1. The department, after study and in consultation with any advisory committees which may be established pursuant to law, shall promulgate by rule pursuant to chapter 17A uniform methods of financial reporting, including such allocation methods as may be prescribed, by which hospitals and health care facilities shall respectively record their revenues, expenses, other income, other outlays, assets and liabilities, and units of service, according to functional activity center. These uniform methods of financial reporting shall not preclude a hospital or health care facility from using any accounting methods for its own purposes provided these accounting methods can be reconciled to the uniform methods of financial reporting prescribed by the department and can be audited for validity and completeness. Each hospital and each health care facility shall adopt the appropriate system for its fiscal year, effective upon such date as the department shall direct. In determining the effective date for reporting requirements, the department shall consider both the immediate need for uniform reporting of information to effectuate the purposes of this division and the administrative and economic difficulties which hospitals and health care facilities may encounter in complying with the uniform financial reporting requirement, but the effective date shall not be later than January 1, 1980.

2. In establishing uniform methods of financial reporting, the department shall consider all of the following:
   a. The existing systems of accounting and reporting currently utilized by hospitals and health care facilities.

The department shall, where appropriate, provide for modification, consistent with the purposes of this division, of reporting requirements to correctly reflect the differences among hospitals and among health care facilities referred to in subsection 2, and to avoid otherwise unduly burdensome costs in meeting the requirements of uniform methods of financial reporting.

4. The uniform financial reporting methods, where appropriate, shall be structured so as to establish and differentiate costs incurred for patient-related services rendered by hospitals and health care facilities, as distinguished from those incurred in the course of educational, research and other nonpatient-related activities including but not limited to charitable activities of these hospitals and health care facilities.

The department shall also prepare and file such summaries and compilations or other supplementary reports based on the information filed with it as will, in its judgment, advance the purposes of this division.

2. 135.158 Medical home purposes — characteristics.

1. The purposes of a medical home are the following:
   a. To reduce disparities in health care access, delivery, and health care outcomes.
   b. To improve quality of health care and lower health care costs, thereby creating savings to allow more Iowans to have health care coverage and to provide for the sustainability of the health care system.
   c. To provide a tangible method to document if each Iowan has access to health care.

2. A medical home has all of the following characteristics:
   a. A personal provider. Each patient has an ongoing relationship with a personal provider trained to provide first contact and continuous and comprehensive care.
   b. A provider-directed team-based medical practice. The personal provider leads a team of individuals at the practice level who collectively take responsibility for the ongoing health-related needs of patients.
   c. Whole person orientation. The personal provider is responsible for providing for all of a patient’s health-related needs or taking responsibility for appropriately arranging for health-related services provided by other qualified health care professionals and providers of medical and nonmedical health-related services. This responsibility includes health-related care at all stages of life including provision of preventive care, acute care, chronic care, long-term care, transitional care between providers and settings, and end-of-life care. This responsibility includes whole-person care consisting of physical health care including but not limited to oral, vision, and other specialty care, pharmacy management, and behavioral health care.
   d. Coordination and integration of care. Care is coordinated and integrated across all elements of the complex health care system and the patient’s community. Care coordination and integration provides linkages to community and social supports to address social determinants of health, to engage and support patients in managing their own health, and to track the progress of these community and social supports in providing whole-person care. Care is facilitated by registries, information technology, health information exchanges, and other means to assure that patients receive the indicated care when and where they need and want the care in a culturally and linguistically appropriate manner.
   e. Quality and safety. The following are quality and safety components of the medical home:
      (1) Provider-directed medical practices advocate for their patients to support the attainment of optimal, patient-centered outcomes that are defined by a care planning process driven by a compassionate, robust partnership between providers, the patient, and the patient’s family.
      (2) Evidence-based medicine and clinical decision-support tools guide decision making.
      (3) Providers in the medical practice accept accountability for continuous quality improvement through voluntary engagement in performance measurement and improvement.
§135.158, DEPARTMENT OF PUBLIC HEALTH

(4) Patients actively participate in decision making and feedback is sought to ensure that the patients’ expectations are being met.

(5) Information technology is utilized appropriately to support optimal patient care, performance measurement, patient education, and enhanced communication.

(6) Practices participate in a voluntary recognition process conducted by an appropriate nongovernmental entity to demonstrate that the practice has the capabilities to provide patient-centered services consistent with the medical home model.

(7) Patients and families participate in quality improvement activities at the practice level.

f. Enhanced access to health care. Enhanced access to health care is available through systems such as open scheduling, expanded hours, and new options for communication between the patient, the patient’s personal provider, and practice staff.

g. Payment. The payment system appropriately recognizes the added value provided to patients who have a patient-centered medical home. The payment structure framework of the medical home provides all of the following:

(1) Reflects the value of provider and nonprovider staff and patient-centered care management work that is in addition to the face-to-face visit.

(2) Pays for services associated with coordination of health care both within a given practice and between consultants, ancillary providers, and community resources.

(3) Supports adoption and use of health information technology for quality improvement.

(4) Supports provision of enhanced communication access such as secure electronic mail and telephone consultation.

(5) Recognizes the value of provider work associated with remote monitoring of clinical data using technology.

(6) Allows for separate fee-for-service payments for face-to-face visits. Payments for health care management services that are in addition to the face-to-face visit do not result in a reduction in the payments for face-to-face visits.

(7) Recognizes case mix differences in the patient population being treated within the practice.

(8) Allows providers to share in savings from reduced hospitalizations associated with provider-guided health care management in the office setting.

(9) Allows for additional payments for achieving measurable and continuous quality improvements.

135B.22 Character of services.
Pathology and radiology services performed in hospitals are the product of the joint
contribution of hospitals, doctors and technicians but these services constitute medical
services which must be performed by or under the direction and supervision of a doctor, and
no hospital shall have the right, directly or indirectly, to direct, control or interfere with the
professional medical acts and duties of the doctor in charge of the pathology or radiology facilities or of the technicians under the doctor’s supervision. Nothing herein contained shall affect the rights of third parties as a result of negligence in the operation or maintenance of the aforesaid pathology and radiology facilities.

Each hospital shall arrange for such services and for the direction and supervision of its pathology or radiology department by entering into either an oral or written agreement with a doctor who is a member of or acceptable to the hospital medical staff. Such doctor may or may not be a specialist. The department may be supervised and directed by a qualified member of the staff and specific services may be referred to a specialist, or the specialist may also direct and supervise the department as may be desired. Any contract so entered into shall be in accordance with the provisions of this division.

agreed sum will be retained by the hospital in accordance with an

TECHNICAL PLANNING ASSISTANCE

135B.33 Technical assistance — plan — grants.
1. Subject to availability of funds, the Iowa department of public health shall provide technical planning assistance to local boards of health and hospital governing boards to ensure access to hospital services in rural areas. The department shall encourage the local boards of health and hospital governing boards to adopt a long-term community health services and developmental plan including the following:
   a. An analysis of demographic trends in the health facility services area, affecting health facility and health-facility-related health care utilizations.
   b. A review of inpatient services currently provided, by type of service and the frequency of provision of that service, and the cost-effectiveness of that service.
   c. An analysis of resources available in proximate health facilities and services that might be provided through alternative arrangements with such health facilities.
   d. An analysis of cooperative arrangements that could be developed with other health facilities in the area that could assist those health facilities in the provision of services.
   e. An analysis of community health needs, including long-term care, nursing facility care, pediatric and maternity services, and the health facilities’ potential role in facilitating the provision of services to meet these needs.
   f. An analysis of alternative uses for existing health facility space and real property, including use for community health-related and human service-related purposes.
   g. An analysis of mechanisms to meet indigent patient care needs and the responsibilities for the care of indigent patients.
   h. An analysis of the existing tax levying of the health facilities for patient care, on a per capita basis and per hospital patient basis, and projections on future needs for tax levying to continue for the provision of care.
2. Providers may cooperatively coordinate to develop one long-term community health services and developmental plan for a geographic area, provided the plan addresses the issues enumerated in this section.

DIVISION IV
EMPLOYEE RECORD CHECKS

135B.34 Hospital employees — criminal history and abuse record checks — penalty.
1. Prior to employment of a person in a hospital, the hospital shall request that the department of public safety perform a criminal history check and the department of human services perform child and dependent adult abuse record checks of the person in this state. A hospital shall inform all persons prior to employment regarding the performance of the record checks and shall obtain, from the persons, a signed acknowledgment of the receipt of the information. A hospital shall include the following inquiry in an application for employment:

   Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?

2. a. If it is determined that a person being considered for employment in a hospital has committed a crime, the department of public safety shall notify the hospital that upon
the request of the hospital the department of human services will perform an evaluation to determine whether the crime warrants prohibition of the person’s employment in the hospital.

b. (1) If a person being considered for employment, other than employment involving the operation of a motor vehicle, has been convicted of a crime listed in subparagraph (2) but does not have a record of founded child or dependent adult abuse and the hospital has requested an evaluation in accordance with paragraph “a” to determine whether the crime warrants prohibition of the person’s employment, the hospital may employ the person for not more than sixty calendar days pending completion of the evaluation.

(2) Subparagraph (1) applies to a crime that is a simple misdemeanor offense under section 123.47, and to a crime that is a first offense of operating a motor vehicle while intoxicated under section 321J.2, subsection 1.

c. If a department of human services child or dependent adult abuse record check shows that the person has a record of founded child or dependent adult abuse, the department of human services shall notify the hospital that upon the request of the hospital the department of human services will perform an evaluation to determine whether the found child or dependent adult abuse warrants prohibition of the person’s employment in the hospital.

d. An evaluation performed under this subsection shall be performed in accordance with procedures adopted for this purpose by the department of human services.

e. (1) If a person owns or operates more than one hospital, and an employee of one of such hospitals is transferred to another such hospital without a lapse in employment, the hospital is not required to request additional criminal and child and dependent adult abuse record checks of that employee.

(2) If the ownership of a hospital is transferred, at the time of transfer the record checks required by this section shall be performed for each employee for whom there is no documentation that such record checks have been performed. The hospital may continue to employ such employee pending the performance of the record checks and any related evaluation.

3. In an evaluation, the department of human services shall consider the nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child or dependent adult abuse, the circumstances under which the crime or founded child or dependent adult abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child or dependent adult abuse again, and the number of crimes or founded child or dependent adult abuses committed by the person involved. If the department of human services performs an evaluation for the purposes of this section, the department of human services has final authority in determining whether prohibition of the person’s employment is warranted.

4. a. Except as provided in paragraph “b” and subsection 2, a person who has committed a crime or has a record of founded child or dependent adult abuse shall not be employed in a hospital licensed under this chapter unless an evaluation has been performed by the department of human services.

b. A person with a criminal or abuse record who is or was employed by a hospital licensed under this chapter and is hired by another hospital shall be subject to the criminal history and abuse record checks required pursuant to subsection 1. However, if an evaluation was previously performed by the department of human services concerning the person’s criminal or abuse record and it was determined that the record did not warrant prohibition of the person’s employment and the latest record checks do not indicate a crime was committed or founded abuse record was entered subsequent to that evaluation, the person may commence employment with the other hospital in accordance with the department of human services’ evaluation and an exemption from the requirements in paragraph “a” for reevaluation of the latest record checks is authorized. Otherwise, the requirements of paragraph “a” remain applicable to the person’s employment. Authorization of an exemption under this paragraph “b” from requirements for reevaluation of the latest record checks by the department of human services is subject to all of the following provisions:
§135B.34, LICENSURE AND REGULATION OF HOSPITALS

(1) The position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.

(2) Any restrictions placed on the person's employment in the previous evaluation by the department of human services shall remain applicable in the person's subsequent employment.

(3) The person subject to the record checks has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer or the previous employer provides the previous evaluation from the person's personnel file pursuant to the person's authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, the record checks shall be reevaluated.

(4) Although an exemption under this lettered paragraph “b” may be authorized, the subsequent employer may instead request a reevaluation of the record checks and may employ the person while the reevaluation is being performed.

5. a. If a person employed by a hospital that is subject to this section is convicted of a crime or has a record of founded child or dependent adult abuse entered in the abuse registry after the person's employment application date, the person shall inform the hospital of such information within forty-eight hours of the criminal conviction or entry of the record of founded child or dependent adult abuse. The hospital shall act to verify the information within seven calendar days of notification. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the hospital to determine whether or not the person's employment is continued. The hospital may continue to employ the person pending the performance of an evaluation by the department of human services to determine whether prohibition of the person's employment is warranted. A person who is required by this subsection to inform the person's employer of a conviction or entry of an abuse record and fails to do so within the required period commits a serious misdemeanor.

b. If a hospital receives credible information, as determined by the hospital, that a person employed by the hospital has been convicted of a crime or a record of founded child or dependent adult abuse has been entered in the abuse registry after employment from a person other than the employee and the employee has not informed the hospital of such information within the period required under paragraph “a”, the hospital shall act to verify the credible information within seven calendar days of receipt of the credible information. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the hospital to determine whether or not the person's employment is continued.

c. The hospital may notify the county attorney for the county where the hospital is located of any violation or failure by an employee to notify the hospital of a criminal conviction or entry of an abuse record within the period required under paragraph “a”.

6. A hospital licensed in this state may access the single contact repository established by the department pursuant to section 135C.33 as necessary for the hospital to perform record checks of persons employed or being considered for employment by the hospital.

3. a. The department shall establish by administrative rule the following special classifications:

   (1) Within the residential care facility category, a special license classification for residential facilities intended to serve persons with mental illness.

   (2) Within the nursing facility category, a special license classification for nursing facilities which designate and dedicate the facility or a special unit within the facility to provide care for persons who suffer from chronic confusion or a dementing illness. A nursing facility which designates and dedicates the facility or a special unit within the facility for the care of persons who suffer from chronic confusion or a dementing illness shall be specially licensed. For the purposes of this subsection, “designate” means to identify by a distinctive title or label and “dedicate” means to set apart for a definite use or purpose and to promote that purpose.

   b. The department may also establish by administrative rule special classifications
within the residential care facility, intermediate care facility for persons with mental illness, intermediate care facility for persons with an intellectual disability, or nursing facility categories, for facilities intended to serve individuals who have special health care problems or conditions in common. Rules establishing a special classification shall define the problem or condition to which the special classification is relevant and establish requirements for an approved program of care commensurate with the problem or condition. The rules may grant special variances or considerations to facilities licensed within the special classification.

c. The rules adopted for intermediate care facilities for persons with an intellectual disability shall be consistent with, but no more restrictive than, the federal standards for intermediate care facilities for persons with an intellectual disability established pursuant to the federal Social Security Act, §1905(c)(d), as codified in 42 U.S.C. §1396d, in effect on January 1, 1989. However, in order for an intermediate care facility for persons with an intellectual disability to be licensed, the state fire marshal must certify to the department that the facility meets the applicable provisions of the rules adopted for such facilities by the state fire marshal. The state fire marshal’s rules shall be based upon such a facility’s compliance with either the provisions applicable to health care occupancies or residential board and care occupancies of the life safety code of the national fire protection association, 2000 edition. The department shall adopt additional rules for intermediate care facilities for persons with an intellectual disability pursuant to section 135C.14, subsection 8.

d. Notwithstanding the limitations set out in this subsection regarding rules for intermediate care facilities for persons with an intellectual disability, the department shall consider the federal interpretive guidelines issued by the federal centers for Medicare and Medicaid services when interpreting the department’s rules for intermediate care facilities for persons with an intellectual disability. This use of the guidelines is not subject to the rulemaking provisions of sections 17A.4 and 17A.5, but the guidelines shall be published in the Iowa administrative bulletin and the Iowa administrative code.

5. The department shall establish a special classification within the residential care facility category in order to foster the development of residential care facilities which serve persons with an intellectual disability, chronic mental illness, a developmental disability, or brain injury, as described under section 225C.26, and which contain five or fewer residents. A facility within the special classification established pursuant to this subsection is exempt from the requirements of section 135.63. The department shall adopt rules which are consistent with rules previously developed for the waiver demonstration project pursuant to 1986 Iowa Acts, ch. 1246, §206, and which include all of the following provisions:

a. A facility provider under the special classification must comply with rules adopted by the department for the special classification. However, a facility provider which has been accredited by the council on quality and leadership shall be deemed to be in compliance with the rules adopted by the department.

b. A facility must be located in an area zoned for single or multiple-family housing or in an unincorporated area and must be constructed in compliance with applicable local requirements and the rules adopted for the special classification by the state fire marshal in accordance with the concept of the least restrictive environment for the facility residents. Local requirements shall not be more restrictive than the rules adopted for the special classification by the state fire marshal and the state building code requirements for single or multiple-family housing, under section 103A.7.

c. Facility provider plans for the facility’s accessibility to residents must be in place.

d. A written plan must be in place which documents that a facility meets the needs of
the facility's residents pursuant to individual program plans developed according to age appropriate and least restrictive program requirements.

e. A written plan must be in place which documents that a facility's residents have reasonable access to employment or employment-related training, education, generic community resources, and integrated opportunities to promote interaction with the community.

f. The facilities licensed under this subsection shall be eligible for funding utilized by other licensed residential care facilities for persons with an intellectual disability, or licensed residential care facilities for persons with mental illness, including but not limited to funding under or from the federal social services block grant, the state supplementary assistance program, state mental health and developmental disabilities services funds, and county funding provisions.

6. a. This chapter shall not apply to adult day services provided in a health care facility. However, adult day services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

b. The level of care certification provisions pursuant to sections 135C.3 and 135C.4, the license application and fee provisions pursuant to section 135C.7, and the involuntary discharge provisions pursuant to section 135C.14, subsection 8, shall not apply to respite care services provided in a health care facility. However, respite care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

c. The department shall adopt rules to implement this subsection.

7. The rules adopted by the department regarding nursing facilities shall provide that a nursing facility may choose to be inspected either by the department or by the joint commission on accreditation of health care organizations. The rules regarding acceptance of inspection by the joint commission on accreditation of health care organizations shall include recognition, in lieu of inspection by the department, of comparable inspections and inspection findings of the joint commission on accreditation of health care organizations, if the department is provided with copies of all requested materials relating to the inspection process.

135C.3 Nature of care.

1. A licensed nursing facility shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed nurse. Medical and nursing services must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the nursing facility must be based on a physician's written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing. The nursing facility is not required to admit an individual through court order, referral, or other means without the express prior approval of the administrator of the nursing facility.

2. A licensed intermediate care facility for persons with mental illness shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed registered nurse, who has had at least two years of recent experience in a chronic or acute psychiatric setting. Medical and nursing
service must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the intermediate care facility for persons with mental illness must be based on a physician’s written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

Referred to in §135C.2, 347B.6

135C.4 Residential care facilities.
1. Each facility licensed as a residential care facility shall provide an organized continuous twenty-four-hour program of care commensurate with the needs of the residents of the home and under the immediate direction of a person approved and certified by the department whose combined training and supervised experience is such as to ensure adequate and competent care.

2. All admissions to residential care facilities shall be based on an order written by a physician certifying that the individual being admitted does not require nursing services or that the individual’s need for nursing services can be avoided if home and community-based services, other than nursing care, as defined by this chapter and departmental rule, are provided.

3. For the purposes of this section, the home and community-based services to be provided shall be limited to the type included under the medical assistance program provided pursuant to chapter 249A, shall be subject to cost limitations established by the department of human services under the medical assistance program, and except as otherwise provided by the department of inspections and appeals with the concurrence of the department of human services, shall be limited in capacity to the number of licensed residential care facilities and the number of licensed residential care facility beds in the state as of December 1, 2003.

4. A residential care facility is not required to admit an individual through court order, referral, or other means without the express prior approval of the administrator of the residential care facility.

Referred to in §135C.2, 347B.6

135C.5 Limitations on use.

Another business or activity serving persons other than the residents of a health care facility may be operated or provided in a designated part of the physical structure of the health care facility if the other business or activity meets the requirements of applicable state and federal laws, administrative rules, and federal regulations. The department shall not limit the ability of a health care facility to operate or provide another business or activity in the designated part of the facility if the business or activity does not interfere with the use of the facility by the residents or with the services provided to the residents, and is not disturbing to the residents. In denying the ability of a health care facility to operate or provide another business or activity under this section, the burden of proof shall be on the department to demonstrate that the other business or activity substantially interferes with the use of the facility by the residents or the services provided to the residents, or is disturbing to the residents. The state fire marshal, in accordance with chapter 17A, shall adopt rules which establish criteria for approval of a business or activity to be operated or provided in a designated part of the physical structure of a health care facility. For the purposes of this section, “another business or activity” shall not include laboratory services with the exception of laboratory services for which a waiver from regulatory oversight has been obtained under the federal Clinical Laboratory Improvement Amendments of 1988, Pub. L. No. 100-578, as amended, radiological services, anesthesiology services, obstetrical
services, surgical services, or emergency room services provided by hospitals licensed under chapter 135B.

135C.6 License required — exemptions.

1. A person or governmental unit acting severally or jointly with any other person or governmental unit shall not establish or operate a health care facility in this state without a license for the facility. A supported community living service, as defined in section 225C.21, is not required to be licensed under this chapter, but is subject to approval under section 225C.21 in order to receive public funding.

2. A health care facility suitable for separation and operation with distinct parts may, where otherwise qualified in all respects, be issued multiple licenses authorizing various parts of such facilities to be operated as health care facilities of different license categories.

3. No change in a health care facility, its operation, program, or services, of a degree or character affecting continuing licensure shall be made without prior approval thereof by the department. The department may by rule specify the types of changes which shall not be made without its prior approval.

4. No department, agency, or officer of this state or of any of its political subdivisions shall pay or approve for payment from public funds any amount or amounts to a health care facility under any program of state aid in connection with services provided or to be provided an actual or prospective resident in a health care facility, unless the facility has a current license issued by the department and meets such other requirements as may be in effect pursuant to law.

5. No health care facility established and operated in compliance with law prior to January 1, 1976, shall be required to change its corporate or business name by reason of the definitions prescribed in section 135C.1, provided that no health care facility shall at any time represent or hold out to the public or to any individual that it is licensed as, or provides the services of, a health care facility of a type offering a higher grade of care than such health care facility is licensed to provide. Any health care facility which, by virtue of this section, operates under a name not accurately descriptive of the type of license which it holds shall clearly indicate in any printed advertisement, letterhead, or similar material, the type of license or licenses which it has in fact been issued. No health care facility established or renamed after January 1, 1976, shall use any name indicating that it holds a different type of license than it has been issued.

6. A health care facility operated by and for the exclusive use of members of a religious order, which does not admit more than two individuals to the facility from the general public, may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

7. A freestanding hospice facility which operates a hospice program in accordance with 42 C.F.R. §418 may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

8. The following residential programs to which the department of human services applies accreditation, certification, or standards of review shall not be required to be licensed as a health care facility under this chapter:

   a. Residential programs providing care to not more than four individuals and receiving moneys appropriated to the department of human services under provisions of a federally approved home and community-based services waiver for persons with an intellectual disability or other medical assistance program under chapter 249A. In approving a residential program under this paragraph, the department of human services shall consider the geographic location of the program so as to avoid an overconcentration of such programs in an area. In order to be approved under this paragraph, a residential program shall not be required to involve the conversion of a licensed residential care facility for persons with an intellectual disability.

   b. Not more than forty residential care facilities for persons with an intellectual disability that are licensed to serve not more than five individuals may be authorized by the department
§135C.6, HEALTH CARE FACILITIES

of human services to convert to operation as a residential program under the provisions of a medical assistance home and community-based services waiver for persons with an intellectual disability. A converted residential program operating under this paragraph is subject to the conditions stated in paragraph “a” except that the program shall not serve more than five individuals.

c. A residential program approved by the department of human services pursuant to this paragraph “c” to receive moneys appropriated to the department of human services under provisions of a federally approved home and community-based services habilitation or waiver program may provide care to not more than five individuals. The department shall approve a residential program under this paragraph that complies with all of the following conditions:

(1) Approval of the program will not result in an overconcentration of such programs in an area.

(2) The county in which the residential program is located submits to the department of human services a letter of support for approval of the program.

(3) The county in which the residential program is located provides to the department of human services verification in writing that the program is needed to address one or more of the following:

(a) The quantity of services currently available in the county is insufficient to meet the need.

(b) The quantity of affordable rental housing in the county is insufficient.

(c) Implementation of the program will cause a reduction in the size or quantity of larger congregate programs.

9. Contingent upon the department of human services receiving federal approval, a residential program which serves not more than eight individuals and is licensed as an intermediate care facility for persons with an intellectual disability may surrender the facility license and continue to operate under a federally approved medical assistance home and community-based services waiver for persons with an intellectual disability, if the department of human services has approved a plan submitted by the residential program.

10. Notwithstanding section 135C.9, nursing facilities which are accredited by the joint commission on accreditation of health care organizations shall be licensed without inspection by the department, if the nursing facility has chosen to be inspected by the joint commission on accreditation of health care organizations in lieu of inspection by the department.

135C.7 Application — fees.

1. Licenses shall be obtained from the department. Applications shall be upon such forms and shall include such information as the department may reasonably require, which may include affirmative evidence of compliance with such other statutes and local ordinances as may be applicable. Each application for license shall be accompanied by the annual license fee prescribed by this section, subject to refund to the applicant if the license is denied, which fee shall be paid over into the state treasury and credited to the general fund if the license is issued. There shall be an annual license fee based upon the bed capacity of the health care facility, as follows:

a. Ten beds or less, twenty dollars.

b. More than ten and not more than twenty-five beds, forty dollars.

c. More than twenty-five and not more than seventy-five beds, sixty dollars.

d. More than seventy-five and not more than one hundred fifty beds, eighty dollars.

e. More than one hundred fifty beds, one hundred dollars.

2. In addition to the license fees listed in this section, there shall be an annual assessment assessed to each licensee in an amount to cover the cost of independent reviewers provided
pursuant to section 135C.42. The department shall, in consultation with licensees, establish the assessment amount by rule based on the award of a request for proposals. The assessment shall be retained by the department as a repayment receipt as defined in section 8.2 and used for the purpose of paying the cost of the independent reviewers.

135C.8 Scope of license.
Licenses for health care facilities shall be issued only for the premises and persons or governmental units named in the application and shall not be transferable or assignable except with the written approval of the department, obtained prior to the purchase of the facility involved. Licenses shall be posted in a conspicuous place on the licensed premises as prescribed by regulation of the department. Such licenses, unless sooner suspended or revoked, shall expire one year after the date of issuance and shall be renewed annually upon an application by the licensee. Applications for such renewal shall be made in writing to the department, accompanied by the required fee, at least thirty days prior to the expiration of such license in accordance with regulations promulgated by the department. Health care facilities which have allowed their licenses to lapse through failure to make timely application for renewal of their licenses shall pay an additional fee of twenty-five percent of the annual license fee prescribed in section 135C.7.

135C.9 Inspection before issuance — notice of deficiencies.
1. The department shall not issue a health care facility license to any applicant until:
   a. The department has ascertained that the staff and equipment of the facility is adequate to provide the care and services required of a health care facility of the category for which the license is sought. Prior to the review and approval of plans and specifications for any new facility and the initial licensing under a new licensee, a resume of the programs and services to be furnished and of the means available to the applicant for providing the same and for meeting requirements for staffing, equipment, and operation of the health care facility, with particular reference to the professional requirements for services to be rendered, shall be submitted in writing to the department for review and approval. The resume shall be reviewed by the department within ten working days and returned to the applicant. The resume shall, upon the department’s request, be revised as appropriate by the facility from time to time after issuance of a license.
   b. The facility has been inspected by the state fire marshal or a deputy appointed by the fire marshal for that purpose, who may be a member of a municipal fire department, and the department has received either a certificate of compliance or a provisional certificate of compliance by the facility with the fire hazard and fire safety rules and standards of the department as promulgated by the fire marshal and, where applicable, the fire safety standards required for participation in programs authorized by either Tit. XVIII or Tit. XIX of the United States Social Security Act, codified at 42 U.S.C. §§1395 – 1395ll and 1396 – 1396g. The certificate or provisional certificate shall be signed by the fire marshal or the fire marshal’s deputy who made the inspection. If the state fire marshal or a deputy finds a deficiency upon inspection, the notice to the facility shall be provided in a timely manner and shall specifically describe the nature of the deficiency, identifying the Code section or subsection or the rule or standard violated. The notice shall also specify the time allowed for correction of the deficiency, at the end of which time the fire marshal or a deputy shall perform a follow-up inspection.

2. The rules and standards promulgated by the fire marshal pursuant to subsection 1, paragraph “b” of this section shall be substantially in keeping with the latest generally recognized safety criteria for the facilities covered, of which the applicable criteria recommended and published from time to time by the national fire protection association shall be prima facie evidence. The rules and standards promulgated by the fire marshal
§135C.9, HEALTH CARE FACILITIES

shall be promulgated in consultation with the department and shall, to the greatest extent possible, be consistent with rules adopted by the department under this chapter.

3. The state fire marshal or the fire marshal’s deputy may issue successive provisional certificates of compliance for periods of one year each to a facility which is in substantial compliance with the applicable fire hazard and fire safety rules and standards, upon satisfactory evidence of an intent, in good faith, by the owner or operator of the facility to correct the deficiencies noted upon inspection within a reasonable period of time as determined by the state fire marshal or the fire marshal’s deputy. Renewal of a provisional certificate shall be based on a showing of substantial progress in eliminating deficiencies noted upon the last previous inspection of the facility without the appearance of additional deficiencies other than those arising from changes in the fire hazard and fire safety rules, regulations and standards which have occurred since the last previous inspection, except that substantial progress toward achievement of a good faith intent by the owner or operator to replace the entire facility within a reasonable period of time, as determined by the state fire marshal or the fire marshal’s deputy, may be accepted as a showing of substantial progress in eliminating deficiencies, for the purposes of this section.

4. If a facility subject to licensure under this chapter, a facility exempt from licensure under this chapter pursuant to section 135C.6, or a family home under section 335.25 or 414.22, has been issued a certificate of compliance or a provisional certificate of compliance under subsection 1 or 3, or has otherwise been approved as complying with a rule or standard by the state or a deputy fire marshal or a local building department as defined in section 103A.3, the state or deputy fire marshal or local building department which issued the certificate, provisional certificate, or approval shall not apply additional requirements for compliance with the rule or standard unless the rule or standard is revised in accordance with chapter 17A or with local regulatory procedure following issuance of the certificate, provisional certificate, or approval.

135C.10 Denial, suspension, or revocation.
The department shall have the authority to deny, suspend, or revoke a license in any case where the department finds that there has been repeated failure on the part of the facility to comply with the provisions of this chapter or the rules or minimum standards promulgated hereunder, or for any of the following reasons:

1. Cruelty or indifference to health care facility residents.
2. Appropriation or conversion of the property of a health care facility resident without the resident’s written consent or the written consent of the resident’s legal guardian.
3. Permitting, aiding, or abetting the commission of any illegal act in the health care facility.
4. Inability or failure to operate and conduct the health care facility in accordance with the requirements of this chapter and the minimum standards and rules issued pursuant thereto.
5. Obtaining or attempting to obtain or retain a license by fraudulent means, misrepresentation, or by submitting false information.
6. Habitual intoxication or addiction to the use of drugs by the applicant, manager or supervisor of the health care facility.
7. Securing the devise or bequest of the property of a resident of a health care facility by undue influence.
8. Willful failure or neglect to maintain a continuing in-service education and training program for all personnel employed in the facility.
9. In the case of an application for a new or newly acquired facility, continuing or repeated failure of the licensee to operate any previously licensed facility or facilities in compliance with the provisions of this chapter, the rules adopted pursuant to this chapter, or equivalent provisions that the facility is subject to in this state or any other state.
10. In the case of a license applicant or existing licensee which is an entity other than an individual, the department may deny, suspend, or revoke a license if any individual, who is in
a position of control or is an officer of the entity, engages in any act or omission proscribed by this section.

11. Intentionally preventing or interfering with or attempting to prevent or interfere in any way with the performance by any duly authorized representative of the department of the lawful enforcement of this chapter or of the rules adopted pursuant to this chapter. As used in this subsection, “lawful enforcement” includes but is not limited to the following:
   a. Contacting or interviewing any resident of a health care facility in private at any reasonable hour and without advance notice.
   b. Examining any relevant books or records of a health care facility unless otherwise protected from disclosure by operation of law.
   c. Preserving evidence of any violation of this chapter or of the rules adopted pursuant to this chapter.

135C.11 Notice — hearings.
1. The denial, suspension, or revocation of a license shall be effected by delivering to the applicant or licensee by certified mail or by personal service of a notice setting forth the particular reasons for such action. Such denial, suspension, or revocation shall become effective thirty days after the mailing or service of the notice, unless the applicant or licensee, within such thirty-day period, shall give written notice to the department requesting a hearing, in which case the notice shall be deemed to be suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before the department. At any time at or prior to the hearing the department may rescind the notice of the denial, suspension, or revocation upon being satisfied that the reasons for the denial, suspension, or revocation have been or will be removed. On the basis of any such hearing, or upon default of the applicant or licensee, the determination involved in the notice may be affirmed, modified, or set aside by the department. A copy of such decision shall be sent by certified mail, or served personally upon the applicant or licensee. The applicant or licensee may seek judicial review pursuant to section 135C.13.

2. The procedure governing hearings authorized by this section shall be in accordance with the rules promulgated by the department. A full and complete record shall be kept of all proceedings, and all testimony shall be reported but need not be transcribed unless judicial review is sought pursuant to section 135C.13. Copies of the transcript may be obtained by an interested party upon payment of the cost of preparing the copies. Witnesses may be subpoenaed by either party and shall be allowed fees at a rate prescribed by the department’s rules. The director may, after advising a representative of the office of long-term care ombudsman, either proceed in accordance with section 135C.30, or remove all residents and suspend the license or licenses of any health care facility, prior to a hearing, when the director finds that the health or safety of residents of the health care facility requires such action on an emergency basis.

135C.12 Conditional operation.
If the department has the authority under section 135C.10 to deny, suspend or revoke a license, the department or director may, as an alternative to those actions:
1. Apply to the district court of the county in which the licensee’s health care facility is located for appointment by the court of a receiver for the facility pursuant to section 135C.30.
2. Conditionally issue or continue a license dependent upon the performance by the licensee of reasonable conditions within a reasonable period of time as set by the department so as to permit the licensee to commence or continue the operation of the health care facility pending full compliance with this chapter or the regulations or minimum standards promulgated under this chapter. If the licensee does not make diligent efforts to comply
with the conditions prescribed, the department may, under the proceedings prescribed by this chapter, suspend or revoke the license. No health care facility shall be operated on a conditional license for more than one year.

3. The department, in evaluating corrections of deficiencies in a facility in receivership or operating on a conditional license, may determine what is satisfactory compliance, provided that in so doing it shall employ established criteria which shall be uniformly applied to all facilities of the same license category.

135C.13 Judicial review.

Judicial review of any action of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of chapter 17A, petitions for judicial review may be filed in the district court of the county where the facility or proposed facility is located, and pending final disposition of the matter the status quo of the applicant or licensee shall be preserved except when the director, after advising a representative of the office of long-term care ombudsman, determines that the health, safety, or welfare of the residents of the facility is in immediate danger, in which case the director may order the immediate removal of such residents.

135C.14 Rules.

The department shall, in accordance with chapter 17A and with the approval of the state board of health, adopt and enforce rules setting minimum standards for health care facilities. In so doing, the department, with the approval of the state board of health, may adopt by reference, with or without amendment, nationally recognized standards and rules, which shall be specified by title and edition, date of publication, or similar information. The rules and standards required by this section shall be formulated in consultation with the director of human services or the director’s designee, with the state fire marshal, and with affected industry, professional, and consumer groups, and shall be designed to further the accomplishment of the purposes of this chapter and shall relate to:

1. Location and construction of the facility, including plumbing, heating, lighting, ventilation, and other housing conditions, which shall ensure the health, safety and comfort of residents and protection from fire hazards. The rules of the department relating to protection from fire hazards and fire safety shall be promulgated by the state fire marshal in consultation with the department, and shall be in keeping with the latest generally recognized safety criteria for the facilities covered of which the applicable criteria recommended and published from time to time by the national fire protection association are prima facie evidence. To the greatest extent possible, the rules promulgated by the state fire marshal shall be consistent with the rules adopted by the department under this chapter.

2. Number and qualifications of all personnel, including management and nursing personnel, having responsibility for any part of the care provided to residents.

3. All sanitary conditions within the facility and its surroundings including water supply, sewage disposal, food handling, and general hygiene, which shall ensure the health and comfort of residents.

5. Equipment essential to the health and welfare of the resident.

6. Requirements that a minimum number of registered or licensed practical nurses and nurses’ aides, relative to the number of residents admitted, be employed by each licensed facility. if there are significant differences in the needs of residents which the respective facilities are serving or intend to serve.

7. Social services and rehabilitative services provided for the residents.

8. Facility policies and procedures regarding the treatment, care, and rights of residents. As used in this paragraph “f”, “collaborative care plan” and “interdisciplinary resident care committee” mean as defined in section 35D.15, subsection 2. The rules shall provide that a resident shall be involuntarily discharged for any of the following reasons:

      (1) (a) The resident has been diagnosed with a substance use disorder but continues to abuse alcohol or an illegal drug in violation of the resident’s conditional or provisional agreement entered into at the time of admission, and all of the following conditions are met:

         (i) The resident has been provided sufficient notice of any changes in the resident’s collaborative care plan.

         (ii) The resident has been notified of the resident’s commission of three offenses and has been given the opportunity to correct the behavior through either of the following options:

               (A) Being given the opportunity to receive the appropriate level of treatment in accordance with best practices for standards of care.

               (B) By having been placed on probation by the Iowa veterans home for a second offense.

Notwithstanding any provision to the contrary, the resident may be immediately discharged under this
subsection (2) if the resident’s actions or behavior jeopardizes the life or safety of other residents or staff.

(3) The resident’s medical or life skills needs have been met to the extent possible through the services provided by the Iowa veterans home and the resident no longer requires a residential or nursing level of care, as determined by the interdisciplinary resident care committee.

135C.15 Time to comply.
1. Any health care facility which is in operation at the time of adoption or promulgation of any applicable rules or minimum standards under this chapter shall be given reasonable time from the date of such promulgation to comply with such rules and minimum standards as provided for by the department. The director may grant successive thirty-day extensions of the time for compliance where evidence of a good faith attempt to achieve compliance is furnished, if the extensions will not place in undue jeopardy the residents of the facility to which the extensions are granted.

2. Renovation of an existing health care facility, not already in compliance with all applicable standards, shall be permitted only if the fixtures and equipment to be installed and the services to be provided in the renovated portion of the facility will conform substantially to current operational standards. Construction of an addition to an existing health care facility shall be permitted only if the design of the structure, the fixtures and equipment to be installed, and the services to be provided in the addition will conform substantially to current construction and operational standards.

135C.16 Inspections.
1. In addition to the inspections required by sections 135C.9 and 135C.38, the department shall make or cause to be made such further unannounced inspections as it deems necessary to adequately enforce this chapter. At least one general unannounced inspection shall be conducted for each health care facility within a thirty-month period. The inspector shall show identification to the person in charge of the facility and state that an inspection is to be made before beginning the inspection. An employee of the department who gives unauthorized advance notice of an inspection made or planned to be made under this subsection or section 135C.38 shall be disciplined as determined by the director, except that if the employee is employed pursuant to the merit system provisions of chapter 8A, subchapter IV, the discipline shall not exceed the discipline authorized pursuant to that subchapter.

2. a. The department shall prescribe by rule that any licensee or applicant for license desiring to make specific types of physical or functional alterations or additions to its facility or to construct new facilities shall, before commencing the alteration or additions or new construction, submit plans and specifications to the department for preliminary inspection and approval or recommendations with respect to compliance with the department’s rules and standards.

b. When the plans and specifications have been properly approved by the department or other appropriate state agency, for a period of at least five years from completion of the construction or alteration, the facility or the portion of the facility constructed or altered in accord with the plans and specifications shall not be considered deficient or ineligible for licensing by reason of failure to meet any rule or standard established subsequent to approval of the plans and specifications.

c. When construction or alteration of a facility or portion of a facility has been completed in accord with plans and specifications submitted as required by this subsection and properly approved by the department or other appropriate state agency, and it is discovered that the
facility or portion of a facility is not in compliance with a requirement of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, and the deficiency was apparent from the plans and specifications submitted but was not noted or objected to by the department or other appropriate state agency, the department or agency responsible for the oversight shall either waive the requirement or reimburse the licensee or applicant for any costs which are necessary to bring the new or reconstructed facility or portion of a facility into compliance with the requirement and which the licensee or applicant would not have incurred if the facility or portion of the facility had been constructed in compliance with the requirements of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted.

d. If within two years from the completion of the construction or alteration of the facility or portion thereof, a department or agency of the state orders that the new or reconstructed facility or portion thereof be brought into compliance with the requirements of this chapter or the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, the state shall have a claim for damages to the extent of any reimbursement paid to the licensee or applicant against any person who designed the facility or portion thereof for negligence in the preparation of the plans and specifications therefor, subject to all defenses based upon the negligence of the state in reviewing and approving those plans and specifications, but not thereafter.

e. The provisions of this subsection shall not apply where the deficiency presents a clear and present danger to the safety of the residents of the facility.

3. An authorized representative of the department may enter any licensed health care facility without a warrant, and may examine all records pertaining to the care provided residents of the facility. An authorized representative of the department may contact or interview any resident, employee, or any other person who might have knowledge about the operation of a health care facility. An authorized representative of the department of human services shall have the same right with respect to any facility where one or more residents are cared for entirely or partially at public expense, and an authorized representative of the designated protection and advocacy agency shall have the same right with respect to any facility where one or more residents have developmental disabilities or mental illnesses, and the state fire marshal or a deputy appointed pursuant to section 135C.9, subsection 1, paragraph “b”, shall have the same right of entry into any facility and the right to inspect any records pertinent to fire safety practices and conditions within that facility, and an authorized representative of the office of long-term care ombudsman shall have the same right with respect to any nursing facility or residential care facility. If any such authorized representative has probable cause to believe that any institution, building, or agency not licensed as a health care facility is in fact a health care facility as defined by this chapter, and upon producing identification that the individual is an authorized representative is denied entry thereto for the purpose of making an inspection, the authorized representative may, with the assistance of the county attorney of the county in which the purported health care facility is located, apply to the district court for an order requiring the owner or occupant to permit entry and inspection of the premises to determine whether there have been any violations of this chapter.

135C.23 Express requirements for admission or residence.
No individual shall be admitted to or permitted to remain in a health care facility as a resident, except in accordance with the requirements of this section.
1. Each resident shall be covered by a contract executed at the time of admission or prior thereto by the resident, or the resident’s legal representative, and the health care facility, except as otherwise provided by subsection 5 with respect to residents admitted at public expense to a county care facility operated under chapter 347B. Each party to the contract shall be entitled to a duplicate original thereof, and the health care facility shall keep on file all contracts which it has with residents and shall not destroy or otherwise dispose of any such contract for at least one year after its expiration. Each such contract shall expressly set forth:
   a. The terms of the contract.
   b. The services and accommodations to be provided by the health care facility and the rates or charges therefor.
   c. Specific descriptions of any duties and obligations of the parties in addition to those required by operation of law.
   d. Any other matters deemed appropriate by the parties to the contract. No contract or any provision thereof shall be drawn or construed so as to relieve any health care facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter, nor contain any disclaimer of responsibility for injury to the resident, or to relatives or other persons visiting the resident, which occurs on the premises of the facility or, with respect to injury to the resident, which occurs while the resident is under the supervision of any employee of the facility whether on or off the premises of the facility.
2. a. A health care facility shall not knowingly admit or retain a resident:
   (1) Who is dangerous to the resident or other residents.
   (2) Who is in an acute stage of alcoholism, drug addiction, or mental illness.
   (3) Whose condition or conduct is such that the resident would be unduly disturbing to other residents.
(4) Who is in need of medical procedures, as determined by a physician, or services which cannot be or are not being carried out in the facility.

b. This section does not prohibit the admission of a patient with a history of dangerous or disturbing behavior to an intermediate care facility for persons with mental illness, intermediate care facility for persons with an intellectual disability, nursing facility, or county care facility when the intermediate care facility for persons with mental illness, intermediate care facility for persons with an intellectual disability, nursing facility, or county care facility has a program which has received prior approval from the department to properly care for and manage the patient. An intermediate care facility for persons with mental illness, intermediate care facility for persons with an intellectual disability, nursing facility, or county care facility is required to transfer or discharge a resident with dangerous or disturbing behavior when the intermediate care facility for persons with mental illness, intermediate care facility for persons with an intellectual disability, nursing facility, or county care facility cannot control the resident’s dangerous or disturbing behavior. The department, in coordination with the state mental health and disability services commission created in section 225C.5, shall adopt rules pursuant to chapter 17A for programs to be required in intermediate care facilities for persons with mental illness, intermediate care facilities for persons with an intellectual disability, nursing facilities, and county care facilities that admit patients or have residents with histories of dangerous or disturbing behavior.

c. The denial of admission of a person to a health care facility shall not be based upon the patient’s condition, which is the existence of a specific disease in the patient, but the decision to accept or deny admission of a patient with a specific disease shall be based solely upon the ability of the health care facility to provide the level of care required by the patient.

3. Except in emergencies, a resident who is not essentially capable of managing the resident’s own affairs shall not be transferred out of a health care facility or discharged for any reason without prior notification to the next of kin, legal representative, or agency acting on the resident’s behalf. When such next of kin, legal representative, or agency cannot be reached or refuses to cooperate, proper arrangements shall be made by the facility for the welfare of the resident before the resident’s transfer or discharge.

4. No owner, administrator, employee, or representative of a health care facility shall pay any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, to any person for services referred to such facility, nor accept any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, for professional or other services or supplies purchased by the facility or by any resident, or by any third party on behalf of any resident, of the facility.

5. Each county which maintains a county care facility under chapter 347B shall develop a statement in lieu of, and setting forth substantially the same items as, the contracts required of other health care facilities by subsection 1. The statement must be approved by the county board of supervisors and by the department. When so approved, the statement shall be considered in force with respect to each resident of the county care facility.

3. A health care facility shall keep complete and accurate records of all funds and other effects and property of its residents received by it for safekeeping.

4. Any funds or other property belonging to or due a resident, or expendable for the resident’s account, which are received by a health care facility shall be trust funds, shall be kept separate from the funds and property of the facility and of its other residents, or specifically credited to such resident, and shall be used or otherwise expended only for the account of the resident. Upon request the facility shall furnish the resident, the guardian, trustee or conservator, if any, for any resident, or any governmental unit or private charitable agency contributing funds or other property on account of any resident, a complete and certified statement of all funds or other property to which this subsection applies detailing the amounts and items received, together with their sources and disposition.

5. 135C.30 Operation of facility under receivership.
When so authorized by section 135C.11, subsection 2, or section 135C.12, subsection 1, the director may file a verified application in the district court of the county where a health care facility licensed under this chapter is located, requesting that an individual nominated by the director be appointed as receiver for the facility with responsibility to bring the operation and condition of the facility into conformity with this chapter and the rules or minimum standards promulgated under this chapter.

1. The court shall expeditiously hold a hearing on the application, at which the director shall present evidence in support of the application. The licensee against whose facility the petition is filed may also present evidence, and both parties may subpoena witnesses. The court may appoint a receiver for the health care facility in advance of the hearing if the director’s verified application states that an emergency exists which presents an imminent danger of resultant death or physical harm to the residents of the facility. If the licensee against whose facility the receivership petition is filed informs the court at or before the time set for the hearing that the licensee does not object to the application, the court shall waive the hearing and at once appoint a receiver for the facility.

2. The court, on the basis of the verified application and evidence presented at the hearing, may order the facility placed under receivership, and if so ordered, the court shall direct either that the receiver assume the duties of administrator of the health care facility or that the receiver supervise the facility’s administrator in conducting the day-to-day business of the facility. The receiver shall be empowered to control the facility’s financial resources and to apply its revenues as the receiver deems necessary to the operation of the facility in compliance with this chapter and the rules or minimum standards promulgated under this chapter, but shall be accountable to the court for management of the facility’s financial resources.

3. A receivership established under this section may be terminated by the district court which established it, after a hearing upon an application for termination. The application may be filed:

a. Jointly by the receiver and the current licensee of the health care facility which is in receivership, stating that the deficiencies in the operation, maintenance or other circumstances which were the grounds for establishment of the receivership have been corrected and that there are reasonable grounds to believe that the facility will be operated in compliance with this chapter and the rules or minimum standards promulgated under this chapter.

b. By the current licensee of the facility, alleging that termination of the receivership is merited for the reasons set forth in paragraph “a” of this subsection, but that the receiver has declined to join in the petition for termination of the receivership.

c. By the receiver, stating that all residents of the facility have been relocated elsewhere and that there are reasonable grounds to believe it will not be feasible to again operate the facility on a sound financial basis and in compliance with this chapter and the rules or minimum standards promulgated under this chapter, and asking that the court approve surrender of the facility’s license to the department and subsequent return of control of the facility’s premises to the owners of the premises.

4. a. Payment of the expenses of a receivership established under this section is the responsibility of the facility for which the receiver is appointed, unless the court directs otherwise. The expenses include but are not limited to:

(1) Salary of the receiver.

(2) Expenses incurred by the facility for the continuing care of the residents of the facility.

(3) Expenses incurred by the facility for the maintenance of buildings and grounds of the facility.
§135C.30, HEALTH CARE FACILITIES

(4) Expenses incurred by the facility in the ordinary course of business, such as employees’ salaries and accounts payable.

b. The receiver is not personally liable for the expenses of the facility during the receivership. The receiver is an employee of the state as defined in section 669.2, subsection 4, only for the purpose of defending a claim filed against the receiver. Chapter 669 applies to all suits filed against the receiver.

5. This section does not:
   a. Preclude the sale or lease of a health care facility, and the transfer or assignment of the facility’s license in the manner prescribed by section 135C.8, while the facility is in receivership, provided these actions are not taken without approval of the receiver.
   b. Affect the civil or criminal liability of the licensee of the facility placed in receivership, for any acts or omissions of the licensee which occurred before the receiver was appointed.

135C.31A Assessment of residents — program eligibility — prescription drug coverage.
1. A health care facility shall assist the Iowa department of veterans affairs in identifying, upon admission of a resident, the resident’s eligibility for benefits through the United States department of veterans affairs. The department of inspections and appeals, in cooperation with the department of human services, shall adopt rules to administer this section, including a provision that ensures that if a resident is eligible for benefits through the United States department of veterans affairs or other third-party payor, the payor of last resort for reimbursement to the health care facility is the medical assistance program. The rules shall also require the health care facility to request information from a resident or resident’s personal representative regarding the resident’s veteran status and to report to the Iowa department of veterans affairs only the names of residents identified as potential veterans along with the names of their spouses and any dependents. Information reported by the health care facility shall be verified by the Iowa department of veterans affairs. This section shall not apply to the admission of an individual to a state mental health institute for acute psychiatric care or to the admission of an individual to the Iowa veterans home.

2. a. If a resident is identified, upon admission to a health care facility, as eligible for benefits through the United States department of veterans affairs pursuant to subsection 1 or through other means, the health care facility shall allow the resident to access any prescription drug benefit included in such benefits for which the resident is also eligible. The health care facility shall also assist the Iowa department of veterans affairs in identifying individuals residing in such health care facilities on July 1, 2009, who are eligible for the prescription drug benefit.
   b. The department of inspections and appeals, the department of veterans affairs, and the department of human services shall identify any barriers to residents in accessing such prescription drug benefits and shall assist health care facilities in adjusting their procedures for medication administration to comply with this subsection.

135C.32 Hospice services covered by Medicare.
The requirement that the care of a resident of a health care facility must be provided under the immediate direction of either the facility or the resident’s personal physician does not apply if all of the following conditions are met:

1. The resident is terminally ill.
2. The resident has elected to receive hospice services under the federal Medicare program from a Medicare certified hospice program.

3. The health care facility and the Medicare certified hospice program have entered into a written agreement under which the hospice program takes full responsibility for the professional management of the resident’s hospice care and the facility agrees to provide room and board to the resident.

88 Acts, ch 1037, §1

135C.33 Employees and certified nurse aide trainees — child or dependent adult abuse information and criminal record checks — evaluations — application to other providers — penalty.

1. a. For the purposes of this section, the term “crime” does not include offenses under chapter 321 classified as a simple misdemeanor or equivalent simple misdemeanor offenses from another jurisdiction.

b. Prior to employment of a person in a facility, the facility shall request that the department of public safety perform a criminal history check and the department of human services perform child and dependent adult abuse record checks of the person in this state. A facility shall inform all persons prior to employment regarding the performance of the record checks and shall obtain, from the persons, a signed acknowledgment of the receipt of the information. A facility shall include the following inquiry in an application for employment:

   Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime other than a simple misdemeanor offense relating to motor vehicles and laws of the road under chapter 321 or equivalent provisions, in this state or any other state?

2. a. If it is determined that a person being considered for employment in a facility has been convicted of a crime under a law of any state, the department of public safety shall notify the licensee that upon the request of the licensee the department of human services will perform an evaluation to determine whether the crime warrants prohibition of the person’s employment in the facility.

b. (1) If a person being considered for employment, other than employment involving the operation of a motor vehicle, has been convicted of a crime listed in subparagraph (2) but does not have a record of founded child or dependent adult abuse and the licensee has requested an evaluation in accordance with paragraph “a” to determine whether the crime warrants prohibition of the person’s employment, the licensee may employ the person for not more than sixty calendar days pending completion of the evaluation.

   (2) Subparagraph (1) applies to a crime that is a simple misdemeanor offense under section 123.47, and to a crime that is a first offense of operating a motor vehicle while intoxicated under section 321J.2, subsection 1.

c. If a department of human services child or dependent adult abuse record check shows that such person has a record of founded child or dependent adult abuse, the department of human services shall notify the licensee that upon the request of the licensee the department of human services will perform an evaluation to determine whether the founded child or dependent adult abuse warrants prohibition of employment in the facility.

d. An evaluation performed under this subsection shall be performed in accordance with procedures adopted for this purpose by the department of human services.

e. (1) If a person owns or operates more than one facility, and an employee of one of such facilities is transferred to another such facility without a lapse in employment, the facility is not required to request additional criminal and child and dependent adult abuse record checks of that employee.

   (2) If the ownership of a facility is transferred, at the time of transfer the record checks required by this section shall be performed for each employee for whom there is no documentation that such record checks have been performed. The facility may continue to employ such employee pending the performance of the record checks and any related evaluation.
3. In an evaluation, the department of human services shall consider the nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child or dependent adult abuse, the circumstances under which the crime or founded child or dependent abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child or dependent adult abuse again, and the number of crimes or founded child or dependent adult abuses committed by the person involved. If the department of human services performs an evaluation for the purposes of this section, the department of human services has final authority in determining whether prohibition of the person's employment is warranted.

4. a. Except as provided in paragraph “b” and subsection 2, a person who has committed a crime or has a record of founded child or dependent adult abuse shall not be employed in a facility licensed under this chapter unless an evaluation has been performed by the department of human services.

b. A person with a criminal or abuse record who is or was employed by a facility licensed under this chapter and is hired by another licensee shall be subject to the criminal history and abuse record checks required pursuant to subsection 1. However, if an evaluation was previously performed by the department of human services concerning the person's criminal or abuse record and it was determined that the record did not warrant prohibition of the person's employment and the latest record checks do not indicate a crime was committed or founded abuse record was entered subsequent to that evaluation, the person may commence employment with the other licensee in accordance with the department of human services' evaluation and an exemption from the requirements in paragraph “a” for reevaluation of the latest record checks is authorized. Otherwise, the requirements of paragraph “a” remain applicable to the person's employment. Authorization of an exemption under this paragraph “b” from requirements for reevaluation of the latest record checks by the department of human services is subject to all of the following provisions:

1. The position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.

2. Any restrictions placed on the person's employment in the previous evaluation by the department of human services shall remain applicable in the person's subsequent employment.

3. The person subject to the record checks has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer or the previous employer provides the previous evaluation from the person's personnel file pursuant to the person's authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, the record checks shall be reevaluated.

4. Although an exemption under this paragraph “b” may be authorized, the subsequent employer may instead request a reevaluation of the record checks and may employ the person while the reevaluation is being performed.

5. a. This section shall also apply to prospective employees of all of the following, if the provider is regulated by the state or receives any state or federal funding:

1. An employee of a homemaker-home health aide, home care aide, adult day services, or other provider of in-home services if the employee provides direct services to consumers.

2. An employee of a hospice, if the employee provides direct services to consumers.

3. An employee who provides direct services to consumers under a federal home and community-based services waiver.

4. An employee of an elder group home certified under chapter 231B, if the employee provides direct services to consumers.

5. An employee of an assisted living program certified under chapter 231C, if the employee provides direct services to consumers.

b. In substantial conformance with the provisions of this section, prior to the employment of such an employee, the provider shall request the performance of the criminal and child and dependent adult abuse record checks. The provider shall inform the prospective employee and obtain the prospective employee's signed acknowledgment. The department of human services shall perform the evaluation of any criminal record or founded child or dependent
adult abuse record and shall make the determination of whether a prospective employee of a provider shall not be employed by the provider.

6. a. The department of inspections and appeals, in conjunction with other departments and agencies of state government involved with criminal history and abuse registry information, shall establish a single contact repository for facilities and other providers to have electronic access to data to perform background checks for purposes of employment, as required of the facilities and other providers under this section.

b. The department may access the single contact repository for any of the following purposes:

(1) To verify data transferred from the department's nurse aide registry to the repository.

(2) To conduct record checks of applicants for employment with the department.

7. a. If a person employed by a facility, service, or program employer that is subject to this section is convicted of a crime or has a record of founded child or dependent adult abuse entered in the abuse registry after the person's employment application date, the person shall inform the employer of such information within forty-eight hours of the criminal conviction or entry of the record of founded child or dependent adult abuse. The employer shall act to verify the information within seven calendar days of notification. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the employer to determine whether or not the person's employment is continued. The employer may continue to employ the person pending the performance of an evaluation by the department of human services to determine whether prohibition of the person's employment is warranted. A person who is required by this subsection to inform the person's employer of a conviction or entry of an abuse record and fails to do so within the required period commits a serious misdemeanor.

b. If a facility, service, or program employer receives credible information, as determined by the employer, that a person employed by the employer has been convicted of a crime or a record of founded child or dependent adult abuse has been entered in the abuse registry after employment from a person other than the employee and the employee has not informed the employer of such information within the period required under paragraph "a", the employer shall act to verify the credible information within seven calendar days of receipt of the credible information. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied to determine whether or not the person's employment is continued.

c. The employer may notify the county attorney for the county where the employer is located of any violation or failure by an employee to notify the employer of a criminal conviction or entry of an abuse record within the period required under paragraph "a".

8. a. For the purposes of this subsection, unless the context otherwise requires:

(1) “Certified nurse aide training program” means a program approved in accordance with the rules for such programs adopted by the department of human services for the training of persons seeking to be a certified nurse aide for employment in any of the facilities or programs this section applies to or in a hospital, as defined in section 135B.1.

(2) “Student” means a person applying for, enrolled in, or returning to a certified nurse aide training program.

b. Prior to a student beginning or returning to a certified nurse aide training program, the program shall request that the department of public safety perform a criminal history check and the department of human services perform child and dependent adult abuse record checks, in this state, of the student. The program may access the single contact repository established pursuant to this section as necessary for the program to initiate the record checks.

c. If a student has a criminal record or a record of founded child or dependent adult abuse, the student shall not be involved in a clinical education component of the certified nurse aide training program involving children or dependent adults unless an evaluation has been performed by the department of human services. Upon request of the certified nurse aide training program, the department of human services shall perform an evaluation to determine whether the record warrants prohibition of the student's involvement in a clinical education component of the certified nurse aide training program involving children or dependent adults. The evaluation shall be performed in accordance with the criteria
specified in subsection 3, and the department of human services shall report the results of the evaluation to the certified nurse aide training program. The department of human services has final authority in determining whether prohibition of the student’s involvement in the clinical education component is warranted.

d. (1) If a student’s clinical education component of the training program involves children or dependent adults but does not involve operation of a motor vehicle, and the student has been convicted of a crime listed in subparagraph (2), but does not have a record of founded child or dependent adult abuse, and the training program has requested an evaluation in accordance with paragraph “c” to determine whether the crime warrants prohibition of the student’s involvement in such clinical education component, the training program may allow the student’s participation in the component for not more than sixty days pending completion of the evaluation.

(2) Subparagraph (1) applies to a crime that is a simple misdemeanor offense under section 123.47, and to a crime that is a first offense of operating a motor vehicle while intoxicated under section 321J.2, subsection 1.

e. (1) If a student is convicted of a crime or has a record of founded child or dependent adult abuse entered in the abuse registry after the record checks and any evaluation have been performed, the student shall inform the certified nurse aide training program of such information within forty-eight hours of the criminal conviction or entry of the record of founded child or dependent adult abuse. The program shall act to verify the information within seven calendar days of notification. If the information is verified, the requirements of paragraph “c” shall be applied by the program to determine whether or not the student’s involvement in a clinical education component may continue. The program may allow the student involvement to continue pending the performance of an evaluation by the department of human services. A student who is required by this subparagraph to inform the program of a conviction or entry of an abuse record and fails to do so within the required period commits a serious misdemeanor.

(2) If a program receives credible information, as determined by the program, that a student has been convicted of a crime or a record of founded child or dependent adult abuse has been entered in the abuse registry after the record checks and any evaluation have been performed, from a person other than the student and the student has not informed the program of such information within the period required under subparagraph (1), the program shall act to verify the credible information within seven calendar days of receipt of the credible information. If the information is verified, the requirements of paragraph “c” shall be applied to determine whether or not the student’s involvement in a clinical education component may continue.

(3) The program may notify the county attorney for the county where the program is located of any violation or failure by a student to notify the program of a criminal conviction or entry of an abuse record within the period required under subparagraph (1).

f. If a certified nurse aide training program is conducted by a health care facility and a student of that program subsequently accepts and begins employment with the facility within thirty days of completing the program, the criminal history and abuse registry checks of the student performed pursuant to this subsection shall be deemed to fulfill the requirements for such checks prior to employment pursuant to subsection 1.

VIOLATIONS

135C.36 Violations classified — penalties.
Every violation by a health care facility of any provision of this chapter or of the rules adopted pursuant to it shall be classified by the department in accordance with this section. The department shall adopt and may from time to time modify, in accordance with chapter 17A, rules setting forth so far as feasible the specific violations included in each classification and stating criteria for the classification of any violation not so listed.

1. A class I violation is one which presents an imminent danger or a substantial probability of resultant death or physical harm to the residents of the facility in which the violation occurs. A physical condition or one or more practices in a facility may constitute a class I violation. A class I violation shall be abated or eliminated immediately unless the department determines that a stated period of time, specified in the citation issued under section 135C.40, is required to correct the violation. A licensee is subject to a penalty of not less than two thousand nor more than ten thousand dollars for each class I violation for which the licensee’s facility is cited.

2. A class II violation is one which has a direct or immediate relationship to the health, safety, or security of residents of a health care facility, but which presents no imminent danger nor substantial probability of death or physical harm to them. A physical condition or one or more practices within a facility, including either physical abuse of any resident or failure to treat any resident with consideration, respect, and full recognition of the resident’s dignity and individuality, in violation of a specific rule adopted by the department, may constitute a class II violation. A violation of section 135C.14, subsection 8, or section 135C.31 and rules adopted under those sections shall be at least a class II violation and may be a class I violation. A class II violation shall be corrected within a stated period of time determined by the department and specified in the citation issued under section 135C.40. The stated period of time specified in the citation may subsequently be modified by the department for good cause shown. A licensee is subject to a penalty of not less than one hundred nor more than five hundred dollars for each class II violation for which the licensee’s facility is cited; however the director may, upon written request of the facility, waive the penalty if the violation is corrected within the time specified in the citation. The department shall adopt rules in accordance with chapter 17A establishing criteria for the granting or denial of a waiver request.

3. A class III violation is any violation of this chapter or of the rules adopted pursuant to it which violation is not classified in the department’s rules nor classifiable under the criteria stated in those rules as a class I or a class II violation. A licensee shall not be subject to a penalty for a class III violation, except as provided by section 135C.40, subsection 1, for failure to correct the violation within a reasonable time specified by the department in the notice of the violation.
4. Any state penalty, including a fine or citation, issued following a state licensure and federal certification survey or investigation shall be dismissed if the corresponding federal deficiency is dismissed or removed. Any state penalty, including a fine or citation, shall be retained or reinstated if the federal deficiency is retained or reinstated.

5. If a facility self-identifies a deficient practice prior to an on-site visit inspection, there has been no complaint filed with the department related to that specific deficient practice, and the facility corrects such practice prior to an inspection, no citation shall be issued or fine assessed pursuant to subsection 2 or 3 except for those penalties arising pursuant to section 135C.33; 481 IAC 57.12(2)(d), 481 IAC 57.12(3), 481 IAC 57.15(5), 481 IAC 57.25(1), 481 IAC 57.39, 481 IAC 58.11(3), 481 IAC 58.14(5), 481 IAC 58.19(2)(a), 481 IAC 58.19(2)(h), 481 IAC 58.28(1)(a), 481 IAC 58.43, 481 IAC 62.9(5), 481 IAC 62.15(1)(a), 481 IAC 62.19(2)(c), 481 IAC 62.19(7), 481 IAC 62.23(23)-(25), 481 IAC 63.11(2)(d), 481 IAC 63.11(3), 481 IAC 63.23(1)(a), 481 IAC 63.37, 481 IAC 64.4(9), 481 IAC 64.33, 481 IAC 64.34, 481 IAC 65.9(5), 481 IAC 65.15, or 481 IAC 65.25(3)-(5), or the successor to any of such rules; or 42 C.F.R. §483.420(d), 42 C.F.R. §483.460(c)(4), or 42 C.F.R. §483.470(j), or the successor to any of such federal regulations.

135C.37 Complaints alleging violations — confidentiality.
A person may request an inspection of a health care facility by filing with the department, certified volunteer long-term care ombudsman, or the office of long-term care ombudsman, a complaint of an alleged violation of applicable requirements of this chapter or the rules adopted pursuant to this chapter. A person alleging abuse or neglect of a resident with a developmental disability or with mental illness may also file a complaint with the protection and advocacy agency designated pursuant to section 135B.9 or section 135C.2. A copy of a complaint filed with a certified volunteer long-term care ombudsman or the office of long-term care ombudsman shall be forwarded to the department. The complaint shall state in a reasonably specific manner the basis of the complaint, and a statement of the nature of the complaint shall be delivered to the facility involved at the time of the inspection. The name of the person who files a complaint with the department, certified volunteer long-term care ombudsman, or the office of long-term care ombudsman shall be kept confidential and shall not be subject to discovery, subpoena, or other means of legal compulsion for its release to a person other than department employees involved in the investigation of the complaint.

135C.38 Inspections upon complaints.
1. a. Upon receipt of a complaint made in accordance with section 135C.37, the department shall make a preliminary review of the complaint. Unless the department concludes that the complaint is intended to harass a facility or a licensee or is without reasonable basis, the department shall make or cause to be made an on-site inspection of the health care facility which is the subject of the complaint within the time period determined pursuant to the following guidelines, which period shall commence on the date of receipt of the complaint:
   (1) For nursing facilities, an on-site inspection shall be initiated as follows:
      (a) Within two working days for a complaint determined by the department to be an alleged immediate jeopardy situation.
      (b) Within ten working days for a complaint determined by the department to be an alleged high-level, nonimmediate jeopardy situation.
      (c) Within forty-five calendar days for a complaint determined by the department to be an alleged nonimmediate jeopardy situation, other than a high-level situation.
(2) For all other types of health care facilities, an on-site inspection shall be initiated as follows:

(a) Within two working days for a complaint determined by the department to be an alleged immediate jeopardy situation.

(b) Within twenty working days for a complaint determined by the department to be an alleged high-level, nonimmediate jeopardy situation.

(c) Within forty-five calendar days for a complaint determined by the department to be an alleged nonimmediate jeopardy situation, other than a high-level situation.

b. The complaint investigation shall include, at a minimum, an interview with the complainant, the alleged perpetrator, and the victim of the alleged violation, if the victim is able to communicate, if the complainant, alleged perpetrator, or victim is identifiable, and if the complainant, alleged perpetrator, or victim is available. Additionally, witnesses who have knowledge of facts related to the complaint shall be interviewed, if identifiable and available. The names of witnesses may be obtained from the complainant or the victim. The files of the facility may be reviewed to ascertain the names of staff persons on duty at the time relevant to the complaint. The department shall apply a preponderance of the evidence standard in determining whether or not a complaint is substantiated. For the purposes of this subsection, "a preponderance of the evidence standard" means that the evidence, considered and compared with the evidence opposed to it, produces the belief in a reasonable mind that the allegations are more likely true than not true. "A preponderance of the evidence standard" does not require that the investigator personally witnessed the alleged violation.

c. The department may refer to a representative of the office of long-term care ombudsman any complaint received by the department regarding a facility, for initial evaluation and appropriate action by the office of long-term care ombudsman.

2. a. The complainant shall be promptly informed of the result of any action taken by the department or the office of long-term care ombudsman in the matter. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness.

b. Upon conclusion of the investigation, the department shall notify the complainant of the results. The notification shall include a statement of the factual findings as determined by the investigator, the statutory or regulatory provisions alleged to have been violated, and a summary of the reasons for which the complaint was or was not substantiated.

c. The department shall mail the notification to the complainant without charge. Upon the request of the complainant, the department shall mail to the complainant, without charge, a copy of the most recent final findings regarding compliance with licensing requirements by the facility against which the complaint was filed.

d. A person who is dissatisfied with any aspect of the department’s handling of the complaint may contact the office of long-term care ombudsman, or may contact the protection and advocacy agency designated pursuant to section 135C.2 if the complaint relates to a resident with a developmental disability or a mental illness.

3. An inspection made pursuant to a complaint filed under section 135C.37 need not be limited to the matter or matters included in the complaint. However, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection or unless in the course of the complaint investigation a violation is evident to the inspector. Upon arrival at the facility to be inspected, the inspector shall show identification to the person in charge of the facility and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department or a representative of the office of long-term care ombudsman, the complainant or the complainant’s representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of any resident
of the facility to be inspected would otherwise be violated. The protection and dignity of the resident shall be given first priority by the inspector and others.

135C.40 Citations when violations found — penalties — exception.
1. If the director determines, based on the findings of an inspection or investigation of a health care facility, that the facility is in violation of this chapter or rules adopted under this chapter, the director within five working days after making the determination, may issue a written citation to the facility. The citation shall be served upon the facility personally, by electronic mail, or by certified mail, except that a citation for a class III violation may be sent by ordinary mail. Each citation shall specifically describe the nature of the violation, identifying the Code section or subsection or the rule or standard violated, and the classification of the violation under section 135C.36. Where appropriate, the citation shall also state the period of time allowed for correction of the violation, which shall in each case be the shortest period of time the department deems feasible. The department may conduct the exit interview either in person or by telephone, and a second exit interview shall be provided if any additional issues or areas of concern are identified. The facility shall be provided two working days from the date of the exit interview to submit additional or rebuttal information to the department.

2. When a citation is served upon or mailed to a health care facility under subsection 1 and the licensee of the facility is not actually involved in the daily operation of the facility, a copy of the citation shall be mailed to the licensee. 5. The department of human services has submitted written approval of the application based on the department of human services' determination of need. The department of human services shall identify the location and number of children in the state who require the services of a psychiatric medical institution for children. Approval of an application shall be based upon the location of the proposed psychiatric institution relative to the need for services identified by the department of human services and an analysis of the applicant's ability to provide services and support consistent with requirements under chapter 232, particularly regarding community-based treatment. If the proposed psychiatric institution is not freestanding from a facility licensed under chapter 135B or 135C, approval under this subsection shall not be given unless the department of human services certifies that the proposed psychiatric institution is capable of providing a resident with a living environment similar to the living environment provided by a licensee which is freestanding from a facility licensed under chapter 135B or 135C.
6. The department of human services shall not give approval to an application which would cause the total number of beds licensed under this chapter for services reimbursed by the medical assistance program under chapter 249A to exceed four hundred thirty beds.
7. In addition to the beds authorized under subsection 6, the department of human services may establish not more than thirty beds licensed under this chapter at the state mental health institute at Independence. The beds shall be exempt from the certificate of need requirement under subsection 4.
8. The department of human services may give approval to conversion of beds approved under subsection 6, to beds which are specialized to provide substance abuse treatment. However, the total number of beds approved under subsection 6 and this subsection shall not exceed four hundred thirty. Conversion of beds under this subsection shall not require a revision of the certificate of need issued for the psychiatric institution making the conversion. Beds for children who do not reside in this state and whose service costs are not paid by public funds in this state are not subject to the limitations on the number of beds and certificate of need requirements otherwise applicable under this section.
9. The proposed psychiatric institution is under the direction of an agency which has operated a facility licensed under section 237.3, subsection 2, paragraph "a", as a comprehensive residential facility for children for three years or of an agency which has operated a facility for three years providing psychiatric services exclusively to children or adolescents and the facility meets or exceeds requirements for licensure under section 237.3, subsection 2, paragraph "a", as a comprehensive residential facility for children.
10. A psychiatric institution licensed prior to July 1, 1999, may exceed the number of beds authorized under subsection 6 if the excess beds are used to provide services funded from a source other than the medical assistance program under chapter 249A. Notwithstanding
subsections 4, 5, and 6, the provision of services using those excess beds does not require a certificate of need or a review by the department of human services.

11. If a child has an emotional, behavioral, or mental health disorder, the psychiatric institution does not require court proceedings to be initiated or that a child’s parent, guardian, or custodian must terminate parental rights over or transfer legal custody of the child for the purpose of obtaining treatment from the psychiatric institution for the child. Relinquishment of a child’s custody shall not be a condition of the child receiving services.

§151, 135H.7

Referred to in §226.9B

135H.7 Personnel.

1. A person shall not be allowed to provide services in a psychiatric institution if the person has a disease which is transmissible to other persons through required contact in the workplace, which presents a significant risk of infecting other persons, which presents a substantial possibility of harming other persons, or for which no reasonable accommodation can eliminate the risk of infecting other persons.

2. a. If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a licensed psychiatric institution, or if a person will reside in a facility utilized by a licensee, and if the person has been convicted of a crime or has a record of founded child abuse, the department of human services and the licensee, for an employee of the licensee, shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The department of human services shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services.

b. If the department of human services determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a psychiatric institution licensed under this chapter, or resides in a licensed facility, the department shall notify the program that an evaluation will be conducted to determine whether prohibition of the person's licensure, employment, or residence is warranted.

c. In an evaluation, the department of human services and the licensee for an employee of the licensee shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The department may permit a person who is evaluated to be licensed, employed, or to reside, or to continue to be licensed, employed, or to reside in a licensed facility, if the person complies with the department's conditions relating to the person's licensure, employment, or residence, which may include completion of additional training. For an employee of a licensee, these conditional requirements shall be developed with the licensee. The department of human services has final authority in determining whether prohibition of the person's licensure, employment, or residence is warranted and in developing any conditional requirements under this paragraph.

3. If the department of human services determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter to operate a psychiatric institution and shall not be employed by a psychiatric institution or reside in a facility licensed under this chapter.

4. In addition to the record checks required under subsection 2, the department of human services may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of subsections 2 and 3, relative
to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random dependent adult abuse record check conducted under this subsection.

5. Beginning July 1, 1994, a licensee shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

6. On or after July 1, 1994, a licensee shall include the following inquiry in an application for employment:

Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?

135H.8 Denial, suspension, or revocation of license.

The department may deny an application or suspend or revoke a license if the department finds that an applicant or licensee has failed or is unable to comply with this chapter or the rules establishing minimum standards pursuant to this chapter or if any of the following conditions apply:

1. It is shown that a resident is a victim of cruelty or neglect due to the acts or omissions of the licensee.

2. The licensee has permitted, aided, or abetted in the commission of an illegal act in the psychiatric institution.

3. An applicant or licensee acted to obtain or to retain a license by fraudulent means, misrepresentation, or submitting false information.

4. The licensee has willfully failed or neglected to maintain a continuing in-service education and training program for persons employed by the psychiatric institution.

5. The application involves a person who has failed to operate a psychiatric institution in compliance with the provisions of this chapter.

89 Acts, ch 283, §9

135H.8A Provisional license.

The department may issue a provisional license, effective for not more than one year, to a licensee whose psychiatric institution does not meet the requirements of this chapter, if, prior to issuance of the license, written plans to achieve compliance with the applicable requirements are submitted to and approved by the department. The plans shall specify the deadline for achieving compliance.

95 Acts, ch 51, §2

135H.9 Notice and hearings.

The procedure governing notice and hearing to deny an application or suspend or revoke a license shall be in accordance with rules adopted by the department pursuant to chapter 17A. A full and complete record shall be kept of the proceedings and of any testimony. The record need not be transcribed unless judicial review is sought. A copy or copies of a transcript may be obtained by an interested party upon payment of the cost of preparing the transcript or copies.

89 Acts, ch 283, §10

135H.10 Rules.

1. The department of inspections and appeals, in consultation with the department of human services and affected professional groups, shall adopt and enforce rules setting out the standards for a psychiatric medical institution for children and the rights of the residents admitted to a psychiatric institution. The department of inspections and appeals and the department of human services shall coordinate the adoption of rules and the enforcement of
the rules in order to prevent duplication of effort by the departments and of requirements of the licensee.

2. This chapter shall not be construed as prohibiting the use of funds appropriated for foster care to provide payment to a psychiatric medical institution for children for the financial participation required of a child whose foster care placement is in a psychiatric medical institution for children. In accordance with established policies and procedures for foster care, the department of human services shall act to recover any such payment for financial participation, apply to be named payee for the child’s unearned income, and recommend parental liability for the costs of a court-ordered foster care placement in a psychiatric medical institution.

135H.11 Complaints alleging violations — confidentiality.

A person may request an inspection of a psychiatric medical institution for children by filing with the department a complaint of an alleged violation of an applicable requirement of this chapter or a rule adopted pursuant to this chapter. The complaint shall state in a reasonably specific manner the basis of the complaint. A statement of the nature of the complaint shall be delivered to the psychiatric institution involved at the time of or prior to the inspection. The name of the person who files a complaint with the department shall be kept confidential and shall not be subject to discovery, subpoena, or other means of legal compulsion for its release to a person other than department employees involved in the investigation of the complaint.

135H.12 Inspections upon complaints.

1. Upon receipt of a complaint made in accordance with section 135H.11, the department shall make a preliminary review of the complaint. Unless the department concludes that the complaint is intended to harass a psychiatric institution or a licensee or is without reasonable basis, it shall within twenty working days of receipt of the complaint make or cause to be made an on-site inspection of the psychiatric institution which is the subject of the complaint. The department of inspections and appeals may refer to the department of human services any complaint received by the department if the complaint applies to rules adopted by the department of human services. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness. In any case, the complainant shall be promptly informed of the result of any action taken by the department in the matter.

2. An inspection made pursuant to a complaint filed under section 135H.11 need not be limited to the matter or matters referred to in the complaint; however, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection. Upon arrival at the psychiatric institution to be inspected, the inspector shall show identification to the person in charge of the psychiatric institution and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department, the complainant or the complainant’s representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of a resident of the psychiatric institution to be inspected would be violated. The dignity of the resident shall be given first priority by the inspector and others.

135H.13 Information confidential.

1. 2. “Department” means the department of inspections and appeals.

3. “Hospice patient” or “patient” means a diagnosed terminally ill person with an anticipated life expectancy of six months or less, as certified by the attending physician,
who, alone or in conjunction with a unit of care as defined in subsection 8, has voluntarily requested and received admission into the hospice program. If the patient is unable to request admission, a family member may voluntarily request and receive admission on the patient’s behalf.

4. “Hospice patient’s family” means the immediate kin of the patient, including a spouse, parent, stepparent, brother, sister, stepbrother, stepsister, child, or stepchild. Additional relatives or individuals with significant personal ties to the hospice patient may be included in the hospice patient’s family.

5. “Hospice program” means a centrally coordinated program of home and inpatient care provided directly or through an agreement under the direction of an identifiable hospice administration providing palliative care and supportive medical and other health services to terminally ill patients and their families. The court shall immediately provide documentation to the pregnant minor and to the pregnant minor’s legal counsel if the pregnant minor is represented by legal counsel, demonstrating that the petition is deemed granted and that waiver of the notification requirements is deemed authorized. Resolution of a petition for authorization of waiver of the notification requirement shall be completed within ten calendar days as calculated from the day after the filing of the petition to the day of issuance of any final decision on appeal.

   b. Specific licenses issued upon application to a person named in the license to use, manufacture, produce, transfer, receive, acquire, or possess quantities of or equipment using radioactive material. 2. The department may exempt certain sources of radiation or kinds of uses or users from the licensing or registration requirements when the department finds that the exemption of the source of radiation, use, or users will not pose a significant risk to the health and safety of the public. The rules may provide for recognition of other state or federal licenses as the department may allow, subject to registration requirements as the department may prescribe.

of administering this chapter. The license fee may include the cost of environmental surveillance activities to assess the radiological impact of activities conducted by licensees.

b. When a registrant or licensee fails to pay the applicable fee the department may suspend or revoke the registration or license or may issue an appropriate order. Fees for the license, amendment of a license, and inspection of radioactive material shall not exceed the fees prescribed by the United States nuclear regulatory commission.

2. The department may establish and collect a fee related to transporting radioactive material if the fee is used for a purpose related to transporting radioactive material, including enforcement and planning, developing, and maintaining a capability for emergency response. The fees shall be established by rules adopted pursuant to chapter 17A.

3. The department may establish and collect fees from persons providing mammography services to assure compliance with applicable rules and the federal Mammography Quality Standards Act of 1992, Pub. 4. Fees collected pursuant to this section shall be retained by the department, shall be considered repayment receipts as defined in section 8.2, and shall be used for the purposes described in this section, including but not limited to the addition of full-time equivalent positions for program services and investigations. Notwithstanding section 8.33, moneys retained by the department pursuant to this subsection are not subject to reversion to the general fund of the state.

2. A person who, on the effective date of an agreement made under subsection 1, possesses a license issued by the United States nuclear regulatory commission for radioactive material that comes under the agreement is considered to possess the license required under this chapter. The license shall expire either ninety days after receipt from the department of a notice of expiration of the license, or on the date of expiration specified in the license issued by the nuclear regulatory commission, whichever is earlier.

136C.13 Emergencies.
If the department finds that an emergency exists involving radioactive material or radiation machines that requires immediate action to protect the public health and safety, the department may, without notice or hearing, issue an order stating that an emergency exists and requiring that action be taken as necessary to meet the emergency. An emergency order shall be effective immediately. A person to whom the order is directed shall comply with the order immediately, but on application to the department shall be afforded a hearing within ten days of the date application is made. 2. A person, other than a licensed professional, who operates a radiation machine or uses radioactive materials for medical treatment or diagnostic purposes shall make available upon request the credentials which indicate that person’s qualification to operate the machine or use the materials. 136C.15 Radiation machines used for mammography — registration standards and requirements — application for authority — inspection.
1. A person shall not use a radiation machine to perform mammography unless the radiation machine is registered with the department pursuant to the department’s rules and is specifically authorized for use for mammography as provided in this section.
2. The department shall authorize a radiation machine for use for mammography if the radiation machine meets all of the following:
   a. The radiation machine meets the criteria for a mammography accreditation program approved by the United States food and drug administration. The department shall make copies of those criteria available to the public and may by rule adopt modified criteria. The department may accept an evaluation report issued by such an approved accreditation program as evidence that a radiation machine meets those criteria. If at any time the department determines that it will not accept any evaluation reports issued by such an approved accreditation program as evidence that a radiation machine meets those criteria, the department shall promptly notify each person who has registered a radiation machine under this paragraph.
   b. The radiation machine, the film or other image receptor used in the radiation machine, and the facility where the radiation machine is used meet the requirements set forth in department rules for radiation machines.
   c. The radiation machine is specifically designed to perform mammography.
   d. The radiation machine is used in a facility that does all of the following:
      (1) At least annually has a qualified radiation physicist provide on-site consultation to the facility, including, but not limited to, a complete evaluation of the entire mammography system to ensure compliance with this section and the rules adopted pursuant to this section.
      (2) Maintains for at least seven years, records of the consultation required in subparagraph (1) and the findings of the consultation.
   e. The radiation machine is used according to the department rules on patient radiation exposure and radiation dose levels.
   f. The radiation machine is operated only by an individual who can demonstrate to the department that the individual is specifically trained in mammography and meets the standards established in this section, or an individual who is a physician or an osteopathic physician.
3. The department may issue a nonrenewable temporary authorization for a radiation machine for use for mammography if additional time is needed to allow submission of evidence satisfactory to the department that the radiation machine meets the standards set forth in subsection 2 for approval for mammography. A temporary authorization granted under this subsection shall be effective for no more than twelve months. The department may withdraw a temporary authorization prior to its expiration if the radiation machine does not meet one or more of the standards set forth in subsection 2.
4. To obtain authorization from the department to use a radiation machine for mammography, the person who owns or leases the radiation machine or an authorized agent of the person shall apply to the department for mammography authorization on an application form provided by the department and shall provide all of the information required by the department as specified on the application form. A person who owns or leases more than one radiation machine used for mammography shall obtain authorization for each radiation machine. The department shall process and respond to an application within thirty days after the date of receipt of the application. Upon determining to grant mammography authorization for a radiation machine, the department shall issue a certificate of registration specifying the mammography authorization. A mammography authorization is effective for three years.

5. The department shall annually inspect each authorized radiation machine and may inspect the radiation machine more frequently. The department shall make reasonable efforts to coordinate the inspections under this section with the department’s other inspections of the facility in which the radiation machine is located.

6. After each satisfactory inspection by the department, the department shall issue a written proof of inspection or a similar document identifying the facility and radiation machine inspected and providing a record of the date the radiation machine was inspected.

7. The department may withdraw the mammography authorization for a radiation machine if it does not meet one or more of the standards set forth in subsection 2.

8. The department shall provide an opportunity for a hearing in connection with a denial or withdrawal of mammography authorization.

9. Upon a finding that a deficiency in a radiation machine used for mammography or a violation of this section or the rules adopted pursuant to this section seriously affects the health, safety, and welfare of individuals upon whom the radiation machine is used for mammography, the department may issue an emergency order summarily withdrawing the mammography authorization of the radiation machine. The department shall incorporate its findings in the order and shall provide an opportunity for a hearing within five working days after issuance of the order. The order shall be effective during the proceedings.

10. If the department withdraws the mammography authorization of a radiation machine, the radiation machine shall not be used for mammography. An application for reinstatement of a mammography authorization shall be filed and processed in the same manner as an application for mammography authorization under subsection 4, except that the department shall not issue a reinstated certificate of registration specifying the mammography authorization until the department inspects the radiation machine and determines that it meets the standards set forth in subsection 2. The department shall conduct an inspection required under this subsection no later than sixty days after receiving a proper application for reinstatement of a mammography authorization.

11. The department shall establish fees pursuant to section 136C.10 for the application for authorization and the inspection related to a radiation machine used for mammography.

LICENCES AND INSPECTIONS

§137C.6, HOTEL SANITATION CODE
Ⅰ-368

137C.6 Authority to enforce.
1. The director shall regulate, license, and inspect hotels and enforce the Iowa hotel sanitation code in Iowa. Municipal corporations shall not regulate, license, inspect, or collect license fees from hotels except as provided for in the Iowa hotel sanitation code.
2. If a municipal corporation wants its local board of health to license, inspect, and otherwise enforce the Iowa hotel sanitation code within its jurisdiction, the municipal corporation may enter into an agreement to do so with the director. The director may enter into the agreement if the director finds that the local board of health has adequate resources to perform the required functions. A municipal corporation may only enter into an agreement to enforce the Iowa hotel sanitation code if it also agrees to enforce the rules setting minimum standards to protect consumers from foodborne illness adopted pursuant to section 137F.2.
3. A local board of health that is responsible for enforcing the Iowa hotel sanitation code within its jurisdiction pursuant to an agreement shall make an annual report to the director providing the following information:
   a. The total number of hotel licenses granted or renewed during the year.
   b. The number of hotel licenses granted or renewed during the year broken down into the following categories:
      (1) Hotels containing fifteen guest rooms or less.

4. The director shall monitor local boards of health to determine if they are enforcing the Iowa hotel sanitation code within their respective jurisdictions. If the director determines that the Iowa hotel sanitation code is enforced by a local board of health, such enforcement shall be accepted in lieu of enforcement by the department in that jurisdiction. If the director determines that the Iowa hotel sanitation code is not enforced by a local board of health, the director may rescind the agreement after reasonable notice and an opportunity for a hearing. If the agreement is rescinded, the director shall assume responsibility for enforcement in the jurisdiction involved.

The application shall state the name and address of the person requesting a permit; and name and address of the owner of the camp, or portion thereof; approximate number of persons to be lodged in such camp; approximate period during which the migrant labor camp, or portion thereof, is to be operated; the location of such camp, or portion thereof; and any other information required by the department. A
separate application shall be submitted for each camp, or portion thereof, and a separate permit shall be issued annually for each such camp, or portion thereof.

[C71, 73, 75, 77, 79, 81, §138.3]

138.4 Permit not assignable.
If the department finds, after investigation, that the migrant labor camp, or portion thereof, conforms to the minimum standards required by this chapter, it shall issue a permit for operation of such camp, or portion thereof. A permit shall not be assignable or transferable. It shall expire one year after the date of issuance, or upon a change of operator of the camp or upon revocation.

[C71, 73, 75, 77, 79, 81, §138.4]

138.5 Revocation or suspension of permit.
If the holder of any permit under the provisions of this chapter fails to maintain and operate a migrant labor camp in accordance with the provisions of this chapter and the rules of the department relating thereto, the director shall revoke or suspend the permit for the operation and maintenance of such camp.

[C71, 73, 75, 77, 79, 81, §138.5]

138.6 Notice of intention.
The director shall serve written notice upon the holder of the permit, by restricted certified mail, return receipt requested, specifying the manner in which the holder of the permit has failed to comply with the provisions of this chapter or any rules of the department and shall fix a reasonable time within which the objectionable condition or conditions must be removed or corrected. If the holder of the permit fails to remove or correct such objectionable condition or conditions within the time fixed by the director, the director shall revoke or suspend such permit. However, if the objectionable condition or conditions endanger the health, safety, or welfare of any inhabitants of a migrant labor camp, the director shall immediately suspend or revoke such permit.

[C71, 73, 75, 77, 79, 81, §138.6]

138.7 Appeal to director.
When any person applying for a permit to operate a migrant labor camp is denied a permit, or when a permit is suspended or revoked, such person may appeal such denial, suspension, or revocation to the director. The director, after reasonable notice to all interested parties, shall hold a hearing upon such denial, suspension, or revocation. At the hearing all parties involved shall be entitled to be present and represented by counsel and to present such evidence as they desire as to why a permit should, or should not, be issued, suspended, or revoked. The director shall render a decision within thirty days after the termination of the hearing, and a copy of the decision shall be sent by restricted certified mail, return receipt requested, to all parties given notice of the appeal and hearing. Notice of appeal shall be sent in writing to the department by restricted certified mail, return receipt requested, by the aggrieved party. In the event such appeal is taken from a notice of suspension or revocation, such appeal shall be made prior to the date set for such suspension or revocation.

[C71, 73, 75, 77, 79, 81, §138.7]

138.8 Place — evidence — record.
The hearing shall be conducted at the office of the department or at such other place convenient for the aggrieved party or for the attendance of witnesses and receipt of evidence. The director, when requested in writing by any party to the appeal, shall compel by subpoena the attendance and testimony of witnesses and the production of books, papers, and documents. All testimony and evidence shall be received under oath administered by the director. In the event any party fails to attend who has been properly served with a subpoena, application shall be made to the district court in the county where such hearing is to be held, to enforce the subpoena issued by the director. The director shall cause a record of the proceedings at the hearing to be kept and shall provide any interested party to
the hearing a transcript of the evidence presented, upon payment of the cost thereof. The hearing may be continued from time to time at the discretion of the director.

[C71, 73, 75, 77, 79, 81, §138.8]

**138.9 Liberal rules to prevail.**

Technical errors in the proceeding or failure to observe the technical rules of evidence shall not constitute grounds for reversal of any decision unless it shall appear to the reviewing court that such error or failure materially affects the rights of any party and results in substantial injustice to any interested party.

[C71, 73, 75, 77, 79, 81, §138.9]

**138.10 Judicial review.**

Judicial review of actions of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county wherein the license was to be issued or wherein such license is to be revoked or suspended, and such a petition for judicial review shall not operate to stay any order or final determination of the director unless the district court finds upon hearing after reasonable notice to all interested parties, that substantial damage would result to the appealing party unless such order or final determination was stayed and such a stay would not endanger the health, safety, or welfare of any inhabitants of a migrant labor camp.

[C71, 73, 75, 77, 79, 81, §138.10]

2003 Acts, ch 44, §114

**138.11 Access to camp for inspection.**

The director may enter and inspect migrant labor camps at any reasonable time and may question persons, and investigate facts, conditions, practices, or any other matters as are necessary or appropriate to determine compliance with the provisions of this chapter and any rules made pursuant to this chapter, or in the formulation of any additional rules. The director may, to the extent appropriate, utilize the services of any other state department or agency or any local agency for assistance in inspections and investigations.

[C71, 73, 75, 77, 79, 81, §138.11]

**138.12 Variations permitted.**

1. The director may grant written permission to individual camp operators to vary from the provisions of this chapter or the rules of the department when the extent of the variation is clearly specified and it is demonstrated to the director’s satisfaction that:
   a. Such variation is necessary to obtain a beneficial use of an existing facility.
   b. The variation is necessary to prevent a substantial difficulty or unnecessary hardship.
   c. Appropriate alternative measures have been taken to protect the health, safety, and welfare of any inhabitants of a migrant labor camp and assure that the purpose of the provisions for which variation is sought will be observed.

2. Written application for such variations shall be filed with the director and local board of health serving the area in which the migrant labor camp is situated. No such variation shall be effective until granted in writing by the director.

**138.13 Conditions for permit.**

To be eligible for a permit, a migrant labor camp, or portion thereof, shall meet each and all of the following requirements:

1. **Site.**
   a. Sites for migrant labor camps shall be adequately drained. Such sites shall not be subject to periodic flooding, nor located within two hundred feet of swamps, pools, sinkholes, or other quiescent surface collections of water unless the water surfaces can be subjected to mosquito and pest control measures. Sites shall be located so that drainage from and
through the camp will not endanger any domestic or public water supply. Sites shall be
graded, ditched, and rendered free from depressions in which water may collect and become
a nuisance.

b. Sites shall be adequate in size to prevent overcrowding of necessary structures and to
minimize the hazards of fire. Housing shall not be subject to, or in proximity to, conditions
that create or are likely to create offensive odors, flies, noise, traffic, or attract rats or other
rodents, or any other similar conditions.

c. The grounds and open areas surrounding the shelters, buildings, or structures, shall be
maintained in a clean and sanitary condition free from rubbish, debris, wastepaper, garbage,
and other refuse.

d. All camps shall provide space for recreation, commensurate with size of the camp and
type of occupancy.

e. Whenever a camp is permanently closed or closed for the season, all garbage, manure,
and other refuse shall be collected and disposed of to prevent a nuisance. All abandoned
privy pits shall be filled with earth and the grounds and buildings left in a clean and sanitary
condition. If privy buildings remain, then such buildings shall be locked or otherwise secured
to prevent entrance.

2. Shelter.

a. Shelters shall be structurally sound and shall provide protection to the occupants.

comfortable beds, cots, or bunks, provided with clean mattresses.

d. Any bedding provided by the camp operator shall be clean and sanitary.

e. Triple deck bunks shall not be allowed.

h. Floors of buildings used as living quarters or shelters shall be constructed of wood,
asphalt, concrete, or other comparable material. Wooden floors shall be of smooth and tight
construction and shall be elevated not less than one foot above the ground level at all points
to prevent dampness and to permit free circulation of air beneath. Floors shall be kept in
good repair.

i. Nothing in this chapter shall prohibit banking with earth or other suitable material
around the outside walls of shelters and other structures in areas subject to extremely low
temperatures.

j. Living quarters of shelters shall be provided with windows and doors which shall be in
total area not less than one-tenth of the floor area. At least one-half of each window shall be
constructed so that it can be opened for purposes of ventilation.

occupant shall be provided. Sanitary facilities shall be provided for storing and preparing
food.

with a minimum of one hundred square feet per occupant shall be provided and such living
quarters or shelters shall, also, be provided with properly installed heating equipment of
adequate capacity to maintain a room temperature of at least 70 degrees Fahrenheit. A stove
or other source of heat shall be installed and vented in a manner to avoid both a fire hazard
and a concentration of fumes or gas within such living quarters and shelters. In a room
with wooden or combustible flooring, there shall be a concrete slab, metal sheet, or other
fire-resistant material, on the floor under each stove, extending at least eighteen inches
beyond the perimeter of the base of the stove. Any wall or ceiling not having a fire-resistant
surface, within twenty-four inches of a stove or stovepipe, shall be protected by a metal sheet.
or other fire-resistant material. Heating appliances, other than electrical, shall be provided with a stovepipe or vent connected to the appliance and discharging to the outside air or chimney. The vent or chimney shall extend above the peak of the roof. Stovepipes shall be insulated with fire-resistant material where they pass through walls, ceilings, or floors.

Wells or springs used as sources of water supply shall have tight covers and be constructed and located to preclude pollution by seepage from cesspools, privies, sewers, sewage treatment works, stables or manure piles, or surface drainage. The water from such sources shall be obtained by free gravity flow or by an approved metal pump securely mounted on a concrete slab covering the well or spring. If the pump is adjacent to the well or spring, it shall be located and connected to prevent any pollution of such water supply.

4. Toilet facilities.
   a. Approved toilet facilities adequate for the capacity of the camp shall be provided.
   b. Each toilet facility shall be located so as to be accessible to the inhabitants of the camp without any individual passing through any sleeping room. Toilet rooms shall have a window not less than six square feet in area opening directly to the outside or shall otherwise be satisfactorily ventilated. All outside openings shall be screened with sixteen mesh material. No water closet, chemical toilet, or urinal shall be located in a room used for other than toilet purposes.

Where toilet facilities are shared, the number of water closets or privy seats provided for each sex shall be based on the maximum number of persons of that sex which the camp is designed to house at any one time, in the ratio of one unit for each fifteen persons, with a minimum of two units for any shared facility.
   f. Urinals, constructed of nonabsorbent materials, may be substituted for men’s toilet seats on the basis of one urinal or twenty-four inches of trough-type urinal for one toilet seat up to a maximum of one-third of the required toilet seats.
   g. Each toilet room or facility shall be lighted naturally, or artificially, by a safe type of lighting at all hours of the day and night.

surface of the ground; the human waste in the pit shall then be covered with earth, ashes, lime, or other similar material.

m. Seat openings in privies shall be covered with tight-fitting, hinged lids.

5. Sewage disposal facilities.
   a. In camps where public sewers are available, all sewer lines and floor drains from buildings and shelters shall be connected to the sewers.

   b. Floors shall be of smooth finish but not of slippery materials and they shall be impervious to moisture. Floor drains shall be provided in all shower baths, shower rooms, or laundry rooms to remove waste water and facilitate cleaning. Junctions of the curbing and the floor shall be covered. Walls and partitions of shower rooms shall be smooth and impervious to moisture to the height of splash.
   c. A supply of hot and cold running water conforming to the provisions of this chapter or the rules and regulations of the department shall be provided for bathing and laundry purposes.
      d. Every service building used during periods requiring artificial heating shall be provided with equipment capable of maintaining a room temperature of at least 70 degrees Fahrenheit.
      e. Facilities for drying clothes shall be provided.

139A.19 Care provider notification.
1. a. Notwithstanding any provision of this chapter to the contrary, if a care provider sustains a significant exposure from an individual while rendering health care services or other services, the individual to whom the care provider was exposed is deemed to consent to a test to determine if the individual has a contagious or infectious disease and is deemed to consent to notification of the care provider of the results of the test, upon submission of a significant exposure report by the care provider to the hospital, clinic, other health facility, or other person specified in this section to whom the individual is delivered by the care provider as determined by rule.

b. The hospital, clinic, or other health facility in which the significant exposure occurred or other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number.

c. A hospital, clinic, or other health facility, institutions administered by the department

of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, clinic, or other health facility, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, clinic, or other health facility, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided.

d. Notwithstanding any other provision of law to the contrary, a care provider may transmit cautions regarding contagious or infectious disease information, with the exception of AIDS or HIV pursuant to section 80.9B, in the course of the care provider's duties over the police radio broadcasting system under chapter 693 or any other radio-based communications system if the information transmitted does not personally identify an individual.

2. a. If the test results are positive, the hospital, clinic, other health facility, or other person performing the test shall notify the subject of the test and make any required reports to the department pursuant to sections 139A.3 and 141A.6. The report to the department shall include the name of the individual tested.

b. If the individual tested is diagnosed or confirmed as having a contagious or infectious disease, the hospital, clinic, other health facility, or other person conducting the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider.

c. The notification to the care provider shall be provided as soon as is reasonably possible following determination that the subject of the test has a contagious or infectious disease. The notification shall not include the name of the individual tested for the contagious or infectious disease unless the individual consents. If the care provider who sustained a significant exposure determines the identity of the individual diagnosed or confirmed as having a contagious or infectious disease, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual diagnosed with or confirmed as having a contagious or infectious disease.

3. This section does not preclude a hospital, clinic, other health facility, or a health care provider from providing notification to a care provider under circumstances in which the hospital’s, clinic’s, other health facility’s, or health care provider’s policy provides for notification of the hospital’s, clinic’s, other health facility’s, or health care provider’s own employees of exposure to a contagious or infectious disease that is not life-threatening if the notice does not reveal a patient’s name, unless the patient consents.

4. A hospital, clinic, other health facility, or health care provider, or other person participating in good faith in complying with provisions authorized or required under this section is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

5. A hospital’s, clinic’s, other health facility’s, or health care provider’s duty to notify under this section is not continuing but is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of health care services or other services to the individual who was the source of the significant exposure.

6. Notwithstanding subsection 5, the hospital, clinic, or other health facility may provide a procedure for notifying the exposed care provider if, following discharge from or completion of care or treatment by the hospital, clinic, or other health facility, the individual who was the source of the significant exposure, and for whom a significant exposure report was submitted that did not result in notification of the exposed care provider, wishes to provide information regarding the source individual’s contagious or infectious disease status to the exposed care provider.

7. A hospital, clinic, other health facility, health care provider, or other person who is
authorized to perform a test under this section who performs the test in compliance with this section or who fails to perform the test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

8. A hospital, clinic, other health facility, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the test authorized.

9. The department shall adopt rules pursuant to chapter 17A to administer this section. The department may determine by rule the contagious or infectious diseases for which testing is reasonable and appropriate and which may be administered under this section.

10. The employer of a care provider who sustained a significant exposure under this section shall pay the costs of testing for the individual who is the source of the significant exposure and of the testing of the care provider, if the significant exposure was sustained during the course of employment. However, the department shall assist an individual who is the source of the significant exposure in finding resources to pay for the costs of the testing and shall assist a care provider who renders direct aid without compensation in finding resources to pay for the cost of the test.

If a health care provider determined to be infected with HIV or HBV does not comply with the determination of the expert review panel, the panel shall report the noncompliance to the licensing board with jurisdiction over the health care provider. A determination of an expert review panel pursuant to this section is a final agency action appealable pursuant to section 17A.19.

7. Information relating to the HIV status of a health care provider is confidential and subject to the provisions of section 141A.9. Testing facilities where minors are tested shall have available a program to assist minors and legal guardians with the notification process which emphasizes the need for family support and assists in making available the resources necessary to accomplish that goal. However, a testing facility which is precluded by federal statute, regulation, or centers for disease control and prevention guidelines from informing the legal guardian is exempt from the notification requirement. The minor shall give written consent to these procedures and to receive the services, screening, or treatment. Such consent is not subject to later disaffirmance by reason of minority.

142C.3 Persons who may make — manner of making — amending or revoking — refusal to make anatomical gift before donor’s death — preclusive effect.

1. Who may make. Subject to subsection 5, an anatomical gift of a donor’s body or part may be made during the life of the donor for the purposes of transplantation, therapy, research, or education in the manner prescribed in subsection 2 by any of the following:
   a. The donor if the donor is any of the following:
      (1) An adult.
      (2) A minor, if the minor is emancipated.
      (3) A minor, if the minor is authorized under state law to apply for a driver’s license or identification card because the minor is at least 14 years of age, and the minor authorizes a statement or symbol indicating an anatomical gift on a driver’s license, identification card, or donor registry entry with the signed approval of a parent or guardian.
   b. An agent of the donor, unless the durable power of attorney for health care or other record prohibits the agent from making the anatomical gift.
   c. A parent of the donor, if the donor is an unemancipated minor.
   d. The guardian of the donor.

2. Manner of making.
a. A donor may make an anatomical gift by any of the following means:

(1) By authorizing a statement or symbol indicating that the donor has made an anatomical gift to be imprinted on the donor’s driver’s license or identification card.

(2) In a will.

(3) During a terminal illness or injury of the donor, by any form of communication addressed to at least two adults, at least one of whom is a disinterested witness.

(4) As provided in paragraph “b”.

b. (1) A donor or other person authorized to make an anatomical gift under subsection 1 may make a gift by a donor card or other record signed by the donor or other person making the gift or by authorizing that a statement or symbol indicating that the donor has made an anatomical gift be included on the donor registry.

(2) If the donor or other person is physically unable to sign a record, the record may be signed by another individual at the direction of the donor or other person and shall meet all of the following requirements:

(a) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or other person.

(b) State that the record has been signed and witnessed as provided in subparagraph division (a).

c. Revocation, suspension, expiration, or cancellation of a driver’s license or identification card upon which an anatomical gift is indicated shall not invalidate the gift.

d. An anatomical gift made by will takes effect upon the donor’s death whether or not the will is probated. Invalidation of the will after the donor’s death does not invalidate the gift.

3. **Amending or revoking gift before donor’s death.**

a. Subject to subsection 5, a donor or other person authorized to make an anatomical gift under subsection 1 may amend or revoke an anatomical gift by any of the following means:

(1) A record signed by any of the following:

(a) The donor.

(b) The other person authorized to make an anatomical gift.

(c) Subject to paragraph “b”, another individual acting at the direction of the donor or the other authorized person if the donor or other person is physically unable to sign the record.

(2) A later-executed document of gift that amends or revokes a previous anatomical gift or portion of an anatomical gift, either expressly or by inconsistency.

b. A record signed pursuant to paragraph “a”, subparagraph (1), subparagraph division (c), shall comply with all of the following:

(1) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or the other authorized person.

(2) State that the record has been signed and witnessed as provided in subparagraph (1).

(c) Subject to subsection 5, a donor or other person authorized to make an anatomical gift under subsection 1 may revoke an anatomical gift by the destruction or cancellation of the document of gift, or the portion of the document of gift used to make the gift, with the intent to revoke the gift.

(4) Refusal to make.

a. An individual may refuse to make an anatomical gift of the individual’s body or part by any of the following means:

(1) A record signed by any of the following:

(a) The individual.

(b) Subject to paragraph “b”, another individual acting at the direction of the individual if the individual is physically unable to sign the record.

(2) The individual’s will, whether or not the will is admitted to probate or invalidated after the individual’s death.

(3) Any form of communication made by the individual during the individual’s terminal
illness or injury addressed to at least two adults, at least one of whom is a disinterested witness.

b. A record signed pursuant to paragraph “a”, subparagraph (1), subparagraph division (b), shall comply with all of the following:

(1) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the individual.

(2) State that the record has been signed and witnessed as provided in subparagraph (1).

c. An individual who has made a refusal may amend or revoke the refusal in accordance with any of the following:

(1) In the manner provided in paragraph “a” for making a refusal.

(2) By subsequently making an anatomical gift pursuant to subsection 2 that is inconsistent with the refusal.

(3) By destroying or canceling the record evidencing the refusal, or the portion of the record used to make the refusal, with the intent to revoke the refusal.

d. Except as otherwise provided in subsection 5, paragraph “h”, in the absence of an express, contrary indication by the individual set forth in the refusal, an individual’s unrevoked refusal to make an anatomical gift of the individual’s body or part prohibits all other persons from making an anatomical gift of the individual’s body or part.

5. Preclusive effect.

a. Donor gift or amendment — subsequent actions by others prohibited. Except as otherwise provided in paragraph “g”, and subject to paragraph “f”, in the absence of a contrary indication by the donor, a person other than the donor is prohibited from making, amending, or revoking an anatomical gift of a donor’s body or part if the donor made an anatomical gift of the donor’s body or part under subsection 2 or an amendment to an anatomical gift of the donor’s body or part under subsection 3.

b. Donor revocation not a refusal. A donor’s revocation of an anatomical gift of the donor’s body or part under subsection 3 is not a refusal and does not prohibit another person specified in subsection 1 or section 142C.4 from making an anatomical gift of the donor’s body or part under subsection 2 or section 142C.4.

c. Gift on amendment by another — subsequent actions by others prohibited. If a person other than the donor makes an unrevoked anatomical gift of the donor’s body or part under subsection 2, or an amendment to an anatomical gift of the donor’s body or part under subsection 3, another person may not make, amend, or revoke the gift of the donor’s body or part under section 142C.4.

d. Revocation by another not prohibitive of other gift. A revocation of an anatomical gift of a donor’s body or part under subsection 3 by a person other than the donor does not prohibit another person from making an anatomical gift of the body or part under subsection 2 or section 142C.4.

e. Gift of part not prohibitive of gift of another part. In the absence of a contrary indication by the donor or other person authorized to make an anatomical gift under subsection 1, an anatomical gift of a part is neither a refusal to donate another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another authorized person.

f. Gift for one purpose not prohibitive of another purpose. In the absence of a contrary indication by the donor or other person authorized to make an anatomical gift under subsection 1, an anatomical gift of a part for one or more of the purposes specified in subsection 1 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under subsection 2 or section 142C.4.

g. Unemancipated minor gift — parent revocation. If a donor who is an unemancipated minor dies, a parent of the donor who is reasonably available may revoke or amend an anatomical gift of the donor’s body or part.

h. Unemancipated minor refusal — parent revocation or amendment. If an unemancipated minor who signed a refusal dies, a parent of the minor who is reasonably available may revoke the minor’s refusal.

142C.4 Who may make anatomical gift of decedent’s body or part — amending or revoking gift.

1. Subject to subsection 2, and unless prohibited by section 142C.3, subsection 4 or 5, an anatomical gift of a decedent’s body or part for purposes of transplantation, therapy, research, or education may be made by any member of the following classes of persons who is reasonably available, in the order of priority listed.

   d. Parents of the decedent.

   h. An adult who exhibited special care and concern for the decedent.
   i. Any persons who were acting as guardians of the decedent at the time of death.
   j. Any other person having the authority to dispose of the decedent’s body.

2. If there is more than one member of a class listed in subsection 1, paragraph “a”, “c”, “d”, “e”, “f”, “g”, or “i”, entitled to make an anatomical gift, an anatomical gift may be made by one member of the class unless that member or a person to whom the gift may pass under section 142C.4A knows of an objection by another member of the class. If an objection is known, the gift shall be made only by a majority of the members of the class who are reasonably available.

   a. A person shall not make an anatomical gift if, at the time of the death of the decedent, a person in a prior class under subsection 1 is reasonably available to make or to object to the making of an anatomical gift.

3. A person authorized to make an anatomical gift under subsection 1 may make an anatomical gift by a document of gift signed by the person making the gift or by the person’s oral communication that is electronically recorded or is contemporaneously reduced to a record and signed by the recipient of the oral communication.

4. Subject to subsection 5, an anatomical gift by a person authorized under subsection 1 may be amended or revoked orally or in a record by any member of the prior class who is reasonably available. If more than one member of the prior class is reasonably available, the gift made by a person authorized under subsection 1 may be:
   a. Amended only if a majority of the reasonably available members agree to the amending of the gift.
   b. Revoked only if a majority of the reasonably available members agree to the revoking of the gift or if they are equally divided as to whether to revoke the gift.

5. A revocation under subsection 4 is effective only if, before an incision has been made to remove a part from the donor’s body or before invasive procedures have begun to prepare the recipient, the procurement organization, transplant hospital, or physician or technician knows of the revocation.

142C.4A Cooperation between medical examiner and organ procurement organization — facilitation of anatomical gift from decedent whose body is under jurisdiction of medical examiner.

1. A medical examiner shall cooperate with procurement organizations to maximize the opportunity to recover organs for the purpose of transplantation when the recovery of organs does not interfere with a death investigation.

2. If a medical examiner receives notice from a procurement organization that an organ might be or was made available with respect to a decedent whose body is under the jurisdiction of the medical examiner and a postmortem examination will be performed, unless the medical examiner denies recovery in accordance with this section, the medical examiner or designee shall conduct a postmortem examination of the body or the organ in
a manner and within a period compatible with its preservation for the purposes of the gift. Every reasonable effort shall be made to accomplish the mutual goals of organ donation and a thorough death investigation.

3. An organ shall not be removed from the body of a decedent under the jurisdiction of a medical examiner for transplantation unless the organ is the subject of an anatomical gift. This subsection does not preclude a medical examiner from performing a medicolegal investigation pursuant to subsection 5 upon the body or organs of a decedent under the jurisdiction of the medical examiner.

4. Upon request of an organ procurement organization, a medical examiner shall release to the organ procurement organization the name and contact information of a decedent whose body is under the jurisdiction of the medical examiner. If the decedent’s organs are medically suitable for transplantation, the pathologist or medical examiner shall release to the organ procurement organization the postmortem examination results, limited to cause and manner of death and any evidence of infection or other disease process, which might preclude safe transplantation of recovered organs. The organ procurement organization may make a subsequent disclosure of the postmortem examination results only if relevant to transplantation.

5. The medical examiner may conduct a medicolegal examination by reviewing all medical records, laboratory test results, X rays, other diagnostic results, and other information that any person possesses about a donor or prospective donor whose body is under the jurisdiction of the medical examiner, which the medical examiner determines may be relevant to the investigation.

6. A person who has any information requested by a medical examiner pursuant to subsection 5 shall provide that information as expeditiously as possible to allow the medical examiner to conduct the medicolegal investigation within a period compatible with the preservation of organs for the purpose of transplantation.

7. If an anatomical gift has been or might be made of an organ of a decedent whose body is under the jurisdiction of the medical examiner and a postmortem examination is not required, or the medical examiner determines that a postmortem examination is required but that the recovery of the organ that is the subject of an anatomical gift will not interfere with the examination, the medical examiner and organ procurement organization shall cooperate in the timely removal of the organ from the decedent for the purpose of transplantation.

8. a. If an anatomical gift of an organ from a decedent under the jurisdiction of the medical examiner has been or might be made, but the pathologist or medical examiner initially believes that the recovery of the organ could interfere with the postmortem investigation into the decedent’s cause or manner of death, the pathologist or medical examiner shall consult with the organ procurement organization or physician or technician designated by the organ procurement organization about the proposed recovery.

b. Ancillary clinical tests such as a magnetic resonance imaging (MRI), a computed tomography (CT) scan, or skeletal survey may be required by the pathologist prior to determination of suitability of organ procurement. These tests shall be performed and interpreted by the appropriate physician at the pathologist’s request, and reported in a timely fashion. All expenses for such tests shall be the responsibility of the organ procurement organization regardless of outcome.

c. After consultation pursuant to paragraph “a” and any preliminary investigation pursuant to paragraph “b”, the pathologist or medical examiner may allow recovery, depending on the nature of the case and the availability of a pathologist to view the body prior to recovery.

9. If the manner of death may be homicide or has the potential for litigation, the organ recovery shall be approved by the forensic pathologist, and the forensic pathologist may examine the body prior to organ recovery and document by diagrams and photographs all visible injuries.

10. a. If the medical examiner or designee allows recovery of an organ under subsection 7, 8, or 9, the organ procurement organization, upon request, shall cause the physician or technician who removes the organ to provide the medical examiner with a record
§142C.4A, REVISED UNIFORM ANATOMICAL GIFT ACT

describing the condition of the organ, a biopsy, a photograph, and any other information and observations that would assist in the postmortem examination.

b. Arrangements for the examination of bodies of such decedents shall be coordinated between the organ procurement organization and the state medical examiner.

c. If applicable, and whenever possible, the forensic pathologist who examined the decedent’s body prior to recovery of the organ shall perform the autopsy. If the forensic pathologist is unable to accommodate examination of the body due to scheduling or staffing, the request for organ donation may be denied.

11. If a medical examiner or designee is required to be present at a removal procedure under subsection 9, upon request, the organ procurement organization requesting the recovery of the organ shall reimburse the medical examiner or designee for the additional costs incurred in complying with subsection 9.

12. A physician or technician who removes an organ at the direction of the organ procurement organization may be called to testify about findings from the surgical recovery of organs at no cost to taxpayers if the decedent is under the jurisdiction of the medical examiner.

13. a. The medical examiner or pathologist with jurisdiction over the body of a decedent has discretion to grant or deny permission for organ or tissue recovery.

b. If the recovery of organs or tissues may hinder the determination of cause or manner of death or if evidence may be destroyed by the recovery, permission may be denied.

c. The medical examiner or a pathologist performing state autopsies shall work closely with procurement organizations in an effort to balance the needs of the public and the decedent’s next of kin.

c. Subject to subsection 2, an individual designated by the person making the anatomical gift if the individual is the recipient of the part.

2. If an anatomical gift to an individual under subsection 1, paragraph “c”, cannot be transplanted into the individual, the part passes in accordance with subsection 7 in the absence of an express, contrary indication by the person making the anatomical gift.

3. If an anatomical gift of one or more specific parts or of all parts is made in a document of gift that does not name a person described in subsection 1 but identifies the purpose for which an anatomical gift may be used, the following rules apply:

a. If the part is an eye and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate eye bank.

b. If the part is tissue and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate tissue bank.

c. If the part is an organ and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate organ procurement organization as custodian of the organ.

d. If the part is an organ, an eye, or tissue and the gift is for the purpose of research or education, the gift passes to the appropriate procurement organization.

4. For the purpose of subsection 3, if there is more than one purpose of an anatomical gift set forth in the document of gift but the purposes are not set forth in any priority, the gift shall be used for transplantation or therapy, if suitable. If the gift cannot be used for transplantation or therapy, the gift may be used for research or education.

5. If an anatomical gift of one or more specific parts is made in a document of gift that does not name a person described in subsection 1 and does not identify the purpose of the gift, the gift may be used only for transplantation or therapy, and the gift passes in accordance with subsection 7.
6. If a document of gift specifies only a general intent to make an anatomical gift by words such as "donor", "organ donor", or "body donor", or by a symbol or statement of similar import, the gift may be used only for transplantation or therapy, and the gift passes in accordance with subsection 7.

7. For the purposes of subsections 2, 5, and 6, the following rules shall apply:
   a. If the part is an eye, the gift passes to the appropriate eye bank.
   b. If the part is tissue, the gift passes to the appropriate tissue bank.
   c. If the part is an organ, the gift passes to the appropriate organ procurement organization as custodian of the organ.

8. An anatomical gift of an organ for transplantation or therapy, other than an anatomical gift under subsection 1, paragraph "c", passes to the organ procurement organization as custodian of the organ.

9. If an anatomical gift does not pass pursuant to subsections 1 through 8, or the decedent's body or part is not used for transplantation, therapy, research, or education, custody of the body or part passes to the person under obligation to dispose of the body or part.

10. A person shall not accept an anatomical gift if the person knows that the gift was not effectively made under section 142C.3, subsection 2, or section 142C.4, or if the person knows that the decedent made a refusal under section 142C.3, subsection 4, that was not revoked. For purposes of this subsection, if a person knows that an anatomical gift was made on a document of gift, the person is deemed to know of any amendment or revocation of the gift or any refusal to make an anatomical gift on the same document of gift.

11. Except as otherwise provided in subsection 1, paragraph "c", nothing in this chapter shall affect the allocation of organs for transplantation or therapy.

Referred to in §142C.2, 142C.4, 142C.6, 142C.8

142C.5A Search and notification.

   b. If no other source of the information is immediately available, a hospital, as soon as practical after the individual's arrival at the hospital.

2. If a document of gift or a refusal to make an anatomical gift is located by the search required by subsection 1, paragraph "a", and the individual or deceased individual to whom it relates is taken to a hospital, the person responsible for conducting the search shall deliver the document of gift or refusal to the hospital.

3. A person is not subject to criminal or civil liability for failing to discharge the duties imposed by this section but may be subject to administrative sanctions.

2007 Acts, ch 44, §7

142C.6 Delivery of document of gift not required — right to examine.
1. A document of gift does not require delivery during the donor's lifetime to be effective.

2. Upon or after an individual's death, a person in possession of the document of gift or a refusal to make an anatomical gift with respect to the individual shall allow examination and copying of the document of gift or the refusal by a person authorized to make or object to the making of an anatomical gift with respect to the individual or by a person to whom the gift could pass under section 142C.5.

142C.7 Confidential information.
A hospital, licensed or certified health care professional pursuant to chapter 148, 148C, or 152, or medical examiner shall release patient information to a procurement organization as part of a referral or retrospective review of the patient as a potential donor, unless such
§142C.7, REVISED UNIFORM ANATOMICAL GIFT ACT  II-432

disclosure would jeopardize an investigation or pose a clear and present danger to the public safety or the safety of an individual. Any information regarding a patient, including the patient’s identity, however, constitutes confidential medical information and under any other circumstances is prohibited from disclosure without the written consent of the patient or the patient’s legal representative.

142C.8 Rights and duties of procurement organizations and donors.

1. When a hospital refers an individual at or near death to a procurement organization, the procurement organization shall make a reasonable search of the records of the state department of transportation and any donor registry that the hospital knows exists for the geographical area in which the individual resides to ascertain whether the individual has made an anatomical gift.

2. A procurement organization shall be allowed reasonable access to information in the records of the state department of transportation to ascertain whether an individual at or near death is a donor.

3. When a hospital refers an individual at or near death to a procurement organization, the procurement organization may conduct any reasonable examination necessary to ensure the medical suitability of a part that is or could be the subject of an anatomical gift for transplantation, therapy, research, or education from a donor or a prospective donor. During the examination period, measures necessary to ensure the medical suitability of the part shall not be withdrawn unless the hospital or procurement organization knows that the individual expressed a contrary intent.

4. Unless prohibited by law other than this chapter, at any time after a donor’s death, the person to whom a part passes under section 142C.5 may conduct any reasonable examination necessary to ensure the medical suitability of the body or part for its intended purpose.

5. Unless prohibited by law other than this chapter, an examination under subsection 3 or 4 may include an examination of all medical and dental records of the donor or prospective donor.

6. Upon the death of a minor who was a donor or had signed a refusal, unless a procurement organization knows the minor is emancipated, the procurement organization shall conduct a reasonable search for the parents of the minor and provide the parents with an opportunity to revoke or amend the anatomical gift or revoke the refusal.

7. Upon referral by a hospital under subsection 1, a procurement organization shall make a reasonable search for any person listed in section 142C.4 having priority to make an anatomical gift on behalf of a prospective donor. If a procurement organization receives information that an anatomical gift to any other person was made, amended, or revoked, the procurement organization shall promptly advise the other person of all relevant information.

8. Subject to section 142C.5, subsection 9, the rights of a person to whom a part passes under section 142C.5 are superior to the rights of all other persons with respect to the part.

9. The person may accept or reject an anatomical gift in whole or in part. Subject to the terms of the document of gift and this chapter, a person who accepts an anatomical gift of an entire body may allow embalming, burial or cremation, and use of the remains in a funeral service. 10. The physician, physician assistant, or advanced registered nurse practitioner who attends the decedent at death and the physician, physician assistant, or advanced registered nurse practitioner who determines the time of death shall not participate in the procedures for removing or transplanting a part from the decedent.

11. A physician or technician may remove a donated part from the body of a donor that the physician or technician is qualified to remove.

f. When an inquiry is required by the county or state medical examiner, the medical examiner shall investigate the cause and manner of death and shall complete and sign the medical certification within seventy-two hours after determination of the cause and manner of death.

144.29A Termination of pregnancy reporting.  
1. A health care provider who initially identifies and diagnoses a spontaneous termination of pregnancy or who induces a termination of pregnancy shall file with the department a report for each termination within thirty days of the occurrence. The health care provider shall make a good faith effort to obtain all of the following information that is available with respect to each termination:  
a. The confidential health care provider code as assigned by the department.  
b. The report tracking number.  
c. The maternal health services region of the Iowa department of public health, as designated as of July 1, 1997, in which the patient resides.  
d. The race of the patient.  
e. The age of the patient.  
f. The marital status of the patient.  
g. The educational level of the patient.  
h. The number of previous pregnancies, live births, and spontaneous or induced terminations of pregnancies.  
i. The month and year in which the termination occurred.  
j. The number of weeks since the patient’s last menstrual period and a clinical estimate of gestation.  
k. The method used for an induced termination, including whether mifepristone was used.  
2. It is the intent of the general assembly that the information shall be collected, reproduced, released, and disclosed in a manner specified by rule of the department, adopted pursuant to chapter 17A, which ensures the anonymity of the patient who experiences a termination of pregnancy, the health care provider who identifies and diagnoses or induces a termination of pregnancy, and the hospital, clinic, or other health facility in which a termination of pregnancy is identified and diagnosed or induced. The department may share information with federal public health officials for the purposes of securing federal funding or conducting public health research. However, in sharing the information, the department shall not relinquish control of the information, and any agreement entered into by the department with federal public health officials to share information shall prohibit the use, reproduction, release, or disclosure of the information by federal public health officials in a manner which violates this section. The department shall publish, annually, a demographic summary of the information obtained pursuant to this section, except that the department shall not reproduce, release, or disclose any information obtained pursuant to
this section which reveals the identity of any patient, health care provider, hospital, clinic, or other health facility, and shall ensure anonymity in the following ways:

a. The department may use information concerning the report tracking number or concerning the identity of a reporting health care provider, hospital, clinic, or other health facility only for purposes of information collection. The department shall not reproduce, release, or disclose this information for any purpose other than for use in annually publishing the demographic summary under this section.

b. The department shall enter the information, from any report of termination submitted, within thirty days of receipt of the report, and shall immediately destroy the report following entry of the information. However, entry of the information from a report shall not include any health care provider, hospital, clinic, or other health facility identification information including, but not limited to, the confidential health care provider code, as assigned by the department.

c. To protect confidentiality, the department shall limit release of information to release in an aggregate form which prevents identification of any individual patient, health care provider, hospital, clinic, or other health facility. For the purposes of this paragraph, “aggregate form” means a compilation of the information received by the department on termination of pregnancies for each information item listed, with the exceptions of the report tracking number, the health care provider code, and any set of information for which the amount is so small that the confidentiality of any person to whom the information relates may be compromised. The department shall establish a methodology to provide a statistically verifiable basis for any determination of the correct amount at which information may be released so that the confidentiality of any person is not compromised.

3. Except as specified in subsection 2, reports, information, and records submitted and maintained pursuant to this section are strictly confidential and shall not be released or made public upon subpoena, search warrant, discovery proceedings, or by any other means.

4. The department shall assign a code to any health care provider who may be required to report a termination under this section. An application procedure shall not be required for assignment of a code to a health care provider.

5. A health care provider shall assign a report tracking number which enables the health care provider to access the patient’s medical information without identifying the patient.

6. To ensure proper performance of the reporting requirements under this section, it is preferred that a health care provider who practices within a hospital, clinic, or other health facility authorize one staff person to fulfill the reporting requirements.

7. For the purposes of this section:

a. “Health care provider” means an individual licensed under chapter 148, 148C, 148D, or 152, or any individual who provides medical services under the authorization of the licensee.

b. “Inducing a termination of pregnancy” means the use of any means to terminate the pregnancy of a woman known to be pregnant with the intent other than to produce a live birth or to remove a dead fetus.

c. “Spontaneous termination of pregnancy” means the occurrence of an unintended termination of pregnancy at any time during the period from conception to twenty weeks gestation and which is not a spontaneous termination of pregnancy at any time during the period from twenty weeks or greater which is reported to the department as a fetal death under this chapter.

   (2) When applied to a patient in a terminal condition, would serve only to prolong the dying process.
   b. “Life-sustaining procedure” does not include the provision of nutrition or hydration except when required to be provided parenterally or through intubation, or the administration of medication or performance of any medical procedure deemed necessary to provide comfort care or to alleviate pain.

9. “Out-of-hospital do-not-resuscitate order” means a written order signed by a physician, executed in accordance with the requirements of section 144A.7A and issued consistent with this chapter, that directs the withholding or withdrawal of resuscitation when an adult patient in a terminal condition is outside the hospital.

144A.3 Declaration relating to use of life-sustaining procedures.

1. A competent adult may execute a declaration at any time directing that life-sustaining procedures be withheld or withdrawn. The declaration shall be given operative effect only if the declarant’s condition is determined to be terminal and the declarant is not able to make treatment decisions.

2. The declaration must be signed by the declarant or another person acting on behalf of the declarant at the direction of the declarant, must contain the date of the declaration’s execution, and must be witnessed or acknowledged by one of the following methods:

   a. Is signed by at least two individuals who, in the presence of each other and the declarant, witnessed the signing of the declaration by the declarant or by another person acting on behalf of the declarant at the declarant’s direction. At least one of the witnesses shall be an individual who is not a relative of the declarant by blood, marriage, or adoption within the third degree of consanguinity. The following individuals shall not be witnesses for a declaration:
      (1) A health care provider attending the declarant on the date of execution of the declaration.

4. A declaration or similar document executed in another state or jurisdiction in compliance with the law of that state or jurisdiction shall be deemed valid and enforceable in this state, to the extent the declaration or similar document is consistent with the laws of this state. A declaration or similar document executed by a veteran of the armed forces which is in compliance with the federal department of veterans affairs advance directive requirements shall be deemed valid and enforceable.
5. A declaration executed pursuant to this chapter may, but need not, be in the following form:

DECLARATION

If I should have an incurable or irreversible condition that will result either in death within a relatively short period of time or a state of permanent unconsciousness from which, to a reasonable degree of medical certainty, there can be no recovery, it is my desire that my life not be prolonged by the administration of life-sustaining procedures. If I am unable to participate in my health care decisions, I direct my attending physician to withhold or withdraw life-sustaining procedures that merely prolong the dying process and are not necessary to my comfort or freedom from pain.

Referred to in §144A.2, 144A.11

144A.4 Revocation of declaration.
1. A declaration may be revoked at any time and in any manner by which the declarant is able to communicate the declarant’s intent to revoke, without regard to mental or physical condition. A revocation is only effective as to the attending physician upon communication to such physician by the declarant or by another to whom the revocation was communicated.
2. The attending physician shall make the revocation a part of the declarant’s medical record.

85 Acts, ch 3, §6
Referred to in §144A.8

144A.6 Treatment of qualified patients.
1. A qualified patient has the right to make decisions regarding use of life-sustaining procedures as long as the qualified patient is able to do so. If a qualified patient is not able to make such decisions, the declaration shall govern decisions regarding use of life-sustaining procedures.
2. The declaration of a qualified patient known to the attending physician to be pregnant shall not be in effect as long as the fetus could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not
impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.

1. Life-sustaining procedures may be withheld or withdrawn from a patient who is in a terminal condition and who is comatose, incompetent, or otherwise physically or mentally incapable of communication and has not made a declaration in accordance with this chapter if there is consultation and written agreement for the withholding or the withdrawal of life-sustaining procedures between the attending physician and any of the following individuals, who shall be guided by the express or implied intentions of the patient, in the following order of priority if no individual in a prior class is reasonably available, willing, and competent to act:
   a. The attorney in fact designated to make treatment decisions for the patient should such person be diagnosed as suffering from a terminal condition, if the designation is in writing and complies with chapter 144B.
   b. The guardian of the person of the patient if one has been appointed, provided court approval is obtained in accordance with section 633.635, subsection 2, paragraph “c”. This paragraph does not require the appointment of a guardian in order for a treatment decision to be made under this section.
   c. The patient’s spouse.
   d. An adult child of the patient or, if the patient has more than one adult child, a majority of the adult children who are reasonably available for consultation.
   e. A parent of the patient, or parents if both are reasonably available.
   f. An adult sibling.
2. When a decision is made pursuant to this section to withhold or withdraw life-sustaining procedures, there shall be a witness present at the time of the consultation when that decision is made.
3. Subsections 1 and 2 shall not be in effect for a patient who is known to the attending physician to be pregnant with a fetus that could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.

6. An out-of-hospital do-not-resuscitate order shall not apply when a patient is in need of emergency medical services due to a sudden accident or injury resulting from a motor vehicle collision, fire, mass casualty, or other cause of a sudden accident or injury which is outside the scope of the patient’s terminal condition.

7. An out-of-hospital do-not-resuscitate order is deemed revoked at any time that a patient, or an individual authorized to act on the patient’s behalf as designated on the out-of-hospital do-not-resuscitate order, is able to communicate in any manner the intent that the order be revoked, without regard to the mental or physical condition of the patient. A revocation is only effective as to the health care provider upon communication to that provider by the patient, an individual authorized to act on the patient’s behalf as designated in the order, or by another person to whom the revocation is communicated.

8. The personal wishes of family members or other individuals who are not authorized in the order to act on the patient’s behalf shall not supersede a valid out-of-hospital do-not-resuscitate order.

144A.11 General provisions.
1. Death resulting from the withholding or withdrawal of life-sustaining procedures pursuant to a declaration or out-of-hospital do-not-resuscitate order and in accordance with this chapter does not, for any purpose, constitute a suicide, homicide, or dependent adult abuse.

3. A physician, health care provider, health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not require any person to execute a declaration or an out-of-hospital do-not-resuscitate order as a condition for being insured for, or receiving, health care services.
4. This chapter creates no presumption concerning the intention of an individual who has not executed a declaration or an out-of-hospital do-not-resuscitate order with respect to the use, withholding, or withdrawal of life-sustaining procedures in the event of a terminal condition.
5. This chapter shall not be interpreted to increase or decrease the right of a patient to make decisions regarding use of life-sustaining procedures as long as the patient is able to do so, nor to impair or supersede any right or responsibility that any person has to effect the withholding or withdrawal of medical care in any lawful manner. In that respect, the provisions of this chapter are cumulative.
6. This chapter shall not be construed to condone, authorize or approve mercy killing or euthanasia, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying.

91 Acts, ch 140, §4

144B.5 Durable power of attorney for health care — form.

1. A durable power of attorney for health care executed pursuant to this chapter may, but need not, be in the following form:

   I hereby designate __________________ as my attorney in fact (my agent) and give to my agent the power to make health care decisions for me. This power exists only when I am unable, in the judgment of my attending physician, to make those health care decisions. The attorney in fact must act consistently with my desires as stated in this document or otherwise made known.

   Except as otherwise specified in this document, this document gives my agent the power, where otherwise consistent with the law of this state, to consent to my physician not giving health care or stopping health care which is necessary to keep me alive.
This document gives my agent power to make health care decisions on my behalf, including to consent, to refuse to consent, or to withdraw consent to the provision of any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. This power is subject to any statement of my desires and any limitations included in this document.

My agent has the right to examine my medical records and to consent to disclosure of such records.

2. In addition to the foregoing, the principal may provide specific instructions in the document conferring the durable power of attorney for health care, consistent with the provisions of this chapter.

3. The principal may include a statement indicating that the designated attorney in fact has been notified of and consented to the designation.

144B.6 Attorney in fact — priority to make decisions.

1. Unless the district court sitting in equity specifically finds that the attorney in fact is acting in a manner contrary to the wishes of the principal or the durable power of attorney for health care provides otherwise, an attorney in fact who is known to the health care provider to be available and willing to make health care decisions has priority over any other person, including a guardian appointed pursuant to chapter 633, to act for the principal in all matters of health care decisions. The attorney in fact has authority to make a particular health care decision only if the principal is unable, in the judgment of the attending physician, to make the health care decision. If the principal objects to a decision to withhold or withdraw health care, the principal shall be presumed to be able to make a decision.

2. In exercising the authority under the durable power of attorney for health care, the attorney in fact has a duty to act in accordance with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact at any time. A declaration executed by the principal pursuant to the life-sustaining procedures Act, chapter 144A, shall not be interpreted as expressing an intent to prohibit the withdrawal of hydration or nutrition when required to be provided parenterally or through intubation and shall not otherwise restrict the authority of the attorney in fact unless either the declaration or the durable power of attorney for health care expressly provides otherwise. If the principal’s desires are unknown, the attorney in fact has a duty to act in the best interests of the principal, taking into account the principal’s overall medical condition and prognosis.

91 Acts, ch 140, §6

144B.7 Authority to review medical records.

Except as limited by the durable power of attorney for health care, an attorney in fact has the same right as the principal to receive and review medical records of the principal, and to consent to the disclosure of medical records of the principal when acting pursuant to the durable power of attorney for health care.

91 Acts, ch 140, §7

144B.8 Revocation of durable power of attorney.

1. A durable power of attorney for health care may be revoked at any time and in any manner by which the principal is able to communicate the intent to revoke, without regard to mental or physical condition. Revocation may be by notifying the attorney in fact orally or in writing. Revocation may also be made by notifying a health care provider orally or in writing.
§144B.8, DURABLE POWER OF ATTORNEY FOR HEALTH CARE

while that provider is engaged in providing health care to the principal. A revocation is only effective as to a health care provider upon its communication to the provider by the principal or by another to whom the principal has communicated revocation. The health care provider shall document the revocation in the treatment records of the principal.

2. The principal is presumed to have the capacity to revoke a durable power of attorney for health care.

3. Unless it provides otherwise, a valid durable power of attorney for health care revokes any prior durable power of attorney for health care.

4. If authority granted by a durable power of attorney for health care is revoked under this section, an individual is not subject to criminal prosecution or civil liability for acting in good faith reliance upon the durable power of attorney for health care unless the individual has actual knowledge of the revocation.

5. The fact of execution and subsequent revocation of a durable power of attorney shall have no effect upon subsequent health care decisions made in accordance with accepted principles of law and standards of medical care governing those decisions.

91 Acts, ch 140, §8

144B.9 Immunities and responsibilities.

1. A health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action if the health care provider relies on a health care decision and both of the following requirements are satisfied:

   a. The decision is made by an attorney in fact who the health care provider believes in good faith is authorized to make the decision.

   b. The health care provider believes in good faith that the decision is not inconsistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the health care provider, and, if the decision is to withhold or withdraw health care necessary to keep the principal alive, the health care provider has provided an opportunity for the principal to object to the decision.

2. Notwithstanding a contrary health care decision of the attorney in fact, the health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action for failing to withhold or withdraw health care necessary to keep the principal alive. However, the attorney in fact may make provisions to transfer the responsibility for the care of the principal to another health care provider.

3. An attorney in fact is not subject to criminal prosecution or civil liability for any health care decision made in good faith pursuant to a durable power of attorney for health care.

4. It shall be presumed that an attorney in fact, and a health care provider acting pursuant to the direction of an attorney in fact, are acting in good faith and in the best interests of the principal absent clear and convincing evidence to the contrary.

5. For purposes of this section, acting in "good faith" means acting consistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact, or where those desires are unknown, acting in the best interests of the principal, taking into account the principal's overall medical condition and prognosis.

6. A health care provider or attorney in fact may presume that a durable power of attorney for health care is valid absent actual knowledge to the contrary.

2. A policy of life insurance shall not be legally impaired or invalidated in any manner by the withholding or withdrawing of health care pursuant to the direction of an attorney in fact appointed pursuant to this chapter.
91 Acts, ch 140, §11

144B.12 General provisions.
1. This chapter does not create a presumption concerning the intention of an individual who has not executed a durable power of attorney for health care and does not impair or supersede any right or responsibility of an individual to consent, refuse to consent, or withdraw consent to health care on behalf of another in the absence of a durable power of attorney for health care.
2. This chapter shall not be construed to condone, authorize, or approve any affirmative or deliberate act or omission which would constitute mercy killing or euthanasia.
3. If after executing a durable power of attorney for health care designating a spouse as attorney in fact, the marriage between the principal and the attorney in fact is dissolved, the power is thereby revoked. In the event of remarriage to each other, the power is reinstated unless otherwise revoked by the principal.
4. It is the responsibility of the principal to provide for notification of a health care provider of the terms of the principal’s durable power of attorney for health care.
91 Acts, ch 140, §12

The officials of a political subdivision may plan the formation of a public corporation as a merged area to establish and operate an area hospital. In planning for an area hospital, a county board of supervisors may exclude from the merged area any township of the county which the board of supervisors determines would not sufficiently benefit by the merger and the portion of the county not so excluded shall constitute one public corporation for the purposes of this chapter. Plans for an area hospital shall include the maximum amount to be levied for debt service and operation and maintenance of the area hospital in the portion of the merged area within each political subdivision taking part in the merger. However, the maximum tax rates for the various political subdivisions may vary as the officials determine, based upon the need for hospital service of the residents of each political subdivision, the proximity of the residents to the proposed location of the hospital, the property values within the subdivision, and the expected service benefits to the residents of each subdivision by the proposed area hospital.

The order shall be published in one or more newspapers which have general circulation within the merged area once each week for three consecutive weeks, but the newspapers selected need not be published in the merged area. The published order shall contain a notice to the residents of each subdivision of the proposed merged area that if the residents fail to protest as provided in this chapter, the order shall be deemed approved upon the expiration of a sixty-day period following the date of the last published notice.

The vote will be taken by ballot in the form provided by sections 49.43 to 49.47, and the election shall be initiated and held as provided in chapter 49. **§145A.8 Effect on other subdivisions.**

A protest petition filed in one political subdivision shall have no effect upon the other political subdivisions of the proposed merged area; and in the portion of the proposed area where no protest petition is filed within sixty days after the last published notice, the residents of that portion of the area shall be deemed to have approved the proposed plan, and shall not take part in any special election.

[C71, 73, 77, 79, 81, §145A.10]

**§145A.11 Terms of members.**

The terms of members of the board shall be four years, except that members of the initial board shall determine their respective terms by lot so that the terms of one-half of the members, as nearly as may be, shall expire at the next general election. The remaining initial terms shall expire at the following general election. The successors of the initial board shall be chosen from area districts at regular elections, and shall be nominated and elected in the same manner as county hospital trustees as provided in section 347.25, except that nomination papers on behalf of a candidate shall be signed by not less than twenty-five eligible electors from the area district.

The board of hospital trustees shall certify the amount so determined to the respective levying officials of the affected counties, and the officials shall levy a tax sufficient to raise the annual budget. However, the rules shall prohibit the prescribing of schedule II controlled substances which are listed as depressants pursuant to chapter 124.

MALPRACTICE

147.135 Peer review committees — nonliability — records and reports privileged and
confidential.
1. A person shall not be civilly liable as a result of acts, omissions, or decisions made in
connection with the person's service on a peer review committee. However, such immunity
from civil liability shall not apply if an act, omission, or decision is made with malice.
2. As used in this subsection, "peer review records" means all complaint files, investigation files, reports, and other investigative information relating to licensee discipline or professional competence in the possession of a peer review committee or an employee of a peer review committee. As used in this subsection, "peer review committee" does not include licensing boards. Peer review records are privileged and confidential, are not subject to discovery, subpoena, or other means of legal compulsion for release to a person other than an affected licensee or a peer review committee, and are not admissible in evidence in a judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review record and whose competence is at issue. A person shall not be liable as a result of filing a report or complaint with a peer review committee or providing information to such a committee, or for disclosure of privileged matter to a peer review committee. A person present at a meeting of a peer review committee shall not be permitted to testify as to the findings, recommendations, evaluations, or opinions of the peer review committee in any judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review committee meeting and whose competence is at issue. Information or documents discoverable from sources other than the peer review committee do not become nondiscoverable from the other sources merely because they are made available to or are in the possession of a peer review committee. However, such information relating to licensee discipline may be disclosed to an appropriate licensing authority in any jurisdiction in which the licensee is licensed or has applied for a license. If such information indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. This subsection shall not preclude the discovery of the identification of witnesses or documents known to a peer review committee. Any final written decision and finding of fact by a licensing board in a disciplinary proceeding is a public record. Upon appeal by a licensee of a decision of a board, the entire case record shall be submitted to the reviewing court. In all cases where privileged and confidential information under this subsection becomes discoverable, admissible, or part of a court record the identity of an individual whose privilege has been involuntarily waived shall be withheld.
3. a. A full and confidential report concerning any final hospital disciplinary action
approved by a hospital board of trustees that results in a limitation, suspension, or revocation
of a physician's privilege to practice for reasons relating to the physician's professional
competence or concerning any voluntary surrender or limitation of privileges for reasons relating to professional competence shall be made to the board of medicine by the hospital administrator or chief of medical staff within ten days of such action. The board of medicine shall investigate the report and take appropriate action. These reports shall be privileged and confidential as though included in and subject to the requirements for peer review committee information in subsection 2. Persons making these reports and persons participating in resulting proceedings related to these reports shall be immune from civil liability with respect to the making of the report or participation in resulting proceedings. As used in this subsection, "physician" means a person licensed pursuant to chapter 148.

b. Notwithstanding subsection 2, if the board of medicine conducts an investigation based on a complaint received or upon its own motion, a hospital pursuant to subpoena shall make available information and documents requested by the board, specifically including reports or descriptions of any complaints or incidents concerning an individual who is the subject of the board’s investigation, even though the information and documents are also kept for, are the subject of, or are being used in peer review by the hospital. However, the deliberations, testimony, decisions, conclusions, findings, recommendations, evaluations, work product, or opinions of a peer review committee or its members and those portions of any documents or records containing or revealing information relating thereto shall not be subject to the board’s request for information, subpoena, or other legal compulsion. All information and documents received by the board from a hospital under this section shall be confidential pursuant to section 272C.6, subsection 4.

Such procedures may be performed after the patient is observed by and when the emergency medical care provider is under the supervision of the physician, physician assistant, or registered nurse, including when the registered nurse is not acting in the capacity of a physician designee, and where the procedure may be immediately abandoned without risk to the patient.

SUBCHAPTER II

147A.20 Short title.
This subchapter may be cited as the “Iowa Trauma Care System Development Act”.
§147A, ch 40, §1

147A.21 Definitions.
As used in this subchapter, unless the context otherwise requires:
1. “Categorization” means a preliminary determination by the department that a hospital or emergency care facility is capable of providing trauma care in accordance with criteria adopted pursuant to chapter 17A for level I, II, III, and IV care capabilities.
2. “Department” means the Iowa department of public health.
3. “Director” means the director of public health.
4. “Emergency care facility” means a physician’s office, clinic, or other health care center which provides emergency medical care in conjunction with other primary care services.
5. “Hospital” means a facility licensed under chapter 135B, or a comparable emergency care facility located and licensed in another state.
6. “Trauma” means a single or multisystem life-threatening or limb-threatening injury, or an injury requiring immediate medical or surgical intervention or treatment to prevent death or permanent disability.
7. “Trauma care facility” means a hospital or emergency care facility which provides trauma care and has been verified by the department as having level I, II, III, or IV care capabilities and issued a certificate of verification pursuant to section 147A.23, subsection 2, paragraph “c”.
8. “Trauma care system” means an organized approach to providing personnel, facilities, and equipment for effective and coordinated trauma care.
9. “Verification” means a formal process by which the department certifies a hospital or emergency care facility’s capacity to provide trauma care in accordance with criteria established for level I, II, III, and IV trauma care facilities.
§147A, ch 40, §2

147A.22 Legislative findings and intent — purpose.
The general assembly finds the following:
1. Trauma is a serious health problem in the state of Iowa and is the leading cause of death of younger Iowans. The death and disability associated with traumatic injury contributes to the significant medical expenses and lost work, and adversely affects the productivity of Iowans.
2. Optimal trauma care is limited in many parts of the state. With health care delivery in transition, access to quality trauma and emergency medical care continues to challenge our rural communities.
3. The goal of a statewide trauma care system is to coordinate the medical needs of the injured person with an integrated system of optimal and cost-effective trauma care. The result of a well-coordinated statewide trauma care system is to reduce the incidences of inadequate trauma care and preventable deaths, minimize human suffering, and decrease the costs associated with preventable mortality and morbidity.
4. The development of the Iowa trauma care system will achieve these goals while meeting the unique needs of the rural residents of the state.
§147A, ch 40, §3

147A.23 Trauma care system development.
1. The department is designated as a lead agency in this state responsible for the development of a statewide trauma care system.
2. The department, in consultation with the trauma system advisory council, shall develop,
coordinate, and monitor a statewide trauma care system. This system shall include, but not
be limited to, the following:

a. The categorization of all hospitals and emergency care facilities by the department as
to their capacity to provide trauma care services. The categorization shall be determined by
the department from self-reported information provided to the department by the hospital or
emergency care facility. This categorization shall not be construed to imply any guarantee
on the part of the department as to the level of trauma care services available at the hospital
or emergency care facility.

b. The issuance of a certificate of verification of all categorized hospitals and emergency
care facilities from the department at the level preferred by the hospital or emergency care
facility. The standards and verification process shall be established by rule and may vary
as appropriate by level of trauma care capability. To the extent possible, the standards and
verification process shall be coordinated with other applicable accreditation and licensing
standards.

c. Upon verification and the issuance of a certificate of verification, a hospital or
emergency care facility agrees to maintain a level of commitment and resources sufficient
to meet responsibilities and standards as required by the trauma care criteria established
by rule under this subchapter. Verifications are valid for a period of three years or as
determined by the department and are renewable. As part of the verification and renewal
process, the department may conduct periodic on-site reviews of the services and facilities
of the hospital or emergency care facility.

d. The department is responsible for the funding of the administrative costs of this
subchapter. Any funds received by the department for this purpose shall be deposited in the
emergency medical services fund established in section 135.25.

e. This section shall not be construed to limit the number and distribution of level I, II, III,
and IV categorized and verified trauma care facilities in a community or region.

CHAPTER 147B
INTERSTATE MEDICAL LICENSURE COMPACT

147B.1 Interstate medical licensure compact.

147B.1 Interstate medical licensure compact.
1. Purpose.
   a. In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the interstate medical licensure compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards and provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The compact creates another pathway for licensure and does not otherwise change a state’s existing medical practice Act. The compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician-patient encounter, and therefore, requires the physician to be under the jurisdiction of the state medical board where the patient is located.
   b. State medical boards that participate in the compact retain the jurisdiction to impose an adverse action against a license to practice medicine in that state issued to a physician through the procedures in the compact.
2. Definitions. In this compact:
   a. “Bylaws” means those bylaws established by the interstate commission pursuant to subsection 11 for its governance, or for directing and controlling its actions and conduct.
   b. “Commissioner” means the voting representative appointed by each member board pursuant to subsection 11.
   c. “Conviction” means a finding by a court that an individual is guilty of a criminal offense through adjudication, or entry of a plea of guilt or no contest to the charge by the offender. Evidence of an entry of a conviction of a criminal offense by the court shall be considered final for purposes of disciplinary action by a member board.

   (3) Successfully completed graduate medical education approved by the accreditation council for graduate medical education or the American osteopathic association.
   (4) Holds specialty certification or a time-unlimited specialty certificate recognized by the American board of medical specialties or the American osteopathic association’s bureau of osteopathic specialists.
   (5) Possesses a full and unrestricted license to engage in the practice of medicine issued by a member board.
   (6) Has never been convicted, received adjudication, deferred adjudication, community supervision, or deferred disposition for any offense by a court of appropriate jurisdiction.

m. “Rule” means a written statement by the interstate commission promulgated pursuant to subsection 12 that is of general applicability, implements, interprets, or prescribes a policy or provision of the compact, or an organizational, procedural, or practice requirement of the interstate commission, and has the force and effect of statutory law in a member state, and includes the amendment, repeal, or suspension of an existing rule.

c. Upon verification in paragraph “b”, physicians eligible for an expedited license shall complete the registration process established by the interstate commission to receive a license in a member state selected pursuant to paragraph “a”, including the payment of any applicable fees.

d. After receiving verification of eligibility under paragraph “b” and any fees under paragraph “c”, a member board shall issue an expedited license to the physician. This license shall authorize the physician to practice medicine in the issuing state consistent with the medical practice act and all applicable laws and regulations of the issuing member board and member state.

e. An expedited license shall be valid for a period consistent with the licensure period in the member state and in the same manner as required for other physicians holding a full and unrestricted license within the member state.

b. If a license granted to a physician by the member board in the state of principal license is revoked, surrendered, or relinquished in lieu of discipline, or suspended, then all licenses issued to the physician by member boards shall automatically be placed, without further action necessary by any member board, on the same status. If the member board in the state of principal license subsequently reinstates the physician's license, a license issued to the physician by any other member board shall remain encumbered until that respective member board takes action to reinstate the license in a manner consistent with the medical practice Act of that state.

c. If disciplinary action is taken against a physician by a member board not in the state
of principal license, any other member board may deem the action conclusive as to matter of law and fact decided and either:

(1) Impose the same or lesser sanctions against the physician so long as such sanctions are consistent with the medical practice Act of that state, or

(2) Pursue separate disciplinary action against the physician under its respective medical practice Act, regardless of the action taken in other member states.

d. If a license granted to a physician by a member board is revoked, surrendered, or relinquished in lieu of discipline, or suspended, then any licenses issued to the physician by any other member boards shall be suspended, automatically and immediately without further action necessary by the other member boards, for ninety days upon entry of the order by the disciplining board, to permit the member boards to investigate the basis for the action under the medical practice Act of that state. d. The officers and employees of the interstate commission shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of, or relating to, an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of interstate commission employment, duties, or responsibilities, provided that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(1) The liability of the executive director and employees of the interstate commission or representatives of the interstate commission, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state, may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The interstate commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this paragraph “d” shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(2) The interstate commission shall defend the executive director, its employees, and subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an interstate commission representative, shall defend such interstate commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

(3) To the extent not covered by the state involved, member state, or the interstate commission, the representatives or employees of the interstate commission shall be held harmless in the amount of a settlement or judgment, including attorney fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that
15. Rulemaking functions of the interstate commission.
   a. The interstate commission shall promulgate reasonable rules in order to effectively and
efficiently achieve the purposes of the compact. Notwithstanding the foregoing, in the event
the interstate commission exercises its rulemaking authority in a manner that is beyond the
scope of the purposes of the compact, or the powers granted hereunder, then such an action
by the interstate commission shall be invalid and have no force or effect.
   b. Rules deemed appropriate for the operations of the interstate commission shall be
made pursuant to a rulemaking process that substantially conforms to the model state
administrative procedure Act of 2010, and subsequent amendments thereto.
   c. Not later than thirty days after a rule is promulgated, any person may file a petition for
judicial review of the rule in the United States district court for the District of Columbia or
the federal district where the interstate commission has its principal offices, provided that the
filing of such a petition shall not stay or otherwise prevent the rule from becoming effective
unless the court finds that the petitioner has a substantial likelihood of success. The court
shall give deference to the actions of the interstate commission consistent with applicable law
and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the
authority granted to the interstate commission.

16. Oversight of interstate compact.
   a. The executive, legislative, and judicial branches of state government in each member
state shall enforce the compact and shall take all actions necessary and appropriate to
effectuate the compact’s purposes and intent. The provisions of the compact and the rules
promulgated hereunder shall have standing as statutory law but shall not override existing
state authority to regulate the practice of medicine.
   b. All courts shall take judicial notice of the compact and the rules in any judicial or
administrative proceeding in a member state pertaining to the subject matter of the compact
which may affect the powers, responsibilities, or actions of the interstate commission.
   c. The interstate commission shall be entitled to receive all service of process in any such
proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure
to provide service of process to the interstate commission shall render a judgment or order
void as to the interstate commission, the compact, or promulgated rules.

17. Enforcement of interstate compact.
   a. The interstate commission, in the reasonable exercise of its discretion, shall enforce
the provisions and rules of the compact.
   b. The interstate commission may, by majority vote of the commissioners, initiate legal
action in the United States district court for the District of Columbia, or, at the discretion of the
interstate commission, in the federal district where the interstate commission has its principal
offices, to enforce compliance with the provisions of the compact, and its promulgated rules
and bylaws, against a member state in default. The relief sought may include both injunctive
relief and damages. In the event judicial enforcement is necessary, the prevailing party shall
be awarded all costs of such litigation including reasonable attorney fees.
   c. The remedies herein shall not be the exclusive remedies of the interstate commission.
The interstate commission may avail itself of any other remedies available under state law or
the regulation of a profession.

18. Default procedures.
   a. The grounds for default include but are not limited to failure of a member state to
perform such obligations or responsibilities imposed upon it by the compact, or the rules and
bylaws of the interstate commission promulgated under the compact.
   b. If the interstate commission determines that a member state has defaulted in the
performance of its obligations or responsibilities under the compact, or the bylaws or
promulgated rules, the interstate commission shall do the following:
   (1) Provide written notice to the defaulting state and other member states of the nature
of the default, the means of curing the default, and any action taken by the interstate commission. The interstate commission shall specify the conditions by which the defaulting state must cure its default.

2. Provide remedial training and specific technical assistance regarding the default.
   c. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the commissioners and all rights, privileges, and benefits conferred by the compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.
   d. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the interstate commission to the governor, the majority and minority leaders of the defaulting state’s legislature, and each of the member states.
   e. The interstate commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state, or the withdrawal of a member state.
   f. The member state which has been terminated is responsible for all dues, obligations, and liabilities incurred through the effective date of termination including obligations, the performance of which extends beyond the effective date of termination.
   g. The interstate commission shall not bear any costs relating to any state that has been found to be in default or which has been terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state.
   h. The defaulting state may appeal the action of the interstate commission by petitioning the United States district court for the District of Columbia or the federal district where the interstate commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney fees.

19. Dispute resolution.
   a. The interstate commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states or member boards.
   b. The interstate commission shall promulgate rules providing for both mediation and binding dispute resolution as appropriate.

20. Member states, effective date, and amendment.
   a. Any state is eligible to become a member state of the compact.
   b. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than seven states. Thereafter, it shall become effective and binding on a state upon enactment of the compact into law by that state.
   c. The governors of nonmember states, or their designees, shall be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of the compact by all states.
   d. The interstate commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the interstate commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

   a. Once effective, the compact shall continue in force and remain binding upon each and every member state, provided that a member state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.
   b. Withdrawal from the compact shall be by the enactment of a statute repealing the same, but shall not take effect until one year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.
   c. The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing the compact in the withdrawing state.
   d. The interstate commission shall notify the other member states of the withdrawing
state’s intent to withdraw within sixty days of its receipt of notice provided under paragraph “c”.

e. The withdrawing state is responsible for all dues, obligations, and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

f. Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the interstate commission.

g. The interstate commission is authorized to develop rules to address the impact of the withdrawal of a member state on licenses granted in other member states to physicians who designated the withdrawing member state as the state of principal license.

22. Dissolution.

a. The compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state.

b. Upon the dissolution of the compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

23. Severability and construction.

a. The provisions of the compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

b. The provisions of the compact shall be liberally construed to effectuate its purposes.

c. Nothing in the compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

24. Binding effect of compact and other laws.

a. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the compact.

b. All laws in a member state in conflict with the compact are superseded to the extent of the conflict.

c. All lawful actions of the interstate commission, including all rules and bylaws promulgated by the commission, are binding upon the member states.

d. All agreements between the interstate commission and the member states are binding in accordance with their terms.

e. In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

      (1) A diploma issued by a medical college or college of osteopathic medicine and surgery which has been neither approved nor disapproved by the board.
      (2) A valid standard certificate issued by the educational commission for foreign medical graduates or similar accrediting agency.

A license shall be valid for a duration as determined by the board. The fee for each license shall be set by the board to cover the administrative costs of issuing the license. The board shall determine in each instance those eligible for a license, whether or not examinations shall be given, and the type of examinations. Requirements of the law
pertaining to regular permanent licensure shall not be mandatory for a resident physician license except as specifically designated by the board.    a. Knowingly making misleading, deceptive, untrue or fraudulent representation in the practice of the physician's profession.
   b. Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph shall include a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication of guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state shall be conclusive evidence.
   c. Violating a statute or law of this state, another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of medicine.
   d. Having the license to practice medicine and surgery or osteopathic medicine and surgery revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence.
   e. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice medicine and surgery or osteopathic medicine and surgery.
   f. Being adjudged mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.
   g. Being guilty of a willful or repeated departure from, or the failure to conform to, the minimal standard of acceptable and prevailing practice of medicine and surgery or osteopathic medicine and surgery in which proceeding actual injury to a patient need not be established; or the committing by a physician of an act contrary to honesty, justice, or good morals, whether the same is committed in the course of the physician's practice or otherwise, and whether committed within or without this state.
   h. Inability to practice medicine and surgery or osteopathic medicine and surgery with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.
      (1) The board may, upon probable cause, compel a physician to submit to a mental or physical examination by designated physicians or to submit to alcohol or drug screening within a time specified by the board.
      (2) A person licensed to practice medicine and surgery or osteopathic medicine and surgery who makes application for the renewal of a license, as required by section 147.10, gives consent to submit to a mental or physical examination as provided by this paragraph "h" when directed in writing by the board. All objections shall be waived as to the admissibility of an examining physicians' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a physician in another proceeding and shall be confidential, except for other actions filed against a physician to revoke or suspend a license.
i. Willful or repeated violation of lawful rule or regulation adopted by the board or violating a lawful order of the board, previously entered by the board in a disciplinary or licensure hearing, or violating the terms and provisions of a consent agreement or informal settlement between a licensee and the board.

3. A person violating the provisions of section 147.2, 147.84, or 147.85, shall upon conviction be guilty of a class “D” felony.

148.7 Procedure for licensee discipline.

A proceeding for the revocation or suspension of a license to practice medicine and surgery or osteopathic medicine and surgery or to discipline a person licensed to practice medicine and surgery or osteopathic medicine and surgery shall be substantially in accord with the following procedure:

1. The board may, upon its own motion or upon receipt of a complaint in writing, order an investigation. The board may, upon its own motion, order a hearing. A written notice of the time and place of the hearing together with a statement of the charges shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action or by restricted certified mail.

2. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by the rules. In case the licensee fails to appear, either in person or by counsel at the time and place designated in the notice, the board shall proceed with the hearing as provided in this section.

3. a. The hearing shall be before a member or members designated by the board or before an administrative law judge appointed by the board according to the requirements of section 17A.11, subsection 1. The presiding board member or administrative law judge may issue subpoenas, administer oaths, and take or cause depositions to be taken in connection with the hearing. The presiding board member or administrative law judge shall issue subpoenas at the request and on behalf of the licensee.

b. The administrative law judge shall be an attorney vested with full authority of the board to schedule and conduct hearings. The administrative law judge shall prepare and file with the board the administrative law judge’s findings of fact and conclusions of law, together with a complete written transcript of all testimony and evidence introduced at the hearing and all exhibits, pleas, motions, objections, and rulings of the administrative law judge.

4. Disciplinary hearings held pursuant to section 272C.6, subsection 1, shall be heard by the board, or by a panel of not less than six members, at least three of whom are board members, and the remaining appointed pursuant to section 148.2A, with no more than three of the six being public members. Notwithstanding chapters 17A and 21, a disciplinary hearing shall be open to the public at the discretion of the licensee.

5. A record of the proceedings shall be kept. The licensee shall have the opportunity to appear personally and by an attorney, with the right to produce evidence on the licensee’s own behalf, to examine and cross-examine witnesses, and to examine documentary evidence produced against the licensee.

6. If a person refuses to obey a subpoena issued by the presiding member or administrative law judge or to answer a proper question during the hearing, the presiding member or administrative law judge may invoke the aid of a court of competent jurisdiction or judge of this court in requiring the attendance and testimony of the person and the production of papers. A failure to obey the order of the court may be punished by the court as a civil contempt may be punished.

7. Unless the hearing is before the entire board, a transcript of the proceeding, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and the licensee’s attorney shall have the opportunity to appear personally
to present the licensee’s position and arguments to the board. The board shall determine the charge or charges upon the merits on the basis of the evidence in the record before it.

8. If a majority of the members of the board vote in favor of finding the licensee guilty of an act or offense specified in section 147.55 or 148.6, the board shall prepare written findings of fact and its decision imposing one or more of the following disciplinary measures:
   a. Suspend the licensee’s license to practice the profession for a period to be determined by the board.
   b. Revoke the licensee’s license to practice the profession.
   c. Suspend imposition of judgment and penalty or impose the judgment and penalty, but suspend enforcement and place the physician on probation. The probation ordered may be vacated upon noncompliance. The board may restore and reissue a license to practice medicine and surgery or osteopathic medicine and surgery, but may impose a disciplinary or corrective measure which the board might originally have imposed. A copy of the board’s order, findings of fact, and decision, shall be served on the licensee in the manner of service of an original notice or by certified mail return receipt requested.

9. Judicial review of the board’s action may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

10. The board’s order revoking or suspending a license to practice medicine and surgery or osteopathic medicine and surgery or to discipline a licensee shall remain in force and effect until the appeal is finally determined and disposed of upon its merit.

A license shall not be reinstated, reissued, or restored once it is relinquished. The person may apply for a new license pursuant to section 148.3 and applicable administrative rules.

148.10 Temporary license.

1. The board may, in its discretion, issue a temporary license authorizing the licensee to practice medicine and surgery or osteopathic medicine and surgery in a specific location or locations and for a specified period of time if, in the opinion of the board, a need exists and the person possesses the qualifications prescribed by the board for the license, which shall be substantially equivalent to those required for licensure under this chapter. The board shall determine in each instance those eligible for the license, whether or not examinations
shall be given, and the type of examinations. No requirements of the law pertaining to regular permanent licensure are mandatory for the temporary license except as specifically designated by the board. The granting of a temporary license does not in any way indicate that the person so licensed is necessarily eligible for regular licensure or that the board in any way is obligated to so license the person.

2. The temporary license shall be issued for a period not to exceed one year and may be renewed, but a person shall not practice medicine and surgery or osteopathic medicine and surgery in excess of three years while holding a temporary license. 1. A license possessed by an applicant from a state which has not adopted the nurse licensure compact contained in section 152E.1 or the advanced practice registered nurse compact contained in section 152E.3 shall be recognized by the board under conditions specified which indicate that the licensee meets all the qualifications required under section 152.7. If a foreign license is recognized, the board may issue a license by endorsement without an examination being required. Recognition shall be based on whether the foreign licensee is qualified to practice nursing. The board may issue a temporary license to a natural person who has completed the requirements of and applied for licensure by endorsement. The board shall determine the length of time a temporary license shall remain effective.

2. A license possessed by an applicant and issued by a state which has adopted the nurse licensure compact contained in section 152E.1 or the advanced practice registered nurse compact contained in section 152E.3 shall be recognized pursuant to the provisions of that section.

152.10 License revocation or suspension.

1. Notwithstanding sections 147.87 to 147.89, the board may restrict, suspend, or revoke a license to practice nursing or place the licensee on probation. The board may also prescribe by rule conditions of license reinstatement. The board shall prescribe rules of procedure by which to restrict, suspend, or revoke a license. These procedures shall conform to the provisions of chapter 17A.

2. In addition to the grounds stated in section 147.55, the following are grounds for suspension or revocation under subsection 1 of this section:
   b. Continued practice while knowingly having an infectious or contagious disease which could be harmful to a patient’s welfare.
   c. Conviction for a felony in the courts of this state or another state, territory, or country if the felony relates to the practice of nursing. Conviction shall include only a conviction for
§152.10, NURSING

an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another jurisdiction shall be conclusive evidence of conviction.

d. (1) Having a license to practice nursing as a registered nurse or licensed practical nurse revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence of such fact.

(2) Having a license to practice nursing as a registered nurse or licensed practical nurse revoked or suspended, or having other disciplinary action taken, by a licensing authority in another state which has adopted the nurse licensure compact contained in section 152E.1 or the advanced practice registered nurse compact contained in section 152E.3 and which has communicated information relating to such action pursuant to the coordinated licensure information system established by the compact. e. Knowingly aiding, assisting, procuring, advising, or allowing a person to unlawfully practice nursing.

f. Being adjudicated mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license, unless the board orders otherwise.

g. Being guilty of willful or repeated departure from or the failure to conform to the minimum standard of acceptable and prevailing practice of nursing; however, actual injury to a patient need not be established.

h. (1) Inability to practice nursing with reasonable skill and safety by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

(2) The board may, upon probable cause, request a licensee to submit to an appropriate medical evaluation by a designated health care provider. If requested by the licensee, the licensee may also designate a health care provider for an independent medical evaluation. Refusal or failure of a licensee to complete such evaluations shall constitute an admission of any allegations relating to such condition. All objections shall be waived as to the admissibility of the examining health care provider’s testimony or evaluation reports on the grounds that they constitute privileged communication. The medical testimony or evaluation reports shall not be used against a registered nurse, licensed practical nurse, or advanced registered nurse practitioner in another proceeding and shall be confidential. At reasonable intervals, a registered nurse, licensed practical nurse, or advanced registered nurse practitioner shall be afforded an opportunity to demonstrate that the registered nurse, licensed practical nurse, or advanced registered nurse practitioner can resume the competent practice of nursing with reasonable skill and safety to patients.

[C77, 79, 81, §152.10]

152.11 Investigators for nurses.
The board of nursing may appoint investigators, who shall not be members of the board, to administer and aid in the enforcement of the provisions of law related to those licensed to practice nursing. The amount of compensation for the investigators shall be determined pursuant to chapter 8A, subchapter IV. Investigators authorized by the board of nursing have the powers and status of peace officers when enforcing this chapter and chapters 147 and 272C.

The board may, by order, impose a civil penalty upon a person who practices as a massage therapist without a license issued under this chapter or a person or business that employs an individual who is not licensed under this chapter. The penalty shall not exceed one thousand dollars for each offense. Each day of a continued violation after an order or citation by the board constitutes a separate offense, with the maximum penalty not to exceed ten thousand dollars. In determining the amount of a civil penalty, the board may consider the following:

The board shall notify the attorney general of the failure to pay a civil penalty within thirty days after entry of an order pursuant to subsection 1, or within ten days following final judgment in favor of the board if an order has been stayed pending appeal. The attorney general may commence an action to recover the amount of the penalty, including reasonable attorney fees and costs. An action to enforce an order under this section may be joined with an action for an injunction.

The study shall be conducted with the input of licensed massage therapists, reflexologists, and unlicensed persons practicing modalities related to massage therapy. The study shall focus on the health, safety, and welfare of the public regarding each of the modalities reviewed. The department shall submit a report summarizing the results of the study and making recommendations regarding modality inclusion to the general assembly by January 15, 2004.

CHAPTER 152E
NURSE AND ADVANCED PRACTICE REGISTERED
NURSE LICENSURE COMPACTS

152E.1 Form of compact.
152E.2 Compact administrator.
152E.3 Form of advanced practice registered nurse compact.

152E.1 Form of compact.
The nurse licensure compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:
1. Article I — Findings and purpose.
a. The party states find all of the following:
   (1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws.
   (2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public.
   (3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation’s health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation.
   (4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex.
   (5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states.
   b. The general purposes of this compact are to:
   (1) Facilitate the states’ responsibility to protect the public’s health and safety.
(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation.
(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions.
(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction.
(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.

2. Article II — Definitions. As used in this compact:
   a. “Adverse action” means a home or remote state action.
   b. “Alternate program” means a voluntary, nondisciplinary monitoring program approved by a nurse licensing board.
   c. “Coordinated licensure information system” means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws, which is administered by a nonprofit organization composed of and controlled by state nurse licensing boards.
   d. “Current significant investigative information” means either of the following:
      (1) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction.
      (2) Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.
   e. “Home state” means the party state which is the nurse’s primary state of residence.
   f. “Home state action” means any administrative, civil, equitable, or criminal action permitted by the home state’s laws which are imposed on a nurse by the home state’s licensing board or other authority, including actions against an individual’s license such as revocation, suspension, probation, or any other action which affects a nurse’s authorization to practice.
   g. “Licensing board” means a party state’s regulatory body responsible for issuing nurse licenses.
   h. “Multistate licensure privilege” means current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical or vocational nurse in such party state. All party states have the authority, in accordance with existing state due process law, to take actions against the nurse’s privilege such as revocation, suspension, probation, or any other action which affects a nurse’s authorization to practice.
   i. “Nurse” means a registered nurse or licensed practical or vocational nurse, as those terms are defined by each party state’s practice laws.
   j. “Party state” means any state that has adopted this compact.
   k. “Remote state” means a party state, other than the home state, where either of the following applies:
      (1) Where the patient is located at the time nursing care is provided.
      (2) In the case of the practice of nursing not involving a patient, in such party state where the recipient of nursing care is located.
   l. “Remote state action” means either of the following:
      (1) Any administrative, civil, equitable, or criminal action permitted by a remote state’s laws which is imposed on a nurse by the remote state’s licensing board or other authority, including actions against an individual’s multistate licensure privilege to practice in the remote state.
      (2) Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards of remote states.
   m. “State” means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.
n. “State practice laws” means those individual party state laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. “State practice laws” does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

3. Article III — General provisions and jurisdiction.

a. A license to practice registered nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate licensure privilege to practice as a registered nurse in such party state. A license to practice licensed practical or vocational nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate licensure privilege to practice as a licensed practical or vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state’s qualifications for licensure and license renewal as well as all other applicable state laws.

b. Party states may, in accordance with state due process laws, limit or revoke the multistate licensure privilege of any nurse to practice in their state and may take any other actions under their applicable state laws necessary to protect the health and safety of their citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

c. Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of a party state. The practice of nursing subjects a nurse to the jurisdiction of the nurse licensing board and the courts, as well as the laws, in that party state.

d. This compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a precondition for qualifying for advanced practice registered nurse authorization.

e. Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each party state. However, the license granted to these individuals shall not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.

4. Article IV — Applications for licensure in a party state.

a. Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege, and whether any other adverse action by any state has been taken against the license.

b. A nurse in a party state shall hold licensure in only one party state at a time, issued by the home state.

c. A nurse who intends to change the nurse’s primary state of residence may apply for licensure in the new home state in advance of such change. However, new licenses shall not be issued by a party state until after a nurse provides evidence of change in the nurse’s primary state of residence satisfactory to the new home state’s licensing board.

d. (1) If a nurse changes the nurse’s primary state of residence by moving between two party states, and obtains a license from the new home state, the license from the former home state is no longer valid.

(2) If a nurse changes the nurse’s primary state of residence by moving from a nonparty state to a party state, and obtains a license from the new home state, the individual state license issued by the nonparty state is not affected and shall remain in full force if so provided by the laws of the nonparty state.

(3) If a nurse changes the nurse’s primary state of residence by moving from a party state to a nonparty state, the license issued by the prior home state converts to an individual state
license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.

5. Article V — Adverse actions. In addition to the general provisions described in article III, the following provisions apply:

a. The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.

b. The licensing board of a party state shall have the authority to complete any pending investigations for a nurse who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions.

c. A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the license issued by the home state.

d. For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

e. The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.

f. Nothing in this compact shall override a party state’s decision that participation in an alternative program may be used in lieu of licensure action and that such participation shall remain nonpublic if required by the party state’s laws. Party states must require nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.

6. Article VI — Additional authorities invested in party state nurse licensing boards. Notwithstanding any other powers, party state nurse licensing boards shall have the authority to do all of the following:

a. If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

b. Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a nurse licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located.

c. Issue cease and desist orders to limit or revoke a nurse’s authority to practice in the state.

d. Promulgate uniform rules and regulations as provided for in article VIII, paragraph “c”.

7. Article VII — Coordinated licensure information system.

a. All party states shall participate in a cooperative effort to create a coordinated database of all licensed registered nurses and licensed practical or vocational nurses. This system shall include information on the licensure and disciplinary history of each nurse, as contributed by party states, to assist in the coordination of nurse licensure and enforcement efforts.

b. Notwithstanding any other provision of law, all party states’ licensing boards shall promptly report adverse actions, actions against multistate licensure privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials, to the coordinated licensure information system.
c. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

d. Notwithstanding any other provision of law, all party states’ licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

e. Any personally identifiable information obtained by a party state’s licensing board from the coordinated licensure information system shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

f. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

The compact administrator of each party state shall furnish to the compact administrator of each other party state any information and documents including but not limited to a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

c. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under article VI, paragraph “d”.

9. Article IX — Immunity. A party state or the officers or employees or agents of a party state’s nurse licensing board who act in accordance with the provisions of this compact shall not be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

10. Article X — Entry into force, withdrawal, and amendment.

a. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but such withdrawal shall not take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

b. Withdrawal shall not affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

c. This compact shall not be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact.

force and effect as to the remaining party states and in full force and effect as to the party
state affected as to all severable matters.

b. (1) In the event party states find a need for settling disputes arising under this
compact, the party states may submit the issues in dispute to an arbitration panel which
shall be comprised of an individual appointed by the compact administrator in the home
state, an individual appointed by the compact administrator in the remote state or states
involved, and an individual mutually agreed upon by the compact administrators of all the
party states involved in the dispute.

(2) The decision of a majority of the arbitrators shall be final and binding.

152E.2 Compact administrator.
The executive director of the board of nursing, as provided for in section 152.2, shall serve
as the compact administrator identified in article VIII, paragraph “a”, of the nurse licensure
compact contained in section 152E.1 and as the compact administrator identified in article
VIII, paragraph “a”, of the advanced practice registered nurse compact contained in section
152E.3.

152E.3 Form of advanced practice registered nurse compact.
The advanced practice registered nurse compact is entered into and enacted into law with
all jurisdictions legally joining therein, in the form substantially as follows:

1. Article I — Findings and declaration of purpose.
   a. The party states find all of the following:
      (1) The health and safety of the public are affected by the degree of compliance with
          advanced practice registered nurse licensure and practice requirements and the effectiveness
          of enforcement activities related to state advanced practice registered nurse license or
          authority to practice laws.
      (2) Violations of advanced practice registered nurse licensure and practice and other laws
          regulating the practice of nursing may result in injury or harm to the public.
      (3) The expanded mobility of advanced practice registered nurses and the use of
          advanced communication technologies as part of our nation’s health care delivery system
          require greater coordination and cooperation among states in the areas of advanced practice
          registered nurse licensure and practice requirements.
      (4) New practice modalities and technology make compliance with individual state
          advanced practice registered nurse licensure and practice requirements difficult and
          complex.
      (5) The current system of duplicative advanced practice registered nurse licensure and
          practice requirements for advanced practice registered nurses practicing in multiple states is
          cumbersome and redundant to both advanced practice registered nurses and states.
      (6) Uniformity of advanced practice registered nurse requirements throughout the states
          promotes public safety and public health benefits.
      (7) Access to advanced practice registered nurse services increases the public’s access to
          health care, particularly in rural and underserved areas.
   b. The general purposes of this compact are to:
      (1) Facilitate the states’ responsibilities to protect the public’s health and safety.
      (2) Ensure and encourage the cooperation of party states in the areas of advanced
          practice registered nurse licensure and practice requirements including promotion of
          uniform licensure requirements.
      (3) Facilitate the exchange of information between party states in the areas of advanced
          practice registered nurse regulation, investigation, and adverse actions.
      (4) Promote compliance with the laws governing advanced practice registered nurse
          practice in each jurisdiction.
      (5) Invest all party states with the authority to hold an advanced practice registered nurse
§152E.3, NURSE LICENSURE COMPACTS

accountable for meeting all state practice laws in the state in which the patient is located at
the time care is rendered through the mutual recognition of party state licenses.

2. Article II — Definitions. As used in this compact:
   a. “Advanced practice registered nurse” means a nurse anesthetist, nurse practitioner,
nurse midwife, or clinical nurse specialist to the extent a party state licenses or grants
authority to practice in that advanced practice registered nurse role and title.
   b. “Advanced practice registered nurse licensure and practice requirements” means the
regulatory mechanism used by a party state to grant legal authority to practice as an advanced
practice registered nurse.
   c. “Advanced practice registered nurse uniform license or authority to practice
requirements” means those minimum uniform licensure, education, and examination
requirements as agreed to by the compact administrators and adopted by licensing boards
for the recognized advanced practice registered nurse role and title.
   d. “Adverse action” means a home or remote state action.
   e. “Alternative program” means a voluntary, nondisciplinary monitoring program
approved by a nurse licensing board.
   f. “Coordinated licensure information system” means an integrated process for collecting,
stooring, and sharing information on advanced practice registered nurse licensure or authority
to practice and enforcement activities related to advanced practice registered nurse license
or authority to practice laws, which is administered by a nonprofit organization composed of
and controlled by state licensing boards.
   g. “Current significant investigatitive information” means either of the following:
      (1) Investigative information that a licensing board, after a preliminary inquiry that
includes notification and an opportunity for the advanced practice registered nurse to
respond if required by state law, has reason to believe is not groundless and, if proved true,
would indicate more than a minor infraction.
      (2) Investigative information that indicates that the advanced practice registered nurse
represents an immediate threat to public health and safety regardless of whether the
advanced practice registered nurse has been notified and had an opportunity to respond.
   h. “Home state” means the party state that is the advanced practice registered nurse’s
primary state of residence.
   i. “Home state action” means any administrative, civil, equitable, criminal, or other action
permitted by the home state’s laws which is imposed on an advanced practice registered
nurse by the home state’s licensing board or other authority, including actions against an
individual’s license or authority to practice such as revocation, suspension, probation, or any
other action which affects an advanced practice registered nurse’s authorization to practice.
   j. “Licensing board” means a party state’s regulatory body responsible for advanced
practice registered nurse licensure or authority to practice.
   k. “Multistate advanced practice privilege” means current authority from a remote state
permitting an advanced practice registered nurse to practice in that state in the same role
and title as the advanced practice registered nurse is licensed or authorized to practice in
the home state to the extent that the remote state laws recognize such advanced practice
registered nurse role and title. A party state has the authority, in accordance with existing
state due process laws, to take action against the advanced practice registered nurse’s
privilege, including revocation, suspension, probation, or any other action that affects an
advanced practice registered nurse’s multistate privilege to practice.
   l. “Party state” means any state that has adopted this compact.
   m. “Prescriptive authority” means the legal authority to prescribe medications and devices
as defined by party state laws.
   n. “Remote state” means a party state, other than the home state, where either of the
following applies:
      (1) Where the patient is located at the time advanced practice registered nurse care is
provided.
      (2) In the case of advanced practice registered nurse practice not involving a patient, in
such party state where the recipient of advanced practice registered nurse care is located.
   o. “Remote state action” means either of the following:
(1) Any administrative, civil, equitable, criminal, or other action permitted by a remote state’s laws which is imposed on an advanced practice registered nurse by the remote state’s licensing board or other authority, including actions against an individual’s multistate advanced practice privilege in the remote state.

(2) Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards of remote states.

p. “State” means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

q. “State practice laws” means a party state’s laws and regulations that govern advanced practice registered nurse practice, define the scope of advanced nursing practice, including prescriptive authority, and create the methods and grounds for imposing discipline. “State practice laws” does not include the requirements necessary to obtain and retain advanced practice registered nurse licensure or authority to practice as an advanced practice registered nurse, except for qualifications or requirements of the home state.

r. “Unencumbered” means that a state has no current disciplinary action against an advanced practice registered nurse’s license or authority to practice.

3. Article III — General provisions and jurisdiction.

a. All party states shall participate in the nurse licensure compact for registered nurses and licensed practical or vocational nurses in order to enter into the advanced practice registered nurse compact.

b. A state shall not enter the advanced practice registered nurse compact until the state adopts, at a minimum, the advanced practice registered nurse uniform license or authority to practice requirements for each advanced practice registered nurse role and title recognized by the state seeking to enter the advanced practice registered nurse compact.

c. Advanced practice registered nurse license or authority to practice issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate advanced practice privilege to the extent that the role and title are recognized by each party state. To obtain or retain advanced practice registered nurse licensure and practice requirements as an advanced practice registered nurse, an applicant must meet the home state’s qualifications for authority or renewal of authority as well as all other applicable state laws.

d. The advanced practice registered nurse multistate advanced practice privilege does not include prescriptive authority, and does not affect any requirements imposed by states to grant to an advanced practice registered nurse initial and continuing prescriptive authority according to state practice laws. However, a party state may grant prescriptive authority to an individual on the basis of a multistate advanced practice privilege to the extent permitted by state practice laws.

e. A party state may, in accordance with state due process laws, limit or revoke the multistate advanced practice privilege in the party state and may take any other necessary actions under the party state’s applicable laws to protect the health and safety of the party state’s citizens. If a party state takes action, the party state shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

f. An advanced practice registered nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is provided. The advanced practice registered nurse practice includes patient care and all advanced nursing practice defined by the party state’s practice laws. The advanced practice registered nurse practice subjects an advanced practice registered nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state.

g. Individuals not residing in a party state may apply for an advanced practice registered nurse license or authority to practice as an advanced practice registered nurse under the laws of a party state. However, the authority to practice granted to these individuals shall not be recognized as granting the privilege to practice as an advanced practice registered nurse in any other party state unless explicitly agreed to by that party state.
4. Article IV — Applications for advanced practice registered nurse licensure or authority to practice in a party state.
   a. (1) Once an application for an advanced practice registered nurse license or authority to practice is submitted, a party state shall ascertain, through the coordinated licensure information system, whether the applicant has held, or is the holder of, a nursing license or authority to practice issued by another state, whether the applicant has had a history of previous disciplinary action by any state, whether an encumbrance exists on any license or authority to practice, and whether any other adverse action by any other state has been taken against a license or authority to practice.
   (2) This information may be used in approving or denying an application for an advanced practice registered nurse license or authority to practice.
   b. An advanced practice registered nurse in a party state shall hold an advanced practice registered nurse license or authority to practice in only one party state at a time, issued by the home state.
   c. An advanced practice registered nurse who intends to change the nurse’s primary state of residence may apply for an advanced practice registered nurse license or authority to practice in the new home state in advance of such change. However, a new license or authority to practice shall not be issued by a party state until after an advanced practice registered nurse provides evidence of change in the nurse’s primary state of residence satisfactory to the new home state’s licensing board.
   d. (1) If an advanced practice registered nurse changes the nurse’s primary state of residence by moving between two party states, and obtains an advanced practice registered nurse license or authority to practice from the new home state, the advanced practice registered nurse license or authority to practice from the former home state is no longer valid.
   (2) If an advanced practice registered nurse changes the nurse’s primary state of residence by moving from a nonparty state to a party state, and obtains an advanced practice registered nurse license or authority to practice from the new home state, the individual state license issued by the nonparty state is not affected and shall remain in full force if so provided by the laws of the nonparty state.
   (3) If an advanced practice registered nurse changes the nurse’s primary state of residence by moving from a party state to a nonparty state, the advanced practice registered nurse license or authority to practice issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.

5. Article V — Adverse actions. In addition to the general provisions described in article III, the following provisions apply:
   a. The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.
   b. The licensing board of a party state shall have the authority to complete any pending investigations for an advanced practice registered nurse who changes the nurse’s primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.
   c. A remote state may take adverse action affecting the multistate advanced practice privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the advanced practice registered nurse license or authority to practice issued by the home state.
   d. For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would
if such conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

e. The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.

f. Nothing in this compact shall override a party state’s decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the party state’s laws. Party states must require advanced practice registered nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.

g. All home state licensing board disciplinary orders, agreed to or otherwise, which limit the scope of the advanced practice registered nurse’s practice or require monitoring of the advanced practice registered nurse as a condition of the order shall include the requirements that the advanced practice registered nurse will limit the nurse’s practice to the home state during the pendency of the order. This requirement may allow the advanced practice registered nurse to practice in other party states with prior written authorization from both the home state and party state licensing boards.

6. Article VI — Additional authorities invested in party state licensing boards. Notwithstanding any other powers, party state licensing boards shall have the authority to do all of the following:

a. If otherwise permitted by state law, recover from the affected advanced practice registered nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that advanced practice registered nurse.

b. Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses, or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located.

c. Issue cease and desist orders to limit or revoke an advanced practice registered nurse’s privilege, license, or authority to practice in the state.

d. Promulgate uniform rules and regulations as provided for in article VIII, paragraph “c”.

7. Article VII — Coordinated licensure information system.

a. All party states shall participate in a cooperative effort to create a coordinated database of all advanced practice registered nurses. This system shall include information on the advanced practice registered nurse licensure and practice requirements and disciplinary history of each advanced practice registered nurse, as contributed by party states, to assist in the coordination of the advanced practice registered nurse licensure or authority to practice and enforcement efforts.

b. Notwithstanding any other provision of law, all party states’ licensing boards shall promptly report adverse actions, actions against multistate advanced practice privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials, to the coordinated licensure information system.

c. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

d. Notwithstanding any other provision of law, all party states’ licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

e. Any personally identifiable information obtained by a party state’s licensing board from the coordinated licensure information system shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.
§152E.3, NURSE LICENSURE COMPACTS

f. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

g. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

8. Article VIII — Compact administration and interchange of information.
   a. The head of the licensing board, or the head’s designee, of each party state shall be the administrator of this compact for the head’s state.
   b. The compact administrator of each party state shall furnish to the compact administrator of each other party state any information and documents including but not limited to a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.
   c. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under article VI, paragraph “d”.

9. Article IX — Immunity. A party state or the officers or employees or agents of a party state’s licensing board who act in accordance with the provisions of this compact shall not be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

10. Article X — Entry into force, withdrawal, and amendment.
   a. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but such withdrawal shall not take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.
   b. Withdrawal shall not affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.
   c. This compact shall not be construed to invalidate or prevent any advanced practice registered nurse licensure or authority to practice agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact.
   d. This compact may be amended by the party states. An amendment to this compact shall not become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

11. Article XI — Construction and severability.
   a. This compact shall be liberally construed so as to effectuate the purposes of the compact. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States, or the applicability of the compact to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability of the compact to any government, agency, person, or circumstance shall not be affected by that action. If this compact shall be held contrary to the constitution of any state which is party to the compact, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.
   b. (1) In the event party states find a need for settling disputes arising under this compact, the party states may submit the issues in dispute to an arbitration panel which shall be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote state or states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.
(2) The decision of a majority of the arbitrators shall be final and binding.

2. The board shall not charge an application or licensing fee for issuing or renewing a retired volunteer license.    (2) Subsequent to an investigation by the board, the board may appoint a disinterested third party to mediate disputes between licensees or registrants and patients. Referral of a matter to mediation shall not preclude the board from taking disciplinary action against the affected licensee or registrant.
   b. To appoint investigators, who shall not be members of the board, to administer and aid in the enforcement of the provisions of law relating to those persons licensed to practice dentistry and dental hygiene, and persons registered as dental assistants. The amount of compensation for the investigators shall be determined pursuant to chapter 8A, subchapter IV.    c. To initiate in its own name or cause to be initiated in a proper court appropriate civil proceedings against any person to enforce the provisions of this chapter or this subtitle relating to the practice of dentistry, and the board may have the benefit of counsel in
connection therewith. Any such judicial proceeding as may be initiated by the board shall be commenced and prosecuted in the same manner as any other civil action and injunctive relief may be granted therein without proof of actual damage sustained by any person but such injunctive relief shall not relieve the person so enjoined from criminal prosecution by the attorney general or county attorney for violation of any provision of this chapter or this subtitle relating to the practice of dentistry.

d. To adopt rules regarding infection control in dental practice which are consistent with standards of the federal Occupational Safety and Health Act of 1970, 29 U.S.C. §651 – 678, and recommendations of the centers for disease control.
e. To promulgate rules as may be necessary to implement the provisions of this chapter.

2. All employees needed to administer this chapter except the executive director shall be appointed pursuant to the merit system. The executive director shall serve at the pleasure of the board and shall be exempt from the merit system provisions of chapter 8A, subchapter IV.

3. In any investigation made or hearing conducted by the board on its own motion, or upon written complaint filed with the board by any person, pertaining to any alleged violation of this chapter or the accusation against any licensee or registrant, the following procedure and rules so far as material to such investigation or hearing shall obtain:
a. The accusation of such person against any licensee or registrant shall be reduced to writing, verified by some person familiar with the facts therein stated, and three copies thereof filed with the board.
b. If the board shall deem the charges sufficient, if true, to warrant suspension or revocation of license or registration, it shall make an order fixing the time and place for hearing thereon and requiring the licensee or registrant to appear and answer thereto, such order, together with a copy of the charges so made to be served upon the accused at least twenty days before the date fixed for hearing, either personally or by certified or registered mail, sent to the licensee’s or registrant’s last known post office address as shown by the records of the board.
c. At the time and place fixed in said notice for said hearing, or at any time and place to which the said hearing shall be adjourned, the board shall hear the matter and may take evidence, administer oaths, take the deposition of witnesses, including the person accused, in the manner provided by law in civil cases, compel the appearance of witnesses before it in person the same as in civil cases by subpoena issued over the signature of the chairperson of the board and in the name of the state of Iowa, require answers to interrogatories, and compel the production of books, papers, accounts, documents and testimony pertaining to the matter under investigation or relating to the hearing.
d. In all such investigations and hearings pertaining to the suspension or revocation of licenses or registrations, the board and any person affected thereby may have the benefit of counsel, and upon the request of the licensee or registrant or the licensee’s or registrant’s counsel the board shall issue subpoenas for the attendance of such witnesses in behalf of the licensee or registrant, which subpoenas when issued shall be delivered to the licensee or registrant or the licensee’s or registrant’s counsel. Such subpoenas for the attendance of witnesses shall be effective if served upon the person named therein anywhere within this state, provided that at the time of such service the fees now or hereafter provided by law for witnesses in civil cases in district court shall be paid or tendered to such person.
e. In case of disobedience of a subpoena lawfully served hereunder, the board or any party to such hearing aggrieved thereby may invoke the aid of the district court in the county where such hearing is being conducted to require the attendance and testimony of such witnesses. Such district court of the county within which the hearing is being conducted may, in case of contumacy or refusal to obey such subpoena, issue an order requiring such person to appear before said board, and if so ordered give evidence touching the matter involved in the hearing. Any failure to obey such order of the court may be punished by such court as a contempt thereof.
f. If the licensee or registrant pleads guilty, or after hearing shall be found guilty by the board of any of the charges made, it may suspend for a limited period or revoke the license or registration, and the last renewal thereof, and shall enter the order on its records and
notify the accused of the revocation or suspension of the person's license or registration, as the case may be, who shall thereupon forthwith surrender that license or registration to the board. Any such person whose license or registration has been so revoked or suspended shall not thereafter and while such revocation or suspension is in force and effect practice dentistry, dental hygiene, or dental assisting within this state.

36. The findings of fact made by the board acting within its power shall, in the absence of fraud, be conclusive, but the district court shall have power to review questions of law involved in any final decision or determination of the board; provided, that application is made by the aggrieved party within thirty days after such determination by certiorari, mandamus or such other method of review or appeal permitted under the laws of this state, and to make such further orders in respect thereto as justice may require.

h. Pending the review and final disposition thereof by the district court, the action of the board suspending or revoking such license or registration shall not be stayed.

4. An inspector may be appointed by the dental board pursuant to the provisions of chapter 8A, subchapter IV.

Each day of a continued violation after an order or citation by the board constitutes a separate offense, with the maximum penalty not to exceed ten thousand dollars.
   a. In determining the amount of a civil penalty, the board may consider the following:
      (1) Whether the amount imposed will be a substantial economic deterrent to the violation.

It is necessary to support industries using agricultural commodities to increase the demand for and production and consumption of sources of energy in order to reduce the state’s dependency upon petroleum products; to reduce atmospheric contamination of this state’s environment from the combustion of fossil fuels; and to produce coproducts, such as corn gluten feed, distillers grain, and solubles, which can be used to increase livestock production in this state.
3. This state adopts a policy of enhancing agricultural production by encouraging the development and use of fuels and coproducts derived from agricultural commodities as provided in this chapter, including rules adopted by the office of renewable fuels and coproducts.

   a. (1) Ethanol infrastructure shall be designed and used exclusively to do any of the following:
      (a) Store and dispense E-15 gasoline. At least for the period beginning on September 16 and ending on May 31 of each year, the ethanol infrastructure must be used to store and dispense E-15 gasoline as a registered fuel recognized by the United States environmental protection agency.
      (b) Store and dispense E-85 gasoline.
      (c) Store, blend, and dispense motor fuel from a motor fuel blender pump. The ethanol infrastructure must be used for the storage of ethanol or ethanol blended gasoline, or for blending ethanol with gasoline. The ethanol infrastructure must at least include a motor fuel blender pump which dispenses different classifications of ethanol blended gasoline and allows E-85 gasoline to be dispensed at all times that the blender pump is operating.
   (2) Biodiesel infrastructure shall be designed and used exclusively to do any of the following:
      (a) Store and dispense biodiesel or biodiesel blended fuel.
      (b) Blend or dispense biodiesel fuel from a motor fuel blender pump.
   b. The infrastructure must be part of the premises of a retail motor fuel site operated by a retail dealer. The infrastructure shall not include a tank vehicle.

2. A person may apply to the department to receive financial incentives on a cost-share basis. The department shall forward the applications to the underground storage tank fund board as required by that board for evaluation and recommendation. The underground storage tank fund board may rank the applications with comments and shall forward them to the infrastructure board for approval or disapproval. The department shall award financial incentives on a cost-share basis to an eligible person whose application was approved by the infrastructure board.

3. The infrastructure board shall approve cost-share agreements executed by the department and persons that the infrastructure board determines are eligible as provided in this section, according to terms and conditions required by the infrastructure board. 5. An award of financial incentives to a participating person shall be on a cost-share basis in the form of a grant. To participate in the program, an eligible person must execute a cost-share agreement with the department as approved by the infrastructure board in which the person contributes a percentage of the total costs related to improving the retail motor fuel site. A cost-share agreement shall be for a three-year period or a five-year period. A cost-share agreement shall include provisions for standard financial incentives or standard financial incentives and supplemental financial incentives as provided in this subsection. The infrastructure board may approve multiple improvements to the same retail motor fuel site for the full amount available for both ethanol infrastructure and biodiesel infrastructure so long as the improvements for ethanol infrastructure and for biodiesel infrastructure are made under separate cost-share agreements.

SOIL AND WATER CONSERVATION DISTRICTS

161A.5 Soil and water conservation districts.
1. The one hundred soil and water conservation districts* established in the manner which was prescribed by law prior to July 1, 1975 shall continue in existence with the boundaries and the names* in effect on July 1, 1975. If the existence of a district so established is discontinued pursuant to section 161A.10, a petition for reestablishment of the district or for annexation of the former district’s territory to any other abutting district may be submitted to, and shall be acted upon by, the state soil conservation committee in substantially the manner provided by section 467A.5, Code 1975.

2. The governing body of each district shall consist of five commissioners elected on a nonpartisan basis for staggered four-year terms commencing on the first day of January that is not a Sunday or holiday following their election. Any eligible elector residing in the district is eligible to vote for the office of commissioner, except that no more than one commissioner shall at any one time be a resident of any one township. A vacancy is created in the office of any commissioner who changes residence into a township where another commissioner then resides. If a commissioner is absent for sixty or more percent of monthly meetings during any twelve-month period, the other commissioners by their unanimous vote may declare the member’s office vacant. A vacancy in the office of commissioner shall be filled by appointment of the state soil conservation committee until the next succeeding general election, at which time the balance of the unexpired term shall be filled as provided by section 69.12.

3. At each general election a successor shall be chosen for each commissioner whose term will expire in the succeeding January.

a. Nomination of candidates for the office of commissioner shall be made by petition in accordance with chapter 45, except that each candidate’s nominating petition shall be signed by at least twenty-five eligible electors of the district. The petition form shall be furnished by the county commissioner of elections.

b. Every candidate shall file with the nomination papers an affidavit stating the candidate’s name, the candidate’s residence, that the person is a candidate and is eligible for the office of commissioner, and that if elected the candidate will qualify for the office. The affidavit shall also state that the candidate is aware that the candidate is disqualified from holding office if the candidate has been convicted of a felony or other infamous crime and the candidate’s rights have not been restored by the governor or by the president of the United States.

c. The signed petitions shall be filed with the county commissioner of elections not later than 5:00 p.m. on the sixty-ninth day before the general election.

d. The votes for the office of district commissioner shall be canvassed in the same manner as the votes for county officers, and the returns shall be certified to the commissioners of the district. A plurality is sufficient to elect commissioners, and a primary election for the office shall not be held.

e. If the canvass shows that the two candidates receiving the highest and the second highest number of votes for the office of district commissioner are both residents of the
same township, the board shall certify as elected the candidate who received the highest number of votes for the office and the candidate receiving the next highest number of votes for the office who is not a resident of the same township as the candidate receiving the highest number of votes.

161A.6 Commissioners — general provisions.

1. The commissioners of each soil and water conservation district shall convene on the first day of January that is not a Sunday or holiday in each odd-numbered year. Those commissioners whose term of office begins on that day shall take the oath of office prescribed by section 63.10. The commissioners shall then organize by election of a chairperson and a vice chairperson.

2. The commissioners of the respective districts shall submit to the department such statements, estimates, budgets, and other information at such times and in such manner as the department may require.

3. A commissioner shall not receive compensation for the commissioner's services. However, to the extent funds are available, a commissioner is entitled to receive actual expenses necessarily incurred in the discharge of the commissioner's duties, including reimbursement for mileage at the rate provided under section 70A.9 for state business use.

4. The commissioners may call upon the attorney general of the state for such legal services as they may require. The commissioners may delegate to their chairperson, to one or more commissioners or to one or more agents, or employees, such powers and duties as they may deem proper. The commissioners shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property; shall provide for the keeping of a full and accurate record of all proceedings and of all resolutions, regulations, and orders issued or adopted; and shall regularly report to the division a summary of financial information regarding moneys controlled by the commissioners, which are not audited by the state, according to rules adopted by the division.

6. The commissioners may invite the legislative body of any municipality or county located near the territory comprised within the district to designate a representative to advise and consult with the commissioners of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county.

161A.7 Powers of districts and commissioners.

1. A soil and water conservation district organized under this chapter has the following powers, in addition to others granted in other sections of this chapter:
   a. To conduct surveys, investigations, and research relating to the character of soil erosion and erosion, floodwater, and sediment damages, and the preventive and control measures needed, to publish the results of such surveys, investigations or research, and to disseminate information concerning such preventive and control measures; provided, however, that in order to avoid duplication of research activities, no district shall initiate any research program except in cooperation with the Iowa agricultural experiment station
located at Ames, Iowa, and pursuant to a cooperative agreement entered into between the
Iowa agricultural experiment station and such district.

b. To conduct demonstrational projects within the district on lands owned or controlled by
this state or any of its agencies, with the consent and cooperation of the agency administering
and having jurisdiction thereof, and on any other lands within the district upon obtaining
the consent of the owner or occupier of such lands or the necessary rights or interests in
such lands, in order to demonstrate by example the means, methods, and measures by which
soil and soil resources may be conserved, and soil erosion in the form of soil blowing and
soil washing may be prevented and controlled; provided, however, that in order to avoid
duplication of agricultural extension activities, no district shall initiate any demonstrational
projects, except in cooperation with the Iowa agricultural extension service whose offices
are located at Ames, Iowa, and pursuant to a cooperative agreement entered into between
the Iowa agricultural extension service and such district.

c. To carry out preventive and control measures within the district, including but not
limited to crop rotations, engineering operations, methods of cultivation, the growing of
vegetation, changes in use of land, and the measures listed in section 161A.2, on lands
owned or controlled by this state or any of its agencies, with the consent and cooperation of
the agency administering and having jurisdiction thereof, and on any other lands within the
district, upon obtaining the consent of the owner or occupier of such lands or the necessary
rights or interests in such lands. Any approval or permits from the council required under
other provisions of law shall be obtained by the district prior to initiation of any construction
activity.

d. To cooperate, or enter into agreements with, and within the limits of appropriations
duly made available to it by law, to furnish financial or other aid to any agency, governmental
or otherwise, or any owner or occupier of lands within the district, in the carrying on of
erosion-control and watershed protection and flood prevention operations within the district,
subject to such conditions as the commissioners may deem necessary to advance the purposes
of this chapter.

e. To obtain options upon and to acquire, by purchase, exchange, lease, gift, grant,
bequest, devise or otherwise, any property, real or personal, or rights or interests therein;
to maintain, administer, and improve any properties acquired, to receive income from such
properties and to expend such income in carrying out the purposes and provisions of this
chapter; and to sell, lease or otherwise dispose of any of its property or interests therein in
furtherance of the purposes and provisions of this chapter.

f. To make available on such terms as it shall prescribe, to landowners or occupiers within
the district, agricultural and engineering machinery and equipment, fertilizer, lime, and such
other material or equipment as will assist such landowners or occupiers to carry on operations
upon their lands for the conservation of soil resources and for the prevention and control of
soil erosion and for the prevention of erosion, floodwater, and sediment damages.

g. To construct, improve, and maintain such structures as may be necessary or convenient
for the performance of any of the operations authorized in this chapter. Any approval or
permits from the council required under other provisions of law shall be obtained by the
district prior to initiation of any construction activity.

h. To develop comprehensive plans for the conservation of soil resources and for the
control and prevention of soil erosion and for the prevention of erosion, floodwater, and
sediment damages within the district, which plans shall specify in such detail as may
be possible, the acts, procedures, performances, and avoidance which are necessary or
desirable for the effectuation of such plans, including the specification of engineering
operations, methods of cultivation, the growing of vegetation, cropping programs, tillage
practices, and changes in use of land; and to publish such plans and information and bring
them to the attention of owners and occupiers of lands within the district.

i. To sue and be sued in the name of the district; to have a seal, which seal shall be judicially
noticed; to have perpetual succession unless terminated as hereinafter provided; to make
and execute contracts and other instruments, necessary or convenient to the exercise of its
powers; to make, and from time to time amend and repeal, rules not inconsistent with this
chapter, to carry into effect its purposes and powers.
j. To accept donations, gifts, and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, or from this state or any of its agencies, and to use or expend such moneys, services, materials, or other contributions in carrying on its operations.

k. Subject to the approval of the state soil conservation committee, to change the name of the soil and water conservation district.

l. To provide for the restoration of permanent soil and water conservation practices which are damaged or destroyed because of a disaster emergency as provided in section 161A.75.

m. To encourage local school districts to provide instruction in the importance of and in some of the basic methods of soil conservation, as a part of course work relating to conservation of natural resources and environmental awareness required in rules adopted by the state board of education pursuant to section 256.11, subsections 3 and 4, and to offer technical assistance to schools in developing such instructional programs.

n. To develop a soil and water resource conservation plan for the district.

(1) The district plan shall contain a comprehensive long-range assessment of soil and surface water resources in the district consistent with rules approved by the committee under section 161A.4. In developing the plan the district may receive technical support from the United States department of agriculture natural resources conservation service and the county board of supervisors in the county where the district is located. The division and the Iowa cooperative extension service in agriculture and home economics may provide technical support to the district. The support may include but is not limited to the following:

(a) Assessing the condition of soil and surface water in the district, including an evaluation of the type, amount, and quality of soil and water; the threat of soil erosion and erosion, floodwater; and sediment damages, and necessary preventative and control measures.

(b) Developing methods to maintain or improve soil and water condition.

(c) Cooperating with other state and federal agencies to carry out this support.

(2) The title page of the district plan and a notification stating where the plan may be reviewed shall be recorded with the recorder in the county in which the district is located, and updated as necessary, after the committee approves and the director of the division signs the district plan. The commissioners shall provide notice of the recording and may provide a copy of the approved district plan to the county board of supervisors in the county where the district is located. The district plan shall be filed with the division as part of the state soil and water resource conservation plan provided in section 161A.4.

o. To enter into agreements pursuant to chapter 161C with the owner or occupier of land within the district or cooperating districts, or any other private entity or public agency, in carrying out water protection practices, including district and multidistrict projects to protect this state’s groundwater and surface water from point and nonpoint sources of contamination, including but not limited to agricultural drainage wells, sinkholes, sedimentation, and chemical pollutants.

2. As a condition to the extending of any benefits under this chapter to, or the performance of work upon, any lands not owned or controlled by this state or any of its agencies, the commissioners may require contributions in money, services, materials, or otherwise to any operations conferring such benefits, and may require landowners or occupiers to enter into and perform such agreements or covenants as to the permanent use of such lands as will tend to prevent or control erosion thereon.

3. The commissioners, as a condition for the receipt of any state cost-sharing funds for permanent soil conservation practices, shall require the owner of the land on which the practices are to be established to covenant and file, in the office of the soil and water conservation district of the county in which the land is located, an agreement identifying the particular lands upon which the practices for which state cost-sharing funds are to be received will be established, and providing that the project will not be removed, altered, or modified so as to lessen its effectiveness without the consent of the commissioners, obtained in advance and based on guidelines drawn up by the state soil conservation committee, for a period not to exceed twenty years after the date of receiving payment. The commissioners shall assist the division in the enforcement of this subsection. The agreement does not create a lien on the land, but is a charge personally against the owner of the land at the
time of removal, alteration, or modification if an administrative order is made under section 161A.61, subsection 3.

4. No provisions with respect to the acquisition, operation, or disposition of property by other public bodies shall be applicable to a district organized hereunder unless the general assembly shall specifically do so.

5. After the formation of any district under the provisions of this chapter, all participation hereunder shall be purely voluntary, except as specifically stated herein.

161A.9 State agencies to cooperate.
Agencies of this state which shall have jurisdiction over, or be charged with the administration of, any state-owned lands, and of any county, or other governmental subdivision of the state, which shall have jurisdiction over, or be charged with the administration of, any county-owned or other publicly owned lands, lying within the boundaries of any district organized hereunder, may cooperate to the fullest extent with the commissioners of such districts in the effectuation of programs and operations undertaken by the commissioners under the provisions of this chapter.

161A.10 Discontinuance of districts.
1. At any time after five years after the organization of a district under this chapter, any twenty-five owners of land lying within the boundaries of the district, but in no case less than twenty percent of the owners of land lying within the district, may file a petition with the committee asking that the operations of the district be terminated and the existence of the district discontinued. The committee may conduct public meetings and public hearings upon the petition as necessary to assist in the consideration of the petition. Within sixty days after a petition has been received by the committee, the division shall give due notice of the holding of a referendum, shall supervise the referendum, and shall issue appropriate rules governing the conduct of the referendum. The question is to be submitted by ballots upon which the words “For terminating the existence of the ......................... (name of the soil and water conservation district to be here inserted)” and “Against terminating the existence of the ......................... (name of the soil and water conservation district to be here inserted)” shall be printed, with a square before each proposition and a direction to insert an X mark in the square before one or the other of the propositions as the voter favors or opposes discontinuance of the district. All owners of lands lying within the boundaries of the district are eligible to vote in the referendum. No informalities in the conduct of the referendum or in any matters relating to the referendum invalidate the referendum or the result of the referendum if notice was given substantially as provided in this section and if the referendum was fairly conducted.
2. When sixty-five percent of the landowners vote to terminate the existence of the
district, the committee shall advise the commissioners to terminate the affairs of the district. The commissioners shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of the sale to be deposited into the state treasury. The commissioners shall then file an application, duly verified, with the secretary of state for the discontinuance of the district, and shall transmit with the application the certificate of the committee setting forth the determination of the committee that the continued operation of the district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as provided in this section, and shall set forth a full accounting of the properties and proceeds of the sale. The secretary of state shall issue to the commissioners a certificate of dissolution and shall record the certificate in an appropriate book of record in the secretary of state’s office.

3. Upon issuance of a certificate of dissolution under this section, all ordinances and regulations previously adopted and in force within the districts are of no further force and effect. All contracts previously entered into, to which the district or commissioners are parties, remain in force and effect for the period provided in the contracts. The committee is substituted for the district or commissioners as party to the contracts. The committee is entitled to all benefits and subject to all liabilities under the contracts and has the same right and liability to perform, to require performance, to sue and be sued, and to modify or terminate the contracts by mutual consent or otherwise, as the commissioners of the district would have had.

4. The committee shall not entertain petitions for the discontinuance of any district nor conduct referenda upon discontinuance petitions nor make determinations pursuant to the petitions in accordance with this chapter, more often than once in five years.

SUBCHAPTER III
SUBDISTRICTS

161A.13 Purpose of subdistricts.
Subdistricts of a soil and water conservation district may be formed as provided in this chapter for the purposes of carrying out watershed protection and flood prevention programs within the subdistrict but shall not be formed solely for the purpose of establishing or taking over the operation of an existing drainage district.

C93, §161A.13
§161A.14 Petition to form.
When the landowners in a proposed subdistrict desire that a subdistrict be organized, they shall file a petition with the commissioners of the soil and water conservation district. The area must be contiguous and in the same watershed but it shall not include any area located within the boundaries of an incorporated city. The petition shall set forth an intelligible description by congressional subdivision, or otherwise, of the land suggested for inclusion in the subdistrict and shall state whether the special annual tax or special benefit assessments will be used, or whether the use of both is contemplated. The petition shall contain a brief statement giving the reasons for organization, and requesting that the proposed area be organized as a subdistrict, and must be signed by sixty-five percent of the landowners in the proposed subdistrict. Land already in one subdistrict cannot be included in another. The soil and water conservation district commissioners shall review the petition and if it is found adequate shall arrange for a hearing on it.

§161A.15 Notice and hearing.
Within thirty days after a petition has been filed with the soil and water conservation district commissioners, they shall fix a date, hour, and place for a hearing and direct the secretary to cause notice to be given to the owners of each tract of land, or lot, within the proposed subdistrict as shown by the transfer books of the auditor’s office, and to each lienholder, or encumbrancer, of any such lands as shown by the county records, and to all other persons whom it may concern, and without naming individuals all actual occupants of land in the proposed subdistrict, of the pendency and purpose of the petition and that all objections to establishment of the subdistrict for any reason must be made in writing and filed with the secretary of the soil and water conservation district at, or before, the time set for hearing. The soil and water conservation district commissioners shall consider and determine whether the operation of the subdistrict within the defined boundaries as proposed is desirable, practicable, feasible, and of necessity in the interest of health, safety, and public welfare. All interested parties may attend the hearing and be heard. The soil and water conservation district commissioners may for good cause adjourn the hearing to a day certain which shall be announced at the time of adjournment and made a matter of record. If the soil and water conservation district commissioners determine that the petition meets the requirements set forth in this section and in section 161A.5, they shall declare that the subdistrict is duly organized and shall record such action in their official minutes together with an appropriate official name or designation for the subdistrict.

If the proposed subdistrict lies in more than one soil and water conservation district, the petition may be presented to the commissioners of any one of such districts, and the commissioners of all such districts shall act jointly as a board of commissioners with respect
to all matters concerning the subdistrict, including its formation. They shall organize as a single board for such purposes and shall designate its chairperson, vice chairperson, and secretary-treasurer to serve for terms of one year. Such a subdistrict shall be formed in the same manner and has the same powers and duties as a subdistrict formed in one soil and water conservation district.

161A.20 Special annual tax.

1. After obtaining agreements to carry out recommended soil conservation measures and proper farm plans from owners of not less than fifty percent of the lands situated in the subdistrict, a subdistrict shall have the authority to impose a special annual tax, the proceeds of which shall be used for the repayment of actual and necessary expenses incurred to organize the subdistrict, to acquire land or rights or interests therein by purchase or condemnation, repair, alteration, maintenance and operation of the present and future works of improvement within its boundaries.

2. On or before January 10 of each year its governing body shall make an estimate of the amount it deems necessary to be raised by such special tax for the ensuing year and transmit said estimate in dollars to the board of supervisors of the county in which the subdistrict lies.

3. If portions of the subdistrict are in more than one county, then the governing body, as hereinbefore designated in such event, after arriving at the estimate in dollars deemed necessary for the entire subdistrict shall ratably apportion such amount between the counties and transmit and certify the prorated portion to the respective boards of supervisors of each of the counties.

4. The board or boards of supervisors shall upon receipt of certification from the governing body of the district make the necessary levy on the assessed valuation of all real estate within the boundaries of the subdistrict lying within their respective county to raise said amounts, but in no event to exceed one dollar and eight cents per thousand dollars of assessed value.

5. The special tax levied under this section shall be collected in the same manner as other taxes with a penalty for delinquency. The moneys collected from the special tax and any delinquency penalty shall be deposited in a fund established by the governing body as provided by a resolution adopted by the governing body and delivered for filing with each appropriate county treasurer. Moneys earned as income from moneys in the fund, including as interest, shall remain in the fund until expended by the governing body according to
§161A.20, SOIL AND WATER CONSERVATION

procedures specified in the resolution. If the governing body does not adopt a resolution or deliver the resolution to the county treasurer, the moneys shall be deposited into a separate account in the county’s general fund by that county treasurer. The account shall be identified by the official name of the subdistrict and expenditures from the account shall be made on requisition of the chairperson and secretary of the governing body of the subdistrict.

161A.22 General powers applicable — warrants or bonds.
A subdistrict organized under this chapter has all of the powers of a soil and water conservation district in addition to other powers granted to the subdistrict in other sections of this chapter.

The governing body of the subdistrict, upon determination that benefits from works of improvement as set forth in the watershed work plan to be installed will exceed costs thereof, and that funds needed for purposes of the subdistrict require levy of a special benefit assessment as provided in section 161A.23, in lieu of the special annual tax as provided in section 161A.20, shall record its decision to use its taxing authority and, upon majority vote of the governing body and with the approval of the state soil conservation committee, may issue warrants or bonds payable in not more than forty semiannual installments in connection with the special benefit assessment, and pledge and assign the proceeds of the special benefit assessment and other revenues of the subdistrict as security for the warrants or bonds. The warrants and bonds of indebtedness are general obligations of the subdistrict, exempt from all taxes, state and local, and are not indebtedness of the soil and water conservation district or the state of Iowa.

SUBCHAPTER IV
ALTERNATIVE METHOD OF TAXATION FOR WATERSHED PROTECTION AND FLOOD PREVENTION

161A.23 Agreement by fifty percent of landowners.
1. After obtaining agreements to carry out recommended soil conservation measures and proper farm plans from owners of not less than fifty percent of the lands situated in the subdistrict, the governing body of the subdistrict shall have the authority to establish a special tax for the purpose of organization, construction, repair, alteration, enlargement, extension, and operation of present and future works of improvement within the boundaries of said subdistrict.

2. The governing body shall appoint three appraisers to assess benefits and classify the land affected by such improvements. One of such appraisers shall be a competent licensed professional engineer and two of them shall be resident landowners of the county or counties in which the subdistrict is located but not living within nor owning or operating any lands included in said subdistrict.
3. The appraisers shall take and subscribe an oath of their qualifications and to perform the duties of classification of said lands, fix the percentages, benefits and apportion and assess the costs and expenses of construction of the said improvement according to law and their best judgment, skill, and ability. If said appraisers or any of them fail or neglect to act or perform the duties in the time and as required of them by law, the governing body of the subdistrict shall appoint others with like qualifications to take their places and perform said duties.

161A.24 Assessment for improvements.
At the time of appointing said appraisers, the governing body shall fix the time within which said assessment, classification, and apportionment shall be made, which may be extended for good cause shown. Within twenty days after their appointment, they shall begin to inspect and classify all the lands within said district, or any change, extension, enlargement, or relocation thereof in tracts of forty acres or less according to the legal or recognized subdivisions, in a graduated scale of benefits to be numbered according to the benefit to be received by each of such tracts from such improvement, and pursue said work continuously until completed and, when completed, shall make a full, accurate, and detailed report thereof and file the same with the governing body. The lands receiving the greatest benefit shall be marked on a scale of one hundred, and those benefited in a less degree with such percentage of one hundred as the benefits received bear in proportion thereto.

The amount of benefit appraised to each forty acres of land within the subdistrict shall be determined by the improvements within said subdistrict based upon the work plan as agreed upon by the subdistrict.

made in said report against any body or tract of land in said subdistrict as may appear to the board to be just and equitable.

161A.33 Assessments transmitted.
1. The governing body upon receiving the reports from three appointed appraisers and after holding the hearings shall transmit and certify the amounts of assessments to the
respective boards of supervisors which, upon receipt of certification from the governing body of the district, make the necessary levy of such assessments as fixed by the governing body upon the land within such subdistrict. The assessments shall be levied at that time as a tax and shall bear interest at a rate not exceeding that permitted by chapter 74A from that date payable annually except as hereafter provided as to cash payments therefor within a specified time.

2. The assessment levied under this section together with any accrued interest or delinquency penalty as provided in this chapter shall be deposited in a fund established by the governing body as provided by a resolution adopted by the governing body and delivered for filing with each appropriate county treasurer. Moneys earned as income from moneys in the fund, including as interest, shall remain in the fund until expended by the governing body according to procedures specified in the resolution. If the governing body does not adopt a resolution or deliver the resolution to the county treasurer, the moneys shall be deposited into a separate account in the county’s general fund by that county treasurer. The account shall be identified by the official name of the subdistrict and expenditures from the account shall be made on requisition of the chairperson and secretary of the governing body of the subdistrict.

3. At no time shall an assessment be made where the benefits accrued to the subdistrict do not exceed the cost of the improvements within the subdistrict.

2. If any levy of assessments is not sufficient to meet the cost and expenses of organizing and construction apportioned to each owner upon each forty-acre tract or less, additional assessments may be made on the same classification as the previous ones.

If the owner of any premises against which a levy exceeding five hundred dollars has been made and certified shall, within thirty days from the date of such levy, agree in writing in a separate agreement, that in consideration of having a right to pay the owner’s assessment in installments, the owner will not make any objection as to the legality of the assessment for benefit, or the levy of the taxes against the owner’s property, then such owner shall have the following options:

1. To pay one half of the amount of such assessment at the time of filing such agreement and the remaining one half shall become due and payable one year from the date of filing such agreement. All such installments shall be without interest if paid at said times, otherwise said assessments shall bear interest from the date of the levy at a rate fixed by the governing body of the subdistrict, but not exceeding that permitted by chapter 74A, payable annually, and be collected as other taxes on real estate, with like penalty for delinquency.

2. To pay such assessments in not less than ten nor more than forty equal installments, the number to be fixed by the governing body of the subdistrict and interest at the rate fixed by the governing body of the subdistrict, not exceeding that permitted by chapter 74A. The first installment of each assessment shall become due and payable at the September semiannual
tax paying date after the date of filing such agreement, unless the agreement is filed with the county treasurer less than ninety days prior to such September semiannual tax paying date, in that event, the first installment shall become due and payable at the next succeeding September semiannual tax paying date. The second and each subsequent installment shall become due and payable at the September semiannual tax paying date each year thereafter. All such installments shall be collected with interest accrued on the unpaid balance to the September semiannual tax paying date and as other taxes on real estate, with like penalty for delinquency.

Upon the completion of the reclassification, those affected by such reclassification shall have the right to appeal as hereinabove set forth.

SUBCHAPTER V

SOIL AND WATER CONSERVATION PRACTICES

PART 1

DUTIES AND OBLIGATIONS

161A.42 Definitions.

In addition to the definitions established by section 161A.3, as used in this subchapter, unless the context otherwise requires:

1. “Agricultural land” has the meaning assigned that term by section 9H.1.

2. “Conservation agreement” means a commitment by the owner or operator of a farm unit to implement a farm unit soil conservation plan or, with the approval of the commissioners of the soil and water conservation district within which the farm unit is located, a portion of a farm unit soil conservation plan. The commitment shall be conditioned on the furnishing by the soil and water conservation district of technical or planning assistance in the establishment of, and cost sharing or other financial assistance for establishment and maintenance of the soil and water conservation practices necessary to implement the plan, or a portion of the plan.

3. “Cost-share” or “cost-sharing” means a contribution of money made by the state in order to pay a percentage of the costs related to the establishment of voluntary or mandatory practices as provided under this chapter, including but not limited to soil and water conservation practices and erosion control practices.

4. “Erosion control practices” means:

   a. The construction or installation, and maintenance, of such structures or devices as are necessary to carry to a suitable outlet from the site of any building housing four or more residential units, any commercial or industrial development or any publicly or privately owned recreational or service facility of any kind, not served by a central storm sewer system, any water which:

      (1) Would otherwise cause erosion in excess of the applicable soil loss limit; and

      (2) Does not carry nor constitute sewage, industrial waste, or other waste as defined by section 455B.171.

   b. The employment of temporary devices or structures, temporary seeding, fibre mats, plastic, straw, or other measures adequate to prevent erosion in excess of the applicable soil loss limits from the site of, or land directly affected by, the construction of any public or private street, road or highway, any residential, commercial, or industrial building or development, or any publicly or privately owned recreational or service facility of any kind, at all times prior to completion of such construction.
c. The establishment and maintenance of vegetation upon the right-of-way of any completed portion of any public street, road, or highway, or the construction or installation thereon of structures or devices, or other measures adequate to prevent erosion from the right-of-way in excess of the applicable soil loss limits.

5. “Farm unit” means a single contiguous tract of agricultural land, or two or more adjacent tracts of agricultural land, located within a single soil and water conservation district, upon which farming operations are being conducted by a person who owns or is purchasing or renting all of the land, or by that person’s tenant or tenants. If a landowner has multiple farm tenants, the land on which farming operations are being conducted by each tenant is a separate farm unit. This definition does not prohibit land which is within a single soil and water conservation district and is owned or being purchased by the same person, or is being rented by the same tenant, from being treated as two or more farm units if the commissioners of the soil and water conservation district deem it preferable to do so.

6. “Farm unit soil conservation plan” means a plan jointly developed by the owner and, if appropriate, the operator of a farm unit and the commissioners of the soil and water conservation district within which that farm unit is located, identifying those permanent soil and water conservation practices and temporary soil and water conservation practices the use of which may be expected to prevent soil loss by erosion from that farm unit in excess of the applicable soil loss limit or limits. The plan shall if practicable identify alternative practices by which this objective may be attained.

7. “Forest” means stands of native or introduced trees containing at least two hundred trees per acre and located on privately owned land. However, a stand of fruit trees is not a forest.

8. “Professional forester” means a forestry graduate of an institution of higher learning, who has a minimum of two years of forest management experience.

9. “Soil and water conservation practices” means any of the practices designated in or pursuant to this subsection which serve to prevent erosion of soil by wind or water, in excess of applicable soil loss limits, from land used for agricultural or horticultural purposes only.

a. “Permanent soil and water conservation practices” means planting of perennial grasses, legumes, shrubs, or trees, the establishment of grassed waterways, and the construction of terraces, or other permanent soil and water practices approved by the committee.

b. “Temporary soil and water conservation practices” means planting of annual or biennial crops, use of strip-cropping, contour planting, or minimum or mulch tillage, and any other cultural practices approved by the committee.

10. “Soil loss limit” means the maximum amount of soil loss due to erosion by water or wind, expressed in terms of tons per acre per year, which the commissioners of the respective soil and water conservation districts determine is acceptable in order to meet the objectives expressed in section 161A.2.

11. “State forester” means a person employed by the department of natural resources as required by section 456A.13.

[C73, 75, 77, 79, 81, §467A.42]
C93, §161A.42

161A.43 Duty of property owners — liability.
To conserve the fertility, general usefulness, and value of the soil and soil resources of this state, and to prevent the injurious effects of soil erosion, it is hereby made the duty of the owners of real property in this state to establish and maintain soil and water conservation practices or erosion control practices, as required by the regulations of the commissioners of the respective soil and water conservation districts. As used in this section, “owners of real property in this state” includes each state government agency, each political subdivision of the state and each agency of such a political subdivision which has under its control publicly
owned land, including but not limited to agricultural land, forests, parks, the grounds of state educational, penal and human service institutions, public highways, roads and streets, and other public rights-of-way.

A landowner shall not be liable for a claim based upon or arising out of a claim of negligent design or specification, negligent adoption of design or specification, or negligent installation, construction, or reconstruction of a soil and water conservation practice or an erosion control practice that was installed, constructed, or reconstructed in accordance with generally recognized engineering or safety standards, criteria, or design theory in existence at the time of the installation, construction, or reconstruction. A soil and water conservation practice or an erosion control practice installed, constructed, or reconstructed in compliance with rules adopted by the division and currently in effect shall be deemed to be installed, constructed, or reconstructed according to generally recognized engineering or safety standards, criteria, or design theory in existence at the time of the installation, construction, or reconstruction. A claim shall not be allowed for failure to upgrade, improve, or alter any aspect of an existing soil and water conservation practice or erosion control practice to a new, changed, or altered design standard. This paragraph does not apply to a claim based on a failure of a landowner to upgrade, improve, or alter a soil and water conservation practice or erosion control practice in violation of law. This paragraph does not apply to claims based upon gross negligence.

161A.44 Rules by commissioners — scope.
The commissioners of each soil and water conservation district shall, with approval of and within time limits set by administrative order of the state soil conservation committee, adopt reasonable regulations as are deemed necessary to establish a soil loss limit or limits for the district and provide for the implementation of the limit or limits, and may subsequently amend or repeal their regulations as they deem necessary. The committee shall review the soil loss limit regulations adopted by the soil and water conservation districts at least once every five years, and shall recommend changes in the regulations of a soil and water conservation district which the committee deems necessary to assure that the district’s soil loss limits are reasonable and attainable. The commissioners may:

1. Classify land in the district on the basis of topography, soil characteristics, current use, and other factors affecting propensity to soil erosion.
2. Establish different soil loss limits for different classes of land in the district if in their judgment and that of the state soil conservation committee a lower soil loss limit should be applied to some land than can reasonably be applied to other land in the district, it being the intent of the general assembly that no land in the state be assigned a soil loss limit that cannot reasonably be applied to such land.
3. Require the owners of real property in the district to employ either soil and water conservation practices or erosion control practices, and:
   a. May not specify the particular practices to be employed so long as such owners voluntarily comply with the applicable soil loss limits established for the district.
   b. May specify two or more approved soil and water conservation practices or erosion control practices, one of which shall be employed by the landowner to bring erosion from land under the landowner’s control within the applicable soil loss limit of the district when an administrative order is issued to the landowner.
   c. In no case may the commissioners require:
      (1) The employment of erosion control practices as defined in section 161A.42, subsection 4, on land used in good faith for agricultural or horticultural purposes only.
      (2) The employment of soil and water conservation practices or erosion control practices on that portion of any public street, road or highway completed or under construction within
§161A.44, SOIL AND WATER CONSERVATION

the corporate limits of any city, which is or will become the traveled or surfaced portion of such street, road, or highway.

(3) That any owner or operator of agricultural land refrain from fall plowing of land on which the owner or operator intends to raise a crop during the next succeeding growing season, however on those lands which are prone to excessive wind erosion the commissioners may require that reasonable temporary measures be taken to minimize the likelihood of wind erosion so long as such measures do not unduly increase the cost of operation of the farm on which the land is located. However, fall plowing of soil which is commonly known as gumbo shall always be permitted.

d. May require that a person under an order to employ soil and water conservation practices or erosion control practices submit up to three bids to the commissioners for the work and provide an explanation to the commissioners if a bid other than the lowest bid has been selected by that person.

Regulations which the commissioners propose to adopt, amend, or repeal shall be submitted to the committee, in a form prescribed by the committee, for its approval. The committee may approve the regulations as submitted, or with amendments as it deems necessary. The commissioners shall, after approval, publish notice of hearing on the proposed regulations, as approved, in a newspaper of general circulation in the district, setting a date and time not less than ten nor more than thirty days after the publication when a hearing on the proposed regulations will be held at a specified place. The notice shall include the full text of the proposed regulations or shall state that the proposed regulations are on file and available for review at the office of the affected soil and water conservation district.

Any landowner, or any occupant of land who would be affected by the regulations, shall be afforded an opportunity to be heard for or against the proposed regulations. At the conclusion of the hearing, the commissioners shall announce and enter of record their decision whether to adopt or modify the proposed regulations. Any modification must be approved by the committee, which may at its discretion order the commissioners to republish the regulations and hold another hearing in the manner prescribed by this chapter.

§161A.47 Inspection of land on complaint.

1. The commissioners shall inspect or cause to be inspected any land within the district to determine if land is being damaged by sediment, from soil erosion occurring on neighboring land in excess of the limits established by the district’s soil erosion control regulations. If the land is privately owned, the commissioners shall make or cause to be made the inspection, upon receiving a written complaint signed by an owner or occupant of land claiming that the owner’s or occupant’s land is being damaged by sediment. If the land is subject to a public interest, the commissioners shall make or cause to be made the inspection upon a majority vote of commissioners at an open meeting held pursuant to chapter 21. Land is subject to a
public interest if the land is publicly held, subject to an easement held by the public, or the subject of an improvement made at public expense.

2. If, after the inspection, the commissioners find that sediment damages are occurring to land which is owned or occupied by the person filing the complaint or subject to a public interest, and that excess soil erosion is occurring on neighboring land, the commissioners shall issue an administrative order to the landowner or landowners of record, and to the occupant of the land if known to the commissioners. The order shall describe the land and state as nearly as possible the extent to which soil erosion on the land exceeds the limits established by the district's regulations.

3. The order shall be delivered either by personal service or by restricted certified mail to each of the persons to whom it is directed, and shall:
   a. In the case of erosion occurring on the site of any construction project or similar undertaking involving the removal of all or a major portion of the vegetation or other cover, exposing bare soil directly to water or wind, state a time not more than five days after service or mailing of the notice of the order when work necessary to establish or maintain erosion control practices must be commenced, and a time not more than thirty days after service or mailing of the notice of the order when the work is to be satisfactorily completed.
   b. In all other cases, state a time not more than six months after service or mailing of the notice of the order, by which work needed to establish or maintain the necessary soil and water conservation practices or erosion control measures must be commenced, and a time not more than one year after the service or mailing of the notice of the order when the work is to be satisfactorily completed, unless the requirements of the order are superseded by the provisions of section 161A.48.

161A.48 Mandatory establishment of soil and water conservation practices.

1. An owner or occupant of agricultural land in this state is not required to establish any new permanent or temporary soil and water conservation practice unless cost-share or other public moneys have been specifically approved for that land and made available to the owner or occupant pursuant to section 161A.74.

2. Evidence that an application for cost-share or other public moneys, from a source or sources having authority to pay a portion of the cost of work needed to comply with an administrative order issued pursuant to section 161A.47, has been submitted to the proper officer or agency constitutes commencement of the work within the meaning of sections 161A.43 through 161A.53.

3. Upon receiving evidence of the submission of an application, the commissioners shall forward to the officer or agency to which the application was made a written request to receive notification of the disposition of the application. When notified of the approval of the application, the commissioners shall issue to the same parties who received the original administrative order, or their successors in interest, a supplementary order, to be delivered in the same manner as provided by sections 161A.43 to 161A.53 for delivery of original administrative orders. The supplementary order shall state a time, not more than six months after approval of the application for public cost-sharing funds, by which the work needed to comply with the original administrative order shall actually be commenced, and a time thereafter when the work is to be satisfactorily completed. If feasible, that time shall be within one year after the date of the supplementary order, but the owner of land on which a soil and water conservation practice is being established under this section is not required to incur a cost for the practice in any one calendar year which exceeds ten dollars per acre
§161A.49 Petition for court order.
The commissioners shall petition the district court for a court order requiring immediate compliance with an administrative order previously issued by the commissioners as provided in section 161A.47, if:

1. The work necessary to comply with the administrative order is not commenced on or before the date specified in such order, or in any supplementary order subsequently issued as provided in section 161A.48, unless in the judgment of the commissioners the failure to commence or complete the work as required by the administrative order is due to factors beyond the control of the person or persons to whom such order is directed and the person or persons can be relied upon to commence and complete the necessary work at the earliest possible time.

2. Such work is not being performed with due diligence, or is not satisfactorily completed by the date specified in the administrative order, or when completed does not reduce soil erosion from such land below the limits established by the soil and water conservation district’s regulations.

3. The person or persons to whom the administrative order is directed advise the commissioners that they do not intend to commence or complete such work.

§161A.50 Burden — court order.
In any action brought under section 161A.49, the burden of proof shall be upon the commissioners to show that soil erosion is in fact occurring in excess of the applicable soil loss limits and that the defendant has not established or maintained soil and water conservation practices or erosion control practices in compliance with the soil and water conservation district’s regulations. With respect to construction, repair, or maintenance of any public street, road, or highway, evidence that soil erosion control standards equivalent to or in excess of those currently imposed by the United States government on the project or like projects involving use of federal funds shall create a presumption of compliance with the applicable soil loss limit. Upon receiving satisfactory proof, the court shall issue an order directing the landowner or landowners to comply with the administrative order previously issued by the commissioners. The court may modify such administrative order if deemed necessary. Notice of the court order shall be given either by personal service or by restricted certified mail to each of the persons to whom the order is directed, who may within thirty days from the date of the court order appeal to the supreme court. Any person who fails to comply with a court order issued pursuant to this section within the time specified in such order, unless the order has been stayed pending an appeal, shall be deemed in contempt of court and may be punished accordingly.

§161A.51 Entering on land.
The commissioners and their authorized agents or employees may enter upon any private or public property, except private dwellings, at any reasonable time to classify land by soil sampling or other appropriate methods or to determine whether soil erosion is occurring on the property in violation of the district’s regulations.
1. If the owner or occupant of any property refuses admittance, or if prior to such refusal the commissioners demonstrate the need for a warrant, the commissioners may make an application under oath or affirmation to the district court of the county in which the property is located for the issuance of a search warrant.

2. In the application the commissioners shall state that entry on the premises is mandated by the laws of this state or that entry is needed to conduct soil sampling necessary to classify soil in the district as specified in section 161A.44, subsection 1, or to determine whether soil erosion is occurring on the property in violation of the district’s regulations. The application shall describe the area or premises, give the date of the last known investigation or sampling, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute, ordinance or regulation pursuant to which the inspection is to be made.

3. The court may issue a search warrant, after examination of the applicant and any witnesses, if the court is satisfied that there is probable cause to believe the existence of the allegations in the application.

4. In soil sampling and making investigations pursuant to a warrant, the commissioners must execute the warrant in a reasonable manner within the time period specified in the warrant.

161A.54 State agency conservation plans — exemptions.

Each state agency shall enter into an agreement with the soil and water conservation district in which the state agency has public land under its control in cultivation. The agreement shall contain a plan of the state agency to prevent soil erosion in excess of soil loss limits by the use of soil and water conservation practices and erosion control practices. This section applies to all public land which is used for horticultural or agricultural purposes. State soil conservation cost-sharing funds shall not be used on these public lands. Conservation plans required by this section shall be completed by July 1, 1986, and implementation shall occur consistent with the schedule contained in the conservation plan. Application for exemption from this section may be submitted to the appropriate soil and water conservation district. The exemption shall be granted for land upon which soil management research for the purposes of the study, evaluation, understanding and control of erosion, sedimentation and run-off water is conducted by or in conjunction with institutions governed by the board of regents.

161A.61 Discretionary inspection by commissioners — actions upon certain findings.
1. In addition to the authority granted by section 161A.47, the commissioners of a soil and water conservation district may inspect or cause to be inspected any land within the district on which they have reasonable grounds to believe that soil erosion is occurring in excess of the limits established by the district’s soil erosion control regulations. If the commissioners find from an inspection conducted under authority of either section 161A.47 or this section that soil erosion is occurring on that land in excess of the applicable soil loss limits established by the district’s soil erosion control regulations, they shall send notice of that finding to the landowner or landowners of record, and to the occupant of the land if known to the commissioners. The notice shall describe the land affected and shall state as nearly as possible the extent to which soil erosion from that land exceeds the applicable soil loss limits.

a. If the commissioners find that the excessive erosion described in the notice is not causing sediment damage to property owned or occupied by any person other than the owner or occupant of the land on which the excessive soil erosion is occurring, and that the rate of the excessive erosion is less than twice the applicable soil loss limit, the notice required by this subsection shall include or be accompanied by information regarding financial or other assistance which the commissioners are able to make available to the owner or occupant of the land to aid in achieving compliance with the applicable soil loss limits.

b. If the commissioners find that the excessive soil erosion described in the notice is not causing sediment damage to property owned or occupied by any person other than the owner or occupant of the land on which it is occurring, but that the erosion is occurring at a rate equal to or greater than twice the applicable soil loss limit, the notice shall so state, shall include or be accompanied by the information required by paragraph “a” of this subsection, and shall be delivered by personal service or by restricted certified mail to each of the persons to whom the notice is directed. A notice given under this paragraph shall also include or be accompanied by information explaining the provisions of subsection 2.

2. The commissioners of the soil and water conservation district in which a farm unit is located may petition the district court for an appropriate order with respect to that farm unit if its owner or occupant has been sent a notice by the commissioners under subsection 1, paragraph “b”, for three or more consecutive years. The commissioners’ petition shall seek a court order which states a time not more than six months after the date of the order when the owner or occupant must commence, and a time when the owner or occupant must complete the steps necessary to comply with the order. The time allowed to complete the establishment of a temporary soil and water conservation practice employed to comply or advance toward compliance with the court’s order shall be not more than one year after the date of that order, and the time allowed to complete the establishment of a permanent soil and water conservation practice employed to comply with the court’s order shall be not more than five years after the date of that order. Section 161A.48 applies to a court order issued under this subsection. The steps required of the farm unit owner or operator by the court order are those which are necessary to do one of the following:

a. Bring the farm unit which is the subject of the order into compliance with its farm unit soil conservation plan, if such a plan had been agreed upon prior to the time the commissioners petitioned for the order.

b. Bring the farm unit which is the subject of the order into compliance with a plan developed for that farm unit by the commissioners, in accordance with guidelines established by the division, and presented to the court as a part of the commissioners' petition, if a farm unit soil conservation plan has not previously been agreed upon for that farm unit. A plan presented to the court by the commissioners under this paragraph shall specify as many alternative approved soil and water conservation practices as feasible, among which the
owner or occupant of the farm unit may choose in taking the steps necessary to comply with
the court's order.

3. The commissioners may also cause an inspection of land within the district on which
they have reasonable grounds to believe that a permanent soil and water conservation
practice established with public cost-sharing funds is not being properly maintained or is
being altered in violation of section 161A.7, subsection 3. If the commissioners find that
the practices are not being maintained or have been altered in violation of section 161A.7,
subsection 3, the commissioners shall issue an administrative order to the landowner who
made the unauthorized removal, alteration or modification to maintain, repair, or reconstruct
the permanent soil and water conservation practices. The requirement for maintenance and
repair is for the length of life as defined in section 161A.7, subsection 3. Public cost-sharing
funds are not available for the work under this order. If the landowner fails to comply with
the administrative order, the commissioners may petition the district court for an order
compelling compliance with the order. Upon receiving satisfactory proof, the court shall
issue an order directing compliance with the administrative order and may modify the
administrative order. The provisions of section 161A.50 relating to notice, appeals, and
contempt of court shall apply to proceedings under this subsection.

161A.62 Duties of commissioners and of owners and occupants of agricultural land —
restrictions on use of cost-sharing funds.

The commissioners of each soil and water conservation district shall seek to implement or
to assist in implementing the following requirements:

1. The commissioners of each soil and water conservation district shall complete
preparation of a farm unit soil conservation plan for each farm unit within the district as
soon as adequate funding is available to permit compliance with this requirement.

a. Technical assistance in the development of the farm unit soil conservation plan may
be provided by the United States department of agriculture natural resources conservation
service through the memorandum of understanding with the district or by the department.
The commissioners shall make every reasonable effort to consult with the owner and, if
appropriate, with the operator of that farm unit, and to prepare the plan in a form which
is acceptable to that person or those persons.

b. The farm unit soil conservation plan shall be drawn up and completed without expense
to the owner or operator of the farm unit, except that the owner or operator shall not be
reimbursed for the value of the owner's or occupant's own time devoted to participation in
the preparation of the plan.

c. If the commissioners' farm unit soil conservation plan is unacceptable to the owner
or operator of the farm unit, that person or those persons may prepare an alternative farm
unit soil conservation plan identifying permanent or temporary soil and water conservation
practices which may be expected to achieve compliance with the soil loss limit or limits
applicable to that farm unit, and submit that plan to the soil and water conservation district
commissioners for their review.

2. Within one year after completion of a farm unit soil conservation plan for a particular
farm unit which is acceptable both to the commissioners of the soil and water conservation
district within which the farm unit is located and to the owner and, if appropriate, to the
operator of that farm unit, the commissioners shall offer to enter into a soil conservation
agreement with the owner, and also with the operator if appropriate, based on the mutually acceptable farm unit soil conservation plan.

A prospective purchaser of an interest in agricultural land located in this state is entitled to obtain additional copies of the document referred to in this section from the office of the soil and water conservation district in which the land is located, promptly upon request, at a fee not to exceed the cost of reproducing them. All persons who identify themselves to the commissioners or staff of a soil and water conservation district as prospective purchasers of agricultural land in the district shall be given information, prepared in accordance with rules of the department, which clearly explains the provisions of section 161A.64.

161A.64 Erosion control plans required for certain projects.
1. If a political subdivision has adopted a sediment control ordinance which the commissioners and the political subdivision jointly agree is at least as equally effective as the commissioners’ rules in preventing erosion from exceeding the established soil loss limits, the commissioners and the political subdivision shall execute an agreement under chapter 28E allowing an agency authorized by the political subdivision to receive and file an affidavit from a person, prior to initiating a land disturbing activity in that subdivision, stating that the proposed activity will not exceed the established soil loss limits. A copy of the affidavit shall be mailed to the district as a part of the terms of the agreement. The affidavit shall be in a form prescribed by the department and made available by the district.

2. Prior to initiating a land disturbing activity in a political subdivision which has not adopted sediment control ordinances as described in subsection 1, a person engaged in the land disturbing activity shall file a signed affidavit with the soil and water conservation district that the project will not exceed the soil loss limits. The affidavit shall be in a form prescribed by the department and made available by the district.

3. For the purposes of this section, “land disturbing activity” means a land change such as the tilling, clearing, grading, excavating, transporting or filling of land which may result in soil erosion from water or wind and the movement of sediment and sediment related pollutants into the waters of the state or onto lands in the state but does not include the following:
   a. Tilling, planting or harvesting of agricultural, horticultural or forest crops.
   b. Preparation for single-family residences separately built unless in conjunction with multiple construction in subdivision development.
   c. Minor activities such as home gardens, landscaping, repairs and maintenance work.
   d. Surface or deep mining.
   e. Installation of public utility lines and connections, fence posts, sign posts, telephone poles, electric poles and other kinds of posts or poles.
   f. Septic tanks and drainage fields unless they are to serve a building whose construction is a land disturbing activity.
   g. Construction and repair of the tracks, right-of-way, bridges, communication facilities and other related structures of a railroad.
h. Emergency work to protect life or property.

i. Disturbed land areas of less than twenty-five thousand square feet unless a political subdivision by ordinance establishes a smaller exception or establishes conditions for this exception.

j. The construction, relocation, alteration or maintenance of public roads by a public body.

4. If the agency authorized under subsection 1 determines that a land disturbing activity is not being conducted in compliance with the soil loss limits, it shall file a written and signed complaint with the soil and water conservation district commissioners. The complaint shall have the same effect and validity as a complaint filed by an owner or occupant of land being damaged by sediment pursuant to section 161A.47. If the affidavit is filed with the district or the political subdivision, the commissioners may proceed on their own complaint. The soil and water conservation district commissioners may issue an administrative order as provided in that section to the person conducting the land disturbing activity.

FINANCIAL INCENTIVES

161A.70 Establishment and purpose.

Financial incentive programs are established within the division in order to protect the long-term productivity of the soil and water resources of the state from erosion and sediment damage, and to encourage the adoption of farm management and agricultural practices which are consistent with the capability of the land to sustain agriculture and preserve this state’s natural resources.

92 Acts, ch 1184, §6
Referred to in §159.18, 161A.72

161A.71 Conservation practices revolving loan fund.

1. The division may establish a conservation practices revolving loan fund composed of any money appropriated by the general assembly for that purpose, and of any other moneys available to and obtained or accepted by the committee from the federal government or private sources for placement in that fund. Except as otherwise provided by subsection 3, the assets of the conservation practices revolving loan fund shall be used only to make loans directly to owners of land in this state for the purpose of establishing on that land any new permanent soil and water conservation practice which the commissioners of the soil and water conservation district in which the land is located have found is necessary or advisable to meet the soil loss limits established for that land. A loan shall not be made for establishing a permanent soil and water conservation practice on land that is subject
to the restriction on state cost-sharing funds of section 161A.76. Revolving loan funds and public cost-sharing funds may be used in combination for funding a particular soil and water conservation practice. Each loan made under this section shall be for a period not to exceed ten years, shall bear no interest, and shall be repayable to the conservation practices revolving loan fund in equal yearly installments due March 1 of each year the loan is in effect. The interest rate upon loans for which payment is delinquent shall accelerate immediately to the current legal usury limit. Applicants are eligible for no more than twenty thousand dollars in loans outstanding at any time under this program. “Permanent soil and water conservation practices” has the same meaning as defined in section 161A.42 and those established under this program are subject to the requirements of section 161A.7, subsection 3. Loans made under this program shall come due for payment upon sale of the land on which those practices are established.

2. The general assembly finds and declares the following:
   a. The erosion of topsoil on agricultural land by wind and water is a serious problem within the state and one which threatens to destroy the natural resource most responsible for Iowa’s prosperity.
   b. It is necessary to the preservation of the economy and well-being of the state to encourage soil conservation practices by providing loans for permanent soil and water conservation practices on agricultural land within the state.
   c. The use of state funds for the conservation practices revolving loan fund established under subsection 1 is in the public interest, and the purposes of this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted.

3. The division may:
   a. Contract, sue and be sued, and promulgate administrative rules necessary to carry out the provisions of this section, but the committee shall not in any manner directly or indirectly pledge the credit of the state of Iowa.
   b. Authorize payment from the conservation practices revolving loan fund and from fees for costs, commissions, attorney fees and other reasonable expenses related to and necessary for making and protecting direct loans under this section, and for the recovery of moneys loaned or the management of property acquired in connection with such loans.

4. This section does not negate the provisions of section 161A.48 that an owner or occupant of land in this state shall not be required to establish any new soil and water conservation practice unless public cost-sharing funds have been approved and are available for the land affected. However, the owner of land with respect to which an administrative order to establish soil and water conservation practices has been issued under section 161A.47 but not complied with for lack of public cost-sharing funds, may waive the right to await availability of such funds and instead apply for a loan under this section to establish any permanent soil and water conservation practices necessary to comply with the order. If a landowner does so, that loan application shall be given reasonable preference by the state soil conservation committee if there are applications for more loans under this section than can be made from the money available in the conservation practices revolving loan fund. If it is found necessary to deny an application for a soil and water conservation practices loan to a landowner who has waived the right to availability of public cost-sharing funds before complying with an administrative order issued under section 161A.47, the landowner’s waiver is void.

1. Financial incentives provided under this chapter shall be administered by the division. The incentives shall be supported with funds appropriated by the general assembly, and
moneys available to or obtained by the division or the committee from public or private sources, including but not limited to the United States, other states, or private organizations. The division shall adopt all rules consistent with chapter 17A necessary to carry out the purpose of this subchapter as provided in section 161A.70.

2. The commissioners of a district shall, to the extent funding is available, contract with a person who is an owner or occupant of land within the district applying to establish soil and water conservation practices as provided in this chapter. Under the agreement, the person shall receive financial incentives to establish permanent soil and water conservation practices and management practices, in consideration for promising to maintain the practices according to rules adopted by the division. If the land subject to an agreement is converted to a nonagricultural use that does not require a permanent soil and water conservation practice which has been established with financial incentives, the permanent soil and water conservation practice shall not be removed until the owner pays an amount to the district, which shall be deposited into a fund established by the district for use in providing financial incentives under this chapter. The amount shall be a prorated share of the amount paid in financial incentives to establish the practice, as provided in rules adopted by the division.

161A.73 Voluntary establishment of soil and water conservation practices.

1. The division shall establish voluntary financial incentive programs which shall provide for the following:

a. The allocation of cost-share moneys as financial incentives provided for the purpose of establishing permanent soil and water conservation practices, including but not limited to terraces, diversions, grade stabilization structures, grassed waterways, and critical area planting. The financial incentives shall not exceed fifty percent of the estimated cost of establishing the practices, or fifty percent of the actual cost, whichever is less.

b. The allocation of moneys as financial incentives provided for the purpose of establishing management practices to control soil erosion on land that is row cropped, including but not limited to no-till planting, ridge-till planting, contouring, and contour strip-cropping. The division shall by rule establish limits on the amount of incentives which shall be authorized for payment to landowners upon establishment of the practice.

c. The allocation of cost-share moneys as financial incentives provided to establish practices to protect watersheds above publicly owned lakes of the state from soil erosion and sediment. The financial incentives shall be awarded to watersheds which are of the highest importance based on soil loss as established by the natural resource commission pursuant to section 456A.33A. The financial incentives shall not exceed seventy-five percent of the estimated cost of establishing the practices as determined by the commissioners or seventy-five percent of the actual cost of establishing the practices, whichever is less.

d. The allocation of cost-share moneys as financial incentives to establish permanent grass and buffer zones, including an erosion control structure or an erosion control practice to mitigate the effects of concentrated runoff on surface water quality. The financial incentives shall not exceed one hundred percent of the estimated cost of establishing a zone, as determined by the commissioners, or one hundred percent of the actual cost of establishing the zone, whichever is less.

e. The allocation of cost-share moneys as financial incentives for the same purposes that are supported from the soil and water enhancement account of the resources enhancement and protection fund as provided in section 455A.19, or by the water protection practices account of the water protection fund established pursuant to section 161C.4. The financial incentives shall not exceed fifty percent of the estimated cost of establishing the practices, or fifty percent of the actual cost, whichever is less.

2. The commissioners of a district may establish voluntary financial incentive programs which shall provide for the following:

a. The allocation of cost-share moneys as financial incentives under a special agreement with owners of land in the district who promise to adopt a watershed conservation plan as
provided by rules which shall be adopted by the division. The watershed conservation plan shall be in conjunction with the owners’ respective farm unit soil conservation plans. The funding agreement must provide for the funding of a project which includes five or more contiguous farm units which have at least five hundred acres of agricultural land and which constitutes at least seventy-five percent of the agricultural land located within a watershed or subwatershed. The financial incentives shall not exceed sixty percent of the estimated cost of the project as determined by the commissioners or sixty percent of the actual cost, whichever is less.

b. The allocation of cost-share moneys as financial incentives to encourage summer construction of permanent soil and water conservation practices. The practices must be constructed on or after June 15 but not later than October 15. The commissioners may also provide for the payment of moneys on a prorated basis to compensate persons for the production loss on an area disturbed by construction, according to rules which shall be adopted by the division.

3. a. The division may reimburse private landowners for a portion of the cost of fencing materials and installation for permanent fence used to protect forest land from domestic livestock grazing, if the division determines that the grazing has caused excessive soil loss. For purposes of this subsection, forests shall be considered as agricultural land eligible for cost-share moneys. The total expenditure of reimbursement moneys shall not exceed fifty percent of the total landowner expenditures. Expenditures for boundary and road fence construction and for repair and replacement of existing fences are not eligible for reimbursement unless the complete fence is replaced.

b. A landowner shall sign an agreement with the division as a condition for receiving cost-share moneys. The agreement shall provide that the landowner shall maintain the fence for a minimum of ten years and shall follow written professional forester recommendations relating to land protected by fencing. The recommendations must be approved by the state forester or the forester’s designee.

c. A landowner who violates the maintenance agreement shall maintain, repair, or reconstruct the damaged fence, or shall pay the division an amount equal to the amount of cost-share moneys reimbursed.

d. The division shall adopt rules to administer this subsection, including rules relating to procedures required to receive reimbursement, and eligibility requirements such as the minimum forest acreage required, and the maximum reimbursement amount allowed.

161A.74 Mandatory establishment of soil and water conservation practices — allocations.

1. The commissioners shall allocate cost-share moneys to establish mandatory soil and water conservation practices, as provided in sections 161A.43 through 161A.53, according to the following requirements:

a. The financial incentives shall not exceed more than fifty percent of the estimated cost of establishing the practices as determined by the commissioners, or fifty percent of the actual cost of establishing the practices, whichever is less. However, the commissioners may allocate an amount determined by the committee for management of soil and water conservation practices, except as otherwise provided regarding land classified as agricultural land under conservation cover.

b. The commissioners shall establish the estimated cost of the permanent soil and water conservation practices in the district based upon one and two-tenths of the average cost of the practices installed in the district during the previous year. The average costs shall be reviewed and approved by the commissioners each year.

2. The committee shall review requirements of this section once each year. The committee may authorize commissioners in districts to condition the establishment of a mandatory soil and water conservation practice in a specific case on a higher proportion of public cost-sharing than is required by this section. The commissioners shall determine the
amount of cost-sharing moneys allocated to establish a specific soil and water conservation practice in accordance with an administrative order issued pursuant to section 161A.47 by considering the extent to which the practice will contribute benefits to the individual owner or occupant of the land on which the practice is to be established.

Referred to in §161A.48

161A.75 Use of moneys for emergency repairs.
1. The commissioners of a district may allocate moneys otherwise available for voluntary financial incentive programs as provided in section 161A.73 to provide for the restoration of permanent soil and water conservation practices which are damaged or destroyed because of a disaster emergency. In providing for the restoration, the commissioners may allocate moneys under this section for construction, reconstruction, installation, or repair projects. For each project the commissioners must determine that the allocation is necessary in order to restore permanent soil and water conservation practices in order to prevent erosion in excess of the applicable soil loss limits caused by the disaster emergency.

2. In order to allocate moneys under this section, the disaster emergency must have occurred in an area subject to a state of disaster emergency pursuant to a proclamation made by the governor as provided in section 29C.6. The commissioners shall use the moneys only to the extent that moneys from other sources, including any moneys provided by the state or federal government in response to the disaster emergency, are not adequate. The commissioners are not required to allocate the moneys on a cost-share basis.

3. Following the disaster emergency, the commissioners shall submit a report to the committee providing information regarding restoration projects and moneys allocated under this section for the projects.

97 Acts, ch 59, §2
Referred to in §161A.7

161A.76 Cost sharing for certain lands restricted.
1. It is the intent of this chapter that each tract of agricultural land which has not been plowed or used for growing row crops at any time within the prior fifteen years shall for purposes of this section be considered classified as agricultural land under conservation cover. If a tract of land so classified is thereafter plowed or used for growing row crops, the commissioners of the soil and water conservation district in which the land is located shall not approve use of state cost-sharing funds for establishing permanent or temporary soil and water conservation practices on that tract of land in an amount greater than one-half the amount of cost-sharing funds which would be available for that land if it were not considered classified as agricultural land under conservation cover. The restriction imposed by this section applies even if an administrative order or court order has been issued requiring establishment of soil and water conservation practices on that land. The commissioners may waive the restriction imposed by this section if they determine in advance that the purpose of plowing or row cropping land classified as land under conservation cover is to revitalize permanent pasture and that the land will revert to permanent pasture within two years after it is plowed.

2. When receiving an application for state cost-sharing funds to pay a part of the cost of establishing a permanent or temporary soil and water conservation practice, the commissioners of the soil and water conservation district to which the application is submitted shall require the applicant to state in writing whether, to the best of the applicant’s knowledge, the land on which the proposed practice will be established is land considered to be classified as agricultural land under conservation cover, as defined in subsection 1. An applicant who knowingly makes a false statement of material facts or who falsely denies knowledge of material facts in completing the written statement required by this subsection commits a simple misdemeanor and, in addition to the penalty prescribed therefor by law, shall be required to repay to the department any cost-sharing funds made available to the applicant in reliance on the false statement or false denial.

   b.  “Conservation organization” means a nonprofit corporation incorporated in Iowa or an entity organized and operated primarily to enhance and protect natural resources in this state.
2.  A blufflands protection revolving fund is created in the state treasury. All proceeds shall be divided into two equal accounts. One account shall be used for the purchase of blufflands along the Mississippi river and its tributaries and the other account shall be used for the purchase of blufflands along the Missouri river and its tributaries. The proceeds of the revolving fund are appropriated to make loans to conservation organizations which agree to purchase bluffland properties adjacent to state public lands. The department of agriculture and land stewardship, in conjunction with the department of natural resources, shall adopt rules pursuant to chapter 17A to administer the disbursement of funds. Notwithstanding section 12C.7, interest or earnings on investments made pursuant to this section or as provided in section 12B.10 shall be credited to the blufflands protection revolving fund. Notwithstanding section 8.33, unobligated or unencumbered funds credited to the blufflands protection revolving fund shall not revert at the close of a fiscal year. However, the maximum balance in the blufflands protection revolving fund shall not exceed two million five hundred thousand dollars. Any funds in excess of two million five hundred thousand dollars shall be credited to the rebuild Iowa infrastructure fund. No loan shall be made under this section on or after July 1, 2025.

The first account shall be used to carry out water quality protection projects to protect the state’s surface and groundwater from point and nonpoint sources of contamination. The second account shall be used to establish water protection practices with individual landowners including but not limited to woodland establishment and protection, establishment of native grasses and forbs, sinkhole management, agricultural drainage well management, streambank stabilization, grass waterway establishment, stream buffer strip establishment, and erosion control structure construction. Twenty-five percent of funds appropriated to the water protection practices account shall be used for woodland establishment and protection, and establishment of native grasses and forbs. Soil and water conservation district commissioners shall give priority to applications for practices that implement their soil and water resource conservation plan.

3. In administering the fund the division may:

a. Contract, sue and be sued, and adopt rules necessary to carry out the provisions of this

SUBCHAPTER I
LOESS HILLS DEVELOPMENT AND CONSERVATION

161D.1 Loess hills development and conservation authority created — membership and duties.

1. A loess hills development and conservation authority is created. The counties of Adams, Adair, Audubon, Carroll, Cass, Cherokee, Crawford, Fremont, Guthrie, Harrison, Ida, Lyon, Mills, Monona, Montgomery, Page, Plymouth, Pottawattamie, Sac, Shelby, Sioux, Taylor, and Woodbury, are entitled to one voting member each on the authority, but membership or participation in projects of the authority is not required. Each member of the authority shall be appointed by the respective board of supervisors for a term to be determined by each board of supervisors, but the term shall not be for less than one year. An appointee shall serve without compensation, but an appointee may be reimbursed for actual expenses incurred while performing the duties of the authority as determined by each board of supervisors. The authority shall meet, organize, and adopt rules of procedures as deemed necessary to carry out its duties. The authority may appoint working committees that include other individuals in addition to voting members.

2. The mission of the authority is to develop and coordinate plans for projects related to the unique natural resource, rural development, and infrastructure problems of counties in the deep loess region of western Iowa. The erosion and degradation of stream channels in the deep loess soils has occurred due to historic channelization of the Missouri river and straightening stream channels of its tributaries. This erosion of land has damaged the rural infrastructure of this area, destroyed public roads and bridges, adversely impacted stream water quality and riparian habitat, and affected other public and private improvements. Stabilization of stream channels is necessary to protect the rural infrastructure in the deep loess soils area of the state. The authority shall cooperate with the division of soil conservation and water quality created within the department of agriculture and land stewardship pursuant to section 159.5, the affected soil and water conservation districts, the department of natural resources, and the state department of transportation in carrying out its mission and duties. The authority shall also cooperate with appropriate federal agencies, including the United States environmental protection agency, the United States department of interior, and the United States department of agriculture natural resources conservation service. The authority shall make use of technical resources available through member counties and cooperating agencies.

3. The authority shall administer the loess hills development and conservation fund created under section 161D.2 and shall deposit and expend moneys in the fund for the planning, development, and implementation of development and conservation activities or measures in the member counties.

4. A hungry canyons alliance is created. The hungry canyons alliance shall be governed by a board of directors appointed as provided in its bylaws and the board shall carry out its responsibilities under the general direction of the loess hills development and conservation authority. The bylaws of the hungry canyons alliance are subject to review and approval of the loess hills development and conservation authority.

5. This subchapter is not intended to affect the authority of the department of natural resources in its acquisition, development, and management of public lands within the counties represented by the authority.

6. In matters relating to the conservation, preservation, or development of the loess hills, state agencies shall coordinate, cooperate, and consult with the loess hills development and conservation authority and its associated alliances.

Referred to in §161D.2, 161D.3, 161D.5
161D.2 Loess hills development and conservation fund.
A loess hills development and conservation fund is created in the state treasury. The fund shall include a hungry canyons account and a loess hills alliance account which shall be administered by the loess hills development and conservation authority. The proceeds of the respective accounts shall be used for the purposes specified in section 161D.1 or 161D.6 as applicable. The loess hills development and conservation authority may accept gifts, bequests, other moneys including, but not limited to, state or federal moneys, and in-kind contributions for deposit in the fund. The gifts, grants, bequests from public and private sources, state and federal moneys, and other moneys received by the authority shall be deposited in the respective accounts and any interest earned shall be credited to the respective accounts to be used for the purposes specified in section 161D.1 or 161D.6 as applicable. Notwithstanding section 8.33, any unexpended or unencumbered moneys remaining in the fund at the end of the fiscal year shall not revert to the general fund of the state, but the moneys shall remain available for expenditure by the authority in succeeding fiscal years.

99 Acts, ch 119, §4

161D.5 Loess hills alliance created.
1. A loess hills alliance is created. The alliance shall carry out its responsibilities under the general direction of the loess hills development and conservation authority. The alliance shall encompass the geographic region including the counties of Plymouth, Woodbury, Monona, Harrison, Pottawattamie, Mills, and Fremont. Membership and participation in projects of the alliance is not required. The alliance shall be governed by a board of directors appointed as follows:
   a. Three members appointed by the board of supervisors of each county participating in the alliance and at least one of the appointees shall be a member of the board of supervisors of a county participating in the alliance.
   b. Seven additional voting members who shall be persons with experience in the fields of environmental affairs, conservation, finance, development, tourism, or related fields, and who shall be appointed by the authority.
   c. The voting members of the board of directors appointed pursuant to paragraphs “a” and “b” shall include agricultural producers owning real property within the loess hills landform.
2. Each voting member of the board of directors shall be a resident of a county which is eligible for membership in the authority pursuant to section 161D.1 and shall be appointed to a term of office as determined by the authority. The directors of the alliance shall carry out their responsibilities pursuant to bylaws approved by the authority.

161D.6 Responsibilities.
The board of directors of the alliance shall have the following responsibilities:
1. To prepare and adopt a comprehensive plan for the development and conservation of the loess hills area subject to the approval of the authority. The plan shall provide for the designation of significant scenic areas, the protection of native vegetation, the education of the public on the need for and methods of preserving the natural resources of the loess hills area, and the promotion of tourism and related business and industry in the loess hills area.
2. To apply for, accept, and expend public and private funds for planning and implementing projects, programs, and other components of the mission of the alliance subject to approval of the authority.
3. To study different options for the protection and preservation of significant historic, scenic, geologic, and recreational areas of the loess hills including but not limited to a federal or state park, preserve, or monument designation, fee title acquisition, or restrictive easement.
4. To make recommendations to and coordinate the planning and projects of the alliance with the authority.
5. To develop and implement pilot projects for the protection of loess hills areas with the use of restrictive easements from willing sellers and fee title ownership from willing sellers subject to approval of the authority.
6. To report annually not later than January 15 to the general assembly the activities of the alliance during the preceding fiscal year including, but not limited to, its projects, funding, and expenditures.

SUBCHAPTER II
SOUTHERN IOWA DEVELOPMENT AND
CONSERVATION AUTHORITY

161D.11 Southern Iowa development and conservation authority created — membership and duties.
1. A southern Iowa development and conservation authority is created. The counties of Appanoose, Clarke, Davis, Decatur, Jefferson, Lucas, Monroe, Van Buren, Wapello, and Wayne are entitled to one voting member each on the authority, but membership or participation in projects of the authority is not required. Each member of the authority shall be appointed by the respective board of supervisors for a term to be determined by each board of supervisors, but the term shall not be for less than one year. An appointee shall serve without compensation, but an appointee may be reimbursed for actual expenses incurred while performing the duties of the authority as determined by each board of supervisors. The authority shall meet, organize, and adopt rules of procedures as deemed necessary to carry out its duties. The authority may appoint working committees that include other individuals in addition to voting members.

2. The mission of the authority is to develop and coordinate plans for projects related to the unique natural resources, rural development, and infrastructure problems of counties in the most fragile areas of the southern Iowa drift plain. The authority’s mission is established in part as a response to the erosion of soils, degradation of water resources, and the destabilization of stream channels in the fragile glacial till soils of southern Iowa that have occurred in a large part due to unchecked conversion of grassland to cropland. This land use conversion was brought about by the economic pressures of past federal agricultural policies that disregarded the fragile nature of the southern Iowa soil resource and the incompatibility of these soils with the subsidized commodities. The resulting erosion of the land has damaged the rural infrastructure of this area, destroyed public roads and bridges, adversely impacted stream water quality and riparian habitat, affected other public and private improvements, and severely threatens the potable water supply of the region. Reducing soil erosion, preventing sedimentation, and stopping nutrients and pesticides from entering water resources are all necessary to protect the rural infrastructure in the southern area of the state. Important protection measures include structural improvements and the reestablishment of grasslands for sustainable economic uses.

3. The authority shall cooperate with the division of soil conservation and water quality of the department of agriculture and land stewardship and the affected soil and water conservation districts, the department of natural resources, and the state department of transportation in carrying out its mission and duties. The authority shall also cooperate with appropriate federal agencies, including the United States environmental protection agency, the United States department of interior, and the United States department of agriculture natural resources conservation service. The authority shall make use of technical resources available through member counties and cooperating agencies.

4. The authority shall administer the southern Iowa development and conservation fund created under section 161D.12 and shall deposit and expend moneys in the fund for the planning, development, and implementation of development and conservation activities or measures in the member counties.

5. This section is not intended to affect the authority of the department of natural resources in its acquisition, development, and management of public lands within the counties represented by the authority.

161D.12 Southern Iowa development and conservation fund.
A southern Iowa development and conservation fund is created in the state treasury, to be administered by the southern Iowa development and conservation authority. The proceeds of the fund shall be used for the purposes specified in section 161D.11. The southern Iowa
development and conservation authority may accept gifts, bequests, other moneys including, but not limited to, state or federal moneys, and in-kind contributions for deposit in the fund. The gifts, grants, bequests from public and private sources, state and federal moneys, and other moneys received by the authority shall be deposited in the fund and any interest earned on moneys in the fund shall be credited to the fund to be used for the purposes specified in section 161D.11. Notwithstanding section 8.33, any unexpended or unencumbered moneys remaining in the fund at the end of the fiscal year shall not revert to the general fund of the state, but the moneys shall remain available for expenditure by the authority in succeeding fiscal years.

   a. Its operations and accomplishments.

   d. A statement of its proposed and projected activities.
   e. Recommendations to the governor and the general assembly, as deemed necessary.
   f. Any other information deemed necessary.
2. The annual report shall identify performance goals of the authority, and clearly indicate the extent of progress during the reporting period in attaining these goals.
3. The southern Iowa development and conservation fund shall be subject to an annual audit by the auditor of state.
