1. For the purposes of this section, unless the context otherwise requires:
   a. “County of residence” means the county in this state in which, at the time a person applies for or receives services, the person is living and has established an ongoing presence with the declared, good faith intention of living in the county for a permanent or indefinite period of time. The county of residence of a person who is a homeless person is the county where the homeless person usually sleeps. A person maintains residency in the county or state in which the person last resided while the person is present in another county or this state receiving services in a hospital, a correctional facility, a halfway house for community-based corrections or substance-related treatment, a nursing facility, an intermediate care facility for persons with an intellectual disability, or a residential care facility, or for the purpose of attending a college or university.
   b. “Homeless person” means the same as defined in section 48A.2.
   c. “Mental health professional” means the same as defined in section 228.1.
   d. “Person” means a person who is a United States citizen or a qualified alien as defined in 8 U.S.C. §1641.

2. If a person appeals a decision regarding a service authorization or other services-related decision made by a regional administrator that cannot be resolved informally, the appeal shall be heard in a contested case proceeding by a state administrative law judge. The administrative law judge’s decision shall be considered final agency action under chapter 17A.

3. If a service authorization or other services-related decision made by a regional administrator concerning a person varies from the type and amount of service identified to be necessary for the person in a clinical determination made by a mental health professional and the mental health professional believes that failure to provide the type and amount of service identified could cause an immediate danger to the person’s health or safety, the person may request an expedited review of the regional administrator’s decision to be made by the department of human services. An expedited review held in accordance with this subsection is subject to the following procedures:
   a. The request for the expedited review shall be filed within five business days of receiving the notice of decision by the regional administrator. The request must be in writing, plainly state the request for an expedited review in the caption and body of the
request, and be supported by written documentation from the mental health professional who made the clinical determination stating how the notice of decision on services could cause an immediate danger to the person's health or safety.

b. The expedited review shall be performed by a mental health professional, who is either the administrator of the division of mental health and disability services of the department of human services or the administrator's designee. If the administrator is not a mental health professional, the expedited review shall be performed by a designee of the administrator who is a mental health professional and is free of any conflict of interest to perform the expedited review. The expedited review shall be performed within two business days of the time the request is filed. If the reviewer determines the information submitted in connection with the request is inadequate to perform the review, the reviewer shall request the submission of additional information and the review shall be performed within two business days of the time that adequate information is submitted. The regional administrator and the person, with the assistance of the mental health professional who made the clinical determination, shall each provide a brief statement of facts, conclusions, and reasons for the decision made. Supporting clinical information shall also be attached. All information related to the proceedings and any related filings shall be considered to be mental health information subject to chapter 228.

c. The administrator or designee shall issue an order, including a brief statement of findings of fact, conclusions of law, and policy reasons for the order, to justify the decision made concerning the expedited review. If the decision concurs with the contention that there is an immediate danger to the person's health or safety, the order shall identify the type and amount of service which shall be provided for the person. The administrator or designee shall give such notice as is practicable to persons who are required to comply with the order. The order is effective when issued.

d. The decision of the administrator or designee shall be considered a final agency action and is subject to judicial review in accordance with section 17A.19. The record for judicial review consists of any documents regarding the matter that were considered or prepared by the administrator or designee. The administrator or designee shall maintain these documents as the official record of the decision. If the matter is appealed to the district court, the record shall be filed as confidential.

4. If a county of residence is part of a mental health and disability services region that has agreed to pool funding and liability for services, the responsibilities of the county under law regarding such services shall be performed on behalf of the county by the regional administrator. The county of residence or the county's mental health and disability services region, as applicable, is responsible for paying the public costs of the mental health and disability services that are not covered by the medical assistance program under chapter 249A and are provided in accordance with the region's approved service management plan to persons who are residents of the county or region.

5. a. The dispute resolution process implemented in accordance with this subsection applies to residency disputes. The dispute resolution process is not applicable to disputes involving persons committed to a state facility pursuant to chapter 812 or rule of criminal procedure 2.22, Iowa court rules, or to disputes involving service authorization decisions made by a region.

b. If a county or region, as applicable, receives a billing for services provided to a resident in another county or region, or objects to a residency determination certified by another county's or region's regional administrator and asserts either that the person has residency in another county or region or the person is not a resident of this state, the person's residency status shall be determined as provided in this subsection. If the county or region asserts that the person has residency in another county or region, the county or region shall notify the other county or region within one hundred twenty days of receiving the billing for services.

c. The county or region that received the notification, as applicable, shall respond to the party that provided the notification within forty-five days of receiving the notification. If the parties cannot agree to a settlement as to the person's residency status within ninety days of the date of notification, on motion of any of the parties, the matter shall be referred to the department of inspections and appeals for a contested case hearing under chapter 17A.
before an administrative law judge assigned in accordance with section 10A.801 to determine
the person's residency status.

d. (1) The administrative law judge's determination of the person's residency status shall
be considered final agency action, notwithstanding contrary provisions of section 17A.15.
The party that does not prevail in the determination or subsequent judicial review is liable
for costs associated with the proceeding, including reimbursement of the department of
inspections and appeals' actual costs associated with the administrative proceeding. Judicial
review of the determination may be sought in accordance with section 17A.19.

(2) If following the determination of a person's residency status in accordance with this
subsection, additional evidence becomes available that merits a change in that determination,
the parties affected may change the determination by mutual agreement. Otherwise, a party
may move that the matter be reconsidered by the county or region, or by the administrative
law judge.

e. (1) Unless a petition is filed for judicial review, the administrative law judge's
determination of the person's residency status shall result in one of the following:
(a) If a county or region is determined to be the person's residence, the county or region
shall pay the amounts due and shall reimburse any other amounts paid for services provided
by the other county or region on the person's behalf prior to the determination.
(b) If it is determined that the person is not a resident of this state neither the region in
which the services were provided nor the state shall be liable for payment of amounts due for
services provided to the person prior to the determination.

(2) The payment or reimbursement shall be remitted within forty-five days of the date the
determination was issued. After the forty-five-day period, a penalty of not greater than one
percent per month may be added to the amount due.

6. a. The dispute resolution process implemented in accordance with this subsection
applies beginning July 1, 2012, to billing disputes between the state and a county or region,
other than residency disputes or other dispute processes under this section, involving the
responsibility for service costs for services provided on or after July 1, 2011, under any of
the following:
(1) Chapter 221.
(2) Chapter 222.
(3) Chapter 229.
(4) Chapter 230.
(5) Chapter 249A.
(6) Chapter 812.

b. If a county, region, or the department, as applicable, disputes a billing for service costs
listed in paragraph "a", the dispute shall be resolved as provided in this subsection. The
county or region shall notify the department of the county’s or region’s assertion within ninety
days of receiving the billing. However, for services provided on or after July 1, 2011, for which
a county has received the billing as of July 1, 2012, the county shall notify the department of
the county’s assertion on or before October 1, 2012. If the department disputes such a billing
of a regional administrator, the department shall notify the affected counties or regions of the
department’s assertion.

c. The department, county, or region that received the notification, as applicable, shall
respond to the party that provided the notification within forty-five days of receiving the
notification. If the parties cannot agree to a settlement as to the dispute within ninety days
of the date of notification, on motion of any of the parties, the matter shall be referred to the
department of inspections and appeals for a contested case hearing under chapter 17A before
an administrative law judge assigned in accordance with section 10A.801 to determine facts
and issue a decision to resolve the dispute.

d. (1) The administrative law judge's decision is a final agency action, notwithstanding
contrary provisions of section 17A.15. The party that does not prevail in the decision or
subsequent judicial review is liable for costs associated with the proceeding, including
reimbursement of the department of inspections and appeals’ actual costs associated with
the administrative proceeding. Judicial review of the decision may be sought in accordance
with section 17A.19.
§331.394, COUNTY HOME RULE IMPLEMENTATION

(2) If following the decision regarding a dispute in accordance with this subsection, additional evidence becomes available that merits a change in that decision, the parties affected may change the decision by mutual agreement. Otherwise, a party may move that the matter be reconsidered by the department, county, or region, or by the administrative law judge.

ea. (1) Unless a petition is filed for judicial review, the administrative law judge’s decision regarding a disputed billing shall result in one of the following:

(a) If a county or region is determined to be responsible for the disputed amounts, the county or region shall pay the amounts due and shall reimburse any other amounts paid for services provided by the other county or region or the department on the person’s behalf prior to the decision.

6. The board shall appropriate, by resolution, the amounts deemed necessary for each of the different county officers and departments during the ensuing fiscal year. Increases or decreases in these appropriations do not require a budget amendment, but may be provided by resolution at a regular meeting of the board, as long as each class of proposed expenditures contained in the budget summary published under subsection 3 of this section is not increased. However, decreases in appropriations for a county officer or department of more than ten percent or five thousand dollars, whichever is greater, shall not be effective unless the board sets a time and place for a public hearing on the proposed decrease and publishes notice of the hearing not less than ten nor more than twenty days prior to the hearing in the county newspapers selected under chapter 349.

7. Taxes levied by a county whose budget is certified after March 15 shall be limited to the prior year’s budget amount.    b. Before the board may institute proceedings for the issuance of bonds for a general county purpose, it shall call a county special election to vote upon the question of issuing the bonds. At the election the proposition shall be submitted in the following form:

5. a. Notwithstanding subsection 2, a board, in lieu of calling an election, may institute proceedings for the issuance of bonds for a general county purpose by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, and the right to petition for an election, to be published as provided in section 331.305 at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds subject to the following limitations:

   (2) In counties having a population of over twenty thousand and not over fifty thousand, in an amount of not more than two hundred thousand dollars.

   (3) In counties having a population of over fifty thousand, in an amount of not more than three hundred thousand dollars.

   b. If at any time before the date fixed for taking action for the issuance of the bonds, a petition is filed with the auditor in the manner provided by section 331.306 asking that the question of issuing the bonds be submitted to the registered voters of the county, the board shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. facsimile signature of the auditor. A general obligation bond is valid and binding if it bears the
signatures of the officers in office on the date of the execution of the bonds, notwithstanding
that any or all persons whose signatures appear have ceased to be such officers prior to the
delivery of the bonds.
3. General obligation bonds issued pursuant to this part are negotiable instruments.

§331.446, COUNTY HOME RULE IMPLEMENTATION

331.447 Taxes to pay bonds.

1. Taxes for the payment of general obligation bonds shall be levied in accordance with chapter 76, and the bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the county through its debt service fund required by section 331.430 except that:

   a. The amount estimated and certified to apply on principal and interest for any one year shall not exceed the maximum rate of tax, if any, provided by this subchapter for the purpose for which the bonds were issued. If general obligation bonds are issued for different categories, as provided in section 331.445, the maximum rate of levies, if any, for each purpose shall apply separately to that portion of the bond issue for that category and the resolution authorizing the bond issue shall clearly set forth the annual debt service requirements with respect to each purpose in sufficient detail to indicate compliance with the rate of tax levy, if any.

   b. The amount estimated and certified to apply on principal and interest for any one year may only exceed the statutory rate of levy limit, if any, by the amount that the registered voters of the county have approved at a special election, which may be held at the same time as the general election and may be included in the proposition authorizing the issuance of bonds, if an election on the proposition is necessary, or may be submitted as a separate proposition at the same election or at a different election. Notice of the election shall be given as specified in section 331.305.

      (1) If the proposition includes issuing bonds and increasing the levy limit, it shall be in substantially the following form:

      Shall the county of ...................., state of Iowa, be authorized to ......................... (here state purpose of project) and issue its general obligation bonds in an amount not exceeding the amount of $................ for that purpose, and be authorized to levy annually a tax not exceeding ............ dollars and ............ cents per thousand dollars of the assessed value of the taxable property within the county to pay the principal of and interest on the bonds?

      (2) If the proposition includes only increasing the levy limit it shall be in substantially the following form:

      Shall the county of ...................., state of Iowa, be authorized to levy annually a tax not exceeding ............ dollars and ............ cents per thousand dollars of the assessed value of the taxable property within the county to pay principal and interest on the bonded indebtedness of the county for the purpose of ...........................................

2. A statutory or voted tax levy limitation does not limit the source of payment of bonds and interest, but only restricts the amount of bonds which may be issued.

3. For the sole purpose of computing the amount of bonds which may be issued as the result of the application of a statutory or voted tax levy limitation, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year’s interest on the first annual levy of taxes to pay the bonds and interest does not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies, the first annual levy of taxes shall be sufficient to pay all principal of and interest on the bonds becoming due prior to the next
succeeding annual levy and the full amount of the annual levy shall be entered for collection as provided in chapter 76.

331.462 County enterprises — combined county enterprises.

1. A county which proposes to establish, own, acquire by purchase, condemnation, or otherwise, lease, sell, construct, reconstruct, extend, remodel, improve, repair, equip, maintain and operate within or without its corporate limits a county enterprise or combined county enterprise financed by revenue bonds shall do so in accordance with this part.

2. If a combined county enterprise is dissolved, each county enterprise which was a part of the combined county enterprise shall continue in existence as a separate county enterprise until it is abandoned by the board.

3. A combined county enterprise may be established, but if there are obligations outstanding which by their terms are payable from the revenues of any county enterprise involved, the obligations shall be assumed by the board subject to all terms established at the time of the original issue, or refunded through the issuance of revenue bonds of the combined county enterprise as a part of the procedure for the establishment of the combined county enterprise, or funds sufficient to pay the principal and interest and premium, if any, on the outstanding obligations at and prior to maturity shall be set aside and pledged for that purpose. Revenues earmarked for payment of the obligations shall be handled by the board in the same manner as they were handled for the county enterprise involved. A county enterprise shall not be abandoned and a combined county enterprise shall not be dissolved so long as there are obligations outstanding which by their terms are payable from the revenues of the county enterprise or combined county enterprise unless funds sufficient to pay the principal of and all interest and premium, if any, on the outstanding obligations at and prior to maturity have been set aside and pledged for that purpose.

[§81, §331.462; 81 Acts, ch 117, §461]

331.463 Procedure for financing.

1. a. The board may carry out projects, borrow money, and issue revenue bonds and pledge orders to pay all or part of the cost of projects, the revenue bonds and pledge orders to be payable solely out of the net revenues of the county enterprise or combined county enterprise involved in the project. The cost of a project includes the construction contracts, interest upon the revenue bonds and pledge orders during the period or estimated period of construction and for twelve months thereafter, or for twelve months after the acquisition date, reserve funds as the board deems advisable in connection with the project and the issuance of revenue bonds and pledge orders, and the costs of engineering, architectural, technical and legal services, preliminary reports, surveys, property valuations, estimates, plans, specifications, notices, acquisition of real and personal property, consequential damages or costs, easements, rights-of-way, supervision, inspection, testing, publications, printing and sale of bonds and provisions for contingencies. The board may sell revenue bonds or pledge orders at public or private sale in the manner prescribed by chapter 75 and may deliver revenue bonds and pledge orders to the contractors, sellers, and other persons furnishing materials and services constituting a part of the cost of the project in payment therefor.

b. The board may deliver its revenue bonds to the federal government or any agency thereof which has loaned the county money for sanitary or solid waste projects, water projects, or other projects, for which the government has a loan program.

2. The board may issue revenue bonds to refund revenue bonds, pledge orders, and other obligations which are by their terms payable from the net revenues of the same county enterprise or combined county enterprise, or from a county enterprise comprising a part of the combined county enterprise, at lower, the same, or higher rates of interest. A county may sell refunding revenue bonds at public or private sale in the manner prescribed by
chapter 75 and apply the proceeds to the payment of the obligations being refunded, and may exchange refunding revenue bonds in payment and discharge of the obligations being refunded. The principal amount of refunding revenue bonds may exceed the principal amount of the obligations being refunded to the extent necessary to pay any premium due on the call of the obligations being refunded and to fund interest accrued and to accrue on the obligations being refunded.

3. The board may contract to pay not to exceed ninety-five percent of the engineer’s estimated value of the acceptable work completed during the month to the contractor at the end of each month for work, material, or services. Payment may be made in warrants drawn on any fund from which payment for the work may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A even if a collection of taxes or special assessments or income from the sale of bonds which have been authorized and are applicable to the public improvement takes place after the fiscal year in which the warrants are issued. If the board arranges for the private sale of anticipatory warrants, they may be sold and the proceeds used to pay the contractor. The warrants may also be used to pay other persons furnishing services constituting a part of the cost of the public improvement.

331.464 Revenue bonds.

1. The board may issue revenue bonds pursuant to a resolution adopted at a regular or special meeting by a majority of the total number of members of the board.

2. Before the board institutes proceedings for the issuance of revenue bonds, it shall fix a time and place of meeting at which it proposes to take action, and give notice by publication in the manner directed in section 331.305. The notice must include a statement of the time and place of the meeting, the maximum amount of the proposed revenue bonds, the purpose for which the revenue bonds will be issued, and the county enterprise or combined county enterprise whose net revenues will be used to pay the revenue bonds and interest thereon. At the meeting the board shall receive oral or written objections from any resident or property owner of the county. After all objections have been received and considered, the board, at the meeting or a date to which it is adjourned, may take additional action for the issuance of the bonds or abandon the proposal to issue bonds. Any resident or property owner of the county may appeal a decision of the board to take additional action to the district court of the county within fifteen days after the additional action is taken, but the additional action of the board is final and conclusive unless the court finds that the board exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal are in lieu of those contained in any other law.

3. Revenue bonds may bear dates, bear interest at rates not exceeding those permitted by chapter 74A, mature in one or more installments, be in either coupon or registered form, carry registration and conversion privileges, be payable as to principal and interest at times and places, be subject to terms of redemption prior to maturity with or without premium, and be in one or more denominations, all as provided by the resolution of the board authorizing their issuance. The resolution may also prescribe additional provisions, terms, conditions, and covenants which the board deems advisable, consistent with this part, including provisions for creating and maintaining reserve funds, the issuance of additional revenue bonds ranking on a parity with such revenue bonds and additional revenue bonds junior and subordinate to such revenue bonds, and that such revenue bonds shall rank on a parity with or be junior and subordinate to any revenue bonds which may be then outstanding. Revenue bonds are a contract between the county and holders and the resolution is a part of the contract.

4. Revenue bonds shall be executed by the chairperson of the board and the auditor. If coupons are attached to the revenue bonds, they shall be executed with the original or facsimile signature of the auditor. A revenue bond is valid and binding for all purposes if it bears the signatures of the officers in office on the date of the execution of the bonds notwithstanding that any or all persons whose signatures appear have ceased to be such
officers prior to the delivery of the bonds. The issuance of revenue bonds shall be recorded in the office of the treasurer, and a certificate of the recording by the treasurer shall be printed on the back of each revenue bond.

5. Revenue bonds, pledge orders and warrants issued under this part are negotiable instruments.

6. The board may issue pledge orders pursuant to a resolution adopted by a majority of the total number of supervisors, at a regular or special meeting, ordering their issuance and delivery in payment for all or part of the cost of a project. Pledge orders may bear interest at rates not exceeding those permitted by chapter 74A.

7. The physical properties of a county enterprise or combined county enterprise shall not be pledged or mortgaged to secure the payment of revenue bonds or pledge orders or the interest thereon.

331.465 Rates for proprietary functions.
1. The board may establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the county enterprise or combined county enterprise and, if revenue bonds or pledge orders are issued and outstanding under this part, shall establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the county enterprise or combined county enterprise, and to leave a balance of net revenues sufficient at all times to pay the principal of and interest on the revenue bonds and pledge orders as they become due and to maintain a reasonable reserve for the payment of the principal and interest, and a sufficient portion of net revenues shall be pledged for that purpose. Rates shall be established by ordinance. Rates or charges for the services of a county enterprise defined in section 331.461, subsection 2, paragraph “b”, if not paid as provided by ordinance, constitute a lien upon the premises served and may be certified to the county treasurer and collected in the same manner as taxes. The treasurer may charge five dollars for each lien certified as an administrative expense, which amount shall be added to the amount of the lien to be collected at the time of payment of the assessment from the payor and credited to the county general fund.

2. The board may:
   a. By ordinance establish, impose, adjust and provide for the collection of charges for connection to a county enterprise or combined county enterprise.
   b. Contract for the use of or services provided by a county enterprise or combined county enterprise with persons whose type or quantity of use or service is unusual.
   c. Lease for a period not to exceed fifteen years all or part of a county enterprise or combined county enterprise, if the lease will not reduce the net revenues to be produced by the county enterprise or combined county enterprise.
   d. Contract for a period not to exceed forty years with other governmental bodies for the use of or the services provided by the county enterprise or combined county enterprise on a wholesale basis.
   e. Contract for a period not to exceed forty years with persons including but not limited to other governmental bodies for the purchase or sale of water.

The treasurer shall apply the gross revenues of each county enterprise or combined county enterprise only as ordered by the board and in
strict compliance with the orders, including the provisions, terms, conditions and covenants of any and all resolutions of the board pursuant to which revenue bonds or pledge orders are issued and outstanding.

§331.467 Pledge — payment — remedy.
1. The pledge of any net revenues of a county enterprise or combined county enterprise is valid and effective as to all persons including but not limited to other governmental bodies when it becomes valid and effective between the county and the holders of the revenue bonds or pledge orders.
2. Revenue bonds and pledge orders are payable both as to principal and interest solely out of the portion of the net revenues of the county enterprise or combined county enterprise pledged to their payment and are not a debt of or charge against the county within the meaning of any constitutional or statutory debt limitation provision.
3. The sole remedy for a breach or default of a term of a revenue bond or pledge order is a proceeding in law or in equity by suit, action, or mandamus to enforce and compel performance of the duties required by this part and of the terms of the resolution authorizing the issuance of the revenue bonds or pledge orders, or to obtain the appointment of a receiver to take possession of and operate the county enterprise or combined county enterprise, and to perform the duties required by this part and the terms of the resolution authorizing the issuance of the revenue bonds or pledge orders.

2. This part does not prohibit or prevent the board from using funds derived from the issuance of general obligation bonds, the levy of special assessments and the issuance of special assessment bonds, and any other source which may be properly used for such purpose, to pay a part of the cost of a project.
3. The county shall pay for the use of or the services provided by the county enterprise or combined county enterprise as any other customer, except that the county may pay for use or service at a reduced rate or receive free use or service so long as the county complies with the provisions, terms, conditions and covenants of all resolutions pursuant to which revenue bonds or pledge orders are issued and outstanding.

the powers of counties, but this part and the procedures prescribed for exercising the powers and functions enumerated in this part control in the event of a conflict with any other law.

Projects commenced prior to July 1, 1981, may be financed by the issuance of revenue bonds, pledge orders, and other temporary obligations under any such amended or repealed law or by the issuance of revenue bonds and pledge orders under this part. For purposes of this section, commencement of a project includes but is not limited to action taken by the board or an authorized officer to fix a date for either a hearing or an election in connection with any part of the project, and commencement of proceedings for the issuance of revenue bonds, pledge orders, and other temporary obligations includes but is not limited to action taken by the board to fix a date for either a hearing or a sale in connection with any part of such revenue bonds, pledge orders, or other temporary obligations or to order any part thereof to be issued.

Upon receipt of a valid petition as defined in section 331.306 requesting that a proposal for establishment or discontinuance of a commission be submitted to the voters, or upon its own motion, the board shall submit the proposal at the next general election or at an election which includes a proposal to establish, acquire, lease, or dispose of the county enterprise or combined county enterprise.
2. A proposal for the establishment of a county enterprise commission shall specify a commission of three or five members. If a majority of those voting approves the proposal, the board shall proceed as proposed. If a majority of those voting does not approve the proposal, the same or a similar proposal shall not be submitted to the voters of the county and the board shall not establish a commission for the same purpose for at least four years from the date of the election at which the proposal was defeated.
3. If a proposal to discontinue a commission receives a favorable majority vote, the commission is dissolved at the time provided in the proposal and shall turn over to the board the management of the county enterprise or combined county enterprise and all property relating to it.
4. If a proposal to establish a commission receives a favorable majority vote, the commission is established at the time provided in the proposal. The board shall appoint the commission members, as provided in the proposal and this section. The board shall provide by resolution for staggered six-year terms for and shall set the compensation of commission members.
5. A commission member appointed to fill a vacancy occurring by reason other than the expiration of a term is appointed for the balance of the unexpired term.

   b. The title to all property of a county enterprise or combined county enterprise shall be

c. A commission shall make to the board a detailed annual report, including a complete financial statement.

d. Immediately following a regular or special meeting of a commission, the secretary of the commission shall prepare a condensed statement of the proceedings of the commission and cause the statement to be published as provided in section 331.305. The statement shall include a list of all claims allowed, showing the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. If the reason for the claims is the same, two or more claims made by the same vendor, supplier, or claimant may be consolidated if the number of claims consolidated and the total consolidated claim amount are listed in the statement. However, the commission shall provide at its office upon request an unconsolidated list of all claims allowed. The county compensation board shall prepare a compensation schedule for the elective county officers for the succeeding fiscal year. A recommended compensation schedule requires a majority vote of the membership of the county compensation board.

2. At the public hearing held on the county budget as provided in section 331.434, the county compensation board shall submit its recommended compensation schedule for the next fiscal year to the board of supervisors for inclusion in the county budget. The division shall not allow for payment to the elected officer and the first deputy or assistant which is greater than the sum of the two salaries otherwise authorized by law. 335.25 Zoning for family homes.
1. It is the intent of this section to assist in improving the quality of life of persons with a developmental disability or brain injury by integrating them into the mainstream of society by making available to them community residential opportunities in the residential areas of this state. In order to implement this intent, this section shall be liberally construed.
2. a. "Brain injury" means brain injury as defined in section 135.22.
   b. "Developmental disability" means a disability of a person which has continued or can be expected to continue indefinitely and which is one of the following:
      (1) Attributable to an intellectual disability, cerebral palsy, epilepsy, or autism.
      (2) Attributable to any other condition found to be closely related to an intellectual disability because the condition results in impairment of general intellectual functioning or adaptive behavior similar to that of persons with an intellectual disability or requires treatment and services similar to those required for the persons.
      (3) Attributable to dyslexia resulting from a disability described in either subparagraph (1) or (2).
      (4) Attributable to a mental or nervous disorder.
   c. "Family home" means a community-based residential home which is licensed as a residential care facility under chapter 135C or as a child foster care facility under chapter 237 to provide room and board, personal care, habilitation services, and supervision in a family environment exclusively for not more than eight persons with a developmental disability or brain injury and any necessary support personnel. However, family home does not mean an individual foster family home licensed under chapter 237.
   d. "Permitted use" means a use by right which is authorized in all residential zoning districts.
   e. "Residential" means regularly used by its occupants as a permanent place of abode, which is made one’s home as opposed to one’s place of business and which has housekeeping and cooking facilities for its occupants only.
3. Notwithstanding the optional provision in section 335.1 and any other provision of this chapter to the contrary, a county, county board of supervisors, or a county zoning commission shall consider a family home a residential use of property for the purposes of zoning and shall treat a family home as a permitted use in all residential zones or districts, including all single-family residential zones or districts, of the county. A county, county board of supervisors, or a county zoning commission shall not require that a family home,
§335.25, COUNTY ZONING

its owner, or operator obtain a conditional use permit, special use permit, special exception, or variance. However, new family homes owned or operated by public or private agencies shall be dispersed through the residential zones and districts and shall not be located within contiguous areas equivalent in size to city block areas. Section 135C.23, subsection 2, shall apply to all residents of a family home.

4. A restriction, reservation, condition, exception, or covenant in a subdivision plan, deed, or other instrument of or pertaining to the transfer, sale, lease, or use of property in a county which permits residential use of property but prohibits the use of property as a family home for persons with a developmental disability or brain injury, to the extent of the prohibition, is void as against the public policy of this state and shall not be given legal or equitable effect.

§335.30 Manufactured and modular homes.

A county shall not adopt or enforce zoning regulations or other ordinances which disallow the plans and specifications of a proposed residential structure solely because the proposed structure is a manufactured home. However, a zoning ordinance or regulation shall require that a manufactured home be located and installed according to the same standards, including but not limited to, a permanent foundation system, set-back, and minimum square footage which would apply to a site-built, single family dwelling on the same lot, and shall require that the home is assessed and taxed as a site-built dwelling. A zoning ordinance or other regulation shall not require a perimeter foundation system for a manufactured home which is incompatible with the structural design of the manufactured home structure. A county shall not require more than one permanent foundation system for a manufactured home. For purposes of this section, a permanent foundation may be a pier footing foundation system designed and constructed to be compatible with the structure and the conditions of the site. When units are located outside a manufactured home community or mobile home park, requirements may be imposed which ensure visual compatibility of the permanent foundation system with surrounding residential structures. As used in this section, “manufactured home” means a factory-built structure, which is manufactured or constructed under the authority of 42 U.S.C. §5403 and is to be used as a place for human habitation, but which is not constructed or equipped with a permanent hitch or other device allowing it to be moved other than for the purpose of moving to a permanent site, and which does not have permanently attached to its body or frame any wheels or axles. This section shall not be construed as abrogating a recorded restrictive covenant.

A county shall not adopt or enforce construction, building, or design ordinances, regulations, requirements, or restrictions which would mandate width standards greater than twenty-four feet, roof pitch, or other design standards for manufactured housing if the
housing otherwise complies with 42 U.S.C. §5403. A county shall not adopt or enforce zoning or subdivision regulations or other ordinances which mandate width standards for a single modular or manufactured home which is sited upon land otherwise zoned as agricultural land. However, this paragraph shall not prohibit a county from adopting and enforcing zoning regulations related to transportation, water, sewerage, or other land development.

### 335.30A Land-leased communities.

A county shall not adopt or enforce zoning or subdivision regulations or other ordinances which disallow or make infeasible the plans and specifications of land-leased communities because the housing within the land-leased community will be manufactured housing.

"Land-leased community" means any site, lot, field, or tract of land under common ownership upon which ten or more occupied manufactured homes are harbored, either free of charge or for revenue purposes, and shall include any building, structure, or enclosure used or intended for use as part of the equipment of the land-leased community. The term “land-leased community” shall not be construed to include homes, buildings, or other structures temporarily maintained by any individual, educational institution, or company on their own premises and used exclusively to house their own labor or students. A manufactured home located in a land-leased community shall be taxed under section 435.22 as if the manufactured home were located in a mobile home park.

### 335.33 Elder group homes.

A county board of supervisors or county zoning commission shall consider an elder group home a family home, as defined in section 335.25, for purposes of zoning, in accordance with section 231B.4, and may establish limitations regarding the proximity of one proposed elder group home to another.

### 335.34 Home and community-based services waiver recipient residence.

1. A county, county board of supervisors, or county zoning commission shall consider the residence of the recipient of services under a home and community-based services waiver as a residential use of property for the purposes of zoning and shall treat the use of the residence as a permitted use in all residential zones or districts, including all single-family residential zones or districts, of the county.

2. A county, county board of supervisors, or county zoning commission shall not require that the recipient, or the owner of such a residence if other than the recipient, obtain a conditional use permit, special use permit, special exception, or variance. A county, county board of supervisors, or county zoning commission shall not establish limitations regarding the proximity of one such residence to another.

3. This section applies to the residence of a recipient of services under a home and community-based services waiver if the residence meets any of the following conditions:
   a. The residence is a single-family dwelling owned or rented by the recipient.
   b. The residence is a multifamily dwelling which does not hold itself out to the public as a
community-based residential provider otherwise regulated by law, including but not limited to a residential care facility, and which provides dwelling units to no more than four recipients of services under a home and community-based services waiver at any one time.

4. For the purposes of this section, “home and community-based services waiver” means “waiver” as defined in section 249A.29.

346.27 “Authority” for control of joint property.

2. Any county may join with its county seat to incorporate an “Authority” for the purpose of acquiring, constructing, demolishing, improving, enlarging, equipping, furnishing, repairing, maintaining, and operating a public building, and to acquire and prepare the necessary site, including demolition of any structures, for the joint use of the county and city or any school district which is within or is a part of the county or city.
3. The incorporation of an authority shall be accomplished by the adoption of articles of incorporation by the governing body of each incorporating unit. For adoption, the affirmative vote of a majority of the members of each governing body is required. The articles of incorporation shall be executed for and on behalf of each incorporating unit by the following officers:
a. For the county, by the chairperson of the board of supervisors.
b. For the city, by its mayor and city clerk.
4. The articles of incorporation shall set forth the name of the authority, the name of the incorporating units, the purpose for which the authority is created, the number, terms, and manner of selection of its officers including its governing body which shall be known as the “commission”, the powers and duties of the authority and of its officers, the date upon which the authority becomes effective, the name of the newspaper in which the articles of incorporation shall be published, and any other matters.
5. The authority shall be directed and governed by a board of commissioners of three members, one to be elected by the board of supervisors of the county from the area outside of the county seat, one to be elected by the council of the city from the area inside the city, and one to be elected by the joint action of the board of supervisors of the county and the council
of the city, and if the governing bodies are unable to agree upon a choice for the third member within sixty days of the election of the first member, then the third member shall be appointed by the governor. The commissioners shall serve for six-year terms. Of the first appointees, the member appointed by the board of supervisors shall be for a term of two years, the member appointed by the city council shall be for a term of four years, and the member appointed by the joint action of the board and council shall be for a term of six years. The board of commissioners shall designate one of their number as chairperson, one as secretary, and one as treasurer, and shall adopt bylaws and rules of procedure and provide therein for regular meetings and for the proper safekeeping of its records. No commissioner shall receive any compensation in connection with services as commissioner. Each commissioner, however, shall be entitled to reimbursement for any necessary expenditures in connection with the performance of the commissioner’s duties.

6. The articles of incorporation shall be recorded in the office of the county recorder and filed with the secretary of state, and shall be published once in a newspaper designated in the articles of incorporation and having a general circulation within the county, and upon such recording and publication, the authority shall be deemed to come into existence.

7. Amendments may be made to the articles of incorporation if adopted by the governing body of each incorporating unit; provided that no amendment shall impair the obligation of any bond or other contract. Each amendment shall be adopted, executed, recorded and published in the same manner as specified for the original articles of incorporation.

8. Any incorporating unit may make donations of property, real or personal, including gratuitous lease, to the authority as deemed proper and appropriate in aiding the authority to effectuate its purposes.

9. The authority shall be a body corporate with power to sue and be sued in any court of this state, have a seal and alter the same at its pleasure, and make and execute contracts, leases, deeds, and other instruments necessary or convenient to the exercise of its powers. In addition, it shall have and exercise the following public and essential governmental powers and functions and all other powers incidental or necessary to carry out and effectuate its express powers:
   a. To select, locate, and designate an area lying wholly within the territorial limits of the county seat of the county in which the authority is incorporated as the site to be acquired for the construction, alteration, enlargement, or improvement of a building. The site selected is subject to approval by a majority of the members of each governing body of the incorporating units.
   b. To acquire in the corporate name of the authority the fee simple title to the real property located within the area by purchase, gift, devise, or by the exercise of the power of eminent domain consistent with the provisions of chapters 6A and 6B, or to take possession of real estate by lease.
   c. To demolish, repair, alter, or improve any building within the designated area, to construct a new building within the area and to furnish, equip, maintain, and operate the building.

   h. To lease all or any part of a building to the incorporating units for a period of time not to exceed fifty years, upon rental terms agreed upon between the authority and the incorporating units. The rentals specified shall be subject to increase by agreement of the incorporating units and the authority if necessary in order to provide funds to meet obligations.
   i. To procure insurance of any and all kinds in connection with the building. The bidding procedures provided in section 73A.18 shall be utilized in the procurement of insurance.
j. To accept donations, contributions, capital grants, or gifts from individuals, associations, municipal and private corporations, and the United States, or any agency or instrumentality thereof, and to enter into agreements in connection therewith.

k. To borrow money and to issue and sell revenue bonds in an amount and with maturity dates not in excess of fifty years from date of issue, to provide funds for the purpose of acquiring, constructing, demolishing, improving, enlarging, equipping, furnishing, repairing, maintaining, and operating buildings, and to acquire and prepare sites, convenient therefor, and to pay all incidental costs and expenses, including, but not limited to architectural, engineering, legal, and financing expense and to refund and refinance revenue bonds as often as deemed advantageous by the board of commissioners.

l. The provisions of chapter 73A applicable to other municipalities are applicable to an authority.

10. a. After the incorporation of an authority, and before the sale of any issue of revenue bonds, except refunding bonds, the authority shall submit to the voters the question of whether the authority shall issue and sell revenue bonds. The ballot shall state the amount of the bonds and the purposes for which the authority is incorporated. All registered voters of the county shall be entitled to vote on the question. The question may be submitted at an election held on a date specified in section 39.2, subsection 4, paragraph “a” or “b”, as applicable. An affirmative vote of a majority of the votes cast on the question is required to authorize the issuance of revenue bonds.

b. In addition to the notice required by section 49.53, a notice of the election shall be published once each week for at least two weeks in some newspaper published in the county stating the date of the election, the hours the polls will be open, and a copy of the question. The authority shall call this election with the concurrence of both incorporating units. The election shall be conducted by the commissioner in accordance with the provisions of chapters 49 and 50.

11. When the board of commissioners decides to issue bonds subject to the election requirement, it shall adopt a resolution describing the area to be acquired, the nature of the existing improvements, the disposition to be made of the improvements, and a general description of any new buildings to be constructed.

12. The resolution shall set out the limit of the cost of the project, including the cost of acquiring and preparing the site, determine the period of usefulness and fix the amount of revenue bonds to be issued, the date or dates of maturity, the dates on which interest is payable, the sinking fund provisions, and all other details in connection with the bonds. The board shall determine and fix the rate of interest of any revenue bonds issued, in a resolution adopted by the board prior to the issuance. The resolution, trust agreement, or other contract entered into with the bondholders may contain covenants and restrictions concerning the issuance of additional revenue bonds as necessary or advisable for the assurance of the payment of the bonds authorized.

13. Bonds shall be issued in the name of the authority and are declared to have all the qualities and incidents of negotiable instruments under the laws of this state.

14. Bonds issued under this section may be issued as serial or term bonds, shall be of such denomination or denominations and form, including interest coupons to be attached, shall be payable at such place or places and bear such date as the board of commissioners fix by the resolution authorizing the bonds, shall mature within a period not to exceed fifty years, and may be redeemable prior to maturity with or without premium, at the option of the board of commissioners, upon terms and conditions the board shall fix by the resolution authorizing the issuance of bonds. The board of commissioners may provide for the registration of bonds in the name of the owner as to the principal alone or as to both principal and interest upon terms and conditions the board determines. All bonds issued by an authority shall be sold at a price so that the interest cost to the commission of the proceeds of the bonds shall not exceed that permitted by chapter 74A, payable semiannually, computed to maturity, and shall be sold in the manner and at the time the board of commissioners determines.

15. Bonds issued by an authority, and the interest thereon, shall be payable solely from the revenues derived from the operation, management, or use of the buildings acquired or to be acquired by the authority, which revenues shall include payments received under any
leases or other contracts for the use of the buildings. Bonds shall recite that the principal and interest thereon are payable only from the revenues pledged, and shall state on their face that they are not an indebtedness of the authority or a claim against the property of the authority.

16. Bonds shall be executed in the name of the commission by the chairperson of the board of commissioners or by another officer of the commission as the board, by resolution, may direct, and be attested by the secretary, or by another officer of the commission as the board, by resolution, may direct, and shall be sealed with the commission's corporate seal. In case any officer whose signature appears on the bonds or coupons shall cease to be such officer before delivery of the bonds, the officer’s signature shall be valid and sufficient for all purposes, the same as if the officer had remained in office until delivery.

17. In its discretion, the authority may issue refunding bonds to refund its bonds prior to their maturity, refund its outstanding matured bonds, refund matured coupons evidencing interest upon its outstanding bonds, refund interest at the coupon rate that has accrued upon its outstanding matured bonds, and refund its bonds which by their terms are subject to call or redemption before maturity. All bonds redeemed or purchased shall be canceled.

18. To secure the payment of revenue bonds and for the purpose of setting forth the covenants and undertakings of the authority in connection with the issuance of revenue bonds and the issuance of any additional revenue bonds payable from such revenue income to be derived from the operation, management, or use of the buildings acquired or to be acquired by the authority, the authority may execute and deliver a trust agreement except that no lien upon any physical property of the authority shall be created.

19. The resolution shall provide for the creation of a sinking fund account into which shall be payable from the revenues of the project, from month to month as such revenues are collected, the sums in excess of the cost of maintenance and operation of the project and the cost of administration of the authority, sufficient to comply with the covenants of the bond resolution and sufficient to pay the accruing interest and retire the bonds at maturity. The board of commissioners, in a resolution, may provide for other accounts as necessary for the sale of the bonds. Moneys in the accounts shall be applied in the manner provided by the resolution, the trust agreement, or other contract with the bondholders.

20. No such bonds shall constitute a debt of the authority or of any public body within the meaning of any statutory or constitutional limitation as to debt.

21. From and after the issuance of bonds the board of commissioners shall establish and fix rates, rentals, fees, and charges for the use of any and all buildings or space owned and operated by the authority, sufficient at all times to pay maintenance and operation costs and to pay the accruing interest and retire the bonds at maturity and to make all payments to all accounts created by any bond resolution and to comply with all covenants of any bond resolution.

22. When an incorporating unit enters into a lease with the authority, the governing body of the incorporating unit shall provide by ordinance or resolution for the levy and collection of a direct annual tax sufficient to pay the annual rent payable under the lease as and when it becomes due and payable. The tax shall be levied and collected in like manner with the other taxes of the incorporating unit and shall be in addition to all other taxes authorized to be levied by that incorporating unit. This tax shall not be included within and shall be in addition to any statutory limitation of rate or amount for that incorporating unit. The taxes realized from the tax levy shall be deposited into an account in the debt service fund of the incorporating unit for the payment of the annual rent and shall not be disbursed for any other purpose until the annual rental has been paid in full.

23. All leases, contracts, deeds of conveyance, bonds, or other instruments in writing on behalf of the authority, shall be executed in the name of the authority by the chairperson and secretary of the authority, or by other officers as the board of commissioners, by resolution, directs, and the seal of the authority shall be affixed.

24. All property owned by any authority shall be exempt from taxation by the state or any taxing unit of the state. However, any interest derived from bonds issued by the authority shall be subject to taxation.

25. a. When all bonds issued by an authority have been retired, the authority may convey the title to the property owned by the authority to the incorporating units in accordance
with the provisions contained in the articles of incorporation. If articles of incorporation do not exist, the conveyance may be made in accordance with any agreement adopted by the respective governing bodies of the incorporating units and the authority.

b. The question of whether a conveyance shall be made shall be submitted to the registered voters of the county. An affirmative vote equal to at least a majority of the total votes cast on the question shall be required to authorize the conveyance. If the question does not carry, the authority shall continue to operate, maintain, and manage the building under a lease arrangement with the incorporating units.

26. Any incorporating unit may enter into a lease with an authority that the authority and the incorporating unit determine is necessary and convenient to effectuate their purposes and the purposes of this section. The power to enter into leases under this section is in addition to other powers granted to cities and counties to enter into leases and the provisions of chapter 75, section 364.4, subsection 4, and section 331.301, subsection 10, are not applicable to leases entered into under this section.

347.7 Tax levies.
1. a. If a county hospital is established, the board of supervisors, at the time of levying ordinary taxes, shall levy a tax at the rate voted not to exceed fifty-four cents per thousand dollars of assessed value in any one year for the erection and equipment of the hospital, and also a tax not to exceed twenty-seven cents per thousand dollars of value for the improvement, maintenance, and replacements of the hospital, as certified by the board of hospital trustees. However, in counties having a population of two hundred twenty-five thousand or over, the levy for taxes payable in the fiscal year beginning July 1, 2001, and for subsequent fiscal years, for improvements and maintenance of the hospital shall not exceed two dollars and five cents per thousand dollars of assessed value in any one year.
b. The proceeds of the taxes constitute the county public hospital fund. The fund is subject to review by the board of supervisors in counties having a population of two hundred twenty-five thousand or over. However, the board of trustees of a county hospital, where funds are available in the county public hospital fund of the county which are unappropriated, may use the unappropriated funds for erecting and equipping hospital buildings and additions to the hospital buildings without authority from the voters of the county.

  c. For the fiscal years beginning July 1, 2017, July 1, 2018, and July 1, 2019, if a county public hospital is located in a county having a population of two hundred twenty-five thousand or over and having a county budgeted amount for the fiscal year under section 331.424A, subsection 9, equal to the product of the regional per capita expenditure target amount multiplied by the county’s population, as those terms are defined in section 331.424A, the board of trustees shall appropriate for payment on July 1 of each such fiscal year from the county public hospital fund to the board of supervisors for deposit in the county services fund created pursuant to section 331.424A, two million eight hundred thousand dollars, and the county public hospital shall, in each such fiscal year, contract with the county in which the county public hospital is located to provide care and treatment to patients who are residents of the county and whose costs for such care and treatment would otherwise qualify for payment from the county services fund under section 331.424A, in an amount equal to three million five hundred thousand dollars.

  2. A levy shall not be made for the improvement, maintenance, or replacements of the hospital until the hospital has been constructed, staffed, and receiving patients. If revenue bonds are issued and outstanding under section 331.461, subsection 2, paragraph “d”, the board may levy a tax to pay operating and maintenance expenses in lieu of the authority otherwise contained in this section not to exceed twenty-seven cents per thousand dollars of assessed value or not to exceed one dollar and twenty-one and one-half cents per thousand dollars of assessed value for improvements and maintenance of the hospital in counties having a population of two hundred twenty-five thousand or over.

  3. In addition to levies otherwise authorized by this section, the board of hospital trustees may certify for levy a tax at the rate, not to exceed twenty-seven cents per thousand dollars of assessed value, necessary to raise the amount budgeted by the board of hospital trustees for support of ambulance service as authorized in section 347.14, subsection 8.

  4. a. The tax levy authorized by this section for operation and maintenance of the hospital may be available in whole or in part to any county with or without a county hospital organized under this chapter, to be used to enhance rural health services in the county. However, the tax levied may be expended for enhancement of rural health care services only following a local planning process. The Iowa department of public health shall establish guidelines to be followed by counties in implementing the local planning process which shall require legal notice, public hearings, and a referendum in accordance with this subsection prior to the authorization of any new levy or a change in the use of a levy. The notice shall describe the new levy or the change in the use of the levy, indicate the date and location of the hearing, and shall be published at least once each week for two consecutive weeks in a newspaper having general circulation in the county. The hearing shall not take place prior to two weeks after the second publication.

  b. Enhancement of rural health services for which the tax levy may be used includes but is not limited to emergency medical services, health care services shared with other hospitals, rural health clinics, and support for rural health care practitioners and public health services.

  c. When alternative use of funds from the tax levy is proposed in a county without a county hospital organized under this chapter, use of the funds shall be agreed upon by the board of supervisors and any publicly elected hospital board of trustees within the county prior to submission of the question to the voters.

347.9 Trustees — appointment — terms of office.

2. The transactions of a hospital trustee or a hospital trustee’s spouse shall be limited as follows:
   a. A conflict of interest transaction is a transaction with the hospital in which a hospital trustee or a hospital trustee’s spouse has a direct interest of less than or equal to one thousand five hundred dollars or indirect interest in any amount. A conflict of interest transaction is not voidable on the basis of the conflict of interest if all of the following are true:
      (1) The material facts of the transaction and the interest of the trustee or the trustee’s spouse were disclosed or known to the board of hospital trustees.
      (2) The board of hospital trustees authorized, approved, or ratified the transaction. A conflict of interest transaction is authorized, approved, or ratified if it receives the affirmative vote of a majority of the disinterested trustees at a meeting where a quorum is present and where three or more trustees are disinterested in the conflict of interest transaction.
      (3) The transaction was fair to the hospital at the time of the transaction.
   b. For the purposes of this section, a trustee has an indirect interest in a transaction if either of the following is true:

Referred to in §347.13, 455B.305A, 455H.207

§349.2 Source of selection.
Such selection shall be from newspapers published, and having the largest number of bona fide yearly subscribers, within the county. When counties are divided into two divisions for district court purposes, each division shall be regarded as a county.
[C73, §307; C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5398; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.2]

§349.3 Number.
The number of such newspapers to be selected shall be as follows:
1. In counties having a population of less than fifteen thousand, two such newspapers, or one, if there be but one published therein.
2. In counties having a population of more than fifty thousand, divided into two divisions
for court purposes, three such newspapers in each such division, not more than two of which shall be published in the same city.

3. In counties having a population of less than fifty thousand, divided into two divisions for court purposes, two such newspapers in each such division.

4. In all other counties, three such newspapers, not more than two of which shall be published in the same city.

349.4 Application — contest.
Any publisher who desires that the publisher’s newspaper be so selected may make written application therefor to the board of supervisors at any time prior to the making of the selection. If more applications are filed than there are newspapers to be selected, a contest shall exist.

[C24, 27, 31, 35, 39, §5400; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.4]

349.5 Contest — verified statements.
In case of a contest, each applicant shall deposit with the county auditor, in a sealed envelope, a statement, verified by the applicant, showing the names of the applicant’s bona fide yearly subscribers living within the county and the place at which each such subscriber receives such newspaper, and the manner of its delivery.

[C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5401; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.5]

349.6 Determination of contest — evidence.
The county auditor shall, on the direction of the board while it is in session, open said envelopes. The board may receive other evidence of circulation. In counties in which two newspapers are to be selected, the two newspapers showing the largest number of bona fide yearly subscribers living within the county shall be selected as such official newspapers. In counties in which three newspapers are to be selected, the three showing the largest number of such subscribers shall be selected except when such three newspapers are all published in the same city, in which case the two newspapers in such city having the largest lists of such subscribers and the newspaper having the next largest list of such subscribers and published outside such city, shall be selected as such official newspapers.

For purposes of this section, in counties where there are more newspapers than the number required for official county newspapers, newspapers under common ownership published in the same city, and having approximately the same subscriber list or offered for sale in or delivered to the same geographic area, shall be treated as one newspaper. Each such newspaper under common ownership should be considered eligible for publishing public notices, but such newspapers shall be treated as one newspaper for payment purposes to allow for flexibility in notice publication schedules.

349.7 Subscribers — how determined.
The board of supervisors shall determine the bona fide yearly subscribers of a newspaper within the county, as follows:

2. Those subscribers who have been subscribers at least six consecutive months before the date of application, whose papers are regularly delivered by carrier upon an order or

349.8 Tie lists.

[C24, 27, 31, 35, 39, §5403; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.8]

349.9 Fraudulent lists.
No newspaper shall be selected as an official newspaper when it is made to appear that the verified list deposited by the applicant contains the names of persons who are not bona fide subscribers within the county and that such names were knowingly and willfully entered on such list by the applicant, or at the applicant’s instance, with intent to deceive the board.
[SS15, §441; C24, 27, 31, 35, 39, §5404; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.9]
Referred to in §349.10

349.10 New date fixed if all rejected.
If all certified statements are rejected under the provisions of section 349.9, the board shall fix a new date for the selection of official newspapers and nothing herein shall be construed to prevent the applicants so rejected from filing new certified statements.
[SS15, §441; C24, 27, 31, 35, 39, §5405; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.10]

349.11 Appeal.
Any applicant may, within twenty days after the selection of official newspapers, appeal to the district court from the decision of the board of supervisors as to the selection of any or all newspapers so selected by filing in the office of the county auditor a bond for costs, in a sum and with sureties to be approved by said auditor, and by serving upon each applicant, whose selection the appellant desires to contest, and the county auditor, a notice of appeal.
[SS15, §441; C24, 27, 31, 35, 39, §5406; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.11]

349.14 Publication pending contest — interest payable.
After the selection by the board of supervisors of official newspapers, no publisher shall receive pay for publishing official proceedings until the contest is finally determined, insofar as the publisher is concerned. After determination of the contest, payment for publications made during the contest shall include interest at the rate of one-half percent per month calculated from date of publication to the date of payment, less thirty days.

entered into an agreement to publish the official proceedings or have united in a request to have their publication selected for such purposes, and such agreement or request has been filed with the board of supervisors prior to the naming of the official newspapers, the board of supervisors shall designate each of them a county official newspaper, but the combined compensation of the official newspapers so requesting or agreeing, added to that of the other official newspaper or newspapers, if any, shall not exceed the combined compensation allowed by law to two official newspapers in counties having a population below fifteen thousand or to three official newspapers in counties having a population of fifteen thousand or more.

[SS15, §441; C24, 27, 31, 35, 39, §5410; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.15]

352.1 Purpose.
1. It is the intent of the general assembly and the policy of this state to provide for the orderly use and development of land and related natural resources in Iowa for residential, commercial, industrial, and recreational purposes, preserve private property rights, protect natural and historic resources and fragile ecosystems of this state including forests, wetlands, rivers, streams, lakes and their shorelines, aquifers, prairies, and recreational areas to promote the efficient use and conservation of energy resources, to promote the creation and maintenance of wildlife habitat, to consider the protection of soil from wind and water erosion and preserve the availability and use of agricultural land for agricultural production, through processes that emphasize the participation of citizens and local governments.

2. The general assembly recognizes the importance of preserving the state’s finite supply of agricultural land. Conversion of farmland to urban development, and other nonfarm uses, reduces future food production capabilities and may ultimately undermine agriculture as a major economic activity in Iowa.

3. It is the intent of the general assembly to provide local citizens and local governments the means by which agricultural land may be protected from nonagricultural development pressures. This may be accomplished by the creation of county land preservation and use plans and policies, adoption of an agricultural land preservation ordinance, or establishment
of agricultural areas in which substantial agricultural activities are encouraged, so that land inside these areas or subject to those ordinances is conserved for the production of food, fiber, and livestock, thus assuring the preservation of agriculture as a major factor in the economy of this state.

352.11 Incentives for agricultural land preservation — payment of costs and fees in nuisance actions.

1. Nuisance restriction.

a. A farm or farm operation located in an agricultural area shall not be found to be a nuisance regardless of the established date of operation or expansion of the agricultural activities of the farm or farm operation. This paragraph shall apply to a farm operation conducted within an agricultural area for six years following the exclusion of land within an agricultural area other than by withdrawal as provided in section 352.9.

b. Paragraph “a” does not apply to a nuisance which is the result of a farm operation determined to be in violation of a federal statute or regulation or state statute or rule. Paragraph “a” does not apply if the nuisance results from the negligent operation of the farm or farm operation. Paragraph “a” does not apply to actions or proceedings arising from injury or damage to a person or property caused by the farm or a farm operation before the creation of the agricultural area. Paragraph “a” does not affect or defeat the right of a person to recover damages for an injury or damage sustained by the person because of the pollution or change in condition of the waters of a stream, the overflowing of the person’s land, or excessive soil erosion onto another person’s land, unless the injury or damage is caused by an act of God.

c. A person shall not bring an action or proceeding based on a claim of nuisance arising from a farm operation unless the person proceeds with mediation as provided in chapter 654B.

d. If a defendant is a prevailing party in an action or proceeding based on a claim of nuisance and arising from a farm operation conducted on farmland within an agricultural area, the plaintiff shall pay court costs and reasonable attorney fees incurred by the defendant, if the court determines that the claim is frivolous.

2. Water priority. In the application for a permit to divert, store, or withdraw water and in the allocation of available water resources under a water permit system, the department of natural resources shall give priority to the use of water resources by a farm or farm operation,
exclusive of irrigation, located in an agricultural area over all other uses except the competing uses of water for ordinary household purposes.

352.12 State regulation.
In order to accomplish the purposes set forth in section 352.1, a rule adopted by a state agency after July 1, 1982 which would restrict or regulate farms or farm operations may contain standards which are less restrictive for farms or farm operations inside an agricultural area than for farms or farm operations outside such an area. A rule containing such a discrimination shall not for the fact of such discrimination alone be found or held to be unreasonable, arbitrary, capricious, beyond the authority delegated to the agency, or characterized by an abuse of discretion or clearly unwarranted exercise of discretion.

It is the purpose of this chapter to provide for a balance between the review and regulation authority of governmental agencies concerning the division and subdivision of land and the rights of landowners. It is therefore determined to be in the public interest:
1. To provide for accurate, clear, and concise legal descriptions of real estate in order to prevent, wherever possible, land boundary disputes or real estate title problems.
2. To provide for a balance between the land use rights of individual landowners and the economic, social, and environmental concerns of the public when a city or county is developing or enforcing land use regulations.
3. To provide for statewide, uniform procedures and standards for the platting of land while allowing the widest possible latitude for cities and counties to establish and enforce ordinances regulating the division and use of land, within the scope of, but not limited to, chapters 331, 335, 364, 414, and this chapter. All documents presented for recording pursuant to this chapter shall comply with section 331.606B.

1. The duty to file for record a plat as provided in sections 354.4 and 354.6 attaches as a covenant of warranty in all conveyances by a grantor who divides land against all assessments, costs, and damages paid, lost, or incurred by a grantee or person claiming under a grantee, in consequence of the omission on the part of the grantor to file the plat. The grantor or the surveyor shall contact the county auditor who, for the purpose of assessment and taxation, shall review the division to determine whether the survey shall include only the parcel being conveyed or both the parcel being conveyed and the remaining parcel.    d. The total acreage of each parcel.
   e. The acreage of any portion lying within a public right-of-way.

2. The auditor shall note a permanent real estate index number upon each parcel shown on a plat of survey according to section 441.29 for real estate tax administration purposes. The surveyor shall not assign parcel letters or prepare a metes and bounds description for any parcel shown on a plat of survey unless the parcel was surveyed by the surveyor in compliance with chapter 355. Parcels within a plat of survey prepared pursuant to this section are subject to the regulations and ordinances of the governing body.

3. When land or rights in land are divided for right-of-way purposes by an agency of the government or other persons having the power of eminent domain and the description of the land or rights acquired is a metes and bounds description then an acquisition plat shall be made and attached to the description when the acquisition instrument is recorded. Acquisition plats shall be clearly marked as an acquisition plat and shall conform to the following:
   a. Acquisition plats shall not be required to conform to the provisions of chapter 355.
   b. The information shown on the plat shall be developed from instruments of record together with information developed by field measurements. The unadjusted error of field measurements shall not be greater than one in five thousand.

The surveyor shall not be required to establish the location of the forty-acre aliquot line by survey but is required to use reasonable assumptions in determining its approximate location for assessment and taxation purposes.

5. Governmental agencies shall not be required to survey a remaining parcel when land is divided for right-of-way purposes and shall not be required to contact the auditor for approval of parcel designations shown on an acquisition plat.

§409A

354.4A Entry upon land for survey purposes.

1. A land surveyor may enter public or private land or water in the state only to occupy, locate, relocate, install, or replace survey monuments, to locate boundaries, rights-of-way, and easements, to determine geodetic positions, and to make surveys and maps and may carry with them their customary equipment and vehicles. A surveyor may not enter buildings or other structures located on the land. b. For purposes of this section, “land surveyor” means a land surveyor licensed pursuant to chapter 542B or a person under the direct supervision of a licensed land surveyor.

c. Vehicular access to perform surveys under this section is limited to established roads and trails, unless approval for other vehicular access is granted by the landowner.

A land surveyor shall provide written notice to the landowner, or the person who occupies the land as a tenant or lessee, not less than seven days prior to the entry. A mailing is deemed sufficient if the surveyor mails the required notice to the address of the landowner as contained in the property tax records. For civil liability purposes, receipt of this notice shall not be considered consent. This notice is not required for a survey along previously surveyed boundaries within a platted subdivision accepted or recorded by the federal government or an official plat as defined in section 354.2, subsection 12.

4. The written notice of the pending survey shall contain all of the following:

a. The identity of the party for whom the survey is being performed and the purpose for which the survey will be performed.

b. The employer of the surveyor.

c. The identity of the surveyor.

d. The dates the land will be entered; the time, location, and timetable for such entry; the estimated completion date; and the estimated number of entries that will be required.

5. This section shall not be construed as giving authority to land surveyors to destroy, injure, or damage anything on the lands of another without the written permission of the landowner, and this section shall not be construed as removing civil liability for such destruction, injury, or damage.

6. A land surveyor who enters on private land must comply with all biosecurity and restricted-access protocols established by the owner or occupant of the private land.

7. A landowner or occupant shall owe the same duty to a land surveyor entering land
without the consent of the landowner or occupant as the landowner or occupant would owe to a trespasser on that land.

§ 354.5 Descriptions and conveyance according to plat of survey or acquisition plat.

   c. The lot number or letter and name of the official plat, if the parcel lies within an official plat.
   d. The section, township, and range number and reference to the aliquot part of the section, if the parcel lies outside of an official plat.

2. A conveyance of a parcel shown on a recorded acquisition plat shall describe the parcel by using the description provided on the acquisition instrument or by reference to the acquisition plat, which reference shall include all of the following:
   a. The parcel designation and reference to the project for which the right-of-way was acquired.
   b. The document reference number of the recorded acquisition plat.
   c. The lot number or letter and name of the official plat, if the parcel lies within an official plat.
   d. The section, township, and range number and reference to the aliquot part of the section, if the parcel lies outside of an official plat.

3. A description by reference to the recorded plat of survey, in compliance with subsection 1, is valid.

4. A description by reference to the recorded acquisition plat, in compliance with subsection 2, is valid.

§ 354.6 Subdivision plats.

1. A subdivision plat shall be made when a tract of land is subdivided by repeated divisions or simultaneous division into three or more parcels, any of which are described by metes and bounds description for which no plat of survey is recorded. A subdivision plat is not required when land is divided by conveyance to a governmental agency for public improvements.

2. A subdivision plat shall have a succinct name or title that is unique, as approved by the auditor, for the county in which the plat lies. The auditor shall evidence the approval of such name or title in a statement that shall accompany the plat as provided in section 354.11. The plat shall include an accurate description of the land included in the subdivision and shall give reference to two section corners within the United States public land survey system in which the plat lies or, if the plat is a subdivision of any portion of an official plat, two established monuments within the official plat. Each lot within the plat shall be assigned a progressive number. Streets, alleys, parks, open areas, school property, other areas of public use, or areas within the plat that are set aside for future development shall be assigned a progressive letter and shall have the proposed use clearly designated. A strip of land shall not be reserved by the subdivider unless the land is of sufficient size and shape to be of practical use or service as determined by the governing body. Progressive block numbers or letters may be assigned to groups of lots separated from other lots by streets or other physical features of the land. The surveyor shall not assign lot numbers or letters to a lot shown within a subdivision
plat unless the lot has been surveyed by the surveyor in compliance with chapter 355. The auditor may note a permanent real estate index number upon each lot within a subdivision plat. Sufficient information, including dimensions and angles or bearings, shall be shown on the plat to accurately establish the boundaries of each lot, street, and easement. Easements necessary for the orderly development of the land within the plat shall be shown and the purpose of the easement shall be clearly stated.

3. If a subdivision plat, described as part of the United States public land survey system and not entirely within an official plat, lies within more than one forty-acre aliquot part of a section, the acreage shall be shown only for assessment and taxation purposes for the portion of the subdivision that lies within each forty-acre aliquot part of the section. The area of the irregular lots within the plat shall be shown and may be expressed in either acres, to the nearest one-hundredth acre, or square feet, to the nearest ten square feet. The surveyor shall not be required to establish the location of a forty-acre aliquot line by survey but is required to use reasonable assumptions in determining its approximate location for assessment and taxation purposes.

354.8 Review and approval by governing bodies.
1. A proposed subdivision plat lying within the jurisdiction of a governing body shall be submitted to that governing body for review and approval prior to recording. Governing bodies shall apply reasonable standards and conditions in accordance with applicable statutes and ordinances for the review and approval of subdivisions. The governing body, within sixty days of application for final approval of the subdivision plat, shall determine whether the subdivision conforms to its comprehensive plan and shall give consideration to the possible burden on public improvements and to a balance of interests between the proprietor, future purchasers, and the public interest in the subdivision when reviewing the proposed subdivision and when requiring the installation of public improvements in conjunction with approval of a subdivision. The governing body shall not issue final approval of a subdivision plat unless the subdivision plat conforms to sections 354.6, 354.11, and 355.8.

2. If the subdivision plat and all matters related to final approval of the subdivision plat conform to the standards and conditions established by the governing body, and conform to this chapter and chapter 355, the governing body, by resolution, shall approve the plat and certify the resolution which shall be recorded with the plat. The recorder shall refuse to accept a subdivision plat presented for recording without a resolution from each applicable governing body approving the subdivision plat or waiving the right to review.

3. As used in this section, the term “subdivision improvements” means any fixture, structure, or other improvement to land required to be constructed or installed by the proprietor as a condition of the governing body’s approval of a subdivision plat.

4. a. For a city with a population equal to or greater than fifty thousand, if the proprietor or the contractor for the construction of subdivision improvements has provided the name and facsimile number or electronic mail address of the contractor, the city shall notify the contractor, either by facsimile or electronic mail, not less than forty-eight hours in advance of the date on which the city will consider the acceptance of subdivision improvements constructed by the contractor.
b. For a city with a population equal to or greater than twenty-five thousand but less than fifty thousand, a proprietor or the contractor for the construction of subdivision improvements may request that the city notify the contractor, either by facsimile or electronic mail, not less than forty-eight hours in advance of the date on which the city will consider the acceptance of subdivision improvements constructed by the contractor. Upon the receipt of such a request to notify the contractor, the city shall provide such notice.

c. A city’s failure to provide notice pursuant to paragraph “a” or “b” shall not impose any responsibility on the city for the payment of any amounts owed by a proprietor to a contractor.

5. A city may establish jurisdiction to review subdivisions or plats of survey outside its boundaries pursuant to the provisions of section 354.9. In the case of a city, the provisions of this section apply to the review by the city of both subdivision plats and plats of survey.

354.9 Review of plats within two miles of a city.

1. If a city, which has adopted ordinances regulating the division of land, desires to review subdivision plats or plats of survey for divisions or subdivisions outside the city’s boundaries, then the city shall establish by ordinance specifically referring to the authority of this section, the area subject to the city’s review and approval. The area of review may be identified by individual tracts, by describing the boundaries of the area, or by including all land within a certain distance of the city’s boundaries, which shall not extend more than two miles distance from the city’s boundaries. The ordinance establishing the area of review or modifying the area of review by a city, shall be recorded in the office of the recorder and filed with the county auditor.

2. If a subdivision lies in a county, which has adopted ordinances regulating the division of land, and also lies within the area of review established by a city pursuant to this section, then the subdivision plat or plat of survey for the division or subdivision shall be submitted to both the city and county for approval. The standards and conditions applied by a city or county for review and approval of the subdivision shall be the same standards and conditions used for review and approval of subdivisions within the city limits or shall be the standards and conditions for review and approval established by agreement of the city and county pursuant to chapter 28E. Either the city or county may, by resolution, waive its right to review the subdivision or waive the requirements of any of its standards or conditions for approval of subdivisions, and certify the resolution which shall be recorded with the plat.

3. If cities establish overlapping areas of review outside their boundaries, then the cities shall establish by agreement pursuant to chapter 28E reasonable standards and conditions for review of subdivisions within the overlapping area. If no agreement is recorded pursuant to chapter 28E, then the city which is closest to the boundary of the subdivision shall have authority to review the subdivision.

4. For purposes of this section, “subdivision” also includes a declaration for the establishment of a horizontal property regime under chapter 499B. A declaration of a horizontal property regime that is proposed to be located within the area of review established by a city pursuant to this section shall be subject to review and approval in the same manner as a subdivision.

b. The governing body exceeding the time for review established by ordinance.

c. The denial of the application.

d. Failure of the governing body to approve or reject a subdivision plat within sixty days from the date of application for final approval.

2. If the plat is disapproved by the governing body, such disapproval shall state how the proposed plat is objectionable. The applicant has the right to appeal, within twenty days, the failure of the governing body to issue final approval of the plat as provided in this section.

3. The applicant or the aggrieved governing body has the right to appeal to the district court within twenty days after the date of the denial of the application or the date of the receipt by the applicant of the requirements for approval of the subdivision. Notice of appeal shall be served on the governing body in the manner provided for the service of original notice pursuant to the rules of civil procedure. The opinion shall state the names of the proprietors and holders of mortgages, liens, or other encumbrances on the land being platted and shall note the encumbrances, along with any bonds securing the encumbrances. A replat of any part of an official plat pursuant to section 354.25, or a recorded subdivision plat of any part of an
existing official plat shall supersede that part of the original official plat, including unused public utility easements.

2. The recorder shall examine each plat of survey and subdivision plat to determine whether the plat is clearly legible and whether the approval by the applicable governing body and the other attachments required by this chapter are presented with the plat. The recorder shall also keep a reproducible copy of the plat from which legible copies can be made. The recorder may specify the material and the size of the plat, not less than eight and one-half inches by eleven inches, that will be accepted for recording in order to comply with this section. The recorder shall not record a subdivision plat that violates this chapter.

354.19 Dedication of land.
1. An official plat which conforms to this chapter and has attached to the plat a dedication by the proprietors to the public and approval of the dedication by the governing body is equivalent to a deed in fee simple from the proprietors to the public of any land within the plat that is dedicated for street, alley, walkway, park, open area, school property, or other public use. An approved dedication of land for street purposes by the proprietors establishes an easement for public access, whether or not a deed has been recorded or the improvement of the street is complete, except when the resolution approving the plat specifically sets aside portions of the dedicated land as not being open for public access at the time of recording for public safety reasons. The recording of a subdivision plat shall dedicate to the public any utility, sewer, drainage, access, walkway, or other public easement shown on the plat.

2. The recording of an auditor’s plat shall not serve to dedicate streets, alleys, parks, open areas, school property, public improvements, or utilities. The failure to show the existence of an easement or any public interest on the auditor’s plat shall not remove or otherwise affect the interest.

354.20 Action to annul plats.
If a plat is filed and recorded in violation of this chapter, a governing body or a proprietor aggrieved by the violation, after filing written notice with the proprietors who joined in the acknowledgment of the plat or their successors in interest, may institute a suit in equity in the district court. The court may order the plat annulled except as provided in section 354.21.

C91, §409A.20

354.21 Limitation of actions on official plats.
An action shall not be maintained, at law or in equity, in any court, against a proprietor, based upon an omission of data shown on an official plat or upon an omission, error, or inconsistency in any of the documents required by this chapter unless the action is commenced within ten years after the date of recording of the official plat. Limitation of actions based on claims other than those provided for in this section shall be consistent with chapter 614.

354.22 Vacation of official plats.
1. The proprietors of lots within an official plat who wish to vacate any portion of the official plat shall file a petition for vacation with the governing body which would have
jurisdiction to approve the plat at the time the petition is filed. After the petition has been filed, the governing body shall fix the time and place for public hearing on the petition. Written notice of the proposed vacation shall be served in the manner of original notices as provided in Iowa rules of civil procedure and be served upon proprietors and mortgagees within the official plat that are within three hundred feet of the area to be vacated. If a portion of the official plat adjoins a river or state-owned lake, the Iowa department of natural resources shall be served written notice of the proposed vacation. Notice of the proposed vacation shall be published twice, with fourteen days between publications, stating the date, time, and place of the hearing.

2. The official plat or portion of the official plat shall be vacated upon recording of all of the following documents:
   a. An instrument signed, executed, and acknowledged by all the proprietors and mortgagees within the area of the official plat to be vacated, declaring the plat to be vacated. The instrument shall state the existing lot description for each proprietor along with an accurate description to be used to describe the land after the lots are vacated.
   b. A resolution by the governing body approving the vacation and providing for the conveyance of those areas included in the vacation which were previously set aside or dedicated for public use.
   c. A certificate of the auditor that the vacated part of the plat can be adequately described for assessment and taxation purposes without reference to the vacated lots.

3. No part of this section authorizes the closing or obstructing of public highways.

4. The vacation of a portion of an official plat shall not remove or otherwise affect a recorded restrictive covenant, protective covenant, building restriction, or use restriction. Recorded restrictions on the use of property within an official plat shall be modified or revoked by recording a consent to the modification or removal, signed and acknowledged by the proprietors and mortgagees within the official plat.

354.23 Vacation of streets or other public lands.

1. A city or a county may vacate part of an official plat that had been conveyed to the city or county or dedicated to the public which is deemed by the governing body to be of no benefit to the public.

2. The city or county shall vacate by resolution following a public hearing or by ordinance and the vacating instrument shall be recorded. The city or county may convey the vacated property by deed or may convey the property to adjoining proprietors through the vacation instrument. If the vacating instrument is used to convey property then the instrument shall include a list of adjoining proprietors to whom the vacated property is being conveyed along with the corresponding description of each parcel being conveyed. A recorded vacation instrument which conforms to this section is equivalent to a deed of conveyance and the instrument shall be filed and indexed as a conveyance by the recorder and auditor.

3. A vacation instrument recorded pursuant to this section shall not operate to annul any part of an official plat except as provided for in section 354.22.

354.24 Errors on recorded plats.
If an error or omission in the data shown on a recorded plat is detected by subsequent examinations or revealed by retracing the lines shown on the plat, the original surveyor or two surveyors confirming the error through independent surveys shall record an affidavit
confirming that the error or omission was made. The affidavit shall describe the nature and extent of the error or omission and also describe the corrections or additions to be made to the plat and note a document reference number of the recorded plat. The recorder shall note on the record of the plat the word “corrected”, and note the document reference number of the recorded affidavit. A copy of the recorded affidavit shall be filed with the auditor and assessor. The affidavit shall raise a presumption from the date of recording that the purported facts stated in the affidavit are true, and after the lapse of three years from the date of recording the presumption shall be conclusive.

§354.25 Survey and replat of official plats.

1. A survey of an official plat shall conform as nearly as possible to the original lot lines shown on the official plat. The surveyor may summon witnesses, administer oaths, and prepare affidavits and boundary line agreements as necessary in order to establish the location of property lines or lot lines. If a substantial error is discovered in an official plat or if it is found to be materially defective, a proprietor may petition the governing body which would have jurisdiction to approve the plat at the time the petition is filed for a replat of any part of the official plat. Notice of the proposed replat shall be served, in the manner of original notice as provided in Iowa rules of civil procedure, to the proprietors of record and holders of easements specifically recorded within the area to be replatted. The governing body has jurisdiction of the matter upon proof of publication of notice of the petition once each week for two weeks in a newspaper of general circulation within the area of the replat.

2. All of the following shall apply to a replat of an official plat ordered by the governing body:
   a. The replat shall be prepared by a surveyor pursuant to chapter 355 and recorded.
   b. The replat shall be exempt from the provisions of section 354.11.
   c. The replat shall have attached to the plat a statement by the surveyor that the replat is prepared at the direction of the governing body.

3. The costs of the replat shall be presented to the auditor and assessed against the property included in the replat as provided for in section 354.17.

A vacation, correction, or replatting as provided for in this chapter shall be recorded and an exact copy shall be filed with the auditor and assessor. If a governing body changes the addresses or street names shown on an official plat, notice of the change shall note the name or other designation of each official plat affected and shall be filed with the recorder, auditor, and assessor. The recorder shall note the vacation, correction, or replatting on the index and record of the official plat or upon an attachment to the official plat for that purpose. Platting and subdivisions; see also chapter 354
This chapter not enacted as a part of this title; transferred from chapter 114A in Code 1993

SUBCHAPTER I
GENERAL PROVISIONS

355.1 Definitions.

As used in this chapter unless the context otherwise requires:
1. “Corner” means a point at which two or more lines meet.
2. “Division” means dividing a tract or parcel of land into two parcels of land by conveyance or for tax purposes. The conveyance of an easement, other than a public highway easement, shall not be considered a division for the purpose of this chapter.
3. “Government lot” means a tract, within a section, which is normally described by a lot number as represented and identified on the township plat of the United States public land survey system.
4. “Land surveying” means surveying of land pursuant to chapter 542B.
5. “Lot” means a tract of land, generally a subdivision of a city or town block, represented and identified as a lot on a recorded plat.
6. “Meander line” means a traverse approximately along the margin of a body of water. A meander line provides data for computing areas and approximately locates the margin of the body of water. A meander line does not ordinarily determine or fix boundaries.
§355.1, STANDARDS FOR LAND SURVEYING

7. “Monument” means a physical structure which marks the location of a corner or other survey point.

8. “Offset line” means a supplementary traverse close to and approximately parallel with an irregular boundary line. An offset line provides data for computing areas and locates salient points on the irregular boundary line by measured distances referenced to the offset line.

9. “Plat of survey” means a graphical representation of a survey of one or more parcels of land, including a complete and accurate description of each parcel within the plat, prepared by a licensed professional land surveyor.

10. “Public improvement project” means a project relating to the construction of the principal structures, works, component parts, and accessories of any of the following:
   a. Underground gas, water, heating, sewer, telecommunications, and electrical connections located in streets for private property.
   b. Sanitary, storm, and combined sewers.
   c. Waterworks, water mains, and extensions.
   d. Emergency warning systems.
   e. Pedestrian underpasses or overpasses.
   f. Drainage conduits, dikes, and levees for flood protection.
   g. Public waterways, docks, and wharfs.
   h. Public parks, playgrounds, and recreational facilities.
   i. Clearing, stripping, grubbing, earthwork, erosion control, lot grading, street grading, paving, graveling, macadamizing, curbing, guttering, and surfacing with oil and gravel or chloride.
   j. Street lighting fixtures, connections, and facilities.
   k. Sewage pumping stations.
   l. Traffic control devices, fixtures, connections, and facilities.
   m. Public roads, streets, and alleys.

11. “Retracement plat of survey” means a graphical representation of a survey of one or more parcels or tracts of land prepared by a licensed professional land surveyor and described by an existing recorded property description used for the transfer of land.

12. “Subdivision” means a tract of land divided into three or more lots.

13. “Subdivision plat” means a graphical representation of the subdivision of land, prepared by a licensed professional land surveyor, having a number or letter designation for each lot within the plat and a succinct name or title that is unique for the county where the land is located.

14. “Surveyor” means a licensed professional land surveyor who engages in the practice of land surveying pursuant to chapter 542B.

355.3 Rules.
Pursuant to chapter 542B, the engineering and land surveying examining board may adopt rules consistent with the rules prescribed by the Acts of Congress and the instructions of the United States Secretary of the Interior.

90 Acts, ch 1236, §3
355.4 Boundary location.
The surveyor shall acquire data necessary to retrace record title boundaries, center lines, and other boundary line locations in accordance with the legal descriptions including applicable provisions of chapter 650. The surveyor shall analyze the data and make a careful determination of the position of the boundaries of the parcel or tract of land being surveyed. The surveyor shall make a field survey, locating and connecting monuments necessary for location of the parcel or tract and coordinate the facts of the survey with the analysis and legal description. The surveyor shall place monuments marking the corners of the parcel or tract unless monuments already exist at the corners.

90 Acts, ch 1236, §4
C91, §114A.4
C93, §355.4

355.5 Measurements.
1. Measurements shall be made with instruments and methods capable of attaining the required accuracy for the particular problem involved.
2. Measurements as placed on plats shall be in conformance with the capabilities of the instruments used.
3. In a closed traverse the sum of the measured angles shall agree with the theoretical sum by a difference not greater than thirty seconds times the square root of the number of angles.
4. Distances shall be shown in decimal feet in accordance with the definition of the U. S. survey foot. Distance measurements shall refer to the horizontal plane.

355.6 Monumentation.
1. The surveyor shall confirm the prior establishment of control monuments at each controlling corner on the boundaries of the parcel or tract of land being surveyed. If no control monuments exist, the surveyor shall place the monuments. Control monuments shall be constructed of reasonably permanent material solidly embedded in the ground and capable of being detected by commonly used magnetic or electronic equipment. The surveyor shall affix a cap of reasonably inert material bearing an embossed or stencil cut marking of the Iowa license number of the surveyor to the top of each monument which the surveyor places.
2. Control monuments shall be placed at the following locations:
   a. Each corner and angle point of each lot, block, or parcel of land surveyed.
   b. Each point of intersection of the outer boundary of the survey with an existing or created right-of-way line of a street, railroad, or other way.
   c. Each point of curve, tangency, reversed curve, or compounded curve on each right-of-way line established.
3. If the placement of a monument required by this chapter at the prescribed location is impractical, a reference monument shall be established near the prescribed location. If a point requiring monumentation has been previously monumented, the existence of the monument shall be confirmed by the surveyor.
4. At least a minimum number of two survey control monuments are required to be placed before the recording of a subdivision provided the surveyor includes in the surveyor’s statement a declaration that additional monuments shall be placed before a date specified in the statement or within one year from the date the subdivision is recorded, whichever is earlier.

90 Acts, ch 1236, §6
§355.6A Monument preservation certificate.

1. If during the construction of a public improvement project the governmental entity or other organization responsible for the public improvement project determines that a monument is likely to be disturbed or removed, the entity or organization shall hire or cause to be hired a surveyor to locate and preserve, in the manner provided in this section, the monuments likely to be disturbed or removed. However, any United States public land survey corner monuments that are within the construction corridor of a public improvement project shall be preserved and replaced pursuant to section 355.11.

2. a. The surveyor shall review all relevant documents of record, including those retained by federal, state, county, and city offices, necessary for locating the monuments likely to be disturbed or removed. The surveyor shall also conduct a field survey of the construction corridor to locate such monuments and preserve their positions and, if applicable, their elevations.

   b. Following the completion of the public improvement project, the surveyor shall replace any monument disturbed or removed at its preserved position pursuant to section 355.6, subsection 1. Elevation shall be preserved, if applicable, by using appropriate survey methods to determine a relative elevation on a nearby physical structure.

   c. If the replacement of a monument at the preserved location is unsafe or impractical, the surveyor may, in lieu of establishing a reference monument, use a federal, state, county, or city geographic coordinate system to preserve the position.

3. The surveyor shall prepare a monument preservation certificate to record and identify a monument location preserved under this section. Multiple monuments preserved for the same public improvement project may be identified on a single certificate. The size of each sheet making up the certificate shall not be less than eight and one-half inches by eleven inches. The monument preservation certificate shall include, at a minimum, the following information:

   a. A description of the public improvement project and the jurisdiction or organization under which the certificate was prepared.

   b. A description of the land on which the monument is located within, including the section number, township, range, county, quarter section description, and official plat name, if applicable.

   c. A description of the monument prior to being disturbed or removed, including but not limited to its size, shape, material, and color. However, the surveyor shall not be required to state the significance of any such monument.

   d. A description of the procedure used to preserve the position of the monument. When a federal, state, county, or city geographic coordinate system is used to preserve the position of the monument, such description shall include a coordinate listing and elevation, if applicable, of all coordinate system access monuments used and the official name of the system, along with the geographic datum to which the coordinate system is referenced.

   e. A description of the replacement monument after being preserved, including but not limited to its size, shape, material, and color. However, the surveyor shall not be required to state the significance of any such replacement monument.

   f. Where the elevation of a monument is preserved, a description of the monument prior to and after replacement, including the relative elevation and a minimum of three reference ties.

   g. A plan-view site drawing depicting the monument with reference to the physical surroundings and natural or man-made objects in sufficient detail to facilitate the preservation of the monument, including project control, nearby monuments, street or highway centerlines, project corridor right-of-way lines, trees, fences, or structures.

   h. A statement by the surveyor certifying that the work was performed by the surveyor
or under the surveyor’s direct personal supervision, which shall be signed and dated by the
surveyor and bear the surveyor’s Iowa license number and legible seal.

4. a. The monument preservation certificate shall be filed with the county recorder
pursuant to section 331.606B, subsection 5, no later than thirty days after the certificate is
signed by the surveyor.

b. The county recorder shall index the monument preservation certificate according to
the township, range, section number, and quarter section on which the monument is located
within. If the monument is located within an official plat, the county recorder shall index the
certificate alphabetically by the official plat name.

c. The index legend affixed to such certificate shall include the following information:
(1) The surveyor’s name, mailing address, and other contact information.
(2) The name of the governmental entity or other organization under which the surveyor
provided the professional service.
(3) The aliquot part or parts of the United States public land survey system or portion of
official plat that the monument is located within.
(4) The name of the governmental entity or other organization requesting the monument
preservation certificate pursuant to this section.
(5) Information necessary for the county recorder to return the certificate.

5. a. A monument preservation certificate shall not be prepared in lieu of a plat of survey
or acquisition plat where a true land boundary survey is required.

b. A monument preservation certificate shall not be prepared for the identification or
establishment of survey corners or right-of-way corners.

c. The surveyor preparing a monument preservation certificate shall be liable only for the
accuracy or placement of the replacement monument and not for the accuracy or placement
of the original monument.

2016 Acts, ch 1064, §3

355.7 Plats of survey.
A plat of survey shall be made, showing information developed by the survey, for each
land survey performed for the purpose of correcting boundaries, correcting descriptions of
surveyed land, or for the division of land. Each plat of survey shall conform to the following
provisions:

1. The original plat drawing shall remain the property of the surveyor.
2. The size of each plat sheet shall not be less than eight and one-half inches by eleven
inches.
3. The scale of the plat drawing shall be clearly stated and graphically illustrated by a bar
scale on every plat sheet.
4. An arrow indicating the northern direction shall be shown on each plat sheet.
5. The plat shall show that the survey is tied to a physically monumented land line which
is identified by two United States public land survey system corners, or by two physically
monumented corners of a recorded subdivision.

6. a. The plat shall show the lengths and bearings of the boundaries of the parcels
surveyed. The course of each boundary line shown on the plat may be indicated by a direct
bearing reference or by an angle between the boundary line and an intersecting line having
a shown bearing, except when the boundary line has an irregular or constantly changing
course, as along a body of water, or when a description of the boundary line is better
achieved by measurements shown at points or intervals along a meander line or an offset
line having a shown course. The bearings shall be referenced to a United States public land
survey system land line, or recorded subdivision line. If the boundary lines show bearings,
lengths, or locations which vary from those recorded in deeds, abutting plats, or other
instruments of record, the following note shall be placed along the lines:

Recorded as (show recorded bearing, length, or location).

b. Bearings and angles shown shall be given to at least the nearest minute of arc.
7. The plat shall show and identify all monuments necessary for the location of the parcel
and shall indicate whether the monuments were found or placed.
8. If United States public land survey system corners control the land description, the corners shall be clearly identified on the plat including a description of the monumentation and shall indicate whether the monuments were found or placed.

9. Control monuments shall be adequately described and clearly identified on the plat and noted as found or placed. If additional monuments are to be placed subsequent to the recording of a subdivision as provided in section 355.6, the location of the additional monuments shall be shown on the plat.

10. Distance shall be shown in decimal feet in accordance with the definition of the U.S. survey foot. Distance measurements shall refer to the horizontal plane.

11. Curve data shall be stated in terms of radius, central angle, and length of curve, and as otherwise specified by local ordinance. In all cases, the curve data must be shown for the line affected.

12. The unadjusted error of closure shall not be greater than one in five thousand for an individual parcel.

13. If any part of the surveyed land is bounded by an irregular line, that part shall be enclosed by a meander line or an offset line showing complete data with distances along all lines extending beyond the enclosure to the irregular boundary, and shown with as much certainty as can be determined or as “more or less”, if variable. In all cases, the true boundary shall be clearly indicated on the plat.

14. The plat shall be captioned to show the date of the survey, and shall be accompanied by a description of the parcel.

15. The plat shall contain a statement by a surveyor that the work was done and the plat was prepared by the surveyor or under the surveyor’s direct personal supervision, shall be signed and dated by the surveyor, and shall bear the surveyor’s Iowa license number and legible seal.

C91, §114A.7
C93, §355.7

355.7A Retracement plats of survey.

A retracement plat of survey shall be made, showing information developed by the survey, for each land survey performed for the purpose of surveying an existing recorded description of one or more parcels or tracts of land and shall not be used for the division of land. Each retracement plat of survey shall conform to the following provisions:

1. The original plat drawing shall remain the property of the surveyor.

2. The size of each plat sheet shall not be less than eight and one-half inches by eleven inches.

3. The scale of the plat drawing shall be clearly stated and graphically illustrated by a bar scale on every plat sheet.

4. An arrow indicating the northern direction shall be shown on each plat sheet.

5. The plat shall show that the survey is a correct representation of the recorded description of the parcel or tract. The plat shall show, clearly and unequivocally, the method used by the land surveyor to locate the recorded description of land.

6. a. The plat shall show the lengths and bearings of the boundaries of the parcels surveyed. The course of each boundary line shown on the plat may be indicated by a direct bearing reference or by an angle between the boundary line and an intersecting line having a shown bearing, except when the boundary line has an irregular or constantly changing course, as along a body of water, or when a description of the boundary line is better achieved by measurements shown at points or intervals along a meander line or an offset line having a shown course. The bearings shall be referenced to a United States public land survey system land line or recorded subdivision line. If the boundary lines show bearings, lengths, or locations which vary from those recorded in deeds, abutting plats, or other instruments of record, the following note shall be placed along the lines:

   Recorded as (show recorded bearing, length, or location).
b. Bearings and angles shown shall be given to at least the nearest minute of arc.
7. The plat shall show and identify all monuments necessary for the location of the parcel and shall indicate whether the monuments were found or placed.
8. If United States public land survey system corners control the land description, the corners shall be clearly identified on the plat including a description of the monumentation and shall indicate whether the monuments were found or placed.
9. Control monuments shall be adequately described and clearly identified on the plat and noted as found or placed.
10. Distance shall be shown in decimal feet in accordance with the definition of the U.S. survey foot. Distance measurements shall refer to the horizontal plane.
11. Curve data shall be stated in terms of radius, central angle, and length of curve, and as otherwise specified by local ordinance. In all cases, the curve data must be shown for the line affected.
12. The unadjusted error of closure shall not be greater than one in five thousand for an individual parcel.
13. If any part of the surveyed land is bounded by an irregular line, that part shall be enclosed by a meander line or an offset line showing complete data with distances along all lines extending beyond the enclosure to the irregular boundary, and shown with as much certainty as can be determined or as "more or less", if variable. In all cases, the true boundary shall be clearly indicated on the plat.
14. The acreage shall be shown for each parcel or tract included in a retracement plat of survey to the nearest one-hundredth of an acre. If a parcel or tract described as part of the United States public land survey system and not entirely within an official plat lies within more than one forty-acre aliquot part of a section, the acreage shall be shown only for assessment and taxation purposes for each portion of the parcel that lies within each forty-acre aliquot part. The surveyor shall not be required to establish the location of the forty-acre aliquot line by survey but is required to use reasonable assumptions in determining its approximate location for assessment and taxation purposes. If appropriate, areas of parcels or tracts of less than one acre may be expressed in square feet to the nearest ten square feet.
15. The plat shall be captioned to show the date of the survey, and shall be accompanied by a description of the parcel.
16. The plat shall contain a statement by a surveyor that the work was done and the plat was prepared by the surveyor or under the surveyor's direct personal supervision, shall be signed and dated by the surveyor, and shall bear the surveyor's Iowa license number and legible seal.

355.8 Plats for subdivisions.
Subdivision plats shall conform to the following provisions where applicable:
1. The original plat drawing shall remain the property of the surveyor.
2. The size of each plat sheet shall not be less than eight and one-half inches by eleven inches.
3. If more than one sheet is used, each sheet shall display both the number of the sheet and the total number of sheets included in the plat, and clearly labeled match lines indicating where the other sheets adjoin. An index shall be provided to show the relationship between the sheets.
4. The scale of the plat drawing shall be clearly stated and graphically illustrated by a bar scale on every plat sheet.
5. Each subdivision plat shall be designated, by name or as otherwise prescribed, in bold letters inside the margin at the top of each plat sheet.
6. An arrow indicating the northern direction shall be shown on each plat sheet.
7. The plat shall show that the subdivision is tied to a physically monumented land line which is identified by two United States public land survey system corners, or by two physically monumented corners of a recorded subdivision.
8. a. The plat shall show the lengths and bearings of the boundaries of the tracts
surveyed. The course of each boundary line shown on the plat may be indicated by a direct
bearing reference or by an angle between the boundary line and an intersecting line having
a shown bearing, except when the boundary line has an irregular or constantly changing
course, as along a body of water, or when a description of the boundary line is better
achieved by measurements shown at points or intervals along a meander line or an offset
line having a shown course. The bearing shall be referenced to a United States public land
survey system land line, or recorded subdivision line. If the boundary lines show bearings,
lengths, or locations which vary from those recorded in deeds, abutting plats, or other
instruments of record, the following note shall be placed along the lines:

Recorded as (show recorded bearing, length, or location).

b. Bearings and angles shown shall be given to at least the nearest minute of arc.

9. The plat shall show and identify all monuments necessary for the location of the tracts
and shall indicate whether the monuments were found or placed.

10. If United States public land survey system corners control the land description, the
corners shall be clearly identified on the plat including a description of the monumentation
and shall indicate whether the monuments were found or placed.

11. Control monuments shall be adequately described and clearly identified on the plat
and noted as found or placed. If additional monuments are to be placed subsequent to
the recording of a subdivision as provided in section 355.6, the location of the additional
monuments shall be shown on the plat.

12. Survey data shall be shown to positively describe the bounds of every lot, block, street,
easement, or other areas shown on the plat, and the boundaries of the surveyed lands.

13. Distances shall be shown in feet to at least the nearest one-tenth of a foot in
accordance with the definition of the U.S. survey foot. Distance measurements shall refer
to the horizontal plane.

14. Curve data shall be stated in terms of radius, central angle, and length of curve. Unless
otherwise specified by local ordinance, curve data for streets of uniform width need only be
shown with reference to the center line and lots fronting on such curves need only show the
chord bearing and distance of the part of the curve included in the lot boundary. Otherwise,
the curve data shall be shown for the line affected.

15. The unadjusted error of closure shall not be greater than one in ten thousand for
subdivision boundaries and shall not be greater than one in five thousand for an individual
lot.

16. If part of the surveyed land is bounded by an irregular line, that part shall be enclosed
by a meander line or an offset line showing complete data with distances along all lines
extending beyond the enclosure to the irregular boundary, and shown with as much certainty
as can be determined or as “more or less”, if variable. In all cases, the true boundary shall be
clearly indicated on the plat.

17. Interior excepted parcels shall be clearly indicated and labeled as follows:

Not a part of this survey (or subdivision).

18. Adjoining properties shall be identified, and if the adjoining properties are a part
of a recorded subdivision, the name of that subdivision shall be shown. If the survey is a
subdivision of a portion of a previously recorded subdivision plat, sufficient ties shall be
shown to controlling lines appearing on such plat to permit a comparison to be made.

19. The purpose of any easement shown on the plat shall be clearly stated.

20. The purpose of areas dedicated to the public shall be clearly indicated on the plat.

21. The plat shall be accompanied by a description of the land included in the subdivision
and shall contain a statement by the surveyor that the work was done and the plat was
prepared by the surveyor or under the surveyor’s direct personal supervision and shall be
signed and dated by the surveyor and bear the surveyor’s Iowa license number and legible
seal.

355.9 Descriptions.
A description defining land boundaries written for conveyance or other purposes shall be complete, providing definite and unequivocal identification of the property lines or boundaries. The description shall be sufficient to enable the description to be platted and retraced. The description shall commence at or relate to a physically monumented corner or boundary line of record.
1. If the land is located in a recorded subdivision, the description shall contain the number or other description of the lot, block, or other part of the subdivision, or shall describe the land by reference to a known corner of the lot, block, or other part.
2. If the land is not located in a recorded subdivision, the description shall identify the section, township, range, and county, and shall describe the land by reference to government lot, by quarter-quarter section, by quarter section, or by metes and bounds commencing with a corner marked and established in the United States public land survey system.

355.10 Record.
1. The surveyor shall record a plat and description with the county recorder no later than thirty days after signature on the plat by the surveyor if the survey was made for one of the following purposes:
   a. To correct boundaries and descriptions of land.
   b. For the division of land.
   c. To retrace an existing recorded description of a parcel or tract of land.
2. The plat and description shall show distinctly what piece of land was surveyed, the surveyor, and the date of the survey.
3. The thirty-day requirement shall not apply to subdivision plats.

355.11 United States public land survey corner certificate.
1. A United States public land survey corner certificate shall be prepared as part of any land surveying which includes the use of a United States public land survey system corner, having the status of a corner of a quarter-quarter section or larger aliquot part of a section, if one or more of the following conditions exist:
   a. There is no certificate for the corner on file with the recorder of the county in which the corner is located.
   b. The surveyor in responsible charge of the land surveying accepts a corner position which differs from that shown in the public records of the county in which the corner is located.
   c. The corner monument is replaced or modified in any way.
   d. The reference ties referred to in an existing public record are not correct.
2. The surveyor shall record the required certificate with the recorder and forward a copy to the county engineer of the county in which the corner is located within thirty days after completion of the surveying. The certificate shall comply with the following requirements:
   a. The size of the sheet or sheets making up the certificate shall not be less than eight and one-half inches by eleven inches.
   b. The identity of the corner, with reference to the United States public land survey system, shall be clearly indicated.
   c. The certificate shall contain a narrative explaining the reason for preparing the
§355.11, STANDARDS FOR LAND SURVEYING

Certificate, the evidence and detailed procedures used in establishing the corner position, and the monumentation found or placed perpetuating the corner position including reference monumentation.

d. The certificate shall contain a plan-view site drawing depicting the relevant monuments, physical surroundings, and reference ties in sufficient detail to enable recovery of the corner.

e. The certificate shall contain at least three reference ties, measured to the nearest one-hundredth of a foot from the corner to durable physical objects near the corner, which are located so that the intersection of any two of the ties will yield a strong corner position recovery.

f. The certificate shall contain a statement by the surveyor that the work was done and the certificate was prepared by the surveyor or under the surveyor’s direct personal supervision and shall be signed and dated by the surveyor and bear the surveyor’s Iowa license number and seal.

3. A public land survey corner certificate may contain more than one corner that is being certified as part of the land surveying project. The recorder shall accept for recording a certificate containing multiple corners certified pursuant to this section.

2. If the parties interested cannot agree upon the amount to be paid for damages caused by entry upon lands pursuant to subsection 1, either of them may petition the district court in the county in which the land is situated and the district court shall appoint a time for a hearing. The district court shall order at least twenty days’ notice to be given to all interested parties, and, with or without a view of the premises as the court may determine, hear the parties and their witnesses and assess damages.

3. The person entering upon land, pursuant to subsection 1, may tender to the injured party damages caused thereby, and if, in case of petition or complaint to the district court, the damages finally assessed do not exceed the amount tendered, the person entering shall recover costs. Otherwise, the prevailing party shall recover costs.

4. The costs to be allowed in cases taken pursuant to this section shall be the same as allowed according to the rules of the court and provisions of law relating to costs.

SUBCHAPTER II

IOWA PLANE COORDINATE SYSTEM

355.16 Iowa plane coordinate system defined.

As used in this subchapter, unless the context otherwise requires, “Iowa plane coordinate system” or “coordinate system” means the system of plane coordinates established by the United States national ocean survey, or the United States national geodetic survey, or a successor agency, for defining and stating the geographic positions or locations of points on the surface of the earth within the state of Iowa.

93 Acts, ch 50, §1; 2018 Acts, ch 1041, §124
Section amended

355.17 Designation of coordinate zones.

The Iowa plane coordinate system is divided into two zones designated as follows:

b. The coordinate system north zone is a Lambert conformal conic projection of the North American datum of 1983, having standard parallels at north latitudes forty-two degrees, four minutes, and forty-three degrees, sixteen minutes, along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian ninety-three degrees, thirty minutes west of Greenwich, and the parallel forty-one degrees, thirty minutes north latitude. This origin is given the coordinates: x equals one million five hundred thousand meters exact and y equals one million meters exact.

b. The coordinate system south zone is a Lambert conformal conic projection of the North American datum of 1983, having standard parallels at north latitudes forty degrees, thirty-seven minutes, and forty-one degrees, forty-seven minutes, along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian ninety-three degrees, thirty minutes west of Greenwich, and the parallel forty degrees, zero minutes north latitude. This origin is given the coordinates: x equals five hundred thousand meters exact and y equals zero meters exact.

93 Acts, ch 50, §2; 93 Acts, ch 180, §78
§355.18 Identification of geographic locations.
The plane coordinate values for a point on the earth’s surface used to express the
geographic position or location of the point in the appropriate zone of the coordinate system
shall consist of two distances expressed in meters and decimals of a meter. One of these
distances, to be known as the “x-coordinate”, shall give the position in an east-and-west
direction; the other, to be known as the “y-coordinate”, shall give the position in a
north-and-south direction. These coordinates shall be made to depend upon and conform
to plane rectangular coordinate values for the monumented points of the North American
horizontal geodetic control network as published by the United States national ocean survey,
or the United States national geodetic survey, or a successor agency. Any monumented point
may be used for establishing a survey connection to the coordinate system.
93 Acts, ch 50, §3

§355.19 Application of terms.
The use of the term “Iowa plane coordinate system north zone” or “Iowa plane coordinate
system south zone” on a map, report of survey, or other document shall be limited to
coordinates based on the Iowa plane coordinate system as defined in this chapter.

Moneys collected by the sheriff or municipality under this section shall be credited respectively to the county general fund or the city general fund and distributed as provided in this section. If a prisoner who has been convicted of a criminal offense or sentenced for contempt of court for violation of a domestic abuse order fails to pay for the administrative costs, the room and board, or medical aid, the sheriff or municipality may file a reimbursement claim with the district court as provided in subsection 2. The county attorney may file the reimbursement claim on behalf of the sheriff and the county or the municipality. The city may inform the benefited water district within ninety days of receipt of the plan that the city requires additional time or information to study the question of providing water service outside the limits of the city. If additional time or information is required, the city shall respond to the benefited water district’s plan within one hundred eighty days of receipt of the plan. In responding to the plan, the city may waive its right to provide water service within the areas designated for service by the benefited water district, or the city may reserve the right to provide water service in some or all of the areas which the benefited water district intends to serve. If the city reserves the right to provide water service within some or all of the areas which the benefited water district intends to serve, the city shall provide service within four years of receipt of the plan. This section does not preclude a city from providing water service in an area which is annexed by the city.

357.1B Combined water and sanitary district.

1. Upon receipt of a petition having the required signatories as provided in section 357.1A or 358.2, the board of supervisors shall grant a hearing relative to the establishment of a proposed combined water and sanitary district. The petition shall include the information required in sections 357.1A and 358.2 for proposed water districts and sanitary districts. The board of supervisors of the county in which the proposed combined district or largest part of the proposed combined district is located, shall have jurisdiction of the proceedings on the petition and the decision of a majority of the members of that board of supervisors is necessary for adoption. The orders of the board of supervisors made pursuant to this chapter and chapter 358 relating to the proposed combined district shall be kept as official records, but the records need not be published under section 349.16. An existing district may petition the board of supervisors to establish a combined water and sanitary district after the approval of a majority of the district electorate.

2. The board of supervisors having jurisdiction to establish the proposed combined water and sanitary district may proceed with its establishment under this chapter or chapter 358 in the same manner as a benefited water district or a sanitary district is separately established under those chapters. The differences between this chapter and chapter 358 including, but not limited to, the membership of the board of trustees, per diem, and maximum annual per diem, or a power or duty relating to rents, fees, taxation, or bonded indebtedness shall be resolved as a part of the petition submitted to the board of supervisors. Before becoming effective, a change in the membership, per diem, maximum annual per diem, or a power or duty relating to rents, fees, the levy of a tax, or the issuance of bonds, or other differences specified on the petition shall be submitted for the approval of the district electorate. However, the number of members, per diem, maximum annual per diem, or differences in powers and duties included in a combined district shall not be inconsistent with this chapter or chapter 358.

3. For the purpose of establishing, operating, or dissolving a combined water and sanitary district under this chapter and chapter 358, the term “benefited water district” includes combined water and sanitary district where applicable.

4. Water services and a water service plan prepared by the combined district are subject to approval by an affected city as provided in section 357.1A.

This preliminary proposal from the governing body of the source of supply shall be binding, and shall be in the nature of an option to purchase water by the district, or the individual within the same, if and when the proposed benefited water district shall have completed its construction, and is ready to use water. Vacancies during a term may be filled by election, or by appointment by the board of supervisors, at the option of the remaining trustees. The trustees must be residents of the district. The term of succeeding trustees shall be for three years.

When the completed plans and specifications are on file with the county auditor, and the estimated total cost of the project exceeds the competitive bid threshold in section 26.3, or as established in section 314.1B, the board of supervisors shall comply with the competitive bid procedures in chapter 26 for the construction of the project.

357.15 Inadequate assessment.
When bids have been received, if it is apparent that the final assessment will need to be increased more than ten percent over the preliminary assessment, the board of supervisors shall, at its option, reject bids and readvertise for bids as provided herein, or reject bids and revise the dummy assessment. If the dummy assessment is revised, another election shall be held within the district in the same manner and with the same notices as the first, except that the candidates for trustees shall not be voted for.

357.16 Second election.
If the majority of the votes cast at said second election be in favor of said improvement, the board of supervisors shall again advertise for bids in the same manner as before. If the bids at the second letting will not necessitate raising the second preliminary assessment more than ten percent, the board may let the contract to the lowest responsible bidder.

If the contractor shall fail to complete the work as provided in the contract, or shall abandon the same, or fail to proceed in a reasonable manner toward its final completion, the board may proceed against the contractor and surety as provided in sections 468.104 and 468.105.

The board of supervisors shall proceed in accordance with sections 468.101 and 468.102.

After the final acceptance of the work by the board of supervisors, the engineer shall complete the final assessment, which shall be made on all the property within the district,
whether abutting or not, for an amount approximately ten percent greater than the total cost of the project. The assessment shall not exceed benefits conferred and shall take into consideration the location and value of the property assessed. Where a pipe in excess of six inches in diameter is used, the assessment against the abutting property shall be limited to the cost of a six-inch pipe, and the difference between the cost of the pipe used and a six-inch pipe shall be paid by a uniform assessment against all benefited property within the water district. The final assessment on any lot or parcel of land shall not exceed the final preliminary assessment by more than ten percent, and shall in no case exceed twenty-five percent of the actual value of the property. The board of supervisors may alter an assessment to increase or decrease it within the limits outlined above, and must approve by resolution the final assessment as made.

Assessments of five hundred dollars or less will come due at the first taxing date after the approval of the final assessment, and assessments of more than five hundred dollars may be paid in ten annual installments with interest on the unpaid balance at a rate not exceeding that permitted by chapter 74A. The board of supervisors shall issue bonds against the completed assessment in an amount equal to the total cost of the project, so that the amount of the assessment will be approximately ten percent greater than the amount of the bonds.

§357.22 Lien of assessments — tax.
When the assessment has been completed, the bonds have been sold and delivered to the county auditor, and the schedule of assessment has been delivered to the county treasurer, the installments due thereon shall be collected in the same manner as ordinary taxes and shall constitute a lien on the property against which they are made. If the treasurer does not receive sufficient funds to enable the treasurer to pay the interest and retire the bonds as they become due, the auditor shall levy an annual tax of eighty-one cents per thousand dollars of assessed value of all taxable property within the district to pay such deficiency, and the county treasurer shall apply the proceeds of such levy to the payment of the bonds and the interest on the same so long as the bonds are in arrears on either interest or principal.

The trustees of a benefited water district located in a county with a population of two hundred fifty thousand or less shall have power to levy an annual tax not to exceed thirteen and one-half cents per thousand dollars of assessed value of all taxable property in the district, for the maintenance of the system. However, the trustees of a benefited water district located in a county with a population of more than two hundred fifty thousand may levy an annual tax on the taxable value of all taxable property in the district in an amount as may be necessary for the maintenance of the system, with the approval of the board of supervisors. This levy shall be optional with the trustees. The trustees may purchase material and employ labor to properly maintain and operate the utility. 357.26 Duties of trustees.
It is anticipated that this law will usually be utilized to finance a distribution system where the source of supply is without the district, and not under its control, and that individuals within the district will pay water rent to a municipality or corporation without the district. It is intended that the trustees may so operate the utility as will best serve the users, and they are expressly authorized to buy and sell water, to fix the rates to consumers and make all contracts reasonable or necessary to accomplish the purpose of this chapter and to carry on all the operations incident to maintaining and operating said utility and to the procuring and furnishing of water to the consumers therein. If the development of a source of supply is within the means of the district, the trustees may install wells, tanks, meters and any other equipment properly pertaining to operate it.

[C39, §5526.27; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.27]

357.28 Private mains — additional assessments.
Any person or persons within any water district, who may, after the initial installation of the improvement in any such district, desire to construct additional mains, and who have been assessed on the original assessment, may with the consent of the trustees, connect such lateral mains as they desire with the original system to serve property within the district which has been assessed, provided that the entire cost thereof shall be borne by the parties so interested.

The trustees shall have power to make additional assessments on unimproved lots or parcels of land within the district when said unimproved lots or parcels are improved and ready to receive the full benefits of the district. This additional assessment shall be determined and fixed by the trustees and shall not exceed the average assessment for
improved property in said districts less the original assessment on said unimproved lots or parcels. Said assessments shall be paid to the county treasurer before service pipes are laid into said improvement. The assessment shall be put in the benefited water district fund of the district of which said lots or parcels are a part and shall be used by the county treasurer for the retirement of bonds and interest. When the bonds are all retired, the trustees shall be authorized to use said fund for maintenance purposes, changing size of mains, eliminating dead ends, or extending mains for the benefit of the district.

357.30 Additional territory.

When the district is under the control of trustees, they are empowered to deal with parties without the district who desire to be taken into the district or to obtain water from the district and determine the amount to be assessed against said district to be taken in or connected with. The trustees shall have power in such cases to make agreements for the district, and may, with the consent of the board of supervisors, alter the district boundaries to take in additional territory. No lot or parcel of land shall be put out of a district without the consent of the owner, after it has paid any assessment to the district.

The board of supervisors shall have power to condemn, in the same manner as provided for the condemnation of land, right-of-way through private property, sufficient for the construction and maintenance of water mains. 357.33 Appeal procedure.

Any person aggrieved, may appeal from any final action of the board of supervisors in relation to any matter involving the person’s rights, to the district court of the county in which the district is located. The procedure in such appeals shall be governed by the provisions of sections 468.84 to 468.99 provided that whenever in the above sections the words “drainage district” occur, the words “benefited water district” shall be substituted.

Where a city is situated wholly or partly within a benefited water district or the source of supply for such benefited water district is a municipal water system, the board of supervisors having jurisdiction of said benefited water district, at the request of the trustees of said benefited water district, may, by proper resolution, convey unto said city any and all rights
which said board of supervisors may have in and to said benefited water district. Said conveyance, however, shall not become effective until all existing obligations against said district have been completely and fully discharged and such conveyance accepted and confirmed by a resolution of the council of said city or of the board of waterworks trustees of said city if there be one, specially passed for such purpose.

Upon acceptance, the district, including the plant and distribution system, as well as all funds and credits shall become the property of said city and be operated and used by it to the same extent as if acquired under such provisions of law under which said city is then operating its waterworks. Also, the offices of the trustees as provided in this chapter shall be abolished upon acceptance by the city and their duties as such shall immediately cease.

357.35 Merging existing districts.

When the source of supply for a benefited district is obtained wholly or partly through another benefited district or if districts are supplied with their water from a common source, the board of supervisors having jurisdiction of those benefited districts, shall, upon ten days' written notice to the trustees, hold a hearing relative to the establishment of a single benefited water district with a boundary encompassing all the area within the subject districts. If the board finds the residents and property owners in the proposed district would be benefited, it may establish the single district by resolution. In the case of districts with outstanding warrants in excess of the anticipated revenues and cash balance within the district fund, an assessment shall be drawn up by the auditor for an amount approximately fifty-five percent of the total indebtedness of the district and the board of supervisors must approve by resolution the final assessment as made and cause bonds to be issued at approximately ten percent greater than the total indebtedness of the district in accordance with sections 357.20 and 357.21 except that the bonds shall be paid, approximately equally, from user charges and the assessment. In the case of districts with bonded indebtedness, a subarea of the new single district with a boundary identical to each indebted district shall be designated and taxed in accordance with sections 357.22 and 357.23. When all bonds have been retired, the subarea shall cease to exist. In the case of districts with a surplus cash balance, all funds and credits shall become the property of the single district and used by it to the same extent as if acquired under the provisions of section 357.26. Upon establishment of the single district by the board of supervisors, a resolution shall be passed either appointing three trustees or designating the board of supervisors as the trustees for the single district. The operation of the single district constitutes a county enterprise under section 331.461, subsection 2.

### 357A.2 Petition — deposit — limitation.

1. a. A petition may at any time be filed with the auditor requesting the supervisors to incorporate and organize a district encompassing an area, not then included in any other district, in a county or in two or more adjacent counties for the purpose of providing an adequate supply of water for residents of the area who are not served by the water mains of any city water system.
   b. There shall be filed with the petition a bond with sureties approved by the auditor, or a certified check, credit union certified share draft or cash in an amount sufficient for the payment of all costs and expenses incurred in the proceedings if the district is not finally established.
2. The petition shall be signed by the owners of at least thirty percent of all real property lying within the outside perimeter of the area designated for inclusion in the proposed district, and shall state:
   a. The location of the area, describing such area to be served or specifying the area by an attached map.
   b. The reasons a district is needed.
   c. A new water service plan describing the cost feasibility and estimated construction schedules.

3. Water services, other than water services provided as of April 1, 1987, shall not be provided within two miles of the limits of a city by a rural water district incorporated under this chapter except as provided in this section. Except as otherwise provided in this chapter, a rural water association shall not provide water services within two miles of a city, other than water services provided as of July 1, 2014.

4. a. A rural water district or rural water association may give notice of intent to provide water service to a new area within two miles of a city by submitting a water plan to the city. This subsection shall not apply in the case of a district or association extending service to new customers or improving existing facilities within existing district or association service areas or existing district or association agreements. If water service is provided by a city utility established under chapter 388, the water plan shall be filed with the governing body of that city utility. The district or association shall provide written notice pursuant to this subsection by certified mail.

   b. The water plan shall indicate the area within two miles of the city which the district or association intends to serve within the next three years. Upon request, the city or city utility shall provide a district or association with a map of the city limits that indicates areas that are currently provided water service by a city utility or enterprise.

   c. If the city fails to respond to the water plan within seventy-five days of receipt of the plan, the district or association may provide service in the area designated in the plan. The city may inform the district or association within seventy-five days of receipt of the plan that the city requires additional time or information to study the question of providing water service outside the limits of the city. If additional time or information is required, the city shall respond to the plan by certified mail within one hundred sixty-five days of receipt of the plan.

   d. (1) In responding to the plan, the city may affirmatively waive its right to provide water service within the areas designated for water service by the rural water district, or the city may reserve the right to provide water service in some or all of the areas which the district or association intends to serve.

      (2) (a) If the city reserves the right to provide water service, the city shall provide the district or association with a copy of the city’s water plan relating to the city’s intent and ability to provide water service to such an area.

      (b) If the city reserves the right to provide water service within some or all of the areas which the district or association intends to serve, the city shall provide service within three years of receipt of the water plan submitted under paragraph “a”.

      (c) If the city reserving the right to provide service fails to provide service within three years of receipt of the water plan submitted under paragraph “a”, the city waives its right to provide water service and shall provide notice to the district or association by certified mail and the district or association may provide service within the area of the water plan submitted under paragraph “a”. If the city fails to provide notice to the district or association, the district or association may provide service in accordance with this paragraph “d”, regardless of whether the district or association has received such notice.

      (3) If the district or association fails to provide service within three years after a city waives the right to provide water service under this paragraph “d”, the district or association shall provide notice to the city by certified mail and the city may provide service within the area of the water plan submitted under paragraph “a”. If the district or association fails to provide notice to the city, the city may provide service in accordance with this paragraph “d”, regardless of whether the city has received such notice.

      (4) For purposes of this paragraph “d”, “provide water service” and “provide service”
§357A.2, RURAL WATER SERVICE PROVIDERS

mean to deliver water in sufficient quantity and quality to meet customer demand. The department of natural resources shall determine whether such service meets customer demand, as provided under section 455B.174.

5. This section does not preclude a city from providing water service in an area which is annexed by the city pursuant to section 357A.21.

The auditor shall prepare a notice as hereinafter required, which shall at least seven days before the date fixed for the hearing on the petition:

1. Be published in a newspaper of general circulation in the area to be incorporated.
2. Be transmitted, together with a copy of the original petition, to the supervisors.

1. The location of the area designated by the petitioners for incorporation in the proposed district, as described or shown by the original petition.
2. The time and place fixed by the supervisors for the hearing on the petition.

357A.6 Findings — order.
After the hearing, the supervisors may strike off any part of the territory that testimony shows will not be benefited by the creation of the district. If the supervisors do not find that the district is reasonably necessary, they shall dismiss the petition.

If the supervisors find that required notice of the hearing has been given and that the proposed district is reasonably necessary for the public health, convenience, and comfort of the residents, or may be of benefit in providing fire protection, they shall make an order establishing the district as a political subdivision, designating its boundary, and identifying it by name or number. The order shall be published in the same newspaper which published
the notice of hearing. The supervisors shall prepare and preserve a complete record of the hearing on the petition and their findings and action.

[§357A.6]

357A.7 Meeting of members.

As a part of the order incorporating the district, the supervisors shall fix the time and place at which the members shall meet to select from their number a board of directors. Selection of the initial board shall be not later than thirty days after the hearing. The number of directors on the board, not to exceed nine, shall be determined by a majority vote of those members present. Any member elected a director who fails to become a participating member, within thirty days after entry in the minutes of the board of a declaration of availability of benefit units for subscription, shall forfeit the office of director.

[§357A.7]

357A.8 Bylaws submitted at special meeting.

Within thirty days after election of the original board, proposed bylaws shall be submitted for adoption at a special meeting of members of the district, written notice of which shall be mailed to each member. Members present at the special meeting may adopt or amend any of the proposed bylaws, and may propose and adopt alternative or additional bylaws. The bylaws may subsequently be amended at any annual or special meeting of the participating members of the district. However, the bylaws of each district shall provide:

1. For an annual meeting of participating members by July 31 of each year following the year of incorporation of the district, and for the mailing of written notice of the time and place of each annual meeting to each participating member and publication of the notice in a newspaper of general circulation in the district not less than ten nor more than thirty days prior to each meeting.

2. That each participating member of the district shall be entitled to a single vote at all annual and special meetings of the district, regardless of the number of benefit units to which the member has subscribed.

[§357A.8]

357A.9 Members divided into classes.

The initial board of each district shall divide its members by lot into three classes of as nearly equal size as possible. The terms of the directors in the first, second, and third classes shall expire on the dates of the annual meetings in the first, second, and third years, respectively, following the year in which the district is incorporated, or as soon thereafter as their respective successors are elected and have qualified. At the annual meeting in each year after the year in which the district is incorporated, a director shall be elected to succeed each director whose term of office expires on that date, and each director so elected shall hold office for a term of three years and until a successor is elected and has qualified. Vacancies shall be filled by appointment by the remaining directors, for the unexpired term.

[§357A.9]

357A.10 Board meetings.

The board shall meet annually on the same day as, and immediately following, the annual meeting of participating members, and may meet at such other times as it may determine, or upon the call of the chairperson or any two directors. At the first meeting of the initial board following its election, and at each succeeding annual board meeting, the board shall elect a chairperson, vice chairperson, secretary, and treasurer for the ensuing year.

[§357A.10]
§357A.11 Board's powers and duties.
The board shall be the governing body of the district, and shall:

1. Adopt rules, regulations, and rate schedules in conformity with the provisions of this chapter and the bylaws of the district as necessary for the conduct of the business of the district.

2. Maintain at its office a record of the district’s proceedings, rules and regulations, and any decisions and orders made pursuant to the provisions of this chapter, and furnish copies thereof to the supervisors or the council upon request.

3. Employ, appoint, or retain attorneys, engineers, other professional and technical employees, and other personnel as necessary, and require and approve bonds of district employees. The board may enter into agreements pursuant to chapter 28E to provide professional or technical services under this subsection to other water districts, nonprofit corporations, or related associations.

4. Prior to each annual meeting of participating members:
   a. Prepare an estimated budget for the coming year, and adjust water rates if necessary in order to produce the revenue required to fund the estimated budget, and make a report thereon at the annual meeting.
   b. Have an audit made of the district’s records and accounts, and make copies of the audit report available to all participating members attending the annual meeting and to any other participating member who so requests.

5. Have authority to acquire by gift, lease, purchase, or grant any property, real or personal, in fee or a lesser interest needed to achieve the purposes for which the district was incorporated, to acquire easements for water lines and reservoirs by condemnation proceedings, and to sell and convey property owned, but no longer needed, by the district. Condemnation proceedings shall not apply to existing wells, ponds or reservoirs.

6. Have authority to construct, operate, maintain, repair, and when necessary to enlarge or extend, such ponds, reservoirs, pipelines, wells, check dams, pumping installations, or other facilities for the storage, transportation, or utilization of water, and such appurtenant structures and equipment, as may be necessary or convenient to carry out the purposes for which the district was incorporated. A district may purchase its water supply from any source.

7. Have power to borrow from, cooperate with and enter into agreements as deemed necessary with any agency of the federal government, this state, or a county of this state, and to accept financial or other aid from any agency of the federal government. To evidence any indebtedness the obligations may be one or more bonds or notes and the obligations may be sold at private sale.

8. Have power to finance all or part of the cost of the construction or purchase of any project necessary to carry out the purposes for which the district is incorporated, or to refinance all or part of the original cost of any such project, and to evidence that financing by issuance of revenue bonds or notes which shall mature in a period not to exceed forty years from date of issuance, shall bear interest, or combined interest and insurance charges, at a rate not to exceed that permitted by chapter 74A, shall be payable only from revenue derived from sale of water by the district, and shall never become or be construed to be a debt against the state of Iowa or any of its political subdivisions other than the district issuing the bonds.

9. Finance all or part of the cost of the construction or purchase of a project necessary to carry out the purposes for which the district is incorporated or to refinance all or part of the original cost of that project, including, but not limited to, obligations originated by the district as a nonprofit corporation under chapter 504 and assumed by the district reorganized under this chapter. Financing or refinancing carried out under this subsection shall be in accordance with the terms and procedures set forth in the applicable provisions of sections 384.24A, 384.83 through 384.88, 384.92, and 384.93. References in these sections to a city shall be applicable to a rural water district operating under this chapter, and references in subchapter V of chapter 384 to a city council shall be applicable to the board of directors of a rural water district. This subsection shall not create a lien against the property of a person who is not a rural water subscriber.

10. Have power to join the Iowa association of rural water districts, and pay out of funds available to the board, reasonable dues to the association. The financial condition and
transactions of the Iowa association of rural water districts must be audited in the same manner as rural water districts.

11. Have authority to execute an agreement with a governmental entity, including a county, city, sanitary district, or another district, for purposes of managing or administering the works, facilities, or waterways which are useful for the collection, disposal, or treatment of wastewater or sewage and which are located within the jurisdiction of the governmental entity or the district. The board may do what is necessary to carry out the agreement, including but not limited to any of the following:
   a. Owning or acquiring by gift, lease, purchase, or grant any interest in real or personal property.
   b. Constructing, operating, maintaining, repairing, improving, or equipping any of the works, facilities, or waterways.
   c. Financing all or part of the cost of acquiring, constructing, maintaining, repairing, improving, or equipping any works, facilities, or waterways, or refinancing all or part of the cost. The financing or refinancing shall be accomplished in accordance with the terms and procedures set forth in the applicable provisions of sections 384.24A, 384.83 through 384.88, 384.92, and 384.93. References in those sections to a city shall be applicable to a district and references in those sections to a governing body or a city council shall be applicable to the district’s board.

12. Place all funds in investments to the extent practicable and may invest the funds jointly with one or more counties, judicial district departments of correctional services, cities, or city utilities pursuant to a joint investment agreement. All investments of funds shall be subject to sections 12B.10 and 12B.10A and other applicable law.

13. In addition to all other powers granted to the board, the board may sell, convey, merge, or otherwise dispose of all or any portion of the real property or personal property of the district and all or any portion of the district’s right to provide water or wastewater service to an area in order that another service provider permitted by the department of natural resources pursuant to chapter 455B may assume any or all of the district’s duties and obligations or that the district may be dissolved.
   a. If the district is to be dissolved, the board shall file a notice of dissolution with the auditor of the county or counties in which the district is located.
   b. Prior to such sale, conveyance, merger, or disposition by the board that includes the relinquishment of the district’s right to provide service to an area, the board shall publish notice of a public hearing not less than four nor more than twenty days before the date fixed for the hearing in a newspaper of general circulation in the area for which the board seeks to relinquish service. The board shall mail notice of a public hearing to the district’s members in the area in which the board seeks to relinquish service not less than fourteen days prior to such public hearing. A public hearing is not required when the board relinquishes the district’s right to service an area within the corporate limits of a city if the city will provide service in compliance with the city’s annexation plan.
   c. After hearing or if none is required, the board may adopt a resolution approving the sale, conveyance, merger, or disposition; however, the board shall provide for the continuation of water or wastewater service to the area by another service provider immediately following such sale, conveyance, merger, or disposition.

The board shall determine a reasonable fee which each member shall pay for the privilege of utilizing the district’s facilities, and which shall be known as a benefit unit. Benefit units may be classified. The board, by publication in a newspaper of general circulation in the district, shall generally describe the planned improvements, the area to be served and the fee members will be required to pay for each service connected to the water system.

357A.14 Attaching to district — inclusion of city — merger.
1. An owner of real property outside a district which can be economically served by the facilities of the district, or thirty percent of the owners of all real property lying within the outside perimeter of a proposed addition, may petition to be attached to the district. The petition shall be filed with the auditor, and the auditor and supervisors shall notify the district that a petition has been received and proceed in a manner set forth in sections 357A.3 through 357A.6.

In case of merger the members of the boards of the merged districts may serve out the terms for which they were elected. The resulting district shall take over all the assets and legal liabilities of the water districts joining in the merger. Obligations of any district secured by the revenue of the systems operated by the district shall continue to be retired, or a sinking fund for such purpose created from revenue from the system operated over the same area by the resulting district in accordance with the laws under which the obligations were issued, until all obligations of the old district have been retired.

imposed upon the sales price of all sales of building materials, supplies, or equipment sold to
a contractor or used in the fulfillment of a written contract for the construction of facilities

Judges shall be appointed to serve without pay by the board from among the registered voters of the district to be in charge of the election. The board of supervisors of a county with less than twenty thousand residents, not counting persons admitted or committed to an institution enumerated in section 218.1 or 904.102, based upon the most recent certified federal census, and with a private lake development may designate an area surrounding the lake, if it is an unincorporated area of the county, a rural improvement zone upon receipt of a petition pursuant to section 357H.2, and upon the board’s determination that the area is in need of improvements.

2. For purposes of this chapter:

   a. “Board” means the board of supervisors of the county.

   b. “Improvements” means dredging, installation of erosion control measures, water quality activities, land acquisition, and related improvements, including soil conservation practices, within or outside of the boundaries of the zone.

   d. “Water quality activities” includes but is not limited to creation or maintenance of grass waterways or wetlands, bank stabilization, watershed protection, activities on lands outside the rural improvement zone which affect water quality within the zone, and any other activity which will improve water quality of a stream, river, or lake.

357H.2 Petition for public hearing.

1. The board shall, on the petition of twenty-five percent of the residents of a proposed rural improvement zone, if the assessed valuation of the property owned by the petitioners represents at least twenty-five percent of the total assessed value of the proposed zone, hold a public hearing concerning the establishment of a proposed zone. The petition shall include a statement containing the following information:

   a. The need for the proposed zone, which shall be based upon a report of a licensed professional engineer prepared not more than two years before the date the petition is filed, and that includes all of the following:
§357H.2, RURAL IMPROVEMENT ZONES

(1) Surface area of the lake in acres.
(2) Number of acres of land comprising the lake’s watershed.
(3) Soil classification of the land comprising the lake’s watershed.
(4) Description of all current land uses within the lake’s watershed.
(5) Estimate of historical annual silt accumulation for the lake during the twenty years immediately preceding the year in which the engineer’s report was completed.
(6) Estimate of the amount of silt currently accumulated in the lake.
(7) Estimates of annual silt accumulation in the lake for the twenty-year period following establishment of the rural improvement zone.
(8) Estimate of remaining space available to the proposed zone in existing detention basins for storage of dredged and removed silt.
(9) Estimate of storage space that will be required to store dredged and removed silt from the lake for the twenty-year period following establishment of the rural improvement zone.
(10) Assessment of the current water quality of the lake.
(11) Assessment of the current need for preventative practices to improve the water quality of the lake.
(12) Assessment of the impact preventative practices will have on the water quality of the lake.
(13) Estimate of the cost to effectively address erosion control and water quality for the twenty-year period following establishment of the rural improvement zone.
   a. A description of the boundaries of the proposed zone.
   b. The approximate number of families in the proposed zone.

§357H.3 Time of public hearing.
1. If the petition substantially meets the requirements of section 357H.2, the public hearing required in section 357H.2 shall be held within sixty days of the presentation of the petition. Notice of hearing shall be given by publication as provided in section 331.305. Holding a public hearing pursuant to this section is not dispositive of the approval or denial of a petition by the board under this chapter.
2. If the board determines that the petition or the engineer’s report does not substantially meet the requirements of section 357H.2, the board may, within thirty days of presentation of the petition, request additional information from the petitioners. The board’s request for additional information shall be limited to the information required under section 357H.2 that was not contained in the petition or the accompanying engineer’s report. The board shall be limited to one request for additional information under this section. The public hearing required in section 357H.2 shall be held within sixty days of receiving the additional information. Notice of hearing shall be given in the same manner as required under subsection 1.

§357H.4 Hearing on petition — action by board.
1. At the public hearing the board may consider the boundaries of a proposed rural improvement zone, whether the boundaries shall be as described in the petition or otherwise, and for that purpose may amend the petition and change the boundaries of the proposed zone as stated in the petition. The board may adjust the boundaries of a proposed zone as needed to exclude land that has no reasonable likelihood of benefit from inclusion in a rural improvement zone. However, the boundaries of a proposed zone shall not be changed to incorporate property which is not included in the original petition.
2. Within thirty days after the hearing, the board shall establish the rural improvement
zone by resolution or disallow the petition. However, the zone shall not include any area which is part of an urban renewal area under chapter 403.
97 Acts, ch 152, §4; 2015 Acts, ch 97, §7

357H.5 Election of candidates for trustees.
When a preliminary plat has been approved by the board, an election shall be held within the rural improvement zone within sixty days to choose candidates for the offices of trustees of the zone. Notice of the election shall be given as provided in section 357H.3.
97 Acts, ch 152, §5

357H.6 Trustees — terms and qualifications.

Nomination shall be made by petition in accordance with chapter 45. The petition form shall be furnished by the county commissioner of elections, signed by eligible electors of the rural improvement zone equal in number to one percent of the vote cast within the zone for governor in the last previous general election, and shall be filed with the county commissioner of elections. A plurality shall be sufficient to elect the five trustees of the rural improvement zone, and no primary election for that office shall be held. At the original election, two trustees shall be elected for one year, two for two years, and one for three years. The terms of the succeeding trustees are for three years. The terms of the trustees shall begin immediately after their election and certification. The trustees must be residents of the zone. The trustees of a rural improvement zone elected pursuant to section 357H.6 shall constitute the board of trustees of the zone and shall manage and control the affairs, property, and facilities of the zone. The board of trustees shall elect a president, a clerk, and a treasurer from its membership. The trustees may authorize construction, reconstruction, or repair of improvements following procedures set out in section 331.341. For these purposes, the trustees may purchase material, employ personnel, acquire real estate and interests in real estate, and perform all other acts necessary to properly maintain and operate the zone. The trustees are allowed necessary expenses in the discharge of their duties, but they shall not receive salaries.
97 Acts, ch 152, §7; 2011 Acts, ch 128, §22, 60
Referred to in §357H.8

357H.8 Certificates, contracts, and other obligations — standby tax.
To provide funds for the payment of the costs of improvement projects and for the payment of other activities authorized pursuant to section 357H.7, the board of trustees may borrow money and issue and sell certificates or may enter into contracts or other obligations payable from a sufficient portion of the future receipts of tax revenue authorized pursuant to section 357H.9 and the standby tax in subsection 4 of this section. The receipts shall be pledged to the payment of principal of and interest on the certificates, contracts, or other obligations.
1. Certificates may be sold at public sale or at private sale at par, premium, or discount at the discretion of the board of trustees. Chapter 75 does not apply to the issuance of these certificates.
2. Certificates may be issued with respect to a single improvement project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates. However, certificates, including certificates to refund outstanding certificates under subsection 3, shall not be issued if the maturity date of the certificates would be after the date the rural improvement zone is, at the time of issuing the certificates, to be dissolved by law under section 357H.10.
3. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment
of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times, or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded, may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates, and may bear a rate of interest higher or lower than, or equivalent to, the rate of interest on certificates being renewed or refunded.

4. To further secure the payment of the certificates, the board of trustees shall, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the rural improvement zone. The rate of the standby tax shall be not less than fifty cents per thousand dollars of the assessed value of the taxable property and not more than two dollars and fifty cents per thousand dollars of the assessed value of the taxable property. A copy of the resolution shall be sent to the county auditor. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of principal of and interest on the certificates issued as provided in this section, when the receipt of tax revenues pursuant to section 357H.9 is insufficient. If payments are necessary and made from the special fund, the amount of the payments shall be promptly repaid into the special fund from the first available payments received which are not required for the payment of principal of or interest on certificates due. No reserves may be built up in the special fund in anticipation of a projected default. The board of trustees shall adjust the annual standby tax levy for each year to reflect the amount of revenues in the special fund and the amount of principal and interest which is due in that year.

5. Before certificates, contracts, or other obligations are issued or entered into, the board of trustees shall publish a notice of its intention, stating the amount, the purpose, and the improvement project or projects for which the certificates, contracts, or other obligations are to be issued or entered into. A person may, within fifteen days after the publication of the notice, appeal the decision of the board of trustees in proposing to issue the certificates or to enter into the contracts or other obligations to the district court in the county in which the rural improvement zone exists. The action of the board of trustees in determining to issue the certificates or to enter into the contracts or other obligations is final and conclusive unless the district court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, contracts, or other obligations, the power of the board of trustees to issue the certificates or to enter into the contracts or other obligations, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates or entrance into the contracts or other obligations after fifteen days from the publication of the notice of intention to issue certificates or enter into contracts or other obligations.

6. The board of trustees shall determine if revenues are sufficient to secure the faithful performance of obligations.

Referred to in §357H.10

357H.9 Incremental property taxes.

1. a. The board of trustees shall provide by resolution that taxes levied on the taxable property in a rural improvement zone each year by or for the benefit of the state, city, county, school district, or other taxing district after the effective date of the resolution shall, except as provided in this section, be divided as provided in section 403.19, subsections 1 and 2, in the same manner as if the taxable property in the rural improvement zone was taxable property in an urban renewal area and the resolution was an ordinance within the meaning of those subsections. The taxes received by the board of trustees shall be allocated to, and when collected be paid into, a special fund and may be irrevocably pledged by the trustees to pay the principal of and interest on the certificates, contracts, or other obligations approved by the board of trustees to finance or refinance, in whole or in part, an improvement project.

b. (1) For fiscal years beginning on or after July 1, 2016, when calculating the amount of taxes subject to the division of taxes in a rural improvement zone established on or after July 1, 2004, if the assessed value of the taxable property in the rural improvement zone
used to calculate the amount of taxes under section 403.19, subsection 1, is less than the
greater of the base year taxable value and fifty percent of the assessed value of the taxable
property in the rural improvement zone used to calculate the total amount of property taxes
in the rural improvement zone for the fiscal year in which the taxes are due and payable,
the assessed value used to calculate the amount of taxes under section 403.19, subsection 1,
shall be increased for that fiscal year until the amount is equal to the greater of the base
year taxable value and fifty percent of the assessed value used to calculate the total amount
of property taxes in the rural improvement zone for the fiscal year in which the taxes are due
and payable.

(2) However, for the period of ten consecutive fiscal years beginning with the first fiscal
year in which the zone receives revenue from a division of taxes under this section, the
division of taxes authorized under this section shall be calculated subject to the provisions
of subparagraph (1), except that any references to fifty percent in subparagraph (1) shall be
forty percent.

c. For fiscal years beginning on or after July 1, 2016, when calculating the amount of
taxes subject to the division of taxes in a rural improvement zone established before July 1,
2004, if the assessed value of the taxable property in the rural improvement zone used to
calculate the amount of taxes under section 403.19, subsection 1, is less than the greater of
the base year taxable value and sixty percent of the assessed value of the taxable property
in the rural improvement zone used to calculate the total amount of property taxes in the
rural improvement zone for the fiscal year in which the taxes are due and payable, the
assessed value used to calculate the amount of taxes under section 403.19, subsection 1,
shall be increased for that fiscal year until the amount is equal to the greater of the base year
taxable value and sixty percent of the assessed value used to calculate the total amount of
property taxes in the rural improvement zone for the fiscal year in which the taxes are due
and payable.

(2) The difference between the actual value of the property as determined by the assessor
each year and the percentage of adjustment certified for that year by the director of revenue
on or before November 1 pursuant to section 441.21, subsection 9, multiplied by the actual
value of the property as determined by the assessor, shall be subtracted from the actual value
of the property as determined pursuant to section 403.19, subsection 1.

(3) If the assessed value of the property as determined pursuant to section 403.19,
subsection 1, is reduced to zero due to the reduction under subparagraph (2), or if the
reduction in the assessed value is limited by operation of paragraph “b” or “c”, the additional
valuation reduction shall be subtracted from the actual value of the property as determined
by the assessor.

(4) If the actual value of the property as determined by the assessor is reduced to zero due
to the reduction under subparagraph (3), the remaining valuation reduction, notwithstanding
the limitation in paragraph “b” or “c”, shall be subtracted from the assessed value of the
property as determined pursuant to section 403.19, subsection 1.

e. The board of trustees may enter into an agreement with the board that modifies the
allocation of the taxes levied in the rural improvement zone. Such an agreement shall not,
however, provide an allocation to the other taxing districts that is less than the amount of
taxes resulting from application of paragraph “b” or “c”, as applicable.

f. As used in this section:

(1) “Base year taxable value” means the actual value of the property as determined in
section 403.19, subsection 1, multiplied by the percentage of adjustment certified for the

The audit format shall be as prescribed by the auditor of state. The rural improvement zone shall pay all expenses incurred by the auditor of state in conducting an audit under this section.

2015 Acts, ch 97, §11

357H.10 Dissolution of zone.

1. Prior to the date required for dissolution under subsection 2, a rural improvement zone may be dissolved upon the adoption of a resolution of the board of trustees which specifies that all improvements have been made in the zone, the need for the zone, as identified under section 357H.2, subsection 1, has been satisfied, and all indebtedness has been paid.

2. a. Unless dissolved by resolution of the board of trustees under subsection 1, or an extension is approved under paragraph “b”, each rural improvement zone is dissolved on June 30, 2019, or twenty years after the first day of the fiscal year following the fiscal year in which the zone first receives revenue from the division of taxes under section 357H.9, whichever date is later.

b. The date required under this subsection for dissolution of a rural improvement zone may be extended by resolution of the board adopted prior to the date required for dissolution under paragraph “a” or a date prior to the date to which the rural improvement zone was previously extended by the board under this paragraph “b” or by operation of law under subparagraph (1). Each extension approved by the board under this paragraph “b” shall be for a period of twenty years. Prior to approval of an extension by the board under this paragraph “b”, all of the following requirements shall be met:

(1) Not more than forty-eight months nor less than thirty-six months prior to the date required for dissolution, the board of trustees shall file a written request with the board for an extension of the zone’s dissolution date. The request shall state the improvements needed in the rural improvement zone beyond the dissolution date otherwise required under this section. The board shall, within ninety days after receiving the request, either adopt a resolution granting the twenty-year extension without further proceedings or notify the board of trustees in writing of the board’s intent to review the zone’s dissolution date under subparagraphs (2) through (4). The board may, as part of its notice to the board of
trustees, request a report prepared by a licensed professional engineer containing all of the
information required under section 357H.2, subsection 1. If the board fails to either approve
the extension by resolution or notify the board of trustees of the board’s intent to review the
zone’s dissolution date under subparagraphs (2) through (4) within the ninety-day period,
the request for a twenty-year extension shall be deemed approved.

(2) Following receipt of the board’s notice of intent to review and not less than
twenty-four months prior to the date required for dissolution, the board of trustees shall,
if requested by the board under subparagraph (1), submit to the board a report prepared
by a licensed professional engineer that includes the information required under section
357H.2, subsection 1, paragraph “a”. If the board determined that the engineer’s report
does not substantially meet the requirements of section 357H.2 or that additional relevant
information is needed, the board may, within thirty days of the date the request was filed
under subparagraph (1), request additional information from the board of trustees. The
board shall be limited to one request for additional information.

(3) Not more than sixty days after receiving the engineer’s report required or the
additional information requested under subparagraph (2), whichever is later, the board shall
hold a public hearing to determine the need for improvements in the rural improvement
zone. Notice of hearing shall be given by publication as provided in section 331.305. Holding
a public hearing pursuant to this subparagraph is not dispositive of the approval or denial of
a request for an extension of the dissolution date by the board under this chapter.

(4) Within thirty days after the public hearing, the board shall either find a need
for improvements in the rural improvement zone and adopt a resolution approving the
twenty-year extension or find that the area is no longer in need of improvements. If the
board fails to either approve or deny the extension within the thirty-day period, the request
for a twenty-year extension is deemed approved.

3. Upon dissolution of the zone, all assets shall be deeded or otherwise transferred to a
nonprofit corporation whose members are property owners of the improvement zone.

4. Upon dissolution of the zone, the collection of the property tax authorized under section
357H.8, subsection 4, and the division of taxes authorized under section 357H.9 shall cease
immediately.

the rural improvement zone, or the criteria used for determining the need for improvements

The board of trustees may also contract pursuant to chapter 28E with one or more city utilities or combined utility systems, including city utilities established pursuant to chapter 388, for joint billing or collection, or both, of combined service accounts for sanitary district services and utility services, and the contracts may provide for the discontinuance of one or more of the sanitary district services or water utility services if a delinquency occurs in the payment of any charges billed under a combined service account. The rates, charges, or rentals, if not paid when due, shall constitute a lien upon the real property served by a connection. The lien shall have equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

2. If the delinquent rates or charges were incurred prior to the date a transfer of the property or premises in fee simple is filed with the county recorder and such delinquencies were not certified to the county treasurer prior to such date, the delinquent rates or charges are not eligible to be certified to the county treasurer. If certification of such delinquent rates or charges is attempted subsequent to the date a transfer of the property or premises in fee simple is filed with the county recorder, the county treasurer shall return the certification to the sanitary district attempting certification along with a notice stating that the delinquent rates or charges cannot be made a lien against the property or premises.

3. Sewer rentals, charges, or rates may supplant or replace, in whole or in part, any monetary levy of taxes which may be, or have been, authorized by the board of trustees for any of the following purposes:
   a. To meet interest and principal payments on bonds legally authorized for the financing of sanitary utilities in any manner.
   b. To pay costs of the construction, maintenance, or repair of such sanitary facilities or utilities, including payments to be made under any contract between municipalities for either the joint use of sewerage or sewage facilities, or for the use by one municipality of all or a part of the sewerage or sewer system of another municipality.

4. When a sewer rental ordinance has been passed and put into effect, prior ordinances or resolutions providing for monetary levy of taxes against real and personal property for such purposes, or the portion thereof replaced, may be repealed.

358.21 Debt limit — borrowing — bonds — purposes.

1. a. Any sanitary district organized under this chapter may borrow money for its corporate purposes, but shall not become indebted in any manner or for any purpose to an amount in the aggregate exceeding five percent on the value of the taxable property within such district, to be ascertained by the last state and county tax lists previous to the incurring of such indebtedness. Indebtedness within this constitutional limit shall not include the indebtedness of any other municipal corporation located wholly or partly within the boundaries of such sanitary district.

   b. Subject only to the debt limitation described in paragraph “a”, any sanitary district organized under this chapter shall have and it is hereby vested with all of the same powers to issue bonds, including both general obligation and revenue bonds, which cities now or may hereafter have under the laws of this state. In the application of such laws to this chapter, the words used in any such laws referring to municipal corporations or to cities shall be held to include sanitary districts organized under this chapter, the words “council” or “city council” shall be held to include the board of trustees of a sanitary district; the words “mayor”
and “clerk” shall be held to include the president and clerk of any such board of trustees or sanitary district; and like construction shall be given to any other words in such laws where required to permit the exercise of such powers by sanitary districts.

2. Any and all bonds issued under the provisions of this section shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached thereto shall be attested by the signature of the clerk.

3. The proceeds of any bond issue made under the provisions of this section shall be used only for the purpose of acquiring, locating, laying out, establishing and construction of drainage facilities, conduits, treatment plants, pumping plants, works, ditches, channels and outlets of such capacity and character as may be required for the treatment, carrying off and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district, or to repair, change, enlarge and add to such facilities as may be necessary or proper to meet the requirements present and future for the purposes aforesaid. Proceeds from such bond issue may also be used for the payment of special assessment deficiencies. Said bonds shall be payable in not more than forty annual installments and with interest at a rate not exceeding that permitted by chapter 74A, and shall be made payable at such place and be of such form as the board of trustees shall by resolution designate. Any sanitary district issuing bonds as authorized in this section is hereby granted authority to pledge the future avails of a tax levy to the payment of the principal and interest of such bonds after the same come due, and the power to impose and certify said levy is hereby granted to the trustees of sanitary districts organized under the provisions of this chapter.

358.22 Special assessments and connection fees.

1. The board of trustees of a sanitary district may provide for payment of all or any portion of the costs of acquiring, locating, laying out, constructing, reconstructing, repairing, changing, enlarging, or extending conduits, ditches, channels, outlets, drains, sewers, laterals, treatment plants, pumping plants, and other necessary adjuncts thereto, by assessing all, or any portion of the costs, on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define “adjacent property” as all that included within a designated benefited district or districts to be fixed by the board, which may be all of the property located within the sanitary district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the sanitary district, but a special assessment shall not be made upon property situated outside of the sanitary district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits, and an assessment shall not exceed twenty-five percent of the value of the property at the time of levy. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property used and assessed as agricultural property shall be deferred upon the filing of a request by the owner in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities.

2. The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

3. Subject to the limitations otherwise stated in this section, a sanitary district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

4. Subject to the limitations otherwise stated in this section, the board of trustees may establish one or more benefited districts and schedules of fees for the connection of property
to the sanitary sewer facilities of a sanitary district. Each person whose property will be connected to the sanitary sewer facilities of a sanitary district shall pay a connection fee to the sanitary district, which may include the equitable cost of extending sanitary sewer service to the benefited district and reasonable interest from the date of construction to the date of payment. In establishing the benefited districts and establishing and implementing the schedules of fees, the board of trustees shall act in accordance with the powers granted to a city in section 384.38, subsection 3, and the procedures in that subsection. However, all fees collected under this subsection shall be paid to the sanitary district and the moneys collected as fees shall be used only by the sanitary district to finance improvements or extensions to its sanitary sewer facilities, to reimburse the sanitary district for funds disbursed by its board of trustees to finance improvements or extensions to its sanitary sewer facilities, or to pay debt service on obligations issued to finance improvements or extensions to its sanitary sewer facilities. This subsection does not apply when a sanitary district annexation plan or petition includes annexation of an area adjoining the district or a petition has not been presented for a sewer connection. Until the annexation becomes effective or the annexation plan or petition is abandoned, the state mandate contained in section 455B.172, subsections 3, 4, and 5, shall not apply unless the property owner requests to be connected to the sanitary district’s sewer facilities and voluntarily pays the connection fee.

§358.22, SANITARY DISTRICTS

358.23 Appeal to district court.

Any person aggrieved by any proceeding had by the board of supervisors or by the board of trustees as herein provided in relation to any matter involving the person’s rights not included under the provisions of section 358.22 may appeal to the district court of the county in which the proceedings were had. Such appeals shall be governed in all respects as is provided by pertinent sections under chapter 468, subchapter I, parts 1 to 5.

2. A district entering into a contract may lay sewer lines in highways outside the district upon first obtaining the permission of the state department of transportation in the case of primary roads and the board of supervisors in case of secondary roads, on written application designating the particular highway and part thereof, the use of which is desired.

3. A sanitary district adjoining a border of the state and owning and operating a sewage disposal plant, may contract with the governing body of any legal entity in an adjacent area in another state, to process the sewage from the area. The contract shall be subject to approval of the Iowa department of public health.

358.25 Revenue bonds.

1. After three years from the establishment of a sanitary district, a petition may be filed in the office of the county auditor, addressed to the board of supervisors, signed by a majority of persons owning land in the district and who in aggregate own at least sixty percent of the land in the district. The petition shall include the above facts and recite each of the following:
   a. That more than three years has passed since the date of the election which established the district.
   b. That there are no bonds or other evidences of indebtedness outstanding against the district, or if there is indebtedness, the petition shall contain a plan of dissolution which makes adequate provisions for payment of the indebtedness.
   c. That a construction contract has not been let or work done on any improvements in the district or if either has occurred, the petition shall contain a plan of dissolution which makes adequate provisions for payment of the contract price or for the work.

2. All costs and expenses of the district shall be assessed against the district before dissolution by the levy of an annual tax necessary to accomplish payment, but the levy shall not exceed the rate provided in this section.

3. The board shall examine the petition at its next meeting after its filing or within twenty days of the filing, whichever date is earlier. Within ten days of the meeting, the board shall publish notice of the petition and the date, time, and place of the meeting at which time the board proposes to take action on the petition. The notice shall be published in a newspaper of general circulation published in the district and, if no newspaper is published within the district, in a newspaper published in the county in which the major part of the district is located. 4. If the board decides that dissolution is warranted for the best interest of the public, it shall publish a notice in a newspaper of general circulation published in the district or, if no newspaper is published in the district, in a newspaper published in the county in which the major part of the district is located and give notice by mail to all known claimants or creditors of the district that it will receive and adjudicate claims against the district for four months from the date the notice is published and shall levy an annual tax as necessary against all property in the district for the number of years required to pay all claims allowed. However, the annual tax levied under this subsection shall not exceed four dollars per thousand dollars of assessed valuation of the taxable property within the district at the time of dissolution. The levy shall be made in the same manner as provided in section 76.2. After the board makes a specific finding that all indebtedness, costs, and expenses have been paid or levies approved for their payment, the board shall dissolve the district by resolution entered upon its records. The dissolution order shall be noted by the auditor on the county records, showing the date when the dissolution became effective.

5. The records of a dissolved district including, but not limited to, copies of all engineering files and work undertaken by engineers of a dissolved district, shall be deposited with the county auditor of the county designated by the board. Any remaining balances shall be
deposited in the general fund of the county designated by the board. All other assets of the dissolved district shall become, by dissolution, assets of the county.

358C.1 Legislative findings — purpose — definitions.
1. The general assembly finds and declares as follows:
   a. The economic health and development of Iowa communities is tied to opportunities for jobs in and near those communities and the availability of jobs is in part tied to the availability of affordable, decent housing in those communities.
   b. A need exists for a program to assist developers and communities in increasing the availability of housing in Iowa communities.
   c. A shortage of opportunities and means for developing local housing exists. It is in the best interest of the state and its citizens for infrastructure development which will lower the costs of developing housing.
   d. The expansion of local housing is dependent upon the cost of providing the basic infrastructure necessary for a housing development. Providing this infrastructure is a public purpose for which the state may encourage the formation of real estate improvement districts for the purpose of providing water, sewer, roads, and other infrastructure.
2. As used in this chapter, unless the context otherwise requires:
   a. “Board” means the board of trustees of a real estate improvement district.
   b. “Book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.
c. “Construction” includes materials, labor, acts, operations, and services necessary to complete a public improvement.

d. “Cost” of a public improvement includes the cost of engineering, preliminary reports, property valuations, estimates, plans, specifications, notices, legal services, acquisition of land, consequential damages, easements, rights-of-way, construction, repair, supervision, inspection, testing, notices and publication, interest during construction and for not more than twelve months thereafter, and printing and sale of bonds.

e. “District” means a real estate improvement district as created in this chapter.

f. “Public improvement” includes the principal structures, works, component parts, and accessories of the facilities or systems specified in section 358C.4.

g. “Repair” includes materials, labor, acts, operations, and services necessary for the reconstruction, reconstruction by widening, or resurfacing of a public improvement.

2. All of the owners having an interest in the real property within the limits of a proposed district may file a petition in the office of county auditor of the county in which the proposed district or a major part of the proposed district is located, requesting that the proposed district be organized as a real estate improvement district as provided in this chapter.

3. Only areas of contiguous territory may be incorporated within a district. The petition shall be addressed to the board of supervisors if all or part of the proposed district includes territory located outside the boundaries of a city, shall be submitted to the board of supervisors before it is filed with the county auditor, and shall set forth the following information:

a. The name of the district.

b. The district shall have perpetual existence.

5. The petition shall also state that the owners of real estate who are forming the proposed district waive any objections to a subsequent annexation by a city.

6. The petition shall propose the names of three or more trustees who shall be owners of real estate in the proposed district or the designees of owners of property in the proposed district, to serve as a board of trustees until their successors are elected and qualified if

a notice as provided in section 331.305. Proof of giving the notice shall be made by affidavit
of the publisher and the proof shall be on file with the county auditor at the time the hearing

The proofs of service required by this subsection shall be on file at the time the hearing begins.

3. In lieu of the mailing to the last known address a person owning land affected by a proposed district may file with the county auditor an instrument in writing designating the address for the mailing. The person making the designation may change the address in the same manner as the original designation is made.

4. In lieu of publication, personal service of the notice may be made upon an owner of land in the proposed district in the manner and for the time required for service of original notices in the district court. Proof of the service shall be on file with the auditor on the date of the hearing.

Proof of the residences and qualifications of the petitioners as registered voters shall be made by affidavit or otherwise as the board may direct. The board may consider the boundaries of a proposed district, whether the boundaries are described in the petition or otherwise, and for that purpose may alter and amend the petition and limit or change the boundaries of the proposed district as stated in the petition. The board shall adjust the boundaries of a proposed district as needed to exclude land that has no reasonable likelihood of benefit from inclusion in the proposed district. The boundaries of a proposed district shall not be changed to incorporate property not included in the original petition and published notice until the owner of the property is given notice of inclusion as on the original hearing. All persons in the proposed district shall have an opportunity to be heard regarding the location and boundaries of the proposed district and to make suggestions regarding the location and boundaries, and the board of supervisors, after hearing the statements, evidence, and suggestions made and offered at the hearing, shall approve or reject the petition. If the petition is approved, the board shall enter an order fixing and determining the limits and boundaries of the proposed district and whether or not all present and future property owners within the district have waived any objections to the annexation by a city if the district has issued obligations or bonds for public improvement and the city assumes those obligations, and, if the petition was requested under section 358C.3, subsection 1, directing that an election be held for the purpose of submitting to the registered voters owning land within the boundaries of the proposed district the question of organization and establishment of the proposed district as determined by the board of supervisors. The order shall fix a date for the election not more than sixty days after the

4. The board of trustees shall provide public notice prior to each meeting of the board. The notice shall contain the agenda of the meeting which shall describe the proposed actions to be taken by the board at the meeting.

1. The board of trustees of a real estate improvement district shall have the power by ordinance to levy annually for the purpose of paying the administrative costs of the district, or for the payment of deficiencies in special assessments, or for both, a tax upon property within the territorial limits of the district not exceeding fifty-four cents per thousand dollars of the adjusted taxable valuation of the property within the district for the preceding fiscal year.

The board of trustees may change the rates, charges, or rentals as it may deem
§358C.15, REAL ESTATE IMPROVEMENT DISTRICTS

advisable, and by ordinance may provide for collection. The board may contract with any municipality within the district, whereby the municipality may collect or assist in collecting any of the rates, charges, or rentals, whether in conjunction with water rentals or otherwise, and the municipality may undertake the collection and render the service. The rates, charges, or rentals, if not paid when due, shall constitute a lien upon the real property served by a connection. The lien shall have equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

2. Sewer rentals, charges, or rates may supplant or replace, in whole or in part, any monetary levy of taxes which may be, or have been, authorized by the board of trustees for any of the following purposes:
   a. To meet interest and principal payments on bonds legally authorized for the financing of sanitary utilities in any manner.
   b. 95 Acts, ch 200, §15

§358C.16 Debt limit — borrowing — bonds — purposes.

1. A district may borrow money for its corporate purposes, but shall not become indebted in any manner or for any purpose to an amount in the aggregate exceeding its constitutional debt limit of five percent on the value of the taxable property within the district, to be ascertained by the last state and county tax lists previous to the incurring of the indebtedness. Indebtedness within this constitutional limit shall not include the indebtedness of any other municipal corporation located wholly or partly within the boundaries of the district, special assessment bonds or obligations authorized under section 358C.17.

2. Subject only to this debt limitation, a district shall have the same powers to issue bonds, including both general obligation and revenue bonds, including the power to enter into short-term loans and issue warrants, which cities have under the laws of this state. In the application of the laws to this chapter, the words used in the laws referring to municipal corporations or to cities shall be held to include real estate improvement districts organized under this chapter; the words “council” or “city council” shall be held to include the board of trustees of a district; the words “mayor” and “clerk” shall be held to include the president and clerk of a board of trustees; and like construction shall be given to any other words in the laws where required to permit the exercise of the powers by real estate improvement districts.

3. All bonds issued shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached to the bonds shall be attested by the signature of the clerk.

4. The proceeds of any bond issue made under this section shall be used only for the cost of public improvements as specified in sections 358C.1 and 358C.4. Proceeds from the bond issue may also be used for the payment of special assessment deficiencies. The bonds shall be payable in not more than forty annual installments and with interest at a rate not exceeding that permitted by chapter 74A, and shall be made payable at the place and be of the form as the board of trustees shall by resolution designate. A district issuing bonds as authorized in this section is granted authority to pledge the future avails of a tax levy to the payment of the principal and interest of the bonds after the same come due, and the power to impose and certify the levy is granted to the trustees of real estate improvement districts organized under this chapter.

95 Acts, ch 200, §16; 96 Acts, ch 1204, §6

§358C.17 Special assessments.

1. The board of trustees of a real estate improvement district may provide for payment of all or any portion of the costs of a public improvement as specified in sections 358C.1 and 358C.4, by assessing all, or any portion of, the costs on adjacent property according to the
benefits derived. For the purposes of this chapter, the board of trustees may define “adjacent property” as all that included within a designated benefited district to be fixed by the board, which may be all of the property located within the real estate improvement district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the district, but a special assessment shall not be made upon property situated outside of the district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property shall be made in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities. Notwithstanding the provisions of section 384.62, the combined assessments against any lot for public improvements included in the petition creating the real estate improvement district or as authorized in section 358C.4 shall not exceed the valuation of that lot as established by section 384.46.

2. The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

3. Subject to the limitations otherwise stated in this section, a district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

4. A special assessment under this section shall be recorded in the county in which the district is located for each lot in the district.

5. Notwithstanding section 384.65, subsection 5, a district shall have a lien on the benefited property only in the amount of special assessment installments that have come due but have not been paid. The district shall not have a lien for the total amount of the special assessment originally levied against the benefited property. A lien, including, but not limited to, a lien for a mortgage for the construction or the purchase of housing on property benefited by improvements and against which a special assessment is levied under this chapter, shall have precedence over a special assessment which has been levied by the district but is not due. A district’s lien shall only be in the amount of installments whose due dates have passed without payment, along with all interest and penalties on the delinquent installments. The district’s lien for delinquent installments, interest, and penalties shall have equal precedence with ordinary taxes and shall not be divested by judicial sale. Any remaining special assessment installments that have not become due shall not be divested by judicial sale and shall become a lien when the special assessment installments become due.

358C.18 Additional territory.

1. The district may be enlarged and additional territory annexed to the district by either of the following methods:

a. By petitions signed by the owners of all the property to be annexed to the district. If a petition requesting annexation is presented to the trustees and approved by the trustees the change in the boundaries to include the additional area shall be certified by the clerk of the district to the county auditor in which the greater portion of the district is located and thereafter the district shall include the area thus annexed.

b. By a petition filed with the clerk of the district, signed by persons owning not less than fifty percent of the area to be annexed, but not signed by persons owning all the area requested to be annexed. On the filing of the petition, the trustees of the district shall fix a time and place for a hearing on the petition and give notice of the hearing, as provided in section 331.305, and by certified mail to the record owners of all persons owning land within the territory sought to be annexed, not less than ten days prior to the date of the hearing, if the address of the owners is known or can be ascertained by reasonable diligence by the
trustees. At the hearing, any person owning property within the area proposed to be annexed or any person owning property or residing within the district may appear and be heard. If, after the hearing, the board of trustees determines that annexation of the additional area will be conducive to the public health, convenience, and welfare and will not be an undue burden on the district, the board of trustees may, by resolution, annex the additional area and fix the boundary which shall not include more than the area requested in the petition. A copy of the resolution shall be filed with the county auditor of the county in which the largest portion of the district is located and thereafter the area included by the resolution shall be a part of the district.

2. All property, from and after it is annexed to the district, shall be subject to all taxes and other burdens levied by the district, regardless of when the obligation for which the taxes or assessments are levied was incurred.

95 Acts, ch 200, §18

358C.19 Annexation by a city.
When a city or real estate improvement district proposes that the district be annexed by the city, either wholly or partially, an owner of property in the district shall not object to the annexation if a city annexes all the territory within the boundaries of a real estate improvement district, the district shall merge with the city and the city shall succeed to all the property and property rights of every kind, contracts, and obligations, held by or belonging to the district, and the city shall be liable for and recognize, assume, and carry out all valid contracts and obligations of the district. The city may assume and provide for the payment of the obligations of any bonds of the district by issuing general obligation, special assessment, or revenue refunding bonds which may be sold at public or private sale or exchanged for outstanding bonds. General obligation bonds of the city may be issued to refund special assessment and revenue obligations if the governing body of the city determines that it is in the best interest of the city. The refunding of these obligations shall constitute an essential corporate purpose under section 384.24. All taxes, assessments, claims, and demands of every kind due or owing to the district shall be paid to and collected by the city. Any special assessments which the district was authorized to levy, assess, releve, or reassess, but which were not levied, assessed, releved, or reassessed, at the time of the merger, for improvements made by the district or in the process of construction or contracted for may be levied, assessed, releved, or reassessed by the annexing city to the same extent as the district may have levied or assessed but for the merger. However, this section does not authorize the annexing city to revoke any resolution, order, or finding made by the district in regard to special benefits or increase any assessments made by the district, but the city shall be bound by all findings or orders and assessments to the same extent as the district would be bound. Also, a district shall not levy any special assessments after the effective date of the annexation.

95 Acts, ch 200, §19

358C.20 Effective date of merger.
The merger shall be effective thirty days after the effective date of the ordinance annexing the territory within the district. However, if the validity of the ordinance annexing the territory is challenged by a court proceeding, the effective date of the merger shall be thirty days after the final determination of the validity of the ordinance. The trustees of a district shall continue in possession and conduct the affairs of the district until the effective date of the merger, but shall not during the period levy any special assessments after the effective date of annexation.

95 Acts, ch 200, §20

358C.21 Dissolution of district.
When a majority of the board of trustees of a district desire that the district be wholly dissolved, the trustees shall first propose a resolution declaring the advisability of the dissolution and setting out the terms and conditions of the dissolution, and also setting out the time and place when the board of trustees shall meet to consider the adoption of the resolution. Notice of the time and place when the resolution shall be set for consideration
shall be published as provided in section 331.305, which publication shall contain the entire wording of the proposed resolution. If any part of the district lies within the area of the jurisdiction of a city, then the trustees shall mail a copy of the proposed resolution to the city on the date of first publication of the resolution. At the hearing the owners of property within the district, or a city if any part of the district lies within the city, may appear and make objections to the proposed resolution. If the owners representing a majority of the area of real estate within the district fail to sign and present to the board, on or prior to the hearing date, a written petition opposing the resolution, a majority of the board of trustees may pass the resolution and adopt the proposed dissolution. However, the resolution shall not be adopted if the district is obligated on any outstanding bonds, warrants, or other debts or obligations unless the holders of the bonds, warrants, or other debts or obligations all sign written consents to the dissolution prior to the adoption of the resolution of dissolution. If the petition opposing the resolution is signed by property owners representing a majority of the area of real estate within the district and presented to the board of trustees on or prior to the hearing date, the board of trustees shall not adopt the resolution. After the board of trustees has adopted the resolution of dissolution, the clerk of the district shall prepare and file a certified copy of the resolution of dissolution in the office of the county auditor where the original petition was filed. A district shall dissolve within ninety days following the merger of a district with a city.

95 Acts, ch 200, §21

358C.22 Detachment of land.

1. When a majority of the board of trustees of a district desires that any property within the district be detached from the district, the trustees shall first propose a resolution declaring the advisability of the detachment and setting out the terms and conditions of the detachment and also setting out the time and place when the board of trustees will meet to consider the adoption of the resolution. Notice of the time and place when the resolution is set for consideration shall be published as provided in section 331.305, which publication shall contain the entire wording of the proposed resolution. If any part of the district lies within a city, then the trustees shall mail a copy of the proposed resolution to the city on the date of first publication of the resolution. At the hearing the owners of property within the district, or any city, may appear and make objections to the proposed resolution. If the owners representing a majority of the area of real estate within the district fail to sign and present to the board of trustees, on or prior to the hearing date, a written petition opposing the resolution, a majority of the board of trustees may pass the resolution and adopt the proposed detachment, except that the resolution shall not be adopted if the district is indebted on any outstanding bonds or warrants of the district unless the holders of the bonds and warrants all sign written consents to the detachment prior to the adoption of the resolution of detachment. If the petition opposing the resolution is signed by property owners representing a majority of the area of real estate within the district and presented to the board of trustees on or prior to the hearing date, the board of trustees shall not adopt the resolution. After the board of trustees has adopted the resolution of detachment, the clerk of the district shall prepare and file a certified copy of the resolution of detachment in the office of the county auditor where the original petition was filed, and the area detached shall become excluded and detached from the boundaries of the district.

2. The owner of a discrete tract of land which is part of a district but which is not connected to the main area of the district may petition the board of trustees of the district to have the property detached from the district. Following receipt of the petition, the board of trustees shall propose a resolution declaring the advisability of the detachment and setting out the terms and conditions of the detachment and setting out the time and place when the board of trustees will meet to consider the adoption of the resolution. Notice of the time and place for the consideration shall be published as provided in subsection 1. If any part of the district lies in whole or in part within a city, the board of trustees shall mail a copy of the proposed resolution to the municipality within five days after the date of first publication of the resolution. At the hearing for consideration of the resolution, the board of
trustees shall determine if the tract of land proposed for detachment has all of the following characteristics:

a. Has an area of twenty-five acres or more.

b. Is undeveloped and predominantly devoted to agricultural uses.

c. Has no improvements or obligations placed upon it by the district and receives no current services from the district.

3. If the board of trustees by majority vote determines that the tract in question meets all of the conditions provided in subsection 2, paragraphs “a” through “c”, the resolution shall be adopted, except that the resolution shall not be adopted if the district is indebted on any outstanding bonds or warrants of the district unless the holders of the bonds and warrants all sign written consents to the detachment. After the board of trustees has adopted the resolution of detachment, the clerk of the district shall prepare and file a certified copy of the resolution of detachment in the office of the county auditor where the original petition was filed and the area detached shall become excluded and detached from the boundaries of the district.

95 Acts, ch 200, §22

358C.23 Chapter liberally construed.
The provisions of this chapter shall be liberally construed to facilitate the development of land for housing.

When any township has within its limits a city with a population exceeding fifteen hundred, the eligible electors of such township residing without the limits of such city may, at any regular session of the board of supervisors of the county, petition to have such township divided into two townships; the one to embrace the territory without, and the other the territory within such corporate limits.

359A.2A Fence viewers — township trustees — authority — conflict of interest.
1. The trustees of the township where a controversy arises under this chapter shall serve as fence viewers. The fence viewers shall have authority to hear and decide all questions related to matters that are part of the controversy as provided in this chapter.
2. a. A fence viewer who may have a conflict of interest in deciding a question related to a matter that is part of the controversy must disclose the possible conflict of interest to the parties and the other fence viewers prior to the fence viewers participating in the matter by conducting a hearing or making a decision under section 359A.4.
   b. A fence viewer who has a conflict of interest in deciding a question related to a matter that is part of the controversy is disqualified from participating in the matter. The disqualification shall be made by the election of the fence viewer or unanimous vote of the fence viewers who do not have a conflict of interest in the matter. However, if three or more fence viewers do not have a conflict of interest in the matter, the disqualification shall be made by a majority vote of those fence viewers.

3. A conflict of interest exists when a fence viewer is presented with a question to determine any matter affecting a tract of land in which the fence viewer or a person related to the fence viewer has an ownership or leasehold interest in that tract of land. That person is related to the fence viewer by being any of the following:
   a. An immediate family member who is limited to any of the following:
      (1) A spouse.
      (2) A child, stepchild, grandchild, parent, stepparent, grandparent, sibling, stepsibling, half sibling, aunt, uncle, niece, or nephew.
      (3) The spouse of any individual described in subparagraph (2).
   b. A business associate who is limited to a person holding an interest in the same business entity as the fence viewer, so long as the person and the fence viewer each have a twenty-five percent or greater interest in that business entity. As used in this paragraph, “business entity” means a person organized or formed under Iowa statute or a foreign statute, and is authorized under Iowa statute to transact business in this state, either on a profit or nonprofit basis.

4. Upon the disqualification of the fence viewer, the remaining trustees shall appoint a qualified substitute fence viewer to decide each question related to a matter in controversy. If a trustee is not remaining, the township clerk shall appoint three qualified substitute fence viewers to decide each question related to a matter in controversy. However, this subsection does not apply if the township clerk selects a fence viewer as provided in section 359A.14.

5. Notwithstanding other provisions in the section to the contrary, a fence viewer who may or does have a conflict of interest in a matter that is part of the controversy may participate in the matter, including by hearing and deciding all questions related to the matter, if each party to the controversy signs a waiver. The waiver shall state that the party has been notified of the fence viewer’s conflict of interest and agrees to the fence viewer’s participation in the matter. The waiver shall be attached to the order issued pursuant to section 359A.4.

Upon request of any landowner, the fence viewers shall give the notice to all adjoining landowners liable for the erection, maintenance, rebuilding, trimming, or cutting back, or repairing of a partition fence, or to pay for an existing hedge or fence. The notice must include the names of the fence viewers and state whether a fence viewer disclosed a possible conflict of interest or whether a substitute fence viewer was appointed due to a fence viewer’s disqualification pursuant to section 359A.2A.

1. At the time and place described in section 359A.3, the fence viewers shall meet to hear and decide any and all matters that are part of the controversy. The fence viewers shall issue a written order that specifies the obligations, rights, and duties of the respective parties.
2. a. If the fence viewers determine the erection of a fence may be unfeasible in any location which constitutes the adjoining parties' property boundary, the fence viewers shall conduct a site evaluation. The fence viewers may request assistance by the county engineer in the county where the adjoining properties' boundary is situated. The determination may be based on any of the following:
   (1) Topography.
   (2) Terrain.
   (3) Terraces.
   (4) Land slope.
   (5) Unstable ground.
   (6) The presence of surface water, drainage systems, sinkholes, or water wells.
   (7) Easements.
   (8) Utilities.
   (9) Available area.
   b. If the fence viewers determine the erection of a fence is unfeasible as provided in the site evaluation, the fence viewers shall assist the parties in reaching an agreement as provided in sections 359A.12 and 359A.13. However, if the parties cannot reach such agreement within sixty days after the site evaluation is completed, the fence viewers shall order the fence's erection. The fence shall be erected as otherwise provided in this section, except for any location identified as unfeasible in the site evaluation. For that location, the fence viewers shall order the fence to be erected at the most feasible location on the property of the owner who initiated the controversy that is closest to the adjoining owner's property boundary.
3. a. The order shall assign to each owner the part which the owner shall erect, maintain, rebuild, trim or cut back, or pay for, and fix the value thereof, and prescribe the time within which the same shall be completed or paid for, and, in case of repair, may specify the kind of repairs to be made.
   b. If the fence is not erected, rebuilt, or repaired within the time prescribed in the order, the fence viewers shall require the complaining landowner to deposit with the fence viewers an amount of money sufficient to pay for the erecting, rebuilding, trimming, cutting back or repairing such fence together with the fees of the fence viewers and costs. Such complaining landowner shall be reimbursed as soon as the costs and fees assessed against the party in default are collected as provided in section 359A.6.
4. The order shall include the names of the fence viewers. The order shall state whether a fence viewer disclosed a possible conflict of interest, and whether a substitute fence viewer was appointed due to a disqualification pursuant to section 359A.2A. Any waiver of a conflict of interest signed by a party shall be attached to the order.

Unless the sum so fixed, together with all fees of the fence viewers caused by the default, is paid to the county treasurer, within ten days after the full amount due is ascertained, or when ordered to pay for an existing fence, and the value thereof is fixed by the fence viewers, and the sum, together with the fees of the fence viewers, remains unpaid by the party in default for ten days, the fence viewers shall certify to the county treasurer the full amount due from the party or parties in default, including all fees and costs assessed by the fence viewers, together with a description of the real estate owned by the party or parties in default along or upon which the said fence exists. 360.9 Reversion of real estate — payment.
1. a. Any real estate, including improvements thereon, situated wholly outside of a city, owned by a township and heretofore used for township purposes and which is no longer necessary for township purposes, shall revert to the present owner of the tract from which the same was taken, provided that said owner of the tract last aforesaid shall, within the time hereinafter prescribed, pay the value thereof to the township clerk. In the event the township trustees and said owner of the tract from which such real property was taken do not agree as to the value of such property and improvements thereon, the township clerk shall, on written application of either party, appoint three disinterested residents of the township to appraise such property and improvements thereon.
   b. The township clerk shall give notice to said trustees and said owner of the time and place of making such appraisement, which notice shall be served in the same manner and for the same time as for the commencement of action in the district court. Such appraisers shall inspect the real estate and improvements and, at the time and place designated in the notice, appraise the same in writing, which appraisement, after being duly verified, shall be filed with the township clerk.
   c. If the present owner of the tract from which said site was taken fails to pay the amount of such appraisement to such township within twenty days after the filing of same with the township clerk, the township trustees may sell said site, including any improvements thereon, to any person at the appraised value, or may sell the same at public auction for the best bid.
2. Any real estate, including improvements thereon, situated within a city, owned by a township and heretofore used for township purposes and which is no longer necessary for township purposes, may be sold by the township trustees at public auction for the best bid.
3. The township trustees in the case of joint ownership, in conjunction with any city authorities, shall not sell such real estate including improvements thereon unless the city authorities concur in such sale. The proceeds of such sale of jointly owned real estate including improvements located thereon shall be prorated between the township and the city on the basis of their respective contribution to the acquisition and maintenance of such property.
4. a. Sales at public auction contemplated herein shall be made only after the township trustees advertise for bids for such property. Such advertisement shall definitely describe said property and be published by at least one insertion each week for two consecutive weeks in some newspaper having general circulation in the township.
   b. The township trustee shall not, prior to two weeks after the said second publication, nor later than six months after said second publication, accept any bid. The township trustees may accept only the best bid received prior to acceptance. The township trustees may decline to sell if all the bids received are deemed inadequate.
5. Subject to the right of reversion to the present owner as provided in this section, the township trustees may sell, lease, exchange, give, or grant and accept any interest in real property to, with, or from any county, municipal corporation, or school district if the real property is within the jurisdiction of both the grantor and grantee and the advertising and
public auction requirements of this section shall not apply to any such transaction between the aforesaid local units of government.

#### 364.1 Scope.

A city may, except as expressly limited by the Constitution of the State of Iowa, and if not inconsistent with the laws of the general assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the city or of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents. This grant of home rule powers does not include the power to enact private or civil law governing civil relationships, except as incident to an exercise of an independent city power.

Municipal home rule, Iowa Constitution, Art. III, §38A

#### 364.2 Vesting of power — franchises.

1. A power of a city is vested in the city council except as otherwise provided by a state law.
2. The enumeration of a specific power of a city does not limit or restrict the general grant of home rule power conferred by the Constitution of the State of Iowa. A city may exercise its general powers subject only to limitations expressly imposed by a state or city law.
3. An exercise of a city power is not inconsistent with a state law unless it is irreconcilable with the state law.
4. a. A city may grant to any person a franchise to erect, maintain, and operate plants and systems for electric light and power, heating, telegraph, cable television, district telegraph and alarm, motor bus, trolley bus, street railway or other public transit, waterworks, sewer services, or gasworks, within the city for a term of not more than twenty-five years. When considering whether to grant, amend, extend, or renew a franchise, a city shall hold a public hearing on the question. Notice of the time and place of the hearing shall be published as provided in section 362.3. The franchise may be granted, amended, extended, or renewed only by an ordinance, but no exclusive franchise shall be granted, amended, extended, or renewed.
   b. Such an ordinance shall not become effective unless approved at an election. The proposal may be submitted by the council on its own motion to the voters at any city...
election. Upon receipt of a petition meeting the requirements of section 362.4 requesting that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election or at a special election called for that purpose before the next regular city election. However, the city council may dispense with such election as to the grant, amendment, extension, or renewal of an electric light and power, heating, waterworks, sewer services under section 357A.23, or gasworks franchise unless there is a valid petition requesting submission of the proposal to the voters, or the party seeking such franchise, grant, amendment, extension, or renewal requests an election. If a majority of those voting approves the proposal, the city may proceed as proposed. The complete text of the ordinance shall be included on the ballot if conventional paper ballots are used. If an optical scan voting system is used, the proposal shall be stated on the optical scan ballot, and the full text of the ordinance posted for the voters pursuant to section 52.25. All absentee voters shall receive the full text of the ordinance.

c. Notice of the election shall be given by publication as prescribed in section 49.53 in a newspaper of general circulation in the city.

d. The person asking for the granting, amending, extension, or renewal of a franchise shall pay the costs incurred in holding the election, including the costs of the notice. A franchise shall not be finally effective until an acceptance in writing has been filed with the council and payment of the costs has been made.

e. The franchise ordinance may regulate the conditions required and the manner of use of the streets and public grounds of the city, and it may, for the purpose of providing electrical, gas, heating, or water service, confer the power to appropriate and condemn private property upon the person franchised.

f. (1) (a) A franchise fee assessed by a city may be based upon a percentage of gross revenues generated from sales of the franchisee within the city not to exceed five percent except as provided in subparagraph division (b), without regard to the city’s cost of inspecting, supervising, and otherwise regulating the franchise.

(b) For franchise fees assessed and collected during fiscal years beginning on or after July 1, 2013, but before July 1, 2030, by a city that is the subject of a judgment, court-approved settlement, or court-approved compromise providing for payment of restitution, a refund, or a return described in section 384.3A, subsection 3, paragraph “j”, the rate of the franchise fee shall not exceed seven and one-half percent of gross revenues generated from sales of the franchisee in the city, and franchise fee amounts assessed and collected during such fiscal years in excess of five percent of gross revenues generated from sales shall be used solely for the purpose specified in section 384.3A, subsection 3, paragraph “j”. A city may assess and collect a franchise fee in excess of five percent of gross revenues generated from the sales of the franchisee pursuant to this subparagraph division (b) for a period not to exceed seven consecutive fiscal years once the franchise fee is first imposed at a rate in excess of five percent. An ordinance increasing the franchise fee rate to greater than five percent pursuant to this subparagraph division (b) shall not become effective unless approved at an election. After passage of the ordinance, the council shall submit the proposal at a special election held on a date specified in section 39.2, subsection 4, paragraph “b”. If a majority of those voting on the proposal approves the proposal, the city may proceed as proposed. The complete text of the ordinance shall be included on the ballot and the full text of the ordinance posted for the voters pursuant to section 52.25. All absentee voters shall receive the full text of the ordinance along with the absentee ballot. This subparagraph division (b) is repealed July 1, 2030.

(2) Franchise fees collected pursuant to an ordinance in effect on May 26, 2009, shall be deposited in the city’s general fund and such fees collected in excess of the amounts necessary to inspect, supervise, and otherwise regulate the franchise may be used by the city for any other purpose authorized by law. Franchise fees collected pursuant to an ordinance that is adopted or amended on or after May 26, 2009, to increase the percentage rate at which franchise fees are assessed shall be credited to the franchise fee account within the city’s general fund and used pursuant to section 384.3A. If a city franchise fee is assessed to customers of a franchise, the fee shall not be assessed to the city as a customer. Before a city adopts or amends a franchise fee rate ordinance or franchise ordinance to increase
§364.2, POWERS AND DUTIES OF CITIES

III-1766

the percentage rate at which franchise fees are assessed, a revenue purpose statement shall be prepared specifying the purpose or purposes for which the revenue collected from the increased rate will be expended. If property tax relief is listed as a purpose, the revenue purpose statement shall also include information regarding the amount of the property tax relief to be provided with revenue collected from the increased rate. The revenue purpose statement shall be published as provided in section 362.3.

3. When considering whether to amend an ordinance imposing a franchise fee to increase the rate of the fee, and after preparation of the revenue purpose statement under subparagraph (2), a city shall hold a public hearing on the question. Notice of the time and place of the hearing shall be published as provided in section 362.3. If a city adopts, amends, or repeals an ordinance imposing a franchise fee, the city shall promptly notify the director of revenue of such action.

g. If a city grants more than one cable television franchise, the material terms and conditions of any additional franchise shall not give undue preference or advantage to the new franchisee. A city shall not grant a new franchise that does not include the same territory as that of the existing franchise. A new franchisee shall be given a reasonable period of time to build the new system throughout the territory.

5. If provided by ordinance, a city may enter into a chapter 28E agreement for the collection of delinquent parking fines by a county treasurer pursuant to section 321.40 at the time a person applies for renewal of a motor vehicle registration, for violations that have not been appealed or for which appeal has been denied. The city may pay the treasurer a reasonable fee for the collection of such fines, or may allow the county treasurer to retain a portion of the fines collected, as provided in the agreement.

6. A city council may by ordinance or resolution prohibit or limit the use of consumer fireworks, display fireworks, or novelties, as described in section 727.2.

364.3 Limitation of powers.

The following are limitations upon the powers of a city:

1. A city council shall exercise a power only by the passage of a motion, a resolution, an amendment, or an ordinance.

2. For a violation of an ordinance a city shall not provide a penalty in excess of the maximum fine and term of imprisonment for a simple misdemeanor under section 903.1, subsection 1, paragraph “a”. An amount equal to ten percent of all fines collected by cities shall be deposited in the account established in section 602.8108. However, one hundred percent of all fines collected by a city pursuant to section 321.236, subsection 1, shall be retained by the city. The criminal penalty surcharge required by section 911.1 shall be added to a city fine and is not a part of the city’s penalty.

3. a. A city may not set standards and requirements which are lower or less stringent than those imposed by state law, but may set standards and requirements which are higher or more stringent than those imposed by state law, unless a state law provides otherwise.

b. A city shall not impose any fee or charge on any individual or business licensed by the plumbing and mechanical systems board for the right to perform plumbing, mechanical, HVAC, refrigeration, sheet metal, or hydronic systems work within the scope of the license.
This paragraph does not prohibit a city from charging fees for the issuance of permits for, and inspections of, work performed in its jurisdiction.

c. (1) A city shall not adopt an ordinance, motion, resolution, or amendment that sets standards or requirements regarding the sale or marketing of consumer merchandise that are different from, or in addition to, any state law. For purposes of this paragraph:

(a) "Consumer merchandise" means merchandise offered for sale or lease, or provided with a sale or lease, primarily but not exclusively for personal, family, or household purposes, and includes any container used for consuming, carrying, or transporting such merchandise.

(b) "Container" means a bag, cup, package, container, bottle, or other packaging that is all of the following:

(i) Designed to be either reusable or single-use.

(ii) Made of cloth, paper, plastic, including foamed or expanded plastic, cardboard, corrugated material, aluminum, glass, or postconsumer recycled or similar material or substrates, including coated, laminated, or multilayer substrates.

(iii) Designed for consuming, transporting, or protecting merchandise, food, or beverages from or at a food service or retail facility.

(2) An ordinance, motion, resolution, or amendment adopted prior to March 30, 2017, that violates this paragraph is void and unenforceable on and after March 30, 2017.

(3) This paragraph "c" shall not apply to city solid waste or recycling collection or city solid waste or recycling programs.

d. A city shall not adopt an ordinance, motion, resolution, or amendment, or use any other means, that restricts an owner of real property from refinancing existing debt on, selling, or otherwise transferring title to the property by requiring the owner to take or show compliance with any action with respect to the property or pay any fee before, during, or after refinancing existing debt on, selling, or transferring title to the property.

4. A city may not levy a tax unless specifically authorized by a state law.

5. A city shall not adopt or enforce any ordinance imposing any registration or licensing system or registration or license fees for or relating to owner-occupied manufactured or mobile homes including the lots, lands, or manufactured home community or mobile home park upon or in which they are located. A city shall not adopt or enforce any ordinance imposing any registration or licensing system, or registration or license fees, or safety or sanitary standards for rental manufactured or mobile homes unless a similar registration or licensing system, or registration or license fees, or safety or sanitary standards are required for other rental properties intended for human habitation. This subsection does not preclude the investigation and abatement of a nuisance or the enforcement of a tiedown system, or the enforcement of any regulations of the state or local board of health if those regulations apply to other rental properties or to owner-occupied housing intended for human habitation.

6. A city shall not provide a civil penalty in excess of seven hundred fifty dollars for the violation of an ordinance which is classified as a municipal infraction or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. A municipal infraction is not punishable by imprisonment.

7. A city which operates a cable communications system shall manage the right-of-way on a competitively neutral and nondiscriminatory basis. Additionally, a city-operated cable communications system shall be required to pay the same fees and charges and comply with other requirements as may be imposed by the city by ordinance or by the terms of a franchise granted by the city, or as may otherwise be imposed by the city, upon any other cable provider. This subsection does not prohibit a city from making an equitable apportionment of franchise requirements between or among cable television providers, in order to eliminate duplication. This subsection shall not be construed to prohibit a city-operated cable communications system from making transfers of surplus as otherwise allowed or from making in-kind contributions as otherwise allowed.

8. a. A city may adopt and enforce an ordinance requiring the construction of a storm shelter at a manufactured home community or mobile home park which is constructed after July 1, 1999. In lieu of requiring construction of a storm shelter, a city may require a community or park owner to provide a plan for the evacuation of community or park residents to a safe place of shelter in times of severe weather including tornadoes and high
winds if the city determines that a safe place of shelter is available within a reasonable distance of the manufactured home community or mobile home park for use by community or park residents. Each evacuation plan prepared pursuant to this subsection shall be filed with, and approved by, the local emergency management agency. If construction of a storm shelter is required, an ordinance adopted or enforced pursuant to this subsection shall not include any of the following requirements:

1. That the size of the storm shelter be larger than the equivalent of seven square feet for each manufactured or mobile home space in the manufactured home community or mobile home park.
2. That the storm shelter include a restroom if the shelter is used exclusively as a storm shelter.
3. That the storm shelter exceed the construction specifications approved by a licensed professional engineer and presented by the owner of the manufactured home community or mobile home park.
4. That the shelter be located any closer than one thousand three hundred twenty feet from any manufactured or mobile home in the community. However, this restriction shall not prohibit the adoption or enforcement of an ordinance that requires a minimum of one shelter to be located in a manufactured home community or mobile home park.

b. For the purposes of this subsection:
1. “Manufactured home community” means the same as land-leased community defined in sections 335.30A and 414.28A.
2. “Mobile home park” means a mobile home park as defined in section 562B.7.
3. “Storm shelter” means a single structure or multiple structures designed to provide persons with temporary protection from a storm.

9. A city shall not adopt or enforce any ordinance imposing any limitation on the amount of rent that can be charged for leasing private residential or commercial property. This subsection does not prevent the right of a city to manage and control residential property in which the city has a property interest.

10. A city which operates a utility that furnishes gas or electricity shall manage the right-of-way on a competitively neutral and nondiscriminatory basis. Such city utility shall be required to pay the fees and charges computed in the same manner as those fees and charges which are imposed by the city upon any other provider of a similar service within the corporate boundaries of the city. Such city utility shall also comply with the terms of the franchise granted by the city to the provider of a similar service. This subsection shall not be construed to prohibit the city utility from making transfers of surplus as otherwise allowed or from making in-kind contributions as otherwise allowed. However, a city shall not require that transfers from the city utility be in excess of the franchise fee amount imposed upon the provider of a similar service unless otherwise agreed.

11. A city shall not adopt or enforce any ordinance or regulation in violation of section 562A.27B or 562B.25B.

12. a. A city shall not adopt, enforce, or otherwise administer an ordinance, motion, resolution, or amendment providing for any terms or conditions of employment that exceed or conflict with the requirements of federal or state law relating to a minimum or living wage rate, any form of employment leave, hiring practices, employment benefits, scheduling practices, or other terms or conditions of employment.
   b. An ordinance, motion, resolution, or amendment adopted prior to March 30, 2017, that violates this subsection is void and unenforceable on and after March 30, 2017.

2. By contract, extend services to persons outside the city.

3. Enact and enforce ordinances relating to city property and city-extended services outside the city.

4. Enter into leases or lease-purchase contracts for real or personal property in accordance with the following terms and procedures:

   a. A city shall lease or lease-purchase property only for a term which does not exceed the economic life of the property, as determined by the governing body.

   b. A lease or lease-purchase contract entered into by a city may contain provisions similar to those sometimes found in leases between private parties, including, but not limited to, the obligation of the lessee to pay any of the costs of operation or ownership of the leased property and the right to purchase the leased property.

   c. A provision of a lease or lease-purchase contract which stipulates that a portion of the rent payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A city utility or city enterprise is a separate entity under this subsection whether it is governed by the governing body of the city or another governing body.

   d. The governing body must follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a lease or a lease-purchase contract made payable from the debt service fund.

   e. The governing body may authorize a lease or lease-purchase contract which is payable from the general fund if the contract would not cause the total of annual lease or lease-purchase payments due from the general fund of the city in any single future fiscal year for all lease or lease-purchase contracts in force on the date of the authorization, excluding payments to exercise purchase options or to pay the expenses of operation or ownership of the property, to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

(b) Seven hundred thousand dollars in a city having a population of more than five thousand but not more than seventy-five thousand.
(c) One million dollars in a city having a population of more than seventy-five thousand.

(a) The governing body must institute proceedings to enter into a lease or lease-purchase contract payable from the general fund by causing a notice of the meeting to discuss entering into the lease or lease-purchase contract, including a statement of the principal amount and purpose of the lease or lease-purchase contract and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the discussion meeting. No sooner than thirty days following the discussion meeting shall the governing body hold a meeting at which it is proposed to take action to enter into the lease or lease-purchase contract.

(b) (i) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the lease or lease-purchase contract, a petition is filed with the clerk of the city in the manner provided by section 362.4, asking that the question of entering into the lease or lease-purchase contract be submitted to the registered voters of the city, the governing body shall either by resolution declare the proposal to enter into the lease or lease-purchase contract to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the lease or lease-purchase contract. $ f. The governing body may authorize a lease or lease-purchase contract payable from the net revenues of a city utility, combined utility system, city enterprise, or combined city enterprise by following the authorization procedures of section 384.83.

g. A lease or lease-purchase contract to which a city is a party or in which a city has a participatory interest is an obligation of a political subdivision of this state for the purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, savings associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and any other fiduciaries responsible for the investment of funds.

h. Property that is lease-purchased by a city is exempt under section 427.1, subsection 2.

1. The city shall give notice to the railway company, served in the same manner as an original notice, stating:
   a. The nature of the flood control project.
   b. The place where the diverted channel will cross the company's right-of-way.
   c. The specifications for construction of the diverted channel across the company's right-of-way.
   d. Details of the city's requirement for the company to provide the necessary structures where the diverted channel crosses the right-of-way, including a designated period of time for construction, and a requirement that the construction be in a manner which does not interfere with the construction of the diverted channel or the free flow of water.

2. If the company does not comply with the requirement, the city may provide the necessary structures, and the railway is liable for the cost of the construction, in addition to its liability for assessment for special benefits as other property is assessed. The cost of the construction may be collected by the city from the company by court action.

364.11 Street construction by railroads.

1. All railway companies shall construct and repair all street improvements between the rails of their tracks, and one foot outside, at their own expense, unless by ordinance the railway is required to improve other portions of the street, and in that case the railway shall construct and repair the improvement of that part of the street specified by the ordinance,
and the improvement or repair must be of the material and character ordered by the city, and must be done at the time the remainder of the improvement is constructed or repaired.

2. When an improvement is made, the company shall lay rail as required by the council, and shall then keep up to grade that part of the improvement they are required to construct or maintain.

3. If a railway fails or refuses to comply with the order of the council to construct or repair an improvement, the work may be done by the city and the expense shall then be assessed upon the property of the railway company, for collection in the same manner as a property tax. A tax assessed under this section shall also be a debt due from the railway, and may be collected in an action at law in the same manner as other debts.

364.12 Responsibility for public places.

1. As used in this section, “property owner” means the contract purchaser if there is one of record, otherwise the record holder of legal title.

2. A city shall keep all public grounds, streets, sidewalks, alleys, bridges, culverts, overpasses, underpasses, grade crossing separations and approaches, public ways, squares, and commons open, in repair, and free from nuisance, with the following exceptions:
   a. Public ways and grounds may be temporarily closed by resolution. Following notice as provided in section 362.3, public ways and grounds may be vacated by ordinance.
   b. The abutting property owner is responsible for the removal of the natural accumulations of snow and ice from the sidewalks within a reasonable amount of time and may be liable for damages caused by the failure of the abutting property owner to use reasonable care in the removal of the snow or ice. If damages are to be awarded under this section against the abutting property owner, the claimant has the burden of proving the amount of the damages. To authorize recovery of more than a nominal amount, facts must exist and be shown by the evidence which afford a reasonable basis for measuring the amount of the claimant’s actual damages, and the amount of actual damages shall not be determined by speculation, conjecture, or surmise. All legal or equitable defenses are available to the abutting property owner in an action brought pursuant to this paragraph. The city’s general duty under this subsection does not include a duty to remove natural accumulations of snow or ice from the sidewalks. However, when the city is the abutting property owner it has the specific duty of the abutting property owner set forth in this paragraph.
   c. The abutting property owner may be required by ordinance to maintain all property outside the lot and property lines and inside the curb lines upon the public streets, except that the property owner shall not be required to remove diseased trees or dead wood on the publicly owned property or right-of-way.
   d. A city may serve notice on the abutting property owner, by certified mail to the property owner as shown by the records of the county auditor, requiring the abutting property owner to repair, replace, or reconstruct sidewalks.
   e. If the abutting property owner does not perform an action required under this subsection within a reasonable time, a city may perform the required action and assess the costs against the abutting property for collection in the same manner as a property tax. This power does not relieve the abutting property owner of liability imposed under paragraph “b”.
   f. A city has no duty under this subsection with respect to property that is required by law to be maintained by a railway company.

3. A city may:
   a. Require the abatement of a nuisance, public or private, in any reasonable manner.
   b. Require the removal of diseased trees or dead wood, except as stated in subsection 2, paragraph “c” of this section.
   c. Require the removal, repair, or dismantling of a dangerous building or structure.
   d. Require the numbering of buildings.
e. Require connection to public drainage systems from abutting property when necessary for public health or safety.

f. Require connection to public sewer systems from abutting property, and require installation of sanitary toilet facilities and removal of other toilet facilities on such property.

g. Require the cutting or destruction of weeds or other growth which constitutes a health, safety, or fire hazard.

h. If the property owner does not perform an action required under this subsection within a reasonable time after notice, a city may perform the required action and assess the costs against the property for collection in the same manner as a property tax. Notice may be in the form of an ordinance or by certified mail to the property owner as shown by the records of the county auditor, and shall state the time within which action is required. However, in an emergency a city may perform any action which may be required under this section without prior notice, and assess the costs as provided in this subsection, after notice to the property owner and hearing.

4. In addition to any other remedy provided by law, a city may also seek reimbursement for costs incurred in performing any act authorized by this section by a civil action for damages against a property owner. However, a city shall not seek reimbursement for costs incurred in performing an act if the same act has not been performed by the city on adjoining city-owned property. For the purposes of this subsection, a county acquiring property for delinquent taxes shall not be considered a property owner.

5. A city may cause, without prior determination and notice, the repair or replacement of public improvements including, but not limited to, sidewalks, water stop boxes, and driveway approaches if the property owner does all of the following:

a. Requests the repair and replacement of the public improvements specified in this subsection abutting the property owner’s property located outside the lot and property lines and inside the curb lines.

b. Waives the requirement of a prior finding by the city council that the condition of the public improvements constitutes a nuisance and the requirement of prior notice.

c. Consents to the repair of the public improvements and the assessment of the cost of the repair to the abutting property.

6. If, in repairing and replacing improvements in the area between the lot or property lines and the curb lines pursuant to subsection 5, it becomes necessary for the city to repair or replace adjacent improvements in the area, the cost of repairing or replacing the adjacent public improvements may be assessed, with consent of the property owner, against the property which the public improvements abut.

7. A city may accumulate individual assessments for the repair and replacement of sidewalks, driveway approaches, water stop boxes, or similar improvements or for the abatement of nuisances, and may periodically certify the assessments to the county treasurer under one or more assessment schedules.

364.13A Special assessments — lien and precedence.
A special assessment levied pursuant to section 364.11 or 364.12, including all interest, is a lien against the benefited property from the date of filing the schedule of assessments until the assessment is paid. Special assessments have equal precedence with ordinary taxes and are not divested by judicial sale.

364.14 Personal injuries.
When action is brought against a city for personal injuries alleged to have been caused by its negligence, the city may notify in writing any person by whose negligence it claims the injury was caused. The notice shall state the pendency of the action, the name of the plaintiff, the name and location of the court where the action is pending, a brief statement of the alleged facts from which the cause arose, that the city believes that the person notified is liable to it for any judgment rendered against the city, and asking the person to appear and defend. A judgment obtained in the suit is conclusive in any action by the city against any person so notified, as to the existence of the defect or other cause of the injury or damage, as to the liability of the city to the plaintiff in the first named action, and as to the amount of the damage or injury. A city may maintain an action against the person notified to recover the amount of the judgment together with all the expenses incurred by the city in the suit.

2. If a city has opened a street or alley, and any person has made improvements on lots abutting the street or alley or uses such street or alley for ingress or egress, and afterward the street or alley is vacated causing damage or injury or loss of access, or diminishing the value of the improved property, the city shall pay to the owner of the property the amount of such damage or injury.

Each city shall provide for the protection of life and property against fire and may establish, house, equip, staff, uniform, and maintain a fire department. A city may establish fire limits and may, consistent with code standards promulgated by nationally recognized fire prevention agencies, regulate the storage, handling, use, and transportation of all flammables, combustibles, and explosives within the corporate limits and inspect for and abate fire hazards. A city may provide conditions upon which the fire department will answer calls outside the corporate limits or the territorial jurisdiction and boundary limits of this state. Fire fighters operating equipment on calls outside the corporate limits are entitled to the benefits of chapter 410 or 411 when otherwise qualified.

364.17 City housing codes.
1. A city with a population of fifteen thousand or more may adopt by ordinance the latest version of one of the following housing codes before January 1, 1981:
   a. The uniform housing code promulgated by the international conference of building officials.
   b. The housing code promulgated by the American public health association.
   c. The basic housing code promulgated by the building officials conference of America.
   d. The standard housing code promulgated by the southern building code congress international.
   e. Housing quality standards promulgated by the United States department of housing and urban development for use in assisted housing programs.
2. Every city with a population of fifteen thousand or more which has not adopted another housing code under this section by January 1, 1981, is subject to and shall be considered to have adopted the uniform housing code promulgated by the international conference of building officials, as amended to January 1, 1980. A city which reaches a population of fifteen thousand, as determined after July 1, 1980, has six months after such determination to comply with this section.
3. a. A city which adopts or is subject to a housing code under this section shall adopt enforcement procedures, which shall include a program for regular rental inspections, rental inspections upon receipt of complaints, and certification of inspected rental housing, and may include but are not limited to the following:
   (1) A schedule of civil penalties or criminal fines for violations. A city may charge the owner of housing a late payment fee of twenty-five dollars and may add interest of up to one and one-half percent per month if a penalty or fine imposed under this subparagraph is not paid within thirty days of the date that the penalty or fine is due. The city shall send a notice of the late payment fee to such owner by first class mail to the owner’s personal or business mailing address. The late payment fee and the interest shall not accrue if such owner files an appeal with either the city, if the city has established an appeals procedure, or the district court. Any unpaid penalty, fine, fee, or interest shall constitute a lien on the real property and may be collected in the same manner as a property tax. However, before a lien is filed, the city shall send a notice of intent to file a lien to the owner of the housing by first class mail to such owner’s personal or business mailing address.
   (2) Authority for the issuance of orders requiring violations to be corrected within a reasonable time.
   (3) Authority for the issuance of citations pursuant to sections 805.1 to 805.5 upon a failure to satisfactorily remedy a violation.
   (4) Authority, if other methods have failed, for an officer to contract to have work done
as necessary to remedy a violation, the cost of which shall be assessed to the violator and constitute a lien on the property until paid.

(5) An escrow system for the deposit of rent which will be applied to the costs of correcting violations.

(6) Mediation of disputes based upon alleged violations.

(7) Injunctive procedures.

(8) Authority by ordinance to provide that no rent shall be recoverable by the owner or lessee of any dwelling which does not comply with the housing code adopted by the city until such time as the dwelling does comply with the housing code adopted by the city.

b. The enforcement procedures shall be designed to improve housing conditions rather than to displace persons from their homes.

4. A city which is subject to the uniform housing code or which adopts another housing code under this section may provide reasonable variances for existing structures which cannot practicably meet the standards in the code but are not unsafe for habitation.

5. Cities may establish reasonable fees for inspection and enforcement procedures. A city may charge the owner of housing a late payment penalty of twenty-five dollars and may add interest of up to one and one-half percent per month if a fee imposed under this subsection is not paid within thirty days of the date that the fee is due. The city shall send a notice of the late payment penalty to such owner by first class mail to the owner’s personal or business mailing address. The late payment penalty and the interest shall not accrue if such owner files an appeal with either the city, if the city has established an appeals procedure, or the district court. Any unpaid fee, penalty, or interest shall constitute a lien on the real property and may be collected in the same manner as a property tax. However, before a lien is filed, the city shall send a notice of intent to file a lien to the owner of the housing by first class mail to such owner’s personal or business mailing address.

6. Cities with populations of less than fifteen thousand may comply with this section.

7. A city may adopt housing code provisions which are more stringent than those in the model housing code it adopts or to which it is subject under this section.

The lease shall provide that the public school corporation may terminate the lease if the corporation needs to use the facility or building for school purposes. The public school corporation shall notify the city at least thirty days before the termination of the lease.

364.22 Municipal infractions.

1. a. A municipal infraction is a civil offense punishable by a civil penalty of not more than seven hundred fifty dollars for each violation or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. However, notwithstanding section 364.3, a municipal infraction arising from noncompliance with a pretreatment standard or requirement, referred to in 40 C.F.R. §403.8, by an industrial user may be punishable by a civil penalty of not more than one thousand dollars for each day a violation exists or continues.

b. (1) A city may classify a municipal infraction, other than a violation arising from noncompliance with a pretreatment standard or requirement, as an environmental violation if the infraction is a violation of chapter 455B or 459, subchapters II and III, or a violation of a standard established by the city in consultation with the department of natural resources, or both. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, unless the person is engaged in industrial production or manufacturing of grain products. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person engaged in industrial production or manufacturing of grain products, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, if the discharge occurs from September 15 to January 15. A municipal infraction which is classified an environmental violation is punishable by a civil penalty of not more than one thousand dollars for each occurrence. A person committing an environmental violation is not subject to a civil penalty, if all of the following conditions are satisfied:

(a) The violation results solely from the person conducting an initial start-up, cleaning, repairing, performing scheduled maintenance, testing, or conducting a shutdown, of equipment causing the violation or the equipment designed to reduce or eliminate the violation.

(b) The person notifies the city of the violation within twenty-four hours from the time that the violation begins.

(c) The violation does not continue in existence for more than eight hours.

(2) A city shall not enforce this section against a person committing an environmental violation, until the city offers to participate in informal negotiations with the person. If the person accepts the offer, the city and the person shall participate in good faith negotiations to resolve issues alleged to be the basis for the violation.

2. A city by ordinance may provide that a violation of an ordinance is a municipal infraction.

3. A city shall not provide that a violation of an ordinance is a municipal infraction if the violation is a felony, an aggravated misdemeanor, or a serious misdemeanor under state law or if the violation is a simple misdemeanor under chapters 687 through 747.

4. An officer authorized by a city to enforce a city code or regulation may issue a civil citation to a person who commits a municipal infraction. A copy of the citation may be served
by personal service as provided in rule of civil procedure 1.305, by certified mail addressed
to the defendant at the defendant’s last known mailing address, return receipt requested, or
by publication in the manner as provided in rule of civil procedure 1.310 and subject to the
conditions of rule of civil procedure 1.311. A copy of the citation shall be retained by the
issuing officer, and the original citation shall be sent to the clerk of the district court. The
citation shall serve as notification that a civil offense has been committed and shall contain
the following information:

a. The name and address of the defendant.
b. The name or description of the infraction attested to by the officer issuing the citation.
c. The location and time of the infraction.
d. The amount of civil penalty to be assessed or the alternate relief sought, or both.
e. The manner, location, and time in which the penalty may be paid.
f. The time and place of court appearance.
g. The penalty for failure to appear in court.
h. The legal description of the affected real property, if applicable.

5. a. Upon receiving a citation under subsection 4 that affects real property and that
charges a violation relating to the condition of the property, including a building code
violation, a local housing regulation violation, a housing code violation, or a public health
or safety violation, the clerk of the district court shall index the citation pursuant to section
617.10, if the legal description of the affected property is included in or attached to the
citation.

b. After filing the citation with the clerk of the district court, the city shall also file the
citation in the office of the county treasurer. The county treasurer shall include a notation
of the pendency of the action in the county system, as defined in section 445.1, until the
judgment of the court is satisfied or until the action is dismissed. Pursuant to section 446.7,
an affected property that is subject to a pending action shall not be offered for sale by the
county treasurer at tax sale.

6. In municipal infraction proceedings:

a. The matter shall be tried before a magistrate, a district associate judge, or a district
judge in the same manner as a small claim. The matter shall only be tried before a judge in
district court if the total amount of civil penalties assessed exceeds the jurisdictional amount
for small claims set forth in section 631.1.

b. The city has the burden of proof that the municipal infraction occurred and that the
defendant committed the infraction. The proof shall be by clear, satisfactory, and convincing
evidence.

c. The court shall ensure that the defendant has received a copy of the charges and that the
defendant understands the charges. The defendant may question all witnesses who appear
for the city and produce evidence or witnesses on the defendant’s behalf.

d. The defendant may be represented by counsel of the defendant’s own selection and at
the defendant’s own expense.

e. The defendant may answer by admitting or denying the infraction.

f. If a municipal infraction is proven the court shall enter a judgment against the
defendant. If the infraction is not proven, the court shall dismiss it.

7. All penalties or forfeitures collected by the court for municipal infractions shall be
remitted to the city in the same manner as fines and forfeitures are remitted for criminal
violations under section 602.8106. If the person named in the citation is served as provided in
this section and fails without good cause to appear in response to the civil citation, judgment
shall be entered against the person cited.

8. A person against whom judgment is entered, shall pay court costs and fees as in small
claims under chapter 631. If the action is dismissed, the city is liable for the court costs and
court fees. Where the action is disposed of without payment, or provision for assessment, of
court costs, the clerk shall at once enter judgment for costs against the city.

9. Seeking a civil penalty as authorized in this section does not preclude a city from
seeking alternative relief from the court in the same action.

10. a. When judgment has been entered against a defendant, the court may do any of the
following:
§364.22, POWERS AND DUTIES OF CITIES

(1) Imose a civil penalty by entry of a personal judgment against the defendant.
(2) Direct that payment of the civil penalty be suspended or deferred under conditions imposed by the court.
(3) Grant appropriate alternative relief ordering the defendant to abate or cease the violation.
(4) Authorize the city to abate or correct the violation.
(5) Order that the city’s costs for abatement or correction of the violation be entered as a personal judgment against the defendant or assessed against the property where the violation occurred, or both.
   b. If a defendant willfully violates the terms of an order imposed by the court, the failure is contempt.
   c. A magistrate or district associate judge shall have jurisdiction to assess or enter judgment for costs of abatement or correction in an amount not to exceed the jurisdictional amount for a money judgment in a civil action pursuant to section 631.1, subsection 1, for magistrates and section 602.6306, subsection 2, for district associate judges. If the city seeks abatement or correction costs in excess of those amounts, and the matter is not before a judge in district court, the case shall be referred to the district court for hearing and entry of an appropriate order. The procedure for hearing in the district court shall be the same procedure as that for a small claims appeal pursuant to section 631.13.

11. The defendant or the city may file a motion for a new trial or may appeal the decision of a magistrate, district associate judge, or a district judge to the district court. The procedure on appeal shall be the same as for a small claim pursuant to section 631.13. A factual determination made by the trial court, supported by substantial evidence as shown in the record, is binding for purposes of appeal relating to the violation at issue, but shall not be admissible or binding as to any future violation for the same or similar ordinance provision by the same defendant.

12. This section does not preclude a peace officer of a city from issuing a criminal citation for a violation of a city code or regulation if criminal penalties are also provided for the violation. Each day that a violation occurs or is permitted to exist by the defendant, constitutes a separate offense.

13. The issuance of a civil citation for a municipal infraction or the ensuing court proceedings do not provide an action for false arrest, false imprisonment, or malicious prosecution.

14. An action brought pursuant to this section for a municipal infraction which is an environmental violation does not preclude, and is in addition to, any other enforcement action which may be brought pursuant to chapter 455B, 455D, 455E, or 459, subchapters II, III, and VI.

15. A police department may dispose of personal property under section 80.39.

364.22A Neglected animals.

94 Acts, ch 1103, §4

364.22B Collection of judgment debt.
1. As used in this section, “judgment debt” means any criminal penalty, any personal judgment for a civil penalty, or any personal or in rem judgment for the costs of abating a nuisance or other violation, owing to a city in any proceeding brought as a municipal infraction under section 364.22, or in a civil nuisance proceeding under chapter 657, or in a criminal proceeding for a misdemeanor violation under a city ordinance.

2. Judgment debt owing to a city is deemed delinquent if it is not paid within thirty days after the date it is assessed. An amount which was ordered by the court to be paid on a date
fixed in the future is deemed delinquent if it is not received by the clerk of court within thirty days after the fixed date set out in the court order. If an amount was ordered to be paid in installments and an installment is not received within thirty days after the date it is due, the entire amount of the judgment debt is deemed delinquent.

3. a. A city may contract with a private collection designee for the collection of a judgment debt sixty days after the judgment debt in a case is deemed delinquent pursuant to subsection 2.

    b. The contract shall provide for a collection fee of up to twenty-five percent of the amount of the balance of the judgment debt in a case deemed delinquent. The collection fee shall be added to the amount of the judgment debt deemed delinquent. The amount of the judgment debt deemed delinquent and the collection fee shall be owed by and collected from the defendant. The collection fee shall be used to compensate the private collection designee.

All city-owned exterior flood lighting, including but not limited to street and security lighting but not including era or period lighting which has a minimum efficiency rating of fifty-eight lumens per watt and not including stadium or ball park lighting, shall be replaced, when worn-out, exclusively with high pressure sodium lighting or lighting with equivalent or better energy efficiency as approved in rules adopted by the utilities board within the utilities division of the department of commerce. In lieu of the requirements established for replacement lighting under this section, stadium or ball park lighting shall be replaced, when worn-out, with the most energy-efficient lighting available at the time of replacement which may include metal halide, high-pressure sodium, or other light sources which may be developed.

364.25 Retiree health care.

A city may provide health or medical insurance coverage or supplemental health or medical insurance coverage to retired employees of the city. A city providing health or medical insurance coverage pursuant to this section may establish such requirements or restrictions concerning the coverage provided as the city may adopt. If coverage is provided, the cost of the health or medical insurance coverage may be paid from moneys held in a trust and agency fund established pursuant to section 384.6, or out of an appropriation from the city general fund for this purpose.

GENERAL PROVISIONS

368.2 Name change.

A city may change its name as follows:

1. The council shall propose the name change and shall notify the county commissioner of elections that the question shall be submitted at the next regular city election.

2. The county commissioner of elections shall publish notice, as provided in section 362.3, of the proposed new name, and of the fact that the question will be submitted at the next regular city election. The county commissioner of elections shall report the results of the balloting on the question to the mayor and the city council.

3. If a majority of those voting on the question approves the proposed new name, the city clerk shall enter the new name upon the city records and file certified copies of the proceedings, including the council’s proposal, proof of publication of notice, and certification of the election result, with the county recorder of each county which contains part of the city, and with the secretary of state. Upon proper filing the name change is complete and effective.

368.3 Discontinuance — cemetery fund transfer.

1. A city is discontinued if, for a period of six years or more, it has held no city election and has caused no taxes to be levied. If the board receives knowledge of facts which cause an automatic discontinuance under this section, it shall make a determination that the city is discontinued, shall take control of the property of the discontinued city, and shall carry out all necessary procedures as if the city were discontinued under a petition or plan.

2. A city may also be discontinued in accordance with the following procedures. The council shall adopt a resolution of intent to discontinue and shall call a public hearing on the proposal to discontinue. Notice of the time and place of the public hearing and the proposed action shall be published as provided in section 362.3, except that at least ten days’ notice must be given. At the public hearing, the council shall receive oral and written comments regarding the proposal from any person. Thereafter, the council, at the same meeting or at a subsequent meeting, may pass a resolution of discontinuance or pass a resolution abandoning the proposal. If the council passes a resolution of discontinuance, a petition may be filed with the clerk in the manner provided in section 362.4, within thirty days following the effective date of the resolution, requesting that the question of discontinuance be submitted to the registered voters of the city. Upon receipt of a petition requesting an election, the council shall direct the county commissioner of elections to call a special election on the question of discontinuance or shall adopt a resolution abandoning the discontinuance. Notice of the election shall be given by publication as required in section 49.53. If a majority of those voting approve the discontinuance or if no petition for an election is filed, the clerk shall send a copy of the resolution of discontinuance and, if an election is held, the results of the election to the board. The board shall take control of the property of the discontinued city and shall supervise procedures necessary to carry out the discontinuance in accordance with section 368.21.

3. When a city is discontinued under this section or under sections 368.11 through 368.22, and that city owns a cemetery, the board shall determine if any perpetual care funds exist

368.4 Annexing moratorium.
A city, following notice and hearing, may by resolution agree with another city or cities to refrain from annexing specifically described territory for a period not to exceed ten years and, following notice and hearing, may by resolution extend the agreement for subsequent periods not to exceed ten years each. Notice of a hearing shall be served by regular mail at least thirty days before the hearing on the city development board and on the board of supervisors of the county in which the territory is located and shall be published in an official county newspaper in each county containing a city conducting a hearing regarding the agreement, in an official county newspaper in any county within two miles of any such city, and in an official newspaper of each city conducting a hearing regarding the agreement. After passage of a resolution by the cities approving the agreements, a copy of the agreement and a copy of any resolution extending an agreement shall be filed with the city development board within ten days of enactment. If such an agreement is in force, the board shall dismiss a petition or plan which violates the terms of the agreement.

368.5 Annexing state and county property.
1. Territory owned by the state of Iowa may be annexed, but the attorney general must be served with notice of the hearing and a copy of the proposal.
2. Territory within the road right-of-way owned by a county may be annexed, but the county attorney of that county must be served with notice of the hearing and a copy of the proposal.

368.6 Intent.
It is the intent of the general assembly to provide an annexation approval procedure which gives due consideration to the wishes of the residents of territory to be annexed, and to the interests of the residents of all territories affected by an annexation. The general assembly presumes that a voluntary annexation of territory more closely reflects the wishes of the residents of territory to be annexed, and, therefore, intends that the annexation approval procedure include a presumption of validity for voluntary annexation approval.

91 Acts, ch 250, §2

368.7 Voluntary annexation of territory.
1. a. All of the owners of land in a territory adjoining a city may apply in writing to the council of the adjoining city requesting annexation of the territory. Territory comprising railway right-of-way or territory comprising not more than twenty percent of the land area may be included in the application without the consent of the owner to avoid creating an island or to create more uniform boundaries. Public land may be included in the territory to be annexed. However, the area of the territory that is public land included without the written consent of the agency with jurisdiction over the public land shall not be used to determine the percentage of territory that is included with the consent of the owner and without the consent of the owner.

b. (1) Prior to notification in paragraph “c”, the annexing city shall provide written notice to the board of supervisors and township trustees of each county and township that contains all or a portion of the territory to be annexed. The written notice shall include the same
information required in paragraph “c” and shall set a time for a consultation on the proposed annexation between the annexing city and each county and township that contains all or a portion of the territory to be annexed. The consultation shall be held at least fourteen business days before the applications in paragraph “c” are mailed. The governing body of each such county and township may designate one of its members to attend the consultation. Each such county and township may make written recommendations for modification to the proposed annexation no later than seven business days following the date of the consultation.

(2) Not later than thirty days after the consultation, the board of supervisors of each county that contains all or a portion of the territory to be annexed shall, by resolution, state whether or not it supports the application or whether it takes no position in support of or against the application. If there is a comprehensive plan for the county, the board shall take the plan into account when considering its resolution. A copy of the resolution shall be immediately filed with the annexing city and shall be considered by the city council when taking action on the application. The city council shall forward a copy of the resolution to the city development board as part of the city proceedings on the annexation. Failure of a board of supervisors to adopt a resolution shall not delay the proceedings on the application nor shall such failure be considered a deficiency either in the application or in the annexing city’s proceedings.

c. A copy of the application shall be mailed by certified mail to the nonconsenting owner and each affected public utility, at least fourteen business days prior to any action taken by the city council on the application. The application must contain a legal description and a map of the territory showing its location in relationship to the city.

d. The city shall provide for a public hearing on the application before approving or denying it. The city shall provide written notice at least fourteen business days prior to any action by the city council regarding the application, including a public hearing, by regular mail to the chairperson of the board of supervisors of each county which contains a portion of the territory proposed to be annexed, each public utility which serves the territory proposed to be annexed, each owner of property located within the territory to be annexed who is not a party to the application, and each owner of property that adjoins the territory to be annexed unless the adjoining property is in a city. The city shall publish notice of the application and public hearing on the application in an official county newspaper in each county which contains a portion of the territory proposed to be annexed. Both the written and published notice shall include the time and place of the public hearing and a legal description of the territory to be annexed. The city shall not assess the costs of providing notice as required in this section to the applicants. The city council shall approve or deny the application by resolution of the council.

e. An application for annexation under this subsection may be withdrawn by an applicant at any time within three business days after the public hearing unless the application was made pursuant to a written agreement for the extension of city services or unless the right to withdraw the application was specifically identified and waived by the applicant in the application. A landowner who has consented to the annexation may, within three business days after the public hearing, withdraw the landowner’s consent to the annexation unless the landowner has entered into a written agreement for extension of city services or unless the right to withdraw consent was specifically identified and waived by the landowner.

f. An annexation including territory comprising not more than twenty percent of the land area without consent of the property owners is not complete without approval by four-fifths of the members of the city development board after a hearing for all affected property owners and the county. When considering such an annexation application, the board may request that the annexing city provide information on the amount of land located in the annexing city that is currently vacant or undeveloped and whether municipal services are being provided to current residents of the annexing city.

2. An application for annexation of territory not within an urbanized area of a city other than the city to which the annexation is directed must be approved by resolution of the council which receives the application. The city council shall mail a copy of the application by certified mail to the board of supervisors of each county which contains a portion of the territory at least fourteen business days prior to any action taken by the city council on the
application. The council shall also publish notice of the application in an official county newspaper in each county which contains a portion of the territory at least fourteen days prior to any action taken by the council on the application. Upon receiving approval of the council, the city clerk shall file a copy of the resolution, map, and legal description of the territory involved with the secretary of state, the county board of supervisors of each county which contains a portion of the territory, each affected public utility, and the state department of transportation. The city clerk shall also record a copy of the legal description, map, and resolution with the county recorder of each county which contains a portion of the territory. The secretary of state shall not accept and acknowledge a copy of a legal description, map, and resolution of annexation which would create an island. The annexation is completed upon acknowledgment by the secretary of state that the secretary of state has received the legal description, map, and resolution.

3. An application for annexation of territory within an urbanized area of a city other than the city to which the annexation is directed must be approved both by resolution of the council which receives the application and by the board. The board shall not approve an application which creates an island. Notice of the application shall be mailed by certified mail, by the city to which the annexation is directed, at least fourteen business days prior to any action by the city council on the application to the council of each city whose boundary adjoins the territory or is within two miles of the territory, to the board of supervisors of each county which contains a portion of the territory, each affected public utility, and to the regional planning authority of the territory. Notice of the application shall be published in an official county newspaper in each county which contains a portion of the territory at least ten business days prior to any action by the council on the application. The annexation is completed when the board has filed and recorded copies of applicable portions of the proceedings as required by section 368.20, subsection 1, paragraph "b".

4. a. If one or more applications for a voluntary annexation and one or more petitions for an involuntary annexation or incorporation for a common territory are submitted to the board within thirty days of the date the first application or petition was submitted to the board, the board shall approve the application for voluntary annexation, if the application meets the applicable requirements of this chapter, unless the board determines by a preponderance of the evidence that the application was filed in bad faith, or that the application as filed is contrary to the best interests of the citizens of the urbanized area, or that the applicant cannot within a reasonable period of time meet its obligation to provide services to the territory to be annexed sufficient to meet the needs of the territory. In consideration of the requests, the board may appoint a committee in the manner provided in section 368.14 to seek additional information from the applicant for voluntary annexation as necessary, including the information required of petitioners pursuant to section 368.11. The board, or the committee, if applicable, shall hold a public hearing on the application for voluntary annexation in the manner provided for involuntary petitions in section 368.15. The decision of the board under this subsection shall be made within ninety days of receipt of the application by the board. The failure of the board to approve an application under this paragraph shall be deemed final agency action subject to judicial review.

b. If an application for voluntary annexation is not approved pursuant to this section, the board shall cause the conversion of the application to a petition pursuant to section 368.13 and shall proceed under section 368.14A. The conversion of an application to a petition shall not prejudice the status of the applicant. Judicial review of a board decision under this subsection may be requested by an aggrieved party.

5. In the discretion of a city council, the resolution provided for in subsection 1, paragraph "d", or subsection 2 or 3, may include a provision for a transition for the imposition of city
368.7A Secondary road annexation.

1. The board of supervisors of each affected county shall notify the city development board of the existence of that portion of any secondary road which extends to the center line but has not become part of the city by annexation and has a common boundary with a city. The notification shall include a legal description and a map identifying the location of the secondary road. The city development board shall provide notice and an opportunity to be heard to each city in or next to which the secondary road is located. The city development board shall certify that the notification is correct and declare the road, or portion of the road extending to the center line, annexed to the city as of the date of certification. This section is not intended to interfere with or modify existing chapter 28E agreements on jurisdictional transfer of roads, or continuing negotiations between jurisdictions.

2. The remaining title and interest of a county in any secondary road or portion of the road which has been annexed by a city is transferred to the annexing city on July 1, 1993. The title and interest of a county in any secondary road which is annexed by a city after July 1, 1993, is transferred to the city upon the effective date of the annexation.

93 Acts, ch 152, §5

368.8 Voluntary severing of territory.

Any territory may be severed upon the unanimous consent of all owners of the territory and approval by resolution of the council of the city in which the territory is located. The council shall provide in the resolution for the equitable distribution of assets and equitable distribution and assumption of liabilities of the territory as between the city and the severed territory. The city clerk shall file a copy of the resolution, map, and a legal description of the territory involved with the county board of supervisors, secretary of state, and state department of transportation. The city clerk shall also record a copy of the map and resolution with the county recorder. The secretary of state shall not accept and acknowledge a copy of a map and resolution of severance which would create an island. The severance is completed upon acknowledgment by the secretary of state that the secretary of state has received the map and resolution.

   (d) For the seventh and eighth years, thirty percent.
   (e) For the ninth and tenth years, fifteen percent.

(2) An alternative schedule may be adopted by the city council. However, an alternative schedule shall not allow a greater exemption than that provided in this paragraph. The exemption shall be applied in the levy and collection of taxes. The provision may also allow for the partial provision of city services during the time in which the exemption from taxation is in effect. If the city council provides for a transition for the imposition of city taxes against property in an annexation area, all property owners included in the annexation area must receive the transition upon completion of the annexation.

n. In the case of an annexation, a plan for extending municipal services to be provided by the annexing city to the annexed territory within three years of July 1 of the fiscal year in which city taxes are collected against property in the annexed territory.

4. At least fourteen business days before a petition for involuntary annexation is filed as provided in this section, the petitioner shall make its intention known by sending a letter of intent by certified mail to the council of each city whose urbanized area contains a portion of the territory, the board of supervisors of each county which contains a portion of the territory, the regional planning authority of the territory involved, each affected public utility, and to each property owner listed in the petition. The written notification shall include notice that the petitioners shall hold a public meeting on the petition for involuntary annexation prior to the filing of the petition.

5. Before a petition for involuntary annexation may be filed, the petitioner shall hold a public meeting on the petition. Notice of the meeting shall be published in an official county newspaper in each county which contains a part of the territory at least five days before the date of the public meeting. The mayor of the city proposing to annex the territory, or that person's designee, shall serve as chairperson of the public meeting. The city clerk of the same city or the city clerk's designee shall record the proceedings of the public meeting. Any person attending the meeting may submit written comments and may be heard on the petition. The minutes of the public meeting and all documents submitted at the public meeting shall be forwarded to the county board of supervisors of each county where the territory is located and to the board by the chairperson of the meeting.

6. Within thirty days after receiving notice that a petition for involuntary annexation has been filed with the board, the board of supervisors of each county that contains all or a portion of the territory to be annexed shall, by resolution, state whether or not it supports the petition or whether it takes no position in support of or against the petition. If there is a comprehensive plan for the county, the board shall take the plan into account when considering its resolution. A copy of the resolution shall be immediately filed with the annexing city and with the city development board. Failure of a board of supervisors to adopt a resolution shall not delay the proceedings on the petition nor shall such failure be considered a deficiency either in the petition or in the annexing city's proceedings.
368.12 Dismissal.

The board may dismiss a petition only if it finds that the petition does not meet the requirements of this chapter, or that substantially the same incorporation, discontinuance, or boundary adjustment has been disapproved by a committee formed to consider the proposal, or by the voters, within the two years prior to the date the petition is filed with the board, or that the territory to be annexed, or a portion of that territory, has been voluntarily annexed under section 368.7. The board shall file for record a statement of each dismissal and the reason for it, and shall promptly notify the parties to the proceeding of its decision.

A plan submitted at the board’s initiation must include the same information as a petition and be filed and acted upon in the same manner as a petition. A petition or plan may include any information relevant to the proposal, including but not limited to results of studies and surveys, and arguments.

Each local representative is entitled to receive from the state the representative’s actual and necessary expenses spent in performance of committee duties. Three board members and one local representative, or if the number of local representatives exceeds one, three board members and at least one-half of the appointed local representatives, are required for a quorum of the committee. A local representative must be a registered voter of the territory or city which the representative represents, and must be selected as follows:

1. From a territory to be incorporated, one representative appointed by the county board of supervisors. If the territory is in more than one county, the board shall direct the appointment of a local representative from each county involved.
2. From a city to be discontinued, one representative appointed by the city council.
3. From a territory to be annexed to or severed from a city, one representative appointed by the county board of supervisors. If there are no registered voters residing in an area to be annexed to or severed from a city, the county board of supervisors shall appoint as local representative an individual owning property in the territory whether or not the individual is a registered voter or appoint a designee of such individual. If the territory is in more than one county, the board shall direct the appointment of a local representative from each county involved by its board of supervisors.
4. From a city to which territory is to be annexed or from which territory is to be severed, one representative appointed by the city council. If the territory is in more than one county, the board shall direct the appointment of an equal number of city and county local representatives.
5. From each city to be consolidated, one representative appointed by each city council.

5. A consolidation unless the cities are contiguous.

All records of a discontinued city shall be deposited with the county auditor of the county designated by the board.    c. Appeal of an approval of a petition or plan does not stay the election.

If the notification of an annexation is provided to a public utility less than sixty days prior to the effective date of the annexation, the public utility shall have sixty days from the date of notification to adjust its tax and accounting records to reflect the annexation for any tax purpose.

368.25 Failure to provide municipal services.
Prior to expiration of the three-year period established in section 368.11, subsection 3, paragraph “n”, the annexing city shall submit a report to the board describing the status of the provision of municipal services identified in the plan required in section 368.11, subsection 3, paragraph “n”. If a city fails to provide municipal services, or fails to show substantial and continuing progress in the provision of municipal services, to territory involuntarily annexed, according to the plan for extending municipal services filed pursuant to section 368.11, subsection 3, paragraph “n”, within the time period specified in that subsection, the city development board may initiate proceedings to sever the annexed territory from the city. The board shall notify the city of the severance proceedings and shall hold a public hearing on the proposed severance. The board shall give notice of the hearing in the same manner as notice of a public meeting in section 368.11. The board may order severance of all or a portion of the territory and the order to sever is not subject to approval at an election. A city may request that the board allow up to an additional three years to provide municipal services if good cause is shown. As an alternative to severance of the territory, the board may impose a moratorium on additional annexation by the city until the city complies with its plan for extending municipal services. For purposes of this
section, "municipal services" means services included in the plan required by section 368.11, subsection 3, paragraph "n", for extending municipal services.  

368.25A Boundary adjustment between cities by petition and consent.
1. A real property owner within the boundaries of a city may file a petition for severance with the city council if the petitioner’s real property, if severed, would be eligible for annexation by a different city and if such annexation would not create an island. Contiguous property owners may file a combined petition under this section.
2. The petition shall be filed with the city council of the city from which severance is sought and the city council of the city to which annexation is requested. The petition shall be in substantially the form required of an application under section 368.7.
3. If the city councils of both cities approve the petition, the petition shall be filed with the board. Approval by either city council may be conditioned upon an agreement entered into by the cities providing for the transition of property taxes or the sharing of property tax revenues from the real property described in the petition for a period not to exceed forty years and providing for all necessary zoning ordinance changes within a period not to exceed ten years. An agreement between cities under this subsection shall be filed with the board at the same time the approved petition is filed. An agreement may include additional transition provisions relating to the transfer or sharing of property tax revenues for property outside the boundaries of the territory described in the petition and any other provisions deemed by the cities to be in the public interest if such actions are within the authority of the cities.
4. Following receipt of a petition, the board shall initiate proceedings to sever the territory from the city in which it is located and annex the territory to the annexing city. The board shall notify both cities of the severance and annexation proceedings and shall hold a public hearing on the severance, annexation, and any agreement between the cities pursuant to subsection 3. The board shall give notice of the hearing in the same manner as notice of a public meeting in section 368.11, subsection 5.
5. The board may only approve the petition if the board also approves any agreements between the cities pursuant to subsection 3, and filed with the board. The board may only approve or deny the severance and annexation of the territory described in the petition, and the order of the board approving the petition is not subject to approval at an election.
6. The severance and annexation approved by the board is completed when the board files with the secretary of state and the clerk of each city involved in the severance and annexation, and records with the recorder of each county which contains a portion of any city or territory involved, copies of the proceedings including the petition, any agreements between the cities, the order of the board approving the petition, proofs of service and publication of required notices, and any other material deemed by the board to be of primary importance to the proceedings. The board shall also file with the state department of transportation a copy of the map and legal land description of each completed severance and annexation under this section.
2010 Acts, ch 1022, §1

368.26 Annexation of certain property — compliance with less stringent regulations.
1. A city ordinance or regulation that regulates a condition or activity occurring on protected farmland or regulates a person who owns and operates protected farmland is unenforceable against the owner of the protected farmland for a period of ten years from the effective date of the annexation, to the extent the city ordinance or regulation is more stringent than county legislation. Section 335.2 shall apply to the protected farmland until the owner of the protected farmland determines that the land will no longer be operated as an agricultural operation. Any enforcement activity conducted in violation of this section is void.
2. For purposes of this section:
   a. "Condition or activity occurring on protected farmland" includes but is not limited to the raising, harvesting, drying, or storage of crops; the marketing of products at roadside
stands or farm markets; the creation of noise, odor, dust, or fumes; the production, care, feeding, or housing of animals including but not limited to the construction, operation, or management of an animal feeding operation, an animal feeding operation structure, or aerobic structure, and to the storage, handling, or application of manure or egg washwater; the operation of machinery including but not limited to planting and harvesting equipment, grain dryers, grain handling equipment, and irrigation pumps; ground and aerial seeding and spraying; the application of chemical fertilizers, conditioners, insecticides, pesticides, and herbicides; and the employment and use of labor.

b. “County legislation” means any ordinance, motion, resolution, or amendment adopted by a county pursuant to section 331.302.
c. “Protected farmland” means land that is part of a century farm as that term is defined in section 403.17, subsection 10.

3. Within thirty days of the date that this section becomes effective, a city shall adopt by ordinance a charter embodying its existing form of government, which must be one of the forms provided in this subchapter, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.

[C54, 58, 62, 66, 71, 73, §363.1, 363.30; C75, 77, 79, 81, §372.1]
Referred to in §372.2, 372.12

372.2 Six-year limitation.

Unless otherwise provided by law, a city may adopt a different form of government not more often than once in a six-year period. A different form, other than a home rule charter, special charter, city-county consolidated government, or community commonwealth, must be adopted as follows:

1. Eligible electors of the city may petition the council to submit to the electors the question of adopting a different form of city government. The minimum number of signatures required on the petition shall be equal in number to twenty-five percent of those who voted in the last regular city election. The petition shall specify which form of city government in section 372.1 the petitioners propose for adoption.

2. a. Within fifteen days after receiving a valid petition, the council shall publish notice of the date that a special election will be held to determine whether the city shall change to a different form of government. The election date shall be as specified in section 39.2, subsection 4, paragraph “b”. If the next election date specified in that paragraph is more than sixty days after the publication, the council shall publish another notice fifteen days before the election. The notice shall include a statement that the filing of a petition for appointment of a home rule charter commission will delay the election until after the home rule charter commission has filed a proposed charter. Petition requirements and filing deadlines shall also be included in the notice.

b. The council shall notify the county commissioner of elections to publish notice of the election and conduct the election pursuant to chapters 39 to 53. The county commissioner of elections shall certify the results of the election to the council.

3. If a majority of the persons voting at the special election approves the proposed form, it is adopted.

4. If a majority of the persons voting at the special election does not approve the proposed form, that form may not be resubmitted to the voters within the next four years.

5. If the proposed form is adopted:

a. The elective officers provided for in the adopted form are to be elected at the next regular city election held more than eighty-four days after the special election at which the form was adopted. The adopted form becomes effective at the beginning of the new term following the regular city election.

b. The change of form does not alter any right or liability of the city in effect when the new form takes effect.

c. All departments and agencies shall continue to operate until replaced.

d. All measures in effect remain effective until amended or repealed, unless they are irreconcilable with the adopted form.

e. Upon the effective date of the adopted form, the city shall adopt by ordinance a new charter embodying the adopted form, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.

§372.4 Mayor-council form.
1. a. A city governed by the mayor-council form has a mayor and five council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The council may, by ordinance, provide for a city manager and prescribe the manager’s powers and duties, and as long as the council contains an odd number of council members, may change the number of wards, abolish wards, or increase the number of council members at large without changing the form.

b. However, a city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member from each of four wards, or a special charter city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member elected from each of eight wards, may continue until the form of government is changed as provided in section 372.2 or section 372.9. While a city is thus operating with an even number of council members, the mayor may vote to break a tie vote on motions not involving ordinances, resolutions or appointments made by the council alone, and in a special charter city operating with ten council members under this section, the mayor may vote to break a tie vote on all measures.

2. The mayor shall appoint a council member as mayor pro tem, and shall appoint and dismiss the marshal or chief of police except where an intergovernmental agreement makes other provisions for police protection or as otherwise provided in section 400.13. However, the appointment and dismissal of the marshal or chief of police are subject to the consent of a majority of the council. Other officers must be selected as directed by the council. The mayor is not a member of the council and shall not vote as a member of the council.

3. In a city having a population of five hundred or more, but not more than five thousand, the city council may, or shall upon petition of the electorate meeting the numerical requirements of section 372.2, subsection 1, submit a proposal at the next regular or special city election to reduce the number of council members to three. If a majority of the voters voting on the proposal approves it, the proposal is adopted. If the proposal is adopted, the new council shall be elected at the next regular or special city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

4. In a city having a population of less than five hundred, the city council may adopt a resolution of intent to reduce the number of council members from five to three and shall call a public hearing on the proposal. Notice of the time and place of the public hearing shall be published as provided in section 362.3, except that at least ten days’ notice must be given. At the public hearing, the council shall receive oral and written comments regarding the proposal from any person. Thereafter, the council, at the same meeting as the public hearing or at a subsequent meeting, may adopt a final resolution to reduce the number of council members from five to three or may adopt a resolution abandoning the proposal. If the council adopts a final resolution to reduce the number of council members from five to three, a petition meeting the same requirements specified in section 362.4 for petitions authorized by city code may be filed with the clerk within thirty days following the effective date of the final resolution, requesting that the question of reducing the number of council members from five to three be submitted to the registered voters of the city. Upon receipt of a petition requesting an election, the council shall direct the county commissioner of elections to put the proposal on the ballot for the next regular city election. If the ballot proposal is adopted, the new council shall be elected at the next following regular city election. If a petition is not
filed, the council shall notify the county commissioner of elections by July 1 of the year of the regular city election and the new council shall be elected at that regular city election. If the council notifies the commissioner of elections after July 1 of the year of the regular city election, the change shall take effect at the next following regular city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

5. City council membership reduced from five council members to three may be increased to five council members using the same procedure in subsection 3 or 4, as applicable.

Referred to in §372.13, 380.4

372.5 Commission form.

1. A city governed by the commission form has five departments as follows:
   a. Department of public affairs.
   b. Department of accounts and finances.
   c. Department of public safety.
   d. Department of streets and public improvements.
   e. Department of parks and public property.

2. a. A city governed by the commission form has a council composed of a mayor and four council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The mayor administers the department of public affairs and each other council member is elected to administer one of the other four departments.
   b. However, a city governed, on July 1, 1975, by the commission form and having a council composed of a mayor and two council members elected at large may continue with a council of three until the form of government is changed as provided in section 372.2 or section 372.9 or without changing the form, may submit to the voters the question of increasing the council to five members assigned to the five departments as set out in this section.

3. The mayor shall supervise the administration of all departments and report to the council all matters requiring its attention. The mayor is a member of the council and may vote on all matters before the council.

4. The council member elected to administer the department of accounts and finances is mayor pro tem.

5. The council may appoint a city treasurer or may, by ordinance, provide for election of that officer.

Referred to in §372.13

372.6 Council-manager-at-large form.

1. A city governed by the council-manager-at-large form has five council members elected at large for staggered four-year terms. At the first meeting of the new term following each city election, the council shall elect one of the council members to serve as mayor, and one to serve as mayor pro tem. The mayor is a member of the council and may vote on all matters before the council. As soon as possible after the beginning of the new term following each city election, the council shall appoint a manager.

2. a. The city council of a city governed by the council-manager-at-large form may adopt
§372.6, ORGANIZATION OF CITY GOVERNMENT

a resolution on its own motion, or shall adopt a resolution if a petition valid under section 362.4 is filed with the city clerk, proposing that the city be governed by a mayor elected by the people for a four-year term and four council members elected at large. After adoption of the resolution, the council shall direct the county commissioner of elections to put the proposal on the ballot for the next general election or the next regular city election, whichever occurs first. If the ballot proposal is approved, the city council shall adopt an ordinance meeting the requirements of paragraph “b”, and the ordinance is effective beginning with the next following regular city election.

b. The ordinance shall provide that the mayor is a member of the council and may vote on all matters before the council. The ordinance shall provide that the term of office of the mayor is four years and, after each regular city election, the mayor shall appoint a council member as mayor pro tem. The ordinance shall provide that the mayor is a member of the council for purposes of maintaining staggered terms on the council. A council member’s term shall not be shortened or lengthened as a means of initially implementing the ordinance.

c. An ordinance adopted and approved under this subsection is not subject to repeal until the ordinance has been in effect for at least six years. The question of repeal of the ordinance is subject to the requirements of paragraph “a”.

3. The council may by ordinance provide that the city will be governed by council-manager-ward form. The ordinance must provide for the election of the mayor and council members required under council-manager-ward form at the next regular city election.

372.7 Council-manager-ward form.
1. A city governed by council-manager-ward form has a council composed of a mayor and six council members. Of the six council members, two may be elected at large and one elected from each of four wards, or one may be elected from each of six wards. The mayor and other council members serve four-year staggered terms. The mayor is a member of the council and may vote on all matters before the council.

2. The council, by ordinance, may change from one ward option authorized under this section to the other ward option. The ordinance must provide for the election of the mayor and council members as provided in the selected ward option at the next regular city election.

3. As soon as possible after the beginning of the new term following each city election, the council shall appoint a city manager, and a council member to serve as mayor pro tem.

372.9 Home rule charter procedure.

A city to be governed by the home rule charter form shall adopt a home rule charter in which its form of government is set forth. A city may adopt a home rule charter only by the following procedures:

1. A home rule charter may be proposed by:

\(a.\) The council, causing a charter to be prepared and filed and by resolution submitting it to the voters.

\(b.\) Eligible electors of the city equal in number to at least twenty-five percent of the persons who voted at the last regular city election petitioning the council to appoint a charter commission to prepare a proposed charter. The council shall, within thirty days of the filing of a valid petition, appoint a charter commission composed of not less than five nor more than fifteen members. The charter commission shall, within six months of its appointment, prepare and file with the council a proposed charter.

2. When a charter is filed, the council and mayor shall notify the county commissioner of elections to publish notice containing the full text of the proposed home rule charter, a description of any other form of government being presented to the voters, and the date of the election, and to conduct the election. The notice shall be published at least twice in the
manner provided in section 362.3, except that the publications must occur within sixty days of the filing of the home rule charter, with a two-week interval between each publication. The council shall provide copies of a proposed charter for public distribution by the city clerk.

3. The proposed home rule charter must be submitted at a special election on a date specified in section 39.2, subsection 4, paragraph “b”, and in accordance with section 47.6. However, the date of the last publication must be not less than thirty nor more than sixty days before the election.

4. If a proposed home rule charter is rejected by the voters, it may not be resubmitted in substantially the same form to the voters within the next four years. If a proposed home rule charter is adopted by the voters, no other form of government may be submitted to the voters for six years.

5. If a petition for the appointment of a charter commission is filed at any time within two weeks after the second publication of a charter proposed by the council, the submission to the voters of a charter proposed by the council must be delayed, a charter commission appointed, and the council proposal and the charter proposed by the charter commission must be submitted to the voters at the same special election.

6. The ballot submitting a proposed charter or charters must also submit the existing form of government as an alternative.

7. a. If only two forms of government are being voted upon, the form of government which receives the highest number of votes is adopted.

b. If more than two forms are being voted upon and no form receives a majority of the votes cast in the special election, there must be a runoff election between the two proposed forms which receive the highest number of votes in the special election. The runoff election must be held within thirty days following the special election and must be conducted in the same manner as a special city election.

8. If a home rule charter is adopted:

a. The elective officers provided for in the charter are to be elected at the next regular city election held more than sixty days after the special election at which the charter was adopted, and the adopted charter becomes effective at the beginning of the new term following the regular city election.

b. The adoption of the charter does not alter any right or liability of the city in effect at the time of the special election at which the charter was adopted.

c. All departments and agencies shall continue to operate until replaced.

d. All measures in effect remain effective until amended or repealed, unless they are irreconcilable with the charter.

e. Upon the effective date of the home rule charter, the city shall adopt by ordinance the home rule charter, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.

372.10 Contents of charter.
A home rule charter must contain provisions for:

1. A council of an odd number of members, not less than five.

2. A mayor, who may be one of those council members.

3. Two-year or staggered four-year terms of office for the mayor and council members.

4. The powers and duties of the mayor and the council, consistent with the provisions of the city code.

5. A council representation plan pursuant to section 372.13, subsection 11.

91 Acts, ch 256, §38

372.11 Amendment to charter.
A home rule charter may be amended by one of the following methods:

1. The council, by resolution, may submit a proposed amendment to the voters at a special
city election, and the proposed amendment becomes effective if approved by a majority of those voting.

2. The council, by ordinance, may amend the charter. However, within thirty days of publication of the ordinance, if a petition valid under the provisions of section 362.4 is filed with the council, the council must submit the ordinance amendment to the voters at a special city election, and the amendment does not become effective until approved by a majority of those voting.

3. If a petition valid under the provisions of section 362.4 is filed with the council proposing an amendment to the charter, the council must submit the proposed amendment to the voters at a special city election, and the amendment becomes effective if approved by a majority of those voting.

[C75, 77, 79, 81, §372.11]

Referred to in §373.5

372.12 Special charter form limitation.

A city may not adopt the special charter form but a city governed by a special charter on July 1, 1975, is considered to have the special charter form although it may utilize elements of the mayor-council form in conjunction with the provisions of its special charter. In adopting and filing its charter as required in section 372.1, a special charter city shall include the provisions of its charter and any provisions of the mayor-council form which are followed by the city on July 1, 1975.

A special charter city may utilize the provisions of chapter 420 in lieu of conflicting sections, until the city changes to one of the other forms of government as provided in this chapter.

SUBCHAPTER II
CITY OFFICERS

372.13 The council.

1. A majority of all council members is a quorum.

2. A vacancy in an elective city office during a term of office shall be filled, at the council’s option, by one of the two following procedures:

   a. (1) By appointment by the remaining members of the council, except that if the remaining members do not constitute a quorum of the full membership, paragraph “b” shall be followed. The appointment shall be made within sixty days after the vacancy occurs and shall be for the period until the next regular city election described in section 376.1, unless there is an intervening special election for that city, in which event the election for the office shall be placed on the ballot at such special election. If the council fails to make an appointment within sixty days as required by this subsection, the city clerk shall give notice of the vacancy to the county commissioner and the county commissioner shall call a special election to fill the vacancy at the earliest practicable date but no fewer than thirty-two days after the notice is received by the county commissioner.

   (2) If the council chooses to proceed under this paragraph, it shall publish notice in the manner prescribed by section 362.3, stating that the council intends to fill the vacancy by appointment but that the electors of the city or ward, as the case may be, have the right to file a petition requiring that the vacancy be filled by a special election. The council may publish notice in advance if an elected official submits a resignation to take effect at a future date. The council may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, there is filed with the city clerk a petition which requests a special election to fill the vacancy, an appointment to fill the vacancy is temporary and the council shall call a special election to fill the vacancy permanently, under paragraph “b”. The number of signatures of eligible electors of a city for a valid petition shall be determined as follows:
§372.13, ORGANIZATION OF CITY GOVERNMENT

(a) For a city with a population of ten thousand or less, at least two hundred signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.

(b) For a city with a population of more than ten thousand but not more than fifty thousand, at least one thousand signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.

(c) For a city with a population of more than fifty thousand, at least two thousand signatures or at least the number of signatures equal to ten percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.

(d) The minimum number of signatures for a valid petition pursuant to subparagraph divisions (a) through (c) shall not be fewer than ten. In determining the minimum number of signatures required, if at the last preceding election more than one position was to be filled for the office in which the vacancy exists, the number of voters who voted for candidates for the office shall be determined by dividing the total number of votes cast for the office by the number of seats to be filled.

b. (1) By a special election held to fill the office for the remaining balance of the unexpired term. If the council opts for a special election or a valid petition is filed under paragraph “a”, the special election may be held concurrently with any pending election as provided by section 69.12 if by so doing the vacancy will be filled not more than ninety days after it occurs. Otherwise, a special election to fill the office shall be called by the council at the earliest practicable date. The council shall give the county commissioner at least thirty-two days' written notice of the date chosen for the special election. The council of a city where a primary election may be required shall give the county commissioner at least sixty days' written notice of the date chosen for the special election. A special election held under this subsection is subject to sections 376.4 through 376.11, but the dates for actions in relation to the special election shall be calculated with regard to the date for which the special election is called. However, a nomination petition must be filed not less than twenty-five days before the date of the special election and, where a primary election may be required, a nomination petition must be filed not less than fifty-three days before the date of the special election.

(2) If there are concurrent vacancies on the council and the remaining council members do not constitute a quorum of the full membership, a special election shall be called by the county commissioner at the earliest practicable date. The remaining council members shall give notice to the county commissioner of the absence of a quorum. If there are no remaining council members, the city clerk shall give notice to the county commissioner of the absence of a council. If the office of city clerk is vacant, the city attorney shall give notice to the county commissioner of the absence of a clerk and a council. Notice of the need for a special election shall be given under this paragraph by the end of the following business day.

3. The council shall appoint a city clerk to maintain city records and perform other duties prescribed by state or city law.

4. Except as otherwise provided by state or city law, the council may appoint city officers and employees, and prescribe their powers, duties, compensation, and terms. The appointment of a city manager must be made on the basis of that individual’s qualifications and not on the basis of political affiliation.

5. The council shall determine its own rules and maintain records of its proceedings. City records and documents, or accurate reproductions, shall be kept for at least five years except that:

a. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to the issuance of public bonds or obligations shall be kept for at least eleven years following the final maturity of the bonds or obligations. Thereafter, such records, documents, and reproductions may be destroyed, preserving confidentiality as necessary. Records and documents pertaining to the transfer of ownership of bonds shall be kept as provided in section 76.10.
b. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to real property transactions shall be maintained permanently.

6. Within fifteen days following a regular or special meeting of the council, the clerk shall cause the minutes of the proceedings of the council, including the total expenditure from each city fund, to be published in a newspaper of general circulation in the city. The publication shall include a list of all claims allowed and a summary of all receipts and shall show the gross amount of the claims. The list of claims allowed shall show the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. If the reason for the claims is the same, two or more claims made by the same vendor, supplier, or claimant may be consolidated if the number of claims consolidated and the total consolidated claim amount are listed in the statement. However, the city shall provide at its office upon request an unconsolidated list of all claims allowed. Matters discussed in closed session pursuant to section 21.3 shall not be published until entered on the public minutes. However, in cities having more than one hundred fifty thousand population, the council shall each month print in pamphlet form a detailed itemized statement of all receipts and disbursements of the city, and a summary of its proceedings during the preceding month, and furnish copies to the city library, the daily newspapers of the city, and to persons who apply at the office of the city clerk, and the pamphlet shall constitute publication as required. Failure by the clerk to make publication is a simple misdemeanor. The provisions of this subsection are applicable in cities in which a newspaper is published, or in cities of two hundred population or over, but in all other cities, posting the statement in three public places in the city which have been permanently designated by ordinance is sufficient compliance with this subsection.

7. By ordinance, the council may divide the city into wards which shall be drawn according to the following standards:
   a. All ward boundaries shall follow precinct boundaries.
   b. Wards shall be as nearly equal as practicable to the ideal population determined by dividing the number of wards to be established into the population of the city.
   c. Wards shall be composed of contiguous territory as compact as practicable.
   d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

8. By ordinance, the council shall prescribe the compensation of the mayor, council members, and other elected city officers, but a change in the compensation of the mayor does not become effective during the term in which the change is adopted, and the council shall not adopt an ordinance changing the compensation of the mayor, council members, or other elected officers during the months of November and December in the year of a regular city election. A change in the compensation of council members becomes effective for all council members at the beginning of the term of the council members elected at the election next following the change in compensation. Except as provided in section 362.5, an elected city officer is not entitled to receive any other compensation for any other city office or city employment during that officer’s tenure in office, but may be reimbursed for actual expenses incurred. However, if the mayor pro tem performs the duties of the mayor during the mayor’s absence or disability for a continuous period of fifteen days or more, the mayor pro tem may be paid for that period the compensation determined by the council, based upon the mayor pro tem’s performance of the mayor’s duties and upon the compensation of the mayor.

9. A council member, during the term for which that member is elected, is not eligible for appointment to any city office if the office has been created or the compensation of the office has been increased during the term for which that member is elected. A person who resigns from an elective office is not eligible for appointment to the same office during the time for which that person was elected if during that time, the compensation of the office has been increased.

10. A council member, during the term for which that member is elected, is not precluded from holding the office of chief of the volunteer fire department or from serving the volunteer fire department in any other position or capacity. A person holding the office of chief of such a
§372.13, ORGANIZATION OF CITY GOVERNMENT

volunteer fire department at the time of the person's election to the city council may continue to hold the office of chief of the department during the city council term for which that person was elected.

11. a. Council members shall be elected according to the council representation plans under sections 372.4 and 372.5. However, the council representation plan may be changed, by petition and election, to one of those described in this subsection. Upon receipt of a petition meeting the requirements of section 362.4, requesting a change to a council representation plan, the council shall submit the question at a special election. If a majority of the persons voting at the special election approves the changed plan, it becomes effective at the beginning of the term following the next regular city election. If a majority does not approve the changed plan, the council shall not submit another proposal to change a plan to the voters within the next two years.

b. Eligible electors of a city may petition for one of the following council representation plans:

(1) Election at large without ward residence requirements for the members.

(2) Election at large but with equal-population ward residence requirements for the members.

(3) Election from single-member, equal-population wards, in which the electors of each ward shall elect one member who must reside in that ward.

(4) Election of a specified number of members at large and a specified number of members from single-member, equal-population wards.

2. The commission shall hold at least one public hearing after submission of the preliminary report to obtain public comment.
3. Within twenty months after organization, the commission shall submit the final report to the councils of the participating cities. If the commission recommends a charter of consolidation, the final report shall include the full text and an explanation of the proposed charter, an analysis of the fiscal impact of the proposed charter, any comments deemed desirable by the commission, and any minority reports. The final report may recommend no change to the existing form of government and that no charter be submitted to the electorate, or it may recommend consolidation of the participating cities with the county. If the board of supervisors by resolution agrees to participate in consolidation, then the participating cities and county shall proceed under sections 331.231 through 331.252.
4. The final report of the commission shall be made available to the residents of the participating cities upon request.    2. The consolidation charter may provide for the replacement of the city government of the member city with the largest population, according to the most recent certified federal census. That city shall be known as the home city of the consolidated metropolitan corporation. If its government is replaced, the consolidation charter shall provide that the home city be governed either directly by the metropolitan council or by those members of the metropolitan council who reside within the corporate boundaries of the home city. The home city shall retain its geographic boundaries for the purposes of taxation.
   3. Cities participating in consolidation shall be referred to as member cities of the consolidated metropolitan corporation.
   4. A city may join an existing consolidated metropolitan corporation government by resolution of the city council or upon petition of eligible electors of the city equal in number to at least twenty-five percent of the persons who voted at the last general election for the office of governor or president of the United States, whichever is fewer. Within fifteen days after receiving a valid petition, the city council of the petitioning city shall adopt a resolution in favor of participation and shall immediately forward the resolution to the metropolitan council. If a majority of the metropolitan council approves the resolution, the question of joining the consolidated metropolitan corporation shall be submitted to the electorate of the petitioning city within sixty days after approval of the resolution.
   91 Acts, ch 256, §47; 2017 Acts, ch 54, §76

373.9 Metropolitan council.
1. A consolidated metropolitan corporation shall be governed by a metropolitan council. The council shall consist of an odd number of members, not less than eleven and not more than seventeen.    2. Unless otherwise specified in the consolidation charter, the council shall act by a majority vote of the members on the council.
   91 Acts, ch 256, §48

The maximum rates of taxes authorized to be levied under sections 384.1 and 384.12 by a member city shall be reduced by an amount equal to the rates of the same or similar taxes levied in the city by the metropolitan council.
   91 Acts, ch 256, §49

373.11 Service delivery.
1. The charter of consolidation shall provide for the transfer into the metropolitan consolidated corporation of areawide services which had been provided by other boards,
commissions, and local governments. The metropolitan council shall have the authority to determine the boundaries of the service areas, except that formation of a consolidated metropolitan corporation shall not affect the assignment of electric utility service territories pursuant to chapter 476, and shall not affect the rights of a city to grant a franchise under chapter 364.

a. For each service provided by the consolidated metropolitan corporation, the consolidated metropolitan corporation shall assume the same statutory rights, powers, and duties, except taxing authority, relating to the provision of such service as if the member city were itself providing the service to its citizens. However, the consolidated metropolitan corporation shall not assume any of the governmental functions of its member cities except as the functions relate to the delivery of services and except as provided in section 373.8.

b. If a service is being provided by the consolidated metropolitan corporation to any member city that member city shall not invoke any statutory right, power, or duty relating to the delivery of the service to its citizens.

2. A member city may apply to the metropolitan council for the purchase of any service which is being provided by the consolidated metropolitan corporation to any other member city, including the home city of the consolidated metropolitan corporation. Such an agreement to provide services shall be executed pursuant to chapter 28E and must contain provisions necessary for the lawful execution of the agreement.

2. Except as otherwise provided by state law or the city charter, terms for elective offices are two years. However, the term of an elective office may be changed to two or four years by petition and election. Upon receipt of a petition meeting the requirements of section 362.4, requesting that the term of an elective office be changed, the council shall submit the question at a special election. If a majority of the persons voting at the special election approves the changed term, it becomes effective at the beginning of the term following the next regular city election. If a majority does not approve the changed term, the council shall not submit the same proposal to the voters within the next four years.

3. At the first regular city election after the terms of council members are changed to four years, terms shall be staggered as follows:

   a. If an even number of council members are elected at large, the half of the elected council members who receive the highest number of votes are elected for four-year terms. The remainder are elected for two-year terms.

   b. If an odd number of council members are elected at large, the majority of the elected council members who receive the highest number of votes are elected for four-year terms. The remainder are elected for two-year terms.

   c. In case of a tie the mayor and clerk shall determine by lot which council members are elected for four-year terms.

   d. If the council members are elected from wards, the council members elected from the odd-numbered wards are elected for four-year terms and the council members elected from even-numbered wards are elected for two-year terms.

4. After July 1, 1986, a petition submitted under this section to change the term of council members from two to four years shall specify if the terms are to be staggered or run concurrently. If the petition provides for concurrent terms and the changed term is approved by the voters, subsection 3 shall not apply and the terms shall be concurrent. If valid petitions for staggered and concurrent terms are submitted, the first filed shall govern.

376.3 Nominations.

Candidates for elective city offices must be nominated as provided in sections 376.4 to 376.9 unless by ordinance a city chooses the provisions of chapters 44 or 45. However, a city acting under a special charter in 1973 and having a population of over fifty thousand shall continue to hold partisan elections as provided in sections 43.112 to 43.118 and 420.126 to 420.137 unless the city by election as provided in section 43.112 chooses to conduct city elections under this chapter or chapter 44 or 45. The choice of one of these options by such a special charter city does not otherwise affect the validity of the city’s charter. However, special charter cities which choose to exercise the option to conduct nonpartisan city elections may choose in the same manner the original decision was made, to resume holding city elections on a partisan basis.

376.4 Candidacy — nomination petition signature requirements — withdrawals.

1. a. An eligible elector of a city may become a candidate for an elective city office by
§376.4, CITY ELECTIONS

filing with the county commissioner of elections responsible under section 47.2 for conducting elections held for the city a valid petition requesting that the elector’s name be placed on the ballot for that office, or by filing a valid petition with the designated city clerk. The petition must be filed not more than seventy-one days and not less than forty-seven days before the date of the election, and must be signed by eligible electors equal in number to at least two percent of those who voted to fill the same office at the last regular city election, but not less than ten persons. However, for those cities which may be required to hold a primary election, the petition must be filed not more than eighty-five days and not less than sixty-eight days before the date of the regular city election. Nomination petitions shall be filed not later than 5:00 p.m. on the last day for filing.

b. The petitioners for an individual seeking election from a ward must be residents of the ward at the time of signing the petition. An individual is not eligible for election from a ward unless the individual is a resident of the ward at the time the individual files the petition and at the time of election.

c. The county commissioner may designate the city clerk of a city to receive nomination papers for elective city offices. If so designated, the city clerk shall have all the duties of the county commissioner provided in this section.

2. a. The petition must include space for the signatures of the petitioners, a statement of their place of residence, and the date on which they signed the petition. A person may sign nomination petitions for more than one candidate for the same office, and the signature is not invalid solely because the person signed nomination petitions for one or more other candidates for the office.

b. The petition must include the affidavit of the individual for whom it is filed, stating the individual’s name, the individual’s residence, that the individual is a candidate and eligible for the office, and that if elected the individual will qualify for the office. The affidavit shall also state that the candidate is aware that the candidate is disqualified from holding office if the candidate has been convicted of a felony or other infamous crime and the candidate’s rights have not been restored by the governor or by the president of the United States.

3. On the final date for filing nomination papers the office of the county commissioner and the office of the city clerk designated pursuant to subsection 1 shall remain open until 5:00 p.m.

4. The county commissioner or the city clerk designated pursuant to subsection 1 shall review each petition and affidavit of candidacy for completeness following the standards in section 45.5 and shall accept the petition for filing if on its face it appears to have the requisite number of signatures and if it is timely filed. The county commissioner or the designated city clerk shall note upon each petition and affidavit accepted for filing the date and time that they were filed. The county commissioner or the designated city clerk shall return any rejected nomination papers to the person on whose behalf the nomination papers were filed.

5. Nomination papers filed with the county commissioner or the city clerk designated pursuant to subsection 1 shall be available for public inspection.

6. The city clerk shall deliver the text of any public measure being submitted by the city council to the electorate to the county commissioner of elections. If the county commissioner has designated the city clerk to receive nomination papers for elective city offices pursuant to subsection 1, the city clerk shall deliver the nomination papers accepted for filing to the county commissioner. The text of any public measure and nomination papers required to be delivered under this subsection shall be delivered no later than the day after the last day on which nomination petitions can be filed, and not later than 12:00 noon on that day.

7. Any person on whose behalf nomination petitions have been filed under this section may withdraw as a candidate by filing a signed statement to that effect as prescribed in
section 44.9. Objections to the legal sufficiency of petitions shall be filed in accordance with the provisions of sections 44.4, 44.5, and 44.8.

376.4A Change to direct election of mayor — nomination petition signature requirements.

1. If there is a change in government pursuant to section 372.6, subsection 2, the number of signatures required on a nomination petition for the office of mayor for the first election that office is on the ballot shall be an amount equal to the product of the following:

   a. The total number of votes cast at-large city council offices at the last regular city election divided by the number of city council seats to be filled at the last regular city election.

   b. Two hundredths.

2. If the product of subsection 1, paragraphs “a” and “b”, is less than ten, the required number of signatures is ten.

376.5 Publication of ballot.

Notice containing a copy of the ballot for each regular, special, primary, or runoff city election must be published by the county commissioner of elections as provided in section 362.3, except that notice of a regular, primary, or runoff election may be published not less than four days before the date of the election. The published ballot must contain the names of all candidates, and may not contain any party designations. The published ballot must contain any question to be submitted to the voters.

376.6 Primary or other method of nomination — certification.

1. An individual for whom a valid petition is filed becomes a candidate in the regular city election for the office for which the individual has filed, except that a primary election must be held for offices for which the number of individuals for whom valid petitions are filed is more than twice the number of positions to be filled. However:

   a. The council may by ordinance choose to have a runoff election, as provided in section 376.9, in lieu of a primary election.

   b. If the council has by ordinance chosen to have nominations made in the manner provided by chapter 44 or 45, neither a primary election nor a runoff election is required.

2. Each city clerk shall certify to the commissioner of elections responsible under section 47.2 for conducting elections for that city the type of nomination process to be used for the city no later than ninety days before the date of the regular city election. If the city has by ordinance chosen a runoff election or has chosen to have nominations made in the manner provided by chapter 44 or 45, or has repealed nomination provisions under those sections in preference for the primary election method, a copy of the city ordinance shall be attached. No changes in the method of nomination to be used in a city shall be made after the clerk has filed the certification with the commissioner, unless the change will not take effect until after the next regular city election.

§376.7, CITY ELECTIONS

376.7 Date of primary.

1. If a primary election is necessary, it shall be held on the Tuesday four weeks before the date of the regular city election. For each office on the ballot, a voter shall only vote for the number of persons to be elected to that office at the regular city election. The county board of supervisors shall publicly canvass the tally lists of the vote cast in the primary election, following the procedures prescribed in section 50.24, at a meeting to be held on the second day following the primary election, and beginning no earlier than 1:00 p.m. on that day.

2. The names of those candidates who receive the highest number of votes for each office on the primary election ballot, to the extent of twice the number of unfilled positions, must be placed on the ballot for the regular city election as candidates for that office.

376.8 Persons elected in city elections.

1. In a regular city election following a city primary, the candidates receiving the greatest number of votes cast for each office on the ballot are elected, to the extent necessary to fill the positions open.

2. In a regular city election held for a city where the council has chosen a runoff election in lieu of a primary, candidates are elected as provided by subsection 1, except that no candidate is elected who fails to receive a majority of the votes cast for the office in question. In the case of at-large elections to a multimember body, a majority is one vote more than half the quotient found by dividing the total number of votes cast for all candidates for that body by the number of positions to be filled. In calculating the number of votes necessary to constitute a majority, fractions shall be rounded up to the next higher whole number.

3. In a regular city election held for a city where the council has chosen to have nominations made in the manner provided by chapter 44 or 45, the candidates who receive the greatest number of votes for each office on the ballot are elected, to the extent necessary to fill the positions open.

376.9 Runoff election.

1. A runoff election may be held only for positions unfilled because of failure of a sufficient number of candidates to receive a majority vote in the regular city election. When a council has chosen a runoff election in lieu of a primary, the county board of supervisors shall publicly canvass the tally lists of the vote cast in the regular city election, following the procedures prescribed in section 50.24, at a meeting to be held on the second day following the regular city election, and beginning no earlier than 1:00 p.m. on that day. Candidates who do not receive a majority of the votes cast for an office, but who receive the highest number of votes cast for that office in the regular city election, to the extent of twice the number of unfilled positions, are candidates in the runoff election.

2. Runoff elections shall be held four weeks after the date of the regular city election and shall be conducted in the same manner as regular city elections.

3. Candidates in the runoff election who receive the highest number of votes cast for each office on the ballot are elected to the extent necessary to fill the positions open.

376.11 Write-in votes.
1. Write-in votes are permitted to be cast in all elections for city offices. A person who receives a sufficient number of write-in votes to be elected to a city office shall be declared the winner of the election. If the result is a tie vote, lots shall be drawn pursuant to section 50.44. If a person who was elected by write-in votes chooses not to serve in that office, the person shall submit a resignation in writing to the city clerk not later than 5:00 p.m. on the tenth day following the canvass of the election. If a person who was elected by write-in votes resigns at a later time, the office shall be considered vacant at the end of the term and the council shall fill the vacancy pursuant to the provisions of section 372.13, subsection 2.

2. Except in cities where the council has chosen a runoff election in lieu of a primary, following the resignation of a person who was elected by write-in votes, the city clerk shall notify the person who received the next highest number of votes cast for the office that the person may assume the office. If there is more than one person who received the next highest number of votes cast for the office, lots shall be drawn pursuant to section 50.44 to determine the person who received the next highest number of votes. If the person accepts the position, the person shall be considered the duly elected officer unless, within ten days after the clerk has given notice, a petition requesting a special election is filed by eligible electors of the city equal in number to twenty-five percent of the number of persons who voted for the office at the election. If the person declines, the person shall do so in writing to the city clerk within ten days and the office shall be considered vacant at the end of the term. The vacancy shall be filled pursuant to the provisions of section 372.13, subsection 2. If the council chooses to appoint, the appointment may be made before the end of the current term.

3. In city primary elections any person who receives write-in votes shall execute an affidavit in substantially the form required by section 45.3, and file it with the county commissioner of elections not later than 5:00 p.m. on the day after the canvass of the primary election. If any person who received write-in votes fails to file the affidavit at the time required, the county commissioner shall disregard the write-in votes cast for that person. A notation shall be made on the abstract of votes showing which persons who received write-in votes filed affidavits. The total number of votes cast for each office on the ballot shall be amended by subtracting the write-in votes of those candidates who failed to file the affidavit. It is not necessary for a candidate whose name was printed upon the ballot to file an affidavit. Of the remaining candidates, those who receive the highest number of votes to the extent of twice the number of unfilled positions shall be placed on the ballot for the regular city election as candidates for that office.

4. In cities in which the city council has chosen a runoff election in lieu of a primary, if a person who was elected by write-in votes chooses not to accept the office by filing a resignation notice with the commissioner of elections not later than 5:00 p.m. on the day following the canvass, all remaining persons who received write-in votes and who wish to be considered candidates for the runoff election shall execute an affidavit in substantially the form required by section 45.3 and file it with the county commissioner not later than 5:00 p.m. of the fourth day following the canvass. If a person receiving write-in votes fails to file the affidavit at the time required, the county commissioner of elections shall disregard the write-in votes cast for that person. The abstract of votes shall be amended to show that the person who was declared elected declined the office and a notation shall be made next to the names of those persons who did not file the affidavit. A runoff election shall be held with the remaining candidates who have the highest number of votes to the extent of twice the number of unfilled positions.
5. In a city in which the council has chosen a runoff election, if no person was declared elected for an office, all persons who received write-in votes shall execute an affidavit in substantially the form required by section 45.3 and file it with the county commissioner of elections not later than 5:00 p.m. on the day following the canvass of votes. If any person who received write-in votes fails to file the affidavit, the county commissioner of elections shall disregard the write-in votes cast for that person. The abstract of votes shall be amended to note which of the write-in candidates failed to file the affidavit. A runoff election shall be held with the remaining candidates who have the highest number of votes to the extent of twice the number of unfilled positions.

**380.1 Definitions.**
As used in this chapter, unless the context otherwise requires:
1. “All of the members of the council” refers to all of the seats of the council including a vacant seat and a seat where the member is absent, but does not include a seat where the council member declines to vote by reason of a conflict of interest.
2. “Book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

2000 Acts, ch 1148, §1; 2010 Acts, ch 1069, §124

**380.1A Title of ordinance.**
The subject matter of an ordinance or amendment must be generally described in the title of the ordinance or amendment.

[R60, §1122; C73, §489; C97, §681; C24, 27, 31, 35, 39, §5715; C46, 50, 54, 58, 62, 66, 71, 73, §366.2; C75, 77, 79, 81, §380.1]
97 Acts, ch 168, §1
C2001, §380.1A

**380.2 Amendment.**
An amendment to an ordinance or to a code of ordinances must specifically identify the ordinance or code, or the section, subsection, or paragraph to be amended, and must set forth
the ordinance, code, section, subsection, or paragraph as amended, which action is deemed to be a repeal of the previous ordinance, code, section, subsection, or paragraph amended.

[R60, §1122; C73, §489; C97, §681; C24, 27, 31, 35, 39, §5715; C46, 50, 54, 58, 62, 66, 71, 73, §366.2; C75, 77, 79, 81, §380.2]

91 Acts, ch 145, §3; 97 Acts, ch 168, §2

380.3 Two considerations before final passage — how waived.
A proposed ordinance or amendment must be considered and voted on for passage at two council meetings prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than three-fourths of all of the members of the council. If a proposed ordinance, amendment, or resolution fails to receive sufficient votes for passage at any consideration and vote thereon, the proposed ordinance, amendment, or resolution shall be considered defeated.

[R60, §1122; C73, §489; C97, §682; C24, 27, 31, 35, 39, §5716; C46, 50, 54, 58, 62, 66, 71, 73, §366.3; C75, 77, 79, 81, §380.3]

88 Acts, ch 1246, §5; 97 Acts, ch 168, §3, 4

380.4 Majority requirement — tie vote — conflicts of interest.
1. Passage of an ordinance, amendment, or resolution requires a majority vote of all of the members of the council, except when the mayor may vote to break a tie vote in a city with an even number of council members, as provided in section 372.4. Passage of a motion requires a majority vote of a quorum of the council. A resolution must be passed to spend public funds in excess of one hundred thousand dollars on a public improvement project, or to accept public improvements and facilities upon their completion. Each council member’s vote on a measure must be recorded. A measure which fails to receive sufficient votes for passage shall be considered defeated.

2. A measure voted upon is not invalid by reason of a conflict of interest in a member of the council, unless the vote of the member of the council was decisive to passage of the measure. The vote must be computed on the basis of the number of members not disqualified by reason of conflict of interest. However, a majority of all members is required for a quorum. For the purpose of this section, the statement of a council member that the council member declines to vote by reason of conflict of interest is conclusive and must be entered of record.

[R60, §1122, 1134, 1135; C73, §466, 489, 493, 494; C97, §683, 684, 793; S13, §683, 693; C24, 27, 31, 35, 39, §5717; C46, 50, 54, 58, 62, 66, 71, 73, §366.4; C75, 77, 79, 81, §380.4]

380.5 Mayor.
The mayor may sign, veto, or take no action on an ordinance, amendment, or resolution passed by the council. However, the mayor may not veto an ordinance, amendment, or resolution if the mayor was entitled to vote on such measure at the time of passage.

[C97, §685; C24, 27, 31, 35, 39, §5718; C46, 50, 54, 58, 62, 66, 71, 73, §366.5; C75, 77, 79, 81, §380.5]

97 Acts, ch 168, §6

380.6 Effective date.
Measures passed by the council become effective in one of the following ways:
1. a. An ordinance or amendment signed by the mayor becomes effective when the ordinance or a summary of the ordinance is published, as provided in section 380.7, subsection 3, unless a subsequent effective date is provided within the ordinance or amendment.

b. A resolution signed by the mayor becomes effective immediately upon signing.

c. A motion becomes effective immediately upon passage of the motion by the council.

2. The mayor may veto an ordinance, amendment, or resolution within fourteen days after passage. The mayor shall explain the reasons for the veto in a written message to the council at the time of the veto. Within thirty days after the mayor’s veto, the council may pass the measure again by a vote of not less than two-thirds of all of the members of the council.
If the mayor vetoes an ordinance, amendment, or resolution and the council repasses the measure after the mayor’s veto, a resolution becomes effective immediately upon repassage, and an ordinance or amendment becomes a law when the ordinance or a summary of the ordinance is published, unless a subsequent effective date is provided within the ordinance or amendment.

3. If the mayor takes no action on an ordinance, amendment, or resolution, a resolution becomes effective fourteen days after the date of passage and an ordinance or amendment becomes a law when the ordinance or a summary of the ordinance is published, but not sooner than fourteen days after the date of passage, unless a subsequent effective date is provided within the ordinance or amendment.

380.7 City clerk.
The city clerk shall:
1. Promptly record each measure.
2. Record a statement with the measure, where applicable, indicating whether the mayor signed, vetoed, or took no action on the measure, and whether the measure was repassed after the mayor’s veto.

When necessary to use technical or legal terms not generally familiar to the public, the narrative description shall include definitions of those terms.

and improvements thereon used and assessed for agricultural or horticultural purposes, shall not exceed three dollars and three-eighths cents per thousand dollars of assessed value in any year. Improvements located on such tracts of land and not used for agricultural or horticultural purposes and all residential dwellings are subject to the same rate of tax levied by the city on all other taxable property within the city. Except as otherwise provided for special charter cities, a city’s fiscal year shall be as provided in section 24.2, subsection 3. All city property taxes must be certified by a city to the county auditor on or before the fifteenth day of March of each year, unless otherwise provided by state law. However, municipal utilities, if not supported by taxation or the proceeds of outstanding indebtedness payable from taxes may, with the council’s consent, choose to operate on a fiscal year which is the calendar year. The receipt by the utility of payments from other governmental funds for public fire protection, street lighting, or other public use of the utility’s services shall not be deemed support by taxation. After notice and hearing in the same manner as required for the city’s regular budget under section 384.16, the utility budget must be approved by resolution of the council not later than twenty days prior to the beginning of the calendar year for which the budget applies.

The county auditor shall place city taxes and assessments upon the tax list for the current year, and the county treasurer shall collect city taxes and assessments in the same manner as other taxes. Delinquent city taxes and assessments draw the same interest as other taxes. Sales for delinquent city taxes and assessments must be made in the manner provided in chapter 446. The county treasurer shall combine in one tax sale all taxes and assessments due from the same person and collectible by the county.

Wherever practicable, as provided in rules of the committee, a budget must show comparisons between the levels of service provided by each program as estimated for the following year, and actual levels of service provided by each program during the two preceding years. For each city that has established an urban renewal area, the budget shall include estimated and actual tax increment financing revenues and all estimated and actual expenditures of the revenues, proceeds from debt and all estimated and actual expenditures of the debt proceeds.

384.24A Loan agreements.

A city may enter into loan agreements to borrow money for any public purpose in accordance with the following terms and procedures:

1. A loan agreement entered into by a city may contain provisions similar to those sometimes found in loan agreements between private parties, including, but not limited to, the issuance of notes to evidence its obligations.

2. A provision of a loan agreement which stipulates that a portion of the payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A city utility or city enterprise is a separate entity under this section whether it is governed by the governing body of the city or another governing body.

3. The governing body shall follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a loan agreement made payable from the debt service fund.

4. The governing body may authorize a loan agreement which is payable from the general fund if the loan agreement would not cause the total of scheduled annual payments of principal or interest or both principal and interest due from the general fund in any single future fiscal year with respect to all loan agreements in force on the date of the authorization to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

   a. The governing body must follow substantially the authorization procedures of section 384.25 to authorize a loan agreement for personal property which is payable from the general fund. The governing body must follow substantially the authorization procedures of section 384.25 to authorize a loan agreement for real property which is payable from the general fund if the principal amount of the loan agreement does not exceed the following limits:

      (1) Four hundred thousand dollars in a city having a population of five thousand or less.

      (2) Seven hundred thousand dollars in a city having a population of more than five thousand but not more than seventy-five thousand.

      (3) One million dollars in a city having a population of more than seventy-five thousand.

   b. The governing body must follow the following procedures to authorize a loan
agreement for real property which is payable from the general fund if the principal amount of the loan agreement exceeds the limits set forth in paragraph "a":

(1) The governing body must institute proceedings to enter into a loan agreement payable from the general fund by causing a notice of the meeting to discuss entering into the loan agreement, including a statement of the principal amount and purpose of the loan agreement and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the discussion meeting. No sooner than thirty days following the discussion meeting shall the governing body hold a meeting at which it is proposed to take action to enter into the loan agreement.

(2) (a) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the loan agreement, a petition is filed with the clerk of the city in the manner provided by section 362.4, asking that the question of entering into the loan agreement be submitted to the registered voters of the city, the governing body shall either by resolution declare the proposal to enter into the loan agreement to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the loan agreement. However, for purposes of this paragraph, the petition shall not require signatures in excess of one thousand persons.

(b) The question to be placed on the ballot shall be stated affirmatively in substantially the following manner:

Shall the city of ................ enter into a loan agreement in amount of $ ............... for the purpose of ...............?

(c) Notice of the election and its conduct shall be in the manner provided in section 384.26, subsections 2 through 4.

(3) If a petition is not filed or if a petition is filed and the proposition of entering into the loan agreement is approved at an election, the governing body may proceed and enter into the loan agreement.

5. The governing body may authorize a loan agreement payable from the net revenues of a city utility, combined utility system, city enterprise, or combined city enterprise by following the authorization procedures of section 384.83.

6. A loan agreement to which a city is a party or in which the city has a participatory interest is an obligation of a political subdivision of this state for the purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, savings associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and any other fiduciaries responsible for the investment of funds.

§384.25 General obligation bonds for essential purposes.

1. A city which proposes to carry out any essential corporate purpose within or without its corporate limits, and to contract indebtedness and issue general obligation bonds to provide funds to pay all or any part of the cost of a project must do so in accordance with the provisions of this subchapter.

2. Before the council may institute proceedings for the issuance of bonds for an essential corporate purpose, a notice of the proposed action, including a statement of the amount and purposes of the bonds, and the time and place of the meeting at which the council proposes to take action for the issuance of the bonds, must be published as provided in section 362.3. At the meeting, the council shall receive oral or written objections from any resident or property owner of the city. After all objections have been received and considered, the council may, at that meeting or any adjournment thereof, take additional action for the issuance of the bonds or abandon the proposal to issue the bonds. Any resident or property owner of the city may appeal the decision of the council to take additional action to the district court of the county in which any part of the city is located, within fifteen days after the additional action is taken, but the additional action of the council is final and conclusive unless the court finds that
the council exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal, are in lieu of the provisions contained in chapter 73A, or any other law.

3. a. Notwithstanding subsection 2, a council may institute proceedings for the issuance of bonds for an essential corporate purpose specified in section 384.24, subsection 3, paragraph “w” or “x”, in an amount equal to or greater than three million dollars by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

b. If at any time before the date fixed for taking action for the issuance of the bonds, a petition is filed with the clerk of the city signed by eligible electors of the city equal in number to twenty percent of the persons in the city who voted for the office of president of the United States at the last preceding general election that had such office on the ballot, asking that the question of issuing the bonds be submitted to the registered voters of the city, the council shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. Notice of the election and its conduct shall be in the manner provided in section 384.26.

c. If a petition is not filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the council may proceed with the authorization and issuance of the bonds.

A city which proposes to carry out any general corporate purpose within or without its corporate limits, and to contract indebtedness and issue general obligation bonds to provide funds to pay all or any part of the costs of a project, must do so in accordance with the provisions of this subchapter.

2. Before the council may institute proceedings for the issuance of bonds for a general corporate purpose, it shall call a special city election to vote upon the question of issuing the bonds. At the election the proposition must be submitted in the following form:

If the proposition of issuing the general corporate purpose bonds is approved by the voters, the city may proceed with the issuance of the bonds.

5. a. Notwithstanding the provisions of subsection 2, a council may, in lieu of calling an
election, institute proceedings for the issuance of bonds for a general corporate purpose by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds subject to the following limitations:

Notice of the election and its conduct shall be in the manner provided in the preceding subsections of this section.

384.28 Categories for general obligation bonds.

A city may issue general obligation bonds pursuant to a resolution adopted at a regular or special meeting by a majority of the total number of members to which the council is entitled. Each paragraph of section 384.24, subsections 3 and 4 describes a separate category. Separate categories of essential corporate purposes and of general corporate purposes may be incorporated in a single notice of intention to institute proceedings for the issuance of bonds, or separate categories may be incorporated in separate notices, and after an opportunity has been provided for filing objections, or after a favorable election has been held, if required, the council may include in a single resolution and sell as a single issue of bonds, or any number or combination of essential corporate purposes or general corporate purposes.

If an essential corporate purpose is combined with a general corporate purpose
in a single notice of intention to institute proceedings to issue bonds, then the entire issue is subject to the referendum requirement provided in section 384.26.

Definitions of city enterprises, essential corporate purposes, and general corporate purposes are not mutually exclusive and shall be liberally construed. The detailing of examples is not intended to modify or restrict the meaning of general words used. If a project or activity may be reasonably construed to be included in more than one classification, the council may elect at any time between the classifications and the procedures respectively applicable to each classification.

384.38 Certain costs assessed to private property.

1. A city may assess to private property within the city the cost of construction and repair of public improvements within the city, and main sewers, sewage pumping stations, disposal and treatment plants, waterworks, water mains, extensions, and drainage conduits extending outside the city.

2. Upon petition as provided in section 384.41, subsection 1, a city may assess to private property affected by public improvements within three miles of the city’s boundaries the cost of construction and repair of public improvements within that area. The right-of-way of a railway company shall not be assessed unless the company joins as a petitioner for said improvements. In the petition the property owners shall waive the limitation provided in section 384.62 that an assessment shall not exceed twenty-five percent of the value of the lot. The petition shall contain a statement that the owners agree to pay the city an amount equal to five percent of the cost of the improvements, to cover administrative expenses incurred by the city. This amount may be added to the cost of the improvements. Before the council may adopt the resolution of necessity, the preliminary resolution, preliminary plans and specifications, plat, schedule, and estimate of cost must be submitted to, and receive written approval from, the board of supervisors of any county which contains part of the property, and the city development board established in section 368.9.

3. A city may establish, by ordinance or by resolution adopted as an ordinance after twenty days’ notice published in accordance with section 362.3, and a public hearing, one or more districts and schedules of fees for the connection of property to the city sewer or water utility. If the governing body directs that notice be made by mail, the notice shall be as required in section 384.50. Each person whose property will be served by connecting to the city sewer or water utility shall pay a connection fee to the city. The ordinance shall be certified by the city and recorded in the office of the county recorder of the county in which a district is located. The connection fees are due and payable when a utility connection application is filed with the city. A connection fee may include the equitable cost of extending the utility to the properties, including reasonable interest from the date of construction to the date of payment. All fees collected under this subsection shall be paid to the city treasurer.
The moneys collected as fees shall only be used for the purposes of operating the utility, or to pay debt service on obligations issued to finance improvements or extensions to the utility.

b. This subsection shall not apply when a city annexation plan includes annexation of an area adjoining the city and a petition has not been presented as provided in section 384.41 for a city sewer or water utility connection. Until annexation takes place, or the annexation plan is abandoned, the state mandate contained in section 455B.172, subsections 3, 4, and 5, shall not apply unless the individual property owner voluntarily pays the connection fee and requests to be connected to the city sewer or water utility.

1. Property owners may initiate a plan for a public improvement to be paid for in whole or in part by special assessments, by written contract to be approved by the city and signed by all of the owners of record of all property affected by the proposed assessment. If all owners of record of all the property to be affected by the public improvement petition the council, said owners may, in their petition, waive notice to property owners by publication and mailing, as provided in section 384.50, and the council may proceed to adopt a preliminary resolution, a plat, schedule and estimate, and resolution of necessity, and order preparation of detailed plans and specifications. Special assessments initiated without notice under this section are liens upon the property to be affected by the assessment, to the same extent as provided in section 384.65, subsection 5, except that they shall be subordinate to any perfected lien unless the holder of such perfected lien consents in writing to the initiation of the public improvement.

2. A petition may be filed subsequent to the initiation by the council of a plan for a public improvement, and if the petition is received prior to advertising for bids, the public improvement petitioned for may be added by amendment to the resolution of necessity. If the petition is received subsequent to advertising for bids and prior to the completion of the work under contract, the council may, in its discretion, approve the petition and contract with the contractor at a cost not to exceed the unit prices bid at public letting for the construction of the public improvements petitioned for by property owners.

3. This section does not limit the power of a city to initiate a public improvement project on its own motion.
4. Owners of commercial or industrial property may initiate a plan, under subsection 1 or 2, for the purchase of a traffic-control device, fixture, connection, or facility to be paid for in whole or in part by special assessments provided that the proposed assessments shall be made only against the commercial or industrial property owned by the petitioners.

384.49 Resolution of necessity.

If, upon adoption of the plat, schedule, and estimate, the council determines to proceed with all or any part of the public improvement, it shall cause a proposed resolution of necessity to be prepared and introduced.

1. The resolution of necessity must include all of the following:

a. A brief description of the proposed public improvement.

b. A statement that there is on file in the office of the clerk an estimated total cost of the work, and a preliminary plat and schedule showing the amount proposed to be assessed to each lot for the improvement.

384.50 Notice of hearing.

1. The clerk shall publish notice of the date, time, and place of the hearing once each week for two consecutive weeks in the manner provided by section 362.3, the first publication of which shall be not less than ten days before the date of the hearing.

2. The notice must be in substantially the following form:

NOTICE TO PROPERTY OWNERS

Notice is given that there is now on file for public inspection in the office of the clerk of ....................., Iowa, a proposed resolution of necessity, an estimate of cost, and a plat and schedule showing the amounts proposed to be assessed against each lot and the valuation of each lot within a district approved by the council of ....................., Iowa, for a ..................... improvement of the type(s) and in the location(s) as follows:

The council will meet at ...... o'clock ......m., on ................. (date), at the ................., at which time the owners of property subject to assessment for the proposed improvement or any other person having an interest in the matter may appear and be heard for or against the making of the improvement, the boundaries of the district, the cost, the assessment against any lot, or the final adoption of a resolution of necessity. A property owner will be deemed to have waived all objections unless at the time of hearing the property owner has filed objections with the clerk.

..............................................................

Clerk

3. Not less than fifteen days before the hearing, the clerk shall send a copy of the notice
by mail to each property owner whose property is subject to assessment for the improvement at the address as shown by the records of the county auditor. If a property is shown to be in the name of more than one owner at the same mailing address, a single notice may be mailed addressed to all owners at that address. Failure to receive a mailed notice is not a defense to the special assessment.

Referred to in §357E.11A, 384.38, 384.41, 384.55, 384.56

384.51 Adoption of resolution.

1. The council shall meet as specified in the published notice, and after hearing all objections and endorsements from property owners and other persons having an interest in the matter, and after considering all filed, written objections, may adopt or amend and adopt the proposed resolution of necessity, or may defer action until a subsequent meeting. A resolution of necessity requires for passage the vote of three-fourths of all the members of the council, or, in cities having but three members of the council, the vote of two members, and where a remonstrance has been filed with the clerk, signed by the owners subject to seventy-five percent of the amount of the proposed assessments for the entire public improvement included in the resolution of necessity, a resolution of necessity requires a unanimous vote of the council.

2. An amendment which extends the boundaries of a district, increases the amount to be assessed against a lot, or adds additional public improvements, is not effective until an amended plat, schedule, and estimate have been prepared and adopted, a notice published and mailed to all affected property owners, and hearing held in the same manner as the original proceedings, or until all affected property owners agree in writing to the change. The adoption of a resolution of necessity is a legislative determination that the improvement is expedient and proper and that property assessed will be specially benefited by the improvement and this determination of the council is conclusive. Ownership of property to be assessed by an improvement does not, except for fraud or bad faith, disqualify a council member from voting on any measure.

3. After adopting the resolution of necessity, the clerk shall certify to the county treasurer of each county in which the assessed property is located, a copy of the resolution of necessity, the plat, and the schedule of assessments. In counties in which taxes are collected in two or more places, the resolution of necessity, the plat, and the schedule of assessments shall be certified to the office of county treasurer where the special assessments are collected. The county treasurer shall preserve the resolution, plat, and schedule as a part of the records of the office until the city certifies the final assessment schedule as provided in section 384.60 or certifies that the public improvement has been abandoned.

At any time after final adoption of the resolution of necessity, but before awarding the contract, the council may direct the city attorney to file, in the district court of the county in which the property proposed to be assessed is located, a petition praying that the acts done by the council relative to the proposed public improvement be confirmed by decree.
2. The following must be filed with the petition in the office of the clerk of the court:
   a. A copy of the resolution of necessity as adopted by the council.
   b. A copy of the proposed schedule of assessments as adopted by the council under sections 384.48 and 384.51, which schedule shows the maximum amount that the council proposes to assess against any lot.
   c. Preliminary plans and specifications, or, if available, detailed plans and specifications as prepared by the engineer.
   d. A copy of the proposed contract if prepared.
3. Notice of the filing of the petition must be given in the same manner as is provided for service of original notice by publication by the rules of civil procedure, except as follows:
   a. No affidavit of inability to obtain personal service within the state of Iowa is required.
   b. The original notice must name as defendants those property owners who, on the date of filing the petition, have an interest in the real property to be assessed as a part of the public improvement, and the original notice must state that a plat and schedule is on file in the office of the clerk of the district court where the action is pending. No property owner is an indispensable party to the action. Publication of plat and schedule as part of the original notice is not required, nor shall reference in the original notice to specific descriptions of affected real property or the amounts of proposed assessments be necessary.
4. The petition must be given precedence over any other business of the court, except criminal cases. The court shall set the petition for hearing within thirty days from the date of final publication of notice. As a part of its order, the court may provide for a pretrial conference to be held not earlier than twenty days from the date of final publication of notice and require the appearance at the pretrial conference of all interested parties. Failure to appear at the pretrial conference may be grounds for dismissing any objection.
5. If no person having an interest in property proposed to be assessed has entered an appearance or filed an answer within the time set for hearing on the petition, the court shall confirm the assessment, and order the clerk of court to certify its decree to the city clerk.
6. If any person having an interest in property proposed to be assessed has entered an appearance or filed an answer to the petition, the court shall hear the cause as an action triable in equity.
7. Upon the hearing the court may correct any irregularities or inequalities in valuations or in the schedule of assessments, and shall consider any objections because of alleged illegal procedure or fraud.
8. The court shall render a decision upon the hearing as soon as practical after the final submission of the cause.
9. The clerk of the court shall certify to the city clerk the final action of the court, within three days from the date of the final decree upon the petition, showing assessments as confirmed in the schedule of assessments.
10. An appeal from the decree of the district court must be taken as in other equity cases.
11. A contract may or may not be let, in the discretion of the council, until appeals are finally determined, but the appeals need not delay the letting and execution of a contract for the work, if the council concludes the appeals were not taken in good faith.
12. An appeal does not, in the discretion of the council, delay the certification of an assessment or progress of an improvement, but upon decision of the appeal the assessment appealed from must be corrected and collected in the same manner as provided in section 384.74.
13. Corrections of assessments or valuations made by order of the district court are conclusive and not subject to review on appeal, or otherwise, except as provided in subsections 10 to 12 of this section. When court confirmation is obtained there is no right of appeal under the provisions of section 384.66.
14. If no contract is entered into within ninety days from the date of confirmation by the district court or within a further time allowed by the court on subsequent application, and if no appeal is pending, the court shall cancel the assessment, upon application of the city attorney.
15. a. The cost of all court proceedings are a legitimate item of expense in connection with a public improvement, and may be included within the final assessment against any property specially benefited in the assessment district.
   b. Whenever on a hearing by the court, the amount of any assessment is reduced or canceled so that there is a deficiency in the total amount remaining assessed in the proceeding, the court may assess the deficiency to the city or distribute the deficiency upon the other property abutting upon or adjacent to the improvement or in the district assessed, in a manner the court finds to be just and equitable, not exceeding, however, the amount the property would be specially benefited by the improvement, and not exceeding twenty-five percent of the value of the lot as shown by the plat and schedule of assessments or as reduced by the court.

384.55 Notice of paving to water board.

In cities having a water utility under the management of a board of trustees and in which water connections are not installed by the trustees at public expense, the council shall notify the board at the time of the adoption of a preliminary resolution, of any proposed street paving projects. The board shall report to the council the number of connections from water mains in streets to the curb lines of the proposed improvement necessary to serve private property dependent upon those particular mains for water supply, and the numbers of the lots to be served by the connections, and the names of the owners. Notice must be given to property owners, at the same time and in the same manner as the notice provided in section 384.50, to install the necessary connections within thirty days after hearing. For the purposes of the hearing, property owners who are notified to install water connections, but whose property is not within the proposed assessment district, may appear as interested parties. If upon hearing, the council determines to proceed with the improvement, and any property owner fails to make connections as required, the board of waterworks trustees shall cause them to
be made and certify the cost to the council to be assessed against the property and collected in the same manner as provided in section 384.40 for other underground connections.

1. Cities may assess the cost of a public improvement which extends through, abuts upon, or is adjacent to lands owned by the state, and payment for the assessable portion of the cost of the improvement through or on the lands as provided shall be subject to authorization by the executive council and payable in the manner provided in section 307.45 for property owned by the state and not under the jurisdiction and control of the state department of transportation.
2. When a state park or institutional road abutting on or adjacent to state lands on one side of the road is improved by paving, the state shall pay one-half the total assessed cost of the portion of the improvement abutting, or adjacent to state lands, lots, or portions thereof, but for any other type of improvement so constructed and located, the state shall pay, as provided in section 307.45, the portion of the cost which would be assessable against state lands if they were privately owned.
3. When any portion of the cost of a public improvement is to be paid by the state under this section, the clerk shall, at the time of publication of the notice required by section 384.50, mail a copy of the notice to the secretary of the executive council.
4. Cities in which state buildings are located shall permit sewers for such buildings to be constructed through or under the streets of the city, and connections to be made to the sewer system of the city under the same regulations as for sewer connections to private property.

384.57 Monthly payments.
The city may contract to pay not to exceed ninety-five percent of the engineer’s estimated value of the acceptable work completed during the month to the contractor at the end of each month. Payment may be made in warrants drawn on any funds from which payment for the work may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A, which do not constitute a violation of section 384.10, even if the collection of taxes or special assessments or income from the sale of bonds applicable to the public improvement is after the end of the fiscal year in which the warrants are issued. If the city arranges for the private sale of anticipatory warrants, they may be sold and the proceeds used to pay the contractor. Anticipatory warrants may also be used to pay other persons furnishing services constituting a part of the cost of the public improvement. The provisions of this section and section 384.58 shall not apply if the city has entered into a contract with the federal government or accepted a federal grant which is governed by federal laws or rules that are contrary to this section and section 384.58.

384.58 Inspection of work.
1. The engineer for the city shall inspect all work done under this subchapter, and within fifteen days of final completion of the public improvement, the engineer shall file a certificate with the clerk stating:
   a. That the engineer has inspected the completed work.
b. That the work has or has not been performed in compliance with the terms of the contract, and the particulars, if any, in which the work varies from the terms.

c. The total cost of the completed work.

2. Within fifteen days after the filing of the engineer’s certificate, the council shall by resolution accept or reject the work.

3. Upon accepting the work, or within ten days thereafter, the council shall ascertain the total cost and by resolution determine the proportion or amount of the cost to be assessed against private property within the assessment district. If the council has elected to award more than one contract for the work, the council may elect to proceed separately with the acceptance and levy of assessments for the work done under each contract.

4. Upon accepting the work, the council shall order payment of any amount due the contractor, to be made by warrants issued in the manner provided by section 384.57 or by other means. The city shall order payment of any amount due the contractor to be made in accordance with the terms of the contract. Failure to make payment within seventy days after the work under the contract has been completed and if the work has been accepted and all required materials, certifications, and other documentations required to be submitted by the contractor and specified by the contract have been furnished the awarding city by the contractor, shall cause interest to accrue on the amount unpaid to the benefit of the unpaid party. Interest shall not accrue on funds retained by a city to satisfy the provisions of section 573.14 regarding claims on file. Interest shall accrue during the period commencing the thirty-first day following the completion of work and satisfaction of the other requirements of this subsection and ending on the date of payment. The rate of interest shall be determined, by the period of time during which interest accrues, and shall be the same as the rate of interest that is in effect under section 12C.6, as of the day interest begins to accrue, for a deposit of public funds for a comparable period of time. Nothing contained in this subsection shall abridge any of the rights set forth in section 573.16.

384.61 Assessment of benefits.

The total cost of a public improvement, except for paving that portion of a street lying between railroad tracks and one foot outside of the tracks, or which is to be otherwise paid, must be assessed against all lots within the assessment district in accordance with the special benefits conferred upon the property, and not in excess of such benefits.

If an owner of property subject to special assessment divides the property into two or more lots, and if the plan of division is approved by the council, the owner may discharge the lien upon any of the lots by payment of the amount unpaid, calculated as determined by the council.

Referred to in §331.384, 357E.11A, 358.16, 364.13B, 384.47, 384.51, 384.63, 384.65

a. Confirm and levy assessments, including a conditional levy of the amount of deficiencies which may be subsequently assessed against each lot under section 384.63.

b. State the number of annual installments, not exceeding fifteen, into which assessments of more than five hundred dollars are divided.

c. Provide for interest on all unpaid installments at a rate not exceeding that permitted by chapter 74A.

d. State the time when assessments are payable.

e. Direct the clerk to certify the final schedule to the treasurer of the county or counties in which the assessed property is located, and to publish notice of the schedule once each week for two consecutive weeks in the manner provided in section 362.3, the first publication of which shall be not more than fifteen days from the date of filing of the final schedule.

2. On or before the second publication of the notice, the clerk shall send by mail to each property owner whose property is subject to assessment for the improvement, as shown by the records in the office of the county auditor, a copy of the notice. The notice shall also include a statement in substance that assessments may be paid in full or in part without interest within thirty days after the date of the first notice of the final assessment schedule, and thereafter all unpaid special assessments bear interest at the rate specified by the council, but not exceeding that permitted by chapter 74A, computed to the December 1 next following the due dates of the respective installments as provided in section 384.65, subsection 3, and each installment will be delinquent from October 1 following its due date. However, when the last day of September is a Saturday or Sunday, that amount shall be delinquent from the second business day of October. Delinquent installments will draw the same delinquent interest as ordinary taxes. The notice shall also state substantially that property owners may elect to pay any installment semiannually in advance. If a property is shown by the records to be in the name of more than one owner at the same mailing address, a single notice may be mailed to all owners at that address. Failure to receive a mailed notice is not a defense to the special assessment or interest due on the special assessment.

3. The county treasurer shall enter on the county system the amounts to be assessed against each lot within the assessment district, as certified.

Referred to in §331.384, 357E.11A, 358.16, 364.13B, 384.47, 384.51, 384.63, 384.65
384.62 Limit.
1. A special assessment against a lot for a public improvement shall not be in excess of the amount of the assessment, including the conditional deficiency assessment, as shown in the schedule confirmed by the court, or if court confirmation is not utilized, then on the original plat and schedule adopted by the council, and an assessment shall not exceed twenty-five percent of the value of the lot as shown by the plat and schedule approved by the council or as reduced by the court.
2. Special assessments for the construction or repair of underground connections for private property for gas, water, sewers, or electricity may be assessed to each lot for the actual cost of each connection for that lot, and the twenty-five percent limitation does not apply. Such connections shall not be installed to service railway right-of-way without written agreement with the railway company owning or leasing the right-of-way.
3. A special assessment for a public improvement against a tract of land assessed as agricultural property shall not become payable upon the filing of a request by the owner for deferment until that land is not assessed as agricultural property. This section shall not apply to a tract of land of less than one-quarter acre surrounding any dwelling or nonfarm structure on that tract nor shall it apply to a special assessment levied before July 3, 1978. This section shall not apply if the public improvement is a sewer, water, gas, or electrical line to which the owner of the land makes a connection.
4. Payment of installments of special assessments for a public improvement against property assessed as agricultural property shall be deferred as follows:
   a. The property owner who seeks deferment of an assessment shall file a written request for deferment with the city clerk at the time of the hearing on the resolution of necessity for the public improvement or within ten days following the date of the hearing and the request shall identify those lots subject to proposed assessments for which the property owner is seeking deferment which are assessed as agricultural property. The request may be withdrawn by the property owner at any time before or after the adoption of the resolution of necessity.
   b. The city shall indicate those lots for which a deferment has been requested on the special assessment schedule.
   c. After the assessments for the public improvement have been levied and the special assessment schedule has been filed with the county treasurer, the county treasurer shall indicate on the tax rolls those assessments subject to deferment under this section.
   d. A deferment shall continue for as long as the county assessor continues to classify the property as agricultural land on January 1 of each assessment year. A deferment shall end six months following any January 1 assessment date on which the county assessor no longer classifies the property as agricultural land and the special assessment shall become payable in the same manner as the special assessment would have become payable had it not been deferred by this subsection.

384.63 Insufficiency — certification to county treasurer — deficiency assessment.
1. If the special assessment which may be levied against a lot is insufficient to pay its proportion of the cost of the improvement, or if no special assessment may be levied against a lot, the deficiency shall be paid from the city fund or funds designated by the council.
2. The council shall, by resolution, provide that the deficiencies for the lots specially benefited by a public improvement shall be certified to the county treasurer, who shall record them in the county system as “special assessment deficiencies”, and to the appropriate city official charged with the responsibility of issuing building permits, who shall notify the council when a private improvement is subsequently constructed on any lot subject to a deficiency. Certification to the county treasurer shall include a legal description of each lot. The period of amortization for a public improvement for which there are deficiencies shall
commence with the adoption of the resolution of necessity and extend for the same period for which installments of assessments for the project are made payable. Deficiencies may be assessed only during the period of amortization, which shall also be certified to the county treasurer and the city official charged with the responsibility of issuing building permits. Certification to the county treasurer shall include a legal description of each lot.

3. When a private improvement is constructed on a lot subject to a deficiency, during the period of amortization, the council shall, by resolution, assess a pro rata portion of the deficiency on that lot, in the same proportion to the total deficiency on that lot as the number of future installments of special assessments remaining to be paid is to the total number of installments of assessments for the project, subject to the twenty-five percent limitation of section 384.62. A deficiency assessment becomes a lien on the property and is payable in the same manner, and subject to the same interests as the other special assessments. The council shall direct the clerk to certify a deficiency assessment to the county treasurer, and to send a notice of the deficiency assessment by mail to each owner, as provided in section 384.60, but publication of the notice is not required.

4. An owner may appeal from the amount of the assessment within thirty days of the date notice is mailed. County officials shall collect a deficiency assessment, commencing in the year following the assessment, in the manner provided for the collection of other special assessments. Upon collection, the county treasurer shall make the appropriate credit entries in the county system, and shall credit the amounts collected as provided for other special assessments on the same public improvement, or to the city, to the extent that the deficiency has been previously paid from other city funds.

384.64 Assessment to railway company.

The right-of-way of a railway company is subject to special assessments for public improvements, and such assessments constitute a debt due the city which is a paramount lien upon the track of the railway company owning or leasing the right-of-way within the limits of the city. The property of a railway to which a lien for unpaid special assessment has attached may not be released from the lien until the whole assessment is paid.

384.65 Installments due.

1. The first installment of each assessment, or the total amount if five hundred dollars or less, is due and payable on July 1 next succeeding the date of the levy, unless the assessment is filed with the county treasurer after May 31 in any year. The first installment shall bear interest on the whole unpaid assessment from the date of acceptance of the work by the council to the first day of December following the due date.

2. The succeeding annual installments, with interest on the whole unpaid amount, to the first day of December following the due date, are respectively due on July 1 annually, and must be paid at the same time and in the same manner as the September semiannual payment of ordinary taxes.

3. All future installments of an assessment may be paid on any date by payment of the then outstanding balance, plus interest to the next December 1, or additional annual installments may be paid after the current installment has been paid before December 1 without interest. A payment must be for the full amount of the next installment. If installments remain to be paid, the next annual installment with interest added to December 1 will be due as provided in subsection 2.
4. a. Each installment of an assessment with interest on the unpaid balance is delinquent from October 1 after its due date and bears the same delinquent interest as ordinary taxes. However, when the last day of September is a Saturday or Sunday, the unpaid balance of the installment is delinquent from the second business day of October after its due date. When collected, the interest must be credited to the same fund as the special assessment.

b. To avoid interest on delinquent special assessment installments, a payment of the full installment amount must be received by the treasurer on or before the last business day of the month preceding the delinquent date, or mailed with appropriate postage and applicable fees paid, and a United States postal service postmark affixed to the payment envelope, with the postmark bearing a date preceding the delinquent date. Items returned to the sender by the United States postal service for insufficient postage or applicable fees shall be assessed interest, unless the appropriate postage and fees are paid and the items are postmarked again before the delinquent date. However, if the last calendar day of a month falls on a Saturday, Sunday, or a holiday, that amount becomes delinquent on the second business day of the following month.

c. To avoid interest on current or delinquent special assessment installments, for payments made through a county treasurer’s authorized internet site only, if the last day of the month falls on a Saturday, Sunday, or a holiday, the electronic payment must be entered by midnight on the first business day of the next month. All other electronic payments must be entered by midnight on the last day of the month preceding the delinquent date.

5. From the date of filing of a certified copy of the resolution of necessity, the plat, and the schedule of assessments as provided in section 384.51, all special assessments with all interest become and remain a lien on the benefited properties until paid, and have equal precedence with ordinary taxes, and are not divested by any judicial sale.

6. After December 1, if a special assessment is not delinquent, a property owner may pay one-half or all of the next annual installment of principal and interest of a special assessment prior to the delinquency date of the installment. When the next installment has been paid in full, successive principal installments may be prepaid. The county treasurer shall accept the payments of the special assessment, and shall credit the next annual installment or future installments of the special assessment to the extent of the payment or payments, and shall remit the payments to the city. If a property owner elects to pay one or more principal installments in advance, the pay schedule shall be advanced by the number of principal installments prepaid.

7. Each installment of an assessment shall be equal to the amount of the unpaid assessment as computed on the thirty-first day after the certification of the assessment divided by the number of annual installments into which the assessment may be divided as adopted by the council pursuant to section 384.60.

8. Each installment of a special assessment shall be calculated to the nearest whole dollar. Interest on unpaid installments and interest added for delinquencies shall also be calculated to the nearest whole dollar. The minimum interest amount is one dollar.

384.66 Test of regularity.

1. A person having an interest in property subject to special assessment may, within twenty days after the adoption of a resolution of necessity, test the regularity of the proceedings or legality of the assessment procedure by a petition in equity filed in the district court of the county where the property is located. A petition does not stay further
proceedings on the improvement by the council, unless there is also filed a bond in an amount and with security approved by the court.

2. A person having an interest in any property specially assessed may appeal from the amount of the assessment, at any stage of the special assessment procedure up to twenty days after the final publication of notice of filing of the final assessment schedule, by petition to the district court of the county where the property is located but such appeal is only to the amount of that assessment and does not stay further proceedings by the council on the improvement. No action shall be brought appealing the amount of any special assessment from and after twenty days after said final publication.

3. A person having an interest in property subject to special assessment has a right of appeal to the district court on the ground of fraud.

4. No action may be brought questioning the regularity of the proceedings pertaining to special assessments or the validity of any special assessment levied for any public improvement under this subchapter, from and after sixty days after the final publication of notice of filing the final assessment schedule.

384.68 Bonds issued.
1. After certification of the final assessment schedule, the city may, by resolution, authorize and issue bonds in anticipation of the collection of unpaid special assessments. However, the total principal amount of bonds issued for a public improvement may not exceed the total amount of unpaid special assessments less the proportionate unpaid amount assessed for the default fund.

2. All special assessment bonds are negotiable, must state on their face that they are issued under the provisions of this subchapter, and are payable as to both principal and interest from the proceeds of the special assessments levied for the public improvement. Such bonds may bear interest at a rate not exceeding that permitted by chapter 74A payable annually or semiannually, must mature serially on December 1 of the years in which any of the principal is scheduled to become due, and may contain a provision that the city reserves the right and option of calling and redeeming any or all of the bonds prior to maturity on any interest payment date or within forty-five days thereafter upon the terms specified therein. Such bonds must be called “improvement bonds”, must designate the general type of improvement or improvements for which issued, and may be issued in any denomination, not exceeding ten thousand dollars. Bonds issued for a public improvement authorized in section 384.38, subsection 2, must be named in a way to distinguish them from other improvement bonds of the city, and to designate the property specially assessed for the improvement. Improvement bonds issued for any one levy must bear the same date and be divided into as many series as there are years in which installments of the special assessment mature, and each series must be as nearly equal in amount as practicable.
3. The proceeds of the special assessments and interest collected thereon must be used and applied by the city to the payment of the interest on the bonds and to the retirement of the principal as rapidly as proceeds are collected. Such bonds and coupons do not make the city liable in any way, except for the proper application of special assessments. If interest becomes due on any of the bonds when there is no fund or funds from which to pay it, the council may make a temporary loan for payment of the interest, which loan must be repaid from the special assessments and interest pledged to secure the bonds, but in case of purchase by the city at tax sale of the property on which a special assessment is levied, the loan must be repaid from the funds of the city from which deficiencies on the improvement were paid, or if there were no deficiencies, from the general fund.

4. Special assessment bonds must be sold at public or private sale in the manner provided by chapter 75, and may not be sold for less than par value with accrued interest from date to the time of delivery, or if no bids are received at public sale, bonds bearing the same rate of interest as the special assessment may be delivered to the contractor in payment of the cost of the public improvement. The proceeds of the sale must be applied to the payment of the cost of the public improvement.

5. Any excess of proceeds from special assessments remaining after all of the bonds for a particular improvement have been paid with interest may be credited to the fund from which deficiencies for the improvement could have been paid. However, any excess in a default fund established for a public improvement authorized in section 384.38, subsection 2, shall be held by the city in a special fund to guarantee other improvement bonds which may be issued by the city for public improvements authorized under that section.

6. Cities may issue refunding bonds to pay off and take up special assessment bonds issued in payment for public improvements, or to refund any part thereof, as follows:
   a. Refunding bonds must substantially conform to the provisions of this subchapter, and the face value is limited to the amount of the unpaid special assessments with the interest thereon of the particular issue of bonds to be refunded.
   b. Refunding bonds or their proceeds may be used only to pay improvement bonds taken up.
   c. The expense of refunding bonds must be paid out of the funds of the city from which the cost of similar improvements might lawfully be paid.
   d. When refunding bonds are issued to pay improvement bonds, all special assessments and sinking funds applicable to the payment of the improvement bonds previously issued must be applied in the same manner and to the same extent to the payment of the refunding bonds, and all the powers and duties to levy and to carry special assessments and taxes, to create liens upon property, and to establish sinking funds in respect to the bonds previously issued continue until refunding bonds are paid.
   e. The city shall collect the special assessment out of which the refunding bonds are payable and hold the proceeds in trust for the payment of the refunding bonds, but it is not liable except for the proper application of the assessments.

7. No action shall be brought questioning the legality of the bonds authorized by this section from and after sixty days from the date the bonds are issued by the city.

§384.69 Property sold at tax sale.

Property against which a special assessment has been levied for public improvements may be sold for any sum of principal or interest due and delinquent, at any regular or adjourned tax sale in the same manner with the same forfeitures, interest, right of redemption, certificates, and deeds, as for the nonpayment of ordinary taxes. The purchaser at a tax sale, other than the county, takes the property charged with the lien of the remaining unpaid installments and interest. When bonds have been issued in anticipation of special assessments and interest for which property is to be sold, the city may be a purchaser and is entitled to all rights of purchasers at tax sales. The proceeds subsequently realized from sales of property so purchased by the city must be credited to the funds of the city from which deficiencies on the improvement were paid, or if there were no deficiencies, to the general fund.

Corrected assessments are a lien on the lots the same as the original assessments, must be certified by the clerk to the county treasurer in the same manner; and must so far as practicable, be collected in the same installments, draw interest at the same rate, and be enforced in the same manner as the original assessment.
2. However, if the city does not certify the assessments within six months of final publication as required by subchapter IV of this chapter, all such assessments shall be null, void, and of no effect. 384.77 Assessments along railways.
In the making of assessments for paving streets, avenues or public places along or upon which a track of a railway or street railway company is located, the engineer shall make an estimate of the cost of building the improvement, and an estimate of the cost of the improvement if tracks were not there. The railway or street railway company may be charged with the difference between the two estimates of cost, and shall make payment in the same manner as other special assessments are paid. This section applies only to track within the limits of the improvement proper and shall not be construed as exempting a railway or street railway company from a special assessment on other property, adjacent or abutting, within the assessment district and owned by the company, nor does this section relieve a company from any of its duties and liabilities set forth in any other law concerning repair or construction of the strip of paving between the rails and one foot outside. Without limiting the foregoing, projects commenced prior to said effective date may be financed by the issuance of special assessment bonds and other bonds under any such amended or repealed law or by the issuance of special assessment bonds, or other bonds under the city code. For the purposes of this section, commencement of a project includes but is not limited to action taken by the council or authorized officer to fix a date for a hearing in connection with any part of a public improvement, and commencement of proceedings for the levy of special assessments and the issuance of special assessment bonds includes but is not limited to action taken by the council to fix a date for a hearing in connection with any public improvement proposed to be financed in whole or in part through special assessments. 384.81 Provisions of city code exclusive — combined utility or enterprise.
1. A city which proposes to establish, own, acquire by purchase, condemnation, or otherwise, lease, sell, construct, reconstruct, extend, remodel, improve, repair, equip, maintain and operate within or without its corporate limits a city utility, combined utility system, city enterprise, or combined city enterprise must do so in accordance with the provisions of the city code.
§384.81, CITY FINANCE

2. If all of the utilities involved in the establishment of a combined utility system are, at the time of establishment, controlled and managed by the same utility board, such utility board shall continue as the governing body of the combined utility system; otherwise the city council is the governing body of a combined utility system, but a utility board for a combined utility system may be established as provided in chapter 388. If a combined utility system or combined city enterprise is dissolved, each city utility or city enterprise shall continue in existence as a separate city utility or city enterprise unless the voters additionally authorize the abandonment thereof. The governing body of a combined utility system which is dissolved shall continue as the governing body of each city utility which was a part of the combined utility system unless changed as provided in chapter 388. The adding of an additional city utility to an existing combined utility system is the establishment of a new combined utility system and must be approved by the voters of the city as provided in chapter 388, but the governing body of the existing combined utility system shall continue as the governing body of the new combined utility system.

3. A combined utility system or combined city enterprise may be established, but if there are obligations outstanding which by their terms are payable from the revenues of any city utility or city enterprise involved, all such outstanding obligations must be assumed by the governing body of the combined utility system or combined city enterprise subject to all terms established at the time of the original issue, or refunded through the issuance of revenue bonds of the combined utility system or combined city enterprise as a part of the procedure for the establishment of the combined utility system or combined city enterprise, or funds sufficient to pay the principal of and all interest and premium, if any, on such outstanding obligations at and prior to maturity must have been properly set aside and pledged for that purpose. Any revenues earmarked for payment of the obligations must be handled by the governing body of the combined utility or combined city enterprise in the same manner as they were handled by the governing body of the city utility or city enterprise involved. A city utility or city enterprise may not be abandoned and a combined utility system or combined city enterprise may not be dissolved so long as there are obligations outstanding which by their terms are payable from the revenues of the city utility, combined utility system, city enterprise, or combined city enterprise unless funds sufficient to pay the principal of and all interest and premium, if any, on such outstanding obligations at and prior to maturity have been properly set aside and pledged for such purpose.

384.82 Authority — revenue bonds — pledge orders.

1. a. A city may carry out projects, borrow money, and issue revenue bonds and pledge orders to pay all or part of the cost of projects, which may include a qualified water resource restoration project, such revenue bonds and pledge orders to be payable solely and only out of the net revenues of the city utility, combined utility system, city enterprise, or combined city enterprise involved in the project. The cost of a project includes the construction contracts, interest upon the revenue bonds and pledge orders during the period or estimated period of construction and for twelve months thereafter, or for twelve months after the acquisition date, such reserve funds as the governing body may deem advisable in connection with the project and the issuance of revenue bonds and pledge orders, and the costs of engineering, architectural, technical and legal services, preliminary reports, surveys, property valuations, estimates, plans, specifications, notices, acquisition of real and personal property, consequential damages or costs, easements, rights-of-way, supervision, inspection, testing, publications, printing and sale of bonds and provisions for contingencies. A city may sell revenue bonds or pledge orders at public or private sale in the manner prescribed by chapter 75 and may deliver revenue bonds and pledge orders to the contractors, sellers, and other persons furnishing materials and services constituting a part of the cost of the project in payment thereof.

b. A city may deliver its revenue bonds to the federal government or any agency thereof
which has loaned the city money for sanitary or solid waste projects, water projects or other projects for which the government has a loan program.

2. A city may issue revenue bonds or pledge orders to refund revenue bonds, pledge orders, and other obligations which are by their terms payable from the net revenues of the same city utility, combined utility system, city enterprise, or combined city enterprise, or from a city utility comprising a part of the combined utility system or a city enterprise comprising a part of the combined city enterprise, at lower, the same, or higher rates of interest. Upon a finding of necessity by the governing body, a city may issue revenue bonds or pledge orders to refund general obligation bonds to the extent the general obligation bonds were issued or the proceeds of them were expended for a city utility, city enterprise, or a portion of a combined city utility or city enterprise. These revenue bonds or pledge orders may be issued at lower, the same, or at higher rates of interest than the rates of the general obligation bonds being refunded. A city may sell refunding revenue bonds or pledge orders at public or private sale in the manner prescribed by chapter 75 and apply the proceeds to the payment of the obligations being refunded, and may exchange refunding revenue bonds or pledge orders in payment and discharge of the obligations being refunded. The principal amount of refunding revenue bonds or pledge orders may exceed the principal amount of the obligations being refunded to the extent necessary to pay a premium due on the call of the obligations being refunded, to fund interest accrued and to accrue on the obligations being refunded, to pay the costs of issuance of the refunding revenue bonds or pledge orders, and to fund such reserve funds as the governing body may deem advisable in connection with the issuance of the refunding revenue bonds or pledge orders.

384.83 Procedures for revenue bonds and pledge orders.

1. A city may issue revenue bonds pursuant to a resolution of the governing body of the city utility, combined utility system, city enterprise, or combined city enterprise, adopted at a regular or special meeting by a majority of the total number of members to which the governing body is entitled.

2. a. Before the governing body institutes proceedings for the issuance of revenue bonds, it shall fix a time and place of meeting at which it proposes to take action and give notice by publication in the manner directed in section 362.3. The notice must include a statement of the time and place of the meeting, the maximum amount of the proposed revenue bonds, the purpose or purposes for which the revenue bonds will be issued, and the city utility, combined utility system, city enterprise, or combined city enterprise whose net revenues will be used to pay the revenue bonds and interest on them. The governing body shall at the meeting receive oral or written objections from any resident or property owner of the city. After all objections have been received and considered, the governing body may, at the meeting or any adjournment of the meeting, take additional action for the issuance of the bonds or abandon the proposal to issue bonds. Any resident or property owner of the city may appeal a decision of the governing body to take additional action to the district court of the county in which any part of the city is located within fifteen days after the additional action is taken, but the additional action of the governing body is final and conclusive unless the court finds that the governing body exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal in connection with the issuance of revenue bonds are in lieu of those contained in chapter 73A or any other law.

b. Separate purposes may be incorporated in a single notice of intention to institute proceedings or separate purposes may be incorporated in separate notices and, after an opportunity for filing objections, the governing body may include in a single issue of revenue bonds any number or combination of purposes.

3. Revenue bonds may bear dates, bear interest at rates not exceeding that permitted by
chapter 74A, mature in one or more installments, be in either coupon or registered form, carry registration and conversion privileges, be payable as to principal and interest at times and places, be subject to terms of redemption prior to maturity with or without premium, and be in one or more denominations, all as provided by the resolution of the governing body authorizing their issuance. The resolution may also prescribe additional provisions, terms, conditions, and covenants which the governing body deems advisable, consistent with the provisions of the city code, including provisions for creating and maintaining reserve funds, the issuance of additional revenue bonds ranking on a parity with such revenue bonds and additional revenue bonds junior and subordinate to such revenue bonds, and that such revenue bonds shall rank on a parity with or be junior and subordinate to any revenue bonds which may be then outstanding. Revenue bonds are a contract between the city and holders and the resolution is a part of the contract.

4. If the governing body is a city council, the revenue bonds must be executed by the mayor and clerk of the city. If the governing body is a utility board, the revenue bonds must be executed by the chairperson and secretary of the board. If coupons are attached to the revenue bonds, they must be executed with the original or facsimile signature of the clerk or secretary. A revenue bond is valid and binding for all purposes if it bears the signatures of the officers in office on the date of the execution of the bonds notwithstanding that any or all persons whose signatures appear thereon have ceased to be such officers prior to the delivery thereof. The issuance of revenue bonds must be recorded in the office of the city treasurer or other financial officer designated by the council, and a certificate of the recording by the treasurer or other officer must be printed on the back of each revenue bond.

5. Revenue bonds and pledge orders issued pursuant to this subchapter are negotiable instruments.

6. A city may issue pledge orders pursuant to a resolution of the governing body of the city utility, combined utility system, city enterprise, or combined city enterprise, adopted by a majority of the total number of members to which the governing body is entitled, at a regular or special meeting, ordering their issuance and delivery in payment for all or part of the cost of a project. Pledge orders may bear interest at rates not exceeding that permitted by chapter 74A.

7. The physical properties of a city utility, combined utility system, city enterprise, or combined city enterprise may not be pledged or mortgaged to secure the payment of revenue bonds or pledge orders or the interest thereon.

[C77, 79, 81, §386.2]

386.3 Establishment of district.
1. Districts may be created by action of the council in accordance with the provisions of this chapter. A district shall:
   a. Be comprised of contiguous property wholly within the boundaries of the city. A self-supported municipal improvement district shall be comprised only of property in districts which are zoned for commercial or industrial uses and properties within a duly designated historic district.
   b. Be given a descriptive name containing the words “self-supported municipal improvement district”.
   c. Be comprised of property related in some manner, including but not limited to present or potential use, physical location, condition, relationship to an area, or relationship to present or potential commercial or other activity in an area, so as to be benefited in any manner, including but not limited to a benefit from present or potential use or enjoyment of the property, by the condition, development or maintenance of the district or of any improvement or self-liquidating improvement of the district, or be comprised of property the owners of which have a present or potential benefit from the condition, development or maintenance of the district or of any improvement or self-liquidating improvement of the district.

2. The council shall initiate proceedings for establishing a district upon the filing with its clerk of a petition containing:
   a. The signatures of at least twenty-five percent of all owners of property within the proposed district. These signatures must together represent ownership of property with an assessed value of twenty-five percent or more of the assessed value of all of the property in the proposed district.
   b. A description of the boundaries of the proposed district or a consolidated description of the property within the proposed district.
   c. The name of the proposed district.
   d. A statement of the maximum rate of tax that may be imposed upon property within the district. The maximum rate of tax may be stated in terms of separate maximum rates for the
debt service tax, the capital improvement fund tax, and the operation tax, or in terms of a maximum combined rate for all three.

e. The purpose of the establishment of the district, which may be stated generally, or in terms of the relationship of the property within the district or the interests of the owners of property within the district, or in terms of the improvements or self-liquidating improvements proposed to be developed for the purposes of the district, either specific improvements, self-liquidating improvements, or general categories of improvements, or any combination of the foregoing.

f. A statement that taxes levied for the self-supported improvement district operation fund shall be used for the purpose of paying maintenance expenses of improvements or self-liquidating improvements for a specified length of time, along with any options to renew, if the taxes are to be used for this maintenance purpose.

3. a. The council shall notify the city planning commission upon the receipt of a petition. It shall be the duty of the city planning commission to make recommendations to the council in regard to the proposed district. The city planning commission shall, with due diligence, prepare an evaluative report for the council on the merit and feasibility of the project. The council shall not hold its public hearings or take further action on the establishment of the district until it has received the report of the city planning commission. In addition to its report, the commission may, from time to time, recommend to the council amendments and changes relating to the project.

b. If no city planning commission exists, the council shall notify the metropolitan or regional planning commission upon receipt of a petition, and such commission shall have the same duties as the city planning commission set forth in this subsection. If no planning commission exists, the council shall notify the zoning commission upon receipt of a petition, and such commission shall have the same duties as the city planning commission set forth in this subsection. If no planning or zoning commission exists, the council shall call a hearing on the establishment of a district upon receipt of a petition.

4. Upon the receipt of the commission's final report the council shall set a time and place for a meeting at which the council proposes to take action for the establishment of the district, and shall publish notice of the meeting as provided in section 362.3, and the clerk shall send a copy of the notice by certified mail not less than fifteen days before the meeting to each owner of property within the proposed district at the owner’s address as shown by the records of the county auditor. If a property is shown to be in the name of more than one owner at the same mailing address, a single notice may be mailed addressed to all owners at that address. Failure to receive a mailed notice is not grounds for objection to the council's taking any action authorized in this chapter.

5. In addition to the time and place of the meeting for hearing on the petition, the notice must state:

a. That a petition has been filed with the council asking that a district be established.

b. The name of the district.

c. The purpose of the district.

d. The property proposed to be included in the district.

e. The maximum rate of tax which may be imposed upon the property in the district.

6. At the time and place set in the notice the council shall hear all owners of property in the proposed district or residents of the city desiring to express their views. The council must wait at least thirty days after the public hearing has been held before it may adopt an ordinance establishing a district which must be comprised of all the property which the council finds has the relationship or whose owners have the interest described in subsection 1, paragraph “c”. Property included in the proposed district need not be included in the established district. However, no property may be included in the district that was not included in the proposed district until the council has held another hearing after it has published and mailed the same notice as required in subsections 4 and 5 of this section on the original petition to the owners of the additional property, or has caused a notice of the inclusion of the property to be personally served upon each owner of the additional property, or has received a written waiver of notice from each owner of the additional property.

7. Adoption of the ordinance establishing a district requires the affirmative vote of
three-fourths of all of the members of the council, or in cities having but three members of the council, the affirmative vote of two members. However if a monoseric has been filed with the clerk signed by at least twenty-five percent of all owners of property within the proposed district representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all of the property in the proposed district, the adoption of the ordinance requires a unanimous vote of the council.

8. The clerk shall cause a copy of the ordinance to be filed in the office of the county recorder of each county in which any property within the district is located.

9. At any time prior to adoption of an ordinance establishing a district, the entire matter of establishing such district shall be withdrawn from council consideration if a petition objecting to establishing such district is filed with its clerk containing the signatures of at least forty percent of all owners of property within the proposed district or signatures which together represent ownership of property with an assessed value of forty percent or more of the assessed value of all property within the proposed district.

10. The adoption of an ordinance establishing a district is a legislative determination that the property within the district has the relationship or its owners have the interest required under subsection 1, paragraph “c” and includes all of the property within the area which has that relationship or the owners of which have that interest in the district.

11. Any resident or property owner of the city may appeal the action and the decisions of the council, including the creation of the district and the levying of the proposed taxes for the district, to the district court of the county in which any part of the district is located, within thirty days after the date upon which the ordinance creating the district becomes effective, but the action and decision of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the establishment of a district or the validity of the district, or the propriety of the inclusion or exclusion of any property within or from the district, or the ability of the city to levy taxes in accordance with the ordinance establishing the district, after thirty days from the date on which the ordinance creating the district becomes effective.

12. The procedural steps for the petitioning and creation of the district may be combined with the procedural steps for the authorization of any improvement or self-liquidating improvement, or the procedural steps for the authorization of any tax, or any combination thereof.

13. The rate of debt service tax referred to in the petition and the ordinance creating the district shall only restrict the amount of bonds which may be issued, and shall not limit the ability of the city to levy as necessary in subsequent years to pay interest and amortize the principal of that amount of bonds.

14. The ordinance creating the district may provide for the division of all of the property within the district into two or more zones based upon a reasonable difference in the relationship of the property or the interest of its owners, whether the difference is qualitative or quantitative. The ordinance creating the district and establishing the different zones may establish a different maximum rate of tax for each zone, or may provide that the rate of tax for a zone shall be a certain set percentage of the tax levied in the zone which is subject to the highest rate of tax.

386.4 Amendments to district.

1. The ordinance creating the district may be amended and property may be added to the district and the maximum rate of taxes referred to in the ordinance may be increased at any time in the same manner and by the same procedure as for the establishment of a district. All property added to a district shall be subject to all taxes currently and thereafter levied including debt service levies for bonds previously or thereafter issued.

2. Action by the council amending the ordinance creating the district, including adding any eligible property or deleting any property within the district or changing any maximum rate of taxes, shall be by ordinance adopted by an affirmative vote of three-fourths of all
of the members of the council, or in cities having but three members of the council, the affirmative vote of two members. However, if a remonstrance has been filed with the clerk signed by at least twenty-five percent of all owners of property within the district and all property proposed to be included representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district and all property proposed to be included, the amending ordinance must be adopted by unanimous vote of the council.

3. The clerk shall cause a copy of the amending ordinance to be filed in the office of the county recorder of each county in which any property within the district as amended is located.

4. At any time prior to council amendment of the ordinance creating the district, the entire matter of amending such ordinance shall be withdrawn from council consideration if a petition objecting to amending such ordinance is filed with its clerk containing either the signatures of at least forty percent of all owners of property within the district and all property proposed to be included or signatures which together represent ownership of property with an assessed value of forty percent or more of the assessed value of all property within the district and all property proposed to be included.

5. Any resident or property owner of the city may appeal the action or decisions of the council amending the ordinance creating the district, to the district court of the county in which any part of the district, as amended, is located, within fifteen days after the date upon which the ordinance amending the ordinance creating the district becomes effective, but the action and decision of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the amended ordinance or the validity of the district as amended, or the propriety of the inclusion or exclusion of any property within or from the amended district, or the ability of the city to levy taxes in accordance with the ordinance establishing the district, as amended, after thirty days from the date upon which the amending ordinance becomes effective.

6. All other provisions in section 386.3 shall apply to an amended district and to the ordinance amending the ordinance creating the district with the same effect as they apply to the original district and the ordinance creating the original district.

[C77, 79, 81, §386.4]

386.5 Dissolution.

A district may be dissolved and terminated by action of the council rescinding the ordinance creating the district, and any subsequent ordinances amending the district, by an affirmative vote of three-fourths of all members of the council, or in cities having but three members of the council, the affirmative vote of two members. However, if a remonstrance has been filed with the clerk signed by at least twenty-five percent of all owners of property within the district representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district, the rescission of the ordinance creating the district, and any subsequent ordinances amending the district, requires a unanimous vote of the council.

At any time prior to action of the council rescinding the ordinance creating the district, and any subsequent ordinances amending the district, the entire matter of dissolving a district shall be withdrawn from council consideration if a petition is filed with its clerk containing the signatures of at least forty percent of all owners of property within the district or signatures which together represent ownership of property with an assessed value of forty percent or more of the assessed value of all property within the district.

[C77, 79, 81, §386.5]

386.6 Improvements.

When a city proposes to construct an improvement the cost of which is to be paid or financed under the provisions of this chapter, it must do so in accordance with the provisions of this section, as follows:

1. The council shall initiate proceedings for a proposed improvement upon receipt of a
petition signed by at least twenty-five percent of all owners of property within the district representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district.

2. Upon the receipt of such a petition the council shall notify the city planning commission, if one exists, the metropolitan or regional planning commission, if one exists, or the zoning commission, if one exists, in the order set forth in section 386.3, subsection 3. Upon notification by the council, the commission shall prepare an evaluative report for the council on the merit and feasibility of the improvement and carry out all other duties as set forth in section 386.3, subsection 3. If no planning or zoning commission exists, the council shall call a hearing on a proposed improvement upon receipt of a petition.

3. Upon the receipt of the commission’s report the council shall set a time and place of meeting at which the council proposes to take action on the proposed improvement and shall publish and mail notice as provided in section 386.3, subsections 4 and 5.

4. The notice must include a statement that an improvement has been proposed, the nature of the improvement, the source of payment of the cost of the improvement, and the time and place of hearing.

5. At the time and place set in the notice the council shall hear all owners of property in the district or residents of the city desiring to express their views. The council must wait at least thirty days after the public hearing has been held before it may take action to order construction of the improvement. The provisions of section 386.3, subsections 7 and 9, relating to the adoption of the ordinance establishing a district, the requisite vote therefor, the remonstrance thereto and the withdrawal of the entire matter from council consideration apply to the adoption of the resolution ordering the construction of the improvement.

6. If the council orders the construction of the improvement, it shall proceed to let contracts therefor in accordance with chapter 26.

7. The adoption of a resolution ordering the construction of an improvement is a legislative determination that the proposed improvement is in furtherance of the purposes of the district and that all property in the district will be affected by the construction of the improvement, or that all owners of property in the district have an interest in the construction of the improvement.

8. Any resident or property owner of the city may appeal the action or decisions of the council ordering the construction of the improvement to the district court of the county in which any part of the district is located within thirty days after the adoption of the resolution ordering construction of the improvement, but the action and decisions of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the ordering of the construction of an improvement, or the right of the city to apply moneys in the capital improvement fund referred to in this chapter to the payment of the costs of the improvement, or the right of the city to issue bonds referred to in this chapter for the payment of the costs of the improvement, or the right of the city to levy taxes which with any other taxes authorized by this chapter do not exceed the maximum rate of tax that may be imposed upon property within the district for the payment of principal of and interest on bonds issued to pay the costs of the improvement, after thirty days from the date of adoption of the resolution ordering construction of the improvement.

9. The procedural steps contained in this section may be combined with the procedural steps for the petitioning and creation of the district or the procedural steps for the authorization of any tax or any combination thereof.

1. Section 386.6, subsections 1 to 5 are applicable to a self-liquidating improvement to
the same extent as they are applicable to an improvement and the proceedings initiating a self-liquidating improvement shall be governed thereby.

2. Before the council may order the construction of a self-liquidating improvement, and after hearing thereon, it must find that the self-liquidating improvement and the leasing of a part or the whole of it to any person or governmental body will further the corporate purposes of the city and will:
   a. Aid in the commercial development of the district.
   b. Further the interests of the district; or
   c. Not substantially reduce the city’s property tax base.

3. If the council orders the construction of the self-liquidating improvement, contracts for it shall be let in accordance with chapter 26.

4. The adoption of a resolution ordering the construction of a self-liquidating improvement is a legislative determination that the proposed self-liquidating improvement and the leasing of a part or the whole of it to any person or governmental body will further the corporate purposes of the city and will:

   c. Not substantially reduce the city’s property tax base.

5. A city may lease any or all of a self-liquidating improvement to any person or governmental body.

6. A city may issue revenue bonds payable from the income and receipts derived from the self-liquidated improvement. 386.8 Operation tax.
A city may establish a self-supported improvement district operation fund, and may certify taxes not to exceed the rate limitation as established in the ordinance creating the district, or any amendment thereto, each year to be levied for the fund against all of the property in the district, for the purpose of paying the administrative expenses of the district, which may include but are not limited to administrative personnel salaries, a separate administrative office, planning costs including consultation fees, engineering fees, architectural fees, and legal fees and all other expenses reasonably associated with the administration of the district and the fulfilling of the purposes of the district. The taxes levied for this fund may also be used for the purpose of paying maintenance expenses of improvements or self-liquidating
improvements for a specified length of time with one or more options to renew if such is clearly stated in the petition which requests the council to authorize construction of the improvement or self-liquidating improvement, whether or not such petition is combined with the petition requesting creation of a district. Parcels of property which are assessed as residential property for property tax purposes are exempt from the tax levied under this section except residential properties within a duly designated historic district. A tax levied under this section is not subject to the levy limitation in section 384.1.

386.9 Capital improvement tax.

A city may establish a capital improvement fund for a district and may certify taxes, not to exceed the rate established by the ordinance creating the district, or any subsequent amendment thereto, each year to be levied for the fund against all of the property in the district, for the purpose of accumulating money for the financing or payment of a part or all of the costs of any improvement or self-liquidating improvement. However, parcels of property which are assessed as residential property for property tax purposes are exempt from the tax levied under this section except residential properties within a duly designated historic district. A tax levied under this section is not subject to the levy limitations in section 384.1 or 384.7.

386.10 Debt service tax.

A city shall establish a self-supported municipal improvement district debt service fund whenever any self-supported municipal improvement district bonds are issued and outstanding, other than revenue bonds, and shall certify taxes to be levied against all of the property in the district for the debt service fund in the amount necessary to pay interest as it becomes due and the amount necessary to pay, or to create a sinking fund to pay, the principal at maturity of all self-supported municipal improvement district bonds as authorized in section 386.11, issued by the city. However, parcels of property which are assessed as residential property for property tax purposes at the time of the issuance of the bonds are exempt from the tax levied under this section until the parcels are no longer assessed as residential property or until the residential properties are designated as a part of a historic district.

386.11 Self-supported municipal improvement district bonds.

1. A city may issue and sell self-supported municipal improvement district bonds at public or private sale payable from taxes which must be levied in accordance with chapter 76. The bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the district through the district debt service fund authorized by section 386.10. When self-supported municipal improvement district bonds are issued and taxes are levied in accordance with chapter 76, the taxes shall continue to be levied, until the bonds and interest thereon are paid in full, against all of the taxable property that was included in the district at the time of the issuance of the bonds, regardless of any subsequent removal of any property from the district or the dissolution of the district.

2. The proceeds of the sale of the bonds may be used to pay any or all of the costs of any improvement, or be used to pay any legal indebtedness incurred for the cost of any improvement including bonds or warrants previously issued to pay the costs of an improvement, or bonds may be exchanged for the evidences of such legal indebtedness.

3. Before the council may institute proceedings for the issuance of bonds, it shall proceed in the same manner as is required for the institution of proceedings for the issuance of bonds
for an essential corporate purpose as provided in section 384.25, subsection 2 and all of the
provisions of that subsection apply to bonds issued pursuant to this section.
4. A city may issue bonds authorized by this section pursuant to a resolution adopted
at a regular or special meeting by an affirmative vote of a majority of the total members to
which the council is entitled. The proceeds of a single bond issue may be used for various
improvements.
5. The provisions of sections 384.29, 384.30, and 384.31 apply to bonds issued pursuant
to this section, except that the bonds shall be designated “municipal improvement district
bonds”.
6. No action may be brought which questions the legality of bonds issued pursuant to
this section or the power of a city to issue the bonds or the effectiveness of any proceedings
relating to the authorization and issuance of the bonds after thirty days from the time the
bonds are ordered issued by the city.

386.12 Payment for improvements.
The costs of improvements may be paid from any of the following sources or a combination
thereof:
1. The capital improvement fund referred to in section 386.9.
2. The proceeds of bonds referred to in section 386.11.
3. Any other funds of the city which are legally available to pay all or a portion of the
cost of an improvement. The fact that an improvement is initiated under the provisions of
this chapter, or any of the costs of an improvement or any part of an improvement are being
paid under the provisions of this chapter, shall not preclude the city from paying any costs
of an improvement from any fund from which it might otherwise have been able to pay such
costs. In addition, and not in limitation of the foregoing, any improvement which constitutes
an essential corporate purpose or a general corporate purpose as defined in section 384.24,
subsections 3 and 4, may be financed in whole or in part with the proceeds of the issuance of
general obligation bonds of the city pursuant to the provisions of chapter 384, subchapter III.
4. Payment for the costs of an improvement may also be made in warrants drawn on any
fund from which payment for the improvement may be made. If such funds are depleted,
anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted
by chapter 74A, which do not constitute a violation of section 384.10, even if the collection
of taxes or income from the sale of bonds applicable to the improvement is after the end of
the fiscal year in which the warrants are issued. If the city arranges for the private
sale of anticipatory warrants, they may be sold and the proceeds used to pay the costs of
the improvement. Such warrants may be used to pay other persons furnishing services
constituting a part of the cost of the improvement.

386.13 Parking fee abatements.
A city may apply moneys in the operation fund of the district to prepay parking fees at
any city parking facility located in or used in conjunction with the district but only after
notice and hearing as required by section 386.6. The authority to prepay such fees shall
exist only for the period of time set out in the notice to owners and in the resolution of
the council authorizing the application of funds for that purpose. Upon the application of
sufficient amounts of prepaid fees, the city need not charge individual users of the parking
facility. Before adopting a resolution authorizing the application of funds for such purpose,
the council must find that the application will further the purposes of the district, including
but not limited to increasing the commercial activity in the district.

city utility even though such city utilities are not a combined utility system.
[C75, 77, 79, 81, §388.1]

388.2 Submission to voters.
1. a. The proposal of a city to establish, acquire, lease, or dispose of a city utility, except a
sanitary sewage or storm water drainage system, in order to undertake or to discontinue the
operation of the city utility, or the proposal to establish or dissolve a combined utility system,
or the proposal to establish or discontinue a utility board, is subject to the approval of the
voters of the city, except that a board may be discontinued by resolution of the council when
the city utility, city utilities, or combined utility system it administers is disposed of or leased

b. Upon the council’s own motion, the proposal may be submitted to the voters at the

2. a. If a majority of those voting for and against the proposal approves the proposal, the
city may proceed as proposed.
b. If a majority of those voting for and against the proposal does not approve the proposal,
the same or a similar proposal may not be submitted to the voters of the city for at least four
years from the date of the election at which the proposal was defeated.

388.2A Procedure for disposal of city utility by sale.
1. A proposal to discontinue a city utility and dispose of such utility by sale, whether upon
the council’s own motion or upon the receipt of a valid petition pursuant to section 388.2,
subsection 1, paragraph “b”, shall not be submitted to the voters of the city pursuant to section
388.2 at any election unless the governing body of the city utility meets the requirements of
this section.
2. a. (1) The governing body of the city utility shall determine the fair market value
of the utility system after obtaining two appraisals of the system’s fair market value. One
appraisal shall be obtained from an independent appraiser selected by the governing body,
and the other appraisal shall be obtained from an independent appraiser approved by the
Iowa utilities board. Both appraisals shall be conducted in conformance with the uniform
standards of professional appraisal practice or substantially similar standards.
(2) Any appraisal obtained pursuant to this paragraph shall consider the depreciated value
of the capital assets to be sold, the loss of future revenues to the city utility, including the
right to generate surpluses, and the cost of any capital improvements reasonably necessary
to provide adequate service and facilities to the city utility’s customers.

b. After considering the appraisals obtained pursuant to paragraph “a”, the governing
body shall establish the city utility’s fair market value. The fair market value shall be the
greater of any of the following:
(1) The average of the two appraisals obtained pursuant to paragraph “a”.
(2) The depreciated value of the capital assets to be sold.
(3) The amount necessary to retire all of the city’s outstanding revenue and general
obligations issued for purposes of the city utility.

c. The governing body’s determination of a city utility’s fair market value pursuant to this
subsection shall not be dispositive of the city utility’s system price, which shall be subject to
negotiation by the governing body.

d. The governing body shall prepare an inventory of the city utility’s real and personal
property, and a statement of net position or balance sheet of the city utility, including all
assets, liabilities, outstanding revenue and general obligations used to finance the city utility
system.

e. The governing body shall prepare a financial information statement of the city utility
that includes current and projected rate schedules for the next five fiscal years, as well as the
five most recent fiscal year revenue statements, if such statements exist, and a projection of
the city utility’s revenue statements for the next five fiscal years.

f. The governing body shall consider alternatives to disposing of the city utility system
by sale, including entering into an agreement pursuant to chapter 28E, or into a finance
agreement, purchase agreement, or lease agreement with another entity described in section
476.1, subsection 4.

g. (1) The governing body shall make available on its internet site, at least sixty days prior
to submitting a proposal for election pursuant to section 388.2, a copy of each item listed in
paragraphs “a” through “f” of this subsection.
(2) If, at the time of posting information pursuant to subparagraph (1), the governing body
has received any offers or appraisals of fair market value from any prospective purchasers of
§388.2A, CITY UTILITIES

the city utility system in connection with a proposal to discontinue the city utility and dispose of such utility by sale, then the governing body shall make available on its internet site each offer and appraisal then in existence. Proprietary information of a rate-regulated public utility under chapter 476 that is exempt from disclosure pursuant to section 22.7 may be withheld from disclosure on the governing body’s internet site. The governing body may continue to receive new or revised offers or appraisals thereafter.

(3) The governing body shall make a good-faith effort to provide, by regular mail to each property owner of the city and each ratepayer of the city utility, a notice of the proposal to dispose of the city utility by sale, a summary of the proposal, a summary of the information described in subparagraphs (1) and (2), and instructions for locating the information described in subparagraphs (1) and (2) on the governing body’s internet site.

3. Upon the governing body meeting the requirements of subsection 2, a city council may submit a proposal to discontinue and dispose of a city utility pursuant to section 388.2.

4. If a proposal to discontinue and dispose of a city utility is to be submitted to voters following the receipt of a valid petition pursuant to section 388.2, subsection 1, paragraph “b”, the council shall submit the proposal at the next general election, regular city election, or a special election called for that purpose, within one hundred twenty days after the governing body of the city utility meets the requirements of subsection 2.

5. A proposal to discontinue and dispose of a city utility by sale that is approved by the voters pursuant to section 388.2, subsection 2, paragraph “a”, shall not require the governing body or any purchasing entity to finalize a sale of the city utility.

6. No action may be brought which questions the legality of the election or the city and governing body’s compliance with this section, except as provided in section 57.1, within twenty days of the canvass of votes for the election by the county board of supervisors.

388.3 Procedure upon approval.
If a proposal to establish a utility board receives a favorable majority vote, the mayor shall appoint the board members, as provided in the proposal, subject to the approval of the council. The council shall by resolution provide for staggered six-year terms for, and shall set the compensation of, board members.

A board member appointed to fill a vacancy occurring by reason other than the expiration of a term is appointed for the balance of the unexpired term.

388.4 Utility board.
The title of a utility board must be appropriate to the city utility, city utilities, or combined utility system administered by the board. A utility board may be a party to legal action. A utility board may exercise all powers of a city in relation to the city utility, city utilities, or combined utility system it administers, with the following exceptions:

1. A board may not certify taxes to be levied, pass ordinances or amendments, or issue general obligation or special assessment bonds.

2. The title to all property of a city utility or combined utility system must be held in the name of the city, but the utility board has all the powers and authorities of the city with respect to the acquisition by purchase, condemnation, or otherwise, lease, sale, or other disposition of such property, and the management, control, and operation of the same, subject to the requirements, terms, covenants, conditions, and provisions of any resolutions authorizing the issuance of revenue bonds, pledge orders, or other obligations which are payable from the revenues of the city utility or combined utility system, and which are then outstanding.

3. A board shall make to the council a detailed annual report, including a complete financial statement.
4. Immediately following a regular or special meeting of a utility board, the secretary shall prepare a condensed statement of the proceedings of the board and cause the statement to be published in a newspaper of general circulation in the city. The statement must include a list of all claims allowed, showing the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. If the reason for the claims is the same, two or more claims made by the same vendor, supplier, or claimant may be consolidated if the number of claims consolidated and the total consolidated claim amount are listed in the statement. However, the utility board shall provide at its office upon request an unconsolidated list of all claims allowed. Salary claims must show the gross amount of the claim except that salaries paid to persons regularly employed by the utility, for services regularly performed by them, must be published once annually showing the gross amount of the salary. In cities having more than one hundred fifty thousand population, the utility board shall each month prepare in pamphlet form the statement herein required for the preceding month and furnish copies to the city library, the daily newspapers of the city, the city clerk, and to persons who apply at the office of the secretary, and the pamphlet shall constitute publication as required. Failure by the secretary to make publication is a simple misdemeanor.

388.9 Competitive information.
1. Notwithstanding section 21.5, subsection 1, the governing body of a city utility or combined utility system, or a city enterprise or combined city enterprise as defined in section 384.80, by a vote of two-thirds of the members of the body or all of the members present
at the meeting, may hold a closed session to discuss marketing and pricing strategies or proprietary information if its competitive position would be harmed by public disclosure not required of potential or actual competitors, and if no public purpose would be served by such disclosure. The minutes and a tape recording of a session closed under this subsection shall be available for public examination at that point in time when the public disclosure would no longer harm the utility’s competitive position.

2. a. Notwithstanding section 22.2, subsection 1, public records of a city utility or combined utility system, or a city enterprise or combined city enterprise as defined in section 384.80, which shall not be examined or copied as of right, include proprietary information, records of customer names and accounts, records associated with marketing or pricing strategies, preliminary working papers, spreadsheet scenarios, and cost data, if the competitive position of the city utility, combined utility system, city enterprise, or combined city enterprise would be harmed by public disclosure not required of a potential or actual competitor, and if no public purpose would be served by such disclosure. A public record not subject to examination or copying under this subsection shall be available for public examination and copying at that point in time when public disclosure would no longer harm the competitive position of the city utility, combined utility system, city enterprise, or combined city enterprise.

b. For purposes of this subsection, “proprietary information” includes customer records that if disclosed would harm the competitive position of a customer; or information required by a noncustomer contracting party to be kept confidential pursuant to a nondisclosure agreement which relates to electric transmission planning and construction, critical energy infrastructure, an ownership interest or acquisition of an ownership interest in an electric generating facility, or other information made confidential by law or rule.

388.10 Municipal utility providing telecommunications services.
1. a. A city that owns or operates a municipal utility providing telecommunications services or such a municipal utility shall not do, directly or indirectly, any of the following:

(1) Use general fund moneys for the ongoing support or subsidy of a telecommunications system.

(2) Provide any city facilities, equipment, or services to provide telecommunications systems or services at a cost for such facilities, equipment, or services which is less than the reasonable cost of providing such city facilities, equipment, or services.

(3) Provide any other city service, other than a communications service, to a telecommunications customer at a cost which is less than would be paid by the same person receiving such other city service if the person was not a telecommunications customer.

(4) Use funds or revenue generated from electric, gas, water, sewage, or garbage services provided by the city for the ongoing support of any city telecommunications system.

b. For purposes of this section:

(1) “Telecommunications system” means a system that provides telecommunications services.

(2) “Telecommunications services” means the retail provision of any of the following services:

(a) Local exchange telephone services.

(b) Long distance telephone services.
(c) Internet access services.
(d) Cable television services.

2. A city that owns or operates a municipal utility providing telecommunications services or such a municipal utility shall do the following:
   a. Prepare and maintain records which record the full cost accounting of providing telecommunications services. The records shall show the amount and source of capital for initial construction or acquisition of the telecommunications system or facilities. The records shall be public records subject to the requirements of chapter 22. Information in the records that is not subject to examination or copying as provided in section 388.9, subsection 2, may be expunged from the records prior to public disclosure. This section shall not prohibit a municipal utility from utilizing capital from any lawful source, provided that the reasonable cost of such capital is accounted for as a cost of providing the service. In accounting for the cost of use of any city employees, facilities, equipment, or services, a city or municipal utility may make a reasonable allocation of the cost of use of any city employees, facilities, equipment, or services used by the municipal utility based upon reasonable criteria for the distribution of the cost of use in any manner which is not inconsistent with generally accepted accounting principles.
   b. Adopt rates for the provision of telecommunications services that reflect the actual cost of providing the telecommunications services. However, this paragraph shall not prohibit the municipal utility from establishing market-based prices for competitive telecommunications services.
   c. Be subject to all requirements of the city which would apply to any other provider of telecommunications services in the same manner as such requirements would apply to such other provider. For purposes of cable television services, a city that is in compliance with section 364.3, subsection 7, shall be considered in compliance with this paragraph.
   d. Make an annual certification of compliance with this section. For any year in which the city or municipal utility is not audited in accordance with section 11.6, the city or municipal utility shall contract with or employ the auditor of state or a certified public accountant certified in the state of Iowa to attest to the certification. The attestation report shall be a public record for purposes of chapter 22.

3. This section shall not prohibit the marketing or bundling of other products or services, in addition to telecommunications services. However, a city shall include on a billing statement sent to a person receiving services from the city, a separate charge for each service provided to the person. This subsection does not prohibit the city from also including on the billing statement a total amount to be paid by the person.

4. This section shall not apply to telecommunications services provided directly by a municipal airport.

388.11 Liability within two miles.
A city or city utility providing water service within two miles of the limits of the city shall not be liable for a claim for failure to provide or maintain hydrants, facilities, or an adequate supply of water or water pressure for fire protection purposes in the area receiving water service if such hydrants, facilities, or water are not intended to be used for fire protection purposes.

CHAPTER 389
JOINT WATER UTILITIES

389.1 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Joint water utility” means a water utility established by two or more cities which owns or operates or proposes to finance the purchase or construction of all or part of a water supply system or the capacity or use of a water supply system pursuant to this chapter. A water supply system includes all land, easements, rights-of-way, fixtures, equipment, accessories, improvements, appurtenances, and other property necessary or useful for the operation of the system.
2. “Joint water utility board” means the board of trustees established to operate a joint water utility.
3. “Project” means any works or facilities useful or necessary for the operation of a joint water utility.
91 Acts, ch 168, §2

389.2 Submission to voters.
A joint water utility may be established by two or more cities. A proposal to establish a joint water utility or to join an existing joint water utility may be submitted to the voters of a city by the city council upon its own motion, or upon receipt of a valid petition pursuant to section 362.4.
1. If the proposal is to establish a joint water utility, the proposal shall be submitted to the voters of each city proposing to establish the joint water utility. If a majority of the electorate in each of at least two cities approves the proposal, the cities approving the proposal may establish a joint water utility.
2. If the proposal is to join an existing joint water utility, the proposal must first be submitted to the joint water utility board for its approval. If the proposal is approved by the board, the proposal shall be submitted to the electorate of the city wishing to join. The proposal must receive a majority affirmative vote for passage.

agency, or an entity created to carry out an agreement authorizing the joint exercise of any of the governmental powers enumerated in section 28F.1. The board may contract for the purchase, from any source, of all or a portion of the water supply requirements of the joint water facility. A contract may include provisions for the payment for capacity or output of a facility whether the facility is completed or operating, and for establishing the rights and obligations of the parties to the contract in the event of a default by any of the parties.

4. Payments made by a joint water utility pursuant to a contract shall constitute operating expenses of the joint water utility and shall be payable from the revenues derived from the operation of the joint water utility.

389.4 Financing.
A joint water utility may finance projects pursuant to chapter 28F. A city may finance its share of the cost of a project by the use of any method of financing available for city utilities, including but not limited to sections 384.23 through 384.36 and sections 384.80 through 384.94.

If a project is financed by a joint water utility, revenues derived from the project shall be deemed to be revenues of the joint water utility for all purposes including the issuance and payment of bonds secured by or payable from the revenues of the joint water utility. If a project is financed by member cities of a joint water utility, the revenues derived from the project shall be deemed to be revenues of the city or city utility for all purposes including the issuance and payment of bonds secured by or payable from the revenues of the city or city utility.

#### 390.2 Additional power.
In addition to other powers conferred by the Constitution and laws of this state, any city having established a utility which operates an existing electric generating facility or distribution system may enter into and carry out joint agreements with other participants for the acquisition of ownership of an undivided interest in a joint facility and for the planning, financing, operation and maintenance of the joint facility.

[C75, 77, 79, 81, §390.2]
390.3 Hearing — exception to general statutes.
Before a city may enter into or amend a joint agreement, the governing body shall adopt a proposed form of agreement and give notice and conduct a public hearing on the agreement in the manner provided by sections 73A.1 to 73A.11, which action shall be subject to appeal as provided in chapter 73A.

However, in the performance of a joint agreement, the governing body is not subject to statutes generally applicable to public contracts, including hearings on plans, specifications, form of contracts, costs, notice and competitive bidding required under chapter 26 and section 384.103, unless all parties to the joint agreement are cities located within the state of Iowa.

390.4 Undivided joint interest.
In substance, a joint agreement shall:
1. Provide that each participant shall own an undivided interest in the joint facility, the interest being equal to the percentage of the money furnished, value of property furnished, or services rendered by each participant toward the total cost of the joint facility, and that each participant shall own and control a like percentage of the output of the joint facility.
2. Provide that each participant shall undertake to finance its portion of the cost of planning, acquisition, operation, and maintenance of the joint facility.
3. Provide that each participant in the ownership of the joint facility shall bear all taxes, if any, chargeable to its ownership of the joint facility under statutes now or hereafter in effect.
4. Provide for the planning, financing, acquisition, operation and maintenance of the joint facility, or for any one or more of said purposes, including the cost to be contributed by each participant.
5. Provide for a uniform method of determining and allocating operation and maintenance expenses of the joint facility.
6. Provide that a participant may be liable only for its own acts with regard to the joint facility, or as principal for the acts of the manager in proportion to its percentage of ownership, and shall not be jointly or severally liable for the acts, omissions or obligations of other participants.
7. Provide that the undivided interest of a participant in the joint facility may not be charged directly or indirectly with a debt or obligation of another participant or be subject to any lien as a result thereof.
8. Provide for the management and operation of the affairs of the joint facility, and the indemnification of the manager, which may include a provision that the joint facility shall be managed and operated by one or more of the participants.
9. Provide that no participant may withdraw from the joint agreement during its duration so long as obligations payable in whole or in part from revenues derived from the operation of the joint facility, and issued by a city, are outstanding, unless prior consent is first granted by each of the other participants either in the joint agreement or otherwise.
10. Provide for the method to be employed in accomplishing the partial or complete termination of the agreement and for disposing of property and assets upon partial or complete termination. The provisions of the joint agreement for disposition of the joint facilities shall not be subject to the statutes limiting or prescribing procedure for the sale of city-owned properties.
11. Provide for the duration of the agreement. An agreement authorized by this chapter shall not be limited as to period of existence, except as may be limited by the terms of the agreement itself.
12. Include other provisions as the parties may deem necessary or appropriate with respect to the conduct of the participants, the operation or ownership of the joint facility, or the settlement of disputes.

[C75, 77, 79, 81, §390.4]
390.5 Financing.
A city may finance its share of the cost of a joint facility by the use of any method of financing available for city utilities under the statutes of this state, for the financing of electric generation or transmission facilities to be owned by a city in their entirety, including but not limited to the provisions of chapters 397 and 407, Code 1973, and sections 384.23 to 384.36 and sections 384.80 to 384.94 as applicable. Revenues derived by a city utility from its share of ownership or operation of a joint facility shall be deemed to be revenues of the city utility for all purposes including the issuance and payment of bonds secured by or payable from the revenues of a city utility. A joint agreement shall be deemed payable from revenues or revenue bonds of a city utility in the absence of provision to the contrary or a referendum approving the issuance of general obligation bonds.

[C75, 77, 79, 81, §390.5]

390.6 Construction.
This chapter being necessary for the public health, public safety and general welfare, shall be liberally construed to effectuate its purposes. This chapter shall be construed as providing a separate and independent method for accomplishing its purposes, and except as provided or necessarily implied shall not be construed as subject to or an amendment of any other law. In particular, without limiting the generality of the foregoing, no restrictions or requirements contained in this chapter shall be construed as applying to bonds issued pursuant to the provisions of chapter 419. Nothing contained in this chapter shall be construed to limit the powers and authority of privately owned utility companies or electric cooperatives under any other law.

[C75, 77, 79, 81, §390.6]

390.7 Construction of amendments.
The provisions of 1975 Iowa Acts, ch. 199, are retroactive in application to all joint agreements entered into and executed prior to July 1, 1975, under this chapter, on behalf of cities which, on the date of executing the agreements, operated existing electric generating or distribution facilities. However, all such joint agreements which complied with the provisions of this chapter prior to amendment by 1975 Iowa Acts, ch. 199, are also in full force and effect according to their terms, and are not rendered invalid in any respect by any provision of 1975 Iowa Acts, ch. 199.

[C77, 79, 81, §390.7]

390.8 Equity investment in independent transmission company.
In addition to the powers conferred upon a city elsewhere in this chapter, any city operating a city electric utility on January 1, 2003, may enter into agreements with and acquire equity interests in independent transmission companies or similar independent transmission entities in which they are participating that are approved by the federal energy regulatory commission. The purpose of such equity investments shall be to mitigate expenses incurred by the city electric utility due to its procurement of electric transmission service or to otherwise facilitate investment in transmission facilities and shall not be for general city or city utility investment purposes.

2003 Acts, ch 116, §1

390.8A Transmission facility ownership.
In addition to the powers conferred upon a city or electric power agency elsewhere in this chapter, a city or electric power agency may acquire ownership interest in a transmission facility, including ownership of the capacity of such facility, within this state or in any other state for the purpose of participating with other utilities in transmission to be operated by a regional transmission organization or an independent transmission operator approved by the federal energy regulatory commission. For purposes of this section, “electric power agency” means the same as defined in section 390.9.

member is absent for four consecutive regular board meetings, without prior excuse, or fails
to comply with more stringent attendance requirements for regular board meetings included
in the bylaws governing the board, the member’s position shall be declared vacant and filled
as set out in this paragraph.

4. A trustee shall not receive any compensation for services performed under this chapter,

An applicant shall not be discriminated against on the basis of height, weight, sex, or race in determining physical or mental ability of the applicant. Reasonable rules relating to strength, agility, and general health of applicants shall be prescribed. The costs of the physical examination required under this subsection shall be paid from the trust and agency fund of the city.
2. The commission shall establish the guidelines for conducting the examinations under subsection 1 of this section. It may prepare and administer the examinations or may hire persons with expertise to do so if the commission approves the examinations. It may also hire persons with expertise to consult in the preparation of such examinations if the persons so hired are employed to aid personnel of the commission in assuring that a fair examination is conducted. A fair examination shall explore the competence of the applicant in the particular field of examination.
3. All appointments to such positions shall be conditional upon a probation period of not to exceed six months, and in the case of police dispatchers and fire fighters a probation period not to exceed twelve months. If the employee has not successfully completed training at the Iowa law enforcement academy or another training facility certified by the director of the law enforcement academy before initial appointment as a police patrol officer, the probationary period shall commence with the date of initial employment as a police patrol officer and shall continue for a period of up to nine months following the date of successful completion of training at the Iowa law enforcement academy or another training facility certified by the director of the Iowa law enforcement academy. A police patrol officer transferring employment from one jurisdiction to another shall be employed subject to a probationary period of up to nine months. However, in cities with a population over one hundred seventy-five thousand, appointments to the position of fire fighter shall be conditional upon a probation period of not to exceed twenty-four months. During the probation period, the appointee may be removed or discharged from such position by the appointing person or body without the right of appeal to the commission. A person removed or discharged during a probationary period shall, at the time of discharge, be given a notice in writing stating the reason or reasons for the dismissal. A copy of such notice shall be promptly filed with the commission. Continuance in the position after the expiration of such probationary period shall constitute a permanent appointment.

400.8A Guidelines for ongoing fitness for police officers and fire fighters.

The board of trustees of the fire and police retirement system established by section 411.5, in consultation with the medical board established in section 411.5, shall establish and maintain protocols and guidelines for ongoing wellness and fitness for police officers and fire fighters while in service. The board of trustees may change the protocols and guidelines at any time the board so determines. However, the protocols and guidelines shall not be applied to members of a police or fire department of a city who are covered by chapter 20 except through the collective bargaining process as provided under chapter 20. The medical board established in section 411.5 shall provide to cities and fire and police departments assistance regarding the possible implementation and operation of the protocols and guidelines for ongoing wellness and fitness provided by this section. For purposes of this section, “wellness and fitness” means the process by which police officers and fire fighters maintain fitness for duty.

400.9 Promotional examinations and procedures.

1. The commission shall, at such times as shall be found necessary, under such rules as shall be prescribed and published in advance by the commission, and posted in the city hall, hold competitive promotional examinations for the purpose of determining the qualifications of applicants for promotion to a higher grade under civil service, which examinations shall be practical in character, and shall relate to such matters as will fairly test the ability of the applicant to discharge the duties of the position to which the applicant seeks promotion.

2. The commission shall establish guidelines for conducting the examinations under subsection 1. It may prepare and administer the examinations or may hire persons with expertise to do so if the commission approves the examinations and if the examinations apply to the position in the city for which the applicant is taking the examination. It may also hire persons with expertise to consult in the preparation of such examinations if the
persons so hired are employed to aid personnel of the commission in assuring that a fair examination is conducted. A fair examination shall explore the competence of the applicant in the particular field of examination. The names of persons approved to administer any examination under this section shall be posted in the city hall at least twenty-four hours prior to the examination.

3. Vacancies in civil service promotional grades shall be filled by lateral transfer, voluntary demotion, or promotion of employees of the city to the extent that the city employees qualify for the positions. When laterally transferred, voluntarily demoted, or promoted, an employee shall hold full civil service rights in the position. If an employee of the city does not pass the promotional examination and otherwise qualify for a vacated position, or if an employee of the city does not apply for a vacated position, an entrance examination may be used to fill the vacancy.

4. If there is a certified list of qualified candidates for a promotional appointment, the following procedures shall be followed:
   a. A publication stating that interviews are being scheduled to make a new certified list to fill a vacancy in a civil service promotional grade classification shall be posted for at least five working days before the closing date for the interviews in the same locations where examination notices are posted.
   b. An employee who wishes to voluntarily demote or to laterally transfer into a vacancy and has previously been or is currently in the classification where the vacancy exists, shall notify the civil service commission of the employee’s interest in the vacant position. The employee shall be added to the list of candidates to be interviewed and considered for the vacancy.

5. If there is no certified list of qualified candidates for a promotional appointment, the following procedures shall be followed:
   a. When an examination announcement is posted to make a certified list of qualified candidates, the announcement shall also state that an employee who has been or is currently employed in the classification where the vacancy exists, may notify the civil service commission of the employee’s interest in the vacant position. Upon notification, the employee shall be added to the list of candidates for an interview and consideration for the vacant position.
   b. All civil service employees of a city who meet the minimum qualifications for a classification, shall have the right to compete in the civil service examination process to establish a certified list of qualified candidates.

400.10 Preferences.
1. In all examinations and appointments under this chapter, other than promotions and appointments of chief of the police department and chief of the fire department, veterans who are citizens and residents of the United States, shall have five percentage points added to the veteran’s grade or score attained in qualifying examinations for appointment to positions and five additional percentage points added to the grade or score if the veteran has a service-connected disability or is receiving compensation, disability benefits, or pension under laws administered by the United States department of veterans affairs. An honorably discharged veteran who has been awarded the Purple Heart incurred in action shall be considered to have a service-connected disability. However, the percentage points shall be given only upon passing the exam and shall not be the determining factor in passing. Veteran’s preference percentage points shall be applied once to the final scores used to rank applicants for selection for an interview. For purposes of this section, “veteran” means as defined in section 35.1 except that the requirement that the person be a resident of this state shall not apply.

2. If a veteran entitled to preference pursuant to this section has been honorably discharged between forty-five days before and sixty days after an examination is administered pursuant to section 400.8, the commission may allow the veteran to be
subject to examination up to ninety days following the date the original examination was administered and if appropriate shall add the veteran’s name to the list for original appointment pursuant to section 400.11, subsection 1.

400.11 Names certified — temporary appointment.

1. a. The commission, within one hundred eighty days after the beginning of each competitive examination for original appointment, shall certify to the city council a list of the names of forty persons, or a lesser number as determined by the commission, who qualify with the highest standing as a result of each examination for the position they seek to fill, or the number which have qualified if less than forty, in the order of their standing, and all newly created offices or other vacancies in positions under civil service which occur before the beginning of the next examination for the positions shall be filled from the lists, or from the preferred list existing as provided for in case of diminution of employees, within thirty days. If a tie occurs in the examination scores which would qualify persons for the last position on the list, the list of the names of the persons who qualify with the highest standing as a result of each examination shall include all persons who qualify for the last position. Preference for temporary service in civil service positions shall be given those on the lists. However, the commission may certify a list of names eligible for appointment subject to successfully completing a medical examination. The medical examination shall be provided pursuant to commission rules adopted under section 400.8.

b. The commission may hold in reserve, for original appointments, additional lists of forty persons, each next highest in standing, in order of their grade, or such number as may qualify if less than forty. If the list of up to forty persons provided in the first paragraph is exhausted within one year, the commission may certify such additional lists of up to forty persons each, in order of their standing, to the council as eligible for appointment to fill such vacancies as may exist.

2. a. The commission, within ninety days after the beginning of each competitive examination for promotion, shall certify to the city council a list of names of the ten persons who qualify with the highest standing as a result of each examination for the position the persons seek to fill, or the number which have qualified if less than ten, in the order of their standing and all newly created offices or other vacancies in positions under civil service which occur before the beginning of the next examination for the positions shall be filled from the lists, or from the preferred list existing as provided for in the case of diminution of employees, within thirty days. If a tie occurs in the examination scores which would qualify persons for the tenth position on the list, the list of names of the persons who qualify with the highest standing as a result of each examination shall include all persons who qualify for the tenth position.

b. Except where the preferred list exists, persons on the certified eligible list for promotion shall hold preference for promotion for two years following the date of certification, except for certified eligible lists of fire fighters as defined in section 411.1, subsection 10, which lists shall hold preference for three years upon approval of the commission, after which the lists shall be canceled and promotion to the grade shall not be made until a new list has been certified eligible for promotion.

3. When there is no such preferred list or certified eligible list, or when the eligible list shall be exhausted, the person or body having the appointing power may temporarily fill a newly created office or other vacancy only until an examination can be held and the names of qualified persons be certified by the commission, and such temporary appointments are hereby limited to ninety days for any one person in the same vacancy, but such limitation shall not apply to persons temporarily acting in positions regularly held by another. A temporary appointment to a position regularly held by another shall, whenever possible, be
made according to the certified eligible list. Any person temporarily filling a vacancy in a position of higher grade for twenty days or more, shall receive the salary paid in such higher grade.

§400.12 Seniority — extinguishment — reestablishment.

1. For the purpose of determining the seniority rights of civil service employees, seniority shall be computed, beginning with the date of appointment to or employment in any positions for which they were certified or otherwise qualified and established as provided in this chapter, but shall not include any period of time exceeding sixty days in any one year during which they were not employed by the city except for disability.

2. In the event that a civil service employee has more than one classification or grade, the length of the employee's seniority rights shall date in the respective classifications or grades from and after the time the employee was appointed to or began employment in each classification or grade. In the event that an employee has been promoted from one classification or grade to another, the employee's civil service seniority rights shall be continuous in any department grade or classification that the employee formerly held.

3. A list of all civil service employees shall be prepared and posted in the city hall by the civil service commission on or before July 1 of each year, indicating the civil service standing of each employee as to the employee's seniority.

4. Unless otherwise provided in a collective bargaining agreement, a city council may extinguish the seniority rights, including but not limited to seniority accrued, provided pursuant to this section to all civil service employees who are not employed or appointed as a fire fighter or police officer, fire chief or police chief, or assistant fire chief or assistant police chief. A city council may subsequently reestablish seniority rights extinguished pursuant to this section for all employees who are not employed or appointed as a fire fighter or police officer, fire chief or police chief, or assistant fire chief or assistant police chief. Seniority rights reestablished in this way may include, but are not required to include, accrual of seniority for employment prior to the reestablishment of such rights.

Such person shall also transfer the number of years served as seniority toward other benefits provided by the city which hires the person. If a chief of a police or fire department is relieved of that position, the person shall be entitled to remain in the department for which the person was chief at a position commensurate with the person's civil service status, even

POLICY, PLAN, AND MUNICIPAL AUTHORITY

403.1 Title.
This chapter shall be known and may be cited as the “Urban Renewal Law”.  
[C58, 62, 66, 71, 73, 75, 77, 79, 81, §403.1]

403.2 Declaration of policy.
1. It is hereby found and declared that there exist in municipalities of the state slum and blighted areas, as herein defined, which constitute a serious and growing menace, injurious to the public health, safety, morals and welfare of the residents of the state; that the existence of such areas contributes substantially and increasingly to the spread of disease and crime, constitutes an economic and social liability imposing onerous municipal burdens which decrease the tax base and reduce tax revenues, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of slums and blighted areas is a matter of state policy and state concern in order that the state and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency and consume an excessive proportion of state revenues because of the extra services required for police, fire, accident, hospitalization and other forms of public protection, services and facilities.

2. It is further found and declared that certain slum or blighted areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by conservation or rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of conservation or rehabilitation in such a
manner that the conditions and evils hereinbefore enumerated may be eliminated, remedied or prevented; and that fringe areas can be conserved and rehabilitated through appropriate public action as herein authorized, and through the cooperation and voluntary action of the owners and tenants of property in such areas.

3. It is further found and declared that there exists in this state the continuing need for programs to alleviate and prevent conditions of unemployment and a shortage of housing; and that it is accordingly necessary to assist and retain local industries and commercial enterprises to strengthen and revitalize the economy of this state and its municipalities; that accordingly it is necessary to provide means and methods for the encouragement and assistance of industrial and commercial enterprises in locating, purchasing, constructing, reconstructing, modernizing, improving, maintaining, repairing, furnishing, equipping, and expanding in this state and its municipalities, for the provision of public improvements related to housing and residential development, and for the construction of housing for low and moderate income families; that accordingly it is necessary to authorize local governing bodies to designate areas of a municipality as economic development areas for commercial and industrial enterprises, public improvements related to housing and residential development, or construction of housing for low and moderate income families; and that it is also necessary to encourage the location and expansion of commercial enterprises to more conveniently provide needed services and facilities of the commercial enterprises to municipalities and the residents of the municipalities. Therefore, the powers granted in this chapter constitute the performance of essential public purposes for this state and its municipalities.

4. It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and for which the power of eminent domain, to the extent authorized, and police power exercised; and that the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination.

403.3 Municipal program.

The local governing body of a municipality may formulate for the municipality a workable program for utilizing appropriate private and public resources to eliminate slums and prevent the development or spread of slums and urban blight and to encourage needed urban rehabilitation. Such workable program may include, without limitation, provisions for:

1. The prevention of the spread of blight into areas of the municipality which are free from blight, through diligent enforcement of housing, zoning and occupancy controls and standards.

2. The rehabilitation or conservation of slum or blighted areas or portions thereof by replanning, by removing congestion, by providing parks, playgrounds and other public improvements, by encouraging voluntary rehabilitation and by compelling the repair and rehabilitation of deteriorated or deteriorating structures.

3. The clearance of slum and blighted areas or portions thereof.

4. The redevelopment of slum and blighted areas by approval of urban renewal plans.

Referred to in §403.14

403.4 Resolution of necessity.

No municipality shall exercise the authority herein conferred upon municipalities by this chapter until after its local governing body shall have adopted a resolution finding that:

1. One or more slum, blighted or economic development areas exist in the municipality.

2. The rehabilitation, conservation, redevelopment, development, or a combination

thereof, of the area is necessary in the interest of the public health, safety, or welfare of the residents of the municipality.

403.5 Urban renewal plan.

1. A municipality shall not approve an urban renewal project for an urban renewal area unless the governing body has, by resolution, determined the area to be a slum area, blighted area, economic development area or a combination of those areas, and designated the area as appropriate for an urban renewal project. The local governing body shall not approve an urban renewal plan until a general plan for the municipality has been prepared. For this purpose and other municipal purposes, authority is vested in every municipality to prepare, to adopt and to revise from time to time, a general plan for the physical development of the municipality as a whole, giving due regard to the environs and metropolitan surroundings. A municipality shall not acquire real property for an urban renewal project unless the local governing body has approved the urban renewal project in accordance with subsection 4.

2. a. The municipality may itself prepare or cause to be prepared an urban renewal plan; or any person or agency, public or private, may submit such a plan to a municipality. Prior to its approval of an urban renewal plan, the local governing body shall submit such plan to the planning commission of the municipality, if any, for review and recommendations as to its conformity with the general plan for the development of the municipality as a whole. The planning commission shall submit its written recommendations with respect to the proposed urban renewal plan to the local governing body within thirty days after receipt of the plan for review. Upon receipt of the recommendations of the planning commission or, if no recommendations are received within the thirty days, then, without such recommendations, the local governing body may proceed with the hearing on the proposed urban renewal plan prescribed by subsection 3.

b. (1) Prior to its approval of an urban renewal plan which provides for a division of revenue pursuant to section 403.19, the municipality shall mail the proposed plan by regular mail to the affected taxing entities. The municipality shall include with the proposed plan notification of a consultation to be held between the municipality and affected taxing entities prior to the public hearing on the urban renewal plan. If the proposed urban renewal plan or proposed urban renewal project within the urban renewal area includes the use of taxes resulting from a division of revenue under section 403.19 for a public building, including but not limited to a police station, fire station, administration building, swimming pool, hospital, library, recreational building, city hall, or other public building that is exempt from taxation, including the grounds of, and the erection, equipment, remodeling, or reconstruction of, and additions or extensions to, such a building, the municipality shall include with the proposed plan notification an analysis of alternative development options and funding for the urban renewal area or urban renewal project and the reasons such options would be less feasible than the proposed urban renewal plan or proposed urban renewal project. A copy of the analysis required in this subparagraph shall be included with the urban renewal report required under section 331.403 or 384.22, as applicable, and filed by December 1 following adoption of the urban renewal plan or project.

(2) Each affected taxing entity may appoint a representative to attend the consultation. The consultation may include a discussion of the estimated growth in valuation of taxable property included in the proposed urban renewal area, the fiscal impact of the division of revenue on the affected taxing entities, the estimated impact on the provision of services by each of the affected taxing entities in the proposed urban renewal area, and the duration of any bond issuance included in the plan. The designated representative of the affected taxing entity may make written recommendations for modification to the proposed division of revenue no later than seven days following the date of the consultation. The representative of the municipality shall, no later than seven days prior to the public hearing on the urban renewal plan, submit a written response to the affected taxing entity addressing the recommendations for modification to the proposed division of revenue.
3. The local governing body shall hold a public hearing on an urban renewal plan after public notice thereof by publication in a newspaper having a general circulation in the area of operation of the municipality. The notice shall describe the time, date, place and purpose of the hearing, shall generally identify the urban renewal area covered by the plan, and shall outline the general scope of the urban renewal activities under consideration. A copy of the notice shall be sent by ordinary mail to each affected taxing entity.

4. Following such hearing, the local governing body may approve an urban renewal plan if it finds that:

(a) A feasible method exists for the location of families who will be displaced from the urban renewal area into decent, safe and sanitary dwelling accommodations within their means and without undue hardship to such families.

(b) (1) The urban renewal plan conforms to the general plan of the municipality as a whole; provided, that if the urban renewal area consists of an area of open land to be acquired by the municipality, such area shall not be so acquired except:

(a) If it is to be developed for residential uses, the local governing body shall determine that a shortage of housing of sound standards and design with decency, safety, and sanitation exists in the municipality; that the acquisition of the area for residential uses is an integral part of and essential to the program of the municipality; and that one or more of the following conditions exist:

(i) That the need for housing accommodations has been or will be increased as a result of the clearance of slums in other areas, including other portions of the urban renewal area.

(ii) That conditions of blight in the municipality and the shortage of decent, safe, and sanitary housing cause or contribute to an increase in and spread of disease and crime, so as to constitute a menace to the public health, safety, morals, or welfare.

(iii) That the provision of public improvements related to housing and residential development will encourage housing and residential development which is necessary to encourage the retention or relocation of industrial and commercial enterprises in this state and its municipalities.

(iv) The acquisition of the area is necessary to provide for the construction of housing for low and moderate income families.

(b) If it is to be developed for nonresidential uses, the local governing body shall determine that such nonresidential uses are necessary and appropriate to facilitate the proper growth and development of the community in accordance with sound planning standards and local community objectives.

(2) The acquisition of open land authorized in subparagraph (1), subparagraph divisions (a) and (b) may require the exercise of governmental action, as provided in this chapter, because of defective or unusual conditions of title, diversity of ownership, tax delinquency, improper subdivisions, outmoded street patterns, deterioration of site, economic disuse, unsuitable topography or faulty lot layouts, or because of the need for the correlation of the area with other areas of a municipality by streets and modern traffic requirements, or any combination of such factors or other conditions which retard development of the area. If such governmental action involves the exercise of eminent domain authority, the municipality is subject to the limitations of this chapter and chapters 6A and 6B.

5. a. Except as otherwise provided in this subsection, an urban renewal plan may be modified at any time. However, if the urban renewal plan is modified after the lease or sale by the municipality of real property in the urban renewal project area, such modification may be conditioned upon such approval of the owner, lessee, or successor in interest as the municipality may deem advisable, and in any event such modification shall be subject to such rights at law or in equity as a lessee or purchaser, or a lessee’s or purchaser’s successor or successors in interest, may be entitled to assert.

b. A municipality shall not approve an urban renewal project for an urban renewal area unless the governing body has amended or modified the adopted urban renewal plan to include the urban renewal project.

c. The municipality shall comply with the notification, consultation, and hearing process provided in this section prior to the approval of any amendment or modification to an adopted urban renewal plan if such amendment or modification provides for refunding bonds
or refinancing resulting in an increase in debt service or provides for the issuance of bonds or other indebtedness, to be funded primarily in the manner provided in section 403.19, or if such amendment or modification provides for the inclusion and approval of an urban renewal project under paragraph “b”. However, the review and recommendation process conducted by the municipality’s planning commission under subsection 2, paragraph “a”, shall not be required when amending or modifying an adopted urban renewal plan.

d. Once determined to be a blighted area, a slum area, or an economic development area by a municipality, an urban renewal area shall not be redetermined by the municipality throughout the duration of the urban renewal area.

6. Upon the approval by a municipality of an urban renewal plan or of any modification thereof, such plan or modification shall be deemed to be in full force and effect for the respective urban renewal area, and the municipality may then cause such plan or modification to be carried out in accordance with its terms.

7. Notwithstanding any other provisions of this chapter, where the local governing body certifies that an area is in need of redevelopment or rehabilitation as a result of a flood, fire, hurricane, earthquake, storm, or other catastrophe respecting which the governor of the state has certified the need for disaster assistance under Pub. L. No. 81-875, Eighty-first Congress, 64 Stat. 1109, codified at 42 U.S.C. §1855 – 1855g or other federal law, the local governing body may approve an urban renewal plan and an urban renewal project with respect to such area without regard to the provisions of subsection 4 and without regard to provisions of this section requiring notification and consultation, a general plan for the municipality, and a public hearing on the urban renewal plan or project.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §403.5]

Referred to in §403.14, 403.17

403.6 Powers of municipality.

The provisions of this chapter shall be liberally interpreted to achieve the purposes of this chapter. Every municipality shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

1. To undertake and carry out urban renewal projects within its area of operation, to make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this chapter, and to disseminate slum clearance and urban renewal information.

2. To arrange or contract for the furnishing or repair by any person of services, privileges, works, streets, roads, public utilities or other facilities for or in connection with an urban renewal project; to install, construct, and reconstruct streets, utilities, parks, playgrounds, and other public improvements; and to agree to any conditions, that it may deem reasonable and appropriate, attached to federal financial assistance and imposed pursuant to federal law relating to the determination of prevailing salaries or wages or compliance with labor standards, in the undertaking or carrying out of an urban renewal project; and to include in any contract let in connection with such a project, provisions to fulfill such of said conditions as it may deem reasonable and appropriate.

3. Within its area of operation, to enter into any building or property in any urban renewal area in order to make inspections, surveys, appraisals, soundings or test borings, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; to acquire by purchase, lease, option, gift, grant, bequest, devise, eminent domain or otherwise, any real property, or personal property for administrative purposes, together with any improvements thereon; to hold, improve, clear or prepare for redevelopment any such property; to mortgage, pledge, hypothecate or otherwise encumber or dispose of any real property; to insure or provide for the insurance of any real or personal property or operations of the municipality against any risks or hazards, including the power to pay premiums on any such insurance; and to enter into any contracts necessary
to effectuate the purposes of this chapter. A municipality or other public body exercising powers under this chapter with respect to the acquisition, clearance, or disposition of property shall not be restricted by any other statutory provision in the exercise of such powers unless such statutory provision specifically states its application to this chapter or unless this chapter specifically applies restrictions contained in another statutory provision to the powers that may be exercised under this chapter.

4. To invest any urban renewal project funds held in reserves or sinking funds, or any such funds not required for immediate disbursement, in property or securities in which a state bank may legally invest funds subject to its control; to redeem such bonds as have been issued pursuant to section 403.9 at the redemption price established therein, or to purchase such bonds at less than redemption price, all such bonds so redeemed or purchased to be canceled.

5. To borrow money and to apply for and accept advances, loans, grants, contributions and any other form of financial assistance from the federal government, the state, county, or other public body, or from any sources, public or private, for the purposes of this chapter, and to give such security as may be required, and to enter into and carry out contracts in connection therewith. A municipality may include in any contract, for financial assistance with the federal government for an urban renewal project, such conditions imposed pursuant to federal laws as the municipality may deem reasonable and appropriate and which are not inconsistent with the purposes of the chapter.

6. Within its area of operation, to make or have made all surveys and planning necessary to the carrying out of the purposes of this chapter, and to contract with any person in making and carrying out of such planning, and to adopt or approve, modify and amend such planning. Such planning may include, without limitation:
   a. A general plan for the locality as a whole;
   b. Urban renewal plans;
   c. Preliminary plans outlining urban renewal activities for neighborhoods to embrace two or more urban renewal areas;
   d. Planning for carrying out a program of voluntary or compulsory repair and rehabilitation of buildings and improvements;
   e. Planning for the enforcement of state and local laws, codes and regulations relating to the use of land and the use and occupancy of buildings and improvements and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements;
   f. Appraisals, title searches, surveys, studies, and other planning and work necessary to prepare for the undertaking of urban renewal projects. The municipality is authorized to develop, test, and report methods and techniques, and carry out demonstrations and other activities, for the prevention and the elimination of slums and urban blight and to apply for, accept and utilize grants of funds from the federal government for such purposes.

7. To plan for the relocation of persons, including families, business concerns and others, displaced by an urban renewal project, and to make relocation payments to or with respect to such persons for moving expenses and losses of property for which reimbursement or compensation is not otherwise made, including the making of such payments financed by the federal government. Other provisions of the Code notwithstanding, in making such payments on projects not federally funded, the municipality may pay relocation assistance benefits in the amounts authorized by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, Pub. L. No. 91-646, as amended by the Uniform Relocation Act Amendments of 1987, Tit. IV, Pub. L. No. 100-17.

8. To appropriate such funds and make such expenditures as may be necessary to carry out the purposes of this chapter, and to levy taxes and assessments for such purposes; to zone or rezone any part of the municipality or make exceptions from building regulations; and to enter into agreements, respecting action to be taken by such municipality pursuant to any of the powers granted by this chapter, with an urban renewal agency vested with urban renewal project powers under section 403.14, which agreements may extend over any period, notwithstanding any provision of rule of law to the contrary.

9. To close, vacate, plan or replan streets, roads, sidewalks, ways or other places; and to plan or replan any part of the municipality.
10. Within its area of operation, to organize, coordinate and direct the administration of the provisions of this chapter as they apply to such municipality in order that the objective of remedying slum and blighted areas, and preventing the causes thereof, within such municipality, may be most effectively promoted and achieved; and to establish such new office or offices of the municipality, or to reorganize existing offices, in order to carry out such purpose most effectively.

11. To exercise all or any part of combination of powers herein granted.

12. To approve urban renewal plans.

13. To sell and convey real property in furtherance of an urban renewal project.

14. To supplement the rent required to be paid by any family residing in the municipality forced to relocate by reason of any governmental activity, provided it is necessary to do so in order to house such family in decent, safe and sanitary housing and provided further that such family does not have sufficient means, as determined by the municipality, to pay the required rent for such housing. Any such rent supplement for any such family shall not continue for more than five years.

15. To acquire by purchase, gift or condemnation real property within its area of operation for the relocation of railroad passenger and freight depots, tracks, and yard and other railroad facilities and to sell or exchange and convey such real property to railroads.

16. To acquire or dispose of by purchase, construction, or lease, or otherwise to deal in air rights, and facilities or easements for lateral or vertical support of land or structures of any kind.

17. Subject to applicable state or federal regulations in effect at the time of the municipal action, accept contributions, grants, and other financial assistance from the state or federal government to be used upon a finding of public purpose for grants, loans, loan guarantees, interest supplements, technical assistance, or other assistance as necessary or appropriate to private persons for an urban renewal project.

18. To provide in an urban renewal plan for the exclusion from taxation of value added to real estate during the process of construction for development or redevelopment. The exclusion may be limited as to the scope of exclusion, territory, or class of property affected. However, the value added during construction shall not be eligible for exclusion from taxation for more than two years and the exclusion shall not be applied to a facility which has been more than eighty percent completed as of the most recent date of assessment. This subsection permits the elimination only of those taxes which are levied against assessments made during the construction of the development or redevelopment.

19. a. A municipality, upon entering into a development or redevelopment agreement pursuant to section 403.8, subsection 1, or as otherwise permitted in this chapter, may enter into a written assessment agreement with the developer of taxable property in the urban renewal area which establishes a minimum actual value of the land and completed improvements to be made on the land until a specified termination date which shall not be later than the date after which the tax increment will no longer be remitted to the municipality pursuant to section 403.19, subsection 2. The assessment agreement shall be presented to the appropriate assessor. The assessor shall review the plans and specifications for the improvements to be made and if the minimum actual value contained in the assessment agreement appears to be reasonable, the assessor shall execute the following certification upon the agreement:

The undersigned assessor, being legally responsible for the assessment of the above described property upon completion of the improvements to be made on it, certifies that the actual value assigned to that land and improvements upon completion shall not be less than $.................................

b. This assessment agreement with the certification of the assessor and a copy of this subsection shall be filed in the office of the county recorder of the county where the property is located. Upon completion of the improvements, the assessor shall value the property as required by law, except that the actual value shall not be less than the minimum actual value contained in the assessment agreement. This subsection does not prohibit the assessor
from assigning a higher actual value to the property or prohibit the owner from seeking administrative or legal remedies to reduce the actual value assigned except that the actual value shall not be reduced below the minimum actual value contained in the assessment agreement. An assessor, county auditor, board of review, director of revenue, or court of this state shall not reduce or order the reduction of the actual value below the minimum actual value in the agreement during the term of the agreement regardless of the actual value which may result from the incomplete construction of improvements, destruction or diminution by any cause, insured or uninsured, except in the case of acquisition or reacquisition of the property by a public entity. Recording of an assessment agreement complying with this subsection constitutes notice of the assessment agreement to a subsequent purchaser or encumbrancer of the land or any part of it, whether voluntary or involuntary, and is binding upon a subsequent purchaser or encumbrancer.

403.7 Condemnation of property.
1. A municipality shall have the right to acquire by condemnation any interest in real property, including a fee simple title thereto, which it may deem necessary for or in connection with an urban renewal project under this chapter, subject to the limitations on eminent domain authority in chapter 6A. However, a municipality shall not condemn agricultural land included within an economic development area for any use unless the owner of the agricultural land consents to condemnation or unless the municipality determines that the land is necessary or useful for any of the following:
   a. The operation of a city utility as defined in section 362.2.
   b. The operation of a city franchise conferred the authority to condemn private property under section 364.2.
   c. The operation of a combined utility system as defined in section 384.80.
2. A municipality shall exercise the power of eminent domain in the manner provided in chapter 6B. Property already devoted to a public use may be acquired in like manner. However, real property belonging to the state, or any political subdivision of this state, shall not be acquired without its consent, and real property or any right or interest in the property owned by any public utility company, pipeline company, railway or transportation company vested with the right of eminent domain under the laws of this state shall not be acquired without the consent of the company, or without first securing, after due notice to the company and after hearing, a certificate authorizing condemnation of the property from the board, commission, or body having the authority to grant a certificate authorizing condemnation.
3. In a condemnation proceeding, if a municipality proposes to take a part of a lot or parcel of real property, the municipality shall also take the remaining part of the lot or parcel if requested by the owner.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §403.7]

403.8 Sale or lease of property.
1. A municipality may sell, lease or otherwise transfer real property or any interest in real property acquired by it, and may enter into contracts for such purposes, in an urban renewal area for residential, recreational, commercial, industrial or other uses, or for public use, subject to covenants, conditions and restrictions, including covenants running with the land, it deems to be necessary or desirable to assist in preventing the development or spread of future slums or blighted areas, or to otherwise carry out the purposes of this chapter. However, the sale, lease, other transfer, or retention, and any agreement relating to it, may be made only after the approval of the urban renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall devote the real property only to the uses specified in the urban renewal plan, and they may be obligated to comply
with other requirements the municipality determines to be in the public interest, including the requirement to begin within a reasonable time any improvements on the real property required by the urban renewal plan. The real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan except as provided in subsection 3. In determining the fair value of real property for uses in accordance with the urban renewal plan, a municipality shall take into account and give consideration to the uses provided in the plan; the restrictions upon, and the covenants, conditions and obligations assumed by the purchaser or lessee or by the municipality retaining the property; and the objectives of the plan for the prevention of the recurrence of slum or blighted areas. The municipality in an instrument of conveyance to a private purchaser or lessee may provide that the purchaser or lessee shall not sell, lease or otherwise transfer the real property, without the prior written consent of the municipality, until the purchaser or lessee has completed the construction of any or all improvements which the purchaser or lessee has become obligated to construct. Real property acquired by a municipality which, in accordance with the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest, consistent with the carrying out of the urban renewal plan. A contract for a transfer under the urban renewal plan, or a part or parts of the contract or plan as the municipality determines, may be recorded in the land records of the county in a manner to afford actual or constructive notice of the contract or plan.

2. a. A municipality may dispose of real property in an urban renewal area to private persons only under reasonable competitive bidding procedures it shall prescribe, or as provided in this subsection. A municipality, by public notice by publication in a newspaper having a general circulation in the community, thirty days prior to the execution of a contract to sell, lease or otherwise transfer real property, and prior to the delivery of an instrument of conveyance with respect to the real property under this section, may invite proposals from and make available all pertinent information to any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or a part of the area. The notice shall identify the area, or portion of the area, and shall state that proposals shall be made by those interested within thirty days after the date of publication of the notice, and that further information available may be obtained at the office designated in the notice. The municipality shall consider all redevelopment or rehabilitation proposals, and the financial and legal ability of the persons making the proposals to carry them out, and the municipality may negotiate with any persons for proposals concerning the purchase, lease or other transfer of real property acquired by the municipality in the urban renewal area. The municipality may accept the proposal it deems to be in the public interest and in furtherance of the purposes of this chapter. However, a notice of intention to accept the proposal shall be filed with the governing body not less than thirty days prior to the acceptance. Thereafter, the municipality may execute a contract in accordance with subsection 1 and may deliver deeds, leases and other instruments and may take all steps necessary to effectuate the contract.

b. However, this subsection does not apply to real property disposed of for the purpose of development or redevelopment as an industrial building or facility, facilities for use as a center for export for international trade, a home office or regional office facility for a multistate business or which meets the criteria set forth in subsection 3.

3. The requirement that real property or an interest in real property transferred or retained for the purpose of a development or redevelopment be sold, leased, otherwise transferred, or retained at not less than its fair market value does not apply if the developer enters into a written assessment agreement with the municipality pursuant to section 403.6, subsections 18 and 19, and the minimum actual value contained in the assessment agreement would indicate that there will be sufficient taxable valuations to permit the collection of incremental taxes as provided in section 403.19, subsection 2, to cause the indebtedness and other costs incurred by the municipality with respect to the property or interest transferred or retained to be repayable as to principal within four tax years following the commencement of full operation of the development.

4. A municipality may temporarily operate and maintain real property acquired in an urban renewal area pending the disposition of the property as authorized in this chapter,
without regard to the provisions of subsection 1 above, for such uses and purposes as may be deemed desirable, even though not in conformity with the urban renewal plan.

### 403.9 Issuance of bonds.

1. A municipality shall have power to periodically issue bonds in its discretion to pay the costs of carrying out the purposes and provisions of this chapter, including but not limited to the payment of principal and interest upon any advances for surveys and planning, and the payment of interest on bonds, herein authorized, not to exceed three years from the date the bonds are issued. The municipality shall have power to issue refunding bonds for the payment or retirement of such bonds previously issued by the municipality. Said bonds shall be payable solely from the income and proceeds of the fund and portion of taxes referred to in section 403.19, subsection 2, and revenues and other funds of the municipality derived from or held in connection with the undertaking and carrying out of urban renewal projects under this chapter. The municipality may pledge to the payment of the bonds the fund and portion of taxes referred to in section 403.19, subsection 2, and may further secure the bonds by a pledge of any loan, grant, or contribution from the federal government or other source in aid of any urban renewal projects of the municipality under this chapter, or by a mortgage of any such urban renewal projects, or any part thereof, title which is vested in the municipality.

2. Bonds issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance or sale of bonds. Bonds issued under the provisions of this chapter are declared to be issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, shall be exempted from all taxes.

3. a. Bonds issued under this section shall be authorized by resolution or ordinance of the local governing body and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates not exceeding that permitted by chapter 74A, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption, with or without premium, be secured in such manner, and have such other characteristics, as may be provided by such resolution or trust indenture or mortgage issued pursuant thereto.

b. Before the local governing body may institute proceedings for the issuance of bonds under this section, a notice of the proposed action, including a statement of the amount and purposes of the bonds and the time and place of the meeting at which the local governing body proposes to take action for the issuance of the bonds, must be published as provided in section 362.3. At the meeting, the local governing body shall receive oral or written objections from any resident or property owner of the municipality. After all objections have been received and considered, the local governing body, at that meeting or any subsequent meeting, may take additional action for the issuance of the bonds or abandon the proposal to issue the bonds. Any resident or property owner of the municipality may appeal the decision of the local governing body to take additional action to the district court of the county in which any part of the municipality is located, within fifteen days after the additional action is taken. The additional action of the local governing body is final and conclusive unless the court finds that the municipality exceeded its authority.

4. Such bonds may be sold at not less than ninety-eight percent of par at public or private sale, or may be exchanged for other bonds at not less than ninety-eight percent of par.

5. In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes,
§403.9, URBAN RENEWAL

the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

6. In any suit, action or proceeding involving the validity or enforceability of any bond issued under this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located and carried out in accordance with the provisions of this chapter.

It is the purpose of this section to authorize any persons, political subdivisions and officers, public or private, to use any funds owned or controlled by them for the purchase of any such bonds or other obligations. However, the provisions of this section shall not apply to or limit the right of obligees to pursue any remedies for the enforcement of any pledge or lien given pursuant to this chapter by a municipality on its rents, fees, grants or revenues from urban renewal projects.

2. The property of a municipality, acquired or held for the purposes of this chapter, is declared to be public property used for essential public and governmental purposes, and such property shall be exempt from all taxes of the municipality, the county, the state, or any political subdivision thereof. However, such tax exemption shall terminate when the municipality sells, leases or otherwise disposes of such property in an urban renewal area to a purchaser or lessee which is not a public body entitled to tax exemption with respect to such property.

403.14 Urban renewal agency powers.

1. A municipality may itself exercise its urban renewal project powers, as herein defined,

403.15 Agency created.

1. There is hereby created in each municipality a public body corporate and politic to be known as the “urban renewal agency” of the municipality. An urban renewal agency shall not transact any business or exercise its powers hereunder until or unless the local governing body has made the finding prescribed in section 403.4, and has elected to have the urban renewal project powers exercised by an urban renewal agency as provided in section 403.14.

2. If the urban renewal agency is authorized to transact business and exercise powers pursuant to this chapter, the mayor or chairperson of the board, as applicable, by and with the advice and consent of the local governing body, shall appoint a board of commissioners of the urban renewal agency, which board shall consist of five commissioners. 6. The word “action” shall not be deemed to include resolutions advisory to the local governing body or agency by any citizens group, board, body, or commission designated to serve a purely advisory approving or recommending function under this chapter.

7. The limitations of this section shall be construed to permit action by a public official, commissioner, or employee where any benefits of such action accrue to the public generally, such action affects all or a substantial portion of the properties included or planned to be included in such a project, or such action promotes the public purposes of such project, and shall be construed to limit only that action by a public official, commissioner, or employee which directly or specifically affects property in which such official, commissioner, or employee has an interest or in which an employer of such official, commissioner, or employee has an interest. Any disclosure required to be made by this section to the local governing body shall concurrently be made to an urban renewal agency which has been vested with urban renewal project powers by the municipality pursuant to the provisions of section 403.14. No commissioner or other officer of any urban renewal agency, board or commission exercising powers pursuant to this chapter shall hold any other public office under the municipality, other than the commissionership or office with respect to such urban renewal agency, board or commission. Any violation of the provisions of this section shall constitute misconduct in office, but no ordinance or resolution of a municipality or agency shall be invalid by reason of a vote or votes cast in violation of the standards of this section unless such vote or votes were decisive in the passage of such ordinance or resolution.

22. “Slum area” shall mean an area in which there is a predominance of buildings or improvements, whether residential or nonresidential, which: by reason of dilapidation, deterioration, age or obsolescence; by reason of inadequate provision for ventilation, light, air, sanitation, or open spaces; by reason of high density of population and overcrowding; by reason of the existence of conditions which endanger life or property by fire and other causes; or which by any combination of such factors, is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, or crime, and which is detrimental to the public health, safety, morals, or welfare. “Slum area” does not include real property assessed as agricultural property for purposes of property taxation.

23. “Urban renewal area” means a slum area, blighted area, economic development area, or combination of the areas, which the local governing body designates as appropriate for an urban renewal project.

c. If the plan includes a provision for the division of taxes as provided in section 403.19, the plan shall also include a list of the current general obligation debt of the municipality, the current constitutional debt limit of the municipality, and the proposed amount of indebtedness to be incurred, including loans, advances, indebtedness, or bonds which qualify for payment from the special fund referred to in section 403.19, subsection 2.

25. “Urban renewal project” may include undertakings and activities of a municipality in an urban renewal area for the elimination and for the prevention of the development or spread of slums and blight, may include the designation and development of an economic development area in an urban renewal area, and may involve slum clearance and redevelopment in an urban renewal area, or rehabilitation or conservation in an urban renewal area, or any combination or part thereof in accordance with an urban renewal program. FINANCING, PROJECT REQUIREMENTS, AND AUDITS

403.19 Division of revenue from taxation — tax increment financing.

A municipality may provide by ordinance that taxes levied on taxable property in an urban renewal area each year by or for the benefit of the state, city, county, school district, or other taxing district, shall be divided as follows:

1. a. Unless otherwise provided in this section, that portion of the taxes which would be produced by the rate at which the tax is levied each year by or for each of the taxing districts upon the total sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll as of January 1 of the calendar year preceding the first calendar year in which the municipality certifies to the county auditor the amount of loans, advances, indebtedness, or bonds payable from the division of property tax revenue, or on the assessment roll last equalized prior to the date of initial adoption of the urban renewal plan if the plan was adopted prior to July 1, 1972, shall be allocated to and when collected be paid into the fund for the respective taxing district as taxes by or for the taxing district into which all other property taxes are paid. However, the municipality may choose to divide that portion of the taxes which would be produced by levying the municipality’s portion of the total tax rate levied by or for the municipality upon the total sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll as of January 1 of the calendar year preceding the effective date of the ordinance and if the municipality so chooses, an affected taxing entity may allow a municipality to divide that portion of the
taxes which would be produced by levying the affected taxing district’s portion of the total tax rate levied by or for the affected taxing entity upon the total sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll as of January 1 of the calendar year preceding the effective date of the ordinance. This choice to divide a portion of the taxes shall not be construed to change the effective date of the division of property tax revenue with respect to an urban renewal plan in existence on July 1, 1994.

b. For the purpose of allocating taxes levied by or for any taxing district which did not include the territory in an urban renewal area on the effective date of the ordinance or initial adoption of the plan, but to which the territory has been annexed or otherwise included after the effective date, the assessment roll applicable to property in the annexed territory as of January 1 of the calendar year preceding the effective date of the ordinance, which amends the plan to include the annexed area, shall be used in determining the assessed valuation of the taxable property in the annexed area.

c. For the purposes of dividing taxes under section 260E.4, the applicable assessment roll for purposes of paragraph “a” shall be the assessment roll as of January 1 of the calendar year preceding the first written agreement providing that all or a portion of program costs are to be paid for by incremental property taxes. The community college shall file a copy of the agreement with the appropriate assessor. The assessor may, within fourteen days of such filing, physically inspect the applicable taxable business property. If upon such inspection the assessor determines that there has been a change in the value of the property from the value as shown on the assessment roll as of January 1 of the calendar year preceding the filing of the agreement and such change in value is due to new construction, additions or improvements to existing structures, or remodeling of existing structures for which a building permit was required, the assessor shall promptly determine the value of the property as of the inspection in the manner provided in chapter 441 and that value shall be included for purposes of the jobs training project in the assessed value of the employer’s taxable business property as shown on the assessment roll as of January 1 of the calendar year preceding the filing of the agreement. The assessor, within thirty days of such filing, shall notify the community college and the employer or business of that valuation which shall be included in the assessed valuation for purposes of this subsection and section 260E.4. The value determined by the assessor shall reflect the change in value due solely to new construction, additions or improvements to existing structures, or remodeling of existing structures for which a building permit was required.

2. a. That portion of the taxes each year in excess of such amount shall be allocated to and when collected be paid into a special fund of the municipality to pay the principal of and interest on loans, moneys advanced to, or indebtedness, whether funded, refunded, assumed, or otherwise, including bonds issued under the authority of section 403.9, subsection 1, incurred by the municipality to finance or refinance, in whole or in part, an urban renewal project within the area, and to provide assistance for low and moderate income family housing as provided in section 403.22. However, except as provided in paragraph “b”, taxes for the regular and voter-approved physical plant and equipment levy of a school district imposed pursuant to section 298.2 and taxes for the instructional support program of a school district imposed pursuant to section 257.19, taxes for the payment of bonds and interest of each taxing district, and taxes imposed under section 346.27, subsection 22, related to joint county-city buildings shall be collected against all taxable property within the taxing district without limitation by the provisions of this subsection.

b. (1) All or a portion of the taxes for the physical plant and equipment levy shall be paid by the school district to the municipality if the auditor certifies to the school district by July 1 the amount of such levy that is necessary to pay the principal and interest on bonds issued by the municipality to finance an urban renewal project, which bonds were issued before July 1, 2001. Indebtedness incurred to refund bonds issued prior to July 1, 2001, shall not be included in the certification. Such school district shall pay over the amount certified by November 1 and May 1 of the fiscal year following certification to the school district.

(2) (a) All or a portion of the taxes for the instructional support program levy of a school district shall be paid by the school district to the municipality if the auditor, pursuant to subsection 11, certifies to the school district by July 1 the amount of such levy that is
necessary to pay the principal and interest on bonds issued or other indebtedness incurred by the municipality to finance an urban renewal project if such bonds or indebtedness were issued or incurred on or before April 24, 2012. Such school district shall pay over the amount certified by November 1 and May 1 of the fiscal year following certification to the school district.

(b) In lieu of payment to a municipality under subparagraph division (a), a school district may by resolution of the board of directors of the school district approve at a regular meeting of the board of directors the payment of all or a portion of the instructional support program property tax revenue excluded under paragraph “a”, to the municipality for the payment of principal and interest on such bonds issued or such other indebtedness incurred by the municipality before, on, or after April 24, 2012.

c. Unless and until the total assessed valuation of the taxable property in an urban renewal area exceeds the total assessed value of the taxable property in such area as shown by the last equalized assessment roll referred to in subsection 1, all of the taxes levied and collected upon the taxable property in the urban renewal area shall be paid into the funds for the respective taxing districts as taxes by or for the taxing districts in the same manner as all other property taxes. When such loans, advances, indebtedness, and bonds, if any, and interest thereon, have been paid, all moneys thereafter received from taxes upon the taxable property in such urban renewal area shall be paid into the funds for the respective taxing districts in the same manner as taxes on all other property.

d. In those instances where a school district has entered into an agreement pursuant to section 279.64 for sharing of school district taxes levied and collected from valuation described in this subsection and released to the school district, the school district shall transfer the taxes as provided in the agreement.

3. The portion of taxes mentioned in subsection 2 and the special fund into which they shall be paid, may be irrevocably pledged by a municipality for the payment of the principal and interest on loans, advances, bonds issued under the authority of section 403.9, subsection 1, or indebtedness incurred by a municipality to finance or refinance, in whole or in part, the urban renewal project within the area.

4. As used in this section the word “taxes” includes, but is not limited to, all levies on an ad valorem basis upon land or real property.

5. An ordinance adopted under this section providing for a division of revenue shall be filed in the office of the county auditor of each county where the property that is subject to the ordinance is located.

6. a. (1) A municipality shall certify to the county auditor on or before December 1 the amount of loans, advances, indebtedness, or bonds, including interest negotiated on such loans, advances, indebtedness, or bonds, which qualify for payment from the special fund referred to in subsection 2, for each urban renewal area in the municipality, and the filing of the certificate shall make it a duty of the auditor to provide for the division of taxes in each subsequent year without further certification, except as provided in paragraphs “b” and “c”, until the amount of the loans, advances, indebtedness, or bonds is paid to the special fund. Such certification shall include all amounts which qualify for payment from the special fund referred to in subsection 2 during the next fiscal year and all amounts which qualify for payment from the special fund in any subsequent fiscal year. If any loans, advances, indebtedness, or bonds are issued which qualify for payment from the special fund and which are in addition to amounts already certified, the municipality shall certify the amount of the additional obligations on or before December 1 of the year such obligations were issued, and the filing of the certificate shall make it a duty of the auditor to provide for the division of taxes in each subsequent year without further certification, except as provided in paragraphs “b” and “c”, until the amount of the loans, advances, indebtedness, or bonds is paid to the special fund. Any subsequent certifications under this subsection shall not include amounts previously certified.

(2) A certification made under this paragraph “a” shall include the date that the individual loans, advances, indebtedness, or bonds were initially approved by the governing body of the municipality.

b. If the amount certified in paragraph “a” is reduced by payment from sources other
than the division of taxes, by a refunding or refinancing of the obligation which results in lowered principal and interest on the amount of the obligation, or for any other reason, the municipality on or before December 1 of the year the action was taken which resulted in the reduction shall certify the amount of the reduction to the county auditor.

(4) In any year, the county auditor shall, upon receipt of a certified request from a municipality filed on or before December 1, increase the amount to be allocated under subsection 1 in order to reduce the amount to be allocated in the following fiscal year to the special fund, to the extent that the municipality does not request allocation to the special fund of the full portion of taxes which could be collected. Upon receipt of a certificate from a municipality, the auditor shall mail a copy of the certificate to each affected taxing district.

d. For purposes of this section, “indebtedness” includes but is not limited to written agreements whereby the municipality agrees to exempt, rebate, refund, or reimburse property taxes, provide a grant for property taxes paid, or make a direct payment of taxes, with moneys in the special fund referred to in subsection 2, and bonds, notes, or other obligations that are secured by or subject to payment from moneys appropriated by the municipality from moneys in the special fund referred to in subsection 2.

7. Tax collections within each taxing district may be allocated to the entire taxing district including the taxes on the valuations determined under subsection 1 and to the special fund created under subsection 2 in the proportion of their taxable valuations determined as provided in this section.

8. For any fiscal year, a municipality may certify to the county auditor for physical plant and equipment revenue necessary for payment of principal and interest on bonds issued prior to July 1, 2001, only if the municipality certified for such revenue for the fiscal year beginning July 1, 2000. A municipality shall not certify to the county auditor for a school district more than the amount the municipality certified for the fiscal year beginning July 1, 2000. If for any fiscal year a municipality fails to certify to the county auditor for a school district by July 1 the amount of physical plant and equipment revenue necessary for payment of principal and interest on such bonds, as provided in subsection 2, the school district is not required to pay over the revenue to the municipality. If a school district and a municipality are unable to agree on the amount of physical plant and equipment revenue certified by the municipality for the fiscal year beginning July 1, 2001, either party may request that the state appeal board review and finally pass upon the amount that may be certified. Such appeals must be presented in writing to the state appeal board no later than July 31 following certification. The burden shall be on the municipality to prove that the physical plant and equipment levy revenue is necessary to pay principal and interest on bonds issued prior to July 1, 2001. A final decision must be issued by the state appeal board no later than the following October 1.

9. a. Moneys from any source deposited into the special fund created in this section shall not be expended for or otherwise used in connection with an urban renewal project approved on or after July 1, 2012, that includes the relocation of a commercial or industrial enterprise not presently located within the municipality, unless one of the following occurs:

(1) The local governing body of the municipality where the commercial or industrial enterprise is currently located and the local governing body of the municipality where the commercial or industrial enterprise is proposing to relocate have either entered into a written agreement concerning the relocation of the commercial or industrial enterprise or have entered into a written agreement concerning the general use of economic incentives to attract commercial or industrial development within those municipalities.

(2) The local governing body of the municipality where the commercial or industrial enterprise is proposing to relocate finds that the use of deposits into the special fund for an urban renewal project that includes such a relocation is in the public interest. A local governing body’s finding that an urban renewal project that includes a commercial or industrial enterprise relocation is in the public interest shall include written verification from the commercial or industrial enterprise that the enterprise is actively considering moving all or a part of its operations to a location outside the state and a specific finding that such an out-of-state move would result in a significant reduction in either the enterprise’s total employment in the state or in the total amount of wages earned by employees of the enterprise in the state.
b. For the purposes of this subsection, “relocation” means the closure or substantial reduction of an enterprise’s existing operations in one area of the state and the initiation of substantially the same operation in the same county or a contiguous county in the state. This subsection does not prohibit an enterprise from expanding its operations in another area of the state provided that existing operations of a similar nature are not closed or substantially reduced.

10. a. Interest or earnings received on amounts deposited into the special fund created in this section and the net proceeds from the sale of assets purchased using amounts deposited into the special fund created in this section shall be credited to the special fund and shall be used solely for the purposes specified in this section.

b. Moneys in the special fund created in this section shall not be transferred to another fund of the municipality except for the payment of loans, advances, indebtedness, or bonds that qualify for payment from the special fund.

11. For any fiscal year, a municipality may certify to the county auditor for instructional support program property tax revenue necessary for payment of principal and interest on bonds issued or other indebtedness incurred for an urban renewal project on or before April 24, 2012. If for any fiscal year a municipality fails to certify to the county auditor by July 1 the amount of instructional support program property tax revenue necessary for payment of principal and interest on such bonds, as provided in subsection 2, the school district is not required to pay over the revenue to the municipality. If a school district and a municipality are unable to agree on the amount of instructional support program property tax revenue certified by the municipality, either party may request that the state appeal board review and finally pass upon the amount that may be certified. Such appeals must be presented in writing to the state appeal board no later than July 31 following certification. The burden shall be on the municipality to prove that the instructional support program property tax revenue is necessary to pay principal and interest on the applicable bonds. A final decision must be issued by the state appeal board no later than the following October 1.

b. “Employee” means the individual employed in a targeted job that is subject to a withholding agreement.

c. “Employer” means a business creating or retaining targeted jobs in a pilot project city pursuant to a withholding agreement.

d. “Pilot project city” means a city that has applied and been approved as a pilot project city pursuant to subsection 2.

e. “Qualifying investment” means a capital investment in real property including the purchase price of land and existing buildings, site preparation, building construction, and long-term lease costs. “Qualifying investment” also means a capital investment in depreciable assets. For purposes of this paragraph, “long-term lease costs” means those costs incurred or expected to be incurred under a lease during the duration of a withholding agreement.
§403.19A

§403.19A employer remains project authority to generate "a" economic of "b" withholding with the project for which the employer is seeking assistance under the withholding agreement does not proceed.

g. "Targeted job" means a job in a business which is or will be located in a pilot project city that pays a wage at least equal to the countywide average wage. "Targeted job" includes new or retained jobs from Iowa business expansions or retentions within the city limits of the pilot project city and those jobs resulting from established out-of-state businesses, as defined by the economic development authority, moving to or expanding in Iowa.

h. "Withholding agreement" means the agreement between a pilot project city, the economic development authority, and an employer concerning the targeted jobs withholding credit authorized in subsection 3.

2. a. An eligible city may apply for designation as a pilot project city pursuant to this subsection. An eligible city is a city that contains three or more census tracts and is located in a county meeting one of the following requirements:

(1) A county that borders Nebraska.
(2) A county that borders South Dakota.
(3) A county that borders a state other than Nebraska or South Dakota.

b. (1) The economic development authority shall approve four eligible cities as pilot project cities, one pursuant to paragraph "a", subparagraph (1), one pursuant to paragraph "a", subparagraph (2), and two pursuant to paragraph "a", subparagraph (3). If two eligible cities are approved which are located in the same county and the county has a population of less than forty-five thousand, the two approved eligible cities shall be considered one pilot project city. If more than two cities meeting the requirements of paragraph "a", subparagraph (3), apply to be designated as a pilot project city, the economic development authority shall determine which two cities hold the most potential to create new jobs or generate the greatest capital within their areas. Applications from eligible cities filed on or after October 1, 2006, shall not be considered.

(2) If a pilot project city does not enter into a withholding agreement within one year of its approval as a pilot project city, the city shall lose its status as a pilot project city. If two pilot project cities are located in the same county, the loss of status by one pilot project city shall not cause the second pilot project city in the county to lose its status as a pilot project city. Upon such occurrence, the economic development authority shall take applications from other eligible cities to replace that city. Another city shall be designated within six months.

3. a. A pilot project city may provide by resolution for the deposit into a designated withholding project fund of the targeted jobs withholding credit described in this section. The targeted jobs withholding credit shall be based upon the wages paid to employees pursuant to a withholding agreement.

b. An amount equal to three percent of the gross wages paid by an employer to each employee under a withholding agreement shall be credited from the payment made by the employer pursuant to section 422.16. If the amount of the withholding by the employer is less than three percent of the gross wages paid to the employees covered by the withholding agreement, the employer shall receive a credit against other withholding taxes due by the employer or may carry the credit forward for up to ten years or until depleted, whichever is the earlier. The employer shall remit the amount of the credit quarterly, in the same manner as withholding payments are reported to the department of revenue, to the pilot project city to be allocated to and when collected paid into a designated withholding project fund for the project. All amounts so deposited shall be used or pledged by the pilot project city for a project related to the employer pursuant to the withholding agreement.

c. (1) The pilot project city and the economic development authority shall enter into a withholding agreement with each employer concerning the targeted jobs withholding credit. The withholding agreement shall provide for the total amount of withholding credits awarded, as negotiated by the economic development authority, the pilot project city, and the employer. An agreement shall not provide for an amount of withholding credits that exceeds the amount of the qualifying investment made in the project. An agreement shall not be entered into with a business currently located in this state unless the business either creates or retains
ten jobs or makes a qualifying investment of at least five hundred thousand dollars within the pilot project city. The withholding agreement may have a term of years negotiated by the economic development authority, the pilot project city, and the employer, of up to ten years. A withholding agreement specifying a term of years or a total amount of withholding credits shall terminate upon the expiration of the term of years specified in the agreement or upon the award of the total amount of withholding credits specified in the agreement, whichever occurs first. An employer shall not be obligated to enter into a withholding agreement. An agreement shall not be entered into with an employer not already located in a pilot project city when another Iowa community is competing for the same project and both the pilot project city and the other Iowa community are seeking assistance from the authority.

2. The pilot project city and the economic development authority shall not enter into a withholding agreement after June 30, 2019.

3. The employer, in conjunction with the pilot project city, shall provide on an annual basis to the economic development authority information documenting the total amount of payments and receipts under a withholding agreement, including all agreements with an employer to suspend, abate, exempt, rebate, refund, or reimburse property taxes, to provide a grant for property taxes paid or a grant not related to property taxes, or to make a direct payment of taxes, with moneys in the withholding project fund. The economic development authority shall verify the information provided and determine whether the pilot project city and the employer are in compliance with this section and the rules adopted by the economic development authority to implement this section.

4. The economic development authority board, on behalf of the authority, shall have the authority to approve or deny a withholding agreement according to the provisions of this section. Each withholding agreement, and the total amount of withholding credits allowed under the withholding agreement, shall be approved by the economic development authority board after taking into account the incentives or assistance received by or to be received by the employer under other economic development programs. The economic development authority board shall only deny an agreement if the agreement fails to meet the requirements of this paragraph “c” or the local match requirements in paragraph “k”, or if an employer is not in good standing as to prior or existing agreements with the economic development authority. The authority shall have the authority to negotiate a withholding agreement and may suggest changes to any of the terms of the agreement.

d. A withholding agreement shall be disclosed to the public and shall contain but is not limited to all of the following:

1. A copy of the adopted local development agreement between the pilot project city and the employer that outlines local incentives or assistance for the project using urban renewal or urban revitalization incentives, if applicable.

2. A list of any other amounts of incentives or assistance the employer may be receiving from other economic development programs, including grants, loans, forgivable loans, and tax credits.

3. The approval of local participating authorities.

4. The amount of local incentives or assistance received for each project of the employer.

e. (1) The employer shall certify to the department of revenue that the targeted jobs withholding credit is in accordance with the withholding agreement and shall provide other information the department may require. Notice of any withholding agreement shall be provided promptly to the department of revenue following execution of the agreement by the pilot project city and the employer.

2. Following termination of the withholding agreement, the employer credits shall cease and any money received by the pilot project city after termination shall be remitted to the treasurer of state to be deposited into the general fund of the state. Notice shall be provided promptly to the department of revenue following termination.

f. Pursuant to rules adopted by the economic development authority, the pilot project city shall provide on an annual basis to the economic development authority information documenting the compliance of each employer with each requirement of the withholding agreement, including but not limited to the number of jobs created or retained and the amount of investment made by the employer. The economic development authority shall,
in response to receiving such information from the pilot project city, assess the level of compliance by each employer and provide to the pilot project city recommendations for either maintaining employer compliance with the withholding agreement or terminating the agreement for noncompliance under paragraph “g”. The economic development authority shall also provide each such assessment and recommendation report to the department of revenue.

  g. If the economic development authority, following an eighteen-month performance period beginning on the date the withholding agreement is approved by the authority board, determines that the employer ceases to meet the requirements of the withholding agreement relating to retaining jobs, if applicable, the agreement shall be terminated by the economic development authority and the pilot project city and any withholding credits for the benefit of the employer shall cease. If the economic development authority, following a three-year performance period beginning on the date the withholding agreement is approved by the authority board, determines that the employer has not or is incapable of meeting the requirements of the withholding agreement relating to creating jobs, if applicable, or the requirement of the withholding agreement relating to the qualifying investment prior to the end of the withholding agreement, the economic development authority may reduce the future benefits to the employer under the agreement or negotiate with the other parties to terminate the agreement early. Notice shall be provided promptly by the pilot project city to the department of revenue following termination of a withholding agreement.

  h. A pilot project city shall certify to the department of revenue the amount of the targeted jobs withholding credit an employer has remitted to the city and shall provide other information the department may require.

Notwithstanding any other provision in this section, the new jobs credit from withholding under section 260E.5, and the supplemental new jobs credit from withholding under section 15E.197, Code 2014, or under section 15.331, Code 2005, shall be collected and disbursed prior to the withholding credit under this section.

  k. (1) A pilot project city entering into a withholding agreement shall arrange for matching local financial support for the project. The local match required under this paragraph “k” shall be in an amount equal to one dollar for every dollar of withholding credit received by the pilot project city.

  (2) For purposes of this paragraph “k”, “local financial support” means cash or in-kind contributions to the project from a private donor, a business, or the pilot project city.

  (3) If the project, when completed, will increase the amount of an employer’s taxable capital investment by an amount equal to at least ten percent of the amount of withholding credit dollars received by the pilot project city, then the pilot project city shall itself contribute at least ten percent of the local match amount computed under subparagraph (1).

  (4) If the project, when completed, will not increase the amount of an employer’s taxable capital investment by an amount at least equal to ten percent of the amount of withholding credit dollars received by the pilot project city, then the pilot project city shall not be required to make a contribution to the local match.

  (5) A pilot project city’s contribution, if any, to the local match may include the dollar value of any tax abatement provided by the city to the business for new construction.

  l. At the time of submitting its budget to the department of management, the pilot project city shall submit to the department of management and the economic development authority a description of the activities involving the use of withholding agreements. The description shall include but is not limited to the following:

(2) The number of withholding agreements and the amount of withholding credits involved.

(3) The types of businesses that entered into agreements, and the types of businesses that declined the city’s proposal to enter into an agreement.

m. The economic development authority in consultation with the department of revenue shall coordinate the pilot project program with the pilot project cities under this section. The economic development authority is authorized to adopt, amend, and repeal rules to implement the pilot project program under this section.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.4]

403A.5 Exercise of municipal housing powers — municipal housing agency.

1. Any municipality may create, in such municipality, a public body corporate and politic to be known as the “Municipal Housing Agency” of such municipality except that such agency shall not transact any business or exercise its powers hereunder until or unless the local governing body has elected to exercise its municipal housing powers through such an agency as prescribed in this section.

2. If the municipal housing agency is authorized to transact business and exercise powers hereunder, the mayor, by and with the advice and consent of the local governing body, shall appoint a board of commissioners of the municipal housing agency which board shall consist
of five commissioners. The term of office for three of the commissioners originally appointed shall be two years and the term of office for two of the commissioners originally appointed shall be one year. Thereafter the term of office for each commissioner shall be two years. In cities having a population of more than one hundred thousand, the city council may establish, by ordinance, the number of commissioners at not less than five.

3. A commissioner shall receive no compensation for services, but shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of a duty. Each commissioner shall hold office until a successor has been appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk of the municipality, and the certificate shall be conclusive evidence of the due and proper appointment of the commissioner.

4. a. The powers of a municipal housing agency shall be exercised by the commissioners. A majority of the commissioners shall constitute a quorum for the purpose of conducting business and exercising the powers of the agency, and for all other purposes. Action may be taken by the agency upon a vote of a majority of the commissioners present, unless in any case the bylaws shall require a larger number. Any persons may be appointed as commissioners if they reside within the area of operation of the agency, which area shall be conterminous with the area of operation of the municipality, and if they are otherwise eligible for appointments under this chapter.

b. The mayor shall designate a chairperson and vice chairperson from among the commissioners. An agency may employ an executive director, technical experts and such other agents and employees, permanent and temporary, as it may require, and the agency may determine their qualifications, duties, and compensation. For such legal service as it may require, an agency may employ or retain its own counsel and legal staff. An agency authorized to transact business and exercise powers under this chapter shall file, with the local governing body, on or before September 30 of each year, a report of its activities for the preceding fiscal year, which report shall include a complete financial statement setting forth its assets, liabilities, income, and operating expense as of the end of such fiscal year. At the time of filing the report, the agency shall publish in a newspaper of general circulation in the community a notice to the effect that such report has been filed with the municipality, and that the report is available for inspection during business hours in the office of the city clerk and in the office of the agency.

c. For inefficiency, or neglect of duty, or misconduct in office, a commissioner may be removed by a majority vote of the governing body of the municipality only after a hearing before the body, and after the commissioner shall have been given a copy of the charges at least ten days prior to such hearing, and after the commissioner shall have had an opportunity to be heard in person or by counsel.

5. A municipality may itself exercise the powers in connection with municipal housing as defined in this chapter, or may, if the local governing body by resolution determines such action to be in the public interest, elect to have such powers exercised by the municipal housing agency, if one exists or is subsequently established in the community. In the event the local governing body makes such determination, the municipal housing agency shall be vested with all of the municipal housing project powers in the same manner as though all such powers were conferred on such agency instead of the municipality. If the local governing body does not elect to make such determination, the municipality in its discretion may exercise its municipal housing project powers through a board or commissioner, or through such officers of the municipality as the local governing body may by resolution determine.

6. A municipality or a municipal housing agency may not proceed with a housing project until a study or a report and recommendation on housing available within the community is made public by the municipality or agency and is included in its recommendations for a housing project. Recommendations must receive majority approval from the local governing body before proceeding on the housing project.

403A.6 Operation of housing not for profit.
It is hereby declared to be the policy of this state that each municipality shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals or payments for dwelling accommodations at low rates consistent with its providing decent, safe and sanitary dwelling accommodations for persons of low income, and that no municipality shall construct or operate any housing project for profit, or as a source of revenue to the municipality. To this end the municipality shall fix the rentals or payments for dwellings in its projects at no higher rates than it shall find to be necessary in order to produce revenues which, together with all other available moneys, revenues, income and receipts in connection with or for such projects from whatever sources derived, including federal financial assistance, will be sufficient to do all of the following:
1. To pay, as the same become due, the principal and interest on the bonds issued pursuant to this chapter.
2. To create and maintain such reserves as may be required to assure the payment of principal and interest as it becomes due on such bonds.

§403A.12 Bonds.

1. A municipality shall have power to issue bonds from time to time in its discretion, for any of the purposes of this chapter. A municipality shall also have power to issue refunding bonds for the purpose of paying or retiring bonds previously issued by it. 2. Neither the governing body of a municipality nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof hereunder. The bonds and other obligations issued under the provisions of this chapter shall be payable solely from the sources provided in this section and shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. 404.3 Basis of tax exemption.

1. All qualified real estate assessed as residential property is eligible to receive an exemption from taxation based on the actual value added by the improvements. The exemption is for a period of ten years. The amount of the exemption is equal to a percent of the actual value added by the improvements, determined as follows: One hundred fifteen percent of the value added by the improvements. However, the amount of the actual value added by the improvements which shall be used to compute the exemption shall not exceed twenty thousand dollars and the granting of the exemption shall not result in the actual value of the qualified real estate being reduced below the actual value on which the homestead credit is computed under section 425.1.

2. All qualified real estate is eligible to receive a partial exemption from taxation on the actual value added by the improvements. The exemption is for a period of ten years. The amount of the partial exemption is equal to a percent of the actual value added by the improvements, determined as follows:

   a. For the first year, eighty percent.
   b. For the second year, seventy percent.
   c. For the third year, sixty percent.
   d. For the fourth year, fifty percent.
   e. For the fifth year, forty percent.
   f. For the sixth year, forty percent.
   g. For the seventh year, thirty percent.
   h. For the eighth year, thirty percent.
   i. For the ninth year, twenty percent.
   j. For the tenth year, twenty percent.

3. All qualified real estate is eligible to receive a one hundred percent exemption from taxation on the actual value added by the improvements. The exemption is for a period of three years.

4. a. All qualified real estate assessed as any of the following is eligible to receive a one hundred percent exemption from taxation on the actual value added by the improvements:

   (1) Residential property.
   (2) Commercial property if the commercial property consists of three or more separate living quarters with at least seventy-five percent of the space used for residential purposes.
   (3) Multiresidential property if the multiresidential property consists of three or more separate living quarters with at least seventy-five percent of the space used for residential purposes.
b. The exemption is for a period of ten years.

5. A city or county may adopt a different tax exemption schedule than those allowed in subsection 1, 2, 3, or 4. The different schedule adopted shall not allow a greater exemption, but may allow a smaller exemption, in a particular year, than allowed in the schedule specified in the corresponding subsection of this section. A different schedule adopted by a city or county shall apply to every revitalization area within the city or county, unless the qualified property is eligible for an exemption pursuant to section 404.3A or 404.3B, and except in areas of the city or county which have been designated as both urban renewal and urban revitalization areas. In an area designated for both urban renewal and urban revitalization, a city or county may adopt a different schedule than has been adopted for revitalization areas which have not been designated as urban renewal areas.

6. The owners of qualified real estate eligible for the exemption provided in this section or section 404.3A or 404.3B shall elect to take the applicable exemption or shall elect to take the applicable exemption provided in the different schedule authorized by subsection 5 and adopted in the city or county plan if a different schedule has been adopted. Once the election has been made and the exemption granted, the owner is not permitted to change the method of exemption.

7. The tax exemption schedule specified in subsection 1, 2, 3, or 4 shall apply to every revitalization area within a city or county unless a different schedule is adopted in the city or county plan as provided in section 404.2 and authorized by subsection 5.

8. “Qualified real estate” as used in this chapter and section 419.17 means real property, other than land, which is located in a designated revitalization area and to which improvements have been added, during the time the area was so designated, which have increased the actual value by at least the percent specified in the plan adopted by the city or county pursuant to section 404.2 or if no percent is specified then by at least fifteen percent, or at least ten percent in the case of real property assessed as residential property or which have, in the case of land upon which is located more than one building and not assessed as residential property, increased the actual value of the buildings to which the improvements have been made by at least fifteen percent. “Qualified real estate” also means land upon which no structure existed at the start of the new construction, which is located in a designated revitalization area and upon which new construction has been added during the time the area was so designated. “Improvements” as used in this chapter and section 419.17 includes rehabilitation and additions to existing structures as well as new construction on vacant land or on land with existing structures. However, new construction on land assessed as agricultural property shall not qualify as “improvements” for purposes of this chapter and section 419.17 unless the governing body of the city or county has presented justification at a public hearing held pursuant to section 404.2 for the revitalization of land assessed as agricultural property by means of new construction. Such justification shall demonstrate, in addition to the other requirements of this chapter and section 419.17, that the improvements on land assessed as agricultural land will utilize the minimum amount of agricultural land necessary to accomplish the revitalization of the other classes of property within the urban revitalization area. However, if such construction, rehabilitation or additions were begun prior to January 29, 1979, or one year prior to the adoption by the city or county of a plan of urban revitalization pursuant to section 404.2, whichever occurs later, the value added by such construction, rehabilitation or additions shall not constitute an increase in value for purposes of qualifying for the exemptions listed in this section. “Actual value added by the improvements” as used in this chapter and section 419.17 means the actual value added as of the first year for which the exemption was received.

9. The fifteen and ten percent increase in actual value requirements specified in subsection 8 shall apply to every revitalization area within a city or county unless different percent increases in actual value requirements are adopted in the city or county plan as provided in section 404.2. However, a city or county shall not adopt different requirements.
unless every revitalization area within the city or county has the same requirements and the requirements do not provide for a greater percent increase than specified in subsection 8.

404.4 Prior approval of eligibility.
1. A person may submit a proposal for an improvement project to the governing body of the city or county to receive prior approval for eligibility for a tax exemption on the project. The governing body shall, by resolution, give its prior approval for an improvement project if the project is in conformance with the plan for revitalization developed by the city or county. Such prior approval shall not entitle the owner to exemption from taxation until the improvements have been completed and found to be qualified real estate; however, if the proposal is not approved, the person may submit an amended proposal for the governing body to approve or reject.
2. An application shall be filed for each new exemption claimed. The first application for an exemption shall be filed by the owner of the property with the governing body of the city or county in which the property is located by February 1 of the assessment year for which the
exemption is first claimed, but not later than the year in which all improvements included in
the project are first assessed for taxation, or the following two assessment years, in which case
the exemption is allowed for the total number of years in the exemption schedule. However,
upon the request of the owner at any time, the governing body of the city or county provides
by resolution that the owner may file an application by February 1 of any other assessment
year selected by the governing body in which case the exemption is allowed for the number
of years remaining in the exemption schedule selected. The application shall contain but not
be limited to all of the following information:
  a. The nature of the improvement.
  b. The cost of the improvement project.
  c. The estimated or actual date of completion.
  d. The tenants that occupied the owner’s building on the date the city or county adopted
  the resolution referred to in section 404.2, subsection 1.
  e. Which exemption in section 404.3 or in the different schedule, if one has been adopted,
will be elected.
3. The governing body of the city or county shall approve the application, subject to review
by the local assessor pursuant to section 404.5, if the project is in conformance with the plan
for revitalization developed by the city or county, is located within a designated revitalization
area, and if the improvements were made during the time the area was so designated. The
governing body of the city or county shall forward for review all approved applications to
the appropriate local assessor by March 1 of each year with a statement indicating whether
section 404.3, subsection 1, 2, 3, or 4 applies or if a different schedule has been adopted, which
exemption from that schedule applies. Applications for exemption for succeeding years on
approved projects shall not be required.

404.5 Physical review of property by assessor.
1. The local assessor shall review each first-year application by making a physical review
of the property, to determine if the improvements made increased the actual value of the
qualified real estate by at least fifteen percent or at least ten percent in the case of real
property assessed as residential property or the applicable percent increase requirement
adopted by the city or county under section 404.2. If the assessor determines that the actual
value of that real estate has increased by at least the requisite percent, the assessor shall
proceed to determine the actual value of the property and certify the valuation determined
pursuant to section 404.3 to the county auditor at the time of transmitting the assessment
rolls. However, if a new structure is erected on land upon which no structure existed at the
start of the new construction, the assessor shall proceed to determine the actual value of the
property and certify the valuation determined pursuant to section 404.3 to the county auditor
at the time of transmitting the assessment rolls. The assessor shall notify the applicant of
the determination, and the assessor’s decision may be appealed to the local board of review
at the times specified in section 441.37. If an application for exemption is denied as a result
of failure to sufficiently increase the value of the real estate as provided in section 404.3, the
owner may file a first annual application in a subsequent year when additional improvements
are made to satisfy requirements of section 404.3, and the provisions of section 404.4 shall
apply. After the tax exemption is granted, the local assessor shall continue to grant the tax
exemption, with periodic physical review by the assessor, for the time period specified in
section 404.3, subsection 1, 2, 3, or 4, or specified in the different schedule if one has been
adopted, under which the exemption was granted. The tax exemptions for the succeeding
years shall be granted without the taxpayer having to file an application for the succeeding
years.
2. For the purposes of this section, the actual value of the property upon which the value
of improvements in the form of rehabilitation or additions to existing structures shall be
determined shall be the lower of either the amount listed on the assessment rolls in the
assessment year in which such improvements are first begun or the price paid by the owner if the improvements in the form of rehabilitation or additions to existing structures were begun within one year of the date the property was purchased and the sale was a fair and reasonable exchange between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and each being familiar with all the facts relating to the particular property.

404.6 Relocation expense of tenant.
Upon application to it and after verification by it, the city or county shall require compensation of at least one month’s rent and may require compensation of actual relocation expenses be paid to a qualified tenant whose displacement is due to action on the part of a property owner to qualify for the benefits under this chapter. However, the city or county may require the persons causing the qualified tenant to be displaced to pay all or a part of the relocation payments as a condition for receiving a tax exemption under section 404.3. “Qualified tenant” as used in this chapter shall mean the legal occupant of a residential dwelling unit which is located within a designated revitalization area and who has occupied the same dwelling unit continuously since one year prior to the city’s or county’s adoption of the plan pursuant to section 404.2.

404.7 Repeal of ordinance.
When in the opinion of the governing body of a city or county the desired level of revitalization has been attained or economic conditions are such that the continuation of the exemption granted by this chapter would cease to be of benefit to the city or county, the governing body may repeal the ordinance establishing a revitalization area. In that event, all existing exemptions shall continue until their expiration.

However, tax credit certificate amounts of less than the minimum amount established by rule by the department of revenue shall not be transferable.

b. Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate and must have the same expiration date that appeared on the transferred tax credit certificate.

c. A tax credit shall not be claimed by a transferee under this section until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The transferee may use the amount of the tax credit transferred against the taxes imposed in chapter 422, divisions II, III, and V, and in chapter 432, for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V.    b. The authority may accept applications on a continuous basis or may accept applications, or one or more components of an application, during one or more application periods.
   c. The application shall include any information deemed necessary by the authority, in consultation with the department, to evaluate the eligibility under the program of the applicant and the rehabilitation project, the amount of projected qualified rehabilitation expenditures of a rehabilitation project, and the amount and source of all funding for a rehabilitation project. An applicant shall have the burden of proof to demonstrate to the authority that the applicant is an eligible taxpayer and the project is a qualified rehabilitation project under the program.
   d. The authority may establish criteria for the use of electronic or other alternative filing or submission methods for any application, document, or payment requested or required under this program. Such criteria may provide for the acceptance of a signature in a form other than the handwriting of a person.
   e. (1) The authority may charge application and other fees to eligible taxpayers who apply to participate in the program. The amount of such fees shall be determined based on the costs of the authority and the department associated with administering the program.
      (2) Fees collected by the authority pursuant to this paragraph shall be deposited with the authority notwithstanding section 303.9, subsection 1.
      (3) A portion of the fees collected shall be directed by the authority to the department.
   2. Registration.
      a. Upon review of the application by the authority, the authority may register a qualified rehabilitation project under the program. If the authority registers the project, the authority shall make a preliminary determination as to the amount of tax credits for which the project qualifies.
      b. After registering the qualified rehabilitation project, the authority shall notify the eligible taxpayer of successful registration under the program within a period of time established by the authority by rule. The notification shall include the amount of tax credits under section 404A.2 for which the qualified rehabilitation project has received a tentative award and a statement that the amount is a preliminary determination only.
   3. Agreement.
      a. Upon successful registration of a qualified rehabilitation project, the eligible taxpayer shall enter into an agreement with the authority for the successful completion of all requirements of the program.
      b. The agreement shall contain mutually agreeable terms and conditions which, at a minimum, provide for the following:
         (1) The amount of the tax credit award. An eligible taxpayer has no right to receive a tax credit certificate or claim a tax credit until all requirements of the agreement and subsections 4 and 5 have been satisfied. The amount of tax credit included on a tax credit certificate issued under this section shall be contingent upon verification by the authority of the amount of final qualified rehabilitation expenditures.
(2) The rehabilitation work to be performed. An eligible taxpayer shall perform the rehabilitation work consistent with the United States secretary of the interior’s standards for rehabilitation, as determined by the department.

(3) The budget of the qualified rehabilitation project, including the projected qualified rehabilitation expenditures, allowable cost overruns, and the source and amount of all funding received or anticipated to be received. The amount of allowable cost overruns provided for in the agreement shall not exceed the following amount:

(a) For a qualified rehabilitation project with final qualified rehabilitation expenditures of not more than seven hundred fifty thousand dollars, fifteen percent of the projected qualified rehabilitation expenditures provided for in the agreement.

(b) For a qualified rehabilitation project with final qualified rehabilitation expenditures of more than seven hundred fifty thousand dollars but not more than six million dollars, ten percent of the projected qualified rehabilitation expenditures provided for in the agreement.

(c) For a qualified rehabilitation project with final qualified rehabilitation expenditures of more than six million dollars, five percent of the projected qualified rehabilitation expenditures provided for in the agreement.

(4) The commencement date of the qualified rehabilitation project, which shall not be later than the end of the fiscal year in which the agreement is entered into.

(5) The completion date of the qualified rehabilitation project, which shall be within thirty-six months of the commencement date.

(6) The date on which the agreement terminates, which date shall not be earlier than five years from the date on which the tax credit certificate is issued.

a. The eligible taxpayer shall, for the length of the agreement, annually certify to the authority compliance with the requirements of the agreement. The certification shall be made at such time as the authority shall determine in the agreement.

b. The eligible taxpayer shall have the burden of proof to demonstrate to the authority that all requirements of the agreement are satisfied. The taxpayer shall notify the authority in a timely manner of any changes in the qualification of the rehabilitation project or in the eligibility of the taxpayer to claim the tax credit provided under this chapter, or of any other change that may have a negative impact on the eligible taxpayer’s ability to successfully complete any requirement under the agreement.

c. (1) If after entering into the agreement but before a tax credit certificate is issued, the eligible taxpayer or the qualified rehabilitation project no longer meets the requirements of the agreement, the authority may find the taxpayer in default under the agreement and may revoke the tax credit award.

(2) If an eligible taxpayer obtains a tax credit certificate from the authority by way of a prohibited activity, the eligible taxpayer and any transferee shall be jointly and severally liable to the state for the amount of the tax credits so issued, interest and penalties allowed under chapter 422, and reasonable attorney fees and litigation costs, except that the liability of the transferee shall not exceed an amount equal to the amount of the tax credits acquired by the transferee. The department of revenue, upon notification or discovery that a tax credit certificate was issued to an eligible taxpayer by way of a prohibited activity, shall revoke any outstanding tax credit and seek repayment of the value of any tax credit already claimed, and the failure to make such a repayment may be treated by the department of revenue in the same manner as a failure to pay the tax shown due or required to be shown due with the filing of a return or deposit form. A qualifying transferee is not subject to the liability, revocation, and repayment imposed under this subparagraph.

(3) For purposes of this paragraph:

(a) “Control” means when a person, directly or indirectly or acting through or together with one or more persons, satisfies any of the following:

(i) Owns, controls, or has the power to vote fifty percent or more of any class of voting securities or voting membership interests of another person.

(ii) Controls, in any manner, the election of a majority of the directors, managers, trustees, or other persons exercising similar functions of another person.

b. The governing body of a county may, by ordinance, designate an area of the county outside the boundaries of a city as a disaster revitalization area if that area is within a county or portion of a county in which the governor has proclaimed a disaster emergency or the United States president has declared a major disaster.

2009 Acts, ch 100, §23, 30

Referred to in §404B.2

404B.2 Conditions mandatory.

A city or county may only exercise the authority conferred upon it in this chapter after all of the following conditions have been met:

1. The governing body has adopted a resolution finding that the property located within the area was damaged by a disaster, that revitalization of the area is in the economic interest of
the residents of the city or county, as applicable, and the area substantially meets the criteria of section 404B.1.

2. The city or county has prepared a proposed plan for the designated disaster revitalization area. The proposed disaster revitalization plan shall include all of the following:
   a. A legal description of the real property forming the boundaries of the proposed area along with a map depicting the existing parcels of real property.
   b. The assessed valuation of the real property in the proposed area as of January 1, 2007, listing the land and building values separately.
   c. A list of names and addresses of the owners of record of real property within the area.

A definition of revitalization may also include a requirement for a minimum increase in assessed valuation of individual parcels of property in the area.
   h. A statement specifying the duration of the designated disaster revitalization area.
   i. A description of planned measures to mitigate or prevent future disaster damage in the area.
   j. A description of revitalization projects commenced prior to the effective date of the plan that are eligible for the exemption under section 404B.4.

3. a. The city or county has scheduled a public hearing and published notice of the hearing in accordance with section 362.3 or 331.305, as applicable. In addition to notice by publication, notification shall also be given by ordinary mail to the last known address of the owners of record. The city or county shall also send notice by ordinary mail addressed to the “occupants” of addresses located within the proposed area, unless the governing body of the city or county, by reason of lack of a reasonably current and complete address list, or for other good cause, shall have waived the notice.
   b. The notice provided by mail to owners and occupants within the area shall be given no later than thirty days before the date of the public hearing.

4. The public hearing has been held.

   2009 Acts, ch 100, §24, 30

404B.3 Disaster revitalization plan amendments.

Notice of the hearing shall be published as provided in section 362.3 or 331.305, except that at least seven days’ notice must be given, and the public hearing shall not be held earlier than the next regularly scheduled city council or board of supervisors meeting following the published notice. Notice shall also be provided by ordinary mail to owners and occupants within the area and any proposed addition to the area.

2. A city which has adopted a plan for a disaster revitalization area that covers all property within the city limits may amend that plan at any time, pursuant to this section, to include property which has been or will be annexed to the city. The provisions of the original disaster revitalization plan shall be applicable to the property that is annexed and the property shall be considered to have been part of the disaster revitalization area as of the effective date of its annexation to the city. The notice and hearing provisions of subsection 1 shall apply to amendments under this subsection.
   2009 Acts, ch 100, §25, 30
404B.4 Basis of tax exemption.
1. All real property within a disaster revitalization area is eligible to receive a one hundred percent exemption from taxation on the increase in assessed value of the property, as compared to the property's assessed value on January 1, 2007, if the increase in assessed value is attributable to revitalization of the property occurring between May 25, 2008, and December 31, 2013. The exemption is for a period not to exceed five years, starting with an assessment year beginning on or after January 1, 2010.
2. A city or county may adopt a different tax exemption percentage than the exemption provided in subsection 1. The different percentage adopted shall not allow a greater exemption, but may allow a smaller exemption. A different percentage adopted by a city or county shall apply to every disaster revitalization area within the city or county. The owners of real property eligible for the exemption provided in this section shall elect to take the exemption or shall elect to take an eligible exemption provided under another statute. Once the election has been made and the exemption granted, the owner is not permitted to change the method of exemption.

The application for exemption shall be filed by the owner of the property with the local assessor by February 1 of the first assessment year for which the exemption is requested. Applications for exemption shall be made on forms prescribed by the local assessor and shall contain information pertaining to the requirements under this section and any requirements imposed by a city or county governing body.

2009 Acts, ch 100, §27, 30

404B.6 Physical review of property by assessor.
The local assessor shall review each application by making a physical review of the property to determine if the revitalization project increased the assessed value of the real property. If the assessor determines that the assessed value of the real property has increased, the assessor shall proceed to determine the assessed value of the property and certify the valuation determined to the county auditor at the time of transmitting the assessment rolls. The assessor shall notify the applicant of the determination, and the assessor's decision may be appealed to the local board of review at the times specified in section 441.37. After the tax exemption is granted, the local assessor shall continue to grant the tax exemption, with periodic physical review by the assessor, for the time period specified by ordinance. The tax exemption for the succeeding years shall be granted without the taxpayer having to file an application for the succeeding years, unless additional revitalization projects occur on the property.
