When the operator of any mine neglects or refuses for a period of ninety days to furnish to the state geologist the map or plan, or a copy thereof, of such mine or any extension thereof, as provided in this chapter, the state geologist shall cause to be made an accurate map or plan of such mine or extension as the case may be, at the expense of the operator. The cost shall be paid by the state and recovered from such operator. It shall be the duty of the county attorney of the county in which such mine is located, at the request of the state geologist, to bring action in the name of the state for such recovery.

### 456.13 Maps property of state — custody — copies.

The maps so delivered to the state geologist shall be the property of the state and shall remain in the custody of the state geologist. They shall be kept at the office of the Iowa geological survey and be open to examination by all persons interested in the maps; but such examination shall only be made in the presence of the state geologist or a designee, and the state geologist shall not permit any copies of the maps to be made without the written consent of the operator or the owner of the property, except as provided in section 456.11 or if the mine has been abandoned for at least five years.

456.14 Water resource management.  
1. The state geologist shall maintain historical data, collect existing data, and compile new data regarding water resources, including surface water sources and groundwater sources, and geological formations that impact upon those water resources. Such data shall be managed in a manner that allows it to be made available for use by the department of natural resources and the public.

2. The state geologist shall measure, assess, and evaluate groundwater sources and subsurface geological formations in a manner that assists the department of natural resources in optimizing allocations and uses of groundwater sources in this state, including as provided in chapter 455B, division III, part 4. The state geologist may use data described in subsection 1 to measure, assess, and evaluate all of the following:
   a. The sustainability and existing or potential vulnerabilities of groundwater sources.
   b. The risk, prediction, or indication of drought, the impacts of drought, and the presence, intensity, or duration of drought conditions.
   c. Subsurface geologic hazards to groundwater resources.
   d. The recharge of groundwater sources, including recharge rates.
   e. The presence of reserves of groundwater sources.
   f. The potential of groundwater sources present in subsurface geologic formations.

3. The state geologist shall develop and use management tools, computer programming, or modeling as necessary or convenient to administer this section.

4. The state geologist shall prepare, use, and make available maps or other methods of presentation that provide for the geospatial visualization of data described in subsection 1 as necessary or convenient to administer this section.

5. Upon request by the department of natural resources, the state geologist shall assist the department in regulating water quantity from water resources as provided in section 455B.262B.
CHAPTER 456A
REGULATION AND FUNDING — NATURAL RESOURCES DEPARTMENT

Referred to in §455A.4, 455A.5, 481A.1

This chapter not enacted as a part of this title; transferred from chapter 107 in Code 1993

§456A.1 Definitions.
As used in this chapter unless the context otherwise requires:
1. “Commission” means the natural resource commission.
2. “Department” means the department of natural resources created under section 455A.2.
3. “Director” means the director of the department.

456A.13 Officers and employees — peace officer status.
The director shall employ the number of assistants, including a professionally trained state forester, that are necessary to carry out the duties imposed on the commission; and, under the same conditions, the director shall appoint the number of full-time officers and supervisory personnel that are necessary to enforce all laws of the state and rules and regulations of the commission. The full-time officers and supervisory personnel have the same powers that are conferred by law on peace officers in the enforcement of all laws of the state of Iowa and the apprehension of violators. A person appointed as a full-time officer shall be at least twenty-one years of age on the date of appointment and shall not be employed as a full-time officer after attaining the age of sixty-five. “Full-time officer” means any person appointed by the director to enforce the laws of this state.

456A.16 Income tax refund checkoff for fish and game protection fund.
1. A person who files an individual or a joint income tax return with the department of revenue under section 422.13 may designate any amount to be paid to the state fish and game protection fund. If the refund due on the return or the payment remitted with the return is insufficient to pay the additional amount designated by the taxpayer to the state fish and game protection fund, the amount designated shall be reduced to the remaining amount of refund or the remaining amount remitted with the return.

2. The revenues received shall be used within the state of Iowa for habitat development and shall be deposited in the state fish and game protection fund. The revenue may be used for the matching of federal funds. The revenues and matched federal funds may be used for
acquisition of land, leasing of land, or obtaining of easements from willing sellers for use of land as wildlife habitats for game and nongame species. Not less than fifty percent of the funds derived from the checkoff shall be used for the purposes of preserving, protecting, perpetuating, and enhancing nongame wildlife in this state. Nongame wildlife includes those animal species which are endangered, threatened, or not commonly pursued or killed either for sport or profit. Notwithstanding the exemption in section 427.1, the land acquired with the revenues and matched federal funds is subject to the full consolidated levy of property taxes which shall be paid from those revenues. In addition, the revenues may be used for the development and enhancement of wildlife lands and habitat areas and for research and management necessary to qualify for federal funds.

3. The director of revenue shall draft the income tax form to allow the designation of contributions to the state fish and game protection fund on the tax return.

4. The department of revenue on or before January 31 of the year following the preceding calendar year shall certify the total amount designated on the tax return forms due in the preceding calendar year and shall report the amount to the state treasurer. The state treasurer shall credit the amount to the state fish and game protection fund.

5. The general assembly shall appropriate annually from the state fish and game protection fund the amount credited to the fund from the checkoff to the department for the purposes specified in this section.

6. The action taken by a person for the checkoff is irrevocable.

7. The department shall adopt rules pursuant to chapter 17A to implement this section.

However, before a checkoff pursuant to this section shall be permitted, all liabilities on the books of the department of administrative services and accounts identified as owing under section 8A.504 shall be satisfied.

456A.17 Funds — restrictions.

1. The following four funds are created in the state treasury:
   a. A state fish and game protection fund.
   b. A state conservation fund.
   c. An administration fund.
   d. A county conservation board fund.

2. The state fish and game protection fund, except as otherwise provided, consists of all moneys accruing from license fees and all other sources of revenue arising under the fish and wildlife programs. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys in the state fish and game protection fund shall be credited to that fund.

3. The county conservation board fund consists of all moneys credited to it by law or appropriated to it by the general assembly.

4. The state conservation fund, except as otherwise provided, consists of all other funds accruing to the department for the purposes embraced by this chapter.

5. The administration fund shall consist of an equitable portion of the gross amount of the state fish and game protection fund and the state conservation fund, to be determined by the commission, sufficient to pay the expense of administration entailed by this chapter.

6. All receipts and refunds and reimbursements related to activities funded by the administration fund are appropriated to the administration fund. All refunds and reimbursements relating to activities of the state fish and game protection fund shall be credited to the state fish and game protection fund.

7. Notwithstanding section 8.33, revenues deposited in the state conservation fund, and
remaining in the state conservation fund on June 30 of any fiscal year shall not revert to the general fund of the state but shall remain available for expenditure for one year after the close of the fiscal year during which such revenues were deposited. Any such revenues remaining unexpended at the end of the one-year period during which the revenues are available for expenditure shall revert to the general fund of the state.

8. The department may apply for a loan for the construction of facilities for the collection and treatment of waste water and for the supply, treatment, and distribution of drinking water under the state water pollution control works and drinking water facilities financing program as established in sections 455B.291 through 455B.299. In order to provide for the repayment of a loan granted under the financing program, the commission may impose a lien on not more than ten percent of the annual revenues from user fees and related revenue derived from park and recreation areas under chapter 461A which are deposited in the state conservation fund. If a lien is established as provided in this paragraph, repayment of the loan is the first priority on the revenues received and dedicated for the loan repayment each year.

456A.19 Expenditures.
1. All funds accruing to the fish and game protection fund, except an equitable portion of the administration fund, shall be expended solely in carrying on fish and wildlife activities. Expenditures incurred by the department in carrying on the activities shall be only on authorization by the general assembly.
   a. The department shall by October 1 of each year submit to the department of management for transmission to the general assembly a detailed estimate of the amount required by the department during the succeeding year for carrying on fish and wildlife activities. The estimate shall be in the same general form and detail as required by law in estimates submitted by other state departments.
   b. Any unexpended balance at the end of the biennium shall revert to the fish and game protection fund.
   c. All administrative expense shall be paid from the administration fund.
   d. All other expenditures shall be paid from the state conservation fund.
2. All expenditures under this chapter are subject to approval by the director of the department of management and the director of the department of administrative services.
3. All moneys credited to the county conservation board fund shall be used to provide grants to county conservation boards to provide funding for the purposes of chapter 350. These grants are in addition to moneys appropriated to the conservation boards from the county boards of supervisors. The grants shall be made to the conservation boards based upon the needs of the boards. Applications shall be made by the boards to the commission.

456A.20 Limitation on nursery stock — exception.
1. Moneys appropriated to the department which are used in growing or handling nursery stock shall be used for growing or handling of the nursery stock for distribution only on state-owned lands. However, the department may do any of the following:
   a. Produce and sell game cover packets and trees for erosion control at private sale.
   b. Produce trees for a demonstration windbreak in each township in the state.
   c. Dispose of growing trees under a departmental plan of distribution.
2. The department shall deposit a portion of the moneys that it receives from selling trees and shrubs as provided in this section to the forestry management and enhancement fund as created in section 456A.21. The amount deposited in the fund shall equal five cents for each coniferous tree and ten cents for each hardwood tree and shrub sold.

456A.21 Forestry management and enhancement fund.
1. A forestry management and enhancement fund is created in the state treasury under the department’s control. The fund is composed of moneys deposited into the fund pursuant to section 456A.20, moneys appropriated by the general assembly, and moneys available to and obtained or accepted by the department from the United States or private sources for placement in the fund.
2. Moneys in the fund are subject to an annual audit by the auditor of state. The fund is subject to warrants written by the director of the department of administrative services, drawn upon the written requisition of the department.
3. The fund shall be used exclusively to support the management and enhancement of forests, including woodlands or timber stands in this state, on private lands in cooperation with the owners of those lands. The department shall use moneys in the fund to support the following full-time equivalent positions in addition to those supported from the general fund of the state:
   a. Four forestry technicians who shall serve regions of the state as designated by the department.
   b. One professional forester who shall serve the southwest region of the state.
4. The commission may adopt rules pursuant to chapter 17A to administer this section.
5. Section 8.33 shall not apply to moneys in the fund. Notwithstanding section 12C.7, moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this section.
Referred to in §456A.20

456A.23 General duties.
The department shall protect, propagate, increase, and preserve the wild mammals, fish, birds, reptiles, and amphibians of the state and enforce by proper actions and proceedings the laws, rules, and regulations relating to them. The department shall collect, classify, and preserve all statistics, data, and information as in its opinion tend to promote the objects
of this chapter, conduct research in improved conservation methods, and disseminate information to residents and nonresidents of Iowa in conservation matters.

C93, §456A.23

Referred to in §456A.26

456A.24 Specific powers.

The department is hereby authorized and empowered to:

1. Expend, as authorized by the general assembly under section 456A.19, any and all moneys accruing to the fish and game protection fund from any and all sources in carrying out the purposes of this chapter; any Act, or Acts, not consistent with this provision are hereby repealed so far as they may apply to the fish and game protection fund.

2. Acquire by purchase, condemnation, lease, agreement, gift, and devise lands or waters suitable for the purposes hereinafter enumerated, and rights-of-way thereto, and to maintain the same for the following purposes, to wit:
   a. Public hunting, fishing, and trapping grounds and waters to provide areas in which any person may hunt, fish, or trap in accordance with the law and the rules of the department;
   b. Fish hatcheries, fish nurseries, game farms, and wild mammal, fish, bird, reptile, and amphibian refuges.

3. Extend and consolidate lands or waters suitable for the above purposes by exchange for other lands or waters and to purchase, erect, and maintain buildings necessary to the work of the department.

4. Capture, propagate, buy, sell, or exchange any species of wild mammal, fish, bird, reptile, and amphibian needed for stocking the lands or waters of the state, and to feed, provide for, and care for them.

5. The department is hereby authorized to adopt and enforce such departmental rules governing procedure as may be necessary to carry out the provisions of this chapter; also to carry out any other laws the enforcement of which is vested in the department.

6. The department is hereby further authorized to adopt, publish, and enforce such administrative orders as are authorized in section 481A.38.

7. Pay the salaries, wages, compensation, traveling, and other necessary expenses of the commissioners, director, officers, and other employees of the department, and to expend money for necessary supplies and equipment, and to make such other expenditures as may be necessary for the carrying into effect the purposes of this chapter.

8. Control by shooting or trapping any wild mammal, fish, bird, reptile, and amphibian for the purpose of preventing the destruction of or damage to private or public property, but shall not go upon private property for that purpose without the consent of the owner or occupant.

9. Provide for the protection against fire and other destructive agencies on state and privately owned forests, parks, wildlife areas, and other property under its jurisdiction, and cooperate with federal and other state agencies in protection programs approved by the department, and with the consent of the owner, on privately owned areas.

10. Provide conservation employees, when on duty, suitable uniforms, equipment, arms, and supplies.

11. Establish a program governing the harvesting and sale of American ginseng subject to the convention on international trade in endangered species of wild fauna and flora and adopt rules providing for the time and conditions for harvesting the ginseng, the registration of dealers and exporters, the records kept by dealers and exporters, and the certification of legal taking. The time for harvesting of wild ginseng shall not begin before September 1 or extend beyond November 1. A person violating this subsection or rules adopted by the department pursuant to this subsection is subject to a scheduled fine pursuant to section 805.8B, subsection 4.

13. Apply to any appropriate agency or officer of the United States government to participate in or receive aid from any federal program relating to forests or forestry management. The department may enter into contracts and agreements with the United States government or an appropriate agency of the United States government as necessary to secure funding for the acquisition, development, improvement, and management of forests and forestry resources and to provide funds or assistance to local governments or private citizens involved in forestry management. In connection with obtaining the benefits of a forestry program, the director shall coordinate the department’s activities with and represent the interests of all state agencies and the political subdivisions of the state having interests in forests or forestry management.

14. Enter into an interstate wildlife violators compact with one or more states to enforce state laws and rules relating to the protection and conservation of wildlife subject to the requirements of section 28E.9. The commission may adopt rules as necessary for the implementation of the compact.

456A.30 Federal assistance for outdoor recreation.
The legislature finds that the state of Iowa and its subdivisions should enjoy the benefits of federal assistance programs for the planning and development of the outdoor recreation resources of the state, including the acquisition of lands and waters and interests therein. It is the purpose of this section and sections 456A.31 through 456A.34 to provide authority to enable the state of Iowa and its subdivisions to participate in the benefits of such programs.

456A.32 Application for aid.
The department may apply to any appropriate agency or officer of the United States for participation in or the receipt of aid from any federal program respecting outdoor recreation. The department may enter into contracts and agreements with the United States or any appropriate agency of the United States and, for purposes of preparation, maintenance, and updating of the comprehensive plan, may from time to time engage and contract for the services and advice of a professional planner of outdoor recreation plans and facilities and hire employees for such purposes as deemed necessary. In connection with obtaining the benefits of any such program, the department shall coordinate the department’s activities with and represent the interests of all agencies and subdivisions of the state having interests
in the planning, development, and maintenance of outdoor recreation resources and facilities.

456A.33B Lake restoration plan and report.
1. For purposes of this section, unless the context otherwise requires:
   (a) “Lake” includes a significant public lake and a public shallow lake or wetland.
   (b) “Public shallow lake or wetland” means a water body that meets the following criteria:
       (1) Is owned by the federal government, the state of Iowa, a county, or a municipal government, and is maintained principally for public use.
       (2) Is a multi-use system capable of supporting diverse wildlife, fish, or recreational opportunities.
       (3) Has a surface water area of at least ten acres.
       (4) Does not have a watershed-to-lake surface area ratio of greater than two hundred to one.
       (5) Is an open freshwater system where maximum depth is typically less than six to eight feet at its deepest spot and is under four and one-half feet mean depth.
       (6) Is typically fringed by a border of emergent vegetation in water depth less than six feet and when clear is dominated by both emergent and submergent vegetation and provides important wildlife and fish habitat.
        (c) “Significant public lake” means a lake that meets all of the following criteria:
            (1) Is owned by the federal government, the state of Iowa, a county, or a municipal government, and is maintained principally for public use.
            (2) Is a multi-use system capable of supporting diverse wildlife, fish, or recreational opportunities.
            (3) Has a surface water area of at least ten acres.
            (4) Does not have a watershed-to-lake surface area ratio of greater than two hundred to one.
            (5) Is not an on-stream impoundment that emulates riverine habitat rather than a lake environment.
            (6) Is not used solely as a water supply reservoir.
   2. (a) It is the intent of the general assembly that the department of natural resources
shall develop annually a lake restoration plan and report that shall be submitted to the joint appropriations subcommittee on transportation, infrastructure, and capitals and the legislative services agency by no later than January 1 of each year. The plan and report shall include the department’s plans and recommendations for lake restoration projects to receive funding consistent with the process and criteria provided in this section, and shall include the department’s assessment of the progress and results of projects funded with moneys appropriated under this section.

b. The department shall recommend funding for lake restoration projects that are designed to achieve the following goals:
   (1) Ensure a cost-effective, positive return on investment for the citizens of Iowa.
   (2) Ensure local community commitment to lake and watershed protection.
   (3) Ensure significant improvement in water clarity, safety, and quality of Iowa lakes.
   (4) Provide for a sustainable, healthy, functioning lake system.
   (5) Result in the removal of the lake from the impaired waters list.
   (6) When restored, will contribute to the department’s fish and wildlife conservation plans.

3. The process and criteria the department shall utilize to recommend funding for lake restoration projects shall be as follows:

a. The department, with input from stakeholders, shall maintain an annual list of not more than thirty-five significant public lakes and not more than five public shallow lakes or wetlands to be considered for funding based on the feasibility of restoring each lake and the use or potential use of the lake, if restored. The list shall include lake projects under active development that the department shall recommend be given priority for funding so long as progress toward completion of the projects remains consistent with the goals of this section.

b. The department shall meet with stakeholders and representatives of communities where lakes on the annual list are located to provide an annual lake restoration assessment and to explain the process and criteria for receiving lake restoration funding. Communities with lakes not included on the annual list may petition the director of the department for a preliminary lake restoration assessment and explanation of the funding process and criteria. The department shall work with stakeholders and representatives of each community to develop a joint lake restoration action plan. At a minimum, each joint action plan shall document the causes, sources, and magnitude of lake impairment, evaluate the feasibility of the lake and watershed restoration options, establish water quality and fishery and wildlife goals and a schedule for attainment, describe long-term management actions, assess the economic benefits of the project, identify the sources and amounts of any leveraged funds, and describe the community’s commitment to the project, including local funding. The stakeholders’ and community’s commitment to the project may include moneys to fund a lake diagnostic study and watershed assessment, including development of a TMDL (total maximum daily load).

c. Each joint lake restoration action plan shall comply with the following guidelines:
   (1) Biologic controls will be utilized to the maximum extent, wherever possible.
   (2) If proposed, dredging of the lake will be conducted to a mean depth of at least eight feet to gain water quality benefits unless a combination of biologic and structural controls is sufficient to assure water quality targets will be achieved at a shallower average water depth.
   (3) The costs of lake restoration will include the maintenance costs of improvements to the lake.
   (4) Delivery of phosphorus and sediment from the watershed will be controlled and in place before lake restoration begins. Loads of phosphorus and sediment, in conjunction with in-lake management, will meet or exceed the following water quality targets:
      (a) Clarity. A four-and-one-half-foot Secchi depth will be achieved fifty percent of the time from April 1 through September 30.
      (b) Safety. Beaches will meet water quality standards for recreational use.
      (c) Biota. A diverse, balanced, and sustainable aquatic community will be maintained.
      (d) Sustainability. The water quality benefits from the restoration efforts will be sustained for at least fifty years.

d. The department shall evaluate the joint action plans and prioritize the plans based on
the criteria required in this section. The department’s annual lake restoration plan and report shall include the prioritized list and the amounts of state and other funding the department recommends for each lake restoration project. The department shall seek public comment on its recommendations prior to submitting the plan and report to the general assembly.

456A.33C On-stream impoundment restoration fund.

1. For purposes of this section, unless the context otherwise requires, “eligible water body” means a body of water that meets all of the following criteria:
   a. Is owned by the state of Iowa, a county, a municipal government, or a public entity organized under chapter 357E.
   b. Is a multi-use system capable of supporting diverse wildlife, fish, and recreational opportunities.
   c. Has a surface water area of at least ten acres.
   d. Has a watershed-to-body of water ratio of not less than two hundred to one and not more than one thousand to one.
   e. Is a public body of water with public access.
   f. Has diverse water depths and is capable of supporting aquatic vegetation.
   g. Is not used solely as a water supply reservoir.

2. An on-stream impoundment restoration fund is created in the state treasury under the control of the department. The fund shall consist of all moneys appropriated to the fund.

3. a. Moneys in the on-stream impoundment restoration fund are appropriated to the department subject to the requirements of this section for purposes of funding projects for the maintenance, restoration, and sustainability of eligible water bodies and their related watersheds.

b. The department shall fund projects from the on-stream impoundment restoration fund for eligible water bodies that are designed to achieve the following goals:
   (1) Ensure a cost-effective, positive return on investment for the citizens of Iowa.
   (2) Ensure local community commitment to watershed protection.
   (3) Ensure significant improvement in water clarity, safety, and quality.
   (4) Provide for sustainable, healthy, and functioning bodies of water.
   (5) Contribute to the department’s fish and wildlife conservation plans.

c. The process and criteria the department shall utilize to fund projects under this section shall favor proposals which include nonstate matching funds of at least one dollar for every dollar of state funding, and funding for watershed improvement practices and participation of corresponding watershed management authority.

4. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the on-stream impoundment restoration fund shall be credited to the on-stream impoundment restoration fund. Notwithstanding section 8.33, moneys credited to the on-stream impoundment restoration fund that remain unobligated and unencumbered at the close of a fiscal year shall not revert.

456A.34 Limit on state’s commitment.
The department shall not make a commitment or enter into an agreement pursuant to an exercise of authority under sections 456A.30 through 456A.33 until the department has determined that sufficient funds are available to the department for meeting the state’s share, if any, of project costs. It is the legislative intent that, to the extent necessary to assure the proper operation and maintenance of areas and facilities acquired or developed pursuant to any program participated in by this state under authority of these sections, the areas and facilities shall be publicly maintained for outdoor recreation purposes. The department may enter into and administer agreements with the United States or any appropriate agency of the United States for planning, acquisition, and development projects involving participating
federal aid funds on behalf of any subdivision of this state, if the subdivision gives necessary assurances to the department that it has available sufficient funds to meet its shares, if any, of the cost of the project and that the acquired or developed areas will be operated and maintained at the expense of the subdivision for public outdoor recreation use.

456A.36 Timber buyers.
1. As used in this section, unless the context otherwise requires:
   a. “Employee” means a person in service or under contract for hire, expressed or implied, oral or written, who is engaged in any phase of the enterprise or business.
   b. “Timber” means trees, standing or felled, and logs which can be used for sawing or processing into lumber for building or structural purposes or for the manufacture of an article. However, “timber” does not include firewood, Christmas trees, fruit or ornamental trees or wood products not used or to be used for building, structural, manufacturing, or processing purposes.
   c. “Timber buyer” means a person engaged in the business of buying timber from the timber growers for sawing into lumber, for processing, or for resale, but does not include a person who occasionally purchases timber for sawing or processing for the person’s own use and not for resale. “Timber buyer” includes a person who contracts with a timber grower on a shared-profit basis to harvest timber from the timber grower’s land.
   d. “Timber grower” means the owner, tenant, or operator of land in this state who has an interest in, or is entitled to receive a part of the proceeds from, the sale of timber grown in this state and includes a person exercising authority to sell timber.

2. a. (1) A timber buyer shall file with the commission a surety bond signed by the person as principal and a corporate surety authorized to engage in the business of executing surety bonds within the state. In lieu of a corporate surety a timber buyer may, with the approval of the commission, file a bond signed by the timber buyer as principal and accompanied by a bank certificate of deposit in a form approved by the commission showing to the satisfaction of the commission that funds equal to the amount of the required bond are on deposit in a bank to be held by the bank for the period covered by the certificate. The funds shall be made payable upon demand to the director, subject to the provisions of this section, for the use and benefit of the people of the state and for the use and benefit of a timber grower from whom the timber buyer purchased and who is not paid by the timber buyer or for the use and benefit of a timber grower whose timber has been cut by the timber buyer or the timber buyer’s agents, and who has not been paid.
   (2) The principal amount of the bond shall be ten percent of the total amount paid to timber growers during the preceding year, plus ten percent of the total amount due or delinquent and unpaid to timber growers at the end of the preceding year, and ten percent of the market value of growers’ shares of timber harvested during the previous year. However, the total amount of the bond shall be not less than three thousand dollars and not more than fifteen thousand dollars.
   (3) The bond or surety shall not be canceled or altered except upon at least sixty days’ notice in writing to the commission.
   (4) Bonds shall be in the form approved by the director, be conditioned to secure an honest cutting and accounting for timber purchased by the timber buyer; secure payment to the
timber growers, and insure the timber growers against all fraudulent acts of the timber buyer in the purchase and cutting of the timber of this state.

b. If a timber buyer fails to pay when due an amount due a timber grower for timber purchased, or fails to pay legally determined damages for timber wrongfully cut by a timber buyer or the buyer’s agent, or commits a violation of this section, an action on the bond for forfeiture may be commenced. The action is not exclusive and is in addition to other legal remedies available.

c. The timber grower, the owner of timber cut, or the director may bring action on the bond for payment of the amount due from proceeds of the bond in the district court of the county in which the place of business of the timber buyer is situated or in any other lawful venue.

d. The attorney general, upon request of the commission, shall institute proceedings to have the bond of the timber buyer forfeited for violation of any of the provisions of this section or for noncompliance with a commission rule. A timber buyer whose bond has been forfeited shall not engage in the business of buying timber for one year after the forfeiture.

e. If the commission realizes more than the amount of liability from the security, after deducting expenses incurred in converting the security into money, the commission shall pay the excess to the timber buyer who furnished the security.

3. The following are violations of this section:

a. For a timber buyer to fail to pay, as agreed, for timber purchased.
b. For a timber buyer to cut or cause to be cut or appropriate timber not purchased.
c. For a timber buyer to willfully make a false statement in connection with the bond or other information required to be given to the commission or a timber grower.
d. For a timber buyer to fail to honestly account to the timber grower or the commission for timber purchased or cut if the buyer is under a duty to do so.
e. For a timber buyer to commit a fraudulent act in connection with the purchase or cutting of timber.
f. For a timber buyer to transport timber without written proof of ownership or the written consent of the owner.
g. For a person to purchase timber without obtaining, prior to taking possession of the timber, written proof of the vendor’s ownership of the timber or the written consent of the owner of the timber. The purchaser shall keep the written proof of ownership or consent on file for at least three months from the date the timber was released to the purchaser’s possession.

4. a. With the written consent of the timber buyer, the commission, its agents and other employees may inspect the premises and records of the timber buyer.
b. If the timber buyer refuses admittance, or if prior to such refusal the director demonstrates the necessity for a warrant, the director may make application under oath to the district court of the county in which the premises or records are located for the issuance of a search warrant.
c. In the application the director shall state that an inspection of the premises or record designated in the application may result in evidence tending to reveal the existence of violations of the provisions of this section or rule issued by the commission pursuant to this section. The application shall describe the premises or records to be inspected, give the date of the last inspection if known, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute or rule pursuant to which inspection is to be made.
d. The court may issue a search warrant, after examination of the applicant and any witnesses, if the court is satisfied that there is probable cause to believe the existence of the allegations contained in the application.
e. In making investigations, examinations, or surveys pursuant to the authority of this subsection, the director must execute the warrant in a reasonable manner within ten days after its date of issuance.

5. A person who engages in business as a timber buyer without filing a bond or surety
with the commission or in violation of any of the provisions of this section, or a timber buyer who refuses to permit inspection of premises, books, accounts, or records as provided in this section is guilty of a serious misdemeanor.

6. The commission may promulgate rules as necessary to carry out the provisions of this section.

7. The commission may, by application to a district court, obtain an injunction restraining a person who engages in the business of timber buying in this state from engaging in the business until that person complies with this section. Upon refusal or neglect to obey the order of the court, the court may compel obedience by proceedings for contempt.

456A.37 Aquatic invasive species — prevention and control.

1. Definitions. As used in this section:
   a. “Aquatic invasive species” means a nonnative wildlife or plant species that has been determined by the department to pose a significant threat to the aquatic resources or water infrastructure of the state.
   b. “Aquatic plant” means a submersed, emergent, floating, or floating-leaved plant, including algae, and includes any part of such a plant.
   c. “Bait” means the same as defined in section 481A.1.
   d. “Water-related equipment” means a motor vehicle, boat, watercraft, dock, boat lift, raft, vessel, trailer, tool, implement, device, or any other associated equipment or container, including but not limited to portable bait containers, live wells, ballast tanks, bilge areas, and water-hauling equipment that is capable of containing or transporting aquatic invasive species, aquatic plants, or water.

2. Rulemaking. The commission shall adopt rules pursuant to chapter 17A for the implementation and administration of this section. The rules shall do all of the following:
   a. Restrict the introduction, propagation, use, possession, and spread of aquatic invasive species.
   b. Identify waters of the state with infestations of aquatic invasive species. The commission shall require that such waters be posted as infested.
   c. If the commission determines that an additional species should be defined as an “aquatic invasive species”, the species shall be defined by the commission by rule as an “aquatic invasive species”.

3. Prohibitions.
   a. A person shall not transport on a public road, or place or attempt to place into waters of the state, any water-related equipment that has an aquatic invasive species or aquatic plant attached to or within the water-related equipment except as follows:
      (1) When authorized by a written permit issued by the director upon a finding that the person is unable to comply with the requirements of this lettered paragraph “a”, is substantially impacted by the prohibitions of this lettered paragraph “a”, and is affording adequate protection of the aquatic resources or water infrastructure of the state by an alternative means.
      (2) When the department, or other governmental entity approved by the director, is undertaking management activities that would constitute prohibited activities under this lettered paragraph “a” but are necessary to manage the aquatic resources or water infrastructure of the state, including but not limited to aquatic invasive species control, and sufficient mitigation efforts are undertaken to avoid or minimize, to the greatest extent possible, exposure of the waters of the state to an aquatic invasive species.
      (3) When disposing of or engaging in a control activity of an aquatic invasive species and exposure to other waters of the state is minimized.
      (4) When transporting commercial or municipal aquatic plant harvesting equipment to a suitable location away from any waters of the state, for purposes of cleaning the equipment of any remaining aquatic plants or wildlife.
(5) When water-related equipment is legally purchased or traded by or from a commercial source.

(6) For purposes of constructing or transporting a shooting or observation blind, provided that there are no aquatic invasive species present on or in the blind, and the aquatic plants used on or in the blind are emergent, cut above the waterline, and contain no propagules such as seed heads, roots, or rhizomes.

(7) For purposes of submitting a sample to the department or to another entity as directed by the department, provided that the sample is in a sealed container. Any test results of such samples shall be reported to the department.

(8) When engaged in emergency response activities, provided that the person engaged in such activities is affiliated with a law enforcement agency or an agency with emergency response authority.

(9) When otherwise permitted under a disaster declaration issued consistent with chapter 29C.

b. A person shall drain all water from water-related equipment when leaving the waters of the state and before transporting the water-related equipment off a water access area or riparian property. Drain plugs, bailers, valves, or other devices used to control the drainage of water from ballast tanks, bilges, and live wells shall be removed or opened while transporting water-related equipment except as follows:

(1) When authorized by a written permit issued by the director upon a finding that the person is unable to comply with the requirements of this lettered paragraph "b", is substantially impacted by the prohibitions of this lettered paragraph "b", and is affording adequate protection of the aquatic resources or water infrastructure of the state by an alternative means.

(2) When the department, or other governmental entity approved by the director, is undertaking management activities that would constitute prohibited activities under this lettered paragraph "b" but are necessary to manage the aquatic resources or water infrastructure of the state, including but not limited to aquatic invasive species control, and sufficient mitigation efforts are undertaken to avoid or minimize, to the greatest extent possible, exposure of the waters of the state to an aquatic invasive species.

(3) When water-related equipment constitutes a marine sanitary system, a closed engine cooling system, or is a tank or container of potable drinking water or other beverage intended for human consumption.

(4) When engaged in emergency response activities, provided that the person engaged in such activities is affiliated with a law enforcement agency or an agency with emergency response authority.

(5) When otherwise permitted under a disaster declaration issued consistent with chapter 29C.

c. A person who violates this subsection is subject to a scheduled fine pursuant to section 805.8B, subsection 5.

4. Inspections. Persons operating and transporting water-related equipment shall inspect the equipment for aquatic invasive species when the equipment is removed from, or before entering waters of the state. If an aquatic invasive species is present on or within the water-related equipment, the aquatic invasive species shall be removed immediately. Any water-related equipment is subject to inspection by a representative of the department. A representative of the department may prohibit a person from placing or operating water-related equipment in waters of the state if the person refuses to allow an inspection of the water-related equipment or refuses to remove and dispose of aquatic invasive species, aquatic plants, or water on or within the water-related equipment.

456A.38 Lease to beginning farmers program.

1. As used in this section, unless the context otherwise requires:
a. “Agricultural land”, “beginning farmer”, and “farming” mean the same as defined in section 16.58.

b. “Authority” means the same as defined in section 16.1.

c. “Program” means the lease to beginning farmers program as provided in this section.

2. The department of natural resources shall establish and administer a lease to beginning farmers program. The department shall annually lease agricultural land that it holds or manages as wildlife habitat in each county to beginning farmers seeking to participate in the program. The department shall advertise the program in a manner that encourages wide participation by beginning farmers to lease the agricultural land.

3. The department shall establish annual lease payments for available agricultural land under the program by using the following criteria:

   a. Market factors.
   
   b. Prior leases for the same or comparable agricultural land.
   
   c. The cost of establishment or maintenance of soil conservation practices, if applicable.
   
   d. Other criteria established by the department.

4. The department shall execute a lease with a beginning farmer selected to participate in the program after such person has been certified by the authority as a beginning farmer who meets the requirements of the authority, which shall be based on section 16.75, subsection 3, paragraphs “a”, “c”, “f”, and “g”.

5. a. If two or more beginning farmers seek to execute a lease under the program for the same agricultural land, the department shall select the beginning farmer to participate in the program by drawing lots.

   b. If no beginning farmer seeks to participate in the program, or no beginning farmer is found qualified to participate in the program, the department shall lease the agricultural land under another lease program that it administers pursuant to chapter 461A, including as provided in 571 IAC ch. 21.

6. The department shall establish terms and conditions in the lease for beginning farmers participating in the program. The lease executed by the department under the program shall at least include all of the following:

   a. The number of acres leased. The department shall not lease more than two hundred forty acres of agricultural land to a beginning farmer for the production of crops. However, this restriction does not apply to agricultural land leased for grazing livestock.
   
   b. The term of the lease. The term may be based on the use of the agricultural land. A lease shall not be for more than seven years. A beginning farmer shall not sublease the agricultural land.
   
   c. The required and permitted uses of the agricultural land during the lease term. The department may require the establishment of a conservation system, crop rotation, or cover crop, if appropriate. The department may require that a beginning farmer adopt generally accepted farming practices or soil conservation practices, so long as such practices are compatible with the department’s policies related to resource management and outdoor recreation.

7. At the end of a lease term, a beginning farmer who leased agricultural land under the program is eligible to be selected again to lease the same agricultural land. However, the department shall provide a preference to an available beginning farmer who has not previously participated in the program.

8. The department is not required to lease agricultural land under the program that it would not otherwise lease for farming. The department may lease agricultural land for farming under another lease program administered by the department pursuant to its authority under chapter 461A, including as provided in 571 IAC ch. 21, only after it has made agricultural land available for lease to all beginning farmers seeking to participate in the program.

9. The department shall adopt rules necessary to administer this section.

CHAPTER 456B
SPECIAL PROVISIONS — NATURAL RESOURCES DEPARTMENT

This chapter not enacted as a part of this title; transferred from chapter 108 in Code 1993

GENERAL PROVISIONS

456B.1 Definitions.
As used in this chapter unless the context otherwise requires:
1. “Commission” means the natural resource commission.
2. “Department” means the department of natural resources created under section 455A.2.
3. “Director” means the director of the department.
4. “Protected wetlands” means type 3, type 4, and type 5 wetlands as described in circular 39, “Wetlands of the United States”, 1971 Edition, published by the United States department of the interior. However, a protected wetland does not include land where an agricultural drainage well has been plugged causing a temporary wetland or land within a drainage district or levee district.
5. “Wetlands” means an area of two or more acres in a natural condition that is mostly under water or waterlogged during the spring growing season and is characterized by vegetation of hydric soils.

456B.7 Stream control on private lands.
1. Upon receiving consent in writing from the landowner, the department may enter upon private lands containing waters and streams draining into state-owned lakes and streams, for any or all of the following purposes:
   a. Deepening.
   b. Filling.
   c. Widening.
   d. Contracting.
   e. Improving and protecting banks.
   f. Constructing spillways and discharge structures.
   g. Controlling erosion on tributary land.
   h. Providing structures or other works conducive to the regulation of stream flow.
2. Any action taken by the commission under this section is subject to the approval of the environmental protection commission.
[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §108.7; 82 Acts, ch 1199, §53, 96]

456B.8 Jurisdiction — public access.
Any such agreement with any landowner shall give the commission jurisdiction of such land, waters, and streams to accomplish the purposes set out in said agreement and in case any improvement contemplated by section 456B.7 is for the sole purpose of improving any stream and not mainly for the purpose of preventing silting in a state-owned lake, then said agreement with the landowner shall include an easement of public access to said stream where improved and along the banks thereof.

456B.10 Artificial lakes — soil conservation.
In the construction of artificial lakes on intermittent streams, for which funds are appropriated by the general assembly, the commission shall not proceed with actual construction work unless and until soil conservation practices are in effect on at least seventy-five percent of the land comprising the watershed of the proposed impoundment, or a willingness to carry on such practices has been shown by the owners or operators of seventy-five percent of the land by signing of a soil conservation farm plan and cooperative agreements with the local soil and water conservation district governing body.

456B.11 Agricultural drainage wells — wetlands — conservation easements.
The department shall develop and implement a program for the acquisition of wetlands and conservation easements on and around wetlands that result from the closure or change in use of agricultural drainage wells upon implementation of the programs specified in section 460.302 to eliminate groundwater contamination caused by the use of agricultural drainage wells. The program shall be coordinated with the department of agriculture and land stewardship. The department may use moneys appropriated for this purpose from the agriculture management account of the groundwater protection fund in addition to other moneys available for wetland acquisition, protection, development, and management.

PROTECTED WETLANDS

456B.12 Inventory of protected wetlands.
1. The department shall inventory the wetlands and marshes of each county and make a preliminary designation as to which constitute protected wetlands. The department shall consult with the county conservation board in making the preliminary designations. Upon completion of the inventory with preliminary designations, the department shall use an existing map or prepare a map and a list of the marshes and wetlands which are designated
as protected wetlands in each county. The department shall file at least one copy of the list and map with the county conservation board and the county recorder. The department shall notify the landowners affected by the preliminary wetlands designation by certified mail. The notice shall state that any person may challenge the designation of the protected wetlands or may request the designation of additional marshes or wetlands as protected wetlands, by doing one of the following:

a. Filing a petition for a hearing with the director within sixty days following the date of notice. The petition shall state specifically the reasons for disputing the preliminary designations of the department. The hearing shall be held in the county within sixty days following the expiration of the sixty-day period for filing petitions.

b. Filing a request for mediation with the farm mediation service as provided in section 654A.16 within sixty days following the date of the notice. The department shall participate in mediation as provided in section 654A.16.

2. Within sixty days following the completion of the hearing, or the issuance of a mediation release in which both parties agree to the designation or no agreement is reached, the director shall issue an order designating the protected wetlands in the county. The order shall be considered a final decision of the department in a contested case for the purposes of judicial review pursuant to chapter 17A.

456B.13 Protection of wetlands.

1. A person shall not drain a protected wetland without first obtaining a permit from the department.

2. The department shall not issue a permit to drain a protected wetland except under one of the following conditions:

a. The protected wetland is replaced by the applicant with a wetland of equal or greater value as determined by the department.

b. The protected wetland does not meet the criteria for continued designation as a protected wetland.

3. This section does not prohibit any of the following:

a. A landowner utilizing the bed of a protected wetland for pasture or cropland if there is no construction of dikes, ditches, tile lines, or buildings and the agricultural use does not result in drainage.

b. A person maintaining, repairing, or replacing an improvement to a drainage district as provided in chapter 468, as long as the improvement continues to serve the drainage district and the functions of the improvement are not expanded beyond the scope of functions as designed prior to the maintenance, repair, or replacement.

457A.2 Definitions.
1. “Conservation easement” means an easement in, servitude upon, restriction upon the use of, or other interest in land owned by another, created for any of the purposes set forth in section 457A.1. A conservation easement shall be transferable to any other public body authorized to acquire conservation easements. A conservation easement shall be perpetual unless expressly limited to a lesser term, or unless released by the holder, or unless a change of circumstances renders the easement no longer beneficial to the public. A comparative economic test shall not be used to determine whether a conservation easement is beneficial to the public. A conservation easement shall be enforceable during the term of the easement notwithstanding sections 614.24 through 614.38.
2. “Natural and cultural resources” includes, but is not limited to, archaeological and historical resources.

CHAPTER 457B  
MIDWEST INTERSTATE LOW-LEVEL RADIOACTIVE WASTE COMPACT  
This chapter not enacted as a part of this title; transferred from chapter 8C in Code 1993

457B.1 Low-level radioactive waste compact.

457B.1 Low-level radioactive waste compact.  
The midwest interstate low-level radioactive waste compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

1. Article I — Policy and purpose.
   a. (1) There is created the “Midwest Interstate Low-Level Radioactive Waste Compact”.
      (2) The states party to this compact recognize that the Congress of the United States, by enacting the Low-Level Radioactive Waste Policy Act, as amended by the Low-Level Radioactive Waste Policy Amendments Act of 1985, 42 U.S.C. §2021b-j, has provided for and encouraged the development of low-level radioactive waste compacts as a tool for disposing of such waste. The party states acknowledge that the Congress declared that each state is responsible for providing for the availability of capacity either within or outside the state for the disposal of low-level radioactive waste generated within its borders, except for waste generated as a result of certain defense activities of the federal government or federal research and development activities. The party states also recognize that the disposal of low-level radioactive waste is handled most efficiently on a regional basis; and that the
safe and efficient management of low-level radioactive waste generated within the region requires that sufficient capacity to dispose of such waste be properly provided.

b. It is the policy of the party states to enter into a regional low-level radioactive waste disposal compact for the purpose of:
   (1) Providing the instrument and framework for a cooperative effort;
   (2) Providing sufficient facilities for the proper disposal of low-level radioactive waste generated in the region;
   (3) Protecting the health and safety of the citizens of the region;
   (4) Limiting the number of facilities required to effectively and efficiently dispose of low-level radioactive waste generated in the region;
   (5) Encouraging source reduction and the environmentally sound treatment of waste that is generated to minimize the amount of waste to be disposed of;
   (6) Ensuring that the costs, expenses, liabilities, and obligations of low-level radioactive waste disposal are paid by generators and other persons who use compact facilities to dispose of their waste;
   (7) Ensuring that the obligations of low-level radioactive waste disposal that are the responsibility of the party states are shared equitably among them;
   (8) Ensuring that the party states that comply with the terms of this compact and fulfill their obligations under it share equitably in the benefits of the successful disposal of low-level radioactive waste; and
   (9) Ensuring the environmentally sound, economical, and secure disposal of low-level radioactive wastes.

c. Implicit in the congressional consent to this compact is the expectation by the Congress and the party states that the appropriate federal agencies will actively assist the compact commission and the individual party states to this compact by:
   (1) Expeditious enforcement of federal rules, regulations, and laws;
   (2) Imposition of sanctions against those found to be in violation of federal rules, regulations, and laws; and
   (3) Timely inspection of their licensees to determine their compliance with these rules, regulations, and laws.

2. Article II — Definitions. As used in this compact, unless the context clearly requires a different construction:
   a. “Care” means the continued observation of a facility after closing for the purposes of detecting a need for maintenance, ensuring environmental safety, and determining compliance with applicable licensure and regulatory requirements and including the correction of problems which are detected as a result of that observation.
   b. “Close”, “closed”, or “closing” means that the compact facility with respect to which any of those terms are used has ceased to accept low-level radioactive waste for disposal. “Permanently closed” means that the compact facility with respect to which the term is used has ceased to accept low-level radioactive waste because a compact facility has operated for twenty years or a longer period of time as authorized by article VI, paragraph “i”, its capacity has been reached, the commission has authorized it to close pursuant to article III, paragraph “h”, subparagraph (7), the host state of such facility has withdrawn from the compact or had its membership revoked, or this compact has been dissolved.
   c. “Commission” means the midwest interstate low-level radioactive waste commission.
   d. “Compact facility” means a waste disposal facility that is located within the region and that is established by a party state pursuant to the designation of that state as a host state by the commission.
   e. “Development” includes the characterization of potential sites for a waste disposal facility, siting of such a facility, licensing of such a facility, and other actions taken by a host state prior to the commencement of construction of a facility to fulfill its obligations as a host state.
   f. “Disposal” with regard to low-level radioactive waste, means the permanent isolation of that waste in accordance with the requirements established by the United States nuclear regulatory commission or the licensing agreement state.
g. “Disposal plan” means the plan adopted by the commission for the disposal of low-level radioactive waste within the region.

h. “Facility” means a parcel of land or site, together with the structures, equipment, and improvements on or appurtenant to the land or site, which is or has been used for the disposal of low-level radioactive waste, which is being developed for that purpose, or upon which the construction of improvements or installation of equipment is occurring for that purpose.

i. “Final decision” means a final action of the commission determining the legal rights, duties, or privileges of any person. “Final decision” does not include preliminary, procedural, or intermediate actions by the commission, actions regulating the internal administration of the commission, or actions of the commission to enter into or refrain from entering into contracts or agreements with vendors to provide goods or services to the commission.

j. “Generator” means a person who first produces low-level radioactive waste, including, without limitation, any person who does so in the course of or incident to manufacturing, power generation, processing, waste treatment, waste storage, medical diagnosis and treatment, research, or other industrial or commercial activity. If the person who first produced an item or quantity of low-level radioactive waste cannot be identified, “generator” means the person first possessing the low-level radioactive waste who can be identified.

k. “Host state” means any state which is designated by the commission to host a compact facility or has hosted a compact facility.

l. “Long-term care” means those activities taken by a host state after a compact facility is permanently closed to ensure the protection of air, land, and water resources and the health and safety of all people who may be affected by the compact facility.

m. “Low-level radioactive waste” or “waste” means radioactive waste that is not classified as high-level radioactive waste and that is Class A, B, or C low-level radioactive waste as defined in 10 C.F.R. §61.55, as that section existed on January 26, 1983. “Low-level radioactive waste” or “waste” does not include any such radioactive waste that is owned or generated by the United States department of energy; by the United States navy as a result of the decommissioning of its vessels; or as a result of research, development, testing, or production of an atomic weapon.

n. “Operates”, “operational”, or “operating” means that the compact facility with respect to which any of those terms is used accepts low-level radioactive waste for disposal.

o. “Party state” means an eligible state that enacts this compact into law, pays any eligibility fee established by the commission, and has not withdrawn from this compact or had its membership in this compact revoked, provided that a state that has withdrawn from this compact or had its membership revoked becomes a party state if it is readmitted to membership in this compact pursuant to article VIII, paragraph “a”. “Party state” includes a host state. “Party state” also includes statutorily created administrative departments, agencies, or instrumentalities of a party state, but does not include municipal corporations, regional or local units of government, or other political subdivisions of a party state that are responsible for governmental activities on less than a statewide basis.

p. “Person” means any individual, corporation, association, business enterprise, or other legal entity either public or private and any legal successor, representative, agent, or agency of that individual, corporation, association, business enterprise, or other legal entity. “Person” also includes the United States, states, political subdivisions of states, and any department, agency, or instrumentality of the United States or a state.

q. “Region” means the area of the party states.

r. “Site” means the geographic location of a facility.

s. “State” means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands or other territorial possession of the United States.

t. “Storage” means the temporary holding of low-level radioactive waste.

u. “Treatment” means any method, technique or process, including storage for radioactive decay, designed to change the physical, chemical or biological characteristics or composition of low-level radioactive waste in order to render the low-level radioactive waste safer for transport or management, amenable to recovery, convertible to another usable material or reduced in volume.

3. Article III — The commission.

a. There is created the midwest interstate low-level radioactive waste commission. The commission consists of one voting member from each party state. The governor of each party state shall notify the commission in writing of its member and any alternates. An alternate may act on behalf of the member only in that member’s absence. The method for selection and the expenses of each commission member shall be the responsibility of the member’s respective state.

b. Each commission member is entitled to one vote. Except as otherwise specifically provided in this compact, an action of the commission is binding if a majority of the total membership casts its vote in the affirmative. A party state may direct its member or alternate member of the commission how to vote or not vote on matters before the commission.

c. The commission shall elect annually from among its members a chairperson. The commission shall adopt and publish, in convenient form, bylaws and policies which are not inconsistent with this compact, including procedures for the use of binding arbitration under article VI, paragraph “o”, and procedures which substantially conform with the provisions of the federal Administrative Procedure Act, 5 U.S.C. §500 – 559, in regard to notice, conduct, and recording of meetings; access by the public to records; provision of information to the public; conduct of adjudicatory hearings; and issuance of decisions.

d. The commission shall meet at least once annually and shall also meet upon the call of the chairperson or any other commission member.

e. All meetings of the commission shall be open to the public with reasonable advance notice. The commission may, by majority vote, close a meeting to the public for the purpose of considering sensitive personnel or legal strategy matters. However, all commission actions and decisions shall be made in open meetings and appropriately recorded.

f. The commission may establish advisory committees for the purpose of advising the commission on any matters pertaining to waste management.

g. The office of the commission shall be in a party state. The commission may appoint or contract for and compensate such limited staff necessary to carry out its duties and functions. The staff shall have the responsibilities and authority delegated to it by the commission in its bylaws. The staff shall serve at the commission’s pleasure with the exception that staff hired as the result of securing federal funds shall be hired and governed under applicable federal statutes and regulations. In selecting any staff, the commission shall assure that the staff has adequate experience and formal training to carry out the functions assigned to it by the commission.

h. The commission may do any or all of the following:

1. Appear as an intervenor or party in interest before any court of law or any federal, state, or local agency, board, or commission in any matter related to waste management. In order to represent its views, the commission may arrange for any expert testimony, reports, evidence, or other participation.

2. Review any emergency closing of a compact facility, determine the appropriateness of that closing, and take whatever lawful actions are necessary to ensure that the interests of the region are protected.

3. Take any action which is appropriate and necessary to perform its duties and functions as provided in this compact.

4. Approve the disposal of naturally occurring and accelerator-produced radioactive material at a compact facility. The commission shall not approve the acceptance of such material without first making an explicit determination of the effect of the new low-level radioactive waste stream on the compact facility’s maximum capacity. Such approval requires the affirmative vote of a majority of the commission, including the affirmative vote of the member from the host state of the compact facility that would accept the material for disposal. Any such host state may at any time rescind its vote granting the approval and, thereafter, additional naturally occurring and accelerator-produced radioactive material shall not be disposed of at a compact facility unless the disposal is again approved. All provisions of this compact apply to the disposal of naturally occurring and accelerator-produced
radioactive material that has been approved for disposal at a compact waste facility pursuant to this subparagraph.

(5) Enter into contracts in order to perform its duties and functions as provided in this compact.

(6) When approved by the commission, with the member from each host state in which an affected compact facility is operating or being developed or constructed voting in the affirmative, enter into agreements to do any of the following:

(a) Import for disposal within the region low-level radioactive waste generated outside the region.

(b) Export for disposal outside the region low-level radioactive waste generated inside the region.

(c) Dispose of low-level radioactive waste generated within the region at a facility within the region that is not a compact facility.

(7) Authorize a host state to permanently close a compact facility located within its borders earlier than otherwise would be required by article VI, paragraph “i”. Such closing requires the affirmative vote of a majority of the commission, including the affirmative vote of the member from the state in which the affected compact facility is located.

i. The commission shall do all of the following:

(1) Submit an annual report to, and otherwise communicate with, the governors and the appropriate officers of the legislative bodies of the party states regarding the activities of the commission.

(2) Adopt and amend, by a two-thirds vote of the membership, in accordance with the procedures and criteria developed pursuant to article IV, a regional disposal plan which designates host states for the establishment of needed compact facilities.

(3) Adopt an annual budget.

(4) Establish and implement a procedure for determining the capacity of a compact facility. The capacity of a compact facility shall be established as soon as reasonably practical after the host state of the compact facility is designated and shall not be changed thereafter without the consent of the host state. The capacity of a compact facility shall be based on the projected volume, radioactive characteristics, or both, of the low-level radioactive waste to be disposed of at the compact facility during the period set forth in article VI, paragraph “i”.

(5) Provide a host state with funds necessary to pay reasonable development expenses incurred by the host state after it is designated to host a compact facility.

(6) Establish and implement procedures for making payments from the remedial action fund provided for in paragraph “p”.

(7) Establish and implement procedures to investigate a complaint joined in by two or more party states regarding another party state’s performance of its obligations.

(8) Adopt policies promoting source reduction and the environmentally sound treatment of low-level radioactive waste in order to minimize the amount of low-level radioactive waste to be disposed of at compact facilities.

(9) Establish and implement procedures for obtaining information from generators regarding the volume and characteristics of low-level radioactive waste projected to be disposed of at compact facilities and regarding generator activities with respect to source reduction, recycling, and treatment of low-level radioactive waste.

(10) Prepare annual reports regarding the volume and characteristics of low-level radioactive waste projected to be disposed of at compact facilities.

j. Funding for the commission shall be provided as follows:

(1) When no compact facility is operating, the commission may assess fees to be collected from generators of low-level radioactive waste in the region. The fees shall be reasonable and equitable. The commission shall establish and implement procedures for assessing and collecting the fees. The procedures may allow the assessing of fees against less than all generators of low-level radioactive waste in the region; provided that if fees are assessed against less than all generators of waste in the region, generators paying the fees shall be reimbursed the amount of the fees, with reasonable interest, out of the revenues of operating compact facilities.

(2) When a compact facility is operating, funding for the commission shall be provided
through a surcharge collected by the host state as part of the fee system provided for in article VI, paragraph “j”. The surcharge to be collected by the host state shall be determined by the commission and shall be reasonable and equitable.

(3) In the aggregate, the fees or surcharges, as the case may be, shall be no more than is necessary to:
   (a) Cover the annual budget of the commission.
   (b) Provide a host state with the funds necessary to pay reasonable development expenses incurred by the host state after it is designated to host a compact facility.
   (c) Provide moneys for deposit in the remedial action fund established pursuant to paragraph “p”.
   (d) Provide moneys to be added to an inadequately funded long-term care fund as provided in article VI, paragraph “o”.

k. Financial statements of the commission shall be prepared according to generally accepted accounting principles. The commission shall contract with an independent certified public accountant to annually audit its financial statements and to submit an audit report to the commission. The audit report shall be made a part of the annual report of the commission required by this article.

l. The commission may accept for any of its purposes and functions and may utilize and dispose of any donations, grants of money, equipment, supplies, materials and services from any state or the United States, or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm, or corporation. The nature, amount, and condition, if any, attendant upon any donation or grant accepted or received by the commission together with the identity of the donor, grantor, or lender, shall be detailed in the annual report of the commission.

m. The commission is a legal entity separate and distinct from the party states. Members of the commission and its employees are not personally liable for actions taken by them in their official capacity. The commission is not liable or otherwise responsible for any costs, expenses, or liabilities resulting from the development, construction, operation, regulation, closing, or long-term care of any compact facility or any noncompact facility made available to the region by any contract or agreement entered into by the commission under paragraph “h”, subparagraph (6). Nothing in this paragraph relieves the commission of its obligations under this article or under contracts to which it is a party. Any liabilities of the commission are not liabilities of the party states.

n. Final decisions of the commission shall be made, and shall be subject to judicial review, in accordance with all of the following conditions:
   (1) Every final decision shall be made at an open meeting of the commission. Before making a final decision, the commission shall provide an opportunity for public comment on the matter to be decided. Each final decision shall be reduced to writing and shall set forth the commission's reasons for making the decision.
   (2) Before making a final decision, the commission may conduct an adjudicatory hearing on the proposed decision.
   (3) Judicial review of a final decision shall be initiated by filing a petition in the United States district court for the district in which the person seeking the review resides or in which the commission's office is located not later than sixty days after issuance of the commission's written decision. Concurrently with filing the petition for review with the court, the petitioner shall serve a copy of the petition on the commission. Within five days after receiving a copy of the petition, the commission shall mail a copy of it to each party state and to all other persons who have notified the commission of their desire to receive copies of such petitions. Any failure of the commission to so mail copies of the petition does not affect the jurisdiction of the reviewing court. Except as otherwise provided in this subparagraph, standing to obtain judicial review of final decisions of the commission and the form and scope of the review are subject to and governed by 5 U.S.C. §706.
   (4) (a) If a party state seeks judicial review of a final decision of the commission that does any of the following, the facts shall be subject to trial de novo by the reviewing court unless trial de novo of the facts is affirmatively waived in writing by the party state:
      (i) Imposes financial penalties on a party state.
(ii) Suspends the right of a party state to have waste generated within its borders disposed of at a compact facility or at a noncompact facility made available to the region by an agreement entered into by the commission under paragraph “h”, subparagraph (6).

(iii) Terminates the designation of a party state as a host state.

(iv) Revokes the membership of a party state in this compact.

(v) Establishes the amounts of money that a party state that has withdrawn from this compact or had its membership in this compact revoked is required to pay under article VIII, paragraph “e”.

(b) Any such trial de novo of the facts shall be governed by the federal rules of civil procedure and the federal rules of evidence.

(5) Preliminary, procedural, or intermediate actions by the commission that precede a final decision are subject to review only in conjunction with review of the final decision.

(6) Except as provided in subparagraph (5), actions of the commission that are not final decisions are not subject to judicial review.

o. Unless approved by a majority of the commission, with the member from each host state in which an affected compact facility is operating or is being developed or constructed voting in the affirmative, no person shall do any of the following:

(1) Import low-level radioactive waste generated outside the region for disposal within the region.

(2) Export low-level radioactive waste generated within the region for disposal outside the region.

(3) Manage low-level radioactive waste generated outside the region at a facility within the region.

(4) Dispose of low-level radioactive waste generated within the region at a facility within the region that is not a compact facility.

p. (1) The commission shall establish a remedial action fund to pay the costs of reasonable remedial actions taken by a party state if an event results from the development, construction, operation, closing, or long-term care of a compact facility that poses a threat to human health, safety, or welfare or to the environment. The amount of the remedial action fund shall be adequate to pay the costs of all reasonably foreseeable remedial actions. A party state shall notify the commission as soon as reasonably practical after the occurrence of any event that may require the party state to take a remedial action. The failure of a party state to notify the commission does not limit the rights of the party state under this paragraph “p”.

(2) If the moneys in the remedial action fund are inadequate to pay the costs of reasonable remedial actions, the amount of the deficiency is a liability with respect to which generators shall provide indemnification under article VII, paragraph “g”. Generators who provide the required indemnification have the rights of contribution provided in article VII, paragraph “g”. This paragraph “p” applies to remedial action taken by a party state regardless of whether the party state takes the remedial action on its own initiative or because it is required to do so by a court or regulatory agency of competent jurisdiction.

q. If the commission makes payment from the remedial action fund provided for in paragraph “p”, the commission is entitled to obtain reimbursement under applicable rules of law from any person who is responsible for the event giving rise to the remedial action. Reimbursement may be obtained from a party state only if the event giving rise to the remedial action resulted from the activities of that party state as a generator of waste.

r. If this compact is dissolved, all moneys held by the commission shall be used first to pay for any ongoing or reasonably anticipated remedial actions. Remaining moneys shall be distributed in a fair and equitable manner to those party states that have operating or closed compact facilities within their borders and shall be added to the long-term care funds maintained by those party states.

4. Article IV — Regional disposal plan. The commission shall adopt and periodically update a regional disposal plan designed to ensure the safe and efficient disposal of low-level radioactive waste generated within the region. In adopting a regional low-level radioactive waste disposal plan, the commission shall do all of the following:

a. Adopt procedures for determining, consistent with considerations for public health and safety, the type and number of compact facilities which are presently necessary and which
are projected to be necessary to dispose of low-level radioactive waste generated within the region;

b. Develop and adopt procedures and criteria for identifying a party state as a host state for a compact facility. In developing these criteria, the commission shall consider all of the following:

(1) The health, safety, and welfare of the citizens of the party states.
(2) The existence of compact facilities within each party state.
(3) The minimization of low-level radioactive waste transportation.
(4) The volumes and types of low-level radioactive wastes projected to be generated within each party state.
(5) The environmental impacts on the air, land, and water resources of the party states.
(6) The economic impacts on the party states.

c. Conduct such hearings, and obtain such reports, studies, evidence, and testimony required by its approved procedures prior to identifying a party state as a host state for a needed compact facility;

d. Prepare a draft disposal plan and any update thereof, including procedures, criteria, and host states, which shall be made available in a convenient form to the public for comment. Upon the request of a party state, the commission shall conduct a public hearing in that state prior to the adoption or update of the disposal plan. The disposal plan and any update thereof shall include the commission's response to public and party state comment.

5. Article V — Rights and obligations of party states.

a. Each party state shall act in good faith in the performance of acts and courses of conduct which are intended to ensure the provision of facilities for regional availability and usage in a manner consistent with this compact.

b. Except for low-level radioactive waste attributable to radioactive material or low-level radioactive waste imported into the region in order to render the material or low-level radioactive waste amenable to transportation, storage, disposal, or recovery, or in order to convert the low-level radioactive waste or material to another usable material, or to reduce it in volume or otherwise treat it, each party state has the right to have all low-level radioactive wastes generated within its borders disposed of at compact facilities subject to the payment of all fees established by the host state under article VI, paragraph "j", and to the provisions contained in article VI, paragraphs "l" and "s", article VIII, paragraphs "d", article IX, paragraphs "c" and "d", and article X. All party states have an equal right of access to any facility made available to the region by an agreement entered into by the commission pursuant to article III, paragraph "h", subparagraph (6), subject to the provisions of article VI, paragraphs "l" and "s", article VIII, paragraphs "c" and "d", and article X.

c. If a party state's right to have waste generated within its borders disposed of at compact facilities, or at any noncompact facility made available to the region by an agreement entered into by the commission under article III, paragraph "h", subparagraph (6), is suspended, low-level radioactive waste generated within its borders by any person shall not be disposed of at any such facility during the period of the suspension.

d. To the extent permitted by federal law, each party state may enforce any applicable federal and state laws, regulations, and rules pertaining to the packaging and transportation of waste generated within or passing through its borders. Nothing in this paragraph shall be construed to require a party state to enter into any agreement with the United States nuclear regulatory commission.

e. Each party state shall provide to the commission any data and information the commission requires to implement its responsibilities. Each party state shall establish the capability to obtain any data and information required by the commission.

f. (1) If, notwithstanding the sovereign immunity provision in article VII, paragraph "f", subparagraph (1), and the indemnification provided for in article III, paragraph "p", article VI, paragraph "o", and article VII, paragraph "g", a party state incurs a cost as a result of an inadequate remedial action fund or an exhausted long-term care fund, or incurs a liability as a result of an action described in article VII, paragraph "f", subparagraph (1), and not described in article VII, paragraph "f", subparagraph (2), the cost or liability shall be the pro rata obligation of each party state and each state that has withdrawn from this compact or had
its membership in this compact revoked. The commission shall determine each state’s pro rata obligation in a fair and equitable manner based on the amount of low-level radioactive waste from each such state that has been or is projected to be disposed of at the compact facility with respect to which the cost or liability to be shared was incurred. No state shall be obligated to pay the pro rata obligation of any other state.

(2) The pro rata obligations provided for in this paragraph “f” do not result in the creation of state debt. Rather, the pro rata obligations are contractual obligations that shall be enforced by only the commission or an affected party state.

g. If the party states make payment pursuant to this paragraph, the surcharge or fee provided for in article III, paragraph “j”, shall be used to collect the funds necessary to reimburse the party states for those payments. The commission shall determine the time period over which reimbursement shall take place.

6. Article VI — Development, operation, and closing of compact facilities.

a. A party state may volunteer to become a host state, and the commission may designate that state as a host state.

b. If not all compact facilities required by the regional disposal plan are developed pursuant to paragraph “a”, the commission may designate a host state.

c. After a state is designated a host state by the commission, it is responsible for the timely development and operation of the compact facility it is designated to host. The development and operation of the compact facility shall not conflict with applicable federal and host state laws, rules, and regulations, provided that the laws, rules, and regulations of a host state and its political subdivisions shall not prevent, nor shall they be applied so as to prevent, the host state’s discharge of the obligation set forth in this paragraph. The obligation set forth in this paragraph is contingent upon the discharge by the commission of its obligation set forth in article III, paragraph “i”, subparagraph (5).

d. If a party state designated as a host state fails to discharge the obligations imposed upon it by paragraph “c”, its host state designation may be terminated by a two-thirds vote of the commission with the member from the host state of any then operating compact facility voting in the affirmative. A party state whose host state designation has been terminated has failed to fulfill its obligations as a host state and is subject to the provisions of article VIII, paragraph “d”.

e. Any party state designated as a host state may request the commission to relieve that state of the responsibility to serve as a host state. Except as set forth in paragraph “d”, the commission may relieve a party state of its responsibility only upon a showing by the requesting party state that, based upon criteria established by the commission that are consistent with applicable federal criteria, no feasible potential compact facility site exists within its borders. A party state relieved of its host state responsibility shall repay to the commission any funds provided to that state by the commission for the development of a compact facility, and also shall pay to the commission the amount the commission determines is necessary to ensure that the commission and the other party states do not incur financial loss as a result of the state being relieved of its host state responsibility. Any funds so paid to the commission with respect to the financial loss of the other party states shall be distributed forthwith by the commission to the party states that would otherwise incur the loss. In addition, until the state relieved of its responsibility is again designated as a host state and a compact facility located in that state begins operating, it shall annually pay to the commission, for deposit in the remedial action fund, an amount the commission determines is fair and equitable in light of the fact the state has been relieved of the responsibility to host a compact facility, but continues to enjoy the benefits of being a member of this compact.

f. The host state shall select the technology for the compact facility. If requested by the commission, information regarding the technology selected by the host state shall be submitted to the commission for its review. The commission may require the host state to make changes in the technology selected by the host state if the commission demonstrates that the changes do not decrease the protection of air, land, and water resources and the health and safety of all people who may be affected by the compact facility. If requested by the host state, any commission decision requiring the host state to make changes in the
technology shall be preceded by an adjudicatory hearing in which the commission shall have the burden of proof.

\( g.\) A host state may assign to a private contractor the responsibility, in whole or in part, to develop, construct, operate, close, or provide long-term care for a compact facility. Assignment of such responsibility by a host state to a private contractor does not relieve the host state of any responsibility imposed upon it by this compact. A host state may secure indemnification from the private contractor for any costs, liabilities, and expenses incurred by the host state resulting from the development, construction, operation, closing, or long-term care of a compact facility.

\( h.\) To the extent permitted by federal and state law, a host state shall regulate and license any compact facility within its borders and ensure the long-term care of that compact facility.

\( i.\) A host state shall accept waste for disposal for a period of twenty years from the date the compact facility in the host state becomes operational, or until its capacity has been reached, whichever occurs first. At any time before the compact facility closes, the host state and the commission may enter into an agreement to extend the period during which the host state is required to accept such waste or to increase the capacity of the compact facility. Except as specifically authorized by paragraph “\( l\)”, subparagraph (4), the twenty-year period shall not be extended, and the capacity of the facility shall not be increased, without the consent of the affected host state and the commission.

\( j.\) A host state shall establish a system of fees to be collected from the users of any compact facility within its borders. The fee system, and the costs paid through the system, shall be reasonable and equitable. The fee system shall be subject to the commission’s approval. The fee system shall provide the host state with sufficient revenue to pay costs associated with the compact facility, including, but not limited to operation, closing, long-term care, debt service, legal costs, local impact assistance, and local financial incentives. The fee system also shall be used to collect the surcharge provided in article III, paragraph “\( j\)”, subparagraph (2). The fee system shall include incentives for source reduction and shall be based on the hazard of the low-level radioactive waste as well as the volume.

\( k.\) A host state shall ensure that a compact facility located within its borders that is permanently closed is properly cared for so as to ensure protection of air, land, and water resources and the health and safety of all people who may be affected by the facility.

\( l.\) The development of subsequent compact facilities shall be as follows:

(1) No compact facility shall begin operating until the commission designates the host state of the next compact facility.

(2) (a) The following actions shall be taken by the state designated to host the next compact facility within the specified number of years after the compact facility it is intended to replace begins operation:

(i) Within three years, enact legislation providing for the development of the next compact facility.

(ii) Within seven years, initiate site characterization investigations and tests to determine licensing suitability for the next compact facility.

(iii) Within eleven years, submit a license application for the next compact facility that the responsible licensing authority deems complete.

(b) If a host state fails to take any of these actions within the specified time, all low-level radioactive waste generated by a person within that state shall be denied access to the then operating compact facility, and to any noncompact facility made available in the region by any agreement entered into by the commission pursuant to article III, paragraph “\( h\)”, subparagraph (6), until the action is taken. Denial of access may be rescinded by the commission, with the member from the host state of the then operating compact facility voting in the affirmative. A host state that fails to take any of these actions within the specified time has failed to fulfill its obligations as a host state and is subject to the provisions of this paragraph “\( l\)”, and article VIII, paragraph “\( d\)”. 

(3) Within fourteen years after a compact facility begins operating, the state designated to host the next compact facility shall have obtained a license from the responsible licensing authority to construct and operate the compact facility the state has been designated to host. If the license is not obtained within the specified time, all low-level radioactive waste generated
by any person within the state designated to host the next compact facility shall be denied access to the then operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, paragraph “h”, subparagraph (6), until the license is obtained. The state designated to host the next compact facility shall have failed in its obligations as a host state and shall be subject to paragraph “d”, and article VIII, paragraph “d”. In addition, at the sole option of the host state of the then operating compact facility, all low-level radioactive waste generated by any person within any party state that has not fully discharged its obligations under paragraph “i”, shall be denied access to the then operating compact facility, and to a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, paragraph “h”, subparagraph (6), until the license is obtained. Denial of access may be rescinded by the commission, with the member from the host state of the then operating compact facility voting in the affirmative.

(4) If twenty years after a compact facility begins operating, the next compact facility is not ready to begin operating, the state designated to host the next compact facility shall have failed in its obligation as a host state and shall be subject to paragraph “d”, and article VIII, paragraph “d”. If at the time the capacity of the then operating compact facility has been reached, or twenty years after the facility began operating, whichever occurs first, the next compact facility is not ready to begin operating, the host state of the then operating compact facility, without the consent of any other party state or the commission, may continue to operate the facility until a compact facility in the next host state is ready to begin operating. During any such period of continued operation of a compact facility, all low-level radioactive waste generated by any person within the state designated to host the next compact facility shall be denied access to the then operating compact facility and to a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, paragraph “h”, subparagraph (6). In addition, during such period, at the sole option of the host state of the then operating compact facility, all low-level radioactive waste generated by any person within any party state that has not fully discharged its obligations under paragraph “i”, shall be denied access to the then operating compact facility and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, paragraph “h”, subparagraph (6). Denial of access may be rescinded by the commission, with the member from the host state of the then operating compact facility voting in the affirmative. The provisions of this subparagraph shall not apply if their application is inconsistent with an agreement between the host state of the then operating compact facility and the commission as authorized in paragraph “i”, or inconsistent with paragraph “p” or “q”.

(5) During any period that access is denied for low-level radioactive waste disposal pursuant to paragraph “l”, subparagraph (2), (3), or (4), the party state designated to host the next compact disposal facility shall pay to the host state of the then operating compact facility an amount the commission determines is reasonably necessary to ensure that the host state, or an agency or political subdivision thereof, does not incur financial loss as a result of the denial of access.

(6) The commission may modify any of the requirements contained in paragraph “l”, subparagraphs (2) and (3), if it finds that circumstances have changed so that the requirements are unworkable or unnecessarily rigid or no longer serve to ensure the timely development of a compact facility. The commission may adopt such a finding by a two-thirds vote, with the member from the host state of the then operating compact facility voting in the affirmative.

m. This compact shall not prevent an emergency closing of a compact facility by a host state to protect air, land, and water resources and the health and safety of all people who may be affected by the compact facility. A host state that has an emergency closing of a compact facility shall notify the commission in writing within three working days of its action and shall, within thirty working days of its action, demonstrate justification for the closing.

n. A party state that has fully discharged its obligations under paragraph “i” shall not again be designated a host state of a compact facility without its consent until each party state has been designated to host a compact facility and has fully discharged its obligations
under paragraph “i”, or has been relieved under paragraph “e”, of its responsibility to serve as a host state.

o. Each host state of a compact facility shall establish a long-term care fund to pay for monitoring, security, maintenance, and repair of the facility after it is permanently closed. The expenses of administering the long-term care fund shall be paid out of the fund. The fee system established by the host state that establishes a long-term care fund shall be used to collect moneys in amounts that are adequate to pay for all long-term care of the compact facility. The moneys shall be deposited into the long-term care fund. Except where the matter is resolved through arbitration, the amount to be collected through the fee system for deposit into the fund shall be determined through an agreement between the commission and the host state establishing the fund. Not less than three years, nor more than five years, before the compact facility it is designated to host is scheduled to begin operating, the host state shall propose to the commission the amount to be collected through the fee system for deposit into the fund. If, one hundred eighty days after such proposal is made to the commission, the host state and the commission have not agreed, either the commission or the host state may require the matter to be decided through binding arbitration. The method of administration of the fund shall be determined by the host state establishing the long-term care fund, provided that moneys in the fund shall be used only for the purposes set forth in this paragraph, and shall be invested in accordance with the standards applicable to trustees under the laws of the host state establishing the fund. If, after a compact facility is closed, the commission determines the long-term care fund established with respect to that compact facility is not adequate to pay for all long-term care for that compact facility, the commission shall collect and pay over to the host state of the closed compact facility, for deposit into the long-term care fund, an amount determined by the commission to be necessary to make the amount in the fund adequate to pay for all long-term care of the compact facility. If a long-term care fund is exhausted and long-term care expenses for the compact facility with respect to which the fund was created have been reasonably incurred by the host state of the compact facility, those expenses are a liability with respect to which generators shall provide indemnification as provided in article VII, paragraph “g”. Generators that provide indemnification shall have contribution rights as provided in article VII, paragraph “g”.

p. A host state that withdraws from the compact or has its membership revoked shall immediately and permanently close any compact facility located within its borders, except that the commission and a host state may enter into an agreement under which the host state may continue to operate, as a noncompact facility, a facility within its borders that, before the host state withdrew or had its membership revoked, was a compact facility.

q. If this compact is dissolved, the host state of any then operating compact facility shall immediately and permanently close the compact facility, provided that a host state may continue to operate a compact facility or resume operating a previously closed compact facility, as a noncompact facility, subject to all of the following requirements:

(1) The host state shall pay to the other party states the portion of the funds provided to that state by the commission for the development, construction, operation, closing, or long-term care of a compact facility that is fair and equitable, taking into consideration the period of time the compact facility located in that state was in operation and the amount of waste disposed of at the compact facility, provided that a host state that has fully discharged its obligations under paragraph “i”, shall not be required to make such payment.

(2) The host state shall physically segregate low-level radioactive waste disposed of at the compact facility after this compact is dissolved from low-level radioactive waste disposed of at the compact facility before this compact is dissolved.

(3) The host state shall indemnify and hold harmless the other party states from all costs, liabilities, and expenses, including reasonable attorneys’ fees and expenses, caused by operating the compact facility after this compact is dissolved, provided that this indemnification and hold-harmless obligation shall not apply to costs, liabilities, and expenses resulting from the activities of a host state as a generator of waste.

(4) Moneys in the long-term care fund established by the host state that are attributable to the operation of the compact facility before this compact is dissolved, and investment earnings thereon, shall be used only to pay the cost of monitoring, securing, maintaining,
or repairing that portion of the compact facility used for the disposal of low-level radioactive waste before this compact is dissolved. Such moneys and investment earnings, and moneys added to the long-term care fund through a distribution authorized by article III, paragraph “r”, also may be used to pay the cost of any remedial action made necessary by an event resulting from the disposal of waste at the facility before this compact is dissolved.

r. Financial statements of a compact facility shall be prepared according to generally accepted accounting principles. The commission may require the financial statements to be audited on an annual basis by a firm of certified public accountants selected and paid by the commission.

s. (1) Low-level radioactive waste may be accepted for disposal at a compact facility only if the generator of the low-level radioactive waste has signed, and there is on file with the commission, an agreement to provide indemnification to a party state, or employee of that state, for all of the following:

(a) Any cost of a remedial action described in article III, paragraph “p”, that, due to inadequacy of the remedial action fund, is not paid as set forth in that provision.

(b) Any expense for long-term care described in paragraph “o” that, due to exhaustion of the long-term care fund, is not paid as set forth in that provision.

(c) Any liability for damages to persons, property, or the environment incurred by a party state, or employee of that state while acting within the scope of employment, resulting from the development, construction, operation, regulation, closing, or long-term care of a compact facility, or a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, paragraph “h”, subparagraph (6), or other matter arising from this compact. The agreement also shall require generators to indemnify the party state or employee against all reasonable attorney’s fees and expenses incurred in defending an action for such damages. This indemnification shall not extend to liability based on any of the following:

(i) The activities of the party states as generators of waste.

(ii) The obligations of the party states to each other and the commission imposed by this compact or other contracts related to the disposal of low-level radioactive waste under this compact.

(iii) Activities of a host state or employees thereof that are grossly negligent or willful and wanton.

(2) The agreement shall provide that the indemnification obligation of generators shall be joint and several, except that the indemnification obligation of the party states with respect to their activities as generators of low-level radioactive waste shall not be joint and several, but instead shall be prorated according to the amount of waste that each state had disposed of at the compact facility giving rise to the liability. Such proration shall be calculated as of the date of the event giving rise to the liability. The agreement shall be in a form approved by the commission with the member from the host state of any then operating compact facility voting in the affirmative. Among generators there shall be rights of contribution based on equitable principles, and generators shall have rights of contribution against another person responsible for such damages under common law, statute, rule, or regulation, provided that a party state that through its own activities did not generate any low-level radioactive waste disposed of at the compact facility giving rise to the liability, an employee of such a party state, and the commission shall not have a contribution obligation. The commission may waive the requirement that the party state sign and file such an indemnification agreement as a condition to being able to dispose of low-level radioactive waste generated as a result of the party state’s activities. Such a waiver shall not relieve a party state of the indemnification obligation imposed by article VII, paragraph “g”.

7. Article VII — Other laws and regulations.

a. Nothing in this compact:

(1) Abrogates or limits the applicability of any act of Congress or diminishes or otherwise impairs the jurisdiction of any federal agency expressly conferred thereon by the Congress;

(2) Prevents the enforcement of any other law of a party state which is not inconsistent with this compact;
(3) Prohibits any generator from storing or treating, on its own premises, low-level radioactive waste generated by it within the region;

(4) Affects any administrative or judicial proceeding pending on the effective date of this compact;

(5) Alters the relations between and the respective internal responsibility of the government of a party state and its subdivisions;

(6) Affects the generation, treatment, storage, or disposal of waste generated by the atomic energy defense activities of the secretary of the United States department of energy or successor agencies or federal research and development activities as described in 42 U.S.C. §2021;

(7) Affects the rights and powers of any party state or its political subdivisions, to the extent not inconsistent with this compact, to regulate and license any facility or the transportation of waste within its borders.

(8) Requires a party state to enter into any agreement with the United States nuclear regulatory commission.

(9) Limits, expands, or otherwise affects the authority of a state to regulate low-level radioactive waste classified by any agency of the United States government as below regulatory concern or otherwise exempt from federal regulation.

b. If a court of the United States finally determines that a law of a party state conflicts with this compact, this compact shall prevail to the extent of the conflict. The commission shall not commence an action seeking such a judicial determination unless commencement of the action is approved by a two-thirds vote of the membership of the commission.

c. Except as authorized by this compact, no law, rule, or regulation of a party state or of any of its subdivisions or instrumentalities may be applied in a manner which discriminates against the generators of another party state.

d. Except as provided in article III, paragraph “m”, and paragraph “f” of this article, no provision of this compact shall be construed to eliminate or reduce in any way the liability or responsibility, whether arising under common law, statute, rule, or regulation, of any person for penalties, fines, or damages to persons, property, or the environment resulting from the development, construction, operation, closing, or long-term care of a compact facility, or a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, paragraph “h”, subparagraph (6), or other matter arising from this compact. The provisions of this compact shall not alter otherwise applicable laws relating to compensation of employees for workplace injuries.

e. Except as provided in 28 U.S.C. §1251(a), the district courts of the United States have exclusive jurisdiction to decide cases arising under this compact. This paragraph does not apply to proceedings within the jurisdiction of state or federal regulatory agencies or to judicial review of proceedings before state or federal regulatory agencies. This paragraph shall not be construed to diminish other laws of the United States conferring jurisdiction on the courts of the United States.

f. For the purposes of activities pursuant to this compact, the sovereign immunity of party states and employees of party states shall be as follows:

(1) A party state or employee thereof, while acting within the scope of employment, shall not be subject to suit or held liable for damages to persons, property, or the environment resulting from the development, construction, operation, regulation, closing, or long-term care of a compact facility, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, paragraph “h”, subparagraph (6). This applies whether the claimed liability of the party state or employee is based on common law, statute, rule, or regulation.

(2) The sovereign immunity granted in subparagraph (1) does not apply to any of the following:

(a) Actions based upon the activities of the party states as generators of low-level radioactive waste. With regard to those actions, the sovereign immunity of the party states shall not be affected by this compact.

(b) Actions based on the obligations of the party states to each other and the commission imposed by this compact, or other contracts related to the disposal of low-level radioactive
waste under this compact. With regard to those actions, the party states shall have no sovereign immunity.

(c) Actions against a host state, or employee thereof, when the host state or employee acted in a grossly negligent or willful and wanton manner.

(g) If in an action described in paragraph “f”, subparagraph (1), and not described in paragraph “f”, subparagraph (2), it is determined that, notwithstanding paragraph “f”, subparagraph (1), a party state, or employee of that state who acted within the scope of employment, is liable for damages or has liability for other matters arising under this compact as described in article VI, paragraph “s”, subparagraph (3), subparagraph division (c), the generators who caused waste to be placed at the compact facility with respect to which the liability was incurred shall indemnify the party state or employee against that liability. Those generators also shall indemnify the party state or employee against all reasonable attorney’s fees and expenses incurred in defending against any such action. The indemnification obligation of generators under this paragraph shall be joint and several, except that the indemnification obligation of party states with respect to their activities as generators of waste shall not be joint and several, but instead shall be prorated according to the amount of waste each state has disposed of at the compact facility giving rise to the liability. Among generators, there shall be rights of contribution based upon equitable principles, and generators shall have rights of contribution against another person responsible for damages under common law, statute, rule, or regulation. A party state that through its own activities did not generate low-level radioactive waste disposed of at the compact facility giving rise to the liability, an employee of a party state, and the commission shall have no contribution obligation under this paragraph. This paragraph shall not be construed as a waiver of the sovereign immunity provided for in paragraph “f”, subparagraph (1).

(h) The sovereign immunity of a party state provided for in paragraph “f”, subparagraph (1), shall not be extended to a private contractor assigned responsibilities as authorized in article VI, paragraph “g”.

8. Article VIII — Eligible parties, withdrawal, revocation, suspension of access, entry into force, and termination.

a. Any state may petition the commission to be eligible for membership in the compact. The commission may establish appropriate eligibility requirements. These requirements may include, but are not limited to, an eligibility fee or designation as a host state. A petitioning state becomes eligible for membership in the compact upon the approval of the commission, including the affirmative vote of the member from each host state in which a compact facility is operating or being developed or constructed. Any state becoming eligible upon the approval of the commission becomes a member of the compact when the state enacts this compact into law and pays the eligibility fee established by the commission.

b. The commission is formed upon the appointment of commission members and the tender of the membership fee payable to the commission by three party states. The governor of the first state to enact this compact shall convene the initial meeting of the commission. The commission shall cause legislation to be introduced in the Congress which grants the consent of the Congress to this compact, and shall take action necessary to organize the commission and implement the provisions of this compact.

c. A party state that has fully discharged its obligations under article VI, paragraph “i”, or has been relieved under article VI, paragraph “e”, of its responsibilities to serve as a host state, may withdraw from this compact by repealing the authorizing legislation and by receiving the unanimous consent of the commission. Withdrawal takes effect on the date specified in the commission resolution consenting to withdrawal. All legal rights of the withdrawn state established under this compact, including, but not limited to, the right to have low-level radioactive waste generated within its borders disposed of at compact facilities, cease upon the effective date of withdrawal, but any legal obligations of that party state under this compact, including, but not limited to, those set forth in paragraph “e” continue until they are fulfilled.

d. Any party state that fails to comply with the terms of this compact or fails to fulfill its obligations may have reasonable financial penalties imposed against it, may have the
right to have low-level radioactive waste generated within its borders disposed of at compact facilities, or a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, paragraph "h", subparagraph (6), suspended, or may have its membership in the compact revoked by a two-thirds vote of the commission, provided that the membership of the party state designated to host the next compact facility shall not be revoked unless the member from the host state of a then operating compact facility votes in the affirmative. Revocation takes effect on the date specified in the resolution revoking the party state’s membership. All legal rights of the revoked party state established under this compact, including, but not limited to, the right to have low-level radioactive waste generated within its borders disposed of at compact facilities, cease upon the effective date of revocation, but any legal obligations of that party state under this compact, including, but not limited to, those set forth in paragraph “e” continue until they are fulfilled. The chairperson of the commission shall transmit written notice of a revocation of a party state’s membership in the compact, suspension of a party state’s low-level radioactive waste disposal rights, or imposition of financial penalties immediately following the vote of the commission to the governor of the affected party state, governors of all the other party states, and the Congress of the United States.

   e. A party state that withdraws from this compact or has its membership in the compact revoked before it has fully discharged its obligations under article VI forthwith shall repay to the commission the portion of the funds provided to that state by the commission for the development, construction, operation, closing, or long-term care of a compact facility that the commission determines is fair and equitable, taking into consideration the period of time the compact facility located in that host state was in operation and the amount of low-level radioactive waste disposed of at the compact facility. If at any time after a compact facility begins operating, a party state withdraws from the compact or has its membership revoked, the withdrawing or revoked party state shall be obligated forthwith to pay to the commission, the amount the commission determines would have been paid under the fee system established by the host state of the compact facility, to dispose of at the compact facility the estimated volume of low-level radioactive waste generated in the withdrawing or revoked party state that would have been disposed of at the compact facility from the time of withdrawal or revocation until the time the compact facility is closed. Any funds so paid to the commission shall be distributed by the commission to the persons who would have been entitled to receive the funds had they originally been paid to dispose of low-level radioactive waste at the facility. Any person receiving funds from the commission shall apply the funds to the purposes to which they would have been applied had they originally been paid to dispose of low-level radioactive waste at the compact facility. In addition, a withdrawing or revoked party state forthwith shall pay to the commission an amount the commission determines to be necessary to cover all other costs and damages incurred by the commission and the remaining party states as a result of the withdrawal or revocation. The intention of this paragraph is to eliminate a decrease in revenue resulting from withdrawal of a party state or revocation of a party state’s membership, to eliminate financial harm to the remaining party states, and to create an incentive for party states to continue as members of the compact and to fulfill their obligations. This paragraph shall be construed and applied so as to effectuate this intention.

   f. Any party state whose right to have low-level radioactive waste generated within its borders disposed of at compact facilities is suspended by the commission, shall pay to the host state of the compact facility to which access has been suspended the amount the commission determines is reasonably necessary to ensure that the host state, or any political subdivision thereof, does not incur financial loss as a result of the suspension of access.

   g. This compact becomes effective upon enactment by at least three eligible states and consent to this compact by the Congress. The consent given to this compact by the Congress shall extend to any future admittance of new party states and to the power of the commission to regulate the shipment and disposal of waste and disposal of naturally occurring and accelerator-produced radioactive material pursuant to this compact. Amendments to this compact are effective when enacted by all party states and, if necessary, consented to by the Congress. To the extent required by the Low-Level Radioactive Waste Policy Amendments
Act of 1985, 42 U.S.C. §2021(d)(4)(d), every five years after this compact has taken effect, the Congress by law may withdraw its consent.

h. The withdrawal of a party state from this compact, the suspension of low-level radioactive waste disposal rights, the termination of a party state's designation as a host state, or the revocation of a state's membership in this compact does not affect the applicability of this compact to the remaining party states.

i. (1) This compact may be dissolved and the obligations arising under this compact may be terminated only as follows:
   (a) Through unanimous agreement of all party states expressed in duly enacted legislation; or
   (b) Through withdrawal of consent to this compact by the Congress under Article I, section 10, of the United States Constitution, in which case dissolution shall take place one hundred twenty days after the effective date of the withdrawal of consent.

(2) Unless explicitly abrogated by the state legislation dissolving this compact, or if dissolution results from withdrawal of congressional consent, the limitations on the investment and use of long-term care funds in article VI, paragraph “o” and paragraph “q”, subparagraph (4), the contractual obligations in article V, paragraph “f”, the indemnification obligations and contribution rights in article VI, paragraphs “o” and “s”, and article VII, paragraph “g”, and the operation rights indemnification and hold-harmless obligations in article VI, paragraph “q”, shall remain in force notwithstanding dissolution of this compact.

9. Article IX — Penalties and enforcement.
   a. Each party state shall prescribe and enforce penalties against any person who is not an official of another state for violation of any provision of this compact.
   b. The parties to this compact intend that the courts of the United States shall specifically enforce the obligations, including the obligations of party states and revoked or withdrawn party states, established by this compact.
   c. The commission, an affected party state, or both may obtain injunctive relief, recover damages, or both to prevent or remedy violations of this compact.
   d. Each party state acknowledges that the transport into a host state of low-level radioactive waste packaged or transported in violation of applicable laws, rules, and regulations may result in the imposition of sanctions by the host state which may include reasonable financial penalties assessed against any generator, transporter, or collector responsible for the violation, or suspension or revocation of access to the compact facility in the host state by a generator, transporter, or collector responsible for the violation.
   e. Each party state has the right to seek legal recourse against a party state which acts in violation of this compact.
   f. This compact shall not be construed to create a cause of action for a person other than a party state or the commission. Nothing in this paragraph shall limit the right of judicial review set forth in article III, paragraph “n”, subparagraph (3), or the rights of contribution set forth in article III, paragraph “p”, article VI, paragraphs “o” and “s”, and article VII, paragraph “g”.

10. Article X — Severability and construction. The provisions of this compact shall be severable and if any provision of this compact is finally determined by a court of competent jurisdiction to be contrary to the constitution of a participating state or of the United States or the application thereof to a person or circumstance is held invalid, the validity of the remainder of this compact to that person or circumstance and the applicability of the entire compact to any other person or circumstance shall not be affected thereby. If a provision of this compact shall be held contrary to the constitution of a state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters. If any provision of this compact imposing a financial obligation upon a party state, or a state that has withdrawn from this compact or had its membership in this compact revoked, is finally determined by a court of competent jurisdiction to be unenforceable due to the state's constitutional limitations on its ability to pay the obligation, then that state shall use its best efforts to obtain an appropriation to pay the obligation, and, if the state is a party state, its right to have low-level radioactive waste generated within its borders disposed of at compact facilities, or a noncompact facility made available to the region by an agreement entered
into by the commission pursuant to article III, paragraph “h”, subparagraph (6), shall be suspended until the appropriation is obtained.

458A.1 Declaration of policy.
458A.2 Definitions.
458A.3 Waste prohibited.
458A.4 Duties and powers of director.
458A.5 Drilling permit required.
458A.6 Department shall determine market demand and regulate the amount of production.
458A.7 Department shall set spacing units.
458A.8 Integration of fractional tracts.
458A.9 Voluntary agreements for unit operation valid.
458A.10 Liens for development and operating costs.
458A.11 Rules covering practice before department.
458A.12 Summoning witnesses, administering oaths, requiring production of records — hearing examiners appointed.
458A.13 Reserved.
458A.14 Appeal to district court — procedure of appeal.
458A.15 Acquisition and handling of illegal oil and gas prohibited — seizure and sale of illegal oil and gas.
458A.16 Action to restrain violation or threatened violation.
458A.17 Mineral rights taxed separately.
458A.18 Rate.
458A.19 Tax sale — redemption by owner.
458A.20 Lease of public lands.
458A.21 Duty to have forfeited lease released — affidavit of noncompliance — notice to landowner — remedies.
458A.22 Lien for labor or materials and of contractor and subcontractor — manner of perfecting liens — enforcement of liens.

458A.1 Declaration of policy.
It is declared to be in the public interest to foster, to encourage, and to promote the development, production, and utilization of natural resources of oil and gas and metallic minerals in the state in such a manner as will prevent waste; to authorize and to provide for the operation and development of oil and gas and metallic minerals properties in such a manner that a greater ultimate recovery of oil and gas and metallic minerals be had and that the correlative rights of all owners be fully protected; and to encourage and to authorize such measures as will result in the greatest possible economic recovery of oil and gas and metallic minerals within the state to the end that the landowners, the royalty owners, the producers, and the general public realize and enjoy the greatest possible good from these vital natural resources. It is further declared that the general welfare of the people requires that the
underground and surface water of the state be protected from pollution and conserved in the best interests of the people of the state.

C93, §458A.1

**458A.2 Definitions.**

As used in this chapter, unless the context otherwise requires:

1. “Certificate of clearance” means a permit prescribed by the department for the transportation or the delivery of oil or gas or product and issued or registered in accordance with the rule or order requiring the permit.

2. “Commission” means the environmental protection commission of the department.

3. “Department” means the department of natural resources created under section 455A.2.

4. “Director” means the director of the department or a designee.

5. “Exploration” means an on-site geologic examination from the surface of an area by core, rotary, percussion, or other drilling for the purpose of obtaining stratigraphic or metallic mineral resource information or establishing the nature of a known metallic mineral deposit.

6. “Field” means the general area underlaid by one or more pools.

7. “Gas” means and includes all natural gas and all other fluid hydrocarbons which are produced at the wellhead and not hereinabove defined as oil.

8. “Illegal gas” means gas which has been produced from any well within this state in excess of the quantity permitted by any rule or order of the department.

9. “Illegal oil” means oil which has been produced from any well within the state in excess of the quantity permitted by any rule or order of the department.

10. “Illegal product” means any product derived in whole or in part from illegal oil or illegal gas.

11. “Metallic mineral resources” means the valuable minerals of an area containing metals such as, but not restricted to, lead, copper, zinc, and iron that are presently recoverable or may be recoverable in the future.

12. “Oil” means and includes crude petroleum oil and other hydrocarbons regardless of gravity which are produced at the wellhead in liquid form and the liquid hydrocarbons known as distillate or condensate recovered or extracted from gas, other than gas produced in association with oil and commonly known as casinghead gas.

13. “Owner” means the person who has the right to drill into and produce from a pool and to appropriate the oil or gas that person produces therefrom either for that person or others or for that person and others.

14. “Person” means and includes any natural person, corporation, association, partnership, receiver, trustee, personal representative, guardian, fiduciary or other representative of any kind, and includes any department, agency, or instrumentality of the state or of any governmental subdivision thereof.

15. “Pool” means an underground reservoir containing a common accumulation of oil or gas or both; each zone of a structure which is completely separated from any other zone in the same structure is a pool, as that term is used in this chapter.

16. “Producer” means the owner of a well or wells capable of producing oil or gas or both.

17. “Product” means any commodity made from oil or gas and includes refined crude oil, crude tops, topped crude, processed crude, processed crude petroleum, residue from crude petroleum, cracking stock, uncracked fuel oil, fuel oil, treated crude oil, residuum, gas oil, casinghead gasoline, natural-gas gasoline, kerosene, benzine, wash oil, waste oil, blended gasoline, lubricating oil, blends or mixtures of oil with one or more liquid products or by-products derived from oil or gas, and blends or mixtures of two or more liquid products or by-products derived from oil or gas, whether hereinabove enumerated or not.

18. “Reasonable market demand” means the demand for oil or gas for reasonable current requirements for consumption and use within and without the state, together with such quantities as are reasonably necessary for building up or maintaining reasonable working stocks and reasonable reserves of oil or gas or product.

19. “Waste” means and includes:

   a. Physical waste, as that term is generally understood in the oil and gas industry,
b. The inefficient, excessive, or improper use of, or the unnecessary dissipation of reservoir energy,

c. The location, spacing, drilling, equipping, operating, or producing of any oil or gas well or wells in a manner which causes, or tends to cause, reduction in the quantity of oil or gas ultimately recoverable from a pool under prudent and proper operations, or which causes or tends to cause unnecessary or excessive surface loss or destruction of oil or gas,

d. The inefficient storing of oil, and

e. The production of oil or gas in excess of transportation or marketing facilities or in excess of reasonable market demand.

20. “Well” means any hole drilled to determine stratigraphic sequence, mineralization, or for the discovery of oil or gas.

21. The word “and” includes the word “or” and the use of the word “or” includes the word “and”. The use of the plural includes the singular and the use of the singular includes the plural.

458A.4 Duties and powers of director.
The director shall administer this chapter. The director shall make investigations the director deems proper to determine whether waste exists or is imminent or whether other facts exist which justify action. The director has the authority:

1. To require:
   a. Identification of ownership of oil or gas wells, producing leases, tanks, plants, structures, and facilities for the refining or intrastate transportation of oil and gas;
   b. The making and filing of all mechanical well logs and the filing of directional surveys if taken, and the filing of reports on well location, drilling and production, and the filing free of charge of samples and core chips and of complete cores less tested sections when requested in the department within six months after the completion or abandonment of the well;
   c. The drilling, casing, operation, and plugging of wells in such manner as to prevent the escape of oil or gas out of one stratum into another, the intrusion of water into oil or gas stratum, the pollution of fresh water supplies by oil, gas, or highly mineralized water, to prevent blowouts, cavings, seepages, and fires, and to prevent the escape of oil, gas, or water into workable coal or other mineral deposits;
   d. The furnishing of a reasonable bond with good and sufficient surety, conditioned upon the full compliance with this chapter, and the rules of the department prescribed to govern the production of oil and gas on state and private lands within the state of Iowa;
   e. That the production from wells be separated into gaseous and liquid hydrocarbons, and that each be accurately measured by the means and upon standards prescribed by the department;
   f. The operation of wells with efficient gas-oil and water-oil ratios, and to fix these ratios;
   g. Certificates of clearance in connection with the transportation or delivery of any native and indigenous Iowa produced crude oil, gas, or any product;
   h. Metering or other measuring of any native and indigenous Iowa produced crude oil, gas, or product in pipelines, gathering systems, barge terminals, loading racks, refineries, or other places; and
   i. That every person who produces, sells, purchases, acquires, stores, transports, refines, or processes native and indigenous Iowa produced crude oil or gas in this state shall keep and maintain within this state complete and accurate records of the quantities of oil or gas, which records shall be available for examination by the department at all reasonable times,
and that every such person file with the department the reports it may prescribe with respect to the oil or gas or the products of the oil or gas.

2. To regulate:
   a. The drilling, producing, and plugging of wells, and all other operations for the production of oil or gas;
   b. The shooting and chemical treatment of wells;
   c. The spacing of wells;
   d. Operations to increase ultimate recovery such as cycling of gas, the maintenance of pressure, and the introduction of gas, water, or other substances into producing formations; and
   e. Disposal of highly mineralized water and oil field wastes.

3. To limit and to allocate the production of oil and gas from any field, pool, or area.

4. To classify wells as oil or gas wells for purposes material to the interpretation or enforcement of this chapter.

5. To promulgate and to enforce rules and orders to effectuate the purposes and the intent of this chapter.

6. To make rules or orders for the classification of wells as oil wells or dry natural gas wells; or wells drilled, or to be drilled, for geological information, or as wells for secondary recovery projects, or wells for the disposal of highly mineralized water, brine, or other oil field wastes, or wells for the storage of dry natural gas, or casinghead gas, or wells for the development of reservoirs for the storage of liquid petroleum gas and for the exploration and production of metallic mineral resources.

458A.5 Drilling permit required.
It is unlawful to commence operations for the drilling of a well for oil or gas or the production of metallic minerals or to commence operations to deepen any well to a different geological formation without first giving the director notice of intention to drill, and without first obtaining a permit from the director, under rules prescribed by the department and paying to the department a fee established by rule of the department for the well. The fee shall be deposited in the general fund of the state.

86 Acts, ch 1245, §1815, 1816
C93, §458A.5

458A.6 Department shall determine market demand and regulate the amount of production.
The department shall determine market demand for each marketing district and regulate the amount of production as follows:

1. The department shall limit the production of oil and gas within each marketing district to that amount which can be produced without waste, and which does not exceed the reasonable market demand.

2. When the department limits the total amount of oil or gas which may be produced in the state or a marketing district, the department shall allocate or distribute the allowable production among the pools in the district on a reasonable basis, giving, where reasonable under the circumstances to each pool with small wells of settled production, an allowable production which prevents the general premature abandonment of the wells in the pool.

3. When the department limits the total amount of oil or gas which may be produced in any pool in this state to an amount less than that amount which the pool could produce if no restriction were imposed, which limitation is imposed either incidental to, or without, a limitation of the total amount of oil or gas produced in the marketing district wherein the pool is located, the department shall allocate or distribute the allowable production among
the wells or producing properties in the pool on a reasonable basis, preventing or minimizing reasonable avoidable drainage, so that each property will have the opportunity to produce or to receive its just and equitable share, subject to the reasonable necessities for the prevention of waste.

4. In allocating the market demand for gas between pools within marketing districts, the department shall give due regard to the fact that gas produced from oil pools is to be regulated in a manner which will protect the reasonable use of its energy for oil production.

5. The department is not required to determine the reasonable market demand applicable to any single pool, except in relation to all other pools within the same marketing district, and in relation to the demand applicable to the marketing district. In allocating allowables to pools, the department may consider, but is not bound by nominations of purchasers to purchase from particular fields, pools, or portions thereof. The department shall allocate the total allowable for the state in a manner which prevents undue discrimination between marketing districts, fields, pools, or portions thereof resulting from selective buying or nomination by purchasers.

C93, §458A.6

458A.7 Department shall set spacing units.

The department shall set spacing units as follows:

1. When necessary to prevent waste, to avoid the drilling of unnecessary wells, or to protect correlative rights, the department shall establish spacing units for a pool. Spacing units when established shall be of uniform size and shape for the entire pool, except that when found to be necessary for any of the purposes above mentioned, the department may divide any pool into zones and establish spacing units for each zone, which units may differ in size and shape from those established in any other zone.

2. The size and shape of spacing units are to be such as will result in the efficient and economical development of the pool as a whole.

3. An order establishing spacing units for a pool shall specify the size and shape of each unit and the location of the permitted well thereon in accordance with a reasonably uniform spacing plan. Upon application, if the director finds that a well drilled at the prescribed location would not produce in paying quantities, or that surface conditions would substantially add to the burden or hazard of drilling such well, the director is authorized to enter an order permitting the well to be drilled at a location other than that prescribed by such spacing order; however, the director shall include in the order suitable provisions to prevent the production from the spacing unit of more than its just and equitable share of the oil and gas in the pool.

4. An order establishing units for a pool shall cover all lands determined or believed to be underlaid by the pool, and may be modified by the director from time to time to include additional areas determined to be underlaid by the pool. When found necessary for the prevention of waste, or to avoid the drilling of unnecessary wells or to protect correlative rights, an order establishing spacing units in a pool may be modified by the director to increase the size of spacing units in the pool or any zone of the pool, or to permit the drilling of additional wells on a reasonable uniform plan in the pool, or any zone of the pool. Orders of the director may be appealed to the department within thirty days.

[C39, §1360.02; C46, 50, 54, 58, 62, §84.2; C66, 71, 73, 75, 77, 79, 81, §84.7; 82 Acts, ch 1199, §43, 96]
86 Acts, ch 1245, §1816
C93, §458A.7

458A.8 Integration of fractional tracts.

1. When two or more separately owned tracts are embraced within a spacing unit, or when there are separately owned interests in all or a part of the spacing unit, then the owners and royalty owners of the tracts may pool their interests for the development and operation of the spacing unit. In the absence of voluntary pooling the department upon the application of any interested person, shall enter an order pooling all interests in the spacing unit for the
development and operations of the unit. Each pooling order shall be made after notice and hearing, and shall be upon terms and conditions that are just and reasonable, and that afford to the owner of each tract or interest in the spacing unit the opportunity to recover or receive, without unnecessary expense, a just and equitable share. Operations incident to the drilling of a well upon any portion of a spacing unit covered by a pooling order shall be deemed for all purposes to be the conduct of the operations upon each separately owned tract in the drilling unit by the several owners of the unit. That portion of the production allocated to each tract included in a spacing unit covered by a pooling order shall, when produced, be deemed for all purposes to have been produced from the tract by a well drilled on it.

2. Each pooling order shall make provision for the drilling and operation of a well on the spacing unit, and for the payment of the reasonable actual cost of the well by the owners of interests in the spacing unit, plus a reasonable charge for supervision. In the event of any dispute as to such costs the department shall determine the proper costs. If an owner shall drill and operate, or pay the expenses of drilling and operating the well for the benefit of others, then, the owner so drilling or operating shall, upon complying with the terms of section 458A.10, have a lien on the share of production from the spacing unit accruing to the interest of each of the other owners for the payment of a proportionate share of the expenses. All the oil and gas subject to the lien shall be marketed and sold and the proceeds applied in payment of the expenses secured by the lien as provided for in section 458A.10.

Referred to in §458A.10

458A.9 Voluntary agreements for unit operation valid.
An agreement for the unit or cooperative development and operation of a field or pool, in connection with the conduct of a repressuring or pressure maintenance operations, cycling or recycling operations, including the extraction and separation of liquid hydrocarbons from natural gas, or any other method of operation, including water floods, may be performed without being in violation of any of the statutes of this state relating to trusts, monopolies, or contracts and combinations in restraint of trade, if the agreement is approved by the department as being in the public interest, protective of correlative rights, and reasonably necessary to increase ultimate recovery or to prevent waste of oil or gas. The agreements bind only the persons who execute them, and their heirs, successors, assigns, and legal representatives.

C93, §458A.9

458A.10 Liens for development and operating costs.
A person to whom another is indebted for expenses incurred in drilling and operating a well on a drilling unit required to be formed as provided for in section 458A.8, may, in order to secure payment of the amount due, fix a lien upon the interest of the debtor in the production from the drilling unit or the unit area, as the case may be, by filing for record, with the recorder of the county where property involved, or any part thereof, is located, an affidavit setting forth the amount due and the interest of the debtor in such production. The person to whom the amount is payable may, at the expense of the debtor, store all or any part of the production upon which the lien exists until the total amount due, including reasonable storage charges, is paid or the commodity is sold at foreclosure sale and delivery is made to the purchaser. The lien may be foreclosed as provided for with respect to foreclosure of a lien on chattels.

458A.11 Rules covering practice before department.
1. The department shall prescribe rules governing the practice and procedure before it.
2. An order or amendment of an order, except in an emergency, shall not be made by the department without a public hearing upon at least ten days’ notice. The public hearing shall be held at the time and place prescribed by the department, and any interested person is
entitled to be heard. The applicable time frames for the issuance and appeal of the order are defined in section 455B.110.

3. When an emergency requiring immediate action is found to exist the department may issue an emergency order without notice of hearing, which shall be effective upon promulgation. An emergency order shall not remain effective for more than fifteen days.

4. Any notice required by this chapter shall be given at the election of the department either by personal service or by letter to the last recorded address and one publication in a newspaper of general circulation in the state capital city and in a newspaper of general circulation in the county where the land affected or some part of the land is situated. The notice shall issue in the name of the state, shall be signed by the director, shall specify the style and number of the proceeding, the time and place of the hearing, and shall briefly state the purpose of the proceeding. Should the department elect to give notice by personal service, the service may be made by any officer authorized to serve process, or by any agent of the department, in the same manner as is provided by law for the service of original notices in civil actions in the district court of the state. Proof of the service by such agent shall be by the affidavit of the person making personal service.

5. All orders issued by the department shall be in writing, shall be entered in full and indexed in books to be kept by the director for that purpose, and shall be public records open for inspection at all times during reasonable office hours. A copy of any rule or order certified by the director or any officer of the department shall be received in evidence in all courts of this state with the same effect as the original.

6. The department may act upon its own motion, or upon the petition of any interested person. On the filing of a petition concerning any matter within the jurisdiction of the department, the department shall promptly fix a date for a hearing and shall cause notice of the hearing to be given. The hearing shall be held without undue delay after the filing of the petition. The department shall enter its order within thirty days after the hearing.

Subsection 2 amended

458A.12 Summoning witnesses, administering oaths, requiring production of records — hearing examiners appointed.

1. The department may summon witnesses, administer oaths, and require the production of records, books, and documents for examination at any hearing or investigation conducted. A person shall not be excused from attending and testifying, or from producing books, papers, and records before the department or a court, or from obedience to the subpoena of the department or a court, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of the person may tend to incriminate the person or subject the person to a penalty or forfeiture. However this subsection does not require a person to produce any books, papers, or records, or to testify in response to any inquiry not pertinent to some question lawfully before the department or court for determination. A natural person is not subject to criminal prosecution or to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which, in spite of objections, the person may be required to testify or produce as evidence, documentary or otherwise, before the department or court, or in obedience to subpoena. However, a person testifying shall not be exempted from prosecution and punishment for perjury committed in so testifying.

2. In case of failure or refusal on the part of any person to comply with the subpoena issued by the department, or in case of the refusal of any witness to testify as to any matter regarding which the witness may be interrogated, any court in the state, upon the application of the department, may issue an attachment for the person and compel the person to comply with the subpoena, and to attend before the department and produce the records, books, and documents for examination, and to give testimony. The courts may punish for contempt as in the case of disobedience to a like subpoena issued by the court, or for refusal to testify.

3. The department may appoint a hearing examiner or examiners to conduct hearings
required by this chapter. When appointed, the hearing examiner may exercise all of the powers delegated to the department by this section.

458A.14 Appeal to district court — procedure of appeal.
Judicial review of an action of the department may be sought in accordance with the terms of chapter 17A. Notwithstanding that chapter, petitions for judicial review may be filed in the district court of Polk county or in the district court of any county in which the property affected or some portion of the property is located.

458A.15 Acquisition and handling of illegal oil and gas prohibited — seizure and sale of illegal oil and gas.
1. The sale, purchase, acquisition, transportation, refining, processing, or handling of illegal oil, illegal gas, or illegal product is prohibited. However, a penalty by way of fine shall not be imposed upon a person who sells, purchases, acquires, transports, refines, processes, or handles illegal oil, illegal gas, or illegal product unless:
   a. The person knows, or is put on notice, of facts indicating that illegal oil, illegal gas, or illegal product is involved.
   b. The person fails to obtain a certificate of clearance with respect to the oil, gas, or product where prescribed by order of the department, or fails to follow any other method prescribed by an order of the department for the identification of the oil, gas, or product.
2. Illegal oil, illegal gas, and illegal product are declared to be contraband and are subject to seizure and sale; seizure and sale to be in addition to any other remedies and penalties provided in this chapter for violations relating to illegal oil, illegal gas, or illegal product. When the department believes that any oil, gas, or product is illegal, the department acting by the attorney general, shall bring a civil action in rem in the district court of the county where the oil, gas, or product is found, to seize and sell the same, or the department may include an action in rem for the seizure and sale of illegal oil, illegal gas, or illegal product in any suit brought for an injunction or penalty involving illegal oil, illegal gas, or illegal product. Any person claiming an interest in oil, gas, or product affected by the action may intervene as an interested party in the action.
3. Actions for the seizure and sale of illegal oil, illegal gas, or illegal product shall be strictly in rem, and shall proceed in the name of the state as plaintiff against the illegal oil, illegal gas, or illegal products as defendant. No bond or similar undertaking shall be required of the plaintiff. Upon the filing of the petition for seizure and sale, the attorney general shall issue a notice, with a copy of the complaint attached thereto, which shall be served in the manner provided for service of original notices in civil actions, upon any and all persons having or claiming any interest in the illegal oil, illegal gas, or illegal products described in the petition. Service shall be completed by the filing of an affidavit by the person making the service, stating the time and manner of making such service. Any person who fails to appear and answer within the period of thirty days shall be forever barred by the judgment based on such service. If the court, on a properly verified petition, or affidavits, or oral testimony, finds that grounds for seizure and for sale exist, the court shall issue an immediate order of seizure, describing the oil, gas, or product to be seized and directing the sheriff of the county to take such oil, gas, or product into the sheriff’s custody, actual or constructive, and to hold the same subject to the further order of the court. The court, in such order of seizure, may direct the sheriff to deliver the oil, gas, or product seized by the sheriff under the order to an agent appointed by the court as the agent of the court; such agent to give bond in an amount and with such surety as the court may direct, conditioned upon the agent’s compliance with the orders of the court concerning the custody and disposition of such oil, gas, or product.
4. Any person having an interest in oil, gas, or product described in an order of seizure and
contesting the right of the state to the seizure and sale thereof may, prior to the sale thereof as herein provided, obtain the release thereof, upon furnishing bond to the sheriff approved by the court, in an amount equal to one hundred fifty percent of the market value of the oil, gas, or product to be released, and conditioned as the court may direct upon redelivery to the sheriff of such product released or upon payment to the sheriff of the market value thereof as the court may direct, if and when ordered by the court, and upon full compliance with the further orders of the court.

5. If the court, after a hearing upon a petition for the seizure and sale of oil, gas, or product, finds that such oil, gas, or product is contraband, the court shall order the sale thereof by the sheriff in the same manner and upon the same notice of sale as provided by law for the sale of personal property on execution of judgment entered in a civil action except that the court may order that the illegal oil, illegal gas, or illegal product be sold in specified lots or portions and at specified intervals. Upon such sale, title to the oil, gas, or product sold shall vest in the purchaser free of the claims of any and all persons having any title thereto or interest therein at or prior to the seizure thereof, and the same shall be legal oil, legal gas, or legal product, as the case may be, in the hands of the purchaser.

6. All proceeds derived from the sale of illegal oil, illegal gas, or illegal product, as above provided, after payment of costs of suit and expenses incident to the sale and all amounts paid as penalties provided for by this chapter shall be paid to the state treasurer and credited to the general fund.

458A.16 Penalties.
1. Any person who violates any provision of this chapter, or any rule or order of the department where no other penalty is provided is guilty of a simple misdemeanor.

2. If any person, for the purpose of evading this chapter, or any rule or order of the department, makes or causes to be made any false entry or statement in a report required by this chapter or by any rule or order, or makes or causes to be made any false entry in any record, account, or memorandum required by this chapter, or by any rule or order, or omits, or causes to be omitted, from any record, account, or memorandum, full, true, and correct entries as required by this chapter, or by any rule or order, or removes from this state or destroys, mutilates, alters, or falsifies any such record, account, or memorandum, the person is guilty of a fraudulent practice.

3. Any person knowingly aiding or abetting any other person in the violation of any provision of this chapter, or any rule or order of the department is subject to the same penalty as that prescribed by this chapter for the violation by the other person.

458A.17 Action to restrain violation or threatened violation.
1. If it appears that any person is violating or threatening to violate any provision of this chapter, or any rule or order of the department, the department shall bring suit against the person in the district court of any county where the violation occurs or is threatened, to restrain the person from continuing the violation or from carrying out the threat of violation. In the suit, the court has jurisdiction to grant to the department, without bond or other undertaking, the prohibitory and mandatory injunctions as the facts may warrant, including temporary restraining orders, preliminary injunctions, temporary, preliminary, or final orders restraining the movement or disposition of any illegal oil, illegal gas, or illegal product, any of which the court may order to be impounded or placed in the custody of an agent appointed by the court.

2. If the department fails to bring suit to enjoin a violation or threatened violation of any provision of this chapter, or any rule or order of the department, within ten days after receipt of written request to do so by any person who is or will be adversely affected by
the violation, the person making the request may bring suit in the person's own behalf to restrain the violation or threatened violation in any court in which the department might have brought suit. The department shall be made a party defendant in the suit in addition to the person violating or threatening to violate a provision of this chapter, or a rule or order of the department, and the action shall proceed and injunctive relief may be granted to the department or the petitioner without bond in the same manner as if suit had been brought by the department.

458A.21 Lease of public lands.
The state, counties and cities and other political subdivisions may lease publicly owned lands under their respective jurisdictions for the purpose of oil or gas or metallic minerals exploration and production. Any such leases shall be entered into on behalf of the state by the executive council, on behalf of a county by the board of supervisors, on behalf of a city by the council and on behalf of another political subdivision by the governing body. The leases shall be upon terms and conditions as agreed upon.

Revenues derived from the leasing of state-owned lands shall be paid into the general fund of the state. Revenues derived from the leasing of other public lands shall be paid into the general fund of the respective lessor political subdivision.

458A.22 Duty to have forfeited lease released — affidavit of noncompliance — notice to landowner — remedies.
1. When any oil, gas, or metallic mineral lease given on land situated in Iowa and recorded, becomes forfeited by failure of the lessee to comply with its provisions or the Iowa law, the
lessee shall, within sixty days after date of forfeiture of the lease, have the lease surrendered in writing, duly acknowledged, and placed on record in the county where the leased land is situated. If the lessee fails to execute and record a release of the recorded lease within the time provided for, the owner of the land may execute an affidavit of noncompliance in substantially the following form:

2. The owner of the land shall retain the original affidavit and shall mail a copy of the affidavit by restricted certified mail, as defined in section 618.15, to the lessee. If the lessee, within thirty days after receipt of the affidavit, gives notice in writing, by restricted certified mail, to the owner of the land that the lease has not been forfeited and that the lessee still claims that the lease is in full force and effect, then the owner of the land shall be entitled to the remedies provided by this chapter for the cancellation of such disputed lease.

3. If the lessee does not notify the owner of the land as provided in subsection 2, then the owner shall file the original affidavit for recording with the county recorder, and thereafter the record of the lease shall not be notice to the public of the existence of the lease or of any interest therein or rights thereunder, and the record shall not be received in evidence in any court of the state on behalf of the lessee against the lessor, and the lease shall stand forfeited.

[C39, §1360.06; C46, 50, 54, 58, 62, §84.6; C66, 71, 73, 75, 77, 79, 81, §84.22; 81 Acts, ch 41, §6, 7]

458A.23 Action to obtain release — damages, costs and attorney fees — attachment.
Should the owner of such lease neglect or refuse to execute a release as provided by this chapter, or contend lease is in full force and effect, then the owner of the leased premises may sue in any court of competent jurisdiction to obtain such release, and may also recover in such action the sum of one hundred dollars as damages, and all costs, together with a reasonable attorney fee for preparing and prosecuting the suit, and may also recover any additional damages that the evidence in the case will warrant. In all such actions, writs of attachment may issue as in other cases.

458A.24 Extension upon contingency — affidavit.
If a recorded lease contains the statement of any contingency upon the happening of which the term of any such lease may be extended, the owner of said lease may at any time before the expiration of the definite term of said lease file with said county recorder an affidavit setting forth the description of the lease, that the affiant is the owner thereof and the facts showing that the required contingency has happened, or the record of such lease shall not impart notice to the public of the continuance of said lease. This affidavit shall be recorded in full by the county recorder and such record together with that of the lease shall be due notice to the public of the existence and continuing validity of said lease, until the same shall be forfeited, canceled, set aside, or surrendered according to law.

[C39, §1360.08; C46, 50, 54, 58, 62, §84.8; C66, 71, 73, 75, 77, 79, 81, §84.24]

SUBCHAPTER I  
GENERAL PROVISIONS  

Referred to in §455B.111, 455B.112, 455B.113, 455B.115, 455E.8  

459.101 Title.  
This chapter shall be known and may be cited as the “Animal Agriculture Compliance Act”.  

459.102 Definitions.  
As used in this chapter, unless the context otherwise requires:  
1. “Aerobic structure” means an animal feeding operation structure other than an egg washwater storage structure which employs bacterial action which is maintained by the utilization of air or oxygen and which includes aeration equipment.  
2. “Anaerobic lagoon” means an unfarmed manure storage structure, if the primary function of the structure is to store and stabilize manure, the structure is designed to receive manure on a regular basis, and the structure’s design waste loading rates provide that the predominant biological activity is anaerobic. An anaerobic lagoon does not include any of the following:  
   a. A settled open feedlot effluent basin as defined in section 459A.102.  
   b. An anaerobic treatment system that includes collection and treatment facilities for all off gases.  
3. “Animal” means cattle, swine, horses, sheep, chickens, turkeys, or fish.  
4. “Animal feeding operation” means a lot, yard, corral, building, or other area in which animals are confined and fed and maintained for forty-five days or more in any twelve-month period, and all structures used for the storage of manure from animals in the operation. Except as required for a national pollutant discharge elimination system permit required pursuant to the federal Water Pollution Control Act, 33 U.S.C. ch. 26, as amended, an animal feeding operation does not include a livestock market.
5. “Animal feeding operation structure” means a confinement building, manure storage structure, dry bedded confinement feeding operation structure as defined in section 459B.102, or egg washer storage structure.

6. “Animal unit” means a unit of measurement based upon the product of multiplying the number of animals of each category by a special equivalency factor as follows:

   a. Slaughter or feeder cattle ........................................ 1.000
   b. Immature dairy cattle ............................................... 1.000
   c. Mature dairy cattle ................................................... 1.400
   d. Butcher or breeding swine weighing more than fifty-five pounds ................................ 0.400
   e. Swine weighing fifteen pounds or more but not more than fifty-five pounds .................. 0.100
   f. Sheep or lambs .............................................................. 0.100
   g. Horses ........................................................................ 2.000
   h. Turkeys weighing one hundred twelve ounces or more .................................................. 0.018
      i. Turkeys weighing less than one hundred twelve ounces .............................................. 0.0085
   j. Chickens weighing forty-eight ounces or more .................................................................. 0.010
   k. Chickens weighing less than forty-eight ounces ................................................................ 0.0025
   l. Fish weighing twenty-five grams or more ........................................................................... 0.001
   m. Fish weighing less than twenty-five grams .................................................................... 0.00006

7. “Animal unit capacity” means a measurement used to determine the maximum number of animal units that may be maintained as part of an animal feeding operation at any one time, including as provided in sections 459.201 and 459.301.

8. “Animal weight capacity” means the product of multiplying the maximum number of animals which the owner or operator confines in an animal feeding operation at any one time by the average weight during a production cycle.

9. “Cemetery” means a space held for the purpose of permanent burial, entombment, or interment of human remains that is owned or managed by a political subdivision or private entity, or a cemetery regulated pursuant to chapter 523I. However, “cemetery” does not include a pioneer cemetery as defined in section 331.325.

10. “Commercial enterprise” means a building which is used as a part of a business that manufactures goods, delivers services, or sells goods or services, which is customarily and regularly used by the general public during the entire calendar year and which is connected to electric, water, and sewer systems. A commercial enterprise does not include a farm operation.

11. “Commercial manure service” means a sole proprietor or business association as defined in section 202B.102, engaged in the business of transporting, handling, storing, or applying manure for a fee.

12. “Commercial manure service representative” means a natural person who is any of the following:
   a. A manager of a commercial manure service. As used in this paragraph a “manager” is a person who is actively involved in the operation of a commercial manure service and takes an important part in making management decisions substantially contributing to or affecting the success of the commercial manure service.
   b. An employee, agent, or contractor of a commercial manure service, if the person is engaged in transporting, handling, storing, or applying manure on behalf of the commercial manure service.

13. “Commission” means the environmental protection commission created pursuant to section 455A.6.
14. “Confinement feeding operation” means an animal feeding operation in which animals
are confined to areas which are totally roofed.
15. “Confinement feeding operation building” or “confinement building” means a building
used in conjunction with a confinement feeding operation to house animals.
16. “Confinement feeding operation structure” means an animal feeding operation
structure that is part of a confinement feeding operation.
17. “Confinement site manure applicator” means a person, other than a commercial
manure service or a commercial manure service representative, who applies manure on land
if the manure originates from a manure storage structure.
18. “Covered” means organic or inorganic material placed upon an animal feeding
operation structure used to store manure as provided by rules adopted by the department
after receiving recommendations which shall be submitted to the department by the college
of agriculture and life sciences at Iowa state university of science and technology.
19. “Critical public area” means land as designated by the department pursuant to rules
adopted pursuant to chapter 17A, if all of the following apply:
   a. The land is part of a public park, preserve, or recreation area that is owned or managed
      by the federal government; by the department, including under chapter 461A or 465C; or by
      a political subdivision.
   b. The land has a unique scenic, cultural, archaeological, scientific, or historic significance
      or contains a rare or valuable ecological system.
20. “Department” means the department of natural resources created pursuant to section
    455A.2.
21. “Designated area” means a known sinkhole, a cistern, an abandoned well, an
    unplugged agricultural drainage well, an agricultural drainage well surface inlet, a drinking
    water well, a designated wetland, or a water source. However, “designated area” does not
    include a terrace tile inlet or a surface tile inlet other than an agricultural drainage well
    surface tile inlet.
22. “Designated wetland” means land designated as a protected wetland by the United
    States department of the interior or the department of natural resources, including but not
    limited to a protected wetland as defined in section 456B.1, if the land is owned and managed
    by the federal government or the department of natural resources. However, a designated
    wetland does not include land where an agricultural drainage well has been plugged causing
    a temporary wetland or land within a drainage district or levee district.
23. “Director” means the director of the department of natural resources.
24. “Document” means any form required to be processed by the department under this
    chapter regulating animal feeding operations, including but not limited to applications or
    related materials for permits as provided in section 459.303, manure management plans
    as provided in section 459.312, comment or evaluation by a county board of supervisors
    considering an application for a construction permit, the department’s analysis of the
    application including using and responding to a master matrix pursuant to section 459.304,
    and notices required under those sections.
25. “Dry manure” means manure which meets all of the following conditions:
   a. The manure does not flow perceptibly under pressure.
   b. The manure is not capable of being transported through a mechanical pumping device
designed to move a liquid.
   c. The constituent molecules of the manure do not flow freely among themselves but may
      show a tendency to separate under stress.
26. “Earthen manure storage basin” means an earthen cavity, either covered or uncovered,
    which, on a regular basis, receives waste discharges from a confinement feeding operation if
    accumulated wastes from the basin are completely removed at least once each year.
27. “Educational institution” means a building in which an organized course of study or
    training is offered to students enrolled in kindergarten through grade twelve and served by
    local school districts, accredited or approved nonpublic schools, area education agencies,
    community colleges, institutions of higher education under the control of the state board of
    regents, and accredited independent colleges and universities.
28. “Egg washwater storage structure” means an aerobic or anaerobic structure used to store the wastewater resulting from the washing and in-shell packaging of eggs.

29. “Family member” means a person related to another person as parent, grandparent, child, grandchild, sibling, or a spouse of such a related person.

30. “Formed manure storage structure” means a covered or uncovered impoundment used to store manure from an animal feeding operation, which has walls and a floor constructed of concrete, concrete block, wood, steel, or similar materials.

31. “Frozen ground” means soil that is impenetrable due to frozen soil moisture but does not include soil that is only frozen to a depth of two inches or less.

32. “High-quality water resource” means that part of a water source or wetland that the department has designated as any of the following:
   a. A high-quality water (Class “HQ”) or a high-quality resource water (Class “HQR”) according to 567 IAC ch. 61, in effect on January 1, 2001.
   b. A protected water area system, according to a state plan adopted by the department in effect on January 1, 2001.

33. “Indemnity fee” means a fee provided in section 459.502 or 459.503.

34. “Karst terrain” means land having karst formations that exhibit surface and subterranean features of a type produced by the dissolution of limestone, dolomite, or other soluble rock and characterized by closed depressions, sinkholes, or caves.

35. “Liquid manure” means manure that meets all of the following requirements:
   a. It flows perceptibly under pressure.
   b. It is capable of being transported through a mechanical pumping device designated to move a liquid.
   c. Its constituent molecules flow freely among themselves and show the tendency to separate under stress.

36. “Livestock market” means any place where animals are assembled from two or more sources for public auction, private sale, or on a commission basis, which is under state or federal supervision, including a livestock sale barn or auction market, if such animals are kept for ten days or less.

37. “Long-term stockpile location” means an area where a person stockpiles manure for more than six months in any two-year period.

38. “Major water source” means a water source that is a lake, reservoir, river, or stream located within the territorial limits of the state, or any marginal river area adjacent to the state, if the water source is capable of supporting a floating vessel capable of carrying one or more persons during a total of a six-month period in one out of ten years, excluding periods of flooding, which has been identified by rules adopted by the commission.

39. “Manure” means animal excreta or other commonly associated wastes of animals, including but not limited to bedding, litter, or feed losses.

40. “Manure storage structure” means a formed manure storage structure or an unformed manure storage structure.
   a. A manure storage structure includes a dry bedded manure storage structure as defined in section 459B.102.
   b. A manure storage structure does not include an egg washwater storage structure.

41. “One hundred year floodplain” means the land adjacent to a major water source, if there is at least a one percent chance that the land will be inundated in any one year, according to calculations adopted by rules adopted pursuant to section 459.103. In making the calculations, the department shall consider available maps or data compiled by the federal emergency management agency.

42. “Permittee” means a person who, pursuant to section 459.303, obtains a permit for the construction of a manure storage structure, or a confinement feeding operation, if a manure storage structure is connected to the confinement feeding operation.

43. “Professional engineer” means a person engaged in the practice of engineering as defined in section 542B.2 who is issued a certificate of licensure as a professional engineer pursuant to section 542B.17.

44. “Public thoroughfare” means a road, street, or bridge that is constructed or maintained by the state or a political subdivision.
45. “Public use area” means any of the following:
   a. A portion of land owned by the United States, the state, or a political subdivision with
      facilities which attract the public to congregate and remain in the area for significant periods
      of time, as provided by rules which shall be adopted by the department pursuant to chapter
      17A.
   b. A cemetery.

46. “Qualified confinement feeding operation” means a confinement feeding operation
    having an animal unit capacity of any of the following:
    a. For a confinement feeding operation maintaining animals other than swine as part of
       a farrowing and gestating operation or farrow-to-finish operation or cattle as part of a
       cattle operation, five thousand three hundred thirty-three or more animal units.
    b. (1) For a confinement feeding operation maintaining swine as part of a farrowing and
       gestating operation, two thousand five hundred or more animal units.
       (2) In calculating the animal unit capacity of a confinement feeding operation under
           subparagraph (1), an animal unit does not include replacement breeding swine, if all of the
           following apply:
           (a) The replacement breeding swine are raised at the confinement feeding operation.
           (b) The replacement breeding swine are used in the farrowing and gestating operation.
    c. For a confinement feeding operation maintaining swine as part of a swine
       farrow-to-finish operation, five thousand four hundred or more animal units.
    d. For a confinement feeding operation maintaining cattle, eight thousand five hundred
       or more animal units.

47. “Qualified stockpile cover” means a barrier impermeable to precipitation that is used
    to protect a stockpile from precipitation.

48. “Qualified stockpile structure” means any of the following:
   a. A building.
   b. A roofed structure other than a building that is all of the following:
      (1) Impermeable to precipitation.
      (2) Constructed using wood, steel, aluminum, vinyl, plastic, or other similar materials.
      (3) Constructed with walls or other means to prevent precipitation-induced surface runoff
          from contacting the stockpile.

49. “Religious institution” means a building in which an active congregation is devoted to
    worship.

50. “Restricted spray irrigation equipment” means spray irrigation equipment which
    disperses manure through an orifice at a maximum pressure of eighty pounds per square
    inch or more.

51. “Small animal feeding operation” means an animal feeding operation which has an
    animal unit capacity of five hundred or fewer animal units.

52. “Snow covered ground” means soil covered by one inch or more of snow or soil covered
    by one-half inch or more of ice.

53. “Spray irrigation equipment” means mechanical equipment used for the aerial
    application of manure, if the equipment receives manure from a manure storage structure
    during application via a pipe or hose connected to the structure, and includes a type of
    equipment customarily used for the aerial application of water to aid the growing of general
    farm crops.

54. “Stockpile” means dry manure originating from a confinement feeding operation that
    is stored at a particular location outside a manure storage structure.

55. “Stockpile dry manure” means to create or add to a stockpile.

56. “Surface water drain tile intake” means an opening to a drain tile which allows surface
    water to enter the drain tile without filtration through the soil profile.

57. “Swine farrow-to-finish operation” means a confinement feeding operation in which
    porcine animals are produced and in which a primary portion of the phases of the production
cycle are conducted at one confinement feeding operation. Phases of the production cycle include but are not limited to gestation, farrowing, growing, and finishing.

58. “Unformed manure storage structure” means a covered or uncovered impoundment used to store manure, other than a formed manure storage structure, which includes an anaerobic lagoon, aerobic structure, or earthen manure storage basin.

59. “Water of the state” means the same as defined in section 455B.171.

60. “Water source” means a lake, river, reservoir, creek, stream, ditch, or other body of water or channel having definite banks and a bed with water flow, except lakes or ponds without outlet to which only one landowner is riparian.

§459.103 General authority — commission and department.

1. The commission shall establish by rule adopted pursuant to chapter 17A, requirements relating to the construction, including expansion, or operation of animal feeding operations, including related animal feeding operation structures. The requirements shall include but are not limited to minimum manure control, the issuance of permits, and departmental investigations, inspections, and testing.

2. Any provision referring generally to compliance with the requirements of this chapter as applied to animal feeding operations also includes compliance with requirements in rules adopted by the commission pursuant to this section, orders issued by the department as authorized under this chapter, and the terms and conditions applicable to licenses, certifications, permits, or manure management plans required under subchapter III. However, for purposes of approving or disapproving an application for a construction permit as provided in section 459.304, conditions for the approval of an application based on results produced by a master matrix are not requirements of this chapter until the department approves or disapproves an application based on those results.

SUBCHAPTER II

ANIMAL FEEDING OPERATIONS

— AIR QUALITY

§459.201 Special terms.

For purposes of this subchapter, all of the following shall apply:

1. Two or more animal feeding operations under common ownership or management are
deemed to be a single animal feeding operation if they are adjacent or utilize a common system for manure storage. For purposes of determining whether two or more confinement feeding operations are adjacent, all of the following must apply:

a. At least one confinement feeding operation structure must be constructed on or after March 21, 1996.

b. A confinement feeding operation structure which is part of one confinement feeding operation is separated by less than a minimum required distance from a confinement feeding operation structure which is part of the other confinement feeding operation. The minimum required distance shall be as follows:

1. (a) One thousand two hundred fifty feet for a confinement feeding operation having an animal unit capacity of less than three thousand animal units for animals other than swine maintained as part of a swine farrowing and gestating operation or farrow-to-finish operation, or cattle maintained as part of a cattle operation.

(b) One thousand two hundred fifty feet for a confinement feeding operation having an animal unit capacity of less than one thousand two hundred fifty animal units for swine maintained as part of a farrowing and gestating operation, less than two thousand seven hundred animal units for swine maintained as part of a farrow-to-finish operation, or less than four thousand animal units for cattle maintained as part of a cattle operation.

2. (a) One thousand five hundred feet for a confinement feeding operation having an animal unit capacity of three thousand or more but less than five thousand animal units for animals other than swine maintained as part of a swine farrowing and gestating operation or farrow-to-finish operation, or cattle maintained as part of a cattle operation.

(b) One thousand five hundred feet for a confinement feeding operation having an animal unit capacity of one thousand two hundred fifty or more but less than two thousand animal units for swine maintained as part of a swine farrowing and gestating operation, two thousand seven hundred or more but less than five thousand four hundred animal units for swine maintained as part of a farrow-to-finish operation, or four thousand or more but less than six thousand five hundred animal units for cattle maintained as part of a cattle operation.

3. (a) Two thousand five hundred feet for a confinement feeding operation having an animal unit capacity of five thousand or more animal units for animals other than swine maintained as part of a swine farrowing and gestating operation or farrow-to-finish operation, or cattle maintained as part of a cattle operation.

(b) Two thousand five hundred feet for a confinement feeding operation having an animal unit capacity of two thousand or more animal units for swine maintained as part of a swine farrowing and gestating operation, five thousand four hundred animal units or more for swine maintained as part of a farrow-to-finish operation, or six thousand five hundred or more animal units for cattle maintained as part of a cattle operation.

2. A confinement feeding operation structure is “constructed” when any of the following occurs:

a. Excavation for a proposed confinement feeding operation structure or proposed expansion of an existing confinement feeding operation structure, including excavation for the footings of the confinement feeding operation structure.

b. Forms for concrete are installed for a proposed confinement feeding operation structure or the proposed expansion of an existing confinement feeding operation structure.

c. Piping for the movement of manure is installed within or between confinement feeding operation structures as proposed or proposed to be expanded.

3. In calculating the animal unit capacity of a confinement feeding operation, the animal unit capacity shall include the animal unit capacity of all confinement feeding operation buildings which are part of the confinement feeding operation, unless a confinement feeding operation building has been abandoned.

4. A confinement feeding operation structure is abandoned if the confinement feeding operation structure has been razed, removed from the site of a confinement feeding operation, filled in with earth, or converted to uses other than a confinement feeding operation structure so that it cannot be used as a confinement feeding operation structure without significant reconstruction.

5. All distances between locations of objects provided in this part shall be measured in
feet from their closest points, as provided by rules adopted by the department. However, a
distance between a public thoroughfare and a confinement feeding operation structure shall
be measured from the portion of the right-of-way which is closest to the confinement feeding
operation structure.

§459.201, ANIMAL AGRICULTURE COMPLIANCE ACT

459.202 Confinement feeding operations structures — separation distances.
The following shall apply to confinement feeding operation structures:

1. a. Except as provided in subsection 3 and sections 459.203, 459.205, and 459.206, this
subsection applies to confinement feeding operation structures constructed on or after May
31, 1995, but prior to January 1, 1999; and to the expansion of structures constructed prior
to January 1, 1999.

b. The following table represents the minimum separation distance in feet required
between a confinement feeding operation structure and a residence not owned by the
owner of the confinement feeding operation, or a commercial enterprise, bona fide religious
institution, or an educational institution:

459.203 Separation distance requirements for confinement feeding operations — expansion of prior constructed operations.

A confinement feeding operation constructed or expanded prior to the date that a distance requirement became effective under section 459.202 and which does not comply with the section's distance requirement may continue to operate regardless of the distance requirement. The confinement feeding operation may be expanded if any of the following applies:

1. a. For a confinement feeding operation constructed prior to January 1, 1999, any construction or expansion of a confinement feeding operation structure complies with the distance requirements applying to that structure as provided in section 459.202, subsections 1 and 3.

b. For a confinement feeding operation constructed on or after January 1, 1999, but prior to March 1, 2003, any construction or expansion of a confinement feeding operation structure complies with the distance requirements applying to that structure as provided in section 459.202, subsections 2 and 3.

c. For a confinement feeding operation constructed on or after March 1, 2003, any construction or expansion of a confinement feeding operation structure complies with the distance requirements applying to that structure as provided in section 459.202, subsections 4 and 5.

2. All of the following apply to the expansion of the confinement feeding operation:

a. No portion of the confinement feeding operation after expansion is closer than before expansion to a location or object for which separation is required under section 459.202.

b. For a confinement feeding operation that includes a confinement feeding operation structure constructed prior to March 1, 2003, the animal weight capacity of the confinement feeding operation as expanded is not more than the lesser of the following:

(1) Double its animal weight capacity on the following dates:

(a) May 31, 1995, for a confinement feeding operation that includes a confinement feeding operation structure constructed prior to January 1, 1999.

(b) January 1, 1999, for a confinement feeding operation that only includes a confinement
feeding operation structure constructed on or after January 1, 1999, but does include a confinement feeding operation structure constructed prior to March 1, 2003.

(2) Either of the following:
   (a) Six hundred twenty-five thousand pounds animal weight capacity for animals other than cattle.
   (b) One million six hundred thousand pounds animal weight capacity for cattle.
   c. For a confinement feeding operation that does not include a confinement feeding operation structure constructed prior to March 1, 2003, the animal unit capacity of the confinement feeding operation as expanded is not more than the lesser of the following:
      (1) Double its animal unit capacity on March 1, 2003.
      (2) One thousand animal units.

3. The confinement feeding operation includes a confinement feeding operation structure that is constructed prior to March 1, 2003, and is expanded by replacing one or more unformed manure storage structures with one or more formed manure storage structures, if all of the following apply:
   a. The animal weight capacity or animal unit capacity, whichever is applicable, is not increased for that portion of the confinement feeding operation that utilizes all replacement formed manure storage structures.
   b. Use of each replaced unformed manure storage structure is discontinued within one year after the construction of the replacement formed manure storage structure.
   c. The capacity of all replacement formed manure storage structures does not exceed the amount required to store manure produced by that portion of the confinement feeding operation utilizing the formed manure storage structures during any fourteen-month period.
   d. No portion of the replacement formed manure storage structure is closer to an object or location for which separation is required under section 459.202 than any other confinement feeding operation structure which is part of the operation.

459.204 Liquid manure application — separation distance.

Except as provided in section 459.205, a person shall not apply liquid manure from a confinement feeding operation on land located within seven hundred fifty feet from a residence not owned by the titleholder of the land, a commercial enterprise, a bona fide religious institution, an educational institution, or a public use area.

459.204A Stockpiling dry manure.

A person may stockpile dry manure so long as the person stockpiles the dry manure in compliance with restrictions applicable to stockpiling as provided in this subchapter and subchapter III.

2009 Acts, ch 38, §2, 16

459.204B Stockpiling dry manure — minimum separation distance requirements.

Except as provided in section 459.205, a person shall not stockpile dry manure within one thousand two hundred fifty feet from a residence not owned by the titleholder of the land, a commercial enterprise, a bona fide religious institution, an educational institution, or a public use area.

2009 Acts, ch 38, §3, 16
Referred to in §459.205
459.205 Separation distance requirements — exemptions.

A separation distance requirement provided in this subchapter shall not apply to the following:

1. A confinement feeding operation structure, if the structure is part of a confinement feeding operation which qualifies as a small animal feeding operation. However, this subsection shall not apply if the confinement feeding operation structure is an unformed manure storage structure.

2. a. A confinement feeding operation structure which is constructed or expanded, if the titleholder of the land benefiting from the distance separation requirement executes a written waiver with the titleholder of the land where the structure is located. If a confinement feeding operation structure is constructed or expanded within the separation distance required between a confinement feeding operation structure and a public thoroughfare as required pursuant to section 459.202, the state or a political subdivision constructing or maintaining the public thoroughfare benefiting from the distance separation requirement may execute a written waiver with the titleholder of the land where the structure is located. The confinement feeding operation structure shall be constructed or expanded under such terms and conditions that the parties negotiate.

   b. A written waiver under this subsection becomes effective only upon the recording of the waiver in the office of the recorder of deeds of the county in which the benefited land is located. The filed waiver shall preclude enforcement by the state of section 459.202 as it relates to a distance requirement between the confinement feeding operation structure and the location or object benefiting from the separation distance requirement.

3. A confinement feeding operation structure which is constructed or expanded within any distance from a residence, educational institution, commercial enterprise, bona fide religious institution, city, or public use area, if the residence, educational institution, commercial enterprise, or bona fide religious institution was constructed or expanded, or the boundaries of the city or public use area were expanded, after the date that the confinement feeding operation was established. The date the confinement feeding operation was established is the date on which the confinement feeding operation commenced operating. A change in ownership or expansion of the confinement feeding operation shall not change the established date of operation.

4. The application of liquid manure on land within a separation distance required between the applied manure and an object or location for which separation is required under section 459.204, if any of the following apply:

   a. The liquid manure is injected into the soil or incorporated within the soil not later than twenty-four hours from the original application, as provided by rules adopted by the commission.

   b. The titleholder of the land benefiting from the separation distance requirement executes a written waiver with the titleholder of the land where the manure is applied.

   c. The liquid manure originates from a small animal feeding operation.

   d. The liquid manure is applied by spray irrigation equipment using a center pivot mechanism as provided by rules adopted by the department, if all of the following apply:

      (1) The spray irrigation equipment uses hoses which discharge the liquid manure in a downward direction at a height of not more than nine feet above the soil.

      (2) The spray irrigation equipment disperses manure through an orifice at a maximum pressure of not more than twenty-five pounds per square inch.

      (3) The liquid manure is not applied within two hundred fifty feet from a residence not owned by the titleholder of the land, a commercial enterprise, a bona fide religious institution, an educational institution, or a public use area.

5. The stockpiling of dry manure within a separation distance required between a stockpile and an object or location for which separation is required under section 459.204B if any of the following apply:

   a. The titleholder of the land benefiting from the separation distance requirement executes a written waiver with the titleholder of the land where the stockpile is located.

   b. The stockpile consists of dry manure originating from a small animal feeding operation.

   c. The stockpile consists of dry manure originating from a confinement feeding operation.
that was constructed before January 1, 2006, unless the confinement feeding operation is expanded after that date.

6. The distance between a confinement feeding operation structure and a cemetery, if any of the following applies:
   a. The confinement feeding operation structure was constructed or expanded prior to January 1, 1999.
   b. The construction or expansion of the confinement feeding operation structure began prior to January 1, 1999.

459.206 Qualified confinement feeding operations — manure storage structures.

1. Except as provided in subsection 2, a qualified confinement feeding operation storing manure in a manure storage structure shall only use a manure storage structure that employs bacterial action which is maintained by the utilization of air or oxygen, and which shall include aeration equipment. The type and degree of treatment technology required to be installed shall be based on the size of the confinement feeding operation, according to rules adopted by the department. The equipment shall be installed, operated, and maintained in accordance with the manufacturer’s instructions and requirements of rules adopted pursuant to this section.

2. The requirements of subsection 1 do not apply to any of the following:
   a. A qualified confinement feeding operation which includes a confinement feeding operation structure constructed prior to May 31, 1995.
   b. A qualified confinement feeding operation that stores dry manure.

459.207 Animal feeding operations — airborne pollutants control.

1. As used in this section, unless the context otherwise requires:
   a. “Airborne pollutant” means hydrogen sulfide, ammonia, or odor.
   b. “Separated location” means a location or object from which a separation distance is required under section 459.202 or 459.204, other than a public thoroughfare.

2. The department shall conduct a comprehensive field study to monitor the level of airborne pollutants emitted from animal feeding operations in this state, including but not limited to each type of confinement feeding operation structure.

3. a. After the completion of the field study, the department may develop comprehensive plans and programs for the abatement, control, and prevention of airborne pollutants originating from animal feeding operations in accordance with this section. The comprehensive plans and programs may be developed if the baseline data from the field study demonstrates to a reasonable degree of scientific certainty that airborne pollutants emitted by an animal feeding operation are present at a separated location at levels commonly known to cause a material and verifiable adverse health effect. The department may adopt any comprehensive plans or programs in accordance with chapter 17A prior to implementation or enforcement of an air quality standard but in no event shall the plans and programs provide for the enforcement of an air quality standard prior to December 1, 2004.

   b. Any air quality standard established by the department for animal feeding operations shall be based on and enforced at distances measured from a confinement feeding operation structure to a separated location. In providing for the enforcement of the standards, the
department shall take all initial measurements at the separated location. If the department
determines that a violation of the standards exists, the department may conduct an
investigation to trace the source of the airborne pollutant. This section does not prohibit the
department from entering the premises of an animal feeding operation in compliance with
section 455B.103. The department shall comply with standard biosecurity requirements
customarily required by the animal feeding operation which are necessary in order to control
the spread of disease among an animal population.
c. The department shall establish recommended best management practices,
mechanisms, processes, or infrastructure under the comprehensive plans and programs in
order to reduce the airborne pollutants emitted from an animal feeding operation.
d. The department shall provide a procedure for the approval and monitoring of
alternative or experimental practices, mechanisms, processes, or infrastructure to reduce the
airborne pollutants emitted from an animal feeding operation, which may be incorporated
as part of the comprehensive plans and programs developed under this section.

SUBCHAPTER III

ANIMAL FEEDING OPERATIONS
— WATER QUALITY

Referred to in §15E.208, 306.27, 364.22, 455A.6, 455B.103A, 455B.111, 455B.112, 455B.113, 455B.115, 455B.173, 455B.174, 455B.175,

459.301 Special terms.
For purposes of this subchapter, all of the following shall apply:
  1. Two or more animal feeding operations under common ownership or management are
deemed to be a single animal feeding operation if they are adjacent or utilize a common area
or system for manure disposal. In addition, for purposes of determining whether two or more
confinement feeding operations are adjacent, all of the following must apply:
   a. At least one confinement feeding operation structure must be constructed on or after
   b. A confinement feeding operation structure which is part of one confinement feeding
      operation is separated by less than a minimum required distance from a confinement feeding
      operation structure which is part of the other confinement feeding operation. The minimum
      required distance shall be as follows:
         (1) One thousand two hundred fifty feet for confinement feeding operations having a
             combined animal unit capacity of less than one thousand animal units.
         (2) Two thousand five hundred feet for confinement feeding operations having a
             combined animal unit capacity of one thousand animal units or more.
  2. A confinement feeding operation structure is “constructed” in the same manner as
     provided in section 459.201.
  3. a. In calculating the animal unit capacity of a confinement feeding operation, the
     animal unit capacity shall include the animal unit capacity of all confinement feeding
     operation buildings which are part of the confinement feeding operation, unless a
     confinement feeding operation building has been abandoned as provided in section 459.201.
     b. In calculating animal unit capacity for purposes of an election to be considered a
        small animal feeding operation as provided in section 459.312A, the animal unit capacity of
        a confinement feeding operation shall include all confinement feeding operation buildings
        that are used to do any of the following:
           (1) House animals.
           (2) Store manure.
        4. All distances between locations or objects provided in this subchapter shall be
           measured in feet from their closest points.
§459.301, ANIMAL AGRICULTURE COMPLIANCE ACT

5. a. The department shall designate by rule each one hundred year floodplain in this state according to the location of the one hundred year floodplain. A person shall not be prohibited from constructing a confinement feeding operation structure on a one hundred year floodplain unless the one hundred year floodplain is designated by rule in accordance with this subsection.

b. (1) Until the effective date of rules adopted by the department to designate the location of each one hundred year floodplain in this state, a person shall not construct a confinement feeding operation structure on land that contains a soil type classified as alluvial unless one of the following applies:

(a) If the person does not apply for a construction permit as provided in section 459.303, the person must petition the department for a declaratory order pursuant to section 17A.9 to determine whether the location of the proposed confinement feeding operation structure is located on a one hundred year floodplain. The department shall issue a declaratory order in response to the petition, notwithstanding any other provision provided in section 17A.9 to the contrary, within thirty days from the date that the petition is filed with the department.

(b) If the person does apply for a construction permit as provided in section 459.303, the person must identify that the land contains a soil type classified as alluvial. The department shall determine whether the land is located on a one hundred year floodplain.

(2) The department shall provide in its declaratory order or its approval or disapproval of a construction permit application a determination regarding whether the confinement feeding operation structure is to be located on a one hundred year floodplain, whether the confinement feeding operation structure may be constructed at the location, and any conditions for the construction.

(3) This paragraph “b” is repealed on the effective date that rules are adopted by the department pursuant to paragraph “a”. The department shall provide a caption on the adopted rule as published in the Iowa administrative bulletin as provided in section 17A.4, stating that this paragraph is repealed as provided in this subparagraph. The director of the department shall deliver a copy of the adopted rule to the Iowa Code editor.

6. Dry manure that is stockpiled within a distance of one thousand two hundred fifty feet from another stockpile shall be considered part of the same stockpile.

459.302 Document processing requirements.

1. The department shall adopt and promulgate forms required to be completed in order to comply with this subchapter including forms for documents that the department shall make available on the internet.

2. a. The department shall provide for procedures for the receipt, filing, processing, and return of documents in an electronic format, including but not limited to the transmission of documents by the internet. The department shall provide for authentication of the documents that may include electronic signatures as provided in chapter 554D.

b. The department shall to every extent feasible provide for the processing of permits and manure management plans required under this subchapter using electronic systems, including programming, necessary to ensure the completeness and accuracy of the documents in accordance with the requirements of this subchapter.

Referred to in §459.312, 459A.201

459.303 Confinement feeding operations — permit requirements.

1. The department shall approve or disapprove applications for permits for the construction, including the expansion, of confinement feeding operation structures, as provided by rules adopted pursuant to this chapter. The department’s decision to approve or
disapprove a permit for the construction of a confinement feeding operation structure shall be based on whether the application is submitted according to procedures required by the department and the application meets standards established by the department. A person shall not begin construction of a confinement feeding operation structure requiring a permit under this section, unless the department first approves the person’s application and issues to the person a construction permit. The department shall provide conditions for requiring when a person must obtain a construction permit.

   a. Except as provided in paragraph “b”, a person must obtain a permit to construct any of the following:
      (1) A confinement feeding operation structure if after construction its confinement feeding operation would have an animal unit capacity of at least one thousand animal units.
      (2) The confinement feeding operation structure is an unformed manure storage structure.

   b. A person is not required to obtain a permit to construct a confinement feeding operation structure if any of the following apply:
      (1) The confinement feeding operation structure, if constructed, would be part of a small animal feeding operation. However, the person must obtain a permit under this section if the confinement feeding operation structure is an unformed manure storage structure.
      (2) The confinement feeding operation structure is part of a confinement feeding operation which is owned by a research college conducting research activities as provided in section 459.318.

2. The department shall issue a construction permit upon approval of an application. The department shall approve the application if the application is submitted to the county board of supervisors in the county where the proposed confinement feeding operation structure is to be located as required pursuant to section 459.304, and the application meets the requirements of this chapter. If a county submits an approved recommendation pursuant to a construction evaluation resolution filed with the department, the application must also achieve a satisfactory rating produced by the master matrix used by the board or department under section 459.304. The department shall approve the application regardless of whether the applicant is required to be issued a construction permit.

3. The department shall not approve an application for a construction permit unless the applicant submits all of the following:
   a. An indemnity fee as provided in section 459.502 that the department shall deposit into the livestock remediation fund created in section 459.501.
   b. A manure management plan as provided in section 459.312 and manure management plan filing fee as provided in section 459.400.
   c. A construction permit application fee as provided in section 459.400.
   d. A livestock odor mitigation evaluation certificate issued by Iowa state university as provided in section 266.49. The department shall not obtain, maintain, or consider the results of an evaluation. The applicant is not required to submit the certificate if any of the following applies:
      (1) The confinement feeding operation is twice the minimum separation distance required from the nearest object or location from which a separation distance is required pursuant to section 459.202 on the date of the application, not including a public thoroughfare.
      (2) The owner of each object or location which is less than twice the minimum separation distance required pursuant to section 459.202 from the confinement feeding operation on the date of the application, other than a public thoroughfare, executes a document consenting to the construction.
      (3) The applicant submits a document swearing that Iowa state university has failed to furnish a certificate to the applicant within forty-five days after the applicant requested the university to conduct a livestock odor mitigation evaluation as provided in section 266.49.
      (4) The application is for a permit to expand a confinement feeding operation, if the confinement feeding operation was first constructed before January 1, 2009.
      (5) Iowa state university does not provide for a livestock odor mitigation evaluation effort as provided in section 266.49, for any reason, including because funding is not available.

4. The applicant may submit a master matrix as completed by the applicant.
5. \(a\). A confinement feeding operation meets threshold requirements under this subsection if the confinement feeding operation after construction of a proposed confinement feeding operation structure would have a minimum animal unit capacity of the following:
   (1) Three thousand animal units for animals other than swine maintained as part of a swine farrowing and gestating operation or farrow-to-finish operation or cattle maintained as part of a cattle operation.
   (2) One thousand two hundred fifty animal units for swine maintained as part of a swine farrowing and gestating operation.
   (3) Two thousand seven hundred fifty animal units for swine maintained as part of a farrow-to-finish operation.
   (4) Four thousand animal units for cattle maintained as part of a cattle operation.
\(b\). The department shall not approve an application for a construction permit unless the following apply:
   (1) If the application is for a permit to construct an unformed manure storage structure, the application must include a statement approved by a professional engineer certifying that the construction of the unformed manure storage structure complies with the construction design standards required in this subchapter.
   (2) If the application is for a permit to construct three or more confinement feeding operation structures, the application must include a statement providing that the construction of the confinement feeding operation structures will not impede drainage through established drainage tile lines which cross property boundary lines unless measures are taken to reestablish the drainage prior to completion of construction. For a confinement feeding operation that meets threshold requirements, the statement must be approved by a professional engineer. Otherwise, if the application is for a permit to construct a formed manure storage structure, the statement must be part of the construction design statement as provided in section 459.306.
   (3) If the application is for a permit to construct a formed manure storage structure, other than for a confinement feeding operation meeting threshold requirements, the applicant must include a construction design statement as provided in section 459.306. An application for a permit to construct a formed manure storage structure as part of a confinement feeding operation that meets threshold requirements must include a statement approved by a professional engineer certifying that the construction of the formed manure storage structure complies with the requirements of this subchapter.
   (4) The department may only require that an application for a permit to construct a formed manure storage structure or egg washwater storage structure that is part of a confinement feeding operation meeting threshold requirements include an engineering report, construction plans, or specifications prepared by a licensed professional engineer or the natural resources conservation service of the United States department of agriculture.
6. As a condition to approving an application for a construction permit, the department may require any of the following:
   \(a\). The installation of a related pollution control device or practice, including but not limited to the installation and operation of a water pollution monitoring system for an unformed manure storage structure.
   \(b\). The department’s approval of the installation of any proposed system to permanently lower the groundwater table at a site as part of the construction of an unformed manure storage structure, as is necessary to ensure that the unformed manure storage structure does not pollute groundwater sources, including providing for standards as provided in section 459.308.
7. \(a\). The department shall not issue a permit to a person under this section if an enforcement action by the department, relating to a violation of this chapter concerning a confinement feeding operation in which the person has an interest, is pending, as provided in section 459.317.
   \(b\). The department shall not issue a permit to a person under this section for five years after the date of the last violation committed by a person or confinement feeding operation
in which the person holds a controlling interest during which the person or operation was classified as a habitual violator under section 459.604.

459.304 Construction permit application procedure — county participation — comments — master matrix.

1. a. The department shall deliver a copy or require the applicant to deliver a copy of the application for a permit to construct, including expanding, a confinement feeding operation structure pursuant to section 459.303, including supporting documents, to the county board of supervisors in the county where the confinement feeding operation structure subject to the permit is proposed to be constructed.

b. The county auditor or other county officer designated by the county board of supervisors may accept the application on behalf of the board. If the department requires the applicant to deliver a copy of the application to the county board of supervisors, the board shall notify the department that the board has received the application according to procedures required by the department.

2. Regardless of whether the county board of supervisors has adopted a construction evaluation resolution, the county may provide comment to the department on a construction permit application for a confinement feeding operation structure.

a. The board shall provide for comment as follows:

(1) The board shall publish a notice that the board has received the application in a newspaper having a general circulation in the county.

(2) The notice shall include all of the following:

(a) The name of the person applying to receive the construction permit.

(b) The name of the township where the confinement feeding operation structure is to be constructed.

(c) Each type of confinement feeding operation structure proposed to be constructed.

(d) The animal unit capacity of the confinement feeding operation if the construction permit were to be approved.

(e) The time when and the place where the application may be examined as provided in section 22.2.

(f) Procedures for providing public comments to the board as provided by the board.

b. The board may hold a public hearing to receive public comments regarding the application. The county board of supervisors may submit comments by the board and the public to the department as provided in this section, including but not limited to all of the following:

(1) The existence of an object or location not included in the application that benefits from a separation distance requirement as provided in section 459.202 or 459.204 or 459.310.

(2) The suitability of soils and the hydrology of the site where construction of a confinement feeding operation structure is proposed.

(3) The availability of land for the application of manure originating from the confinement feeding operation.

(4) Whether the construction of a proposed confinement feeding operation structure will impede drainage through established tile lines, laterals, or other improvements which are constructed to facilitate the drainage of land not owned by the person applying for the construction permit.

3. A county board of supervisors may adopt a construction evaluation resolution relating to the construction of a confinement feeding operation structure. The board must submit
such resolution to the department for filing. If the board has submitted such resolution to the department, the board may evaluate the construction permit application and submit an adopted recommendation to the department to approve or disapprove a construction permit application as provided in this subsection. The board must make its decision to recommend approval or disapproval of the permit application as provided in this subsection.

a. For the expansion of a confinement feeding operation that includes a confinement feeding operation structure constructed prior to April 1, 2002, the board shall not evaluate a construction permit application for the construction or expansion of a confinement feeding operation structure if after the expansion of the confinement feeding operation, its animal unit capacity is one thousand six hundred sixty-six units or less.

b. The board must conduct an evaluation of the application using the master matrix as provided in section 459.305. The board’s recommendation may be based on the master matrix or may be based on comments under this section regardless of the results of the master matrix.

c. In completing the master matrix, the board shall not score criteria on a selective basis. The board must score all criteria which is part of the master matrix according to the terms and conditions relating to construction as specified in the application or commitments for manure management that are to be incorporated into a manure management plan as provided in section 459.312.

d. The board’s adopted recommendation to the department shall include the specific reasons and any supporting documentation for the decision to recommend approval or disapproval of the application.

4. The department must receive the county board of supervisor’s comments or evaluation for approval or disapproval of an application for a construction permit not later than thirty days following the applicant’s delivery of the application to the department. Regardless of whether the department receives comments or an evaluation by a county board of supervisors, the department must approve or disapprove an application for a construction permit within sixty days following the applicant’s delivery of the application to the department. However, the applicant may deliver a notice requesting a continuance. Upon receipt of a notice, the time required for the county or department to act upon the application shall be suspended for the period provided in the notice, but for not more than thirty days after the department’s receipt of the notice. The applicant may submit more than one notice. However, the department may provide that an application is terminated if no action is required by the department for one year following delivery of the application to the board. The department may also provide for a continuance when it considers the application. The department shall provide notice to the applicant and the board of the continuance. The time required for the department to act upon the application shall be suspended for the period provided in the notice, but for not more than thirty days. However, the department shall not provide for more than one continuance.

5. a. The department shall approve an application for a construction permit if the board of supervisors which has filed a county construction evaluation resolution submits an adopted recommendation to approve the construction permit application which may be based on a satisfactory rating produced by the master matrix to the department and the department determines that the application meets the requirements of this chapter. The department shall disapprove an application that does not satisfy the requirements of this chapter regardless of the adopted recommendation of the board. The department shall consider any timely filed comments made by the board as provided in this section to determine if an application meets the requirements of this chapter.

b. If the board submits to the department an adopted recommendation to disapprove an application for a construction permit that is based on a rating produced by the master matrix, the department shall first determine if the application meets the requirements of this chapter as provided in section 459.103. The department shall disapprove an application that does not satisfy the requirements of this chapter regardless of any result produced by using the master matrix. If the application meets the requirements of this chapter, the department shall conduct an independent evaluation of the application using the master matrix. The department shall approve the application if it achieves a satisfactory rating according to the department’s evaluation. The department shall disapprove the application if it produces an
unsatisfactory rating regardless of whether the application satisfies the requirements of this chapter. The department shall consider any timely filed comments made by the board as provided in this section to determine if an application meets the requirements of this chapter.

c. If the county board of supervisors does not submit a construction evaluation resolution to the department, fails to submit an adopted recommendation, submits only comments, or fails to submit comments, the department shall approve the application if the application meets the requirements of this chapter as provided in section 459.103.

6. The department may conduct an inspection of the site on which the construction is proposed after providing at a minimum twenty-four hours’ notice or upon receiving consent from the construction permit applicant. The county board of supervisors that has adopted a construction evaluation resolution may designate a county employee to accompany a departmental official during the site inspection. The county employee shall have the same right to access to the site’s real estate as the departmental official conducting the inspection during the period that the county employee accompanies the departmental official. The departmental official and the county employee shall comply with standard biosecurity requirements customarily required by the confinement feeding operation that are necessary in order to control the spread of disease among an animal population.

7. Upon written request by a county resident, the county board of supervisors shall forward to the county resident a copy of the board’s adopted recommendation, any county comments to the department on the permit application, and the department’s responses, as provided in chapter 22.

8. a. The department shall deliver a notice to the applicant within three days of the department’s decision to approve or disapprove an application for a construction permit. If the board of supervisors has submitted an adopted recommendation to the department for the approval or disapproval of a construction permit application as provided in this section, the department shall notify the board of the department’s decision to approve or disapprove the application at the same time.

b. (1) The applicant may contest the department’s decision by requesting a hearing and may elect to have the hearing conducted before an administrative law judge pursuant to chapter 17A or before the commission. If the applicant and a board of supervisors are both contesting the department’s decision, the applicant may request that the commission conduct the hearing on a consolidated basis. The commission shall hear the case according to procedures established by rules adopted by the department. The commission may hear the case as a contested case proceeding under chapter 17A. The department, upon petition by the applicant, shall deliver to the administrative law judge or the commission a copy of the board of supervisors’ recommendation together with the results produced by its master matrix and any supporting data or documents submitted with the results, comments submitted by the board to the department, and the department’s evaluation of the application including the results produced by its matrix and any supporting data or documents. If the commission hears the case, its decision shall be the department’s final agency action. The commission shall render a decision within thirty-five days from the date that the applicant or board files a demand for a hearing.

(2) A county board of supervisors that has submitted an adopted recommendation to the department may contest the department’s decision by requesting a hearing before the commission. The commission shall hear the case according to procedures established by rules adopted by the department. The commission may hear the case as a contested case proceeding under chapter 17A. The board may request that the department submit a copy of the department’s evaluation of the application including the results produced by its matrix and any supporting data or documents. The decision by the commission shall be the department’s final agency action. The commission shall render a decision within thirty-five days from the date that the board initiates the proceeding.

c. Judicial review of the decision of either the department or the commission may be sought in accordance with the terms of chapter 17A.

9. An applicant for a construction permit may withdraw the permit application from consideration by the department at any time by filing a written request with the department.
The filing of the request shall not prejudice the right of the applicant to resubmit the application.

### §459.305 Master matrix.
1. The department shall adopt rules for the development and use of a master matrix. The purpose of the master matrix is to provide a comprehensive assessment mechanism in order to produce a statistically verifiable basis for determining whether to approve or disapprove an application for the construction, including expansion, of a confinement feeding operation structure requiring a permit pursuant to section 459.303.
   a. The master matrix shall be used to establish conditions for the construction of a confinement feeding operation structure and for the implementation of manure management practices, which conditions shall be included in the approval of the construction permit or the original manure management plan as applicable. The master matrix shall be used to determine all of the following:
      (1) The appropriate location to construct a confinement feeding operation structure, including the proximity and orientation of a proposed confinement feeding operation structure to objects or locations for which separation distances are required pursuant to sections 459.202 or 459.204 and 459.310.
      (2) The appropriate type of a confinement feeding operation structure required to be constructed, including the type and size of the manure storage structure, or the installation of a related pollution-control device.
   b. The master matrix shall be designed to produce quantifiable results based on the scoring of objective criteria according to an established value scale. Each criterion shall be assigned points corresponding to the value scale. The master matrix shall consider risks and factors mitigating risks if the confinement feeding operation structure were constructed according to the application.
   c. The master matrix may be a computer model. However, the master matrix must be a practical tool for use by persons when completing applications and by persons when scoring applications. To every extent feasible, the master matrix shall include criteria presented in the form of questions that may be readily scored according to ascertainable data and upon which reasonable persons familiar with the location of a proposed construction site would not ordinarily disagree.
2. The master matrix shall include criteria valuing environmental and community impacts for use by county boards of supervisors and the department. The master matrix shall include definite point selections for all criteria provided in the master matrix. The master matrix shall provide only for scoring of positive points and shall not provide for deduction of points. The master matrix shall provide for a minimum threshold score required to receive a satisfactory rating. The master matrix shall be structured to ensure that it feasibly provides for a satisfactory rating. Criteria valuing environmental impacts shall account for animal agriculture’s relationship to quality of the environment and the conservation of natural resources, and may include factors that refer to all of the following:
   a. Topography.
   b. Surface water drainage characteristics.
   c. The suitability of the soils and the hydrology or hydrogeology of the site.
   d. The proximity to public use areas and critical public areas.
   e. The proximity to water sources, including high-quality water resources.

### §459.306 Construction design statement — formed manure storage structures.
1. a. Except as provided in paragraph “b”, a person shall not construct a formed manure storage structure, unless the person submits a construction design statement for filing with the department.
b. The following persons are not required to submit a construction design statement with the department:
   (1) A person who constructs a formed manure storage structure as part of a small animal feeding operation.
   (2) A person who submits a statement approved by a professional engineer certifying that the construction of the formed manure storage structure complies with the construction design standards required in this subchapter, including a person required to submit such a statement as part of an application for a construction permit pursuant to section 459.303.
2. The construction design statement must include all of the following:
   a. A summary description of the type of formed manure storage structure proposed to be constructed, including whether such formed manure storage structure is to be constructed of concrete.
   b. (1) If the formed manure storage structure is to be constructed of concrete, a statement by the person responsible for constructing the formed manure storage structure certifying that such person will construct the formed manure storage structure in accordance with the construction design standards required in this subchapter.
      (2) If the formed manure storage structure is not to be constructed of concrete, a statement by the person responsible for constructing the formed manure storage structure certifying that such person will construct the formed manure storage structure in accordance with the construction design standards required in this subchapter.
   c. If a construction permit is required pursuant to section 459.303 for the construction of three or more confinement feeding operation structures that include a formed manure storage structure, the person responsible for constructing the formed manure storage structure must provide that the construction of the formed manure storage structure will not impede drainage through established drainage tile lines which cross property boundary lines unless measures are taken to reestablish the drainage prior to completion of construction.
   d. A manure management plan as required in section 459.312 which may be submitted as part of an application for a construction permit as provided in section 459.303.
3. Unless the construction design statement is part of a construction permit application as provided in section 459.303, the department shall file the construction design statement. Otherwise, the department shall approve or disapprove the construction design statement as part of the construction permit application. The construction design statement shall be considered filed on the date that it is first received by the department. The department may request information from the person submitting the construction design statement if the department determines that it is incorrect or incomplete. Within thirty days after filing the construction design statement, the department shall notify the person that the construction design statement is filed and request any additional information.

459.307 Construction design standards — formed manure storage structures.
The department shall adopt rules establishing construction design standards for formed manure storage structures that are part of confinement feeding operations other than small animal feeding operations. However, the construction design standards shall apply to a formed manure storage structure that is part of a small animal feeding operation as provided in section 459.310.
1. The department may provide for different standards based on criteria developed by the department, which may include any of the following:
   a. The animal unit capacity of the manure storage structure’s confinement feeding operation or the manure storage structure’s manure volume capacity.
   b. Whether the manure storage structure stores only dry manure.
   c. Whether the manure storage structure is part of a confinement feeding operation building.
   d. The use of concrete, including its use for the structure’s footings, walls, or floor.
2. The construction design standards shall be based, to every extent possible, on uniform standards such as available standards promulgated by ASTM (American society for testing
and materials) international. The department may require that all or any part of a formed manure storage structure be constructed of concrete.

3. The construction design standards for concrete shall provide for all of the following:
   a. The concrete’s minimum compressive strength calculated on a pounds-per-square-inch basis.
   b. The use of reinforcement, including but not limited to the grade, amount, and location of steel rebar or fiberglass, wire mesh or fabric, or similar materials set in the concrete, or the use of exterior braces to support joints.
   c. The depth of footings.
   d. The thickness of the footings, the floor, and walls.

4. A person shall only construct a formed manure storage structure on karst terrain or an area which drains into a known sinkhole pursuant to upgraded construction design standards necessary to ensure that the structure does not pollute groundwater sources.

Referred to in §459.310, 459A.205

§459.308 Unformed manure storage structures — construction standards — inspections.

1. The department shall adopt rules requiring construction design standards for unformed manure storage structures required to be constructed pursuant to a construction permit issued pursuant to section 459.303.

2. The construction design standards for unformed manure storage structures established by the department shall account for special design characteristics of confinement feeding operations, including all of the following:
   a. The lining of the structure shall be constructed with materials deemed suitable by the department in order to minimize seepage loss through the lining’s seal.
   b. The structure shall be constructed with materials deemed suitable by the department in order to control erosion on the structure’s berm, side slopes, and base.
   c. The structure shall be constructed to minimize seepage into near-surface water sources.
   d. The top of the floor of the structure’s liner must be above the groundwater table as determined by the department. If the groundwater table is less than two feet below the top of the liner’s floor, the structure shall be installed with a synthetic liner. If the department allows an unformed manure storage structure to be located at a site by permanently lowering the groundwater table, the department shall confirm that the proposed system meets standards necessary to ensure that the structure does not pollute groundwater sources. If the department allows drain tile installed to lower a groundwater table to remain where located, the department shall require that a device be installed to allow monitoring of the water in the drain tile line. The department shall also require the installation of a device to allow shutoff of the drain tile lines, if the drain tile lines do not have a surface outlet accessible on the property where the structure is located.

3. A person shall not construct an unformed manure storage structure on karst terrain or on an area that drains into a known sinkhole. However, a person may construct an unformed manure storage structure, if there is a twenty-five-foot vertical separation distance between the bottom of the unformed manure storage structure and underlying limestone, dolomite, or other soluble rock.

4. a. The department shall conduct a routine inspection of each unformed manure storage structure at least once each year. A routine inspection conducted pursuant to this subsection shall be limited to a visual inspection of the site where the unformed manure storage structure is located. The department shall inspect the site at a reasonable time after providing at least twenty-four hours’ notice to the person owning or managing the confinement feeding operation. The visual inspection shall include, but not be limited to, determining whether any of the following exists:

(1) An adequate freeboard level.
(2) The seepage of manure from the unformed manure storage structure.
(3) Erosion.
(4) Inadequate vegetation cover.
(5) The presence of an opening allowing manure to drain from the unformed manure storage structure.

b. Nothing in this subsection restricts the department from conducting an inspection of a confinement feeding operation which is not routine.

459.310 Distance requirements.

1. Except as provided in subsections 3 and 4, the following shall apply:

a. A confinement feeding operation structure shall not be constructed closer than five hundred feet away from the surface intake of an agricultural drainage well. A confinement feeding operation structure shall not be constructed closer than one thousand feet from a wellhead, cistern of an agricultural drainage well, or known sinkhole. However, the department may adopt rules requiring an increased separation distance under this paragraph in order to protect the integrity of a water of the state. The increased separation distance shall not be more than two thousand feet. If the department exercises its discretion to increase the separation distance requirement, the department shall not approve an application for the construction of a confinement feeding operation structure within that separation distance as provided in section 459.303.

b. A confinement feeding operation structure shall not be constructed if the confinement feeding operation structure as constructed is closer than any of the following:

(1) Five hundred feet away from a water source other than a major water source.
(2) One thousand feet away from a major water source.
(3) Two thousand five hundred feet away from a designated wetland.

c. (1) A water source, other than a major water source, shall not be constructed, expanded, or diverted, if the water source as constructed, expanded, or diverted is closer than five hundred feet away from a confinement feeding operation structure.

(2) A major water source shall not be constructed, expanded, or diverted, if the major water source as constructed, expanded, or diverted is closer than one thousand feet from a confinement feeding operation structure.

(3) A designated wetland shall not be established, if the designated wetland is closer than two thousand five hundred feet away from a confinement feeding operation structure.

2. Except as provided in subsection 4, a confinement feeding operation structure shall not be constructed on land that is part of a one hundred year floodplain as designated by rules adopted by the department pursuant to section 459.301.

3. A separation distance required in subsection 1 shall not apply to any of the following:

a. A location or object and a farm pond or privately owned lake, as defined in section 462A.2.

b. A confinement feeding operation building, an egg washwater storage structure, or a manure storage structure constructed with a secondary containment barrier. The department shall adopt rules providing for the construction and use of a secondary containment barrier, including construction design standards.

4. A separation distance required in subsection 1 or the prohibition against construction of a confinement feeding operation structure on a one hundred year floodplain as provided in subsection 2 shall not apply to a confinement feeding operation that includes a confinement feeding operation structure that was constructed prior to March 1, 2003, if any of the following apply:

a. One or more unformed manure storage structures that are part of the confinement
feeding operation are replaced with one or more formed manure storage structures on or after April 28, 2003, and all of the following apply:

1. The animal weight capacity or animal unit capacity, whichever is applicable, is not increased for that portion of the confinement feeding operation that utilizes all replacement formed manure storage structures.

2. The use of each replaced unformed manure storage structure is discontinued within one year after the construction of the replacement formed manure storage structure.

3. The capacity of all replacement formed manure storage structures does not exceed the amount required to store manure produced by that portion of the confinement feeding operation utilizing the formed manure storage structures during any eighteen-month period.

4. No portion of the replacement formed manure storage structure is closer to the location or object from which separation is required under subsection 1 than any other confinement feeding operation which is part of the operation.

5. The formed manure storage structure meets or exceeds the requirements of section 459.307.

b. (i) A formed manure storage structure that is part of the confinement feeding operation is constructed on or after April 28, 2003, pursuant to a variance granted by the department. In granting the variance, the department shall make a finding of all of the following:

(a) The replacement formed manure storage structure replaces the confinement feeding operation's existing manure storage and handling facilities.

(b) The replacement formed manure storage structure complies with standards adopted pursuant to section 459.307.

(c) The replacement formed manure storage structure more likely than not provides a higher degree of environmental protection than the confinement feeding operation's existing manure storage and handling facilities.

2. If the formed manure storage structure will replace any existing manure storage structure, the department shall, as a condition of granting the variance, require that the replaced manure storage structure be properly closed.

5. A person shall not construct or expand an unformed manure storage structure within an agricultural drainage well area as provided in section 460.205.

459.311 Minimum requirements for manure control.

1. A confinement feeding operation shall retain all manure produced by the operation between periods of manure disposal. For purposes of this section, dry manure may be retained by stockpiling as provided in this subchapter. A confinement feeding operation shall not discharge manure directly into water of the state or into a tile line that discharges directly into water of the state.

2. Notwithstanding subsection 1, a confinement feeding operation that is a concentrated animal feeding operation as defined in 40 C.F.R. §122.23(b) shall comply with applicable national pollutant discharge elimination system permit requirements as provided in the federal Water Pollution Control Act, 33 U.S.C. ch. 26, as amended, and 40 C.F.R. pts. 122 and 412, pursuant to rules that shall be adopted by the commission. Any rules adopted pursuant to this subsection shall be no more stringent than requirements under the federal Water Pollution Control Act, 33 U.S.C. ch. 26, as amended, and 40 C.F.R. pts. 122 and 412.

3. Manure from an animal feeding operation shall be disposed of in a manner which will not cause surface water or groundwater pollution. Disposal in accordance with the provisions of state law, including this chapter, rules adopted pursuant to the provisions of state law,
including this chapter, guidelines adopted pursuant to this chapter, and section 459.314, shall be deemed as compliance with this requirement.

4. The department may require that the owner of a confinement feeding operation install and operate a water pollution monitoring system as part of an unformed manure storage structure.

5. The owner of the confinement feeding operation which discontinues the use of the operation shall remove all manure from related confinement feeding operation structures used to store manure, by a date specified in an order issued to the operation by the department, or six months following the date that the confinement feeding operation is discontinued, whichever is earlier.

459.311A Stockpiling dry manure.
A person may stockpile dry manure so long as the person stockpiles the dry manure in compliance with restrictions applicable to stockpiling as provided in this subchapter and subchapter II.

2009 Acts, ch 38, §9, 16

459.311B Stockpiling dry manure — minimum separation distance requirements and prohibitions.
1. A person shall not stockpile dry manure within the following distances from any of the following:
   a. A terrace tile inlet or surface tile inlet, two hundred feet. However, this paragraph does not apply to a person who stockpiles the dry manure in a manner that does not allow precipitation-induced runoff to drain from the stockpile to the terrace tile inlet or surface tile inlet. A terrace tile inlet or surface tile inlet does not include a tile inlet that is not directly connected to a tile line that discharges directly into a water of the state.
   b. (1) A designated area, four hundred feet. However, an increased separation distance of eight hundred feet shall apply to all of the following:
      (a) A high-quality water resource.
      (b) An agricultural drainage well.
      (c) A known sinkhole.
      (2) Subparagraph (1) does not apply to a person who stockpiles dry manure in a manner that does not allow precipitation-induced runoff to drain from the stockpile to the designated area.
   2. A person shall not stockpile dry manure in a grassed waterway.
   3. A person shall not stockpile dry manure on land having a slope of more than three percent. However, this subsection shall not apply to a person who stockpiles dry manure using methods, structures, or practices that contain the stockpile, including but not limited to silt fences, temporary earthen berms, or other effective measures, and that prevent or diminish precipitation-induced runoff from the stockpile.

2009 Acts, ch 38, §10, 16

459.311C Stockpiling dry manure on terrain other than karst terrain.
A person stockpiling dry manure on terrain, other than karst terrain, for more than fifteen consecutive days shall comply with any of the following:
1. Stockpile dry manure using any of the following:
   a. A qualified stockpile structure.
   b. A qualified stockpile cover. However, the person shall not stockpile dry manure using a qualified stockpile cover at a long-term stockpile location unless the person stockpiles the
dry manure on compacted soil, compacted granular aggregates, asphalt, concrete, or other similar materials.

2. Deliver a stockpile inspection statement to the department as follows:
   a. The department must receive the statement by the fifteenth day of each month.
   b. The stockpile inspection statement shall provide the location of the stockpile and document the results of an inspection conducted by the person during the previous month. The inspection must evaluate whether precipitation-induced runoff is draining away from the stockpile and, if so, describe actions taken to prevent the runoff. If an inspection by the department documents that precipitation-induced runoff is draining away from a stockpile, the person shall immediately remove dry manure from the stockpile in compliance with this chapter or comply with all directives of the department to prevent the runoff.
   c. The stockpile inspection statement must be in writing and may be on a form prescribed by the department.

2009 Acts, ch 38, §11, 16

459.311D Stockpiling dry manure on karst terrain.
A person stockpiling dry manure on karst terrain shall comply with all of the following:

1. The person shall stockpile the dry manure at a location where there is a vertical separation distance of at least five feet between the bottom of the stockpile and the underlying limestone, dolomite, or other soluble rock.

2. A person who stockpiles dry manure for more than fifteen consecutive days shall use any of the following:
   a. A qualified stockpile structure.
   b. A qualified stockpile cover. However, the person shall not stockpile dry manure using a qualified stockpile cover at a long-term stockpile location unless the stockpile is located on reinforced concrete at least five inches thick.

2009 Acts, ch 38, §12, 16

459.311E Stockpiling — required practices.

1. A person stockpiling dry manure shall comply with applicable requirements of the national pollutant discharge elimination system pursuant to the federal Water Pollution Control Act, 33 U.S.C. ch. 26, as amended, and 40 C.F.R. pts. 122 and 412.

2. A person stockpiling dry manure shall remove the dry manure and apply it in accordance with the provisions of this chapter, including but not limited to section 459.311, within six months after the dry manure is first stockpiled.

2009 Acts, ch 38, §13, 16

459.312 Manure management plan — requirements.

1. The following persons shall submit a manure management plan, including an original manure management plan and an updated manure management plan, as required in this section to the department:
   a. The owner of a confinement feeding operation, other than a small animal feeding operation, if any of the following apply:
      (1) The confinement feeding operation was constructed after May 31, 1985, regardless of whether the confinement feeding operation structure was required to be constructed pursuant to a construction permit.
      (2) The owner constructs a manure storage structure, regardless of whether the person is required to be issued a permit for the construction pursuant to section 459.303 or whether the person has submitted a prior manure management plan.
   b. A person who applies manure from a confinement feeding operation, other than a small animal feeding operation, which is located in another state, if the manure is applied on land located in this state.
   2. Not more than one confinement feeding operation shall be covered by a single manure management plan.
   3. The owner of a confinement feeding operation who is required to submit a manure management plan under this section shall submit an updated manure management plan
to the department on an annual basis. The department shall provide for a date that each
updated manure management plan is required to be submitted to the department. The
department may provide for staggering the dates on which updated manure management
plans are due. To satisfy the requirements of an updated manure management plan, an
owner of a confinement feeding operation may, in lieu of submitting a complete plan, file
a document stating that the manure management plan has not changed, or state all of the
changes made since the original manure management plan or a previous updated manure
management plan was submitted and approved.

4. a. The department shall deliver a copy of the manure management plan or require the
person submitting the manure management plan to deliver a copy of the manure management
plan to all of the following:
   (1) The county board of supervisors in the county where the manure storage structure
       owned by the person is located.
   (2) The county board of supervisors in the county where the manure storage structure is
       proposed to be constructed. If the person is required to be issued a permit for the construction
       of the manure storage structure as provided in section 459.303, the manure management plan
       shall accompany the application for the construction permit as provided in section 459.303.
   (3) The county board of supervisors in the county where the manure is to be applied.
   b. The manure management plan shall be filed with the county board of supervisors. The
      county auditor or other county officer may accept the manure management plan on behalf of
      the board.

5. A person shall not remove manure from a manure storage structure which is part of a
confinement feeding operation for which a manure management plan is required under this
section, unless the department approves a manure management plan, including an original
manure management plan and an updated manure management plan, as required in this
section. The manure management plan shall be submitted by the owner of the confinement
feeding operation as provided by the department in accordance with section 459.302. The
owner of a confinement feeding operation required to submit a manure management plan
for the construction of a manure storage structure may remove manure from another
manure storage structure that is constructed, if the department has approved a manure
management plan covering that manure storage structure. The department may adopt rules
allowing a person to remove manure from a manure storage structure until the manure
management plan is approved or disapproved by the department according to terms and
conditions required by rules adopted by the department.

6. The department shall not approve an original manure management plan unless the
plan is accompanied by a manure management plan filing fee required pursuant to section
459.400. The department shall not approve an updated manure management plan unless the
updated manure management plan is accompanied by an annual compliance fee required
pursuant to section 459.400.

7. a. The department shall not approve an application for a permit to construct a
confinement feeding operation structure unless the owner of the confinement feeding
operation applying for approval submits an original manure management plan together with
the application for the construction permit as provided in section 459.303.
   b. The department shall not file a construction design statement as provided in section
459.306 unless the owner of the confinement feeding operation structure submits an original
manure management plan together with the construction design statement. The construction
design statement and manure management plan may be submitted as part of an application
for a construction permit as provided in section 459.303.

8. A manure management plan must be authenticated by the person required to submit the
manure management plan as required by the department in accordance with section 459.302.

9. The department shall approve or disapprove a manure management plan according to
procedures established by the department:
   a. For an original manure management plan submitted due to the construction of a
confinement feeding operation structure, the department shall approve or disapprove the
manure management plan as follows:
      (1) If the confinement feeding operation structure is constructed pursuant to a
construction permit issued pursuant to section 459.303, the manure management plan shall be approved or disapproved as part of the construction permit application.

(2) If the confinement feeding operation structure is not constructed pursuant to a construction permit issued pursuant to section 459.303, the manure management plan shall be approved or disapproved within sixty days from the date that the department receives the manure management plan.

b. For an original manure management plan submitted for a reason other than the construction of a confinement feeding operation structure, the manure management plan shall be approved within sixty days from the date that the department receives the manure management plan.

c. For an updated manure management plan, the manure management plan shall be approved within thirty days from the date that the department receives the updated manure management plan.

10. A manure management plan shall include all of the following:

a. Restrictions on the application of manure based on all of the following:

(1) Calculations necessary to determine the land area required for the application of manure from a confinement feeding operation based on nitrogen use levels in order to obtain optimum crop yields according to a crop schedule specified in the manure management plan, and according to requirements adopted by the department.

(2) A phosphorus index. The department shall establish a phosphorus index by rule in order to determine the manner and timing of the application to a land area of manure originating from a confinement feeding operation. The phosphorus index shall provide for the application of manure on a field basis. The phosphorus index shall be used to determine application rates, based on the number of pounds of phosphorus that may be applied per acre and application practices. The phosphorus index shall be based on the field office technical guide for Iowa as published by the United States department of agriculture, natural resources conservation service, which sets forth nutrient management standards.

b. Manure nutrient levels as determined by either manure testing or accepted standard manure nutrient values.

c. Manure application methods, timing of manure application, and the location of the manure application.

d. If the location of the application is on land other than land owned by the person applying for the construction permit, the plan shall include a copy of each written agreement executed between the person and the landowner where the manure will be applied.

e. An estimate of the annual animal production and manure volume or weight produced by the confinement feeding operation.

f. Methods, structures, or practices to prevent or diminish soil loss and potential surface water pollution.

g. Methods or practices to minimize potential odors caused by the application of manure by the use of spray irrigation equipment.

h. A description of land identified for the application of liquid manure due to an emergency if allowed pursuant to section 459.313A. The owner must identify the land in the original manure management plan or in the next updated manure management plan required to be submitted to the department following the application.

11. A confinement feeding operation classified as a habitual violator as provided in section 459.604 shall submit a manure management plan to the department on an annual basis, which must be approved by the department for the following year of operation. The manure management plan shall be a replacement original manure management plan rather than a manure management plan update. However, the habitual violator required to submit a replacement original manure management plan must submit an annual compliance fee in the same manner as if the habitual violator were submitting an updated manure management plan.

12. A person required to submit a manure management plan to the department shall maintain a current manure management plan and maintain records sufficient to demonstrate compliance with the manure management plan. Chapter 22 shall not apply to the records.
which shall be kept confidential by the department and its agents and employees. The contents of the records are not subject to disclosure except as follows:

a. Upon waiver by the person receiving the permit.

b. In an action or administrative proceeding commenced under this chapter. Any hearing related to the action or proceeding shall be closed.

c. When required by subpoena or court order.

13. The department may inspect the confinement feeding operation at any time during normal working hours, and may inspect records required to be maintained as part of the manure management plan. The department shall regularly inspect a confinement feeding operation if the operation or a person holding a controlling interest in the operation is classified as a habitual violator pursuant to section 459.604. The department shall assess and the confinement feeding operation shall pay the actual costs of the inspection.

14. A person required to authenticate a manure management plan submitted to the department who is found in violation of the terms and conditions of the plan shall not be subject to an enforcement action other than the assessment of a civil penalty pursuant to section 459.603.

459.312A Election to be a small animal feeding operation.

1. A person otherwise required to submit an updated manure management plan as required in section 459.312 and pay an annual compliance fee as required in section 459.400 may make a small animal feeding operation election as provided in this section.

2. Upon the effective date of the election, the confinement feeding operation covered by the updated manure management plan shall be considered a small animal feeding operation only for purposes of submitting the updated manure management plan and paying the annual compliance fee, during the period of the election.

3. A person is eligible to make an election only if all of the following apply:

a. The confinement feeding operation has a capacity of five hundred or fewer animal units which shall be calculated by determining all of the following:

(1) The number of animal units housed at the confinement feeding operation at any one time during the period of election.

(2) The animal unit capacity of each confinement feeding operation building that is used to store manure during the period of the election. However, this subparagraph (2) does not apply if a confinement feeding operation building stores manure pursuant to a temporary approval issued by the department. The department shall not issue a temporary approval unless the manure is stored on an emergency basis for a limited period. The department shall establish terms and conditions for a temporary approval. The department may issue one or more extensions to a temporary approval if necessary.

b. The department is notified of the election in a manner required by the department. The department may require that a person submit a notice of election as part of an updated manure management plan form or as a separate document.

4. The department shall provide for the period of election, including its effective and expiration dates. However, the period of election shall be at least for the same period covered by the updated manure management plan. An election automatically terminates when more than five hundred animal units are housed at the confinement feeding operation at any one time.

5. This section does not affect any of the following:

a. A condition associated with a construction permit as provided in this subchapter, including but not limited to a master matrix as provided in section 459.305.
§459.312A, ANIMAL AGRICULTURE COMPLIANCE ACT

b. A requirement unrelated to filing an updated manure management plan or paying an annual compliance fee, including but not limited to the filing of a construction design statement as provided in section 459.306, the application of manure as provided in section 459.313A, or the certification of a person as a confinement site manure applicator as provided in section 459.315.

459.313 Manure application — rules.
1. The department shall adopt rules governing the application of manure originating from an anaerobic lagoon or aerobic structure which is part of a confinement feeding operation. The rules shall establish application rates and practices to minimize groundwater or surface water pollution resulting from application, including pollution caused by runoff or other manure flow resulting from precipitation events. The rules shall establish different application rates and practices based on the water holding capacity of the soil at the time of application.

2. A person shall not apply manure by spray irrigation equipment, except as provided by rules adopted by the department pursuant to chapter 17A. However, a person shall not use restricted spray irrigation equipment to apply manure originating from a confinement feeding operation, unless the manure has been diluted as provided by rules adopted by the department, including diluted by use of an anaerobic lagoon.

C99, §455B.203B
C2003, §459.313

459.313A Application of manure on land — snow covered ground and frozen ground.
A person may apply manure originating from an animal feeding operation on snow covered ground or frozen ground, except to the extent otherwise provided by applicable requirements in this section, this chapter, or the national pollutant discharge elimination system pursuant to the federal Water Pollution Control Act, 33 U.S.C. ch. 26, as amended, and 40 C.F.R. pts. 122 and 412.

1. During the period beginning December 21 and ending April 1, the person may apply liquid manure originating from a manure storage structure, that is part of a confinement feeding operation, on snow covered ground only when there is an emergency. During the period beginning February 1 and ending April 1, the person may apply liquid manure originating from a manure storage structure, that is part of a confinement feeding operation, on frozen ground only when there is an emergency. An emergency occurs only when there is an immediate need to comply with section 459.311, subsection 1, due to unforeseen circumstances affecting the storage of the liquid manure. The unforeseen circumstances must be beyond the control of the owner of the confinement feeding operation, including but not limited to natural disaster, unusual weather conditions, or equipment or structural failure. A person who is authorized to apply liquid manure on snow covered ground or frozen ground when there is an emergency shall comply with all of the following:

a. The person must contact the department by telephone prior to the application.

b. The person must apply the liquid manure on land identified for such application in a manure management plan submitted by the owner of the confinement feeding operation to the department as provided in section 459.312. The owner of the confinement feeding operation must identify the land in the manure management plan prior to the application. The owner must identify the land in the original manure management plan or in the next updated manure management plan required to be submitted to the department following the application.

c. The liquid manure must be applied on a field with a phosphorus index rating of two or less.

d. Any surface water drain tile intake that is on land in the owner’s manure management plan and located down gradient of the application must be temporarily blocked beginning
not later than the time that the liquid manure is first applied and ending not earlier than two weeks after the completion of the application.

2. The authorization to apply liquid manure in subsection 1 does not apply to any of the following:
   a. An immediate need to comply with section 459.311, subsection 1, caused by the improper design or management of the manure storage structure, including but not limited to a failure to properly account for the volume of the manure to be stored.
   b. Liquid manure originating from a manure storage structure constructed or expanded on or after July 1, 2009, if the manure storage structure has a capacity to store manure for less than one hundred eighty days.
3. Subsections 1 and 2 do not apply to any of the following:
   a. The application of liquid manure originating from a small animal feeding operation.
   b. The application of liquid manure and injection into the soil or incorporation within the soil on the same date.

2009 Acts, ch 155, §3
Referred to in §459.312, 459.312A

459.314 Application of manure near designated areas.
1. The department shall adopt rules relating to the application of manure in close proximity to a designated area.
2. Except as otherwise provided in this subsection, a person shall not apply manure on land located within two hundred feet from a designated area, unless one of the following applies:
   a. The manure is land-applied by injection or incorporation on the same date as the manure was land-applied.
   b. An area of permanent vegetation cover, including filter strips and riparian forest buffers, exists for fifty feet surrounding the designated area other than an unplugged agricultural drainage well or surface intake to an unplugged agricultural drainage well, and the area of permanent vegetation cover is not subject to manure application.
   c. The department adopts rules requiring an increased separation distance for the application of manure located in proximity to a high-quality water resource in order to protect the integrity of the high-quality water resource. However, the department shall not provide for an increased separation distance requirement that is more than four times the separation distance requirement otherwise applicable under this section.

459.314A Licensure — commercial manure service.
A person shall not engage in the business of a commercial manure service unless the department issues the person a commercial manure service license under this section.
1. The department shall not issue a license to a commercial manure service unless each manager of the commercial manure service is certified as a commercial manure service representative pursuant to section 459.315.
2. The department shall not issue a license to a commercial manure service if the license for the commercial manure service has been revoked within the previous three years or a person who holds a controlling interest in the commercial manure service held a controlling interest in another commercial service which has been revoked within the previous three years.
3. The department may impose conditions or limitations upon the license. However, the issuance of a license shall not be conditioned upon providing a bond or maintaining a certain financial condition. A commercial manure service shall be issued a single license regardless of the number of sites where the commercial manure service operates offices.

4. A license application must be submitted to the department on a form furnished by the department according to procedures required by the department. The license shall expire on March 1 of each year.

5. A commercial manure service shall be charged a license fee as provided in section 459.400.

2003 Acts, ch 163, §4, 23
Referred to in §459.400

459.314B Disciplinary action — commercial manure service.

The department may issue an order to suspend or revoke the license of a commercial manure service as provided in chapter 17A, including an order to immediately suspend or revoke the license pursuant to section 17A.18A. The department may suspend or revoke the license of a commercial manure service for an applicable violation of this chapter. In addition, the department may suspend or revoke a commercial manure service’s license for any of the following:

1. Committing a fraudulent act, including but not limited to engaging in a deceptive act or practice, deliberately misrepresenting or omitting a material fact in the license application, or submitting a statement verifying that an employee may be substituted for certification without paying a fee as provided in section 459.400.

2. Knowingly assisting a person in evading the provisions of this chapter.

3. Knowingly employing or executing a contract with a person who acts as a commercial manure service representative and who is not certified pursuant to section 459.315.

459.315 Certification and education requirements.

1. a. A person shall not act as a commercial manure service representative unless the person is certified pursuant to an educational program as provided in this section.

b. A person shall not act as a confinement site manure applicator unless the person is certified pursuant to an educational program as provided in this section.

2. a. A person required to be certified as a commercial manure service representative must be certified by the department each year. The person shall be certified after completing an educational program which shall consist of an examination required to be passed by the person or three hours of continuing instructional courses which the person must attend each year in lieu of passing the examination.

b. A person required to be certified as a confinement site manure applicator must be certified by the department every three years. However, if the person is exempt from paying the certification fee because a family member has paid a certification fee as provided in section 459.400, the person’s certification shall expire on the same date that the paid family member’s certification expires. A person shall be certified after completing an educational program which shall consist of an examination required to be passed by the person or two hours of continuing instructional courses which the person must attend each year in lieu of passing the examination.

3. The department shall adopt, by rule, requirements for the certification, including educational program requirements. The department may establish different educational programs designed for commercial manure service representatives and confinement site manure applicators. The department shall adopt rules necessary to administer this section, including establishing certification standards and continuing instructional courses as provided in this subsection.

a. The department shall adopt rules establishing subjects for continuing instructional courses that emphasize practical and cost-effective methods to prevent manure spills and limit the impact of manure spills, especially from manure storage structures. The subjects may also include methods for transporting, handling, or applying manure; identifying
the potential effects of manure upon surface water and groundwater; and procedures to remediate the potential effects of manure on surface water or groundwater.

b. The department shall adopt by rule criteria for allowing a person required to be certified to complete either a written or oral examination.

c. The department shall administer the continuing instructional courses, by either teaching the courses or selecting persons to teach the courses, according to criteria as provided by rules adopted by the department. The department shall, to the extent possible, select persons to teach the continuing instructional courses. The department is not required to compensate persons to teach the continuing instructional courses. In selecting persons, the department shall consult with organizations interested in transporting, handling, storing, or applying manure, including the Iowa commercial nutrient applicators association and associations representing agricultural producers. The Iowa cooperative extension service in agriculture and home economics of Iowa state university of science and technology shall cooperate with the department in administering the continuing instructional courses. The Iowa cooperative extension service may teach continuing instructional courses, train persons selected to teach courses, or distribute informational materials to persons teaching the courses.

d. The department shall provide that the continuing instructional courses be made available via the department's internet site, the internet site of a person selected to teach the continuing instructional courses, or the Iowa cooperative extension service in agriculture and home economics of Iowa state university of science and technology.

e. The department, in administering the certification program under this section, and the department of agriculture and land stewardship, in administering the certification program for pesticide applicators, may cooperate together.

4. This section shall not require a person to be certified as a confinement site manure applicator if the person applies manure which originates from a manure storage structure which is part of a small animal feeding operation.

5. a. This section shall not require a person to be certified as a commercial manure service representative if any of the following applies:

(1) The person is any of the following:
   (a) Actively engaged in farming who trades work with another such person.
   (b) Employed by a person actively engaged in farming not solely as a manure applicator who applies manure as an incidental part of the person's general duties.
   (c) Engaged in applying manure as an incidental part of a custom farming operation.
   (d) Engaged in applying manure as an incidental part of a person's duties as provided by rules adopted by the department providing for an exemption.

(2) The person transports, handles, stores, or applies manure for a period of thirty days from the date of initial employment as a commercial manure service representative and all of the following apply:
   (a) The person is actively seeking certification under this section.
   (b) The person is transporting, handling, storing, or applying manure under the instructions and control of a certified commercial manure service representative. The commercial manure service representative must be physically present at the site where the manure is located. The commercial manure service representative must also be in sight or immediate communication distance of the supervised person.

b. This section shall not require a person to be certified as a confinement site manure applicator if all of the following apply:

(1) The person is a part-time employee or family member of a confinement site manure applicator.

(2) The person is acting under the instructions and control of a certified confinement site manure applicator who is both of the following:
   (a) Physically present at the site where the manure is located.
   (b) In sight or hearing distance of the supervised person.

6. The department may charge a fee for certifying a person under this section as provided in section 459.400.

§459.315A Disiplinary action — commercial manure service representatives.

The department may issue an order to suspend or revoke the certification of a commercial manure service representative for a violation of this chapter. The department shall issue an order for the suspension or revocation of a certificate as provided in chapter 17A. The department may issue an order to immediately suspend or revoke the certification notwithstanding section 17A.18.

2003 Acts, ch 163, §12, 23

459.317 Reserved.

459.317 Habitual violators — pending actions — restrictions on construction.

1. As used in this section, unless the context otherwise requires:
   a. “Habitual violator” means a person classified as a habitual violator pursuant to section 459.604.
   b. “Operation of law” means a transfer by inheritance, devise or bequest, court order, dissolution decree, order in bankruptcy, insolvency, replevin, foreclosure, execution sale, the execution of a judgment, the foreclosure of a real estate mortgage, the forfeiture of a real estate contract, or a transfer resulting from a decree for specific performance.
   c. “Suspect site” means a confinement feeding operation or land where a confinement feeding operation could be constructed, if the site is subject to a suspect transaction.
   d. “Suspect transaction” means a transaction in which a habitual violator does any of the following:
      (1) Transfers a controlling interest in a suspect site to any of the following:
         (a) An employee of the habitual violator or business in which the person holds a controlling interest.
         (b) A person who holds an interest in a business, including a confinement feeding operation, in which the habitual violator holds a controlling interest.
         (c) A person related to the habitual violator as spouse, parent, grandparent, lineal ascendant of a grandparent or spouse and any other lineal descendant of the grandparent or spouse, or a person acting in a fiduciary capacity for a related person. This paragraph does not apply to a transaction completed by an operation of law.
      (2) Provides financing for the construction or operation of a confinement feeding operation to any person, by providing a contribution or loan to the person, or providing cash or other tangible collateral for a contribution or loan made by a third person.
      e. “Transaction” includes a transfer in any manner or by any means, including any of the following:
         (1) Delivery and acceptance between two parties, including by contract or agreement with or without consideration, including by sale, exchange, barter, or gift.
         (2) An operation of law.
   2. a. A person shall not construct or expand a confinement feeding operation structure if the person is any of the following:
      (1) A party to a pending action for a violation of this chapter concerning a confinement feeding operation in which the person has a controlling interest and the action is commenced in district court by the attorney general.
      (2) A habitual violator.
   b. A person shall not construct or expand a confinement feeding operation structure for five years after the date of the last violation, committed by the person or confinement feeding operation in which the person holds a controlling interest, during which the person or operation was classified as a habitual violator.
c. This subsection shall not prohibit a person from completing the construction or expansion of a confinement feeding operation structure, if any of the following apply:
   (1) The person has an unexpired permit for the construction or expansion of the confinement feeding operation structure.
   (2) The person is not required to obtain a permit for the construction or expansion of the confinement feeding operation structure.
   d. For purposes of this subsection, "construct" or "expand" includes financing and contracting to build a confinement feeding operation structure regardless of whether the person subsequently leases, owns, or operates the confinement feeding operation structure.

3. A person who receives a controlling interest in a suspect site pursuant to a suspect transaction must submit a notice of the transaction to the department within thirty days. If, after notice and opportunity to be heard, pursuant to the contested case provisions of chapter 17A, the department finds that one purpose of the transaction was to avoid the conditions and enhanced penalties imposed upon a habitual violator, the person shall be subject to the same conditions and enhanced penalties as applied to the habitual violator at the time of the transaction.

4. The department shall conduct an annual review of each confinement feeding operation which is a habitual violator and each confinement feeding operation in which a habitual violator holds a controlling interest.

459.318 Exception from regulation — research colleges.

1. As used in this section, "research college" means an accredited public or private college or university, including but not limited to a university under the control of the state board of regents as provided in chapter 262, or a community college under the jurisdiction of a board of directors for a merged area as provided in chapter 260C, if the college or university performs research or experimental activities regarding animal agriculture or agronomy.

2. The requirements of this subchapter which regulate animal feeding operations, including rules adopted by the department pursuant to section 459.103, shall not apply to research activities and experiments performed under the authority and regulations of a research college, if the research activities and experiments relate to animal feeding operations, including but not limited to the confinement of animals and the storage and disposal of manure originating from animal feeding operations.

3. This section shall not apply to requirements provided in any of the following:
   a. Section 459.311, including rules adopted by the department under that section.
   b. Section 459.310, including rules adopted by the department under that section.

459.319 Exception from regulation — stockpiling.

1. This subchapter shall not apply to a person who stockpiles dry manure if the stockpile’s dry manure originates from a confinement feeding operation that was constructed prior to January 1, 2006, unless the confinement feeding operation is expanded after that date.

2. Subsection 1 does not apply to any of the following:
   a. A person who stockpiles dry manure in violation of section 459.311.
   b. A stockpile where precipitation-induced runoff has drained away.

2009 Acts, ch 38, §15, 16
459.320 Exception from regulation — election for confinement feeding operations confining fish.

A person who exclusively confines fish as part of a confinement feeding operation may elect to comply with the permitting requirements of section 455B.183 in lieu of the permitting requirements of this subchapter.

SUBCHAPTER IV

ANIMAL AGRICULTURE COMPLIANCE FUND — FEES

Referred to in §455B.111, 455B.112, 455B.113, 455B.115, 455E.8

459.400 Compliance fees.

1. The department shall establish, assess, and collect all of the following compliance fees:

a. A construction permit application fee that is required to accompany an application submitted to the department for approval to construct a confinement feeding operation structure as provided in section 459.303. The amount of the construction permit application fee shall not exceed two hundred fifty dollars.

b. A manure management plan filing fee that is required to accompany an original manure management plan submitted to the department for approval as provided in section 459.312. However, the manure management plan required to be filed as part of an application for a construction permit shall be paid together with the construction permit application fee. The amount of the manure management plan filing fee shall not exceed two hundred fifty dollars.

c. An annual compliance fee that is required to accompany an updated manure management plan submitted to the department for approval as provided in section 459.312. The amount of the annual compliance fee shall not exceed a rate of fifteen cents per animal unit based on the animal unit capacity of the confinement feeding operation covered by the manure management plan. If the person submitting the manure management plan is a contract producer, as provided in chapter 202, the active contractor shall be assessed the annual compliance fee.

d. Educational program fees paid by persons required by the department to be certified as commercial manure service representatives or confinement site manure applicators pursuant to section 459.315. The amount of the educational program fees together with commercial manure service licensing fees shall be adjusted annually by the department based on the costs of administering section 459.315 and paying the expenses of the department relating to certification.

(1) The fee for certification of a commercial manure service representative shall not be more than seventy-five dollars. A commercial manure service licensed pursuant to section 459.314A may pay for the annual certification of its employees. If a commercial manure service makes payment for an employee to be certified as a commercial manure service representative and that employee leaves employment, the commercial manure service may substitute a new employee to be certified for the former employee. The department shall not charge for the certification of the substituted employee. The department may require that the commercial manure service provide the department with documentation that the substitution is valid. The department shall not charge the fee to a person who is a manager of a commercial manure service licensed pursuant to section 459.314A. The department may require that the commercial manure service provide documentation that a person is a manager.

(2) A person who is certified as a confinement site manure applicator as provided in section 459.315 is exempt from paying the certification fee if all of the following apply:
(a) The person is certified within one year from the date that a family member has been certified as a confinement site manure applicator.

(b) The family member has paid the fee for that family member’s own certification.

e. Fees paid by persons required by the department to be licensed as a commercial manure service as provided in section 459.314A. The fee for a commercial manure service license shall not be more than two hundred dollars. The amount of the licensing fees together with educational program fees shall be adjusted annually by the department based on the costs of administering section 459.315 and paying the expenses of the department relating to certification.

2. Compliance fees collected by the department shall be deposited into the animal agriculture compliance fund created in section 459.401.

a. Except as provided in paragraph “b”, moneys collected from all fees shall be deposited into the compliance fund’s general account.

b. Moneys collected from the annual compliance fee shall be deposited into the compliance fund’s assessment account. Moneys collected from commercial manure service license fees and educational program fees shall be deposited into the compliance fund’s educational program account.

3. At the end of each fiscal year the department shall determine the balance of unencumbered and unobligated moneys in the assessment account and the educational program account of the animal agriculture compliance fund created pursuant to section 459.401.

a. If on June 30, the balance of unencumbered and unobligated moneys in the assessment account is one million dollars or more, the department shall adjust the rate of the annual compliance fee for the following fiscal year. The adjusted rate for the annual compliance fee shall be based on the department’s estimate of the amount required to ensure that at the end of the following fiscal year the balance of unencumbered and unobligated moneys in the assessment account is not one million dollars or more.

b. If on June 30, the balance of unencumbered and unobligated moneys in the educational program account is twenty-five thousand dollars or more, the department shall adjust the rate of the commercial manure service license fee and the educational program fee for the following fiscal year. The adjusted rate for the fees shall be based on the department’s estimate of the amount required to ensure that at the end of the following fiscal year the balance of unencumbered and unobligated moneys in the assessment account is not twenty-five thousand dollars or more.

2003 Acts, ch 163, §13 – 16, 22, 23
CS2003, §459.400

Referred to in §459.303, 459.312, 459.312A, 459.314A, 459.314B, 459.315, 459.401

459.401 Animal agriculture compliance fund.

1. An animal agriculture compliance fund is created in the state treasury under the control of the department. The compliance fund is separate from the general fund of the state.

2. The compliance fund is composed of three accounts: the general account, the assessment account, and the educational program account.

a. The general account is composed of moneys appropriated by the general assembly and moneys available to and obtained or accepted by the department from the United States government or private sources for placement in the compliance fund. Unless otherwise specifically provided in statute, moneys required to be deposited in the compliance fund shall be deposited into the general account. The general account shall include moneys deposited into the account from all of the following:

(1) The construction permit application fee required pursuant to section 459.303.
(2) The manure management plan filing fee required pursuant to section 459.312.
(3) Educational program fees required to be paid by commercial manure service representatives or confinement site manure applicators pursuant to section 459.400.
(4) A commercial manure service license fee as provided in section 459.400.
b. The assessment account is composed of moneys collected from the annual compliance fee required pursuant to section 459.400.

c. The educational program account is composed of moneys collected from the commercial manure service license fee and the educational program fee required pursuant to section 459.400.

3. Moneys in the compliance fund are appropriated to the department exclusively to pay the expenses of the department in administering and enforcing the provisions of subchapters II and III as necessary to ensure that animal feeding operations comply with all applicable requirements of those provisions, including rules adopted or orders issued by the department pursuant to those provisions. The moneys shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this subsection. The department shall not transfer moneys from the compliance fund’s assessment account to another fund or account, including but not limited to the fund’s general account.

4. Moneys in the fund, which may be subject to warrants written by the director of the department of administrative services, shall be drawn upon the written requisition of the director of the department of natural resources or an authorized representative of the director.

5. Notwithstanding section 8.33, any unexpended balance in an account of the compliance fund at the end of the fiscal year shall be retained in that account. Notwithstanding section 12C.7, subsection 2, interest, earnings on investments, or time deposits of the moneys in an account of the compliance fund shall be credited to that account.

Refer to in §459.400

459.402 Animal agriculture compliance fees — delinquencies.

If a fee imposed under this chapter for deposit into the animal agriculture compliance fund is delinquent, the department may charge interest on any amount of the fee that is delinquent. The rate of interest shall not be more than the current rate published in the Iowa administrative bulletin by the department of revenue pursuant to section 421.7. The interest amount shall be computed from the date that the fee is delinquent, unless the department designates a later date. The interest amount shall accrue for each month in which a delinquency is calculated as provided in section 421.7, and counting each fraction of a month as an entire month. The interest amount shall become part of the amount of the fee due.

459.403 County assessment of fees prohibited.

A county shall not assess or collect a fee under this chapter for the regulation of animal agriculture, including but not limited to any fee related to the filing, consideration, or evaluation of an application for a construction permit pursuant to section 459.303 or the filing of a manure management plan pursuant to section 459.312.

459.404 through 459.500 Reserved.

SUBCHAPTER V

LIVESTOCK REMEDIATION FUND — INDEMNITY FEES

Refer to in §7D.10A

459.501 Livestock remediation fund.

1. A livestock remediation fund is created as a separate fund in the state treasury under
the control of the department. The general fund of the state is not liable for claims presented against the fund.

2. The fund consists of moneys from indemnity fees remitted by permittees to the department as provided in section 459.502; moneys from indemnity fees remitted by persons required to submit manure management plans to the department pursuant to section 459.503; sums collected on behalf of the fund by the department through legal action or settlement; moneys required to be repaid to the department by a county pursuant to this subchapter; interest, property, and securities acquired through the use of moneys in the fund; or moneys contributed to the fund from other sources.

3. a. The moneys collected under this section shall be deposited in the fund and shall be appropriated to the department for the following exclusive purposes:
   (1) To provide moneys for cleanup of abandoned facilities as provided in section 459.505, and to pay the department for costs related to administering the provisions of this subchapter. For each fiscal year, the department shall not use more than one percent of the total amount which is available in the fund or ten thousand dollars, whichever is less, to pay for the costs of administration.
   (2) To allocate moneys to the department of agriculture and land stewardship for the payment of expenses incurred by the department of agriculture and land stewardship associated with providing for the sustenance and disposition of livestock in immediate need of sustenance pursuant to chapter 717. The department of natural resources shall allocate any amount of unencumbered and unobligated moneys demanded in writing by the department of agriculture and land stewardship as provided in this subparagraph. The department of natural resources shall complete the allocation upon receiving the demand.

   b. Moneys in the fund shall not be subject to appropriation or expenditure for any other purpose than provided in this section.

4. The treasurer of state shall act as custodian of the fund and disburse amounts contained in the fund as directed by the department. The treasurer of state is authorized to invest the moneys deposited in the fund. The income from such investment shall be credited to and deposited in the fund. Notwithstanding section 8.33, moneys in the fund are not subject to reversion to the general fund of the state. The fund shall be administered by the department which shall make expenditures from the fund consistent with the purposes set out in this subchapter. The moneys in the fund shall be disbursed upon warrants drawn by the director of the department of administrative services pursuant to the order of the department. The fiscal year of the fund begins July 1. The finances of the fund shall be calculated on an accrual basis in accordance with generally accepted accounting principles. The auditor of state shall regularly perform audits of the fund.

5. The following shall apply to moneys in the fund:
   a. (1) The executive council may authorize payment of moneys as an expense paid from the appropriations addressed in section 7D.29 and in the manner provided in section 7D.10A in an amount necessary to support the fund, including the following:
      (a) The payment of claims as provided in section 459.505.
      (b) The allocation of moneys to the department of agriculture and land stewardship for the payment of expenses incurred by the department of agriculture and land stewardship associated with providing for the sustenance and disposition of livestock pursuant to chapter 717.
   (2) Notwithstanding subparagraph (1), the executive council’s authorization for payment shall be provided only if the amount of moneys in the fund, which are not obligated or encumbered, and not counting the department’s estimate of the cost to the fund for pending or unsettled claims, the amount to be allocated to the department of agriculture and land stewardship, and any amount required to be credited to the general fund of the state under this subsection, is less than one million dollars.

   b. The department of natural resources shall credit an amount to the fund from which the expense authorized by the executive council as provided in paragraph “a” was appropriated which is equal to an amount authorized for payment to support the livestock remediation fund by the executive council under paragraph “a”. However, the department shall only be required to credit the moneys to such fund if the moneys in the livestock remediation
fund which are not obligated or encumbered, and not counting the department’s estimate of
the cost to the livestock remediation fund for pending or unsettled claims, the amount to be
allocated to the department of agriculture and land stewardship, and any amount required
to be transferred to the fund from which appropriated as described in this paragraph, are in
excess of two million five hundred thousand dollars. The department is not required to credit
the total amount to the fund from which appropriated as described in this paragraph during
any one fiscal year.

459.502 Indemnity fees required — construction permits.
1. An indemnity fee shall be assessed upon permittees which shall be paid to and collected
by the department, prior to issuing a permit for the construction of a confinement feeding
operation as provided in section 459.303. The amount of the fees shall be based on the following:
a. If the confinement feeding operation has an animal unit capacity of less than one
thousand animal units, the following shall apply:
(1) For all animals other than poultry, the amount of the fee shall be ten cents per animal
unit of capacity for confinement feeding operations.
(2) For poultry, the amount of the fee shall be four cents per animal unit of capacity for
confinement feeding operations.

b. If the confinement feeding operation has an animal unit capacity of one thousand or
more animal units but less than three thousand animal units, the following shall apply:
(1) For all animals other than poultry, the amount of the fee shall be fifteen cents per
animal unit of capacity for confinement feeding operations.
(2) For poultry, the amount of the fee shall be six cents per animal unit of capacity for
confinement feeding operations.

c. If the confinement feeding operation has an animal unit capacity of three thousand or
more animal units, the following shall apply:
(1) For all animals other than poultry, the amount of the fee shall be twenty cents per
animal unit of capacity for confinement feeding operations.
(2) For poultry, the amount of the fee shall be eight cents per animal unit of capacity for
confinement feeding operations.

2. The department shall deposit moneys collected from the fees into the livestock
remediation fund according to procedures adopted by the department.

459.503 Indemnity fee required — manure management plan.
An indemnity fee shall be assessed upon persons required to submit an original manure
management plan as provided in section 459.312, but not required to obtain a construction
permit pursuant to section 459.303. A person required to submit a replacement original
manure management plan shall not be assessed an indemnity fee. The amount of the fee
shall be ten cents per animal unit of capacity for the confinement feeding operation covered by the manure management plan.

If the department provides cleanup of a condition caused by a confinement feeding operation as provided in section 459.506, the department may use moneys in the fund for purposes of supporting the cleanup. The department shall reimburse the fund from moneys recovered by the department as reimbursement for the cleanup as provided in section 459.506.

98 Acts, ch 1209, §7, 50
C99, §455J.6
C2003, §459.504

459.505 Use of moneys by counties for cleanup.

1. A county that has acquired real estate containing a manure storage structure following nonpayment of taxes pursuant to section 446.19 may make a claim against the fund to pay cleanup costs incurred by the county as provided in section 459.506. Each claim shall include a bid by a qualified person, other than a governmental entity, to remove and dispose of the manure for a fixed amount specified in the bid.

2. If a county provides cleanup under section 459.506 after acquiring real estate following nonpayment of taxes, the department shall determine if a claim is eligible to be satisfied under this subsection, and do one of the following:
   a. Pay the amount of the claim required in this section, based on the fixed amount specified in the bid submitted by the county upon completion of the work.
   b. Obtain a lower fixed amount bid for the work from another qualified person, other than a governmental entity, and pay the amount of the claim required in this section, based on the fixed amount in this bid upon completion of the work. The department is not required to comply with section 8A.311 in implementing this section.

3. If a county provides cleanup of a condition causing a clear, present, and impending danger to the public health or environment, as provided in section 459.506, the county may make a claim against the fund to pay cleanup costs incurred by the county, according to procedures and requirements established by rules adopted by the department. The department shall determine if a claim is eligible to be satisfied under this subsection, and pay the amount of the claim required in this section.

4. Upon a determination that the claim is eligible for payment, the department shall provide for payment of one hundred percent of the claim, as provided in this section. If at any time the department determines that there are insufficient moneys to make payment of all claims, the department shall pay claims according to the date that the claims are received by the department. To the extent that a claim cannot be fully satisfied, the department shall order that the unpaid portion of the payment be deferred until the claim can be
satisfied. However, the department shall not satisfy claims from moneys dedicated for the administration of the fund.

5. In the event of payment of a claim under this section, the fund is subrogated to the extent of the amount of the payment to all rights, powers, privileges, and remedies of the county regarding the payment amount. The county shall render all necessary assistance to the department in securing the rights granted in this section. A case or proceeding initiated by a county which involves a claim submitted to the department shall not be compromised or settled without the consent of the department. A county shall not be eligible to submit a claim to the department if the county has compromised or settled a case or proceeding, without the consent of the department.

6. If upon disposition of the real estate the county realizes an amount which exceeds the total amount of the delinquent real estate taxes, the county shall forward to the fund any excess amount which is not more than the amount expended by the fund to pay the claim by the county.

459.506 Cleanup.

1. a. A county that has acquired real estate on which there is located a confinement feeding operation following the nonpayment of taxes pursuant to section 446.19, may provide for cleanup, including removing and disposing of manure at any time, remediating contamination which originates from the confinement feeding operation, or demolishing and disposing of structures relating to the confinement feeding operation. The county may seek reimbursement including by bringing an action for the costs of the cleanup from the person abandoning the real estate.

b. If the confinement feeding operation has caused a clear, present, and impending danger to the public health or the environment, the department may clean up the confinement feeding operation and remediate contamination which originates from the confinement feeding operation, pursuant to sections 455B.381 through 455B.399. If the department fails to commence cleanup within twenty-four hours after being notified of a condition requiring cleanup, the county may provide for the cleanup as provided in this paragraph. The department or county may seek reimbursement including by bringing an action for the costs of the cleanup from a person liable for causing the condition.

2. A person cleaning up a confinement feeding operation located on real estate acquired by a county may demolish or dispose of any building or equipment of the confinement feeding operation located on the land according to rules adopted by the department pursuant to chapter 17A, which apply to the disposal of farm buildings or equipment by an individual or business organization.

ENFORCEMENT
Referred to in §364.22, 455B.111, 455B.112, 455B.113, 455B.115, 455E.8, 459B.401

459.601 Animal feeding operations — investigations and enforcement actions.
1. A person may file a complaint alleging that an animal feeding operation is in violation of this chapter, including rules adopted by the department, or environmental standards or regulations subject to federal law and enforced by the department.
   a. The complaint may be filed with the department according to procedures required by the department or with the county board of supervisors in the county where the violation is alleged to have occurred, according to procedures required by the board. The county auditor may accept the complaint on behalf of the board.
   b. If the county board of supervisors receives a complaint, it shall conduct a review to determine if the allegation contained in the complaint constitutes a violation, without investigating whether the facts supporting the allegation are true or untrue.
      (1) If the county board of supervisors determines that the allegation does not constitute a violation, it shall notify the complainant, the animal feeding operation which is the subject of the complaint, and the department, according to rules adopted by the department.
      (2) If the county board of supervisors determines that the allegation constitutes a violation, it shall forward the complaint to the department which shall investigate the complaint as provided in this section.
   c. If the department receives a complaint from a complainant or a county forwarding a complaint, the department shall conduct an investigation of the complaint if the department determines that the complaint is legally sufficient and an investigation is justified. The department shall receive a complaint filed by a complainant, regardless of whether the complainant has filed a complaint with a county board of supervisors.
      (1) The department in its discretion shall determine the urgency of the investigation, and the time and resources required to complete the investigation, based upon the circumstances of the case, including the severity of a threat to the quality of surface or subsurface water.
      (2) The department shall notify the county board of supervisors in the county where the violation is alleged to occur prior to investigating the premises of the alleged violation.
However, the department is not required to provide notice if the department determines that a clear, present, and impending danger to the public health or environment requires immediate action.

(3) The county board of supervisors may designate a county employee to accompany a departmental official during the investigation of the premises of a confinement feeding operation. The county designee shall have the same right of access to the real estate of the premises as the departmental official conducting the inspection during the period that the county designee accompanies the departmental official.

(4) Upon the completion of an investigation, the department shall notify the complainant of the results of the investigation, including any anticipated, pending, or completed enforcement action arising from the investigation. The department shall deliver a copy of the notice to the animal feeding operation that is the subject of the complaint and the board of supervisors of the county where the violation is alleged to have occurred.

d. A county board of supervisors or the department is not required to divulge information regarding the identity of the complainant.

2. a. The department and the attorney general shall enforce the provisions of this chapter in the same manner as provided in chapter 455B, division I.

b. The department and the attorney general may enforce the provisions of subchapter III in the same manner as provided in section 455B.175.

3. When entering the premises of an animal feeding operation, a person who is a departmental official, an agent of the department, or a person accompanying the departmental official or agent shall comply with section 455B.103. The person shall also comply with standard biosecurity requirements customarily required by the animal feeding operation which are necessary in order to control the spread of disease among an animal population.

459.602 Air quality violations — civil penalty.

A person who violates subchapter II shall be subject to a civil penalty which shall be established, assessed, and collected in the same manner as provided in section 455B.109. Any collected civil penalty and interest on a civil penalty shall be credited to the Iowa nutrient research fund created in section 466B.46.

Referred to in §455B.109, 459B.402, 466B.46

459.603 Water quality violations — civil penalty.

A person who violates subchapter III shall be subject to a civil penalty which shall be established, assessed, and collected in the same manner as provided in section 455B.109 or 455B.191. Any collected civil penalty and interest on a civil penalty shall be credited to the Iowa nutrient research fund created in section 466B.46.

Referred to in §455B.109, 459B.312, 459A.502, 459B.402, 466B.46

459.604 Habitual violators — classification — penalties.

1. a. The department may impose a civil penalty upon a habitual violator which shall not exceed twenty-five thousand dollars for each day the violation continues. The increased penalty may be assessed for each violation committed subsequent to the violation which results in classifying the person as a habitual violator. A person shall be classified as a habitual violator if the person has committed three or more violations as described in this subsection. To be considered a violation that is applicable to a habitual violator
determination, a violation must have been committed on or after January 1, 1995. In addition, each violation must have been referred to the attorney general for legal action under this chapter, and each violation must be subject to the assessment of a civil penalty or a court conviction, in the five years prior to the date of the latest violation provided in this subsection, counting any violation committed by a confinement feeding operation in which the person holds a controlling interest. A person shall be removed from the classification of habitual violator on the date on which the person and all confinement feeding operations in which the person holds a controlling interest have committed less than three violations described in this subsection for the prior five years. For purposes of counting violations, a continuing and uninterrupted violation shall be considered as one violation. Different types of violations shall be counted as separate violations regardless of whether the violations were committed during the same period. A violation must relate to one of the following:

1. The construction or operation of a confinement feeding operation structure, or the installation or use of a related pollution control device or practice, for which the person must obtain a permit, in violation of this chapter, or rules adopted by the department, including the terms or conditions of the permit.

2. Intentionally making a false statement or misrepresenting information to the department as part of an application for a construction permit for a confinement feeding operation structure, or the installation of a related pollution control device or practice for which the person must obtain a construction permit.

3. Failing to obtain a permit or approval by the department in violation of this chapter or departmental rule which requires a permit to construct or operate a confinement feeding operation or use a confinement feeding operation structure, anaerobic lagoon, or a pollution control device or practice which is part of a confinement feeding operation.

4. Operating a confinement feeding operation, including a confinement feeding operation structure, or a related pollution control device or practice, which causes pollution to the waters of the state, if the pollution was caused intentionally, or caused by a failure to take measures required to abate the pollution which resulted from an act of God.

5. Failing to submit a manure management plan as required pursuant to section 459.312, or operating a confinement feeding operation without having a manure management plan approved by the department.

b. This subsection shall not apply unless the department has previously notified the person of the person's classification as a habitual violator. The department shall notify persons classified as habitual violators of their classification, additional restrictions imposed upon the persons pursuant to their classification, and special civil penalties that may be imposed upon the persons. The notice shall be sent to the persons by certified mail.

2. Moneys assessed and collected in civil penalties, and interest earned on civil penalties, arising out of a violation involving an animal feeding operation shall be credited to the Iowa nutrient research fund created in section 466B.46.

For restrictions imposed on the right of a person classified as a “chronic violator” or a “habitual violator” to raise a defense against a nuisance suit brought against a confinement feeding operation, see §657.11 and 657.11A

459.605 Habitual violators — permit restrictions.
For five years after the date of the last violation of this chapter committed by a person or by a confinement feeding operation in which the person holds a controlling interest during which the person or confinement feeding operation was classified as a habitual violator under section 459.604, all of the following shall apply:

1. The department may not issue a new permit under this chapter to the person or confinement feeding operation.

2. The department may revoke or refuse to renew an existing permit issued under this chapter to the person or confinement feeding operation, if the permit relates to a confinement feeding operation and the department determines that the continued operation
of the confinement feeding operation under the existing permit constitutes a clear, present, and impending danger to the public health or environment.

For restrictions imposed on the right of a person classified as a “chronic violator” or a “habitual violator” to raise a defense against a nuisance suit brought against a confinement feeding operation, see §657.11 and 657.11A

SUBCHAPTER V
ENFORCEMENT

1. “Alternative technology system” or “alternative system” means a system for open feedlot effluent control as provided in section 459A.303.
2. “Animal” means the same as defined in section 459.102.
3. “Animal feeding operation” means the same as defined in section 459.102.
4. “Animal truck wash effluent” means a combination of manure, washwater-induced runoff, or other runoff derived from an animal truck wash facility, which may include solids.
5. “Animal truck wash effluent structure” means an impoundment which is part of an animal truck wash facility, if the primary function of the impoundment is to collect and store animal truck wash effluent.
6. “Animal truck wash facility” means an operation engaged in washing single-unit trucks, truck-tractors, semitrailers, or trailers used to transport animals.
7. “Animal unit” means the same as defined in section 459.102.
8. “Animal unit capacity” means a measurement used to determine the maximum number of animal units that may be maintained as part of an open feedlot operation.
9. “ASTM international” means the American society for testing and materials international.
10. “Commission” means the environmental protection commission created pursuant to section 455A.6.
11. “Concentrated animal feeding operation” means the same as defined in 40 C.F.R. §122.23.
12. “Confinement feeding operation” means the same as defined in section 459.102.
13. “Department” means the department of natural resources.
14. “Designated area” means a known sinkhole, a cistern, an abandoned well, an unplugged agricultural drainage well, an agricultural drainage well surface inlet, a drinking water well, a designated wetland, or a water source. However, “designated area” does not include a terrace tile inlet or surface tile inlet other than an agricultural drainage well surface tile inlet.
15. “Designated wetland” means the same as defined in section 459.102.
16. “Document” means any form required to be processed by the department under this chapter, including but not limited to applications for permits or related materials as provided in section 459A.205, soils and hydrogeologic reports as provided in section 459A.206, construction certifications as provided in section 459A.207, nutrient management plans as provided in section 459A.208, and notices required under this chapter.
17. “Effluent” means open feedlot effluent or animal truck wash effluent.
19. “Formed animal truck wash effluent structure” means a covered or uncovered impoundment used to store effluent from an animal truck wash facility, which has walls and a floor constructed of concrete, concrete block, wood, steel, or similar materials.
20. “Grassed waterway” means a natural or constructed channel that is shaped or graded and established with suitable vegetation for the stable conveyance of surface water runoff.
21. “High-quality water resource” means the same as defined in section 459.102.
22. “Karst terrain” means the same as defined in section 459.102.
23. “Manure storage structure” means the same as defined in section 459.102.
24. “NPDES permit” means a permit issued by the department under the national pollutant discharge elimination system pursuant to the federal Water Pollution Control Act of 1972, 33 U.S.C. ch. 26, as amended, and 40 C.F.R. pts. 122 and 412.
25. “Nutrient management plan” or “plan” means a plan which provides for the management of open feedlot effluent, or animal truck wash effluent, including the application of effluent as provided in section 459A.208.
26. “Open feedlot” means a lot, yard, corral, building, or other area used to house animals in conjunction with an open feedlot operation.
27. “Open feedlot effluent” means a combination of manure, precipitation-induced runoff, or other runoff from an open feedlot before its settleable solids have been removed.
28. “Open feedlot operation” or “operation” means an unroofed or partially roofed animal feeding operation if crop, vegetation, or forage growth or residue cover is not maintained as
part of the animal feeding operation during the period that animals are confined in the animal feeding operation.

29. “Open feedlot operation structure” means an open feedlot, settled open feedlot effluent basin, a solids settling facility, or an alternative technology system. “Open feedlot operation structure” does not include a manure storage structure as defined in section 459.102.

30. “Owner” means a person who holds legal or equitable title to any of the following:
   a. The property where an open feedlot operation or animal truck wash facility is located.
   b. An open feedlot operation structure which is part of an open feedlot operation or an animal truck wash effluent structure which is part of an animal truck wash facility.

31. “Professional engineer” means the same as defined in section 459.102.

32. “Research college” means an accredited public or private college or university, including but not limited to a university under the control of the state board of regents as provided in chapter 262, or a community college under the jurisdiction of a board of directors for a merged area as provided in chapter 260C, if the college or university performs research or experimental activities regarding animal agriculture or agronomy.

33. “Settled open feedlot effluent” or “settled effluent” means a combination of manure, precipitation-induced runoff, or other runoff originating from an open feedlot after its settleable solids have been removed.

34. “Settled open feedlot effluent basin” or “basin” means an impoundment which is part of an open feedlot operation, if the primary function of the impoundment is to collect and store settled open feedlot effluent.

35. “Small animal feeding operation” means the same as defined in section 459.102.

36. “Small animal truck wash facility” means an animal truck wash facility, if all of the following apply:
   a. The animal truck wash facility and all single-unit trucks, truck-tractors, semitrailers, or trailers that are washed at the facility are owned by the same person.
   b. The average total per day volume of washwater used by the animal truck wash facility does not exceed two thousand gallons as calculated on a monthly basis.

37. a. “Solids” means that portion of effluent that meets all of the following requirements:
   (1) Does not flow perceptibly under pressure.
   (2) Is not capable of being transported through a mechanical pumping device designed to move a liquid.
   (3) The constituent molecules do not flow freely among themselves but do show the tendency to separate under stress.
   b. “Solids” includes settleable solids and scraped solids.

38. “Solids settling facility” means a basin, terrace, diversion, or other structure or solids removal method which is part of an open feedlot operation and which is designed and operated to remove settleable solids from open feedlot effluent. A “solids settling facility” does not include a basin, terrace, diversion, or other structure or solids removal method which retains the liquid portion of open feedlot effluent for more than seven consecutive days following a precipitation event.

39. “Stockpile” means to store solids from any of the following:
   a. An open feedlot operation outside of an open feedlot operation structure, or outside of an area that drains to an open feedlot operation structure.
   b. An animal truck wash facility, outside an animal truck wash facility, or outside an area that drains to an animal truck wash facility.

40. “Structure” means any of the following:
   a. An open feedlot operation structure.
   b. An animal truck wash effluent structure.

41. “Unformed animal truck wash effluent structure” means a covered or uncovered impoundment used to store animal truck wash effluent, other than a formed animal truck wash effluent structure.

42. “Water of the state” means the same as defined in section 455B.171.

43. “Water source” means the same as defined in section 459.102.
44. “Waters of the United States” means the same as defined in 40 C.F.R. §122.2, as that section exists on July 1, 2005.

Referred to in §202.1, 459.102, 459B.102, 579B.1

459A.103 Special terms.
For purposes of this chapter, all of the following shall apply:

1. a. Two or more open feedlot operations under common ownership or common management are deemed to be a single open feedlot operation if they are adjacent or utilize a common area or system for open feedlot effluent disposal.

b. For purposes of determining whether two or more open feedlot operations are adjacent, all of the following shall apply:
   (1) At least one open feedlot operation structure must be constructed on or after July 17, 2002.
   (2) An open feedlot operation structure which is part of one open feedlot operation is separated by less than one thousand two hundred fifty feet from an open feedlot operation structure which is part of the other open feedlot operation.
   c. (1) For purposes of determining whether two or more open feedlot operations are under common ownership, a person must hold an interest in each of the open feedlot operations as any of the following:
      (a) A sole proprietor.
      (b) A joint tenant or tenant in common.
      (c) A holder of a majority equity interest in a business association as defined in section 202B.102, including but not limited to as a shareholder, partner, member, or beneficiary.
   (2) An interest in the open feedlot operation under subparagraph (1), subparagraph division (b) or (c), which is held directly or indirectly by the person’s spouse or dependent child shall be attributed to the person.
   d. For purposes of determining whether two or more open feedlot operations are under common management, a person must have significant control of the management of the day-to-day operations of each of the open feedlot operations. Common management does not include control over a contract livestock facility by a contractor, as defined in section 202.1.

2. An open feedlot operation structure is “constructed” when any of the following occurs:
   a. Excavation commences for a proposed open feedlot operation structure or proposed expansion of an existing open feedlot operation structure.
   b. Forms for concrete are installed for a proposed open feedlot operation structure or the proposed expansion of an existing open feedlot operation structure.
   c. Piping for the movement of open feedlot effluent is installed within or between open feedlot operation structures as proposed or proposed to be expanded.

3. a. In calculating the animal unit capacity of an open feedlot operation, the animal unit capacity shall not include the animal unit capacity of any confinement feeding operation building as defined in section 459.102, which is part of the open feedlot operation.
   b. Notwithstanding paragraph “a”, only for purposes of determining whether an open feedlot operation must obtain an NPDES permit, the animal unit capacity of the animal feeding operation includes the animal unit capacities of both the open feedlot operation and the confinement feeding operation if the animals in the open feedlot operation and the confinement feeding operation are all in the same category or type of animals as used in the definitions of large and medium concentrated animal feeding operations in 40 C.F.R. pt. 122. In all other respects, the confinement feeding operation shall be governed by chapter 459 and the open feedlot operation shall be governed by this chapter.

4. An animal truck wash facility is considered to be part of an animal feeding operation if the animal truck wash facility and animal feeding operation are under common ownership or management and the animal truck wash facility is located within one thousand two hundred fifty feet of the animal feeding operation.

5. a. If an open feedlot operation structure or animal truck wash effluent structure
contains effluent from both an open feedlot operation and an animal truck wash facility, the animal truck wash effluent shall be deemed to be open feedlot effluent.

b. If a manure storage structure or animal truck wash effluent structure contains both manure from a confinement feeding operation and animal truck wash effluent from an animal truck wash facility, the effluent shall be deemed to be manure.

6. An open feedlot operation structure is abandoned if the open feedlot operation structure has been razed, removed from the site of an open feedlot operation, filled in with earth, or converted to uses other than an open feedlot operation structure so that it cannot be used as an open feedlot operation structure without significant reconstruction.

7. All distances between locations or objects provided in this chapter shall be measured in feet from their closest points.

8. The regulation of effluent under this chapter shall be construed as also regulating effluent and solids.

9. "Seasonal high-water table" means the seasonal high-water table as determined by a professional engineer pursuant to the following requirements:
   a. The seasonal high-water table shall be determined by evaluating soil profile characteristics such as color and mottling from soil corings, soil test pits, or other soil profile evaluation methods, water level data from soil corings or other sources, and other pertinent information.
   b. If a drainage tile line to artificially lower the seasonal high-water table is installed as provided in section 459A.302, the level to which the seasonal high-water table will be lowered will be the seasonal high-water table.

10. An animal truck wash facility may be part of either a confinement feeding operation or an open feedlot operation. An animal truck wash effluent structure may also be the same as any of the following:
    a. A manure storage structure that is part of the confinement feeding operation, so long as the primary function of such impoundment is to collect and store effluent from both the animal truck wash facility and manure from the confinement feeding operation.
    b. A settled open feedlot effluent basin that is part of the open feedlot operation, so long as the primary function of such impoundment is to collect and store effluent from both the animal truck wash facility and open feedlot operation.

459A.104 General authority — commission and department — purpose — compliance.

1. The commission shall establish by rule adopted pursuant to chapter 17A, requirements relating to the construction, including expansion, or operation of all of the following:
   a. Open feedlot operations, including any related open feedlot operation structures.
   b. Animal truck wash facilities, including any related animal truck wash effluent structures.

2. Any provision referring generally to compliance with the requirements of this chapter as applied to open feedlot operations or animal truck wash facilities also includes compliance with requirements in rules adopted by the commission pursuant to this section, orders issued by the department as authorized under this chapter, and the terms and conditions applicable to licenses, certifications, permits, or nutrient management plans required under this chapter.

3. a. The purpose of this chapter is to provide requirements relating to the construction, including the expansion, and operation of all of the following:
   (1) Open feedlot operations, and the control of open feedlot effluent.
   (2) Animal truck wash facilities, and the control of animal truck wash effluent.

   b. The provisions of this chapter shall be construed to supplement applicable provisions of chapter 459. If there is a conflict between the provisions of this chapter and chapter 459, the provisions of this chapter shall prevail.

Referred to in §459A.105, 459A.404
459A.105 Exceptions to regulation.
1. a. Except as provided in paragraph “b”, the requirements of this chapter which regulate open feedlot operations, including rules adopted by the commission pursuant to section 459A.104, shall not apply to research activities and experiments performed under the authority and regulations of a research college, if the research activities and experiments relate to an open feedlot operation structure or the disposal or treatment of effluent originating from an open feedlot operation.

b. The requirements of section 459A.410, including rules adopted by the commission under that section, apply to research activities and experiments performed under the authority and regulations of a research college.

2. a. Except as provided in paragraph “b”, the requirements of this chapter, including rules adopted by the commission pursuant to section 459A.104, shall not apply to a small animal truck wash facility.

b. (1) The requirements of section 459A.205, including rules adopted by the commission pursuant to that section, shall apply to a small animal truck wash facility only to the extent required by section 459A.205, subsection 5.

(2) The requirements of section 459A.404, including rules adopted by the commission pursuant to that section, shall apply to a small animal truck wash facility. However, section 459A.404, subsection 1, shall only apply to a small animal truck wash facility as provided in that subsection.

(3) The requirements of section 459A.410, including rules adopted by the commission under that section, shall apply to a small animal truck wash facility.

Referred to in §459A.205

SUBCHAPTER II
DOCUMENTATION

459A.201 Document processing requirements.
1. The department shall adopt and promulgate forms required to be completed in order to comply with this chapter, including forms for documents that the department shall make available on the internet in the same manner as provided in section 459.302.

2. a. The department shall provide for procedures for the receipt, filing, processing, and return of documents in an electronic format in the same manner as provided in section 459.302. The department shall provide for authentication of the documents that may include electronic signatures as provided in chapter 554D.

b. The department shall to every extent feasible provide for the processing of documents required under this subchapter using electronic systems in the same manner as required in section 459.302.

3. a. The department shall approve or disapprove an application for a construction permit as provided in section 459A.205 within sixty days after receiving the permit application. However, the applicant may deliver a notice requesting a continuance. Upon receipt of a notice, the time required for the department to act upon the application shall be suspended for the period provided in the notice, but for not more than thirty days after the department’s receipt of the notice. The applicant may submit more than one notice. However, the department may provide that an application is terminated if no action is required by the department for one year following delivery of the application to the department. The department may also provide for a continuance when it considers the application. The department shall provide notice to the applicant of the continuance. The time required for the department to act upon the application shall be suspended for the period provided in the notice, but for not more than thirty days. However, the department shall not provide for more than one continuance.

b. (1) A nutrient management plan as provided in section 459A.208 shall be approved or disapproved as part of a construction permit application pursuant to section 459A.205.
(2) For an open feedlot operation, if the nutrient management plan is not part of an application for a construction permit, the nutrient management plan shall be approved or disapproved within sixty days from the date that the department receives the nutrient management plan.

Referred to in §459A.208

459A.203 and 459A.204 Reserved.

459A.205 Permit requirements — settled open feedlot effluent basins and alternative technology systems, and animal truck wash effluent structures.

1. a. The department shall approve or disapprove applications for permits for the construction, including the expansion, of the following structures:
   (1) Settled open feedlot effluent basins and alternative technology systems, which are part of open feedlot operations as provided in this chapter.
   (2) Animal truck wash effluent structures which are part of animal truck wash facilities as provided in this chapter.
   b. The department’s decision to approve or disapprove a permit for the construction of a structure described in paragraph “a” shall be based on whether the application is submitted according to procedures and standards required by this chapter. A person shall not begin construction of such a structure under this section, unless the department first approves the person’s application and issues to the person a construction permit.

2. The department shall issue a construction permit upon approval of an application. The department shall approve the application regardless of whether the applicant is required to be issued a construction permit.

3. An application for a construction permit shall include all of the following:
   a. A nutrient management plan as provided in section 459A.208.
   b. An engineering report, construction plans, and specifications prepared by a professional engineer or the natural resources conservation service of the United States department of agriculture.

1. For an open feedlot operation, the professional engineer must certify that the construction of the settled open feedlot effluent basin or alternative technology system complies with the construction design standards required in this chapter.

2. For an animal truck wash facility, the professional engineer must certify that the construction of the animal truck wash effluent structure complies with the construction design standards required in this chapter. However, an animal truck wash facility electing to use a formed animal truck wash effluent structure, in lieu of an engineering report, may submit a construction design statement that meets the requirements of sections 459.306 and 459.307.

4. For an open feedlot operation, a construction permit must be issued prior to any of the following:
   a. The construction, including expansion, of a settled open feedlot effluent basin or alternative technology system if the open feedlot operation is required to be issued an NPDES permit.
   b. When the department has previously issued the open feedlot operation a construction permit and any of the following applies:
      (1) The animal unit capacity of the open feedlot operation will be increased to more than the animal unit capacity approved by the department in the previous construction permit.
      (2) The volume of open feedlot effluent stored at the open feedlot operation would be more than the volume approved by the department in the previous construction permit.
      (3) The open feedlot operation was discontinued for twenty-four months or more and the animal unit capacity would be one thousand animal units or more.
5. For an animal truck wash facility, a construction permit must be issued prior to any of the following:
   a. The construction, including expansion, of an animal truck wash effluent structure.
   b. When the department has previously issued the animal truck wash facility a construction permit and the volume of the animal truck wash effluent would be more than the volume approved by the department in the previous construction permit.
   c. When the animal truck wash facility is part of a confinement feeding operation, and all of the following apply:
      (1) The department has issued a construction permit under section 459.303 or a letter approving a construction design statement in lieu of a construction permit as provided by rules adopted by the commission under section 459.103.
      (2) The animal truck wash effluent will be added to an existing manure storage structure resulting in a total stored volume greater than that approved in the construction permit or the construction design statement approval letter.
   d. When the animal truck wash facility is part of an open feedlot operation, and all of the following apply:
      (1) The department has issued a construction permit under this section or an NPDES permit under section 459A.401.
      (2) The animal truck wash effluent will be added to an existing settled open feedlot effluent basin resulting in a total stored volume greater than that approved in the construction permit or NPDES permit.
   e. When the animal truck wash facility is constructed or expanded as part of a small animal feeding operation that includes a manure storage structure, and the animal truck wash effluent will be added to the manure storage structure. However, a construction permit is not required under this section for a small animal truck wash facility or for a small animal truck wash facility that is part of a small animal feeding operation.

6. Prior to submitting an application for a construction permit the applicant may submit a conceptual design and site investigation report to the department for review and comment.

7. For an open feedlot operation, the application for a construction permit shall include all of the following:
   a. The name of the owner of the open feedlot operation and the name of the open feedlot operation, including a mailing address and telephone number for the owner and the operation.
   b. The name of the contact person for the open feedlot operation, including the person’s mailing address and telephone number.
   c. The location of the open feedlot operation.
   d. A statement providing that the application is for any of the following:
      (1) The construction or expansion of a settled open feedlot effluent basin or alternative technology system for an existing open feedlot operation which is not expanding.
      (2) The construction or expansion of a settled open feedlot effluent basin or alternative technology system for an existing open feedlot operation which is expanding.
      (3) The construction of a settled open feedlot effluent basin or alternative technology system for a proposed new open feedlot operation.
   e. The animal unit capacity for each animal species in the open feedlot operation before and after the proposed construction.
   f. An engineering report, construction plans, and specifications prepared by a professional engineer or by the United States natural resources conservation service, for the settled open feedlot operation effluent basin or alternative technology system.
   g. A soils and hydrogeologic report of the site, as required in section 459A.206.
   h. Information, including but not limited to maps, drawings, and aerial photos that clearly show the location of all of the following:
      (1) The open feedlot operation and all existing and proposed settled open feedlot effluent basins or alternative technology systems, clean water diversions, and other pertinent features or structures.
      (2) Any other open feedlot operation under common ownership or common management and located within one thousand two hundred fifty feet of the open feedlot operation.
(3) A public water supply system as defined in section 455B.171 or a drinking water well which is located within a distance from the open feedlot operation as prescribed by rules adopted by the commission.

i. For an open feedlot operation implementing an alternative technology system as provided in section 459A.303, the applicant shall submit all of the following:

(1) Information showing that the proposed open feedlot operation meets criteria for siting as established by rules adopted by the commission. However, if the site does not meet the criteria, the information shall show substantially equivalent alternatives to meeting such criteria.

(2) The results of predictive computer modeling for the proposed alternative technology system to determine suitability of the proposed site for the system and to predict performance of the alternative technology system as compared to the use of a settled open feedlot effluent basin.

(3) A conceptual design of the proposed alternative technology system, as developed by a professional engineer.

8. For an animal truck wash facility, the application for the construction permit shall include all of the following:

a. The name of the owner of the animal truck wash facility and the name of the animal truck wash facility, including a mailing address and telephone number for the owner and the animal truck wash facility.

b. The name of the contact person for the animal truck wash facility, including the person’s mailing address and telephone number.

c. The location of the animal truck wash facility.

d. A statement providing that the application is for any of the following:

(1) The construction or expansion of an animal truck wash effluent structure for an existing animal truck wash facility which is not expanding.

(2) The construction or expansion of an animal truck wash effluent structure for an existing animal truck wash facility which is expanding.

(3) The construction of an animal truck wash effluent structure for a proposed new animal truck wash facility.

e. An engineering report, construction plans, and specifications prepared by a professional engineer or by the United States natural resources conservation service, for the animal truck effluent structure.

(1) The engineering report must demonstrate that the storage capacity of its animal truck wash effluent structure is equal to or greater than the amount of effluent to be stored for any six-month period, in addition to two feet of freeboard.

(2) If an animal truck wash effluent structure is to be constructed on karst terrain, the engineering report must establish that the construction complies with the requirements of section 459A.404.

f. A soils and hydrogeologic report of the site, as required in section 459A.206.

g. Information, including but not limited to maps, drawings, and aerial photos that clearly show the location of the animal truck wash facility and all animal truck wash effluent structures.

9. a. Except as provided in paragraph “b”, a construction permit for an open feedlot operation or animal truck wash facility expires as follows:

(1) If construction does not begin within one year after the date the construction permit is issued.

(2) If construction is not completed within three years after the date the construction permit is issued.

b. If requested, the department may grant an extension of time to begin or complete construction upon a showing of just cause by the construction permit applicant.

10. The department may suspend or revoke a construction permit, modify the terms or conditions of a construction permit, or disapprove a request to extend the time to begin or complete construction as provided in this section, if it determines that the operation of the open feedlot operation or animal truck wash facility constitutes a clear, present, and impending danger to public health or the environment.
11. This section does not require a person to be issued a permit to construct a settled open feedlot effluent basin or alternative technology system if the basin or system is part of an open feedlot operation which is owned by a research college conducting research activities as provided in section 459A.105.

459A.206 Settled open feedlot effluent basins and unformed animal truck wash effluent structures — soils and hydrogeologic report.

1. A settled open feedlot effluent basin or an unformed animal truck wash effluent structure required to be constructed pursuant to a construction permit issued pursuant to section 459A.205 shall meet design standards as required by a soils and hydrogeologic report.

2. The report shall be submitted with the construction permit application as provided in section 459A.205. The report shall include all of the following:
   a. A description of the steps to determine the soils and hydrogeologic conditions at the proposed construction site, a description of the geologic units encountered, and a description of the effects of the soil and groundwater elevation and direction of flow on the construction and operation of the basin.
   b. The subsurface soil classification of the site. A subsurface soil classification shall be based on ASTM international designation D-2487-92 or D-2488-90.
   c. The results of at least three soil corings reflecting the continuous soil profile taken for each settled open feedlot effluent basin or unformed animal truck wash effluent structure. The soil corings shall be taken and used in determining subsurface soil characteristics and groundwater elevation and direction of flow of the proposed site for construction. The soil corings shall be taken as follows:
      (1) By a qualified person ordinarily engaged in the practice of taking soil cores and in performing soil testing.
      (2) At locations that reflect the continuous soil profile conditions existing within the area of the proposed basin or unformed structure, including conditions found near the corners and the deepest point of the proposed basin or unformed structure. The soil corings shall be taken to a minimum depth of ten feet below the bottom elevation of the basin or unformed structure.
      (3) By a method such as hollow stem auger or other method that identifies the continuous soil profile and does not result in the mixing of soil layers.

Referred to in §459A.102, 459A.205

459A.207 Construction certification.

1. The owner of an open feedlot operation who is issued a construction permit for a settled open feedlot effluent basin or the owner of an animal truck wash facility who is issued a construction permit for an animal truck wash effluent structure as provided in section 459A.205 shall submit to the department a construction certification from a professional engineer certifying all of the following:
   a. The basin or structure was constructed in accordance with the design plans submitted to the department as part of an application for a construction permit pursuant to section 459A.205. If the actual construction deviates from the approved design plans, the construction certification shall identify all changes and certify that the changes were consistent with all applicable standards of this section.
   b. The basin or structure was inspected by the professional engineer after completion of construction and before commencement of operation.

2. A written record of an investigation for drainage tile lines, including the findings of the investigation and actions taken to comply with subchapter III, shall be submitted as part of the construction certification.

Referred to in §459A.102, 459A.302
459A.208 Nutrient management plan — requirements.

1. The following persons shall develop and implement a nutrient management plan meeting the requirements of this section:
   a. The owner of an open feedlot operation which has an animal unit capacity of one thousand animal units or more or which is required to be issued an NPDES permit.
   b. The owner of an animal truck wash facility, other than a small animal truck wash facility, which has an animal truck wash effluent structure. However, for an animal truck wash facility which is part of a confinement feeding operation, in lieu of submitting a nutrient management plan, the owner of the animal truck wash facility may submit an original manure management plan and an updated manure management plan to the department as required by section 459.312, including rules adopted by the commission pursuant to that section.

2. Not more than one open feedlot operation shall be covered by a single nutrient management plan.

3. a. A person shall not remove open feedlot effluent from an open feedlot operation structure or animal truck wash effluent from an animal truck wash effluent structure for which a nutrient management plan is required under this section, unless the department approves a nutrient management plan as required in this section.
   b. Notwithstanding paragraph “a”, the commission may adopt rules allowing a person to remove effluent from an open feedlot operation structure or animal truck wash effluent structure until the nutrient management plan is approved or disapproved by the department according to terms and conditions required by rules adopted by the commission.

4. The department shall not approve an application for a permit to construct a settled open feedlot effluent basin or animal truck wash effluent structure, unless the owner of the open feedlot operation or animal truck wash facility, applying for approval submits a nutrient management plan together with the application for the construction permit as provided in section 459A.205. The owner of the open feedlot operation shall also submit proof that the owner has published a notice for public comment as provided in this section. The department shall approve or disapprove the nutrient management plan as provided in section 459A.201.

5. For an animal feeding operation, prior to approving or disapproving a nutrient management plan as required in this section, the department may receive comments exclusively to determine whether the nutrient management plan is submitted according to procedures required by the department and that the nutrient management plan complies with the provisions of this chapter.
   a. The owner of the open feedlot operation shall publish a notice for public comment in a newspaper having a general circulation in the county where the open feedlot operation is or is proposed to be located and in the county where open feedlot effluent, which originates from the open feedlot operation, may be applied under the terms and conditions of the nutrient management plan.
   b. The notice for public comment shall include all of the following:
      (1) The name of the owner of the open feedlot operation submitting the nutrient management plan.
      (2) The name of the township where the open feedlot operation is or is proposed to be located and the name of the township where open feedlot effluent originating from the open feedlot operation may be applied.
      (3) The animal unit capacity of the open feedlot operation.
      (4) The time when and the place where the nutrient management plan may be examined as provided in section 22.2.
      (5) Procedures for providing public comment to the department. The notice shall also include procedures for requesting a public hearing conducted by the department. The department is not required to conduct a public hearing if it does not receive a request for the public hearing within ten days after the first publication of the notice for public comment as provided in this subsection. If such a request is received, the public hearing must be conducted within thirty days after the first date that the notice for public comment was published.
      (6) A statement that a person may acquire information relevant to making comments
under this subsection by accessing the department’s internet site. The notice for public comment shall include the address of the department’s internet site as required by the department.

c. The department shall maintain an internet site where persons may access information relevant to making comments under this subsection. The department may include an electronic version of the nutrient management plan as provided in section 459A.201. The department shall include information regarding the time when, the place where, and the manner in which persons may participate in a public hearing as provided in this subsection.

6. A nutrient management plan must be authenticated by the owner of the open feedlot operation or the owner of the animal truck wash facility as required by the department in accordance with section 459A.201.

7. A nutrient management plan shall include all of the following:

a. Restrictions on the application of open feedlot effluent or animal truck wash effluent based on all of the following:

   (1) Calculations necessary to determine the land area required for the application of the effluent based on nitrogen use levels in order to obtain optimum crop yields according to a crop schedule specified in the nutrient management plan, and according to requirements adopted by the department.

   (2) A phosphorus index established pursuant to section 459.312.

b. Information relating to the application of the effluent, including all of the following:

   (1) Nutrient concentrations of the effluent.

   (2) Application methods, the timing of the application, and the location of the land where the application occurs.

c. If the application is on land other than land owned or rented for crop production by the owner, the plan shall include a copy of each written agreement executed by the owner and the landowner or the person renting the land for crop production where the effluent may be applied.

d. An estimate of the effluent volume or weight produced by the open feedlot operation or animal truck wash facility.

e. Information which shows all of the following:

   (1) There is adequate storage for open feedlot effluent or animal truck wash effluent, including procedures to ensure proper operation and maintenance of an open feedlot operation structure or animal truck wash effluent structure.

   (2) For an animal feeding operation, all of the following:

      (a) The proper management of animal mortalities to ensure that animals are not disposed of in an open feedlot operation structure or a treatment system that is not specifically designed to treat animal mortalities.

      (b) Animals kept in the open feedlot operation do not have direct contact with any waters of the United States.

   (3) (a) Surface drainage prior to contact with an open feedlot structure is diverted, as appropriate, from the open feedlot operation.

      (b) Surface drainage prior to contact with an animal truck wash facility is diverted, as appropriate, from the animal truck wash facility.

   (4) Chemicals or other contaminants handled on-site are not disposed of in an open feedlot operation structure, an animal truck wash facility, or a treatment system that is not specifically designed to treat such chemicals or contaminants.

8. If an open feedlot operation uses an alternative technology system as provided in section 459A.303, the nutrient management plan is not required to provide for settled effluent that enters the alternative technology system.

9. The owner of an open feedlot operation or animal truck wash facility who is required to develop and implement a nutrient management plan shall maintain a current nutrient management plan and maintain records sufficient to demonstrate compliance with the nutrient management plan.
SUBCHAPTER III
DESIGN STANDARDS AND CONSTRUCTION REQUIREMENTS

Referred to in §459A.207

459A.301 Settled open feedlot effluent basins and animal truck wash effluent structures — construction design standards — rules.

If the department requires that a settled open feedlot effluent basin or animal truck wash effluent structure be constructed according to construction design standards, regardless of whether the department requires the owner to be issued a construction permit under section 459A.205, any construction design standards for the basin or structure shall be established by rules as provided in chapter 17A that exclusively account for special design characteristics of open feedlot operations and related basins or animal truck wash facilities and related structures, including but not limited to the dilute composition of settled effluent as collected and stored in the basins or structures.

459A.302 Settled open feedlot effluent basins or unformed animal truck wash effluent structures — construction requirements.

A settled open feedlot effluent basin or an unformed animal truck wash effluent structure required to be constructed pursuant to a construction permit issued pursuant to section 459A.205 shall meet all of the following requirements:

1. a. Prior to constructing a settled open feedlot effluent basin or an unformed animal truck wash effluent structure, the site for the basin or structure shall be investigated for a drainage tile line by the owner of the open feedlot operation or animal truck wash facility. The investigation shall be made by digging a core trench to a depth of at least six feet deep from ground level at the projected center of the berm of the basin or unformed structure. If a drainage tile line is discovered, one of the following solutions shall be implemented:
   (1) The drainage tile line shall be rerouted around the perimeter of the basin or unformed animal truck wash effluent structure at a distance of at least twenty-five feet horizontally separated from the outside edge of the berm of the basin or unformed structure. For an area of the basin or unformed structure where there is not a berm, the drainage tile line shall be rerouted at least fifty feet horizontally separated from the edge of the basin or unformed structure.
   (2) The drainage tile line shall be replaced with a nonperforated tile line under the floor of the basin or unformed animal truck wash effluent structure. The nonperforated tile line shall be continuous and without connecting joints. There must be a minimum of three feet between the nonperforated tile line and the floor of the basin or unformed structure.

   b. A written record of the investigation shall be submitted as part of the construction certification required under section 459A.207.

2. a. The settled open feedlot effluent basin or unformed animal truck wash effluent structure shall be constructed with a minimum separation of two feet between the top of the liner of the basin or unformed structure and the seasonal high-water table.

   b. If a drainage tile line around the perimeter of the settled open feedlot effluent basin or unformed animal truck wash effluent structure is installed a minimum of two feet below the top of the basin's or unformed structure's liner to artificially lower the seasonal high-water table, the top of the liner may be a maximum of four feet below the seasonal high-water table. The seasonal high-water table may be artificially lowered by gravity flow tile lines or other similar system. However, the following shall apply:
   (1) Except as provided in subparagraph (2), an open feedlot operation or animal truck wash facility shall not use a nongravity mechanical system that uses pumping equipment.
   (2) If the open feedlot operation was constructed before July 1, 2005, the operation may continue to use its existing nongravity mechanical system that uses pumping equipment or it may construct a new nongravity mechanical system that uses pumping equipment. However,
an open feedlot operation that expands the area of its open feedlot on or after April 1, 2011, shall not use a nongravity mechanical system that uses pumping equipment.

3. Drainage tile lines may be installed to artificially lower the seasonal high-water table at a settled open feedlot effluent basin or an unformed animal truck wash effluent structure, if all of the following conditions are satisfied:
   a. A device to allow monitoring of the water in the drainage tile lines and a device to allow shutoff of the flow in the drainage tile lines are installed, if the drainage tile lines do not have a surface outlet accessible on the property where the basin or unformed structure is located.
   b. Drainage tile lines are installed horizontally at least twenty-five feet away from the basin or unformed structure. Drainage tile lines shall be placed in a vertical trench and encased in granular material which extends upward to the level of the seasonal high-water table.

4. A settled open feedlot effluent basin or an unformed animal truck wash effluent structure shall be constructed with at least four feet between the bottom of the basin or unformed structure and a bedrock formation.

5. A settled open feedlot effluent basin or an unformed animal truck wash effluent structure constructed on a floodplain or within a floodway of a river or stream shall comply with rules adopted by the commission.

6. The liner of a settled open feedlot effluent basin or unformed animal truck wash effluent structure shall comply with all of the following:
   a. The liner shall comply with any of the following permeability standards:
      (1) The liner shall be constructed to have a percolation rate that shall not exceed one-sixteenth inch per day at the design depth of the basin as determined by percolation tests conducted by the professional engineer. If a clay soil liner is used, the liner shall be constructed with a minimum thickness of twelve inches or the minimum thickness necessary to comply with the percolation rate in this section, whichever is greater.
      (2) The liner shall be constructed at optimum moisture content not less than ninety-five percent of the maximum density as determined by a standard five-point proctor test performed at the site of the open feedlot operation by a professional engineer. If a clay soil liner is used, the liner shall be constructed with a minimum thickness of twelve inches.
   b. If a synthetic liner is used, the liner shall be installed to comply with the percolation rate required in this section.

7. The owner of an open feedlot operation using a settled open feedlot effluent basin or animal truck wash facility using an unformed animal truck wash effluent structure shall inspect the berms of the basin or unformed structure at least semiannually for evidence of erosion. If the inspection reveals erosion which may impact the basin's or unformed structure's structural stability or the integrity of the basin's or unformed structure's liner, the owner shall repair the berms.

Referred to in §459A.103, 459A.303

459A.303 Alternative technology systems.

In lieu of using a settled open feedlot effluent basin as provided in section 459A.302 to meet the open feedlot effluent control requirements of section 459A.401, an open feedlot operation may use an alternative technology system for open feedlot effluent control.

1. The alternative technology system must provide an equivalent level of open feedlot effluent control as would be achieved by using a settled open feedlot effluent basin.

2. The commission shall adopt rules establishing requirements for the construction and operation of alternative technology systems.

Referred to in §459A.102, 459A.205, 459A.208
SUBCHAPTER IV
EFFLUENT CONTROL

§459A.401 Open feedlot effluent control methods.

An open feedlot operation shall provide for the management of open feedlot effluent by using an open feedlot effluent control method as follows:

1. All settleable solids from open feedlot effluent shall be removed prior to discharge into a water of the state.
   a. The settleable solids shall be removed by use of a solids settling facility. The construction of a solids settling facility is not required where existing site conditions provide for removal of settleable solids prior to discharge into a water of the state.
   b. The removal of settleable solids shall be deemed to have occurred when the velocity of flow of the open feedlot effluent has been reduced to less than point five feet per second for a minimum of five minutes. A solids settling facility shall have sufficient capacity to store settled solids between periods of land application and to provide required flow-velocity reduction for open feedlot effluent flow volumes resulting from a precipitation event of less intensity than a ten-year, one-hour frequency event. A solids settling facility which receives open feedlot effluent shall provide a minimum of one square foot of surface area for each eight cubic feet of open feedlot effluent per hour resulting from a ten-year, one-hour frequency precipitation event.

2. Notwithstanding subsection 1, an open feedlot operation that is a concentrated animal feeding operation shall comply with applicable NPDES permit requirements as provided in the federal Water Pollution Control Act, pursuant to rules that shall be adopted by the commission. Any rules adopted pursuant to this subsection shall be no more stringent than requirements under the federal Act.

3. If the open feedlot operation is designed, constructed, and operated in accordance with the requirements of an open feedlot effluent control system as provided in rules adopted by the commission, the operation shall be deemed to be in compliance with this section, unless a discharge from the operation causes a violation of state water quality standards as provided in chapter 455B, division III.

4. The following shall apply to an open feedlot operation which has an animal unit capacity of one thousand animal units or more:
   a. (1) The open feedlot operation shall not discharge open feedlot effluent from an open feedlot operation structure into any waters of the United States, unless the discharge is pursuant to an NPDES permit.

   (2) The open feedlot operation shall not be required to be issued an NPDES permit if the operation does not discharge open feedlot effluent into any waters of the United States.

   b. The control of open feedlot effluent originating from the open feedlot operation may be accomplished by the use of a solids settling facility, settled open feedlot effluent basin, alternative technology system, or any other open feedlot effluent control structure or practice approved by the department. The department may require the diversion of surface drainage prior to contact with an open feedlot operation structure. Solids shall be settled from open feedlot effluent before the effluent enters a settled open feedlot effluent basin or alternative technology system.

§459A.402 Open feedlot effluent control — alternative control practices.

If because of topography or other factors related to the site of an open feedlot operation it is economically or physically impractical to comply with open feedlot effluent control requirements using an open feedlot control method in section 459A.401, the department shall allow the use of other open feedlot effluent control practices if those practices will
provide an equivalent level of open feedlot effluent control that would be achieved by using an open feedlot effluent control method pursuant to section 459A.401.

2005 Acts, ch 136, §15

459A.403 Solids stockpiling.
A person may stockpile solids, subject to all of the following:
1. a. The person shall not stockpile the solids within the following distances:
   (1) Four hundred feet from a designated area other than a high-quality water resource.
   (2) Eight hundred feet from a high-quality water resource.
   b. The person shall not stockpile solids within two hundred feet from a terrace tile inlet or surface tile inlet unless the solids are maintained in a manner that will not allow precipitation-induced runoff to drain from the solids to the terrace tile inlet or surface tile inlet.
   c. The person shall not stockpile solids in a grassed waterway or where water pools on the soil surface.
   d. The person shall not stockpile solids on land having a slope of more than three percent unless methods, structures, or practices are implemented to contain the stockpiled solids, including but not limited to using hay bales, silt fences, temporary earthen berms, or other effective measures, and to prevent or diminish precipitation-induced runoff from the stockpiled solids.
2. The person must remove the stockpiled solids and apply them in accordance with the provisions of this chapter, including but not limited to section 459A.410, within six months after the solids are stockpiled.

2006 Acts, ch 1088, §5, 6

459A.404 Animal truck wash facility — construction regulations.
1. a. An animal truck wash effluent structure shall not be constructed or expanded within one thousand two hundred fifty feet from a residence not owned by the titleholder of the animal truck wash facility, a commercial enterprise, a bona fide religious institution, an educational institution, or a public use area, as those terms are defined in section 459.102, and as provided in rules adopted by the commission pursuant to sections 459.103 and 459A.104.
   b. An animal truck wash effluent structure shall not be constructed or expanded within one hundred feet from a public thoroughfare as defined in section 459.102.
   c. Paragraph “a” does not apply if a residence, educational institution, commercial enterprise, or bona fide religious institution was constructed or expanded, or if the boundaries of the public use area were expanded, after the date that the animal truck wash facility was established. The date the animal truck wash facility was established is the date on which the animal truck wash facility commenced operating. A change in ownership or expansion of the animal truck wash facility shall not change the established date of operation.
   d. Paragraph “a” or “b” does not apply if the titleholder of the land benefiting from the separation distance requirement, including a person so authorized by the titleholder, executes a written waiver with the titleholder of the land where the animal truck wash effluent structure is located. The structure shall be constructed or expanded under such terms and conditions that the parties negotiate. The state or a political subdivision constructing or maintaining the public thoroughfare benefiting from the separation distance requirement may execute a written waiver with the titleholder of the land where the structure is located. The animal truck wash effluent structure shall be constructed or expanded under such terms and conditions that the parties negotiate.
   e. Paragraph “a” or “b” does not apply to a small animal truck wash facility.
   f. An unformed animal truck wash effluent structure shall not be constructed or expanded within the following minimum separation distances from any of the following:
      (1) One thousand feet from a public shallow well.
      (2) Four hundred feet from a public deep well.
      (3) Four hundred feet from a private well.
2. a. Any separation distance required for a confinement feeding operation structure and a location or object specified in section 459.310, subsection 1, shall also apply to an animal truck wash effluent structure and that same location or object.

b. Any requirement, qualification, or exception that applies to a separation distance required for a confinement feeding operation structure and a location or object specified in section 459.310, subsections 1 and 3, shall also apply to the separation distance required for an animal truck wash effluent structure and that same location or object. A separation distance requirement shall not apply to any of the following:
   (1) An animal truck wash effluent structure and a farm pond or privately owned lake, as defined in section 462A.2.
   (2) An animal truck wash effluent structure constructed with a secondary containment barrier in accordance with rules adopted by the commission. The rules shall correspond to rules adopted pursuant to section 459.310, subsection 3.

3. a. An animal truck wash effluent structure shall not be constructed or expanded on land that is part of a one hundred year floodplain as designated by rules adopted by the commission pursuant to section 459A.104. The rules shall correspond to rules adopted pursuant to section 459.310, subsections 2 and 4.

b. For purposes of section 459.310, subsection 4, the provisions relating to an unformed manure storage structure shall apply to an unformed animal truck wash effluent structure and the provisions relating to a formed manure storage structure shall apply to a formed animal truck wash effluent structure. However, the requirement in section 459.310, subsection 4, paragraph “a”, relating to animal weight capacity or animal unit capacity shall not apply to the replacement of an unformed animal truck wash effluent structure with a formed animal truck wash effluent structure. In addition, the capacity of a replacement animal truck wash effluent structure shall not exceed the amount required to store animal truck wash effluent for any eighteen-month period.

4. A person shall not construct or expand an unformed animal truck wash effluent structure within an agricultural drainage well area as provided in section 460.205.

5. A person shall not construct an unformed animal truck wash effluent structure on karst terrain or on an area that drains into a known sinkhole. However, a person may construct an animal truck wash effluent structure if there is a twenty-five foot vertical separation distance between the bottom of the structure and underlying limestone, dolomite, or other soluble rock as documented in the engineering report submitted to the department pursuant to section 459A.205.

Reserved.

459A.410 Effluent application requirements.

1. Open feedlot effluent or animal truck wash effluent shall be applied in a manner which does not cause surface water or groundwater pollution. Application in accordance with the provisions of state law, including this chapter, rules adopted pursuant to the provisions of state law, including this chapter, and guidelines adopted pursuant to this chapter, shall be deemed as compliance with this section.

2. A separation distance in section 459.314 that applies to the land application of liquid manure from a confinement feeding operation shall also apply to animal truck wash effluent from an animal truck wash effluent structure in accordance with rules adopted by the commission.

3. A person shall not apply animal truck wash effluent on land located within seven hundred fifty feet from a residence not owned by the titleholder of the land in accordance with rules adopted by the commission. This separation distance does not apply to the following:

   a. The animal truck wash effluent is injected into the soil or incorporated within the soil not later than twenty-four hours from the original application, as provided by rules adopted by the commission.
b. The titleholder of the land benefiting from the separation distance requirement executes a written waiver with the titleholder of the land where the animal truck wash effluent is applied.

c. The animal truck wash effluent is from a small animal truck wash facility or an animal truck wash facility that is part of a small animal feeding operation.

Referred to in §459A.105, 459A.403

459A.411 Discontinuance of operations.
The owner of an open feedlot operation or animal truck wash facility who discontinues its operation shall remove all effluent from related open feedlot operation structures or animal truck wash effluent structures used to store effluent, as soon as practical but not later than six months following the date the operations of the open feedlot operation or animal truck wash facility are discontinued.

SUBCHAPTER V
ENFORCEMENT

459A.501 General.
The department and the attorney general shall enforce the provisions of this chapter in the same manner as provided in chapter 455B, division I and section 455B.175, unless otherwise provided in this chapter.

459A.502 Violations — civil penalty.
A person who violates this chapter shall be subject to a civil penalty which shall be established, assessed, and collected in the same manner as provided in section 455B.191. Any collected civil penalty and interest on a civil penalty shall be credited to the Iowa nutrient research fund created in section 466B.46. A person shall not be subject to a penalty under this section and a penalty under section 459.603 for the same violation.

SUBCHAPTER I
GENERAL PROVISIONS

459B.101 Title.
This chapter shall be known and may be cited as the “Animal Agriculture Compliance Act for Dry Bedded Confinement Feeding Operations”.
2009 Acts, ch 155, §5, 18

459B.102 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Alluvial aquifer area” means an area underlaid by sand or gravel aquifers situated beneath floodplains along stream valleys and includes alluvial deposits associated with stream terraces and benches, contiguous wind-blown sand deposits, and glacial outwash deposits.
2. “Animal” means cattle or swine.
3. “Animal unit” means the same as defined in section 459.102.
4. “Animal unit capacity” means the maximum number of animal units which the owner or operator confines in a dry bedded confinement feeding operation at any one time.
5. “Bedding” means crop, vegetation, or forage residue or similar materials placed in a dry bedded confinement building for the care of animals.
6. “Commercial enterprise” means the same as defined in section 459.102.
7. “Confinement feeding operation” means the same as defined in section 459.102.
8. “Department” means the department of natural resources.
9. “Designated area” means the same as defined in section 459A.102.
10. “Designated wetland” means the same as defined in section 459.102.
11. “Dry bedded confinement feeding operation” means a confinement feeding operation in which animals are confined to areas which are totally roofed and in which all manure is stored as dry bedded manure.
12. “Dry bedded confinement feeding operation structure” means a dry bedded manure confinement feeding operation building or a dry bedded manure storage structure.
13. “Dry bedded manure” means manure from animals that meets all of the following requirements:
a. The manure does not flow perceptibly under pressure.
b. The manure is not capable of being transported through a mechanical pumping device designed to move a liquid.
c. The manure contains bedding.

14. “Dry bedded manure confinement feeding operation building” or “building” means a building used in conjunction with a confinement feeding operation to house animals and in which any manure from the animals is stored as dry bedded manure.

15. “Dry bedded manure storage structure” means a covered or uncovered structure, other than a building, used to store dry bedded manure originating from a confinement feeding operation.

16. “Educational institution” means the same as defined in section 459.102.

17. “Grassed waterway” means the same as defined in section 459A.102.

18. “High-quality water resource” means the same as defined in section 459.102.

19. “Karst terrain” means the same as defined in section 459.102.

20. “Major water source” means the same as defined in section 459.102.

21. “Manure” means the same as defined in section 459.102.

22. “One hundred year floodplain” means the same as defined in section 459.102.

23. “Public use area” means the same as defined in section 459.102.

24. “Stockpile” means to store dry bedded manure outside of a dry bedded manure confinement feeding operation building or a dry bedded manure storage structure.

25. “Water source” means the same as defined in section 459.102.

2009 Acts, ch 155, §6, 18; 2010 Acts, ch 1069, §59
Referred to in §459.102

459B.103 Special terms.

For purposes of this chapter, all of the following shall apply:

1. Two or more dry bedded confinement feeding operations under common ownership or common management are deemed to be a single dry bedded confinement feeding operation if they are adjacent or utilize a common area or system for dry bedded manure disposal.

2. For purposes of determining whether two or more dry bedded confinement feeding operations are adjacent, all of the following shall apply:
   a. At least one dry bedded confinement feeding operation structure must be constructed on or after March 21, 1996.
   b. A dry bedded confinement feeding operation structure which is part of one dry bedded confinement feeding operation is separated by less than one thousand two hundred fifty feet from a dry bedded confinement feeding operation structure which is part of the other dry bedded confinement feeding operation.

3. a. For purposes of determining whether two or more dry bedded confinement feeding operations are under common ownership, a person must hold an interest in each of the dry bedded confinement feeding operations as any of the following:
   (1) A sole proprietor.
   (2) A joint tenant or tenant in common.
   (3) A holder of a majority equity interest in a business association as defined in section 202B.102, including but not limited to as a shareholder, partner, member, or beneficiary.

b. An interest in the dry bedded confinement feeding operation under paragraph “a”, subparagraph (2) or (3) which is held directly or indirectly by the person's spouse or dependent child shall be attributed to the person.

4. For purposes of determining whether two or more dry bedded confinement feeding operations are under common management, a person must have significant control of the management of the day-to-day operations of each of the dry bedded confinement feeding operations. Common management does not include control over a contract livestock facility by a contractor, as defined in section 202.1.

5. In calculating the animal unit capacity of a dry bedded confinement feeding operation, the animal unit capacity shall include the animal unit capacity of all dry bedded manure
confinement feeding operation buildings that are used to house animals in the dry bedded confinement feeding operation.

2009 Acts, ch 155, §7, 18; 2010 Acts, ch 1069, §60

459B.104 General authority — commission and department — purpose — compliance.

1. The environmental protection commission shall establish by rule adopted pursuant to chapter 17A, requirements relating to the construction, including expansion, or operation of dry bedded confinement feeding operations, including related dry bedded manure confinement feeding operation buildings and stockpiles.

2. Any provision referring generally to compliance with the requirements of this chapter as applied to dry bedded confinement feeding operations also includes compliance with requirements in rules adopted by the environmental protection commission pursuant to this section, orders issued by the department as authorized under this chapter, and the terms and conditions applicable to manure management plans required under this chapter.

3. The purpose of this chapter is to provide requirements relating to the construction, including the expansion, and operation of dry bedded confinement feeding operations, and the control of dry bedded manure which shall be construed to supplement applicable provisions of chapter 459. If there is a conflict between the provisions of this chapter and chapter 459, the provisions of this chapter shall prevail.

2009 Acts, ch 155, §8, 18

SUBCHAPTER II
DRY BEDDED MANURE STRUCTURES — CONSTRUCTION REQUIREMENTS

459B.201 Construction design standards.

A person constructing a dry bedded confinement feeding operation structure on karst terrain or in an alluvial aquifer area shall comply with all of the following:

1. The person must construct the dry bedded confinement feeding operation structure at a location where there is a vertical separation distance of at least five feet between the bottom of the floor of the dry bedded confinement feeding operation structure and the underlying limestone, dolomite, or other soluble rock in karst terrain or the underlying sand and gravel aquifer in an alluvial aquifer area.

2. The person must construct the dry bedded confinement feeding operation structure with a floor consisting of reinforced concrete at least five inches thick.

2009 Acts, ch 155, §9, 18

459B.202 Distance requirements.

1. Except as provided in subsection 3, the following shall apply:

a. A dry bedded confinement feeding operation structure shall not be constructed closer than five hundred feet away from the surface intake of an agricultural drainage well. A dry bedded confinement feeding operation structure shall not be constructed closer than one thousand feet from a wellhead, cistern of an agricultural drainage well, or known sinkhole.

b. A dry bedded confinement feeding operation structure shall not be constructed if the dry bedded confinement feeding operation structure as constructed is closer than any of the following:

(1) Two hundred feet away from a water source other than a major water source.
(2) One thousand feet away from a major water source.
(3) Two thousand five hundred feet away from a designated wetland.

c. (1) A water source, other than a major water source, shall not be constructed, expanded, or diverted if the water source as constructed, expanded, or diverted is closer than two hundred feet away from a dry bedded confinement feeding operation structure.

(2) A major water source shall not be constructed, expanded, or diverted if the major
water source as constructed, expanded, or diverted is closer than one thousand feet from a dry bedded confinement feeding operation structure. 

(3) A designated wetland shall not be established if the designated wetland is closer than two thousand five hundred feet away from a dry bedded confinement feeding operation structure.

2. A dry bedded confinement feeding operation structure shall not be constructed on land that is part of a one hundred year floodplain.

3. A separation distance required in subsection 1 shall not apply to any of the following:
   a. A location or object and a farm pond or privately owned lake, as defined in section 462A.2.
   b. A dry bedded confinement feeding operation structure constructed with a secondary containment barrier. The department shall adopt rules providing for the construction and use of a secondary containment barrier.

2009 Acts, ch 155, §10, 18

SUBCHAPTER III
DRY BEDDED MANURE CONTROL

459B.301 Stockpiling — air quality.
A person may stockpile dry bedded manure, subject to this section.
1. Except as provided in subsection 2, a person shall not stockpile dry bedded manure within one thousand two hundred fifty feet from a residence not owned by the titleholder of the land, a commercial enterprise, a bona fide religious institution, an educational institution, or a public use area.
2. A person may stockpile dry bedded manure within a separation distance required between the stockpiled dry bedded manure and an object or location for which separation is required under subsection 1, if any of the following apply:
   a. The titleholder of the land benefiting from the separation distance requirement executes a written waiver with the titleholder of the land where the dry bedded manure is stockpiled.
   b. The stockpiled dry bedded manure originates from a small animal feeding operation.
2009 Acts, ch 155, §11, 18
Referred to in §459B.402

459B.302 through 459B.304 Reserved.

459B.305 Dry bedded manure control — water quality.
A dry bedded confinement feeding operation shall retain all dry bedded manure produced by the operation between periods of dry bedded manure application. For purposes of this section, dry bedded manure may be retained by stockpiling as provided in this chapter. A dry bedded confinement feeding operation shall not discharge dry bedded manure directly into water of the state or into a tile line that discharges directly into water of the state.
2009 Acts, ch 155, §12, 18

459B.306 Stockpiling — NPDES requirements — water quality.
A person stockpiling dry bedded manure shall comply with applicable requirements of the national pollutant discharge elimination system pursuant to the federal Water Pollution Control Act, 33 U.S.C. ch 26, as amended, and 40 C.F.R. pts. 122 and 412.
2009 Acts, ch 155, §13, 18

459B.307 Stockpiling — state requirements — water quality.
A person may stockpile dry bedded manure, subject to all of the following:
1. a. The person shall not stockpile the dry bedded manure within the following distances to a designated area unless the dry manure is maintained in a manner that will not allow precipitation-induced runoff to drain from the dry bedded manure to the designated area:
§459B.307, DRY BEDDED CONFINEMENT FEEDING OPERATIONS

IV-978

(1) Four hundred feet from a designated area other than a high-quality water resource.
(2) Eight hundred feet from a high-quality water resource.

b. The person shall not stockpile dry bedded manure within two hundred feet from a
terrace tile inlet or surface tile inlet unless the dry bedded manure is maintained in a manner
that will not allow precipitation-induced runoff to drain from the dry bedded manure to the
terrace tile inlet or surface tile inlet.

c. The person shall not stockpile dry bedded manure in a grassed waterway, where water
pools on the soil surface, or in any location where surface water will enter the stockpiled dry
bedded manure.

d. The person shall not stockpile dry bedded manure on land having a slope of more
than three percent unless methods, structures, or practices are implemented to contain
the stockpiled dry bedded manure, including but not limited to using hay bales, silt
fences, temporary earthen berms, or other effective measures, and to prevent or diminish
precipitation-induced runoff from the stockpiled dry bedded manure.

e. The person shall not stockpile dry bedded manure on karst terrain or in an alluvial
aquifer area unless the person complies with all of the following:

(1) The person must stockpile the dry bedded manure at a location where there is a vertical
separation distance of at least five feet between the bottom of the stockpiled dry manure and
the underlying limestone, dolomite, or other soluble rock in karst terrain or the underlying
sand and gravel aquifer in an alluvial aquifer area.

(2) The dry bedded manure must be stockpiled on reinforced concrete at least five inches
thick.

2. The person shall remove the stockpiled dry bedded manure and apply it in accordance
with the provisions of chapter 459, including but not limited to section 459.311, within six
months after the dry bedded manure is stockpiled.

2009 Acts, ch 155, §14, 18

459B.308 Manure management plan for a dry bedded confinement feeding operation.
For purposes of a manure management plan for a dry bedded confinement feeding
operation, if the application of dry bedded manure is on land other than land owned or
rented for crop production by the owner of the dry bedded confinement feeding operation,
the plan shall include a copy of each written agreement executed by the owner of the dry
bedded confinement feeding operation and the landowner or the person renting the land for
crop production where the dry bedded manure may be applied.

SUBCHAPTER IV
ENFORCEMENT

459B.401 General.
The department and the attorney general shall enforce the provisions of this chapter in the
same manner as provided in chapter 459, subchapter VI.

2009 Acts, ch 155, §16, 18

459B.402 Violations — civil penalty.
A person who violates section 459B.301 shall be subject to the same penalty as provided in
section 459.602, and a person who violates any other provision of this chapter shall be subject
to the same penalty as provided in section 459.603. Any collected civil penalty and interest on
a civil penalty shall be credited to the Iowa nutrient research fund created in section 466B.46.

CHAPTER 460
AGRICULTURAL DRAINAGE WELLS AND SINKHOLES

460.101 Definitions.

As used in this chapter, unless the context otherwise requires:

1. "Agricultural drainage well" means a vertical opening to an aquifer or permeable substratum which is constructed by any means including but not limited to drilling, driving, digging, boring, augering, jetting, washing, or coring, and which is capable of intercepting or receiving surface or subsurface drainage water from land directly or by a drainage system.

2. "Agricultural drainage well area" means an area of land where surface or subsurface water drains into an agricultural drainage well directly or through a drainage system connecting to the agricultural drainage well.

3. "Alternative drainage system" means a drainage system constructed as part of a drainage district in order to drain surface or subsurface water from land due to the closing of an agricultural drainage well.

4. "Book", "list", "record", or "schedule" kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

5. "Designated agricultural drainage well area" means an agricultural drainage well area in which there is located an anaerobic lagoon or earthen manure storage basin required to obtain a construction permit by the department of natural resources.

6. "Division" means the division of soil conservation and water quality created within the department of agriculture and land stewardship pursuant to section 159.5.

7. "Drainage district" means a drainage district established pursuant to chapter 468.

8. "Drainage system" means tile lines, laterals, surface inlets, or other improvements which are constructed to facilitate the drainage of land.

9. "Earthen storage structure" means an earthen cavity, either covered or uncovered, including but not limited to an anaerobic lagoon or earthen manure storage basin which is used to store manure, sewage, wastewater, industrial waste, or other waste as regulated by the department of natural resources, if stored in a liquid or semiliquid state.

10. "Land" means land which is used or which is suitable for use for any purpose, if the land is located within an agricultural drainage well area which includes land used or suitable for use in farming.
11. “Surface water” means water occurring on the surface of the ground.
12. “Surface water intake” means an artificial opening to a drain tile line which drains into
an agricultural drainage well, if the artificial opening allows surface water to enter the drain
tile line without filtration through the soil profile.

SUBCHAPTER II
AGRICULTURAL DRAINAGE WELLS
— REGULATION

460.201 Definition.
As used in this subchapter, unless the context otherwise requires, “department” means the
department of natural resources.

460.202 Preventing surface water drainage into agricultural drainage wells.
Not later than December 31, 2001, all of the following shall apply:
1. a. An owner of land on which an agricultural drainage well is located shall prevent
surface water from draining into the agricultural drainage well. The landowner shall comply
with rules, which shall be adopted by the department, in consultation with the division,
required to carry out this section. The landowner shall do all of the following:
   (1) If the land has a surface water intake emptying into an agricultural drainage well,
including a surface water intake located in a road ditch, the landowner shall remove the
surface water intake.
   (2) If the land has a cistern connecting to an agricultural drainage well, the landowner
shall construct and maintain sidewalls surrounding the cistern in order to prevent surface
water runoff directly emptying into the agricultural drainage well.
   (3) If the land has an agricultural drainage well, the landowner shall ensure that the
agricultural drainage well and related drainage system are adequately ventilated in a manner
that does not allow surface water to directly drain into the agricultural drainage well.
   (4) The landowner shall install a locked cover over the agricultural drainage well or its
cistern in order to prevent unauthorized access to the agricultural drainage well or its cistern.

b. This subsection does not require a person to remove a tile line that drains into an
agricultural drainage well if the tile line does not have a surface water intake. This subsection
also does not prohibit a person from installing a tile line, if the installed tile line does not
increase an agricultural drainage well area.
2. An agricultural drainage well shall be inspected to ensure compliance with this section,
as required by the county board of supervisors in the county in which the agricultural drainage
well is located.
3. The department shall adopt guidelines as necessary to assist counties in performing
inspections as provided in this section. The guidelines shall not affect the authority of a
county to designate a person to perform inspections.

97 Acts, ch 193, §5
CS97, §455I.2
460.203 Closing of agricultural drainage wells and construction of alternative drainage systems.

1. Not later than December 31, 2001, the owner of land which is within a designated agricultural drainage well area shall close each agricultural drainage well located on the land. The owner shall close the agricultural drainage well in a manner using materials and according to specifications required by rules which shall be adopted by the department in consultation with the division. The department may provide different closing requirements based on classifications established by the department. However, the department’s requirements shall ensure that an agricultural drainage well is closed by using sealing materials such as bentonite to permanently seal the agricultural drainage well from contamination by surface or subsurface water drainage.

2. A person owning land affected by the closing of an agricultural drainage well as required pursuant to subsection 1 may construct an alternative drainage system as part of an established or new drainage district as provided in chapter 468. The alternative drainage system shall ensure that surface or subsurface water does not drain into an agricultural drainage well.

460.204 Notice.

1. The department shall provide information regarding landowners registering agricultural drainage wells pursuant to section 460.302 to each county board of supervisors in which an agricultural drainage well is registered.

2. The department shall notify landowners of land on which an agricultural drainage well is located of the deadline for complying with this subchapter. The notice shall be provided by print, electronic media, or other notification process. The department shall provide the notice in cooperation with the county board of supervisors in the county where the agricultural drainage well is located.

3. The department shall mail a special notice to owners of land registering agricultural drainage wells pursuant to section 460.302.

460.206 Penalties.

1. a. A person who violates section 460.202 or 460.203 is subject to a civil penalty of not more than one thousand dollars. However, if a person is found to have violated a section and again violates the section by not taking action necessary to correct a previous violation within sixty days after the person was found to have committed the previous violation, the
person is subject to a civil penalty not to exceed five thousand dollars. If a person is convicted of violating a section two or more times and again violates that section by not taking action necessary to correct a previous violation within sixty days after the person was found to have committed the last previous violation, the person is subject to a civil penalty not to exceed fifteen thousand dollars.

b. A person who violates section 460.205 is subject to a civil penalty not to exceed five thousand dollars.

2. Moneys collected from the assessment of civil penalties and interest on civil penalties as provided for in this section shall be deposited in the livestock remediation fund as created in section 459.501.

The expenses incurred by a county in carrying out this subchapter shall be prorated among the landowners in the county who own land on which an agricultural drainage well is located.
The amount shall be placed upon the tax books, and collected with interest and penalties after due, in the same manner as other unpaid property taxes. If expenses are incurred by a drainage district, the board shall levy an assessment on the lands in the district where an agricultural drainage well is located as provided in section 468.50.

SUBCHAPTER III

AGRICULTURAL DRAINAGE WELLS —
REGISTRATION — ALTERNATIVE
DRAINAGE SYSTEMS — SINKHOLES

Referred to in §159.6A

460.301 Definition.
As used in this subchapter, unless the context otherwise requires, “department” means the department of agriculture and land stewardship.

460.302 Agricultural drainage wells.
1. An owner of an agricultural drainage well shall register the well with the department of natural resources by September 30, 1988. The department of agriculture and land stewardship, in cooperation with the department of natural resources, shall adopt rules, pursuant to chapter 17A, which provide for an appeals process for violations of this subsection.

2. An owner of an agricultural drainage well and a landholder whose land is drained by the well or wells of another person shall develop, in consultation with the department of agriculture and land stewardship and the department of natural resources, a plan which proposes alternatives to the use of agricultural drainage wells by July 1, 1998.

a. Financial incentive moneys may be allocated from the financial incentive portion of the agriculture management account of the groundwater protection fund to implement alternatives to agricultural drainage wells.
b. An owner of an agricultural drainage well and a landholder whose land is drained by the well or wells of another person shall not be eligible for financial incentive moneys pursuant to paragraph “a” if the owner fails to register the well with the department of natural resources by September 30, 1988, or if the owner fails to develop a plan for alternatives in cooperation with the department of agriculture and land stewardship and the department of natural resources.

3. The department shall:
   a. (1) On July 1, 1987 initiate a pilot demonstration and research project concerning elimination of groundwater contamination attributed to the use of agricultural chemicals and agricultural drainage wells. The project shall be established in a location in north central Iowa determined by the department to be the most appropriate. A demonstration project shall also be established in northeast Iowa to study techniques for the cleanup of sinkholes.
   (2) The agricultural drainage well pilot project shall be designed to identify the environmental, economic, and social problems presented by continued use or closure of agricultural drainage wells and to monitor possible contamination caused by agriculture land management practices and agricultural chemical use relative to agricultural drainage wells.
   b. Develop alternative management practices based upon the findings from the demonstration projects to reduce the infiltration of synthetic organic compounds into the groundwater through agricultural drainage wells and sinkholes.
   c. Examine alternatives and the costs of implementation of alternatives to the use of agricultural drainage wells, and examine the legal, technical, and hydrological constraints for integrating alternative drainage systems into existing drainage districts.

4. Financial incentive moneys expended through the use of the financial incentive portion of the agriculture management account may be provided by the department to landowners in the project areas for employing reduced chemical farming practices and land management techniques.

5. The secretary may appoint interagency committees and groups as needed to coordinate the involvement of agencies participating in department sponsored projects. The interagency committees and groups may accept grants and funds from public and private organizations.

6. The department shall publish a report on the status and findings of the pilot demonstration projects on or before July 1, 1989, and each subsequent year of the projects. The department of agriculture and land stewardship shall develop a priority system for the elimination of chemical contamination from agricultural drainage wells and sinkholes. The priority system shall incorporate available information regarding the significance of contamination, the number of registered wells in the area, and the information derived from the report prepared pursuant to this subsection. The highest priority shall be given to agricultural drainage wells for which the above criteria are best met, and the costs of necessary action are at the minimum level.

7. Beginning July 1, 1993, the department shall initiate an ongoing program to meet the goal of eliminating chemical contamination caused by the use of agricultural drainage wells by January 1, 1995, based upon the findings of the report published pursuant to subsection 6.

8. Notwithstanding the prohibitions of section 455B.267, subsection 4, an owner of an agricultural drainage well may make emergency repairs necessitated by damage to the drainage well to minimize surface runoff into the agricultural drainage well, upon the approval of the county board of supervisors or the board’s designee of the county in which the agricultural drainage well is located. The approval shall be based upon the following conditions:
   a. The well has been registered in accordance with both state and federal law.
   b. The applicant will institute management practices including alternative crops, reduced application of chemicals, or other actions which will reduce the level of chemical contamination of the water which drains into the well.
   c. The owner submits a written statement that approved emergency repairs are necessary and do not constitute a basis to avoid the eventual closure of the well if closure is later determined to be required. If a county board of supervisors or the board’s designee approves the emergency repair of an agricultural drainage well, the county board of supervisors or
the board’s designee shall notify the department of natural resources of the approval within thirty days of the approval.

460.303 Agricultural drainage well water quality assistance fund.
1. An agricultural drainage well water quality assistance fund is created in the state treasury under the control of the division. The fund is composed of moneys appropriated by the general assembly, and moneys available to and obtained or accepted by the division or the state soil conservation and water quality committee established in section 161A.4, from the United States or private sources for placement in the fund.
2. Moneys in the fund are subject to an annual audit by the auditor of state.
3. Moneys in the fund are appropriated to support an agricultural drainage well water quality assistance program as provided in section 460.304. Moneys shall be used to provide financial incentives under the program, and to defray expenses by the division in administering the program. However, not more than one percent of the money in the fund is available to defray administrative expenses. The division may adopt rules pursuant to chapter 17A to administer this section.
4. The division shall not in any manner directly or indirectly pledge the credit of the state.
5. Section 8.33 shall not apply to moneys in the fund. Notwithstanding section 12C.7, moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this section.
97 Acts, ch 193, §2
CS97, §159.29A
C2003, §460.303
Referred to in §460.304

460.304 Agricultural drainage well water quality assistance program.
1. The division shall establish an agricultural drainage well water quality assistance program as provided by rules which shall be adopted by the division pursuant to chapter 17A. The program shall be supported from moneys deposited in the agricultural drainage well water quality assistance fund created pursuant to section 460.303.
2. To the extent that moneys are available to support the program, the division shall expend moneys from the fund to do the following:
   a. (1) Provide cost-share moneys to persons closing agricultural drainage wells in accordance with the priority system established pursuant to section 460.302. In conjunction with closing agricultural drainage wells, the division shall award cost-share moneys to carry out the following projects:
      (a) Construct alternative drainage systems.
      (b) Establish water quality practices other than constructing alternative drainage systems, including but not limited to converting land to wetlands.
   (2) The amount of moneys allocated in cost-share payments to a person qualifying under the program shall not exceed seventy-five percent of the estimated cost of carrying out the project or seventy-five percent of the actual cost of carrying out the project, whichever is less.
   b. Contract with persons to obtain technical assessments in agricultural drainage well areas, including but not limited to areas having a predominance of shallow bedrock or karst terrain as the division determines is necessary to carry out a project.
3. a. A person who owns an interest in land within a designated agricultural drainage well area shall not be eligible to participate in the program, if the person is any of the following:

(1) A party to a pending legal or administrative action, including a contested case proceeding under chapter 17A, relating to an alleged violation involving an animal feeding operation as regulated by the department of natural resources, regardless of whether the pending action is brought by the department or the attorney general.

(2) Is classified as a habitual violator for a violation of state law involving an animal feeding operation as regulated by the department of natural resources.

b. Noncrop acres located within a designated agricultural drainage well area shall not be eligible to benefit from the program.

c. The department of natural resources shall cooperate with the division by providing information necessary to administer this subsection.

4. A person is not eligible to participate in the program for a project described in this section that involves an agricultural drainage well that has not been registered with the department of natural resources pursuant to section 460.302 by January 1, 2019.

460.305 Sinkholes — conservation easement program.

1. The department shall develop and implement a program for the prevention of groundwater contamination through sinkholes. The program shall provide for education of landowners and encourage responsible chemical and land management practices in areas of the state prone to the formation of sinkholes.

2. The program may provide financial incentives for land management practices and the acquisition of conservation easements around sinkholes. The program may also provide financial assistance for the cleanup of wastes dumped into sinkholes.

3. The program shall be coordinated with the groundwater protection programs of the department of natural resources and other local, state, or federal government agencies which could compensate landowners for resource protection measures. The department shall use moneys appropriated for this purpose from the agriculture management account of the groundwater protection fund created in section 455E.11.

NATURAL RESOURCES AND OUTDOOR RECREATION

SUBCHAPTER I
GENERAL PROVISIONS

461.1 Title.
This chapter shall be known and may be cited as the “Natural Resources and Outdoor Recreation Act”.
2010 Acts, ch 1158, §1, 17; 2014 Acts, ch 1092, §98

461.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Department” means the department of agriculture and land stewardship, the department of natural resources, or the department of transportation.
2. “Fiscal year” means the state fiscal year effective as provided in section 3.12.
3. “Initiative” includes a program, project, practice, strategy, or plan established or administered by an agency that furthers a constitutional purpose as provided in section 461.3.
4. “Recreational purpose” includes hunting, trapping, angling, horseback riding, swimming, boating, camping, picnicking, hiking, bird watching, nature study, water skiing, snowmobiling, other summer and winter sports, and viewing or enjoying historical, archaeological, scenic, or scientific sites.
5. “Trust fund” means the natural resources and outdoor recreation trust fund created in section 461.31.
6. “Trust fund moneys” means moneys originating from the natural resources and outdoor recreation trust fund.
2010 Acts, ch 1158, §2, 17
461.3 Constitutional purpose and implementation.
1. This chapter is created for the constitutional purposes of protecting and enhancing water quality and natural areas in this state, including parks, trails, and fish and wildlife habitat, and conserving agricultural soils in this state.
2. This chapter is intended to implement Article VII, section 10, of the Constitution of the State of Iowa by establishing the natural resources and outdoor recreation trust fund, accounts in the trust fund, and appropriating or allocating trust fund moneys to support initiatives specified in subchapter IV.

2010 Acts, ch 1158, §3, 16
Referred to in §461.2, 461.31

461.4 through 461.10 Reserved.

SUBCHAPTER II
PARTICIPATION

461.11 Departmental consultation.
1. When making decisions regarding the expenditure of trust fund moneys affecting soil and water conservation, the secretary of agriculture shall regularly consult with the soil conservation committee established in section 161A.4. When making decisions regarding the expenditure of trust fund moneys affecting natural resources and outdoor recreation, the director of the department of natural resources shall regularly consult with the natural resource commission established pursuant to section 455A.5. When making decisions regarding the expenditure of trust fund moneys affecting trails, the department of transportation shall consult with the state transportation commission as provided in chapter 307A.
2. The heads of each department receiving trust fund moneys shall regularly meet and whenever practicable collaborate in decision making including by adopting rules, establishing funding priorities, and determining when it is beneficial to provide joint funding of initiatives.

2010 Acts, ch 1158, §4, 17

461.12 through 461.20 Reserved.

SUBCHAPTER III
ADMINISTRATION

461.21 Audit.
1. The auditor of state or a certified public accounting firm appointed by the auditor of state shall conduct an annual audit of the trust fund and all accounts and transactions of the trust fund and accounts.
2. The auditor of state or the certified public accounting firm appointed by the auditor as provided in subsection 1 shall be paid from trust fund moneys without reducing the percentage of trust fund moneys distributed to the Iowa resources enhancement and protection fund or any one account established pursuant to this chapter.

2010 Acts, ch 1158, §5, 17

461.22 Report.
The three departments shall jointly prepare and submit to the governor and the general assembly not later than January 15 of each year a complete report in an electronic format detailing all of the following:
1. The receipts and expenditures of the trust fund and its accounts, a summary of initiatives supported by trust fund moneys, the results of those expenditures, any
performance goals or measurements, and plans for future short-term or long-term expenditures.

2. Recommendations to the general assembly, including legislation proposed by one or more of the departments.
   2010 Acts, ch 1158, §6, 17

### §461.23 Rules.

The department of revenue, the department of agriculture and land stewardship, the department of natural resources, and department of transportation shall adopt rules separately or jointly as necessary in order to implement and administer this chapter.

2010 Acts, ch 1158, §7, 17

### §461.24 Public listing.

The department of natural resources, the department of agriculture and land stewardship, and the department of transportation shall cooperate to publish and maintain a public listing of how moneys contained in the natural resources and outdoor recreation trust fund as created in section 461.31 are distributed and spent during the course of each fiscal year. The departments shall designate one of the departments to be responsible for publishing and maintaining the public listing on the internet site operated by that department.

2010 Acts, ch 1158, §8, 17

### §461.25 through §461.30

Reserved.

### SUBCHAPTER IV

**NATURAL RESOURCES AND OUTDOOR RECREATION TRUST FUND AND DISTRIBUTIONS TO SUPPORT DEDICATED PURPOSES**

Referred to in §461.3

### §461.31 Natural resources and outdoor recreation trust fund — creation.

1. A natural resources and outdoor recreation trust fund is created within the state treasury.

    2. a. The trust fund shall be composed of moneys required to be credited to the trust fund by law and moneys accepted by a department for placement in an account established in this subchapter and from any source.

    b. Trust fund moneys are exclusively appropriated by law to carry out the constitutional purposes provided in section 461.3.

    c. Trust fund moneys shall supplement and not replace moneys appropriated by the general assembly to support the constitutional purposes provided in section 461.3.

    d. Trust fund moneys shall only be used to support voluntary initiatives and shall not be used for regulatory efforts, enforcement actions, or litigation.

3. In administering a trust fund account, a department may contract, sue and be sued, and authorize payment for costs, fees, commissions, and other reasonable expenses from the account. However, a department shall not in any manner directly or indirectly pledge the credit of this state.

4. Notwithstanding section 8.33, any unexpended balance in the trust fund or in an account created within the trust fund at the end of each fiscal year shall be retained in the trust fund or the respective account. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys in the trust fund and its respective accounts shall be credited to the trust fund and its respective accounts. The recapture of awards originating from an account and other repayments to an account shall be retained in that account.

2010 Acts, ch 1158, §9, 17

Referred to in §423.2A, 461.2, 461.24
461.32 Natural resources account — allocations.
1. A natural resources account is created in the trust fund. Twenty-three percent of the moneys credited to the trust fund shall be allocated to the account.
2. The account shall be used by the department of natural resources to support all of the following initiatives:
   a. The establishment, restoration, or enhancement of state parks, state preserves, state forests, wildlife areas, wildlife habitats, native prairies, and wetlands.
   b. Wildlife diversity.
   c. Recreational purposes.
   d. Technical assistance and financial incentives to private landowners to promote the management of forests, fisheries, wetlands, and wildlife.
   e. The improvement of water trails, rivers, and streams.
   f. Education and outreach that provide instruction regarding natural history and the outdoors. The subjects of such instruction may relate to opportunities involving recreational purposes, outdoor safety, and ethics.
3. The department of natural resources shall to every extent possible consider its comprehensive plan provided in section 456A.31 when making funding decisions.
   2010 Acts, ch 1158, §10, 17

461.33 Soil conservation and water protection account — allocations.
1. A soil conservation and water protection account is created in the trust fund. Twenty percent of the moneys credited to the trust fund shall be allocated to the account.
2. The account shall be used by the department of agriculture and land stewardship to support all of the following initiatives:
   a. Soil conservation and watershed protection, including by supporting the division of soil conservation and water quality within the department of agriculture and land stewardship and soil and water conservation district commissioners. The department may provide for the installation of conservation practices and watershed protection improvements as provided in chapters 161A, 161C, 461A, and 466.
   b. The conservation of highly erodible land. The department of agriculture and land stewardship may execute contracts with private landowners who agree to reserve such land only for uses that prevent erosion in excess of the applicable soil loss limits as established in section 161A.44.
   c. Soil conservation or crop management practices used on land producing biomass for refineries, including cellulosic ethanol production.
3. The department of agriculture and land stewardship may use the account to provide financial incentives or technical assistance to landowners.

461.34 Watershed protection account — allocations.
1. A watershed protection account is created in the trust fund. Fourteen percent of the moneys credited to the trust fund shall be allocated to the account.
2. The account shall be used cooperatively by the department of natural resources and the department of agriculture and land stewardship to support all of the following initiatives:
   a. Water resource projects administered by the department of natural resources to preserve watersheds, including but not limited to all of the following:
      (1) Projects to protect, restore, or enhance water quality in the state through the provision of financial assistance to communities for impairment-based, locally directed watershed projects. The department may use the account to support the water resource restoration sponsor program as provided in section 455B.199.
      (2) Regional and community watershed assessment, planning, and prioritization efforts, including as provided in chapter 466B.
   b. Surface water protection projects and practices administered by the department of agriculture and land stewardship or the department of natural resources, including but not limited to the installation of permanent vegetation cover, filter strips, grass waterways, and riparian forest buffers; dredging; and bank stabilization. The departments of agriculture and
land stewardship and natural resources may use the account to support the conservation buffer strip program provided in section 466.4 and the conservation reserve enhancement program as provided in section 466.5.

3. The departments’ decision to prioritize initiatives may be based on the priority list of watersheds provided in section 456A.33A.

2010 Acts, ch 1158, §12, 17

461.35 Iowa resources enhancement and protection fund — allocation.

Thirteen percent of the moneys credited to the trust fund shall be allocated to the Iowa resources enhancement and protection fund created in section 455A.18 for further allocation as provided in section 455A.19.

2010 Acts, ch 1158, §13, 17

461.36 Local conservation partnership account — allocations.

1. A local conservation partnership account is created in the trust fund. Thirteen percent of the moneys credited to the trust fund shall be allocated to the account.

2. The department of natural resources shall distribute trust fund moneys from the account to local communities for the following initiatives:

(a) The maintenance and improvement of parks, preserves, wildlife areas, wildlife habitats, native prairies, and wetlands.
(b) Wildlife diversity.
(c) Recreational purposes.
(d) The improvement of water trails, rivers, and streams.
(e) Education and outreach programs and projects that provide instruction regarding natural history and the outdoors. The subjects of such instruction may relate to opportunities involving recreational purposes, outdoor safety, and ethics.
(f) Any other purpose described in section 350.1.

3. A local community may cooperate with the state or the federal government to carry out the initiative. Two or more local communities may form an entity if allowed under chapter 28E in order to carry out the initiative.

4. As used in this section, “local community” means a county conservation board, a city, or a nongovernmental organization operating on a nonprofit basis.

2010 Acts, ch 1158, §14, 17; 2013 Acts, ch 90, §137

461.37 Trails account — allocations.

1. A trails account is created in the trust fund. Ten percent of the moneys credited to the trust fund shall be allocated to the account.

2. The department of transportation and the department of natural resources shall use moneys in the account to support initiatives related to the design, establishment, maintenance, improvement, and expansion of land trails.

3. The department of natural resources may use the account to support the design, establishment, maintenance, improvement, and expansion of water trails.

461.38 Lake restoration account — allocations.

1. A lake restoration account is created in the trust fund. Seven percent of the moneys credited to the trust fund shall be allocated to the account.

2. The department of natural resources shall use moneys in the account to support public lake restoration initiatives as follows:

(a) An initiative shall account for a lake’s recreational, environmental, aesthetic, ecological, and social value. It must improve water quality.

(b) The department’s decision to prioritize an initiative may be based on the department’s lake restoration plan and report as provided in section 456A.33B.

NEW subsection 4

461A.2 Duties in general.
The commission shall investigate places in Iowa rich in natural history, forest reserves, archaeological specimens, and geological deposits; and the means of promoting forestry and maintaining and preserving animal and bird life and the conservation of the natural resources of the state.

[C24, 27, 31, 35, 39, §1798; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.2]
C93, §461A.2

461A.3 Duties as to parks.
1. It shall be the duty of the commission to establish, maintain, improve, and beautify public parks and preserves upon the shores of lakes, streams, or other waters, or at other places within the state which have become historical or which are of scientific interest, or which by reason of their natural scenic beauty or location are adapted therefor. The commission shall have the power to maintain, improve or beautify state-owned bodies of water, and to provide proper public access thereto. The commission shall have the power to provide and operate facilities for the proper public use of the areas above described.
2. The commission shall open all roads which pass through the Ledges State Park from September 15 to November 1 of each year.

[C24, 27, 31, 35, 39, §1799; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.3]

461A.3A Honey creek resort state park — findings — competitive bidding.
1. Honey creek resort state park is established to provide important recreational and economic benefits to the state.
2. Competitive bid laws, including hearings in connection with contracts, shall not apply to either the department’s or its agents’ contracts involving or benefitting the resort if the contract is carrying out a public or essential governmental function. However, the exemption from competitive bid laws in this section shall not be construed to apply to contracts for the...
development or construction of facilities at the resort, including but not limited to lodges, campgrounds, cabins, and golf courses.

461A.4 Construction of structures and operation of commercial concessions.
1. A person shall not construct a structure including but not limited to a pier, wharf, sluice, piling, wall, fence, obstruction, erection, or building upon or over any state-owned or state-managed land or water under the jurisdiction of the commission without first obtaining from the commission a written permit. A permit, in matters relating to or in any manner affecting flood control, shall not be issued without approval of the environmental protection commission of the department. A person shall not construct or maintain a structure beyond the line of private ownership along or upon the shores of state-owned or state-managed waters in a manner to obstruct the passage of pedestrians along the shore between the ordinary high-water mark and the water’s edge, except by permission of the commission.

b. The commission shall adopt and enforce rules governing and regulating the construction of a structure as provided in this subsection. The commission may prohibit or restrict its construction, or order the owner to remove the structure, when the commission determines that it is in the best interest of the public. The commission shall comply with the provisions of chapter 17A when issuing an order under this section.

2. A person shall not operate a commercial concession in a park, forest, fish and wildlife area, or recreation area under the jurisdiction of the department without first entering into a written contract with the department. The contract shall state the consideration and other terms under which the concession may be operated. The department may cancel or, in an emergency, suspend a concession contract for the protection of the public health, safety, morals, or welfare.

2008 Acts, ch 1161, §6
Referred to in §461A.5A, 461A.5B, 461A.6

461A.5A Injunctive relief.
If it appears to the department that a person is violating or about to violate a provision of section 461A.4 or refuses to comply with an order issued by the commission pursuant to section 461A.4, the department may refer the matter to the attorney general, who may bring an action in the district court in any county of the state for an injunction to restrain the person from committing the violation. Upon a proper showing, the court may order a permanent or temporary injunction. The state shall not be required to post a bond.

2008 Acts, ch 1161, §7

461A.5B Penalties.
1. Except as provided in subsection 2, a person who violates a provision of section 461A.4 or of a departmental rule or refuses to comply with an order issued by the commission pursuant to section 461A.4 is guilty of a simple misdemeanor.

2. The state may proceed against a person who violates a provision of section 461A.4 or refuses to comply with an order issued by the commission pursuant to section 461A.4 by initiating an alternative civil enforcement action in lieu of a criminal prosecution. The amount of the civil penalty shall not exceed five thousand dollars. Each day of a violation shall be considered a separate offense. The alternative civil enforcement action may be brought against the person as a contested case proceeding by the department under chapter 17A if the amount of the civil penalty is not more than ten thousand dollars or as a civil judicial
proceeding by the attorney general upon referral by the department. In a contested case proceeding, the department may impose, assess, and collect the civil penalty.

2008 Acts, ch 1161, §8

461A.6 Costs — lien.
The cost of removing a structure as provided in section 461A.4 shall be paid by its owner, and the state shall have a lien upon the property for the cost of removal. The costs shall be payable at the time of removal and such lien may be enforced and foreclosed, as provided for the foreclosure of security interests in uniform commercial code, chapter 554, article 9, part 6.

[C31, 35, §1799-d1; C39, §1799.3; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.6]
C93, §461A.6

461A.7 Eminent domain.
The commission may purchase or condemn lands for public parks. No contract for the purchase of such public parks shall be made to an amount in excess of funds appropriated therefor by the general assembly.

[C24, 27, 31, 35, 39, §1800; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.7]
86 Acts, ch 1245, §1980
C93, §461A.7

461A.8 Highways.
The commission may purchase or condemn highways connecting parks with the public highways. When the highways have been purchased or condemned the same shall be public highways of this state and shall be maintained as other public highways of the county.

[C24, 27, 31, 35, 39, §1801; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.8]
86 Acts, ch 1245, §1981
C93, §461A.8

461A.9 Condemnation statutes.
All the provisions of the law relating to the condemnation of lands for public state purposes shall apply to the provisions of this chapter in and so far as applicable.

[C24, 27, 31, 35, 39, §1802; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.9]

Section amended

461A.11 Gifts — jurisdiction over dedicated lands — plan.
1. The commission may accept gifts of land or other property, or the use of lands or other property for a term of years, and improve and use the land as public state parks.
2. Any land adjacent to a meandered lake or a meandered stream which has been conveyed by gift, dedication or other means to the public, but has not been conveyed to the jurisdiction of a specific state agency or political subdivision, shall be subject to the jurisdiction of the commission and to the rules promulgated pursuant to this chapter. The commission shall prepare a plan for the appropriate public use of such land in accordance
with this chapter within two years of its coming under the jurisdiction of the commission. The plan may be amended by the commission.

[C24, 27, 31, 35, 39, §1804; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.11]
86 Acts, ch 1237, §5; 86 Acts, ch 1245, §1982
C93, §461A.11

461A.12 Conditions — lands.
The conditions attached to a gift shall be entered in writing as part of the record of the title by which the state takes the lands, and shall be inscribed upon any chart, map, or description of said park if the conditions are made by the grantor in lieu of money as a consideration paid by the state.

[C24, 27, 31, 35, 39, §1805; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.12]
C93, §461A.12

461A.13 Conditions — personalty.
If the donation be other than real estate and a particular specification for its use be made by the donor, no part of such conditions shall be used or expended for any other purpose.

[C24, 27, 31, 35, 39, §1806; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.13]
C93, §461A.13

461A.14 Reversion of gift.
If the lands transferred to the state as a gift, or if lands purchased in whole or in part by the state from moneys given for that purpose, shall be abandoned or sold and not used for state park purposes, the donor shall reclaim the land or funds donated by filing the donor’s request in writing with the executive council within six months of the time of the abandonment or sale by the state of such lands, but no interest or other charge shall be demanded of or paid by the state. Any unclaimed funds shall be used for park purposes.

[C24, 27, 31, 35, 39, §1807; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.14]
C93, §461A.14

461A.15 Use of private funds.
The commission may permit the improvement of parks, when established, or the improvement of bodies of water, upon the border of which such parks may be established, by the expenditure of private funds, such improvement to be done, however, under the direction of the commission, by and with the consent of the executive council.

[C24, 27, 31, 35, 39, §1808; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.15]
C93, §461A.15

461A.16 Landscape architect.
The commission may call upon the Iowa state university of science and technology for the services of at least one competent landscape architect, engineer, or gardener, who shall, under the direction of the commission, proceed to work with the commission in the improvement of the state property under the control of the commission. The president of the Iowa state university of science and technology shall, when called upon, designate the landscape architect, engineer, or gardener, as the case may be, who shall work with the commission.

[C24, 27, 31, 35, 39, §1809; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.16]
C93, §461A.16
2019 Acts, ch 59, §146
Referred to in §461A.17
Section amended
461A.17 Expense and compensation.
All necessary expenses incurred by such landscape architect, engineer, or gardener, under
the provisions of section 461A.16, shall be paid in the same manner as are other expenditures
by the commission, but no compensation shall be paid for such services.
[C24, 27, 31, 35, 39, §1811; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.17]
C93, §461A.17

461A.18 Jurisdiction.
Jurisdiction over all meandered streams and lakes of this state and of state lands bordering
thereon, not now used by some other state body for state purposes, is conferred upon the
commission. The exercise of this jurisdiction is subject to the approval of the department
in matters relating to or in any manner affecting flood control. The commission, with the
approval of the executive council, may establish parts of the property into state parks, and
when so established all of the provisions of this chapter relative to public parks apply to the
property.
[C24, 27, 31, 35, 39, §1812; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.18; 82 Acts,
ch 1199, §56, 96]
C93, §461A.18

461A.19 Boundaries.
The commission shall at once proceed to establish the boundary lines between the
state-owned property under its jurisdiction and privately owned property when said
commission deems it feasible and necessary, and shall where deemed advisable mark the
same so that the boundaries of such state-owned property may be easily ascertainable to the
public.
[C24, 27, 31, 35, 39, §1813; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.19]
C93, §461A.19

461A.20 State department of transportation — duties.
The commission may call upon the state department of transportation for the services of at
least one competent engineer, who shall, under the direction of the commission, proceed to
work in conjunction with the commission in carrying out the true spirit and purpose of this
chapter.
[C24, 27, 31, 35, 39, §1814; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.20]

C93, §461A.20
2019 Acts, ch 59, §147
Section amended

461A.21 County engineer — duties.
The commission may call upon the county engineer of any county to advise relative to the
true boundary between the state-owned property and private property in the county, and
to furnish plats and surveys showing such true boundary lines, and when directed by the
commission, shall mark such boundary lines as herein provided.
[C24, 27, 31, 35, 39, §1815; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.21]
C93, §461A.21

461A.22 Surveys and plats.
All surveys and plats shall be filed with the secretary of the executive council, and shall
become public records of this state.
[C24, 27, 31, 35, 39, §1816; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.22]
86 Acts, ch 1245, §1863
C93, §461A.22
Referred to in §463B.2
461A.23 Compensation.  
The compensation and expenses of the highway engineer shall be paid as a part of the maintenance of the state department of transportation, and of the county engineer by the county, as the case may be.  
[C24, 27, 31, 35, 39, §1817; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.23]  
C93, §461A.23

461A.24 Boundaries — adjustment.  
Whenever a controversy shall arise as to the true boundary line between state-owned property and private property, the commission may adjust the boundary line or take such other action in the premises as in its judgment may seem right. When the disputed boundary line is fixed it shall be surveyed and marked.  
[C24, 27, 31, 35, 39, §1818; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.24]

461A.25 Leases and easements.  
1. The commission may recommend that the executive council lease property under the commission’s jurisdiction. All leases shall reserve to the public of the state the right to enter upon the property leased for any lawful purpose. The council may, if it approves the recommendation and the lease to be entered into is for five years or less, execute the lease in behalf of the state and commission. If the recommendation is for a lease in excess of five years, with the exception of agricultural lands specifically dealt with in Article I, section 24 of the Constitution of the State of Iowa, the council shall advertise for bids. If a bid is accepted, the lease shall be let or executed by the council in accordance with the most desirable bid. The lease shall not be executed for a term longer than fifty years. Any such leasehold interest, including any improvements placed on it, shall be listed on the tax rolls as provided in chapters 428 and 443 and assessed and valued as provided in chapter 441; taxes shall be levied on it as provided in chapter 444 and collected as provided in chapter 445; and the leasehold interest is subject to tax sale, redemption, and apportionment of taxes as provided in chapters 446, 447 and 448. The lessee shall discharge and pay all taxes.  
2. The commission shall adopt rules providing for granting easements to political subdivisions and utility companies on state land under the jurisdiction of the department. An applicant for an easement shall provide the director with information setting forth the need for the easement, availability of alternatives, and measures proposed to prevent or minimize adverse impacts on the affected property. An easement shall be executed by the director, approved as to form by the attorney general, and if granted for a term longer than five years, approved by the commission.  
3. For the purposes of this section, property under the commission’s jurisdiction does not include an area of the bed of a lake or river occupied by a dock or other appurtenance or means of access to a dock, including but not limited to boat hoists and boat slips, or occupied by a boat ramp, constructed or installed and maintained under littoral or riparian rights.  
[C24, 27, 31, 35, 39, §1819; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.25]

§461A.31A Sale of timber.
If the estimated quantity of timber grown in a state park or a preserve to be sold by the department in a sixty-day period is ten thousand board feet or more or if the estimated value of the timber grown in a state park or a preserve to be sold by the department during the same period of time is five thousand dollars or more, the department shall conduct a public hearing on the proposed sale. Notice of the hearing shall be published as provided in section 331.305. After the public hearing, the department may proceed with the sale of the timber.
99 Acts, ch 206, §27

§461A.32 Sale of park lands — conveyances to cities or counties.
1. The commission may sell or exchange such parts of public lands under the jurisdiction of the commission as in its judgment may be undesirable for conservation purposes, excepting
state-owned meandered lands already surveyed and platted at state expense as a conservation plan and project tentatively adopted and now in the process of rehabilitation and development authorized by a special legislative Act. The sale or exchange shall be made upon the terms, conditions or considerations as the commission may approve, whereupon the secretary of state shall issue a patent therefor in the manner provided by law in other cases. The proceeds of any such sale or exchange shall become a part of the funds to be expended under the provisions of this chapter.

2. Upon request by resolution of any city, county, or any legal agency of any city or county, the executive council may, upon majority recommendation of the commission, convey without consideration to such city, county, or legal agency of the city or county, such public lands under the jurisdiction of the commission as in its judgment may be desirable for city or county parks. Conveyance shall be in the name of the state, with the great seal of the state attached and shall contain a provision that when such lands cease to be used as public park by said city or county such lands revert to the state, and such park shall, within one year after such land has reverted to the state, be restored, as nearly as possible, to the condition it was in when acquired by such city, county, or legal agency of the city or county at the expense of such city, county, or legal agency.

3. The state may require that the city, county, or legal agency of the city or county file a notice of intention every three years.

461A.42 Use of firearms, explosives, weapons, and fireworks prohibited — exceptions.  
1. The use of firearms, explosives, and weapons of all kinds by a person is prohibited in all state parks and preserves except under the following conditions:  
a. A firearm or other weapon authorized for hunting may be used in preserves or parts of preserves designated by the state advisory board on preserves at the request of the commission.  
b. A person may use a bow and arrow with an attached bow fishing reel and ninety-pound minimum line attached to the arrow to take rough fish as provided by rule of the commission.  
c. The commission may establish, by rule, the state parks or parts of state parks where firearms may be discharged during special events, festivals and education programs, or a special hunt to control animal populations. The rules governing special hunts to control animal populations shall be applied separately to each designated state park.  
2. The use of consumer fireworks or display fireworks, as defined in section 727.2, in state parks and preserves is prohibited except as authorized by a permit issued by the department. The commission shall establish, by rule adopted pursuant to chapter 17A, a fireworks permit system which authorizes the issuance of a limited number of permits to qualified persons to use or display fireworks in selected state parks and preserves.  
3. A person violating this section is guilty of a simple misdemeanor punishable as a scheduled violation pursuant to section 805.8B, subsection 6, paragraph “c”.

461A.61 Petition.
Said petition shall state:
1. The name of the municipality or corporation.
2. The applicant’s principal office and place of business.
3. A legal description of the lands to be included within said water recreational area, a showing that seventy-five percent of the area is either owned or under option for purchase by the applicant, together with a map thereof.
4. A general description of the public and private highways, grounds and real estate, streams and private lands of any kind within said area.
5. The tentative locations, types of dams to be constructed for any artificial lakes to be established, the proposed area to be inundated by the waters to be impounded by said dams, and a map showing the location of said dams and areas to be inundated.
6. A map showing the location of proposed roads, fixtures, utilities and other facilities necessary in the operation of said water recreational area.
7. The proposed plan of operation and regulations for the use of said facilities by the public.

461A.71 Public access and use.
Any lake in the water recreational area, together with at least twenty-five percent of the water frontage of the water recreational area and all land which adjoins and lies within one hundred yards from any point of such twenty-five percent of the water frontage, shall be permanently subject to and available for free public access and use. The municipality or corporation shall grant to the state of Iowa a perpetual easement for such public access and use, and such easement shall not be impaired or destroyed in whole or in part by nonuse. Before a permit is granted as provided in section 461A.70, the commission and the municipality or corporation shall agree on the location and description of such water frontage and land to be permanently subject to and available for free public access and use, and such location and description shall be stated in the permit. However, in lieu of the foregoing procedure, the commission and the municipality or corporation may agree that the commission may select such water frontage and land after the permit is granted, and the permit shall so state. At any time the commission, with the written consent of the municipality or corporation, may designate any additional land within the water recreational area to be permanently subject to and available for free public access and use; and the municipality or corporation shall grant to the state of Iowa a perpetual easement for such public access and use, which easement shall not be impaired or destroyed in whole or in part by nonuse. However, the commission may enter into agreements from time to time with one
or more municipalities or corporations for the management, development, improvement, care and maintenance of such lake, water frontage and land.

461A.75 Condemnation of land.
Whenever a permit has been granted as provided in section 461A.70 and the commission finds that the municipality or corporation owning such permit cannot acquire at a reasonable cost any necessary land or interest therein, the commission, with the approval of the executive council, may condemn such land or interest therein as provided in chapter 6B. However, such condemnation shall be limited to land and interests therein which will be permanently subject to and available for free public access and use, as provided in section 461A.71, or which will be required for a dam or other facilities necessary for the water recreational area. All costs of such condemnation, including all costs occasioned by appeal as set out in section 6B.33, and including the award and compensation for such land or interest therein, shall be paid by such municipality or corporation. The commission may permit such municipality or corporation to use such land or interest therein for the purposes of this subchapter, upon such terms, conditions and restrictions as the commission shall determine to be just and proper and for free public access and use. Title to such land or interest therein shall remain in the state of Iowa.

461A.76 Contracts with local authorities.
1. Notwithstanding anything in chapter 468, subchapter I, parts 1 through 5, to the contrary, county boards of supervisors and trustees having control of any levee or drainage district established thereunder, including joint levee or drainage districts, may enter into contracts and agreements with municipalities or corporations authorized to establish water
recreational areas under the provisions of this subchapter. Such contracts or agreements shall be in writing and may be made prior to or after the establishment of a water recreational area. If made prior to the establishment of a water recreational area they may be made conditional upon the final establishment of such area and if conditional upon such final establishment may be entered into prior to the hearing provided for in section 461A.63.

2. Such contracts or agreements may embrace any of the following subjects:
   a. For the impoundment of drainage waters to create artificial lakes or ponds.
   b. For compensation to drainage districts for drainage improvements destroyed or rendered useless by the establishment of water recreational areas and the structures, waters or works thereof.
   c. For the diversion of waters from established drainage ditches or tile drains to other channels.
   d. For sanitary measures and precautions.
   e. For the control of water levels in lakes, ponds or impoundments of water to avoid damage to or malfunction of drainage facilities.
   f. For the construction of additional drainage facilities promoting the interests of either or both of the contracting parties.
   g. For the granting of easements or licenses by one party to the other.
   h. For the payment of money by one contracting party to the other in consideration of acts or performance of the other party required by such contract or agreement.

3. When any expenditure of levee or drainage district funds is proposed by the authority contained in this section and where the estimated expenditure will exceed fifty percent of the original total cost of the district and subsequent improvements therein as defined by section 468.126, the same procedure respecting notice and hearing shall be followed as is provided in said section 468.126, for repair proposals where the estimated cost of the repair exceeds fifty percent of the original total cost of the district and subsequent improvements therein.

SUBCHAPTER V
PUBLIC OUTDOOR RECREATION AND RESOURCES

461A.79 Public outdoor recreation and resources.

1. Fifty percent of the funds appropriated for purposes of this section for public outdoor recreation and resources shall be expended on land acquisition and capital improvements
in carrying out this chapter. Acquisition projects, both fee-simple and less-than-fee, from willing sellers, may be for purposes of establishment or expansion of state parks, public hunting areas, natural areas, public fishing areas, water access sites, trail corridors, and other acquisition projects that are in accord with this chapter. Notwithstanding the exemption provided by section 427.1, land acquired under this subsection is subject to the full consolidated levy of property taxes which shall be paid from revenues available to be expended under this subsection. Capital improvements may be either new developments or rehabilitative in nature. Lake and watershed restoration projects are eligible for funding under this subsection. Not more than fifty percent of the revenues available to be expended under this subsection may be used by the commission to enter into agreements with county conservation boards and county boards of supervisors in those counties without conservation boards to carry out the purposes of this subsection. The agreement shall not provide for the payment by the commission of more than seventy-five percent of the cost of the project and the agreement shall specify that the county conservation board or county board of supervisors, whichever is applicable, shall provide funds for the remaining cost of the project covered by the agreement. Moneys available to be expended under this subsection may be used for the matching of federal funds.

2. Forty-five percent of the funds appropriated for purposes of this section for public outdoor recreation and resources shall be expended on the state recreation tourism grant program. This program shall provide matching grants to cities and unincorporated communities for purposes of developing or improving recreational projects or tourist attractions. A city or unincorporated community may submit an application to the commission for a matching grant, except that an unincorporated community shall submit the application through the county board of supervisors. Applications shall be reviewed by the advisory council for public outdoor recreation and resources. The advisory council shall submit recommendations to the commission regarding possible recipients and grant amounts. Grants made to an unincorporated community shall be paid to the county board of supervisors to be used for the project of the unincorporated community. The amount of the grant shall not exceed fifty percent of the cost of the development or improvement to be made and the application must demonstrate that the city or unincorporated community will provide the required matching funds.

3. Five percent of the funds appropriated for purposes of this section for public outdoor recreation and resources shall be expended on advertising which shall promote the use of recreational facilities and tourist attractions in the state. The commission shall enter into an agreement with the economic development authority for the expenditure of these funds for this purpose.

4. Moneys available to be expended for purposes of this section for public outdoor recreation and resources shall be credited to or deposited to the general fund of the state and appropriations made for purposes of this section shall be allocated as provided in this section. Moneys credited to or deposited to the general fund of the state pursuant to this subsection are subject to the requirements of section 8.60.

461A.80 Public outdoor recreation and resources advisory council.

1. An advisory council for public outdoor recreation and resources appropriations made for the purposes of section 461A.79 is created. The council shall consist of a public member appointed by the governor from each congressional district, the chairperson of the commission, the director, and a designee of the economic development authority.

2. Each county conservation board of those counties which are located in a congressional district shall nominate one person from the congressional district for appointment to the advisory council. The commission shall compile a list of the nominations of the county
conservation boards for each congressional district and shall provide this list to the governor. The governor shall appoint one member from each congressional district from the nominations as provided. Appointments shall be made for three-year terms beginning July 1 in the year of appointment. A person shall not serve more than two terms. A vacancy shall be filled for the unexpired term in the same manner as the original appointment was made.

3. No more than three public members shall belong to the same political party. The council shall elect a chairperson annually from among the council's members, and the director shall serve as council secretary. Persons already serving in an elected or appointed governmental capacity are not eligible to serve as council members.

4. The advisory council shall meet annually, in July, and upon the call of the chairperson of the advisory council. The advisory council shall make policy recommendations to the commission regarding the projects and programs to be funded from funds available for public outdoor recreation and resources from appropriations made for the purposes of section 461A.79.

5. The public members of the advisory council shall be reimbursed for actual and necessary expenses for each day employed in the official discharge of their duties. The expenses shall be paid from the administration fund of the commission. Each member of the council may also be eligible to receive compensation as provided in section 7E.6.

STATE LANDS VOLUNTEER PROGRAM

461A.81 State lands volunteer program — liability.
The department shall establish a state lands volunteer program to authorize nonprofit organizations, and individuals providing services on behalf of the nonprofit organizations, to provide, at no compensation, volunteer services for the benefit of state parks and recreation areas, state game and forest areas, or other lands under the jurisdiction of the department of natural resources. The department shall adopt rules governing the administration of the program to include eligibility requirements for nonprofit organizations participating in the program and provisions governing approved volunteer duties or services. Nonprofit organizations, and individuals providing services on behalf of nonprofit organizations, authorized to provide volunteer services for no compensation by the department pursuant to this section shall be considered state volunteers and afforded the same protections as provided in section 669.24 while performing approved volunteer duties or services on state lands, as described in this section, as a volunteer.

CHAPTER 461C
PUBLIC USE OF PRIVATE LANDS AND WATERS

461C.1 Purpose. The purpose of this chapter is to encourage private holders of land to make land and water areas available to the public for a recreational purpose and for urban deer control by limiting a holder’s liability toward persons entering onto the holder’s property for such purposes. The provisions of this chapter shall be construed liberally and broadly in favor of private holders of land to accomplish the purposes of this chapter.

461C.2 Definitions. As used in this chapter, unless the context otherwise requires:

1. “Charge” means any consideration, the admission price or fee asked in return for invitation or permission to enter or go upon the land.

2. “Holder” means the possessor of a fee interest, a tenant, lessee, occupant or person in control of the premises; provided, however, holder shall not mean the state of Iowa, its political subdivisions, or any public body or any agencies, departments, boards, or commissions thereof.

3. “Land” means private land that is one or any combination of the following: abandoned or inactive surface mines; caves; land used for agricultural purposes; marshlands; timber; grasslands; or the privately owned roads, paths, trails, waters, water courses, exteriors and interiors of buildings, structures, machinery, or equipment appurtenant thereto. “Land” includes land that is not open to the general public. “Land” also includes private land located in a municipality in connection with and while being used for urban deer control.

4. “Municipality” means any city or county in the state.

5. “Recreational purpose” means the following or any combination thereof: hunting, trapping, horseback riding, fishing, boating, camping, picnicking, hiking, pleasure driving, motorcycling, all-terrain vehicle riding, nature study, water skiing, snowmobiling, other summer and winter sports, educational activities, and viewing or enjoying historical, archaeological, scenic, or scientific sites while going to and from or actually engaged therein. “Recreational purpose” includes the activity of accompanying another person who is engaging in such activities. “Recreational purpose” is not limited to active engagement in such activities, but includes entry onto, use of, passage over, and presence on any part of the land in connection with or during the course of such activities.

6. “Urban deer control” means deer hunting with a bow and arrow on private land in a municipality, without charge, as authorized by a municipal ordinance, for the purpose of reducing or stabilizing an urban deer population in the municipality. “Urban deer control” is not limited to active engagement in the activity of urban deer control but includes entry onto, use of, passage over, and presence on any part of the land in connection with or during the course of such activity.

461C.3 Liability of holder limited.

1. Except as specifically recognized by or provided in section 461C.6, a holder of land does not owe a duty of care to keep the premises safe for entry or use by others for a recreational purpose or urban deer control, or to give any warning of a dangerous condition, use, structure, or activity on such premises to persons entering for such purposes.

2. Except as specifically recognized by or provided in section 461C.6, a holder of land does not owe a duty of care to others solely because the holder is guiding, directing, supervising, or participating in any recreational purpose or urban deer control undertaken by others on the holder’s land.

461C.4 Users not invitees or licensees.

Except as specifically recognized by or provided in section 461C.6, a holder of land who either directly or indirectly invites or permits without charge any person to use such property for a recreational purpose or urban deer control does not thereby:

1. Extend any assurance that the premises are safe for any purpose.

2. Confer upon such person the legal status of an invitee or licensee to whom the duty of care is owed.

3. Assume a duty of care to such person solely because the holder is guiding, directing, supervising, or participating in any recreational purpose or urban deer control undertaken by the person on the holder’s land.

4. Assume responsibility for or incur liability for any injury to person or property caused by an act or omission of such persons.

461C.5 Duties and liabilities of holder of leased land.

Unless otherwise agreed in writing, the provisions of sections 461C.3 and 461C.4 shall be deemed applicable to the duties and liability of a holder of land leased, or any interest or right therein transferred to, or the subject of any agreement with, the United States or any agency thereof, or the state or any agency or subdivision thereof, for a recreational purpose or urban deer control.

461C.6 When liability lies against holder.

Nothing in this chapter limits in any way any liability which otherwise exists:

1. For willful or malicious failure to guard or warn against a dangerous condition, use, structure, or activity.

2. For injury suffered in any case where the holder of land charges the person or persons who enter or go on the land for the recreational use thereof or for deer hunting, except that in the case of land or any interest or right therein, leased or transferred to, or the subject of any agreement with, the United States or any agency thereof or the state or any agency thereof or subdivision thereof, any consideration received by the holder for such lease, interest, right, or agreement shall not be deemed a charge within the meaning of this section.

C93, §461C.6
Referred to in §461C.3, 461C.4

461C.7 Construction of law.
Nothing in this chapter shall be construed to:
1. Create a duty of care or ground of liability for injury to persons or property.
2. Relieve any person using the land of another for a recreational purpose or urban deer control from any obligation which the person may have in the absence of this chapter to exercise care in the use of such land and in the person’s activities thereon, or from the legal consequences of failure to employ such care.
3. Amend, repeal or modify the common law doctrine of attractive nuisance.

C93, §461C.7

461C.8 Urban deer control — municipal ordinance.
1. A municipality may adopt an ordinance authorizing trained, volunteer hunters to hunt deer with a bow and arrow on private land within the municipality, without charge, for the purpose of urban deer control.
2. The ordinance shall specify all of the following:
   a. How a person qualifies to participate in urban deer control.
   b. Where urban deer control can occur.
   c. Conditions under which urban deer control can be conducted, which are intended to minimize the risk of injury to persons and property.
3. A hunter who participates in urban deer control pursuant to this section shall be otherwise qualified to hunt deer in this state, purchase a hunting license that includes the wildlife habitat fee, and obtain a special deer hunting license valid only for the dates, locations, and type of deer specified on the license. Special deer hunting licenses issued pursuant to this section shall be available only to residents and shall cost the same as deer hunting licenses issued during general deer seasons. The commission may establish procedures for issuing more than one license per person as necessary to achieve the purposes of urban deer control, and the cost of each additional license shall be ten dollars.
4. An urban deer control ordinance is not effective until it has been approved by the department of natural resources.
5. The department of natural resources shall adopt rules in accordance with chapter 17A necessary for the administration of this section.

LANDOWNER LIABILITY TO TRESPASSERS

462.1 Liability of possessors and occupants of land to trespassers.

462.1 Liability of possessors and occupants of land to trespassers.
1. A possessor of any fee, reversionary, or easement interest in real property, including but not limited to an owner, lessee, or other lawful occupant, owes no duty of care to a trespasser except to refrain from willfully or wantonly injuring the trespasser and to use reasonable care to avoid injuring the trespasser after that trespasser’s presence becomes known.
2. This section shall not be construed to affect the common law doctrine of attractive nuisance.
3. This section does not create or increase the civil liability of any possessor or occupant of

SUBCHAPTER I  
GENERAL PROVISIONS  

462A.1 Declaration of policy.  
It is the policy of this state to promote safety for persons and property in and connected with the use, operation and equipment of vessels and to promote uniformity of laws relating thereto.  
[C97, §2511; C24, 27, 31, §1691; C35, §1703-e1; C39, §1703.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §106.1]  
C93, §462A.1  

462A.2 Definitions.  
As used in this chapter, unless the context clearly requires a different meaning:  
1. “Alcohol concentration” means the number of grams of alcohol per any of the following:  
   a. One hundred milliliters of blood.  
   b. Two hundred ten liters of breath.  
   c. Sixty-seven milliliters of urine.  
2. “Alcoholic beverage” includes alcohol, wine, spirits, beer, or any other beverage which contains ethyl alcohol and is fit for human consumption.  
3. “Authorized emergency vessel” means any vessel which is designated or authorized by the commission for use in law enforcement, search and rescue, and disaster work.  
4. “Boat livery” means a person who holds a vessel for hire, renting, leasing, or chartering including hotels, motels, or resorts which furnish a vessel to guests as part of the services of the business.  
6. “Chemical test” means an analysis of a person’s blood, breath, urine, or other bodily substance for the determination of the presence of alcohol, a controlled substance, or a drug.  
7. “Commission” means the natural resource commission.  
8. “Controlled substance” means any drug, substance, or compound that is regulated under chapter 124, including any counterfeit substance or simulated controlled substance, as well as any metabolite or derivative of the drug, substance, or compound.  
9. “Cut-off switch” means an operable factory-installed or dealer-installed emergency cut-off engine stop switch that is installed on a personal watercraft.  
10. “Cut-off switch lanyard” means the cord used to attach the person of the operator of a personal watercraft to the cut-off switch.  
11. “Dealer” means a person who engages in whole or in part in the business of buying,
securing anyone propelled by motors, and sold, or exchanged for sale, trade, or display of vessels. A yacht broker is a dealer.

12. “Department” means the department of natural resources.

13. “Director” means the director of the department or the director’s designee.

14. “Established place of business” means the place actually occupied either continuously or at regular periods by a dealer or manufacturer where the dealer’s or manufacturer’s books and records are kept and a large share of the dealer’s or manufacturer’s business is transacted.

15. “Farm pond” means a body of water wholly on the lands of a single owner, or a group of joint owners, which does not have any connection with any public waters and which is less than ten surface acres.

16. “Inboard” means a vessel in which the engine is located internally, the propulsion system is rigidly attached to the engine, and the propulsion mechanism is within the confines of the vessel’s extreme length and beam.

17. “Inboard-outdrive” means a vessel in which the power plant or engine is located inside of the vessel and the propulsion mechanism is located outside of the transom.

18. “Inflatable vessel” means a vessel which achieves and maintains its intended shape and buoyancy by inflation.

19. “Lienholder” means a person holding a security interest.

20. “Manufacturer” means a person engaged in the business of manufacturing or importing new and unused vessels, or new and unused outboard motors, for the purpose of sale or trade.

21. “Motorboat” means any vessel propelled by an inboard, inboard-outdrive, or outboard engine, whether or not such engine is the principal source of propulsion.

22. “Navigable waters” means all lakes, rivers, and streams, which can support a vessel capable of carrying one or more persons during a total of six months in one out of every ten years.

23. “Nonresident” means every person who is not a resident of this state.

24. “Operate” means to navigate or otherwise use a vessel or motorboat. For the purposes of section 462A.12, subsection 2, sections 462A.14, 462A.14A, 462A.14B, 462A.14C, 462A.14D, and 462A.14E, and section 462A.23, subsection 2, paragraph “b”, “operate”, when used in reference to a motorboat, means the motorboat is powered by a motor which is running, and when used in reference to a sailboat, means the sailboat is either powered by a motor which is running, or the sailboat is under way and has sails hoisted and is not propelled by a motor.

25. “Operator” means a person who operates or is in actual physical control of a vessel.

26. “Owner” means a person, other than a lienholder, having the property right in or title to a motorboat or vessel. The term includes a person entitled to the use or possession of a vessel or motorboat subject to an interest in another person, reserved or created by agreement and securing payment or performance of an obligation, but the term excludes a lessee under a lease not intended as security.

27. “Passenger” means a person carried on board a vessel, including the operator, and anyone towed by a vessel on water skis, surfboards, inner tubes, or similar devices.

28. “Peace officer” means:
   a. A member of the state patrol.
   b. A police officer under civil service as provided in chapter 400.
   c. A sheriff.
   d. A regular deputy sheriff who has had formal police training.
   e. Any other certified law enforcement officer as defined in section 80B.3, who has satisfactorily completed an approved course relating to operating while intoxicated, either at the Iowa law enforcement academy or in a law enforcement training program approved by the department of public safety.

29. “Person” means an individual, partnership, firm, corporation, or association.

30. “Personal watercraft” means a vessel, less than sixteen feet in length, which is propelled by a water jet pump or similar machinery as its primary source of motor propulsion
and is designed to be operated by a person sitting, standing, or kneeling on the vessel rather than being operated by a person sitting, standing, or kneeling inside the vessel.

31. “Privately owned lake” means any lake, located within the boundaries of this state and not subject to federal control covering navigation owned by an individual, group of individuals, or a nonprofit corporation and which is not open to the use of the general public but is used exclusively by the owners and their personal guests.

32. “Proceeds” includes whatever is received when collateral or proceeds are sold, exchanged, collected, or otherwise disposed of. The term also includes the account arising when the right to payment is earned under a contract right. Money, checks, and the like are “cash proceeds”. All other proceeds are “noncash proceeds”.

33. “Sailboard” means a windsurfing vessel with a mount for a sail, a daggerboard, and a small skeg.

34. “Sailboat” means any watercraft operated with a sail.

35. “Security interest” means an interest which is reserved or created by an agreement which secures payment or performance of an obligation and is valid against third parties generally.

36. “Serious injury” means the same as defined in section 702.18.

37. “State of principal use” means the state on whose waters a vessel is used or to be used most during a calendar year.

38. “Undocumented vessel” means any vessel which is not required to have, and does not have, a valid marine document issued by the bureau of customs or a foreign government.

39. “Use” means to operate, navigate, or employ a vessel. A vessel is in use whenever it is upon the water.

40. “Vessel” means every description of watercraft, other than a seaplane, used or capable of being used as a means of transportation on water or ice. Ice boats are watercraft.

41. “Vessel for hire or commercial vessel” means a vessel for the use of which a fee of any nature is imposed, including vessels furnished as a part of lodge, hotel, or resort services.

42. “Wake” means any movement of water created by a vessel which adversely affects the activities of another person who is involved in activities approved for that area or which may adversely affect the natural features of the shoreline.

43. “Watercraft” means any vessel which through the buoyant force of water floats upon the water and is capable of carrying one or more persons.

44. “Watercraft education certificate” means a certificate, approved by the commission, which is issued to a qualified applicant who is twelve years of age or older who has successfully completed a watercraft education course approved by the department.

45. “Waters of this state under the jurisdiction of the commission” means any navigable waters within the territorial limits of this state, and the marginal river areas adjacent to this state, exempting only farm ponds and privately owned lakes.

46. “Writing fee” means the amount paid by the boat owner to the county recorder for handling the transaction.

462A.3 Powers and duties of commission.

1. The commission is vested with the power and is charged with the duty of observing, administering and enforcing the provisions of this chapter.

2. The commission may adopt and enforce rules under chapter 17A as necessary to carry out this chapter and to protect private and public property and the health, safety, and welfare
of the public. In adopting rules, the commission shall give consideration to the various uses to which they may be put by and for public and private purposes, the preservation of each body of water, its bed, waters, ice, banks, and public and private property attached thereto, and the need for uniformity of rules relating to the use, operation, and equipment of vessels and vehicles.

462A.3A Public use of water for navigation purposes.

Water occurring in any river, stream, or creek having definite banks and bed with visible evidence of the flow of water is flowing surface water and is declared to be public waters of the state of Iowa and subject to use by the public for navigation purposes in accordance with law. Land underlying flowing surface water is held subject to a trust for the public use of the water flowing over it. Such use is subject to the same rights, duties, limitations, and regulations as presently apply to meandered streams, or other streams deemed navigable for commercial purposes and to any reasonable use by the owner of the land lying under and next to the flowing surface water.

1. The director, with the consent of the commission, may enter into agreements with the appropriate regulatory agencies of other states as necessary or convenient to carry out the purposes of this chapter and not inconsistent with this chapter, and may do all acts contained in the agreements.

2. The agreements may include, but are not restricted to, the following provisions:
   a. Regulations in regard to registration, numbering, and equipment of vessels.
   b. Operating requirements for vessels and vessel operators.
   c. Enforcement activity of officers.

462A.5 Registration and identification number.

1. The owner of each vessel required to be numbered by this state shall initially register it with the commission through the county recorder of the county in which the owner resides, or, if the owner is a nonresident, the owner shall register it in the county in which such vessel is principally used. Both residents and nonresidents shall subsequently renew registration every three years with any county recorder. The commission shall develop and maintain an electronic system for the registration of vessels pursuant to this chapter. The commission shall establish forms and procedures as necessary for the registration of all vessels.

a. The owner of the vessel shall file an application for registration with the appropriate county recorder on forms provided by the commission. The application shall be completed and signed by the owner of the vessel and shall be accompanied by the appropriate fee, and the writing fee specified in section 462A.53. Upon applying for registration, the owner shall display a bill of sale, receipt, or other satisfactory proof of ownership as provided by the rules of the commission to the county recorder. If the county recorder is not satisfied as to the ownership of the vessel or that there are no undisclosed security interests in the vessel, the county recorder may register the vessel but shall, as a condition of issuing a registration certificate, require the applicant to follow the procedure provided in section 462A.5A. Upon receipt of the application in approved form accompanied by the required fees, the county recorder shall enter it upon the records of the recorder’s office and shall issue to the applicant a pocket-size registration certificate. The certificate shall be executed and delivered to the owner. The county recorder shall maintain an electronic record of each registration certificate issued by the county recorder under this chapter. The registration certificate shall bear the number awarded to the vessel, the passenger capacity of the vessel, and the name and address of the owner. In the use of all vessels except nonpowered sailboats, nonpowered canoes, and commercial vessels, the registration certificate shall be carried either in the vessel or on the person of the operator of the vessel when in use. In the use of nonpowered sailboats, nonpowered canoes, or commercial vessels, the registration certificate may be kept on shore in accordance with rules adopted by the commission. The operator shall exhibit the certificate to a peace officer upon request or, when involved in an occurrence of any nature with another vessel or other personal property, to the owner or operator of the other vessel or personal property.

b. A vessel that has an expired registration certificate from another state may be registered in this state upon proper application, payment of all applicable registration and writing fees, and payment of a penalty of five dollars.

c. On all vessels except nonpowered sailboats the owner shall cause the identification number to be painted on or attached to each side of the bow of the vessel in such size and manner as may be prescribed by the rules of the commission. On nonpowered boats the number may be placed on alternate locations as prescribed by the rules of the commission. All numbers shall be maintained in a legible condition at all times.

d. No number, other than the number awarded to a vessel under the provisions of this chapter or granted reciprocity pursuant to this chapter, shall be painted, attached or otherwise displayed on either side of the bow of such vessel.

e. The owner of each vessel must display and maintain, in a legible manner and in a prominent spot on the exterior of such vessel, other than the bow, the passenger capacity of the vessel which must conform with the passenger capacity designated on the registration certificate.
2. When an agency of the United States government shall have in force an overall system of identification numbering for vessels, the numbering system prescribed by the commission pursuant to this chapter, shall be in conformity therewith.

3. a. The registration fees for vessels subject to this chapter are as follows:
   (1) For vessels of any length without motor or sail, twelve dollars.
   (2) For motorboats or sailboats less than sixteen feet in length, twenty-two dollars and fifty cents.
   (3) For motorboats or sailboats sixteen feet or more, but less than twenty-six feet in length, thirty-six dollars.
   (4) For motorboats or sailboats twenty-six feet or more, but less than forty feet in length, seventy-five dollars.
   (5) For motorboats or sailboats forty feet in length or more, one hundred fifty dollars.
   (6) For all personal watercraft, forty-five dollars.

b. Every registration certificate and number issued becomes delinquent at midnight April 30 of the last calendar year of the registration period unless terminated or discontinued in accordance with this chapter. After January 1, 2007, an unregistered vessel and a renewal of registration may be registered for the three-year registration period beginning May 1 of that year. When unregistered vessels are registered after May 1 of the second year of the three-year registration period, such unregistered vessels may be registered for the remainder of the current registration period at two-thirds of the appropriate registration fee. When unregistered vessels are registered after May 1 of the third year of the three-year registration period, such unregistered vessels may be registered for the remainder of the current registration period at one-third of the appropriate registration fee.

c. If an application for renewal is not made before July 1 of the last calendar year of the registration period, the applicant shall be charged a penalty of five dollars.

4. a. If a person, after registering a vessel, moves from the address shown on the registration certificate, the person shall, within ten days, notify any county recorder of the new address.

b. If the name of a person, who has registered a vessel, is changed, the person shall, within ten days, notify any county recorder of the former and new name.

c. No fee shall be paid to any county recorder for making the changes mentioned in this subsection unless the owner requests a new registration certificate showing the change, in which case a fee of one dollar plus a writing fee shall be paid to the recorder.

d. If a registration certificate is lost, mutilated, or becomes illegible, the owner shall immediately make application for and obtain a duplicate registration certificate by furnishing information satisfactory to any county recorder. A fee of one dollar plus a writing fee shall be paid to the county recorder for a duplicate registration certificate.

e. If a vessel, registered under this chapter, is destroyed or abandoned, the destruction or abandonment shall be reported to the county recorder and the registration certificate shall be forwarded to the office of the county recorder within ten days after the destruction or abandonment.

5. All records of the commission and the county recorder, other than those declared by law to be confidential for the use of the commission and the county recorder, shall be open to public inspection during office hours.

6. The owner of each vessel which has a valid marine document issued by the bureau of customs of the United States government or any federal agency successor thereto shall register it every three years with the county recorder in the same manner prescribed for undocumented vessels and shall cause the registration validation decal to be placed on the vessel in the manner prescribed by the rules of the commission. When the vessel bears the identification required in the documentation, it is exempt from the placement of the identification numbers as required on undocumented vessels. The fee for such registration is twenty-five dollars plus a writing fee.

7. If the owner of a currently registered vessel places the vessel in storage, the owner shall return the registration certificate to the county recorder with an affidavit stating that the vessel is placed in storage and the effective date of the storage. The county recorder shall notify the commission of each registered vessel placed in storage. When the owner of a stored
vessel desires to renew the vessel’s registration, the owner shall apply to the county recorder and pay the registration fees plus a writing fee as provided in subsections 1 and 3 without penalty. No refund of registration fees shall be allowed for a stored vessel.

8. The registration certificate shall indicate if the vessel is subject to the requirement of a certificate of title and the county from which the certificate of title is issued.

462A.5A Filing bond as assurance of ownership.
An applicant for registration of a vessel for which the county recorder is not satisfied as to the ownership of the vessel as provided in section 462A.5, subsection 1, shall file with the department a bond in the form prescribed by the department and executed by the applicant, and also executed by a person authorized to conduct a surety business in this state. The form and amount of the bond shall be established by rule of the department. The bond shall be conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vessel or person acquiring any security interest in the vessel, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney fees, by reason of the issuance of the registration certificate of the vessel or on account of any defect in or undisclosed security interest upon the right, title, and interest of the applicant in and to the vessel. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond shall be returned at the end of three years or prior thereto if the vessel is no longer registered in this state and the registration certificate is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond.

462A.6 Exemption from registration provisions of this chapter.
A vessel shall not be required to be registered if it is:
1. Covered by a number in full force and effect which has been awarded to it pursuant to a federally approved numbering system of another state if such vessel shall not have been within this state for a period in excess of sixty days within one calendar year.
2. Foreign vessels temporarily using the navigable waters of the United States and of this state.
3. A public vessel of the United States, a state or subdivision thereof which is used for enforcement, search and rescue or official research and studies, but not including vessels used for recreation or commercial purposes.
4. A ship’s lifeboat.
5. A type of vessel which has been exempted from registration by the commission after said commission has found that the registration or numbering of such vessel will not materially aid in their identification and such vessel would be exempt from numbering if it were subject to federal law.
6. An air mattress, inner tube, or other toy or beach type item which is being used in a recognized swimming area. In the case of a natural lake or reservoir these beach or swimming areas may be less, but in no case shall exceed three hundred feet from shore.
7. The following nonpower or nonsail vessels:
   a. Inflatable vessels, seven feet or less in length.
b. Conventional design canoes and kayak type vessels, thirteen feet or less in length.

462A.6A Exemption from display of registration and capacity numbers.
The following vessels are exempt from displaying a registration number and a passenger
capacity number as required in section 462A.5:
1. Authentically constructed native American styled craft including birch bark canoes,
dugout canoes, competitive racing shells, reed boats, and skin-covered canoes or boats.
2. Historically styled craft such as keel boats used only during historic recreations or
public demonstrations.
3. A vessel which has a valid marine document issued by the United States coast guard
and the vessel bears the identification required in the document.
4. A sailboard. However, the registration decal shall be attached to the bottom surface of
the bow.

462A.7 Occurrences involving vessels.
1. The operator of a vessel involved in an occurrence that results in personal property
damage or the injury or death of a person, shall, so far as possible without serious danger
to the operator’s own vessel, crew, or passengers, render to other persons affected by the
occurrence such assistance as may be practicable and necessary to save them from or
minimize any danger caused by the occurrence. The operator shall also give the operator’s
name, address, and identification of the operator’s vessel in writing to any person injured
and to the owner of any property damaged in the occurrence.
2. Whenever any vessel is involved in an occurrence that results in personal property
damage or the injury or death of a person, except one which results only in property damage
not exceeding two thousand dollars, a report of the occurrence shall be filed with the
commission. The report shall be filed by the operator of the vessel and shall contain such
information as the commission may, by rule, require. The report shall be submitted within
forty-eight hours of the occurrence in cases that result in death, disappearance, or personal
injuries requiring medical treatment by a licensed health care provider, and within five days
of the occurrence in all other cases.
3. Every law enforcement officer who, in the regular course of duty, investigates an
occurrence which is required to be reported by this section, shall, after completing such
investigation, forward a report of such occurrence to the commission.
4. a. All reports shall be in writing. A vessel operator’s report shall be without prejudice
to the person making the report and shall be for the confidential use of the department.
However, upon request the department shall disclose the identities of the persons on board
the vessels involved in the occurrence and their addresses. Upon request of a person who
made and filed a vessel operator’s report, the department shall provide a copy of the vessel
operator’s report to the requester. A written vessel operator’s report filed with the department
shall not be admissible in or used in evidence in any civil or criminal action arising out of the
facts on which the report is based.

b. All written reports filed by law enforcement officers as required under subsection 3 are
confidential to the extent provided in section 22.7, subsection 5, and section 622.11. However,
a completed law enforcement officer’s report shall be made available by the department or
the investigating law enforcement agency to any party to an occurrence involving a vessel,
the party’s insurance company or its agent, or the party’s attorney on written request and
payment of a fee.
5. Failure of the operator of any vessel involved in an occurrence to offer assistance and aid to other persons affected by such occurrence, as set forth in this chapter, or to otherwise comply with the requirements of subsection 1, is punishable as follows:
   a. In the event of an occurrence resulting only in property damage, the operator is guilty upon conviction of a simple misdemeanor.
   b. In the event of an occurrence resulting in an injury to a person, the operator is guilty upon conviction of a serious misdemeanor.
   c. In the event of an occurrence resulting in a serious injury to a person, the operator is guilty upon conviction of an aggravated misdemeanor.
   d. In the event of an occurrence resulting in the death of a person, the operator is guilty upon conviction of a class “D” felony.

462A.9 Classification and required equipment.
1. Vessels subject to the provisions of this chapter shall be divided into four classes as follows:
   a. Class I. Less than sixteen feet in length.
   b. Class II. Sixteen feet or over and less than twenty-six feet in length.
   c. Class III. Twenty-six feet or over and less than forty feet in length.
   d. Class IV. Forty feet or over.
2. Every vessel, in all weathers, from sunset to sunrise, shall carry and exhibit the following lights when underway, and during that time shall exhibit no other lights which may be mistaken for those required except that the international lighting system as approved by the United States coast guard will be accepted for use on motorboats on the waters of this state.
   a. Every motorboat of classes I and II shall carry the following lights:
      (1) A bright white light aft to show all around the horizon.
      (2) A combined lantern in the fore part of the vessel and lower than the white light aft, showing green to starboard and red to port, so fixed as to throw the light from right ahead to two points abaft the beam on their respective sides.
   b. Every motorboat of classes III and IV shall carry the following lights:
      (1) A bright white light in the fore part of the vessel as near the bow as practicable, so constructed as to show an unbroken light over an arc of the horizon of twenty points of the compass, so fixed as to throw the light ten points on each side of the vessel; namely, from right ahead to two points abaft the beam on either side.
      (2) A bright white light aft to show all around the horizon and higher than the white light forward.
      (3) A green light on the starboard side so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side. A red light on the port side, so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass so fixed as to throw the light from right ahead to two points abaft the beam on the port side. The said side lights shall be fitted with inboard screens of sufficient height so set as to prevent these lights from being seen across the bow.
   c. Vessels of classes I and II, when propelled by sail alone, shall carry the combined
lantern, but not the white light aft prescribed by this section. Vessels of classes III and IV when so propelled, shall carry the colored side lights, suitably screened, but not the white lights required by this section.

d. Every white light required by this section shall be of such character as to be visible at a distance of at least two miles. Every colored light required by this section shall be of such character as to be visible at a distance of at least one mile. The term “visible” in this section, when applied to lights, shall mean visible on a dark night with clear atmosphere.

e. When propelled by sail and machinery, such motorboat shall carry the lights required by this section for a motorboat propelled by machinery only.

3. Every vessel shall carry and exhibit such other lights required by the rules and regulations of the commission.

4. Every motorboat of class II, III or IV shall be provided with an efficient whistle or other sound producing appliance.

5. Every motorboat of class III or IV shall be provided with an efficient bell.

6. Every vessel shall carry at least one life preserver, life belt, ring buoy or other device, of the sort prescribed by the rules of the commission, for each passenger, so placed as to be readily accessible. This does not apply to a vessel which is a racing shell used in the sport of sculling or to a sailboard while used for windsurfing.

7. Every motorboat shall be provided with such number, size and type of fire extinguishers capable of promptly and effectually extinguishing burning gasoline, as may be prescribed by the regulations of the commission. Such fire extinguishers shall, at all times, be kept in condition for immediate and effective use and shall be so placed as to be readily accessible. Vessels powered by outboard motors of ten horsepower or less, need not carry the extinguishers as provided herein.

8. a. The provisions of subsections 4, 5 and 7 of this section shall not apply to motorboats while competing in any race conducted pursuant to section 462A.16 or, if such boats are designed and used solely for racing, while engaged in such navigation as is incidental to the tuning up of the boats and engines for the race.

b. The operator of a motorboat, while engaged in such race, must wear a crash helmet and life preserver.

9. Every motorboat shall have the carburetor or carburetors of every engine therein, except outboard motors, using a liquid of a volatile nature as fuel, equipped with such efficient flame arrestor, backfire trap or other similar device as may be prescribed by the rules and regulations of the commission.

10. Every motorboat, except open boats, using any liquid of a volatile nature as fuel, shall be provided with the means prescribed by the rules of the commission for properly and efficiently ventilating the bilges of the engines and fuel tank compartments so as to remove any explosive or flammable gases.

11. The commission is hereby authorized to make rules and regulations modifying the equipment requirements contained in this section to the extent necessary for the safety of operators and passengers.

12. The commission is hereby authorized to establish such pilot rules as may be necessary for the safe operation of vessels on the waters of this state under the jurisdiction of the commission.

13. An owner of a personal watercraft equipped with a cut-off switch shall maintain the cut-off switch and the accompanying cut-off switch lanyard in an operable, fully functional condition.

14. No person shall operate or give permission for the operation of a vessel which is not equipped as required by this section or modification thereof.

462A.10 Boat liveries.
1. The owner of a boat livery shall cause to be kept a record of the name and address of the person or persons hiring any vessel which is designed or permitted by the owner to be operated for hire, the identification number thereof, the departure date and time and the expected time of return. The records shall be preserved for six months.
2. The owner of a boat livery shall not permit any of the owner’s vessels, operated for hire, to depart from the owner’s premises unless it shall have been provided, either by the owner or renter, with the equipment required by the commission.

462A.11 Muffling devices.
The exhaust of every internal combustion engine used on any motorboat shall be effectively muffled by equipment so constructed and used as to muffle the total vessel noise in a reasonable manner in accordance with rules adopted by the commission. The use of cut-outs is prohibited, except for motorboats competing in a regatta or boat race approved as provided in section 462A.16 and for such motorboats while on trial run during a period from 8:00 a.m. to 6:00 p.m. not to exceed twenty-four hours immediately preceding such regatta or race.

462A.12 Prohibited operation.
1. No person shall operate any vessel, or manipulate any water skis, surfboard or similar device in a careless, reckless or negligent manner so as to endanger the life, limb or property of any person.
2. A person shall not operate any vessel, or manipulate any water skis, surfboard or similar device while under the influence of an alcoholic beverage, marijuana, a narcotic, hypnotic or other drug, or any combination of these substances. However, this subsection does not apply to a person operating any vessel or manipulating any water skis, surfboard or similar device while under the influence of marijuana, or a narcotic, hypnotic or other drug if the substances were prescribed for the person and have been taken under the prescription and in accordance with the directions of a medical practitioner as defined in chapter 155A, provided there is no evidence of the consumption of alcohol and further provided the medical practitioner has not directed the person to refrain from operating a motor vehicle, any vessel or from manipulating any water skis, surfboard or similar device.
3. No person shall place, cause to be placed, throw or deposit onto or in any of the public waters, ice or land of this state any cans, bottles, garbage, rubbish, and other debris.
4. No person shall operate on the waters of this state under the jurisdiction of the conservation commission any vessel displaying or reflecting a blue light or flashing blue light unless such vessel is an authorized emergency vessel.
5. No person shall operate a vessel and enter into areas in which search and rescue operations are being conducted or an area affected by a natural disaster unless authorized by the officer in charge of the search and rescue or disaster operation. Any person authorized in an area of operation shall operate the person’s vessel at a no wake speed and shall keep clear of all other vessels engaged in the search and rescue or disaster operation. A person who must operate a vessel in a disaster area to gain access or egress from the person’s home shall be considered an authorized person by the officer in charge.
6. An owner or operator of a vessel propelled by a motor of more than ten horsepower shall not permit any person under twelve years of age to operate the vessel unless accompanied in or on the same vessel by a responsible person of at least eighteen years of age who is
experienced in motorboat operation. A person who is twelve years of age or older but less than eighteen years of age shall not operate any vessel propelled by a motor of more than ten horsepower unless the person has successfully completed a department-approved watercraft education course and obtained a watercraft education certificate or is accompanied in or on the same vessel by a responsible person of at least eighteen years of age who is experienced in motorboat operation. A person required to have a watercraft education certificate shall carry and shall exhibit or make available the certificate upon request of an officer of the department. A violation of this subsection is a simple misdemeanor as provided in section 462A.13. However, a person charged with violating this subsection shall not be convicted if the person produces in court, within a reasonable time, a watercraft education certificate. The cost of a watercraft education certificate, or any duplicate, shall not exceed five dollars.

7. A person shall not operate watercraft in a manner which unreasonably or unnecessarily interferes with other watercraft or with the free and proper navigation of the waters of the state. Anchoring under bridges, in a heavily traveled channel, in a lock chamber, or near the entrance of a lock constitutes such interference if unreasonable under the prevailing circumstances.

8. A person shall not operate a vessel in violation of restrictions as given by state-approved buoys or signs marking an area.

9. A person shall not operate on the waters of this state under the jurisdiction of the commission a vessel equipped with an engine of greater horsepower rating than is designated for the vessel by the federally required capacity plate or by the manufacturer’s plate on those vessels not covered by federal regulations.

10. A person shall not leave an unattended vessel tied or moored to a dock which is placed immediately adjacent to a public boat launching ramp or to a dock which is posted for loading and unloading.

11. A person shall not operate a vessel within fifty feet of a diver’s flag placed in accordance with the rules of the commission adopted under chapter 17A.

12. A person shall not operate a personal watercraft at any time between sundown and sunup.

13. A person shall not chase or harass animals while operating a personal watercraft or motorboat.

14. A person shall not operate a personal watercraft that is equipped with a cut-off switch, at any time, without first attaching the accompanying cut-off switch lanyard to the operator’s person while the engine is running and the personal watercraft is in use.

15. A person shall not operate a vessel on the waters of this state under the jurisdiction of the commission unless every person on board the vessel who is under thirteen years of age is wearing a type I, II, III, or V personal flotation device, including “float coats” that meet this definition, that is approved by the United States coast guard, while the vessel is under way. This subsection does not apply when the person under thirteen years of age is in an enclosed cabin or below deck, or is a passenger on a commercial vessel with a passenger capacity of twenty-five persons or more.

462A.12A Online watercraft education courses.

1. The department shall develop requirements and standards for online watercraft education courses. Only vendors who have entered into a memorandum of understanding with the department shall be approved by the department to offer an online watercraft education course that upon successful completion is sufficient to result in the issuance of a watercraft education certificate to the person who completes the course.
2. A vendor approved to offer an online watercraft education course as provided in subsection 1 may charge a fee for the course as agreed to in the memorandum of understanding with the department and may also collect the watercraft education certificate fee on behalf of the department as agreed to in the memorandum of understanding.

### 462A.13 Penalty.

1. Any person violating any of the provisions of this chapter, or any of the rules adopted under this chapter, for which another penalty is not otherwise specifically provided, is guilty of a simple misdemeanor.

2. Chapter 232 shall have no application in the prosecution of offenses committed in violation of this chapter or rules and regulations which are adopted under the authority of this chapter which constitute simple misdemeanors.

### 462A.14 Operating a motorboat or sailboat while intoxicated.

1. A person commits the offense of operating a motorboat or sailboat while intoxicated if the person operates a motorboat or sailboat on the navigable waters of this state in any of the following conditions:

   a. While under the influence of an alcoholic beverage or other drug or a combination of such substances.

   b. While having an alcohol concentration of .08 or more.

   c. While any amount of a controlled substance is present in the person, as measured in the person’s blood or urine.

2. A person who violates subsection 1 commits:

   a. A serious misdemeanor for the first offense, punishable by all of the following:

      (1) Imprisonment in the county jail for not less than forty-eight hours, to be served as ordered by the court, less credit for any time the person was confined in a jail or detention facility following arrest. However, the court, in ordering service of the sentence and in its discretion, may accommodate the defendant’s work schedule.

      (2) Assessment of a fine of one thousand dollars. However, in the discretion of the court, if no personal or property injury has resulted from the defendant’s actions, up to five hundred dollars of the fine may be waived. As an alternative to a portion or all of the fine, the court may order the person to perform unpaid community service.

      (3) Prohibition of operation of a motorboat or sailboat for one year, pursuant to court order.

      (4) Assignment to substance abuse evaluation and treatment, pursuant to subsection 12, and a course for drinking drivers.

   b. An aggravated misdemeanor for a second offense, punishable by all of the following:

      (1) Imprisonment in the county jail or community-based correctional facility for not less than seven days.

      (2) Assessment of a fine of not less than one thousand five hundred dollars nor more than five thousand dollars.

      (3) Prohibition of operation of a motorboat or sailboat for two years, pursuant to court order.

      (4) Assignment to substance abuse evaluation and treatment, pursuant to subsections 12 and 13, and a course for drinking drivers.

   c. A class “D” felony for a third offense and each subsequent offense, punishable by all of the following:

      (1) Imprisonment in the county jail for a determinate sentence of not more than one year
but not less than thirty days, or committed to the custody of the director of the department of corrections. A person convicted of a third or subsequent offense may be committed to the custody of the director of the department of corrections, who shall assign the person to a facility pursuant to section 904.513 or the offender may be committed to treatment in the community under the provisions of section 907.13.

(2) Assessment of a fine of not less than two thousand five hundred dollars nor more than seven thousand five hundred dollars.

(3) Prohibition of operation of a motorboat or sailboat for six years, pursuant to court order.

(4) Assignment to substance abuse evaluation and treatment, pursuant to subsections 12 and 13, and a course for drinking drivers.

d. A class “D” felony for any offense under this section resulting in serious injury to persons other than the defendant, if the court determines that the person who committed the offense caused the serious injury, and shall be imprisoned for a determinate sentence of not more than five years but not less than thirty days, or committed to the custody of the director of the department of corrections, and assessed a fine of not less than two thousand five hundred dollars nor more than seven thousand five hundred dollars. A person convicted of a felony offense may be committed to the custody of the director of the department of corrections, who shall assign the person to a facility pursuant to section 904.513. The court shall also order that the person not operate a motorboat or sailboat for one year in addition to any other period of time the defendant would have been ordered not to operate if no injury had occurred in connection with the violation. The court shall also assign the defendant to substance abuse evaluation and treatment pursuant to subsections 12 and 13, and a course for drinking drivers.

e. A class “B” felony for any offense under this section resulting in the death of persons other than the defendant, if the court determines that the person who committed the offense caused the death, and shall be imprisoned for a determinate sentence of not more than twenty-five years, or committed to the custody of the director of the department of corrections. A person convicted of a felony offense may be committed to the custody of the director of the department of corrections, who shall assign the person to a facility pursuant to section 904.513. The court shall also order that the person not operate a motorboat or sailboat for six years. The court shall also assign the defendant to substance abuse evaluation and treatment pursuant to subsections 12 and 13, and a course for drinking drivers.

3. a. Notwithstanding the provisions of sections 901.5 and 907.3, the court shall not defer judgment or sentencing, or suspend execution of any mandatory minimum sentence of incarceration applicable to the defendant under subsection 2, and shall not suspend execution of any other part of a sentence not involving incarceration imposed pursuant to subsection 2, if any of the following apply:

(1) If the defendant’s alcohol concentration established by the results of an analysis of a specimen of the defendant’s blood, breath, or urine withdrawn in accordance with this chapter exceeds .15, regardless of whether or not the alcohol concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the test equals an alcohol concentration of .15 or more.

(2) If the defendant has previously been convicted of a violation of subsection 1 or a statute in another state substantially corresponding to subsection 1.

(3) If the defendant has previously received a deferred judgment or sentence for a violation of subsection 1 or for a violation of a statute in another state substantially corresponding to subsection 1.

(4) If the defendant refused to consent to testing requested in accordance with section 462A.14A.

(5) If the offense under this section results in bodily injury to a person other than the defendant.

b. A minimum term of imprisonment in a county jail or community-based correctional facility imposed on a person convicted of a second or subsequent offense under subsection 2 shall be served on consecutive days. However, if the sentencing court finds that service of the full minimum term on consecutive days would work an undue hardship on the person,
or finds that sufficient jail space is not available and is not reasonably expected to become available within four months after sentencing to incarcerate the person serving the minimum sentence on consecutive days, the court may order the person to serve the minimum term in segments of at least forty-eight hours and to perform a specified number of hours of unpaid community service as deemed appropriate by the sentencing court.

4. In determining if a violation charged is a second or subsequent offense for purposes of criminal sentencing or license or privilege revocation under this section:

a. Any conviction under this section within the previous twelve years shall be counted as a previous offense.

b. Deferred judgments entered pursuant to section 907.3 for violations of this section shall be counted as previous offenses.

c. Convictions or the equivalent of deferred judgments for violations in any other states under statutes substantially corresponding to this section shall be counted as previous offenses. The courts shall judicially notice the statutes of other states which define offenses substantially equivalent to an offense defined in this section and can therefore be considered corresponding statutes. Each previous violation on which conviction or deferral of judgment was entered prior to the date of the violation charged shall be considered and counted as a separate previous offense.

5. A person shall not be convicted and sentenced for more than one violation of this section for actions arising out of the same event or occurrence, even if the event or occurrence involves more than one of the conditions specified in subsection 1. However, a person who refuses a test pursuant to section 462A.14B may be subject to imposition of the penalties under that section in addition to the penalties under this section if the person violates both sections, even though the actions arise out of the same event or occurrence.

6. The clerk of the district court shall immediately certify to the department a true copy of each order entered with respect to deferral of judgment, deferral of sentence, or pronouncement of judgment and sentence for a defendant under this section.

7. a. This section does not apply to a person operating a motorboat or sailboat while under the influence of a drug if the substance was prescribed for the person and was taken under the prescription and in accordance with the directions of a medical practitioner as defined in chapter 155A or if the substance was dispensed by a pharmacist without a prescription pursuant to the rules of the board of pharmacy, if there is no evidence of the consumption of alcohol and the medical practitioner or pharmacist had not directed the person to refrain from operating a motor vehicle, or motorboat or sailboat.

b. When charged with a violation of subsection 1, paragraph “c”, a person may assert, as an affirmative defense, that the controlled substance present in the person’s blood or urine was prescribed or dispensed for the person and was taken in accordance with the directions of a practitioner and the labeling directions of the pharmacy, as that person and place of business are defined in section 155A.3.

8. In any prosecution under this section, evidence of the results of analysis of a specimen of the defendant’s blood, breath, or urine is admissible upon proof of a proper foundation.

a. The alcohol concentration established by the results of an analysis of a specimen of the defendant’s blood, breath, or urine withdrawn within two hours after the defendant was operating or in physical control of a motorboat or sailboat is presumed to be the alcohol concentration at the time of operating or being in physical control of the motorboat or sailboat.

b. The presence of a controlled substance or other drug established by the results of analysis of a specimen of the defendant’s blood or urine withdrawn within two hours after the defendant was operating or in physical control of a motorboat or sailboat is presumed to show the presence of such controlled substance or other drug in the defendant at the time of operating or being in physical control of the motorboat or sailboat.

c. The nationally accepted standards for determining detectable levels of controlled substances in the division of criminal investigation’s initial laboratory screening test for controlled substances adopted by the department of public safety shall be utilized in prosecutions under this section.

9. a. In addition to any fine or penalty imposed under this chapter, the court shall order
a defendant convicted of or receiving a deferred judgment for a violation of this section to make restitution for damages resulting directly from the violation, to the victim, pursuant to chapter 910. An amount paid pursuant to this restitution order shall be credited toward any adverse judgment in a subsequent civil proceeding arising from the same occurrence. However, other than establishing a credit, a restitution proceeding pursuant to this section shall not be given evidentiary or preclusive effect in a subsequent civil proceeding arising from the same occurrence.

b. The court may order restitution paid to any public agency for the costs of the emergency response resulting from the actions constituting a violation of this section, not exceeding five hundred dollars per public agency for each such response. For the purposes of this paragraph, “emergency response” means any incident requiring response by fire fighting, law enforcement, ambulance, medical, or other emergency services. A public agency seeking such restitution shall consult with the county attorney regarding the expenses incurred by the public agency, and the county attorney may include the expenses in the statement of pecuniary damages pursuant to section 910.3.

d. In any proceeding under this section, the results of a chemical test shall not be used to prove a violation of subsection 1, paragraph “b” or paragraph “c”, if the alcohol, controlled substance, or other drug concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the chemical test does not equal or exceed the level prohibited by subsection 1.

e. This section does not limit the introduction of any competent evidence bearing on the question of whether a person was under the influence of an alcoholic beverage or a controlled substance or other drug, including the results of chemical tests of specimens of blood, breath, or urine obtained more than two hours after the person was operating a motorboat or sailboat.

12. a. All substance abuse evaluations required under this section shall be completed at the defendant’s expense.

b. In addition to assignment to substance abuse evaluation and treatment under this section, the court shall order any defendant convicted under this section to follow the recommendations proposed in the substance abuse evaluation for appropriate substance abuse treatment for the defendant. Court-ordered substance abuse treatment is subject to the periodic reporting requirements of section 125.86.

c. If a defendant is committed by the court to a substance abuse treatment facility, the administrator of the facility shall report to the court when it is determined that the defendant has received the maximum benefit of treatment at the facility and the defendant shall be released from the facility. The time for which the defendant is committed for treatment shall be credited against the defendant’s sentence.

d. The court may prescribe the length of time for the evaluation and treatment or the court may request that the community college or licensed substance abuse program conducting the course for drinking drivers which the defendant is ordered to attend or the treatment program to which the defendant is committed immediately report to the court when the defendant has received maximum benefit from the course for drinking drivers or treatment program or has recovered from the defendant’s addiction, dependency, or tendency to chronically abuse alcohol or drugs.

e. Upon successfully completing a course for drinking drivers or an ordered substance abuse treatment program, a court may place the defendant on probation for six months and as a condition of probation, the defendant shall attend a program providing posttreatment services relating to substance abuse as approved by the court.

f. A defendant committed under this section who does not possess sufficient income or estate to make payment of the costs of the treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125.44.

12. g. A defendant who fails to carry out the order of the court shall be confined in the county jail for twenty days in addition to any other imprisonment ordered by the court or may be ordered to perform unpaid community service work, and shall be placed on probation for one year with a violation of this probation punishable as contempt of court.

h. In addition to any other condition of probation, the defendant shall attend a program providing substance abuse prevention services or posttreatment services related to substance
§462A.14A IMPLIED CONSENT TO TEST.

1. A person who operates a motorboat or sailboat on the navigable waters in this state under circumstances which give reasonable grounds to believe that the person has been operating a motorboat or sailboat in violation of section 462A.14 is deemed to have given consent to the withdrawal of specimens of the person's blood, breath, or urine and to a chemical test or tests of the specimens for the purpose of determining the alcohol concentration or presence of controlled substances or other drugs, subject to this section.

2. a. If a peace officer has reasonable grounds to believe that any of the following has occurred, the peace officer may request that the motorboat or sailboat operator provide a sample of the operator's breath for a preliminary screening test using a device approved by the commissioner of public safety for that purpose:

   (1) The motorboat or sailboat operator may be violating or has violated section 462A.14.
   (2) The motorboat or sailboat has been involved in an accident resulting in injury or death.
   (3) The motorboat or sailboat operator is or has been operating carelessly or recklessly, in violation of section 462A.12.

b. The results of this preliminary screening test may be used for the purpose of deciding whether an arrest should be made or whether to request a chemical test authorized in this chapter, but shall not be used in any court action except to prove that a chemical test was properly requested of a person pursuant to this section.

c. The withdrawal of the body substances and the test or tests shall be administered at the written request of a peace officer having reasonable grounds to believe that the person was operating a motorboat or sailboat in violation of section 462A.14, and if any of the following conditions exist:

   a. A peace officer has lawfully placed the person under arrest for violation of section 462A.14.
   b. The motorboat or sailboat has been involved in an occurrence resulting in personal injury or death.
   c. The person has refused to take a preliminary breath screening test provided by this chapter.
   d. The preliminary breath screening test was administered and it indicated an alcohol concentration equal to or in excess of the level prohibited by section 462A.14.
   e. The preliminary breath screening test was administered and it indicated an alcohol concentration of less than the level prohibited under section 462A.14, and the peace officer
has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol or a combination of alcohol and another drug.

4. a. The peace officer shall determine which of the three substances, breath, blood, or urine, shall be tested.

   b. If the peace officer fails to offer a test within two hours after the preliminary screening test is administered or refused, or the arrest is made, whichever occurs first, a test is not required, and there shall be no suspension of motorboat or sailboat operation privileges.

   c. Refusal to submit to a chemical test of urine or breath is deemed a refusal to submit, and the peace officer shall inform the person that the person’s refusal will result in the suspension of the person’s privilege to operate a motorboat or sailboat.

   d. Refusal to submit to a chemical test of blood is not deemed a refusal to submit, but in that case, the peace officer shall then determine which one of the other two substances shall be tested and shall offer the test.

   e. Notwithstanding paragraphs “a” through “d”, if the peace officer has reasonable grounds to believe that the person was under the influence of a drug other than alcohol, or a combination of alcohol and another drug, a urine test may be required even after a blood or breath test has been administered.

   f. A person who is dead, unconscious, or otherwise in a condition rendering the person incapable of consent or refusal is deemed not to have withdrawn the consent provided by this section, and the test may be given if a licensed physician certifies in advance of the test that the person is dead, unconscious, or otherwise in a condition rendering that person incapable of consent or refusal.

   g. A person who has been requested to submit to a chemical test shall be advised by a peace officer of the following:

      (1) A refusal to submit to the test is punishable by a mandatory civil penalty of five hundred to two thousand dollars, and suspension of motorboat or sailboat operating privileges for at least a year. In addition, if the person is also convicted of operating a motorboat or sailboat while intoxicated, the person shall be subject to additional penalties.

      (2) If the person submits to the test and the results indicate an alcohol concentration equal to or in excess of the level prohibited under section 462A.14 and the person is convicted, the person’s motorboat or sailboat operating privileges will be suspended for at least one year and up to six years, depending upon how many previous convictions the person has under this chapter, and whether or not the person has caused serious injury or death, in addition to any sentence and fine imposed for a violation of section 462A.14.

5. Refusal to submit to a test under this section does not prohibit the withdrawal of a specimen for chemical testing if a motorboat or sailboat has been involved in an accident resulting in death or serious bodily injury, if the peace officer has reasonable grounds to believe that the operator of the motorboat or sailboat was violating section 462A.14 at the time of the accident, and the peace officer has obtained, in compliance with chapter 808 or according to the procedure in section 462A.14D, a search warrant permitting the withdrawal of a specimen for chemical testing. The act of any person knowingly resisting or obstructing the withdrawal of a specimen pursuant to a search warrant issued under this section constitutes a contempt punishable by a fine not exceeding one thousand dollars or imprisonment in a county jail not exceeding one year or by both such fine and imprisonment, and further constitutes a refusal to submit, punishable under this section.

6. Only a licensed physician, licensed physician assistant as defined in section 148C.1, medical technologist, or registered nurse, acting at the request of a peace officer, may withdraw a specimen of blood for the purpose of determining the alcohol concentration or the presence of a controlled substance or other drugs. However, any peace officer, using devices and methods approved by the commissioner of public safety, may take a specimen of a person’s breath or urine for the purpose of determining the alcohol concentration or the presence of drugs. Only new equipment kept under strictly sanitary and sterile conditions shall be used for drawing blood. Medical personnel who use reasonable care and accepted medical practices in withdrawing blood specimens are immune from liability for their actions in complying with requests made of them pursuant to this section.

7. The person may have an independent chemical test or tests administered at the person’s
own expense in addition to any administered at the direction of a peace officer. The failure or inability of the person to obtain an independent chemical test or tests does not preclude the admission of evidence of the results of the test or tests administered at the direction of the peace officer. Upon the request of the person who is tested, the results of the test or tests administered at the direction of the peace officer shall be made available to the person.

8. In any prosecution under section 462A.14, evidence of the results of analysis of a specimen of the defendant's blood, breath, or urine is admissible upon proof of a proper foundation. The alcohol concentration established by the results of an analysis of a specimen of the defendant's blood, breath, or urine withdrawn within two hours after the defendant was operating or was otherwise in physical control of a motorboat or sailboat is presumed to be the alcohol concentration at the time of operation or being in physical control of the motorboat or sailboat. If a person refuses to submit to a chemical test, proof of refusal is admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person was operating a motorboat or sailboat in violation of section 462A.14. This section does not limit the introduction of any competent evidence bearing on the question of whether a person was under the influence of an alcoholic beverage or a controlled substance or other drug, including the results of chemical tests of specimens of blood, breath, or urine obtained more than two hours after the person was operating a motorboat or sailboat.

462A.14B Refusal to submit — penalty.
1. If a person refuses to submit to the chemical testing, a test shall not be given unless the procedure in section 462A.14D is invoked. However, if the person refuses the test, the person shall be punishable by the court according to this section.
2. The court, upon finding that the officer had reasonable ground to believe the person to have been operating a motorboat or sailboat in violation of section 462A.14, that specified conditions existed for chemical testing pursuant to section 462A.14A, and that the person refused to submit to the chemical testing, shall:
   a. Order that the person shall not operate a motorboat or sailboat for one year.
   b. Impose a mandatory civil penalty as follows:
      (1) For a first refusal under this section, five hundred dollars.
      (2) For a second refusal under this section, one thousand dollars.
      (3) For a third or subsequent refusal under this section, two thousand dollars.
3. If the person does not pay the civil penalty by the time the one-year order not to operate expires, the court shall extend the order not to operate a motorboat or sailboat for an additional year, and may also impose penalties for contempt.
4. The court shall not defer judgment or sentencing, or suspend execution of any order or fine applicable under this section.
5. The penalties imposed by this section shall apply in addition to any penalties imposed under section 462A.14, except that the one-year period under the order not to operate a motorboat or sailboat under this section shall be imposed and run concurrently with any period of time a defendant is ordered not to operate a motorboat or sailboat under section 462A.14.

462A.14C Statement of officer.
1. A person who has been requested to submit to a chemical test shall be advised by a peace officer of the following:
   a. A refusal to submit to the test is punishable by a mandatory civil penalty of five hundred to two thousand dollars, and suspension of motorboat or sailboat operating privileges for at least a year. In addition, if the person is also convicted of operating a motorboat or sailboat while intoxicated, the person shall be subject to additional penalties.
   b. If the person submits to the test and the results indicate the presence of a controlled
substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 462A.14, the person's privilege to operate a motorboat or sailboat will be prohibited for at least one year, and up to six years.

2. This section does not apply in any case involving a person described in section 462A.14A, subsection 4, paragraph “f”.

3. If a person refuses to submit to a chemical test, proof of refusal is admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person was operating a motorboat or sailboat in violation of section 462A.14.

### 462A.14D Tests pursuant to warrants.

1. Refusal to consent to a test under section 462A.14A does not prohibit the withdrawal of a specimen for chemical testing pursuant to a search warrant issued in the investigation of a suspected violation of section 462A.14 if all of the following grounds exist:
   a. An accident has resulted in a death or personal injury reasonably likely to cause death.
   b. There are reasonable grounds to believe that one or more of the persons whose operation of a motorboat or sailboat may have been the proximate cause of the accident was violating section 462A.14 at the time of the accident.

2. Search warrants may be issued under this section in full compliance with chapter 808 or search warrants may be issued under subsection 3.

3. Notwithstanding section 808.3, the issuance of a search warrant under this section may be based upon sworn oral testimony communicated by telephone if the magistrate who is asked to issue the warrant is satisfied that the circumstances make it reasonable to dispense with a written affidavit. The following shall then apply:
   a. When a caller applies for the issuance of a warrant under this section and the magistrate becomes aware of the purpose of the call, the magistrate shall place under oath the person applying for the warrant.
   b. The person applying for the warrant shall prepare a duplicate warrant and read the duplicate warrant, verbatim, to the magistrate who shall enter, verbatim, what is read to the magistrate on a form that will be considered the original warrant. The magistrate may direct that the warrant be modified.
   c. The oral application testimony shall set forth facts and information tending to establish the existence of the grounds for the warrant and shall describe with a reasonable degree of specificity the person or persons whose operation of a motorboat or sailboat is believed to have been the proximate cause of the accident and from whom a specimen is to be withdrawn and the location where the withdrawal of the specimen or specimens is to take place.
   d. If a voice recording device is available, the magistrate may record by means of that device all of the call after the magistrate becomes aware of the purpose of the call. Otherwise, the magistrate shall cause a stenographic or longhand memorandum to be made of the oral testimony of the person applying for the warrant.
   e. If the magistrate is satisfied from the oral testimony that the grounds for the warrant exist or that there is probable cause to believe that they exist, the magistrate shall order the issuance of the warrant by directing the person applying for the warrant to sign the magistrate's name on the duplicate warrant. The magistrate shall immediately sign the original warrant and enter on its face the exact time when the issuance was ordered.
   f. The person who executes the warrant shall enter the time of execution on the face of the duplicate warrant.
   g. The magistrate shall cause any record of the call made by means of a voice recording device to be transcribed, shall certify the accuracy of the transcript, and shall file the transcript and the original record with the clerk. If a stenographic or longhand memorandum was made of the oral testimony of the person who applied for the warrant, the magistrate shall file a signed copy with the clerk.
   h. The clerk of court shall maintain the original and duplicate warrants along with the record of the telephone call and any transcript or memorandum made of the call in a confidential file until a charge, if any, is filed.
4. a. Search warrants issued under this section shall authorize and direct peace officers to secure the withdrawal of blood specimens by medical personnel under section 462A.14A. Reasonable care shall be exercised to ensure the health and safety of the persons from whom specimens are withdrawn in execution of the warrant.

b. If a person from whom a specimen is to be withdrawn objects to the withdrawal of blood, the warrant may be executed as follows:

(1) If the person is capable of giving a specimen of breath, and a direct breath testing instrument is readily available, the warrant may be executed by the withdrawal of a specimen of breath for chemical testing, unless the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.

(2) If the testimony in support of the warrant sets forth facts and information that the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a urine sample shall be collected in lieu of a blood sample, if the person is capable of giving a urine sample and the sample can be collected without the need to physically compel the execution of the warrant.

5. The act of any person knowingly resisting or obstructing the withdrawal of a specimen pursuant to a search warrant issued under section 462A.14D constitutes contempt punishable as provided in that section and further constitutes a refusal to submit. Also, if the withdrawal of a specimen is so resisted or obstructed, section 462A.14A applies.

6. Nonsubstantive variances between the contents of the original and duplicate warrants shall not cause a warrant issued under subsection 3 to be considered invalid.

7. Specimens obtained pursuant to warrants issued under this section are not subject to disposition under section 808.9 or chapter 809 or 809A.

8. Subsections 3 to 7 of this section do not apply where a test may be administered under section 462A.14A, subsection 4, paragraph “f”.

9. Medical personnel who use reasonable care and accepted medical practices in withdrawing blood specimens are immune from liability for their actions in complying with requests made of them pursuant to search warrants or pursuant to section 462A.14A.

1. The commission may authorize the holding of regattas, motorboat or other boat races, marine parades, tournaments, or exhibitions on any waters of this state under the jurisdiction of the commission. The commission shall adopt and may, from time to time, amend regulations concerning the safety of vessels and persons, either observers or participants. If a regatta, motorboat or other boat race, marine parade, tournament, or exhibition is proposed to be held, the person in charge thereof shall file an application with the commission for permission to hold such regatta, motorboat or other boat race, marine parade, tournament, or exhibition. The application shall set forth the date, time, and location where it is proposed to hold such regatta, motorboat or other boat race, marine parade, tournament, or exhibition and it shall not be conducted without written authorization of the commission.

2. The provisions of this section shall not exempt any person from compliance with applicable federal law or regulation, but nothing contained herein shall be construed to require the securing of a state permit under this section if a permit therefor has been obtained from an authorized agency having jurisdiction of the waters where such regatta, race, marine parade, tournament, or exhibition is being conducted.

Such ordinances or local law are operative only so long as they are not inconsistent with this chapter or the rules adopted by the commission.

2. Any subdivision of this state may, but only after public notice thereof by publication in a newspaper having a general circulation in such subdivision, make formal application to the commission for special rules and regulations concerning the operation of vessels on any waters within its territorial limits and shall set forth therein the reasons which make such special rules or regulations necessary or appropriate.

3. The commission, upon application of local authorities, may make special rules in conformity with this chapter, concerning the operation of vessels on any waters of this state under the jurisdiction of the commission within the territorial limits of any subdivision of this state. Special rules shall only be adopted upon a finding by the commission that the rules are necessary to carry out the policies and purposes of this chapter due to special conditions with regard to a particular body of water and that the special rules provide greater protection to the public health, safety, and welfare than the rules of general application.

§462A.20 Boat inspection.  
1. A vessel either for hire or offered for hire upon any waters of this state under the jurisdiction of the commission may be inspected at any time by representatives of the commission or by any peace officer who is trained in enforcing, and who in the regular course of duty enforces, boating and navigation laws.

2. Officers appointed by the commission or any peace officer who is trained in enforcing, and who in the regular course of duty enforces, boating and navigation laws shall have the power and authority to determine whether such vessel is safe for the transportation of passengers or cargo and upon what waters it may be used. They may determine and designate the number of passengers or cargo, including crew, that may be carried and determine whether the machinery, equipment, and all appurtences are such as to make the vessel seaworthy, where used, and such other matters as are pertinent.

3. Private vessels may also be inspected to determine their seaworthiness at any time by representatives of the commission or by any peace officer who is trained in enforcing, and who in the regular course of duty enforces, boating and navigation laws.

§462A.23 Suspension or revocation.  
1. Any officer appointed by the commission may, for cause, temporarily suspend the registration certificate of any vessel that has been issued under this chapter, and the commission, after a due hearing on the matter at its next session, shall make final determination in the matter.

2. The commission shall forthwith revoke the registration certificate of any vessel and the owner’s or operator’s privilege to operate a vessel for hire or commercial vessel, upon receiving a record of such owner or operator’s conviction of any of the following offenses, when such conviction has become final:

   a. Manslaughter resulting from the operation of a vessel.

   b. Operating a motorboat or sailboat while intoxicated, or manipulating water skis, a surfboard, or a similar device while in an intoxicated condition or under the influence of a narcotic drug.

   c. Failure to stop and render aid as required by this chapter when an occurrence involving a vessel results in the death or personal injury of another.

   d. Perjury or the making of a false affidavit or statement under oath to the commission under this chapter relating to the ownership or operation of a vessel.

3. The commission is hereby authorized to suspend the registration certificate of any vessel and the owner’s or operator’s privilege to operate a vessel for hire or commercial vessel upon a showing by its records that the owner or operator:

   a. Has committed an offense for which mandatory revocation of the registration certificate or of the privilege to operate a vessel for hire or commercial vessel is required upon conviction.

   b. Is a habitual reckless or negligent operator of a vessel for hire or commercial vessel.

   c. Is incompetent to operate a vessel for hire or commercial vessel.
d. Has permitted an unlawful or fraudulent use of such registration certificate.
4. The commission is hereby authorized to suspend or revoke the certificate of registration of a vessel registered under the provisions of this chapter when:
   a. It is satisfied that such registration certificate was fraudulently or erroneously obtained.
   b. It determines that a registered vessel is unsafe to be operated on waters of the state under the jurisdiction of the commission.
   c. A registered vessel has been abandoned or wrecked.
   d. Identification numbers are knowingly displayed on a vessel other than the one to which assigned.
5. Upon revocation of any registration certificate, the commission shall notify the county recorder who issued the same, who shall immediately enter the revocation upon the recorder’s records.
6. The commission is hereby authorized to suspend or revoke the special certificate of any manufacturer or dealer when it is satisfied that:
   a. Such special certificate was fraudulently or erroneously obtained.
   b. Such special certificate is being used in violation of the provisions of this chapter or the rules and regulations of the commission.
   c. Such manufacturer or dealer is violating any of the provisions of this chapter or the rules and regulations of the commission.

462A.26 Right-of-way rules — speed and distance rules — zoning water areas.
1. Vessel traffic shall be governed by the following rules:
   a. Passing from rear — keep to the operator’s left.
   b. Passing head on — keep to the operator’s right.
   c. Passing at right angles — vessel at the right has the right-of-way.
   d. Manually propelled vessels have the right-of-way over all other vessels.
   e. Sailboats have the right-of-way over all motor driven vessels. Motorboats, when meeting or overtaking sailboats, shall always pass on the leeward side.
   f. Any vessel backing from a landing has the right-of-way over incoming vessels.
   g. When necessary to protect the public health, safety, and welfare due to the physical
nature and characteristics of any waters under the jurisdiction of the commission, the commission may promulgate further rules governing vessel traffic on such waters.

2. The commission may adopt rules governing all activities on waters and ice of this state under the jurisdiction of the commission, including impoundments constructed by or in cooperation with the federal government, when necessary and desirable to permit appropriate utilization of specific water areas, consistent with section 462A.3. The rules may include rules relating to the following:
   a. Zoning as to area, activity, vessel, or vehicle, speed, and time of day during which specified activities are permitted.
   b. Horsepower, size, and types of vessels and vehicles which may be operated.
   c. Safety precautions and practices required.

3. Except as provided in special rules promulgated under this chapter, the following speed and distance regulations apply:
   a. On all waters under the jurisdiction of the commission:
      1. A motorboat shall not be operated at speeds greater than five miles per hour when within one hundred feet of another craft traveling at five miles per hour or less.
      2. Motorboats shall maintain a minimum passing or meeting distance of fifty feet when both boats are traveling at speeds greater than five miles per hour.
      3. A motorboat shall not be operated at a speed exceeding ten miles per hour unless vision is unobstructed at least two hundred feet ahead.
   b. On all inland lakes and federal impoundments under the jurisdiction of the commission, a motorboat shall not be operated within three hundred feet of shore at a speed greater than ten miles per hour.

462A.27A Dock requirements — exemptions.
1. A dock in a boat harbor located on the Cedar river in a city with a population of more than one hundred twenty-five thousand located in a county with a population of more than two hundred thousand is exempt from all dock requirements of the department of natural resources if the dock is in compliance with local city regulations for a dock in such a boat harbor except as provided in subsection 2.

2. A dock in a boat harbor located on the Cedar river in a city with a population of more than one hundred twenty-five thousand located in a county with a population of more than two hundred thousand that meets the requirements of subsection 1 and that uses containers as dock flotation devices that were not originally manufactured as dock flotation devices, may continue to use such containers as dock flotation devices if the containers were in use on or before April 10, 2010. At the time that such containers are replaced, the replacement dock flotation devices shall be dock flotation devices that comply with the rules of the department of natural resources. However, if the ownership of the dock is transferred, the new owner
shall have six months from the date of transfer to replace such containers with dock flotation devices that comply with the rules of the department of natural resources.

462A.30 Aircraft restriction.  
It is unlawful for any aircraft to make use of the inland lakes of the state, except in the transportation of persons or property between points separated by a distance of thirty miles or more. However, this section does not prohibit the use of such waters by any aircraft in danger or distress or the use of such waters by the operators of private aircraft, not operated for hire. In addition, the commission may, on the recommendation of the state department of transportation, designate certain areas on inland lakes of the state where seaplane flight instruction may be conducted under such conditions as may be adopted by the commission and the state department of transportation.

462A.31 Artificial lakes.  
1. Except as provided in rules adopted under this chapter, a motorboat shall not be permitted on any artificial lake under the jurisdiction of the commission except the following:  
   a. A motorboat equipped with one or more outboard battery operated electric trolling motors.  
   b. A motorboat equipped with any power unit mounted or carried aboard the vessel may be operated at a no-wake speed on all artificial lakes of more than one hundred acres in size under the custody of the department. However, on lake Macbride, a motorboat with a power unit exceeding ten horsepower may be operated only when permitted by rule and the rule shall not authorize such use during the period beginning on the Friday before Memorial Day and ending on Labor Day inclusively. This paragraph does not limit motorboat horsepower on natural lakes under the custody of the department or limit the department’s authority to establish special speed zoning regulations.  
2. All privately owned vessels on artificial lakes under the jurisdiction of the commission shall be kept at locations designated by the commission.  
3. All privately owned vessels, used on or kept at the artificial lakes under the jurisdiction of the commission, shall be seaworthy for the waters where they are kept and used. All such vessels shall be removed from state property whenever ordered by the commission, and, in any event, shall be removed from such property not later than December 15 of each year.  
4. Upon construction of an artificial lake by a political subdivision of this state, the subdivision may, after publication in a newspaper of general circulation in the subdivision, make formal application to the commission for special rules relating to the operation of
watercraft on the lake, and shall set forth therein the reasons which make such special rules necessary or appropriate. The commission may promulgate the special rules as provided in this chapter, concerning the operation of watercraft on a lake constructed and maintained by a subdivision of this state. Such special rules may include the following:

a. Zoning by area and time to regulate navigation and other types of activity.
b. Regulating the horsepower, size and type of watercraft.
5. As provided in section 350.5, county conservation boards may make regulations concerning horsepower limits and no-wake speeds on artificial lakes under their jurisdiction, except for state-owned artificial lakes managed by a county conservation board under a management agreement.

1. No private buoy shall be maintained in the waters of this state under the jurisdiction of the commission except as specified by the rules of the commission.
2. No other obstruction of any kind shall be maintained in the waters of this state under the jurisdiction of the commission without first receiving permission from the commission to maintain such obstruction.
3. It is unlawful to tamper with, move or attempt to move or, except in an emergency, moor a vessel to any waterway marker or state-approved buoy or sign.
4. No boat shall be anchored away from the shore and left unguarded unless it is attached to a legal buoy.

### 462A.33 Driving over ice.

1. A person operating a craft or vehicle propelled by sail or by machinery in whole or in part shall not operate the craft or vehicle on the surface of ice on the lakes and streams of this state including but not limited to boundary streams and lakes unless the commission issues the person a permit.
2. Subsection 1 does not apply to automobiles, motorcycles, or trucks registered under chapter 321; snowmobiles registered under chapter 321G; or all-terrain vehicles, off-road motorcycles, or off-road utility vehicles registered under chapter 321I, when any of those vehicles are used without endangering public safety.
3. Except when authorized by a permit for a special event, persons shall not operate automobiles, motorcycles, trucks, all-terrain vehicles, off-road motorcycles, or off-road utility vehicles on the ice of waters under the jurisdiction of the commission at a rate of speed greater than is reasonable or proper under all existing circumstances.
4. A permit issued by the commission pursuant to this section may be suspended or revoked by the commission if a craft or vehicle is operated in a careless manner which endangers others.

462A.34A Vehicles prohibited in streambed.
1. Except as provided in subsection 2, a person shall not operate a motor vehicle in any of the following:
   a. Any portion of a meandered stream.
   b. Any portion of the bed of a nonmeandered stream which has been identified as a navigable stream or river by rule adopted by the department and which is covered by water.
   c. Any portion of a stream identified as a trout stream by the department.
2. This section does not prohibit the use of ford crossings of public or private roads or any other ford crossing when used for agricultural purposes, the operation of construction vehicles engaged in lawful construction, repair, or maintenance in a streambed, or the operation of motor vehicles on ice.
3. The department of natural resources shall adopt rules identifying the navigable streams and rivers in which a motor vehicle may be operated. The department may exempt participants of organized special events from this section where the organized special event is approved by a state or local authority.
4. As used in this section, “motor vehicle” means a motor vehicle as defined in section 321.1, subsection 42.

462A.34B Eluding or attempting to elude pursuing law enforcement vessel — penalty.
1. The operator of a vessel commits a serious misdemeanor if the operator willfully fails to bring the vessel to a stop or otherwise eludes or attempts to elude an authorized marked law enforcement vessel operated by a uniformed peace officer or by a water patrol officer of the department of natural resources, after being given a visual and audible signal to stop. The signals given by the officer shall be by displaying a blue light or flashing blue and red lights and by sounding a horn or siren.
2. The operator of a vessel commits an aggravated misdemeanor if the operator willfully fails to bring the vessel to a stop or otherwise eludes or attempts to elude an authorized marked law enforcement vessel operated by a uniformed peace officer or by a water patrol officer of the department of natural resources, after being given a visual and audible signal to stop as provided in this section and in doing so exceeds a reasonable speed.
3. The operator of a vessel commits a class “D” felony if the operator willfully fails to bring the vessel to a stop or otherwise eludes or attempts to elude an authorized marked law enforcement vessel operated by a uniformed peace officer or by a water patrol officer of the department of natural resources, after being given a visual and audible signal to stop as provided in this section, and in doing so exceeds a reasonable speed, and if any of the following occurs:
   a. The operator is participating in a public offense, as defined in section 702.13, that is a felony.
   b. The operator is in violation of section 462A.14 or 124.401.
   c. The offense results in bodily injury to a person other than the operator.

SUBCHAPTER II
VEssel REGISTRATION REGULATIONS

§462A.35 Special certificate for manufacturer or dealer.
A manufacturer or dealer owning, storing, repairing, or altering a vessel required to be registered under this chapter may operate the vessel for purposes of transporting, testing, demonstrating, or selling the vessel without registering each such vessel, provided that any such vessel displays thereon a special certificate issued to the manufacturer or dealer as provided in this chapter. This special certificate shall not be used for any vessel offered for hire or for any work or service vessels owned by a manufacturer or dealer.

§462A.36 Fee for special certificate — minimum requirements for issuance.
1. Any manufacturer or dealer may, upon payment of a fee of fifteen dollars, make application to the commission, upon such forms as the commission prescribes, for a special certificate containing a general distinguishing number and for one or more duplicate special certificates. The applicant shall submit such reasonable proof of the applicant’s status as a bona fide manufacturer or dealer as the commission may require.

2. The commission may adopt rules consistent with this chapter establishing minimum requirements for a dealer or manufacturer to be issued a special certificate. In adopting such rules the department shall consider the need to protect persons, property, and the environment, and to promote uniform practices relating to the sale and use of vessels. The commission may also adopt rules providing for the suspension or revocation of a dealer’s or manufacturer’s special certificate issued pursuant to this section.

C93, §462A.45
462A.46 Purchase of registered vessel by dealer.
Whenever a dealer purchases or otherwise acquires a vessel registered in this state, the
dealer shall issue a signed receipt to the previous owner, indicating the date of purchase or
acquisition, the name and address of such previous owner, and the registration number of
the vessel purchased or acquired.
[C71, 73, 75, 77, 79, 81, §106.46]
C93, §462A.46
2012 Acts, ch 1100, §63

462A.47 Transfer to dealer.
Nothing in this section shall prohibit a dealer from obtaining a new registration and transfer
of registration in the same manner as other purchasers.
[C71, 73, 75, 77, 79, 81, §106.47]
C93, §462A.47

462A.48 Sales by manufacturer or dealer.
Upon the sale of a vessel by a manufacturer or dealer, the purchaser shall, within thirty days
of the purchase, make application for registration and the purchaser may operate the vessel
without its individual identification number thereon for a period of not more than thirty-five
days after the purchase date, provided that during such period the vessel shall have attached
thereto, in accordance with the provisions of this chapter, a pasteboard card bearing the
words “registration applied for” and the special certificate number of the dealer from whom
the vessel was purchased together with the date of purchase plainly stamped or stenciled
thereon.

C93, §462A.51
Referred to in §331.602

462A.52 Fees remitted to commission.
1. A county recorder shall remit to the commission all fees collected by the recorder
through a process determined by the department. All fees collected for the registration
of vessels shall be forwarded by the commission to the treasurer of the state, who shall
place the money in the state fish and game protection fund. The money so collected is
appropriated to the commission solely for the administration and enforcement of navigation laws and water safety.

2. Notwithstanding subsection 1, any increase in revenues received on or after July 1, 2007, but on or before June 30, 2023, pursuant to this section as a result of fee increases pursuant to 2005 Iowa Acts, ch. 137, shall be used by the commission only for the administration and enforcement of programs to control aquatic invasive species and for the administration and enforcement of navigation laws and water safety upon the inland waters of this state and shall be used in addition to funds already being expended by the commission each year for these purposes. The commission shall not reduce the amount of other funds being expended on an annual basis for these purposes as of July 1, 2005, during the period of the appropriation provided for in this subsection.

3. The commission shall submit a written report to the general assembly by December 31, 2007, and by December 31 of each year thereafter through December 31, 2023, summarizing the activities of the department in administering and enforcing programs to control aquatic invasive species and administering and enforcing navigation laws and water safety upon the inland waters of the state. The report shall include information concerning the amount of revenues collected pursuant to this section as a result of fee increases pursuant to 2005 Iowa Acts, ch. 137, and how the revenues were expended. The report shall also include information concerning the amount and source of all other funds expended by the commission during the year for the purposes of administering and enforcing programs to control aquatic invasive species and administering and enforcing navigation laws and water safety upon the inland waters of the state and how the funds were expended.

C93, §462A.54
Referred to in §331.692

### 462A.55 Sales or use tax to be paid before registration.

No vessel shall be registered by the county recorder until there has been presented to the recorder receipts, bills of sale, or other satisfactory evidence that the sales or use tax has been paid for the purchase of the vessel. If the owner of the vessel is unable to present satisfactory evidence that the sales or use tax has been paid, the county recorder shall collect the tax. On or before the tenth day of each month, the county recorder shall remit to the department of revenue the amount of the taxes so collected during the preceding month, together with an itemized statement on forms furnished by the department of revenue showing the name of each taxpayer, the make and purchase price of each vessel and motor, the amount of tax paid, and such other information as the department of revenue shall require.

462A.66 Inspection authority.
An officer of the commission or any peace officer who is trained in enforcing, and who in the regular course of duty enforces, boating and navigation laws may stop and inspect a vessel being launched, being operated, or being moored on the waters of this state under the jurisdiction of the commission to determine whether the vessel is properly registered, numbered, and equipped as provided under this chapter and rules of the commission. An officer may board a vessel in the course of an inspection if the operator is unable to supply visual evidence that the vessel is properly registered and equipped as required by this chapter and rules of the commission. The inspection shall not include an inspection of an area that is not essential to determine compliance with the provisions of this chapter and rules of the commission.

462A.67 Inspection deficiency order.
If after performing an inspection the officer determines that the vessel is not properly registered, numbered, or equipped, the officer may issue an inspection deficiency order or citation to the operator of the vessel. The inspection deficiency order may indicate any deficiencies found to exist during the inspection and shall direct the owner or operator of the vessel to properly register or number the vessel or have equipment repairs or replacements made and return a copy of the inspection deficiency order with proof of compliance with the registration, numbering, or equipment requirements to the commission within fourteen days. If such proof is not provided within fourteen days, the owner or operator is in violation of this chapter.

462A.70 Hull identification, capacity plates, warning labels.
1. Altering or changing numbers on plates.
   a. A person shall not with fraudulent intent, deface, destroy, or alter the hull identification number, capacity plate, or any other plate, warning label, or instrument required by state or federal law on a vessel or component part nor shall a person place or stamp a hull identification number, capacity plate, or any other warning label or instrument upon a vessel or component part except one assigned thereto by state or federal law.
   b. This section does not prohibit the restoration of an original hull identification number, capacity plate, or any other original plate, warning label, or instrument required by state or federal law when the restoration is made by the commission nor prevent a manufacturer from placing in the ordinary course of business numbers, plates, or marks upon vessels or component parts.
2. **Test to determine true number or plate.** When it appears that a hull identification number, capacity plate, or any other plate, warning label, or instrument required by state or federal law has been altered, defaced, or tampered with, a peace officer or inspector employed by the commission or any other person acting under the direction of a peace officer or inspector, may apply any recognized process or test to the vessel or part containing such number or plate for the purpose of determining the true number or plate content.

3. **Right of inspection.** Peace officers or examiners employed by the commission may inspect any vessel or component part in possession of any person or found upon the waters of this state under the jurisdiction of the commission or in a public mooring or storage area or enclosure in which vessels or component parts are kept for sale, storage, hire, or repair and to determine vessel or component part identification may board the vessel or enter the public mooring or storage area or enclosure.

4. **Penalty.** A person who is convicted of a violation of any of the provisions of this section or rules adopted under this section by the commission is guilty of a class “D” felony.

**SUBCHAPTER III**

**VESSEL CERTIFICATES OF TITLE**

462A.77 **Owner’s certificate of title — in general.**

1. Except as provided in subsection 3, an owner of a vessel seventeen feet or longer in length principally used on the waters of the state and to be numbered pursuant to section 462A.4 shall apply to the county recorder of the county in which the owner resides for a certificate of title for the vessel. The requirement of a certificate of title does not apply to canoes, kayaks, or inflatable vessels regardless of length.

2. Each certificate of title shall contain the information and shall be issued in a form the department prescribes.

3. a. A person who, on January 1, 1988, is the owner of a vessel seventeen feet or longer in length with a valid certificate of number issued by the state is not required to file an application for a certificate of title for the vessel. A person who, on or after January 1, 1988, purchases a vessel seventeen feet or longer in length which was registered with a valid certificate of number issued by this state before January 1, 1988, shall obtain a certificate of title for the vessel.

   b. A person who is the owner of a vessel that is documented with the United States coast guard is not required to file an application for a certificate of title for the vessel and the vessel is exempt from the requirements of section 462A.82, subsections 1 and 2, and section 462A.84.

4. Every owner of a vessel subject to titling under this chapter shall apply to the county recorder for issuance of a certificate of title for the vessel within thirty days after acquisition. The application shall be on forms the department prescribes, and accompanied by the required fee. The application shall be signed and shall include a certification signed in writing containing substantially the representation that statements made are true and correct to the best of the applicant’s knowledge, information, and belief, under penalty of perjury. The application shall contain the date of sale and gross price of the vessel or the fair market value if no sale immediately preceded the transfer, and any additional information the department requires. If the application is made for a vessel last previously registered or titled in another state or foreign country, it shall contain this information and any other information the department requires.

5. If a dealer buys or acquires a used vessel for resale, the dealer may apply for and obtain
a certificate of title as provided in this chapter. If a dealer buys or acquires a new vessel for resale, the dealer may apply for a certificate of title in the dealer’s name.

6. Every dealer transferring a vessel requiring titling under this chapter shall assign the title to the new owner, or in the case of a new vessel assign the certificate of origin. Within thirty days the dealer shall forward all moneys and applications to the county recorder.

7. The county recorder shall maintain an electronic record of each certificate of title issued by the county recorder under this chapter until the certificate of title has been inactive for five years.

8. A person shall not sell, assign, or transfer a vessel titled by the state without delivering to the purchaser or transferee a certificate of title with an assignment on it showing title in the purchaser or transferee. A person shall not purchase or otherwise acquire a vessel required to be titled by the state without obtaining a certificate of title for it in that person’s name.

9. A person who owns a vessel which is not required to have a certificate of title may apply for and receive a certificate of title for the vessel and the vessel shall subsequently be subject to the requirements of this subchapter as though the vessel was required to be titled.

10. The buyer of a vessel sold pursuant to section 578A.7 shall present documentation that such sale was completed in compliance with that section.

NEW subsection 10

462A.78 Fees — surcharge — duplicates.

1. a. The county recorder shall charge a five dollar fee to issue a certificate of title, a transfer of title, a duplicate, or a corrected certificate of title.

b. In addition to the fee required under paragraph “a”, and sections 462A.82 and 462A.84, a surcharge of five dollars shall be required.

2. If a certificate of title is lost, stolen, mutilated, destroyed, or becomes illegible, the first lienholder or, if there is none, the owner named in the certificate, as shown by the county recorder’s records, shall within thirty days obtain a duplicate by applying with any county recorder. The applicant shall furnish information the department requires concerning the original certificate and the circumstances of its loss, mutilation, or destruction. Mutilated or illegible certificates shall be returned to the department with the application for a duplicate.

3. The duplicate certificate of title shall be marked plainly “duplicate” across its face, and mailed or delivered to the applicant.

4. If a lost or stolen original certificate of title for which a duplicate has been issued is recovered, the original shall be surrendered promptly to the department for cancellation.

5. The funds collected under subsection 1, paragraph “a”, shall be placed in the general fund of the county and used for the expenses of the county conservation board if one exists in that county. Of each surcharge collected as required under subsection 1, paragraph “b”, the county recorder shall remit five dollars to the department of revenue for deposit in the general fund of the state.

462A.80 Hull identification number of vessel.
1. Every vessel whose construction began after October 31, 1972, shall have a hull identification number assigned and affixed as required by the federal Boat Safety Act of 1971. The department shall determine the procedures for application and for issuance of the hull identification number for homebuilt boats.

2. A person shall not destroy, remove, alter, cover, or deface the manufacturer’s hull identification number, the plate bearing it, or any hull identification number the department assigns to a vessel without the department’s permission.

3. A person other than a manufacturer who constructs a vessel or uses an unconventional device as a vessel for navigation shall submit an affidavit which describes the vessel or device to the department. In cooperation with the county recorder, the department shall assign a hull identification number to the vessel or device. The applicant shall cause the number to be carved, burned, stamped, embossed, or otherwise permanently affixed to the outboard side of the transom or, if there is no transom, to the outermost starboard side at the end of the hull that bears the rudder or other steering mechanism, above the waterline of the vessel or device in such a way that alteration, removal, or replacement would be obvious and evident.

462A.82 Transfer or repossession of vessel by operation of law — coast guard documentation of vessel.
1. If ownership of a vessel is transferred by operation of law, such as by inheritance, order in bankruptcy, insolvency, replevin, execution sale, or in compliance with section 578A.7, the transferee, within thirty days after acquiring the right to possession of the vessel by operation of law, shall mail or deliver to the county recorder satisfactory proof of ownership as the county recorder requires, together with an application for a new certificate of title, and the required fee. A title tax is not required on these transactions.

2. If a lienholder repossesses a vessel by operation of law and holds it for resale, the lienholder shall secure a new certificate of title and shall pay the required fee.

3. If a vessel is documented with the United States coast guard, the owner shall mail or deliver to the county recorder proof of the documentation and the owner’s certificate of title issued pursuant to this chapter is canceled upon the delivery. A title tax is not required on these transactions.

§462A.83 Security interest in vessels — exemptions.
This subchapter does not apply to or affect any of the following:
1. A lien given by statute or rule of law to a supplier of services or materials for a vessel.
2. A lien given by statute to the United States, this state, or any political subdivision of this state.
3. A security interest in a vessel created by a manufacturer or dealer who holds the vessel for sale, but a buyer in the ordinary course of trade from the manufacturer or dealer takes free of the security interest.
4. A lien arising out of an attachment of a vessel.
5. A security interest claimed on proceeds if the original security interest did not have to be noted on the certificate of title in order to be perfected.
6. A vessel for which a certificate of title is not required under this chapter.

§462A.84 Perfection and titles — fee.
1. A security interest created in this state in a vessel required to have a certificate of title is not perfected until the security interest is noted on the certificate of title.
   a. To perfect the security interest, an application for security interest must be presented along with the original title. The county recorder shall note the security interest on the face of the title and in the electronic record maintained by the recorder’s office.
   b. The application fee for a security interest is five dollars. The fees shall be credited to the county general fund.
2. The certificate of title shall be presented to the county recorder when the application for security interest or for assignment of the security interest is presented and a new or endorsed certificate of title shall be issued to the secured party with the name and address of the secured party upon it.
3. When a security interest is discharged, the secured party shall note the cancellation of the security interest on the face of the certificate of title and send the title by first class mail to the office of the county recorder where the title was issued, or the secured party shall send a notarized letter by first class mail to the county recorder where the title was issued notifying the county recorder of the cancellation of the security interest. The county recorder shall note the release of the security interest in the county records as evidence of the release of the security interest.

CHAPTER 462B
PROTECTED WATER AREA SYSTEM

462B.1 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “Commission” means the natural resource commission.
2. “Conservation easement” means an easement as defined in section 457A.2.
3. “Department” means the department of natural resources.
5. “Management plan” means the document that states the goals and objectives of a specific protected water area which has been proposed for designation, the specific description of the area to be protected, land use agreements with property owners, the specific management programming considerations for the area, the in-depth project evaluations, analysis, justifications, and cost estimates, the proposed acquisition of fee title and conservation easements and other agreements, and the specific design and layout of facilities.
6. “Prospective protected water area” means a water area designated by the commission for which an in-depth study for permanent designation as an element of the protected water area system is conducted. Such areas shall possess outstanding cultural and natural resource values such as water conservation, scenic, fish, wetland, forest, prairie, mineral, geological, historic, archaeological, recreation, education, water quality, or flood protection values.
7. “Protected water area” means a water area permanently designated by the commission for inclusion in the protected water area system.
8. “Protected water area system” means a total comprehensive program that includes the goals and objectives, the state plan, the individual management plans, the prospective protected water areas, the protected water areas, the acquisition of fee title and conservation easements and other agreements, and the administration and management of such areas.
9. “State plan” means a long-range comprehensive document that states the goals and objectives of the protected water area system, establishes the procedure and criteria for prospective protected water area designation, provides the format for prospective area analysis, establishes a priority system for prospective area study, recommends potential areas for inclusion into the system, institutes interagency coordination, and outlines general administrative and management needs to develop and administer this system.
10. “Water area” means a river, lake, wetland, or other body of water and adjacent lands where the use of those lands affects the integrity of the water resource.

84 Acts, ch 1261, §2
C85, §108A.1
86 Acts, ch 1245, §1848, 1849
C93, §462B.1

This chapter not enacted as a part of this title;
transferred from chapter 108A in Code 1993
462B.2 State plan.
The commission shall maintain a state plan for the design and establishment of an administrative framework of a protected water area system and those adjacent lands needed to protect the integrity of that system.
84 Acts, ch 1261, §4
C85, §108A.2
C93, §462B.2

462B.3 Nomination of prospective protected water areas.
After basic resource and user data are gathered by or provided to the commission and the commission deems an area has merit for inclusion into a protected water area system, it may nominate the area for prospective protected water area designation. Other public agencies, interest groups, or citizens, may also recommend nomination of water areas for consideration of inclusion into the protected water area system by submitting to the commission a statement which includes at minimum a general description of the area being recommended for nomination, the resources needing protection, and the benefits to be derived from protecting the resources and a list of the individuals, organizations, and public agencies supporting the nomination.
84 Acts, ch 1261, §5
C85, §108A.3
C93, §462B.3

462B.4 Prospective designation.
The commission may designate all or part of any water area having any or all of the resource values cited in section 462B.1, subsection 6, as a prospective protected water area. The prospective designation shall be in effect for a period not to exceed two years during which a management plan is prepared for the protection and enhancement of those values cited in section 462B.1, subsection 6.
84 Acts, ch 1261, §6
C85, §108A.4
C93, §462B.4

462B.5 Prospective designation public hearing.
After the nomination of prospective protected water areas by the commission and prior to the designation as a prospective protected water area, the commission shall conduct a public hearing in the vicinity of the water area. Notice of the hearing shall be published at least twice, not less than seven days prior to the hearing, in a newspaper having general circulation in each county in which the proposed water area is located.
84 Acts, ch 1261, §7
C85, §108A.5
C93, §462B.5

462B.6 Management plan.
The commission shall prepare and maintain a management plan containing the recommendations for the establishment, development, management, use, and administration of each prospective protected water area designated by the commission. The management plan shall be completed during the two-year prospective designation period.
84 Acts, ch 1261, §8
C85, §108A.6
C93, §462B.6

462B.7 Management plan public hearing.
The commission shall hold a final public hearing on the completed management plan in the vicinity of the water area at least thirty days before permanent designation by the commission. Notice of the hearing shall be published at least twice, not less than seven days prior to the
hearing, in a newspaper having general circulation in each county in which the water area is located.
84 Acts, ch 1261, §9
C85, §108A.7
85 Acts, ch 67, §14
C93, §462B.7

462B.8 Designation.
The commission may adopt the management plan and may permanently designate the area into the protected water area system. Upon the commission adopting the management plan and permanently designating the area as a protected water area, the commission may submit the management plan to the legislature for funding consideration.
84 Acts, ch 1261, §10
C85, §108A.8
C93, §462B.8

462B.9 Protection methods.
The commission may use any one or a combination of the available methods, except condemnation, for managing and preserving a protected water area, including but not limited to fee and less than fee title acquisition techniques, such as easements, leasing agreements, covenants, and existing tax incentive programs.
84 Acts, ch 1261, §11
C85, §108A.9
C93, §462B.9

462B.10 Landowner cooperation.
Recognizing that most of the protected water areas may be within privately owned lands, the legislature encourages the commission to cooperate with the landowners within the designated areas in achieving the purposes of this chapter. Likewise, the landowners within the designated areas are encouraged to cooperate with the commission. Commission staff shall meet separately or in small groups with landowners within interim protected water areas during the preparation of the master plan to establish workable and acceptable agreements for the protection of the area and its accompanying resources in a manner consistent with the purposes of this chapter and the interest and concerns of the landowner.

463B.1 Legislative findings.

The general assembly finds that the Missouri river is an important natural resource to the state of Iowa and that the creation of comprehensive plans which lead to the purchase, development, and preservation of land adjacent to the Missouri river will provide recreational and economic benefits to the state and to the counties and cities which border on the river. The general assembly further finds that current planning and purchase efforts relating to development of Missouri riverfront property have fallen short of the goal of developing a comprehensive plan for the recreational development of the Missouri river and that the creation of an authority which has the mission of engaging in these efforts will have a greater likelihood of reaching the desired goal.

463B.2 Missouri river preservation and land use authority created — duties.

1. A Missouri river preservation and land use authority is created to engage in comprehensive planning for and the development and implementation of strategies designed to preserve and restore the natural beauty of the land adjacent to and the water of the Missouri river through state land acquisition. Planning and implementation activities shall be coordinated with plans and implementation activities of the department of natural resources for lands owned or acquired by the department. The authority shall be composed of a representative from each of the county conservation boards of the counties which border on the Missouri river, an elected official selected by the county board of supervisors of each of the counties which border on the Missouri river, six at-large public members, and four ex officio members. The board of supervisors of the counties which border on the Missouri river shall each appoint one of the at-large public members, who shall possess a demonstrated interest in or knowledge about natural resource conservation and protection and one of whom shall also be actively engaged in the business of farming. Interest or knowledge of an at-large member may be demonstrated by membership in an association or other organization which is involved in conservation, environmental protection, or related activities. The ex officio members of the authority shall be composed of a representative from the natural resource commission of the department of natural resources, a representative from the state department of transportation, a representative from the department of cultural affairs, and a representative from the office of attorney general. Members of the authority shall serve two-year terms. Members who are also members of a county conservation board or board of supervisors shall be reimbursed only for actual expenses incurred while performing duties of the authority. At-large members shall be reimbursed for actual expenses and shall receive a per diem as specified in section 7E.6 for their performance of duties for the authority.

2. The mission of the authority is to research, develop comprehensive plans, and implement strategies which emphasize the creation of multipurpose recreational areas that foster and accent the natural characteristics of the Missouri river and which provide for environmentally sound land and water use practices for land adjacent to the Missouri river; to designate and prioritize for purchase parcels of land which are located in areas critical for the environmental health of the Missouri river waterway; to develop plans for and to
acquire parcels of land to establish a public greenbelt along the banks of the Missouri river; to develop plans for public recreational use of lands adjacent to the Missouri river, including but not limited to a public bicycle trail; and to cooperate with county and city authorities, and federal and state authorities in order to fulfill the mission of the authority.

3. The authority shall develop plans and proposals and conduct public hearings relating to the conservation, preservation, and acquisition of land adjacent to the Missouri river. In developing plans and proposals the authority shall consult with any person or organization which has interests that would be affected by the acquisition and development of Missouri river property in accordance with the mission of the authority, including but not limited to utility companies, municipalities, agricultural organizations, the corps of engineers, rural water districts, soil and water conservation districts, private water suppliers, business and industry organizations, drainage and levee district associations, benefited recreational lake districts, and any soil conservation organizations. The authority shall include a copy of any plans and proposals and shall document the results and findings of those hearings in a report or series of reports. The authority shall submit an initial report, including an outline for a proposed ten-year plan and strategies for the attainment of the goals of this section, to the general assembly by the first day of the legislative session which commences in 1993. As part of the authority’s planning and coordinating effort, the authority shall consult, at least annually, with the Iowa boundary commission and shall send copies of the minutes of all meetings of the authority to the commission. Within one year of July 1, 1991, the authority shall meet with the Iowa boundary commission. Meetings with the Iowa boundary commission shall be held at a time and a place agreed to between the commission and the authority.

4. The authority shall administer the Missouri river preservation and land use fund, under section 463B.3, and shall deposit and expend moneys in the fund for the development of plans for, development of, and purchase of lands adjacent to the Missouri river and for annual payment of property taxes on any land purchased. The county treasurer shall certify the amount of taxes due to the authority. The assessed value of the property held by the authority shall be that value determined under section 427.1, subsection 18, and the authority may protest the assessed value in the manner provided by law for any property owner to protest an assessment. For purposes of chapter 257, the assessed value of any property which was acquired by the authority shall be included in the valuation base of the school district and the payments made by the authority shall be considered as property tax revenues and not as miscellaneous income. The expenditure of funds may include, but is not limited to, use of moneys from the Missouri river preservation and land use fund to match funds from state, federal, and private resources.

5. The title to all property purchased by the authority shall be taken in the name of the state, but no land shall be acquired through condemnation proceedings and all purchases shall be from willing sellers. The authority may transfer jurisdiction over any lands the authority acquires to the department of natural resources, or may enter into agreements with the department or the appropriate county conservation board, for the management of the lands. All lands purchased shall be for public use, and not for private commercial purposes, but the authority may permit the expenditure of private funds for the improvement of land or water adjacent to or purchased by the authority. All surveys and plats of lands purchased by the authority shall be filed in the manner provided in section 461A.22. Land purchased by the authority shall be managed and policed in the manner provided under agreements between the authority and the agency responsible for management of the property, except that, subject to the restrictions contained in chapter 455B, the authority shall not be required to obtain the prior permission of the natural resource commission when using private funds to establish land or water recreational areas, and any property purchased by the authority shall not be sold without the prior notification and consent of the authority.

A Missouri river preservation and land use fund is established in the office of treasurer of state, to be administered by and subject to the use of the Missouri river preservation and land use authority for the purposes established in section 463B.2. The Missouri river preservation and land use authority may accept gifts, grants, bequests, other moneys including but not limited to state or federal moneys, and in-kind contributions for deposit in the fund for the use of the authority to carry out the authority’s mission. Gifts, grants, and bequests from public and private sources, state and federal moneys, and other moneys received by the authority shall be deposited in the fund and any interest earned on the fund shall be credited to the fund to be used for the purposes specified in section 463B.2. Notwithstanding section 8.33, any unexpended or unencumbered moneys remaining in the fund at the end of a fiscal year shall not revert to the general fund, but shall remain available for expenditure by the authority in succeeding fiscal years.

464A.2 Expert plan.
The commission, upon receipt of a report and plan prepared by a competent civil engineer, showing the work contemplated, the effect on the water level, and probable cost and such other facts and recommendations as may be deemed material, may approve said plan which shall be considered a tentative plan only, for the project.

[C24, 27, 31, §1826; C35, §1828-e2; C39, §1828.25; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.2]
C93, §464A.2

464A.3 Hearing — damages.
After the approval the commission, if it wishes to proceed further with the project, shall, with the consent of the environmental protection commission, fix a date of hearing not less than two weeks from date of approval of the plan. Notice of the day, hour and place of hearing, relative to proposed work, shall be provided by publication at least once a week for two consecutive weeks in some newspaper of general circulation published in the county where the project is located, or in the counties where the water elevations are affected, under the tentative plan approved. The last publication shall not be less than five days prior to the day set for hearing. Any claim by any persons for damages which may be caused by the project shall be filed with the commission at or prior to the time of the hearing.

464A.4 Adoption of plan.
If, at the time of the hearing, the commission shall find that the improvement would be conducive to the public convenience, welfare, benefit or utility, and the cost thereof is not excessive, and no claim shall have been filed for damages, it may adopt the tentative plan as final or may modify the plan, provided said modification will not, to any greater extent than the tentative plan, materially and adversely affect the interests of littoral or riparian owners.

[C24, 27, 31, §1826; C35, §1828-e4; C39, §1828.27; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.4]
C93, §464A.4

464A.5 Appraisal of damages.
If, at the time of the hearing, the claims for damages shall have been filed, further proceedings shall be continued to an adjourned, regular, or special session, the date and place of which shall be fixed at the time of adjournment and of which all interested parties shall take notice, and the commission shall have the damages appraised by three appraisers to be appointed by the chief justice of the supreme court. One of these appraisers shall be
a licensed civil engineer resident of the state and two shall be freeholders of the state, who shall not be interested in nor related to any person affected by the proposed project.

464A.6 Filing appraisement.
The appraisers appointed to determine the damages caused by the proposed project shall view the premises and determine and fix the amount of damages to which each claimant is entitled and shall, at least three days before the date fixed by the commission to hear and determine the same, file with the secretary of the commission reports in writing showing the amount of damages sustained by each claimant. Should good cause for delay exist, the commission may postpone the time of final action on the project.

[C24, 27, 31 §1826; C35, §1828-e6; C39, §1828.29; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.6]

464A.7 Damages determined.
At the time fixed for hearing and after receipt of the report of the appraisers, the commission shall examine said report, both for and against each claim for damages and compensation and shall determine the amount of damages and compensation due each claimant and may affirm, increase or diminish the amount awarded by the appraisers. After such action, the commission may thereupon adopt a final plan for the project, and proceed with its construction, or it may dismiss the entire proceedings.

C93, §464A.7

464A.8 Judicial review — bond.
Judicial review of the orders or actions of the commission fixing the amount of compensation awarded or damages sustained by any claimant may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. The petition for review shall be accompanied by an appeal bond with sufficient sureties to be approved by the clerk of the district court conditioned to pay all costs adjudged against the petitioner.

[C24, 27, 31 §1826; C35, §1828-e8; C39, §1828.31; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.8]

Referred to in §602.8102(20)

464A.9 Final determination and costs.
The amount of damages or compensation found by the court shall be entered of record. Unless the result of the judicial review proceeding is more favorable to the petitioner than the action of the commission, all costs of the judicial review proceeding shall be taxed to the petitioner, but if more favorable, the cost shall be taxed to the respondents. All damages assessed and all costs occasioned under this chapter shall be paid from the funds of the commission.

[C24, 27, 31 §1826; C35, §1828-e9; C39, §1828.32; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §112.9]
C93, §464A.9

464A.10 Tentative plan.
If, at the time of hearing on the tentative plan, no objectors appear and no claim for damages or compensation shall have been filed, or if proper waivers giving consent to the
construction of the proposed improvement have been obtained from all parties affected then the commission may adopt the tentative plan as final and proceed with the work proposed.

464A.11 Water trails and low head dam public hazard statewide plan.
1. The department shall establish a water trails and low head dam public hazard program.
2. In administering the water trails and low head dam public hazard program, the department shall conduct a study of waterways for recreational purposes and develop a statewide plan by March 31, 2010. Elements of the plan shall include but not be limited to:
   a. Compiling an inventory of low head dams, including a listing of those low head dams, for the purposes of publicizing hazards through maps and warning signage.
   b. Seeking input from the public and experts in various fields, including fisheries, rescue professionals, water recreation, river management, public utilities conservation, and landscape architecture, to be used in the recreation and safety components of the plan.
   c. Developing standard recommendations for local communities including signage system and placement guidelines, boating access type, placement and construction guidelines, and volunteer recommendations for communities.
   d. Recommending design templates for low head dams to reduce incidents of drowning.
   e. With input from stakeholders, developing criteria for prioritizing removal or modification of low head dams.
   f. With input from stakeholders, developing criteria for prioritizing development of water trails.
3. The department may contract with a university or private consultant in order to assist with development of the plan.

465A.2 Statewide open space acquisition and protection program — objectives and agency duties. 465A.4 Payment in lieu of property taxes.

465A.1 Statement of purpose — intent.
1. The general assembly finds that:
   a. Iowa’s most significant open space lands are essential to the well-being and quality of life for Iowans and to the economic viability of the state’s recreation and tourism industry.
   b. Many areas of high national significance in the state have not received adequate public protection to keep them free of visual blight, resource degradation, and negative impacts from inappropriate land use and surrounding development. Some of these areas include national park service and United States fish and wildlife service properties, national landmarks and trails, the Des Moines river greenbelt, the great river road, areas where interstate highways enter the state, cross major rivers, and pass by other areas of national significance, major state park and recreation areas, unique and protected water areas, and significant natural, geological, scenic, historic, and cultural properties of the state.
   c. While state and federal funds are generally available for the acquisition and protection of fish and wildlife areas and habitats as well as boating access to public waters, funding
programs for public open space acquisition and protection have not been adequate to meet needs.

d. Relative to other midwestern states, Iowa ranks last in the proportion of land acquired and protected for public open space.

2. A program shall be established to:

(1) Educate the citizens of the state about the needs and urgency of protecting the state’s open spaces.
(2) Plan for the protection of the state’s significant open space areas.
(3) Acquire and protect those properties on a priority basis through a variety of appropriate means.

b. In addition to other goals for the program, it is intended that a minimum of ten percent of the state’s land area be included under some form of public open space protection by the year 2000.

### §465A.2 Statewide open space acquisition and protection program — objectives and agency duties.

1. The department of natural resources has the following duties in undertaking programs to meet the objectives stated in section 465A.1.

a. Prepare and conduct new education and awareness programs designed to create greater public understanding of the needs, issues, and opportunities for protecting the state’s significant open spaces. The department shall incorporate the recommendations of other state agencies and private sector organizations which have interests in open space protection. The department may enter into contracts with other agencies and the private sector for preparing and conducting these programs.

b. Prepare a statewide, long-range plan for the acquisition and protection of significant open space lands throughout the state as identified in section 465A.1. The department of transportation, department of economic development, and department of cultural affairs, private organizations, county conservation boards, city park and recreation departments, and the federal agencies with lands in the state shall be directly involved in preparing the plan. The plan shall include, but is not limited to, the following elements:

(1) Specific acquisition and protection needs and priorities for open space areas based on the following sequence of priorities:

(a) National.
(b) Regional.
(c) Statewide.
(d) Local.

(2) Identification of open space acquisition and protection techniques available or needed to carry out the plan.

(3) Additional education and awareness programs which are needed to encourage the acquisition and protection of areas identified in the plan.

(4) Management needs including maintenance, rehabilitation, and improvements.

(5) Funding levels needed to accomplish the statewide open space programs.

(6) Recommendations as to how federal programs can be modified or developed to assist the state’s open space programs.

c. Acquire and protect open space properties as identified by priority in the plan as funding is made available for this purpose. In acquiring and protecting open space, the department shall:

(1) Accept applications for funding assistance from federal agencies, other state agencies, regional organizations, county conservation boards, city park and recreation agencies, and private organizations with an interest in open spaces.

(2) Obtain the maximum efficiency of funds appropriated for this program through the...
use of acquisition and protection techniques that provide the degree of protection required at the lowest cost.

3) Encourage the provision of supporting or matching funds; however, the absence of these funds shall not prevent the approval of those projects of clear national importance.

2. The department may enter into contracts with private consultants for preparing all or part of the plan required under subsection 1, paragraph "b". The plan shall be submitted to the general assembly by July 1, 1988. Prior to submission of the plan to the general assembly, the department shall request comments on the proposed plan from state and federal agencies and private organizations with interests in open space protection. The comments shall be submitted to the general assembly.

3. The department may initiate pilot acquisition and protection projects prior to completion of the open space plan if the pilot projects have high national significance as identified in section 1, subsection 2.

465A.3 Funding sources.
1. To achieve the purposes of this chapter, the department, other state agencies, political subdivisions of the state, and private organizations may use funds from the following sources:
   a. Appropriations by the general assembly.
   b. Private grants and gifts.
   c. Federal grants and loans intended for these purposes.
2. The department may enter into agreements with other state agencies, political subdivisions of the state, and private organizations for the purposes of carrying out this natural open space program or specific elements of the program.

465A.4 Payment in lieu of property taxes.
As a part of the budget proposal submitted to the general assembly under section 455A.4, subsection 1, paragraph "c", the director of the department of natural resources shall submit a budget request to pay the property taxes for the next fiscal year on open space property acquired by the department which would otherwise be subject to the levy of property taxes. The assessed value of open space property acquired by the department shall be that determined under section 427.1, subsection 18, and the director may protest the assessed value in the manner provided by law for any property owner to protest an assessment. For the purposes of chapter 257, the assessed value of the open space property acquired by the department shall be included in the valuation base of the school district and the payments made pursuant to this section shall be considered as property tax revenues and not as miscellaneous income. The county treasurer shall certify taxes due to the department. The taxes shall be paid annually from the departmental fund or account from which the open space property acquisition was funded. If the departmental fund or account has no moneys or no longer exists, the taxes shall be paid from funds as otherwise provided by the general assembly. If the total amount of taxes due certified to the department exceeds the amount appropriated, the taxes due shall be reduced proportionately so that the total amount equals the amount appropriated. This section applies to open space property acquired by the department on or after January 1, 1987.

RECREATION TRAILS

Referred to in §456A.24, 481A.1

This chapter not enacted as a part of this title: transferred from chapter 111F in Code 1993

465B.1  Statement of purpose — intent.

The general assembly finds that recreation trails provide a significant benefit for the health and well-being of Iowans and state visitors. Iowa has a national reputation as a place for hiking, walking, and bicycling. The use of recreation trails has a significant influence on Iowa’s economy. Iowa’s scenic landscapes, many small communities, and existing natural and transportation corridors are ideally suited for new recreation trails to support recreation and tourism activities such as walking, biking, driving for pleasure, horseback riding, boating and canoeing, skiing, snowmobiling, and others.

The general assembly finds that a program shall be established to acquire, develop, promote, and manage existing and new recreation trails. The objective of a statewide trails program shall be for the state to acquire and develop two thousand miles of new recreation trails and completion of existing trail projects before the year 2000.

465B.2  Statewide trails development program.

1. The state department of transportation shall undertake the following actions to establish a program to meet the objective stated in section 465B.1:
   a. Prepare a long-range plan for the acquisition, development, promotion, and management of recreation trails throughout the state. The plan shall identify needs and opportunities for recreation trails of different kinds having national, statewide, regional, and multicounty importance. Recommendations in the plan shall include but not be limited to:
      1. Specific acquisition needs and opportunities for different types of trails.
      2. Development needs including trail surfacing, restrooms, shelters, parking, and other needed facilities.
      3. Promotional programs which will encourage Iowans and state visitors to increase use of trails.
      4. Management activities including maintenance, enforcement of rules, and replacement needs.
      5. Funding levels needed to accomplish the statewide trails objectives.
      6. Ways in which trails can be more fully incorporated with parks, cultural sites, and natural resource sites.
   b. Include, within the plan, recommendations for standards for establishing functional classifications for all types of recreation trails as well as a system for determining jurisdictional control over trails. Levels of jurisdiction may be vested in the state, counties, cities, and private organizations.
2. a. The state department of transportation may enter into contracts for the preparation of the trails plan. The department shall involve the department of natural resources, the Iowa department of economic development, and the department of cultural affairs in the preparation of the plan. The recommendations and comments of organizations representing different types of trail users and others with interests in this program shall also be incorporated in the preparation of the trails plan and shall be submitted with the plan to the general assembly. The plan shall be submitted to the general assembly no later than
January 15, 1988. Existing trail projects involving acquisition or development may receive funding prior to the completion of the trails plan.

b. The department shall give priority to funding the acquisition and development of trail portions which will complete segments of existing trails. The department shall give preference to the acquisition of trail routes which use existing or abandoned railroad right-of-ways, river valleys, and natural greenbelts. Multiple recreational use of routes for trails, other forms of transportation, utilities, and other uses compatible with trails shall be given priority.

c. The department may acquire property by negotiated purchase and hold title to property for development of trails. The department may enter into agreements with other state agencies, political subdivisions of the state, and private organizations for the planning, acquisition, development, promotion, management, operations, and maintenance of recreation trails.

3. The department may adopt rules under chapter 17A to carry out a trails program.

465B.3 Involvement of other agencies.
The department of natural resources, the economic development authority, and the department of cultural affairs shall assist the state department of transportation in developing the statewide plan for recreation trails, in acquiring property, and in the development, promotion, and management of recreation trails.

465B.4 Funding.
To achieve the purposes of this chapter, the state department of transportation, other state agencies, political subdivisions of the state, and private organizations may use funds from the following sources:

1. Funds appropriated by the general assembly.
2. Private grants and gifts.
3. Federal grants and loans intended for these purposes.

STATE PRESERVES
Referred to in §455A.4, 455A.5, 456A.14, 456A.24, 459.102, 481A.1
This chapter not enacted as a part of this title; transferred from chapter 111B in Code 1993

465C.1 Definitions.
As used in this chapter:
1. “Area” means an area of land or water or both land and water.
2. “Board” means the state advisory board for preserves established by this chapter.
3. “Commission” means the natural resource commission.
4. “Dedication” means the allocation of an area as a preserve by a public agency or by a private owner by written stipulation in a form approved by the state advisory board for preserves.
5. “Department” means department of natural resources created under section 455A.2.
6. “Director” means director of the department.
7. “Preserve” means an area of land or water formally dedicated under this chapter for maintenance as nearly as possible in its natural condition though it need not be completely primeval in character at the time of dedication or an area which has unusual flora, fauna, geological, archaeological, scenic, or historical features of scientific or educational value.

2006 Acts, ch 1030, §48

465C.2 Advisory board.
There is hereby created a state system of preserves and a state advisory board for preserves.

[C66, 71, 73, 75, 77, 79, 81, §111B.2]
C93, §465C.2

465C.3 Membership.
1. a. The board shall be composed of seven members, six of which shall be appointed by the governor. The director of the department shall also serve as a member of the board.
   b. The commission, the conservation committee of the Iowa academy of science, and the state historical society shall submit to the governor a list of possible appointments. Members shall be selected from persons with a demonstrated interest in the preservation of natural lands and waters, and historic sites.
2. Members shall serve until their successors are appointed and qualified. The director shall serve as long as the director is director. Any vacancies on the board shall be filled, for the remainder of the term vacated, by appointment by the governor provided by this chapter. As terms of members expire, their successors shall be appointed for terms to expire three years thereafter. Any member who has served two consecutive full terms will not be eligible for reappointment for a period of one year following the expiration of the member’s second term.

[C66, 71, 73, 75, 77, 79, 81, §111B.3]
465C.4 Expenses.
The members of the board may be reimbursed for necessary expenses in connection with performance of their duties. Each member of the board may also be eligible to receive compensation as provided in section 7E.6.

465C.8 Powers and duties.
The board shall have the following powers and duties:
1. To approve an area as a preserve.
2. To make and publish all rules necessary to carrying out the purposes of this chapter.
3. To recommend dedication as preserves, of areas owned by the state under the jurisdiction of the department.
4. To recommend acquisition of areas for dedication as preserves subject to approval by the natural resource commission.
5. To recommend dedication as preserves, areas owned by other public agencies, private groups, and individuals.
6. To make surveys and maintain registries and records of preserves and other areas of educational or scientific value and of habitats for rare and endangered species of plants and animals in the state.
7. To promote research and investigations, carry on interpretive programs and publish and disseminate information pertaining to preserves and related areas of educational or scientific value.
8. To promote the establishment and protection of, and advise in the management of, wild parks and other areas of educational or scientific value and otherwise foster and aid in the preservation of natural conditions elsewhere than in preserves.
9. To authorize payment of travel and other necessary expenses of the members of
the board and advisors to the board, and salaries, wages, compensations, travel, supplies,
and equipment necessary to carry out the duties of the board, and to authorize any other
expenditures as may be necessary to carry into effect the purposes of this chapter.
10. To design and control the use of official state preserve signs and recommend to the
state department of transportation locations for state preserve signs.
11. To submit to the governor and the legislature a report before January 15, 1967, and
every two years thereafter which shall account for each preserve in the system and make
such other reports and recommendations as it may deem necessary.
12. To prepare and recommend a budget, for inclusion as a line item money request in the
departmental budget, for appropriation from the state general fund.

465C.9 Articles of dedication.
1. The public agency or private owner shall complete articles of dedication on forms
approved by the board. When the articles of dedication have been approved by the governor,
the board shall record them with the county recorder for the county or counties in which
the area is located.
2. The articles of dedication may contain restrictions on development, sale, transfer,
method of management, public access, and commercial or other use, and may contain such
other provisions as may be necessary to further the purposes of this chapter. They may
define the respective jurisdictions of the owner or operating agency and the board. They
may provide procedures to be applied in case of violation of the dedication. They may
recognize reversionary rights. They may vary in provisions from one preserve to another in
accordance with differences in relative conditions.

C93, §465C.9

465C.10 When dedicated as a preserve.
An area shall become a preserve when it has been approved by the board for dedication as
a preserve, whether in public or private ownership, formally dedicated as a preserve within
the system by a public agency or private owner and designated by the governor as a preserve.

465C.11 Area held in trust.
1. An area designated as a preserve within the system is hereby declared put to its
highest, best, and most important use for public benefit. It shall be held in trust and shall
not be alienated except to another public use upon a finding by the board of imperative and
unavoidable public necessity and with the approval of the commission, the general assembly
by concurrent resolution, and the governor. The board’s interest or interests in any area
designated as a preserve shall not be taken under the condemnation statutes of this state
without such a finding of imperative and unavoidable public necessity by the board, and
with the consent of the commission, the general assembly by concurrent resolution, and the
governor.
2. The board, with the approval of the governor, may enter into amendments to any
articles of dedication upon its finding that such amendment will not permit an impairment,
disturbance, or development of the area inconsistent with the purposes of this chapter.
3. Before the board shall make a finding of imperative and unavoidable public necessity,
or shall enter into any amendment to articles of dedication, the board shall provide notice of
such proposal and opportunity for any person to be heard. Such notice shall be published at
least once in a newspaper with a general circulation in the county or counties wherein the
area directly affected is situated, and mailed within ten days of such published notice to all persons who have requested notice of all such proposed actions. Each notice shall set forth the substance of the proposed action and describe, with or without legal description, the area affected, and shall set forth a place and time not less than sixty days thence for all persons desiring to be heard to have reasonable opportunity to be heard prior to the finding of the board.

465C.13 Other purposes not affected.
1. Nothing contained in this chapter shall be construed as interfering with the purposes stated in the establishment of or pertaining to any state or local park, preserve, wildlife refuge, or other area or the proper management and development thereof except that any agency administering any area designated as a nature preserve under the system shall be responsible for preserving the natural character of the area in accordance with the articles of dedication.
2. Designation of an area as a preserve within the system shall not void or replace any protected status under law which the area would have were it not so designated.

CHAPTER 466
IMPROVEMENT OF WATERSHED ATTRIBUTES

Referred to in §461.33

466.1 Short title. This chapter shall be known and may be cited as “Initiative on Improving Our Watershed Attributes (I on IOWA)”. 2000 Acts, ch 1068, §1

466.2 Legislative goal. The goal of this chapter is to develop a comprehensive water quality program that will result in water quality improvements while reducing proposed regulatory impacts. The program shall use information, education, monitoring, technical assistance, data gathering and evaluation, incentives, and more efficient issuance of permits. The program is expected to have a menu of initiatives and approaches to appeal to a broad audience of participants and shall be coordinated so that individual initiatives work toward the objective of improved water quality. The departments of agriculture and land stewardship and natural resources shall work cooperatively with federal agencies to obtain waivers and changes in rules and procedures at national and state levels to improve the federal programs’ environmental and economic performance for Iowans. State agencies shall collaborate with other state agencies to attain the overall goal of improved water quality. The state department of transportation and the department of natural resources shall collaborate to provide for the preservation of topsoil, erosion control, water impoundment during highway construction and reconstruction, and restoration and management of roadside right-of-way for prairie restoration, wildlife habitat, and erosion control. 2000 Acts, ch 1068, §2

466.3 Iowa clean water award. An Iowa clean water award is created. The governor and the general assembly shall give the award annually to a city or other political subdivision which has met criteria established by the department of natural resources and the department of agriculture and land stewardship identifying exemplary efforts to improve water quality within its jurisdiction. 2000 Acts, ch 1068, §3

466.4 Conservation buffer strip program. 1. As used in this section, “conservation buffer strip” means a riparian buffer, filter strip, waterway, contour buffer strip, shallow water area for wildlife, field border, or any vegetative barrier on private land that meets the criteria established by the United States department of agriculture, natural resources conservation service.

2. a. The department of agriculture and land stewardship, in consultation with the department of natural resources, shall establish a program to accelerate the United States department of agriculture’s program to install conservation buffer strips in this state.

b. The department of agriculture and land stewardship shall request waivers from the United States department of agriculture to initiate projects that reward landowners maintaining current conservation practices. The goal of the projects is to discourage the destruction of existing conservation buffer strips and to monetarily reward landowners who maintain quality conservation practices. If the waivers are granted, up to twenty-five percent of the program resources shall be committed to establishing projects.
c. The department of agriculture and land stewardship shall request a waiver from the United States department of agriculture for the purpose of establishing that a person who is subject to a twenty-five percent reduction in conservation buffer strip payments due to grazing shall be allowed ninety days to graze animals.

d. The department of natural resources shall establish a prairie seed harvest program to assist in the restoration of prairies and provide for private land stewardship and public resource management through assistance with the implementation of buffer and filter strip practices, and public or private habitat development and management. The department shall carry out these efforts through landowner contacts and cooperation with private and public organizations.

e. The five-year goal of the conservation buffer strip program shall be to meet the objective of water quality improvement by enrolling an additional four hundred seven thousand five hundred acres.

2000 Acts, ch 1068, §4
Referred to in §461.34

466.5 Conservation reserve enhancement program.
1. A conservation reserve enhancement program is established within the department of agriculture and land stewardship to restore or construct wetlands for the purposes of intercepting tile line runoff, reducing nutrient loss, improving water quality, and enhancing agricultural production practices. The program shall be directed primarily, but not exclusively, toward the tile-drained areas of the state.

2. The department of agriculture and land stewardship shall request the assistance of and consult with the United States department of agriculture’s natural resources conservation service and farm service agency to implement the conservation reserve enhancement program. The department shall also consult with county boards of supervisors, county conservation boards, drainage district representatives, department of natural resources, and soil and water conservation districts affected by the implementation of the conservation reserve enhancement program. The department shall also collaborate with other public agencies and private organizations to develop wetland habitat and related projects to improve water quality.

3. The department of agriculture and land stewardship shall maintain a record of all wetlands established pursuant to the conservation reserve enhancement program including any conditions that may apply to the landowner’s right to remove the wetland after the provisions of the conservation reserve enhancement program contract or easement are concluded.

4. When establishing a wetland under this section, the department of agriculture and land stewardship shall be governed by the following requirements:

   a. Wetland construction or restoration shall not damage the value of property in any public or private drainage system without the property owner’s consent.

   b. Wetland construction or restoration shall improve water quality and provide aesthetic and habitat benefits.

   c. Wetland construction or restoration under this section may be used to mitigate wetland removal by the landowner if it meets the requirements of federal agencies with wetland jurisdictional authorities. Where practicable, priority shall be given to mitigating wetland removal within the same United States geological survey hydrologic unit code 8 watershed, but a watershed confines shall not limit the use of duly authorized wetland mitigation banks.

5. The five-year goal of the conservation reserve enhancement program is the establishment of thirty-two thousand five hundred acres of wetlands.

Referred to in §461.34
466.6 Water quality monitoring.
The department of natural resources shall operate water quality monitoring stations for the purpose of gathering information and data to establish benchmarks for water quality in this state.
2000 Acts, ch 1068, §6

466.7 Water quality protection program.
1. The department of agriculture and land stewardship shall implement, in conjunction with the federal government and other entities, a program that provides multiobjective resource protections for flood control, water quality, erosion control, and natural resource conservation.
2. The department of agriculture and land stewardship shall implement a statewide, voluntary farm management demonstration program to demonstrate the effectiveness and adaptability of emerging practices in agronomy that protect water resources and provide other environmental benefits. A demonstration program under this subsection may complement, but shall not duplicate, projects conducted by Iowa state university extension service. The demonstration program shall be designed to concentrate on management techniques in both the livestock and crop genres and shall be offered to farm operators through an educational setting and demonstration projects. The demonstration program shall be offered in conjunction with the community colleges, Iowa state university, and private farmer demonstrations. Continuing education units shall be offered. The educational program shall be offered at no cost to farm operators who file a schedule F with the internal revenue service and do not have permitted livestock facilities or are certified under a manure management plan.
3. The department of agriculture and land stewardship shall provide financial assistance for the establishment of permanent soil and water conservation practices.
4. The department of natural resources shall provide local watershed managers with geographic information system data for their use in developing, monitoring, and displaying results of their watershed work. The local watershed data shall be considered public records and are accessible to the public pursuant to chapter 22.
5. The department of natural resources shall develop a program that provides support to local volunteer management efforts to the different programs concerned with water quality. The department shall assist in coordinating and tracking of the volunteer component of these programs to increase efficiency and avoid duplication of efforts in water quality monitoring and watershed improvement.
6. The department of natural resources shall provide for activities supporting the analysis of water quality monitoring data for trends and for the preparation and presentation of data to the public.
7. The department of natural resources shall contract to assist its staff with the review of national pollutant discharge elimination system permits.
8. The department of natural resources shall expand floodplain protection education to better inform local officials that make decisions with regard to floodplain management.
9. The department of natural resources shall continue the establishment of an effective and efficient method of developing a total maximum daily load program, based on information gathered on other states’ programs and investigation into alternative methods for satisfying the requirements.
2000 Acts, ch 1068, §7; 2001 Acts, ch 37, §1, 4

466.8 On-site wastewater systems assistance program.
1. The department of natural resources shall establish an on-site wastewater systems assistance program for the purpose of providing low-interest loans to homeowners for improving on-site wastewater disposal systems.
2. The environmental protection commission shall adopt rules for carrying out the program including but not limited to criteria for homeowner participation, the methods used to provide loans, and financing terms and limits.
3. The department may make and execute agreements with public or private entities,
including lending institutions as defined in section 12.32, as required to administer the program.

4. Assistance provided to homeowners shall not be used to pay the nonfederal share of the cost of any wastewater system projects receiving grants under the federal Clean Water Act, 33 U.S.C. §1381 – 1387.

466.9 On-site wastewater systems assistance fund.

1. An on-site wastewater systems assistance fund is established as a separate fund in the state treasury under the control of the department of natural resources. Moneys in the fund are appropriated to the department of natural resources for the exclusive purpose of supporting and administering the on-site wastewater systems assistance program as established in section 466.8.

2. The fund shall consist of all of the following:
   a. Moneys appropriated to the department by the general assembly for deposit in the fund or to carry out the purposes of the on-site wastewater systems assistance program.
   b. Moneys provided to the department by the federal government to carry out the purpose of administering the programs, policies, and undertakings authorized in the federal Clean Water Act, 33 U.S.C. §1381 – 1387.
   c. Moneys collected by the department pursuant to loan agreements from homeowners receiving loans under the on-site wastewater systems assistance program.
   d. Any other moneys obtained or accepted by the department for deposit in the fund.

3. a. The fund shall consist of the following accounts:
   (1) The financing account which shall be used for the exclusive purpose of providing financing to homeowners for improving on-site wastewater systems under the on-site wastewater systems assistance program.
   (2) The administration account which shall be used by the department to defray expenses associated with carrying out the on-site wastewater systems assistance program.

   b. Of all moneys deposited into the fund each year, the department shall credit at least ninety-six percent of the moneys to the financing account and any remaining moneys to the administration account.

4. The moneys in the fund are not considered part of the general fund of the state, and in determining a general fund balance shall not be included in the general fund of the state. The moneys in the fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the fund shall be credited to the fund.

For the purposes of this chapter, unless the context otherwise requires:
1. "Council" means the water resources coordinating council created in section 466B.3.
2. "Department" means the department of natural resources.
3. "Iowa nutrient reduction strategy" means the same as defined in section 455B.171.
4. "Political subdivision" means any of the following:
a. A city.
b. A county.
c. A soil and water conservation district described in section 161A.5.
d. A benefited recreational lake district or a water quality district or a combined district incorporated as a public entity and organized pursuant to chapter 357E.
e. A rural improvement zone established pursuant to chapter 357H.
5. “Regional watershed” means a watershed of hydrologic unit code scale 8.
6. “Subwatershed” means a watershed of hydrologic unit code scale 12 or smaller.
7. “Watershed” means a geographic area in which surface water is drained by rivers, streams, or other bodies of water.

466B.3 Water resources coordinating council.
1. Council established. A water resources coordinating council is established within the department of agriculture and land stewardship.
2. Purpose. The purpose of the council shall be to preserve and protect Iowa’s water resources, and to coordinate the management of those resources in a sustainable and fiscally responsible manner. In the pursuit of this purpose, the council shall use an integrated approach to water resource management, recognizing that insufficiencies exist in current approaches and practices, as well as in funding sources and the utilization of funds. The integrated approach used by the council shall attempt to overcome old categories, labels, and obstacles with the primary goal of managing the state’s water resources comprehensively rather than compartmentally.
3. Accountability. The success of the council’s efforts shall ultimately be measured by the following outcomes:
   a. Whether the citizens of Iowa can more easily organize local watershed projects.
   b. Whether the citizens of Iowa can more easily access available funds and water quality program resources.
   c. Whether the funds, programs, and regulatory efforts coordinated by the council eventually result in a long-term improvement to the quality of surface water in Iowa. To evaluate the progress achieved over time toward the goals of the Iowa nutrient reduction strategy and the United States environmental protection agency gulf hypoxia action plan, the baseline condition shall be calculated for the time period from 1980 to 1996.
   d. Whether the potential for flood damage in each watershed in the state has been reduced.
4. Membership. The council shall consist of the following members:
   a. The director of the department of natural resources or the director’s designee.
   b. The director of the division of soil conservation and water quality within the department of agriculture and land stewardship or the director’s designee.
   c. The director of the department of public health or the director’s designee.
   d. The director of the department of homeland security and emergency management or the director’s designee.
   e. The dean of the college of agriculture and life sciences at Iowa state university or the dean’s designee.
   f. The dean of the college of public health at the university of Iowa or the dean’s designee.
   g. The dean of the college of natural sciences at the university of northern Iowa or the dean’s designee.
   h. The director of transportation or the director’s designee.
   i. The director of the economic development authority or the director’s designee.
   j. The executive director of the Iowa finance authority or the executive director’s designee.
   k. The secretary of agriculture, who shall be the chairperson, or the secretary’s designee.
As the chairperson, and in order to further the coordination efforts of the council, the secretary may invite representatives from any other public agency, private organization, business, citizen group, or nonprofit entity to give public input at council meetings, provided the entity has an interest in the coordinated management of land resources, soil conservation, flood mitigation, or water quality. The secretary shall also invite and solicit advice from the following:
   (1) The director of the Iowa water science center of the United States geological survey or the director’s designee.
   (2) The state conservationist from the Iowa office of the United States department of agriculture’s natural resources conservation service or the state conservationist’s designee.
(3) The executive director for Iowa from the United States department of agriculture’s farm services agency or the executive director’s designee.

(4) The state director for Iowa from the United States department of agriculture’s office of rural development or the state director’s designee.

(5) The director of region seven of the United States environmental protection agency or the director’s designee.

(6) The corps commander from the United States army corps of engineers’ Rock Island district or the commander’s designee.

l. The dean of the college of engineering at the university of Iowa or the dean’s designee.

5. Meetings and quorum.

a. The council shall be convened by the secretary of agriculture at least quarterly.

b. A majority of the members fixed by statute shall constitute a quorum, and any action taken by the council must be adopted by a majority of the voting membership.

6. Duties and powers.

a. The council shall engage in the regular coordination of water resource-related functions, including protection strategies, planning, assessment, prioritization, review, concurrence, advocacy, and education.

b. In coordinating water resource-related functions, the council may do all of the following:

(1) Consider the steps necessary to address the planning, management, and implementation of water resource improvement.

(2) Identify ways to facilitate communication and participation among all water resource stakeholders, including owners of land in Iowa whether they are residents or not.

(3) Identify inefficiencies in current programs and recommend ways to eliminate duplicative services.

(4) Improve the availability and management of water resource information.

(5) Provide incentives for, and recognition of, environmental excellence.

(6) Regularly assess and identify measurable improvements in water quality.

(7) Oversee the complete, statewide regional watershed assessment, prioritization, and planning process described in section 466B.5, including a short-term interim program and a long-term comprehensive state water quality and quantity plan updated every five years as provided in sections 466B.5 and 466B.6.

(8) Develop a protocol which identifies high-priority watersheds, including local and community-based subwatersheds, and which appropriately directs resources to those watersheds.

(9) Review best available technologies on a regular basis, so that investments of time and program resources can be prioritized and directed to projects that will best and most effectively improve water quality and reduce flood damage within regional and community subwatersheds.

(11) Develop a protocol for assigning multiagency teams to regional watersheds and local subwatersheds and guide those teams in the coordination of citizen and agency activities within those watersheds.

(12) Engage in dialogue with, and pursue efforts to make cooperative agreements with, other states when a watershed extends beyond borders of this state.

(13) Enter into agreements and make contracts with third parties for the performance of duties imposed by this chapter.

(14) Prepare a memorandum of understanding identifying the roles and responsibilities of council members in the coordination of the implementation of community-based subwatershed improvement plans. The memorandum shall be a commitment by the agencies participating in council meetings to reach consensus regarding communications with subwatershed planning units.

c. The council shall develop recommendations for policies and funding promoting a watershed management approach to reduce the adverse impact of future flooding on this state’s residents, businesses, communities, and soil and water quality. The council
shall consider policies and funding options for various strategies to reduce the impact of flooding including but not limited to additional floodplain regulation; wetland protection, restoration, and construction; the promulgation and implementation of statewide storm water management standards; conservation easements and other land management; perennial ground cover and other agricultural conservation practices; pervious pavement, bioswales, and other urban conservation practices; and permanent or temporary water retention structures. In developing recommendations, the council shall consult with hydrological and land use experts, representatives of cities, counties, drainage and levee districts, agricultural interests, and soil and water conservation districts, and other urban and regional planning experts.

Referred to in §466B.2

466B.4 Legislative findings and marketing campaign.

1. Findings. The general assembly finds all of the following:
   a. Most Iowans desire to have improved water quality throughout the state, but many Iowans do not understand the problems with local water quality.
   b. Most Iowans believe that the protection of fish and wildlife benefits all Iowans.
   c. The benefits of improving water quality could far outweigh the costs of implementing mechanisms to improve it.
   d. Most Iowans look to some level of government for the protection of water resources rather than to themselves and their own actions. However, it is not possible or desirable for state government to take complete control and responsibility for water quality.
   e. In addition to the use of Iowa land for agriculture and economic development, the land in watersheds and floodplains should be managed to reduce flooding, reduce flood damage, ameliorate the effects of drought, improve water quality, improve habitat and the natural environment, increase renewable energy production, and enhance recreational opportunities.

2. Marketing campaign. The water resources coordinating council shall develop a marketing campaign to educate Iowans about the need to take personal responsibility for the quality and quantity of water in their local watersheds. The emphasis of the campaign shall be that not only is everyone responsible for clean water, but that everyone benefits from it as well, and that everyone is responsible for and benefits from reducing the risk for flooding and mitigating possible future flood damage. The goals of the campaign shall be to convince Iowans to take personal responsibility for clean water and reducing the risk of flooding and to equip them with the tools necessary to effect change through local water quality improvement projects and better floodplain management and flood risk programs.

3. Contingent on funding. The duties imposed in subsection 2 are contingent upon the receipt of funding sufficient to cover the costs associated with the marketing campaign.

466B.5 Regional watershed assessment, planning, and prioritization.

1. Regional watershed assessment program. The department of natural resources shall create a regional watershed assessment program. The program shall assess all the regional watersheds in the state.
   a. The statewide assessment shall be conducted at the rate of approximately one-fifth of the watersheds per year, and an initial full assessment shall be completed within five years. Thereafter, the department of natural resources shall review and update the assessments on a regular basis.
   b. Each regional watershed assessment shall provide a summary of the overall condition of the watershed. The information provided in the summary may include land use patterns, soil types, slopes, management practices, stream conditions, and both point and nonpoint source impairments.
c. In conducting a regional watershed assessment, the department of natural resources may provide opportunities for local data collection and input into the assessment process.

2. Planning and prioritization. In conducting the regional watershed assessment program, the department of natural resources shall provide hydrological and geological information sufficient for the water resources coordinating council to prioritize watersheds statewide and for the various communities in those watersheds to plan remedial efforts in their local communities and subwatersheds.

3. Report to council. Upon completion of the statewide assessment, and upon updating the assessments, the department of natural resources shall report the results of the assessment to the council and the general assembly, and shall make the report publicly available.

Referred to in §466B.3, 466B.9

466B.6 Community-based subwatershed improvement plans.

1. Facilitation of community-based subwatershed plans. After the department of natural resources’ completion of the initial regional watershed assessment, and after the council’s prioritization of the regional watersheds, the council shall designate one or more of the agencies represented on the council to facilitate the development and implementation of local, community-based subwatershed improvement plans.

2. Assessment, planning, prioritization, and implementation. In facilitating the development of community-based subwatershed improvement plans, the agency or agencies designated by the council shall, based on the results of the regional watershed assessment program, identify critical subwatersheds within priority regional watersheds and recruit communities, citizen groups, local governmental entities, or other stakeholders to engage in the assessment, planning, prioritization, and implementation of a local community-based subwatershed improvement plan. The agency or agencies designated by the council may assist in the formation of a group of initial local community-based subwatershed improvement plans that can be implemented as pilot projects, in order to develop an effective process that can be replicated across the state.

Referred to in §466B.3

466B.7 Community-based subwatershed monitoring.

1. Monitoring assistance. After completion of the statewide regional watershed assessment and prioritization, and throughout the implementation of local community-based subwatershed improvement plans, the department of natural resources shall assist communities with the monitoring and measurement of local subwatersheds. The monitoring and measurement shall be designed for the particular needs of individual communities.

2. Data collection and use. Local communities in which the department of natural resources conducts subwatershed monitoring shall use the information to support subwatershed planning activities, do local data collection, and identify priority areas needing additional resources. Local communities shall also collect data over time and use the data to evaluate the impacts of their management efforts.

466B.8 Wastewater and storm water infrastructure assessment.

The department of natural resources shall assess and prioritize communities within a watershed presenting the greatest level of risk to water quality and the health of residents. This prioritization shall include both sewered and unsewered communities.

466B.9 Rulemaking authority.

The department of natural resources and the department of agriculture and land stewardship shall have the power and authority reasonably necessary to carry out the duties imposed by this chapter. As to the department of natural resources, this includes rulemaking authority to carry out the regional watershed assessment program described in section
466B.5. As to the department of agriculture and land stewardship, this includes rulemaking authority to assist in the implementation of community-based subwatershed improvement plans.
   2008 Acts, ch 1034, §9; 2011 Acts, ch 119, §10

466B.10 Floodplain managers.
The council shall encourage and support the formation of a chapter of the association of state floodplain managers in Iowa that would provide a vehicle for local floodplain managers and floodplain planners to further pursue professional educational opportunities.
   2010 Acts, ch 1193, §128

466B.11 Flood education.
The Iowa state university agricultural extension service, the council, and agency members of the council shall, to the extent feasible, work with floodplain and hydrology experts to educate the general public about floodplains, flood risks, and basic floodplain management principles. This educational effort shall include developing educational materials and programs in consultation with floodplain experts.
   2010 Acts, ch 1193, §129

466B.12 through 466B.20 Reserved.

SUBCHAPTER II
WATERSHED MANAGEMENT AUTHORITIES

466B.21 Definitions.
As used in this subchapter, unless the context otherwise requires:
1. “Authority” means a watershed management authority created pursuant to a chapter 28E agreement as provided in this subchapter.
2. “Board” means a board of directors of a watershed management authority.
   2010 Acts, ch 1116, §3; 2013 Acts, ch 132, §58

466B.22 Watershed management authorities created.
1. Two or more political subdivisions may create, by chapter 28E agreement, a watershed management authority pursuant to this subchapter. The participating political subdivisions must be located in the same United States geological survey hydrologic unit code 8 watershed. All political subdivisions within a watershed must be notified within thirty days prior to organization of any watershed management authority within the watershed, and provided the opportunity to participate.
2. The chapter 28E agreement shall include a map showing the area and boundaries of the authority.
3. A political subdivision may participate in more than one authority created pursuant to this subchapter.
4. A political subdivision is not required to participate in a watershed management authority or be a party to a chapter 28E agreement under this subchapter.
5. If a portion of a United States geological survey hydrologic unit code 8 watershed is located outside of this state, any political subdivision in such a watershed may participate in any watershed management authority which includes the county in which the political subdivision is located.
   2010 Acts, ch 1116, §4; 2019 Acts, ch 89, §42
NEW subsection 5

466B.23 Duties.
A watershed management authority may perform all of the following duties:
1. Assess the flood risks in the watershed.
2. Assess the water quality in the watershed.
3. Assess options for reducing flood risk and improving water quality in the watershed.
4. Monitor federal flood risk planning and activities.
5. Educate residents of the watershed area regarding water quality and flood risks.
6. Allocate moneys made available to the authority for purposes of water quality and flood mitigation.
7. Make and enter into contracts and agreements and execute all instruments necessary or incidental to the performance of the duties of the authority. A watershed management authority shall not acquire property by eminent domain.

2010 Acts, ch 1116, §5

466B.24 Board of directors.
1. An authority shall be governed by a board of directors. Members of a board of directors of an authority shall be divided among the political subdivisions comprising the authority and shall be appointed by the respective political subdivision's elected legislative body.
2. A board of directors shall consist of one representative of each participating political subdivision. This subsection shall not apply if a chapter 28E agreement under this subchapter provides an alternative board composition method.
3. The directors shall serve staggered terms of four years. The initial board shall determine, by lot, the initial terms to be shortened and lengthened, as necessary, to achieve staggered terms. A person appointed to fill a vacancy shall be appointed in the same manner as the original appointment for the duration of the unexpired term. A director is eligible for reappointment. This subsection shall not apply if a chapter 28E agreement under this subchapter provides an alternative for the length of term, appointment, and reappointment of directors.
4. A board may provide procedures for the removal of a director who fails to attend three consecutive regular meetings of the board. If a director is so removed, a successor shall be appointed for the duration of the unexpired term of the removed director in the same manner as the original appointment. The appointing body may at any time remove a director appointed by it for misfeasance, nonfeasance, or malfeasance in office.
5. A board shall adopt bylaws and shall elect one director as chairperson and one director as vice chairperson, each for a term of two years, and shall appoint a secretary who need not be a director.
6. A majority of the membership of a board of directors shall constitute a quorum for the purpose of holding a meeting of the board. The affirmative vote of a majority of a quorum shall be necessary for any action taken by an authority unless the authority’s bylaws specify those particular actions of the authority requiring a greater number of affirmative votes. A vacancy in the membership of the board shall not impair the rights of a quorum to exercise all the rights and perform all the duties of the authority.

2010 Acts, ch 1116, §6

466B.25 Activities coordination.
In all activities of a watershed management authority, the authority may coordinate its activities with the department of natural resources, the department of agriculture and land stewardship, councils of governments, public drinking water utilities, and soil and water conservation districts.

2010 Acts, ch 1116, §7

466B.26 through 466B.30 Reserved.

SUBCHAPTER III
WATERSHED PLANNING ACTIVITIES

466B.31 Watershed planning advisory council.
1. A watershed planning advisory council is established for purposes of assembling a
IV-1085  WATER PROTECTION AND WATERSHED MANAGEMENT, §466B.31

diverse group of stakeholders to review research and make recommendations to various
state entities regarding methods to protect water resources in the state, assure an adequate
supply of water, mitigate and prevent floods, and coordinate the management of those
resources in a sustainable, fiscally responsible, and environmentally responsible manner.
The advisory council may seek input from councils of governments or other organizations in
the development of its recommendations. The advisory council shall meet once a year and
at other times as deemed necessary to meet the requirements of this section. The advisory
council may appoint a task force to assist the advisory council in completing its duties.
2. The watershed planning advisory council shall consist of all of the following members:
   a. The voting members of the advisory council shall include all of the following:
      (1) One member selected by the Iowa association of municipal utilities.
      (2) One member selected by the Iowa league of cities.
      (3) One member selected by the Iowa association of business and industry.
      (4) One member selected by the Iowa water pollution control association.
      (5) One member selected by the Iowa rural water association.
      (6) One member selected by growing green communities.
      (7) One member selected by the Iowa environmental council.
      (8) One member selected by the Iowa farm bureau federation.
      (9) One member selected by the Iowa corn growers association.
      (10) One member selected by the Iowa soybean association.
      (11) One member selected by the Iowa pork producers council.
      (12) One member selected by the soil and water conservation districts of Iowa.
      (13) One person representing the department of agriculture and land stewardship selected
           by the secretary of agriculture.
      (14) One person representing the department of natural resources selected by the director.
      (15) Two members selected by the Iowa conservation alliance.
      (16) One member selected by the Iowa drainage district association.
      (17) One member selected by the agribusiness association of Iowa.
      (18) One member selected by the Iowa floodplain and stormwater management
           association.
      (19) One member selected by Iowa rivers revival.
   b. The nonvoting members of the advisory council shall include all of the following:
      (1) Two members of the senate. One senator shall be appointed by the majority leader of
          the senate and one senator shall be appointed by the minority leader of the senate.
      (2) Two members of the house of representatives. One member shall be appointed by the
          speaker of the house of representatives and one member shall be appointed by the minority
          leader of the house of representatives.
3. By December 1 of each year, the watershed planning advisory council shall submit
a report to the governor, the general assembly, the department of agriculture and land
stewardship, the department of natural resources, and the water resources coordinating
council. The report shall include recommendations regarding all of the following:
   a. Improving water quality and optimizing the costs of voluntarily achieving and
      maintaining water quality standards.
   b. Creating economic incentives for voluntary nonpoint source load reductions, point
      source discharge reductions beyond those required by the federal Water Pollution Control
      Act, implementation of pollution prevention programs, wetland restoration and creation,
      and the development of emerging pollution control technologies.
   c. Facilitating the implementation of total maximum daily loads, urban storm water
      control programs, and nonpoint source management practices required or authorized under
      the federal Water Pollution Control Act. This paragraph shall not be construed to obviate
      the requirement to develop a total maximum daily load for waters that do not meet water
      quality standards as required by section 303(d) of the federal Water Pollution Control Act
      or to delay implementation of a total maximum daily load that has been approved by the
      department of natural resources and the director.
   d. Providing incentives, methods, and practices for the development of new and more
      accurate and reliable pollution control quantification protocols and procedures, including but
not limited to development of policy based on information and data that is publicly available and that can be verified and evaluated.

e. Providing greater flexibility for broader public involvement through community-based, nonregulatory, and performance-driven watershed management planning.

f. Assigning responsibility for monitoring flood risk, flood mitigation, and coordination with federal agencies.

g. Involving cities, counties, and other local and regional public and private entities in watershed improvement including but not limited to incentives for participation in a watershed management authority created under this chapter.

4. Each year, the voting members of the advisory council shall designate one voting member as chairperson.

SUBCHAPTER IV
WATER QUALITY INITIATIVE — NUTRIENTS

466B.41 Definitions.
As used in this subchapter, unless the context otherwise requires:

1. “Center” means the Iowa nutrient research center established pursuant to section 466B.47.

2. “Council” means the Iowa nutrient research center advisory council established pursuant to section 466B.48.

3. “Division” means the division of soil conservation and water quality created within the department of agriculture and land stewardship pursuant to section 159.5.

4. “Fund” means the water quality initiative fund created in section 466B.45.

5. “Nutrient” includes nitrogen and phosphorus.

466B.42 Water quality initiative.
The division shall establish a water quality initiative in order to assess and reduce nutrients in this state’s watersheds, including subwatersheds and regional watersheds, and for implementing its responsibilities under the Iowa nutrient reduction strategy. The division shall establish and administer projects to reduce nutrients in surface waters from nonpoint sources in a scientific, reasonable, and cost-effective manner. The division shall utilize a pragmatic, strategic, and coordinated approach with the goal of accomplishing reductions over time. To evaluate the progress achieved over time toward the goals of the Iowa nutrient reduction strategy and the United States environmental protection agency gulf hypoxia action plan, the baseline condition shall be calculated for the time period from 1980 to 1996.

Referred to in §466B.43, 466B.44

466B.43 Water quality agriculture infrastructure programs.

1. As part of the water quality initiative established pursuant to section 466B.42, the division shall administer water quality agriculture infrastructure programs created in this section.

2. The purpose of the programs is to support projects for the installation of infrastructure, including conservation structures, practices, or other measures that reduce contributing nutrient loads, associated sediment, or contaminants from sources to surface waters including but not limited to surface waters on the impaired waters list of the state that are used as a drinking water supply. The programs shall be administered in a manner that is consistent with the Iowa nutrient reduction strategy.
3. An edge-of-field infrastructure program is created. The program shall support projects located on agricultural land, which may include demonstration projects, that capture or filter nutrients entering into a surface water. The program’s projects shall be limited to infrastructure designed and installed for use over multiple years, including but not limited to wetlands, bioreactor systems, saturated buffers, or land use changes. The program shall be financed on a cost-share basis.

4. An in-field infrastructure program is created. The program shall support projects located on agricultural land, which may include demonstration projects, that decrease erosion and precipitation-induced surface runoff, increase water infiltration rates, and increase soil sustainability. The program’s projects shall be limited to infrastructure designed and installed for use over multiple years, including but not limited to structures, terraces, and waterways located on cropland or pastureland, and including but not limited to soil conservation or erosion control structures or managed drainage systems. The program shall be financed on a cost-share basis.

5. Any state moneys used to finance a project under a water quality agriculture infrastructure program shall be administered according to an agreement entered into by the division and the owner of the land where the infrastructure is to be installed. The agreement shall include standard terms and conditions for the receipt of program moneys and any other terms and conditions the division deems necessary or convenient for the efficient administration of the project or program. The division may support multiple installations of infrastructure on a single parcel of land. The division may also combine programs if cost effective. The division may annually use an amount of not more than four percent of the moneys used to support each program for administrative purposes.

6. By October 1, 2019, and each October 1, thereafter, the division shall submit a report to the governor and the general assembly itemizing expenditures, by hydrologic unit code 8 watersheds, under the programs during the previous fiscal year, if any.

7. Any information obtained by the division identifying a person holding a legal interest in agricultural land or specific agricultural land shall be a confidential record under section 22.7.

Referred to in §8.57B

§466B.44 Water quality urban infrastructure program.

1. As part of the water quality initiative established pursuant to section 466B.42, the division shall administer a water quality urban infrastructure program.

2. The purpose of the program is to support watershed projects and advance implementation of the Iowa nutrient reduction strategy, which program support may include demonstration projects that decrease erosion, precipitation-induced surface runoff, and storm water discharges and that increase water infiltration rates. The program’s projects shall be based on Iowa’s storm water management manual published by the department of natural resources.

3. The program shall be financed on a cost-share basis or through cooperative agreements with watershed projects funded through section 455B.199 whose project activities fall outside the territorial boundaries of a city.

4. Any state moneys used to finance a project under a water quality urban infrastructure program shall be administered according to an agreement entered into by the division and the owner of the land where the infrastructure is to be installed. The agreement shall include standard terms and conditions for the receipt of program moneys and any other terms and conditions the division deems necessary or convenient for the efficient administration of the project or program. The division may support multiple installations of infrastructure on a single parcel of land. The division may annually use an amount of not more than four percent of the moneys used to support the program for administrative purposes.

5. Notwithstanding any other provision in this section to the contrary, beginning on July 1, 2018, the division may use any amount available to support the water quality urban infrastructure program to instead extend and support the three-year data collection of in-field agricultural practices project as enacted in 2015 Iowa Acts, ch. 132, §18.
6. Notwithstanding any other provision of this section to the contrary, the division may use any amount available to support the water quality urban infrastructure program to develop and maintain an online resource displaying measurable indicators of desirable change in water quality within the state’s watersheds. These measurable indicators may include but are not limited to public and private funding inputs, involvement in water quality projects, and improvements, land use, practice adoption, calculated load reduction, and measured loads at existing monitoring stations.

7. By October 1, 2019, and by October 1 of each year thereafter, the division shall submit a report to the governor and the general assembly itemizing expenditures under the program, if any, during the previous fiscal year.

8. Any information obtained by the division identifying a person holding a legal interest in land or specific land shall be a confidential record under section 22.7.

Referred to in §16.134A

466B.45 Water quality initiative fund.
1. A water quality initiative fund is created in the state treasury under the management and control of the division.
2. The fund shall include moneys appropriated by the general assembly. The fund may include other moneys available to and obtained or accepted by the division, including moneys from public or private sources.
3. Moneys in the fund are appropriated to the division and shall be used exclusively to carry out the provisions of this subchapter as determined by the division, and shall not require further special authorization by the general assembly.
4. a. Notwithstanding section 12C.7, interest or earnings on moneys in the fund shall be credited to the fund.
   b. Notwithstanding section 8.33, moneys appropriated or otherwise credited to the fund for a fiscal year shall not revert to the fund from which appropriated at the close of the fiscal year for which the appropriation was made but shall remain available for expenditure for the purposes designated until the close of the fiscal year that begins three years from the beginning date of the fiscal year for which the appropriation was made.

Referred to in §466B.41

466B.46 Iowa nutrient research fund — creation and purpose.
1. An Iowa nutrient research fund is created in the state treasury under the management and control of the center.
2. The fund shall include all of the following:
   a. Moneys appropriated by the general assembly.
   b. Moneys appropriated from the agricultural management account of the groundwater protection fund pursuant to section 455E.11, subsection 2, paragraph “b”, subparagraph (3), subparagraph division (a).
   c. Moneys assessed and collected by or on behalf of the department of natural resources to be credited to the fund as provided in sections 455B.109, 459.602, 459.603, 459.604, 459A.502, and 459B.402.
   d. Moneys accepted by the center from public or private sources.
3. Moneys in the fund are appropriated to the center and shall be used exclusively by the center to carry out its purpose as described in section 466B.47.
4. a. Notwithstanding section 12C.7, interest or earnings on moneys in the fund shall be credited to the fund.

SUBCHAPTER I
ESTABLISHMENT

Refer to in §331.382, 468.393, 468.397, 468.405

PART 1
GENERAL

468.1 Jurisdiction to establish.
The board of supervisors of any county shall have jurisdiction, power, and authority at any regular, special, or adjourned session, to establish a drainage district or districts, and to locate and establish levees, and cause to be constructed as hereinafter provided any levee, ditch, drain, or watercourse, or settling basins in connection therewith, or to straighten, widen,
deepen, or change any natural watercourse, in such county, whenever the same will be of public utility or conducive to the public health, convenience or welfare.

[C73, §1207; C97, §1939; S13, §1989-a1; C24, 27, 31, 35, 39, §7421; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.1]
89 Acts, ch 126, §2
CS89, §468.1

468.2 Presumption and construction of laws.
1. The drainage of surface waters from agricultural lands and all other lands, including state-owned lakes and wetlands, or the protection of such lands from overflow shall be presumed to be a public benefit and conducive to the public health, convenience, and welfare.

2. The provisions of this subchapter and all other laws for the drainage and protection from overflow of agricultural or overflow lands shall be liberally construed to promote leveeing, ditching, draining, and reclamation of wet, swampy, and overflow lands.

[C13, §1989-a1, -a46; C24, 27, 31, 35, 39, §7422, 7594; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.2, 455.182]

468.3 Definitions.
1. As used in this chapter, unless the context otherwise requires, the term “adjusted competitive bid threshold” means the same as the adjusted competitive bid threshold for vertical infrastructure applicable to counties as established by the state department of transportation pursuant to section 314.1B.

2. The term “appraisers” shall mean the persons appointed and qualified to ascertain the value of all land taken and the amount of damage arising from the construction of levee or drainage improvements.

3. Within the meaning of this subchapter, parts 1 through 5 and 7, and subchapter II, part 1, the term “board” shall embrace the board of supervisors, the joint boards of supervisors in case of intercounty levee or drainage districts, and the board of trustees in case of a district under trustee management.

4. As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

5. The term “commissioners” shall mean the persons appointed and qualified to classify lands, fix percentages of benefits, apportion and assess costs and expenses in any levee or drainage district, unless otherwise specifically indicated by law.

6. The term “cost of improvements” means the costs of any improvement which is subject to special assessment including, but not limited to, the costs of engineering, preliminary reports, property valuations, estimates, plans, specifications, notices, acquisition of land, easements, rights-of-way, construction, repair, supervision, inspection, testing, notices and publication, interest during construction and for a reasonable period following the completion of construction, and may include the default fund which shall amount to not more than ten percent of the total cost of an improvement assessed against benefited property.

7. The term “engineer” or “civil engineer”, within the meaning of this subchapter, parts 1 through 5 and 7, subchapter II, parts 1, 4, 5, and 6, and subchapter V, shall mean a person licensed as a professional engineer under the provisions of chapter 542B.

8. The term “land surveyor” shall mean a person licensed as a professional land surveyor under the provisions of chapter 542B.

9. For the purpose of this subchapter, parts 1 through 5 and 7, and with reference to improvements along or adjacent to the Missouri river, the word “levee” shall be construed to include, in addition to its ordinary and accepted meaning, embankments, revetments, retards, or any other approved system of construction which may be deemed necessary to adequately
§468.4 General rule for location.

The levees, ditches, or drains herein provided for shall, so far as practicable, be surveyed and located along the general course of the natural streams and watercourses or in the general course of natural drainage of the lands of said district; but where it will be more economical or practicable such ditch or drain need not follow the course of such natural streams, watercourses, or course of natural drainage, but may straighten, shorten, or change the course of any natural stream, watercourse, or general course of drainage.

[S13, §1989-a2; C24, 27, 31, 35, 39, §7425; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.5]
89 Acts, ch 126, §2
CS89, §468.4

§468.5 Location across railroad.

When any such ditch or drain crosses any railroad right-of-way, it shall when practicable be located at the place of the natural waterway across such right-of-way, unless said railroad company shall have provided another place in the construction of the roadbed for the flow of the water; and if located at the place provided by the railroad company, such company shall be estopped from afterwards objecting to such location on the ground that it is not at the place of the natural waterway.

[S13, §1989-a2; C24, 27, 31, 35, 39, §7426; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.6]
89 Acts, ch 126, §2
CS89, §468.5

§468.6 Number of petitioners required.

Two or more owners of lands named in the petition described in section 468.8, may file in the office of the county auditor a petition for the establishment of a levee or drainage district, including a district which involves only the straightening of a creek or river. If the district described in the petition is a subdistrict, one or more owners of land affected by the proposed improvement may petition for such district.

[S13, §1989-a2, -a23; C24, 27, 31, 35, 39, §7427, 7428; C46, §455.7, 455.8; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.7]
89 Acts, ch 126, §2
CS89, §468.6

§468.7 Request by nonpetitioners.

In the event two or more landowners included in the proposed district other than the petitioners request a classification prior to the establishment of said district, they shall file in writing their request and execute a bond as required in section 468.9 to cover the expense of such classification if the district is not established. Such written request and the bond shall be filed before the board establishes a district.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §455.8]
89 Acts, ch 126, §2
CS89, §468.7

§468.8 Petition.

The petition shall set forth:
1. An intelligible description, by congressional subdivision or otherwise, of the lands suggested for inclusion in the district.
2. That said lands are subject to overflow or are too wet for cultivation or subject to erosion or flood danger.
3. That the public benefit, utility, health, convenience, or welfare will be promoted by the suggested improvements.
4. The suggested starting point, route, terminus and lateral branches of the proposed improvements.
5. In the event the petitioners request a classification before the establishment of the district, the petition shall include a request that the district be classified as provided in sections 468.38 through 468.44 after the board has approved the report of the engineer as a tentative plan but before the district is finally established.

[S13, §1989-a2; C24, 27, 31, 35, 39, §7429; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.9]
89 Acts, ch 126, §2
CS89, §468.8
Referred to in §468.8

468.9 Bond.
1. There shall be filed with the petition a bond in an amount fixed and with sureties approved by the auditor, conditioned for the payment of all costs and expenses incurred in the proceedings in case the district is not finally established.
2. No preliminary expense shall be incurred before the establishment of such proposed improvement district by the board in excess of the amount of bond filed by the petitioners. In case it is necessary to incur any expense in addition to the amount of such bond, the board of supervisors shall require the filing of an additional bond by the petitioners and shall not proceed with the preliminary survey or authorize any additional expense until the additional bond is filed in a sufficient amount to cover such expense.

[S13, §1989-a2; C24, 27, 31, 35, 39, §7430, 7431; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.10, 455.11]

468.10 Engineer.
1. The board shall at its first session thereafter, regular, special, or adjourned, examine the petition and if it be found sufficient in form and substance, shall appoint a disinterested and competent civil engineer who shall give bond to the county for the use of the proposed levee or drainage district, if it be established, and if not established, for the use of the petitioners, in amount and with sureties to be approved by the auditor, and conditioned for the faithful and competent performance of the engineer’s duties.
2. Any engineer employed under the provisions of this subchapter, parts 1 through 5 shall receive such compensation per diem as shall be fixed and determined by the board of supervisors.
3. The board may at any time terminate the contract with, and discharge the engineer.
4. The engineer shall keep an accurate record of the kind of work done by the engineer, the place where done, and the time engaged therein, and shall file an itemized statement thereof with the auditor. No expenses shall be incurred by the engineer except upon authority of the board, and vouchers shall be filed with the claims therefor.

468.11 Survey.
1. The engineer shall examine the lands described in the petition and any other lands
§468.11 LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS

which would be benefited by said improvement or necessary in carrying out the purposes of the petition.

2. The engineer shall locate and survey such ditches, drains, levees, settling basins, pumping stations, and other improvements as will be necessary, practicable, and feasible in carrying out the purposes of the petition and which will be of public benefit or utility, or conducive to public health, convenience, or welfare.

[S13, §1989-a2; C24, 27, 31, 35, 39, §7437; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.17]

468.12 Report.

1. The engineer shall make full written report to the county auditor, setting forth:

a. The starting point, route, and terminus of each ditch, drain, and levee and the character and location of all other improvements.

b. A plat and profile, showing all ditches, drains, levees, settling basins, and other improvements, the course, length, and depth of each ditch, the length, size, and depth of each drain, and the length, width, and height of each levee, through each tract of land, and the particular descriptions and acreage of the land required from each forty-acre tract or fraction thereof as right-of-way, or for settling basin or basins, together with the congressional or other description of each tract and the names of the owners thereof as shown by the transfer books in the office of the auditor. Said plat shall describe the width of the right-of-way to be taken from each forty-acre tract or fraction thereof.

c. The boundary of the proposed district, including therein by color or other designation other lands that will be benefited or otherwise affected by the proposed improvements, together with the location, size, and elevation of all lakes, ponds, and deep depressions therein.

d. Plans for the most practicable and economic place and method for passing machinery, equipment, and material required in the construction of said improvements across any highways, railroads, and other utilities within the proposed district.

e. The probable cost of the proposed improvements, together with such other facts and recommendations as the engineer shall deem material.

2. Where the proposed district contemplates as its object flood control or soil conservance the engineer shall include in the report data describing any soil conservance or flood control improvements, the nature of the improvements, and other data as prescribed by the department of natural resources.

468.13 Procedure on report — classification.

1. Upon the filing of the report of the engineer recommending the establishment of the levee or drainage district, the board shall at its first regular, adjourned, or special meeting examine and consider the same, and, if the plan is not approved the board may employ the same engineer or another disinterested engineer to report another plan or make additional examination and surveys and file an additional report covering such matters as the board may direct. Additional surveys and reports must be made in accordance with the provisions of sections 468.11 and 468.12. At any time prior to the final adoption of the plans they may be amended, and as finally adopted by the board shall be conclusive unless the action of the board in finally adopting them shall be appealed from as provided in this subchapter.

2. If the petition or other landowners requested a classification of the district prior to
establishment, the board shall order a classification as provided by sections 468.38 through 468.44 after they have approved the report of the engineer as a tentative plan. The notice of hearing provided by section 468.14 shall also include the requirements of the notice of hearing provided in section 468.45 as to this classification, and the hearing on the petition provided in section 468.21 shall also include the matters to be heard as provided in section 468.46.

3. If the board establishes the district as provided in section 468.22, the classification which is finally approved at the hearing by the board shall remain the basis of all future assessments for the purposes of said district as provided in section 468.49. The landowners shall have the same right of appeal from this classification as they would have if the petition had not requested a classification prior to establishment and the classification had been made after establishment.

[S13, §1989-a3; C24, 27, 31, 35, 39, §7439; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.19]

468.14 Notice of hearing.

When any plan and report of the engineer has been approved by the board, such approval shall be entered of record in its proceedings as a tentative plan only for the establishment of said improvement. Thereupon it shall enter an order fixing a date for the hearing upon the petition not less than forty days from the date of the order of approval, and directing the auditor immediately to cause notice to be given to the owner of each tract of land or lot within the proposed levee or drainage district as shown by the transfer books of the auditor’s office, including railway companies having right-of-way in the proposed district and to all lienholders or encumbrancers of any land within the proposed district without naming them, and also to all other persons whom it may concern, and without naming individuals all actual occupants of the land in the proposed district, of the pendency and prayer of the said petition, the favorable report thereon by the engineer, and that such report may be amended before final action, the approval thereof by the board as a tentative plan, and the day and the hour set for hearing on said petition and report, and that all claims for damages except claims for land required for right-of-way, and all objections to the establishment of said district for any reason must be made in writing and filed in the office of the auditor at or before the time set for such hearing.

[S13, §1989-a3; C24, 27, 31, 35, 39, §7440; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.20]

468.15 Service by publication — copy mailed — proof.

The notice provided in section 468.14 shall be served by publication as provided in section 331.305 before the hearing except that the notice shall be published at least twenty days before the hearing date. Proof of the service shall be made by affidavit of the publisher. Copy of the notice shall also be sent by ordinary mail to each person and to the clerk or recorder of each city named in the notice at that person’s last known mailing address unless there is on file an affidavit of the auditor, or of a person designated by the board to make the necessary investigation, stating that no mailing address is known and that diligent inquiry has been made to ascertain it. The copy of notice shall be mailed not less than twenty days before
the day set for hearing and proof of the service shall be by affidavit of the auditor. Proofs of service required by this section shall be on file at the time the hearing begins.

468.16 Service on agent.

1. If any person, corporation, or company owning or having interest in any land or other property affected by any proposed improvement under this chapter files an instrument in writing with the auditor designating the name and post office address of the agent of the person, corporation, or company upon whom service of notice of the proceeding shall be made, the auditor shall, not less than twenty days prior to the date set for hearing upon the petition, send a copy of the notice by certified mail addressed to the agent so designated. Proof of service shall be made by affidavit of the auditor filed in the proceeding at or before the date of the hearing upon the petition, and such service shall be in lieu of all other service of notice to such persons, corporations, or companies.

2. This designation when filed shall be in force for a period of five years thereafter and shall apply to all proceedings under this chapter during such period. The person, company, or corporation making such designation shall have the right to change the agent appointed in the designation or to amend the designation in any other particular.

[S13, §1989-a3; C24, 27, 31, 35, 39, §7442; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.22]

Section amended

468.17 Personal service.

In lieu of publication, personal service of said notice may be made upon any owner of land in the proposed district, or upon any lienholder or other person interested in the proposed improvement, in the manner and for the time required for service of original notices in the district court. Proof of such service shall be on file with the auditor on the date of said hearing.

[S13, §1989-a3; C24, 27, 31, 35, 39, §7443; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.23]

468.18 Waiver of notice.

No service of notice shall be required upon any person who shall file with the auditor a statement in writing, signed by the person, waiving notice, or who enters an appearance in the proceedings. The filing of a claim for damages or objections to the establishment of said district or other pleading shall be deemed an appearance.

[S13, §1989-a3; C24, 27, 31, 35, 39, §7444; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.24]

468.19 Waiver of objections and damages.

Any person, company, or corporation failing to file any claim for damages or objections to the establishment of the district at or before the time fixed for said hearing, except claims for
land required for right-of-way, or for settling basins, shall be held to have waived all objections and claims for damages.

[S13, §1989-a4; C24, 27, 31, 35, 39, §7445; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.25]

468.20 Adjournment for service — jurisdiction retained.
If at the date set for hearing, it shall appear that any person entitled to notice has not been properly served with notice, the board may postpone said hearing and set another time for the same not less than thirty days from said date, and notice of such hearing as hereinbefore provided shall be served on such omitted parties. By fixing such new date for hearing and the adjournment of said proceeding to said date, the board shall not lose jurisdiction of the subject matter of said proceeding nor of any parties already served with notice.

[S13, §1989-a3; C24, 27, 31, 35, 39, §7446; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.26]

CS89, §468.20
Referred to in §468.207

468.21 Hearing of petition — dismissal.
The petition may be amended at any time before final action on the petition. At the time set for hearing on the petition, the board shall hear and determine the sufficiency of the petition in form and substance and all objections filed against the establishment of such district, and the board may view the premises included in the said district. If the board finds that the construction of the proposed improvement will not materially benefit said lands or would not be for the public benefit or utility nor conducive to the public health, convenience, or welfare, or that the cost thereof is excessive, the board shall dismiss the proceedings.

468.22 Establishment — further investigation.
If the board shall find that such petition complies with the requirements of law in form and substance, and that such improvement would be conducive to the public health, convenience, welfare, benefit, or utility, and that the cost thereof is not excessive, and no claim shall have been filed for damages, it may locate and establish the said district in accordance with the recommendation of the engineer and the report and plans on file; or it may refuse to establish the proposed district if it deem best, or it may direct the engineer or another one employed for that purpose to make further examinations, surveys, plats, profiles, and reports for the modification of said plans, or for new plans in accordance with sections 468.11 and 468.12, and continue further hearing to a fixed date. All parties over whom the board then has jurisdiction shall take notice of such further hearing; but any new parties rendered necessary by any modification or change of plans shall be served with notice as for the original establishment of a district. The county auditor shall appoint three appraisers as provided for in section 468.24 to assess the value of the right-of-way required for open ditches or other improvements.

§468.23 Settling basins — purchase or lease of lands.
If a settling basin or basins are provided as a part of a drainage improvement, the board of supervisors may buy or lease the necessary lands in lieu of condemning said lands. The board may by purchase acquire the necessary lands required for right-of-way for open ditches or other improvements in lieu of condemning said lands.

§468.24 Appraisers.
If the board shall find that such improvement will materially benefit said lands, will be conducive to the public health, convenience, welfare, benefit, or utility, and that the law has been complied with as to form and substance of the petition, the service of notice, and the survey and report of the engineer, and that said improvement should be made, then if any claims for damages shall have been filed, further proceedings shall be continued to an adjourned, regular, or special session, the date of which shall be fixed at the time of adjournment, and of which all interested parties shall take notice, and the auditor shall appoint three appraisers to assess damages, one of whom shall be an engineer, and two freeholders of the county who shall not be interested in nor related to any person interested in the proposed improvement, and the said appraisers shall take and subscribe an oath to examine the said premises, ascertain and impartially assess all damages according to their best judgment, skill, and ability.

§468.25 Assessment — report — adjournment — other appraisers.
The appraisers appointed to assess damages shall view the premises and determine and fix the amount of damages to which each claimant is entitled, and shall place a separate valuation upon the acreage of each owner taken for right-of-way for open ditches or for settling basins, as shown by plat of engineer, and shall, at least five days before the date fixed by the board to hear and determine the same, file with the county auditor reports in writing, showing the amount of damage sustained by each claimant. Should the report not be filed in time, or should any good cause for delay exist, the board may postpone the time of final action on the subject, and, if necessary, the auditor may appoint other appraisers.

§468.27 Dismissal or establishment — permanent easement.
1. The board shall at the meeting, or at an adjourned session of the meeting, consider the costs of construction of the improvement as shown by the reports of the engineer and the
amount of damages and compensation awarded to all claimants. If, in the board’s opinion, the costs of construction and amount of damages awarded create a greater burden than should justly be borne by the lands benefited by the improvement, the board shall then dismiss the petition and assess the costs and expenses to the petitioners and their sureties. However, if the board finds that the cost and expense is not a greater burden than should be justly borne by the land benefited by the improvement, then the board shall finally and permanently locate and establish the district and improvement.

2. Following the establishment of the district, the drainage district is deemed to have acquired by permanent easement all rights-of-way for drainage district ditches, tile lines, settling basins and other improvements, unless the rights-of-way are acquired by fee simple, in the dimensions shown on the survey and report made in compliance with sections 468.11 and 468.12 or as shown on the permanent survey, plat, and profile, if one is made. Upon the establishment of the district, the petitioners shall file with the county auditor the survey and report or permanent survey, plat, and profile, as set forth in sections 468.172 and 468.173. This filing constitutes constructive notice to all persons of the rights conferred by this section. The permanent easement includes the right of ingress and egress across adjoining land and the right of access for maintenance, repair, improvement, and inspection. The owner or lessee shall be reimbursed for any crop damages incurred in the maintenance, repair, improvement, and inspection except within the right-of-way of the drainage district.

468.28 Dismissal on remonstrance.
If, at or before the time set for final hearing as to the establishment of a proposed levee, drainage, or improvement district, except subdrainage district, there shall have been filed with the county auditor, or auditors, in case the district extends into more than one county, a remonstrance signed by a majority of the landowners in the district, and these remonstrants must in the aggregate own seventy percent or more of the lands to be assessed for benefits or taxed for said improvements, remonstrating against the establishment of said levee, drainage, or improvement district, setting forth the reasons therefor, the board or boards as the case may be, shall assess to the petitioners and their sureties or apportion the costs among them as the board or boards may deem just or as said parties may agree upon. When all such costs have been paid, the board or boards of supervisors shall dismiss said proceedings and cause to be filed with the county auditor all surveys, plats, reports, and records in relation to the proposed district.

[C24, 27, 31, 35, 39, §7453; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.34]

468.29 Dissolution.
When for a period of two years from and after the date of the establishment of a drainage district, or when an appeal is taken or litigation brought against said district within two years from the date such appeal or litigation is finally determined, no contract shall have been let or work done or drainage certificates or bonds issued for the construction of the improvements in such district, a petition may be filed in the office of the auditor, addressed to the board of supervisors, signed by a majority of the persons owning land in such district and who, in the aggregate, own sixty percent or more of all the land embraced in said district, setting forth the above facts and reciting that provision has been made by the petitioners for the payment of all costs and expenses incurred on account of such district. The board shall examine such petition at its next meeting after the filing thereof, and if found to comply with the above requirements, shall dissolve and vacate said district by resolution entered upon its records,
to become effective upon the payment of all the costs and expenses incurred in relation to said district. In case of such vacation and dissolution and upon payment of all costs as herein provided, the auditor shall note the same on the drainage record, showing the date when such dissolution became effective.

468.34 Advertisement for bids.
The board shall publish notice once each week for two consecutive weeks in a newspaper published in the county where the improvement is located, and publish additional advertisement and publication elsewhere as the board may direct. The notice shall state the time and place of letting the work of construction of the improvement, specifying the approximate amount of work to be done in each numbered section of the district, the time
fixed for the commencement, and the time of the completion of the work, that bids will
be received on the entire work and in sections or divisions of it, and that a bidder will be
required to deposit a bid security with the county auditor as provided in section 468.35. All
notices shall set the date that bids will be received and upon which the work will be let.
However, when the estimated cost of the improvement is less than the adjusted competitive
bid threshold, the board may let the contract for the construction without taking bids and
without publishing notice.

468.35 Bids — letting of work.
1. The board shall award a contract or contracts for each section of the work to the
lowest responsible bidder or bidders therefor, bids to be submitted, received, and acted
upon separately as to the main drain and each of the laterals, and each settling basin, if any,
exercising their own discretion as to letting such work as to the main drain as a whole, or as
to each lateral as a whole, or by sections as to both main drain and laterals, and reserving
the right to reject any and all bids and readvertise the letting of the work.

2. A bid shall be in writing, specifying the portion of the work upon which the bid is made,
and filed with the auditor. The bid shall be accompanied with a bid security. The bid security
shall be in the form of a deposit of cash, a certified check on and certified by a bank in Iowa,
a certified share draft drawn on a credit union in Iowa, or a bid bond with a corporate surety
satisfactory to the board as provided in section 73A.20. The bid security must be payable to
the auditor or the auditor’s order at the auditor’s office in a sum equal to five percent of the
amount of the bid. However, if the maximum limit on a bid security would cause a denial
of funds or services from the federal government which would otherwise be available, or if
the maximum limit would otherwise be inconsistent with the requirements of federal law, the
maximum limit may be suspended to the extent necessary to prevent denial of federal funds
or services to or eliminate the inconsistency with federal requirements. The cash, check, or
share draft of an unsuccessful bidder shall be returned, and the bid bond of an unsuccessful
bidder shall be canceled. The bid security of a successful bidder shall be maintained as a
guarantee that the bidder will enter into a contract in accordance with the bids.

Referred to in §468.34

468.36 Performance bond — return of deposit.
A successful bidder is required to execute a bond with sureties approved by the auditor in
favor of the county for the use and benefit of the levee or drainage district and all persons
entitled to liens for labor or material in an amount not less than seventy-five percent of the
contract price of the work to be done, conditioned for the timely, efficient, and complete
performance of the contract, and the payment, as they become due, of all just claims for
labor performed and material used in carrying out the contract. When a contract is executed
and bond approved by the board, the cash, certified check, or certified share draft deposited
with the bid shall be returned to the bidder.

§468.39 Duties — time for performance — scale of benefits.

At the time of appointing said commissioners, the board shall fix the time within which said assessment, classification, and apportionment shall be made, which may be extended for good cause shown. Within twenty days after their appointment, they shall begin to inspect and classify all the lands within said district, or any change, extension, enlargement, or relocation thereof in tracts of forty acres or less according to the legal or recognized subdivisions, in a graduated scale of benefits to be numbered according to the benefit to be received by each of such tracts from such improvement, and pursue said work continuously until completed and, when completed, shall make a full, accurate, and detailed report thereof and file the same with the auditor. The lands receiving the greatest benefit shall be marked on a scale of one hundred, and those benefited in a less degree with such percentage of one hundred as the benefits received bear in proportion thereto. They shall also make an equitable apportionment of the costs, expenses, fees, and damages computed on the basis of the percentages fixed.

§468.40 Rules of classification.

1. The report of the commissioners shall specify each tract of land by proper description, and the ownership thereof, as the same appears on the transfer books in the auditor’s office.
2. In estimating the benefits as to the lands not traversed by said improvement, the commissioners shall not consider what benefits such land shall receive after some other improvements shall have been constructed, but only the benefits which will be received by reason of the construction of the improvement in question as it affords an outlet to the drainage of such lands, brings an outlet nearer to said lands, or relieves the lands from overflow and relieves and protects the lands from damage by erosion.

3. When the land is a state-owned lake or state-owned wetland, the commissioners shall ascertain the benefits realized from removing excess water and shall not consider any benefit realized if the state-owned lake or state-owned wetland were drained or converted to another land use.

468.41 Assessment for lateral ditches — reclassification of benefited lands.

1. In fixing the percentages and assessments of benefits and apportionment of costs of construction to lands benefited by lateral ditches and drains as a part of the entire improvement to be made in a drainage district, the commissioners shall ascertain and fix the percentage of benefits and apportionment of costs to the lands benefited by such lateral ditches on the same basis and in the same manner as if said lateral was, with its sublaterals, being constructed as a subdistrict as provided in this subchapter, parts 1 through 5, reporting separately:

   a. The percentage of benefits and amount accruing to each forty-acre tract or less on account of the construction of the main ditch, drain, or watercourse including pumping plant, if any.

   b. The percentage of benefits and amount accruing to each forty-acre tract or less on account of the construction of such lateral improvement.

2. When there has been a repair or improvement to a lateral ditch or drain as provided in section 468.126 and the lands benefited by the lateral have not been classified as provided in this section, the board may order a classification of the lands and the commission shall ascertain and fix the percentage of benefits and apportionment of costs to the lands benefited by such lateral ditches or drains on the same basis and in the same manner as if the lateral was with its sublaterals being constructed as a subdistrict as provided in this subchapter, parts 1 through 5. When this procedure is followed for the classification of any lateral ditch or drain in a given district, the board shall follow the same procedure for all other lateral ditches or drains in the district which have not been classified as prescribed in this section.

The commissioners to assess benefits and make apportionment of costs and expenses shall determine and assess the benefits to the property of any railroad company extending into or through the levee or drainage district, and make return thereof showing the benefit and the apportionment of costs and expenses of construction. Such assessment when finally fixed by the board shall constitute a debt due from the railroad company to the district, and unless paid it may be collected by ordinary proceedings for the district in the name of the county in any court having jurisdiction. All other proceedings in relation to railroads, except as otherwise
provided, shall be the same as provided for individual property owners within the levee or drainage district.

1. When any public highway or other public land extends into or through a levee or drainage district, the commissioners to assess benefits shall ascertain and return in their report the amount of benefits and the apportionment of costs and expenses to such highway or other public land, and the board of supervisors shall assess the same against such highway and land.

2. Such assessments against primary highways and other state-owned lands under the jurisdiction of the state department of transportation shall be paid by the state department from the primary road fund on due certification of the amount by the county treasurer to the department, and against all secondary roads and other county owned lands under the jurisdiction of the board of supervisors, from county funds.

3. When state-owned land under the jurisdiction of the department of natural resources is situated within a levee or drainage district, the commissioners assessing benefits shall ascertain and return in their report the amount of benefits and the apportionment of costs and expenses to the land, and the board of supervisors shall assess the amount against the land. In estimating benefits to land which is a state-owned lake or state-owned wetland, the commissioners shall ascertain benefits as provided in section 468.40.

4. The assessments against lands under the jurisdiction of the department of natural resources shall be paid as an expense from the appropriations addressed in section 7D.29, if authorized by the executive council upon certification of the amount by the county treasurer.

§468.44 Report of commissioners.

The commissioners, within the time fixed or as extended, shall make and file in the auditor’s office a written verified report in tabulated form as to each forty-acre tract, and each tract of less than forty acres, setting forth:

1. The names of the owners thereof as shown by the transfer books of the auditor’s office or the reports of the engineer on file, showing said entire classification of lands in said district.

2. The amount of benefits to highway and railroad property and the percentage of benefits to each of said other tracts and the apportionment and amount of assessment of cost and expense, or estimated costs or expense, against each:
   a. For main ditches, and settling basins.
   b. For laterals.
   c. For levees and pumping station.
   d. For erosion protection and control or flood control.

3. The aggregate amount of all assessments.

4. Any specific benefits other than those derived from the drainage of agricultural lands shall be separately stated.

468.45 Notice of hearing.
The board shall fix a time for a hearing upon the report of the commissioners, and the auditor shall cause notice to be served upon each person whose name appears as owner, naming the person, and also upon the person or persons in actual occupancy of any tract of land without naming the person or persons, of the day and hour of such hearing, which notice shall be for the same time and served in the same manner as is provided for the establishment of a levee or drainage district, and shall state the amount of assessment of costs and expenses of construction apportioned to each owner upon each forty-acre tract or less, and that all objections thereto must be in writing and filed with the auditor at or before the time set for such hearing.

468.47 Evidence — conclusive presumption.
At such hearing, the board may hear evidence both for and against the approval of said report or any portion thereof, but it shall not be competent to show that any of the lands in said district assessed for benefits or against which an apportionment of costs and expenses has been made will not be benefited by such improvement in some degree. Any interested party may be heard in argument in person or by counsel.

468.48 Notice of increased assessment.
The board shall cause notice to be served upon the owner of any tract of land or easement against which it is proposed to increase the assessment, requiring the owner to appear at a fixed date and show cause why such assessment should not be so increased. Such notice shall be served for the time and in the manner prescribed in section 468.15 or section 468.16, as the case may be, except that personal service in the same manner as an original notice may be made in lieu of the other methods.

468.49 Classification as basis for future assessments.
1. A classification of land for drainage, erosion or flood control purposes, when finally adopted, shall remain the basis of all future assessments for the purpose of the district unless revised by the board in the manner provided for reclassification. However, where land included in said classification has been destroyed, in whole or in part, by the erosion of
a river, or where additional right-of-way has been subsequently taken for drainage purposes, the land which has been so eroded and carried away by the action of a river or which has been taken for additional right-of-way, may be removed by the board from the district as classified, without any reclassification, and no assessment shall thereafter be made on the land so removed. Any deficiency in assessment existing as the result of said action of the board shall be spread by it over the balance of lands remaining in said district in the same ratio as was fixed in the classification of the lands, payable at the next taxing period.

2. Except districts established by mutual agreement in accordance with section 468.142 in the event any forty-acre tract or less, or any lot, tract, or parcel, as set forth in the existing classification or reclassification of any drainage district now or hereafter established, is divided into two or more tracts, whether such division is by sale or condemnation or platted as a subdivision, the classification of the original tract shall be apportioned to the resulting parcels, regardless of use, except for land taken for additional drainage right-of-way. The classification of the original tract may be apportioned between the resulting parcels by agreement between the parties to such division. The parties shall file with the county auditor a written agreement setting forth the original description and the description of the tracts as subdivided and the percentage of the original classification apportioned to each. This agreement shall bear the signature of all of the parties to the subdivision. The agreement contemplated herein may be contained in the deed or other instrument effecting the division of the land, which agreement shall be binding upon the grantee or grantees by their acceptance of such instrument and their signatures shall not be necessary. The auditor shall enter this agreement in the drainage record and amend the current classification of the district in accordance with the agreement.

3. In the event the parties to the subdivision cannot agree as to the apportionment of the percentage classification, the board of supervisors shall, upon application of either party, appoint a commission having the qualifications of commissioners, in accordance with section 468.38. The commissioners shall inspect the lands involved and apportion the existing classification of the original tract equitably and fairly to each of the several tracts as subdivided. The board shall make a full, accurate, and detailed report thereof and file the report with the county auditor within the time set by the board. The report of the commissioners shall set forth the names of the owners thereof, the description of each of the tracts and the percentage of the original classification that each such tract shall bear for main ditches and settling basins, for laterals, for levees and pumping station. Thereafter all the proceedings in relation thereto as to notice of hearing and fixing of percentage benefits shall be as in this subchapter; parts 1 through 5 and 7, provided in relation to original classification and assessments, and at such hearing, the board may affirm, increase or diminish the percentage of benefits so as to make them just and equitable, and cause the record of the existing classification, percentage of benefits or assessments, or both, to be modified accordingly. In the event the parties neither agree as to the apportionment of classification nor make application for the appointment of commissioners, then the auditor of the county in which the land is situated shall make such apportionment upon an equitable basis and enter the same of record as herein provided. No tract of land included within the boundary of any drainage district shall be exempt from drainage assessments or reassessments, except as herein provided.

468.50 Levy — interest.
When the board has finally determined the matter of assessments of benefits and apportionment, the board shall levy the assessments as fixed by it upon the lands within the district, but an assessment on a tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars. All assessments shall be levied
at that time as a tax and shall bear interest at a rate determined by the board notwithstanding
chapter 74A from that date, payable annually, except as provided as to payments within a
specified time.

If the first assessment made by the board for the original cost or for repairs of any
improvement is insufficient, the board shall make an additional assessment and levy in
the same ratio as the first for either purpose, but an assessment on any tract, parcel, or lot
within the district which is computed at less than five dollars shall be fixed at the sum of five
dollars. All assessments shall be levied at that time as a tax and, notwithstanding chapter
74A, shall bear interest at a rate determined by the board from that date, payable annually,
except as provided as to cash payments within a specified time.

468.54 Funds — disbursement — interest.
The taxes when collected shall be kept in a separate fund known as the county drainage or
levee fund and shall be paid out only for purposes properly connected with and growing out
of the county drainage and levee districts on order of the board. The auditor shall continue to
keep a record of each of the drainage and levee district’s funds so as to accurately reflect the
financial condition of each district account. The county treasurer, on order of the board of
supervisors, shall invest such funds not immediately needed for current operating expenses
in United States government bonds, in time certificates of deposit, in savings accounts in
banks as the board shall approve, in the interest-bearing obligations of the drainage and
levee districts of the county, or as provided by chapter 12C. Interest collected by the treasurer
on the funds invested shall be deposited in the county drainage or levee fund, and on July
1 of each year the auditor shall apportion and credit the interest to each drainage or levee
district account in the proportion which the average credit balance of each district bears to
the average balance of the county drainage or levee fund. The averages to be ascertained
shall be the averages of the balances existing on the first of each month during the fiscal
year immediately preceding. Interest collected on drainage or levee district taxes shall be
credited to the district for which the taxes are being collected. This section does not permit

468.55 Assessments — maturity and collection.

If a landowner selects an option provided in section 468.57, all drainage or levee tax assessments become due and payable with the first half of ordinary taxes, and shall be collected in the same manner with the same interest for delinquency and the same manner of enforcing collection by tax sales. As an alternative, the landowner may pay the annual installment in two equal payments, one-half with the September payment of ordinary taxes and one-half payable with the March payment of ordinary taxes. All drainage or levee tax assessments not optioned for installment payments by the landowner shall become due and payable within thirty days after the levy of assessments.

468.56 Payment of assessments.

All assessments for benefits, as corrected and approved by the board, shall be levied at one time against the property benefited, and when levied and certified by the board, are payable at the office of the county treasurer. A person may pay the person’s assessment in full without interest within thirty days after the levy of assessments, and before any improvement certificates or drainage bonds are issued for the assessment, and may pay a certificate at any time after issue, with accrued interest.

468.57 Installment payments — waiver.

1. If the owner of any land against which a levy exceeding five hundred dollars has been made and certified shall, within thirty days from the date of such levy, agree in writing endorsed upon any improvement certificate referred to in section 468.70, or in a separate agreement, that in consideration of having a right to pay the owner’s assessment in installments, the owner will not make any objection as to the legality of the assessment for benefit, or the levy of the taxes against the property, then such owner shall have the following options:

a. To pay one-third of the amount of the assessment at the time of filing the agreement; one-third within twenty days after the engineer in charge certifies to the auditor that the improvement is one-half completed; and the remaining one-third within twenty days after the improvement has been completed and accepted by the board. All installments shall be without interest if paid at said times, otherwise the assessments shall bear interest from the date of the levy at a rate determined by the board notwithstanding chapter 74A, payable annually, and be collected as other taxes on real estate, with like interest for delinquency.

b. To pay the assessments in not less than ten nor more than twenty equal installments, with the number of payments and interest rate determined by the board, notwithstanding chapter 74A. The first installment of each assessment, or the total amount if five hundred
dollars or less, is due and payable on July 1 next succeeding the date of the levy, unless the
assessment is filed with the county treasurer after May 31 in any year. The first installment
shall bear interest on the whole unpaid assessment from the date of the levy as set by
the board to the first day of December following the due date. The succeeding annual
installments, with interest on the whole unpaid amount, to the first day of December
following the due date, are respectively due on July 1 annually, and must be paid at the
same time and in the same manner as the first semiannual payment of ordinary taxes.
All future installments of an assessment may be paid on any date by payment of the then
outstanding balance plus interest to the next December 1, or additional annual installments
may be paid after the current installment has been paid before December 1 without interest.
A payment must be for the full amount of the next installment. If installments remain to
be paid, the next annual installment with interest added to December 1 will be due. After
December 1, if a drainage assessment is not delinquent, a property owner may pay one-half
or all of the next annual installment of principal and interest of a drainage assessment prior
to the delinquency date of the installment. When the next installment has been paid in
full, successive principal installments may be prepaid. The county treasurer shall accept
the payments of the drainage assessment, and shall credit the next annual installment or
future installments of the drainage assessment to the extent of the payment or payments,
and shall remit the payments to the drainage fund. If a property owner elects to pay one or
more principal installments in advance, the pay schedule shall be advanced by the number
of principal installments prepaid. Each installment of an assessment with interest on the
unpaid balance is delinquent from October 1 after its due date. However, when the last day
of September is a Saturday or Sunday, that amount shall be delinquent from the second
business day of October. Taxes assessed pursuant to this chapter which become delinquent
shall bear the same delinquent interest as ordinary taxes. When collected, the interest must
be credited to the same drainage fund as the drainage special assessment.
2. The provisions of this section and of sections 468.58 through 468.61 may within the
discretion of the board, also be made applicable to repairs and improvements made under
the provisions of section 468.126.

When an owner takes an appeal from the assessment against any of the owner’s land,
the option to pay in installments whatever assessment is finally established against such
land in said appeal shall continue, if within twenty days after the final determination of said
appeal the owner shall file in the office of the auditor the owner’s written election to pay in
installments, and within said period pay such installments as would have matured prior to
that time if no appeal had been taken, together with all accrued interest on said assessment

When all construction work has been completed and all cost paid, and all assessments have been paid in full, the board may refund, to the owner of each tract of land, the owner’s proportionate part of any surplus funds except such portion of the surplus as the board considers should be retained for a sinking fund to pay future maintenance and repair costs.

If, after the improvement has been finally located and before construction thereof has been completed, there has been a change of conditions of such nature that the plan of improvement as adopted should be modified or amended, the board may direct the engineer appointed under section 468.30 or another engineer, to make a report showing such changes or modifications of the plan of improvement as may be necessary to meet the change of conditions. Upon the filing of such report, the board shall have jurisdiction to adopt said modified or amended plan of improvement or may further modify or amend and adopt the same by following the procedure provided in sections 468.201 and 468.205 through 468.209 so far as same are applicable, except that awards for damages shall not be canceled where there has been no change made in the improvement which would increase or decrease the damages awarded. However, modifications and changes may be made in the plan on which hearing was held without further notice or hearing, provided the same do not increase or decrease the estimated cost to the district by more than twenty-five percent.

468.65 Reclassification.

1. When, after a drainage or levee district has been established, except districts established by mutual agreement in accordance with section 468.142, and the improvements thereof constructed and put in operation, there has been a material change as to lands occupied by highway or railroad right-of-way or in the character of the lands benefited by the improvement, or when a repair, improvement, or extension has become necessary, the board may consider whether the existing assessments are equitable as a basis for payment of the expense of maintaining the district and of making the repair, improvement or extension. If they find the same to be inequitable in any particular, they shall by resolution express such finding, appoint three commissioners possessing the qualifications prescribed in section 468.38 and order a reclassification as follows:

a. If they find the assessments to be generally inequitable they shall order a reclassification of all property subject to assessment, such as lands, highways, and railroads in said district.

b. If the inequity ascertained by the board is limited to the proportion paid by highways or railroads, a general reclassification of all lands shall not be necessary but the commissioners may evaluate and determine the fair proportion to be paid by such highways or railroads or both as provided in sections 468.42 and 468.43.

c. Any benefits of a character for which levee or drainage districts may be established and which are attributable to or enhanced by the improvement or by the repair, improvement, or extension thereof, shall be a proper subject of consideration in a reclassification notwithstanding the district may have been originally established for a limited purpose.

d. (1) If after a district has been reclassified, the board in its judgment concludes there were errors in the reclassification or there is an inequitable assessment of benefits, the board may on its own motion, after notice to the landowners involved as provided in sections 468.14 through 468.18 and by resolution, order the district or any portion of the district to again be reclassified as prescribed in this section and in section 468.67.

(2) The board may include in its resolution an order to the commissioners that they prepare special common outlet classifications, if needed, in conjunction with the reclassification of the district.
2. Such reclassification when finally adopted shall remain the basis for all future assessments unless revised as provided in this subchapter, parts 1 through 5.

468.67 Procedure governing reclassification.
The proceedings for such reclassification shall in all particulars be governed by the same rules as for original classification. The commissioners shall fix the percentage of actual benefits and make an equitable apportionment of the costs and expenses of such repairs, improvements or extensions and file a report thereof with the auditor in the same form and manner as for original classification. Thereafter, all the proceedings in relation thereto as to notice, hearing, and fixing of percentage of benefits and amount of assessments shall be as in this subchapter, parts 1 through 5, provided in relation to original classification and assessments, and at such hearing the board may affirm, increase, or diminish the percentage and assessment of benefits and apportionment of costs and expenses so as to make them just and equitable, and cause the record of the original classification, percentage of benefits, and assessments to be modified accordingly.

468.68 Drainage warrants received for assessments.
Warrants drawn upon the construction or maintenance funds of any district for which an assessment has been or must be levied, shall be transferable by endorsement, and may be acquired by any taxpayer of such district and applied at their accrued face value upon the assessment levied to create the fund against which the warrant was drawn; when the amount of the warrant exceeds the amount of the assessment, the treasurer shall cancel the warrant, and give the holder thereof a certificate for the amount of such excess, which certificate shall be filed with the auditor, who shall issue a warrant for the amount of such excess, and charge the treasurer therewith. Such certificate is transferable by endorsement, and will entitle the holder to the new warrant, made payable to the holder’s order, and bearing the original number, preceded by the following words:

Issued as unpaid balance due on warrant number ..................

468.69 Bonds received for assessments.

Bonds issued for the cost of construction, maintenance, or repair of any drainage or levee district improvements, or for the refunding of any obligation of such district may be acquired by any taxpayer or group of taxpayers of such district and applied at their face value in the order of their priority, if any priority exists between bonds of the same issue, upon the payment of the delinquent or future assessments levied against the property of such taxpayers to pay off the bonds so acquired. The interest coupons attached to such bonds may likewise be applied at their face value to the payment of assessments for interest accounts, delinquent or future.

468.70 Installment assessments — interest-bearing warrants — improvement certificates.

1. The board may provide by resolution for the payment of assessments in not more than twenty annual installments with interest at a rate determined by the board, notwithstanding chapter 74A. The board may issue warrants bearing interest at the same rate, which warrants shall be numbered and state a maturity date, in which event the warrants shall bear interest from the date of issuance without being presented for payment and marked unpaid for want of funds. The warrants may be sold by the board for cash in an amount not less than their face value, together with any accrued interest.

2. The board may provide by resolution for the issuance of improvement certificates payable to bearer or to the contractors, naming them, who have constructed the improvement or completed any part of the improvement, in payment or part payment of such work.

468.73 Sale at par — right to pay.
Any person shall have the right to pay the amount of the person’s assessment represented by any outstanding improvement certificate, with the interest thereon to the date of such payment, at any time. No improvement certificate shall be issued or negotiated for the use of the drainage district for less than par value with accrued interest up to the delivery or transfer thereof. Every such certificate, when paid, shall be delivered to the treasurer and by the treasurer surrendered to the party to whose assessment it relates.

468.74 Drainage bonds.
1. When a drainage district has been established or the making of any subsequent repair or improvement determined upon, if the board of supervisors shall find that the cost of such improvement will create assessments against the land included in the district that are greater than should be levied in a single year upon the lands benefited by the improvement, then, instead of issuing improvement certificates, as provided in sections 468.70 through 468.73, the board may fix the amount that shall be levied and collected each year until such cost and expenses are paid, and may issue drainage bonds of the county covering all assessments exclusive of assessments of one hundred dollars and less.

2. Before drainage bonds shall be issued, the governing body of the district shall cause an action for declaratory judgment to be brought in the district court of the county in which the bonds are to be issued, asking that their legality be confirmed. The court shall fix a date for hearing on the legality of the bonds and notice of hearing shall be given to the owners of each lot or tract of land within the district, which shall be affected by an assessment to pay the proposed bonds, as shown by the transfer books in the auditor’s office. Notice shall also be given to the holders of liens of record upon the affected lands and to all persons to whom it may concern without naming them specifically. The notice shall be given by publication and by mailing for the same time in advance of hearing and in the same manner prescribed in section 468.15. After the entry of the declaratory judgment adjudicating the validity of such bonds, the approval of the district court shall be endorsed on the bonds before issuance.

468.76 Amount — interest — maturity.
In no case shall the aggregate amount of all bonds issued exceed the benefits assessed. The bonds shall not be issued for a greater amount than the aggregate amount of assessments for the payment of which they are issued, nor for a longer period of maturity than twenty years. The bonds shall bear interest at a rate determined by the board, notwithstanding chapter 74A, payable semiannually, on June 1 and December 1 of each year. The interest on unpaid assessments shall be at a rate determined by the board.

468.77 Maturity — interest — highway benefits.
The board shall fix the amount, maturity, and interest of all bonds to be issued. It shall determine the amount of assessments to highways for benefits within the district to be covered by each bond issue. The taxes levied for benefits to highways and other public lands within any drainage or levee district shall be paid at the same times and in the same proportion as assessments against the lands of private owners.

468.95 Decree as to establishing district or including lands.
On appeal from the action of the board in establishing or refusing to establish said district, or in including land within the district, the court may enter such order or decree as may be equitable and just in the premises, and the clerk of said court shall certify the decree or order to the board of supervisors which shall proceed thereafter in said matter as if such order had been made by the board. The taxation of costs among the litigants shall be in the discretion of the court.

468.99 Reassessment to cure illegality.
Whenever any special assessment upon any lands within any drainage district shall have been adjudged to be void for any jurisdictional defect or for any illegality or uncertainty as to the terms of any contract and the improvement shall have been wholly completed, the board or boards of supervisors shall have power to remedy such illegality or uncertainty as to the terms of any such contract with the consent of the person with whom such contract shall have been entered into and make certain the terms of such contract and shall then cause a reassessment of such land to be made on an equitable basis with the other land in the district by taking the steps required by law in the making of an original assessment and releying the
tax in accordance with such assessment, and such tax shall have the same force and effect as though the board or boards of supervisors had jurisdiction in the first instance and no illegality or uncertainty existed in the contract.

468.100 Monthly estimate — payment.
1. The supervising engineer shall, on or before the tenth day of each calendar month, furnish the contractor and file with the auditor estimates for work done during the preceding calendar month under the contract on each section, and the auditor shall at once draw warrants in favor of such contractor on the drainage funds of the district or give the contractor an order directing the county treasurer to deliver to the contractor or contractors improvement certificates, or drainage bonds as the case may be, for ninety percent of the estimate on work done. Such monthly estimates shall remain on file in the office of the auditor as a part of the permanent records of the district to which they relate. Drainage warrants, bonds, or improvement certificates when so issued shall be in such amounts as the auditor determines, not however, in amounts in excess of five thousand dollars.

2. All of the provisions of this section shall, when applicable, apply to repair work and improvement work in the same force and effect as to original construction.

468.101 Completion of work — report — notice.
When the work to be done under a contract is completed to the satisfaction of the engineer in charge of construction, the engineer shall report and certify that the contract is completed to the board. Upon receipt of the report, the board shall set a day to consider the report and shall give notice of the time and purpose of the meeting by ordinary mail to the owners of the land on which the work was done, and to the owners of each tract of land or lot within the district by publication in a newspaper of general circulation in the county. The publication is not required to name the owners of any tract of land or lot within the district. The date for considering the report by the board shall be not less than ten days after the date of mailing, or publication, whichever is later.

468.102 Objections.
Any party interested in the said district or the improvement thereof may file objections to said report and submit any evidence tending to show said report should not be accepted. Any interested party having a claim for damages arising out of the construction of the improvement or repair shall file said claim with the board at or before the time fixed for hearing on the completion of the contract, which claim shall not include any claim for land taken for right-of-way or for severance of land.

468.103 Final settlement — claims for damages.
1. If the board finds the work under any contract has been completed and accepted,
the board shall compute the balance due, and if there are no liens on file against such balance, it shall enter of record an order directing the auditor to draw a warrant in favor of the contractor upon the levee or drainage fund of the district or give the contractor an order directing the county treasurer to deliver to the contractor improvement certificates or drainage bonds, as the case may be, for such balance found to be due, but such warrants, improvement certificates or bonds shall not be delivered to the contractor until the expiration of thirty days after the acceptance of the work.

2. If any claims for damages have been filed as provided in section 468.102, the board shall review and determine the claims. If the determination by the board on any claim for damages results in a finding by the board that the damages resulting to the claimant were due to the negligence of the contractor, then the board shall provide for payment of the claim out of the remaining funds owing to the contractor. If the determination by the board results in a finding that the damages resulting to the claimant were not due to the negligence of the contractor, but resulted from unavoidable necessity in the performance of the contract, then the board shall allow for payment of the claim in the amount fixed by the board out of the funds in the drainage district.

468.118 Abandoned right-of-way.
1. If a railroad or other utility has abandoned the use of its right-of-way for the purpose it was originally acquired or has sold its right-of-way to a person who will use the right-of-way for a purpose other than for which it was originally acquired, the prior right or privilege of the drainage district to pass through the right-of-way of the railroad or utility shall become a permanent easement in favor of the drainage district for drainage purposes including the right of ingress and egress through adjacent property and the right of access for maintenance, repair, improvement and inspection. The permanent easement has the same dimensions as originally specified in the engineer’s report and survey, or as acquired by use or as subsequently acquired.

2. If a railroad or other utility has abandoned the use of its right-of-way for the purpose it was originally acquired or has sold its right-of-way to a person who will use the right-of-way for a purpose other than for which it was originally acquired in segments, each segment shall be assessed for benefits in the same proportion as the area of the segment bears to the area of the right-of-way through the forty-acre tract.

468.119 Annexation of additional lands.
1. After the establishment of a levee or drainage district, if the board becomes convinced that additional lands contiguous to the district, and without regard to county boundaries, are benefited by the improvement or that the same are then receiving benefit or will be benefited by a repair or improvement to said district as contemplated in section 468.126, it may
adopt, with or without a petition from owners of the proposed annexed lands, a resolution of necessity for the annexation of such additional land and appoint an engineer with the qualifications provided in this subchapter, parts 1 through 5, to examine such additional lands, to make a survey and plat thereof showing their relation, elevation, and condition of drainage with reference to such established district, and to make and file with the auditor a report as in this subchapter, parts 1 through 5, provided for the original establishment of such district, said report to specify the character of the benefits received.

2. In the event the additional lands are a part of an existing drainage district, as an alternative procedure to that established by subsection 1, the lands may be annexed in either of the following methods:

   a. (1) A petition, proposing that the lands be included in a contiguous drainage district and signed by at least twenty percent of the landowners of those lands to be annexed, shall be filed with the governing board of each affected district.

   (2) The board of the district in which the lands are presently included may, at its next regular meeting or at a special meeting called for that purpose, adopt a resolution approving and consenting to the annexation.

   b. Whenever the owners of all of the land proposed to be annexed file a petition with the governing boards of the affected districts, the consent of the board in which the lands are then located shall not be required to consent to the annexation, and the board of the annexing district may proceed as provided in this section.

3. If either method of annexation provided for in subsection 2 is completed, the board of the district to which the lands are to be annexed may adopt a resolution of necessity for the annexation of the additional lands, as provided in this section.

4. The right of remonstrance, as provided under section 468.28, does not apply to the owners of lands being involuntarily annexed to an established district.

If the report recommends the annexation of the lands or any portion of them, the board shall consider the report, plats, and profiles and if satisfied that any of the lands are materially benefited by the district and that annexation is feasible, expedient, and for the public good, it shall proceed in all respects as to notice, hearing, appointment of appraisers to fix damages and as to hearing on the annexation; and if the annexation is finally made, as to classification and assessment of benefits to the annexed lands only, to the same extent and in the same manner as provided in the establishment of an original district. However, the annexation and classification of the annexed lands for benefits may be determined at one hearing. Those parties having an interest in the lands proposed to be annexed have the right to receive notice, to make objections, to file claims for damages, to have hearing, to take appeals and to do all other things to the same extent and in the same manner as provided in the establishment of an original district.

468.121 Levy on annexed lands.

After annexation is made the board may levy upon the annexed lands an assessment sufficient to equal the assessments for benefit originally paid by the lands of equal classification if the finding by the board as provided by section 468.119 was that the lands should have been included in the district when originally established, plus their proportionate
share of the costs of any enlargement or extension of drains required to serve the annexed lands. If the finding of the board as provided in section 468.119 was based on the fact that additional lands are now benefited by virtue of the repair, improvement, or the change of the topographical conditions made to the district and were not benefited by the district as originally established, then the board shall levy upon the annexed lands an assessment sufficient to pay their proportionate share of the costs of the repair or improvement which was the basis for the lands being annexed. If the board finds that the lands are presently receiving benefits from the district but that some were reasonably omitted from the original establishment because of the change of the topographical conditions, the assessments levied upon the annexed lands shall be limited to a proportionate share of the costs of current and future maintenance, repairs and improvements.

### 468.122 Use of former and abandoned surveys.

In cases where proceedings have been taken for the establishment of a levee or drainage district and an engineer has been appointed who has made a survey, return, and plat thereof and for any reason the improvement has been abandoned and the proceedings dismissed, and afterward proceedings are instituted for the establishment of a levee or drainage district which will benefit any territory surveyed in said former proceedings, the engineer shall use so much of the return, levels, surveys, plat, and profile made in the former proceedings as may be applicable. The engineer shall specify in the engineer’s reports the parts thereof so used, and in case the cost of said returns, levels, surveys, plat, and profile made in said former proceedings has been paid by the former petitioners or their sureties, then a reasonable amount shall be allowed said petitioners or sureties for the use of the same.

### 468.123 Unsuccessful procedure — reestablishment.

When proceedings have been instituted for the establishment of a drainage district or for any change or repair thereof, or the change of a natural watercourse, and the establishment thereof has failed for any reason either before or after the improvement is completed, the board shall have power to reestablish such district or improvement and any new improvement in connection therewith as recommended by the report of the engineer. As to all lands benefited by such reestablishment, repair, or improvement, the board shall proceed in the same manner as in the establishment of an original district, using as a basis for assessment the entire cost of the proceedings, improvement, and maintenance from the beginning; but in awarding damages and in the assessment of benefits account shall be taken of the amount of damages and taxes, if any, theretofore paid by those benefited, and credit therefor given accordingly. All other proceedings shall be the same as for the original establishment of the district, making of improvements, and assessment of benefits.

### 468.124 New district including old district.

If any levee or drainage district or improvement established either by legal proceedings or by private parties shall be insufficient to properly drain all of the lands tributary thereto, the board upon petition as for the establishment of an original levee or drainage district, shall have power to establish a new district covering and including such old district or improvement
together with any additional lands deemed necessary. All outstanding indebtedness of the old levee or drainage district shall be assessed only against the lands included therein.

[S13, §1989-a25; C24, 27, 31, 35, 39, §7554; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.134]

468.125 Credit for old improvement.

When such district as contemplated in section 468.124 and the new improvement therein shall include the whole or any part of the former improvement, the commissioners, for classification of lands for assessment of benefits and apportionment of costs and expenses of such new improvement, shall take into consideration the value of such old improvement in the construction of the new one and allow proper credit therefor to the parties owning the old improvement as their interests may appear. In all other respects the same proceedings shall obtain as are provided for the original establishment of levee and drainage districts.

[S13, §1989-a25; C24, 27, 31, 35, 39, §7555; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.134]

468.126 Repairs and improvements.

1. When any levee or drainage district has been established and the improvement constructed, the improvement shall be at all times under the supervision of the board of supervisors except as otherwise provided for control and management by a board of trustees and the board shall keep the improvement in repair as provided in this section.

a. The board at any time on its own motion, without notice, may order done whatever is necessary to restore or maintain a drainage or levee improvement in its original efficiency or capacity, and for that purpose may remove silt and debris, repair any damaged structures, remove weeds and other vegetable growth, and whatever else may be needed to restore or maintain such efficiency or capacity or to prolong its useful life.

b. The board may at any time obtain an engineer's report regarding the most feasible means of repairing a drainage or levee improvement and the probable cost of making the repair. If the engineer advises, or the board otherwise concludes that permanent restoration of a damaged structure is not feasible at the time, the board may order temporary construction it deems necessary to the continued functioning of the improvement. If in maintaining and repairing tile lines the board finds from an engineer's report it is more economical to construct a new line than to repair the existing line, the new line may be considered to be a repair.

c. If the estimated cost of the repair does not exceed fifty thousand dollars, the board may order the work done without conducting a hearing on the matter. Otherwise, the board shall set a date for a hearing and provide notice of the hearing to landowners in the district by publication in the same manner as provided in section 468.15. However, if the estimated cost of the repair exceeds the adjusted competitive bid threshold, the board shall provide notice to the landowners pursuant to sections 468.14 through 468.18. The board shall not divide a proposed repair into separate programs in order to avoid the notice and hearing requirements of this paragraph.

d. If a hearing is required under paragraph “c”, the board shall order an engineer’s report or a report from the soil and water conservation district conservationist regarding the matter to be presented at the hearing. The board may waive the report requirement if a prior report on the repair exists and that report is less than ten years old. At the hearing, the board shall hear objections to the feasibility of making the proposed repair.

e. Following a hearing, if required in paragraph “c”, the board shall determine whether the repair is necessary or desirable, and feasible.

f. Any interested party has the right of appeal from such orders in the manner provided in this subchapter, parts 1 through 5.

g. The right of remonstrance does not apply to a repair as provided in this section.
2. In the case of a repair, or the eradication of brush or weeds along the open ditches, not in excess of the adjusted competitive bid threshold, where the board finds that a saving to the district will result, the board may cause the repairs or eradication to be done by secondary road fund equipment, or weed fund equipment, and labor of the county and then reimburse the secondary road fund or the weed fund from the fund of the drainage district thus benefited.

3. When the board deems it may repair or reconstruct the outlet of any private tile line which empties into a drainage ditch of any district and assess the costs in each case against the land served by the private tile line.

4. a. For the purpose of this subsection, an “improvement” in a drainage or levee district in which any ditch, tile drain, or other facility has previously been constructed is a project intended to expand, enlarge, or otherwise increase the capacity of any existing ditch, drain, or other facility above that for which it was designed.

b. When the board determines that an improvement is necessary or desirable, and feasible, the board shall appoint an engineer to make surveys as seem appropriate to determine the nature and extent of the improvement, and to file a report showing what improvement is recommended and its estimated cost, which report may be amended before final action.

c. If the estimated cost of the improvement does not exceed fifty thousand dollars, the board may order the work done without conducting a hearing on the matter. Otherwise, the board shall set a date for a hearing on whether to construct the proposed improvement and whether there shall be a reclassification of benefits for the cost of the proposed improvement.

   1. (a) The board shall provide notice to landowners in the district by publication in the same manner as provided in section 468.15. However, if the estimated cost of the improvement exceeds the adjusted competitive bid threshold, the board shall provide notice to the landowners pursuant to sections 468.14 through 468.18.

   (b) Notwithstanding subparagraph division (a), and in lieu of publishing the notice, the board may mail a copy of the notice to each address where a landowner within the district resides by first class mail if the cost of mailing is less than publication of the notice. The mailing shall be made during the time the notice would otherwise be required to be published.

   2. The board shall not divide proposed improvements into separate programs in order to avoid compliance with this paragraph “c”.

d. At the hearing, if required in paragraph “c”, the board shall hear objections to the feasibility of the proposed improvements and arguments for or against a reclassification presented by or for any taxpayer of the district. Following the hearing, the board shall order that the improvement it deems necessary or desirable and feasible be made and shall also determine whether there should be a reclassification of benefits for the cost of the improvement. If it is determined that a reclassification of benefits should be made, the board shall proceed as provided in section 468.38.

e. If the estimated cost of the improvement exceeds the adjusted competitive bid threshold, or the original cost of the district plus the cost of subsequent improvements in the district, whichever amount is greater, a majority of the landowners, owning in the aggregate more than seventy percent of the total land in the district, may file a written remonstrance against the proposed improvement, at or before the date set for hearing on the proposed improvement as provided in paragraph “c”, with the county auditor, or auditors in case the district extends into more than one county. If a remonstrance is filed, the board shall discontinue and dismiss all further proceedings on the proposed improvements and charge the costs incurred to date for the proposed improvements to the district. Any interested party may appeal from such orders in the manner provided in this subchapter, parts 1 through 5. However, this section does not affect the procedures of section 468.132 covering the common outlet.

5. Where under the laws in force prior to 1904 drainage ditches and levees were established and constructed without fixing at the time of establishment a definite boundary line for the body of land to be assessed for the cost thereof, the body of land which was last assessed to pay for the repair thereof shall also be considered as the established district for the purpose of this section.

6. The governing body of the district may, by contract or conveyance, acquire, within or
without the district, the necessary lands or easements for making repairs or improvements under this section, including easements for borrow and easements for meander, and in addition thereto, the same may be obtained in the manner provided in the original establishment of the district, or by exercise of the power of eminent domain as provided for in chapter 6B. If additional right-of-way is required for any repair or improvement under this section, the same may be acquired in the same manner as provided for the acquisition of right-of-way in the original establishment of a district, except that where notice and hearing are not otherwise required under this section notice as provided in this subchapter, parts 1 through 5, to owners, lienholder of record, and occupants of the land from which right-of-way is to be acquired shall suffice.

7. In existing districts where the stream has by erosion appropriated lands beyond its original right-of-way and it is more economical and feasible to acquire an easement for such erosion and meander than to undertake containment of the stream in its existing right-of-way, the board may, in the discharge of the duties enjoined upon it by this section, effect such acquisition as to the whole or part of the course. Right-of-way so taken shall be classed an improvement for the purpose of procedure under this section.

8. If the drainage records on file in the auditor's office for a particular district do not define specifically the land taken for right-of-way for drainage purposes, the board may at any time upon its own motion employ a land surveyor to make a survey and report of the district and to actually define the right-of-way taken for drainage purposes. After the land surveyor has filed the survey and report with the board, the board shall fix a date for hearing on the report and shall serve notice of the hearing upon all landowners and lienholder of record and occupants of the lands traversed by the right-of-way in the manner and for the time required for service of original notices in the district court. At the hearing the board shall specifically define the land taken for the right-of-way. Once established, the right-of-way constitutes a permanent easement in favor of the drainage district for drainage purposes including the right of ingress and egress across adjoining land and the right of access for maintenance, repair, improvement and inspection. A person aggrieved by the action or failure to act of the board under this subsection may appeal only in compliance with sections 468.83 through 468.98.

468.127 Payment.

1. The costs of the repair or improvements provided for in section 468.126 shall be paid for out of the funds of the levee or drainage district. If the funds on hand are not sufficient to pay such expenses, the board within two years shall levy an assessment sufficient to pay the outstanding indebtedness and leave the balance which the board determines is desirable as a sinking fund to pay maintenance and repair expenses. Any assessment made under this section on any tract, parcel or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars.

2. If the board deems that the costs of the repairs or improvements will create assessments against the lands in the district greater than should be borne in one year, the board may levy the assessment at one time and provide for the payment of the costs and assessments in the manner provided in sections 468.57 through 468.61; provided that assessments may be collected in not more than twenty installments as the board may determine.

468.128 Impounding areas and erosion control devices.  
Levee and drainage districts are empowered to construct impounding areas and other 
flood and erosion control devices to protect lands of the district and drainage structures and 
may provide ways for access to improvements for the operation or protection thereof, where 
the cost is not excessive in consideration of the value to the district. Necessary lands or 
easements may be acquired within or without the district by purchase, lease or agreement, 
or by exercise of the right of eminent domain as provided for in chapter 6B and may be 
procured and construction undertaken either independently or in cooperation with other 
districts, individuals, or any federal or state agency or political subdivision.

Levee and drainage districts may realize income from incidental uses of their improvements 
and rights-of-way which are not injurious to same or incompatible with the purposes of 
the district. Revenues derived therefrom may be expended for operating, maintenance or 
construction costs of the district as its governing body may elect.

468.130 City may discharge treated sewage.  
Any board, as defined in section 468.3, may by contract permit any city to discharge 
adequately treated sewage into drainage ditches. The contract shall fix the rental, make 
provision for termination, and shall provide that no nuisance shall be created.

468.131 Reclassification required.  
When an assessment for improvements as provided in section 468.126, exceeds twenty-five 
percent of the original assessment and the original or subsequent assessment or report of the 
benefit commission as confirmed did not designate separately the amount each tract should 
pay for the main ditch and tile lateral drains then the board shall order a reclassification in 
accordance with the principles and rules set forth in section 468.41. 
[C24, 27, 31, 35, 39, §7562; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.141]

468.132 Improvement of common outlet — notice of hearing.  
When two or more drainage districts outlet into the same ditch, drain, or natural 
watercourse and the board determines that it is necessary to clean out, deepen, enlarge, 
extend, or straighten said ditch, drain, or natural watercourse in order to expeditiously carry 
off the combined waters of such districts, the board may proceed as provided in section 
468.126. After said board has decided that such work should be done, it shall fix a date for 
hearing on its decision, and it shall give two weeks’ notice thereof by certified mail to the 
auditor of the county wherein the land to be assessed for such work is located, and said 
county auditor shall thereupon immediately notify by certified mail the board or boards of 
trustees of the districts having supervision thereof, as to said hearing on said contemplated 
work. In those instances where two or more districts involved are under the supervision 
of the same board, or joint board if the district is intercounty, the notice shall be given to 
all landowners affected as prescribed for in sections 468.14 through 468.18. Each district 
shall be assessed for the cost of such work in proportion to the benefits derived. Common 
outlet for the purpose of this section shall mean an outlet where two adjacent districts have
an outlet common to both of said districts and which districts are also contiguous, one to the other.

468.133 Commissioners to apportion benefits — interest prohibited.

1. For the purpose of ascertaining the proportionate benefits, the board shall appoint commissioners having the qualifications of benefit commissioners, one of whom shall be an engineer. The commissioners who are appointed shall not be residents of any of the districts affected, nor shall any member of the commission have any interest in land in any districts affected by the contemplated work. The commission shall determine the percentage of benefits and the sum total to be assessed to each district for the improvement.

2. In the event that one of the districts to be assessed under this section shall have any improvement such as a settling basin which reduces the quality and quantity of flow or sediment, such commission may give consideration to the existence of such an improvement when they determine the percentage of benefits and the sum total to be assessed to each district for the improvement.

When said commissioners are appointed, the board shall, by proper order, fix the time when the commissioners shall report their findings, but a report filed within thirty days of the time so fixed shall be deemed a compliance with said order. On the filing of said report, the board shall fix a time for hearing thereon, and it shall give notice thereof to the auditor of the county in which the land to be assessed for such work is located by certified mail; said county auditor shall thereupon immediately notify by certified mail the board of supervisors, and board or boards of trustees of the districts having supervision thereof, as to said hearing on said commissioner’s report. In those instances where two or more districts are under the supervision of the same board, or joint board if the district is intercounty, the notice shall be given to all landowners affected as prescribed in sections 468.14 through 468.18.

§468.135 Report and review — appeal.

1. The commissioners shall file with the board a detailed report of their findings. The board shall review the report and may, by proper order, increase or decrease the amount which shall be charged to each district. After the final order of the board has been made, the board shall notify the county auditor, in the time and manner as provided in sections 468.133 and 468.134, of the order. The county auditor shall notify by certified mail the board of supervisors and the board or boards of trustees of the final order. The board of supervisors and the board or boards of trustees, if aggrieved by the final order, may appeal from the order to the district court of the county in which any of the improvement proposed or done is located.

2. Any such appeal shall be taken, perfected, and conducted in the time and manner provided in section 468.83, subsection 1, and sections 468.84 through 468.88, for appeals contemplated by those sections.
468.136 Levy under original classification.
If the amount finally charged against a district does not exceed twenty-five percent of the original cost of the improvement in the district, the board shall proceed to levy the amount against all lands, highways, and railway rights-of-way and property within the district, in accordance with the original classification and apportionment. Any assessment made under this section on any tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars.

If the amount finally charged against a district exceeds twenty-five percent of the original cost of the improvement, the board may order a reclassification as provided for the original classification of a district and upon the final adoption of the new classification and apportionment shall proceed to levy that amount upon all lands, highways, and railway rights-of-way and property within the district, in accordance with the new classification and apportionment. An assessment made under this section on a tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars.

The board of supervisors of any county shall have jurisdiction to establish subdrainage districts of lands included within a district extending into two or more counties when the lands to compose such subdistricts lie wholly within such county, and to make improvements therein, repair and maintain the same, fix and levy assessments for the payment thereof, and the provisions of this section shall apply to all such drainage subdistricts, the lands of which lie wholly within one county. The proceedings for all such purposes shall be the same as for the establishment, construction, and maintenance of an original levee or drainage district the lands of which lie wholly within one county, so far as applicable, except that one or more persons may petition for a subdistrict as provided in section 468.63.

Such agreements shall contain the following:
1. A description of the lands by congressional divisions, metes and bounds, or other intelligible manner, together with the names of the owners of all said lands.
2. The location of the drains and ditches to be constructed, describing their sources and outlets and the courses thereof.
3. The character and extent of drainage improvement to be constructed, including settling basins, if any.
4. The assessment of damages, if any.
5. The classification of the lands included in such district, the amount of drainage taxes or special assessments to be levied upon and against the several tracts, and when the same shall be levied and paid.
6. Such other provisions as the board deems necessary.

§468.144 Board to establish.
When such agreement is filed, the auditor shall record it in the drainage record. The board shall at a regular, special, or adjourned session thereafter locate and establish a drainage district and locate the ditches, drains, settling basins, and watercourses thereof as provided in said agreement, and enter of record an order accordingly. The board thereafter shall carry out the object, purpose, and intent of such agreement and cause to be completed and constructed the said improvement and shall retain jurisdiction of the same as fully as in districts established in any other manner. It shall cause to be levied upon and against the lands of such district, the drainage taxes and assessments according to said agreement and when collected said taxes and assessments shall constitute the drainage funds of said district to be applied upon order of the board as in said agreement provided.

§468.146 Outlet in adjoining county or in another state.
1. When a drainage district is established and a satisfactory outlet cannot be obtained except through lands in an adjoining county, or when an improved outlet cannot be obtained except through lands downstream from the district boundary, the board shall have the power to purchase a right-of-way, to construct and maintain such outlets, and to pay all necessary costs and expenses out of the district funds. The board shall have similar authority relative to the construction and maintenance of silt basins upstream from the district boundary. In case the board and the owners of the land required for such outlet or silt basin cannot agree upon the price to be paid as compensation for the land taken or used, the board is hereby empowered to exercise the right of eminent domain as provided for in chapter 6B in order to procure such necessary right-of-way.
2. When a district is, or has been established in this state and no practicable outlet therefor can be obtained except through lands in an adjoining state, the board of supervisors of the county where said district is situated shall, as drainage commissioners, have power to purchase a right-of-way and to construct a ditch for such outlet in an adjoining state or to contribute to the construction of such a ditch, in an adjoining state and to pay for the same out of the funds of such district. Provided, however, that no drainage district or districts shall be charged or assessed any of the cost for land or work done unless previously agreed to by the board of supervisors or trustees of all of the drainage districts which will be assessed.

468.149 Obstructing or damaging.
1. A person is guilty of a serious misdemeanor if, without legal authority, the person willfully does any of the following:
   a. Diverts, obstructs, impedes, or fills up any ditch, drain, or watercourse.
   b. Breaks down or injures any levee or the bank of any settling basin, established, constructed, and maintained under any provision of law.
   c. Obstructs or engages in travel or agricultural practices upon the improvement or rights-of-way of a levee or drainage district which the governing body thereof has, by resolution, determined to be injurious to such improvement or to interfere with its proper preservation, operation, or maintenance, and has prohibited.
2. Any unlawful act described in subsection 1 is a nuisance and may be abated.
3. A governing body shall have the power to repair any ditch, drain, or watercourse, or any levee or bank of any settling basin, damaged by any person or persons in violation of a resolution of the governing body, after three days’ notice to such person or persons to make such repair. In the event that there is a failure to make the repair, the expense of the repair shall be assessed to the person or persons and shall be certified and collected in the same manner as other taxes.

468.151 Actions — settlement — counsel.
1. Levee or drainage districts through their governing bodies are authorized to maintain actions in law or equity for the purposes of preventing or recovering damages that may accrue to the districts on account of the impairment of their functions, or the increase in
the cost of maintenance or operation of the districts, or on account of damages to property owned by the districts, resulting from the construction or operation of locks, dams, and pools in the Mississippi or Missouri river. Levee or drainage districts may make settlements and adjustments of such damages and written contracts with relation to such damages, and receive any appropriations that may be made by the Congress of the United States for the increased cost to drainage or levee districts and may agree to the construction and maintenance of present equipment and of new or remedial works, improvements and equipment as a part of such damages, or as a means of lessening the damages which will be suffered by the said districts. The districts are further authorized to employ legal and engineering counsel for such purposes and to pay for the cost of employing legal and engineering counsel out of the award of damages or out of the maintenance funds of the district.

2. If a lump sum settlement is made between the United States and the district to provide an annual payment of income from the lump sum settlement, the county treasurer of the county in which the greater portion of the district is situated shall be custodian of the principal fund. The governing body of the district shall apply to the district court for authority to invest the fund as provided by section 636.23, and, in addition to the investments approved, the court may authorize investment of the fund in interest-bearing bonds or warrants of the district. The income from the fund shall be disbursed by direction of the governing body of the district.

468.152 Waste banks — private use.
The landowner may have any beneficial use of the land to which the landowner has fee title and which is occupied by the waste banks of an open ditch when such use does not interfere in any way with the easement or rights of the drainage district as contemplated by this subchapter, parts 1 through 5. For the purpose of gaining such use the landowner may smooth said waste banks, but in doing so the landowner must preserve the berms of such open ditch without depositing any additional dirt upon them.

468.153 Preliminary expenses — how paid.
If the proposed district is all in one county, the board of supervisors may pay all necessary preliminary expenses in connection with the district. If it extends into other counties, the boards of the respective counties may pay a proportion of the expenses as the work done or expenses created in each county bears to the whole amount of work done or expenses created. The amounts shall be ascertained and reported by the engineer in charge of the work and be approved by the respective boards which shall, as soon as paid, charge the amount to the district, as their interests may appear, as soon as the district is established. If the district is not established, the amounts shall be collected upon the bond or bonds of the petitioners.

468.154 Additional help for auditor.
If the work in the office of the auditor by reason of the existence of drainage districts is so increased that the regular officer is unable by diligence to do the same, the board of supervisors may employ such additional help as may be necessary to keep the records and
transact the business of the drainage districts. The expense of such help shall be paid by the districts in proportion to the amount of work done therefor.

[S13, §1989-a42; C24, 27, 31, 35, 39, §7584; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.165]

468.155 Employment of counsel.
The board is authorized to employ counsel to advise and represent it and drainage districts in any matter in which they are interested. Attorney fees and expenses shall be paid out of the drainage fund of the district for which the services are rendered, or may be apportioned equitably among two or more districts. Such attorneys shall be allowed reasonable compensation for their services, also necessary traveling expenses while engaged in such business. Attorneys rendering such services shall file with the auditor an itemized, verified account of all claims therefor, and statement of expenses, and the same shall be audited and allowed by the board in the amount found to be due.

468.156 Compensation of appraisers.
Persons appointed to appraise and award damages and make classification of lands and assess benefits, other than the engineer, shall receive such compensation as the board may fix and in addition thereto, the necessary expense of transportation of said persons while engaged upon their work. They shall file with the auditor an itemized, verified account of the amount of time employed upon said work and their expenses.

[S13, §1989-a41; C24, 27, 31, 35, 39, §7586; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.167]

468.158 Purchase at tax sale.
When land in a levee, drainage, or improvement district is being sold at a tax sale for delinquent taxes or assessment, the board of supervisors or the district trustees, as the case may be, shall have authority to bid in such land or any part of it, paying the amount of the bid from the funds of the district, and taking the certificate of sale in their names as trustees for such district, and may thereafter pay any assessments for taxes or benefits levied against said premises from the district funds. The amount paid for redemption which shall include such additional payment, shall be credited to the district.

Similar provisions, chapter 569
468.159 Tax deed — sale or lease.
1. If no redemption shall be made, the board of supervisors or trustees, as the case may be, shall receive the tax deed as trustees for the district. They shall credit the district with all income from said property. They may lease or sell and convey said property as trustees for such district and shall deposit all money received therefrom to the credit of such district.

2. The board of trustees may also lease or sell and convey such other property of the district, both real and personal, as is no longer needed for the purposes for which the district was established, and any such leases or sales and conveyances prior to July 1, 1970, are hereby legalized and declared to be valid and binding.

3. This amendment in 1978 shall not be construed to affect any litigation involving the lease, sale, or conveyance of property by the board of supervisors or board of trustees, as the case may be, of a drainage or levee district, which litigation is pending on July 1, 1978.

468.161 Terms of redemption.
Redemption from said tax sale shall be made on such terms as may be agreed upon between such board of supervisors or such trustees and the owner of the land involved; but in any case in which the owner of said land will pay as much as fifty percent of the value of the land at the time of redemption the owner shall be permitted to redeem. If the parties cannot agree upon such value, either of them may bring an action against the other in the district court of the county where the land is situated, and the court shall determine the matter. The proceeding shall be triable in equity.

468.163 Funds.
Payment to the county treasurer for such certificate shall be from the fund of said drainage or levee district, or subdistrict, on a warrant issued against that fund which shall have precedence over all other outstanding warrants drawn against that fund in the order of their payment. Should there not be a sufficient amount in the fund of said district, or subdistrict, to pay said warrant then the board of supervisors, or the trustees of the district, as the case may be, are authorized to borrow a sum of money sufficient for that purpose on a warrant for that amount on the fund of the district, or subdistrict, which warrant shall bear interest from date at a rate not exceeding that permitted by chapter 74A and shall have preference in payment over all other unpaid warrants on said fund, and the county treasurer shall so enter the same on the list of warrants in the treasurer’s office and call the same for payment as soon as there is sufficient money in said fund.

468.166 Purchase by bondholder.
In any event where upon the request of the holder of any bond or bonds issued by any drainage district the board of supervisors shall fail, neglect or refuse to purchase the certificate of sale issued by the county treasurer and referred to in section 468.160 in manner and form as permitted by said section, the holder of such bond or bonds may, upon filing with the county auditor a sworn statement as to the making of such written request upon the board of supervisors and a recital of the failure of such board to act in the premises by complying with the provisions of said section, in the same manner and form purchase such certificate and the ownership thereof shall thereupon vest in such holder of such bond or bonds in trust for said drainage district or subdistrict, provided, however, that the holder shall have a lien upon said certificate and any beneficial interest arising therefrom for the holder’s actual outlays including the holder’s reasonable expenses and attorney’s fees, if any, incurred in the premises. In the event any such holder of any bond or bonds shall acquire title the holder shall have a right to lease or convey said premises, upon giving thirty days’ written notice to the board of supervisors by filing the same with the county auditor and in the event said board shall not approve said lease or sale, the same shall be referred to the district court of the county where the land is situated and there tried and determined in the manner prescribed in section 468.160. Any funds realized from the lease or sale of said land shall be first applied in extinguishing the lien of the holder of the certificate herein provided for and the balance shall be paid to the said drainage bond fund of said district.

468.167 Voting power.
In case any proposition arises in said district to be determined by the vote of parties owning land therein, notice of such hearing shall be given and the board of supervisors or trustees, as the case may be, while holding title in trust to any such land, shall have the same right to
vote for or against such proposition as the former owner would have had if the former owner had not been divested of the title to said land.

468.168 Inspection of improvements.
The board of any county into which a levee or drainage improvement extends shall cause a competent engineer to inspect such levee or drainage improvement as often as it deems necessary for the proper maintenance and efficient service thereof. The engineer shall make report to the board of the condition of the improvement, together with such recommendations as the engineer deems necessary. For any claim for services and expenses of inspection, the engineer shall file with the auditor an itemized and verified account of such service and expense to be allowed by the board in such amount as it shall find due and paid out of the drainage funds of the district. If the district extends into two or more counties, such action shall be had jointly by the several boards, and the expenses equitably apportioned among the lands in the different counties.

468.174 Membership in the national drainage association.
1. Any drainage district may join and become a member of the national drainage association. A drainage district may pay a membership fee and annual dues upon the approval of the drainage board of such district, but not in excess of the following:
   a. One hundred dollars for drainage districts having indebtedness in excess of one million dollars.
   b. Fifty dollars for drainage districts having an indebtedness of five hundred thousand dollars and less than one million dollars.
   c. Twenty-five dollars for drainage districts having an indebtedness of two hundred fifty thousand dollars and less than five hundred thousand dollars.
   d. Ten dollars for drainage districts having an indebtedness less than two hundred fifty thousand dollars.
2. The annual dues for any district shall not exceed one-twentieth of one percent of the outstanding indebtedness of the district.

468.178 Hearing and notice thereof.
Upon the filing of the petition for such appointment, the court shall fix a time and place
of hearing thereon, and shall prescribe and direct the manner for the service of notice upon
the owner, lienholders and persons in possession of said real estate, of the pendency of said
application.

468.179 Appointment — grounds.
Said application shall be heard by the court, at the time and place so designated, and after
hearing thereon the court may appoint one of the members of the governing board of said
drainage or levee district as receiver for said real estate, on the grounds that the said real
estate is producing returns, and that the general and special taxes against the same are not
being paid, and direct the receiver to forthwith take possession of the same and to collect the
rents, issues and profits therefrom.

468.181 Avoidance of receivership.
The owner of any such tract of real estate may avoid the appointment of such receiver,
either before or after the action is commenced, by entering into a good and sufficient written
instrument with the governing board of such district, agreeing to apply the rent share of the
products of said land, or its equivalent to the payment of taxes thereon.

468.183 Rents — application of.
The rents, issues and profits of the real estate when collected by the receiver, shall be
applied as follows:
1. To the payment of the costs and expenses of the receivership.
2. To the payment of current general taxes against said real estate.
3. To the payment of any current special taxes against said real estate.
4. The surplus shall be applied upon any delinquent taxes or tax certificates, and the remainder, if any, shall be paid to the owner of said real estate.

468.184 Land classification and assessment in district.
1. a. (1) When a levee district shall have been located and finally established; or
(2) When the required proceedings have been taken to enlarge, extend, strengthen, raise, relocate, reconstruct, or improve any existing levee; or
(3) When the required proceedings have been held to annex additional lands to said levee district or to exclude or eliminate lands from said levee district; or
(4) When a plan of the United States government for the construction of any levee, or a portion of a levee, in said levee district, or for the enlarging, extending, strengthening, raising, relocating, reconstructing, or improving any existing levee, or a portion thereof, in accordance with any such plan in said levee district, has been heretofore or hereafter adopted by such levee district under the provisions of sections 468.201 through 468.216; or
(5) When the board shall, as authorized by section 468.65, determine that the assessments of benefits of said levee district against the lands in said levee district are generally inequitable the board may by resolution, or if a petition is filed by more than one-third of the owners, including corporations, of land within said levee district and who in the aggregate own more than one-third of the value of the land and land improvements in said levee district as the value thereof is then shown by the general tax records of the county or counties in which such land and land improvements are located, requesting the board to do so, the board shall order the lands in said levee district and the improvements on the land in said levee district classified or reclassified in accordance with the assessed taxable value of said land and land improvements as the same are then shown and as the same may be thereafter shown by the assessment roll of the county or counties in which said land and land improvements are located.

b. The assessed taxable value of any land, including land improvements exempt from general taxation but subject to assessment for levee purposes, shall be determined by the county assessor who shall make such determination in accordance with the rules of assessment applicable to adjacent lands and without any additional compensation therefor.

2. a. If the board orders classification or reclassification of lands as authorized in subsection 1, the board shall fix a time and place for a hearing to be held upon the action of the board in ordering such classification or reclassification, which hearing shall be held at the county seat of the county having the largest acreage in said levee district. The board shall cause notice of the time and place of such hearing to be served by the county auditor or auditors upon each person whose name appears as owner of lands or land improvements within the levee district in the transfer books of the auditor’s office in the county or counties in which said levee district is located, naming that person, and also upon the person or persons in actual occupancy of any tract of land or land improvements located in said levee district, without naming that person or persons. Such notice shall be for the same time and served in the same manner as is provided for the establishment of a levee district, and such notice shall state:
(1) The aggregate estimated costs and expenses which the board proposes to assess under such classification or reclassification;
(2) The total aggregate assessed taxable value of all lands and land improvements in said levee district;
(3) That the said classification or reclassification of benefits will be based on the assessed taxable value of all lands and improvements to lands located in said levee district;
(4) That each tract of land and each land improvement in said levee district will be assessed for its pro rata share of said costs and expenses based upon the ratio that the assessed value of each tract of land and the assessed value of each land improvement bears to the total assessed taxable value of all lands and all land improvements in said district; and
§468.184, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS

(5) That all objections to said method of classification or reclassification shall be in writing and filed with the auditor of the county in which said land or land improvements are located before the time set for said hearing or with the board of trustees of said district at or before the time set for such hearing.

b. The notice need not show the amount of such costs and expenses to be apportioned to each such owner or to any particular tract of land or land improvement within such levee district.

3. If at or before the time set for said hearing as to such classification or reclassification, there shall have been filed with the county auditor, or auditors in case the district extends into more than one county, or with said board, a remonstrance or remonstrances or objections to such method of classification or reclassification signed by owners of land and land improvements in the levee district aggregating sixty percent of the total assessed value of the lands plus land improvements in said district as shown by the taxing records in said county or counties in which said district is located, the board shall abandon the alternative method of classification or reclassification herein authorized. The board may then proceed to classify the lands in said levee district as authorized under sections 468.38 through 468.44 or may proceed to reclassify the same as authorized under section 468.65 unless said remonstrances and objections filed as above provided are filed by a majority of the landowners in the levee district and these remonstrants and objectors in the aggregate own seventy percent or more of the acreage of lands in the levee district and, in writing, object to any reclassification of any kind, then the board shall not reclassify the lands within the district under the provision of this section nor shall the same be reclassified under the provisions of section 468.65.

4. At the time fixed or at any adjourned hearing if the remonstrances and objections filed at or before the hearing are not signed by sufficient number of owners, or the owners signing such remonstrances and objections do not meet the requirements hereinabove provided, then the board shall fully consider all objections and remonstrances and shall make a determination as to whether or not the costs and expenses shall be assessed:

  a. By the alternative method hereinabove set forth; or
  b. As provided by sections 468.38 through 468.44; or
  c. That the land should be reclassified as provided in section 468.65; or
  d. On the basis of a then existing classification of lands.

5. If the board shall determine that the cost and expenses shall be assessed on the basis of assessed taxable value as provided in subsections 1 through 4, then such basis shall be used for all future assessments made for the purposes of said levee district except if said assessed taxable value of lands and land improvements in said levee district may be changed or revised by the county assessor in the county or counties in which the same are located for general tax purposes, then any such revision made in the assessed taxable value by any such county assessor shall automatically constitute a revision of the classification of such land or land improvements for future assessments made by the board for the purpose of said levee district.

6. In lieu of the hearing provided for in subsections 1 through 5, the board may, and if the petition of owners provided for in subsections 1 through 5 so asks, the board shall call for an election for the purpose of determining the question of classification on the basis of assessed value of lands and land improvements. The question may be submitted at a regular election of the district or at a special election called for that purpose. It shall not be mandatory for the county commissioner of elections to conduct the elections, however provisions of sections 49.43 through 49.47 and of subchapter III of this chapter, insofar as the same are applicable, shall govern all such elections, and the question to be submitted shall be set forth in the notice of election. If sixty percent of the votes cast be in favor of the proposed change in assessment, it shall become effective for all future assessments as heretofore provided in this section. If the question should fail, no new election on the subject may be called for a period of one year.

7. When a levee district has been established and constructed, as an alternative to the other methods prescribed by law, upon reclassification, the levee district may adopt a method of classification and assessment uniform as to all land in the district, including railroad land, public highways and other public land and land exempt from general taxation, based on
the total amount to be assessed divided by the total acres within the district. This method of classification and assessment may be adopted either by hearing or by election and shall become effective as heretofore provided in this section.

8. When a drainage district or drainage and levee district has been established and constructed, and after the lands therein have been classified in accordance with the provisions of sections 468.39, 468.40, and 468.41 or reclassified in accordance with section 468.65, the district may adopt methods of assessment for maintenance, repair, and operation of said district uniform as to all land in the district in the same manner and by the same procedures as prescribed in subsections 1 through 7 of this section. Provided, however, that only those lands drained by respective mains and laterals shall be assessed for maintenance, repair, and operation of said mains and laterals, and provided further that this alternate method of assessment shall not be applied to making improvements in the drainage system.

9. Following the adoption of any alternative method of classification or assessment as provided in this section, the same shall continue in effect until such time as the method is changed pursuant to this section or to section 468.65.

10. a. All proceedings taken prior to July 1, 1968, purporting to establish or reestablish a drainage or levee district or districts, or to enlarge or change the boundaries of any drainage or levee district, and any assessments not heretofore declared invalid by any court, are hereby legalized, validated, and confirmed.

b. The foregoing shall not be construed to affect any litigation that may be pending at the time this section becomes effective involving the establishment, reestablishment, enlargement, or change in boundaries or any assessments of drainage or levee districts.

468.186 Easements through a drainage or levee district.

As used in this section, “person” shall mean any individual or group of individuals, corporation, firm, company, or association, except a railroad company.

1. When any person proposes to construct a pipeline, electric transmission line, communication line, underground service line, or other similar installations on, over, across, or beneath the right-of-way of any drainage or levee district, such person shall, before beginning construction, obtain from the drainage or levee district an easement to cross the district’s right-of-way. The governing body of the district shall require such person to agree to comply with subsection 3 of this section and may, as a condition of granting such easement, attach thereto such additional conditions as they deem necessary. When the necessary easement has been obtained, such person shall construct the installation at the person’s own expense and shall pay all costs of any reconstruction, relocation, modification, or reinstallation of the drainage or levee district’s facility which may be necessary as a result of construction of the installation for which the easement was granted.

2. After construction of the installation has been completed in accordance with all conditions under which the easement is granted, the drainage or levee district shall maintain its facility at its own expense, and the person who constructed the installation, or the person’s successors in interest, shall maintain the installation at the person’s or successor’s own expense. If the drainage or levee district subsequently undertakes any maintenance, improvement, or reconstruction of its facility which requires the modification, relocation, or reconstruction of the installation, the expense of such modification, relocation, or reconstruction shall be borne by the person who constructed the installation or the person’s successors in interest.

3. When the construction of a public highway, or any installation for which an easement has been obtained under subsection 1 of this section, on, over, across, or beneath the right-of-way of any drainage or levee district disturbs or requires replacement of any portion of a tile drain less than twenty inches in diameter, and a portion of such drain will remain
wholly or partially exposed after the construction project has been completed, the portion which is to remain exposed and not less than three feet of such drain immediately on either side of the portion which is to remain exposed, shall be replaced either with steel pipe of not less than sixteen gauge or polyvinyl chloride pipe conforming to current industry standards regarding diameter and wall thickness.

468.187 Agreements with owners or other districts.
1. Levee and drainage districts are empowered to enter into agreements with the owners of lands lying inside or outside of said districts, or with other levee and drainage districts or municipalities, to provide levee protection or drainage for such lands on such terms as the board may agree and subject to the following terms and conditions:
   a. The facilities of the district furnishing the service shall not be overburdened.
   b. There shall be no additional cost to the district furnishing the service.
   c. The agreement shall be in writing, be made a part of the drainage records and shall include all of the following:
      (1) The description of the lands to be served.
      (2) The location of tile lines constructed or to be constructed.
      (3) The consideration to be paid to the district furnishing the service and the classification of the lands to be served.
      (4) Such other provisions as the board deems necessary.
2. The provisions in an agreement described in subsection 1 modify other provisions of this chapter applicable to such lands.

468.188 Public improvements which divide a district — procedure.
1. If it should develop that any type of public improvement, other than the forces of nature, has caused such a change in the district as to effectively sever and cut off some of the land in the district from other lands in the district and from the improvements in the district in such a way as to deprive the land of any further benefits from the improvement, or in some manner to divide the benefits that may be derived from two separated portions of the improvement, then the board of supervisors or the board of trustees in charge may upon notice to interested parties and hearing as provided by this subchapter, parts 1 through 5, for the original establishment of a district make an order to remove lands so deprived of benefits from the district without any reclassification, or may subdivide the district into two separate entities if the public improvement splits the district into two separate units, each of which may still derive some separate benefits from the separated portions of the district.
2. If the public improvement is such as to leave two separate portions of the improvement that are still operable and of benefit to the land on each side of the division made by the public improvement, then the board may divide the district into two separate units so that each may perform further work on the improvements in their respective parts, but neither shall be charged for work completed on the opposite side of the new improvement that divides them and may only be charged for the work done in that portion of the district remaining on their side of the division.
3. The same authority provided in this section shall vest in the board of supervisors or the board of trustees in the event a drainage district in any manner relinquishes its control over any portion of its improvements or its obligation to maintain same to another district and lands may be removed from the district or the district may be divided as provided in this section.
4. The board may further in dividing the district award to each of the separated portions of the district the improvement remaining in each portion, determine the value of the
improvement so remaining on each side and secondly determine the contributions of the lands in the separated portions to the improvements and the upkeep of the earlier district, and if the contribution is proportionate neither side shall owe the other portion of the district any money, but if contribution is disproportionate, the board shall determine an equitable adjustment and the amount of payment required for one portion to pay to the other to buy the existing improvement.

5. If land is eliminated from any further benefits, there need not be any reclassification and the board may remove the same from the district in the same manner as if the land has been destroyed in whole by the erosion of a river and spread any deficiency in assessment among the remaining lands as provided by section 468.49.

6. “Type of public improvement” for the purpose of this section includes drainage or levee improvements or new highways.

PART 2
FEDERAL FLOOD CONTROL COOPERATION

468.201 Plan of improvement.
1. Whenever the government of the United States acting through its proper agencies or instrumentalities will undertake the original construction of improvements or the repair or alteration of existing improvements which will accomplish the purposes for which the district was established or aid in the accomplishment thereof and shall cause to be filed in the office of the auditor of the county in which said district is located a plan of such improvement or for the repair or alteration of existing improvements, the board shall have jurisdiction, power and authority, upon the notice, hearing and determination hereinafter provided, to adopt such plan of improvement or of repair or alteration of existing improvements and to provide necessary right-of-way therefor; and to pay such portion of all costs and damages incident to the adoption of such plan, the construction thereunder and the maintenance and operation of the works as will not be discharged by the federal government under legislation existing at the time of adoption; also to enter into such agreements with the United States government as may be necessary to meet federal requirements including the taking over, repair and maintenance of the works and to perform under such agreements.
2. If the cost to the district of the repair or alteration of existing improvements contemplated by this section does not exceed twenty-five percent of the sum of the
original cost to the district and the cost of subsequent improvements, including all federal contributions, the board may proceed under the provisions of section 468.126, without notice and hearing, and without appraisement as contemplated by section 468.210, but the remaining provisions of this section and sections 468.202 through 468.216 that are not in conflict with section 468.126 shall remain applicable.

3. If the federal program divides a project into separate phases, each phase shall be considered a separate program as described in section 468.126, subsection 4, and shall in no event be construed as an unauthorized division into separate programs to avoid the twenty-five percent limitation prescribed for making improvements under said section 468.126, subsection 4, without notice and hearing.

§468.204 Engineer’s report.
The engineer shall examine the plan filed by the federal agency and the lands affected thereby and shall make and file with the county auditor a full written report which, together with the federal plan, will show the following:

1. The character and location of all contemplated improvements, and the plats, profiles and specifications thereof.
2. The particular description and acreage of land required from each forty-acre tract or fraction thereof for right-of-way, borrow pits or other purposes together with congressional or other description of each tract and the names of the owners thereof as shown by the transfer books in the office of the auditor.
3. A particular description of each forty-acre tract or fraction thereof that will be excluded from benefit by adoption of the plan as filed, together with the name of the owners thereof as shown by the transfer books in the office of the auditor.
4. A particular description of each forty-acre tract or fraction thereof outside the district which will benefit from adoption of the plan as filed and the name of the owner thereof as shown by the transfer books in the office of the auditor.
5. Such rights-of-way or portions thereof previously established or acquired as will be rendered unnecessary by adoption of the federal plan and any unpaid damages awarded therefor.
6. Such other damages previously awarded as will be affected by adoption of the federal plan.
7. The recommendation of the engineer with respect to the adoption of the plan.

468.207 Form of notice.
1. The notice under section 468.206 shall be captioned in the name of the district and shall be directed to all of the following:
   a. The owners of each tract or lot within the levee or drainage district, including railroad companies having rights-of-way and lienholders and encumbrancers.
   b. The owners, lienholders, or encumbrancers of lands which an adoption of the plan would exclude from benefits.
   c. The owners, lienholders, or encumbrancers of lands outside the district which will benefit from the plan.
   d. Without naming them, the occupants of all lands affected.
   e. All other persons whom the plan may concern.
2. The notice shall set forth all of the following:
   a. That there is on file in the office of the auditor a plan of construction of the federal agency, naming the agency, together with reports of an engineer on the plan, which the board has tentatively approved.
   b. That the plan may be amended before final action.
   c. The day and hour set for hearing on the adoption of the plan.
   d. That all claims for damages, except claims for land required for right-of-way or construction, and all objections to the adoption of the plan for any reason must be made in writing and filed in the office of the auditor at or before the time set for hearing.
3. Provisions of this subchapter, parts 1 through 5, for giving notice, waiver of notice,
waiver of objection and damages and adjournment for service contained in sections 468.15 through 468.20 shall apply.

468.209 Entry of order — effect.
1. If the board, after consideration of the subject matter, including all objections filed to the adoption of the plan and all claims for damages, shall find that the district will be benefited by adoption of the plan or the purposes for which the district was established is furthered by the plan, the board shall enter an order approving and adopting the final plan. The order shall have the effect of:
   a. Altering the boundaries of the district to conform to the changes effected by the plan adopted.
   b. Canceling all existing awards for damages for property not appropriated for right-of-way or construction and rendered unnecessary by the plan so adopted.
   c. Canceling all awards previously made for damages other than for right-of-way or construction but reinstating the claims for such damages which said claims may be amended by the claimants within ten days thereafter.
   d. Canceling all unpaid assessments for benefits on lands excluded from the district by adoption of the plan. The assessments so canceled shall become part of the costs of the improvement.
   e. Establishing as benefited thereby the lands added to the district by adoption of the plan and rendering same subject to classification and assessment.
2. Whenever a plan has been adopted as contemplated by this section, modification and changes can be made therein without further notice or hearing, provided the same do not increase or decrease the estimated cost of the plan to the district by more than twenty-five percent.

468.210 Appraiser.
The board shall thereupon appoint three appraisers of the qualifications prescribed in section 468.24, who shall qualify in the manner therein provided, and shall fix a time for hearing on their report of which all interested parties shall take notice. The appraisers shall view the premises and fix and determine the damages to which each claimant is entitled, including claimants whose awards for damages were canceled by the order of adoption, and shall place a separate valuation upon the acreage of each owner taken for right-of-way or other purposes necessitated by adoption of the plan and shall file a report thereof in writing in the office of the auditor at least five days before the date fixed by the board for hearing thereon. Should the report not be filed on time or should good cause for delay exist the
board may postpone the time for final action on the subject and, if necessary, may appoint
other appraisers. Thereafter the provisions of section 468.26 shall apply.

468.211 Assessment of benefits.
Appointment of commissioners to assess benefits and classify lands within the district
and all proceedings relative to such assessment and classification shall be as otherwise
provided in this subchapter, parts 1 through 5, except that when the lands of the district
have previously been classified, the commissioners shall classify and assess only such lands
as have been added to the district by adoption of the plan and recommend such changes in
existing classifications as are materially affected by the plan so adopted. The board may,
upon hearing, adjust the classification of lands affected by the plan.

The board shall levy the costs contemplated in section 468.201 upon all of the lands of the
district on the basis of the classification for benefits as finally established and the assessments
so levied shall be paid in one installment unless the board in its discretion shall provide
for the payment thereof in not more than twenty equal installments with interest at a rate
determined by the board notwithstanding chapter 74A. The board may issue anticipatory
warrants bearing interest at a rate determined by the board, notwithstanding chapter 74A.
The warrants may be numbered and state a maturity date. The warrants may be sold by
the board for cash in an amount not less than the face value thereof, together with accrued
interest, if any.

PART 3
INTERACTION WITH STATE
AND LOCAL GOVERNMENTS

§468.220 Occupancy and use permitted — assessments paid.
1. Any levee or drainage district organized, or in the process of being organized, under the laws of this state may occupy and use for any lawful levee or drainage purpose land owned by the state of Iowa, upon first obtaining permission to do so from the state or state agency controlling the land.
2. In the case of lands lying within the beds of meandered streams and border streams the permission shall be obtained from the natural resource commission of the department of natural resources. In the case of lands that are not under the control of any office or agency of the state, then the permission shall be obtained from the executive council.
3. Such permission shall not be unreasonably withheld and shall be in the form of an easement executed by the governor or in the case of an agency, by the chairperson or presiding officer thereof, and when once granted shall be perpetual, except that if no use is made of the easement for a period of five years, the permission shall immediately thereafter expire.
4. All uses and occupancies as contemplated by this section existing on July 4, 1961, are hereby legalized.
5. The state of Iowa, its agencies and subdivisions shall be financially responsible for drainage and special assessments against land which they own, or hold title to, within existing drainage districts.

§468.221 Written communication delivered to the state or a local government.
1. This section applies whenever a board or county officer acting under this chapter is required to deliver a written communication to a state agency or local government. The
written communication includes but is not limited to a notice, service of process, demand, statement, or a report.

2. a. If the written communication is to be delivered to a state agency, it may be delivered to the administrative head of the state agency or its governing body. The written communication may also be delivered to a person designated by the administrative head of the state agency or its governing body. The written communication may be delivered to the executive council if the administrative head of the state agency or its governing body cannot be determined.

b. If the written communication is to be delivered to a local government, it may be delivered to the governing body of the local government. The written communication may also be delivered to a person designated by the governing body. As used in this section, “local government” includes a county, city, township, or any special purpose district or authority.

PART 4
BOARD OF COUNTY DRAINAGE ADMINISTRATORS

468.230 Administrators appointed.
The county board of supervisors of any county of this state in which one or more drainage districts are established may by resolution establish a board of county drainage administrators. All of the powers, duties, and responsibilities now or hereafter conferred on county boards of supervisors in this chapter shall thereupon be transferred to and thereafter exercised by the board of county drainage administrators. A drainage or levee district may be established pursuant to subchapter III.

468.231 Administrator areas.
When establishing a board of county drainage administrators, the board of supervisors shall divide the county, along township lines, into three drainage administrator areas of approximately equal territory. The board of county drainage administrators shall consist of one resident freeholder appointed by the county board of supervisors from each area, and at least two of the administrators shall be agricultural landowners. The members first appointed shall hold office for terms of one, two, and three years respectively, as indicated and fixed by the county board of supervisors. Thereafter, succeeding members shall be appointed for a term of three years, except that vacancies occurring otherwise than by expiration of a term shall be filled by appointment for the unexpired term. Any member of the board of county drainage administrators who shall cease to have any of the qualifications prescribed by this section shall thereupon be disqualified as a member of the board and the office shall be deemed vacant. Members of the board of county drainage administrators may be removed by the county board of supervisors for cause, but every such removal shall be by written order which shall be filed with the county auditor.

§468.233 How paid.
The compensation and expenses of the county board of drainage administrators, for each day or portion thereof necessarily expended in the transaction of the business of a drainage or levee district, shall be paid out of the funds of the district served. The administrators shall file with the auditor or auditors, as the case may be, itemized, verified statements of their time devoted to the business of the district and the expenses incurred. If the administrators transact business of more than one district on a given day, they shall prorate their claims for compensation proportionately among the districts served on that day, but in no case shall a member of the board of county drainage administrators claim or receive a sum in excess of seventeen dollars and fifty cents, plus actual and necessary expenses, for a single day.

PART 5
COUNTY-CITY DRAINAGE DISTRICT

§468.240 Supervisors of county over two hundred thousand may establish.
The board of a county with a population of two hundred thousand persons or more that has established a drainage district located partly within the corporate limits of a city may expend federal grants or revenue sharing money or other funds not derived from local tax levies in amounts as the board deems proper to pay any part of the cost of improvements authorized in this subchapter, parts 1 through 5. The board may issue general obligation bonds to pay any part of the cost of improvements authorized in this subchapter, parts 1 through 5. The bonds shall be issued according to the provisions of chapter 384, subchapter III, relating to general obligation bonds for essential corporate purposes.

468.241 through 468.249 Reserved.

PART 6
DISSOLUTION OF DRAINAGE OR LEVEE DISTRICTS

468.250 Jurisdiction to dissolve districts and abandon or transfer improvements.
Drainage or levee districts may be dissolved and abandoned or assimilated by the procedures prescribed by this part.
1. When any drainage or levee district is free from indebtedness and it shall appear that the necessity therefor no longer exists or that the expense of the continued maintenance of the ditch or levee is in excess of the benefits to be derived therefrom, the board of supervisors or board of trustees, as the case may be, shall have power and jurisdiction, upon petition of a majority of the landowners, who, in the aggregate, own sixty percent of all land in such district, to abandon the same and dissolve and discontinue such districts in the manner prescribed by sections 468.251 through 468.255. Nothing in this subsection shall prevent the board from eliminating land from a drainage district as permitted under section 468.188.
2. When one drainage or levee district, either intracounty or intercounty, includes within its territory all of the territory of one or more other drainage or levee districts, and it appears that one assessment and one governing body would be to the benefit of the owners and occupants of the land within the mutual jurisdiction of the overlying and the contained districts, the board of supervisors or board of trustees may effect the dissolution of a contained district and the transfer of jurisdiction and control over that contained district’s improvements to the overlying district, in the manner prescribed by sections 468.256 through 468.261.

468.251 Notice of hearing.
Upon the filing of such petition the board shall enter an order fixing the date for hearing thereon not less than forty days from the date of the filing thereof and shall enter an order directing the county auditor, if such district is under the control of the board of supervisors, or the clerk of the board, if under the control of a board of trustees, to immediately cause notice of hearing thereon to be served on the owners of lands in such district as may then be provided by law in proceedings for the establishment of a drainage or levee district.

468.252 Hearing on petition.
The petition may be amended at any time before final action on the petition. At the time set for hearing on the petition, the board shall hear and determine the sufficiency of the petition as to form and substance and all objections filed against the abandonment and dissolution of such district. If the board finds that such district is free from indebtedness and that the necessity for the continued maintenance thereof no longer exists or that the expense of the continued maintenance of such district is not commensurate with the benefits derived therefrom, the board shall enter an order abandoning and dissolving such district, which
order shall be filed with the county auditor of the county or counties in which such district is situated and noted on the drainage record.

[468.254 Expense — refund.]
In case there are sufficient funds on hand in such district, or there are unpaid assessments outstanding or other property belonging to such district in an amount sufficient to pay such expense, the expense of abandonment and dissolution shall be paid out of such funds or out of funds realized by the sale of such property. Where such district is free of indebtedness but there are not sufficient funds on hand or unpaid assessments outstanding or other assets to pay such expense the board shall assess such expense against the property in the district in the same proportions as the last preceding assessments of benefits. Any excess remaining to the credit of such district after sale of its assets and after payment of such expenses shall be prorated back to the property owners in the district in the proportions according to class and benefits as last assessed. If the petition is denied, the costs of said proceedings shall be paid by the petitioning owners.

[468.256 Initiating dissolution of contained district.]
To initiate the dissolution of a contained district under the circumstances described in section 468.250, subsection 2:
1. The board of supervisors or board of trustees of the district proposed to be dissolved shall enter an order for the proposed dissolution of that district and the surrender of its improvements and rights-of-way to the overlying district.
2. The board of supervisors or board of trustees of the overlying district shall enter an order approving the proposed acceptance of those improvements and rights-of-way.

1. The board of the overlying district shall enter an order fixing a place and a time, not less than forty days after the date of the later of the two orders required by section 468.256, for a hearing on the proposals described in the two orders.
2. The auditor, or auditors if the overlying district includes land lying in two or more counties, shall cause notice of the proposals and of the hearing to be given immediately upon the entry of an order under subsection 1. The notice must:
   a. Include the texts of the orders entered pursuant to section 468.256, the date, time and place of the hearing, and a statement that all objections to the proposals embodied in the orders must be made in writing and filed in the office of the auditor at or before the time set for the hearing.
   b. Be directed to all of the following:
      (1) The owner of each tract of land or lot within the overlying district, as shown by the transfer books of the auditor’s office, including railway companies having right-of-way in the district.
      (2) All lienholders or encumbrancers of land within the overlying district, without naming them.
      (3) All actual occupants of land in the overlying district, without naming individuals.
      (4) All other persons whom it may concern.
3. Except as otherwise required by section 468.16, the notice required by this section shall be served by publication once in a newspaper of general circulation in each county in which the overlying district’s land is situated. The publication shall be made not less than twenty days prior to the day set for the hearing. Proof of service shall be made by affidavit of the publisher.

The hearing shall be convened at the time and place fixed in accordance with section 468.257, subsection 1, and the procedure at the hearing shall be as prescribed by this section.
1. The board of the contained district shall first hear all objections filed against the dissolution of the district and the surrender of its improvements to the overlying district. If, at the conclusion of that portion of the hearing, that board finds that the contained district is free of debt, that the economic benefits of the continued maintenance of that district would not be commensurate with its cost, and that it would be advantageous to dissolve and discontinue the contained district and surrender its improvements and rights-of-way to the overlying district, it shall enter an order dissolving the contained district and directing the surrender of its improvements and rights-of-way, conditioned on acceptance by the overlying district.
2. Immediately thereafter, the board of the overlying district shall hear all objections filed against the acceptance of the contained district’s improvements and their maintenance. If it finds that the improvements are conducive to the drainage of surface waters from agricultural lands and all other lands in the overlying district or the protection of the lands from overflow, it shall enter an order accepting the improvements and rights-of-way of the contained district.
3. Orders issued pursuant to subsections 1 and 2 shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.
4. If at or before the time set for the hearing there have been filed with the county auditor or auditors, if either the contained or overlying district extends into more than one county, or with the board of either district, one or more remonstrances or objections to the dissolution of the contained district, or to the acceptance of that district’s improvements and rights-of-way by the overlying district, signed by owners of land and land improvements in either district aggregating sixty percent of the total assessed value of the land in that district as shown by
the taxing records in the county or counties in which that district is located, the board to which the remonstrances or objections have been made shall abandon its proposed action.

468.259 Election in lieu of hearings.

In lieu of the hearings provided for in section 468.258, the board of either district may call an election for the purpose of determining the dissolution of the contained district or the acceptance of that district’s improvements and rights-of-way by the overlying district. The questions may be submitted at a regular election of the district or at a special election called for that purpose. It is not mandatory for the county commissioner of elections to conduct the elections, however the provisions of sections 49.43 to 49.47, and of subchapter III of this chapter, as they are applicable, shall govern the elections, and the question to be submitted shall be set forth in the notice of election.

1. If sixty percent or more of the votes cast are in favor of the proposed dissolution of the contained district involved, the board of that district shall enter an order dissolving the contained district and directing the surrender of its improvements and rights-of-way, conditioned on acceptance by the overlying district.

2. If sixty percent or more of the votes cast in the overlying district are in favor of the proposed acceptance by that district of the contained district’s improvements and rights-of-way, the board of the overlying district shall enter an order accepting the improvements and rights-of-way of the contained district.

3. Orders issued pursuant to subsections 1 and 2 shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.

468.260 Effect of dissolution, surrender, and acceptance.

When a contained district dissolves and surrenders its improvements and rights-of-way to the jurisdiction and control of an overlying district, and the overlying district accepts those improvements and rights-of-way, in accordance with sections 468.256 through 468.259:

1. It is presumed that the classification of the lands which were included in the dissolved district, as previously determined by the commissioners in the classification of those lands as a part of the overlying district, remains equitable and no reclassification of the overlying district or any part of it is necessary.

2. The improvements surrendered and accepted are at all times under the supervision of the board of the overlying district, and it is the duty of that board to keep the improvements in repair as provided in section 468.126 as fully and completely as though the improvements were a part of the original construction or improvements in the overlying district.

3. It is presumed that:
   a. The improvements surrendered and accepted are an integral part of the overlying district’s improvements, and are a public benefit and conducive to the public health, convenience and welfare.
   b. No value is taken into consideration for the existing improvements nor is credit given to the parties owning them, and they shall not be considered an asset of the district that is dissolved.

4. The original cost and the subsequent cost of improvements in the district that has been
dissolved are added to and become a part of the original cost and the subsequent cost of improvements in the overlying district.

PART 7
MERGER OF DRAINAGE OR LEVEE DISTRICTS
Referred to in §468.3, 468.49

468.262 Purpose.
The provisions of this part apply to drainage or levee districts when such districts participate in a merger.

468.263 General.
1. A merger must involve two or more voluntarily participating drainage or levee districts including all of the following:
   a. One participating dominant district whose board would survive the merger to govern the merged district.
   b. One or more participating servient districts whose boards would be dissolved by the merger.
2. a. The merger must be proposed by the board of each participating drainage or levee district as provided in this part.
   b. The proposed merger must be approved by the board of the participating dominant district and one or more boards of the participating servient districts, as provided in this part.
3. a. The boundary of a participating drainage or levee district must adjoin all or part of the boundary of another participating drainage or levee district.
   b. Notwithstanding paragraph “a” two participating drainage or levee districts may be separated by land not part of any drainage or levee district if the proposed merger is contingent upon the annexation of such land pursuant to sections 468.119 through 468.121.
4. A merger may occur notwithstanding that a drainage or levee district participating in a merger is not otherwise eligible for dissolution as provided in part 6 of this subchapter.
2014 Acts, ch 1075, §2

468.264 Board participation initiated.
1. In order to participate in a proposed merger the board of a drainage or levee district must determine that the merger will substantially benefit the owners of land situated in the drainage or levee district.
2. A board making the determination described in subsection 1 shall enter an order to conduct a public hearing regarding a proposed merger as provided in section 468.265. The board shall enter the order with the auditor of each county where the drainage or levee district is situated.
2014 Acts, ch 1075, §3
Referred to in §468.263
468.265 Public hearing.

1. A public hearing must be conducted within forty-five days from the last date that the board enters an order with the auditor of each county where the drainage or levee district is situated as provided in section 468.264. The auditor of each county where the participating drainage or levee district is located shall provide notice of a public hearing regarding the proposed merger. However, the board may designate the auditor of the county with the greatest portion of the district's territory to provide the notice. The notice must include all of the following:
   a. A description of the proposed merger.
   b. The determination made by the board under section 468.264.
   c. Whether land in the participating drainage or levee district may be subject to any special assessment as provided in section 468.269.
   d. The date, time, and place of the public hearing.
   e. That all written objections to the proposed merger must be filed in the office of the county auditor.

2. a. The auditor of the county where a participating drainage or levee district is situated or the auditor designated by the board shall deliver the notice required in subsection 1 to all landowners in the district in the same manner as provided in sections 468.14 through 468.18, as the auditor deems appropriate.
   b. If land is to be annexed as a condition of the merger, as provided in this part, the auditor of the county where the land to be annexed is situated or the auditor designated by the board shall deliver the notice to the owners of such land by ordinary mail.

3. The boards of one or more participating drainage or levee districts may conduct the public hearing jointly.

4. This section shall not be construed to prevent the board of a participating drainage or levee district from convening and conducting a public hearing in a manner consistent with section 468.258.

Referred to in §468.264, 468.266, 468.269

468.266 Meeting and vote.

1. Each board of a participating drainage or levee district shall meet to vote on a resolution which includes the question whether or not to approve the proposed merger. A board must vote on the resolution within forty-five days of the last public hearing conducted pursuant to section 468.265.

2. The board shall only consider written objections to the proposed merger as filed in the office of the county auditor as provided in the notice for a public hearing or comments made at a public hearing conducted pursuant to section 468.265.

3. Two or more boards may approve a joint meeting and vote upon a joint resolution. If the board for the participating dominant district votes at the joint meeting, the dominant board shall pay any costs associated with conducting the joint meeting, regardless of the vote’s outcome.

2014 Acts, ch 1075, §5
Referred to in §468.267

468.267 Joint order.

1. A resolution to merge participating drainage or levee districts approved by their respective boards as provided in section 468.266 shall be effectuated according to the terms and conditions of a joint order for merger entered by those boards.

2. Each board shall file the joint order with the auditors of their respective counties. Upon receipt of a joint order, the auditor shall include the joint order as part of the drainage record.

3. The auditor shall not file an order unless all territory within the merged drainage or levee district is contiguous, and includes any land required to be annexed as a condition of the merger.

4. Upon the filing of the joint order with the county auditor as provided in subsection 2, title to all real estate, other property, improvement, and any right-of-way held by the
participating drainage or levee district is vested in the merged drainage or levee district, subject to any condition which applied immediately prior to the merger.

5. The auditor of a county designated by the board governing the merged drainage or levee district shall prepare and file with the recorder of each county where the merged district is situated all conveyances and other documentation necessary to effect the transfers referenced in the joint order.

6. The merged drainage or levee district assumes all existing obligations of a participating drainage or levee district subject to the joint order.

2014 Acts, ch 1075, §6
Referred to in §468.269

468.268 Effect of the merger.
1. a. Except as provided in this subsection, a legal or equitable proceeding pending against a participating drainage or levee district prior to a merger shall continue as if the merger did not occur.

b. The merged drainage or levee district shall be substituted for the participating drainage or levee district standing as a party.

c. The board governing the merged drainage or levee district may apportion the costs of a legal or equitable proceeding against the landowners of the participating drainage or levee district based upon the classification of land and assessments applicable to the participating drainage or levee district prior to the merger.

2. Except as provided in section 468.269, the merger does not affect the classification of land or the levy of an assessment.

3. The original cost and the subsequent cost of improvements in a participating drainage or levee district under this part shall be added to and become a part of the original cost and the subsequent cost of improvements in the merged drainage or levee district.

4. The surviving board of a merged drainage or levee district shall pay any remaining costs associated with the merger.

2014 Acts, ch 1075, §7

468.269 Special assessment — merged land.
1. In addition to assessments imposed pursuant to sections 468.49 and 468.50, the surviving board of a merged drainage or levee district may impose a special assessment on land situated in the merged district which was a participating servient district prior to the merger.

2. The special assessment shall apply to costs of improvements made within the participating dominant district prior to the merger for not longer than five years prior to the date that the joint order was filed with the county auditor by the surviving board for the participating dominant district pursuant to section 468.267.

3. In order to impose a special assessment under this section all of the following must apply:

a. The board must approve a report by an engineer appointed by the board as provided in part 1 stating those improvements directly benefiting land situated in the participating servient district were made within the five-year period provided in subsection 2.

b. The notice for a public hearing required in section 468.265 must have stated that the board may impose a special assessment under this section.

4. The board shall not impose the special assessment under this section on land that was annexed as part of the merger. However, such land is subject to a special assessment pursuant to sections 468.119 through 468.121.

INTERCOUNTY DRAINAGE OR LEVEE DISTRICTS
Referred to in §331.502, 331.552, 350.4, 468.345, 468.397

468.270 Petition and bond.
When the levee or drainage district embraces land in two or more counties, a duplicate of
the petition of any owner of land to be affected or benefited by such improvement shall be
filed with the county auditor of each county into which said levee or drainage district will
extend, accompanied by a duplicate bond to be filed with the auditor of each of the said
counties as provided when the district is wholly within one county, in an amount and with
sureties approved by the auditor of the county in which the largest acreage of the district is
situated, which bond shall run in favor of the several counties in which it is filed.

468.271 Commissioners.
Upon the filing of such petition in each county and the approval of such duplicate bond by
the proper auditor, the board of each of such counties shall appoint a commissioner and the
joint boards shall appoint a competent engineer who shall also act as a commissioner:
[S13, §1989-a29; C24, 27, 31, 35, 39, §7600; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81,

468.272 Examination and report.
The commissioners thus appointed shall examine the application and make an inspection of
all the lands embraced in the proposed district and shall determine what improvements in the
way of levees, ditches, drains, settling basins, or change of natural watercourse are necessary
for the drainage of the lands described in the petition. Such commissioners, including the
engineer, shall file a detailed report of their examination and their findings and file a duplicate
thereof in the office of the auditor of each of said counties.
[S13, §1989-a29; C24, 27, 31, 35, 39, §7601; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81,

468.273 Duty of engineer.
In addition to the report of the commissioners as a whole, the engineer so appointed shall
perform the same duties and in the same manner required of the engineer by subchapter I,
parts 1 through 5 when the proposed district is located wholly within one county, and the
engineer’s surveys, plats, profiles, field notes, and reports of the engineer’s surveys shall be
made and filed in duplicate in each county.

468.276 Claims for damages — filing — waiver.
Any person filing objections or claiming damages or compensation on account of the construction of such improvement shall file the same in writing in the office of the auditor of the county in which the person’s land is situated, at or before the time set for hearing. The person may, however, file it at the time and place of hearing. If the person shall fail to file such claim at the time specified the person shall be held to have waived the person’s right thereto, but claims for land taken for right-of-way for any open ditch or for settling basins need not be filed.

468.283 Commissioners to classify and assess.
If the boards of the several counties acting jointly shall establish the district, they shall appoint a commission consisting of one from each county, and in addition thereto a competent
engineer who shall within twenty days begin to inspect the premises and classify the lands in said district fixing the percentages and assessments of benefits and the apportionment of costs and expenses and shall complete said work within the time fixed by the boards. The qualifications of said commissioners, their classification of lands, fixing percentages and assessments of benefits and apportionment of costs and the report thereof in all details shall be governed in all respects by the provisions of subchapter I, parts 1 through 5, for districts wholly within one county.

[S13, §1989-a32; C24, 27, 31, 35, 39, §7612; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §457.14]

89 Acts, ch 126, §2
CS89, §468.284

468.285 Levies — certificates and bonds.
After the amount to be assessed and levied against the several tracts of land shall have been finally determined, the several boards, acting separately, and within their own counties, shall levy and collect the taxes apportioned and levied in their respective counties. They may issue warrants, improvement certificates, or bonds for the payment of the cost of such improvement within their respective counties, with the same right of landowners to pay without interest or in installments all as provided where the district is wholly within one county.

**468.291 Monthly estimate — payment.**

The engineer in charge of the work shall furnish the contractor a monthly statement estimating the amount of work done on each section and in each county. A duplicate copy of the statement shall be filed with the auditor of each county where the work is done. When the auditor files the statement, the auditor shall draw a warrant for the contractor or give the contractor an order directing the treasurer to deliver to the contractor improvement certificates or drainage bonds, as the case may be, in favor of the contractor for ninety percent of the amount due from the auditor’s county. Drainage warrants, bonds, or
improvement certificates when so issued shall be in such amounts as the auditor determines, but shall not be in amounts in excess of five thousand dollars.

468.297 Law applicable.
Except as otherwise stipulated in this part the provisions and procedure set forth in 
subchapter I, parts 1 through 5, shall govern and apply to the formation, establishment, 
and conduct of every levee or drainage district extending into two or more counties, the 
petition therefor, the giving or publication or service of notice therein, the appointment 
and duties of all officers or appraisers or commissioners, the making or filing of waivers, 
reports, plats, profiles, recommendations, notices, contracts, and papers, the classification 
and apportionment and assessment of lands and all other property, the taking and hearing 
of appeals, the issuance and delivery of warrants, bonds and assessment certificates, the 
payment of taxes and assessments, the making of improvements, ditches, drains, settling 
basins, changes, enlargements, extensions, and repairs, the inclusion of lands, and the 
making or performance of every other matter or thing whatsoever relevant to or in any wise 
connected with such joint drainage or levee district, and the rights, privileges, and duties of 
all persons, landowners, officers, appellants, and courts.

468.299 County with largest acreage to keep funds.
When an intercounty district has been finally established and original construction 
completed and final settlement made with the contractor, as provided by section 468.292, 
the treasurer of the county having the largest acreage of the district shall be the depository 
for all funds of the district and the treasurer of the other counties in which the district is 
situated shall periodically, at least annually, pay over all district funds received within said 
period to the treasurer of the county with the largest acreage, except that funds payable on 
improvement certificates or bonds shall be disbursed to the holders of the certificates or 
bonds by the treasurer of the county in which the land encumbered is located.

PART 2
CONVERTING INTRACOUNTY DISTRICTS INTO INTERCOUNTY DISTRICT

Referred to in §468.345, 468.397, 468.500

468.305 Intracounty districts converted into intercounty district.
Whenever one or more drainage districts in one county outlet into a ditch, drain, or natural watercourse, which ditch, drain, or natural watercourse is the common carrying outlet for one or more drainage districts in another county, the boards of supervisors of such counties acting jointly may by resolution, and on petition of the trustees of any one of such districts or one or more landowners therein, in either case such petition to be accompanied by a bond as provided in section 468.270, must initiate proceedings for the establishment of an intercounty drainage district by appointing commissioners as provided in section 468.271 and by requiring a bond as provided in section 468.270 and by proceeding as provided by subchapter II, part 1, and all powers, duties, limitations, and provisions of this part and subchapter II, part 1, shall be applicable thereto.

[C27, 31, 35, §7626-a1; C39, §7626.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §458.1] 89 Acts, ch 126, §2
CS89, §468.305

468.306 Benefited land only included.
Neither any land nor any previously organized drainage district shall be included within, or assessed for, the proposed new intercounty district unless such land or unless such previously organized district shall receive special benefits from the improvements in the proposed new intercounty district.

[C27, 31, 35, §7626-a2; C39, §7626.2; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §458.2] 89 Acts, ch 126, §2
CS89, §468.306

468.307 Appeal by landowner.
Any landowner affected by the establishment of the new intercounty district may appeal to the district court of the county where the owner’s land lies from the action of the joint boards in establishing the new district or in including the owner’s land within it.

[C27, 31, 35, §7626-a3; C39, §7626.3; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §458.3] 89 Acts, ch 126, §2

PART 3
DRAINAGE OR LEVEE DISTRICTS
EMBRACING PART OR WHOLE
OF CITY

Referred to in §331.502, 468.345, 468.397, 468.500, 468.506

468.315  Authority to include city.
A county board of supervisors has the same power to establish a drainage or levee district
that includes the whole or any part of a city as the county board does to establish a district
located wholly outside a city, including providing for the assessment of damages and benefits
within a city. However, a county board of supervisors shall not do any of the following:
1. Establish a drainage or levee district located wholly within the corporate limits of a city,
   unless the city consents by resolution adopted by its city council.
2. Establish a district for sanitary sewer purposes.
   [S13, §1989-a38; C24, 27, 31, 35, 39, §7627; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81,

   2004 Acts, ch 1075, §1, 2

468.316  Inclusion of city — notice.
Notice of the filing of the petition for such district and the time of hearing thereon, shall
set forth the boundaries of the territory included within such city and directed to the city
clerk and the owners and lienholders of the property within such boundaries without naming
individuals, to be served in the same manner as notices where the district is wholly outside
of such city.
   [S13, §1989-a38; C24, 27, 31, 35, 39, §7628; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81,

   Service of notice, §468.15 et seq.

468.317  Assesments — notice.
When the streets, alleys, public ways, or parks or lots or parcels including railroad
rights-of-way of any city, or city under special charter, so included within a levee or drainage
district, will be beneficially affected by the construction of any improvement in such district,
it shall be the duty of the commissioners appointed to classify and assess benefits to estimate
and return in their report the percentage and assessment of benefits to such streets, alleys,
public ways, and parks, or lots or parcels including railroad rights-of-way and notice thereof
shall be served upon the clerk of such city, irrespective of the form of government, and upon
owners of lots, parcels, and railroad rights-of-way so assessed.

PART 4
HIGHWAY DRAINAGE DISTRICTS
Referred to in §468.3, 468.397

468.335 Establishment.
Whenever, in the opinion of the board of supervisors, it is necessary to drain any part of any public highway under its jurisdiction, and any land abutting upon or adjacent thereto, it
may proceed without petition or bond to establish a highway drainage district by proceeding in all other respects as provided in subchapter I, parts 1 through 5.

CS89, §468.339

468.340 Assessment — report.
The commission for assessment of benefits and classification of the property assessed shall determine and report:
1. The separate amount which shall be paid by the county on account of the secondary road system.
2. The separate amount which shall be paid by the state on account of the primary road system.
3. The amounts which shall be assessed against the right-of-way or other real estate of each railway company within such district.
4. The amounts which shall be assessed against each forty-acre tract or less within such district.

468.344 Condemnation of right-of-way.
When in the judgment of the board of supervisors, it is inadvisable to establish a drainage district but necessary to acquire right-of-way through private lands for the construction of ditches or drains as outlets for the drainage of highways, the board of supervisors may cause such right-of-way to be condemned by proceedings in the manner required for the exercise of the right of eminent domain as for works of internal improvement, except that no attorney
fee shall be taxed, and pay the costs and expense of such condemnation from either or both of said secondary road funds.

PART 5
DRAINAGE AND LEVEE DISTRICTS
WITH PUMPING STATIONS
Referred to in §331.552, 350.4, 468.3, 468.397

468.355 Authorization.
The board of supervisors of any county or counties in which a drainage or levee district has been organized as by law provided, may establish and maintain a pumping station or stations, when and where the same may be necessary to secure a proper outlet for the drainage of the land comprising the district or any portion thereof, and the cost of construction and maintenance of said pumping station or stations shall be levied upon and collected from the
lands in the district benefited by such pumping station or stations, in the same manner as
provided for in the construction and maintenance of said districts.
[S13, §1989-a49, -a52; C24, 27, 31, 35, 39, §7651; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,

89 Acts, ch 126, §2
CS89, §468.355

468.356 Petition — procedure — emergency pumping station.

1. A pumping station shall not be established or maintained unless a petition shall be
presented to the board signed by not less than one-third of the owners of lands benefited by
the establishment of a pumping station. The lands benefited by a pumping station shall be
determined by the board on the petition and report of the engineer, and such other evidence
as the board may hear. No additional land shall be taken into any such drainage district after
the improvements in the district have been substantially completed, unless one-third of the
owners of the land proposed to be annexed have petitioned or consented in writing to the
annexation.

2. However, the board of supervisors may install a temporary portable pumping station
to remove flood waters in an emergency. The board of supervisors shall levy and collect the
cost of the purchase, operation, and maintenance of the pumping station from the lands
in the district benefited by the pumping station in the same manner as provided for in
the construction and maintenance of a drainage or levee district. For the purpose of this
subsection, an emergency occurs when ponded or standing water does not freely flow to the
outlet ditch and the capacity of the outlet ditch is not fully used.

468.357 Additional pumping station.

After the establishment of a drainage district, including a pumping plant, and before the
completion of the improvement therein, the board or boards may, if deemed necessary to fully
accomplish the purposes of said improvement, by resolution authorize the establishment
and maintenance of such additional pumping station or stations as the engineer may
recommend, and if a petition is filed by one-third of the owners of land within such district
asking the establishment of such pumping plant or plants, the board or boards must direct
the engineer to investigate the advisability of the establishment thereof and upon the report
of said engineer the board or boards shall determine whether such additional pumping plant
or plants shall be established.

CS89, §468.357

468.358 Transfer of pumps.

If the board or boards determine that additional pumping plant or plants shall be
established and maintained, a pump or pumps may be removed from any pumping station
already established and may be installed in any such additional plant, if such removal can
be made without injuring the efficient operation of the plant from which removed.
[C24, 27, 31, 35, 39, §7654; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.4]

CS89, §468.358

468.359 Costs.

1. The cost of the establishment of such additional pumping plant or plants shall be
paid in the same manner and upon the same basis as is provided for the cost of the original improvement.

2. The board of supervisors or the board of trustees, as the case may be, where the district has been established and the original improvement constructed, may proceed with the further improvement of the original project in the manner provided in section 468.126, provided, however, that the cost of such further improvement does not exceed twenty-five percent of the sum of the original cost to the district and the cost of subsequent improvements, including all federal contributions.

3. For the purpose of this section the word “improvement” shall include the construction, reconstruction, enlargement and relocation of levees and acquisition of rights-of-way therefor.

468.360 Dividing districts.
When a drainage district has been created and more than one pumping plant is established therein, the board or boards of supervisors may, and upon petition of one-third of the owners of land within said district shall, appoint an engineer to investigate the advisability of dividing said district into two or more districts so as to include at least one pumping plant in each of such districts.

[C24, 27, 31, 35, 39, §7656; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.6]
89 Acts, ch 126, §2
CS89, §468.360

468.361 Notice — publication.
If the engineer recommends such division the board of supervisors shall fix a time for hearing upon the question of such division and shall publish notice directed to all whom it may concern of the time and place of such hearing, for the time and in the manner as is required for the publication of notice of the establishment of said district, except that said notice need not name the owners and lienholders.

[C24, 27, 31, 35, 39, §7657; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.7]
89 Acts, ch 126, §2
CS89, §468.361

468.362 Hearing — jurisdiction of divided districts.
At the time fixed, the board shall determine the advisability of such division and shall make such order with reference thereto as shall be deemed proper, having consideration for the interests of all concerned. If such division is made, the board or boards having jurisdiction of the original district shall retain jurisdiction of the new districts created by such division for the purpose of collecting assessments theretofore made and making such additional assessments as are necessary to pay the obligations theretofore contracted. For all other purposes, each division shall be under the jurisdiction of the board or boards of supervisors which would have had jurisdiction thereof if originally established as an independent district.

89 Acts, ch 126, §2
CS89, §468.362

468.363 Division in other cases.
After a levee or drainage district operating a pumping plant shall have been established and the improvement constructed and accepted, if it shall become apparent that the lands can be more effectually drained, managed, or controlled by a division thereof, then the said
board or boards, or trustees, may, and if the district is divided by a stream, they shall, divide the district.

[C24, 27, 31, 35, 39, §7659; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.9]
89 Acts, ch 126, §2
CS89, §468.363

468.364 Assessments not affected — maintenance tax.
Each district after the division shall be conducted as though established originally as a district. Nothing herein shall affect the legality or collection of any assessments levied before the division; but the maintenance tax, if any, shall be divided in proportion to the amount paid in by each district.

[C24, 27, 31, 35, 39, §7660; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.10]

CS89, §468.364

468.365 Election and apportionment of trustees.
If said district, before the division was made, was under the control and management of trustees, then each trustee shall continue to serve in the district in which the trustee is situated, and other trustees shall be elected in each new district. The election for said new trustees shall be called by the old board of trustees in each district within ten days after said division is made and shall be conducted as provided for the election of trustees.

[C24, 27, 31, 35, 39, §7661; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.11]

468.366 Settling basin — condemnation.
If, before a district operating a pumping plant is completed and accepted, it appears that portions of the lands within said district are wet or nonproductive by reason of the floods or overflow waters from one or more streams running into, through, or along said district and that said district or some other district of which such district shall have formed a part, shall have provided a settling basin to care for the said floods and overflow waters of said stream or watercourse, but no channel to said settling basin has been provided, said board or boards are hereby empowered to lease, buy, or condemn the necessary lands within or without the district for such channel. Proceedings to condemn shall be as provided in chapter 6B for the exercise of the right of eminent domain.

[C24, 27, 31, 35, 39, §7662; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.12]

468.367 Funding bonds.
When the owners of ten percent of the land in a drainage or levee district having and operating a pumping station shall petition the board of supervisors to extend the time of payment of the taxes assessed against the lands within said district for a period not exceeding twenty years, under such rules and regulations as said board may direct, the interest on such assessments to be paid annually the same as other taxes levied against the property, not less than one-twentieth of the principal of said extended tax to be paid each year until the entire tax is paid, and the lien of such tax to continue until fully paid, the board of supervisors may settle, adjust, renew, or extend the legal indebtedness of such district as shown by the assessments levied against the lands therein whether evidenced by certificates, warrants, bonds, or judgments by refunding all such indebtedness and issuing coupon bonds
therefor when such indebtedness amounts to one thousand dollars or upwards, but for no other purpose.

[C24, 27, 31, 35, 39, §7663; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.13]

Form of bond, §468.75

468.369 Formal execution.
Such bonds shall be numbered consecutively, signed by the chairperson of the board of supervisors, attested by the county auditor. The interest coupons attached thereto shall be executed in the same manner.

[C24, 27, 31, 35, 39, §7665; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.15]
89 Acts, ch 126, §2
CS89, §468.369

468.370 Resolution — requisites — record.
All bonds issued under the provisions of this part shall be issued pursuant to and in conformity with a resolution adopted by the board of supervisors, which shall specify the amount authorized to be issued, the purpose for which issued, the rate of interest they shall bear and whether payable annually or semiannually, the place where the principal and interest shall be payable and when it becomes due, and such other provisions not inconsistent with law in reference thereto as the board of supervisors shall think proper, which resolution shall be entered of record upon the minutes of the proceedings of the said board and a complete copy thereof printed on the back of each bond, which resolution shall constitute a contract between the drainage district and the purchasers or holders of said bonds.

[C24, 27, 31, 35, 39, §7666; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.16]
89 Acts, ch 126, §2
CS89, §468.370

468.371 Registration.
When bonds have been executed as aforesaid they shall be delivered to the county treasurer and the treasurer’s receipt taken therefor. The county treasurer shall register the same in a book provided for that purpose, which shall show the number of each bond, its date, date of sale, amount, date of maturity, and the name and address of the purchaser, and if exchanged what evidences of debt were received therefor, which record shall at all times be open to the inspection of the owners of property within the district. The treasurer shall thereupon certify on the back of each bond as follows:

This bond duly and properly registered in my office this .................
day of ....................... (month), ............ (year).

........................................................................

[C24, 27, 31, 35, 39, §7667; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.17]
89 Acts, ch 126, §2
468.372 Liability of treasurer — reports.
The treasurer shall stand charged on the treasurer’s official bond with all bonds so delivered to the treasurer and the proceeds thereof. The treasurer shall report under oath to the board of supervisors, at each first regular session thereof in each month, a statement of all such bonds sold or exchanged by the treasurer since the treasurer’s last report and the date of such sale or exchange and when exchanged a description of the indebtedness for which exchanged.

[CS89, §468.371]
2000 Acts, ch 1058, §56

468.373 Sale — application of proceeds.
The county treasurer shall, under a resolution and the direction of the said county board of supervisors, sell the bonds for cash on the best available terms or exchange them on like terms for a legal indebtedness of the said district evidenced by bonds, warrants, or judgments outstanding at the date of the passage of the resolution authorizing the issue thereof, and the proceeds shall be applied and exclusively used for the purpose for which said bonds are issued. In no case shall they be sold or exchanged for a less sum than their face value and all interest accrued at the date of sale or exchange. After registration the treasurer shall deliver said bonds to the purchaser thereof and when exchanged for indebtedness of said district shall at once cancel all warrants or bonds or secure proper credits therefor on judgments.

[CS89, §468.373]

468.374 Levy.
Drainage districts issuing funding or refunding bonds under this part shall levy taxes for the payment of the principal and interest thereof, where there has not been a prior levy covering same, in accordance with the provisions of the law relating to taxation.

[CS89, §468.374]

468.375 Refunding bonds.
Refunding bonds for the purposes set out in this part may be issued to pay off and take up bonds issued in payment for drainage improvements under prior laws or to refund any part thereof. Bonds thus issued shall substantially conform to the provisions of the law relating to drainage bonds and the face amount thereof shall be limited to the amount of the unpaid assessments, with interest thereon, applicable to the payment of the bonds so taken up.

[CS89, §468.375]

468.376 Funds available to pay bonds.
1. When refunding bonds shall be issued to pay for drainage improvements under the provisions of this part, all special assessments, taxes, and sinking funds applicable to the payment of such bonds previously issued shall be applicable in the same manner and the same extent to the payment of the refunding bonds issued under this part, and all the powers and duties to levy and collect special assessments and taxes or create liens upon property shall continue until all refunding bonds shall be paid.

2. The drainage district shall collect the special assessments out of which the said bonds are payable and hold the special assessments separate and apart in trust for the payment of
the refunding bonds but the provisions of this part shall not apply to assessments or bonds adjudicated to be void.

PART 6
DRAINAGE DISTRICTS IN CONNECTION WITH UNITED STATES LEVEES

Referred to in §331.502, 331.552, 356.4, 468.3

§468.390 United States levees — cooperation of board.
In any case where the United States has built or shall build a levee along or near the bank of a navigable stream forming a part of the boundary of this state, the board of supervisors of any county through which the same may pass shall have the power to aid in procuring the right-of-way for and maintaining said levee, and providing a system of internal drainage made necessary or advisable by the construction thereof. Such improvement shall be presumed to be conducive to the public health, convenience, welfare, or utility.
[C97, §1975; C24, 27, 31, 35, 39, §7744; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.1]

468.391 Manner of cooperation.
Any United States government levee under the conditions mentioned in section 468.390 may be taken into consideration by the board as a part of the plan of any levee or drainage district and improvements therein, and such board may, by agreement with the proper authorities of the United States government, provide for payment of such just and equitable portion of the costs of procuring the right-of-way and maintenance of such levee as shall be conducive to the public welfare, health, convenience, or utility.
[C97, §1975; C24, 27, 31, 35, 39, §7745; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.2] 89 Acts, ch 126, §2
CS89, §468.391
Referred to in §468.396

In the proceedings to establish such a district the engineer shall set forth in the engineer's report, separately from other items, the amount of the cost for the right-of-way of such levee, of constructing and maintaining the same; and if the plan is approved and the district finally established in connection with such levee, the board shall make a record of any such cooperative arrangement and may use such part of the funds of the district as may be necessary to pay the amount so agreed upon toward the right-of-way and maintenance of such levee.
[C97, §1976; C24, 27, 31, 35, 39, §7746; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.3] 89 Acts, ch 126, §2
CS89, §468.392
Referred to in §468.396

468.393 Costs assessed.
If said district is established, the entire costs and expenses incurred under this part shall be assessed against and collected from the lands lying within such district, by the levy of a rate upon the assessable value of the land and improvements within such district, sufficient to raise the required sum; provided the board may, in their discretion, classify the land within such district and graduate the tax thereon, as provided in subchapter I.
CS89, §468.393
Referred to in §468.395, 468.396

468.394 Annual installments.
If the proposed improvement is the maintenance of a levee, the amount collected in any one year shall not exceed three dollars and thirty-seven and one-half cents per thousand dollars of the assessment valuation, which said assessment shall be levied at a level rate on the assessable value of the said lands, improvements, easements, and railroads within the district. If the amount necessary to pay for the improvement exceeds said sum, it shall be levied and collected in annual installments of twenty or less. For all other improvements, the board shall levy a rate sufficient to pay for the same, and may, at their discretion, make the same payable in annual installments of twenty or less.
[C97, §1984; C24, 27, 31, 35, 39, §7748; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.5] 89 Acts, ch 126, §2
CS89, §468.394
Referred to in §468.395, 468.396

468.395 Collection of tax.
The assessment required under sections 468.393 and 468.394 shall be made by the board of supervisors at the time of levying general taxes, after the work has been authorized, and the assessment shall be entered on the records of the board of supervisors, then entered on the tax books by the county auditor as drainage taxes, and shall be collected by the county treasurer at the same time, in the same manner, and with the same interest, as general taxes. If the
assessment is not paid the treasurer shall sell all lands upon which the assessment remains unpaid, at the same time, and in the same manner, as is now by law provided for the sale of lands for delinquent taxes, including all steps up to the execution and delivery of the tax deed. The landowners shall take notice of and pay the assessments without other or further notice than as is provided for in this part. The funds realized from the assessments shall constitute the drainage fund, as contemplated in this part, and shall be disbursed on warrants drawn against that fund by the county auditor, on the order of the board of supervisors.

[C97, §1983; C24, 27, 31, 35, 39, §7749; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.6] 89 Acts, ch 126, §2

**PART 7**

**INTERSTATE DRAINAGE DISTRICTS**

**468.400 Cooperation — procedure.**

When proceedings for the drainage of lands bordering upon the state line are had and the total cost of constructing the improvement in this state, including all damage, has been ascertained, and the engineer in charge, before the final establishment of the district, reports that the establishment and construction of such improvement ought to be jointly done with like proceedings for the drainage of lands in the same drainage area in such an adjoining state and that drainage proceedings are pending in such state for the drainage of such lands, the said authorities of this state may enter an order continuing the hearing on the establishment of such district to a fixed date, of which all parties shall take notice.

[SS15, §1989-a77; C24, 27, 31, 35, 39, §7752; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467.1]

89 Acts, ch 126, §2
CS89, §468.400

**468.401 Agreement as to costs.**

The board shall have power, when the total cost, including damages, of constructing the improvement in such other state has been ascertained by the authorities of such other state, to enter into an agreement as to the separate amounts which the property owners of each state should in equity pay toward the construction of the joint undertaking. When such amount is thus determined, the board or boards having jurisdiction in this state shall enter the same in the minutes of their proceedings and shall proceed therewith as though such amount to be paid by the portion of the district in this state had been originally determined by them as the cost of constructing the improvement in this state.

[SS15, §1989-a77; C24, 27, 31, 35, 39, §7753; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467.2]

CS89, §468.401

**468.402 Contracts let by joint agreement.**

When the bids for construction are opened, unless the construction work on each side of the line can go forward independently, no contract shall be let by the authorities in this state, unless the acceptance of a bid or bids for the construction of the whole project is first jointly agreed upon by the authorities of both states.

[SS15, §1989-a77; C24, 27, 31, 35, 39, §7754; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467.3]

89 Acts, ch 126, §2
CS89, §468.402

**468.403 Separate contracts.**

The contract or contracts for the construction of that portion of the improvement within this state shall be entirely distinct and separate from the contract or contracts let by the authorities of the neighboring state; but the aggregate amount of the contract or contracts for the construction of the work within this state shall not exceed an amount equal to the amount of the benefits assessed in this state including damages and other expenses.

[SS15, §1989-a77; C24, 27, 31, 35, 39, §7755; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467.4]

89 Acts, ch 126, §2
CS89, §468.403

**468.404 Conditions precedent.**

No contract shall be let until the improvement shall be finally established in both states, and after the final adjustment in both states of damages and benefits. No bonds shall be issued
until all litigation in both states arising out of said proceedings has been finally terminated by actual trial or agreements, or the expiration of all right of appeal.

468.405 Assessments, bonds, and costs — limitation.

All proceedings except as provided in this part in relation to the establishment, construction, and management of interstate drainage districts shall be as provided for the establishment and construction of districts wholly within this state as provided in subchapter I. All such proceedings shall relate only to the lands of such district which are located wholly within this state. Boards having jurisdiction in this state may make just and equitable agreements with like authorities in such adjoining state for the joint management, repair, and maintenance of the entire improvement, after the establishment and completed construction thereof.

SUBCHAPTER III
MANAGEMENT OF DRAINAGE OR LEVEE
DISTRICTS BY TRUSTEES

Referred to in §331.382, 331.502, 331.552, 468.184, 468.215, 468.216, 468.230, 468.259, 468.327, 468.397

PART 1
AUTHORIZATION OF TRUSTEES

468.500 Trustees authorized.

1. a. In the manner provided in this subchapter, any drainage or levee district in which the original construction has been completed and paid for by bond issue or otherwise, may be placed under the control and management of a board of trustees to be elected by the persons owning land in the district that has been assessed for benefits.

b. A drainage or levee district under the control of a city council as provided in subchapter II, part 3, may be placed under the control and management of a board of trustees by the city council following the procedures provided in subchapter II, part 2, for the county board of supervisors.

2. An overlying drainage or levee district that controls and manages improvements and rights-of-way surrendered by a board of supervisors or board of trustees of a contained district, in accordance with sections 468.256 through 468.259, shall continue to be controlled and managed by a board of trustees as provided in subchapter II, part 3.

Referred to in §468.539

468.502 Election.
The board, at the next regular, adjourned, or special session shall canvass the petition and if signed by the requisite number of landowners, it shall order an election to be held at some convenient place in the district not less than forty nor more than sixty days from the date of such order, for the election of three trustees of such district. It shall appoint from the freeholders of the district who reside in the county or counties, three judges and two clerks of election. It shall not be mandatory for the county commissioner of elections to conduct elections held pursuant to this subchapter, but they shall be conducted in accordance with the provisions of chapter 49 where not in conflict with this subchapter.
[S13, §1989-a52b; SS15, §1989-a63; C24, 27, 31, 35, 39, §7676; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.3]

468.503 Intercounty district.
If the district extends into two or more counties, a duplicate of the petition shall be filed in the office of the auditor of each county. The boards of supervisors shall, within thirty days after the filing of such petition, meet in joint session and canvass the same, and if found to be signed by a majority of the owners of land in the district assessed for benefits, they shall by joint action order such election and appoint judges and clerks of election as provided in section 468.502.
[S13, §1989-a52b; SS15, §1989-a62, -a63; C24, 27, 31, 35, 39, §7677; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.4]

Referred to in §468.539

468.504 Election districts.
When a petition has been filed for the election of trustees to manage a district containing twenty thousand acres or more, the board, or, if the district extends into more than one county, the boards of the counties by joint action, shall, before the election, divide the district into three election districts for the purpose of securing a proper distribution of trustees in the district, and the division shall be so made that each election district will have substantially equal voting power and acreage, as nearly as may be. After the division is made there shall be elected one trustee for each of the election districts, but at the election all the qualified voters for the entire district shall be entitled to vote for each trustee. The division here provided for shall be for the purposes only of a proper distribution of trustees in the district and shall not otherwise affect the district or its management and control.
[C24, 27, 31, 35, 39, §7678; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.5]
89 Acts, ch 126, §2
468.505 Record and plat of election districts.
At the time of making a division into election districts, as provided in section 468.504, the board or boards shall designate by congressional divisions, subdivisions, metes and bounds, or other intelligible description, the lands embraced in each election district, and the auditor, or auditors if more than one county shall make a plat thereof in the drainage record of the district indicating thereon the boundary lines of each election district, numbering them, one, two, and three, respectively.

[C24, 27, 31, 35, 39, §7679; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.6]

468.506 Eligibility of trustees.
Each trustee shall be a citizen of the United States not less than eighteen years of age, and one of the following:
1. The bona fide owner of agricultural land in the election district for which the trustee is elected, and a resident of the county in which that district is located or of a county which is contiguous to or corners on that county.
2. The bona fide owner of nonagricultural land in the election district for which the trustee is elected, and a resident of that district. This subsection applies only when the election district is wholly within the corporate limits of a city.
3. An individual who has a legal or equitable interest in an entity that holds an interest in agricultural land located in the election district for which the trustee is elected, including as a bona fide owner. In addition, all of the following must apply:
   a. The entity must be a general partnership formed under section 486A.202 or a person who holds the agricultural land under chapter 9H as a family farm corporation, authorized corporation, family farm limited liability company, authorized limited liability company, family farm limited partnership, limited partnership, family farm unincorporated nonprofit association, authorized unincorporated nonprofit association, family trust, or authorized trust.
   b. The individual must hold the legal or equitable interest in the entity described in paragraph “a” as a partner in the general partnership, shareholder in the corporation, member in the limited liability company, general or limited partner in the limited partnership, member in the unincorporated nonprofit association, or beneficiary in the trust.
   c. The individual must be a resident of the county in which the election district is located or of a county that is contiguous to or corners on that county.
4. a. A bona fide owner of benefited land in a drainage or levee district in which eighty-five percent of its acreage is situated within the corporate limits of a city and has been under the control of a city under subchapter II, part 3.
   b. (1) For nonagricultural land, if the bona fide owner is a business corporation organized and existing under chapter 490 or 491, or a partnership, a stockholder or officer authorized by the corporation or a general partner may be elected as a trustee of the district.
   (2) For agricultural land, if the bona fide owner is an entity described in subsection 3, paragraph “a”, an individual holding a legal or equitable interest in that entity may be elected as trustee.

468.507 Notice of election.
The board, or, if in more than one county, the boards acting jointly, shall cause notice of said election to be given, setting forth the time and place of holding the same and the hours
when the polls will open and close. Such notice shall be published for two consecutive weeks in a newspaper in which the official proceedings of the board are published in the county, or if the district extends into more than one county, then in such newspaper of each county. The last of such publications shall not be less than ten days before the date of said election.

[S13, §1989-a52b; SS15, §1989-a63; C24, 27, 31, 35, 39, §7681; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.8]

468.508 Assessment to determine right to vote.
Before any election is held, the election board shall obtain from the county auditor or auditors a certified copy of so much of the record of the establishment of such district as will show the lands embraced therein, the assessment and classification of each tract, and the name of the person against whom the same was assessed for benefits, and the present record owner, and such certified record shall be kept by the trustees after they are elected, for use in subsequent elections. They shall, preceding each subsequent election, procure from the county auditor or auditors additional certificates showing changes of title of land assessed for benefits and the names of the new owners.

[SS15, §1989-a75; C24, 27, 31, 35, 39, §7682; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.9]

468.511 Votes determined by assessment.
1. When a petition asking for the right to vote in proportion to assessment of benefits at all elections for any purpose thereafter to be held within said district, signed by a majority of the landowners owning land within said district assessed for benefits, is filed with the board of trustees, then, in all elections of trustees thereafter held within said district, any person whose land is assessed for benefits without regard to age, sex, or condition shall be entitled to one vote for each ten dollars or fraction thereof of the original assessment under the current classification against the land actually owned by the person in said district at the time of the election, but in order to have such ballot counted for more than one vote the voter shall write the voter’s name upon the ballot. The vote of any landowner of the district may be cast by absent voters ballot as provided in chapter 53 except that the form of the applications for ballots, the voters’ affidavits on the envelopes, and the endorsement of the carrier envelope for preserving the ballot shall be substantially in the form provided in
subsections 2, 3, and 4, below. Application blanks, envelopes, and ballots shall be provided by and submitted to the office of the county auditor in which the election is held. The cost of such blanks, envelopes, ballots, and postage shall be paid by the district. For the purpose of this subchapter all landowners of the district shall be considered qualified voters, regardless of their place of residence.

2. For the purpose of this subchapter, applications for ballots shall be made on blanks substantially in the following form:

4. For the purposes of this subchapter, upon receipt of the ballot, the auditor shall at once
enclose the same, unopened, together with the application made by the voter in a large carrier
envelope, securely seal the same, and endorse thereon over the auditor’s official signature,
the following:

a. Name of the district in which the voter is a landowner.
b. Date of the election for which the ballot is cast.
c. Location of the polling place at which the ballot would be legally and properly cast if
   voted in person.
d. Names of the judges of the election of that polling place, and the statement that this
envelope contains an absent voters ballot and must be opened only at the polls on election day while said polls are open.

468.512 Vote by agent.
Except where the provisions of section 468.511, providing for vote in proportion to assessment are invoked, any person or corporation owning land or right-of-way within the district and assessed for benefits may have the person's or the corporation's vote cast by the person's or the corporation's agent or proxy authorized to cast such vote by a power of attorney signed and acknowledged by such person or corporation, and filed before such vote is cast in the auditor's office of the county in which such election is held. Every such power of attorney shall specify the particular election for which it is to be used, indicating the day, month, and year of such election, and shall be void for all elections subsequently held. The vote of the owner of any land in a drainage or levee district in any election, where the vote is not determined by assessment, may be cast by absent voters ballot in the same manner and form and subject to the same rights and restrictions as is provided in section 468.511 relating to vote by absentee ballot when votes are determined by assessment.

[SS15, §1989-a73; C24, 27, 31, 35, 39, §7686; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.13]

468.516 Election — canvass of votes — returns.
On the day designated for said election the polls shall open at 1:00 p.m. and remain open until 5:00 p.m. unless otherwise provided under section 468.522. If no convenient polling place is to be found within the district, the election may be held at some convenient place outside the district. The judges of election shall canvass the vote and certify the result, and deposit with the auditor the ballots cast, together with the pollbooks showing the names of the voters; but if there is more than one county in the district, the returns shall be filed with the auditor of the county having the greatest acreage of said district.

468.517 Canvass — certificates of election.
The canvass of the returns by the board or boards of supervisors shall be on the next Monday following the election. If the district is in more than one county, the board of supervisors of the county with the greatest acreage in the district shall canvass the vote. The board of supervisors of the other counties in which the district is located may attend and participate in the canvass of the returns. It or they shall make a return of the results of the canvass to the auditor, who shall issue certificates to the trustees elected, and when the district extends into more than one county, then the auditor with whom the election returns were filed shall issue the certificates and certify an abstract of the canvass to each other county in which the district is located.

468.521 Elections — how conducted.
1. After the first election of trustees, the board of trustees shall act as judges of election; however, a trustee standing for election shall not serve as a judge.
2. The clerk of the board shall act as one of the clerks and an owner of land in the district shall be appointed by the board to act as another clerk.
3. The board shall fill any vacancy of an acting election judge by appointing a person who resides in the county where all or part of the drainage or levee district is located and who is eligible to vote in a general election in that county.
4. The result of each election shall be certified to the auditor or the several county auditors if the district is located in more than one county.

468.523 Vacancies.
If any vacancy occurs in the membership of the board of trustees between the annual elections, the remaining members of the board shall have power to fill such vacancies by appointment of persons having the same qualifications as themselves. The persons so appointed shall qualify in the same manner and hold office until the next annual election when their successors shall be elected. In the event that all places on the board become vacant, then a new board shall be appointed by the auditor, or if more than one county, then by the auditor of the county in which the greater acreage of the district is located. The persons so appointed shall hold office until the next annual election and until their successors are elected and qualify.

468.528 Disbursement of funds.
Drainage and levee taxes when so levied and collected shall be kept by the treasurer of the county in a separate fund to the credit of the district for which it is collected. The county treasurer shall disburse the moneys in the fund only upon any of the following:
1. The orders of the board of trustees, signed by the president of the board, upon which warrants shall be drawn by the auditor upon the treasurer.
2. For drainage and levee districts with pumping stations, by orders of the board of trustees directing the treasurer to place all or any part of the moneys into a checking account established by the board in a bank or credit union as defined in section 12C.1.
a. The treasurer shall disburse the moneys only upon resolution duly adopted by the board. The board shall not expend moneys in the account for a purpose if the board could not order the county treasurer to expend moneys from the county’s separate fund for that same purpose.

b. The board shall file with the county auditor an annual financial statement that is accompanied by an unqualified opinion based upon an audit of the account performed by a certified public accountant licensed in this state. Notwithstanding paragraph “a”, the board shall pay the costs associated with performing the audit out of the district’s moneys.

[SS15, §1989-a52f; C24, 27, 31, 35, 39, §7702; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.29]

468.533 Petition — canvass.
1. A petition requesting that a district placed under the management of trustees be placed back under the management of a board or boards of supervisors, that is signed by a majority of persons, including corporations, owning land within the district assessed for benefits and who in the aggregate own more than one-half the acreage of such lands, may be filed in the office of the auditor and, if the district is situated in more than one county, then a duplicate shall be filed in the office of the auditor of each county.

2. The trustees shall fix a date not less than ten nor more than thirty days from the date the petition is filed for the canvass of such petition, and the trustees and auditor or auditors shall canvass the petition and certify and record in the drainage record the result.
[C24, 27, 31, 35, 39, §7710; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.37]

468.535 When change effective.
If the result of the canvass shows a majority in favor of such change, then it shall become effectual on the date at which the next annual election of trustees would be held, and on such date the trustees shall surrender and turn over to the board or boards of supervisors the full and complete management and control of such district, together with all books, contracts, and other documents relating thereto.
[C24, 27, 31, 35, 39, §7712; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.39]
89 Acts, ch 126, §2
CS89, §468.535

468.536 Final report of trustees.
On or before the date such change becomes effective, the said trustees shall make and file with the auditor, or if more than one county, a duplicate with each auditor, a final report setting forth:
1. The amount of cash funds on hand or to the credit of the district.
2. The amount of outstanding indebtedness of the district, and the form thereof, whether in warrants, improvement certificates, or bonds and the amount of each.
3. Any outstanding contracts for repairs or other work to be done.
4. A statement showing the condition of the improvements of the district, and specifying any portion thereof in need of repair.

PART 3

ESTABLISHMENT OF OVERLYING DISTRICT AS NEW DRAINAGE OR LEVEE DISTRICT

468.538 Scope.
This part applies when the board of trustees of an overlying district accepts all improvements and rights-of-way surrendered by a board of supervisors or board of trustees of a contained district, in accordance with sections 468.256 through 468.259. In addition, after such acceptance, the overlying district must include at least thirty-five thousand acres with a pumping station, regardless of whether the drainage or levee district is located in more than one county. Such a district shall continue to be controlled and managed by a board of trustees elected as provided in this part.

2013 Acts, ch 86, §3, 6
Referred to in §468.539

468.539 Qualified application.
Part 2 of this subchapter shall also apply to this part, except as follows:
1. The trustees of the overlying district serving on the board at the time of acceptance as described in section 468.538 shall be considered initially elected as the trustees of the drainage or levee district as provided in sections 468.502, 468.503, and 468.521.
2. a. The board of trustees described in subsection 1 shall do all of the following:
   (1) Establish the overlying district as a new drainage or levee district, which must include all improvements and rights-of-way surrendered by a board of supervisors or board of trustees of the contained district.
   (2) Divide the new drainage or levee district into three election districts in the same manner as a board of supervisors acting pursuant to sections 468.504 and 468.505.
   b. The petition described in section 468.501 is not required to be filed or considered under this subsection.
3. Each of the three persons elected as trustee to serve on a new drainage or levee district established pursuant to an election held by the board of trustees described in subsection 1 shall hold office for a staggered term as provided in section 468.518. A person elected as a trustee of the new drainage or levee district shall be elected from a specified election district, unless the person is elected at large as provided in subsection 4.
4. The board of trustees described in subsection 1 or a subsequent board of trustees of the new drainage or levee district may provide for the election of two additional persons to serve as trustees. The two additional persons shall be elected at large by all qualified voters for the entire drainage or levee district. Of the five persons elected as trustees of the new drainage or levee district, not more than two persons shall be elected from the same specified election district. One person's initial term shall be for one year and the second person's initial term shall be for two years in the same manner as provided in section 468.518.
5. Votes shall be determined as provided pursuant to either section 468.510 or 468.511 in the same manner as was determined for the overlying district.

SUBCHAPTER IV
FINANCING

PART 1
DRAINAGE REFUNDING BONDS

Referred to in §331.382, 331.552, 468.397

468.540 Refunding bonds.  
The board of supervisors of any county may extend the time of the payment of any of its outstanding drainage bonds issued in anticipation of the collection of drainage assessments levied upon property within a drainage district, and may extend the time of payment of any unpaid assessment, or any installment or installments thereof. The board may renew or extend the time of payment of such legal bonded indebtedness, or any part thereof, for account of such drainage district, and may refund the same and issue drainage refunding bonds therefor subject to the limitation and in the manner provided in this part.  
[C27, 31, 35, §7714-b1; C39, §7714.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §463.1]

468.544 Requirements of notice.

The notice shall be directed to each person whose name appears upon the transfer books in the auditor's office as owner of lands within the drainage district upon which the drainage assessments are unpaid, naming the owner, and also to the person or persons in actual occupancy of any of the tracts of land without naming them. The notice shall also state all of the following:

1. The amount of unpaid assessments upon each forty-acre tract of land or less.
2. That all of the unpaid assessments, installment or installments thereof as proposed to be extended, may be paid on or before the time fixed for the hearing.
3. That after the expiration of such time no assessments may be paid except in the manner and at the times fixed by the board in the resolution authorizing the issuance of the drainage refunding bonds.

[C27, 31, 35, §7714-b5; C39, §7714.05; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §463.5]

CS89, §468.551

468.552 Record of resolution.

Said resolution shall be entered of record upon the minutes of proceedings of said board and shall constitute a contract between the drainage district and the purchasers or holders of said bonds and shall be full authority for the revision of the tax rolls to accord therewith.

CS89, §468.552

468.553 Record of bonds.

When the bonds have been executed as aforesaid they shall be delivered to the county treasurer and the treasurer’s receipt taken therefor. The treasurer shall register said bonds in a book provided for that purpose which shall show the number of each bond, its date, date of sale, amount, date of maturity, and the name and address of the purchaser, and if exchanged what evidences of indebtedness were received therefor, which record shall at all times be open to the inspection of the owners of property within said drainage district. The treasurer shall thereupon certify on the back of each bond as follows:

This bond duly and properly registered in my office this .................
day of ................. (month), ............... (year).

................................................

468.554 Liability of treasurer — reports.
The treasurer shall stand charged on the treasurer’s official bond with all bonds so delivered to the treasurer and the proceeds thereof. The treasurer shall report under oath to the board, at each first regular session thereof in each month, a statement of all such bonds sold or exchanged by the treasurer since the treasurer’s last report and the date of such sale or exchange and when exchanged a description of the indebtedness for which exchanged.
[C27, 31, 35, §7714-b15; C39, §7714.15; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §463.15] 89 Acts, ch 126, §2
CS89, §468.554

468.555 Sale, exchange, and cancellation.
The county treasurer shall, under a resolution and the direction of the said county board of supervisors, sell the bonds for cash on the best available terms or exchange them on like terms for the legal indebtedness of the said drainage district evidenced by the outstanding drainage bonds, authorized to be refunded by the resolution authorizing the issue of said refunding bonds, and the proceeds shall be applied and exclusively used for the purpose for which said bonds are issued. In no case shall they be sold or exchanged for a less sum than their face value and all interest accrued. After registration the treasurer shall deliver said refunding bonds to the purchaser thereof and when exchanged for said bonded indebtedness of said district, shall at once cancel a like amount of said drainage bonds.
[C27, 31, 35, §7714-b16; C39, §7714.16; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §463.16] 89 Acts, ch 126, §2

468.566 Refinancing powers.
1. In order to effect a loan under section 468.565, the governing body of a district, or board of supervisors, is authorized to execute such agreements and contracts, and to fulfill such requirements of the loaning agency as are not inconsistent with this part; and to issue, and pledge or sell the bonds at their face value to the reconstruction finance corporation, or other loaning agency, furnishing the funds for the debt readjustment, in the amount required for the adjustment.
2. The governing body, or board of supervisors, shall also have the authority as a part of the plan of refinancing, adjusting, composing, and refunding of the district’s indebtedness, to cancel the old assessments collectible against the land within the district, pledged to the payment of the district’s outstanding indebtedness and proportionately and equitably to realy the assessments, with interest, over the period covered by the new bonds, in an amount sufficient to pay the new bonds and interest on the bonds. However, the new assessments created against any tract of land within the district shall not be in excess of the unpaid assessments against the tract before the readjustment or composition is made, and the new and extended assessment against the tract shall fully replace the old assessment.
[C35, §7714-g2; C39, §7714.27; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §463.27]

468.567 Report and hearing — appeal.
1. At the direction of the governing board of such district, or board of supervisors, the county auditor of the county within which the land on which the indebtedness is being adjusted is situated, shall compile a tabulated report as to the lands within the said district, setting forth:
   a. The name of the owner of each assessed tract as shown by the transfer books in the county auditor’s office.
   b. The amount of the unpaid old assessments against each of said tracts.
   c. The amount of the new assessment required to pay the new bonds to be issued, together with the installments to be paid thereon annually of principal and interest, and the maximum period of time over which such assessments shall be paid.
2. After such report is tabulated and filed, a hearing upon the contemplated action of the governing body of such district, or board of supervisors, to make the proposed adjustment, composition, renewal and refunding in such adjusted amount of its outstanding indebtedness, together with the issuance of bonds and the levying of assessments therefor, shall be had in the manner and upon the same notice as is prescribed in sections 468.543 through 468.545 and appeal may be made therefrom as provided in this part.

468.575 Conservator appointed.

If the court finds that the necessary parties have instituted the proceedings, and that all necessary parties have been properly served with notice, and the order of the court, and that the drainage district is in default in the payment of its installment assessments, or the interest thereon, the court shall enter an order appointing the county auditor of the county in which such drainage district is located, or if such drainage district is located in more than one county, the county auditor of the county wherein the greater portion of the lands within said drainage district are located, receiver for the said drainage district, said receiver being hereafter called “conservator”, and the said conservator shall be under the court’s direction. The conservator shall be allowed such compensation as may be determined by the court, and said conservator may employ, under the direction and approval of the court, an attorney, and such assistants as may be necessary to perform the duties required by the conservator under the law, and orders of court.

[C35, §7714-f7; C39, §7714.34; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §464.6]
89 Acts, ch 126, §2
CS89, §468.575

The conservator shall, within thirty days from the date of the conservator’s appointment, prepare and file with the clerk of the district court, a full report, giving in detail, the bonded indebtedness of said drainage district, the accrued interest thereon, and any and all other indebtedness owing by said drainage district; a full and complete schedule of all lands sold at tax sale, including the amount of drainage assessments thereon; a list of all real estate within the drainage district, showing the unpaid assessments thereon; also said conservator shall set forth a schedule, under which the bonded indebtedness of said drainage district may be reamortized; also a schedule under which all other indebtedness of said drainage district may be paid or reamortized. Upon the filing of the report by the conservator, the court shall set
a date for hearing thereon, which date shall not be less than ten or more than fifteen days, from the filing thereof.

[C35, §7714-68; C39, §7714.35; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §464.7]

468.577 Adjudication on report.

At the hearing of the conservator’s report, the court shall fix and determine the amount of money in the hands of the county treasurer belonging to the drainage district; the amount of the indebtedness of the drainage district; and to whom the indebtedness is due, and shall fix and determine the time, manner, and priority of payment of the indebtedness. The court shall fix and determine the amount of unpaid assessment or assessments against each tract of land within the drainage district, and may extend the time of payment, and reamortize and reallocate the assessments upon each tract of land within the drainage district. If the court finds that the assessments as levied against each tract of land within the drainage district are not sufficient to pay the indebtedness due and owing by the drainage district, the court may order the board of supervisors of the county within which the drainage district is located, to levy an assessment against the lands within the drainage district, in an amount to pay the deficit. However, assessment for the payment of drainage bonds or improvement certificates shall not be levied against any tract of land if the owner of the land is not delinquent in payment of any assessment. The amount of the reassessment on a particular piece of land shall be in direct proportion to the amount of unpaid assessments on the land. The assessment or expenses incidental thereto, for the payment of drainage bonds or improvement certificates under this part, shall not be levied against any tract of land if the owner of the land had previously paid all of the owner’s assessment. The assessment shall be assessed and levied by the board of supervisors upon the lands within the drainage district, in the same proportion as the original assessment. A copy of the order entered by the court shall be filed by the clerk of the district court with the county auditor, and the schedule of payments of the indebtedness of the drainage district as fixed and determined by the court shall be entered upon the drainage records of the drainage district and also spread upon the tax records of the county, and shall become due and payable at the same time as ordinary taxes, and shall be collected in the same manner with the same interest for delinquency, and the same manner of enforcing collection by tax sale. The court may apportion the costs between the creditors of the drainage district and the drainage district.

468.578 Refunding bonds.

The court shall direct the board of supervisors to issue bonds in lieu of the outstanding drainage bonds for said drainage district, and additional bonds for the accrued interest and other indebtedness of said drainage district. Said bonds shall be payable in amounts, and at the time and manner, and with priority of payments as has been determined by order of court, as provided by section 468.577, and shall be called “conservator’s drainage district bonds”. Each bond shall be numbered and shall state on its face that it is a conservator’s drainage district bond; that it is issued in pursuance of a resolution adopted by the board of supervisors, under order of court, and giving the name of the court and the county where such court is held; that it is issued to pay indebtedness of the drainage district; shall state the county where such district is located, and the number of the drainage district for which it is issued; shall state the date of maturity of the bond, the rate of interest thereon, which rate shall not exceed that permitted by chapter 74A, and that the bond is to be paid only from taxes assessed, levied and collected on the lands within the drainage district for which the bond is issued subject to the provisions of section 468.577. All bonds shall be signed by the chairperson of the board of supervisors and countersigned by the conservator designated as
such. The interest coupons attached to said bonds shall be attested by the signature of the conservator or a facsimile thereof. When the bonds have been executed as herein required, the conservator may sell said bonds at not less than par with accrued interest thereon, and pay the indebtedness of said drainage district, or may exchange said bonds with the creditors of said drainage district in amounts as have been fixed and determined by the court, and the conservator shall cancel all drainage bonds, improvement certificates, warrants or other evidence of indebtedness received by the conservator in lieu of the conservator’s bonds.

CS89, §468.613

468.614 Construction through railroad property.
If any such ditch or drain shall be located through or across the right-of-way or other land of a railroad company, the board shall determine the cost of constructing the same and the railroad company shall have the privilege of constructing such improvement through its property in accordance with the specifications made by the board and recover the costs
thereof as fixed by the board. Such railroad company before it may exercise such privilege shall file its election to that effect with the auditor within five days after the decision of the board is filed.

[S13, §1959; C24, 27, 31, 35, 39, §7729; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.15]
89 Acts, ch 126, §2
CS89, §468.614

468.615 Deposit.
In case such election is filed the applicant shall within ten days thereafter pay to the auditor, for the use of the railroad company, the cost of constructing the drainage improvement through its property, in addition to the amount that may be allowed as damages, and when the railroad company shall have completed the improvement through its property in accordance with such specifications it shall be entitled to demand and receive from the auditor such cost.

[S13, §1959; C24, 27, 31, 35, 39, §7730; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.16]
89 Acts, ch 126, §2
CS89, §468.615

468.616 Failure to construct.
If the railroad company shall fail to so construct the improvement for a period of thirty days after filing its election so to do, the applicant may proceed to do so and may have returned to the applicant the cost thereof deposited with the auditor.

[S13, §1959; C24, 27, 31, 35, 39, §7731; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.17]

468.617 Repairs.
In case any dispute shall thereafter arise as to the repair of any such drain, the same shall be determined by the county board of supervisors upon application in substantially the same manner as in the original construction thereof.

[C73, §1226; C97, §1960; C24, 27, 31, 35, 39, §7732; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.18]

468.618 Obstruction.
Any person who shall dam up, obstruct, or in any way injure any ditch or drain so constructed, shall be liable to pay to the person owning or possessing the swamp, marsh, or other lowlands, for the draining of which such ditch or ditches have been opened, double the damages that shall be sustained by the owner, and, in case of a second or subsequent offense by the same person, treble such damages.

[C73, §1227; C97, §1961; C24, 27, 31, 35, 39, §7733; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.19]

468.619 Drains on abutting boundary lines.
When any watercourse or natural drainage line crosses the boundary line between two adjoining landowners and both parties desire to drain their land along such watercourse or natural drainage line, but are unable to agree as to the junction of the lines of drainage at such boundary line, the board of supervisors of the county in which said land is located shall have full power and authority upon the application of either party to hear and determine all questions arising between such parties after giving due notice to each of the time and place
of such hearing, and may render such decision thereon as to said board shall seem just and equitable.

[C97, §1962; C24, 27, 31, 35, 39, §7734; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.20]

468.621 Drainage in course of natural drainage — reconstruction — damages.
Owners of land may drain the land in the general course of natural drainage by constructing or reconstructing open or covered drains, discharging the drains in any natural watercourse or depression so the water will be carried into some other natural watercourse, and if the drainage is wholly upon the owner’s land the owner is not liable in damages for the drainage unless it increases the quantity of water or changes the manner of discharge on the land of another. An owner in constructing a replacement drain, wholly on the owner’s land, and in the exercise of due care, is not liable in damages to another if a previously constructed drain on the owner’s own land is rendered inoperative or less efficient by the new drain, unless in violation of the terms of a written contract. This section does not affect the rights or liabilities of proprietors in respect to running streams.

468.622 Drainage connection with highway.
1. When the course of natural drainage of any land runs to a public highway, the owner of such land shall have the right to enter upon the highway for the purpose of connecting the owner’s drain or ditch with any drain or ditch constructed along or across the highway. In making the connections, the owner shall do so in accordance with specifications furnished by the highway authorities having jurisdiction over the highway, which specifications shall be furnished to the owner on application. The owner shall leave the highway in as good condition in every way as it was before the work was done.
2. If a tile line or drainage ditch must be projected across the right-of-way to a suitable outlet, the expense of both material and labor used in installing the tile line or drainage ditch across the highway and any subsequent repair of the tile line or drainage ditch shall be paid from funds available for the highways affected.

468.623 Private drainage system — record.
1. Any person who has provided a system of drainage on land owned by the person may have the same made a matter of record in the office of the county recorder of the county in which the drainage system is located, provided any drainage system constructed after July 1, 1969, shall be made a matter of record. The record shall contain the applicable entries specified in sections 558.49 and 558.52.
2. Records under subsection 1 may be used to give the owner’s name, description of tracts of land drained, stating the time when the drainage system was established, the kind, quality, and brand of tile used, the name and place of the manufacturing plant, the name of contractors who laid the tile, the name of the engineer in charge of the survey and installation, the cost of tile, delivery, installation, and engineering expense, depths, grades, outlets, connections, contracts for agreements with adjoining landowners as to connections, and any other matters or information that may be considered of value, and such information may be furnished by the landowner or the engineer having charge of the installation and certified to under oath.

**468.629 Lost records — hearing.**
When the records of any mutual drain are incomplete or have been lost, or when the owner of any land affected by such mutual drain believes that the apportionment of costs or damages is inequitable or that repair or reconstruction is needed, such owner may petition the board of supervisors for relief. The board shall notify all affected parties of such petition, and set a date for a hearing on the petition. The board may adjourn the proceedings from day to day, but no adjournment shall be for more than ten days, and may order such engineering examinations, reclassifications of lands and appraisals of damages as they deem necessary. At the completion of the hearing the supervisors shall reestablish the original records or establish a revised record and basis for apportionment of costs and damages as they find equitable and advisable, and may order such repairs or reconstruction as they find to be
needed. All cost of such reestablishment or revisions of records, and of the needed repair or reconstruction shall be apportioned in accordance with the basis established.

§468.634 Petition to combine with established district.
Upon receipt of a petition, signed by the owners of the lands served by a mutual drain, requesting that such drain be combined with an established drainage district, the board shall hold a hearing with due notice to the owners of all lands affected by said mutual drain, and if the board finds it desirable it may by resolution make such mutual drains a part of the established district. Such hearing and resolution may be continued as the board deems necessary for the collection of additional information as provided in section 468.633. Such combination with an established district shall constitute dissolution of the mutual drain, and
shall be so recorded, after which such mutual drain shall be a part of the district drain in all respects.

CHAPTER 469A
HYDROELECTRIC PLANTS

Referred to in §28F.14

469A.1 Certificate of convenience and necessity.
It shall be unlawful for any person, firm, association or corporation to engage in the
business of constructing, maintaining or operating within this state any hydroelectric
generating plant or project without first having obtained from the executive council of Iowa a
certificate of convenience and necessity declaring that the public convenience and necessity
require such construction, maintenance or operation.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.1]
Referred to in §469A.7

469A.2 Public hearing.
No certificate of convenience and necessity shall be issued by the executive council except
after a public hearing thereon. The executive council shall, upon the filing of an application
for such a certificate, fix the time of the public hearing thereon and shall prescribe the notice
which shall be given by the applicant. Any interested person, firm, association, corporation,
municipality, state board or commission may intervene and participate in such proceeding
and at such hearing.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.2]

469A.3 Public welfare promoted.
Before the executive council shall issue a certificate of convenience and necessity, it shall
first be satisfied that the public convenience and necessity will be promoted thereby, that the
applicant has the financial ability to carry out the terms and conditions imposed, and the
applicant has in writing agreed to accept, abide by and comply with such reasonable terms
and conditions as the executive council may require and impose.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.3]
469A.4 Rules imposed.
The executive council shall prescribe such rules as it may determine necessary for the administration of the provisions of this chapter and may amend such rules at any time.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.4]

469A.5 Costs advanced.
The executive council shall, upon the filing of an application, require the applicant to deposit with the secretary of the executive council such amount as the council shall determine, to pay the expenses to be incurred by the executive council in its investigations and in conducting the proceedings, and the executive council may, from time to time as it deems necessary, require the deposit of additional amounts for such purpose.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.5]

469A.6 Amendment or revocation.
The executive council may at any time for just cause or upon the failure of the applicant to comply with and to obey the terms and conditions attached to the issuance of any certificate, or when the public convenience and necessity demands, alter, amend or revoke any certificate issued under the provisions of this chapter.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.6]

469A.7 Penalty.
Any person, firm, association or corporation who shall violate the provisions of section 469A.1, shall be guilty of a serious misdemeanor. Each separate day that a violation occurs shall constitute a separate offense.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.7]

469A.8 Unlawful combination — receivership.
The state may take possession of a dam for which a permit has been issued under section 455B.275 through receivership proceedings, if the dam becomes owned, leased, trustee, possessed, or controlled by a person in a manner constituting an unlawful combination or trust, or if the dam is the subject or part of the subject of an agreement to limit the output of hydraulic or hydroelectric power derived from the dam for the purpose of price fixing. The receivership proceedings must be instituted by the executive council, and shall be conducted for the purpose of disposing of the dam for a lawful use. The proceeds from the disposition shall be used to reimburse the state for expenses incurred in the receivership. The remaining proceeds shall be awarded to persons found by the court to be entitled to the proceeds.

CHAPTER 470
LIFE CYCLE COST ANALYSIS
OF PUBLIC FACILITIES
Referred to in §331.361, 473.15

470.1 Definitions. 470.6 Restriction on use of public funds.
470.2 Policy — analysis required. 470.7 Life cycle cost analysis — approval.
470.3 Elements of analysis. 470.8 Life cycle cost analysis — implementation and exemptions.
470.4 Analysis approved. 470.5 Exceptions.

470.1 Definitions.
As used in this chapter unless the context otherwise requires:
1. “Addition” means new construction equal to or greater than twenty thousand square
feet of usable floor space that is heated or cooled by a mechanical or electrical system and is
joined to an existing facility.
2. “Authority” means the economic development authority created in section 15.105.
3. “Commissioner” means the state building code commissioner.
4. “Director” means the director of the economic development authority.
5. “Economic life” means the projected or anticipated useful life of a facility as expressed
by a term of years.
6. “Energy system” includes but is not limited to the following equipment or measures:
   a. Equipment used to heat or cool the facility.
   b. Equipment used to heat water in the facility.
   c. On-site equipment used to generate electricity for the major facility.
   d. On-site equipment that uses the sun, wind, oil, natural gas, coal, or electricity as a
      power source.
   e. Energy conservation measures in the facility design and construction that decrease the
      energy requirements of the facility.
7. “Facility” means a building having twenty thousand square feet or more of usable floor
   space that is heated or cooled by a mechanical or electrical system.
8. “Initial cost” means the moneys required for the capital construction or renovation of
   a facility or the construction of an addition.
9. “Life cycle cost analysis” means an analytical technique that considers certain costs of
   owning, using, and operating a facility over its economic life including but not limited to the
   following:
      a. Initial costs.
      b. System repair and replacement costs.
      c. Maintenance costs.
      d. Operating costs, including energy costs.
      e. Salvage value.
10. “Public agency” means a state agency, political subdivision of the state, school district,
    area education agency, or community college.
11. “Renovation” means a project where alterations, that are not additions, to an existing
    facility exceed fifty percent of the value of a facility and will affect an energy system.

[C81, §470.1]
Acts, ch 1109, §1, 2, 9

§470.2 Policy — analysis required.
The general assembly declares that energy management is of primary importance in the
design of publicly owned facilities. On or after May 26, 2016, a public agency responsible
for the construction or renovation of a facility or the construction of an addition shall, in a
design begun after that date, include as a design criterion the requirement that a life cycle
cost analysis be conducted for the facility. The objectives of the life cycle cost analysis are to
optimize energy efficiency at an acceptable life cycle cost. The life cycle cost analysis shall
meet the requirements of section 470.3.

[C81, §470.2]
2016 Acts, ch 1109, §3, 9

§470.3 Elements of analysis.
1. A life cycle cost analysis shall include but is not limited to the following elements:
   a. Specification of energy management objectives and health, safety, and functional
      constraints. The facility design shall comply with applicable state or local building code
      requirements.
   b. Identification of the energy needs of the facility and energy system alternatives to meet
      those needs.
   c. Cost of the energy system alternatives identified in paragraph “b” of this subsection.
   d. Determination of amounts and timing of cash flow.
e. Calculation of life cycle cost using an economic model such as, but not limited to, rate of return, annual equivalent cost or present equivalent cost.

f. Evaluation of design and system alternatives using a method such as, but not limited to, design matrixes, ranking tables, or network analysis.

2. A public agency or a person preparing a life cycle cost analysis for a public agency shall use the methodology set forth in the guidelines established, by rule, by the commissioner.

[C81, §470.3]
Referred to in §470.2

470.4 Analysis approved.
The life cycle cost analysis shall be approved by the public agency before contracts for the construction or renovation of a facility or the construction of an addition are let. A public agency may accept a facility design and shall meet the requirements of this chapter if the design meets the operational requirements of the agency and provides the optimum life cycle cost. The public agency shall retain a copy of the life cycle cost analysis and a statement justifying a design decision both of which shall be available for public inspection at reasonable hours.

[C81, §470.4]
2016 Acts, ch 1109, §5, 9

470.5 Exceptions.
This chapter does not apply to buildings used on January 1, 1980 by the division of adult corrections of the department of human services as maximum security detention facilities or to the renovation of property nominated to, or entered in the national register of historic places, designated by statute, or included in an established list of historic places compiled by the historical division of the department of cultural affairs.

[C81, §470.5; 82 Acts, ch 1238, §22]
83 Acts, ch 96, §157, 159

470.6 Restriction on use of public funds.
Public funds shall not be used for the construction or renovation of a facility or the construction of an addition unless the design for the work is prepared in accordance with this chapter and the actual construction or renovation of the facility or the construction of the addition meets the requirements of the design.

[C81, §470.6]
2016 Acts, ch 1109, §6, 9

470.7 Life cycle cost analysis — approval.
1. The public agency responsible for the new construction or renovation of a public facility or the construction of an addition to a public facility shall submit a copy of the life cycle cost analysis for review by the commissioner who shall consult with the authority. If the public agency is also a state agency under section 7D.34, comments by the authority or the commissioner, including any recommendation for changes in the analysis, shall, within thirty days of receipt of the analysis, be forwarded in writing to the public agency. If either the authority or the commissioner disagrees with any aspects of the life cycle cost analysis, the public agency affected shall timely respond in writing to the commissioner and the authority. The response shall indicate whether the agency intends to implement the recommendations and, if the agency does not intend to implement them, the public agency shall present its reasons. The reasons may include but are not limited to a description of the purpose of the facility or renovation, preservation of historical architectural features, architectural and site considerations, and health and safety concerns.

2. Within thirty days of receipt of the response of the public agency affected, the authority, the commissioner, or both, shall notify in writing the public agency affected of the authority’s, the commissioner’s, or both’s agreement or disagreement with the response. In the event of
a disagreement, the authority, the commissioner, or both, shall at the same time transmit the notification of disagreement with response and related papers to the executive council for resolution pursuant to section 7D.34. The life cycle cost analysis process, including submittal and approval, and implementation exemption requests pursuant to section 470.8, shall be completed prior to the letting of contracts for the construction or renovation of a facility or the construction of an addition.

Referred to in §7D.35

470.8 Life cycle cost analysis — implementation and exemptions.
1. The public agency responsible for the new construction or renovation of a public facility or the construction of an addition shall implement the recommendations of the life cycle cost analysis.
2. The commissioner shall adopt rules for the implementation and administration of the life cycle cost analysis. The commissioner, in consultation with the director, shall, by rule, develop criteria to exempt facilities from the implementation requirements of this section. Using the criteria, the commissioner, in cooperation with the director, shall exempt facilities on a case-by-case basis. Factors to be considered when developing the exemption criteria shall include, but not be limited to, a description of the purpose of the facility or renovation, the preservation of historical architectural features, site considerations, and health and safety concerns. The commissioner and the director shall grant or deny a request for exemption from the requirements of this section within thirty days of receipt of the request.

473.1 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “Alternative and renewable energy” means energy sources including but not limited to solar, wind turbine, waste management, resource recovery, recovered energy generation, refuse-derived fuel, hydroelectric, agricultural crops or residues, hydrogen produced using renewable fuel sources, and woodburning, or relating to renewable fuel development and distribution.

2. “Authority” means the economic development authority created in section 15.105.

3. “Commission” means the environmental protection commission of the department of natural resources.

4. “Director” means the director of the authority or a designee.

5. “Energy” or “energy sources” means gasoline, fuel oil, natural gas, propane, coal, special fuels, and electricity.

6. “Renewable fuel” means a fuel that is all of the following:
   a. A motor vehicle fuel that is any of the following:
      (1) Produced from grain; starch; oilseed; vegetable, animal, or fish materials, including but not limited to fats, greases, and oil; sugar components, grasses, or potatoes; or other biomass.
      (2) Natural gas produced from a biogas source including but not limited to a landfill, sewage waste treatment plant, animal feeding operation, or other place where decaying organic material is found.
   b. Used to replace or reduce the quantity of fossil fuel present in a motor fuel mixture used to operate a motor vehicle.

7. “Supplier” means any person engaged in the business of selling, importing, storing, or generating energy sources, alternative and renewable energy, or renewable fuel in iowa.

473.2 Findings.

The general assembly finds that the health, welfare, and prosperity of all Iowans require the provision of adequate, efficient, reliable, environmentally safe, and least-cost energy at prices which accurately reflect the long-term cost of using such energy resources and which are equitable to all Iowans. The goals and objectives of this policy are to ensure the following:

1. Efficiency. The provision of reliable energy at the least possible cost to Iowans in such manner that:
   a. Physical, human, natural, and financial resources are allocated efficiently.
   b. All supply and demand options are considered and evaluated using comparable terms
and methods in order to determine how best to meet consumers’ demands for energy at the least cost.

2. Environmental quality. The protection of the environment from the adverse external costs of an energy resource utilization so that:
   a. Environmental costs of proposed actions having a significant impact on the environment and the environmental impact of the alternatives are identified, documented, and considered in the resource development.
   b. The prudently and reasonably incurred costs of environmental controls are recovered.

473.3 Energy resource management goal.

1. The goal of this state is to efficiently utilize energy resources to enhance the economy of the state by decreasing the state’s dependence on nonrenewable energy resources from outside the state and by reducing the amount of energy used. This goal is to be implemented through the development of policies and programs that promote energy efficiency, energy conservation, and alternative and renewable energy use by all Iowans, through the development and enhancement of an energy efficiency and alternative and renewable energy industry, through the commercialization of energy resources and technologies that are economically and environmentally viable, and through the development and implementation of effective public information and education programs.

2. State government shall be a model and testing ground for the use of energy efficiency, energy conservation, and alternative and renewable energy systems.

473.7 Duties of the authority.
The authority shall:

1. Supply and annually update the following information:
   a. The historical use and distribution of energy in Iowa.
   b. The growth rate of energy consumption in Iowa, including rates of growth for each energy source.
   c. A projection of Iowa’s energy needs at a minimum through the year 2025.
   d. The impact of meeting Iowa’s energy needs on the economy of the state, including the impact of energy efficiency and renewable energy on employment and economic development.
   e. The impact of meeting Iowa’s energy needs on the environment of the state, including the impact of energy production and use on greenhouse gas emissions.
   f. An evaluation of renewable energy sources, including the current and future technological potential for such sources.

2. Collect and analyze data to use in forecasting future energy demand and supply for the state. A supplier is required to provide information pertaining to the supply, storage, distribution, and sale of energy sources in this state when requested by the authority. The information shall be of a nature which directly relates to the supply, storage, distribution, and sale of energy sources, and shall not include any records, documents, books, or other data which relate to the financial position of the supplier. The authority, prior to requiring any supplier to furnish it with such information, shall make every reasonable effort to determine if such information is available from any other governmental source. If it finds such information is available, the authority shall not require submission of the information
from a supplier. Notwithstanding the provisions of chapter 22, information and reports obtained under this section shall be confidential except when used for statistical purposes without identifying a specific supplier and when release of the information will not give an advantage to competitors and serves a public purpose. The authority shall use this data to conduct energy forecasts.

3. Develop, recommend, and implement with appropriate agencies public and professional education and communication programs in energy efficiency, energy conservation, and conversion to alternative and renewable energy.

4. When necessary to carry out its duties under this chapter, enter into contracts with state agencies and other qualified contractors.

5. Receive and accept grants made available for programs relating to duties of the authority under this chapter.

6. Promulgate rules necessary to carry out the provisions of this chapter, subject to review in accordance with chapter 17A. Rules promulgated by the governor pursuant to a proclamation issued under the provisions of section 473.8 shall not be subject to review or a public hearing as required in chapter 17A; however, authority rules for implementation of the governor’s proclamation are subject to the requirements of chapter 17A.

7. Assist in the implementation of public education and communications programs in energy development, use, and conservation, in cooperation with the department of education, the state university extension services, and other public or private agencies and organizations as deemed appropriate by the authority.

8. Develop a program to annually give public recognition to innovative methods of energy conservation, energy management, and alternative and renewable energy production.

9. Administer and coordinate federal funds for energy conservation, energy management, and alternative and renewable energy programs.

10. Administer and coordinate the state building energy management program including projects funded through private financing.

11. Provide information from monthly fuel surveys which establish a statistical average of motor fuel prices for various motor fuels provided throughout the state. Additionally, the authority shall provide statewide monthly fuel survey information which establishes a statistical average of motor fuel prices for various motor fuels provided in both metropolitan and rural areas of the state. The survey results shall be publicized in a monthly press release issued by the authority.

12. Conduct a study on activities related to energy production and use which contribute to global climate change, in conjunction with institutions under the control of the state board of regents. The study shall take the form of a climate change impacts review, to include the following:
   a. Performance of an initial review of available climate change impacts studies relevant to this state.
   b. Preparation of a summary of available data on recent changes in relevant climate conditions.
   c. Identification of climate change impacts issues which require further research and an estimate of their cost.
   d. Identification of important public policy issues relevant to climate change impacts.

473.8 Emergency powers.

1. If the authority by resolution determines the health, safety, or welfare of the people of this state is threatened by an actual or impending acute shortage of usable energy, it shall transmit the resolution to the governor together with its recommendation on the declaration of an emergency by the governor and recommended actions, if any, to be undertaken. Within
thirty days of the date of the resolution, the governor may issue a proclamation of emergency which shall be filed with the secretary of state. The proclamation shall state the facts relied upon and the reasons for the proclamation.

2. a. Pursuant to the proclamation of an emergency or in response to a declaration of an energy emergency by the president of the United States under the federal Emergency Energy Conservation Act of 1979, Pub. L. No. 96-102, the governor by executive order may:

(1) Regulate the operating hours of energy consuming instrumentalities of state government, political subdivisions, private institutions and business facilities to the extent the regulation is not hazardous or detrimental to the health, safety, or welfare of the people of this state. However, the governor shall have no authority to suspend, amend or nullify any service being provided by a public utility pursuant to an order or rule of a federal agency which has jurisdiction over the public utility.

(2) Establish a system for the distribution and supply of energy. The system shall not include a coupon rationing program, unless the program is federally mandated.

(3) Curtail public and private transportation utilizing energy sources. Curtailment may include measures designed to promote the use of car pools and mass transit systems.

(4) Delegate any administrative authority vested in the governor to the authority or the director.

(5) Provide for the temporary transfer of directors, personnel, or functions of state departments and agencies, for the purpose of performing or facilitating emergency measures pursuant to subparagraphs (1) and (2).

b. If the general assembly is in session, it may revoke by concurrent resolution any proclamation of emergency issued by the governor. If the general assembly is not in session, the proclamation of emergency by the governor may be revoked by a majority vote of the standing membership of the legislative council. Such revocation shall be effective upon receipt of notice of the revocation by the secretary of state and any functions being performed pursuant to the governor’s proclamation shall cease immediately.

3. A violation of an executive order of the governor issued pursuant to this section is a scheduled violation as provided in section 805.8C, subsection 1. If the violation is continuous and stationary in its nature and subsequent compliance can easily be ascertained, an officer may issue a memorandum of warning in lieu of a citation providing a reasonable amount of time not exceeding fourteen days to correct the violation and to comply with the requirements of the executive order.

473.9 Set-aside definitions.
As used in section 473.10 unless the context otherwise requires:

1. “Hardship” means a situation involving or potentially involving substantial discomfort or danger or economic dislocation caused by a shortage or distribution imbalance of a liquid fossil fuel.

2. “Liquid fossil fuel” means heating oils, diesel oil, motor gasoline, propane, residual fuel oils, kerosene, and aviation fuels.

3. “Prime supplier” means an individual, trustee, agency, partnership, association, corporation, company, municipality, political subdivision or other legal entity that makes the first sale of a liquid fossil fuel into the state distribution system for consumption within the state.

[81 Acts, ch 32, §3]
C83, §93.9
C93, §473.9
473.10 Reserve required.
1. If the authority or the governor finds that an impending or actual shortage or distribution imbalance of liquid fossil fuels may cause hardship or pose a threat to the health and economic well-being of the people of the state or a significant segment of the state’s population, the authority or the governor may authorize the director to operate a liquid fossil fuel set-aside program as provided in subsection 2.
2. Upon authorization by the authority or the governor the director may require a prime supplier to reserve a specified fraction of the prime supplier’s projected total monthly release of liquid fossil fuel in Iowa. The director may release any or all of the fuel required to be reserved by a prime supplier to end-users or to distributors for release through normal retail distribution channels to retail customers. However, the specified fraction required to be reserved shall not exceed three percent for propane, aviation fuel and residual oil, and five percent for motor gasoline, heating oil, and diesel oil.
3. The authority shall periodically review and may terminate the operation of a set-aside program authorized by the authority under subsection 1 when the authority finds that the conditions that prompted the authorization no longer exist. The governor shall periodically review and may terminate the operation of a set-aside program authorized by the governor under subsection 1 when the governor finds that the conditions that prompted the authorization no longer exist.
4. The authority shall adopt rules to implement this section.

473.19 Building energy management program.
1. The building energy management program is established by the authority. The building energy management program consists of the following forms of assistance for the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations:
   a. Promoting program availability.
   b. Developing or identifying guidelines and model energy techniques for the completion of energy analyses for state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations.
   c. Providing technical assistance for conducting or evaluating energy analyses for state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations.
   d. Providing or facilitating loans, leases, and other methods of alternative financing under the energy loan program for the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations to implement energy management improvements or energy analyses.
   e. Providing assistance for obtaining insurance on the energy savings expected to be realized from the implementation of energy management improvements.
   f. Facilitating self-liquidating financing for the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations pursuant to section 473.20A.
   g. Assisting the treasurer of state with financing agreements entered into by the treasurer of state on behalf of state agencies to finance energy management improvements pursuant to section 12.28.

2. For the purpose of this section, section 473.20, and section 473.20A, “energy management improvement” means construction, rehabilitation, acquisition, or modification of an installation in a facility or vehicle which is intended to reduce energy consumption, or energy costs, or both, or allow the use of alternative and renewable energy. “Energy management improvement” may include control and measurement devices. “Nonprofit organization” means an organization exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code.

3. The authority shall submit a report by January 1 annually to the governor and the general assembly detailing services provided and assistance rendered pursuant to the building energy management program and pursuant to sections 473.20 and 473.20A, and receipts and disbursements in relation to the building energy management fund created in section 473.19A.

4. Moneys awarded or allocated to the state, its citizens, or its political subdivisions as a result of the federal court decisions and United States department of energy settlements resulting from alleged violations of federal petroleum pricing regulations attributable to or contained within the Stripper Well fund shall be allocated to and remain under the control of the authority for utilization for energy program-related staff support purposes.

86 Acts, ch 1167, §2
473.19A Building energy management fund.

1. The building energy management fund is created within the state treasury under the control of the authority. The fund shall be used for the operational expenses and administrative costs incurred by the authority in facilitating and administering the building energy management program established in section 473.19.

2. The building energy management fund shall consist of amounts deposited into the fund or allocated from the following sources:
   a. Any moneys awarded or allocated to the state, its citizens, or its political subdivisions as a result of the federal court decisions and United States department of energy settlements resulting from alleged violations of federal petroleum pricing regulations attributable to or contained within the Exxon fund. Amounts remaining in the oil overcharge account established in section 455E.11, subsection 2, paragraph "e", Code 2007, and the energy conservation trust established in section 473.11, Code 2007; as of June 30, 2008, shall be deposited into the building energy management fund pursuant to this paragraph, notwithstanding section 8.60, subsection 15, Code 2007.
   b. (1) Moneys received in the form of fees imposed upon the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations for services performed or assistance rendered pursuant to the building energy management program. Fees imposed pursuant to this paragraph shall be established by the authority in an amount corresponding to the operational expenses or administrative costs incurred by the authority in performing services or providing assistance authorized pursuant to the building energy management program, as follows:
      (a) For a building of up to twenty-five thousand square feet, two thousand five hundred dollars.
      (b) For a building in excess of twenty-five thousand square feet, an additional eight cents per square foot.
      (c) A building that houses more energy intensive functions may be subject to a higher fee than the fees specified in subparagraph divisions (a) and (b) as determined by the authority.
   (2) Any fees imposed shall be retained by the authority and are appropriated to the authority for purposes of providing services or assistance under the program.
   c. Moneys appropriated by the general assembly and any other moneys, including grants and gifts from government and nonprofit organizations, available to and obtained or accepted by the authority for placement in the fund.
   d. Moneys contained in the intermodal revolving loan fund administered by the department of transportation for the fiscal year beginning July 1, 2019, and succeeding fiscal years.
   e. Moneys in the fund are not subject to section 8.33. Notwithstanding section 12C.7, interest or earnings on moneys in the fund shall be credited to the fund.

3. The building energy management fund shall be limited to a maximum of one million dollars. Amounts in excess of this maximum limitation shall be transferred to and deposited in the rebuild Iowa infrastructure fund created in section 8.57, subsection 5.

473.20 Energy loan program.

1. An energy loan program is established and shall be administered by the authority.

2. The authority may facilitate the loan process for political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations for implementation of energy management improvements identified in an energy analysis.
Loans shall be facilitated for all cost-effective energy management improvements. For political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations to receive loan assistance under the program, the authority shall require completion of an energy management plan including an energy analysis. The authority shall approve loans facilitated under this section.

3. a. Cities and counties shall repay the loans from moneys in their debt service funds. Area education agencies shall repay the loans from any moneys available to them.

b. School districts and community colleges may enter into financing arrangements with the authority or its duly authorized agents or representatives obligating the school district or community college to make payments on the loans beyond the current budget year of the school district or community college. Chapter 75 shall not be applicable. School districts shall repay the loans from moneys in either their general fund or debt service fund. Community colleges shall repay the loans from their general fund. Other entities receiving loans under this section shall repay the loans from any moneys available to them.

4. For the purpose of this section, “loans” means loans, leases, or alternative financing arrangements.

5. Political subdivisions of the state, school districts, area education agencies, and community colleges shall design and construct the most energy cost-effective facilities feasible and may use financing facilitated by the authority to cover the incremental costs above minimum building code energy efficiency standards of purchasing energy-efficient devices and materials unless other lower cost financing is available. As used in this section, “facility” means a structure that is heated or cooled by a mechanical or electrical system, or any system of physical operation that consumes energy to carry out a process.

6. The authority shall not require the state, state agencies, political subdivisions of the state, school districts, area education agencies, and community colleges to implement a specific energy management improvement identified in an energy analysis if the entity which prepared the analysis demonstrates to the authority that the facility which is the subject of the energy management improvement is unlikely to be used or operated for the full period of the expected savings payback of all costs associated with implementing the energy management improvement, including without limitation, any fees or charges of the authority, engineering firms, financial advisors, attorneys, and other third parties, and all financing costs including interest, if financed.

473.20A Self-liquidating financing.

1. a. The authority may facilitate financing agreements that may be entered into with political subdivisions of the state, school districts, area education agencies, community colleges, or nonprofit organizations to finance the costs of energy management improvements on a self-liquidating basis. The provisions of section 473.20 defining eligible energy management improvements apply to financings under this section.

b. The financing agreement may contain provisions, including interest, term, and obligations to make payments on the financing agreement beyond the current budget year, as may be acceptable to political subdivisions of the state, school districts, area education agencies, community colleges, or nonprofit organizations.

c. The authority shall assist the treasurer of state with financing agreements entered into by the treasurer of state on behalf of state agencies pursuant to section 12.28 to finance energy management improvements being implemented by state agencies.

2. Political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations may enter into financing agreements and issue
obligations necessary to carry out the provisions of the chapter. Chapter 75 shall not be applicable.

473.41 Energy city designation program.
1. The authority shall establish an energy city designation program, with the objective of encouraging cities to develop and implement innovative energy efficiency programs. To qualify for designation as an energy city, a city shall submit an application on forms prescribed by the authority by rule, indicating the following:
   a. Submission of community-based plans for energy reduction projects, energy-efficient building construction and rehabilitation, and alternative or renewable energy production.
   b. Efforts to secure local funding for community-based plans, and documentation of any state or federal grant or loan funding being pursued in connection therewith.
   c. Involvement of local schools, civic organizations, chambers of commerce, and private groups in a community-based plan.
   d. Existing or proposed ordinances encouraging energy efficiency and conservation, recycling efforts, and energy-efficient building code provisions and enforcement.
   e. Organization of an energy day observance and proclamation with a commemorating event and awards ceremony for leading energy-efficient community businesses, groups, schools, or individuals.
2. The authority shall establish by rule criteria for awarding energy city designations. If more than one designation is awarded annually, the criteria shall include a requirement that the authority award the designations to cities of varying populations. Rules shall also be established identifying and publicizing state grant and loan programs relating to energy efficiency, and the development of a procedure whereby the authority shall coordinate with other state agencies preferences given in the awarding of grants or making of loans to energy city designated applicants.

CHAPTER 473A
MIDWEST ENERGY COMPACT

This chapter not enacted as a part of this title; transferred from chapter 93A in Code 1993

473A.1 Midwest energy compact.

473A.1 Midwest energy compact.

The midwest energy compact is enacted into law and entered into with all other states which legally join in the compact in substantially the following form:

1. Article I — Purpose. It is the purpose of this compact to protect, preserve, and enhance:
   a. The economic and general welfare of citizens of the joining states by increasing energy efficiency and energy independence.
   b. The economies and very existence of local communities in such states, the economies of which are dependent upon imported energy sources.

2. Article II — Commission.
   a. Organization and management.
   b. There is hereby created an agency of the member states to be known as the interstate midwest energy commission, hereinafter called the commission. The commission shall consist of three residents of each member state who shall have a background in energy efficiency and who shall be appointed as follows: One member appointed by the governor, who shall serve at the pleasure of the governor; one senator appointed in the manner prescribed by the senate of the state, except that in Iowa the appointment shall be made by the president of the senate, after consultation with the majority leader and the minority leader of the senate, and except that two senators may be appointed by the governor of the state of Nebraska from the unicameral legislature of the state of Nebraska; and one member of the house of representatives appointed in the manner prescribed by the house of representatives of the state. The member first appointed by the governor shall serve for a term of one year and the senator and representative first appointed shall each serve for a term of two years. Thereafter all members appointed shall serve for two-year terms. The attorneys general of member states or assistants designated by the attorneys general shall be nonvoting members of the commission.
   c. Each member shall be entitled to one vote. A member must be present to vote and no voting by proxy shall be permitted. The commission shall not act unless a majority of the voting members are present, and no action shall be binding unless approved by a majority of the total number of voting members present.
   d. The commission shall be a body corporate of each member state and shall adopt an official seal to be used as it may provide.
   e. The commission shall hold an annual meeting and other regular meetings as its bylaws may provide and special meetings as its executive committee may determine. The commission bylaws shall specify the dates of the annual and any other regular meetings, and shall provide for the giving of notice of annual, regular, and special meetings. Notices of special meetings shall include the reasons therefor and an agenda of the items to be considered.
   f. The commission shall elect annually, from among its voting members, a chairperson, a vice chairperson, and a treasurer. The commission shall appoint an executive director who shall serve at its pleasure, and shall fix the duties and compensation of the director. The executive director shall be secretary of the commission. The commission shall make provision for the bonding of those of its officers and employees as it may deem appropriate.
   g. Irrespective of the civil service, personnel, or other merit system laws of any member state, the executive director shall appoint or discharge personnel as may be necessary for the performance of the functions of the commission and shall fix, with the approval of the commission, their duties and compensation. The commission bylaws shall provide for personnel policies and programs. The commission may establish and maintain, independently of or in conjunction with any one or more of the member states, a suitable
retirement system for its full-time employees. Employees of the commission shall be eligible for social security coverage in respect of old age and survivors insurance provided that the commission takes steps as may be necessary pursuant to federal law to participate in the program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in additional programs of employee benefits as may be appropriate. The commission may borrow, accept, or contract for the services of personnel from any state, the United States, or any other governmental entity.

(7) The commission may accept for any of its purposes and functions any and all donations and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any governmental entity, and may utilize and dispose of the same.

(8) The commission may establish one or more offices for the transacting of its business.

(9) The commission shall adopt bylaws for the conduct of its business. The commission shall publish its bylaws in convenient form, and shall file a copy of the bylaws and any amendments thereto with the appropriate agency or officer in each of the member states.

(10) The commission annually shall make to the governor and legislature of each member state a report covering its activities for the preceding year. Any donation or grant accepted by the commission or services borrowed shall be reported in the annual report of the commission, and shall include the nature, amount, and conditions, if any, of the donation, gift, grant, or services borrowed and the identity of the donor or lender. The commission may make additional reports as it may deem desirable.

b. Committees. The commission may establish committees from its membership as its bylaws may provide for the carrying out of its functions.

3. Article III — Powers and duties of commission.

a. The commission shall conduct comprehensive and continuing studies and investigations of energy efficiency measures and their relationship to and effect upon the citizens and economies of the member states.

b. The commission shall make recommendations for the correction of weaknesses and solutions to problems in present energy efficiency measures or the development of alternatives thereto, including the development, drafting, and recommendation of proposed state or federal legislation.

c. The commission is hereby authorized to do all things necessary and incidental to the administration of its functions under this compact.

4. Article IV — Finance.

a. The commission shall submit to the governor of each member state a budget of its estimated expenditures for the period required by the laws of that state for presentation to the legislature of that state.

b. The moneys necessary to finance the general operations of the commission not otherwise provided for in carrying forth its duties, responsibilities, and powers as stated herein shall be appropriated to the commission by the member states, when authorized by the respective legislatures. Appropriations by member states for the financing of the operations of the commission in the initial biennium of the compact shall be in the amount of fifty thousand dollars for each member state. Thereafter the total amount of appropriations requested shall be apportioned among the member states in the manner determined by the commission. Failure of a member state to provide its share of financing is cause for the state to lose its membership in the compact.

c. The commission shall not incur any obligations of any kind prior to the making of appropriations adequate to meet the same, nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

d. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

e. The accounts of the commission shall be open for inspection at any reasonable time.

5. Article V — Eligible parties, entry into force, withdrawal, and termination.
a. Any state contiguous to Iowa may become a member of this compact.
b. This compact shall become effective initially when enacted into law by any five states and in additional states upon their enactment of the same into law.
c. Any member state may withdraw from this compact by enacting a statute repealing the compact, but such withdrawal shall not become effective until one year after the enactment of the repealing statute and the notification of the commission thereof by the governor of the withdrawing state. A withdrawing state shall be liable for any obligations which it incurred on account of its membership up to the effective date of withdrawal, and if the withdrawing state has specifically undertaken or committed itself to any performance of an obligation extending beyond the effective date of withdrawal, it shall remain liable to the extent of that obligation.
d. This compact shall terminate one year after the notification of withdrawal by the governor of any member state which reduces the total membership in the compact to less than five states.

### 474.1 Creation of division and board — organization.
1. A utilities division is created within the department of commerce. The policymaking body for the division is the utilities board which is created within the division. The board is composed of three members appointed by the governor and subject to confirmation by the senate, not more than two of whom shall be from the same political party. Each member appointed shall serve for six-year staggered terms beginning and ending as provided by section 69.19. Vacancies shall be filled for the unexpired portion of the term in the same manner as full-term appointments are made.
2. a. Subject to confirmation by the senate, the governor shall appoint a member as the chairperson of the board. The chairperson shall be the administrator of the utilities division. The appointment as chairperson shall be for a two-year term which begins and ends as provided in section 69.19.
   b. The board shall appoint a chief operating officer to manage the operations of the utilities division as directed by the board. The board shall set the salary of the chief operating officer within the limits of the pay plan for exempt positions provided for in section 8A.413, subsection 3, unless otherwise provided by the general assembly. The board may employ additional personnel as it finds necessary.
3. As used in this chapter and chapters 475A, 476, 476A, 478, 479, 479A, and 479B, “division” and “utilities division” mean the utilities division of the department of commerce.
   [C97, §2111; C24, 27, 31, 35, 39, §7866; C46, 50, 54, 58, 62, 66, 71, 73, §474.2; C75, 77, 79, 81, §474.1]

474.2 Certain persons barred from office.

No person in the employ of any common carrier or other public utility, or owning any bonds, stock, or property in any public utility shall be eligible to hold the office of utilities board member or chief operating officer of the utilities board. The entering into the employ of any common carrier or other public utility or the acquiring of any stock or other interest in any common carrier or other public utility by such member or chief operating officer after appointment shall disqualify the member or chief operating officer to hold or perform the duties of the office.

[C97, §2111; C24, 27, 31, 35, 39, §7865; C46, 50, 54, 58, 62, 66, 71, 73, §474.1; C75, 77, 79, 81, §474.2]

2018 Acts, ch 1160, §2; 2019 Acts, ch 24, §65

Section amended
474.3 Proceedings.
The utilities board may in all cases conduct its proceedings, when not otherwise prescribed by law, in such manner as will best conduce to the proper dispatch of business and the attainment of justice.
[C97, §2142; C24, 27, 31, 35, 39, §7867; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.3]

474.4 Quorum — personal interest.
A majority of the utilities board shall constitute a quorum for the transaction of business, but no member shall participate in any hearing or proceeding in which the member has any pecuniary interest.
[C97, §2142; C24, 27, 31, 35, 39, §7868; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.4]

474.5 Rules, forms and service.
1. The utilities board may from time to time make or amend its rules or orders as necessary for the preservation of order and the regulation of proceedings before it, including forms of notice and the service thereof, which shall conform as nearly as may be to those in use in the courts of the state.
2. The utilities board shall adopt rules approving the types of city-owned or utility-owned lighting which shall be used in providing energy-efficient exterior lighting under sections 364.23 and 476.62.
[C97, §2142; C24, 27, 31, 35, 39, §7869; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.5]
89 Acts, ch 297, §8
Manner of commencing actions, chapter 617

474.6 Appearances — record of votes — public hearings.
Any party may appear before the utilities board and be heard in person or by attorney. Every vote and official action thereof shall be entered of record, and, upon the request of either party or person interested, its proceedings shall be public.
[C97, §2142; C24, 27, 31, 35, 39, §7870; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.6]

474.7 Seal.
The utilities board shall have a seal, of which courts shall take judicial notice.
[C97, §2142; C24, 27, 31, 35, 39, §7871; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.7]

474.8 Office — time employed — expenses.
The utilities board shall have an office at the seat of government. Each member shall devote the member’s whole time to the duties of the office, and the members, chief operating officer, and other employees shall receive their actual necessary traveling expenses while in the discharge of their official duties away from the general offices.
[C97, §2121; SS15, §2121; C24, 27, 31, 35, 39, §7872; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.8]
2018 Acts, ch 1160, §3; 2019 Acts, ch 24, §66
Section amended

474.9 General jurisdiction of utilities board.
The utilities board has general supervision of all pipelines and all lines for the transmission, sale, and distribution of electrical current for light, heat, and power pursuant to chapters 476, 476A, 478, 479, 479A, and 479B and has other duties as provided by law.
[S13, §2120-n; C24, 27, 31, 35, 39, §7874; C46, 50, 54, 58, 62, 66, 71, 73, §474.10; C75, 77, 79, 81, §474.9]
88 Acts, ch 1134, §90; 89 Acts, ch 296, §71; 95 Acts, ch 192, §4

474.10 General counsel.
The board shall employ a competent attorney to serve as its general counsel, and assistants to the general counsel as it finds necessary for the full and efficient discharge of its duties. The general counsel is the attorney for, and legal advisor of, the board and is exempt from the merit system provisions of chapter 8A, subchapter IV. Assistants to the general counsel are
subject to the merit system provisions of chapter 8A, subchapter IV. The general counsel or an assistant to the general counsel shall provide the necessary legal advice to the board in all matters and represent the board in all actions instituted in a state or federal court challenging the validity of a rule or order of the board. The existence of a fact which disqualifies a person from election or from acting as a utilities board member disqualifies the person from employment as general counsel or assistant general counsel. The general counsel shall devote full time to the duties of the office. During employment the counsel shall not be a member of a political committee, contribute to a political campaign fund other than through the income tax checkoff for contributions to the presidential election campaign fund, participate in a political campaign, or be a candidate for a political office.

CHAPTER 475A
CONSUMER ADVOCATE

Referred to in §474.1

475A.1 Consumer advocate. 475A.5 Service.
475A.2 Duties. 475A.6 Certification of expenses to utilities division.
475A.3 Office—employees—expenses. 475A.7 Consumer advisory panel.
475A.4 Utilities division records.

475A.1 Consumer advocate.
1. Appointment. The attorney general shall appoint a competent attorney to the office of consumer advocate, subject to confirmation by the senate, in accordance with section 2.32. The consumer advocate is the chief administrator of the consumer advocate division of the department of justice. The advocate's term of office is for four years. The term begins and ends in the same manner as set forth in section 69.19.

2. Vacancy. If a vacancy occurs in the office of consumer advocate, the vacancy shall be filled for the unexpired term in the same manner as an original appointment under the procedures of section 2.32.

3. Disqualification. The existence of a fact which disqualifies a person from election or acting as utilities board member under section 474.2 disqualifies the person from appointment or acting as consumer advocate.

4. Political activity prohibited. The consumer advocate shall devote the advocate's entire time to the duties of the office. During the advocate's term of office the advocate shall not be a member of a political committee or contribute to a political campaign fund other than through the income tax checkoff for contributions to the presidential election campaign fund or take part in political campaigns or be a candidate for a political office.

5. Removal. The attorney general may remove the consumer advocate for malfeasance or nonfeasance in office, or for any cause which renders the advocate ineligible for appointment, or incapable or unfit to discharge the duties of the advocate's office; and the advocate's removal, when so made, is final.

83 Acts, ch 127, §8, 46; 86 Acts, ch 1245, §742, 743; 2017 Acts, ch 144, §11, 14

475A.2 Duties.
The consumer advocate shall:
1. Investigate the legality of all rates, charges, rules, regulations, and practices of all
persons under the jurisdiction of the utilities board, and institute civil proceedings before
the board or any court to correct any illegality on the part of any such person. In any such
investigation, the person acting for the office of the consumer advocate shall have the power
to ask the board to issue subpoenas, compel the attendance and testimony of witnesses, and
the production of papers, books, and documents, at the discretion of the board.

2. Act as attorney for and represent all consumers generally and the public generally in
all proceedings before the utilities board.

3. Institute as a party judicial review of any decision of the utilities board, if the consumer
advocate deems judicial review to be in the public interest.

4. Appear for all consumers generally and the public generally in all actions instituted
in any state or federal court which involve the validity of a rule, regulation, or order of the
utilities board.

5. Act as attorney for and represent all consumers generally and the public generally in
proceedings before federal and state agencies and related judicial review proceedings and
appeals, at the discretion of the consumer advocate.

6. Appear and participate as a party in the name of the office of consumer advocate in the
performance of the duties of the office.

83 Acts, ch 127, §9

§475A.3 Office — employees — expenses.

1. Office. The office of consumer advocate shall be a separate division of the department
of justice and located at the same location as the utilities division of the department of
commerce. Administrative support services may be provided to the consumer advocate
division by the department of commerce.

2. Employees. The consumer advocate may employ attorneys, legal assistants,
secretaries, clerks, and other employees the consumer advocate finds necessary for the
full and efficient discharge of the duties and responsibilities of the office. The consumer
advocate may employ consultants as expert witnesses or technical advisors pursuant to
contract as the consumer advocate finds necessary for the full and efficient discharge of the
duties of the office. Employees of the consumer advocate division, other than the consumer
advocate, are subject to merit employment, except as provided in section 8A.412.

3. Salaries, expenses, and appropriation. The salary of the consumer advocate shall
be fixed by the attorney general within the salary range set by the general assembly. The
salaries of employees of the consumer advocate shall be at rates of compensation consistent
with current standards in industry. The reimbursement of expenses for the employees and
the consumer advocate is as provided by law. The appropriation for the office of consumer
advocate shall be a separate line item contained in the appropriation from the department of
commerce revolving fund created in section 546.12.

83 Acts, ch 127, §10, 46; 86 Acts, ch 1244, §59; 86 Acts, ch 1245, §744; 89 Acts, ch 158, §1;
Referred to in §§46.12

§475A.4 Utilities division records.
The consumer advocate has free access to all the files, records, and documents in the office
of the utilities division except:

1. Personal information in confidential personnel records of the utilities division.

2. Records which represent and constitute the work product of the general counsel of the
utilities board, and records of confidential communications between utilities board members
and their general counsel, where the records relate to a proceeding before the board in which
the consumer advocate is a party or a proceeding in any state or federal court in which both
the board and the consumer advocate are parties.

3. Customer information of a confidential nature which could jeopardize the customer’s
competitive status and is provided by the utility to the division. Such information shall be
provided to the consumer advocate by the division, if the board determines it to be in the
public interest.

83 Acts, ch 127, §11; 88 Acts, ch 1134, §91; 89 Acts, ch 158, §2
475A.5 Service.
The consumer advocate is entitled to service of all documents required by statute or rule to be served on parties in proceedings before the utilities board and all notices, petitions, applications, complaints, answers, motions, and other pleadings filed pursuant to statute or rule with the board.
83 Acts, ch 127, §12

475A.6 Certification of expenses to utilities division.
1. a. The consumer advocate shall determine the advocate’s expenses, including a reasonable allocation of general office expenses, directly attributable to the performance of the advocate’s duties involving specific persons subject to direct assessment, and shall certify the expenses to the utilities division not less than quarterly. The expenses shall then be includable in the expenses of the division subject to direct assessment under section 476.10.

   b. The consumer advocate shall annually, within ninety days after the close of each fiscal year, determine the advocate’s expenses, including a reasonable allocation of general office expenses, attributable to the performance of the advocate’s duties generally, and shall certify the expenses to the utilities division. The expenses shall then be includable in the expenses of the division subject to remainder assessment under section 476.10.

2. The consumer advocate is entitled to notice and opportunity to be heard in any utilities board proceeding on objection to an assessment for expenses certified by the consumer advocate. Expenses assessed under this section shall not exceed the amount appropriated for the consumer advocate division of the department of justice.

3. The office of consumer advocate may expend additional funds, including funds for outside consultants, if those additional expenditures are actual expenses which exceed the funds budgeted for the performance of the advocate’s duties. Before the office expends or encumbers an amount in excess of the funds budgeted, the director of the department of management shall approve the expenditure or encumbrance. Before approval is given, the director of the department of management shall determine that the expenses exceed the funds budgeted by the general assembly to the office of consumer advocate and that the office does not have other funds from which such expenses can be paid. Upon approval of the director of the department of management, the office may expend and encumber funds for excess expenses. The amounts necessary to fund the excess expenses shall be collected from those utilities or persons which caused the excess expenditures, and the collections shall be treated as repayment receipts as defined in section 8.2, subsection 8.

83 Acts, ch 127, §13; 90 Acts, ch 1247, §10; 99 Acts, ch 20, §1, 6; 2016 Acts, ch 1011, §84
Referred to in §476.10, §476.53

475A.7 Consumer advisory panel.
The attorney general shall appoint five members and the governor shall appoint four members to a consumer advisory panel to meet at the request of the consumer advocate for consultation regarding public utility regulation. A member shall be appointed from each congressional district with the appointee residing within the congressional district at the time of appointment. The remaining appointees shall be members at large. No more than five members shall belong to the same political party as provided in section 69.16. Not more than a simple majority of the members shall be of the same gender. The members appointed by the attorney general shall serve four-year terms at the pleasure of the attorney general and their appointments are not subject to confirmation. The members appointed by the governor shall serve four-year terms at the pleasure of the governor and their appointments are not subject to confirmation. The governor or attorney general shall fill a vacancy in the same manner as the original appointment for the unexpired portion of the member’s term. Members of the consumer advisory panel shall serve without compensation, but shall be reimbursed for actual expenses from funds appropriated to the consumer advocate division.

REGULATION AUTHORITY

§476.1 Applicability of authority.
1. The utilities board within the utilities division of the department of commerce shall regulate the rates and services of public utilities to the extent and in the manner hereinafter provided.
2. As used in this chapter, “board” or “utilities board” means the utilities board within the utilities division of the department of commerce.
3. As used in this chapter, “public utility” shall include any person, partnership, business association, or corporation, domestic or foreign, owning or operating any facilities for:
   a. Furnishing gas by piped distribution system or electricity to the public for compensation.
   b. Furnishing communications services to the public for compensation.
   c. Furnishing water by piped distribution system to the public for compensation.
   d. Furnishing sanitary sewage or storm water drainage disposal by piped collection system to the public for compensation.
4. This chapter does not apply to municipally owned waterworks, waterworks having less than two thousand customers, joint water utilities established pursuant to chapter 389, rural water districts incorporated and organized pursuant to chapters 357A and 504, cooperative water associations incorporated and organized pursuant to chapter 499, municipally owned sanitary sewage or storm water drainage systems, sanitary districts incorporated and organized pursuant to chapter 358, districts organized pursuant to chapter 468, or a person furnishing electricity to five or fewer customers either by secondary line or from an alternate energy production facility or small hydro facility, from electricity that is produced primarily for the person’s own use.
5. The jurisdiction of the board under this chapter shall include efforts designed to promote the use of energy efficiency strategies by gas and electric utilities required to be rate-regulated.

§476.1A Applicability of authority — certain electric utilities.
1. Electric public utilities having fewer than ten thousand customers and electric cooperative corporations and associations are not subject to the regulation authority of the board, except for regulatory action pertaining to all of the following:
   a. Assessment of fees for the support of the division and the office of consumer advocate, pursuant to section 476.10.
   b. Safety and engineering standards for equipment, operations, and procedures.
   c. Assigned area of service.
   d. Pilot projects of the board.
   e. Assessment of fees for the support of the Iowa energy center created in section 15.120 and the center for global and regional environmental research established by the state board of regents. This paragraph “e” is repealed July 1, 2022.
   f. Filing alternate energy purchase program plans with the board, and offering such programs to customers, pursuant to section 476.47.
2. However, sections 476.20, subsections 1 through 4, 476.21, 476.51, 476.56, 476.62, and 476.66 and chapters 476A and 478, to the extent applicable, apply to such electric utilities.
3. Electric cooperative corporations and associations and electric public utilities exempt from rate regulation under this section shall not make or grant any unreasonable preferences.
or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage.

4. The board of directors or the membership of an electric cooperative corporation or association otherwise exempt from rate regulation may elect to have the cooperative’s rates regulated by the board. The board shall adopt rules prescribing the manner in which the board of directors or the membership of an electric cooperative may so elect. If the board of directors or the membership of an electric cooperative has elected to have the cooperative’s rates regulated by the board, after two years have elapsed from the effective date of such election the board of directors or the membership of the electric cooperative may elect to exempt the cooperative from the rate regulation authority of the board, provided, however, that if the membership elected to have the cooperative’s rates regulated by the board, only the membership may elect to exempt the cooperative from the rate regulation authority of the board.

476.1B Applicability of authority — municipally owned utilities.

1. Unless otherwise specifically provided by statute, a municipally owned utility furnishing gas or electricity is not subject to regulation by the board under this chapter, except for regulatory action pertaining to:

a. Assessment of fees for the support of the division and the office of consumer advocate, as set forth in section 476.10.

b. Safety standards.

c. Assigned areas of service, as set forth in sections 476.22 through 476.26.

d. Enforcement of civil penalties pursuant to section 476.51.

e. Disconnection of service, as set forth in section 476.20, subsections 1 through 4.

f. Encouragement of alternate energy production facilities, as set forth in sections 476.41 through 476.45.

g. Enforcement of section 476.56.

h. Enforcement of section 476.66.

i. Enforcement of section 476.62.

j. Assessment of fees for the support of the Iowa energy center created in section 15.120 and the center for global and regional environmental research created by the state board of regents. This paragraph “j” is repealed July 1, 2022.

k. An electric power agency as defined in chapter 28F and section 390.9 that includes as a member a city or municipally owned utility that builds transmission facilities after July 1, 2001, is subject to applicable transmission reliability rules or standards adopted by the board for those facilities.

l. Filing alternate energy purchase program plans with the board, and offering such programs to customers, pursuant to section 476.47.

2. The board may waive all or part of the energy efficiency filing and review requirements for municipally owned utilities which demonstrate superior results with existing energy efficiency efforts.

3. Unless otherwise specifically provided by statute, a municipally owned utility providing local exchange services is not subject to regulation by the board under this chapter except for regulatory action pertaining to the enforcement of sections 476.95, 476.95A, 476.95B, 476.100, and 476.102.

Referred to in §476.58
§476.1C  Applicability of authority — certain gas utilities.
1. Gas public utilities having fewer than two thousand customers:
   a. Are not subject to the regulation authority of the utilities board under this chapter
      unless otherwise specifically provided. Sections 476.10, 476.20, 476.21, and 476.51 apply
      to such gas utilities.
   b. Shall be subject to the assessment of fees for the support of the Iowa energy center
      created in section 15.120 and the center for global and regional environmental research
      created by the state board of regents. This paragraph “b” is repealed July 1, 2022.
   c. Shall file energy efficiency plans and energy efficiency results with the board. The
      energy efficiency plans as a whole shall be cost-effective. The board may waive all or part
      of the energy efficiency filing requirements if the gas utility demonstrates superior results with
      existing energy efficiency efforts.
   d. Shall keep books, accounts, papers and records accurately and faithfully in the manner
      and form prescribed by the board. The board may inspect the accounts of the utility at any
      time.
   e. (1) May make effective a new or changed rate, charge, schedule, or regulation after
      giving written notice of the proposed new or changed rate, charge, schedule, or regulation
      to all affected customers served by the public utility. The notice shall inform the customers
      of their right to petition for a review of the proposal to the utilities board within sixty days
      after notice is served if the petition contains the signatures of at least one hundred of the
      gas utility’s customers. The notice shall state the address of the utilities board. The new or
      changed rate, charge, schedule, or regulation takes effect sixty days after such valid notice is
      served unless a petition for review of the new or changed rate, charge, schedule, or regulation
      signed by at least one hundred of the gas utility’s customers is filed with the board prior to
      the expiration of the sixty-day period.
      (2) If such a valid petition is filed with the board within the sixty-day period, any new
      or changed rate, charge, schedule, or regulation shall take effect, under bond or corporate
      undertaking, subject to refund of all amounts collected in excess of those amounts which
      would have been collected under the rates or charges finally approved by the board.
      The board shall within five months of the date of filing make a determination of just
      and reasonable rates based on a review of the proposal, applying established regulatory
      principles. The board may call upon the gas public utility and its customers to furnish
      factual evidence in support of or opposition to the new or changed rate, charge, schedule, or
      regulation. If the gas public utility disputes the finding, the utility may within twenty days
      file for further review, and the board shall docket the case as a formal proceeding under
      section 476.6, subsection 4, and set the case for hearing. The gas public utility shall submit
      factual evidence and written argument in support of the filing.
   f. Shall not make effective a new or changed rate, charge, schedule, or regulation which
      relates to services for which a rate change is pending within twelve months following the
      date the petition to review the prior proposed rate, charge, schedule, or regulation was filed
      with the board or until the board has made its determination of just and reasonable rates,
      whichever date is earlier, unless the utility applies to the board for authority and receives
      authority to make a subsequent rate change at an earlier date.
   g. Shall not make or grant any unreasonable preferences or advantages as to rates or
      services to any person or subject any person to any unreasonable prejudice or disadvantage.
      Rates charged by a gas public utility having less than two thousand customers for
      transportation of customer-owned gas shall not exceed the actual cost of such transportation
      services including a fair rate of return.
2. If, as a result of a review of a proposed new or changed rate, charge, schedule, or
   regulation of a gas public utility having fewer than two thousand customers, the consumer
   advocate alleges in a filing with the board that the utility rates are excessive, the disputed
   amounts shall be specified by the consumer advocate in the filing. The gas public utility shall,
   within the time prescribed by the board, file a bond or undertaking approved by the board
   conditioned upon the refund in a manner prescribed by the board of amounts collected after
   the date of the filing which are in excess of rates or charges finally determined by the board
   to be lawful. If after formal proceeding and hearing pursuant to section 476.6 the board finds
that the utility rates are unlawful, the board shall order a refund, with interest, of amounts collected after the date of filing of the petition that are determined to be in excess of the amounts which would have been collected under the rates finally approved. However, the board shall not order a refund that is greater than the amount specified in the petition, plus interest. If the board fails to render a decision within ten months following the date of filing of the petition, the board shall not order a refund of any excess amounts that are collected after the expiration of that ten-month period and prior to the date the decision is rendered.

476.1D Regulation and deregulation of communications services.

1. Except as provided in this section, the jurisdiction of the board as to the regulation of communications services is not applicable to a service or facility that is provided or is proposed to be provided by a telephone utility that is or becomes subject to effective competition, as determined by the board.

   a. In determining whether a service or facility is or becomes subject to effective competition, the board shall consider, among other factors, whether a comparable service or facility is available from a supplier other than the telephone utility in the geographic market being considered by the board and whether market forces in that market are sufficient to assure just and reasonable rates without regulation.

   b. When considering market forces in the market proposed to be deregulated, the board shall consider factors including but not limited to the presence or absence of all of the following:

      (1) Wireless communications services.
      (2) Cable telephony services.
      (3) Voice over internet protocol services.
      (4) Economic barriers to the entry of competitors or potential competitors in that market.

2. Deregulation of a service or facility for a utility is effective only after a finding of effective competition by the board.

3. If the board finds that a service or facility is subject to effective competition, the board shall deregulate the service or facility within a reasonable time.

4. Upon deregulation, all investment, revenues, and expenses associated with the service or facility shall be removed from the telephone utility’s regulated operations and shall not be considered by the board in setting rates for the telephone utility unless they continue to affect the utility’s regulated operations. If the board considers investment, revenues, and expenses associated with unregulated services or facilities in setting rates for the telephone utility, the board shall not use any profits or costs from such unregulated services or facilities to determine the rates for regulated services or facilities.

5. Notwithstanding the presence of effective competition, if the board determines a service or facility is an essential communications service or facility and the public interest warrants retention of service regulation, the board shall deregulate rates and may continue service regulation.

6. The board may reimpose rate and service regulation on a deregulated service or facility if it determines the service or facility is no longer subject to effective competition.

7. The board may reimpose service regulation only on a deregulated service or facility if the board determines the service or facility is an essential communications service or facility and the public interest warrants service regulation, notwithstanding the presence of effective competition.

8. If the board reimposes regulation pursuant to subsection 6 or 7, the reimposition of regulation shall apply to all providers of the service or facility.

9. The board may investigate and obtain information from providers of deregulated services or facilities to determine whether the services or facilities are subject to effective competition or whether the service or facility is an essential communications service or facility and the public interest warrants service regulation. However, the board shall not, for
purposes of this subsection, request or obtain information related to the provider’s costs or earnings.

§476.2 Board powers and rules — utility’s Iowa office.

1. The board shall have broad general powers to effect the purposes of this chapter notwithstanding the fact that certain specific powers are hereinafter set forth. The board shall have authority to issue subpoenas and to pay the same fees and mileage as are payable to witnesses in the courts of general jurisdiction and shall establish all needful, just and reasonable rules, not inconsistent with law, to govern the exercise of its powers and duties, the practice and procedure before it, and to govern the form, contents and filing of reports, documents and other papers provided for in this chapter or in the board’s rules. In the establishment, amendment, alteration or repeal of any of such rules, the board shall be subject to the provisions of chapter 17A.

2. The board shall employ at rates of compensation consistent with current standards in industry such professionally trained engineers, accountants, attorneys, and skilled examiners and inspectors, secretaries, clerks, and other employees as it may find necessary for the full and efficient discharge of its duties and responsibilities as required by this chapter.

3. The board may intervene in any proceedings before the federal energy regulatory commission or any other federal or state regulatory body when it finds that any decision of that tribunal would adversely affect the costs of any public utility service within the state of Iowa.

4. The board shall have authority to inquire into the management of the business of all public utilities, and shall keep itself informed as to the manner and method in which the same is conducted, and may obtain from any public utility all necessary information to enable the board to perform its duties.

5. Each rate-regulated gas and electric utility operating within the state shall maintain within the state the utility’s principal office for Iowa operations. The principal office shall be subject to the jurisdiction of the board and shall house those books, accounts, papers, and records of the utility deemed necessary by the board to be housed within the state. The utility shall maintain within the state administrative, technical, and operating personnel necessary for the delivery of safe and reasonably adequate services and facilities as required pursuant to section 476.8. A public utility which violates this section shall be subject to the penalties provided in section 476.51 and shall be denied authority to recover, for a period determined by the board, the costs of an energy efficiency plan pursuant to section 476.6, subsection 8.

§476.3 Complaints — investigation — refunds.

1. A public utility shall furnish reasonably adequate service at rates and charges in accordance with tariffs filed with the board. When there is filed with the board by any person or body politic, or filed by the board upon its own motion, a written complaint requesting the board to determine the reasonableness of the rates, charges, schedules, service, regulations, or anything done or omitted to be done by a public utility subject to this chapter in contravention of this chapter, the written complaint shall be forwarded by the board to the public utility, which shall be called upon to satisfy the complaint or to answer it in writing within a reasonable time to be specified by the board. Copies of the written complaint forwarded by the board to the public utility and copies of all correspondence from the public utility in response to the complaint shall be provided by the board in an expeditious manner to the consumer advocate. If the board determines the public utility’s response is inadequate and there appears to be any reasonable ground for investigating the complaint, the board
shall promptly initiate a formal proceeding. If the consumer advocate determines the public utility’s response to the complaint is inadequate, the consumer advocate may file a petition with the board which shall promptly initiate a formal proceeding if the board determines that there is any reasonable ground for investigating the complaint. The complainant or the public utility also may petition the board to initiate a formal proceeding which petition shall be granted if the board determines that there is any reasonable ground for investigating the complaint. The formal proceeding may be initiated at any time by the board on its own motion. If a proceeding is initiated upon petition filed by the consumer advocate, complainant, or the public utility, or upon the board’s own motion, the board shall set the case for hearing and give notice as it deems appropriate. When the board, after a hearing held after reasonable notice, finds a public utility’s rates, charges, schedules, service, or regulations are unjust, unreasonable, discriminatory, or otherwise in violation of any provision of law, the board shall determine just, reasonable, and nondiscriminatory rates, charges, schedules, service, or regulations to be observed and enforced.

2. If, as a result of a review procedure conducted under section 476.31, a review conducted under section 476.32, a special audit, an investigation by division staff, or an investigation by the consumer advocate, a petition is filed with the board by the consumer advocate, alleging that a utility’s rates are excessive, the disputed amount shall be specified in the petition. The public utility shall, within the time prescribed by the board, file a bond or undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of amounts collected after the date of filing of the petition in excess of rates or charges finally determined by the board to be lawful. If upon hearing the board finds that the utility’s rates are unlawful, the board shall order a refund, with interest, of amounts collected after the date of filing of the petition that are determined to be in excess of the amounts which would have been collected under the rates finally approved. However, the board shall not order a refund that is greater than the amount specified in the petition, plus interest, and if the board fails to render a decision within ten months following the date of filing of the petition, the board shall not order a refund of any excess amounts that are collected after the expiration of that ten-month period and prior to the date the decision is rendered.

3. A determination of utility rates by the board pursuant to this section that is based upon a departure from previously established regulatory principles shall apply prospectively from the date of the decision.

476.4 Tariffs filed.

1. Every public utility shall file with the board tariffs showing the rates and charges for its public utility services and the rules and regulations under which such services were furnished, on April 1, 1963, which rates and charges shall be subject to investigation by the board as provided in section 476.3, and upon such investigation the burden of establishing the reasonableness of such rates and charges shall be upon the public utility filing the same. These filings shall be made under such rules as the board may prescribe within such time and in such form as the board may designate. In prescribing rules and regulations with respect to the form of tariffs and any other regulations, the board shall, in the case of public utilities subject to regulation by any federal agency, give due regard to any corresponding rules and regulations of such federal agency, to the end that unnecessary duplication of effort and expense may be avoided so far as reasonably possible. Each public utility shall keep copies of its tariffs open to public inspection under such rules as the board may prescribe.

2. No later than January 1, 2015, a telephone utility is required to file tariffs as provided in this section only for such wholesale services as may be specified by the board.

3. Every rate, charge, rule, and regulation contained in any filing made with the commission on or prior to July 4, 1963, shall be effective as of such date, subject, however, to investigation as herein provided. If any such filing is made prior to the time the commission prescribes rules as aforesaid, and if such filing does not comply as to form or substance with
such rules, then the public utility which filed the same shall within a reasonable time after the adoption of such rules make a new filing or filings complying with such rules, which new filing or filings shall be deemed effective as of July 4, 1963.

§476.5 Adherence to schedules.  
No public utility subject to rate regulation shall directly or indirectly charge a greater or less compensation for its services than that prescribed in its tariffs, and no such public utility shall make or grant any unreasonable preferences or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage.

§476.6 Changes in rates, charges, schedules, and regulations — supply and cost review — water costs for fire protection — energy efficiency.  
1. Filing with board. A public utility subject to rate regulation shall not make effective a new or changed rate, charge, schedule, or regulation until the rate, charge, schedule, or regulation has been approved by the board, except as provided in subsections 8 and 9.  
2. Written notice of increase. All public utilities, except those exempted from rate regulation by section 476.1 and telecommunications service providers registered pursuant to section 476.95A, shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility no more than sixty-two days prior to and prior to the time the application for the increase is filed with the board. Public utilities exempted from rate regulation by section 476.1, except telecommunications service providers registered pursuant to section 476.95A, shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility at least thirty days prior to the effective date of the increase. If the public utility is subject to rate regulation, the notice to affected customers shall also state that the customer has a right to file a written objection to the rate increase and that the affected customers may request the board to hold a public hearing to determine if the rate increase should be allowed. The board shall prescribe the manner and method that the written notice to each affected customer of the public utility shall be served.  
3. Facts and arguments submitted. At the time a public utility subject to rate regulation files with the board an application for any new or changed rates, charges, schedules, or regulations, the public utility also shall submit factual evidence and written argument offered in support of the filing. If the filing is an application for a general rate increase, the utility shall also file affidavits containing testimonial evidence to be offered in support of the filing, although this requirement does not apply if the public utility is a rural electric cooperative.  
4. Hearing set. After the filing of an application for new or changed rates, charges, schedules, or regulations by a public utility subject to rate regulation, the board, prior to the expiration of thirty days after the filing date, shall docket the case as a formal proceeding and set the case for hearing unless the new or changed rates, charges, schedules, or regulations are approved by the board. However, if an application presents no material issue of fact subject to dispute, and the board determines that the application violates a relevant statute, or is not in substantial compliance with a board rule lawfully adopted pursuant to chapter 17A, the application may be rejected by the board without prejudice and without a hearing, provided that the board issues a written order setting forth all of its reasons for rejecting the application. In the case of a gas public utility having less than two thousand customers, the board shall docket a case as a formal proceeding and set the case for hearing as provided in section 476.1C. In the case of a rural electric cooperative, the board may docket the case as a formal proceeding and set the case for hearing prior to the proposed effective date of
the tariff. The board shall give notice of formal proceedings as it deems appropriate. The
docketing of a case as a formal proceeding suspends the effective date of the new or changed
rates, charges, schedules, or regulations until the rates, charges, schedules, or regulations
are approved by the board, except as provided in subsection 9.
5. Utility hearing expenses reported. When a case has been docketed as a formal
proceeding under subsection 4, the public utility, within a reasonable time thereafter, shall
file with the board a report outlining the utility’s expected expenses for litigating the case
through the time period allowed by the board in rendering a decision. At the conclusion of
the utility’s presentation of comments, testimony, exhibits, or briefs the utility shall submit
to the board a listing of the utility’s actual litigation expenses in the proceeding. As part
of the findings of the board under subsection 6, the board shall allow recovery of costs of
the litigation expenses over a reasonable period of time to the extent the board deems the
expenses reasonable and just.
6. Finding by board. If, after hearing and decision on all issues presented for
determination in the rate proceeding, the board finds the proposed rates, charges, schedules,
or regulations of the utility to be unlawful, the board shall by order authorize and direct the
utility to file new or changed rates, charges, schedules, or regulations which, when approved
by the board and placed in effect, will satisfy the requirements of this chapter. The rates,
charges, schedules, or regulations so approved are lawful and effective upon their approval.
7. Limitation on filings. A public utility shall not make a subsequent filing of an
application for a new or changed rate, charge, schedule, or regulation which relates to
services for which a rate filing is pending within twelve months following the date the prior
application was filed or until the board has issued a final order on the prior application,
whichever date is earlier, unless the public utility applies to the board for authority and
receives authority to make a subsequent filing at an earlier date.
8. Automatic adjustments.
   a. This chapter does not prohibit a public utility from making provision for the automatic
      adjustment of rates and charges for public utility service provided that a schedule showing
      the automatic adjustment of rates and charges is first filed with and approved by the board.
   b. A public utility may automatically adjust rates and charges to recover costs related to
      transmission incurred by or charged to the public utility consistent with a tariff or agreement
      that is subject to the jurisdiction of the federal energy regulatory commission, provided that
      a schedule showing the automatic adjustment of rates and charges is first filed with and approved
      by the board. The board shall adopt rules regarding the reporting of transmission
      expenses and transmission-related activity pursuant to this paragraph.
   a. A public utility may choose to place in effect temporary rates, charges, schedules, or
      regulations without board review on or after ten days following the filing date under this
      section. If the utility chooses to place such rates, charges, schedules, or regulations in effect,
      the utility shall file with the board a bond or other corporate undertaking approved by the
      board conditioned upon the refund in a manner prescribed by the board of amounts collected
      in excess of the amounts which would have been collected under rates, charges, schedules,
      or regulations finally approved by the board. At the conclusion of the proceeding if the board
determines that the temporary rates, charges, schedules, or regulations placed in effect under
this paragraph were not based on previously established regulatory principles, the board shall
consider ordering refunds based upon the overpayments made by each individual customer
class, rate zone, or customer group. If the board has not rendered a final decision with
respect to suspended rates, charges, schedules, or regulations upon the expiration of ten
months after the filing date, plus the length of any delay that necessarily results either from
the failure of the public utility to exercise due diligence in connection with the proceedings or
from intervening judicial proceedings, plus the length of any extension permitted by section
476.33, subsection 3, then such temporary rates, charges, schedules, or regulations placed
into effect on a temporary basis shall be deemed finally approved by the board and the utility
may place them into effect on a permanent basis.
   b. If the board finds that an extension of the ten-month period is necessary to permit the
accumulation of necessary data with respect to the operation of a newly constructed electric
generating facility that has a capacity of one hundred megawatts or more of electricity and that is proposed to be included in the rate base for the first time, the board may extend the ten-month period up to a maximum extension of six months, but only with respect to that portion of the suspended rates, charges, schedules, or regulations that are necessarily connected with the inclusion of the generating facility in the rate base. If a utility is proposing to include in its rate base for the first time a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity, the filing date of new or changed rates, charges, schedules, or regulations shall, for purposes of computing the time limitations stated above, be the date as determined by the board that the new plant went into service, but only with respect to that portion of the suspended rates, charges, schedules, or regulations that are necessarily connected with the inclusion of the generating facility in the rate base.

c. The board shall determine the rate of interest to be paid by a public utility to persons receiving refunds. The interest rate to be applied to refunds of moneys collected subject to refund under this subsection is two percent per annum plus the average quarterly interest rate at commercial banks for twenty-four-month loans for personal expenditures, as determined by the board, compounded annually. The board shall consider federal reserve statistical release G.19 or its equivalent when determining interest to be paid under this subsection.

10. Refunds passed on to customers. If pursuant to federal law or rule a rate-regulated public utility furnishing gas to customers in the state receives a refund or credit for past gas purchases, the savings shall be passed on to the customers in a manner approved by the board. Similarly, if pursuant to federal law or rule a rate-regulated public utility furnishing gas to customers in the state receives a rate for future gas purchases which is lower than the price included in the public utility’s approved rate application, the savings shall be passed on to the customers in a manner approved by the board.

11. Natural gas supply and cost review.

a. The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility’s natural gas procurement and contracting practices. The natural gas supply and cost review shall be conducted as a contested case pursuant to chapter 17A.

b. Under procedures established by the board, each rate-regulated public utility furnishing gas shall periodically file a complete natural gas procurement plan describing the expected sources and volumes of its gas supply and changes in the cost of gas anticipated over a future twelve-month period specified by the board. The utilities shall file information as the board deems appropriate.

c. During the natural gas supply and cost review, the board shall evaluate the reasonableness and prudence of the gas procurement plan. If a utility is not taking all reasonable actions to minimize its purchase gas costs, consistent with assuring an adequate long-term supply of natural gas, the board shall not allow the utility to recover from its customers purchase gas costs in excess of those costs that would be incurred under reasonable and prudent policies and practices.

12. Electric energy supply and cost review. The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility’s procurement and contracting practices related to the acquisition of fuel for use in generating electricity. The evaluation may review the reasonableness and prudence of actions taken by a rate-regulated public utility to comply with the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549. The proceeding shall be conducted as a contested case pursuant to chapter 17A. Under procedures established by the board, the utility shall file information as the board deems appropriate. If a utility is not taking all reasonable actions to minimize its fuel and allowance transaction costs, the board shall not allow the utility to recover from its customers fuel and allowance transaction costs in excess of those costs that would be or would have been incurred under reasonable and prudent policies and practices.

13. Energy efficiency plans. Electric and gas public utilities shall offer energy efficiency programs to their customers through energy efficiency plans. An energy efficiency plan as a whole shall be cost-effective. In determining the cost-effectiveness of an energy
efficiency plan, the board shall apply the societal test, total resource cost test, utility cost
test, rate-payer impact test, and participant test. Energy efficiency programs for qualified
low-income persons and for tree planting programs, educational programs, and assessments
of consumers’ needs for information to make effective choices regarding energy use and
energy efficiency need not be cost-effective and shall not be considered in determining
cost-effectiveness of plans as a whole. The energy efficiency programs in the plans may be
provided by the utility or by a contractor or agent of the utility. Programs offered pursuant
to this subsection by gas and electric utilities that are required to be rate-regulated shall
require board approval.

14. Water costs for fire protection in certain cities.

a. Application. A city furnished water by a public utility subject to rate regulation
may apply to the board for inclusion of all or a part of the costs of fire hydrants or other
improvements, maintenance, and operations for the purpose of providing adequate water
production, storage, and distribution for public fire protection in the rates or charges
assessed to consumers covered by the applicant’s fire protection service. The application
shall be made in a form and manner approved by or as directed by the board. The
applicant shall provide such additional information as the board may require to consider the
application.

b. Review. The board shall review the application, and may in its discretion consider
additional evidence, beyond that supplied in the application or provided by the applicant in
response to a request for additional information pursuant to paragraph “a”, including but not
limited to soliciting oral or written testimony from other interested parties.

c. Notice. Written notice of a proposed rate increase shall be provided by the public
utility pursuant to subsection 2, except that notice shall be provided within ninety days of
the date of application. Costs of the notice shall be paid for by the applicant.

d. Conditions for approval. As a condition to approving an application to include
water-related fire protection costs in the utility’s rates or charges, the board shall make an
affirmative determination that the following conditions will be met:

(1) That the service area currently charged for fire protection, either directly or indirectly,
is substantially the same service area containing those persons who will pay for water-related
fire protection through inclusion of such costs within the utility’s rates or charges.

(2) That the inclusion of such costs within the utility’s rates or charges will not cause
substantial inequities among the utility’s customers.

(3) That all or a portion of the costs sought to be included in the utility’s rates or charges
by the applicant are reasonable in the circumstances, and limited to the purposes specified
in paragraph “a”.

(4) That written notice has been provided pursuant to paragraph “c” and that the costs of
the notice have been paid by the applicant.

e. Inclusion within rates or charges. If the board affirmatively determines that the
conditions of paragraph “d” are or will be satisfied, the board shall include the reasonable
costs in the rates or charges assessed to consumers covered by the applicant’s fire protection
service.

f. Written order. The board shall issue a written order within six months of the date
of application. The written order shall include a recitation of the facts found pursuant to
consideration of the application.

15. Energy efficiency implementation, cost review, and cost recovery.

a. (1) (a) Electric utilities required to be rate-regulated under this chapter shall file
five-year energy efficiency plans and demand response plans with the board. Gas utilities
required to be rate-regulated under this chapter shall file five-year energy efficiency plans
with the board. An energy efficiency plan and budget or a demand response plan and
budget shall include a range of energy efficiency or demand response programs, tailored
to the needs of all customer classes, including residential, commercial, and industrial
customers, for energy efficiency opportunities. The plans shall include programs for
qualified low-income persons including a cooperative program with any community action
agency within the utility’s service area to implement countywide or communitywide
energy efficiency programs for qualified low-income persons. Rate-regulated gas and
§476.6, PUBLIC UTILITY REGULATION  IV-1258

electric utilities shall utilize Iowa agencies and Iowa contractors to the maximum extent cost-effective in their energy efficiency plans or demand response plans filed with the board.

(b) The board shall allow a customer of an electric utility that is required to be rate-regulated to request an exemption from participation in any five-year energy efficiency plan offered by an electric utility if the energy efficiency plan and demand response plan, at the time of approval by the board, have a cumulative rate-payer impact test result of less than one. Upon receipt of a request for exemption submitted by a customer, the electric utility shall grant the exemption and, beginning January 1 of the following year, the customer shall no longer be assessed the costs of the plan and shall be prohibited from participating in any program included in such plan until the exemption no longer applies, as determined by the board.

(2) Gas and electric utilities required to be rate-regulated under this chapter may request an energy efficiency plan or demand response plan modification during the course of a five-year plan. A modification may be requested due to changes in funding as a result of public utility customers requesting exemptions from the plan or for any other reason identified by the gas or electric utility. The board shall take action on a modification request made by a gas or electric utility within ninety days after the modification request is filed. If the board fails to take action within ninety days after a modification request is filed, the modification request shall be deemed approved.

(3) The board shall adopt rules pursuant to chapter 17A establishing reasonable processes and procedures for utility customers from any customer class to request exemptions from energy efficiency plans that meet the requirements of subparagraph (1), subparagraph division (b). The rules adopted by the board shall only apply to electric utilities that are required to be rate-regulated.

b. A gas and electric utility required to be rate-regulated under this chapter shall assess potential energy and capacity savings available from actual and projected customer usage by applying commercially available technology and improved operating practices to energy-using equipment and buildings. The utility shall submit the assessment to the board. Upon receipt of the assessment, the board shall consult with the economic development authority to develop specific capacity and energy savings performance standards for each utility. The utility shall submit an energy efficiency plan which shall include economically achievable programs designed to attain these energy and capacity performance standards. The board shall periodically report the energy efficiency results including energy savings of each utility to the general assembly.

c. (1) The board shall conduct contested case proceedings for review of energy efficiency plans, demand response plans, and budgets filed by gas and electric utilities required to be rate-regulated under this chapter.

(2) Notwithstanding the goals developed pursuant to paragraph “b”, the board shall not require or allow a gas utility to adopt an energy efficiency plan that results in projected cumulative average annual costs that exceed one and one-half percent of the gas utility’s expected annual Iowa retail rate revenue from retail customers in the state, shall not require or allow an electric utility to adopt an energy efficiency plan that results in projected cumulative average annual costs that exceed two percent of the electric utility’s expected annual Iowa retail rate revenue from retail customers in the state, and shall not require or allow an electric utility to adopt a demand response plan that results in projected cumulative average annual costs that exceed two percent of the electric utility’s expected annual Iowa retail rate revenue from retail customers in the state. For purposes of determining the two percent threshold amount, the board shall exclude from an electric utility’s expected annual Iowa retail rate revenue the revenues expected from customers that have received exemptions from energy efficiency plans pursuant to paragraph “a”. This subparagraph shall apply to energy efficiency plans and demand response plans that are effective on or after January 1, 2019.

(3) The board may approve, reject, or modify the plans and budgets. Notwithstanding the provisions of section 17A.19, subsection 5, in an application for judicial review of the board’s decision concerning a utility’s plan or budget, the reviewing court shall not order a stay.

(4) The board shall approve, reject, or modify a plan filed pursuant to this subsection no
later than March 31, 2019. If the board fails to approve, reject, or modify a plan filed by a gas or electric utility on or before such date, any plan filed by the gas or electric utility that was approved by the board prior to May 4, 2018, shall be terminated. The board shall not require or allow a gas or electric utility to implement an energy efficiency plan or demand response plan that does not meet the requirements of this subsection.

(5) Whenever a request to modify an approved plan or budget is filed subsequently by a gas or electric utility required to be rate-regulated under this chapter, the board shall promptly initiate a formal proceeding if the board determines that any reasonable ground exists for investigating the request. The formal proceeding may be initiated at any time by the board on its own motion. Implementation of board-approved plans or budgets shall be considered continuous in nature and shall be subject to investigation at any time by the board or the office of the consumer advocate.

d. Notice to customers of a contested case proceeding for review of energy efficiency plans, demand response plans, and budgets shall be in a manner prescribed by the board.

e. (1) A gas or electric utility required to be rate-regulated under this chapter may recover, through an automatic adjustment mechanism filed pursuant to subsection 8, over a period not to exceed the term of the plan, the costs of an energy efficiency plan or demand response plan approved by the board in a contested case proceeding conducted pursuant to paragraph “c”. Customers that have been granted exemptions from energy efficiency plans pursuant to paragraph “a”, shall not be charged for recovery of energy efficiency costs beginning January 1 of the year following the year in which the customer was granted the exemption.

(2) The board shall periodically conduct a contested case proceeding to evaluate the reasonableness and prudence of the utility’s implementation of an approved energy efficiency or demand response plan and budget. If a utility is not taking all reasonable actions to cost-effectively implement an approved plan, the board shall not allow the utility to recover from customers costs in excess of those costs that would be incurred under reasonable and prudent implementation and shall not allow the utility to recover future costs at a level other than what the board determines to be reasonable and prudent. If the result of a contested case proceeding is a judgment against a utility, that utility’s future level of cost recovery shall be reduced by the amount by which the programs were found to be imprudently conducted. Beginning January 1, 2019, a gas or electric utility shall represent energy efficiency and demand response in customer billings as a separate cost or expense.

f. A rate-regulated utility required to submit an energy efficiency plan under this subsection shall, upon the request of a state agency or political subdivision to which it provides service, provide advice and assistance regarding measures which the state agency or political subdivision might take in achieving improved energy efficiency results. The cooperation shall include assistance in accessing financial assistance for energy efficiency measures.

16. **Filing of forecasts.** The board shall periodically require each rate-regulated gas or electric public utility to file a forecast of future gas requirements or electric generating needs and the board shall evaluate the forecast. The forecast shall include but is not limited to a forecast of the requirements of its customers, its anticipated sources of supply, and its anticipated means of addressing the forecasted gas requirements or electric generating needs.

17. **Allocation of replacement tax costs.**

a. The costs of the replacement tax imposed pursuant to chapter 437A or 437B shall be reflected in the charges of utilities subject to rate regulation, in lieu of the utilities’ costs of property taxes. The imposition of the replacement taxes pursuant to chapter 437A is not intended to initiate any change in the rates and charges for the sale of electricity, the sale of natural gas, or the transportation of natural gas that is subject to regulation by the board and in effect on January 1, 1999. The implementation and initial imposition of the replacement taxes pursuant to chapter 437B is not intended to result in an increase in the rates and charges for the sale of water that is subject to regulation by the board and in effect on January 1, 2013.

b. The cost of the replacement taxes imposed by chapter 437A or 437B shall be allocated among and within customer classes in a manner that will replicate the tax cost burden of the current property tax on individual customers to the maximum extent practicable.

c. Upon the restructuring of the electric industry in this state so that individual consumers...
are given the right to choose their electric suppliers, replacement tax costs shall be assigned to the service corresponding to the individual generation, transmission, and delivery taxes. In all other respects, the allocation of the replacement tax costs among and within the customer classes shall remain the same to the maximum extent practicable.

d. Notwithstanding this subsection, the board may determine the amount of replacement tax properly included in retail rates subject to its jurisdiction. The board may determine whether the base rates or some other form of rate is most appropriate for recovery of the costs of the replacement tax, subject to the requirement that utility rates be reasonable and just. The board may also determine the appropriate allocation of the tax. Any significant modification to rate design relating to the replacement tax shall be made in a manner consistent with this subsection unless made in a contested case proceeding where the impact of such modification on competition and consumer costs is considered.

18. *Recovery of management costs.* A public utility which is assessed management costs by a local government pursuant to chapter 480A is entitled to recover those costs. If the public utility serves customers within the boundaries of the local government imposing the management costs, such costs shall be recovered exclusively from those customers.

19. *Electric power generating facility emissions.*

a. It is the intent of the general assembly that the state, through a collaborative effort involving state agencies and affected generation owners, provide for compatible statewide environmental and electric energy policies with respect to regulated emissions from rate-regulated electric power generating facilities in the state that are fueled by coal. Each rate-regulated public utility that is an owner of one or more electric power generating facilities fueled by coal and located in this state on July 1, 2001, shall develop a multiyear plan and budget for managing regulated emissions from its facilities in a cost-effective manner.

(1) The initial multiyear plan and budget shall be filed with the board by April 1, 2002. Updates to the plan and budget shall be filed at least every twenty-four months.
(2) Copies of the initial plan and budget, as well as any subsequent updates, shall be served on the department of natural resources.
(3) The initial multiyear plan and budget and any subsequent updates shall be considered in a contested case proceeding pursuant to chapter 17A. The department of natural resources and the consumer advocate shall participate as parties to the proceeding.
(4) The department of natural resources shall state whether the plan or update meets applicable state environmental requirements for regulated emissions. If the plan does not meet these requirements, the department shall recommend amendments that outline actions necessary to bring the plan or update into compliance with the environmental requirements.

b. The board shall not approve a plan or update that does not meet applicable state environmental requirements and federal ambient air quality standards for regulated emissions from electric power generating facilities located in the state.

c. The board shall review the plan or update and the associated budget, and shall approve the plan or update and the associated budget if the plan or update and the associated budget are reasonably expected to achieve cost-effective compliance with applicable state environmental requirements and federal ambient air quality standards. In reaching its decision, the board shall consider whether the plan or update and the associated budget reasonably balance costs, environmental requirements, economic development potential, and the reliability of the electric generation and transmission system.

d. The board shall issue an order approving or rejecting a plan, update, or budget within one hundred eighty days after the public utility’s filing is deemed complete; however, upon good cause shown, the board may extend the time for issuing the order as follows:

(1) The board may grant an extension of thirty days.
(2) The board may grant more than one extension, but each extension must rely upon a separate showing of good cause.
(3) A subsequent extension must not be granted any earlier than five days prior to the expiration of the original one-hundred-eighty-day period, or the current extension.

e. The reasonable costs incurred by a rate-regulated public utility in preparing and filing the plan, update, or budget and in participating in the proceedings before the board and the
reasonable costs associated with implementing the plan, update, or budget shall be included in its regulated retail rates.

It is the intent of the general assembly that the board, in an environmental plan, update, or associated budget filed under this section by a rate-regulated public utility, may limit investments or expenditures that are proposed to be undertaken prior to the time that the environmental benefit to be produced by the investment or expenditure would be required by state or federal law.

20. **Preapproval of cost recovery for natural gas extensions — rules.** The board may adopt rules which provide for a preapproval process for cost recovery for natural gas extensions.

21. **Federal tax reduction — customer benefits.** Customers of gas and electric utilities subject to rate regulation by the board shall receive the full benefits of the utilities’ reduced federal corporate income taxes as provided in the federal Tax Cuts and Jobs Act of 2017, Pub. L. No. 115-97, 131 Stat. 2054. Notwithstanding any other provision of law or rule to the contrary, the board shall, no later than June 1, 2018, approve any proposal filed by a rate-regulated gas or electric utility to pass such benefits on to customers. The board may approve rates with provision for adjustments to ensure that the rates are accurate and that customers receive the full benefits.

**476.6A Alternate energy production facilities — notification requirements.**

1. On and after January 1, 2013, the owner of an alternate energy production facility, as defined in section 476.42, which when constructed or installed will be attached to an electric transmission or distribution line or attached to equipment which is attached to an electric transmission or distribution line, who has not entered into a power purchase agreement with a public utility, shall be subject to the notification requirements of subsection 2.

2. No later than thirty days prior to commencement of the construction or installation of an alternate energy production facility as described in subsection 1, the owner of the facility shall provide written notice to the public utility within whose service territory the facility is to be located of the owner’s intent to construct or install the facility, the type of facility to be constructed or installed, and the date that the facility is anticipated to commence operation.

2012 Acts, ch 1027, §1

**476.7 Application by utility for review.**

If there shall be filed with the board by any public utility an application requesting the board to determine the reasonableness of the utility’s rates, charges, schedules, service or regulations, the board shall promptly initiate a formal proceeding. Such a formal proceeding may be initiated at any time by the board on its own motion. Whenever such a proceeding has been initiated upon application or motion, the board shall set the case for hearing and give such notice thereof as it deems appropriate. Whenever the board, after a hearing held after reasonable notice, finds any public utility’s rates, charges, schedules, service or regulations are unjust, unreasonable, insufficient, discriminatory or otherwise in violation of any provision of law, the board shall determine just, reasonable, sufficient and
nondiscriminatory rates, charges, schedules, service or regulations to be thereafter observed and enforced.

476.8 Utility charges and service.

1. Every public utility is required to furnish reasonably adequate service and facilities. “Reasonably adequate service and facilities” for public utilities furnishing gas or electricity includes programs for customers to encourage the use of energy efficiency and renewable energy sources. The charge made by any public utility for any heat, light, gas, energy efficiency and renewable energy programs, water or power produced, transmitted, delivered or furnished, sanitary sewage or storm water collected and treated, or communications services, or for any service rendered or to be rendered in connection therewith shall be reasonable and just, and every unjust or unreasonable charge for such service is prohibited and declared unlawful. In determining reasonable and just rates, the board shall consider all factors relating to value and shall not be bound by rate base decisions or rulings made prior to the adoption of this chapter.

2. The board, in determining the value of materials or services to be included in valuations or costs of operations for rate-making purposes, may disallow any unreasonable profit made in the sale of materials to or services supplied for any public utility by any firm or corporation owned or controlled directly or indirectly by such utility or any affiliate, subsidiary, parent company, associate or any corporation whose controlling stockholders are also controlling stockholders of such utility. The burden of proof shall be on the public utility to prove that no unreasonable profit is made.

476.9 Accounts rendered to board.

1. Every public utility, except telecommunications service providers registered pursuant to section 476.95A, shall keep and render to the board in the manner and form prescribed by the board uniform accounts of all business transacted.

2. Every public utility engaged directly or indirectly in any other business than that of the production, transmission, or furnishing of heat, light, water, power, or the collection and treatment of sanitary sewage or storm water for the public shall, if required by the board, keep and render separately to the board in like manner and form the accounts of all such other business, in which case all the provisions of this chapter shall apply to the books, accounts, papers and records of such other business and all profits and losses may be taken into consideration by the board if deemed relevant to the general fiscal condition of the public utility.

3. Every public utility, except telecommunications service providers registered pursuant to section 476.95A, is required to keep and render its books, accounts, papers and records accurately and faithfully in the manner and form prescribed by the board, and to comply with all directions of the board relating to such books, accounts, papers and records.

4. The board shall consult with other state and federal regulatory bodies for the purpose of eliminating accounting discrepancies with regard to the keeping of public utility accounts before prescribing any system of accounts to be kept by the public utility.

476.10 Investigations — expense — appropriation.

1. a. In order to carry out the duties imposed upon it by law, the board may, at its discretion, allocate and charge directly the expenses attributable to its duties to the person bringing a proceeding before the board, to persons participating in matters before the board, or to persons subject to inspection by the board. The board shall ascertain the certified expenses incurred and directly chargeable by the consumer advocate division of the department of justice in the performance of its duties. The board and the consumer
advocate separately may decide not to charge expenses to persons who, without expanding the scope of the proceeding or matter, intervene in good faith in a board proceeding initiated by a person subject to the board’s jurisdiction, the consumer advocate, or the board on its own motion. For assessments in any proceedings or matters before the board, the board and the consumer advocate separately may consider the financial resources of the person, the impact of assessment on participation by intervenors, the nature of the proceeding or matter, and the contribution of a person’s participation to the public interest. The board may present a bill for expenses under this subsection to the person, either at the conclusion of a proceeding or matter, or from time to time during its progress. Presentation of a bill for expenses under this subsection constitutes notice of direct assessment and request for payment in accordance with this section.

b. The board shall ascertain the total of the division’s expenses incurred during each fiscal year in the performance of its duties under law. The board shall add to the total of the division’s expenses the certified expenses of the consumer advocate as provided under section 475A.6. The board shall deduct all amounts charged directly to any person from the total expenses of the board and the consumer advocate. The board may assess the amount remaining after the deduction to all persons providing service over which the board has jurisdiction in proportion to the respective gross operating revenues of such persons from intrastate operations during the last calendar year over which the board has jurisdiction. For purposes of determining gross operating revenues under this section, the board shall not include gross receipts received by a cooperative corporation or association for wholesale transactions with members of the cooperative corporation or association, provided that the members are subject to assessment by the board based upon the members’ gross operating revenues, or provided that such a member is an association whose members are subject to assessment by the board based upon the members’ gross operating revenues. If any portion of the remainder can be identified with a specific type of utility service, the board shall assess those expenses only to the entities providing that type of service over which the board has jurisdiction. The board may make the remainder assessments under this paragraph on a quarterly basis, based upon estimates of the expenditures for the fiscal year for the utilities division and the consumer advocate. Not more than ninety days following the close of the fiscal year, the utilities division shall conform the amount of the prior fiscal year’s assessments to the requirements of this paragraph. For gas and electric public utilities exempted from rate regulation pursuant to this chapter, the remainder assessments under this paragraph shall be computed at one-half the rate used in computing the assessment for other persons.

2. a. A person subject to a charge or assessment shall pay the division the amount charged or assessed against the person within thirty days from the time the division provides notice to the person of the amount due, unless the person files an objection in writing with the board setting out the grounds upon which the person claims that such charge or assessment is excessive, unreasonable, erroneous, unlawful, or invalid. Upon receipt of an objection, the board shall set the matter for hearing and issue its order in accordance with its findings in the proceeding.

b. The order shall be subject to review in the manner provided in this chapter. All amounts collected by the division pursuant to the provisions of this section shall be deposited with the treasurer of state and credited to the department of commerce revolving fund created in section 546.12. Such amounts shall be spent in accordance with the provisions of chapter 8.

3. Whenever the board shall deem it necessary in order to carry out the duties imposed upon it in connection with rate regulation under section 476.6, investigations under section 476.3, or review proceedings under section 476.31, the board may employ additional temporary or permanent staff, or may contract with persons who are not state employees for engineering, accounting, or other professional services, or both. The costs of these additional employees and contract services shall be paid by the public utility whose rates are being reviewed in the same manner as other expenses are paid under this section. Beginning on July 1, 1991, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board to hire additional staff and contract for services under this section. The board shall increase quarterly assessments
specified in subsection 1, paragraph “b”, by amounts necessary to enable the board to hire additional staff and contract for services under this section. The authority to hire additional temporary or permanent staff that is granted to the board by this section shall not be subject to limitation by any administrative or executive order or decision that restricts the number of state employees or the filling of employee vacancies, and shall not be subject to limitation by any law of this state that restricts the number of state employees or the filling of employee vacancies unless that law is made applicable to this section by express reference to this section. Before the board expends or encumbers an amount in excess of the funds budgeted for rate regulation and before the board increases quarterly assessments pursuant to this subsection, the director of the department of management shall approve the expenditure or encumbrance. Before approval is given, the director of the department of management shall determine that the expenses exceed the funds budgeted by the general assembly to the board for rate regulation and that the board does not have other funds from which the expenses can be paid. Upon approval of the director of the department of management the board may expend and encumber funds for the excess expenses, and increase quarterly assessments to raise the additional funds. The board and the office of consumer advocate may add additional personnel or contract for additional assistance to review and evaluate energy efficiency plans and the implementation of energy efficiency programs including, but not limited to, professionally trained engineers, accountants, attorneys, skilled examiners and inspectors, and secretaries and clerks. The board and the office of consumer advocate may also contract for additional assistance in the evaluation and implementation of issues relating to telecommunication competition. The board and the office of the consumer advocate may expend additional sums beyond those sums appropriated. However, the authority to add additional personnel or contract for additional assistance must first be approved by the department of management. The additional sums for energy efficiency shall be provided to the board and the office of the consumer advocate by the utilities subject to the energy efficiency requirements in this chapter. Telephone companies shall pay any additional sums needed for assistance with telecommunication competition issues. The assessments shall be in addition to and separate from the quarterly assessment.

4. a. Fees paid to the utilities division shall be deposited in the department of commerce revolving fund created in section 546.12. These funds shall be used for the payment, upon appropriation by the general assembly, of the expenses of the utilities division and the consumer advocate division of the department of justice.

b. The administrator and consumer advocate shall account for receipts and disbursements according to the separate duties imposed upon the utilities and consumer advocate divisions by the laws of this state and each separate duty shall be fiscally self-sustaining.

c. All fees and other moneys collected under this section and sections 478.4, 479.16, and 479A.9 shall be deposited into the department of commerce revolving fund created in section 546.12 and expenses required to be paid under this section shall be paid from funds appropriated for those purposes.

476.10A Funding for Iowa energy center and center for global and regional environmental research.

1. a. The board shall direct all gas and electric utilities to remit to the treasurer of state one-tenth of one percent of the total gross operating revenues during the last calendar year derived from their intrastate public utility operations. The board shall by rule provide a schedule for remittances.

b. The amounts collected pursuant to this section shall be in addition to the amounts permitted to be assessed pursuant to section 476.10. The board shall allow inclusion of these
amounts in the budgets approved by the board pursuant to section 476.6, subsection 15, paragraph “c”.

c. (1) Of eighty-five percent of the remittances collected pursuant to this section, the following shall occur:

(a) For the fiscal year beginning July 1, 2018, such remittances are appropriated to the Iowa energy center created in section 15.120.

(b) For the fiscal year beginning July 1, 2019, the first one million two hundred eighty-thousand dollars of such remittances shall be transferred to the general fund of the state, and the remaining amount is appropriated to the Iowa energy center created in section 15.120.

(c) For the fiscal year beginning July 1, 2020, the first two million nine hundred ten thousand dollars of such remittances shall be transferred to the general fund of the state, and the remaining amount is appropriated to the Iowa energy center created in section 15.120.

(d) For the fiscal year beginning July 1, 2021, the first three million five hundred thirty thousand dollars of such remittances shall be transferred to the general fund of the state, and the remaining amount is appropriated to the Iowa energy center created in section 15.120.

(2) Fifteen percent of the remittances collected pursuant to this section is appropriated to the center for global and regional environmental research established by the state board of regents.

2. Notwithstanding section 8.33, any unexpended moneys remitted to the treasurer of state under this section shall be retained for the purposes designated. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys remitted under this section shall be retained and used for the purposes designated, pursuant to section 476.46.

3. The Iowa energy center and the center for global and regional environmental research shall each provide a written annual report to the utilities board that describes each center’s activities and the results that each center has accomplished. Each report shall include an explanation of initiatives and projects of importance to the state of Iowa.

4. This section is repealed July 1, 2022.

476.10B Energy-efficient building.

1. For the purposes of this section, “building project expenses” means expenses that have been approved by the utilities board for the building and related improvements and furnishings developed under this section and that are considered part of the regulatory expenses charged by the utilities board and the consumer advocate division of the department of justice for carrying out duties under section 476.10.

2. The department of administrative services, in consultation with the board and the consumer advocate division of the department of justice, shall provide for the construction of a building to house the board and the division. A building developed under this subsection shall be a model energy-efficient building that may be used as a public example for similar efforts. The building shall comply with the life cycle cost provisions developed pursuant to section 72.5. The building shall be located on the capitol complex grounds or at another convenient location in the vicinity of the capitol complex grounds.

3. Building project expenses shall include but are not limited to the costs associated with construction, maintenance, and operation of the building that are approved by the board and shall also include principal of, premium, if any, and interest on indebtedness to finance the building.

4. The department of administrative services’ costs associated with construction, maintenance, and operation of the building as provided under chapter 8A are building project expenses.

5. A cost-effective approach for financing construction of the building shall be utilized, which may include but is not limited to lease, lease-purchase, bonding, or installment acquisition arrangement, or a financing arrangement under section 12.28. If financing for
§476.10B, PUBLIC UTILITY REGULATION

the building is implemented under section 12.28, the limitation on principal under that section does not apply. This subsection is not a qualification of any other powers which the board and the division may possess and the authorizations and powers granted under this subsection are not subject to the terms, requirements, or limitations of any other provisions of law. The department of administrative services must comply with the provisions of section 12.28 when entering into financing agreements for the purchase of real or personal property.

6.  a. If financing for the building is implemented through bonding, the provisions of section 12.91 shall apply. In order to assure maintenance of the bond reserve funds established in connection with the financing, the treasurer of state shall, on or before January 1 of each calendar year, make and deliver to the governor the treasurer’s certificate stating the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund.

b. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor shall submit to both houses of the general assembly printed copies of a budget including the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the treasurer of state shall be deposited by the treasurer of state in the applicable bond reserve fund.

7. The department of administrative services, in consultation with the board and the division, shall secure architectural services, contract for construction, engineering, and construction oversight and management, and control the funding associated with the building construction and the building’s operation and maintenance. The department of administrative services may utilize consultants or other expert assistance to address feasibility, planning, or other considerations connected with construction of the building or decision making regarding the building. The department of administrative services, on behalf of the board and division, shall consult with the office of the governor, appropriate legislative bodies, and the capitol planning commission.

476.12 Rehearings before board.

Notwithstanding the Iowa administrative procedure Act, chapter 17A, any party, as defined in the rules and regulations promulgated by the board as provided in section 476.2, to a contested case before the board may within twenty days after the issuance of the final decision apply for a rehearing. The board shall either grant or refuse an application for rehearing within thirty days after the filing of the application, or may after giving the interested parties notice and opportunity to be heard and after consideration of all the facts, including those arising since the making of the order, abrogate or modify its order. A failure by the board to act upon the application for rehearing within the above period shall be deemed a refusal of the application. Neither the filing of an application for rehearing nor the granting of the application shall stay the effectiveness of an order unless the board so directs.

476.13 Judicial review.

1. Notwithstanding the Iowa administrative procedure Act, chapter 17A, the district court for Polk county or for the county in which a public utility maintains its principal place of business has exclusive venue for the judicial review under chapter 17A of actions of the board pursuant to rate-regulatory powers over that public utility.

2. Upon the filing of a petition for judicial review in an action referred to in subsection 1, the clerk of the district court shall notify the chief justice of the supreme court for purposes of assignment of a district judge under section 602.1212. The judicial review proceeding shall be heard by the district judge appointed by the supreme court under section 602.1212, but in the county of venue under subsection 1.
3. Notwithstanding the Iowa administrative procedure Act, chapter 17A, if a public utility seeks judicial review of an order approving rates for the public utility, the level of rates that may be collected, under bond and subject to refund, while the appeal is pending shall be limited to the level of the temporary rates set by the board, or the level of the final rates set by the board, whichever is greater. During the period the judicial review proceeding is pending, the board shall retain jurisdiction to determine the rate of interest to be paid on any refunds eventually required on rates collected during judicial review.

476.16 Annual report.
The board shall include in its annual report required under sections 7A.1 and 7A.10 among other matters, to the extent such regulation is conferred upon the board by this chapter, the following:
1. A complete financial report of receipts and expenditures, including list of public utilities and separately the amount of total fees and assessments paid by each.
2. A list of the applications, subject and disposition of each docket number under this chapter, including board fees for such docket assessed by the board.

476.17 Peak-load energy conservation.
1. The board may promulgate rules pursuant to chapter 17A which require or authorize a public utility to establish peak-load management procedures.
2. Rules of the board shall relate to reducing or limiting the peak-load period consumption.
3. In promulgating rules under this section, the board is not bound by decisions, rulings or orders which relate to the definitions of types or classes of customers and which were issued by the Iowa state commerce commission prior to July 1, 1980.
[C81, §476.17]

476.18 Impermissible charges.
1. Public utilities subject to rate regulation are prohibited from including either directly or indirectly in their charges or rates to customers the costs of lobbying.
2. Legal costs and attorney fees incurred by a public utility subject to rate regulation in an appeal in state or federal court involving the validity of any action of the board shall not be included either directly or indirectly in the public utility’s charges or rates to customers except to the extent that recovery of legal costs and attorney fees is allowed by the board. The board shall allow a public utility to recover reasonable legal costs and attorney fees incurred in the appeal. The board may consider the degree of success of the legal arguments of the public utility in determining the reasonable legal costs and attorney fees to be allowed.
3. a. Public utilities subject to rate regulation are prohibited from including either directly or indirectly in their charges or rates to customers the costs of advertising other than
advertising which is required by the board or by other state or federal regulation. However, this subsection does not apply to a utility’s advertising which is deemed by the board to be necessary for the utility’s customers and which is approved by the board.

b. Every ad which is published, broadcast, or otherwise displayed or disseminated to the public by a public utility which is to be charged to the customers of the public utility and which is not required by the board or by other state or federal regulation shall include a statement in the ad that the costs of the ad are being charged to the customers of the public utility. This paragraph does not apply to a utility’s product or service that is or becomes subject to competition as determined by the board.

4. This section does not apply to a rural electric cooperative.

§476.20 Disconnection limited — notice — moratorium — deposits.

1. a. A utility shall not, except in cases of emergency, discontinue, reduce, or impair service to a community, or a part of a community, except for nonpayment of account or violation of rules and regulations, unless and until permission to do so is obtained from the board.

b. (1) A public utility described in section 476.1, subsection 3, paragraph “c”, may enter into an agreement with the governing body of a city utility, combined city utility, city enterprise, or combined city enterprise to discontinue water service to a property or premises if an account owed the city utility, city enterprise, or combined city utility or city enterprise for wastewater service or services of sewer systems, storm water drainage systems, or sewage treatment provided to that customer’s property or premises becomes delinquent pursuant to section 384.84, subsection 3. An agreement entered into under this paragraph shall not negate any obligations of a city utility, combined city utility, city enterprise, or combined city enterprise under section 384.84.

(2) A public utility that has entered into an agreement under this paragraph shall not be liable for damages related to the discontinuance of water service under this paragraph. The customer shall be responsible for all costs associated with discontinuing and reestablishing water service disconnected pursuant to this paragraph.

(3) The board shall adopt rules for the discontinuance of water service under this paragraph. A public utility shall only discontinue water service under this paragraph in accordance with the rules adopted pursuant to this subparagraph.

2. The board shall establish rules requiring a regulated public utility furnishing gas or electricity to include in the utility’s notice of pending disconnection of service a written statement advising the customer that the customer may be eligible to participate in the low income home energy assistance program or weatherization assistance program administered by the division of community action agencies of the department of human rights. The written statement shall list the address and telephone number of the local agency which is administering the customer’s low income home energy assistance program and the weatherization assistance program. The written statement shall also state that the customer is advised to contact the public utility to settle any of the customer’s complaints with the public utility, but if a complaint is not settled to the customer’s satisfaction, the customer may file the complaint with the board. The written statement shall include the address and phone number of the board. If the notice of pending disconnection of service applies to a residence, the written statement shall advise that the disconnection does not apply from November 1 through April 1 for a resident who is a “head of household”, as defined in section 422.4, and who has been certified to the public utility by the local agency which
is administering the low income home energy assistance program and weatherization assistance program as being eligible for either the low income home energy assistance program or weatherization assistance program, and that if such a resident resides within the serviced residence, the customer should promptly have the qualifying resident notify the local agency which is administering the low income home energy assistance program and weatherization assistance program. The board shall establish rules requiring that the written notice contain additional information as it deems necessary and appropriate.

3. a. The board shall establish rules which shall be uniform with respect to all public utilities furnishing gas or electricity relating to disconnection of service. This subsection applies both to regulated utilities and to municipally owned utilities and unincorporated villages which own their own distribution systems, and violations of this subsection subject the utilities to civil penalties under section 476.51.

b. A qualified applicant for the low income home energy assistance program or the weatherization assistance program who is also a “head of household”, as defined in section 422.4, subsection 7, shall be promptly certified by the local agency administering the applicant’s program to the applicant’s public utility that the resident is a “head of household” as defined in section 422.4, subsection 7, and is qualified for the low income home energy assistance program or weatherization assistance program. Notwithstanding subsection 1, a public utility furnishing gas or electricity shall not disconnect service from November 1 through April 1 to a residence which has a resident that has been certified under this paragraph.

c. The rules established by the board shall provide that a public utility furnishing gas or electricity shall not disconnect service to a residence in which one of the heads of household is a service member deployed for military service, as defined in section 29A.1, subsection 3, prior to a date ninety days after the end of the service member’s deployment, if the public utility is informed of the deployment.

4. A public utility which violates a provision of this section relating to the disconnection of service or which violates a rule of the board relating to disconnection of service is subject to civil penalties imposed by the board under section 476.51.

5. The board shall establish rules which shall be uniform with respect to all public utilities furnishing gas or electricity relating to deposits which may be required by the public utility for the initiation or reinstatement of service. This subsection shall not apply to municipally owned utilities, which shall be governed by the provisions of section 384.84 with respect to deposits and payment plans for delinquent amounts owed. Municipally owned utilities and electric utilities that are not required to be rate-regulated shall not be subject to the board’s rules in regards to deposits and payment plans for delinquent amounts owed and repayment of past due debt. Municipally owned utilities and electric utilities that are not required to be rate-regulated shall be subject to the board’s rules in regards to payment plans made prior to the disconnection of services.

(1) The deposit for a residential or commercial customer for a place which has previously received service shall not be greater than the highest billing of service for one month for the place in the previous twelve-month period.

(2) The deposit for a residential or a commercial customer for a place which has not previously received service or for an industrial customer shall be the customer’s projected one month’s usage for the place to be serviced as determined by the public utility according to rules established by the board.

b. This subsection does not prohibit a public utility from requiring payment of a customer’s past due account with the utility prior to reinstatement of service.

c. The rules shall allow a person other than the customer to pay the customer’s deposit. Upon termination of service to such a customer, the deposit plus accumulated interest less any unpaid utility bill of the customer, shall be reimbursed to the person who made the deposit.
6. This section shall not apply to telecommunications service providers registered pursuant to section 476.95A.

476.21 Discrimination prohibited.
A corporation or cooperative association providing electrical or gas service shall not consider the use of renewable energy sources by a customer as a basis for establishing discriminatory rates or charges for any service or commodity sold to the customer or discontinue services or subject the customer to any other prejudice or disadvantage based on the customer’s use or intended use of renewable energy sources. As used in this section, “renewable energy sources” includes but is not limited to solar heating, wind power and the conversion of urban and agricultural organic wastes into methane gas and liquid fuels.

ASSIGNED AREA OF SERVICE

476.22 Definition.
As used in sections 476.23 to 476.26, unless the context otherwise requires, “electric utility” includes a public utility furnishing electricity as defined in section 476.1 and a city utility as defined in section 390.1.

[C77, 79, 81, §476.22]
Referred to in §422.7(67)(b), §476.1B

476.23 Electric service conflicts — certificates of authority.
1. An electric utility shall not construct or extend facilities or furnish or offer to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility without having first filed with the board the express written agreement of the electric utility presently serving this customer, except as otherwise provided in this section. Any municipal corporation, after being authorized by a vote of the people, or any electric utility may file a petition with the board requesting a certificate of authority to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility. If, after notice by the board to the electric utility currently serving the customer, objection to the petition is not filed and investigation is not deemed necessary, the board shall issue a certificate within thirty days of the filing of the petition. When an objection is filed, if the board, after notice and opportunity for hearing, determines that service to the customer by the petitioner is in the public interest, including consideration of any unnecessary duplication of facilities, it shall grant this certificate in whole or in part, upon such terms, conditions, and restrictions as may be justified. Whether or not an objection is filed, any certificate issued shall require that the petitioner pay to the electric utility presently serving the customer, the reasonable price for facilities serving the customer. This price determination by the board shall include due consideration of the cost of the facilities being acquired; any necessary generating capacity and transmission capacity dedicated to the customer, including, but not limited to, electric power generating facilities and alternate energy production facilities not yet in service but for which the board has issued an order pursuant to section 476.53, and electric power generating facilities emissions plan budgets approved by the board pursuant to section 476.6, subsection 19; depreciation; loss of revenue; and the cost of facilities necessary to reintegrate the system of the utility after detaching the portion sold.
2. An electric utility shall not construct or extend facilities or furnish electric service to a prospective customer not presently being served, unless its existing service facilities are nearer the proposed point of delivery than the service facilities of any other utility. However, an electric utility may extend electric service and transmission lines if the electric utility closest to the delivery point consents to this extension in writing and a copy of the agreement is filed with the board; if the board, after notice and opportunity for hearing and after giving due consideration to the prevention of unnecessary duplication of facilities, finds that service from an electric utility, other than the closest utility, is in the public interest. This subsection shall not apply if the prospective customers are within an exclusive service area assigned to an electric utility as provided in this subchapter.

3. Notwithstanding subsections 1 and 2 of this section, any electric utility may extend electric service and transmission lines to its own utility property and facilities.

4. If not inconsistent with the provisions of this subchapter:
   a. All rights of municipal corporations under chapter 364 to grant a person a franchise to erect, maintain, and operate plants and systems for electric light and power within the corporate boundaries, and rights acquired by franchise or agreement shall be preserved in these municipal corporations;
   b. All rights of city utilities under the city code shall be preserved in these city utilities;
   c. All rights of city utilities and joint electric utilities under chapter 390 shall be preserved in these city utilities and joint electric utilities; and
   d. All rights of cities under chapter 6B are preserved. However, prior to the institution of condemnation proceedings, the city shall obtain a certificate of authority from the board in accordance with this subchapter and the board’s determination of price under this subchapter shall be conclusive evidence of damages in these condemnation proceedings.

476.24 Electric utility service area maps.

1. On or before July 1, 1977, and subsequently whenever requested by the board, electric utilities furnishing electricity to the public for compensation in this state shall file, jointly or severally, with the board detailed maps of their service area drawn to a scale of not less than one inch per mile or drawn to a larger scale if required for clarity showing all of the following:
   a. The locations of an electric utility’s generation, franchised transmission lines, distribution lines, and related facilities as of January 1, 1976.
   b. All state and federal highways and other public roads within the electric utility’s service area.
   c. All section lines and numbers and township and range numbers within the electric utility’s service area.
   d. The corporate boundaries of all cities within the electric utility’s service area.
   e. All lakes and rivers within the electric utility’s service area.
   f. All railroads within the electric utility’s service area.
   g. Any additional information requested by the board.

2. On or before July 1, 1978, and subsequently when deemed by the board to be necessary, the board shall prepare or cause to have prepared a composite map of this state showing the service areas of electric utilities as submitted by the electric utilities. The form and detail of all maps shall be determined by the board.

[C77, 79, 81, §476.24]
Referred to in §476.18, 476.22

476.25 Assigned service areas — electric utilities — legislative policy.

It is declared to be in the public interest to encourage the development of coordinated statewide electric service at retail, to eliminate or avoid unnecessary duplication of electric utility facilities, and to promote economical, efficient, and adequate electric service to the public. In order to effect that public interest, the board may establish service areas within which specified electric utilities shall provide electric service to customers on an exclusive
basis. Except for good cause expressed through formal public statement, the board shall establish these exclusive service areas on or before July 1, 1979. These exclusive service area boundaries shall be established by the board upon the following basis:

1. The service area boundaries shall be in a line approximately equidistant between the electric distribution lines of adjacent electric utilities as they existed on January 1, 1976, and as shown by the maps filed in accordance with this subchapter. However, those boundaries may be modified by the board to promote the public interest, to preserve existing service areas and electric utilities’ rights to serve existing customers, and to prevent unnecessary duplication of facilities, to take account of natural and physical barriers which would make electric service beyond these barriers uneconomic and impractical and those boundaries shall be modified by the board to take account of the contracts between electric utilities which have been approved by the board pursuant to subsection 2 of this section. When an electric utility’s exclusive service area is established by the board to include existing customers presently served by the facilities of another electric utility, unless a voluntary exchange of facilities is agreed upon by the electric utilities involved and approved by the board, the board after notice and opportunity for hearing, shall require the purchase of those facilities presently serving these customers at a reasonable price to be determined by the board. The board, on its own motion or at the request of an electric utility or municipal corporation, after notice and opportunity for hearing, may modify the boundaries of an electric utility exclusive service area which it has previously established if this modification, including consideration of the factors noted in this subsection, is found to be in the public interest.

2. Contracts between electric utilities to designate service areas and customers to be served by the electric utilities or for the exchange of customers between electric utilities, when approved by the board, shall be valid and enforceable and shall be incorporated into the appropriate exclusive service areas established pursuant to subsection 1 of this section. The board shall approve a contract if it finds that the contract will eliminate or avoid unnecessary duplication of facilities, will provide adequate electric service to all areas and customers affected, will promote the efficient and economical use and development of the electric systems of the contracting electric utilities, and is in the public interest.

3. An electric utility shall not serve or offer to serve electric customers in an exclusive service area assigned to another electric utility, nor shall an electric utility construct facilities to serve electric customers in an exclusive service area assigned to another electric utility. The state, an electric utility, or any other person who is injured or threatened with injury by conduct prohibited by this section may initiate a contested case proceeding with the board under chapter 17A. Upon finding a violation of this section the board shall order appropriate corrective action including discontinuance of the unlawful service to electric customers, removal of the unlawful facility, or other disposition the board deems just and reasonable.

SUBCHAPTER III
CROSSENGS — RAILROAD RIGHTS-OF-WAY

476.27 Public utility crossing — railroad rights-of-way.
1. Definitions. As used in this section, unless the context otherwise requires:
   a. “Board” means the Iowa utilities board.
   b. “Crossing” means the construction, operation, repair, or maintenance of a facility over, under, or across a railroad right-of-way by a public utility.
   c. “Direct expenses” includes, but is not limited to, any or all of the following:
      (1) The cost of inspecting and monitoring the crossing site.
      (2) Administrative and engineering costs for review of specifications; for entering a crossing on the railroad’s books, maps, and property records; and other reasonable administrative and engineering costs incurred as a result of the crossing.
      (3) Document and preparation fees associated with a crossing, and any engineering specifications related to the crossing.
      (4) Damages assessed in connection with the rights granted to a public utility with respect to a crossing.
   d. “Electric transmission owner” means an individual or entity who owns and maintains electric transmission facilities including transmission lines, wires, or cables that are capable of operating at an electric voltage of thirty-four and one-half kilovolts or greater that are required for rate-regulated electric utilities, municipal electric utilities, and rural electric cooperatives in this state to provide electric service to the public for compensation.
   e. “Facility” means any cable, conduit, wire, pipe, casing pipe, supporting poles and guys, manhole, or other material and equipment, that is used by a public utility to furnish any of the following:
      (1) Communications services.
      (2) Electricity.
      (3) Gas by piped system.
      (4) Sanitary and storm sewer service.
      (5) Water by piped system.
   f. “Public utility” means a public utility as defined in section 476.1, except that, for purposes of this section, “public utility” also includes all mutual telephone companies, municipally owned facilities, unincorporated villages, waterworks, municipally owned waterworks, joint water utilities, rural water districts incorporated under chapter 357A or 504, cooperative water associations, franchise cable television operators, persons furnishing electricity to five or fewer persons, and electric transmission owners primarily providing service to public utilities as defined in section 476.1.
   g. “Railroad” or “railroad corporation” means a railroad corporation as defined in section 321.1, which is the owner, operator, occupant, manager, or agent of a railroad right-of-way or the railroad corporation’s successor in interest. “Railroad” and “railroad corporation” include an interurban railway.
   h. “Railroad right-of-way” means one or more of the following:
      (1) A right-of-way or other interest in real estate that is owned or operated by a railroad corporation, the trustees of a railroad corporation, or the successor in interest of a railroad corporation.
      (2) A right-of-way or other interest in real estate that is occupied or managed by or on behalf of a railroad corporation, the trustees of a railroad corporation, or the successor in interest of a railroad corporation, including an abandoned railroad right-of-way that has not otherwise reverted pursuant to chapter 327G.
      (3) Another interest in a former railroad right-of-way that has been acquired or is operated by a land management company or similar entity.
   i. “Special circumstances” means either or both of the following:
      (1) The existence of characteristics of a segment of railroad right-of-way or of a proposed utility facility that increase the direct expenses associated with a proposed crossing.
      (2) A proposed crossing that involves a significant and imminent likelihood of danger to
§476.27, PUBLIC UTILITY REGULATION

the public health or safety, or that is a serious threat to the safe operations of the railroad, or to the current use of the railroad right-of-way, necessitating additional terms and conditions associated with the crossing.

2. Rulemaking and standard crossing fee. The board, in consultation with the state department of transportation, shall adopt rules pursuant to chapter 17A prescribing the terms and conditions for a crossing. The rules shall provide that any crossing be consistent with the public convenience and necessity and reasonable service to the public. The rules, at a minimum, shall address the following:

a. The terms and conditions applicable to a crossing including, but not limited to, the following:
   (1) Notification required prior to the commencement of any crossing activity.
   (2) A requirement that the railroad and the public utility each maintain and repair the person's own property within the railroad right-of-way, and bear responsibility for each person's own acts and omissions; except that the public utility shall be responsible for any bodily injury or property damage that typically would be covered under a standard railroad protective liability insurance policy.
   (3) The amount and scope of insurance or self-insurance required to cover risks associated with a crossing.
   (4) A procedure to address the payment of costs associated with the relocation of public utility facilities within the railroad right-of-way necessary to accommodate railroad operations.
   (5) Terms and conditions for securing the payment of any damages by the public utility before it proceeds with a crossing.
   (6) Immediate access to a crossing for repair and maintenance of existing facilities in case of emergency.
   (7) Engineering standards for utility facilities crossing railroad rights-of-way.
   (8) Provision for expedited crossing, absent a claim of special circumstances, after payment by the public utility of the standard crossing fee, if applicable, and submission of completed engineering specifications to the railroad.
   (9) Other terms and conditions necessary to provide for the safe and reasonable use of a railroad right-of-way by a public utility, and consistent with rules adopted by the board, including any complaint procedures adopted by the board to enforce the rules.

b. Unless otherwise agreed by the parties and subject to subsection 4, a public utility that locates its facilities within the railroad right-of-way for a crossing, other than a crossing along the public roads of the state pursuant to chapter 477, shall pay the railroad a one-time standard crossing fee of seven hundred fifty dollars for each crossing. The standard crossing fee shall be in lieu of any license or any other fees or charges to reimburse the railroad for the direct expenses incurred by the railroad as a result of the crossing. The public utility shall also reimburse the railroad for any actual flagging expenses associated with a crossing in addition to the standard crossing fee.

3. Powers not limited.

a. Notwithstanding subsection 2, rules adopted by the board shall not prevent a railroad and a public utility from otherwise negotiating the terms and conditions applicable to a crossing or the resolution of any disputes relating to such crossing.

b. Notwithstanding paragraph "a", neither this subsection nor this section shall impair the authority of a public utility to secure crossing rights by easement pursuant to the exercise of the power of eminent domain.

4. Special circumstances.

a. A railroad or public utility that believes special circumstances exist for a particular crossing may petition the board for relief.

   (1) If a petition for relief is filed, the board shall determine whether special circumstances exist that necessitate either a modification of the direct expenses to be paid, or the need for additional terms and conditions.
   (2) The board may make any necessary findings of fact and determinations related to the existence of special circumstances, as well as any relief to be granted.
   (3) A determination of the board, except for a determination on the issue of damages for
the rights granted to a public utility with respect to a crossing, shall be considered final agency action subject to judicial review under chapter 17A.

(4) The board shall assess the costs associated with a petition for relief equitably against the parties.

b. A railroad or public utility that claims to be aggrieved by a determination of the board on the issue of damages for the rights granted to a public utility with respect to a crossing may seek judicial review as provided in subsection 5.

5. Appeals.

a. A railroad or public utility that claims to be aggrieved by the board’s determination of damages for rights granted to a public utility may appeal the board’s determination to the district court in the same manner as provided in section 6B.18 and sections 6B.21 through 6B.23. In any appeal of the determination of damages, the public utility shall be considered the applicant, and the railroad shall be considered the condemnee. References in sections 6B.18 and 6B.21 to “compensation commission” mean the board as defined in this section, or appointees of the board.

b. An appeal of any determination of the board other than the issues of damages for rights granted to a public utility shall be pursuant to chapter 17A.

6. Authority to cross — emergency relief.

a. Pending board resolution of a claim of special circumstances raised in a petition, a public utility may, upon securing the payment of any damages, and upon submission of completed engineering specifications to the railroad, proceed with a crossing in accordance with the rules adopted by the board, unless the board, upon application for emergency relief, determines that there is a reasonable likelihood that either of the following conditions exist:

(1) That the proposed crossing involves a significant and imminent likelihood of danger to the public health or safety.

(2) That the proposed crossing is a serious threat to the safe operations of the railroad or to the current use of the railroad right-of-way.

b. If the board determines that there is a reasonable likelihood that the proposed crossing meets either condition, then the board shall immediately intervene to prevent the crossing until a factual determination is made.

7. Conflicting provisions. Notwithstanding any provision of the Code to the contrary, this section shall apply in all crossings of railroad rights-of-way involving a public utility as defined in this section, and shall govern in the event of any conflict with any other provision of law.

SUBCHAPTER IV
LOCAL TELEPHONE SERVICE

476.30 Reserved.
476.31 Continuing audit of operation.
The board shall adopt not later than July 1, 1983, rules and policies to implement a program for the continuous review of operations of rate-regulated public utilities with respect to all matters that affect rates or charges for utility service.
[81 Acts, ch 156, §1]
Referred to in §476.3, 476.10

476.32 Review of annual reports.
The board shall review annual reports submitted by rate-regulated public utilities. The board shall commence rate-review proceedings under this chapter if an annual report indicates that the earnings of the public utility are excessive.
[81 Acts, ch 156, §2]
Referred to in §476.3

476.33 Rules governing hearings.
1. The board shall adopt rules pursuant to chapter 17A to provide for the completion of proceedings under section 476.3 within ten months after the date of the filing of a petition under section 476.3, subsection 2, and to provide for the completion of proceedings under section 476.6 within ten months after the date of filing of the new or changed rates, charges, schedules, or regulations under that section. These rules shall include reasonable time limitations for the submission or completion of comments and testimony, and exhibits, briefs, and hearings, and may provide for the granting of additional time upon the request of a party to the proceeding for good cause shown.
2. Additional time granted to a party under subsection 1 shall not extend the amount of time for which a utility is required to file a bond or other undertaking conditioned upon refund under section 476.3, subsection 2.
3. If in a proceeding under section 476.6 additional time is granted to a party under subsection 1, the board may extend the ten-month period during which a utility is prohibited from placing its entire rate increase request into effect under section 476.6, but an extension shall not exceed the aggregate amount of all additional time granted under subsection 1.
4. The board shall adopt rules that require the board, in rate regulatory proceedings under sections 476.3 and 476.6, to utilize either a historic test year or a future test year at the rate-regulated public utility’s discretion.
   a. For a rate regulatory proceeding utilizing a historic test year, the rules shall require the board to consider the use of the most current test period possible in determining reasonable and just rates, subject only to the availability of existing and verifiable data respecting costs and revenues, and in addition, to consider verifiable data that exists within nine months after the conclusion of the test year, respecting known and measurable changes in costs not associated with a different level of revenue, and known and measurable revenues not associated with a different level of costs, that are to occur at any time within twelve months after the date of commencement of the proceedings. Parties proposing adjustments that are not verifiable at the commencement of the proceedings shall include projected data related to the adjustments in their initial substantive filing with the board. For purposes of this paragraph, a proceeding commences under section 476.6 upon the filing date of new or changed rates, charges, schedules, or regulations.
   b. For a rate regulatory proceeding utilizing a future test year, the rules shall require the board to consider the use of any twelve-month period beginning no later than the date on which a proposed rate change is expected to take effect in determining just and reasonable rates. The rules shall also require the board to conduct a proceeding subsequent to the effective date of a rate resulting from a rate regulatory proceeding utilizing a future test year to determine whether the actual costs and revenues are reasonably consistent with those approved by the board. If the actual costs and revenues are not reasonably consistent with those approved by the board, the board shall adjust the rates accordingly. For a rate regulatory
proceeding utilizing a future test year, the board may adopt rules regarding evidence required, information to support forecasts, and any reporting obligations. The board may also adopt rules regarding the conditions under which a public utility that utilizes a future test year may subsequently utilize a historic test year. A public utility shall not be precluded from filing a rate regulatory proceeding utilizing a future test year prior to the adoption of any rules pursuant to this subsection.

c. This subsection does not limit the authority of the board to consider other evidence in proceedings under sections 476.3 and 476.6.

SUBCHAPTER VI
ALTERNATE ENERGY PRODUCTION FACILITIES

476.41 Purpose.
It is the policy of this state to encourage the development of alternate energy production facilities and small hydro facilities in order to conserve our finite and expensive energy resources and to provide for their most efficient use.

83 Acts, ch 182, §2
Referred to in §476.1B, 476.43

476.42 Definitions.
As used in this subchapter, unless the context otherwise requires:
1. a. “Alternate energy production facility” means any or all of the following:
   (1) A solar, wind turbine, waste management, resource recovery, refuse-derived fuel, agricultural crops or residues, or woodburning facility. For purposes of this definition only, “waste management” includes a facility utilizing plasma gasification to produce synthetic gas, either as a stand-alone fuel or for blending with natural gas, the output of which is used to generate electricity or steam. For purposes of this definition only, “plasma gasification” means the thermal dissociation of carbonaceous material into fragments of compounds in an oxygen-starved environment.
   (2) Land, systems, buildings, or improvements that are located at the project site and are necessary or convenient to the construction, completion, or operation of the facility.
   (3) Transmission or distribution facilities necessary to conduct the energy produced by the facility to users located at or near the project site.
   b. A facility which is a qualifying facility under 18 C.F.R. pt. 292, subpt. B is not precluded from being an alternate energy production facility under this subchapter.
2. “Electric utility” means a public utility that furnishes electricity to the public for compensation.
3. “Next generating plant” means an electric utility’s assumed next coal-fired base load electric generating plant, whether planned or not, based on current technology and undiscounted current cost.
4. a. “Small hydro facility” means any or all of the following:
   (1) A hydroelectric facility at a dam.
   (2) Land, systems, buildings, or improvements that are located at the project site and are necessary or convenient to the construction, completion, or operation of the facility.
   (3) Transmission or distribution facilities necessary to conduct the energy produced by the facility to users located at or near the project site.
§476.42, PUBLIC UTILITY REGULATION

476.43 Rates for alternate energy production facilities.

1. Subject to section 476.44, the board shall require electric utilities to do both of the following under terms and conditions that the board finds are just and economically reasonable for the electric utilities’ customers, are nondiscriminatory to alternate energy producers and small hydro producers, and will further the policy stated in section 476.41:
   a. At least one of the following:
      (1) Own alternate energy production facilities or small hydro facilities located in this state.
      (2) Enter into long-term contracts to purchase or wheel electricity from alternate energy production facilities or small hydro facilities located in the utility’s service area.
   b. Provide for the availability of supplemental or backup power to alternate energy production facilities or small hydro facilities on a nondiscriminatory basis and at just and reasonable rates.

2. Upon application by the owner or operator of an alternate energy production facility or small hydro facility or any interested party, the board shall establish for the affected public utility just and economically reasonable rates for electricity purchased under subsection 1, paragraph “a”. The rates shall be established at levels sufficient to stimulate the development of alternate energy production and small hydro facilities in Iowa and to encourage the continuation of existing capacity from those facilities.

3. The board may adopt individual utility or uniform statewide facility rates. The board shall consider the following factors in setting individual or uniform rates:
   a. The estimated capital cost of the next generating plant, including related transmission facilities, to be placed in service by the electric utility serving the area.
   b. The term of the contract between the electric utility and the seller.
   c. A levelized annual carrying charge based upon the term of the contract and determined in a manner consistent with both the methods and the current interest or return requirements associated with the electric utility’s new construction program.
   d. The electric utility’s annual energy costs, including current fuel costs, related operation and maintenance costs, and other energy-related costs considered appropriate by the board.
   e. External factors, including but not limited to, environmental and economic factors.
   f. Other relevant factors.

4. If the board adopts uniform statewide rates, the board shall use representative data in lieu of utility specific information in applying the factors listed in paragraphs “a” through “f”.

5. In the case of a utility that purchases all or substantially all of its electricity requirements, the rates established under this section must be based on the electric utility’s current purchased power costs.

6. In lieu of the other procedures provided by this section, an electric utility and an owner or operator of an alternate energy production facility or small hydro facility may enter into a long-term contract in accordance with subsection 1 and may agree to rates for purchase and sale transactions. A contract entered into under this subsection must be filed with the board in the manner provided for tariffs under section 476.4.

7. This section does not require an electric utility to construct additional facilities unless those facilities are paid for by the owner or operator of the affected alternate energy production facility or small hydro facility.

476.44 Exceptions.

1. The board shall not require an electric utility to purchase or wheel electricity from an alternate energy production facility or small hydro facility unless the facility is owned or
operated by an individual, firm, partnership, corporation, company, association, joint stock association, city, town, or county that meets both of the following:

a. Is not primarily engaged in the business of producing or selling electricity, gas, or useful thermal energy other than electricity, gas, or useful thermal energy sold solely from alternate energy production facilities or small hydro facilities.

b. Does not sell electricity, gas, or useful thermal energy to residential users other than the tenants or the owner or operator of the facility.

2. a. An electric utility subject to this subchapter, except a utility that elects rate regulation pursuant to section 476.1A, shall not be required to own or purchase, at any one time, more than its share of one hundred five megawatts of power from alternate energy production facilities or small hydro facilities at the rates established pursuant to section 476.43. The board shall allocate the one hundred five megawatts based upon each utility’s percentage of the total Iowa retail peak demand, for the year beginning January 1, 1990, of all utilities subject to this section. If a utility undergoes reorganization as defined in section 476.76, the board shall combine the allocated purchases of power for each utility involved in the reorganization.

b. Notwithstanding the one hundred five megawatt maximum, the board may increase the amount of power that a utility is required to own or purchase at the rates established pursuant to section 476.43 if the board finds that a utility, including a reorganized utility, exceeds its 1990 Iowa retail peak demand by twenty percent and the additional power the utility is required to purchase will encourage the development of alternate energy production facilities and small hydro facilities. The increase shall not exceed the utility’s increase in peak demand multiplied by the ratio of the utility’s share of the one hundred five megawatt maximum to its 1990 Iowa retail peak demand.

Referred to in §476.1B, 476.43

476.44A Trading of credits.
The board may establish or participate in a program to track, record, and verify the trading of credits or attributes relating to electricity generated from alternate energy production facilities or renewable energy sources among electric generators, utilities, and other interested entities, within this state and with similar entities in other states.

Referred to in §476.1B

476.45 Exemption from excess capacity.
Capacity of an alternate energy production facility or small hydro facility, that is owned or purchased by an electric utility, shall not be included in a calculation of an electric utility’s excess generating capacity for ratemaking purposes.

476.46 Alternate energy revolving loan program.
1. The Iowa energy center created under section 15.120 shall establish and administer an alternate energy revolving loan program to encourage the development of alternate energy production facilities and small hydro facilities within the state.

2. a. An alternate energy revolving loan fund is created in the office of the treasurer of state to be administered by the Iowa energy center.

b. The fund shall include moneys appropriated or otherwise directed to the fund.

c. Moneys in the fund shall be used to provide loans for the construction of alternate energy production facilities or small hydro facilities as defined in section 476.42.

d. (1) A gas or electric utility that is not required to be rate-regulated shall not be eligible for a loan under this section. However, gas and electric utilities not required to be rate-regulated shall be eligible for loans from moneys remitted to the fund. Such loans shall be limited to a maximum of five hundred thousand dollars per applicant and shall be limited to one loan every two years.
§476.46, PUBLIC UTILITY REGULATION

(2) A facility shall be eligible for no more than one million dollars in loans outstanding at any time under this program.

e. (1) Each loan shall be for a period not to exceed twenty years, shall bear no interest, and shall be repayable to the fund created under this section in installments as determined by the Iowa energy center. The interest rate upon delinquent payments shall accelerate immediately to the current legal usury limit.

(2) Any loan made pursuant to this program shall become due for payment upon sale of the facility for which the loan was made.

(3) Interest on the fund shall be deposited in the fund. A portion of the interest on the fund, not to exceed fifty percent of the total interest accrued, shall be used for promotion and administration of the fund.

f. Section 8.33 shall not apply to the moneys in the fund.

Referred to in §476.10A

Subsection 2, paragraph b amended

476.47 Alternate energy purchase programs.

1. Beginning January 1, 2004, an electric utility, whether or not rate-regulated under this chapter, shall offer an alternate energy purchase program to customers, based on energy produced by alternate energy production facilities in Iowa.

2. The board shall require electric utilities to file plans for alternate energy purchase programs offered pursuant to this section.

a. Rate-regulated electric utilities shall file plans for alternate energy purchase programs that allow customers to contribute voluntarily to the development of alternate energy in Iowa, and shall file tariffs as required by the board by rule.

b. Electric utilities that are not rate-regulated shall offer alternate energy purchase programs at rates determined by their governing authority, and shall file tariffs with the board for informational purposes only.

3. The electric utility shall notify consumers of its alternate energy purchase program and any proposed modifications to such program at least sixty days prior to implementation of the program or any modification.

4. For purposes of this section, an electric utility may base its program on energy produced by alternate energy production facilities located outside of Iowa under any of the following circumstances:

a. The energy is purchased by the electric utility pursuant to a contract in effect prior to July 1, 2001, and continues until the expiration of the contract, including any options to renew that are exercised by the electric utility.

b. The electric utility has a financial interest, as of July 1, 2001, in the alternate energy production facility that is located outside of Iowa, or in an entity that has a financial interest in an alternate energy production facility located outside of Iowa.

c. The energy is purchased by an electric utility that is not rate-regulated and that is required to purchase all of its electric power requirements from a single supplier that is physically located outside of Iowa.

5. This section shall not apply to non-rate-regulated electric utilities physically located outside of Iowa that serve Iowa customers.

6. Any consumer-owned utility may apply to the board for a waiver under this section, and the board, for good cause, may grant the waiver.

2001 Acts, 1st Ex, ch 4, §11, 36

Referred to in §476.1A, 476.1B

476.48 Small wind innovation zone program.

1. Definitions. For purposes of this section, unless the context otherwise requires:

a. “Electric utility” means a public utility that furnishes electricity to the public for compensation and which enters into a model interconnection agreement with the owner of a small wind energy system as provided in subsection 4.

b. “Small wind energy system” means a wind energy conversion system that collects and
converts wind into energy to generate electricity which has a nameplate generating capacity of one hundred kilowatts or less.

c. “Small wind innovation zone” means a political subdivision of this state, including but not limited to a city, county, township, school district, community college, area education agency, institution under the control of the state board of regents, or any other local commission, association, or tribal council which adopts, or is encompassed within a local government which adopts, the model ordinance as provided in subsection 3.

2. Program established.

a. The utilities division shall establish and administer a small wind innovation zone program to optimize local, regional, and state benefits from wind energy and to facilitate and expedite interconnection of small wind energy systems with electric utilities throughout this state. Pursuant to the program, the owner of a small wind energy system located within a small wind innovation zone desiring to interconnect with an electric utility shall benefit from a streamlined application process, may utilize a model interconnection agreement, and can qualify under a model ordinance.

b. A political subdivision seeking to be designated a small wind innovation zone shall apply to the division upon a form developed by the division. The division shall approve an application which documents that the applicable local government has adopted the model ordinance or is in the process of amending an existing zoning ordinance to comply with the model ordinance and that an electric utility operating within the political subdivision has agreed to utilize the model interconnection agreement to contract with the small wind energy system owners who agree to its terms.

3. Model ordinance. The Iowa league of cities, the Iowa association of counties, the Iowa environmental council, the Iowa wind energy association, and representatives from the utility industry shall consult and develop a model ordinance to be offered on both the Iowa league of cities’ and the Iowa association of counties’ internet sites and made available for use by a local government which constitutes or encompasses a political subdivision that is applying for designation as a small wind innovation zone. A local government adopting the model ordinance shall establish an expedited approval process with regard to small wind energy systems in compliance with the ordinance in order to qualify as a small wind innovation zone.

4. Model interconnection agreement. The utilities board shall develop a model interconnection agreement by June 1, 2010, for utilization within a small wind innovation zone by the owner of a small wind energy system seeking to interconnect with an electric utility. The interconnection agreement shall ensure that the energy produced can be safely interconnected with the utility without causing any adverse or unsafe consequences and is consistent with the electric utility’s resource needs. The board shall establish by rule procedures for modification of the model interconnection agreement upon mutually agreeable terms and conditions in unique or unusual circumstances, subject to board approval. Electric utilities shall consider adopting the model interconnection agreement.

5. Tax credit incentives. The owner of a small wind energy system operating within a small wind innovation zone shall qualify for the renewable energy tax credit pursuant to chapter 476C.

6. Reporting requirements. The division shall prepare a report summarizing the number of applications received from political subdivisions seeking to be designated a small wind innovation zone, the number of applications granted, the number of small wind energy systems generating electricity within each small wind innovation zone, and the amount of wind energy produced, and shall submit the report to the members of the general assembly by January 1 annually.

476.49 and 476.50 Reserved.
§476.51, PUBLIC UTILITY REGULATION

SUBCHAPTER VII

PENALTY

476.51 Civil penalty.

1. A public utility which, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one hundred dollars nor more than two thousand five hundred dollars per violation.

2. A public utility which willfully, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one thousand dollars nor more than ten thousand dollars per violation. For the purposes of this section, “willful” means knowing and deliberate, with a specific intent to violate.

3. Each violation is a separate offense. In the case of a continuing violation, each day a violation continues, after the time specified for compliance in the written notice by the board, is a separate and distinct offense. Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in a compromise, the board may consider the appropriateness of the penalty in relation to the size of the public utility, the gravity of the violation, and the good faith of the public utility in attempting to achieve compliance following notification of a violation, and any other relevant factors.

4. The written notice given by the board to a public utility under this section shall specify an appropriate time for compliance.

5. Civil penalties collected pursuant to this section from utilities providing water, electric, or gas service shall be forwarded by the chief operating officer of the board to the treasurer of state to be credited to the general fund of the state and to be used only for the low income home energy assistance program and the weatherization assistance program administered by the division of community action agencies of the department of human rights. Civil penalties collected pursuant to this section from utilities providing telecommunications service shall be forwarded to the treasurer of state to be credited to the department of commerce revolving fund created in section 546.12 to be used only for consumer education programs administered by the board. Penalties paid by a rate-regulated public utility pursuant to this section shall be excluded from the utility’s costs when determining the utility’s revenue requirement, and shall not be included either directly or indirectly in the utility’s rates or charges to customers.

SUBCHAPTER VIII

POLICIES

476.52 Management efficiency.

1. It is the policy of this state that a public utility shall operate in an efficient manner.

2. If the board determines in the course of a proceeding conducted under section 476.3 or 476.6 that a utility is operating in an inefficient manner, or is not exercising ordinary, prudent management, or in comparison with other utilities in the state the board determines that the utility is performing in a less beneficial manner than other utilities, the board may reduce the level of profit or adjust the revenue requirement for the utility to the extent the board believes appropriate to provide incentives to the utility to correct its inefficient operation.

3. If the board determines in the course of a proceeding conducted under section 476.3 or 476.6 that a utility is operating in such an extraordinarily efficient manner that tangible financial benefits result to the ratepayer, the board may increase the level of profit or adjust the revenue requirement for the utility.
4. In making its determination under this section, the board may also consider a public utility’s pursuit of energy efficiency programs. The board shall adopt rules for determining the level of profit or the revenue requirement adjustment that would be appropriate. The board shall also adopt rules establishing a methodology for an analysis of a utility’s management efficiency.

476.53 Electric generating and transmission facilities.

1. It is the intent of the general assembly to attract the development of electric power generating and transmission facilities within the state in sufficient quantity to ensure reliable electric service to Iowa consumers and provide economic benefits to the state. It is also the intent of the general assembly to encourage rate-regulated public utilities to consider altering existing electric generating facilities, where reasonable, to manage carbon emission intensity in order to facilitate the transition to a carbon-constrained environment.

2. a. The general assembly’s intent with regard to the development of electric power generating and transmission facilities, or the significant alteration of an existing generating facility, as provided in subsection 1, shall be implemented in a manner that is cost-effective and compatible with the environmental policies of the state, as expressed in this Title XI.

   b. The general assembly’s intent with regard to the reliability of electric service to Iowa consumers, as provided in subsection 1, shall be implemented by considering the diversity of the types of fuel used to generate electricity, the availability and reliability of fuel supplies, and the impact of the volatility of fuel costs.

3. a. The board shall specify in advance, by order issued after a contested case proceeding, the ratemaking principles that will apply when the costs of the electric power generating facility or alternate energy production facility are included in regulated electric rates whenever a rate-regulated public utility does any of the following:

   (1) (a) Files an application pursuant to section 476A.3 to construct in Iowa a baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or an alternate energy production facility as defined in section 476.42, or to significantly alter an existing generating facility. For purposes of this subparagraph, a significant alteration of an existing generating facility must, in order to qualify for establishment of ratemaking principles, fall into one of the following categories:

      (i) Conversion of a coal fueled facility into a gas fueled facility.
      (ii) Addition of carbon capture and storage facilities at a coal fueled facility.
      (iii) Addition of gas fueled capability to a coal fueled facility, in order to convert the facility to one that will rely primarily on gas for future generation.
      (iv) Addition of a biomass fueled capability to a coal fueled facility.
      (v) Repowering of an alternate energy production facility. For purposes of this subdivision, “repowering” shall mean either the complete dismantling and replacement of generation equipment at an existing project site, or the installation of new parts and equipment to an existing alternate energy production facility in order to increase energy production, reduce load, increase service capacity, improve project reliability, or extend the useful life of the facility.

   (b) With respect to a significant alteration of an existing generating facility, an original facility shall not be required to be either a baseload or a combined-cycle facility. Only the incremental investment undertaken by a utility under subparagraph division (a), subparagraph subdivision (i), (ii), (iii), or (iv) shall be eligible to apply the ratemaking principles established by the order issued pursuant to paragraph “e”. Facilities for which advanced ratemaking principles are obtained pursuant to this section shall not be subject to a subsequent board review pursuant to section 476.6, subsection 19, to the extent that the investment has been considered by the board under this section. To the extent an eligible utility has been authorized to make capital investments subject to section 476.6, subsection 19, such investments shall not be eligible for ratemaking principles pursuant to this section.

   (2) Leases or owns in Iowa, in whole or in part, a new baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred
megawatts or a combined-cycle electric power generating facility, or a new alternate energy production facility as defined in section 476.42.

b. In determining the applicable ratemaking principles, the board shall not be limited to traditional ratemaking principles or traditional cost recovery mechanisms. Among the principles and mechanisms the board may consider, the board has the authority to approve ratemaking principles proposed by a rate-regulated public utility that provide for reasonable restrictions upon the ability of the public utility to seek a general increase in electric rates under section 476.6 for at least three years after the generating facility begins providing service to Iowa customers.

c. In determining the applicable ratemaking principles, the board shall make the following findings:

1. The rate-regulated public utility has in effect a board-approved energy efficiency plan as required under section 476.6, subsection 15.

2. The rate-regulated public utility has demonstrated to the board that the public utility has considered other sources for long-term electric supply and that the facility or lease is reasonable when compared to other feasible alternative sources of supply.

d. The applicable ratemaking principles shall be determined in a contested case proceeding, which proceeding may be combined with the proceeding for issuance of a certificate conducted pursuant to chapter 476A.

e. The order setting forth the applicable ratemaking principles shall be issued prior to the commencement of construction or lease of the facility.

f. Following issuance of the order, the rate-regulated public utility shall have the option of proceeding according to either of the following:

1. Withdrawing its application for a certificate pursuant to chapter 476A.

2. Proceeding with the construction or lease of the facility.

g. Notwithstanding any provision of this chapter to the contrary, the ratemaking principles established by the order issued pursuant to paragraph “e” shall be binding with regard to the specific electric power generating facility in any subsequent rate proceeding.

4. The utilities board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and the consumer advocate deem necessary to perform required functions as provided in this section, including but not limited to review of power purchase contracts, review of emission plans and budgets, and review of ratemaking principles proposed for construction or lease of a new generating facility. Beginning July 1, 2002, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board and the consumer advocate to hire additional staff and contract for services under this section. The costs of the additional staff and services shall be assessed to the utilities pursuant to the procedure in section 476.10 and section 475A.6.

476.53A Renewable electric power generation.

It is the intent of the general assembly to encourage the development of renewable electric power generation. It is also the intent of the general assembly to encourage the use of renewable power to meet local electric needs and the development of transmission capacity to export wind power generated in Iowa.

2011 Acts, ch 115, §1

476.54 Delayed payment charges.

A public utility shall not apply delayed payment charges on a customer’s account if the scheduled payment was made by the customer within twenty days from the date the billing was sent to the customer. Delayed payment charges on a customer’s account shall not exceed
one and one-half percent per month of the past-due amount. This section shall not apply to telecommunications service providers registered pursuant to section 476.95A.

83 Acts, ch 127, §37; 2018 Acts, ch 1160, §16

476.55 Complaint of antitrust activities.
1. An application for new or changed rates, charges, schedules, or regulations filed under this chapter, or an application for a certificate or an amendment to a certificate submitted under chapter 476A, by an electric transmission line utility or a gas pipeline utility or a subsidiary of either shall not be approved by the board if, upon complaint by an Iowa electric or gas utility, the board finds activities which create or maintain a situation inconsistent with antitrust laws and the policies which underlie them. The board may grant the rate or facility certification request once it determines that those activities which led to the antitrust complaint have been eliminated. However, this subsection does not apply to an application for new or changed rates, charges, schedules, or regulations after the expiration of the ten-month limitation and applicable extensions.

2. a. Notwithstanding section 476.1D, the board may receive a complaint from a local exchange carrier that another local exchange carrier has engaged in an activity that is inconsistent with antitrust laws and the policies which underlie them. For purposes of this subsection, “local exchange carrier” means the same as defined in section 476.96* and includes a city utility authorized pursuant to section 388.2 to provide local exchange services. If, after notice and opportunity for hearing, the board finds that a local exchange carrier has engaged in an activity that is inconsistent with antitrust laws and the policies which underlie them, the board may order any of the following:

(1) The local exchange carrier to adjust retail rates in an amount sufficient to correct the antitrust activity.

(2) The local exchange carrier to pay any costs incurred by the complainant for the pursuit of the complaint.

(3) The local exchange carrier to pay a civil penalty.

(4) Either the local exchange carrier or the complainant to pay the costs of the complaint proceeding before the board, and the other party’s reasonable attorney fees.

b. This subsection shall not be construed to modify, restrict, or limit the right of a person to bring a complaint under any other provision of this chapter.

*Section 476.96 repealed by 2018 Acts, ch 1160, §32; corrective legislation is pending

476.56 Energy costs provided.
A gas or electric public utility shall provide, upon the request of a person who states in writing that the person is an owner of real property, or an interested prospective purchaser or renter of the property, which is or has been receiving gas or electric service from the public utility, the annual gas or electric energy costs for the property.

476.57 Limitations on use of ADAD equipment — penalty. Repealed by 2018 Acts, ch 1160, §32.

476.58 Safety of distributed generation facilities — disconnection device required — rules.
1. For purposes of this section:
   a. “Disconnection device” means a lockable visual disconnect or other disconnection device capable of disconnecting and de-energizing the residual voltage in a distributed generation facility.
   b. “Distributed generation facility” means any of the following:

   (1) A cogeneration facility or a small power production facility that is a qualifying facility under 18 C.F.R. pt. 292, subpt. B, used by an interconnection customer to generate electricity that operates in parallel with the electric distribution system, and that typically includes
an electric generator and the equipment required to interconnect safely with the electric
distribution system or local electric power system.
(2) An alternate energy production facility as defined in section 476.42.
(3) A small hydro facility as defined in section 476.42.
c. “Electric distribution system” means the facilities and equipment owned and operated
by an electric utility that are used to transmit electricity to ultimate usage points from
interchanges with higher voltage transmission networks which transport bulk power over
long distances and that generally operate at less than one hundred kilovolts of electricity.
d. “Electric meter” means a device used by an electric utility that measures and registers
the integral of an electrical quantity with respect to time.
e. “Electric utility” means a public utility that furnishes electricity to the public for
compensation.
f. “Interconnection customer” means a person that interconnects a distributed generation
facility to an electric distribution system.
2. Consistent with the board’s safety jurisdiction pursuant to section 476.1, the board
shall adopt rules pursuant to chapter 17A relating to the safe installation and operation of
interconnections between distributed generation facilities and electric distribution systems.
The rules shall include but not be limited to the following:
a. For installations placed in service on or after July 1, 2015, a requirement that a
disconnection device be installed at a location that is easily visible and adjacent to an
interconnection customer’s electric meter. For installations placed in service prior to July
1, 2015, a requirement that an interconnection customer provide and attach a permanent
placard at the electric meter that clearly identifies the presence and location of disconnection
deVICES for distributed generation facilities on the property.
b. A requirement that interconnection customers notify local paid or volunteer fire
departments of the location of distributed generation facilities and associated disconnection
devices upon completion of installation and procedures for such notifications.
c. Procedures for electric utilities to deny or disconnect service for safety reasons to a
person who does not comply with rules adopted pursuant to this subsection.
3. Procedures and requirements provided in rules adopted pursuant to subsection 2 shall
apply to all electric utilities and all interconnection customers in this state. However, only
those rule provisions concerning interconnections between distributed generation facilities
and electric distribution systems and safety issues shall apply to utilities over which the
board’s jurisdiction is limited by section 476.1A or 476.1B.
4. This section shall not be construed to expand the board’s jurisdiction over a utility
over which the board’s jurisdiction is limited by section 476.1A or 476.1B. This section
shall not be construed to authorize the board to require that an installation or connection
of a distributed generation facility, disconnection device, or interconnection between a
distributed generation facility and an electric distribution system be performed by a licensed
electrician, installer, or professional engineer. This section shall not be construed to require
inspection of a distributed generation facility, disconnection device, or interconnection
between a distributed generation facility and an electric distribution system pursuant to
chapter 103.

CUSTOMER CONTRIBUTION FUND

476.66 Customer contribution fund.
1. The utilities board shall adopt rules which shall require each electric and gas public utility to establish a fund whose purposes shall include the receiving of contributions to assist the utility’s low-income customers with weatherization measures to improve energy efficiency related to winter heating and summer cooling, and to supplement the energy assistance received under the federal low-income home energy assistance program for the payment of winter heating electric or gas utility bills.
2. The rules shall require each utility to periodically notify its customers of the availability and purpose of the fund and to provide them with forms on which they can authorize the utility to bill their contribution to the fund on a monthly basis.
3. The rules shall permit the fund to accept matching funds from persons or organizations who wish to provide assistance for customers of the utility.
4. The utility may be reimbursed by the fund for the administrative costs of the billings, disbursements, notices to customers, and financial recordkeeping. However, such reimbursement shall not exceed five percent of the total revenues collected.
5. The utility shall establish a board or committee to determine the appropriate distribution of the funds. The board or committee shall include representatives from community or regional organizations which are active in assisting citizens with payment of their winter heating bills.
6. The rules established by the utilities board shall require an annual report to be filed for each fund. The utilities board shall compile an annual statewide report of the fund results. The division of community action agencies of the department of human rights shall prepare an annual report of the unmet need for energy assistance and weatherization. Both reports shall be submitted to the appropriations committees of the general assembly on the first day of the following session.
7. Existing programs to receive customer contributions established by public utilities shall be construed to meet the requirements of this section. Such plans shall be subject to review by the utilities board.

SUBCHAPTER XI
PUBLIC UTILITY AFFILIATES

§476.71 Purpose.
It is the intent of the general assembly that a public utility should not directly or indirectly include in regulated rates or charges any costs or expenses of an affiliate engaged in any business other than that of utility business unless the affiliate provides goods or services to the public utility. The costs that are included should be reasonably necessary and appropriate for utility business. It is also the intent of the general assembly that a public utility should only provide nonutility services in a manner that minimizes the possibility of cross-subsidization or unfair competitive advantage.

89 Acts, ch 103, §2

§476.72 Definitions.
As used in this subchapter, unless the context otherwise requires:
1. "Affiliate" means a party that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with a rate-regulated public utility.
2. "Control" means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of an enterprise through ownership, by contract or otherwise.
3. "Nonutility service" includes the sale, lease, or other conveyance of commercial and residential gas or electric appliances, interior lighting systems and fixtures, or heating, ventilating, or air conditioning systems and component parts or the servicing, repair, or maintenance of such equipment.
4. "Public utility" means a rate-regulated public utility providing electric, gas, water, sanitary sewage, or storm water drainage service, or any combination thereof.
5. "Utility business" means the generation or transmission of electricity or furnishing of gas or furnishing electricity to the public for compensation.

§476.73 Affiliate records.
1. Access to records. Every public utility and affiliate through the public utility shall provide the board with access to books, records, accounts, documents, and other data and information which the board finds necessary to effectively implement and effectuate the provisions of this chapter.
2. Separate records. The board may require affiliates of a public utility to keep separate records and the board may provide for the examination and inspection of the books, accounts, papers, and records, as may be necessary to enforce this chapter.
3. Allocation permitted. The board may inquire as to and prescribe, for ratemaking purposes, the allocation of capitalization, earnings, debts, and expenses related to ownership, operation, or management of affiliates.

89 Acts, ch 103, §4

§476.74 Affiliate information required to be filed.
1. Goods and services. All contracts or arrangements providing for the furnishing or receiving of goods and services including but not limited to the furnishing or receiving of management, supervisory, construction, engineering, accounting, legal, financial, marketing, data processing, or similar services made or entered into on or after July 1, 1989, between a public utility and any affiliate shall be filed annually with the board.
2. Sales, purchases, and leases. All contracts or arrangements for the purchase, sale, lease, or exchange of any property, right, or thing made or entered into on or after July 1, 1989, between a public utility and any affiliate shall be filed annually with the board.
3. Loans. All contracts or arrangements providing for any loan of money or an extension or renewal of any loan of money or any similar transaction made or entered into on or after
July 1, 1989, between a public utility and any affiliate, whether as guarantor, endorser, surety, or otherwise, shall be filed annually with the board.

4. **Verified copies required.** Every public utility shall file with the board a verified copy of the contract or arrangement referred to in this section, or a verified summary of the unwritten contract or arrangement, and also of all the contracts and arrangements or a verified summary of the unwritten contracts or arrangements, whether written or unwritten, entered into prior to July 1, 1989, and in force and effect at that time. Any contract or agreement determined by the board to be a confidential record pursuant to section 22.7 shall be returned to the public utility filing the confidential record within sixty days after the contract or agreement is filed.

5. **Exemption.** The provisions of this section requiring filing of contracts or agreements with the board shall not apply to transactions with an affiliate where the amount of consideration involved is not in excess of fifty thousand dollars or five percent of the capital equity of the utility, whichever is smaller. However, regularly recurring payments under a general or continuing arrangement which aggregate a greater annual amount shall not be broken down into a series of transactions to come within this exemption. In any proceeding involving the rates, charges or practices of the public utility, the board may exclude from the accounts of the public utility any unreasonable payment or compensation made pursuant to any contract or arrangement which is not required to be filed under this subsection.

6. **Continuing jurisdiction.** The board shall have the same jurisdiction over modifications or amendments of contracts or arrangements in this section as it has over the original contracts or arrangements. Any modification or amendment of contracts or arrangements shall also be filed annually with the board.

7. **Sanction.** For ratemaking purposes, the board may exclude the payment or compensation to an affiliate or adjust the revenue received from an affiliate associated with any contract or arrangement required to be filed with the board if the contract or arrangement is not so filed.

8. **Alternative information.** The board shall consult with other state and federal regulatory agencies for the purpose of eliminating duplicate or conflicting filing requirements and may adopt rules which provide that comparable information required to be filed with other state or federal regulatory agencies may be accepted by the board in lieu of information required by this section.

9. **Reasonableness required.** In any proceeding, whether upon the board’s own motion or upon application or complaint involving the rates, charges, or practices of any public utility, the board, for ratemaking purposes may exclude from the accounts of the public utility or adjust any payment or compensation related to any transaction with an affiliate for any services rendered or for any property or service furnished or received, as described in this section, under contracts or arrangements with an affiliate unless and upon inquiry the public utility shall establish the reasonableness of the payment or compensation.

10. **Exemption by rule or waiver.** The board may adopt rules which exempt any public utility or class of public utility or class of contracts or arrangements from this section or waive the requirements of this section if the board finds that the exemption or waiver is in the public interest.

89 Acts, ch 103, §5

**476.75 Audits required.**

The board may periodically retain a nationally or regionally recognized independent auditing firm to conduct an audit of the transactions between a public utility and its affiliates. An affiliate transaction audit shall not be conducted more frequently than every three years, unless ordered by the board for good cause. The cost of the audit shall be paid by the public utility to the independent auditing firm and shall be included in its regulated rates and charges, unless otherwise ordered by the board for good cause after providing the public utility the opportunity for a hearing on the board’s decision.

89 Acts, ch 103, §6
§476.76 Reorganization defined.
For purposes of this subchapter unless the context otherwise requires, “reorganization” means either of the following:
1. The acquisition, sale, lease, or any other disposition, directly or indirectly, including by merger or consolidation, of the whole or any substantial part of a public utility’s assets.
2. The purchase or other acquisition or sale or other disposition of the controlling capital stock of any public utility, either directly or indirectly.

89 Acts, ch 103, §7; 2014 Acts, ch 1026, §143
Referred to in §476.44

§476.77 Time and standards for review.
1. A reorganization shall not take place if the board disapproves. Prior to reorganization, the applicant shall file with the board a proposal for reorganization with supporting testimony and evidence to establish that the reorganization is not contrary to the interests of the public utility’s ratepayers and the public interest.
2. A proposal for reorganization shall be deemed to have been approved unless the board disapproves the proposal within ninety days after its filing. The board, for good cause shown, may extend the deadline for acting on an application for an additional period not to exceed ninety days. However, the board shall not disapprove a proposal for reorganization without providing for notice and opportunity for hearing. The notice of hearing shall be provided no later than fifty days after the proposal for reorganization has been filed.
3. In its review of a proposal for reorganization, the board may consider all of the following:
   a. Whether the board will have reasonable access to books, records, documents, and other information relating to the public utility or any of its affiliates.
   b. Whether the public utility’s ability to attract capital on reasonable terms, including the maintenance of a reasonable capital structure, is impaired.
   c. Whether the ability of the public utility to provide safe, reasonable, and adequate service is impaired.
   d. Whether ratepayers are detrimentally affected.
   e. Whether the public interest is detrimentally affected.
4. The board may adopt rules which exempt a public utility or class of public utility or class of reorganization from this section if the board finds that with respect to the public utility or class of public utility or class of reorganization review is not necessary in the public interest. The board may adopt rules necessary to protect the interest of the customers of the exempt public utility. These rules may include, but are not limited to, notification of a proposed sale or transfer of assets or stock. The board may waive the requirements of this section, if the board finds that board review is not necessary in the public interest.

89 Acts, ch 103, §8; 91 Acts, ch 68, §1; 98 Acts, ch 1097, §1, 2

§476.78 Cross-subsidization prohibited.
A public utility shall not directly or indirectly include any costs or expenses attributable to providing nonutility service in regulated rates or charges. Except for contracts existing as of July 1, 1996, a public utility or its affiliates shall not use vehicles, service tools and instruments, or employees, the costs, salaries, or benefits of which are recoverable in the regulated rates for electric service or gas service to install, service, or repair residential or commercial gas or electric heating, ventilating, or air conditioning systems, or interior lighting systems and fixtures; or to sell at retail heating, ventilating, air conditioning, or interior lighting equipment. For the purpose of this section, “commercial” means a place of business primarily used for the storage or sale, at wholesale or retail, of goods, wares, services, or merchandise. Nothing in this section shall be construed to prohibit a public utility from using its utility vehicles, service tools and instruments, and employees to market systems, services, and equipment, to light pilots, or to eliminate a customer emergency or threat to public safety.

Referred to in §476.83
476.79 Provision of nonutility service.
1. A public utility providing any nonutility service to its customers shall keep and render to the board separate records of the nonutility service. The board may provide for the examination and inspection of the books, accounts, papers, and records of the nonutility service, as may be necessary, to enforce any provisions of this chapter.
2. The board shall adopt rules which specify the manner and form of the accounts relating to providing nonutility services which the public utility shall maintain.

89 Acts, ch 103, §10; 2014 Acts, ch 1099, §11
Referred to in §476.83

476.80 Additional requirements.
A public utility which engages in a systematic marketing effort as defined by the board, other than on an incidental or casual basis, to promote the availability of nonutility service from the public utility shall make available at reasonable compensation on a nondiscriminatory basis to all persons engaged primarily in providing the same competitive nonutility services in that area all of the following services to the same extent utilized by the public utility in connection with its nonutility services:
1. Access to and use of the public utility’s customer lists.
2. Access to and use of the public utility’s billing and collection system.
3. Access to and use of the public utility’s mailing system.

89 Acts, ch 103, §11; 2014 Acts, ch 1099, §12
Referred to in §105.11, 476.81, 476.82, 476.83

476.81 Audit required.
The board may periodically retain a nationally or regionally recognized independent auditing firm to conduct an audit of the nonutility services provided by a public utility subject to the provisions of section 476.80. A nonutility service audit shall not be conducted more frequently than every three years, unless ordered by the board for good cause. The cost of the audit shall be paid by the public utility to the independent auditing firm and shall be included in its regulated rates and charges, unless otherwise ordered by the board for good cause after providing the public utility the opportunity for a hearing on the board’s decision.

89 Acts, ch 103, §12; 2014 Acts, ch 1099, §13
Referred to in §476.82

476.82 Exemption — energy efficiency.
Notwithstanding any language to the contrary, nothing in this subchapter shall prohibit a public utility from participating in or conducting energy efficiency projects or programs established or approved by the board or required by statute. A public utility participating in or conducting energy efficiency projects or programs established or approved by the board or required by statute shall not be subject to the provisions of sections 476.80 and 476.81 for those energy efficiency projects or programs.

89 Acts, ch 103, §13; 2014 Acts, ch 1026, §143

476.83 Complaints.
Any person may file a written complaint with the board requesting that the board determine compliance by a public utility with the provisions of section 476.78, 476.79, or 476.80, or any validly adopted rules to implement these sections. Upon the filing of a complaint, the board may promptly initiate a formal complaint proceeding and give notice of the proceeding and the opportunity for hearing. The formal complaint proceeding may be initiated at any time by the board on its own motion. The board shall render a decision in the proceeding within ninety days after the date the written complaint was filed, unless additional time is requested by the complainant.

476.84 Water, sanitary sewer, and storm water utilities — acquisitions — advance ratemaking.
1. This section applies to the acquisition of water, sanitary sewer, and storm water utilities
by rate-regulated public utilities. This section does not apply to the acquisition of such utilities by non-rate-regulated entities described in section 476.1, subsection 4.

2. a. A public utility shall not acquire, in whole or in part, a water, sanitary sewer, or storm water utility with a fair market value of five hundred thousand dollars or more from a non-rate-regulated entity described in section 476.1, subsection 4, unless the board first approves the acquisition. In addition, if the utility to be acquired is a city utility, then the public utility shall not acquire the city utility until the city has first met the requirements of section 388.2A.

b. If a water, sanitary sewer, or storm water utility that is the subject of an acquisition meets the requirements of paragraph “a”, then the acquiring public utility may apply to the board, prior to the completion of the acquisition, for advance approval of a proposed initial tariff for providing service to customers of the acquired utility.

c. As part of its review of the proposed acquisition, the board shall specify in advance, by order issued after a contested case proceeding, the ratemaking principles that will apply when the costs of the acquired utility are included in regulated rates. The lesser of the sale price or the fair market value of the acquired utility as established pursuant to section 388.2A, subsection 2, shall be used in determining the applicable ratemaking principles. In determining the applicable ratemaking principles, the board shall not be limited to traditional ratemaking principles or traditional cost recovery mechanisms. Among the principles and mechanisms the board may consider, the board has the authority to approve ratemaking principles that provide for reasonable restrictions upon the ability of the public utility to seek an increase in specified regulated rates for a period of time after the acquisition takes place.

d. In determining the applicable ratemaking principles, the board shall find that the proposed acquisition will result in just and reasonable rates to all customers of the public utility, including but not limited to existing customers of the public utility. In making this finding, the board may consider any factor it reasonably concludes may affect future rates, including but not limited to the price paid for the acquired utility and the projected cost of reasonable and prudent changes to the acquired utility in order to provide adequate services and facilities to customers. The board shall consider whether there are ratemaking principles that will result in just and reasonable rates to all customers in determining whether to approve or disapprove a proposed acquisition.

e. Upon the approval of a proposal for acquisition by board order, the parties subject to the acquisition shall have the option of either proceeding with such acquisition or not, subject to any termination provisions contained in the acquisition agreement.

f. Notwithstanding any provision of this chapter to the contrary, the ratemaking principles established by the board pursuant to this section shall be binding with regard to the acquired utility in any subsequent rate proceeding.

COMPETITIVE NATURAL GAS PROVIDERS

476.86 Definitions.
As used in this section and section 476.87, unless the context otherwise requires:

1. “Aggregator” means a person who combines retail end users into a group and arranges for the acquisition of competitive natural gas services without taking title to those services.

2. a. “Competitive natural gas provider” means a person who takes title to natural gas and sells it for consumption by a retail end user in the state of Iowa. “Competitive natural gas provider” includes an affiliate of an Iowa gas utility.

b. “Competitive natural gas provider” does not include the following:

(1) A public utility which is subject to rate regulation under this chapter.

(2) A municipally owned utility which provides natural gas service within its incorporated
area or within the municipal natural gas competitive service area, as defined in section 437A.3, subsection 22, paragraph “a”, subparagraph (1), in which the municipally owned utility is located.

476.87 Certification of competitive natural gas providers.
1. The board shall certify all competitive natural gas providers and aggregators providing natural gas services in this state. In an application for certification, a competitive natural gas provider or aggregator must reasonably demonstrate managerial, technical, and financial capability sufficient to obtain and deliver the services such provider or aggregator proposes to offer. The board may establish reasonable conditions or restrictions on the certificate at the time of issuance. The board shall adopt rules to establish specific criteria for certification. The board shall make a determination on an application for certification within ninety days of its submission, unless the board determines that additional time is necessary to consider the application, in which case the board may extend the time for making a determination for an additional sixty days.

2. The board may resolve disputes involving the provision of natural gas services by a competitive natural gas provider or aggregator.

3. The board shall allocate the costs and expenses reasonably attributable to certification and dispute resolution in this section to persons identified as parties to such proceeding who are engaged in or who seek to engage in providing natural gas services or other persons identified as participants in such proceeding. The funds received for the costs and the expenses of certification and dispute resolution shall be remitted to the treasurer of state for deposit in the department of commerce revolving fund created in section 546.12 as provided in section 476.10.

SUBCHAPTER XIII
ALTERNATIVE OPERATOR SERVICES

476.91 Alternative operator services.
1. Definitions. As used in this section, unless the context otherwise requires:

   a. “Alternative operator services company” means a nongovernmental company which receives more than half of its Iowa intrastate telecommunications services revenues from calls placed by end-user customers from telephones other than ordinary residence or business telephones. The definition is further limited to include only companies which provide operator assistance, either through live or automated intervention, on calls placed from other than ordinary residence or business telephones, and does not include services provided under contract to rate-regulated local exchange utilities.

   b. “Contracting entity” means an entity providing telephones other than ordinary residence or business telephones for use by end-user customers which has contracted with an alternative operator services company to provide telecommunications services to those telephones.

   c. “End-user customer” means a person who places a local or toll call.

   d. “Other than ordinary residence or business telephones” means telephones other than the residence or business telephones of the customary users of the telephones, including but not limited to pay telephones and telephones in motel, hotel, hospital, and college dormitory rooms.

2. Jurisdiction. Notwithstanding any finding by the board that a service or facility is subject to competition and should be deregulated pursuant to section 476.1, all intrastate telecommunications services provided by alternative operator services companies to
end-user customers, using other than ordinary residence or business telephones, are subject to the jurisdiction of the board and shall be rendered pursuant to tariffs approved by the board. Alternative operator services companies shall be subject to all requirements and sanctions provided in this chapter. Contracting entities shall be subject to the requirements of any board regulations concerning telecommunications services provided by alternative operator services companies.

3. **Requirements.** The board shall adopt and enforce requirements for the provision of services by alternative operator services companies and contracting entities.

4. **Billing by local exchange utilities.** Notwithstanding any finding by the board that a service or facility is subject to competition and should be deregulated pursuant to section 476.1, a regulated local exchange utility shall not perform billing and collection functions relating to regulated telecommunications services provided by an alternative operator services company, unless the alternative operator services company has filed a statement with the local exchange utility signed by a corporate officer, or other authorized person having personal knowledge, that all regulated telecommunications services to be billed shall be rendered pursuant to tariffs approved by the board.

TELECOMMUNICATIONS SERVICE PROVIDERS

476.95 Internet protocol-enabled service and voice over internet protocol service — regulation.

1. For purposes of this section:
   a. *Internet protocol-enabled service* means any service, capability, functionality, or application that uses internet protocol or any successor protocol and enables an end user to send or receive voice, data, or video communications in internet protocol format or a successor format.
   b. *Political subdivision* means the same as defined in section 145A.2.
   c. *Voice over internet protocol service* means an internet protocol-enabled service that facilitates real-time, two-way voice communication that originates from, or terminates at, a user’s location and permits the user to receive a call that originates from the public switched telephone network and to terminate a call on the public switched telephone network.

2. Notwithstanding any other provision of law to the contrary, a department, agency, board, or political subdivision of the state shall not regulate, by rule, order, or other means directly or indirectly, the entry, rates, terms, or conditions for internet protocol-enabled service or voice over internet protocol service.

3. This section shall not be construed to affect, modify, limit, or expand any of the following:
   a. The authority of the attorney general to take any action pursuant to chapter 537 or section 714.16.
   b. The application or enforcement of any law that is intended to have general application to the conduct of business in this state.
   c. Any entity’s obligation under section 251 or 252 of the federal Telecommunications Act of 1996.
   d. Any authority of the board over wholesale telecommunications services, rates, agreements, interconnection, providers, or tariffs.
   e. Any authority of the board to address or affect the resolution of a dispute regarding intercarrier compensation.
   f. Any authority of the board, in accordance with state and federal law, to assess voice over internet protocol service for any of the following:
(1) Surcharges for 911 emergency services under section 34A.7.
(2) Assessments for dual party relay service under section 477C.7.
(3) Direct costs under section 476.10 and a share of remainder assessments that reflect the service’s lesser degree of regulation.

\[ \text{g. Any authority of the board to regulate internet protocol-enabled service or voice over internet protocol service pursuant to section 476.91.} \]

476.95A Annual registration for telecommunications service providers.
1. A provider of telecommunications service, as defined in section 476.103, offering telephone numbers to retail customers in this state shall register annually with the board.
2. An applicant shall complete an application for registration on a form provided by the board. The form shall include contact information, the approximate number of service lines provided in the state, and any other information deemed necessary by the board.
3. Within five business days of the receipt of a completed application for registration, the board shall issue a nonexclusive acknowledgment of compliance with this section. The acknowledgment shall authorize the registrant to obtain telephone numbers, interconnect with other telecommunications service providers, cross railroad rights-of-way pursuant to section 476.27, and provide telecommunications service in this state. An acknowledgment may be transferred by filing a new or updated registration form.
4. A registrant shall submit to the board corrections to the information supplied in the registration form within a reasonable time after a change in circumstances, which circumstances would be required to be reported in an application for registration form.
5. Refusal to file and maintain an annual registration pursuant to this section is a violation of this chapter and may subject a telecommunications service provider to a civil penalty pursuant to section 476.51.
6. Notwithstanding this subsection, the board shall continue to recognize the validity of, and the rights conferred upon, a certificate of public convenience and necessity issued to a telecommunications service provider by the board prior to July 1, 2018.

476.95B Applicability of authority.
1. The board may exercise any powers reserved or delegated to the state by the federal Telecommunications Act of 1996 or any other federal law, rule, or order thereunder, and may hear and resolve any dispute arising thereunder, including but not limited to intercarrier compensation, interconnection, and number portability.
2. In proceedings under 47 U.S.C. §251–254, the board shall allocate the costs and expenses of the proceedings to persons identified as parties in the proceeding who are engaged in or who seek to engage in providing telecommunications service or other persons identified as participants in the proceeding. The funds received for the costs and the expenses shall be remitted to the treasurer of state for deposit in the department of commerce revolving fund created in section 546.12 as provided in section 476.10.

SUBCHAPTER XV
LOCAL EXCHANGE CARRIERS

§476.100 Prohibited acts.
A local exchange carrier shall not do any of the following:

1. Discriminate against another provider of communications services by refusing or delaying access to the local exchange carrier’s services.

2. Discriminate against another provider of communications services by refusing or delaying access to essential facilities on terms and conditions no less favorable than those the local exchange carrier provides to itself and its affiliates. A local telecommunications facility, feature, function, or capability of the local exchange carrier’s network is an essential facility if all of the following apply:
   a. Competitors cannot practically or economically duplicate the facility, feature, function, or capability, or obtain the facility, feature, function, or capability from another source.
   b. The use of the facility, feature, function, or capability by potential competitors is technically and economically feasible.
   c. Denial of the use of the facility, feature, function, or capability by competitors is unreasonable.
   d. The facility, feature, function, or capability will enable competition.

3. Degrade the quality of access or service provided to another provider of communications services.

4. Fail to disclose in a timely manner, upon reasonable request and pursuant to a protective agreement concerning proprietary information, all information reasonably necessary for the design of network interface equipment, network interface services, or software that will meet the specifications of the local exchange carrier’s local exchange network.

5. Unreasonably refuse or delay interconnections or provide inferior interconnections to another provider.

6. Use basic exchange service rates, directly or indirectly, to subsidize or offset the costs of other products or services offered by the local exchange carrier.

7. Discriminate in favor of itself or an affiliate in the provision and pricing of, or extension of credit for, any telephone service.

SUBCHAPTER XVI

UNIVERSAL SERVICE

§476.102 Universal service.
1. The board shall initiate a proceeding to preserve universal service such that it shall be maintained in a competitively neutral fashion. As a part of this proceeding, the board shall determine the difference between the cost of providing universal service and the prices determined to be appropriate for such service.

2. The board shall base policies for the preservation of universal service on the following principles:
   a. A plan adopted by the board should ensure the continued viability of universal service by maintaining quality services at just and reasonable rates.
   b. The plan should define the nature and extent of the service encompassed within any entities’ universal service obligations.
   c. The plan should establish specific and predictable mechanisms to provide competitively neutral support for universal service. Those mechanisms shall include a nondiscriminatory mechanism by which funds to support universal service shall be collected, and a mechanism for disbursement of support funds to eligible subscribers, either directly to those subscribers, or to the subscriber’s provider of local exchange services chosen by the subscriber.
   d. The plan should be based on other principles as the board determines are necessary.
and appropriate for the protection of the public interest, convenience, and necessity and consistent with the purposes of this section.

SUBCHAPTER XVII
CHANGE IN SERVICE

476.103 Unauthorized change in service — civil penalty.
1. Notwithstanding the deregulation of a communications service or facility under section 476.1D, the board may adopt rules to protect consumers from unauthorized changes in telecommunications service. Such rules shall not impose undue restrictions upon competition in telecommunications markets.
2. As used in this section, unless the context otherwise requires:
   a. "Change in service" means the designation of a new provider of a telecommunications service to a consumer, including the initial selection of a service provider, and includes the addition or deletion of a telecommunications service for which a separate charge is made to a consumer account.
   b. "Consumer" means a person other than a service provider who uses a telecommunications service.
   c. "Executing service provider" means, with respect to any change in telecommunications service, a service provider who executes an order for a change in service received from another service provider.
   d. "Service provider" means a person providing a telecommunications service.
   e. "Submitting service provider" means a service provider who requests another service provider to execute a change in service.
   f. "Telecommunications service" means a local exchange or long distance telephone service other than commercial mobile radio service.
3. The board shall adopt rules prohibiting an unauthorized change in telecommunications service. The rules shall be consistent with federal communications commission regulations regarding procedures for verification of customer authorization of a change in service. The rules, at a minimum, shall provide for all of the following:
   a. (1) A submitting service provider shall obtain verification of customer authorization of a change in service before submitting such change in service.
   (2) Verification appropriate under the circumstances for all other changes in service.
   (3) The verification may be in written, oral, or electronic form and may be performed by a qualified third party.
   (4) The reasonable time period during which the verification is to be retained, as determined by the board.
   b. A customer shall be notified of any change in service.
   c. Appropriate compensation for a customer affected by an unauthorized change in service.
   d. Board determination of potential liability, including assessment of damages, for unauthorized changes in service among the customer, previous service provider, executing service provider, and submitting service provider.
   e. A provision encouraging service providers to resolve customer complaints without involvement of the board.
   f. The prompt reversal of unauthorized changes in service.
   g. Procedures for a customer, service provider, or the consumer advocate to submit to the board complaints of unauthorized changes in service.
4. a. In addition to any applicable civil penalty set out in section 476.51, a service provider who violates a provision of this section, a rule adopted pursuant to this section, or an order lawfully issued by the board pursuant to this section, is subject to a civil penalty, which, after
Notice and opportunity for hearing, may be levied by the board, of not more than ten thousand dollars per violation. Each violation is a separate offense.

b. A civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in a compromise, the board may consider the size of the service provider, the gravity of the violation, any history of prior violations by the service provider, remedial actions taken by the service provider, the nature of the conduct of the service provider, and any other relevant factors.

c. A civil penalty collected pursuant to this subsection shall be forwarded by the chief operating officer of the board to the treasurer of state to be credited to the department of commerce revolving fund created in section 546.12 and to be used only for consumer education programs administered by the board.

d. A penalty paid by a rate-of-return regulated utility pursuant to this section shall be excluded from the utility’s costs when determining the utility’s revenue requirement, and shall not be included either directly or indirectly in the utility’s rates or charges to its customers.

e. The board shall not commence an administrative proceeding to impose a civil penalty under this section for acts subject to a civil enforcement action pending in court under section 714D.7.

5. If the board determines, after notice and opportunity for hearing, that a service provider has shown a pattern of violations of the rules adopted pursuant to this section, the board may by order do any of the following:

a. Prohibit any other service provider from billing charges to residents of Iowa on behalf of the service provider determined to have engaged in such a pattern of violations.

b. Prohibit certificated local exchange service providers from providing exchange access services to the service provider.

c. Limit the billing or access services prohibition under paragraph “a” or “b” to a period of time. Such prohibition may be withdrawn upon a showing of good cause.

d. Revoke the certificate of public convenience and necessity of a local exchange service provider.

6. The board has primary jurisdiction over a complaint pursuant to this section initiated by a service provider.

7. Subsection 6 does not preclude proceedings before the federal communications commission to enforce applicable federal law. However, a service provider or a consumer, for the same alleged acts, shall not pursue a complaint both before the federal communications commission and pursuant to this section.

8. The board shall adopt competitively neutral rules establishing procedures for the solicitation, imposition, and lifting of preferred carrier freezes. A valid preferred carrier freeze prevents a change in service unless the subscriber gives the service provider from whom the freeze was requested the subscriber’s express consent.

SEVERABILITY

476.104 Severability.
If any provision of this chapter or its application to any person or circumstance is held invalid or otherwise rendered ineffective by any entity, the invalidity or ineffectiveness shall not affect other provisions or applications of this chapter that can be given effect without the invalid or ineffective provision or application, and to this end the provisions of this chapter are severable.

SUBCHAPTER I
ELECTRIC POWER GENERATING FACILITIES

476A.1 Definitions.
As used in this subchapter, unless the context otherwise requires:
1. “Agency” means an agency as defined in section 17A.2, subsection 1.
2. “Board” means the utilities board within the utilities division of the department of commerce.
4. “Commence to construct” means significant alteration of a site to install permanent equipment or structures but does not include activities incident to preliminary engineering, environmental studies or acquisition of a site for a facility.
5. “Facility” means any electric power generating plant or a combination of plants at a single site, owned by any person, with a total capacity of twenty-five megawatts of electricity or more and those associated transmission lines connecting the generating plant to either a power transmission system or an interconnected primary transmission system or both. Transmission lines subject to the provisions of this subchapter shall not require a franchise under chapter 478.
6. “Regulatory agency” means an agency which issues licenses or permits required for the construction, operation or maintenance of a facility pursuant to statutes or rules in effect on the date on which an application for a certificate is accepted by the utilities board.
[C77, 79, 81, §476A.1]
90 Acts, ch 1252, §41; 2001 Acts, 1st Ex, ch 4, §35, 36

476A.2 Certificate required.
1. Commencing January 1, 1977, a person shall not commence to construct a facility except as provided in section 476A.9 unless a certificate for the facility has been issued by the board. This subchapter shall not apply to persons who prior to July 1, 1976:
   a. Have acquired a site for a facility; and,
   b. Have publicly announced the intention to construct a facility; and,
   c. Have let contracts for major components of a facility.
2. Any significant alteration, as determined by the board, in the location, construction, maintenance, or operation of a facility whether constructed before or after July 1, 1976,
shall require an application for an amendment to a certificate or a certificate, whichever is appropriate. “Significant alteration” shall include but shall not be limited to a change in the type of fuel used by the major electric generating facility.

3. Any person required to obtain a certificate or an amendment to a certificate shall construct, operate and maintain the facility according to the terms of the certificate and any amendments to the certificate. A certificate shall only be issued pursuant to this subchapter.

4. This subchapter shall not apply to an electric power generating plant, or combination of plants at a single site, with a total capacity of more than twenty-five but less than one hundred megawatts of electricity if the owner or operator prior to January 1, 1990, has met all of the following conditions:
   a. Acquired a site for the facility.
   b. Publicly announced the intention to construct a facility at that site.
   c. Let contracts for major components of the facility.

[C77, 79, 81, §476A.2]
90 Acts, ch 1252, §42; 2001 Acts, 1st Ex, ch 4, §35, 36

476A.3 Application submitted — review.
An application for a certificate or an amendment to a certificate shall be submitted to the board on such forms as the board may prescribe. Copies of the application shall be forwarded to regulatory agencies. Regulatory agencies receiving a copy of the application shall conduct a preliminary review of the contents and shall evaluate the application for completeness and compliance with the regulatory agency’s permit and licensing requirements within a reasonable amount of time.

[C77, 79, 81, §476A.3]
Referred to in §476A.5

476A.4 Hearing scheduled — notice.
1. The proceeding for the issuance of a certificate or an amendment to a certificate shall be treated in the same manner as a contested case pursuant to the provisions of chapter 17A. Upon acceptance of an application by the board, a public hearing shall be scheduled.

2. The board shall serve notice of the proceeding on the following:
   a. Interested agencies, as determined by the board, and regulatory agencies.
   b. County and city zoning authorities from the area in which the proposed site is located.
   c. Owners of record of real property located within one thousand linear feet of the proposed site.

3. Notice of the proceeding in the form provided in section 17A.12, subsection 2, shall be published in a newspaper of general circulation in each county in which the proposed site is located once a week for two consecutive weeks with the second publication being at least twenty days prior to the date of the hearing. The board shall be responsible for publication and delivery of notices required by this section.

4. The board shall conduct the hearing, as described in subsection 1, in the county in which the construction of the greater portion of the facility is being proposed.

5. A proceeding for the issuance of a certificate under section 476A.5 may be consolidated with a contested case proceeding for determination of applicable ratemaking principles under section 476.53.

[C77, 79, 81, §476A.4]
2001 Acts, 1st Ex, ch 4, §13, 36
Referred to in §476A.5

476A.5 Proceeding — role of regulatory agencies and local authorities.
1. The board shall conduct the contested case proceeding. Regulatory agencies which appear on record at the proceeding shall state whether the application meets their permit and licensing requirements. If the application does not meet such requirements, the regulatory agency shall recommend amendments to the application which outline actions necessary to bring the applicant in compliance with the regulatory agency’s permit and licensing requirements. The board shall not issue a certificate for a facility which does not meet the permit and licensing requirements of a regulatory agency.
2. If a regulatory agency which received notice pursuant to section 476A.4 fails to appear of record in the contested case proceeding, the board shall conclusively presume that the facility meets the regulatory agency’s permit and licensing requirements and the regulatory agency shall immediately issue any license or permit required for the construction, operation or maintenance of the facility.

3. City and county zoning authorities designated as parties to the proceeding may appear on record and may state whether the facility meets city, county and airport zoning requirements. The failure of a facility to meet zoning requirements established pursuant to chapters 329, 335 and 414 shall not preclude the board from issuing the certificate and to that extent the provisions of this subsection shall supersede the provisions of chapters 329, 335 and 414.

[C77, 79, 81, §476A.5]
Referred to in §476A.4, 476A.9

476A.6 Decision — criteria.
The board shall render a decision on the application in an expeditious manner. A certificate shall be issued to the applicant if the board finds all of the following:
1. The services and operations resulting from the construction of the facility are consistent with legislative intent as expressed in section 476.53 and the economic development policy of the state as expressed in Title I, subtitle 5, and will not be detrimental to the provision of adequate and reliable electric service.
2. The applicant is willing to construct, maintain, and operate the facility pursuant to the provisions of the certificate and this subchapter.
3. The construction, maintenance, and operation of the facility will be consistent with reasonable land use and environmental policies and consonant with reasonable utilization of air, land, and water resources, considering available technology and the economics of available alternatives.

[C77, 79, 81, §476A.6]
Referred to in §476A.1

476A.7 Issuance of certificate — effect.
1. Issuance of a certificate by the board:
a. Authorizes construction of the facility on the site designated in the certificate according to the terms and conditions stated in the certificate and licenses and permits issued by regulatory agencies during the proceeding; and,
b. Gives the applicant the power of eminent domain to the extent and under such conditions as the board may approve, prescribe and find necessary for the public convenience, use and necessity, proceeding in the manner of works of internal improvement under chapter 6B. The burden of proving the necessity for the exercise of the power of eminent domain shall be on the person issued the certificate.
2. A certificate may be transferred, subject to the approval of the board, to a person who agrees to comply with the terms of the certificate including any amendments to the certificate. Certificates shall be transferable by operation of law to any receiver, trustee or similar assignee under a mortgage, deed of trust or similar instrument.
3. Pursuant to the provisions of section 476.53, a rate-regulated public utility shall have the option of withdrawing its application for issuance of a certificate at any time prior to the issuance of the certificate, or after the certificate has been issued.

[C77, 79, 81, §476A.7]
2001 Acts, 1st Ex, ch 4, §15, 36

476A.8 Further approvals prohibited — exception.
Upon issuance of a certificate, notwithstanding any provision of law except statutory requirements relating to the protection of employees engaged in the construction of the facility, a regulatory agency, city or county shall not require any further approval, permit or license for the construction of the facility.

[C77, 79, 81, §476A.8]
§476A.9 Advance site preparation.
Subsequent to the hearing held pursuant to section 476A.5 and in the event of extensive delay in the issuance of a certificate, the board may permit an applicant having an application docketed for hearing to begin work to prepare the site for construction of the facility. Any activities conducted pursuant to this section shall have no probative value in the board’s decision concerning the actual issuance of a certificate.
[C77, 79, 81, §476A.9]
Referred to in §476A.2

§476A.10 Costs of proceeding.
The applicant for a certificate, or an amendment to certificate, shall pay all the costs and expenses incurred by the division in reaching a decision on the application including the costs of examinations of the site, the hearing, publishing of notice, division staff salaries, the cost of consultants employed by the division, and other expenses reasonably attributable to the proceeding.
[C77, 79, 81, §476A.10]

Notwithstanding the provisions of chapter 17A:
1. Any proceeding or oral presentation held on an application for a certificate or an amendment to a certificate shall be held in lieu of any other proceeding or oral presentation required for a license or permit necessary for the construction, maintenance or operation of a facility.
2. The decision of the board shall be considered a single agency action. The agency action shall be subject to judicial review in the manner provided in chapter 17A.
3. Only parties to the proceeding before the board may seek judicial review of the final order of the board.
[C77, 79, 81, §476A.11]

§476A.12 Rules.
The board shall adopt rules pursuant to chapter 17A necessary to implement the provisions of this subchapter including but not limited to the promulgation of facility siting criteria, the form for an application for a certificate and an amendment to a certificate, the description of information to be furnished by the applicant, the determination of what constitutes a significant alteration to a facility, and the establishment of minimum guidelines for public participation in the proceeding.
[C77, 79, 81, §476A.12]
2001 Acts, 1st Ex, ch 4, §35, 36

§476A.13 Staff assistance — federal preemption.
1. The board may request staff assistance from other federal, state and local agencies, pursuant to chapter 28D, to assist in discharging the responsibilities assigned to the board pursuant to this subchapter. The board may exercise the powers and responsibilities assigned to the board under this subchapter jointly with other governmental agencies pursuant to chapter 28E.
2. This subchapter shall not apply to any facility over which an agency of the federal government has exclusive jurisdiction. When concurrent jurisdiction exists with certain powers reserved to the state, the state shall exercise those powers with respect to facilities operating within this state to the full extent permitted by the Constitution and the laws of the United States.
[C77, 79, 81, §476A.13]
2001 Acts, 1st Ex, ch 4, §35, 36

§476A.14 Penalties.
1. Any person who commences to construct a facility as provided in this subchapter without having first obtained a certificate, or who constructs, operates, or maintains any
facility other than in compliance with a certificate issued by the board or a certificate amended pursuant to this subchapter, or who causes any of these acts to occur, shall be liable for a civil penalty of not more than ten thousand dollars for each violation or for each day of continuing violation. Civil penalties collected pursuant to this subsection shall be forwarded by the clerk of court to the treasurer of state for deposit in the department of commerce revolving fund created in section 546.12.

2. The district court shall have exclusive jurisdiction to grant restraining orders and temporary or permanent injunctive relief as may be necessary to obtain compliance with this subchapter.

3. Persons convicted of violating any provision of this subchapter shall be guilty of a simple misdemeanor.

476B.3 Credit amount.
476B.4 Limitation.
476B.5 Determination of eligibility.
476B.6 Tax credit certificate procedure.
476B.6A Alternative tax credit qualification — pilot project.
476B.7 Transfer of tax credit certificates.
476B.8 Use of tax credit certificates.
476B.9 Registration of tax credit certificates.
476B.10 Rules.

476B.1 Definitions.
For purposes of this chapter, unless the context otherwise requires:
1. “Board” means the utilities board within the utilities division of the department of commerce.
2. “Department” means the department of revenue.
3. “Qualified electricity” means electricity produced from wind at a qualified facility.
4. “Qualified facility” means an electrical production facility that meets all of the following:
a. Produces electricity from wind.
b. Is located in Iowa.
c. Was originally placed in service on or after July 1, 2005, but before July 1, 2012.
d. (1) For applications filed on or after March 1, 2008, consists of one or more wind turbines connected to a common gathering line which have a combined nameplate capacity of no less than two megawatts and no more than thirty megawatts.

(2) For applications filed on or after July 1, 2009, by a private college or university, community college, institution under the control of the state board of regents, public or accredited nonpublic elementary and secondary school, or public hospital, for the applicant’s own use of electricity, consists of wind turbines with a combined nameplate capacity of three-fourths of a megawatt or greater. For the purposes of this subparagraph, “public hospital” means a hospital licensed pursuant to chapter 135B and governed pursuant to chapter 145A, 226, 347, 347A, or 392.

Referred to in §476B.6A

476B.2 General rule.
The owner of a qualified facility shall, for each kilowatt-hour of qualified electricity that the owner sells or uses for on-site consumption during the ten-year period beginning on the date the qualified facility was originally placed in service, be allowed a wind energy production tax credit to the extent provided in this chapter against the tax imposed in chapter 422, divisions II, III, and V, and chapter 432, and may claim a refund of tax imposed by chapter 423 or 437A for any tax year within the time period set forth in section 423.47 or 437A.14.

476B.3 Credit amount.
The wind energy production tax credit allowed under this chapter equals the product of one cent multiplied by the number of kilowatt-hours of qualified electricity sold or used for on-site consumption by the owner during the taxable year.

476B.4 Limitation.
The wind energy production tax credit shall not be allowed for any kilowatt-hour of electricity that is sold to a related person. For purposes of this section, persons shall be treated as related to each other if such persons would be treated as a single employer under the regulations prescribed under section 52(b) of the Internal Revenue Code. In the case of a corporation that is a member of an affiliated group of corporations filing a consolidated return, such corporation shall be treated as selling electricity to an unrelated person if such electricity is sold to such a person by another member of such group.

476B.5 Determination of eligibility.
1. An owner may apply to the board for a written determination regarding whether a facility is a qualified facility by submitting to the board a written application containing all of the following:
   a. Information regarding the ownership of the facility including the percentage of equity interest held by each owner.
   b. The nameplate generating capacity of the facility.
   c. Information regarding the facility’s initial placement in service.
   d. Information regarding the type of facility.
   e. Except when electricity is used for on-site consumption, a copy of an executed power purchase agreement or other agreement to purchase electricity upon completion of the project. An executed interconnection agreement or transmission service agreement shall be accepted by the board under this paragraph if the owner of the facility has agreed to sell electricity from the facility directly or indirectly to a wholesale power pool market.
   f. Any other information the board may require.
2. The board shall review the application and supporting information and shall make a preliminary determination regarding whether the facility is a qualified facility. The board
shall notify the applicant of the approval or denial of the application within thirty days of receipt of the application and information required. If the board fails to notify the applicant of the approval or denial within thirty days, the application shall be deemed denied. An applicant who receives a determination denying an application may file an appeal with the board within thirty days from the date of the denial pursuant to the provisions of chapter 17A. In the absence of a timely appeal, the preliminary determination shall be final. If the application is incomplete, the board may grant an extension of time for the provision of additional information.

3. A facility that is not operational within eighteen months after issuance of an approval for the facility by the board shall cease to be a qualified facility. However, a facility that is approved as qualified under this section but is not operational within eighteen months due to the unavailability of necessary equipment shall be granted an additional twelve months to become operational. A facility that is granted and thereafter loses approval may reapply to the board for a new determination.

4. The maximum amount of nameplate generating capacity of all qualified facilities the board may find eligible under this chapter shall not exceed fifty megawatts of nameplate generating capacity.

5. An owner shall not be an owner of more than two qualified facilities.

476B.6 Tax credit certificate procedure.

1. a. If a city or a county in which a qualified facility is located has enacted an ordinance under section 427B.26 and an owner has filed for and received special valuation pursuant to that ordinance, the owner is not required to obtain approval from the city council or county board of supervisors to apply for the wind energy production tax credit pursuant to subsection 2.

b. (1) If neither a city nor a county in which a qualified facility is located has enacted an ordinance under section 427B.26, or a qualified facility is not eligible for special valuation pursuant to an ordinance adopted by a city or a county under section 427B.26, the owner must receive approval of the applicable city council or county board of supervisors of the city or county in which the qualified facility is located in order to be eligible to receive the wind energy production tax credit. The application for approval may be submitted prior to commencement of the construction of the qualified facility but shall be submitted no later than the close of the owner’s first taxable year for which the credit is to be applied for. The application must contain the owner’s name and address, the address of the qualified facility, and the dates of the owner’s first and last taxable years for which the credit will be applied for. Within forty-five days of the receipt of the application for approval, the city council or county board of supervisors, as applicable, shall either approve or disapprove the application. After the forty-five-day time period has expired, the application is deemed to be approved.

(2) Upon approval of an application submitted pursuant to subparagraph (1), the owner may apply for the tax credit as provided in subsection 2. In addition, approval of the application submitted pursuant to subparagraph (1) is acceptance by the applicant for the assessment of the qualified facility for property tax purposes for a period of twelve years and approval by the city council or county board of supervisors, as applicable, for the payment of the property taxes levied on the qualified property to the state. For purposes of property taxation, the qualified facility receiving approval of an application submitted pursuant to subparagraph (1) shall be centrally assessed and shall be exempt from any replacement tax under section 437A.6 for the period during which the facility is subject to property taxation. The property taxes to be paid to the state are those property taxes which make up the consolidated tax levied on the qualified facility and which are due and payable in the twelve-year period beginning with the first fiscal year beginning on or after the end of the owner’s first taxable year for which the credit is applied for. Upon approval of the application, the city council or county board of supervisors, as applicable, shall notify the county treasurer to designate on the tax statement which lists the taxes on the qualified facility the amount of the property taxes to be paid to the department. Payment of the
designated property taxes to the department shall be in the same manner as required for
the payment of regular property taxes and failure to pay designated property taxes to the
department shall be treated the same as failure to pay property taxes to the county treasurer.

c. Once the owner of the qualified facility receives approval under paragraph “b”,
subsequent approval under paragraph “b” is not required for the same qualified facility for
subsequent taxable years.

2. An owner of a qualified facility may apply to the board for the wind energy production
tax credit by submitting to the board all of the following:
   a. A completed application in a form prescribed by the board.
   b. A copy of the determination granting approval of the facility as a qualified facility by
      the board.
   c. A copy of a signed power purchase agreement or other agreement to purchase
electricity.
   d. Sufficient documentation that the electricity has been generated by the qualified facility
      and sold to a purchaser.
   e. For a facility in which electricity is used for on-site consumption, the requirements of
      paragraphs “c” and “d” shall not be applicable. For such facilities, the owner must submit a
      certification under penalty of perjury that the claimed amount of electricity was generated by
      the qualified facility and consumed by the owner.
   f. Any other information the board deems necessary.

3. The board shall notify the department of the amount of kilowatt-hours generated and
   purchased from a qualified facility or generated and used on-site by a qualified facility. The
   department shall calculate the amount of the tax credit for which the applicant is eligible
   and shall issue the tax credit certificate for that amount or notify the applicant in writing
   of its refusal to do so. An applicant whose application is denied may file an appeal with the
   department within sixty days from the date of the denial pursuant to the provisions of chapter
   17A.

4. Each tax credit certificate shall contain the owner’s name, address, and tax
   identification number, the amount of tax credits, the first taxable year the certificate may be
   used, the type of tax to which the tax credits shall be applied, and any other information
   required by the department. The tax credit certificate shall only list one type of tax to which
   the amount of the tax credit may be applied. Once issued by the department, the tax credit
   certificate shall not be terminated or rescinded.

5. A tax credit certificate may be filed pursuant to any of the following, to the extent
   applicable:
      a. If the tax credit application is filed by a partnership, limited liability company, S
         corporation, estate, trust, or other reporting entity all of the income of which is taxed directly
         to its equity holders or beneficiaries, for the taxes imposed under chapter 422, division II
         or III, the tax credit certificate shall be issued directly to equity holders or beneficiaries
         of the applicant in proportion to their pro rata share of the income of such entity. The
         applicant shall, in the application made under this section, identify its equity holders or
         beneficiaries, and the percentage of such entity’s income that is allocable to each equity
         holder or beneficiary.
      b. If the tax credit applicant under this section is eligible to receive renewable electricity
         production credits authorized under section 45 of the Internal Revenue Code, as amended,
         and the tax credit applicant is a partnership, limited liability company, S corporation, estate,
         trust, or other reporting entity all of the income of which is taxed directly to its equity
         holders or beneficiaries, for the taxes imposed under chapter 422, division II or III, the tax
         credit certificate may be issued to a partner if the business is a partnership, a shareholder if
         the business is an S corporation, or a member if the business is a limited liability company
         in the amounts designated by the eligible partnership, S corporation, or limited liability
         company. In absence of such designation, the credits under this section shall flow through
         to the partners, shareholders, or members in accordance with their pro rata share of the
         income of the entity. The applicant shall, in the application made under this section, identify
         the holders or beneficiaries that are to receive the tax credit certificates and the percentage
         of the tax credit that is allocable to each holder or beneficiary.
c. If an applicant under this section is eligible to receive renewable electricity production credits authorized under section 45 of the Internal Revenue Code, as amended, and the tax credit applicant is a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, division II or III, the tax credit certificates and all future rights to the tax credit in this section may be distributed to an equity holder or beneficiary as a liquidating distribution or portion thereof, of a holder or beneficiary's interest in the applicant entity. The applicant shall, in the application made under this section, designate the percentage of the tax credit allocable to the liquidating equity holder or beneficiary that is to receive the current and future tax credit certificates under this section.

d. If the tax credit application is filed by a partnership, limited liability company, S corporation, estate, trust, or other reporting entity, all of the income of which is taxed directly to its equity holders or beneficiaries for the taxes imposed under chapter 422, division V, or under chapter 423, 432, or 437A, the tax credit certificate shall be issued directly to the partnership, limited liability company, S corporation, estate, trust, or other reporting entity.

6. The department shall not issue a tax credit certificate if the facility approved by the board as a qualified facility is not operational within eighteen months after the approval is issued.

7. Once a tax credit certificate is issued pursuant to this section, the tax credit may only be claimed against the type of tax reflected on the certificate.

8. A tax credit certificate shall not be used or included with a return filed for a taxable year beginning prior to July 1, 2006.

Referred to in §476B.7

476B.6A Alternative tax credit qualification — pilot project.

Notwithstanding any other provision of this chapter to the contrary, the board shall establish a pilot project which will allow for a wind energy production tax credit of one and one-half cents multiplied by the number of kilowatt-hours of qualified electricity sold or used for on-site consumption by up to two qualified facilities selected for participation in the project. To be eligible for the project, a qualified facility shall meet all eligibility requirements otherwise applicable pursuant to this chapter, and in addition shall be located in a county in this state with a population of between forty-four thousand one hundred fifty and forty-four thousand five hundred based on the 2006 census, and with a combined nameplate generating capacity of at least one megawatt per applicant. For purposes of the pilot project, the two megawatt minimum requirement for qualification pursuant to section 476B.1, subsection 4, paragraph “d”, shall not be applicable. The board shall reduce the remaining credits available under this chapter by a dollar amount equal to the amount of credits awarded pursuant to the project.

2009 Acts, ch 179, §143

476B.7 Transfer of tax credit certificates.

1. Wind energy production tax credit certificates issued under this chapter may be transferred to any person or entity. Within thirty days of transfer, the transferee must submit the transferred tax credit certificate to the department along with a statement containing the transferee’s name, tax identification number, and address, and the denomination that each replacement tax credit certificate is to carry and any other information required by the department. Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the department shall issue one or more replacement tax credit certificates to the transferee. Each replacement certificate must contain the information required under section 476B.6 and must have the same effective taxable year and the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule of the board shall not be
transferable. A tax credit shall not be claimed by a transferee under this chapter until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. A replacement tax credit certificate may reflect a different type of tax than the type of tax noted on the original tax credit certificate.

2. The tax credit shall be freely transferable. The transferee may use the amount of the tax credit transferred against the taxes imposed under chapter 422, divisions II, III, and V, and chapter 432 for any tax year the original transferor could have claimed the tax credit. The transferee may claim a refund under chapter 423 or 437A for any tax year within the time period set forth in section 423.47 or 437A.14 for which the original transferor could have claimed a refund. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V.

476B.8 Use of tax credit certificates.

To claim a wind energy production tax credit under this chapter, a taxpayer must include one or more tax credit certificates with the taxpayer’s tax return, or if used against taxes imposed under chapter 423, the taxpayer shall comply with section 423.4, subsection 4, or if used against taxes imposed under chapter 437A, the taxpayer shall comply with section 437A.17B. A tax credit certificate shall not be used or included with a return filed for a taxable year beginning prior to July 1, 2006. The tax credit certificate or certificates included with the taxpayer’s tax return shall be issued in the taxpayer’s name, expire on or after the last day of the taxable year for which the taxpayer is claiming the tax credit, and show a tax credit amount equal to or greater than the tax credit claimed on the taxpayer’s tax return. Any tax credit in excess of the taxpayer’s tax liability for the taxable year may be credited to the taxpayer’s tax liability for the following seven taxable years or until depleted, whichever is the earlier. If the tax credit is applied against the taxes imposed under chapter 423 or 437A, any credit in excess of the taxpayer’s tax liability is carried over and can be filed with the refund claim for the following seven tax years or until depleted, whichever is earlier. However, the certificate shall not be used to reduce tax liability for a tax period ending after the expiration date of the certificate.

476B.9 Registration of tax credit certificates.

The department shall develop a system for the registration of the wind energy production tax credit certificates issued or transferred under this chapter and a system that permits verification that any tax credit claimed on a tax return is valid and that transfers of the tax credit certificates are made in accordance with the requirements of this chapter. The tax credit certificates issued under this chapter shall not be classified as a security pursuant to chapter 502.

476B.10 Rules.

The department and the board may adopt rules pursuant to chapter 17A for the administration and enforcement of this chapter.

2005 Acts, ch 179, §171
CHAPTER 476C

RENEWABLE ENERGY TAX CREDIT

Referred to in §2.48, 422.11J, 422.11L, 422.33, 422.60, 423.4, 432.12E, 437A.17B, 476.48

476C.1 Definitions.
For purposes of this chapter, unless the context otherwise requires:

1. “Anaerobic digester system” means a system of components that processes plant or animal materials based on the absence of oxygen and produces methane or other biogas used to generate electricity, hydrogen fuel, or heat for a commercial purpose.

2. “Biogas recovery facility” means an anaerobic digester system that is located in this state.

3. “Biomass conversion facility” means a facility in this state that converts plant-derived organic matter including, but not limited to, agricultural food and feed crops, crop wastes and residues, wood wastes and residues, or aquatic plants to generate electricity, hydrogen fuel, or heat for a commercial purpose.

4. “Board” means the utilities board within the utilities division of the department of commerce.

5. “Department” means the department of revenue.

6. “Eligible renewable energy facility” means a wind energy conversion facility, a biogas recovery facility, a biomass conversion facility, a methane gas recovery facility, a solar energy conversion facility, or a refuse conversion facility that meets all of the following requirements:

   a. Is located in this state.
   b. Is at least fifty-one percent owned by one or more of any combination of the following:
      (1) A resident of this state.
      (2) Any of the following as defined in section 9H.1:
         (a) An authorized farm corporation.
         (b) An authorized limited liability company.
         (c) An authorized trust.
         (d) A family farm corporation.
         (e) A family farm limited liability company.
         (f) A family trust.
         (g) A revocable trust.
         (h) A testamentary trust.
      (3) A small business as defined in section 15.102.
      (4) An electric cooperative association organized pursuant to chapter 499 that sells electricity to end users located in this state, a municipally owned city utility as defined in section 362.2, or a public utility subject to rate regulation pursuant to chapter 476.
      (5) An electric cooperative association that has one or more members organized pursuant to chapter 499.
      (6) A cooperative corporation organized pursuant to chapter 497 or a limited liability company organized pursuant to chapter 489 whose shares and membership are held by an entity that is not prohibited from owning agricultural land under chapter 9H.
      (7) A school district located in this state.
   c. Has at least one owner that meets the requirements of paragraph “b” for each two and one-half megawatts of nameplate generating capacity or the energy production capacity equivalent for hydrogen fuel or heat for a commercial purpose of the otherwise eligible renewable energy facility.
   d. Was initially placed into service on or after July 1, 2005, and before January 1, 2018.
   e. For applications filed on or after July 1, 2011, is a facility of not less than three-fourths
§476C.1, RENEWABLE ENERGY TAX CREDIT

megawatts of nameplate generating capacity or the energy production capacity equivalent if all or a portion of the renewable energy produced is for on-site consumption by the producer.

f. For applications filed on or after July 1, 2011, except for wind energy conversion facilities, is a facility of no greater than sixty megawatts of nameplate generating capacity or the energy production capacity equivalent.

7. “Energy production capacity equivalent” means the amount of energy in a standard cubic foot of hydrogen gas or the number of British thermal units that are equal to the energy in a kilowatt-hour of electricity. For the purposes of this chapter, one kilowatt-hour shall be deemed equivalent to three thousand three hundred thirty-three British thermal units of heat or ten and forty-five one hundredths of standard cubic feet of hydrogen gas.

8. “Heat for a commercial purpose” means the heat in British thermal unit equivalents from refuse-derived fuel, methane, or other biogas produced in this state either for commercial use by a producer for on-site consumption or sold to a purchaser of renewable energy for use for a commercial purpose in this state or for use by an institution in this state.

9. “Hydrogen fuel” means hydrogen produced in this state from a renewable source that is used in a fuel cell or hydrogen-powered internal combustion engine.

10. “Methane gas recovery facility” means a facility in this state which is used in connection with a sanitary landfill or which uses wastes that would otherwise be deposited in a sanitary landfill, that collects methane gas or other gases and converts the gas into energy to generate electricity, hydrogen fuel, or heat for a commercial purpose.

11. “Producer of renewable energy” means a person who owns an eligible renewable energy facility.

12. “Purchaser of renewable energy” means a person who buys electric energy, hydrogen fuel, methane gas or other biogas used to generate electricity, or heat for a commercial purpose from an eligible renewable energy facility.

13. “Refuse conversion facility” means a facility in this state that converts solid waste into fuel that can be burned to generate heat for a commercial purpose in this state.

14. “Solar energy conversion facility” means a solar energy facility in this state that collects and converts incident solar radiation into energy to generate electricity.

15. “Wind energy conversion facility” means a wind energy conversion system in this state that collects and converts wind into energy to generate electricity.

Referred to in §476C.3

2015 amendment to subsection 6, paragraph b, subparagraph (4), takes effect June 26, 2015, and applies retroactively to January 1, 2015, for tax years beginning on or after that date; 2015 Acts, ch 124, §9, 10

2016 amendment to subsection 6, paragraph d, takes effect May 27, 2016, and applies retroactively to January 1, 2016, for tax years beginning on or after that date; 2016 Acts, ch 1128, §16, 21

476C.2 Tax credit amount — limitations.

1. A producer or purchaser of renewable energy may receive renewable energy tax credits under this chapter in an amount equal to one and one-half cents per kilowatt-hour of electricity, or four dollars and fifty cents per million British thermal units of heat for a commercial purpose, or four dollars and fifty cents per million British thermal units of methane gas or other biogas used to generate electricity, or one dollar and forty-four cents per one thousand standard cubic feet of hydrogen fuel generated by and purchased from an eligible renewable energy facility or used for on-site consumption by the producer.

2. The renewable energy tax credit shall not be allowed for any kilowatt-hour of electricity, British thermal unit of heat for a commercial purpose, British thermal unit of methane gas or other biogas used to generate electricity, or standard cubic foot of hydrogen fuel that is purchased from an eligible renewable energy facility by a related person. For purposes of this subsection, persons shall be treated as related to each other if either person owns an eighty percent or more equity interest in the other person.

3. A taxpayer who is eligible to claim a renewable energy tax credit under this chapter shall not be eligible to claim a solar energy system tax credit under section 422.11L or 422.33.

476C.3 Determination of eligibility.
1. A producer or purchaser of renewable energy may apply to the board for a written determination regarding whether a facility is an eligible renewable energy facility by submitting to the board a written application containing all of the following:
   a. Information regarding the ownership of the facility including the percentage of equity interest held by each owner.
   b. The nameplate generating capacity of the facility or energy production capacity equivalent.
   c. Information regarding the facility’s initial placement in service.
   d. Information regarding the type of facility and what type of renewable energy the facility will produce.
   e. Except when the renewable energy is produced for on-site consumption by the producer, a copy of the power purchase agreement or other agreement to purchase electricity, hydrogen fuel, methane or other biogas, or heat for a commercial purpose which shall designate either the producer or purchaser of renewable energy as eligible to apply for the renewable energy tax credit.
   f. Any other information the board may require.
2. The board shall review the application and supporting information and shall make a preliminary determination regarding whether the facility is an eligible renewable energy facility. The board shall notify the applicant of the approval or denial of the application within thirty days of receipt of the application and information required. If the board fails to notify the applicant of the approval or denial within thirty days, the application shall be deemed denied unless the application is placed on a waiting list as described in subsection 6. An applicant who receives a determination denying an application may file an appeal with the board within thirty days from the date of the denial pursuant to the provisions of chapter 17A. In the absence of a timely appeal, the preliminary determination shall be final.
   If the application is incomplete, the board may grant an extension of time for the provision of additional information.
3. a. A facility that is not operational within thirty months after issuance of an approval for the facility by the board shall cease to be an eligible renewable energy facility. However, a wind energy conversion facility that is approved as eligible under this section but is not operational within eighteen months due to the unavailability of necessary equipment shall be granted an additional twenty-four months to become operational.
   b. A facility which notifies the board prior to the expiration of the time periods specified in paragraph “a” that the facility intends to become operational and wishes to preserve its eligibility shall be granted a twelve-month extension. An extension may be renewed for succeeding twelve-month periods if the board is notified prior to the expiration of the extension of the continued intention to become operational during the succeeding period of extension.
   c. If the owner of a facility discontinues efforts to achieve operational status, the owner shall notify the board. Upon receipt of such notification, the board shall no longer consider the facility as an eligible renewable energy facility under this chapter.
   d. A facility that is granted and thereafter loses approval may reapply to the board for a new determination.
4. a. The maximum amount of nameplate generating capacity of all wind energy conversion facilities the board may find eligible under this chapter shall not exceed three hundred sixty-three megawatts of nameplate generating capacity.
   b. The maximum amount of energy production capacity equivalent of all other facilities the board may find eligible under this chapter shall not exceed a combined output of sixty-three megawatts of nameplate generating capacity and, annually, one hundred sixty-seven billion British thermal units of heat for a commercial purpose.
   (1) Of the maximum amount of energy production capacity equivalent of all other facilities found eligible under this chapter, no more than ten megawatts of nameplate generating capacity or energy production capacity equivalent shall be allocated to any one facility.
   (2) Of the maximum amount of energy production capacity equivalent of all other
facilities found eligible under this chapter, fifty-five billion British thermal units of heat for a commercial purpose shall be reserved annually for an eligible facility that is a refuse conversion facility for processed, engineered fuel from a multicounty solid waste management planning area. The maximum amount of energy production capacity the board may find eligible for a single refuse conversion facility is, annually, fifty-five billion British thermal units of heat for a commercial purpose.

(3) (a) Of the maximum amount of energy production capacity equivalent of all other facilities found eligible under this chapter, ten megawatts of nameplate generating capacity or energy production equivalent shall be reserved for solar energy conversion facilities that meet all of the following requirements:

(i) The facility has a generating capacity of one and one-half megawatts or less.

(ii) The facility is owned, in whole or in part, directly or indirectly, or is contracted for, by utilities described in section 476C.1, subsection 6, paragraph “b”, subparagraphs (4) and (5).

(iii) The facility is located in this state.

(iv) The facility meets the requirements of section 476C.1, subsection 6, paragraphs “d” through “f”.

(b) A solar energy conversion facility that meets the requirements of and is found eligible under subparagraph division (a) shall be considered an “eligible renewable energy facility” for purposes of this chapter, notwithstanding any contrary provisions of section 476C.1, subsection 6.

5. a. Notwithstanding the definition of “eligible renewable energy facility” in section 476C.1, subsection 6, unnumbered paragraph 1, of the maximum amount of energy production capacity equivalent of all other facilities found eligible pursuant to subsection 4, paragraph “b”, an amount equivalent to ten megawatts of nameplate generating capacity shall be reserved for natural gas, methane and landfill gas, or biogas cogeneration facilities incorporated within or associated with an ethanol plant to assist the ethanol plant in meeting a low carbon fuel standard. Thermal heat generated by the cogeneration facility and used for a commercial purpose may be counted toward satisfying the ten megawatt reservation requirement.

b. A facility that has been granted eligibility pursuant to paragraph “a” for a natural gas cogeneration facility incorporated within or associated with an ethanol plant prior to July 1, 2014, shall not be required to submit a new application if the facility constructs or utilizes methane and landfill gas or biogas cogeneration facilities on or after that date and does not make any other significant changes to the facility or to its status as an eligible facility under paragraph “a”.

6. The board shall maintain a waiting list of facilities that may have been found eligible under this section but for the maximum capacity restrictions of subsection 4. The priority of the waiting list shall be maintained in the order the applications were received by the board. The board shall remove from the waiting list any facility that has subsequently been found ineligible under this chapter. If additional capacity becomes available within the capacity restrictions of subsection 4, the board shall grant approval to facilities according to the priority of the waiting list before granting approval to new applications. An owner of a facility on the waiting list shall provide the board each year by August 31 with a sworn statement of verification stating that the information contained in the application for eligibility remains true and correct or stating that the information has changed and providing the new information.

7. a. An owner meeting the requirements of section 476C.1, subsection 6, paragraph “b”, shall not be an owner of more than two eligible renewable energy facilities. A person that has an equity interest equal to or greater than fifty-one percent in an eligible renewable energy facility shall not have an equity interest greater than ten percent in any other eligible renewable energy facility. This paragraph “a” shall not apply to facilities described in subsection 4, paragraph “b”, subparagraph (3).

b. An entity described in section 476C.1, subsection 6, paragraph “b”, subparagraphs (4)
or (5), shall not have an ownership interest in more than four facilities described in subsection 4, paragraph “b”, subparagraph (3).

Referred to in §476C.4

2015 amendment to subsection 4, paragraph b, takes effect June 26, 2015, and applies retroactively to January 1, 2015, for tax years beginning on or after that date; 2015 Acts, ch 124, §9, 10

2015 amendment to subsection 4, paragraph b, subparagraphs (1) and (2), takes effect June 26, 2015, and applies retroactively to January 1, 2014, for tax years beginning on or after that date; 2015 Acts, ch 124, §9, 10

2016 amendments to subsection 4, paragraph b, subparagraphs (3) and (4), and subsection 7 take effect May 27, 2016, and apply retroactively to January 1, 2015, for tax years beginning on or after that date, and apply retroactively to applications for the renewable energy tax credit made on or after June 26, 2015; 2016 Acts, ch 1128, §16, 22, 23

476C.4 Tax credit certificate procedure.

1. A producer or purchaser of renewable energy may apply to the board for the renewable energy tax credit by submitting to the board all of the following:
   a. A completed application in a form prescribed by the board.
   b. A copy of the determination granting approval of the facility as an eligible renewable energy facility by the board.
   c. A copy of a signed power purchase agreement or other agreement to purchase electricity, hydrogen fuel, methane or other biogas, or heat for a commercial purpose from an eligible renewable energy facility which shall designate either the producer or purchaser of renewable energy as eligible to apply for the renewable energy tax credit.
   d. Sufficient documentation that the electricity, heat for a commercial purpose, methane gas or other biogas, or hydrogen fuel has been generated by the eligible renewable energy facility and sold to the purchaser of renewable energy.
   e. To the extent the produced electricity, hydrogen fuel, methane or other biogas, or heat for a commercial purpose is used for on-site consumption, the requirements of paragraphs “c” and “d” shall not be applicable. For such renewable energy production, the owner must submit a certification under penalty of perjury that the claimed amount of electricity, hydrogen fuel, methane or other biogas, or heat for a commercial purpose was produced by the eligible facility and consumed by the owner.
   f. Any other information the board deems necessary.

2. The board shall notify the department of the amount of kilowatt-hours, British thermal units of heat for a commercial purpose, British thermal units of methane gas or other biogas used to generate electricity, or standard cubic feet of hydrogen fuel generated and purchased from an eligible renewable energy facility or generated and used by the producer for on-site consumption. The department shall calculate the amount of the tax credit for which the applicant is eligible and shall issue the tax credit certificate for that amount or notify the applicant in writing of its refusal to do so. An applicant whose application is denied may file an appeal with the department within sixty days from the date of the denial pursuant to the provisions of chapter 17A.

3. Each tax credit certificate shall contain the person’s name, address, and tax identification number, the amount of tax credits, the first taxable year the certificate may be used, the type of tax to which the tax credits shall be applied, and any other information required by the department. The tax credit certificate shall only list one type of tax to which the amount of the tax credit may be applied. Once issued by the department, the tax credit certificate shall not be terminated or rescinded.

4. A tax credit certificate may be filed pursuant to any of the following, to the extent applicable:
   a. If the tax credit application is filed by a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, division II or III, the tax credit certificate shall be issued directly to equity holders or beneficiaries of the applicant in proportion to their pro rata share of the income of such entity. The applicant shall, in the application made under this section, identify its equity holders or
beneficiaries, and the percentage of such entity’s income that is allocable to each equity holder or beneficiary.

b. (1) If the tax credit applicant under this section is eligible to receive renewable electricity production credits authorized under section 45 of the Internal Revenue Code, as amended, and the tax credit applicant is a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, division II or III, the tax credit certificate may be issued to a partner if the business is a partnership, a shareholder if the business is an S corporation, or a member if the business is a limited liability company in the amounts designated by the eligible partnership, S corporation, or limited liability company. In absence of such designation, the credits under this section shall flow through to the partners, shareholders, or members in accordance with their pro rata share of the income of the entity.

(2) The applicant shall, in the application made under this section, identify the equity holders or beneficiaries that are to receive the tax credit certificates and the percentage of the tax credit that is allocable to each equity holder or beneficiary.

c. (1) If an applicant under this section is eligible to receive renewable electricity production credits authorized under section 45 of the Internal Revenue Code, as amended, and the tax credit applicant is a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, division II or III, the tax credit certificates and all future rights to the tax credit in this section may be distributed to an equity holder or beneficiary as a liquidating distribution or portion thereof, of a holder or beneficiary’s interest in the applicant entity.

(2) The applicant shall, in the application made under this section, designate the percentage of the tax credit allocable to the liquidating equity holder or beneficiary that is to receive the current and future tax credit certificates under this section.

d. If the tax credit application is filed by a partnership, limited liability company, S corporation, estate, trust, or other reporting entity, all of the income of which is taxed directly to its equity holders or beneficiaries for the taxes imposed under chapter 422, division V, or under chapter 423, 432, or 437A, the tax credit certificate shall be issued directly to the partnership, limited liability company, S corporation, estate, trust, or other reporting entity.

5. The department shall not issue a tax credit certificate if the facility approved by the board as an eligible renewable energy facility is not operational within eighteen months after the approval is issued, subject to the extension provisions of section 476C.3, subsection 3.

6. The department shall not issue a tax credit certificate to any person who has received a tax credit pursuant to chapter 476B.

7. Once a tax credit certificate is issued pursuant to this section, the tax credit may only be claimed against the type of tax reflected on the certificate.

Referred to in §476C.6

476C.5 Certificate issuance period.

A producer or purchaser of renewable energy shall receive renewable energy tax credit certificates for a ten-year period for each eligible renewable energy facility under this chapter. The ten-year period for issuance of the tax credit certificates begins with the date the purchaser of renewable energy first purchases electricity, hydrogen fuel, methane gas or other biogas used to generate electricity, or heat for commercial purposes from the eligible renewable energy facility for which a tax credit is issued under this chapter, or the date the producer of the renewable energy first uses the energy produced by the eligible renewable energy facility for on-site consumption. Renewable energy tax credit certificates shall not be
476C.6 Transferability and use of tax credit certificates — registration.

1. a. Renewable energy tax credit certificates issued under this chapter may be transferred to any person. A tax credit certificate shall only be transferred once. However, for purposes of this transfer provision, a decision between a producer and purchaser of renewable energy regarding who claims the tax credit issued pursuant to this chapter shall not be considered a transfer and must be set forth in the application for the tax credit pursuant to section 476C.4. Within thirty days of transfer, the transferee must submit the transferred tax credit certificate to the department along with a statement containing the transferee’s name, tax identification number, and address, and the denomination that each new certificate is to carry and any other information required by the department. Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the department shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required under section 476C.4, subsection 3, and must have the same effective taxable year and the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule shall not be transferable. A tax credit shall not be claimed by a transferee under this chapter until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The replacement tax credit certificate may reflect a different type of tax than the type of tax noted on the original tax credit certificate.

b. The transferee may use the amount of the tax credit transferred against taxes imposed under chapter 422, divisions II, III, and V, and chapter 432 for any tax year the original transferor could have claimed the tax credit. The transferee may claim a refund under chapter 423 or 437A for any tax year within the time period set forth in section 423.47 or 437A.14 for which the original transferor could have claimed the refund. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V.

2. To claim a renewable energy tax credit under this chapter, a taxpayer must include one or more tax credit certificates with the taxpayer’s tax return, or if used against taxes imposed under chapter 423, the taxpayer shall comply with section 423.4, subsection 4, or if used against taxes imposed under chapter 437A, the taxpayer shall comply with section 437A.17B. A tax credit certificate shall not be used or included with a return filed for a taxable year beginning prior to July 1, 2006. The tax credit certificate or certificates included with the taxpayer’s tax return shall be issued in the taxpayer’s name, expire on or after the last day of the taxable year for which the taxpayer is claiming the tax credit, and show a tax credit amount equal to or greater than the tax credit claimed on the taxpayer’s tax return. Any tax credit in excess of the taxpayer’s tax liability for the taxable year may be credited to the taxpayer’s tax liability for the following seven tax years or until the credit is depleted, whichever is earlier. If the tax credit is applied against the taxes imposed under chapter 423 or 437A, any credit in excess of the taxpayer’s tax liability is carried over and can be filed with the refund claim for the following seven tax years or until depleted, whichever is earlier. However, the certificate shall not be used to reduce tax liability for a tax period ending after the expiration date of the certificate.

3. The department shall develop a system for the registration of the renewable energy tax credit certificates issued or transferred under this chapter and a system that permits verification that any tax credit claimed on a tax return is valid and that transfers of the tax credit certificates are made in accordance with the requirements of this chapter. The tax

issued for renewable energy purchased or produced for on-site consumption after December 31, 2027.

2015 amendment takes effect June 26, 2015, and applies retroactively to January 1, 2014, for tax years beginning on or after that date; 2016 amendment takes effect May 27, 2016, and applies retroactively to January 1, 2016, for tax years beginning on or after that date; 2016 Acts, ch 1129, §16, 21
credit certificates issued under this chapter shall not be classified as a security pursuant to chapter 502.

476C.7 Rules.
The department and the board may adopt rules pursuant to chapter 17A for the administration and enforcement of this chapter.

RENEWABLE ENERGY TAX CREDIT

CHAPTER 477
TELEGRAPH AND TELEPHONES — CABLE SYSTEMS

SUBCHAPTER I
GENERAL PROVISIONS

477.1 Right-of-way.

Any person, firm, and corporation, within or without the state, may construct a telegraph or telephone line or cable system along the public roads of the state, or across or under the rivers or over, under, or through any lands belonging to the state or any private individual, and may erect or install necessary fixtures. However, construction of a telegraph or telephone line or cable system along a primary road is subject to rules adopted by the state department of transportation.

477.2 Removal of lines and cable systems.

When any road along which the telegraph or telephone line or cable system has been constructed or installed is changed, the person, firm or corporation shall, upon ninety days’ notice in writing, remove the telegraph or telephone lines or cable system to the road as
established. The notice may be served upon any agent or operator in the employ of the person, firm or corporation.

[C73, §1324; C97, §2158; C24, 27, 31, 35, 39, §8301; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.2; C77, 79, 81, §477.2]

477.5 Equal facilities — delay.

If the proprietor of any telegraph or telephone line within the state, or the person having the control and management thereof, refuses to furnish equal facilities to the public and to all connecting lines for the transmission of communications in accordance with the nature of the business which it undertakes to carry on, or to transmit the same with fidelity and without unreasonable delay, the law in relation to limited partnerships, corporations, and to the taking of private property for works of internal improvement, shall no longer apply to them, and property taken for the use thereof without the consent of the owner may be recovered by the owner.

[C51, §783; R60, §1351; C73, §1327; C97, §2161; C24, 27, 31, 35, 39, §8304; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.5; C77, 79, 81, §477.5]
2008 Acts, ch 1032, §63

477.6 Delay — willful error — revealing contents.

Any person employed in transmitting messages by telegraph or telephone must do so with fidelity and without unreasonable delay, and if anyone willfully fails thus to transmit them, or intentionally transmits a message erroneously, or makes known the contents of any message sent or received to any person except the person to whom it is addressed, or such person’s agent or attorney, or willfully and wrongfully takes or receives any telegraph or telephone message, the person is guilty of a simple misdemeanor.

[C51, §784; R60, §1352; C73, §1328; C97, §2162; C24, 27, 31, 35, 39, §8305; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.6; C77, 79, 81, §477.6]

477.7 Mistakes and delays.

The proprietor of a telegraph or telephone line is liable for all mistakes in transmitting or receiving messages made by any person in the proprietor’s employment, or for any unreasonable delay in their transmission or delivery, and for all damages resulting from failure to perform the foregoing or any other duty required by law, the provisions of any contract to the contrary notwithstanding.

[C51, §785; R60, §1353; C73, §1329; C97, §2163; C24, 27, 31, 35, 39, §8306; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.7; C77, 79, 81, §477.7]

§477.8, TELEGRAPH AND TELEPHONES — CABLE SYSTEMS IV-1318

477.8 Negligence presumed.
In any action against any telegraph or telephone company for damages caused by erroneous transmission of a message, or by unreasonable delay in delivery of a message, negligence on the part of the telegraph or telephone company shall be presumed upon proof of erroneous transmission or of unreasonable delay in delivery, and the burden of proof that such error or delay was not due to negligence upon its part shall rest upon such company.
[C97, §2164; C24, 27, 31, 35, 39, §8307; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.8; C77, 79, 81, §477.8]

477.9 Presentation of claim.
No action for the recovery of such damages shall be maintained unless a claim therefor is presented in writing to such company, officer or agent thereof within sixty days from time cause of action accrues.
[C97, §2164; C24, 27, 31, 35, 39, §8308; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.9; C77, 79, 81, §477.9]

477.9A Deregulated services.
1. A telegraph or telephone company whose services are deregulated by the board under section 476.1D may use public notice as a means of conveying terms and conditions to customers where identification of those customers is infeasible or impractical. Public notice may also be used to convey changes in terms and conditions, other than price increases or limitations of liability, to all other customers, but only if those customers were put on notice that this means would be used to convey subsequent changes. Notwithstanding section 477.7, when services are deregulated by the board under section 476.1D, a telegraph or telephone company, in any contract, agreement, or by means of public notice, may reasonably limit its liability under section 477.7 in the course of providing the deregulated communications services to its customers, except for acts of willful misconduct. However, this section does not allow a greater limitation on liability than exists in any contract or approved tariff as of the effective date of the deregulation of the services.
2. A telephone company whose services are subject to regulation by the board with respect to terms and conditions, but not rates, shall give notice of rate changes to customers.

SUBCHAPTER II
RECIProCAL SERVICE

477.10 Definitions.
1. a. “Local exchange”, within the meaning of this subchapter, shall refer to a telephone line or lines or to a telephone switchboard or switchboards operating by virtue of a franchise granted by a city furnishing telephonic communication between two or more members of the public within the same city, village, community, locality or neighborhood, which said line or lines or switchboard or switchboards shall be under the same management and control.
   b. “Local exchange” within the meaning of this subchapter shall not include or refer to privately owned or leased lines or switchboards, operated and used by members of the public other than telephone or telegraph companies as a public utility by which the public is offered telephonic service.
2. “Local exchange company” within the meaning of this subchapter, shall refer to any one or more individuals, firms or corporations operating one or more local exchanges as defined in this section.
3. “Long distance company” within the meaning of this subchapter shall refer to and include one or more persons, firms or corporations operating connecting lines between two or more local exchanges, one or more of which local exchanges are owned by a local telephone company other than such person, firm or corporation, over which line or lines
telephonic communication is had between members of the public connected with said local exchanges.
[C35, §8308-f1; C39, §8308.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.10; C77, 79, 81, §477.10]

Referred to in §423.3, 714A.1

477.11 Facilities to local exchange.
Long distance companies shall furnish equal facilities to any local exchange within the state desiring same, and to that end shall immediately make, or at the option of the long distance company, shall immediately permit to be made under its direction and at reasonably accessible places to be designated by such long distance company, the necessary connections between said local exchange and said long distance company telephone system to effect the furnishing of equal facilities to such local exchange.
[C35, §8308-f2; C39, §8308.2; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.11; C77, 79, 81, §477.11]

477.12 Transmission of messages.
After such connection has been made said long distance company shall transmit communications and messages to, from and through all local exchanges connected with its system when requested, with fidelity and equality and without discrimination or unreasonable delay.
[C35, §8308-f3; C39, §8308.3; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.12; C77, 79, 81, §477.12]

477.13 Facilities to long distance companies.
A connected local exchange company shall accept and furnish telephonic connection for all messages offered over the lines or through the system of any long distance company without discrimination or unreasonable delay, and with equality.
[C35, §8308-f4; C39, §8308.4; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.13; C77, 79, 81, §477.13]

477.14 Violations — effect.
Should any local exchange company or long distance company refuse or fail to furnish the connection or service above required, the law in relation to limited partnerships, corporations, or the taking of private property for works of internal improvement shall no longer apply to them and property taken for the use thereof without the consent of the owner may be recovered by the owner.

477A.1 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Board” means the utilities board within the utilities division of the department of
commerce.
2. “Cable operator” means the same as defined in 47 U.S.C. §522.
4. “Cable system” means the same as defined in 47 U.S.C. §522.
5. “Competitive cable service provider” means a person who provides cable service over
a cable system in an area other than the incumbent cable provider providing service in the
same area.
6. “Competitive video service provider” means a person who provides video service other
than a cable operator.
7. “Franchise” means an initial authorization, or renewal of an authorization, issued by the
board or a municipality, regardless of whether the authorization is designated as a franchise,
permit, license, resolution, contract, certificate, agreement, or otherwise, that authorizes the
construction and operation of a cable system or video service provider’s network in a public
right-of-way.
8. “Franchise fee” means the fee imposed under section 477A.7.
9. a. “Gross revenues” means all consideration of any kind or nature, including but not
limited to cash, credits, property, and in-kind contributions received from subscribers for the
provision of cable service over a cable system by a competitive cable service provider or for
the provision of video service by a competitive video service provider within a municipality’s
jurisdiction. Gross revenues are limited to the following:
   (1) Recurring charges for cable service or video service.
   (2) Event-based charges for cable service or video service, including but not limited to
       pay-per-view and video-on-demand charges.
   (3) Rental of set-top boxes and other cable service or video service equipment.
   (4) Service charges related to the provision of cable service or video service, including but
       not limited to activation, installation, and repair charges.
   (5) Administrative charges related to the provision of cable service or video service,
       including but not limited to service order and service termination charges.
   (6) A pro rata portion of all revenue derived, less refunds, rebates, or discounts, by a
       cable service provider or a video service provider for advertising over the cable service or
       video service network to subscribers within the franchise area where the numerator is the
       number of subscribers within the franchise area, and the denominator is the total number of
       subscribers reached by such advertising. This subparagraph applies only to municipalities
       that include this provision in their franchise agreements as of January 1, 2007.
   b. “Gross revenues” does not include any of the following:
      (1) Revenues not actually received, even if billed, including bad debt.
      (2) Revenues received by any affiliate or any other person in exchange for supplying goods
          or services used by the person providing cable service or video service.
(3) Refunds, rebates, or discounts made to third parties, including subscribers, leased access providers, advertisers, or any municipality or other unit of local government.

(4) Regardless of whether the services are bundled, packaged, or functionally integrated with cable service or video service, any revenues derived by the holder of a certificate of franchise authority from services not classified as cable service or video service, including, without limitation, revenue received from telecommunications services, revenue received from information services, revenue received in connection with home-shopping services, or any other revenues attributed by the competitive cable service provider or competitive video service provider to noncable service or nonvideo service in accordance with the holder’s books and records kept in the regular course of business and any applicable rules, regulations, standards, or orders.

(5) Revenues paid by subscribers to home-shopping programmers directly from the sale of merchandise through any home-shopping channel offered as part of the cable services or video services.

(6) Revenues from the sale of cable services or video services for resale in which the purchaser is required to collect the franchise fee from the purchaser’s customer.

(7) Revenues from any tax of general applicability imposed upon the competitive cable service provider or competitive video service provider or upon subscribers by a city, state, federal, or any other governmental entity and required to be collected by the competitive cable service provider or competitive video service provider and remitted to the taxing entity, including but not limited to sales or use tax, gross receipts tax, excise tax, utility users tax, public service tax, and communication taxes, and including the franchise fee imposed under section 477A.7.

(8) Revenues forgone from the provision of cable services or video services to public institutions, public schools, or governmental entities at no charge.

(9) Revenues forgone from the competitive cable service provider’s or competitive video service provider’s provision of free or reduced-cost video service to any person, including, without limitation, any municipality and other public institutions or other institutions.

(10) Revenues from sales of capital assets or sales of surplus equipment.

(11) Revenues from reimbursements by programmers of marketing costs incurred by the competitive cable service provider or competitive video service provider for the introduction or promotion of new programming.

(12) Directory or internet advertising revenues including but not limited to yellow page, white page, banner advertisement, and electronic publishing.

(13) Copyright fees paid to the United States copyright office.

(14) Late payment charges.

(15) Maintenance charges.

10. “Incumbent cable provider” means the cable operator serving the largest number of cable subscribers in a particular franchise service area on January 1, 2007.

11. “Institutional network” means the system of dedicated fibers, coaxial cables, or wires constructed and maintained by an incumbent cable provider which is reserved and dedicated by the municipality for noncommercial purposes.

12. “Municipality” means a city.

13. “Percentage of gross revenues” means the percentage set by the municipality and identified in a written request made under section 477A.7, subsection 1, which shall be not greater than five percent. However, if the incumbent cable provider is a municipal utility providing telecommunications services under section 388.10, “percentage of gross revenues” means the percentage set by the municipality and identified in a written request made under section 477A.7, subsection 1, which shall not be greater than an equitable apportionment of the services and fees that the municipal utility pays to the municipality, or five percent, whichever is less.

14. “Public right-of-way” means the area on, below, or above a public roadway, highway, street, bridge, cartway, bicycle lane, or public sidewalk in which the municipality has an interest, including other dedicated rights-of-way for travel purposes and utility easements. “Public right-of-way” does not include the airwaves above a public right-of-way with regard
to cellular or other nonwire telecommunications or broadcast services or utility poles owned by a municipality or a municipal utility.

16. “Video service” means video programming services provided through wireline facilities located at least in part in the public right-of-way without regard to delivery technology, including internet protocol technology. “Video service” does not include any video programming provided by a provider of commercial mobile service as defined in 47 U.S.C. §332, or cable service provided by an incumbent cable provider or a competitive cable service provider or any video programming provided solely as part of, and via, a service that enables users to access content, information, electronic mail, or other services offered over the public internet.

477A.2 Certificate of franchise authority requirement.

1. After July 1, 2007, a person providing cable service or video service in this state shall not provide such service without a franchise. The franchise may be issued by either the board pursuant to section 477A.3 or by a municipality pursuant to section 364.2.

2. a. A person providing cable service or video service under a franchise agreement with a municipality prior to July 1, 2007, is not subject to this section with respect to such municipality until the franchise agreement expires or is converted pursuant to subsection 6.

b. Upon expiration of a franchise, a person may choose to renegotiate a franchise agreement with a municipality or may choose to obtain a certificate of franchise authority under this chapter. An application for a certificate of franchise authority pursuant to this subsection may be filed within sixty days prior to the expiration of a municipal franchise agreement. A certificate of franchise authority obtained pursuant to an application filed prior to the expiration of a municipal franchise agreement shall take effect upon the expiration date of the municipal franchise agreement.

c. A municipal utility that provides cable service or video service in this state is not subject to this section and shall not be required to obtain a certificate of franchise authority pursuant to this chapter in the municipality in which the provision of cable service or video service by that municipality was originally approved.

3. For purposes of this section, a person providing cable service or video service is deemed to have executed a franchise agreement to provide cable service or video service with a specific municipality if an affiliate or predecessor of the person providing cable service or video service has or had executed an unexpired franchise agreement with that municipality as of May 29, 2007.

4. A competitive cable service provider or competitive video service provider shall provide at least thirty days’ notice to each municipality with authority to grant a franchise in the service area, and to the incumbent cable provider, in which the competitive cable service provider or competitive video service provider is granted authority to provide service under a certificate of franchise authority that the competitive cable service provider or competitive video service provider will offer cable services or video services within the jurisdiction of the municipality, and shall not provide service without having provided such thirty days’ notice. A copy of the notice shall be filed with the board on the date that the notice is provided. All notices required by this subsection shall be sent by certified mail.

5. As used in this section, “affiliate” includes but is not limited to a person that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with a person receiving, obtaining, or operating under a franchise agreement with a municipality to provide cable service or video service through merger, sale, assignment, restructuring, or any other type of transaction.

6. If a competitive cable service provider or a competitive video service provider applies for a certificate of franchise authority to operate within a municipality, the incumbent cable provider may, at its discretion, apply for a certificate of franchise authority for that same municipality. Such application shall be automatically granted on the same day as a competitive cable service provider or competitive video service provider files a thirty days’ notice of offering service as required pursuant to subsection 4. The franchise agreement
with the municipality is terminated on the date the board issues the certificate of franchise authority to an incumbent cable provider. The terms and conditions of the certificate of franchise authority shall be the same as the terms and conditions of a competitive cable service provider or a competitive video service provider pursuant to this chapter and shall replace the terms and conditions of the franchise agreement previously granted by the municipality.

477A.3 Application requirements — certificate of franchise authority.

1. The board shall issue a certificate of franchise authority under this chapter within thirty calendar days after receipt of a completed application and affidavit submitted by the applicant and signed by an officer or general partner of the applicant, subject to subsection 3. The application and affidavit shall provide all of the following information:
   a. That the applicant has filed or will timely file with the federal communications commission all forms required by the commission in advance of offering cable service or video service in this state.
   b. That the applicant agrees to comply with all applicable federal and state statutes, regulations, and rules.
   c. That the applicant agrees to comply with all applicable state laws and nondiscriminatory municipal ordinances and regulations regarding the use and occupation of a public right-of-way in the delivery of the cable service or video service, to the extent consistent with this chapter, including the police powers of the municipalities in which the service is delivered.
   d. A description of the service area to be served and the municipalities to be served by the applicant which may include certain designations of unincorporated areas. This description shall be updated by the applicant prior to the expansion of cable service or video service to a previously undesignated service area and, upon such expansion, notice shall be given to the board of the service area to be served by the applicant.
   e. The address of the applicant’s principal place of business and the names of the applicant’s principal executive officers.
   f. Documentation that the applicant possesses sufficient managerial, technical, and financial capability to provide the cable service or video service proposed in the service area.
   g. Copies of advertisements or news releases announcing the applicant’s intent to provide cable service or video service in the service area intended for release if the certificate of franchise authority is granted.
   h. A schedule of dates by which the applicant intends to commence operation in each municipality proposed to be served within the service area. This schedule shall be timely updated by the applicant as necessary to maintain accuracy.

2. In addition to the notice requirements in section 477A.2, subsection 4, an applicant shall provide notice to each municipality with authority to grant a franchise in the service area on the date that the application is submitted that the applicant has submitted an application to the board pursuant to subsection 1.

3. a. The board shall not issue a certificate of franchise authority to an applicant unless the board finds that all of the requirements specified in subsection 1 have been met.
   b. The board may take up to an additional sixty calendar days, beyond the thirty-day period for issuance of a certificate of franchise authority specified in subsection 1, if the board determines that additional information will be required to make a determination regarding whether the requirements specified in subsection 1, paragraphs “f” through “h” have been met, and that the determination cannot be made within the thirty-day period.
   c. The board may assess its costs associated with an application or a certificate of franchise authority pursuant to the assessment authority contained in section 476.10, subsection 1, paragraph “a”.

4. The failure of the board to notify the applicant of the completeness of the applicant’s affidavit or issue a certificate of franchise authority before the ninetieth calendar day after
receipt of a completed affidavit shall constitute issuance of the certificate of franchise authority applied for by the applicant without further action by the applicant.

5. The certificate of franchise authority issued by the board shall contain all of the following:
   a. A grant of authority to provide cable service or video service in the service area designated in the application.
   b. A grant of authority to use and occupy the public right-of-way in the delivery of cable service or video service, subject to the laws of this state, including the police powers of the municipalities in which the service is delivered.
   c. A statement that the grant of authority provided by the certificate is subject to the lawful operation of the cable service or video service by the applicant or the applicant’s successor.
   d. A statement that the franchise is for a term of ten years, is renewable under the terms of this section, and is nonexclusive.

6. a. If the holder of a certificate of franchise authority fails to commence operation of a cable system or video service network within twelve months from the date the application is granted, the board may determine that the applicant is not in compliance with the certificate of franchise authority and may revoke the certificate.
   b. If a certificate is revoked pursuant to this subsection, and if the franchise agreement previously in effect between an incumbent cable provider and the municipality would have remained in effect for at least a sixty-day period prior to expiration, the previous franchise agreement shall be reinstated for the remaining duration of the previous agreement. The incumbent cable provider shall comply with the terms of the prior franchise agreement within ninety days of notification by the board. This paragraph is applicable to an incumbent cable provider who has not been issued a certificate of franchise authority pursuant to section 477A.2, subsection 6, as of April 12, 2010.

7. a. In the event that an applicant granted a certificate of franchise authority subsequently ceases to engage in construction or operation of a cable system or video service network and is no longer providing service, the applicant shall notify the municipality, the board, and the incumbent cable provider on the date that construction or service is terminated.
   b. If the franchise agreement previously in effect between an incumbent cable provider and the municipality would have remained in effect for at least a sixty-day period prior to expiration, the previous franchise agreement shall be reinstated for the remaining duration of the previous agreement. The incumbent cable provider shall comply with the terms of the prior franchise agreement within ninety days of notification by the applicant. This paragraph is applicable to an incumbent cable provider who has not been issued a certificate of franchise authority pursuant to section 477A.2, subsection 6, as of April 12, 2010.

8. A certificate of franchise authority issued by the board is fully transferable to any successor of the applicant to which the certificate was initially issued. A notice of transfer shall be filed by the holder of the certificate of franchise authority with the board and the affected municipality and shall be effective fourteen business days after submission. The notice of transfer shall include the address of the successor’s principal place of business and the names of the successor’s principal executive officers. The successor shall assume all regulatory rights and responsibilities of the holder of the certificate. Neither the board nor an affected municipality shall have authority to review or require approval of such transfer.

9. The certificate of franchise authority issued by the board may be terminated by a person providing cable service or video service by submitting written notice to the board and any affected municipality. Neither the board nor an affected municipality shall have authority to review or require approval of such termination.

10. The board shall only have the authorization to issue a certificate of franchise authority as provided in this section, and shall not impose any additional requirements or regulations upon an applicant.

Referred to in §477A.2
477A.4 Applicability to federal law.
To the extent required by applicable law, a certificate of franchise authority issued under this chapter shall constitute a “franchise” for the purposes of 47 U.S.C. §541(b)(1). To the extent required for the purposes of 47 U.S.C. §521 – 561, only the state of Iowa shall constitute the exclusive franchising authority for competitive cable service providers and competitive video service providers in this state.
2007 Acts, ch 201, §5, 15

477A.5 Municipality restrictions.
1. A municipality shall not require a holder of a certificate of franchise authority to do any of the following:
   a. Comply with a mandatory build-out provision.
   b. Obtain a separate franchise.
   c. Pay any additional fees, except as provided in this chapter.
   d. Be subject to any additional franchise requirement by the municipality, except as provided in this chapter.
2. For purposes of this section, a “franchise requirement” includes any provision regulating rates or requiring build-out requirements to deploy any facilities or equipment.
3. Section 364.2 shall not apply to a holder of a certificate of franchise authority issued pursuant to this chapter.
2007 Acts, ch 201, §6, 15

477A.6 Public, educational, and governmental access channels.
1. Not later than one hundred eighty days after a request by a municipality in which a competitive cable service provider or a competitive video service provider is providing cable service or video service, the holder of the certificate of authority for that municipality shall designate a sufficient amount of capacity on the certificate holder’s communications network to allow the provision of a comparable number of public, educational, and governmental channels that the incumbent cable provider in the municipality has activated and provided in the municipality under the terms of a franchise agreement with a municipality prior to July 1, 2007. If no such channels are active, the municipality may request a maximum of three public, educational, and governmental channels for a municipality with a population of at least fifty thousand, and a maximum of two public, educational, and governmental channels for a municipality with a population of less than fifty thousand.
   a. The public, educational, and governmental content to be provided pursuant to this section and the operation of the public, educational, and governmental channels shall be the responsibility of the municipality receiving the benefit of such capacity. The holder of a certificate of franchise authority shall be responsible only for the transmission of such content, subject to technological restraints.
   b. The municipality receiving capacity under this section shall ensure that all transmissions, content, or programming to be transmitted by the holder of the certificate of franchise authority are provided or submitted to the competitive cable service provider or competitive video service provider in a manner or form that is capable of being accepted and transmitted by the competitive cable service provider or competitive video service provider, without requirement for additional alteration or change in the content, over the particular network of the competitive cable service provider or competitive video service provider, which is compatible with the technology or protocol utilized by the competitive cable service provider or competitive video service provider to deliver services. At its election the municipality may reasonably request any cable service provider or video service provider to make any necessary change to the form of any programming, furnished for transmission, which shall be charged to the municipality, not to exceed the provider’s incremental costs. The municipality shall have up to twelve months to reimburse the cable service provider or video service provider. The provision of such transmissions, content, or programming to the competitive cable service provider or competitive video service provider shall constitute authorization for such holder to carry such transmissions, content, or programming, at the holder’s option, beyond the jurisdictional boundaries stipulated in any franchise agreement.
2. Where technically feasible, a competitive cable service provider or competitive video service provider that is a holder of a certificate of franchise authority and an incumbent cable provider shall use reasonable efforts to interconnect the cable or video communications network systems of the certificate holder and incumbent cable provider for the purpose of providing public, educational, and governmental programming. Interconnection may be accomplished by direct cable, microwave link, satellite, or other reasonable method of connection. A holder of a certificate of franchise authority and an incumbent cable provider shall negotiate in good faith and an incumbent cable provider shall not withhold interconnection of public, educational, or governmental channels.

3. A court of competent jurisdiction shall have exclusive jurisdiction to enforce any requirement under this section.

2007 Acts, ch 201, §7, 15

477A.7 Fees — financial support.

a. In any service area in which a competitive cable service provider or a competitive video service provider holding a certificate of franchise authority offers or provides cable service or video service, the competitive cable service provider or competitive video service provider shall calculate and pay a franchise fee to the municipality with authority to grant a certificate of franchise authority in that service area upon the municipality’s written request. If the municipality makes such a request, the franchise fee shall be due and paid to the municipality on a quarterly basis, not later than forty-five days after the close of the quarter, and shall be calculated as a percentage of gross revenues. The municipality shall not demand any additional franchise fees from the competitive cable service provider or competitive video service provider, and shall not demand the use of any other calculation method for the franchise fee.

b. All cable service providers and video service providers shall pay a franchise fee at the same percent of gross revenues as had been assessed on the incumbent cable provider by the municipality as of January 1, 2007, and such percentage shall continue to apply for the period of the remaining term of the existing franchise agreement with the municipality. Upon expiration of the period of the remaining term of the agreement with the incumbent cable service provider, a municipality may request an increase in the franchise fee up to five percent of gross revenues.

c. A provider who is both a competitive cable service provider and a competitive video service provider shall be subject to and only be required to pay one franchise fee to a municipality under this subsection regardless of whether the provider provides both cable service and video service.

d. At the request of a municipality and not more than once per year, an independent auditor may perform reasonable audits of the competitive cable service provider’s or competitive video service provider’s calculation of the franchise fee under this subsection. The municipality shall bear the costs of any audit requested pursuant to this subsection, unless the audit discloses that the competitive cable service provider or competitive video service provider has underpaid franchise fees by more than five percent, in which case the competitive cable service provider or competitive video service provider shall pay all of the reasonable and actual costs of the audit.

e. A competitive cable service provider or competitive video service provider may identify and collect the amount of the franchise fee as a separate line item on the regular bill of each subscriber.

2. If an incumbent cable provider pays any fee to a municipality for public, educational, and governmental access channels, any subsequent holder of a certificate of franchise authority that includes that municipality shall pay this fee at the same rate during the remaining term of the existing franchise agreement with the municipality, even if the incumbent cable provider elects to convert to a certificate of franchise authority pursuant to section 477A.2. All fees collected pursuant to this subsection shall be used only for the support of the public, educational, and governmental access channels.

3. a. If an incumbent cable provider is required by a franchise agreement as of January 1, 2007, to provide institutional network capacity to a municipality for use by the municipality
for noncommercial purposes, the incumbent cable provider and any subsequent holder of a certificate of franchise authority shall provide support only for the existing institutional network on a pro rata basis per customer. Any financial support provided for an institutional network shall be limited to ongoing maintenance and support of the existing institutional network. This subsection shall be applicable only to a cable service provider’s or video service provider’s first certificate of franchise authority issued under this chapter, and shall not apply to any subsequent renewals. For the purposes of this subsection, maintenance and support shall only include the reasonable incremental cost of moves, changes, and restoring connectivity of the fiber or coaxial cable lines up to a demarcation point at the building.

b. For purposes of this subsection, the number of customers of a cable service provider or video service provider shall be determined based on the relative number of subscribers in that municipality at the end of the prior calendar year as reported to the municipality by all incumbent cable providers and holders of a certificate of franchise authority. Any records showing the number of subscribers shall be considered confidential records pursuant to section 22.7. The incumbent cable provider shall provide to the municipality, on an annual basis, the maintenance and support costs of the institutional network, subject to an independent audit. A municipality acting under this subsection shall notify and present a bill to competitive cable service providers or competitive video service providers for the amount of such support on an annual basis, beginning one year after issuance of the certificate of franchise authority. The annual institutional network support shall be due and paid by the providers to the municipality in four quarterly payments, not later than forty-five days after the close of each quarter. The municipality shall reimburse the incumbent cable provider for the amounts received from competitive cable service providers or competitive video service providers.

c. This subsection shall not apply if the incumbent cable service provider is a municipal utility providing telecommunications services under section 388.10.

4. A franchise fee may be assessed or imposed by a municipality without regard to the municipality’s cost of inspecting, supervising, or otherwise regulating the franchise, and the fees collected may be credited to the municipality’s general fund and used for municipal general fund purposes.

5. To the extent that any amount of franchise fees assessed by and paid to a municipality prior to May 29, 2007, pursuant to a franchise agreement between a municipality and any person to erect, maintain, and operate plants and systems for cable television, exceeds the municipality’s reasonable costs of inspecting, supervising, or otherwise regulating the franchise, such amount is deemed and declared to be authorized and legally assessed by and paid to the municipality.

2007 Acts, ch 201, §8, 15
Referred to in §477A.1

477A.8 Customer service standards.

1. The holder of a certificate of franchise authority shall comply with customer service requirements consistent with those contained in 47 C.F.R. §76.309, and shall maintain a local or toll-free telephone number for customer service contact.

2. The holder of a certificate of franchise authority shall implement an informal process for handling inquiries from municipalities and customers concerning billing events, service issues, and other complaints. If an issue is not resolved through this informal process, a municipality may request a confidential nonbinding mediation with the holder of a certificate of franchise authority, with the costs of such mediation to be shared equally between the municipality and the holder of a certificate of franchise authority.

2007 Acts, ch 201, §9, 15

477A.9 Nondiscrimination by municipality.

1. A municipality shall allow the holder of a certificate of franchise authority to install, construct, and maintain a communications network within a public right-of-way and shall provide the holder of a certificate of franchise authority with open, comparable, nondiscriminatory, and competitively neutral access to the public right-of-way.
2. A municipality shall not discriminate against the holder of a certificate of franchise authority in providing access to a municipal building or through a municipal utility pole attachment term.
   2007 Acts, ch 201, §10, 15

477A.10 Provider discrimination prohibited.
1. The purpose of this section is to prevent discrimination among potential residential subscribers.
2. A competitive cable service provider or competitive video service provider holding a certificate of franchise authority shall not deny access to any group of potential residential subscribers because of the income of residents in the local area in which such group resides.
3. a. A video service provider operating under a certificate of franchise authority that is using telecommunication facilities to provide video services and has more than five hundred thousand telecommunication access lines in this state shall extend its system to a potential subscriber, at no cost to the potential subscriber, if all of the following criteria are met:
   (1) The potential subscriber is located within its authorized service area.
   (2) At least two hundred fifty dwelling units are located within two thousand five hundred feet of a remote terminal.
   (3) These dwelling units do not have cable or video service available from another cable service provider or video service provider.
   b. This subsection shall be applicable only after the first date on which the video service provider operating under a certificate of franchise authority is providing cable service or video service to more than fifty percent of all cable and video subscribers receiving cable or video service from the holders of certificates of franchise authority and any other providers of cable or video services operating under franchise agreements with a municipality.
   2007 Acts, ch 201, §11, 15

477A.11 Applicability of other law.
1. This chapter is intended to be consistent with the federal Cable Act, 47 U.S.C. §521 et seq.
2. Except as otherwise stated in this chapter, this chapter shall not be interpreted to prevent a competitive cable service provider, competitive video service provider, municipality, or other provider of cable service or video service from seeking clarification of any rights and obligations under federal law or to exercise any right or authority under federal or state law.
   2007 Acts, ch 201, §12, 15

477A.12 Rules.
The board shall adopt rules necessary to administer this chapter.

CHAPTER 477C
DUAL PARTY RELAY SERVICE

477C.1 Dual party relay service — purpose.
The general assembly finds that the provision of a statewide dual party relay service will further the public interest and protect the health, safety, and welfare of the people of Iowa through an increase in the usefulness and availability of the telephone system. Many persons who are deaf, hard-of-hearing, or have speech impairments are not able to utilize the telephone system without this type of service. Therefore, it is the purpose of this chapter to enable the orderly development, operation, promotion, and funding of a statewide dual party relay service.

91 Acts, ch 194, §1; 93 Acts, ch 75, §6; 96 Acts, ch 1129, §96

477C.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Board” means the utilities board within the department of commerce created in section 474.1.
2. “Communication impairment” means the inability to use the telephone for communication without a telecommunications device for the deaf.
3. “Council” means the dual party relay council established in section 477C.5.
4. “Dual party relay service” or “relay service” means a communication service which provides communication-impaired persons access to the telephone system functionally equivalent to the access available to persons not communication-impaired.
5. “Telecommunications device for the deaf” means any specialized or supplemental telephone equipment used by communication-impaired persons to provide access to the telephone system.

91 Acts, ch 194, §2

477C.3 Dual party relay service.
With the advice of the council, the board shall plan, establish, administer, and promote a statewide program to provide dual party relay service as follows:
1. The board may enter into the necessary contracts and arrangements with private entities to provide for the delivery of relay service.
2. The relay service, to the extent reasonably possible, shall allow persons with communication impairments to use the telephone system in a manner and at a rate equivalent to persons without communication impairments.
3. The relay service may be provided on a stand-alone basis within the state, with other states, or with telephone utilities providing relay service in other states.
4. The board may employ additional personnel, pursuant to section 476.10, to plan, establish, administer, and promote the relay service.

91 Acts, ch 194, §3

477C.4 Telecommunications devices for the deaf.
With the advice of the council, the board may plan, establish, administer, and promote a program to secure, finance, and distribute telecommunications devices for the deaf. The board may establish eligibility criteria for persons to receive telecommunications devices for
§477C.4, DUAL PARTY RELAY SERVICE

the deaf, including, but not limited to, requiring certification that the recipient cannot use the telephone for communication without a telecommunications device for the deaf.

91 Acts, ch 194, §4
Referred to in §8F2, 477C.6

477C.5 Dual party relay council.
1. A dual party relay council is established, consisting of eleven members appointed by the board. The council shall advise the board on all matters concerning relay service and equipment distribution programs.
2. The council shall consist of:
   a. Six consumers who have communication impairments.
   b. Two representatives from telephone companies.
   c. One representative from the office of deaf services of the department of human rights.
   d. One representative from the office of the consumer advocate of the department of justice.
   e. One member of the board or a designee of the board.
3. Council members who are not state or local government officers or employees shall be reimbursed for their necessary and actual expenses incurred in performance of their duties and shall receive a per diem of fifty dollars when the council is meeting, payable from moneys available to the board pursuant to section 477C.7.
91 Acts, ch 194, §5; 94 Acts, ch 1023, §57
Referred to in §477C.2

477C.6 Budget.
The board shall review and approve the proposed annual budget of the relay service program authorized in section 477C.3 and the equipment distribution program authorized in section 477C.4.
91 Acts, ch 194, §6

477C.7 Funding.
1. The board shall impose an assessment to fund the programs described in this chapter upon all wireless carriers and wire-line local exchange carriers providing telecommunications service in the state in the amount of three cents per month for each telecommunications service phone number provided in this state.
2. The entities subject to assessment shall remit the assessed amounts quarterly to a special fund, as defined under section 8.2, subsection 9. The moneys in the fund are appropriated solely to plan, establish, administer, and promote the relay service and equipment distribution programs.
3. The entities subject to assessment shall provide the information requested by the board necessary for implementation of the assessment.
4. Wire-line local exchange carriers shall not recover from intrastate access charges any portion of such assessment imposed under this section.

ELECTRIC TRANSMISSION LINES

Referred to in §6B.2A, 6B.42, 306A.3, 318.9, 437A.7, 474.1, 474.9, 476.1A, 476A.1, 546.7, 716.7

478.1 Franchise.

1. A person shall not construct, erect, maintain, or operate a transmission line, wire, or cable that is capable of operating at an electric voltage of sixty-nine kilovolts or more along, over, or across any public highway or grounds outside of cities for the transmission, distribution, or sale of electric current without first procuring from the utilities board within the utilities division of the department of commerce a franchise granting authority as provided in this chapter.

2. A franchise shall not be required for electric lines constructed entirely within the boundaries of property owned by a person primarily engaged in the transmission or distribution of electric power or entirely within the boundaries of property owned by the end user of the electric power.

3. If the transmission line, wire, or cable is capable of operating only at an electric voltage of less than sixty-nine kilovolts, no franchise is required. However, the utilities board shall retain jurisdiction over all such lines, wires, or cables.

4. A person who seeks to construct, erect, maintain, or operate a transmission line, wire, or cable that will operate at an electric voltage of less than sixty-nine kilovolts outside of cities and that cannot secure the necessary voluntary easements to do so may petition the board pursuant to section 478.3, subsection 1, for a franchise granting authority for such construction, erection, maintenance, or operation, and for the use of the right of eminent domain.

5. Notwithstanding any other provision of this chapter, if an existing transmission line, wire, or cable is operating at thirty-four and one-half kilovolts, it may be franchised, rebuilt, and upgraded to be capable of operation at sixty-nine kilovolts using an abbreviated franchise process if the upgraded line will meet required safety standards, will be on substantially the same right-of-way, and will have substantially the same effect on the underlying properties. The abbreviated franchise process shall not require published notice or a public informational meeting. The board may adopt rules defining relevant terms, setting forth the steps of the abbreviated process, and specifying the requirements for the
petition and landowner notification. The petitioner shall provide written notice concerning the anticipated construction to the last known address of the owners of record of the property where construction will occur and to the parties residing on such property. The franchise may be granted if the board finds the upgraded line is necessary to serve a public use and represents a reasonable relationship to an overall plan of transmitting electricity in the public interest. The franchise shall not become effective until the petitioner has paid, or agreed to pay, all costs and expenses of the franchise proceeding specified in section 478.4. [S13, §1527-c, 2120-n; C24, 27, 31, 35, 39, §309; C46, 50, 54, 58, 62, 66, 71, 73, 75, §489.1; C77, 79, 81, §478.1] 84 Acts, ch 1101, §2; 94 Acts, ch 1136, §1; 97 Acts, ch 113, §1; 2002 Acts, ch 1048, §1, 5; 2009 Acts, ch 66, §1, 2 Referred to in §478.31 Authorization in cities, §364.2

478.2 Petition for franchise — informational meetings held.
1. Any person authorized to transact business in the state including cities may file a verified petition asking for a franchise to erect, maintain, and operate a line or lines for the transmission, distribution, use, and sale of electric current outside cities and for such purpose to erect, use, and maintain poles, wires, guy wires, towers, cables, conduits, and other fixtures and appliances necessary for conducting electric current for light, heat, or power over, along, and across any public lands, highways, streams, or the lands of any person, company, or corporation, and to acquire necessary interests in real estate for such purposes.
2. As conditions precedent to the filing of a petition with the utilities board requesting a franchise for a new transmission line, and not less than thirty days prior to the filing of such petition, the person shall hold informational meetings in each county in which real property or rights will be affected.
   a. A member of the board, the counsel of the board, or a presiding officer designated by the board shall serve as the presiding officer at each meeting, shall present an agenda for such meeting which shall include a summary of the legal rights of the affected landowners, and shall distribute and review the statement of individual rights required under section 6B.2A, subsection 1. A formal record of the meeting shall not be required.
   b. The meeting shall be held at a location reasonably accessible to all persons that may be affected by the granting of the franchise.
3. The person seeking the franchise for a new transmission line shall give notice of the informational meeting to each person, company, or corporation determined to be the landowner affected by the proposed project and any person, company, or corporation in possession of or residing on the property.
   a. For the purposes of this section, unless the context otherwise requires:
      (1) “Landowner” means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property.
      (2) “Transmission line” means any line capable of operating at sixty-nine kilovolts or more and extending a distance of not less than one mile across privately owned real estate.
   b. The notice shall contain the following:
      (1) The name of the applicant.
      (2) The applicant’s principal place of business.
      (3) A general description and purpose of the proposed project.
      (4) The general nature of the right-of-way desired.
      (5) The possibility that the right-of-way may be acquired by condemnation if approved by the utilities board.
      (6) A map showing the route of the proposed project.
      (7) A description of the process used by the utilities board in making a decision on whether to approve a franchise or grant the right to take property by eminent domain.
      (8) A statement that the landowner has the right to be present at such meetings and to file objections with the utilities board.
      (9) The place and time of the meeting.
c. The notice shall be served not less than thirty days prior to the time set for the meeting by certified mail with return receipt requested and shall be published once in a newspaper of general circulation in the county at least one week and not more than three weeks before the time of the meeting and such publication shall be considered notice to landowners whose residence is not known.

4. A person seeking rights under this chapter shall not negotiate or purchase any easements or other interests in land in any county known to be affected by the proposed project prior to the informational meeting.

478.3 Petition — requirements.

1. All petitions shall set forth:
   a. The name of the individual, company, or corporation asking for the franchise.
   b. The principal office or place of business.
   c. The starting points, routes, and termini of the proposed lines, accompanied with a map or plat showing such details.
   d. A general description of the public or private lands, highways, and streams over, across, or along which any proposed line will pass.
   e. General specifications as to materials and manner of construction.
   f. The maximum voltage to be carried over each line.
   g. Whether or not the exercise of the right of eminent domain will be used and, if so, a specific reference to the lands described in paragraph “d” which are sought to be subject thereto.
   h. An allegation that the proposed construction is necessary to serve a public use.

2. a. Petitions for transmission lines capable of operating at sixty-nine kilovolts or more and extending a distance of not less than one mile across privately owned real estate shall also set forth an allegation that the proposed construction represents a reasonable relationship to an overall plan of transmitting electricity in the public interest and substantiation of such allegations, including but not limited to, a showing of the following:

   (1) The relationship of the proposed project to present and future economic development of the area.
   (2) The relationship of the proposed project to comprehensive electric utility planning.
   (3) The relationship of the proposed project to the needs of the public presently served and future projections based on population trends.
   (4) The relationship of the proposed project to the existing electric utility system and parallel existing utility routes.
   (5) The relationship of the proposed project to any other power system planned for the future.
   (6) The possible use of alternative routes and methods of supply.
   (7) The relationship of the proposed project to the present and future land use and zoning ordinances.
   (8) The inconvenience or undue injury which may result to property owners as a result of the proposed project.

   b. The utilities board may waive the proof required for such allegations which are not applicable to a particular proposed project.

   c. The petition shall contain an affidavit stating that informational meetings were held in each county which the proposed project will affect and the time and place of each meeting.
§478.3, ELECTRIC TRANSMISSION LINES

3. For the purpose of this section, the term “public” shall not be interpreted to be limited to consumers located in this state.

[S13, §2120-n; C24, 27, 31, 35, 39, §8311; C46, 50, 54, 58, 62, 66, 71, 73, 75, §489.3; C77, 79, 81, §478.3]

Referred to in §478.1, 478.6A, 478.31

478.4 Franchise — hearing.

The utilities board shall consider the petition and any objections filed to it in the manner provided. It shall examine the proposed route or cause any engineer selected by it to do so. If a hearing is held on the petition it may hear testimony as may aid it in determining the propriety of granting the franchise. It may grant the franchise in whole or in part upon the terms, conditions, and restrictions, and with the modifications as to location and route as may seem to it just and proper. Before granting the franchise, the utilities board shall make a finding that the proposed line or lines are necessary to serve a public use and represents a reasonable relationship to an overall plan of transmitting electricity in the public interest. A franchise shall not become effective until the petitioners shall pay, or file an agreement to pay, all costs and expenses of the franchise proceeding, whether or not objections are filed, including costs of inspections or examinations of the route, hearing, salaries, publishing of notice, and any other expenses reasonably attributable to it. The funds received for the costs and the expenses of the franchise proceeding shall be remitted to the treasurer of state for deposit in the department of commerce revolving fund created in section 546.12 as provided in section 476.10.

Referred to in §476.10, 478.1, 478.6A, 478.13

478.5 Notice — objections filed.

Upon the filing of such petition, the utilities board shall cause a notice, addressed to the citizens of each county through which the proposed line or lines will extend, to be published in a newspaper located in each such county for two consecutive weeks. Said notice shall contain a general statement of the contents and purpose of the petition, a general description of the lands and highways to be traversed by the proposed line or lines, and shall state that any objections thereto must be filed in writing with the board not later than twenty days after the date of last publication of the notice. Any person, company, city or corporation whose rights may be affected, shall have the right to file written objections to the proposed improvement or to the granting of such franchise; such objections shall be filed with the board not later than twenty days after the date of last publication and shall state the grounds therefor. The board may allow objections to be filed later in which event the applicant must be given reasonable time to meet such late objections.

Referred to in §478.31

478.6 Taking under eminent domain.

1. Upon the filing of objections or when a petition involves the taking of property under the right of eminent domain, the utilities board shall set the matter for hearing and fix a time and place for the hearing. The hearing shall be not less than thirty days from the date of last publication and, where a new proposed transmission line exceeds one mile in length, shall be held in the county seat of the county located at the midpoint of the proposed electric transmission line. Written notice of the time and place of the hearing shall be served by the board, by ordinary mail, on the applicant, and those having filed objections. If no objections are filed and the petition does not involve the taking of property under the right of eminent domain, the board may grant a franchise without a hearing; however, the board may conduct a hearing if the board deems it necessary.
2. Where a petition seeks the use of the right of eminent domain over specific parcels of real property, the board shall prescribe the notice to be served upon the owners of record and parties in possession of the property over which the use of the right of eminent domain is sought. The notice shall include the statement of individual rights required pursuant to section 6B.2A, subsection 1.

3. When the board grants a franchise to any person, company, or corporation for the construction, erection, maintenance, and operation of transmission lines, wires, and cables for the transmission of electricity, such person, company, or corporation shall be vested with the power of condemnation to such extent as the board may approve and find necessary for public use.

[C66, 71, 73, 75, §489.6; C77, 79, 81, §478.6; 81 Acts, ch 159, §1]

478.6A Merchant line franchises — requirements — limitations.
1. For purposes of this section, “merchant line” means a high-voltage direct current electric transmission line which does not provide for the erection of electric substations at intervals of less than fifty miles, which substations are necessary to accommodate both the purchase and sale to persons located in this state of electricity generated or transmitted by the franchisee.

2. Notwithstanding section 478.21, in addition to any other applicable requirements pursuant to this chapter, if a petition for a franchise to construct a merchant line that involves the taking of property under eminent domain is not approved by the board and a franchise granted within three years following the date the petition is filed with the board pursuant to section 478.3, the board shall reject the petition and make a record of the rejection. If the hearing on the petition conducted pursuant to section 478.4 has been held within the three-year period following the date the petition is filed, but the board has not completed its deliberations within that three-year period, the three-year period may be extended by the board to allow completion of deliberations. A petitioner shall not file a petition for the same or a similar project that has been rejected within sixty months following the date of rejection if the rejection was for failure to be approved within three years following the date the petition was filed as provided in this subsection.

Section takes effect May 27, 2016, and applies to petitions filed on or after that date and to certain petitions filed on or after November 1, 2014; for nonapplicability of three-year approval period in subsection 2 to petitions filed prior to May 27, 2016, and to time limitations on actions of the Iowa utilities board, see 2016 Acts, ch 1138, §38, 39

478.7 Form of franchise.
The general counsel for the utilities board shall prepare a blank form of franchise, which shall provide space for a general description of the improvement authorized, the name and address of the person or corporation to whom granted, the general terms and conditions upon which the franchise is granted, and other things as necessary. This blank form shall be filled out and signed by the chairperson of the utilities board which grants the franchise, and the official seal shall be attached. The franchise is subject to regulations and restrictions as the general assembly prescribes, and to rules, not inconsistent with statutes, as the utilities board may establish.

478.8 Valuation of franchise.
No financial consideration shall be charged for such franchise. In fixing the value for rate-making purposes of the property of any person, company, or corporation owning it or operating under it no account shall be taken of, and no increased value shall be allowed
for, any such franchise, except that the reasonable cost to the petitioners of obtaining said franchise may be included in the cost of constructing said line.

478.9 Exclusive rights — duration of franchise.
No exclusive right shall ever be given by franchise or otherwise to any person, company, corporation or city to conduct electrical energy, or to place electric wires, along or over or across any public highway or public place or ground; and no franchise or privilege shall ever be granted for any such purpose for a longer period than twenty-five years.

[C24, 27, 31, 35, 39, §8316; C46, 50, 54, 58, 62, §489.8; C66, 71, 73, 75, §489.9; C77, 79, 81, §478.9]

478.10 Franchise transferable — notice.
When any such electric transmission line or lines are sold and transferred either by voluntary or judicial sale, such transfer shall carry with it the franchise under which the said improvement is owned, maintained, or operated. If a transfer of such franchise is made before the improvement for which it was issued is constructed, in whole or in part, such transfer shall not be effective till the person, company, or corporation to whom it was issued shall file in the office of the utilities board granting the franchise a notice in writing stating the date of such transfer and the name and address of the transferee.

[C24, 27, 31, 35, 39, §8317; C46, 50, 54, 58, 62, §489.9; C66, 71, 73, 75, §489.10; C77, 79, 81, §478.10]

478.11 Record of franchises.
The utilities board shall keep a record of all such franchises granted and issued by it, when and to whom issued, with a general statement of the location, route, and termini of the transmission line or lines covered thereby. When any transfer of such franchise has been made as provided in this chapter, the board shall also make note upon its record of the date of such transfer and the name and address of the transferee.

[C24, 27, 31, 35, 39, §8318; C46, 50, 54, 58, 62, §489.10; C66, 71, 73, 75, §489.11; C77, 79, 81, §478.11]

478.12 Acceptance of franchise.
Any person, company, or corporation obtaining a franchise as in this chapter provided, or owning or operating under one, shall be conclusively held to an acceptance of the provisions thereof and of all laws relating to the regulation, supervision, or control thereof which are now in force or which may be hereafter enacted, and to have consented to such reasonable regulation as the utilities board may, from time to time, prescribe. The provisions of this chapter shall apply equally to assignees as well as to original owners.

[S13, §2120-p; C24, 27, 31, 35, 39, §8319; C46, 50, 54, 58, 62, §489.11; C66, 71, 73, 75, §489.12; C77, 79, 81, §478.12]

478.13 Extension of franchise — public notice.
1. Any person, firm, or corporation owning a franchise granted under this chapter or previously existing law may petition the utilities board for an extension of the franchise. The board shall adopt rules governing extension applications and proceedings with the intent that the extension applications and proceedings are less extensive than original applications and proceedings. Assessment of costs shall be as provided in section 478.4.
2. If the extension of franchise is sought for all lines in a given county or counties, the published notice need not contain a general description of the lands and highways traversed by the lines, but in lieu of containing such description the petitioner may offer to provide to any interested party, free of charge and within ten working days, a current, accurate map showing the location of the lines for which the franchise extension is sought. The public notice shall advise the citizens of the county or counties affected of the availability of such map. If this alternate procedure is not followed, the publication of the description of the lands
and highways traversed by the lines shall be done in the manner as in an original application for franchise.

3. An extension under this section shall be granted only for a valid, existing franchise, and the lands, roads, or streams covered by the franchise over, through, or upon which electric transmission lines have in fact been erected or constructed and are in use or operation at the time of the application for the extension of the franchise.

4. The application for the extension of the franchise shall be accompanied by the written consent of the applicant that the provisions of all laws relating to public utilities, franchises, and transmission lines, or to the regulation, supervision, or control thereof which are then in force or which may be thereafter enacted, shall apply to its existing line or lines, franchises, and rights as if the franchise had been granted, the lines had been constructed, or rights had been obtained under the provisions of this chapter.

5. An extension of a franchise is not required for an electric transmission line that has been permanently retired from operation at sixty-nine kilovolts or more but that remains in service at a lower voltage. The board shall be notified of changes in operating status.

[S13, §2120-o; C24, 27, 31, 35, 39, §8320; C46, 50, 54, 58, 62, §489.12; C66, 71, 73, 75, §489.13; C77, 79, 81, §478.13]

478.14 Service furnished.

1. Any city which owns or operates a system for the distribution of electric light or power, and which has obtained electric energy for such distribution from any person or firm or corporation owning or operating an electric light and power plant or transmission line, shall be entitled to have the service reasonably needed by such municipality and its patrons continued at and for a reasonable rate and charge and under reasonable rules of service.

2. It shall be unlawful for the owner or operator of the light and power plant or transmission line to disconnect or discontinue such service, except during nonpayment of reasonable charges, so long as the operator holds or enjoys any franchise to go upon or use any public streets, highways, or grounds.

3. Until the municipality and the operator shall agree upon a rate or charge for the service the municipality shall pay and the operator shall accept the rate provided in the expired contract if any existed, and, if none existed, then the rate before paid. This shall be without prejudice, however, to the right of either party to test in court or before any lawfully constituted rate-making tribunal the reasonableness of the rate.

4. This section shall not apply if the original service to the municipality was given in case of emergency or for any other temporary purpose.

478.15 Eminent domain — procedure — entering on land — reversion on nonuse.

1. Any person, company, or corporation having secured a franchise as provided in this chapter, shall thereupon be vested with the right of eminent domain to such extent as the utilities board may approve, prescribe and find to be necessary for public use, not exceeding one hundred feet in width for right-of-way and not exceeding one hundred sixty acres in any one location, in addition to right-of-way, for the location of electric substations to carry out the purposes of said franchise; provided however, that where two hundred K V lines or higher voltage lines are to be constructed, the person, company, or corporation may apply to the board for a wider right-of-way not to exceed two hundred feet, and the board may for good cause extend the width of such right-of-way for such lines to the person, company, or corporation applying for the same. The burden of proving the necessity for public use shall be on the person, company, or corporation seeking the franchise. A homestead site, cemetery, orchard, or schoolhouse location shall not be condemned for the purpose of erecting an electric substation. If agreement cannot be made with the private owner of lands as to damages caused by the construction of said transmission line, or electric substations,
§489.15; to persons the is appointed permit such rules not contained under §478.15, shall, complete the easement, or section three. Any person, company, or corporation that has obtained a permit in the manner prescribed in this section or corporation making the application, if in the board’s opinion the application is made in good faith and not for the purpose of harassing the owner of the land. If the board is of the opinion that the application is not made in good faith or made for the purpose of harassment to the owner of the land the board shall set the matter for hearing. The matter shall be heard not more than twenty days after filing the application. Notice of the time and place of hearing shall be given by the board, to the owner of the land by registered mail with a return receipt requested, not less than ten days preceding the date of hearing. Any person, company, or corporation proposing to construct a transmission line or other facility which involves the taking of property under the right of eminent domain and desiring to enter upon the land, which it proposes to appropriate, for the purpose of examining or surveying the same, shall first file with the utilities board, a written statement under oath setting forth the proposed routing of the line or facility including a description of the lands to be crossed, the names and addresses of owners, together with request that a permit be issued by the board authorizing the person, company, or corporation or its duly appointed representative to enter upon the land for the purpose of examining and surveying and to take and use on the land any vehicle and surveying equipment necessary in making the survey. The board shall within ten days after the request issue a permit, accompanied by such bond in such amount as the board shall approve, to the person, company, or corporation for the purpose of examining or surveying the same, within the period prescribed by the board. The bond shall be in an amount sufficient to cover any damage to the land for which the person, company, or corporation may be liable. The board shall have the right to designate the route to be used in making the survey and to require the person, company, or corporation to make such survey in the manner prescribed by the board. If the board determines that the survey is necessary for the purpose of examining or surveying the same, the board shall notify the person, company, or corporation in writing of such determination and the time and place of the hearing to be held thereon. Any person, company, or corporation proposing to construct a transmission line or other facility which involves the taking of property under the right of eminent domain and desiring to enter upon the land, which it proposes to appropriate, for the purpose of examining or surveying the same, shall first file with the utilities board, a written statement under oath setting forth the proposed routing of the line or facility including a description of the lands to be crossed, the names and addresses of owners, together with request that a permit be issued by the board authorizing the person, company, or corporation or its duly appointed representative to enter upon the land for the purpose of examining and surveying and to take and use on the land any vehicle and surveying equipment necessary in making the survey. The board shall within ten days after the request issue a permit, accompanied by such bond in such amount as the board shall approve, to the person, company, or corporation making the application, if in the board’s opinion the application is made in good faith and not for the purpose of harassing the owner of the land. If the board is of the opinion that the application is not made in good faith or made for the purpose of harassment to the owner of the land the board shall set the matter for hearing. The matter shall be heard not more than twenty days after filing the application. Notice of the time and place of hearing shall be given by the board, to the owner of the land by registered mail with a return receipt requested, not less than ten days preceding the date of hearing.

3. Any person, company, or corporation that has obtained a permit in the manner prescribed in this section may enter upon the land or lands, as provided in this section, and shall be liable for actual damages sustained in connection with such entry. An action in damages shall be the exclusive remedy.

4. If an electric transmission line right-of-way, or any part thereof, is wholly abandoned for public utility purposes by the relocation of the transmission lines, is not used or operated for a period of five years, or if its construction has been commenced and work has ceased and has not in good faith been resumed for five years, the right-of-way shall revert to the person or persons who, at the time of the abandonment or reversion, are the owners of the tract from which the right-of-way was taken. Following such abandonment of right-of-way, the owner or holder of purported fee title to the real estate may serve notice upon the owner of the right-of-way easement, or the owner’s successor in interest, and upon any party in possession of the real estate, a written notice which shall accurately describe the real estate in question, set out the facts concerning ownership of the fee, ownership of the right-of-way easement, and the period of abandonment, and notify the parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless the parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in the notice.

5. The notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication no affidavit therefor shall be required before publication. If no affidavit disputing the facts contained in the notice is filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached thereto or endorsed thereon, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of the right-of-way.

478.17 Access to lines — damages.

Individuals or corporations operating such transmission lines shall have reasonable access to the same for the purpose of constructing, reconstructing, enlarging, repairing, or locating
the poles, wires, or construction and other devices used in or upon such line, but shall pay to
the owner of such lands and of crops thereon all damages to said lands or crops caused by
entering, using, and occupying said lands for said purposes. Nothing herein contained shall
prevent the execution of an agreement between the person or company owning or operating
such line and the owner of said land or crops with reference to the use thereof.

478.18 Supervision of construction — location.
1. The utilities board shall have power of supervision over the construction of a
transmission line and over its future operation and maintenance.
2. A transmission line shall be constructed near and parallel to roads, to the right-of-way
of the railways of the state, or along the division lines of the lands, according to the
government survey, wherever the same is practicable and reasonable, and so as not to
interfere with the use by the public of the highways or streams of the state, nor unnecessarily
interfere with the use of any lands by the occupant.

478.19 Manner of construction.
1. Transmission lines shall be built of strong and proper wires attached to strong and
sufficient supports properly insulated at all points of attachment; all wires, poles, and other
devices which by ordinary wear or other causes are no longer safe shall be removed and
replaced by new wires, poles, or other devices, as the case may be, and all abandoned wires,
poles, or other devices shall be at once removed. Where wires carrying current are carried
across, either above or below wires used for other service, the said transmission line shall
be constructed in such manner as to eliminate, so far as practicable, damages to persons
or property by reason of said crossing. There shall also be installed sufficient devices to
automatically shut off electric current through said transmission line whenever connection is
made whereby current is transmitted from the wires of said transmission line to the ground,
and there shall also be provided a safe and modern improved device for the protection of
said line against lightning. The utilities board shall have power to make and enforce such
further and additional rules relating to location, construction, operation and maintenance of
transmission lines as may be reasonable.
2. All transmission lines, wires or cables outside of cities for the transmission, distribution
or sale of electric current at any voltage shall be constructed and maintained in accordance
with standards adopted by rule by the utilities board.

478.20 Distance from buildings.
No transmission line shall be constructed, except by agreement, within one hundred feet of
any dwelling house or other building, except where said line crosses or passes along a public
highway or is located alongside or parallel with the right-of-way of any railway company. In
addition to the foregoing, each person, company, or corporation shall conform to any other
rules, regulations, or specifications established by the utilities board, in the construction,
operation, or maintenance of such lines.
[S13, §2120-r; C24, 27, 31, 35, 39, §8327; C46, 50, 54, 58, 62, §489.19; C66, 71, 73, 75,

478.21 Nonuse — revocation of franchise — extensions of time.
1. If the improvement for which a franchise is granted is not constructed in whole or
in part within two years from the date the franchise is granted, or within two years after
§478.21, ELECTRIC TRANSMISSION LINES

final unappealable disposition of judicial review of a franchise order or of condemnation proceedings, the franchise shall be forfeited and the utilities board which granted the franchise shall revoke the franchise and make a record of the revocation, unless the person holding the franchise petitions the board for an extension of time.

2. Upon a showing of sufficient justification for the delay of construction, the board may grant one or more extensions of time for periods up to two years for each extension.

[C24, 27, 31, 35, 39, §8329; C46, 50, 54, 58, 62, §489.20; C66, 71, 73, 75, §489.21; C77, 79, 81, §478.21]

Referred to in §478.8A

478.22 Action for violation.
When the board determines that a person is in violation of this chapter, the board may commence an action in the district court of the county in which the violation is alleged to have occurred, for injunctive relief or other appropriate remedy.

[C24, 27, 31, 35, 39, §8330; C46, 50, 54, 58, 62, §489.21; C66, 71, 73, 75, §489.22; C77, 79, 81, §478.22]

91 Acts, ch 112, §1

478.23 Prior franchises — legislative control.
Any such franchise heretofore granted under previously existing law shall not be abrogated by the provisions of this chapter, but all such franchises and all franchises granted under the provisions of this chapter shall be subject to further legislative control.

[C24, 27, 31, 35, 39, §8331; C46, 50, 54, 58, 62, §489.22; C66, 71, 73, 75, §489.23; C77, 79, 81, §478.23]

478.24 Violations.
Any person, company or corporation constructing or undertaking to construct or maintain any electric transmission line, without first procuring a franchise for such purpose in accordance with the provisions of this chapter, shall be guilty of a serious misdemeanor; and for violating any of the other provisions of this chapter relating to electric transmission lines or disobeying any order or rule made by the utilities board in relation thereto, shall be guilty of a simple misdemeanor.

[S13, §1527-d; C24, 27, 31, 35, 39, §8332; C46, 50, 54, 58, 62, §489.23; C66, 71, 73, 75, §489.24; C77, 79, 81, §478.24]

478.25 Wire crossing railroads — supervision.
The utilities board shall have general supervision over any and all wires whatsoever crossing under or over any railway track and shall make rules prescribing the manner in which such wires shall cross such track; but in no case shall the board prescribe a less height for any wire than twenty-two feet above the top of the rails of any railroad track.

[S13, §2120-d, -e, -h; C24, 27, 31, 35, 39, §8333; C46, 50, 54, 58, 62, §489.24; C66, 71, 73, 75, §489.25; C77, 79, 81, §478.25]

478.26 Wires across railroad right-of-way at highways.
The utilities board shall prescribe the manner for the crossing of wires over and across railroad rights-of-way at highways and other places within the state.

[S13, §2120-i; C24, 27, 31, 35, 39, §8334; C46, 50, 54, 58, 62, §489.25; C66, 71, 73, 75, §489.26; C77, 79, 81, §478.26]

478.27 Wires — how strung.
No corporation or person shall place or string any such wire for transmitting electric current or any wire whatsoever across any track of a railroad except in the manner prescribed by the utilities board.

[S13, §2120-f; C24, 27, 31, 35, 39, §8335; C46, 50, 54, 58, 62, §489.26; C66, 71, 73, 75, §489.27; C77, 79, 81, §478.27]
478.28 Examination of existing wires.

The utilities board shall, either by personal examination or otherwise, obtain information where railroad tracks are crossed by wires contrary to, or not in compliance with, the rules prescribed by it. It shall order such change or changes to be made by the persons or corporations owning or operating such wires as may be necessary to make the same comply with said rules and within such reasonable time as it may prescribe.

[S13, §2120-g; C24, 27, 31, 35, 39, §8336; C46, 50, 54, 58, 62, §489.27; C66, 71, 73, 75, §489.28; C77, 79, 81, §478.28]

478.29 Civil penalties.

1. A person who violates a provision of this chapter is subject to a civil penalty, which may be levied by the board, of not more than one hundred dollars per violation or one thousand dollars per day of a continuing violation, whichever is greater. Civil penalties collected pursuant to this section shall be forwarded by the chief operating officer of the board to the treasurer of state to be credited to the general fund of the state and appropriated to the division of community action agencies of the department of human rights for purposes of the low income home energy assistance program and the weatherization assistance program.

2. Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the board shall consider the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance after notification of a violation.

[S13, §2120-j; C24, 27, 31, 35, 39, §8337; C46, 50, 54, 58, 62, §489.28; C66, 71, 73, 75, §489.29; C77, 79, 81, §478.29]

478.30 Crossing highway.

Nothing in this chapter shall prevent any such individual or corporation having its high tension line on its own private right-of-way on both sides of any highway, from crossing such public highway under such rules and regulations as the utilities board may prescribe, and subject from time to time to legislative control as to duration and use.

[C24, 27, 31, 35, 39, §8338; C46, 50, 54, 58, 62, §489.29; C66, 71, 73, 75, §489.30; C77, 79, 81, §478.30]

478.31 Temporary permits for lines less than one mile.

1. Notwithstanding the provisions of section 478.1, any person, company, or corporation proposing to construct an electric transmission line not exceeding one mile in length and which does not involve the taking of property under the right of eminent domain may obtain a temporary construction permit from the utilities board by proceeding in the manner set forth in this section. The person, company, or corporation shall first file with the board a verified petition setting forth the requirements of section 478.3, subsection 1, paragraphs “a” through “h”, with the further allegation that the petitioner is the nearest electric utility to the proposed point of service.

2. The petition shall also state that the filing thereof constitutes an application for a temporary construction permit and shall also have endorsed thereon the approval of the appropriate highway authority or railroad concerned if such line is to be constructed over, across, or along a public highway or railroad.

3. Upon receipt of the petition, the utilities board shall consider same and may grant a temporary construction permit in whole or in part or upon such terms, conditions and restrictions, and with such modifications as to location as may seem to it just and proper. A finding of public use shall not be made at the time of the issuance of the permit, but shall be made, if substantiated by petitioner, at the subsequent consideration of the propriety of granting a franchise for the line subject to the permit. The signature of one utilities board member on the permit shall be sufficient. The issuance of the permit shall constitute temporary authority for the permit holder to construct the line for which the permit is granted.
4. Upon the granting of such temporary construction permit, the utilities board shall cause the publication of notice required by section 478.5 and all other requirements shall be complied with as in the manner provided for the granting of a franchise. If a hearing is required, then the petitioner shall make a sufficient and proper showing thereat before a franchise will be issued for the line. Any franchise issued will be subject to all applicable provisions of this chapter.

5. Notwithstanding subsections 1 through 4, if the utilities board shall determine that a franchise should not be granted, or that further restrictions, conditions, or modifications are required, or if the petitioner shall fail to make a sufficient and proper showing of the necessity for the granting of a franchise within six months of the granting of the temporary construction permit, the permit issued hereunder shall become null and void and the permit holder may be required to take such action deemed necessary by the board to remove, modify, or relocate the construction undertaken by virtue of the temporary permit issued hereunder.

478.32 Rehearing — judicial review.
Any person, company, or corporation aggrieved by the action of the utilities board in granting or failing to grant a franchise under the provisions of this chapter, shall be entitled to the rehearing procedure provided in section 476.12. Judicial review of actions of the board may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

478.33 Cancellation.
A person seeking to acquire an easement or other property interest for the construction, maintenance or operation of an electric transmission line shall:

1. Allow the landowner or a person serving in a fiduciary capacity in the landowner’s behalf to cancel any agreement granting an easement or other interest by certified mail with return requested to the company’s principal place of business if received by the company within seven days, excluding Saturday and Sunday, of the date of the contract and inform the landowner or such fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or such fiduciary.

2. Provide the landowner or a person serving in a fiduciary capacity in the landowner’s behalf with a form in duplicate for the notice of cancellation.

3. Not record any agreement until after the period for cancellation has expired.

4. Not include in the agreement any waiver of the right to cancel in accordance with this section. The landowner or a person serving in a fiduciary capacity in the landowner’s behalf may exercise the right of cancellation only once for each transmission line project.

[C81, §478.33]

CHAPTER 478A
GAS LAMPS

478A.7 Decorative gas lamps.

### 478A.7 Decorative gas lamps.
1. Commencing January 1, 1979 a person shall not sell or offer for sale in this state a decorative gas lamp manufactured after December 31, 1978.
2. As used in this section “decorative gas lamp” means a device installed for the purpose of producing illumination by burning natural, mixed or liquid petroleum gas and utilizing either a mantle or an open flame, but does not include portable camp lanterns or gas lamps.
3. Persons convicted of violating this section shall be guilty of a simple misdemeanor.
4. Notwithstanding subsection 1, commencing January 1, 1990, a person may sell or offer for sale in this state a decorative gas lamp manufactured after December 31, 1978, if the utilities board within the utilities division of the department of commerce determines, after notice and an opportunity for interested persons to comment at an oral presentation, that the sale or offer for sale of decorative gas lamps does not violate the public interest.

### 479.1 Purpose — applicability.

It is the purpose of the general assembly in enacting this law to confer upon the utilities board the power and authority to supervise the transportation or transmission of any solid, liquid, or gaseous substance, except water, within or through this state by pipeline, whether specifically mentioned in this chapter or not, and the power and authority to supervise the underground storage of gas, to protect the safety and welfare of the public in its use of public or private highways, grounds, waters, and streams of any kind in this state. However, this chapter does not apply to interstate natural gas or hazardous liquid pipelines, pipeline companies, and underground storage, as these terms are defined in chapters 479A and 479B.

[C35, §8338-f14; C39, §8338.22; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.1; C77, 79, 81, §479.1] 88 Acts, ch 1074, §27; 95 Acts, ch 192, §5
§479.2 Definitions.
As used in this chapter:
1. “Board” means the utilities board within the utilities division of the department of commerce.
2. “Pipeline” means a pipe, pipes, or pipelines used for the transportation or transmission of a solid, liquid, or gaseous substance, except water, within or through this state. However, the term does not include interstate pipe, pipes, or pipelines used for the transportation or transmission of natural gas or hazardous liquids.
3. “Pipeline company” means a person engaged in or organized for the purpose of owning, operating, or controlling pipelines for the transportation or transmission of any solid, liquid, or gaseous substance, except water, within or through this state. However, the term does not include a person owning, operating, or controlling interstate pipelines for the transportation or transmission of natural gas or hazardous liquids.
4. “Underground storage” means storage of gas in a subsurface stratum or formation of the earth.

[C31, §8338-d1; C35, §8338-f15; C39, §8338.23; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.2; C77, 79, 81, §479.2]
88 Acts, ch 1074, §28; 95 Acts, ch 192, §6
Referred to in §352.6

§479.3 Conditions attending operation.
No pipeline company shall construct, maintain or operate any pipeline or lines under, along, over or across any public or private highways, grounds, waters or streams of any kind in this state except in accordance with the provisions of this chapter.

[C31, §8338-d2; C35, §8338-f16; C39, §8338.24; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.3; C77, 79, 81, §479.3]

§479.4 Dangerous construction — inspection.
1. The board is vested with power and authority and it shall be the board’s duty to supervise all pipelines and underground storage and pipeline companies and, from time to time, to inspect and examine the construction, maintenance, and condition of the pipelines and underground storage facilities. Whenever the board shall determine that any pipeline and underground storage facilities or any apparatus, device, or equipment used in connection therewith is unsafe and dangerous, the board shall immediately in writing notify the pipeline company which is constructing or operating the pipeline and underground storage facilities, device, apparatus, or other equipment to repair or replace any defective or unsafe part or portion of the pipeline and underground storage facilities, device, apparatus, or equipment.
2. All faulty construction, as determined by the inspector, shall be repaired immediately by the contractor operating for the pipeline company and the cost of such repairs shall be paid by the contractor. If such repairs are not made by the contractor, the board shall proceed to collect under the provisions of section 479.26.

[C31, §8338-d29; C35, §8338-f17; C39, §8338.25; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.4; C77, 79, 81, §479.4]
See also §479.29
Subsection 1 amended

§479.5 Application for permit.
1. A pipeline company doing business in this state shall file with the board its verified petition asking for a permit to construct, maintain and operate its pipeline or lines along, over or across the public or private highways, grounds, waters and streams of any kind of this state. Any pipeline company now owning or operating a pipeline in this state shall be issued a permit by the board upon supplying the information as provided for in section 479.6.
2. A pipeline company doing business in this state and proposing to engage in underground storage of gas within this state shall file with the board its verified petition asking for a permit to construct, maintain and operate facilities for the underground
storage of gas to include the construction, placement, maintenance and operation of machinery, appliances, fixtures, wells, pipelines, and stations necessary for the construction, maintenance and operation of the gas underground storage facilities.

3. a. A pipeline company shall hold informational meetings in each county in which real property or property rights will be affected at least thirty days prior to filing the petition for a new pipeline. A member of the board or a person designated by the board shall serve as the presiding officer at each meeting, shall present an agenda for the meeting which shall include a summary of the legal rights of the affected landowners, and shall distribute and review the statement of individual rights required under section 6B.2A. A formal record of the meeting shall not be required.

b. The meeting shall be held at a location reasonably accessible to all persons, companies, or corporations which may be affected by the granting of the permit.

4. a. The pipeline company seeking the permit for a new pipeline shall give notice of the informational meeting to each person determined to be a landowner affected by the proposed project and each person in possession of or residing on the property. For the purposes of the informational meeting, "landowner" means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property and "pipeline" means a line transporting a solid, liquid, or gaseous substance, except water, under pressure in excess of one hundred fifty pounds per square inch and extending a distance of not less than five miles or having a future anticipated extension of an overall distance of five miles.

b. The notice shall set forth the name of the applicant; the applicant’s principal place of business; the general description and purpose of the proposed project; the general nature of the right-of-way desired; the possibility that the right-of-way may be acquired by condemnation if approved by the utilities board; a map showing the route of the proposed project; a description of the process used by the utilities board in making a decision on whether to approve a permit including the right to take property by eminent domain; that the landowner has a right to be present at such meeting and to file objections with the board; and a designation of the time and place of the meeting. The notice shall be served by certified mail with return receipt requested not less than thirty days previous to the time set for the meeting, and shall be published once in a newspaper of general circulation in the county. The publication shall be considered notice to landowners whose residence is not known and to each person in possession of or residing on the property provided a good faith effort to notify can be demonstrated by the pipeline company.

5. A pipeline company seeking rights under this chapter shall not negotiate or purchase any easements or other interests in land in any county known to be affected by the proposed project prior to the informational meeting.

[C31, §8338-d; C35, §8338-f18; C39, §8338.26; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.5; C77, 79, 81, §479.5]

Referred to in §6B.2A, 479.30

479.6 Petition.
Said petition shall state:

1. The name of the individual, firm, corporation, company, or association asking for said permit.

2. The applicant’s principal office and place of business.

3. A legal description of the route of said proposed line or lines, together with a map thereof.

4. A general description of the public or private highways, grounds and waters, streams and private lands of any kind along, over or across which said proposed line or lines will pass.

5. The specifications of material and manner of construction.

6. The maximum and normal operating pressure under which it is proposed to transport any solid, liquid, or gaseous substance, except water.

7. If permission is sought to construct, maintain and operate facilities for the underground
§479.6, PIPELINES AND UNDERGROUND GAS STORAGE

Storage of gas said petition shall include the following information in addition to that stated above:

a. A description of the public or private highways, grounds and waters, streams and private lands of any kind under which such storage is proposed, together with a map thereof.

b. Maps showing the location of proposed machinery, appliances, fixtures, wells and stations necessary for the construction, maintenance and operation of such gas underground storage facilities.

c. The possible use of alternative routes.

d. The relationship of the proposed project to the present and future land use and zoning ordinances.

e. The inconvenience or undue injury which may result to property owners as a result of the proposed project.

[§479.7 Hearing — notice.

1. Upon the filing of the petition, the board shall fix a date for hearing on the petition and shall cause notice of hearing to be published in some newspaper of general circulation in each county through which the proposed line or lines or gas storage facilities will extend. The notice shall be published for two consecutive weeks.

2. Where a petition seeks the use of the right of eminent domain over specific parcels of real property, the board shall prescribe the notice to be served upon the owners of record and parties in possession of the property over which the use of the right of eminent domain is sought. The notice shall include the statement of individual rights required pursuant to section 6B.2A.

[§479.8 Time and place.

The hearing shall not be less than ten days nor more than thirty days from the date of the last publication and where the proposed new pipeline would operate under pressure exceeding one hundred fifty pounds per square inch and exceed five miles in length, shall be held in the county seat of the county located at the midpoint of the proposed line or lines or the county in which the proposed gas storage facility would be located.

[§479.9 Objections.

Any person, corporation, company or city whose rights or interests may be affected by said pipeline or lines or gas storage facilities may file written objections to said proposed pipeline or lines or gas storage facilities or to the granting of said permit.

[§479.10 Filing.

All such objections shall be on file in the office of said board not less than five days before the date of hearing on said application but said board may permit the filing of said objections later than five days before said hearing, in which event the applicant must be granted a reasonable time to meet said objections.

[Referred to in §479.5, 479.6]
479.11 Examination — testimony.
The said board may examine the proposed route of said pipeline or lines and location of
said gas storage area, or may cause such examination to be made by an engineer selected by
it. At said hearing the said board shall consider said petition and any objections filed thereto
and may in its discretion hear such testimony as may aid it in determining the propriety of
granting such permit.
[C31, §8338-d9; C35, §8338-f24; C39, §8338.32; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.11;
C77, 79, 81, §479.11]

479.12 Final order — condition.
The board may grant a permit in whole or in part upon terms, conditions, and restrictions
as to safety requirements and as to location and route as determined by it to be just and
proper. Before a permit is granted to a pipeline company, the board, after a public hearing as
provided in this chapter, shall determine whether the services proposed to be rendered will
promote the public convenience and necessity, and an affirmative finding to that effect is a
condition precedent to the granting of a permit.
[C31, §8338-d10; C35, §8338-f25; C39, §8338.33; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.12;
C77, 79, 81, §479.12]

479.13 Costs and fees.
The applicant shall pay all costs of the informational meetings, hearing, and necessary
preliminary investigation including the cost of publishing notice of hearing, and shall pay the
actual unrecovered costs directly attributable to construction inspections conducted by the
board or the board’s designee.
[C31, §8338-d11, -d12; C35, §8338-f26; C39, §8338.34; C46, 50, 54, 58, 62, 66, 71, 73, 75,
§490.13; C77, 79, 81, §479.13]

479.14 Inspection fee.
The board may, in accordance with section 476.10, charge a pipeline company with an
annual inspection fee that is directly attributable to the costs of conducting annual inspections
pursuant to this chapter.

479.17 Rules.
The said board shall have full authority and power to promulgate such rules as it deems proper and expedient to insure the orderly conduct of the hearings herein provided for and also to prescribe rules for the enforcement of this chapter.
[C31, §8338-d15; C35, §8338-f31; C39, §8338.39; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.18; C77, 79, 81, §479.17]

479.18 Permit.
The board shall prepare and issue any permit granted in accordance with section 479.12. Said permit shall show the name and address of the pipeline company to which it is issued and identify by reference thereto the decision and order of the board under which said permit is issued. It shall be signed by the chairperson of the board and the official seal of the board shall be affixed thereto.
[C31, §8338-d16; C35, §8338-f32; C39, §8338.40; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.19; C77, 79, 81, §479.18]

479.19 Limitation on grant.
No exclusive right shall ever be granted to any pipeline company to construct, maintain, and operate its pipeline or lines along, over or across any public highway, grounds or waters and no such permit shall ever be granted for a longer period than twenty-five years.
[C31, §8338-d17; C35, §8338-f33; C39, §8338.41; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.20; C77, 79, 81, §479.19]

479.20 Sale of permit.
No permit shall be sold until the sale is approved by the board.
[C35, §8338-f34; C39, §8338.42; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.21; C77, 79, 81, §479.20]

479.21 Transfer of permit.
If a transfer of such permit is made before the construction for which it was issued is completed in whole or in part such transfer shall not be effective until the person, company or corporation to whom it was issued shall file in the office of said board a notice in writing stating the date of such transfer and the name and address of said transferee.
[C31, §8338-d11; C35, §8338-f35; C39, §8338.43; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.22; C77, 79, 81, §479.21]

479.22 Records.
The board shall keep a record of all permits granted and issued by it, showing when and to whom issued and the location and route of said pipeline or lines or gas storage area covered thereby. When any transfer of such permit has been made as provided in this chapter the said board shall also note upon its record the date of such transfer and the name and address of such transferee.

479.24 Eminent domain.
1. A pipeline company granted a pipeline permit under this chapter shall be vested with the right of eminent domain* to the extent necessary and as prescribed and approved by the
board, not exceeding seventy-five feet in width for right-of-way and not exceeding one acre in any one location in addition to right-of-way for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline. The board may grant additional eminent domain rights where the pipeline company has presented sufficient evidence to adequately demonstrate that a greater area is required for the proper construction, operation, and maintenance of the pipeline or for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline.

2. A pipeline company having secured a permit for underground storage of gas shall be vested with the right of eminent domain to the extent necessary and as prescribed and approved by the board in order to appropriate for its use for the underground storage of gas any subsurface stratum or formation in any land which the board shall have found to be suitable and in the public interest for the underground storage of gas, and may appropriate other interests in property, as may be required to adequately examine, prepare, maintain, and operate the underground gas storage facilities. This chapter does not authorize the construction of a pipeline longitudinally on, over, or under any railroad right-of-way or public highway, or at other than an approximate right angle to a railroad track or public highway without the consent of the railroad company, the state department of transportation, or the county board of supervisors, and this chapter does not authorize or give the right of condemnation or eminent domain for such purposes.

479.25 Damages.
A pipeline company operating a pipeline or a gas storage area shall have reasonable access to the pipeline or gas storage area for the purpose of constructing, operating, maintaining, or locating pipes, pumps, pressure apparatus or other stations, wells, devices, or equipment used in or upon the pipeline or gas storage area; shall pay the owner of the land for the right of entry and the owner of crops for all damages caused by entering, using, or occupying the land; and shall pay to the owner all damages caused by the completion of construction of the pipeline due to wash or erosion of the soil at or along the location of the pipeline and due to the settling of the soil along and above the pipeline. However, this section shall not prevent the execution of an agreement between the pipeline company and the owner of land or crops with reference to the use of the land.

479.26 Financial condition of permittee — bond.
Before any permit is granted under this chapter the applicant must satisfy the board that the applicant has property within this state other than pipelines, subject to execution of a value in excess of two hundred fifty thousand dollars, or the applicant must file and maintain with the board a surety bond in the penal sum of two hundred fifty thousand dollars with surety approved by the board, conditioned that the applicant will pay any and all damages legally recovered against it growing out of the construction or operation of its pipeline and gas storage facilities in the state of Iowa. When the pipeline company deposits with the board security satisfactory to the board as a guaranty for the payment of the damages, or furnishes to the board satisfactory proofs of its solvency and financial ability to pay the damages, the pipeline company is relieved of the provisions requiring bond.

§479.28 Orders — enforcement.
If said pipeline company fails to obey an order within a time prescribed by the said board the said board may commence an equitable action in the district court of the county where said defective, unsafe, or dangerous portion of said pipeline, device, apparatus or equipment is located to compel compliance with its said order. If, after due trial of said action the court finds that said order is reasonable, equitable and just, it shall decree a mandatory injunction compelling obedience to and compliance with said order and may grant such other relief as may be just and proper. Appeal from said decree may be taken in the same manner as in other actions.

§479.29 Land restoration.
1. The board shall, pursuant to chapter 17A, adopt rules establishing standards for the restoration of agricultural lands during and after pipeline construction. In addition to the requirements of section 17A.4, the board shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. Any county board of supervisors may, under the provisions of chapter 17A, and subsequent to the rulemaking proceedings, petition under those provisions for additional rulemaking to establish standards for land restoration after pipeline construction within that county. Upon the request of the petitioning county, the board shall schedule a hearing to consider the merits of the petition. Rules adopted under this section shall not apply to land located within city boundaries unless the land is used for agricultural purposes. Rules adopted under this section shall address, but are not limited to, all of the following subject matters:
   a. Topsoil separation and replacement.
   b. Temporary and permanent repair to drain tile.
   c. Removal of rocks and debris from the right-of-way.
   d. Restoration of areas of soil compaction.
   e. Restoration of terraces, waterways, and other erosion control structures.
   f. Revegetation of untilled land.
   g. Future installation of drain tile or soil conservation structures.
   h. Restoration of land slope and contour.
   i. Restoration of areas used for field entrances and temporary roads.
   j. Construction in wet conditions.
   k. Designation of a pipeline company point of contact for landowner inquiries or claims.
2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county. A professional engineer familiar with the standards adopted under this section and licensed under chapter 542B shall be responsible for the inspection. A county board of supervisors may contract for the services of a licensed professional engineer for the purposes of the inspection. The reasonable costs of the inspection shall be borne by the pipeline company.
3. If the inspector determines that there has been a violation of the standards adopted under this section, of the land restoration plan, or of an independent agreement on land restoration or line location executed in accordance with subsection 10, the inspector shall give oral notice, followed by written notice, to the pipeline company and the contractor operating for the pipeline company and order corrective action to be taken in compliance with the
standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. An inspector shall adequately inspect underground improvements altered during construction of pipeline. An inspection shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and backfilling. The pipeline company and its contractor shall keep an inspector continually informed of the work schedule and any schedule changes. If proper notice is given, construction shall not be delayed due to an inspector’s failure to be present on the site.

5. If the pipeline company or its contractor does not comply with the requirements of this section, with the land restoration plan, or with an independent agreement on land restoration or line location executed in accordance with subsection 10, the county board of supervisors may petition the board for an order requiring corrective action to be taken. In addition, the county board of supervisors may file a complaint with the board seeking imposition of civil penalties pursuant to section 479.31.

6. The pipeline company shall allow landowners and the inspector to view the proposed center line of the pipeline prior to commencing trenching operations to insure that construction takes place in its proper location.

7. An inspector may temporarily halt the construction if the construction is not in compliance with this chapter and the standards adopted pursuant to this chapter, the land restoration plan, or the terms of an independent agreement with the pipeline company regarding land restoration or line location executed in accordance with subsection 10, until the inspector consults with the supervisory personnel of the pipeline company.

8. The board shall instruct inspectors appointed by the board of supervisors regarding the content of the statutes and rules and the inspectors’ responsibility to require construction conforming with the standards provided by this chapter.

9. Petitioners for a permit for pipeline construction shall file with the petition a written land restoration plan showing how the requirements of this section, and of rules adopted pursuant to this section, will be met. The petitioners shall provide copies of the plan to all landowners of property that will be disturbed by the construction.

10. This section does not preclude the application of provisions for protecting or restoring property that are different than those prescribed in this section, in rules adopted pursuant to this section, or in the land restoration plan, if the alternative provisions are contained in agreements independently executed by the pipeline company and landowner, and if the alternative provisions are not inconsistent with state law or with rules adopted by the board. Independent agreements on land restoration or line location between the landowner and pipeline company shall be in writing and a copy provided to the county inspector.

11. For purposes of this section, “construction” includes the removal of a previously constructed pipeline.

12. The requirements of this section shall apply only to pipeline construction projects commenced on or after June 1, 1999.

479.30 Entry for land surveys.

After the informational meeting or after the filing of a petition if no informational meeting is required, a pipeline company may enter upon private land for the purpose of surveying and examining the land to determine the direction or depth of a pipeline by giving ten days’ written notice by restricted certified mail to the landowner as defined in section 479.5 and to any person residing on or in possession of the land. The entry for land surveys authorized in this section shall not be deemed a trespass and may be aided by injunction. The pipeline company shall pay the actual damages caused by the entry, survey, and examination.

95 Acts, ch 192, §13
§479.31 Civil penalty.
1. A person who violates this chapter or any rule or order issued pursuant to this chapter shall be subject to a civil penalty levied by the board not to exceed one hundred thousand dollars for each violation. Each day that the violation continues shall constitute a separate offense. However, the maximum civil penalty shall not exceed one million dollars for any related series of violations. Civil penalties collected pursuant to this section shall be forwarded by the chief operating officer of the board to the treasurer of state to be credited to the general fund of the state and appropriated to the division of community action agencies of the department of human rights for purposes of the low income home energy assistance program and the weatherization assistance program.
2. Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action.

§479.32 Rehearing — judicial review.
Rehearing procedure for any person, company or corporation aggrieved by the action of the board in granting or failing to grant a permit under the provisions of this chapter shall be as provided in section 476.12. Judicial review may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

§479.33 Authorized federal aid.
The board may enter into agreements with and receive moneys from the United States department of transportation for the inspection of pipelines to determine compliance with applicable standards of pipeline safety, and for enforcement of the applicable standards of pipeline safety as provided by Pub. L. No. 103-272, as codified in 49 U.S.C. §60101 – 60125. The board may enter into agreements with and receive moneys from the United States department of transportation for the inspection of pipelines to determine compliance with applicable standards of pipeline safety, and for enforcement of the applicable standards of pipeline safety as provided by Pub. L. No. 103-272, as codified in 49 U.S.C. §60101 – 60125.

§479.34 Cancellation.
A person seeking to acquire an easement or other property interest for the construction, maintenance or operation of a pipeline shall:
1. Allow the landowner or a person serving in a fiduciary capacity in the landowner’s behalf to cancel an agreement granting an easement or other interest by certified mail with return requested to the company’s principal place of business if received by the company within seven days, excluding Saturday and Sunday, of the date of the contract and inform the landowner or such fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or such fiduciary.
2. Provide the landowner or a person serving in a fiduciary capacity in the landowner’s behalf with a form in duplicate for the notice of cancellation.
3. Not record any agreement until after the period for cancellation has expired.
4. Not include in the agreement any waiver of the right to cancel in accordance with this section. The landowner or a person serving in a fiduciary capacity in the landowner’s behalf may exercise the right of cancellation only once for each pipeline project.

§479.35 through §479.40  Reserved.
479.41 Arbitration agreements.
1. If an easement or other written agreement between a landowner and a pipeline company provides for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a judicial magistrate in the county where the real property is located for the appointment of an arbitrator to serve in the stead of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the petitioning of the judicial magistrate by restricted certified mail to the other party and file proof of mailing with the petition. If after hearing, the magistrate finds that the landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.
2. For purposes of this section only, “landowner” means the persons who signed the easement or other written agreement, their heirs, successors, and assigns.
[81 Acts, ch 159, §2, 3]
95 Acts, ch 192, §15; 2018 Acts, ch 1041, §127

479.42 Subsequent pipelines.
1. A pipeline company shall not install a subsequent pipeline upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved, unless the damage claim is under litigation, arbitration, or a proceeding pursuant to section 479.46.
2. With the exception of claims for damage to drain tile and future crop deficiency, for this section to apply, landowners and tenants must submit in writing their claims for damages caused by installation of the pipeline within one year of final cleanup on the real property.
[81 Acts, ch 159, §2, 4]
95 Acts, ch 192, §16; 2018 Acts, ch 1041, §127

479.43 Damage agreement.
A pipeline company shall not install a pipeline until there is a written statement on file with the board as to how damages resulting from the construction of the pipeline shall be determined and paid, except in cases of eminent domain. The company shall provide a copy of the statement to the landowner.
[81 Acts, ch 159, §2, 5]

479.44 Negotiated fee.
In lieu of a one-time lump sum payment for an easement or other property interest allowing a pipeline to cross the property, a landowner and the pipeline company may negotiate an annual fee, to be paid over a fixed number of years. Unless the easement provides otherwise, the annual fee shall run with the land and shall be payable to the owner of record.
[81 Acts, ch 159, §2, 6]

479.45 Particular damage claims.
1. Compensable losses shall include, but are not limited to, all of the following:
   a. Loss or reduced yield of crops or forage on the pipeline right-of-way, whether caused directly by construction or from disturbance of usual farm operations.
   b. Loss or reduced yield of crops or yield from land near the pipeline right-of-way resulting from lack of timely access to the land or other disturbance of usual farm operations, including interference with irrigation.
   c. Fertilizer, lime, or organic material applied by the landowner to restore land disturbed by construction to full productivity.
§479.45, PIPELINES AND UNDERGROUND GAS STORAGE

479.46 Determination of installation damages.

1. The county board of supervisors shall determine when installation of a pipeline has been completed in that county for the purposes of this section. Not less than ninety days after the completion of installation, and if an agreement cannot be made as to damages, a landowner whose land was affected by the installation of the pipeline or a pipeline company may file with the board of supervisors a petition asking that a compensation commission determine the damages arising from the installation of the pipeline.

2. a. If the board of supervisors by resolution approves the petition, the landowner or pipeline company shall commence the proceeding by filing an application with the chief judge of the judicial district of the county for the appointment of a compensation commission as provided in section 6B.4.

  b. The application shall contain the following:

     (1) The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

     (2) A description of the nature of the damage claimed to have occurred and the amount of the damage claimed.

     (3) The name and address of the pipeline company claimed to have caused the damage or the name and address of the affected landowner.

3. a. After the commissioners have been appointed, the applicant shall serve notice on the pipeline company or the landowner stating the following:

     (1) That a compensation commission has been appointed to determine the damages caused by the installation of the pipeline.

     (2) The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

     (3) The date, time, and place when the commissioners will view the premises and proceed to appraise the damages and that the pipeline company or the landowner may appear before the commissioners.

     b. If more than one landowner petitions the county board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisement of damages shall be consolidated into one application, notice, and appraisement. The county attorney may assist in coordinating the consolidated application and notice, but does not become an attorney for the landowners by doing so.

4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the installation of the pipeline and they shall file their report with the sheriff. The appraisement of damages returned by the commissioners is final unless appealed. After the appraisement of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisement of damages was made, the amount of the appraisement, and that any interested party may appeal to the district court within thirty days of the date of mailing. The sheriff shall endorse
the date of mailing of notice on the original appraisement of damages. At the time of appeal, the appealing party shall give written notice to the adverse party or the party’s attorney and the sheriff.

5. Chapter 6B applies to this section to the extent it is applicable and consistent with this section.

6. The pipeline company shall pay all costs of the assessment made by the commissioners and reasonable attorney fees and costs incurred by the landowner as determined by the commissioners if the award of the commissioners exceeds one hundred ten percent of the final offer of the pipeline company prior to the determination of damages. The pipeline company shall file with the sheriff an affidavit setting forth the most recent offer made to the landowner. Commissioners shall receive a per diem of fifty dollars and actual and necessary expenses incurred in the performance of their official duties. The pipeline company shall also pay all costs occasioned by the appeal, including reasonable attorney fees to be taxed by the court, unless on the trial of the appeal the same or a lesser amount of damages is awarded than was allowed by the commission from which the appeal was taken.

7. As used in this section, “damages” means compensation for damages to the land, crops, and other personal property caused by the construction activity of installing a pipeline and its attendant structures but does not include compensation for a property interest, and “landowner” includes a farm tenant.

8. The provisions of this section do not apply if the easement provides for any other means of negotiation or arbitration.

§27

Referred to in §479.42

479.47 Subsequent tiling.

All additional costs of new tile construction caused by an existing pipeline shall be paid by the pipeline company. To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

479.48 Reversion on nonuse.

1. If a pipeline right-of-way, or any part of a pipeline right-of-way, is wholly abandoned for pipeline purposes by the relocation of the pipeline, is not used or operated for a period of five consecutive years, or if the construction of the pipeline has been commenced and work has ceased and has not in good faith resumed for five years, the right-of-way may revert as provided in this section to the person who, at the time of the abandonment or nonuse, is the owner of the tract from which such right-of-way was taken. For purposes of this section, a pipeline or a pipeline right-of-way is not considered abandoned or unused if it is transporting product or is being actively maintained with reasonable anticipation of a future use.

2. To effect a reversion on nonuse of right-of-way, the owner or holder of purported fee title to such real estate shall serve notice upon the owner of such right-of-way easement and, if filed of record, successors in interest and upon any party in possession of the real estate. The written notice shall accurately describe the real estate and easement in question, set out the facts concerning ownership of the fee, ownership of the right-of-way easement, and the period of abandonment or nonuse, and notify the parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless the parties shall, within one hundred twenty days after the completed service of notice, file an affidavit
with the county recorder of the county in which the real estate is located disputing the facts contained in the notice.

3. The notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication an affidavit shall not be required before publication. If an affidavit disputing the facts contained in the notice is not filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached and endorsed, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of such right-of-way.

4. Upon reversion of the easement, the landowner may require the pipeline company to remove any pipe or pipeline facility remaining on the property. Provisions of this chapter relating to damages shall apply when the pipeline is removed.

5. Unless otherwise agreed to in writing by the landowner and the pipeline company, if a pipeline right-of-way is abandoned for pipeline use, but the pipe is not removed from the right-of-way, the pipeline company shall remain subject to section 479.49, shall remain responsible for the additional costs of subsequent tiling as provided for in section 479.47, shall mark the location of the line in response to a notice of proposed excavation in accordance with chapter 480, and shall remain subject to the damage provisions of this chapter in the event access to or excavation relating to the pipe is required. The landowner shall provide reasonable access to the pipeline in order to carry out the responsibilities of this subsection.

479.49 Farmland improvements.

A landowner or contractor may require a representative of the pipeline company to be present on site, at no charge to the landowner, at all times during each phase and separate activity related to a farmland improvement within fifty feet of either side of a pipeline. If the pipeline company and the landowner or contractor constructing the farmland improvement mutually agree that a representative of the pipeline company is not required to be present, the requirements of this section are waived in relation to the farmland improvement which would have otherwise made the requirements of this section applicable. A farmland improvement includes, but is not limited to, the terracing of farmland and tiling.

CHAPTER 479A

INTERSTATE NATURAL GAS PIPELINES

Referred to in §6B.42, 474.1, 474.9, 479.1, 546.7

479A.1 Purpose.

It is the purpose of the general assembly in enacting this law to confer upon the utilities board the power and authority to act as an agent for the federal government in determining
pipeline company compliance with the standards of the federal government for pipelines within the boundaries of the state.
88 Acts, ch 1074, §1; 2005 Acts, ch 32, §2

479A.2 Definitions.
As used in this chapter, unless the context requires otherwise:
1. “Board” means the utilities board within the utilities division of the department of commerce.
2. “Pipeline” means an interstate pipe, pipes, or pipelines used for the transportation or transmission of natural gas within or through this state.
3. “Pipeline company” means a person engaged in or organized for the purpose of owning, operating, or controlling pipelines.
4. “Underground storage” means the storage of natural gas in a subsurface stratum or formation of the earth by a pipeline company.
88 Acts, ch 1074, §2
Referred to in §437A.5

479A.4 Construction inspection.
The board shall supervise pipelines, pipeline companies, and underground storage, and shall inspect the construction, maintenance, and condition of pipelines and underground storage facilities in accordance with section 479A.18. When inspecting for safety standard compliance, the board shall apply only United States department of transportation safety standards.
88 Acts, ch 1074, §4

479A.7 Annual inspection fee.
A pipeline company shall pay an annual inspection fee of fifty cents per mile of pipeline or fraction thereof for each inch of diameter of the pipeline located in this state. The annual inspection fee shall be paid for the calendar year in advance between January 1 and February 1 of each year.
88 Acts, ch 1074, §7

479A.8 Failure to pay — penalties. Repealed by 2005 Acts, ch 32, §3.

479A.9 Deposit of funds.
Moneys received under this chapter shall be credited to the department of commerce revolving fund created in section 546.12 as provided in section 476.10.
88 Acts, ch 1074, §9; 94 Acts, ch 1107, §84; 99 Acts, ch 85, §10, 11; 2009 Acts, ch 181, §55
Referred to in §476.10

479A.11 Damages.
A pipeline company operating pipelines or underground storage shall be given reasonable access to the pipelines and storage areas for the purpose of constructing, operating, maintaining, or locating their pipes, pumps, pressure apparatus, or other stations, wells, devices, or equipment used in or upon a pipeline or storage area, but shall pay the owner of the lands for the right of entry and the owner of crops on the land all damages caused by entering, using, or occupying the lands for these purposes; and shall pay to the owner of the lands, after the completion of construction of the pipeline or storage, all damages caused by settling of the soil along and above the pipeline, and wash or erosion of the soil along the
pipeline due to the construction of the pipeline. However, this section does not prevent the execution of an agreement with other terms between the pipeline company and the owner of the land or crops with reference to their use.

88 Acts, ch 1074, §11; 95 Acts, ch 192, §19

479A.12 through 479A.17 Repealed by 2005 Acts, ch 32, §3.

479A.18 **Federal inspection.**

The board may enter into agreements with and receive moneys from the United States department of transportation for the inspection of pipelines to determine compliance with the applicable standards of pipeline safety as provided by Pub. L. No. 103-272, as codified in 49 U.S.C. §60101 – 60125.

**479B.1 Purpose — authority.**

It is the purpose of the general assembly in enacting this law to grant the utilities board the authority to implement certain controls over hazardous liquid pipelines to protect landowners and tenants from environmental or economic damages which may result from the construction, operation, or maintenance of a hazardous liquid pipeline or underground storage facility within the state, to approve the location and route of hazardous liquid pipelines, and to grant rights of eminent domain where necessary.

95 Acts, ch 192, §28

**479B.2 Definitions.**

As used in this chapter, unless the context appears otherwise:

1. “Board” means the utilities board within the utilities division of the department of commerce.

3. “Pipeline” means an interstate pipe or pipeline and necessary appurtenances used for the transportation or transmission of hazardous liquids.

4. “Pipeline company” means a person engaged in or organized for the purpose of owning, operating, or controlling pipelines for the transportation or transmission of any hazardous liquid or underground storage facilities for the underground storage of any hazardous liquid.

5. “Underground storage” means storage of hazardous liquid in a subsurface stratum or formation of the earth.

6. “Utilities division” means the utilities division of the department of commerce.

95 Acts, ch 192, §29
Referred to in §214A.1

479B.3 Conditions attending operation.
A pipeline company shall not construct, maintain, or operate a pipeline or underground storage facility under, along, over, or across any public or private highways, grounds, waters, or streams of any kind in this state except in accordance with this chapter.

95 Acts, ch 192, §30

479B.4 Application for permit — informational meeting — notice.
1. A pipeline company doing business in this state shall file a verified petition with the board asking for a permit to construct, maintain, and operate a new pipeline along, over, or across the public or private highways, grounds, waters, and streams of any kind in this state. Any pipeline company now owning or operating a pipeline or underground storage facility in this state shall be issued a permit by the board upon supplying the information as provided for in section 479B.5, subsections 1 through 5, and meeting the requirements of section 479B.13.

2. A pipeline company doing business in this state and proposing to store hazardous liquid underground within this state shall file with the board a verified petition asking for a permit to construct, maintain, and operate facilities for the underground storage of hazardous liquid which includes the construction, placement, maintenance, and operation of machinery, appliances, fixtures, wells, pipelines, and stations necessary for the construction, maintenance, and operation of the underground storage facilities.

3. The pipeline company shall hold informational meetings in each county in which real property or property rights will be affected at least thirty days prior to filing the petition for a new pipeline. A member of the board, or a person designated by the board, shall serve as the presiding officer at each meeting and present an agenda for the meeting which shall include a summary of the legal rights of the affected landowners. No formal record of the meeting shall be required. The meeting shall be held at a location reasonably accessible to all persons who may be affected by granting the permit.

4. The pipeline company seeking the permit for a new pipeline shall give notice of the informational meeting to each landowner affected by the proposed project and each person in possession of or residing on the property. For the purposes of the informational meeting, “landowner” means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property and “pipeline” means a line transporting a hazardous liquid under pressure in excess of one hundred fifty pounds per square inch and extending a distance of not less than five miles or having a future anticipated extension of an overall distance of five miles.

5. a. The notice shall set forth the following:
(1) The name of the applicant.
(2) The applicant’s principal place of business.
(3) The general description and purpose of the proposed project.
(4) The general nature of the right-of-way desired.
(5) A map showing the route or location of the proposed project.
(6) That the landowner has a right to be present at the meeting and to file objections with the board.
(7) A designation of the time and place of the meeting.
   b. The notice shall be served by certified mail with return receipt requested not less
      than thirty days previous to the time set for the meeting, and shall be published once in a
      newspaper of general circulation in the county. The publication shall be considered notice
      to landowners whose residence is not known and to each person in possession of or residing
      on the property provided a good faith effort to notify can be demonstrated by the pipeline
      company.

5. A pipeline company seeking rights under this chapter shall not negotiate or purchase
   an easement or other interest in land in a county known to be affected by the proposed project
   prior to the informational meeting.

95 Acts, ch 192, §31; 2018 Acts, ch 1160, §28; 2019 Acts, ch 24, §68
Referred to in §479B.15
Section amended

479B.5 Petition.
A petition for a permit shall state all of the following:
1. The name of the individual, firm, corporation, company, or association applying for the
   permit.
2. The applicant’s principal office and place of business.
3. A legal description of the route of the proposed pipeline and a map of the route.
4. A general description of the public or private highways, grounds, waters, streams, and
   private lands of any kind along, over, or across which the proposed pipeline will pass.
5. If permission is sought to construct, maintain, and operate facilities for the
   underground storage of hazardous liquids the petition shall include the following additional
   information:
   a. A description and a map of the public or private highways, grounds, waters, streams, and
      private lands of any kind under which the storage is proposed.
   b. Maps showing the location of proposed machinery, appliances, fixtures, wells, and
      stations necessary for the construction, maintenance, and operation of the hazardous liquid
      storage facilities.
6. The possible use of alternative routes.
7. The relationship of the proposed project to the present and future land use and zoning
   ordinances.
8. The inconvenience or undue injury which may result to property owners as a result of
   the proposed project.
9. An affidavit attesting to the fact that informational meetings were held in each county
   affected by the proposed project and the time and place of each meeting.

95 Acts, ch 192, §32
Referred to in §479B.4, 479B.14

479B.6 Hearing — notice.
1. After the petition is filed, the board shall fix a date for a hearing and shall publish notice
   for two consecutive weeks, in a newspaper of general circulation in each county through
   which the proposed pipeline or hazardous liquid storage facilities will extend.
2. The hearing shall not be less than ten days nor more than thirty days from the date of
   the last publication of the notice. If the pipeline exceeds five miles in length, the hearing shall
   be held in the county seat of the county located at the midpoint of the proposed pipeline or
   the county in which the proposed hazardous liquid storage facility would be located.

95 Acts, ch 192, §33; 2018 Acts, ch 1041, §127

479B.7 Objections.
1. A person, including a governmental entity, whose rights or interests may be affected by
   the proposed pipeline or hazardous liquid storage facilities may file written objections.
2. All objections shall be on file with the board not less than five days before the date of
   hearing on the application. However, the board may permit the filing of the objections later
than five days before the hearing, in which event the applicant must be granted a reasonable
time to meet the objections.

95 Acts, ch 192, §34; 2019 Acts, ch 24, §104
Code editor directive applied

479B.8 Examination — testimony.
The board may examine the proposed route of the pipeline and location of the underground
storage facility. At the hearing the board shall consider the petition and any objections and
may hear testimony to assist the board in making its determination regarding the application.
95 Acts, ch 192, §35

479B.9 Final order — condition.
The board may grant a permit in whole or in part upon terms, conditions, and restrictions
as to location and route as it determines to be just and proper. A permit shall not be granted
to a pipeline company unless the board determines that the proposed services will promote
the public convenience and necessity.
95 Acts, ch 192, §36

479B.10 Costs and fees.
The applicant shall pay all costs of the informational meetings, hearing, and necessary
preliminary investigation including the cost of publishing notice of hearing, and shall pay the
actual unrecovered costs directly attributable to inspections conducted by the board.
95 Acts, ch 192, §37

479B.11 Inspection fee.
1. If the board enters into agreements with the United States department of transportation
pursuant to section 479B.23, a pipeline company shall pay an annual fee of fifty cents per
mile of pipeline or fraction thereof for each inch of diameter of the pipeline located in the
state. The inspection fee shall be paid to the board between January 1 and February 1 for the
calendar year.
2. The board shall collect all fees. Failure to pay any fee within thirty days from the due
date shall be grounds for revocation of the permit or assessment of civil penalties.
95 Acts, ch 192, §38; 2018 Acts, ch 1041, §127

479B.12 Use of funds.
All moneys received under this chapter, other than civil penalties collected pursuant to
section 479B.21, shall be remitted monthly to the treasurer of state and credited to the
department of commerce revolving fund created in section 546.12.
95 Acts, ch 192, §39; 2009 Acts, ch 181, §56

479B.13 Financial condition of permittee — bond.
Before a permit is granted under this chapter the applicant must satisfy the board that
the applicant has property within this state other than pipelines or underground storage
facilities, subject to execution of a value in excess of two hundred fifty thousand dollars,
or the applicant must file and maintain with the board a surety bond in the penal sum of
two hundred fifty thousand dollars with surety approved by the board, conditioned that
the applicant will pay any and all damages legally recovered against it growing out of the
construction, maintenance, or operation of its pipeline or underground storage facilities in
this state. When the pipeline company deposits with the board security satisfactory to the
board as a guaranty for the payment of the damages, or furnishes to the board satisfactory
proofs of its solvency and financial ability to pay the damages, the pipeline company is
relieved of the provisions requiring bond.
95 Acts, ch 192, §40
Referred to in §479B.4, 479B.14

479B.14 Permits — limitations — sale or transfer — records — extension.
1. The board shall prepare and issue permits. The permit shall show the name and address
of the pipeline company to which it is issued and identify the decision and order of the board under which the permit is issued. The permit shall be signed by the chairperson of the board and the official seal of the board shall be affixed to it.

2. The board shall not grant an exclusive right to any pipeline company to construct, maintain, or operate its pipeline along, over, or across any public or private highway, grounds, waters, or streams. The board shall not grant a permit for longer than twenty-five years.

3. A permit shall not be sold until the sale is approved by the board.

4. If a transfer of a permit is made before the construction for which it was issued is completed in whole or in part, the transfer shall not be effective until the pipeline company to which it was issued files with the board a notice in writing stating the date of the transfer and the name and address of the transferee.

5. The board shall keep a record of all permits granted by it, showing when and to whom granted and the location and route of the pipeline or underground storage facility, and if the permit has been transferred, the date and the name and address of the transferee.

6. A pipeline company may petition the board for an extension of a permit granted under this section by filing a petition containing the information required by section 479B.5, subsections 1 through 5, and meeting the requirements of section 479B.13.

95 Acts, ch 192, §41; 2019 Acts, ch 24, §104

Code editor directive applied

479B.15 Entry for land surveys. After the informational meeting or after the filing of a petition if no informational meeting is required, a pipeline company may enter upon private land for the purpose of surveying and examining the land to determine direction or depth of pipelines by giving ten days’ written notice by restricted certified mail to the landowner as defined in section 479B.4 and to any person residing on or in possession of the land. The entry for land surveys shall not be deemed a trespass and may be aided by injunction. The pipeline company shall pay the actual damages caused by the entry, survey, and examination.

95 Acts, ch 192, §42

479B.16 Eminent domain.

1. A pipeline company granted a pipeline permit shall be vested with the right of eminent domain, to the extent necessary and as prescribed and approved by the board, not exceeding seventy-five feet in width for right-of-way and not exceeding one acre in any one location in addition to right-of-way for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline. The board may grant additional eminent domain rights where the pipeline company has presented sufficient evidence to adequately demonstrate that a greater area is required for the proper construction, operation, and maintenance of the pipeline or for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline.

2. A pipeline company granted a permit for underground storage of hazardous liquid shall be vested with the right of eminent domain to the extent necessary and as prescribed and approved by the board in order to appropriate for its use for the underground storage of hazardous liquid any subsurface stratum or formation in any land which the board shall have found to be suitable and in the public interest for the underground storage of hazardous liquid, and may appropriate other interests in property, as may be required adequately to examine, prepare, maintain, and operate the underground storage facilities.

3. This chapter does not authorize the construction of a pipeline longitudinally on, over, or under any railroad right-of-way or public highway, or at other than an approximate right angle to a railroad track or public highway without the consent of the railroad company, the state department of transportation, or the county board of supervisors, and this chapter does not authorize or give the right of condemnation or eminent domain for such purposes.

95 Acts, ch 192, §43; 2018 Acts, ch 1041, §127
479B.17 Damages.
A pipeline company operating a pipeline or an underground storage facility shall have reasonable access to the pipeline or underground storage facility for the purpose of constructing, operating, maintaining, or locating pipes, pumps, pressure apparatus, or other stations, wells, devices, or equipment used in or upon the pipeline or underground storage facility. A pipeline company shall pay the owner of the land for the right of entry and the owner of crops for all damages caused by entering, using, or occupying the lands and shall pay to the owner all damages caused by the completion of construction of the pipeline due to wash or erosion of the soil at or along the location of the pipeline and due to the settling of the soil along and above the pipeline. However, this section does not prevent the execution of an agreement between the pipeline company and the owner of the land or crops with reference to the use of the land.
95 Acts, ch 192, §44, 62

479B.18 Venue.
In all cases arising under this chapter, the district court of any county in which property of a pipeline company is located has jurisdiction of a case involving the pipeline company.
95 Acts, ch 192, §45

479B.19 Orders — enforcement.
If the pipeline company fails to obey an order within the period of time determined by the board, the board may commence an equitable action in the district court of the county where the pipeline, device, apparatus, equipment, or underground storage facility is located to compel compliance with its order. If, after trial, the court finds that the order is reasonable, equitable, and just, the court shall decree a mandatory injunction compelling obedience to and compliance with the order and may grant other relief as may be just and proper. Appeal from the decree may be taken in the same manner as in other actions.
95 Acts, ch 192, §46

479B.20 Land restoration standards.
1. The board, pursuant to chapter 17A, shall adopt rules establishing standards for the restoration of agricultural lands during and after pipeline or underground storage facility construction. In addition to the requirements of section 17A.4, the board shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. Any county board of supervisors may, under the provisions of chapter 17A, and subsequent to the rulemaking proceedings, petition under those provisions for additional rulemaking to establish standards for land restoration after pipeline construction within that county. Upon the request of the petitioning county, the board shall schedule a hearing to consider the merits of the petition. Rules adopted under this section shall not apply to land located within city boundaries unless the land is used for agricultural purposes. Rules adopted under this section shall address, but are not limited to, all of the following subject matters:
   a. Topsoil separation and replacement.
   b. Temporary and permanent repair to drain tile.
   c. Removal of rocks and debris from the right-of-way.
   d. Restoration of areas of soil compaction.
   e. Restoration of terraces, waterways, and other erosion control structures.
   f. Revegetation of untilled land.
   g. Future installation of drain tile or soil conservation structures.
   h. Restoration of land slope and contour.
   i. Restoration of areas used for field entrances and temporary roads.
   j. Construction in wet conditions.
   k. Designation of a pipeline company point of contact for landowner inquiries or claims.
2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county. A licensed professional engineer familiar with the standards adopted under this
§479B.20, HAZARDOUS LIQUID PIPELINES AND STORAGE FACILITIES

section and registered under chapter 542B shall be responsible for the inspection. A county board of supervisors may contract for the services of a licensed professional engineer for the purposes of the inspection. The reasonable costs of the inspection shall be paid by the pipeline company.

3. If the inspector determines that there has been a violation of the standards adopted under this section, of the land restoration plan, or of an independent agreement on land restoration or line location executed in accordance with subsection 10, the inspector shall give oral notice, followed by written notice, to the pipeline company and the contractor operating for the pipeline company and order corrective action to be taken in compliance with the standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. An inspector shall adequately inspect underground improvements altered during construction of the pipeline. An inspection shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and backfilling. The pipeline company and its contractor shall keep an inspector continually informed of the work schedule and any schedule changes. If proper notice is given, construction shall not be delayed due to an inspector’s failure to be present on the site.

5. If the pipeline company or its contractor does not comply with the requirements of this section, with the land restoration plan or line location, or with an independent agreement on land restoration executed in accordance with subsection 10, the county board of supervisors may petition the board for an order requiring corrective action to be taken. In addition, the county board of supervisors may file a complaint with the board seeking imposition of civil penalties under section 479B.21.

6. The pipeline company shall allow landowners and the inspector to view the proposed center line of the pipeline prior to commencing trenching operations to ensure that construction takes place in its proper location.

7. An inspector may temporarily halt the construction if the construction is not in compliance with this chapter and the standards adopted pursuant to this chapter, the land restoration plan, or the terms of an independent agreement with the pipeline company regarding land restoration or line location executed in accordance with subsection 10, until the inspector consults with the supervisory personnel of the pipeline company.

8. The board shall instruct inspectors appointed by the board of supervisors regarding the content of the statutes and rules and the inspectors’ responsibility to require construction conforming with the standards provided by this chapter.

9. Petitioners for a permit for pipeline construction shall file with the petition a written land restoration plan showing how the requirements of this section, and of rules adopted pursuant to this section, will be met. The company shall provide copies of the plan to all landowners of property that will be disturbed by the construction.

10. This section does not preclude the application of provisions for protecting or restoring property that are different than those prescribed in this section, in rules adopted under this section, or in the land restoration plan, if the alternative provisions are contained in agreements independently executed by the pipeline company and the landowner, and if the alternative provisions are not inconsistent with state law or with rules adopted by the board. Independent agreements on land restoration or line location between the landowner and pipeline company shall be in writing and a copy provided to the county inspector.

11. For the purposes of this section, “construction” includes the removal of a previously constructed pipeline.

12. The requirements of this section shall apply only to pipeline construction projects commenced on or after June 1, 1999.

95 Acts, ch 192, §47; 99 Acts, ch 85, §7, 11

479B.21 Civil penalty.

1. A person who violates this chapter or any rule or order issued pursuant to this chapter shall be subject to a civil penalty levied by the board in an amount not to exceed one thousand
dollars for each violation. Each day that the violation continues shall constitute a separate offense. However, the maximum civil penalty shall not exceed two hundred thousand dollars for any related series of violations. Civil penalties collected pursuant to this section shall be forwarded by the chief operating officer of the board to the treasurer of state to be credited to the general fund of the state and appropriated to the division of community action agencies of the department of human rights for purposes of the low income home energy assistance program and the weatherization assistance program.

2. A civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the pipeline company charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action.

479B.22 Rehearing — judicial review.
Rehearing procedure for any person aggrieved by actions of the board under this chapter shall be as provided in section 476.12. Judicial review may be sought in accordance with the terms of chapter 17A.

95 Acts, ch 192, §49

479B.23 Authorized federal aid.
The board may enter into agreements with and receive moneys from the United States department of transportation for the inspection of pipelines to determine compliance with applicable standards of pipeline safety, and for enforcement of the applicable standards of pipeline safety as provided by 49 U.S.C. §60101 et seq.

95 Acts, ch 192, §50
Referred to in §479B.11

479B.24 Cancellation.
A pipeline company seeking to acquire an easement or other property interest for the construction, maintenance, or operation of a pipeline or underground storage facility shall do all of the following:

1. Allow the landowner or a person serving in a fiduciary capacity on the landowner’s behalf to cancel an agreement granting an easement or other interest by restricted certified mail to the pipeline company’s principal place of business if received by the pipeline company within seven days, excluding Saturday and Sunday, of the date of the agreement and inform the landowner or the fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or the fiduciary.

2. Provide the landowner or a person serving in a fiduciary capacity in the landowner’s behalf with a form in duplicate for the notice of cancellation.

3. Not record an agreement until after the period for cancellation has expired.

4. Not include in the agreement a waiver of the right to cancel in accordance with this section. The landowner or a person serving in a fiduciary capacity in the landowner’s behalf may exercise the right of cancellation only once for each pipeline project.

95 Acts, ch 192, §51

479B.25 Arbitration agreements.
1. If an easement or other written agreement between a landowner and a pipeline company provides for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline or underground storage facility, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a magistrate
in the county where the real property is located for the appointment of an arbitrator to serve in the stead of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the petitioning of the magistrate by restricted certified mail to the other party and file proof of mailing with the petition.

2. If after hearing, the magistrate finds that the landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.

3. For purposes of this section only, “landowner” means the person who signed the easement or other written agreement, or the person’s heirs, successors, and assigns.

95 Acts, ch 192, §52, 62; 2018 Acts, ch 1041, §127

479B.26 Subsequent pipeline or underground storage facility.

1. A pipeline company shall not construct a subsequent pipeline or underground storage facility upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved unless that claim is under litigation or arbitration, or is the subject of a proceeding pursuant to section 479B.30.

2. With the exception of claims for damage to drain tile and future crop deficiency, for this section to apply, landowners and tenants must submit their claims in writing for damages caused by construction of the pipeline or underground storage facility within one year of final cleanup on the real property by the pipeline company.

95 Acts, ch 192, §53; 2018 Acts, ch 1041, §127

479B.27 Damage agreement.

A pipeline company shall not construct a pipeline or underground storage facility until a written statement is on file with the board as to how damages resulting from the construction of the pipeline shall be determined and paid, except in cases of eminent domain. The pipeline company shall provide a copy of the statement to the landowner.

95 Acts, ch 192, §54

479B.28 Negotiated fee.

In lieu of a one-time lump sum payment for an easement or other property interest allowing a pipeline to cross property or allowing underground storage of hazardous liquids, a landowner and the pipeline company may negotiate an annual fee, to be paid over a fixed number of years. Unless the easement provides otherwise, the annual fee shall run with the land and shall be payable to the owner of record.

95 Acts, ch 192, §55

479B.29 Particular damage claims.

1. Compensable losses shall include, but are not limited to, all of the following:

a. Loss or reduced yield of crops or forage on the pipeline right-of-way, whether caused directly by construction or from disturbance of usual farm operations.

b. Loss or reduced yield of crops or yield from land near the pipeline right-of-way resulting from lack of timely access to the land or other disturbance of usual farm operations, including interference with irrigation.

c. Fertilizer, lime, or organic material applied by the landowner to restore land disturbed by construction to full productivity.

d. Loss of or damage to trees of commercial or other value that occurs at the time of construction, restoration, or at the time of any subsequent work by the pipeline company.

e. The cost of or losses in moving or relocating livestock, and the loss of gain by or the death or injury of livestock caused by the interruption or relocation of normal feeding.

f. Erosion on lands attributable to pipeline construction.

g. Damage to farm equipment caused by striking a pipeline, debris, or other material reasonably associated with pipeline construction while engaged in normal farming operations as defined in section 480.1.
2. A claim for damage for future crop deficiency within the easement strip shall not be precluded from renegotiation under section 6B.52 on the grounds that it was apparent at the time of settlement unless the settlement expressly releases the pipeline company from claims for damage to the productivity of the soil. The landowner shall notify the pipeline company in writing fourteen days prior to harvest in each year to assess crop deficiency.

95 Acts, ch 192, §56, 62; 99 Acts, ch 85, §8, 11

479B.30 Determination of construction damages.

1. The county board of supervisors shall determine when construction of a pipeline or underground storage facility has been completed in that county for the purposes of this section. Not less than ninety days after the completion of construction and if an agreement cannot be made as to damages, a landowner whose land was affected by the construction of the pipeline or underground storage facility or the pipeline company may file with the board of supervisors a petition asking that a compensation commission determine the damages arising from construction of the pipeline.

2. If the board of supervisors by resolution approves the petition, the landowner or pipeline company shall commence the proceeding by filing an application with the chief judge of the judicial district for the county for the appointment of a compensation commission as provided in section 6B.4. The application shall contain all of the following information:

   a. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

   b. A description of the nature of the damage claimed to have occurred and the amount of the damage claimed.

   c. The name and address of the pipeline company claimed to have caused the damage or the name and address of the affected landowner:

   3. a. After the commissioners have been appointed, the applicant shall serve notice on the pipeline company or the landowner stating all of the following:

      (1) That a compensation commission has been appointed to determine the damages caused by the construction of the pipeline or underground storage facility.

      (2) The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

      (3) The date, time, and place when the commissioners will view the premises and proceed to appraise the damages and that the pipeline company or landowner may appear before the commissioners.

   b. If more than one landowner petitions the county board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisement of damages shall be consolidated into one application, notice, and appraisement. The county attorney may assist in coordinating the consolidated application and notice, but does not become an attorney for the landowners by doing so.

   4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the construction of the pipeline or underground storage facility and they shall file their report with the sheriff. The appraisement of damages returned by the commissioners is final unless appealed. After the appraisement of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisement of damages was made, the amount of the appraisement, and that any interested party may appeal to the district court within thirty days of the date of mailing. The sheriff shall endorse the date of mailing of notice on the original appraisement of damages. At the time of appeal, the appealing party shall give written notice to the adverse party or the party’s attorney and the sheriff.

   5. Chapter 6B applies to this section to the extent it is applicable and consistent with this section.

   6. The pipeline company shall pay all costs of the assessment made by the commissioners and reasonable attorney fees and costs incurred by the landowner as determined by the commissioners if the award of the commissioners exceeds one hundred ten percent of the
§479B.30, HAZARDOUS LIQUID PIPELINES AND STORAGE FACILITIES

The final offer of the pipeline company prior to the determination of damages. The pipeline company shall file with the sheriff an affidavit setting forth the most recent offer made to the landowner. Commissioners shall receive a per diem of fifty dollars and actual and necessary expenses incurred in the performance of their official duties. The pipeline company shall also pay all costs occasioned by the appeal, including reasonable attorney fees to be taxed by the court, unless on the trial of the appeal the same or a lesser amount of damages is awarded than was allowed by the commission from which the appeal was taken.

7. As used in this section, “damages” means compensation for damages to the land, crops, and other personal property caused by the construction of a pipeline and its attendant structures or underground storage facility but does not include compensation for a property interest, and “landowner” includes a farm tenant.

8. The provisions of this section do not apply if the easement provides for any other means of negotiation or arbitration.

Referred to in §479B.26

479B.31 Subsequent tiling.

All additional costs of new tile construction caused by an existing pipeline or underground storage facility shall be paid by the pipeline company. To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

Referred to in §479B.32

479B.32 Reversion on nonuse.

1. If a pipeline right-of-way, or any part of the pipeline right-of-way, is wholly abandoned for pipeline purposes by the relocation of the pipeline, is not used or operated for a period of five consecutive years, or if the construction of the pipeline has been commenced and work has ceased and has not in good faith resumed for five years, the right-of-way may revert as provided in this section to the person who, at the time of the abandonment or nonuse, is the owner of the tract from which such right-of-way was taken. For purposes of this section, a pipeline or a pipeline right-of-way is not considered abandoned or unused if it is transporting product or is being actively maintained with reasonable anticipation of a future use.

2. To effect a reversion on nonuse of right-of-way, the owner or holder of purported fee title to such real estate shall serve notice upon the owner of such right-of-way easement and, if filed of record, successors in interest and upon any party in possession of the real estate. The written notice shall accurately describe the real estate and easement in question, set out the facts concerning ownership of the fee, ownership of the right-of-way easement, and the period of abandonment or nonuse, and notify the parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless the parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in the notice.

3. The notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication an affidavit shall not be required before publication. If an affidavit disputing the facts contained in the notice is not filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached and endorsed, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of such right-of-way.

4. Upon reversion of the easement, the landowner may require the pipeline company to
remove any pipe or pipeline facility remaining on the property. Provisions of this chapter relating to damages shall apply when the pipeline is removed.

5. Unless otherwise agreed to in writing by the landowner and the pipeline company, if a pipeline right-of-way is abandoned for pipeline use, but the pipe is not removed from the right-of-way, the pipeline company shall remain subject to section 479B.33, shall remain responsible for the additional costs of subsequent tiling as provided for in section 479B.31, shall mark the location of the line in response to a notice of proposed excavation in accordance with chapter 480, and shall remain subject to the damage provisions of this chapter in the event access to or excavation relating to the pipe is required. The landowner shall provide reasonable access to the pipeline in order to carry out the responsibilities of this subsection.

Service of original notice, R.C.P. 1.302 – 1.315

### 479B.33 Farmland improvements.

A landowner or contractor may require a representative of the pipeline company to be present on site, at no charge to the landowner, at all times during each phase and separate activity related to a farmland improvement within fifty feet of either side of a pipeline. If the pipeline company and the landowner or contractor constructing the farmland improvement mutually agree that a representative of the pipeline company is not required to be present, the requirements of this section are waived in relation to the farmland improvement which would have otherwise made the requirements of this section applicable. A farmland improvement includes, but is not limited to, the terracing of farmland and tiling.

### 480.1 Definitions.

1. “Board” means the board of directors of the notification center.
2. “Damage” means any impact with, destruction, impairment, or penetration of, or removal of support from an underground facility, including damage to its protective coating, housing, or device.
3. “Emergency” means a condition where there is clear and immediate danger to life or health, or essential services, or a potentially significant loss of property.
4. a. “Excavation” means an operation in which a structure or earth, rock, or other material in or on the ground is moved, removed, or compressed, or otherwise displaced by means of any tools, equipment, or explosives and includes but is not limited to grading, trenching, tiling, digging, ditching, drilling, augering, tunneling, scraping, cable or pipe plowing, driving, and demolition of structures.
   b. “Excavation” does not include normal farming operations, residential, commercial, or similar gardening, the opening of a grave site in a cemetery, normal activities involved in
land surveying pursuant to chapter 542B, operations in a solid waste disposal site which has planned for underground facilities, the replacement of an existing traffic sign at its current location and at no more than its current depth, and normal road or highway maintenance which does not change the original grade of the roadway or the ditch.

5. “Excavator” means a person proposing to engage or engaging in excavation.

6. “Normal farming operations” means plowing, cultivation, planting, harvesting, and similar operations routine to most farms, but excludes chisel plowing, sub-soiling, or ripping more than fifteen inches in depth, drain tile excavating, terracing, digging or driving a post in a new location other than replacing a post while repairing a fence in its existing location, and similar operations.

7. “Notification center” means the statewide notification center established in section 480.3.

8. “Operator” means a person owning or operating an underground facility including but not limited to public, private, and municipal utilities. An operator does not include a person who owns or otherwise lawfully occupies real property where an underground facility is located only for the use and benefit of the owner or occupant on the property.

9. “Person” means a person as defined in section 4.1, subsection 20.

10. “Underground facility” means an item of personal property owned or leased by the operator which is buried or placed below ground for use in connection with the storage or conveyance of, or the provision of services supplying water, sewage, electronic, telephonic, or telegraphic communications, electric energy, hazardous liquids, or petroleum products including natural gas or other substances, and includes but is not limited to pipes, sewers, conduits, cables, valves, lines, wires, manholes, and attachments to such property but does not include sanitary sewer laterals, storm sewer laterals, and water service lines providing service to abutting private properties.

Referred to in §479.45, 479B.29

480.1A Applicability — prohibition.
This chapter applies to any excavation unless otherwise provided by law. A person shall not engage in any excavation unless the requirements of this chapter have been satisfied.

92 Acts, ch 1103, §2

480.2 Public deposit of location information. Repealed by 92 Acts, ch 1103, §11, 12.

480.3 Notification center established — participation.

1. a. A statewide notification center is established and shall be organized as a nonprofit corporation pursuant to chapter 504.

(1) The center shall be governed by a board of directors which shall represent and be elected by operators, excavators, and other persons who participate in the center. The board, with input from all interested parties, shall determine the operating procedures and technology needed for a single statewide notification center and establish a notification process.

(2) In addition, the board shall either establish a competitive bidding procedure to select a vendor to provide the notification service or retain sufficient and necessary staff to provide the notification service.

(a) If a vendor is selected, the vendor contract shall be for a three-year period, which may be extended upon the approval of the board for a period not exceeding an additional three years. The terms of the vendor contract may be modified from time to time by the board and the vendor. The contract shall be reviewed, with an opportunity to receive new bids, at the end of the term of the contract.

(b) If the board retains staff to provide the notification service, the board, at the board’s discretion, may review the notification service at any time and make a determination to use the competitive bidding procedure to select a vendor.

b. Upon the selection of a vendor pursuant to paragraph “a,” the board shall notify the chairperson of the utilities board in writing of the selection. The board shall submit an annual
report to the chairperson of the utilities board including an annual audit and review of the services provided by the notification center and the vendor.

c. The board is subject to chapters 21 and 22.

2. The board shall implement the latest and most cost-effective technological improvements for the center in order to provide operators and excavators with the most accurate data available and in a timely manner to allow operators and excavators to perform their responsibilities with the minimum amount of interruptions.

3. Every operator shall participate in and share in the costs of the notification center. The financial condition and the transactions of the notification center shall be audited at least once each year by a certified public accountant. The notification center shall not provide any form of aid or make a contribution to a political party or to the campaign of a candidate for political or public office. In addition to any applicable civil penalty, as provided in section 480.6, a violation of this section constitutes a simple misdemeanor.

Referred to in §423.3, 480.1

480.4 Required notice — location and marking of underground facilities — exception.

1. a. Except as otherwise provided in this section, prior to any excavation, an excavator shall contact the notification center and provide notice of the planned excavation. This notice must be given at least forty-eight hours prior to the commencement of the excavation, excluding Saturdays, Sundays, and legal holidays. Notices received after 5:00 p.m. shall be processed as if received at 8:00 a.m. the next business day. The notice shall be valid for twenty calendar days from the date the notice was provided to the notification center. If all locating and marking of underground facilities is completed prior to the expiration of the forty-eight-hour period, the excavator may proceed with excavation upon being notified by the notification center that the locating and marking of all underground facilities is complete. The notification center shall establish a toll-free telephone number to allow excavators to provide the notice required pursuant to this subsection.

b. A notice provided pursuant to this subsection for a location within a city shall include the following information:

(1) A street address or block and lot numbers, or both, of the proposed area of excavation.
(2) The name and address of the excavator.
(3) The excavator’s telephone number.
(4) The type and extent of the proposed excavation.
(5) Whether the discharge of explosives is anticipated.
(6) The date and time when excavation is scheduled to begin.
(7) Approximate location of the excavation on the property.
(8) If known, the name of the housing development and property owner.

c. A notice provided pursuant to this subsection for a location outside a city shall include the following information:

(1) The name of the county, township, range, and section.
(2) The name and address of the excavator.
(3) The excavator’s telephone number.
(4) The type and extent of the proposed excavation.
(5) Whether the discharge of explosives is anticipated.
(6) The date and time when excavation is scheduled to begin.
(7) Approximate location of the excavation on the property.
(8) If known, the quarter section, 911 address and global positioning system coordinate, name of property owner, name of housing development with street address or block and lot numbers, or both.

d. For purposes of the requirements of this section, an excavation commences the first time excavation occurs in an area that was not previously identified by the excavator in an excavation notice.

e. At the time of giving notice to the notification center pursuant to this subsection, an
§480.4, UNDERGROUND FACILITIES INFORMATION

Excavator shall use white paint, white flags, white stakes, or a combination thereof, to mark the proposed area of excavation, unless one of the following applies:

1. The precise location, direction, size, and length of the proposed excavation area can be clearly and adequately defined and described during the call to the notification center or during an onsite preconstruction meeting.

2. Electronic means of white-lining is supported by the notification center and used by the excavator.

3. Physical premarking can be shown to be impractical.

2. The notification center, upon receiving notice from an excavator, shall immediately transmit the information contained in the notice to each operator in the area of the proposed excavation and provide the names of all operators in that area to the excavator. The notification center shall assign an inquiry identification number to each notice and shall maintain a record of each notice for at least six years from the date the notice is received. The notification center shall not assess an operator who requests in writing not to receive a notification of its own excavations for any portion of the costs associated with such excavations.

3. a. (1) An operator who receives notice from the notification center shall mark the horizontal location of the operator’s underground facility and the excavator shall use due care in excavating in the marked area to avoid damaging the underground facility. The operator shall complete such locating and marking, and shall notify the notification center that the marking is complete within forty-eight hours after receiving the notice, excluding Saturdays, Sundays, and legal holidays, unless otherwise agreed by the operator and the excavator. No later than the expiration of the forty-eight-hour period, excluding Saturdays, Sundays, and legal holidays, the notification center shall notify the excavator of the underground facility locating and marking status, or the failure of the operator to notify the center that the locating and marking is complete. The locating and marking of the underground facilities shall be completed at no cost to the excavator. If, in the opinion of the operator, the planned excavation requires that the precise location of the underground facilities be determined, the excavator, unless otherwise agreed upon between the excavator and the operator, shall hand dig test holes to determine the location of the facilities unless the operator specifies an alternate method.

2. The marking required under this subsection shall be done in a manner that will last for a minimum of five working days on any nonpermanent surface, or a minimum of ten working days on any permanent surface. If the excavation will continue for any period longer than such periods, the operator shall remark the location of the underground facility upon the request of the excavator. The request shall be made through the notification center.

3. Unless otherwise agreed by the operator and excavator in writing, no excavation shall be performed within twenty-five feet of an underground natural gas transmission line as defined in 49 C.F.R. §192.3 unless a representative of the operator of the underground natural gas transmission line is present at the planned excavation area. This requirement shall not apply, however, when a representative of the operator fails to be present at the proposed excavation area at the time work is scheduled to commence or as otherwise agreed by the operator and excavator in writing. In this event, the excavator shall notify the operator that the representative failed to appear, and excavation operations can begin, provided the excavator uses due care to avoid damaging the underground facilities.

b. An operator who receives notice from the notification center and who determines that the operator does not have any underground facility located within the proposed area of excavation shall notify the notification center concerning this determination within forty-eight hours after receiving the notice, excluding Saturdays, Sundays, and legal holidays. No later than the expiration of the forty-eight-hour period, excluding Saturdays, Sundays, and legal holidays, the notification center shall notify the excavator that the operator does not have any underground facilities within the proposed area of excavation.

c. For purposes of this chapter, the “horizontal location of any underground facility” is defined as including an area eighteen inches on either side of the underground facility.

d. For the purposes of this chapter, notifications provided to the excavator by the operator
or by the notification center shall be provided in a consistent manner to be established by the board.

4. An excavator is responsible for preserving the markings required in subsection 3 at all times during the excavation. If the markings will be destroyed or otherwise altered during the excavation, the excavator must establish suitable reference points which will enable the excavator to locate the underground facility at all times during the excavation.

5. The operator shall mark the location of any underground facility to conform with the uniform color code established by the American public works association’s utility location and coordination council.

6. The only exception to this section shall be when an emergency exists. Under such conditions, excavation operations can begin immediately, provided reasonable precautions are taken to protect the underground facilities. The excavator shall notify the notification center of the excavation as soon as practical.

480.5 Damage to underground facility — report to operator.

1. An excavator shall as soon as practical notify the operator when any damage occurs to an underground facility as a result of an excavation. The notice shall include the type of facility damaged and the extent of the damage. If damage occurs, an excavator shall refrain from backfilling in the immediate area of the underground facilities until the damage has been investigated by the operator, unless the operator authorizes otherwise.

2. If the damage results in an emergency, the excavator shall take all reasonable actions to alleviate the emergency including but not limited to the evacuation of the affected area. The excavator shall leave all equipment situated where the equipment was at the time the emergency was created and immediately contact the operator and appropriate authorities and necessary emergency response agencies.

480.6 Civil penalties.

1. A person who violates a provision of this chapter is subject to a civil penalty as follows:

a. For a violation related to natural gas and hazardous liquid pipelines, an amount not to exceed ten thousand dollars for each violation for each day the violation continues, up to a maximum of five hundred thousand dollars.

b. For a violation related to any other underground facility, an amount not to exceed one thousand dollars for each violation for each day the violation continues, up to a maximum of twenty thousand dollars.

2. The attorney general, upon the receipt of a complaint, may institute any legal proceedings necessary to enforce the penalty provisions of this chapter.

3. All amounts collected pursuant to this section shall be remitted to the treasurer of state, who shall deposit the amount in the general fund of the state.

480.8 Local ordinances and regulations unaffected.

This chapter does not affect or impair any local ordinances or other provisions of law requiring permits to be obtained before excavation. However, a permit issued by any governing body does not relieve the excavator from complying with the requirements of this chapter, unless the governing body is the excavator and the governing body and the
operator have agreed in writing to waive notification under this chapter. However, such an agreement shall not be considered in the issuance of any required permit.  
92 Acts, ch 1103, §8

480.9 Liability for owner of farmland.  
An owner of farmland used in a farm operation, as defined in section 352.2, who complies with the requirements of this chapter shall not be held responsible for any damages to an underground facility, including fiberoptic cable, if the damage occurred on the farmland in the normal course of the farm operation, unless the owner intentionally damaged the underground facility or acted with wanton disregard or recklessness in causing the damage to the underground facility. For purposes of this section, an “owner” includes a family member, employee, or tenant of the owner.  
95 Acts, ch 192, §59

480.10 Communications not precluded.  
This chapter shall not be interpreted to preclude an excavator, an operator, or the notification center from having or engaging in communications in addition to the notification requirements specified in this chapter.

The general assembly finds that it is in the public interest to define the right of local governments to charge public utilities for the location and operation of public utility facilities in local government rights-of-way.  
98 Acts, ch 1148, §3, 9

480A.2 Definitions.  
As used in this chapter, unless the context otherwise requires:
1. “Local government” means a county, city, township, school district, or any special-purpose district or authority.
2. “Management costs” means the reasonable, direct, and fully documented costs a local government actually incurs to manage public rights-of-way.
3. “Public right-of-way” means the area on, below, or above a public roadway, highway, street, bridge, cartway, bicycle lane, or public sidewalk in which the local government has an interest, including other dedicated rights-of-way for travel purposes and utility easements. A public right-of-way does not include the airwaves above a public right-of-way with regard to cellular or other nonwire telecommunications or broadcasts service or utility poles owned by a local government or a municipal utility.
4. “Public utility” means a person owning or operating a facility used for furnishing natural gas by piped distribution system, electricity, communications services not including cable television systems, or water by piped distribution system, to the public for compensation.  
98 Acts, ch 1148, §4, 9; 2019 Acts, ch 121, §1
Subsection 2 amended
480A.3 Fees.
1. A local government shall not recover any fee from a public utility for the use of its available right-of-way, other than a permit fee for management costs attributable to the public utility’s requested use of the local government’s right-of-way. A fee or other obligation under this section shall be imposed on a competitively neutral basis. When a local government’s management costs cannot be attributed to only one entity, those costs shall be allocated among all users of the public rights-of-way, including the local government itself. The allocation shall reflect proportionately the costs incurred by the local government as a result of the various types of uses of the public rights-of-way.
2. This section does not:
   a. Prohibit the collection of a franchise fee as permitted in section 480A.6.
   b. Prohibit voluntary agreements between a public utility and local government to share services for the purpose of reducing costs and preserving public rights-of-way for future public safety purposes.

98 Acts, ch 1148, §5, 9; 2019 Acts, ch 121, §2
Referred to in §480A.6
Section amended

480A.4 In-kind services.
A local government, in lieu of a fee imposed under this chapter, shall not require in-kind services by a public utility right-of-way user or require in-kind services as a condition of the use of the local government’s public right-of-way, unless pursuant to a voluntary agreement between a public utility and local government to share services for the purpose of reducing costs and preserving public rights-of-way for future public safety purposes.

98 Acts, ch 1148, §6, 9; 2019 Acts, ch 121, §3
Section amended

480A.5 Arbitration.
1. A public utility that is denied registration, denied a right-of-way permit, that has its right-of-way permit revoked, or that believes that the fees imposed on such user by the local government do not conform to the requirements of this chapter may request in writing that such denial, revocation, or fee imposition be reviewed by the governing body of the local government. The governing body of the local government shall act within sixty days on a timely written request. A decision by the governing body affirming the denial, revocation, or fee imposition must be in writing and supported by written findings establishing the reasonableness of the decision.
2. Upon affirmation by the governing body of the denial, revocation, or fee imposition, the public utility may do either of the following:
   a. With the consent of the governing body, have the matter finally resolved by binding arbitration. Binding arbitration must be before an arbitrator agreed to by both the local government and the public utility. If the parties are unable to agree on an arbitrator, the matter shall be resolved by a three-person arbitration panel made up of one arbitrator selected by the local government, one arbitrator selected by the public utility, and one arbitrator selected by the other two arbitrators. The cost and expense of a single arbitrator shall be borne equally by the local government and the public utility. If a three-person arbitration panel is selected, each party shall bear the expense of its own arbitrator and the parties shall jointly and equally bear the cost and expense of the third arbitrator, and of the arbitration. Each party to the arbitration shall pay its own costs, disbursements, and attorney fees.
   b. Bring an action in district court to review a decision of the governing body made under this section.

98 Acts, ch 1148, §7, 9

480A.6 Franchise ordinance not superseded.
This chapter does not modify or supersede the rights and obligations of a local government and the public utility established by the terms of any existing or future franchise granted, approved, and accepted pursuant to section 364.2, subsection 4. A city which collects a city
franchise fee from an entity pursuant to section 364.2, subsection 4, under an existing or future franchise, shall not also collect a fee from that entity under section 480A.3.

481A.5 State game refuges.
1. The commission may establish state game refuges or sanctuaries on any land owned by the state of Iowa suitable for this purpose when necessary for the preservation of biological balance pursuant to the provisions of section 481A.39, for the protection of public parks, for the protection of the public health, safety and welfare, or to effect sound wildlife management.
2. In emergency situations when the maintenance of the biological balance as provided in section 481A.39 is threatened, the director may establish temporary state game refuges in conformity with sound wildlife management. The establishment of a temporary refuge shall be accomplished by posting notices in conspicuous places around the refuge. The establishment of a temporary refuge by the director shall be effective until five days after the next meeting of the commission or for such longer time as the commission may determine is necessary to maintain a biological balance as provided in section 481A.39 and to effect sound wildlife management.

§481A.6A Pen-reared pheasants — release by landowners and tenants.
1. As used in this section, “pen-reared pheasant” means a Chinese ring-necked pheasant (Phasianus colchicus torquatus) and its subspecies which originates from a captive population and which has been propagated and held by a hatchery. For the purposes of this section “pen-reared pheasant” does not include a Reeves (Syrmaticus reevesii) or Lady Amherst (Chrysolophus amherstiae) pheasant, a subspecies of the Chinese ring-necked pheasant classified as a Japanese (Phasianus versicolor) or a Black-necked (P. colchicus colchicus) pheasant, or a melanistic mutant (black, white, or other color mix) of the Chinese ring-necked pheasant. This subsection is not applicable to game birds released for officially sanctioned field meets or trials and retriever meets or trials on private land pursuant to section 481A.22, pen-raised game birds used on private land pursuant to section 481A.56, or game birds released on hunting preserves pursuant to chapter 484B.
2. Notwithstanding section 481A.60, an owner or tenant of land may obtain pen-reared pheasants from a hatchery approved by the department, and raise or release the pen-reared pheasants on the owner’s or tenant’s land. A person shall not relocate a pen-reared pheasant to any other land.
3. A person taking a pen-reared pheasant shall comply with all requirements provided in this chapter and chapter 483A.

2010 Acts, ch 1180, §1; 2012 Acts, ch 1118, §5; 2013 Acts, ch 90, §143
Referred to in §484B.3

§481A.7 Hunting on game refuges.
1. It shall be unlawful to hunt, pursue, kill, trap or take any wild animal, bird, or game on any state game refuge so established at any time of the year, and no one shall carry firearms thereon, providing, however, that predatory birds and animals may be killed or trapped under the authority and direction of the director.
2. The commission may specify the distance from a state game refuge where shooting is prohibited, and shall have notice of same posted at such distance in conspicuous places around the refuge, provided, however, this prohibition shall not apply to owners or tenants hunting on their own land outside of a state game refuge. The commission may prohibit shooting at any reasonable distance from a state game refuge deemed necessary to accomplish the purposes for which the refuge is established.

481A.13A Conviction required for property confiscation — return of property.

1. The state shall not confiscate property seized under section 481A.12 or 481A.13 unless the person from whom the property was seized is convicted of the violation for which the property was seized. However, the state shall not return any fish or wildlife that is illegal to possess, including fish or wildlife that was taken, possessed, or transported unlawfully.

2. If the person from whom the property was seized is not convicted of the violation for which the property was seized, the department, law enforcement agency, or other governmental agency in possession of the seized property shall return the seized property to the person within thirty days of any of the following:
   a. The date the person is found not guilty of the violation.
   b. The date the action involving the violation is dismissed.
   c. The date the statute of limitations expires for the alleged violation for which the property was seized.

3. For purposes of this section, “convicted” includes a finding of guilt, payment of a scheduled fine, a plea of guilty, deferred judgment, deferred or suspended sentence, adjudication of delinquency, or circumstance where a person is not charged with a criminal offense related to the violation based in whole or in part on the person’s agreement to provide information regarding the criminal activity of another person.

481A.14 Dams — fishways.

It shall be unlawful for any person, firm, or corporation to place, erect, or cause to be placed or erected, any dam or other device or contrivance in such manner as to hinder or obstruct the free passage of fish up, down, or through such waters, except as otherwise provided in this chapter. Dams for manufacturing or other lawful purposes may be erected across the waters of the state. No permanent dam or obstruction across such waters shall be erected or maintained which is not provided with a fishway, except by written approval of the director,
nor shall any pumping station or plant except sand pumping and dredging machines, in or connected with such waters be constructed or operated except by written approval of the director, which is not provided with screens to prevent fish from entering the pumping station or plant. Such fishways and screens shall be constructed and used according to the plans and specifications prepared and furnished by the director. Any dam, obstruction, or pumping plant which is not so constructed is a public nuisance and may be abated accordingly.

481A.18 Hunting incidents — mandatory reporting.
This section applies to a person who is involved in a hunting incident with a firearm or a fall from a device that allows or assists a person to hunt from an elevated location, if the hunting incident results in an injury to a person, or property damage exceeding one hundred dollars. The person shall report the hunting incident to the sheriff’s office in the county where the hunting incident occurred or to the department within twelve hours after the hunting incident occurred. However, if an injury caused by the hunting incident prevents timely reporting, the person shall make the report as soon as practicable. A person who fails to report the hunting incident as required in this section is guilty of a simple misdemeanor.

481A.19 Reciprocity of states.
1. a. Any person licensed by the authority of Illinois, Minnesota, Missouri, Wisconsin, Nebraska, or South Dakota to take fish, game, mussels, or fur-bearing animals from or in the waters forming the boundary between such state and Iowa, may take such fish, game,
mussels, or fur-bearing animals from that portion of said waters lying within the territorial jurisdiction of this state, without having procured a license from the director of this state, in the same manner that persons holding Iowa licenses may do, if the laws of Illinois, Minnesota, Missouri, Wisconsin, Nebraska, or South Dakota, respectively, extend a similar privilege to persons so licensed under the laws of Iowa.

b. Any person licensed by the authority of Illinois, Minnesota, Missouri, Wisconsin, Nebraska, or South Dakota to take fish, game, mussels, or fur-bearing animals from or in lands under the jurisdiction of any of those states may take such fish, game, mussels, or fur-bearing animals from or in lands under the jurisdiction of the commission when such land is adjacent to that respective state but is separated from other land in Iowa by a body of water, without having procured a license from the director of this state, in the same manner that persons holding Iowa licenses may do, if the laws of Illinois, Minnesota, Missouri, Wisconsin, Nebraska, or South Dakota, respectively, extend a similar privilege to persons so licensed under the laws of Iowa.

2. Any privileges conferred by this section shall be subject to a reciprocal agreement as negotiated by the commission and the authority of a state provided in subsection 1 which confers upon a licensee of this state reciprocal rights, privileges, and immunities as provided in section 483A.31. Such agreements may include determination of which state’s seasons and limits shall apply for specific geographical areas.

481A.21 Birds as targets.

A person shall not keep or use any live pigeon or other bird as a target, to be shot at for amusement or as a test of skill in marksmanship, or shoot at a bird kept or used for such purpose, or be a party to such shooting, or lease any building, room, field, or premises, or knowingly permit the use thereof, for the purpose of such shooting. This section does not prevent any person from shooting at live pigeons, sparrows, and starlings when used in the training of hunting dogs. This section does not prevent any person from shooting at a game bird that is released a minimum of twenty-five yards from that person on a licensed hunting preserve. For the purposes of this section, “game bird” means the same as defined in section 484B.1.

481A.22 Field and retriever meets — permits and tags required.

1. a. All officially sanctioned field meets or trials and retriever meets or trials where the skill of dogs is demonstrated in pointing, retrieving, trailing, or chasing any game bird, game animal, or fur-bearing animal shall require a field trial permit. Except as otherwise provided by law, it shall be unlawful to kill any wildlife in such events. Notwithstanding the provisions of section 481A.21 it shall be lawful to hold field meets or trials and retriever meets or trials where dogs are permitted to work in exhibition or contest whereby the skill of dogs is
demonstrated by retrieving dead or wounded game birds which have been propagated by licensed game breeders within the state or secured from lawful sources outside the state and lawfully brought into the state. All of the birds must be released on the day of trials on premises where the trials are held.

b. Any birds released may be shot by official guns after having secured a permit as provided in this section.

c. The permits may be issued by the director of the department upon proper application and the payment of a fee of two dollars for each trial held. A representative of the department shall attend all such trials and enforce the laws and regulations governing same.

2. The person or persons designated by the committee in charge to do the shooting for the trials shall be known as the official guns, and no other person shall be permitted to kill or attempt to kill any of the birds released for such trials.

3. Before any birds are released under this section, they must each have attached a tag provided by the department and attached by a representative of the department at a cost of not more than ten cents for each tag. All tags are to remain attached to birds until prepared for consumption.

4. It is unlawful for any person to hold, conduct, or to participate in a field or retriever trial before the permit required by this section has been secured or for any person to possess or remove from the trial grounds any birds which have not been tagged as required in this section.

481A.24 Use of mobile radio transmitter prohibited — exceptions.
1. For the purposes of this section:
   a. "One-way mobile radio transmitter" means a radio capable of transmitting a signal only but not capable of transmitting a voice signal. The signal may be tracked or located by radio telemetry or located by an audible sound.
   
b. "Two-way mobile radio transmitter" means a radio capable of transmitting and receiving voice messages including, but not limited to, a citizen band radio or a cellular telephone.

2. Except as otherwise provided in this section, a person who is hunting shall not use a one-way or two-way mobile radio transmitter to communicate the location or direction of game or fur-bearing animals or to coordinate the movement of other hunters. This subsection does not apply to the hunting of coyotes except during the shotgun deer season as set by the commission under section 481A.38.

3. A licensed falconer may use a one-way mobile radio transmitter to recover a free-flying bird of prey properly banded and covered on the falconry permit.

4. A person hunting with the aid of a dog may use at any time a one-way mobile transmitter designed to track or aid in the recovery of the dog.

SUBCHAPTER II
PROPAGATION AND PROTECTION OF FISH, GAME, WILD BIRDS, AND ANIMALS

481A.38 Prohibited acts — restrictions on the taking of wildlife — special licenses.
It is unlawful for a person to take, pursue, kill, trap or ensnare, buy, sell, possess, transport, or attempt to so take, pursue, kill, trap or ensnare, buy, sell, possess, or transport any game, protected nongame animals, fur-bearing animals or fur or skin of such animals, mussels, frogs, spawn or fish or any part thereof, except upon the terms, conditions, limitations, and restrictions set forth herein, and administrative rules necessary to carry out the purposes set out in section 481A.39, or as provided by the Code.
1. a. The commission may upon its own motion and after an investigation, alter, limit, or restrict the methods or means employed and the instruments or equipment used in taking wild mammals, birds subject to section 481A.48, fish, reptiles, and amphibians, if the investigation reveals that the action would be desirable or beneficial in promoting the interests of conservation, or the commission may, after an investigation when it is found there is imminent danger of loss of fish through natural causes, authorize the taking of fish by means found advisable to salvage imperiled fish populations.
   b. The commission shall adopt a rule permitting a crossbow to be used only by individuals with disabilities who are physically incapable of using a bow and arrow under the conditions in which a bow and arrow is permitted. The commission shall prepare an application to be used by an individual requesting the status. The application shall require the individual's physician to sign a statement declaring that the individual is not physically able to use a bow and arrow.
2. If the commission finds that the number of hunters licensed or the type of license issued to take deer or wild turkey should be limited or further regulated, the commission shall adopt procedures, by rule, for issuing the licenses. This subsection does not apply to the hunting of wild turkey on a hunting preserve licensed under chapter 484B.
3. The department and the commission shall exercise regulatory authority regarding seasons, bag limits, possession limits, locality, the method of taking, or the taking of fish and wildlife within the boundaries of the Sac and Fox tribe settlement in Tama county only to the extent provided in a written agreement between the tribal council of the Sac and Fox tribe of the Mississippi in Iowa and the department. The written agreement shall not be construed to supersede or impair the regulatory authority exercised by the commission pursuant to the federal Migratory Bird Treaty Act, the federal Migratory Bird Stamp Hunting Act, the federal Endangered Species Act, or other federal law, and shall not be construed to supersede or impair the regulatory authority exercised by the Sac and Fox tribe of the Mississippi in Iowa pursuant to any federal act, statute, or law. The department and the commission shall not unreasonably fail to enter into an agreement and shall pursue such an
agreement in an expedient manner. This subsection shall become effective upon signing of the
written agreement by the director of the department and the chairperson of the Sac and
Fox tribe of the Mississippi in Iowa.

481A.39 Biological balance maintained.
The commission is designated the sole agency to determine the facts as to whether
biological balance does or does not exist. The commission shall, by administrative rule,
extend, shorten, open, or close seasons and set, increase, or reduce catch limits, bag limits,
size limits, possession limits, or territorial limitations or further regulate taking conditions
in accordance with sound fish and wildlife management principles.

481A.40 Use of drugs on wildlife — penalty.
1. For the purposes of this section, “drug” means any chemical substance, other than food,
that affects the structure or biological function of any wildlife under the jurisdiction of the
department of natural resources.
2. Except with written authorization from the director or the director’s designee or as
otherwise provided by law, a person shall not administer any drug to any wildlife under the
jurisdiction of the department of natural resources, including but not limited to drugs used
for fertility control, disease prevention or treatment, immobilization, or growth stimulation.
3. This section does not prohibit the treatment of sick or injured wildlife by a licensed
veterinarian or holder of a wildlife rehabilitation permit.
4. This section shall not be construed to limit employees of agencies of the state, the
United States, or local animal control officers, licensed animal shelters, or licensed pounds
in the performance of their official duties related to public health, wildlife management, or
wildlife removal. However, a drug shall not be administered by any person for fertility control
or growth stimulation except as provided in subsection 2.
5. An officer of the department may take possession of or dispose of any wildlife under
the jurisdiction of the department of natural resources that the officer reasonably believes
has been administered drugs in violation of this section.
6. A person who violates this section is guilty of a serious misdemeanor.

481A.42 Nongame protected — exclusion.
Protected nongame species include wild fish, wild birds, wild bats, wild reptiles, and wild
amphibians, an egg, a nest, a dead body or part of a dead body, and a product made from
part of a body of a wild fish, wild bird, wild bat, wild reptile, or wild amphibian. However,
nongame does not include game, fish that may be taken pursuant to regulations established
under the Code or departmental rule, fur-bearing animals, turtles, or frogs, as defined in this
chapter. The commission shall designate by rule those species of nongame which by their
abundance or habits are declared a nuisance, and these species shall not be protected. Rules adopted shall include but are not limited to a provision that states that any bat, except for the Indiana bat, which is found within a building that is occupied by human beings is not a protected nongame species.

§481A.42, WILDLIFE CONSERVATION

481A.43 through 481A.46 Reserved.

481A.47 Importing fish and game — permits.

1. Unless application is first made in writing to the commission for a permit and a permit is granted, a person, firm, or corporation shall not, except as otherwise provided, bring into the state of Iowa for the purpose of propagating or introducing, or place or introduce into any of the inland or boundary waters of the state, any fish or spawn thereof that are not native to those waters, or introduce or stock any bird or animal.

2. A permit shall be granted only after the commission has made such investigation or inspection of the fish, birds, or animals as the commission may deem necessary to determine whether or not such fish, birds, or animals are free from disease and whether or not such introduction will be beneficial or detrimental to the native wildlife and the people of the state, and may or may not approve such planting, releasing, or introduction according to its findings.

3. Nothing in this section shall prohibit licensed game breeders from securing native or exotic birds or animals from outside the state and bringing them into the state and a game breeder shall not be required to have a permit as provided in this section when such birds or animals are not released to the wild but are held on the game breeder’s premises as breeding stock.

481A.48 Restrictions on game birds and animals.

1. A person, except as otherwise provided by law, shall not willfully disturb, pursue, shoot, kill, take or attempt to take, or have in possession any of the following game birds or animals except within the open season established by the commission: gray or fox squirrel, bobwhite quail, cottontail or jackrabbit, duck, snipe, pheasant, goose, woodcock, partridge, mourning dove, coot, rail, ruffed grouse, wild turkey, pigeon, or deer. The seasons, bag limits, possession limits, and locality shall be established by the department or commission under the authority of sections 456A.24, 481A.38, and 481A.39.

2. The commission may adopt rules for the taking and possession of migratory birds which are subject to the federal Migratory Bird Treaty Act and Migratory Bird Stamp Hunting Act during the time and in the manner permitted under those federal Acts. The commission shall not adopt a rule for the taking or possession of a migratory bird for which an open season is not authorized by another paragraph of this section.

3. The commission may by rule permit the taking and possession of designated raptors and crows during the time and in the manner permitted under the federal Migratory Bird Treaty Act.
4. The commission shall establish methods by which pigeons may be taken which may include but are not limited to the use of trapping, chemical repellants, or toxic perches.

5. The commission shall establish one or more pistol or revolver seasons for hunting deer as separate firearm seasons or to coincide with one or more other firearm deer hunting seasons. Any pistol or revolver firing a magnum three hundred fifty-seven thousandths of one inch caliber or larger, centerfire, straight wall ammunition propelling an expanding-type bullet is legal for hunting deer during the pistol or revolver seasons. The commission shall adopt rules to allow black powder pistols or revolvers for hunting deer. The rules shall not allow pistols or revolvers with shoulder stock or long-barrel modifications. The barrel length of a pistol or revolver used for deer hunting shall be at least four inches. The rules may limit types of ammunition. A person who is sixteen years of age or less shall not hunt deer with a pistol or revolver. A person possessing a prohibited pistol or revolver while hunting deer commits a scheduled violation under section 805.8B, subsection 3, paragraph “h”, subparagraph (5).

6. The commission shall adopt rules pursuant to chapter 17A allowing the use of straight wall cartridge rifles to hunt deer as follows:
   a. A straight wall cartridge rifle may be used to hunt deer during youth and disabled deer hunting season and first and second shotgun deer hunting seasons by a person who has a valid deer hunting license and is otherwise qualified to hunt.
   b. A straight wall cartridge rifle that is allowed pursuant to this subsection shall be of the same caliber and use the same straight wall ammunition as is allowed for use in a pistol or revolver for hunting deer as provided in subsection 5. In addition, the commission shall provide, by rule, for the use of straight wall ammunition under this subsection that meets ballistics specifications similar to the requirements for straight wall ammunition allowed for use in a pistol or revolver for hunting deer as provided in subsection 5.
   c. A person possessing a prohibited rifle while hunting deer commits a scheduled violation under section 805.8B, subsection 3, paragraph “h”, subparagraph (6). In addition, the hunting privileges of a person convicted of possessing a prohibited rifle while hunting deer shall be suspended for two years.

1. Except as otherwise provided, a person shall not buy or sell, dead or alive, a bird or animal or any part of one which is protected by this chapter, but this section does not apply to fur-bearing animals, bones of wild turkeys that were legally taken, and the skins, plumage, and antlers of legally taken game. This section does not prohibit the purchase of jackrabbits from sources outside this state. A person shall not purchase, sell, barter, or offer to purchase, sell, or barter for millinery or ornamental use the feathers of migratory game birds; and a person shall not purchase, sell, barter, or offer to purchase, sell, or barter mounted specimens of migratory game birds.
2. Section 481A.50 and this section do not apply to a game species, fur-bearing animal species, or variety of fish protected under this chapter which is sold by a nonprofit corporation as a part of a meal. The number of game of a game species or fur-bearing animal species, or a variety of fish protected by this chapter which are donated by a person to a nonprofit corporation plus any additional game of the same species or same variety of fish in the person's possession must not exceed the person's legal possession limit.

§481A.56 Training dogs.
1. a. A person having a valid hunting license may train a bird dog on any game birds and a person having a valid fur harvester license may train a coonhound, foxhound, or trailing
dog on any fur-bearing animals at any time of the year including during the closed season on such birds or animals. However, the animals when pursued to a tree or den shall not be further chased or removed in any manner from the tree or den. A person having a hunting license may train a dog on coyote or groundhog.

b. Only a pistol, revolver, or other gun shooting blank cartridges shall be used while training dogs during closed season except as provided in subsection 2 of this section.

2. Any pen-raised game bird may be used and may be shot in the training of bird dogs. Before any bird is released or used in the training of dogs, the bird shall have attached a band procured from the commission. The commission may charge a fee for such bands but the fee shall not exceed ten cents for each band.

3. A call back pen or live trap may be used for the purpose of retrieving banded birds when released in the wild for training purposes. Any bird not so banded when taken in a call back pen or trap shall be immediately returned unbanded to the wild. All call back pens or live traps when in use shall have attached a metal tag plainly labeled with the owner’s name and address. Conservation officers shall have authority to confiscate such traps when found in use and not properly labeled.

4. The commission shall have the power to adopt rules prohibiting the training of any hunting dog on any game bird, game animal, or fur-bearing animal in the wild at any time when it has been determined that such training might have an adverse effect on the populations of these species.

SUBCHAPTER IV
GAME BREEDERS

481A.60 Raising game — rulemaking authority.
A person shall not raise or sell game or fur-bearing animals of the kinds protected by this
chapter, except rock doves and pigeons, without first procuring a game breeder’s license
as provided by law. The commission may adopt rules which ensure that all game birds,
game animals, and fur-bearing animals handled and confined by licensed game breeders are
provided with humane care and treatment. A violation of a rule adopted by the commission is
a cause for license revocation. This section does not apply to governmental zoos and exhibits.

481A.61 Licensed game breeders — marketing game — penalty.
1. Except as otherwise provided by law, a licensed game breeder whose original stock
is obtained from a lawful source may possess any game bird, game animal, or fur-bearing
animal, or any of their parts. Possession and use of the game birds, game animals, or
fur-bearing animals obtained from a licensed game breeder are lawful.
2. Fur-bearing animals shall not be acquired for breeding or propagating purposes from
any source unless they have been pen-raised for at least two successive generations.
3. A game breeder’s license is not a license to possess, breed, propagate, sell, or dispose of
any species which is defined as endangered or threatened under state law unless the species
is listed on the license. Its possession, breeding, propagation, sale, and disposal are subject
to all applicable state and federal statutes.
4. A licensed game breeder shall not acquire protected live game animals, game birds,
their eggs, or fur-bearing animals taken from the wild within this state.
5. Game birds or game animals may be sold for food only under the following conditions:
   a. The licensed game breeder shall file with the commission a facsimile of a stamp of
      similar type to that used by the United States department of agriculture in grading meat.
   b. Licensed game breeders may sell dressed game birds or game animals to markets for
      resale providing each game bird or game animal has affixed upon it in a conspicuous and
      legible manner the imprint of the game breeder’s stamp.
   c. The stamp shall bear the name and number of the game breeder in letters of at least
date
5. Game birds or game animals may be sold for food only under the following conditions:
   a. The licensed game breeder shall file with the commission a facsimile of a stamp of
      similar type to that used by the United States department of agriculture in grading meat.
   b. Licensed game breeders may sell dressed game birds or game animals to markets for
      resale providing each game bird or game animal has affixed upon it in a conspicuous and
      legible manner the imprint of the game breeder’s stamp.
   c. The stamp shall bear the name and number of the game breeder in letters of at least
      12 point type size.
6. Markets selling stamped game shall:
   a. Maintain the stamp on each game bird or game animal until the bird or animal is
      disposed of or sold.
   b. Keep a record showing the total number of game birds or game animals sold together
      with the name and address of the game breeder from whom purchased and the number of
      game birds and animals in each purchase.
7. Markets selling stamped game, together with their records, are subject to inspection by
an authorized representative of the commission at any reasonable time.
8. Violation of a provision of this section may be cause for license revocation.

§481A.62 Records — reports — inspection.
1. A holder of a game breeder’s license shall keep the records and make the reports
required by this section on forms provided by the department. The records shall be open for
inspection at any reasonable time by the department or its authorized agents.
2. At the time of every sale or conveyance of an animal, animal parts, or products, the
licensee shall complete a game breeder’s sales receipt on forms provided by the department.
The forms shall require the following information:
   a. The name, address, county, and license number assigned to the breeder.
   b. The name and address of the purchaser.
   c. The number, species, sex, and age of the animals or birds conveyed.
3. a. Licensees shall maintain business records for all species in an annual report record
book. The records shall include the following information:
      (1) For each animal acquired other than by birth on the licensee’s game farm, the sex and
species, the date of acquisition, the number acquired, and the name and address of the source
from which acquired.
      (2) For each animal born on the licensee’s game farm, the sex, species, date of birth, and
number of any band, tag, or tattoo subsequently attached to the animal.
      (3) For each animal sold or disposed of other than by death the same information required
by the game breeder’s sales receipt.
      (4) For each animal which dies, disappears, or is destroyed on the licensee’s game farm,
the sex, species, date of death, and the number of any band, tag, or tattoo attached to the
animal.
   b. The licensee’s copies of the required sales receipts shall be kept with the record book
and are considered a part of it.
   c. Records required by this section shall be entered in the annual report record book
within forty-eight hours of the event.
4. Each licensee shall file an annual report with the commission on or before January
31. The report shall detail the game breeder’s operations during the preceding license year.
The original report shall be forwarded to the department and a copy shall be retained in the
breeder’s file for a period of three years from the date of expiration of the breeder’s last
license issued. Failure to keep or submit the required records and report are grounds for a
refusal to renew a license for the succeeding year.
5. An on-site inspection of facilities shall be conducted by an officer of the commission
prior to the initial issuance of a game breeder’s license. The facilities may be reinspected by
an officer of the commission at any reasonable time.
6. Any officer of the commission may enter any place where any game bird, game animal,
or fur-bearing animal is at the time located, or where it has been kept, or where the carcass
of such animal may be, for the purpose of examining it in any way that may be necessary to
determine whether it was or is infected with any contagious or infectious disease.
7. For the purpose of this section, infectious and contagious disease includes rabies,
hoof-and-mouth disease, leptospirosis, blackhead, or any other communicable disease so
designated by the commission.
8. The commission may regulate or prohibit the importation into the state and exportation
from the state of any species of game bird, game animal, or fur-bearing animal, domesticated
or not, which in its opinion, for any reason, is determined to be detrimental to the health of
animals within or without the state.
9. The commission may quarantine or destroy any game bird, game animal, or fur-bearing
animal which is found to be infected with any contagious or infectious disease.
10. A licensed game breeder or other person having control of any game bird, game
animal, or fur-bearing animal shall not knowingly offer for sale, sell, or barter such birds or animals which have an infectious or contagious disease, or allow those birds or animals to run at large or come in contact with any other game birds, game animals, or fur-bearing animals.

SUBCHAPTER V
SCIENTIFIC COLLECTING

481A.65 Licenses.
The director, after investigation, may issue to any person a scientific collector’s license, a wildlife salvage permit, educational project permit, or a wildlife rehabilitation permit. A scientific collector’s license will authorize the licensee to collect for scientific purposes only, any birds, nests, eggs, or wildlife. A wildlife salvage permit will authorize the permittee to salvage for educational purposes, any birds, nests, eggs, or animals according to the rules of the department. An educational project permit authorizes the permittee to collect, keep, or possess for educational purposes birds, fish, or wildlife which are not endangered, threatened, or otherwise specially managed according to the rules of the department. A wildlife rehabilitation permit will authorize the permittee to possess for rehabilitation purposes only, any orphaned or injured wildlife according to the rules of the department. A person to whom a license or permit is issued shall not dispose of any birds, nests, eggs, or wildlife or their parts except upon written permission of the director. The application for such licenses and permits shall be made upon blanks furnished by the department. The commission shall establish, by rule, the tenure and applicable fee for each permit authorized in this section. Each holder of a license or permit shall, by January 31 of each year, file with the department a report showing all specimens collected or possessed under authority of the license or permit. Upon a showing of cause the department may enter and inspect the premises and collections authorized by this section. A license or permit may be revoked by the director, after due notice, at any time for cause.

ANGLING LAWS

§481.67 Seasons and limits — turtle harvesting restrictions.
1. It is unlawful for a person, except as otherwise expressly provided, to take, capture, or kill fish, frogs, or turtles except during the open season established by the commission. It is unlawful during open season to take in any one day an amount in excess of the daily catch limit designated for each variety or each locality, or have in possession any variety of fish, frog, or turtle in excess of the possession limit, or have in possession any frog, fish, or turtle at any time under the minimum length or weight. The open season, possession limit, daily catch limit, and the minimum length or weight for each variety of fish, frog, or turtle shall be established by rule of the department or commission under the authority of sections 456A.24, 481A.38, 481A.39, and 482.1.
2. Notwithstanding any provision of law to the contrary, the natural resource commission shall adopt rules pursuant to chapter 17A establishing seasons and daily catch limits for the noncommercial harvest of turtles in any waters of the state pursuant to section 483A.28. Seasons established pursuant to this subsection shall not apply to the noncommercial harvest of snapping turtles.
3. Notwithstanding any provision of law to the contrary, the natural resource commission shall adopt rules pursuant to chapter 17A establishing seasons and daily catch limits for the commercial harvest of turtles in any waters of the state.
4. Beginning no later than January 1, 2017, and ending no earlier than January 1, 2021, the commission shall conduct a review of the status of the turtle population in the state by region, in cooperation with appropriate organizations and in accordance with sound fish and wildlife management principles, and shall report its recommendations to the general assembly on whether restrictions on noncommercial and commercial turtle harvesting in the state should be revised no later than June 30, 2021. This subsection is repealed effective July 1, 2021.

§481.68 Tip-up fishing device.
1. As used in this section, “tip-up fishing device” means an ice fishing mechanism with an attached flag or signal to indicate fishing action, used to hold a fishing rod or pole with line and hook.
2. A person shall not use more than three tip-up fishing devices for fishing in the waters of the Mississippi river, the Missouri river, and the Big Sioux river, and their connected backwaters. A person may use two or three hooks on the same line, but the total number of hooks used by each person shall not exceed three. Each tip-up fishing device used in fishing shall have attached a tag plainly labeled with the owner’s name and address. A person shall not use a tip-up fishing device for fishing within three hundred feet of a dam or spillway or in a part of the river which is closed or posted against use of the device. Three tip-up fishing devices may be used in addition to the two lines with no more than two hooks per line, as specified in section 481A.72.
3. An untagged tip-up fishing device found in use shall be confiscated by any officer appointed pursuant to section 456A.13 or 456A.14.

481A.84 Frogs — catching — selling.
1. Frogs may be taken by holders of a fishing license only and they may be used for bait or food purposes, but no person shall take more than four dozen frogs in any one day or have in possession at any one time more than eight dozen frogs. Licensed bait dealers authorized
by law to sell bait may have in their possession to supply the bait needs of their customers, not more than twenty dozen frogs.

2. No person shall use any device, net, barrier or fence of any kind which prevents frogs from having free access to and egress from the water.

3. Transportation out of the state in any manner or for any purposes, of frogs taken in Iowa, is prohibited.

4. Nothing in this chapter shall be construed to prevent the purchase, sale or possession of frogs or any portion of the carcasses of frogs that have been legally taken and shipped in from without the state.

5. Nothing herein shall prevent any person from catching frogs on the person’s own premises for the person’s private use.

SUBCHAPTER VII
TRAPPING OR HUNTING OF FUR-BEARING ANIMALS

481A.87 Open seasons.
Except as otherwise provided, a person shall not take, capture, kill, or have in possession a fur-bearing animal or any of its parts at any time except during the open season as set by the commission except where the killing, trapping, or ensnaring is for the protection of a person or public or private property with the prior permission of a duly appointed representative of the commission. If prior permission is impractical or impossible to obtain and the fur-bearing animal represents a threat to a person, domestic animal, or private property, the fur-bearing animal may be taken without prior permission. All fur-bearing animals and all parts thereof taken as provided in this section shall be disposed of on the site or shall be relinquished to a representative of the commission.

481A.89 Permit to hold hides.
Upon application, which shall be filed with the commission within ten days after the close of the open season, any person may be permitted to hold hides or skins of fur-bearing animals lawfully taken for a longer time than specified above. Such application shall be verified and shall show the number and varieties of the skins or hides to be held by the applicant. The commission shall thereupon issue a permit to such applicant to hold such skins or hides, which permit shall authorize the holder to sell or otherwise dispose of such skins or hides.

481A.92 Traps — disturbing dens — tags for traps.
1. A person shall not use or attempt to use colony traps in taking, capturing, trapping, or killing any game or fur-bearing animals except muskrats as determined by rule of the commission. Box traps capable of capturing more than one game or fur-bearing animal at each setting are prohibited. A valid hunting license is required for box trapping cottontail rabbits and squirrels. All traps and snares used for the taking of fur-bearing animals shall have a metal tag attached plainly labeled with the user’s name and address. All traps and snares, except those which are placed entirely under water, shall be checked at least once every twenty-four hours. Officers appointed by the department may confiscate such traps and snares found in use that are not properly labeled or checked.
2. Except as otherwise provided, a person shall not use chemicals, explosives, smoking devices, mechanical ferrets, wire, tool, instrument, or water to remove fur-bearing animals from their dens. Humane traps, or traps designed to kill instantly, with a jaw spread, as originally manufactured, exceeding eight inches are unlawful to use except when placed entirely under water.
3. Conibear type traps and snares shall not be set on the right-of-way of a public road within two hundred yards of the entry to a private drive serving a residence without the permission of the occupant.
4. A snare when set shall not have a loop larger than eight inches in horizontal measurement except for a snare set with at least one-half of the loop under water. A snare set on private land other than roadsides within thirty yards of a pond, lake, creek, drainage ditch, stream, or river shall not have a loop larger than eleven inches in horizontal measurement.
5. All snares shall have a functional deer lock which will not allow the snare loop to close smaller than two and one-half inches in diameter.

481A.93 Hunting by artificial light.

1. A person shall not throw or cast the rays of a spotlight, headlight, or other artificial light on a highway, or in a field, woodland, or forest for the purpose of spotting, locating, or taking or attempting to take or hunt a bird or animal, except raccoons or other fur-bearing animals when treed with the aid of dogs, while having in possession or control, either singly or as one of a group of persons, any firearm, bow, or other implement or device whereby a bird or animal could be killed or taken.

2. This section does not apply to any of the following:
   a. Deer being taken by or under the control of a local governmental body within its corporate limits pursuant to an approved special deer population control plan.
   b. A person who is totally blind using a laser sight on a bow or gun while hunting, if all of the following apply:
      (1) The person’s total blindness is supported by medical evidence produced by an eye care professional who is an ophthalmologist, optometrist, or medical doctor. The eye care professional must certify that the person has no vision or light perception in either eye. The certification must be carried on the person of the totally blind person and made available for inspection by the department.
      (2) The totally blind person is accompanied and aided by a person who is at least eighteen years of age and whose vision is not seriously impaired. The accompanying person must purchase a hunting license that includes the wildlife habitat fee as provided in rules adopted pursuant to section 483A.1 if applicable. If the accompanying person is not required to have a hunting license the person is not required to pay the wildlife habitat fee. During the hunt, the accompanying adult must be within arm’s reach of the totally blind person, and must be able to identify the target and the location of the laser sight beam on the target. A person other than the totally blind person shall not shoot the laser sight-equipped gun or bow.

SUBCHAPTER VIII
FUR DEALERS

481A.94 Definition.
The term “fur dealer” as used in this chapter shall mean any person, firm, partnership, or corporation engaged in the business of buying, bartering, trading or otherwise obtaining raw hides or skins of fur-bearing animals.

[C39, §1794.055; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §109.94]
C93, §481A.94

481A.95 License — reciprocity.
1. A license shall be required of each fur dealer and each employee, agent, or representative of a fur dealer except when the employee, agent, or representative is
operating solely on the premises of a licensed fur dealer. A fur dealer shall conduct business only at the location specified on the dealer’s license, at an established fur auction, at the nonadvertised residence of a licensed fur harvester, or at the place of business specified on the license of any fur dealer. A nonresident licensed fur dealer may purchase location permits to operate at locations other than at the location specified on the fur dealer’s license. A resident licensed fur dealer may obtain location permits without fee. Each location permit shall be valid only for the one location specified on the location permit and shall entitle the fur dealer and employee, agent, or representative of the licensed fur dealer to operate at that location. The commission shall, upon application and the payment of the required license fee, if any, furnish the proper license and location permits to the dealer.

2. A resident of another state shall pay the fee provided by statute for the nonresident fur dealer’s license unless that state has a reciprocity agreement with this state. The reciprocity agreement must provide that each state will charge nonresidents from the other state the same fee for the nonresident fur dealer’s license and the fee under the agreement must be less than the statutory fee of this state for nonresidents and higher than the statutory fee of this state for residents.

481A.97 Reports.
Fur dealers shall keep accurate, current records of their transactions. The records shall show the number and kinds of hides and skins which have been purchased, the date of purchase, and the name and address of the seller. Such records shall be open at all reasonable times to inspection by the commission. On or before May 15 of each year, each fur dealer shall file a verified inventory with the commission. The inventory shall include all transactions for the preceding year.

§481A.123 Prohibited hunting near buildings, feedlots.

1. A person shall not discharge a firearm or shoot or attempt to shoot a game or fur-bearing animal within two hundred yards of a building inhabited by people or domestic livestock or within two hundred yards of a feedlot unless the owner or tenant has given consent. However, within the corporate limits of a city, a person may take deer with a firearm within fifty yards of a building inhabited by people or domestic livestock, or a feedlot pursuant to an approved special deer population control plan, if the person obtains permission of the owner or tenant of the building or feedlot.

2. As used in this section, “feedlot” means a lot, yard, corral, or other area in which livestock are present and confined, for the purposes of feeding and growth before slaughter. The term does not include areas which are used for the raising of crops or other vegetation and upon which livestock are allowed to graze or feed.

3. a. This section does not apply to the discharge of a firearm for the purpose of target shooting on premises posted as a target shooting range that is open to the public, if the premises have been used as a target shooting range prior to the erection of a building inhabited by people or domestic livestock, or prior to the construction of a feedlot, located within two hundred yards of the target shooting range. This subsection applies only to the erection of a building inhabited by people or domestic livestock or to the construction of a feedlot located within two hundred yards of a target shooting range that is open to the
public and that is identified as a target shooting range by the city, county, state, or federal
government, which erection or construction occurs on or after May 14, 2004.

b. As used in this subsection, “target shooting” means the discharge of a firearm at an
inanimate object, for amusement or as a test of skill in marksmanship.

4. This section does not apply to the discharge of a firearm on premises identified as a
public hunting area, if the premises have been identified as a public hunting area prior to the
errection of a building inhabited by people or domestic livestock, or prior to the construction
of a feedlot, located within two hundred yards of the public hunting area. This subsection
applies only to the erection of a building inhabited by people or domestic livestock or to the
construction of a feedlot located within two hundred yards of a public hunting area, which
errection or construction occurs on or after May 14, 2004.

b. As used in this subsection, “public hunting area” means public lands or waters available
for hunting by the public, and identified as a public hunting area by the city, county, state, or
federal government.

5. a. This section does not apply to the discharge of a firearm on a farm unit by the owner
or tenant of the farm unit or by a family member of the owner or tenant of the farm unit.

b. As used in this subsection, “family member”, “farm unit”, “owner”, and “tenant” mean
the same as defined in section 483A.24, subsection 2.

6. This section does not apply to the discharge of a firearm for the purpose of developing
and retaining the shooting proficiency of certified law enforcement officers on premises
owned by the state, a county, or a municipality, and operated by a law enforcement agency,
which are not open to the general public and which were in operation prior to March 28, 2013.

7. Subject to subsection 1, an owner or tenant of private premises located in the
unincorporated area of a county, or a person to whom the owner or tenant has given consent,
may discharge a firearm for the purpose of target shooting on those private premises. The
use of such private premises for target shooting shall not be found to be in violation of a
noise ordinance or declared a public or private nuisance or be otherwise prohibited under
state or local law. As used in this subsection, “target shooting” means the discharge of a
firearm at an inanimate object, for amusement or as a test of skill in marksmanship.

1. As used in this section, “interfere with hunting, fishing, or fur-harvesting activities”
means one or more of the following:

a. To intentionally place oneself in a location where a human presence may affect the
behavior of a fur-bearing animal, game, bird, or fish or the feasibility of killing or taking a
fur-bearing animal, game, bird, or fish with the intent of obstructing or harassing another
person who is lawfully hunting, fishing, or fur harvesting.
§481A.125, WILDLIFE CONSERVATION

b. To intentionally create a visual, aural, olfactory, or physical stimulus for the purpose of affecting the behavior of a fur-bearing animal, game, bird, or fish with the intent of obstructing or harassing another person who is lawfully hunting, fishing, or fur harvesting.

c. To intentionally affect the condition or alter the placement of personal property used for the purpose of killing or taking a fur-bearing animal, game, bird, or fish with the intent of obstructing or harassing another person who is lawfully hunting, fishing, or fur harvesting.

2. A person shall not interfere with the lawful hunting, fishing, or fur-harvesting activities of another person in an area where hunting, fishing, or fur harvesting is authorized by a custodian of public property or an owner or lessee of private property.

3. A person who commits:

a. A first offense of interfering with hunting, fishing, or fur-harvesting activities is guilty of a simple misdemeanor.

b. A second or subsequent offense is punishable as a serious misdemeanor.

4. If a person who commits interfering with hunting, fishing, or fur-harvesting activities possesses a license, certificate, or permit issued by the department, the license, certificate, or permit is subject to suspension or revocation pursuant to section 481A.134.

TAXIDERMY

481A.126 Taxidermy.

1. “Taxidermist” as used in this section means a person engaged in the business of preserving or mounting game, fish, or fur-bearing animals as defined in this chapter.

2. A license is required for the practice of taxidermy. The commission, upon application and payment of the required license fee, shall furnish proper certificates to the applicant. The director may revoke the license for good cause.

3. A licensed taxidermist may possess at any time game, fish, or fur-bearing animals which have been lawfully taken.

4. A taxidermist shall keep accurate records of its transactions showing the numbers and
kinds of specimens received for preserving, the date of acquisition, and the name and address of the owner of the specimens.

5. A person shall not put or leave any game, fish, or fur-bearing animal in the custody of another person for the purpose of having taxidermy services performed unless each specimen has a tag attached which is signed by the possessor and states the address of the possessor; the total number and species of the specimens and the date the specimens were killed.

6. All transactions, tags, and specimens left in the custody of the taxidermist by another person shall be open to inspection by a conservation officer at any reasonable hour.

CIVIL DAMAGES — SUSPENSIONS

481A.130 Damages in addition to penalty — animals — ginseng.

1. In addition to the penalties for violations of this chapter and chapters 350, 461A, 461B, and 482, a person convicted of unlawfully selling, taking, catching, killing, injuring, destroying, or having in possession any animal, shall reimburse the state for the value of such as follows:

a. For each elk, antelope, buffalo, or moose, two thousand five hundred dollars.
b. For each wild turkey, two hundred dollars.
c. For each bird or animal or the raw pelt or plumage of such bird or animal for which damages are not otherwise prescribed, fifty dollars.
d. For each reptile, mussel, or amphibian, fifteen dollars.
e. For each beaver, bobcat, mink, otter, red fox, gray fox, or raccoon, two hundred dollars.
f. For each animal classified by the commission as an endangered or threatened species, one thousand dollars.
g. For each antlered deer, reimbursement shall be based on the score of the antlered deer as measured by the Boone and Crockett club’s scoring system for whitetail deer as follows:

(1) 150 gross inches or less: A minimum of two thousand dollars and not more than five thousand dollars, and eighty hours of community service or, in lieu of the community service, a minimum of four thousand dollars and not more than ten thousand dollars, in an amount that is deemed reasonable by the court.

(2) More than 150 gross inches: A minimum of five thousand dollars and not more than ten thousand dollars, and eighty hours of community service or, in lieu of the community service, a minimum of ten thousand dollars and not more than twenty thousand dollars, in an amount that is deemed reasonable by the court.
h. For each deer, except as provided in paragraph “g”, and for each swan or crane, one thousand five hundred dollars.
i. For each fish, reimbursement shall be as follows:

(1) For each fish of a species other than shovelnose sturgeon, with an established daily limit greater than twenty-five, fifteen dollars.

(2) For each fish of a species other than paddlefish and muskellunge, with an established daily limit of twenty-five or less, fifty dollars.

(3) For each shovelnose sturgeon, paddlefish, and muskellunge, one thousand dollars.

2. In addition to any other penalty, a person convicted of unlawfully harvesting wild ginseng in violation of section 456A.24 shall reimburse the state at one hundred fifty percent of the ginseng’s market value, as determined by the department.

3. This section does not apply to a landowner who cooperates with the department.
of natural resources and the department of agriculture and land stewardship to remove all whitetail from enclosed land as provided in section 170.5, even if all whitetail are not removed.

4. This section does not apply to a person who is liable to pay restitution to the department pursuant to section 481A.151 for injury to a wild animal caused by polluting a water of this state in violation of state law.

481A.131 Judgment — execution.

1. In each case of conviction of unlawfully taking, catching, killing, injuring, destroying, or having in possession any fish, game, or fur-bearing animal, the court shall enter a judgment in favor of the state of Iowa for liquidated damages in an amount as provided in section 481A.130. If two or more persons who have acted together are convicted of the unlawful taking, catching, killing, injuring, destroying, or having possession of any fish, game, or fur-bearing animal, the judgment shall be entered against them jointly.

2. Any liquidated damages assessed under this section and section 481A.130 shall be paid to the clerk of court. The clerk of court shall remit the damages paid to the department of natural resources. The department of natural resources shall credit such damages to the state fish and game protection fund.

3. The return of any uninjured fish, game, or fur-bearing animal which has been unlawfully taken, caught, or possessed, to the place where taken or caught or to any other place approved by the commission, shall constitute the discharge of any liquidated damages provided under section 481A.130.

4. Civil suits for the collection of judgments may be prosecuted by the attorney general or by county attorneys.

CANCELLATIONS, SUSPENSIONS, REVOCATIONS, AND PENALTIES

481A.134 Authority to cancel, suspend, or revoke license — point system.
The department shall establish rules pursuant to chapter 17A providing for the suspension or revocation of licenses issued by the department. The rules may include procedures for summary cancellation of a license based on documentation that the licensee failed to pay the applicable fee for the license. For purposes of determining when to suspend or revoke a license issued by the department under this section, the department shall adopt a point system pursuant to chapter 17A for the purpose of weighing the seriousness of violations of the provisions of this chapter or chapter 481B, 482, 483A, 484A, or 484B, or of committing trespass as defined in section 716.7 while hunting deer, other than farm deer as defined in section 170.1 or preserve whitetail as defined in section 484C.1. SUBCHAPTER XIII
AQUACULTURE

§481A.141 Aquaculture — license required.
1. A person shall not engage in the business of aquaculture until that person has applied
for and has been issued an aquaculture unit license from the department. The application
period extends from January 1, or the date of the application, through December 31. A
license shall not be issued to operate an aquaculture unit on private or nonmeandered lakes
and streams and ponds that may become stocked with fish from public waters or natural
migration. A pond stocked by the department pursuant to section 481A.78 shall not be used
for aquaculture purposes.
2. The following persons must obtain an aquaculture unit license:
a. A person who, for commercial purposes, rears or maintains live animals or plants for
food, bait, or for stocking in waters of the state.
b. An owner or operator of a pond where guests or customers are allowed to fish for a fee,
or allowed to take fish without regard to angling licenses, seasons, gear restrictions, or bag
limits.
3. The cultivation and sale of tropical fish species or ornamental aquatic plants or animals,
not utilized for human consumption or bait purposes, but maintained in closed systems and
utilized by the pet industry or hobbyists are exempt from license requirements.
92 Acts, ch 1216, §3

§481A.142 Licensed aquaculture units — activities allowed.
A holder of an aquaculture unit license may:
1. Possess, propagate, buy, sell, deal in, and transport the aquatic organisms produced
from breeding stock legally acquired, including minnows.
2. Sell fish for stocking purposes within or outside the state. Fish which are
nonindigenous to Iowa shall not be received or sold in the state unless the aquaculture unit
has obtained an importation permit from the department. The department shall establish, by
rule, requirements governing importation, and shall include a list of approved aquaculture
species. Failure to comply with this subsection will result in loss of license and a violator is subject to the scheduled fine provided in section 805.8B.

3. Hold, feed, and sell carp, buffalofish, and other fish legally taken by commercial fishers.

4. Harvest aquatic life on land under control of the aquaculture unit with commercial devices without obtaining any permits for the devices.

5. a. Sell bait, including minnows and frogs, propagated or raised within the licensed unit without having to obtain a bait dealer’s license. However, aquaculture units wishing to take bait from areas other than their licensed units must also obtain a bait dealer’s license.

b. A nonresident aquaculture unit licensee shall be limited to selling bait at wholesale unless the home state of the nonresident licensee allows residents of this state to sell bait at retail.

6. Take any gull, tern, or merganser within the bounds of the unit. An owner or operator of the licensed aquaculture unit, however, must first obtain a permit for this activity from the department or the United States fish and wildlife service. Each permittee shall file an annual report with the department which itemizes the birds taken during the period covered by the permit, and dispose of birds taken according to methods established by the department. The department shall not issue a subsequent permit to any person failing to file this report.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph d

481A.143 Licensed aquaculture units — requirements.

1. Each licensed aquaculture unit shall prepare an annual report of all fish bought, sold, and shipped. The records shall include species name as well as the weight, volume, or count of fish involved. Reports shall be filed on or before December 31 of each year for the preceding year. The department may refuse to renew a unit license if the annual report is not provided.

2. Each licensed aquaculture unit shall secure its breeding stock from licensed aquaculture units or licensed aquaculturists in the state or from lawful sources outside the state. An aquaculture unit shall not secure stock in any other manner.

3. A shipment of fish must be accompanied by a duplicate of the sales invoice showing the name and address of the producer, date of shipment, the species being transported, the weight, volume, or count of each species being shipped and the name and address of the consignee. A duplicate of the sales invoice must be retained by the aquaculture unit or aquaculturist for one year following the sale.

4. A licensed aquaculture unit shall comply with all state laws pertaining to possession, taking, or selling of bait which it handles. The director may revoke the unit license of any person violating this subsection or a rule adopted by the department.

5. Minnow and bait boxes and tanks within licensed aquaculture units shall be open for inspection by the department at all times.

6. Aquaculture units shall not import live fish, viable eggs, or semen of any species of the salmonid family (trout, salmon, or char) and ictalurid family (catfishes and bullheads), including hybrids, unless the owner or operator possesses a fish importation permit. For the species listed in this subsection only, importation permits shall not be issued unless the fish, eggs, or semen have been inspected by the department and found to be free of disease detrimental to the state’s fishery resources. The owner or operator of an aquaculture unit must provide a statement certifying the fish listed in this subsection or their eggs or semen to be disease free, and include the date of inspection. Certification is not required for other fish species, but the department may require inspection at any time. The department shall establish, by rule, those diseases detrimental to the state’s fishery resources and the location of authorized certified pathologists for inspection.

92 Acts, ch 1216, §5

481A.144 Licensed bait dealers — requirements.

1. A person shall not sell minnows, frogs, crayfish, or salamanders for fish bait without first obtaining a bait dealer’s license from the department upon payment of the license fee. A licensee shall comply with all laws pertaining to taking, possessing, and selling of bait

2. Sell bait, including minnows and frogs, propagated or raised within the licensed unit without having to obtain a bait dealer’s license. However, aquaculture units wishing to take bait from areas other than their licensed units must also obtain a bait dealer’s license.

b. A nonresident aquaculture unit licensee shall be limited to selling bait at wholesale unless the home state of the nonresident licensee allows residents of this state to sell bait at retail.

3. Take any gull, tern, or merganser within the bounds of the unit. An owner or operator of the licensed aquaculture unit, however, must first obtain a permit for this activity from the department or the United States fish and wildlife service. Each permittee shall file an annual report with the department which itemizes the birds taken during the period covered by the permit, and dispose of birds taken according to methods established by the department. The department shall not issue a subsequent permit to any person failing to file this report.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph d

481A.143 Licensed aquaculture units — requirements.

1. Each licensed aquaculture unit shall prepare an annual report of all fish bought, sold, and shipped. The records shall include species name as well as the weight, volume, or count of fish involved. Reports shall be filed on or before December 31 of each year for the preceding year. The department may refuse to renew a unit license if the annual report is not provided.

2. Each licensed aquaculture unit shall secure its breeding stock from licensed aquaculture units or licensed aquaculturists in the state or from lawful sources outside the state. An aquaculture unit shall not secure stock in any other manner.

3. A shipment of fish must be accompanied by a duplicate of the sales invoice showing the name and address of the producer, date of shipment, the species being transported, the weight, volume, or count of each species being shipped and the name and address of the consignee. A duplicate of the sales invoice must be retained by the aquaculture unit or aquaculturist for one year following the sale.

4. A licensed aquaculture unit shall comply with all state laws pertaining to possession, taking, or selling of bait which it handles. The director may revoke the unit license of any person violating this subsection or a rule adopted by the department.

5. Minnow and bait boxes and tanks within licensed aquaculture units shall be open for inspection by the department at all times.

6. Aquaculture units shall not import live fish, viable eggs, or semen of any species of the salmonid family (trout, salmon, or char) and ictalurid family (catfishes and bullheads), including hybrids, unless the owner or operator possesses a fish importation permit. For the species listed in this subsection only, importation permits shall not be issued unless the fish, eggs, or semen have been inspected by the department and found to be free of disease detrimental to the state’s fishery resources. The owner or operator of an aquaculture unit must provide a statement certifying the fish listed in this subsection or their eggs or semen to be disease free, and include the date of inspection. Certification is not required for other fish species, but the department may require inspection at any time. The department shall establish, by rule, those diseases detrimental to the state’s fishery resources and the location of authorized certified pathologists for inspection.

481A.144 Licensed bait dealers — requirements.

1. A person shall not sell minnows, frogs, crayfish, or salamanders for fish bait without first obtaining a bait dealer’s license from the department upon payment of the license fee. A licensee shall comply with all laws pertaining to taking, possessing, and selling of bait
§481A.144, WILDLIFE CONSERVATION

handled by the licensee. If convicted of violating a provision of this chapter or a rule adopted pursuant to this chapter, a licensee shall forfeit the licensee’s bait dealer license upon demand of the director.

2. When taking bait from lakes and streams, bait dealers shall take only the size of bait which they can use, and shall return all small minnows and frogs to the water immediately.

3. A minnow and bait box and a tank shall be open to inspection by the department at all times. A licensee shall have tanks and bait boxes of sufficient size and with proper aeration to keep the bait alive and prevent substantial loss.

4. A person shall not take or attempt to take minnows for commercial purposes from any waters of the state or shall not transport minnows without first obtaining a bait dealer’s license. However, a person taking or transporting minnows for personal use is not required to have a bait dealer’s license.

§481A.145 Taking and selling of minnows and other bait — regulations.

1. Except for species listed as threatened or endangered under chapter 481B, a licensed bait dealer may take sufficient bait from lakes and streams of this state that are not closed to the taking of bait, to supply the licensee’s customers for hook and line fishing if the licensee is present while the bait is being taken.

2. Except as otherwise provided in this chapter, a person shall not carry, transport, ship, or cause to be carried, transported, or shipped, any minnows for the purpose of sale beyond the boundaries of the state. Minnows which are bred, hatched, propagated, or raised on a licensed aquaculture unit may be transported outside the state.

3. A person shall not transport, use, sell or offer to sell for bait or introduce into any inland waters of this state or into any waters from which the waters of the state may become stocked, any minnows or fish of the carp, quillback, gar, or dogfish species. Fish of the carp, quillback, gar, or dogfish species may be returned to the waters from which they are taken. A person shall not possess live gizzard shad at any lake in this state.

4. Minnow traps not exceeding thirty-six inches in length may be used when the taking of minnows is allowed. Each trap, when in use, shall have a metal tag attached plainly labeled with the owner’s name and address.

5. A person shall not use a minnow dip net which exceeds four feet in diameter, a cast net which exceeds ten feet in diameter, or a minnow seine which exceeds twenty feet in length or has a mesh size smaller than one-quarter inch bar measure. Licensed bait dealers may obtain a permit from the department to use minnow seines longer than twenty feet, but not exceeding fifty feet in length.

6. The department may designate certain lakes and streams, and parts of them, from which minnow populations should be protected for the best management of the lakes or streams. If an investigation of a lake or stream or a portion of a lake or stream by the department indicates that the minnow population should be protected, the lake or stream or a portion of the lake or stream shall be closed to the taking of minnows for a period of time deemed advisable by the department.

For applicable scheduled fines, see §805.8B, subsection 3, paragraphs c, d, and k

§481A.146 Authority of the director.
The director may take any fish from the public waters of the state, at any time and in any manner, for the purpose of propagation or restocking other waters, or exchanging with fish and wildlife agencies of other states, the federal government, or licensed aquaculture units.

92 Acts, ch 1216, §8
**481A.147 Theft of fish.**
All fish in an aquaculture unit are private property and are not the property of the state, and the theft of fish from an aquaculture unit is punishable as provided in section 714.2.

**SUBCHAPTER XIV**

**POLLUTION — RESTITUTION**

**481A.151 Restitution for pollution causing injury to wild animals.**

1. A person who is liable for polluting a water of this state in violation of state law, including this chapter, shall also be liable to pay restitution to the department for injury caused to a wild animal by the pollution. The amount of the restitution shall also include the department's administrative costs for investigating the incident. The administration of this section shall not result in a duplication of damages collected by the department under section 455B.392, subsection 1, paragraph “a”, subparagraph (3).

2. The commission shall adopt rules providing for procedures for investigations and the administrative assessment of restitution amounts. The rules shall establish an opportunity to appeal a departmental action including by a contested case proceeding under chapter 17A.

A final administrative decision assessing an amount of restitution may be enforced by the attorney general at the request of the director.

3. Rules adopted by the commission shall provide for methods used to determine the extent of an injury and the monetary values for the loss of injured wild animals based on species.

   a. The rules shall provide for methods used to count dead fish and to calculate restitution values. The rules may incorporate methods and values published by the American fisheries society. To every extent practicable, the values shall be based on the estimates of lost recreational angler opportunities where applicable. As an alternative method of valuation, the rules may provide that for fish species that are protected by catch limits, possession limits, size limits, or closed seasons applicable to anglers, liquidated damages apply. The amount of the liquidated damages shall not exceed fifteen dollars per fish. For fish species that are classified by the commission as endangered or threatened, the rules may establish liquidated damages not to exceed one thousand dollars per fish.

   b. The rules shall provide guidelines for estimating the extent of loss of a species that is affected by a pollution incident but which would not be practical to count in sample areas. The rules may establish liquidated damage amounts for species whose replacement cost is difficult to determine.

4. Moneys collected by the department in restitution shall be deposited into the state fish and game protection fund. The moneys shall be used exclusively to support restoration or improvement of fisheries, including but not limited to aquatic habitat improvement projects as provided in rules adopted by the commission. However, moneys collected from restitution paid for investigative costs shall be used as determined by the director.

CHAPTER 481B
ENDANGERED PLANTS AND WILDLIFE

Referred to in §232.8, 455A.4, 455A.5, 456A.14, 456A.24, 481A.1, 481A.130, 481A.134, 481A.135, 481A.145, 483A.32, 805.16, 903.1

This chapter not enacted as a part of this title; transferred from chapter 109A in Code 1993
See §481A.134 and 481A.135 for point system and additional penalties

481B.1 Definitions.
As used in this chapter:
1. “Commission” means the natural resource commission.
2. “Director” means the director of the department of natural resources.
3. “Endangered species” means any species of fish, plant life, or wildlife which is in danger of extinction throughout all or a significant part of its range. “Endangered species” does not include a species of insecta determined by the commission or the secretary of the United States department of interior to constitute a pest whose protection under this chapter would present an overwhelming and overriding risk to humans.
4. “Fish or wildlife” means any member of the animal kingdom, including any mammal, fish, amphibian, mollusk, crustacean, arthropod, or other invertebrate, and includes any part, product, egg, or offspring, or the dead body of parts thereof. Fish or wildlife includes migratory birds, nonmigratory birds, or endangered birds for which protection is afforded by treaty or other international agreement.
5. “Import” means to bring into, or introduce into, or attempt to bring into, or attempt to introduce into, any place subject to the jurisdiction of this state.
6. “Person” means person as defined in section 4.1, subsection 20.
7. “Plant” or “plant life” means any member of the plant kingdom, including seeds, roots, and other parts thereof.
8. “Species” includes any subspecies of fish, plant life, or wildlife and any other group of fish, plants, or wildlife of the same species or smaller taxa in common spatial arrangement that interbreed or cross-pollinate when mature.
9. “Take”, in reference to fish and wildlife, means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, collect and it includes an attempt to engage in any such conduct.
10. “Take”, in reference to plants, means to collect, pick, cut, dig up or destroy in any manner.
11. “Threatened species” means any species which is likely to become an endangered species within the foreseeable future throughout all or a significant portion of its range.

481B.3 Investigations.
The director shall conduct investigations on fish, plants, and wildlife in order to develop information relating to population, distribution, habitat needs, limiting factors, and other biological and ecological data to determine management measures necessary for their ability to sustain themselves successfully. On the basis of these determinations and other available scientific and commercial data, which may include consultation with scientists and others who may have specialized knowledge, learning, or experience, the commission shall pursuant to chapter 17A promulgate a rule listing those species of fish, plants, and wildlife which are determined to be endangered or threatened within the state.

The commission shall review the state list of endangered and threatened species at least every two years and may amend the list.

Referred to in §481B.4, 481B.5, 481B.6

481B.4 Programs.
The director shall establish programs, including acquisition of land or aquatic habitat, necessary for the management of endangered or threatened species.

In carrying out the programs authorized by this section, the commission may enter into cooperative agreements with federal and state agencies, political subdivisions of the state, or with private persons for the administration and management of any area or program established under this section or for investigation as outlined in section 481B.3.

[C77, 79, 81, §109A.4]

481B.5 Prohibitions.
Except as otherwise provided in this chapter or by rule, a person shall not take, possess, transport, import, export, process, sell or offer for sale, buy or offer to buy, nor shall a common or contract carrier transport or receive for shipment, any species of fish, plants, or wildlife appearing on the following lists which shall be adopted by rule of the commission:

1. The list of fish, plants, and wildlife indigenous to the state determined to be endangered or threatened within the state pursuant to section 481B.3.
2. The United States list of endangered or threatened native fish and wildlife as contained in 50 C.F.R. pt. 17 as amended to December 30, 1991.
3. The United States list of endangered or threatened plants as contained in 50 C.F.R. pt. 17 as amended to December 30, 1991.

481B.6 Species not on list.
The commission may, by rule, treat any species as an endangered species or threatened species even though it is not listed pursuant to section 481B.3 if it finds that the species so closely resembles in appearance a species which is listed pursuant to section 481B.3 and that enforcement personnel would have substantial difficulty in attempting to differentiate between the listed and unlisted species, and the effect of this substantial difficulty is an additional threat to an endangered or threatened species, or finds that the treatment of an unlisted species will substantially facilitate the enforcement and further the intent of this chapter.

CHAPTER 481C
WILD ANIMAL DEPREDATION PROCEDURES

481C.1 Wild animal depredation unit.
A wild animal depredation unit is established within the department of natural resources. The unit shall be comprised of two wild animal depredation biologists.

97 Acts, ch 180, §2; 2002 Acts, ch 1162, §72
Referred to in §481C.3

481C.2 Duties.
1. The director of the department of natural resources shall enter into a memorandum of agreement with the United States department of agriculture, animal damage control division. The wild animal depredation unit shall serve and act as the liaison to the department for the producers in the state who suffer crop, horticultural product, tree, or nursery damage due to wild animals.
2. The department shall issue depredation permits to any landowner who incurs crop, horticultural product, tree, or nursery damage of one thousand dollars or more due to wild animals.
3. The criteria for issuing depredation licenses and permits shall be established in
481C.2A Deer depredation management program — licenses and permits.

1. Deer depredation licenses shall be available for issuance as follows:
   a. Deer depredation licenses shall be available for issuance to resident hunters.
   b. Depredation licenses issued pursuant to this subsection shall be valid to harvest antlerless deer only. Depredation licenses that are issued to a landowner and family members as defined in section 483A.24 shall be in addition to the number of free licenses that are available for issuance to such persons under section 483A.24. A landowner or a family member may obtain one free depredation license for each deer hunting season that is established by the commission. Deer may be harvested with a rifle pursuant to a depredation license in any area and in any season where the commission authorizes the use of rifles.
   c. Licenses issued pursuant to this subsection may be issued at any time to a resident hunter who has permission to hunt on the land for which the license is valid pursuant to this subsection.
   d. A producer who enters into a depredation agreement with the department of natural resources shall be issued a set of authorization numbers. Each authorization number authorizes a resident hunter to obtain a depredation license that is valid only for taking antlerless deer on the land designated in the producer’s depredation plan. A producer may transfer an authorization number issued to that producer to a resident hunter who has permission to hunt on the land for which the authorization number is valid. An authorization number shall be valid to obtain a depredation license in any season. The provisions of this paragraph shall be implemented by August 15, 2008. A transferee who receives an authorization number pursuant to this paragraph “d” shall be otherwise qualified to hunt deer in this state, purchase a hunting license that includes the wildlife habitat fee, and pay the one dollar fee for the purpose of the deer herd population management program.

2. Deer shooting permits shall be available for issuance as follows:
   a. Deer shooting permits shall be available for issuance to landowners who incur crop, horticultural product, tree, or nursery damage as provided in section 481C.2 and shall be available for issuance for use on areas where public safety may be an issue.
   b. Deer shooting permits issued pursuant to this subsection shall be valid and may be used outside of established deer hunting seasons.

3. Notwithstanding section 481C.2, subsection 3, a producer shall not be required to erect or maintain fencing as a requisite for receiving a deer depredation permit or for participation in a deer depredation plan pursuant to this section.

4. A person who harvests a deer with a deer depredation license or a deer shooting permit issued pursuant to this section shall utilize the deer harvest reporting system set forth in section 483A.8A and shall not be subject to different disposal or reporting requirements than are applicable to the harvest of deer pursuant to other deer hunting licenses except that any antlers on a deer taken pursuant to a shooting permit shall be delivered to the local conservation officer for disposal.

5. The department shall administer and enforce the administrative rules concerning deer depredation, including issuance of deer depredation licenses and deer shooting permits, that are established by the commission.

6. The department shall make educational materials that explain the deer depredation management program available to the general public, and available specifically to farmers and farm and commodity organizations, in both electronic and brochure formats.

7. The department shall conduct outreach programs for farmers and farm and commodity organizations that explain the deer depredation management program. The department shall develop, by rule, a master hunter program and maintain a list of master hunters who are...
available to assist producers in the deer depredation management program by increasing the harvest of antlerless deer on the producer’s property.

481C.3 Funding.
The revenue from nonresident deer and wild turkey hunting licenses shall be used to pay the salaries, support, and maintenance of the wild animal depredation unit established pursuant to section 481C.1.

482.1 Authority of the commission.
1. The natural resource commission shall observe, administer, and enforce this chapter. The natural resource commission may adopt and enforce rules under chapter 17A as necessary to carry out this chapter.
2. The natural resource commission may:
a. Remove or cause to be removed from the waters of the state any aquatic species that in the judgment of the commission is an underused renewable resource or has a detrimental effect on other aquatic populations. All proceeds from a sale of these aquatic organisms shall be credited to the state fish and game protection fund.
b. Issue to any person a permit or license authorizing that person to take, possess, and sell underused, undesirable, or injurious aquatic organisms from the waters of the state. The person receiving a permit or license shall comply with the applicable provisions of this chapter.
c. Authorize the director to enter into written contracts for the removal of underused, undesirable, or injurious organisms from the waters of the state. The contracts shall specify all terms and conditions desired. A person who enters into such a contract with the director, and any subcontractor under such a contract, shall have an appropriate valid commercial license under section 482.4. However, other persons assisting with performance of the contract or subcontract may be unlicensed.
d. Prohibit, restrict, or regulate commercial fishing and commercial turtle harvesting in any waters of the state.
e. Revoke the license of a licensee for up to one year if the licensee has been convicted of a violation of chapter 481A, 482, or 483A. A licensee shall not continue commercial fishing while a license issued by the natural resource commission or issued by another state is under revocation or suspension.
Regulate the numbers of commercial fishers and commercial turtle harvesters and the amount, type, seasonal use, mesh size, construction and design, manner of use, and other criteria relating to the use of commercial gear for any body of water or part thereof.

Establish catch quotas, seasons, size limits, and other regulations for any species of commercial fish or turtles for any body of water or part thereof.

Designate by listing species as commercial fish or turtles.

Designate any body of water or its part as protected habitat and restrict, prohibit, or otherwise regulate the taking of commercial fish and turtles in protected habitat areas.

Employees of the department may lift and inspect any commercial gear at any time and may inspect commercial catches, commercial markets, and landings, and examine sale and purchase records of commercial fishers, commercial turtle harvesters, commercial roe harvesters, commercial turtle buyers, and commercial roe buyers upon demand.

Employees of the department may seize and retain as evidence any illegal fish or turtles, or any illegal commercial gear, or any other personal property used in violation of any provision of the Code, and may confiscate any untagged or illegal commercial gear as contraband.

482.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Boundary waters” means the waters of the Mississippi, Missouri, and Big Sioux rivers.
2. “Commercial fish helper” means a person who is licensed by the state to assist a commercial fisher or a commercial roe harvester in operating commercial gear or in taking, attempting to take, possessing, or transporting commercial fish, roe species, roe, or turtles.
3. “Commercial fisher” means a person who is licensed by the state to take, attempt to take, possess, transport, sell, barter, or trade turtles or turtle eggs, commercial fish except roe species, or fish parts except roe.
4. “Commercial fishing” means taking, attempting to take, possessing, or transporting of commercial fish or turtles for the purpose of selling, bartering, trading, offering, or exposing for sale.
5. “Commercial gear” means the capturing equipment used by commercial fishers, commercial roe harvesters, and commercial turtle harvesters.
6. “Commercial roe buyer” means a person who is licensed by the state to engage in the business of buying, selling, bartering, or trading of roe and roe species.
7. “Commercial roe harvester” means a person who is licensed by the state to engage in the harvest and sale, barter, or trade of roe and roe species.
8. “Commercial species” means species of fish and turtles which may be lawfully taken and sold by commercial fishers, commercial roe harvesters, and commercial turtle harvesters, as established by rule by the commission.
9. “Commercial turtle buyer” means a person who is licensed by the state to engage in the business of buying, selling, bartering, or trading commercial turtles or turtle eggs.
10. “Commercial turtle harvester” means a person who is licensed by the state to take, attempt to take, possess, transport, and sell, barter, or trade commercial turtles or turtle eggs.
11. “Commercial turtle harvesting” means taking, attempting to take, possessing, or transporting of commercial turtles or turtle eggs for the purpose of selling, bartering, trading, offering, or exposing for sale.
12. “Commercial turtle helper” means a person who is licensed by the state to assist a commercial turtle harvester in operating commercial gear, or in taking, attempting to take, possessing, or transporting commercial turtles or turtle eggs.
13. “Constant attendance” means the presence of a commercial fisher whenever commercial gear is in use.
14. “Director” means the director of the department of natural resources, and the director’s duly authorized assistants, deputies, or agents.
15. “Game fish” means all species and size categories of fish not included as “commercial species” or minnows.
16. “Inland waters of the state” means all public waters of the state excluding the boundary waters of the Mississippi, Big Sioux, and Missouri rivers.
17. “Licensed commercial gear” means any commercial gear that is licensed as provided in this chapter and that, when in use, has the proper tags attached as provided by this chapter.
18. “Nonresident or alien” means a person who does not qualify as a resident as defined in section 483A.1A.
19. “Resident” means a person as defined in section 483A.1A.
21. “Roe species” means fish harvested for their eggs. Roe species include but are not limited to shovelnose sturgeon and bowfin and any other fish defined as roe species by the commission by rule.
22. “Waters of the state” means all of the waters under the jurisdiction of the state.

§482.4 Commercial licenses and gear tags.
1. A person shall not use or operate commercial gear unless an individual is at the site where the commercial gear is being operated who possesses an appropriate valid commercial license. A commercial license is valid from the date of issue to January 10 of the succeeding calendar year.
2. A commercial roe harvester shall possess a valid commercial fishing license and a valid commercial roe harvester license.
3. Commercial fishers and commercial turtle harvesters shall provide and affix weather-resistant gear tags to each piece of gear in use. Each weather-resistant gear tag shall plainly show the name, address, and commercial license number of the licensee and whether the gear is fish or turtle gear.
4. Annual license fees are as follows:
   a. Commercial fisher, resident $ 200.00
   b. Commercial fisher, nonresident $ 400.00
   c. Commercial fish helper, resident $ 50.00
   d. Commercial fish helper, nonresident $ 100.00
   e. Commercial roe buyer, resident $ 250.00
   f. Commercial roe buyer, nonresident $ 500.00
   g. Commercial roe harvester, resident $ 100.00
   h. Commercial roe harvester, nonresident $3,500.00
   i. Commercial turtle buyer, resident $ 200.00
   j. Commercial turtle buyer, nonresident $ 400.00
k. Commercial turtle harvester, resident .................. $ 100.00
l. Commercial turtle harvester, nonresident ........... $ 400.00
m. Commercial turtle helper, resident ....................... $ 50.00
n. Commercial turtle helper, nonresident ............... $ 100.00

5. Commercial fish and turtle gear tags are required on the following units of commercial gear:
   a. Seine.
   b. Trammel net.
   c. Gill net.
   d. Entrapment nets.
   e. Commercial trotline.
   f. Commercial turtle trap.

482.6 Tagging of commercial gear.
Each trotline shall have the tags affixed to one end. Each hoop net, slat net, trap net, and turtle trap shall have the appropriate tag affixed to the end nearest the pot. Each gill net and each trammel net shall have the tags affixed to the float line nearest the shore stake, but when fished under ice, the tags shall be affixed to the float line nearest the take-out hole. Each seine shall have the tags affixed to one end.
86 Acts, ch 1141, §6
C87, §109B.6
C93, §482.6
Referred to in §805.8B(3)(b)
For applicable scheduled fines, see §805.8B, subsection 3, paragraph b

482.7 Gear attendance.
1. A commercial fisher, commercial turtle harvester, or commercial roe harvester licensee must be present when commercial gear is operated. A commercial fish helper or commercial turtle helper shall not operate commercial gear except under the direct supervision of a commercial fisher, commercial turtle harvester, or commercial roe harvester. A nonresident commercial turtle helper is licensed only to assist a licensed nonresident commercial turtle harvester. Commercial gear shall be lifted and emptied of catch as provided by the rules of the commission. Constant attendance by the commercial fisher of seines, trammel nets, and gill nets is required when the gear is fished by driving, drive-seining, seining, floating, or drifting methods. Officers of the commission may grant a reasonable extension of gear attendance intervals only upon the request of a commercial fisher, commercial turtle harvester, or commercial roe harvester specifying why such an extension is necessary.
2. For the purposes of this section, “direct supervision” means that a commercial fisher, commercial turtle harvester, or commercial roe harvester must be in the same boat, within
hand-signal distance, or within vocal communication distance, without the help of any
electronic or amplifying device, of the commercial fish helper or commercial turtle helper
being supervised.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph d

482.8 Baits.
1. It is lawful for licensed commercial fishers, commercial turtle harvesters, and
commercial roe harvesters to pursue, take, possess, and transport any commercial fish or
their parts, bait fish, turtles, frogs, salamanders, leeches, crayfish, or any other aquatic
invertebrates for bait unless otherwise prohibited by law.
2. It is lawful to use any member of the following families as bait fish in boundary
waters:  Cyprinidae, the minnows;  Catostomidae, the suckers;  Umbriidae, the mudminnows;
Clupeidae, the herrings;  Hiodontidae, the mooneyes;  Amiidae, the bowfin unless otherwise
prohibited by law.
3. It is lawful to use green sunfish, Lepomis cyanellus, and orange-spotted sunfish,
Lepomis humilis, for bait fish.
4. It is lawful to use minnow seines for taking bait in the boundary waters. Minnow seines
may not exceed fifty feet in length and eight feet in depth.

86 Acts, ch 1141, §8
C87, §109B.8
C93, §482.8

Referred to in §805.8B(3)(d)
For applicable scheduled fines, see §805.8B, subsection 3, paragraph d

482.9 Unlawful methods.
It is unlawful:
1. To use commercial gear which is not in accordance with this chapter or the rules of the
commission.
2. To use commercial gear within nine hundred feet from a navigation dam on the
boundary waters.
3. To use commercial gear within three hundred feet from the mouth of a tributary stream
emptying into the boundary waters.
4. For a person to lift or to fish licensed commercial gear of another person, except when
under the direct supervision of the licensee as provided in section 482.7.
5. To employ chemicals, electricity, or explosives into the water for taking fish, turtles, or
freshwater mussels except as authorized by the director.
6. To have in one’s possession game fish or other fish, turtles, or mussels deemed illegal by
other provisions of law while engaged in commercial activities. A fish caught in commercial
fishing that is not lawful to possess shall be handled with wet hands and immediately released
under water with as little injury as possible.
7. To block or inhibit navigation through channels with commercial gear unless a
minimum of three feet of water depth is maintained over float lines of any entanglement gear
or leads to trap nets. Gear shall not block over one-half the width of a navigable channel if
there is less than three feet of water over the gear.

482.10 Commercial fishing licenses.
   1. All persons who commercially take, attempt to take, possess, transport, sell, barter, trade, or buy commercial fish or their parts shall possess an appropriate, valid commercial fishing license. This subsection does not apply to an individual who buys commercial fish or their parts from a commercial fisher for personal consumption.
      a. A commercial fisher license is required to operate commercial gear and to take, attempt to take, possess, process, transport, or sell any commercial fish, commercial turtles, or turtle eggs.
      b. A commercial fish helper license is required to assist a commercial fisher or commercial roe harvester in operating commercial gear and in taking, attempting to take, possessing, or transporting commercial fish, roe species, roe, commercial turtles, or turtle eggs. A commercial fish helper is not permitted to buy, sell, barter, or trade commercial fish, roe species, roe, commercial turtles, or turtle eggs. A commercial fish helper license is not required for a person under sixteen years of age to assist a commercial fisher as provided in this paragraph “b”.
      c. A commercial roe harvester license is required to harvest, possess, transport, or sell roe or roe species or their parts. A commercial roe harvester is not permitted to buy, barter, or trade roe or roe species unless in possession of a valid roe buyer license. A commercial roe harvester shall sell roe or roe species only to a commercial roe buyer licensed in this state.
      d. A commercial roe buyer license is required to buy, barter, or trade roe or roe species for resale.
   2. All intrastate and interstate shipments of commercial fish, turtles, turtle eggs, or roe or roe species, must be accompanied by a receipt which shows the name and address of the seller, date of sale, and the species, numbers, and pounds of the fish, roe species, roe, turtles, or turtle eggs being sold.
      86 Acts, ch 1141, §10  
      C87, §109B.10

      Referred to in §805.8B(3)(d)  
      For applicable scheduled fine, see §805.8B, subsection 3, paragraph d

482.11 Turtles and turtle eggs.
   1. All persons who commercially take, attempt to take, possess, transport, or sell turtles or turtle eggs shall possess an appropriate, valid commercial license. This subsection does not apply to an individual who buys turtles or turtle eggs from a commercial fisher or a commercial turtle harvester for personal consumption.
      a. A commercial turtle harvester license is required to operate commercial gear and to take, attempt to take, possess, transport, sell, barter, or trade commercial turtles or turtle eggs. Nonresident commercial turtle harvesters shall harvest commercial turtles only from the boundary waters.
      b. A commercial turtle helper license is required to assist a commercial turtle harvester in operating commercial gear, and in taking, attempting to take, possessing, or transporting commercial turtles or turtle eggs. A commercial turtle helper is not permitted to buy, sell, barter, or trade commercial turtles or turtle eggs. A commercial turtle helper license is not required for a person under sixteen years of age to assist a commercial turtle harvester as provided in this paragraph “b”.
      c. A commercial turtle buyer license is required to engage in the business of buying, bartering, or trading commercial turtles or turtle eggs.
      d. A commercial fisher license entitles commercial fishers to operate any licensed commercial gear and to take, attempt to take, possess, and sell, barter, or trade turtles or turtle eggs taken with such commercial gear.
   2. It is unlawful to take, possess, or sell any species of turtles except those designated by the commission by rule.
      86 Acts, ch 1141, §11  
      C87, §109B.11

§482.13 Reciprocity for commercial fishing and commercial turtle fishing.
1. Reciprocal commercial fishing and commercial turtle fishing privileges are contingent upon a grant of similar privileges by the appropriate state to residents of this state.
2. The commission may negotiate commercial reciprocity agreements with other states.

§482.14 Reports and records required — inspections.
1. All commercial fishers, commercial turtle harvesters, commercial turtle buyers, commercial roe harvesters, and commercial roe buyers shall submit a monthly report supplying all information requested on forms furnished by the department. Reports must be received by the department no later than the fifteenth day of the following month.
2. Commercial fishers shall utilize a dated receipt with at least two parts, with one original and one copy of each receipt, that contains the species, number, and pounds of fish or turtles sold, bartered, or traded. Commercial fishers shall retain a copy of each receipt for five years following the transaction. A purchaser of commercial fish or turtles shall retain a copy of the receipt for as long as the purchaser is in possession of the fish or turtles.
3. Commercial turtle harvesters shall utilize a dated receipt with at least two parts, with one original and one copy of each receipt, that contains the species, number, and pounds of turtles sold, bartered, or traded. Commercial turtle harvesters shall retain a copy of each receipt for five years following the transaction. A purchaser of commercial turtles shall retain a copy of the receipt for as long as the purchaser is in possession of the turtles.
4. Commercial turtle buyers shall maintain accurate records of all transactions. The records shall contain the date, number, weight, and species of turtles purchased, the name and address of the seller, and the county or pools where the turtles were taken. The records shall be updated monthly. Such records shall be available for examination by employees of the department upon request. A commercial turtle buyer shall only purchase turtles from a licensed commercial fisher or commercial turtle harvester.
5. Commercial roe buyers shall utilize a receipt with at least two parts, with one original and at least one copy of each receipt, for each purchase of commercial roe species and roe. The original of the receipt shall be kept by the commercial roe buyer and a copy of the receipt shall be given to the commercial roe harvester selling the commercial roe species or roe. Commercial roe buyers and commercial roe harvesters shall retain such receipts for five years following the date of the transaction.
6. Facilities and records of commercial fish buyers, commercial turtle buyers, commercial roe harvesters, and commercial roe buyers shall be open at all reasonable times for inspection by any conservation officer.

§482.15 Penalties.
A person who violates this chapter or a rule issued under this chapter is guilty of a simple misdemeanor punishable as a scheduled violation under section 805.8B, subsection 3, paragraph “e”. However, the scheduled fine specified in section 805.8B, subsection 3,
paragraph “e”, does not apply to a violation of this chapter or a rule for which another scheduled fine is specified in section 805.8B, subsection 3.
