b. The department may authorize projects which provide grants or loans to local governments for the purchase of specialized equipment and special staff training for the establishment of alternative forms of roadside vegetation. Projects approved under this paragraph require a local match or contribution toward the overall project cost.

c. The department, in order to create greater visual effect, shall investigate alternatives for concentrating plantings at strategic locations to gain a greater visual impact and appeal as well as stronger scenic value. Equal attention shall be given to providing safe and effective habitats for wildlife which can coexist with highways.

d. The department may authorize projects which provide grants or loans to local jurisdictions for increased protection through the use of easements, fee title acquisition, covenants, zoning ordinances, or other provisions for protection of vegetation and desirable environment adjacent to the right-of-way. Off-right-of-way projects shall emphasize vegetation protection or enhancement, scenic and wildlife values, erosion control and enhancement of vegetation management projects within the right-of-ways.

3. a. Moneys allocated to the state under subsection 1 shall be expended as follows:

(1) Fifty thousand dollars annually to the department for the services of the integrated roadside vegetation management coordinator and support.

   b. Upon the installation of a cattle guard pursuant to this section, and before July 1 of each year thereafter, the landowner who installed the cattle guard or a successive landowner shall submit to the appropriate county office of the county having jurisdiction over the street or highway on which the cattle guard is installed, as designated by the county, proof of liability coverage in effect for the following one-year period which covers any injury or loss arising from the landowner’s liability as set forth in paragraph “a”.

   c. This section shall not be construed to alter, limit, or nullify the maintenance requirements assigned to a county, and a county’s liability relating to such maintenance requirements, pursuant to section 309.57 for the street or highway on which the cattle guard is installed.

   a. “Cattle guard” means a structure consisting of parallel bars placed over a shallow ditch that allows motor vehicles to pass over the ditch, but prevents cattle and other livestock from passing over the ditch.

315.11 Additional factors and requirements.

In addition to other effects and factors to be considered under section 315.5, for applications submitted after July 1, 1988, the following factors and requirements shall be considered or applied:

1. The impact of the proposed project on other businesses in competition with the business being considered for assistance. The department shall make a good faith effort to
identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The department shall make a good faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created.

2. The economic impact to the state of the proposed project. In measuring the economic impact the department shall award more points for the following:
   a. A business with a greater percentage of sales out-of-state or of import substitution.
   b. A business with a higher proportion of in-state suppliers.
   c. A project which would provide greater diversification of the state economy.
   d. A business with fewer in-state competitors.
   e. A potential for future job growth.
   f. A project which is not a retail operation.

3. The quality of jobs to be provided. Jobs that have a higher wage scale, have a lower turnover rate, are full-time, or are career-type positions are considered higher in quality. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

4. If the business has a record of violations of the law over a period of time that tends to show a consistent pattern, the business shall be given the lowest ranking for providing assistance. The department shall make a good faith effort to compile this information.

5. If a business has, within three years of application for assistance, acquired or merged with an Iowa corporation or company, the business shall make a good faith effort to hire the workers of the merged or acquired company.

6. To be eligible for assistance a business shall provide for a preference for hiring residents of the state or the economic development area, except for out-of-state employees offered a transfer to Iowa or the economic development area.

7. All known required environmental permits must be granted and regulations met before moneys are released.

This chapter shall be known and may be cited as the “Relocation Assistance Law.”

3. The amount, if any, which will compensate the displaced person for any increased interest costs and other debt service costs which the displaced person is required to pay for financing the acquisition of a comparable replacement dwelling. The amount shall be paid only if the dwelling acquired by the displacing agency was encumbered by a bona fide mortgage which was a valid lien on the dwelling for not less than one hundred and eighty days immediately prior to the initiation of negotiations for the acquisition of the dwelling.

2. The additional payment authorized by this section shall be made only to a displaced person who purchases and occupies a decent, safe, and sanitary replacement dwelling within one year after the date on which the person receives final payment from the displacing agency of all costs of the acquired dwelling, or on the date on which the obligation of the displacing agency under section 316.8 is met, whichever is the later, except that the displacing agency may extend the eligibility period for good cause. If the period is extended, the payment under this section shall be based on the costs of relocating the person to a comparable replacement dwelling within one year of the applicable date.

All determinations to carry out this section shall be made in accordance with administrative rules adopted by the department. The displaced person may elect either of the following:

1. The amount necessary to enable the displaced person to lease or rent a comparable replacement dwelling. At the discretion of the displacing agency, a payment under this subsection may be made in periodic installments. Computations of a payment under this subsection to a low-income displaced person for a comparable replacement dwelling shall take into account the person's income.

2. The amount necessary to enable the person to make a down payment, including incidental expenses described in section 316.5, subsection 1, paragraph “c”, on the purchase of a decent, safe, and sanitary dwelling. The person may, at the discretion of the displacing agency, be eligible under this subsection for the maximum payment allowed under subsection 1, except that, in the case of a displaced homeowner who has owned and occupied the displaced dwelling for at least ninety days but not more than one hundred and eighty days immediately prior to the initiation of negotiations for the acquisition of the dwelling, the payment shall not exceed the payment the person would otherwise have received under

When the commissioner destroys any weeds under the authority of section 317.16, after failure of the landowner responsible to destroy such weeds pursuant to the order of the board of supervisors, the cost of the destruction shall be assessed against the land and collected from the landowner responsible in the following manner:
1. Annually, after the weed commissioner has completed the program of destruction of weeds by reason of noncompliance by persons responsible for the destruction, the board of supervisors shall determine as to each tract of real estate the actual cost of labor and materials used by the commissioner in cutting, burning, or otherwise destroying the weeds, the cost of serving notice, and of special meetings or proceedings, if any. To the total of all sums expended, the board shall add an amount equal to twenty-five percent of that total to compensate for the cost of supervision and administration and assess the resulting sum against the tract of real estate by a special tax, which shall be certified to the county auditor
and county treasurer by the clerk of the board of supervisors, and shall be placed upon the
tax books, and collected, with interest after delinquent, in the same manner as other unpaid
taxes. The tax shall be due on March 1 after assessment, and shall be delinquent from April
1 after due. However, when the last day of March is a Saturday or Sunday, such amount shall
be delinquent from the second business day of April. When collected, the moneys shall be
paid into the fund from which the costs were originally paid.

2. Before making any such assessment, the board of supervisors shall prepare a plat or
schedule showing the several lots, tracts of land or parcels of ground to be assessed which
shall be in accord with the assessor’s records and the amount proposed to be assessed against
each of the same for destroying or controlling weeds during the fiscal year.

3. Such board shall thereupon fix a time for the hearing on such proposed assessments,
which time shall not be later than December 15 of the year, and at least twenty days prior to
the time thus fixed for such hearing shall give notice thereof to all concerned that such plat or
schedule is on file, and that the amounts as shown therein will be assessed against the several
lots, tracts of land or parcels of ground described in said plat or schedule at the time fixed for
such hearing, unless objection is made thereto. Notice of such hearing shall be given by one
publication in official county newspapers in the county in which the property to be assessed is
situated; or by posting a copy of such notice on the premises affected and by mailing a copy by
certified mail to the last known address of the person owning or controlling said premises. At
such time and place the owner of said premises or anyone liable to pay such assessment, may

§321.20B Proof of security against liability — driving without liability coverage.

1. a. Notwithstanding chapter 321A, which requires certain persons to maintain proof of
financial responsibility, a person shall not drive a motor vehicle on the highways of this state
unless financial liability coverage, as defined in section 321.1, subsection 24B, is in effect for
the motor vehicle and unless the driver has in the motor vehicle the proof of financial liability
coverage card issued for the motor vehicle, or if the vehicle is registered in another state,
other evidence that financial liability coverage is in effect for the motor vehicle. A proof of
financial liability coverage card may be produced in paper or electronic format. Acceptable
electronic formats include electronic images displayed on a cellular telephone or any other
portable electronic device that has a display screen with touch input or a miniature keyboard.
b. It shall be conclusively presumed that a motor vehicle driven upon a parking lot which is available to the public without charge or which is available to customers or invitees of a business or facility without charge was driven on the highways of this state in order to enter the parking lot, and this section shall be applicable to such a motor vehicle. As used in this section, “parking lot” includes access roads, drives, lanes, aisles, entrances, and exits to and from a parking lot described in this paragraph.

c. This subsection does not apply to the operator of a motor vehicle owned by or leased to the United States, this state or another state, or any political subdivision of this state or of another state, or to a motor vehicle which is subject to section 325A.6.

2. a. An insurance company transacting business in this state shall issue to its insured owners of motor vehicles registered in this state a financial liability coverage card for each motor vehicle insured. Each financial liability coverage card shall identify the registration number or vehicle identification number of the motor vehicle insured and shall indicate the expiration date of the applicable insurance coverage. The financial liability coverage card shall also contain the name and address of the insurer or the name of the insurer and the name and address of the insurance agency, the name of the insured, and an emergency telephone number of the insurer or emergency telephone number of the insurance agency. b. The department shall adopt rules regarding the contents of a financial liability coverage card to be issued pursuant to this section.

(1) Notwithstanding the provisions of this section, a fleet owner who is issued a certificate of self-insurance pursuant to section 321A.34, subsection 1, is not required to maintain in each vehicle a financial liability coverage card with the individual registration number or the vehicle identification number of the vehicle included on the card. Such fleet owner shall be required to maintain a financial liability coverage card in each vehicle in the fleet including information deemed appropriate by the director.

(2) An association of individual members that is issued a certificate of self-insurance pursuant to section 321A.34, subsection 2, is required to maintain in each vehicle of an individual member a financial liability coverage card that complies with the provisions of this section and in addition contains information relating to the association and the association’s certificate of self-insurance as is deemed appropriate by the director.

3. If the financial liability coverage for a motor vehicle which is registered in this state is canceled or terminated effective prior to the expiration date indicated on the financial liability coverage card issued for the vehicle, the person to whom the financial liability coverage card was issued shall destroy the card.

4. a. If a peace officer stops a motor vehicle registered in this state and the driver is unable to provide proof of financial liability coverage, the peace officer shall do one of the following:

(1) Issue a warning memorandum to the driver.

(2) Issue a citation to the driver.

(a) Upon removing the license plates and registration receipt, the peace officer shall deliver the plates for destruction, as appropriate, and forward the registration receipt and evidence of the violation, as determined by the department, to the county treasurer of the county in which the motor vehicle is registered.

(b) The motor vehicle may be driven for a time period of up to forty-eight hours after receiving the citation solely for the purpose of removing the motor vehicle from the highways of this state, unless the driver’s operating privileges are otherwise suspended. After receiving the citation, the driver shall keep the citation in the motor vehicle at all times while driving the motor vehicle as provided in this subparagraph, as proof of the driver’s privilege to drive the motor vehicle for such limited time and purpose.

(4) (a) Issue a citation, remove the motor vehicle’s license plates and registration receipt, and impound the motor vehicle. The peace officer shall deliver the plates for destruction, as appropriate, and forward the registration receipt and evidence of the violation, as determined by the department, to the county treasurer of the county in which the motor vehicle is registered.
§321.20B, MOTOR VEHICLES AND LAW OF THE ROAD

(b) A motor vehicle which is impounded may be claimed by a person if the owner provides proof of financial liability coverage and proof of payment of any applicable fine and the costs of towing and storage for the motor vehicle. If the motor vehicle is not claimed within thirty days after impoundment, the motor vehicle may be treated as an abandoned vehicle pursuant to section 321.89.

(c) The holder of a security interest in a motor vehicle which is impounded pursuant to this subparagraph shall be notified of the impoundment within seventy-two hours of the impoundment of the motor vehicle and shall have the right to claim the motor vehicle upon the payment of all fees. However, if the value of the vehicle is less than the security interest, all fees shall be divided equally between the lienholder and the political subdivision impounding the vehicle.

b. An owner or driver of a motor vehicle who is charged with a violation of subsection 1 and issued a citation under paragraph “a”, subparagraph (3) or (4), is subject to the following:

1. An owner or driver who produces to the clerk of court, prior to the date of the individual’s court appearance as indicated on the citation, proof that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, or, if the driver is not the owner of the motor vehicle, proof that liability coverage was in effect for the driver with respect to the motor vehicle being driven at the time the driver was stopped and cited, in the same manner as if the motor vehicle were owned by the driver, shall be given a receipt indicating that such proof was provided and be subject to one of the following:

a. If the person was cited pursuant to paragraph “a”, subparagraph (3), the owner or driver shall provide a copy of the receipt to the county treasurer of the county in which the motor vehicle is registered and the owner shall be assessed a fifteen dollar administrative fee by the county treasurer who shall issue new license plates and registration to the person after payment of the fee.

b. If the person was cited pursuant to paragraph “a”, subparagraph (4), the owner or driver, after the owner provides proof of financial liability coverage to the clerk of court, may claim the motor vehicle after such person pays any applicable fine and the costs of towing and storage for the motor vehicle, and the owner or driver provides a copy of the receipt and the owner pays to the county treasurer of the county in which the motor vehicle is registered a fifteen dollar administrative fee, and the county treasurer shall issue new license plates and registration to the person.

2. An owner or driver who is charged with a violation of subsection 1 and is unable to show that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited may do either of the following:

a. Sign an admission of violation on the citation and remit to the clerk of court a scheduled fine as provided in section 805.8A, subsection 14, paragraph “f”, for a violation of subsection 1. Upon payment of the fine to the clerk of court of the county where the citation was issued, payment of a fifteen dollar administrative fee to the county treasurer of the county in which the motor vehicle is registered, and providing proof of payment of any applicable fine and proof of financial liability coverages to the county treasurer of the county in which the motor vehicle is registered, the treasurer shall issue new license plates and registration to the owner.

b. Request an appearance before the court on the matter. If the matter goes before the court, and the owner or driver is found guilty of a violation of subsection 1, the court may impose a fine as provided in section 805.8A, subsection 14, paragraph “f”, for a violation of subsection 1, or the court may order the person to perform unpaid community service instead of the fine. Upon the payment of the fine or the entry of the order for unpaid community service, the person shall provide proof of payment or entry of such order and the county treasurer of the county in which the motor vehicle is registered shall issue new license plates and registration to the owner upon the owner providing proof of financial liability coverage and paying a fifteen dollar administrative fee to the county treasurer.

c. An owner or driver cited for a violation of subsection 1, who produces to the clerk of court prior to the date of the person’s court appearance as indicated on the citation proof that financial liability coverage was in effect for the motor vehicle at the time the person was
stopped and cited, shall not be convicted of such violation and the citation issued shall be dismissed by the court. Upon dismissal, the court or clerk of court shall assess the costs of the action against the defendant named on the citation.

5. If the motor vehicle is not registered in this state and the driver is a nonresident, the peace officer shall do one of the following:
   a. Issue a warning memorandum to the driver.
   b. Issue a citation. An owner or driver who produces to the clerk of court prior to the date of the person’s court appearance as indicated on the citation proof that the financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, or if the driver is not the owner of the motor vehicle, proof that liability coverage was in effect for the driver with respect to the motor vehicle being driven at the time the driver was stopped and cited in the same manner as if the motor vehicle were owned by the driver, shall be given a receipt indicating that proof was provided, and the citation issued shall be dismissed by the court. Upon dismissal, the court or clerk of court shall assess the costs of the action against the defendant named on the citation.

6. This section does not apply to a motor vehicle identified in section 321.18, subsection 1, 2, 3, 4, 5, 6, or 8.

7. This section does not apply to a lienholder who has a security interest in a motor vehicle subject to the registration requirements of this chapter, so long as such lienholder maintains financial liability coverage for any motor vehicle driven or moved by the lienholder in which the lienholder has an interest.

9. The director of transportation and the commissioner of insurance shall adopt rules pursuant to chapter 17A to administer this section.

For a specially constructed vehicle, reconstructed vehicle, street rod, or replica vehicle subject to registration, the application
§321.23, MOTOR VEHICLES AND LAW OF THE ROAD

shall be accompanied by a statement from the department authorizing the motor vehicle to be titled and registered in this state. The owner of a specially constructed vehicle, reconstructed vehicle, street rod, replica vehicle, or foreign vehicle purchased pursuant to section 578A.7 shall present documentation that such sale was completed in compliance with that section.

b. The department shall cause a physical inspection to be made of all specially constructed vehicles, reconstructed vehicles, street rods, and replica vehicles upon application for a certificate of title by the owner, to determine whether the motor vehicle complies with the definition of specially constructed vehicle, reconstructed vehicle, street rod, or replica vehicle in this chapter and to determine that the integral component parts are properly identified and that the rightful ownership is established before issuing the owner the authority to have the motor vehicle registered and titled. The purpose of the physical inspection under this section is not to determine whether the motor vehicle is in a condition safe to operate.

c. The owner of a specially constructed vehicle, reconstructed vehicle, street rod, or replica vehicle shall apply for a certificate of title and registration for the vehicle at the county treasurer's office within thirty days of the inspection. For a foreign vehicle which has been registered outside this state, the owner shall surrender to the treasurer all registration plates, registration cards, and certificates of title, or if the vehicle to be registered is from a non-title state, the evidence of foreign registration and ownership as may be prescribed by the department except as provided in subsection 2.

d. Upon completion of every specially constructed vehicle, reconstructed vehicle, street rod, or replica vehicle, the owner shall certify on a form prescribed by the department that such vehicle is in compliance with all equipment specifications required under this chapter.

2. Where in the course of operation of a vehicle registered in another state it is desirable to retain registration of said vehicle in such other state, such applicant need not surrender but shall submit for inspection said evidence of such foreign registration and the treasurer upon a proper showing shall register said vehicle in this state but shall not issue a certificate of title for such vehicle.

3. In the event an applicant for registration of a foreign vehicle for which a certificate of title has been issued is able to furnish evidence of being the registered owner of the vehicle to the county treasurer of the owner’s residence, although unable to surrender such certificate of title, the county treasurer may issue a registration receipt and plates upon receipt of the required annual registration fee and the fee for new registration but shall not issue a certificate of title thereto. Upon surrender of the certificate of title from the foreign state, the county treasurer shall issue a certificate of title to the owner, or person entitled thereto, of such vehicle as provided in this chapter. The owner of a vehicle registered under this subsection shall not be required to obtain a certificate of title in this state and may transfer ownership of the vehicle to a motor vehicle dealer licensed under chapter 322 if, at the time of the transfer, the certificate of title is held by a secured party and the dealer has forwarded to the secured party the sum necessary to discharge the security interest pursuant to section 321.48, subsection 1.

4. A vehicle which does not meet the equipment requirements of this chapter due to the particular use for which it is designed or intended, may be registered by the department upon payment of appropriate fees and after inspection and certification by the department that the vehicle is not in an unsafe condition. A person is not required to have a certificate of title to register a vehicle under this subsection. If the owner elects to have a certificate of title issued for the vehicle, a fee of twenty dollars shall be paid by the person making the application upon issuance of a certificate of title. If the department’s inspection reveals that the vehicle may be safely operated only under certain conditions or on certain types of roadways, the department may restrict the registration to limit operation of the vehicle to the appropriate conditions or roadways. This subsection does not apply to snowmobiles as defined in section 321G.1. Section 321.382 does not apply to a vehicle registered under this subsection which is operated exclusively by a person with a disability who has obtained a persons with disabilities
parking permit as provided in section 321L.2, if the persons with disabilities parking permit is carried in or on the vehicle and shown to a peace officer on request.

321.24 Issuance of registration and certificate of title.
1. Upon receipt of the application for title and payment of the required fees for a motor vehicle, trailer, or semitrailer, the county treasurer or the department shall, when satisfied as to the application’s genuineness and regularity, and, in the case of a mobile home or manufactured home, that taxes are not owing under chapter 423 or 435, issue a certificate of title and, except for a mobile home or manufactured home, a registration receipt, and shall file the application, the manufacturer’s or importer’s certificate, the certificate of title, or other evidence of ownership, as prescribed by the department. The registration receipt shall be delivered to the owner and shall contain upon its face the date issued, the name and address of the owner, the registration number assigned to the vehicle, the amount of the fee paid, the type of fuel used, a description of the vehicle as determined by the department, and a form for notice of transfer of the vehicle. The name and address of any lessee of the vehicle shall not be printed on the registration receipt or certificate of title. Up to three owners may be listed on the registration receipt and certificate of title.

2. The county treasurer shall maintain in the county record system information contained on the registration receipt. The information shall be accessible by registration number and shall be open for public inspection during reasonable business hours. Copies the department requires shall be sent to the department in the manner and at the time the department directs.

3. The certificate of title shall contain upon its face the identical information required upon the face of the registration receipt. In addition, the certificate of title shall contain a statement of the owner’s title, the title number assigned to the owner or owners of the vehicle, the name and address of the previous owner, and a statement of all security interests and encumbrances as shown in the application, upon the vehicle described, including the nature of the security interest, date of perfection, and name and mailing address of the secured party.

4. If the prior certificate of title is from another state and indicates that the vehicle was rebuilt, the new certificate of title and registration receipt shall contain the designation “REBUILT” printed on its face together with the name of the state issuing the prior title. The designation shall be retained on the face of all subsequent certificates of title and registration receipts for the vehicle.

5. If the prior certificate of title is from another state and indicates that the vehicle was junked, an Iowa junking certificate shall be issued according to section 321.52, subsections 2 and 3. If the prior certificate of title from another state indicates that the vehicle is salvaged and not rebuilt or is a salvage certificate of title, an Iowa salvage certificate of title shall be issued and a “SALVAGE” designation shall be retained on all subsequent Iowa certificates of title and registration receipts for the vehicle, unless the owner has surrendered
§321.24, MOTOR VEHICLES AND LAW OF THE ROAD

the prior certificate of title and a salvage theft examination certificate, as provided under section 321.52, subsection 4, paragraph “c”, and the salvage theft examination certificate was properly executed within thirty days of the date the owner was assigned the prior certificate of title. The department may require that subsequent Iowa certificates of title retain other states’ designations which indicate that a vehicle had incurred prior damage. The department shall determine the manner in which other states’ rebuilt, salvage, or other designations are to be indicated on Iowa titles.

6. If the prior certificate of title is from another state and indicates that the vehicle was returned to the manufacturer pursuant to a law of another state similar to chapter 322G, the new registration receipt and certificate of title, and all subsequent registration receipts and certificates of title issued for the vehicle, shall contain a designation indicating the vehicle was returned to the manufacturer. The department shall determine the manner in which other states’ designations are to be indicated on Iowa registration receipts and certificates of title. The department may determine that a “REBUILT” or “SALVAGE” designation supersedes the designation required by this subsection and include the “REBUILT” or “SALVAGE” designation on the registration receipt and certificate of title in lieu of the designation required by this subsection.

7. The certificate shall contain the name of the county treasurer or of the department and, if the certificate of title is printed, the signature of the county treasurer, the deputy county treasurer, or the department director or deputy designee. The certificate of title shall contain upon the reverse side a form for assignment of title or interest and warranty by the owner, for reassignments by a dealer licensed in this state or in another state if the state in which the dealer is licensed permits Iowa licensed dealers to similarly reassign certificates of title. However, titles for mobile homes or manufactured homes shall not be reassigned by licensed dealers. Notwithstanding section 321.1, subsection 17, as used in this subsection, “dealer” means every person engaged in the business of buying, selling, or exchanging vehicles of a type required to be registered under this chapter.

8. The original certificate of title shall be delivered to the owner if there is no security interest. Otherwise the certificate of title shall be delivered by the county treasurer or the department to the person holding the first security interest. Delivery may be made using electronic means.

9. The county treasurer or the department shall maintain in the county or department records system information contained on the certificate of title. The information shall be accessible by title certificate number for a period of three years from the date of notification of cancellation of title or that a new title has been issued as provided in this chapter. Copies the department requires shall be sent to the department in the manner and at the time the department directs. The department shall designate a uniform system of title numbers to indicate the county of issuance.

10. A vehicle shall be registered for the registration year. A vehicle registered for the first time in this state shall be registered for the remaining unexpired months of the registration year and pay an annual registration fee prorated for the remaining unexpired months of the registration year plus a fee for new registration if applicable pursuant to section 321.105A. Except for a vehicle registered under chapter 326, a vehicle registered for the first time during the eleventh month of the owner’s registration year may be registered for the remaining unexpired months of the registration year as provided in this subsection or for the remaining unexpired months of the registration year and for the next registration year, upon payment of the applicable registration fees.

11. If the county treasurer or department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, or a junking certificate has been issued for the vehicle but a certificate of title will not be reissued under section 321.52, subsection 3, and the vehicle qualifies as an antique vehicle under section 321.115, subsection 1, the county treasurer or department may register the vehicle but shall, as a condition of issuing a certificate of title and registration receipt, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and either accompanied by the deposit of cash with the department or also executed by a person authorized to conduct a surety business in this state. The owner of a
vehicle subject to the bond requirements of this subsection shall apply for a certificate of title and registration for the vehicle at the county treasurer’s office within thirty days of issuance of written authorization from the department. The bond shall be in an amount equal to one and one-half times the current value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney fees, by reason of the issuance of the certificate of title for the vehicle or on account of any defect in or undisclosed security interest upon the right, title, and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of three years or earlier if the vehicle is no longer registered in this state and the currently valid certificate of title is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond. The department may authorize issuance of a certificate of title as provided in this subsection for a vehicle with an unreleased security interest upon presentation of satisfactory evidence that the security interest has been extinguished or that the holder of the security interest cannot be located to release the security interest as provided in section 321.50.

1. A vehicle may be operated upon the highways of this state without registration plates for a period of forty-five days after the date of delivery of the vehicle to the purchaser from a dealer if a card bearing the words “registration applied for” is attached on the rear of the vehicle. The card shall have plainly stamped or stenciled the registration number of the dealer from whom the vehicle was purchased and the date of delivery of the vehicle. In addition, a dealer licensed to sell new motor vehicles may attach the card to a new motor vehicle delivered by the dealer to the purchaser even if the vehicle was purchased from an out-of-state dealer and the card shall bear the registration number of the dealer that delivered the vehicle. A dealer shall not issue a card to a person known to the dealer to be in possession of registration plates which may be attached to the vehicle. A dealer shall not issue a card unless an application for registration and certificate of title has been made by the purchaser and a receipt issued to the purchaser of the vehicle showing the fee paid by the person making the application. Dealers’ records shall indicate the agency to which the fee is sent and the date the fee is sent. The dealer shall forward the application by the purchaser to the county treasurer or state office within thirty calendar days from the date of delivery of the vehicle. However, if the vehicle is subject to a security interest and has been offered for sale pursuant to section 321.48, subsection 1, the dealer shall forward the application by the purchaser to the county treasurer or state office within thirty calendar days from the date of the delivery of the vehicle to the purchaser.

2. The department shall, upon request by any dealer, furnish “registration applied for”
cards free of charge. Only cards furnished by the department shall be used. Only one card shall be issued in accordance with this subsection for each vehicle purchased.

1. There are established twelve registration periods for the registration of vehicles by the county treasurer. Each registration period shall commence on the first day of each calendar month following the month of the birth of the vehicle and end on the last day of the twelfth month.
2. The county treasurer may adjust the renewal or expiration date of vehicles when deemed necessary to equalize the number of vehicles registered in each twelve-month period or for the administrative efficiency of the county treasurer’s office. The adjustment shall be accomplished by delivery of a written notice to the vehicle owner of the adjustment and allowance of a credit for the remaining months of the unused portion of the annual registration fee, rounded to the nearest whole dollar, which amount shall be deducted from the annual registration fee due at the time of registration. Upon receipt of the notification the owner shall, within thirty days, surrender the registration card and registration plates to the county treasurer of the county where the vehicle is registered, except that the registration plates shall not be surrendered if validation stickers or other emblems are used to designate the month and year of expiration of registration. Upon payment of the annual registration fee, less the credit allowed for the remaining months of the unused portion of the annual registration fee, the county treasurer shall issue a new registration card and registration plates, validation stickers, or emblems which indicate the month and year of expiration of registration.
3. Except for motor trucks or truck tractors registered by the county treasurer pursuant to sections 321.120, 321.121, and 321.122, vehicles subject to registration which are owned by a person other than a natural person shall be registered for a registration year as determined by the county treasurer.

1. The department or the county treasurer shall refuse registration and issuance of a certificate of title or any transfer of title and registration upon any of the following grounds:
a. That the application contains any false or fraudulent statement or that the applicant has failed to furnish required information or reasonable additional information requested by the department or that the applicant is not entitled to registration and issuance of a certificate of title of the vehicle under this chapter.

b. That the vehicle is mechanically unfit or unsafe to be operated or moved upon the highways, providing such condition is revealed by a member of this department, or any peace officer.

c. That the department or the county treasurer has reasonable ground to believe that the vehicle is a stolen or embezzled vehicle or that the granting of registration and issuance of a certificate of title would constitute a fraud against the rightful owner.

d. That the registration of the vehicle stands suspended or revoked for any reason as provided in the motor vehicle laws of this state.

e. That the required registration fees have not been paid except as provided in section 321.48.

b. A military vehicle, other than a vehicle that runs on continuous tracks or wheels and tracks, that was originally manufactured for and sold directly to the armed forces of the United States in conformity with contractual specifications, as provided in 49 C.F.R. §571.7, may be registered and issued a certificate of title if the owner provides satisfactory evidence to the department that the vehicle is substantially in compliance with federal motor vehicle safety standards. The department may adopt rules as necessary concerning the registration and titling of military vehicles in accordance with this chapter.

3. The department or the county treasurer shall refuse registration of a vehicle if the applicant for registration of the vehicle has failed to pay the required annual registration fee or the fee for new registration of any vehicle owned or previously owned when the fee was required to be paid by the applicant, and for which vehicle the registration was suspended or revoked under section 321.101, subsection 1, paragraph “d”, or section 321.101A, until the fee is paid together with any accrued penalties.

321.34 Plates or validation sticker furnished — retained by owner — special plates.

1. Plates issued. The county treasurer upon receiving application, accompanied by proper fee, for registration of a vehicle shall issue to the owner one registration plate for a motorcycle, motorized bicycle, auticycle, truck tractor, trailer, or semitrailer and two registration plates for every other motor vehicle. The registration plates, including special registration plates, shall be assigned to the owner of a vehicle. When the owner of a registered vehicle transfers or assigns ownership of the vehicle to another person, the owner shall remove the registration plates from the vehicle. The owner shall forward the plates to the county treasurer where the vehicle is registered or the owner may have the plates assigned to another vehicle within thirty days after transfer, upon payment of the fees required by law. The owner shall immediately affix registration plates retained by the owner to another vehicle owned or acquired by the owner, providing the owner complies with section 321.46. The department shall adopt rules providing for the assignment of registration plates to the transferee of a vehicle for which a credit is allowed under section 321.46, subsection 6.

2. Validation stickers.
   a. In lieu of issuing new registration plates each registration year for a vehicle renewing registration, the department may reassign the registration plates previously issued to the vehicle and may adopt and prescribe an annual validation sticker indicating payment of annual registration fees. The department shall issue one validation sticker for each set of registration plates. The sticker shall specify the month and year of expiration of the registration plates. The sticker shall be displayed only on the rear registration plate, except that the sticker shall be displayed on the front registration plate of a truck tractor.
   b. The state department of transportation shall adopt rules to provide for the placement of the motor vehicle registration validation sticker.

3. Radio operators plates. The owner of an automobile, motorcycle, trailer, or motor truck who holds an amateur radio license issued by the federal communications commission may, upon written application to the county treasurer accompanied by a fee of five dollars, order special registration plates bearing the call letters authorized the radio station covered by the person’s amateur radio license. When received by the county treasurer, such special registration plates shall be issued to the applicant in exchange for the registration plates previously issued to the person. Not more than one set of special registration plates may be issued to an applicant. Said fee shall be in addition to and not in lieu of the fee for regular registration plates. Special registration plates must be surrendered upon expiration of the owner’s amateur radio license and the owner shall thereupon be entitled to the owner’s regular registration plates. The county treasurer shall validate special plates in the same manner as regular registration plates, upon payment of five dollars in addition to the regular annual registration fee.

4. Permanent plates. In lieu of issuing annual registration plates for trailers, semitrailers, motor trucks, and truck tractors, the department may issue a permanent registration plate for trailers, semitrailers, motor trucks, and truck tractors licensed under chapter 326, upon payment of the appropriate registration fee. Payment of fees for trailers and semitrailers for a permanent registration plate shall, at the option of the registrant, be made at five-year intervals or on an annual basis. Fees from five-year payments shall not be reduced or prorated. Payment of fees for motor trucks and truck tractors shall be made on an annual basis.
5. **Personalized registration plates.**

   a. Upon application and the payment of a fee of twenty-five dollars, the director may issue to the owner of a motor vehicle registered in this state or a trailer or travel trailer registered in this state, personalized registration plates marked with up to seven initials, letters, or combination of numerals and letters requested by the owner. However, personalized registration plates for autocycles, motorcycles, and motorized bicycles shall be marked with no more than six initials, letters, or combinations of numerals and letters. Upon receipt of the personalized registration plates, the applicant shall surrender the regular registration plates to the county treasurer. The fee for issuance of the personalized registration plates shall be in addition to the regular annual registration fee.

   b. The county treasurer shall validate personalized registration plates in the same manner as regular registration plates are validated under this section at an annual fee of five dollars in addition to the regular annual registration fee. A person renewing a personalized registration plate within one month following the time requirements under section 321.40 may renew the personalized plate without paying the additional registration fee under paragraph “a” but shall pay the five-dollar fee in addition to the regular annual registration fee and any penalties subject to regular registration plate holders for late renewal.

   c. The fees collected by the director under this subsection shall be paid to the treasurer of state and credited by the treasurer of state as provided in section 321.145.

6. **Sample vehicle registration plates.** Vehicle registration plates displaying the general design of regular registration plates, with the word “sample” displayed on the plate, may be furnished to any person upon payment of a fee of three dollars, except that such plates may be furnished to governmental agencies without cost. Sample registration plates shall not be attached to a vehicle moved on the highways of this state.

7. **Collegiate plates.**

   a. Upon application and payment of the proper fees, the director may issue to the owner of a motor vehicle subject to registration under section 321.109, subsection 1, motor truck, motor home, multipurpose vehicle, trailer over two thousand pounds, or travel trailer registered in this state, collegiate registration plates created pursuant to this subsection. Upon receipt of the collegiate registration plates, the applicant shall surrender the regular registration plates to the county treasurer.

   b. Collegiate registration plates shall be designed for each of the three state universities. The collegiate registration plates shall be designated as follows:

      1. The letters “ISU” followed by a four-digit number all in cardinal on a gold background for Iowa state university of science and technology.

      2. The letters “UNI” followed by a four-digit number all in purple on a gold background for the university of northern Iowa.

      3. The letters “UI” followed by a four-digit number all in black on a gold background for the state university of Iowa.

   c. (1) The fees for a collegiate registration plate are as follows:

      (a) A registration fee of twenty-five dollars.

      (b) A special collegiate registration fee of twenty-five dollars.

   (2) These fees are in addition to the regular annual registration fee. The fees collected by the director under this subsection shall be paid monthly to the treasurer of state and deposited in the road use tax fund. The treasurer of state shall credit monthly from the statutory allocations fund created under section 321.145, subsection 2, to Iowa state university of science and technology, the university of northern Iowa, and the state university of Iowa respectively, the amount of the special collegiate registration fees collected in the previous month for collegiate registration plates designed for the university. The moneys credited are appropriated to the respective universities to be used for scholarships for students attending the universities.

   d. The county treasurer shall validate collegiate registration plates in the same manner as
regular registration plates are validated under this section at an annual fee of five dollars in addition to the regular annual registration fee.

e. A collegiate registration plate shall not be issued if its combination of alphanumeric characters are identical to those contained on a current personalized registration plate issued under subsection 5. However, the owner of a motor vehicle who has a personalized registration plate issued for the motor vehicle may, after proper application and payment of fees, be issued a collegiate registration plate containing the same alphanumeric characters as those on the personalized plate. Upon receipt of the collegiate registration plates, the owner shall surrender the personalized registration plates to the county treasurer.

7A. Collegiate plates — Private four-year colleges and universities.

a. Upon application by a private four-year college or university located in this state and payment of the initial set-up costs for establishing the collegiate plate, the department, in consultation with the college or university, may design a special collegiate registration plate displaying the colors associated with the college or university.

b. Upon application and payment of the proper fees, the director may issue to the owner of a motor vehicle subject to registration under section 321.109, subsection 1, motor truck, motor home, multipurpose vehicle, trailer over two thousand pounds, or travel trailer registered in this state, collegiate registration plates created pursuant to this subsection. The fee for the issuance of collegiate registration plates is twenty-five dollars, which fee is in addition to the regular annual registration fee for the vehicle. An applicant may obtain a personalized collegiate registration plate upon payment of the additional fee for a personalized plate as provided in subsection 5 in addition to the collegiate plate fee and the regular registration fee. The county treasurer shall validate collegiate registration plates issued under this subsection in the same manner as regular registration plates, upon payment of five dollars in addition to the regular annual registration fee. Upon receipt of the collegiate registration plates, the applicant shall surrender the regular registration plates to the county treasurer.

c. A personalized collegiate registration plate shall not be issued if its combination of alphanumeric characters are identical to those contained on a current personalized registration plate issued under subsection 5. The fee for a replacement plate or pair of plates other than a replacement of a special plate issued pursuant to section 321.60 is five dollars. The fee for replacement of a special plate issued pursuant to section 321.60 is forty dollars. When the owner has furnished information required by the department and paid the proper fee, a duplicate, substitute, or new registration card, plate, or pair of plates may be issued. The county treasurer or the department may waive the fee for a replacement plate if the plate is lost during a documented accident.

2. a. If a certificate of title is lost or destroyed, the owner or lienholder shall apply for a replacement copy of the original certificate of title. The owner or lienholder of a motor vehicle may also apply for a replacement copy of the original certificate of title upon surrender of the original certificate of title with the application. The application shall be made to the department or county treasurer who issued the original certificate of title. The application shall be signed by the owner or lienholder and accompanied by a fee of twenty dollars.

b. After five days, the department or county treasurer shall issue a replacement copy using the applicant’s most recent bona fide address; however, the five-day waiting period does not apply to an applicant who is a lienholder or to an applicant who has surrendered the original certificate of title to the department or county treasurer. The replacement copy shall be clearly marked “replacement” and shall include security interests and liens. When a replacement copy has been issued, the previous certificate is void. The department or county treasurer is not authorized to refund fees collected for a replacement title under this section or section 321.52A.

c. If a security interest noted on the face of an original certificate of title was released by the lienholder on a separate form pursuant to section 321.50, subsection 5, and the signature of the lienholder, or the person executing the release on behalf of the lienholder, is notarized, but the lienholder has not delivered the original certificate to the appropriate party as provided in section 321.50, subsection 5, the owner may apply for and receive a replacement certificate of title without the released security interest noted thereon. The lienholder shall return the original certificate of title to the department or to the treasurer of the county where the title was issued.

d. A new purchaser or transferee is entitled to receive an original title upon presenting the assigned replacement copy to the treasurer of the county where the new purchaser or transferee resides. At the time of purchase, a purchaser may require the seller to indemnify the purchaser and all future purchasers of the vehicle against any loss which may be suffered due to claims on the original certificate. A person recovering an original certificate of title for which a replacement has been issued shall surrender the original certificate to the county treasurer or the department.

3. If a county treasurer mails vehicle registration documents which become lost or are damaged in transit through the United States postal service, the person to whom the documents were being sent may apply for reissuance without cost. The application shall be
made with the county treasurer who originally issued the documents not less than twenty days from the date the documents were placed with the United States postal service. If the original documents are received after reissuance of duplicates, the original documents shall be surrendered to the county treasurer within five days of the time they are received.

The transferee shall present with the application the certificate of title endorsed and assigned by the previous owner and shall indicate the name of the county in which the vehicle was last registered and the registration expiration date.

2. Upon filing the application for a new registration and a new title, the applicant shall pay a title fee of twenty dollars, an annual registration fee prorated for the remaining unexpired months of the registration year, and a fee for new registration if applicable. A manufacturer applying for a certificate of title pursuant to section 322G.12 shall pay a title fee of ten dollars. However, a title fee shall not be charged to a manufactured or mobile home retailer applying for a certificate of title for a used mobile home or manufactured home, titled in Iowa, as required under section 321.45, subsection 4. The county treasurer, if satisfied of the genuineness and regularity of the application, and in the case of a mobile home or manufactured home, that taxes are not owing under chapter 435, and that applicant has complied with all the requirements of this chapter, shall issue a new certificate of title and, except for a mobile home, manufactured home, or a vehicle returned to and accepted by a manufacturer as described in section 322G.12, a registration card to the purchaser or transferee, shall cancel the prior registration for the vehicle, and shall forward the necessary copies to the department on the date of issuance, as prescribed in section 321.24. Mobile homes or manufactured homes titled under chapter 448 that have been subject under section 446.18 to a public bidder sale in a county shall be titled in the county’s name, with no fee, and the county treasurer shall issue the title.

3. The applicant shall be entitled to a credit for that portion of the annual registration fee of the vehicle sold, traded, transferred, or junked which had not expired prior to the transfer of ownership of the vehicle. The annual registration fee for the new registration for the vehicle acquired shall be reduced by the amount of the credit. The credit shall be computed on the basis of the number of months remaining in the registration year, rounded to the nearest whole dollar. The credit shall be subject to the following limitations:

   a. The credit shall be claimed within six months from the date the vehicle for which credit is granted was sold, traded, transferred, or junked. After six months, all credits shall be disallowed.

   b. Any credit granted to the owner of a vehicle which has been sold, traded, transferred, or junked may only be claimed by that person toward the annual registration fee for another vehicle purchased and the credit may not be sold, transferred, or assigned to any other person.

   c. When the amount of the credit is computed to be an amount of less than ten dollars, a credit shall be disallowed.

   d. To claim a credit for the unexpired annual registration fee on a junked vehicle, the county treasurer shall disallow any claim for credit unless the owner presents a junking certificate or other evidence as required by the department to the county treasurer.

   e. A credit shall not be allowed to any person who has made claim to receive a refund under section 321.126.

   f. If the credit allowed exceeds the amount of the annual registration fee for the vehicle...

§321.46

g. The credit shall be computed on the unexpired number of months computed from the date of purchase of the vehicle acquired.

4. If the annual registration fee upon application is delinquent, the applicant shall be required to pay the delinquent fee from the first day the annual registration fee was due prorated to the month of application for new title.

5. The seller or transferor may file an affidavit on forms prescribed and provided by the department with the county treasurer of the county where the vehicle is registered certifying the sale or transfer of ownership of the vehicle and the assignment and delivery of the certificate of title for the vehicle. Upon receipt of the affidavit, the county treasurer shall file the affidavit with the copy of the registration receipt for the vehicle on file in the treasurer’s office and on that day the treasurer shall note receipt of the affidavit in the vehicle registration and titling system. Upon filing the affidavit, it shall be presumed that the seller or transferor has assigned and delivered the certificate of title for the vehicle. For a leased vehicle, the lessor licensed pursuant to chapter 321F or the lessee may file an affidavit as provided in this subsection certifying that the lease has expired or been terminated and the date that the leased vehicle was surrendered to the lessor.

6. An applicant for a new registration for a vehicle transferred to the applicant by a spouse, parent, or child of the applicant, or by operation of law upon inheritance, devise or bequest, from the applicant’s spouse, parent, or child, or by a former spouse pursuant to a decree of dissolution of marriage, is entitled to a credit to be applied to the annual registration fee for the transferred vehicle. A credit shall not be allowed unless the vehicle to which the credit applies is registered within the time specified under subsection 1. The credit shall be computed on the basis of the number of unexpired months remaining in the registration year of the former owner computed from the date the vehicle was transferred, computed to the nearest whole dollar. The credit may exceed the amount of the annual registration fee for the transferred vehicle. When the amount of the credit is computed to be an amount of less than ten dollars, the credit shall be disallowed. The credit shall not be sold, transferred, or assigned to any other person.

7. If a motor vehicle is leased and the lessee purchases the vehicle upon termination of the lease, the lessor shall, upon claim by the lessee with the lessor within six months of the purchase, assign the annual registration fee credit and registration plates for the leased motor vehicle to the lessee. Credit shall be applied as provided in subsection 3.

321.47 Transfers by operation of law.
1. If ownership of a vehicle is transferred by operation of law upon inheritance, devise or bequest, dissolution decree, order in bankruptcy, insolvency, replevin, foreclosure or execution sale, abandoned vehicle sale, or when the engine of a motor vehicle is replaced by another engine, or a vehicle is sold or transferred to satisfy an artisan’s lien as provided in chapter 577, a landlord’s lien as provided in chapter 570, a self-service storage facility lien as provided in section 578A.7, a storage lien as provided in chapter 579, a judgment in an action for abandonment of a manufactured or mobile home as provided in chapter 555B, upon presentation of an affidavit relating to the disposition of a valueless mobile, modular, or manufactured home as provided in chapter 555C, or repossession is had upon default in performance of the terms of a security agreement, the county treasurer in the transferee’s county of residence or, in the case of a mobile home or manufactured home, the county treasurer of the county where the mobile home or manufactured home is located, upon the surrender of the prior certificate of title or the manufacturer’s or importer’s certificate, or when that is not possible, upon presentation of satisfactory proof to the county treasurer of ownership and right of possession to the vehicle and upon payment of a fee of twenty dollars and the presentation of an application for registration and certificate of title, may issue to the applicant a registration card for the vehicle and a certificate of title to the vehicle. A person entitled to ownership of a vehicle under a decree of dissolution shall surrender a reproduction of a certified copy of the dissolution and upon fulfilling the other requirements of this chapter is entitled to a certificate of title and registration receipt issued in the person’s name.

If, from the records in the office of the county treasurer, there appear to be any liens on the vehicle, the certificate of title shall contain a statement of the liens unless the application is accompanied by proper evidence of their satisfaction or extinction. Evidence of extinction may consist of, but is not limited to, an affidavit of the applicant stating that a security interest was foreclosed as provided in chapter 554, article 9, part 6. 3. Whenever ownership of a vehicle is transferred under the provisions of this section, the registration plates shall be removed and forwarded to the county treasurer of the county where the vehicle is registered or to the department if the vehicle is owned by a nonresident. Upon transfer the vehicle shall not be operated upon the highways of this state until the person entitled to possession of the vehicle applies for and obtains registration for the vehicle.

321.50 Security interest provisions.

1. A security interest in a vehicle subject to registration under the laws of this state or a mobile home or manufactured home, except trailers whose empty weight is two thousand pounds or less, and except new or used vehicles held by a dealer or manufacturer as inventory for sale, is perfected by the delivery to the county treasurer of the county where the certificate of title was issued or, in the case of a new certificate, to the county treasurer where the certificate will be issued, of an application for certificate of title which lists the security interest, or an application for notation of security interest signed by the owner or by one owner of a vehicle owned jointly by more than one person, or signed through electronic means as determined by the department, or a certificate of title from another jurisdiction which shows the security interest, and payment of a fee of ten dollars for each security interest shown. The department shall require the federal employer identification number of a secured party who is a firm, association, or corporation or, if a natural person, the social security number. Upon delivery of the application and payment of the fee, the county treasurer shall note the date of delivery on the application. If the delivery is by electronic means and the time is electronically recorded on the application along with the date, the time shall be included with the date on all subsequent documents and records where the date of perfection is required under this chapter. The date of delivery shall be the date of perfection of the security interest in the vehicle, regardless of the date the security interest is noted on the certificate of title. Up to three security interests may be perfected against a vehicle and shown on an Iowa certificate of title. If the owner or secured party is in possession of the certificate of title, it must also be delivered at this time. If a vehicle is
subject to a security interest when brought into this state, the validity of the security interest and the date of perfection is determined by section 554.9303. Delivery as provided in this subsection constitutes perfection of a security interest on a certificate of title for purposes of this chapter and chapter 554.

2. Upon receipt of the application and the required fee, if the certificate of title was not delivered to the county treasurer along with the application, the county treasurer shall notify the holder of the certificate of title to deliver to the county treasurer, within five days from the receipt of notice, the certificate of title to permit notation of the security interest. If the holder of the certificate of title fails to deliver it within five days, the holder shall be liable to anyone harmed by the holder’s failure.

3. Upon receipt of the application, the certificate of title, if any, and the required fee, the county treasurer shall note the security interest and the date of perfection of the security interest on the certificate of title. The county treasurer shall also note the security interest and the date of perfection of the security interest in the county records system. Upon receipt of a certificate of title issued by a foreign jurisdiction, on which a security interest has been noted, the county treasurer shall note the security interest and the date the security interest was noted on the foreign certificate of title, if available, or if not, the date of issuance of the foreign certificate of title, on the face of the new certificate of title. The county treasurer shall also note the security interest and the date that was noted on the certificate of title in the county records system. The county treasurer shall then deliver the certificate of title to the first secured party as shown thereon.

4. Notwithstanding any provision of this section to the contrary, if a security interest has been delivered by electronic means, the county treasurer or department shall not print a certificate of title until all security interests have been released, but shall provide the first security interest holder with an electronic record of the certificate of title. When a vehicle is subject to an electronic lien, the certificate of title for the vehicle shall be considered to be physically held by the lienholder for purposes of compliance with electronic record requirements under section 321.71.

5. a. When a security interest is discharged, the holder shall note a cancellation of the security interest on the face of the certificate of title over the holder’s signature or may note the cancellation of the security interest on a separate, notarized release form or letter. The holder shall deliver the certificate of title and the form or letter, if applicable, to the county treasurer where the title was issued. In the case of a security interest that has been delivered by electronic means, the holder shall notify the department or the county treasurer, in a manner prescribed by the department, of the release of the security interest. The county treasurer shall immediately note the cancellation of the security interest on the face of the certificate of title, if applicable, and in the county records system. The county treasurer shall on the same day deliver the certificate of title, if applicable, and the separate, notarized release form or letter, if applicable, to the then first secured party or, if there is no such person, to the person as directed by the owner, in writing, on a form prescribed by the department or, if there is no person designated, then to the owner. The cancellation of the security interest shall be noted on the certificate of title by the county treasurer without charge. The holder of a security interest discharged by payment who fails to release the security interest within fifteen days after being requested in writing to do so shall forfeit to the person making the payment the sum of twenty-five dollars.

b. If a lien has been released by the lienholder but has not been sent to the county of record for clearance of the lien, any county may note the release on the face of the title and shall notify the county of record that the lien has been released as of the specified date and make entry upon the computer system. Notification to the county of record shall be made by an automated statewide system or by sending a photocopy of the released title to the county of record.

c. When a security interest is discharged, the lienholder shall note the cancellation of the security interest on the face of the title and, if applicable, may note the cancellation of the security interest on a form prescribed by the department and deliver a copy of the form in lieu of the title to the department or to the treasurer of the county in which the title was issued. The form may be delivered by electronic means. The department or county treasurer shall
note the release of the security interest upon the statewide computer system and the county's records. A copy of the form, if used, shall be attached to the title by the lienholder, if the title is held by the lienholder, and shall be evidence of the release of the security interest. If the title is held by the lienholder, the lienholder shall deliver the title to the first lienholder, or if there is no such person, to the person as designated by the owner, or if there is no such person designated, to the owner. If a certificate of title has not been issued, upon release of a security interest, the lienholder shall notify the department or the county treasurer, in a manner prescribed by the department, of the release of the security interest.

d. For purposes of this subsection, a security interest noted on an Iowa certificate of title and appearing in the statewide computer system and the county's records shall be presumed to be discharged upon presentation of a valid certificate of title subsequently issued by a foreign jurisdiction on which the security interest is no longer noted.

6. The uniform commercial code, chapter 554, article 9, shall apply to all transactions intended to create a security interest in vehicles except as provided in this chapter.

7. Upon request of any person, the county treasurer shall certify whether there are, on the date and hour stated therein, any security interests or liens against a vehicle and the name and address of each secured party. The uniform fee for a certification shall be two dollars if the request for the certification is on a form conforming to standards prescribed by the secretary of state; otherwise, three dollars. Upon request and payment of the appropriate fee, the county treasurer shall furnish a certified copy of any security interests for a uniform fee of one dollar per page.

321.51 Terminal rental adjustment clause — vehicle leases that are not sales or security interests.

An agreement involving the leasing of a motor vehicle or trailer does not create a sale or security interest solely because the agreement provides for an increase or decrease adjustment in the rental price of the motor vehicle or trailer based upon the amount realized upon sale or other disposition of the motor vehicle or trailer following the termination of the lease.

Referred to in 331.557

321.52 Out-of-state sales — junked, dismantled, wrecked, or salvage vehicles.

1. When a vehicle is sold outside the state for purposes other than for junk, the owner, dealer or otherwise, shall detach the registration plates and registration card and shall indicate on the registration card the name and address of the foreign purchaser or transferee over the person's signature. Unless the registration plates are legally attached to another vehicle, the owner shall surrender the registration plates and registration card to the county treasurer, who shall cancel the records, destroy the registration plates, and forward the registration card to the department. The department shall make a notation on the records of the out-of-state sale and, after a reasonable period, may destroy the files for that particular vehicle. The department is not authorized to make a refund of annual registration fees on a vehicle sold out of state unless it receives the registration card completed as provided in this section.

2. a. The purchaser or transferee of a motor vehicle subject to registration for which a certificate of title is issued which is sold for scrap or junk shall surrender the certificate of title, properly endorsed and signed by the previous owner, to the county treasurer of the county of residence of the transferee, and shall apply for a junking certificate from the county treasurer, within thirty days after assignment of the certificate of title, except when the vehicle
§321.52, MOTOR VEHICLES AND LAW OF THE ROAD

is disposed of pursuant to paragraph “b”. The county treasurer shall issue to such person without fee a junking certificate. A junking certificate shall authorize the holder to possess, transport, or transfer by endorsement the ownership of the junked vehicle. A certificate of title shall not again be issued for the vehicle subsequent to the issuance of a junking certificate except as provided in subsection 3. The county treasurer shall cancel the record of the vehicle. The junking certificate shall be printed on the registration receipt form and shall be imprinted with the words “junking certificate”, as prescribed by the department. A space for transfer by endorsement shall be on the junking certificate. A separate form for the notation of the transfer of component parts shall be attached to the junking certificate when the certificate is issued.

b. The owner of a motor vehicle subject to registration that does not have a certificate of title or a junking certificate may dispose of the vehicle to a vehicle recycler licensed under chapter 321H for scrap or junk if the vehicle is twelve model years old or older and is acquired by the vehicle recycler for reasonable consideration equaling less than one thousand dollars.

3. a. When a vehicle for which a certificate of title is issued is junked or dismantled by the owner, the owner shall detach the registration plates and surrender the plates to the county treasurer, unless the plates are properly assigned to another vehicle. The owner shall also surrender the certificate of title to the county treasurer, except when the vehicle is disposed of pursuant to subsection 2, paragraph “b”.

b. Upon the surrender of the certificate of title and application for junking certificate, the county treasurer shall issue to the person, without fee, a junking certificate, which shall authorize the holder to possess, transport, or transfer ownership of the junked vehicle by endorsement of the junking certificate. The county treasurer shall hold the surrendered certificate of title, registration receipt, application for junking certificate, and, if applicable, the registration plates for a period of fourteen days following the issuance of a junking certificate under this subsection.

c. Within the fourteen-day period, the person who was issued the junking certificate and to whom the vehicle was titled or assigned may surrender to the county treasurer the junking certificate, and upon the person’s payment of appropriate fees and taxes and payment of any credit for annual registration fees received by the person for the vehicle under section 321.46, subsection 3, the county treasurer shall issue to the person a certificate of title for the vehicle. After the expiration of the fourteen-day period, a county treasurer shall not issue a certificate of title for a junked vehicle for which a junking certificate is issued. The county treasurer shall cancel the record of the vehicle and forward the certificate of title to the department.

d. However, upon application and a showing of good cause, the department may issue a certificate of title to a person after the fourteen-day period for a junked vehicle for which a junking certificate has been issued. For purposes of this subsection, “good cause” means that the junking certificate was obtained by mistake or inadvertence. If a person's application to the department is denied, the person may make application for a certificate of title under the bonding procedure as provided in section 321.24, if the vehicle qualifies as an antique vehicle under section 321.115, subsection 1, or the person may seek judicial review as provided under sections 17A.19 and 17A.20.

4. a. Notwithstanding any other provision of law to the contrary, an insurer may apply for and be issued a salvage certificate of title for a motor vehicle without surrendering the certificate of title or manufacturer’s or importer’s statement of origin properly assigned if ownership of the vehicle was transferred, or will transfer, to the insurer pursuant to a settlement with the previous owner of the vehicle arising from circumstances involving damage to the vehicle, and at least thirty days have expired since the effective date of such settlement. To obtain a salvage certificate of title pursuant to this paragraph “a”, the insurer shall submit an application for a salvage certificate of title to the county treasurer of the county in which the vehicle is stored by or on behalf of the insurer. The application shall be accompanied by an affidavit from the insurer in which the insurer certifies it has made at least two written attempts to obtain a properly assigned certificate of title or manufacturer’s or importer’s statement of origin for the vehicle by contacting the previous owner of the vehicle and all lienholders of record by certified mail or a similar service that provides proof of service using a return receipt, and has been unable to obtain the title or statement of origin.
The failure of a previous owner or lienholder to provide a properly assigned certificate of title or manufacturer’s or importer’s statement of origin shall be deemed to be a waiver by the previous owner or lienholder of all rights, title, claim, and interest in the vehicle. The application shall also be accompanied by the application fee required under paragraph “b”, and proof of payment of the total amount of the settlement by the insurer to the previous owner of the vehicle. Upon receiving an application that complies with this paragraph “a”, the county treasurer shall issue a salvage certificate of title to the insurer which shall be free and clear of all liens and claims of ownership and shall bear the word “SALVAGE” stamped or printed on the face of the title in a manner prescribed by the department.

b. A vehicle rebuilder or a person engaged in the business of buying, selling, or exchanging vehicles of a type required to be registered in this state, upon acquisition of a wrecked or salvage vehicle, shall surrender the certificate of title or manufacturer’s or importer’s statement of origin properly assigned, together with an application for a salvage certificate of title, to the county treasurer of the county of residence of the purchaser or transferee within thirty days after the date of assignment of the certificate of title for the wrecked or salvage motor vehicle. This subsection applies only to vehicles with a fair market value of five hundred dollars or more, based on the value before the vehicle became wrecked or salvage. Upon payment of a fee of ten dollars, the county treasurer shall issue a salvage certificate of title which shall bear the word “SALVAGE” stamped or printed on the face of the title in a manner prescribed by the department. A salvage certificate of title may be assigned to an educational institution, a new motor vehicle dealer licensed under chapter 322, a person engaged in the business of purchasing bodies, parts of bodies, frames or component parts of vehicles for sale as scrap metal, a salvage pool, or an authorized vehicle recycler licensed under chapter 321H. An authorized vehicle recycler licensed under chapter 321H or a new motor vehicle dealer licensed under chapter 322 may assign or reassign an Iowa salvage certificate of title or a salvage certificate of title from another state to any person, and the provisions of section 321.24, subsection 5, requiring issuance of an Iowa salvage certificate of title shall not apply. A vehicle on which ownership has transferred to an insurer of the vehicle as a result of a settlement with the owner of the vehicle arising out of damage to, or unrecovered theft of, the vehicle shall be deemed to be a wrecked or salvage vehicle and the insurer shall comply with this subsection to obtain a salvage certificate of title within thirty days after the date of assignment of the certificate of title of the vehicle.

c. When a wrecked or salvage vehicle has been repaired, the owner may apply for a regular certificate of title by paying the appropriate fees and surrendering the salvage certificate of title and a properly executed salvage theft examination certificate. A motor vehicle with a gross vehicle weight rating of thirty thousand pounds or more is not subject to the salvage theft examination otherwise required under paragraph “d”, and the owner of such vehicle is not required to submit a salvage theft examination certificate. The county treasurer shall issue a regular certificate of title which shall bear a designation printed on the face of the title and printed on the registration receipt indicating that the vehicle was previously titled on a salvage certificate of title in a form approved by the department. This designation shall be included on every Iowa certificate of title and registration receipt issued thereafter for the vehicle. However, if ownership of a stolen vehicle has been transferred to an insurer organized under the laws of this state or admitted to do business in this state, or if the transfer was the result of a settlement with the owner of the vehicle arising from damage to or the unrecovered theft of the vehicle, and if the insurer certifies to the county treasurer on a form approved by the department that the insurance company has received one or more written estimates which state that the retail cost of repairs including labor, parts, and other materials of all damage to the vehicle is less than three thousand dollars, the county treasurer shall issue to the insurance company the regular certificate of title and registration receipt without this designation.

d. A salvage theft examination shall be made by a peace officer who has been specially certified and recertified when required by the Iowa law enforcement academy to do salvage theft examinations. The Iowa law enforcement academy shall determine standards for training and certification, conduct training, and may approve alternative training programs which satisfy the academy’s standards for training and certification. The owner of the
§321.52, MOTOR VEHICLES AND LAW OF THE ROAD

salvage vehicle shall make the vehicle available for examination at a time and location designated by the peace officer doing the examination. The owner may obtain a permit to drive the vehicle to and from the examination location by submitting a repair affidavit to the agency performing the examination stating that the vehicle is reasonably safe for operation and listing the repairs which have been made to the vehicle. The owner must be present for the examination and have available for inspection the salvage title, bills of sale for all essential parts changed, if applicable, and the repair affidavit. The examination shall be for the purposes of determining whether the vehicle or repair components have been stolen. The examination is not a safety inspection and a signed salvage theft examination certificate shall not be construed by any court of law to be a certification that the vehicle is safe to be operated. There shall be no cause of action against the peace officer or the agency conducting the examination or the county treasurer for failure to discover or note safety defects. If the vehicle passes the theft examination, the peace officer shall indicate that the vehicle passed examination on the salvage theft examination certificate. The permit and salvage theft examination certificate shall be on controlled forms prescribed and furnished by the department. The owner shall pay a fee of fifty dollars at the time the examination is scheduled. The agency performing the examinations shall retain forty dollars of the fee and shall pay five dollars of the fee to the department and five dollars of the fee to the treasurer of state for deposit in the general fund of the state. Moneys deposited to the general fund under this paragraph are subject to the requirements of section 8.60 and shall be used by the Iowa law enforcement academy to provide for the special training, certification, and recertification of officers as required by this subsection.

e. For purposes of this subsection, “wrecked or salvage vehicle” means a damaged motor vehicle subject to registration for which the cost of repair exceeds fifty percent of the fair market value of the vehicle, as determined in accordance with rules adopted by the department, before it became damaged.

5. The department shall adopt rules in accordance with chapter 17A to carry out this section.

A nonresident who leases a vehicle from a resident owner shall not be considered a nonresident owner of such vehicle for the purpose of exemption under this section. This section shall be operative to the extent that under the laws of the foreign country, state, territory, or federal district of such nonresident owner’s residence like exemptions and privileges are granted to vehicles registered under the laws, and owned by residents, of this state. A truck, truck tractor, trailer or semitrailer owned by a nonresident and operated on Iowa highways must have displayed upon it a valid registration plate or plates and a valid registration certificate, card, or other official evidence of its allowable weight in the state, district or county in which it is registered.

321.55 Registration and financial liability coverage required for certain vehicles owned or operated by nonresidents.
1. A nonresident owner or operator engaged in remunerative employment within this state or carrying on business within this state and owning or operating a motor vehicle, trailer, or semitrailer within this state shall register and maintain financial liability coverage as required under section 321.20B for each vehicle and pay the same fees for registration as are paid for like vehicles owned by residents of this state. However, this subsection does not apply to a person commuting from the person’s residence in another state or whose employment is seasonal or temporary, not exceeding ninety days.

2. a. A nonresident owner of a motor vehicle operated within this state by a resident of this state shall register the vehicle and shall maintain financial liability coverage as required under section 321.20B for the vehicle. The nonresident owner shall pay the same fees for registration as are paid for like vehicles owned by residents of this state. However, registration under this paragraph is not required for vehicles being operated by residents temporarily for not more than ninety days. For purposes of this paragraph, a vehicle is not operated in the state temporarily, and is therefore subject to registration and the owner is required to pay the applicable fees, if the vehicle is located in Iowa for more than ninety consecutive or nonconsecutive days and is operated on an Iowa highway by an Iowa resident
during that time. It is unlawful for a resident to operate within the state an unregistered motor vehicle required to be registered under this paragraph. The ninety-day temporary period of operation provided for under this paragraph does not apply to a vehicle owned by a shell business as provided in paragraph “b”.

b. On or after July 1, 2013, if the department, in consultation with the department of revenue, determines that the nonresident owner of a vehicle is a partnership, limited liability company, or corporation that is a shell business, it shall be rebuttably presumed that the Iowa resident in control of the vehicle is the actual owner of the vehicle, that the vehicle is subject to registration in this state, and that payment of the fee for new registration for the vehicle is owed by the Iowa resident.

(1) Factors which indicate that a partnership, limited liability company, or corporation is a shell business include but are not limited to the following:
(a) The partnership, limited liability company, or corporation lacks a specific business activity or purpose.
(b) The partnership, limited liability company, or corporation fails to maintain a physical location in the foreign state.
(c) The partnership, limited liability company, or corporation fails to employ individual persons and provide those persons with internal revenue service form W-2 wage and tax statements.
(d) The partnership, limited liability company, or corporation fails to file federal tax returns, or fails to file a required state tax return in the foreign state.

(2) Factors which indicate that a person is in control of a vehicle include but are not limited to the following:
(a) The person was the initial purchaser of the vehicle.
(b) The person operated or stored the vehicle in Iowa for any period of time.
(c) The person is a partner, member, or shareholder of the nonresident partnership, limited liability company, or corporation that purports to be the owner of the vehicle.
(d) The person is insured to drive the vehicle.

(3) If the department determines that the nonresident owner of a vehicle is a shell business, the department shall notify the Iowa resident in control of the vehicle in writing that the Iowa resident is required to obtain an Iowa certificate of title and registration for the vehicle and pay the fee for new registration owed for the vehicle not later than thirty days from the date of the notice.

   b. If the operator has obtained a temporary entry or exit permit from the department.
   c. If the commercial motor vehicle is unladen.

2. The department shall provide a temporary entry and exit permit to a commercial motor vehicle operator which authorizes the operator to enter and exit the state as allowed under this section. 4. The provisions of this section and sections 321.58 to 321.62 shall not apply to any vehicles offered for hire, work or service vehicles owned by a transporter or dealer.

### §321.69 Damage disclosure statement.

1. A certificate of title shall not be issued for a motor vehicle unless a damage disclosure statement has been made by the transferor of the vehicle and is furnished with the application for certificate of title. A damage disclosure statement shall be provided by the transferor to the transferee in a transfer of ownership of a motor vehicle. The new certificate of title and registration receipt shall state on the face whether a prior owner had disclosed that the vehicle was damaged to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “e”.

2. The damage disclosure statement required by this section shall, at a minimum, state whether the transferor knows if the vehicle was titled as a salvage, rebuilt, or flood vehicle in this or any other state prior to the transferor’s ownership of the vehicle and, if not, whether the transferor knows if the vehicle was damaged to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “e”, during or prior to the transferor’s ownership of the vehicle.

3. The damage disclosure statement shall be provided by the transferor to the transferee at or before the time of sale. If the transferor is not a resident of this state or if the transferee acquired the vehicle by operation of law as provided in section 321.47, the transferee shall not be required to submit a damage disclosure statement from the transferor with the transferee’s application for title unless the state of the transferor’s residence requires a damage disclosure statement. However, the transferee shall submit a damage disclosure statement with the transferee’s application for title indicating whether a salvage, rebuilt, or flood title had ever existed for the vehicle, and if not, whether the vehicle was damaged to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “e”, during or prior to the transferor’s ownership of the vehicle, and the year, make, and vehicle identification number of the motor vehicle. The transferee shall not be required to indicate whether the vehicle was damaged to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “e”, under this subsection if the transferor’s certificate of title is from another state and if it indicates that the vehicle is salvaged and not rebuilt or is another state’s salvage certificate of title.

4. A lessee who has executed a lease as defined in section 321F.1 shall provide a damage disclosure statement to the lessor at the termination of the lease. The damage disclosure statement shall be made on a separate disclosure document and shall state whether the vehicle was damaged during the term of the lease to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “e”. The lessee’s damage disclosure statement shall not be submitted with the application for title, but the lessor shall retain the lessee’s damage disclosure statement for five years following the date of the statement.

5. The department shall retain each damage disclosure statement received and copies shall be available to the public and the attorney general upon request.

6. Authorized vehicle recyclers licensed under chapter 321H and motor vehicle dealers licensed under chapter 322 shall maintain copies of all damage disclosure statements where the recycler or dealer is either the transferor or the transferee for five years following the date of the statement. The copies shall be made available to the department or the attorney general upon request.

7. a. The damage disclosure statements shall be made on the back of the certificate of title if the title is available to the transferor at the time of sale. If the title is not available at the time
of sale or if the face of the transferor’s Iowa title contains no indication that the vehicle was previously salvaged or titled as a salvage, rebuilt, or flood vehicle and the transferor knows or reasonably should know that the vehicle was previously salvaged or titled as a salvage, rebuilt, or flood vehicle in another state, the transferor shall make the disclosure on a separate disclosure document. The damage disclosure statement forms shall be as approved by the department. The treasurer shall not accept a damage disclosure statement and issue a title unless the back of the title or separate disclosure document has been fully completed and signed and dated by the transferee and the transferor, if applicable. If a separate damage disclosure document from a prior owner is required to be furnished with the application for title, the transferor shall provide a copy of the separate damage disclosure document to the transferee at or before the time of sale.

b. In addition to the information required in subsection 2, a separate disclosure document shall state whether the vehicle’s certificate of title indicates the existence of damage prior to the period of the transferor’s ownership of the vehicle and whether the vehicle was titled as a salvage, rebuilt, or flood vehicle during the period of the transferor’s ownership of the vehicle.

8. A person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322 shall not be liable to a subsequent owner, driver, or passenger of a vehicle because a prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had previously been damaged and repaired or had been titled on a salvage, rebuilt, or flood certificate of title unless the person, recycler, or dealer knew or reasonably should have known that the prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had been damaged and repaired or had been titled on a salvage, rebuilt, or flood certificate of title.

9. Except for subsections 10 and 11, this section does not apply to motor trucks and truck tractors with a gross vehicle weight rating of sixteen thousand pounds or more, vehicles more than seven model years old, autocycles, motorcycles, motorized bicycles, and special mobile equipment. This section does apply to motor homes. The requirement in subsection 1 that the new certificate of title and registration receipt shall state on the face whether a prior owner had disclosed that the vehicle was damaged to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph "e", does not apply to a vehicle with a certificate of title bearing a designation that the vehicle was previously titled on a salvage certificate of title pursuant to section 321.52, subsection 4, paragraph "c", or to a vehicle with a certificate of title bearing a "REBUILT" or "SALVAGE" designation pursuant to section 321.24, subsection 4 or 5. Except for subsections 10 and 11, this section does not apply to new motor vehicles with a true mileage, as defined in section 321.71, of one thousand miles or less, unless such vehicle has incurred damage as described in subsection 2.

10. a. A person shall not sell, lease, or trade a motor vehicle if the person knows or reasonably should know that the motor vehicle contains a nonoperative air bag that is part of an inflatable restraint system, or that the motor vehicle has had an air bag removed and not replaced, unless the person clearly discloses, in writing, to the person to whom the person is selling, leasing, or trading the vehicle, prior to the sale, lease, or trade, that the air bag is missing or nonoperative. In addition, a lessee who has executed a lease as defined in section 321F.1 shall provide the disclosure statement required in this subsection to the lessor upon termination of the lease.

b. The written disclosure required by this subsection shall be deemed to be a damage disclosure statement for the purposes of subsections 6, 8, and 11.

11. A person who knowingly makes a false damage disclosure statement or fails to make a damage disclosure statement required by this section commits a fraudulent practice. Failure of a person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322 to comply with any duty imposed by this section constitutes a violation of section 714.16, subsection 2, paragraph “a”.

12. The department shall adopt rules as necessary to implement this section.

321.69A Disclosure of repairs to new vehicles.

1. a. A person licensed as a new motor vehicle dealer pursuant to chapter 322 shall not be required to disclose to a prospective or actual buyer or lessee of a new motor vehicle repairs of damage to or adjustments on or replacements of parts with new parts on the motor vehicle if all of the following are true:

   (1) The repairs, adjustments, or replacements were made to achieve compliance with factory specifications.

   (2) The actual cost of any labor or parts charged to or performed by the dealer for any such repairs, adjustments, or parts does not exceed four percent of the manufacturer’s suggested retail price.

   (3) The dealer posts in a conspicuous place notice that repairs, adjustments, or replacements will be disclosed upon request.

   (4) The dealer discloses any such repairs, adjustments, or replacements upon request.

   b. The provisions of this section take precedence over and shall supersede section 714.16, subsection 2, paragraph “a”, unnumbered paragraph 4, and section 714H.4, subsection 2.

2. A person licensed as a new motor vehicle dealer pursuant to chapter 322 shall disclose in writing, at or before the time of sale or lease, to the buyer or lessee of a new motor vehicle that the vehicle has been subject to any repairs of damage to or adjustments on or replacements of parts with new parts if the actual cost of any labor or parts charged to or performed by the dealer for any such repairs, adjustments, or parts exceeds four percent of the manufacturer’s suggested retail price. The written disclosure shall include the signature of the buyer or lessee and be in a form and in a format approved by the attorney general by rule. A dealer shall retain a copy of each written disclosure issued pursuant to this section for five years from the date of issuance.

3. As used in this section, “manufacturer’s suggested retail price” means the amount required to be disclosed by a dealer pursuant to 15 U.S.C. §1232(t)(4).

4. A violation of this section is an unlawful practice pursuant to section 714.16.

5. A violation of this section is a prohibited practice or act pursuant to section 714H.5.

321.70 Dealer vehicles.

A dealer registered under this chapter shall not be required to register any vehicle owned by the dealer which is being held for sale or trade, provided the annual registration fee was not delinquent at the time the vehicle was acquired by the dealer. When a dealer ceases to hold any vehicle for sale or trade or the vehicle otherwise becomes subject to registration under this chapter the annual registration fee and delinquent annual registration fee, if any, shall be due for the registration year.

321.71 Odometer requirements.

1. For the purposes of this section the following words and phrases shall have the meanings respectively ascribed to them:

   a. “Intent and purpose of this section” is and shall mean to achieve the end that odometers of motor vehicles shall at all times correctly show the true mileage that the motor vehicle has been driven.

   b. “True mileage” is the actual mileage the motor vehicle has been driven.

2. No person shall knowingly tamper with, adjust, alter, change, set back, disconnect or fail to connect the odometer of any motor vehicle, or cause any of the foregoing to occur to an odometer of a motor vehicle, so as to reflect a lower mileage than the true mileage driven by the motor vehicle.
3. No person shall conspire with any other person to evade the intent and purpose of this section.
4. No person shall with the intent to defraud operate a motor vehicle on any street or highway knowing that the odometer of the motor vehicle is disconnected or nonfunctional.
5. No person shall advertise for sale, sell, use or install on any part of a motor vehicle or on any odometer in a motor vehicle any device which causes the odometer to register any mileage other than the true mileage.
6. In the event any odometer is repaired or replaced, the reading of the repaired or replaced odometer shall be set at the reading of the odometer repaired or replaced immediately prior to repair or replacement, but where the odometer is incapable of registering the same mileage the odometer shall be adjusted to read zero and any adjustment made in accordance with the provisions of this subsection shall not be deemed a violation of any provision of this section.
7. A certificate of title shall not be issued for a motor vehicle less than ten model years old which is equipped with an odometer by the manufacturer, unless an odometer statement which is in compliance with federal law and regulations has been made by the transferor of the vehicle and is furnished with the application for certificate of title. The new certificate of title shall record on its face the odometer reading and the word “actual” if the true mileage is known. If the odometer reading is not the true mileage or the true mileage is unknown, the words “not actual” shall be recorded. If the odometer reading is greater than the odometer can mechanically count, the words “exceeds the mechanical limits” shall be recorded. However, a certificate of title may be issued for a motor vehicle to a person who moves into this state if the person acquired ownership of the motor vehicle prior to moving to this state. This subsection does not apply to motor vehicles having a gross vehicle weight rating of more than sixteen thousand pounds.
8. Any person who knowingly makes or delivers a false odometer statement as required by subsection 7 shall be guilty of a violation of this section.
9. An Iowa licensed motor vehicle dealer shall not have in possession as inventory for sale a used motor vehicle acquired by the dealer after the tenth model year prior to the current registration year, for which the dealer does not possess an odometer statement by the transferor which is in compliance with federal law and regulations unless a certificate of title has been issued for the vehicle in the name of the dealer. Transfer of a new motor vehicle with an ownership document which is a manufacturer’s statement of origin requires an odometer statement only when transferred at retail.
10. A transferee of a motor vehicle reassigning the certificate of title to such motor vehicle pursuant to the provisions of section 321.48, subsection 1, shall not be guilty of a violation of this section if such transferee has in the transferee’s possession an odometer statement by the transferor which is in compliance with federal law and regulations and if the transferee has no knowledge that the certificate of title is false and that the transferee has no knowledge that the odometer does not reflect the true mileage of such motor vehicle.
12. Any person who violates this section commits a fraudulent practice.

device with the intent that the device replace an air bag in a motor vehicle, and who knows that the device is a counterfeit air bag, nonfunctional air bag, or air bag that does not comply with federal safety requirements as provided in 49 C.F.R. §571.208, is guilty of an aggravated misdemeanor.

3. A person who manufactures, imports, installs, reinstall, sells, offers to sell, or tampers with any device that causes a motor vehicle’s diagnostic system to inaccurately indicate that the motor vehicle is equipped with a functional air bag when a counterfeit or nonfunctional air bag is installed, or when no air bag is installed, with the intent to mislead the owner or operator of the motor vehicle into believing that the motor vehicle is equipped with a functional air bag, is guilty of an aggravated misdemeanor.

      (2) A vehicle that has remained illegally on public property for more than twenty-four hours.
      (3) A vehicle that has been unlawfully parked on private property or has been placed on private property without the consent of the owner or person in control of the property for more than twenty-four hours.
      (4) A vehicle that has been legally impounded by order of a police authority and has not been reclaimed for a period of ten days. However, a police authority may declare the vehicle abandoned within the ten-day period by commencing the notification process in subsection 3.
      (5) Any vehicle parked on the highway determined by a police authority to create a hazard to other vehicle traffic.
      (6) A vehicle that has been impounded pursuant to section 321J.4B by order of the court and whose owner has not paid the impoundment fees after notification by the person or agency responsible for carrying out the impoundment order.
   b. “Demolisher” means a person licensed under chapter 321H whose business it is to convert a vehicle to junk, processed scrap, or scrap metal, or otherwise to wreck or dismantle vehicles.
   c. “Police authority” means the state patrol, any law enforcement agency of a county or city, or any special security officer employed by the state board of regents under section 262.13.

2. Authority to take possession of abandoned vehicles. A police authority, upon the authority’s own initiative or upon the request of any other authority having the duties of control of highways or traffic, shall take into custody an abandoned vehicle on public property and may take into custody an abandoned vehicle on private property. The police authority may employ its own personnel, equipment, and facilities or hire a private entity, equipment, and facilities for the purpose of removing, preserving, storing, or disposing of abandoned vehicles. A property owner or other person in control of private property may employ a private entity who is a garagekeeper, as defined in section 321.90, to dispose of an abandoned vehicle, and the private entity may take into custody the abandoned vehicle without a police authority’s initiative. If a police authority employs a private entity to dispose of abandoned vehicles, the police authority shall provide the private entity with the names and addresses of the registered owners, all lienholders of record, and any other known claimant to the vehicle or the personal property found in the vehicle. The owners, lienholders, or other claimants of the abandoned vehicle shall not have a cause of action
against a private entity for action taken under this section if the private entity provides notice as required by subsection 3, paragraph “a”.

3. **Notification of owner, lienholders, and other claimants.**
   
   a. A police authority or private entity that takes into custody an abandoned vehicle shall notify, within twenty days, by certified mail, the last known registered owner of the vehicle, all lienholders of record, and any other known claimant to the vehicle or to personal property found in the vehicle, addressed to the parties’ last known addresses of record, that the abandoned vehicle has been taken into custody. Notice shall be deemed given when mailed. The notice shall describe the year, make, model, and vehicle identification number of the vehicle, describe the personal property found in the vehicle, set forth the location of the facility where the vehicle is being held, and inform the persons receiving the notice of their right to reclaim the vehicle and personal property within ten days after the effective date of the notice upon payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody and upon payment of the costs of notice required pursuant to this subsection. The notice shall also state that the failure of the owner, lienholders, or claimants to exercise their right to reclaim the vehicle or personal property within the time provided shall be deemed a waiver by the owner, lienholders, and claimants of all right, title, claim, and interest in the vehicle or personal property and that failure to reclaim the vehicle or personal property is deemed consent to the sale of the vehicle at a public auction or disposal of the vehicle to a demolisher and to disposal of the personal property by sale or destruction. If the abandoned vehicle was taken into custody by a private entity without a police authority’s initiative, the notice shall state that the private entity may claim a garagekeeper’s lien as described in section 321.90, subsection 1, and may proceed to sell or dispose of the vehicle. If the abandoned vehicle was taken into custody by a police authority or by a private entity hired by a police authority, the notice shall state that any person claiming rightful possession of the vehicle or personal property who disputes the planned disposition of the vehicle or property by the police authority or private entity or of the assessment of fees and charges provided by this section may ask for an evidentiary hearing before the police authority to contest those matters. If the persons receiving notice do not ask for a hearing or exercise their right to reclaim the vehicle or personal property within the ten-day reclaiming period, the owner, lienholders, or claimants shall no longer have any right, title, claim, or interest in or to the vehicle or the personal property. A court in any case in law or equity shall not recognize any right, title, claim, or interest of the owner, lienholders, or claimants after the expiration of the ten-day reclaiming period.

   b. If it is impossible to determine with reasonable certainty the identity and addresses of the last registered owner and all lienholders, notice by one publication in one newspaper of general circulation in the area where the vehicle was abandoned shall be sufficient to meet all requirements of notice under this section. The published notice may contain multiple listings of abandoned vehicles and personal property but shall be published within the same time requirements and contain the same information as prescribed for mailed notice in paragraph “a”.

4. **Auction of abandoned vehicles.**
   
   a. If an abandoned vehicle has not been reclaimed as provided for in subsection 3, the police authority or private entity shall make a determination as to whether or not the vehicle shall be sold for use upon the highways. If the vehicle is not sold for use upon the highways, it shall be sold for junk, or demolished and sold as scrap. The police authority or private entity shall sell the vehicle at public auction. Notwithstanding any other provision of this section, a police authority or private entity may dispose of the vehicle to a demolisher for junk without public auction after complying with the notification procedures in subsection 3. The purchaser of the vehicle takes title free and clear of all liens and claims of ownership, shall receive a sales receipt from the police authority or private entity, and is entitled to register the vehicle and receive a certificate of title if sold for use upon the highways. If the vehicle is sold or disposed of to a demolisher for junk, the demolisher shall make application for a junking certificate to the county treasurer within thirty days of purchase and shall surrender the sales receipt in lieu of the certificate of title.

   b. From the proceeds of the sale of an abandoned vehicle the police authority, if the police
authority did not hire a private entity, shall reimburse itself for the expenses of the auction, the costs of towing, preserving, and storing which resulted from placing the abandoned vehicle in custody, all notice and publication costs incurred pursuant to subsection 3, the cost of inspection, and any other costs incurred except costs of bookkeeping and other administrative costs. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lienholder for ninety days, and shall then be deposited in the road use tax fund. The costs to police authorities of auction, towing, preserving, storage, and all notice and publication costs, and all other costs which result from placing abandoned vehicles in custody, whenever the proceeds from a sale of the abandoned vehicles are insufficient to meet these expenses and costs, shall be paid from the road use tax fund and are the obligation of the last owner or owners, jointly and severally.

c. The director of transportation shall establish by rule a claims procedure to be followed by police authorities in obtaining expenses and costs from the fund and procedures for reimbursement of expenses and costs to a private entity hired by a police authority to take custody of an abandoned vehicle. If a private entity has been hired by a police authority, the police authority shall file a claim with the department for reimbursement of towing fees which shall be paid from the road use tax fund.

§321.89, MOTOR VEHICLES AND LAW OF THE ROAD
III-956

Referred to in §8A.323, 80.39, 321.20B, 321.88, 321.90, 321.91, 321J.4B, 555B.1

321.90 Disposal of abandoned motor vehicles.

1. Garagekeepers and abandoned motor vehicles. Any motor vehicle left in a garage operated for commercial purposes after the period for which the vehicle was to remain on the premises shall, after notice by certified mail to the last known registered owner of the vehicle addressed to the owner's last known address of record to reclaim the vehicle within ten days of the date of the notice, be deemed an abandoned motor vehicle unless reclaimed by the owner within such ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. If the identity or address of the last registered owner of the motor vehicle cannot be determined, the vehicle shall be deemed an abandoned motor vehicle on the eleventh day after the period for which the vehicle was to remain on the premises unless reclaimed by the owner within the ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. All abandoned motor vehicles left in garages may be taken into custody by a police authority upon the request of the garagekeeper and sold in accordance with the procedures set forth in section 321.89, subsection 4, unless the motor vehicle is reclaimed. The proceeds of the sale shall be first applied to the garagekeeper's charges for towing and storage, and any surplus proceeds shall be distributed in accordance with section 321.89, subsection 4. Nothing in this section shall be construed to impair any lien of a garagekeeper under the laws of this state, or the right of a garagekeeper to foreclose the garagekeeper's lien, provided that a garagekeeper shall be deemed to have abandoned the garagekeeper's artisan lien when such vehicle is taken into custody by the police authority. For the purposes of this section “garagekeeper” means any operator of a parking place or establishment, motor vehicle storage facility, or establishment for the servicing, repair, or maintenance of motor vehicles.

2. Disposal to demolisher.

a. Any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed and is thereby unable to transfer title to the motor vehicle, may apply to the police authority of the jurisdiction in which the motor vehicle is situated for authority to sell, give away, or otherwise dispose of the motor vehicle to a demolisher.
b. The application shall set out the name and address of the applicant, and the year, make, model, and vehicle identification number of the motor vehicle, if ascertainable, together with any other identifying features, and shall contain a concise statement of the facts surrounding the abandonment, or a statement that the title of the motor vehicle is lost or destroyed, or the reasons for the defect of title in the owner. The applicant shall execute an affidavit stating that the facts alleged are true and that no material fact has been withheld. An order for disposal obtained pursuant to section 555B.8, subsection 3, satisfies the application requirements of this paragraph.

c. If the police authority finds that the application is executed in proper form, and shows that the motor vehicle has been abandoned upon the property of the applicant, or if it shows that the motor vehicle is not abandoned but that the applicant appears to be the rightful owner, the police authority shall follow appropriate notification procedures as set forth in section 321.89, subsection 3, except that in the case of an order for disposal obtained pursuant to section 555B.8, subsection 3, no notification is required.

d. If the abandoned motor vehicle is not reclaimed in accordance with section 321.89, subsection 3, or no lienholder objects to the disposal in the case of an owner-applicant, the police authority shall give the applicant a certificate of authority allowing the applicant to obtain a junking certificate for the motor vehicle. The applicant shall make application for a junking certificate to the county treasurer within thirty days of receipt of the certificate of authority and surrender the certificate of authority in lieu of the certificate of title. The demolisher shall accept the junking certificate in lieu of the certificate of title to the motor vehicle.

e. Notwithstanding any other provisions of this section and sections 321.89 and 321.91, any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed, may dispose of such motor vehicle to a demolisher for junk without a title and without the notification procedures of section 321.89, subsection 3, if the motor vehicle lacks an engine or two or more wheels or other structural part which renders the vehicle totally inoperable. The police authority shall give the applicant a certificate of authority. The owner shall apply to the county treasurer for a junking certificate within thirty days of receipt of the certificate of authority and shall surrender the certificate of authority in lieu of the certificate of title.

f. The owner of an abandoned motor vehicle and all lienholders shall no longer have any right, title, claim, or interest in or to the motor vehicle; and no court in any case in law or equity shall recognize any right, title, claim, or interest of any owner or lienholders after the disposal of the motor vehicle to a demolisher.

g. Any proceeds from the sale of an abandoned motor vehicle to a demolisher under this section, by one other than the owner of the vehicle, except the sale of a vehicle pursuant to an order for disposal obtained pursuant to section 555B.8, subsection 3, shall first be applied to that person's expenses in effecting the sale, including storage, towing, and disposal charges, and any surplus shall be distributed in accordance with section 321.89, subsection 4. The proceeds from the sale of a vehicle disposed of pursuant to section 555B.8, subsection 3, shall be distributed in accordance with section 555B.9.

3. Duties of demolishers.

a. Any demolisher who purchases or otherwise acquires an abandoned motor vehicle for junk under the provisions of this section shall junk, scrap, wreck, dismantle, or demolish such motor vehicle. A demolisher shall not junk, scrap, wreck, dismantle, or demolish a vehicle until the demolisher has obtained the junking certificate issued for the vehicle.

b. A demolisher shall keep an accurate and complete record of all motor vehicles purchased or received by the demolisher in the course of the demolisher's business. These records shall contain the name and address of the person from whom each motor vehicle was purchased or received and the date when the purchases or receipts occurred. The records shall be open for inspection by any police authority at any time during normal
§321.90, MOTOR VEHICLES AND LAW OF THE ROAD

The owner’s request shall be accompanied by a mailing fee as determined annually by the director in consultation with the Iowa county treasurers association.

   a. “Department” means the department of revenue.

A new registration receipt shall not be issued until the fee has been paid. The county treasurer or the department of transportation shall require every applicant for a new registration receipt for a vehicle subject to registration to supply information as the county treasurer or the director deems necessary as to the time of purchase, the purchase price, and other information relative to

a. For purposes of this subsection, “purchase price” applies to the measure subject to the fee for new registration. “Purchase price” shall be determined in the same manner as “sales price” is determined for purposes of computing the tax imposed upon the sales price of tangible personal property under chapter 423, pursuant to the definition of sales price in section 423.1, subject to the following exemptions:

(i) The vehicle traded to the retailer is the type of vehicle normally sold in the regular course of the retailer’s business.

(ii) The vehicle traded to the retailer is intended by the retailer to be ultimately sold at retail or is intended to be used by the retailer or another in the remanufacturing of a like vehicle.

(b) In a transaction between persons, neither of which is a retailer of vehicles subject to registration, in which a vehicle subject to registration is traded toward the purchase price of another vehicle subject to registration, the amount of the trade-in value allowed on the vehicle subject to registration traded is exempted from the purchase price.

(c) In order for the trade-in value to be excluded from the purchase price, the name or names on the title and registration of the vehicle being purchased must be the same name or names on the title and registration of the vehicle being traded. The following trades qualify under this subparagraph division (c):

(i) A trade involving spouses, if the traded vehicle and the acquired vehicle are titled in the name of one or both of the spouses, with no outside party named on the title.

(iv) A trade in which the vehicle being purchased is titled in the name of an individual other than the owner of the traded vehicle due to the cosigning requirements of a financial institution.

(d) The replaced motor vehicle is returned to the motor vehicle dealer’s inventory for sale.

(e) The application for registration and title of the motor vehicle being registered is filed with the county treasurer within two weeks of the date the replaced motor vehicle is returned to the motor vehicle dealer’s inventory.

(f) The motor vehicle being registered is placed in the same or substantially similar service as the replaced motor vehicle.

b. For purposes of this subsection, the fee for new registration on a vehicle registered in
this state by the manufacturer of that vehicle from a manufacturer’s statement of origin is calculated on the base value of fifty percent of the retail list price of the vehicle.

c. The following are exempt from the fee for new registration imposed under this subsection, as long as a valid affidavit is filed with the county treasurer at the time of application for registration:

(1) Entities listed in section 423.3, subsections 17, 18, 19, 20, 21, 22, 26, 27, 28, 31, and 79, to the extent that those entities are exempt from the tax imposed on the sale of tangible personal property, consisting of goods, wares, or merchandise, sold at retail in the state to consumers or users.

(2) Vehicles as defined in section 321.1, subsections 41, 64A, 71, 85, and 88, except such vehicles subject to registration which are designed primarily for carrying persons, when purchased for lease and actually leased to a lessee for use outside the state of Iowa and the subsequent sole use in Iowa is in interstate commerce or interstate transportation.

(3) (a) Vehicles subject to registration which are transferred from a business or individual conducting a business within this state as a sole proprietorship, partnership, or limited liability company to a corporation formed by the sole proprietor, partnership, or limited liability company for the purpose of continuing the business when all of the stock of the corporation so formed is owned by the sole proprietor and the sole proprietor’s spouse, by all the partners in the case of a partnership, or by all the members in the case of a limited liability company. This exemption is equally available where the vehicles subject to registration are transferred from a corporation to a sole proprietorship, partnership, or limited liability company formed by that corporation for the purpose of continuing the business when all of the incidents of ownership are owned by the same person or persons who were stockholders of the corporation.

(b) This exemption also applies where the vehicles subject to registration are transferred from a corporation as part of the liquidation of the corporation to its stockholders if within three months of such transfer the stockholders retransfer those vehicles subject to registration to a sole proprietorship, partnership, or limited liability company for the purpose of continuing the business of the corporation when all of the incidents of ownership are owned by the same person or persons who were stockholders of the corporation.

If the vehicle is found to have not met the exemption requirements or the exemption was revoked, the value of the vehicle upon which the fee for new registration shall be imposed is based on the original purchase price if revocation or nonqualification for this exemption occurs during the first year following registration. If revocation or nonqualification for this exemption occurs after the first year following registration, the value of the vehicle upon which the fee shall be imposed is the book or market value, whichever is less, at the time the exemption requirements were not met or the exemption was revoked.

No cause of action shall accrue against a dealer for excess fee for new registration paid until sixty days after proper notification has been given the dealer by the purchaser.
   c. In the circumstances described in paragraphs “a” and “b”, a dealer has the option to either return any excess amount of fee for new registration paid to a purchaser, or to remit the amount which a purchaser has paid to the dealer to the department.

weight of a battery, heater, bumpers, spare tire, and wheel. Provided, however, that for any
new vehicle purchased in this state by a nonresident for removal to the nonresident’s state

purchase for a transit plate for which a fee of ten dollars shall be paid. And provided, however,
that for any used vehicle held by a registered dealer and not currently registered in this state,
or for any vehicle held by an individual and currently registered in this state, when purchased
in this state by a nonresident for removal to the nonresident’s state of residence, the purchaser
may make application to the county treasurer in the county of purchase for a transit plate for
which a fee of three dollars shall be paid. The county treasurer shall issue a nontransferable
certificate of registration for which no refund shall be allowed; and the transit plates shall
be void thirty days after issuance. Such purchaser may apply for a certificate of title by
surrendering the manufacturer’s or importer’s certificate or certificate of title, duly assigned
as provided in this chapter. In this event, the treasurer in the county of purchase shall, when
satisfied with the genuineness and regularity of the application, and upon payment of a fee of
twenty dollars, issue a certificate of title in the name and address of the nonresident purchaser
delivering the title to the owner. If there is a security interest noted on the title, the county
treasurer shall mail to the secured party an acknowledgment of the notation of the security
interest. The county treasurer shall not release a security interest that has been noted on
a title issued to a nonresident purchaser as provided in this paragraph. The application
requirements of section 321.20 apply to a title issued as provided in this subsection, except
that a natural person who applies for a certificate of title shall provide either the person's
social security number, passport number, or driver’s license number, whether the license
was issued by this state, another state, or another country. The provisions of this subsection

the owner’s or lessee's household uses a wheelchair as the only means of mobility. This
paragraph applies only to vehicles that are otherwise subject to paragraph “a” and to motor

321.126 Refunds of annual registration fees.
1. Refunds of unexpired annual vehicle registration fees shall be allowed in accordance with this section, except that no refund shall be allowed and paid if the unused portion of the fee is less than ten dollars. Paragraphs “a” and “b” do not apply to vehicles registered by the county treasurer. The refunds shall be made as follows:

a. If the vehicle is destroyed by fire or accident, or junked and its identity as a vehicle entirely eliminated, the owner in whose name the vehicle was registered at the time of destruction or dismantling shall return the plates to the department and within thirty days thereafter make a statement of such destruction or dismantling and make claim for refund. With reference to the destruction or dismantling of a vehicle, no refund shall be allowed unless a junking certificate has been issued, as provided in section 321.52.

b. If the vehicle is stolen, the owner shall give notice of the theft to the department within five days. If the vehicle is not recovered by the owner thirty days prior to the end of the current registration year, the owner shall make a statement of the theft and make claim for refund.

c. If the vehicle is placed in storage by the owner upon the owner’s entry into the military service of the United States, the owner shall return the plates to the county treasurer or the department and make a statement regarding the storage and military service and make claim for refund. Whenever the owner of a vehicle so placed in storage desires to again register the vehicle, the county treasurer or department shall compute and collect the fees for registration for the registration year commencing in the month the vehicle is removed from storage.

d. If the vehicle is registered by the county treasurer during the current registration year and the owner or lessee registers the vehicle for apportioned registration under chapter 326, the owner of the registered vehicle shall surrender the registration plates to the county treasurer and may file a claim for refund. In lieu of a refund, a credit for the annual registration fees paid to the county treasurer may be applied by the department to the owner or lessee’s apportioned registration fees upon the surrender of the county plates and registration.

e. A refund for trailers and semitrailers issued a permanent registration plate pursuant to chapter 326 shall be paid by the department upon application.

f. If a vehicle is sold or junked, the owner in whose name the vehicle was registered may make claim to the county treasurer or department for a refund of the sold or junked vehicle’s annual registration fee. Also if the owner of a vehicle receives a vehicle registration fee credit under section 321.46, subsection 3, and the credit allowed exceeds the amount of the annual registration fee for the vehicle acquired, the owner may claim a refund for the balance of the credit. The refund is subject to the following limitations:

(1) If a vehicle registration fee credit has not been received by the owner of the vehicle under section 321.46, subsection 3, the refund shall be computed on the basis of the number of unexpired months remaining in the registration year at the time the vehicle was sold or
junked. The refund shall be rounded to the nearest whole dollar. Section 321.127, subsection 1, does not apply.

(2) The refund shall only be allowed if the owner makes claim for the refund within six months after the date of the vehicle’s sale, trade, or junking.

(3) This paragraph “f” does not apply to vehicles registered under chapter 326.

g. If the vehicle was leased and an affidavit was filed by the lessor or the lessee as provided in section 321.46, the lessor or the lessee, as applicable, may make a claim for a refund with the county treasurer of the county where the vehicle was registered within six months of the vehicle’s surrender to the lessor. The refund shall be paid to either the lessor or the lessee, as specified on the application for title and registration pursuant to section 321.20.

h. If the owner of the vehicle moves out of state, the owner may make a claim for a refund by returning the Iowa registration plates, along with evidence of the vehicle’s registration in another jurisdiction, to the county treasurer of the county in which the vehicle was registered within six months of the out-of-state registration. For purposes of section 321.127, the unexpired months remaining in the registration year shall be calculated on the basis of the effective date of the out-of-state registration. However, for the purpose of timely issuance of the refund, the claim for a refund under this paragraph is considered to be filed on the date the registration documents are received by the county treasurer.

2. Notwithstanding any provision of this section to the contrary, there shall be no refund of apportioned registration fees unless the state which issued the base plate for the vehicle allows such refund. If an owner subject to apportioned registration leases the vehicle for which the refund is sought, the claim shall be filed in the names of both the lessee and the lessor and the refund payment made payable to both the lessor and the lessee. The term “owner” for purposes of this section shall include a person in whom is vested right of possession or control of a vehicle which is subject to a lease, contract, or other legal arrangement vesting right of possession or control in addition to the term as defined in section 321.1, subsection 49.

2. The department, unless reasonable grounds exist for delay, shall make refund on or before the last day of the month following the month in which the claim is filed with the department.

3. For trailers or semitrailers issued a permanent registration plate, a refund shall be paid equal to the annual fee for twelve months times the remaining number of complete registration years.

4. Refunds for vehicles registered for apportioned registration under chapter 326 shall be paid on the basis of unexpired complete calendar months remaining in the registration year from the date the claim for refund and the license plate are received by the department.

The department may also suspend a restricted license issued under this section upon receiving a record of the person’s conviction for one violation and shall revoke the license upon receiving a record of conviction for two or more violations of a law of this state or a city ordinance regulating the operation of motor vehicles on highways, other than parking violations as defined in section 321.210. After revoking a license under this section the department shall not grant an application for
a new license or permit until the expiration of one year or until the person attains the age of eighteen, whichever is the longer period.

c. A person who violates the restrictions imposed under paragraph “a”, subparagraph (2), subparagraph division (a), may be issued a citation under this section and shall not be issued a citation under section 321.193.    2. Definitions. For purposes of this section:
      a. “Approved course” means driver education curriculum approved by the department pursuant to rules adopted under chapter 17A. An approved course shall, at a minimum, meet the requirements of subsection 3 and be appropriate for teaching-parent-directed driver education and related street or highway instruction. Driver education materials that meet or exceed standards established by the department for an approved course in driver education for a public or private school shall be approved unless otherwise determined by the department. The list of approved courses shall be posted on the department’s internet site.
      b. “Student” means a person between the ages of fourteen and twenty-one years who is within the custody and control of the teaching parent and who satisfies preliminary licensing requirements of the department.
      c. “Teaching parent” means a parent, guardian, or legal custodian of a student who is currently providing competent private instruction to the student pursuant to section 299A.2 or 299A.3 and who provided such instruction to the student during the previous year; who has a valid driver’s license, other than a motorized bicycle license or a temporary restricted license, that permits unaccompanied driving; and who has maintained a clear driving record for the previous two years. For purposes of this paragraph, “clear driving record” means the individual has not been identified as a candidate for suspension or revocation of a driver’s
license under the habitual violator or habitual offender provisions of the department's regulations; is not subject to a driver's license suspension, revocation, denial, cancellation, disqualification, or bar; and has no record of a conviction for a moving traffic violation determined to be the cause of a motor vehicle accident.

3. **Course of instruction.**
   
a. An approved course administered by a teaching parent shall consist of but not be limited to the following:
   
   (1) Thirty clock hours of classroom instruction.
   
   (2) Forty hours of street or highway driving including four hours of driving after sunset and before sunrise while accompanied by the teaching parent.

   (6) Instruction providing an awareness about sharing the road with bicycles and motorcycles.
   
   b. The content of the course of instruction required under this subsection shall be equivalent to that required under section 321.178. However, reference and study materials, physical classroom requirements, and extra vehicle safety equipment required for instruction under section 321.178 shall not be required for the course of instruction provided under this section.
   
4. **Course completion and certification.** Upon application by a student for an intermediate license, the teaching parent shall provide evidence showing the student's completion of an approved course and substantial compliance with the requirements of subsection 3 by affidavit signed by the teaching parent on a form to be provided by the department. The evidence shall include all of the following:
   
a. Documentation that the instructor is a teaching parent as defined in subsection 2.
   
   b. Documentation that the student is receiving competent private instruction under section 299A.2 or the name of the school district within which the student is receiving instruction under section 299A.3.
   
   c. The name of the approved course completed by the student.
   
   d. An affidavit attesting to satisfactory completion of course work and street or highway driving instruction.
   
   e. Copies of written tests completed by the student.
   
   f. A statement of the number of classroom hours of instruction.
   
   g. A log of completed street or highway driving instruction including the dates when the lessons were conducted, the student's and the teaching parent's name and initials noted next to each entry, notes on driving activities including a list of driving deficiencies and improvements, and the duration of the driving time for each session.
   
5. **Intermediate license.** Any student who successfully completes an approved course as provided in this section, passes a driving test to be administered by the department, and is otherwise qualified under section 321.180B, subsection 2, shall be eligible for an intermediate license pursuant to section 321.180B. 321.180 Instruction permits, commercial learner’s permits, and chauffeur’s instruction permits.

1. a. (1) A person who is at least eighteen years of age and who, except for the person’s lack of instruction in operating a motor vehicle, would be qualified to obtain a driver’s license, shall, upon meeting the requirements of section 321.186 other than a driving demonstration, and upon paying the required fee, be issued an instruction permit by the department. Subject to the limitations in this subsection, an instruction permit entitles the permittee, while having the permit in the permittee’s immediate possession, to operate a motor vehicle, other than a commercial motor vehicle or as a chauffeur or a motor vehicle with a gross vehicle weight rating of sixteen thousand one or more pounds, upon the highways for a period not to exceed four years from the licensee’s birthday anniversary in the year of issuance. If the applicant for an instruction permit holds a driver's license issued in this state valid for the operation of a motorized bicycle or a motorcycle, the instruction permit shall be valid for such operation without the need of an accompanying person.

(2) A permittee shall not be penalized for failing to have the instruction permit in immediate possession if the permittee produces in court, within a reasonable time, an instruction permit issued to the permittee and valid at the time of the permittee’s arrest or at the time the permittee was charged with failure to have the permit in the permittee’s immediate possession.

b. (1) Except as otherwise provided, a permittee who is eighteen years of age or older must be accompanied by a person issued a driver’s license valid for the vehicle operated who is a member of the permittee’s immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program approved by the state board of education, or a person at least twenty-five years of age, and who is actually occupying a seat beside the driver.

(2) However, if the permittee is operating a motorcycle in accordance with this section or section 321.180B, the accompanying person must be within audible and visual communications distance from the permittee and be accompanying the permittee on or in a different motor vehicle. Only one permittee shall be under the immediate supervision of an accompanying qualified person.

2. a. The department shall adopt rules to administer commercial learner’s permits in compliance with the procedures set forth in 49 C.F.R. §383.73. An applicant for a commercial learner’s permit must hold a valid class A, B, C, or D driver’s license issued in this state, must be at least eighteen years of age, and must meet the qualifications to obtain a valid commercial driver’s license, including the requirements set forth in section 321.188, except for the required driving skills test.

b. A commercial learner’s permit shall be a separate document from a commercial or noncommercial driver’s license. A person operating a vehicle pursuant to a commercial learner’s permit shall have both the commercial learner’s permit and the commercial or noncommercial driver’s license issued to the person within the person’s possession.

c. A commercial learner’s permit shall be valid for a period not to exceed the period provided in 49 C.F.R. §383.25(c) and 49 C.F.R. §383.73(a)(2)(iii).

d. A commercial learner’s permit shall be valid for the operation of a commercial motor vehicle only when the permit holder is accompanied by a holder of a valid commercial driver’s license with the proper commercial driver’s license group designation and endorsements necessary to operate the commercial motor vehicle, and who is at all times physically present in the front passenger seat of the vehicle, or in the case of a passenger vehicle, directly behind or in the first row behind the permit holder in a position to directly observe and supervise the permit holder.

(1) When a commercial learner’s permit is issued to the holder of a commercial driver’s
license, this paragraph “d” only applies to the operation of a commercial motor vehicle for which the permit holder’s commercial driver’s license is not valid.

(2) When a commercial learner’s permit is issued to the holder of a noncommercial driver’s license, this paragraph “d” only applies to the operation of a commercial motor vehicle.

e. The issuance of a commercial learner’s permit is a precondition to the initial issuance of a commercial driver’s license. The issuance of a commercial learner’s permit is also a precondition to the upgrade of a commercial driver’s license if the upgrade requires a driving skills test. The holder of a commercial learner’s permit is not eligible to take a driving skills test required by section 321.188 for the first fourteen days after the permit holder is issued the permit.

f. A commercial learner’s permit is not valid for the operation of a vehicle transporting hazardous materials as defined in 49 C.F.R. §383.5.

3. A person, upon meeting each of the following requirements, shall be eligible to apply for a chauffeur’s instruction permit valid for the operation of a motor vehicle, other than a commercial motor vehicle, as a chauffeur when the permittee is accompanied by a person possessing a valid class D driver’s license or commercial driver’s license valid for the operation of the motor vehicle and the accompanying person is actually occupying a seat beside the permittee. An applicant must be at least eighteen years of age, otherwise qualified to obtain a class D driver’s license, and must meet the requirements of section 321.186 other than a driving demonstration. The chauffeur’s instruction permit shall be valid for a period not to exceed two years from the licensee’s birthday anniversary in the year of issuance and shall be returned to the department upon issuance of a class D driver’s license or commercial driver’s license. If the applicant for a chauffeur’s instruction permit holds a driver’s license issued under this chapter, the chauffeur’s instruction permit shall be valid in the same manner as the driver’s license would be for the operation of motor vehicles without the need of an accompanying person.

4. The instruction permit, chauffeur’s instruction permit, and commercial learner’s permit are subject to suspension or revocation for the same reasons and in the same manner as suspension or revocation of a driver’s license.

5. A motorcycle instruction permit issued under this section is not renewable.

321.180A Special instruction permit.

1. Notwithstanding other provisions of this chapter, a person with a physical disability, who is not suffering from a convulsive disorder and who can provide a favorable medical report, whose license renewal has been denied under section 321.177, subsection 6 or 7, or whose driver’s license has been suspended under section 321.210, subsection 1, paragraph “a”, subparagraph (3), upon meeting the requirements of section 321.186, other than a driving demonstration or elimination of the person’s limitations which caused the denial under section 321.177, subsection 6 or 7, or suspension under section 321.210, subsection 1, paragraph “a”, subparagraph (3), and upon paying the fee required in section 321.191, shall be issued a special instruction permit by the department. Upon issuance of the permit the denial or suspension shall be stayed and the stay shall remain in effect as long as the permit is valid.

2. a. A special instruction permit entitles the permittee, while having the permit in the permittee’s immediate possession, to operate a noncommercial motor vehicle upon the highways for a period of six months from the date of issuance. However, the permittee must be accompanied by a person who is at least twenty-one years of age, who has been issued a driver’s license valid for the vehicle being operated, and who is actually occupying a seat beside the permittee.
b. A permittee shall not be penalized for failing to have the permit in immediate possession if the permittee produces in court, within a reasonable time, the special instruction permit issued to the permittee which was valid at the time of the permittee’s arrest.

3. The permittee may apply for a driver’s license if thirty days have elapsed since issuance of the special instruction permit. The department shall issue a driver’s license if the permittee is qualified, passes all required tests, including a driving test, and pays the required fees. If the person has not obtained a driver’s license before expiration of the person’s special instruction permit, the person’s former denial or suspension under section 321.177, subsection 6 or 7, or section 321.210, subsection 1, paragraph “a”, subparagraph (3), upon service of notice by the department, shall be reinstated. A permit shall be reissued for one additional six-month period if a permittee continues to meet the qualifications of subsection 1 and has incurred no motor vehicle violations.

321.180B Graduated driver’s licenses for persons aged fourteen through seventeen.

Persons under age eighteen shall not be issued a license or permit to operate a motor vehicle except under the provisions of this section. However, the department may issue restricted and special driver’s licenses to certain minors as provided in sections 321.178 and 321.194, and driver’s licenses restricted to motorized bicycles as provided in section 321.189. A license or permit shall not be issued under this section or section 321.178 or 321.194 without the consent of a parent or guardian or a person having custody of the applicant under chapter 232 or 600A. An additional consent is required each time a license or permit is issued under this section or section 321.178 or 321.194. The consent must be signed by at least one parent, guardian, or custodian on an affidavit form provided by the department.

1. Instruction permit.
   a. The department may issue an instruction permit to an applicant between the ages of fourteen and eighteen years if the applicant meets the requirements of sections 321.184 and 321.186, other than a driving demonstration, and pays the required fee. An instruction permit issued under this section shall be valid for a period not to exceed four years from the licensee’s birthday anniversary in the year of issuance. A motorcycle instruction permit issued under this section is not renewable.
   b. Subject to the limitations in this subsection, an instruction permit entitles the permittee, while having the permit in the permittee’s immediate possession, to operate a motor vehicle other than a commercial motor vehicle or as a chauffeur or a motor vehicle with a gross vehicle weight rating of sixteen thousand one or more pounds upon the highways.
   c. (1) Except as otherwise provided, a permittee who is less than eighteen years of age and who is operating a motor vehicle must be accompanied by a person issued a driver’s license valid for the vehicle operated who is the parent, guardian, or custodian of the permittee, a member of the permittee’s immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program approved by the state board of education, or a person at least twenty-five years of age if written permission is granted by the parent, guardian, or custodian, and who is actually occupying a seat beside the driver. A permittee shall not operate a motor vehicle if the number of passengers in the motor vehicle exceeds the number of passenger safety belts in the motor vehicle. If the applicant for an instruction permit holds a driver’s license issued in this state valid for the operation of a motorized bicycle or a motorcycle, the instruction permit shall be valid for such operation without the requirement of an accompanying person.
   (2) If the permittee is operating a motorcycle in accordance with this section, the accompanying person must be within audible and visual communications distance from the permittee and be accompanying the permittee on or in a different motor vehicle. Only one permittee shall be under the immediate supervision of an accompanying qualified person.
   d. A permittee shall not be penalized for failing to have the instruction permit in the permittee’s immediate possession if the permittee produces in court, within a reasonable time, an instruction permit issued to the permittee and valid at the time of the permittee’s
arrest or at the time the permittee was charged with failure to have the permit in the
permittee’s immediate possession.

2. Intermediate license.

a. The department may issue an intermediate driver’s license to a person sixteen or
seventeen years of age who possesses an instruction permit issued under subsection 1 or
a comparable instruction permit issued by another state for a minimum of twelve months
immediately preceding application, and who presents an affidavit signed by a parent,
guardian, or custodian on a form to be provided by the department that the permittee has
accumulated a total of twenty hours of street or highway driving of which two hours were
conducted after sunset and before sunrise and the street or highway driving was with the
permittee’s parent, guardian, custodian, instructor, a person certified by the department,
or a person at least twenty-five years of age who had written permission from a parent,
guardian, or custodian to accompany the permittee, and whose driving privileges have not
been suspended, revoked, or barred under this chapter or chapter 321J during, and who
has been accident and violation free continuously for, the six-month period immediately
preceding the application for an intermediate license. An applicant for an intermediate
license must meet the requirements of section 321.186, including satisfactory completion of
driver education as required in section 321.178 or 321.178A, and payment of the required
license fee before an intermediate license will be issued. A person issued an intermediate
license must limit the number of passengers in the motor vehicle when the intermediate
licensee is operating the motor vehicle to the number of passenger safety belts. In addition,
unless waived by the person’s parent or guardian at the time the intermediate license
is issued, for the first six months following issuance of the license, a person issued an
intermediate license must limit the number of unrelated minor passengers in the motor
vehicle when the intermediate licensee is operating the motor vehicle to one, except when
the intermediate licensee is accompanied in accordance with subsection 1. For purposes
of this subsection, “unrelated minor passenger” means a passenger who is under eighteen years
of age and who is not a sibling of the driver, a stepsibling of the driver, or a child who resides
in the same household as the driver. The department shall prescribe the form for waiver
of the six-month restriction on unrelated minor passengers, which may be in an electronic
format, and shall designate characteristics for the intermediate license that shall distinguish
between an intermediate license that includes the six-month restriction on unrelated minor
passengers and an intermediate license that does not include the six-month restriction on
unrelated minor passengers.

b. Except as otherwise provided, a person issued an intermediate license under this
subsection who is operating a motor vehicle between the hours of 12:30 a.m. and 5:00 a.m.
must be accompanied by a person issued a driver’s license valid for the vehicle operated
who is the parent, guardian, or custodian of the intermediate licensee, a member of the
intermediate licensee’s immediate family if the family member is at least twenty-one years
of age, an approved driver education instructor, a prospective driver education instructor
who is enrolled in a practitioner preparation program with a safety education program
approved by the state board of education, or a person at least twenty-five years of age if
written permission is granted by the parent, guardian, or custodian, and who is actually
occupying a seat beside the driver. However, a licensee may operate a vehicle to and from
school-related extracurricular activities and work without an accompanying driver between
the hours of 12:30 a.m. and 5:00 a.m. if the licensee possesses a waiver on a form to be
provided by the department. An accompanying driver is not required between the hours of
5:00 a.m. and 12:30 a.m.

3. Remedial driver improvement action — suspension of permit, intermediate license, or
full license.

a. A person who has been issued an instruction permit, an intermediate license, or a
full driver’s license under this section, upon conviction of a moving traffic violation or
involvement in a motor vehicle accident which occurred during the term of the instruction
permit or intermediate license, shall be subject to remedial driver improvement action or
suspension of the permit or current license. A person possessing an instruction permit
who has been convicted of a moving traffic violation or has been involved in an accident
shall not be issued an intermediate license until the person has completed the remedial driver improvement action and has been accident and violation free continuously for the six-month period immediately preceding the application for the intermediate license. A person possessing an intermediate license who has been convicted of a moving traffic violation or has been involved in an accident shall not be issued a full driver’s license until the person has completed the remedial driver improvement action and has been accident and violation free continuously for the twelve-month period immediately preceding the application for a full driver’s license.

b. The department may suspend an instruction permit, intermediate license, or full license issued under this section upon receiving satisfactory evidence that the person issued the instruction permit, intermediate license, or full license violated the restrictions imposed under subsection 1, 2, or 6 during the term of the instruction permit or intermediate license.

4. Full driver’s license. A full driver’s license may be issued to a person seventeen years of age who possesses an intermediate license issued under subsection 2 or a comparable intermediate license issued by another state for a minimum of twelve months immediately preceding application, and who presents an affidavit signed by a parent, guardian, or custodian on a form to be provided by the department that the intermediate licensee has accumulated a total of ten hours of street or highway driving of which two hours were conducted after sunset and before sunrise and the street or highway driving was with the licensee’s parent, guardian, custodian, instructor, a person certified by the department, or a person at least twenty-five years of age who had written permission from a parent, guardian, or custodian to accompany the licensee, whose driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and who has been accident and violation free continuously for, the twelve-month period immediately preceding the application for a full driver’s license, and who has paid the required fee.

5. Class M license education requirements. A person under the age of eighteen applying for an intermediate or full driver’s license valid for the operation of a motorcycle shall be required to successfully complete a motorcycle education course either approved and established by the department of transportation or from a private or commercial driver education school licensed by the department of transportation before the class M license will be issued. A public school district shall charge a student a fee which shall not exceed the actual cost of instruction minus moneys received by the school district under section 321.179.

6. Use of electronic devices or equipment.

a. A person issued an instruction permit or intermediate driver’s license under this section shall not use an electronic communication device or an electronic entertainment device while driving a motor vehicle unless the motor vehicle is at a complete stop off the traveled portion of the roadway. This paragraph does not apply to the use of electronic equipment which is permanently installed in the motor vehicle or to a portable device which is operated through permanently installed equipment.

b. The department, in cooperation with the department of public safety, shall establish educational programs to foster compliance with the requirements of paragraph “a”.

7. Citations for restrictions. A person who violates the restrictions imposed under subsection 1, 2, or 6 may be issued a citation under this section and shall not be issued a citation under section 321.193. A violation of the restrictions imposed under subsection 1, 2, or 6 shall not be considered a moving violation.

8. Rules. The department may adopt rules pursuant to chapter 17A to administer this section.

For applicable scheduled fine, see §805.8A, subsection 4

The permit must be in the applicant’s immediate possession while operating a motor vehicle. The temporary permit shall be invalid and returned to the department when the applicant’s license is issued or when the license is denied.

Officers and employees of the department may administer the oaths without charge.

2. Withdrawal of consent. The person who provided the signed consent under subsection 1 may withdraw that consent at any time. The withdrawal of consent shall be in writing, signed and verified. 321.186 Examination of new or incompetent operators.

1. The department may examine every new applicant for a driver’s license or any person holding a valid driver’s license when the department has reason to believe that the person may be physically or mentally incompetent to operate a motor vehicle, or whose driving record appears to the department to justify the examination. The department shall make every effort to accommodate a functionally illiterate applicant when the applicant is taking a knowledge test. The department shall make every effort to have an examiner conduct the commercial driver’s license driving skills tests at other locations in this state where skills may be adequately tested when requested by a person representing ten or more drivers requiring driving skills testing.

2. The department shall make every effort to accommodate a commercial driver’s license applicant’s need to arrange an appointment for a driving skills test at an established test site other than where the applicant passed the required knowledge test. The department shall report to the governor and the general assembly on any problems, extraordinary costs, and recommendations regarding the appointment scheduling process.

3. The examination shall include a screening of the applicant’s eyesight, a test of the applicant’s ability to read and understand highway signs regulating, warning, and directing traffic, a test of the applicant’s knowledge of the traffic laws of this state, an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle, and other physical and mental examinations as the department finds necessary to determine the applicant’s fitness to operate a motor vehicle safely upon the

highways. However, an applicant for a new driver’s license need not pass a vision test administered by the department if the applicant files with the department a vision report in accordance with section 321.186A which shows that the applicant’s visual acuity level meets or exceeds those required by the department.

4. A physician licensed under chapter 148, an advanced registered nurse practitioner licensed under chapter 152, a physician assistant licensed under chapter 148C, or an optometrist licensed under chapter 154 may report to the department the identity of a person who has been diagnosed as having a physical or mental condition which would render the person physically or mentally incompetent to operate a motor vehicle in a safe manner. The physician, advanced registered nurse practitioner, physician assistant, or optometrist shall make reasonable efforts to notify the person who is the subject of the report, in writing. The written notification shall state the nature of the disclosure and the reason for the disclosure. A physician, advanced registered nurse practitioner, physician assistant, or optometrist making a report under this section shall be immune from any liability, civil or criminal, which might otherwise be incurred or imposed as a result of the report. A physician, advanced registered nurse practitioner, physician assistant, or optometrist has no duty to make a report or to warn third parties with regard to any knowledge concerning a person’s mental or physical competency to operate a motor vehicle in a safe manner. Any report received by the department from a physician, advanced registered nurse practitioner, physician assistant, or optometrist under this section shall be kept confidential. Information regulated by chapter 141A shall be subject to the confidentiality provisions and remedies of that chapter.

321.186A Vision report in lieu of vision test.

1. An applicant for a new or renewed driver’s license need not take a vision test administered by the department if the applicant files with the department a vision report signed by a licensed vision specialist in accordance with this section.

2. An applicant for such a new or renewed driver’s license who fails a vision test administered by the department may subsequently be issued the driver’s license without need of passing a department administered vision test, if the applicant files with the department a vision report from a licensed vision specialist in accordance with this section.

3. The vision report shall state the visual acuity level of the applicant as measured by the vision specialist and shall be in the form and include other information as required by rule of the department. A vision report is valid only if the visual acuity level of the applicant has been measured by the licensed vision specialist within thirty days before the application for the new or renewed driver’s license.

4. As used in this section, a “licensed vision specialist” means a physician licensed under chapter 148 or an optometrist licensed under chapter 154.

1. The department shall examine applicants for driver’s licenses. Examiners of the department shall wear an identifying badge and uniform provided by the department.

2. The department may by rule designate community colleges established under chapter 260C and other third-party testers to administer the driving skills test required for a commercial driver’s license, provided that all of the following occur:
   a. The driving skills test is the same as that which would otherwise be administered by the state.
   b. The third-party tester contractually agrees to comply with the requirements of 49 C.F.R. §383.75 as adopted by rule by the department.
   c. Any third-party skills test examiner used by the third-party tester shall meet the
requirements of 49 C.F.R. §383.75 and 49 C.F.R. §384.228, as adopted by rule by the department. The department shall adopt rules requiring that a third-party tester, other than a community college established under chapter 260C, shall be an Iowa-based motor carrier, or its subsidiary, that has its principal office within this state and operates a permanent commercial driver training facility in this state, or an Iowa nonprofit corporation that serves as a trade association for Iowa-based motor carriers. The rules may also provide that a third-party tester conduct a number of skills test examinations above the number required under 49 C.F.R. §383.75 in order to remain qualified as a third-party tester under this section.

3. As used in this section, “third-party tester” and “third-party skills test examiner” mean as defined in 49 C.F.R. §383.5.

321.188 Commercial driver’s license requirements.

1. The department shall adopt rules to administer commercial driver’s licenses in compliance with the procedures set forth in 49 C.F.R. §383.73. Before the department issues, renews, or upgrades a commercial driver’s license and in addition to the requirements of section 321.182, the license applicant shall do all of the following:
   a. Certify whether the applicant is subject to and meets applicable driver qualifications of 49 C.F.R. pt. 391 as adopted by rule by the department.
   b. Certify the applicant is not subject to any commercial driver’s license disqualification and has committed no offense and has not acted in a manner which either alone or with previous actions or offenses could result in commercial driver’s license disqualification.
   c. Successfully complete any entry-level driver training if required under 49 C.F.R. pt. 380, subpt. F, or 49 C.F.R. pt. 383, subpt. E, prior to taking a knowledge test or driving skills test, the passage of which is required under paragraph “d”.
   d. Successfully pass knowledge tests and driving skills tests, provide self-certification of type of driving, provide a medical examiner’s certificate prepared by a medical examiner, as defined in 49 C.F.R. §390.5, and provide all other required information, proofs, and certificates, as required by rule by the department. The rules adopted shall substantially comply with the federal minimum testing and licensing requirements in 49 C.F.R. pt. 383, subpts. E, G, and H, as adopted by rule by the department. Except as required under 49 C.F.R. pt. 383, subpt. E, G, or H, a commercial driver’s license is renewable without a driving skills test within one year after its expiration date.
   e. Certify the vehicle to be operated in the driving skills tests is representative of the class of motor vehicle the applicant will operate on the highway.
   f. Certify that the applicant is a resident of Iowa or a resident of a foreign jurisdiction.
   g. Identify all states where the applicant has been licensed to drive any type of motor vehicle during the previous ten years.

2. An applicant for a commercial driver’s license may substitute for a driving skills test the applicant’s operating record and previous passage of a driving skills test or the applicant’s operating record and previous driving experience if all of the following conditions exist:
   a. The applicant is currently licensed to operate a commercial motor vehicle.
   b. The applicant certifies that during the two years immediately preceding application all of the following apply:
      (1) The applicant has not held driver’s licenses valid for the operation of commercial motor vehicles from more than one state simultaneously.
      (2) The applicant has not had any convictions which are federal commercial driver’s license disqualifying offenses under 49 C.F.R. §383.51 as adopted by rule by the department while operating any type of vehicle.
      (3) The applicant has not committed a traffic violation, other than a parking violation, arising in connection with a traffic accident.
(4) No record of an accident exists for which the applicant was convicted of a moving traffic violation.

(5) The applicant has not had any driver’s license suspended, revoked, or canceled.

      (2) Has operated during the two-year period immediately preceding the application a motor vehicle representative of the class of motor vehicle the applicant will operate.

3. An applicant for a hazardous material endorsement must pass a knowledge test as required under 49 C.F.R. §383.121 as adopted by rule by the department to obtain or retain the endorsement. However, an applicant for license issuance who was previously issued a commercial driver’s license from another state may retain the hazardous material endorsement from the previously issued license if the applicant successfully passed the endorsement test within the preceding twenty-four months. Pursuant to procedures established by the department, an applicant for a hazardous material endorsement must also comply with the application and security threat assessment requirements established under 49 C.F.R. pt. 383, 384, and 1572. A hazardous material endorsement shall be revoked or denied if the department determines that the applicant has not complied with or met the security threat assessment standards.

4. The department shall check the applicant’s driving record as maintained by the applicant’s current licensing state, the national commercial driver’s license information system, the national drug and alcohol clearinghouse if required under 49 C.F.R. §383.73, and the national driver register to determine whether the applicant qualifies for the issuance, renewal, or upgrade of a commercial driver’s license, as applicable. The department shall notify the national commercial driver’s license information system of the issuance, renewal, or upgrade of a commercial driver’s license and shall post the driver’s self-certification of type of driving as required by rule. The department shall also post information from the medical examiner’s certificate required under subsection 1, paragraph “d”, to the national commercial driver’s license information system, if required by rule.

5. A resident of this state holding a commercial driver’s license issued by a former state of residence in conformity with the federal commercial driver testing and licensing standards shall not be required to take a knowledge or driving skills test prior to issuance of a commercial driver’s license in this state, except a basic Iowa rules of the road knowledge test and, when applicable, motorcycle operator knowledge and driving skills tests. The commercial driver’s license issued by this state shall be valid for operation of the same class of vehicles with the same endorsements and restrictions as in the former state of licensure. However, a person with a hazardous materials endorsement must comply with subsection 3.

6. a. The department may waive the requirement that an applicant pass a driving skills test specified in this section for an applicant who is on active duty in the military service, or who has separated from such service in the past year, who certifies that during the two-year period immediately preceding application for a commercial driver’s license, all of the following apply:

(1) The applicant is regularly employed or was regularly employed within the past year in a military position requiring operation of a commercial motor vehicle.

(2) The applicant was exempt from commercial driver licensing requirements pursuant to section 321.176A, subsection 3, or a comparable law of another state implementing 49 C.F.R. §383.3(c).

(3) The applicant was operating a motor vehicle representative of the class of motor vehicle the applicant operates or expects to operate for at least two years immediately preceding honorable separation from military service as evidenced by the person’s certificate of release or discharge from active duty, commonly referred to as a DD214.

c. An applicant who obtains a driving skills test waiver under this subsection shall take and successfully pass the knowledge test required pursuant to subsection 1.

321.189 Driver's license — content.

1. Classification and issuance.

a. Upon payment of the required fee, the department shall issue to every qualified applicant a driver’s license. Driver’s licenses shall be classified as follows:

(1) Class A — Valid for the operation of vehicles with a gross combination weight rating of twenty-six thousand one or more pounds if the towed vehicle or vehicles have a gross vehicle weight rating or gross combination weight rating of ten thousand one or more pounds, and also valid for the operation of vehicles with lower gross combination weight ratings and other vehicles except motorcycles.

(2) Class B — Valid for the operation of a vehicle with a gross vehicle weight rating of twenty-six thousand one or more pounds or a combination of vehicles with a gross combination weight rating of twenty-six thousand one or more pounds if the towing vehicle has a gross vehicle weight rating of twenty-six thousand one or more pounds and the towed vehicle or vehicles have a gross vehicle weight rating or gross combination weight rating of less than ten thousand one pounds, and also valid for the operation of vehicles with lower gross vehicle weight ratings or gross combination weight ratings except motorcycles.

(3) Class C — Valid for the operation of a vehicle, other than a motorcycle, or a combination of vehicles with a gross combination weight rating of twenty-six thousand one or more pounds provided the towing vehicle has a gross vehicle weight rating of less than twenty-six thousand one pounds and each towed vehicle has a gross vehicle weight rating of less than ten thousand one pounds, or a combination of vehicles with a gross vehicle weight rating or gross combination weight rating of less than twenty-six thousand one pounds and also valid for the operation of any vehicle, other than a motorcycle, for which the operator is exempt from commercial driver’s license requirements under section 321.176A.

(4) Class D — Valid for the operation of a motor vehicle as a chauffeur.

(5) Class M — Valid for the operation of a motorcycle.

b. A driver’s license may be issued for more than one class. Class A and B driver’s licenses shall only be issued as commercial driver’s licenses. Class C and M driver’s licenses may be issued as commercial driver’s licenses. A driver’s license is not valid for the operation of a vehicle requiring an endorsement unless the driver’s license is endorsed for the vehicle. A class D driver’s license is also valid as a noncommercial class C driver’s license. The holder of a commercial driver’s license is not required to obtain a class D driver’s license to operate a motor vehicle as a chauffeur. When necessary, the department shall by rule create
additional classes or modify existing classes of driver’s licenses, however, the rule shall be
temporary and if within sixty days after the next regular session of the general assembly
convenes the general assembly has not made corresponding changes in this chapter, the
temporary classification or modification shall be nullified.

2. Content of license.
   a. Appearing on the driver’s license shall be a distinguishing number assigned to
      the licensee; the licensee’s full name, date of birth, sex, and residence address; a color
      photograph; a physical description of the licensee; the name of the state; the dates of
      issuance and expiration; and the usual signature of the licensee. The license shall identify
      the class of vehicle the licensee may operate and the applicable endorsements and restrictions
      which the department shall require by rule.
   b. A commercial driver’s license shall include the licensee’s address as required under
      federal regulations, and the words “commercial driver’s license” or “CDL” shall appear
      prominently on the face of the license. A commercial learner’s permit shall include the
      permit holder’s address as required under federal regulations, and the words “commercial
      learner’s permit” or “CLP” with a statement that the permit is invalid unless accompanied by
      the permit holder’s underlying driver’s license shall appear prominently on the face of the
      permit. If the applicant is a nonresident, the license must conspicuously display the word
      “nondomiciled”.
   c. The department shall assign an applicant for a driver’s license a distinguishing driver’s
      license number other than the applicant’s social security number.
   d. The license may contain other information as required under the department’s rules.

3. Replacement. If prior to the renewal date, a person desires to obtain a driver’s license
   in the form authorized by this section, a license may be issued as a voluntary replacement
   upon payment of the required fee as set by the department by rule. A person shall return
   a driver’s license and be issued a new license when the first license contains inaccurate
   information upon payment of the required fee as set by the department by rule.

4. Symbols. Upon the request of a licensee, the department shall indicate on the license
   the presence of a medical condition, that the licensee is a donor under the revised uniform
   anatomical gift Act as provided in chapter 142C, or that the licensee has in effect a medical
   advance directive. For purposes of this subsection, a medical advance directive includes but
   is not limited to a valid durable power of attorney for health care as defined in section 144B.1.
   The license may contain such other information as the department may require by rule.

5. Tamperproofing. The department shall issue a driver’s license by a method or process
   which prevents as nearly as possible the alteration, reproduction, or superimposition of a
   photograph on the license without ready detection.

6. Licenses or nonoperator identification cards issued to persons under age
   twenty-one. A driver’s license issued to a person under eighteen years of age shall contain
   the same information as any other driver’s license except that the words “under eighteen”
   shall appear prominently on the face of the license. A driver’s license issued to a person
   eighteen years of age or older but less than twenty-one years of age shall contain the same
   information as any other driver’s license except that the words “under twenty-one” shall
   appear prominently on the face of the license. Upon attaining the age of eighteen or upon
   attaining the age of twenty-one, and upon payment of a ten dollar fee, the person shall be
   entitled to a new driver’s license or nonoperator’s identification card for the unexpired
   months of the driver’s license or card. Upon attaining the age of twenty-one, a person who
   is otherwise eligible to be issued a driver’s license or nonoperator’s identification card shall
   be eligible to apply electronically for issuance of a replacement license or card for the
   unexpired months of the license or card, regardless of whether the most recent previous
   issuance of the license or card occurred electronically. The department shall, within a
   reasonable time period prior to a person’s twenty-first birthday anniversary, notify the
   person of the person’s eligibility to apply for a replacement driver’s license or nonoperator’s
   identification card electronically upon attaining the age of twenty-one. The department
   shall develop educational media to raise awareness of a person’s eligibility to apply for
   a replacement driver’s license or nonoperator’s identification card electronically upon
   attaining the age of twenty-one. An instruction permit or intermediate license issued under
section 321.180B, subsection 1 or 2, shall include a distinctive color bar. An intermediate license issued under section 321.180B, subsection 2, shall include the words “intermediate license” printed prominently on the face of the license.

7. Motorized bicycle.
   a. The department may issue a driver’s license valid only for operation of a motorized bicycle to a person fourteen years of age or older who has passed a vision test or who files a vision report as provided in section 321.186A which shows that the applicant’s visual acuity level meets or exceeds those required by the department and who passes a written examination on the rules of the road. A person under the age of sixteen applying for a driver’s license valid only for operation of a motorized bicycle shall also be required to successfully complete a motorized bicycle education course approved and established by the department or successfully complete an approved motorized bicycle education course at a private or commercial driver education school licensed by the department. A public school district shall charge a student a fee which shall not exceed the actual cost of instruction. A driver’s license valid only for operation of a motorized bicycle entitles the licensee to operate a motorized bicycle upon the highway while having the license in the licensee’s immediate possession. The license is valid for a period not to exceed two years from the licensee’s birthday anniversary in the year of issuance, subject to termination or cancellation as provided in this section.
   b. A driver’s license valid only for operation of a motorized bicycle shall be canceled upon a conviction for a moving traffic violation and reapplication may be made thirty days after the date of cancellation. The cancellation of the license upon conviction for a moving traffic violation shall not result in requiring the applicant to maintain proof of financial responsibility under section 321A.17, unless the conviction would otherwise result in a suspension or revocation of a person’s driver’s license.
   c. As used in this section, "moving traffic violation" does not include a parking violation as defined in section 321.210 or a violation of a section of the Code or municipal ordinance pertaining to standards to be maintained for motor vehicle equipment except sections 321.430 and 321.431, or except a municipal ordinance pertaining to motor vehicle brake requirements as applicable to motorized bicycles.
   d. The holder of any class of driver’s license may operate a motorized bicycle.
   e. A person who violates this subsection commits a simple misdemeanor.

8. Veterans status. A licensee who is an honorably discharged veteran of the armed forces of the United States may request that the license be marked to reflect the licensee’s veteran status. Upon such a request, the word “VETERAN” shall be marked prominently on the face of the license. Such a license shall be issued upon receipt of satisfactory proof of veteran status pursuant to procedures established by the department in consultation with the department of veterans affairs, or upon presentation of the licensee’s certification of release or discharge from active duty, DD form 214, to the department at the time of the licensee’s request, if the form indicates the licensee was honorably discharged. If the license is issued upon presentation of the licensee’s certification of release or discharge from active duty, DD form 214, the department shall notify the commission of veteran affairs of the county of the licensee’s residence that the licensee was issued a license marked to reflect the licensee’s veteran status. After receiving notification from the department, the commission of veteran affairs shall initiate contact with the licensee.

9. Deaf or hard-of-hearing status. A licensee who is a deaf person or a hard-of-hearing person, as those terms are defined in section 622B.1, may request that the license be marked to reflect the licensee’s deaf or hard-of-hearing status on the face of the license when the licensee applies for the issuance or renewal of a license. The department may adopt rules pursuant to chapter 17A establishing criteria under which a license may be marked, including requiring the licensee to submit medical proof of the licensee’s deaf or hard-of-hearing status. When a driver’s license is so marked, the licensee’s deaf or hard-of-hearing status shall be noted in the electronic database used by the department and law enforcement to access registration, titling, and driver’s license information. The department, in consultation with the commission of deaf services, shall develop educational
media to raise awareness of a licensee’s ability to request the license be marked to reflect the licensee’s deaf or hard-of-hearing status.

The card shall be issued to the applicant at the time of application pursuant to procedures established by rule. An applicant for a nonoperator’s identification card who is required by 50 U.S.C. app. §451 et seq. to register with the United States selective service system shall be registered by the department with the selective service system as provided in section 321.183.

b. (1) The department shall not issue a card to a person holding a driver’s license. However, a card may be issued to a person holding a temporary permit under section 321.181. The card shall be identical in form to a driver’s license issued under section 321.189 except the word “nonoperator” shall appear prominently on the face of the card.

(2) A nonoperator’s identification card issued to a person under eighteen years of age shall contain the same information as any other nonoperator’s identification card except that the words “under eighteen” shall appear prominently on the face of the card.

(3) A nonoperator’s identification card issued to a person eighteen years of age or older but under twenty-one years of age shall contain the same information as any other nonoperator’s identification card except that the words “under twenty-one” shall appear prominently on the face of the card.

(4) A nonoperator’s identification card issued to an honorably discharged veteran of the armed forces of the United States who satisfies the requirements of section 321.189, subsection 8, shall contain the same information as any other nonoperator’s identification card except the word “VETERAN” shall appear prominently on the face of the card.

(5) An applicant for a nonoperator’s identification card who is a deaf person or a hard-of-hearing person, as those terms are defined in section 622B.1, may request that the card be marked to reflect the applicant’s deaf or hard-of-hearing status on the face of the card when the applicant applies for the issuance or renewal of a card. The department may adopt rules pursuant to chapter 17A establishing criteria under which a card may be marked, including requiring the applicant to submit medical proof of the applicant’s deaf or hard-of-hearing status. The department, in consultation with the commission of deaf services, shall develop educational media to raise awareness of an applicant’s ability to request the card be marked to reflect the applicant’s deaf or hard-of-hearing status.

c. The department shall use a process or processes for issuance of a nonoperator’s identification card that prevent, as nearly as possible, the opportunity for alteration or reproduction of, and the superimposition of a photograph on the nonoperator’s identification card without ready detection.

d. The fee for a nonoperator’s identification card shall be eight dollars and the card shall be valid for a period of eight years from the date of issuance. If an applicant for a nonoperator’s identification card is a foreign national who is temporarily present in this state, the nonoperator’s identification card shall be issued only for the length of time the foreign national is authorized to be present as determined by the department, not to exceed two years. An issuance fee shall not be charged for a person whose driver’s license or driving privilege has been suspended under section 321.210, subsection 1, paragraph “a”, subparagraph (3), or voluntarily surrendered by the person in lieu of suspension under section 321.210, subsection 1, paragraph “a”.

2. Cancellation. The department shall cancel a person’s nonoperator’s identification card upon determining the person was not entitled to be issued the card, did not provide correct information, committed fraud in applying for the card, or unlawfully used a nonoperator’s identification card.

The fee for a special instruction permit is ten dollars. The fee for a chauffeur's instruction permit or commercial learner's permit is twelve dollars.

3. Licenses for chauffeurs. The fee for a noncommercial class D driver's license is eight dollars per year of license validity.

4. Commercial driver's licenses. The fee for a commercial driver's license, other than a commercial learner's permit, for the operation of a commercial motor vehicle is eight dollars per year of license validity.

5. Licenses valid for motorcycles. An additional fee of two dollars per year of license validity is required to issue a license valid to operate a motorcycle.

6. Special minors' licenses. Notwithstanding subsection 2, the fee for a driver's license issued to a minor under section 321.194 or a restricted license issued to a minor under section 321.178, subsection 2, is eight dollars.

The fee for a passenger endorsement or a school bus endorsement is ten dollars. The fee for removal of an air brake, full air brake, manual transmission, tractor-trailer, or passenger vehicle restriction on a commercial driver's license or commercial learner's permit is ten dollars. Fees imposed under this subsection for endorsements or removal of restrictions are valid for the period of the license. Upon renewal of a commercial driver's license, no fee is payable for retaining endorsements or the removal of a restriction for those endorsements or restrictions which do not require the taking of either a knowledge or a driving skills test for renewal.

8. Driver's license reinstatements. The fee for reinstatement of a driver's license shall be twenty dollars for a license which is, after notice and opportunity for hearing, canceled, suspended, revoked, or barred. However, reinstatement of the privilege suspended under section 321.210, subsection 1, paragraph “a”, subparagraph (3), shall be without fee. The fee for reinstatement of the privilege to operate a commercial motor vehicle after a period of disqualification shall be twenty dollars.

9. Upgrading a license class privilege — fee adjustment.
   a. If an applicant wishes to upgrade a license class privilege, the fee charged shall be prorated on full-year fee increments of the new license in accordance with rules adopted by the department. The expiration date of the new license shall be the expiration date of the currently held driver's license. The fee for a commercial driver's license endorsement, the removal of a restriction, or a commercial learner's permit shall not be prorated.
   b. As used in this subsection, "to upgrade a license class privilege" means to add any privilege to a valid driver's license. The addition of a privilege includes converting from a noncommercial to a commercial license, converting from a noncommercial class C to a class D license, converting an instruction or learner's permit to a class license, adding any privilege to a section 321.189, subsection 7, license, adding an instruction or learner's permit privilege, adding a section 321.189, subsection 7, license to an instruction or learner's permit,

321.194 Special minor’s licenses.
1. Persons eligible. The department may issue a class C or M driver’s license to a person between the ages of fourteen and eighteen years if all of the following apply:
   a. The person’s driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and the person has not been convicted of a moving traffic violation or involved in a motor vehicle accident for, the six-month period immediately preceding the application for the special minor’s license.
   b. The person has successfully completed an approved driver education course. However, the completion of a course is not required if the applicant demonstrates to the satisfaction of the department that completion of the course would impose a hardship upon the applicant. The department shall adopt rules defining the term “hardship” and establish procedures for the demonstration and determination of when completion of the course would impose a hardship upon an applicant.
   c. The person’s school has certified to the department that the person has a special need for the license pursuant to subsection 3.
2. Driving privileges.
   a. Permitted operations. The driver’s license entitles the licensee, while having the license in immediate possession, to operate a motor vehicle, other than a commercial motor vehicle or as a chauffeur, during the times and for the purposes set forth in this paragraph.
      (1) If the licensee attends a public school, the licensee may operate a motor vehicle during the hours of 5:00 a.m. to 10:00 p.m. as follows:
         (a) Over the most direct and accessible route between the licensee’s residence and schools of enrollment or the closest school bus stop or public transportation service, and between schools of enrollment, for the purpose of attending duly scheduled courses of instruction and extracurricular activities within the school district of enrollment.
         (b) Over the most direct and accessible route between the licensee’s residence or school of enrollment and a site, facility, or school that is not the licensee’s school of enrollment, for the purpose of participating in extracurricular activities conducted under a sharing agreement with the licensee’s school of enrollment or conducted at a site, facility, or school designated by
the licensee’s school district for the accommodation of the school’s extracurricular activities, provided the site, facility, or school is within the licensee’s school district of enrollment or is within a school district contiguous to the licensee’s school district of enrollment.

(2) If the licensee attends an accredited nonpublic school, the licensee may operate a motor vehicle during the hours of 5:00 a.m. to 10:00 p.m. as follows:

(a) Over the most direct and accessible route between the licensee’s residence and schools of enrollment or the closest school bus stop or public transportation service, and between schools of enrollment, for the purpose of attending duly scheduled courses of instruction and extracurricular activities, provided the driving distance between the point of origin and the destination is no more than fifty miles.

(b) Over the most direct and accessible route between the licensee’s residence or school of enrollment and a site, facility, or school that is not the licensee’s school of enrollment, for the purpose of participating in extracurricular activities conducted at a site, facility, or school designated by the licensee’s school of enrollment for the accommodation of the school’s extracurricular activities, provided the driving distance between the point of origin and the destination is no more than fifty miles.

(3) To a service station for the purpose of refueling, so long as the service station is the station closest to the route on which the licensee is traveling under subparagraph (1) or (2).

(4) At any time when the licensee is accompanied in accordance with section 321.180B, subsection 1.

b. Restrictions.

(1) Passengers. Unless accompanied in accordance with section 321.180B, subsection 1, a person issued a driver’s license pursuant to this section must limit the number of unrelated minor passengers in the motor vehicle when the licensee is operating the motor vehicle to one. For purposes of this section, “unrelated minor passenger” means a passenger who is under eighteen years of age and who is not a sibling of the driver, a stepsibling of the driver, or a child who resides in the same household as the driver.

(2) Electronic communication devices. A person issued a driver’s license under this section shall not use an electronic communication device or an electronic entertainment device while driving a motor vehicle unless the motor vehicle is at a complete stop off the traveled portion of the roadway. This subparagraph does not apply to the use of electronic equipment which is permanently installed in the motor vehicle or to a portable device which is operated through permanently installed equipment. The department, in cooperation with the department of public safety, shall establish educational programs to foster compliance with the requirements of this subparagraph.

3. Certification of need and issuance of license.

a. Each application shall be accompanied by a statement from the applicant’s school of enrollment. The statement shall be upon a form provided by the department and shall certify that a need exists for the license and that the person signing the statement is not responsible for actions of the applicant which pertain to the use of the driver’s license.

(1) If the applicant attends a public school, the certification shall be made by the school board, superintendent of the applicant’s school, or principal, if authorized by the superintendent.

(2) If the applicant attends an accredited nonpublic school, the certification shall be made by the authorities in charge of the accredited nonpublic school or a duly authorized representative of the authorities.

b. Upon receipt of a statement of necessity, the department shall issue the driver’s license provided the applicant is otherwise eligible for issuance of the license. The fact that the applicant resides at a distance less than one mile from the applicant’s school of enrollment is prima facie evidence of the nonexistence of necessity for the issuance of a license.

c. The school shall develop and adopt a policy establishing the criteria that the school shall use to approve or deny certification that a need exists for a license. If the school is a public school, the policy shall be developed and adopted by the school board. If the school is an accredited nonpublic school, the policy shall be developed and adopted according to procedures determined by the authorities in charge of the accredited nonpublic school.

d. A student enrolled in a public school may appeal to the school board the decision of
a school district administrator to deny certification. A student enrolled in an accredited nonpublic school may appeal the school’s decision to deny certification as permitted by the authorities in charge of the accredited nonpublic school. The decision of the school board or authorities in charge of the accredited nonpublic school is final.

e. The driver’s license shall not be issued for purposes of attending a public school in a school district other than either of the following:

   (1) The district of residence of the parent or guardian of the student.
   (2) A district which is contiguous to the district of residence of the parent or guardian of the student, if the student is enrolled in the public school which is not the school district of residence because of open enrollment under section 282.18 or as a result of an election by the student’s district of residence to enter into one or more sharing agreements pursuant to the procedures in chapter 282.

f. The driver’s license shall not be issued for purposes of attending an accredited nonpublic school if the driving distance between the school and the residence of the parent or guardian of the student is more than fifty miles.

4. Suspension and revocation. A driver’s license issued under this section is subject to suspension or revocation for the same reasons and in the same manner as suspension or revocation of any other driver’s license. The department may also suspend a driver’s license issued under this section upon receiving satisfactory evidence that the licensee has violated the restrictions of the license or has been involved in one or more accidents chargeable to the licensee. The department may suspend a driver’s license issued under this section upon receiving a record of the licensee’s conviction for one violation. The department shall revoke the license upon receiving a record of conviction for two or more violations of a law of this state or a city ordinance regulating the operation of motor vehicles on highways other than parking violations as defined in section 321.210. After a person licensed under this section receives two or more convictions which require revocation of the person’s license under this section, the department shall not grant an application for a new driver’s license until the expiration of thirty days.

5. Citations for violation of restrictions. A person who violates the restrictions imposed under subsection 2 may be issued a citation under this section and shall not be issued a citation under section 321.193. A violation of the restrictions imposed under subsection 2 shall not be considered a moving violation.

321.195 Replacement of driver’s licenses and nonoperator’s identification cards.

A fee of ten dollars shall be charged for the replacement of a driver’s license or nonoperator’s identification card. If a driver’s license or nonoperator’s identification card issued under this chapter is lost or destroyed, the person to whom the license or card was issued must furnish proof satisfactory to the department that the driver’s license or nonoperator’s identification card has been lost or destroyed in order to obtain a replacement.

321.196 Expiration of license — renewal.

1. Except as otherwise provided, if the licensee is between the ages of seventeen years
eleven months and seventy-two years on the date of issuance of the license, a driver’s license, other than an instruction permit, chauffeur’s instruction permit, or commercial learner’s permit issued under section 321.180, expires eight years from the licensee’s birthday anniversary occurring in the year of issuance, but not to exceed the licensee’s seventy-fourth birthday. If the licensee is under the age of seventeen years eleven months or age seventy-two or over, the license is effective for a period of two years from the licensee’s birthday anniversary occurring in the year of issuance. A licensee whose license is restricted due to vision or other physical deficiencies may be required to renew the license every two years. If a licensee is a foreign national who is temporarily present in this state, the license shall be issued only for the length of time the foreign national is authorized to be present as verified by the department, not to exceed two years.

2. Except as required in section 321.188, and except for a motorcycle instruction permit issued in accordance with section 321.180 or 321.180B, a driver’s license is renewable without a driving test or written examination within a period of one year after its expiration date. A person shall not be considered to be driving with an invalid license during a period of sixty days following the license expiration date. However, for a license renewed within the sixty-day period, the date of issuance shall be considered to be the previous birthday anniversary on which it expired.

3. For the purposes of this section, the birthday anniversary of a person born on February 29 shall be deemed to occur on March 1.

4. The department in its discretion may authorize the renewal of a valid driver’s license other than a commercial driver’s license or commercial learner’s permit upon application without an examination provided that the applicant meets one of the following conditions:
   a. The applicant satisfactorily passes a vision test as prescribed by the department.
   b. The applicant files a vision report in accordance with section 321.186A which shows that the applicant’s visual acuity level meets or exceeds those required by the department.
   c. The applicant is eligible for license renewal electronically, pursuant to rules adopted by the department. An applicant shall not be eligible for electronic renewal of a driver’s license if the most recent previous renewal of the applicant’s driver’s license occurred electronically.

5. An application for renewal of a driver’s license shall include a statement for the applicant to sign that acknowledges the applicant’s knowledge of the requirement to notify the department of a mailing address change under section 321.182, subsection 1.

6. A resident of Iowa holding a valid driver’s license who is temporarily absent from the state or incapacitated, may, at the time for renewal of such license, apply to the department for a temporary extension of the license. The department upon receipt of the application shall, upon a showing of good cause, issue a temporary extension of the driver’s license for a period not to exceed six months.

321.198 Military service exception.

1. a. The effective date of a valid driver’s license issued under the laws of this state, held by any person at the time of entering the military service of the United States or of the state of Iowa, notwithstanding the expiration of the license according to its terms, is extended without fee until six months following the initial separation from active duty of the person from the military service, provided the person is not suffering from physical disabilities which impair the person’s competency as an operator, and provided further that the licensee shall furnish, upon demand of any peace officer, satisfactory evidence of the person’s military service. However, a person entitled to the benefits of this section who is
charged with operating a motor vehicle without a valid driver’s license shall not be convicted if the person produces in court, within a reasonable time, a valid driver’s license previously issued to that person along with satisfactory evidence of the person’s military service as provided in this paragraph.

b. The department is authorized to renew any driver’s license falling within the provisions and limitations of paragraph “a”, without examination, upon application and payment of fee made within six months following separation from the military service.

c. For purposes of this subsection, a United States department of defense common access card issued to a person is satisfactory evidence of the person’s current military service, and a certificate of release or discharge from active duty, commonly referred to as a DD214, is satisfactory evidence of a person’s previous military service and separation from active duty. A person who produces a valid driver’s license previously issued to the person along with the person’s common access card or DD214 shall not be required to produce any additional documentation to satisfy the requirements of paragraph “a”.

2. The provisions of this section shall also apply to the spouse and children, or ward of military personnel when such spouse, children, or ward are living with the military personnel described in subsection 1 outside of the state of Iowa and provided that such extension of license does not exceed five years.

3. A person whose period of validity of the person’s driver’s license is extended under this section may file an application in accordance with rules adopted by the department to have the person’s record of issuance of a driver’s license retained in the department’s record system during the period for which the driver’s license remains valid. If a person has had the record of issuance of the person’s driver’s license removed from the department’s records, the person shall have the person’s record of driver’s license issuance reentered by the department upon request if the request is accompanied by a letter from the applicable person’s commanding officer verifying the military service.

321.200A Convictions based upon fraud.
1. If a person discovers a record of conviction for a scheduled violation under this chapter was entered by fraudulent use of the person’s name or by use of other fraudulent
identification, the person may, within one year of the date of the discovery of the conviction, submit a written application to the department to investigate the allegation. The department may summarily reject the application as submitted or proceed to investigate the application. If the department investigates the application, the department may either deny the application or, if the department determines the allegation is warranted, approve the application. If the department investigates the application, the department shall also issue a report and findings with the decision of the department. The rejection, approval, or denial of an application is not subject to contested case proceedings or further review as provided in chapter 17A. If the application is investigated, the department shall provide the applicant with a certified copy of the decision of the department. If the department approves the application, the department shall also provide the applicant with a certified copy of the investigative report and findings. The department shall also provide certified copies of the department’s decision approving or denying the application together with the investigative report and findings to the appropriate prosecuting attorney in the city or county that prosecuted the scheduled violation and to the district court in the county that prosecuted the scheduled violation. 2. A person who discovers that a record of conviction for a scheduled violation under this chapter was entered by fraudulent use of the person’s name or by use of other fraudulent identification may bypass the application process in subsection 1 and move in district court to set aside the judgment of conviction within one year of discovery of the conviction. An applicant with an approved application under subsection 1 shall also move in district court to set aside the judgment of conviction in order to have the department expunge or alter the records of the department or rescind or modify an administrative sanction. If the district court grants the motion to set aside the judgment, the district court shall order the charging agency or official to modify the records of the agency or official to reflect the order setting aside the judgment. The clerk of the district court shall provide the court order setting aside the judgment, either by regular mail or electronic means, to the charging agency or official, and the department of transportation. The clerk of the district court shall also provide the applicant with a certified copy of the court order at no cost to the applicant.

If an adjacent landowner complains to the department about the placement of a tourist-oriented directional sign, the department shall attempt to reach an agreement with the landowner for relocating the sign. If possible, the sign shall be relocated from the place of objection. If the sign must be located on an objectionable place, it shall be located on the least objectionable place possible.

2. Official traffic-control signals consisting of colored lights or colored lighted arrows shall regulate vehicle and pedestrian traffic in the following manner:
   a. A “steady circular red” light means vehicular traffic shall stop. Vehicular traffic shall remain standing until a signal to proceed is shown, or vehicular traffic, unless prohibited by a sign, may cautiously enter the intersection to make a right turn from the right lane of traffic or another lane designated for right turns, or a left turn from a one-way street to a one-way street from the left lane of traffic or another lane designated for left turns. Turns made under this paragraph shall be made in a manner that does not interfere with other vehicular or pedestrian traffic lawfully using the intersection. Pedestrian traffic facing a steady circular red light shall not enter the roadway unless the pedestrian can safely cross the roadway without interfering with any vehicular traffic.
   b. A “steady circular yellow” or “steady yellow arrow” light means vehicular traffic is warned that the related green movement is being terminated and vehicular traffic shall no longer proceed into the intersection and shall stop. If the stop cannot be made in safety, a vehicle may be driven cautiously through the intersection. Pedestrian traffic is warned that there is insufficient time to cross the intersection and any pedestrian starting to cross the roadway shall yield the right-of-way to all vehicles.

A “steady green arrow” light shown alone or with another official traffic-control signal means vehicular traffic may cautiously enter the intersection and proceed in the direction indicated by the arrow. Vehicular traffic shall yield the right-of-way to other vehicles and pedestrians lawfully within the intersection.
   e. A “flashing circular red” light means vehicular traffic shall stop and after stopping may proceed cautiously through the intersection yielding to all vehicles not required to stop or yield which are within the intersection or approaching so closely as to constitute a hazard, but then may proceed.
   f. A “flashing yellow” light means vehicular traffic shall proceed through the intersection or past such signal with caution.
   g. A “flashing yellow arrow” light shown alone or with another official traffic-control signal means vehicular traffic may cautiously enter the intersection and proceed only in the direction indicated by the arrow. Vehicular traffic shall yield the right-of-way to other vehicles and pedestrians lawfully within the intersection and any vehicle on the opposing approach which is approaching so closely as to constitute an immediate hazard during the time the driver is moving within the intersection.
   h. A “don’t walk” or “steady upraised hand” light is a pedestrian signal which means that pedestrian traffic facing the illuminated pedestrian signal shall not start to cross the roadway in the direction of the pedestrian signal, and pedestrian traffic in the crossing shall proceed to a safety zone.
   i. A “flashing upraised hand” or “upraised hand with countdown” light is a pedestrian signal which means that pedestrian traffic facing the illuminated pedestrian signal shall not start to cross the roadway in the direction of the pedestrian signal, and pedestrian traffic in the crossing shall proceed to a safety zone. The “upraised hand with countdown” light is a
pedestrian signal that also provides the time remaining for the pedestrian to complete the crossing.

SPEED RESTRICTIONS

321.285 Speed restrictions.

1. Any person driving a motor vehicle on a highway shall drive the same at a careful and prudent speed not greater than nor less than is reasonable and proper, having due regard to the traffic, surface, and width of the highway and any other conditions then existing, and no person shall drive any vehicle upon a highway at a speed greater than will permit the person to bring it to a stop within the assured clear distance ahead, such driver having the right to assume, however, that all persons using said highway will observe the law.

2. a. Unless otherwise provided by this section, or except as posted pursuant to sections 262.68, 321.236, subsection 5, section 321.288, subsection 2, paragraph “f”, sections 321.289, 321.290, 321.293, 321.295, and 461A.36, the following shall be the lawful speed and any speed in excess thereof shall be unlawful:

   (1) Twenty miles per hour in any business district.
   (2) Twenty-five miles per hour in any residence or school district.
   (3) Forty-five miles per hour in any suburban district.

   b. Each school district as defined in section 321.1, subsection 70, shall be marked by distinctive signs as provided by the current manual of uniform traffic control devices adopted by the department and placed on the highway at the limits of such school district.
3. Unless otherwise provided in this section or by other speed restrictions, the speed limit for all vehicular traffic shall be fifty-five miles per hour.

4. A reasonable and proper speed is required, but not greater than fifty-five miles per hour at any time between sunrise and sunset, and not greater than fifty miles per hour at any time between sunset and sunrise, on secondary roads unless such roads are surfaced with concrete or asphalt or a combination of both, in which case the speed limits shall be the same as provided in subsection 3. When the board of supervisors of any county shall determine upon the basis of an engineering and traffic investigation that the speed limit on any secondary road is greater than is reasonable and proper under the conditions found to exist at any intersection or other place or upon any part of a secondary road, the board shall determine and declare a reasonable and proper speed limit at the intersection or other part of the secondary road. The speed limits as determined by the board of supervisors shall be effective when appropriate signs giving notice of the speed limits are erected by the board of supervisors at the intersection or other place or part of the highway.

5. a. Notwithstanding any other speed restrictions, the speed limit for all vehicular traffic on fully controlled-access, divided, multilaned highways is sixty-five miles per hour. However, the speed limit for all vehicular traffic on highways that are part of the interstate road system, as defined in section 306.3, is seventy miles per hour. The department may establish a speed limit of sixty-five miles per hour on certain divided, multilaned highways not otherwise described in this paragraph.

b. The department, on its own motion or in response to a recommendation of a metropolitan or regional planning commission or council of governments, may establish a lower speed limit on a highway described in this subsection.

c. For the purposes of this subsection, “fully controlled-access highway” means a highway that gives preference to through traffic by providing access connections with selected public roads only and by prohibiting crossings at grade or direct private driveway connections.

d. A minimum speed may be established by the department on the highways referred to in this subsection if warranted by engineering and traffic investigations.

e. Any kind of vehicle, implement, or conveyance incapable of attaining and maintaining a speed of forty miles per hour shall be prohibited from using the interstate road system.

6. Notwithstanding any other speed restrictions, a self-propelled implement of husbandry equipped with flotation tires that is designed to be loaded and operated in the field and used exclusively for the application of organic or inorganic plant food materials, agricultural limestone, or agricultural chemicals shall not be operated on a highway at a speed in excess of thirty-five miles per hour.

7. Notwithstanding any other speed restrictions, the speed limit for all vehicular traffic on a street or highway on which a cattle guard is installed pursuant to section 314.30 is fifteen miles per hour between the point at which the cattle guard is installed and the point at which the street or highway terminates in a dead end.

8. A person who violates this section for excessive speed in violation of a speed limit commits a simple misdemeanor punishable as a scheduled violation under section 805.8A, subsection 5. A person who operates a school bus at a speed which exceeds a limit established under this section by ten miles per hour or less commits a simple misdemeanor punishable as a scheduled violation under section 805.8A, subsection 10. A person who violates any other provision of this section commits a simple misdemeanor.

2. Whenever the council in any city shall determine upon the basis of an engineering and traffic investigation that any speed limit set forth in this chapter is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the city street system, except primary road extensions, said council shall determine and adopt by ordinance such higher or lower speed limit as it deems reasonable and safe. If local authorities fail to authorize by ordinance higher speeds than those stated in section 321.285 upon through highways or upon highways or portions thereof where stop signs have been erected at the entrances thereto, the department may recommend, upon the basis of an engineering and traffic investigation, to the local authorities that the speed limit be increased. However, if the maximum speed permitted on said street or highway differs from the maximum speed on any other street or highway joining said bridge or elevated structure, then the lowest of those maximum speeds shall be the maximum speed limit on said bridge or elevated structure unless the department, upon request from any local authority or upon its own initiative, has conducted an investigation of the bridge or other elevated structure constituting a part of the highway, and has found that the structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this chapter. Under those circumstances, the department shall determine and declare the maximum speed of vehicles which the structure can withstand, and shall cause or permit suitable signs
stating such maximum speed to be erected and maintained at a distance of two hundred feet before each end of such structure.

2. A person shall not drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when the structure is signposted as provided in this section.

3. Upon the trial of any person charged with driving a vehicle at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, proof of such determination of the maximum speed by said department and the existence of said signs shall constitute conclusive evidence of the maximum speed which can be maintained with safety to such bridge or structure.

§321.372 Discharging pupils — stopping requirements — penalties.

This section shall be known and may be cited as the "Keep Aware Driving — Youth Need School Safety Act".

1. a. The driver of a school bus used to transport children to and from a public or private school shall, when stopping to receive or discharge pupils, turn on flashing warning lamps at a distance of not less than three hundred feet nor more than five hundred feet from the point where the pupils are to be received or discharged from the bus if the speed limit at that point is forty-five miles per hour or greater and shall turn on flashing warning lamps at a distance of not less than one hundred fifty feet from the point where the pupils are to be received or discharged from the bus if the speed limit at that point is less than forty-five miles per hour. At the point of receiving or discharging pupils the driver of the bus shall bring the bus to a stop, turn off the amber flashing warning lamps, turn on the red flashing warning lamps, and extend the stop arm. After receiving or discharging pupils, the bus driver shall turn off all flashing warning lamps, retract the stop arm and proceed on the route. Except to the extent that reduced visibility is caused by fog, snow, or other weather conditions, a school bus shall not stop to receive or discharge pupils unless there is at least three hundred feet of unobstructed vision in each direction. However, the driver of a school bus is not required to use flashing warning lamps and the stop arm when receiving or discharging pupils at a designated loading and unloading zone at a school attendance center or at extracurricular or educational activity locations where students exiting the bus do not have to cross the street or highway.

b. If a school district contracts with an urban transit system to transport children to and from a public or private school, the school bus which is provided by the urban transit system shall not be required to be equipped with flashing warning lights and a stop arm. If the school bus provided by an urban transit system is equipped with flashing warning lights and a stop arm, the driver of the school bus shall use the flashing warning light and stop arm as required by law.

c. A school bus, when operating on a highway with four or more lanes shall not stop to load or unload pupils who must cross the highway, except at designated stops where pupils who must cross the highway may do so at points where there are official traffic control devices or police officers.

d. A school bus shall, while carrying passengers, have its headlights turned on.

2. All pupils shall be received and discharged from the right front entrance of every school bus and if said pupils must cross the highway, they shall be required to pass in front of the bus, look in both directions, and proceed to cross the highway only on signal from the bus driver.

3. a. The driver of a vehicle, including the driver of a vehicle operating on a private road or driveway, when meeting a school bus with flashing amber warning lamps shall reduce the vehicle’s speed to not more than twenty miles per hour, and shall bring the vehicle to a complete stop when the school bus stops and the stop signal arm is extended. The vehicle shall remain stopped until the stop signal arm is retracted after which time the driver may proceed with due caution.

b. The driver of a vehicle, including the driver of a vehicle operating on a private road or driveway, overtaking a school bus shall not pass a school bus when red or amber warning signal lights are flashing. The driver shall bring the vehicle to a complete stop no closer than fifteen feet from the school bus when it is stopped and the stop arm is extended, and the vehicle shall remain stopped until the stop arm is retracted and the school bus resumes motion.

4. The driver of a vehicle upon a highway providing two or more lanes in each direction need not stop upon meeting a school bus which is traveling in the opposite direction even though the school bus is stopped.

a simple misdemeanor punishable as a scheduled violation under section 805.8A, subsection 10.

   (1) For a first offense under subsection 3, the person is guilty of a simple misdemeanor punishable by a fine of at least two hundred fifty dollars but not more than six hundred seventy-five dollars or by imprisonment for not more than thirty days, or by both.

321.372A Prompt investigation of reported violation of failing to obey school bus warning devices — citation issued to driver or owner.

1. The driver of a school bus who observes a violation of section 321.372, subsection 3, may prepare a written report on a form provided by the department of public safety indicating that a violation has occurred. The school bus driver or a school official may deliver the report not more than seventy-two hours after the violation occurred to a peace officer of the state or a peace officer of the county or municipality in which the violation occurred. The report shall state the time and the location at which the violation occurred and shall include the registration plate number and a description of the vehicle involved in the violation.

2. Not more than seven calendar days after receiving a report of a violation of section 321.372, subsection 3, from a school bus driver or a school official, the peace officer shall initiate an investigation of the reported violation and contact the owner of the motor vehicle involved in the reported violation and request that the owner supply information identifying the driver in accordance with section 321.484.

a. If, from the investigation, the peace officer is able to identify the driver and has reasonable cause to believe a violation of section 321.372, subsection 3, has occurred, the peace officer shall prepare a uniform traffic citation for the violation and shall serve it personally or by certified mail to the driver of the vehicle.

b. If, from the investigation, the peace officer has reasonable cause to believe that a violation of section 321.372, subsection 3, occurred but is unable to identify the driver, the peace officer shall serve a uniform traffic citation for the violation to the owner of the motor vehicle. Notwithstanding section 321.484, in a proceeding where the peace officer who conducted the investigation was not able to identify the driver of the motor vehicle, proof that the motor vehicle described in the uniform traffic citation was used to commit the violation of section 321.372, subsection 3, together with proof that the defendant named in the citation was the owner of the motor vehicle at the time the violation occurred, constitutes a permissible inference that the owner was the driver who committed the violation.

c. For purposes of this subsection, “owner” means a person who holds the legal title to a motor vehicle; however, if the motor vehicle is the subject of a security agreement with a right of possession in the debtor, the debtor shall be deemed the owner for purposes of this subsection, or if the motor vehicle is leased as defined in section 321.493, the lessee shall be deemed the owner for purposes of this subsection.

b. The rules shall allow pickups designed to carry nine passengers or less, including the driver, and weighing ten thousand pounds or less, to be used as school buses if the pickup does not carry more passengers than there are safety belts or safety harnesses in the pickup as installed by the manufacturer and if the pickup is not operated while any passenger is present in the bed of the pickup. The operator of the pickup shall comply with the qualification, licensing, and instruction requirements set forth in sections 321.375 and 321.376, other than the requirement to obtain a commercial driver’s license. However, the rules shall allow the board of directors of a school district to prohibit the use of pickups as school buses by the school district.

c. The rules shall allow used passenger vans designed to carry twelve or fewer passengers, including the driver, and weighing ten thousand pounds or less, to be used as school buses if the van does not carry more passengers than there are safety belts or safety harnesses in the van as installed by the manufacturer. The operator of the van shall comply with the qualification, licensing, and instruction requirements set forth in sections 321.375 and 321.376.

6. No vehicle except a school bus shall be operated on a public highway if the vehicle is painted the color known as national school bus glossy yellow. A school bus which has been permanently converted for a purpose other than transporting pupils to or from school shall be painted a color other than national school bus glossy yellow, and shall have the “school bus” signs, stop arm, and the special signal lamps removed.

7. A school bus may be equipped with a white flashing strobe light mounted on the roof of the bus to afford optimum visibility during periods of inclement weather. The light shall be installed and operated in accordance with rules promulgated by the department of education. Each new school bus put into initial service after January 1, 1977, shall be equipped with such a light.

8. A person who violates this section commits a simple misdemeanor.

      (1) The driver or front seat occupants of a motor vehicle which is not required to be equipped with safety belts or safety harnesses.
      (2) The driver and front seat occupants of a motor vehicle who are actively engaged in work which requires them to alight from and reenter the vehicle at frequent intervals, providing the vehicle does not exceed twenty-five miles per hour between stops.
      (3) The driver of a motor vehicle while performing duties as a rural letter carrier for the United States postal service. This exemption applies only between the first delivery point after leaving the post office and the last delivery point before returning to the post office.
      (4) Passengers on a bus.
(5) A person possessing a written certification from a health care provider licensed under chapter 148 or 151 on a form provided by the department that the person is unable to wear a safety belt or safety harness due to physical or medical reasons. The certification shall specify the time period for which the exemption applies. The time period shall not exceed twelve months, at which time a new certification may be issued unless the certifying health care provider is from a United States military facility, in which case the certificate may specify a longer period of time or a permanent exemption.

(6) Front seat occupants of an authorized emergency vehicle while they are being transported in an emergency. However, this exemption does not apply to the driver of the authorized emergency vehicle.

c. The department, in cooperation with the department of public safety and the department of education, shall establish educational programs to foster compliance with the safety belt and safety harness usage requirements of this subsection.

3. The driver and front seat passengers may be each charged separately for improperly used or nonused equipment under subsection 2. However, the driver shall not be charged for a violation committed by a passenger who is fourteen years of age or older unless the passenger is unable to properly fasten a seat belt due to a temporary or permanent disability. The owner of the motor vehicle may be charged for equipment violations under subsection 1.

4. a. The nonuse of a safety belt or safety harness by a person is not admissible or material as evidence in a civil action brought for damages in a cause of action arising prior to July 1, 1986.

b. In a cause of action arising on or after July 1, 1986, brought to recover damages arising out of the ownership or operation of a motor vehicle, the failure to wear a safety belt or safety harness in violation of this section shall not be considered evidence of comparative fault under section 668.3, subsection 1. However, except as provided in section 321.446, subsection 6, the failure to wear a safety belt or safety harness in violation of this section may be admitted to mitigate damages, but only under the following circumstances:

(1) Parties seeking to introduce evidence of the failure to wear a safety belt or safety harness in violation of this section must first introduce substantial evidence that the failure to wear a safety belt or safety harness contributed to the injury or injuries claimed by the plaintiff.

(2) If the evidence supports such a finding, the trier of fact may find that the plaintiff’s failure to wear a safety belt or safety harness in violation of this section contributed to the plaintiff’s claimed injury or injuries, and may reduce the amount of the plaintiff’s recovery by an amount not to exceed twenty-five percent of the damages awarded after any reductions for comparative fault.

5. The department shall adopt rules pursuant to chapter 17A providing exceptions from application of subsections 1 and 2 for front seats and front seat passengers of motor vehicles owned, leased, rented, or primarily used by persons with disabilities who use collapsible wheelchairs.

Otherwise, if a passenger being transported in the taxicab or in a personal vehicle operated by a transportation network company driver is fourteen years of age or older, the citation shall be served on the passenger in lieu of the taxicab operator or transportation network company driver.

5. A person who is first charged for a violation of subsection 1 and who has not purchased or otherwise acquired a child restraint system shall not be convicted if the person produces in court, within a reasonable time, proof that the person has purchased or otherwise acquired a child restraint system which meets federal motor vehicle safety standards.

1. a. A person shall not operate a commercial vehicle on the highways of this state except
in compliance with rules adopted by the department under chapter 17A. The rules shall be consistent with the federal motor carrier safety regulations promulgated under United States Code, Tit. 49, and found in 49 C.F.R. pts. 385, 390 – 399 and adopted under chapter 17A.

b. The department shall also adopt rules concerning hours of service for drivers of vehicles operated for hire and designed to transport seven or more persons, including the driver. The rules shall not apply to vehicles offered to the public for hire that are used principally in intracity operation and that are regulated by local authorities pursuant to section 321.236.

c. The department may adopt rules pursuant to chapter 17A authorizing a person who is at least eighteen years of age or over, but under twenty-one years of age, to be licensed to operate a commercial motor vehicle in interstate commerce if the person holds a valid commercial driver’s license and is authorized under federal law to operate a commercial motor vehicle in interstate commerce.

2. Rules adopted under this section concerning driver qualifications, hours of service, and recordkeeping requirements do not apply to the operators of public utility trucks, trucks hauling gravel, construction trucks and equipment, trucks moving implements of husbandry, and special trucks, other than a truck tractor, operating intrastate. Except as otherwise provided in this section, trucks for hire on construction projects are not exempt from this section.

3. Rules adopted under this section concerning driver age qualifications do not apply to drivers for private and for-hire motor carriers which operate solely intrastate except when the vehicle being driven is transporting a hazardous material in a quantity which requires placarding. The minimum age for the exempted intrastate operations is eighteen years of age.

4. a. Notwithstanding other provisions of this section, rules adopted under this section for drivers of commercial vehicles shall not apply to a driver of a commercial vehicle who is engaged exclusively in intrastate commerce, when the commercial vehicle’s gross vehicle weight rating is twenty-six thousand pounds or less, unless the vehicle is used to transport hazardous materials requiring a placard or if the vehicle is designed to transport more than fifteen passengers, including the driver. For the purpose of complying with the hours of service recordkeeping requirements under 49 C.F.R. §395.1(e)(1)(v)(A – D), a driver’s report of daily beginning and ending on-duty time submitted to the motor carrier at the end of each workweek shall be considered acceptable motor carrier time records.

b. In addition, rules adopted under this section shall not apply to a driver operating intrastate for a farm operation as defined in section 352.2, or for an agricultural interest when the commercial vehicle is operated between the farm as defined in section 352.2 and another farm, between the farm and a market for farm products, or between the farm and an agribusiness location.

c. A driver or a driver-salesperson for a private carrier, who is not for hire and who is engaged exclusively in intrastate commerce, may drive twelve hours, be on duty sixteen hours in a twenty-four-hour period, and be on duty seventy hours in seven consecutive days or eighty hours in eight consecutive days. A “driver-salesperson” means as defined in 49 C.F.R. §395.2, as adopted by the department by rule.

d. For-hire drivers who are engaged exclusively in intrastate commerce and who operate trucks and truck tractors exclusively for the movement of construction materials and equipment to and from construction projects may also drive twelve hours, be on duty sixteen hours in a twenty-four-hour period, and be on duty seventy hours in seven consecutive days or eighty hours in eight consecutive days.

5. a. Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for drivers of commercial vehicles engaged in intrastate commerce shall not be construed as disqualifying any individual who was employed as a driver of commercial vehicles engaged in intrastate commerce whose physical or medical condition existed prior to July 29, 1996.

b. Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for a driver shall not apply to a farmer or a farmer’s hired help when operating a vehicle owned by the farmer while it is being used
in connection with the intrastate transportation of fertilizers and chemicals used in the farmer’s crop production.

c. Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for a driver shall not apply to a farmer or a farmer’s hired help when operating a vehicle owned by the farmer while it is being used in connection with the intrastate transportation of agricultural commodities or feed.

6. Notwithstanding other provisions of this section, rules adopted under this section shall not impose any requirements which impose any restrictions upon a person operating an implement of husbandry or pickup to transport fertilizers and pesticides in that person’s agricultural operations.

7. Rules adopted under this section shall not apply to vehicles engaged in intrastate commerce and used in combination, provided the gross vehicle weight rating of the towing unit is ten thousand pounds or less and the gross combination weight rating is twenty-six thousand pounds or less.

8. In the course of enforcing the motor carrier safety rules adopted by the department under chapter 17A, the department’s peace officers are authorized, at reasonable times and places and with reasonable notice, to enter a motor carrier’s place of business for the purpose of performing a motor carrier safety audit or compliance review. Nothing in this subsection by itself permits the seizure of the property of a motor carrier. Any audit or review shall be conducted in compliance with the federal motor carrier safety regulations in 49 C.F.R. pts. 105 – 185, 382, 383, 385, and 390 – 399. A peace officer of the department is authorized to inspect and copy motor carrier records required by 49 C.F.R. pts. 105 – 185, 382, 383, 385, and 390 – 399.

A driver may drive more than one assigned trip, as long as the trip falls within the on-duty period. A driver “begins work” when the driver enters a transport vehicle to begin a trip assignment and is not “relieved from work” until the driver has exited the transport vehicle for the final time.

c. "Uninterrupted rest" means that the employer shall not communicate with the driver by telephone, pager, or in any other manner that could reasonably be expected to disrupt the driver’s rest.

2. The maximum length of any motor vehicle or combination of vehicles operated on the highways of this state is as follows:

a. A single truck, unladen or with load, shall not have an overall length, inclusive of front and rear bumpers, in excess of forty-five feet. When determining the overall length of a single truck, the following shall be excluded:

(1) Cargo extending not more than three feet beyond the front bumper and not more than four feet beyond the rear bumper when transporting motor vehicles, boats, and chassis.

(2) An unladen cargo carrying device extending no greater than twenty-four inches from the rear of the bed of the truck.

(3) A cargo carrying device with load.

b. A single bus shall not have an overall length, inclusive of front and rear bumpers, in excess of forty-five feet, except that buses constructed so as to contain a flexible part allowing articulation shall not exceed sixty-one feet.

c. A manufactured or mobile home not in excess of forty-eight feet in length may be drawn by any motor vehicle, except a motor truck, provided that the manufactured or mobile home and its towing unit are not in excess of an overall length of sixty feet. For the purposes of this subsection, a light delivery truck, panel delivery truck, or “pickup” is not a “motor truck”. A portable livestock loading chute not in excess of a length of thirteen feet including its hitch or tongue may be drawn by any vehicle or combination of vehicles, provided that the vehicle or combination of vehicles drawing the loading chute is not in excess of the legal length provided for such vehicles or combinations.

d. A combination of three vehicles coupled together one of which is a motor vehicle, unladen or with load, other than a truck tractor, shall not have an overall length, inclusive of front and rear bumpers, in excess of seventy feet.

e. A motor vehicle or combination of vehicles may be operated upon the highways of this state, irrespective of the length and weight limitations imposed by the laws of this state, if the motor vehicle or combination of vehicles is operated within the corporate limits of a city abutting a border of this state and such operations have been approved by ordinance of the city council and if the length and weight of the motor vehicle or combination of vehicles is in conformity with the laws relating to length and weight of the abutting state. If a city council has authorized such operation upon highways within the corporate limits, then the limit of travel for such motor vehicles or combination of vehicles within the state is extended to the commercial zones as described by federal regulations concerning interstate commerce, 49 C.F.R. §1048.101, and to the interstate system as provided in 23 U.S.C. §127 and 49 U.S.C. §31112(c), as amended by Pub. L. No. 104-59.

f. A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of fifty-three feet when operating in a truck tractor-semitrailer combination exclusive of
retractable extensions used to support the load. However, when a trailer or semitrailer is used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, recreational vehicle chassis, or boats, the load carried on the trailer or semitrailer may extend up to three feet beyond the front bumper and up to four feet beyond the rear bumper of the trailer or semitrailer. A lowboy semitrailer, laden or unladen, which is designed and exclusively used for the transportation of construction equipment shall not have an overall length in excess of fifty-seven feet when used in a truck tractor-semitrailer combination.

\( g \) A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of twenty-eight feet six inches when operating in a truck tractor-semitrailer-trailer combination or truck tractor-semitrailer-semitrailer combination. When the semitrailers in a truck tractor-semitrailer-semitrailer combination are connected by a rigid frame extension including a fifth-wheel connection point attached to the rear frame of the first semitrailer, the length of the frame extension shall not be included when determining the overall length of the first semitrailer.

\( h \) Power units designed to carry cargo, when used in combination with a trailer or semitrailer shall not exceed sixty-five feet in overall length for the combination exclusive of retractable extensions used to support the load. However, if a combination of vehicles is used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, recreational vehicle chassis, or boats, the load may extend up to three feet beyond the front bumper of the power unit and up to four feet beyond the rear bumper of the trailer or semitrailer.

\( i \) A stinger-steered automobile transporter shall not have an overall length exceeding eighty feet, exclusive of retractable extensions used to support the load and all other devices or appurtenances related to the safe and efficient operation of the vehicle, except that the load may extend up to four feet beyond the front bumper and up to six feet beyond the rear bumper.

\( j \) A motor home or motorsports recreational vehicle shall not have an overall length, excluding front and rear bumpers and safety equipment, in excess of forty-five feet.

\( k \) A combination of two vehicles coupled together, one of which is a motor home, shall not have an overall length in excess of sixty-five feet.

\( l \) A combination of two vehicles coupled together, one of which is a travel trailer or fifth-wheel travel trailer, shall not have an overall length in excess of sixty-five feet.

\( m \) Notwithstanding any other provision of this chapter, and to the extent allowed under federal law, the maximum length of a towaway trailer transporter combination operated on the highways of this state is eighty-five feet. For purposes of this paragraph, “towaway trailer transporter combination” means a combination of vehicles consisting of a towing vehicle and two unladen trailers or unladen semitrailers in which the trailers or semitrailers constitute inventory property of the manufacturer intended for sale and which are being transported from a trailer manufacturer to a trailer distributor or authorized trailer dealer.

\( n \) (1) Notwithstanding paragraph “\( g \)” or any other provision of this chapter, the department is authorized to adopt rules providing for economic export corridors for the transportation of goods or products manufactured in Iowa to or through the state of South Dakota and for the return of unladen semitrailers or unladen full trailers used for the transportation of those goods or products. The rules may authorize the operation of the following combinations of vehicles on an economic export corridor:

(a) A truck tractor-semitrailer-semitrailer converted to a full trailer by use of a dolly equipped with a fifth wheel which is considered a part of the trailer for all purposes, and not a separate unit.

(b) A truck tractor-semitrailer-full trailer.

(c) A truck tractor-semitrailer-semitrailer combination, where the semitrailers are connected by a rigid frame extension including a fifth wheel connection point attached to the rear frame of the first semitrailer. The length of the frame extension shall not be included when determining the overall length of the first semitrailer.

(2) Rules adopted pursuant to this paragraph “\( n \)” shall provide that combinations of
vehicles authorized to operate on an economic export corridor shall meet all of the following requirements:

(a) The length of the combination of vehicles, excluding the length of the truck tractor, shall not exceed eighty-one and one-half feet.

(b) The length of either semitrailer or full trailer shall not exceed forty-five feet.

(c) The weight of the second semitrailer or full trailer shall not exceed the weight of the first semitrailer by more than three thousand pounds.

(d) The gross weight of the combination of vehicles shall not exceed eighty thousand pounds and the combination of vehicles shall not exceed the gross axle weight limits of section 321.463, subsection 2.

(e) The load on each semitrailer or full trailer in the combination shall be an indivisible load. For the purpose of issuing permits for height or width under chapter 321E, the combination of vehicles shall be considered an indivisible load so long as the load on each semitrailer or full trailer in the combination remains an indivisible load.

(3) An economic export corridor established by the department shall not include any segment of the interstate system or any part of the national network of highways identified pursuant to 23 C.F.R. pt. 658. This subparagraph does not prohibit operation on any segment of the interstate system or part of the national network of highways that is permitted under paragraph "e".

(4) For purposes of this paragraph “n”, “full trailer” means as defined in 49 C.F.R. §390.5.

o. Notwithstanding any other provision of this chapter, and to the extent allowed under federal law, a combination of two vehicles coupled together, one of which is a motorsports recreational vehicle, shall not have an overall length in excess of eighty-five feet.

3. Fire fighting apparatus and vehicles operated during daylight hours when transporting poles, pipe, machinery, or other objects of a structural nature which cannot be readily disassembled when required for emergency repair of public service facilities or properties are not subject to the limitations on overall length of vehicles and combinations of vehicles imposed under this section. However, for operation during nighttime hours, these vehicles and the load being transported shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps at the extreme ends of the projecting load to clearly mark the dimensions of the load. A member of the state patrol shall also be notified prior to the operation of the vehicle.

321.458 Loading beyond front.

321.460 Spilling loads on highways.
 A vehicle shall not be driven or moved on any highway by any person unless such vehicle is so constructed or loaded or the load securely covered as to prevent any of its load from dropping, sifting, leaking, or otherwise escaping or its load covering from dropping from the vehicle, except that sand may be dropped for the purpose of securing traction, or water or other substance may be sprinkled on a roadway in cleaning or maintaining such roadway. The provisions of this section shall not apply to vehicles loaded with hay or stover or the products listed in section 321.466, subsections 4 and 5.

 2. If the towing vehicle is a motor truck and the towed vehicle is a single trailer with a single point of articulation at the hitch connection, the drawbar or other connection shall not exceed twenty-one feet. The length of the drawbar or other connection shall be measured from the centerline of the hitch assembly on the towing vehicle to the front of the body of the towed vehicle. A vehicle which has a drawbar or other connection which measures between fifteen and twenty-one feet in length shall have at least one yellow reflector visible on each vertical face of the drawbar or other connection, located near the midpoint between the towing and the towed vehicle. A vehicle which has a drawbar or other connection which measures between fifteen and twenty-one feet in length shall have affixed to the rear of the towed vehicle a sign indicating that the vehicle is a towed vehicle.

321.463 Maximum gross weight — exceptions — penalties.
 1. An axle may be divided into two or more parts, except that all parts in the same vertical transverse plane shall be considered as one axle.
 2. The gross weight on any one axle of a vehicle, or of a combination of vehicles, operated on the highways of this state, shall not exceed twenty thousand pounds on an axle equipped with pneumatic tires, and shall not exceed fourteen thousand pounds on an axle equipped with solid rubber tires. The gross weight on any tandem axle of a vehicle, or any combination
of vehicles, shall not exceed thirty-four thousand pounds on an axle equipped with pneumatic

3. Notwithstanding other provisions of this chapter to the contrary, indivisible loads operating under the permit requirements of sections 321E.7, 321E.8, 321E.9, and 321E.29A, and divisible loads operating under the permit requirements of section 321E.26, shall be allowed a maximum of twenty thousand pounds per axle.

4. a. (1) Notwithstanding any provision of this section to the contrary, the weight on any one axle of a self-propelled implement of husbandry used exclusively for the application of organic or inorganic plant food materials, agricultural limestone, or agricultural chemicals operated on the highways of this state shall not exceed twenty-five thousand pounds.

(2) A self-propelled implement of husbandry used exclusively for the application of organic or inorganic plant food materials, agricultural limestone, or agricultural chemicals shall comply with the other provisions of this section and chapter when operated over a bridge in this state, other than any provision limiting the weight on any one axle to less than twenty-five thousand pounds. A local authority may issue a special permit, based on a statewide standard developed by the department, allowing the operation over a bridge within its jurisdiction of such a self-propelled implement of husbandry with a weight in excess of the weights allowed under this chapter.

b. (1) Notwithstanding any provision of this section to the contrary, the weight on any one axle of a fence-line feeder, grain cart, or tank wagon operated on the highways of this state shall not exceed twenty-four thousand pounds from February 1 through May 31 or twenty-eight thousand pounds from June 1 through January 31, provided, however, that the maximum gross vehicle weight of the fence-line feeder, grain cart, or tank wagon shall not exceed ninety-six thousand pounds.

(2) Notwithstanding any provision of this section to the contrary, a tracked implement of husbandry operated on the highways of this state shall not have a maximum gross weight in excess of ninety-six thousand pounds.

(3) A fence-line feeder, grain cart, tank wagon, or tracked implement of husbandry shall comply with the other provisions of this section and chapter when operated over a bridge in this state. A local authority may issue a special permit, based on a statewide standard developed by the department, allowing the operation over a bridge within its jurisdiction of a fence-line feeder, grain cart, tank wagon, or tracked implement of husbandry with a weight in excess of the weights allowed under this chapter.

(4) For purposes of this paragraph “b”:

(a) “Highway” does not include a bridge.

(b) “Fence-line feeder, grain cart, or tank wagon” means all of the following:

(i) A fence-line feeder, grain cart, or tank wagon manufactured on or after July 1, 2001.

(ii) After July 1, 2005, any fence-line feeder, grain cart, or tank wagon.

5. a. Notwithstanding any provision of law to the contrary, a motor vehicle equipped with an engine fueled primarily by natural gas may exceed any applicable maximum gross weight limit under this chapter, up to a maximum gross weight of eighty-two thousand pounds, by an amount equal to the difference between the weight of the vehicle attributable to the natural gas tank and fueling system installed in the vehicle and the weight of a comparable diesel fuel tank and fueling system.

b. Notwithstanding any provision of law to the contrary, a motor vehicle described in paragraph “a” equipped with an auxiliary power or idle reduction technology unit that reduces fuel use and emissions during engine idling may exceed any applicable maximum gross weight limit under this chapter by five hundred fifty pounds or the weight of the auxiliary power or idle reduction technology unit, whichever is less. This paragraph “b” shall not apply unless the operator of the vehicle provides to the department a written certification of the weight of the auxiliary power or idle reduction technology unit, demonstrates or certifies to the department that the idle reduction technology unit is fully functional at all times, and carries with the operator the written certification of the weight of the auxiliary power or idle reduction technology unit in the vehicle at all times to present to law enforcement in the event the vehicle is suspected of violating any applicable weight restrictions.
6. a. The maximum gross weight allowed to be carried on a vehicle or combination of vehicles on highways which are part of the primary road system is as follows:

(2) Notwithstanding any provision of this section to the contrary, the maximum gross weight allowed to be carried on a noninterstate highway by a livestock vehicle with five axles, a minimum distance in feet between the centers of the first and fifth axles of sixty-one feet, and a minimum distance between the two rear axles of at least eight feet and one inch is eighty-six thousand pounds.

d. For the purposes of the maximum gross weight tables in paragraphs “a”, “b”, and “c”, distance in feet is the measured distance in feet between the centers of the extreme axles of any group of axles, rounded to the nearest whole foot.

e. (1) The maximum gross weight allowed to be carried on a tracked implement of husbandry when operated on a noninterstate highway bridge is as follows:

(2) "Length of track in feet" means the length of track on one side of the tracked implement of husbandry which is in contact with the ground or roadway surface.

7. The weight on any one axle, including a tandem axle, of a vehicle which is transporting livestock on highways not part of the interstate system may exceed the legal maximum weight given in this chapter providing that the gross weight on any particular group of axles on such vehicle does not exceed the gross weight allowable under this chapter for such groups of axles.

8. The weight on any one axle, including a tandem axle, of a vehicle which is transporting raw materials from a designated borrow site to a construction project or transporting raw materials from a construction project, and which is operating on a highway that is not part of the interstate system and along a route of travel approved by the department or the appropriate local authority, may exceed the legal maximum weight otherwise allowed under this chapter by ten percent if the gross weight on any particular group of axles on the vehicle does not exceed the gross weight allowable under this chapter for that group of axles. If the vehicle exceeds the ten percent tolerance allowed under this subsection, the fine shall be computed on the difference between the actual weight and the ten percent tolerance weight allowed for the axle or tandem axle.

9. A vehicle or combination of vehicles transporting materials or equipment on nonprimary highways to or from a construction project or commercial plant site may operate under the maximum gross weight table for primary highways in subsection 6, paragraph "a", or the maximum gross weight table for noninterstate highways in subsection 6, paragraph "c". When crossing a bridge, such a vehicle or combination of vehicles shall comply with any weight restriction imposed for the bridge pursuant to section 321.471 or 321.474, provided signs that conform to the manual of uniform traffic-control devices adopted by the department that give notice of the restriction are posted as required under section 321.472 or 321.474, as applicable.

10. A vehicle designed to tow wrecked or disabled vehicles shall be exempt from the weight limitations in this section while the vehicle is towing a wrecked or disabled vehicle.

11. a. A person who operates a vehicle in violation of this section, and an owner, or
any other person, employing or otherwise directing the operator of a vehicle, who requires or knowingly permits the operation of a vehicle in violation of this section shall be fined according to the following schedule:

b. Fines for gross weight violations for vehicles or combinations of vehicles shall be assessed at one-half of the fine rate schedule for axle, tandem axle, and groups of axles weight violations.

c. Except as otherwise provided, the amount of the fine to be assessed shall be computed on the difference between the actual weight and the maximum legal weight specified in this section.
§321.463, MOTOR VEHICLES AND LAW OF THE ROAD III-1116

   d. The schedule of fines may be assessed in addition to any other penalties provided for in this chapter.

12. Overloads on axles and tandem axles and overloads on groups of axles or on an entire vehicle or combination of vehicles shall be considered as separate violations of the provisions of this section.

13. A person shall not issue or execute, or cause to be issued or executed, a bill of lading, manifest, or shipping document of any kind which states a false weight of the cargo set forth on such bill, manifest, or document, which is less than the actual weight of the cargo.

14. a. A person operating a vehicle or combination of vehicles equipped with a retractable axle may raise the axle when necessary to negotiate a turn, provided that the retractable axle is lowered within one thousand feet following completion of the turn. This paragraph does not apply to a vehicle or combination of vehicles operated on an interstate highway, including a ramp to or from an interstate highway, or on a bridge.

   b. A vehicle or combination of vehicles operated with a retractable axle raised as permitted under paragraph “a” is exempt from the weight limitations of this section as long as the vehicle or combination of vehicles is in compliance with the weight limitations of this section when the retractable axle is lowered.

   c. This subsection does not prohibit the operation of a vehicle or combination of vehicles equipped with a retractable axle with the retractable axle raised when the vehicle or combination of vehicles is in compliance with the weight limitations of this section with the retractable axle raised.

15. A person who violates this section commits a simple misdemeanor.

321.464 Investigation as to safety.

The director upon registering any vehicle under the laws of this state which vehicle is designed and used primarily for the transportation of property or for the transportation of ten or more persons, may require such information and may make such investigation or test as necessary to enable the director to determine whether such vehicle may safely be operated upon the highways in compliance with all the provisions of this chapter. The director shall register every such vehicle for a permissible gross weight not exceeding the limitations set forth in this chapter. Every such vehicle shall meet the following requirements:

1. It shall be equipped with brakes as required in sections 321.430 and 321.431.

2. Every motor vehicle to be operated outside of business and residence districts shall have motive power adequate to propel at a reasonable speed such vehicle and any load thereon or to be drawn thereby.

[C39, §5035.13; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.464]

Referred to in §321E.2

1. Any peace officer having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same either by means of portable or stationary scales and may require that such vehicle be driven to the nearest public scales.
2. If an officer upon weighing a vehicle and load determines that the weight is unlawful, the officer may require the driver to stop the vehicle in a suitable place until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to the limit as permitted under this chapter. All material so unloaded shall be cared for by the owner or operator of the vehicle at the risk of the owner or operator. The owner or operator of an overweight vehicle, designed to transport solid waste and domiciled within the state, which is transporting solid waste, shall not be required to unload any portion of the load, if the load is indivisible, in a place other than a facility which is permitted to handle solid waste disposal, processing, or recycling. For purposes of this section, “solid waste” means waste which is acceptable at a local sanitary landfill and the solid waste shall be considered to be an indivisible load.

3. A driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a weighing, or who fails or refuses when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with this section, is guilty of a simple misdemeanor.

4. Upon weighing a vehicle and load, as above provided, if such load is a sealed load, the weight officer shall issue a certificate setting forth the weights as determined by the weight officer and the seal number or numbers, if requested by the operator:

321.466 Increased loading capacity — reregistration.

1. The owner of a motor truck, truck tractor, or road tractor, if the owner’s operation has not resulted in a conviction or action pending under this section, may increase the gross weight registration of the vehicle to a higher gross weight registration by payment of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which the vehicle is registered, multiplied by the number of unexpired months of the registration year. If the owner’s operation has resulted in a conviction or action pending under this section, any increase in the gross weight registration shall be obtained by payment of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which the vehicle is registered.

2. Upon conversion of a truck to a truck tractor or a truck tractor to a truck, an increased gross weight registration of the proper type may be obtained for the vehicle by payment, except as provided in section 321.106, of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the annual fee for the gross weight at which the vehicle is registered, multiplied by the number of unexpired months of the registration year from the date of the conversion.

3. The registered gross weight of a vehicle or combination of vehicles may also be increased by installing and using an auxiliary axle or axles, and the combined registered gross weight of the vehicle and auxiliary axle or axles shall determine the total registered gross weight. An auxiliary axle shall not be used to convert a single axle to a tandem axle unless equipped with a device to equalize the load carried by the single axle and the auxiliary axle when in tandem and when in motion or when standing, and the load transmitted to the highway by either the single axle or the auxiliary axle shall not exceed that permitted for a single axle, nor shall the load transmitted to the highway when in tandem and when in motion or when standing, exceed that permitted for a tandem axle.

4. A person shall not operate a motor truck, trailer, truck tractor, road tractor, semitrailer, or combination thereof, or any such vehicle equipped with a transferable auxiliary axle or axles, on the public highways with a gross weight exceeding the gross weight for which it is registered by more than five percent; provided, however, that any vehicle or vehicle combination referred to in this subsection, while carrying a load of raw farm products, soil fertilizers including ground limestone, raw dairy products, livestock, live poultry, or eggs, or a special truck, while carrying a load of distillers grains, may be operated with a gross weight of twenty-five percent in excess of the gross weight for which it is registered. However, this subsection shall not be construed to allow the operation of a special truck on the public

highways with a gross weight exceeding the maximum gross weight allowed under section 321.463, subsection 6.

5. For the purposes of this section cracked or ground soybeans, sorgo, corn, wheat, rye, oats, or other grain shall be deemed to be raw farm products, provided that such products are being directly delivered to a farm, from the place where the whole grain had been delivered from a farm for the purpose of cracking or grinding and immediate delivery to the farm to which such cracked or ground products are being delivered.

6. The truck operator shall have in the truck operator’s possession a receipt showing place of processing on the return trip.

321.471 Local authorities may restrict.

1. a. Local authorities with respect to a highway under their jurisdiction may by ordinance or resolution prohibit the operation of vehicles upon the highway or impose restrictions as to the weight of vehicles to be operated upon the highway for a total period of not to exceed ninety days in any one calendar year, whenever the highway by reason of deterioration, rain, snow, or other climatic conditions will be seriously damaged or destroyed unless the use of vehicles on the highway is prohibited or the permissible weights reduced. The ordinance or resolution shall not apply to implements of husbandry as defined in section 321.1, implements of husbandry loaded on hauling units for transporting the implements to locations for repair, or fire apparatus and road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority.

b. A person who violates the provisions of the ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars.

§321.556 Notice and hearing — findings and order.

1. If, upon review of the record of convictions of any person, the department determines that the person appears to be a habitual offender, the department shall immediately notify the person in writing and afford the licensee an opportunity for a hearing. Notwithstanding chapter 17A, the notice shall meet the requirements of section 321.16 and shall be served in the manner provided in that section. Service of notice on any nonresident of this state may be made in the same manner as provided in sections 321.498 through 321.506. A peace officer stopping a person for whom a notice has been issued under this section may personally serve the notice upon forms approved by the department to satisfy the notice requirements of this section. A peace officer may confiscate the driver’s license of a person if the license has been revoked or has been suspended subsequent to a hearing and the person has not forwarded the driver’s license to the department as required.

2. The hearing shall be conducted as provided in section 17A.12 before the department in the county where the alleged events occurred, unless the director and the person agree that the hearing may be held in some other county, or the hearing may be held by telephone conference at the discretion of the agency conducting the hearing. The hearing shall be recorded and its scope shall be limited to the issue of whether the person notified is a habitual offender.

3. An abstract certified by the director of transportation may be admitted as evidence as provided in section 622.43, at the hearing, and shall be prima facie evidence that the person named in the abstract was duly convicted by the court in which the conviction or holding was made of each offense shown by the abstract. If the person named in the abstract denies conviction of any of the relevant convictions contained in the abstract, the person shall have the burden of proving that the conviction is untrue. For purposes of this subsection, a conviction is relevant if it is for one of the offenses listed in section 321.555.

4. If the department finds that the person is not the same person named in the abstract, or otherwise concludes that the person is not a habitual offender as provided in section 321.555, the department shall issue a decision dismissing the proceedings. The hearings shall be held before the department as early as practicable within not to exceed twenty days after receipt of the request in the county in which the requesting person resides unless the department and the requesting person agree that the hearing may be held in some other county. 2. Judicial review of the actions of the department may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321A.2]

321A.3 Abstract of operating record — fees to be charged and disposition of fees.
1. The department shall upon request furnish any person a certified abstract of the operating record of a person subject to chapter 321 or 321J, or this chapter. The abstract shall also fully designate the motor vehicles, if any, registered in the name of the person. If there is no record of a conviction of the person having violated any law relating to the operation of a motor vehicle or of any injury or damage caused by the person, the department shall so certify. A fee of five dollars and fifty cents shall be paid for each abstract except for abstracts requested by state, county, or city officials, court officials, public transit officials, or other officials of a political subdivision of the state or a nonprofit charitable organization described in section 501(c)(3) of the Internal Revenue Code. Except for any additional access fee collected under subsection 7, the department shall transfer the moneys collected under this section to the treasurer of state who shall credit to the general fund all moneys collected. If a fee established in this subsection is collected by the office of the chief information officer, created in section 8B.2, for a record furnished through an electronic portal maintained by the office of the chief information officer, the office of the chief information officer shall transfer the moneys collected under this subsection to the treasurer of state who shall credit the moneys to the general fund.

2. A sheriff may provide an abstract of the operating record of a person to the person or an individual authorized by the person. The sheriff shall charge a fee of five dollars and fifty cents for each abstract which the sheriff shall transfer to the department quarterly. The sheriff may charge an additional fee sufficient to cover costs incurred by the sheriff in producing the abstract.

For speeding violations occurring on or after May 12, 1987, the abstract provided under this section shall designate which speeding violations are for ten miles per hour or less over the legal speed limit in speed zones that have a legal speed limit equal to or greater than thirty-five miles per hour but not greater than fifty-five miles per hour.

5. The department shall not require a fee for a person to view their own operating record.

6. Fees under subsection 1 may be paid by credit cards, as defined in section 537.1301, subsection 17, approved for that purpose by the department of transportation. The
department shall enter into agreements with financial institutions extending credit through
the use of credit cards to ensure payment of the fees. The department shall adopt rules
pursuant to chapter 17A to implement the provisions of this subsection.
7. Notwithstanding chapter 22 or any other law of this state, except as provided in
subsection 5, the department shall not make available a certified operating record in a
manner which would result in a fee of less than that provided under subsection 1. Should
the department make available certified copies of abstracts of operating records on magnetic
tape or on disk or through electronic data transfer, the five dollar and fifty cent fee under
subsection 1 applies to each abstract supplied, and an additional access fee may be charged
for each abstract supplied through electronic data transfer.
8. a. (1) A person who purchases a certified abstract of an operating record directly from
the department under this section shall only use, sell, disclose, or distribute the abstract or
any portion of the abstract one time, for one purpose, and the person shall not supply that
abstract or any portion of that abstract to more than one other person. The person shall
make a subsequent request for the abstract and pay an additional fee for the request in the
same manner as provided for the initial request for any subsequent use, sale, disclosure,
or distribution of the same certified abstract or any portion of the abstract or to supply the
same certified abstract or any portion of the abstract to another person, except as provided
in subparagraph (2).
   (2) Notwithstanding the limitation on use, sale, disclosure, and distribution of a certified
abstract under subparagraph (1), a person who purchases a certified abstract under this
section may provide a copy of the previously purchased certified abstract to the person who
is an insurer who was originally supplied the certified abstract by the person who purchased
the certified abstract.
   b. A person who is supplied a certified abstract or any portion of the abstract by a person
who purchases the certified abstract under paragraph “a” shall only use the abstract one time,
for one purpose, and shall not reuse, sell, disclose, or distribute the abstract or any portion
of the abstract except as provided in paragraph “c”.
   c. A person who is an insurer or an insurance producer licensed under chapter 522B
who purchases a certified abstract under this section or a person who is supplied a certified
abstract or any portion of the abstract pursuant to paragraph “b” may use the certified abstract
pursuant to this paragraph “c” for more than one use for the following purposes:

consumer and made in whole or in part based upon information contained in the certified
abstract, as defined by rule of the department.
   (2) Internal auditing purposes, or similar internal purposes as defined by rule of the
department.

Act, 18 U.S.C. §2721 – 2725, by a person who is an insurer.
   (4) To show compliance with the retention requirements imposed under this section or
other applicable law.
   (5) By an insurer, to provide a copy to an insurance producer licensed under chapter 522B
and appointed by the insurer for purposes of a specific application for coverage. However, a
producer who is provided a certified abstract pursuant to this subparagraph shall not reuse,
sell, disclose, or distribute the abstract with respect to any transaction not associated with
the insurer who appointed the producer.
   (6) To provide a copy to an insurer for purposes of a specific application for coverage if
the person requesting the certified abstract is an insurance producer licensed under chapter
522B and appointed by the insurer for purposes of the specific application for coverage.
   (7) To provide a copy, for the purpose of a specific application for coverage or for a
purpose as provided under subparagraphs (1) through (4), to an affiliate of the person who
is an insurer who originally purchased or was supplied the certified abstract. An affiliate
who receives a copy of a certified abstract pursuant to this subparagraph shall only use the
copy of the abstract one time and shall not reuse, sell, disclose, or distribute the copy to any
other person, except as provided under subparagraphs (1) through (5) in the same manner
as permitted for a person who is an insurer.

e. A person who purchases a certified abstract directly from the department pursuant to this subsection shall keep records for a period of five years identifying the persons to whom the abstract is provided and the use of the abstract. Records maintained pursuant to this subsection shall be made available to the department upon request. A person who is otherwise supplied a certified abstract and who then provides that abstract to another person for a purpose other than the purposes identified under paragraph “c” shall also be subject to the recordkeeping requirements under this paragraph.

f. A person shall not use, sell, disclose, or distribute any abstract information or portion of the abstract information acquired under this section except as authorized by this section and any applicable rules of the department. Nothing in this section shall be construed to authorize the use, sale, disclosure, or distribution of personal information, protected personal information, or highly protected personal information as prohibited under section 321.11 or the federal Driver’s Privacy Protection Act, 18 U.S.C. §2721 – 2725.

321A.4 Effect of failure to report accidents.
The department shall suspend the license or any nonresident’s operating privilege of any person who willfully fails, refuses, or neglects to make reports of a traffic accident as required by the laws of this state.

Referred to in §321A.2, 321A.8, 321A.9, 321A.10, 321A.11, 321A.33

321A.5 Security required following accident — exceptions.
1. The department shall, immediately or within sixty days after the receipt of a report of a motor vehicle accident within this state which has resulted in bodily injury or death or damage to the property of any one person in the amount of one thousand five hundred dollars or more, suspend the license of each operator and all registrations of each owner of a motor vehicle in any manner involved in the accident, and if the operator is a nonresident the privilege of operating a motor vehicle within this state, and if the owner is a nonresident the privilege of the use within this state of any motor vehicle owned by the owner, unless the operator or owner or both shall deposit security in a sum which shall be sufficient in the judgment of the department to satisfy any judgment or judgments for damages resulting from the accident as may be recovered against the operator or owner; provided notice of the suspension shall be sent by the department to the operator and owner not less than ten days prior to the effective date of the suspension and shall state the amount required as security.

2. This section shall not apply under the conditions stated in section 321A.6 or to any of the following:
   a. To such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;
   b. To such operator, if not the owner of such motor vehicle, if there was in effect at the
time of such accident an automobile liability policy or bond with respect to the operator’s operation of motor vehicles not owned by the operator;

c. To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the department, covered by any other form of liability insurance policy or bonds; or

d. To such owner if such owner is at the time of such accident qualified as a self-insurer under section 321A.34, or to any such operator operating such motor vehicle for such self-insurer.

3. A policy or bond is not effective under this section unless issued by an insurance company or surety company authorized to do business in this state, except that if the motor vehicle was not registered in this state, or was a motor vehicle which was registered elsewhere than in this state at the effective date of the policy or bond, or the most recent renewal thereof, the policy or bond is not effective under this section unless the insurance company or surety company if not authorized to do business in this state executes a power of attorney authorizing the department to accept service on its behalf of notice or process in any action upon the policy or bond arising out of the accident. However, with respect to accidents occurring on or after January 1, 1981, and before January 1, 1983, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than fifteen thousand dollars because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, to a limit of not less than thirty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than ten thousand dollars because of injury to or destruction of property of others in any one accident; and with respect to accidents occurring on or after January 1, 1983, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than twenty thousand dollars because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, to a limit of not less than forty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than fifteen thousand dollars because of injury to or destruction of property of others in any one accident.

4. Upon receipt of a report of a motor vehicle accident and information that an automobile liability policy or surety bond meeting the requirements of this chapter was in effect at the time of this accident covering liability for damages resulting from such accident, the department shall forward by regular mail to the insurance carrier or surety carrier which issued such policy or bond a copy of such information concerning insurance or bond coverage, and it shall be presumed that such policy or bond was in effect and provided coverage to both the operator and the owner of the motor vehicle involved in such accident unless the insurance carrier or surety carrier shall notify the department otherwise within fifteen days from the mailing of such information to such carrier; provided, however, that in the event the department shall later ascertain that erroneous information had been given the department in respect to the insurance or bond coverage of the operator or owner of a motor vehicle involved in such accident, the department shall take such action as the department is otherwise authorized to do under this chapter within sixty days after the receipt by the department of correct information with respect to such coverage.

321A.6 Exceptions to requirement of security.
The requirements as to security and suspension in section 321A.5 shall not apply:

1. To the operator or the owner of a motor vehicle involved in any accident wherein no injury or damage was caused to the person or property of anyone other than such operator or owner.
2. To the operator or the owner of a motor vehicle if at the time of the accident the vehicle was stopped, standing, or parked, whether attended or unattended, except that the requirements of this chapter shall apply in the event the department determines that any such stopping, standing, or parking of the vehicle was illegal or that the vehicle was not equipped with lighted lamps or illuminating devices or flags when and as required by the laws of this state and that any such violation contributed to the accident.

3. To the owner of a motor vehicle if at the time of the accident the vehicle was being operated without the owner’s permission, express or implied, or was parked by a person who had been operating such motor vehicle without such permission.

4. If, prior to the date that the department would otherwise suspend license and registration or nonresident’s operating privilege under section 321A.5, there shall be filed with the department evidence satisfactory to the department that the person who would otherwise have to file security has been released from liability or been finally adjudicated not to be liable or has executed a warrant for confession of judgment, payable when and in such installments as the parties have agreed to, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments, with respect to all claims for injuries or damages resulting from the accident; provided, however, in the event there shall be any default in the payment of any installment under any confession of judgment, then, upon notice of such default, the department shall forthwith suspend the license and registration or nonresident’s operating privilege of such person defaulting which shall not be restored unless and until the entire amount provided for in said confession of judgment has been paid; and provided, further, that in the event there shall be any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the department shall forthwith suspend the license and registration or nonresident’s operating privilege of such person defaulting which shall not be restored unless and until:
   a. Such person deposits and thereafter maintains security as required under section 321A.5 in such amount as the department may then determine; or
   b. Twelve months after such security was required, provided the department has not been notified that an action upon such an agreement has been instituted in a court in this state within one year after such security was required.

5. To the operator or owner of special mobile equipment.

321A.7 Duration of suspension.
If a person’s license and registration or nonresident’s operating privilege has been suspended as provided in section 321A.5, that license and registration or privilege shall remain suspended and shall not be renewed and a new license or registration shall not be issued to that person until one of the following has occurred:

1. The person deposits, or there is deposited on the person’s behalf, the security required under section 321A.5.

2. Twelve months have elapsed after such accident and the department has not been notified by any party to the action or an attorney for any party that an action for damages arising out of such accident has been instituted within one year from the date of the accident.

3. Evidence satisfactory to the department has been filed with the department of a release from liability, or a final adjudication of nonliability, or a warrant for confession of judgment, or a duly acknowledged written agreement, in accordance with section 321A.6, subsection 4. If, however, there is any default in the payment of any installment under any confession of judgment, then, upon notice of such default, the department shall immediately suspend the license and registration or nonresident’s operating privilege of such person defaulting which shall not be restored unless and until the entire amount provided for in said confession of judgment has been paid. In addition, if there is any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the department shall immediately suspend the license and registration or
nonresident’s operating privilege of that person defaulting and the license and registration or nonresident’s operating privilege shall not be restored unless and until one of the following occurs:

a. Such person deposits and thereafter maintains security as required under section 321A.5 in such amount as the department may then determine.

b. Twelve months have elapsed after such security was required and the department has not been notified by any party to the action or an attorney for any party that an action upon such an agreement has been instituted in a court in this state within one year after such security was required.

1. Whenever any person fails within sixty days to satisfy any judgment, it shall be the duty
of the clerk of the district court, or of the judge of a court which has no clerk, in which any
such judgment is rendered within this state, to forward to the department immediately after
the expiration of the sixty days and upon written request of the judgment creditor, a certified
copy of such judgment.
2. If the defendant named in any certified copy of a judgment reported to the department
is a nonresident, the department shall transmit a certified copy of the judgment to the official
in charge of the issuance of licenses and registration certificates of the state of which the
defendant is a resident.

judgment. Such a person shall also file the original policy of insurance or a certified copy
thereof, if available, and such other documents as the department may require to show that
the loss, injury, or damage for which such judgment was rendered, was covered by such policy of insurance. If the department is satisfied from such papers that such insurer was authorized to issue such policy of insurance at the time and place of issuing such policy and that such insurer is liable to pay such judgment, at least to the extent and for the amounts required in this chapter, the department shall not suspend such license or registration or nonresident’s operating privilege, or if already suspended shall reinstate them.

5. Such motor vehicle liability policy need not insure any liability under any workers’ compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such motor vehicle nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

   c. The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in paragraph ‘b’ of subsection 2 of this section.

With respect to a policy which grants such excess or additional coverage the term “motor vehicle liability policy” shall apply only to that part of the coverage which is required by this section.

8. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

9. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

10. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

11. Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

321A.24 Bond as proof.
1. a. Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within this state, or a bond with at least two individual sureties each owning real estate within this state, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by a judge or clerk of the district court, and which bond shall be conditioned for payment of the amounts specified in section 321A.1, subsection 11.

b. The bond shall be filed with the department and is not cancelable except after ten days’ written notice to the department. The director shall issue to the person filing the bond a bond insurance card for each motor vehicle registered by the person in the state. The bond insurance card shall state the name and address of the person and the motor vehicle registration number of the vehicle for which the card is issued.

c. The bond constitutes a lien in favor of the state upon the real estate so scheduled of any surety, which lien exists in favor of any holder of a final judgment against the person who has filed the bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use of the property, resulting from the ownership, maintenance, use, or operation of a motor vehicle after the bond was filed, upon the filing of notice to that effect by the department in the office of the proper clerk of the district court of the county where the real estate is located. The notice filed by the department shall contain, in addition to any other matters deemed by the department to be pertinent, a legal description of the real estate scheduled, the name of the holder of the record title, the amount for which it stands as security, and the name of the person in whose behalf proof is so being made. Upon the filing of the notice the clerk of the district court shall retain the notice as part of the records of the court and enter upon the encumbrance book the date and hour of filing, the name of the surety, the name of the record titleholder, the description of the real estate, and the further notation that a lien is charged on the real estate pursuant to the filed notice. From and after the entry of the notice upon the encumbrance book all persons are charged with notice of it.

d. If the bond is canceled, the person who filed the bond shall surrender to the director all bond insurance cards issued to the person.

2. If such a judgment, rendered against the principal on such bond shall not be satisfied within sixty days after it has become final, the judgment creditor may, for the judgment creditor’s own use and benefit and at the judgment creditor’s sole expense, bring an action or actions in the name of the state against the company or persons executing such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate.
of a person who has executed such bond. An action to foreclose any lien upon real estate scheduled by any surety under the provisions of this chapter shall be by equitable proceeding in the same manner as is provided for the foreclosure of real estate mortgages.

At any time after two years from the date such proof was required when, during the two-year period preceding the request, the department has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license, registration, or nonresident’s operating privilege of the person by or for whom such proof was furnished.
   b. In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle.
   c. In the event the person who has given proof surrenders the person’s license and registration to the department.
2. The department shall not consent to the cancellation of a bond or return a certificate of deposit in the event an action for damages upon a liability covered by such proof is then pending or a judgment upon any such liability is unsatisfied, or in the event the person who has filed such bond or such certificate of deposit has within one year immediately preceding such request been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that the applicant has been released from all of the applicant’s liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.
3. If a person whose proof has been canceled or returned under subsection 1, paragraph “c”, applies for a license or registration within a period of two years from the date proof was originally required, such application shall be refused unless the applicant reestablishes proof for the remainder of the two-year period.

   b. The department may, upon the application of such a person, issue a certificate of self-insurance if the department is satisfied that the person has and will continue to have the ability to pay judgments obtained against the person for damages arising out of the ownership, maintenance, or use of any vehicle owned by the person. A person issued a certificate of self-insurance pursuant to this subsection shall maintain a financial liability coverage card as provided in section 321.20B, subsection 2, paragraph “b”, subparagraph (1).

Upon the cancellation of a certificate of self-insurance, the person who was issued the certificate shall surrender to the director all self-insurance cards issued to the person.

CHAPTER 321C
INTERSTATE DRIVERS LICENSE COMPACTS

Referred to in §307.27, 321.1, 321.555

321C.1 Power to enter into compact — terms.
321C.2 Enforcement.

321C.1 Power to enter into compact — terms.
The director of transportation may enter into drivers license compacts with other jurisdictions in substantially the following form and the contracting states agree:

1. Article I — Findings and declaration of policy.
   a. The party states find that:
      (1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.
      (2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.
      (3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.
   b. It is the policy of each of the party states to:
      (1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.
      (2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance
§321C.1, INTERSTATE DRIVERS LICENSE COMPACTS

III-1156

of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

2. Article II — Definitions. As used in this compact:
   a. "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.
   b. "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.
   c. "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

3. Article III — Reports of conviction. The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

4. Article IV — Effect of conviction.
   a. The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:
      (1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle.
      (2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle.
      (3) Any felony in the commission of which a motor vehicle is used.
      (4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.
   b. As to other convictions, reported pursuant to article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.
   c. If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in paragraph "a" of this article, such party state shall construe the denominations and descriptions appearing in paragraph "a" hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

5. Article V — Applications for new licenses. Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:
   a. The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.
   b. The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.
   c. The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

6. Article VI — Applicability of other laws. Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party
state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

7. **Article VII — Compact administrator and interchange of information.**
   a. The head of the licensing authority of each party state shall be the administrator of this compact for that state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.
   b. The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

8. **Article VIII — Entry into force and withdrawal.**
   a. This compact shall enter into force and become effective as to any state when it has enacted the same into law.
   b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

9. **Article IX — Construction and severability.** This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable.

### CHAPTER 321D

**VEHICLE EQUIPMENT COMPACTS**

Referred to in §307.27

321D.1 Power to enter into compact — 321D.2 Enforcement.

321D.1 **Power to enter into compact — terms.**
The director of transportation may enter into vehicle equipment safety compacts with other jurisdictions in substantially the following form and the contracting states agree:

1. **Article I — Findings and purposes.**
   a. The party states find that:
      (1) Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.
      (2) There is a vital need for the development of greater interjurisdictional cooperation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.
   b. The purposes of this compact are to:
      (1) Promote uniformity in regulation of and standards for equipment.
      (2) Secure uniformity of law and administrative practice in vehicular regulation and
related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.

(3) To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in paragraph “a” of this article.

   c. It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

2. Article II — Definitions. As used in this compact:
   a. “Vehicle” means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.
   b. “State” means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.
   c. “Equipment” means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

3. Article III — The commission.
   a. There is hereby created an agency of the party states to be known as the “Vehicle Equipment Safety Commission” hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which the commissioner represents. If authorized by the laws of the commissioner’s party state, a commissioner may provide for the discharge of the commissioner’s duties and the performance of the commissioner’s functions on the commission, either for the duration of the commissioner’s membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of the alternate’s identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.
   b. The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.
   c. The commission shall have a seal.
   d. The commission shall elect annually, from among its members, a chairperson, a vice chairperson and a treasurer. The commission may appoint an executive director and fix the executive director’s duties and compensation. Such executive director shall serve at the pleasure of the commission, and together with the treasurer shall be bonded in such amount as the commission shall determine. The executive director also shall serve as secretary. If there be no executive director, the commission shall elect a secretary in addition to the other officers provided by this paragraph.
   e. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director with the approval of the commission, or the commission if there be no executive director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the commission’s functions, and shall fix the duties and compensation of such personnel.
   f. The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full-time employees. Employees of the commission shall be eligible for social security coverage in respect of old-age and survivor’s insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.
   g. The commission may borrow, accept or contract for the services of personnel from
any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

h. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize and dispose of the same.

i. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

j. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

k. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

4. Article IV — Research and testing. The commission shall have power to:

a. Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

b. Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

c. Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

d. Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or coordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

5. Article V — Vehicular equipment.

a. In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this article. No less than sixty days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

b. Following the hearing or hearings provided for in paragraph “a” of this article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

c. Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

d. The commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

e. If the constitution of a party state requires, or if its statutes provide, the approval of the
legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

f. Except as otherwise specifically provided in or pursuant to paragraphs “e” and “g” of this article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

g. The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the commission pursuant to this article if such agency specifically finds, after public hearing on due notice, that a variation from the commission’s rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this paragraph.

6. Article VI — Finance.

a. The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

b. Each of the commission’s budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: One-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission’s budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

c. The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under article III, paragraph “h” of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under article III, paragraph “h” hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

d. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the commission.

e. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

f. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

7. Article VII — Conflict of interest.

a. The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise.
employing the commission or on its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator’s jurisdiction of residence, employment or business, any violation of a commission rule or regulation adopted pursuant to this article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

b. Nothing contained in this article shall be deemed to prevent a contractor for the commission from using any facilities subject to the contractor’s control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

8. **Article VIII — Advisory and technical committees.** The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may cooperate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

9. **Article IX — Entry into force and withdrawal.**

a. This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

321E.2 Permits by department and local authorities.  
1. The department and local authorities may in their discretion and upon application and with good cause shown issue permits for the movement of special mobile equipment being temporarily moved on streets, roads, or highways and for vehicles with indivisible loads which exceed the maximum dimensions and weights specified in sections 321.452 through 321.466, but not to exceed the limitations imposed in this section and sections 321E.3 through 321E.15 except as provided in section 321E.29.  
2. Vehicles permitted to transport indivisible loads may do any of the following:  
   a. Exceed the width and length limitations specified in sections 321.454 and 321.457 for the purpose of picking up an indivisible load or returning from delivery of the indivisible load. Vehicles with retractable body extensions used to support cargo must be reduced to legal dimensions unless the vehicle is loaded and the extension is in use.  
   b. Move indivisible special mobile equipment which does not otherwise exceed the maximum dimensions and weights specified in sections 321.452 through 321.466 if the vehicle has an overall width not to exceed nine feet and all other conditions of the vehicle’s permit are met.  
3. A permit issued under this chapter shall be in writing or in an electronic format and shall be carried in the cab of the vehicle for which the permit has been issued. 4. When in the judgment of the permit-issuing authority the movement of a vehicle with an indivisible load or special mobile equipment which exceeds the maximum dimensions and weights will be unduly hazardous to public safety or will cause undue damage to infrastructure or other public or private property, the permit shall be denied and the reasons for denial endorsed on the application. Permits shall designate the days when and routes upon which loads and special mobile equipment may be moved within a county on other than primary roads.  
5. A permit-issuing authority may allow persons requesting permits under this chapter to do so in person, through the internet, by facsimile machine, or by telephone, authorizing payment for the permits to be made upon receipt of an invoice sent to the persons by the permit-issuing authority.

However, the department may issue permits on primary road extensions in cities in conjunction with movements on the rural primary road system. The department may issue an all-systems permit under section 321E.8 which is valid for movements on all highways or streets under the jurisdiction of either the state or those local authorities that have indicated to the department in writing, including by means of electronic communication, those streets or highways for which an all-systems permit is not valid.

2. At the request of a local authority, the department shall issue permits under this chapter for highways or streets that are under the jurisdiction of the local authority if the local authority has indicated to the department in writing, including by means of electronic communication, those streets or highways for which a permit is not valid.

3. Notwithstanding any other provision of this chapter to the contrary, the department shall develop and implement a single statewide system to receive applications for and issue permits authorized under this chapter that allow for the operation of vehicles of excessive size or weight on highways or streets under the jurisdiction of the state or local authorities. The department is authorized to determine, in consultation with the applicable local authorities, the network of highways and streets under the jurisdiction of local authorities, including the appropriate routes, on which vehicles issued permits under the system are authorized to operate. Permits issued under the system shall be issued by the department for a fee established by the department by rule, which fees shall be proportionate to the fees set forth in section 321E.14. The department shall allocate a portion of the fees collected under this subsection to local authorities having jurisdiction over highways or streets on which vehicles issued permits under the system are authorized to operate.

The permit-issuing authority shall make the final determination regarding the issuance of a permit and the suitability of the intended route based upon known roadway clearances and capacities. Permits shall be authorized only when the movement will not cause undue stress or damage to highway pavement, bridges, or other highway infrastructure. In addition to the dimension and weight limitations of an intended route, a permit-issuing authority shall consider the interests of public safety and, at the discretion of the permit-issuing authority, may deny the issuance of a permit when the intended movement of any vehicle or load poses a potential risk to the public.

2. A snowmobile may make a direct crossing of a street or highway provided all of the following occur:
   a. The crossing is made at an angle of approximately ninety degrees to the direction of the highway and at a place where no obstruction prevents a quick and safe crossing.
   b. The snowmobile is brought to a complete stop before crossing the shoulder or main traveled way of the highway.

A person who owns a snowmobile that is not required to have a certificate of title may apply for and receive a certificate of title for the snowmobile and, subsequently, the snowmobile shall be subject to the requirements of this chapter as if the snowmobile were required to be titled. All snowmobiles that are titled shall be registered.

2. A certificate of title shall contain the information and shall be issued on a form the department prescribes.

3. An owner of a snowmobile shall apply to the county recorder for issuance of a certificate of title within thirty days after acquisition. The application shall be on forms the department prescribes and accompanied by the required fee. The application shall include a certification signed in writing containing substantially the representation that statements made are true and correct to the best of the applicant’s knowledge, information, and belief, under penalty of perjury. The application shall contain the date of sale and gross price of the snowmobile or the fair market value if no sale immediately preceded the transfer and any additional information the department requires. If the application is made for a snowmobile last previously registered or titled in another state or foreign country, the application shall contain this information and any other information the department requires.

4. If a dealer buys or acquires a snowmobile for resale, the dealer may apply for and obtain a certificate of title as provided in this chapter. If a dealer buys or acquires a used snowmobile, the dealer may apply for a certificate of title in the dealer’s name within thirty days. If a dealer buys or acquires a new snowmobile for resale, the dealer may apply for a certificate of title in the dealer’s name.

5. A manufacturer or dealer shall not transfer ownership of a new snowmobile without supplying the transferee with the manufacturer’s or importer’s certificate of origin signed by the manufacturer’s or importer’s authorized agent. 7. The county recorder shall maintain an electronic record of any certificate of title which the county recorder issues until the certificate of title has been inactive for five years. When issuing a title for a new snowmobile, the county recorder shall obtain and keep the certificate of origin on file. When issuing a title and registration for a used snowmobile for which there is no title or registration, the county recorder shall obtain and keep on file the affidavit for the unregistered and untitled snowmobile.

Once titled, a person shall not sell or transfer ownership of a snowmobile without delivering to the purchaser or transferee a certificate of title with an assignment on it showing title in the purchaser’s or transferee’s name. A person shall not purchase or otherwise acquire a snowmobile without obtaining a certificate of title for it in that person’s name.

9. If the county recorder is not satisfied as to the ownership of the snowmobile or that there are no undisclosed security interests in the snowmobile, the county recorder may issue a certificate of title for the snowmobile but, as a condition of such issuance, may require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and also executed by a person authorized to conduct a surety business in this state. The form and amount of the bond shall be established by rule of the department. The bond shall be conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the snowmobile or person acquiring any security interest in the snowmobile, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney fees, by reason of the issuance of the certificate of title of the snowmobile on account of any defect in or undisclosed security interest upon the right, title, and interest of the applicant in and to the snowmobile. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate
liability of the surety to all persons shall not exceed the amount of the bond. The bond shall be returned at the end of three years or prior thereto if the snowmobile is no longer registered in this state and the certificate of title is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond.

Subsection 6 amended

2. If a lienholder repossesses a snowmobile by operation of law and holds it for resale, the lienholder shall secure a new certificate of title and shall pay the required fee.

321G.32 Security interest — perfection and titles — fee.

1. A security interest created in this state in a snowmobile is not perfected until the security interest is noted on the certificate of title.

The department may assign a distinguishing number to a snowmobile when the serial number on the snowmobile is destroyed or obliterated and issue to the owner a special decal bearing the distinguishing number which shall be affixed to the snowmobile in a position to be determined by the department. The snowmobile shall be registered and titled under the distinguishing number in lieu of the former serial number. Every snowmobile shall have a vehicle identification number assigned and affixed as required by the department.

2. The commission shall adopt, by rule, the procedures for application and for issuance of a vehicle identification number for homebuilt snowmobiles.

In cooperation with the county recorder, the department shall assign a vehicle identification number to the snowmobile. 3211.31 Owner's certificate of title — in general.

1. The owner of an all-terrain vehicle acquired on or after January 1, 2000, other than an all-terrain vehicle used exclusively as a farm implement or a motorcycle previously issued a title pursuant to chapter 321, shall apply to the county recorder of the county in which the owner resides for a certificate of title for the all-terrain vehicle. The owner of an all-terrain vehicle used exclusively as a farm implement may obtain a certificate of title. A person who owns an all-terrain vehicle that is not required to have a certificate of title may apply for and receive a certificate of title for the all-terrain vehicle and, subsequently, the all-terrain vehicle shall be subject to the requirements of this chapter as if the all-terrain vehicle were required to be titled. All all-terrain vehicles that are titled shall be registered.

2. A certificate of title shall contain the information and shall be issued on a form the department prescribes.

3. An owner of an all-terrain vehicle shall apply to the county recorder for issuance of a certificate of title within thirty days after acquisition. The application shall be on forms the department prescribes and accompanied by the required fee. The application shall include a certification signed in writing containing substantially the representation that statements made are true and correct to the best of the applicant's knowledge, information, and belief, under penalty of perjury. The application shall contain the date of sale and gross price of the all-terrain vehicle or the fair market value if no sale immediately preceded the transfer and any additional information the department requires. If the application is made for an all-terrain vehicle last previously registered or titled in another state or foreign country, the application shall contain this information and any other information the department requires.

4. If a dealer buys or acquires an all-terrain vehicle for resale, the dealer may apply for and obtain a certificate of title as provided in this chapter. If a dealer buys or acquires a used all-terrain vehicle, the dealer may apply for a certificate of title in the dealer’s name within thirty days. If a dealer buys or acquires a new all-terrain vehicle for resale, the dealer may apply for a certificate of title in the dealer’s name.

5. A manufacturer or dealer shall not transfer ownership of a new all-terrain vehicle without supplying the transferee with the manufacturer’s or importer’s certificate of origin signed by the manufacturer’s or importer’s authorized agent. The certificate shall contain information the department requires. The department may adopt rules providing for the issuance of a certificate of origin for an all-terrain vehicle by the department upon good cause shown by the owner.

6. A dealer transferring ownership of an all-terrain vehicle under this chapter shall assign the title to the new owner, or in the case of a new all-terrain vehicle, assign the certificate of origin. Within thirty days the dealer shall forward all moneys and applications to the county recorder.

7. The county recorder shall maintain an electronic record of any certificate of title which the county recorder issues until the certificate of title has been inactive for five years. When issuing a title for a new all-terrain vehicle, the county recorder shall obtain and keep the certificate of origin on file. When issuing a title and registration for a used all-terrain vehicle for which there is no title or registration, the county recorder shall obtain and keep on file the affidavit for the unregistered and untitled all-terrain vehicle.

8. Once titled, a person shall not sell or transfer ownership of an all-terrain vehicle without delivering to the purchaser or transferee a certificate of title with an assignment on it showing title in the purchaser’s or transferee’s name. A person shall not purchase or otherwise acquire an all-terrain vehicle without obtaining a certificate of title for it in that person’s name.

9. If the county recorder is not satisfied as to the ownership of the all-terrain vehicle or that there are no undisclosed security interests in the all-terrain vehicle, the county recorder may issue a certificate of title for the all-terrain vehicle but, as a condition of such issuance, may require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and also executed by a person authorized to
conduct a surety business in this state. The form and amount of the bond shall be established by rule of the department. The bond shall be conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the all-terrain vehicle or person acquiring any security interest in the all-terrain vehicle, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney fees, by reason of the issuance of the certificate of title of the all-terrain vehicle or on account of any defect in or undisclosed security interest upon the right, title, and interest of the applicant in and to the all-terrain vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond shall be returned at the end of three years or prior thereto if the all-terrain vehicle is no longer registered in this state and the certificate of title is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond.

10. A motorcycle that has been issued a certificate of title pursuant to this section may be issued a title pursuant to chapter 321 upon proper application and surrender of the existing title. Upon issuance of a title pursuant to chapter 321, the certificate of title previously issued pursuant to this section shall be returned to the issuing county recorder.

Subsection 6 amended

§321I.32 Fees — duplicates.
1. The county recorder shall charge a ten dollar fee to issue a certificate of title, a transfer of title, a duplicate, or a corrected certificate of title.
2. If a certificate of title is lost, stolen, mutilated, destroyed, or becomes illegible, the first lienholder or, if there is none, the owner named in the certificate, as shown by the county recorder’s records, shall within thirty days obtain a duplicate by applying to the county recorder. The applicant shall furnish information the department requires concerning the original certificate and the circumstances of its loss, mutilation, or destruction.
3. The duplicate certificate of title shall be marked plainly “duplicate” across its face and mailed or delivered to the applicant.
4. If a lost or stolen original certificate of title for which a duplicate has been issued is recovered, the original shall be surrendered promptly to the county recorder for cancellation.
5. Five dollars of the certificate of title fees collected under this section shall be remitted by the county recorder to the treasurer of state for deposit in the special all-terrain vehicle fund created under section 321I.8. The remaining five dollars shall be retained by the county and deposited into the general fund of the county.

§321I.33 Transfer or repossession by operation of law.
1. If ownership of an all-terrain vehicle is transferred by operation of law, such as by inheritance, order in bankruptcy, insolvency, replevin, or execution sale, the transferee, within thirty days after acquiring the right to possession of the all-terrain vehicle, shall mail or deliver to the county recorder of the transferee’s county of residence satisfactory proof of ownership as the county recorder requires, together with an application for a new certificate of title, and the required fee.
2. If a lienholder repossesses an all-terrain vehicle by operation of law and holds it for resale, the lienholder shall secure a new certificate of title and shall pay the required fee.

2004 Acts, ch 1132, §76; 2012 Acts, ch 1100, §56

§321I.34 Security interest — perfection and titles — fee.
1. A security interest created in this state in an all-terrain vehicle is not perfected until the security interest is noted on the certificate of title.
2. To perfect the security interest, an application for security interest must be presented
along with the original title. The county recorder shall note the security interest on the face of the title and in the electronic record maintained by the recorder’s office.

b. The application fee for a security interest is ten dollars. Five dollars of the fee shall be credited to the special all-terrain vehicle fund created under section 3211.8. The remaining five dollars shall be retained by the county and deposited into the general fund of the county.

2. The certificate of title shall be presented to the county recorder when the application for security interest or for assignment of the security interest is presented and a new or endorsed certificate of title shall be issued to the secured party with the name and address of the secured party upon it.

3. When a security interest is discharged, the secured party shall note the cancellation of the security interest on the face of the certificate of title and send the title by first class mail to the office of the county recorder where the title was issued. If the title has been lost or destroyed, the secured party may discharge the security interest by sending a signed, notarized statement to the office of the county recorder where the title was issued. The county recorder shall note the release of the security interest in the county records and attach the statement to the certificate of title as evidence of the release of the security interest.

3211.35 Vehicle identification number.

1. The department may assign a distinguishing number to an all-terrain vehicle when the serial number on the all-terrain vehicle is destroyed or obliterated and issue to the owner a special decal bearing the distinguishing number which shall be affixed to the all-terrain vehicle in a position to be determined by the department. The all-terrain vehicle shall be registered and titled under the distinguishing number in lieu of the former serial number. Every all-terrain vehicle shall have a vehicle identification number assigned and affixed as required by the department.

2. The commission shall adopt, by rule, the procedures for application and for issuance of a vehicle identification number for homebuilt all-terrain vehicles.

3. A person shall not destroy, remove, alter, cover, or deface the manufacturer’s vehicle identification number, the plate or decal bearing it, or any vehicle identification number the department assigns to an all-terrain vehicle without the department’s permission.

4. A person other than a manufacturer who constructs or rebuilds an all-terrain vehicle for which there is no legible vehicle identification number shall submit to the department an affidavit which describes the all-terrain vehicle. In cooperation with the county recorder, the department shall assign a vehicle identification number to the all-terrain vehicle. The applicant shall permanently affix the vehicle identification number to the all-terrain vehicle in a manner that such alteration, removal, or replacement of the vehicle identification number would be obvious.

or more convictions within the previous three years which occurred while the person’s registration privilege was suspended or revoked.

5. a. Upon the conviction of a person of any violation of this chapter or a rule adopted under this chapter, the court, as a part of the judgment, may suspend or revoke one or more all-terrain vehicle registration or user permit privileges of the person for any definite period.

b. The court shall revoke all of the person’s all-terrain vehicle registrations or user permits and suspend the privilege of procuring a registration or user permit for a period of one year for any person who has been convicted twice within one year of trespassing while operating an all-terrain vehicle. A person shall not be issued a registration or user permit during the period of suspension or revocation.

7. a. All persons convicted of an offense under subsection 2 shall be ordered, at the person’s expense, to undergo, prior to sentencing, a substance abuse evaluation. The court shall order the person to follow the recommendations proposed in the substance abuse evaluation as provided in section 321J.3.
   b. Where the program is available and is appropriate for the convicted person, a person convicted of an offense under subsection 2 shall be ordered to participate in a reality education substance abuse prevention program as provided in section 321J.24.
   c. A minimum term of imprisonment in a county jail or community-based correctional facility imposed on a person convicted of a second or subsequent offense under subsection 2, paragraph “b” or “c” shall be served on consecutive days. However, if the sentencing court finds that service of the full minimum term on consecutive days would work an undue hardship on the person, or finds that sufficient jail space is not available and is not reasonably expected to become available within four months after sentencing to incarcerate the person serving the minimum sentence on consecutive days, the court may order the person to serve the minimum term in segments of at least forty-eight hours and to perform a specified number of hours of unpaid community service as deemed appropriate by the sentencing court.

8. In determining if a violation charged is a second or subsequent offense for purposes of criminal sentencing or license revocation under this chapter:

b. Deferred judgments entered pursuant to section 907.3 for violations of this section shall be counted as previous offenses.

c. Convictions or the equivalent of deferred judgments for violations in any other states under statutes substantially corresponding to this section shall be counted as previous offenses. The courts shall judicially notice the statutes of other states which define offenses substantially equivalent to the one defined in this section and can therefore be considered corresponding statutes. Each previous violation on which conviction or deferral of judgment was entered prior to the date of the violation charged shall be considered and counted as a separate previous offense.

9. A person shall not be convicted and sentenced for more than one violation of this section for actions arising out of the same event or occurrence, even if the event or occurrence involves more than one of the conditions specified in subsection 1.

10. The clerk of the district court shall immediately certify to the department a true copy of each order entered with respect to deferral of judgment, deferral of sentence, or pronouncement of judgment and sentence for a defendant under this section.

11. a. This section does not apply to a person operating a motor vehicle while under the influence of a drug if the substance was prescribed for the person and was taken under the prescription and in accordance with the directions of a medical practitioner as defined in chapter 155A or if the substance was dispensed by a pharmacist without a prescription pursuant to the rules of the board of pharmacy, if there is no evidence of the consumption of alcohol and the medical practitioner or pharmacist had not directed the person to refrain from operating a motor vehicle.

b. When charged with a violation of subsection 1, paragraph “c”, a person may assert, as an affirmative defense, that the controlled substance present in the person’s blood or urine was prescribed or dispensed for the person and was taken in accordance with the directions of a practitioner and the labeling directions of the pharmacy, as that person and place of business are defined in section 155A.3.

12. In any prosecution under this section, evidence of the results of analysis of a specimen of the defendant’s blood, breath, or urine is admissible upon proof of a proper foundation.

a. The alcohol concentration established by the results of an analysis of a specimen of the defendant’s blood, breath, or urine withdrawn within two hours after the defendant was driving or in physical control of a motor vehicle is presumed to be the alcohol concentration at the time of driving or being in physical control of the motor vehicle.

b. The presence of a controlled substance or other drug established by the results of analysis of a specimen of the defendant’s blood or urine withdrawn within two hours after the defendant was driving or in physical control of a motor vehicle is presumed to show the presence of such controlled substance or other drug in the defendant at the time of driving or being in physical control of the motor vehicle.

c. The department of public safety shall adopt nationally accepted standards for determining detectable levels of controlled substances in the division of criminal investigation’s initial laboratory screening test for controlled substances.

13. a. In addition to any fine or penalty imposed under this chapter, the court shall order a defendant convicted of or receiving a deferred judgment for a violation of this section to make restitution for damages resulting directly from the violation, to the victim, pursuant to chapter 910. An amount paid pursuant to this restitution order shall be credited toward any adverse judgment in a subsequent civil proceeding arising from the same occurrence. However, other than establishing a credit, a restitution proceeding pursuant to this section shall not be given evidentiary or preclusive effect in a subsequent civil proceeding arising from the same occurrence.

b. The court may order restitution paid to any public agency for the costs of the emergency response resulting from the actions constituting a violation of this section, not exceeding five hundred dollars per public agency for each such response. For the purposes of this paragraph, “emergency response” means any incident requiring response by fire fighting, law enforcement, ambulance, medical, or other emergency services. A public agency seeking such restitution shall consult with the county attorney regarding the expenses incurred by
the public agency, and the county attorney may include the expenses in the statement of pecuniary damages pursuant to section 910.3.

14. In any prosecution under this section, the results of a chemical test shall not be used to prove a violation of subsection 1, paragraph “b” or “c”, if the alcohol, controlled substance, or other drug concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the chemical test does not equal or exceed the level prohibited by subsection 1, paragraph “b” or “c”.

Subsection 5, unnumbered paragraph 1 amended
Subsection 5, NEW paragraph e

321J.2A Persons under the age of twenty-one.

1. A person who is under the age of twenty-one shall not operate a motor vehicle while having an alcohol concentration, as defined under section 321J.1, of .02 or more. The driver’s license or nonresident operating privilege of a person who is under the age of twenty-one and who operates a motor vehicle while having an alcohol concentration of .02 or more shall be revoked by the department for the period of time specified under section 321J.12. A revocation under this section shall not preclude a prosecution or conviction under any applicable criminal provisions of this chapter. However, if the person is convicted of a criminal offense under section 321J.2, the revocation imposed under this section shall be superseded by any revocation imposed as a result of the conviction.

2. In any proceeding regarding a revocation under this section, evidence of the results of analysis of a specimen of the defendant’s blood, breath, or urine is admissible upon proof of a proper foundation. The alcohol concentration established by the results of analysis of a specimen of the defendant’s blood, breath, or urine withdrawn within two hours after the defendant was driving or in physical control of a motor vehicle is presumed to be the alcohol concentration at the time of driving or being in physical control of the motor vehicle.

321J.2B Parental and school notification — persons under eighteen years of age.

1. A peace officer shall make a reasonable effort to identify a person under the age of eighteen who violates section 321J.2 or 321J.2A and, if the person is not referred to juvenile court, the law enforcement agency of which the peace officer is an employee shall make a reasonable attempt to notify the person’s custodial parent or legal guardian of the violation, whether or not the person is taken into custody, unless the officer has reasonable grounds to believe that notification is not in the best interests of the person or will endanger that person.

2. The peace officer shall also make a reasonable effort to identify the elementary or secondary school which the person attends if the person is enrolled in elementary or secondary school and to notify the superintendent or the superintendent’s designee of the school which the person attends, or the authorities in charge of the nonpublic school which the person attends, of the violation. If the person is taken into custody, the peace officer shall notify a juvenile court officer who shall make a reasonable effort to identify the elementary or secondary school the person attends, if any, and to notify the superintendent of the school district or the superintendent’s designee, or the authorities in charge of the
nonpublic school, of the violation. A reasonable attempt to notify the person includes, but is not limited to, a telephone call or notice by first-class mail.

§321J.3 Substance abuse evaluation or treatment — rules.
1. a. In addition to orders issued pursuant to section 321J.2, subsections 3, 4, and 5, and section 321J.17, the court shall order any defendant convicted under section 321J.2 to follow the recommendations proposed in the substance abuse evaluation for appropriate substance abuse treatment for the defendant. Court-ordered substance abuse treatment is subject to the periodic reporting requirements of section 125.86.
   b. If a defendant is committed by the court to a substance abuse treatment facility, the administrator of the facility shall report to the court when it is determined that the defendant has received the maximum benefit of treatment at the facility and the defendant shall be released from the facility. The time for which the defendant is committed for treatment shall be credited against the defendant’s sentence.
   c. The court may prescribe the length of time for the evaluation and treatment or it may request that the community college or other approved provider conducting the course for drinking drivers which the person is ordered to attend or the treatment program to which the person is committed immediately report to the court when the person has received maximum benefit from the course for drinking drivers or treatment program or has recovered from the person’s addiction, dependency, or tendency to chronically abuse alcohol or drugs.
   d. Upon successfully completing a course for drinking drivers or an ordered substance abuse treatment program, a court may place the person on probation for six months and as a condition of probation, the person shall attend a program providing posttreatment services relating to substance abuse as approved by the court.
   e. A person committed under this section who does not possess sufficient income or estate to make payment of the costs of the treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125.44.
   f. A defendant who fails to carry out the order of the court shall be confined in the county jail for twenty days in addition to any other imprisonment ordered by the court or may be ordered to perform unpaid community service work, and shall be placed on probation for one year with a violation of this probation punishable as contempt of court.
   g. In addition to any other condition of probation, the person shall attend a program providing substance abuse prevention services or posttreatment services related to substance abuse as ordered by the court. The person shall report to the person’s probation officer as ordered concerning proof of attendance at the treatment program or posttreatment program ordered by the court. Failure to attend or complete the program shall be considered a violation of probation and is punishable as contempt of court.
2. a. Upon a second or subsequent offense in violation of section 321J.2, the court upon hearing may commit the defendant for inpatient treatment of alcoholism or drug addiction or dependency to any hospital, institution, or community correctional facility in Iowa providing such treatment. The time for which the defendant is committed for treatment shall be credited against the defendant’s sentence.
   b. The court may prescribe the length of time for the evaluation and treatment or it may request that the hospital to which the person is committed immediately report to the court when the person has received maximum benefit from the program of the hospital or institution or has recovered from the person’s addiction, dependency, or tendency to chronically abuse alcohol or drugs.
   c. A person committed under this section who does not possess sufficient income or estate to make payment of the costs of the treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125.44.
3. The state department of transportation, in cooperation with the judicial branch, shall adopt rules, pursuant to the procedure in section 125.33, regarding the assignment of persons ordered under section 321J.17 to submit to substance abuse evaluation and treatment. The rules shall be applicable only to persons other than those committed to the
custody of the director of the department of corrections under section 321J.2. The rules shall be consistent with the practices and procedures of the judicial branch in sentencing persons to substance abuse evaluation and treatment under section 321J.2. The rules shall include the requirement that the treatment programs utilized by a person pursuant to an order of the department meet the licensure standards of the department of public health for substance abuse treatment programs under chapter 125. The rules shall also include provisions for payment of costs by the offenders, including insurance reimbursement on behalf of offenders, or other forms of funding, and shall also address reporting requirements of the facility, consistent with the provisions of sections 125.84 and 125.86. The department shall be entitled to treatment information contained in reports to the department, notwithstanding any provision of chapter 125 that would restrict department access to treatment information and records.

321J.4 Revocation of license — ignition interlock devices — temporary restricted license.

1. If a defendant is convicted of a violation of section 321J.2 and the defendant’s driver’s license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant’s driver’s license or nonresident operating privilege for one hundred eighty days if the defendant submitted to chemical testing and has had no previous conviction or revocation under this chapter and shall revoke the defendant’s driver’s license or nonresident operating privilege for one year if the defendant refused to submit to chemical testing and has had no previous conviction or revocation under this chapter. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

2. If a defendant is convicted of a violation of section 321J.2, and the defendant’s driver’s license or nonresident operating privilege has not already been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant’s driver’s license or nonresident operating privilege for one year if the defendant submitted to chemical testing and has had a previous conviction or revocation under this chapter and shall revoke the defendant’s driver’s license or nonresident operating privilege for two years if the defendant refused to submit to chemical testing and has had a previous revocation under this chapter. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. If the court defers judgment pursuant to section 907.3 for a violation of section 321J.2, and if the defendant’s driver’s license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12, or has not otherwise been revoked for the occurrence from which the arrest arose, the department shall revoke the defendant’s driver’s license or nonresident operating privilege for a period of not less than thirty days nor more than ninety days. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

4. Upon a plea or verdict of guilty of a third or subsequent violation of section 321J.2, the department shall revoke the defendant’s driver’s license or nonresident operating privilege for a period of six years. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.
§321J.4, OPERATING WHILE INTOXICATED

A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

5. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a personal injury, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a serious injury was sustained by any person other than the defendant and, if so, whether the defendant’s conduct in violation of section 321J.2 caused the serious injury. If the court so determines, the court shall order the department to revoke the defendant’s driver’s license or nonresident operating privilege for a period of one year in addition to any other period of suspension or revocation. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

6. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a death, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a death occurred and, if so, whether the defendant’s conduct in violation of section 321J.2 caused the death. If the court so determines, the court shall order the department to revoke the defendant’s driver’s license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for any temporary restricted license for at least two years after the revocation. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

7. If a license or permit to operate a motor vehicle is revoked or denied under this section or section 321J.9 or 321J.12, the period of revocation or denial shall be the period provided for such a revocation or until the defendant reaches the age of eighteen whichever period is longer.

8. a. On a conviction for or as a condition of a deferred judgment for a violation of section 321J.2, the court may order the defendant to install ignition interlock devices of a type approved by the commissioner of public safety on all motor vehicles owned or operated by the defendant which, without tampering or the intervention of another person, would prevent the defendant from operating the motor vehicle with an alcohol concentration greater than a level set by rule of the commissioner of public safety.

b. The commissioner of public safety shall adopt rules to approve certain ignition interlock devices and the means of installation of the devices, and shall establish the level of alcohol concentration beyond which an ignition interlock device will not allow operation of the motor vehicle in which it is installed.

c. The order to install ignition interlock devices shall remain in effect for a period of time as determined by the court which shall not exceed the maximum term of imprisonment which the court could have imposed according to the nature of the violation. While the order is in effect, the defendant shall not operate a motor vehicle which does not have an approved ignition interlock device installed.

d. If the defendant’s driver’s license or nonresident operating privilege has been revoked, the department shall not issue a temporary permit or a driver’s license to the person without certification that approved ignition interlock devices have been installed in all motor vehicles owned or operated by the defendant while the order is in effect.

e. A defendant who fails within a reasonable time to comply with an order to install an approved ignition interlock device may be declared in contempt of court and punished accordingly.

f. A person who tampers with or circumvents an ignition interlock device installed under a court order while an order is in effect commits a serious misdemeanor.

1. For purposes of this section:
   a. “Immobilized” means the installation of a device in a motor vehicle that completely prevents a motor vehicle from being operated, or the installation of an ignition interlock device of a type approved by the commissioner of public safety.
   b. “Impoundment” means the process of seizure and confinement within an enclosed area of a motor vehicle, for the purpose of restricting access to the vehicle.
   c. “Owner” means the registered titleholder of a motor vehicle; except in the case where a rental or leasing agency is the registered titleholder, in which case the lessee of the vehicle shall be treated as the owner of the vehicle for purposes of this section.

2. a. A motor vehicle is subject to impoundment in the following circumstances:
   (1) If a person operates a vehicle in violation of section 321J.2, and if convicted for that conduct, the conviction would be a second or subsequent offense under section 321J.2.
   (2) If a person operates a vehicle while that person's driver's license or operating privilege has been suspended, denied, revoked, or barred due to a violation of section 321J.2.
   b. The clerk of court shall send notice of a conviction of an offense for which the vehicle was impounded to the impounding authority upon conviction of the defendant for such offense.
   c. Impoundment of the vehicle under this section may occur in addition to any criminal penalty imposed under chapter 321 or this chapter for the underlying criminal offense.

3. The motor vehicle operated by the person in the commission of any offense included in subsection 2 may be immediately impounded or immobilized in accordance with this section.
   a. A person or agency taking possession of an impounded or immobilized motor vehicle shall do the following:
      (1) Make an inventory of any property contained in the vehicle, according to the agency's inventory procedure. The agency responsible for the motor vehicle shall also deliver a copy of the inventory to the county attorney.
      (2) Contact all rental or leasing agencies registered as owners of the vehicle, as well as any parties registered as holders of a secured interest in the vehicle, in accordance with subsection 12.
   b. The county attorney shall file a copy of the inventory with the district court as part of each file related to criminal charges filed under this section.

4. An owner of a motor vehicle impounded or immobilized under this section, who knows of, should have known of, or gives consent to the operation of, the motor vehicle in violation of subsection 2, paragraph “a”, subparagraph (2), shall be:
   a. Guilty of a simple misdemeanor, and
   b. Jointly and severally liable for any damages caused by the person who operated the motor vehicle, subject to the provisions of chapter 668.

5. a. The following persons shall be entitled to immediate return of the motor vehicle without payment of costs associated with the impoundment or immobilization of the vehicle:
   (1) The owner of the motor vehicle, if the person who operated the motor vehicle is not a co-owner of the motor vehicle.
   (2) A motor vehicle rental or leasing agency that owns the vehicle.
   (3) A person who owns the motor vehicle and who is charged but is not convicted of the violation of section 321.218, 321.561, 321A.32, 321J.2, or 321J.21, which resulted in the impoundment or immobilization of the motor vehicle under this section.
   b. Upon conviction of the defendant for a violation of subsection 2, paragraph “a”, subparagraph (1), the court may order continued impoundment, or the immobilization, of the motor vehicle used in the commission of the offense, if the convicted person is the owner of the motor vehicle, and shall specify all of the following in the order:
      (1) The motor vehicle that is subject to the order.
      (2) The period of impoundment or immobilization.
§321J.4B, OPERATING WHILE INTOXICATED

(3) The person or agency responsible for carrying out the order requiring continued impoundment, or the immobilization, of the motor vehicle.

       c. If the vehicle subject to the order is in the custody of a law enforcement agency, the court shall designate that agency as the responsible agency. If the vehicle is not in the custody of a law enforcement agency, the person or agency responsible for carrying out the order shall be any person deemed appropriate by the court, including but not limited to a law enforcement agency with jurisdiction over the area in which the residence of the vehicle owner is located. The person or agency responsible for carrying out the order shall determine whether the motor vehicle shall be impounded or immobilized.

       d. The period of impoundment or immobilization of a motor vehicle under this section shall be the period of license revocation imposed upon the person convicted of the offense or one hundred eighty days, whichever period is longer. The impoundment or immobilization period shall commence on the day that the vehicle is first impounded or immobilized.

       e. The clerk of the district court shall send a copy of the order to the department, the person convicted of the offense, the person or agency responsible for executing the order for impoundment or immobilization, and any holders of any security interests in the vehicle.

       f. (1) If the vehicle subject to the court order is not in the custody of a law enforcement agency, the person or agency designated in the order as the person or agency responsible for executing the order shall, upon receipt of the order, promptly locate the vehicle specified in the order, seize the motor vehicle and the license plates, and send or deliver the vehicle's license plates to the department.

               (2) If the vehicle is located at a place other than the place at which the court order is to be carried out, the person or agency responsible for executing the order shall arrange for the vehicle to be moved to the place of impoundment or immobilization. When the vehicle is found, is impounded or immobilized, and is at the place of impoundment or immobilization, the person or agency responsible for executing the order shall notify the clerk of the date on which the order was executed. The clerk shall notify the department of the date on which the order was executed.

       g. Upon receipt of a court order for continued impoundment or immobilization of the motor vehicle, the agency shall review the value of the vehicle in relation to the costs associated with the period of impoundment of the motor vehicle specified in the order. If the agency determines that the costs of impoundment of the motor vehicle exceed the actual wholesale value of the motor vehicle, the agency may treat the vehicle as an abandoned vehicle pursuant to section 321.89. If the agency elects to treat the motor vehicle as abandoned, the agency shall notify the registered owner of the motor vehicle that the vehicle shall be deemed abandoned and shall be sold in the manner provided in section 321.89 if payment of the total cost of impoundment is not received within twenty-one days of the mailing of the notice. The agency shall provide documentation regarding the valuation of the vehicle and the costs of impoundment. This paragraph shall not apply to vehicles that are immobilized pursuant to this section or if subsection 12, paragraph “(a),” subparagraph (1) or (2), applies.

       6. Upon conviction of the defendant for a second or subsequent violation of subsection 2, paragraph “(a),” subparagraph (2), the court shall order, if the convicted person is the owner of the motor vehicle used in the commission of the offense, that that motor vehicle be seized and forfeited to the state pursuant to chapters 809 and 809A.

       7. a. Upon receipt of a notice of conviction of the defendant for a violation of subsection 2, the impounding authority shall seize the motor vehicle’s license plates and registration, and shall send or deliver them to the department.

               b. The department shall destroy license plates received under this section and shall not authorize the release of the vehicle or the issuance of new license plates for the vehicle until the period of impoundment or immobilization has expired, and the fee and costs assessed under subsection 10 have been paid. The fee for issuance of new license plates and certificates of registration shall be the same as for the replacement of lost, mutilated, or destroyed license plates and certificates of registration.

       8. a. Upon conviction for a violation of subsection 2, the court shall assess the defendant, in addition to any other penalty, a fee of one hundred dollars plus the cost of any expenses
for towing, storage, and any other costs of impounding or immobilizing the motor vehicle, to be paid to the clerk of the district court.

b. The person or agency responsible for impoundment or immobilization under this section shall inform the court of the costs of towing, storage, and any other costs of impounding or immobilizing the motor vehicle. Upon payment of the fee and costs, the clerk shall forward a copy of the receipt to the department.

c. If a law enforcement agency impounds or immobilizes a motor vehicle, the amount of the fee and expenses deposited with the clerk shall be paid by the clerk to the law enforcement agency responsible for executing the order to reimburse the agency for costs incurred for impoundment or immobilization equipment and, if required, in sending officers to search for and locate the vehicle specified in the impoundment or immobilization order.

9. Operating a motor vehicle on a street or highway in this state in violation of an order of impoundment or immobilization is a serious misdemeanor. A motor vehicle which is subject to an order of impoundment or immobilization that is operated on a street or highway in this state in violation of the order shall be seized and forfeited to the state under chapters 809 and 809A.

10. Once the period of impoundment or immobilization has expired, the owner of the motor vehicle shall have thirty days to claim the motor vehicle and pay all fees and charges imposed under this section. If the owner or the owner’s designee has not claimed the vehicle and paid all fees and charges imposed under this section within seven days from the date of expiration of the period, the clerk shall send written notification to the motor vehicle owner, at the owner’s last known address, notifying the owner of the date of expiration of the period of impoundment or immobilization and of the period in which the motor vehicle must be claimed. If the motor vehicle owner fails to claim the motor vehicle and pay all fees and charges imposed within the thirty-day period, the motor vehicle shall be forfeited to the state under chapters 809 and 809A.

11. a. (1) During the period of impoundment or immobilization the owner of an impounded or immobilized vehicle shall not sell or transfer the title of the motor vehicle which is subject to the order of impoundment or immobilization.

(2) A person convicted of an offense under subsection 2 shall not purchase or register any motor vehicle during the period of impoundment, immobilization, or license revocation.

b. If, during the period of impoundment or immobilization, the title to the motor vehicle which is the subject of the order is transferred by the foreclosure of a chattel mortgage, a sale upon execution, the cancellation of a conditional sales contract, or an order of a court, the court which enters the order that permits transfer of the title shall notify the department of the transfer of the title. The department shall enter notice of the transfer of the title to the motor vehicle in the previous owner’s vehicle registration record.

c. Violation of paragraph “a” is a serious misdemeanor.

12. a. Notwithstanding other requirements of this section:

(1) Upon learning the address or phone number of a rental or leasing company which owns a motor vehicle impounded or immobilized under this section, the peace officer, county attorney, or attorney general shall immediately contact the company to inform the company that the vehicle is available for return to the company.

(2) The holder of a security interest in a vehicle which is impounded or immobilized pursuant to this section or forfeited in the manner provided in chapters 809 and 809A shall be notified of the impoundment, immobilization, or forfeiture within seventy-two hours of the seizure of the vehicle and shall have the right to claim the motor vehicle without payment of any fees or surcharges unless the value of the vehicle exceeds the value of the security interest held by the creditor.

(3) Any of the following persons may make application to the court for permission to operate a motor vehicle, which is impounded or immobilized pursuant to this section, during the period of impoundment or immobilization, if the applicant’s driver’s license or operating privilege has not been suspended, denied, revoked, or barred, and an ignition interlock device of a type approved by the commissioner of public safety is installed in the motor vehicle prior to operation:

(a) A person, other than the person who committed the offense which resulted in the
impoundment or immobilization, who is not a member of the immediate family of the person who committed the offense but is a joint owner of the motor vehicle.

(b) A member of the immediate family of the person who committed the offense which resulted in the impoundment or immobilization, if the member demonstrates that the motor vehicle that is subject to the order for impoundment or immobilization is the only motor vehicle possessed by the family.

b. For purposes of this section, “a member of the immediate family” means a spouse, child, or parent of the person who committed the offense.

13. The impoundment, immobilization, or forfeiture of a motor vehicle under this chapter does not constitute loss of use of a motor vehicle for purposes of any contract of insurance.

321J.5 Preliminary screening test.

1. When a peace officer has reasonable grounds to believe that either of the following have occurred, the peace officer may request that the operator provide a sample of the operator’s breath for a preliminary screening test using a device approved by the commissioner of public safety for that purpose:

a. A motor vehicle operator may be violating or has violated section 321J.2 or 321J.2A.

b. The operator has been involved in a motor vehicle collision resulting in injury or death.

2. The results of this preliminary screening test may be used for the purpose of deciding whether an arrest should be made or whether to request a chemical test authorized in this chapter, but shall not be used in any court action except to prove that a chemical test was properly requested of a person pursuant to this chapter.

321J.6 Implied consent to test.

1. A person who operates a motor vehicle in this state under circumstances which give reasonable grounds to believe that the person has been operating a motor vehicle in violation of section 321J.2 or 321J.2A is deemed to have given consent to the withdrawal of specimens of the person’s blood, breath, or urine and to a chemical test or tests of the specimens for the purpose of determining the alcohol concentration or presence of a controlled substance or other drugs, subject to this section. The withdrawal of the body substances and the test or tests shall be administered at the written request of a peace officer having reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A, and if any of the following conditions exist:

a. A peace officer has lawfully placed the person under arrest for violation of section 321J.2.

b. The person has been involved in a motor vehicle accident or collision resulting in personal injury or death.

c. The person has refused to take a preliminary breath screening test provided by this chapter.

d. The preliminary breath screening test was administered and it indicated an alcohol concentration equal to or in excess of the level prohibited by section 321J.2.

e. The preliminary breath screening test was administered to a person operating a commercial motor vehicle as defined in section 321.1 and it indicated an alcohol concentration of 0.04 or more.

f. The preliminary breath screening test was administered and it indicated an alcohol concentration less than the level prohibited by section 321J.2, and the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.

g. The preliminary breath screening test was administered and it indicated an alcohol concentration of 0.02 or more but less than 0.08 and the person is under the age of twenty-one.

2. The peace officer shall determine which of the three substances, breath, blood, or urine, shall be tested. Refusal to submit to a chemical test of urine or breath is deemed a refusal.
to submit, and section 321J.9 applies. A refusal to submit to a chemical test of blood is not deemed a refusal to submit, but in that case, the peace officer shall then determine which one of the other two substances shall be tested and shall offer the test. If the peace officer fails to offer a test within two hours after the preliminary screening test is administered or refused or the arrest is made, whichever occurs first, a test is not required, and there shall be no revocation under section 321J.9.

3. Notwithstanding subsection 2, if the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a blood or urine test shall be required even after another type of test has been administered. Section 321J.9 applies to a refusal to submit to a chemical test of urine or blood requested under this subsection.

321J.7 Dead or unconscious persons.

A person who is dead, unconscious, or otherwise in a condition rendering the person incapable of consent or refusal is deemed not to have withdrawn the consent provided by section 321J.6, and the test may be given if a licensed physician, physician assistant, or advanced registered nurse practitioner certifies in advance of the test that the person is unconscious or otherwise in a condition rendering that person incapable of consent or refusal. If the certification is oral, a written certification shall be completed by the physician, physician assistant, or advanced registered nurse practitioner within a reasonable time of the test.

321J.8 Statement of officer.

1. A person who has been requested to submit to a chemical test shall be advised by a peace officer of the following:

a. If the person refuses to submit to the test, the person’s driver’s license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.9.

b. If the person submits to the test and the results indicate the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2 or 321J.2A, the person’s driver’s license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.12.

c. (1) If the person is operating a commercial motor vehicle as defined in section 321.1 and either refuses to submit to the test or submits to the test and the results indicate an alcohol concentration of 0.04 or more, the person is disqualified from operating a commercial motor vehicle for the applicable period under section 321.208 in addition to any revocation of the person’s driver’s license or nonresident operating privilege which may be applicable under this chapter.

(2) If the person is operating a noncommercial motor vehicle and holding a commercial driver’s license or commercial learner’s permit as defined in section 321.1 and either refuses to submit to the test or submits to the test and the results indicate the presence of a controlled substance or other drug or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2, the person is disqualified from operating a commercial motor vehicle for the applicable period under section 321.208 in addition to any revocation of the person’s driver’s license or nonresident operating privilege which may be applicable under this chapter.

2. This section does not apply in any case involving a person described in section 321J.7.

§321J.9, OPERATING WHILE INTOXICATED

321J.9 Refusal to submit — revocation.
1. If a person refuses to submit to the chemical testing, a test shall not be given, but the department, upon the receipt of the peace officer’s certification, subject to penalty for perjury, that the officer had reasonable grounds to believe the person to have been operating a motor vehicle in violation of section 321J.2 or 321J.2A, that specified conditions existed for chemical testing pursuant to section 321J.6, and that the person refused to submit to the chemical testing, shall revoke the person’s driver’s license and any nonresident operating privilege for the following periods of time:
   a. One year if the person has no previous revocation under this chapter; and
   b. Two years if the person has had a previous revocation under this chapter.
2. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.
3. If the person is a resident without a license or permit to operate a motor vehicle in this state, the department shall deny to the person the issuance of a license or permit for the same period a license or permit would be revoked, subject to review as provided in this chapter.
4. The effective date of revocation shall be ten days after the department has mailed notice of revocation to the person by first class mail, notwithstanding chapter 17A. The peace officer who requested or directed the administration of a chemical test may, on behalf of the department, serve immediate notice of intention to revoke and of revocation on a person who refuses to permit chemical testing. If the peace officer serves immediate notice, the peace officer shall take the Iowa license or permit of the driver, if any, and issue a temporary license effective for ten days. The peace officer shall immediately send the person’s license to the department along with the officer’s certificate indicating the person’s refusal to submit to chemical testing.
2018 amendment applies to all persons who apply for or are issued a temporary restricted license under chapter 321J on or after July 1, 2018; 2018 Acts, ch 1110, §9

321J.10 Tests pursuant to warrants.
1. Refusal to consent to a test under section 321J.6 does not prohibit the withdrawal of a specimen for chemical testing pursuant to a search warrant issued in the investigation of a suspected violation of section 707.5 or 707.6A if all of the following grounds exist:
   a. A traffic accident has resulted in a death or personal injury reasonably likely to cause death.
   b. There are reasonable grounds to believe that one or more of the persons whose driving may have been the proximate cause of the accident was violating section 321J.2 at the time of the accident.
2. Search warrants may be issued under this section in full compliance with chapter 808 or they may be issued under subsection 3.
3. Notwithstanding section 808.3, the issuance of a search warrant under this section may be based upon sworn oral testimony communicated by telephone if the magistrate who is asked to issue the warrant is satisfied that the circumstances make it reasonable to dispense with a written affidavit. The following shall then apply:
   a. When a caller applies for the issuance of a warrant under this section and the magistrate becomes aware of the purpose of the call, the magistrate shall place under oath the person applying for the warrant.
   b. The person applying for the warrant shall prepare a duplicate warrant and read the duplicate warrant, verbatim, to the magistrate who shall enter, verbatim, what is read to the magistrate on a form that will be considered the original warrant. The magistrate may direct that the warrant be modified.
   c. The oral application testimony shall set forth facts and information tending to establish the existence of the grounds for the warrant and shall describe with a reasonable degree of
specify the person or persons whose driving is believed to have been the proximate cause of the accident and from whom a specimen is to be withdrawn and the location where the withdrawal of the specimen or specimens is to take place.

d. If a voice recording device is available, the magistrate may record by means of that device all of the call after the magistrate becomes aware of the purpose of the call. Otherwise, the magistrate shall cause a stenographic or longhand memorandum to be made of the oral testimony of the person applying for the warrant.

e. If the magistrate is satisfied from the oral testimony that the grounds for the warrant exist or that there is probable cause to believe that they exist, the magistrate shall order the issuance of the warrant by directing the person applying for the warrant to sign the magistrate’s name on the duplicate warrant. The magistrate shall immediately sign the original warrant and enter on its face the exact time when the issuance was ordered.

f. The person who executes the warrant shall enter the time of execution on the face of the duplicate warrant.

g. The magistrate shall cause any record of the call made by means of a voice recording device to be transcribed, shall certify the accuracy of the transcript, and shall file the transcript and the original record with the clerk. If a stenographic or longhand memorandum was made of the oral testimony of the person who applied for the warrant, the magistrate shall file a signed copy with the clerk.

h. The clerk of court shall maintain the original and duplicate warrants along with the record of the telephone call and any transcript or memorandum made of the call in a confidential file until a charge, if any, is filed.

4. a. Search warrants issued under this section shall authorize and direct peace officers to secure the withdrawal of blood specimens by medical personnel under section 321J.11. Reasonable care shall be exercised to ensure the health and safety of the persons from whom specimens are withdrawn in execution of the warrants.

b. If a person from whom a specimen is to be withdrawn objects to the withdrawal of blood, the warrant may be executed as follows:

1. If the person is capable of giving a specimen of breath, and a direct breath testing instrument is readily available, the warrant may be executed by the withdrawal of a specimen of breath for chemical testing, unless the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.

2. If the testimony in support of the warrant sets forth facts and information that the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a urine sample shall be collected in lieu of a blood sample, if the person is capable of giving a urine sample and the sample can be collected without the need to physically compel the execution of the warrant.

5. The act of any person knowingly resisting or obstructing the withdrawal of a specimen pursuant to a search warrant issued under this section constitutes a contempt punishable by a fine not exceeding one thousand dollars or imprisonment in a county jail not exceeding one year or by both such fine and imprisonment. Also, if the withdrawal of a specimen is so resisted or obstructed, sections 321J.9 and 321J.16 apply.

6. Nonsubstantive variances between the contents of the original and duplicate warrants shall not cause a warrant issued under subsection 3 of this section to be considered invalid.

7. Specimens obtained pursuant to warrants issued under this section are not subject to disposition under section 808.9 or chapter 809 or 809A.

8. Subsections 1 to 7 of this section do not apply where a test may be administered under section 321J.7.

9. Medical personnel who use reasonable care and accepted medical practices in withdrawing blood specimens are immune from liability for their actions in compliance with requests made of them pursuant to search warrants or pursuant to section 321J.11.

86 Acts, ch 1220, §10; 90 Acts, ch 1233, §21; 96 Acts, ch 1133, §44; 98 Acts, ch 1138, §18

Referred to in §321J.10A
§321J.10A  Blood, breath, or urine specimen withdrawal without a warrant.

1. Notwithstanding section 321J.10, if a person is under arrest for an offense arising out of acts alleged to have been committed while the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A, and that arrest results from an accident that causes a death or personal injury reasonably likely to cause death, a chemical test of blood may be administered without the consent of the person arrested to determine the amount of alcohol or a controlled substance in that person's blood if all of the following circumstances exist:
   a. The peace officer reasonably believes the blood drawn will produce evidence of intoxication.
   b. The method used to take the blood sample is reasonable and performed in a reasonable manner by medical personnel under section 321J.11.
   c. The peace officer reasonably believes the officer is confronted with an emergency situation in which the delay necessary to obtain a warrant under section 321J.10 threatens the destruction of the evidence.

2. If the person from whom a specimen of blood is to be withdrawn objects to the withdrawal, a breath or urine sample may be taken under the following circumstances:
   a. If the person is capable of giving a specimen of breath, and a direct breath testing instrument is readily available, the withdrawal of a specimen of the person's breath may be taken for chemical testing, unless the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.
   b. If the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a urine sample shall be collected in lieu of a blood sample, if the person is capable of giving a urine sample and the sample can be collected.

2004 Acts, ch 1098, §1

§321J.11  Taking sample for test.

1. Only a licensed physician, licensed physician assistant as defined in section 148C.1, medical technologist, or registered nurse, acting at the request of a peace officer, may withdraw a specimen of blood for the purpose of determining the alcohol concentration or the presence of a controlled substance or other drugs. However, any peace officer, using devices and methods approved by the commissioner of public safety, may take a specimen of a person's breath or urine for the purpose of determining the alcohol concentration, or may take a specimen of a person's urine for the purpose of determining the presence of a controlled substance or other drugs. Only new equipment kept under strictly sanitary and sterile conditions shall be used for drawing blood.

2. The person may have an independent chemical test or tests administered at the person's own expense in addition to any administered at the direction of a peace officer. The failure or inability of the person to obtain an independent chemical test or tests does not preclude the admission of evidence of the results of the test or tests administered at the direction of the peace officer. Upon the request of the person who is tested, the results of the test or tests administered at the direction of the peace officer shall be made available to the person.

§321J.12  Test result revocation.

1. Upon certification, subject to penalty for perjury, by the peace officer that there existed reasonable grounds to believe that the person had been operating a motor vehicle in violation of section 321J.2, that there existed one or more of the necessary conditions for chemical testing described in section 321J.6, subsection 1, and that the person submitted to chemical testing and the test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2, or a combination of alcohol and another drug in violation of section 321J.2, the department shall revoke the person's driver's license or nonresident operating privilege for the following periods of time:
a. One hundred eighty days if the person has had no revocation under this chapter.

b. One year if the person has had a previous revocation under this chapter.

2. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary license. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. The effective date of the revocation shall be ten days after the department has mailed notice of revocation to the person by first class mail, notwithstanding chapter 17A. The peace officer who requested or directed the administration of the chemical test may, on behalf of the department, serve immediate notice of revocation on a person whose test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2, or a combination of alcohol and another controlled substance or drug in violation of section 321J.2.

4. If the peace officer serves that immediate notice, the peace officer shall take the person's Iowa license or permit, if any, and issue a temporary license valid only for ten days. The peace officer shall immediately send the person's driver's license to the department along with the officer's certificate indicating that the test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2.

5. Upon certification, subject to penalty of perjury, by the peace officer that there existed reasonable grounds to believe that the person had been operating a motor vehicle in violation of section 321J.2A, that there existed one or more of the necessary conditions for chemical testing described in section 321J.6, subsection 1, and that the person submitted to chemical testing and the test results indicated an alcohol concentration of .02 or more but less than .08, the department shall revoke the person's driver's license or operating privilege for a period of sixty days if the person has had no previous revocation under this chapter, and for a period of ninety days if the person has had a previous revocation under this chapter.

6. The results of a chemical test may not be used as the basis for a revocation of a person's driver's license or nonresident operating privilege if the alcohol or drug concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the chemical test is not equal to or in excess of the level prohibited by section 321J.2 or 321J.2A.

321J.13 Hearing on revocation — appeal.

1. Notice of revocation of a person's noncommercial driver's license or operating privilege served pursuant to section 321J.9 or 321J.12 shall include a form accompanied by a preaddressed envelope on which the person served may indicate by a checkmark if the person only wishes to request a temporary restricted license, or if the person wishes a hearing to contest the revocation. The form shall clearly state on its face that the form must be completed and returned within ten days of receipt or the person's right to a hearing to contest the revocation is foreclosed. The form shall also be accompanied by a statement of the operation of and the person's rights under this chapter.

2. The department shall grant the person an opportunity to be heard within forty-five days of receipt of a request for a hearing if the request is made not later than ten days after receipt of notice of revocation served pursuant to section 321J.9 or 321J.12. The hearing shall be before the department in the county where the alleged events occurred, unless the director and the person agree that the hearing may be held in some other county, or the hearing may be held by telephone conference at the discretion of the agency conducting the hearing. The hearing may be recorded and its scope shall be limited to the issues of whether a peace officer had reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A and one or more of the following:
§321J.13, OPERATING WHILE INTOXICATED

a. Whether the person refused to submit to the test or tests.
b. Whether a test was administered and the test results indicated an alcohol concentration equal to or in excess of the level prohibited under section 321J.2 or 321J.2A.
c. Whether a test was administered and the test results indicated the presence of alcohol, a controlled substance or other drug, or a combination of alcohol and another drug, in violation of section 321J.2.

3. After the hearing the department shall order that the revocation be either rescinded or sustained. Upon receipt of the decision of the department to sustain a revocation, the person contesting the revocation has ten days to file a request for review of the decision by the director. The director or the director’s designee shall review the decision within thirty days and shall either rescind or sustain the revocation or order a new hearing. If the director orders a new hearing, the department shall grant the person a new hearing within twenty days of the director’s order.

4. The department shall stay the revocation of a person’s driver’s license or operating privilege for the period that the person is contesting the revocation under this section or section 321J.14 if it is shown to the satisfaction of the department that the new evidence is material and that there were valid reasons for failure to present it in the contested case proceeding before the department. However, a stay shall not be granted for violations of section 321J.2A.

5. If the department fails to comply with the time limitations of this section regarding granting a hearing, review by the director or the director’s designee, or granting a new hearing, and if the request for a hearing or review by the director was properly made under this section, the revocation of the driver’s license or operating privilege of the person who made the request for a hearing or review shall be rescinded. This subsection shall not apply in those cases in which a continuance to the hearing has been granted at the request of either the person who requested the hearing or the peace officer who requested or administered the chemical test.

6. a. The department shall grant a request for a hearing to rescind the revocation if the person whose motor vehicle license or operating privilege has been or is being revoked under section 321J.9 or 321J.12 submits a petition containing information relating to the discovery of new evidence that provides grounds for rescission of the revocation.

b. The person shall prevail at the hearing if, in the criminal action on the charge of violation of section 321J.2 or 321J.2A resulting from the same circumstances that resulted in the administrative revocation being challenged, the court held one of the following:
   (1) That the peace officer did not have reasonable grounds to believe that a violation of section 321J.2 or 321J.2A had occurred to support a request for or to administer a chemical test.
   (2) That the chemical test was otherwise inadmissible or invalid.

c. Such a holding by the court in the criminal action is binding on the department, and the department shall rescind the revocation. If the offense for which the revocation was imposed was committed while the person was operating a noncommercial motor vehicle and holding a commercial driver’s license or commercial learner’s permit and the department disqualified the person from operating a commercial motor vehicle under section 321.208, subsection 2, paragraph “a” or “b”, as a result of the revocation, the department shall also rescind the disqualification.

321J.14 Judicial review.

Judicial review of an action of the department may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of that
chapter, a petition for judicial review may be filed in the district court in the county where the alleged events occurred or in the county in which the administrative hearing was held.

321J.15 Evidence in any action.
Upon the trial of a civil or criminal action or proceeding arising out of acts alleged to have been committed by a person while operating a motor vehicle in violation of section 321J.2 or 321J.2A, evidence of the alcohol concentration or the presence of a controlled substance or other drugs in the person’s body at the time of the act alleged as shown by a chemical analysis of the person’s blood, breath, or urine is admissible. If it is established at trial that an analysis of a breath specimen was performed by a certified operator using a device intended to determine alcohol concentration and methods approved by the commissioner of public safety, no further foundation is necessary for introduction of the evidence.

321J.16 Proof of refusal admissible.
If a person refuses to submit to a chemical test, proof of refusal is admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A.

321J.17 Civil penalty — disposition — conditions for license reinstatement.
1. If the department revokes a person’s driver’s license or nonresident operating privilege under this chapter, the department shall assess the person a civil penalty of two hundred dollars. The money collected by the department under this section shall be transmitted to the treasurer of state who shall deposit one-half of the money in the separate fund established in section 915.94 and one-half of the money in the general fund of the state. A temporary restricted license shall not be issued unless an ignition interlock device has been installed pursuant to section 321J.4. Except as provided in section 321.210B, a temporary restricted license shall not be issued or a driver’s license or nonresident operating privilege reinstated until the civil penalty has been paid. A person assessed a penalty under this section may remit the civil penalty along with a processing fee of five dollars to a county treasurer authorized to issue driver’s licenses under chapter 321M, or the civil penalty may be paid directly to the department.
2. a. If the department or a court orders the revocation of a person’s driver’s license or nonresident operating privilege under this chapter, the department or court shall also order the person, at the person’s own expense, to do the following:
   (1) Enroll, attend, and satisfactorily complete a course for drinking drivers, as provided in section 321J.22.
   (2) Submit to evaluation and treatment or rehabilitation services.
   b. The court or department may request that the community college or substance abuse treatment providers licensed under chapter 125 or other approved provider conducting the course for drinking drivers that the person is ordered to attend immediately report to the court or department that the person has successfully completed the course for drinking drivers. The court or department may request that the treatment program which the person attends periodically report on the defendant’s attendance and participation in the program, as well as the status of treatment or rehabilitation.
   c. A driver’s license or nonresident operating privilege shall not be reinstated until proof of completion of the requirements of this subsection is presented to the department.
3. The department shall also require certification of installation of an ignition interlock device of a type approved by the commissioner of public safety on all motor vehicles owned or operated by any person seeking reinstatement following a second or subsequent revocation under section 321J.4, 321J.9, or 321J.12. The requirement for the installation of an approved ignition interlock device shall be for one year from the date of reinstatement unless a longer time period is required by statute. The one-year period a person is required
§321J.17, OPERATING WHILE INTOXICATED

to maintain an ignition interlock device under this subsection shall be reduced by any period of time the person held a valid temporary restricted license during the period of the revocation for the occurrence from which the arrest arose. The person shall not operate any motor vehicle which is not equipped with an approved ignition interlock device during the period in which an ignition interlock device must be maintained, and the department shall not grant reinstatement unless the person certifies installation of an ignition interlock device as required in this subsection.

321J.18 Other evidence.
This chapter does not limit the introduction of any competent evidence bearing on the question of whether a person was under the influence of an alcoholic beverage or a controlled substance or other drug, including the results of chemical tests of specimens of blood, breath, or urine obtained more than two hours after the person was operating a motor vehicle.

321J.19 Information relayed to other states.
When it has been finally determined under this chapter that a nonresident’s privilege to operate a motor vehicle in this state has been revoked or denied, the department shall give information in writing of the action taken to the official in charge of traffic control or public safety of the state of the person’s residence and of any state in which the person has a license.

86 Acts, ch 1220, §19

321J.20 Temporary restricted license — ignition interlock devices.
1. The department may, on application, issue a temporary restricted license to a person whose noncommercial driver’s license is revoked under this chapter, or revoked or suspended under chapter 321 solely for violations of this chapter, or who has been determined to be a habitual offender under chapter 321 based solely on violations of this chapter or on violations listed in section 321.560, subsection 1, paragraph “b”, allowing the person to operate a motor vehicle in any manner allowed for a person issued a valid class C driver’s license, unless otherwise prohibited by this chapter. This subsection does not apply to a person whose license was revoked under section 321J.2A, to a person whose license was revoked under section 321J.4, subsection 6, for the period during which the person is ineligible for a temporary restricted license, or to a person whose license is suspended or revoked for another reason.

2. A temporary restricted license issued under this section shall not be issued until the applicant installs an approved ignition interlock device on all motor vehicles owned or operated by the applicant. Installation of an ignition interlock device under this section shall be required for the period of time for which the temporary restricted license is issued, and for such additional period of time following reinstatement as is required under section 321J.17, subsection 3. However, a person whose driver’s license or nonresident operating privilege has been revoked under section 321J.21 may apply to the department for a temporary restricted license without the requirement of an ignition interlock device if at least twelve years have elapsed since the end of the underlying revocation period for a violation of section 321J.2.

3. In addition to other penalties provided by law, a person’s temporary restricted license shall be revoked if the person is required to install an ignition interlock device or participate in a program established pursuant to chapter 901D and the person does any of the following:
   a. Operates a motor vehicle which does not have an approved ignition interlock device.
   b. Operates a motor vehicle while not in compliance with the program.
   c. Tampers with or circumvents an ignition interlock device.
4. A person holding a temporary restricted license issued by the department under this section shall not operate a commercial motor vehicle on a highway if a commercial driver’s license or commercial learner’s permit is required for the person’s operation of the commercial motor vehicle.

5. A person holding a temporary license issued by the department under this chapter shall be prohibited from operating a school bus.

6. Notwithstanding any provision of this chapter to the contrary, the department may issue a temporary restricted license to a person otherwise eligible for a temporary restricted license under this section, whose period of revocation under this chapter has expired, but who has not met all requirements for reinstatement of the person’s driver’s license or nonresident operating privileges.

7. A person who tampers with or circumvents an ignition interlock device installed as required in this chapter and while the requirement for the ignition interlock device is in effect commits a serious misdemeanor.

8. Notwithstanding any provision of this chapter to the contrary, the department may issue a temporary restricted license to a person eligible for a temporary restricted license under this section if the person is also eligible for a temporary restricted license under section 321.215, provided the requirements of this section and section 321.215 are satisfied.

9. Notwithstanding any other provision of law to the contrary, in any circumstance in which this chapter requires the installation of an ignition interlock device in all vehicles owned or operated by a person as a condition of the person’s license or privilege to operate noncommercial motor vehicles, the department shall require the person to be a participant in and in compliance with a sobriety and drug monitoring program established pursuant to chapter 901D if the person’s offense under this chapter qualifies as an eligible offense as defined in section 901D.2, and the person’s offense occurred in a participating jurisdiction, as defined in section 901D.2. The requirement to participate in and comply with a sobriety and drug monitoring program shall continue for the time period required pursuant to section 901D.7. The participating law enforcement agency shall notify the department when the person has completed participation in the sobriety and drug monitoring program. This subsection shall not apply if the court enters an order finding the person is not required to participate in a sobriety and drug monitoring program. The department, in consultation with the department of public safety, may adopt rules for issuing and accepting a certification of participation in and compliance with a program established pursuant to chapter 901D. This subsection shall be construed and implemented to comply with 23 U.S.C. §164(a), as amended by the federal Fixing America’s Surface Transportation Act, Pub. L. No. 114-94, §1414, and shall not apply if such application results in a finding of noncompliance with 23 U.S.C. §164 that results or will result in a reservation or transfer of funds pursuant to 23 U.S.C. §164(b). This subsection shall not authorize the operation of a motor vehicle for any purpose not otherwise authorized by this chapter.

321J.23 Legislative findings.
The general assembly finds and declares as follows:

1. Drivers often do not realize the consequences of drinking alcohol or using other drugs, and driving a motor vehicle.
2. Prompt intervention is needed to protect society, including drivers, from death or serious long-term injury.
3. The conviction of a driver for operating while intoxicated identifies that person as a risk to the health and safety of others, as well as to the intoxicated driver.
4. Close observation of the effects on others of alcohol and drug use by an intoxicated driver convicted of operating while intoxicated may have a marked effect on recidivism and should therefore be encouraged by the courts.
5. The reality education substance abuse prevention program provides guidelines for the operation of an intensive program to discourage recidivism.

3. The court or juvenile court shall consult with the defendant or delinquent child and the defendant’s or delinquent child’s attorney, if any, and may consult with any other person, including but not limited to the defendant’s or delinquent child’s parents or other family members, to determine if the defendant or delinquent child is suitable for participation in the

4. The court or juvenile court may appoint a program coordinator, to coordinate all tours and select appropriate tour supervisors for each tour. The program coordinator shall monitor compliance by contacting each tour supervisor following the completion of a tour.

If the program coordinator determines at any time before or during a tour that the tour may be traumatic or otherwise inappropriate for the participant, the program coordinator shall terminate the tour without prejudice to the participant.

7. The court or juvenile court may order a personal conference after the tours with the participant, the participant's attorney, if any, and any other persons if available and deemed necessary by the court or juvenile court, to discuss the experiences of the participant in the program and how those experiences may impact the participant's conduct. The court or juvenile court may order the participant to write a report or letter concerning the participant's experiences in the program.

8. Tour supervisors and facilities toured during the program are not liable for any civil damages resulting from injury to the participant, or civil damages caused by the participant during or from any activities related to a tour, except for willful or grossly negligent acts intended to, or reasonably expected to result in, such injury or damage.

9. The chief judge of the judicial district shall determine fees to be paid by participants in the program. The judicial branch shall use the fees to pay all costs associated with the program. a right of action for contribution or indemnity against an insurer providing automobile
insurance to the driver under this chapter during the period in which the loss occurred.

3. In a claims coverage investigation, any involved transportation network company
and any insurer providing coverage pursuant to this chapter shall cooperate to facilitate
the exchange of relevant information with one another, and with any insurer of the

1. A person shall not engage in this state in the business of selling at retail new motor vehicles of any make or represent or advertise that the person is engaged or intends to engage in such business in this state unless the person is authorized to do so by a contract in writing with the manufacturer or distributor of such make of new motor vehicles and unless the department has licensed the person as a motor vehicle dealer in this state in motor vehicles of such make and has issued to the person a license in writing as provided in this chapter. Notwithstanding the prohibitions in this subsection, a final-stage manufacturer of multi-stage manufactured vehicles that holds a used motor vehicle dealer license issued pursuant to this chapter may assign an incomplete motor vehicle’s manufacturer’s statement of origin to a retail buyer for purposes of issuance of a certificate of title by a county treasurer as a new motor vehicle with the same make as the incomplete motor vehicle without holding a new motor vehicle dealer license and without paying any associated motor vehicle registration fees. A licensed dealer in new motor vehicles may also assign an incomplete motor vehicle’s manufacturer’s statement of origin in the same manner as provided in this subsection.

2. A person other than a licensed dealer in new motor vehicles shall not engage in this state in the business of selling at retail used motor vehicles or represent or advertise that the person is engaged or intends to engage in such business in this state unless and until the department has licensed the person as a used motor vehicle dealer in the state and has issued to the person a license in writing as provided in this chapter.

3. Subsections 1, 2, and 16 shall not be construed to require the separate licensing of persons employed as salespersons of motor vehicles by a retail motor vehicle dealer. However, the department may promulgate reasonable rules as necessary for the proper identification of persons employed as salespersons.

4. A person who is engaged in the business of selling at retail motor vehicles shall not enter into any contract, agreement, or understanding, express or implied, with any manufacturer
or distributor of any such motor vehicles that the person will sell, assign, or transfer any retail installment contracts arising from the retail installment sale of such motor vehicles only to a designated person or class of persons. A condition, agreement, or understanding between any manufacturer or distributor and a motor vehicle dealer in this state of this nature is hereby declared to be against the public policy of this state and to be unlawful and void.

5. A manufacturer or distributor of motor vehicles or any agent or representative of a manufacturer or distributor shall not terminate, threaten to terminate, or fail to renew any contract, agreement, or understanding for the sale of new motor vehicles to any motor vehicle dealer in this state without just, reasonable, and lawful cause or because the motor vehicle dealer failed to sell, assign, or transfer any retail installment contract arising from the retail sale of such motor vehicles or any one or more of them to a person or a class of persons designated by the manufacturer or distributor.

6. A person who is engaged in the business of selling at retail motor vehicles shall not make and enter into a retail installment contract unless the contract meets the following requirements:

   b. The contract shall comply with the Iowa consumer credit code, chapter 537, where applicable.

7. This section shall not be construed to require that a place of business as defined in this chapter shall be maintained by a person selling motor vehicles at retail solely for the purpose of disposing of motor vehicles acquired or repossessed by such person in exercise of powers or rights granted by lien or title-retention instruments or contracts given as security for loans or purchase money obligations.

8. A person licensed under this chapter shall not, either directly or through an agent, salesperson, or employee, engage in this state, or represent or advertise that the person is engaged or intends to engage in this state, in the business of buying or selling at retail new or used motor vehicles, other than mobile homes more than eight feet in width or more than thirty-two feet in length as defined in section 321.1, on the first day of the week, commonly known and designated as Sunday.

10. A manufacturer, distributor, or importer of motor vehicles or agent or representative of such manufacturer, distributor, or importer shall not require a motor vehicle dealer to submit to arbitration to resolve a controversy before the controversy arises. The parties may enter into a voluntary agreement to arbitrate a controversy after it arises. Such an agreement shall require that the arbitrator apply Iowa law in resolving the controversy. Either party may appeal a decision of an arbitrator to the district court on the grounds that the arbitrator failed to apply Iowa law.

11. A person who is engaged in the business of selling motor vehicles at retail shall not sell, offer for sale, display, represent, or advertise that the person intends to sell motor vehicles from a location other than the person’s place of business, except as provided in section 322.5.

A person who has been convicted of a fraudulent practice, has been convicted of three or more violations of section 321.92, subsection 2, or section 321.99, has been convicted of three or more violations of subsection 16 of this section in the previous three-year period, or has been convicted of any other indictable offense in connection with selling or other activity relating to motor vehicles, in this state or any other state, shall not for a period of five years from the date of conviction be an owner, salesperson, employee, officer of a corporation, or representative of a licensed motor vehicle dealer or represent themselves as an owner,
salesperson, employee, officer of a corporation, or representative of a licensed motor vehicle dealer.

13. a. A manufacturer, distributor, or importer of motor vehicles or agent or representative of such manufacturer, distributor, or importer shall not reduce the amount of compensation for, or disallow a claim for, any of the following if twelve months or more have passed since the claim was submitted to the manufacturer, distributor, or importer or agent or representative thereof:

   (2) Sales or leasing incentives provided to a motor vehicle dealer or to a customer of a motor vehicle dealer including but not limited to rebates and discounted interest rates.
   b. The twelve-month limitation shall not apply if a court of competent jurisdiction in this state finds the claim was fraudulent.

14. A manufacturer or importer shall not directly or indirectly be licensed as, own an interest in, operate, or control a motor vehicle dealer. This subsection shall not prohibit any of the following:
   a. A manufacturer or importer from being licensed as a motor vehicle dealer or owning an interest in, operating, or controlling a motor vehicle dealership for a period not to exceed one year to facilitate transfer of the motor vehicle dealership to a new owner if both of the following apply:
      (1) The prior owner transferred the motor vehicle dealership to the manufacturer or importer.
      (2) The motor vehicle dealership is continuously offered for sale by the manufacturer or importer upon reasonable terms and conditions.
   b. A manufacturer or importer from temporarily owning an interest in a motor vehicle dealership for the purpose of enhancing opportunities for persons who lack the financial resources to purchase the motor vehicle dealership without such assistance. A manufacturer or importer may temporarily own an interest in a motor vehicle dealership pursuant to this paragraph only if the manufacturer or importer enters into a contract with a person pursuant to which all of the following apply:
      (1) The person operates the motor vehicle dealership.
      (2) The person has made a significant financial investment in the motor vehicle dealership and is subject to loss on such investment.
      (3) The person has an ownership interest in the motor vehicle dealership.
      (4) The person will acquire full ownership of the motor vehicle dealership within a reasonable time under reasonable conditions.
   c. A manufacturer or importer from owning an interest in, operating, or controlling a person whose primary business is renting motor vehicles and who is licensed as a used motor vehicle dealer.
   d. A manufacturer of motor homes, as defined in section 321.1, from owning an interest in, operating, or controlling a motor vehicle dealer of the motor homes manufactured by that manufacturer or from being licensed as a motor vehicle dealer only of the motor homes manufactured by that manufacturer.
   e. A manufacturer from owning a minority interest in an entity that owns and operates motor vehicle dealers, licensed under this chapter or the laws of the jurisdiction in which they are located, of the line-make manufactured by the manufacturer if all of the motor vehicle dealers owned and operated by the entity in this state are motor vehicle dealers of only the line-make manufactured by the manufacturer and if, on January 1, 2000, there were not less than one and not more than three motor vehicle dealers of that line-make licensed under this chapter.
   f. A final-stage manufacturer of multi-stage manufactured vehicles from being licensed as a used motor vehicle dealer or from assigning an incomplete motor vehicle’s manufacturer’s statement of origin to a retail buyer for purposes of issuance of a certificate of title by a county treasurer as a new motor vehicle with the same make as the incomplete motor vehicle without holding a new motor vehicle dealer license and without paying any associated motor vehicle registration fees. This paragraph shall not be construed to authorize a manufacturer
or incomplete motor vehicle manufacturer to directly sell at retail incomplete or completed motor vehicles to a retail buyer except as provided in this subsection.

15. A manufacturer, distributor, or importer of motor vehicles or an agent or representative of a manufacturer, distributor, or importer shall not reduce the amount of compensation for, or disallow a claim for, warranty parts, repairs, or service supplied by a motor vehicle dealer on the grounds that the dealer failed to submit a claim fewer than sixty days after the motor vehicle dealer completed the work underlying the claim for warranty parts, repairs, or service.

16. A motor vehicle dealer or wholesaler licensed under this chapter shall not sell, loan, rent, lease, or charge a fee for the use of the license to another person for the purpose of allowing the person to engage in the business of selling motor vehicles.

322A.1 Definitions.

When used in this chapter, unless the context otherwise requires:
1. “Additional motor vehicle dealership” includes a facility providing manufacturer-authorized or distributor-authorized service or warranty work for motor vehicles, except motor homes, of a line-make in a community in which the same line-make is represented.
2. “Community” means the franchisee’s area of responsibility as stipulated in the franchise.
3. “Consumer care” means to perform, for the public, necessary maintenance and repairs to motor vehicles.
4. “Department” means the state department of transportation.

   (1) A commercial relationship of definite duration or continuing indefinite duration is involved.
   (2) The franchisee is granted the right to offer and sell motor vehicles manufactured or distributed by the franchiser.
   (3) The franchisee, as an independent business, constitutes a component of the franchiser’s distribution system.
   (4) The operation of the franchisee’s business is substantially associated with the franchiser’s trademark, service mark, trade name, advertising, or other commercial symbol designating the franchiser.
   (5) The operation of the franchisee’s business is substantially reliant on the franchiser for the continued supply of motor vehicles, parts, and accessories.
   b. “Franchise” includes a separate written agreement between the franchisee and the franchiser which materially affects the franchise, whether entered into prior to the date of the franchise, contemporaneously with the franchise, or subsequent to the date of the franchise.
6. “Franchisee” means a person who receives motor vehicles from the franchiser under a franchise and who offers and sells such motor vehicles to the general public.

Referred to in §322.5

322A.2 Discontinuing franchise.
1. Unless otherwise provided in subsection 2, notwithstanding the terms, provisions,
or conditions of any agreement or franchise, a franchiser shall not terminate or refuse to
continue any franchise unless the franchiser has first established, in a hearing held under
the provisions of this chapter, that both of the following apply:
   a. The franchiser has good cause for termination or noncontinuance.
   b. Upon termination or noncontinuance, another franchise in the same line-make will
become effective in the same community, without diminution of the motor vehicle service
formerly provided, or that the community cannot be reasonably expected to support such a
dealership.

2. A franchiser may terminate a franchise for a particular line-make if the franchiser
discontinues that line-make and a franchiser may terminate a franchise if the franchisee’s
license as a motor vehicle dealer is revoked pursuant to the provisions of chapter 322.

322A.3 New franchise.
In the event that a franchiser is permitted to terminate or not continue a franchise, and
is further permitted not to enter into a franchise for the line-make in the community, no
franchise shall thereafter be entered into for the sale of motor vehicles of that line-make in
the community, unless the franchiser has first established, in a hearing held under the provisions
of this chapter, that there has been a change of circumstances so that the community at that
time can be reasonably expected to support the dealership.

[C71, 73, 75, 77, 79, 81, §322A.3]

322A.3A Alteration of franchise.
1. A franchiser shall not unreasonably alter a franchisee’s community.
2. A franchiser shall notify a franchisee of a proposed alteration to the franchisee’s
community at least sixty days prior to the effective date of the proposed alteration. Within
thirty days of a request by the affected franchisee, unless otherwise provided in the notice,
the franchiser shall provide the franchisee with an explanation of the basis for the proposed
alteration.
3. Prior to the effective date of a proposed alteration of a franchisee’s community and
after the receipt of the explanation of the basis for the proposed alteration, a franchisee
may object to the proposed alteration of the franchisee’s community. Upon a franchisee’s
objection, a franchiser shall provide an internal appeal process for the franchisee. However,
the franchiser is not required to provide an internal appeal process if the franchiser has
already provided the franchisee with an opportunity to object to the alteration of the
franchisee’s community and to provide information in objection to the alteration for the
franchiser’s consideration prior to the franchiser’s issuance of notice of the proposed
alteration.

4. a. Within fifteen days of the completion of the franchiser’s internal appeal process, a
franchisee may challenge the reasonableness of the proposed alteration of the franchisee’s
community by filing an application with the department requesting a hearing to be held
pursuant to section 322A.7.
   b. After a hearing held as described in this subsection, the department of inspections and
appeals may affirm, deny, or modify the proposed alteration of a franchisee’s community, may
enter any other orders necessary to ensure that an alteration of the franchisee’s community is reasonable in light of all the relevant circumstances, and may assess the costs of the hearing among the parties to the hearing as appropriate.

5. No change to the franchisee’s community shall take effect during the pendency of the internal appeals process specified in subsection 3 or the hearing specified in subsection 4.

6. A franchiser shall not take any adverse action against a franchisee as a result of an alteration of the franchisee’s community for at least twelve months after the effective date of the alteration.

322A.4 Additional franchise.

No franchiser shall enter into any franchise for the purpose of establishing an additional motor vehicle dealership in any community in which the same line-make is then represented, unless the franchiser has first established in a hearing held under the provisions of this chapter that there is good cause for such additional motor vehicle dealership under such franchise, and that it is in the public interest.

[C71, 73, 75, 77, 79, 81, §322A.4]

322A.5 Warranties and recalls.

1. Every franchiser and franchisee shall fulfill the terms of any express or implied warranty concerning the sale of a motor vehicle to the public of the line-make which is the subject of a contract or franchise agreement between the parties. If it is determined by the district court that either the franchiser or franchisee, or both, have violated an express or implied warranty, the court shall add to any award or relief granted an additional award for reasonable attorney fees and other necessary expenses for maintaining the litigation.

2. a. A franchiser shall specify in writing to each of the franchiser’s franchisees operating in this state the franchisee’s obligations for preparation, delivery, and warranty services related to the franchiser’s products. The franchiser shall compensate the franchisee for the warranty services the franchiser requires the franchisee to provide, including warranty and recall obligations related to repairing and servicing motor vehicles of the franchiser and all parts and components authorized by the manufacturer to be installed in or manufactured for installation in such motor vehicles.

b. The franchiser shall provide to the franchisee a schedule of compensation that specifies reasonable compensation the franchiser will pay to the franchisee for such warranty services, including for parts, labor, and diagnostics.

(1) In determining the schedule of compensation for parts, the franchiser may multiply the price paid by the franchisee for parts, including all shipping costs and other charges, by the sum of one and the franchisee’s average percentage markup. The franchisee’s average percentage markup is calculated by subtracting one from the result of dividing the total amounts charged by the franchisee for parts used in warranty-like repairs by the total cost to the franchisee for the parts in the retail service orders submitted pursuant to subparagraph (3).

(2) In determining the schedule of compensation for labor-related warranty services, the franchiser may calculate the franchisee’s retail labor rate by dividing the total amount of retail sales attributable to labor for warranty-like services by the number of hours of labor spent to generate the retail sales in the retail service orders submitted pursuant to subparagraph (3).

(3) (a) The franchiser may establish its average percentage markup for parts or its labor rate by submitting to the franchiser copies of one hundred sequential retail service orders paid by the franchisee’s customers, or all of the franchisee’s retail service orders paid by the franchisee’s customers in a ninety-day period, whichever is less, for services provided within the previous one-hundred-eighty-day period. The franchiser shall not consider retail service orders or portions of retail service orders attributable to routine maintenance such as tire service or oil service.

(b) Within thirty days of receiving the franchisee’s submission, the franchiser may choose to audit the submitted orders. The franchiser shall then approve or deny the establishment of the franchisee’s average percentage markup or labor rate. If the franchiser approves the
establishment of the franchisee’s average percentage markup or labor rate, the markup or rate calculated under this subparagraph shall go into effect forty-five days after the date of the franchiser’s approval. If the franchiser denies the establishment of the franchisee’s average percentage markup or labor rate, the franchisee may file a complaint with the department and a hearing shall be held before the department of inspections and appeals. The franchiser shall have the burden of proof to establish that the franchiser’s denial was reasonable. If the department of inspections and appeals finds the denial was not reasonable, the denial shall be deemed a violation of this chapter and the department of inspections and appeals shall determine the franchisee’s average percentage markup or labor rate for purposes of calculating a reasonable schedule of compensation. In making such a determination, the department of inspections and appeals shall not consider retail service orders or portions of retail service orders attributable to routine maintenance such as tire service or oil service.

(c) A franchiser shall not require a franchisee to establish an average percentage markup or labor rate by a methodology, or by requiring the submission of information, that is unduly burdensome or time-consuming to the franchisee, including but not limited to requiring part-by-part or transaction-by-transaction calculations.

(d) A franchisee shall not request a change in the franchisee’s average percentage markup or labor rate more than once in any one-year period.

(4) The compensation to the franchisee for warranty parts and labor shall not be less than the rates charged by the franchisee for like parts and services to retail customers, provided the rates are reasonable.

3. A franchiser shall not do any of the following:
   a. Fail to compensate any of the franchiser’s franchisees operating in this state for repairs relating to a recall.
   b. A claim made by a franchisee for warranty services pursuant to this section shall be paid within thirty days after the claim’s approval. A franchiser shall either approve or deny a claim within thirty days after the franchiser receives a claim if the claim is submitted on a proper form generally used by the franchiser and the claim contains the information required by the franchiser. If a franchiser does not deny a claim in writing within thirty days after the receipt of the claim, the claim shall be deemed to be approved by the franchiser and payment shall be made to the franchisee within thirty days.
   c. A franchiser may deny a franchisee’s claim for compensation for warranty or recall services if the franchisee’s claim is based on a repair not related to warranty or recall services, the repair was not properly performed, the franchisee lacks the reasonably required documentation for the claim, the franchiser fails to comply with the terms and conditions of the franchiser’s warranty or recall compensation program, or the franchiser has a bona fide belief based on factual evidence that the franchisee’s claim was submitted containing an intentionally false or fraudulent statement or misrepresentation. A franchiser may reject, but shall not deny, a claim based solely on a franchisee’s unintentional failure to comply with a specific claim processing requirement, such as a clerical error, that does not otherwise affect the legitimacy of the claim. If a claim is rejected for such a failure, the franchisee may resubmit a corrected claim in a timely manner to the franchiser.
   d. The requirement to approve a claim within thirty days or to pay an approved claim within thirty days as provided in this subsection shall not be construed to preclude denials, reductions, or chargebacks not otherwise prohibited under section 322.3, subsection 13.

5. The obligations set forth in this section shall apply to any franchiser as defined in this chapter and any franchiser of new motor vehicle transmissions, engines, or rear axles that separately warrants such components to customers.

322A.6 Application filed with the department.

1. If a franchiser seeks to terminate or not continue a franchise, or seeks to enter into a franchise establishing an additional motor vehicle dealership of the same line-make, the franchiser shall file an application with the department for permission to terminate
or not continue the franchise, or for permission to enter into a franchise for additional representation of the same line-make in that community.

2. An applicant seeking permission to enter into a franchise for additional representation of the same line-make in a community shall deposit with the department at the time the application is filed, an amount of money to be determined by the department of inspections and appeals to pay the costs of the hearing.

322A.7 Department of inspections and appeals to hold hearing.
1. Upon receiving an application, the department shall notify the department of inspections and appeals which shall enter an order fixing a time, which shall be within ninety days of the date of the order, and place of hearing, and shall send by certified or registered mail, with return receipt requested, a copy of the order to the franchisee whose franchise the franchiser seeks to terminate or not continue, or to the franchiser who is seeking to alter a franchisee’s community, as applicable. If the application requests permission to establish an additional motor vehicle dealership, a copy of the order shall be sent to all franchisees in the community who are then engaged in the business of offering to sell or selling the same line-make. If the application challenges the reasonableness of a proposed alteration to a franchisee’s community, a copy of the order shall be sent to all franchisees located in Iowa surrounding the affected community which are then engaged in the business of offering to sell or selling the same line-make. Copies of orders shall be addressed to the franchisee at the place where the business is conducted. The department of inspections and appeals may also give notice of the franchiser’s application to any other parties deemed interested persons, the notice to be in the form and substance and given in the manner the department of inspections and appeals deems appropriate.

2. Any person who can show an interest in the application may become a party to the hearing, whether or not that person receives notice. However, a party not receiving notice shall be limited to participation at the hearing on the question of the public interest in the termination or continuation of the franchise or in the establishment of an additional motor vehicle dealership.

Upon hearing, the franchiser shall have the burden of proof to establish that under the provisions of this chapter the franchiser should be granted permission to terminate or not continue the franchise, or to enter into a franchise establishing an additional motor vehicle dealership, or to alter a franchisee’s community.

2. Nothing contained in this chapter shall be construed to require or authorize any investigation by the department of any matter before the department under this chapter. Upon hearing, the department of inspections and appeals shall hear the evidence introduced by the parties and shall make its decision solely upon the record so made.

2. In the event issues are raised which would involve violations of any state or federal antitrust or price-fixing law, all discovery and inspection proceedings which would be available under such issues in a state or federal court action shall be available to the parties to the hearing, and the department of inspections and appeals may issue orders to give effect to such proceedings.

3. Evidence which would be admissible under the issues in a state or federal court action is admissible in a hearing held by the department of inspections and appeals. The department of inspections and appeals shall apportion all costs between the parties.

322A.11 Condition barring change in franchise.

Notwithstanding the terms, provisions, or conditions of any agreement or franchise, the following shall not be considered facts supporting a finding of good cause for the termination or noncontinuation of a franchise, or for entering into a franchise for the establishment of an additional dealership in a community for the same line-make:

1. The sole fact that franchisor desires further penetration of the market.

2. The change of ownership of the franchisee’s dealership or the change of executive management of the franchisee’s dealership, unless the franchisor, having the burden of proof, proves that such change of ownership or executive management will be substantially detrimental to the distribution of the franchisor’s motor vehicles in the community and that good cause for the termination or noncontinuation of the franchise or for the establishment of an additional dealership otherwise exists.

3. The fact that the franchisee refused to purchase or accept delivery of any motor vehicle or vehicles, parts, accessories or any other commodity or service not ordered by the franchisee.

4. The fact that the dealership moved to another facility and location within the dealership’s community which are equal to or superior to the dealership’s former location and facility or the fact that the dealership added an additional line-make to the dealership if the dealership’s facility is adequate to accommodate the additional line-make.

5. The fact that the dealership does not meet an index or standard established by the franchiser, unless the franchiser proves that the failure of the dealership to meet the index or standard will be substantially detrimental to the distribution of the franchiser’s motor vehicles in the community and that good cause for the termination or noncontinuation of the franchise or for the establishment of an additional dealership otherwise exists.

2. Notwithstanding the terms, provisions, or conditions of an agreement or franchise, the sale or transfer, or the proposed sale or transfer, of a franchisee’s dealership, or the change or proposed change in the executive management of a franchisee’s dealership shall not make applicable any right of first refusal of the franchiser.

322A.15 Guidelines.
1. In determining whether good cause has been established for terminating or not continuing a franchise, the department of inspections and appeals shall take into consideration the existing circumstances, including, but not limited to:
   a. Amount of business transacted by the franchisee.
   b. Investment necessarily made and obligations incurred by the franchisee in the performance of the franchisee's part of the franchise.
   c. Permanency of the investment.
   d. Whether it is injurious to the public welfare for the business of the franchisee to be disrupted.
   e. Whether the franchisee has adequate motor vehicle service facilities, equipment, parts and qualified service personnel to reasonably provide consumer care for the motor vehicles sold at retail by the franchisee and any other motor vehicles of the same line-make.
   f. Whether the franchisee refuses to honor warranties of the franchiser to be performed by the franchisee, provided that the franchiser reimburses the franchisee for such warranty work performed by the franchisee.

(2) The dealer has abandoned or closed the dealer’s business operations for ten consecutive business days. 322C.16 Repurchase or sale of inventory.

1. If a manufacturer-dealer agreement is terminated, canceled, or not renewed by the manufacturer or distributor without good cause, or by a dealer with good cause and, in the case of termination or cancellation, the manufacturer or distributor fails to provide notice or cure the deficiencies claimed by the dealer, the manufacturer or distributor shall, at the dealer’s option and within forty-five days after termination, cancellation, or nonrenewal, repurchase all of the following:

a. All new, untitled towable recreational vehicles that the dealer acquired from the manufacturer or distributor within twelve months prior to the effective date of the notice of termination, cancellation, or nonrenewal of the manufacturer-dealer agreement that have not been used other than for demonstration purposes, and that have not been altered or damaged, at one hundred percent of the net invoice cost, including transportation, less applicable rebates and discounts to the dealer. If any of the towable recreational vehicles repurchased pursuant to this paragraph are damaged, but do not require a disclosure under section 321.69A, the amount due to the dealer shall be reduced by the cost to repair the vehicle. Damage incurred by a vehicle prior to delivery to the dealer that was disclosed at the time of delivery shall not disqualify repurchase pursuant to this paragraph.

b. All undamaged proprietary parts for any line-make subject to the termination, cancellation, or nonrenewal that was sold to the dealer for resale within twelve months prior to the effective date of the termination, cancellation, or nonrenewal that was sold to the dealer for resale within twelve months prior to the effective date of the termination, cancellation, or nonrenewal of the manufacturer-dealer agreement, if accompanied by the original invoice, at one hundred five percent of the original net price paid to the manufacturer or distributor.

c. All properly functioning diagnostic equipment, special tools, current signage, or other equipment and machinery that was purchased by the dealer upon the request of the manufacturer or distributor for any line-make subject to the termination, cancellation, or nonrenewal within five years prior to the effective date of the termination, cancellation, or nonrenewal of the manufacturer-dealer agreement that can no longer be used in the normal course of the dealer’s ongoing business.

2. If towable recreational vehicles of a particular line-make subject to a terminated, canceled, or nonrenewed manufacturer-dealer agreement are not repurchased or required to be repurchased pursuant to the agreement, the dealer may continue to sell such vehicles existing in the dealer’s inventory until the vehicles are no longer in the dealer’s inventory.

322C.17 Transfer of ownership — family succession — objection.

1. a. If a tovable recreational vehicle dealer makes or intends to make a change in ownership of a dealership by sale of the business assets, a stock transfer, or in another manner, the dealer shall provide to a manufacturer or distributor that is a party to a manufacturer-dealer agreement with the dealer written notice of the proposed change at least fifteen business days before the change becomes effective. The notice shall include all supporting documentation that may be reasonably required by the manufacturer or distributor to determine whether to make an objection to the change.

   b. In the absence of a breach by the dealer of the manufacturer-dealer agreement or a violation of this chapter, the manufacturer or distributor shall not object to the proposed change in ownership unless the objection is to the prospective transferee for any of the following reasons:

   (1) The transferee has previously been a party to a manufacturer-dealer agreement with the manufacturer or distributor and the agreement was terminated, canceled, or not renewed by the manufacturer or distributor for good cause.

   (2) The transferee has been convicted of a felony or any crime of fraud, deceit, or moral turpitude.

   (3) The transferee lacks any license required by law.

   (5) The transferee is insolvent or has been within the previous ten years, or has filed for bankruptcy, receivership, or assignment for the benefit of creditors within the previous ten years.

   c. If a manufacturer or distributor objects to a proposed change in ownership of a dealership, the manufacturer or distributor shall provide written notice of the reasons for the objection to the dealer within fifteen business days after receipt of the dealer’s notification and supporting documentation about the proposed change. The manufacturer or distributor shall have the burden of proof to demonstrate that the objection complies with the requirements of this subsection. If the manufacturer or distributor does not provide the dealer with timely notice of the objection, the dealer’s proposed change in ownership of the dealership shall be deemed approved.

2. a. A manufacturer or distributor shall provide to a dealer the opportunity to designate, in writing, a family member as a successor to ownership of a dealership in the event of the death, incapacity, or retirement of the dealer. If a dealer desires to designate a family member as a successor to ownership of a dealership, the dealer shall provide to the manufacturer or distributor that is a party to the manufacturer-dealer agreement with the dealer written notice of the proposed designation, or modification of a previous designation, at least fifteen business days before the designation or proposed modification of a designation becomes effective. The notice shall include all supporting documentation as may be reasonably required by the manufacturer or distributor to determine whether to make an objection to the succession plan.

   b. In the absence of a breach by the dealer of the manufacturer-dealer agreement or a violation of this chapter, the manufacturer or distributor shall not object to the designation or proposed modification of a designation unless the objection is to the designated successor for any of the following reasons:

   (1) The designated successor has previously been a party to a manufacturer-dealer agreement with the manufacturer or distributor and the agreement was terminated, canceled, or not renewed by the manufacturer or distributor for good cause.

   (2) The designated successor has been convicted of a felony or any crime of fraud, deceit, or moral turpitude.

   (3) The designated successor lacks any license required by law at the time of succession.

   (4) The designated successor does not have an active line of credit sufficient to purchase the manufacturer’s or distributor’s products at the time of succession.

   (5) The designated successor is insolvent or has been within the previous ten years, or has filed for bankruptcy, receivership, or assignment for the benefit of creditors within the previous ten years.
c. If a manufacturer or distributor objects to a succession plan, the manufacturer or distributor shall provide written notice of the reasons for the objection to the dealer within fifteen business days after receipt of the dealer’s notification and supporting documentation about the proposed designation or proposed modification of a designation. The manufacturer or distributor shall have the burden of proof to demonstrate that the objection complies with the requirements of this subsection. If the manufacturer or distributor does not provide the dealer with timely notice of the objection, the dealer’s proposed succession plan shall be deemed approved. A manufacturer or distributor shall allow the succession of ownership of a dealership to a designated family member when a dealer is deceased, incapacitated, or has retired, unless the manufacturer or distributor has provided to the dealer written notice of the manufacturer’s or distributor’s objections to the succession within fifteen days after receipt of notice of the succession. However, a family member of a dealer shall not succeed to ownership of a dealership if the succession involves, without the manufacturer’s or distributor’s consent, a relocation of the dealership or alteration of the terms and conditions of the manufacturer-dealer agreement.

   b. In determining what constitutes reasonable compensation under this section, the principle factors to be given consideration shall be the actual wage rates being paid by the dealer and the actual retail wage rates being charged by other dealers in the community in which the dealer is doing business. The compensation of a dealer for warranty services shall not be less than the lowest actual retail wage rates charged by the dealer for similar nonwarranty services, as long as the actual retail wage rates are reasonable.

1. A dealer, manufacturer, distributor, or warrantor injured by another party’s violation of this chapter may bring a civil action in district court to recover actual damages resulting from the violation. 2. a. Prior to bringing a civil action under this section, the party alleging a violation of this chapter shall serve a written demand for mediation upon the alleged offending party.

   d. Within twenty days after service of a demand for mediation, the parties shall mutually select an independent certified mediator and shall meet with the mediator for the purpose of attempting to resolve the dispute or alleged violation. The meeting place for the mediation shall be in this state at a location selected by the mediator. The mediator may extend the date before which the parties are required to have the meeting for good cause shown by either party or upon a stipulation by both parties.
   e. The service of a demand for mediation under this section shall toll the period during which a party is required to file any complaint, petition, protest, or other action under

If a complaint, petition, protest, or other action has been filed before the mediation meeting, the court shall enter an order suspending any proceeding or action relating to such complaint, petition, protest, or other action until the mediation meeting has occurred and may, upon written stipulation by all parties to the proceeding or action that the parties wish to continue mediation under this section, enter an order suspending the proceeding or action for any period the court considers appropriate.

f. Each party to the mediation shall pay its own costs for attorney fees. The costs of the mediation services shall be equally allocated among each party.

3. In addition to the remedies provided in this section, and notwithstanding the existence of any additional remedy at law, a manufacturer, distributor, warrantor, or dealer may petition the district court, upon a hearing and for cause shown, for a temporary or permanent injunction, or both, restraining any person from acting as a dealer without being properly licensed, from violating or continuing to violate any of the provisions of this chapter, or from failing or refusing to comply with the requirements of this chapter. 4. “Dealer” or “dealership” means a person engaged in the retail sale of equipment.
5. “Dealership agreement” means an oral or written agreement, either express or implied,
between a supplier and a dealer which provides that the dealer is granted the right to sell,

and which provides evidence of a continuing commercial relationship between the supplier
and the dealer.
6. “Equipment” means agricultural equipment, construction equipment, industrial
equipment, utility equipment, or outdoor power equipment. However, “equipment” does not
include self-propelled machines designed primarily for the transportation of persons or
property on a street or highway.
7. “Good cause” means a condition which occurs under any of the following
circumstances:
   a. The dealer fails to substantially comply with an essential and reasonable requirement
      imposed upon the dealer by the dealership agreement, but only if that requirement is also
      generally imposed upon similarly situated dealers.
   b. The dealer has made a material misrepresentation or falsification of any record,
      contract, report, or other document which the dealer has submitted to the supplier.
   c. The dealer transfers an interest in the dealership; a person with a substantial interest
      in the ownership or control of the dealership withdraws from the dealership, including an
      individual proprietor, partner, major shareholder, or manager; or a substantial reduction
      occurs in the interest of a partner or major shareholder in the dealership. However, good
      cause does not exist if the supplier consents to an action described in this paragraph.

   e. An involuntary petition in bankruptcy has been filed against the dealership and has not
      been discharged within thirty days after the filing.

g. A dissolution or liquidation of dealership assets has commenced.

h. The dealer’s principal place of business is relocated, unless the supplier consents to the change in location.

i. The dealer has defaulted under a security agreement, including but not limited to a chattel mortgage, between the dealer and the supplier or any subsidiary or affiliate of the supplier.

j. A guarantee of the dealer’s present or future obligations to the supplier is revoked or discontinued.

k. The dealer has failed to operate in the normal course of business for seven consecutive business days or has otherwise abandoned business operations.

l. The dealer has pleaded guilty to or has been convicted of a felony.

m. The dealer has engaged in conduct which is injurious or detrimental to the dealer’s customers or to the public welfare, including but not limited to, misleading advertising, failing to provide reasonable service or replacement parts, or failing to honor warranty obligations.

n. The dealer consistently fails to comply with applicable state licensing requirements relating to the products and services represented on behalf of the supplier.

o. The dealer has inadequately represented the manufacturer’s product relating to sales when compared to similarly situated dealers.

9. “Net price” means the current price listed in the supplier’s effective price list or catalog, less any applicable trade or cash discount.

322F.2 Notice of termination.

1. a. A supplier shall terminate a dealership agreement for equipment other than outdoor power equipment by cancellation, nonrenewal, or a substantial change in competitive circumstances only upon good cause and upon at least ninety days’ prior written notice delivered to the dealer by certified mail or restricted certified mail. A supplier shall terminate a dealership agreement for outdoor power equipment by cancellation or nonrenewal only upon good cause and upon at least ninety days’ prior written notice delivered to the dealer by restricted certified mail or hand delivered by a representative of the supplier to the dealer or a designated representative of the dealer.

b. A written termination notice must specify each deficiency constituting good cause for the action. The notice must also state that the dealer has sixty days to cure a specified deficiency. If the deficiency is cured within sixty days from the date that the notice is delivered, the notice is void. However, if the deficiency is based on a dealer’s inadequate representation of a manufacturer’s product relating to sales, as provided in section 322F.1, the notice must state that the dealer has eighteen months to cure the deficiency. If the deficiency based on inadequate representation of a manufacturer’s product relating to sales is cured within eighteen months from the date that notice is delivered, the notice is void.

2. The supplier shall have the right to terminate immediately without notice in the event the action is for good cause as defined in section 322F.1, subsection 7, paragraphs “b” through “m”.

322F.3 Termination of agreement — repurchase of equipment.

1. If a dealership agreement is terminated by cancellation or nonrenewal, the supplier must repurchase equipment and parts in the dealer’s inventory and must repurchase special tools and computer hardware or software required for the dealership. The repurchase is subject to the following conditions:

   a. The supplier must pay to the dealer or credit the dealer’s account with one hundred percent of the net cost of all unused complete equipment including attachments. The equipment must be in new condition and purchased by the dealership from the supplier within twenty-four months preceding notification by either party of an intent to terminate the contract.

   b. The supplier must pay to the dealer or credit the dealer’s account with ninety percent of the net price for repair parts, including superseded parts listed in the price lists or catalogs in use by the supplier on the date of termination. The supplier shall also pay the dealer or credit the dealer’s account with five percent of the net price on the date of termination on all parts returned for the dealer’s handling, packing, and loading of the parts to be returned to the supplier. However, the supplier is not required to pay or credit the five percent if the supplier elects to perform the handling, packing, and loading.

   c. The supplier shall pay to the dealer or credit the dealer’s account with the amortized value of any specific computer hardware or software that the supplier required the dealer to purchase within the five years immediately preceding notification by either party of an intent to terminate the contract.

   d. The supplier shall pay to the dealer or credit the dealer’s account with the following amounts for special repair tools that were unique to the supplier’s product line and that are in complete and resalable condition:

      (1) Seventy-five percent of the net cost of special repair tools purchased within the three years immediately preceding notification by either party of an intent to terminate the contract.

      (2) Fifty percent of the net cost of special repair tools purchased within the four to six years immediately preceding notification by either party of an intent to terminate the contract.

   e. The supplier shall only be required to repurchase the items described in paragraphs “c” and “d” if the items are free and clear of all claims, liens, and encumbrances, to the satisfaction of the supplier.

   f. The supplier must pay to the dealer or credit the dealer’s account with one hundred percent of the net cost of all equipment used in demonstrations, including equipment leased primarily for demonstration or lease, at the equipment’s agreed-upon depreciated value, provided that such equipment is in new condition and has not been abused.

2. Upon payment or allowance of a credit to the dealer’s account as required in this section, the title to the repurchased equipment is transferred to the supplier making the repurchase, and the supplier may take immediate possession of the repurchased equipment.

3. The supplier must make payment or allowance of a credit as required under this section not later than ninety days from the date that the supplier takes possession of the repurchased equipment.

4. This section does not require repurchase from the dealer of repair parts which have a limited storage life or are otherwise subject to deterioration, including but not limited to rubber items, gaskets, and batteries. This section also does not require repurchase from the dealer of parts in broken or damaged packages, single repair parts priced as a set of two or more items, or repair parts which because of their condition are not resalable as new parts without new packaging or reconditioning.

322F.5 Death or incapacity of dealer.
If a dealer or a person holding a majority interest in a business entity operating a dealership dies or is incapacitated, the rights under this chapter may be exercised as an option by the heirs at law if the dealer or majority interest holder died intestate, or by the executor under the terms of the dealer’s or majority interest holder’s will. If the heirs or the executor do not exercise this option within twelve months from the date of death of the dealer or majority interest holder, the supplier must repurchase the equipment as if the supplier had terminated the dealership agreement pursuant to section 322F.3. However, this section does not entitle an heir, executor, administrator, legatee, or devisee of a deceased dealer or majority interest holder to continue to operate the dealership without the consent of the supplier.

90 Acts, ch 1077, §6; 2003 Acts, ch 55, §6

322F.5A Transfer of dealership.
1. If a supplier has contractual authority to approve or deny a request for a sale or transfer of a dealer’s business or an equity ownership interest in the business, the supplier shall approve or deny the request within sixty days after receiving a written request from the dealer. If the supplier has not approved or denied the request within the sixty-day period, the request shall be deemed approved. The dealer’s request shall include reasonable financial information, personal background information, character references, and work histories for each acquiring person.
2. If a supplier denies a request made pursuant to this section, the supplier shall provide the dealer with a written notice of the denial that states the reasons for the denial. A supplier may only deny a request based on the failure of a proposed transferee to meet the reasonable requirements consistently imposed by the supplier in determining whether to approve a transfer or a new dealership.

2005 Acts, ch 27, §1
Referred to in §322F.9

322F.6 Assignees and successors in interest.
The obligations under this chapter apply to the supplier’s assignee or successor in interest. A successor in interest includes, but is not limited to, a purchaser of assets or stock, a surviving corporation resulting from a merger or liquidation, a receiver, or a trustee of the supplier.

90 Acts, ch 1077, §7

322F.7 Violations.
A violation of this chapter includes but is not limited to a supplier doing any of the following:
1. Requires a dealer to accept delivery of equipment that the dealer has not ordered.
2. Requires a dealer to order or accept delivery of equipment with special features or accessories not included in the base price list of equipment as publicly advertised by the supplier.
3. Requires a dealer to enter into any agreement, whether written or oral, which amends or supplements an existing dealership agreement with the supplier; unless the supplementary or amendatory agreement is imposed on other similarly situated dealers.
4. Requires as a condition of renewal or extension of a dealership agreement that the dealer complete substantial renovation of the dealer’s place of business, or acquire new or additional space to serve as the dealer’s place of business, unless the supplier provides at least one year’s written notice of the condition which states all grounds supporting the condition. The supplier must provide a reasonable time for the dealer to complete the renovation or acquisition.
5. Requires a dealer to refuse to purchase equipment distributed by another supplier.
6. Discriminates in the prices charged for equipment of like grade and quality sold by the supplier to similarly situated dealers. This subsection does not prevent the use of differentials which make only due allowance for costs related to the manufacture, sale, or delivery of equipment, or to methods or quantities of equipment sold or delivered.
7. a. (1) For a dealership agreement governing equipment other than outdoor power
equipment, takes action terminating, canceling, or failing to renew the dealership agreement, or substantially changes the competitive circumstances intended by the dealership agreement, due to the results of conditions beyond the dealer’s control, including drought, flood, labor disputes, or economic recession.

(2) For a dealership agreement governing outdoor power equipment, takes action terminating, canceling, or failing to renew the dealership agreement due to the results of conditions beyond the dealer’s control, including drought, flood, labor disputes, or economic recession.

b. This subsection shall not apply if the dealer is in default of a security agreement in effect with the supplier.

322F.8 Supplier liability.

1. a. (1) A dealer may bring a legal action against a supplier for damages sustained by the dealer as a consequence of the supplier’s violation of any provision of this chapter, including but not limited to a violation described in section 322F.7. A supplier violating this chapter shall compensate the dealer for damages sustained by the dealer as a consequence of the supplier’s violation, together with the actual costs of the action, including reasonable attorney fees.

(2) For a dealership agreement governing equipment other than outdoor power equipment, a dealer may be granted injunctive relief against unlawful termination, cancellation, or the nonrenewal of the dealership agreement, or a substantial change of competitive circumstances as provided in section 322F.2.

(3) For a dealership agreement governing outdoor power equipment, a dealer may be granted injunctive relief against unlawful termination, cancellation, or the nonrenewal of the dealership agreement as provided in section 322F.2.

b. The remedies in this section are in addition to any other remedies permitted by law.

2. a. If the payment or allowance of equipment repurchased pursuant to section 322F.3 is not made as required, or the supplier is found liable for damages pursuant to subsection 1, paragraph “a”, subparagraph (1), the amount due to the dealer shall bear interest at the rate of one and one-half percent per month calculated from the date that the dealership agreement was terminated.

b. Upon termination of a dealership agreement by nonrenewal or cancellation, by a dealer or supplier, if the supplier fails to make payment or credit the account of the dealer as provided in any provision of this chapter, the supplier is liable in a civil action brought by the dealer for the repurchase amount set forth in section 322F.3, plus interest as calculated pursuant to paragraph “a”. The supplier’s civil liability as provided in this paragraph shall be in addition to and not in lieu of any remedy provided by subsection 1, paragraph “a”, subparagraph (1).

3. The requirements of this chapter supplement any agreement between a dealer and a supplier. The dealer may elect either to pursue contractual remedies under the dealership agreement or remedies provided under this chapter. An election by the dealer to pursue a remedy provided under this chapter does not bar the dealer from pursuing any other remedy under law or equity, including contractual remedies. This chapter does not affect rights of the supplier to charge back to the dealer’s accounts amounts previously paid or credited as a discount to the dealer’s purchase of goods, including equipment.

322F.9 Applicability.

1. A term of a dealership agreement that is inconsistent with the terms of this chapter is void and unenforceable and does not waive any rights that are provided to a person by this chapter.

2. a. For all dealership agreements other than those provided for in this section, this chapter applies to those dealership agreements in effect that have no expiration date and all other dealership agreements entered into or renewed on or after July 1, 1990. Any such
dealership agreement in effect on June 30, 1990, which by its own terms will terminate on a subsequent date, shall be governed by the law as it existed prior to July 1, 1990.

b. For all dealership agreements governing all-terrain vehicles, this chapter applies to those dealership agreements in effect that have no expiration date and all other such dealership agreements entered into or renewed on or after July 1, 2002. Any such dealership agreement in effect on July 1, 2002, which by its own terms will terminate on a subsequent date, shall be governed by the law as it existed prior to July 1, 2002.

c. For all dealership agreements governing agricultural equipment used principally for floriculture and for all dealership agreements governing construction equipment, industrial equipment, utility equipment, and outdoor power equipment, this chapter applies to those dealership agreements in effect that have no expiration date and all other such dealership agreements entered into or renewed on or after July 1, 2003. Any dealership agreement in effect on July 1, 2003, which by its own terms will terminate on a subsequent date, shall be governed by the law as it existed prior to July 1, 2003.

d. For all dealership agreements governing the sale or transfer of a dealer’s business, section 322F.5A applies to those dealership agreements in effect that have no expiration date and all other such dealership agreements entered into or renewed on or after July 1, 2005. Any dealership agreement in effect on July 1, 2005, which by its own terms will terminate on a subsequent date, shall be governed by the law as it existed prior to July 1, 2005.

The general assembly recognizes that a motor vehicle is a major consumer acquisition and that a defective motor vehicle undoubtedly creates a hardship for the consumer. The general assembly further recognizes that a duly franchised motor vehicle dealer is an authorized service agent of the manufacturer. It is the intent of the general assembly that a good faith motor vehicle warranty complaint by a consumer be resolved by the manufacturer within a specified period of time. It is further the intent of the general assembly to provide the statutory procedures whereby a consumer may receive a replacement motor vehicle, or a full refund, for a motor vehicle which cannot be brought into conformity with the warranty provided for in this chapter. However, this chapter does not limit the rights or remedies which are otherwise available to a consumer under any other law.

91 Acts, ch 153, §1

14. “Nonconformity” means a defect, malfunction, or condition in a motor vehicle such that the vehicle fails to conform to the warranty, but does not include a defect, malfunction, or condition that results from an accident, abuse, neglect, modification, or alteration of the motor vehicle by persons other than the manufacturer or its authorized service agent.

322G.3 Duties of manufacturer.

1. At the time of the consumer’s purchase or lease of the vehicle, the manufacturer shall provide to the consumer a written statement that explains the consumer’s rights and obligations under this chapter. The written statement shall be prepared by the attorney general and shall contain a telephone number that the consumer can use to obtain information from the attorney general regarding the rights and obligations provided under this chapter.

2. At the time of the consumer’s purchase or lease of the vehicle, the manufacturer shall provide to the consumer the address and phone number for the zone, district, or regional office of the manufacturer for this state where a claim may be filed by the consumer. This information shall be provided to the consumer in a clear and conspicuous manner. Within thirty days of the introduction of a new model year for each make and model of motor vehicle sold in this state, the manufacturer shall notify the attorney general of such introduction. The manufacturer shall also inform the attorney general that a copy of the owner’s manual and applicable written warranties shall be provided upon request and provide information as to where the request should be made. The manufacturer shall inform the attorney general where such a request should be directed and shall provide the copy of the owner’s manual and applicable written warranties within five business days of a request by the attorney general.

3. A manufacturer or the authorized service agent of the manufacturer shall make repairs as necessary to conform the vehicle to the warranty if a motor vehicle does not conform to the warranty and the consumer reports the nonconformity to the manufacturer or authorized service agent during the lemon law rights period. Such repairs shall be made irrespective of whether they can be made prior to the expiration of the lemon law rights period.

4. A manufacturer or the authorized service agent of the manufacturer, shall provide to the consumer, each time the motor vehicle is returned after being examined or repaired under the warranty, a fully itemized, legible statement or repair order indicating any diagnosis made, and all work performed on the motor vehicle including, but not limited to, a general description of the problem reported by the consumer or an identification of the defect or condition, parts and labor, the date and the odometer reading when the motor vehicle was submitted for examination or repair, and the date when the repair or examination was completed.

5. Upon request from the consumer, the manufacturer, or the authorized service agent of the manufacturer, shall provide a copy of either or both of the following:

a. Any report or printout of any diagnostic computer operation compiled by the manufacturer or authorized service agent regarding an inspection or diagnosis of the motor vehicle.

b. A copy of any technical service bulletin issued by the manufacturer regarding the year
and model of the motor vehicle as it pertains to any material, feature, component, or the
performance of the motor vehicle.

91 Acts, ch 153, §3
Referred to in §322G.15

322G.4 Nonconformity of motor vehicles.

1. a. After three attempts have been made to repair the same nonconformity that
substantially impairs the motor vehicle, or after one attempt to repair a nonconformity that
is likely to cause death or serious bodily injury, the consumer may give written notification,
which shall be by certified or registered mail or by overnight service, to the manufacturer
of the need to repair the nonconformity in order to allow the manufacturer a final attempt
to cure the nonconformity. The manufacturer shall, within ten days after receipt of such
notification, notify and provide the consumer with the opportunity to have the vehicle
repaired at a reasonably accessible repair facility and after delivery of the vehicle to the
designated repair facility by the consumer, the manufacturer shall, within ten days, conform
the motor vehicle to the warranty. If the manufacturer fails to notify and provide the
consumer with the opportunity to have the vehicle repaired at a reasonably accessible repair
facility or perform the repairs within the time periods prescribed in this subsection, the
requirement that the manufacturer be given a final attempt to cure the nonconformity does
not apply.

b. After twenty or more cumulative days when the motor vehicle has been out of
service by reason of repair of one or more nonconformities, the consumer may give written
notification to the manufacturer which shall be by certified or registered mail or by overnight
service. Commencing upon the date such notification is received, the manufacturer has ten
cumulative days when the vehicle has been out of service by reason of repair of one or more
nonconformities to conform the motor vehicle to the warranty.

2. a. If the manufacturer, or its authorized service agent, has not conformed the
motor vehicle to the warranty by repairing or correcting one or more nonconformities
that substantially impair the motor vehicle after a reasonable number of attempts, the
manufacturer shall, within forty days of receipt of payment by the manufacturer of a
reasonable offset for use by the consumer, replace the motor vehicle with a replacement
motor vehicle acceptable to the consumer, or repurchase the motor vehicle from the
consumer or lessor and refund to the consumer or lessor the full purchase or lease price, less
a reasonable offset for use. The replacement or refund shall include payment of all collateral
and reasonably incurred incidental charges. The consumer has an unconditional right to
choose a refund rather than a replacement. If the consumer elects to receive a refund,
and the refund exceeds the amount of the payment for a reasonable offset for use, the
requirement that the consumer pay the reasonable offset for use in advance does not apply,
and the manufacturer shall deduct that amount from the refund due to the consumer. If the
consumer elects a replacement motor vehicle, the manufacturer shall provide the consumer
a substitute motor vehicle to use until such time as the replacement vehicle is delivered to
the consumer. At the time of the refund or replacement, the consumer, lienholder, or lessor
shall furnish to the manufacturer clear title to and possession of the original motor vehicle.

b. Refunds shall be made to the consumer and lienholder of record, if any, as their interests
appear. If applicable, refunds shall be made to the lessor and lessee as follows: the lessee
shall receive the lessee’s cost less a reasonable offset for use, and the lessor shall receive the
lease price less the aggregate deposit and rental payments previously paid to the lessor for the
leased vehicle. If it is determined that the lessee is entitled to a refund pursuant to this chapter,
the consumer’s lease agreement with the lessor is terminated upon payment of the refund
and no penalty for early termination shall be assessed. The department of revenue shall
refund to the manufacturer any use tax or fee for new registration which the manufacturer
refunded to the consumer, lessee, or lessor under this section, if the manufacturer provides
to the department of revenue a written request for a refund and evidence that the use tax or
fee for new registration was paid when the vehicle was purchased and that the manufacturer
refunded the use tax or fee for new registration to the consumer, lessee, or lessor.

3. a. It is presumed that a reasonable number of attempts have been undertaken to
conform a motor vehicle to the warranty if, during the lemon law rights period, any of the following occur:

(1) The same nonconformity that substantially impairs the motor vehicle has been subject to examination or repair at least three times by the manufacturer or its authorized service agent, plus a final attempt by the manufacturer to repair the motor vehicle if undertaken as provided for in subsection 1, and such nonconformity continues to exist.

(2) A nonconformity that is likely to cause death or serious bodily injury has been subject to examination or repair at least one time by the manufacturer or its authorized service agent, plus a final attempt by the manufacturer to repair the motor vehicle if undertaken as provided for in subsection 1, and such nonconformity continues to exist.

(3) The motor vehicle has been out of service by reason of repair by the manufacturer, or its authorized service agent, of one or more nonconformities that substantially impair the motor vehicle for a cumulative total of thirty or more days, exclusive of down time for routine maintenance prescribed by the owner’s manual. The thirty-day period may be extended by any period of time during which repair services are not available to the consumer because of war, invasion, strike, fire, flood, or natural disaster.

b. The terms of this subsection shall be extended for a period of up to two years after the date of the original delivery of a motor vehicle to a consumer, or the first twenty-four thousand miles of operation attributable to a consumer, whichever occurs first, if a nonconformity has been reported but has not been cured by the manufacturer, or its authorized service agent, before the expiration of the lemon law rights period.

4. A manufacturer, or its authorized service agent, shall not refuse to examine or repair any nonconformity for the purpose of avoiding liability under this chapter.

322G.5 Affirmative defenses.

Any of the following is an affirmative defense to a claim under this chapter:

1. The alleged nonconformity or nonconformities do not substantially impair the motor vehicle.

2. A nonconformity is the result of an accident, abuse, neglect, or unauthorized modification or alteration of the motor vehicle by a person other than the manufacturer or its authorized service agent.

3. The claim by the consumer was not filed in good faith.

4. Any other defense allowed by law which may be raised against the claim.

91 Acts, ch 153, §5

322G.6 Informal dispute settlement procedures — operations and certification.

1. At the time of the consumer’s purchase or lease of the vehicle, a manufacturer who has established a program certified pursuant to this section shall, at a minimum, clearly and conspicuously disclose to the consumer in written materials accompanying the vehicle how and where to file a claim with the program.

2. A certified program shall be funded and competently staffed at a level sufficient to ensure fair and expeditious resolution of all disputes, and shall not charge consumers any fee for use of the program. The manufacturer shall take all steps necessary to ensure that a certified program and its staff and decision makers are sufficiently insulated from the manufacturer so that the performance of the staff and the decisions of the decision makers are not influenced by the manufacturer. Such steps, at a minimum, shall ensure that the manufacturer does not make decisions on whether a consumer’s dispute proceeds to the decision maker. Staff and decision makers of a certified program shall be trained in the provisions of this chapter and rules adopted under this chapter.

3. a. A certified program shall allow an oral presentation by a party, or by a party’s employee, agent, or representative.

b. Within five days following the consumer’s notification to the certified program of the dispute, the program shall inform each party of their right to make an oral presentation.
c. Meetings of a certified program to hear and decide disputes shall be open to observers, including either party to the dispute, on reasonable and nondiscriminatory terms.

4. A certified program shall render a decision no later than sixty days from the day of the consumer’s notification of the dispute, provided that a significant number of decisions are rendered within forty days. For the purposes of this section, notification is deemed to have occurred when a certified program has received the consumer’s name and address; the current date and the date of the original delivery of the motor vehicle to a consumer; the year, make, model, and identification number of the motor vehicle; and a description of the nonconformity. If the consumer has not previously notified the manufacturer of the nonconformity, the sixty-day period is extended for an additional seven days.

5. A certified program shall, in rendering decisions, take into account the provisions of this chapter and all legal and equitable factors germane to a fair and just decision. The decision shall disclose to the consumer and the manufacturer the reasons for the decision, and the manufacturer’s required actions, if applicable. If the decision is in favor of the consumer, the consumer shall have up to twenty-five days from the date of receipt of the certified program’s decision to indicate acceptance of the decision. The decision shall prescribe a reasonable period of time, not to exceed thirty days from the date the consumer notifies the manufacturer of acceptance of the decision, within which the manufacturer must fulfill the terms of the decision. If the manufacturer has had a reasonable number of attempts to conform a motor vehicle to the warranty as set forth in section 322G.4, subsection 3, including a final attempt by the manufacturer to repair the motor vehicle, if undertaken as provided for in section 322G.4, subsection 1, and the consumer is entitled to a replacement vehicle or a refund under section 322G.4, subsection 2, the decision shall be limited to relief as allowed under section 322G.4, subsection 2. In an action brought by a consumer under this chapter, the decision of a certified program is admissible in evidence.

6. A certified program shall establish written procedures which explain operation of the certified program. Copies of the written procedures shall be made available to any person upon request and shall be sent to the consumer upon notification of the dispute.

7. A certified program shall retain all records for each dispute for at least four years after the final disposition of the dispute. A certified program shall have an independent audit conducted annually to determine whether the manufacturer and its performance and the program and its implementation are in compliance with this chapter. All records for each dispute shall be available for the audit. Such audit, upon completion, shall be forwarded to the attorney general.

8. Any manufacturer licensed to sell motor vehicles in this state may apply to the attorney general for certification of its program. A manufacturer seeking certification of its program in this state shall submit to the attorney general an application for certification on a form prescribed by the attorney general.

9. A program certified in this state or a program established by a manufacturer applying for certification in this state shall submit to the attorney general a copy of each settlement approved by the program or decision made by the decision maker within thirty days after the settlement is reached or the decision is rendered. The decision or settlement shall contain information prescribed by the attorney general.

10. The attorney general shall review the operations of any certified program at least once annually. The attorney general shall prepare annual and periodic reports evaluating the operation of certified programs serving consumers in this state or programs established by motor vehicle manufacturers applying for certification in this state. The reports shall indicate whether certification should be granted, renewed, denied, or revoked.

11. If a manufacturer has established a program which the attorney general has certified as substantially complying with the provisions of and the rules adopted under this chapter, and has informed the consumer how and where to file a claim with the program pursuant to subsection 1, the provisions of section 322G.4, subsection 2, do not apply to any consumer who has not first resorted to the program.

322G.7 Informal dispute settlement procedure — certification uniformity.
To facilitate uniform application, interpretation, and enforcement of this section and section 322G.6, and in implementing rules adopted pursuant to section 322G.14, the attorney general may cooperate with agencies that perform similar functions in any other states that enact these or similar sections. The cooperation authorized by this section may include any of the following:
1. Establishing a central depository for copies of all applications and accompanying materials submitted by manufacturers for certification, and all reports prepared, notices issued, and determinations made by the attorney general under section 322G.6.
2. Sharing and exchanging information, documents, and records pertaining to program operations.
3. Sharing personnel to perform joint reviews, surveys, and investigations of program operations.
4. Preparing joint reports evaluating program operations.
5. Granting joint certifications and certification renewals.
6. Issuing joint denials or revocations of certification.
7. Holding a joint administrative hearing.
8. Formulating, in accordance with chapter 17A, the administrative procedure Act, rules or proposed rules on matters such as guidelines, forms, statements of policy, interpretative opinions, and any other information necessary to implement section 322G.6.
Unnumbered paragraph 1 amended

322G.8 Consumer remedies.
1. If a consumer resorts to a manufacturer’s certified program and a decision is not rendered within the time periods allowed in this chapter, or a manufacturer has no certified program and the consumer has notified the manufacturer pursuant to section 322G.4, subsection 1, the consumer may file an action in district court under this chapter within one year from the expiration of the lemon law rights period or an extension of the period pursuant to section 322G.4, subsection 3.
2. If a consumer resorts to a manufacturer’s certified program and is not satisfied with the performance of the manufacturer as ordered in the decision, or the manufacturer does not perform as directed by the decision within the time period specified in the decision, the consumer may file an action in district court under this chapter within six months after the date prescribed in the decision by which the manufacturer must fulfill the terms of the decision. If the consumer declines to accept the decision of the manufacturer’s certified program, the consumer may appeal the decision pursuant to subsection 4. For purposes of this subsection, “not satisfied with the performance of the decision” means, following the consumer’s acceptance of the decision, the consumer indicates that the manufacturer failed to comply with the terms of the decision within the time specified in the decision or failed to cure the nonconformity within the time specified in the decision if further repairs were ordered.
3. In an action under either subsection 1 or 2, the court shall award a consumer who prevails the amount of any pecuniary loss, including relief the consumer is entitled to under section 322G.4, subsection 2, reasonable attorney’s fees, and costs. In addition, if the court affirms the decision of the certified program, the court may award any additional amounts allowed under subsection 7.
4. A certified program’s decision is final unless appealed by either party. A petition to the district court to appeal a decision must be made within fifty days after receipt of the decision or within twenty-five days from the date the consumer indicates acceptance of the decision to the manufacturer, whichever occurs first. Within seven days after the petition has been filed, the appealing party must send, by certified, registered, or express mail, a copy of the petition to the attorney general. If the attorney general receives no notice of the petition within sixty days after the manufacturer’s receipt of a decision in favor of the consumer, and the consumer has indicated acceptance of the decision within the twenty-five days of receipt of the decision, but the manufacturer has neither complied with, nor petitioned to appeal the decision, the
attorney general may apply to the court to impose a fine up to one thousand dollars per day against the manufacturer until the amount stands at twice the purchase price of the motor vehicle, unless the manufacturer provides clear and convincing evidence that the delay or failure was beyond its control or was acceptable to the consumer as evidenced by a written statement signed by the consumer. If the manufacturer fails to provide such evidence or fails to pay the fine, the attorney general shall initiate proceedings against the manufacturer for failure to pay the fine. The proceeds from the fine imposed shall be placed in the attorney general’s motor vehicle fraud and odometer law enforcement fund for implementation and enforcement of this chapter.

5. If the manufacturer fails to comply with a decision which has been timely accepted by the consumer or fails to file a timely petition for appeal, the court shall affirm the board’s decision upon application by the consumer.

6. An appeal of a decision by a certified program to the court by a consumer or a manufacturer shall be tried de novo, and may be based upon stipulated facts. In a written petition to appeal a decision by the board, the appealing party must state the action requested and the grounds relied upon for appeal.

7. If a decision of the certified program in favor of the consumer is affirmed or upheld by the court, recovery by the consumer shall include the pecuniary value of the award, including relief the consumer is entitled to under section 322G.4, subsection 2, attorney’s fees incurred in obtaining confirmation of the award, and all costs and continuing damages in an amount of twenty-five dollars per day for all days beyond the twenty-five-day period following the manufacturer’s receipt of the consumer’s acceptance of the certified program’s decision. If a court determines that a manufacturer filed a petition for appeal to be tried de novo in bad faith or brought such an appeal solely for the purpose of harassment, the court shall double, and may triple, the amount of the total award, after consideration of all circumstances.

8. Appellate review of a court decision in favor of the consumer may be conditioned upon payment by the manufacturer of the consumer’s attorney’s fees and giving security for costs and expenses resulting from the review period.

9. This chapter does not prohibit a consumer from pursuing other rights or remedies under any other law.

91 Acts, ch 153, §8

322G.9 Compliance and disciplinary action.

The attorney general may enforce and ensure compliance with the provisions of this chapter and rules adopted pursuant to section 322G.14, may issue subpoenas requiring the attendance of witnesses and the production of evidence, and may petition any court having jurisdiction to compel compliance with the subpoenas. The attorney general may levy and collect an administrative fine in an amount not to exceed one thousand dollars for each violation against any manufacturer found to be in violation of this chapter or rules adopted pursuant to section 322G.14. A manufacturer may request a hearing pursuant to chapter 17A, the administrative procedure Act, if the manufacturer contests the fine levied against it. The proceeds from any fine levied and collected pursuant to this section shall be placed in the attorney general’s motor vehicle fraud and odometer law enforcement fund for implementation and enforcement of this chapter.

91 Acts, ch 153, §9

322G.10 Unfair or deceptive trade practice.

A violation by a manufacturer of this chapter is an unfair or deceptive trade practice in violation of section 714.16, subsection 2, paragraph “a”.

91 Acts, ch 153, §10

322G.11 Dealer liability.

This chapter, except for the requirements of section 322G.12, does not impose any liability on a franchised motor vehicle dealer or create a cause of action by a consumer against a dealer. A dealer shall not be made a party defendant in any action involving or relating to this chapter, except as provided in this section. The manufacturer shall not charge back or
require reimbursement by the dealer for any costs, including but not limited to any refunds or vehicle replacements, incurred by the manufacturer pursuant to this chapter, in the absence of a finding by a court that the related repairs had been carried out by the dealer in a manner substantially inconsistent with the manufacturer’s published instructions. A manufacturer who is found by a court to have improperly charged back a dealer because of a violation of this section is liable to the injured dealer for full reimbursement plus reasonable costs and any attorney’s fees.

91 Acts, ch 153, §11; 95 Acts, ch 45, §7

322G.12 Resale of returned vehicles.

A manufacturer who accepts the return of a motor vehicle pursuant to a settlement, determination, or decision under this chapter shall notify the state department of transportation, report the vehicle identification number of that motor vehicle within ten days after the acceptance, and obtain a new certificate of title for the vehicle in the manufacturer’s name pursuant to section 321.46. In obtaining a new certificate of title, the manufacturer shall title the vehicle in the county of the transferor’s residence and shall be exempt from the registration fee requirements of section 321.46 and the fee for new registration under section 321.105A. The new certificate of title, and all subsequent registration receipts and certificates of title issued for the motor vehicle, shall contain a designation indicating that the motor vehicle was returned to the manufacturer pursuant to this chapter or a similar law of another state. The state department of transportation shall determine the manner in which the designation is to be indicated on registration receipts and certificates of title and may determine that a “REBUILT” or “SALVAGE” designation supersedes the designation required by this paragraph and include the “REBUILT” or “SALVAGE” designation on the registration receipt and certificate of title in lieu of the designation required by this paragraph.

A person shall not knowingly lease, sell, either at wholesale or retail, or transfer a title to a motor vehicle returned by reason of a settlement, determination, or decision pursuant to this chapter or a similar law of another state unless the nature of the nonconformity is clearly and conspicuously disclosed to the prospective transferee, lessee, or buyer. The attorney general shall prescribe by rule the form, content, and procedure pertaining to such a disclosure statement, recognizing the need of manufacturers to implement a uniform disclosure form. The manufacturer shall make a reasonable effort to ensure that such disclosure is made to the first subsequent retail buyer or lessee. For purposes of this section, “settlement” includes an agreement entered into between the manufacturer and the consumer that occurs after the thirtieth day following the manufacturer’s receipt of the consumer’s written notification pursuant to section 322G.4.

322G.13 Certain agreements void.

Any agreement entered into by a consumer that waives, limits, or disclaims the rights set forth in this chapter is void as contrary to public policy.

91 Acts, ch 153, §13

322G.14 Rulemaking authority.

1. The attorney general shall adopt rules as necessary to implement this chapter.

2. In prescribing rules and forms under this chapter, the attorney general may cooperate with agencies that perform similar functions in other states with a view to effectuating the policy of this chapter to achieve maximum uniformity in the form and content of certification, regulation, and procedural evaluation of manufacturer-established programs, required recordkeeping, required reporting wherever practicable, and required notices to consumers.

91 Acts, ch 153, §14

322G.15 Applicability.

1. This chapter takes effect July 1, 1991, and applies to motor vehicles originally purchased or leased by consumers on or after that date.
2. This chapter applies to motor vehicles originally purchased or leased in this state and, except for section 322G.3, subsections 1 and 2, and section 322G.6, subsection 1, applies to motor vehicles originally purchased or leased in other states, if the consumer is a resident of this state at the time the consumer’s rights are asserted under this chapter.

323.2 Discontinuing distributor franchise.

Notwithstanding the terms, provisions or conditions of any distributor franchise, a franchiser shall not terminate or refuse to renew a distributor franchise except as provided in this chapter. A franchiser shall not terminate or refuse to renew a distributor franchise unless the franchiser gives to the distributor thirty days’ written notice of franchiser’s intent to terminate or not renew. Notice shall be given by restricted certified mail, as defined in section 618.15. 323.4A Use of renewable fuel.
1. Except as provided in subsection 3, this section applies to a supply agreement or other document executed on or after July 1, 2013, by parties who are receiving and furnishing motor fuel or special fuel as follows:
   a. A dealer who is a party receiving motor fuel or special fuel from another party who is a refiner, supplier, or distributor furnishing the motor fuel or special fuel.
   b. A distributor who is a party receiving motor fuel or special fuel from another party who is a refiner, supplier, or other distributor furnishing the motor fuel or special fuel.
2. A supply agreement or other document shall not contain a provision restricting a dealer or distributor who is a party receiving motor fuel or special fuel from the other party furnishing the motor fuel or special fuel as described in subsection 1 from doing any of the following:
   a. Installing, converting, or operating a storage tank or a dispenser located on the distributor’s or dealer’s business premises for use in storing or dispensing renewable fuel. However, this paragraph does not apply to a dealer or distributor whose business premises are leased from the other party furnishing the renewable fuel.
   b. Using a dispenser to dispense ethanol blended gasoline, including gasoline with a specified blend or a range of blends under chapter 214A, if the dispenser is approved as required by the state fire marshal for dispensing the specified blend or range of blends, including as provided in section 455G.31.
   c. Purchasing, selling, or dispensing motor fuel or special fuel that is a renewable fuel from a source other than the party furnishing other motor fuel or special fuel, if such party furnishing the other motor fuel or special fuel does not furnish motor fuel or special fuel that is a renewable fuel for sale by the distributor or dealer.
   d. Marketing the sale of any renewable fuel, including but not limited to advertising its availability or price on a sign, on a dispenser, or by media.
   e. Selling or dispensing renewable fuel in any specified area located on the distributor’s or dealer’s business premises, including but not limited to any area in which a name or logo of a franchiser or any other entity appears.
   f. Using a payment form for the sale of a renewable fuel by the retail dealer that is the same type as the payment form used for the sale of another type of motor fuel or special fuel by the dealer on the dealer’s retail premises.
3. This section does not apply to any activity that constitutes mislabeling, misbranding, willful adulteration, or other trademark violation by a dealer.

Legislative intent regarding use of renewable fuels; 2013 Acts, ch 127, §1

323.5 Burden of proof.
Upon hearing, if the department finds the statements contained in the application are true, then the franchiser or distributor that intends to terminate or not renew the distributor franchise or dealer franchise shall have the burden of proof to establish that the franchiser or distributor, as the case may be, has good cause for terminating or not renewing the franchise.
If the department finds the statements contained in the application are not true, the application shall be denied. Nothing contained in this chapter shall be construed to require or authorize any investigation by the department of any matter before the department under this chapter. Upon hearing the department shall hear the evidence introduced by the parties and shall make its decision solely upon the record made. If the department denies the termination or nonrenewal of the franchise, it may make such further order as may be necessary to require compliance with the terms of the franchise and to prevent retaliatory action.

[C75, 77, 79, 81, §323.5]

323.6 Conditions barring change in distributor franchise.

Notwithstanding the terms, provisions or conditions of a distributor franchise, the following shall not constitute good cause for the termination or refusal to renew a distributor franchise:

1. The sole fact that the franchiser desires further penetration of the market.
2. The change of executive management of the distributor, unless the franchiser, having the burden of proof, proves that the change of executive management will be substantially detrimental to the distribution of the franchiser’s motor fuels or special fuels in the area served by the distributor.
3. The sale or change of ownership of the distributor’s business.

3. Permanency of the investment.
4. Whether it is injurious to the public welfare for the business of the distributor or dealer to be disrupted.

6. Whether the distributor or dealer has adequate equipment and qualified personnel to reasonably provide for the distribution and marketing of the motor fuel or special fuel sold to the distributor or dealer.
7. Except as provided in section 323.6, failure of the distributor to substantially comply with those requirements of the distributor franchise that are determined by the department to be reasonable and material.

323.9 Violations.

Any person violating the provisions of this chapter is guilty of a simple misdemeanor.

[C75, 77, 79, 81, §323.9]
§323.10 Intent.
The provisions of this chapter are enacted in the exercise of the police powers of this state for the purpose of protecting the health, safety and general welfare of the people of this state and because methods and practices in the marketing and distribution of motor fuel and special fuel have impaired the availability to the public of the fuel and the services supplied by distributors and dealers who have entered into a franchise agreement with their respective suppliers.

[C75, 77, 79, 81, §323.10]

§323.11 Hearing.

The department shall notify the franchiser or distributor of the time and place of the hearing. The department may also give notice of the application to any other party the department deems an interested person. The notice shall be in the form and substance and given in the manner determined by the department.

Any person who can show an interest in the application may become a party to the hearing, whether or not the person receives notice; but a party not receiving notice shall be limited to participation at the hearing on the question of the public interest in the termination or continuation of the franchise.

§323.12 Appeal.
Appeal may be taken from the final order of the department by either the distributor, franchiser or dealer, to the district court of the county where the distributor or dealer either resides or maintains the principal place of business, within thirty days from the time the decision is filed with the department, by giving at least ten days’ notice to the department to be served on its chairperson or secretary in the same manner as original notices are now served, and by filing with the clerk of court a bond for costs in the sum of not less than five hundred dollars. Appeal shall be taken in accordance with the provisions of the Iowa administrative procedure Act, chapter 17A.

[C75, 77, 79, 81, §323.12]
2003 Acts, ch 44, §114

§323.13 Waiver.
Any provision of a dealer franchise or distributor franchise which is an attempted waiver of the benefits of this chapter shall be void and unenforceable.

[C75, 77, 79, 81, §323.13]

§323.14 Death of franchisee — successor — penalty.
1. It is unlawful to include in any distributor franchise or dealer franchise agreement a term which provides for the termination of the franchise by the franchiser upon the death of the franchisee if the franchisee, prior to the franchisee’s death, designates a successor-in-interest in a form prescribed by and delivered to the franchiser. For the purposes of this section, “successor-in-interest” is restricted to either a surviving spouse or adult child of the franchisee who, at the time of the franchisee’s death, is able to meet reasonable qualifications then being required of distributors or dealers by the franchiser.
2. The successor-in-interest designated as provided in subsection 1 shall have twenty-one days after the death of the franchisee to give written notice of an election to assume and operate the franchise. The notification shall contain such information regarding business experience and credit worthiness as is reasonably required by the franchiser. The successor-in-interest must offer to assume and commence operation of the franchise within ten days after the franchiser approves the assumption.
3. The franchise available to the successor-in-interest pursuant to this section shall be
the same as that which existed in the name of the deceased franchisee at the time of the franchisee’s death.

4. A franchisee may designate a primary and one alternate successor-in-interest. The alternate, if one is designated, has no rights under this section in the event of an exercise of rights by the primary successor-in-interest. If an alternate desires to assume and operate the franchise in the event the primary successor-in-interest fails to do so, the alternate must give notice of such election and otherwise comply with subsection 2.

5. Unless otherwise specifically provided in this section, actions to be performed by the franchiser or by the successor-in-interest under this section shall be performed within a reasonable time.

6. Following the death of a franchisee, and prior to the operation of the franchise by the successor-in-interest as provided in this section, the executor or administrator of the estate of the deceased franchisee may operate the franchise.

7. If the successor-in-interest assumes the franchise, the successor-in-interest shall account to the heirs or estate of the deceased franchisee for the value of personal property of the franchisee located at or related to the franchise.

8. If the successor-in-interest does not assume the franchise, the franchiser shall account to the heirs or the estate of the deceased franchisee for the value of branded products purchased directly from the franchiser.

9. A franchisee or successor-in-interest may commence a civil action to compel compliance by a franchiser with this section, or to obtain damages caused by a failure to comply with this section, or both, within two years after the date the franchiser fails to comply with the requirements of this section.

323A.2 Purchase from other source.

1. The orderly flow of an adequate supply of motor fuel is declared to be essential to the economy and to the welfare of the people of this state. Therefore, in the public interest and notwithstanding the terms, provisions, or conditions of any franchise, a franchisee unable to obtain motor fuel from the franchisor may purchase the fuel from another available source, subject to subsections 2 to 5 and provided the franchisee has done all of the following:
   a. At least forty-eight hours prior to entering into an agreement to purchase motor fuel from another source, the franchisee has requested delivery of motor fuel from the franchisor and the requested motor fuel has not been delivered and the franchisor has given the franchisee notice that the franchisor is unable to provide the requested motor fuel, or prior to entering into an agreement the franchisor has stated to the franchisee that the requested motor fuel will not be delivered. The request to the franchisor for delivery shall be for a type of fuel normally provided by the franchisor to the franchisee and for a quantity of fuel not exceeding the average amount sold by the franchisee in one week, based upon average weekly sales in the three months preceding the request, except that this provision shall not restrict a franchisee from purchasing ethanol blended gasoline from a source other than the franchisor or limit the quantity to be purchased when the franchisor does not normally supply the franchisee with ethanol blended gasoline. A franchisee may also purchase E-85 gasoline as provided in section 323A.2A.
   b. The franchisee has requested and has been denied delivery of motor fuel sold or distributed under the trademark named in the franchise from a person other than the franchisor.
   c. The director of the economic development authority determines that the franchisee has demonstrated that a special hardship exists in the community served by the franchisee relating to the public health, safety, and welfare, as specified under the rules of the authority.

2. The quantity of motor fuel requested or purchased from another source including the source listed in subsection 1, paragraph “b”, shall not exceed the quantity requested from the franchisor.

3. At the time a franchisee enters into an agreement to purchase motor fuel from a source other than the franchisor, the franchisee shall inform the franchisor by the quickest available means.

4. If the franchisee sells motor fuel supplied from a source other than the franchisor, the franchisee shall prominently post a sign disclosing this fact to the public on each motor fuel pump used for dispensing the motor fuel. The size of the sign shall not be less than eight inches by ten inches and the letters on the sign shall be at least three inches in height.

5. A franchisee who sells motor fuel supplied from a source other than the franchisor shall also fully indemnify the franchisor against any claims asserted by a user on which the claimant prevails and in which the court determines that motor fuel not acquired from the franchisor was the proximate cause of the injury.

6. Purchases of motor fuel in accordance with this section are not good cause for termination of a franchise.

[C81, §323A.2]

323A.2A Purchase of E-85 gasoline from other source.

1. a. When on and after May 30, 2006, a franchise is entered into or renewed, the franchisor shall provide for the delivery of volumes of E-85 gasoline at times demanded by the franchisee or shall allow the franchisee to purchase those volumes of E-85 gasoline at those times from another source.
   b. If a franchise is in effect on May 30, 2006, and does not have an expiration date, the
franchisor shall provide for the delivery of volumes of E-85 gasoline at times demanded by the franchisee or shall allow the franchisee to purchase those volumes of E-85 gasoline at those times from another source.

2. If the franchisee sells E-85 gasoline delivered from a source other than the franchisor, the franchisee shall prominently post a sign disclosing this fact to the public on each motor fuel pump used for dispensing the E-85 gasoline. The size of the sign shall not be less than eight inches by ten inches and the letters on the sign shall be at least three inches in height.

3. A franchisee who sells E-85 gasoline delivered from a source other than the franchisor shall also fully indemnify the franchisor against any claims asserted by a user on which the claimant prevails and in which the court determines that E-85 gasoline not acquired from the franchisor was the proximate cause of the injury.

4. a. A purchase of E-85 gasoline in accordance with this section is not good cause for the termination of a franchise.
   b. A term of a franchise that is inconsistent with this section is void and unenforceable.

326.10A Payment.
The department shall accept payment of fees under this chapter by personal or corporate check, cash, wire transfer, or other means allowed by the department. After appropriate warning from the department, the registration account shall be suspended, collection pursued, and the delinquent registration fees shall become a debt due the state of Iowa. After a dishonored payment has been received from an applicant, payments submitted by the applicant during the following year must be made with guaranteed funds. However, the department may instead accept payment in the form of a corporate check made on behalf of the applicant from an approved company with a satisfactory payment history.

326.11 Subsequently acquired vehicles.
Vehicles acquired by a registrant after the commencement of the registration year and subsequently added to the fleet shall be apportioned pursuant to the provisions of chapter 321 and the international registration plan.

Registrants who delete commercial vehicles displaying Iowa base plates from the fleet after the commencement of the registration year shall be allowed to transfer registration credit to a replacement vehicle in accordance with this section. Iowa shall allow credit for non-Iowa based deleted vehicles only if the jurisdiction designated by the registrant as the base jurisdiction of the deleted vehicle permits transfer of registration credit to the replacement vehicle. Allowance of credit for deleted vehicles shall be subject to the following conditions:
1. The fee for issuance of registration credentials for a replacement vehicle shall be seven dollars.
2. If a leased vehicle is to be deleted from the fleet and unexpired registration fees applied
to the replacement vehicle, the lessee shall refund any unexpired registration fees paid by the lessor to the lessee on the transferred vehicle.

3. Credit shall be given for unexpired months.
4. The registration of the vehicle being added to the fleet is not delinquent under chapter 321.

[C71, 73, 75, 77, 79, 81, §326.12]

Vehicles subject to registration shall be registered for a registration year as determined by the department. The department may adjust the renewal or expiration date of a vehicle’s registration when deemed necessary to equalize the number of vehicles registered in each twelve-month period or for the administrative efficiency of the department.
   b. The department may establish a procedure for the implementation of a staggered registration system for vehicles registered pursuant to the international registration plan. Procedures established under this section may provide for a one-time collection of fewer than twelve or up to eighteen months of registration fees.
3. An application for renewal of registration shall be postmarked or received in the office of motor carrier services of the department no later than the last day of the registration expiration month. A late filing penalty equal to five percent of the fees due to the state of Iowa shall be assessed to an application for renewal postmarked or received on or after the first day following the last day of the registration expiration month, with an additional five percent penalty assessed the first of each month thereafter until the application is filed. The enforcement deadline for failure to display a registration plate and registration is 12:01 a.m. of the first day following the last day of the registration expiration month.

2. A qualified registrant may certify to the department that the registration plate has been destroyed in lieu of surrendering the plate. The department shall adopt rules to define a qualified registrant.

[C71, 73, 75, 77, 79, 81, §326.15]

1. If the fees for apportioned registration are not paid to each member jurisdiction entitled
thereto on the basis of the apportioned registration application and supporting documents filed with the department by the registrant within a reasonable amount of time as determined by the department, the department shall calculate late payment penalties. The registrant shall be notified by regular mail that fees and penalties are due and must be paid within thirty days of the invoice date. If fees and penalties are not received, the registrant shall be notified by regular mail that the registration has been suspended.

2. A late payment penalty equal to five percent of the fees due to the state of Iowa shall be assessed if an invoice is not paid within thirty days of the invoice date, with an additional five percent penalty assessed the first of each month thereafter until all fees and penalties are paid. In addition, the fees due for registration in this state shall be a debt due to the state of Iowa.

3. Failure to receive a renewal notice or an invoice by mail, facsimile transmission, or any other means of delivery does not relieve the registrant of the financial responsibility for the renewal fees, invoiced amount, or accrued penalties. Late penalties calculated by the department in accordance with this chapter shall remain due to the state of Iowa until the fees and penalties are received.

   a. Verification of distance for the preceding year.
   b. Reciprocity agreements to which the department may be a party.
   2. The department shall adopt rules specifying the records and other information required for an audit under the international registration plan.

In the absence of an agreement with another jurisdiction, the department may examine the laws and requirements of such jurisdiction and declare the extent and nature of exemptions, benefits, and privileges to be extended to vehicles or owners of vehicles properly registered or licensed in such other jurisdiction. The department shall consider the interests of the state of Iowa and its citizens, the interests of the other jurisdictions and their citizens, and the benefits which will accrue to the economy of the state of Iowa from the uninterrupted flow of commerce in declarations made pursuant to this section. Each declaration shall specify that the extent of exemptions, benefits, and privileges is subject to revision without notice upon adoption by the general assembly of legislation in conflict with the terms of any such declaration.

The fee for the trip permit shall be ten dollars.

2. The department may enter into agreements with owners and operators of truck stops to permit the owners and operators of truck stops to issue trip permits subject to any conditions imposed by the department. The department shall examine and determine the genuineness, regularity, and legality of every application lawfully made pursuant to this chapter, and may in all cases make investigations as may be deemed necessary or require additional information. The department shall reject any such application if not satisfied of the genuineness, regularity, or legality of the application or the truth of any statement contained in the application, or for any other reason, when authorized by law. The department is authorized to take possession of any indicia of apportioned registration or reciprocity upon expiration, revocation, cancellation, or suspension of the registration, or which is fictitious, or which has been unlawfully or erroneously issued.

A person who has such privileges revoked shall be required to register all of the vehicles owned by the person with the appropriate county treasurer for a period of no less than one year and no more than five years thereafter. The department
may use all reports pertaining to the registration fees and motor fuel taxes in ascertaining

Employees of the department shall have proper identification which shall be displayed upon request. If found unsafe, the department shall immediately notify the railroad corporation whose duty it is to put the same in repair, which shall be done by it within such time as the department shall fix. If any corporation fails to perform this duty the department may forbid and prevent it from running trains over the defective portion while unsafe or may regulate the speed and operation of trains moving over the defective portion of the railroad. If the railroad corporation violates any requirement provided by the department, the railroad corporation shall be subject to a schedule “two” penalty for each day the repairs have not been made from the date the department set for repairs to be completed. The court may consider the willingness and ability of the railroad corporation to cooperate in removing the safety hazard.
