded. The principal amount of refunding revenue bonds or pledge orders may exceed the principal amount of the obligations being refunded to the extent necessary to pay a premium due on the call of the obligations being refunded, to fund interest accrued and to accrue on the

obligations being refunded, to pay the costs of issuance of the refunding revenue bonds or pledge orders, and to fund such reserve funds as the governing body may deem advisable in connection with the issuance of the refunding revenue bonds or pledge orders.

384.83 Procedures for revenue bonds and pledge orders.

1. A city may issue revenue bonds pursuant to a resolution of the governing body of the city utility, combined utility system, city enterprise, or combined city enterprise, adopted at a regular or special meeting by a majority of the total number of members to which the governing body is entitled.

2. a. Before the governing body institutes proceedings for the issuance of revenue bonds, it shall fix a time and place of meeting at which it proposes to take action and give notice by publication in the manner directed in section 362.3. The notice must include a statement of the time and place of the meeting, the maximum amount of the proposed revenue bonds, the purpose or purposes for which the revenue bonds will be issued, and the city utility, combined utility system, city enterprise, or combined city enterprise whose net revenues will be used to pay the revenue bonds and interest on them. The governing body shall at the meeting receive oral or written objections from any resident or property owner of the city. After all objections have been received and considered, the governing body may, at the meeting or any adjournment of the meeting, take additional action for the issuance of the bonds or abandon the proposal to issue bonds. Any resident or property owner of the city may appeal a decision of the governing body to take additional action to the district court of the county in which any part of the city is located within fifteen days after the additional action is taken, but the additional action of the governing body is final and conclusive unless the court finds that the governing body exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal in connection with the issuance of revenue bonds are in lieu of those contained in chapter 73A or any other law.

b. Separate purposes may be incorporated in a single notice of intention to institute proceedings or separate purposes may be incorporated in separate notices and, after an opportunity for filing objections, the governing body may include in a single issue of revenue bonds any number or combination of purposes.

3. Revenue bonds may bear dates, bear interest at rates not exceeding that permitted by chapter 74A, mature in one or more installments, be in either coupon or registered form, carry registration and conversion privileges, be payable as to principal and interest at times and places, be subject to terms of redemption prior to maturity with or without premium, and be in one or more denominations, all as provided by the resolution of the governing body authorizing their issuance. The resolution may also prescribe additional provisions, terms, conditions, and covenants which the governing body deems advisable, consistent with the provisions of the city code, including provisions for creating and maintaining reserve funds, the issuance of additional revenue bonds ranking on a parity with such revenue bonds and additional revenue bonds junior and subordinate to such revenue bonds, and that such revenue bonds shall rank on a parity with or be junior and subordinate to any revenue bonds which may be then outstanding. Revenue bonds are a contract between the city and holders and the resolution is a part of the contract.

4. If the governing body is a city council, the revenue bonds must be executed by the mayor and clerk of the city. If the governing body is a utility board, the revenue bonds must be executed by the chairperson and secretary of the board. If coupons are attached to the revenue bonds, they must be executed with the original or facsimile signature of the clerk or secretary. A revenue bond is valid and binding for all purposes if it bears the signatures of the officers in office on the date of the execution of the bonds notwithstanding that any or all persons whose signatures appear thereon have ceased to be such officers prior to the delivery
thereof. The issuance of revenue bonds must be recorded in the office of the city treasurer or other financial officer designated by the council, and a certificate of the recording by the treasurer or other officer must be printed on the back of each revenue bond.

5. Revenue bonds and pledge orders issued pursuant to this division are negotiable instruments.

6. A city may issue pledge orders pursuant to a resolution of the governing body of the city utility, combined utility system, city enterprise, or combined city enterprise, adopted by a majority of the total number of members to which the governing body is entitled, at a regular or special meeting, ordering their issuance and delivery in payment for all or part of the cost of a project. Pledge orders may bear interest at rates not exceeding that permitted by chapter 74A.

7. The physical properties of a city utility, combined utility system, city enterprise, or combined city enterprise may not be pledged or mortgaged to secure the payment of revenue bonds or pledge orders or the interest thereon.

384.84 Rates and charges — billing and collection — contracts.

1. The governing body of a city utility, combined utility system, city enterprise, or combined city enterprise may establish, impose, adjust, and provide for the collection of rates and charges to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the city utility, combined utility system, city enterprise, or combined city enterprise. When revenue bonds or pledge orders are issued and outstanding pursuant to this division, the governing body shall establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the city utility, combined utility system, city enterprise, or combined city enterprise, and to leave a balance of net revenues sufficient to pay the principal of and interest on the revenue bonds and pledge orders as they become due and to maintain a reasonable reserve for the payment of principal and interest, and a sufficient portion of net revenues must be pledged for that purpose. Rates must be established by ordinance of the council or by resolution of the trustees, published in the same manner as an ordinance.

2. The governing body of a city water or wastewater utility may enter into an agreement with a qualified entity to use proceeds from revenue bonds for a water resource restoration project if the rate imposed is no greater than if there was not a water resource restoration project agreement. For purposes of this subsection, “qualified entity” is an entity created pursuant to chapter 28E or two entities that have entered into an agreement pursuant to chapter 28E, whose purpose is to undertake a watershed project that has been approved for water quality improvements in the watershed.

3. a. A city utility or enterprise service to a property or premises, including services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, water, solid waste disposal, or any of these services, may be discontinued if the account for the service becomes delinquent. Gas or electric service provided by a city utility or enterprise shall be discontinued only as provided by section 476.20, and discontinuance of those services are subject to rules adopted by the utilities board of the department of commerce.

b. If more than one city utility or enterprise service is billed to a property or premises as a combined service account, all of the services may be discontinued if the account becomes delinquent.

c. A city utility or enterprise service to a property or premises shall not be discontinued unless prior written notice is sent, by ordinary mail, to the account holder in whose name the delinquent rates or charges were incurred, informing the account holder of the nature of the delinquency and affording the account holder the opportunity for a hearing prior to discontinuance of service. If the account holder is a tenant, and if the owner or landlord of the property or premises has made a written request for notice, the notice shall also be given

to the owner or landlord. If the account holder is a tenant and requests a change of name for service under the account, such request shall be sent to the owner or landlord of the property if the owner or landlord has made a written request for notice of any change of name for service under the account to the rental property.

d. (1) If a delinquent amount is owed by an account holder for a utility service associated with a prior property or premises, a city utility, city enterprise, or combined city enterprise may withhold service from the same account holder at any new property or premises until such time as the account holder pays the delinquent amount owing on the account associated with the prior property or premises. A city utility, city enterprise, or combined city enterprise shall not withhold service from, or discontinue service to, a subsequent owner who obtains fee simple title of the prior property or premises unless such delinquent amount has been certified in a timely manner to the county treasurer as provided in subsection 4, paragraph “a”, subparagraphs (1) and (2).

(2) Delinquent amounts that have not been certified in a timely manner to the county treasurer are not collectible against any subsequent owner of the property or premises.

4. a. (1) Except as provided in paragraph “d”, all rates or charges for the services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, water, solid waste disposal, or any of these services, if not paid as provided by ordinance of the council or resolution of the trustees, are a lien upon the property or premises served by any of these services upon certification to the county treasurer that the rates or charges are due. The governing body of a city utility may, by resolution, delegate to a designee named in the resolution the city utility’s authority to certify unpaid rates or charges to the county treasurer. The city council of a city that is contracting with a city utility for joint billing or collection or both pursuant to chapter 28E may, by ordinance, delegate to such city utility, or the city utility’s designee, the city’s authority to certify unpaid rates or charges to the county treasurer.

(2) If the delinquent rates or charges were incurred prior to the date a transfer of the property or premises in fee simple is filed with the county recorder and such delinquencies were not certified to the county treasurer prior to such date, the delinquent rates or charges are not eligible to be certified to the county treasurer. If certification of such delinquent rates or charges is attempted subsequent to the date a transfer of the property or premises in fee simple is filed with the county recorder, the county treasurer shall return the certification to the city utility, city enterprise, or combined city enterprise attempting certification along with a notice stating that the delinquent rates or charges cannot be made a lien against the property or premises.

(3) If the city utility, city enterprise, or combined city enterprise is prohibited under subparagraph (2) from certifying delinquent rates or charges against the property or premises served by the services described in subparagraph (1), the city utility, city enterprise, or combined city enterprise may certify the delinquent rates or charges against any other property or premises located in this state and owned by the account holder in whose name the rates or charges were incurred.

b. The lien under paragraph “a” may be imposed upon a property or premises even if a city utility or enterprise service to the property or premises has been or may be discontinued as provided in this section.

c. A lien for a city utility or enterprise service under paragraph “a” shall not be certified to the county treasurer for collection unless prior written notice of intent to certify a lien is given to the account holder in whose name the delinquent rates or charges were incurred at least thirty days prior to certification. If the account holder is a tenant, and if the owner or landlord of the property or premises has made a written request for notice, the notice shall also be given to the owner or landlord. The notice shall be sent to the appropriate persons by ordinary mail not less than thirty days prior to certification of the lien to the county treasurer.

d. Residential rental property where a charge for water service is separately metered and paid directly to the city utility or enterprise by the tenant is exempt from a lien for delinquent rates or charges associated with such water service if the landlord gives written notice to the city utility or enterprise that the property is residential rental property and that the tenant is liable for the rates or charges. A city utility or enterprise may require a deposit not exceeding
the usual cost of ninety days of water service to be paid to the utility or enterprise. Upon receipt, the utility or enterprise shall acknowledge the notice and deposit. A written notice shall contain the name of the tenant responsible for charges, address of the residential rental property that the tenant is to occupy, and the date that the occupancy begins. A change in tenant shall require a new written notice to be given to the city utility or enterprise within thirty business days of the change in tenant. When the tenant moves from the rental property, the city utility or enterprise shall return the deposit if the water service charges are paid in full. A change in the ownership of the residential rental property shall require written notice of such change to be given to the city utility or enterprise within thirty business days of the completion of the change of ownership. The lien exemption for rental property does not apply to charges for repairs to a water service if the repair charges become delinquent.

e. Residential rental property where a charge for any of the services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, and solid waste disposal is paid directly to the city utility or enterprise by the tenant is exempt from a lien for delinquent rates or charges associated with such services if the landlord gives written notice to the city utility or enterprise that the property is residential rental property and that the tenant is liable for the rates or charges. A city utility or enterprise may require a deposit not exceeding the usual cost of ninety days of the services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, and solid waste disposal to be paid to the utility or enterprise. Upon receipt, the utility or enterprise shall acknowledge the notice and deposit. A written notice shall contain the name of the tenant responsible for the charges, the address of the residential rental property that the tenant is to occupy, and the date that the occupancy begins. A change in tenant shall require a new written notice to be given to the city utility or enterprise within thirty business days of the change in tenant. When the tenant moves from the rental property, the city utility or enterprise shall return the deposit if the charges for the services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, and solid waste disposal are paid in full. A change in the ownership of the residential rental property shall require written notice of such change to be given to the city utility or enterprise within thirty business days of the completion of the change of ownership. The lien exemption for rental property does not apply to charges for repairs related to a service of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, and solid waste disposal if the repair charges become delinquent.

5. A lien shall not be imposed pursuant to this section for a delinquent charge of less than five dollars. The governing body of the city utility or enterprise may charge up to five dollars, and the county treasurer may charge up to five dollars, as an administrative expense of certifying and filing this lien, which amounts shall be added to the amount of the lien to be collected at the time of payment of the assessment from the payor. Administrative expenses collected by the county treasurer on behalf of the city utility or enterprise shall be paid to the governing body of the city utility or enterprise, and those collected by the county treasurer on behalf of the county shall be credited to the county general fund. The lien has equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

6. A governing body may declare all or a certain portion of a city as a storm water drainage system district for the purpose of establishing, imposing, adjusting, and providing for the collection of rates as provided in this section. The ordinance provisions for collection of rates of a storm water drainage system may prescribe a formula for determination of the rates which may include criteria and standards by which benefits have been previously determined for special assessments for storm water public improvement projects under this chapter.

7. a. The governing body of a city utility, combined utility system, city enterprise, or combined city enterprise may:

(1) By ordinance of the council or by resolution of the trustees published in the same manner as an ordinance, establish, impose, adjust, and provide for the collection of charges for connection to a city utility or combined utility system.

(2) Contract for the use of or services provided by a city utility, combined utility system, city enterprise, or combined city enterprise with persons whose type or quantity of use or service is unusual.

(3) Lease for a period not to exceed fifteen years all or part of a city enterprise or combined city enterprise, if the lease will not reduce the net revenues to be produced by the city enterprise or combined city enterprise.

(4) Contract for a period not to exceed forty years with other governmental bodies for the use of or the services provided by the city utility, combined utility system, city enterprise, or combined city enterprise on a wholesale basis.

(5) Contract for a period not to exceed forty years with persons and other governmental bodies for the purchase or sale of water, gas, or electric power and energy on a wholesale basis.

b. Two or more city utilities, combined utility systems, city enterprises, or combined city enterprises, including city utilities established pursuant to chapter 388, may contract pursuant to chapter 28E for joint billing or collection, or both, of combined service accounts for utility or enterprise services, or both. The contracts may provide for the discontinuance of one or more of the city utility or enterprise services if a delinquency occurs in the payment of any charges billed under a combined service account.

c. One or more city utilities or combined utility systems, including city utilities established pursuant to chapter 388, may contract pursuant to chapter 28E with one or more sanitary districts established pursuant to chapter 358 for joint billing or collection, or both, of combined service accounts from utility services and sanitary district services. The contracts may provide for the discontinuance of one or more of the city water utility services or sanitary district services if a delinquency occurs in the payment of any charges billed under a combined service account.

8. The portion of cost attributable to the agreement or arbitration awarded under section 357A.21 may be apportioned in whole or in part among water customers within an annexed area.

9. For the purposes of this section, "premises" includes a mobile home, modular home, or manufactured home as defined in section 435.1, when the mobile home, modular home, or manufactured home is taxed as real estate.

10. Notwithstanding subsection 4, a lien shall not be filed against the land if the premises are located on leased land. If the premises are located on leased land, a lien may be filed against the premises only.

   c. The name of the proposed district.
   d. A statement of the maximum rate of tax that may be imposed upon property within the district. The maximum rate of tax may be stated in terms of separate maximum rates for the debt service tax, the capital improvement fund tax, and the operation tax, or in terms of a maximum combined rate for all three.
   e. The purpose of the establishment of the district, which may be stated generally, or in terms of the relationship of the property within the district or the interests of the owners of property within the district, or in terms of the improvements or self-liquidating improvements proposed to be developed for the purposes of the district, either specific improvements, self-liquidating improvements, or general categories of improvements, or any combination of the foregoing.
   f. A statement that taxes levied for the self-supported improvement district operation fund shall be used for the purpose of paying maintenance expenses of improvements or self-liquidating improvements for a specified length of time, along with any options to renew, if the taxes are to be used for this maintenance purpose.
3. a. The council shall notify the city planning commission upon the receipt of a petition. It shall be the duty of the city planning commission to make recommendations to the council in regard to the proposed district. The city planning commission shall, with due diligence, prepare an evaluative report for the council on the merit and feasibility of the project. The council shall not hold its public hearings or take further action on the establishment of the district until it has received the report of the city planning commission. In addition to its report, the commission may, from time to time, recommend to the council amendments and changes relating to the project.
   b. If no city planning commission exists, the council shall notify the metropolitan or regional planning commission upon receipt of a petition, and such commission shall have the same duties as the city planning commission set forth in this subsection. If no planning commission exists, the council shall notify the zoning commission upon receipt of a petition, and such commission shall have the same duties as the city planning commission set forth in this subsection. If no planning or zoning commission exists, the council shall call a hearing on the establishment of a district upon receipt of a petition.
4. Upon the receipt of the commission's final report the council shall set a time and place for a meeting at which the council proposes to take action for the establishment of the district, and shall publish notice of the meeting as provided in section 362.3, and the clerk shall send a copy of the notice by certified mail not less than fifteen days before the meeting to each owner of property within the proposed district at the owner's address as shown by the records of the county auditor. If a property is shown to be in the name of more than one owner at the same mailing address, a single notice may be mailed addressed to all owners at that address. Failure to receive a mailed notice is not grounds for objection to the council's taking any action authorized in this chapter.

5. In addition to the time and place of the meeting for hearing on the petition, the notice must state:
   a. That a petition has been filed with the council asking that a district be established.
   b. The name of the district.
   c. The purpose of the district.
   d. The property proposed to be included in the district.
   e. The maximum rate of tax which may be imposed upon the property in the district.

6. At the time and place set in the notice the council shall hear all owners of property in the proposed district or residents of the city desiring to express their views. The council must wait at least thirty days after the public hearing has been held before it may adopt an ordinance establishing a district which must be comprised of all the property which the council finds has the relationship or whose owners have the interest described in subsection 1, paragraph "c". Property included in the proposed district need not be included in the established district. However, no property may be included in the district that was not included in the proposed district until the council has held another hearing after it has published and mailed the same notice as required in subsections 4 and 5 of this section on the original petition to the owners of the additional property, or has caused a notice of the inclusion of the property to be personally served upon each owner of the additional property, or has received a written waiver of notice from each owner of the additional property.

7. Adoption of the ordinance establishing a district requires the affirmative vote of three-fourths of all of the members of the council, or in cities having but three members of the council, the affirmative vote of two members. However if a remonstrance has been filed with the clerk signed by at least twenty-five percent of all owners of property within the proposed district representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all of the property in the proposed district, the adoption of the ordinance requires a unanimous vote of the council.

8. The clerk shall cause a copy of the ordinance to be filed in the office of the county recorder of each county in which any property within the district is located.

9. At any time prior to adoption of an ordinance establishing a district, the entire matter of establishing such district shall be withdrawn from council consideration if a petition objecting to establishing such district is filed with its clerk containing the signatures of at least forty percent of all owners of property within the proposed district or signatures which together represent ownership of property with an assessed value of forty percent or more of the assessed value of all property within the proposed district.

10. The adoption of an ordinance establishing a district is a legislative determination that the property within the district has the relationship or its owners have the interest required under subsection 1, paragraph "c" and includes all of the property within the area which has that relationship or the owners of which have that interest in the district.

11. Any resident or property owner of the city may appeal the action and the decisions of the council, including the creation of the district and the levying of the proposed taxes for the district, to the district court of the county in which any part of the district is located, within thirty days after the date upon which the ordinance creating the district becomes effective, but the action and decision of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the establishment of a district or the validity of the district, or the propriety of the inclusion or exclusion of any property within or from the district, or the
ability of the city to levy taxes in accordance with the ordinance establishing the district, after thirty days from the date on which the ordinance creating the district becomes effective.

12. The procedural steps for the petitioning and creation of the district may be combined with the procedural steps for the authorization of any improvement or self-liquidating improvement, or the procedural steps for the authorization of any tax, or any combination thereof.

13. The rate of debt service tax referred to in the petition and the ordinance creating the district shall only restrict the amount of bonds which may be issued, and shall not limit the ability of the city to levy as necessary in subsequent years to pay interest and amortize the principal of that amount of bonds.

14. The ordinance creating the district may provide for the division of all of the property within the district into two or more zones based upon a reasonable difference in the relationship of the property or the interest of its owners, whether the difference is qualitative or quantitative. The ordinance creating the district and establishing the different zones may establish a different maximum rate of tax for each zone, or may provide that the rate of tax for a zone shall be a certain set percentage of the tax levied in the zone which is subject to the highest rate of tax.

386.4 Amendments to district.

1. The ordinance creating the district may be amended and property may be added to the district and the maximum rate of taxes referred to in the ordinance may be increased at any time in the same manner and by the same procedure as for the establishment of a district. All property added to a district shall be subject to all taxes currently and thereafter levied including debt service levies for bonds previously or thereafter issued.

2. Action by the council amending the ordinance creating the district, including adding any eligible property or deleting any property within the district or changing any maximum rate of taxes, shall be by ordinance adopted by an affirmative vote of three-fourths of all of the members of the council, or in cities having but three members of the council, the affirmative vote of two members. However, if a remonstrance has been filed with the clerk signed by at least twenty-five percent of all owners of property within the district and all property proposed to be included representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district and all property proposed to be included, the amending ordinance must be adopted by unanimous vote of the council.

3. The clerk shall cause a copy of the amending ordinance to be filed in the office of the county recorder of each county in which any property within the district as amended is located.

4. At any time prior to council amendment of the ordinance creating the district, the entire matter of amending such ordinance shall be withdrawn from council consideration if a petition objecting to amending such ordinance is filed with its clerk containing either the signatures of at least forty percent of all owners of property within the district and all property proposed to be included or signatures which together represent ownership of property with an assessed value of forty percent or more of the assessed value of all property within the district and all property proposed to be included.

5. Any resident or property owner of the city may appeal the action or decisions of the council amending the ordinance creating the district, to the district court of the county in which any part of the district, as amended, is located, within fifteen days after the date upon which the ordinance amending the ordinance creating the district becomes effective, but the action and decision of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the amended ordinance or the validity of the district as amended, or the propriety of the inclusion or exclusion of any property within or from the amended district, or the ability of the city to levy taxes in accordance with the ordinance establishing
the district, as amended, after thirty days from the date upon which the amending ordinance becomes effective.

6. All other provisions in section 386.3 shall apply to an amended district and to the ordinance amending the ordinance creating the district with the same effect as they apply to the original district and the ordinance creating the original district.

[C77, 79, 81, §386.4]

386.5 Dissolution.

A district may be dissolved and terminated by action of the council rescinding the ordinance creating the district, and any subsequent ordinances amending the district, by an affirmative vote of three-fourths of all members of the council, or in cities having but three members of the council, the affirmative vote of two members. However, if a remonstrance has been filed with the clerk signed by at least twenty-five percent of all owners of property within the district representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district, the rescission of the ordinance creating the district, and any subsequent ordinances amending the district, requires a unanimous vote of the council.

At any time prior to action of the council rescinding the ordinance creating the district, and any subsequent ordinances amending the district, the entire matter of dissolving a district shall be withdrawn from council consideration if a petition is filed with its clerk containing the signatures of at least forty percent of all owners of property within the district or signatures which together represent ownership of property with an assessed value of forty percent or more of the assessed value of all property within the district.

[C77, 79, 81, §386.5]

386.6 Improvements.

When a city proposes to construct an improvement the cost of which is to be paid or financed under the provisions of this chapter, it must do so in accordance with the provisions of this section, as follows:

1. The council shall initiate proceedings for a proposed improvement upon receipt of a petition signed by at least twenty-five percent of all owners of property within the district representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district.

2. Upon the receipt of such a petition the council shall notify the city planning commission, if one exists, the metropolitan or regional planning commission, if one exists, or the zoning commission, if one exists, in the order set forth in section 386.3, subsection 3. Upon notification by the council, the commission shall prepare an evaluative report for the council on the merit and feasibility of the improvement and carry out all other duties as set forth in section 386.3, subsection 3. If no planning or zoning commission exists, the council shall call a hearing on a proposed improvement upon receipt of a petition.

3. Upon the receipt of the commission’s report the council shall set a time and place of meeting at which the council proposes to take action on the proposed improvement and shall publish and mail notice as provided in section 386.3, subsections 4 and 5.

4. The notice must include a statement that an improvement has been proposed, the nature of the improvement, the source of payment of the cost of the improvement, and the time and place of hearing.

5. At the time and place set in the notice the council shall hear all owners of property in the district or residents of the city desiring to express their views. The council must wait at least thirty days after the public hearing has been held before it may take action to order construction of the improvement. The provisions of section 386.3, subsections 7 and 9, relating to the adoption of the ordinance establishing a district, the requisite vote therefor, the remonstrance thereto and the withdrawal of the entire matter from council consideration apply to the adoption of the resolution ordering the construction of the improvement.

6. If the council orders the construction of the improvement, it shall proceed to let contracts therefor in accordance with chapter 26.

7. The adoption of a resolution ordering the construction of an improvement is a
legislative determination that the proposed improvement is in furtherance of the purposes of the district and that all property in the district will be affected by the construction of the improvement, or that all owners of property in the district have an interest in the construction of the improvement.

8. Any resident or property owner of the city may appeal the action or decisions of the council ordering the construction of the improvement to the district court of the county in which any part of the district is located within thirty days after the adoption of the resolution ordering construction of the improvement, but the action and decisions of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the ordering of the construction of an improvement, or the right of the city to apply moneys in the capital improvement fund referred to in this chapter to the payment of the costs of the improvement, or the right of the city to issue bonds referred to in this chapter for the payment of the costs of the improvement, or the right of the city to levy taxes which with any other taxes authorized by this chapter do not exceed the maximum rate of tax that may be imposed upon property within the district for the payment of principal of and interest on bonds issued to pay the costs of the improvement, after thirty days from the date of adoption of the resolution ordering construction of the improvement.

9. The procedural steps contained in this section may be combined with the procedural steps for the petitioning and creation of the district or the procedural steps for the authorization of any tax or any combination thereof.

386.7 Self-liquidating improvements.
When a city proposes to construct a self-liquidating improvement, the cost of which is to be paid or financed under the provisions of this chapter, it must do so in accordance with the provisions of this section as follows:

1. Section 386.6, subsections 1 to 5 are applicable to a self-liquidating improvement to the same extent as they are applicable to an improvement and the proceedings initiating a self-liquidating improvement shall be governed thereby.

2. Before the council may order the construction of a self-liquidating improvement, and after hearing thereon, it must find that the self-liquidating improvement and the leasing of a part or the whole of it to any person or governmental body will further the corporate purposes of the city and will:
   a. Aid in the commercial development of the district.
   b. Further the interests of the district; or
   c. Not substantially reduce the city’s property tax base.

3. If the council orders the construction of the self-liquidating improvement, contracts for it shall be let in accordance with chapter 26.

4. The adoption of a resolution ordering the construction of a self-liquidating improvement is a legislative determination that the proposed self-liquidating improvement and the leasing of a part or the whole of it to any person or governmental body will further the corporate purposes of the city and will:
   a. Aid in the commercial development of the district.
   b. Further the interests of the district; or
   c. Not substantially reduce the city’s property tax base.

5. A city may lease any or all of a self-liquidating improvement to any person or governmental body.

6. A city may issue revenue bonds payable from the income and receipts derived from the self-liquidated improvement. Chapter 384, division V applies to revenue bonds for self-liquidating improvements and the term “city enterprise” as used in that division shall be deemed to include self-liquidating improvements authorized by this chapter.

7. Any resident or property owner of the city may appeal a decision of the council to order the construction of a self-liquidating improvement or to lease any or all of a
self-liquidating improvement to the district court of the county in which any part of the district is located, within thirty days after the adoption of the resolution ordering the self-liquidating improvement, but the action of the council is final and conclusive unless the court finds that the council exceeded its authority.

8. No action may be brought questioning the regularity of the proceedings pertaining to the ordering of the construction of a self-liquidating improvement after thirty days from the date of adoption of the resolution ordering construction of the self-liquidating improvement. No action may be brought questioning the regularity of the proceedings pertaining to the leasing of any or all of a self-liquidating improvement after thirty days from the date of the adoption of a resolution approving the proposed lease. In addition to the limitation contained in section 384.92, no action may be brought which questions the legality of revenue bonds or the power of the city to issue revenue bonds or the effectiveness of any proceedings relating to the authorization and issuance of revenue bonds relating to a self-liquidating improvement after thirty days from the time the bonds are ordered issued by the city.

9. The procedural steps contained in this section may be combined with the procedural steps for the petitioning and creation of the district.

[C77, 79, 81, §386.7]

386.8 Operation tax.
A city may establish a self-supported improvement district operation fund, and may certify taxes not to exceed the rate limitation as established in the ordinance creating the district, or any amendment thereto, each year to be levied for the fund against all of the property in the district, for the purpose of paying the administrative expenses of the district, which may include but are not limited to administrative personnel salaries, a separate administrative office, planning costs including consultation fees, engineering fees, architectural fees, and legal fees and all other expenses reasonably associated with the administration of the district and the fulfilling of the purposes of the district. The taxes levied for this fund may also be used for the purpose of paying maintenance expenses of improvements or self-liquidating improvements for a specified length of time with one or more options to renew if such is clearly stated in the petition which requests the council to authorize construction of the improvement or self-liquidating improvement, whether or not such petition is combined with the petition requesting creation of a district. Parcels of property which are assessed as residential property for property tax purposes are exempt from the tax levied under this section except residential properties within a duly designated historic district. A tax levied under this section is not subject to the levy limitation in section 384.1.

386.9 Capital improvement tax.
A city may establish a capital improvement fund for a district and may certify taxes, not to exceed the rate established by the ordinance creating the district, or any subsequent amendment thereto, each year to be levied for the fund against all of the property in the district, for the purpose of accumulating moneys for the financing or payment of a part or all of the costs of any improvement or self-liquidating improvement. However, parcels of property which are assessed as residential property for property tax purposes are exempt from the tax levied under this section except residential properties within a duly designated historic district. A tax levied under this section is not subject to the levy limitations in section 384.1 or 384.7.

386.10 Debt service tax.
A city shall establish a self-supported municipal improvement district debt service fund whenever any self-supported municipal improvement district bonds are issued and
outstanding, other than revenue bonds, and shall certify taxes to be levied against all of the property in the district for the debt service fund in the amount necessary to pay interest as it becomes due and the amount necessary to pay, or to create a sinking fund to pay, the principal at maturity of all self-supported municipal improvement district bonds as authorized in section 386.11, issued by the city. However, parcels of property which are assessed as residential property for property tax purposes at the time of the issuance of the bonds are exempt from the tax levied under this section until the parcels are no longer assessed as residential property or until the residential properties are designated as a part of an historic district.

§386.10, SELF-SUPPORTED MUNICIPAL IMPROVEMENT DISTRICTS

386.11 Self-supported municipal improvement district bonds.

1. A city may issue and sell self-supported municipal improvement district bonds at public or private sale payable from taxes which must be levied in accordance with chapter 76. The bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the district through the district debt service fund authorized by section 386.10. When self-supported municipal improvement district bonds are issued and taxes are levied in accordance with chapter 76, the taxes shall continue to be levied, until the bonds and interest thereon are paid in full, against all of the taxable property that was included in the district at the time of the issuance of the bonds, regardless of any subsequent removal of any property from the district or the dissolution of the district.

2. The proceeds of the sale of the bonds may be used to pay any or all of the costs of any improvement, or be used to pay any legal indebtedness incurred for the cost of any improvement including bonds or warrants previously issued to pay the costs of an improvement, or bonds may be exchanged for the evidences of such legal indebtedness.

3. Before the council may institute proceedings for the issuance of bonds, it shall proceed in the same manner as is required for the institution of proceedings for the issuance of bonds for an essential corporate purpose as provided in section 384.25, subsection 2 and all of the provisions of that subsection apply to bonds issued pursuant to this section.

4. A city may issue bonds authorized by this section pursuant to a resolution adopted at a regular or special meeting by an affirmative vote of a majority of the total members to which the council is entitled. The proceeds of a single bond issue may be used for various improvements.

5. The provisions of sections 384.29, 384.30, and 384.31 apply to bonds issued pursuant to this section, except that the bonds shall be designated “municipal improvement district bonds”.

6. No action may be brought which questions the legality of bonds issued pursuant to this section or the power of a city to issue the bonds or the effectiveness of any proceedings relating to the authorization and issuance of the bonds after thirty days from the time the bonds are ordered issued by the city.

386.12 Payment for improvements.

The costs of improvements may be paid from any of the following sources or a combination thereof:

1. The capital improvement fund referred to in section 386.9.

2. The proceeds of bonds referred to in section 386.11.

3. Any other funds of the city which are legally available to pay all or a portion of the cost of an improvement. The fact that an improvement is initiated under the provisions of this chapter, or any of the costs of an improvement or any part of an improvement are being paid under the provisions of this chapter, shall not preclude the city from paying any costs of an improvement from any fund from which it might otherwise have been able to pay such costs. In addition, and not in limitation of the foregoing, any improvement which constitutes
an essential corporate purpose or a general corporate purpose as defined in section 384.24, subsections 3 and 4, may be financed in whole or in part with the proceeds of the issuance of general obligation bonds of the city pursuant to the provisions of chapter 384, division III.

4. Payment for the costs of an improvement may also be made in warrants drawn on any fund from which payment for the improvement may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A, which do not constitute a violation of section 384.10, even if the collection of taxes or income from the sale of bonds applicable to the improvement is after the end of the fiscal year in which the warrants are issued. If the city arranges for the private sale of anticipatory warrants, they may be sold and the proceeds used to pay the costs of the improvement. Such warrants may be used to pay other persons furnishing services constituting a part of the cost of the improvement.

[C77, 79, 81, §386.12]

386.13 Parking fee abatements.

A city may apply moneys in the operation fund of the district to prepay parking fees at any city parking facility located in or used in conjunction with the district but only after notice and hearing as required by section 386.6. The authority to prepay such fees shall exist only for the period of time set out in the notice to owners and in the resolution of the council authorizing the application of funds for that purpose. Upon the application of sufficient amounts of prepaid fees, the city need not charge individual users of the parking facility. Before adopting a resolution authorizing the application of funds for such purpose, the council must find that the application will further the purposes of the district, including but not limited to increasing the commercial activity in the district.

[C77, 79, 81, §386.13]

386.14 Independent provisions.

The provisions of this chapter with respect to notice, hearing and appeal for the construction of improvements and self-liquidating improvements and the issuance and sale of bonds are in lieu of the provisions contained in chapters 73A and 75, or any other law, unless specifically referred to and made applicable by this chapter.

388.1 Definitions.
As used in this chapter:
1. “Combined utility system” means the same as defined in section 384.80.
2. “Utility board” or “board” means a board of trustees established to operate a city utility, city utilities, or a combined utility system. A single utility board may operate more than one city utility even though such city utilities are not a combined utility system.

388.2 Submission to voters.
1. a. The proposal of a city to establish, acquire, lease, or dispose of a city utility, except a sanitary sewage or storm water drainage system, in order to undertake or to discontinue the operation of the city utility, or the proposal to establish or dissolve a combined utility system, or the proposal to establish or discontinue a utility board, is subject to the approval of the voters of the city, except that a board may be discontinued by resolution of the council when the city utility, city utilities, or combined utility system it administers is disposed of or leased for a period of over five years.
   b. Upon the council’s own motion, the proposal may be submitted to the voters at the general election, the regular city election, or at a special election called for that purpose. Upon receipt of a valid petition as defined in section 362.4, requesting that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election.
   c. If the special election is to establish a gas or electric utility pursuant to this section, or if such a proposal is to be included on the ballot at the regular city or general election, the mayor or council shall give notice as required by section 376.1 to the county commissioner of elections and to any utility whose property would be affected by such election not less than sixty days before the proposed date of the special, regular city, or general election.
   d. A proposal for the establishment of a utility board must specify a board of either three or five members.
2. a. If a majority of those voting for and against the proposal approves the proposal, the city may proceed as proposed.
   b. If a majority of those voting for and against the proposal does not approve the proposal, the same or a similar proposal may not be submitted to the voters of the city for at least four years from the date of the election at which the proposal was defeated.

388.3 Procedure upon approval.
If a proposal to establish a utility board receives a favorable majority vote, the mayor shall appoint the board members, as provided in the proposal, subject to the approval of the council. The council shall by resolution provide for staggered six-year terms for, and shall set the compensation of, board members.
A board member appointed to fill a vacancy occurring by reason other than the expiration of a term is appointed for the balance of the unexpired term.
A public officer or a salaried employee of the city may not serve on a utility board.

388.4 Utility board.
The title of a utility board must be appropriate to the city utility, city utilities, or combined utility system administered by the board. A utility board may be a party to legal action. A utility board may exercise all powers of a city in relation to the city utility, city utilities, or combined utility system it administers, with the following exceptions:
1. A board may not certify taxes to be levied, pass ordinances or amendments, or issue general obligation or special assessment bonds.

2. The title to all property of a city utility or combined utility system must be held in the name of the city, but the utility board has all the powers and authorities of the city with respect to the acquisition by purchase, condemnation, or otherwise, lease, sale, or other disposition of such property, and the management, control, and operation of the same, subject to the requirements, terms, covenants, conditions, and provisions of any resolutions authorizing the issuance of revenue bonds, pledge orders, or other obligations which are payable from the revenues of the city utility or combined utility system, and which are then outstanding.

3. A board shall make to the council a detailed annual report, including a complete financial statement.

4. Immediately following a regular or special meeting of a utility board, the secretary shall prepare a condensed statement of the proceedings of the board and cause the statement to be published in a newspaper of general circulation in the city. The statement must include a list of all claims allowed, showing the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. If the reason for the claims is the same, two or more claims made by the same vendor, supplier, or claimant may be consolidated if the number of claims consolidated and the total consolidated claim amount are listed in the statement. However, the utility board shall provide at its office upon request an unconsolidated list of all claims allowed. Salary claims must show the gross amount of the claim except that salaries paid to persons regularly employed by the utility, for services regularly performed by them, must be published once annually showing the gross amount of the salary. In cities having more than one hundred fifty thousand population, the utility board shall each month prepare in pamphlet form the statement herein required for the preceding month and furnish copies to the city library, the daily newspapers of the city, the city clerk, and to persons who apply at the office of the secretary, and the pamphlet shall constitute publication as required. Failure by the secretary to make publication is a simple misdemeanor.

A utility board shall control tax revenues allocated to the city utility, city utilities, or combined utility system it administers and all moneys derived from the operation of the city utility, city utilities, or combined utility system, the sale of utility property, interest on investments, or from any other source related to the city utility, city utilities, or combined utility system.

All city utility moneys received must be held in a separate utility fund, with a separate account or accounts for each city utility or combined utility system. The minutes and a tape recording of a session closed under this subsection shall be available for public examination at that point in time when the public disclosure would no longer harm the utility’s competitive position.
2. a. Notwithstanding section 22.2, subsection 1, public records of a city utility or combined utility system, or a city enterprise or combined city enterprise as defined in section 384.80, which shall not be examined or copied as of right, include proprietary information, records of customer names and accounts, records associated with marketing or pricing strategies, preliminary working papers, spreadsheet scenarios, and cost data, if the competitive position of the city utility, combined utility system, city enterprise, or combined city enterprise would be harmed by public disclosure not required of a potential or actual competitor, and if no public purpose would be served by such disclosure. A public record not subject to examination or copying under this subsection shall be available for public examination and copying at that point in time when public disclosure would no longer harm the competitive position of the city utility, combined utility system, city enterprise, or combined city enterprise.
   b. For purposes of this subsection, “proprietary information” includes customer records that if disclosed would harm the competitive position of a customer; or information required by a noncustomer contracting party to be kept confidential pursuant to a nondisclosure agreement which relates to electric transmission planning and construction, critical energy infrastructure, an ownership interest or acquisition of an ownership interest in an electric generating facility, or other information made confidential by law or rule.

NEW section

388.10 Municipal utility providing telecommunications services.
1. a. A city that owns or operates a municipal utility providing telecommunications services or such a municipal utility shall not do, directly or indirectly, any of the following:
   (1) Use general fund moneys for the ongoing support or subsidy of a telecommunications system.
   (2) Provide any city facilities, equipment, or services to provide telecommunications systems or services at a cost for such facilities, equipment, or services which is less than the reasonable cost of providing such city facilities, equipment, or services.
(3) Provide any other city service, other than a communications service, to a telecommunications customer at a cost which is less than would be paid by the same person receiving such other city service if the person was not a telecommunications customer.

(4) Use funds or revenue generated from electric, gas, water, sewage, or garbage services provided by the city for the ongoing support of any city telecommunications system.

b. For purposes of this section:

(1) “Telecommunications system” means a system that provides telecommunications services.

(2) “Telecommunications services” means the retail provision of any of the following services:

(a) Local exchange telephone services.
(b) Long distance telephone services.
(c) Internet access services.
(d) Cable television services.

2. A city that owns or operates a municipal utility providing telecommunications services or such a municipal utility shall do the following:

a. Prepare and maintain records which record the full cost accounting of providing telecommunications services. The records shall show the amount and source of capital for initial construction or acquisition of the telecommunications system or facilities. The records shall be public records subject to the requirements of chapter 22. Information in the records that is not subject to examination or copying as provided in section 388.9, subsection 2, may be expunged from the records prior to public disclosure. This section shall not prohibit a municipal utility from utilizing capital from any lawful source, provided that the reasonable cost of such capital is accounted for as a cost of providing the service. In accounting for the cost of use of any city employees, facilities, equipment, or services, a city or municipal utility may make a reasonable allocation of the cost of use of any city employees, facilities, equipment, or services used by the municipal utility based upon reasonable criteria for the distribution of the cost of use in any manner which is not inconsistent with generally accepted accounting principles.

b. Adopt rates for the provision of telecommunications services that reflect the actual cost of providing the telecommunications services. However, this paragraph shall not prohibit the municipal utility from establishing market-based prices for competitive telecommunications services.

c. Be subject to all requirements of the city which would apply to any other provider of telecommunications services in the same manner as such requirements would apply to such other provider. For purposes of cable television services, a city that is in compliance with section 364.3, subsection 7, shall be considered in compliance with this paragraph.

d. Make an annual certification of compliance with this section. For any year in which the city or municipal utility is not audited in accordance with section 11.6, the city or municipal utility shall contract with or employ the auditor of state or a certified public accountant certified in the state of Iowa to attest to the certification. The attestation report shall be a public record for purposes of chapter 22.

3. This section shall not prohibit the marketing or bundling of other products or services, in addition to telecommunications services. However, a city shall include on a billing statement sent to a person receiving services from the city, a separate charge for each service provided to the person. This subsection does not prohibit the city from also including on the billing statement a total amount to be paid by the person.

4. This section shall not apply to telecommunications services provided directly by a municipal airport.

1. If the proposal is to establish a joint water utility, the proposal shall be submitted to the voters of each city proposing to establish the joint water utility. If a majority of the electorate in each of at least two cities approves the proposal, the cities approving the proposal may establish a joint water utility.
2. If the proposal is to join an existing joint water utility, the proposal must first be submitted to the joint water utility board for its approval. If the proposal is approved by the board, the proposal shall be submitted to the electorate of the city wishing to join. The proposal must receive a majority affirmative vote for passage.

91 Acts, ch 168, §3; 2010 Acts, ch 1061, §156

389.3 Powers and duties.

The mayors of the participating cities shall appoint the members, subject to the approval of the city councils, and at least one member shall be appointed from each participating city. The board shall be responsible for the planning and operation of a joint water utility, subject to the provisions of this chapter.
2. A joint water utility is a political subdivision and an instrumentality of municipal government. The statutory powers, duties, and limitations conferred upon a city utility apply to a joint water utility, except that title to property of a joint water utility may be held in the name of the joint water utility. The joint water utility board shall have all powers and authority of a city with respect to property which is held by the joint water utility. A joint water utility shall have the power of eminent domain, including the powers, duties, and limitations conferred upon a city in chapters 6A and 6B, for the purposes of constructing and operating a joint water utility.
3. The joint water utility board may purchase or construct all or part of any water supply system, and may finance the purchase or construction. The board may also contract to sell all or part of the joint water utility’s water supply, including any surplus, to a public or private
agency, or an entity created to carry out an agreement authorizing the joint exercise of any of the governmental powers enumerated in section 28F.1. The board may contract for the purchase, from any source, of all or a portion of the water supply requirements of the joint water facility. A contract may include provisions for the payment for capacity or output of a facility whether the facility is completed or operating, and for establishing the rights and obligations of the parties to the contract in the event of a default by any of the parties.

4. Payments made by a joint water utility pursuant to a contract shall constitute operating expenses of the joint water utility and shall be payable from the revenues derived from the operation of the joint water utility.

389.4 Financing.
A joint water utility may finance projects pursuant to chapter 28F. A city may finance its share of the cost of a project by the use of any method of financing available for city utilities, including but not limited to sections 384.23 through 384.36 and sections 384.80 through 384.94.

If a project is financed by a joint water utility, revenues derived from the project shall be deemed to be revenues of the joint water utility for all purposes including the issuance and payment of bonds secured by or payable from the revenues of the joint water utility. If a project is financed by member cities of a joint water utility, the revenues derived from the project shall be deemed to be revenues of the city or city utility for all purposes including the issuance and payment of bonds secured by or payable from the revenues of the city or city utility.

389.5 Construction.
This chapter being necessary for the public health, public safety, and general welfare, shall be liberally construed to effectuate its purposes. 3. “City utility” has the same meaning provided in section 362.2, subsection 6, and includes a “combined utility system”, as defined in section 384.80, which operates facilities for the generation or transmission of electric energy.

4. “Electric cooperative” means a cooperative association which owns and operates property for generating, purchasing, obtaining by exchange or otherwise acquiring, or transmitting electric power and energy.

5. “Governing body” means the public body which by law is charged with the management and control of a city utility as defined in section 384.80, subsection 5.

8. “Or” includes the conjunctive “and” and “and” includes the disjunctive “or”, unless the context clearly indicates otherwise.

9. “Own” and “ownership” in the case of transmission facilities, including substations and associated facilities, may include the right to the use of an amount of the capacity of the facilities, if the joint agreement so provides. “Own” and “ownership” may include a joint facility located in this state or outside this state.

10. “Participant” means a city, electric cooperative or privately owned utility company which is a party to a joint agreement.

[C75, 77, 79, 81, §390.1]

390.2 Additional power.

In addition to other powers conferred by the Constitution and laws of this state, any city having established a utility which operates an existing electric generating facility or distribution system may enter into and carry out joint agreements with other participants for the acquisition of ownership of an undivided interest in a joint facility and for the planning, financing, operation and maintenance of the joint facility.

[C75, 77, 79, 81, §390.2]
390.3 Hearing — exception to general statutes.
Before a city may enter into or amend a joint agreement, the governing body shall adopt a proposed form of agreement and give notice and conduct a public hearing on the agreement in the manner provided by sections 73A.1 to 73A.11, which action shall be subject to appeal as provided in chapter 73A.

However, in the performance of a joint agreement, the governing body is not subject to statutes generally applicable to public contracts, including hearings on plans, specifications, form of contracts, costs, notice and competitive bidding required under chapter 26 and section 384.103, unless all parties to the joint agreement are cities located within the state of Iowa.

84 Acts, ch 1067, §36; 2006 Acts, ch 1017, §38, 42, 43

390.4 Undivided joint interest.
In substance, a joint agreement shall:

1. Provide that each participant shall own an undivided interest in the joint facility, the interest being equal to the percentage of the money furnished, value of property furnished, or services rendered by each participant toward the total cost of the joint facility, and that each participant shall own and control a like percentage of the output of the joint facility.
2. Provide that each participant shall undertake to finance its portion of the cost of planning, acquisition, operation, and maintenance of the joint facility.
3. Provide that each participant in the ownership of the joint facility shall bear all taxes, if any, chargeable to its ownership of the joint facility under statutes now or hereafter in effect.
4. Provide for the planning, financing, acquisition, operation and maintenance of the joint facility, or for any one or more of said purposes, including the cost to be contributed by each participant.
5. Provide for a uniform method of determining and allocating operation and maintenance expenses of the joint facility.
6. Provide that a participant may be liable only for its own acts with regard to the joint facility, or as principal for the acts of the manager in proportion to its percentage of ownership, and shall not be jointly or severally liable for the acts, omissions or obligations of other participants.
7. Provide that the undivided interest of a participant in the joint facility may not be charged directly or indirectly with a debt or obligation of another participant or be subject to any lien as a result thereof.
8. Provide for the management and operation of the affairs of the joint facility, and the indemnification of the manager, which may include a provision that the joint facility shall be managed and operated by one or more of the participants.
9. Provide that no participant may withdraw from the joint agreement during its duration so long as obligations payable in whole or in part from revenues derived from the operation of the joint facility, and issued by a city, are outstanding, unless prior consent is first granted by each of the other participants either in the joint agreement or otherwise.
10. Provide for the method to be employed in accomplishing the partial or complete termination of the agreement and for disposing of property and assets upon partial or complete termination. The provisions of the joint agreement for disposition of the joint facilities shall not be subject to the statutes limiting or prescribing procedure for the sale of city-owned properties.
11. Provide for the duration of the agreement. An agreement authorized by this chapter shall not be limited as to period of existence, except as may be limited by the terms of the agreement itself.
12. Include other provisions as the parties may deem necessary or appropriate with respect to the conduct of the participants, the operation or ownership of the joint facility, or the settlement of disputes.

[C75, 77, 79, 81, §390.4]

[C75, 77, 79, 81, §390.5]

390.6 Construction.
This chapter being necessary for the public health, public safety and general welfare, shall be liberally construed to effectuate its purposes. This chapter shall be construed as providing a separate and independent method for accomplishing its purposes, and except as provided or necessarily implied shall not be construed as subject to or an amendment of any other law. In particular, without limiting the generality of the foregoing, no restrictions or requirements contained in this chapter shall be construed as applying to bonds issued pursuant to the provisions of chapter 419. Nothing contained in this chapter shall be construed to limit the powers and authority of privately owned utility companies or electric cooperatives under any other law.

[C75, 77, 79, 81, §390.6]

390.7 Construction of amendments.
The provisions of 1975 Iowa Acts, ch. 199, are retroactive in application to all joint agreements entered into and executed prior to July 1, 1975, under this chapter, on behalf of cities which, on the date of executing the agreements, operated existing electric generating or distribution facilities. However, all such joint agreements which complied with the provisions of this chapter prior to amendment by 1975 Iowa Acts, ch. 199, are also in full force and effect according to their terms, and are not rendered invalid in any respect by any provision of 1975 Iowa Acts, ch. 199.

[C77, 79, 81, §390.7]

390.8 Equity investment in independent transmission company.
In addition to the powers conferred upon a city elsewhere in this chapter, any city operating a city electric utility on January 1, 2003, may enter into agreements with and acquire equity interests in independent transmission companies or similar independent transmission entities in which they are participating that are approved by the federal energy regulatory commission. The purpose of such equity investments shall be to mitigate expenses incurred by the city electric utility due to its procurement of electric transmission service or to otherwise facilitate investment in transmission facilities and shall not be for general city or city utility investment purposes.

2003 Acts, ch 116, §1

390.8A Transmission facility ownership.
In addition to the powers conferred upon a city or electric power agency elsewhere in this chapter, a city or electric power agency may acquire ownership interest in a transmission facility, including ownership of the capacity of such facility, within this state or in any other state for the purpose of participating with other utilities in transmission to be operated by a regional transmission organization or an independent transmission operator approved by the federal energy regulatory commission. For purposes of this section, “electric power agency” means the same as defined in section 390.9.

Referred to in §249J.3, 330.23, 362.1, 362.2, 362.9, 376.1

392.1 Establishment by ordinance.
If the council wishes to establish an administrative agency, it shall do so by an ordinance which indicates the title, powers, and duties of the agency, the method of appointment or election, qualifications, compensation, and term of members, and other appropriate matters relating to the agency. The title of an administrative agency must be appropriate to its function. The council may not delegate to an administrative agency any of the powers, authorities, and duties prescribed in division V of chapter 384 or in chapter 388, except that the council may delegate to an administrative agency established for the purpose of operating an airport any of its powers and duties prescribed in division V of chapter 384, and the council may delegate to an administrative agency power to establish and collect charges, and disburse the moneys received for the use of a city facility, including a city enterprise, as defined in section 384.24, if the delegation to an administrative agency is strictly subject to the limitations imposed by the revenue bonds or pledge orders outstanding which are payable from the revenues of the city enterprise. Except as otherwise provided in this chapter, the council may delegate rulemaking authority to the agency for matters within the scope of the agency’s powers and duties, and may prescribe penalties for violation of agency rules which have been adopted by ordinance. Rules governing the use by the public of any city facility must be made readily available to the public.

392.2 Pledging credit or taxing power prohibited.
An administrative agency may not pledge the credit or taxing power of the city.

[C75, 77, 79, 81, §392.2]

392.3 Contracts reviewable by council.
Unless otherwise stated in the ordinance establishing the agency, contracts and agreements entered into by administrative agencies are subject to review and approval by the council, but when so approved and to the extent such contracts and agreements are otherwise valid by law, are valid and not voidable by subsequent actions of the city even if the administrative agency is dissolved, but no such contract or agreement may conflict with the provisions of division V of chapter 384 or chapter 388, or any action taken pursuant to the provisions of the same.

[C75, 77, 79, 81, §392.3]

392.4 Joint action.
Subject to approval by the council, an administrative agency may take action jointly with other public or private agencies as provided in chapter 28E.

[C75, 77, 79, 81, §392.4]

392.5 Library board.
A city library board of trustees functioning on the effective date of the city code shall continue to function in the same manner until altered or discontinued as provided in this section.
In order for the board to function in the same manner, the council shall retain all applicable
ordinances, and shall adopt as ordinances all applicable state statutes repealed by 1972 Iowa Acts, chapter 1088.

A library board may accept and control the expenditure of all gifts, devises, and bequests to the library.

A proposal to alter the composition, manner of selection, or charge of a library board, or to replace it with an alternate form of administrative agency, is subject to the approval of the voters of the city.

The proposal may be submitted to the voters at any city election by the council on its own motion. Upon receipt of a valid petition as defined in section 362.4, requesting that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election. A proposal submitted to the voters must describe with reasonable detail the action proposed.

If a majority of those voting approves the proposal, the city may proceed as proposed.

If a majority of those voting does not approve the proposal, the same or a similar proposal may not be submitted to the voters of the city for at least four years from the date of the election at which the proposal was defeated.

392.6 Hospital or health care facility trustees.

1. If a hospital or health care facility is established by a city, the city shall by ordinance provide for the election, at a special election held pursuant to section 39.2, subsection 4, paragraph “b”, of three trustees, whose terms of office shall be four years. However, at the first election, three shall be elected and hold their office, one for four years and two for two years, and they shall by lot determine their respective terms. A candidate for hospital or health care facility trustee must be a resident of the hospital or health care facility service area within the boundaries of the state at the time of the election at which the person’s name appears on the ballot. A board of trustees elected pursuant to this section shall serve as the sole and only board of trustees for any and all institutions established by a city as provided for in this section.

2. The administration and management of an institution as provided for in this section is vested in a board of trustees consisting of three, five, or seven members. A three-member board may be expanded to a five-member board, and a five-member board may be expanded to a seven-member board. Expansion of the membership of the board shall occur only on approval of a majority of the current board of trustees. The additional members shall be appointed by the current board of trustees. One appointee shall serve until the next succeeding general or regular city election, at which time a successor shall be elected, and the other appointee shall serve until the second succeeding general or regular city election, at which time a successor shall be elected. The determination of which election an appointed additional member shall be required to seek election shall be determined by lot. Thereafter, the terms of office of such additional members shall be four years.

3. a. Terms of office of trustees elected pursuant to general or regular city elections shall begin at noon on the first day in January which is not a Sunday or legal holiday. Terms of office of trustees appointed to fill a vacancy or elected pursuant to special elections shall begin at noon on the tenth day after appointment or the special election which is not a Sunday or legal holiday. The trustees shall begin their terms of office by taking the oath of office, and organize as a board by the election of one trustee as chairperson, one trustee as treasurer, and one trustee as secretary. Terms of office of trustees shall extend to noon on the first day in January which is not a Sunday or legal holiday or until their successors are elected and qualified.

b. Vacancies on the board of trustees may, until the next general or regular city election, be filled in the same manner as provided in section 347.10. An appointment made under this paragraph shall be for the unexpired balance of the term of the preceding trustee. If a board member is absent for four consecutive regular board meetings, without prior excuse, the member’s position shall be declared vacant and filled as set out in this paragraph.
4. A trustee shall not receive any compensation for services performed under this chapter, but a trustee shall be reimbursed for actual and necessary expenses incurred in performance of the trustee’s duties.

5. The board of trustees shall be vested with authority to provide for the management, control, and government of the city hospital or health care facility established as permitted by this section, and shall provide all needed rules for the economic conduct thereof and shall annually prepare a condensed statement of the total receipts and expenditures for the hospital or health care facility and cause the same to be published in a newspaper of general circulation in the city in which the hospital or health care facility is located.

6. Boards of trustees of institutions provided for in this section are granted all of the powers and duties necessary for the management, control, and government of the institutions, specifically including but not limited to any applicable powers and duties granted boards of trustees under other provisions of the Code relating to hospitals, nursing homes, assisted or independent living services, and other ancillary services irrespective of the chapter of the Code under which such institutions are established, organized, operated, or maintained, unless such provisions are in conflict with this section.

392.7 Prior agencies.

Except as otherwise provided in this chapter, an administrative agency established by a city shall continue with the same powers and duties until altered or discontinued as provided in this section. The council may by ordinance reduce or increase an administrative agency’s power and duties, or may transfer powers and duties from one agency to another. The council may discontinue an administrative agency by adopting a resolution proposing the action, and publishing notice as provided in section 362.3, of the resolution and of a date, time and place of a public hearing on the proposal, and may discontinue the agency by ordinance or amendment not sooner than thirty days following the hearing.

394.1 Authority to issue bonds — taxes.
Cities are hereby authorized to contract indebtedness and to issue general obligation bonds to provide funds to pay the cost of opening, establishing, constructing, improving, extending or remodeling of a zoo or zoological garden and to construct, reconstruct or repair any such improvement and to pay the cost of land needed for any of said purposes.

Taxes for the payment of said bonds shall be levied in accordance with chapter 76, and said bonds shall be payable through the debt service fund in not more than twenty years, and bear interest at a rate not exceeding that permitted by chapter 74A, and shall be of such form as the city council shall by resolution provide, but no city shall become indebted in excess of five percent of the actual value of the taxable property within said city, as shown by the last preceding state and county tax lists. The indebtedness incurred for the purpose provided in this section shall not be considered an indebtedness incurred for general or ordinary purposes.

This section shall be construed as granting additional power without limiting the power already existing in cities.

The provisions of this section shall be applicable to all municipal corporations regardless of form of government or manner of incorporation.

[C75, 77, 79, 81, §394.1]

394.2 Question submitted to voters.
It shall not be necessary to submit to the voters the proposition of issuing bonds for refunding purposes, but prior to the issuance of bonds for other purposes the council shall submit to the voters of the city at a general election or a regular city election the proposition of issuing the bonds. Notice of the election on the proposition of issuing bonds shall be published as required by section 49.53. The notice shall also state whether or not an admission fee is to be charged by the zoo or zoological gardens.

Bonds issued pursuant to the provisions of this chapter shall be sold by the council in the manner prescribed by chapter 75; however, refunding bonds may either be sold and the proceeds applied to the payment of the bonds to be refunded, or the refunding bonds may be issued in exchange for the bonds being refunded upon their surrender and cancellation.

A city establishing or having established a zoo or zoological garden may authorize not to exceed a levy of twenty-seven cents per thousand dollars of assessed valuation on all taxable property within the corporation for the purpose of paying the costs of operating, maintaining and managing a zoo or zoological garden. The levy shall be subject to cumulative levy limitations otherwise provided by law unless said levy shall have been submitted to and approved by the voters of said city.

[C75, 77, 79, 81, §394.3]

394.4 Contracts with other cities — election.
Contracts may be made between any city establishing or having established a zoo or zoological garden and any other city or county, but a county may contract only with respect to residents outside of any city, for the use of such zoo or zoological garden or any extension service thereof by its residents, and for the levy of a tax in support thereof. Such contracts shall provide for the rate of tax to be levied during the term thereof, not exceeding twenty-seven cents per thousand dollars of assessed valuation. Said contracts may be submitted to the voters of either city and shall not be subject to termination if approved by the voters of both parties.

If not so approved, such contracts may be modified by mutual consent or may be terminated by the voters of either party thereto.

Any such tax shall be subject to cumulative levy limitations applicable generally to the contracting parties unless the contract shall have been approved by the voters.

Any election held hereunder may be held upon notice and in any manner provided by law
applicable to the contracting party with respect to elections upon special public propositions; provided that it shall not be necessary to set out the contract provisions in full as a part of the ballot.

The physical examination of applicants for appointment to the positions of police officer, police matron, or fire fighter shall be held in accordance with medical protocols established by the board of trustees of the fire and police retirement system established by section 411.5 and shall be conducted in accordance with the directives of the board of trustees. The physical examination of an applicant for the position of police officer, police matron, or fire fighter shall be conducted after a conditional offer of employment has been made to the applicant. An applicant shall not be discriminated against on the basis of height, weight, sex, or race in determining physical or mental ability of the applicant. In the case of police patrol officers, if the employee has successfully completed training at the Iowa law enforcement academy or another training facility certified by the director of the Iowa law enforcement academy before the initial appointment as a police patrol officer, the probationary period shall be for a period of up to nine months and shall commence with the date of initial appointment as a police patrol officer. 400.9 Promotional examinations and procedures.

1. The commission shall, at such times as shall be found necessary, under such rules as shall be prescribed and published in advance by the commission, and posted in the city hall, hold competitive promotional examinations for the purpose of determining the qualifications of applicants for promotion to a higher grade under civil service, which examinations shall be practical in character, and shall relate to such matters as will fairly test the ability of the applicant to discharge the duties of the position to which the applicant seeks promotion.

2. The commission shall establish guidelines for conducting the examinations under subsection 1. It may prepare and administer the examinations or may hire persons with expertise to do so if the commission approves the examinations and if the examinations apply to the position in the city for which the applicant is taking the examination. It may also hire persons with expertise to consult in the preparation of such examinations if the persons so hired are employed to aid personnel of the commission in assuring that a fair examination is conducted. A fair examination shall explore the competence of the applicant in the particular field of examination. The names of persons approved to administer any examination under this section shall be posted in the city hall at least twenty-four hours prior to the examination.

3. Vacancies in civil service promotional grades shall be filled by lateral transfer, voluntary demotion, or promotion of employees of the city to the extent that the city employees qualify for the positions. When laterally transferred, voluntarily demoted, or promoted, an employee shall hold full civil service rights in the position. If an employee of the city does not pass the promotional examination and otherwise qualify for a vacated position, or if an employee of the city does not apply for a vacated position, an entrance examination may be used to fill the vacancy.

4. If there is a certified list of qualified candidates for a promotional appointment, the following procedures shall be followed:

a. A publication stating that interviews are being scheduled to make a new certified list to fill a vacancy in a civil service promotional grade classification shall be posted for at least

b. An employee who wishes to voluntarily demote or to laterally transfer into a vacancy and has previously been or is currently in the classification where the vacancy exists, shall notify the civil service commission of the employee’s interest in the vacant position. The employee shall be added to the list of candidates to be interviewed and considered for the vacancy.

5. If there is no certified list of qualified candidates for a promotional appointment, the following procedures shall be followed:

a. When an examination announcement is posted to make a certified list of qualified candidates, the announcement shall also state that an employee who has been or is currently employed in the classification where the vacancy exists, may notify the civil service commission of the employee’s interest in the vacant position. Upon notification, the employee shall be added to the list of candidates for an interview and consideration for the vacant position.

b. All civil service employees of a city who meet the minimum qualifications for a classification, shall have the right to compete in the civil service examination process to establish a certified list of qualified candidates.

1. a. The commission, within one hundred eighty days after the beginning of each competitive examination for original appointment, shall certify to the city council a list of the names of forty persons, or a lesser number as determined by the commission, who qualify with the highest standing as a result of each examination for the position they seek to fill, or the number which have qualified if less than forty, in the order of their standing, and all newly created offices or other vacancies in positions under civil service which occur before the beginning of the next examination for the positions shall be filled from the lists, or from the preferred list existing as provided for in case of diminution of employees, within thirty days. If a tie occurs in the examination scores which would qualify persons for the last position on the list, the list of the names of the persons who qualify with the highest standing as a result of each examination shall include all persons who qualify for the last position.
Preference for temporary service in civil service positions shall be given those on the lists. However, the commission may certify a list of names eligible for appointment subject to successfully completing a medical examination. The medical examination shall be provided pursuant to commission rules adopted under section 400.8.

b. The commission may hold in reserve, for original appointments, additional lists of forty persons, each next highest in standing, in order of their grade, or such number as may qualify if less than forty. If the list of up to forty persons provided in the first paragraph is exhausted within one year, the commission may certify such additional lists of up to forty persons each, in order of their standing, to the council as eligible for appointment to fill such vacancies as may exist.

2. a. The commission, within ninety days after the beginning of each competitive examination for promotion, shall certify to the city council a list of names of the ten persons who qualify with the highest standing as a result of each examination for the position the persons seek to fill, or the number which have qualified if less than ten, in the order of their standing and all newly created offices or other vacancies in positions under civil service which occur before the beginning of the next examination for the positions shall be filled from the lists, or from the preferred list existing as provided for in the case of diminution of employees, within thirty days. If a tie occurs in the examination scores which would qualify persons for the tenth position on the list, the list of names of the persons who qualify with the highest standing as a result of each examination shall include all persons who qualify for the tenth position.

b. Except where the preferred list exists, persons on the certified eligible list for promotion shall hold preference for promotion for two years following the date of certification, except for certified eligible lists of fire fighters as defined in section 411.1, subsection 10, which lists shall hold preference for three years upon approval of the commission, after which the lists shall be canceled and promotion to the grade shall not be made until a new list has been certified eligible for promotion.

3. When there is no such preferred list or certified eligible list, or when the eligible list shall be exhausted, the person or body having the appointing power may temporarily fill a newly created office or other vacancy only until an examination can be held and the names of qualified persons be certified by the commission, and such temporary appointments are hereby limited to ninety days for any one person in the same vacancy, but such limitation shall not apply to persons temporarily acting in positions regularly held by another. A temporary appointment to a position regularly held by another shall, whenever possible, be made according to the certified eligible list. Any person temporarily filling a vacancy in a position of higher grade for twenty days or more, shall receive the salary paid in such higher grade.

   a. Abolish the office and remove the employee from the employee’s classification or grade thereunder.
   b. Reduce the number of employees in any classification or grade by suspending the necessary number.

3. In case of removal or suspension, the civil service commission shall issue to each person affected one certificate showing the person’s comparative seniority or length of service in each of the classifications or grades from which the person is so removed and the fact that the person has been honorably removed. The certificate shall also list each classification or grade in which the person was previously employed. The person’s name shall be carried for a period of not less than three years after the suspension or removal on a preferred list and appointments or promotions made during that period to the person’s former duties in the classification or grade shall be made in the order of greater seniority from the preferred lists.

POLICY, PLAN, AND MUNICIPAL AUTHORITY

403.1 Title.
This chapter shall be known and may be cited as the “Urban Renewal Law.” [C58, 62, 66, 71, 73, 75, 77, 79, 81, §403.1]

403.2 Declaration of policy.
1. It is hereby found and declared that there exist in municipalities of the state slum and blighted areas, as herein defined, which constitute a serious and growing menace, injurious to the public health, safety, morals and welfare of the residents of the state; that the existence of such areas contributes substantially and increasingly to the spread of disease and crime, constitutes an economic and social liability imposing onerous municipal burdens which decrease the tax base and reduce tax revenues, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of slums and blighted areas is a matter of state policy and state concern in order that the state and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency and consume an excessive proportion of state revenues because of the extra services required for police, fire, accident, hospitalization and other forms of public protection, services and facilities.

2. It is further found and declared that certain slum or blighted areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by conservation or rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of conservation or rehabilitation in such a manner that the conditions and evils hereinbefore enumerated may be eliminated, remedied or prevented; and that fringe areas can be conserved and rehabilitated through appropriate public action as herein authorized, and through the cooperation and voluntary action of the owners and tenants of property in such areas.

3. It is further found and declared that there exists in this state the continuing need for programs to alleviate and prevent conditions of unemployment and a shortage of housing; and that it is accordingly necessary to assist and retain local industries and commercial enterprises to strengthen and revitalize the economy of this state and its municipalities; that accordingly it is necessary to provide means and methods for the encouragement and assistance of industrial and commercial enterprises in locating, purchasing, constructing, reconstructing, modernizing, improving, maintaining, repairing, furnishing, equipping, and expanding in this state and its municipalities, for the provision of public improvements related to housing and residential development, and for the construction of housing for low and moderate income families; that accordingly it is necessary to authorize local governing bodies to designate areas of a municipality as economic development areas for commercial and industrial enterprises, public improvements related to housing and residential development, or construction of housing for low and moderate income families; and that it is also necessary to encourage the location and expansion of commercial enterprises to more conveniently provide needed services and facilities of the commercial enterprises to municipalities and the residents of the municipalities. Therefore, the powers granted in this chapter constitute the performance of essential public purposes for this state and its municipalities.

4. It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and for which the power of eminent domain, to the extent authorized, and police power exercised; and that the necessity
in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination.

403.3 Municipal program.

The local governing body of a municipality may formulate for the municipality a workable program for utilizing appropriate private and public resources to eliminate slums and prevent the development or spread of slums and urban blight and to encourage needed urban rehabilitation. Such workable program may include, without limitation, provisions for:

1. The prevention of the spread of blight into areas of the municipality which are free from blight, through diligent enforcement of housing, zoning and occupancy controls and standards.

2. The rehabilitation or conservation of slum or blighted areas or portions thereof by replanning, by removing congestion, by providing parks, playgrounds and other public improvements, by encouraging voluntary rehabilitation and by compelling the repair and rehabilitation of deteriorated or deteriorating structures.

3. The clearance of slum and blighted areas or portions thereof.

4. The redevelopment of slum and blighted areas by approval of urban renewal plans.

403.4 Resolution of necessity.

No municipality shall exercise the authority herein conferred upon municipalities by this chapter until after its local governing body shall have adopted a resolution finding that:

1. One or more slum, blighted or economic development areas exist in the municipality.

2. The rehabilitation, conservation, redevelopment, development, or a combination thereof, of the area is necessary in the interest of the public health, safety, or welfare of the residents of the municipality.

403.5 Urban renewal plan.

1. A municipality shall not approve an urban renewal project for an urban renewal area unless the governing body has, by resolution, determined the area to be a slum area, blighted area, economic development area or a combination of those areas, and designated the area as appropriate for an urban renewal project. The local governing body shall not approve an urban renewal plan until a general plan for the municipality has been prepared. For this purpose and other municipal purposes, authority is vested in every municipality to prepare, to adopt and to revise from time to time, a general plan for the physical development of the municipality as a whole, giving due regard to the environs and metropolitan surroundings. A municipality shall not acquire real property for an urban renewal project unless the local governing body has approved the urban renewal project in accordance with subsection 4.

2. a. The municipality may itself prepare or cause to be prepared an urban renewal plan; or any person or agency, public or private, may submit such a plan to a municipality. Prior to its approval of an urban renewal plan, the local governing body shall submit such plan to the planning commission of the municipality, if any, for review and recommendations as to its conformity with the general plan for the development of the municipality as a whole. The planning commission shall submit its written recommendations with respect to the proposed urban renewal plan to the local governing body within thirty days after receipt of the plan for review. Upon receipt of the recommendations of the planning commission or, if no recommendations are received within the thirty days, then, without such recommendations, the local governing body may proceed with the hearing on the proposed urban renewal plan prescribed by subsection 3.

b. (1) Prior to its approval of an urban renewal plan which provides for a division of
§403.5, URBAN RENEWAL

revenue pursuant to section 403.19, the municipality shall mail the proposed plan by regular mail to the affected taxing entities. The municipality shall include with the proposed plan notification of a consultation to be held between the municipality and affected taxing entities prior to the public hearing on the urban renewal plan. If the proposed urban renewal plan or proposed urban renewal project within the urban renewal area includes the use of taxes resulting from a division of revenue under section 403.19 for a public building, including but not limited to a police station, fire station, administration building, swimming pool, hospital, library, recreational building, city hall, or other public building that is exempt from taxation, including the grounds of, and the erection, equipment, remodeling, or reconstruction of, and additions or extensions to, such a building, the municipality shall include with the proposed plan notification an analysis of alternative development options and funding for the urban renewal area or urban renewal project and the reasons such options would be less feasible than the proposed urban renewal plan or proposed urban renewal project. A copy of the analysis required in this subparagraph shall be included with the urban renewal report required under section 331.403 or 384.22, as applicable, and filed by December 1 following adoption of the urban renewal plan or project.

(2) Each affected taxing entity may appoint a representative to attend the consultation. The consultation may include a discussion of the estimated growth in valuation of taxable property included in the proposed urban renewal area, the fiscal impact of the division of revenue on the affected taxing entities, the estimated impact on the provision of services by each of the affected taxing entities in the proposed urban renewal area, and the duration of any bond issuance included in the plan. The designated representative of the affected taxing entity may make written recommendations for modification to the proposed division of revenue no later than seven days following the date of the consultation. The representative of the municipality shall, no later than seven days prior to the public hearing on the urban renewal plan, submit a written response to the affected taxing entity addressing the recommendations for modification to the proposed division of revenue.

3. The local governing body shall hold a public hearing on an urban renewal plan after public notice thereof by publication in a newspaper having a general circulation in the area of operation of the municipality. The notice shall describe the time, date, place and purpose of the hearing, shall generally identify the urban renewal area covered by the plan, and shall outline the general scope of the urban renewal activities under consideration. A copy of the notice shall be sent by ordinary mail to each affected taxing entity.

4. Following such hearing, the local governing body may approve an urban renewal plan if it finds that:

a. A feasible method exists for the location of families who will be displaced from the urban renewal area into decent, safe and sanitary dwelling accommodations within their means and without undue hardship to such families.

b. (1) The urban renewal plan conforms to the general plan of the municipality as a whole; provided, that if the urban renewal area consists of an area of open land to be acquired by the municipality, such area shall not be so acquired except:

(a) If it is to be developed for residential uses, the local governing body shall determine that a shortage of housing of sound standards and design with decency, safety, and sanitation exists in the municipality; that the acquisition of the area for residential uses is an integral part of and essential to the program of the municipality; and that one or more of the following conditions exist:

(i) That the need for housing accommodations has been or will be increased as a result of the clearance of slums in other areas, including other portions of the urban renewal area.

(ii) That conditions of blight in the municipality and the shortage of decent, safe, and sanitary housing cause or contribute to an increase in and spread of disease and crime, so as to constitute a menace to the public health, safety, morals, or welfare.

(iii) That the provision of public improvements related to housing and residential development will encourage housing and residential development which is necessary to encourage the retention or relocation of industrial and commercial enterprises in this state and its municipalities.
(iv) The acquisition of the area is necessary to provide for the construction of housing for low and moderate income families.

(b) If it is to be developed for nonresidential uses, the local governing body shall determine that such nonresidential uses are necessary and appropriate to facilitate the proper growth and development of the community in accordance with sound planning standards and local community objectives.

(2) The acquisition of open land authorized in subparagraph (1), subparagraph division (a) and (b) may require the exercise of governmental action, as provided in this chapter, because of defective or unusual conditions of title, diversity of ownership, tax delinquency, improper subdivisions, outmoded street patterns, deterioration of site, economic disuse, unsuitable topography or faulty lot layouts, or because of the need for the correlation of the area with other areas of a municipality by streets and modern traffic requirements, or any combination of such factors or other conditions which retard development of the area. If such governmental action involves the exercise of eminent domain authority, the municipality is subject to the limitations of this chapter and chapters 6A and 6B.

5. a. Except as otherwise provided in this subsection, an urban renewal plan may be modified at any time. However, if the urban renewal plan is modified after the lease or sale by the municipality of real property in the urban renewal project area, such modification may be conditioned upon such approval of the owner, lessee, or successor in interest as the municipality may deem advisable, and in any event such modification shall be subject to such rights at law or in equity as a lessee or purchaser, or a lessee’s or purchaser’s successor or successors in interest, may be entitled to assert.

b. A municipality shall not approve an urban renewal project for an urban renewal area unless the governing body has amended or modified the adopted urban renewal plan to include the urban renewal project.

c. The municipality shall comply with the notification, consultation, and hearing process provided in this section prior to the approval of any amendment or modification to an adopted urban renewal plan if such amendment or modification provides for refunding bonds or refinancing resulting in an increase in debt service or provides for the issuance of bonds or other indebtedness, to be funded primarily in the manner provided in section 403.19, or if such amendment or modification provides for the inclusion and approval of an urban renewal project under paragraph “b”. However, the review and recommendation process conducted by the municipality’s planning commission under subsection 2, paragraph “a”, shall not be required when amending or modifying an adopted urban renewal plan.

d. Once determined to be a blighted area, a slum area, or an economic development area by a municipality, an urban renewal area shall not be redetermined by the municipality throughout the duration of the urban renewal area.

6. Upon the approval by a municipality of an urban renewal plan or of any modification thereof, such plan or modification shall be deemed to be in full force and effect for the respective urban renewal area, and the municipality may then cause such plan or modification to be carried out in accordance with its terms.

7. Notwithstanding any other provisions of this chapter, where the local governing body certifies that an area is in need of redevelopment or rehabilitation as a result of a flood, fire, hurricane, earthquake, storm, or other catastrophe respecting which the governor of the state has certified the need for disaster assistance under Pub. L. No. 81-875, Eighty-first Congress, 64 Stat. 1109, codified at 42 U.S.C. § 1855 – 1855g or other federal law, the local governing body may approve an urban renewal plan and an urban renewal project with respect to such area without regard to the provisions of subsection 4 and without regard to provisions of this section requiring notification and consultation, a general plan for the municipality, and a public hearing on the urban renewal plan or project.

403.6 Powers of municipality.

The provisions of this chapter shall be liberally interpreted to achieve the purposes of this chapter. Every municipality shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

3. Within its area of operation, to enter into any building or property in any urban renewal area in order to make inspections, surveys, appraisals, soundings or test borings, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; to acquire by purchase, lease, option, gift, grant, bequest, devise, eminent domain or otherwise, any real property, or personal property for administrative purposes, together with any improvements thereon; to hold, improve, clear or prepare for redevelopment any such property; to mortgage, pledge, hypothecate or otherwise encumber or dispose of any real property; to insure or provide for the insurance of any real or personal property or operations of the municipality against any risks or hazards, including the power to pay premiums on any such insurance; and to enter into any contracts necessary to effectuate the purposes of this chapter. A municipality or other public body exercising powers under this chapter with respect to the acquisition, clearance, or disposition of property shall not be restricted by any other statutory provision in the exercise of such powers unless such statutory provision specifically states its application to this chapter or unless this chapter specifically applies restrictions contained in another statutory provision to the powers that may be exercised under this chapter.

4. To invest any urban renewal project funds held in reserves or sinking funds, or any such funds not required for immediate disbursement, in property or securities in which a state bank may legally invest funds subject to its control; to redeem such bonds as have been issued pursuant to section 403.9 at the redemption price established therein, or to purchase such bonds at less than redemption price, all such bonds so redeemed or purchased to be canceled.

A municipality may include in any contract, for financial assistance with the federal government for an urban renewal project, such conditions imposed pursuant to federal laws as the municipality may deem reasonable and appropriate and which are not inconsistent with the purposes of the chapter.

6. Within its area of operation, to make or have made all surveys and planning necessary to the carrying out of the purposes of this chapter, and to contract with any person in making and carrying out of such planning, and to adopt or approve, modify and amend such planning. Such planning may include, without limitation:

   a. A general plan for the locality as a whole;
   b. Urban renewal plans;
   c. Preliminary plans outlining urban renewal activities for neighborhoods to embrace two or more urban renewal areas;
d. Planning for carrying out a program of voluntary or compulsory repair and rehabilitation of buildings and improvements;

e. Planning for the enforcement of state and local laws, codes and regulations relating to the use of land and the use and occupancy of buildings and improvements and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements;

f. Appraisals, title searches, surveys, studies, and other planning and work necessary to prepare for the undertaking of urban renewal projects. The municipality is authorized to develop, test, and report methods and techniques, and carry out demonstrations and other activities, for the prevention and the elimination of slums and urban blight and to apply for, accept and utilize grants of funds from the federal government for such purposes.

7. To plan for the relocation of persons, including families, business concerns and others, displaced by an urban renewal project, and to make relocation payments to or with respect to such persons for moving expenses and losses of property for which reimbursement or compensation is not otherwise made, including the making of such payments financed by the federal government. Other provisions of the Code notwithstanding, in making such payments on projects not federally funded, the municipality may pay relocation assistance benefits in the amounts authorized by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, Pub. L. No. 91-646, as amended by the Uniform Relocation Act Amendments of 1987, Tit. IV, Pub. L. No. 100-17.

8. To appropriate such funds and make such expenditures as may be necessary to carry out the purposes of this chapter, and to levy taxes and assessments for such purposes; to zone or rezone any part of the municipality or make exceptions from building regulations; and to enter into agreements, respecting action to be taken by such municipality pursuant to any of the powers granted by this chapter, with an urban renewal agency vested with urban renewal project powers under section 403.14, which agreements may extend over any period, notwithstanding any provision of rule of law to the contrary.

9. To close, vacate, plan or replan streets, roads, sidewalks, ways or other places; and to plan or replan any part of the municipality.

10. Within its area of operation, to organize, coordinate and direct the administration of the provisions of this chapter as they apply to such municipality in order that the objective of remediating slum and blighted areas, and preventing the causes thereof, within such municipality, may be most effectively promoted and achieved; and to establish such new office or offices of the municipality, or to reorganize existing offices, in order to carry out such purpose most effectively.

11. To exercise all or any part of combination of powers herein granted.

12. To approve urban renewal plans.

13. To sell and convey real property in furtherance of an urban renewal project.

14. To supplement the rent required to be paid by any family residing in the municipality forced to relocate by reason of any governmental activity, provided it is necessary to do so in order to house such family in decent, safe and sanitary housing and provided further that such family does not have sufficient means, as determined by the municipality, to pay the required rent for such housing. Any such rent supplement for any such family shall not continue for more than five years.

15. To acquire by purchase, gift or condemnation real property within its area of operation for the relocation of railroad passenger and freight depots, tracks, and yard and other railroad facilities and to sell or exchange and convey such real property to railroads.

16. To acquire or dispose of by purchase, construction, or lease, or otherwise to deal in air rights, and facilities or easements for lateral or vertical support of land or structures of any kind.

17. 18. To provide in an urban renewal plan for the exclusion from taxation of value added to real estate during the process of construction for development or redevelopment. The
exclusion may be limited as to the scope of exclusion, territory, or class of property affected. However, the value added during construction shall not be eligible for exclusion from taxation for more than two years and the exclusion shall not be applied to a facility which has been more than eighty percent completed as of the most recent date of assessment. This subsection permits the elimination only of those taxes which are levied against assessments made during the construction of the development or redevelopment.

19. a. A municipality, upon entering into a development or redevelopment agreement pursuant to section 403.8, subsection 1, or as otherwise permitted in this chapter, may enter into a written assessment agreement with the developer of taxable property in the urban renewal area which establishes a minimum actual value of the land and completed improvements to be made on the land until a specified termination date which shall not be later than the date after which the tax increment will no longer be remitted to the municipality pursuant to section 403.19, subsection 2. The assessment agreement shall be presented to the appropriate assessor. The assessor shall review the plans and specifications for the improvements to be made and if the minimum actual value contained in the assessment agreement appears to be reasonable, the assessor shall execute the following certification upon the agreement:

The undersigned assessor, being legally responsible for the assessment of the above described property upon completion of the improvements to be made on it, certifies that the actual value assigned to that land and improvements upon completion shall not be less than $.......................... 

b. This assessment agreement with the certification of the assessor and a copy of this subsection shall be filed in the office of the county recorder of the county where the property is located. Upon completion of the improvements, the assessor shall value the property as required by law, except that the actual value shall not be less than the minimum actual value contained in the assessment agreement. This subsection does not prohibit the assessor from assigning a higher actual value to the property or prohibit the owner from seeking administrative or legal remedies to reduce the actual value assigned except that the actual value shall not be reduced below the minimum actual value contained in the assessment agreement. An assessor, county auditor, board of review, director of revenue, or court of this state shall not reduce or order the reduction of the actual value below the minimum actual value in the agreement during the term of the agreement regardless of the actual value which may result from the incomplete construction of improvements, destruction or diminution by any cause, insured or uninsured, except in the case of acquisition or reacquisition of the property by a public entity. Recording of an assessment agreement complying with this subsection constitutes notice of the assessment agreement to a subsequent purchaser or encumbrancer of the land or any part of it, whether voluntary or involuntary, and is binding upon a subsequent purchaser or encumbrancer.

[§ 403.6, URBAN RENEWAL]

403.7 Condemnation of property.

1. A municipality shall have the right to acquire by condemnation any interest in real property, including a fee simple title thereto, which it may deem necessary for or in connection with an urban renewal project under this chapter, subject to the limitations on eminent domain authority in chapter 6A. However, a municipality shall not condemn agricultural land included within an economic development area for any use unless the owner of the agricultural land consents to condemnation or unless the municipality determines that the land is necessary or useful for any of the following:

a. The operation of a city utility as defined in section 362.2.
b. The operation of a city franchise conferred the authority to condemn private property under section 364.2.

c. The operation of a combined utility system as defined in section 384.80.

2. A municipality shall exercise the power of eminent domain in the manner provided in chapter 6B. Property already devoted to a public use may be acquired in like manner. However, real property belonging to the state, or any political subdivision of this state, shall not be acquired without its consent, and real property or any right or interest in the property owned by any public utility company, pipeline company, railway or transportation company vested with the right of eminent domain under the laws of this state shall not be acquired without the consent of the company, or without first securing, after due notice to the company and after hearing, a certificate authorizing condemnation of the property from the board, commission, or body having the authority to grant a certificate authorizing condemnation.

3. In a condemnation proceeding, if a municipality proposes to take a part of a lot or parcel of real property, the municipality shall also take the remaining part of the lot or parcel if requested by the owner.

1. A municipality may sell, lease or otherwise transfer real property or any interest in real property acquired by it, and may enter into contracts for such purposes, in an urban renewal area for residential, recreational, commercial, industrial or other uses, or for public use, subject to covenants, conditions and restrictions, including covenants running with the land, it deems to be necessary or desirable to assist in preventing the development or spread of future slums or blighted areas, or to otherwise carry out the purposes of this chapter. However, the sale, lease, other transfer, or retention, and any agreement relating to it, may be made only after the approval of the urban renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall devote the real property only to the uses specified in the urban renewal plan, and they may be obligated to comply with other requirements the municipality determines to be in the public interest, including the requirement to begin within a reasonable time any improvements on the real property required by the urban renewal plan. The real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan except as provided in subsection 3. In determining the fair value of real property for uses in accordance with the urban renewal plan, a municipality shall take into account and give consideration to the uses provided in the plan; the restrictions upon, and the covenants, conditions and obligations assumed by the purchaser or lessee or by the municipality retaining the property; and the objectives of the plan for the prevention of the recurrence of slum or blighted areas. The municipality in an instrument of conveyance to a private purchaser or lessee may provide that the purchaser or lessee shall not sell, lease or otherwise transfer the real property, without the prior written consent of the municipality, until the purchaser or lessee has completed the construction of any or all improvements which the purchaser or lessee has become obligated to construct. Real property acquired by a municipality which, in accordance with the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest, consistent with the carrying out of the urban renewal plan. A contract for a transfer under the urban renewal plan, or a part or parts of the contract or plan as the municipality determines, may be recorded in the land records of the county in a manner to afford actual or constructive notice of the contract or plan.

2. a. A municipality may dispose of real property in an urban renewal area to private persons only under reasonable competitive bidding procedures it shall prescribe, or as provided in this subsection. A municipality, by public notice by publication in a newspaper having a general circulation in the community, thirty days prior to the execution of a contract to sell, lease or otherwise transfer real property, and prior to the delivery of an instrument of conveyance with respect to the real property under this section, may invite proposals from and make available all pertinent information to any persons interested in undertaking
§403.8, URBAN RENEWAL

3. The requirement that real property or an interest in real property transferred or retained for the purpose of a development or redevelopment be sold, leased, otherwise transferred, or retained at not less than its fair market value does not apply if the developer enters into a written assessment agreement with the municipality pursuant to section 403.6, subsections 18 and 19 and the minimum actual value contained in the assessment agreement would indicate that there will be sufficient taxable valuations to permit the collection of incremental taxes as provided in subsection 2 of section 403.19 to cause the indebtedness and other costs incurred by the municipality with respect to the property or interest transferred or retained to be repayable as to principal within four tax years following the commencement of full operation of the development.

4. A municipality may temporarily operate and maintain real property acquired in an urban renewal area pending the disposition of the property as authorized in this chapter, without regard to the provisions of subsection 1 above, for such uses and purposes as may be deemed desirable, even though not in conformity with the urban renewal plan.

At the meeting, the local governing body shall receive oral or written objections from any resident or property owner of the municipality. After all objections have been received and considered, the local governing body, at that meeting or any subsequent meeting, may take additional action for the issuance of the bonds or abandon the proposal to issue the bonds. Any resident or property owner of the municipality may appeal the decision of the local governing body to take additional action to the district court of the county in which any part of the municipality is located, within fifteen days after the additional action is taken. The additional action of the local governing body is final and conclusive unless the court finds that the municipality exceeded its authority.

4. Such bonds may be sold at not less than ninety-eight percent of par at public or private sale, or may be exchanged for other bonds at not less than ninety-eight percent of par.

5. In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. 6. The word “action” shall not be deemed to include resolutions advisory to the local governing body or agency by any citizens group, board, body, or commission designated to serve a purely advisory approving or recommending function under this chapter.

7. The limitations of this section shall be construed to permit action by a public official, commissioner, or employee where any benefits of such action accrue to the public generally, such action affects all or a substantial portion of the properties included or planned to be included in such a project, or such action promotes the public purposes of such project, and shall be construed to limit only that action by a public official, commissioner, or employee which directly or specifically affects property in which such official, commissioner, or employee has an interest or in which an employer of such official, commissioner, or employee has an interest. Any disclosure required to be made by this section to the local governing body shall concurrently be made to an urban renewal agency which has been vested with urban renewal project powers by the municipality pursuant to the provisions of section 403.14. No commissioner or other officer of any urban renewal agency, board or commission exercising powers pursuant to this chapter shall hold any other public office under the municipality, other than the commissionership or office with respect to such urban renewal agency, board or commission. Any violation of the provisions of this section shall constitute misconduct in office, but no ordinance or resolution of a municipality or agency shall be invalid by reason of a vote or votes cast in violation of the standards of this section unless such vote or votes were decisive in the passage of such ordinance or resolution.

TAX INCREMENT FINANCING

403.19 Division of revenue from taxation — tax increment financing.
A municipality may provide by ordinance that taxes levied on taxable property in an urban renewal area each year by or for the benefit of the state, city, county, school district, or other taxing district, shall be divided as follows:

1. a. Unless otherwise provided in this section, that portion of the taxes which would be produced by the rate at which the tax is levied each year by or for each of the taxing districts upon the total sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll as of January 1 of the calendar year preceding the first calendar year in which the municipality certifies to the county auditor the amount of loans, advances, indebtedness, or bonds payable from the division of property tax revenue, or on the assessment roll last equalized prior to the date of initial adoption of the urban renewal plan if the plan was adopted prior to July 1, 1972, shall be allocated to and when collected be paid into the fund for the respective taxing district as taxes by or for the taxing district into which all other property taxes are paid. However, the municipality may choose to divide that portion of the taxes which would be produced by levying the municipality’s portion of the total tax rate levied by or for the municipality upon the total sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll as of January 1 of the calendar year preceding the effective date of the ordinance. This choice to divide a portion of the taxes shall not be construed to change the effective date of the division of property tax revenue with respect to an urban renewal plan in existence on July 1, 1994.

b. For the purpose of allocating taxes levied by or for any taxing district which did not include the territory in an urban renewal area on the effective date of the ordinance or initial adoption of the plan, but to which the territory has been annexed or otherwise included after the effective date, the assessment roll applicable to property in the annexed territory as of January 1 of the calendar year preceding the effective date of the ordinance, which amends the plan to include the annexed area, shall be used in determining the assessed valuation of the taxable property in the annexed area.

c. For the purposes of dividing taxes under section 260E.4, the applicable assessment roll for purposes of paragraph “(a)” shall be the assessment roll as of January 1 of the calendar year preceding the first written agreement providing that all or a portion of program costs are to be paid for by incremental property taxes. The community college shall file a copy of the agreement with the appropriate assessor. The assessor may, within fourteen days of such filing, physically inspect the applicable taxable business property. If upon such inspection the assessor determines that there has been a change in the value of the property from the value as shown on the assessment roll as of January 1 of the calendar year preceding the filing of the agreement and such change in value is due to new construction, additions or improvements to existing structures, or remodeling of existing structures for which a building permit was
required, the assessor shall promptly determine the value of the property as of the inspection in the manner provided in chapter 441 and that value shall be included for purposes of the jobs training project in the assessed value of the employer’s taxable business property as shown on the assessment roll as of January 1 of the calendar year preceding the filing of the agreement. The assessor, within thirty days of such filing, shall notify the community college and the employer or business of that valuation which shall be included in the assessed valuation for purposes of this subsection and section 260E.4. The value determined by the assessor shall reflect the change in value due solely to new construction, additions or improvements to existing structures, or remodeling of existing structures for which a building permit was required.

2. a. That portion of the taxes each year in excess of such amount shall be allocated to and when collected be paid into a special fund of the municipality to pay the principal of and interest on loans, moneys advanced to, or indebtedness, whether funded, refunded, assumed, or otherwise, including bonds issued under the authority of section 403.9, subsection 1, incurred by the municipality to finance or refinance, in whole or in part, an urban renewal project within the area, and to provide assistance for low and moderate income family housing as provided in section 403.22. However, except as provided in paragraph “b”, taxes for the regular and voter-approved physical plant and equipment levy of a school district imposed pursuant to section 298.2 and taxes for the instructional support program of a school district imposed pursuant to section 257.19, taxes for the payment of bonds and interest of each taxing district, and taxes imposed under section 346.27, subsection 22, related to joint county-city buildings shall be collected against all taxable property within the taxing district without limitation by the provisions of this subsection.

b. (1) All or a portion of the taxes for the physical plant and equipment levy shall be paid by the school district to the municipality if the auditor certifies to the school district by July 1 the amount of such levy that is necessary to pay the principal and interest on bonds issued by the municipality to finance an urban renewal project, which bonds were issued before July 1, 2001. Indebtedness incurred to refund bonds issued prior to July 1, 2001, shall not be included in the certification. Such school district shall pay over the amount certified by November 1 and May 1 of the fiscal year following certification to the school district.

(2) (a) All or a portion of the taxes for the instructional support program levy of a school district shall be paid by the school district to the municipality if the auditor, pursuant to subsection 11, certifies to the school district by July 1 the amount of such levy that is necessary to pay the principal and interest on bonds issued or other indebtedness incurred by the municipality to finance an urban renewal project if such bonds or indebtedness were issued or incurred on or before April 24, 2012. Such school district shall pay over the amount certified by November 1 and May 1 of the fiscal year following certification to the school district.

(b) In lieu of payment to a municipality under subparagraph division (a), a school district may by resolution of the board of directors of the school district approve at a regular meeting of the board of directors the payment of all or a portion of the instructional support program property tax revenue excluded under paragraph “a”, to the municipality for the payment of principal and interest on such bonds issued or such other indebtedness incurred by the municipality before, on, or after April 24, 2012.

c. Unless and until the total assessed valuation of the taxable property in an urban renewal area exceeds the total assessed value of the taxable property in such area as shown by the last equalized assessment roll referred to in subsection 1, all of the taxes levied and collected upon the taxable property in the urban renewal area shall be paid into the funds for the respective taxing districts as taxes by or for the taxing districts in the same manner as all other property taxes. When such loans, advances, indebtedness, and bonds, if any, and interest thereon, have been paid, all moneys thereafter received from taxes upon the taxable property in such urban renewal area shall be paid into the funds for the respective taxing districts in the same manner as taxes on all other property.

d. In those instances where a school district has entered into an agreement pursuant to section 279.64 for sharing of school district taxes levied and collected from valuation
described in this subsection and released to the school district, the school district shall transfer the taxes as provided in the agreement.

3. The portion of taxes mentioned in subsection 2 and the special fund into which they shall be paid, may be irrevocably pledged by a municipality for the payment of the principal and interest on loans, advances, bonds issued under the authority of section 403.9, subsection 1, or indebtedness incurred by a municipality to finance or refinance, in whole or in part, the urban renewal project within the area.

4. As used in this section the word “taxes” includes, but is not limited to, all levies on an ad valorem basis upon land or real property.

5. An ordinance adopted under this section providing for a division of revenue shall be filed in the office of the county auditor of each county where the property that is subject to the ordinance is located.

6. a. (1) A municipality shall certify to the county auditor on or before December 1 the amount of loans, advances, indebtedness, or bonds, including interest negotiated on such loans, advances, indebtedness, or bonds, which qualify for payment from the special fund referred to in subsection 2, for each urban renewal area in the municipality, and the filing of the certificate shall make it a duty of the auditor to provide for the division of taxes in each subsequent year without further certification, except as provided in paragraphs “b” and “c”, until the amount of the loans, advances, indebtedness, or bonds is paid to the special fund. Such certification shall include all amounts which qualify for payment from the special fund referred to in subsection 2 during the next fiscal year and all amounts which qualify for payment from the special fund in any subsequent fiscal year. If any loans, advances, indebtedness, or bonds are issued which qualify for payment from the special fund and which are in addition to amounts already certified, the municipality shall certify the amount of the additional obligations on or before December 1 of the year such obligations were issued, and the filing of the certificate shall make it a duty of the auditor to provide for the division of taxes in each subsequent year without further certification, except as provided in paragraphs “b” and “c”, until the amount of the loans, advances, indebtedness, or bonds is paid to the special fund. Any subsequent certifications under this subsection shall not include amounts previously certified.

(2) A certification made under this paragraph “a” shall include the date that the individual loans, advances, indebtedness, or bonds were initially approved by the governing body of the municipality.

b. If the amount certified in paragraph “a” is reduced by payment from sources other than the division of taxes, by a refunding or refinancing of the obligation which results in lowered principal and interest on the amount of the obligation, or for any other reason, the municipality on or before December 1 of the year the action was taken which resulted in the reduction shall certify the amount of the reduction to the county auditor.

c. In any year, the county auditor shall, upon receipt of a certified request from a municipality filed on or before December 1, increase the amount to be allocated under subsection 1 in order to reduce the amount to be allocated in the following fiscal year to the special fund, to the extent that the municipality does not request allocation to the special fund of the full portion of taxes which could be collected. Upon receipt of a certificate from a municipality, the auditor shall mail a copy of the certificate to each affected taxing district.

d. For purposes of this section, “indebtedness” includes but is not limited to written agreements whereby the municipality agrees to exempt, rebate, refund, or reimburse property taxes, provide a grant for property taxes paid, or make a direct payment of taxes, with moneys in the special fund referred to in subsection 2, and bonds, notes, or other obligations that are secured by or subject to payment from moneys appropriated by the municipality from moneys in the special fund referred to in subsection 2.

7. Tax collections within each taxing district may be allocated to the entire taxing district including the taxes on the valuations determined under subsection 1 and to the special fund created under subsection 2 in the proportion of their taxable valuations determined as provided in this section.

8. For any fiscal year, a municipality may certify to the county auditor for physical plant and equipment revenue necessary for payment of principal and interest on bonds issued prior
to July 1, 2001, only if the municipality certified for such revenue for the fiscal year beginning July 1, 2000. A municipality shall not certify to the county auditor for a school district more than the amount the municipality certified for the fiscal year beginning July 1, 2000. If for any fiscal year a municipality fails to certify to the county auditor for a school district by July 1 the amount of physical plant and equipment revenue necessary for payment of principal and interest on such bonds, as provided in subsection 2, the school district is not required to pay over the revenue to the municipality. If a school district and a municipality are unable to agree on the amount of physical plant and equipment revenue certified by the municipality for the fiscal year beginning July 1, 2001, either party may request that the state appeal board review and finally pass upon the amount that may be certified. Such appeals must be presented in writing to the state appeal board no later than July 31 following certification. The burden shall be on the municipality to prove that the physical plant and equipment levy revenue is necessary to pay principal and interest on bonds issued prior to July 1, 2001. A final decision must be issued by the state appeal board no later than the following October 1.

9. a. Moneys from any source deposited into the special fund created in this section shall not be expended for or otherwise used in connection with an urban renewal project approved on or after July 1, 2012, that includes the relocation of a commercial or industrial enterprise not presently located within the municipality, unless one of the following occurs:

(1) The local governing body of the municipality where the commercial or industrial enterprise is currently located and the local governing body of the municipality where the commercial or industrial enterprise is proposing to relocate have either entered into a written agreement concerning the relocation of the commercial or industrial enterprise or have entered into a written agreement concerning the general use of economic incentives to attract commercial or industrial development within those municipalities.

(2) The local governing body of the municipality where the commercial or industrial enterprise is proposing to relocate finds that the use of deposits into the special fund for an urban renewal project that includes such a relocation is in the public interest. A local governing body’s finding that an urban renewal project that includes a commercial or industrial enterprise relocation is in the public interest shall include written verification from the commercial or industrial enterprise that the enterprise is actively considering moving all or a part of its operations to a location outside the state and a specific finding that such an out-of-state move would result in a significant reduction in either the enterprise’s total employment in the state or in the total amount of wages earned by employees of the enterprise in the state.

b. For the purposes of this subsection, “relocation” means the closure or substantial reduction of an enterprise’s existing operations in one area of the state and the initiation of substantially the same operation in the same county or a contiguous county in the state. This subsection does not prohibit an enterprise from expanding its operations in another area of the state provided that existing operations of a similar nature are not closed or substantially reduced.

10. a. Interest or earnings received on amounts deposited into the special fund created in this section and the net proceeds from the sale of assets purchased using amounts deposited into the special fund created in this section shall be credited to the special fund and shall be used solely for the purposes specified in this section.

b. Moneys in the special fund created in this section shall not be transferred to another fund of the municipality except for the payment of loans, advances, indebtedness, or bonds that qualify for payment from the special fund.

11. For any fiscal year, a municipality may certify to the county auditor for instructional support program property tax revenue necessary for payment of principal and interest on bonds issued or other indebtedness incurred for an urban renewal project on or before April 24, 2012. If for any fiscal year a municipality fails to certify to the county auditor by July 1 the amount of instructional support program property tax revenue necessary for payment of principal and interest on such bonds, as provided in subsection 2, the school district is not required to pay over the revenue to the municipality. If a school district and a municipality are unable to agree on the amount of instructional support program property tax revenue certified by the municipality, either party may request that the state appeal board review and
finally pass upon the amount that may be certified. Such appeals must be presented in writing to the state appeal board no later than July 31 following certification. The burden shall be on the municipality to prove that the instructional support program property tax revenue is necessary to pay principal and interest on the applicable bonds. A final decision must be issued by the state appeal board no later than the following October 1.

1. For purposes of this section, unless the context otherwise requires:

a. “Business” means an enterprise that is located in this state and that is operated for profit and under a single management. “Business” includes professional and industrial enterprises, including but not limited to medical treatment facilities, manufacturing facilities, corporate headquarters, and research facilities. “Business” does not include a retail operation, a government entity, or a business which closes or substantially reduces its operation in one area of this state and relocates substantially the same operation to another area of this state.

b. “Employee” means the individual employed in a targeted job that is subject to a withholding agreement.

c. “Employer” means a business creating or retaining targeted jobs in an urban renewal area of a pilot project city pursuant to a withholding agreement.

d. “Pilot project city” means a city that has applied and been approved as a pilot project city pursuant to subsection 2.

e. “Qualifying investment” means a capital investment in real property including the purchase price of land and existing buildings, site preparation, building construction, and long-term lease costs. “Qualifying investment” also means a capital investment in depreciable assets.

f. “Targeted job” means a job in a business which is or will be located in an urban renewal area of a pilot project city that pays a wage at least equal to the countywide average wage. “Targeted job” includes new or retained jobs from Iowa business expansions or retentions within the city limits of the pilot project city and those jobs resulting from established out-of-state businesses, as defined by the economic development authority, moving to or expanding in Iowa.

g. “Withholding agreement” means the agreement between a pilot project city and an employer concerning the targeted jobs withholding credit authorized in subsection 3.

2. a. An eligible city may apply for designation as a pilot project city pursuant to this subsection. An eligible city is a city that contains three or more census tracts and is located in a county meeting one of the following requirements:

(1) A county that borders Nebraska.

(2) A county that borders South Dakota.

(3) A county that borders a state other than Nebraska or South Dakota.

b. (1) The department of economic development shall approve four eligible cities as pilot project cities, one pursuant to paragraph “a”, subparagraph (1), one pursuant to paragraph “a”, subparagraph (2), and two pursuant to paragraph “a”, subparagraph (3). If two eligible cities are approved which are located in the same county and the county has a population of less than forty-five thousand, the two approved eligible cities shall be considered one pilot
project city. If more than two cities meeting the requirements of paragraph “a”, subparagraph (3), apply to be designated as a pilot project city, the department of economic development shall determine which two cities hold the most potential to create new jobs or generate the greatest capital within their areas. Applications from eligible cities filed on or after October 1, 2006, shall not be considered.

(2) If a pilot project city does not enter into a withholding agreement within one year of its approval as a pilot project city, the city shall lose its status as a pilot project city. If two pilot project cities are located in the same county, the loss of status by one pilot project city shall not cause the second pilot project city in the county to lose its status as a pilot project city. Upon such occurrence, the department of economic development shall take applications from other eligible cities to replace that city. Another city shall be designated within six months.

(3) On July 1, 2011, the economic development authority shall assume responsibility for the administration of this subsection.

3. a. A pilot project city may provide by ordinance for the deposit into a designated account in the special fund described in section 403.19, subsection 2, of the targeted jobs withholding credit described in this section. The targeted jobs withholding credit shall be based upon the wages paid to employees pursuant to a withholding agreement.

b. An amount equal to three percent of the gross wages paid by an employer to each employee under a withholding agreement shall be credited from the payment made by the employer pursuant to section 422.16. If the amount of the withholding by the employer is less than three percent of the gross wages paid to the employees covered by the withholding agreement, the employer shall receive a credit against other withholding taxes due by the employer or may carry the credit forward for up to ten years or until depleted, whichever is the earlier. The employer shall remit the amount of the credit quarterly, in the same manner as withholding payments are reported to the department of revenue, to the pilot project city to be allocated to and when collected paid into a designated account in the special fund for the urban renewal area in which the targeted jobs are located. All amounts so deposited shall be used or pledged by the pilot project city for an urban renewal project related to the employer pursuant to the withholding agreement.

c. (1) The pilot project city shall enter into a withholding agreement with each employer concerning the targeted jobs withholding credit. The withholding agreement shall provide for the total amount of withholding credits awarded. An agreement shall not provide for an amount of withholding credits that exceeds the amount of the qualifying investment made in the project. An agreement shall not be entered into by a pilot project city with a business currently located in this state unless the business either creates or retains ten new jobs or makes a qualifying investment of at least five hundred thousand dollars within the urban renewal area. The withholding agreement may have a term of up to ten years. An employer shall not be obligated to enter into a withholding agreement. An agreement shall not be entered into with an employer not already located in a pilot project city when another Iowa community is competing for the same project and both the pilot project city and the other Iowa community are seeking assistance from the authority.

(2) The pilot project city shall not enter into a withholding agreement after June 30, 2013.

(3) The pilot project city shall provide on an annual basis to the economic development authority information documenting the total amount of payments and receipts under a withholding agreement, including all agreements with an employer to suspend, abate, exempt, rebate, refund, or reimburse property taxes, to provide a grant for property taxes paid or a grant not related to property taxes, or to make a direct payment of taxes, with moneys in the special fund. The economic development authority shall verify the information provided by the pilot project city.

(4) The authority shall have the authority to approve or deny a withholding agreement and shall only deny an agreement if the agreement fails to meet the requirements of this paragraph “c” or the local match requirements in paragraph “j”, or if an employer is not in good standing as to prior or existing agreements with the economic development authority. The authority may suggest changes to an agreement.

d. A withholding agreement shall be disclosed to the public and shall contain but is not limited to all of the following:
(1) A copy of the adopted development agreement plan of the employer.
(2) A list of any other amounts of incentives or assistance the employer may be receiving from other economic development programs, including grants, loans, forgivable loans, and tax credits.
(3) The approval of local participating authorities.
(4) The amount of local incentives or assistance received for each project of the employer.
   e. (1) The employer shall certify to the department of revenue that the targeted jobs withholding credit is in accordance with the withholding agreement and shall provide other information the department may require. Notice of any withholding agreement shall be provided promptly to the department of revenue following execution of the agreement by the pilot project city and the employer.
   (2) Following termination of the withholding agreement, the employer credits shall cease and any money received by the pilot project city after termination shall be remitted to the treasurer of state to be deposited into the general fund of the state. Notice shall be provided promptly to the department of revenue following termination.
   f. If the employer ceases to meet the requirements of the withholding agreement, the agreement shall be terminated and any withholding credits for the benefit of the employer shall cease. However, in regard to the number of jobs that are to be created or retained, if the employer has met the number of jobs to be created or retained pursuant to the withholding agreement and subsequently the number of jobs falls below the required level, the employer shall not be considered as not meeting the job requirement until eighteen months after the date of the decrease in the number of jobs created or retained.
   g. A pilot project city shall certify to the department of revenue the amount of the targeted jobs withholding credit an employer has remitted to the city and shall provide other information the department may require.
   h. An employee whose wages are subject to a withholding agreement shall receive full credit for the amount withheld as provided in section 422.16.
   i. An employer may participate in a new jobs credit from withholding under section 260E.5, or a supplemental new jobs credit from withholding under section 15E.197 or under section 15.331, Code 2005, at the same time as the employer is participating in the withholding credit under this section. Notwithstanding any other provision in this section, the new jobs credit from withholding under section 260E.5, and the supplemental new jobs credit from withholding under section 15E.197 or under section 15.331, Code 2005, shall be collected and disbursed prior to the withholding credit under this section.
   j. (1) A pilot project city entering into a withholding agreement shall arrange for matching local financial support for the project. The local match required under this paragraph “j” shall be in an amount equal to one dollar for every dollar of withholding credit received by the pilot project city.
   (2) For purposes of this paragraph “j”, “local financial support” means cash or in-kind contributions to the project from a private donor, a business, or the pilot project city.
   (3) If the project, when completed, will increase the amount of an employer’s taxable capital investment by an amount equal to at least ten percent of the amount of withholding credit dollars received by the pilot project city, then the pilot project city shall itself contribute at least ten percent of the local match amount computed under subparagraph (1).
   (4) If the project, when completed, will not increase the amount of an employer’s taxable capital investment by an amount at least equal to ten percent of the amount of withholding credit dollars received by the pilot project city, then the pilot project city shall not be required to make a contribution to the local match.
   (5) A pilot project city’s contribution, if any, to the local match may include the dollar value of any tax abatement provided by the city to the business for new construction.
   k. At the time of submitting its budget to the department of management, the pilot project city shall submit to the department of management and the economic development authority a description of the activities involving the use of withholding agreements. The description shall include but is not limited to the following:
   (1) The total number of targeted jobs and a breakdown as to those that are Iowa business
expansions or retentions within the city limits of the pilot project city and those that are jobs resulting from established out-of-state businesses moving to or expanding in Iowa.

(2) The number of withholding agreements and the amount of withholding credits involved.

(3) The types of businesses that entered into agreements, and the types of businesses that declined the city’s proposal to enter into an agreement.

1. The economic development authority in consultation with the department of revenue shall coordinate the pilot project program with the pilot project cities under this section. The economic development authority is authorized to adopt, amend, and repeal rules to implement the pilot project program under this section.

403A.5 Exercise of municipal housing powers — municipal housing agency.

1. Any municipality may create, in such municipality, a public body corporate and politic to be known as the “Municipal Housing Agency” of such municipality except that such agency shall not transact any business or exercise its powers hereunder until or unless the local governing body has elected to exercise its municipal housing powers through such an agency as prescribed in this section.

2. If the municipal housing agency is authorized to transact business and exercise powers hereunder, the mayor, by and with the advice and consent of the local governing body, shall appoint a board of commissioners of the municipal housing agency which board shall consist
of five commissioners. The term of office for three of the commissioners originally appointed shall be two years and the term of office for two of the commissioners originally appointed shall be one year. Thereafter the term of office for each commissioner shall be two years. In cities having a population of more than one hundred thousand, the city council may establish, by ordinance, the number of commissioners at not less than five.

3. A commissioner shall receive no compensation for services, but shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of a duty. Each commissioner shall hold office until a successor has been appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk of the municipality, and the certificate shall be conclusive evidence of the due and proper appointment of the commissioner.

4. a. The powers of a municipal housing agency shall be exercised by the commissioners. A majority of the commissioners shall constitute a quorum for the purpose of conducting business and exercising the powers of the agency, and for all other purposes. Action may be taken by the agency upon a vote of a majority of the commissioners present, unless in any case the bylaws shall require a larger number. Any persons may be appointed ascommissioners if they reside within the area of operation of the agency, which area shall be conterminous with the area of operation of the municipality, and if they are otherwise eligible for appointments under this chapter.

b. The mayor shall designate a chairperson and vice chairperson from among the commissioners. An agency may employ an executive director, technical experts and such other agents and employees, permanent and temporary, as it may require, and the agency may determine their qualifications, duties, and compensation. For such legal service as it may require, an agency may employ or retain its own counsel and legal staff. An agency authorized to transact business and exercise powers under this chapter shall file, with the local governing body, on or before September 30 of each year, a report of its activities for the preceding fiscal year, which report shall include a complete financial statement setting forth its assets, liabilities, income, and operating expense as of the end of such fiscal year. At the time of filing the report, the agency shall publish in a newspaper of general circulation in the community a notice to the effect that such report has been filed with the municipality, and that the report is available for inspection during business hours in the office of the city clerk and in the office of the agency.

c. For inefficiency, or neglect of duty, or misconduct in office, a commissioner may be removed by a majority vote of the governing body of the municipality only after a hearing before the body, and after the commissioner shall have been given a copy of the charges at least ten days prior to such hearing, and after the commissioner shall have had an opportunity to be heard in person or by counsel.

5. A municipality may itself exercise the powers in connection with municipal housing as defined in this chapter, or may, if the local governing body by resolution determines such action to be in the public interest, elect to have such powers exercised by the municipal housing agency, if one exists or is subsequently established in the community. In the event the local governing body makes such determination, the municipal housing agency shall be vested with all of the municipal housing project powers in the same manner as though all such powers were conferred on such agency instead of the municipality. If the local governing body does not elect to make such determination, the municipality in its discretion may exercise its municipal housing project powers through a board or commissioner, or through such officers of the municipality as the local governing body may by resolution determine.

6. A municipality or a “Municipal Housing Agency” may not proceed with a housing project until a study or a report and recommendation on housing available within the community is made public by the municipality or agency and is included in its recommendations for a housing project. Recommendations must receive majority approval from the local governing body before proceeding on the housing project.

403A.6 Operation of housing not for profit.

It is hereby declared to be the policy of this state that each municipality shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals or payments for dwelling accommodations at low rates consistent with its providing decent, safe and sanitary dwelling accommodations for persons of low income, and that no municipality shall construct or operate any housing project for profit, or as a source of revenue to the municipality. To this end the municipality shall fix the rentals or payments for dwellings in its projects at no higher rates than it shall find to be necessary in order to produce revenues which, together with all other available moneys, revenues, income and receipts in connection with or for such projects from whatever sources derived, including federal financial assistance, will be sufficient to do all of the following:

1. To pay, as the same become due, the principal and interest on the bonds issued pursuant to this chapter.
2. To create and maintain such reserves as may be required to assure the payment of principal and interest as it becomes due on such bonds.
3. To meet the cost of, and to provide for, maintaining and operating the projects, including necessary reserves therefor and the cost of any insurance, and of administrative expenses.
4. To make such payments in lieu of taxes and, after payment in full of all obligations for which federal annual contributions are pledged, to make such repayments of federal and local contributions as it determines are consistent with the maintenance of the low-rent character of projects. Rentals or payments for dwellings shall be established and the projects administered, insofar as possible, so as to assure that any federal financial assistance required shall be strictly limited to amounts and periods necessary to maintain the low-rent character of the projects.

403A.7 Housing rentals and tenant admissions.

1. A municipality shall do the following:
   a. Rent or lease the dwelling accommodations in a housing project only to persons or families of low income and at rentals within their financial reach.
   b. Rent or lease to a tenant such dwelling accommodations consisting of the number of rooms which it deems necessary to provide safe and sanitary accommodations to the proposed occupants without overcrowding.
   c. (1) Fix income limits for occupancy and rents after taking into consideration the following:

      (b) The economic factors which affect the financial stability and solvency of the project.
      (2) However, such determination of eligibility shall be within the limits of the income limits hereinbefore set out.
2. Nothing contained in this section or section 403A.6 shall be construed as limiting the power of a municipality with respect to a housing project, to vest in an obligee the right, in the event of a default by the municipality, to take possession or cause the appointment of a receiver for the housing project, free from all the restrictions imposed by this section or section 403A.6.

403A.8 Dwellings for disaster victims and defense workers.

Notwithstanding the provisions of this or any other chapter relating to rentals of, preferences or eligibility for admission to, or occupancy of dwellings in housing projects, during the period when a municipality determines that there is an acute need in its area of operation for housing to assure the availability of dwellings for persons engaged in national defense activities or for victims of a major disaster, a municipality may undertake
the development and administration of housing projects for the federal government, and
dwellings in any housing project under the jurisdiction of the municipality may be made
available to persons engaged in national defense activities or to victims of a major disaster,
as the case may be. A municipality is authorized to contract with the federal government or
the state or a state public body for advance payment or reimbursement for the furnishing of
housing to victims of a major disaster, including the furnishing of the housing free of charge
to needy disaster victims during any period covered by a determination of acute need by the
municipality as herein provided.

403A.9 Cooperation between municipalities.
Any two or more municipalities may join or cooperate with one another in the exercise of
any or all of the powers conferred hereby for the purpose of financing, planning, undertaking,
constructing or operating a housing project or projects.

403A.10 Tax exemption and payments in lieu of taxes.
The property acquired or held pursuant to this chapter is declared to be public property
used exclusively for essential city, or municipal public and governmental purposes and such
property is hereby declared to be exempt from all taxes and special assessments of the state
or of any state public body. In lieu of taxes on such property a municipality may agree to
make payments to the state or a state public body (including itself) as it finds consistent with
the maintenance of the low-rent character of housing projects and the achievement of the
purposes of this chapter.
[C62, 66, 71, 73, 75, 77, 79, 81, §403A.10]

403A.11 Planning, zoning and building laws — insulation requirements.
All housing projects of a municipality shall be subject to the planning, zoning, sanitary and
building laws, ordinances and regulations applicable to the locality in which the project is
situated.
All dwellings which are part of housing projects and which are proposed to be rented to
low-income families or the elderly through the programs of the United States department of
housing and urban development shall have ceiling insulation having an R value of 38 in the
attic, floor insulation having an R value of 20, or perimeter wall insulation having an R value
of 10 beneath all habitable heated areas or over unheated spaces. In addition, basement walls
shall have insulation with an R value of 6 to their full height, with insulation in the box sill
having an R value of 20. As used in this section, "R value" means resistance to heat flow.
The insulation requirements of this section are effective for all dwellings, the construction
of which begins on or after July 1, 1991. For dwellings existing or under construction prior
to July 1, 1991, the dwelling must comply with the insulation requirements of this section by
June 30, 1996.

403A.12 Bonds.
A municipality shall have power to issue bonds from time to time in its discretion, for any
of the purposes of this chapter. A municipality shall also have power to issue refunding
bonds for the purpose of paying or retiring bonds previously issued by it. A municipality may
issue such types of bonds as it may determine, including (without limiting the generality of
the foregoing) bonds on which the principal and interest are payable exclusively from the
income and revenues of the project financed with the proceeds of such bonds, or exclusively
from the income and revenues of certain designated housing projects whether or not they
are financed in whole or in part with the proceeds of such bonds. Any such bonds may be
additionally secured by a pledge of any loan, grant or contribution or parts thereof from the
federal government or other source, or a pledge of any income or revenues connected with a
housing project or a mortgage of any housing project or projects.
Neither the governing body of a municipality nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof hereunder. The bonds and other obligations issued under the provisions of this chapter (and such bonds and obligations shall so state on their face) shall be payable solely from the sources provided in this section and shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Bonds issued pursuant to this chapter are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from taxes. The tax exemption provisions of this chapter shall be considered part of the security for the repayment of bonds and shall constitute, by virtue of this chapter and without the necessity of the same being restated in said bonds, a contract between the bondholders and each and every one thereof, including all transferees of said bonds from time to time on the one hand and the respective municipalities issuing said bonds and the state on the other.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.12]

403A.13 Form and sale of bonds.

Bonds of a municipality shall be authorized by its resolution and may be issued in one or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, not exceeding that permitted by chapter 74A, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption (with or without premium) as such resolution, its trust indenture or mortgage may provide.

The bonds may be sold at public or private sale at not less than par.

If the officers of the municipality whose signatures appear on any bonds or coupons shall cease to be such officers before the delivery of the bonds, their signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if the officers had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

In any suit, action or proceedings involving the validity or enforcement of any bond issued pursuant to this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality pursuant to this chapter shall be conclusively deemed to have been issued for such purpose and the housing project in respect to which such bond was issued shall be conclusively deemed to have been planned, located and carried out in accordance with the purposes and provisions of this chapter.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.13]

403A.14 Provisions of bonds, trust indentures and mortgages.

1. In connection with the issuance of bonds pursuant to this chapter or the incurring of obligations under leases made pursuant to this chapter and in order to secure the payment of the bonds or obligations, a municipality, in addition to its other powers, shall have power to:

   c. Covenant against pledging all or any part of the rents, fees and revenues or against mortgaging all or any part of its real or personal property, acquired or held pursuant to this chapter, to which its right or title then exists or may thereafter come into existence or against permitting or suffering any lien on such revenues or property; covenant with respect to limitations on the right to sell, lease or otherwise dispose of any housing project or any part thereof; and covenant as to what other, or additional debts or obligations may be incurred by it.

Vest in any obligees or any specified proportion of them the right to enforce the payment of the bonds or any covenants securing or relating to the bonds; vest in an obligee or obligees the right, in the event of a default by the municipality to take possession of and use, operate and manage any housing project or any part thereof or any funds connected therewith, and to collect the rents and revenues arising therefrom and to dispose of such moneys in accordance with the agreement between the municipality and such obligees; provide for the powers and duties of such obligees and limit the liabilities thereof; and provide the terms and conditions upon which such obligees may enforce any covenant or rights securing or relating to the bonds.

j. Exercise all or any part or combination of the powers herein granted; make such covenants (other than and in addition to the covenants herein expressly authorized) and do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or, in the absolute discretion of said municipality, as will tend to make the bonds more marketable notwithstanding that such covenants, acts or things may not be enumerated herein.

2. This chapter without reference to other statutes of the state, shall constitute full authority for the authorization and issuance of bonds hereunder. No other act or law with regard to the authorization or issuance of obligations that requires a bond election or in any way impedes or restricts the carrying out of the acts herein authorized to be done shall be construed as applying to any proceedings taken hereunder or acts done pursuant hereto.

403A.15 Remedies of an obligee.

An obligee of a municipality shall have the right in addition to all other rights which may be conferred on such obligee, subject only to any contractual restrictions binding upon such obligee.

1. By mandamus, suit, action or proceeding at law or in equity to compel said municipality to perform each and every term, provision and covenant contained in any contract of said municipality with or for the benefit of such obligee, and to require the carrying out of any or all such covenants and agreements of said municipality and the fulfillment of all duties imposed by this chapter.

2. By suit, action or proceeding in equity, to enjoin any acts or things which may be unlawful, or the violation of any of the rights of such obligee of said municipality.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.15]
403A.16 Additional remedies conferrable by a municipality.
A municipality shall have power by its resolution, trust indenture, mortgage, lease or other contract to confer upon any obligee the right (in addition to all rights that may otherwise be conferred), upon the happening of an event of default as defined in such resolution or instrument, by suit, action or proceeding in any court of competent jurisdiction to:

1. Cause possession of any housing project or any part thereof to be surrendered to any such obligee.
2. Obtain the appointment of a receiver of any housing project of said municipality or any part thereof and of the rents and profits therefrom, and provide that, if a receiver be appointed, the receiver may enter and take possession of such housing project or any part thereof and operate and maintain same, and collect and receive all fees, rents, revenues, or other charges thereafter arising therefrom, and keep such moneys in a separate account or accounts and apply the same in accordance with the obligations of the municipality as the court shall direct.
3. Require said municipality and the officers, agents and employees thereof to account as if it and they were the trustees of an express trust.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.16]

403A.17 Exemption of property from execution sale.
All property (including funds) owned or held by a municipality for the purposes of this chapter shall be exempt from levy and sale by virtue of an execution, and no execution or other judicial process shall issue against the same nor shall any judgment against the municipality be a charge or lien upon such property: Provided, however, that the provisions of this section shall not apply to or limit the right of obligees to foreclose or otherwise enforce any mortgage or other security executed or issued pursuant to this chapter or the right of obligees to pursue any remedies for the enforcement of any pledge or lien on rents, fees or revenues or the right of the federal government to pursue any remedies conferred upon it pursuant to the provisions of this chapter.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.17]

403A.18 Transfer of possession or title to federal government.
In any contract with the federal government for annual contributions to a municipality, the municipality may obligate itself (which obligation shall be specifically enforceable and shall not constitute a mortgage, notwithstanding any other law) to convey to the federal government possession of or title to the housing project to which such contract relates, upon the occurrence of a substantial default (as defined in such contract) with respect to the covenant or conditions to which the municipality is subject; and such contract may further provide that in case of such conveyance, the federal government may complete, operate, manage, lease, convey or otherwise deal with the housing project and funds in accordance with the terms of such contract: Provided, that the contract requires that, as soon as practicable after the federal government is satisfied that all defaults with respect to the housing project have been cured and that the housing project will thereafter be operated in accordance with the terms of the contract, the federal government shall reconvey to the municipality the housing project as then constituted.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.18]

Upon the submission of these documents to the state auditor, it shall be the duty of the state auditor to pass upon the validity of such bonds and the regularity of all proceedings in connection therewith. If such proceedings conform to the provisions of this chapter and are otherwise regular in form and if such bonds when delivered and paid for will constitute binding and legal obligations enforceable according to the terms thereof, the state auditor shall so certify in an opinion addressed to the municipality.

A municipality shall exercise the power of eminent domain in the manner provided in chapter 6B. Property already devoted to a public use may be acquired in like manner. However, real property belonging to the state, or any political subdivision thereof, shall not be acquired without its consent, and real property or any right or interest in the property owned by any public utility company, pipeline company, railway or transportation company vested with the right of eminent domain under the laws of this state shall not be acquired without the consent of the company, or without first securing, after due notice to the company and after hearing, a certificate authorizing condemnation of such property from the board, commission, or body having the authority to grant a certificate authorizing condemnation.

personal interest, as hereinafter defined, whether direct or indirect, in any municipal housing project, or in any property included or planned to be included in any municipal housing project of such municipality, or in any contract or proposed contract in connection with such municipal housing project. Where such acquisition is not voluntary, the interest acquired shall be immediately disclosed in writing to the local governing body, and such disclosure shall be entered upon the minutes of the governing body. If any such official, commissioner or employee presently owns or controls, or has owned or controlled within the preceding two years, any interest, as hereinafter defined, whether direct or indirect, in any property which it is known is included or planned to be included in a municipal housing project, the commissioner shall immediately disclose this fact in writing to the local governing body, and such disclosure shall be entered upon the minutes of the governing body; and any such official, commissioner or employee shall not participate in any action by the municipality, or board or commission thereof affecting such property, as the terms of such proscription are hereinafter defined. For the purposes of this section the following definitions and standards of construction shall apply:

Such an employee may participate in a municipal housing project so long as any benefits of such participation accrue to the public generally, such participation affects all or a substantial portion of the properties included or planned to be included in such a project, or such participation promotes the public purposes of such project, and shall limit only that participation by an employee which directly or specifically affects property in which an employer of an employee has an interest.

3. The word “participation” shall be deemed not to include discussion or debate preliminary to a vote by a local governing body or agency upon proposed ordinances or resolutions relating to such a project or any abstention from such a vote.

4. The designation of a bank or trust company as a depository, paying agent, or agent for investment of funds shall not be deemed a matter of interest or personal interest.

5. Stock ownership in a corporation having such an interest shall not be deemed an interest of, or ownership or control by, the person owning such stocks when less than five percent of the outstanding stock of the corporation is owned or controlled directly or indirectly by such person.

6. The word “action” shall not be deemed to include resolutions advisory to the local governing body or agency by any citizens group, board, body, or commission designated to serve a purely advisory function of approving or recommending under this chapter.

7. The limitations of this section shall be construed to permit action by a public official, commissioner, or employee where any benefits of such action accrue to the public generally, such action affects all or a substantial portion of the properties included or planned to be included in such a project, or such action promotes the public purposes of such project, and shall be construed to limit only that action by a public official, commissioner, or employee which directly or specifically affects property in which such official, commissioner, or employee has an interest or in which an employer of such official, commissioner, or employee has an interest. Any violation of the provisions of this section shall constitute misconduct in office, but no ordinance or resolution of a municipality or agency shall be invalid by reason of a vote or votes cast in violation of the standards of this section unless such vote or votes were decisive in the passage of such ordinance or resolution.

An area in which there is a predominance of buildings or improvements, whether residential or nonresidential, which by reason of dilapidation, deterioration, obsolescence, inadequate provision for ventilation, light, air, sanitation, or open spaces, high density of population and overcrowding, the existence of conditions which endanger life or property by fire and other causes or a combination of such factors, is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency or crime, and which is detrimental to the public health, safety, or welfare.

2. An area which by reason of the presence of a substantial number of deteriorated or deteriorating structures, predominance of defective or inadequate street layout, incompatible land use relationships, faulty lot layout in relation to size, adequacy, accessibility or usefulness, unsanitary or unsafe conditions, deterioration of site or other improvements, diversity of ownership, tax or special assessment delinquency exceeding the actual value of the land, defective or unusual conditions of title, or the existence of conditions which endanger life or property by fire and other causes, or a combination of such factors, substantially impairs or arrests the sound growth of a municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is a menace to the public health, safety, or welfare in its present condition and use.

3. An area in which there is a predominance of buildings or improvements which by reason of age, history, architecture or significance should be preserved or restored to productive use.

4. An area which is appropriate as an economic development area as defined in section 403.17.

404.2 Conditions mandatory.

A city or county may only exercise the authority conferred upon it in this chapter after the following conditions have been met:

1. The governing body has adopted a resolution finding that the rehabilitation, conservation, redevelopment, economic development, or a combination thereof of the area is necessary in the interest of the public health, safety, or welfare of the residents of the city, or county as applicable, and the area substantially meets the criteria of section 404.1.

2. The city or county has prepared a proposed plan for the designated revitalization area. The proposed plan shall include all of the following:

   f. A statement specifying whether the revitalization is applicable to none, some, or all of the property assessed as residential, agricultural, commercial or industrial property within the designated area or a combination thereof and whether the revitalization is for rehabilitation and additions to existing buildings or new construction or both. If revitalization is made applicable only to some property within an assessment classification, the definition of that subset of eligible property must be by uniform criteria which further some planning objective identified in the plan. The city shall state how long it is estimated that the area shall remain a designated revitalization area which time shall be longer than
one year from the date of designation and shall state any plan by the city to issue revenue bonds for revitalization projects within the area. For a county, a revitalization area shall include only property which will be used as industrial property, commercial property, commercial property consisting of three or more separate living quarters with at least seventy-five percent of the space used for residential purposes, or residential property. However, a county shall not provide a tax exemption under this chapter to commercial property, commercial property consisting of three or more separate living quarters with at least seventy-five percent of the space used for residential purposes, or residential property which is located within the limits of a city.

In the case of a county, the tax schedules used shall only be applicable to property of the type for which the revitalization area is zoned at the time the county designates the area a revitalization area.

i. The percent increase in actual value requirements that shall be used in lieu of the fifteen and ten percent requirements specified in section 404.3, subsection 8 and in section 404.5. This percent increase in actual value requirements shall not be greater than that provided in this chapter and shall be the same requirements applicable to all existing revitalization areas.

j. A description of any federal, state or private grant or loan program likely to be a source of funding for that area for residential improvements and a description of any grant or loan program which the city or county has or will have as a source of funding for that area for residential improvements.

3. The city or county has scheduled a public hearing and notified all owners of record of real property located within the proposed area and the tenants living within the proposed area in accordance with section 362.3 or 331.305, as applicable. In addition to notice by publication, notification shall also be given by ordinary mail to the last known address of the owners of record. The city or county shall also send notice by ordinary mail addressed to the “occupants” of addresses located within the proposed area, unless the city council or board of supervisors, by reason of lack of a reasonably current and complete address list, or for other good cause, shall have waived the notice. Notwithstanding section 362.3 or 331.305, as applicable, the notice shall be given by the thirtieth day prior to the public hearing.

4. The public hearing has been held.

Notice of the hearing shall be published as provided in section 362.3 or 331.305, except that at least seven days’ notice must be given and the public hearing shall not be held earlier than the next regularly scheduled city council or board of supervisors meeting following the published notice. A city which has adopted a plan for a revitalization area which covers all property within the city limits may amend that plan at any time, pursuant to this section, to include property which has been or will be annexed to the city. The provisions of the original plan shall be applicable to the property which is annexed and the property

404.3 Basis of tax exemption.

1. All qualified real estate assessed as residential property is eligible to receive an exemption from taxation based on the actual value added by the improvements. The exemption is for a period of ten years. The amount of the exemption is equal to a percent of the actual value added by the improvements, determined as follows: One hundred fifteen percent of the value added by the improvements. However, the amount of the actual value added by the improvements which shall be used to compute the exemption shall not exceed twenty thousand dollars and the granting of the exemption shall not result in the actual value of the qualified real estate being reduced below the actual value on which the homestead credit is computed under section 425.1.

2. All qualified real estate is eligible to receive a partial exemption from taxation on the actual value added by the improvements. The exemption is for a period of ten years. The amount of the partial exemption is equal to a percent of the actual value added by the improvements, determined as follows:
   a. For the first year, eighty percent.
   b. For the second year, seventy percent.
   c. For the third year, sixty percent.
   d. For the fourth year, fifty percent.
   e. For the fifth year, forty percent.
   f. For the sixth year, forty percent.
   g. For the seventh year, thirty percent.
   h. For the eighth year, thirty percent.
   i. For the ninth year, twenty percent.
   j. For the tenth year, twenty percent.

3. All qualified real estate is eligible to receive a one hundred percent exemption from taxation on the actual value added by the improvements. The exemption is for a period of three years.

4. All qualified real estate assessed as residential property or assessed as commercial property, if the commercial property consists of three or more separate living quarters with at least seventy-five percent of the space used for residential purposes, is eligible to receive a one hundred percent exemption from taxation on the actual value added by the improvements. The exemption is for a period of ten years.

5. A city or county may adopt a different tax exemption schedule than those allowed in subsection 1, 2, 3, or 4. The different schedule adopted shall not allow a greater exemption, but may allow a smaller exemption, in a particular year, than allowed in the schedule specified in the corresponding subsection of this section. A different schedule adopted by a city or county shall apply to every revitalization area within the city or county, unless the qualified property is eligible for an exemption pursuant to section 404.3A or 404.3B, and except in areas of the city or county which have been designated as both urban renewal and urban revitalization areas. In an area designated for both urban renewal and urban revitalization, a city or county may adopt a different schedule than has been adopted for revitalization areas which have not been designated as urban renewal areas.

6. The owners of qualified real estate eligible for the exemption provided in this section or section 404.3A or 404.3B shall elect to take the applicable exemption or shall elect to take the applicable exemption provided in the different schedule authorized by subsection 5 and adopted in the city or county plan if a different schedule has been adopted. Once the election has been made and the exemption granted, the owner is not permitted to change the method of exemption.
7. The tax exemption schedule specified in subsection 1, 2, 3, or 4 shall apply to every revitalization area within a city or county unless a different schedule is adopted in the city or county plan as provided in section 404.2 and authorized by subsection 5.

8. “Qualified real estate” as used in this chapter and section 419.17 means real property, other than land, which is located in a designated revitalization area and to which improvements have been added, during the time the area was so designated, which have increased the actual value by at least the percent specified in the plan adopted by the city or county pursuant to section 404.2 or if no percent is specified then by at least fifteen percent, or at least ten percent in the case of real property assessed as residential property or which have, in the case of land upon which is located more than one building and not assessed as residential property, increased the actual value of the buildings to which the improvements have been made by at least fifteen percent. “Qualified real estate” also means land upon which no structure existed at the start of the new construction, which is located in a designated revitalization area and upon which new construction has been added during the time the area was so designated. “Improvements” as used in this chapter and section 419.17 includes rehabilitation and additions to existing structures as well as new construction on vacant land or on land with existing structures. However, new construction on land assessed as agricultural property shall not qualify as “improvements” for purposes of this chapter and section 419.17 unless the governing body of the city or county has presented justification at a public hearing held pursuant to section 404.2 for the revitalization of land assessed as agricultural property by means of new construction. Such justification shall demonstrate, in addition to the other requirements of this chapter and section 419.17, that the improvements on land assessed as agricultural land will utilize the minimum amount of agricultural land necessary to accomplish the revitalization of the other classes of property within the urban revitalization area. However, if such construction, rehabilitation or additions were begun prior to January 29, 1979, or one year prior to the adoption by the city or county of a plan of urban revitalization pursuant to section 404.2, whichever occurs later, the value added by such construction, rehabilitation or additions shall not constitute an increase in value for purposes of qualifying for the exemptions listed in this section. “Actual value added by the improvements” as used in this chapter and section 419.17 means the actual value added as of the first year for which the exemption was received.

9. The fifteen and ten percent increase in actual value requirements specified in subsection 8 shall apply to every revitalization area within a city or county unless different percent increases in actual value requirements are adopted in the city or county plan as provided in section 404.2. However, a city or county shall not adopt different requirements unless every revitalization area within the city or county has the same requirements and the requirements do not provide for a greater percent increase than specified in subsection 8.

404.4 Prior approval of eligibility.

A person may submit a proposal for an improvement project to the governing body of the city or county to receive prior approval for eligibility for a tax exemption on the project. The governing body shall, by resolution, give its prior approval for an improvement project if the project is in conformance with the plan for revitalization developed by the city or county. Such prior approval shall not entitle the owner to exemption from taxation until the improvements have been completed and found to be qualified real estate; however, if the proposal is not approved, the person may submit an amended proposal for the governing body to approve or reject.

An application shall be filed for each new exemption claimed. The first application for an exemption shall be filed by the owner of the property with the governing body of the city or county in which the property is located by February 1 of the assessment year for which the exemption is first claimed, but not later than the year in which all improvements included in the project are first assessed for taxation, or the following two assessment years, in which case the exemption is allowed for the total number of years in the exemption schedule. However, upon the request of the owner at any time, the governing body of the city or county provides by resolution that the owner may file an application by February 1 of any other assessment year selected by the governing body in which case the exemption is allowed for the number of years remaining in the exemption schedule selected. The application shall contain, but not be limited to, the following information: The nature of the improvement, its cost, the estimated or actual date of completion, the tenants that occupied the owner’s building on the date the city or county adopted the resolution referred to in section 404.2, subsection 1, and which exemption in section 404.3 or in the different schedule, if one has been adopted, will be elected.

The governing body of the city or county shall approve the application, subject to review by the local assessor pursuant to section 404.5, if the project is in conformance with the plan for revitalization developed by the city or county, is located within a designated revitalization area, and if the improvements were made during the time the area was so designated. The governing body of the city or county shall forward for review all approved applications to the appropriate local assessor by March 1 of each year with a statement indicating whether section 404.3, subsection 1, 2, 3 or 4 applies or if a different schedule has been adopted, which
exemption from that schedule applies. Applications for exemption for succeeding years on approved projects shall not be required.

[C81, §404.5]
Referred to in §404.5, 419.17

404.5 Physical review of property by assessor.
The local assessor shall review each first-year application by making a physical review of the property, to determine if the improvements made increased the actual value of the qualified real estate by at least fifteen percent or at least ten percent in the case of real property assessed as residential property or the applicable percent increase requirement adopted by the city or county under section 404.2. If the assessor determines that the actual value of that real estate has increased by at least the requisite percent, the assessor shall proceed to determine the actual value of the property and certify the valuation determined pursuant to section 404.3 to the county auditor at the time of transmitting the assessment rolls. However, if a new structure is erected on land upon which no structure existed at the start of the new construction, the assessor shall proceed to determine the actual value of the property and certify the valuation determined pursuant to section 404.3 to the county auditor at the time of transmitting the assessment rolls. The assessor shall notify the applicant of the determination, and the assessor’s decision may be appealed to the local board of review at the times specified in section 441.37. If an application for exemption is denied as a result of failure to sufficiently increase the value of the real estate as provided in section 404.3, the owner may file a first annual application in a subsequent year when additional improvements are made to satisfy requirements of section 404.3, and the provisions of section 404.4 shall apply. After the tax exemption is granted, the local assessor shall continue to grant the tax exemption, with periodic physical review by the assessor, for the time period specified in section 404.3, subsection 1, 2, 3 or 4, or specified in the different schedule if one has been adopted, under which the exemption was granted. The tax exemptions for the succeeding years shall be granted without the taxpayer having to file an application for the succeeding years.

For the purposes of this section, the actual value of the property upon which the value of improvements in the form of rehabilitation or additions to existing structures shall be determined shall be the lower of either the amount listed on the assessment rolls in the assessment year in which such improvements are first begun or the price paid by the owner if the improvements in the form of rehabilitation or additions to existing structures were begun within one year of the date the property was purchased and the sale was a fair and reasonable exchange between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and each being familiar with all the facts relating to the particular property.

However, the city or county may require the persons causing the qualified tenant to be displaced to pay all or a part of the relocation payments as a condition for receiving a tax exemption under section 404.3. “Qualified tenant” as used in this chapter shall mean the legal occupant of a residential dwelling unit which is located within a designated revitalization area and who has occupied
the same dwelling unit continuously since one year prior to the city’s or county’s adoption of the plan pursuant to section 404.2.

The amount of any tax credits received is subject to recapture by the department of revenue if the jobs are not created within two years. The state historic preservation office and the economic development authority may adopt rules for the implementation of this subparagraph. The rules shall provide for a method or form that allows a city or county to track the number of jobs created in the construction industry by the project.

(5) Twenty percent of the dollar amount of the tax credits shall be allocated for any eligible project.

c. 5. a. Tax credit certificates issued under this chapter may be transferred to any person or entity.

b. Within ninety days of transfer, the transferee must submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee’s name, tax identification number, and address, and the denomination that each replacement tax credit certificate is to carry and any other information required by the department of revenue.

c. disaster revitalization area if that area is within a county or portion of a county in which the
governor has proclaimed a disaster emergency or the United States president has declared a
major disaster.

b. The governing body of a county may, by ordinance, designate an area of the county
outside the boundaries of a city as a disaster revitalization area if that area is within a county
or portion of a county in which the governor has proclaimed a disaster emergency or the
United States president has declared a major disaster.

2. A disaster revitalization area shall be composed of contiguous parcels. However, the
governing body of a city or the governing body of a county may establish more than one disaster revitalization area.

2009 Acts, ch 100, §23, 30
Referred to in §404B.2

404B.2 Conditions mandatory.
A city or county may only exercise the authority conferred upon it in this chapter after all of the following conditions have been met:

1. The governing body has adopted a resolution finding that the property located within the area was damaged by a disaster, that revitalization of the area is in the economic interest of the residents of the city or county, as applicable, and the area substantially meets the criteria of section 404B.1.

2. The city or county has prepared a proposed plan for the designated disaster revitalization area. The proposed disaster revitalization plan shall include all of the following:
   a. A legal description of the real property forming the boundaries of the proposed area along with a map depicting the existing parcels of real property.
   b. The assessed valuation of the real property in the proposed area as of January 1, 2007, listing the land and building values separately.
   c. A list of names and addresses of the owners of record of real property within the area.
   d. The existing zoning classifications and district boundaries and the existing and proposed land uses within the area.
   e. The exemption percentage applicable in the proposed area pursuant to section 404B.4.

   g. A definition of revitalization, including whether it is applicable to existing buildings, new construction, or development of previously vacant land. A definition of revitalization may also include a requirement for a minimum increase in assessed valuation of individual parcels of property in the area.
   h. A statement specifying the duration of the designated disaster revitalization area.
   i. A description of planned measures to mitigate or prevent future disaster damage in the area.
   j. A description of revitalization projects commenced prior to the effective date of the plan that are eligible for the exemption under section 404B.4.

3. a. The city or county has scheduled a public hearing and published notice of the hearing in accordance with section 362.3 or 331.305, as applicable. In addition to notice by publication, notification shall also be given by ordinary mail to the last known address of the owners of record. The city or county shall also send notice by ordinary mail addressed to the “occupants” of addresses located within the proposed area, unless the governing body of the city or county, by reason of lack of a reasonably current and complete address list, or for other good cause, shall have waived the notice.
   b. The notice provided by mail to owners and occupants within the area shall be given no later than thirty days before the date of the public hearing.
   c. The public hearing has been held.

4. The city or county has adopted the proposed or amended plan for the disaster revitalization area after the hearing.

2009 Acts, ch 100, §24, 30

404B.3 Disaster revitalization plan amendments.
1. The city or county may subsequently amend a disaster revitalization plan after a hearing. Notice of the hearing shall be published as provided in section 362.3 or 331.305, except that at least seven days’ notice must be given, and the public hearing shall not be held earlier than the next regularly scheduled city council or board of supervisors meeting following the published notice. Notice shall also be provided by ordinary mail to owners and occupants within the area and any proposed addition to the area.
2. A city which has adopted a plan for a disaster revitalization area that covers all property within the city limits may amend that plan at any time, pursuant to this section, to include property which has been or will be annexed to the city. The provisions of the original disaster revitalization plan shall be applicable to the property that is annexed and the property shall be considered to have been part of the disaster revitalization area as of the effective date of its annexation to the city. The notice and hearing provisions of subsection 1 shall apply to amendments under this subsection.

2009 Acts, ch 100, §25, 30

404B.4 Basis of tax exemption.
1. All real property within a disaster revitalization area is eligible to receive a one hundred percent exemption from taxation on the increase in assessed value of the property, as compared to the property’s assessed value on January 1, 2007, if the increase in assessed value is attributable to revitalization of the property occurring between May 25, 2008, and December 31, 2013. The exemption is for a period not to exceed five years, starting with an assessment year beginning on or after January 1, 2010.

2. A city or county may adopt a different tax exemption percentage than the exemption provided in subsection 1. The different percentage adopted shall not allow a greater exemption, but may allow a smaller exemption. A different percentage adopted by a city or county shall apply to every disaster revitalization area within the city or county. The owners of real property eligible for the exemption provided in this section shall elect to take the exemption or shall elect to take an eligible exemption provided under another statute. Once the election has been made and the exemption granted, the owner is not permitted to change the method of exemption.

2009 Acts, ch 100, §26, 30
Referred to in §404B.2

404B.5 Application for exemption by property owner.
An application shall be filed for each revitalization project resulting in increased assessed value for which an exemption is claimed. The application for exemption shall be filed by the owner of the property with the local assessor by February 1 of the first assessment year for which the exemption is requested. Applications for exemption shall be made on forms prescribed by the local assessor and shall contain information pertaining to the requirements under this section and any requirements imposed by a city or county governing body.

2009 Acts, ch 100, §27, 30

404B.6 Physical review of property by assessor.
The local assessor shall review each application by making a physical review of the property to determine if the revitalization project increased the assessed value of the real property. If the assessor determines that the assessed value of the real property has increased, the assessor shall proceed to determine the assessed value of the property and certify the valuation determined to the county auditor at the time of transmitting the assessment rolls. The assessor shall notify the applicant of the determination, and the assessor’s decision may be appealed to the local board of review at the times specified in section 441.37. After the tax exemption is granted, the local assessor shall continue to grant the tax exemption, with periodic physical review by the assessor, for the time period specified by ordinance. The tax exemption for the succeeding years shall be granted without the taxpayer having to file an application for the succeeding years, unless additional revitalization projects occur on the property.

2009 Acts, ch 100, §28, 30

404B.7 Expiration or repeal of ordinance.
An ordinance enacted under this chapter shall expire or be repealed no later than December 31, 2016.

2. On or after July 27, 2011, the board of supervisors of a county may amend an ordinance adopted or otherwise made effective under subsection 1 to extend the period of time established under subsection 1 to apply the ordinance to a period of time not to exceed five years beyond the end of the period of time established under subsection 1. An extension of an ordinance under this subsection may apply to all or a portion of the property that was subject to the original ordinance.

3. A city council may adopt an ordinance affecting that portion of the applicable property located within the incorporated area of the city, effectuating an extension of a county ordinance otherwise eligible to be extended under subsection 2 and not previously extended by the board of supervisors. - **410.20** Exceptions.

### GENERAL PROVISIONS

**410.1 Pension funds.**

Any city having an organized fire department may, and all cities having an organized police department or a paid fire department shall, levy annually on taxable property a tax not to exceed three and three-eighths cents per thousand dollars of assessed value for each such department, for the purpose of creating fire fighters’ and police officers’ pension funds.

Provided that cities having a population of more than six thousand five hundred may annually levy on taxable property a tax of not more than thirteen and one-half cents per thousand dollars of assessed value for each such department for such purpose. Provided, further, that cities, in which a police or fire retirement system based upon actuarial tables shall be established by law, shall levy for the police or fire pension funds a tax sufficient in amount to meet all necessary obligations and expenditures; and said obligations and expenditures shall be direct liabilities of said cities.

Whenever there is a sufficient balance in both of said funds to meet any proper or legitimate charges that may be made against the same, such city shall not be required to levy a tax for this purpose.

All moneys derived from each tax so levied, and all moneys received as membership fees and dues, and all moneys received from grants, donations, and devises for the benefit of each fund shall constitute separate funds, to be known and designated as a police officers’ pension fund and a fire fighters’ pension fund.

The provisions of this chapter shall not apply to police officers and fire fighters who entered employment after March 2, 1934, except that any police officer or fire fighter who had been making payments of membership fees and assessments as provided in section 410.5 prior to July 1, 1971, shall on July 1, 1973, be fully restored and entitled to all pension rights and benefits, vested or not vested, under this chapter if the city has not returned to such police officer or fire fighter the membership fees and assessments paid by the police officer or fire fighter prior to July 1, 1971, and if such police officer or fire fighter pays to the city within six months after July 1, 1973, the amount of the fees and assessments that the police officer or fire fighter would have paid to the police officers’ or fire fighters’ pension fund from July 1, 1971, to July 1, 1973, if 1971 Iowa Acts, ch. 108, had not been adopted. If the membership fees and assessments paid by such police officer or fire fighter prior to July 1, 1971, have been returned to the police officer or fire fighter, all pension rights and benefits, vested or not vested, under this chapter shall be fully restored to the police officer or fire fighter on July 1, 1973, if, within six months after July 1, 1973, such police officer or fire fighter repays the fees.
and assessments so returned and pays the amount of the fees and assessments to the city that
the police officer or fire fighter would have paid to the appropriate pension fund from July 1,

410.6 Who entitled to pension — conditions.
1. Any member of said departments who shall have served twenty-two years or more in such department, and shall have reached the age of fifty years; or who shall while a member of such department become mentally or physically permanently disabled from discharging the member’s duties, shall be entitled to be retired, and upon retirement shall be paid out of the pension fund of such department a monthly pension equal to one-half the amount of salary received by the member monthly at the date the member actually retires from said department. If any member shall have served twenty-two years in said department, but shall not have reached the age of fifty years, the member shall be entitled to retirement, but no pension shall be paid while the member lives until the member reaches the age of fifty years.
2. Upon the adoption of any increase in pension benefits effective subsequent to the date of a member’s retirement, the amount payable to each member as regular pension shall be increased by an amount equal to sixty percent of any increase in the pension benefits for the rank at which the member retired.

a. On each July 1 and January 1, the monthly pension authorized in this chapter payable to each retired member and to each beneficiary, except children, of a deceased member shall be recomputed. The applicable formulas authorized in this chapter which were used to compute the retired member’s or beneficiary’s pension at the time of retirement or death shall be used in the recomputation except the earnable compensation payable on each July 1 or January 1 to an active member having the same or equivalent rank or position as was held by such retired or deceased member at the time of retirement or death, shall be used in lieu of the final compensation which the retired or deceased member was receiving at the time of retirement or death. At no time shall the monthly pension or payment to the beneficiary be less than the amount which was paid at the time of such member’s retirement or death.
b. All monthly pensions adjusted as provided in this section shall be payable beginning on July 1 or January 1 of the year which the adjustment is made and shall continue in effect until the next adjustment at which time the monthly pension shall again be recomputed and all monthly pensions adjusted in accordance with the computations.
c. The adjustment of pensions required by this section shall recognize the retired or deceased member’s position on the salary scale within the member’s rank at the time of retirement or death. In the event that the rank or position held by the retired or deceased member at the time of retirement or death is subsequently abolished, adjustments in the pensions of the member or of the member’s spouse or children shall be computed by the board of trustees as though such rank or position had not been abolished and salary increases had been granted to such rank or position on the same basis as that granted to other ranks and positions in the department.
4. At no time shall the monthly pension or payment to the member be less than one hundred fifty dollars.

2. Effective July 1, 1991, the remarriage of a surviving spouse does not make the spouse ineligible to receive benefits under this section, and for a surviving spouse who remarried prior to July 1, 1991, the remarriage does not make the spouse ineligible to receive benefits under this section.

3. However, the benefits provided by this section are subject to the following definitions:
   a. “Child” and “children” mean only the surviving issue of a deceased active or retired member, or the child or children legally adopted by a deceased member prior to the member’s retirement from active service.
   b. “Spouse” means a surviving spouse of a marriage contracted prior to retirement of a deceased member from active service, or of a marriage of a retired member contracted prior to March 2, 1934.

   e. Notwithstanding any provision of this chapter to the contrary, a member's service retirement allowance shall commence on or before the later of the following:
   
   1. April 1 of the calendar year following the calendar year in which the member attains the age of seventy and one-half years.

   2. April 1 of the calendar year following the calendar year in which the member retires.

   f. The maximum annual benefit payable to a member by the system shall be subject to the limitations set forth in section 415 of the federal Internal Revenue Code, and any regulations promulgated pursuant to that section.

   g. The annual compensation of a member taken in account for any purpose under this
chapter shall not exceed the applicable amount set forth in section 401(a)(17) of the federal Internal Revenue Code, and any regulations promulgated pursuant to that section.

13. Voluntary benefit programs. The board of trustees shall be responsible for the administration of the voluntary benefit programs established under section 411.40. The board may take any necessary action, including the adoption of rules, for purposes of administering the programs.

14. Medical records. A physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional who provides records to the system in connection with the application by a member for disability retirement under this chapter shall be entitled to charge a fee for production of the records. The fee for copies of any records shall not exceed the reasonable cost of production.

15. Closed sessions. In addition to the reasons provided in section 21.5, subsection 1, the board may hold a closed session pursuant to the requirements of section 21.5 of that portion of a board meeting in which financial or commercial information is provided to or discussed by the board if the board determines that disclosure of such information could result in a loss to the retirement system or to the provider of the information.

16. Benefits and financing review. At least every two years, the board shall review the benefits and finances provided under this chapter. The board shall make recommendations to the general assembly concerning this review, which shall include recommendations concerning the long-term financing and benefits policy of the system.

411.6 Benefits.

1. Service retirement benefit. Retirement of a member on a service retirement allowance shall be made by the system as follows:
   a. Any member in service may retire upon written application to the system, setting forth at what time, not less than thirty nor more than ninety days subsequent to the execution and filing of the application, the member desires to be retired. However, the member at the time specified for retirement shall have attained the age of fifty-five and shall have served twenty-two years or more, and notwithstanding that, during the period of notification, the member may have separated from the service.
   b. Any member in service who has been a member of the retirement system four or more years and whose employment is terminated prior to the member’s retirement, other than by death or disability, shall upon attaining retirement age, receive a service retirement allowance of four twenty seconds of the retirement allowance the member would receive at retirement if the member’s employment had not been terminated, and an additional one twenty-second of such retirement allowance for each additional year of service not exceeding twenty-two years of service. The amount of the retirement allowance shall be calculated in the manner provided in this paragraph using the average final compensation at the time of termination of employment.
   c. Once a person commences receiving a service retirement allowance pursuant to this section, if the person is reemployed, as defined in section 411.3, the service retirement allowance shall not be recalculated based upon the person’s reemployment.

2. Allowance on service retirement.
   a. The service retirement allowance for a member who terminates service, other than by death or disability, prior to July 1, 1990, shall consist of a pension which equals fifty percent of the member’s average final compensation.
   b. The service retirement allowance for a member who terminates service, other than by
death or disability, on or after July 1, 1990, but before July 1, 1992, shall consist of a pension which equals fifty-four percent of the member’s average final compensation.

c. Commencing July 1, 1992, for members who terminate service, other than by death or disability, on or after that date, but before July 1, 2000, the system shall increase the percentage multiplier of the member’s average final compensation by an additional two percent each July 1 until reaching sixty percent of the member’s average final compensation. The applicable percentage multiplier shall be the rate in effect on the date of the member’s termination from service.

d. Upon retirement from service on or after July 1, 2000, a member shall receive a service retirement allowance which shall consist of a pension which equals sixty-six percent of the member’s average final compensation.

e. Commencing July 1, 1990, if the member has completed more than twenty-two years of creditable service, the service retirement allowance shall consist of a pension which equals the amount provided in paragraph “b”, “c”, or “d”, plus an additional percentage as set forth below:

1. For a member who terminates service, other than by death or disability, on or after July 1, 1990, but before July 1, 1991, and who does not withdraw the member’s contributions pursuant to section 411.23, upon the member’s retirement there shall be added three-tenths percent of the member’s average final compensation for each year of service over twenty-two years, excluding years of service after the member’s fifty-fifth birthday. However, this subparagraph does not apply to more than eight additional years of service.

2. For a member who terminates service, other than by death or disability, on or after July 1, 1991, but before October 16, 1992, and who does not withdraw the member’s contributions pursuant to section 411.23, upon the member’s retirement there shall be added six-tenths percent of the member’s average final compensation for each year of service over twenty-two years, excluding years of service after the member’s fifty-fifth birthday. However, this subparagraph does not apply to more than eight additional years of service.

3. For a member who terminates service, other than by death or disability, on or after October 16, 1992, but before July 1, 1998, and who does not withdraw the member’s contributions pursuant to section 411.23, upon the member’s retirement there shall be added six-tenths percent of the member’s average final compensation for each year of service over twenty-two years. However, this subparagraph does not apply to more than eight additional years of service.

4. For a member who terminates service, other than by death or disability, on or after July 1, 1998, but before July 1, 2000, and who does not withdraw the member’s contributions pursuant to section 411.23, upon the member’s retirement there shall be added one and one-half percent of the member’s average final compensation for each year of service over twenty-two years. However, this subparagraph does not apply to more than eight additional years of service.

5. For a member who terminates service, other than by death or disability, on or after July 1, 2000, and who does not withdraw the member’s contributions pursuant to section 411.23, upon the member’s retirement there shall be added two percent of the member’s average final compensation for each year of service over twenty-two years. However, this subparagraph does not apply to more than eight additional years of service.

3. Ordinary disability retirement benefit. Upon application to the system, of a member in good standing or of the chief of the police or fire departments, respectively, any member in good standing shall be retired by the system, not less than thirty and not more than ninety days next following the date of filing the application, on an ordinary disability retirement allowance, if the medical board after a medical examination of the member certifies that the member is mentally or physically incapacitated for further performance of duty, that the incapacity is likely to be permanent, and that the member should be retired. However, if a person’s membership in the system first commenced on or after July 1, 1992, the member shall not be eligible for benefits with respect to a disability which would not exist, but for a medical condition that was known to exist on the date that membership commenced. A medical condition shall be deemed to have been known to exist on the date that membership commenced if the medical condition is reflected in any record or document completed or
obtained in accordance with the system’s medical protocols pursuant to section 400.8, or in any other record or document obtained pursuant to an application for disability benefits from the system, if such record or document existed prior to the date membership commenced. A member who is denied a benefit under this subsection, by reason of a finding by the medical board that the member is not mentally or physically incapacitated for the further performance of duty, shall be entitled to be restored to active service in the same position held immediately prior to the application for disability benefits. The member-in-good-standing requirement of this subsection may be waived for good cause as determined by the board. The burden of establishing good cause is on the member.

4. Allowance on ordinary disability retirement.

a. Upon retirement for ordinary disability prior to July 1, 1998, a member shall receive an ordinary disability retirement allowance which shall consist of a pension which shall equal fifty percent of the member’s average final compensation unless either of the following conditions exist:

(1) If the member has not had five or more years of membership service, the member shall receive a pension equal to one-fourth of the member’s average final compensation.

(2) If the member has had twenty-two or more years of membership service, the member shall receive a disability retirement allowance that is equal to the greater of the benefit that the member would receive under subsection 2 if the member were fifty-five years of age or the disability pension otherwise calculated under this subsection.

b. Upon retirement for ordinary disability on or after July 1, 1998, a member who has five or more years of membership service shall receive a disability retirement allowance in an amount equal to the greater of fifty percent of the member’s average final compensation or the retirement allowance that the member would receive under subsection 2 if the member had attained fifty-five years of age. A member who has less than five years of membership service shall receive a pension equal to one-fourth of the member’s average final compensation.

5. Accidental disability benefit.

a. Upon application to the system, of a member in good standing or of the chief of the police or fire departments, respectively, any member in good standing who has become totally and permanently incapacitated for duty as the natural and proximate result of an injury or disease incurred in or aggravated by the actual performance of duty at some definite time and place, or while acting pursuant to order, outside of the city by which the member is regularly employed, shall be retired by the system if the medical board certifies that the member is mentally or physically incapacitated for further performance of duty, that the incapacity is likely to be permanent, and that the member should be retired. However, if a person’s membership in the system first commenced on or after July 1, 1992, the member shall not be eligible for benefits with respect to a disability which would not exist, but for a medical condition that was known to exist on the date that membership commenced. A medical condition shall be deemed to have been known to exist on the date that membership commenced if the medical condition is reflected in any record or document completed or obtained in accordance with the system’s medical protocols pursuant to section 400.8, or in any other record or document obtained pursuant to an application for disability benefits from the system, if such record or document existed prior to the date membership commenced. A member who is denied a benefit under this subsection, by reason of a finding by the medical board that the member is not mentally or physically incapacitated for the further performance of duty, shall be entitled to be restored to active service in the same position held immediately prior to the application for disability benefits.

b. If a member in service or the chief of the police or fire departments becomes incapacitated for duty as a natural or proximate result of an injury or disease incurred in or aggravated by the actual performance of duty at some definite time or place or while acting, pursuant to order, outside the city by which the member is regularly employed, the member, upon being found to be temporarily incapacitated following a medical examination as directed by the city, is entitled to receive the member’s full pay and allowances from the city’s general fund or trust and agency fund until reexamined as directed by the city and found to be fully recovered or until the city determines that the member is likely to be permanently disabled. If the temporary incapacity of a member continues more than
sixty days, or if the city expects the incapacity to continue more than sixty days, the city shall notify the system of the temporary incapacity. Upon notification by a city, the system may refer the matter to the medical board for review and consultation with the member’s treating physician during the temporary incapacity. Except as provided by this paragraph, the board of trustees of the statewide system has no jurisdiction over these matters until the city determines that the disability is likely to be permanent.

c. (1) Disease under this subsection shall mean heart disease or any disease of the lungs or respiratory tract and shall be presumed to have been contracted while on active duty as a result of strain or the inhalation of noxious fumes, poison, or gases.

(2) Disease under this subsection shall also mean cancer or infectious disease and shall be presumed to have been contracted while on active duty as a result of that duty.

(3) However, if a person’s membership in the system first commenced on or after July 1, 1992, and the heart disease, disease of the lungs or respiratory tract, cancer, or infectious disease would not exist, but for a medical condition that was known to exist on the date that membership commenced, the presumption established in this paragraph “c” shall not apply.

d. The requirement that a member be in good standing to apply for and receive a benefit under this subsection may be waived for good cause as determined by the board. The burden of establishing good cause is on the member.

6. Retirement after accident.

a. Upon retirement for accidental disability prior to July 1, 1990, a member shall receive an accidental disability retirement allowance which shall consist of a pension equal to sixty-six and two-thirds percent of the member's average final compensation.

b. Upon retirement for accidental disability on or after July 1, 1990, but before July 1, 1998, a member shall receive an accidental disability retirement allowance which shall consist of a pension equal to sixty percent of the member’s average final compensation. However, if the member has had twenty-two or more years of membership service, the member shall receive a disability retirement allowance that is equal to the greater of the retirement allowance that the member would receive under subsection 2 if the member was fifty-five years of age or the disability retirement allowance calculated under this paragraph.

c. Upon retirement for accidental disability on or after July 1, 1998, a member shall receive an accidental disability retirement allowance which shall consist of a pension in an amount equal to the greater of sixty percent of the member’s average final compensation or the retirement allowance that the member would receive under subsection 2 if the member had attained fifty-five years of age.

7. Reexamination of beneficiaries retired on account of disability. The system may, and upon the member’s application shall, require any disability beneficiary who has not yet attained age fifty-five to undergo a medical examination at a place designated by the medical board. The examination shall be made by the medical board or, in special cases, by an additional physician or physicians designated by such board. If any disability beneficiary who has not attained the age of fifty-five refuses to submit to the medical examination, the member’s allowance may be discontinued until withdrawal of such refusal, and if the refusal continues for one year all rights in and to the member’s pension may be revoked by the system. For a disability beneficiary who has not attained the age of fifty-five and whose entitlement to a disability retirement commenced on or after July 1, 2000, the medical board may, as part of the examination required by this subsection, suggest appropriate medical treatment or rehabilitation if, in the opinion of the medical board, the recommended treatment or rehabilitation would likely restore the disability beneficiary to duty.

a. (1) Should any beneficiary for either ordinary or accidental disability, except a beneficiary who is fifty-five years of age or over, be engaged in a gainful occupation paying more than the difference between the member’s net retirement allowance and one and one-half times the earnable compensation of an active member at the same position on the salary scale within the member’s rank as the member held at retirement, then the amount of the member’s retirement allowance shall be reduced to an amount such that the member’s net retirement allowance plus the amount earned by the member shall equal one and one-half times the amount of the current earnable compensation of an active member at the same position on the salary scale within the member’s rank as the member held at
retirement. Should the member’s earnings be later changed, the amount of the member’s retirement allowance may be further modified, provided that the new retirement allowance shall not exceed the amount of the retirement allowance adjusted by annual readjustments of pensions pursuant to subsection 12 of this section nor an amount which would cause the member’s net retirement allowance, when added to the amount earned by the beneficiary, to equal one and one-half times the amount of the earnable compensation of an active member at the same position on the salary scale within the member’s rank as the member held at retirement. A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which the member was retired at age fifty-five or greater, shall not again become a member of the retirement system and shall have the member’s retirement allowance suspended while in active service. If the rank or position held by the retired member is subsequently abolished, adjustments to the allowable limit on the amount of income which can be earned in a gainful occupation shall be computed by the board of trustees as though such rank or position had not been abolished and salary increases had been granted to such rank or position on the same basis as increases granted to other ranks and positions in the department. For purposes of this paragraph, “net retirement allowance” means the amount determined by subtracting the amount paid during the previous calendar year by the beneficiary for health insurance or similar health care coverage for the beneficiary and the beneficiary’s dependents from the amount of the member’s retirement allowance paid for that year pursuant to this chapter. The beneficiary shall submit sufficient documentation to the system to permit the system to determine the member’s net retirement allowance for the applicable year.

(2) A beneficiary retired under this lettered paragraph, in order to be eligible for continued receipt of retirement benefits, shall no later than May 15 of each year submit to the system a copy of the beneficiary’s federal individual income tax return for the preceding year. The beneficiary shall also submit, within a reasonable period of time, any documentation requested by the system that is determined to be necessary by the system to determine the beneficiary’s gross wages.

(3) Retroactive to July 1, 1976, the limitations on pay of a member engaged in a gainful occupation who is retired under accidental disability prescribed in this paragraph shall not apply to a member who retired before July 1, 1976.

b. Should a disability beneficiary under age fifty-five be restored to active service at a compensation not less than the disability beneficiary’s average final compensation, the disability beneficiary’s retirement allowance shall cease, the disability beneficiary shall again become a member and shall contribute thereafter at the rate established in section 411.8, and former service on the basis of which the disability beneficiary’s service was computed at the time of retirement shall be restored to full force and effect and upon subsequent retirement the disability beneficiary shall be credited with all service as a member and also with the period of disability retirement.

c. Should a disability beneficiary under age fifty-five be employed in a public safety occupation, the disability beneficiary’s retirement allowance shall cease. Notwithstanding any provision of this chapter to the contrary, if a disability beneficiary is employed in a public safety occupation that would otherwise constitute membership service, the disability beneficiary shall not become a member of the system. For purposes of this paragraph, “public safety occupation” means a peace officer, as defined in section 97A.1; a protection occupation, as defined in section 97B.49B; a sheriff or deputy sheriff as defined in section 97B.49C; and a police officer or fire fighter as defined in section 411.1, who was not restored to active service as provided by this subsection.

8. Ordinary death benefit.

a. Upon the receipt of proof of the death of a member in service, or a member not in service who has completed four or more years of service as provided in subsection 1, paragraph “b”, there shall be paid to the person designated by the member to the system as the member’s beneficiary, if the member has had one or more years of membership service and no pension is payable under subsection 9, the greater of the following:

(1) An amount equal to fifty percent of the compensation earnable by the member during the year immediately preceding the member’s death if the member is in service, or an amount
equal to fifty percent of the compensation earned by the member during the member’s last year of service if the member is not in service.

(2) An amount the member would have been entitled to withdraw pursuant to section 411.23 if the member had terminated service on the date of the member’s death.

b. (1) In lieu of the payment specified in paragraph “a”, a beneficiary meeting the qualifications of paragraph “c” may elect to receive a monthly pension equal to one-twelfth of forty percent of the average final compensation of the member, but not less than twenty percent of the average monthly earnable compensation paid to an active member of the system, as reported by the actuary. For a member not in service at the time of death, the pension shall be reduced as provided in subsection 1, paragraph “b”.

(2) For a member not in service at the time of death, the pension shall be paid commencing when the member would have attained the age of fifty-five except that if there is a child of the member, the pension shall be paid commencing with the member’s death until the child of the member no longer meets the definition of child as provided in section 411.1. The pension shall resume when the member would have attained the age of fifty-five.

(3) For a member in service at the time of death, the pension shall be paid commencing with the member’s death. In addition to the pension, there shall also be paid for each child of a member, a monthly pension equal to six percent of the average monthly earnable compensation paid to an active member of the system, as reported by the actuary.

(4) Notwithstanding section 411.6, subsection 8, Code 1985, effective July 1, 1990, for a member’s surviving spouse who, prior to July 1, 1986, elected to receive pension benefits under this paragraph, the monthly pension benefit shall be equal to the higher of one-twelfth of forty percent of the average final compensation of the member, or the amount the surviving spouse was receiving on July 1, 1990.

c. The pension under paragraph “b” may be selected only by the following beneficiaries:

(1) The spouse, regardless of whether the spouse was designated by the member to the system as the member’s beneficiary.

(2) If there is no spouse, or if the spouse dies and there is a child of a member, then the member’s child or children, in equal shares. The pension to each child shall terminate when the child no longer meets the definition of child in section 411.1.

(3) If there is no surviving spouse or child, then the member’s dependent father or mother, or both, as the system determines, to continue until death.

d. If the member failed to designate a beneficiary, or if the beneficiary designated by the member predeceases the member, the benefits provided in paragraph “a” of this subsection shall be paid as follows in the following order of priority:

(1) To the member’s surviving spouse, unless the surviving spouse selected the pension under paragraph “b”.

(2) To the member’s surviving children, including any adult children, in equal shares.

(3) To the member’s surviving parents, in equal shares.

(4) To the member’s estate.

(5) To the member’s heirs if the estate is not probated.

a. (1) If, upon the receipt of evidence and proof from the chief of the police or fire department that the death of a member in service was the natural and proximate result of an injury or disease incurred in or aggravated by the actual performance of duty at some definite time and place, or while acting pursuant to order, outside of the city by which the member is regularly employed, the system decides that death was so caused in the performance of duty, there shall be paid, in lieu of the ordinary death benefit provided in subsection 8, an accidental death benefit as set forth in this subsection.

(2) (a) Disease under this subsection shall mean heart disease or any disease of the lungs or respiratory tract and shall be presumed to have been contracted while on active duty as a result of strain or the inhalation of noxious fumes, poison, or gases.

(b) Disease under this subsection shall also mean cancer or infectious disease and shall be presumed to have been contracted while on active duty as a result of that duty.

b. (1) If the member’s designated beneficiary is the member’s spouse, child, or parent, an
accidental death benefit pension equal to one-half of the average final compensation of the member shall be paid as follows:

(a) If the member’s designated beneficiary is the member’s spouse, then to the member’s spouse.

(b) If the member’s designated beneficiary is the member’s child or children, then to the child or children in equal shares. The pension to each child shall terminate when the child no longer meets the definition of child in section 411.1.

(c) If the member’s designated beneficiary is the member’s dependent father or mother, or both, then to the father or mother, or both, in equal shares, to continue until death.

(2) If the member failed to designate a beneficiary, or if the beneficiary designated by the member predeceases the member, then an accidental death benefit pension equal to one-half of the average final compensation of the member shall be paid as follows:

(a) To the member’s spouse.

(b) If there is no spouse, or if the spouse dies and there is a child of the member, then to the member’s child or children in equal shares. The pension to each child shall terminate when the child no longer meets the definition of child in section 411.1.

(c) If there is no surviving spouse or child, then to the member’s dependent father or mother, or both, in equal shares, to continue until death.

c. In addition to the accidental death benefit pension provided in paragraph “b”, there shall also be paid for each child of a member a monthly pension equal to six percent of the average monthly earnable compensation paid to an active member of the system, as reported by the actuary.

d. A person eligible to receive the pension payable under paragraph “b” of this subsection may elect to receive the benefit payable under subsection 8, paragraph “a”, in lieu of the pension provided in paragraph “b” of this subsection.

e. If there is no person entitled to the pension payable under paragraph “b” of this subsection, the death shall be treated as an ordinary death case and the benefit payable under subsection 8, paragraph “a”, in lieu of the pension provided in paragraph “a” of this subsection, shall be paid as provided by that subsection.

10. Pensions offset by compensation benefits. Any amounts which may be paid or payable by the said cities under the provisions of any workers’ compensation or similar law to a member or to the dependents of a member on account of any disability or death, shall be offset against and payable in lieu of any benefits payable under the provisions of this chapter on account of the same disability or death. In addition, any amounts payable to a member as unemployment compensation under the provisions of chapter 96 based on unemployment from membership service for a member receiving an ordinary disability benefit or an accidental disability benefit pursuant to this chapter shall be offset against and payable in lieu of any benefits payable under the provisions of this chapter for an ordinary disability or an accidental disability.

11. Pension to spouse and children of deceased pensioned member. In the event of the death of any member receiving a retirement allowance under the provisions of subsection 2, 4, or 6 of this section there shall be paid a pension:

a. To the spouse, equal to one-half the amount received by the deceased beneficiary, but in no instance less than twenty percent of the average monthly earnable compensation paid to an active member of the system, as determined by the actuary, and in addition a monthly pension equal to the monthly pension payable under subsection 9 of this section for each child; or

b. If the spouse dies either prior or subsequent to the death of the member, to the guardian of each surviving child, a monthly pension equal to the monthly pension payable under subsection 9 of this section for the support of the child.

12. Annual readjustment of pensions. Pensions payable under this section shall be adjusted as follows:

a. On each July 1, the monthly pensions authorized in this section payable to members retired prior to that date and to beneficiaries entitled to a monthly pension prior to that date shall be adjusted as provided in this subsection. An amount equal to the sum of one and one-half percent of the monthly pension of each retired member and beneficiary and the
applicable incremental amount shall be added to the monthly pension of each retired member and beneficiary. The board of trustees may report to the general assembly, at the board’s discretion, on whether the provisions of this subsection continue to provide an equitable method for the annual readjustment of pensions payable under this chapter.

b. For purposes of this subsection, “applicable incremental amount” means the following amount for members receiving a pension under subsection 2, 4 or 6, and for beneficiaries receiving a pension under subsection 11:

1. Fifteen dollars where the member’s retirement date was less than five years prior to the effective date of the increase.
2. Twenty dollars where the member’s retirement date was at least five years, but less than ten years, prior to the effective date of the increase.
3. Twenty-five dollars where the member’s retirement date was at least ten years, but less than fifteen years, prior to the effective date of the increase.
4. Thirty dollars where the member’s retirement date was at least fifteen years, but less than twenty years, prior to the effective date of the increase.
5. Thirty-five dollars where the member’s retirement date was at least twenty years prior to the effective date of the increase.

c. For beneficiaries receiving a pension under subsection 8 or 9, the applicable incremental amount shall be determined as set forth in paragraph “b”, except that the date of the member’s death shall be substituted for the member’s retirement date.

d. A retired member eligible for benefits under subsection 1 of this section is not eligible for the readjustment of pensions provided in this subsection unless the member served twenty-two years and attained the age of fifty-five years prior to the member’s termination of employment.

e. A retired member eligible for benefits under this section and otherwise eligible for the readjustment of benefits provided in this subsection is not eligible for the readjustment unless the member was retired on or before the effective date of the readjustment.

13. a. Remarriage of surviving spouse. Effective July 1, 1990, for a member who died prior to July 1, 1988, if the member’s surviving spouse remarried prior to July 1, 1988, the remarriage does not make the spouse ineligible under subsection 8, paragraph “c”, subparagraphs (1) and (2), to receive benefits under subsections 8, 9, 11, and 12.

b. Recomputation of benefit — surviving spouse. A benefit payable under this chapter to a surviving spouse and to any surviving spouse who receives a division of the surviving spouse benefit pursuant to a marriage decree or marital property order under section 411.13 shall not be recomputed upon the death of any surviving spouse.

14. Beneficiary designation. A member may designate, in writing on a form prescribed by the system, any person or persons to whom the system will pay a death benefit under this section in the event of the member’s death. If the member is married at the time a designation is signed, a designation of a beneficiary other than the member’s spouse shall not be valid unless the member’s spouse consents in writing to the designation. A designation filed with the system shall be deemed revoked if, subsequent to the designation, a new designation is filed with the system, the member marries, or the member divorces the individual who was the member’s named beneficiary.

15. Line of duty death benefit.

a. If, upon the receipt of evidence and proof from the chief of the police or fire department that the death of a member in service was the direct and proximate result of a traumatic personal injury incurred in the line of duty, the system decides that death was so caused, there shall be paid, to a person authorized to receive an accidental death benefit as provided in subsection 9, paragraph “b”, the amount of one hundred thousand dollars, which shall be payable in a lump sum. However, for purposes of this subsection, a child who no longer meets the definition of child in section 411.1 shall be eligible to receive a line of duty death benefit pursuant to this subsection.

b. A line of duty death benefit shall not be payable under this subsection if any of the following applies:

1. The death resulted from stress, strain, occupational illness, or a chronic, progressive, or congenital illness, including but not limited to a disease of the heart, lungs, or respiratory
system, unless a traumatic personal injury was a substantial contributing factor to the member’s death.

(2) The death was caused by the intentional misconduct of the member or by the member’s intent to cause the member’s own death.

(3) The member was voluntarily intoxicated at the time of death.

(4) The member was performing the member’s duties in a grossly negligent manner at the time of death.

(5) An individual who would otherwise be entitled to a benefit under this subsection was, through the individual’s actions, a substantial contributing factor to the member’s death.

(6) The death qualifies for a volunteer emergency services provider death benefit pursuant to section 100B.31.

16. **Ineligibility for disability benefits.**

   a. A member otherwise eligible to receive a disability retirement benefit under this chapter shall not be eligible to receive such a benefit if the system determines that any of the following conditions for ineligibility applies:

      (1) The disability would not exist but for the member’s chemical dependency,* as defined in section 125.2, on a schedule I controlled substance, as defined in section 124.204, or the member’s chemical dependency* on a schedule II controlled substance, as defined in section 124.206, resulting from the inappropriate use of the schedule II controlled substance.

      (2) The disability is a mental disability proximately caused by appropriate disciplinary actions taken against the member, or by conflicts with a superior or coworker if the superior or coworker was acting legally and appropriately toward the member when the conflicts occurred.

   b. A member otherwise eligible to receive a disability retirement benefit under this chapter, or who is receiving such a benefit, shall not be eligible to receive such a benefit beginning with the month following the determination by the system that the disability would not exist but for the action of the member for which the member has been convicted of a felony.

   c. A member eligible to commence receiving a disability benefit on or after July 1, 2000, may be ineligible to receive a disability retirement benefit if the system determines that the member’s alcoholism or drug addiction was a contributing factor material to the determination of the member’s disability. Upon a determination that the member’s alcoholism or drug addiction was a contributing factor in the member’s disability, the system shall direct the member to undergo substance abuse treatment that the medical board determines is appropriate to treat the member’s alcoholism or drug addiction. After the end of a twenty-four-month period following the member’s first month of entitlement to a disability benefit, the system shall reevaluate the member’s disability. If the system determines that the member failed to comply with the treatment program prescribed by this paragraph and that the member would not be disabled but for the member’s alcoholism or drug addiction, the member’s entitlement to a disability benefit under this chapter shall terminate effective the first day of the first month following the month the member is notified of the system’s determination.

17. **Limitations on benefits — prisoners.**

   a. An individual who is otherwise entitled to a retirement allowance under this chapter shall not receive a retirement allowance for any month during which both of the following conditions exist:

      (1) The individual is confined in a jail, prison, or correctional facility pursuant to the individual’s conviction of a felony.

      (2) The individual has a spouse, or a child or children, as defined in section 411.1.

   b. The amount of the retirement allowance not paid to the individual under paragraph “a” shall be paid in the following order of priority:

      (1) To the individual’s spouse, if any.

      (2) If there is no spouse, then to the individual’s child or children, as defined in section 411.1.

   c. This subsection shall not be construed in a manner that impairs the rights of any individual under a marital property, spousal support, or child support order. In addition, this
subsection shall not be construed to impair the statutory rights of a governmental entity, including but not limited to the right of a governmental entity to collect an amount for deposit in the victim compensation fund established in chapter 915.

411.6A Optional retirement benefits.

1. In lieu of the payment of a service retirement allowance under section 411.6, subsection 2, and the payment of a pension to the spouse of a deceased pensioned member under section 411.6, subsection 11, a member may select an option provided under this section. The board of trustees shall adopt rules under section 411.5, subsection 3, providing the optional forms of payment that may be selected by the member. The optional forms of payment may provide adjustments to the amount of the retirement allowance paid to the member, may alter the pension amount and period of payment to the member’s spouse after the death of the member, and may provide for payments to a designated recipient other than the member’s spouse for a designated period of time or an unlimited period of time.

2. Prior to the member’s retirement and as a part of the application for a service retirement allowance, the member shall elect, in writing, either the benefits provided under section 411.6, subsections 2 and 11, or one of the optional forms adopted by the board of trustees. If the member is married at the time of application and the member elects an optional form, the member’s spouse must consent in writing to the optional form selected and to the receipt of payments to a designated recipient, if applicable. Upon acceptance by a member of an initial retirement benefit paid in accordance with the election under this section, the election of the member is irrevocable.

3. The optional forms of payment determined by the board of trustees under this section, shall be the actuarial equivalent of the amount of retirement benefits payable to the member and the member’s spouse pursuant to section 411.6, subsections 2 and 11. The actuarial equivalent shall be based upon the actuarial assumptions adopted for this purpose pursuant to section 411.5. Election of an optional form adopted by the board of trustees shall not affect the benefits, if any, payable to the member’s child or children pursuant to section 411.6, subsection 11.

4. Optional benefits shall be adjusted annually in a manner consistent with that provided in section 411.6, subsection 12. However, if the member has selected a designated recipient other than the member’s spouse, the designated recipient shall be deemed to be the member’s surviving spouse for the purpose of calculating the annual adjustment in the manner provided in section 411.6, subsection 12.

411.6B Rollovers of members’ accounts.

1. As used in this section, unless the context otherwise requires, and to the extent permitted by the internal revenue service:

a. “Direct rollover” means a payment by the system to the eligible retirement plan specified by the member or the member’s surviving spouse, or the member’s alternate payee under a marital property order who is the member’s spouse or former spouse.

b. (1) “Eligible retirement plan” means any of the following that accepts an eligible
rollover distribution from a member, a member’s surviving spouse, or a member’s alternate payee:
(a) An individual retirement account in accordance with section 408(a) of the federal Internal Revenue Code.
(b) An individual retirement annuity in accordance with section 408(b) of the federal Internal Revenue Code.
(2) In addition, an “eligible retirement plan” includes an annuity plan in accordance with section 403(a) of the federal Internal Revenue Code, or a qualified trust in accordance with section 401(a) of the federal Internal Revenue Code, that accepts an eligible rollover distribution from a member. Effective January 1, 2002, the term “eligible retirement plan” also includes an annuity contract described in section 403(b) of the federal Internal Revenue Code, and an eligible plan under section 457(b) of the federal Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state that chooses to separately account for amounts rolled over into such eligible retirement plan from the system.
   c. “Eligible rollover distribution” means all or any portion of a member’s account, except that an eligible rollover distribution does not include any of the following:
      (1) A distribution that is one of a series of substantially equal periodic payments, which occur annually or more frequently, made for the life or life expectancy of the distributee or the joint lives or joint life expectancies of the distributee and the distributee’s designated beneficiary, or made for a specified period of ten years or more.
      (2) A distribution to the extent that the distribution is required pursuant to section 401(a)(9) of the federal Internal Revenue Code.
      (3) The portion of any distribution that is not includable in the gross income of the distributee, determined without regard to the exclusion for net unrealized appreciation with respect to employer securities. Provided, however, that effective January 1, 2002, such distributions may be directly rolled over to an individual retirement account described in federal Internal Revenue Code section 408(a) or 408(b), a qualified defined contribution plan described in federal Internal Revenue Code section 401(a), or a qualified annuity plan described in federal Internal Revenue Code section 403(a), if such plan agrees to separately account for the after-tax amount so rolled over.
      (4) A distribution of less than two hundred dollars of taxable income.
2. Effective January 1, 1993, a member or a member’s surviving spouse may elect, at the time and in the manner prescribed in rules adopted by the board of trustees, to have the system pay all or a portion of an eligible rollover distribution directly to an eligible retirement plan, specified by the member or the member’s surviving spouse, in a direct rollover. If a member or a member’s surviving spouse elects a partial direct rollover, the amount of funds elected for the partial direct rollover must equal or exceed five hundred dollars.
3. a. For distributions after December 31, 2009, a nonspouse beneficiary who is a designated beneficiary may roll over all or any portion of the beneficiary’s distribution to an individual retirement account the beneficiary establishes for purposes of receiving the distribution by means of a direct rollover. In order to qualify for a rollover under this subsection, the distribution must otherwise satisfy the definition of an eligible rollover distribution. If a nonspouse beneficiary receives a distribution from the system, the distribution is not eligible for a sixty-day rollover.
   b. If the member’s named beneficiary is a trust, the system may make a direct rollover to an individual retirement account on behalf of the trust, provided the trust satisfies the requirements to be a designated beneficiary within the meaning of Internal Revenue Code section 401(a)(9)(E).
   c. A nonspouse beneficiary may not roll over an amount which is a required minimum distribution, as determined under applicable United States treasury regulations and other federal Internal Revenue Service guidance. If the participant dies before the participant’s required beginning date and the nonspouse beneficiary rolls over to an individual retirement account the maximum amount eligible for rollover, the beneficiary may elect to use either the five-year rule or the life expectancy rule, pursuant to applicable United States treasury regulations as provided in 26 C.F.R. § 1.401(a)(9)-3, in determining the required minimum
distributions from the individual retirement account that receives the nonspouse beneficiary’s distribution.

411.6C Deferred retirement option plan.
1. For purposes of this section, unless the context otherwise requires:
   a. “Applicable percentage” means that percentage, not greater than one hundred percentage points, equal to fifty-two percentage points plus two percentage points for each month for the period between the eligible member’s plan eligibility month and the month the eligible member commences membership in the plan.
   b. “Drop benefit” means, for a participant, an amount credited to the participant’s account each applicable month equal to the member’s applicable percentage multiplied by the member’s participant retirement amount.
   c. “Eligible member” means a member who has attained fifty-five years of age with at least twenty-two years of membership service.
   d. “Participant account” means an administrative record maintained by the system reflecting the participant’s accumulated drop benefit.
   e. “Participant retirement amount” means the amount equal to the monthly retirement allowance the eligible member would have received under section 411.6 if the member retired on the date the eligible member commenced participation in the plan, based on earnings through the previous full quarter of earnable compensation earned by the member.
   f. “Plan” means the deferred retirement option plan established by this section.
   g. “Plan eligibility month” means the first full calendar month in which the participant is an eligible member.
2. 
   a. An eligible member may elect to participate in the deferred retirement option plan as provided in this section. A decision by an eligible member to participate in the plan is irrevocable. Upon commencing membership in the plan, the member shall remain an active member of the system and shall have credited to a participant account on behalf of the member from the fire and police retirement fund for each month the member participates in the plan the member’s drop benefit. The amounts credited shall be invested by the system in risk-free assets of a short-term nature and interest and earnings shall not be credited to the participant account but shall remain with the fire and police retirement fund established in section 411.8. In addition, the annual readjustment of pensions under section 411.6, subsection 12, shall not apply to a participant’s drop benefit or to amounts credited to the member’s participant account.
   b. Upon termination of an eligible member’s participation in the plan, the eligible member shall be deemed to be retired under the system as of that date for purposes of the system and shall begin receiving a retirement allowance equal to the member’s participant retirement amount or such optional retirement benefits, based upon that amount, pursuant to section 411.6A. In addition, the eligible member shall receive the moneys credited to the member’s participant account while participating in the plan. The eligible member shall select, upon written application to the system, whether to receive the amount in the member’s participant account in the form of a lump sum distribution or as a rollover to an eligible retirement plan as defined in section 411.6B.
   c. If an eligible member terminates participation in the plan prior to the date selected by the member upon commencing membership in the plan and the termination is not due to the death or disability of the member under this chapter, then the system shall assess a twenty-five percent penalty on the amount credited to the member’s participant account prior to distributing the amount to the member. The penalty amount shall be transferred to and remain with the fire and police retirement fund.
3. To participate in the plan, an eligible member shall make written application to the system. The application shall include the following:
   a. The month the eligible member intends to commence participation in the plan.
   b. The eligible member’s selection of a plan termination date. The plan termination
date shall be either three, four, or five years after the date the eligible member commences membership in the plan. However, for the two-year period beginning with the first of the month following the implementation date of this section, an eligible member between sixty-two and sixty-four years of age may also select a plan termination date that is one or two years after the date the eligible member commences membership in the plan.

4. Participation in the plan by an eligible member does not guarantee continued employment. Contributions required from members and participating cities shall continue based on the earnable compensation of an eligible member participating in the plan. However, contributions made while an eligible member participates in the plan shall remain with the retirement fund and shall not be subject to a withdrawal of contributions under section 411.23.

5. The system’s actuary, while making the annual valuation of the assets and liabilities of the fire and police retirement fund, shall determine whether establishment and operation of the plan created in this section has resulted in an increased actuarial cost to the system. If the actuary determines that the plan has resulted in an increased actuarial cost to the system, then, notwithstanding any provision of section 411.8 to the contrary, the system shall increase the members’ contribution rate as necessary to cover the increased cost of the plan created in this section.

6. This section shall not be implemented until the system has received a favorable ruling from the internal revenue service regarding the plan as provided in this section. Upon receiving the favorable ruling, the board shall establish the implementation date of the plan.

2006 Acts, ch 1073, §1

411.7 Management of fund.

1. The board of trustees is the trustee of the fire and police retirement fund created in section 411.8 and shall annually establish an investment policy to govern the investment and reinvestment of the moneys in the fund, subject to the terms, conditions, limitations, and restrictions imposed by subsection 2 and chapters 12F and 12H. Subject to like terms, conditions, limitations, and restrictions the system has full power to hold, purchase, sell, assign, transfer, or dispose of any of the securities and investments in which the fund has been invested, as well as of the proceeds of the investments and any moneys belonging to the fund.

2. The secretary of the board of trustees shall invest, in accordance with the investment policy established by the board of trustees, the portion of the fund established in section 411.8 which in the judgment of the board is not needed for current payment of benefits under this chapter in investments authorized in section 97B.7A for moneys in the Iowa public employees’ retirement fund.

3. The secretary of the board of trustees is the custodian of the fire and police retirement fund. All payments from the fund shall be made by the secretary only upon vouchers signed by two persons designated by the board of trustees. The system may select master custodian banks to provide custody of the assets of the retirement system.

4. A member or employee of the board of trustees shall not have any direct interest in the gains or profits of any investment made by the board of trustees, other than as a member of the system. A trustee shall not receive any pay or emolument for the trustee’s services except as secretary. A member or employee of the board of trustees shall not directly or indirectly for the trustee or employee or as an agent in any manner use the assets of the retirement system except to make current and necessary payments as authorized by the board of trustees, nor shall any trustee or employee of the system become an endorser or surety or become in any manner an obligor for moneys loaned by or borrowed from the system.

5. Except as otherwise provided in section 411.36, a member, employee, and the secretary of the board of trustees shall not be personally liable for a loss to the fire and police retirement
fund, the loss shall be assessed against the fire and police retirement fund, and moneys are hereby appropriated from the fund in an amount sufficient to cover the losses.

411.8 Method of financing.

All the assets of the retirement system created and established by this chapter shall be credited to the fire and police retirement fund, which is hereby created. As used in this section, “fund” means the fire and police retirement fund.

1. All moneys for the payment of all pensions and other benefits payable from contributions made by the participating cities, the state, and the members shall be accumulated in the fund. The refunds and benefits for all members and beneficiaries shall be payable from the fund. Contributions to and payments from the fund shall be as follows:

a. On account of each member there shall be paid annually into the fund by the participating cities an amount equal to a certain percentage of the earnable compensation of the member to be known as the “normal contribution”. The rate percent of such contribution shall be fixed on the basis of the liabilities of the retirement system as shown by annual actuarial valuations.

b. (1) On the basis of the actuarial methods and assumptions, rate of interest, and of the mortality, interest and other tables adopted by the system, the actuary engaged by the system to make each valuation required by this chapter pursuant to the requirements of section 411.5, shall immediately after making such valuation, determine the normal contribution rate. Except as otherwise provided in this lettered paragraph, the “normal contribution rate” shall be the rate percent of the earnable compensation of all members equal to the rate required by the system to discharge its liabilities, stated as a percentage of the earnable compensation of all members, and reduced by the employee contribution rate provided in paragraph “f” of this subsection and the contribution rate representing any state appropriation made. However, the normal contribution rate shall not be less than seventeen percent.

(2) The normal contribution rate shall be determined by the actuary after each valuation.

c. The total amount payable in each year to the fund shall be not less than the rate percent known as the normal contribution rate of the total compensation earnable by all members during the year, but the aggregate payment by the participating cities must be sufficient when combined with the amount in the fund to provide the pensions and other benefits payable out of the fund during the then current year.

d. All lump-sum death benefits on account of death in active service payable from contributions of the said cities shall be paid from the fund.

e. Reserved.

f. Except as otherwise provided in paragraph “h”:

(1) An amount equal to three and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal year beginning July 1, 1989.

(2) An amount equal to four and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal year beginning July 1, 1990.

(3) An amount equal to five and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal year beginning July 1, 1991.

(4) An amount equal to six and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal year beginning July 1, 1992.

(5) An amount equal to seven and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal year beginning July 1, 1993.
§411.8, RETIREMENT SYSTEM FOR POLICE OFFICERS AND FIRE FIGHTERS

(6) An amount equal to eight and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal period beginning July 1, 1994, through December 31, 1994, and an amount equal to eight and thirty-five hundredths percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal period beginning January 1, 1995, through June 30, 1995.

(7) An amount equal to nine and thirty-five hundredths percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal year beginning July 1, 1995.

(8) Beginning July 1, 1996, and each fiscal year thereafter, an amount equal to the member’s contribution rate times each member’s compensation shall be paid to the fund from the earnable compensation of the member. For the purposes of this subparagraph, the member’s contribution rate shall be nine and thirty-five hundredths percent or, beginning July 1, 2009, nine and four-tenths percent. However, the system shall increase the member’s contribution rate as necessary to cover any increase in cost to the system resulting from statutory changes which are enacted by any session of the general assembly meeting after January 1, 1991, if the increase cannot be absorbed within the contribution rates otherwise established pursuant to this paragraph, but subject to a maximum employee contribution rate of eleven and three-tenths percent or, beginning July 1, 2009, eleven and thirty-five hundredths percent. The contribution rate increases specified in 1994 Iowa Acts, ch. 1183, pursuant to this chapter and chapter 97A shall be the only member contribution rate increases for these systems resulting from the statutory changes enacted in 1994 Iowa Acts, ch. 1183, and shall apply only to the fiscal periods specified in 1994 Iowa Acts, ch. 1183. After the employee contribution reaches eleven and three-tenths percent or eleven and thirty-five hundredths percent, as applicable, sixty percent of the additional cost of such statutory changes shall be paid by employers under paragraph “c” and forty percent of the additional cost shall be paid by employees under this paragraph.

g. (1) The system shall certify to the superintendent of public safety as defined in this chapter and the superintendent of public safety as defined in this chapter shall cause to be deducted from the earnable compensation of each member the contribution required under this subsection and shall forward the contributions to the system for recording and for deposit in the fund.

(2) The deductions provided for under this paragraph shall be made notwithstanding that the minimum compensation provided by law for any member is reduced. Every member is deemed to consent to the deductions made under this paragraph.

h. Notwithstanding the provisions of paragraph “f”, the following transition percentages apply to members’ contributions as specified:

(1) For members who on July 1, 1990, have attained the age of forty-nine years or more, an amount equal to nine and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal period beginning July 1, 1990, through October 15, 1992, and commencing October 16, 1992, and for each subsequent fiscal period, the rates specified in paragraph “f”, subparagraphs (4) through (8), shall apply.

(2) For members who on July 1, 1990, have attained the age of forty-eight years but have not attained the age of forty-nine years, an amount equal to eight and one-tenth percent shall be paid for the fiscal year beginning July 1, 1990, and an amount equal to nine and one-tenth percent shall be paid for the fiscal period beginning July 1, 1991, through October 15, 1992, and commencing October 16, 1992, and for each subsequent fiscal period, the rates specified in paragraph “f”, subparagraphs (4) through (8), shall apply.

(3) For members who on July 1, 1990, have attained the age of forty-seven years but have not attained the age of forty-eight years, an amount equal to seven and one-tenth percent shall be paid for the fiscal year beginning July 1, 1990, an amount equal to eight and one-tenth percent shall be paid for the fiscal year beginning July 1, 1991, and an amount equal to nine and one-tenth percent shall be paid for the fiscal period beginning July 1, 1992, through October 15, 1992, and commencing October 16, 1992, and for each subsequent fiscal period, the rates specified in paragraph “f”, subparagraphs (4) through (8), shall apply.
(4) For members who on July 1, 1990, have attained the age of forty-six years but have not attained the age of forty-seven years, an amount equal to six and one-tenth percent shall be paid for the fiscal year beginning July 1, 1990, an amount equal to seven and one-tenth percent shall be paid for the fiscal year beginning July 1, 1991, an amount equal to eight and one-tenth percent shall be paid for the fiscal period beginning July 1, 1992, through October 15, 1992, and commencing October 16, 1992, and for each subsequent fiscal period, the rates specified in paragraph "f", subparagraphs (4) through (8), shall apply.

(5) For members who on July 1, 1990, have attained the age of forty-five years but have not attained the age of forty-six years, an amount equal to five and one-tenth percent shall be paid for the fiscal year beginning July 1, 1990, an amount equal to six and one-tenth percent shall be paid for the fiscal year beginning July 1, 1991, and an amount equal to seven and one-tenth percent shall be paid for the fiscal period beginning July 1, 1992, through October 15, 1992. Commencing October 16, 1992, and for each subsequent fiscal period, the rates specified in paragraph "f", subparagraphs (4) through (8), shall apply.

i. (1) Notwithstanding paragraph “g” or other provisions of this chapter, beginning January 1, 1995, for federal income tax purposes, and beginning January 1, 1999, for state income tax purposes, member contributions required under paragraph “f” or “h” which are picked up by the city shall be considered employer contributions for federal and state income tax purposes, and each city shall pick up the member contributions to be made under paragraph “f” or “h” by its employees. Each city shall pick up these contributions by reducing the salary of each of its employees covered by this chapter by the amount which each employee is required to contribute under paragraph “f” or “h” and shall pay the amount picked up in lieu of the member contributions to the board of trustees for recording and deposit in the fund.

(2) Member contributions picked up by each city under subparagraph (1) shall be treated as employer contributions for federal and state income tax purposes only and for all other purposes of this chapter shall be treated as employee contributions and deemed part of the employee’s earnable compensation or salary.

2. Annually the board of trustees shall budget the amount of money necessary during the ensuing year to provide for the expense of operation of the retirement system. The operating expenses shall be financed from the income derived from the system’s investments. Investment management expenses shall be charged directly to the investment income of the system.

1. A member who is absent while serving in the armed services of the United States or its allies and is discharged or separated from the armed services under honorable conditions shall have the period or periods of absence while serving in the armed services, not in excess of four years unless any period in excess of four years is at the request and for the convenience of the federal government, included as part of the member’s period of service in the department. The member shall not continue the contributions required of the member under section 411.8 during the period of military service, if the member, within one year after the member has been discharged or separated under honorable conditions from military service, returns and resumes duties in the department, and if the member is declared physically capable of resuming duties upon examination by the medical board. A period of absence may exceed four years at the request and for the convenience of the federal government.

2. In the case of a member’s death occurring on or after January 1, 2007, if the member dies while performing qualified military service as defined in section 414(u) of the Internal Revenue Code, the survivors of the member are entitled to any additional benefits, other than
benefit accruals relating to the period of qualified military service, provided by the system as if the member had resumed membership service and had died as the natural and proximate result of an injury or disease incurred in or aggravated by the actual performance of duty at some definite time and place.

3. For years beginning after December 31, 2008, if a member who is absent while serving in the armed services of the United States is receiving a differential wage payment, as defined in section 3401(h)(2) of the Internal Revenue Code, from a participating city, all of the following shall apply:
   a. The member is treated as an employee of the employer making the payment and as an active member of the system.

411.10 Purchase of service credit for military service.

1. An active member of the system who has been a member of the retirement system five or more years may elect to purchase up to five years of service credit for military service, other than military service required to be recognized under Internal Revenue Code § 414(u) or under the federal Uniformed Services Employment and Reemployment Rights Act, that will be recognized by the retirement system for purposes of calculating a member’s benefit, pursuant to Internal Revenue Code § 415(n) and the requirements of this section.

2. a. A member seeking to purchase service credit pursuant to this section shall file a written application with the system requesting an actuarial determination of the cost of a purchase of service credit. Upon receipt of the cost estimate for the purchase of service from the system, the member may make contributions to the system in an amount equal to the actuarial cost of the service credit purchase.

   b. For purposes of this subsection, the actuarial cost of the service credit purchase is an amount determined by the system in accordance with actuarial tables, as reported to the system by the system’s actuary, which reflects the actuarial cost necessary to fund an increased retirement allowance resulting from the purchase of service credit.

3. The system shall ensure that the member, in exercising an option provided in this section, does not exceed the amount of annual additions to a member’s account permitted pursuant to § 415 of the federal Internal Revenue Code.

4. The board of trustees shall adopt rules providing for the implementation and administration of this section.

411.10A Purchase of service credit for prior service.

1. An active member of the system who has been a member of the retirement system five or more years and who received a refund of the member’s contributions for a prior period of service under the system may elect to purchase up to five years of service credit for that prior period of service, that will be recognized by the retirement system for purposes of calculating a member’s benefit, pursuant to Internal Revenue Code section 415(n) and the requirements of this section.

2. a. A member seeking to purchase service credit pursuant to this section shall file a written application with the system requesting an actuarial determination of the cost of a
purchase of service credit. Upon receipt of the cost estimate for the purchase of service from the system, the member may make contributions to the system in an amount equal to the actuarial cost of the service credit purchase.

b. For purposes of this subsection, the actuarial cost of the service credit purchase is an amount determined by the system in accordance with actuarial tables, as reported to the system by the system’s actuary, which reflects the actuarial cost necessary to fund an increased retirement allowance resulting from the purchase of service credit.

3. The system shall ensure that the member, in exercising an option provided in this section, does not exceed the amount of annual additions to a member’s account permitted pursuant to section 415 of the federal Internal Revenue Code.

4. The board of trustees shall adopt rules providing for the implementation and administration of this section.

411.11 Contributions by the city.

1. On or before January 1 of each year the system shall certify to the superintendent of public safety of each participating city the amounts which will become due and payable during the year next following to the fire and police retirement fund. The amounts so certified shall be included by the superintendent of public safety in the annual budget estimate. The amounts so certified shall be appropriated by the respective cities and transferred to the retirement system for the ensuing year. The cities shall annually levy a tax sufficient in amount to cover the appropriations.

2. Amounts paid by a city to a member as back pay that would have constituted earnable compensation if paid when earned shall be allocated by the system as earnable compensation to the period or periods for which paid and employer and employee contributions shall be paid to the system for the amounts. The contribution rate to be applied to such amounts shall be determined pursuant to section 411.8 based on the rates in effect for the period or periods to which the amounts are allocated. Interest on the contributions required to be paid shall be calculated pursuant to this section as if the contributions were unpaid as of the date the contributions would have been due if the back pay had been paid to the member during the period in which it was due. The requirements of this subsection apply regardless of whether the back pay is made under a covenant not to sue, compromise settlement, denial of liability, or other agreement between the member and the employer.

3. Contributions unpaid on the date on which they are due and payable as prescribed by the system shall bear interest at the greater of the interest rate assumption adopted by the board of trustees or the rate of interest on the short-term investment fund account of the system’s custodial bank for the period the contributions remain unpaid. Interest due pursuant to this section may be waived by the system pursuant to rules adopted by the board. Interest collected pursuant to this section shall be paid into the retirement fund created in section 411.8.

4. If an employer fails to pay contributions or interest as required by this chapter after receiving thirty days’ notice of the employer’s obligation, the system may maintain a civil action to collect the unpaid contributions and interest from the employer, which action shall be heard as expeditiously as possible. If the system prevails in the civil action to recover unpaid contributions and interest, the court shall require the employer to pay the costs of the action.

A person who knowingly makes a false statement or falsifies or permits to be falsified any record or records of the retirement system in an attempt to defraud the system as a result of such act, is guilty of a fraudulent practice. If any change or error in records results in a member or beneficiary receiving from the retirement system more or less than the member or beneficiary would have been entitled to receive had the records been correct, the system shall correct the error; and, as far as practicable, shall adjust the payments in such a manner that the actuarial equivalent of the benefit to which the member or beneficiary was correctly entitled, shall be paid. Cities may fund the cost of the hospital, nursing, and medical attention required by this section through the purchase of insurance, by self-insuring the obligation, or through payment of moneys into a local government risk pool established for the purpose of covering the costs associated with the requirements of this section. However, the cost of the hospital, nursing, and medical attention required by this section shall not be funded through an employee-paid health insurance policy. The cost of the hospital, nursing, and medical attention required by this section shall be paid from moneys held in a trust and agency fund established pursuant to section 384.6, or out of the appropriation for the department to which the injured person belongs or belonged; provided that any amounts received by the injured person from any other source for such specific purposes, shall be deducted from the amount paid by the city under the provisions of this section. 411.21 Vested and retired members before July 1, 1979 — annuity or withdrawal of contributions.
1. Members who became vested and terminated service prior to July 1, 1979, and members receiving an annuity from accumulated contributions made prior to July 1, 1979, shall continue to receive the benefits the member was entitled to under the provisions of this chapter, as it was effective on the date of the member’s retirement or vested termination.
2. For the purposes of this section:
   a. “Accumulated contributions” means the sum of all amounts deducted from the compensation of a member and credited to the member’s individual account in the annuity savings fund together with regular interest thereon as provided in this subsection. Accumulated contributions do not include any amount deducted from the compensation of a member and credited to the pension accumulation fund.
   b. “Annuity” means annual payments for life derived from the accumulated contributions of a member. All annuities shall be payable in monthly installments.
   c. “Annuity reserve” shall mean the present value of all payments to be made on account of an annuity, or benefit in lieu of an annuity, granted under the provisions of this chapter, upon the basis of such mortality tables as shall be adopted by the respective boards of trustees, and regular interest.
   d. “Annuity savings fund” means the account maintained by the respective board of trustees in which the accumulated contributions of the members were deposited prior to July 1, 1979, to provide for their annuities.
   e. “Annuity reserve fund” means the account maintained by the respective boards of trustees from which shall be paid all annuities and all benefits in lieu of annuities payable as provided in this chapter as this chapter was effective on June 30, 1979.
   f. “Regular interest” means interest at the rate of four percent per annum, compounded annually and credited to the member’s account as of the date of the member’s retirement or termination from employment.
   g. “Member who became vested” and “vested member” mean a member who has been a member of the retirement system four or more years and is entitled to benefits under this chapter.
3. Beginning July 1, 1979, the respective boards of trustees shall maintain and invest funds in the annuity reserve fund and the annuity savings fund contributed by members prior to July 1, 1979. Members receiving an annuity as a portion of their retirement or disability benefits on June 30, 1979, shall continue to receive such annuity from the annuity reserve fund maintained by the respective board of trustees. Members receiving an annuity, if reemployed under service covered by this chapter, shall cease to receive retirement benefits.
4. The accumulated contributions of a member withdrawn by the member or paid to the
member’s estate or designated beneficiary in the event of the member’s death shall be paid from the annuity savings fund account. Upon the retirement of a member, the member’s accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve fund.

5. A member of the retirement system prior to July 1, 1979 with fifteen or more years of service whose employment was terminated prior to retirement, other than by death or disability, is entitled to receipt of the member’s accumulated contributions upon retirement together with other retirement benefits provided in the law on the date of the member’s retirement.

6. Any member in service prior to July 1, 1979 may at the time of the member’s retirement withdraw the member’s accumulated contributions made before July 1, 1979 or receive an annuity which shall be the actuarial equivalent of the member’s accumulated contributions at the time of the member’s retirement.

7. a. Notwithstanding subsections 1, 3, 4, 5 and 6 of this section, beginning January 1, 1981, an active or vested member may request in writing and receive from the board of trustees, the member’s accumulated contributions from the annuity savings fund and remain eligible to receive benefits under section 411.6. However, a member with fifteen or more years of service prior to July 1, 1979, is not eligible for a service retirement allowance under section 411.6 if the member withdrew the member’s accumulated contributions from the annuity savings fund after July 1, 1972 but prior to July 1, 1979, except as provided in section 411.4. Accumulated contributions shall be paid according to the following schedule:

(1) During the period beginning January 1, 1981 and ending December 31, 1982, any member who has completed twenty or more years of service.

(2) During the period beginning January 1, 1983 and ending December 31, 1984, any member who has completed fifteen or more years of service.

(3) During the period beginning January 1, 1985 and ending December 31, 1986, any member who has completed ten or more years of service.

(4) During the period beginning January 1, 1987 and ending December 31, 1988, any member who has completed five or more years of service.

b. The board may return accumulated contributions from the annuity savings fund to an active or vested member prior to the dates listed in the schedule established in this subsection, except that the board shall not liquidate securities at a loss for the sole purpose of returning the accumulated contributions to the members at an earlier date.

8. The actuary shall annually determine the amount required in the annuity reserve fund. If the amount required is less than the amount in the annuity reserve fund, the respective board of trustees shall transfer the excess funds from the annuity reserve fund to the pension accumulation fund. If the amount required is more than the amount in the annuity reserve fund, the respective board of trustees shall transfer the amount prescribed by the actuary to the annuity reserve fund from the pension accumulation fund.

411.22 Liability of third parties — subrogation.

1. If a member receives an injury or dies for which benefits are payable under section 411.6, subsection 3, 5, 8, or 9, or section 411.15, and if the injury or death is caused under circumstances creating a legal liability for damages against a third party other than the retirement system, the retirement system is subrogated to the rights of the member or the member’s beneficiary entitled to receive a death benefit and may maintain an action for damages against the third party for lost earnings and lost earnings capacity. If the retirement system recovers damages in the action, the court shall enter judgment for distribution of the recovery as follows:
a. A sum sufficient to repay the retirement system for the amount of such benefits actually paid by the retirement system up to the time of the entering of the judgment.

b. A sum sufficient to pay the retirement system the present worth, computed at the interest rate assumption adopted by the system pursuant to section 411.5, subsection 9, of the future payments of such benefits, for which the retirement system is liable, but the sum is not a final adjudication of the future payments which the member is entitled to receive.

c. A sum sufficient to repay the retirement system for the costs and expenses of maintaining the action.

d. Any balance remaining after the repayments provided by paragraphs “a” through “c” shall be paid to the injured member, or the beneficiary under section 411.6, subsection 8 or 9, whichever is applicable.

2. If the retirement system, after receiving written notice of the third-party liability, declines in writing to maintain an action against the third party or fails to maintain an action within one hundred eighty days of receiving written notice of the third-party liability, the member, the member’s estate, or the legal representative of the member or the member’s estate, may maintain an action for damages against the third party. If such an action is commenced, the plaintiff member, estate, or representative shall serve a copy of the original notice upon the retirement system not less than ten days before the trial of the action, but a failure to serve the notice does not prejudice the rights of the retirement system, and the following rights and duties ensue:

a. The retirement system shall be indemnified out of the recovery of damages to the extent of benefit payments paid or awarded by the retirement system, with legal interest, except that the plaintiff member’s or estate’s attorney fees may be first allowed by the district court. For purposes of this paragraph, “benefit payments paid or awarded” means the sum of the following amounts:

(1) The amount of benefits actually paid by the retirement system up to the time of the entering of the judgment.

(2) The present worth, computed at the interest rate provided in section 535.3 for court judgments and decrees, of the future payments of such benefits, for which the retirement system is liable, but the sum is not a final adjudication of the future payments which the member is entitled to receive.

b. The retirement system has a lien on the damage claim against the third party and on any judgment on the damage claim for benefits for which the retirement system is liable. In order to continue and preserve the lien, the retirement system shall file a notice of the lien within thirty days after receiving a copy of the original notice in the office of the clerk of the district court in which the action is filed.

3. Before a settlement is effective between the retirement system and a third party who is liable for an injury or death, the member or beneficiary must consent in writing to the settlement; and if the settlement is between the member or the member’s estate and a third party, the retirement system must consent in writing to the settlement; or on refusal to consent, in either case, the district court in the county in which either the city or the retirement system is located must consent in writing to the settlement.

4. For purposes of subrogation under this section, a payment made to an injured member, a member’s estate, or the legal representative of the member or member’s estate, by or on behalf of a third party or the third party’s principal or agent, who is liable for, connected with, or involved in causing the injury or death of the member, shall be considered paid as damages because the injury or death was caused under circumstances creating a legal liability against the third party, whether the payment is made under a covenant not to sue, compromise settlement, denial of liability, or is otherwise made.

411.23 Withdrawal of contributions — repayment — automatic refund.

1. Commencing July 1, 1990, if an active member, in service on or after that date, terminates service, other than by death or disability, the member may elect to withdraw the member’s contributions under section 411.8, subsection 1, paragraphs “f” and “h”, together
with interest thereon at a rate determined by the board of trustees. If a member withdraws contributions as provided in this section, the member shall be deemed to have waived all claims for other benefits from the system for the period of membership service for which the contributions are withdrawn.

2. A layoff for an indefinite period of time shall be deemed to be a termination of service for the purposes of this section. A member who withdraws the member’s contributions as provided in this section following a layoff for an indefinite period of time and who is subsequently recalled to service may repay the contributions. The contributions repaid by the member for such service shall be equal to the amount of contributions withdrawn, plus interest computed based upon the investment interest rate assumption established by the board of trustees as of the time the contributions are repaid. However, the member must make the contributions within two years of the date of the member’s return to service. The period of membership service for which contributions are repaid shall be treated as though the contributions were never withdrawn.

3. a. Commencing July 1, 2006, a member’s contributions shall be refunded to the member by the system if the following conditions are met:

   (1) The member was a member of the system for less than four years.
   (2) The member terminated service four or more years prior to the date of the refund.
   (3) The amount to be refunded does not exceed five thousand dollars, or such other amount as may be established under section 401(a) of the Internal Revenue Code.

   b. In the event a refund is made in accordance with this subsection without the member’s consent, the system shall pay the distribution in a direct rollover to an individual retirement plan designated by the system unless the member elects to have such distribution paid directly to an eligible retirement plan specified by the member in a direct rollover in accordance with section 411.6B or elects to receive the distribution directly. The system may, by rule, implement a de minimus exception to the automatic rollover provision of this subsection, subject to the limitations of the Internal Revenue Code and any applicable internal revenue service regulations.

411.24 Payment to representative payee.

1. Adults. When it appears to the system that the interest of an applicant entitled to a payment would be served, certification of payment may be made, regardless of the legal competence or incompetence of the individual entitled to the payment, either for direct payment to the applicant, or for the applicant’s use and benefit to a representative of an applicant. Payments under this section shall be made in accordance with rules adopted by the board.

2. Minors. Payments on behalf of minors shall be made in accordance with rules adopted by the board.

3. Finality. Any payments made under the provisions of this section shall be a complete settlement and satisfaction of any claim, right, or interest in and to such payment.

411.30 Transfer of membership.

1. Upon the written approval of the applicable county board of supervisors and city council, to the Iowa public employees’ retirement system, a vested member of the Iowa public employees’ retirement system on June 30, 1986, who meets all of the following requirements shall become a member of a retirement system under this chapter on July 1, 1986:

   a. Was a vested member of the retirement system established in this chapter on June 30, 1973.
c. Became a deputy sheriff on July 1, 1973, and pursuant to 1972 Iowa Acts, chapter 1124, section 43, continued coverage under a retirement system under this chapter.

d. Upon election as a county sheriff, was transferred from membership under this chapter to membership in a retirement system established in chapter 97B.

2. The Iowa public employees’ retirement system shall transfer to the board of trustees of the applicable retirement system under this chapter an amount equal to the total of the accumulated contributions of the member as defined in section 97B.1A, subsection 2, together with the employer contribution for that period of service plus the interest that accrued on the contributions for that period equal to two percent plus the interest dividend rate applicable for each year. The board of trustees of the applicable retirement system under this chapter shall credit the member whose contributions are transferred under this section with membership service under this chapter for the period for which the member was covered under the Iowa public employees’ retirement system. If the amount of the accumulated contributions as defined in section 97B.1A, subsection 2, transferred is less than the amount that would have been contributed under section 411.8, subsection 1, paragraph “f”, at the rates in effect for the period for which contributions were made plus the interest that would have accrued on the amount, the member shall pay the difference together with interest that would have accrued on the amount.

3. a. If the amount of the employer contributions transferred is less than the amount that would have been contributed by the employer under section 411.5, subsection 12, paragraph “b”, plus the interest that would have accrued on the contributions, the board of trustees of the applicable retirement system under this chapter shall determine the remaining contribution amount due. The board of trustees shall notify the county board of supervisors of the county in which the sheriff was elected of the remaining amount to be paid to the retirement system under this chapter.

b. The county board of supervisors shall forthwith pay to the board of trustees of the applicable retirement system the remaining amount to be paid from moneys in the county general fund.

4. From July 1, 1986, the county board of supervisors of the county in which the sheriff was elected shall deduct the contribution required of the member under section 411.8, subsection 1, paragraph “f”, from the member’s earnable compensation and the county shall pay from the county general fund an amount equal to the normal rate of contribution multiplied by the member’s earnable compensation to the applicable retirement system for the period in which the member remains sheriff or deputy sheriff of that county.

4. Upon receipt of an application for transfer as provided in this section, the current system shall calculate the average accrued benefit and the refund liability and the former system shall transfer to the current system assets in an amount equal to the greater of the average accrued benefit or refund liability. Once the transfer is completed, the member’s service under the former system shall be treated as membership service under the current system for purposes of this chapter and chapter 97A.

1. a. A board of trustees for the statewide fire and police retirement system is created. The board shall consist of thirteen members, including nine voting members and four nonvoting members. The voting members shall be as follows:

(1) Two fire fighters from different participating cities, one of whom is an active member of the retirement system and one of whom is a retired member. The fire fighters shall be appointed by the governing body of the Iowa professional fire fighters.

(2) Two police officers from different participating cities, one of whom is an active member of the retirement system and one of whom is a retired member. The police officers shall be appointed by the governing body of the Iowa state police association.

(3) A city treasurer, city financial officer, or city clerk involved with the financial matters of the city from four participating cities, one of whom is from a city having a population of less than thirty thousand, and three of whom are from cities having a population of thirty thousand or more. The members authorized pursuant to this paragraph shall be appointed by the governing body of the Iowa league of cities.

(4) One citizen who does not hold another public office. The citizen shall be appointed by the other members of the board.

b. The nonvoting members of the board shall be two state representatives, one appointed by the speaker of the house of representatives and one by the minority leader of the house, and two state senators, one appointed by the majority leader of the senate and one by the minority leader of the senate.

2. Except as otherwise provided for the initial appointments, the voting members shall be appointed for four-year terms, and the nonvoting members shall be appointed for terms as provided in section 69.16B. Terms of voting members begin on May 1 in the year of appointment and expire on April 30 in the year of expiration.
3. Vacancies shall be filled in the same manner as original appointments. A vacancy shall be filled for the unexpired term.
4. The board shall elect a chairperson from among its own members.
5. a. The voting members of the board shall be paid their actual and necessary expenses incurred in the performance of their duties and shall receive a per diem as specified in section 7E.6 for each day of service. Per diem and expenses shall be paid to voting members from the fire and police retirement fund created in section 411.8.
   b. A participating city shall allow an employee who is a member of the board to attend all meetings of the board. In their capacity as members of the board, which is an instrumentality of political subdivisions of the state, members of the board shall be deemed to be jointly serving the members of the system and the participating cities. The members of the board shall perform their duties in the best interest of the system. Board members who are employees of participating cities shall be allowed to attend board meetings without being required to use paid leave. Costs incurred by a board member which are associated with having a replacement perform the member’s other duties for the participating city while serving in the capacity of a member of the board may be considered a necessary expense of the system.
   c. Per diem and expenses of the legislative members shall be paid from the funds appropriated under section 2.12. However, legislative members shall not be paid pursuant to this section when the general assembly is actually in session at the seat of government.
6. A member, employee, and the secretary of the board of trustees are not personally liable for claims based upon an act or omission of the person performed in the discharge of the person’s duties, except for acts or omissions which involve intentional misconduct, or for a transaction from which the person derives an improper personal benefit, even if the acts or omissions violate the standards established in section 411.7, subsection 2.

411.37 Board responsible for transition.
1. The board of trustees for the statewide system is responsible for effecting the transition from the city fire and police retirement systems to the statewide fire and police retirement system. The board shall adopt a transition plan and other appropriate transition documents it deems necessary to accomplish the transition in accordance with the requirements of this chapter. The city fire and police retirement systems shall comply with orders of the board issued pursuant to the transition plan or other transition documents.
2. The board shall include in the transition plan or other transition documents, provisions to facilitate continuity under sections 411.21 and 411.30, and any appropriations to the system from the state.
3. For each of the fiscal years beginning July 1, 1990, and July 1, 1991, ten percent of the amount appropriated by the state for distribution to cities shall be made available to the board of trustees for the statewide system to cover the administrative costs of the transition. The amount distributed to each city shall be reduced accordingly. The moneys remaining unencumbered or unexpended at the end of the fiscal year beginning July 1, 1990, and the moneys remaining unencumbered or unexpended on January 1, 1992, shall be credited to the cities in the same proportion as the reduction.

411.38 Obligations of participating cities.
1. Upon the establishment of the statewide system, each city participating in the statewide fire and police retirement system shall do all of the following:
   a. Pay to the statewide system the normal contribution rate provided pursuant to section 411.8.
   b. (1) Transfer from each terminated city fire or police retirement system to the statewide
system amounts sufficient to cover the accrued liabilities of that terminated system as determined by the actuary of the statewide system. The actuary of the statewide system shall redetermine the accrued liabilities of the terminated systems as necessary to take into account additional amounts payable by the city which are attributable to errors or omissions which occurred prior to January 1, 1992, or to matters pending as of January 1, 1992. If the actuary of the statewide system determines that the assets transferred by a terminated system are insufficient to fully fund the accrued liabilities of the terminated system as determined by the actuary as of January 1, 1992, the participating city shall pay to the statewide system an amount equal to the unfunded liability plus interest for the period beginning January 1, 1992, and ending with the date of payment or the date of entry into an amortization agreement pursuant to this section. Interest on the unfunded liability shall be computed at a rate equal to the greater of the actuarial interest rate assumption on investments of the moneys in the fund or the actual investment earnings of the fund for the applicable calendar year. The participating city may enter into an agreement with the statewide system to make additional annual contributions sufficient to amortize the unfunded accrued liability of the terminated system. The terms of an amortization agreement shall be based upon the recommendation of the actuary of the statewide system, and the agreement shall do each of the following:

(a) Allow the city to make additional annual contributions over a period not to exceed thirty years from January 1, 1992.

(b) Provide that the city shall pay a rate of return on the amortized amount that is at least equal to the estimated rate of return on the investments of the statewide system for the years covered by the amortization agreement.

(c) Contain other terms and conditions as are approved by the board of trustees for the statewide system.

(2) In the alternative, a city may treat the city’s accrued unfunded liability for the terminated system as legal indebtedness to the statewide system for the purposes of section 384.24, subsection 3, paragraph “f”.

   c. Contribute additional amounts necessary to ensure sufficient financial support for the statewide fire and police retirement system, as determined by the board of trustees based on information provided by the actuary of the statewide system.

2. It is the intent of the general assembly that a terminated city fire or police retirement system shall not subsidize any portion of any other system’s unfunded liabilities in connection with the transition to the statewide system. The actuary of the statewide system shall determine if the assets of a terminated city fire or police retirement system would exceed the amount sufficient to cover the accrued liabilities of that terminated system as of January 1, 1992, using the alternative assumptions and the proposed assumptions.

3. As used in this section, unless the context otherwise requires, “alternative assumptions” means that the interest rate earned on investments of moneys in the fire and police retirement fund would be seven percent and that the state would not contribute to the fund under section 411.8 and section 411.20, Code 2009, after January 1, 1992, and “proposed assumptions” means that the interest rate earned on investments of moneys in the fire and police retirement fund would be seven and one-half percent and the state will pay contributions as provided pursuant to section 411.8 and section 411.20, Code 2009, after January 1, 1992. These assumptions are to be used solely for the purposes of this section, and shall not impact upon decisions of the board of trustees concerning the assumption of the interest rate earned on investments, or the contributions by the state as provided for in section 411.8 and section 411.20, Code 2009.

4. If the determination by the actuary using the alternative assumptions reflects that the assets of the terminated system exceed the amount sufficient to cover the accrued liabilities as of January 1, 1992, all excess funds as determined utilizing the alternative assumptions and the interest and earnings from those excess funds shall be used only as approved by the city council of the participating city. The city council may approve use of the excess funds to reduce only the city’s contribution to the statewide system, or the city council may approve use of the excess funds to reduce the city’s contribution and the members’ contributions to the statewide system. If the city council approves use of the excess funds to reduce both the city’s and the members’ contributions, the members shall not withdraw the portion of the members’
contributions paid from excess funds, as would otherwise be authorized in accordance with section 411.23.

5. If the determination by the actuary using the alternative assumptions reflects that the assets of the terminated system do not exceed the amount sufficient to cover the accrued liabilities as of January 1, 1992, but a determination by the actuary using the proposed assumptions reflects that the assets of the terminated system do exceed the amount sufficient to cover the accrued liabilities as of January 1, 1992, all excess funds as determined utilizing the proposed assumptions and the interest and earnings from those excess funds shall be used only to reduce the city’s contribution rate to the statewide system. The participating city shall determine what portion of the excess funds shall be applied to reduce the city’s contribution rate for a given year.

### 411.39 Benefits for employees of the board of trustees for the statewide system.

1. As used in this section, unless the context otherwise requires:
   a. “Benefit programs” mean the state life insurance program, the state health or medical insurance program, and the state employees disability program administered by the department of administrative services.
   b. “Employees” mean the secretary and other employees of the board of trustees for the statewide fire and police retirement system.

2. Employees are eligible to participate in the benefit programs for state employees. Participation in the benefit programs is optional, and an employee may participate by filing an election, in writing, with the board of trustees for the statewide system. The board of trustees shall file these elections with the department of administrative services.

3. The board of trustees shall determine what, if any, amount of the costs or premiums of the benefit programs shall be paid by the participating employees, and shall deduct the amount from the wages of the participating employees. The board of trustees shall pay the remaining costs or premiums of the benefit programs from the fire and police retirement fund, including any portion to be attributed to an employer, and shall forward all amounts paid by participating employees and the board to the department of administrative services.

4. Participating employees shall be exempted from preexisting medical condition waiting periods. Participating employees may change programs or coverage under the state health or medical service group insurance plan subject to the enrollment rules established for full-time state employees excluded from collective bargaining as provided in chapter 20. A participating employee or the participating employee’s surviving spouse shall have the same rights upon final termination of employment or death as are afforded full-time state employees and the employees’ surviving spouses excluded from collective bargaining as provided in chapter 20.

92 Acts, ch 1197, §3; 2003 Acts, ch 145, §286

### 411.40 Voluntary benefit programs.

The board of trustees may establish voluntary benefit programs for members subject to the following conditions:

1. The voluntary benefit programs may provide benefits including, but not limited to, retiree health benefits, long-term care, and life insurance.

2. Participation in the voluntary benefit programs by members shall be voluntary.

3. Contributions to the voluntary benefit programs shall be paid entirely by each participating member by means of payroll deduction. Cities employing members participating in voluntary benefit programs shall forward the amounts deducted to the board of trustees for deposit in the voluntary benefit fund.

4. The voluntary benefit programs and the voluntary benefit fund shall be administered under the direction of the board of trustees for the exclusive benefit of members paying contributions as provided in subsection 3.

5. The assets of the voluntary benefit programs shall be credited to the voluntary benefit fund, which is hereby created. The voluntary benefit fund shall include contributions
deposited in accordance with subsection 3, and any interest and earnings on the contributions. The board of trustees shall annually establish an investment policy to govern the investment and reinvestment of the assets in the voluntary benefit fund. The voluntary benefit fund created under this section and the fire and police retirement fund created under section 411.8 shall not be used to subsidize any portion of the liabilities of the other fund.

6. The board of trustees shall include in its annual budget the amount of money necessary during the following year to provide for the expense of operation of the voluntary benefit programs. The operating expenses shall be paid from the voluntary benefit fund under the direction of the board of trustees.

2. The city of Des Moines may, for the purpose of preserving the dominance of the dome of the state capitol building and the view of the state capitol building from prominent public viewing points, regulate and restrict the height and size of buildings and other structures in the city of Des Moines. Any regulations pertaining to such matters shall be made in accordance with a comprehensive plan and in consultation with the capitol planning commission.

### 414.2 Districts.

For any or all of said purposes the local legislative body, hereinafter referred to as the council, may divide the city into districts, including historical preservation districts but only as provided in section 303.34, of such number, shape, and area as may be deemed best suited to carry out the purposes of this chapter; and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair, or use of buildings, structures, or land. Certification of zoning district ordinance, §380.11
414.3 Regulations and comprehensive plan — considerations and objectives — notice, adoption, distribution.

1. The regulations shall be made in accordance with a comprehensive plan and designed to preserve the availability of agricultural land; to consider the protection of soil from wind and water erosion; to encourage efficient urban development patterns; to lessen congestion in the street; to secure safety from fire, flood, panic, and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to promote the conservation of energy resources; to promote reasonable access to solar energy; and to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. However, provisions of this section relating to the objectives of energy conservation and access to solar energy do not void any zoning regulation existing on July 1, 1981, or require zoning in a city that did not have zoning prior to July 1, 1981.

2. The regulations shall be made with reasonable consideration, among other things, as to the character of the area of the district and the peculiar suitability of such area for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such city.

3. The regulations and comprehensive plan shall be made with consideration of the smart planning principles under section 18B.1 and may include the information specified in section 18B.2, subsection 2.

4. a. A comprehensive plan recommended for adoption by the zoning commission established under section 414.6, may be adopted by the council. The council may amend the proposed comprehensive plan prior to adoption. The council shall publish notice of the meeting at which the comprehensive plan will be considered for adoption. The notice shall be published as provided in section 362.3.

   b. Following its adoption, copies of the comprehensive plan shall be sent or made available to the county in which the city is located, neighboring counties and cities, the council of governments or regional planning commission where the city is located, and public libraries within the city.

   c. Following its adoption, a comprehensive plan may be amended by the council at any time.

The council of the city shall provide for the manner in which the regulations and restrictions and the boundaries of the districts shall be determined, established, and enforced, and from time to time amended, supplemented, or changed. However, the regulation, restriction, or boundary shall not become effective until after a public hearing at which parties in interest and citizens shall have an opportunity to be heard. The notice of the time and place of the hearing shall be published as provided in section 362.3, except that at least seven days’ notice must be given and in no case shall the public hearing be held earlier than the next regularly scheduled city council meeting following the published notice.

414.5 Changes — protest.

The regulations, restrictions, and boundaries may, from time to time, be amended, supplemented, changed, modified, or repealed. Notwithstanding section 414.2, as a part of an ordinance changing land from one zoning district to another zoning district or an ordinance approving a site development plan, a council may impose conditions on a property owner which are in addition to existing regulations if the additional conditions have been agreed to in writing by the property owner before the public hearing required under this
section or any adjournment of the hearing. The conditions must be reasonable and imposed
to satisfy public needs which are directly caused by the requested change. In case, however,
of a written protest against a change or repeal which is filed with the city clerk and signed by
the owners of twenty percent or more of the area of the lots included in the proposed change
or repeal, or by the owners of twenty percent or more of the property which is located within
two hundred feet of the exterior boundaries of the property for which the change or repeal
is proposed, the change or repeal shall not become effective except by the favorable vote of
at least three-fourths of all the members of the council. The protest, if filed, must be filed
before or at the public hearing. The provisions of section 414.4 relative to public hearings
and official notice apply equally to all changes or amendments.

1. In order to avail itself of the powers conferred by this chapter, the council shall appoint
a commission, to be known as the zoning commission, to recommend the boundaries of the
various original districts and appropriate regulations and restrictions to be enforced therein.
Where a city plan commission already exists, it may be appointed as the zoning commission.
Such commission shall, with due diligence, prepare a preliminary report and hold public
hearings thereon before submitting its final report; and such council shall not hold its public
hearings or take action until it has received the final report of such commission. After the
adoption of such regulations, restrictions, and boundaries of districts, the zoning commission
may, from time to time, recommend to the council amendments, supplements, changes, or
modifications.

2. The zoning commission may recommend to the council for adoption a comprehensive
plan pursuant to section 414.3, or amendments thereto.
[C24, 27, 31, 35, 39, §414.6; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §414.6]

414.22 Zoning for family homes.
1. It is the intent of this section to assist in improving the quality of life of persons with a developmental disability or brain injury by integrating them into the mainstream of society by making available to them community residential opportunities in the residential areas of this state. In order to implement this intent, this section shall be liberally construed.
2. a. "Brain injury" means brain injury as defined in section 135.22.
b. "Developmental disability" means a disability of a person which has continued or can be expected to continue indefinitely and which is one of the following:
   (1) Attributable to an intellectual disability, cerebral palsy, epilepsy, or autism.
   (2) Attributable to any other condition found to be closely related to an intellectual
disability because the condition results in impairment of general intellectual functioning or adaptive behavior similar to that of persons with an intellectual disability or requires treatment and services similar to those required for the persons.

(3) Attributable to dyslexia resulting from a disability described in either subparagraph (1) or (2).

(4) Attributable to a mental or nervous disorder.

c. "Family home" means a community-based residential home which is licensed as a residential care facility under chapter 135C or as a child foster care facility under chapter 237 to provide room and board, personal care, habilitation services, and supervision in a family environment exclusively for not more than eight persons with a developmental disability or brain injury and any necessary support personnel. However, family home does not mean an individual foster care family home licensed under chapter 237.

d. "Permitted use" means a use by right which is authorized in all residential zoning districts.

e. "Residential" means regularly used by its occupants as a permanent place of abode, which is made one’s home as opposed to one’s place of business and which has housekeeping and cooking facilities for its occupants only.

3. Notwithstanding any provision of this chapter to the contrary, a city, city council, or city zoning commission shall consider a family home a residential use of property for the purposes of zoning and shall treat a family home as a permitted use in all residential zones or districts, including all single-family residential zones or districts, of the city. A city, city council, or city zoning commission shall not require that a family home, its owner, or operator obtain a conditional use permit, special use permit, special exception, or variance. However, new family homes owned and operated by public or private agencies shall be dispersed throughout the residential zones and districts and shall not be located within contiguous city block areas. Section 135C.23, subsection 2, shall apply to all residents of a family home.

4. Any restriction, reservation, condition, exception, or covenant in any subdivision plan, deed, or other instrument of or pertaining to the transfer, sale, lease, or use of property in a city which permits residential use of property but prohibits the use of property as a family home for persons with a developmental disability or brain injury, to the extent of the prohibition, is void as against the public policy of this state and shall not be given legal or equitable effect.

Subsection 2, paragraph b, subparagraphs (1) and (2) amended

414.23 Extending beyond city limits.

The powers granted by this chapter may be extended by ordinance by any city to the unincorporated area up to two miles beyond the limits of such city, except for those areas within a county where a county zoning ordinance exists. The ordinance shall describe in general terms the area to be included. The exemption from regulation granted by section 335.2 to property used for agricultural purposes shall apply to such unincorporated area. If the limits of any such city are at any place less than four miles distant from the limits of any other city which has extended or thereafter extends its zoning jurisdiction under this section, then at such time the powers herein granted shall extend to a line equidistant between the limits of said cities.

A municipality, during the time its zoning jurisdiction is extended under this section, shall increase the size of its planning and zoning commission and its board of adjustment each by two members. The planning and zoning commission shall include a member of the board of supervisors of the affected county, or the board’s designee, and a resident of the area outside the city limits over which the zoning jurisdiction is extended. The board’s designee, if any, shall be a resident of the county in which such extended area is located. The additional members of the board of adjustment shall be residents of the area outside the city limits over which the zoning jurisdiction is extended. The county supervisor, or the board’s designee, and the residents shall be appointed by the board of supervisors of the county in which such
extended area is located. The county supervisor, or the board’s designee, and the residents shall serve for the same terms of office and have the same rights, privileges, and duties as other members of each of the bodies. However, if the extended zoning jurisdiction of a municipality extends into an adjacent county without a county zoning ordinance, the boards of supervisors of the affected counties, jointly, shall appoint one of their members, or a designee, to the planning and zoning commission.

Property owners affected by such zoning regulations shall have the same rights of hearing, protest, and appeal as those within the municipality exercising this power.

Whenever a county in which this power is being exercised by a municipality adopts a county zoning ordinance the power exercised by the municipality and the specific regulations and districts thereunder shall be terminated within three months of the establishment of the administrative authority for county zoning, or at such date as mutually agreed upon by the municipality and county.

A city may, and upon petition of sixty percent of the owners of the real estate in the district sought to be affected who are residents of the city shall, designate and establish, after notice and hearing as provided in section 414.4, restricted residence districts within the city limits.

In the ordinance designating and establishing a restricted residence district, the city may establish reasonable rules for the use and occupancy of buildings of all kinds within the district, and provide that no building or other structure, except residences, schoolhouses, churches and other similar structures, shall be erected, altered, repaired or occupied without first securing from the city council a permit to be issued under reasonable rules as may be provided in the ordinance. An ordinance and rules passed under this section shall not conflict with applicable building and housing codes.

A building or structure erected, altered, repaired, or used in violation of an ordinance passed under this section shall be deemed a nuisance.

414.28 Manufactured home.
A city shall not adopt or enforce zoning regulations or other ordinances which disallow the plans and specifications of a proposed residential structure solely because the proposed structure is a manufactured home. However, a zoning ordinance or regulation shall require that a manufactured home be located and installed according to the same standards, including but not limited to, a permanent foundation system, set-back, and minimum square footage which would apply to a site-built, single family dwelling on the same lot, and shall require that the home be assessed and taxed as a site-built dwelling. A zoning ordinance or other regulation shall not require a perimeter foundation system for a manufactured home which is incompatible with the structural design of the manufactured home structure. A city shall not require more than one permanent foundation system for a manufactured home. For purposes of this section, a permanent foundation may be a pier footing foundation system designed and constructed to be compatible with the structure and the conditions of the site. When units are located outside a manufactured home community or mobile home park, requirements may be imposed which ensure visual compatibility of the permanent foundation system with surrounding residential structures. As used in this section, “manufactured home” means a factory-built structure, which is manufactured or constructed under the authority of 42 U.S.C. § 5403 and is to be used as a place for human habitation, but which is not constructed or equipped with a permanent hitch or other device allowing it to be moved other than for the purpose of moving to a permanent site, and which does not have permanently attached to its body or frame any wheels or axles. This section shall not be construed as abrogating a recorded restrictive covenant.

A city shall not adopt or enforce construction, building, or design ordinances, regulations, requirements, or restrictions which would mandate width standards greater than twenty-four feet, roof pitch, or other design standards for manufactured housing if the housing otherwise complies with 42 U.S.C. § 5403. However, this paragraph shall not prohibit a city from adopting and enforcing zoning regulations related to transportation, water, sewerage, or other land development.

414.28A Land-leased communities.
A city shall not adopt or enforce zoning or subdivision regulations or other ordinances which disallow or make infeasible the plans and specifications of land-leased communities because the housing within the land-leased community will be manufactured housing.

“Land-leased community” means any site, lot, field, or tract of land under common ownership upon which ten or more occupied manufactured homes are harbored, either free of charge or for revenue purposes, and shall include any building, structure, or enclosure used or intended for use as part of the equipment of the land-leased community. The term “land-leased community” shall not be construed to include homes, buildings, or other structures temporarily maintained by any individual, educational institution, or company on their own premises and used exclusively to house their own labor or students. A manufactured home located in a land-leased community shall be taxed under section 435.22 as if the manufactured home were located in a mobile home park.

414.32 Home and community-based services waiver recipient residence.
1. A city, city council, or city zoning commission shall consider the residence of the recipient of services under a home and community-based services waiver as a residential use of property for the purposes of zoning and shall treat the use of the residence as a permitted use in all residential zones or districts, including all single-family residential zones or districts of the city.
2. A city, city council, or city zoning commission shall not require that the recipient, or owner of such residence if other than the recipient, obtain a conditional use permit, special use permit, special exception, or variance. A city, city council, or city zoning commission shall not establish limitations regarding the proximity of one such residence to another.
3. This section applies to the residence of a recipient of services under a home and community-based services waiver if the residence meets any of the following conditions:
   a. The residence is a single-family dwelling owned or rented by the recipient.
   b. The residence is a multifamily dwelling which does not hold itself out to the public as a community-based residential provider otherwise regulated by law, including but not limited to a residential care facility, and which provides dwelling units to no more than four recipients of services under a home and community-based services waiver at any one time.
4. For the purposes of this section, “home and community-based services waiver” means “waiver” as defined in section 249A.29.

418.9 Project application review.

1. a. A governmental entity shall submit an application to the board for approval of a project plan. The board shall not approve a project for inclusion in the program if the application is submitted after January 1, 2016.

   b. The application shall specify whether the governmental entity is requesting financial assistance from the flood mitigation fund or approval for the use of sales tax revenues. Applications for financial assistance from the flood mitigation fund shall describe the type and amount of assistance requested. Applications for the use of sales tax revenues shall state the amount of sales tax revenues necessary for completion of the project.

2. Each application shall include or have attached to the application, the governmental entity’s project plan adopted under section 418.4, subsection 2. When reviewing applications, in addition to the project plan, the board shall consider, at a minimum, all of the following:

   a. Whether the project is designed to mitigate future flooding of property that has sustained significant flood damage and is likely to sustain significant flood damage in the future.

   b. Whether the project plan addresses the impact of flooding both upstream and downstream from the area where the project is to be undertaken and whether the project conforms to any applicable floodplain ordinance.

   c. Whether the area that would benefit from the project’s flood mitigation efforts is sufficiently valuable to the economic viability of the state or is of sufficient historic value to the state to justify the cost of the project.

   d. The extent to which the project would utilize local matching funds. The board shall not approve a project unless at least fifty percent of the total cost of the project, less any federal financial assistance for the project, is funded using local matching funds, and unless the project will result in nonpublic investment in the governmental entity’s area as defined in section 418.11, subsection 3, of an amount equal to fifty percent of the total cost of the project. For purposes of this paragraph, “nonpublic investment” means investment by nonpublic entities consisting of capital investment or infrastructure improvements occurring in anticipation of or as a result of the project during the period of time between July 1, 2008, and ten years after the board approved the project.

   e. The extent of nonfinancial support committed to the project from public and nonpublic sources.

   f. Whether the project is designed in coordination with other watershed management measures adopted by the governmental entity or adopted by the participating jurisdictions of the governmental entity, as applicable.

   g. Whether the project plan is consistent with the applicable comprehensive emergency plan in effect and other applicable local hazard mitigation plans.

   h. Whether financial assistance through the flood mitigation program is essential to meet the necessary expenses or serious needs of the governmental entity related to flood mitigation.

3. If requested by the board during consideration of an application, the governmental entity shall pay for an independent engineering review of the project to determine the technical feasibility, engineering standards, and total estimated cost of the project. An engineering review required by the board under this subsection may be completed by the United States army corps of engineers.

4. Upon review of the applications, the board, following consultation with the economic development authority, shall approve, defer, or deny the applications. If a project plan is denied, the board shall state the reasons for the denial and the governmental entity may resubmit the application so long as the application is filed on or before January 1, 2016. If a project plan application is approved, the board shall specify whether the governmental entity is approved for the use of sales tax revenues under section 418.12 or whether the
governmental entity is approved to receive financial assistance from the flood mitigation fund under section 418.10. If the board approves a project plan application that includes financial assistance from the flood mitigation fund, the board shall negotiate and execute on behalf of the division all necessary agreements to provide such financial assistance. If the board approves a project plan application that includes the use of sales tax increment revenues, the board shall establish the annual maximum amount of such revenues that may be remitted to the governmental entity not to exceed the limitations in section 418.12, subsection 4. The board may, however, establish remittance limitations for the project lower than the individual project remittance limitations specified for projects under section 418.12, subsection 4.

5. The board shall not approve a project plan application that includes financial assistance from the flood mitigation fund or the use of sales tax revenue to pay principal and interest on or to refinance any debt or other obligation existing prior to the approval of the project.

6. The board shall not approve a project plan application for which the amount of sales tax increment revenue remitted to the governmental entity would exceed fifteen million dollars in any one fiscal year or if approval of the project would result in total remittances in any one fiscal year for all approved projects to exceed, in the aggregate, thirty million dollars.

7. Upon approval of an application for financial assistance under the program, the board shall notify the treasurer of state regarding the amount of moneys needed to satisfy the award of financial assistance and the terms of the award. The treasurer of state shall notify the division any time moneys are disbursed to a recipient of financial assistance under the program.

8. If, following approval of a project application under the program, it is determined that the amount of federal financial assistance exceeds the amount of federal financial assistance specified in the application, the board shall reduce the award of financial assistance from the flood mitigation fund or reduce the amount of sales tax revenue to be received for the project by a corresponding amount.

6. The board may make a multiyear commitment to a governmental entity of up to four million dollars in any one fiscal year.

7. Moneys received by a governmental entity from the fund shall be deposited in the governmental entity’s flood project fund under section 418.13.

2. The department of revenue shall calculate the amount of the increase for purposes of subsection 1 as follows:
   a. Determine the amount of sales subject to the tax under section 423.2 in each applicable area specified in subsection 3, during the corresponding quarter in the base year from retail establishments in such areas.
   b. Determine the amount of sales subject to the tax under section 423.2 in each applicable area specified in subsection 3, during the corresponding quarter in each subsequent calendar year from retail establishments in such areas.
   c. Subtract the base year quarterly amount determined under paragraph “a” from the subsequent calendar year quarterly amount in paragraph “b”.
   d. If the amount determined under paragraph “c” is positive, the product of the amount determined under paragraph “c” times the tax rate imposed under section 423.2 shall constitute the amount of increased sales tax revenue pursuant to subsection 1.
3. a. For projects approved for a governmental entity as defined in section 418.1, subsection 4, paragraph “a”, the area used to determine the sales tax increment shall include only the unincorporated areas of the county.
   b. For projects approved for a governmental entity as defined in section 418.1, subsection 4, paragraph “b”, the area used to determine the sales tax increment shall include only the incorporated areas of the city.

418.12 Sales tax increment fund.
1. A sales tax increment fund is established as a separate and distinct fund in the state treasury under the control of the department of revenue consisting of the amount of the increased state sales and services tax revenues collected by the department of revenue within each applicable area specified in section 418.11, subsection 3, and deposited in the fund pursuant to section 423.2, subsection 11, paragraph “b”. Moneys deposited in the fund are appropriated to the department of revenue for the purposes of this section. Moneys in the fund shall only be used for the purposes of this section.
2. An account is created within the fund for each governmental entity that has adopted a resolution under section 418.4, subsection 3, paragraph “d”.
3. The department of revenue shall deposit in the fund the moneys described in subsection 1 beginning the first day of the quarter following receipt of a resolution under section 418.4, subsection 3, paragraph “d”. However, in no case shall a sales tax increment be calculated
under section 418.11 or such moneys be deposited in the fund under this section prior to January 1, 2014.

4. a. Upon request of a governmental entity, the department of revenue shall remit the moneys in the governmental entity’s account within the fund to the governmental entity for deposit in the governmental entity’s flood project fund. Such requests shall be made not more than quarterly. Requests for remittance shall be submitted on forms prescribed by the department of revenue. In lieu of quarterly requests, a governmental entity may submit a certified schedule of principal and interest payments on bonds issued under section 418.14. If such a certified schedule is submitted, the department of revenue shall, subject to the remittance limitations of this chapter, remit from the governmental entity’s account to the governmental entity for deposit in the governmental entity’s flood project fund the amounts necessary for such principal and interest payments in accordance with the certified schedule. Requests for remittance shall be made for the amount of moneys in the governmental entity’s account necessary to pay the governmental entity’s costs or obligations related to the project, according to the sales tax revenue funding needs specified in the approved project plan. A governmental entity shall not, however, during any fiscal year receive remittances under this section exceeding fifteen million dollars or seventy percent of the total yearly amount of increased sales tax increment revenue in the governmental entity’s applicable area and deposited in the governmental entity’s account, whichever is less. The total amount of remittances during any fiscal year for all governmental entities approved to use sales tax revenues under this chapter shall not exceed, in the aggregate, thirty million dollars. Remittances from the department of revenue shall be deposited in the governmental entity’s flood project fund under section 418.13.

b. The department of revenue shall adopt rules for the remittance of moneys to governmental entities.

5. If the department of revenue determines that the revenue accruing to the fund or accounts within the fund exceeds thirty million dollars or exceeds the amount necessary for the purposes of this chapter if the amount necessary is less than thirty million dollars, then those excess moneys shall be credited by the department of revenue for deposit in the general fund of the state.

6. a. Each governmental entity approved by the board to use sales tax increment revenues for a project under this chapter shall submit two reports to the board certifying the total amount of nonpublic investment, as defined in section 418.9, subsection 2, paragraph “d”, that has occurred in the governmental entity’s area as defined in section 418.11, subsection 3. The first report shall be submitted not later than five years after the board approved the project. The second report shall be submitted to the board not later than ten years after the board approved the project.

b. If the nonpublic investment requirements of section 418.9, subsection 2, paragraph “d”, are not satisfied, the board shall reduce the governmental entity’s amount of sales tax increment revenues eligible to be remitted during the remaining period of time for receiving remittances by an amount equal to the shortfall in nonpublic investment. However, such a reduction shall not be to an amount less than zero.

The governmental entity shall have the power to retain and enter into agreements with engineers, fiscal agents, financial advisers, attorneys, architects, and other consultants or advisers for planning, supervision, and financing of a project upon such terms and conditions as shall be deemed by the governing body of the governmental entity as advisable and in the best interest of the governmental entity. Bonds issued under the provisions of this chapter are declared to be investment securities under the laws of the state of Iowa.

2. a. If a governmental entity elects to authorize the issuance of bonds payable as provided in this section, the governmental entity shall follow the authorization procedures for cities set forth in section 384.83.

b. A governmental entity shall have the authority to issue bonds for the purpose of refunding outstanding bonds issued under this section without otherwise complying with the notice and hearing provisions of section 384.83.

3. a. Except as otherwise provided in this section, bonds issued pursuant to this section shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued under this section shall not limit or restrict the authority of a governmental entity as defined in section 418.1, subsection 4, paragraphs “a” and “b”, or a city, county, or drainage district participating in a governmental entity as defined in section 418.1, subsection 4, paragraph “c”, to issue bonds for the project under other provisions of the Code.

b. The bonds may be issued in one or more series and shall comply with all of the following:

The resolution authorizing the issuance of the bonds may also prescribe additional provisions, terms, conditions, and covenants which the governmental entity deems advisable, including provisions for creating and maintaining reserve funds and the issuance of additional bonds ranking on a parity with such bonds and additional bonds junior and subordinate to such bonds.
c. The bonds may be sold at public or private sale at a price as may be determined by the governmental entity.

d. The principal and interest on the bonds issued by a governmental entity under this section shall be payable solely and only from and secured by the revenue derived from the sales tax revenues received by the governmental entity pursuant to section 418.12 and from other funds of the governmental entity lawfully available from the governmental entity’s flood project fund established under section 418.13.

4. a. Bonds, notes, or other obligations issued by a governmental entity for purposes of financing a project under this chapter are not an obligation of this state. Except to the extent a debt service levy is authorized for the payment of a governmental entity's costs related to bonds, notes, or other obligations as provided in paragraph “b”, bonds, notes, or other obligations issued by a governmental entity for purposes of financing a project under this chapter are not an obligation of any political subdivision of this state other than the governmental entity, and such bonds, notes, or other obligations shall not constitute an indebtedness of any political subdivision of this state within the meaning of any constitutional or statutory debt limitation or restriction. A governmental entity shall not pledge the credit or taxing power of this state. Except as provided in paragraph “b”, a governmental entity shall not pledge the credit or taxing power of any political subdivision of this state other than the governmental entity or make its bonds issued under this section payable out of any moneys except those in the governmental entity’s flood project fund.

b. If the moneys in the governmental entity’s flood project fund are insufficient to pay the governmental entity’s costs related to bonds, notes, or other obligations issued under this chapter, the amounts necessary to pay such costs may be levied and transferred for deposit in the governmental entity’s flood project fund from the debt service fund of the governmental entity or, if applicable, the debt service fund of a participating city or county for a governmental entity as defined in section 418.1, subsection 4, paragraph “c”, but only if and to the extent provided in the resolution authorizing the issuance of bonds and, if applicable, the chapter 28E agreement.

c. 419.3 Bonds as limited obligations.

1. All bonds issued by a municipality, under the authority of this chapter, shall be limited obligations of the municipality. The principal of and interest on such bonds shall be payable solely out of the revenues derived from the project to be financed by the bonds so issued under the provisions of this chapter including debt obligations of the lessee or contracting party obtained from or in connection with the financing of a project. Bonds and interest coupons issued under authority of this chapter shall never constitute an indebtedness of the municipality, within the meaning of any state constitutional provision or statutory limitation, and shall not constitute nor give rise to a pecuniary liability of the municipality or a charge against its general credit or taxing powers. Such limitation shall be plainly stated on the face of each such bond.

2. The bonds referred to in subsection 1 of this section may be executed and delivered at any time and from time to time; be in such form and denominations; without limitation as to the denomination of any bond, any other law to the contrary notwithstanding; be of such tenor; be fully registered, registrable as to principal or in bearer form; be transferable; be payable in such installments and at such time or times, not exceeding thirty years from their date; be payable at such place or places in or out of the state of Iowa; bear interest at such rate or rates, payable at such place or places in or out of the state of Iowa; be evidenced in such manner and may contain other provisions not inconsistent with this chapter; all as shall be provided in the proceedings of the governing body where the bonds are authorized to be issued. The governing body may provide for the exchange of coupon bonds for fully registered bonds and of fully registered bonds for coupon bonds and for the exchange of any such bonds after issuance for bonds of larger or smaller denominations, all in the manner as may be provided in the proceedings authorizing their issuance, provided the bonds in changed form or denominations shall be exchanged for the surrendered bonds in the same aggregate principal amounts and in such manner that no overlapping interest is paid, and the bonds in changed form or denominations shall bear interest at the same rate or rates and shall mature on the same date or dates as the bonds for which they are exchanged. If an exchange is made under this section, the bonds surrendered by the holders at the time of the exchange shall be canceled or held by a trustee for subsequent exchanges in accordance with this section. The exchange shall be made only at the request of the holders of the bonds to be surrendered, and the governing body may require all expenses incurred in connection with the exchange to be paid by the holders. If any of the officers whose signatures appear on the bonds or coupons cease to be officers before the delivery of the bonds, such signatures are, nevertheless, valid and sufficient for all purposes, the same as if the officers had remained in office until delivery.

3. Unless otherwise provided in the proceedings of the governing body whereunder the
bonds are authorized to be issued, bonds issued under the provisions of this chapter shall be subject to the general provisions of law, presently existing or that may hereafter be enacted, respecting the execution and delivery of the bonds of a municipality and respecting the retaining of options of redemption in proceedings authorizing the issuance of municipal securities.

4. Any bonds, issued under the authority of this chapter, may be sold at public sale in such manner, at such price and at such time or times as may be determined by the governing body to be most advantageous. The municipality may pay all expenses, premiums and commissions which the governing body may deem necessary or advantageous in connection with the authorization, sale and issuance thereof.

5. All bonds, issued under the authority of this chapter and all interest coupons applicable thereto, shall be construed to be negotiable instruments, even though they are payable solely from a specified source.

1. The principal of and interest on any bonds, issued under authority of this chapter, shall be secured by a pledge of the revenues out of which such bonds shall be made payable. They may be secured by a mortgage covering all or any part of the project from which the revenues so pledged may be derived or by a pledge of the lease, sale contract or loan agreement with respect to such project or by a pledge of one or more notes, debentures, bonds or other secured or unsecured debt obligations of the lessee or contracting party.

2. a. The proceedings under which the bonds are authorized to be issued under the provisions of this chapter, and any mortgage given to secure the same, may contain any agreements and provisions customarily contained in instruments securing bonds, including but not limited to:

(1) Provisions respecting custody of the proceeds from the sale of the bonds including their investment and reinvestment until used to defray the cost of the project.

(2) Provisions respecting the fixing and collection of rents or payment with respect to any project covered by such proceedings or mortgage.

(3) The terms to be incorporated in the lease, sale contract, or loan agreement with respect to such project.

(6) The rights and remedies available in case of a default to the bond holders or to any trustee under the lease, sale contract, loan agreement or mortgage.

b. A municipality shall have the power to provide that proceeds from the sale of bonds and special funds from the revenues of the project shall be invested and reinvested in such securities and other investments as shall be provided in the proceedings under which the bonds are authorized to be issued including:

(1) Obligations issued or guaranteed by the United States;

(2) Obligations issued or guaranteed by any person controlled or supervised by and acting as an instrumentality of the United States pursuant to authority granted by the Congress of the United States;

(8) Certificates of deposit issued by banks organized under the laws of any state or of the United States; whether or not such investment or reinvestment is authorized under any other law of this state. The municipality shall also have the power to provide that such proceeds or funds or investments and the amounts payable under the lease, sale contract, or loan agreement shall be received, held and disbursed by one or more banks or trust companies located in or out of the state of Iowa. A municipality shall also have the power to provide that the project and improvements shall be constructed by the municipality, lessee, the lessee’s designee, the contracting party, or the contracting party’s designee, or any one or more of them on real estate owned by the municipality, the lessee, the lessee’s designee, the contracting party, or the contracting party’s designee, as the case may be, that the bond proceeds shall be disbursed by the trustee bank or banks, trust company or trust companies, during construction upon the estimate, order or certificate of the lessee, the lessee’s designee, the contracting party, or the contracting party’s designee.

   c. In making such agreements or provisions as provided in this subsection, a municipality shall not have the power to obligate itself, except with respect to the project and the application of the revenues therefrom, and shall not have the power to incur a pecuniary liability or a charge upon its general credit or against its taxing powers.

3. The proceedings authorizing any bonds under the provisions of this chapter, or any mortgage securing such bonds, may provide that if there is a default in the payment of the principal of or the interest on such bonds or in the performance of any agreement contained in such proceedings or mortgage, the payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and payments and to apply the revenues from the project in accordance with such proceedings or the provisions of such mortgage.

4. Any mortgage, made under the provisions of this chapter, to secure bonds issued thereunder, may also provide that if there is a default in the payment thereof or a violation of any agreement contained in the mortgage, it may be foreclosed and sold under proceedings in equity or in any other manner permitted by law. Such mortgage may also provide that any trustee under such mortgage or the holder of any bonds secured thereby may become the purchaser at any foreclosure sale if the trustee or holder is the highest bidder therefor.

CODE OF IOWA

2013

CONTAINING

ALL STATUTES OF A GENERAL AND PERMANENT NATURE

Published under the authority of Iowa Code chapter 2B by the Legislative Services Agency
GENERAL ASSEMBLY OF IOWA Des Moines

2012
PREFACE TO 2013 IOWA CODE

The 2013 Iowa Code is published pursuant to Code chapter 2B by the Legislative Services Agency and includes the permanent enactments of the 2011 and 2012 sessions of the Eighty-fourth General Assembly or of an earlier session if the effective date of the enactments was delayed. Except as otherwise indicated in the text or in a footnote, new sections, amendments, and repeals were effective on or before July 1, 2012. Refer to the specific enactments to determine effective dates not shown.

CODE VOLUMES AND ARRANGEMENTS. The 2013 Iowa Code is published in six volumes. The Table of Contents on page v enumerates the titles and subtitles found in the Code, and each volume contains an Analysis by Title, Subtitle, and Chapter for that volume. A codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is included with the introductory material at the beginning of Volume I.

EDITORIAL DECISIONS. If multiple amendments were enacted to a section or part of a section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required under Code sections 2B.13 and 4.11. If multiple amendments conflicted, a strike or repeal prevailed over an amendment to the same material. If multiple amendments were irreconcilable, the amendment that was last in the Act or latest in date of enactment was codified as provided in Code sections 2B.13 and 4.8. Code Editor’s Notes at the end of Volume VI explain the major editorial decisions made when multiple amendments were codified. The Code Editor’s Notes explaining how multiple amendments were codified in the 2011 Code Supplement appear at the end of the Code Supplement. Code section 2B.13 governs the ongoing revision of gender references, other editorial changes, and the determination of the effective date of editorial changes.

HISTORIES AND NOTES. Bracketed material at the end of many Code sections traces the history of the sections’ subject matter up through 1982. An amendment to or enactment of a section which occurred during or after the 1983 Legislative Session is indicated by the addition of an Acts citation at the end of the section. If a section is transferred to a new location, the section history at the new location will indicate the Code or Code Supplement in which the transfer took place. Following the history for a new or amended Code section is an explanatory note to indicate whether the section or a part of it is new or how it was changed. Separate internal reference notes follow Code titles, subtitles, chapters, chapter subdivisions, or sections that are cited elsewhere in the Code.

INDEX AND TABLES. Conversion tables of Senate and House files to Iowa Acts chapters, tables of disposition of Iowa Acts, and a table of corresponding sections appear at the end of Volume VI. A Skeleton Index appears at the end of each volume. A table of internal references is no longer printed as this information now appears within notes below the Code titles, subtitles, chapters, chapter subdivisions, or sections.

IOWA LAW CD-ROM. This electronic disc is inserted at the back of Volume VI, and contains an electronic version of the Iowa Constitution; Iowa statutes; administrative, court, and legislative rules; and miscellaneous legislative information.

COMMENTS. The editorial staff of the Iowa Code welcomes comments and suggestions for improvements.

DESIGNATION OF GENERAL ASSEMBLY — OFFICIAL LEGAL PUBLICATIONS — CITATIONS

2.2 Designation of general assembly.
Each regular session of the general assembly shall be designated by the year in which it convenes and by a number with a new consecutive number assigned with the session beginning in each odd-numbered year.
A special session of the general assembly shall be designated as an extraordinary session in the particular year of a numbered general assembly.

2B.17 Official legal publications — citations.
1. An official legal publication designated as such by the legislative services agency as provided in sections 2.42 and 2A.1, is the official and authoritative version of the statutes, administrative rules, or court rules of the state of Iowa.
2. a. The codified version of the state’s constitution shall be known as the Constitution of the State of Iowa.
b. For statutes, the official versions of publications shall be known as the Iowa Acts, the Iowa Code, and the Code Supplement.
c. For administrative rules, the official versions of the publications shall be known as the Iowa Administrative Bulletin and the Iowa Administrative Code.
d. For court rules, the official version of the publication shall be known as the Iowa Court Rules.
3. The legislative services agency may adopt a style manual providing a uniform system of citing the codified Constitution of the State of Iowa and the official versions of publications listed in subsection 2, including by reference to commonly accepted legal sources. The legislative services agency style manual may provide for a different form of citation for electronic and printed versions of the same publication. Nothing in this section affects rules for style and format adopted pursuant to section 2.42.
4. The codified Constitution of the State of Iowa, and statutes enacted and joint resolutions enacted or passed by the general assembly shall be cited as follows:
a. The codified Constitution of the State of Iowa shall be cited as the Constitution of the State of Iowa, with a reference identifying the preamble or boundaries, or article, section, and subunit of a section. Subject to the legislative services agency style manual, the Constitution of the State of Iowa may be cited as the Iowa Constitution.
b. The Iowa Acts shall be cited as the Iowa Acts with a reference identifying the year of the publication in conformance with section 2.2, and the chapter of a bill enacted or joint resolution enacted or passed during a regular session, or in the alternative the bill or joint resolution chamber designation, and the section of the chapter or bill or subunit of a section. A bill or joint resolution enacted or passed during a special session shall be cited by the extraordinary session designation in conformance with section 2.2. If the Iowa Acts have not been published, a bill or joint resolution may be cited by its bill or joint resolution chamber designation.
c. The Iowa Code shall be cited as the Iowa Code. The Code Supplement shall be cited as the Code Supplement. Subject to the legislative services agency style manual, the Iowa Code may be cited as the Code of Iowa or Code and the Code Supplement may be cited as the Code of Iowa Supplement, with references identifying parts of the publication, including but not limited to title or chapter, section, or subunit of a section. If the citation refers to a past edition of the Iowa Code or Code Supplement, the citation shall identify the year of publication.
5. Administrative rules shall be cited as follows:
a. The Iowa Administrative Bulletin shall be cited as the IAB, with references identifying the volume number which may be based on a fiscal year cycle, the issue number, and the ARC number assigned to the rulemaking document by the administrative rules coordinator pursuant to section 17A.4. Subject to the legislative services agency style manual, the citation may also include the publication's page number.
b. The Iowa Administrative Code shall be cited as the IAC, with references to an agency’s identification number placed at the beginning of the citation and with references to parts of the publication, including but not limited to chapter, rule, or subunit of a rule.
6. The Iowa Court Rules shall be cited as the Iowa Court Rules, with references to the rule number and to subunits of the publication, which may include but are not limited to the Iowa Rules of Civil Procedure, the Iowa Rules of Criminal Procedure, the Iowa Rules of Evidence, the Iowa Rules of Appellate Procedure, the Iowa Rules of Professional Conduct, and the Iowa Code of Judicial Conduct. Subject to the legislative services agency style manual, the names of the rules may be abbreviated.

Chapters of the Code are cited as whole numerals; as chapter 124 or chapter 124A.
Sections are cited as decimal numerals; as section 124.401 or section 124A.3. Sections are often divided into subunits. The following is an example of the hierarchical structure of a Code section:
Section: 35D.15
Subsection: 2
Paragraph: a
Subparagraph: (1)
Subparagraph division: (a)
Subparagraph subdivision: (i)
Subparagraph part: (B)

The above Code section example may be abbreviated as 35D.15(2)(a)(1)(a)(i)(B)(i) or 35D.15 [2a(1)(a)(i)(B)(i)].

   b. The provisions of sections 17A.10 to 17A.18A relating to contested cases shall not apply to any matters involving the equalization of valuations of classes of property as authorized by this chapter and chapter 441. This exemption shall not apply to a hearing before the state board of tax review.

Fees for services, reimbursement, or other remuneration, including attorney fees, paid to collection agencies shall be based upon the amount of tax, penalty, and interest or debt actually collected and shall be paid only after the amount of tax, penalty, and interest or debt is collected. All funds collected must be remitted in full to the department within thirty days from the date of collection from a debtor or in a lesser time as the director prescribes. The funds shall be applied toward the debtor’s account and handled as are funds received by other means. The department’s collection facilities shall only be available for use by other state agencies or local government entities for their discretionary use when resources are available to the director and subject to the director’s determination that use of the procedure is feasible. The director shall prescribe the appropriate form and manner in which this information is to be submitted to the office of the department. The obligations or indebtedness must be delinquent and not subject to litigation, claim, appeal, or review pursuant to the appropriate remedies of each state agency or local government entity.

e. All state agencies and local government agencies shall be given access, at the discretion of the director, to the centralized computer data bank and, notwithstanding any other provision of law to the contrary, may deny, revoke, or suspend any license or deny any renewal authorized by the laws of this state to any person who has defaulted on an obligation owed to or collected by the state. The confidentiality provisions of sections 422.20 and 422.72 do not apply to tax information contained in the centralized computer data bank. State agencies and local government agencies shall endeavor to obtain the applicant’s social security or federal tax identification number, or state driver’s license number from all applicants.

Administrative wage assignment under this section is the equivalent of condemning funds under chapter 642. It is expressly provided that these remedies shall be cumulative and that no action taken by the director or the attorney general shall be construed to be an election on the part of the state or any of its officers or representatives to pursue any other remedy provided by law.

b. An obligor is subject to this section if the obligor’s debt is being collected by the facility.

c. Any amount forwarded to the facility by an employer under this section shall not exceed the delinquent or accrued amount of the obligor’s debt being collected by the facility.

3. Notice of intent to the obligor.

a. (1) The facility may proceed under this section only if twenty days’ notice has been provided by regular mail to the last known address of the obligor, notifying the obligor that the obligor is subject to this section. If the facility determines that collection of the debt may be in jeopardy, the facility may request that the employer deliver notice of the wage assignment simultaneously with the remainder of or in lieu of the obligor’s compensation due from the employer.

(2) The facility may obtain one or more wage assignments of an obligor who is subject to this section. If the obligor has more than one employer, the facility may receive wage assignments from one or more of the employers until the full debt obligation of the obligor is satisfied. If an obligor has more than one employer, the facility shall give notice to all employers from whom an assignment is sought.

b. The notice from the facility to the obligor shall contain all of the following:

(1) The name and social security number of the obligor.

(2) A statement that the obligor is believed to have employment with the stated employer.

(3) A statement that pursuant to the provisions of this section, the obligor’s wages will be assigned to the facility for payment of the specified debts and that the employer is authorized and required to forward moneys to the facility.

(4) The maximum amount to be forwarded by the employer, which shall not exceed the delinquent or accrued amount of debt being collected by or owed to the facility by the obligor.

(5) The prescribed time frames the employer must meet in forwarding any amounts.

(6) A statement that any challenge to the action must be in writing and must be received by the facility within ten days of the date of the notice to the obligor.

(7) The address of the facility and the account number utilized by the facility for the obligor.

(8) The telephone number of the agent for the facility initiating the action.

4. Verification of employment and immunity from liability.

a. The facility may contact an employer to obtain verification of employment, and any specific information from the employer that the facility needs to initiate, effectuate, or maintain collection of the obligation. Contact with an employer may be by telephone, fax, or by written communication. The employer may require proof of authority from the person from the facility and the telephone number of the authorized person from the facility before releasing an obligor’s employment information by telephone.

b. The employer is immune from any civil or criminal liability for information released by the employer to the facility pursuant to this section.

5. Costs. The facility is not liable for any costs incurred or imposed for initiating, effectuating, or maintaining an administrative wage assignment under this section. Such costs will be the sole responsibility of the obligor and will be added to the amount to be collected by the facility.

6. Administrative wage assignment — notice to the employer.

a. If an obligor is subject to this section, the facility may initiate an administrative wage assignment to have compensation due the obligor to be assigned by the employer to the facility up to the amount of the full debt to be collected by the facility.

b. The facility shall send a notice to the employer within fourteen days of sending notice of the wage assignment to the obligor. The notice shall inform the employer of the amount to be assigned to the facility from each wage, salary, or payment period that is due the obligor. The facility may receive assignment of up to one hundred percent of the obligor’s disposable
income, salary, or payment for any given period until the full obligation to the facility is paid in full.

c. The notice to the employer shall contain all of the following:
   (1) The name and social security number of the obligor.
   (2) A statement that the obligor is believed to be employed by the employer.
   (3) A statement that pursuant to the provisions of this section, the obligor’s wages are subject to assignment and the employer is authorized and required to forward moneys to the facility.

   (5) The prescribed time frame the employer must meet in forwarding any amounts.
   (6) The address of the facility and the account number utilized by the facility for the obligor.
   (7) The telephone number of the agent for the facility initiating the action.

   a. Immediately give effect to the wage assignment and hold compensation which the obligor has owing to the extent of the debt indicated in the notice from the facility.
   b. No sooner than ten days, and no later than twenty days from the date the employer receives the notice of wage assignment, unless notified by the facility of a challenge of the wage assignment by the obligor, the employer shall begin forwarding the obligor’s compensation, to the extent required in the notice, to the facility with the obligor’s name and social security number, the facility’s account number for the obligor, and any other information required in the notice.
   c. The employer may assess a fee against the obligor, not to exceed twenty-five dollars, for forwarding of moneys to the facility. This fee is in addition to the amount owed to or being collected by the facility from the obligor. If insufficient moneys are available from the obligor’s compensation to cover the fee and the amount in the notice, the employer may deduct the fee amount prior to forwarding moneys to the facility and the amount credited to the obligor’s account with the facility shall be reduced by the fee amount. However, if the employer can present evidence to the facility that the employer’s costs were in excess of twenty-five dollars and that such costs were necessary and reasonable, then the employer may impose a fee in excess of the twenty-five dollar fee limit.

8. Challenges to action.
   a. Challenges under this section may be initiated only by an obligor. An administrative wage assignment only occurs after the obligor has waived or exhausted administrative remedies. Reviews by the facility of a challenge to an administrative wage assignment are not subject to chapter 17A.
   b. The obligor challenging the administrative wage assignment shall submit a written challenge to the person identified as the agent for the facility in the notice, within ten days of the date of the notice of initiation of the assignment.
   c. The facility, upon receipt of a written challenge, shall review the facts of the administrative wage assignment with the obligor within ten days of receipt of the challenge. If the obligor is not available for the review on the scheduled date, the review shall take place without the obligor being present. Information in favor of the obligor shall be considered by the facility in the review. The facility may utilize additional information if such information is available. Only a mistake of fact, including, but not limited to, a mistake in the identity of the obligor or a mistake in the amount owed to or being collected by the facility shall be considered as a reason to dismiss or modify the administrative wage assignment.
   d. If the facility determines that a mistake of fact has occurred, the facility shall proceed as follows:
      (1) If a mistake in identity has occurred or the obligor does not have a delinquent or accrued amount being collected by or owed to the facility, the facility shall notify the employer that the administrative wage assignment has been released. The facility shall provide a copy of the notice to the obligor by regular mail.
(2) If the delinquent or accrued amount being collected by or owed to the facility is less than the amount indicated in the notice, the facility shall provide a notice to the employer of the revised amount, with a copy of the original notice, and issue a notice to the obligor by regular mail. Upon written receipt of the notice from the facility, the employer shall release the funds in excess of the revised amount and forward the revised amount to the facility pursuant to the administrative wage assignment.

(3) Any moneys received by the facility in excess of the amount owed to or to be collected by the facility shall be returned to the obligor.
   e. If the facility finds no mistake of fact, the facility shall provide a notice to that effect to the obligor by regular mail and notify the employer to forward the moneys pursuant to the administrative wage assignment.
   f. The obligor shall have the right to file an action for wrongful assignment in district court within thirty days of the date of the notice to the obligor, either in the county where the obligor is located or in Polk county where the facility is located. Actions under this section are in equity and not actions at law.
   g. Recovery under this subsection is limited to restitution of the amount that has been wrongfully encumbered or obtained by the department.
   h. A challenge to an administrative action under this subsection cannot be used to extend or reopen the statute of limitations to protest other departmental actions or to contest the amount or validity of the tax. Only issues involving the assignment can be raised in a challenge to an administrative action under this subsection.

   a. A notice of wage assignment given to the obligor is effective without the serving of another notice until the earliest of either of the following:
      (1) The debt owed to the facility is paid in full.
      (2) The obligor receives notice that the wage assignment shall cease.
   b. Cessation of the wage assignment does not affect the obligor’s duties and liabilities respecting the wages already withheld pursuant to the wage assignment.

The loan to the conference board may be for all or part of the funds required to comply with the reassessment order. If the director determines that a reassessment undertaken with funds provided in this section is not being conducted in accordance with the proposal submitted pursuant to subsection 3, the director shall notify the appropriate conference board and assessor of the director’s determination. The notice shall contain an explanation as to how the deficiencies in the reassessment may be corrected. If the deficiencies noted by the director are not corrected within sixty days of the date the assessor and conference board are notified of their existence, the director shall suspend payments from the reassessment expense fund until the deficiencies have been corrected.

9. Funds obtained under this section shall be used only to conduct reassessments of property as approved and conducted pursuant to this section.

Subsection 6 amended

421.46 Terminal liability health insurance fund.
1. A terminal liability health insurance fund is created in the state treasury under the
control of the department of administrative services. The proceeds of the terminal liability health insurance fund shall be used by the department of administrative services to pay the state’s share of the terminal liability of the existing health insurance contract administered by the department of administrative services. The moneys appropriated to the terminal liability health insurance fund plus any additional moneys appropriated or collected pursuant to 2001 Acts, ch. 190, or other Acts of the general assembly shall constitute the total amount due to pay the terminal liability specified in this section.

2. Notwithstanding section 8.33, any unencumbered or unobligated balance remaining in the terminal liability health insurance fund at the close of a fiscal year shall not revert.

421.47 Tax agreements with Indian tribes.

1. “Indian country” means the Indian country as defined in 18 U.S.C. § 1151, and includes trust land as defined by the United States secretary of the interior.

2. a. The department and the governing body of an Indian tribe may enter into an agreement to provide for the collection and distribution or refund by the department within Indian country of any tax or fee imposed by the state and administered by the department.

b. An agreement may also provide for the collection and distribution by the department of any tribal tax or fee imposed by tribal ordinance. The agreement may provide for the retention of an administrative fee by the department which fee shall be an agreed-upon percentage of the gross revenue of the tribal tax or fee collected.

3. An Act of Congress regulating the collection of state taxes and their remittance to the states shall preempt an agreement between the department and the governing body of an Indian tribe under this section to the extent such federal Act regulates the collection and remittance of a tax covered by the agreement.

4. An agreement between the department and the governing body of an Indian tribe under this section shall not preclude the negotiation of an amendment to such agreement, which conforms to an Act of Congress regulating the collection of state taxes and their remittance to the states.

421.48 through 421.59 Reserved.

421.60 Tax procedures and practices.

1. Short title. This section shall be known and may be cited as the “Tax Procedures and Practices Act”.

2. Procedures and practices.

a. (1) The department shall prepare a statement which sets forth in simple and nontechnical terms all of the following:

(a) The rights of a taxpayer and the obligations of the department during an audit.

(b) The procedures by which a taxpayer may appeal an adverse decision of the department, including administrative and judicial appeals.

(c) The procedures which the department may use in enforcing the tax laws, including notices of assessment and jeopardy assessment and the filing and enforcement of liens.

(2) The statement prepared in accordance with this paragraph shall be distributed by the department to all taxpayers at the first contact by the department with respect to the determination or collection of any tax, except in the case of simply providing tax forms.

b. The department shall furnish to the taxpayer, before or at the time of issuing a notice of assessment or denial of a refund claim, an explanation of the reasons for the assessment or refund denial. An inadequate explanation shall not invalidate the notice. For purposes of this section, an explanation by the department shall be sufficient where the amount of tax, interest, and penalty is stated together with an attachment setting forth the computation of the tax by the department.

c. (1) If the notice of assessment or denial of a claim for refund relates to a tax return filed pursuant to section 422.14 or chapter 450, 450A, or 451, by the taxpayer which designates an individual as an authorized representative of the taxpayer with respect to that return, or
§421.60, DEPARTMENT OF REVENUE

if a power of attorney has been filed with the department by the taxpayer which designates an individual as an authorized representative of the taxpayer with respect to any tax that is included in the notice of assessment or denial of a claim for refund, a copy of the notice together with any additional information required to be sent to the taxpayer shall be sent to the authorized representative as well.

(2) If the department fails to mail a notice of assessment to the last known address of a taxpayer or fails to personally deliver such notice to a taxpayer, interest for the month such mailing or personal delivery fails to occur through the month of the correct mailing or personal delivery is waived.

(3) If the department fails to mail a notice of assessment or denial of a claim for refund to the taxpayer’s last known address or fails to personally deliver such notice to a taxpayer and, if applicable, to the taxpayer’s authorized representative, the time period to appeal the notice of assessment or a denial of a claim for refund is suspended until the notice or claim denial is correctly mailed or personally delivered, or in any event, for a period not to exceed one year, whichever is the lesser period.

(4) Collection activities, except where a jeopardy situation exists, shall be suspended and the statute of limitations for assessment or collection of the tax shall be tolled during the period in which interest is waived.

d. A taxpayer is permitted to designate in writing the type of tax and tax periods to which any voluntary payment relates, provided that separate written instructions accompany the payment. This paragraph does not apply to jeopardy assessments and does not apply if the department has to enforce collection of the payment.

e. Unless otherwise provided by law, all Iowa taxes which are administered by the department and which result in a refund shall accrue interest at the rate in effect under section 421.7 from the first day of the second calendar month following the date of payment or the date the return was due to be filed or was filed, whichever is the latest.

f. A taxpayer may appeal a refund claim to the director if a claim for refund has been filed and not denied by the department within six months of the filing of the claim. The filing of an appeal by a taxpayer shall not affect the ability of the department to examine and inspect a taxpayer’s records.

g. A taxpayer may request in writing that a contested case proceeding be commenced by the department after a period of six months from the filing of a proper appeal by the taxpayer. The department shall file an answer within thirty days of receipt of the request and a contested case proceeding shall be commenced. In the case of an appeal of an assessment, failure to answer within the thirty-day time period and after a request has been made shall result in the suspension of interest from the time that the department was required to answer until the date that the department files its answer. In the case of an appeal of a denial of a refund, failure to answer within the thirty-day time period, and after a request has been made, shall result in the accrual of interest payable to the taxpayer at double the rate in effect under section 421.7 from the time the department was required to answer until the date that the department files its answer.

h. A taxpayer who has failed to appeal a notice of assessment to the department within the time provided by law may contest the assessment by paying the tax, interest, and penalty, which in the case of divisible taxes might not be the entire liability and by filing a refund claim within the time period provided for filing such claim. The filing of a refund claim allows the time period for which the refund is claimed to be open to examination and to be open to offset, to zero, based upon any issue associated with the type of tax for which the refund is claimed and which has not up to that time been resolved between the taxpayer and the department, irrespective of whether the period of limitations to issue a notice of assessment has expired. The department may make this offset at any time until the department grants or denies the refund.

i. The director may, at any time, abate any unpaid portion of assessed tax, interest, or penalties which the director determines is erroneous, illegal, or excessive. The director shall prepare quarterly reports summarizing each case in which abatement of tax, interest, or penalties was made. However, the report shall not disclose the identity of the taxpayer.
j. The director shall adopt rules for setting times and places for taxpayer interviews and to permit any taxpayer to record the interviews.

k. If the determination that a return is incorrect is the result of an audit of the books and records of the taxpayer, the tax or additional tax, if any, shall be assessed and the notice of assessment to the taxpayer shall be given by the department within one year after the completion of the examination of the books and records.

l. The department shall annually report to the general assembly all areas of recurrent taxpayer noncompliance with rules or guidelines issued by the department and shall make recommendations concerning the noncompliance in the report.

m. (1) The director may abate unpaid state sales and use taxes and local sales and services taxes owed by a retailer in the event that the retailer failed to collect tax from the purchaser as a result of erroneous written advice issued by the department that was specially directed to the retailer by the department and the retailer is unable to collect the tax, interest, or penalties from the purchaser. Before the tax, interest, and penalties shall be abated on the basis of erroneous written advice, the retailer must present a copy of the retailer’s request for written advice to the department and a copy of the department’s reply. The department shall not maintain a position against the retailer that is inconsistent with the erroneous written advice, except on the basis of subsequent written advice sent by the department to that retailer, or a change in state or federal law, a reported court case to the contrary, a contrary rule adopted by the department, a change in material facts or circumstances relating to the retailer, or the retailer’s misrepresentation or incomplete or inadequate representation of material facts and circumstances in requesting the written advice.

(2) (a) The director shall abate the unpaid state sales and use taxes and any local sales and services taxes owed by a retailer where the retailer failed to collect the tax from the purchaser on the charges paid for access to on-line computer services as a result of erroneous written advice issued by the department regarding the taxability of charges paid for access to on-line computer services. To qualify for the abatement under this subparagraph, the erroneous written advice shall have been issued by the department prior to July 1, 1999, and shall have been specially directed to the retailer by the department.

(b) If an abatement of unpaid state sales and use taxes and any local sales and services taxes is granted to the retailer by the director pursuant to this subparagraph, the department is precluded from collecting from the purchaser any unpaid state sales and use taxes and any local sales and services taxes which were abated.

(3) The director shall prepare quarterly reports summarizing each case in which abatement of tax, interest, or penalties was made. However, the report shall not disclose the identity of the taxpayer. An abatement authorized by this paragraph to a retailer shall not preclude the department from proceeding to collect the liability from a purchaser, except as provided in subparagraph (2).

3. Installment payments. The department may permit the payment of a delinquent tax on a deferred basis where the equities indicate that a deferred payment agreement would be in the interest of the state and that without a deferred payment agreement the taxpayer would experience extreme financial hardship. A deferred payment agreement shall include applicable penalty and interest at the rate in effect under section 421.7 on the unpaid balance of the liability.

a. A prevailing taxpayer in an administrative hearing or a court proceeding related to the determination, collection, or refund of a tax, penalty, or interest may be awarded reasonable litigation costs by the department, state board of tax review, or a court, incurred subsequent to the issuance of the notice of assessment or denial of claim for refund in the proceeding, based upon the following:

(1) The reasonable expenses of expert witnesses.

(2) The reasonable costs of studies, reports, and tests.

(3) The reasonable fees of independent attorneys or independent accountants retained by the taxpayer.

(4) An award for reasonable litigation costs shall not exceed twenty-five thousand dollars per case.
b. An award under paragraph “a” shall not be made with respect to a portion of the proceedings during which the prevailing taxpayer has unreasonably protracted the proceedings.

c. For purposes of this section, “prevailing taxpayer” means a taxpayer who establishes that the position of the state was not substantially justified and who has substantially prevailed with respect to the amount in controversy or has substantially prevailed with respect to the most significant issue or set of issues presented. The determination of whether a taxpayer is a prevailing taxpayer is to be determined in accordance with chapter 17A.

d. An award for reasonable litigation costs shall be paid to the taxpayer from the general fund of the state. For purposes of this subsection, there is appropriated from the general fund of the state an amount sufficient to pay each taxpayer entitled to an award under this subsection.

e. This subsection does not apply to the tax imposed by chapter 453B if the department relied upon information provided or action conducted by federal, state, or local officials or law enforcement agencies.

5. Damages. Notwithstanding section 669.14, subsection 2, if the director or an employee of the department recklessly or intentionally disregards any tax law or rule in the collection of any tax, or if the director or an employee of the department knowingly or negligently fails to release a lien against or bond on a taxpayer’s property, the taxpayer may file a claim in accordance with the Iowa tort claims Act, chapter 669, for damages against the state. However, the damages shall be limited to the actual direct economic damages suffered by the taxpayer as a proximate result of the actions of the director or employee, plus costs, reduced by the amount of such damages and costs as could reasonably have been mitigated by the taxpayer. The Iowa tort claims Act shall be the exclusive remedy for recovering damages resulting from such actions. This subsection does not apply to the tax imposed by chapter 453B.

6. Burden of proof. The burden of proof with respect to assessments or denial of refunds in contested case proceedings shall be allocated as follows:

a. With respect to the issue of fraud with intent to evade tax, the burden of proof is upon the department. The burden of proof must be carried by clear and convincing evidence.

b. In a case where the assessment was not made within six years after the return became due, excluding any extension of time for filing, the burden of proof shall be upon the department. However, the burden of proof shall be upon the taxpayer where the determination of the department is the result of the final disposition of a matter between the taxpayer and the internal revenue service or where the taxpayer and the department have signed a waiver of the statute of limitations.

c. In all other cases, the burden of proof shall be upon the taxpayer who challenges the assessment or refund denial, except that, with respect to any new matter or affirmative defense, the burden of proof shall be upon the department. For purposes of this provision, “new matter” means an adjustment not set forth in the computation of the tax in the assessment or refund denial as distinguished from a new reason for the assessment or refund denial. “Affirmative defense” is one resting on facts not necessary to support the taxpayer’s case.

7. Employee evaluations. It is unlawful to base a performance evaluation for an employee of the department on the total amount of assessments issued by that employee.

8. Refund of untimely assessed taxes. Notwithstanding any other refund statute, if it appears that an amount of tax, penalty, or interest has been paid to the department after the expiration of the statute of limitations for the department to determine and assess or collect the amount of such tax due, then the amount paid shall be credited against another tax liability of the taxpayer which is outstanding, if the statute of limitations for assessment or collection of that other tax has not expired or the amount paid shall be refunded to the person or, with the person’s approval, credited to tax to become due. An application for refund or credit under this subsection must be filed within one year of payment. This subsection shall not be construed to prohibit the department from offsetting the refund claim against any tax due, if the statute of limitations for that other tax has not expired. However, any tax, penalty, or interest due for which a notice of assessment was not issued by the department
but which was voluntarily paid by a taxpayer after the expiration of the statute of limitations for assessment shall not be refunded.

9. No applicability to real property. The provisions of this section do not apply to the assessment and taxation of real property.

10. Illegal tax. A tax shall not be collected by the department if it is prohibited under the Constitution of the United States or laws of the United States, or under the Constitution of the State of Iowa.

421.61 Unconstitutionally withheld tax benefits.
If a provision in the Code grants a tax benefit to taxpayers that is unconstitutionally withheld from other taxpayers as expressed in an Iowa attorney general's opinion based upon decisions of the Iowa supreme court, United States supreme court, or other courts of competent jurisdiction, the tax benefit shall also be granted to the adversely affected taxpayers as if the unconstitutional provision did not exist.

The price of cigarettes offered for sale, or sold under the exceptions specified in section 421B.6 shall not be considered the price of a competitor and shall not be used as a basis for establishing prices below cost, nor shall the

2. In the absence of proof of the actual cost to a competing wholesaler or to a competing retailer, as the case may be, such cost shall be the lowest cost to wholesalers or the lowest cost to retailers, as the case may be, within the same trading area as determined by a cost survey made pursuant to section 421B.8, subsection 2.

2. **Cost survey.** Where a cost survey pursuant to recognized statistical and cost accounting practices has been made for the trading area in which a violation of this chapter is committed or charged, to determine and establish the lowest cost to wholesalers or the lowest cost to retailers within the area, the cost survey shall be deemed competent evidence in any action or proceeding under this chapter to establish actual cost to the wholesaler or actual cost to the retailer complained against. In such surveys to determine cost to the wholesaler or retailer there shall be included in the cost of doing business without limitation, labor, rent, depreciation, sales costs, compensation, maintenance of equipment, cartage, licenses, taxes, insurance and other expenses.

421C.2 Notice of lien in civil action.

1. When a debt obligation is owed the state, the state debt coordinator, on behalf of the state, shall have a right to a lien against all monetary claims arising from a civil action which the debtor may file against a third party. A lien under this section becomes effective once the state debt coordinator files a notice of lien with the clerk of the district court in the county where the civil action identified by the state debt coordinator is filed and sends notice of the lien to the debtor and to the debtor’s attorney or other representative, if applicable. To be effective against a monetary claim, the notice of lien must be filed before a third party has concluded a final settlement with the debtor, the debtor’s attorney, or other representative. The lien shall only be effective against the monetary claim in the civil action against which the lien is filed. The third party shall obtain a written determination from the state debt coordinator concerning the amount of the lien before a settlement is deemed final for purposes of this section. A compromise, including but not limited to a settlement, waiver, or release, of a monetary claim under this section does not defeat the state debt coordinator’s lien except upon written agreement by the coordinator or the coordinator’s designee. A settlement, award, or judgment structured in any manner that does not include a debt obligation owed the state does not defeat the state court debt coordinator’s lien if there is any recovery by the debtor unless a written agreement has been entered into between the state debt coordinator or the coordinator’s designee and the debtor.

2. The judicial branch shall cooperate with the state debt coordinator to determine the most efficient way to identify a debtor who has a claim against a third party. The state debt coordinator shall be provided viewing access to the Iowa court information system as provided in section 421C.1 to determine if a debtor owes a debt obligation to the state. The debtor’s attorney shall not have the responsibility to notify the state that a debtor has filed a civil action against a third party.
3. The state debt coordinator’s lien is valid and binding on an attorney, insurer, or other third party only upon actual notice given by the state debt coordinator.

4. An insurer or attorney representing a debtor on a monetary claim upon which the state debt coordinator has a lien under this section shall notify the state debt coordinator of a negotiated settlement or verdict, if actual notice of the lien has been provided in the following manner:
   a. The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the debtor and to the debtor’s attorney or other representative, if applicable, at the location used for service of original notice.
   b. The mailing and deposit in a United States post office or public mailing box of the notice, addressed to a third party, at the location used for service of original notice.

5. a. Upon resolution of the civil action against which a lien has been filed and actual notice of the lien has been given, the court costs and reasonable attorney fees and expenses, hospital liens filed pursuant to chapter 582 and other subrogated medical expenses shall first be deducted from any total judgment or settlement obtained. At least one-third of the remaining balance shall then be deducted and paid to the debtor. From the remaining balance, the state debt coordinator shall have the authority to negotiate a settlement of any debt obligation owed the state that is noted in the lien, including forgiving the entire balance due, based upon the circumstances of the case, costs incurred in pursuing the matter, and the element of the damages awarded. After deducting payments in accordance with this subsection and negotiating a settlement of the lien, any payments to satisfy the lien shall be paid to the state debt coordinator. The state debt coordinator shall transfer any moneys collected to the appropriate accounts to satisfy the debt owed. The state debt coordinator shall file a satisfaction of the lien in the civil action if the state debt coordinator, pursuant to this subsection, settles any part of the debt obligation owed the state.
   b. In circumstances where a lien encompasses multiple claims by state entities, the priority of payment made to the state debt coordinator shall first be a credit against tax due as provided in section 422.73, and the remaining balance shall be distributed in accordance with section 8A.504, subsection 3.
   c. During the negotiation process pursuant to this section the state debt coordinator shall make a determination whether the amount to be received by the coordinator under paragraph “a” shall be considered as full payment of the debt obligation owed the state. If the state debt coordinator settles any debt obligation owed the state that is for less than the actual amount owed the state, the state debt coordinator may determine that the debt obligation owed the state is paid in full. If settlement is reached that is for less than the amount of the debt obligation owed the state, and the state debt coordinator notifies the applicable state department, agency, or branch that the debt obligation is paid in full, the state department, agency, or branch receiving the notification shall indicate in the records of the state department, agency, or branch that the debt obligation owed the department, agency, or branch is paid in full.

6. Except as provided in subsection 7, the state debt coordinator may enforce its lien by a civil action against any liable third party if a judgment or settlement was paid to the debtor without notifying the state debt coordinator as provided in this section.

7. An insurance company that makes a payment to the debtor or the debtor’s attorney in a civil action that is subject to a lien under this section shall have no further liability for the lien filed in the civil action.

8. As used in this section, unless the context otherwise requires:
   a. “Insurance company” means an insurer organized or operating under chapter 508, 514, 514B, 515, 518, 518A, 519, or 520, or authorized to do business in Iowa as an insurer or an insurance producer under chapter 522B.
   b. “Third party” means an individual, institution, corporation, or public or private agency which is or may be liable to pay all or part of a debtor’s monetary claim. “Third party” does not include a financial institution as defined in section 527.2.

2. The state debt coordinator, in consultation with the other branches of state government, shall establish a debt settlement program.

3. The following debt obligations are ineligible for the program:
   a. Delinquent debt obligations that were imposed less than four years prior to the date of the application.
   b. Victim restitution as defined in section 910.1.
   d. Jail fees charged pursuant to section 356.7.

4. The following persons are ineligible for the program:
   a. A person whose income level exceeds two hundred percent of the United States poverty level as defined by the most recently revised poverty income guidelines published by the United States department of health and human services.
      (1) The coordinator may determine that a person whose income is at or below two hundred percent of the United States poverty level as defined by the most recently revised poverty income guidelines published by the United States department of health and human services, is ineligible for the program if the debt coordinator determines the person is able to pay the full amount of the delinquent debt.
      (2) In making the determination of a person's ability to pay the full amount of the delinquent debt, the state debt coordinator shall consider not only the person's income, but also the availability of any assets subject to execution, including but not limited to cash, stocks, bonds, and any other property which may be applied to the eligible debt.
   b. A person who is in jail, prison, or who is under supervision during the period of incarceration or supervision.
   c. A person who has previously participated in the program.
   d. A person paying a delinquent court debt obligation through an established payment plan with the clerk of the district court, with the centralized collection unit of the department of revenue or its designee, with a county attorney or the county attorney's designee, or with a private collection designee, is eligible for the debt settlement program if the person and debt are eligible and if the collecting entity is a debt settlement collection designee as provided in section 421C.4. The distribution of any moneys collected by the debt settlement collection designee shall be as provided in section 421C.4.

6. Under the program the state debt coordinator is authorized to forgive not more than fifty percent of all eligible debt obligations due.

7. Payment to the state debt coordinator under the program shall be provided in a lump sum.

8. The program shall provide that upon written application and payment of the agreed upon percentage of eligible debt obligation due to the state, the state shall forgive any remaining balance of eligible debt obligation due and shall not seek any contempt or civil action or criminal prosecution against the person related to the eligible debt obligation forgiven under the program. Upon the forgiveness of the remaining balance of the eligible debt pursuant to the program, the eligible debt shall be considered by the state as paid in full.

9. The written application shall contain all case numbers associated with the eligible debt obligation due and a general description of such debt.

10. Failure to pay the amount agreed upon by the date specified shall bar the person's participation in the program for life.

11. A person who participates in the program shall relinquish all administrative and judicial rights to challenge the imposition and the amount of the eligible debt obligation owed.

12. If a driver's license is reinstated as a result of participating in the program, the person shall be required to pay a reinstatement fee as provided in section 321.191, any civil penalty assessed pursuant to section 321.218A, 321A.32A, or 321J.17, and provide proof of financial responsibility pursuant to section 321A.17, if otherwise required by law.
13. Upon paying the amount required under subsection 6, the state debt coordinator shall provide the person with a certified document detailing the case numbers paid in full under the program. Any state department, agency, or branch shall, upon the filing of a certified document detailing the cases paid in full under the program, indicate in the records of the department, agency, or branch that the case is in fact paid in full with respect to the eligible debt obligations paid under the program.

14. The coordinator shall prepare and make available debt settlement application forms which contain requirements for approval of an application. The coordinator may deny an application that is inconsistent with this section.

15. Any department, agency, or branch shall cooperate with the state debt coordinator in administering the program.

Not later than the fifteenth day of each month, the director shall deposit amounts received with the treasurer of state for deposit in the general fund of the state.

b. Of the amount of debt actually collected pursuant to the program, the department of revenue shall retain an amount, not to exceed the amount collected, that is sufficient to pay for salaries, support, maintenance, services, advertising, and other costs incurred by the coordinator relating to the program. Revenues retained by the office pursuant to this lettered paragraph shall be considered repayment receipts as defined in section 8.2.

17. The state debt coordinator shall submit an annual report by January 1 to the chairpersons and ranking members of the joint appropriations subcommittee on justice systems and the legislative services agency, detailing the amount of debt obligations settled under the program, including the classification of the debt settled and the county of residence of persons who had debt settled under the program or with a debt settlement designee as provided in section 421C.4.

2. If the centralized collection unit of the department of revenue or a county attorney serves as the state debt coordinator’s designee the procedures of the program established in section 421C.3 apply to the designee except as otherwise provided in this section.

3. a. In order to be eligible to settle debt under the program, a county attorney shall first make application to the state debt coordinator requesting authority to act as the state debt coordinator’s designee. The state debt coordinator shall approve each application, upon a showing of commitment to collect delinquent court debt pursuant to section 602.8107, subsection 4, and upon reaffirmation to continue collection efforts pursuant to section 602.8107, subsection 4. A county attorney is not eligible to participate in the debt settlement program if the county attorney has been deemed ineligible under section 602.8107, subsection 4, paragraph “g”.

b. If a county attorney is approved to act as the state debt coordinator’s designee under the debt settlement program any eligible court debt settled that is more than four years old shall be deposited with the clerk of the district court as provided in section 602.8107, subsection 4, and distributed to the county in accordance with section 602.8107, subsection 4. For purposes of calculating the amounts distributed to the county, the amounts collected by the county attorney when acting as the state debt coordinator designee shall be considered as any other debt collected and credited to the county under the county attorney collection program pursuant to section 602.8107, subsection 4. The remainder collected by the county
attorney acting as the state debt coordinator’s designee shall be remitted to the state court administrator as provided in section 602.8107, subsection 4.

4. For those counties in which a county attorney is not acting as the state debt coordinator’s designee under the debt settlement program, or for cases the centralized collection unit is collecting upon, the centralized collection unit of the department of revenue may serve as the state debt coordinator’s designee.

For the purpose of this division and unless otherwise required by the context:

1. a. “Annual inflation factor” means an index, expressed as a percentage, determined by the department by October 15 of the calendar year preceding the calendar year for which the factor is determined, which reflects the purchasing power of the dollar as a result of inflation during the fiscal year ending in the calendar year preceding the calendar year for which the factor is determined. In determining the annual inflation factor, the department shall use the annual percent change, but not less than zero percent, in the gross domestic product price deflator computed for the second quarter of the calendar year by the bureau of economic analysis of the United States department of commerce and shall add all of that percent change to one hundred percent. The annual inflation factor and the cumulative inflation factor shall each be expressed as a percentage rounded to the nearest one-tenth of one percent. The annual inflation factor shall not be less than one hundred percent.

b. “Cumulative inflation factor” means the product of the annual inflation factor for the 1988 calendar year and all annual inflation factors for subsequent calendar years as determined pursuant to this subdivision.    h. On all taxable income exceeding thirty thousand dollars but not exceeding forty-five thousand dollars, seven and ninety-two hundredths percent.
i. On all taxable income exceeding forty-five thousand dollars, eight and ninety-eight hundredths percent.

j. (1) The tax imposed upon the taxable income of a nonresident shall be computed by reducing the amount determined pursuant to paragraphs “a” through “i” by the amounts of nonrefundable credits under this division and by multiplying this resulting amount by a fraction of which the nonresident’s net income allocated to Iowa, as determined in section 422.8, subsection 2, paragraph “a”, is the numerator and the nonresident’s total net income computed under section 422.7 is the denominator. This provision also applies to individuals who are residents of Iowa for less than the entire tax year.

(2) (a) The tax imposed upon the taxable income of a resident shareholder in an S corporation which has in effect for the tax year an election under subchapter S of the Internal Revenue Code and carries on business within and without the state may be computed by reducing the amount determined pursuant to paragraphs “a” through “i” by the amounts of nonrefundable credits under this division and by multiplying this resulting amount by a fraction of which the resident’s net income allocated to Iowa, as determined in section 422.8, subsection 2, paragraph “b”, is the numerator and the resident’s total net income computed under section 422.7 is the denominator. If a resident shareholder has elected to take advantage of this subparagraph (2), and for the next tax year elects not to take advantage of this subparagraph, the resident shareholder shall not reelect to take advantage of this subparagraph for the three tax years immediately following the first tax year for which the shareholder elected not to take advantage of this subparagraph, unless the director consents to the reelection. This subparagraph also applies to individuals who are residents of Iowa for less than the entire tax year.

(b) This subparagraph (2) shall not affect the amount of the taxpayer’s checkoffs under this division, the credits from tax provided under this division, and the allocation of these credits between spouses if the taxpayers filed separate returns or separately on combined returns.

2. a. There is imposed upon every resident and nonresident of this state, including estates and trusts, the greater of the tax determined in subsection 1, paragraphs “a” through “j”, or the state alternative minimum tax equal to seventy-five percent of the maximum state individual income tax rate for the tax year, rounded to the nearest one-tenth of one percent, of the state alternative minimum taxable income of the taxpayer as computed under this subsection.

b. The state alternative minimum taxable income of a taxpayer is equal to the taxpayer’s state taxable income, as computed with the deductions in section 422.9, with the following adjustments:

(1) Add items of tax preference included in federal alternative minimum taxable income under section 57, except subsections (a)(1), (a)(2), and (a)(5), of the Internal Revenue Code, make the adjustments included in federal alternative minimum taxable income under section 56, except subsections (a)(4), (b)(1)(C)(iii), and (d), of the Internal Revenue Code, and add losses as required by section 58 of the Internal Revenue Code. To the extent that any preference or adjustment is determined by an individual’s federal adjusted gross income, the individual’s federal adjusted gross income is computed in accordance with section 422.7, subsections 39, 39A, 39B, and 53. In the case of an estate or trust, the items of tax preference, adjustments, and losses shall be apportioned between the estate or trust and the beneficiaries in accordance with rules prescribed by the director.

(2) Subtract the applicable exemption amount as follows:

(a) Seventeen thousand five hundred dollars for a married person who files separately or for an estate or trust.

(b) Twenty-six thousand dollars for a single person or a head of household.

(c) Thirty-five thousand dollars for a married couple who files a joint return.

(d) The exemption amount shall be reduced, but not below zero, by an amount equal to twenty-five percent of the amount by which the alternative minimum taxable income of the taxpayer, computed without regard to the exemption amount in this subparagraph (2), exceeds the following:

(i) Seventy-five thousand dollars in the case of a taxpayer described in subparagraph division (a).
(ii) One hundred twelve thousand five hundred dollars in the case of a taxpayer described in subparagraph division (b).

(iii) One hundred fifty thousand dollars in the case of a taxpayer described in subparagraph division (c).

(3) In the case of a net operating loss computed for a tax year beginning after December 31, 1982, which is carried back or carried forward to the current taxable year, the net operating loss shall be reduced by the amount of the items of tax preference arising in such year which was taken into account in computing the net operating loss in section 422.9, subsection 3. The deduction for a net operating loss for a tax year beginning after December 31, 1986, which is carried back or carried forward to the current taxable year shall not exceed ninety percent of the alternative minimum taxable income determined without regard for the net operating loss deduction.

c. The state alternative minimum tax of a taxpayer whose net capital gain deduction includes the gain or loss from the forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange of property as a result of actual notice of foreclosure, where the fair market value of the taxpayer’s assets exceeds the taxpayer’s liabilities immediately before such forfeiture, transfer, or sale or exchange, shall not be greater than such excess, including any asset transferred within one hundred twenty days prior to such forfeiture, transfer, or sale or exchange.

d. In the case of a resident, including a resident estate or trust, the state’s apportioned share of the state alternative minimum tax is one hundred percent of the state alternative minimum tax computed in this subsection 2. In the case of a resident or part-year resident shareholder in an S corporation which has in effect for the tax year an election under subchapter S of the Internal Revenue Code and carries on business within and without the state, a nonresident, including a nonresident estate or trust, or an individual, estate, or trust that is domiciled in the state for less than the entire tax year, the state’s apportioned share of the state alternative minimum tax is the amount of tax computed under this subsection 2, reduced by the applicable credits in sections 422.10 through 422.12 and this result multiplied by a fraction with a numerator of the sum of state net income allocated to Iowa as determined in section 422.8, subsection 2, paragraph “a” or “b” as applicable, plus tax preference items, adjustments, and losses under subparagraph (1) attributable to Iowa and with a denominator of the sum of total net income computed under section 422.7 plus all tax preference items, adjustments, and losses under subparagraph (1). In computing this fraction, those items excludable under subparagraph (1) shall not be used in computing the tax preference items. Married taxpayers electing to file separate returns or separately on a combined return must allocate the minimum tax computed in this subsection in the proportion that each spouse’s respective preference items, adjustments, and losses under subparagraph (1) bear to the combined preference items, adjustments, and losses under subparagraph (1) of both spouses.

3. a. The tax shall not be imposed on a resident or nonresident whose net income, as defined in section 422.7, is thirteen thousand five hundred dollars or less in the case of married persons filing jointly or filing separately on a combined return, heads of household, and surviving spouses or nine thousand dollars or less in the case of all other persons; but in the event that the payment of tax under this division would reduce the net income to less than thirteen thousand five hundred dollars or nine thousand dollars as applicable, then the tax shall be reduced to that amount which would result in allowing the taxpayer to retain a net income of thirteen thousand five hundred dollars or nine thousand dollars as applicable. The preceding sentence does not apply to estates or trusts. For the purpose of this subsection, the entire net income, including any part of the net income not allocated to Iowa, shall be taken into account. For purposes of this subsection, net income includes all amounts of pensions or other retirement income received from any source which is not taxable under this division as a result of the government pension exclusions in section 422.7, or any other state law. If the combined net income of a husband and wife exceeds thirteen thousand five hundred dollars, neither of them shall receive the benefit of this subsection, and it is immaterial whether they file a joint return or separate returns. However, if a husband and wife file separate returns
and have a combined net income of thirteen thousand five hundred dollars or less, neither spouse shall receive the benefit of this paragraph, if one spouse has a net operating loss and elects to carry back or carry forward the loss as provided in section 422.9, subsection 3. A person who is claimed as a dependent by another person as defined in section 422.12 shall not receive the benefit of this subsection if the person claiming the dependent has net income exceeding thirteen thousand five hundred dollars or nine thousand dollars as applicable or the person claiming the dependent and the person's spouse have combined net income exceeding thirteen thousand five hundred dollars or nine thousand dollars as applicable.

b. In lieu of the computation in subsection 1 or 2, or in paragraph “a” of this subsection, if the married persons', filing jointly or filing separately on a combined return, head of household's, or surviving spouse's net income exceeds thirteen thousand five hundred dollars, the regular tax imposed under this division shall be the lesser of the maximum state individual income tax rate times the portion of the net income in excess of thirteen thousand five hundred dollars or the regular tax liability computed without regard to this sentence. Taxpayers electing to file separately shall compute the alternate tax described in this paragraph using the total net income of the husband and wife. The alternate tax described in this paragraph does not apply if one spouse elects to carry back or carry forward the loss as provided in section 422.9, subsection 3.

3A. Reserved.

3B. a. The tax shall not be imposed on a resident or nonresident who is at least sixty-five years old on December 31 of the tax year and whose net income, as defined in section 422.7, is thirty-two thousand dollars or less in the case of married persons filing jointly or filing separately on a combined return, heads of household, and surviving spouses or twenty-four thousand dollars or less in the case of all other persons; but in the event that the payment of tax under this division would reduce the net income to less than thirty-two thousand dollars or twenty-four thousand dollars as applicable, then the tax shall be reduced to that amount which would result in allowing the taxpayer to retain a net income of thirty-two thousand dollars or twenty-four thousand dollars as applicable. The preceding sentence does not apply to estates or trusts. For the purpose of this subsection, the entire net income, including any part of the net income not allocated to Iowa, shall be taken into account. For purposes of this subsection, net income includes all amounts of pensions or other retirement income received from any source which is not taxable under this division as a result of the government pension exclusions in section 422.7, or any other state law. If the combined net income of a husband and wife exceeds thirty-two thousand dollars, neither of them shall receive the benefit of this subsection, and it is immaterial whether they file a joint return or separate returns. However, if a husband and wife file separate returns and have a combined net income of thirty-two thousand dollars or less, neither spouse shall receive the benefit of this paragraph, if one spouse has a net operating loss and elects to carry back or carry forward the loss as provided in section 422.9, subsection 3. A person who is claimed as a dependent by another person as defined in section 422.12 shall not receive the benefit of this subsection if the person claiming the dependent has net income exceeding thirty-two thousand dollars or twenty-four thousand dollars as applicable or the person claiming the dependent and the person's spouse have combined net income exceeding thirty-two thousand dollars or twenty-four thousand dollars as applicable.

b. In lieu of the computation in subsection 1, 2, or 3, if the married persons', filing jointly or filing separately on a combined return, head of household's, or surviving spouse's net income exceeds thirty-two thousand dollars, the regular tax imposed under this division shall be the lesser of the maximum state individual income tax rate times the portion of the net income in excess of thirty-two thousand dollars or the regular tax liability computed without regard to this sentence. Taxpayers electing to file separately shall compute the alternate tax described in this paragraph using the total net income of the husband and wife. The alternate tax described in this paragraph does not apply if one spouse elects to carry back or carry forward the loss as provided in section 422.9, subsection 3.

c. This subsection applies even though one spouse has not attained the age of sixty-five, if the other spouse is at least sixty-five at the end of the tax year.

4. The tax herein levied shall be computed and collected as hereinafter provided.
5. The provisions of this division shall apply to all salaries received by federal officials or employees of the United States government as provided for herein.

6. Upon determination of the latest cumulative inflation factor, the director shall multiply each dollar amount set forth in subsection 1, paragraphs “a” through “i” by this cumulative inflation factor, shall round off the resulting product to the nearest one dollar, and shall incorporate the result into the income tax forms and instructions for each tax year.

7. The state income tax of a taxpayer whose net income includes the gain or loss from the forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange of property as a result of actual notice of foreclosure where the fair market value of the taxpayer’s assets exceeds the taxpayer’s liabilities immediately before such forfeiture, transfer, or sale or exchange shall not be greater than such excess, including any asset transferred within one hundred twenty days prior to such forfeiture, transfer, or sale or exchange. For purposes of this subsection, in the case of married taxpayers, except in the case of a husband and wife who live apart at all times during the tax year, the assets and liabilities of both spouses shall be considered in determining if the fair market value of the taxpayer’s assets exceed the taxpayer’s liabilities.

8. In addition to the other taxes imposed by this section, a tax is imposed on the amount of a lump sum distribution for which the taxpayer has elected under section 402(e) of the Internal Revenue Code to be separately taxed for federal income tax purposes for the tax year. The rate of tax is equal to twenty-five percent of the separate federal tax imposed on the amount of the lump sum distribution. A nonresident is liable for this tax only on that portion of the lump sum distribution allocable to Iowa. The total amount of the lump sum distribution subject to separate federal tax shall be included in net income for purposes of determining eligibility under subsections 3 and 3B, as applicable.

9. In the case of income derived from the sale or exchange of livestock which qualifies under section 451(e) of the Internal Revenue Code because of drought, the taxpayer may elect to include the income in the taxpayer’s net income in the tax year following the year of the sale or exchange in accordance with rules prescribed by the director.

10. If an individual’s federal income tax was forgiven for a tax year under section 692 of the Internal Revenue Code, because the individual was killed while serving in an area designated by the president of the United States or the United States Congress as a combat zone, the individual was missing in action and presumed dead, or the individual was killed outside the United States in a terroristic or military action while the individual was a military or civilian employee of the United States, the individual’s Iowa income tax is also forgiven for the same tax year.

11. If a taxpayer repays in the current tax year certain amounts of income that were subject to tax under this division in a prior year and a tax benefit would be allowed under similar circumstances under section 1341 of the Internal Revenue Code, a tax benefit shall be allowed on the Iowa return. The tax benefit shall be the reduced tax for the current tax year due to the deduction for the repaid income or the reduction in tax for the prior year or years due to exclusion of the repaid income. The reduction in tax shall qualify as a refundable tax credit on the return for the current year pursuant to rules prescribed by the director.

However, for tax years ending after August 5, 1997, if the trust is a qualified preneed funeral trust as set forth in section 685 of the Internal Revenue Code and the trustee has elected the special tax treatment under section 685 of the Internal Revenue Code, neither the trust nor the beneficiary is subject to Iowa income tax on income accruing to the trust.

1. Subtract interest and dividends from federal securities.

3. Where the adjusted gross income includes capital gains or losses, or gains or losses from property other than capital assets, and such gains or losses have been determined by using a basis established prior to January 1, 1934, an adjustment may be made, under rules prescribed by the director, to reflect the difference resulting from the use of a basis of cost or January 1, 1934, fair market value, less depreciation allowed or allowable, whichever is higher. 12A. If the adjusted gross income includes income or loss from a business operated by the taxpayer, and if the business does not qualify for the adjustment under subsection 12, an additional deduction shall be allowed in computing the income or loss from the business if the business hired for employment in the state during its annual accounting period ending with or during the taxpayer’s tax year either of the following:

employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct in connection with the individual’s employment as determined by the department of workforce development, the additional deduction shall be allowed.

A taxpayer who is a partner of a partnership or a shareholder of a subchapter S corporation, may deduct that portion of wages qualified under this subsection paid by the partnership or subchapter S corporation based on the taxpayer’s pro rata share of the profits or losses from the partnership or subchapter S corporation.

31. For a person who is disabled, or is fifty-five years of age or older, or is the surviving spouse of an individual or a survivor having an insurable interest in an individual who would have qualified for the exemption under this subsection for the tax year, subtract, to the extent included, the total amount of a governmental or other pension or retirement pay, including, but not limited to, defined benefit or defined contribution plans, annuities, individual retirement accounts, plans maintained or contributed to by an employer, or maintained or contributed to by a self-employed person as an employer, and deferred compensation plans or any earnings attributable to the deferred compensation plans, up to a maximum of six thousand dollars for a person, other than a husband or wife, who files a separate state income tax return and up to a maximum of twelve thousand dollars for a husband and wife who file a joint state income tax return. within this state or income from any property, trust, estate, or other source within Iowa. However, income derived from a business, trade, profession, or occupation carried on within this state and income from any property, trust, estate, or other source within Iowa shall not include distributions from pensions, including defined benefit or defined contribution plans, annuities, individual retirement accounts, and deferred compensation plans or any earnings attributable thereto so long as the distribution is directly related to an individual’s documented retirement and received while the individual is a nonresident of this state. If a business, trade, profession, or occupation is carried on partly within and partly without the state, only the portion of the net income which is fairly and equitably attributable to that part of the business, trade, profession, or occupation carried on within the state is allocated to Iowa for purposes of section 422.5, subsection 1, paragraph “j”, and section 422.13 and income from any property, trust, estate, or other source partly within and partly without the state is allocated to Iowa in the same manner, except that annuities, interest on bank deposits and interest-bearing obligations, and dividends are allocated to Iowa only to the extent to which they are derived from a business, trade, profession, or occupation carried on within the state.

b. A resident’s income allocable to Iowa is the income determined under section 422.7 reduced by items of income and expenses from an S corporation that carries on business within and without the state when those items of income and expenses pass directly to the shareholders under provisions of the Internal Revenue Code. These items of income and expenses are increased by the greater of the following:

1. The net income or loss of the corporation which is fairly and equitably attributable to this state under section 422.33, subsections 2 and 3.

2. Any cash or the value of property distributions which are made only to the extent that they are paid from income upon which Iowa income tax has not been paid, as determined under rules of the director, reduced by the amount of any of these distributions that are made to enable the shareholder to pay federal income tax on items of income, loss, and expenses from the corporation.

3. Taxable income of resident and nonresident estates and trusts shall be allocated in the same manner as individuals.

4. The amount of minimum tax paid to another state or foreign country by a resident taxpayer of this state from preference items derived from sources outside of Iowa shall be allowed as a credit against the tax computed under this division except that the credit shall not exceed what the amount of state alternative minimum tax would have been on the same preference items which were taxed by the other state or foreign country. The limitation on this credit shall be computed according to the following formula: The total of preference items earned outside of Iowa and taxed by another state or foreign country shall be divided by the total of preference items of the resident taxpayer of Iowa. In computing this quotient, those items excludable under section 422.5, subsection 2, paragraph “b”, subparagraph (1), shall not be used in computing the preference items. This quotient multiplied times the net state alternative minimum tax as determined in section 422.5, subsection 2, on the total of preference items as if entirely earned in Iowa shall be the maximum tax credit against the Iowa alternative minimum tax. However, the maximum tax credit will not be allowed to the extent that the minimum tax imposed by the other state or foreign country is less than the maximum tax credit computed above.

5. a. The director may, in accordance with the provisions of this subsection, and when cost-efficient, administratively feasible, and of mutual benefit to both states, enter into reciprocal agreements with tax administration agencies of other states to further tax administration and eliminate duplicate withholding by exempting from Iowa taxation income earned from personal services in Iowa by residents of another state, if the other state provides a tax exemption for the same type of income earned from personal services by Iowa residents in the other state. For purposes of this subsection, “income earned from personal services” means wages, salaries, commissions, and tips, and earned income from other sources. This subsection does not authorize the department to withhold taxes on deferred compensation payments, pension distributions, and annuity payments when paid
to a nonresident of the state of Iowa. All the terms of the agreements shall be described in the rules adopted by the department.

b. A reciprocal agreement entered into on or after April 4, 2002, with a tax administration agency of another state shall not take effect until such agreement has been authorized by a constitutional majority of each house of the general assembly and approved by the governor. A reciprocal agreement in effect on or after January 1, 2002, shall not be terminated by the state of Iowa unless the termination has been authorized by a constitutional majority of each house of the general assembly and approved by the governor. An amendment to an existing reciprocal agreement does not constitute a new agreement.

6. If the resident or part-year resident is a shareholder of an S corporation which has in effect an election under subchapter S of the Internal Revenue Code, subsections 1 and 3 do not apply to any income taxes paid to another state or foreign country on the income from the corporation which has in effect an election under subchapter S of the Internal Revenue Code.

422.9 Deductions from net income.
In computing taxable income of individuals, there shall be deducted from net income the larger of the following amounts:

1. An optional standard deduction, after deduction of federal income tax, equal to one thousand two hundred thirty dollars for a married person who files separately or a single person or equal to three thousand thirty dollars for a husband and wife who file a joint return, a surviving spouse, or a head of household. The optional standard deduction shall not exceed the amount remaining after deduction of the federal income tax. The amount of federal income tax deducted shall be computed as provided in subsection 2, paragraph "b".

2. The total of contributions, interest, taxes, medical expense, nonbusiness losses, and miscellaneous expenses deductible for federal income tax purposes under the Internal Revenue Code, with the following adjustments:
   a. Subtract the deduction for Iowa income taxes.
   b. Add the amount of federal income taxes paid or accrued, as the case may be, during the tax year and subtract any federal income tax refunds received during the tax year. Where married persons, who have filed a joint federal income tax return, file separately, such total shall be divided between them according to the portion of the total paid or accrued, as the case may be, by each. Federal income taxes paid for a tax year in which an Iowa return was not required to be filed shall not be added and federal income tax refunds received from a tax year in which an Iowa return was not required to be filed shall not be subtracted.
   c. Add the amount by which expenses paid or incurred in connection with the adoption of a child by the taxpayer exceed three percent of the net income of the taxpayer, or of the taxpayer and spouse in the case of a joint return. The expenses may include medical and hospital expenses of the biological mother which are incident to the child’s birth and are paid by the taxpayer, welfare agency fees, legal fees, and all other fees and costs relating to the adoption of a child if the child is placed by a child-placing agency licensed under chapter 238 or by a person making an independent placement according to the provisions of chapter 600.
   d. Add an additional deduction for mileage incurred by the taxpayer in voluntary work for a charitable organization consisting of the excess of the state employee mileage reimbursement over the amount deductible for federal income tax purposes. The deduction shall be proven by the keeping of a contemporaneous diary by the person throughout the period of the voluntary work in the tax year.
   e. Add the amount, not to exceed five thousand dollars, of expenses not otherwise deductible under this section actually incurred in the home of the taxpayer for the care of a person who is the grandchild, child, parent, or grandparent of the taxpayer or the taxpayer’s
spouse and who is unable, by reason of physical or mental disability, to live independently and is receiving, or would be eligible to receive if living in a health care facility licensed under chapter 135C, medical assistance benefits under chapter 249A. In the event that the person being cared for is receiving assistance benefits under chapter 239B, the expenses not otherwise deductible shall be the net difference between the expenses actually incurred in caring for the person and the assistance benefits received under chapter 239B.

f. Add the amount of the mortgage interest credit allowable for the tax year under section 25 of the Internal Revenue Code to the extent the credit decreased the amount of interest deductible under section 163(g) of the Internal Revenue Code.

g. If the taxpayer has a deduction for medical care expenses under section 213 of the Internal Revenue Code, the taxpayer shall recompute for the purposes of this subsection the amount of the deduction under section 213 by excluding from medical care, as defined in section 213, the amount subtracted under section 422.7, subsection 29.

h. For purposes of calculating the deductions in this subsection that are authorized under the Internal Revenue Code, and to the extent that any of such deductions is determined by an individual’s federal adjusted gross income, the individual’s federal adjusted gross income is computed in accordance with section 422.7, subsections 39, 39A, 39B, and 53.

i. The deduction for state sales and use taxes is allowable only if the taxpayer elected to deduct the state sales and use taxes in lieu of state income taxes under section 164 of the Internal Revenue Code. A deduction for state sales and use taxes is not allowed if the taxpayer has taken the deduction for state income taxes or claimed the standard deduction under section 63 of the Internal Revenue Code. This paragraph applies to taxable years beginning after December 31, 2003, and before January 1, 2008, and to taxable years beginning after December 31, 2009, and before January 1, 2012.

3. If, after applying all of the adjustments provided for in section 422.7, the allocation provisions of section 422.8, and the deductions allowable in this section subject to the modifications provided in section 172(d) of the Internal Revenue Code, the taxable income results in a net operating loss, the net operating loss shall be deducted as follows:

a. The Iowa net operating loss shall be carried back three taxable years for an individual taxpayer with a casualty or theft property loss or for a net operating loss in a presidentially declared disaster area incurred by a taxpayer engaged in a small business or in the trade or business of farming. For all other Iowa net operating losses, the net operating loss shall be carried back two taxable years or to the taxable year in which the taxpayer first earned income in Iowa whichever year is the later.

b. The Iowa net operating loss remaining after being carried back as required in paragraph “a” or “d” or if not required to be carried back shall be carried forward twenty taxable years.

c. If the election under section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward twenty taxable years.

d. Notwithstanding paragraph “a”, for a taxpayer who is engaged in the trade or business of farming as defined in section 263A(e)(4) of the Internal Revenue Code and has a loss from farming as defined in section 172(b)(1)(F) of the Internal Revenue Code including modifications prescribed by rule by the director, the Iowa loss from the trade or business of farming is a net operating loss which may be carried back five taxable years prior to the taxable year of the loss.

4. Where married persons file separately, both must use the optional standard deduction if either elects to use it, and both must claim itemized deductions if either elects to claim itemized deductions.

5. A taxpayer affected by section 422.8 shall, if the optional standard deduction is not used, be permitted to deduct only such portion of the total referred to in subsection 2 above as is fairly and equitably allocable to Iowa under the rules prescribed by the director.

6. In determining the amount of deduction for federal income tax under subsection 1 or subsection 2, paragraph “b”, for tax years beginning in the 2001 calendar year, the amount of the deduction shall not be adjusted by the amount received during the tax year of the advanced refund of the rate reduction tax credit provided pursuant to the federal Economic
Growth and Tax Relief Reconciliation Act of 2001, Pub. L. No. 107-16, and the advanced refund of such credit shall not be subject to taxation under this division.

7. In determining the amount of deduction for federal income tax under subsection 1 or subsection 2, paragraph "b", for tax years beginning in the 2002 calendar year, the amount of the deduction for the tax year shall not be adjusted by the amount of the rate reduction credit received in the tax year to the extent that the credit is attributable to the rate reduction credit provided pursuant to the federal Economic Growth and Tax Relief Reconciliation Act of 2001, Pub. L. No. 107-16, and the amount of such credit shall not be taxable under this division.

8. In determining the amount of deduction for federal income tax under subsection 1 or subsection 2, paragraph "b", for tax years beginning in the 2008 calendar year, the amount of the deduction for the tax year shall not be adjusted by the amount received during the tax year of the income tax rebate provided pursuant to the federal Recovery Rebates and Economic Stimulus for the American People Act of 2008, Pub. L. No. 110-185, and the amount of such income tax rebate shall not be subject to taxation under this division.

9. A taxpayer is allowed to take the deduction for disaster-related casualty losses under section 165(h) of the Internal Revenue Code, as modified by the Heartland Disaster Relief Act of 2008, Pub. L. No. 110-343, in computing net income for state tax purposes.

422.10 Research activities credit.

1. The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state.

a. (1) For individuals, the credit equals the sum of the following:

   (a) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

   (b) Six and one-half percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

   (2) The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

b. In lieu of the credit amount computed in paragraph “a”, subparagraph (1), subparagraph division (a), a taxpayer may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative simplified credit described in section 41(c)(5) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer’s federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

c. For purposes of the alternate credit computation method in paragraph “b”, the credit
percentages applicable to qualified research expenses described in section 41(c)(5)(A) and clause (ii) of section 41(c)(5)(B) of the Internal Revenue Code are four and fifty-five hundredths percent and one and ninety-five hundredths percent, respectively.

2. For purposes of this section, an individual may claim a research credit incurred by a partnership, S corporation, limited liability company, estate, or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of a partnership, S corporation, limited liability company, estate, or trust.

3. a. For purposes of this section, “base amount”, “basic research payment”, and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative simplified credit such amounts are for research conducted within this state.

b. For purposes of this section, “Internal Revenue Code” means the Internal Revenue Code in effect on January 1, 2012.

4. Any credit in excess of the tax liability imposed by section 422.5 less the amounts of nonrefundable credits allowed under this division for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following taxable year.

5. An individual may claim an additional research activities credit authorized pursuant to section 15.335 if the eligible business is a partnership, S corporation, limited liability company, or estate or trust which elects to have the income taxed directly to the individual. The amount of the credit shall be as provided in section 15.335.

6. The department shall by February 15 of each year issue an annual report to the general assembly containing the total amount of all claims made by employers under this section and the portion of the claims issued as refunds, for all claims processed during the previous calendar year. The report shall contain the name of each claimant for whom a tax credit in excess of five hundred thousand dollars was issued and the amount of the credit received.

The taxes imposed under this division, less the credits allowed under section 422.12, shall be reduced by a franchise tax credit. A taxpayer who is a shareholder in a financial institution, as defined in section 581 of the Internal Revenue Code, which has in effect for the tax year an election under subchapter S of the Internal Revenue Code, or is a member of a financial institution organized as a limited liability company under chapter 524 that is taxed as a partnership for federal income tax purposes, shall compute the amount of the tax credit by recomputing the amount of tax under this division by reducing the taxable income of the taxpayer by the taxpayer’s pro rata share of the items of income and expense of the financial institution and subtracting the credits allowed under section 422.12. This recomputed tax shall be subtracted from the amount of tax computed under this division after the deduction for credits allowed under section 422.12. An industry which has entered into an agreement under chapter 260E and which has increased its base employment level by at least ten percent within the time set in the agreement or, in the case of an industry without a base employment level, adds new jobs within the time set in the agreement is entitled to this new jobs tax credit for the tax year selected by the industry. In determining if the industry has increased its base employment level by ten percent or added new jobs, only those new jobs directly resulting from the project covered by the agreement and those directly related to those new jobs shall be counted. The amount of this credit is equal to the product of six percent of the taxable wages upon which an employer is required to contribute to the state unemployment compensation fund, as defined in section 96.19, subsection 37, times the number of new jobs existing in the tax year that directly result from the project covered by the agreement or new jobs that directly result from those new jobs. The tax year chosen by the industry shall either begin or end during the period beginning with the date of the agreement and ending with the date by which the project is to be completed under the agreement. An individual may claim the new jobs tax credit allowed a partnership, subchapter S corporation, or estate or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of the partnership, subchapter S corporation, or estate or trust. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten tax years or until depleted, whichever is the earlier. For purposes of this section, “agreement”, “industry”, “new job”, and “project” mean the same as defined in section 260E.2 and “base employment level” means the number of full-time jobs an industry employs at the plant site which is covered by an agreement under chapter 260E on the date of that agreement.

6. a. For a retail dealer whose tax year is the same as a determination period beginning on January 1 and ending on December 31, the retail dealer’s tax credit is calculated by multiplying the retail dealer’s total ethanol gallonage by a tax credit rate, which may be adjusted based on the retail dealer’s biofuel threshold percentage disparity. The tax credit rate is as follows:

(1) For any tax year in which the retail dealer has attained a biofuel threshold percentage for the determination period, the tax credit rate is eight cents.

(2) For any tax year in which the retail dealer has not attained a biofuel threshold percentage for the determination period, the tax credit rate shall be adjusted based on the retail dealer’s biofuel threshold percentage disparity. The amount of the adjusted tax credit rate is as follows:

(a) If the retail dealer’s biofuel threshold percentage disparity equals two percent or less, the tax credit rate is six cents.

(b) If the retail dealer’s biofuel threshold percentage disparity equals more than two percent but not more than four percent, the tax credit rate is as follows:

(i) For calendar year 2011, two and one-half cents.

(ii) For calendar year 2012 and for each subsequent calendar year, four cents.

For that period the retail dealer shall calculate the tax credit in the same manner as a retail dealer who will calculate the tax credit on December 31 of that calendar year as provided in paragraph “a”.

Notwithstanding subsections 1 through 5 and sections 422.15 and 422.36, a partnership, a limited liability company whose members are taxed on the company’s income under provisions of the Internal Revenue Code, trust, or corporation whose stockholders are taxed on the corporation’s income under the provisions of the Internal Revenue Code may,
not later than the due date for filing its return for the taxable year, including any extension thereof, elect to file a composite return for the nonresident partners, members, beneficiaries, or shareholders. Nonresident trusts or estates which are partners, members, beneficiaries, or shareholders in partnerships, limited liability companies, trusts, or S corporations may also be included on a composite return. The director may require that a composite return be filed under the conditions deemed appropriate by the director. A partnership, limited liability company, trust, or corporation filing a composite return is liable for tax required to be shown due on the return.

b. Notwithstanding subsections 1 through 5 and sections 422.15 and 422.36, if the director determines that it is necessary for the efficient administration of this chapter, the director may require that a composite return be filed for nonresidents other than nonresident partners, members, beneficiaries or shareholders in partnerships, limited liability companies, trusts, or S corporations.

c. All powers of the director and requirements of the director apply to returns filed under this subsection including but not limited to the provisions of this division and division VI of this chapter.

1. Every person or corporation being a resident of or having a place of business in this state, including lessees or mortgagees of real or personal property, fiduciaries, employers and all officers and employees of the state or of any political subdivision of the state, or agent of the person or corporation, having the control, receipt, custody, disposal or payment of interest (other than interest coupons payable to bearer), rent, salaries, wages, premiums, annuities, compensations, remunerations, emoluments, unemployment compensation, royalties, patronage dividends, or other fixed or determinable annual or periodical gains, profits and income, in an amount sufficient to require that an information return be filed under the Internal Revenue Code if the income is subject to federal tax, paid or payable during any year to any individual, whether a resident of this state or not, shall make a complete information return under such regulations and in such form and manner and to such extent as may be prescribed by the director. However, the person or corporation shall not be required to file an information return if the information is available to the department from the internal revenue service.

2. Every partnership including limited partnerships organized under chapter 488, having a place of business in the state, shall make a return, stating specifically the net income and
capital gains (or losses) reported on the federal partnership return, the names and addresses of the partners, and their respective shares in said amounts.

3. Every fiduciary shall make a return for the individual, estate, or trust for whom or for which the fiduciary acts, and shall set forth in such return the taxable income, the names and addresses of the beneficiaries, and the amounts distributed or distributable to each as reported on the federal fiduciary income tax return. Such return may be made by one or two or more joint fiduciaries.

422.16 Withholding of income tax at source — penalties — interest — declaration of estimated tax — bond.

1. a. Every withholding agent and every employer as defined in this chapter and further defined in the Internal Revenue Code, with respect to income tax collected at source, making payment of wages to a nonresident employee working in Iowa, or to a resident employee, shall deduct and withhold from the wages an amount which will approximate the employee’s annual tax liability on a calendar year basis, calculated on the basis of tables to be prepared by the department and schedules or percentage rates, based on the wages, to be prescribed by the department. Every employee or other person shall declare to the employer or withholding agent the number of the employee’s or other person’s personal allowances to be used in applying the tables and schedules or percentage rates. However, no greater number of allowances may be declared by the employee or other person than the number to which the employee or other person is entitled except as allowed under sections 3402(m)(1) and 3402(m)(3) of the Internal Revenue Code and as allowed for the child and dependent care credit provided in section 422.12C. The claiming of allowances in excess of entitlement is a serious misdemeanor.

b. Nonresidents engaged in any facet of feature film, television, or educational production using the film or videotape disciplines in the state are not subject to Iowa withholding if the employer has applied to the department for exemption from the withholding requirement and the department has determined that any nonresident receiving wages would be entitled to a credit against Iowa income taxes paid.

c. For the purposes of this subsection, state income tax shall be withheld from pensions, annuities, other similar periodic payments, and other income payments of those persons whose primary residence is in Iowa in those circumstances in which those persons have federal income tax withheld from pensions, annuities, other similar periodic payments, and other income payments under sections 3402(o), 3402(p), 3402(s), 3405(a), 3405(b), and 3405(c) of the Internal Revenue Code at a rate to be specified by the department.

d. For the purposes of this subsection, state income tax shall be withheld on winnings in excess of six hundred dollars derived from gambling activities authorized under chapter 99B or 99G. State income tax shall be withheld on winnings in excess of one thousand dollars from gambling activities authorized under chapter 99D. State income tax shall be withheld on winnings in excess of twelve hundred dollars derived from slot machines authorized under chapter 99F.

e. For the purposes of this subsection, state income tax at the rate of six percent shall be withheld from supplemental wages of employees in those circumstances in which the employer treats the supplemental wages as wholly separate from regular wages for purposes of withholding and federal income tax is withheld from the supplemental wages under section 3402(g) of the Internal Revenue Code.

2. a. A withholding agent required to deduct and withhold tax under subsections 1 and 12
shall file a return and remit to the department the amount of tax on or before the last day of the month following the close of the quarterly period on forms prescribed by the director. However, a withholding agent who withholds more than five hundred dollars in any one month and not more than five thousand dollars in a semimonthly period shall deposit with the department the amount withheld, with a monthly deposit form as prescribed by the director. The monthly deposit form is due on or before the fifteenth day of the month following the month of withholding, except that a deposit is not required for the third month of the calendar quarter. The total quarterly amount, less the amounts deposited for the first two months of the quarter, is due with the quarterly return due on or before the last day of the month following the close of the quarterly period on forms prescribed by the director. However, a withholding agent who withholds more than five thousand dollars in a semimonthly period shall deposit with the department the amount withheld, with a semimonthly deposit form as prescribed by the director. The first semimonthly deposit form for the period from the first of the month through the fifteenth of the month is due on the twenty-fifth day of the month in which the withholding occurs. The second semimonthly deposit form for the period from the sixteenth of the month through the end of the month is due on the tenth day of the month following the month in which the withholding occurs. A withholding agent must also file a quarterly return which reconciles the amount of tax withheld for the quarter with the amount of semimonthly deposits. The quarterly return is due on or before the last day of the month following the close of the quarterly period on forms prescribed by the director.

b. Every withholding agent on or before the end of the second month following the close of the calendar year in which the withholding occurs shall make an annual reporting of taxes withheld and other information prescribed by the director and send to the department copies of wage and tax statements with the return. At the discretion of the director, the withholding agent shall not be required to send wage statements and tax statements with the annual reporting return form if the information is available from the internal revenue service or other state or federal agencies.

c. If the director has reason to believe that the collection of the tax provided for in subsections 1 and 12 is in jeopardy, the director may require the employer or withholding agent to make the report and pay the tax at any time, in accordance with section 422.30. The director may authorize incorporated banks, trust companies, or other depositories authorized by law which are depositories or financial agents of the United States or of this state, to receive any tax imposed under this chapter, in the manner, at the times, and under the conditions the director prescribes. The director shall also prescribe the manner, times, and conditions under which the receipt of the tax by those depositories is to be treated as payment of the tax to the department.

d. The director, in cooperation with the department of management, may periodically change the filing and remittance thresholds by administrative rule if in the best interest of the state and the taxpayer.

3. Every withholding agent employing not more than two persons who expects to employ either or both of such persons for the full calendar year may, with respect to such persons, pay with the withholding tax return due for the first calendar quarter of the year the full amount of income taxes required to be withheld from the wages of such persons for the full calendar year. The amount to be paid shall be computed as if the employee were employed for the full calendar year for the same wages and with the same pay periods as prevailed during the first quarter of the year with respect to such employee. No such lump sum payment of withheld income tax shall be made without the written consent of all employees involved. The withholding agent shall be entitled to recover from the employee any part of such lump sum payment that represents an advance to the employee. If a withholding agent pays a lump sum with the first quarterly return the withholding agent shall be excused from filing further quarterly returns for the calendar year involved unless the withholding agent hires other or additional employees.

4. Every withholding agent who fails to withhold or pay to the department any sums required by this chapter to be withheld and paid, shall be personally, individually, and corporately liable therefor to the state of Iowa, and any sum or sums withheld in accordance with the provisions of subsections 1 and 12, shall be deemed to be held in trust for the state
of Iowa. Notwithstanding section 489.304, this subsection applies to a member or manager of a limited liability company.

5. In the event a withholding agent fails to withhold and pay over to the department any amount required to be withheld under subsections 1 and 12 of this section, such amount may be assessed against such employer or withholding agent in the same manner as prescribed for the assessment of income tax under the provisions of divisions II and VI of this chapter.

6. Whenever the director determines that any employer or withholding agent has failed to withhold or pay over to the department sums required to be withheld under subsections 1 and 12 of this section the unpaid amount thereof shall be a lien as defined in section 422.26, shall attach to the property of said employer or withholding agent as therein provided, and in all other respects the procedure with respect to such lien shall apply as set forth in said section 422.26.

7. a. Every withholding agent required to deduct and withhold a tax under subsections 1 and 12 of this section shall furnish to such employee, nonresident, or other person in respect of the remuneration paid by such employer or withholding agent to such employee, nonresident, or other person during the calendar year, on or before January 31 of the succeeding year, or, in the case of employees, if the employee’s employment is terminated before the close of such calendar year, within thirty days from the day on which the last payment of wages is made, if requested by such employee, but not later than January 31 of the following year, a written statement showing the following:

(1) The name and address of such employer or withholding agent, and the identification number of such employer or withholding agent.

(2) The name of the employee, nonresident, or other person and that person’s federal social security account number, together with the last known address of such employee, nonresident, or other person to whom wages have been paid during such period.

(3) The gross amount of wages, or other taxable income, paid to the employee, nonresident, or other person.

(4) The total amount deducted and withheld as tax under the provisions of subsections 1 and 12 of this section.

(5) The total amount of federal income tax withheld.

b. The statements required to be furnished by this subsection in respect of any wages or other taxable Iowa income shall be in such form or forms as the director may, by regulation, prescribe.

8. An employer or withholding agent shall be liable for the payment of the tax required to be deducted and withheld or the amount actually deducted, whichever is greater, under subsections 1 and 12 of this section; and any amount deducted and withheld as tax under subsections 1 and 12 of this section during any calendar year upon the wages of any employee, nonresident, or other person shall be allowed as a credit to the employee, nonresident, or other person against the tax imposed by section 422.5, irrespective of whether or not such tax has been, or will be, paid over by the employer or withholding agent to the department as provided by this chapter.

9. The amount of any overpayment of the individual income tax liability of the employee taxpayer, nonresident, or other person which may result from the withholding and payment of withheld tax by the employer or withholding agent to the department under subsections 1 and 12, as compared to the individual income tax liability of the employee taxpayer, nonresident, or other person properly and correctly determined under the provisions of section 422.4, to and including section 422.25, may be credited against any income tax or installment thereof due the state of Iowa and any balance of one dollar or more shall be refunded to the employee taxpayer, nonresident, or other person with interest at the rate in effect under section 421.7 for each month or fraction of a month, the interest to begin to accrue on the first day of the second calendar month following the date the return was due to be filed or was filed, whichever is the later date. Amounts less than one dollar shall be refunded to the taxpayer, nonresident, or other person only upon written application, in accordance with section 422.73, and only if the application is filed within twelve months after the due date of the return. Refunds in the amount of one dollar or more provided for by this subsection shall be paid by the treasurer of state by warrants drawn by the director of the department.
of administrative services, or an authorized employee of the department, and the taxpayer’s return of income shall constitute a claim for refund for this purpose, except in respect to amounts of less than one dollar. There is appropriated, out of any funds in the state treasury not otherwise appropriated, a sum sufficient to carry out the provisions of this subsection.

10. a. An employer or withholding agent required under this chapter to furnish a statement required by this chapter who willfully furnishes a false or fraudulent statement, or who willfully fails to furnish the statement is, for each failure, subject to a civil penalty of five hundred dollars, the penalty to be in addition to any criminal penalty otherwise provided by the Code.

b. In addition to the tax or additional tax, any person or withholding agent shall pay a penalty as provided in section 421.27. The taxpayer shall also pay interest on the tax or additional tax at the rate in effect under section 421.7, for each month counting each fraction of a month as an entire month, computed from the date the semimonthly, monthly, or quarterly deposit form was required to be filed. The penalty and interest become a part of the tax due from the withholding agent.

c. If any withholding agent, being a domestic or foreign corporation, required under the provisions of this section to withhold on wages or other taxable Iowa income subject to this chapter, fails to withhold the amounts required to be withheld, make the required returns or remit to the department the amounts withheld, the director may, having exhausted all other means of enforcement of the provisions of this chapter, certify such fact or facts to the secretary of state, who shall thereupon cancel the articles of incorporation or certificate of authority (as the case may be) of such corporation, and the rights of such corporation to carry on business in the state of Iowa shall thereupon cease. The secretary of state shall immediately notify by registered mail such domestic or foreign corporation of the action taken by the secretary of state. The provisions of section 422.40, subsection 3, shall be applicable.

d. The department shall upon request of any fiduciary furnish said fiduciary with a certificate of acquittance showing that no liability as a withholding agent exists with respect to the estate or trust for which said fiduciary acts, provided the department has determined that there is no such liability.

11. a. A person or married couple filing a return shall make estimated tax payments if the person’s or couple’s Iowa income tax attributable to income other than wages subject to withholding can reasonably be expected to amount to two hundred dollars or more for the taxable year; except that, in the cases of farmers and fishermen, the exceptions provided in the Internal Revenue Code with respect to making estimated payments apply. The estimated tax shall be paid in quarterly installments. The first installment shall be paid on or before the last day of the fourth month of the taxpayer’s tax year for which the estimated payments apply. The other installments shall be paid on or before the last day of the sixth month of the tax year, the last day of the ninth month of the tax year, and the last day of the first month after the tax year. However, at the election of the person or married couple, an installment of the estimated tax may be paid prior to the date prescribed for its payment. If a person or married couple filing a return has reason to believe that the person’s or couple’s Iowa income tax may increase or decrease, either for purposes of meeting the requirement to make estimated tax payments or for the purpose of increasing or decreasing estimated tax payments, the person or married couple shall increase or decrease any subsequent estimated tax payments accordingly.

b. In the case of persons or married couples filing jointly, the total balance of the tax payable after credits for taxes paid through withholding, as provided in subsection 1 of this section, or through payment of estimated tax, or a combination of withholding and estimated tax payments is due and payable on or before April 30 following the close of the calendar year, or if the return is to be made on the basis of a fiscal year, then on or before the last day of the fourth month following the close of the fiscal year.

c. If a taxpayer is unable to make the taxpayer’s estimated tax payments, the payments may be made by a duly authorized agent, or by the guardian or other person charged with the care of the person or property of the taxpayer.

d. Any amount of estimated tax paid is a credit against the amount of tax found payable on a final, completed return, as provided in subsection 9, relating to the credit for the tax
withheld against the tax found payable on a return properly and correctly prepared under sections 422.5 through 422.25, and any overpayment of one dollar or more shall be refunded to the taxpayer and the return constitutes a claim for refund for this purpose. Amounts less than one dollar shall not be refunded. The method provided by the Internal Revenue Code for determining what is applicable to the addition to tax for underpayment of the tax payable applies to persons required to make payments of estimated tax under this section except the amount to be added to the tax for underpayment of estimated tax is an amount determined at the rate in effect under section 421.7. This addition to tax specified for underpayment of the tax payable is not subject to waiver provisions relating to reasonable cause, except as provided in the Internal Revenue Code. Underpayment of estimated tax shall be determined in the same manner as provided under the Internal Revenue Code and the exceptions in the Internal Revenue Code also apply.

e. In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return for the taxable year credited to the taxpayer’s tax liability for the following taxable year.

12. a. In the case of nonresidents having income subject to taxation by Iowa, but not subject to withholding of such tax under subsection 1 hereof, withholding agents shall withhold from such income at the same rate as provided in subsection 1 hereof, and such withholding agents and such nonresidents shall be subject to the provisions of this section, according to the context, except that such withholding agents may be absolved of such requirement to withhold taxes from such nonresident’s income upon receipt of a certificate from the department issued in accordance with the provisions of section 422.17, as hereby amended. In the case of nonresidents having income from a trade or business carried on by them in whole or in part within the state of Iowa, such nonresident shall be considered to be subject to the provisions of this subsection unless such trade or business is of such nature that the business entity itself, as a withholding agent, is required to and does withhold Iowa income tax from the distributions made to such nonresident from such trade or business.

b. Notwithstanding this subsection, withholding agents are not required to withhold state income tax from payments subject to taxation made to nonresidents for commodity credit certificates, grain, livestock, domestic fowl, or other agricultural commodities or products sold to the withholding agents by the nonresidents or their representatives, if the withholding agents provide on forms prescribed by the department information relating to the sales required by the department to determine the state income tax liabilities of the nonresidents. However, the withholding agents may elect to make estimated tax payments on behalf of the nonresidents on the basis of the net incomes of the nonresidents from the agricultural commodities or products, if the estimated tax payments are made on or before the last day of the first month after the end of the tax years of the nonresidents.

c. Notwithstanding this subsection, withholding agents are not required to withhold state income tax from a partner’s pro rata share of income from a publicly traded partnership, as defined in section 7704(b) of the Internal Revenue Code, provided that the publicly traded partnership files with the department an information return that reports the name, address, taxpayer identification number, and any other information requested by the department for each unit holder with an income in this state from the publicly traded partnership in excess of five hundred dollars.

13. The director shall enter into an agreement with the secretary of the treasury of the United States with respect to withholding of income tax as provided by this chapter, pursuant to an Act of Congress, section 1207 of the Tax Reform Act of 1976, Pub. L. No. 94-455, amending 5 U.S.C. § 5517.

14. a. The director may, when necessary and advisable in order to secure the collection of the tax required to be deducted and withheld or the amount actually deducted, whichever is greater, require an employer or withholding agent to file with the director a bond, issued by a surety company authorized to conduct business in this state and approved by the insurance commissioner as to solvency and responsibility, in an amount as the director may fix, to secure the payment of the tax and penalty due or which may become due. In lieu of the bond, securities shall be kept in the custody of the department and may be sold by the director at public or private sale, without notice to the depositor, if it becomes necessary to do so in
order to recover any tax and penalty due. Upon a sale, any surplus above the amounts due under this section shall be returned to the employer or withholding agent who deposited the securities.

b. If the withholding agent fails to file the bond as requested by the director to secure collection of the tax, the withholding agent is subject to penalty for failure to file the bond. The penalty is equal to fifteen percent of the tax the withholding agent is required to withhold on an annual basis. However, the penalty shall not exceed five thousand dollars.

Upon the completion by a business of its repayment obligation for a training project funded under chapter 260E, including a job training project funded under section 15A.8 or repaid in whole or in part by the supplemental new jobs credit from withholding under section 15A.7 or section 15E.197, the sponsoring community college shall report to the economic development authority the amount of withholding paid by the business to the community college during the final twelve months of withholding payments. The economic development authority shall notify the department of revenue of that amount. The department shall credit to the workforce development fund account established in section 15.342A twenty-five percent of that amount each quarter for a period of ten years. If the amount of withholding from the business or employer is insufficient, the department shall prorate the quarterly amount credited to the workforce development fund account. The maximum amount from all employers which shall be transferred to the workforce development fund account in any year is four million dollars.

1. Returns shall be in the form the director prescribes, and shall be filed with the department on or before the last day of the fourth month after the expiration of the tax year.
However, cooperative associations as defined in section 6072(d) of the Internal Revenue Code shall file their returns on or before the fifteenth day of the ninth month following the close of the taxable year and nonprofit corporations subject to the unrelated business income tax imposed by section 422.33, subsection 1A, shall file their returns on or before the fifteenth day of the fifth month following the close of the taxable year. If, under the Internal Revenue Code, a corporation is required to file a return covering a tax period of less than twelve months, the state return shall be for the same period and is due forty-five days after the due date of the federal tax return, excluding any extension of time to file. In case of sickness, absence, or other disability, or if good cause exists, the director may allow further time for filing returns. The director shall cause to be prepared blank forms for the returns and shall cause them to be distributed throughout the state and to be furnished upon application, but failure to receive or secure the form does not relieve the taxpayer from the obligation of making a return that is required. The department may as far as consistent with the Code draft income tax forms to conform to the income tax forms of the internal revenue department of the United States government. Each return by a taxpayer upon whom a tax is imposed by section 422.5 shall show the county of the residence of the taxpayer.

2. An individual in the armed forces of the United States serving in an area designated by the president of the United States or the United States Congress as a combat zone or as a qualified hazardous duty area, or deployed outside the United States away from the individual’s permanent duty station while participating in an operation designated by the United States secretary of defense as a contingency operation as defined in 10 U.S.C. § 101(a)(13), or which became such a contingency operation by the operation of law, or an individual serving in support of those forces, is allowed the same additional time period after leaving the combat zone or the qualified hazardous duty area, or ceasing to participate in such contingency operation, or after a period of continuous hospitalization, to file a state income tax return or perform other acts related to the department, as would constitute timely filing of the return or timely performance of other acts described in section 7508(a) of the Internal Revenue Code. An individual on active duty federal military service in the armed forces, armed forces military reserve, or national guard who is deployed outside the United States in other than a combat zone, qualified hazardous duty area, or contingency operation is allowed the same additional period of time described in section 7508(a) of the Internal Revenue Code to file a state income tax return or perform other acts related to the department. For the purposes of this subsection, “other acts related to the department” includes filing claims for refund for any tax administered by the department, making tax payments other than withholding payments, filing appeals on the tax matters, filing other tax returns, and performing other acts described in the department’s rules. The additional time period allowed applies to the spouse of the individual described in this subsection to the extent the spouse files jointly or separately on the combined return form with the individual or when the spouse is a party with the individual to any matter for which the additional time period is allowed.

3. The department shall make available to persons required to make personal income tax returns under the provisions of this chapter, and when such income is derived mainly from salaries and wages or from the operation of a business or profession, a form which shall take into consideration the normal deductions and credits allowable to any such taxpayer, and which will permit the computation of the tax payable without requiring the listing of specific deductions and credits. In arriving at schedules for payment of taxation under such forms the department shall as nearly as possible base such schedules upon a total of deductions and credits which will result in substantially the same payment as would have been made by such taxpayer were the taxpayer to specifically list the taxpayer’s allowable deductions and credits. In lieu of such return any taxpayer may elect to list permissible deductions and credits as provided by law. It is the intent and purpose of this provision to simplify the procedure of collection of personal income tax, and the director shall have the power in any case when deemed necessary or advisable to require any taxpayer, who has made a return in accordance with the schedule herein provided for, to make an additional return in which all deductions and credits are specifically listed. The department may revise the schedules adopted in connection with such simplified form whenever such revision is necessitated by
changes in federal income tax laws, or to maintain the collection of substantially the same amounts from taxpayers as would be received were the specific listing of deductions and credits required.

4. The department shall provide space on the prescribed income tax form, wherein the taxpayer shall enter the name of the school district of the taxpayer’s residence. Such place shall be indicated by prominent type. A nonresident taxpayer shall so indicate. If such information is not supplied on the tax return it shall be deemed an incomplete return.

5. The director shall determine for the 1989 and each subsequent calendar year the annual and cumulative inflation factors for each calendar year to be applied to tax years beginning on or after January 1 of that calendar year. The director shall compute the new dollar amounts as specified to be adjusted in section 422.5 by the latest cumulative inflation factor and round off the result to the nearest one dollar. The annual and cumulative inflation factors determined by the director are not rules as defined in section 17A.2, subsection 11. The director shall determine for the 1990 calendar year and each subsequent calendar year the annual and cumulative standard deduction factors to be applied to tax years beginning on or after January 1 of that calendar year. The director shall compute the new dollar amounts of the standard deductions specified in section 422.9, subsection 1, by the latest cumulative standard deduction factor and round off the result to the nearest ten dollars. The annual and cumulative standard deduction factors determined by the director are not rules as defined in section 17A.2, subsection 11.

6. The department shall provide on income tax forms or in the instruction booklets in a manner that will be noticeable to the taxpayers a statement that, even though the taxpayer may not have any federal or state income tax liability, the taxpayer may be eligible for the federal earned income tax credit or state child and dependent care credit. The statement shall also contain notice of where the taxpayer may check on the taxpayer’s eligibility for these credits.

7. If married taxpayers file a joint return or file separately on a combined return in accordance with rules prescribed by the director, both spouses are jointly and severally liable for the total tax due on the return, except when one spouse is considered to be an innocent spouse under criteria established pursuant to section 6015 of the Internal Revenue Code.

422.22 Supplementary returns.

If the director shall be of the opinion that any taxpayer required under this division to file a return has failed to file such a return or to include in a return filed, either intentionally or through error, items of taxable income, the director may require from such taxpayer a return or supplementary return in such form as the director shall prescribe, of all the items of income which the taxpayer received during the year for which the return is made, whether or not taxable under the provisions of this division. If from a supplementary return, or otherwise, the director finds that any items of income, taxable under this division, have been omitted from the original return, the director may require the items so omitted to be added to the original return. Such supplementary return and the correction of the original return shall not relieve the taxpayer from any of the penalties to which the taxpayer may be liable under any provisions of this division, whether or not the director required a return or a supplementary return under this section.

The return by an individual, who, while living, was subject to income tax in the state during the tax year, and who has died before making the return, shall be made in the individual’s name and behalf by the administrator or executor of the estate and the tax shall be levied upon and collected from the individual’s estate. In the making of said return, the executor or administrator shall use the same method of computation, either cash or accrual, as was last used by the deceased taxpayer.

1. For all taxpayers the total tax due shall be paid in full at the time of filing the return.
2. When, at the request of the taxpayer, the time for filing the return is extended, interest at the rate in effect under section 421.7 for each month counting each fraction of a month as an entire month, on the total tax due, from the time when the return was required to be filed to the time of payment, shall be added and paid.

§422.25 Computation of tax, interest, and penalties — limitation.
1. a. Within three years after the return is filed or within three years after the return became due, including any extensions of time for filing, whichever time is the later, the department shall examine the return and determine the tax. However, if the taxpayer omits from income an amount which will, under the Internal Revenue Code, extend the statute of limitations for assessment of federal tax to six years under the federal law, the period for examination and determination is six years. In addition to the applicable period of limitation for examination and determination, the department may make an examination and determination at any time within six months from the date of receipt by the department of written notice from the taxpayer of the final disposition of any matter between the taxpayer and the internal revenue service with respect to the particular tax year. In order to begin the running of the six-month period, the notice shall be in writing in any form sufficient to inform the department of the final disposition with respect to that year, and a copy of the federal document showing the final disposition or final federal adjustments shall be attached to the notice.

b. The period for examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax or in the case of a failure to file a return. In lieu of the period of limitation for any prior year for which an overpayment of tax or an elimination or reduction of an underpayment of tax due for that prior year results from the carryback to that prior year of a net operating loss or net capital loss, the period is the period of limitation for the taxable year of the net operating loss or net capital loss which results in the carryback. If the tax found due is greater than the amount paid, the department shall compute the amount due, together with interest and penalties as provided in subsection 2, and shall mail a notice of assessment to the taxpayer and, if applicable, to the taxpayer’s authorized representative of the total, which shall be computed as a sum certain if paid on or before the last day of the month in which the notice is dated, or on or before the last day of the following month if the notice is dated after the twentieth day of any month. The notice shall also inform the taxpayer of the additional interest and penalty which will be added to the total due if not paid on or before the last day of the applicable month.

2. In addition to the tax or additional tax determined by the department under subsection 1, the taxpayer shall pay interest on the tax or additional tax at the rate in effect under section 421.7 for each month counting each fraction of a month as an entire month, computed from
the date the return was required to be filed. In addition to the tax or additional tax, the taxpayer shall pay a penalty as provided in section 421.27.

3. If the amount of the tax as determined by the department is less than the amount paid, the excess shall be refunded with interest, the interest to begin to accrue on the first day of the second calendar month following the date of payment or the date the return was due to be filed, or the extended due date by which the return was due to be filed if ninety percent of the tax was paid by the original due date, or was filed, whichever is the latest, at the rate in effect under section 421.7 counting each fraction of a month as an entire month under the rules prescribed by the director. If an overpayment of tax results from a net operating loss or net capital loss which is carried back to a prior year, the overpayment, for purposes of computing interest on refunds, shall be considered as having been made on the date a claim for refund or amended return carrying back the net operating loss or net capital loss is filed with the department or on the first day of the second calendar month following the date of the actual payment of the tax, whichever is later. However, when the net operating loss or net capital loss carryback to a prior year eliminates or reduces an underpayment of tax due for an earlier year, the full amount of the underpayment of tax shall bear interest at the rate in effect under section 421.7 for each month counting each fraction of a month as an entire month from the due date of the tax for the earlier year to the last day of the taxable year in which the net operating loss or net capital loss occurred.

4. All payments received must be credited first, to the penalty and interest accrued, and then to the tax due. For purposes of this subsection, the department shall not reapply prior payments made by the taxpayer to penalty or interest determined to be due after the date of those prior payments, except that the taxpayer and the department may agree to apply payments in accordance with rules adopted by the director when there are both agreed and unagreed to items as a result of an examination.

5. A person or withholding agent required to supply information, to pay tax, or to make, sign, or file a deposit form or return required by this division, who willfully makes a false or fraudulent deposit form or return, or willfully fails to pay the tax, supply the information, or make, sign, or file the deposit form or return, at the time or times required by law, is guilty of a fraudulent practice.

6. The certificate of the director to the effect that a tax has not been paid, that a return has not been filed, or that information has not been supplied, as required under the provisions of this division shall be prima facie evidence thereof except as otherwise provided in this section.

7. The periods of limitation provided by this section may be extended by the taxpayer by signing a waiver agreement to be provided by the department. The agreement shall stipulate the period of extension and the year or years to which the extension applies. It shall provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

8. A person or withholding agent who willfully attempts in any manner to defeat or evade a tax imposed by this division or the payment of the tax, upon conviction for each offense is guilty of a class "D" felony.

9. A prosecution for any offense defined in this section must be commenced within six years after the commission thereof, and not after.

10. If a taxpayer files an amended return within sixty days prior to the expiration of the applicable period of limitations described in subsection 1, the department has sixty days from the date of receipt of the amended return to issue an assessment for any applicable tax, interest, or penalty.

422.26 Lien of tax — collection — action authorized.

1. Whenever any taxpayer liable to pay a tax and penalty imposed refuses or neglects to pay the same, the amount, including any interest, penalty, or addition to such tax, together with the costs that may accrue in addition thereto, shall be a lien in favor of the state upon all property and rights to property, whether real or personal, belonging to said taxpayer.

2. The lien shall attach at the time the tax becomes due and payable and shall continue for ten years from the date an assessment is issued unless sooner released or otherwise discharged. The lien may, within ten years from the date an assessment is issued, be extended by filing for record a notice with the appropriate county official of any county and from the time of such filing, the lien shall be extended to the property in such county for ten years, unless sooner released or otherwise discharged, with no limit on the number of extensions. The director shall charge off any account whose lien is allowed to lapse and may charge off any account and release the corresponding lien before the lien has lapsed if the director determines under uniform rules prescribed by the director that the account is uncollectible or collection costs involved would not warrant collection of the amount due.

3. In order to preserve the aforesaid lien against subsequent mortgagees, purchasers or judgment creditors, for value and without notice of the lien, on any property situated in a county, the director shall file with the recorder of the county, in which said property is located, a notice of said lien.

4. a. The county recorder of each county shall keep in the recorder’s office an index containing the applicable entries in sections 558.49 and 558.52 and showing the following data, under the names of taxpayers, arranged alphabetically:

   (1) The name of the taxpayer.
   (2) The name “State of Iowa” as claimant.
   (3) Time notice of lien was filed for recording.
   (4) Date of notice.
   (5) Amount of lien then due.
   (6) Date of assessment.
   (7) When satisfied.

   b. The recorder shall endorse on each notice of lien the day, hour, and minute when filed for recording and the document reference number, shall preserve the same, and shall index the notice in the index and shall record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.

5. The department shall pay recording fees as provided in section 331.604, for the recording of the lien, or for its satisfaction.

6. Upon the payment of a tax as to which the director has filed notice with a county recorder, the director shall forthwith file with said recorder a satisfaction of said tax and the recorder shall enter said satisfaction on the notice on file in the recorder’s office and indicate said fact on the index aforesaid.

7. a. The department shall, substantially as provided in this chapter and chapter 626, proceed to collect all taxes and penalties as soon as practicable after they become delinquent, except that no property of the taxpayer is exempt from payment of the tax. If service has not been made on a distress warrant by the officer to whom addressed within five days from the date the distress warrant was received by the officer, the authorized revenue agents of the department may serve and make return of the warrant to the clerk of the district court of the county named in the distress warrant, and all subsequent procedure shall be in compliance with chapter 626.

   b. The distress warrant shall be in a form as prescribed by the director. It shall be directed to the sheriff of the appropriate county and it shall identify the taxpayer, the tax type,
the delinquent amount. It shall direct the sheriff to distrain, seize, garnish, or levy upon, and sell, as provided by law, any real or personal property belonging to the taxpayer to satisfy the amount of the delinquency plus costs. It shall also direct the sheriff to make due and prompt return to the department or to the district court under chapters 626 and 642 of all amounts collected.

8. The attorney general shall, upon the request of the director, bring an action at law or in equity, as the facts may justify, without bond, to enforce payment of any taxes and penalties, and in such action the attorney general shall have the assistance of the county attorney of the county in which the action is pending.

9. It is expressly provided that the foregoing remedies of the state shall be cumulative and that no action taken by the director or attorney general shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy provided by law.

10. For purposes of this section, “assessment issued” means the most recent assessment against the taxpayer for the tax type and tax period.

422.27 Final report of fiduciary — conditions.

1. A final account of a personal representative, as defined in section 450.1, shall not be allowed by any court unless the account shows, and the judge of the court finds, that all taxes imposed by this division upon the personal representative, which have become payable, have been paid, and that all taxes which may become due are secured by bond or deposit, or are otherwise secured. The certificate of acquittances of the department of revenue is conclusive as to the payment of the tax to the extent of the acquaintance. This subsection does not apply if all property in the estate of a decedent is held in joint tenancy with right of survivorship by husband and wife alone.

2. For the purpose of facilitating the settlement and distribution of estates held by fiduciaries, the director may, on behalf of the state, agree upon the amount of taxes at any time due or to become due from such fiduciaries under the provisions of this division, and payment in accordance with such agreement shall be full satisfaction of the taxes to which the agreement relates.

422.28 Revision of tax.

A taxpayer may appeal to the director for revision of the tax, interest, or penalties assessed at any time within sixty days from the date of the notice of the assessment of tax, additional tax, interest, or penalties. The director shall grant a hearing and if, upon the hearing, the director determines that the tax, interest, or penalties are excessive or incorrect, the director shall revise them according to the law and the facts and adjust the computation of the tax, interest, or penalties accordingly. The director shall notify the taxpayer by mail of the result of the hearing and shall refund to the taxpayer the amount, if any, paid in excess of the tax, interest, or penalties found by the director to be due, with interest accruing from the first day
of the second calendar month following the date of payment by the taxpayer at the rate in effect under section 421.7 for each month or fraction of a month.

§422.29 Judicial review.
1. Judicial review of actions of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county in which the petitioner resides, or in which the petitioner’s principal place of business is located, or in the case of a nonresident not maintaining a place of business in this state either in any county in which the income involved was earned or derived or in Polk county, within sixty days after the petitioner shall have received notice of a determination by the director as provided for in section 422.28.

2. For cause and upon a showing by the director that collection of the tax in dispute is in doubt, the court may order the petitioner to file with the clerk a bond for the use of the respondent, with sureties approved by the clerk, in the amount of tax appealed from, conditioned that the petitioner shall perform the orders of the court.

3. An appeal may be taken by the taxpayer or the director to the supreme court of this state irrespective of the amount involved.

§422.30 Jeopardy assessments.
If the director believes that the assessment or collection of taxes will be jeopardized by delay, the director may immediately make an assessment of the estimated amount of tax due, together with all interest, additional amounts, or penalties, as provided by law. The director shall serve the taxpayer by regular mail at the taxpayer’s last known address or in person, with a written notice of the amount of tax, interest, and penalty due, which notice may include a demand for immediate payment. b. “Business income” means income arising from transactions and activity in the regular course of the taxpayer’s trade or business; or income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer’s regular trade or business operations; or gain or loss resulting from the sale, exchange, or other disposition of real property or of tangible or intangible personal property, if the property while owned by the taxpayer was operationally related to the taxpayer’s trade or business carried on in Iowa or operationally related to sources within Iowa, or the property was operationally related to sources outside this state and to the taxpayer’s trade or business carried on in Iowa; or gain or loss resulting from the sale, exchange, or other disposition of stock in another corporation if the activities of the other corporation were operationally related to the taxpayer’s trade or business carried on in Iowa while the stock was owned by the taxpayer. A taxpayer may have more than one regular trade or business in determining whether income is business income.

1. It is the intent of the general assembly to treat as apportionable business income all income that may be treated as apportionable business income under the Constitution of the United States.

2. The filing of an Iowa income tax return on a combined report basis is neither allowed nor required by this paragraph “b”.

c. “Commercial domicile” means the principal place from which the trade or business of the taxpayer is directed or managed.

d. “Corporation” includes joint stock companies, and associations organized for pecuniary profit, and partnerships and limited liability companies taxed as corporations under the Internal Revenue Code.

e. “Domestic corporation” means any corporation organized under the laws of this state.

h. “Nonbusiness income” means all income other than business income.

i. “State” means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

1. In that state the taxpayer is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or

2. That state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

k. “Unitary business” means a business carried on partly within and partly without a state where the portion of the business carried on within the state depends on or contributes to the business outside the state.

2. The words, terms, and phrases defined in division II, section 422.4, subsections 4 to 6, 8, 9, 13, and 15 to 17, when used in this division, shall have the meanings ascribed to them in said section except where the context clearly indicates a different meaning.

Referred to in §422.7

Internal Revenue Code definition is updated regularly; for applicable definition in a prior tax year, refer to Iowa Acts and Code for that year.
§422.33 Corporate tax imposed — credit.

1. A tax is imposed annually upon each corporation doing business in this state, or deriving income from sources within this state, in an amount computed by applying the following rates of taxation to the net income received by the corporation during the income year:
   a. On the first twenty-five thousand dollars of taxable income, or any part thereof, the rate of six percent.
   b. On taxable income between twenty-five thousand dollars and one hundred thousand dollars or any part thereof, the rate of eight percent.
   c. On taxable income between one hundred thousand dollars and two hundred fifty thousand dollars or any part thereof, the rate of ten percent.
   d. On taxable income of two hundred fifty thousand dollars or more, the rate of twelve percent.

   "Income from sources within this state" means income from real, tangible, or intangible property located or having a situs in this state.

1A. There is imposed upon each corporation exempt from the general business tax on corporations by section 422.34, subsection 2, a tax at the rates in subsection 1 upon the state’s apportioned share computed in accordance with subsections 2 and 3 of the unrelated business income computed in accordance with the Internal Revenue Code and with the adjustments set forth in section 422.35.

2. If the trade or business of the corporation is carried on entirely within the state, the tax shall be imposed on the entire net income, but if the trade or business is carried on partly within and partly without the state or if income is derived from sources partly within and partly without the state, or if income is derived from trade or business and sources, all of which are not entirely in the state, the tax shall be imposed only on the portion of the net income reasonably attributable to the trade or business or sources within the state, with the net income attributable to the state to be determined as follows:
    a. Nonbusiness interest, dividends, rents and royalties, less related expenses, shall be allocated within and without the state in the following manner:
       (1) Nonbusiness interest, dividends, and royalties from patents and copyrights shall be allocable to this state if the taxpayer’s commercial domicile is in this state.
       (2) Nonbusiness rents and royalties received from real property located in this state are allocable to this state.
       (3) Nonbusiness rents and royalties received from tangible personal property are allocable to this state in the extent that the property is utilized in this state; or in their entirety if the taxpayer’s commercial domicile is in this state and the taxpayer is not taxable in the state in which the property is utilized. The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown, or unascertainable by the taxpayer tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payor obtained possession.
       (4) Nonbusiness capital gains and losses from the sale or other disposition of assets shall be allocated as follows:
          Gains and losses from the sale or other disposition of real property located in this state are allocable to this state.
          Gains and losses from the sale or other disposition of tangible personal property are allocable to this state if the property had a situs in this state at the time of the sale or
disposition or if the taxpayer’s commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

Gains and losses from the sale or disposition of intangible personal property are allocable to this state if the taxpayer’s commercial domicile is in this state.

b. Net nonbusiness income of the above class having been separately allocated and deducted as above provided, the remaining net business income of the taxpayer shall be allocated and apportioned as follows:

(1) Business interest, dividends, rents, and royalties shall be reasonably apportioned within and without the state under rules adopted by the director.

(2) Capital gains and losses from the sale or other disposition of assets shall be apportioned to the state based upon the business activity ratio applicable to the year the gain or loss is determined if the corporation determines Iowa taxable income by a sales, gross receipts or other business activity ratio. If the corporation has only allocable income, capital gains and losses from the sale or other disposition of assets shall be allocated in accordance with paragraph “a”, subparagraph (4).

(3) Where income is derived from business other than the manufacture or sale of tangible personal property, the income shall be specifically allocated or equitably apportioned within and without the state under rules of the director.

(4) Where income is derived from the manufacture or sale of tangible personal property, the part attributable to business within the state shall be in that proportion which the gross sales made within the state bear to the total gross sales.

(5) Where income consists of more than one class of income as provided in subparagraphs (1) to (4) of this paragraph, it shall be reasonably apportioned by the business activity ratio provided in rules adopted by the director.

(6) The gross sales of the corporation within the state shall be taken to be the gross sales from goods delivered or shipped to a purchaser within the state regardless of the F.O.B. point or other conditions of the sale, excluding deliveries for transportation out of the state.

For the purpose of this section, the word “sale” shall include exchange, and the word “manufacture” shall include the extraction and recovery of natural resources and all processes of fabricating and curing. The words “tangible personal property” shall be taken to mean corporeal personal property, such as machinery, tools, implements, goods, wares, and merchandise, and shall not be taken to mean money deposits in banks, shares of stock, bonds, notes, credits, or evidence of an interest in property and evidences of debt.

3. If any taxpayer believes that the method of allocation and apportionment hereinbefore prescribed, as administered by the director and applied to the taxpayer’s business, has operated or will so operate as to subject the taxpayer to taxation on a greater portion of the taxpayer’s net income than is reasonably attributable to business or sources within the state, the taxpayer shall be entitled to file with the director a statement of the taxpayer’s objections and of such alternative method of allocation and apportionment as the taxpayer believes to be proper under the circumstances with such detail and proof and within such time as the director may reasonably prescribe; and if the director shall conclude that the method of allocation and apportionment theretofore employed is in fact inapplicable and inequitable, the director shall redetermine the taxable income by such other method of allocation and apportionment as seems best calculated to assign to the state for taxation the portion of the income reasonably attributable to business and sources within the state, not exceeding, however, the amount which would be arrived at by application of the statutory rules for apportionment.

4. In addition to all taxes imposed under this division, there is imposed upon each corporation doing business within the state the greater of the tax determined in subsection 1, paragraphs “a” through “d” or the state alternative minimum tax equal to sixty percent of the maximum state corporate income tax rate, rounded to the nearest one-tenth of one percent, of the state alternative minimum taxable income of the taxpayer computed under this subsection.

The state alternative minimum taxable income of a taxpayer is equal to the taxpayer’s state taxable income as computed with the adjustments in section 422.35 and with the following adjustments:
a. Add items of tax preference included in federal alternative minimum taxable income under section 57, except subsections (a)(1) and (a)(5), of the Internal Revenue Code, make the adjustments included in federal alternative minimum taxable income under section 56, except subsections (a)(4) and (d), of the Internal Revenue Code, and add losses as required by section 58 of the Internal Revenue Code. In making the adjustment under section 56(c)(1) of the Internal Revenue Code, interest and dividends from federal securities and interest and dividends from state and other political subdivisions and from regulated investment companies exempt from federal income tax under the Internal Revenue Code, net of amortization of any discount or premium, shall be subtracted.

b. Apply the allocation and apportionment provisions of subsection 2.

c. Subtract an exemption amount of forty thousand dollars. This exemption amount shall be reduced, but not below zero, by an amount equal to twenty-five percent of the amount by which the alternative minimum taxable income of the taxpayer, computed without regard to the exemption amount in this paragraph, exceeds one hundred fifty thousand dollars.

d. In the case of a net operating loss computed for a tax year beginning after December 31, 1986, which is carried back or carried forward to the current taxable year, the net operating loss shall be reduced by the amount of items of tax preference and adjustments arising in the tax year which is taken into account in computing the net operating loss in section 422.35, subsection 11. The deduction for a net operating loss for a tax year beginning after December 31, 1986, which is carried back or carried forward to the current taxable year shall not exceed ninety percent of the alternative minimum taxable income determined without regard for the net operating loss deduction.

5. a. The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state equal to the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to the total qualified research expenditures.

b. In lieu of the credit amount computed in paragraph “a”, subparagraph (1), a corporation may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative simplified credit described in section 41(c)(5) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer’s federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

c. For purposes of the alternate credit computation method in paragraph “b”, the credit percentages applicable to qualified research expenses described in section 41(c)(5)(A) and clause (ii) of section 41(c)(5)(B) of the Internal Revenue Code are four and fifty-five hundredths percent and one and ninety-five hundredths percent, respectively.

d. (1) For purposes of this subsection, “base amount”, “basic research payment”, and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative simplified credit such amounts are for research conducted within this state.

(2) For purposes of this subsection, “Internal Revenue Code” means the Internal Revenue Code in effect on January 1, 2012.

e. Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following taxable year.

f. Reserved.

g. A corporation which is an eligible business may claim an additional research activities credit authorized pursuant to section 15.335.
h. The department shall by February 15 of each year issue an annual report to the general assembly containing the total amount of all claims made by employers under this subsection and the portion of the claims issued as refunds, for all claims processed during the previous calendar year. The report shall contain the name of each claimant for whom a tax credit in excess of five hundred thousand dollars was issued and the amount of the credit received.

6. The taxes imposed under this division shall be reduced by a new jobs tax credit. An industry which has entered into an agreement under chapter 260E and which has increased its base employment level by at least ten percent within the time set in the agreement or, in the case of an industry without a base employment level, adds new jobs within the time set in the agreement is entitled to this new jobs tax credit for the tax year selected by the industry. In determining if the industry has increased its base employment level by ten percent or added new jobs, only those new jobs directly resulting from the project covered by the agreement and those directly related to those new jobs shall be counted. The amount of this credit is equal to the product of six percent of the taxable wages upon which an employer is required to contribute to the state unemployment compensation fund, as defined in section 96.19, subsection 37, times the number of new jobs existing in the tax year that directly result from the project covered by the agreement or new jobs that directly result from those new jobs. The tax year chosen by the industry shall either begin or end during the period beginning with the date of the agreement and ending with the date by which the project is to be completed under the agreement. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten tax years or until depleted in less than the ten years. For purposes of this section, “agreement”, “industry”, “new job” and “project” mean the same as defined in section 260E.2 and “base employment level” means the number of full-time jobs an industry employs at the plant site which is covered by an agreement under chapter 260E on the date of that agreement.

7. a. There is allowed as a credit against the tax determined in subsection 1 for a tax year an amount equal to the minimum tax credit for that tax year.

The minimum tax credit for a tax year is the excess, if any, of the net minimum tax imposed for all prior tax years beginning on or after January 1, 1987, over the amount allowable as a credit under this subsection for those prior tax years.

b. The allowable credit under paragraph “a” for a tax year shall not exceed the excess, if any, of the tax determined in subsection 1 over the state alternative minimum tax as determined in subsection 4.

The net minimum tax for a tax year is the excess, if any, of the tax determined in subsection 4 for the tax year over the tax determined in subsection 1 for the tax year.

8. The taxes imposed under this division shall be reduced by a franchise tax credit. A taxpayer who is a shareholder in a financial institution, as defined in section 581 of the Internal Revenue Code, which has in effect for the tax year an election under subchapter S of the Internal Revenue Code shall compute the amount of the tax credit by recomputing the amount of tax under this division by reducing the taxable income of the taxpayer by the taxpayer’s pro rata share of the items of income and expense of the financial institution. This recomputed tax shall be subtracted from the tax computed under this division and the resulting amount, which shall not exceed the taxpayer’s pro rata share of franchise tax paid by the financial institution, is the amount of the franchise tax credit allowed.

9. a. The taxes imposed under this division shall be reduced by an assistive device tax credit. A small business purchasing, renting, or modifying an assistive device or making workplace modifications for an individual with a disability who is employed or will be employed by the small business is eligible, subject to availability of credits, to receive this assistive device tax credit which is equal to fifty percent of the first five thousand dollars paid during the tax year for the purchase, rental, or modification of the assistive device or for making the workplace modifications. Any credit in excess of the tax liability shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following tax year. If the small business elects to take the assistive device tax credit, the small business shall not deduct for Iowa tax purposes any
amount of the cost of an assistive device or workplace modifications which is deductible for federal income tax purposes.

b. To receive the assistive device tax credit, the eligible small business must submit an application to the economic development authority. If the taxpayer meets the criteria for eligibility, the economic development authority shall issue to the taxpayer a certification of entitlement for the assistive device tax credit. However, the combined amount of tax credits that may be approved for a fiscal year under this subsection shall not exceed five hundred thousand dollars. Tax credit certificates shall be issued on an earliest filed basis. The certification shall contain the taxpayer’s name, address, tax identification number, the amount of the credit, and tax year for which the certificate applies. The taxpayer must file the tax credit certificate with the taxpayer’s corporate income tax return in order to claim the tax credit. The economic development authority and department of revenue shall each adopt rules to jointly administer this subsection and shall provide by rule for the method to be used to determine for which fiscal year the tax credits are approved.

c. For purposes of this subsection:
(1) “Assistive device” means any item, piece of equipment, or product system which is used to increase, maintain, or improve the functional capabilities of an individual with a disability in the workplace or on the job. “Assistive device” does not mean any medical device, surgical device, or organ implanted or transplanted into or attached directly to an individual. “Assistive device” does not include any device for which a certificate of title is issued by the state department of transportation, but does include any item, piece of equipment, or product system otherwise meeting the definition of “assistive device” that is incorporated, attached, or included as a modification in or to such a device issued a certificate of title.
(2) “Disability” means the same as defined in section 15.102, except that it does not include alcoholism.
(3) “Small business” means a business that either had gross receipts for its preceding tax year of three million dollars or less or employed not more than fourteen full-time employees during its preceding tax year.
(4) “Workplace modifications” means physical alterations to the work environment.

10. a. Any credit in excess of the tax liability shall be refunded or credited to the following year, as provided in section 404A.4, subsection 3.

b. For purposes of this subsection, “eligible property” means the same as used in section 404A.1.

1. Subtract interest and dividends from federal securities.
2. Add interest and dividends from foreign securities, from securities of state and other political subdivisions, and from regulated investment companies exempt from federal income tax under the Internal Revenue Code.
3. Where the net income includes capital gains or losses, or gains or losses from property other than capital assets, and such gains or losses have been determined by using a basis established prior to January 1, 1934, an adjustment may be made, under rules and regulations prescribed by the director, to reflect the difference resulting from the use of a basis of cost or January 1, 1934, fair market value, less depreciation allowed or allowable, whichever is higher. Provided that the basis shall be fair market value as of January 1, 1955, less depreciation allowed or allowable, in the case of property acquired prior to that date if use of a prior basis is declared to be invalid.
4. Subtract fifty percent of the federal income taxes paid or accrued, as the case may be, during the tax year, adjusted by any federal income tax refunds; and add the Iowa income tax deducted in computing said taxable income.
5. Subtract the amount of the work opportunity tax credit allowable for the tax year under section 51 of the Internal Revenue Code to the extent that the credit increased federal taxable income.
6. a. b. This deduction is allowed for the wages paid to the individuals successfully completing a probationary period named in paragraph “a”, subparagraphs (1), (2), and (3) during the twelve months following the date of first employment by the taxpayer and shall be deducted in the tax years when paid.

c. For purposes of this subsection:
(1) “Physical or mental impairment” means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the body systems or any mental or psychological disorder, including intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

(iii) It does not include the practice of a profession.
(b) “Small business” includes an employee-owned business which has been an employee-owned business for less than three years or which meets the conditions of subparagraph division (a), subparagraph subdivisions (i) through (iii).

(1) An individual domiciled in this state at the time of the hiring who meets any of the following conditions:

Entitlement to depreciation on any property involved in a sale-leaseback agreement which is placed in service by the transferee prior to January 1, 1986, shall be determined under the Internal Revenue Code as amended to and including December 31, 1985, excluding section 168(f)(8) in making the determination.

11. If after applying all of the adjustments provided for in this section and the allocation and apportionment provisions of section 422.33, the Iowa taxable income results in a net operating loss, such net operating loss shall be deducted as follows:

a. For tax years beginning prior to January 1, 2009, the Iowa net operating loss shall be carried back three taxable years for a net operating loss incurred in a presidentially declared disaster area by a taxpayer engaged in a small business or in the trade or business of farming. For all other Iowa net operating losses for tax years beginning prior to January 1, 2009, the net operating loss shall be carried back two taxable years or to the taxable year in which the corporation first commenced doing business in this state, whichever is later.

b. An Iowa net operating loss for a tax year beginning on or after January 1, 2009, or an Iowa net operating loss remaining after being carried back as required in paragraph “a” or “f” shall be carried forward twenty taxable years.

c. If the election under section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward twenty taxable years.

g. The deductions described in paragraphs “a” through “f” of this subsection are allowed subject to the requirement that a corporation affected by the allocation provisions of section 422.33 shall be permitted to deduct only that portion of the deductions for net operating loss and federal income taxes that is fairly and equitably allocable to Iowa, under rules prescribed by the director.

Income from the sale of these obligations is exempt from the taxes imposed by this division only if the law authorizing these obligations specifically exempts the income from the sale from the state corporate income tax.

19. a. The additional first-year depreciation allowance authorized in section 168(k) of the Internal Revenue Code, as enacted by Pub. L. No. 107-147, § 101, does not apply in computing net income for state tax purposes. If the taxpayer has taken such deduction in computing taxable income, the following adjustments shall be made:

If the taxpayer elects to take the additional first-year depreciation allowance authorized in section 168(k)(4) of the Internal Revenue Code for state tax purposes, the deduction may be taken on amended state tax returns, if necessary. If the taxpayer does not elect to take the additional first-year depreciation allowance authorized in section 168(k)(4) of the Internal Revenue Code for state tax purposes, the following adjustment shall be made:

(1) Add the total amount of depreciation taken on all property for which the election under section 168(k)(4) of the Internal Revenue Code was made for the tax year.

(2) Subtract an amount equal to depreciation allowed on such property for the tax year using the modified accelerated cost recovery system depreciation method applicable under section 168 of the Internal Revenue Code without regard to section 168(k)(4).

(3) Any other adjustments to gains or losses to reflect the adjustments made in subparagraphs (1) and (2) pursuant to rules adopted by the director.

22. Subtract, to the extent included, the amount of ordinary or capital gain realized by the taxpayer as a result of the involuntary conversion of property due to eminent domain. However, if the total amount of such realized ordinary or capital gain is not recognized because the converted property is replaced with property that is similar to, or related in use to, the converted property, the amount of such realized ordinary or capital gain shall not be subtracted under this subsection until the remaining realized ordinary or capital gain is subject to federal taxation or until the time of disposition of the replacement property as provided under rules of the director. The subtraction allowed under this subsection shall not alter the basis as established for federal tax purposes of any property owned by the taxpayer.

422.36 Returns.
1. A corporation shall make a return and the return shall be signed by the president or other duly authorized officer in accordance with forms and rules prescribed by the director. Before a corporation is dissolved and its assets distributed it shall make a return for settlement of the tax for income earned in the income year up to its final date of dissolution.
2. When any corporation, liable to taxation under this division, conducts its business in such a manner as either directly or indirectly to benefit the members or stockholders thereof or any person interested in such business by selling its products or the goods or commodities in which it deals at less than the fair price which might be obtained therefor, or where a corporation, a substantial portion of whose capital stock is owned either directly or indirectly by another corporation, acquires and disposes of the products, goods or commodities of the corporation so owning a substantial portion of its stock in such a manner as to create a loss or improper net income for either of said corporations, or where a corporation, owning directly or indirectly a substantial portion of the stock of another corporation, acquires and disposes of the products, goods, or commodities, of the corporation of which it so owns a substantial portion of the stock, in such a manner as to create a loss or improper net income for either of said corporations, the department may determine the amount of taxable income of either or any of such corporations for the calendar or fiscal year, having due regard to the reasonable profits which, but for such arrangement or understanding, might or could have been obtained, by the corporation or corporations liable to taxation under this division, from dealing in such products, goods, or commodities.
3. Where the director has reason to believe that any person or corporation so conducts a trade or business as either directly or indirectly to distort the person’s or corporation’s true net income and the net income properly attributable to the state, whether by the arbitrary shifting of income, through price fixing, charges for services, or otherwise, whereby the net income is arbitrarily assigned to one or another unit in a group of taxpayers carrying on business under a substantially common control, the director may require such facts as are necessary for the proper computation of the entire net income and the net income properly attributable to the state, and shall determine the same, and in the determination thereof the director shall have regard to the fair profits which would normally arise from the conduct of the trade or business.
4. Foreign and domestic corporations shall file a copy of their federal income tax return for the current tax year with the return required by this section.
5. Where a corporation is not subject to income tax and the stockholders of such corporation are taxed on the corporation’s income under the provisions of the Internal Revenue Code, the same tax treatment shall apply to such corporation and such stockholders for Iowa income tax purposes.
6. A foreign corporation is not required to file a return if its only activities in Iowa are the storage of goods for a period of sixty consecutive days or less in a warehouse for hire located in this state whereby the foreign corporation transports or causes a carrier to transport such goods to that warehouse and provided that none of the goods are delivered or shipped so as
to be included in the gross sales of the corporation within this state as provided in section 422.33, subsection 2, paragraph "b", subparagraph (6).

1. The affiliated group filing under this section shall file a consolidated return for federal income tax purposes for the same taxable year.

The filing of a consolidated return shall be considered the affiliated group’s consent.

This determination shall be made after specific request by the taxpayer for the filing of separate returns.
7. The computation of consolidated taxable income for the members of an affiliated group of corporations subject to tax shall be made in the same manner and under the same procedures, including all intercompany adjustments and eliminations, as are required for consolidating the incomes of affiliated corporations for the taxable year for federal income tax purposes in accordance with section 1502 of the Internal Revenue Code.

422.72 Information deemed confidential — informational exchange agreement — subpoenas.

1. a. (1) It is unlawful for the director, or any person having an administrative duty under this chapter, or any present or former officer or other employee of the state authorized by the director to examine returns, to divulge in any manner whatever, the business affairs, operations, or information obtained by an investigation under this chapter of records and equipment of any person visited or examined in the discharge of official duty, or the amount or source of income, profits, losses, expenditures or any particular thereof, set forth or disclosed in any return, or to permit any return or copy of a return or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law.

(2) It is unlawful for any person to willfully inspect, except as authorized by the director, any return or return information.

(3) However, the director may authorize examination of such state returns and other state information which is confidential under this section, if a reciprocal arrangement exists, by tax officials of another state or the federal government.

b. The director may, by rules adopted pursuant to chapter 17A, authorize examination of state information and returns by other officers or employees of this state to the extent required by their official duties and responsibilities. Disclosure of state information to tax officers of another state is limited to disclosures which have a tax administrative purpose and only to officers of those states which by agreement with this state limit the disclosure of the information as strictly as the laws of this state protecting the confidentiality of returns and information. The director shall place upon the state tax form a notice to the taxpayer that state tax information may be disclosed to tax officials of another state or of the United States for tax administrative purposes.

c. The department shall not authorize the examination of tax information by officers and employees of this state, another state, or of the United States if the officers or employees would otherwise be required to obtain a judicial order to examine the information if it were to be obtained from another source, and if the purpose of the examination is other than for tax administration. However, the director may provide sample individual income tax information to be used for statistical purposes to the legislative services agency. The information shall not include the name or mailing address of the taxpayer or the taxpayer’s social security number. Any information contained in an individual income tax return which is provided by the director shall only be used as a part of a database which contains similar information from a number of returns. The legislative services agency shall not have access to the income tax returns of individuals. Each request for individual income tax information shall contain a statement by the director of the legislative services agency that the individual income tax information received by the legislative services agency shall be used solely for statistical purposes. This subsection does not prevent the department from authorizing the examination of state returns and state information under the provisions of section 252B.9. This subsection prevails over any general law of this state relating to public records.

d. The director shall provide state tax returns and return information to the auditor of state, to the extent that the information is necessary to complete the annual audit of the department required by section 11.2. The state tax returns and return information provided by the director shall remain confidential and shall not be included in any public documents issued by the auditor of state.

2. Federal tax returns, copies of returns, and return information as defined in section 6103(b) of the Internal Revenue Code, which are required to be filed with the department for the enforcement of the income tax laws of this state, shall be held as confidential by the department and subject to the disclosure limitations in subsection 1.

3. a. Unless otherwise expressly permitted by section 8A.504, section 8G.4, section 96.11, subsection 6, section 421.17, subsections 22, 23, and 26, subsection 27, paragraph “k”, and subsection 31, section 252B.9, section 321.40, subsection 6, sections 321.120, 421.19, 421.28, 422.20, and 452A.63, and this section, a tax return, return information, or investigative or audit information shall not be divulged to any person or entity, other than the taxpayer, the department, or internal revenue service for use in a matter unrelated to tax administration.

b. This prohibition precludes persons or entities other than the taxpayer, the department, or the internal revenue service from obtaining such information from the department, and a subpoena, order, or process which requires the department to produce such information to a person or entity, other than the taxpayer, the department, or internal revenue service for use in a nontax proceeding is void.

4. A person violating subsection 1, 2, 3, or 6 is guilty of a serious misdemeanor.

5. The director may disclose taxpayer identity information to the press and other media for purposes of notifying persons entitled to tax refunds when the director, after reasonable effort and lapse of time, has been unable to locate the persons.

6. a. The department may enter into a written informational exchange agreement for tax administration purposes with a city or county which is entitled to receive funds due to a local hotel and motel tax or a local sales and services tax. The written informational exchange agreement shall designate no more than two paid city or county employees that have access to actual return information relating to that city’s or county’s receipts from a local hotel and motel tax or a local sales and services tax.

b. City or county employees designated to have access to information under this subsection are deemed to be officers and employees of the state for purposes of the restrictions pursuant to subsection 1 pertaining to confidential information. The department may refuse to enter into a written informational exchange agreement if the city or county does not agree to pay the actual cost of providing the information and the department may refuse to abide by a written informational exchange agreement if the city or county does not promptly pay the actual cost of providing the information or take reasonable precautions to protect the information’s confidentiality.

7. a. Notwithstanding subsection 3, the director shall provide state tax returns and return information in response to a subpoena issued by the court pursuant to rule of criminal procedure 2.5 commanding the appearance before the attorney general or an assistant attorney general if the subpoena is accompanied by affidavits from such person and from a sworn peace officer member of the department of public safety affirming that the information is necessary for the investigation of a felony violation of chapter 124 or chapter 706B.

b. The affidavits accompanying the subpoenas and the information provided by the director shall remain a confidential record which may be disseminated only to a prosecutor or peace officer involved in the investigation, or to the taxpayer who filed the information and to the court in connection with the filing of criminal charges or institution of a forfeiture action. A person who knowingly files a false affidavit with the director to secure information or who divulges information received under this subsection in a manner prohibited by this subsection commits a serious misdemeanor.

422.73 Correction of errors — refunds, credits, and carrybacks.

1. If it appears that an amount of tax, penalty, or interest has been paid which was not due under division II, III or V of this chapter, then that amount shall be credited against any tax due on the books of the department by the person who made the excessive payment, or that amount shall be refunded to the person or with the person’s approval, credited to tax to become due. A claim for refund or credit that has not been filed with the department within three years after the return upon which a refund or credit claimed became due, or within one year after the payment of the tax upon which a refund or credit is claimed was made, whichever time is the later, shall not be allowed by the director. If, as a result of a carryback of a net operating loss or a net capital loss, the amount of tax in a prior period is reduced and an overpayment results, the claim for refund or credit of the overpayment shall be filed within the department within the three years after the return for the taxable year of the net operating loss or net capital loss became due. Notwithstanding the period of limitation specified, the taxpayer shall have six months from the day of final disposition of any income tax matter between the taxpayer and the internal revenue service with respect to the particular tax year to claim an income tax refund or credit.

2. The department shall enter into an agreement with the internal revenue service for the transmission of federal income tax reports on individuals required to file an Iowa income tax return who have been involved in an income tax matter with the internal revenue service. After final disposition of the income tax matter between the taxpayer and the internal revenue service, the department shall determine whether the individual is due a state income tax refund as a result of final disposition of such income tax matter. If the individual is due a state income tax refund, the department shall notify the individual within thirty days and request the individual to file a claim for refund or credit with the department.

Amounts less than five dollars shall be refunded to the taxpayer only upon written application in accordance with section 422.73, and only if the application is filed within twelve months after the due date for the return.
In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on its final, completed return for the taxable year credited to the tax liability for the following taxable year.

FUEL TAX CREDIT

Referred to in §422.1, 452A.17

422.110 Income tax credit in lieu of refund.
In lieu of the fuel tax refund provided in section 452A.17, a person or corporation subject to taxation under division II or III of this chapter may elect to receive an income tax credit. The person or corporation which elects to receive an income tax credit shall cancel its refund permit obtained under section 452A.18 within thirty days after the first day of its tax year or the permit becomes invalid at that time. For the purposes of this section, "person" includes a person claiming a tax credit based upon the person's pro rata share of the earnings from a partnership, limited liability company, or corporation which is not subject to a tax under division II or III of this chapter as a partnership, limited liability company, or corporation. If the election to receive an income tax credit has been made, it remains effective for at least one tax year, and for subsequent tax years unless a change is requested and a new refund permit applied for within thirty days after the first day of the person's or corporation's tax year. The income tax credit shall be the amount of the Iowa fuel tax paid on fuel purchased by the person or corporation and is subject to the conditions provided in section 452A.17 with the exception that the income tax credit is not available for refunds relating to casualty losses, transport diversions, pumping credits, blending errors, idle time, power takeoffs, reefer units, and exports by distributors.
The right to a credit under this section is not assignable and the credit may be claimed only by the person or corporation that purchased the fuel.

[C75, 77, §422.86; C79, 81, §422.110; 82 Acts, ch 1176, §2]
Referred to in §2.48

422.111 Fuel tax credit as income tax credit.
The fuel tax credit may be applied against the income tax liability of the person or corporation as determined on the tax return filed for the year in which the fuel tax was paid. The department shall provide forms for claiming the fuel tax credit. If the fuel tax credit would result in an overpayment of income tax, the person or corporation may apply for a refund of the amount of overpayment or may have the overpayment credited to income tax due in subsequent years. Each person or corporation that claims a fuel tax credit shall maintain the original invoices showing the purchase of the fuel on which a credit is claimed. An invoice is not acceptable in support of a claim for credit unless the invoice is a separate serially numbered invoice covering no more than one purchase of motor fuel or undyed special fuel, prepared by the seller on a form approved by the department, or unless the invoice is legibly written with no corrections or erasures and shows the date of sale, the name and address of the seller and of the purchaser, the kind of fuel, the gallonage in figures, the per gallon price of the fuel, the total purchase price including the Iowa fuel tax, and that the total purchase price has been paid. However, as to refund invoices made on a billing machine, the department may waive these requirements. If an original invoice is lost or destroyed, the department may approve a credit supported by a copy identified and certified by the seller as being a true copy of the original. Each person or corporation that claims a fuel tax credit shall maintain complete records of purchases of motor fuel or undyed special fuel on which Iowa fuel tax was paid, and for which a fuel tax credit is claimed.

In order to verify the validity of a claim for credit the department shall have the right to require the claimant to furnish such additional proof of validity as the department may determine and to examine the books and records of the claimant. Failure of the claimant to furnish the books and records for examination shall constitute a waiver of rights to claim a credit related to that taxpayer’s year and the department may disallow the entire credit claimed by the taxpayer for that year.

422D.1 Authorization — election — imposition and repeal — use of revenues.

1. a. A county board of supervisors may offer for voter approval any of the following taxes or a combination of the following taxes:
   (1) Local option income surtax.
   (2) An ad valorem property tax.
   b. Revenues generated from these taxes shall be used for emergency medical services as provided in section 422D.6.

2. a. The taxes for emergency medical services shall only be imposed after an election at which a majority of those voting on the question of imposing the tax or combination of taxes specified in subsection 1, paragraph “a”, subparagraph (1) or (2), vote in favor of the question. However, the tax or combination of taxes specified in subsection 1 shall not be imposed on property within or on residents of a benefited emergency medical services district under chapter 357F. The question of imposing the tax or combination of the taxes may be submitted at the regular city election, a special election, or state general election. Notice of the question shall be provided by publication at least sixty days before the time of the election and shall identify the tax or combination of taxes and the rate or rates, as applicable. If a majority of those voting on the question approve the imposition of the tax or combination of taxes, the tax or combination of taxes shall be imposed as follows:
   (1) A local option income surtax shall be imposed for tax years beginning on or after January 1 of the fiscal year in which the favorable election was held.

tax of each individual residing in the county at the end of the individual’s applicable tax year.
However, the cumulative total of the percent of income surtax imposed on any taxpayer
in the county shall not exceed twenty percent. The reason for imposing the surtax and the
amount needed shall be set out in the ordinance. The surtax rate shall be set to raise only
the amount needed. For purposes of this section, “state individual income tax” means the
tax computed under section 422.5, less the amounts of nonrefundable credits allowed under
chapter 422, division II.

the regular state tax forms for reporting local income surtax.

An ordinance imposing a local income surtax shall adopt by reference the applicable
provisions of the appropriate sections of chapter 422, division II. All powers and requirements
of the director in administering the state income tax law apply to the administration of a
local income surtax, including but not limited to, the provisions of sections 422.4, 422.20 to
422.31, 422.68, 422.70, and 422.72 to 422.75. Local officials shall confer with the director of
revenue in drafting the ordinance imposing a local income surtax. A certified
copy of the ordinance shall be filed with the director as soon as possible after passage.

The director, in consultation with local officials, shall collect and account for a local
income surtax and any interest and penalties. The director shall credit local income surtax
receipts and any interest and penalties collected from returns filed on or before November
1 of the calendar year following the tax year for which the local income surtax is imposed to

1. On or before December 15, the director of revenue shall make an accounting of the
local income surtax receipts and any interest and penalties collected from returns filed on
