4. A property tax credit provided under this section shall be paid for out of any available funds budgeted for that purpose by the city council or county board of supervisors. A city council may certify a tax for the general fund levy and a county board of supervisors may certify a tax for the rural county service fund levy for property tax credits authorized by this section.
5. The maximum permitted period of a tax credit granted under this section is ten years.

427B.21 Application for credit by underground storage tank owner or operator — approval by county board of supervisors or city council.
1. An application shall be filed by an owner of a small business that owns or operates an underground storage tank for each property for which a credit is sought. Applications shall be filed with the respective county board of supervisors or the city council by September 30 of the year following the calendar year in which a cost of remedial action was paid by the owner or operator. Small business owners receiving credits shall file applications for renewal of the credit by September 30 of each year. A credit may be renewed only if title to the credited property remains in the name of the person or entity originally receiving the credit.
2. In reviewing the applications, the board of supervisors or city council shall consider whether granting the credit would serve a public purpose. Upon approval of the application by the board of supervisors, and after the applicant has paid any property taxes due, the board shall direct the county treasurer to issue a warrant to the small business owner in the amount of the credit granted. Upon approval of the application by the city council, and after the applicant has paid any property taxes due, the council shall direct the city clerk to issue a warrant to the small business owner in the amount of the credit granted.

3. Applications for credit shall be made on forms prescribed by the director of revenue and shall contain information pertaining to the nature of the release, the total cost of corrective action, the actual portion of the costs paid by the small business owner and for which the owner was not reimbursed from any other source, the small business owner’s income tax form from the most recent tax year, and other information deemed necessary by the director.

427B.22 Credit may be repealed.

If in the opinion of the city council or the county board of supervisors continuation of the credit granted under an ordinance adopted pursuant to this subchapter ceases to be of benefit to the city or county, the city council or the county board of supervisors may repeal the ordinance authorized by section 427B.20, but all existing credits shall continue until their expiration.

427B.23 through 427B.25 Reserved.

SUBCHAPTER V

SPECIAL VALUATION FOR WIND ENERGY CONVERSION PROPERTY

427B.26 Special valuation of wind energy conversion property.

1. a. A city council or county board of supervisors may provide by ordinance for the special valuation of wind energy conversion property as provided in subsection 2. The ordinance may be enacted not less than thirty days after a public hearing on the ordinance is held. Notice of the hearing shall be published in accordance with section 331.305 in the case of a county, or section 362.3 in the case of a city. The ordinance shall only apply to property first assessed on or after the effective date of the ordinance.

b. If in the opinion of the city council or the county board of supervisors continuation of the special valuation provided under this section ceases to be of benefit to the city or county, the city council or the county board of supervisors may repeal the ordinance authorized by this subsection. Property specially valued under this section prior to repeal of the ordinance shall continue to be valued under this section until the end of the nineteenth assessment year following the assessment year in which the property was first assessed.

2. In lieu of the valuation and assessment provisions in section 441.21, subsection 8, paragraphs “b”, “c”, and “d”, and sections 428.24 to 428.29, wind energy conversion property which is first assessed for property taxation on or after January 1, 1994, and on or after the effective date of the ordinance enacted pursuant to subsection 1, shall be valued by the local assessor for property tax purposes as follows:

a. For the first assessment year, at zero percent of the net acquisition cost.

b. For the second through sixth assessment years, at a percent of the net acquisition cost which rate increases by five percentage points each assessment year.

c. For the seventh and succeeding assessment years, at thirty percent of the net acquisition cost.

3. The taxpayer shall file with the local assessor by February 1 of the assessment year in which the wind energy conversion property is first assessed for property tax purposes, a declaration of intent to have the property assessed at the value determined under this section.
in lieu of the valuation and assessment provisions in section 441.21, subsection 8, paragraphs “b”, “c”, and “d”, and sections 428.24 to 428.29.

4. For purposes of this section:
   a. “Net acquisition cost” means the acquired cost of the property including all foundations and installation cost less any excess cost adjustment.
   b. “Wind energy conversion property” means the entire wind plant including, but not limited to, a wind charger, windmill, wind turbine, tower and electrical equipment, pad mount transformers, power lines, and substation.

CHAPTER 427C
FOREST AND FRUIT-TREE RESERVATIONS

This chapter not enacted as a part of this title;
transferred from chapter 161 in Code 1993

427C.1 Tax exemption.
Any person who establishes a forest or fruit-tree reservation as provided in this chapter shall be entitled to the tax exemption provided by law.

[C24, 27, 31, 35, 39, §2605; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §161.1]
C93, §427C.1
Referred to in §441.22

427C.2 Reservations.
On any tract of land in the state of Iowa, the owner or owners may select a permanent forest reservation or reservations, each not less than two acres in continuous area, or a fruit-tree reservation or reservations, not less than one nor more than ten acres in total area, or both, and upon compliance with the provisions of this chapter, such owner or owners shall be entitled to the benefits provided by law.

[S13, §1400-c; C24, 27, 31, 35, 39, §2606; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §161.2]
C93, §427C.2
Referred to in §427C.3, 441.22

427C.3 Forest reservation.
A forest reservation shall contain not less than two hundred growing forest trees on each acre. If the area selected is a forest containing the required number of growing forest trees, it shall be accepted as a forest reservation under this chapter provided application is made or on file on or before February 1 of the exemption year. If any buildings are standing on an area selected as a forest reservation under this section or a fruit-tree reservation under section 427C.7, one acre of that area shall be excluded from the tax exemption. However, the
exclusion of that acre shall not affect the area’s meeting the acreage requirement of section 427C.2.

[S13, §1400-d; C24, 27, 31, 35, 39, §2607; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §161.3]

Referred to in §441.22

427C.5 Forest trees.
The ash, black cherry, black walnut, butternut, catalpa, coffee tree, the elms, hackberry, the hickories, honey locust, Norway and Carolina poplars, mulberry, the oaks, sugar maple, cottonwood, soft maple, osage orange, basswood, black locust, European larch and other coniferous trees, and all other forest trees introduced into the state for experimental purposes, shall be considered forest trees within the meaning of this chapter. In forest reservations which are artificial groves, the willows, box elder, and other poplars shall be included among forest trees for the purposes of this chapter when they are used as protecting borders not exceeding two rows in width around a forest reservation, or when they are used as nurse trees for forest trees in such forest reservation, the number of such nurse trees not to exceed one hundred on each acre; provided that only box elder shall be used as nurse trees.

[S13, §1400-f; C24, 27, 31, 35, 39, §2609; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §161.5]
C93, §427C.5
Referred to in §441.22

427C.6 Groves.
The trees of a forest reservation shall be in groves not less than four rods wide except when the trees are growing or are planted in or along a gully or ditch to control erosion in which case any width will qualify provided the area meets the size requirement of two acres.

[S13, §1400-g; C24, 27, 31, 35, 39, §2610; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §161.6]
C93, §427C.6
Referred to in §441.22

427C.7 Fruit-tree reservation — duration of exemption.
A fruit-tree reservation shall contain on each acre, at least forty apple trees, or seventy other fruit trees, growing under proper care and annually pruned and sprayed. A reservation may be claimed as a fruit-tree reservation, under this chapter, for a period of eight years after planting provided application is made or on file on or before February 1 of the exemption year.

[S13, §1400-h; C24, 27, 31, 35, 39, §2611; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §161.7]

Referred to in §441.22

§427C.9 Replacing trees.
When any tree or trees on a fruit-tree or forest reservation shall be removed or die, the owner or owners of such reservation shall, within one year, plant and care for other fruit or forest trees, in order that the number of such trees may not fall below that required by this chapter.

[S13, §1400-j; C24, 27, 31, 35, 39, §2613; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §161.9] C93, §427C.9
Referred to in §441.22

§427C.10 Restraint of livestock and limitation on use.
Cattle, horses, mules, sheep, goats, ostriches, rheas, emus, and swine shall not be permitted upon a fruit-tree or forest reservation. Fruit-tree and forest reservations shall not be used for economic gain other than the gain from raising fruit or forest trees.

[S13, §1400-k; C24, 27, 31, 35, 39, §2614; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §161.10]

§427C.11 Penalty.
If the owner or owners of a fruit-tree or forest reservation violate any provision of this chapter within the two years preceding the making of an assessment, the assessor shall not list any tract belonging to such owner or owners, as a reservation within the meaning of this chapter, for the ensuing two years.

[S13, §1400-m; C24, 27, 31, 35, 39, §2615; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §161.11] C93, §427C.11
Referred to in §441.22

§427C.12 Application — inspection — continuation of exemption — recapture of tax.
It shall be the duty of the assessor to secure the facts relative to fruit-tree and forest reservations by taking the sworn statement, or affirmation, of the owner or owners making application under this chapter; and to make special report to the county auditor of all reservations made in the county under the provisions of this chapter.

The board of supervisors shall designate the county conservation board or the assessor who shall inspect the area for which an application is filed for a fruit-tree or forest reservation tax exemption before the application is accepted. Use of aerial photographs may be substituted for on-site inspection when appropriate. The application can only be accepted if it meets the criteria established by the natural resource commission to be a fruit-tree or forest reservation. Once the application has been accepted, the area shall continue to receive the tax exemption during each year in which the area is maintained as a fruit-tree or forest reservation without the owner having to refile. If the property is sold or transferred, the seller shall notify the buyer that all, or part of, the property is in fruit-tree or forest reservation and subject to the recapture tax provisions of this section. The tax exemption shall continue to be granted for the remainder of the eight-year period for fruit-tree reservation and for the following years for forest reservation or until the property no longer qualifies as a fruit-tree or forest reservation. The area may be inspected each year by the county conservation board or the assessor to determine if the area is maintained as a fruit-tree or forest reservation. If the area is not maintained or is used for economic gain other than as a fruit-tree reservation
during any year of the eight-year exemption period and any year of the following five years or as a forest reservation during any year for which the exemption is granted and any of the five years following those exemption years, the assessor shall assess the property for taxation at its fair market value as of January 1 of that year and in addition the area shall be subject to a recapture tax. However, the area shall not be subject to the recapture tax if the owner, including one possessing under a contract of sale, and the owner’s direct antecedents or descendants have owned the area for more than ten years. The tax shall be computed by multiplying the consolidated levy for each of those years, if any, of the five preceding years for which the area received the exemption for fruit-tree or forest reservation times the assessed value of the area that would have been taxed but for the tax exemption. This tax shall be entered against the property on the tax list for the current year and shall constitute a lien against the property in the same manner as a lien for property taxes. The tax when collected shall be apportioned in the manner provided for the apportionment of the property taxes for the applicable tax year.

428.1 Listing of property.

Every person shall list for the assessor all property subject to taxation in the state, of which the person is the owner, or has the control or management, including but not limited to the following:

1. The property of one under disability, by the person having charge thereof.
2. The property of a married person, by either party.
3. The property of a beneficiary for whom the property is held in trust, by the trustee.
4. The property of a body corporate, company, society or partnership, by its principal accountant, officer, agent, or partner, as the assessor may demand.

5. Property under mortgage or lease is to be listed and taxed to the mortgagor or lessee, unless listed by the mortgagee or lessee.

[C51, §458; R60, §714; C73, §803; C97, §1312; S13, §1312; C24, 27, 31, 35, 39, §6956; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §428.1] 89 Acts, ch 296, §49; 95 Acts, ch 83, §20; 99 Acts, ch 151, §43, 89

Referred to in §441.19

428.2 Listing property of another.

Any person required to list property belonging to another shall list it in the same county in which the person would be required to list it if it were the person's own, except as herein otherwise directed; but the person shall list it separately from the person's own, giving the assessor the name of the person or estate to which it belongs.

[C51, §461; R60, §716; C73, §805; C97, §1316; C24, 27, 31, 35, 39, §6957; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §428.2]

428.3 Reserved.

428.4 Real estate — buildings.

1. Property shall be assessed for taxation each year. Real estate shall be listed and assessed in 1981 and every two years thereafter. The assessment of real estate shall be the value of the real estate as of January 1 of the year of the assessment. The year 1981 and each odd-numbered year thereafter shall be a reassessment year. In any year, after the year in which an assessment has been made of all the real estate in an assessing jurisdiction, the assessor shall assess or reallocate and reassess, as the case may require, any real estate that the assessor finds was incorrectly assessed, or was not listed, valued, and assessed, in the assessment year immediately preceding, also any real estate the assessor finds has changed in value subsequent to January 1 of the preceding real estate assessment year. However, a percentage increase on a class of property shall not be made in a year not subject to an equalization order unless ordered by the department of revenue. The assessor shall determine the actual value and compute the taxable value thereof as of January 1 of the year of the revaluation and reassessment. The assessment shall be completed as specified in section 441.28, but no reduction or increase in actual value shall be made for prior years. If an assessor makes a change in the valuation of the real estate as provided for, sections 441.23, 441.37, 441.37A, 441.37B, and 441.38 apply.

2. The assessor shall notify the director of revenue, in the manner and form to be prescribed by the director, as to the class or classes of real estate reviewed, reallocated, and reassessed and shall report such details as to the effects or results of the revaluation and reassessment as may be deemed necessary by the director. This notification shall be contained in a report to be attached to the abstract of assessment for the year in which the new valuations become effective.

3. Any buildings erected, improvements made, or buildings or improvements removed in a year after the assessment of the class of real estate to which they belong, shall be valued, listed, and assessed and reported by the assessor to the county auditor after approval of the valuations by the local board of review, and the auditor shall thereupon enter the taxable value of such building or taxable improvement on the tax list as a part of real estate to be taxed. If such buildings or improvements are erected or made by any person other than the owner of the land, they shall be listed and assessed to the owner of the buildings or improvements as real estate.

428.7 Description of tracts — manner.
A description shall not comprise more than one city lot or other smallest subdivision of the land according to the government surveys, except in cases where the boundaries are so irregular that it cannot be described in the usual manner in accordance therewith. However, descriptions may be combined for assessment purposes to allow the assessor to value the property as a unit. This section shall apply to known owners and unknown owners, alike.

[C97, §1353; C24, 27, 31, 35, 39, §6962; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §428.7]

*This provision does not include chapters 421B, 427C, 435, 452A, and 453A, which were moved into this Title by the Code editor; chapters 421B, 427C, 435, 452A, and 453A contain the applicable provisions pertaining to those chapters

428.21 Reserved.

428.22 Locker plants.
For purposes of valuing and assessing property for tax purposes, locker plants shall be valued and assessed as commercial property. For purposes of this section, "locker plants" means any property used primarily for any or all of the following purposes:

1. To provide, as a part of its business operations, locker facilities which are rented at retail to consumers to be used for the storage of frozen meats, fish, or fowl owned by the person renting the locker.
2. To custom slaughter livestock under contract for a natural person and to process the carcass for the natural person by cutting, wrapping, and freezing the meat.
3. To process an animal carcass to offer at retail processed meat products to a natural person after the facility has purchased the livestock or carcass.

[C81, §428.22]

Refer to in §420.207
§428.23 Manufacturer to list.
Corporations organized for pecuniary profit and engaged in manufacturing as defined in section 428.20 shall list their real property in the same manner as is required of individuals. 1. Every individual, partnership, corporation, or association operating for profit, waterworks, other than waterworks taxed under chapter 437B, or gasworks or pipelines other than natural gas pipelines permitted pursuant to chapter 479, annually on or before May 1 of each calendar year, shall make a report on blanks to be provided by the department of revenue of all of the property owned by such individual, partnership, corporation, or association within the incorporated limits of any city in the state, and give such other information as the department of revenue shall require.
2. Every individual, partnership, corporation, or association which operates a public utility on a nonprofit basis other than a utility subject to tax under chapter 437A or chapter 437B, as defined in section 428.24 shall annually, on or before May 1 of each calendar year,
make a report on blanks to be provided by the department of revenue of all of the property owned by the individual, partnership, corporation, or association within the incorporated limits of any city in the state, and give other information the department of revenue requires.

§106

428.30 through 428.34 Reserved.

428.35 Grain handled.

1. Definitions. As used in this section:

a. "Grain" means wheat, corn, barley, oats, rye, flaxseed, field peas, soybeans, grain sorghums, spelts, and such other products as are usually stored in grain elevators. Such term excludes such seeds after being processed, and the products of such processing when packaged or sacked.

b. "Handling or handled" means the receiving of grain at or in each elevator, warehouse, mill, processing plant, or other facility in this state in which it is received for storage, accumulation, sale, processing, or for any purpose whatsoever.

c. "Person" means individuals, corporations, firms, and associations of whatever form.

d. "Processing" shall not include hulling, cleaning, drying, grading, or polishing.

2. Tax imposed. An annual excise tax is hereby levied on such handling of grain in the amount provided in this section. All grain so handled shall be exempt from all taxation as property under the laws of this state. The amount of such excise tax shall be a sum equal to one-fourth mill per bushel upon all grain as defined in this section that is so handled.

3. Statement filing form. Every person engaged in handling grain shall, on the first day of January of each year and not later than sixty days thereafter, make and file with the assessor a statement of the number of bushels of grain handled by the person in that district during the year immediately preceding, or the part thereof, during which the person was engaged in handling grain. Upon demand, the assessor shall have the right to inspect all such person’s records thereof. A form for making the statement shall be included in the blanks prescribed by the director of revenue. If a statement is not furnished as required in this subsection, section 441.24 shall apply.

4. Assessment. The assessor of each such district, from the statement required or from such other information as the assessor may acquire, shall ascertain the number of bushels of grain handled by each person handling grain in the assessor’s district during the preceding year, or part thereof, and shall assess the amount herein provided to such person under the provisions of this section.

5. Computation of tax. The rate imposed by subsection 2 shall be applied to the number
§428.35, LISTING PROPERTY FOR TAXATION  
IV-332

of bushels of grain so handled, and the computed amount thereof shall constitute the tax to
be assessed.

6. Payment of tax. The tax, when determined, shall be entered in the same manner as
general property taxes on the tax list of the taxing district, and the proceeds of the collection
of the tax shall be distributed to the same taxing units and in the same proportion as the
general property tax on the tax list of each taxing district. All provisions of the law relating
to the assessment and collection of property taxes and the powers and duties of the county
treasurer, county auditor and all other officers with respect to the assessment, collection, and
enforcement of property taxes apply to the assessment, collection, and enforcement of the
tax imposed by this section.

428A.7 Forms provided by director of revenue. 428A.14 Reserved.
428A.15 Penal provisions.

428A.1 Amount of tax on transfers — declaration of value.

1. a. There is imposed on each deed, instrument, or writing by which any lands,
tenements, or other realty in this state are granted, assigned, transferred, or otherwise
conveyed, a tax determined in the following manner:

(1) When there is no consideration or when the deed, instrument, or writing is executed
and tendered for recording as an instrument corrective of title, and so states, there is no tax.

(2) When there is consideration and the actual market value of the real property
transferred is in excess of five hundred dollars, the tax is eighty cents for each five hundred
dollars or fractional part of five hundred dollars in excess of five hundred dollars.

b. The term “consideration”, as used in this chapter, means the full amount of the actual
sale price of the real property involved, paid or to be paid, including the amount of an
encumbrance or lien on the property, if assumed by the grantee.

c. It is presumed that the sale price so stated includes the value of all personal property
transferred as part of the sale unless the dollar value of personal property is stated on the
instrument of conveyance. When the dollar value of the personal property included in the
sale is so stated, it shall be deducted from the consideration shown on the instrument for the
purpose of determining the tax.

2. When each deed, instrument, or writing by which any real property in this state is
granted, assigned, transferred, or otherwise conveyed is presented for recording to the county
recorder, a declaration of value signed by at least one of the sellers or one of the buyers or
their agents shall be submitted to the county recorder. However, if the deed, instrument, or writing contains multiple parcels some of which are located in more than one county, separate declarations of value shall be submitted on the parcels located in each county and submitted to the county recorder of that county when paying the tax as provided in section 428A.5. A declaration of value is not required for those instruments described in section 428A.2, subsections 2 to 5, 7 to 13, and 16 to 21, or described in section 428A.2, subsection 6, except in the case of a federal agency or instrumentality, or if a transfer is the result of acquisition of lands, whether by contract or condemnation, for public purposes through an exercise of the power of eminent domain.

3. The declaration of value shall state the full consideration paid for the real property transferred. If agricultural land, as defined in section 9H.1, is purchased by a corporation, limited partnership, trust, alien or nonresident alien, the declaration of value shall include the name and address of the buyer; the name and address of the seller, a legal description of the agricultural land, and identify the buyer as a corporation, limited partnership, trust, alien, or nonresident alien. The county recorder shall not record the declaration of value, but shall enter on the declaration of value information the director of revenue requires for the production of the sales/assessment ratio study and transmit all declarations of value to the city or county assessor in whose jurisdiction the property is located. The city or county assessor shall enter on the declaration of value the information the director of revenue requires for the production of the sales/assessment ratio study and transmit one copy of each declaration of value to the director of revenue, at times as directed by the director of revenue. The assessor shall retain one copy of each declaration of value for three years from December 31 of the year in which the transfer of realty for which the declaration was filed took place. The director of revenue shall, upon receipt of the information required to be filed under this chapter by the city or county assessor, send to the office of the secretary of state that part of the declaration of value which identifies a corporation, limited partnership, trust, alien, or nonresident alien as a purchaser of agricultural land as defined in section 9H.1.

Referred to in §428A.2, 428A.4

428A.2 Exceptions.
The tax imposed by this chapter shall not apply to:

1. Any executory contract for the sale of land under which the vendee is entitled to or does take possession thereof, or any assignment or cancellation thereof.

2. Any instrument of mortgage, assignment, extension, partial release, or satisfaction thereof.

3. Any will.

4. Any plat.

5. Any lease.

6. Any deed, instrument, or writing in which the United States or any agency or instrumentality thereof or the state of Iowa or any agency, instrumentality, or governmental or political subdivision thereof is the grantor, assignor, transferor, or conveyor; and any deed, instrument or writing in which any of such unit of government is the grantee or assignee where there is no consideration.

7. Deeds for cemetery lots.

8. Deeds which secure a debt or other obligation, except those included in the sale of real property.

9. Deeds for the release of a security interest in property excepting those pertaining to the sale of real estate.

10. Deeds which, without additional consideration, confirm, correct, modify, or supplement a deed previously recorded.

11. Deeds between husband and wife, or parent and child, without actual consideration. A cancellation of indebtedness alone which is secured by the property being transferred and
which is not greater than the fair market value of the property being transferred is not actual 
consideration within the meaning of this subsection.

12. Tax deeds.
13. Deeds of partition where the interest conveyed is without consideration. However, if 
any of the parties take shares greater in value than their undivided interest a tax is due on 
the greater values, computed at the rate set out in section 428A.1.
14. The making or delivering of instruments of transfer resulting from a corporate 
merger, consolidation, or reorganization or a merger, consolidation, or reorganization of a 
limited liability company under the laws of the United States or any state thereof, where 
such instrument states such fact on the face thereof.
15. Deeds between a family corporation, partnership, limited partnership, limited liability 
partnership, or limited liability company and its stockholders, partners, or members for the 
purpose of transferring real property in an incorporation or corporate dissolution or the 
organization or dissolution of a partnership, limited partnership, limited liability partnership, 
or limited liability company under the laws of this state, where the deeds are given for 
no actual consideration other than for shares or for debt securities of the corporation, 
partnership, limited partnership, limited liability partnership, or limited liability company. 
For purposes of this subsection, a family corporation, partnership, limited partnership, 
limited liability partnership, or limited liability company is a corporation, partnership, 
limited partnership, limited liability partnership, or limited liability company where the 
majority of the voting stock of the corporation, or of the ownership shares of the partnership, 
limited partnership, limited liability partnership, or limited liability company is held by and 
the majority of the stockholders, partners, or members are persons related to each other as 
spouse, parent, grandparent, lineal ascendants of grandparents or their spouses and other 
lineal descendants of the grandparent's or their spouses, or persons acting in a fiduciary 
capacity for persons so related and where all of its stockholders, partners, or members are 
natural persons or persons acting in a fiduciary capacity for the benefit of natural persons.
16. Deeds for the transfer of property or the transfer of an interest in property when the 
deed is executed between former spouses pursuant to a decree of dissolution of marriage.
17. Deeds transferring easements.
18. Deeds giving back real property to lienholders in lieu of forfeitures or foreclosures.
20. Deeds transferring distributions of assets to heirs at law or devisees under a will.
21. Deeds in which the consideration is five hundred dollars or less.

428A.3 Who liable for tax.
Any person, firm or corporation who grants, assigns, transfers, or conveys any land, 
tenement, or realty by a deed, writing, or instrument subject to the tax imposed by this 
chapter shall be liable for such tax but no public official shall be liable for a tax with respect 
to any instrument executed by the public official in connection with official duties.

[C66, 71, 73, 75, 77, 79, 81, §428A.3]

428A.4 Recording refused.
1. The county recorder shall refuse to record any deed, instrument, or writing, taxable 
under section 428A.1 for which payment of the tax determined on the full amount of the 
consideration in the transaction has not been paid. However, if the deed, instrument, or 
writing, is exempt under section 428A.2, the county recorder shall not refuse to record the 
document if there is filed with or endorsed on it a statement signed by either the grantor 
or grantee or an authorized agent, that the instrument or writing is excepted from the tax under 
section 428A.2. The validity of an instrument as between the parties, and as to any person 
who would otherwise be bound by the instrument, is not affected by the failure to comply
with this section. If an instrument is accepted for recording or filing contrary to this section the failure to comply does not destroy or impair the record as notice.

2. The county recorder shall refuse to record any deed, instrument, or writing by which any real property in this state shall be granted, assigned, transferred, or otherwise conveyed, except those transfers exempt from tax under section 428A.2, subsections 2 through 5, 7 through 13, and 16 through 21, or under section 428A.2, subsection 6, except in the case of a federal agency or instrumentality, until the declaration of value has been submitted to the county recorder. A declaration of value shall not be required with a deed given in fulfillment of a recorded real estate contract provided the deed has a notation that it is given in fulfillment of a contract.

428A.5 Documentation of payment.
The amount of tax imposed by this chapter shall be paid to the county recorder in the county where the real property is located and the amount received shall appear on the face of the document or instrument. The method of documentation of a transfer tax shall be approved by the department of revenue.

Referred to in 428A.1

428A.6 Reserved.

428A.7 Forms provided by director of revenue.
The director of revenue shall prescribe the form of the declaration of value and shall include an appropriate place for the inclusion of special facts and circumstances relating to the actual sales price in real estate transfers. The director shall provide an adequate number of the declaration of value forms to each county recorder in the state. If the declaration of value form requires or provides for the inclusion of the social security number or federal tax identification number of a seller or buyer, the department shall provide that the social security number or federal tax identification number remains confidential and cannot be obtained by public examination.

428A.8 Remittance to state treasurer — portion retained in county.
1. a. On or before the tenth day of each month the county recorder shall determine and pay to the treasurer of state eighty-two and three-fourths percent of the receipts from the real estate transfer tax collected during the preceding month and the treasurer of state shall deposit and transfer the receipts as provided in subsection 2.

b. The county recorder shall deposit the remaining seventeen and one-fourth percent of the receipts in the county general fund.

c. Any tax or additional tax found to be due shall be collected by the county recorder. If the county recorder is unable to collect the tax, the director of revenue shall collect the tax in the same manner as taxes are collected in chapter 422, division III. If collected by the director of revenue, the director shall pay the county its proportionate share of the tax. Section 422.25, subsections 1, 2, 3, and 4, and sections 422.26, 422.28 through 422.30, and 422.73, consistent with this chapter, apply with respect to the collection of any tax or additional tax found to be due, in the same manner and with the same effect as if the deed, instrument, or writing were an income tax return within the meaning of those statutes.

d. The county recorder shall keep records and make reports with respect to the real estate transfer tax as the director of revenue prescribes.

2. The treasurer of state shall deposit or transfer the receipts paid the treasurer of state
pursuant to subsection 1 to either the general fund of the state, the housing trust fund created in section 16.181, or the shelter assistance fund created in section 16.41 as follows:

a. For the fiscal year beginning July 1, 2009, ninety percent of the receipts shall be deposited in the general fund, five percent of the receipts shall be transferred to the housing trust fund, and five percent of the receipts shall be transferred to the shelter assistance fund.

b. For the fiscal year beginning July 1, 2010, eighty-five percent of the receipts shall be deposited in the general fund, ten percent of the receipts shall be transferred to the housing trust fund, and five percent of the receipts shall be transferred to the shelter assistance fund.

c. For the fiscal year beginning July 1, 2011, eighty percent of the receipts shall be deposited in the general fund, fifteen percent of the receipts shall be transferred to the housing trust fund, and five percent of the receipts shall be transferred to the shelter assistance fund.

d. For the fiscal year beginning July 1, 2012, seventy-five percent of the receipts shall be deposited in the general fund, twenty percent of the receipts shall be transferred to the housing trust fund, and five percent of the receipts shall be transferred to the shelter assistance fund.

e. For the fiscal year beginning July 1, 2013, seventy percent of the receipts shall be deposited in the general fund, twenty-five percent of the receipts shall be transferred to the housing trust fund, and five percent of the receipts shall be transferred to the shelter assistance fund.

f. For the fiscal year beginning July 1, 2014, and each succeeding fiscal year, sixty-five percent of the receipts shall be deposited in the general fund, thirty percent of the receipts shall be transferred to the housing trust fund, and five percent of the receipts shall be transferred to the shelter assistance fund.

3. Notwithstanding subsection 2, the amount of money that shall be transferred pursuant to this section to the housing trust fund in any one fiscal year shall not exceed three million dollars. Any money that otherwise would be transferred pursuant to this section to the housing trust fund in excess of that amount shall be deposited in the general fund of the state.

Referred to in §16.41, 331.427

428A.9 Refund of tax.
To receive a refund from the state the taxpayer shall petition the state appeal board for a refund of the amount of overpayment of the tax paid to the treasurer of state. To receive a refund from the county the taxpayer shall petition the board of supervisors for a refund of the remaining portion of the overpayment paid to that county.

429.1 Notice of assessment.
The department of revenue shall, at the time of making the assessment of property as provided in chapters 428, 433, 434, 437, and 438, inform the person assessed, by mail, of the valuation put upon the taxpayer's property. The notice shall contain a notice of the taxpayer's right of appeal to the director of revenue as provided in section 429.2.
[C81, §429.1]
For future amendment to this section, effective July 1, 2024, see 2018 Acts, ch 1158, §13, 28

429.2 Appeal.
1. The taxpayer shall have thirty days from the date of the notice of assessment to appeal the assessment to the director of revenue. Thereafter, the proceedings before the director of revenue shall conform to the provisions of subsection 2 and chapter 17A.
2. The following rules shall apply to the appeal proceedings in addition to those stated in chapter 17A:
a. The department's assessment shall be presumed correct and the burden of proof shall be on the taxpayer with respect to all issues raised on appeal, including any challenge of the department's valuation.
b. The burden of proof must be carried by a preponderance of the evidence.
c. The director of revenue shall consider all evidence and witnesses offered by the taxpayer and the department, including but not limited to evidence relating to the proper valuation of the property involved.
d. The director of revenue shall make an independent determination of the value of the property based solely upon the director's review of the evidence presented.
e. Upon the request of a party, the director of revenue shall set the case for hearing within
one year of the date of the request, unless for good cause shown, by application and ruling thereon after notice and not ex parte, the hearing date is continued by the director of revenue.

### 432.1 Tax on gross premiums — exclusions.

Every insurance company or association of whatever kind or character, not including fraternal beneficiary associations, and nonprofit hospital and medical service corporations, shall, as required by law, pay to the director of the department of revenue, or to a depository designated by the director, as taxes, an amount equal to the following, except that the premium tax applicable to county mutual insurance associations shall be governed by section 518.18:

1. a. The applicable percent, as provided in subsection 2, of the gross amount of premiums received during the preceding calendar year by every life insurance company or association, not including fraternal beneficiary associations, or the gross payments or deposits collected from holders of fraternal beneficiary association certificates, on contracts of insurance covering risks resident in this state during the preceding year, including contracts for group insurance and annuities and without including or deducting any amounts received or paid for reinsurance.

b. In determining the gross amount of premiums to be taxed hereunder, there shall be excluded all premiums received from policies or contracts issued in connection with a pension, annuity, profit-sharing plan or individual retirement annuity qualified or exempt under sections 401, 403, 404, 408 or 501(a) of the federal Internal Revenue Code as now or hereafter amended and all premiums returned to policyholders or annuitants during the preceding calendar year, except cash surrender values, all dividends that, during said year, have been paid in cash or applied in reduction of premiums or left to accumulate to the credit of policyholders or annuitants.

c. In determining the gross amount of premiums to be taxed, there shall be excluded all consideration received in connection with an annuity contract, whether or not such contract is qualified or exempt under the federal Internal Revenue Code as now or hereafter amended, and all premiums returned to policyholders or annuitants during the preceding calendar year, except cash surrender values, and all dividends that, during said year, have been paid in cash.
or applied in reduction of premiums or left to accumulate to the credit of policyholders or
annuitants.

2. The “applicable percent” for purposes of subsection 1 of this section and section 432.2
is the following:

a. For calendar years beginning before the 2003 calendar year, two percent.

b. For the 2003 calendar year, one and three-fourths percent.

c. For the 2004 calendar year, one and one-half percent.

d. For the 2005 calendar year, one and one-fourth percent.

e. For the 2006 and subsequent calendar years, one percent.

3. The applicable percent, as provided in subsection 4, of the gross amount of premiums
written, and assessments and fees received during the preceding calendar year by every
company or association other than life on contracts of insurance other than life for business
done in this state, including all insurance upon property situated in this state except surplus
lines insurance, after deducting the amounts returned upon canceled policies, certificates,
and rejected applications but not including the gross premiums written, and assessments
and fees received in connection with ocean marine insurance authorized in section 515.48.
For surplus lines insurance, the applicable percent, as provided in subsection 4, shall be
calculated on the amount of premiums written on surplus lines insurance policies where the
home state of the insured, as defined in chapter 515I, is Iowa.

4. The “applicable percent” for purposes of subsection 3 is the following:

a. For calendar years beginning before the 2004 calendar year, two percent.

b. For the 2004 calendar year, one and three-fourths percent.

c. For the 2005 calendar year, one and one-half percent.

d. For the 2006 calendar year, one and one-fourth percent.

e. For the 2007 and subsequent calendar years, one percent.

5. Except as provided in subsection 6, the premium tax shall be paid on or before March
1 of the year following the calendar year for which the tax is due. The commissioner may
suspend or revoke the license of a company or association that fails to pay its premium tax
on or before the due date.

6. a. Each insurance company and association transacting business in this state whose
Iowa premium tax liability for the preceding calendar year was one thousand dollars or more
shall remit on or before June 1, on a prepayment basis, an amount equal to one-half of the
premium tax liability for the preceding calendar year.

b. In addition to the prepayment amount in paragraph “a”, each life insurance company
or association which is subject to tax under subsection 1 of this section and each mutual
health service corporation which is subject to tax under section 432.2 shall remit on or before
August 15, on a prepayment basis, an additional amount equal to the following percent of the
premium tax liability for the preceding calendar year as follows:

(1) For prepayment in the 2003 calendar year, four percent.

(2) For prepayment in the 2004 calendar year, twenty-one percent.

(3) For prepayment in the 2005 and subsequent calendar years, fifty percent.

c. In addition to the prepayment amount in paragraph “a”, each insurance company or
association, other than a life insurance company or association, which is subject to tax under
subsection 3 shall remit on or before August 15, on a prepayment basis, an additional amount
equal to the following percent of the premium tax liability for the preceding calendar year as
follows:

(1) For prepayment in the 2003 and 2004 calendar years, eleven percent.

(2) For prepayment in the 2005 calendar year, twenty-six percent.

(3) For prepayment in the 2006 and subsequent calendar years, fifty percent.

d. The sums prepaid by a company or association under this subsection shall be allowed
as credits against its premium tax liability for the calendar year during which the payments
are made. If a prepayment made under this subsection exceeds the annual premium tax
liability, the excess shall be allowed as a credit against subsequent prepayment or tax
liabilities. The commissioner of insurance shall authorize the department of revenue to
make a cash refund to an insurer, in lieu of a credit against subsequent prepayment or tax
liabilities, if the insurer demonstrates the inability to recoup the funds paid via a credit. The
commissioner shall adopt rules establishing eligibility criteria for such a refund and a refund process. The commissioner may suspend or revoke the license of a company or association that fails to make a prepayment on or before the due date.

432.5 Risk retention groups.
A risk retention group organized and operating pursuant to Pub. L. No. 99-563, also known as the Risk Retention Amendments of 1986, shall pay as taxes to the director of revenue an amount equal to the applicable percent, as provided in section 432.1, subsection 4, of the gross amount of the premiums written during the previous calendar year for risks placed in this state. A resident or nonresident producer shall report and pay the taxes on the premiums for risks that the producer has placed in this state with or on behalf of a risk retention group. The failure of a risk retention group to pay the tax imposed in this section shall result in the risk retention group being considered an unauthorized insurer under chapter 507A.

CHAPTER 432A
MARINE INSURANCE TAX
Referred to in §441.47

432A.1 Amount of tax on underwriting profit.
Every insurer authorized to do the business of selling marine insurance in this state, as authorized in section 515.48, shall, with respect to all insurance written within this state upon hulls, freights, or disbursements, or upon goods, wares, merchandise and all other personal property and interests therein, in the course of exportation from or importation into any country, or transportation coastwise including transportation by land or water from point of origin to final destination in respect to or appertaining to or in connection with, any and all risks or perils of navigation, transit or transportation and upon the property while being prepared for and while awaiting shipment, and during any delays, storage, transshipment or reshipment incident thereto, including war risks and marine builder’s risks, pay a tax of six and one-half percent on its taxable underwriting profit ascertained as provided in section 432A.2, from such insurance written within this state.

[C75, 77, 79, 81, §432A.1]

432A.2 Profit within this state.
The underwriting profit on such insurance written within this state shall be that proportion of the total underwriting profit of such insurer from such insurance written within the United States which the amount of net premiums of such insurer from such insurance written within this state bears to the total amount of net premiums of such insurer from such insurance written within the United States.

[C75, 77, 79, 81, §432A.2]
Referred to in §432A.1

432A.3 Profit within United States.
The underwriting profit of such insurer on such insurance written within the United States shall be determined by deducting from the net earned premiums on such ocean marine
insurance written within the United States during the taxable year which is the calendar year preceding the date on which such tax is due, the following items:

1. Net losses incurred, which means gross losses incurred during such calendar year under ocean marine insurance contracts written within the United States, less reinsurance claims collected or collectible and less net salvages or recoveries collected or collectible from any source applicable to the corresponding losses under such contracts.

2. Net expenses incurred in connection with such ocean marine contracts, including all state and federal taxes in connection therewith, but in no event shall the aggregate amount of such net expenses deducted exceed forty percent of the net premiums on such ocean marine insurance contracts, ascertained as provided in section 432A.4.

3. Net dividends paid or credited to policyholders on such ocean marine insurance contracts.

[C75, 77, 79, 81, §432A.3]

**432A.4 Computation of net earned premiums.**

In determining the amount of the tax imposed by this chapter, net earned premiums on ocean marine insurance contracts written within the United States during the taxable year shall be arrived at by deducting from gross premiums written on such contracts during the taxable year all return premiums, premiums on policies not taken, premiums paid for reinsurance of such contracts and net unearned premiums on all such outstanding contracts at the end of the taxable year, and adding to such amount net unearned premiums on such outstanding marine insurance contracts at the end of the calendar year preceding the taxable year.

[C75, 77, 79, 81, §432A.4]

Referred to in §432A.3

**432A.5 Expenses incurred.**

In determining the amount of the tax imposed by this chapter, net expenses incurred shall be determined as the sum of the following:

1. Specific expenses incurred on such ocean marine insurance business, consisting of all commissions, agency expenses, taxes, licenses, fees, loss adjustment expenses, and all other expenses incurred directly and specifically in connection with such business, less recoveries or reimbursements on account of or in connection with such commissions or other expenses collected or collectible because of reinsurance or from any other source.

2. General expenses incurred on such ocean marine insurance business, consisting of that proportion of general or overhead expenses incurred in connection with such business which the net premiums on such ocean marine insurance written during the taxable year bear to the total net premiums written by such insurer from all classes of insurance written by it during the taxable year. Within the meaning of this subsection, general or overhead expenses shall include salaries of officers and employees, printing and stationery, all taxes of this state and of the United States, except as included in subsection 1, and all other expenses of such insurer, not included in subsection 1, after deducting expenses specifically chargeable to any or all other classes of insurance business.

[C75, 77, 79, 81, §432A.5]

**432A.6 Computation of tax on ocean marine insurance profit.**

In determining the amount of the tax imposed by this chapter, the taxable underwriting profit of such insurer on such ocean marine insurance business written within this state, shall be ascertained as follows:

1. In the case of every such insurer which has written any such business within this state during three calendar years immediately preceding the year in which such taxes were payable, the taxable underwriting profit shall be determined by adding or subtracting, as the case may be, the underwriting profit or loss on all such insurance written within the United States, ascertained as hereinbefore provided, for each of such three years and dividing by three.

2. In the case of every such insurer other than as specified in subsection 1 such
taxable underwriting profit, if any, shall be the underwriting profit, if any, on such ocean marine insurance business written within this state during the taxable year, ascertained as hereinbefore provided, but after such insurer has written such ocean marine insurance business within this state during three calendar years, an adjustment shall be made on the three-year average basis by ascertaining the amount of tax payable in accordance with subsection 1.

[C75, 77, 79, 81, §432A.6]

432A.7 Tax payable annually.
The tax imposed by this chapter shall be paid annually, on or before the first day of June, by every insurer authorized to do the business of marine insurance in this state during any one or more of the preceding three calendar years, and the calendar year next preceding such June 1 shall be deemed the taxable year within the meaning of this section.

[C75, 77, 79, 81, §432A.7]

432A.8 Filing tax return.
Every insurer liable to pay the tax shall, on or before June 1 of each year, file with the commissioner of insurance a tax return in accordance with or upon forms prescribed by the commissioner of insurance. The tax shown to be due, if any, shall be paid to the director of revenue who shall issue to the insurer a receipt in duplicate, one of which shall be filed with the commissioner of insurance before issuance of the annual certificate as provided by law.

[C75, 77, 79, 81, §432A.8]
2003 Acts, ch 145, §286

432A.9 Underwriting profits tax in lieu of other taxes.
The tax imposed by this chapter shall be paid upon the marine underwriting profits, if any, upon all marine insurance business written in this state each calendar year. The tax on gross premiums under section 432.1 shall not be levied on marine insurance premiums reportable in a tax return prescribed by the commissioner of insurance to record taxable underwriting profit, if any, defined herein. The tax return required shall be in lieu of all other tax requirements imposed by section 432.1.

433.4 Assessment and exemption.
1. The department of revenue shall on or before October 31 each year, find the actual
value of the property of telegraph and telephone companies in this state that is used by the companies in the transaction of telegraph and telephone business, taking into consideration the information obtained from the statements required, and any further information the department can obtain, using the same as a means for determining the actual value of the property of the companies within this state. The department shall also take into consideration the valuation of all property of the companies, including franchises and the use of the property in connection with lines outside the state, and making these deductions as may be necessary on account of extra value of property outside the state as compared with the value of property in the state, in order that the actual value of the property of the company within this state may be ascertained. The assessment shall include all property of every kind and character whatsoever, real, personal, or mixed, used by the companies in the transaction of telegraph and telephone business. The property so included in the assessment shall not be taxed in any other manner than as provided in this chapter.

2. a. For assessment years beginning on or after January 1, 2013, each company assessed for taxation under this chapter shall receive a partial exemption from taxation on the value of the company’s property as provided in this subsection.
   b. For the assessment year beginning January 1, 2013, the total amount of the exemption for each company shall be equal to the sum of the following amounts:
      (1) An amount equal to twenty percent of the actual value of the property of such company for that assessment year, as determined under subsection 1, that exceeds zero dollars but does not exceed twenty million dollars.
      (2) An amount equal to seventeen and five-tenths percent of the actual value of the property of such company for that assessment year, as determined under subsection 1, that exceeds twenty million dollars but does not exceed fifty-million dollars.
      (3) An amount equal to twelve and five-tenths percent of the actual value of the property of such company for that assessment year, as determined under subsection 1, that exceeds fifty-million dollars but does not exceed five hundred million dollars.
      (4) An amount equal to ten percent of the actual value of the property of such company for that assessment year, as determined under subsection 1, that exceeds five hundred million dollars.
   c. For the assessment year beginning January 1, 2014, and each assessment year thereafter, the total amount of the exemption for each company shall be equal to the sum of the following amounts:
      (1) An amount equal to forty percent of the actual value of the property of such company for that assessment year, as determined under subsection 1, that exceeds zero dollars but does not exceed twenty million dollars.
      (2) An amount equal to thirty-five percent of the actual value of the property of such company for that assessment year, as determined under subsection 1, that exceeds twenty million dollars but does not exceed fifty-million dollars.
      (3) An amount equal to twenty-five percent of the actual value of the property of such company for that assessment year, as determined under subsection 1, that exceeds fifty-five million dollars but does not exceed five hundred million dollars.
      (4) An amount equal to twenty percent of the actual value of the property of such company for that assessment year, as determined under subsection 1, that exceeds five hundred million dollars.

3. For the assessment years beginning January 1, 2019, January 1, 2020, and January 1, 2021, following the partial exemption from taxation under subsection 2, each company assessed for taxation under this chapter shall receive an additional exemption from taxation on the value of the company’s property as provided in this subsection.
   a. For the assessment year beginning January 1, 2019, the amount of the additional exemption for each company shall be equal to twenty-five percent of the amount of the company’s actual value, as determined under subsection 1, remaining following application of the exemption under subsection 2 for the assessment year.
   b. For the assessment year beginning January 1, 2020, the amount of the additional exemption for each company shall be equal to fifty percent of the amount of the company’s
actual value, as determined under subsection 1, remaining following application of the exemption under subsection 2 for the assessment year.

c. For the assessment year beginning January 1, 2021, the amount of the additional exemption for each company shall be equal to seventy percent of the amount of the company’s actual value, as determined under subsection 1, remaining following application of the exemption under subsection 2 for the assessment year.

433.5 Actual value per mile — exemption value per mile.

1. The department of revenue shall ascertain the actual value per mile of the property of each company within this state by dividing the total actual value, as ascertained under section 433.4, subsection 1, by the number of miles of line of such company within the state, and the result shall be deemed and held to be the actual value per mile of line of the property of such company within this state.

2. The department of revenue shall ascertain the exemption value per mile of the property of each company within this state by dividing the amount of the total exemption for that company determined under section 433.4, subsections 2 and 3, by the number of miles of line of such company within the state, and the result shall be deemed and held to be the exemption value per mile of line for that company.

[S13, §1330-a; C24, 27, 31, 35, 39, §7035; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §433.5]

433.7 Hearing.

At the time of determination of value by the department of revenue, any company interested shall have the right to appear, by its officers or agents, before the department of revenue and be heard on the question of the valuation of its property for taxation.

[S13, §1330-a; C24, 27, 31, 35, 39, §7037; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §433.7]

433.8 Assessment in each county — how certified.

The department of revenue shall, for the purpose of determining what amount shall be assessed to each company in each county of the state into which the line of the said company extends, certify to the several county auditors of the respective counties into, over, or through which said line extends the number of miles of line in the county for that company, the actual value per mile of line for that company, and the exemption value per mile of line for that
§433.8, TELEGRAPH AND TELEPHONE COMPANIES TAX

433.9 Entry of certificate.

At the first meeting of the board of supervisors held after the certification made under section 433.8 is received by the county auditor; the board shall cause such certification to be entered in its minute book, and make and enter therein an order stating the length of the lines, the actual value of the property, and the exempted value of the property of each of said companies situated in each city, township, or lesser taxing district in its county, as fixed by the department of revenue. The value certified by the department of revenue, following application of the percentage of actual value under section 441.21, and following the application of the exemption value certified by the department of revenue, shall constitute the taxable value of said property for taxing purposes, and the taxes on said property when collected by the county treasurer shall be disposed of as other taxes on real estate. The county auditor shall transmit a copy of said order to the council or trustees of each city or township in which the lines of said company extend.

§433.10 Rate of taxation — collection.

All telegraph and telephone property shall be taxable upon said assessment at the same rates, by the same officers, and for the same purposes as the property of individuals within such counties, cities, townships, or lesser taxing districts, and the county treasurer shall collect such taxes at the same time and in the same manner as other taxes, and the same penalties for the nonpayment shall be due and collectible as for the nonpayment of individual taxes.

§433.11 Other real property.

Land, lots, and other real property belonging to a telegraph company or telephone company not used exclusively in its telegraph or telephone business are subject to assessment and taxation on the same basis as other property of individuals in the counties where situated.

§433.12 Definitions.

1. As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

2. “Company” as used in this chapter means any person, partnership, association, corporation, or syndicate that owns or operates, or is engaged in operating, any telegraph or telephone line, whether formed or organized under the laws of this state or elsewhere.
“Company” includes a city that owns or operates a municipal utility providing local exchange services pursuant to chapter 476.

433.13 Line operated by railroad.

No telegraph line shall be assessed which is owned and operated by any railroad company exclusively for the transaction of its business, and which has been duly reported as such in its annual report under the laws providing for the taxation of railroad property.

[C97, §1332; C24, 27, 31, 35, 39, §7043; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §433.13]

433.14 Maps required.

On or before the first day of August 1904, each telephone or telegraph company owning or operating a telephone or telegraph line, any part of which lies within the state of Iowa, shall file with the several county auditors of the counties within which any part of its line is located, a map of all its lines within said county, except its line within any platted city, drawn to a scale of not less than one inch to four miles, on which the location of the line or lines of said company is correctly shown. The map of any line situated upon any highway or street which is the dividing line between taxing districts shall show on which side of said street or highway said line is situated and shall locate all points at which said line may cross said street or highway. A statement showing the length of pole line in each taxing district of each company shall be filed when no map of the pole lines of such company is required under the terms of this section. A telephone or telegraph company whose line is situated upon the right-of-way of a railway may file, in lieu of the map required to be filed by the provisions of this section, a certificate setting forth along what lines of railway said company’s telephone or telegraph line extends. On or before the first day of March 1905, and annually thereafter, like maps, statements, or certificates shall be filed with the several county auditors of counties in which any part of said lines may have been extended, constructed, relocated, or taken down entirely, during the preceding calendar year, showing the correct location of all such new or relocated lines, and the location of any part abandoned or taken down, as the same existed on the thirty-first day of December preceding; provided county auditors of the several counties shall, upon application of any company owning or operating a telephone or telegraph line in their respective counties, furnish a map or maps accurately showing the boundaries of all taxing districts in said county, and the public highways located within such taxing districts.

Referred to in §331.512, 433.15, 437.15

433.15 Failure to file.

In the event of the failure or refusal of any telephone or telegraph company, owning or operating any telephone or telegraph line not situated upon the right-of-way of a railway, to file the map required under section 433.14, at the time and according to the conditions named, then the county auditor may cause the map to be prepared by the county surveyor and the cost of it shall, in the first place, be audited and paid by the board of supervisors of the county and the amount shall be by the board levied as a special tax against the company and the property of the company, which shall be collected in the same manner as county taxes.

434.2 When assessed — statement required.
On or before October 31 each year, the department of revenue shall assess all of the property of each railway corporation in the state, excepting the lands, lots, and other real estate belonging to the railway corporation and not used in the operation of any railway, excepting railway bridges across the Mississippi and Missouri rivers, and excepting grain elevators. For the purpose of making the assessment, the president, vice president, general manager, general superintendent, receiver, or such other officer of the railway corporation as the department of revenue may designate, shall, on or before the first day of April in each year, furnish to the department of revenue a verified statement showing in detail for the year ended December 31 next preceding:
1. The whole number of miles of railway owned, operated, or leased by such corporation or company within and without the state.
2. The whole number of miles of railway owned, operated, or leased within the state, including double tracks and sidetracks, the mileage of the main line and branch lines to be stated separately, and showing the number of miles of track in each county.
3. A full and complete statement of the cost and actual present value of all buildings of every description owned by said railway company within the state not otherwise assessed.
4. The total number of ties per mile used on all its tracks within the state.
5. The weight of rails per yard in main line, double tracks, and sidetracks.
6. The number of miles of telegraph lines owned and used within the state.
7. The total number of engines, and passenger, chair, dining, official, express, mail, baggage, freight, and other cars, including handcars and boarding cars used in constructing and repairing such railway, in use on its whole line, and the sleeping cars owned by it, and the number of each class on its line within the state, each class to be valued separately.
8. Any and all other movable property owned by said railway within the state, classified and scheduled in such manner as may be required by the department of revenue.
9. The gross earnings of the entire road, and the gross earnings in this state.
10. The operating expenses of the entire road, and the operating expenses within this state.
11. The net earnings of the entire road, and the net earnings within this state.

434.6 Sleeping and dining cars.

In addition to the matters required to be contained in the statement made by the company for the purposes of taxation, such statement shall show the number of sleeping and dining cars not owned by such corporation, but used by it in operating its railway in this state during each month of the year for which the return is made, the value of each car so used, and also the number of miles each month said cars have been run or operated on such railway within the state, and the total number of miles said cars have been run or operated each month within and without the state. Such statement shall show the average daily sleeping car and dining car service or wheelage operated on each part or division of the line or system within the state, designating the points on the line where variations occur, with the mileage of that part having the same daily service or wheelage.

434.7 Gross earnings.

For the purpose of making reports to the department of revenue, the gross earnings of railway companies, owning or operating a line or lines of railway partly within this state and partly within another state, or other states, or territory, or territories, upon their line or lines within this state, shall be ascertained and reported by said railway companies as follows, to wit: The aggregate of the earnings upon business originating and terminating within this state, upon business originating in this state and terminating elsewhere, upon business originating elsewhere and terminating in this state, and upon business neither originating nor terminating in this state but carried on or done over the line or lines in this state or over some part thereof, shall be reported; and with respect to all such interstate business the earnings in this state for the purpose of report shall be actually computed upon the basis of the length of haul or carriage in this state as compared with the length of haul or carriage elsewhere. It is hereby declared that for the purpose of making reports looking to the assessment of railway property for taxation, the gross earnings or business done or carried partly within this state and partly in another state, or other states, or territories, shall be that proportion of the entire earnings of such business that the haul or carriage in this state bears to the entire haul or carriage.

434.10 Reports additional.
The reports provided for in sections 434.7 to 434.9 are not in lieu of, but in addition to, the reports provided for by law, and they shall be made at the time and as a part of the reports already required.
[S13, §1340-d; C24, 27, 31, 35, 39, §7055; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §434.10]
Referred to in §434.12

434.11 Additional rules and regulations.
The rules, regulations, method, and requirements herein provided to be made by the director of revenue shall be made and communicated in writing or print to the said several railway companies and shall be and become binding upon said railway companies as provided in chapter 17A, provided, however, that the director shall have the power to prescribe supplemental or additional rules, regulations, and requirements in the manner prescribed by chapter 17A.
[S13, §1340-e; C24, 27, 31, 35, 39, §7056; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §434.11]

Referred to in §434.12

434.12 Refusal to obey.
If any railway company shall fail or refuse to obey or conform to the rules, regulations, method, and requirements so made or prescribed by the director of revenue under the provisions of sections 434.7 to 434.11 or to make the reports therein provided, the department of revenue shall proceed to assess the property of such railway company so failing or refusing, according to the best information obtainable, and shall then add to the taxable valuation of such railway company twenty-five percent thereof, which valuation and penalty shall be separately shown, and together shall constitute the assessment for that year.
[S13, §1340-f; C24, 27, 31, 35, 39, §7057; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §434.12]

434.13 Operating expenses.
There shall not be included in said operating expenses any payments for interest or discount, or construction of new tracks, except needed sidings, for raising or lowering tracks above or below crossings at grade in cities, for new equipment except replacements, for reducing any bonded or permanent debt, nor for any other item of operating expenses not fairly and reasonably chargeable as such in railway accounts.

434.14 Amended statement.
The department of revenue may demand, in writing, detailed, explanatory, and amended statements of any of the items mentioned in section 434.2, or any other items deemed by the department important, to be furnished the department by such railway corporation within thirty days from such demand, in such form as the department may designate, which shall be
verified as required for the original statement. The returns, both original and amended, shall show such other facts as the department, in writing, shall require.

434.15 Assessment of railways.
The said property shall be valued at its actual value, and the assessments shall be made upon the taxable value of the entire railway within the state, except as otherwise provided, and the actual value so ascertained shall be assessed as provided by section 441.21, and shall include the right-of-way, roadbed, bridges, culverts, rolling stock, depots, station grounds, shops, buildings, gravel beds, and all other property, real and personal, exclusively used in the operation of such railway. In assessing said railway and its equipments, the department of revenue shall take into consideration the gross earnings per mile for the year ending January 1, preceding, and any and all other matters necessary to enable the department to make a just and equitable assessment of said railway property. If a part of any railway is without this state, then, in estimating the value of its rolling stock and movable property, the department shall take into consideration the proportion which the business of that part of the railway lying within the state bears to the business of the railway without this state.

Trackless trolleys, buses, cars and vehicles used for the transportation of passengers owned and operated by any urban transit company as a part of an urban transit system shall not be included in the determination of the value of an urban transit system for taxation purposes.

Referred to in §434.16, 443.22

434.16 Assessment of sleeping and dining cars.
The department of revenue shall, at the time of the assessment of other railway property for taxation, assess for taxation the average number of sleeping and dining cars as provided in section 434.6 so used by such corporation each month and the assessed value of said cars shall bear the same proportion to the entire value thereof that the monthly average number of miles such cars have been run or operated within the state shall bear to the monthly average number of miles such cars have been used or operated within and without the state. Such valuation shall be in the same ratio as that of the property of individuals, and shall be added to the assessed valuation of the corporation, fixed under section 434.15.

[C97, §1341; C24, 27, 31, 35, 39, §7061; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §434.16]
See §434.21

434.17 Certification to county auditors.
On or before October 31 each year, the department of revenue shall transmit to the county auditor of each county, through and into which any railway may extend, a statement showing the length of the main track within the county, and the assessed value per mile of the same, as fixed by a ratable distribution per mile of the assessed valuation of the whole property.

[C73, §1320; C97, §1337; S13, §1337; C24, 27, 31, 35, 39, §7062; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §434.17]
Referred to in §434.22

434.18 Plats.
Every railroad company owning or operating a line of railroad within this state shall, on or before the first day of August 1902, place on file in the office of the county auditor of each county in the state into which any part of the lines of any said company lies, a plat of the lines of said companies within said county, showing the length of their said lines and the area of the land owned or occupied by said companies in each government subdivision of land not included within the platted portion of any city, within each of said counties, and the length
of the said lines within the platted portion of cities. Companies having on file such plats of part or all of their lines, in any of said counties, shall be required to file plats only of that part of their lines not fully shown as above required on the plats now on file. On the first day of January of each year hereafter, like plats shall be filed of all new lines or extensions of existing lines built or completed within the calendar year preceding.

[S13, §1337-a; C24, 27, 31, 35, 39, §7063; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §434.18]
Referred to in §434.19

434.19 Failure to file.
In the event of the failure or refusal of any railroad company to file the plats required under section 434.18, at the time or according to the conditions named, then the county auditor may cause them to be prepared by the county surveyor and their cost shall, in the first place, be audited and paid by the board of supervisors, and the amount shall be levied by the board as a special tax against the company and the property of the company, which shall be collected as county taxes.

[S13, §1337-b; C24, 27, 31, 35, 39, §7064; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §434.19]

434.20 Property assessed by local authorities.
Lands, lots, and other real estate belonging to any railway company, not used exclusively in the operation of the several roads, and all railway bridges across the Mississippi and Missouri rivers, and grain elevators, shall be subject to assessment and taxation on the same basis as property of individuals in the several counties where situated.

[C73, §808; C97, §1342; C24, 27, 31, 35, 39, §7065; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §434.20]
See also §427.13

434.21 Roadbeds.
No real estate used by railway corporations for roadbeds shall be included in the assessment to individuals of the adjacent property, but all such real estate shall be the property of such companies for the purpose of taxation.

434.22 Levy and collection of tax.
At the first meeting of the board of supervisors held after the statement of the department of revenue under section 434.17 is received by the county auditor, the board shall cause the same to be entered on its minute book, and make and enter in the minute book an order stating the length of the main track and the assessed value of each railway lying in each city, township, or lesser taxing district in its county, through or into which the railway extends, as fixed by the department of revenue, which shall constitute the taxable value of the property for taxing purposes; and the taxes on the property, when collected by the county treasurer, shall be disposed of as other taxes. The county auditor shall transmit a copy of the order to the council or trustees of the city or township.

435.1 Definitions.
The following definitions shall apply to this chapter:
1. Unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.
2. “Home” means a mobile home or a manufactured home.
3. “Manufactured home” means a factory-built structure built under authority of 42 U.S.C. §5403, that is required by federal law to display a seal from the United States department of housing and urban development, and was constructed on or after June 15, 1976.
4. “Manufactured home community” means the same as land-leased community defined in sections 335.30A and 414.28A. The term “manufactured home community” shall not be construed to include manufactured or mobile homes, buildings, tents, or other structures temporarily maintained by any individual, educational institution, or company on their own premises and used exclusively to house their own labor or students.
5. “Mobile home” means any vehicle without motive power used or so manufactured or constructed as to permit its being used as a conveyance upon the public streets and highways and so designed, constructed, or reconstructed as will permit the vehicle to be used as a place for human habitation by one or more persons; but shall also include any such vehicle with motive power not registered as a motor vehicle in Iowa. A “mobile home” is not built to a mandatory building code, contains no state or federal seals, and was built before June 15, 1976.
6. “Mobile home park” means a site, lot, field, or tract of land upon which three or more mobile homes or manufactured homes, or a combination of any of these homes, are placed on developed spaces and operated as a for-profit enterprise with water, sewer or septic, and electrical services available. The term “mobile home park” shall not be construed to include
manufactured or mobile homes, buildings, tents, or other structures temporarily maintained by any individual, educational institution, or company on their own premises and used exclusively to house their own labor or students.

7. “Modular home” means a factory-built structure which is manufactured to be used as a place of human habitation, is constructed to comply with the Iowa state building code for modular factory-built structures, as adopted pursuant to section 103A.7, and must display the seal issued by the state building code commissioner.

435.2 Placement and taxation.
1. If a mobile home is placed outside a mobile home park, the home is to be assessed and taxed as real estate.
2. If a manufactured home is placed in a manufactured home community or a mobile home park, the home must be titled and is subject to the manufactured or mobile home square foot tax. If a manufactured home is placed outside a manufactured home community or a mobile home park, the home must be titled and is to be assessed and taxed as real estate.
3. For the purposes of this chapter, a modular home shall not be construed to be a mobile home or manufactured home. If a modular home is placed inside or outside a manufactured home community or a mobile home park, the home shall be considered real property and is to be assessed and taxed as real estate. However, if a modular home is placed in a manufactured home community or mobile home park which was in existence on or before January 1, 1998, that modular home shall be subject to property tax pursuant to section 435.22. This subsection shall not prohibit the location of a modular home within a manufactured home community or mobile home park.

435.22 Annual tax — credit.
1. The owner of each mobile home or manufactured home located within a manufactured home community or mobile home park shall pay to the county treasurer an annual tax. However, when the owner is any educational institution and the home is used solely for student housing or when the owner is the state of Iowa or a subdivision of the state, the owner shall be exempt from the tax. The annual tax shall be computed as follows:
   a. Multiply the number of square feet of floor space each home contains when parked and in use by twenty cents. In computing floor space, the exterior measurements of the home shall be used as shown on the certificate of title, but not including any area occupied by a hitching device.
   b. (1) If the owner of the home is an Iowa resident, has attained the age of twenty-three years on or before December 31 of the base year, and has an income when included with that of a spouse which is less than eight thousand five hundred dollars per year, the annual tax shall not be imposed on the home. If the income is eight thousand five hundred dollars or
more but less than sixteen thousand five hundred dollars, the annual tax shall be computed as follows:

(2) For purposes of this paragraph "b", "income" means income as defined in section 425.17, subsection 7, and "base year" means the calendar year preceding the year in which the claim for a reduced rate of tax is filed. The home reduced rate of tax shall only be allowed on the home in which the claimant is residing at the time the claim for a reduced rate of tax is filed or was residing at the time of the claimant’s death in the case of a claim filed on behalf of a deceased claimant by the claimant’s legal guardian, spouse, or attorney, or by the executor or administrator of the claimant’s estate.

(3) Beginning with the 1998 base year, the income dollar amounts set forth in this paragraph "b" shall be multiplied by the cumulative adjustment factor for that base year as determined in section 425.23, subsection 4.

2. The amount thus computed shall be the annual tax for all homes, except as follows:
   a. For the sixth through ninth years after the year of manufacture the annual tax is ninety percent of the tax computed according to subsection 1, paragraph “a” or “b”, whichever is applicable.
   b. For all homes ten or more years after the year of manufacture the annual tax is eighty percent of the tax computed according to subsection 1, paragraph “a” or “b”, whichever is applicable.

3. The tax shall be figured to the nearest even whole dollar.

4. a. A claim for credit for manufactured or mobile home tax due shall not be paid or allowed unless the claim is actually filed with the county treasurer between January 1 and June 1, both dates inclusive, immediately preceding the fiscal year during which the home taxes are due. However, in case of sickness, absence, or other disability of the claimant, or if in the judgment of the county treasurer good cause exists, the county treasurer may extend the time for filing a claim for credit through September 30 of the same calendar year. The county treasurer shall certify to the director of revenue on or before November 15 each year the total dollar amount due for claims allowed.
   b. The forms for filing the claim shall be provided by the department of revenue. The forms shall require information as determined by the department.
   c. In case of sickness, absence, or other disability of the claimant or if, in the judgment of the director of revenue, good cause exists and the claimant requests an extension, the director may extend the time for filing a claim for credit or reimbursement. However, any further time granted shall not extend beyond December 31 of the year in which the claim was required to be filed. Claims filed as a result of this paragraph shall be filed with the director who shall provide for the reimbursement of the claim to the claimant.
   d. The director of revenue shall certify the amount due to each county, which amount shall be the dollar amount which will not be collected due to the granting of the reduced tax rate under subsection 1, paragraph “b”.
   e. The amounts due each county shall be paid by the department of revenue on December 15 of each year, drawn upon warrants payable to the respective county treasurers. The county treasurer in each county shall apportion the payment in accordance with section 435.25.
   f. There is appropriated annually from the general fund of the state to the department of revenue an amount sufficient to carry out this subsection.

435.23 Exemptions — prorating tax.
1. The manufacturer’s and retailer’s inventory of mobile homes, manufactured homes, or modular homes not in use as a place of human habitation shall be exempt from the annual tax. All travel trailers, fifth-wheel travel trailers, and towable recreational vehicles shall be exempt from this tax. The homes, travel trailers, fifth-wheel travel trailers, and towable recreational vehicles in the inventory of manufacturers and retailers shall be exempt from personal property tax.
2. The homes coming into Iowa from out of state and located in a manufactured home community or mobile home park shall be liable for the tax computed pro rata to the nearest whole month, for the time the home is actually situated in Iowa.

435.24 Collection of tax.
1. The annual tax is due and payable to the county treasurer on or after July 1 in each fiscal year and is collectible in the same manner and at the same time as ordinary taxes as provided in sections 445.36, 445.37, and 445.39. Interest at the rate prescribed by law shall accrue on unpaid taxes. Both installments of taxes may be paid at one time. The September installment represents a tax period beginning July 1 and ending December 31. The March installment represents a tax period beginning January 1 and ending June 30. A mobile home, manufactured home, or modular home coming into this state from outside the state, put in use from a retailer’s inventory, or put in use at any time after July 1 or January 1, and located in a manufactured home community or mobile home park, is subject to the taxes prorated for the remaining unexpired months of the tax period, but the purchaser is not required to pay the tax at the time of purchase. Interest attaches the following April 1 for taxes prorated on or after October 1. Interest attaches the following October 1 for taxes prorated on or after April 1. If the taxes are not paid, the county treasurer shall send a statement of delinquent taxes as part of the notice of tax sale as provided in section 446.9. The owner of a home who sells the home between July 1 and December 31 and obtains a tax clearance statement is responsible only for the September tax payment and is not required to pay taxes for subsequent tax periods. If the owner of a home located in a manufactured home community or mobile home park sells the home, obtains a tax clearance statement, and obtains a replacement home to be located in a manufactured home community or mobile home park, the owner shall not pay taxes under this chapter for the newly acquired home for the same tax period that the owner has paid taxes on the home sold. Interest for delinquent taxes shall be calculated to the nearest whole dollar. In calculating interest each fraction of a month shall be counted as an entire month.
2. The home owners upon issuance of a certificate of title or upon transporting to a new site shall file the address, township, and school district, of the location where the home is parked with the county treasurer’s office. Failure to comply is punishable as set out in section 435.18. When the new location is outside of a manufactured home community or mobile
home park, the county treasurer shall provide to the assessor a copy of the tax clearance statement for purposes of assessment as real estate on the following January 1.

3. Each manufactured home community or mobile home park owner shall notify monthly the county treasurer concerning any home arriving in or departing from the manufactured home community or park without a tax clearance statement. The records of the owner shall be open to inspection by a duly authorized representative of any law enforcement agency. The manufactured home community or mobile home park owner or manager shall make an annual report to the county treasurer due June 1 of the homes sited in the manufactured home community or mobile home park, listing the owner and mailing address of each home located in the manufactured home community or mobile home park. The report is delinquent if not filed with the county treasurer by June 30. In addition to the annual report, the owner or manager shall also report any changes of homes or owners in a report due December 1, which is delinquent if not filed by December 31. However, if no changes have occurred since the June annual report, the December report is not required to be filed.

4. The tax is a lien on the vehicle senior to any other lien upon it except a judgment obtained in an action to dispose of an abandoned home under section 555B.8. The home bearing a current registration issued by any other state and remaining within this state for an accumulated period not to exceed ninety days in any twelve-month period is not subject to Iowa tax. However, when one or more persons occupying a home bearing a foreign registration are employed in this state, there is no exemption from the Iowa tax. This tax is in lieu of all other taxes general or local on a home.

5. Before a home may be moved from its present site by any person, a tax clearance statement in the name of the owner must be obtained from the county treasurer of the county where the present site is located certifying that taxes are not owing under this section for previous years and that the taxes have been paid for the current tax period. When a person moves a home from real property to a retailer's stock or to a manufactured home community or mobile home park, as defined in section 435.1, a tax clearance statement shall be applied for, and issued, from the county treasurer of the county where the present site is located. When the home is moved to another county in this state, the county treasurer shall forward a copy of the tax clearance statement to the county treasurer of the county in which the home is being relocated. However, a tax clearance statement is not required for a home in a manufacturer's or retailer's stock which has not been used as a place for human habitation. A tax clearance form is not required to move an abandoned home. A tax clearance form is not required in eviction cases provided the manufactured home community or mobile home park owner or manager advises the county treasurer that the tenant is being evicted. If a retailer acquires a home from a person other than a manufacturer, the person shall provide a tax clearance statement in the name of the owner of record to the retailer. The tax clearance statement shall be provided by the county treasurer in a method prescribed by the department of transportation.

6. a. As an alternative to the semiannual or annual payment of taxes, the county treasurer may accept partial payments of current year home taxes. The treasurer shall transfer amounts from each taxpayer’s account to be applied to each semiannual tax installment prior to the delinquency dates specified in section 445.37 and the amounts collected shall be apportioned by the tenth of the month following transfer. If, prior to the due date of each semiannual installment, the account balance is insufficient to fully satisfy the installment, the treasurer shall transfer and apply the entire account balance, leaving an unpaid balance of the installment. Interest shall attach on the unpaid balance in accordance with section 445.39. Unless funds sufficient to fully satisfy the delinquency are received, the treasurer shall collect the unpaid balance as provided in sections 445.3 and 445.4 and chapter 446. Any remaining balance in a taxpayer’s account in excess of the amount needed to fully satisfy an installment shall remain in the account to be applied toward the next semiannual installment. Any interest income derived from the account shall be deposited in the county’s general fund to cover administrative costs. The treasurer shall send a notice with the tax statement or by separate mail to each taxpayer stating that, upon request to the treasurer, the taxpayer may make partial payments of current year home taxes.

b. Partial payment of taxes which are delinquent may be made to the county treasurer.
For the installment being paid, payment shall first be applied toward any interest, fees, and costs accrued and the remainder applied to the tax due. A partial payment must equal or exceed the interest, fees, and costs of the installment being paid. A partial payment made under this paragraph shall be apportioned in accordance with section 445.57, however, such partial payment may, at the discretion of the county treasurer, be apportioned either on or before the tenth day of the month following the receipt of the partial payment or on or before the tenth day of the month following the due date of the next semiannual tax installment. If the payment does not include the whole of any installment of the delinquent tax, the unpaid tax shall continue to accrue interest pursuant to section 445.39. Partial payment shall not be permitted in lieu of redemption if the property has been sold for taxes under chapter 446 and under any circumstances shall not constitute an extension of the time period for a sale under chapter 446.

7. Current year taxes may be paid at any time regardless of any outstanding prior year delinquent taxes.

435.25 Apportionment and collection of taxes.

1. The tax and interest for delinquent taxes collected under section 435.24 shall be apportioned in the same manner as though they were the proceeds of taxes levied on real property at the same location as the home.

2. Chapters 446, 447, and 448 apply to the sale of a home for the collection of delinquent taxes and interest, the redemption of a home sold for the collection of delinquent taxes and interest, and the execution of a tax sale certificate of title for the purchase of a home sold for the collection of delinquent taxes and interest in the same manner as though a home were real property within the meaning of these chapters to the extent consistent with this chapter. The certificate of title shall be issued by the county treasurer. The treasurer shall charge ten dollars for each certificate of title, except that the treasurer shall issue a tax sale certificate of title to the county at no charge.

3. When a home is removed from the county where delinquent taxes, regular or special, are owing, or when it is administratively impractical to pursue tax collection through the remedies of this section, all taxes, regular and special, interest, and costs shall be abated by resolution of the county board of supervisors. The resolution shall direct the treasurer to strike from the tax books the reference to that home.

435.26 Conversion to real property.

1. a. A mobile home or manufactured home which is located outside a manufactured home community or mobile home park shall be converted to real estate by being placed on a permanent foundation and shall be assessed for real estate taxes. A home, after conversion to real estate, is eligible for the homestead tax credit and the military service tax exemption as provided in sections 425.2 and 426A.11. A taxable mobile home or manufactured home which is located outside of a manufactured home community or mobile home park as of January 1, 1995, is also exempt from the permanent foundation requirements of this chapter until the home is relocated.

b. If a security interest is noted on the certificate of title, the home owner shall tender to
the secured party a mortgage on the real estate upon which the home is to be located in the
unpaid amount of the secured debt, and with the same priority as or a higher priority than
the secured party’s security interest, or shall obtain the written consent of the secured party
to the conversion, in which latter case the lien notation on the certificate of title shall suffice
to preserve the lienholder’s security in the home separate from any interest in the land.

2. After complying with subsection 1, the owner shall notify the assessor who shall inspect
the new premises for compliance. If a security interest is noted on the certificate of title,
the assessor shall require an affidavit, as defined in section 622.85, from the home owner,
declaring that the owner has complied with subsection 1, paragraph “b”, and setting forth the
method of compliance.

a. If compliance with subsection 1, paragraph “b”, has been accomplished by the secured
party accepting the tender of a mortgage, the assessor shall collect the home vehicle title and
enter the property upon the tax rolls.

b. If compliance with subsection 1, paragraph “b”, has been accomplished by the secured
party consenting to the conversion without accepting a mortgage, the secured party shall
retain the home vehicle title and the assessor shall note the conversion on the assessor’s
records and enter the property upon the tax rolls. So long as a security interest is noted on
the certificate of title, the title to the home will not be merged with title to the land, and the
sale or foreclosure of an interest in the land shall not affect title to the home or any security
interest in the home.

3. When the property is entered on the tax rolls, the assessor shall also enter on the
tax rolls the title number last assigned to the mobile home or manufactured home and the
manufacturer’s identification number.

435.26A Surrender of title.

1. A person who owns a manufactured home that is located in a manufactured home
community and is installed on a permanent foundation may surrender the manufactured
home’s certificate of title to the county treasurer for the purpose of assuring eligibility for
funds available from mortgage lending programs sponsored by the federal national mortgage
association, the federal home loan mortgage corporation, the United States department of
agriculture, or any other federal governmental agency or instrumentality that has similar
requirements for mortgage lending programs.

2. a. Upon receipt of a certificate of title from a manufactured home owner, a county
treasurer shall notify the state department of transportation that the certificate of title has
been surrendered, remove the registration of title from the county treasurer’s records, and
destroy the certificate of title.

b. The manufactured home owner or the owner’s representative shall provide to the
county recorder the identifying data of the manufactured home, including the owner’s
name, the name of the manufacturer, the model name, the year of manufacture, and the
serial number of the home, along with the legal description of the real estate on which the
manufactured home is located. In addition, evidence shall be provided of the surrender of
the certificate of title. After the surrender of the certificate of title of a manufactured home
under this section, conveyance of an interest in the manufactured home shall not require
transfer of title so long as the manufactured home remains on the same real estate site.

3. After the surrender of a manufactured home’s certificate of title under this section,
the manufactured home shall continue to be taxed under section 435.22 and is not eligible
for the homestead tax credit or the military service tax exemption. A foreclosure action on a
manufactured home whose title has been surrendered under this section shall be conducted as
a real estate foreclosure. A tax lien and its priority shall remain the same on a manufactured
home after its certificate of title has been surrendered.
§435.26A, PROPERTY TAXES ON MANUFACTURED AND MOBILE HOMES  IV-364

4. The certificate of title of a manufactured home shall not be surrendered under this section if an unreleased security interest is noted on the certificate of title.

5. An owner of a manufactured home who has surrendered a certificate of title under this section and requires another certificate of title for the manufactured home is required to apply for a certificate of title under chapter 321. If supporting documents for the reissuance of a title are not available or sufficient, the procedure for the reissuance of a title specified in the rules of the state department of transportation shall be used.

435.26B Affidavit in lieu of surrender of certificate of title — manufactured and mobile homes.

1. If there is no record that a certificate of title has been issued or surrendered for a manufactured home or mobile home that is located outside a manufactured home community or mobile home park, that has been converted to real estate by being placed on a permanent foundation, and that is entered on the tax rolls, the owner may effectuate a surrender of the certificate of title by recording with the county recorder an affidavit that includes all of the following:

   a. The full legal name, Iowa driver’s license number or Iowa nonoperator’s identification card number, bona fide residence, and mailing address of the owner, and any other identification information required by the state department of transportation. If the owner is a firm, association, or corporation, the affidavit shall contain the bona fide business address and federal employer identification number of the owner.

   b. A description of the manufactured or mobile home including, insofar as the specified data may exist with respect to a manufactured or mobile home, the manufacturer, model, year of manufacture, and identification number or other assigned number.

   c. A statement of the affiant’s title or ownership interest and a statement of all liens, encumbrances, or security interests upon the manufactured or mobile home, including the names and mailing addresses of all persons having any such liens, encumbrances, or security interests.

   d. A statement of any facts or information known to the affiant that could affect the validity of title or the existence or validity of any lien, encumbrance, or security interest on the manufactured or mobile home.

   e. The name and address of the person from whom the owner purchased or acquired the manufactured or mobile home, including information related to the location and date of purchase or acquisition.

   f. The affidavit shall also include an attached written opinion by an attorney licensed to practice law in this state who has examined the abstract of title of the land upon which the manufactured or mobile home is situated. The opinion shall state the names of the owners and holders of mortgages, liens, or other encumbrances on the land upon which the manufactured or mobile home is situated and shall note the encumbrances, along with any bonds securing the encumbrances. Utility easements shall not be construed to be encumbrances for the purpose of this section.

   g. A statement that the manufactured or mobile home is located outside a manufactured home community or mobile home park, has been converted to real estate by being placed on a permanent foundation, and has been entered on the tax rolls. This statement shall be endorsed by the city or county assessor, as applicable, and include the legal description of the real property upon which the manufactured or mobile home is situated.

   h. A statement that the owner has made a diligent search and inquiry but has been unable to locate and produce a manufacturer’s certificate of origin or a certificate of title for the manufactured or mobile home and that the owner has no knowledge that a certificate of title has previously been issued or surrendered for the manufactured or mobile home.

   i. (1) An endorsement by the state department of transportation that the department has searched its records and has no record of a certificate of title or a surrender of a certificate of title for the manufactured or mobile home and that the department has no record of any ownership interest contrary to the ownership interest asserted by the affiant.
The endorsement shall also specify that the state department of transportation is unable to identify any lien, encumbrance, or security interest contrary to those specified by the affiant.

(2) The state department of transportation shall not conduct any search of records or provide any endorsement until the affidavit has been completed, executed, and endorsed pursuant to paragraphs “a” through “h” and the affiant has paid a fee not to exceed two hundred dollars. The state department of transportation shall set the amount of the fee by rule.

(3) Following endorsement of the affidavit, the state department of transportation shall return the affidavit to the owner for recording.

(4) If the state department of transportation has endorsed an affidavit, the department shall not issue a certificate of title for the manufactured or mobile home unless the manufactured or mobile home is reconverted under section 435.27.

2. Recording the affidavit with all necessary endorsements and attachments shall establish the surrender of the certificate of title.

3. After the surrender of the certificate of title under this section, a conveyance of an interest in the manufactured or mobile home shall not require a transfer of title if the manufactured or mobile home remains located on the same real property that is identified in the affidavit under subsection 2.

4. A foreclosure action on a manufactured or mobile home for which the certificate of title was surrendered under this section shall be conducted as a real estate foreclosure.

5. A tax lien and its priority shall not be modified as a result of a surrender of title under this section.

6. The state department of transportation shall adopt rules under chapter 17A to implement this section. The rules adopted by the state department of transportation shall include a standardized form for an affidavit required under this section.

435.27 Reconversion.

1. A mobile home or manufactured home converted to real estate under section 435.26 may be reconverted to a home as provided in this section when it is moved to a manufactured home community or mobile home park or a manufactured or mobile home retailer’s inventory. When the home is located within a manufactured home community or mobile home park, the home shall be taxed pursuant to section 435.22, subsection 1, paragraph “a”.

2. a. If the vehicular frame of the home can be modified to return it to the status of a mobile home or manufactured home, the owner or a secured party holding a mortgage or certificate of title pursuant to section 435.26 who has obtained possession of the home may apply to the county treasurer as provided in section 321.20 for a certificate of title for the home. If a mortgage exists on the real estate, a security interest in the home shall be given to a secured party not applying for reconversion and noted on the certificate of title with the same priority or a higher priority than the secured party’s mortgage interest. A reconversion shall not occur without the written consent of every secured party holding a mortgage or certificate of title.

b. If the secured party has elected to retain the home vehicle title pursuant to section 435.26, subsection 2, paragraph “b”, an owner applying for reconversion shall present to the county treasurer written consent to the reconversion from all secured parties and an affirmation from the secured party holding the title that the title is in its possession and is intact. Upon receipt of the affirmation, the county treasurer shall notify the assessor of the reconversion, which notification constitutes compliance by the owner with subsection 3.

3. After compliance with subsection 2 and receipt of the title, the owner shall notify the assessor of the reconversion. The assessor shall remove the assessed valuation of the home from assessment rolls as of the succeeding January 1 when the home becomes subject to taxation as provided under section 435.24.

§435.28 County treasurer to notify assessor.
Upon issuance of a certificate of title to a mobile home or manufactured home which is not located in a manufactured home community or mobile home park or retailer’s inventory, the county treasurer shall notify the assessor of the existence of the home for tax assessment purposes.

§435.29 Civil penalty.
The person who moves the mobile home or manufactured home without having obtained a tax clearance statement as provided in section 435.24 shall pay a civil penalty of one hundred dollars. The penalty money shall be credited to the general fund of the county.

437.1 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.
2. “Company” means an electric cooperative referred to in section 437A.7, subsection 3, paragraph “c”.
3. “Electric cooperative” means an electric utility provider formed or organized as an electric cooperative under the laws of this state or elsewhere.
4. “Transmission lines” means electric lines and associated facilities operating at thirty-four thousand five hundred volts or higher voltage, and substations, transformers, and associated facilities operated at thirty-four thousand five hundred or more volts on the low voltage side.

[SS15, §1346-r; C24, 27, 31, 35, 39, §7089; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.1]
Referred to in §420.207

437.2 Statement required.
Every company owning or operating a transmission line or lines for the conduct of electric energy and which line or lines are located within the state, and which said line or lines are also located wholly or partly outside cities, shall, on or before the first day of May in each year, furnish to the department of revenue a verified statement as to its entire line or lines within this state, when all of said line or lines are located outside cities, and as to such portion of its line or lines within this state as are located outside cities, when such line or lines are located partly outside and partly inside cities, showing:
1. The total number of miles of line owned, operated, or leased, located outside cities within this state, with a separate showing of the number of miles leased.
2. The location and length of each division within the state and the character of poles, towers, wires, substation equipment, and other construction of each such division, designating the length and portion thereof in each separate county into which each such division extends.

[SS15, §1346-k; C24, 27, 31, 35, 39, §7090; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.2]
Referred to in §437.5, 437.6, 437.11, 437.13, 437.15
§437.3 Verification.
The verification of any statement required by law shall be made by some member, officer, or agent of the company having knowledge of the facts.

[SS15, §1346-r; C24, 27, 31, 35, 39, §7091; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.3]
98 Acts, ch 1194, §33, 40
Referred to in §420.207

§437.4 Additional statement.
Upon receipt of the statements from the companies, the department of revenue shall examine the statements, and if the department deems them insufficient, and that further information is required, the department shall require the company making the statements to make other or further statement as the department deems necessary, notifying the company by mail.

[SS15, §1346-l; C24, 27, 31, 35, 39, §7092; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.4]
Referred to in §437.5

§437.5 Failure to furnish.
In case of the total failure or refusal to make any statement required by sections 437.2 and 437.4 to be made by May 1 in any year, or of failure or refusal to make other or further statement within thirty days from the time the notice is received by the company that the additional statement is required by the department of revenue, the company shall forfeit and pay to the state, one hundred dollars for each day the total failure or refusal to make any report is continued beyond the first day of May of the year in which it is required, or in case of any other or further report required by the department for each day it is delayed beyond thirty days from the receipt of the notice by the company that the additional report is required. The forfeiture shall be sued for and recovered in any proper form of action in the name of the state and on relation of the director of revenue of the state, and the penalty, when collected, shall be paid into the general fund of the state.

[SS15, §1346-l; C24, 27, 31, 35, 39, §7093; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.5]

§437.6 Actual value.
On or before October 31 each year, the department of revenue shall proceed to find the actual value of that part of such transmission line or lines referred to in section 437.2, owned or operated by any company, that is located within this state but outside cities, including the whole of such line or lines when all of such line or lines owned or operated by said company is located wholly outside of cities, taking into consideration the information obtained from the statements required by this chapter, and any further information obtainable, using the same as a means of determining the actual cash value of such transmission line or lines or part thereof, within this state, located outside of cities. The department shall then ascertain the value per mile of such transmission line or lines owned or operated by each company specified in section 437.2, by dividing the total value as above ascertained by the number of miles of line of such company within the state located outside of cities, and the result shall be deemed and held to be the actual value per mile of said transmission line or lines of each of said companies within the state located outside of cities.

[SS15, §1346-m; C24, 27, 31, 35, 39, §7094; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.6]
Referred to in §437.11

§437.7 Taxable value.
The taxable value of such line or lines of which the department of revenue by this chapter is required to find the value, shall be determined by taking the percentage of the actual value
so ascertained, as provided by section 441.21, and the ratio between the actual value and the assessed or taxable value of the transmission line or lines of each of said companies located outside of cities shall be the same as in the case of the property of private individuals.

[SS15, §1346-m; C24, 27, 31, 35, 39, §7095; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.7]

Referred to in §437.11

### 437.8 Hearing.
At the time of determination of value by the department of revenue, any company interested shall have the right to appear by its officers, agents, and attorneys before the department, and be heard on the question of the value of its property for taxation.

[SS15, §1346-m; C24, 27, 31, 35, 39, §7096; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.8]

Referred to in §437.11

### 437.9 County assessment — certification.
The department of revenue shall, for the purpose of determining what amount shall be assessed to any one of the companies in each county of the state into which the line or lines of the company extend, multiply the assessed or taxable value per mile of line of the company, as ascertained according to the provisions of this chapter, by the number of miles of line in each of the counties, and the result thereof shall be certified by the department to the several county auditors of the respective counties into, over, or through which the line or lines extend.

[SS15, §1346-n; C24, 27, 31, 35, 39, §7097; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.9]

Referred to in §437.10, 437.11

### 437.10 Levy and collection of tax.
At the first meeting of the board of supervisors held after the statements of the department of revenue under section 437.9 are received by the county auditor, the board shall cause such statement to be entered in its minute book and make and enter in the minute book an order stating the length of the lines and the assessed value of the property of each of the companies situated in each township or lesser taxing district in each county outside cities, as fixed by the department of revenue, which shall constitute the taxable value of the property for taxing purposes. The county auditor shall transmit a copy of the order to the trustees of each township and to the proper taxing boards in lesser taxing districts into which the line or lines of the company extend in the county. The taxes on the property when collected by the county treasurer shall be disposed of as other taxes on real estate.

[SS15, §1346-o; C24, 27, 31, 35, 39, §7098; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.10]

Referred to in §331.512

### 437.11 Rate — purposes.
Such portions of the transmission line or lines within the state referred to in section 437.2, as are located outside cities, shall be taxable upon said assessment provided for by sections 437.6 to 437.9 at the same rate, by the same officers and for the same purposes as property of individuals within such counties, townships or lesser taxing districts, outside cities, and the county treasurer shall collect said taxes at the same time and in the same manner as other taxes, and the same penalties shall be due and collectible as for the nonpayment of individual taxes.

[SS15, §1346-p; C24, 27, 31, 35, 39, §7099; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.11]
§437.12 Assessment exclusive.
Every transmission line or part of a transmission line, of which the department of revenue is required by this chapter to find the value, shall be exempt from other assessment or taxation either under sections 428.24 to 428.26, or under any other law of this state except as provided in this chapter.

[SS15, §1346-q; C24, 27, 31, 35, 39, §7100; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.12]

§437.13 Local assessment.
All lands, buildings, machinery, poles, towers, wires, station and substation equipment, and other construction owned or operated by any company referred to in section 437.2, and where this property is located within any city within this state, shall be listed and assessed for taxation in the same manner as provided in sections 428.24, 428.25, and 428.29, for the listing and assessment of that part of the lands, buildings, machinery, tracks, poles, and wires within the limits of any city belonging to individuals or corporations furnishing electric light or power, and where this property, except the capital stock, is situated partly within and partly without the limits of a city. All personal property of every company owning or operating any transmission line referred to in section 437.2, used or purchased by it for the purpose of the transmission line, shall be listed and assessed in the assessment district where usually kept and housed and under sections 428.26 and 428.29.

[SS15, §1346-q; C24, 27, 31, 35, 39, §7101; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §437.13]

SUBCHAPTER III
STATEWIDE PROPERTY TAX

SUBCHAPTER IV
GENERAL PROVISIONS

INTRODUCTORY PROVISIONS

437A.1 Classification of chapter.
The provisions of this chapter are classified and designated as follows:
2. Subchapter II Generation, Transmission, and Delivery Taxes.
98 Acts, ch 1194, §2, 40; 2017 Acts, ch 54, §55

437A.2 Purposes.
The purposes of this chapter are to replace property taxes imposed on electric companies, natural gas companies, electric cooperatives, and municipal utilities with a system of taxation which will remove tax costs as a factor in a competitive environment by imposing like generation, transmission, and delivery taxes on similarly situated competitors who generate, transmit, or deliver electricity or natural gas in the same competitive service area, to preserve revenue neutrality and debt capacity for local governments and taxpayers, to preserve neutrality in the allocation and cost impact of any replacement tax among and upon consumers of electricity and natural gas in this state, and to provide a system of taxation which reduces existing administrative burdens on state government.
98 Acts, ch 1194, §3, 40

437A.3 Definitions.
As used in this chapter, unless the context otherwise requires:
1. a. “Assessed value” means the base year assessed value, as adjusted by section 437A.19, subsection 2.
   (1) “Base year assessed value”, for a taxpayer other than an electric company, natural gas company, or electric cooperative, means the value attributable to property identified in section 427A.1, subsection 1, paragraph “h”, certified by the department of revenue to the county auditors for the assessment date of January 1, 1997, and the value attributable to property identified in section 427A.1 and section 427B.17, subsection 8, as certified by the local assessors to the county auditors for the assessment date of January 1, 1997, provided, that for a taxpayer subject to section 437A.17A, such value shall be the value certified by the department of revenue and local assessors to the county auditors for the assessment date of January 1, 1998.
   (2) However, “base year assessed value”, for purposes of property of a taxpayer that is a
§437A, TAXES ON ELECTRICITY AND NATURAL GAS PROVIDERS

municipal utility, if the property is not a major addition, and the property was initially assessed to the taxpayer as of January 1, 1998, and is not located in a county where the taxpayer had property that was assessed for purposes of this chapter as of January 1, 1997, means the value attributable to such property for the assessment date of January 1, 1998.

(3) For taxpayers that are electric companies, natural gas companies, and electric cooperatives, “base year assessed value” means the average of the total of these values for each taxpayer for the assessment dates of January 1, 1993, through January 1, 1997, allocated among taxing districts in proportion to the allocation of the taxpayer’s January 1, 1998, assessed value among taxing districts.

(4) “Base year assessed value” does not include value attributable to steam-operating property.

b. For new cogeneration facilities, the assessed value shall be determined as provided in section 437A.16A.

2. “Book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

3. “Centrally assessed property tax” means property tax imposed with respect to the value of property determined by the director pursuant to section 427.1, subsection 2, Code 1997, section 428.29, Code 1997, and chapters 437 and 438, Code 1997, and allocated to electric service and natural gas service. For purposes of this subsection, “natural gas service” means such service provided by natural gas pipelines permitted pursuant to chapter 479.

4. a. “Cogeneration facility” means a facility with a capacity of two hundred megawatts or less that uses the same energy source for the sequential generation of electrical or mechanical power in combination with steam, heat, or other forms of useful energy and, except for ownership, meets the criteria to be a qualifying cogeneration facility as defined in the federal Public Utility Regulatory Policies Act of 1978, 16 U.S.C. §2601 et seq., and related federal regulations.

b. “New cogeneration facility” means any of the following:

(1) A cogeneration facility, regardless of capacity, which is first placed into service on or after January 1, 2009, that uses the same energy source for the sequential generation of electrical or mechanical power in combination with steam, heat, or other forms of useful energy and meets the criteria to be a qualifying cogeneration facility as defined in the federal Public Utility Regulatory Policies Act of 1978, 16 U.S.C. §2601 et seq., and related federal regulations.

(2) A cogeneration facility in service prior to January 1, 2009, that became subject to the replacement generation tax under section 437A.6 for the first time on or after January 1, 2009.

5. “Consumer” means an end user of electricity or natural gas used or consumed within this state. “Consumer” includes any master-metered facility even though the electricity or natural gas delivered to such facility may ultimately be used by another person. A person to whom electricity or natural gas is delivered by a master-metered facility is not a consumer. A “master-metered facility” means any multi-occupancy premises where units are separately rented or owned and where electricity or natural gas is used in centralized heating, cooling, water-heating, or ventilation systems, where individual metering is impractical, where the facility is designated for elderly or handicapped persons and utility costs constitute part of the operating cost and are not apportioned to individual units, or where submetering or resale of service was permitted prior to 1966.

6. “Delivery” means the physical transfer of electricity or natural gas to a consumer. Physical transfer to a consumer occurs when transportation of electricity or natural gas ends and such electricity or natural gas becomes available for use or consumption by a consumer.

7. “Director” means the director of revenue.

8. “Electric company” means a person engaged primarily in the production, delivery, service, or sales of electric energy whether formed or organized under the laws of this state or elsewhere. “Electric company” includes a combination natural gas company and electric company. “Electric company” does not include an electric cooperative or a municipal utility.

9. “Electric competitive service area” means an electric service area assigned by the utilities board under chapter 476 as of January 1, 1999, including utility property and facilities described in section 476.23, subsection 3, which were owned and served by the
electric company, electric cooperative, or municipal utility serving such area on January 1, 1999.

10. “Electric cooperative” means an electric utility provider formed or organized as an electric cooperative under the laws of this state or elsewhere. An electric cooperative shall also include an incorporated city utility provider. “Generation and transmission electric cooperative” means an electric cooperative which owns both transmission lines and property which is used to generate electricity. “Distribution electric cooperative” means an electric cooperative other than a generation and transmission electric cooperative or a municipal electric cooperative association.

11. a. “Electric power generating plant” means a nameplate rated electric power generating plant, which produces electric energy from other forms of energy, including all taxable land, buildings, and equipment used in the production of such electric energy.
   b. “New electric power generating plant” means any of the following:
      (1) An electric power generating plant that is owned by or leased to an electric company, electric cooperative, municipal utility, or any other taxpayer, and that initially generates electricity subject to replacement generation tax under section 437A.6 on or after January 1, 2003.
      (2) An electric power generating plant that is owned by or leased to an electric company, electric cooperative, municipal utility, or any other taxpayer, that initially generated electricity subject to replacement generation tax under section 437A.6 before January 1, 2003, and that is sold, leased, or transferred, in full or in part, on or after January 1, 2003. If any portion of an electric power generating plant is sold, the entire plant shall be treated as if it were a new electric power generating plant.

12. “Incorporated city utility provider” means a corporation with assets worth one million dollars or more which has one or more platted villages located within the territorial limits of the tract of land which it owns, and which provides electricity to ten thousand or fewer customers.

13. “Lease” means a contract between a lessor and lessee pursuant to which the lessee obtains a present possessory interest in tangible property without obtaining legal title in such property. A contract to transmit or deliver electricity or natural gas using operating property within this state is not a lease. “Capital lease” means a lease classified as a capital lease under generally accepted accounting principles.

14. a. “Local amount” means the first forty-four million four hundred forty-four thousand four hundred forty-five dollars of the acquisition cost of any major addition which is an electric power generating plant and the total acquisition cost of any other major addition.
   b. “Local amount” for the purposes of determining the local taxable value for a new electric power generating plant shall annually be determined to be equal up to the first forty-four million four hundred forty-four thousand four hundred forty-five dollars of the taxable value of the new electric power generating plant. “Local amount” for the purposes of determining the local assessed value for a new electric power generating plant shall be annually determined to be the percentage share of the taxable value of the new electric power generating plant allocated as the local amount multiplied by the total assessed value of the new electric power generating plant.

15. “Local taxing authority” means a city, county, community college, school district, or other taxing authority located in this state and authorized to certify a levy on property located within such authority for the payment of bonds and interest or other obligations of such authority.

16. “Local taxing district” means a geographic area with a common consolidated property tax rate.

17. “Low capacity factor electric power generating plant” means, for any tax year, an electric power generating plant, with the exception of an electric power generating plant owned or leased by an electric company, an electric cooperative, or a municipal utility, which operated during the preceding calendar year at a net capacity factor of twenty percent or less. “Net capacity factor” means net actual generation during the preceding calendar year divided by the product of nameplate capacity times the number of hours the plant was in the active state during the preceding calendar year. Upon commissioning, a plant is in the active
state until it is decommissioned. “Net actual generation” means net electrical megawatt hours produced by a plant during the preceding calendar year.

18. “Major addition” means either of the following:

a. Any acquisition on or after January 1, 1998, by a taxpayer, by transfer of ownership, self-construction, or capital lease of any interest in any of the following:

(1) A building in this state where the acquisition cost of all interests acquired exceeds ten million dollars.

(2) An electric power generating plant where the acquisition cost of all interests acquired exceeds ten million dollars. For purposes of this subparagraph, “electric power generating plant” means each nameplate rated electric power generating plant owned solely or jointly by any person or electric power facility financed under the provisions of chapter 28F or 476A in which electrical energy is produced from other forms of energy, including all equipment used in the production of such energy through its step-up transformer.

(3) Natural gas operating property within a local taxing district where the acquisition cost of all interests acquired exceeds one million dollars.

(4) Any property described in section 437A.16 in this state acquired by a person not previously subject to taxation under this chapter.

b. (1) Any acquisition on or afer January 1, 2004, by a taxpayer, by transfer of ownership, self-construction, or capital lease of any interest in electric transmission operating property within a local taxing district where the acquisition cost of all interests acquired exceeds one million dollars.

(2) For purposes of this chapter, the acquisition cost of an asset acquired by capital lease is its capitalized value determined under generally accepted accounting principles.

19. “Municipal electric cooperative association” means an electric cooperative, the membership of which is composed entirely of municipal utilities.

20. “Municipal utility” means all or part of an electric light and power plant system or a natural gas system, either of which is owned by a city, including all land, easements, rights-of-way, fixtures, equipment, accessories, improvements, appurtenances, and other property necessary or useful for the operation of the municipal utility.

21. “Natural gas company” means a person that owns, operates, or is engaged primarily in operating or utilizing pipelines for the purpose of distributing natural gas to consumers located within this state, excluding a gas distributing plant or company located entirely within any city and not a part of a pipeline transportation company. “Natural gas company” includes a combination natural gas company and electric company. “Natural gas company” does not include a municipal utility.

22. a. “Natural gas competitive service area” means any of the fifty-two natural gas competitive service areas described as follows:

(1) Each of the following municipal natural gas competitive service areas:

(a) Taylor county, except for those areas of Taylor county which are contained within another municipal natural gas competitive service area as described in this subsection.

(b) The city of Brighton in Washington county and the area within two miles of the city limits plus sections 5, 6, 7, 8, 17, 18, 19, 20, 29, and 30 in Brighton township; sections 19, 30, and 33 in Franklin township; sections 1, 2, 11, 12, 13, 14, 23, 24, 25, and 36 in Dutch Creek township; and sections 25, 26, 35, and 36 in Seventy-Six township.

(c) Davis county.

(d) The city of Brooklyn in Poweshiek county and the area within two miles of the city limits.

(e) The city of Cascade in Dubuque county and the area within two miles of the city limits.

(f) The city of Cedar Falls in Black Hawk county and the area within one mile of the city limits, not including any part of the city of Waterloo.

(g) The city of Clearfield in Taylor county and the area within two miles of the city limits and sections 20, 21, 26, and 27 of Platte township, Grant township in Taylor county, and Grant township in Ringgold county.

(h) The south half of Carroll county and sections 3 and 4 of Orange township in Guthrie county.
(i) Adams county, except those areas of Adams county which are contained within another municipal natural gas competitive service area as defined in this subsection.

(j) The city of Emmetsburg in Palo Alto county and the area within two miles of the city limits.

(k) The city of Everly in Clay county and the area within two miles of the city limits.

(l) The city of Fairbank and the area within two miles of the city limits plus the area one-quarter mile on either side of the county line road, Highway 281, from Fairbank to the intersection of Outer road and Tenth street, proceeding twenty-eight hundredths of a mile north in Buchanan and Fayette counties.

(m) The city of Gilmore City in Pocahontas and Humboldt counties and the area within two miles of the city limits.

(n) The city of Graettinger in Palo Alto county and the area within two miles of the city limits.

(o) The city of Guthrie Center in Guthrie county and the area within one mile of the city limits.

(p) The city of Harlan in Shelby county and the area within two miles of the city limits.

(q) The city of Hartley in O’Brien county and the area within one mile of the city limits, except the eastern one-half of section four in Omega township.

(r) The city of Hawarden in Sioux county and the area within two miles of the city limits.

(s) The city of Lake Park plus Silver Lake township in Dickinson county.

(t) Fayette and New Buda townships in Decatur county.

(u) The city of Lenox in Taylor county including section 1 of Platte township in Taylor county and the townships of Carl, Grant, Mercer, Colony, Union, and Prescott in Adams county.

(v) Grand River township in Wayne county.

(w) New Hope township in Union county and Monroe township in Madison county.

(x) Ewoldt and Eden townships in Carroll county and Iowa township in Crawford county.

(y) The city of Montezuma in Poweshiek county and the area within two miles of the city limits plus Jackson township in Poweshiek county except the city of Barnes City, Pleasant Grove and Monroe townships in Mahaska county except the city of Barnes City.

(z) Morning Sun township in Louisa county.

(aa) Wells and Washington townships in Appanoose county.

(ab) The city of Osage in Mitchell county and the area within two miles of the city limits.

(ac) The city of Prescott in Adams county and the area within two miles of the city limits.

(ad) The city of Preston in Jackson county and the area within two miles of the city limits.

(ae) The city of Remsen in Plymouth county and the area within two miles of the city limits.

(af) The city of Rock Rapids in Lyon county and the area within two miles of the city limits.

(ag) The city of Rolfe in Pocahontas county and the area within two miles of the city limits.

(ah) The city of Sabula in Jackson county and the area within two miles of the city limits.

(ai) The city of Sac City in Sac county and the area within two miles of the city limits.

(aj) The city of Sanborn in O’Brien county and the area within two miles of the city limits.

(ak) The city of Sioux Center in Sioux county and the area within two miles of the city limits.

(al) The city of Tipton in Cedar county and the area within two miles of the city limits.

(am) The city of Waukee in Dallas county and the area within two miles of the city limits of Waukee as of January 1, 1999, not including any part of the cities of Clive, Urbandale, or West Des Moines.

(an) The city of Wayland plus Jefferson and Trenton townships in Henry county.

(ao) Seventy-Six and Lime Creek townships in Washington county except for those areas of Seventy-Six township which are contained within another municipal natural gas competitive service area as defined in this subsection.

(ap) The city of West Bend in Kossuth and Palo Alto counties and the area within two miles of the city limits.

(aq) The city of Whittemore in Kossuth county and the area within two miles of the city limits.
(ar) Scott, Canaan, and Wayne townships in Henry county.
(as) The city of Woodbine in Harrison county and the area within two miles of the city limits.
(at) Nishnabotna township in Crawford county.
(2) The natural gas competitive service area, excluding any municipal natural gas competitive service area described in subparagraph (1) and consisting of Sioux county; Plymouth county; Woodbury county; Ida county; Harrison county; Shelby county; Audubon county; Palo Alto county; Humboldt county; Mahaska county; Scott county; Lyon county except Wheeler, Dale, Liberal, Grant, Midland, and Elgin townships; O'Brien county except Union, Dale, Summit, Highland, Franklin, and Center townships; Cherokee county except Cherokee and Pilot townships; Monona county except Franklin township and the south half of Ashton township; Pottawattamie county except Crescent, Hazel Dell, Lake, Garner, Kane, and Lewis townships; Mills county except Glenwood and Center townships; Montgomery county except Douglas, Washington, and East townships; Page county except Valley, Douglas, Nodaway, Nebraska, Harlan, East River, Amity, and Buchanan townships; Fremont county except Green, Scott, Sidney, Benton, Washington, and Madison townships; Bright county and Pleasant townships in Cass county; Sac county except Clinton, Wall Lake, Coon Valley, Levee, Viola, and Sac townships; Newell township in Buena Vista county; Calhoun county except Reading township; Denmark township in Emmet county; Kossuth county except Eagle, Grant, Springfield, Hebron, Skea, Harrison, Ledyard, Lincoln, Seneca, Greenwood, Ramsey, and German townships; Webster county except Roland, Clay, Burnside, Yell, Webster, Gowrie, Lost Grove, Dayton, and Hardin townships; Guthrie county except Grant, Thompson, and Beaver townships; Union township in Union county; Madison county except Ohio and New Hope townships; Warren county except Virginia, Squaw, Liberty, and White Breast townships; Cedar, Union, Bluff Creek, and Pleasant townships in Monroe county; Marion county except Lake Prairie, Knoxville, Summit, and Union townships; Dallas county except Des Moines and Grant townships; Polk county except sections 4, 5, 6, 7, 8, 9, 16, 17, and 18 in Lincoln township and the city of Grimes, and sections 1, 2, 3, 10, 11, 12, 13, 14, and 15 in Union township; Poweshiek, Washington, Mound Prairie, Des Moines, Elk Creek, and Fairview townships in Jasper county; Wright county except Belmond and Pleasant townships; Genesee township in Cerro Gordo county; Franklin county except Wisner and Scott townships and the city of Coulter; Butler county except Bennezette, Coldwater, Dayton, and Fremont townships; Floyd county except Rock Grove, Rudd, Rockford, Ulster, Scott, and Union townships; Branford township in Chickasaw county; Bremer county except Frederika, LeRoy, Sumner No. 2, Fremont, Dayton, Maxfield, and Franklin townships; Perry, Washington, Westburg, and Sumner townships in Buchanan county; Black Hawk county except Big Creek township; Fremont township in Benton county; Wapello county except Washington township; Benton and Steady Run townships in Keokuk county; the city of Barnes City in Poweshieck county; Iowa township in Washington county; Johnson county except Fremont township; Linn county except Franklin, Grant, Spring Grove, Jackson, Boulder, Washington, Otter Creek, Maine, Buffalo, and Fayette townships; Monroe township west and north of Otter Creek to its intersection with County Home road, and north of County Home road in Linn county; the city of Walford in Linn county; Farmington township in Cedar county; Wapsinonoc, Goshen, Moscow, Wilton, and Fulton townships in Muscatine county; and Lee county except Des Moines, Montrose, Keokuk, and Jackson townships.
(3) The natural gas competitive service area, excluding any municipal natural gas competitive service areas described in subparagraph (1) and consisting of that part of Kossuth county not described in subparagraph (2); Lincoln and Buffalo townships in Winnebago county; Worth county except Silver Lake, Hartland, Bristol, Brookfield, Fertile, and Danville townships; Cerro Gordo county except Grimes, Pleasant Valley, and Dougherty townships; Rock Grove and Rudd townships in Floyd county; Eden, Camanche, and Hampshire townships and the city of Clinton in Clinton county; and Stacyville and Union townships in Mitchell county.
(4) The natural gas competitive service area, excluding any municipal natural gas service areas described in subparagraph (1) and consisting of Franklin township and the south half of Ashton township in Monona county; Crescent, Hazel Dell, Lake, Garner, Kane, and Lewis
townships in Pottawattamie county; Glenwood and Center townships in Mills county; Green, Scott, Sidney, Benton, Washington, and Madison townships in Fremont county; Cass, Bear Grove, Union, Noble, Edna, Victoria, Massena, Lincoln, and Grant townships in Cass county; Glidden township in Carroll county; Summit township in Adair county; Grant township in Guthrie county; Crawford county except Nishnabotna township; Clinton, Wall Lake, Coon Valley, Levey, Viola, and Sac townships in Sac county; Reading township in Calhoun county; Marshall, Sherman, Roosevelt, Dover, Grant, Lincoln, and Cedar townships in Pocahontas county; Union, Dari, Summit, Highland, Franklin, and Center townships in O'Brien county; the north half of Clay county plus Clay township; Dickinson county; Emmet county except Denmark, Armstrong Grove, and Iowa Lake townships; Greene county except Bristol, Hardin, Jackson, and Grant townships; Boone county except Worth, Colfax, Des Moines, Jackson, Dodge, and Harrison townships; Des Moines and Grant townships in Dallas county; Roland, Clay, Burnside, Yell, Webster, Gowrie, Lost Grove, Dayton, and Newark townships in Webster county; Clear Lake, Hamilton, Webster, Freedom, Independence, Cass, and Fremont townships in Hamilton county; Ell, Madison, and Ellington townships in Hancock county; Winnebago county except Lincoln and Buffalo townships; Silver Lake, Hartland, Bristol, Brookfield, Fertil, and Danville townships in Worth county; Etna township in Hardin county; Lafayette township and the west one-half of Howard township in Story county; the city of Grimes in Polk county; Independence, Malaka, Mariposa, Hickory Grove, Rock Creek, Kellogg, Newton, Sherman, Palo Alto, Buena Vista, and Richland townships in Jasper county; Palermo, Grant, and Fairfield townships in Grundy county; Bennezette, Coldwater, Dayton, and Fremont townships in Butler county; Rockford, Ulster, Scott, and Union townships in Floyd county; St. Ansgar and Mitchell townships in Mitchell county; Howard county; Chickasaw county except Branford township; Frederika, LeRoy, Sumner No. 2, Fremont, Dayton, Maxfield, and Franklin townships in Bremer county; Big Creek township in Black Hawk county; Brown township in Linn county; Madison township and the east half of Buffalo township in Buchanan county; Fayette county except Harlan, Fremont, Oran, and Jefferson townships; Winneshiek county; Allamakee county; Clayton county; Delaware county except Adams and Hazel Green townships; Dubuque county; Jones county except Rome, Hale, Oxford, and the east half of Greenfield townships; and Jackson county.

(5) The natural gas competitive service area consisting of Des Moines, Montrose, Keokuk, and Jackson townships in Lee county.

(6) The natural gas competitive service area consisting of the area of Allerton and the area within two miles of the city limits.

(7) The natural gas competitive service area consisting of all of Iowa not contained in any of the other natural gas competitive service areas described in this paragraph.

b. “Township” includes any city or part of a city located within the exterior boundaries of that township.

c. References to city limits contained in this subsection mean those city limits as they existed on January 1, 1999.

23. “Operating property” means all property owned by or leased to an electric company, electric cooperative, municipal utility, or natural gas company, not otherwise taxed separately, which is necessary to and without which the company could not perform the activities of an electric company, electric cooperative, municipal utility, or natural gas company.

24. “Pole miles” means miles measured along the line of poles, structures, or towers carrying electric conductors regardless of the number of conductors or circuits carried, and miles of conduit bank, regardless of number of conduits or ducts, of all sizes and types, including manholes and handholes. “Conduit bank” means a length of one or more underground conduits or ducts, whether or not enclosed in concrete, designed to contain underground cables, including a gallery or cable tunnel for power cables.

25. “Purchasing member” means a municipal utility which purchases electricity from a municipal electric cooperative association of which it is a member.

26. “Replacement tax” means the excise tax imposed on the generation, transmission, delivery, consumption, or use of electricity or natural gas under section 437A.4, 437A.5, 437A.6, or 437A.7.

27. “Self-generator” means a person, other than an electric company, natural gas company,
electric cooperative, or municipal utility, who generates, by means of an on-site facility wholly owned by or leased in its entirety to such person, electricity solely for its own consumption, except for inadvertent unscheduled deliveries to the electric utility furnishing electric service to that self-generator. A person who generates electricity which is consumed by any other person, including any owner, shareholder, member, beneficiary, partner, or associate of the person who generates electricity, is not a self-generator. For purposes of this subsection, “on-site facility” means an electric power generating plant that is wholly owned by or leased in its entirety to a person and used to generate electricity solely for consumption by such person on the same parcel of land on which such plant is located or on a contiguous parcel of land. For purposes of this subsection, “parcel of land” includes each separate parcel of land shown on the tax list.

28. “Statewide amount” means the acquisition cost of any major addition which is not a local amount.

30. “Taxable value” means as defined in section 437A.19, subsection 2, paragraph “e”.

31. “Taxpayer” means an electric company, natural gas company, electric cooperative, municipal utility, or other person subject to the replacement tax imposed under section 437A.4, 437A.5, 437A.6, or 437A.7.

32. “Transfer replacement tax” means the excise tax imposed in a competitive service area of a municipal utility which replaces transfers made by the municipal utility in accordance with section 384.89.

33. “Transmission line” means a line, wire, or cable which is capable of operating at an electric voltage of at least thirty-four and one-half kilovolts.

34. “Utilities board” means the utilities board created in section 474.1.

Referred to in §437A.15, 437A.16A, 476.86

SUBCHAPTER II
GENERATION, TRANSMISSION, AND DELIVERY TAXES

437A.4 Replacement tax imposed on delivery of electricity.

1. A replacement delivery tax is imposed on every person who makes a delivery of electricity to a consumer within this state. The replacement delivery tax imposed by this section is equal to the sum of the following:

a. The number of kilowatt-hours of electricity delivered to consumers by the taxpayer within each electric competitive service area during the tax year multiplied by the electric replacement delivery tax rate in effect for each such electric competitive service area.

b. Where applicable, and in addition to the tax imposed by paragraph “a”, the number of kilowatt-hours of electricity delivered to consumers by the taxpayer within each electric competitive service area during the tax year multiplied by the electric transfer replacement tax rate for each such electric competitive service area.

2. If electricity is consumed in this state, whether such electricity is purchased, transferred, or self-generated, and the delivery, purchase, transference, or self-generation of such electricity is not subject to the tax imposed under subsection 1, a tax is imposed on the consumer at the rates prescribed under subsection 1.

3. Electric replacement delivery tax rates shall be calculated by the director for each electric competitive service area as follows:

a. The director shall determine the average centrally assessed property tax liability
allocated to electric service of each taxpayer, other than a municipal utility, principally serving an electric competitive service area and of each generation and transmission electric cooperative for the assessment years 1993 through 1997 based on property tax payments made. In the case of a municipal utility, the average centrally assessed property tax liability allocated to electric service is the centrally assessed property tax liability of such municipal utility allocated to electric service for the 1997 assessment year based on property tax payments made.

b. The director shall determine, for each taxpayer, the number of kilowatt-hours of electricity generated which would have been subject to taxation under section 437A.6, the number of pole miles which would have been subject to taxation under section 437A.7, and the number of kilowatt-hours of electricity delivered to consumers which would have been subject to taxation under this section in calendar year 1998, had such sections been in effect for calendar year 1998.

c. The director shall determine the electric generation, transmission, and delivery tax components of the average centrally assessed property tax liability determined in paragraph “a” for each electric competitive service area as follows:

(1) The electric generation tax component for an electric competitive service area shall be computed by multiplying the tax rate set forth in section 437A.6 by the number of kilowatt-hours of electricity generated by the taxpayer principally serving such electric competitive service area which would have been subject to taxation under section 437A.6 in calendar year 1998, had that section been in effect for calendar year 1998.

(2) The electric transmission tax component for an electric competitive service area shall be computed by multiplying the tax rates set forth in section 437A.7 by the number of pole miles for each line voltage owned or leased by the taxpayer principally serving such electric competitive service area which would have been subject to taxation under section 437A.7 on December 31, 1998, had that section been in effect for calendar year 1998.

(3) The electric delivery tax component for an electric competitive service area shall be the average centrally assessed property tax liability allocated to electric service of the taxpayer principally serving such electric competitive service area less the electric generation and transmission tax components computed for such electric competitive service area.

(4) The electric delivery tax component for each electric competitive service area shall be adjusted, as necessary, to assign the excess property tax liability of each generation and transmission electric cooperative to the electric competitive service areas principally served on January 1, 1999, by its distribution electric cooperative members and by those municipal utilities which were purchasing members of a municipal electric cooperative association that is a member of the generation and transmission electric cooperative. Such assignment of excess property tax liability of each such generation and transmission electric cooperative shall be made in proportion to the appropriate wholesale rate charges in calendar year 1998 to its distribution electric cooperative members and municipal electric cooperative association members which purchased electricity from the generation and transmission electric cooperative. Any amount assignable to a municipal electric cooperative association shall be reassigned to the electric competitive service areas served by such association’s purchasing municipal utility members and shall be allocated among them in proportion to the appropriate wholesale rate charges in calendar year 1998 by such municipal electric cooperative association to its purchasing municipal utility members. For purposes of this subsection, “excess property tax liability” means the amount by which the average centrally assessed property tax liability for the assessment years 1993 through 1997 of a generation and transmission electric cooperative exceeds the tentative generation and transmission taxes which would have been imposed on such generation and transmission electric cooperative under sections 437A.6 and 437A.7 for calendar year 1998, had such taxes been in effect for calendar year 1998. An electric cooperative described in section 437A.7, subsection 3, paragraph “c”, is deemed not to have any excess property tax liability.

d. The director shall determine an electric delivery tax rate for each electric competitive service area by dividing the electric delivery tax component for the electric competitive service area, as adjusted by paragraph “c”, subparagraph (4), by the number of kilowatt-hours delivered by the taxpayer principally serving the electric competitive service area to
§437A.4, TAXES ON ELECTRICITY AND NATURAL GAS PROVIDERS  

consumers in calendar year 1998, which would have been subject to taxation under this section if this section had been in effect for calendar year 1998.

4. Municipal electric transfer replacement tax rates shall be calculated annually by the city council of each city located within an electric competitive service area served by a municipal utility as of January 1, 1999, by dividing the average annual dollar amount of electric-related transfers made pursuant to section 384.89 by the municipal utility serving the electric competitive service area, other than those transfers declared exempt from the transfer replacement tax by the city council, plus the municipal transfer replacement tax received by the municipality, if any, during the five immediately preceding calendar years by the number of kilowatt-hours of electricity delivered to consumers in the electric competitive service area during the immediately preceding calendar year which were subject to taxation under this section or which would have been subject to taxation under this section had it been in effect for such calendar year. The city council on its own motion, or in the case of a municipal utility governed by a board of trustees under chapter 388 upon a resolution of the board of trustees requesting such action, may declare any transfer or part of such transfer to be exempt from the transfer replacement tax under this section. Such rates shall be calculated and reported to the director on or before August 31 of each tax year.

5. A municipal utility taxpayer is entitled to a credit against the municipal electric transfer replacement tax equal to the average amount of electric-related transfers made by such municipal utility taxpayer under section 384.89, other than those transfers declared exempt from transfer replacement tax by the city council, during the preceding five calendar years.

6. The following are not subject to the replacement delivery tax imposed by subsections 1 and 2:
   a. Delivery of electricity generated by a low capacity factor electric power generating plant.
   b. Delivery of electricity to a city from such city's municipal utility, provided such electricity is used by the city for the public purposes of the city.
   c. Electricity consumed by a state university or university of science and technology, provided such electricity was generated by property described in section 427.1, subsection 1.
   d. Electricity generated and consumed by a self-generator.

7. Notwithstanding subsection 1, the electric delivery tax rate applied to kilowatt-hours of electricity delivered by a taxpayer to utility property and facilities which are placed in service on or after January 1, 1999, and are owned by or leased to and initially served by such taxpayer shall be the electric delivery tax rate in effect for the electric competitive service area principally served by such utility property and facilities even though such utility property and facilities may be physically located in another electric competitive service area.

8. a. If for any tax year after calendar year 1998, the total taxable kilowatt-hours of electricity required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs “a” and “b”, with respect to any electric competitive service area, increases or decreases by more than the threshold percentage from the average of the base year amounts for that electric competitive service area during the immediately preceding five calendar years, the tax rate imposed under subsection 1, paragraph “a”, and subsection 2, for that tax year shall be recalculated by the director for that electric competitive service area so that the total of the replacement electric delivery taxes required to be reported pursuant to section 437A.8, subsection 1, paragraph “e”, for that electric competitive service area with respect to the tax imposed under subsection 1, paragraph “a”, and subsection 2, shall be as follows:

   (1) If the number of kilowatt-hours of electricity required to be reported increased by more than the threshold percentage, one hundred two percent of such taxes required to be reported by taxpayers for that electric competitive service area for the immediately preceding tax year.

   (2) If the number of kilowatt-hours of electricity required to be reported decreased by more than the threshold percentage, ninety-eight percent of such taxes required to be reported by taxpayers for that electric competitive service area for the immediately preceding tax year.

   b. For purposes of paragraph “a”, subparagraphs (1) and (2), in computing the tax rate under subsection 1, paragraph “a”, and subsection 2, for tax year 1999, the director shall
use the electric delivery tax component computed for the electric competitive service area pursuant to subsection 3, paragraph "c", in lieu of the taxes required to be reported for that electric competitive service area for the immediately preceding tax year.

   c. The threshold percentage shall be determined annually and shall be eight percent for any electric competitive service area in which the average of the base year amounts for the preceding five calendar years does not exceed three billion kilowatt-hours, and ten percent for all other electric competitive service areas.

   d. Any such recalculation of an electric delivery tax rate, if required, shall be made and the new rate shall be published in the Iowa administrative bulletin by the director by no later than May 31 following the tax year. The director shall adjust the tentative replacement tax imposed by subsection 1, paragraph "a", and subsection 2 required to be shown on any affected taxpayer's return pursuant to section 437A.8, subsection 1, paragraph "e", to reflect the adjusted delivery tax rate for the tax year, and report such adjustment to the affected taxpayer on or before June 30 following the tax year. The new electric delivery tax rate shall apply prospectively, until such time as further adjustment is required.

   e. For purposes of this section, "base year amount" means for calendar years prior to tax year 1999, the sum of the kilowatt-hours of electricity delivered to consumers within an electric competitive service area by the taxpayer principally serving such electric competitive service area which would have been subject to taxation under this section had this section been in effect for those years; and for tax years after calendar year 1998, the taxable kilowatt-hours of electricity required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs "a" and "b", with respect to any electric competitive service area.

   9. a. After calendar year 1998, if a municipal electric cooperative association ceases to purchase electricity from the generation and transmission electric cooperative from which it purchased electricity in 1998, and for a period of one hundred eighty days after such purchases cease, no municipal utility member of such association purchases electricity from such generation and transmission electric cooperative, the excess property tax liability assigned pursuant to subsection 3, paragraph "c", subparagraph (4), to the electric competitive service areas principally served by the municipal utility members on January 1, 1999, shall be removed from the electric delivery tax component of those electric competitive service areas and the electric delivery tax rate for those electric competitive service areas shall be recalculated to reflect that change.

   b. After calendar year 1998, if a municipal utility ceases to be a purchasing member of a municipal electric cooperative association which purchased electricity in calendar year 1998 from a generation and transmission electric cooperative, and for a period of one hundred eighty days after the municipal utility ceases to be a purchasing member of such association such municipal utility does not purchase electricity from such generation and transmission electric cooperative, the excess property tax liability assigned pursuant to subsection 3, paragraph "c", subparagraph (4), to the electric competitive service area principally served by the municipal utility on January 1, 1999, shall be removed from the electric delivery tax component of those electric competitive service areas and the electric delivery tax rate for those electric competitive service areas shall be recalculated to reflect that change.

   c. If a recalculation has previously been made by the director pursuant to subsection 8 for an electric competitive service area described in this subsection, the recalculation required by this subsection shall be made by the director by modifying the most recent recalculation under subsection 8 to eliminate the excess property tax liability originally allocated to such electric competitive service area under subsection 3, paragraph "c", subparagraph (4).

   d. Any recalculation required by this subsection shall be made and the new rate shall be published in the Iowa administrative bulletin by the director by May 31 of the calendar year during which the events described in paragraphs "a" and "b" are reported as provided in section 437A.8, subsection 1, paragraph "f". The new electric delivery tax rate shall be effective January 1 of the tax year in which it is published and shall apply prospectively, until such time as further adjustment is required.

10. The electric delivery tax rate in effect for each electric competitive service area shall
be published by the director in the Iowa administrative bulletin on or before November 30, 1999, and annually after that date, during the last quarter of the tax year.

§437A.5 Replacement tax imposed on delivery of natural gas.

1. A replacement delivery tax is imposed on every person who makes a delivery of natural gas to a consumer within this state. The replacement delivery tax imposed by this section shall be equal to the sum of the following:
   a. The number of therms of natural gas delivered to consumers by the taxpayer within each natural gas competitive service area during the tax year multiplied by the natural gas delivery tax rate in effect for each such natural gas competitive service area.
   b. Where applicable, and in addition to the tax imposed by paragraph “a”, the number of therms of natural gas delivered to consumers by the taxpayer within each natural gas competitive service area during the tax year multiplied by the municipal natural gas transfer replacement tax rate for each such natural gas competitive service area.
   c. (1) Notwithstanding paragraphs “a” and “b”, a natural gas delivery rate of one and eleven-hundredths of a cent (.0111) per therm of natural gas is imposed on all natural gas delivered to or consumed by a new electric power generating plant for purposes of generating electricity within the state during the tax year. However, if a new electric power generating plant is exempt from a replacement generation tax pursuant to section 437A.6, subsection 1, paragraph “b”, the natural gas delivery rate for the municipal service area that the new plant serves shall instead apply for deliveries of natural gas by the municipal gas utility.
   (2) The provisions of subsection 8 shall not apply to the therms of natural gas subject to the delivery tax set forth in this paragraph.
   (3) If the new electric power generating plant is part of a cogeneration facility or new cogeneration facility, the natural gas delivery rate for that plant shall be the lesser of the natural gas delivery rate established in this paragraph “c” or the rate per therm of natural gas as in effect at the time of the initial natural gas deliveries to the plant for the natural gas competitive service area where the new electric power generating plant is located.

2. If natural gas is consumed in this state, whether such natural gas is purchased or transferred, and the delivery, purchase, or transfer of such natural gas is not subject to the tax imposed under subsection 1, a tax is imposed on the consumer at the rates prescribed under subsection 1.

3. Natural gas delivery tax rates shall be calculated by the director for each natural gas competitive service area as follows:
   a. The director shall determine the average centrally assessed property tax liability allocated to natural gas service of each taxpayer, other than a municipal utility, principally serving a natural gas competitive service area for the assessment years 1993 through 1997 based on property tax payments made. In the case of a municipal utility, the average centrally assessed property tax liability allocated to natural gas service is the centrally assessed property tax liability of such municipal utility allocated to natural gas service for the 1997 assessment year based on property tax payments made. For purposes of this subsection, taxpayer does not include a pipeline company defined in section 479A.2.
   b. The director shall determine for each taxpayer the number of therms of natural gas delivered to consumers which would have been subject to taxation under this section in calendar year 1998 had this section been in effect for calendar year 1998.
   c. The director shall determine a natural gas delivery tax rate for each natural gas competitive service area by dividing the average centrally assessed property tax liability allocated to natural gas service of the taxpayer principally serving the natural gas competitive service area by the number of therms of natural gas delivered by such taxpayer to consumers in calendar year 1998 which would have been subject to taxation under this section had such section been in effect for calendar year 1998.

4. Municipal natural gas transfer replacement tax rates shall be calculated annually by the city council of each city located within a natural gas competitive service area served by a municipal utility as of January 1, 1999, by dividing the average annual dollar amount of
natural gas-related transfers made pursuant to section 384.89 by the municipal utility serving
the natural gas competitive service area, other than those transfers declared exempt from
the transfer replacement tax by the city council, plus the municipal transfer replacement tax
received by the municipality, if any, during the five immediately preceding calendar years, by
the number of therms of natural gas delivered to consumers in the natural gas competitive
service area during the immediately preceding calendar year which were subject to taxation
under this section or which would have been subject to taxation under this section had it
been in effect for such calendar year. The city council on its own motion, or in the case of a
municipal utility governed by a board of trustees under chapter 388 upon a resolution of the
board of trustees requesting such action, may declare any transfer or part of such transfer to
be exempt from the transfer replacement tax under this section. Such rates shall be calculated
and reported to the director on or before August 31 of each tax year.

5. A municipal utility taxpayer is entitled to a credit against the municipal natural gas
transfer replacement tax equal to the average amount of natural gas-related transfers made
by such municipal utility taxpayer under section 384.89, other than those transfers declared
exempt from transfer replacement tax by the city council, during the preceding five calendar
years.

6. a. Notwithstanding subsection 1, the natural gas delivery tax rate applied to therms of
natural gas delivered by a taxpayer to utility property and facilities that are placed in service
on or after January 1, 1999, and that are owned by or leased to and initially served by such
taxpayer shall be the natural gas delivery tax rate in effect for the natural gas competitive
service area principally served by such utility property and facilities even though such utility
property and facilities may be physically located in another natural gas competitive service
area.

b. This subsection shall not apply to natural gas delivered to or consumed by new electric
power generating plants.

7. a. Delivery of natural gas to a city from such city’s municipal utility is not subject to
the replacement delivery tax imposed under subsection 1, paragraph “a”, and subsection 2,
provided such natural gas is used by the city for the public purposes of the city.

b. Subsection 2 does not apply to natural gas consumed by a person, other than an electric
company, natural gas company, electric cooperative, or municipal utility, acquired by means
of facilities owned by or leased to such person on January 1, 1999, which were physically
attached to pipelines that are not permitted pursuant to chapter 479 and used by such person
for the purpose of bypassing the local natural gas company or municipal utility.

c. Subsection 1 does not apply to natural gas which is delivered, by a pipeline that is not
permitted pursuant to chapter 479, into a facility owned by or leased to a person, other than
an electric company, natural gas company, electric cooperative, or municipal utility, if the
person who consumes the gas uses the gas for the purpose of bypassing the local natural gas
company or municipal utility, regardless of whether such facility existed on January 1, 1999.

8. If, for any tax year after calendar year 1998, the total taxable therms of natural gas
required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs
“a” and “b”, with respect to any natural gas competitive service area increases or decreases
by more than the threshold percentage from the average of the base year amounts for that
natural gas competitive service area during the immediately preceding five calendar years,
the tax rate imposed under subsection 1, paragraph “a”, and subsection 2 for that tax year
shall be recalculated by the director for that natural gas competitive service area so that the
total of the replacement natural gas delivery taxes required to be reported pursuant to section
437A.8, subsection 1, paragraph “e”, for that natural gas competitive service area with respect
to the tax imposed under subsection 1, paragraph “a”, and subsection 2 shall be as follows:

a. If the number of therms of natural gas required to be reported increased by more than
the threshold percentage, one hundred two percent of such taxes required to be reported
by taxpayers for that natural gas competitive service area for the immediately preceding tax
year.

b. If the number of therms of natural gas required to be reported decreased by more
than the threshold percentage, ninety-eight percent of such taxes required to be reported
by taxpayers for that natural gas competitive service area for the immediately preceding tax year.

c. (1) For purposes of paragraphs “a” and “b”, in computing the tax rate under subsection 1, paragraph “a”, and subsection 2 for calendar year 1999, the director shall use the average centrally assessed property tax liability allocated to natural gas service computed for the natural gas competitive service area pursuant to subsection 3, paragraph “a”, in lieu of the taxes required to be reported for that natural gas competitive service area for the immediately preceding tax year.

(2) The threshold percentage shall be determined annually and shall be eight percent for any natural gas competitive service area in which the average of the base year amounts for the preceding five calendar years does not exceed two hundred fifty million therms, and ten percent for all other natural gas competitive service areas.

(3) Recalculation of a natural gas delivery tax rate, if required, shall be made and the new rate published in the Iowa administrative bulletin by the director by no later than May 31 following the tax year. The director shall adjust the tentative replacement tax imposed by subsection 1, paragraph “a”, and subsection 2 required to be shown on any affected taxpayer’s return pursuant to section 437A.8, subsection 1, paragraph “e”, to reflect the adjusted delivery tax rate for the tax year, and report such adjustment to the affected taxpayer on or before June 30 following the tax year. The new natural gas delivery tax rate shall apply prospectively, until such time as further adjustment is required.

(4) For purposes of this subsection, “base year amount” means for calendar years prior to tax year 1999, the sum of the therms of natural gas delivered to consumers within a natural gas competitive service area by the taxpayer principally serving such natural gas competitive service area which would have been subject to taxation under this section had this section been in effect for those years; and for tax years after calendar year 1998, the taxable therms of natural gas required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs “a” and “b”, with respect to any natural gas competitive service area.

9. The natural gas delivery tax rate in effect for each natural gas competitive service area shall be published by the director in the Iowa administrative bulletin on or before November 30, 1999, and annually after that date, during the last quarter of the tax year.

437A.6 Replacement tax imposed on electric generation.

1. A replacement generation tax of six hundredths of a cent per kilowatt-hour of electricity generated within this state during the tax year is imposed on every person generating electricity, except electricity generated by the following:

a. A low capacity factor electric power generating plant.

b. Facilities owned by or leased to a municipal utility when devoted to public use and not held for pecuniary profit, except facilities of a municipally owned electric utility held under joint ownership or lease and facilities of an electric power facility financed under chapter 28F or 476A.

c. Wind energy conversion property subject to section 427B.26 or eligible for a tax credit under chapter 476B.

d. Methane gas conversion property subject to section 427.1, subsection 29, to the extent the property is used in connection with, or in conjunction with, a publicly owned sanitary landfill or used to collect waste that would otherwise be collected by, or deposited with, a publicly owned sanitary landfill.

e. Facilities owned by or leased to a state university or university of science and technology, to the extent electricity generated by such facilities is consumed exclusively by such state university or university of science and technology.

f. On-site facilities wholly owned by or leased in their entirety to a self-generator.

2. In lieu of the replacement generation tax imposed in subsection 1, a replacement generation tax of one thousand eight hundred forty-seven ten-thousandths of a cent per kilowatt-hour of electricity generated within this state during the tax year is imposed on
every hydroelectric generating power plant with a generating capacity of one hundred megawatts or greater.

3. In lieu of the replacement generation tax imposed in subsection 1, a replacement generation tax of one thousand ninety-nine ten-thousandths of a cent per kilowatt-hour of electricity generated within this state during the tax year is imposed on every electric company which owns a joint interest in an electric power generating plant in this state and which has a joint interest in less than five pole miles of transmission lines in this state.

4. For purposes of this section, if a generation facility is jointly owned or leased, the number of kilowatt-hours of electricity subject to the replacement generation tax shall be the number of kilowatt-hours of electricity generated and dispatched by the jointly held generation facility to the account of the taxpayer.

5. For purposes of this section, the number of kilowatt-hours generated by a generation facility shall exclude any kilowatt-hours used to operate that generation facility.

§437A.7 Replacement tax imposed on electric transmission.

1. a. A replacement transmission tax is imposed on every person owning or leasing transmission lines within this state and shall be equal to the sum of all of the following:

   (1) Five hundred fifty dollars per pole mile of transmission line owned or leased by the taxpayer not exceeding one hundred kilovolts.

   (2) Three thousand dollars per pole mile of transmission line owned or leased by the taxpayer greater than one hundred kilovolts but not exceeding one hundred fifty kilovolts.

   (3) Seven hundred dollars per pole mile of transmission line owned or leased by the taxpayer greater than one hundred fifty kilovolts but not exceeding three hundred kilovolts.

   (4) Seven thousand dollars per pole mile of transmission line owned or leased by the taxpayer greater than three hundred kilovolts.

b. The replacement transmission tax shall be calculated on the basis of pole miles of transmission line owned or leased by the taxpayer on the last day of the tax year.

2. In lieu of the replacement transmission tax imposed in subsection 1, a municipal utility whose replacement transmission tax liability for the tax year 1999 was limited to the tax imposed by this section and whose anticipated tax revenues from a taxpayer, as defined in section 437A.15, subsection 4, for the tax year 1999, exceeded its replacement transmission tax by more than one hundred thousand dollars shall be subject to replacement transmission tax on all transmission lines owned by or leased to the municipal utility as of the last day of the tax year 2000 as follows:

   a. Three thousand twenty-five dollars per pole mile of transmission line owned or leased by the taxpayer not exceeding one hundred kilovolts.

   b. Seven thousand dollars per pole mile of transmission line owned or leased by the taxpayer greater than one hundred fifty kilovolts but not exceeding three hundred kilovolts.

   3. The following shall not be subject to the replacement transmission tax:

   a. Transmission lines owned by or leased to a municipal utility when devoted to public use and not for pecuniary profit, except transmission lines of a municipally owned electric utility held under joint ownership and transmission lines of an electric power facility financed under chapter 28F or 476A.

   b. Transmission lines owned by or leased to a lessee when the transmission lines are subject to the replacement transmission tax payable by the lessee or sublessee.

   c. Any electric cooperative which owns, leases, or owns and leases in total less than seven hundred fifty pole miles of transmission lines in this state. Chapter 437 shall apply to such electric cooperatives.

   d. Transmission lines owned by or leased to a state university or university of science and technology, provided such transmission lines are used exclusively for the transmission of electricity consumed by such state university or university of science and technology.

   e. Transmission lines owned by or leased to a person, other than a public utility, for which a franchise is not required under chapter 478.
§437A.7, TAXES ON ELECTRICITY AND NATURAL GAS PROVIDERS

4. For purposes of this section, if a transmission line is jointly owned or leased, the taxpayer shall compute the number of pole miles subject to the replacement transmission tax by multiplying the taxpayer’s percentage interest in the jointly held transmission lines by the number of pole miles of such lines.

437A.8 Return and payment requirements — rate adjustments.

1. Each taxpayer, on or before March 31 following a tax year, shall file with the director a return including, but not limited to, the following information:

a. The total taxable kilowatt-hours of electricity delivered by the taxpayer to consumers within each electric competitive service area during the tax year, and the total taxable therms of natural gas delivered by the taxpayer to consumers within each natural gas competitive service area during the tax year.

b. The total kilowatt-hours of electricity consumed by the taxpayer within each electric competitive service area during the tax year subject to tax under section 437A.4, subsection 2, and the total therms of natural gas consumed by the taxpayer within each natural gas competitive service area during the tax year subject to tax under section 437A.5, subsection 2.

c. The total taxable kilowatt-hours of electricity generated by the taxpayer in Iowa during the tax year.

d. The total taxable pole miles of electric transmission lines in Iowa, by kilovolt, owned or leased by the taxpayer on the last day of the tax year.

e. The tentative replacement taxes imposed by section 437A.4, subsection 1, paragraph “a”, section 437A.4, subsection 2, section 437A.5, subsection 1, paragraph “a”, section 437A.5, subsection 2, and sections 437A.6 and 437A.7, due for the tax year.

f. For purposes of a municipal utility which is a member of a municipal electric cooperative association, the occurrence on or before September 1 of the preceding calendar year of an event described in section 437A.4, subsection 9, paragraph “a” or “b”, and the date on which the one-hundred-eighty-day requirement under such paragraph was met.

2. Each taxpayer subject to a municipal transfer replacement tax, on or before March 31 following a tax year, shall file with the chief financial officer of each city located within an electric or natural gas competitive service area served by a municipal utility as of January 1, 1999, a return including, but not limited to, the following information:

a. The total taxable kilowatt-hours of electricity delivered by the taxpayer within each electric competitive service area described in section 437A.4, subsection 4, during the tax year and the total taxable therms of natural gas delivered by the taxpayer within each natural gas competitive service area described in section 437A.5, subsection 4, during the tax year.

b. For a municipal utility taxpayer, the total transfers made by the taxpayer under section 384.89 within each competitive service area during the preceding calendar year, allocated between electric-related transfers and natural gas-related transfers and total credits described in section 437A.4, subsection 5, and section 437A.5, subsection 5.

c. The transfer replacement taxes imposed by section 437A.4, subsection 1, paragraph “b”, and section 437A.5, subsection 1, paragraph “b”, due for the tax year.

3. A return shall be signed by an officer, or other person duly authorized by the taxpayer, and must be certified as correct and in accordance with forms and rules prescribed by the director in the case of a return filed pursuant to subsection 1, and in accordance with forms and rules prescribed by the chief financial officer of the city in the case of a return filed pursuant to subsection 2.

4. a. At the time of filing the return required by subsection 1 with the director, the taxpayer shall calculate the tentative replacement tax due for the tax year. The director shall compute any adjustments to the replacement tax required by subsection 7 and by section 437A.4, subsection 8, and section 437A.5, subsection 8, and notify the taxpayer of any such adjustments in accordance with the requirements of such provisions. The director and the department of management shall compute the allocation of replacement taxes
among local taxing districts and report such allocations to county treasurers pursuant to section 437A.15. Based on such allocations, the treasurer of each county shall notify each taxpayer on or before August 31 following a tax year of its replacement tax obligation to the county treasurer. On or before September 30, 2000, and on or before September 30 of each subsequent year, the taxpayer shall remit to the county treasurer of each county to which such allocation is in an amount calculated on the basis of the formula provided in section 437A.15, one-half of the replacement tax so allocated, and on or before the succeeding March 31, the taxpayer shall remit to the county treasurers the remaining replacement tax so allocated. If notification of a taxpayer’s replacement tax obligation is not mailed by a county treasurer on or before August 31 following a tax year, such taxpayer shall have thirty days from the date the notification is mailed to remit one-half of the replacement tax otherwise required by this subsection to be remitted to such county treasurer on or before September 30. If a taxpayer fails to timely remit replacement taxes as provided in this subsection, the county treasurer of each affected county shall notify the director of such failure.

b. If a distribution electric cooperative member or a municipal utility purchasing member subject to section 437A.15, subsection 3, paragraph “b”, does not make timely payment of the correct amount of replacement tax to the generation and transmission electric cooperative, the generation and transmission electric cooperative shall notify the director in writing within ten days after September 10. The director shall then notify the generation and transmission electric cooperative in writing within five days after delivery of notice to the director of the amount determined by the director to the appropriate county treasurer by September 30. If the generation and transmission electric cooperative timely notifies the director and timely remits to the county treasurer the amounts of replacement tax, as determined by the director, the generation and transmission electric cooperative shall not be liable for that unpaid replacement tax due from the distribution electric cooperative member or municipal utility purchasing member. The generation and transmission electric cooperative shall also not be liable for a special utility property tax levy, if any, and shall not be entitled to a tax credit, if any, attributable to the unpaid replacement tax. The county treasurer and the director shall enforce payment of the replacement tax against the appropriate distribution electric cooperative member or municipal utility purchasing member pursuant to sections 437A.9 through 437A.13. The county treasurer shall enforce payment of the special utility property tax levy, if any, against the appropriate distribution electric cooperative member or municipal utility purchasing member. For purposes of this paragraph:

1. Written notice to the director must be either delivered to the director by electronic means, United States postal service, or a common carrier, by ordinary, certified, or registered mail directed to the attention of the director, be personally delivered to the director, or be served on the director by personal service during business hours. If the notice is mailed, a notice is considered delivered on the date of the postmark. If a postmark date is not present on the mailed article, the date of receipt of notice shall be considered the date of the mailing. A notice is considered delivered on the date personal service or personal delivery to the office of the director is made.

2. Written notice to a generation and transmission electric cooperative must be delivered to the cooperative by electronic means, United States postal service, or a common carrier, by ordinary, certified, or registered mail, directed to the attention of the manager of the cooperative, be personally delivered to the manager of the cooperative, or be served on the manager of the cooperative by personal service during business hours. For the purpose of mailing, a notice is considered delivered on the date of the postmark. If a postmark date is not present on the mailed article, the date of receipt of notice shall be considered the date of the mailing. A notice is considered delivered on the date personal service or personal delivery to the office of the manager of the cooperative is made.

c. If a generation and transmission electric cooperative, after notice, does not timely pay the correct amount of replacement tax or special utility property tax levy attributable to the excess property tax liability to the appropriate county treasurer, after receiving the required payment from the distribution electric cooperative member or municipal utility
purchasing member, such replacement tax shall be enforced solely against the generation
and transmission electric cooperative under sections 437A.9 through 437A.13, and shall not
be enforced against the paying distribution electric cooperative member or municipal utility
purchasing member, and the special utility property tax levy shall be enforced solely against
the generation and transmission electric cooperative.

d. Notwithstanding paragraph “a”, a taxpayer who owns or leases a new electric power
generating plant and who has no other operating property in the state of Iowa except for
operating property directly serving the new electric power generating plant as described in
section 437A.16 shall pay the replacement generation tax associated with the allocation of
the local amount to the county treasurer of the county in which the local amount is located
and shall remit the remaining replacement generation tax, if any, to the director according to
paragraph “a” for remittance of the tax to county treasurers. The director shall notify each
taxpayer on or before August 31 following a tax year of its remaining replacement generation
tax to be remitted to the director. All remaining replacement generation tax revenues received
by the director shall be deposited in the property tax relief fund created in section 426B.1,
and shall be distributed as provided in section 426B.2.

If a taxpayer has paid an amount of replacement tax, penalty, or interest which was
deposited into the property tax relief fund and which was not due, all of the provisions of
section 437A.14, subsection 1, paragraph “b”, shall apply with regard to any claim for refund
or credit filed by the taxpayer. The director shall have sole discretion as to whether the
erroneous payment will be refunded to the taxpayer or credited against any replacement tax
due, or to become due, from the taxpayer that would be subject to deposit in the property
tax relief fund.

5. At the time of filing the return required by subsection 2, the taxpayer shall calculate
the municipal transfer replacement tax due for the tax year. Municipal transfer replacement
taxes shall be paid to the chief financial officer of the city to which the taxes are allocated at
such time and place as directed by the city council.

6. Notwithstanding subsections 1 through 5, a taxpayer shall not be required to file a
return otherwise required by this section or remit any replacement tax for any tax year in
which the taxpayer’s replacement tax liability before credits is three hundred dollars or less,
provided that all electric companies, electric cooperatives, municipal utilities, and natural gas
companies shall file a return, regardless of the taxpayer’s replacement tax liability.

7. Following the determination of electric and natural gas delivery tax rates by the
director pursuant to section 437A.4, subsection 3, and section 437A.5, subsection 3, if an
adjustment resulting from a taxpayer appeal is made to taxes levied and paid by a taxpayer
with respect to any of the assessment years 1993 through 1997 used in determining such
rates, the director shall recalculate the delivery tax rate for any affected electric or natural
gas competitive service area to reflect the impact of such adjustment as if such adjustment
had been reflected in the initial determination of average centrally assessed property tax
liability allocated to electric or natural gas service pursuant to section 437A.4, subsection 3,
paragraph “a”, and section 437A.5, subsection 3, paragraph “a”. Rate recalculation shall
be made and published in the Iowa administrative bulletin by the director on or before
March 31 following the calendar year in which a final determination of the adjustment
is made. Taxpayers shall report to the director any increase or decrease in the tentative
replacement tax required to be shown to be due pursuant to subsection 1, paragraph “e”, for
any tax year with the return for the year in which the recalculated tax rates which gave rise
to the adjustment are published in the Iowa administrative bulletin. The director and the
department of management shall redetermine the allocation of replacement taxes pursuant
to section 437A.15 for each affected tax year. If a taxpayer has overpaid replacement taxes,
the overpayment shall be reported by the director to such taxpayer and to the appropriate
county treasurers and shall be a credit against the replacement taxes owed by such taxpayer
for the year in which the recalculated rates which gave rise to the overpayment are published
in the Iowa administrative bulletin. If a taxpayer has overpaid centrally assessed property
taxes for assessment years prior to tax year 1999, such overpayment shall be a credit
against replacement taxes owed by such taxpayer for the year in which the overpayment is
determined. Unused credits may be carried forward and used to reduce future replacement tax liabilities until exhausted.

437A.9 Failure to file return — incorrect return.
1. As soon as practicable after a return required by section 437A.8, subsection 1, is filed, and in any event within three years after such return is filed, the director shall examine the return, determine the tax due if the return is found to be incorrect, and give notice to the taxpayer of the determination as provided in subsection 2. The period for the examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade any tax or in the case of a failure to file a return. The chief financial officer of a city shall have the same authority as is granted to the director under this section with respect to a return filed pursuant to section 437A.8, subsection 2.

2. If a return required by section 437A.8, subsection 1, is not filed, or if such return when filed is incorrect or insufficient and the taxpayer fails to file a corrected or sufficient return within twenty days after such return is required by notice from the director, the director shall determine the amount of tax due from information as the director may be able to obtain and, if necessary, may estimate the tax due on the basis of external indices. The director shall give notice of the determination to the taxpayer liable for the tax and to the county treasurers to whom the tax is owed. The determination shall fix the tax unless the taxpayer against whom it is levied, within sixty days after notice of the determination, applies to the director for a hearing. At the hearing evidence may be offered to support the determination or to prove that it is incorrect. After the hearing the director shall give notice of the decision to the person liable for the tax and to the county treasurers to whom the tax is owed.

3. The three-year period of limitation provided in subsection 1 may be extended by the taxpayer by signing a waiver agreement form provided by the department. The agreement shall stipulate the period of extension and the tax period to which the extension applies. The agreement shall also provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

437A.10 Judicial review.
1. Judicial review of the actions of the director may be sought pursuant to chapter 17A, the Iowa administrative procedure Act.

2. For cause and upon a showing by the director that collection of the tax in dispute is in doubt, the court may order the petitioner to file with the clerk of the district court a bond for the use of the appropriate local taxing authorities, with sureties approved by the clerk of the district court, in the amount of the tax appealed from, conditioned upon the performance by the petitioner of any orders of the court.

3. An appeal may be taken by the taxpayer or the director to the supreme court irrespective of the amount involved.

4. A person aggrieved by a decision of the chief financial officer of a city under this chapter may seek review by writ of certiorari within thirty days of the decision sought to be reviewed.

437A.11 Lien — actions authorized.
1. Whenever a taxpayer who is liable to pay a tax imposed by subchapter II refuses or neglects to pay such tax, the amount, including any interest, penalty, or addition to such tax, together with the costs that may accrue, shall be a lien in favor of the chief financial officer of the city or the county treasurer to which the tax is owed upon all property and rights to property, whether real or personal, belonging to the taxpayer. The lien shall be prior to and superior over all subsequent liens upon any personal property within this state, or right to such personal property, belonging to the taxpayer, without the necessity of recording
§437A.11, TAXES ON ELECTRICITY AND NATURAL GAS PROVIDERS  IV-390

the lien. The requirement for recording, as applied to the tax imposed by subchapter II, shall apply only to a lien upon real property. The lien may be preserved against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in a county, by the county treasurer to which replacement tax is owed by filing with the recorder of the county in which the real property is located a notice of the lien. For purposes of the replacement tax collected by a city, the lien may be preserved against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in the county, by the chief financial officer of the city to which replacement tax is owed by filing with the recorder of the county in which the real property is located a notice of the lien.

2. The county recorder of each county shall index each lien showing the applicable entries specified in sections 558.49 and 558.52 and showing, under the names of taxpayers arranged alphabetically, all of the following:
   a. The name of the taxpayer.
   b. The name of the county treasurer and county or the name of the chief financial officer and city as claimant.
   c. Time the notice of lien was filed for recording.
   d. Date of notice.
   e. Amount of lien then due.
   f. Date of assessment.
   g. Date when the lien is satisfied.

3. The recorder shall endorse on each notice of lien the day, hour, and minute when filed for recording and the document reference number, shall preserve such notice, shall index the notice in the index, and shall promptly record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.

4. The county treasurer or chief financial officer of the city shall pay recording fees as provided in section 331.604, for the recording of the lien, or for its satisfaction.

5. Upon the payment of the replacement tax as to which a county treasurer or chief financial officer of a city has filed notice with a county recorder, the county treasurer or chief financial officer of the city shall promptly file with the recorder a satisfaction of the replacement tax. The recorder shall record the notice of satisfaction showing the applicable entries specified in sections 558.49 and 558.52.

6. Section 445.3 applies with respect to the replacement taxes and special utility property tax levies and penalties and interest imposed by this chapter, except for the provisions limiting the commencement of actions. In addition, at the county treasurer’s discretion, chapters 446, 447, and 448 apply in the enforcement of the special utility property tax levies, but any tax deed issued shall not extinguish a tax lien or judgment lien for replacement taxes that has attached to the property.

437A.12 Service of notice.

1. A notice authorized or required under this chapter may be given by mailing the notice to the taxpayer, addressed to the taxpayer at the address given in the last return filed by the taxpayer pursuant to this chapter, or if no return has been filed, then to the most recent address of the taxpayer obtainable. The mailing of the notice is presumptive evidence of the receipt of the notice by the taxpayer to whom the notice is addressed. A period of time within which some action must be taken for which notice is provided under this section commences to run from the date of mailing of the notice.

2. There is no limitation for the enforcement of a civil remedy pursuant to any proceeding or action taken to levy, appraise, assess, determine, or enforce the collection of any tax or penalty due under this chapter.

437A.13 Penalties — offenses — limitation.

1. A taxpayer is subject to the penalty provisions in section 421.27 with respect to any replacement tax due under this chapter. A taxpayer shall also pay interest on the delinquent replacement tax at the rate in effect under section 421.7 for each month computed from the date the payment was due, counting each fraction of a month as an entire month. The penalty and interest shall be paid to the county treasurer, or in the case of penalty and interest associated with a municipal transfer replacement tax to the city financial officer, and shall be disposed of in the same manner as other receipts under this chapter. Unpaid penalties and interest may be enforced in the same manner as provided for unpaid replacement tax under this chapter.

2. A taxpayer, or officer, member, or employee of the taxpayer, who willfully attempts to evade the replacement tax imposed or the payment of the replacement tax is guilty of a class “D” felony.

3. The issuance of a certificate by the director or a county treasurer stating that a replacement tax has not been paid, that a return has not been filed, or that information has not been supplied pursuant to this chapter is prima facie evidence of such failure.

4. A taxpayer, or officer, member, or employee of the taxpayer, required to pay a replacement tax, or required to make, sign, or file an annual return or supplemental return, who willfully makes a false or fraudulent annual return, or who willfully fails to pay at least ninety percent of the replacement tax or willfully fails to make, sign, or file the annual return, as required, is guilty of a fraudulent practice.

5. For purposes of determining the place of trial for a violation of this section, the situs of an offense is in the county of the residence of the taxpayer, officer, member, or employee of the taxpayer charged with the offense, unless the taxpayer, officer, member, or employee of the taxpayer is a nonresident of this state or the residence cannot be established, in which event the situs of the offense is in Polk county.

6. Prosecution for an offense specified in this section shall be commenced within six years after the commission of the offense.

437A.14 Correction of errors — refunds or credits of replacement tax paid — information confidential — penalty.

1. a. If an amount of replacement tax, penalty, or interest has been paid which was not due under this chapter, a city’s chief financial officer or county treasurer to whom such erroneous payment was made shall do one of the following:

   1. Credit the amount of the erroneous payment against any replacement tax due, or to become due, from the taxpayer on the books of the city or county.

   2. Refund the amount of the erroneous payment to the taxpayer.

b. (1) Claims for refund or credit of replacement taxes paid shall be filed with the director. A claim for refund or credit that is not filed with the director within three years after the replacement tax payment upon which a refund or credit is claimed became due, or one year after the replacement tax payment was made, whichever time is later, shall not be allowed. A claim for refund or credit of tax alleged to be unconstitutional not filed with the director within ninety days after the replacement tax payment upon which a refund or credit is claimed became due shall not be allowed. As a precondition for claiming a refund or credit of alleged unconstitutional taxes, such taxes must be paid under written protest which specifies the particulars of the alleged unconstitutionality. Claims for refund or credit may only be made by, and refunds or credits may only be made to, the person responsible for paying the replacement tax, or such person’s successors. The director shall notify affected county treasurers of the acceptance or denial of any refund claim. Section 421.10 applies to claims denied by the director.

   2. If an amount of overpaid replacement tax is attributable to payment of excess property tax liability as described in section 437A.15, subsection 3, paragraph “b”, a claim for refund or credit may only be made by, and a refund or credit shall only be made to, the person who
made such excess payment. Such claim shall not be made by the person who collected the tax from another person.

2. It is unlawful for any present or former officer or employee of the state to divulge or to make known in any manner to any person the kilowatt-hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area disclosed on a tax return, return information, or investigative or audit information. A person who violates this section is guilty of a serious misdemeanor. If the offender is an officer or employee of the state, such person, in addition to any other penalty, shall also be dismissed from office or discharged from employment. This section does not prohibit turning over to duly authorized officers of the United States or tax officials of other states such kilowatt-hours or therms pursuant to agreement between the director and the secretary of the treasury of the United States or the secretary’s delegate or pursuant to a reciprocal agreement with another state.

3. Unless otherwise expressly permitted by a section referencing this chapter, the kilowatt-hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area shall not be divulged to any person or entity, other than the taxpayer; the department of revenue, or the internal revenue service for use in a matter unrelated to tax administration. This prohibition precludes persons or entities other than the taxpayer, the department of revenue, or the internal revenue service from obtaining such information from the department of revenue. A subpoena, order, or process which requires the department of revenue to produce such information to a person or entity, other than the taxpayer, the department of revenue, or internal revenue service, for use in a nontax proceeding is void.

4. a. Notwithstanding subsections 2 and 3, the chief financial officer of any local taxing authority and any designee of such officer shall have access to any computations made by the director pursuant to the provisions of this chapter, and any tax return or other information used by the director in making such computations, which affect the replacement tax owed by any such taxpayer.

b. Notwithstanding this section, providing information relating to the kilowatt-hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area to the task force established in section 437A.15, subsection 7, is not a violation of this section.

5. Local taxing authority employees are deemed to be officers and employees of the state for purposes of subsection 2.

6. Claims for refund or credit of municipal transfer replacement tax shall be filed with the appropriate city’s chief financial officer. Subsection 1 applies with respect to the transfer replacement tax and the city’s chief financial officer shall have the same authority as is granted to the director under this section with respect to a return filed pursuant to section 437A.8, subsection 2.

7. Claims for refund or credit of special utility property tax levies shall be filed with the appropriate county treasurer. Subsection 1 applies with respect to the special utility property tax levy and the county treasurer shall have the same authority as is granted to the director under this section.

437A.15 Allocation of revenue.

1. The director and the department of management shall compute the allocation of all replacement tax revenues other than transfer replacement tax revenues among the local taxing districts in accordance with this section and shall report such allocation by local taxing districts to the county treasurers on or before August 15 following a tax year.

2. The director shall determine and report to the department of management the total replacement taxes to be collected from each taxpayer for the tax year on or before July 30 following such tax year.

3. a. (1) All replacement taxes owed by a taxpayer shall be allocated among the local taxing districts in which such taxpayer’s property is located in accordance with a general allocation formula determined by the department of management on the basis of general property tax equivalents. General property tax equivalents shall be determined by applying
the levy rates reported by each local taxing district to the department of management on or before June 30 following a tax year to the taxable value of taxpayer property allocated to each such local taxing district as adjusted and reported to the department of management in such tax year by the director pursuant to section 437A.19, subsection 2. The general allocation formula for a tax year shall allocate to each local taxing district that portion of the replacement taxes owed by each taxpayer which bears the same ratio as such taxpayer’s general property tax equivalents for each local taxing district bears to such taxpayer’s total general property tax equivalents for all local taxing districts in Iowa.

(2) When allocating natural gas delivery taxes on deliveries of natural gas to a new electric power generating plant, ten percent of those natural gas delivery taxes shall be allocated over new gas property built to directly serve the new electric power generating plant and ninety percent of those natural gas delivery taxes shall be allocated to the general property tax equivalents of all gas property within the natural gas competitive service area or areas where the new gas property is located.

b. Notwithstanding other provisions of this section, if excess property tax liability has been assigned pursuant to section 437A.4, subsection 3, paragraph “c”, subparagraph (4), and has not been removed, the allocation of electric delivery replacement tax attributable to the excess property tax liability shall be made by the director and the department of management so as to allocate the electric delivery replacement tax attributable to the excess property tax liability among those local taxing districts in which the property associated with the excess property tax liability is located. In order to ensure that the electric delivery replacement tax attributable to the excess property tax liability is paid to the appropriate county treasurer for disposition to the local taxing districts, each distribution electric cooperative member and each municipal utility purchasing member subject to section 437A.4, subsection 3, paragraph “c”, subparagraph (4), shall pay to the appropriate generation and transmission electric cooperative the electric delivery replacement tax attributable to the excess property tax liability by September 10. The amount of electric delivery replacement tax attributable to the excess property tax liability shall equal that percentage of total electric delivery replacement tax liability that the excess property tax liability bears to the total property tax liability contained in the electric delivery tax component. The generation and transmission electric cooperative shall pay the electric delivery replacement tax attributable to the excess property tax liability to the appropriate county treasurer.

c. If paragraph “b” is applicable, on or before August 1, the director shall notify each distribution electric cooperative member, each municipal utility purchasing member, and each generation and transmission electric cooperative of the amount of electric delivery replacement tax to be paid to the generation and transmission electric cooperative. On or before August 1, the director shall notify the generation and transmission electric cooperative of the amount of replacement tax liability attributable to the excess property tax liability that is payable to each county treasurer. The director shall determine the amount of any special utility property tax levy or tax credit attributable to the excess property tax liability which shall be reflected in the amount required to be paid by each distribution electric cooperative member and each municipal utility purchasing member to the generation and transmission electric cooperative.

d. If, during the tax year, a taxpayer transferred operating property or an interest in operating property to another taxpayer, the transferee taxpayer’s replacement tax associated with that property shall be allocated, for the tax year in which the transfer occurred, under this section in accordance with the general allocation formula on the basis of the general property tax equivalents of the transferor taxpayer.

e. Notwithstanding the provisions of this section, if during the tax year a person who was not a taxpayer during the prior tax year acquires a new major addition, as defined in section 437A.3, subsection 18, paragraph “a”, subparagraph (4), the replacement tax associated with that major addition shall be allocated, for that tax year, under this section in accordance with the general allocating formula on the basis of the general property tax equivalents established under paragraph “a” of this subsection, except that the levy rates established and reported to the department of management on or before June 30 following the tax year in which the major
addition was acquired shall be applied to the prorated assessed value of the major addition. For purposes of this paragraph, “prorated assessed value of the major addition” means the assessed value of the major addition as of January 1 of the year following the tax year in which the major addition was acquired multiplied by the percentage derived by dividing the number of months that the major addition existed during the tax year by twelve, counting any portion of a month as a full month.

f. Notwithstanding the provisions of this section, if a taxpayer is a municipal utility or a municipal owner of an electric power facility financed under the provisions of chapter 28F or 476A, the assessed value, other than the local amount, of a new electric power generating plant shall be allocated to each taxing district in which the municipal utility or municipal owner is serving customers and has electric meters in operation in the ratio that the number of operating electric meters of the municipal utility or municipal owner located in the taxing district bears to the total number of operating electric meters of the municipal utility or municipal owner in the state as of January 1 of the tax year. If the municipal utility or municipal owner of an electric power facility financed under the provisions of chapter 28F or 476A has a new electric power generating plant but the municipal utility or municipal owner has no operating electric meters in this state, the municipal utility or municipal owner shall pay the replacement generation tax associated with the new electric power generating plant allocation of the local amount to the county treasurer of the county in which the local amount is located and shall remit the remaining replacement generation tax, if any, to the director at the times contained in section 437A.8, subsection 4, for remittance of the tax to the county treasurers. All remaining replacement generation tax revenues received by the director shall be deposited in the property tax relief fund created in section 426B.1, and shall be distributed as provided in section 426B.2.

4. a. On or before August 31 following tax years 1999, 2000, and 2001, each county treasurer shall compute a special utility property tax levy or tax credit for each taxpayer for which a replacement tax liability for each such tax year is reported to the county treasurer pursuant to subsection 1, and shall notify the taxpayer of the amount of such tax levy or tax credit. The amount of the special utility property tax levy or credit shall be determined for each taxpayer by the county treasurer by comparing the taxpayer’s total replacement tax liability allocated to taxing districts in the county pursuant to this section with the anticipated tax revenues from the taxpayer for all taxing districts in the county. If the taxpayer’s total replacement tax liability allocated to taxing districts in the county is less than the anticipated tax revenues from the taxpayer for all taxing districts in the county, the county treasurer shall levy a special utility property tax equal to the shortfall which shall be added to and collected with the replacement tax owed by the taxpayer to the county treasurer for the tax year pursuant to section 437A.8, subsection 4. If the taxpayer’s total replacement tax liability allocated to taxing districts in the county exceeds the anticipated tax revenues from the taxpayer for all taxing districts in the county, the county treasurer shall issue a credit to the taxpayer which shall be applied to reduce the taxpayer’s replacement tax liability to the county treasurer for the tax year. If the taxpayer’s total replacement tax liability allocated to taxing districts in the county equals the anticipated tax revenues from the taxpayer for all taxing districts in the county, no levy or credit is required. Replacement tax liability for purposes of this subsection means replacement tax liability before credits allowed by section 437A.8, subsection 7. A recalculation of a special utility property tax levy or credit shall not be made as a result of a subsequent recalculation of replacement tax liability under section 437A.8, subsection 7, or adjustment to assessed value under section 437A.19, subsection 2, paragraph “a”, subparagraph (6). “Anticipated tax revenues from a taxpayer” means the product of the total levy rates imposed by the taxing districts and the value of taxpayer property allocated to the taxing districts and reported to the county auditor. Special utility property tax levies and credits shall be treated as replacement taxes for purposes of section 437A.11. If a special utility property tax levy payment becomes delinquent, the delinquent payment shall accrue interest and penalty in the same manner and amount as the replacement tax under section 437A.13.

b. It is the intent of the general assembly that the general assembly evaluate the impact of the imposition of the replacement tax for purposes of determining whether this subsection
shall remain in effect and whether a determination shall be made as to the necessity of a recalculation as provided in this subsection for tax years beginning after tax year 2000.

5. The replacement tax, as adjusted by any special utility property tax levy or credit and remitted to a county treasurer by each taxpayer, shall be treated as a property tax when received and shall be disposed of by the county treasurer as taxes on real estate. Notwithstanding the allocation provisions of this section, nothing in this section shall deny any affected taxing entity, as defined in section 403.17, subsection 1, which has enacted an ordinance or entered into an agreement for the division and allocation of taxes authorized under section 403.19 and under which ordinance or agreement the taxes collected in respect of properties owned by any of the taxpayers remitting replacement taxes pursuant to the provisions of this chapter are being divided and allocated, the right to receive its share of the replacement tax revenues collected for any year which would otherwise be paid to such affected taxing entity under the terms of any such ordinance or agreement had this chapter not been enacted. To the extent that adjustment must be made to the allocation described in this section to give effect to the terms of such ordinances or agreements, the department of management and the county treasurer shall make such adjustments.

6. In lieu of the adjustment provided for in subsection 5, the assessed value of property described in section 403.19, subsection 1, may be reduced by the city or county by the amount of the taxable value of the property described in section 437A.16 included in such area on January 1, 1997, pursuant to amendment of the ordinance adopted by such city or county pursuant to section 403.19.

7. a. The department of management, in consultation with the department of revenue, shall coordinate the utility replacement tax task force and provide staffing assistance to the task force. It is the intent of the general assembly that the task force include representatives of the department of management, department of revenue, electric companies, natural gas companies, municipal utilities, electric cooperatives, counties, cities, school boards, and industrial, commercial, and residential consumers, and other appropriate stakeholders. The director of the department of management and the director of revenue shall serve as co-chairpersons of the task force.

b. The task force shall study the effects of the replacement taxes under this chapter and chapter 437B on local taxing authorities, local taxing districts, consumers, and taxpayers through January 1, 2024. If the task force recommends modifications to the replacement tax that will further the purposes of tax neutrality for local taxing authorities, local taxing districts, taxpayers, and consumers, consistent with the stated purposes of this chapter, the department of management shall transmit those recommendations to the general assembly.

437A.16 Assessment exclusive.

All operating property and all other property that is primarily and directly used in the production, generation, transmission, or delivery of electricity or natural gas subject to replacement tax or transfer replacement tax is exempt from taxation except as otherwise provided by this chapter. This exemption shall not extend to taxes imposed under chapters 437, 438, and 468, taxpayers described in section 437A.8, subsection 6, or facilities or property described in section 437A.6, subsection 1, paragraphs “a” through “f”, and section 437A.7, subsection 3.

Subsection 7, paragraph b amended
437A.16A New cogeneration facilities.
1. a. Except as otherwise provided by this chapter, the property of a new cogeneration facility subject to replacement tax that is primarily and directly used in the production, generation, transmission, or delivery of electricity shall be exempt from taxation by means of applying a credit, as computed in this section, representing the value of this exempt property against the assessed value of the entire new cogeneration facility as determined by the local assessor under the provisions of chapters 427, 427A, 427B, 428, 441, and any other applicable atabement and exemption provisions under this Code.

b. Following the March 31 due date for the replacement tax return as required by section 437A.8, the director shall annually determine the assessed value of the new cogeneration facility exempt property by dividing the prior year’s replacement tax liability attributable to that facility by the current fiscal year’s consolidated taxing district rate for the taxing district where the facility is located, then multiplying the quotient by one thousand. The director shall certify this value to the local assessor on or before April 10 of the current calendar year. The assessor shall apply this certified value as a credit against the total assessed value of the facility. The allowable credit shall not exceed the total value of the new cogeneration facility as determined by the local assessor for the assessment year and any excess credits shall not be applied to any other assessment year.

c. A credit shall not be applied to a new cogeneration facility for the first year the facility becomes subject to the replacement tax if it first became subject to the replacement tax after January 1 of that year. For the first year in which the new cogeneration facility is subject to the replacement tax as of January 1 of that year, the taxpayer shall estimate the total replacement taxes due for that year and report that estimate to the director by March 31, and the director shall base the determination of assessed value from that estimate. If the estimate varies by more than five percent from the actual replacement tax liability for the year in which the facility was first subject to the replacement tax as of January 1, the director shall adjust the next year’s assessed value calculation by increasing or decreasing the current replacement tax calculation to reflect the difference between the estimate and the actual replacement tax owed for the year in which the facility was first subject to replacement tax as of January 1.

2. The director shall classify each new cogeneration facility as a separate taxpayer for reporting purposes and shall allocate the entire replacement tax attributable to the new cogeneration facility to the local taxing district or districts where that facility is located. The assessed value of the exempt property of the new cogeneration facility shall be the basis for determining the statewide property tax imposed by section 437A.18.

3. Any cogeneration facility placed in service prior to January 1, 2009, that did not qualify as a self-generator under section 437A.3, subsection 27, as of January 1, 2009, shall be subject exclusively to the replacement tax.

A municipal utility whose property tax assessment for the 1998 assessment year was adjusted by the department of revenue to include depreciation and whose property tax assessment for the 1997 assessment year did not include depreciation in determining its assessment shall be entitled to file a property tax adjustment form provided by the department. The tax adjustment form shall be filed by July 1, 1999. The tax adjustment form shall include an adjusted centrally assessed property tax computation determined by multiplying the centrally assessed property tax which was payable in the fiscal year beginning July 1, 1998, based upon valuation determined for the 1997 assessment year
allocated to electric service and natural gas service by the percentage of adjustment for
depreciation made by the department for the 1998 assessment year. The adjusted centrally
assessed property tax allocated to electric service and natural gas service shall be used to
determine the replacement delivery tax rates in accordance with sections 437A.4 and 437A.5.

pursuant to this chapter in an amount not more than the person received in wind energy
tax credit certificates pursuant to chapter 476B or renewable energy tax credit certificates
pursuant to chapter 476C. To obtain the reimbursement, the person shall include with the
return required under section 437A.8 the wind energy tax credit certificates issued to the
person pursuant to chapter 476B, or the renewable energy tax credit certificates issued to
the person pursuant to chapter 476C, and provide any other information the director may
require. The director shall direct a warrant to be issued to the person for an amount equal
to the tax imposed and paid by the person pursuant to this chapter but for not more than the
amount of the wind energy tax credit certificates or renewable energy tax credit certificates
included with the return.

437A.19 Adjustment to assessed value — reporting requirements.
1. a. A taxpayer whose property is subject to the statewide property tax shall report to
the director by July 1, 1999, and by May 1 of each subsequent tax year, on forms prescribed
by the director, the book value, as of the beginning and end of the preceding calendar year,
of all of the following:
(1) The local amount of any major addition by local taxing district.
(2) The statewide amount of any major addition without notation of location.
(3) Any building in Iowa at acquisition cost of more than ten million dollars that was
originally placed in service by the taxpayer prior to January 1, 1998, and that was transferred
or disposed of in the preceding calendar year, by local taxing district.
(4) Any electric power generating plant in Iowa at acquisition cost of more than ten million
dollars that was originally placed in service by the taxpayer prior to January 1, 1998, and that
was transferred or disposed of in the preceding calendar year, by local taxing district.
(5) All other taxpayer property without notation of location.
(6) The local amount of any major addition eligible for the urban revitalization exemption
provided for in chapter 404, by situs.
§437A.19, TAXES ON ELECTRICITY AND NATURAL GAS PROVIDERS

(7) All other transferred taxpayer property, in addition to any transferred property reported under subparagraphs (3) and (4), by local taxing district.

(8) Any gas or transmission property at acquisition cost of more than one million dollars that was transferred or disposed of in the preceding calendar year by local taxing district.

b. For purposes of this section:

(1) “Book value” means acquisition cost less accumulated depreciation determined under generally accepted accounting principles.

(2) “Taxpayer property” means property described in section 437A.16.

(3) “To dispose of” means to sell, abandon, decommission, or retire an asset.

(4) “Transfer” means a transaction which results in a change of ownership of taxpayer property and includes a capital lease transaction.

c. For purposes of this subsection, “taxpayer” includes a person who would have been a taxpayer in calendar year 1998 had the provisions of this chapter been in effect for the 1998 assessment year.

d. If a taxpayer owns or leases pursuant to a capital lease less than the entire interest in a major addition, the local amount and statewide amount, if any, of such major addition shall be apportioned to the taxpayer on the basis of its percentage interest in such major addition.

2. a. Beginning January 1, 1999, the assessed value of taxpayer property shall be adjusted annually as provided in this section. The director, with respect to each taxpayer, shall do all of the following:

(1) Adjust the assessed value of taxpayer property in each local taxing district by the change in book value during the preceding calendar year of the local amount of any major addition reported within such local taxing district.

(2) Adjust the assessed value of taxpayer property in each local taxing district by allocating the change in book value during the preceding calendar year of the statewide amount and all other taxpayer property described in subsection 1, paragraph “a,” subparagraph (5), to the assessed value of all taxpayer property in the state pro rata according to its preadjustment value. Any value for a taxpayer owning, or owning an interest in, a new electric power generating plant in excess of a local amount, where such taxpayer owns no other taxpayer property in this state, shall not be allocated to any local taxing districts.

(3) In the case of taxpayer property described in subsection 1, paragraph “a,” subparagraphs (3), (4), and (7), decrease the assessed value of taxpayer property in each local taxing district by the assessed value reported within such local taxing district.

(4) In the event of a merger or consolidation of two or more taxpayers, to determine the assessed value of the surviving taxpayer, combine the assessed values of such taxpayers immediately prior to the merger or consolidation.

(5) In the event any taxpayer property is eligible for the urban revitalization tax exemption described in chapter 404, adjust the assessed value of taxpayer property within each affected local taxing district to reflect such exemption.

(6) In the event the base year assessed value of taxpayer property is adjusted as a result of taxpayer appeals, reduce the assessed value of taxpayer property in each local taxing district to reflect such adjustment. The adjustment shall be allocated in proportion to the allocation of the taxpayer’s assessed value among the local taxing districts determined without regard to this adjustment. An adjustment to the base year assessed value of taxpayer property shall be made as of January 1 of the year following the date on which the adjustment is finally determined.

b. In no event shall the adjustments set forth in this subsection reduce the assessed value of taxpayer property in any local taxing district below zero.

c. The director, on or before October 31 of each assessment year, shall report to the department of management and to the auditor of each county the adjusted assessed value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this subsection, the assessed value of taxpayer property in each local taxing district subject to adjustment under this section by the director means the assessed value of such property as of the preceding January 1 as determined and allocated among the local taxing districts by the director.
d. Nothing in this chapter shall be interpreted to authorize local taxing authorities to exclude from the calculation of levy rates the taxable value of taxpayer property reported to county auditors pursuant to this subsection.

e. In addition to reporting the assessed values as described in this subsection, the director, on or before October 31 of each assessment year, shall also report to the department of management and to the auditor of each county the taxable value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this chapter, “taxable value” means the value for all property subject to the replacement tax annually determined by the director, by dividing the estimated annual replacement tax liability for that property by the current fiscal year’s consolidated taxing district rate for the taxing district where that property is located, then multiplying the quotient by one thousand. A taxpayer who paid more than five hundred thousand dollars in replacement tax in the previous tax year or who believes the taxpayer’s replacement tax liability will vary more than ten percent from the previous tax year shall report to the director by October 1 of the current calendar year, on forms prescribed by the director, the estimated replacement tax liability that will be attributable to all of the taxpayer’s property subject to replacement tax for the current tax year. The department shall utilize the estimated replacement tax liability as reported by the taxpayer or the taxpayer’s prior year’s replacement tax amounts to estimate the current tax year’s taxable value for that property. Furthermore, a taxpayer who has a new major addition of operating property which is put into service for the first time in the current calendar year shall report to the director by October 1 of the current calendar year, or at the time the major addition is put into service, whichever time is later, on forms prescribed by the director, the cost of the major addition and, if not previously reported, shall report the estimated replacement taxes which that asset will generate in the current calendar year. For the purposes of computing the taxable value of property in a taxing district, the taxing district’s share of the estimated replacement tax liability shall be the taxing district’s percentage share of the “assessed value allocated by property tax equivalent” multiplied by the total estimated replacement tax. “Assessed value allocated by property tax equivalent” shall be determined by dividing the taxpayer’s current year assessed valuation in a taxing district by one thousand, and then multiplying by the prior year’s consolidated tax rate.

437A.20 Tax exemptions.

Except as provided in section 437A.16, all property tax exemptions in the Code do not apply to property subject to the statewide property tax unless such exemptions expressly refer to the statewide property tax, except that if property was exempt from property tax on January 1, 1999, such exemption shall continue until the exemption expires, is phased out, or is repealed. The property of a taxpayer who does not owe any replacement tax is exempt from the statewide property tax for the coinciding assessment year.

98 Acts, ch 1194, §21, 40

437A.21 Return and payment requirements.

1. Each electric company, natural gas company, electric cooperative, municipal utility, and other person whose property is subject to the statewide property tax shall file with the director a return, on or before March 31 following the assessment year, including, but not limited to, the following information:

   a. The assessed value of property subject to the statewide property tax.

   b. The amount of statewide property tax computed on such assessed value.

   2. The first return under subsection 1 is due on or before February 28, 2000.

   3. If an electric company, natural gas company, electric cooperative, municipal utility, or person is not required to file a statewide property tax return on or before February 28, 2000, but is required to file a return after such date, the return shall be filed on or before the due date. This subsection also applies in the event of a consolidation.
4. A return shall be signed by an officer, or other person duly authorized by the taxpayer, and must be certified as correct and in accordance with rules and forms prescribed by the director.

5. At the time of filing the return with the director, the taxpayer shall calculate the statewide property tax owed for the assessment year and shall remit to the director the statewide property tax required to be shown to be due on the return.

6. Notwithstanding subsections 1 through 5, a taxpayer is not required to file a return under this section or to remit any statewide property tax for any tax year in which the taxpayer’s statewide property tax liability is one dollar or less.

§437A.22 Statutes applicable.

1. Sections 437A.9, 437A.10, 437A.12, 437A.13, and 437A.14, subsection 1, are applicable to electric companies, natural gas companies, electric cooperatives, municipal utilities, and persons whose property is subject to the statewide property tax. However, a required credit or refund of overpaid statewide property tax pursuant to section 437A.14, subsection 1, as it applies to this subchapter, shall be made by the director and not by city chief financial officers or county treasurers.

2. a. Section 422.26 applies with respect to the statewide property tax and penalties imposed by this chapter, except that, as applied to any tax imposed by this chapter, the lien provided shall be prior to and superior over all subsequent liens upon any personal property within this state or right to such personal property belonging to the taxpayer, without the necessity of recording the lien as provided in section 422.26. The requirement for recording, as applied to the statewide property tax imposed by this chapter, shall apply only to a lien upon real property. In order to preserve such lien against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in a county, the director shall file with the recorder of the county in which the real property is located a notice of the lien.

b. The county recorder of each county shall index each lien showing the applicable entries specified in sections 558.49 and 558.52 and showing, under the names of taxpayers arranged alphabetically, all of the following:

(1) The name of the taxpayer.
(2) The name “State of Iowa” as claimant.
(3) Time the notice of lien was filed for recording.
(4) Date of notice.
(5) Amount of lien then due.
(6) Date of assessment.
(7) Date when the lien is satisfied.

c. The recorder shall endorse on each notice of lien the day, hour, and minute when filed for recording and the document reference number, shall preserve such notice, and shall promptly record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.

d. The director, from moneys appropriated to the department of revenue for this purpose, shall pay recording fees as provided in section 331.604 for the recording of the lien, or for its satisfaction.

e. Upon the payment of the replacement tax as to which the director has filed notice with a county recorder, the director shall promptly file with the recorder a satisfaction of the replacement tax. The recorder shall enter the satisfaction on the notice on file in the recorder’s office and indicate that fact on the index.

Referred to in §437A.24
437A.23 Deposit of tax proceeds.
All revenues received from imposition of the statewide property tax shall be deposited in the general fund of the state. Fifty percent of the revenues shall be available, as appropriated by the general assembly, to the department of management for salaries, support, services, and equipment to administer the replacement tax. The balance of the revenues shall be available, as appropriated by the general assembly, to the department of revenue for salaries, support, services, and equipment to administer and enforce the replacement tax and the statewide property tax.

SUBCHAPTER IV
GENERAL PROVISIONS
Referred to in §437A.1

437A.24 Records.
Each electric company, natural gas company, electric cooperative, municipal utility, and other person who is subject to the replacement tax or the statewide property tax shall maintain records associated with the replacement tax and the assessed value of property subject to the statewide property tax for a period of five years following the later of the original due date for filing a return pursuant to sections 437A.8 and 437A.21 in which such taxes are reported, or the date on which either such return is filed. Such records shall include those associated with any additions or dispositions of property, and the allocation of such property among local taxing districts.

437B.1 Purposes.
The purposes of this chapter are to replace property taxes imposed on rate-regulated water utilities with a system of taxation which will remove fluctuations in property taxes
by imposing a system of taxation based on the delivery of water, to preserve revenue
neutrality and debt capacity for local governments and taxpayers, to preserve neutrality
in the allocation and cost impact of any replacement tax among and upon consumers of
rate-regulated water utilities in this state, and to provide a system of taxation which reduces
existing administrative burdens on state government.

2013 Acts, ch 94, §10, 35, 36

437B.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Centrally assessed property tax” means property tax imposed with respect to the value
of property determined by the director pursuant to sections 428.24 to 428.29, Code 2013, and
allocated to water service.
2. “Consumer” means an end user of water used or consumed within the service area
of a water utility. “Consumer” includes any master-metered facility even though the water
delivered to such facility may ultimately be used by another person. A person to whom
water is delivered by a master-metered facility is not a consumer. A “master-metered facility”
means any multi-occupancy premises where units are separately rented or owned and where
individual metering is impractical, where the facility is designated for elderly or handicapped
persons and utility costs constitute part of the operating cost and are not apportioned to
individual units, or where submetering or resale of service was permitted prior to 1966.
3. “Delivery” means the physical transfer of water, excluding nonrevenue water, to a
consumer for sale. Physical transfer to a consumer occurs when transportation of water
ends and such water becomes available for use or consumption by a consumer.
4. “Director” means the director of revenue.
5. “Lease” means a contract between a lessor and lessee pursuant to which the lessee
obtains a present possessory interest in tangible property without obtaining legal title in such
property. A contract to deliver water using operating property within this state is not a lease.
“Capital lease” means a lease classified as a capital lease under generally accepted accounting
principles.
6. “Local taxing authority” means a city, county, community college, school district, or
other taxing authority located in this state and authorized to certify a levy on property located
within such authority for the payment of bonds and interest or other obligations of such
authority.
7. “Local taxing district” means a geographic area with a common consolidated property
tax rate.
8. a. “Major addition” means any acquisition on or after January 1, 2012, by a taxpayer, by
transfer of ownership, self-construction, or capital lease of any interest in any of the following:
(1) A building in this state where the acquisition cost of all interests acquired exceeds ten
million dollars.
(2) A water treatment plant where the acquisition cost of all interests acquired exceeds ten
million dollars. For purposes of this subparagraph, “water treatment plant” means buildings
and equipment used in that portion of the potable water supply system which in some way
alters the physical, chemical, or bacteriological quality of the water.
(3) Water utility operating property within a local taxing district where the acquisition
cost of all interests acquired exceeds one million dollars.
(4) Any water utility property in this state acquired by a person not previously subject to
taxation under this chapter pursuant to section 437B.12.
b. For purposes of this chapter, the acquisition cost of an asset acquired by capital lease
is its capitalized value determined under generally accepted accounting principles.
9. “Nonrevenue water” means the difference between the total number of gallons of water
carried through the water utility’s distribution system and the number of gallons of water
delivered to consumers using the water utility’s distribution system.
10. “Operating property” means all property owned by or leased to a water utility, not
otherwise taxed separately, which is necessary to and without which the water utility could
not perform the activities of a water utility.
11. “Replacement tax” means the excise tax imposed on the delivery of water under section 437B.3.

12. “Service area” means the geographical area within this state to which the water utility delivers water and related services. A water utility’s service area shall be that area described in the water utility’s tariff filed with the utilities board.

14. “Taxable value” means as defined in section 437B.15, subsection 2, paragraph “e”.

15. “Taxpayer” means a water utility or other person subject to the replacement tax imposed under section 437B.3.

16. “Utilities board” means the utilities board created in section 474.1.

17. “Water utility” or “rate-regulated water utility” means a person engaged primarily in the production, delivery, service, or sale of water in a service area, whether formed or organized under the laws of this state or elsewhere, and subject to the rate and service regulation of the utilities board pursuant to chapter 476. “Water utility” does not include a cooperative, municipal utility, or other entity engaged primarily in such activities that is not under the jurisdiction of the utilities board.

Referred to in §437B.11

437B.3 Replacement tax imposed on delivery of water.
1. A replacement delivery tax is imposed on each water utility that delivers water to a consumer within the water utility’s service area. The replacement delivery tax imposed by this section is equal to the number of gallons of water delivered to consumers in the water utility’s service area by the taxpayer during the tax year multiplied by the replacement delivery tax rate in effect for the service area.

2. The replacement delivery tax rate for each service area shall be calculated by the director as follows:
   a. The director shall determine the centrally assessed property tax liability allocated to water delivery for those water utilities operating within the service area for the assessment year 2011 based on property tax amounts due and payable as the result of that assessment year.
   b. The director shall determine the number of gallons of water delivered to consumers in the service area which would have been subject to taxation under this section in calendar year 2011, had such section been in effect for calendar year 2011.
   c. The director shall determine a replacement delivery tax rate for each service area by dividing the centrally assessed property tax liability, as determined in paragraph “a”, by the number of gallons of water delivered, as specified in paragraph “b”.

3. a. If for any tax year after calendar year 2012, the total number of gallons of water required to be reported by a water utility pursuant to section 437B.4, subsection 1, paragraph “a”, increases or decreases by more than the threshold percentage from the average of the base year amounts for that water utility for the immediately preceding five calendar years, the replacement tax rate imposed under subsection 1 for that tax year shall be recalculated by the director for that water utility so that the total of the tentative replacement delivery taxes required to be reported pursuant to section 437B.4, subsection 1, paragraph “b”, for that water utility with respect to the tax imposed under subsection 1, shall be as follows:
   (1) If the number of gallons of water required to be reported increased by more than the threshold percentage, one hundred two percent of such taxes required to be reported by the water utility for that water utility for the immediately preceding tax year.
   (2) If the number of gallons of water required to be reported decreased by more than the threshold percentage, ninety-eight percent of such taxes required to be reported by the water utility for that water utility for the immediately preceding tax year.
   b. For purposes of paragraph “a”, subparagraphs (1) and (2), in computing the tax rate under subsection 1, for tax year 2013, the director shall use the centrally assessed property tax liability allocated to water sales computed pursuant to subsection 2, paragraph “a”, or the water utility’s centrally assessed property tax liability for the assessment year 2010, whichever is greater, in lieu of the taxes required to be reported for that water utility for the
immediately preceding tax year. In addition, notwithstanding the provisions of this section to the contrary, for tax years 2013, 2014, and 2015, if the total amount of replacement delivery taxes imposed on the water utility in any of those tax years is less than the utility’s centrally assessed property tax liability for the assessment year 2010, the replacement tax rate imposed under subsection 1 for that tax year shall be recalculated by the director so that the total amount of replacement delivery taxes imposed on the water utility for such tax year equals the water utility’s centrally assessed property tax liability for the assessment year 2010.

c. For purposes of this section, “base year amount” means for calendar years prior to tax year 2013, the number of gallons of water delivered to consumers by the water utility which would have been subject to taxation under this section had this section been in effect for such calendar year, and for tax years after calendar year 2012, the number of gallons of water required to be reported by the water utility pursuant to section 437B.4, subsection 1.

d. The threshold percentage shall be five percent.

4. The replacement delivery tax rate in effect for each service area shall be published by the director in the Iowa administrative bulletin on or before May 31 of each year.

5. If recalculation of the replacement delivery tax rate is required pursuant to subsection 3, the new rate shall be published in the Iowa administrative bulletin by the director by no later than May 31 following the end of the tax year. The director shall adjust the tentative replacement tax imposed by subsection 1 and required to be shown on any affected water utility’s return pursuant to section 437B.4, subsection 1, paragraph “b”, to reflect the adjusted replacement delivery tax rate for the tax year, and report such adjustment to the affected water utility on or before June 30 following the end of the tax year. The new replacement delivery tax rate shall apply prospectively, until such time as further adjustment is required.

6. For a service area established as the result of the formation or organization of a new water utility on or after January 1, 2013, the director shall to the extent possible determine a replacement delivery tax rate for the new service area using the procedures of this section and for the information for the year that the water utility was first under the jurisdiction of the utilities board.

2013 Acts, ch 94, §12, 35, 36
Referred to in §437B.2, 437B.4

§437B.4 Return and payment requirements.

1. Each taxpayer, on or before March 31 following a tax year, shall file with the director a return including but not limited to the following information:

a. The total taxable gallons of water delivered by the water utility to consumers within the service area during the tax year.

b. The tentative replacement taxes imposed by section 437B.3 due for the tax year.

2. A return shall be signed by an officer, or other person duly authorized by the water utility, and must be certified as correct and in accordance with forms and rules prescribed by the director.

3. At the time of filing the return required by subsection 1 with the director, the taxpayer shall calculate the tentative replacement tax due for the tax year. The director shall compute any adjustments to the replacement tax required by subsection 5 and by section 437B.3, subsection 3, and notify the taxpayer of any such adjustments in accordance with the requirements of section 437B.3, subsection 5. The director and the department of management shall compute the allocation of replacement taxes among local taxing districts and report such allocations to county treasurers pursuant to section 437B.11. Based on such allocations, the treasurer of each county shall notify each taxpayer on or before August 31 following a tax year of its replacement tax obligation to the county treasurer. On or before September 30, 2014, and on or before September 30 of each subsequent year, the taxpayer shall remit to the county treasurer of each county to which such replacement tax is allocated pursuant to section 437B.11, one-half of the replacement tax so allocated, and on or before the succeeding March 31, the taxpayer shall remit to the county treasurers the remaining replacement tax so allocated. If notification of a taxpayer’s replacement tax obligation is not mailed by a county treasurer on or before August 31 following a tax year, such taxpayer shall
have thirty days from the date the notification is mailed to remit one-half of the replacement tax otherwise required by this subsection to be remitted to such county treasurer on or before September 30. If a taxpayer fails to timely remit replacement taxes as provided in this subsection, the county treasurer of each affected county shall notify the director of such failure.

4. Notwithstanding subsections 1 through 3, a taxpayer shall not be required to file a return otherwise required by this section or remit any replacement tax for any tax year in which the taxpayer’s replacement tax liability before credits is three hundred dollars or less, provided that all water utilities shall file a return, regardless of the taxpayer’s replacement tax liability.

5. Following the determination of replacement delivery tax rates by the director pursuant to section 437B.3, subsection 2, if an adjustment resulting from a taxpayer appeal is made to taxes levied and paid by a taxpayer with respect to the assessment year 2011 used in determining such rates, the director shall recalculate the replacement delivery tax rate for any affected water utility to reflect the impact of such adjustment as if such adjustment had been reflected in the initial determination of the centrally assessed property tax liability allocated to water service pursuant to section 437B.3, subsection 2, paragraph “a”. Rate recalculations shall be made and published in the Iowa administrative bulletin by the director on or before March 31 following the calendar year in which a final determination of the adjustment is made. Taxpayers shall report to the director any increase or decrease in the tentative replacement tax required to be shown to be due pursuant to subsection 1, paragraph “b”, for any tax year with the return for the year in which the recalculated tax rates which gave rise to the adjustment are published in the Iowa administrative bulletin. The director and the department of management shall redetermine the allocation of replacement taxes pursuant to section 437B.11 for each affected tax year. If a taxpayer has overpaid replacement taxes, the overpayment shall be reported by the director to such taxpayer and to the appropriate county treasurers and shall be a credit against the replacement taxes owed by such taxpayer for the year in which the recalculated rates which gave rise to the overpayment are published in the Iowa administrative bulletin. If a taxpayer has overpaid centrally assessed property taxes for assessment years prior to tax year 2013, such overpayment shall be a credit against replacement taxes owed by such taxpayer for the year in which the overpayment is determined. Unused credits may be carried forward and used to reduce future replacement tax liabilities until exhausted.

2013 Acts, ch 94, §13, 35, 36
Referred to in §437B.3, 437B.5, 437B.11, 437B.20

437B.5 Failure to file return — incorrect return.

1. As soon as practicable after a return required by section 437B.4, subsection 1, is filed, and in any event within three years after such return is filed, the director shall examine the return, determine the tax due if the return is found to be incorrect, and give notice to the taxpayer of the determination as provided in subsection 2. The period for the examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade any tax or in the case of a failure to file a return.

2. If a return required by section 437B.4, subsection 1, is not filed, or if such return when filed is incorrect or insufficient and the taxpayer fails to file a corrected or sufficient return within twenty days after such return is required by notice from the director, the director shall determine the amount of tax due from information as the director may be able to obtain and, if necessary, may estimate the tax due on the basis of external indices. The director shall give notice of the determination to the taxpayer liable for the tax and to the county treasurers to whom the tax is owed. The determination shall fix the tax unless the taxpayer against whom it is levied, within sixty days after notice of the determination, applies to the director for a hearing. At the hearing evidence may be offered to support the determination or to prove that it is incorrect. After the hearing the director shall give notice of the decision to the person liable for the tax and to the county treasurers to whom the tax is owed.

3. The three-year period of limitation provided in subsection 1 may be extended by the taxpayer by signing a waiver agreement form provided by the department. The agreement
shall stipulate the period of extension and the tax period to which the extension applies. The agreement shall also provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

Referred to in §421.10, §437B.18

§437B.6 Judicial review.
1. Judicial review of the actions of the director may be sought pursuant to chapter 17A, the Iowa administrative procedure Act.
2. For cause and upon a showing by the director that collection of the tax in dispute is in doubt, the court may order the petitioner to file with the clerk of the district court a bond for the use of the appropriate local taxing authorities, with sureties approved by the clerk of the district court, in the amount of the tax appealed from, conditioned upon the performance by the petitioner of any orders of the court.
3. An appeal may be taken by the taxpayer or the director to the supreme court irrespective of the amount involved.
4. A person aggrieved by a decision of the chief financial officer of a city under this chapter may seek review by writ of certiorari within thirty days of the decision sought to be reviewed.

§437B.7 Lien — actions authorized.
1. Whenever a taxpayer who is liable to pay a replacement tax imposed by this chapter refuses or neglects to pay such tax, the amount, including any interest, penalty, or addition to such tax, together with the costs that may accrue, shall be a lien in favor of the chief financial officer of the city or the county treasurer to which the tax is owed upon all property and rights to property, whether real or personal, belonging to the taxpayer. The lien shall be prior to and superior over all subsequent liens upon any personal property within this state, or right to such personal property, belonging to the taxpayer, without the necessity of recording the lien. The requirement for recording, as applied to the replacement tax imposed by this chapter, shall apply only to a lien upon real property. The lien may be preserved against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in a county, by the county treasurer to which replacement tax is owed by filing with the recorder of the county in which the real property is located a notice of the lien. For purposes of the replacement tax collected by a city, the lien may be preserved against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in the county, by the chief financial officer of the city to which replacement tax is owed by filing with the recorder of the county in which the real property is located a notice of the lien.
2. The county recorder of each county shall index each lien showing the applicable entries specified in sections 558.49 and 558.52 and showing, under the names of taxpayers arranged alphabetically, all of the following:
   a. The name of the taxpayer.
   b. The name of the county treasurer and county or the name of the chief financial officer and city as claimant.
   c. Time the notice of lien was filed for recording.
   d. Date of notice.
   e. Amount of lien then due.
   f. Date of assessment.
   g. Date when the lien is satisfied.
3. The recorder shall endorse on each notice of lien the day, hour, and minute when filed for recording and the document reference number, shall preserve such notice, shall index the notice in the index, and shall promptly record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.
4. The county treasurer or chief financial officer of the city shall pay recording fees as provided in section 331.604, for the recording of the lien, or for its satisfaction.
5. Upon the payment of the replacement tax as to which a county treasurer has filed notice with a county recorder, the county treasurer shall promptly file with the recorder a satisfaction of the replacement tax. The recorder shall record the notice of satisfaction showing the applicable entries specified in sections 558.49 and 558.52.

6. Section 445.3 applies with respect to the replacement taxes and special utility property tax levies and penalties and interest imposed by this chapter, except for the provisions limiting the commencement of actions. In addition, at the county treasurer’s discretion, chapters 446, 447, and 448 apply in the enforcement of the special utility property tax levies, but any tax deed issued shall not extinguish a tax lien or judgment lien for replacement taxes that has attached to the property.

437B.8 Service of notice.
1. A notice authorized or required under this chapter may be given by mailing the notice to the taxpayer, addressed to the taxpayer at the address given in the last return filed by the taxpayer pursuant to this chapter, or if no return has been filed, then to the most recent address of the taxpayer obtainable. The mailing of the notice is presumptive evidence of the receipt of the notice by the taxpayer to whom the notice is addressed. A period of time within which some action must be taken for which notice is provided under this section commences to run from the date of mailing of the notice.

2. There is no limitation for the enforcement of a civil remedy pursuant to any proceeding or action taken to levy, appraise, assess, determine, or enforce the collection of any tax or penalty due under this chapter.

2013 Acts, ch 94, §17, 35, 36
Referred to in §437B.18

437B.9 Penalties — offenses — limitation.
1. A taxpayer is subject to the penalty provisions in section 421.27 with respect to any replacement tax due under this chapter. A taxpayer shall also pay interest on the delinquent replacement tax at the rate in effect under section 421.7 for each month computed from the date the payment was due, counting each fraction of a month as an entire month. The penalty and interest shall be paid to the county treasurer, or in the case of penalty and interest associated with a municipal transfer replacement tax to the city financial officer, and shall be disposed of in the same manner as other receipts under this chapter. Unpaid penalties and interest may be enforced in the same manner as provided for unpaid replacement tax under this chapter.

2. A taxpayer, or officer, member, or employee of the taxpayer, who willfully attempts to evade the replacement tax imposed or the payment of the replacement tax is guilty of a class “D” felony.

3. The issuance of a certificate by the director or a county treasurer stating that a replacement tax has not been paid, that a return has not been filed, or that information has not been supplied pursuant to this chapter is prima facie evidence of such failure.

4. A taxpayer, or officer, member, or employee of the taxpayer, required to pay a replacement tax, or required to make, sign, or file an annual return or supplemental return, who willfully makes a false or fraudulent annual return, or who willfully fails to pay at least ninety percent of the replacement tax or willfully fails to make, sign, or file the annual return, as required, is guilty of a fraudulent practice.

5. For purposes of determining the place of trial for a violation of this section, the situs of an offense is in the county of the residence of the taxpayer, officer, member, or employee of the taxpayer charged with the offense, unless the taxpayer, officer, member, or employee of the taxpayer is a nonresident of this state or the residence cannot be established, in which event the situs of the offense is in Polk county.

6. Prosecution for an offense specified in this section shall be commenced within six years after the commission of the offense.

§437B.10 Correction of errors — refunds or credits of replacement tax paid — information confidential — penalty.

1. a. If an amount of replacement tax, penalty, or interest has been paid which was not due under this chapter, a county treasurer to whom such erroneous payment was made shall do one of the following:

(1) Credit the amount of the erroneous payment against any replacement tax due, or to become due, from the taxpayer on the books of the city or county.

(2) Refund the amount of the erroneous payment to the taxpayer.

b. Claims for refund or credit of replacement taxes paid shall be filed with the director. A claim for refund or credit that is not filed with the director within three years after the replacement tax payment upon which a refund or credit is claimed became due, or one year after the replacement tax payment was made, whichever time is later, shall not be allowed. A claim for refund or credit of tax alleged to be unconstitutional not filed with the director within ninety days after the replacement tax payment upon which a refund or credit is claimed became due shall not be allowed. As a precondition for claiming a refund or credit of alleged unconstitutional taxes, such taxes must be paid under written protest which specifies the particulars of the alleged unconstitutionality. Claims for refund or credit may only be made by, and refunds or credits may only be made to, the person responsible for paying the replacement tax, or such person’s successors. The director shall notify affected county treasurers of the acceptance or denial of any refund claim. Section 421.10 applies to claims denied by the director.

2. a. It is unlawful for any present or former officer or employee of the state to divulge or to make known in any manner to any person the gallons of water delivered by a water utility disclosed on a tax return, return information, or investigative or audit information. A person who violates this section is guilty of a serious misdemeanor. If the offender is an officer or employee of the state, such person, in addition to any other penalty, shall also be dismissed from office or discharged from employment. This section does not prohibit turning over to duly authorized officers of the United States or tax officials of other states such information pursuant to agreement between the director and the secretary of the treasury of the United States or the secretary’s delegate or pursuant to a reciprocal agreement with another state.

b. Local taxing authority employees are deemed to be officers and employees of the state for purposes of this subsection.

3. Unless otherwise expressly permitted by a section referencing this chapter, the gallons of water delivered by a taxpayer in a service area shall not be divulged to any person or entity, other than the taxpayer, the department of revenue, or the internal revenue service for use in a matter unrelated to tax administration. This prohibition precludes persons or entities other than the taxpayer, the department of revenue, or the internal revenue service from obtaining such information from the department of revenue. A subpoena, order, or process which requires the department of revenue to produce such information to a person or entity, other than the taxpayer, the department of revenue, or internal revenue service, for use in a nontax proceeding is void.

4. Notwithstanding subsections 2 and 3, the chief financial officer of any local taxing authority and any designee of such officer shall have access to any computations made by the director pursuant to the provisions of this chapter, and any tax return or other information used by the director in making such computations, which affect the replacement tax owed by any such taxpayer.

5. Claims for refund or credit of special utility property tax levies shall be filed with the appropriate county treasurer. Subsection 1 applies with respect to the special utility property tax levy and the county treasurer shall have the same authority as is granted to the director under this section.

§437B.11 Allocation of revenue.

1. The director and the department of management shall compute the allocation of all replacement tax revenues among the local taxing districts in accordance with this section.
and shall report such allocation by local taxing districts to the county treasurers on or before August 15 following a tax year.

2. The director shall determine and report to the department of management the total replacement taxes to be collected from each taxpayer for the tax year on or before July 30 following such tax year.

3. 

a. All replacement taxes owed by a taxpayer shall be allocated among the local taxing districts in which such taxpayer’s property is located in accordance with a general allocation formula determined by the department of management on the basis of general property tax equivalents. General property tax equivalents shall be determined by applying the levy rates reported by each local taxing district to the department of management on or before June 30 following a tax year to the taxable value of taxpayer property allocated to each such local taxing district as adjusted and reported to the department of management in such tax year by the director pursuant to the procedures required pursuant to section 437B.15. The general allocation formula for a tax year shall allocate to each local taxing district that portion of the replacement taxes owed by each taxpayer which bears the same ratio as such taxpayer’s general property tax equivalents for each local taxing district bears to such taxpayer’s total general property tax equivalents for all local taxing districts in Iowa.

b. If, during the tax year, a taxpayer transferred operating property or an interest in operating property to another taxpayer, the transferee taxpayer’s replacement tax associated with that property shall be allocated, for the tax year in which the transfer occurred, under this section in accordance with the general allocation formula on the basis of the general property tax equivalents of the transferor taxpayer.

c. Notwithstanding the provisions of this section, if during the tax year a person who was not a taxpayer during the prior tax year acquires a new major addition, as defined in section 437B.2, subsection 8, paragraph “a”, subparagraph (4), the replacement tax associated with that major addition shall be allocated, for that tax year, under this section in accordance with the general allocating formula on the basis of the general property tax equivalents established under paragraph “a” of this subsection, except that the levy rates established and reported to the department of management on or before June 30 following the tax year in which the major addition was acquired shall be applied to the prorated assessed value of the major addition. For purposes of this paragraph, “prorated assessed value of the major addition” means the assessed value of the major addition as of January 1 of the year following the tax year in which the major addition was acquired multiplied by the percentage derived by dividing the number of months that the major addition existed during the tax year by twelve, counting any portion of a month as a full month.

4. On or before August 31 following tax years 2013, 2014, and 2015, each county treasurer shall compute a special utility property tax levy or tax credit for each taxpayer for which a replacement tax liability for each such tax year is reported to the county treasurer pursuant to subsection 1, and shall notify the taxpayer of the amount of such tax levy or tax credit. The amount of the special utility property tax levy or credit shall be determined for each taxpayer by the county treasurer by comparing the taxpayer’s total replacement tax liability allocated to taxing districts in the county pursuant to this section with the anticipated tax revenues from the taxpayer for all taxing districts in the county. If the taxpayer’s total replacement tax liability allocated to taxing districts in the county is less than the anticipated tax revenues from the taxpayer for all taxing districts in the county, the county treasurer shall levy a special utility property tax equal to the shortfall which shall be added to and collected with the replacement tax owed by the taxpayer to the county treasurer for the tax year pursuant to section 437B.4, subsection 3. If the taxpayer’s total replacement tax liability allocated to taxing districts in the county exceeds the anticipated tax revenues from the taxpayer for all taxing districts in the county, the county treasurer shall issue a credit to the taxpayer which shall be applied to reduce the taxpayer’s replacement tax liability to the county treasurer for the tax year. If the taxpayer’s total replacement tax liability allocated to taxing districts in the county equals the anticipated tax revenues from the taxpayer for all taxing districts in the county, no levy or credit is required. Replacement tax liability for purposes of this subsection means replacement tax liability before credits allowed by section 437B.4, subsection 5. A recalculation of a special utility property tax levy or credit shall not
§437B.11, TAXES ON RATE-REGULATED WATER UTILITIES

be made as a result of a subsequent recalculation of replacement tax liability under section 437B.4, subsection 5, or adjustment to assessed value under section 437B.15. “Anticipated tax revenues from a taxpayer” means the product of the total levy rates imposed by the taxing districts and the value of taxpayer property allocated to the taxing districts and reported to the county auditor. Special utility property tax levies and credits shall be treated as replacement taxes for purposes of section 437B.7. If a special utility property tax levy payment becomes delinquent, the delinquent payment shall accrue interest and penalty in the same manner and amount as the replacement tax under section 437B.9.

5. The replacement tax, as adjusted by any special utility property tax levy or credit and remitted to a county treasurer by each taxpayer, shall be treated as a property tax when received and shall be disbursed by the county treasurer as taxes on real estate. Notwithstanding the allocation provisions of this section, nothing in this section shall deny any municipality which has enacted an ordinance or entered into an agreement for the division and allocation of taxes authorized under section 403.19 and under which ordinance or agreement the taxes collected in respect of properties owned by any of the taxpayers remitting replacement taxes pursuant to the provisions of this chapter are being divided and allocated, the right to receive its share of the replacement tax revenues collected for any year which would otherwise be paid to such municipality under the terms of any such ordinance or agreement had this chapter not been enacted. To the extent that adjustment must be made to the allocation described in this section to give effect to the terms of such ordinances or agreements, the department of management and the county treasurer shall make such adjustments.

6. In lieu of the adjustment provided for in subsection 5, the assessed value of property described in section 403.19, subsection 1, may be reduced by the city or county by the amount of the taxable value of the property described in section 437B.12 included in such area on January 1, 2011, pursuant to amendment of the ordinance adopted by such city or county pursuant to section 403.19.

7. The utility replacement tax task force created in section 437A.15 shall study the effects of the replacement tax on local taxing authorities, local taxing districts, consumers, and taxpayers through January 1, 2019. If the task force recommends modifications to the replacement tax that will further the purposes of tax neutrality for local taxing authorities, local taxing districts, taxpayers, and consumers, consistent with the stated purposes of this chapter, the department of management shall transmit those recommendations to the general assembly.

437B.15 Adjustment to assessed value — reporting requirements.
1. a. A taxpayer whose property is subject to the statewide property tax shall report to the director by July 1, 2013, and by May 1 of each subsequent tax year, on forms prescribed by the director, the book value, as of the beginning and end of the preceding calendar year, of all of the following:
   (1) The local amount of any major addition by local taxing district.
   (2) The statewide amount of any major addition without notation of location.
   (3) Any building in Iowa at acquisition cost of more than ten million dollars that was originally placed in service by the taxpayer prior to January 1, 2012, and that was transferred or disposed of in the preceding calendar year, listed by local taxing district.
   (4) All other taxpayer property without notation of location.
   (5) The local amount of any major addition eligible for the urban revitalization exemption provided for in chapter 404, by situs.
   (6) All other transferred taxpayer property, in addition to any transferred property reported under subparagraph (3), listed by local taxing district.
   (7) Any water utility operating property at acquisition cost of more than one million dollars that was transferred or disposed of in the preceding calendar year, listed by local taxing district.

b. For purposes of this section:
   (1) “Book value” means acquisition cost less accumulated depreciation determined under generally accepted accounting principles.
   (2) “Taxpayer property” means property described in section 437B.12.
   (3) “To dispose of” means to sell, abandon, decommission, or retire an asset.
   (4) “Transfer” means a transaction which results in a change of ownership of taxpayer property and includes a capital lease transaction.

c. For purposes of this subsection, “taxpayer” includes a person who would have been a taxpayer in calendar year 2012 had the provisions of this chapter been in effect for the 2012 assessment year.

d. If a taxpayer owns or leases pursuant to a capital lease less than the entire interest in a major addition, the local amount and statewide amount, if any, of such major addition shall be apportioned to the taxpayer on the basis of its percentage interest in such major addition.

2. a. Beginning January 1, 2013, the assessed value of taxpayer property shall be adjusted annually as provided in this section. The director, with respect to each taxpayer, shall do all of the following:
   (1) Adjust the assessed value of taxpayer property in each local taxing district by the change in book value during the preceding calendar year of the local amount of any major addition reported within such local taxing district.
   (2) Adjust the assessed value of taxpayer property in each local taxing district by allocating the change in book value during the preceding calendar year of the statewide amount and all other taxpayer property described in subsection 1, paragraph “a”, subparagraph (5), to the assessed value of all taxpayer property in the state pro rata according to its preadjustment value.
   (3) In the case of taxpayer property described in subsection 1, paragraph “a”, subparagraphs (3), (4), and (7), decrease the assessed value of taxpayer property in each local taxing district by the assessed value reported within such local taxing district.
   (4) In the event of a merger or consolidation of two or more taxpayers, to determine the assessed value of the surviving taxpayer, combine the assessed values of such taxpayers immediately prior to the merger or consolidation.
   (5) In the event any taxpayer property is eligible for the urban revitalization tax exemption
described in chapter 404, adjust the assessed value of taxpayer property within each affected local taxing district to reflect such exemption.

(6) In the event the assessed value of taxpayer property is adjusted as a result of taxpayer appeals, reduce the assessed value of taxpayer property in each local taxing district to reflect such adjustment. The adjustment shall be allocated in proportion to the allocation of the taxpayer’s assessed value among the local taxing districts determined without regard to this adjustment. An adjustment to the assessed value of taxpayer property shall be made as of January 1 of the year following the date on which the adjustment is finally determined.

b. In no event shall the adjustments set forth in this subsection reduce the assessed value of taxpayer property in any local taxing district below zero.

c. The director, on or before October 31 of each assessment year, shall report to the department of management and to the auditor of each county the adjusted assessed value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this subsection, the assessed value of taxpayer property in each local taxing district subject to adjustment under this section by the director means the assessed value of such property as of the preceding January 1 as determined and allocated among the local taxing districts by the director.

d. Nothing in this chapter shall be interpreted to authorize local taxing authorities to exclude from the calculation of levy rates the taxable value of taxpayer property reported to county auditors pursuant to this subsection.

e. In addition to reporting the assessed values as described in this subsection, the director, on or before October 31 of each assessment year, shall also report to the department of management and to the auditor of each county the taxable value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this chapter, “taxable value” means the value for all property subject to the replacement tax annually determined by the director, by dividing the estimated annual replacement tax liability for that property by the current fiscal year’s consolidated taxing district rate for the taxing district where that property is located, then multiplying the quotient by one thousand. A taxpayer who paid more than five hundred thousand dollars in replacement tax in the previous tax year or who believes the taxpayer’s replacement tax liability will vary more than ten percent from the previous tax year shall report to the director by October 1 of the current calendar year, on forms prescribed by the director, the estimated replacement tax liability that will be attributable to all of the taxpayer’s property subject to replacement tax for the current tax year. The department shall utilize the estimated replacement tax liability as reported by the taxpayer or the taxpayer’s prior year’s replacement tax amounts to estimate the current tax year’s taxable value for that property. Furthermore, a taxpayer who has a new major addition of operating property which is put into service for the first time in the current calendar year shall report to the director by October 1 of the current calendar year, or at the time the major addition is put into service, whichever time is later, on forms prescribed by the director, the cost of the major addition and, if not previously reported, shall report the estimated replacement taxes which that asset will generate in the current calendar year. For the purposes of computing the taxable value of property in a taxing district, the taxing district’s share of the estimated replacement tax liability shall be the taxing district’s percentage share of the assessed value allocated by property tax equivalent multiplied by the total estimated replacement tax. The assessed value allocated by property tax equivalent shall be determined by dividing the taxpayer’s current year assessed valuation in a taxing district by one thousand, and then multiplying by the prior year’s consolidated tax rate.

437B.17 Return and payment requirements.
1. Each water utility whose property is subject to the statewide property tax shall file with the director a return, on or before March 31 following the assessment year, including but not limited to the following information:
   a. The assessed value of property subject to the statewide property tax.
   b. The amount of statewide property tax computed on such assessed value.
2. The first return under subsection 1 is due on or before February 28, 2014.
3. A return shall be signed by an officer, or other person duly authorized by the taxpayer, and must be certified as correct and in accordance with rules and forms prescribed by the director.
4. At the time of filing the return with the director, the taxpayer shall calculate the statewide property tax owed for the assessment year and shall remit to the director the statewide property tax required to be shown due on the return.
5. Notwithstanding subsections 1 through 4, a taxpayer is not required to file a return under this section or to remit any statewide property tax for any tax year in which the taxpayer’s statewide property tax liability is one dollar or less.

437B.18 Statutes applicable.
1. Sections 437B.5, 437B.6, 437B.8, and 437B.9, and section 437B.10, subsection 1, are applicable to water utilities whose property is subject to the statewide property tax.
   a. Section 422.26 applies with respect to the statewide property tax and penalties imposed by this chapter, except that, as applied to any tax imposed by this chapter, the lien provided shall be prior to and superior over all subsequent liens upon any personal property within this state or right to such personal property belonging to the taxpayer, without the necessity of recording the lien as provided in section 422.26. The requirement for recording, as applied to the statewide property tax imposed by this chapter, shall apply only to a lien upon real property. In order to preserve such lien against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in a county, the director shall file with the recorder of the county in which the real property is located a notice of the lien.
   b. The county recorder of each county shall index each lien showing the applicable entries specified in sections 558.49 and 558.52 and showing, under the names of taxpayers arranged alphabetically, all of the following:
      (1) The name of the taxpayer.
      (2) The name “State of Iowa” as claimant.
      (3) Time the notice of lien was filed for recording.
      (4) Date of notice.
      (5) Amount of lien then due.
      (6) Date of assessment.
      (7) Date when the lien is satisfied.
   c. The recorder shall endorse on each notice of lien the day, hour, and minute when filed for recording and the document reference number, shall preserve such notice, and shall promptly record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.
   d. The director, from moneys appropriated to the department of revenue for this purpose, shall pay recording fees as provided in section 331.604 for the recording of the lien, or for its satisfaction.
   e. Upon the payment of the statewide property tax as to which the director has filed notice with a county recorder, the director shall promptly file with the recorder a satisfaction of the

438.2 Definitions.
1. As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.
2. “Pipeline company”, as used in this chapter, means any person, partnership, association, corporation, or syndicate that may own or operate or be engaged in operating or utilizing pipelines, other than natural gas pipelines permitted pursuant to chapter 479, for the purposes described in section 438.1.

438.3 Statement required.
Every pipeline company having lines in the state of Iowa shall annually, on or before the first day of April in each year, make out and deliver to the department of revenue a statement, verified by the oath of an officer or agent of such pipeline company making such statement, showing in detail for the year ended December 31 next preceding:
1. The name of the company.
2. The nature of the company, whether a person or persons, an association, partnership, corporation or syndicate, and under the laws of what state organized.
3. The location of its principal office or place of business.
4. The name and post office address of the president, secretary, auditor, treasurer and superintendent or general manager.
5. The name and post office address of the chief officer or managing agent of the company in Iowa.
6. The whole number of miles of pipeline owned, operated or leased within the state, including a classification of the size, kind and weight thereof, separated, so as to show the mileage in each county, and each lesser taxing district.
7. A full and complete statement of the cost and actual present value of all buildings of every description owned by said pipeline company within the state and each lesser taxing district, not otherwise assessed.
8. The number, location, size and cost of each pressure pump or station.
9. Any and all other property owned by said pipeline company within the state which property must be classified and scheduled in such a manner as the director of revenue may by rule require.
10. The gross earnings of the entire company, and the gross earnings on business done within this state.
11. The operating expenses of the entire company and the operating expenses within this state.
12. The net earnings of the entire company and the net earnings within this state.

Referred to in §438.12

438.4 Real estate holdings.
Every pipeline company required by law to report to the department of revenue under the provisions of this chapter shall, on or before the first day of April 1932, make to the department a detailed statement showing the amount of real estate owned or used by it on December 31, 1931, for pipeline purposes, the county in which said real estate is situated, including the rights-of-way, pumping or station grounds, buildings, storage or tank yards, equipment grounds for any and all purposes, with the estimated actual value thereof, in such manner as may be required by the department.

Referred to in §438.7
438.5 Statement deemed permanent.
Only one such detailed statement by any pipeline company shall be necessary, and when received by the department of revenue, it shall become the record of the pipeline lands of such company, and be deemed as annually thereafter reported for valuation and assessment by the department.

[C31, §7103-d5; C39, §7103.05; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §438.5]
Referred to in §438.7

438.6 Additional corrective statements.
On or before the first day of April of each subsequent year, such company shall, in like manner, report all real estate acquired for any of the pipeline purposes above named during the preceding calendar year; and also, a list of any real estate, previously reported, disposed of during the same period, which disposition shall be noted by the department of revenue in an appropriate column opposite to the description of said tract in the original report of the same in the record of pipeline land.

[C31, §7103-d6; C39, §7103.06; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §438.6]
Referred to in §438.7

438.7 Consolidated list of real estate.
The department of revenue shall, by some convenient method of binding, arrange the statements required to be made by sections 438.4 to 438.6 so as to form a consolidated list of all real estate reported to the department as being owned or used for pipeline purposes within the state of Iowa.

438.8 Gross earnings.
For the purpose of making reports to the department of revenue, the gross earnings of a pipeline company, owning or operating a line or lines within this state, shall be computed and reported by said company upon such bases as the director may by rule require.

[C31, §7103-d8; C39, §7103.08; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §438.8]

438.9 Accounts — regulation.
The director of revenue may prescribe such rules with respect to the keeping of accounts by the pipeline companies doing business or having property in this state as will insure the accurate division of the accounts and the information to be reported, and uniformity in reporting the same to the department.

[C31, §7103-d9; C39, §7103.09; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §438.9]

438.10 Rules — promulgation.
The rules, method, and requirements herein provided to be made by the director of revenue shall be made and communicated in writing or printing to the said several pipeline companies, and shall be and become binding upon said pipeline companies as provided in chapter 17A; provided that the director shall have the power to prescribe supplemental or additional rules and requirements in the manner prescribed by chapter 17A.

[C31, §7103-d10; C39, §7103.10; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §438.10]
2003 Acts, ch 145, §286

438.11 Refusal to comply — penalty.
If any pipeline company shall fail or refuse to obey and conform to the rules, method, and requirements so made and prescribed by the director of revenue under the provisions of this chapter, or to make the reports herein provided, the department shall proceed to assess the property of such pipeline company so failing or refusing, according to the best
information obtainable, and shall then add to the department’s valuation of such pipeline company twenty-five percent thereof, which valuation and penalty shall be separately shown, and together shall constitute the assessment for that year.

438.12 Amended and explanatory statements.
The department of revenue may demand, in writing, detailed, explanatory, and amended statements of any of the items mentioned in section 438.3, or any other item deemed to be important, to be furnished to the department by such pipeline company within thirty days from such demand in such form as the department may designate, which shall be verified as required for the original statement. The returns, both original and amended, shall show such other facts as the department, in writing, shall require.

438.13 Basis of valuation and assessment.
The said property shall be valued at its actual value, and the assessments shall be made upon the taxable value of the entire pipeline property within the state, except as otherwise provided, and the actual and taxable value so ascertained shall be assessed as provided by section 441.21; and shall include the rights-of-way, easements, the pipelines, stations, grounds, shops, buildings, pumps, and all other property, real and personal exclusively used in the operation of such pipeline. In assessing said pipeline company and its equipment, the department of revenue shall take into consideration the gross earnings and the net earnings for the entire property, and per mile, for the year ending December 31 preceding, and any and all other matters necessary to enable the department to make a just and equitable assessment of said pipeline property.

Referred to in §443.22

438.14 Valuation and certification.
The department of revenue shall on or before October 31 each year determine the value of pipeline property located in each taxing district of the state, and in fixing the value shall take into consideration the structures, equipment, pumping stations, etc., located in the taxing district, and shall transmit to the county auditor of each such county through and into which any pipeline may extend, a statement showing the assessed value of the property in each of the taxing districts of the county. The property shall then be taxed in the county and lesser taxing districts, based upon the valuation so certified, in the same manner as in other property.

Referred to in §331.512, 438.15

438.15 Levy and collection of tax.
At the first meeting of the board of supervisors held after the statement of the department of revenue under section 438.14 is received by the county auditor, the board shall cause the same to be entered on its minute book, and make and enter in the minute book an order describing and stating the assessed value of each pipeline lying in each city, township, or lesser taxing district in its county, through or into which the pipeline extends, as fixed by the department of revenue, which shall constitute the assessed value of the property for taxing purposes; and the taxes on the property, when collected by the county treasurer, shall be disposed of as other taxes. The county auditor shall transmit a copy of the order to the council of the city, or the trustees of the township, as the case may be.

Referred to in §331.512
§438.16 Taxation procedure.
All such pipeline property shall be taxable upon said assessment at the same rates, by the
same officers, and for the same purpose as the property of individuals within such counties,
cities, towns, and lesser taxing districts.
[C31, 35, §7103-d16; C39, §7103.16; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §438.16]
Referred to in §331.512

§438.17 Nonpayment of tax — collection.
If said tax is not paid, the county treasurer shall collect the same by whatever method may
seem proper.
[C31, 35, §7103-d17; C39, §7103.17; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §438.17]

§438.18 Nonpayment of tax — effect.
If said tax is not paid within the fiscal year in which the same is due, the company shall not be permitted thereafter to use the public or private property of the state of Iowa, or to operate in Iowa for any purpose.
[C31, 35, §7103-d18; C39, §7103.18; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §438.18]

§438.19 Scope of chapter.
The provisions of this chapter shall not apply to a gas distributing plant or company located
entirely within any city and not a part of a pipeline transportation company. Such local
municipal plant shall be taxed in the municipality where located.
[C31, 35, §7103-d19; C39, §7103.19; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §438.19]
 CHAPTER 440
ASSESSMENT OF OMITTED PROPERTY

Referred to in §441.47

440.1 Definitions.
As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

2000 Acts, ch 1148, §1

440.2 Assessment of omitted property.
When the department of revenue is vested with the power and duty to assess property and an assessment has, for any reason, been omitted, the department shall proceed to assess the property at any time within two years from the date at which such assessment should have been made. The omitted assessment may apply to not more than the assessment year in which the omitted assessment is made and the prior assessment year. Chapter 429 shall apply to assessments of omitted property.

[C27, 31, 35; §7105-a1; C39, §7105.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §440.1] 97 Acts, ch 158, §36; 99 Acts, ch 174, §1, 7
C2001, §440.2

440.3 and 440.4 Repealed by 97 Acts, ch 158, §48. See chapter 429.

440.5 Procedure — penalty.
If it is made to appear that the property is assessable by the department of revenue as omitted property, the department shall proceed in the manner in which the department would have proceeded had the assessment not been omitted, except that the department shall find the value of the omitted property for each year during which it has been omitted but for not more than the two previous assessment years and shall add ten percent to each yearly value as a penalty.

Referred to in §440.6

440.6 Fraudulent withholding — penalty.
In case the property has been fraudulently withheld from assessment, the department of revenue may, in addition to the ten percent penalty under section 440.5, add any additional percent, not exceeding fifty percent.

440.7 Entry on tax books.
Should an assessment be made at such time in the year that, in the opinion of the department of revenue, said assessment cannot conveniently be entered on the current tax books, the department may direct that the assessment be entered on the first ensuing tax books.

§440.8, ASSESSMENT OF OMITTED PROPERTY

440.8 Delinquency.
A tax based on said assessment shall be deemed delinquent from and after its entry on the tax books.

ASSESSORS

441.1 Office of assessor created.
In every county in the state of Iowa the office of assessor is hereby created. A city having a population of ten thousand or more, according to the latest federal census, may by ordinance provide for the selection of a city assessor and for the assessment of property in the city under the provisions of this chapter. A city desiring to provide for assessment under the provisions of this chapter shall, not less than sixty days before the expiration of the term of the assessor in office, notify the taxing bodies affected and proceed to establish a conference board, examining board, and board of review and select an assessor, all as provided in this chapter. A city desiring to abolish the office of city assessor shall repeal the ordinance establishing the office of city assessor, notify the county conference board and the affected taxing districts, provide for the transfer of appropriate records and other matters, and provide for the abolition of the respective boards and the termination of the terms of office of the assessor and members of the respective boards. The abolition of the city assessor's office shall take effect on July 1 following notification of the abolition unless otherwise agreed to by the affected conference boards. If notification of the proposed abolition is made after January 1, sufficient funds shall be transferred from the city assessor’s budget to fund the additional responsibilities transferred to the county assessor for the next fiscal year.
[C50, 54, 58, §405A.1, 441.1; C62, 66, 71, 73, 75, §441.1, 441.51; C77, 79, 81, §441.1]
97 Acts, ch 22, §1

441.2 Conference board.
In each county and each city having an assessor there shall be established a conference board. In counties the conference board shall consist of the mayors of all incorporated cities in the county whose property is assessed by the county assessor, one representative from the board of directors of each high school district of the county, who is a resident of the county, said board of directors appointing said representative for a one-year term and notifying the clerk of the conference board as to their representative, and members of the board of supervisors. In cities having an assessor the conference board shall consist of the members of the city council, school board and county board of supervisors. In the counties the chairperson of the board of supervisors shall act as chairperson of the conference board, in cities having an assessor the mayor of the city council shall act as chairperson of the conference board. In any action taken by the conference board, the mayors of all incorporated cities in the county whose property is assessed by the county assessor shall constitute one voting unit, the members of the city board of education or one representative from the board of directors of each high school district of the county shall constitute one voting unit, the members of the city council shall constitute one voting unit, and the county board of supervisors shall constitute one voting unit, each unit having a single vote and no action shall be valid except by the vote of not less than two out of the three units. The majority vote of the members present of each unit shall determine the vote of the unit. The assessor shall be clerk of the conference board.

Referred to in §331.401

441.3 Examining board.
At a regular meeting of the conference board each voting unit of the conference board shall appoint one person who is a resident of the assessor jurisdiction to serve as a member of an examining board to hold an examination for the positions of assessor or deputy assessor. This examining board shall organize as soon as possible after its appointment with a chairperson and secretary. All its necessary expenditures shall be paid as provided. Members of the board shall serve without compensation. The terms of each shall be for six years.

§441.4 Removal of member.
A member of this examining board may be removed by the voting unit of the conference board by which the member was appointed but only after specific charges have been filed and a public hearing held, if a public hearing is requested by the discharged member of the board. Subsequent appointments and an appointment to fill a vacancy shall be made in the same way as the original appointment.

§441.5 Examination and certification of applicants — incumbents.
1. For the purpose of examining and certifying candidates for the positions of assessor and deputy assessor, the director of revenue shall prepare an examination and provide for an examination process. The director shall approve one or more examination locations and shall make a list of the approved locations available to applicants. Each applicant shall select an examination location from the list of approved locations. The director shall notify applicants of the date and time of the examination at least thirty days prior to the date of the examination.

2. These examinations shall be conducted by the director of revenue in the same manner as other similar examinations, including secrecy regarding questions prior to the examination and in accordance with other rules as may be prescribed by the director of revenue. The examination shall cover the following and related subjects:
   a. Laws pertaining to the assessment of property for taxation, with emphasis on market value assessment as provided in this chapter.
   b. Laws on tax exemption.
   c. Assessment of real estate and personal property, including market value assessment in accordance with this chapter and including fundamental principles and practices of property appraisal and valuation which are consistent with market value assessment as provided in this chapter.
   d. The rights of taxpayers and property owners related to the assessment of property for taxation.
   e. The duties of the assessor.
   f. Other items related to the position of assessor.

3. Only individuals who possess a high school diploma or its equivalent and who have completed the preliminary education requirements established under subsection 4 are eligible to take the examination. A person desiring to take the examination shall complete an application prior to the administration of the examination. Evidence of successful completion of the preliminary education requirements under subsection 4 shall be included with the application.

4. The director of revenue shall prescribe by rule preliminary education requirements, including a preliminary course of study, that each individual must successfully complete in order to be eligible to take the examination. The course of study prescribed by the director of revenue may include those subjects covered by the examination and listed under subsection 2 and any other subjects or courses the director of revenue deems relevant, including those courses offered and standards established by the international association of assessing officers.

5. The director of revenue shall grade the examination taken. The director shall notify each applicant of the score attained by the applicant on the examination. An individual who attains a score of seventy percent or greater on the examination is eligible to be certified by the director of revenue as a candidate for any assessor position. Any person who passes the examination and who possesses at least two years of appraisal related experience as determined by the director of revenue shall be granted regular certification and become eligible for appointment to a six-year term as assessor. Any person who passes the examination but who lacks such experience shall be granted temporary certification, and shall be eligible for a provisional appointment as assessor.

6. Any person possessing temporary certification who receives a provisional appointment as assessor shall, during the person’s first eighteen months in office, be required to complete a course of study prescribed and administered by the director of revenue. Upon the successful
completion of this course of study, the assessor shall be granted regular certification and shall be eligible to remain in office for the balance of the assessor’s six-year term. All expenses incurred in obtaining regular certification shall be defrayed by the assessment expense fund.

7. Following the administration of the examination, the director of revenue shall establish a register containing the names, in alphabetical order, of all individuals who are eligible for appointment as assessor. The test scores of individuals on the register shall be given to a city or county conference board upon request. All eligible individuals shall remain on the register for a period of two years following the date of certification granted by the director.

8. Incumbent assessors who have served six consecutive years shall be placed on the register of individuals eligible for appointment as assessor. In order to be appointed to the position of assessor, the assessor shall comply with the continuing education requirements. The number of credits required for certification as eligible for appointment as assessor in a jurisdiction other than where the assessor is currently serving shall be prorated according to the percentage of the assessor’s term which is covered by the continuing education requirements of section 441.8. The credit necessary for certification for appointment is the product of one hundred fifty multiplied by the quotient of the number of months served of an assessor’s term covered by the continuing education requirements of section 441.8 divided by seventy-two. If the number of credits necessary for certification for appointment as determined under this subsection results in a partial credit hour, the credit hour shall be rounded to the nearest whole number.

441.6 Appointment of assessor.

1. When a vacancy occurs in the office of city or county assessor, the examining board shall, within seven days of the occurrence of the vacancy, request the director of revenue to forward a register containing the names of all individuals eligible for appointment as assessor. The examining board may, at its own expense, conduct a further examination, either written or oral, of any person whose name appears on the register, and shall make written report of the examination and submit the report together with the names of those individuals certified by the director of revenue to the conference board within fifteen days after the receipt of the register from the director of revenue.

2. Upon receipt of the report of the examining board, the chairperson of the conference board shall by written notice call a meeting of the conference board to appoint an assessor. The meeting shall be held not later than seven days after the receipt of the report of the examining board by the conference board. At the meeting, the conference board shall appoint an assessor from the register of eligible candidates. However, if a special examination has not been conducted previously for the same vacancy, the conference board may request the director of revenue to hold a special examination pursuant to section 441.7. The chairperson of the conference board shall give written notice to the director of revenue of the appointment and its effective date within ten days of the decision of the board.

441.7 Special examination.

If the conference board fails to appoint an assessor from the list of individuals on the register, the conference board shall request permission from the director of revenue to hold a special examination in the particular city or county in which the vacancy has occurred. Permission may be granted by the director of revenue after consideration of factors such as the availability of candidates in that particular city or county. The director of revenue shall conduct no more than one special examination for each vacancy in an assessing jurisdiction.
The examination shall be conducted by the director of revenue as provided in section 441.5, except as otherwise provided in this section. The examining board shall give notice of holding the examination for assessor by posting a written notice in a conspicuous place in the county courthouse in the case of county assessors or in the city hall in the case of city assessors, stating that at a specified date, an examination for the position of assessor will be held at a specified place. Similar notice shall be given at the same time by one publication of the notice in three newspapers of general circulation in the case of a county assessor, or in case there are not three such newspapers in a county, then in newspapers which are available, or in one newspaper of general circulation in the case of a city assessor. The conference board of the city or county in which a special examination is held shall reimburse the department of revenue for all expenses incurred in the administration of the examination, to be paid for by the respective city or county assessment expense fund. Following the administration of this special examination, the director of revenue shall certify to the examining board a new list of candidates eligible to be appointed as assessor and the examining board and conference board shall proceed in accordance with the provisions of section 441.6.

Referred to in §441.6, 441.56

441.8 Term — continuing education — filling vacancy.

1. The term of office of an assessor appointed under this chapter shall be for six years. Appointments for each succeeding term shall be made in the same manner as the original appointment except that not less than ninety days before the expiration of the term of the assessor the conference board shall hold a meeting to determine whether or not it desires to reappoint the incumbent assessor to a new term. The conference board shall have the power to reappoint the incumbent assessor only if the incumbent assessor has satisfactorily completed the continuing education program provided for in this section. If the decision is made not to reappoint the assessor, the assessor shall be notified, in writing, of such decision not less than ninety days prior to the expiration of the assessor's term of office. Failure of the conference board to provide timely notification of the decision not to reappoint the assessor shall result in the assessor being reappointed.

2. a. The director of revenue shall develop and administer a program of continuing education which shall emphasize assessment and appraisal procedures, and the assessment laws of this state, and which shall include the subject matter specified in section 441.5.

b. The director of revenue shall establish, designate, or approve courses, workshops, seminars, or symposiums to be offered as part of the continuing education program, the content of these courses, workshops, seminars, or symposiums and the number of hours of classroom instruction for each. The director of revenue may provide that no more than thirty hours of tested credit may be received for the submission of a narrative appraisal approved by a professional appraisal society designated by the director. At least once each year the director of revenue shall evaluate the continuing education program and make necessary changes in the program.

3. Upon the successful completion of courses, workshops, seminars, a narrative appraisal or symposiums contained in the program of continuing education, as demonstrated by attendance at sessions of the courses, workshops, seminars or symposiums and, in the case of a course designated by the director of revenue, attaining a grade of at least seventy percent on an examination administered at the conclusion of the course, or the submission of proof that a narrative appraisal has been approved by a professional appraisal society designated by the director of revenue the assessor or deputy assessor shall receive credit equal to the number of hours of classroom instruction contained in those courses, workshops, seminars, or symposiums or the number of hours of credit specified by the director of revenue for a narrative appraisal. An assessor or deputy assessor shall not be allowed to obtain credit for a course, workshop, seminar, or symposium for which the assessor or deputy assessor has previously received credit during the current term or appointment except for those courses, workshops, seminars, or symposiums designated by the director of revenue. Only one
narrative appraisal may be approved for credit during the assessor’s or deputy assessor’s current term or appointment and credit shall not be allowed for a narrative appraisal approved by a professional appraisal society prior to the beginning of the assessor’s or deputy assessor’s current term or appointment. The examinations shall be confidential, except that the director of revenue and persons designated by the director may have access to the examinations.

4. Upon receiving credit equal to one hundred fifty hours of classroom instruction during the assessor’s current term of office of which at least ninety of the one hundred fifty hours are from courses requiring an examination upon conclusion of the course, the director of revenue shall certify to the assessor’s conference board that the assessor is eligible to be reappointed to the position. For persons appointed to complete an unexpired term, the number of credits required to be certified as eligible for reappointment shall be prorated according to the amount of time remaining in the present term of the assessor. If the person was an assessor in another jurisdiction, the assessor may carry forward any credit hours received in the previous position in excess of the number that would be necessary to be considered current in that position. Upon written request by the person seeking a waiver of the continuing education requirements, the director may waive the continuing education requirements if the director determines good cause exists for the waiver.

5. Within each six-year period following the appointment of a deputy assessor, the deputy assessor shall comply with this section except that upon the successful completion of ninety hours of classroom instruction of which at least sixty of the ninety hours are from courses requiring an examination upon conclusion of the course, the deputy assessor shall be certified by the director of revenue as being eligible to remain in the position. If a deputy assessor fails to comply with this section, the deputy assessor shall be removed from the position until successful completion of the required hours of credit. If a deputy is appointed to the office of assessor, the hours of credit obtained as deputy pursuant to this section shall be credited to that individual as assessor and for the individual to be reappointed at the expiration of the term as assessor, that individual must obtain the credits which are necessary to total the number of hours for reappointment. Upon written request by the person seeking a waiver of the continuing education requirements, the director may waive the continuing education requirements if the director determines good cause exists for the waiver.

6. Each conference board shall include in the budget for the operation of the assessor’s office funds sufficient to enable the assessor and any deputy assessor to obtain certification as provided in this section. The conference board shall also allow the assessor and any deputy assessor sufficient time off from their regular duties to obtain certification. The director of revenue shall adopt rules pursuant to chapter 17A to implement and administer this section.

7. If the incumbent assessor is not reappointed as provided in this section, then not less than sixty days before the expiration of the term of said assessor, a new assessor shall be selected as provided in section 441.6.

8. In the event of the removal, resignation, death, or removal from the county of the said assessor, the conference board shall proceed to fill the vacancy by appointing an assessor to serve the unexpired term in the manner provided in section 441.6. Until the vacancy is filled, the chief deputy shall act as assessor, and in the event there be no deputy, in the case of counties the auditor shall act as assessor and in the case of cities having an assessor the city clerk shall act as assessor.

441.9 Removal of assessor.

The assessor may be removed by a majority vote of the conference board, after charges of misconduct, nonfeasance, malfeasance, or misfeasance in office are substantiated at a public hearing, if a hearing is demanded by the assessor by written notice served upon the chairperson of the conference board. For purposes of this section, “misconduct” includes
but is not limited to knowingly engaging in assessment methods, practices, or conduct that contravene any applicable law, administrative rule, or order of any court or other government authority.

Section amended

441.10 Deputies — examination and appointment — suspension or discharge.

1. Immediately after the appointment of the assessor, and at other times as the conference board directs, one or more deputy assessors may be appointed by the assessor. Each appointment shall be made from either the list of eligible candidates provided by the director of revenue, which shall contain only the names of those persons who achieve a score of seventy percent or greater on the examination administered by the director of revenue, or the list of candidates eligible for appointment as city or county assessor. Examinations for the position of deputy assessor shall be conducted in the same manner as examinations for the position of city or county assessor.

2. The director of revenue shall prescribe by rule deputy assessor preliminary education requirements, including a preliminary course of study, that each individual must successfully complete in order to be eligible to take the deputy assessor examination. The course of study prescribed by the director of revenue may include those subjects covered by the examination and any other subjects or courses the director of revenue deems relevant, including those courses offered and standards established by the international association of assessing officers. Evidence of successful completion of the deputy assessor preliminary education requirements shall be included with the application to take the deputy assessor examination.

3. Following the administration of the examination, the director of revenue shall establish a register containing the names, in alphabetical order, of all individuals who are eligible for appointment as a deputy assessor. The test scores of individuals on the register shall be given to a city or county conference board upon request. All eligible individuals shall remain on the register for a period of two years following the date of certification granted by the director.

4. Incumbent deputy assessors who have served six consecutive years shall be placed on the register of individuals eligible for appointment as deputy assessor. In order to be appointed to the position of deputy assessor, the deputy assessor shall comply with the continuing education requirements. The number of credits required for certification as eligible for appointment as a deputy assessor in a jurisdiction other than where the deputy assessor is currently serving shall be prorated according to the percentage of the deputy assessor’s term which is covered by the continuing education requirements of section 441.8. The credit necessary for certification for appointment is the product of ninety multiplied by the quotient of the number of months served of a deputy assessor’s term covered by the continuing education requirements of section 441.8 divided by seventy-two. If the number of credits necessary for certification for appointment as determined under this subsection results in a partial credit hour, the credit hour shall be rounded to the nearest whole number.

5. The assessor may peremptorily suspend or discharge any deputy assessor under the assessor’s direction upon written charges for neglect of duty, disobedience of orders, misconduct, or failure to properly perform the deputy assessor’s duties. Within five days after delivery of written charges to the employee, the deputy assessor may appeal by written notice to the secretary or chairperson of the examining board. The board shall grant the deputy assessor a hearing within fifteen days, and a decision by a majority of the examining board is final. The assessor shall designate one of the deputies as chief deputy, and the
assessor shall assign to each deputy the duties, responsibilities, and authority as is proper
for the efficient conduct of the assessor’s office.

occurring on or after that date; 2017 Acts, ch 151, §30

441.11 Incumbent deputy assessors.
A deputy assessor shall be considered eligible to remain in the deputy’s present position
provided continuing education requirements are met. To become eligible for another
deputy assessor position, a deputy assessor presently holding office is required to obtain
certification as provided for in sections 441.5 and 441.10. The number of credit hours
required for certification as eligible for appointment as a deputy in a jurisdiction other than
where the deputy is currently serving shall be prorated according to the completed portion
of the deputy’s six-year continuing education period.

441.12 Reserved.

441.13 Office personnel.
Other office personnel shall be appointed by the assessor subject to the limitations of the
annual budget as hereinafter provided. The assessor shall select field persons, so far as
possible, from the eligible list of deputy assessors. Their compensation shall be fixed as
provided in section 441.16. They shall serve at the pleasure of the assessor.

441.14 Reserved.

441.15 Bond.
Assessors and deputy assessors shall be required to furnish bond for the performance of
their duties in such amount as the conference board may require and the cost thereof shall
be provided for in the budget of the assessor and paid out of the assessment expense fund.

441.16 Budget — assessment expense fund.
1. All expenditures under this chapter shall be paid as provided in this section.
2. a. Not later than January 1 of each year the assessor, the examining board, and the
board of review shall each prepare a proposed budget of all expenses for the ensuing fiscal
year. The assessor shall include in the proposed budget the probable expenses for defending
assessment appeals. Said budgets shall be combined by the assessor and copies of the
budgets forthwith filed by the assessor in triplicate with the chairperson of the conference
board.

b. The combined budgets shall contain an itemized list of the proposed salaries of the
assessor and each deputy; the amount required for field personnel and other personnel,
their number, and their compensation; the estimated amount needed for expenses, printing,
mileage, and other expenses necessary to operate the assessor’s office; the estimated
expenses of the examining board; and the salaries and expenses of the local board of review.
3. a. Each fiscal year the chairperson of the conference board shall, by written notice,
call a meeting of the conference board to consider the proposed budget and to comply with
section 24.9.

b. At such meeting the conference board shall authorize:

1) The number of deputies, field personnel, and other personnel of the assessor’s office.
§441.16, ASSESSMENT AND VALUATION OF PROPERTY

(2) The salaries and compensation of members of the board of review, the assessor, chief deputy, other deputies, field personnel, and other personnel, and determine the time and manner of payment.

(3) The miscellaneous expenses of the assessor’s office, the board of review, and the examining board, including office equipment, records, supplies, and other required items.

(4) The estimated expense of assessment appeals. All such expense items shall be included in the budget adopted for the ensuing year.

4. All tax levies and expenditures provided for herein shall be subject to the provisions of chapter 24 and the conference board is hereby declared to be the certifying board.

5. a. Any tax for the maintenance of the office of assessor and other assessment procedure shall be levied only upon the property in the area assessed by the assessor, and such tax levy shall not exceed sixty-seven and one-half cents per thousand dollars of assessed value in the assessing area. The county treasurer shall credit the sums received from such levy to a separate fund to be known as the assessment expense fund and from which fund all expenses incurred under this chapter shall be paid. In the case of a county where there is more than one assessor the treasurer shall maintain separate assessment expense funds for each assessor.

b. The county auditor shall keep a complete record of said funds and shall issue warrants thereon only on requisition of the assessor.

6. The assessor shall not issue requisitions so as to increase the total expenditures budgeted for the operation of the assessor’s office. However, for purposes of promoting operational efficiency, the assessor shall have authority to transfer funds budgeted for specific items for the operation of the assessor’s office from one unexpended balance to another; such transfer shall not be made so as to increase the total amount budgeted for the operation of the office of assessor, and no funds shall be used to increase the salary of the assessor or the salaries of permanent deputy assessors. The assessor shall issue requisitions for the examining board and for the board of review on order of the chairperson of each board and for costs and expenses incident to assessment appeals, only on order of the city legal department, in the case of cities and of the county attorney in the case of counties.

7. Unexpended funds remaining in the assessment expense fund at the end of a year shall be carried forward into the next year.

DUTIES

441.17 Duties of assessor.

The assessor shall:

1. Devote full time to the duties of the assessor’s office and shall not engage in any occupation or business interfering or inconsistent with such duties. This subsection does not preclude an assessor from being a candidate for elective office during the term of appointment as assessor. If an assessor is elected to a city or county office, to a statewide elective office, or to the general assembly, the assessor shall resign as assessor before the beginning of the term of the office to which the assessor was elected.

2. Cause to be assessed, in accordance with section 441.21, all the property in the assessor’s county or city, except property exempt from taxation, or the assessment of which is otherwise provided for by law.

3. Have access to all public records of the county and, so far as practicable, make or cause to be made a careful examination of all such records and files in order to obtain all available information which may contribute to the accurate listing at its taxable value, and to the proper persons, of all property subject to assessment by the assessor.

4. Cooperate with the director of revenue as may be necessary or required, and obey and
execute all orders, directions, and instructions of the director of revenue, insofar as the same may be required by law.

5. a. Have power to apply to the district court of the county for an order to examine witnesses and requiring the production of books and records of any person, firm, association or corporation within the county, whenever the assessor has reason to believe that such person, firm, association or corporation has not listed property as provided by law. The proceeding for the examination of witnesses and examination of the books and records of any such taxpayer, to determine the existence of taxable property, shall be instituted and conducted in the manner provided for the discovery of property under the provisions of chapter 630. The court shall make an appropriate finding as to the existence of taxable property not listed. All taxable property discovered thereby shall thereupon be assessed by the assessor in the manner provided by law.

b. In all cases where the court finds that the taxpayer has not listed the taxpayer’s property, as provided by law, and in all hearings where the court decides a matter against the taxpayer, the costs shall be paid by the taxpayer, otherwise they shall be paid out of the assessment expense fund. The fees and mileage to be paid witnesses shall be the same as prescribed by law in proceedings in the district courts of this state in civil cases. Where the costs are taxed to the taxpayer they shall be added to the taxes assessed against said taxpayer and the taxpayer’s property and shall be collected in the same manner as are other taxes.

6. Make up all assessor’s books and records as prescribed by the director of revenue, turn the completed assessor’s books and records required for the preparation of the tax list over to the county auditor each year when the board of review has concluded its hearings and the county auditor shall proceed with the preparation of the current year tax list and the assessor shall cooperate with the auditor in the preparation of the tax lists.

7. Submit on or before May 1 of each year completed assessment rolls to the board of review.

8. Lay before the board of review such information as the assessor may possess which will aid said board in performing its duties in adjusting the assessments to the valuations required by law.

9. Furnish to the department of revenue any information which the assessor may have relative to the ownership of any property that may be assessable within this state, but not assessable or subject to being listed for taxation by the assessor.

10. Measure the exterior length and exterior width of all mobile homes and manufactured homes except those for which measurements are contained in the manufacturer’s and importer’s certificate of origin, and report the information to the county treasurer. Check all manufactured or mobile homes for inaccuracy of measurements as necessary or upon written request of the county treasurer and report the findings immediately to the county treasurer. The assessor shall make frequent inspections and checks within the assessor jurisdiction of all manufactured or mobile homes and manufactured home communities or mobile home parks and make all the required and needed reports to carry out the purposes of this section.

11. Cause to be assessed for taxation property which the assessor believes has been erroneously exempted from taxation. Revocation of a property tax exemption shall commence with the assessment for the current assessment year, and shall not be applied to prior assessment years.

**§441.18 Listing and valuation.**

Each assessor shall, with the assistance of each person assessed, or who may be required by law to list property belonging to another, enter upon the assessment rolls the several items of property required to be entered for assessment. The assessor shall personally affix values to all property assessed by the assessor.

**§441.19 Owner to assist — provisions for assessment.**

1. The assessor shall list every person in the assessor’s county or city as the case may be and assess all the property in the county or city, except property exempted or otherwise assessed. A person who refuses to assist in making out a list of the person's property, or of any property which the person is by law required to assist in listing, is guilty of a simple misdemeanor.

   a. Supplemental and optional to the procedure for the assessment of property by the assessor as provided in this chapter, the assessor may require from all persons required to list their property for taxation as provided by sections 428.1 and 428.2, a supplemental return to be prescribed by the director of revenue upon which the person shall list the person's property. The supplemental return shall be in substantially the same form as now prescribed by law for the assessment rolls used in the listing of property by the assessors. However, for assessment years beginning on or after January 1, 2018, and unless otherwise required for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438, a supplemental return shall not request, and a person shall not be otherwise required to provide to the assessor for property assessment purposes, sales or receipts data, expense data, balance sheets, bank account information, or other data related to the financial condition of a business operating in whole or in part on the property if the property is both classified as commercial or industrial property and owned and used by the owner of the business. Every person required to list property for taxation shall make a complete listing of the property upon supplemental forms and return the listing to the assessor as promptly as possible. The return shall be verified over the signature of the person making the return and section 441.25 applies to any person making such a return. The assessor shall make supplemental return forms available as soon as practicable after the first day of January of each year. The assessor shall make supplemental return forms available to the taxpayer by mail, or at a designated place within the taxing district.

   b. Upon receipt of such supplemental return from any person the assessor shall prepare a roll assessing such person as hereinafter provided. In the preparation of such assessment roll the assessor shall be guided not only by the information contained in such supplemental roll, but by any other information the assessor may have or which may be obtained by the assessor as prescribed by the law relating to the assessment of property. The assessor shall not be bound by any values as listed in such supplemental return, and may include in the assessment roll any property omitted from the supplemental return which in the knowledge and belief of the assessor should be listed as required by law by the person making the supplemental return. Upon completion of such roll the assessor shall deliver to the person submitting such supplemental return a copy of the assessment roll, either personally or by mail.

   c. Any taxpayer aggrieved by the action of the assessor in the preparation of an assessment roll upon which a supplemental return has been made shall have the same rights and privileges of appeal as provided by law in connection with the assessment rolls prepared in entirety by the assessor, but no assessment rolls prepared by the assessor after receiving a supplemental return shall be deemed insufficient or invalid because of the fact that such assessment roll does not bear the signature of the person assessed, and the signature of the person listing property upon the supplemental return shall be deemed a signature on the roll as prepared by the assessor.

   d. The supplemental returns provided for in this section shall be preserved in the same manner as assessment rolls, but shall be confidential to the assessor, board of review, property assessment appeal board, or director of revenue, and shall not be open to public inspection, but any final assessment roll as made out by the assessor shall be a public record, provided
that such supplemental return shall be available to counsel of either the person making the return or of the public, in case any appeal is taken to the board of review, to the property assessment appeal board, or to the court.

e. In the event of failure of any person required to list property to make a supplemental return, as required herein, on or before the fifteenth day of February of any year when such listing is required, the assessor shall proceed in the listing and assessment of the person’s property as provided by this chapter, and no person subject to taxation shall be relieved of the person’s obligation to list the person’s property through failure to make a supplemental return as herein provided, and any roll prepared by the assessor after receiving a supplemental return or when prepared in accordance with other provisions of this chapter, shall be a valid assessment.

f. The provisions of this chapter relating to assessment rolls shall be applicable to the preparation of rolls upon which a supplemental return has been received, insofar as they are not in conflict with the provision of this section.

2. On or before February 15 of each year, each owner of industrial real estate shall submit to the local assessor a report listing by year of acquisition and by acquisition cost the owner’s machinery as described in section 427A.1, subsection 1, paragraph “e”, and specifying any machinery added or removed during the preceding assessment year. A report containing an itemized list of machinery by year of acquisition and by acquisition cost shall be required only when deemed necessary by the assessor. The reports shall be submitted on forms prescribed by the director of revenue or on forms submitted by the taxpayer and approved by the assessor which forms shall contain the same information as is required to be reported on forms prescribed by the director. If a person shall knowingly enter false information on the report, the person shall be guilty of a simple misdemeanor. Also, if a person refuses to file the report provided for in this subsection, the assessor shall proceed in accordance with the provisions of section 441.24.

441.21 Actual, assessed, and taxable value.

1. a. All property subject to taxation shall be valued at its actual value which shall be entered opposite each item, and, except as otherwise provided in this section, shall be assessed at one hundred percent of its actual value, and the value so assessed shall be taken and considered as the assessed value and taxable value of the property upon which the levy shall be made.

b. (1) The actual value of all property subject to assessment and taxation shall be the fair and reasonable market value of such property except as otherwise provided in this section. “Market value” is defined as the fair and reasonable exchange in the year in which the property is listed and valued between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and each being familiar with all the facts relating to the particular property. Sale prices of the property or comparable property in normal transactions reflecting market value, and the probable availability or unavailability of persons interested in purchasing the property, shall be taken into consideration in arriving at its market value. In arriving at market value, sale prices of property in abnormal transactions not reflecting market value shall not be taken into account, or shall be adjusted to eliminate the effect of factors which distort market value, including but not limited to sales to immediate family of the seller, foreclosure or other forced sales, contract sales, discounted purchase transactions or purchase of adjoining land or other land to be operated as a unit.

(2) The actual value of special purpose tooling, which is subject to assessment and taxation as real property under section 427A.1, subsection 1, paragraph “e”, but which can
be used only to manufacture property which is protected by one or more United States or
foreign patents, shall not exceed the fair and reasonable exchange value between a willing
buyer and a willing seller, assuming that the willing buyer is purchasing only the special
purpose tooling and not the patent covering the property which the special purpose tooling is
designed to manufacture nor the rights to manufacture the patented property. For purposes
of this subparagraph, special purpose tooling includes dies, jigs, fixtures, molds, patterns,
and similar property. The assessor shall not take into consideration the special value or use
value to the present owner of the special purpose tooling which is designed and intended
solely for the manufacture of property protected by a patent in arriving at the actual value
of the special purpose tooling.

c. In assessing and determining the actual value of special purpose industrial property
having an actual value of five million dollars or more, the assessor shall equalize the values of
such property with the actual values of other comparable special purpose industrial property
in other counties of the state. Such special purpose industrial property includes, but is not
limited to chemical plants. If a variation of ten percent or more exists between the actual
values of comparable industrial property having an actual value of five million dollars or more
located in separate counties, the assessors of the counties shall consult with each other and
with the department of revenue to determine if adequate reasons exist for the variation. If no
adequate reasons exist, the assessors shall make adjustments in the actual values to provide
for a variation of ten percent or less. For the purposes of this paragraph, special purpose
industrial property includes structures which are designed and erected for operation of a
unique and special use, are not rentable in existing condition, and are incapable of conversion
to ordinary commercial or industrial use except at a substantial cost.

d. Actual value of property in one assessing jurisdiction shall be equalized as compared
with actual value of property in an adjoining assessing jurisdiction. If a variation of five
percent or more exists between the actual values of similar, closely adjacent property in
adjoining assessing jurisdictions in Iowa, the assessors thereof shall determine whether
adequate reasons exist for such variation. If no such reasons exist, the assessors shall make
adjustments in such actual values to reduce the variation to five percent or less.

e. The actual value of agricultural property shall be determined on the basis of productivity
and net earning capacity of the property determined on the basis of its use for agricultural
purposes capitalized at a rate of seven percent and applied uniformly among counties and
among classes of property. Any formula or method employed to determine productivity and
net earning capacity of property shall be adopted in full by rule.

f. In counties or townships in which field work on a modern soil survey has been completed
since January 1, 1949, the assessor shall place emphasis upon the results of the survey in
spreading the valuation among individual parcels of such agricultural property.

g. Notwithstanding any other provision of this section, the actual value of any property
shall not exceed its fair and reasonable market value, except agricultural property which shall
be valued exclusively as provided in paragraph “e” of this subsection.

h. The assessor shall determine the value of real property in accordance with rules
adopted by the department of revenue and in accordance with forms and guidelines
contained in the real property appraisal manual prepared by the department as updated
from time to time. Such rules, forms, and guidelines shall not be inconsistent with or change
the means, as provided in this section, of determining the actual, market, taxable, and
assessed values.

i. (1) If the department finds that a city or county assessor is not in compliance with
the rules of the department relating to valuation of property or has disregarded the forms
and guidelines contained in the real property appraisal manual, the department shall notify
the assessor and each member of the conference board for the appropriate assessing
jurisdiction. The notice shall be mailed by restricted certified mail. The notice shall specify
the areas of noncompliance and the steps necessary to achieve compliance. The notice shall
also inform the assessor and conference board that if compliance is not achieved, a penalty
may be imposed.

(2) The conference board shall respond to the department within thirty days of receipt of
the notice of noncompliance. The conference board may respond to the notice by asserting
that the assessor is in compliance with the rules, guidelines, and forms of the department or by informing the department that the conference board intends to submit a plan of action to achieve compliance. If the conference board responds to the notification by asserting that the assessor is in compliance, a hearing before the director of revenue shall be scheduled on the matter. Judicial review of the decision of the director of revenue may be sought by the conference board in accordance with chapter 17A.

(3) A plan of action shall be submitted within sixty days of receipt of the notice of noncompliance. The plan shall contain a time frame under which compliance shall be achieved which shall be no later than January 1 of the following assessment year. The plan of action shall contain the signature of the assessor and of the chairperson of the conference board. The department shall review the plan to determine whether the plan is sufficient to achieve compliance. Within thirty days of receipt of the plan, the department shall notify the assessor and the chairperson of the conference board that it has accepted the plan or that it is necessary to submit an amended plan of action.

(4) By January 1 of the assessment year following the calendar year in which the plan was submitted to the department, the conference board shall submit a report to the department indicating that the plan of action was followed and compliance has been achieved. The department may conduct a field inspection to ensure that the assessor is in compliance. By January 31, the department shall notify the assessor and the conference board, by restricted certified mail, either that compliance has been achieved or that the assessor remains in noncompliance. If the department determines that the assessor remains in noncompliance, the department shall take steps to withhold up to five percent of the reimbursement payment authorized in section 425.1 until the department of revenue determines that the assessor is in compliance.

(5) If the conference board disputes the determination of the department, the chairperson of the conference board may appeal the determination to the director of revenue within thirty days from the date of the notice that the assessor remains in noncompliance. The director of revenue shall grant a hearing, and upon hearing shall determine the correctness of the department’s determination of noncompliance. The director of revenue shall notify the conference board of the decision by mail. Judicial review of the decision of the director of revenue may be sought by the chairperson of the conference board in accordance with chapter 17A.

(6) The department shall adopt rules relating to the administration of this paragraph “i”.

2. In the event market value of the property being assessed cannot be readily established in the foregoing manner, then the assessor may determine the value of the property using the other uniform and recognized appraisal methods including its productive and earning capacity, if any, industrial conditions, its cost, physical and functional depreciation and obsolescence and replacement cost, and all other factors which would assist in determining the fair and reasonable market value of the property but the actual value shall not be determined by use of only one such factor. The following shall not be taken into consideration: Special value or use value of the property to its present owner, and the goodwill or value of a business which uses the property as distinguished from the value of the property as property. In addition, for assessment years beginning on or after January 1, 2018, and unless otherwise required for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438, the assessor shall not take into consideration and shall not request from any person sales or receipts data, expense data, balance sheets, bank account information, or other data related to the financial condition of a business operating in whole or in part on the property if the property is both classified as commercial or industrial property and owned and used by the owner of the business. However, in assessing property that is rented or leased to low-income individuals and families as authorized by section 42 of the Internal Revenue Code, as amended, and which section limits the amount that the individual or family pays for the rental or lease of units in the property, the assessor shall, unless the owner elects to withdraw the property from the assessment procedures for section 42 property, use the productive and earning capacity from the actual rents received as a method of appraisal and shall take into account the extent to which that use and limitation reduces the market value of the property. The assessor shall not consider any tax credit
§441.21, ASSESSMENT AND VALUATION OF PROPERTY

equity or other subsidized financing as income provided to the property in determining the assessed value. The property owner shall notify the assessor when property is withdrawn from section 42 eligibility under the Internal Revenue Code or if the owner elects to withdraw the property from the assessment procedures for section 42 property under this subsection. The property shall not be subject to section 42 assessment procedures for the assessment year for which section 42 eligibility is withdrawn or an election is made. This notification must be provided to the assessor no later than March 1 of the assessment year or the owner will be subject to a penalty of five hundred dollars for that assessment year. The penalty shall be collected at the same time and in the same manner as regular property taxes. An election to withdraw from the assessment procedures for section 42 property is irrevocable. Property that is withdrawn from the assessment procedures for section 42 property shall be classified and assessed as multiresidential property unless the property otherwise fails to meet the requirements of subsection 13. Upon adoption of uniform rules by the department of revenue or succeeding authority covering assessments and valuations of such properties, the valuation on such properties shall be determined in accordance with such rules and in accordance with forms and guidelines contained in the real property appraisal manual prepared by the department as updated from time to time for assessment purposes to assure uniformity, but such rules, forms, and guidelines shall not be inconsistent with or change the foregoing means of determining the actual, market, taxable and assessed values.

3. a. “Actual value”, “taxable value”, or “assessed value” as used in other sections of the Code in relation to assessment of property for taxation shall mean the valuations as determined by this section; however, other provisions of the Code providing special methods or formulas for assessing or valuing specified property shall remain in effect, but this section shall be applicable to the extent consistent with such provisions. The assessor and department of revenue shall disclose at the written request of the taxpayer all information in any formula or method used to determine the actual value of the taxpayer’s property.

b. (1) For assessment years beginning before January 1, 2018, the burden of proof shall be upon any complainant attacking such valuation as excessive, inadequate, inequitable, or capricious. However, in protest or appeal proceedings when the complainant offers competent evidence by at least two disinterested witnesses that the market value of the property is less than the market value determined by the assessor, the burden of proof thereafter shall be upon the officials or persons seeking to uphold such valuation to be assessed.

(2) For assessment years beginning on or after January 1, 2018, the burden of proof shall be upon any complainant attacking such valuation as excessive, inadequate, inequitable, or capricious. However, in protest or appeal proceedings when the complainant offers competent evidence that the market value of the property is different than the market value determined by the assessor, the burden of proof thereafter shall be upon the officials or persons seeking to uphold such valuation to be assessed.

(3) If the classification of a property has been previously adjudicated by the property assessment appeal board or a court as part of an appeal under this chapter, there is a presumption that the classification of the property has not changed for each of the four subsequent assessment years, unless a subsequent such adjudication of the classification of the property has occurred, and the burden of demonstrating a change in use shall be upon the person asserting a change to the property’s classification.

4. For valuations established as of January 1, 1979, the percentage of actual value at which agricultural and residential property shall be assessed shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus six percent of the amount so determined. However, if the difference between the dividend so determined for either class of property and the dividend for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the
amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is less than six percent, the 1979 dividend for the other class of property shall be the dividend as determined for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus a percentage of the amount so determined which is equal to the percentage by which the dividend as determined for the other class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is increased in arriving at the 1979 dividend for the other class of property. The divisor for each class of property shall be the total actual value of all such property in the state in the preceding year, as reported by the assessors on the abstracts of assessment submitted for 1978, plus the amount of value added to said total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. The director shall utilize information reported on abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, and each assessment year thereafter beginning before January 1, 2013, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which agricultural and residential property shall be assessed shall be calculated in accordance with the methods provided in this subsection, including the limitation of increases in agricultural and residential assessed values to the percentage increase of the other class of property if the other class increases less than the allowable limit adjusted to include the applicable and current values as equalized by the director of revenue, except that any references to six percent in this subsection shall be four percent. For valuations established as of January 1, 2013, and each assessment year thereafter, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which agricultural and residential property shall be assessed shall be calculated in accordance with the methods provided in this subsection, including the limitation of increases in agricultural and residential assessed values to the percentage increase of the other class of property if the other class increases less than the allowable limit adjusted to include the applicable and current values as equalized by the department of revenue, except that any references to six percent in this subsection shall be three percent.

5. a. For valuations established as of January 1, 1979, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be considered as one class of property and shall be assessed as a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1978 by the department of revenue, plus ten percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be the valuation established for 1978, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1979. For valuations established as of January 1, 1980, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed at a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1979 by the department of revenue, plus eight percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be the valuation established for 1979, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue
as of January 1, 1980. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value at which property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to ten percent in this subsection shall be eight percent. For valuations established on or after January 1, 2013, property valued by the department of revenue pursuant to chapter 434 shall be assessed at a percentage of its actual value equal to the percentage of actual value at which property assessed as commercial property is assessed under paragraph “b” for the same assessment year.

b. For valuations established on or after January 1, 2013, commercial property, excluding properties referred to in section 427A.1, subsection 9, shall be assessed at a percentage of its actual value, as determined in this paragraph “b”. For valuations established for the assessment year beginning January 1, 2013, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which commercial property shall be assessed shall be ninety-five percent. For valuations established for the assessment year beginning January 1, 2014, and each assessment year thereafter, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which commercial property shall be assessed shall be ninety percent.

c. For valuations established on or after January 1, 2013, industrial property, excluding properties referred to in section 427A.1, subsection 9, shall be assessed at a percentage of its actual value, as determined in this paragraph “c”. For valuations established for the assessment year beginning January 1, 2013, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which industrial property shall be assessed shall be ninety-five percent. For valuations established for the assessment year beginning January 1, 2014, and each assessment year thereafter, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which industrial property shall be assessed shall be ninety percent.

d. For valuations established for the assessment year beginning January 1, 2019, and each assessment year thereafter, the percentages of actual value at which property is assessed, as determined under this subsection, shall not be applied to the value of wind energy conversion property valued under section 427B.26 the construction of which is approved by the Iowa utilities board on or after July 1, 2018.

6. Beginning with valuations established as of January 1, 1978, the assessors shall report the aggregate taxable values and the number of dwellings located on agricultural land and the aggregate taxable value of all other structures on agricultural land. Beginning with valuations established as of January 1, 1981, the agricultural dwellings located on agricultural land shall be valued at their market value as defined in this section and agricultural dwellings shall be valued as rural residential property and shall be assessed at the same percentage of actual value as is all other residential property.

7. a. For the purpose of computing the debt limitations for municipalities, political subdivisions, and school districts, the term “actual value” means the “actual value” as determined by subsections 1 through 3 without application of any percentage reduction and entered opposite each item, and as listed on the tax list as provided in section 443.2 as “actual value”.

b. Whenever any board of review or other tribunal changes the assessed value of property, all applicable records of assessment shall be adjusted to reflect such change in both assessed value and actual value of such property.

8. a. Any normal and necessary repairs to a building, not amounting to structural replacements or modification, shall not increase the taxable value of the building. This paragraph applies only to repairs of two thousand five hundred dollars or less per building per year.

b. Notwithstanding paragraph “a”, any construction or installation of a solar energy system on property classified as agricultural, residential, commercial, multiresidential, or industrial property shall not increase the actual, assessed, and taxable values of the property for five full assessment years.

c. As used in this subsection, “solar energy system” means either of the following:
(1) A system of equipment capable of collecting and converting incident solar radiation or wind energy into thermal, mechanical or electrical energy and transforming these forms of energy by a separate apparatus to storage or to a point of use which is constructed or installed after January 1, 1978.

(2) A system that uses the basic design of the building to maximize solar heat gain during the cold season and to minimize solar heat gain in the hot season and that uses natural means to collect, store, and distribute solar energy which is constructed or installed after January 1, 1981.

d. In assessing and valuing the property for tax purposes, the assessor shall disregard any market value added by a solar energy system to a building. The director of revenue shall adopt rules, after consultation with the economic development authority, specifying the types of equipment and structural components to be included under the guidelines provided in this subsection.

9. Not later than November 1, 1979, and November 1 of each subsequent year, the director shall certify to the county auditor of each county the percentages of actual value at which residential property, agricultural property, commercial property, industrial property, multiresidential property, property valued by the department of revenue pursuant to chapter 434, and property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 in each assessing jurisdiction in the county shall be assessed for taxation. The county auditor shall proceed to determine the assessed values of agricultural property, residential property, commercial property, industrial property, multiresidential property, property valued by the department of revenue pursuant to chapter 434, and property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 by applying such percentages to the current actual value of such property, as reported to the county auditor by the assessor, and the assessed values so determined shall be the taxable values of such properties upon which the levy shall be made.

10. The percentage of actual value computed by the department of revenue for agricultural property, residential property, commercial property, industrial property, multiresidential property, property valued by the department of revenue pursuant to chapter 434, and property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 and used to determine assessed values of those classes of property does not constitute a rule as defined in section 17A.2, subsection 11.

11. Beginning with valuations established on or after January 1, 1995, as used in this section, “residential property” includes all land and buildings of multiple housing cooperatives organized under chapter 499A and includes land and buildings used primarily for human habitation which land and buildings are owned and operated by organizations that have received tax-exempt status under section 501(c)(3) of the Internal Revenue Code and rental income from the property is not taxed as unrelated business income under section 422.33, subsection 1A.

12. As used in this section, unless the context otherwise requires, “agricultural property” includes all of the following:

   a. Beginning with valuations established on or after January 1, 2002, the real estate of a vineyard and buildings used in connection with the vineyard, including any building used for processing wine if such building is located on the same parcel as the vineyard.

   b. Beginning with valuations established on or after January 1, 2013, real estate used directly in the cultivation and production of algae for harvesting as a crop for animal feed, food, nutritional, or biofuel production. The real estate must be an enclosed pond or land containing a photobioreactor.

13. a. (1) For the assessment year beginning January 1, 2015, mobile home parks, manufactured home communities, land-leased communities, assisted living facilities, property primarily used or intended for human habitation containing three or more separate dwelling units, and that portion of a building that is used or intended for human habitation and a proportionate share of the land upon which the building is situated, regardless of the number of dwelling units located in the building, if the use for human habitation is not the primary use of the building and such building is not otherwise classified as residential property, shall be valued as a separate class of property known as multiresidential property.
and, excluding properties referred to in section 427A.1, subsection 9, shall be assessed at a percentage of its actual value, as determined in this subsection.

(2) Beginning with valuations established on or after January 1, 2016, all of the following shall be valued as a separate class of property known as multiresidential property and, excluding properties referred to in section 427A.1, subsection 9, shall be assessed at a percentage of its actual value, as determined in this subsection:

(a) Mobile home parks.
(b) Manufactured home communities.
(c) Land-leased communities.
(d) Assisted living facilities.
(e) A parcel primarily used or intended for human habitation containing three or more separate dwelling units. If a portion of such a parcel is used or intended for a purpose that, if the primary use, would be classified as commercial property or industrial property, each such portion, including a proportionate share of the land included in the parcel, if applicable, shall be assigned the appropriate classification pursuant to paragraph “c”.
(f) For a parcel that is primarily used or intended for use as commercial property or industrial property, that portion of the parcel that is used or intended for human habitation, regardless of the number of dwelling units contained on the parcel, including a proportionate share of the land included in the parcel, if applicable. The portion of such a parcel used or intended for use as commercial property or industrial property, including a proportionate share of the land included in the parcel, if applicable, shall be assigned the appropriate classification pursuant to paragraph “c”.

b. For valuations established for the assessment year beginning January 1, 2015, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of eighty-six and twenty-five hundredths percent or the percentage of actual value determined by the department of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2016, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of eighty-two and five-tenths percent or the percentage of actual value determined by the department of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2017, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of seventy-eight and seventy-five hundredths percent or the percentage of actual value determined by the department of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2018, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of seventy-five percent or the percentage of actual value determined by the department of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2019, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of seventy-one and twenty-five hundredths percent or the percentage of actual value determined by the department of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2020, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of sixty-seven and five-tenths percent or the percentage of actual value determined by the department of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2021, the percentage of actual value as equalized by the department of revenue as
provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of sixty-three and seventy-five hundredths percent or the percentage of actual value determined by the department of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2022, and each assessment year thereafter, the percentage of actual value as equalized by the department of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be equal to the percentage of actual value determined by the department of revenue at which property assessed as residential property is assessed under subsection 4 for the same assessment year.

c. (1) For the assessment year beginning January 1, 2015, for parcels that, in part, satisfy the requirements for classification as multiresidential property, the assessor shall assign to that portion of the parcel the classification of multiresidential property and to such other portions of the parcel the property classification for which such other portions qualify.

(2) Beginning with valuations established on or after January 1, 2016, for parcels for which a portion of the parcel satisfies the requirements for classification as multiresidential property pursuant to paragraph “a”, subparagraph (2), subparagraph division (e) or (f), the assessor shall assign to that portion of the parcel the classification of multiresidential property and to such other portions of the parcel the property classification for which such other portions qualify.

d. Property that is rented or leased to low-income individuals and families as authorized by section 42 of the Internal Revenue Code, and that has not been withdrawn from section 42 assessment procedures under subsection 2 of this section, or a hotel, motel, inn, or other building where rooms or dwelling units are usually rented for less than one month shall not be classified as multiresidential property under this subsection.

e. As used in this subsection:

(1) “Assisted living facility” means property for providing assisted living as defined in section 231C.2. “Assisted living facility” also includes a health care facility, as defined in section 135C.1, an elder group home, as defined in section 231B.1, a child foster care facility under chapter 237, or property used for a hospice program as defined in section 135J.1.

(2) “ Dwelling unit” means an apartment, group of rooms, or single room which is occupied as separate living quarters or, if vacant, is intended for occupancy as separate living quarters, in which a tenant can live and sleep separately from any other persons in the building.

(3) “Land-leased community” means the same as defined in sections 335.30A and 414.28A.

(4) “Manufactured home community” means the same as a land-leased community.

(5) “Mobile home park” means the same as defined in section 435.1.

441.21A Commercial and industrial property tax replacement — replacement claims.

1. a. For each fiscal year beginning on or after July 1, 2014, there is appropriated from the general fund of the state to the department of revenue an amount necessary for the payment of all commercial and industrial property tax replacement claims under this section for the fiscal year. However, for a fiscal year beginning on or after July 1, 2017, the total amount of moneys appropriated from the general fund of the state to the department of revenue for the payment of commercial and industrial property tax replacement claims in that fiscal year shall not exceed the total amount of money necessary to pay all commercial and industrial property tax replacement claims for the fiscal year beginning July 1, 2016.

b. Moneys appropriated by the general assembly to the department under this subsection for the payment of commercial and industrial property tax replacement claims are not subject to a uniform reduction in appropriations in accordance with section 8.31.

2. Beginning with the fiscal year beginning July 1, 2014, each county treasurer shall be paid by the department of revenue an amount equal to the amount of the commercial and industrial property tax replacement claims in the county, as calculated in subsection 4. If an amount appropriated for a fiscal year is insufficient to pay all replacement claims, the director of revenue shall prorate the payment of replacement claims to the county treasurers and shall notify the county auditors of the pro rata percentage on or before September 30.

3. On or before July 1 of each fiscal year beginning on or after July 1, 2014, the assessor shall report to the county auditor the total actual value of all commercial property and industrial property in the county that is subject to assessment and taxation for the assessment year used to calculate the taxes due and payable in that fiscal year.

4. On or before a date established by rule of the department of revenue of each fiscal year beginning on or after July 1, 2014, the county auditor shall prepare a statement, based upon the report received pursuant to subsection 3, listing for each taxing district in the county:

a. The difference between the assessed valuation of all commercial property and industrial property for the assessment year used to calculate taxes which are due and payable in the applicable fiscal year and the actual value of all commercial property and industrial property that is subject to assessment and taxation for the same assessment year. If the difference between the assessed value of all commercial property and industrial property and the actual valuation of all commercial property and industrial property is zero, there is no tax replacement for that taxing district for the fiscal year.

b. The tax levy rate per one thousand dollars of assessed value for each taxing district for that fiscal year.

c. The commercial and industrial property tax replacement claim for each taxing district.

The replacement claim is equal to the amount determined pursuant to paragraph “a,” multiplied by the tax rate specified in paragraph “b”, and then divided by one thousand dollars.

5. For purposes of computing replacement amounts under this section, that portion of an urban renewal area defined as the sum of the assessed valuations defined in section 403.19, subsections 1 and 2, shall be considered a taxing district.

6. a. The county auditor shall certify and forward one copy of the statement to the department of revenue not later than a date each year established by the department of revenue by rule.

b. The replacement claims shall be paid to each county treasurer in equal installments in September and March of each year. The county treasurer shall apportion the replacement claim payments among the eligible taxing districts in the county.

c. If the taxing district is an urban renewal area, the amount of the replacement claim shall be apportioned and credited to those portions of the assessed value defined in section 403.19, subsections 1 and 2, as follows:

(1) To that portion defined in section 403.19, subsection 1, an amount of the replacement claim that is proportionate to the amount of actual value of the commercial and industrial property in the urban renewal area as determined in section 403.19, subsection 1, that was subtracted pursuant to section 403.20, as it bears to the total amount of actual value of the commercial and industrial property in the urban renewal area that was subtracted pursuant
to section 403.20 for the assessment year for property taxes due and payable in the fiscal year
for which the replacement claim is computed.

(2) To that portion defined in section 403.19, subsection 2, the remaining amount, if any.
d. Notwithstanding the allocation provisions of paragraph “c”, the amount of the tax
replacement amount that shall be allocated to that portion of the assessed value defined in
section 403.19, subsection 2, shall not exceed the amount equal to the amount certified to
the county auditor under section 403.19 for the fiscal year in which the claim is paid, after
deduction of the amount of other revenues committed for payment on that amount for the
fiscal year. The amount not allocated to that portion of the assessed value defined in section
403.19, subsection 2, as a result of the operation of this paragraph, shall be allocated to that
portion of assessed value defined in section 403.19, subsection 1.

e. The amount of the replacement claim amount credited to the portion of the assessed
value defined in section 403.19, subsection 1, shall be allocated to and when received be paid
into the fund for the respective taxing district as taxes by or for the taxing district into which
all other property taxes are paid. The amount of the replacement claim amount credited to
the portion of the assessed value defined in section 403.19, subsection 2, shall be allocated
to and when collected be paid into the special fund of the municipality under section 403.19,
subsection 2.

441.22 Forest and fruit-tree reservations.
Forest and fruit-tree reservations fulfilling the conditions of sections 427C.1 to 427C.13 shall
be exempt from taxation. In all other cases where trees are planted upon any tract of land,
without regard to area, for forest, fruit, shade, or ornamental purposes, or for windbreaks,
the assessor shall not increase the valuation of the property because of such improvements.

441.23 Notice of valuation.
If there has been an increase or decrease in the valuation of the property, or upon the written
request of the person assessed, the assessor shall, at the time of making the assessment,
inform the person assessed, in writing, of the valuation put upon the taxpayer’s property,
and notify the person, that if the person feels aggrieved, to contact the assessor pursuant to
section 441.30 or to appear before the board of review and show why the assessment should
be changed. However, if the valuation of a class of property is uniformly decreased, the
assessor may notify the affected property owners by publication in the official newspapers
of the county. The owners of real property shall be notified not later than April 1 of any
adjustment of the real property assessment.

441.24 Refusal to furnish statement.
1. If a person refuses to furnish the verified statements required in connection with the
assessment of property by the assessor, or to list the corporation’s or person’s property, the
department of revenue, or assessor, as the case may be, shall proceed to list and assess the
property according to the best information obtainable, and shall add to the taxable valuation
one hundred percent thereof, which valuation and penalty shall be separately shown, and
shall constitute the assessment; and if the valuation of the property is changed by a board
of review, or on appeal from a board of review, a like penalty shall be added to the valuation
thus fixed.

2. However, all or part of the penalty imposed under this section may be waived by the
board of review upon application to the board by the assessor or the property owner. The

441.26 Assessment rolls and books.

1. The director of revenue shall each year prescribe the form of assessment roll to be used by all assessors in assessing property, in this state, also the form of pages of the assessor's assessment book. The assessment rolls shall be in a form that will permit entering, separately, the names of all persons assessed, and shall also contain a notice in substantially the following form:

If you are not satisfied that the foregoing assessment is correct, you may contact the assessor on or after April 2, to and including April 25, of the year of the assessment to request an informal review of the assessment pursuant to section 441.30.

If you are not satisfied that the foregoing assessment is correct, you may file a protest against such assessment with the board of review on or after April 2, to and including April 30, of the year of the assessment, such protest to be confined to the grounds specified in section 441.37.

Dated: .......... day of ........ (month), .......... (year)

County/City Assessor.

2. The notice in each odd-numbered year shall contain a statement that the assessments are subject to equalization pursuant to an order issued by the department of revenue, that the county auditor shall give notice on or before October 8 by publication in an official newspaper of general circulation to any class of property affected by the equalization order, that the county auditor shall give notice by mail postmarked on or before October 8 to each property owner or taxpayer whose valuation has been increased by the equalization order, and that the board of review shall be in session from October 10 to November 15 to hear protests of affected property owners or taxpayers whose valuations have been adjusted by the equalization order.

3. The assessment rolls shall be used in listing the property and showing the values affixed to the property of all persons assessed. The rolls shall be made in duplicate. The duplicate roll shall be signed by the assessor, detached from the original and delivered to the person assessed if there has been an increase or decrease in the valuation of the property. If there has been no change in the valuation, the information on the roll may be printed on computer stock paper and preserved as required by this chapter. If the person assessed requests in writing a copy of the roll, the copy shall be provided to the person. The pages of the assessor's assessment book shall contain columns ruled and headed for the information required by this chapter and that which the department of revenue deems essential in the equalization work of the department. The assessor shall return all assessment rolls and schedules to the county auditor, along with the completed assessment book, as provided in this chapter, and the county auditor shall carefully keep and preserve the rolls, schedules, and book for a period of five years from the time of its filing in the county auditor's office.

4. Beginning with valuations for January 1, 1977, and each succeeding year, for each

441.28 Assessment rolls — change — notice to taxpayer.

The assessment shall be completed not later than April 1 each year. If the assessor makes any change in an assessment after it has been entered on the assessor’s rolls, the assessor shall note on the roll, together with the original assessment, the new assessment and the reason for the change, together with the assessor’s signature and the date of the change. Provided, however, in the event the assessor increases any assessment the assessor shall give notice of the increase in writing to the taxpayer by mail postmarked no later than April 1. No changes shall be made on the assessment rolls after April 1 except by written agreement of the taxpayer and assessor under section 441.30, by order of the board of review or of the property assessment appeal board, or by decree of court.

441.28A Electronic delivery authorized.

1. If the assessor is required or authorized by this title to send any assessment, notice, or any other information to persons by regular mail, the assessor may instead provide the assessment, notice, or other information by electronic means if the person entitled to receive the assessment, notice, or information has by electronic or other means, authorized the assessor to provide the assessment, notice, or other information in that manner. An authorization to receive assessments, notices, or other information by electronic means does not require the assessor to provide such items by electronic means and does not prohibit an assessor from providing such items by regular mail.

2. An authorization to receive assessments, notices, or other information by electronic means pursuant to this section shall continue until revoked in writing by the person. Such revocation may be provided to the assessor electronically in a manner approved by the assessor.

3. Electronic means includes delivery to an electronic mail address or by other electronic means reasonably calculated to apprise the person of the information that is being provided, as designated by the authorizing person.

4. Any assessment, notice, or other information provided by the assessor to a person pursuant to this section is deemed to have been mailed by the assessor and received by the person on the date that the assessor electronically sends the information to the person.
or electronically notifies the person that the information is available to be accessed by the person.

5. An authorization under this section also applies to information that is not expressly required by law to be sent by regular mail, but that is customarily sent by the assessor using regular mail, to persons entitled to receive the information.

6. Information compiled or possessed by the assessor for the purposes of complying with authorizations for delivery by electronic means under this title, including but not limited to taxpayer electronic mail addresses, waivers, waiver requests, waiver revocations, and passwords or other methods of protecting taxpayer information are not public records and are not subject to disclosure under chapter 22.

441.29 Plat book — index system.

1. The county auditor shall furnish to each assessor a plat book on which shall be platted the lands and lots in the assessor’s assessment district, showing on each subdivision or part thereof, written in ink or pencil, the name of the owner, the number of acres, or the boundary lines and distances in each, and showing as to each tract the number of acres to be deducted for railway right-of-way and for roads and for rights-of-way for public levees and open public drainage improvements.

2. The auditor, or the auditor’s designee, of any county shall establish a permanent real estate index number system with related tax maps for all real estate tax administration purposes, including the assessment, levy, and collection of such taxes. Wherever in real property tax administration the legal description of tax parcels is required, such permanent number system shall be adopted in addition thereto. The permanent real estate index numbers shall begin with the two-digit county number and be a unique identifying number for each parcel within the county. These numbers shall follow the property, not the owner, and can be an alphanumeric system. In the event of a division of an existing parcel, the original permanent parcel index number shall be retired and new numbers assigned. The auditor shall prepare and maintain permanent real estate index number tax maps, which shall carry such numbers. The auditor shall prepare and maintain cross indexes of the numbers assigned under this system, with legal descriptions of the real estate to which such numbers relate. Indexes and tax maps established as provided in this section shall be open to public inspection.

441.30 Informal assessment review period — recommendation.

1. Any property owner or aggrieved taxpayer who is dissatisfied with the owner’s or taxpayer’s assessment may contact the assessor by telephone or in writing by paper or electronic medium on or after April 2, to and including April 25, of the year of the assessment to inquire about the specifics and accuracy of the assessment. Such an inquiry may also include a request for an informal review of the assessment by the assessor under one or more of the grounds for protest authorized under section 441.37.

2. In response to an inquiry under subsection 1, if the assessor, following an informal review, determines that the assessment was incorrect under one or more of the grounds for protest authorized under section 441.37, the assessor may, on or before April 25, recommend that the property owner or aggrieved taxpayer file a protest with the local board of review and may file a recommendation with the local board of review related to the informal review, or may enter into a signed written agreement with the property owner or aggrieved taxpayer authorizing the assessor to correct or modify the assessment according to the agreement of the parties.

3. A recommendation filed with the local board of review by the assessor pursuant to
subsection 2 shall be utilized by the local board of review in the evaluation of all evidence properly before the local board of review.

4. This section, including any action taken by the assessor under this section, shall not be construed to limit a property owner or taxpayer’s ability to file a protest with the local board of review under section 441.37.

441.31 Board of review.

1. The chairperson of the conference board shall call a meeting by written notice to all of the members of the board for the purpose of appointing a board of review for all assessments made by the assessor. The board of review may consist of either three members or five members. As nearly as possible this board shall include one licensed real estate broker and one licensed architect or person experienced in the building and construction field. In the case of a county, at least one member of the board shall be a farmer. Not more than two members of the board of review shall be of the same profession or occupation and members of the board of review shall be residents of the assessor jurisdiction. The terms of the members of the board of review shall be for six years, beginning with January 1 of the year following their selection. In boards of review having three members the term of one member of the first board to be appointed shall be for two years, one member for four years, and one member for six years. In the case of boards of review having five members, the term of one member of the first board to be appointed shall be for one year, one member for two years, one member for three years, one member for four years, and one member for six years.

2. a. However, notwithstanding the board of review appointed by the county conference board pursuant to subsection 1, a city council of a city having a population of seventy-five thousand or more which is a member of a county conference board may provide, by ordinance, for a city board of review to hear appeals of property assessments by residents of that city. The members of the city board of review shall be appointed by the city council. The city shall pay the expenses incurred by the city board of review. However, if the city has a population of more than one hundred twenty-five thousand, the expenses incurred by the city board of review shall be paid by the county. All of the provisions of this chapter relating to the boards of review shall apply to a city board of review appointed pursuant to this subsection.

b. If a city having a population of more than one hundred twenty-five thousand abolishes its office of city assessor, the city may provide, by ordinance, for a city board of review or request the county conference board to appoint a ten-member county board of review. The initial ten-member county board of review established pursuant to this paragraph shall consist of the members of the city board of review and the county board of review who are serving unexpired terms of office. The members of the initial ten-member county board of review may continue to serve their unexpired terms of office and are eligible for reappointment for a six-year term. The ten-member county board of review created pursuant to this paragraph is in lieu of the boards of review provided for in subsection 1, but the professional and occupational qualifications of members shall apply.

3. Notwithstanding the requirements of subsection 1, the conference board or a city council which has appointed a board of review may increase the membership of the board of review by an additional two members if it determines that as a result of the large number of protests filed or estimated to be filed the board of review will be unable to timely resolve the protests with the existing number of members. If the board of review has ten members, not more than four additional members may be appointed by the conference board. The additional emergency members shall be appointed for a term set by the conference board or the city council but not for longer than two years. The conference board or the city council
may extend the terms of the emergency members if it makes a similar determination as required for the initial appointment.

The terms of the members of the board of review are for six years each except for the emergency members whose terms shall be set by the conference board for a period not to exceed two years. Members of this board may be removed by the conference board but only after a public hearing upon specified charges, if a hearing is requested by the member. A subsequent appointment, and an appointment to fill a vacancy, shall be made in the same way as the original selection. The board may subpoena witnesses and administer oaths.

441.33 Sessions of board of review.

1. The board of review shall be in session from May 1 through the period of time necessary to act on all protests filed under section 441.37 but not later than May 31 each year and for an additional period as required under section 441.37 and shall hold as many meetings as are necessary to discharge its duties. On or before May 31 in those years in which a session has not been extended as required under section 441.37, the board shall return all books, records, and papers to the assessor except undisposed of protests and records pertaining to those protests. If it has not completed its work by May 31, in those years in which the session has not been extended under section 441.37, the director of revenue may authorize the board of review to continue in session for a period necessary to complete its work, but the director of revenue shall not approve a continuance extending beyond July 15. On or before May 31 or on the final day of any extended session required under section 441.37 or authorized by the director of revenue, the board of review shall adjourn until May 1 of the following year. It shall adopt its own rules of procedure, elect its own chairperson from its membership, and keep minutes of its meetings. The board shall appoint a clerk who may be a member of the board or any other qualified person, except the assessor or any member of the assessor's staff. It may be reconvened by the director of revenue. All undisposed protests in its hands on July 15 shall be automatically overruled and returned to the assessor together with its other records.

2. Within fifteen days following the adjournment of any regular or special session, the board of review shall submit to the director of revenue, on forms prescribed by the director, a report of any actions taken during that session.

441.35 Powers of review board.
1. The board of review shall have the power:
   a. To equalize assessments by raising or lowering the individual assessments of real property, including new buildings, made by the assessor.
   b. To add to the assessment rolls any taxable property which has been omitted by the assessor:
      c. To add to the assessment rolls for taxation property which the board believes has been erroneously exempted from taxation. Revocation of a property tax exemption shall commence with the assessment for the current assessment year, and shall not be applied to prior assessment years.
2. In any year after the year in which an assessment has been made of all of the real estate in any taxing district, the board of review shall meet as provided in section 441.33, and where the board finds the same has changed in value, the board shall revalue and reassess any part or all of the real estate contained in such taxing district, and in such case, the board shall determine the actual value as of January 1 of the year of the revaluation and reassessment and compute the taxable value thereof. If the assessment of any such property is raised, or any property is added to the tax list by the board, the clerk shall give notice in the manner provided in section 441.36. If all property in any taxing district is revalued and reassessed, the board shall, in addition to notices required to be provided in the manner specified in section 441.36, instruct the clerk to give immediate notice by one publication in one of the official newspapers located in the taxing district. The decision of the board as to the foregoing matters shall be subject to appeal to the property assessment appeal board within the same time and in the same manner as provided in section 441.37A and to the district court within the same time and in the same manner as provided in section 441.38.

441.36 Change of assessment — notice.
   All changes in assessments authorized by the board of review, and reasons therefor, shall be entered in the minute book kept by said board and on the assessment roll. Said minute book shall be filed with the assessor after the adjournment of the board of review and shall at all times be open to public inspection. In case the value of any specific property or the entire assessment of any person, partnership, or association is increased, or new property is added by the board, the clerk shall give immediate notice thereof by mail to each at the post office address shown on the assessment rolls, and at the conclusion of the action of the board wherein the clerk shall post an alphabetical list of those whose assessments are thus raised and added, in a conspicuous place in the office or place of meeting of the board, and enter upon the records a statement that such posting has been made, which entry shall be conclusive evidence of the giving of the notice required. The board shall hold an adjourned meeting, with at least five days intervening after the posting of said notices, before final action with reference to the raising of assessments or the adding of property to the rolls is taken, and the posted notices shall state the time and place of holding such adjourned meeting, which time and place shall also be stated in the proceedings of the board.

441.37 Protest of assessment — grounds.
1. a. (1) Any property owner or aggrieved taxpayer who is dissatisfied with the owner’s or taxpayer’s assessment may file a protest against such assessment with the board of review on or after April 2, to and including April 30, of the year of the assessment. In any county which has been declared to be a disaster area by proper federal authorities after March 1 and prior to May 20 of said year of assessment, the board of review shall be authorized to
remain in session until June 15 and the time for filing a protest shall be extended to and include the period from May 25 to June 5 of such year. The protest shall be in writing on forms prescribed by the director of revenue and, except as provided in subsection 3, signed by the one protesting or by the protester’s duly authorized agent. The taxpayer may have an oral hearing on the protest if the request for the oral hearing is made in writing at the time of filing the protest. The protest must be confined to one or more of the following grounds:

(a) That said assessment is not equitable as compared with assessments of other like property in the taxing district.
(b) That the property is assessed for more than the value authorized by law.
(c) That the property is not assessable, is exempt from taxes, or is misclassified.
(d) That there is an error in the assessment.
(e) That there is fraud or misconduct in the assessment which shall be specifically stated.
(2) If the local board of review, property assessment appeal board, or district court decides in favor of the property owner or aggrieved taxpayer and finds that there was fraud or misconduct in the assessment, the property owner’s or aggrieved taxpayer’s reasonable costs incurred in bringing the protest or appeal shall be paid from the assessment expense fund under section 441.16.
(3) For purposes of this section, “costs” include but are not limited to legal fees, appraisal fees, and witness fees.
(4) For purposes of this section, “misconduct” means the same as defined in section 441.9.

b. The burden of proof for all protests filed under this section shall be as stated in section 441.21, subsection 3.

c. The property owner or aggrieved taxpayer may combine on one form protests of assessment on parcels separately assessed if the same grounds are relied upon as the basis for protesting each separate assessment. If an oral hearing is requested on more than one of such protests, the person making the combined protests may request that the oral hearings be held consecutively.

2. a. A property owner or aggrieved taxpayer who finds that a clerical or mathematical error has been made in the assessment of the owner’s or taxpayer’s property may file a protest against that assessment in the same manner as provided in this section, except that the protest may be filed for previous years. The board may correct clerical or mathematical errors for any assessment year in which the taxes have not been fully paid or otherwise legally discharged.

b. Upon the determination of the board that a clerical or mathematical error has been made the board shall take appropriate action to correct the error and notify the county auditor of the change in the assessment as a result of the error and the county auditor shall make the correction in the assessment and the tax list in the same manner as provided in section 443.6.

c. The board shall not correct an error resulting from a property owner’s or taxpayer’s inaccuracy in reporting or failure to comply with section 441.19.

3. For assessment years beginning on or after January 1, 2014, the board of review may allow property owners or aggrieved taxpayers who are dissatisfied with the owner’s or taxpayer’s assessment to file a protest against such assessment by electronic means. Electronic filing of assessment protests may be authorized for the protest period that begins April 2, the protest period that begins October 9, or both. Except for the requirement that a protest be signed, all other requirements of this section for an assessment protest to the board of review shall apply to a protest filed electronically. If electronic filing is authorized by the local board of review, the availability of electronic filing shall be clearly indicated on the assessment roll notice provided to the property owner or taxpayer and included in both the published equalization order notice and the equalization order notice mailed to the property owner or taxpayer if applicable.

4. After the board of review has considered any protest filed by a property owner or aggrieved taxpayer and made final disposition of the protest, the board shall give written notice to the property owner or aggrieved taxpayer who filed the protest of the action taken by the board of review on the protest. The written notice to the property owner or aggrieved taxpayer shall also specify the reasons for the action taken by the board of review on the protest. If protests of assessment on multiple parcels separately assessed were combined,
the written notice shall state the action taken, and the reasons for the action, for each assessment protested.

**441.37A Appeal of protest to property assessment appeal board.**

1. a. Appeals may be taken from the action of the board of review with reference to protests of assessment, valuation, or application of an equalization order to the property assessment appeal board created in section 421.1A. However, a property owner or aggrieved taxpayer or an appellant described in section 441.42 may bypass the property assessment appeal board and appeal the decision of the local board of review to the district court pursuant to section 441.38.

b. For an appeal to the property assessment appeal board to be valid, a party must file an appeal with the board within twenty days after the date of adjournment of the local board of review or May 31, whichever is later. The appeal shall include the basis of the appeal and the relief sought. New grounds in addition to those set out in the protest to the local board of review, as provided in section 441.37, may be pleaded, and additional evidence to sustain those grounds set out in the protest to the local board of review may be introduced. The assessor shall have the same right to appeal to the assessment appeal board as an individual taxpayer, public body, or other public officer as provided in section 441.42. An appeal to the board is a contested case under chapter 17A.

c. Filing of the appeal with the property assessment appeal board shall preserve all rights of appeal of the appellant, except as otherwise provided in subsection 2.

d. A copy of the appellant’s appeal shall be sent by the property assessment appeal board to the local board of review whose decision is being appealed.

e. The property assessment appeal board may, by rule, provide for the filing of an appeal by electronic means. All requirements of this section for an appeal to the board shall apply to an appeal filed electronically.

2. a. A party to the appeal may request a hearing or the appeal may proceed without a hearing. If a hearing is requested, the appellant and the local board of review from which the appeal is taken shall be given at least thirty days’ written notice by the property assessment appeal board of the date the appeal shall be heard and the local board of review may be present and participate at such hearing. Notice to all affected taxing districts shall be deemed to have been given when written notice is provided to the local board of review. The requirement of thirty days’ written notice may be waived by mutual agreement of all parties to the appeal. Failure by the appellant to appear at the property assessment appeal board hearing shall result in dismissal of the appeal unless a continuance is granted to the appellant by the board following a showing of good cause for the appellant’s failure to appear. If an appeal is dismissed for failure to appear, the property assessment appeal board shall have no jurisdiction to consider any subsequent appeal on the appellant’s protest.

b. Each appeal may be considered by one or more members of the board, and the chairperson of the board may assign members to consider appeals. If a hearing is requested, it shall be open to the public and shall be conducted in accordance with the rules of practice and procedure adopted by the board. The board may provide by rule for participation in such hearings by telephone or other means of electronic communication. However, any deliberation of the board or of board members considering the appeal in reaching a decision on any appeal shall be confidential. Any deliberation of the board or of board members to rule on procedural motions in a pending appeal or to deliberate on the decision to be reached in an appeal is exempt from the provisions of chapter 21. The property assessment appeal board or any member of the board considering the appeal may require the production of
any books, records, papers, or documents as evidence in any matter pending before the board that may be material, relevant, or necessary for the making of a just decision. Any books, records, papers, or documents produced as evidence shall become part of the record of the appeal. Any testimony given relating to the appeal shall be electronically recorded and made a part of the record of the appeal.

3. a. The burden of proof for all appeals before the board shall be as stated in section 441.21, subsection 3. The board members considering the appeal shall determine anew all questions arising before the local board of review that relate to the liability of the property to assessment or the amount of the assessment. All of the evidence shall be considered and there shall be no presumption as to the correctness of the valuation of assessment appealed from. If the appeal is considered by less than the full membership of the board, the determination made by such members shall be forwarded to the full board for approval, rejection, or modification. If the initial determination is rejected by the board, it shall be returned for reconsideration to the board members making the initial determination.

b. The decision of the board shall be considered the final agency action and is subject to judicial review as provided in section 441.37B, except as otherwise provided in section 441.49. A decision of the board modifying an assessment shall be sent to the county auditor and the assessor, who shall correct the assessment books accordingly. An appeal of the board’s decision under section 441.37B shall not itself stay execution or enforcement of the board’s decision.

c. The levy of taxes on any assessment appealed to the board shall not be delayed by any proceeding before the board, and if the assessment appealed from is reduced by the decision of the board, any taxes levied upon that portion of the assessment reduced shall be abated or, if already paid, shall, by order of the board, be refunded or credited against future property taxes levied against the property at the option of the property owner or aggrieved taxpayer.

d. If the subject of an appeal is the application of an equalization order, the property assessment appeal board shall not order a reduction in assessment greater than the amount that the assessment was increased due to application of the equalization order.

e. Each party to the appeal shall be responsible for the costs of the appeal incurred by that party.

Referred to in §428.4, 441.35

2017 amendments apply to assessment years beginning on or after January 1, 2018; 2017 Acts, ch 151, §29

### 441.37B Appeal to district court from property assessment appeal board.

1. A party who is aggrieved or adversely affected by a final action of the property assessment appeal board may seek judicial review of the action as provided in chapter 17A. Notwithstanding section 17A.19, subsection 2, a petition for judicial review of the action of the property assessment appeal board shall be filed in the district court of the county where the property that is subject to the appeal is located.

2. Notwithstanding any provision of chapter 17A to the contrary, for appeals taken from the property assessment appeal board to district court, new grounds in addition to those set out in the appeal to the property assessment appeal board shall not be pleaded.

3. Notwithstanding any provision of chapter 17A to the contrary, additional evidence to sustain those grounds set out in the appeal to the property assessment appeal board may not be introduced in an appeal to the district court.

4. A decision of the district court modifying an assessment shall be sent to the county auditor and the assessor, who shall correct the assessment books accordingly.

### 441.38 Appeal to district court from local board of review.

1. Appeals may be taken from the action of the local board of review with reference to protests of assessment, to the district court of the county in which the board holds its sessions within twenty days after the board’s adjournment or May 31, whichever date is later. For
appeals taken from the local board of review directly to district court, new grounds in addition to those set out in the protest to the local board of review, as provided in section 441.37, may be pleaded. For appeals taken from the local board of review directly to district court, additional evidence to sustain those grounds set out in the protest to the local board of review may be introduced. The assessor shall have the same right to appeal and in the same manner as an individual taxpayer, public body, or other public officer as provided in section 441.42. Appeals shall be taken by filing a written notice of appeal with the clerk of district court. Filing of the written notice of appeal shall preserve all rights of appeal of the appellant.

2. Notice of appeal shall be served as an original notice on the chairperson, presiding officer, or clerk of the board of review after the filing of notice under subsection 1 with the clerk of district court.

3. The court shall hear the appeal in equity and determine anew all questions arising before the board of review that relate to the liability of the property to assessment or the amount of the assessment. The court shall consider all of the evidence and there shall be no presumption as to the correctness of the valuation or assessment appealed from. The court’s decision shall be certified by the clerk of the court to the county auditor and the assessor, who shall correct the assessment books accordingly.

441.39 Notice of assessment protests and appeals to taxing districts.

1. If a property owner or aggrieved taxpayer appeals a decision of the board of review to the property assessment appeal board or to district court and requests an adjustment in valuation of one hundred thousand dollars or more, the assessor shall notify all affected taxing districts as shown on the last available tax list.

2. In addition to any other requirement for providing of notice, if a property owner or aggrieved taxpayer files a protest against the assessment of property valued by the assessor at five million dollars or more or files an appeal to the property assessment appeal board or the district court with regard to such property, the assessor shall provide notice to the school district in which such property is located within ten days of the filing of the protest or the appeal, as applicable.

The clerk of the court shall likewise certify to the county treasurer the costs assessed by the court on any appeal from a board of review to the district court, in all cases where the costs are taxed against the board of review or any taxing district. Thereupon the county treasurer shall compute and apportion the costs between the various taxing districts participating in the proceeds of the collection of the taxes involved in any such appeal, and the treasurer shall so compute and apportion the various amounts which the taxing districts are required to pay in proportion to the amount of taxes each of the taxing districts is entitled to receive from the whole amount of taxes involved in each of such appeals. The county treasurer shall deduct from the proceeds of all general taxes collected the amount of costs so computed and apportioned by the treasurer from the moneys due to each taxing district from general taxes
collected. The amount deducted shall be certified to each taxing district in lieu of moneys collected. The county treasurer shall pay to the clerk of the district court the amount of the costs so computed, apportioned, and collected by the treasurer in all cases in which the costs have not been paid.

441.41 Legal counsel.
In the case of cities having an assessor, the city legal department shall represent the assessor and board of review in all litigation dealing with assessments. In the case of counties, the county attorney shall represent the assessor and board of review in all litigation dealing with assessments. Any taxing district interested in the taxes received from such assessments may be represented by an attorney and shall be required to appear by attorney upon written request of the assessor to the presiding officer of any such taxing district. The conference board may employ special counsel to assist the city legal department or county attorney as the case may be.

441.42 Appeal on behalf of public.
1. Any officer of a county, city, township, drainage district, levee district, or school district interested or a taxpayer thereof may in like manner make complaint before said board of review in respect to the assessment of any property in the township, drainage district, levee district or city and an appeal from the action of the board of review in fixing the amount of assessment on any property concerning which such complaint is made, may be taken by any of such aforementioned officers.

2. Such appeal is in addition to the appeal allowed to the person whose property is assessed and shall be taken in the name of the county, city, township, drainage district, levee district, or school district interested, and tried in the same manner, except that the notice of appeal shall also be served upon the owner of the property concerning which the complaint is made and affected thereby or person required to return said property for assessment.

441.45 Abstract to state department of revenue.
1. The county assessor of each county and each city assessor shall, on or before July 1 of each year, make out and transmit to the department of revenue an abstract of the real property in the assessor’s county or city, as the case may be, and file a copy of the abstract with the county auditor, in which the assessor shall set forth:
   a. The number of acres of land and the aggregate taxable values of the land, exclusive of city lots, returned by the assessors, as corrected by the board of review.
   b. The aggregate taxable values of real estate by class in each township and city in the county, returned as corrected by the board of review.
   c. Other facts required by the director of revenue.
2. If a board of review continues in session beyond June 1, under sections 441.33 and 441.37, the abstract of the real property shall be made out and transmitted to the department of revenue within fifteen days after the date of final adjournment by the board.

441.46 Assessment date.
1. The assessment date of January 1 is the first date of an assessment year period which constitutes a calendar year commencing January 1 and ending December 31. All property tax statutes providing for tax exemptions or credits and requiring that a claim be filed, shall be construed to require the claims to be filed by July 1 of the assessment year. If no claim is required to be filed to procure an exemption or credit, the status of the property as exempt or taxable on July 1 of the fiscal year which commences during the assessment year determines its eligibility for exemption or credit. Any statute requiring proration of property taxes for any purpose shall be for the fiscal year, and the proration shall be based on the status of the property during the fiscal year.
2. The assessment date is January 1 for taxes for the fiscal year which commences six months after the assessment date and which become delinquent during the fiscal year commencing eighteen months after the assessment date.

441.47 Adjusted valuations.
The department of revenue on or about August 15, 1977, and every two years thereafter shall order the equalization of the levels of assessment of each class of property in the several assessing jurisdictions by adding to or deducting from the valuation of each class of property such percentage in each case as may be necessary to bring the same to its taxable value as fixed in this chapter and chapters 427 to 443. The department shall adjust to actual value the valuation of any class of property as set out in the abstract of assessment when the valuation is at least five percent above or below actual value as determined by the department. For purposes of such value adjustments and before such equalization the director shall adopt, in the manner prescribed by chapter 17A, such rules as may be necessary to determine the level of assessment for each class of property in each county. The rules shall cover:
1. The proposed use of the assessment-sales ratio study set out in section 421.17, subsection 6.
2. The proposed use of any statewide income capitalization studies.
3. The proposed use of other methods that would assist the department in arriving at the accurate level of assessment of each class of property in each assessing jurisdiction.

[C51, §481, 482; R60, §742; C73, §834; C97, §1379; C24, 27, 31, 35, 39, §7141; C46, 50, 54, 58, §442.16; C62, 66, 71, 73, 75, 77, 79, 81, §441.47]

441.48 Notice of adjustment.

Before the department of revenue shall adjust the valuation of any class of property any such percentage, the department shall serve ten days' notice by mail, on the county auditor of the county whose valuation is proposed to be adjusted. The department shall hold an adjourned meeting after such ten days' notice, at which time the county or assessing jurisdiction may appear by its city council or board of supervisors, city or county attorney, and other assessing jurisdiction, city or county officials, and make written or oral protest against such proposed adjustment. The protest shall consist simply of a statement of the error, or errors, complained of with such facts as may lead to their correction. At the adjourned meeting final action may be taken in reference to the proposed adjustment.

[C24, 27, 31, 35, 39, §7142; C46, 50, 54, 58, §405.23, 442.17; C62, 66, 71, 73, 75, 77, 79, 81, §441.48]

441.49 Adjustment by auditor.

1. a. The department shall keep a record of the review and adjustment proceedings and finish the proceedings on or before October 1 unless for good cause the proceedings cannot be completed by that date. The department shall notify each county auditor by mail of the final action taken at the proceedings and specify any adjustments in the valuations of any class of property to be made effective for the jurisdiction.

b. However, an assessing jurisdiction may request the department to permit the use of an alternative method of applying the equalization order to the property values in the assessing jurisdiction, provided that the final valuation shall be equivalent to the department's equalization order. The assessing jurisdiction shall notify the county auditor of the request for the use of an alternative method of applying the equalization order and the department's disposition of the request. The request to use an alternative method of applying the equalization order, including procedures for notifying affected property owners and appealing valuation adjustments, shall be made within ten days from the date the county auditor receives the equalization order and the valuation adjustments, and appeal procedures shall be completed by November 30 of the year of the equalization order. Compliance with the provisions of section 441.21 is sufficient grounds for the department to permit the use of an alternative method of applying the equalization order.

2. a. On or before October 8 the county auditor shall cause to be published in official newspapers of general circulation the final equalization order. The county auditor shall also notify each property owner or taxpayer whose valuation has been increased by the final equalization order by mail postmarked on or before October 8. The publication and the individual notice mailed to each property owner or taxpayer whose valuation has been increased shall include, in type larger than the remainder of the publication or notice, the following statements:

Assessed values are equalized by the department of revenue every two years. Local taxing authorities determine the final tax levies and may reduce property tax rates to compensate for any increase in valuation due to equalization. If you are not satisfied that your assessment as adjusted by the equalization order is correct, you may file a protest against such assessment with the board of review on or after October 9, to and including October 31.

b. Failure to publish the equalization order or to notify property owners or taxpayers of the equalization order has no effect upon the validity of the orders.

3. The county auditor shall add to or deduct from the valuation of each class of property
in the county the required percentage, rejecting all fractions of fifty cents or less in the result, and counting all fractions over fifty cents as one dollar. For any special charter city that levies and collects its own tax based on current year assessed values, the equalization percentage shall be applied to the following year’s values, and shall be considered the equalized values for that year for purposes of this chapter.

4. The local board of review shall reconvene in special session from October 10 to November 15 for the purpose of hearing the protests of affected property owners or taxpayers within the jurisdiction of the board whose valuation of property if adjusted pursuant to the equalization order issued by the department of revenue will result in a greater value than permitted under section 441.21. The board of review shall accept protests only during the period of time from October 9, to and including October 31. The board of review shall limit its review to only the timely filed protests. The board of review may adjust all or a part of the percentage increase ordered by the department of revenue by adjusting the actual value of the property under protest to one hundred percent of actual value. Any adjustment so determined by the board of review shall not exceed the percentage increase provided for in the department’s equalization order. The determination of the board of review on filed protests is final, subject to appeal to the property assessment appeal board. A final decision by the local board of review, or the property assessment appeal board, if the local board’s decision is appealed, is subject to review by the director of revenue for the purpose of determining whether the board’s actions substantially altered the equalization order. In making the review, the director has all the powers provided in chapter 421, and in exercising the powers the director is not subject to chapter 17A. Not later than fifteen days following the adjournment of the board, the board of review shall submit to the director of revenue, on forms prescribed by the director, a report of all actions taken by the board of review during this session.

5. Not later than ten days after the date the final equalization order is issued, the city or county officials of the affected county or assessing jurisdiction may appeal the final equalization order to the director of revenue. The appeal shall not delay the implementation of the equalization orders. The director shall grant a hearing, and upon hearing the director shall determine the correctness of the final equalization order, and notify city or county officials of the affected county or assessing jurisdiction of the decision by mail. Judicial review of the decision of the director of revenue may be sought by the city or county officials in accordance with chapter 17A.

6. Tentative and final equalization orders issued by the department of revenue are not rules as defined in section 17A.2, subsection 7.

441.52 Failure to perform duty.
If any assessor or member of any board of review shall knowingly fail or neglect to make or require the assessment of property for taxation to be of and for its taxable value as provided by law or to perform any of the duties required of the assessor or member by law, at the time and in the manner specified, the assessor or member shall forfeit and pay the sum of five
hundred dollars to be recovered in an action in the district court in the name of the county or in the name of the city as the case may be, and for its use, and the action against the assessor shall be against the assessor and the assessor’s sureties.

[R60, §738; C73, §827; C97, §1367; C24, 27, 31, 35, 39, §7126; C46, 50, 54, 58, §405.29, 441.27; C62, 66, 71, 73, 75, 77, 79, 81, §441.52]

441.53 Definitions.
As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.
2000 Acts, ch 1148, §1

441.54 Construction.
Whenever in the laws of this state, the words “assessor” or “assessors” appear, singly or in combination with other words, they shall be deemed to mean and refer to the county or city assessor, as the case may be.
[C50, 54, 58, §441.29, 442.13; C62, 66, 71, 73, 75, 77, 79, 81, §441.54]

441.55 Conflicting laws.
If any of the provisions of this chapter shall be in conflict with any of the laws of this state, then the provisions of this chapter shall prevail.
[C62, 66, 71, 73, 75, 77, 79, 81, §441.55]

441.56 Assessor’s duties — combined appointment.
When the duties of the county assessor are combined with the duties of another officer or employee as provided in section 331.323, subsection 1, the person named to perform the combined duties shall be appointed as provided in sections 441.5 to 441.8.
[C62, 66, 71, 73, 75, 77, 79, 81, S81, §441.56; 81 Acts, ch 117, §1083]

441.57 through 441.71 Reserved.

441.72 Assessment of platted lots.
1. Except as provided in subsection 2, when a subdivision plat is recorded pursuant to chapter 354, the individual lots within the subdivision plat shall not be assessed in excess of the total assessment of the land as acreage or unimproved property for five years after the recording of the plat or until the lot is actually improved with permanent construction, whichever occurs first. When an individual lot has been improved with permanent construction, the lot shall be assessed for taxation purposes as provided in chapter 428 and this chapter.
2. For subdivision plats recorded pursuant to chapter 354 on or after January 1, 2004, but before January 1, 2011, the individual lots within the subdivision plat shall not be assessed in excess of the total assessment of the land as acreage or unimproved property for eight years after the recording of the plat or until the lot is actually improved with permanent construction, whichever occurs first. When an individual lot has been improved with permanent construction, the lot shall be assessed for taxation purposes as provided in chapter 428 and this chapter.
3. This section does not apply to special assessment levies.
90 Acts, ch 1236, §50; 2011 Acts, ch 131, §155, 157

441.73 Litigation expense fund.
1. A litigation expense fund is created in the state treasury. The litigation expense fund shall be used for the payment of litigation expenses incurred by the state to defend property valuations established by the director of revenue pursuant to section 428.24 and chapters 433, 434, 437, 437A, 437B, and 438, and for the payment of litigation expenses incurred by the state to defend the imposition of replacement taxes and statewide property taxes under chapters 437A and 437B.
2. If the director of revenue determines that foreseeable litigation expenses will exceed the amount available from appropriations made to the department of revenue, the director of revenue may apply to the executive council for use of funds on deposit in the litigation expense fund. The initial application for approval shall include an estimate of potential litigation expenses, allocated to each of the next four succeeding calendar quarters and substantiated by a breakdown of all anticipated costs for legal counsel, expert witnesses, and other applicable litigation expenses.

3. The executive council may approve expenditures from the litigation expense fund on a quarterly basis. Prior to each quarter, the director of revenue shall report to the executive council and give a full accounting of actual litigation expenses to date as well as estimated litigation expenses for the remaining calendar quarters of the fiscal year. The executive council may adjust quarterly expenditures from the litigation expense fund based on this information.

4. The executive council shall transfer for the fiscal year beginning July 1, 1992, and each fiscal year thereafter, from funds established in sections 425.1 and 426.1, an amount necessary to pay litigation expenses. The amount of the fund for each fiscal year shall not exceed seven hundred thousand dollars. The executive council shall determine annually the proportionate amounts to be transferred from the two separate funds. At any time when no litigation is pending or in progress the balance in the litigation expense fund shall not exceed one hundred thousand dollars. Any excess moneys shall be transferred in a proportionate amount back to the funds from which they were originally transferred.

For future amendment to subsection 1, effective July 1, 2024, see 2018 Acts, ch 1158, §22, 28

CHAPTER 443
TAX LIST

443.1 Consolidated tax.
All taxes which are uniform throughout any township or school district shall be formed into a single tax and entered upon the tax list in a single column, to be known as a consolidated tax, and each receipt shall show the percentage levied for each separate fund.
[C73, §38; C97, §1383; S13, §1383; C24, 27, 31, 35, 39, §7144; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §443.1]
Referred to in §420.207

443.2 Tax list.
Before the first day of July in each year, the county auditor shall transcribe the assessments of the townships and cities into a book or record, to be known as the tax list, properly ruled and headed, with separate columns, in which shall be entered the names of the taxpayers, descriptions of lands, number of acres and value, numbers of city lots and value, and each description of tax, with a column for polls and one for payments, and shall complete it by entering the amount due on each installment, separately, and carrying out the total of both installments. The total of all columns of each page of each book or other record shall balance with the tax totals. After computing the amount of tax due and payable on each property, the county auditor shall round the total amount of tax due and payable on the property to the nearest even whole dollar.
The county auditor shall list the aggregate actual value and the aggregate taxable value of all taxable property within the county and each political subdivision including property subject to the statewide property tax imposed under section 437A.18 or 437B.14 on the tax list in order that the actual value of the taxable property within the county or a political subdivision may be ascertained and shown by the tax list for the purpose of computing the debt-incurring capacity of the county or political subdivision. As used in this section, “actual value” is the value determined under section 441.21, subsections 1 to 3, prior to the reduction to a percentage of actual value as otherwise provided in section 441.21. “Actual value” of property subject to statewide property tax is the assessed value under section 437A.18 or 437B.14.

443.3 Correction — tax apportioned.
At the time of transcribing said assessments into the tax list, the county auditor shall correct all transfers up-to-date and place the legal descriptions of all real estate in the name of the owner at said date as shown by the transfer book in the auditor’s office. At the end of the list for each township or city the auditor shall make an abstract thereof, and apportion the consolidated tax among the respective funds to which it belongs, according to the amounts levied for each.

Referred to in §331.512, 420.207

443.4 Tax list delivered — informality and delay.
The county auditor shall make an entry upon the tax list showing what it is, for what county and year, and deliver it to the county treasurer on or before June 30, taking the treasurer’s receipt therefor; and such list shall be a sufficient authority for the treasurer to collect the taxes therein levied. No informality therein, and no delay in delivering the same after the time above specified, shall affect the validity of any taxes, sales, or other proceedings for the collection of such taxes.

Referred to in §331.512, 443.11

443.9 Adjustment of accounts.
If such correction or assessment is made after the books or other records approved by the state auditor have passed into the hands of the treasurer, the treasurer shall be charged or credited therefor as the case may be. In the event such assessment of omitted property is made by the assessor after the tax records have passed into the hands of the auditor or treasurer, such correction or assessment shall be entered on the records by the auditor or treasurer.
[S13, §1385-b; C24, 27, 31, 35, 39, §7152; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §443.9]
Referred to in §331.512
443.10 Expense — report to supervisors.
All expense incurred in the making of said correction or assessment shall be borne pro rata by the funds which are affected by said correction and the proceedings shall be reported to the board of supervisors.
[S13, §1385-b; C24, 27, 31, 35, 39, §7153; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §443.10]

443.11 Procedure on appeal.
The appeal provided for in section 443.8 shall be taken within ten days from the time of the final action of the assessor or auditor, by a written notice to that effect to the assessor or auditor, and served as an original notice. The court on appeal shall hear and determine the rights of the parties in the same manner as appeals from the board of review, as prescribed in sections 441.38 and 441.43.
[S13, §1385-c; C24, 27, 31, 35, 39, §7154; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §443.11]

443.12 Corrections by treasurer.
When property subject to taxation is withheld, overlooked, or from any other cause is not listed and assessed, the county treasurer shall, when apprised thereof, at any time within two years from the date at which such assessment should have been made, demand of the person, firm, corporation, or other party by whom the same should have been listed, or to whom it should have been assessed, or of the administrator thereof, the amount the property should have been taxed in each year the same was so withheld or overlooked and not listed and assessed, together with six percent interest thereon from the time the taxes would have become due and payable had such property been listed and assessed.
[C97, §1374; C24, 27, 31, 35, 39, §7155; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §443.12]
99 Acts, ch 174, §3, 7

443.13 Action by treasurer — apportionment.
Upon failure to pay such sum within thirty days, with all accrued interest, the treasurer shall cause an action to be brought in the name of the treasurer for the use of the proper county, to be prosecuted by the county attorney, or such other person as the board of supervisors may appoint, and when such property has been fraudulently withheld from assessment, there shall be added to the sum found to be due a penalty of fifty percent upon the amount, which shall be included in the judgment. The amount thus recovered shall be by the treasurer apportioned ratably as the taxes would have been if they had been paid according to law.
[C97, §1374; C24, 27, 31, 35, 39, §7156; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §443.13]

443.14 Duty of treasurer.
The treasurer shall assess any real property subject to taxation which may have been omitted by the assessor, board of review, or county auditor, and collect taxes thereon, and in such cases shall note, opposite the tract or lot assessed, the words “by treasurer”.
[C51, §491; R60, §752; C73, §851; C97, §1398; C24, 27, 31, 35, 39, §7157; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §443.14]

443.15 Time limit.
The assessment shall be made within two years after the tax list shall have been delivered to the treasurer for collection, and not afterwards, if the property is then owned by the person who should have paid the tax.
[C73, §851; C97, §1398; C24, 27, 31, 35, 39, §7158; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §443.15]
99 Acts, ch 174, §4, 7
443.16 Entry by treasurer — details required.
When the county treasurer makes an entry of taxes on the tax list, or an entry of the
correction of a tax, the treasurer shall, immediately in connection with the entry, enter the
year, month, day, hour, and minute when the entry was made.
[C31, 35, §7158-d1; C39, §7158.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §443.16]

443.17 Presumption of two-year ownership.
In any action or proceeding, now pending or hereafter brought, to recover taxes upon
property not listed or assessed for taxation during the lifetime of any decedent, it shall be
presumed that any property, any evidence of ownership of property, and any evidence of a
promise to pay, owned by a decedent at the date of the decedent’s death, had been acquired
and owned by such decedent more than two years before the date of the decedent’s death;
and the burden of proving that any such property had been acquired by such decedent less
than two years before the date of the decedent’s death shall be upon the heirs, legatees, and
legal representatives of any such decedent.
[C35, §7158-f1; C39, §7158.2; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §443.17]
99 Acts, ch 174, §5, 7

443.18 Real estate — duty of owner.
In all cases where real estate subject to taxation has not been assessed, the owner, or an
agent of the owner, shall have the same done by the treasurer, and pay the taxes thereon; and
if the owner fails to do so the treasurer shall assess the same and collect the tax assessed as
the treasurer does other taxes.
[R60, §753; C73, §852; C97, §1399; C24, 27, 31, 35, 39, §7159; C46, 50, 54, 58, 62, 66, 71, 73,
75, 77, 79, 81, §443.18]

443.19 Irregularities, errors, and omissions — effect.
No failure of the owner to have such property assessed or to have the errors in the
assessment corrected, and no irregularity, error, or omission in the assessment of such
property, shall affect in any manner the legality of the taxes levied thereon, or affect any
right or title to such real estate which would have accrued to any party claiming or holding
under and by virtue of a deed executed by the treasurer as provided by this Title,* had the
assessment of such property been in all respects regular and valid.

CERTIFICATION OF TAXES

444.1 Basis for amount of tax.
In all taxing districts in the state, including townships, school districts, cities and counties, when by law then existing the people are authorized to determine by vote, or officers are authorized to estimate or determine, a rate of taxation required for any public purpose, such rate shall in all cases be estimated and based upon the adjusted taxable valuation of such taxing district for the preceding calendar year.

[C24, 27, 31, 35, 39, §7162; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §444.1]
444.2 Amounts certified in dollars.
When an authorized tax rate within a taxing district, including townships, school districts, cities and counties, has been thus determined as provided by law, the officer or officers charged with the duty of certifying the authorized rate to the county auditor or board of supervisors shall, before certifying the rate, compute upon the adjusted taxable valuation of the taxing district for the preceding fiscal year, the amount of tax the rate will raise, stated in dollars, and shall certify the computed amount in dollars and not by rate, to the county auditor and board of supervisors.

Referred to in §331.401, 420.207, 444.8

444.3 Computation of rate.
When the valuations for the several taxing districts shall have been adjusted by the several boards for the current year, the county auditor shall thereupon apply such a rate, not exceeding the rate authorized by law, as will raise the amount required for such taxing district, and no larger amount. For purposes of computing the rate under this section, the adjusted taxable valuation of the property of a taxing district does not include the valuation of property of a railway corporation or its trustee which corporation has been declared bankrupt or is in bankruptcy proceedings. Nothing in the preceding sentence exempts the property of such railway corporation or its trustee from taxation and the rate computed under this section shall be levied on the taxable property of such railway corporation or its trustee.

[C24, 27, 31, 35, 39, §7164; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §444.3; 82 Acts, ch 1207, §5, 6]
88 Acts, ch 1250, §19
Referred to in §331.401, 420.207, 425A.5, 426.6, 444.8

444.4 Fractional rates disregarded.
If in adjusting the rate to be levied in any taxing district to conform to law, such rates shall make necessary the levying of a fraction of a cent, said fractional excess may be computed as one cent, which latter shall be the smallest required to be spread upon the tax lists for any purpose except rates applicable to a state purpose.

[C24, 27, 31, 35, 39, §7166; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §444.4] Referred to in §331.401, 420.207, 444.8

444.5 Repealed by 83 Acts, ch 101, §129.

444.6 Record of rates.
On the determination by the auditor of the necessary rates as herein directed, it is made the auditor’s duty to enter a record of such rates for each taxing district upon the permanent records of the auditor’s office in a book to be kept for that purpose.

[C24, 27, 31, 35, 39, §7168; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §444.6]
Referred to in §331.401, 331.508, 444.8

444.7 Excessive tax prohibited.
It is a simple misdemeanor for the board of supervisors to authorize, or the county auditor to carry upon the tax lists for any year, an amount of tax for a public purpose in excess of the amount certified or authorized as provided by law. The department of management shall prescribe and furnish the county auditors forms and instructions to aid them in determining the legality and authorized amount of tax levies. The county auditor shall reduce an excessive levy to the maximum amount authorized by law, and not in excess of the amount certified; and the county auditor shall not enter or carry a tax on the tax lists for an illegal levy.

[C24, 27, 31, 35, 39, §7169; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §444.7] 88 Acts, ch 1158, §75

445.1 Definition of terms.
For the purpose of this chapter and chapters 446, 447, and 448, section 331.553, subsection 3, and sections 427.8 through 427.12 and 569.8:
1. “Abate” means to cancel in their entirety all applicable amounts.
2. “Compromise” means to enter into a contractual agreement for the payment of taxes, interest, fees, and costs in amounts different from those specified by law.
3. “County system” means a method of data storage and retrieval as approved by the auditor of state including, but not limited to, tax lists, books, records, indexes, registers, or schedules.
4. “Legal representative” means a parent, guardian, or conservator of a person with a legal disability, a person appointed by a court to act on behalf of a person with a legal disability, or a person acting on behalf of a person with a legal disability pursuant to a power of attorney.
5. “Parcel” means each separate item shown on the tax list, manufactured or mobile home tax list, schedule of assessment, or schedule of rate or charge.

6. “Person with a legal disability” means a minor or a person of unsound mind.

7. “Rate or charge” means an item, including rentals, legally certified to the county treasurer for collection as provided in sections 169C.6, 331.465, 331.489, 358.20, 359A.6, 364.11, 364.12, and 468.589 and section 384.84, subsection 4.

8. “Taxes” means an annual ad valorem tax, a special assessment, a drainage tax, a rate or charge, and taxes on homes pursuant to chapter 435 which are collectible by the county treasurer.

9. “Total amount due” means the aggregate total of all taxes, penalties, interest, costs, and fees due on a parcel.

[R60, §751; C73, §846; C97, §1390; C24, 27, 31, 35, 39, §7184; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.1]

§445.2 Duty of county treasurer.

The county treasurer, after making the entry provided in section 445.10, shall proceed to collect the ad valorem taxes, and the list referred to in chapter 443 is the treasurer’s authority and justification against any illegality in the proceedings prior to receiving the list. The treasurer shall also collect, as far as practicable, the taxes remaining unpaid on the county system. If the taxes are not paid, the treasurer shall send a statement of delinquent taxes as part of the notice of tax sale as provided in section 446.9.

91 Acts, ch 191, §27

§445.3 Actions authorized.

1. In addition to all other remedies and proceedings now provided by law for the collection of taxes, the county treasurer may bring or cause an ordinary suit at law to be commenced and prosecuted in the treasurer’s name for the use and benefit of the county for the collection of taxes from any person, as shown by the county system in the treasurer’s office, and the suit shall be in all respects commenced, tried, and prosecuted to final judgment the same as provided for ordinary actions.

2. The commencement of actions for ad valorem taxes authorized under this section shall not begin until the issuance of a tax sale certificate under the requirements of section 446.19. The commencement of actions for all other taxes authorized under this section shall not begin until ten days after the publication of tax sale under the requirements of section 446.9, subsection 2. This subsection does not apply to the collection of ad valorem taxes under section 445.32, and grain handling taxes under section 428.35.

3. Notwithstanding the provisions in section 535.3, interest on the judgment shall be at the rate provided in section 447.1 and shall commence from the month of the commencement of this action. This interest shall be in lieu of the interest assessed under section 446.39 from and after the month of the commencement of the action.

4. An appeal may be taken to the Iowa supreme court as in other civil cases regardless of the amount involved.

5. Notwithstanding any other provisions in this section, if the treasurer is unable or has reason to believe that the treasurer will be unable to offer land at the annual tax sale to collect the total amount due, the treasurer may immediately collect the total amount due by the commencement of an action under this section.

6. Notwithstanding any other provision of law, if a statute authorizes the collection of a delinquent tax, assessment, rate, or charge by tax sale, the tax, assessment, rate, or charge, including interest, fees, and costs, may also be collected under this section and section 445.4.
7. This section is remedial and shall apply to all delinquent taxes included in a tax sale certificate of purchase issued to a county. Upon assignment of a county-held tax sale certificate, this section shall not apply to the assignee.

[S13, §1452-a; C24, 27, 31, 35, 39, §7186; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.3]

Limitations of actions, see §614.1

§445.4 Statutes applicable — attachment — damages.

1. Chapter 639 is applicable to proceedings instituted by a county treasurer under section 445.3, and a writ of attachment shall be issued upon the treasurer complying with the provisions of chapter 639, for taxes, whether due or not due, except that a bond shall not be required from the treasurer or county in such cases, but the county shall be liable for damages only, as provided by section 639.14. The county attorney, upon request of the treasurer, shall assist in prosecution of actions authorized in this section.

2. This section is remedial and shall apply to all delinquent taxes included in a tax sale certificate of purchase issued to a county. Upon assignment of a county-held tax sale certificate, this section shall not apply to the assignee.

[S13, §1452-b; C24, 27, 31, 35, 39, §7187; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.4]

§445.5 Statement and receipt.

1. As soon as practicable after receiving the tax list prescribed in chapter 443, the treasurer shall deliver to the titleholder, by regular mail, or if requested by the titleholder, by electronic transmission, a statement of taxes due and payable which shall include the following information:

a. The year of tax.

b. A description of the parcel.

c. The assessed value of the parcel, itemized by the value for land, dwellings, and buildings, for the current year and the previous year as valued by the assessor after application of any equalization orders.

d. The taxable value of the parcel, itemized by the value for land, dwellings, and buildings, for the current year and the previous year after application of any equalization orders, assessment limitations, and itemized valuation exemptions.

e. The complete name of all taxing authorities receiving a tax distribution, the amount of the distribution, and the percentage distribution for each named authority, listed from the highest to the lowest distribution percentage.

f. The consolidated levy rate for one thousand dollars of taxable valuation multiplied by the taxable valuation to produce the gross taxes levied before application of credits against levied taxes for the previous and current fiscal years.

g. The itemized credits against levied taxes deducted from the gross taxes levied in order to produce the net taxes owed for the previous and current fiscal years.

h. The total amount of taxes levied by each taxing authority in the previous fiscal year and the current fiscal year and the difference between the two amounts, expressed as a percentage increase or decrease.

2. a. The county treasurer shall each year, upon request, deliver to the following persons or entities, or their duly authorized agents, a copy of the tax statement or tax statement information:

(1) Contract purchaser.

(2) Lessee.

(3) Mortgagee.
(4) Financial institution organized or chartered or holding an authorization certificate pursuant to chapter 524 or 533.

(5) Federally chartered financial institution.

b. The treasurer may negotiate and charge a reasonable fee not to exceed the cost of producing the information for a requester described in paragraph “a”, subparagraphs (3) through (5), for a tax statement or tax statement information provided by the treasurer.

3. A person other than those listed in subsection 2, who requests a tax statement or tax statement information, shall pay a fee to the treasurer at a rate not to exceed two dollars per parcel.

4. The titleholder may make written request to the treasurer to have the tax statement delivered to a person or entity in lieu of to the titleholder. A fee shall not be charged by the treasurer for delivering the tax statement to such person or entity in lieu of to the titleholder.

5. Failure to receive a tax statement is not a defense to the payment of the total amount due.

6. The county treasurer shall deliver to the taxpayer a receipt stating the year of tax, date of payment, a description of the parcel, and the amount of taxes, interest, fees, and costs paid when payment is made by cash tender. A receipt for other payment tender types shall only be delivered upon request. The receipt shall be in full for the first half, second half, or full year amounts unless a payment is made under section 445.36A or 435.24, subsection 6.

[R60, §760; C73, §867; C97, §1405; C24, 27, 31, 35, 39, §7188; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.5]

445.7 through 445.9 Repealed by 91 Acts, ch 191, §123, 124.

445.10 Former delinquent taxes.

The county treasurer shall each year, after receiving the tax list referred to in chapter 443, enter into the county system a notation of delinquency for each parcel on which the tax remains unpaid for any previous year. Unless the delinquent tax is so entered it shall cease to be a lien upon that parcel. To preserve the tax lien it is only necessary to enter the notation for any parcel upon which it is a lien. If the county system is such that all delinquent taxes of any preceding year are automatically brought forward against each parcel on which the tax remains unpaid for any year, the treasurer is not required to make any further entry. Any sale for a delinquent tax not noted on the county system is invalid. However, this section does not require that in order to preserve the lien of tax and make the tax sale valid, delinquent taxes must be brought forward upon the county system if the tax list is received by the treasurer less than six months preceding the date of conducting the tax sale as provided in section 446.25 or 446.28.

Limitation on section, §445.15

445.11 Special assessment levy submitted.

When the levy of a special assessment is submitted to the county treasurer, in a format acceptable by the treasurer, the treasurer shall enter in the county system a description of each parcel affected, the date of the assessment, the total amount assessed, the installments
to be paid, and the amounts of the respective installments if the assessment is payable in installments.

[C31, 35, §7193-d1; C39, §7193.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, S81, §445.11; 81 Acts, ch 117, §1221]
91 Acts, ch 191, §32
Referred to in §331.552

445.12 Additional data for special assessments.
The county system may contain space for showing interest, if any, that may be incurred, a column showing payments and their amounts, a column showing the number of the receipt to be issued by the county treasurer, and a column that may be used to show the date of payment of the assessment, or any installment of it.
[C31, 35, §7193-d2; C39, §7193.02; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.12] 91 Acts, ch 191, §33

445.13 Reserved.

445.14 Entries on the county system.
The county treasurer shall each year, after receiving the tax list referred to in section 445.10, indicate on the county system that a special assessment is unpaid. This indication is not required if the county system automatically brings forward a notation of the unpaid special assessment.

445.15 Limitations.
Nothing contained in sections 443.2 and 445.10 shall apply to special assessment levies.
[C31, 35, §7193-d5; C39, §7193.05; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.15]

445.16 Abatement or compromise of tax.
1. If the county holds the tax sale certificate of purchase, the county, through the board of supervisors, may compromise by written agreement, or abate by resolution, the tax, interest, fees, or costs. In the event of a compromise, the board of supervisors may enter into a written agreement with the owner of the legal title or with any lienholder for the payment of a stipulated sum in full satisfaction of all amounts included in that agreement. In addition, if a parcel is offered at regular tax sale and is not sold, the county, prior to public bidder sale to the county under section 446.19, may compromise by written agreement, or abate by resolution, the tax, interest, fees, or costs, as provided in this section.
2. A copy of the agreement or resolution shall be filed with the county treasurer.
3. If the treasurer determines that it is impractical to pursue collection of the total amount due through the tax sale and the personal judgment remedies, the treasurer shall make a written recommendation to the board of supervisors to abate the amount due. The board of supervisors shall abate, by resolution, the amount due and direct the treasurer to strike the amount due from the county system.
Referred to in §331.401

445.18 Effect of compromise payment or abatement.
When payment is made, as provided by the compromise agreement or when there is an abatement, all taxes included in the compromise agreement or abatement shall be deemed
to be fully satisfied and canceled and the county treasurer shall show the satisfaction on the county system.

445.23 Statement of taxes due.

Upon request, the county treasurer shall state in writing the full amount of taxes against a parcel, all sales for unpaid taxes, and the amount needed to redeem the parcel, if redeemable. If the person requesting the statement is not the titleholder of record or contract holder of record of the parcel, that person shall pay a fee at the rate of two dollars per parcel for each year for which information is requested, and the money shall be deposited in the county general fund.

[C73, §848; C97, §1393; C24, 27, 31, 35, 39, §7197; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.23]

445.32 Liens on buildings or improvements.
If a building or improvement is erected or made by a person other than the owner of the land on which the building or improvement is located, as provided for in section 428.4, the taxes on the building or improvement are and remain a lien on the building or improvement from the date of levy until paid. If the taxes on the building or improvement become delinquent, as provided in section 445.37, the county treasurer shall collect the tax as provided in sections 445.3 and 445.4. This section does not apply to special assessments, or rates or charges.
[S13, §1400; C24, 27, 31, 35, 39, §7206; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.32]

Referred to in §445.3

445.33 through 445.35 Reserved.

445.36 Payment — installments.
1. The taxes which become delinquent during the fiscal year are for the previous fiscal year.
2. A demand of taxes is not necessary, but every person subject to taxation shall attend at the office of the county treasurer and pay the taxes either in full, or one-half of the taxes before September 1 succeeding the levy, and the remaining half before March 1 following. This subsection does not apply to special assessments, or rates or charges.
3. If an installment of taxes, or an annual payment in the case of special assessments, or payment in full in the case of rates or charges, is delinquent and not paid as of November 1 of the fiscal year in which the amounts are due, the treasurer shall notify the taxpayer of the delinquency and the due date for the second installment. Failure to receive notice is not a defense to the payment of the total amount due.
[C51, §492; R60, §756; C73, §857; C97, §1403; C24, 27, 31, 35, 39, §7210; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.36]
Referred to in §435.24

445.36A Partial payments.
1. As an alternative to the semiannual or annual payment of taxes, the county treasurer may accept partial payments of taxes. The treasurer shall transfer amounts from each taxpayer’s account to be applied to each semiannual tax installment prior to the delinquency dates specified in section 445.37 and the amounts collected shall be apportioned by the tenth of the month following transfer. If, prior to the due date of each semiannual installment, the account balance is insufficient to fully satisfy the installment, the treasurer shall transfer and apply the entire account balance, leaving an unpaid balance of the installment. Interest shall attach on the unpaid balance in accordance with section 445.39. Unless funds sufficient to fully satisfy the delinquency are received, the treasurer shall collect the unpaid balance as provided in sections 445.3 and 445.4 and chapter 446. Any remaining balance in a taxpayer’s account in excess of the amount needed to fully satisfy an installment shall remain in the account to be applied toward the next semiannual installment. Any interest income derived from the account shall be deposited in the county’s general fund to cover administrative costs. The treasurer shall send a notice with the tax statement or by separate mail to each taxpayer stating that, upon request to the treasurer, the taxpayer may make partial payments of taxes.
2. Partial payment of taxes which are delinquent may be made to the county treasurer.
For the installment being paid, payment shall first be applied to any interest, fees, and costs accrued and the remainder applied to the taxes due. A partial payment must equal or exceed the amount of interest, fees, and costs of the installment being paid. A partial payment made under this subsection shall be apportioned in accordance with section 445.57, however, such partial payment may, at the discretion of the county treasurer, be apportioned either on or before the tenth day of the month following the receipt of the partial payment or on or before the tenth day of the month following the due date of the next semiannual tax installment. If the payment does not include the whole of any installment of the delinquent tax, the unpaid tax shall continue to accrue interest pursuant to section 445.39. Partial payment shall not be permitted in lieu of redemption if the property has been sold for taxes under chapter 446 and under any circumstances shall not constitute an extension of the time period for a sale under chapter 446.

3. Current year taxes may be paid at any time regardless of any outstanding prior year delinquent tax.

4. This section does not apply to the payment of manufactured or mobile home taxes, special assessments, or rates or charges.

Referred to in §445.5, 445.57

445.37 When delinquent.

1. a. If the semiannual installment of any tax has not been paid before October 1 succeeding the levy, that amount becomes delinquent from October 1 after due. However, in those instances when the last day of September is a Saturday or Sunday, that amount becomes delinquent on the second business day of October. If the second installment is not paid before April 1 succeeding its maturity, it becomes delinquent from April 1 after due. However, in those instances when the last day of March is a Saturday or Sunday, that amount becomes delinquent on the second business day of April. This paragraph applies to all taxes as defined in section 445.1, subsection 8.

b. Notwithstanding paragraph “a”, if there is a delay in the delivery of the tax list referred to in chapter 443 to the county treasurer, the amount of ad valorem taxes and manufactured or mobile home taxes due shall become delinquent thirty days after the date of delivery or on the delinquent date of the first installment, whichever date occurs later. The delay shall not affect the due dates for special assessments and rates or charges. The delinquent date for special assessments and rates or charges is the same as the first installment delinquent date for ad valorem taxes, including any extension, in absence of a statute to the contrary.

2. a. To avoid interest on delinquent taxes, a payment must be received by the treasurer on or before the last business day of the month preceding the delinquent date, or mailed with appropriate postage and applicable fees paid, and a United States postal service postmark affixed to the payment envelope, with the postmark bearing a date preceding the delinquent date. Items returned to the sender by the United States postal service for insufficient postage or applicable fees shall be assessed interest, unless the appropriate postage and fees are paid and the items are postmarked again before the delinquent date. However, if the last calendar day of a month falls on a Saturday, Sunday, or a holiday, that amount becomes delinquent on the second business day of the following month.

b. To avoid interest on current or delinquent taxes, for payments made through a county treasurer’s authorized Internet site only, if the last day of the month falls on a Saturday, Sunday, or a holiday, the electronic payment must be entered by midnight on the first business day of the next month. All other electronic payments must be entered by midnight on the last day of the month preceding the delinquent date.

445.38 Apportionment.  
If ad valorem or manufactured or mobile home taxes are paid by installment, each of those payments shall be apportioned among the several funds for which taxes have been assessed in their proper proportions.

[C97, §1403; C24, 27, 31, 35, 39, §7212; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.38]  

445.39 Interest on delinquent taxes.  
If the first installment of taxes is not paid by the delinquent date specified in section 445.37, the installment becomes due and draws interest of one and one-half percent per month until paid, from the delinquent date following the levy. If the last half is not paid by the delinquent date specified for it in section 445.37, the same interest shall be charged from the date the last half became delinquent. However, after April 1 in a fiscal year when late delivery of the tax list referred to in chapter 443 results in a delinquency date later than October 1 for the first installment, interest on delinquent first installments shall accrue as if delivery were made on the previous June 30. The interest imposed under this section shall be computed to the nearest whole dollar and the amount of interest shall not be less than one dollar. In calculating interest each fraction of a month shall be counted as an entire month. The interest percentage on delinquent special assessments and rates or charges is the same as that for the first installment of delinquent ad valorem taxes.

445.41 When interest omitted.  
Interest shall not be added to taxes levied by a court to pay a judgment on county, city, or school district indebtedness, other than the interest which that judgment may draw, nor upon taxes levied in aid of the construction of a railroad.

[C73, §866; C97, §1413; C24, 27, 31, 35, 39, §7216; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.41]  
91 Acts, ch 191, §48

445.53 Taxes certified to another county.  
In all cases of delinquent taxes, if the person upon whose property the taxes were levied has disposed of or removed the property and the treasurer of the county where the taxes were levied can find no property within that county against which those taxes can be collected, the treasurer of the county where those taxes are delinquent shall make out a certified abstract of the taxes and forward it to the treasurer of the county in which the person resides or has property, if the treasurer transmitting the abstract has reason to believe that the delinquent taxes can be collected by that county.

[C73, §861; C97, §1409; SS15, §1409; C24, 27, 31, 35, 39, §7228; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.53]  
91 Acts, ch 191, §49

445.54 Collection in such case.  
The county treasurer forwarding and the one receiving said abstract shall each keep a record of it, and, upon receipt and filing in the office of the treasurer to whom sent, it shall
have the effect of a levy of taxes in that county, and the collection shall proceed in the same manner as in the collection of other taxes.

[C73, §862; C97, §1410; C24, 27, 31, 35, 39, §7229; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.54]
91 Acts, ch 191, §50

445.55 Fees collectible.
The county treasurer collecting taxes so certified into another county shall, in addition to the interest, fees, and costs on delinquent taxes, assess a collection fee of twenty percent on the whole amount of the taxes, inclusive of the interest, fees, and costs on the taxes.

[C73, §863; C97, §1411; C24, 27, 31, 35, 39, §7230; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.55]
91 Acts, ch 191, §51
Referred to in §445.56

445.56 Return.
1. The county treasurer receiving the abstract shall, upon collection, forward the amount to the treasurer of the county where the taxes were levied, less the collection fee provided in section 445.55.
2. The treasurer receiving the abstract shall, when in the treasurer’s opinion the taxes are uncollectible, return the abstract with the endorsement “uncollectible” on it. In such case, when it is administratively impractical to collect the tax, the board of supervisors shall compromise or abate the tax, interest, and costs.

[C73, §864; C97, §1412; C24, 27, 31, 35, 39, §7231; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.56]
91 Acts, ch 191, §52; 2018 Acts, ch 1041, §127

445.57 Monthly apportionment.
1. On or before the tenth day of each month, the county treasurer shall apportion all taxes collected during the preceding month, except partial payment amounts collected pursuant to section 445.36A, subsection 1, partial payments collected and not yet designated by the county treasurer for apportionment pursuant to section 445.36A, subsection 2, partial payments collected pursuant to section 435.24, subsection 6, paragraph “a”, and partial payments collected and not yet designated by the county treasurer for apportionment pursuant to section 435.24, subsection 6, paragraph “b”, among the several funds to which they belong according to the amount levied for each fund, and shall apportion the interest, fees, and costs on the taxes to the general fund, and shall enter those amounts upon the treasurer’s cash account, and report the amounts to the county auditor.
2. The county treasurer shall apportion all interest and penalties on the replacement taxes and special utility property tax levies collected by the county treasurer to the general fund. Replacement taxes collected by the county treasurer shall be apportioned as set forth in this section.
3. Fees and charges including service delivery fees, credit card fees, and electronic funds transfer charges payable to a third party, not to the county, that are imposed for completing an electronic financial transaction with the county are not considered taxes collected for the purposes of this section.

Referred to in §331.427, 435.24, 445.36A

445.60 Refunding erroneous tax.
The board of supervisors shall direct the county treasurer to refund to the taxpayer any tax or portion of a tax found to have been erroneously or illegally paid, with all interest, fees,
and costs actually paid. A refund shall not be ordered or made unless a claim for refund is presented to the board within two years of the date the tax was due, or if appealed to the board of review, the property assessment appeal board, or district court, within two years of the final decision.

Referred to in §331.401

445.61 Sale for erroneous tax.
If a parcel subject to taxation is sold for the payment of such erroneous tax, interest, fees, or costs, the error or irregularity in the tax may be corrected at any time provided in this chapter, but this correction does not affect the validity of the sale or the right or title conveyed by a county treasurer’s deed, if the parcel was subject to taxation for any of the purposes for which any portion of the taxes for which the parcel was sold was levied, and the taxes were not paid before the sale, or the parcel redeemed from sale.

91 Acts, ch 191, §55

445.62 Abatement or refund in case of loss.
The board of supervisors has the authority to abate or refund in whole or in part the taxes of any person whose buildings, crops, stock, or other property has been destroyed by fire, tornado, or other unavoidable casualty, if that property has not been sold for taxes, or if the taxes have not been delinquent for thirty days at the time of the destruction. The loss for which abatement or refund is allowed shall be only that amount which is not covered by insurance. The loss of capital stock in a bank operated within the state and the making and paying of a stock assessment for the year that stock was assessed for taxation is a destruction within the meaning of this section.

91 Acts, ch 191, §56

Referred to in §331.401

445.63 Abatement of taxes.
When taxes are owing against a parcel owned or claimed by the state or a political subdivision of this state and the taxes were owing before the parcel was acquired by the state or a political subdivision of this state, the county treasurer shall give notice to the appropriate governing body which shall pay the amount of the taxes due. If the governing body fails to immediately pay the taxes due, the board of supervisors shall abate all of the taxes.

446.3 through 446.6 Repealed by 91 Acts, ch 191, §123, 124.

446.7 Annual tax sale.
1. Annually, on the third Monday in June the county treasurer shall offer at public sale all parcels on which taxes are delinquent. The treasurer shall not, however, offer for sale any parcel that is subject to a pending action as the result of a municipal infraction citation under section 364.22, a petition filed under chapter 657, or a petition filed under chapter 657A, if such municipal infraction citation or petition is indexed under section 617.10 and noted in the county system as defined in section 445.1. The sale shall be made for the total amount of taxes, interest, fees, and costs due. If for good cause the treasurer cannot hold the annual tax sale on the third Monday of June, the treasurer may designate a different date in June for the sale.

2. Parcels against which the county holds a tax sale certificate or a municipality holds a tax sale certificate acquired under section 446.19, parcels of municipal and political subdivisions of the state of Iowa, or parcels of the state or its agencies, shall not be offered or sold at tax sale and a tax sale of those parcels is void from its inception. When taxes are owing against parcels owned or claimed by a municipal or political subdivision of the state of Iowa, or parcels of the state or its agencies, the treasurer shall give notice to the appropriate governing body which
shall then pay the total amount due. If the governing body fails to pay the total amount due, the board of supervisors shall abate the total amount due.

446.9 Notice of sale — service — publication — costs.

1. A notice of the date, time, and place of the annual tax sale shall be served upon the person in whose name the parcel subject to sale is taxed. The county treasurer shall serve the notice by sending it by regular first class mail to the person’s last known address not later than May 1 of each fiscal year. However, in those instances when May 1 is a Saturday or Sunday, the notice shall be served not later than the first business day of May. The notice shall contain a description of the parcel to be sold which is clear, concise, and sufficient to distinguish the parcel to be sold from all other parcels. It shall also contain the amount of delinquent taxes for which the parcel is liable each year, the amount of the interest and fees, and the amount of the service fee as provided in section 446.10, subsection 2, all to be incorporated as a single sum. The notice shall contain a statement that, after the sale, if the parcel is not redeemed within the period provided in chapter 447, the right to redeem expires and a deed may be issued.

2. Publication of the date, time, and place of the annual tax sale shall be made once by the treasurer in at least one official newspaper in the county as selected by the board of supervisors and designated by the treasurer at least one week, but not more than three weeks, before the day of sale. The publication shall contain a description of the parcel to be sold that is clear, concise, and sufficient to distinguish the parcel to be sold from all other parcels. All items offered for sale pursuant to section 446.18 may be indicated by an “s” or by an asterisk. The publication shall also contain the name of the person in whose name the parcel to be sold is taxed and the amount delinquent for which the parcel is liable each year, the amount of the interest and fees, and the amount of the service fee as provided in section 446.10, subsection 2, all to be incorporated as a single sum. The publication shall contain a statement that, after the sale, if the parcel is not redeemed within the period provided in chapter 447, the right to redeem expires and a deed may be issued.

3. a. In addition to the notice required by subsection 1 and the publication required by subsection 2, the treasurer shall send, at least one week but not more than three weeks before the day of sale, a notice of sale in the form prescribed by subsection 1, by regular first class mail to any mortgagee having a lien upon the parcel, a vendor of the parcel under a recorded contract of sale, a lessor of the parcel who has a recorded lease or memorandum of a recorded lease, and to any other person who has an interest of record in the parcel, if the mortgagee, vendor, lessor, or other person having an interest of record has done both of the following:

(1) Requested on a form prescribed by the treasurer that notice of sale be sent to the person.

(2) Filed the request form with the treasurer at least one month prior to the date of sale, together with a fee of twenty-five dollars per parcel.

b. The request for notice is valid for a period of five years from the date of filing with the treasurer. The request for notice may be renewed for additional periods of five years by the procedure specified in this subsection.

4. Notice required by subsections 1 and 3 shall be deemed completed when the notice is enclosed in a sealed envelope with the proper postage on the envelope, is addressed to the person entitled to receive it at the person’s last known mailing address, and is deposited in a mail receptacle provided by the United States postal service. Failure to receive a mailed notice is not a defense to the payment of the total amount due.

5. If, for good cause, a parcel is not included in the publication specified in subsection 2, notice shall be given by publication or by posting a description of the parcel and the date,
time, and place of the tax sale in the treasurer’s office for two weeks before the regular or any adjourned tax sale and, at the time of the publication or posting, by mailing the notice required in subsection 1.

446.10 Publication costs and service fees.

1. The compensation for publication shall not exceed four dollars for each separately described parcel and shall be paid by the county.

2. A service fee not to exceed four dollars shall be collected as a fee for sale notice preparation and deposited into the county general fund. If the taxes are paid before the date of sale, the service fee shall be included as a part of the costs of collecting the taxes.

446.14 Irregularities in advertisement.
An irregularity or informality in the advertisement does not affect the legality of the sale or the title to a parcel conveyed by the county treasurer’s deed under this chapter and chapters 447 and 448, and in all cases its provisions shall be sufficient notice to the owners of the sale of the parcel.
[R60, §770; C73, §880; C97, §1421; C24, 27, 31, 35, 39, §7251; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §446.14]

446.16 Bid — purchaser — bidder registration fee.
1. The person who offers to pay the total amount due, which is a lien on any parcel, for the smallest percentage of the parcel is the purchaser, and when the purchaser designates the percentage of any parcel for which the purchaser will pay the total amount due, the percentage thus designated shall give the person an undivided interest upon the issuance of a treasurer’s deed, as provided in chapter 448. If two or more persons have placed an equal bid and the bids are the smallest percentage offered, the county treasurer shall use a random selection process to select the bidder to whom a certificate of purchase will be issued. The percentage that may be designated by any purchaser under this subsection shall not be less than one percent.
2. The treasurer may establish and collect a reasonable registration fee from each registered bidder at the tax sale. The fee shall not be assessed against a county or municipality. The total of the fees collected shall not exceed the total costs of the tax sale. Registration fees collected shall be deposited in the general fund of the county.
3. The delinquent tax lien transfers with the tax sale certificate, whether held by the county or purchased by an individual, through assignment or direct purchase at the tax sale. The delinquent tax sale lien expires when the tax sale certificate expires.
4. Only those persons as defined in section 4.1 are authorized to register to bid or to bid at the tax sale or to own a tax sale certificate by purchase, assignment, or otherwise. To be authorized to register to bid or to bid at a tax sale or to own a tax sale certificate, a person, other than an individual, must have a federal tax identification number and either a designation of agent for service of process on file with the secretary of state or a verified statement meeting the requirements of chapter 547 on file with the county recorder of the county in which the person wishes to register to bid or to bid at tax sale or of the county where the property that is the subject of the tax sale certificate is located.

446.17 Sale continued.
1. The county treasurer shall continue the sale from day to day as long as there are bidders or until all delinquent parcels have been offered for sale.
2. If notice of annual tax sale has been published under section 446.9, Code 1991, the notice is valid and further notice is not required for an adjourned sale held under this section, unless it is a public bidder sale.

446.18 “Public bidder sale” — notice.
Each county treasurer shall, on the day of the regular tax sale each year or any continuance or adjournment of the tax sale, offer and sell at public sale all parcels which remain liable to sale for delinquent taxes, which have previously been advertised, offered for one year or more, and remain unsold for want of bidders. Notice of the sale shall be given at the same time and in the same manner as that given of the regular sale.

446.19 County or city as purchaser.
1. When a parcel is offered at a tax sale under section 446.18, and no bid is received, or if the bid received is less than the total amount due, the county in which the parcel is located, through its county treasurer, shall bid for the parcel a sum equal to the total amount due. Money shall not be paid by the county or other tax-levying or tax-certifying body for the purchase, but each of the tax-levying and tax-certifying bodies having any interest in the taxes shall be charged with the total amount due the tax-levying or tax-certifying body as its just share of the purchase price.
2. This section does not prohibit a governmental agency or political subdivision from bidding at the sale for a parcel to protect its interests. When a bid is received from a city in which the parcel is located, money shall not be paid by the city, but each of the tax-levying and tax-certifying bodies having any interest in the taxes shall be charged with the total amount due the tax-levying or tax-certifying body as its just share of the purchase price.

446.19A Purchase by county or city for use as housing.
1. The board of supervisors of a county may adopt an ordinance authorizing the county and each city in the county to bid on and purchase delinquent taxes and to assign tax sale certificates of abandoned property or vacant lots. This section may only be used by a county or by a city in the county if such an ordinance is in effect.
2. On the day of the regular tax sale or any continuance or adjournment of the tax sale, the county or a city may bid for abandoned property assessed as residential property or as commercial multifamily housing property or for a vacant lot a sum equal to the total amount due. Money shall not be paid by the county or city for the purchase, but each of the tax-levying and tax-certifying bodies having any interest in the taxes shall be charged with the total amount due the tax-levying or tax-certifying body as its just share of the purchase price. Prior to the purchase, the county or city shall file with the county treasurer a verified statement that a parcel to be purchased is abandoned property and that the parcel is suitable for use as housing following rehabilitation or that a parcel to be purchased is a vacant lot.
3. If after the date that a parcel is sold pursuant to this chapter, or after the date that a parcel is sold under section 446.18, the parcel assessed as residential property or as commercial multifamily housing property is identified as abandoned or as a vacant lot pursuant to a verified statement filed with the county treasurer by a city or county in the form set forth in subsection 2, a city or county may require the assignment of the tax sale
certificate that had been issued for such parcel by paying to the holder of such certificate the total amount due on the date the assignment of the certificate is made to the county or city and recorded with the county treasurer. If a certificate holder fails to assign the certificate of purchase to the city or county, the county treasurer is authorized to issue a duplicate certificate of purchase, which shall take the place of the original certificate, and assign the duplicate certificate to the city or county. If the certificate is not assigned by the county or city pursuant to subsection 4, the county or city, whichever is applicable, is liable for the tax sale interest that was due the certificate holder pursuant to section 447.1, as of the date of assignment.

4. a. The city or county may assign the tax sale certificate obtained pursuant to this section. Persons who purchase certificates from the city or county under this subsection are liable for the total amount due the certificate holder pursuant to section 447.1.

b. All persons who purchase certificates from the city or county under this subsection shall demonstrate the intent to rehabilitate the abandoned property for habitation or build a residential structure on the vacant lot if the property is not redeemed. In the alternative, the county or city may, if title to the property has vested in the county or city under section 448.1, dispose of the property in accordance with section 331.361 or 364.7, as applicable.

5. For purposes of this section:
   a. "Abandoned property" means a lot or parcel containing a building which is used or intended to be used for residential purposes and which has remained vacant and has been in violation of the housing code of the city in which the property is located or of the housing code applicable in the county in which the property is located if outside the limits of a city, for a period of six consecutive months.
   b. "Vacant lot" means a lot or parcel located in a city or outside the limits of a city in a county that contains no buildings or structures and that is zoned to allow for residential structures.

Referred to in §446.19B, 447.9

446.19B Public nuisance tax sale — rehabilitation for use as housing.

1. The board of supervisors of a county may adopt an ordinance authorizing the county treasurer to separately offer and sell at the annual tax sale delinquent taxes on parcels that are abandoned property and are assessed as residential property or as commercial multifamily housing property and that are, or are likely to become, a public nuisance. This section may only be used by a county or by a city in the county if such an ordinance is in effect.

2. On or before May 15, the county or city may file with the county treasurer a verified statement containing a listing of parcels and a declaration that each parcel is abandoned property, each parcel is assessed as residential property or as commercial multifamily housing property, each parcel is, or is likely to become, a public nuisance, and that each parcel is suitable for use as housing following rehabilitation.

3. The verified statement shall be published at the same time and in the same manner as the notice of the annual tax sale and the requirements in section 446.9, subsection 2, for publication of notice of the annual tax sale also apply to publication of the verified statement.

4. On the day of the regular tax sale, or any continuance or adjournment of the tax sale, the treasurer shall separately offer and sell those parcels listed in a verified statement timely received and properly published and which remain liable to sale for delinquent taxes. This sale shall be known as the "public nuisance tax sale". Notwithstanding any provision to the contrary, the percentage interest that may be purchased in a parcel offered for sale under this section shall not be less than one hundred percent.

5. To be eligible to bid on parcels under this section, a prospective bidder shall enter into a rehabilitation agreement with the county, or with the city if the property is located within a city, to demonstrate the intent to rehabilitate the property for use as housing if the property is not redeemed.

6. If after issuance of a tax sale deed to the holder of a certificate of purchase at the public nuisance tax sale, the tax sale deed holder determines that a building, structure, or other
improvement located on the parcel cannot be rehabilitated for habitation, the tax sale deed holder may request approval from the board of supervisors, or the city council if the property is located within a city, to remove, dismantle, or demolish the building, structure, or other improvement.

7. When a parcel is offered at public nuisance tax sale and no bid is received, or if the bid received is less than the total amount due, the county in which the parcel is located, through its county treasurer, shall bid for the parcel a sum equal to the total amount due. Money shall not be paid by the county or city for the purchase, but each of the tax-levying and tax-certifying bodies having any interest in the taxes shall be charged with the total amount due the tax-levying or tax-certifying body as its just share of the purchase price.

8. The tax sale certificate holder may assign the tax sale certificate obtained pursuant to this section.

9. For purposes of this section, “abandoned property” means the same as defined in section 446.19A, and “public nuisance” means the same as defined in section 657A.1.

446.20 Remedies.

1. a. Without limiting the county’s rights under section 445.3, once a certificate is issued to a county, a county may collect the total amount due by the alternative remedy provided in section 445.3 by converting the total amount due to a personal judgment. Entrance of the judgment shall be shown on the county system. Collection of the judgment may then be initiated as provided in section 445.4. The county attorney shall, upon request of the county treasurer, assist in prosecution of action authorized under this section and sections 445.3 and 445.4.

b. The remedies associated with tax sale and personal judgment may be simultaneously pursued until such time as the total amount due has been collected or otherwise discharged. If the total amount due is collected pursuant to a personal judgment, the tax sale shall be canceled by the treasurer. If a tax deed is issued, any personal judgment shall be released and a satisfaction of judgment shall be filed with the clerk of the appropriate district court.

2. a. If the board or council determines that any property located on a parcel purchased by the county or city pursuant to section 446.19 requires removal, dismantling, or demolition, the board or council shall, at the same time and in the same manner that the notice of expiration of right of redemption is served, cause to be served on the person in possession of the parcel and also upon the person in whose name the parcel is taxed a separate notice stating that if the parcel is not redeemed within the time period specified in the notice of expiration of right of redemption, the property described in the notice shall be removed, dismantled, or demolished. The notice shall further state that the costs of removal, dismantling, or demolition shall be assessed against the person in whose name the parcel is taxed and a lien for the costs shall be placed against any other parcel taxed in that person’s name within the county.

b. Service of the notice shall also be made by mail on any mortgagee having a lien upon the parcel, a vendor of the parcel under a recorded contract of sale, a lessor who has a recorded lease or memorandum of a recorded lease, and any other person who has an interest of record, at the person’s last known address, if the mortgagee, vendor, lessor, or other person has filed a request for notice, as prescribed in section 446.9, subsection 3. The notice shall also be served on any city where the parcel is situated. Failure to receive a mailed notice is not a defense to the payment of the total amount due.

3. This section is remedial and shall apply to all delinquent taxes included in a tax sale certificate of purchase issued to a county. Upon assignment of a county-held tax sale certificate, this section shall not apply to the assignee.

446.21 Assignment of certificate to bondholder.
In tax sales made under section 446.19, a holder of a special assessment certificate against a parcel, a holder of a bond payable in whole or in part out of a special assessment against a parcel, or a city within which a parcel is situated, which parcel has been sold, is entitled to an assignment of any certificate of tax sale of the parcel, upon tender to the holder or to the county treasurer of the amount to which the holder of the tax sale certificate would be entitled in case of redemption.

446.25 Sale adjourned.
When all the parcels advertised for sale have been offered and parcels remain unsold for want of bidders, the county treasurer shall adjourn the sale to some day not exceeding two months from adjournment, due notice of which day shall be given at the time of adjournment, and by keeping the notice posted in a conspicuous place in the treasurer's office. Further notice is not necessary. On the day fixed by the adjournment, the same proceedings shall occur as in the first instance. Further adjournments shall be made, not exceeding intervals of two months, and the sales continue until the next regular annual sale or until all the parcels are sold.

446.27 Liability of treasurer.
1. If the county treasurer, deputy treasurer, or other designated employee sells or assists
in selling any parcel, knowing it is not subject to taxation or that the amount for which it is sold has been paid, or knowingly and willfully sells or assists in selling a parcel to defraud the owner, or knowingly and willfully executes a deed for such a parcel sold, the treasurer, deputy treasurer, or designated employee is guilty of a serious misdemeanor and liable to pay the injured party all damages sustained as a result of the illegal sale.

2. If the treasurer, deputy treasurer, or designated person is directly or indirectly concerned in the purchase of a parcel sold at tax sale, the treasurer and the treasurer’s sureties are liable on the treasurer’s official bond for all damages sustained by the owner of the parcel. In addition, the treasurer, deputy treasurer, or designated person, as the case may be, is guilty of a fraudulent practice.

3. Sales made in violation of this section are void.

446.29 Certificate of purchase.

The county treasurer shall prepare, sign, and deliver to the purchaser of any parcel or part of a parcel sold a certificate of purchase, describing the parcel or part of the parcel as shown in the county system identifying the parcel or part of the parcel sold, the total amount due for each parcel as described, and that payment has been made. Not more than one parcel shall be entered upon each certificate of purchase. The certificate fee is the amount specified in section 331.552, subsection 23. The delinquent tax lien transfers with the tax sale certificate, whether held by the county or purchased by an individual through assignment or direct purchase at the tax sale. The delinquent tax lien expires when the tax sale certificate expires.

446.31 Assignment — presumption from deed recitals.

1. The certificate of purchase is assignable by endorsement and entry in the county system in the office of county treasurer of the county from which the certificate was issued, and when the assignment is so entered and the assignment transaction fee paid, it shall vest in the assignee or legal representatives of the assignee all the right and title of the assignor. The statement in the treasurer’s deed of the fact of the assignment is presumptive evidence of that fact. For each assignment transaction, the treasurer shall charge the assignee an assignment transaction fee of one hundred dollars, or ten dollars in the case of an assignment by an
estate, to be deposited in the county general fund. The assignment transaction fee shall not be added to the amount necessary to redeem.

2. When the county acquires a certificate of purchase, the county may assign the certificate for the total amount due as of the date of assignment or compromise the total amount due and assign the certificate. An assignment or a compromise and assignment shall be by written agreement. A copy of the agreement shall be filed with the treasurer. For each assignment transaction, the treasurer shall collect from the assignee an assignment transaction fee of ten dollars to be deposited in the county general fund. The assignment transaction fee shall not be added to the amount necessary to redeem. All money received from the assignment of county-held certificates of purchase shall be apportioned to the tax-levying and certifying bodies in proportion to their interests in the taxes for which the parcel was sold with all interest, fees, and costs deposited in the county general fund. After assignment of a certificate of purchase which is held by the county, section 446.37 applies. In that instance, the date of cancellation shall be three years from the date the assignment is recorded by the treasurer in the county system. However, in the case of a tax sale certificate issued pursuant to section 446.19B and assigned by the county, the date of cancellation shall be one year from the date the assignment is recorded by the treasurer in the county system. When the assignment is entered and the assignment transaction fee is paid, all of the rights and title of the assignor shall vest in the assignee or the legal representative of the assignee. The statement in the treasurer’s deed of the fact of the assignment is presumptive evidence of that fact.

3. A certificate of purchase for a parcel shall not be assigned to a person, other than a municipality, who is entitled to redeem that parcel.

446.32 Payment of subsequent taxes by purchaser.
The county treasurer shall provide to the purchaser of a parcel sold at tax sale a receipt for the total amount paid by the purchaser after the date of purchase for a subsequent year. Taxes for a subsequent year may be paid by the purchaser beginning one month and fourteen days following the date from which an installment becomes delinquent as provided in section 445.37. Notwithstanding any provision to the contrary, a subsequent payment must be received and recorded by the treasurer in the county system or entered through the county treasurer’s authorized internet site no later than 5:00 p.m. on the last business day of the month for interest for that month to accrue and be added to the amount due under section 447.1. However, the treasurer may establish a deadline for receipt of subsequent payments that is other than 5:00 p.m. on the last business day of the month to allow for timely processing of the subsequent payments. Late interest shall be calculated through the date that the subsequent payment is recorded by the treasurer in the county system or entered through the county treasurer’s authorized internet site. In no instance shall the date of postmark of a subsequent payment be used by a treasurer either to calculate interest or to determine whether interest shall accrue on the subsequent payment.

446.34 School, agricultural college, or university land.
When any school, agricultural college, or university land sold on credit is sold for taxes, the purchaser shall acquire only the interest of the original purchaser therein, and no sale of any such lands for taxes shall prejudice the rights of the state, agricultural college, or university. In all cases where the real estate is mortgaged or otherwise encumbered to the
school, agricultural college, or university fund, the interest of the person who holds the fee shall alone be sold for taxes, and in no case shall the lien or interest of the state be affected by any sale thereof. The foregoing provision shall include all lands exempt from taxation by law, and any legal or equitable estate therein held, possessed, or claimed for any public purpose, and no assessment or taxation of such lands, nor the payment of any such tax by any person, or the sale and conveyance for taxes of any such lands, shall in any manner affect the right or title of the public therein, or confer upon the purchaser or person who pays such taxes any right or interest in such land.

446.37 Cancellation of sale.
After three years have elapsed from the time of any tax sale, or after one year has elapsed from the time of any tax sale under section 446.19B, and the holder of a certificate has not filed an affidavit of service of notice of expiration of right of redemption under section 447.12, the county treasurer shall cancel the sale from the county system. However, if the filing of affidavit of service is stayed by operation of law, the time period for the filing of the affidavit shall not expire until the later of six months after the stay has been lifted or three years from the time of the tax sale, and in the case of a tax sale under section 446.19B, the time period for the filing of the affidavit shall not expire until the later of six months after the stay has been lifted or one year from the time of the tax sale. This section does not apply to certificates of purchase at tax sale which are held by a county.

CHAPTER 447
TAX REDEMPTION

Referred to in §306.22, 331.559, 419.11, 419.25, 437A.7, 445.1, 446.9, 446.14, 448.13, 455G.9, 458A.20, 461A.25
For definitions applicable to chapter, see §445.1

447.1 Redemption — terms.
1. A parcel sold under this chapter and chapter 446 may be redeemed at any time before the right of redemption expires, by payment to the county treasurer, to be held by the treasurer subject to the order of the purchaser, of the amount for which the parcel was sold, including the fee for the certificate of purchase, and interest of two percent per month, counting each fraction of a month as an entire month, from the month of sale, and the total amount paid by the purchaser or the purchaser’s assignee for any subsequent year, with interest at the same rate added on the amount of the payment for each subsequent year from the month of payment, counting each fraction of a month as an entire month. The amount of interest must be at least one dollar and shall be rounded to the nearest whole dollar. Interest shall accrue on subsequent amounts as provided in section 446.32. The redemption must be received by the treasurer or entered through the county treasurer’s authorized internet site on or before the last day of the month to avoid additional interest being added to the amount necessary to redeem. However, if the last day of a month falls on a Saturday, Sunday, or a holiday, the payment must be received by the treasurer or entered through the county treasurer’s authorized internet site by the close of business on the first business day of the following month.

2. When the county or city is the certificate holder of the parcel redeemed from a sale held under section 446.19, the redemption amount shall be apportioned among the several funds for which the taxes were levied. All interest, costs, and fees shall be apportioned to the general fund of the county regardless of who is the certificate holder. If a city is the certificate holder of the parcel redeemed from a sale held under section 446.7 or 446.28, the city shall be entitled to the total amount redeemed.

§447.3 Agricultural college lands.
In redeeming from a sale of a leasehold interest in agricultural college land, the amount to be paid shall include any amount paid by the holder of the certificate as interest or principal due by the terms of the lease or otherwise to prevent a forfeiture, and for which proper voucher has been filed with the county treasurer, with interest at eight percent per annum from date of payment, which amount shall be paid by the treasurer to the holder of the certificate, and the certificate of redemption shall show the amount paid by the party redeeming.

§447.4 Redemption from sale for part of tax.
In case a redemption is made of a parcel compromises and assigned for a sum less than the total amount due, the purchaser is entitled to receive only the amount paid and a ratable part of the interest and costs. In determining the interest to be paid upon redemption from sale, the sum due on a parcel sold shall be taken to be the total amount due on the parcel at the time of sale, and the amount paid for a parcel at sale shall be apportioned ratably in accordance with section 447.1. Parcels so sold are redeemable in the same manner and with the same interest as those sold for the taxes of the preceding year.

§447.5 Certificate of redemption — issued by treasurer.
The county treasurer, upon application of a party to redeem a parcel sold at a tax sale, and being satisfied that the party has a right to redeem the parcel upon the payment of the proper amount, shall issue to the party a certificate of redemption, setting forth the facts of the sale substantially as contained in the certificate, the date of the redemption, the amount paid, and by whom redeemed, and shall make the proper entries in the county system in the treasurer’s office.

§447.7 Redemption by persons with a legal disability.
1. If a parcel of a person with a legal disability is sold at tax sale and the county treasurer has not delivered the treasurer’s deed, a legal representative of the person with the legal disability may redeem the parcel under sections 447.1 and 447.3.
2. a. If a parcel of a person with a legal disability is sold at tax sale and the county treasurer has delivered the treasurer’s deed, the person with the legal disability or the person’s legal representative may redeem the parcel at any time prior to one year after the legal disability is removed by bringing an equitable action for redemption in the district court of the county where the parcel is located, unless the action is required to be brought sooner in time by operation of subsection 3 or 4.
   b. To establish the right to redeem, the person maintaining the action shall prove to the court that the owner of the parcel is a person with a legal disability entitled to redeem prior to the delivery of the treasurer’s deed. If the legal disability has been removed, the person
maintaining the action shall establish the date the disability was removed and explain the manner by which the legal disability was removed.

c. The person maintaining the action shall name as defendants all persons claiming an interest in the parcel derived from the tax sale, as shown by the record.

d. If the court determines that the person maintaining the action or the person's legal representative is entitled to redeem by virtue of legal disability or prior legal disability, the court shall so order. The order shall determine the rights, claims, and interests of all parties, including liens for taxes and claims for improvements made on or to the parcel by the person claiming under the tax title. The order shall establish the amount necessary to effect redemption. The redemption amount shall include the amount for redemption computed in accordance with section 447.1 or 447.3, whichever is applicable, including interest computed up to and including the date of payment of the total redemption amount to the clerk of court and the amount of all costs added to the redemption amount in accordance with section 447.13. In addition, if the person claiming under the tax title is determined by the court to have made improvements on or to the parcel after the treasurer's deed was issued, the court shall enter judgment in favor of the person claiming under the tax title for an amount equal to the value of all such improvements, and such judgment shall be a lien on the parcel until paid. The order shall direct that the person maintaining the action shall pay to the clerk of court, within thirty days after the date of the order, the total redemption amount the order sets forth.

e. Upon timely receipt of the payment, the court shall enter judgment declaring the treasurer's deed to be void and determining the resulting rights, claims, and interests of all parties to the action. In its judgment, the court shall direct the clerk of court to deliver the entire amount of the redemption payment to the person claiming title under the treasurer's deed.

f. If the person maintaining the action fails to timely deliver payment of the total redemption amount to the clerk of court, the court shall enter judgment holding that all rights of redemption of the person with a legal disability who brought the action, or on whose behalf the action was brought, are terminated and that the validity of the tax title or purported tax title is conclusively established as a matter of law against the claims of such person with a legal disability.

3. If a person with a legal disability remains in possession of the parcel after the recording of the treasurer's deed, and if the person claiming under the tax title properly commences an action to remove the person from possession, the person with a legal disability shall forfeit any rights of redemption that the person may have under this section, unless either of the following actions is timely filed by or on behalf of the person:

a. A counterclaim in the removal action asserting the redemption rights under subsection 2 of the person with a legal disability.

b. A separate action under subsection 2. Such action shall be filed within thirty days after the person with a legal disability and the person's legal representative were served with original notice in the removal action. If an action under subsection 2 is filed by or on behalf of the person with a legal disability within the thirty-day period, the court may order the action consolidated with the removal action.

4. If a person with a legal disability is not in possession of the parcel at the time of the recording of the treasurer's deed, the person or the person's legal representative is forever barred and estopped from commencing an action under this section if either of the following occurs:

a. An affidavit is filed pursuant to section 448.15 and claims adverse to the tax title are barred by section 448.16.

b. An action under subsection 2 is not brought within three years after the recording of the treasurer's deed.

447.8 Redemption after delivery of deed.

1. a. After the delivery of the treasurer’s deed, a person entitled to redeem a parcel sold at tax sale shall do so only by an equitable action in the district court of the county where the parcel is located. The action to redeem may be maintained only by a person who was entitled to redeem the parcel during the ninety-day redemption period in section 447.12, except that such a person may assign the person’s right of redemption or right to maintain the action to another person, or by a person entitled to redeem under section 447.7.

   b. In order to establish the right to redeem, the person maintaining the action shall be required to prove to the court either that the person maintaining the action or a predecessor in interest was not properly served with notice in accordance with the requirements of sections 447.9 through 447.12, or that the person maintaining the action or a predecessor in interest acquired an interest in or possession of the parcel during the ninety-day redemption period in section 447.12. A person shall not be entitled to maintain such action by claiming that a different person was not properly served with notice of expiration of right of redemption, if the person seeking to maintain the action, or the person’s predecessor in interest, if applicable, was properly served with the notice. After the execution and delivery of the treasurer’s deed, a person may only redeem a parcel sold for delinquent taxes under this section or section 447.7.

2. The person maintaining the action shall name as defendants all persons claiming an interest in the parcel derived from the tax sale, as shown by the record.

3. If the court determines that notice was properly served, the court shall enter judgment holding that all rights of redemption are terminated and that the validity of the tax title or purported tax title is conclusively established as a matter of law.

4. If the court determines that notice was not properly served and that the person maintaining the action is entitled to redeem, the court shall so order. The order shall determine the rights, claims, and interests of all parties, including liens for taxes and claims for improvements made on or to the parcel by the person claiming under the tax title. The order shall establish the amount necessary to effect redemption. The redemption amount shall include the amount for redemption computed in accordance with section 447.1, including interest computed up to and including the date of payment of the total redemption amount to the clerk of court; the amount of all costs added to the redemption amount in accordance with section 447.13; and, in the event that the person claiming under the tax title has made improvements on or to the parcel after the treasurer’s deed was issued, an amount equal to the value of all such improvements. The order shall direct that the person maintaining the action shall pay to the clerk of court, within thirty days after the date of the order, the total redemption amount established in the order.

5. a. Upon timely receipt of the payment, the court shall enter judgment declaring the treasurer’s deed to be invalid and determining the resulting rights, claims, and interests of all parties to the action. In its judgment, the court shall direct the clerk of court to deliver the entire amount of the redemption payment to the person who previously claimed title under the treasurer’s deed.

   b. If the person maintaining the action fails to timely deliver payment of the total redemption amount to the clerk of court, the court shall enter judgment holding that all rights of redemption are terminated and that the validity of the tax title or purported tax title is conclusively established as a matter of law. No subsequent action shall be brought to challenge the treasurer’s deed or to recover the parcel.

6. If an affidavit is filed pursuant to section 448.15 and if the time period for filing a claim under section 448.16 expires with no claims having been filed, all persons are thereafter barred and stopped from commencing an action under this section.

447.9 Notice of expiration of right of redemption — county right of redemption.

1. After one year and nine months from the date of sale, or after nine months from the date of a sale made under section 446.18, or after three months from the date of a sale made under section 446.19A or 446.19B, the holder of the certificate of purchase may cause to be served upon the person in possession of the parcel, and also upon the person in whose name the parcel is taxed, a notice signed by the certificate holder or the certificate holder’s agent or attorney, stating the date of sale, the description of the parcel sold, the name of the purchaser, and that the right of redemption will expire and a deed for the parcel be made unless redemption is made within ninety days from the completed service of the notice. The notice shall be served by both regular mail and certified mail to the person’s last known address and such service is deemed completed when the notice is deposited in the mail and postmarked for delivery. The ninety-day redemption period begins as provided in section 447.12. When the notice is given by a county as a holder of a certificate of purchase the notice shall be signed by the county treasurer or the county attorney, and when given by a city, it shall be signed by the city officer designated by resolution of the council. When the notice is given by the Iowa finance authority or a city or county agency holding the parcel as part of an Iowa homesteading project, it shall be signed on behalf of the agency or authority by one of its officers, as authorized in rules of the agency or authority.

2. Service of the notice shall be made by both regular mail and certified mail on any mortgagee having a lien upon the parcel, a vendor of the parcel under a recorded contract of sale, a lessor who has a recorded lease or recorded memorandum of a lease, and any other person who has an interest of record, at the person’s last known address. The notice shall be served on any city where the parcel is situated. Notice shall not be served after the filing of the affidavit required by section 447.12. Only those persons who are required to be served the notice of expiration as provided in this section or who have acquired an interest in or possession of the parcel subsequent to the filing of the notice of expiration of the right of redemption are eligible to redeem a parcel from tax sale. Service of the notice is deemed completed when the notice is deposited in the mail and postmarked for delivery.

3. The county in which the parcel is located has the right of redemption for owner-occupied residential parcels as provided in this subsection. If a person is unable to contribute to the public revenue, the person may file a petition, duly sworn to, with the board of supervisors, stating that fact and giving a statement of parcels, as defined in section 445.1, owned or possessed by the petitioner, and other information as the board may require. The board of supervisors may order the county auditor to redeem a parcel owned or possessed by the petitioner from the holder of a certificate of purchase upon payment by the county to the certificate holder of the amount necessary to redeem under section 447.1. Each of the tax-levying and tax-certifying bodies having any interest in the taxes shall be charged with the total amount due the tax-levying or tax-certifying body as its just share of the purchase price, and that amount shall be deducted from the next month’s disbursement made by the county to the tax-levying or tax-certifying body. Interest paid by the county to the certificate holder pursuant to section 447.1 shall be paid solely by the county and shall not be charged against the other tax-levying and tax-certifying bodies. Taxes charged and paid by the tax-levying or tax-certifying body in this manner shall be treated as suspended taxes pursuant to sections 427.8 through 427.12. Notwithstanding section 447.14, a county may redeem pursuant to this subsection for tax sales held before, on, or after July 1, 1998. A county may limit the number of times a taxpayer may file a petition for assistance under this subsection.

If notice in accordance with section 447.9 cannot be served upon a person entitled to notice in the manner prescribed in that section, then the holder of the certificate of purchase shall cause the required notice to be published once in an official newspaper in the county. If service is made by publication, the affidavit required by section 447.12 shall state the reason why service in accordance with section 447.9 could not be made. Service of notice by publication shall be deemed complete on the day of the publication. Fees for publication, if required under section 447.13, shall not exceed the customary publication fees for official county publications.

§447.12 When service deemed complete — presumption.
Service is complete only after an affidavit has been filed with the county treasurer, showing the making of the service, the manner of service, the time when and place where made, under whose direction the service was made, and costs incurred as provided in section 447.13. Costs not filed with the treasurer before a redemption is complete shall not be collected by the treasurer. Costs shall not be filed with the treasurer prior to the filing of the affidavit. The affidavit shall be made by the holder of the certificate or by the holder’s agent or attorney, and in either of the latter cases stating that the affiant is the agent or attorney of the holder of the certificate. The affidavit shall be filed by the treasurer and entered in the county system and is presumptive evidence of the completed service of the notice. The right of redemption shall not expire until ninety days after service is complete. A redemption shall not be considered valid unless received by the treasurer or entered through the county treasurer’s authorized internet site prior to the close of business on the ninetieth day from the date of completed service except in the case of a public bidder certificate held by the county in which case the county may accept a redemption at any time prior to the issuance of the tax deed. However, if the ninetieth day falls on a Saturday, Sunday, or a holiday, payment of the total redemption amount must be received by the treasurer or entered through the county treasurer’s authorized internet site before the close of business on the first business day following the ninetieth day. The date of postmark of a redemption shall not be considered as the day the redemption was received by the treasurer for purposes of the ninety-day time period.

§447.13 Cost — fee — report.
1. The cost of serving the notice, including the cost of sending certified mail notices, and the cost of publication under section 447.10, if publication is required, shall be added to the amount necessary to redeem. The cost of a record search shall also be added to the amount necessary to redeem. However, if the certificate holder is other than a county, the search must be performed by an abstractor who is an active participant in the Iowa title guaranty
program under section 16.91 or by an attorney licensed to practice law in the state of Iowa, and the amount of the cost of the record search that may be added to the amount necessary to redeem shall not exceed three hundred dollars.

2. The county treasurer shall file the proof of service and statement of costs and record these costs against the parcel. The certificate holder or the holder’s agent shall report in writing to the treasurer the amount of authorized costs incurred, and the treasurer shall file the statement. Costs not filed with the treasurer before a redemption is complete shall not be collected by the treasurer and may be recovered through a court action against the parcel owner by the certificate holder.

**448.1 Return of certificate of purchase — execution of deed — fees.**

1. Immediately after the expiration of ninety days from the date of completed service of the notice provided in section 447.12, the county treasurer shall make out a deed for each parcel sold and unredeemed upon the return of the certificate of purchase and payment of the appropriate deed and recording fees by the purchaser. The treasurer shall record the deed with the county recorder prior to delivering the deed to the purchaser. The treasurer shall receive twenty-five dollars for each deed made by the treasurer, and the treasurer may include any number of parcels purchased by one person in one deed, if authorized by the treasurer.

2. The tax sale certificate holder shall return the certificate of purchase and remit the appropriate deed issuance fee and recording fee to the county treasurer within ninety calendar days after the redemption period expires. The treasurer shall cancel the certificate for any tax sale certificate holder who fails to comply with this subsection. This subsection does not apply to certificates held by a county. This subsection is applicable to all certificates of purchase issued before, on, or after July 1, 1997. Holders of certificates of purchase that are outstanding on July 1, 1997, shall return the certificate of purchase and remit the
appropriate deed issuance fee to the county treasurer within ninety calendar days from that
date.

448.2 Form.
Deeds executed by the county treasurer shall be substantially in the following form:

KNOW ALL PERSONS BY THESE PRESENTS, that the following
described parcel: (Here follows the description), situated in the
county of .......................... and state of Iowa, was subject to
taxes for the year (or years) A.D. .........., and the taxes on the
parcel for the year (or years) stated remained due and unpaid at the
date of the sale; and the treasurer of the county, on the ..............
day of ......................, A.D. .........., by virtue of the authority
vested by law in the treasurer, at (an adjournment of) the sale
begun and publicly held on the third Monday of June, A.D. ...........,exposed to public sale at the office of the county treasurer in the
county named, in substantial conformity with all the requirements
of the statute, the parcel described, for the payment of the total
amount then due and remaining unpaid on the parcel, and at that
time and place ......................, of the county of ................. and state
of ................., offered to pay the sum of ................. dollars and
...................... cents, being the total amount then due and
remaining unpaid on the parcel, for (here follows the description
of the parcel sold) which was the least quantity bid for, and payment
of that sum was made by that person to the treasurer, the parcel was
stricken off to that person at that price; and ...................... did,
on the ...................... day of ......................, A.D. ..........., assign the
certificate of the sale of the parcel and all right, title, and interest
to the parcel to ...................... of the county of ...................... and
state of ......................; and by the affidavit of ......................, filed
in the treasurer’s office on the ...................... day of ......................,
A.D. ..........., it appears that notice has been given more than
ninety days before the execution of this deed to ...................... and
...................... of the expiration of the time of redemption allowed
by law; and two years have elapsed since the date of the sale, and
the parcel has not been redeemed:

Now, I, ......................, treasurer of the county, for the
consideration of the stated sum paid to the treasurer and by
virtue of law, have granted, bargained, and sold, and by these
presents do grant, bargain, and sell to ...................... (or
......................), and that person's heirs and assigns, the parcel
described, to have and to hold unto that person (or ......................),
and that person's heirs and assigns, forever; subject, however, to
all the rights of redemption provided by law. In witness whereof, I,
......................, treasurer of ...................... county, by virtue of the
authority vested in me, have subscribed my name on this ........ day
of ......................, A.D. ...........

........................................
Treasurer
State of Iowa,  
.......................... County.  ) ss.

I certify that before me, .........................., in and for said county, personally appeared the above named .........................., treasurer of the county, personally known to me to be the treasurer of the county at the date of the execution of the above conveyance, and to be the identical person whose name is affixed to and who executed the above conveyance as treasurer of the county, and acknowledged the execution of the conveyance to be the treasurer's voluntary act and deed as treasurer of the county, for the purposes expressed in the conveyance.

Given under my hand (and seal) this .......... day of

448.3 Execution and effect of deed.

1. The deed shall be signed by the county treasurer as such, and acknowledged by the treasurer before some officer authorized to take acknowledgments, and when substantially thus executed and recorded in the proper record in the office of the recorder of the county in which the parcel is situated, shall vest in the purchaser all the right, title, interest, and claim of the state and county to the parcel, and all the right, title, interest, and estate of the former owner in and to the parcel conveyed. However, the deed is subject to all restrictive covenants, resulting from prior conveyances in the chain of title to the former owner, and subject to all the right and interest of a holder of a certificate of purchase from a tax sale occurring after the tax sale for which the deed was issued. The issuance of the deed shall operate to cancel all suspended taxes.

2. In the event that an owner of record or a person in whose name the parcel is taxed establishes that such person was not served with notice of expiration of right of redemption in accordance with section 447.9, then the county treasurer's deed is void, subject to the provisions of sections 448.15 and 448.16. If a person entitled to service of notice under section 447.9, other than an owner of record or a person in whose name the parcel is taxed, establishes that such person was not served with notice in accordance with section 447.9, the deed is not thereby rendered invalid. However, the deed is subject to all of the right and interest of such person not served with notice, as provided in sections 448.15 and 448.16.

448.4 Presumptive evidence.

The deed shall be presumptive evidence in all the courts of this state in all controversies and actions in relation to the rights of the purchaser, and the purchaser's heirs or assigns, to the parcel conveyed, of the following facts:

1. That the parcel conveyed was subject to taxes for the year or years stated in the deed.
2. That the taxes were not paid at any time before the sale.
3. That the parcel conveyed had not been redeemed from the sale at the date of the deed.
4. That the parcel had been listed and assessed.
5. That the taxes were levied or set according to law.
6. That the parcel was duly advertised for sale.

7. That the parcel was sold as stated in the deed.
[C51, §503; R60, §784; C73, §897; C97, §1444; C24, 27, 31, 35, 39, §7287; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §448.4]
91 Acts, ch 191, §103
Referred to in §420.244, 448.5

448.5 Conclusive evidence.
The deed shall be conclusive evidence of the following facts:
1. That the manner in which the listing, assessment, levy, notice and sale were conducted was in all respects as the law directed.
2. That the grantee named in the deed was the purchaser.
3. That all the prerequisites of the law were complied with by all the officers who had, or whose duty it was to have had, any part or action in any transaction relating to or affecting the title conveyed or purporting to be conveyed by the deed, from the listing and valuation of the parcel up to the execution of the deed, both inclusive, and that all things required by law to make a good and valid sale and to vest the title in the purchaser were done, except in regard to the points named in section 448.4 for which the deed shall be presumptive evidence only.

448.6 Action to challenge treasurer’s deed.
1. A deed executed by the county treasurer in conformity with the requirements of sections 448.2 and 448.3 shall be presumed to effect a valid title conveyance, and the treasurer’s deed may be challenged only by an equitable action in the district court in the county in which the parcel is located. If the action seeks an order of the court to allow redemption after delivery of the treasurer’s deed because the person seeking to redeem is a person with a legal disability who was entitled to redeem prior to the delivery of the treasurer’s deed, the action shall be brought in accordance with section 447.7. If the action seeks an order of the court to allow redemption after delivery of the treasurer’s deed based on improper service of notice of expiration of right of redemption, the action shall be brought in accordance with section 447.8. If the action is not brought under section 447.7 or 447.8, the action shall be controlled by the provisions of this section.
2. A person shall not be permitted to maintain the action unless the person establishes that the person, or the person under whom the person claims title, had title to the parcel at the time of the sale, or that the title was obtained from the United States or this state after the sale, and that all amounts due upon the parcel for the applicable tax years have been paid by that person or by the person under whom that person claims title.
3. The person maintaining the action shall name as defendants the holder of the tax title and the treasurer of the county in which the parcel is located.
4. The person challenging the deed shall be required to prove, in order to invalidate the deed, any of the following:
   a. That the parcel was not subject to taxes for the year or years named in the deed.
   b. That the taxes had been paid before the sale.
   c. That the parcel had been redeemed from the sale and that the redemption was made for the use and benefit of persons having the right of redemption.
   d. That there had been an entire omission to list or assess the parcel, or to levy the taxes, or to give notice of the sale, or to sell the parcel.
5. If the court determines that the person challenging the treasurer’s deed has established one or more of the elements required under subsection 4 to be proven in order to invalidate the deed, the court shall enter judgment declaring the deed to be invalid. The judgment shall order the treasurer to refund to the person claiming under the tax title all sums paid to the treasurer for the purchase of the tax sale certificate and for any subsequent taxes paid by the certificate holder. If the person claiming under the tax title is determined by the court to
have made improvements to the parcel, the court shall enter judgment in favor of the person claiming under the tax title for an amount equal to the value of such improvements made after the treasurer’s deed was issued, and such judgment shall be a lien on the parcel until paid.

6. If an affidavit is filed pursuant to section 448.15, and if the time period for filing a claim under section 448.16 expires with no claims having been filed, all persons are thereafter barred and estopped from commencing an action under this section.

[C51, §503; R60, §784; C73, §897; C97, §1445; C24, 27, 31, 35, 39, §7291; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §448.6]

"Person with a legal disability" defined, see §445.1

448.8 Sale made by mistake.
If an amount due was paid, and through mistake in the entry made in the county system, the parcel was afterward sold, the treasurer’s deed does not convey the title.

[R60, §784; C73, §897; C97, §1445; C24, 27, 31, 35, 39, §7291; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §448.8]

Referred to in §420.245

448.9 Fraudulent sale.
If the owner of a parcel sold for taxes resists the validity of the tax title, the owner may prove fraud committed by the officer selling the parcel, or in the purchaser, to defeat the title, and, if fraud is established, the sale and title shall be void.

[R60, §784; C73, §897; C97, §1445; C24, 27, 31, 35, 39, §7292; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §448.9]

Referred to in §420.245

448.10 Wrongful sales — purchaser indemnified.
If, by mistake or wrongful act of the county treasurer, a parcel has been sold on which no tax was due at the time, or when a parcel is sold in consequence of error in describing it within the county system, the county shall hold the purchaser harmless by paying the purchaser the amount due to which the purchaser would have been entitled had the parcel been rightfully sold, and the treasurer and the treasurer’s surety shall be liable to the county to the amount of the treasurer’s official bond; or the purchaser, or the purchaser’s assignee, may recover the amount directly from the treasurer and the treasurer’s surety.

[C51, §509; R60, §785; C73, §899; C97, §1446; C24, 27, 31, 35, 39, §7293; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §448.10]

91 Acts, ch 191, §109

Referred to in §420.245, 420.246

448.11 Correcting wrongful sale.
When it is made known to the county treasurer, before the execution of a deed for a parcel sold, or if the deed is returned by the purchaser, that a parcel was sold which was not subject to taxation, or upon which the taxes had been paid, the treasurer shall make an entry in the county system that the parcel was erroneously sold, and the entry shall be evidence of the fact, and the purchase money shall be refunded to the purchaser.

[R60, §789; C73, §891; C97, §1447; C24, 27, 31, 35, 39, §7294; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §448.11]

Referred to in §420.245, 420.246
448.12 Limitation of actions.
An action under section 447.8 or 448.6 or for the recovery of a parcel sold for the
nonpayment of taxes shall not be brought after three years from the execution and recording
of the county treasurer’s deed.
[R60, §790; C73, §902; C97, §1448; C24, 27, 31, 35, 39, §7295; C46, 50, 54, 58, 62, 66, 71, 73,

Referred to in §420.245, 420.246

448.13 Cancellation of tax sale and certificate of purchase — refund of purchase money.
If the county treasurer receives a verified statement from a city stating that a parcel sold
at tax sale contains a building which is abandoned, as those terms are defined in section
657A.1, prior to redemption of the parcel under chapter 447 or the issuance of a tax deed
for the parcel, and the verified statement is accompanied by a petition filed by the city under
section 657A.10B for title to the parcel, the county treasurer shall make an entry in the county
system canceling the sale of the parcel and shall refund the purchase money to the tax sale
certificate holder.

448.14 Officers de facto.
In all actions and controversies involving the question of title to a parcel held under a county
treasurer’s deed, all acts of assessors, treasurers, auditors, supervisors, and other officers de
facto shall be of the same validity as acts of officers de jure.
[R60, §786; C73, §903; C97, §1449; C24, 27, 31, 35, 39, §7296; C46, 50, 54, 58, 62, 66, 71, 73,

Referred to in §420.245

448.15 Affidavit by tax-title holder.
1. After taking possession of the parcel, after the issuance and recording of a tax deed or
an instrument purporting to be a tax deed issued by a county treasurer of this state, the then
owner or holder of the title or purported title may file with the county recorder of the county
in which the parcel is located an affidavit substantially in the following form:

State of Iowa,  
)  
) County. ) ss.
   I, ........................................, being first duly sworn, on oath depose
and say that on .................... (date) the county treasurer issued a
tax deed to ......................... (grantee) for the following described
parcel: .................................
that the tax deed was filed for record in the office of the county
recorder of ......................... county, Iowa, on .................... (date),
and appears in the records of that office in ......................... county as
document reference number .............; and that ............ claims
title to an undivided ............. percent interest in the parcel by
virtue of the tax deed, or purported tax title.
Any person claiming any right, title, or interest in or to the parcel
deadverse to the title or purported title by virtue of the tax deed
referred to shall file a claim with the recorder of the county where
the parcel is located, within one hundred twenty days after the filing
of this affidavit, the claim to set forth the nature of the interest, also
the time and manner in which the interest claimed was acquired. A
person who files such a claim shall commence an action to enforce
the claim within sixty days after the filing of the claim. If a claimant
fails to file a claim within one hundred twenty days after the filing
of this affidavit, or files a claim but fails to commence an action to
enforce the claim within sixty days after the filing of the claim, the
claim thereafter shall be forfeited and canceled without any further
notice or action, and the claimant thereafter shall be forever barred
and estopped from having or claiming any right, title, or interest in
the parcel adverse to the tax title or purported tax title.

Notary Public in and for

.................................... County, Iowa.

2. An owner or holder of a title or purported title who has entered into a lease agreement
conveying possessory rights in the parcel to a tenant in possession shall be deemed to be in
possession for purposes of filing an affidavit under this section.

3. For purposes of this section, if a tax deed or instrument purporting to be a tax deed has
been issued to convey an undivided interest in the parcel of less than one hundred percent,
the owner or holder of the tax title or purported tax title shall be deemed to be in possession
and entitled to file the affidavit in subsection 1. However, before filing the affidavit, the owner
or holder of the tax title or purported tax title shall serve a copy of the affidavit on any other
person in possession of the parcel by sending a copy of the affidavit by both regular and
certified mail to the person at the address of the parcel or at the person's last known address if
different from the address of the parcel. Such service is deemed completed when the affidavit
mailed by certified mail is postmarked for delivery. An affidavit of service shall be attached
to, and filed with, the affidavit in subsection 1. The affidavit of service shall include the names
and addresses of all persons served and the time of mailing.

448.16 Claims adverse to tax title barred.

1. When the affidavit described in section 448.15 is filed it shall be notice to all persons,
and any person claiming any right, title, or interest in or to the parcel described adverse to the
title or purported title by virtue of the tax deed referred to, shall file a claim with the county
recorder of the county in which the parcel is located within one hundred twenty days after
the filing of the affidavit, which claim shall set forth the nature of the interest, the time when
and the manner in which the interest was acquired.

2. At the expiration of the period of one hundred twenty days, if no such claim has been
filed, the validity of the tax title or purported tax title shall be conclusively established as a
matter of law, and all persons shall thereafter be forever barred and estopped from having
or claiming any right, title, or interest in the parcel adverse to the tax title or purported tax
title, including but not limited to any claim alleging improper service of notice of expiration
of right of redemption. An action shall not thereafter be brought to challenge the tax deed or
tax title.

3. An action to enforce a claim filed under subsection 1 shall be commenced within sixty
days after the date of filing the claim. The action may be commenced by the claimant, or a
person under whom the claimant claims title, under section 447.7, 447.8, or 448.6. If an action
by the claimant, or such other person, is not filed within sixty days after the filing of the claim,
the claim thereafter shall be forfeited and canceled without any further notice or action, and
the claimant, or the person under whom the claimant claims title, thereafter shall be forever
barred and estopped from having or claiming any right, title, or interest in the parcel adverse
to the tax title or purported tax title.

449.1 Definitions.
As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

2000 Acts, ch 1148, §1

449.1A Application.
When a parcel has been assessed and taxed as one unit, and thereafter and before the tax is paid, the title to different portions of the parcel becomes vested in different parties in severalty, and the owners are unable to agree as to what portion of the total tax each portion of the parcel should bear, any of the parties may file with the board of supervisors a written application for the apportionment of the tax.

[C24, 27, 31, 35, 39, §7297; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §449.1]
91 Acts, ch 191, §116
C2001, §449.1A
Referred to in §331.401

449.2 Notice.
In the absence of the appearance of all interested parties, the board shall prescribe the notice which nonappearing parties shall receive, and the time and manner of the service thereof.

[C24, 27, 31, 35, 39, §7298; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §449.2]
Referred to in §331.401

449.3 Order — record.
At the hearing, the board shall apportion the tax to the different portions of the parcel owned in severalty, in accordance with the values of the portions. All orders and
determinations of the board shall be entered in its minutes. An order of apportionment shall clearly identify each portion of the parcel owned in severalty.

[C24, 27, 31, 35, 39, §7299; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §449.3]
91 Acts, ch 191, §117
Referred to in §331.401

449.4 Correction of books or records.
The county auditor shall, upon the making of an order of apportionment, correct the tax books or records in the auditor’s possession, in accordance with the order; and if the books or other records have been delivered to the county treasurer, the auditor shall at once certify the order of apportionment to the treasurer who shall correct the county system.

[C24, 27, 31, 35, 39, §7300; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §449.4]
91 Acts, ch 191, §118
Referred to in §331.512

449.5 Effect of order.
An order of apportionment, when followed by a correction of the tax book or other record in accordance therewith, shall have the same effect as though the original assessment had been made in the same manner.

[C24, 27, 31, 35, 39, §7301; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §449.5]

449.6 Appeal.
A party aggrieved by an order of apportionment may appeal therefrom to the district court at any time within ten days from the date of said order, by serving written notice of said appeal on all other parties to said proceeding. Should personal service of said notice within the county be impossible as to any party, any judge of the district court may prescribe the manner of such service.

[C24, 27, 31, 35, 39, §7302; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §449.6]

449.7 Trial on appeal.
The district court shall try said appeal anew and in equity. The final order of the court shall be certified by the clerk of the district court to the county auditor and shall be treated in the same manner as though originally made by the board of supervisors.

CHAPTER 450
INHERITANCE TAX

450.1 Definitions — construction.
1. For purposes of this chapter, unless the context otherwise requires:
a. “Internal Revenue Code” means the same as defined in section 422.3.
b. “Person” includes plural as well as singular, and artificial as well as natural persons.
c. “Personal representative” means an administrator, executor, or trustee as each is defined in section 633.3.
d. “Real estate or real property” for the purpose of appraisal under this chapter means real estate which is the land and appurtenances, including structures affixed thereto.
e. “Stepchild” means the child of a person who was married to the decedent at the time of the decedent’s death, or the child of a person to whom the decedent was married, which person died during the marriage to the decedent.

2. This chapter shall not be construed to confer upon a county attorney authority to represent the state in any case, and the county attorney shall represent the department of revenue only when specially authorized by the department to do so.

[S13, §1481-a45; C24, 27, 31, 35, 39, §7305; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.1]
Referred to in §331.786(7), 422.27

450.2 Taxable estates and property.

The following estates and property and any interest in or income from any of the following estates and property, which pass from the decedent owner in any manner described in this chapter, are subject to tax as provided in this chapter:

1. Real estate and tangible personal property located in this state regardless of whether the decedent was a resident of this state at death.
2. Intangible personal property owned by a decedent domiciled in this state.

[C97, §1467; S13, §1481-a; C24, 27, 31, 35, 39, §7306; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.2]
2003 Acts, ch 95, §2, 24

450.3 Property included.

The tax imposed under this chapter shall be collected upon the net market value, and shall go into the general fund of the state, to be determined as provided in this chapter, of any property passing as follows:

1. By will or under the statutes of inheritance of this or any other state or country.
2. By deed, grant, sale, gift, or transfer made within three years of the death of the grantor or donor, which is not a bona fide sale for an adequate and full consideration in money or money’s worth and which is in excess of the annual gift tax exclusion allowable for each donee under section 2503, subsections (b) and (e), of the Internal Revenue Code. If both spouses consent, a gift made by one spouse to a person who is not the other spouse is considered, for the purposes of this subsection, as made one half by each spouse under the same terms and conditions provided for in section 2513 of the Internal Revenue Code. The net market value of a transfer described in this subsection shall be the net market value determined as of the date of the transfer.
3. By deed, grant, sale, gift, or transfer made or intended to take effect in possession or enjoyment after the death of the grantor or donor. A transfer of property in respect of which the transferor reserves to the transferor a life income or interest shall be deemed to have been intended to take effect in possession or enjoyment at death, provided, that if the transferor reserves to the transferor less than the entire income or interest, the transfer shall be deemed taxable thereunder only to the extent of a like proportion of the value of the property transferred.
4. To the extent of any property with respect to which the decedent has at the time of death a general power of appointment, or with respect to which the decedent has within three years of death exercised or released a general power of appointment by a disposition which is of a nature that if it were a transfer of property owned by the decedent, the property would be includable in the decedent’s gross estate under this section whether the general power was created before or after the taking effect of this chapter. A transfer involving creation of a
general power of appointment shall be treated as a transfer of a fee or equivalent interest in the property subject thereto to the donee of the power. Any transfer involving creation of any other power of appointment shall be treated, except when an election is made under subsection 7, as the transfer of a life estate or term of years in the property subject thereto to the donee of the power and as the transfer of the remainder interests to those who would take if the power is not exercised.

5. Property which is held in joint tenancy by the decedent and any other person or persons or any deposit in banks, or other institution in their joint names and payable to either or to the survivor, except such part as may be proven to have belonged to the survivor; or any interest of a decedent in property owned by a joint stock or other corporate body whereby the survivor or survivors become beneficially entitled to the decedent’s interest upon the death of a shareholder. However, if such property is so held by the decedent and the surviving spouse as the only co-owners, one half of such property is not subject to taxation under the provisions of this chapter, but if the surviving spouse proves that the surviving spouse contributed to acquisition of such property an amount, in money or other property, greater than one half of the cost of the property held in joint tenancy, the portion of such property which is not subject to taxation under the provisions of this chapter shall be the proportion which the actual contribution by the surviving spouse is of the total contribution to acquisition of such property. The tax imposed upon the passing of property under the provisions of this subsection shall apply to property held under all such contracts or agreements whether made before or after the taking effect of this chapter.

6. When the decedent shall have disposed of the decedent’s estate in any manner to take effect at the decedent’s death with a request secret or otherwise that the beneficiary give, pay to, or share the property or any interest therein received from the decedent, with other person or persons, or to so dispose of beneficial interests conferred by the decedent upon the beneficiaries as that the property so passing would be taxable under the provisions of this chapter if passing directly by will or deed from the decedent owner to those to receive the gift from the beneficiary, compliance with such request shall constitute a transfer taxable under the provisions of this chapter, at the highest rate possible in like cases of transfers by will or deed.

7. a. Which qualifies as a qualified terminable interest property as defined in section 2056(b)(7)(B) of the Internal Revenue Code, shall, if an election is made, be treated and considered as passing in fee, or its equivalent, to the surviving spouse in the estate of the donor-grantor. Property on which the election is made shall be included in the gross estate of the surviving spouse and shall be deemed to have passed in fee from the surviving spouse to the persons succeeding to the remainder interest, unless the property was sold, distributed, or otherwise disposed of prior to the death of the surviving spouse. A sale, disposition, or disposal of the property prior to the death of the surviving spouse shall void the election, and shall subject the property disposed of, less amounts received or retained by the surviving spouse, to tax in the donor-grantor’s estate in the same manner as if the tax had been deferred under sections 450.44 through 450.49.

b. Unless the will or trust instrument provides otherwise, the estate of the surviving spouse shall have the right to recover from the persons succeeding to the remainder interests, the additional tax imposed, if any, without interest, on the surviving spouse by reason of the election being made. The amount of tax recovered, if any, shall be a credit in the donee’s estate against the tax imposed on the qualified terminable interest property.

c. An election under this subsection can only be made if an election in relation to the qualified terminable interest property is also made for federal estate tax purposes.

d. The director of revenue shall adopt and promulgate all rules necessary for the
enforcement and administration of this subsection including the form and manner of making the election.
Referred to in §450.8

450.4 Exemptions.
The tax imposed by this chapter shall not be collected:
1. When the entire estate of the decedent does not exceed the sum of twenty-five thousand dollars after deducting the liabilities, as defined in this chapter.
2. When the property passes for a charitable, educational, or religious purpose as defined in sections 170(c) and 2055 of the Internal Revenue Code.
3. When the property passes to public libraries or public art galleries within this state, open to the use of the public and not operated for gain, or to hospitals within this state, or to trustees for such uses within this state, or to municipal corporations for purely public purposes.
4. On bequests for the care and maintenance of the cemetery or burial lot of the decedent or the decedent’s family, and bequests not to exceed five hundred dollars in any estate of a decedent for the performance of a religious service or services by some person regularly ordained, authorized, or licensed by some religious society to perform such service, which service or services are to be performed for or in behalf of the testator or some person named in the testator’s last will.
5. a. On that portion of the decedent’s interest in an employer-provided or employer-sponsored retirement plan or on that portion of the decedent’s individual retirement account that will be subject to federal income tax when paid to the beneficiary. This exemption shall apply regardless of the identity of the beneficiary and regardless of the number of payments to be made after the decedent’s death.
b. For purposes of this exemption:
   (1) An “individual retirement account” includes an individual retirement annuity or any other arrangement as defined in section 408 of the Internal Revenue Code.
   (2) An “employer-provided or employer-sponsored retirement plan” includes a qualified retirement plan as defined in section 401 of the Internal Revenue Code, a governmental or nonprofit employer’s deferred compensation plan as defined in section 457 of the Internal Revenue Code, and an annuity as defined in section 403 of the Internal Revenue Code.
6. On property in an individual development account in the name of the decedent that passes to another individual development account. For purposes of this subsection, “individual development account” means an account that has been certified as an individual development account pursuant to chapter 541A.
7. On the value of tangible personal property as defined in section 633.276 which is distributed in kind from the estate if the aggregate of all tangible personal property in the estate does not exceed five thousand dollars.
8. On the value of any interest in a qualified tuition plan, as defined in section 529 of the Internal Revenue Code, to the same extent to which the value is excluded from the decedent’s gross estate for federal estate tax purposes. This subsection shall apply to all qualified tuition plans that are in existence on or after July 1, 1998.
9. On the value of any interest in the Iowa ABLE savings plan trust created in chapter 12I, or any interest held by a resident account owner in a qualified ABLE program with which the state has contracted pursuant to section 12I.10.

§450.6 Accrual of tax — maturity — extension of time.

1. The tax imposed by this chapter accrues at the death of the decedent owner, and shall be paid to the department of revenue on or before the last day of the ninth month after the death of the decedent owner except if otherwise provided in this chapter. If in the opinion of the director of revenue additional time should be granted for payment to avoid hardship, the director may extend the period to a date not exceeding ten years from the last day of the month in which the death of the decedent occurred. In the case of an extension the tax bears interest at the rate in effect under section 421.7 from the expiration of the last day of the ninth month after the decedent’s death. Interest shall be computed on a monthly basis with a fraction of a month counted as a full month.

2. Upon the approval of the executive council, the tax liability of a beneficiary, heir, surviving joint tenant, or other transferee may be paid, in lieu of money, in whole or in part by the transfer of real property or tangible personal property to the state or a political subdivision of the state to be used for public purposes. Before the tax liability may be paid by transfer of property to a political subdivision, the governing body of the political subdivision shall also approve the transfer. The property transferred in payment of tax shall have been included in the decedent’s gross estate for inheritance tax purposes and its value for the payment of the tax shall be the same as its value for inheritance tax purposes. The acceptance or rejection of the property in payment of the tax liability and the value of the property shall be certified by the executive council to the director of revenue. The acceptance of the property transferred acts as payment and satisfaction of the inheritance tax liability to the extent of the value of the transferred property, but notwithstanding any other provision, the taxpayer is not entitled to a refund if the transferred property has a value in excess of the tax liability.

§450.7 Lien of tax.

1. The tax imposed by this chapter is a charge against and a lien upon the estate subject to tax under this chapter, and all property of the estate or owned by the decedent from the death of the decedent until paid, subject to the following limitations:

a. The share of the estate passing to the surviving spouse, and parents, grandparents, great-grandparents, and other lineal ascendants, children including legally adopted children and biological children entitled to inherit under the laws of this state, stepchildren, and grandchildren, great-grandchildren, and other lineal descendants is excluded from taxation under this chapter.

b. Inheritance taxes owing with respect to a passing of property of a deceased person are no longer a lien against the property ten years from the date of death of the decedent owner.
regardless of whether the decedent owner died prior to or subsequent to July 1, 1995, except to the extent taxes are attributable to remainder or deferred interests and are deferred in accordance with the provisions of this chapter.

2. Notice of the lien is not required to be recorded. The rights of the state under the lien have priority over all subsequent mortgages, purchases, or judgment creditors; and a conveyance after the decedent’s death of the property subject to a lien does not discharge the property except as otherwise provided in this chapter. However, if additional tax is determined to be owing under this chapter after the lien has been released under paragraph “a” or “b”, the lien does not have priority over subsequent mortgages, purchases, or judgment creditors unless notice of the lien is recorded in the office of the recorder of the county where the estate is probated, or where the property is located if the estate has not been administered. The department of revenue may release the lien by filing in the office of the clerk of the court in the county where the property is located, the decedent owner died, or the estate is pending or was administered, one of the following:

a. A receipt in full payment of the tax.
b. A certificate of nonliability for the tax as to all property reported in the estate.
c. A release or waiver of the lien as to all or any part of the property reported in the estate, which shall release the lien as to the property designated in the release or waiver.

3. The sale, exchange, mortgage, or pledge of property by the personal representative pursuant to a testamentary direction or power, pursuant to section 633.387, or under order of court, divests the property from the lien of the tax. The proceeds from that sale, exchange, mortgage, or pledge shall be held by the personal representative subject to the same priorities for the payment of the tax as existed with respect to the property before the transaction, and the personal representative is personally liable for payment of the tax to the extent of the proceeds.

450.8 Transfers and trusts.

If the decedent makes transfer of, or creates a trust with respect to, property passing under section 450.3, subsection 2, or intended to take effect after death, except in the case of a bona fide sale for a fair consideration in money or money’s worth, and if the tax in respect to the transfer is not paid when due, the transferee or trustee is personally liable for the tax, and the property, to the extent of the decedent’s interest in the property at the time of death, is subject to a lien for the payment of the tax.

§450.10 Rate of tax.
The property or any interest therein or income therefrom, subject to the provisions of this chapter, shall be taxed as herein provided:

1. When the property or any interest in property, or income from property, taxable under the provisions of this chapter, passes to the brother or sister, son-in-law, or daughter-in-law, the rate of tax imposed on the individual share so passing shall be as follows:
   a. Five percent on any amount up to twelve thousand five hundred dollars.
   b. Six percent on any amount in excess of twelve thousand five hundred dollars and up to twenty-five thousand dollars.
   c. Seven percent on any amount in excess of twenty-five thousand dollars and up to seventy-five thousand dollars.
   d. Eight percent on any amount in excess of seventy-five thousand dollars and up to one hundred thousand dollars.
   e. Nine percent on any amount in excess of one hundred thousand dollars and up to one hundred fifty thousand dollars.
   f. Ten percent on all sums in excess of one hundred fifty thousand dollars.

2. When the property or interest in property or income from property, taxable under this chapter, passes to a person not included in subsections 1 and 6, the rate of tax imposed on the individual share so passing shall be as follows:
   a. Ten percent on any amount up to fifty thousand dollars.
   b. Twelve percent on any amount in excess of fifty thousand dollars and up to one hundred thousand dollars.
   c. Fifteen percent on all sums in excess of one hundred thousand dollars.

3. When the property or any interest in property or income from property, taxable under the provisions of this chapter, passes in any manner to societies, institutions or associations incorporated or organized under the laws of any other state, territory, province or country than this state, for charitable, educational or religious purposes, or to cemetery associations, including humane societies not organized under the laws of this state, or to resident trustees for uses without this state, the rate of tax imposed shall be ten percent on the entire amount so passing.

4. When the property or any interest in property or income from property, taxable under this chapter, passes to any firm, corporation, or society organized for profit, including fraternal and social organizations which do not qualify for exemption under sections 170(c) and 2055 of the Internal Revenue Code, the rate of tax imposed shall be fifteen percent on the entire amount so passing.

5. When the property or any interest in property, or income from property, taxable under this chapter, passes to any person included under subsection 1, there shall be credited to the tax imposed on the individual share so passing an amount equal to the tax imposed in this state on the decedent on any property, real, personal or mixed, or the proportionate share thereof on property passing to the person taxed hereunder, which can be identified as having been received by the decedent as a share in the estate of any person who died within two years prior to the death of the decedent, or which can be identified as having been acquired by the decedent in exchange for property so received. The credit shall not be applicable to taxes on property of the decedent which was not acquired from the prior estate.

6. Property, interest in property, or income passing to the surviving spouse, and parents, grandparents, great-grandparents, and other lineal descendants, children including legally adopted children and biological children entitled to inherit under the laws of this state, stepchildren, and grandchildren, great-grandchildren, and other lineal descendants, is not taxable under this section.

[C97, §1467; S13, §1481-a; C24, 27, 31, 35, 39, §7313; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.10; 81 Acts, ch 147, §4]

§450.11 Reserved.
450.12 Liabilities deductible.
1. Subject to the limitations in subsections 2 and 3, there shall be deducted from the gross value of the estate only the liabilities defined as follows:
   a. The debts owing by the decedent at the time of death, the local and state taxes accrued before the decedent’s death, the federal estate tax and federal taxes owing by the decedent, a reasonable sum for funeral expenses, the allowance for surviving spouse and minor children granted by the probate court or its judge, court costs, and any other administration expenses allowable pursuant to section 2053 of the Internal Revenue Code.
   b. A liability shall not be deducted unless the personal representative or other person filing the inheritance tax return as provided in section 450.22 certifies that it has been paid or, if not paid, the director of revenue is satisfied that it will be paid. If the amount of liabilities deductible under this section exceeds the amount of property subject to the payment of the liabilities, the excess shall be deducted from other property included in the gross estate on a prorated basis that the gross value of each item of other property bears to the total gross value of all the other property. Subject to the previous provision, a liability is deductible whether or not the liability is legally enforceable against the decedent’s estate.
2. If the decedent’s gross estate includes property with a situs outside of Iowa, the liabilities deductible under subsection 1 shall be prorated on the basis that the gross value of property with a situs in Iowa bears to the total gross estate. Only the Iowa portion of the liabilities shall be deductible in computing the tax imposed by this chapter. However, a liability secured by a lien on property shall be allocated to the state where the property has a situs and shall not be prorated except to the extent the liability exceeds the value of the property.
3. If a liability under subsection 1 is secured by property, or a portion of property, not included in the decedent’s gross estate, only that portion of the liability attributable to property or a portion of property included in the decedent’s gross estate is deductible in computing the tax imposed by this chapter.

450.20 Record of deferred estates.
The department of revenue shall keep a separate record of any deferred estate upon which the tax due is not paid on or before the last day of the ninth month after the death of the decedent, showing substantially the same facts as are required in other cases, and also showing:
1. The date and amount of all bonds given to secure the payment of the tax with a list of the sureties thereon.
2. The type and amount of any security, other than a bond, given to secure the payment of the tax.
3. The name of the person beneficially entitled to such estate or interest, with place of residence.
4. A description of the property or a statement of conditions upon which such deferred estate is based or limited.

2018 amendment applies to estates of decedents that include a deferred estate or remainder interest and that have not, on or before July 1, 2018, received approval from the department of revenue to defer payment of tax pursuant to §450.44 – 450.49; 2018 Acts, ch 1134, §4  

450.21 Administration on application of director.  
If, upon the death of any person leaving an estate that may be liable to a tax under this chapter, a will disposing of the estate is not offered for probate, or an application for administration made within four months from the time of the decease, the director of revenue may, at any time thereafter, make application to the proper court, setting forth that fact and requesting that a personal representative be appointed, and the court shall appoint a personal representative to administer upon the estate.  

[S13, §1481-a3; C24, 27, 31, 35, 39, §7327; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.21]

Referred to in §450.22  

450.22 Administration avoided — inheritance tax duties required — penalty.  

1. When the heirs or persons entitled to inherit the property of an estate subject to tax under this chapter desire to avoid the appointment of a personal representative as provided in section 450.21, and in all instances where real estate is involved and there are no regular probate proceedings, they or one of them shall file under oath the inventories required by section 633.361 and the required reports, perform all the duties required by this chapter of the personal representative, and file the inheritance tax return.  

2. However, this section does not apply and a return is not required to be filed even though real estate is part of the assets subject to tax under this chapter, if all of the assets are held in joint tenancy with right of survivorship between husband and wife alone, or if the estate exclusively consists of property held in joint tenancy with the right of survivorship solely by the decedent and individuals listed in section 450.9 as individuals that are entirely exempt from Iowa inheritance tax and the estate does not have a federal estate tax obligation.  

3. a. However, this section does not apply and a return is not required to be filed, even though real estate is involved, if the estate does not have a federal estate tax filing obligation and if all the estate’s assets are described in any of the following categories:  

(1) Assets held in joint tenancy with right of survivorship between husband and wife alone.  

(2) Assets held in joint tenancy with right of survivorship solely between the decedent and individuals listed in section 450.9 as individuals that are entirely exempt from Iowa inheritance tax.  

(3) Assets passing by beneficiary designation, pursuant to a trust intended to pass the decedent’s property at death or through any other nonprobate transfer solely to individuals listed in section 450.9 as individuals that are entirely exempt from Iowa inheritance tax.  

b. This subsection does not apply to interests in an asset or assets that pass to both an individual listed in section 450.9 and to that individual’s spouse.  

4. If a return is not required to be filed pursuant to subsection 3, and if real estate is involved, one of the individuals with an interest in, or succeeding to an interest in, the real estate shall file an affidavit in the county in which the real estate is located setting forth the legal description of the real estate and the fact that an inheritance tax return is not required pursuant to subsection 3. Anyone with or succeeding to an interest in real estate who willfully fails to file such an affidavit, or who willfully files a false affidavit, is guilty of a fraudulent practice.  

5. When this section applies, proceedings for the collection of the tax when a personal
representative is not appointed shall conform as nearly as possible to proceedings under this chapter in other cases.

450.24 Appraisers.

In each county, the chief judge of the judicial district for that county shall, on or before January 15 of the year an appointment is required, appoint three competent residents and freeholders of the county to act as appraisers of the real property within its jurisdiction which is charged or sought to be charged with an inheritance tax. The appraisers shall serve for four years, and until their successors are appointed and qualified. They shall each take an oath to faithfully and impartially perform the duties of the office, but shall not be required to give bond. They shall be subject to removal at any time at the discretion of the chief judge of the judicial district for that county. The chief judge may also in the chief judge's discretion, either before or after the appointment of the regular appraisers, appoint other appraisers to act in any given case. Vacancies occurring otherwise than by expiration of term shall be filled by appointment of the chief judge of the judicial district for that county. A person interested in any manner in the estate to be appraised shall not serve as an appraiser of that estate.

450.27 Commission to appraisers.

When an appraisal of real estate is requested by the department of revenue, as provided in section 450.37, or is otherwise required by this chapter, the clerk shall issue a commission to the appraisers, who shall fix a time and place for appraisement, except that if the only interest that is subject to tax is a remainder or deferred interest upon which the tax is not payable until the determination of a prior estate or interest for life or term of years, the clerk shall not issue the commission until the determination of the prior estate, except at the request of the department of revenue when the parties in interest seek to remove an inheritance tax lien. When valuing the real estate for purposes of inheritance tax, an appraiser does not have the jurisdiction to determine what property or partial interests may or may not be subject to tax. Whole interests in the property should be appraised and the question of the actual property or partial interest subject to inheritance tax is to be determined by means of the administrative procedures pursuant to section 450.94. All joint property that is to be appraised should be listed at its full market value. Long-term leases are not considered in determining the value of property when being appraised.

450.32 Hearing — order.

If upon the hearing the court finds the amount at which the real property is appraised is the property’s value on the market in the ordinary course of trade and the appraisement was fairly and in good faith made, the court shall approve the appraisement. If the court finds that the appraisement was made at a greater or lesser sum than the value of the real property in the ordinary course of trade, or that the appraisement was not made fairly or in good faith, the court shall set aside the appraisement. Upon the appraisement being set aside, the court shall fix the value of the real property of the estate for inheritance tax purposes and the valuation fixed is that upon which the tax shall be paid, unless an appeal is taken from the order of the court as provided for in this chapter.

450.37 **Value for computing the tax.**

1. Unless the value has been determined under chapter 450B, the tax shall be computed based upon one of the following:
   a. The fair market value of the property in the ordinary course of trade determined under subsection 2.
   b. The alternate value of the property, if the personal representative so elects, that has been established for federal estate tax purposes under section 2032 of the Internal Revenue Code. The election shall be exercised on the return by the personal representative or other person signing the return, within the time prescribed by law for filing the return or before the expiration of any extension of time granted for filing the return.

2. Fair market value of real estate in the ordinary course of trade shall be established by agreement, including an agreement to accept the values as finally determined for federal estate tax purposes. The agreement shall be between the department of revenue, the personal representative, and the persons who have an interest in the property.
   a. If an agreement has not been reached on the fair market value of real property in the ordinary course of trade, the director of revenue has sixty days after the return is filed to request an appraisal under section 450.27. If an appraisal request is not made within the sixty-day period, the value listed on the return is the agreed value of the real property.
   b. If an agreement is not reached on the fair market value of personal property in the ordinary course of trade, the personal representative or any person interested in the personal property may appeal to the director of revenue for a revision of the department of revenue’s determination of the value and after the appeal hearing may seek judicial review of the director’s decision. The provisions of section 450.94, subsection 3, relating to appeal of a determination of the department and review of the director’s decision apply to an appeal and review made under this subsection.

3. In addition to the applicable period of limitation for examination and determination, the department shall make an examination to adjust the value of real property for Iowa
inheritance tax purposes to the value accepted by the internal revenue service for federal estate tax purposes. The department shall make an examination and adjustment for the value of the real property at any time within six months from the date of receipt by the department of written notice from the personal representative for the estate that all federal estate tax matters between the estate and the internal revenue service have been concluded. To begin the running of the six-month period, the notice shall be in writing in a form sufficient to inform the department of the final disposition of the federal estate tax obligation with the internal revenue service and a copy of the federal document showing the final disposition and final federal adjustments of all real property values must be attached. The department shall make an adjustment to the value of real property for inheritance tax purposes to the value accepted for federal estate tax purposes regardless of whether an inheritance clearance has been issued, an appraisal has been obtained on the real property indicating a contrary value, whether there has been an acceptance of another value for real property by the department, or whether an agreement has been entered into by the department and the personal representative for the estate and persons having an interest in the real property regarding the value of the real property. Notwithstanding the period of limitation specified in section 450.94, subsection 3, the personal representative for the estate shall have six months from the day of final disposition of any real property valuation matter between the personal representative for the estate and the internal revenue service to claim a refund of an overpayment of tax due to the change in the valuation of real property by the internal revenue service.

450.47 Life and term estates in personal property.
If an estate or interest for life or term of years in personal property is given to one or more persons other than those exempt by this chapter and the remainder or deferred estate to others, the property devised or conveyed shall be valued under section 450.37 as provided in ordinary estates and the value of the estates or interests devised or conveyed shall be determined as provided in section 450.51. The tax upon the estates or interests liable for the tax shall be paid to the department of revenue from the property valued or by the persons entitled to the estate or interest on or before the last day of the ninth month after the death of the testator, grantor, or donor. However, payment of the tax upon a deferred estate or remainder interest may be deferred until the determination of the prior estate as provided in section 450.48.

2018 amendment applies to estates of decedents that include a deferred estate or remainder interest and that have not, on or before July 1, 2018, received approval from the department of revenue to defer payment of tax pursuant to §450.44 - 450.49; 2018 Acts, ch 1134, §4  
Section amended

450.48 Payment deferred — bond — exceptions.
1. Except as provided in subsection 2, when in case of deferred estates or remainder interests in personal property or in the proceeds of any real estate that may be sold during the time of a life, term, or prior estate, the persons interested who may desire to defer the payment of the tax until the determination of the prior estate, shall file with the clerk of the proper district court a bond as provided in this chapter in other cases. The bond shall be renewed every two years until the tax upon the deferred estate is paid. If at the end of any two-year period the bond is not promptly renewed as provided in this section and the tax has not been paid, the bond shall be declared forfeited, and the amount of the bond forthwith collected.
2. When the estate of a decedent includes an estate for life or for a term of years to one or more persons and a deferred or remainder estate to others, and such deferred or remainder estate is in whole or in part subject to the tax imposed by this chapter, then payment of the tax upon such deferred or remainder estates may be postponed until the determination of the prior estate without giving bond to secure payment of such tax as required under subsection 1 if one of the following requirements is satisfied:
   a. The deferred or remainder estates or interests are so disposed that good and sufficient security for the payment of the tax for which such deferred or remainder estates may be liable can be had because of the lien imposed by this chapter upon the real property of such estate,
but the tax shall remain a lien upon such real estate until the tax upon such deferred estate or interest is paid.

b. Security satisfactory to the department of revenue has been provided, which security includes but is not limited to a bank or securities account with an irrevocable pay on death or transfer on death provision naming the department of revenue as beneficiary, or an escrow agreement with the department of revenue under which a private attorney will act as escrow agent and hold the escrow funds in the attorney’s trust account.

450.52 Deferred estates — removal of lien.
Whenever it is desired to remove the lien of the inheritance tax on remainders, reversions, or deferred estates, parties owning the beneficial interest may pay at any time the said tax on the present worth of such interests determined according to the rules herein fixed.

[S13, §1481-a16; C24, 27, 31, 35, 39, §7357; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.52]

450.53 Duty to pay tax — penalties.
1. a. All personal representatives, except guardians and conservators, and other persons charged with the management or settlement of any estate or trust from which a tax is due under this chapter, shall file an inheritance tax return, within the time limits set by section 450.6, with a copy of any federal estate tax return and other documents required by the director which may reasonably tend to prove the amount of tax due, and at the time of filing, shall pay to the department of revenue the amount of the tax due from any devisee, grantee, donee, heir, or beneficiary of the decedent, except in cases where payment of the tax is deferred until the determination of a prior estate. The owner of the future interest shall file a supplemental inheritance tax return and pay to the department of revenue the tax due within the time limits set in this chapter. The inheritance tax returns shall be in the form prescribed by the director.

b. Notwithstanding paragraph “a”, an inheritance tax return is not required to be filed if the estate does not have a federal estate tax filing obligation and if all the estate or trust assets pass solely to individuals listed in section 450.9 as individuals that are entirely exempt from Iowa inheritance tax. This paragraph is not applicable if interests in the asset pass to both an individual listed in section 450.9 and to that individual’s spouse.

2. A person in possession of assets to be reported for purposes of taxation, including a personal representative or trustee, who willfully makes a false or fraudulent return, or who willfully fails to pay the tax, or who willfully fails to supply the information necessary to prepare the return or determine if a return is required, or who willfully fails to make, sign, or file the required return within the time required by law, is guilty of a fraudulent practice. This subsection does not apply to failure to make, sign, or file a return or failure to pay the tax if a return is not required to be filed pursuant to subsection 1, paragraph “b”.

3. A person who willfully attempts in any manner to evade taxes imposed by this chapter or avoid payment of the tax, is guilty of an aggravated misdemeanor.

4. The jurisdiction of any offense as defined in this section is in the county of the residence of the decedent at the time of death. If the decedent is a nonresident of the state, jurisdiction is in any county in which property subject to the tax is located.

5. A prosecution for any offense defined in this section shall be commenced not later than six years following the commission of the offense.

450.58 Final settlement to show payment.
1. Except as provided in subsection 2, the final settlement of the account of a personal representative shall not be accepted or allowed unless it shows, and the court finds, that all taxes imposed by this chapter upon any property or interest in property that are made payable by the personal representative and to be settled by the account, have been paid, and that the receipt of the department of revenue for the tax has been obtained as provided in section 450.64.

2. If an inheritance tax return is not required to be filed pursuant to section 450.53, subsection 1, paragraph “b”, the personal representative’s final settlement of account need not contain an inheritance tax receipt from the department, but shall, instead, contain the personal representative’s certification under section 633.35 that an inheritance tax return is not required to be filed pursuant to section 450.53, subsection 1, paragraph “b”.

3. Any order contravening any provision of this section is void.

450.68 Information confidential.

1. a. Any and all information acquired by the department of revenue under and by virtue of the means and methods provided for by sections 450.66 and 450.67 shall be deemed and held as confidential and shall not be disclosed by the department except so far as the same may be necessary for the enforcement and collection of the inheritance tax provided for by the laws of this state; provided, however, that the director of revenue may authorize the examination of the information by other state officers or, if a reciprocal arrangement exists, by tax officers of another state or of the federal government.

b. Federal tax returns, copies of returns, return information as defined in section 6103(b) of the Internal Revenue Code, and state inheritance tax returns, which are required to be filed with the department for the enforcement of the inheritance tax laws of this state, shall be deemed and held as confidential by the department. However, such returns or return information may be disclosed by the director to officers or employees of other state agencies, subject to the same confidentiality restrictions imposed on the officers and employees of the department.

2. It shall be unlawful for any present or former officer or employee of the state to disclose, except as provided by law, any return, return information, or any other information deemed and held confidential under the provisions of this section. Any person violating the provisions of this section shall be guilty of a serious misdemeanor.

450.84 Costs charged against estate — exceptions.
If an estate or interest in an estate passes so as to be liable to taxation under this chapter, all costs of the proceedings for the assessment of the tax are chargeable to the estate as other costs in probate proceedings and, to discharge the lien, all costs as well as the taxes must be paid. In all other cases the costs are to be paid as ordered by the court. When a decision adverse to the state has been rendered, with an order that the state pay the costs, the clerk of the court in which the action was pending shall certify the amount of the costs to the director of revenue, who shall, if the costs are correctly certified and the case has been finally terminated and the tax, if any is due, has been paid, audit the claim and direct the department of administrative services to issue a warrant on the treasurer of state in payment of the costs.

450.88 Corporations to report transfers.
1. Every Iowa corporation organized for pecuniary profit shall, on July 1 of each year, by its proper officers under oath, make a full and correct report to the director of revenue of all transfers of its stocks made during the preceding year by any person who appears on the books of the corporation as the owner of the stock, when the transfer is made to take effect at or after the death of the owner or transferor, and all transfers which are made by a personal representative, referee, or any person other than the owner or person in whose name the stocks appeared of record on the books of the corporation, prior to the transfer. This report shall show the name of the owner of the stocks and the owner’s place of residence, the name of the person at whose request the stock was transferred, the person's place of residence and the authority by virtue of which the person acted in making the transfer, the name of the person to whom the transfer was made, and the residence of the person, together with other information the officers reporting have relating to estates of persons deceased who may have been owners of stock in the corporation. If it appears that any stock transferred is subject to tax under this chapter, and the tax has not been paid, the director of revenue shall notify the corporation in writing of its liability for the payment of the tax, and shall bring suit against the corporation as in other cases unless payment of the tax is made within sixty days from the date of notice.
2. This section does not apply if the lien has been released under section 450.7 or the director has issued a consent to transfer.

450.89 Reserved.

450.90 Property in this state belonging to foreign estate.
When property, real or personal, within this state belongs to a foreign estate and the foreign estate passes in part exempt from the tax imposed by this chapter and in part subject to the tax and there is not a specific devise of the property within this state to exempt persons or if it is within the authority or discretion of the foreign personal representative administering the estate to dispose of the property not specifically devised to exempt persons in the payment of liabilities owing by the decedent at the time of death, or in the satisfaction of legacies, devises, or trusts given to direct or collateral legatees or devisees or in payment of the distributive shares of any direct and collateral heirs, then the property within the jurisdiction of this state belonging to the foreign estate is subject to the tax imposed by this chapter, and the tax due shall be assessed as provided in section 450.12, subsection 2, relating to the deduction of the proportionate share of liabilities. However, if the value of the property so situated exceeds the total amount of the estate passing to other persons than those exempt from the tax imposed by this chapter, the excess is not subject to tax.
[S13, §1481-a40; C24, 27, 31, 35, 39, §7393; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.90]

450.93 Unknown heirs.
Whenever the heirs or persons entitled to any estate or any interest therein are unknown or their place of residence cannot with reasonable certainty be ascertained, a tax of five percent shall be paid to the department of revenue upon all such estates or interests, subject to refund as provided herein in other cases; provided, however, that if it be afterwards determined that any estate or interest passes to aliens, there shall be paid within sixty days after such determination and before delivery of such estate or property, an amount equal to the difference between five percent, the amount paid, and the amount which such person should pay under the provisions of this chapter.
[S13, §1481-a42; C24, 27, 31, 35, 39, §7395; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.93]

450.94 Return — determination — appeal.
1. “Taxpayer” as used in this section means a person liable for the payment of tax as stated in section 450.5.
2. Unless a return is not required to be filed pursuant to section 450.22, subsection 3, or section 450.53, subsection 1, paragraph “b”, the taxpayer shall file an inheritance tax return on forms to be prescribed by the director of revenue on or before the last day of the ninth month after the death of the decedent. When an inheritance tax return is filed, the department shall examine it and determine the correct amount of tax. If the amount paid is less than the correct amount due, the department shall notify the taxpayer of the total amount due together with any penalty and interest which shall be computed as a sum certain, with interest computed to the last day of the month in which the notice is dated.
3. If the amount paid is greater than the correct tax, penalty, and interest due, the department shall refund the excess with interest in accordance with section 421.60, subsection 2, paragraph “e”. However, the director shall not allow a claim for refund or credit that has not been filed with the department within three years after the tax payment upon which a refund or credit is claimed became due, or one year after the tax payment was made, whichever time is later. A determination by the department of the amount of tax, penalty, and interest due, or the amount of refund for excess tax paid, is final unless the person aggrieved by the determination appeals to the director for a revision of the determination within sixty days from the date of the notice of determination of tax, penalty, and interest due or refund owing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. The director shall grant a hearing, and upon the hearing the director shall determine the correct tax, penalty, and interest or refund due, and notify the appellant of the decision by mail. The decision of the director is final unless the appellant seeks judicial review of the director’s decision under section 450.59 within sixty days after the date of the notice of the director’s decision.
4. Payments received must be credited first to the penalty and interest accrued and then to the tax due.
5. a. The amount of tax imposed under this chapter shall be assessed according to one of the following:
   (1) Within three years after the return is filed with respect to property reported on the final inheritance tax return.
   (2) At any time after the tax became due with respect to property not reported on the final inheritance tax return, but not later than three years after the omitted property is reported to the department on an amended return or on the final inheritance tax return if one was not previously filed.
   (3) The period for examination and determination of the correct amount of tax to be
reported and due under this chapter is unlimited in the case of failure to file a return or the filing of a false or fraudulent return or affidavit.

b. In addition to the applicable periods of limitations for examination and determination specified in paragraph “a”, subparagraphs (1) and (2), the department may make an examination and determination at any time within six months from the date of receipt by the department of written notice from the taxpayer of the final disposition of any matter between the taxpayer and the internal revenue service with respect to the federal estate, gift, or generation skipping transfer tax. In order to begin the running of the six months assessment period, the notice shall be in writing in form sufficient to inform the department of the final disposition of any matter with respect to the federal estate, gift, or generation skipping transfer tax, and a copy of the federal document showing the final disposition or final federal adjustments shall be attached to the notice.

§450.96 Contingent estates.

Estates in expectancy which are contingent or defeasible and in which proceedings for the determination of the tax have not been taken or where the taxation has been held in abeyance, shall be valued at their full, undiminished value when the persons entitled to the estates come into the beneficial enjoyment or possession of the estates, without diminution for or on account of any valuation previously made. When an estate, devise, or legacy can be divested by the act or omission of the legatee or devisee, it shall be taxed as if there were no possibility of the divesting. When a devise, bequest, or transfer is one in part contingent, and in part vested so that the beneficiary will come into possession and enjoyment of a portion of the inheritance on or before the happening of the event upon which the possible defeating contingency is based, a tax shall be imposed and collected upon the bequest or transfer as upon a vested interest, at the highest rate possible under this chapter if no contingency existed; provided that if the contingency reduces the value of the estate or interest taxed, and the amount of tax paid is in excess of the tax for which the bequest or transfer is liable upon the removal of the contingency, the excess shall be refunded as provided in sections 450.94 and 450.95 in other cases.

**450B.1 Definitions.**

As used in this chapter, unless the context otherwise requires:

1. “Internal Revenue Code” means the same as defined in section 422.3.
2. “Qualified real property”, “qualified use”, “cessation of qualified use”, and “qualified heir” mean the same as defined in section 2032A of the Internal Revenue Code.
3. “Taxpayer” means a qualified heir liable for the inheritance tax imposed under chapter 450 on qualified real property.
4. For purposes of subsection 1, the Internal Revenue Code shall be interpreted to include the provisions of Pub. L. No. 98-4.

[81 Acts, ch 147, §12]  

**450B.2 Alternate election of value for qualified use.**

1. Notwithstanding section 450.37, the value of qualified real property for the purpose of the tax imposed under chapter 450 may, at the election of the taxpayer, be its value for the use under which it qualifies as prescribed by section 2032A of the Internal Revenue Code. A taxpayer may make an election under this section only if all of the following conditions are met:
   a. An election for federal estate tax purposes was made with regard to the qualified real property under section 2032A of the Internal Revenue Code.
   b. All persons who signed the agreement referred to in section 2032A(d)(2) of the Internal Revenue Code make the election under this section and sign an agreement with the department of revenue consenting to the application of section 450B.3 with respect to the qualified real property.
   c. The total decrease in the value of the qualified real property as a result of the election under this section does not exceed the dollar limitation specified in section 2032A(a)(2) of the Internal Revenue Code.
2. The election under this section shall be made by the taxpayer in the manner as the director of revenue may prescribe by rule. The value for the qualified use under this section shall be the value as determined and accepted for federal estate tax purposes.
3. The definitions and special rules specified in section 2032A(e) of the Internal Revenue Code shall apply with respect to qualified real property for which an election was made under this section except that rules shall be prescribed by the director of revenue in lieu of the regulations promulgated by the secretary of the treasury.
4. The director shall prescribe regulations setting forth the application of this chapter in the case of an interest in a partnership, corporation, or trust which, with respect to the decedent, is an interest in a closely held business within the meaning of section 6166(b)(1) of the Internal Revenue Code. Such regulations shall conform as nearly as possible with the
§450B.2, QUALIFIED USE INHERITANCE TAX

regulations promulgated by the United States secretary of the treasury in respect to such interests.

[81 Acts, ch 147, §13]
Referred to in §450B.3, 450B.5, 450B.6

450B.3 Additional inheritance tax applicable.

There is imposed upon the qualified heir an additional inheritance tax if, within ten years after the decedent’s death and before the death of the qualified heir, the qualified heir disposes of, other than to a member of the family, any interest in qualified real property for which an election under section 450B.2 was made or ceases to use for the qualified use the qualified real property for which an election under section 450B.2 was made as prescribed in section 2032A(c) of the Internal Revenue Code. The additional inheritance tax shall be the amount computed under section 450B.5 and shall be due six months after the date of the disposition or cessation of qualified use referred to in this section. The amount of the additional inheritance tax shall accrue interest at the rate of ten percent per year from nine months after the decedent’s death to the due date of the tax. The tax shall be paid to the department of revenue and shall be deposited into the general fund of the state. Taxes not paid within the time prescribed in this section shall draw interest at the rate of ten percent per annum until paid. There shall not be an additional inheritance tax if the disposition or cessation occurs ten years or more after the decedent’s death.

[81 Acts, ch 147, §14, 15; 82 Acts, ch 1023, §26, 27, 34]
88 Acts, ch 1028, §41; 2003 Acts, ch 145, §286
Referred to in §450B.2, 450B.5, 450B.6

450B.4 Reserved.

450B.5 Ratio of applicable tax.

The amount of the additional inheritance tax imposed by section 450B.3 is the excess of what the tax imposed by chapter 450 would have been had the election to use the qualified use valuation under section 450B.2 not been made over the tax paid on the real estate based on qualified use valuation. However, if all of the real estate valued under section 450B.2 is not disposed of or does not cease to be used for the qualified use, the amount of the additional inheritance tax is the amount computed by applying the ratio that the real estate subject to the qualified use valuation which has been disposed of or which the qualified use ceases bears to all the real estate subject to the qualified use valuation passing to the taxpayer to the excess of the tax which would have been imposed by chapter 450 had the election under section 450B.2 not been made over the tax paid on the real estate based on qualified use valuation. However, the additional inheritance tax shall not be computed on a value greater than the fair market value of the qualified real estate at the time the disposition or cessation of the qualified use occurs.

[81 Acts, ch 147, §16]
Referred to in §450B.3

450B.6 Lien of tax.

A lien is created in favor of the state for the additional inheritance tax which may be imposed by section 450B.3 on the qualified real property for which an election has been made under section 450B.2. The lien created by this section shall continue until the tax has been paid or ten years after the tax is due, whichever date occurs first. However, the lien shall expire ten years after the decedent’s death if the qualified heir has not disposed of or ceased to use for the qualified use the qualified real property which would impose the tax under section 450B.3. The department of revenue may release the lien prior to the payment of the tax due, if any, if adequate security for payment of the tax is given.

Unless the lien has been perfected by recording in the office of the recorder in the county where the estate is probated, a transfer of the qualified real property to a bona fide purchaser for value shall divest the property of the lien. If the lien is perfected by recording, the rights of the state under the lien have priority over all subsequent mortgagees, purchasers or judgment
creditors. The lien may be foreclosed by the director of revenue in the same manner as is now prescribed for the foreclosure of real estate mortgages and upon judgment, execution shall be issued to sell as much of the property necessary to satisfy the tax, interest and costs due.

[81 Acts, ch 147, §17; 82 Acts, ch 1023, §28, 34]  
2003 Acts, ch 145, §286

450B.7 Other inheritance tax laws applicable.
All the provisions of chapter 450 with respect to the payment, collection and administration of the inheritance tax imposed under that chapter, including the confidentiality of the tax return, are applicable to the provisions of this chapter to the extent consistent. The director of revenue shall adopt and promulgate all rules necessary for the enforcement and administration of this chapter.

SUBCHAPTER I  
MOTOR FUEL AND SPECIAL FUEL TAX

Referred to in §452A.54, 452A.57, 452A.76

452A.1 Short title.
This subchapter, plus applicable provisions of subchapter IV of this chapter, shall be known and may be cited as the “Motor Fuel and Special Fuel Tax Law”.  
[C35, §5093-f40; C39, §5093.39; C46, 50, 54, §324.66; C58, 62, 66, 71, 73, 75, 77, 79, 81, §324.1]

452A.2 Definitions.
As used in this subchapter:
1. “Aviation gasoline” means any gasoline which is capable of being used for propelling aircraft, which is invoiced as aviation gasoline or is received, sold, stored, or withdrawn from storage by any person for the purpose of propelling aircraft.  
2. “Biodiesel” means the same as defined in section 214A.1.  
3. “Biodiesel blended fuel” means the same as defined in section 214A.1.  
4. “Biofuel” means the same as defined in section 214A.1.  
5. “Blender” means a person who owns and blends ethanol with gasoline to produce ethanol blended gasoline and blends the product at a nonterminal location.  
6. “Common carrier” or “contract carrier” means a person involved in the movement of motor fuel or special fuel from the terminal or movement of the motor fuel or special fuel imported into this state, who is not an owner of the motor fuel or special fuel.  
7. “Conventional blendstock for oxygenate blending” means one or more motor fuel components intended for blending with an oxygenate or oxygenates to produce gasoline.
§452A.2, MOTOR FUEL AND SPECIAL FUEL TAXES

8. “Dealer” means a person, other than a distributor, who engages in the business of selling or distributing motor fuel or special fuel to the end user in this state.

9. “Denatured ethanol” means ethanol that is to be blended with gasoline, has been derived from cereal grains, complies with ASTM (American society for testing and materials) international designation D-4806-95b, and may be denatured only as specified in Code of Federal Regulations, Titles 20, 21, and 27. Alcohol and denatured ethanol have the same meaning in this chapter.

10. “Department” means the department of revenue.

11. “Diesel fuel” or “diesel” means diesel fuel as defined in section 214A.1.

12. “Director” means the director of revenue.

13. “Distributor” means a person who acquires tax paid motor fuel or special fuel from a supplier, restrictive supplier or importer, or another distributor for subsequent sale at wholesale and distribution by tank cars or tank trucks or both. The department may require that the distributor be registered to have terminal purchase rights.

14. “E-85 gasoline” means the same as defined in section 214A.1.

15. “Eligible purchaser” means a distributor of motor fuel or special fuel or an end user of special fuel who has purchased a minimum of two hundred forty thousand gallons of special fuel each year in the preceding two years. Eligible purchasers who elect to make delayed payments to a licensed supplier shall use electronic funds transfer. Additional requirements for qualifying as an eligible purchaser shall be established by rule.

16. “Ethanol” means the same as defined in section 214A.1.

17. “Ethanol blended gasoline” means the same as defined in section 214A.1.

18. “Export” means delivery across the boundaries of this state by or for the seller or purchaser from a place of origin in this state.

19. “Exporter” means a person or other entity who acquires fuel in this state for export to another state.

20. “Flexible fuel vehicle” means a motor vehicle as defined in section 321M.1 which is powered by an engine capable of operating using E-85 gasoline.

21. “Fuel supply tank”, with respect to motor vehicles that use hydrogen as a special fuel, means a motor vehicle’s hydrogen fuel cells.

22. a. “Gallon”, with respect to compressed natural gas, means a gasoline gallon equivalent. A gasoline gallon equivalent of compressed natural gas is five and sixty-six hundredths pounds or one hundred twenty-six and sixty-seven hundredths cubic feet measured at a base temperature of 60 degrees Fahrenheit and a pressure of fourteen and seventy-three hundredths pounds per square inch absolute.

b. “Gallon”, with respect to liquefied natural gas, means a diesel gallon equivalent. A diesel gallon equivalent of liquefied natural gas is six and six hundredths pounds.

c. “Gallon”, with respect to hydrogen, means a diesel gallon equivalent. A diesel gallon equivalent of hydrogen is two and forty-nine hundredths pounds.

23. “Gasoline” means the same as defined in section 214A.1.

24. “Import” means delivery across the boundaries of this state by or for the seller or purchaser from a place of origin outside this state.

25. “Importer” means a person who imports motor fuel or undyed special fuel in bulk or transport load into the state by truck, rail, or barge.

26. “Licensed compressed natural gas, liquefied natural gas, liquefied petroleum gas, and hydrogen dealer” means a person in the business of handling untaxed compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen who delivers any part of the fuel into a fuel supply tank of any motor vehicle.

27. “Licensed compressed natural gas, liquefied natural gas, liquefied petroleum gas, and hydrogen user” means a person licensed by the department who dispenses compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen, upon which the special fuel tax has not been previously paid, for highway use from fuel sources owned and controlled by the person into the fuel supply tank of a motor vehicle, or commercial vehicle owned or controlled by the person.

28. “Licensee” means a person holding an uncanceled supplier’s, restrictive supplier’s, importer’s, exporter’s, dealer’s, user’s, or blender’s license issued by the department under
this subchapter or any prior motor fuel tax law or any other person who possesses fuel for which the tax has not been paid.

29. a. “Motor fuel” means motor fuel as defined in section 214A.1 and includes all of the following:
   (1) All products commonly or commercially known or sold as gasoline, including ethanol blended gasoline, casinghead, and absorption or natural gasoline, regardless of the products’ classifications or uses, and including transmix which serves as a buffer between fuel products in the pipeline distribution process.
   (2) Any liquid advertised, offered for sale, sold for use as, or commonly or commercially used as a fuel for propelling motor vehicles which, when subjected to distillation of gasoline, naphtha, kerosene and similar petroleum products [ASTM (American society for testing and materials) international designation D-86], shows not less than ten percent distilled (recovered) below 347 degrees Fahrenheit (175 degrees Centigrade) and not less than ninety-five percent distilled (recovered) below 464 degrees Fahrenheit (240 degrees Centigrade).

   b. “Motor fuel” does not include special fuel, and does not include liquefied gases which would not exist as liquids at a temperature of 60 degrees Fahrenheit and a pressure of fourteen and seven-tenths pounds per square inch absolute, or naphthas and solvents unless the liquefied gases or naphthas and solvents are used as a component in the manufacture, compounding, or blending of a liquid within paragraph “a”, subparagraph (2), in which event the resulting product shall be deemed to be motor fuel. “Motor fuel” does not include methanol unless blended with other motor fuels for use in an aircraft or for propelling motor vehicles.

30. “Motor fuel pump” means the same as defined in section 214.1.

31. “Naphthas and solvents” shall mean and include those liquids which come within the distillation specifications for motor fuel set out under subsection 29, paragraph “a”, subparagraph (2), but which are designed and sold for exclusive use other than as a fuel for propelling motor vehicles.

32. “Nonethanol blended gasoline” means gasoline other than ethanol blended gasoline.

33. “Nonrefiner biofuel manufacturer” means an entity that produces, manufactures, or refines biofuel and does not directly or through a related entity refine, blend, import, or produce a conventional blendstock for oxygenate blending, gasoline, or diesel fuel.

34. “Nonterminal storage facility” means a facility where motor fuel or special fuel, other than liquefied petroleum gas, is stored that is not supplied by a pipeline or a marine vessel. “Nonterminal storage facility” includes a facility that manufactures products such as ethanol as defined in section 214A.1, biofuel, blend stocks, or additives which may be used as motor fuel or special fuel, other than liquefied petroleum gas, for operating motor vehicles or aircraft.

35. “Racing fuel” means leaded gasoline of one hundred ten octane or more that does not meet ASTM (American society for testing and materials) international designation D-4814 for gasoline and is sold in bulk for use in nonregistered motor vehicles.

36. “Refiner” means a person engaged in the refining of crude oil to produce motor fuel or special fuel, and includes any affiliate of such person.

37. “Regional transit system” means regional transit system as defined in section 452A.57, subsection 11.

38. “Restrictive supplier” means a person who imports motor fuel or undyed special fuel into this state in tank wagons or in small tanks not otherwise licensed as an importer.

39. “Retail dealer” means the same as defined in section 214A.1.

40. “Special fuel” means fuel oils and all combustible gases and liquids suitable for the generation of power for propulsion of motor vehicles or turbine-powered aircraft, and includes any substance used for that purpose, except that it does not include motor fuel. Kerosene shall not be considered to be a special fuel, unless blended with other special fuels for use in a motor vehicle with a diesel engine. Methanol shall not be considered to be a special fuel unless blended with other special fuels for use in a motor vehicle with a diesel engine. Hydrogen shall be considered to be a special fuel when used or intended for use in combination with oxygen to generate electricity for propulsion of a motor vehicle.
41. “Supplier” means a person who acquires motor fuel or special fuel by pipeline or marine vessel from a state, territory, or possession of the United States, or from a foreign country for storage at and distribution from a terminal and who is registered under 26 U.S.C. §4101 for tax-free transactions in gasoline, a person who produces in this state or acquires by truck, railcar, or barge for storage at and distribution from a terminal, biofuel, biodiesel, alcohol, or alcohol derivative substances, or a person who produces, manufactures, or refines motor fuel or special fuel in this state. “Supplier” includes a person who does not meet the jurisdictional connection to this state but voluntarily agrees to act as a supplier for purposes of collecting and reporting the motor fuel or special fuel tax. “Supplier” does not include a retail dealer or wholesaler who merely blends alcohol with gasoline or biofuel with diesel before the sale or distribution of the product or a terminal operator who merely handles, in a terminal, motor fuel or special fuel consigned to the terminal operator.

42. “Terminal” means a motor fuel or special fuel storage and distribution facility that is supplied by a pipeline or a marine vessel and from which the fuel may be removed at a rack. “Terminal” does not include a facility at which motor fuel or special fuel blend stocks and additives are used in the manufacture of products other than motor fuel or special fuel and from which no motor fuel or special fuel is removed.

43. “Terminal operator” means the person who by ownership or contractual agreement is charged with the responsibility for, or physical control over, and operation of a terminal. If co-venturers own a terminal, “terminal operator” means the person who is appointed to exercise the responsibility for, or physical control over, and operation of the terminal.

44. “Terminal owner” means a person who holds a legal interest or equitable interest in a terminal.

45. “Urban transit system” means Iowa urban transit system as defined in section 452A.57, subsection 6.

46. “Use”, with respect to liquefied petroleum gas, means the receipt, delivery, or placing of liquefied petroleum gas by a licensed liquefied petroleum gas user into a fuel supply tank of a motor vehicle while the vehicle is in the state. With respect to natural gas used as a special fuel, “use” means the receipt, delivery, or placing of the natural gas into equipment for compressing the gas for subsequent delivery into the fuel supply tank of a motor vehicle while the vehicle is in the state. With respect to hydrogen used as a special fuel, “use” means the receipt, delivery, or placing of hydrogen by a licensed hydrogen user into a fuel supply tank of a motor vehicle while the vehicle is in the state.

47. “Withdrawn from terminal” means physical movement from a supplier to a distributor or eligible end user and includes an importer going out of state and obtaining fuel from a terminal and bringing the fuel into the state, and a restrictive supplier bringing fuel into the state even though not purchased directly from a terminal.

452A.3 Levy of excise tax.

1. Except as otherwise provided in this section and in this subchapter, until June 30, 2020, this subsection shall apply to the excise tax imposed on each gallon of motor fuel used for any purpose for the privilege of operating motor vehicles in this state.
a. The rate of the excise tax shall be based on the number of gallons of ethanol blended gasoline that is distributed in this state as expressed as a percentage of the number of gallons of motor fuel distributed in this state, which is referred to as the distribution percentage. For purposes of this subsection, only ethanol blended gasoline and nonblended gasoline, not including aviation gasoline, shall be used in determining the percentage basis for the excise tax. The department shall determine the percentage basis for each determination period beginning January 1 and ending December 31. The rate for the excise tax shall apply for the period beginning July 1 and ending June 30 following the end of the determination period.

b. The rate for the excise tax shall be as follows:

1. If the distribution percentage is not greater than fifty percent, the rate shall be twenty-nine cents for ethanol blended gasoline and thirty cents for motor fuel other than ethanol blended gasoline.

2. If the distribution percentage is greater than fifty percent but not greater than fifty-five percent, the rate shall be twenty-nine cents for ethanol blended gasoline and thirty and one-tenth cents for motor fuel other than ethanol blended gasoline.

3. If the distribution percentage is greater than fifty-five percent but not greater than sixty percent, the rate shall be twenty-nine cents for ethanol blended gasoline and thirty and three-tenths cents for motor fuel other than ethanol blended gasoline.

4. If the distribution percentage is greater than sixty percent but not greater than sixty-five percent, the rate shall be twenty-nine cents for ethanol blended gasoline and thirty and five-tenths cents for motor fuel other than ethanol blended gasoline.

5. If the distribution percentage is greater than sixty-five percent but not greater than seventy percent, the rate shall be twenty-nine cents for ethanol blended gasoline and thirty and seven-tenths cents for motor fuel other than ethanol blended gasoline.

6. If the distribution percentage is greater than seventy percent but not greater than seventy-five percent, the rate shall be twenty-nine cents for ethanol blended gasoline and thirty-one cents for motor fuel other than ethanol blended gasoline.

7. If the distribution percentage is greater than seventy-five percent but not greater than eighty percent, the rate shall be twenty-nine and three-tenths cents for ethanol blended gasoline and thirty and eight-tenths cents for motor fuel other than ethanol blended gasoline.

8. If the distribution percentage is greater than eighty percent but not greater than eighty-five percent, the rate shall be twenty-nine and five-tenths cents for ethanol blended gasoline and thirty and seven-tenths cents for motor fuel other than ethanol blended gasoline.

9. If the distribution percentage is greater than eighty-five percent but not greater than ninety percent, the rate shall be twenty-nine and seven-tenths cents for ethanol blended gasoline and thirty and four-tenths cents for motor fuel other than ethanol blended gasoline.

10. If the distribution percentage is greater than ninety percent but not greater than ninety-five percent, the rate shall be twenty-nine and nine-tenths cents for ethanol blended gasoline and thirty and one-tenth cents for motor fuel other than ethanol blended gasoline.

11. If the distribution percentage is greater than ninety-five percent, the rate shall be thirty cents for ethanol blended gasoline and thirty cents for motor fuel other than ethanol blended gasoline.

c. The provisions of paragraph “b” and subsection 6, paragraph “a”, subparagraph (2), shall be subject to legislative review at least every six years. The review shall be based upon a fuel distribution percentage formula status report containing the recommendations of a legislative interim committee appointed to conduct a review of the fuel distribution percentage formulas, to be prepared with the assistance of the department of revenue in association with the department of transportation. The report shall include recommendations for changes or revisions to the fuel distribution percentage formulas based upon advances in technology, fuel use trends, and fuel price fluctuations observed during the preceding six-year interval; an analysis of the operation of the fuel distribution percentage formulas during the preceding six-year interval; and a summary of issues that have arisen since the previous review and potential approaches for resolution of those issues. The first such report shall be submitted to the general assembly no later than January 1, 2020, with subsequent reports developed and submitted by January 1 at least every sixth year thereafter.
2. Except as otherwise provided in this section and in this subchapter, after June 30, 2020, an excise tax of thirty cents is imposed on each gallon of motor fuel used for any purpose for the privilege of operating motor vehicles in this state.

3. An excise tax of seventeen cents is imposed on each gallon of E-85 gasoline, subject to the determination provided in subsection 4.

4. The rate of the excise tax on E-85 gasoline imposed in subsection 3 shall be determined based on the number of gallons of E-85 gasoline that are distributed in this state during the previous calendar year. The department shall determine the actual tax paid for E-85 gasoline for each period beginning January 1 and ending December 31. The amount of the tax paid on E-85 gasoline during the past calendar year shall be compared to the amount of tax on E-85 gasoline that would have been paid using the tax rate for gasoline imposed in subsection 1 or 2 and a difference shall be established. If this difference is equal to or greater than twenty-five thousand dollars, the tax rate for E-85 gasoline for the period beginning July 1 following the end of the determination period shall be the rate in effect as stated in subsection 1 or 2.

5. For the privilege of operating aircraft in this state an excise tax of eight cents per gallon is imposed on the use of all aviation gasoline.

6. a. For the privilege of operating motor vehicles or aircraft in this state, there is imposed an excise tax on the use of special fuel in a motor vehicle or aircraft.

(1) Except as otherwise provided in this section and in this subchapter, for the period ending June 30, 2015, and for the period beginning July 1, 2020, and thereafter, the tax rate on special fuel for diesel engines of motor vehicles used for any purpose for the privilege of operating motor vehicles in this state is thirty-two and five-tenths cents per gallon.

(2) Except as provided in this section and in this subchapter, for the period beginning July 1, 2015, and ending June 30, 2020, this subparagraph shall apply to the excise tax imposed on each gallon of special fuel for diesel engines of motor vehicles used for any purpose for the privilege of operating motor vehicles in this state. The rate of the excise tax shall be based on the number of gallons of biodiesel blended fuel classified as B-11 or higher that is distributed in this state as expressed as a percentage of the number of gallons of special fuel for diesel engines of motor vehicles distributed in this state, which is referred to as the distribution percentage. The department shall determine the percentage basis for each determination period beginning January 1 and ending December 31. The rate for the excise tax shall apply for the period beginning July 1 and ending June 30 following the end of the determination period. The rate for the excise tax shall be as follows:

(a) If the distribution percentage is not greater than fifty percent, the rate shall be twenty-nine and five-tenths cents for biodiesel blended fuel classified as B-11 or higher and thirty-two and five-tenths cents for special fuel for diesel engines of motor vehicles other than biodiesel blended fuel classified as B-11 or higher.

(b) If the distribution percentage is greater than fifty percent but not greater than fifty-five percent, the rate shall be twenty-nine and eight-tenths cents for biodiesel blended fuel classified as B-11 or higher and thirty-two and five-tenths cents for special fuel for diesel engines of motor vehicles other than biodiesel blended fuel classified as B-11 or higher.

(c) If the distribution percentage is greater than fifty-five percent but not greater than sixty percent, the rate shall be thirty and one-tenth cents for biodiesel blended fuel classified as B-11 or higher and thirty-two and five-tenths cents for special fuel for diesel engines of motor vehicles other than biodiesel blended fuel classified as B-11 or higher.

(d) If the distribution percentage is greater than sixty percent but not greater than sixty-five percent, the rate shall be thirty and four-tenths cents for biodiesel blended fuel classified as B-11 or higher and thirty-two and five-tenths cents for special fuel for diesel engines of motor vehicles other than biodiesel blended fuel classified as B-11 or higher.

(e) If the distribution percentage is greater than sixty-five percent but not greater than seventy percent, the rate shall be thirty and seven-tenths cents for biodiesel blended fuel classified as B-11 or higher and thirty-two and five-tenths cents for special fuel for diesel engines of motor vehicles other than biodiesel blended fuel classified as B-11 or higher.

(f) If the distribution percentage is greater than seventy percent but not greater than seventy-five percent, the rate shall be thirty-one cents for biodiesel blended fuel classified
as B-11 or higher and thirty-two and five-tenths cents for special fuel for diesel engines of motor vehicles other than biodiesel blended fuel classified as B-11 or higher.

(g) If the distribution percentage is greater than seventy-five percent but not greater than eighty percent, the rate shall be thirty-one and three-tenths cents for biodiesel blended fuel classified as B-11 or higher and thirty-two and five-tenths cents for special fuel for diesel engines of motor vehicles other than biodiesel blended fuel classified as B-11 or higher.

(h) If the distribution percentage is greater than eighty percent but not greater than eighty-five percent, the rate shall be thirty-one and six-tenths cents for biodiesel blended fuel classified as B-11 or higher and thirty-two and five-tenths cents for special fuel for diesel engines of motor vehicles other than biodiesel blended fuel classified as B-11 or higher.

(i) If the distribution percentage is greater than eighty-five percent but not greater than ninety percent, the rate shall be thirty-one and nine-tenths cents for biodiesel blended fuel classified as B-11 or higher and thirty-two and five-tenths cents for special fuel for diesel engines of motor vehicles other than biodiesel blended fuel classified as B-11 or higher.

(j) If the distribution percentage is greater than ninety percent but not greater than ninety-five percent, the rate shall be thirty-two and two-tenths cents for biodiesel blended fuel classified as B-11 or higher and thirty-two and five-tenths cents for special fuel for diesel engines of motor vehicles other than biodiesel blended fuel classified as B-11 or higher.

(k) If the distribution percentage is greater than ninety-five percent, the rate shall be thirty-two and five-tenths cents for biodiesel blended fuel classified as B-11 or higher and thirty-two and five-tenths cents for special fuel for diesel engines of motor vehicles other than biodiesel blended fuel classified as B-11 or higher.

(3) The rate of tax on special fuel for aircraft is five cents per gallon.

(4) On all other special fuel, unless otherwise specified in this section, the per gallon rate is the same as the motor fuel tax.

b. Indelible dye meeting United States environmental protection agency and internal revenue service regulations must be added to fuel before or upon withdrawal at a terminal or refinery rack for that fuel to be exempt from tax and the dyed fuel may be used only for an exempt purpose.

7. For liquefied petroleum gas used as a special fuel, the rate of tax shall be thirty cents per gallon.

8. For compressed natural gas used as a special fuel, the rate of tax is thirty-one cents per gallon.

9. For liquefied natural gas used as a special fuel, the rate of tax is thirty-two and one-half cents per gallon.

10. For hydrogen used as a special fuel, the rate of tax is sixty-five cents per gallon.

11. a. The tax shall be paid by the following:

(1) The supplier, upon the invoiced gross gallonage of all motor fuel or undyed special fuel withdrawn from a terminal for delivery in this state.

(2) Tax shall not be paid when the sale of alcohol occurs within a terminal from an alcohol manufacturer to an Iowa licensed supplier. The tax shall be paid by the Iowa licensed supplier when the invoiced gross gallonage of the alcohol or the alcohol part of ethanol blended gasoline is withdrawn from a terminal for delivery in this state.

(3) The person who owns the fuel at the time it is brought into the state by a restrictive supplier or importer, upon the invoiced gross gallonage of motor fuel or undyed special fuel imported.

(4) The blender on total invoiced gross gallonage of alcohol or other product sold to be blended with gasoline or special fuel.

(5) Any other person who possesses taxable fuel upon which the tax has not been paid to a licensee.

b. The tax shall not be imposed or collected under this subchapter with respect to motor fuel or special fuel sold for export or exported from this state to any other state, territory, or foreign country.

12. Thereafter, except as otherwise provided in this subchapter, the per gallon amount of the tax shall be added to the selling price of every gallon of such motor fuel or undyed special
fuel sold in this state and shall be collected from the purchaser so that the ultimate consumer bears the burden of the tax.

13. All excise taxes collected under this chapter by a supplier, restrictive supplier, importer, dealer, blunder, user, or any individual are deemed to be held in trust for the state of Iowa.

452A.4 Supplier’s, restrictive supplier’s, importer’s, exporter’s, dealer’s, and user’s license.

1. It shall be unlawful for any person to sell motor fuel or undyed special fuel within this state or to otherwise act as a supplier, restrictive supplier, importer, exporter, dealer, or user unless the person holds an uncanceled license issued by the department. To procure a license, a supplier, restrictive supplier, importer, exporter, dealer, or user shall file with the department an application signed under penalty for false certificate setting forth and complying with all of the following:

a. The name under which the licensee will transact business in this state.

b. The location, with street number address, of the principal office or place of business of the licensee within this state.

c. The name and complete residence address of the owner or the names and addresses of the partners, if the licensee is a partnership, or the names and addresses of the principal officers, if the licensee is a corporation or association.

d. A dealer’s or user’s license shall be required for each separate place of business or location where compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen is delivered or placed into the fuel supply tank of a motor vehicle.

e. An applicant for an exporter’s license shall provide verification as required by the department that the applicant has the appropriate license valid in the state or states into which the motor fuel or undyed special fuel will be exported.

2. a. The department may deny the issuance of a license to an applicant who is substantially delinquent in the payment of a tax due, or the interest or penalty on the tax, administered by the department. If the applicant is a partnership, a license may be denied if a partner owes any delinquent tax, interest, or penalty. If the applicant is a corporation, a license may be denied if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax, interest, or penalty of the applicant corporation.

b. The department may deny the issuance of a license if an application for a license to transact business as a supplier, restrictive supplier, importer, exporter, dealer, or user in this state is filed by a person whose license or registration has been canceled for cause at any time under the provisions of this chapter or any prior motor fuel tax law, if the department has reason to believe that the application is not filed in good faith, or if the application is filed by some person as a subterfuge for the real person in interest whose license or registration
has been canceled for cause under the provisions of this chapter or any prior motor fuel tax law. The applicant shall be given fifteen days’ notice in writing of the date of the hearing and shall have the right to appear in person or by counsel and present testimony.

3. a. The application in proper form having been accepted for filing, and the other conditions and requirements of this section and subchapter IV having been complied with, the department shall issue to the applicant a license to transact business as a supplier, restrictive supplier, importer, exporter, dealer, or user in this state. The license shall remain in full force and effect until canceled as provided in this chapter.

b. The license shall not be assignable and shall be valid only for the licensee in whose name it is issued.

c. The department shall keep and file all applications and bonds and a record of all licensees.

452A.5 Distribution allowance.

1. A supplier shall retain a distribution allowance of not more than one and six-tenths percent of all gallons of motor fuel and a distribution allowance of not more than seven-tenths percent of all gallons of undyed special fuel removed from the terminal during the reporting period for purposes of tax computation under section 452A.8.

2. The distribution allowance shall be prorated between the supplier and the distributor or dealer as follows:

a. Motor fuel: four-tenths percent retained by the supplier, one and two-tenths percent to the distributor.

b. Undyed special fuel: thirty-five hundredths percent retained by the supplier, thirty-five hundredths percent to the distributor or dealer purchasing directly from a supplier.

3. Gallons exported outside of the state shall not be included in the calculation of the distribution.

452A.6 Ethanol blended gasoline and other products — blender’s license.

1. a. A person other than a supplier, restrictive supplier, or importer licensed under this subchapter, who blends gasoline with ethanol as defined in section 214A.1 in order to formulate ethanol blended gasoline, shall obtain a blender’s license.

b. A person who blends two or more special fuel products or sells one hundred percent biofuel shall obtain a blender’s license.

2. A blender’s license shall be obtained by following the procedure under section 452A.4 and the blender’s license is subject to the same restrictions as contained in that section.

3. A blender required to obtain a license pursuant to this section shall maintain records as required by section 452A.10 as to motor fuel, ethanol, ethanol blended gasoline, and special fuels.

92 Acts, ch 1163, §79
C93, §452A.6

Refer to in §452A.6A
§452A.6A Right of distributors and dealers to blend conventional blendstock for oxygenate blending, gasoline, or diesel fuel using a biofuel.

1. a. A dealer or distributor may blend a conventional blendstock for oxygenate blending, gasoline, or diesel fuel using the appropriate biofuel, or sell unblended or blended gasoline or diesel fuel on any premises in this state.

b. Paragraph “a” does not apply to the extent that the use of the premises is restricted by federal, state, or local law.

2. A refiner, supplier, terminal operator, or terminal owner who in the ordinary course of business sells or transports a conventional blendstock for oxygenate blending, gasoline unblended or blended with a biofuel, or diesel fuel unblended or blended with a biofuel shall not refuse to sell or transport to a distributor or dealer any conventional blendstock for oxygenate blending, unblended gasoline, or unblended diesel fuel that is at the terminal, based on the distributor’s or dealer’s intent to use the conventional blendstock for oxygenate blending or to blend the gasoline or diesel fuel with a biofuel.

3. This section shall not be construed to do any of the following:
   a. Prohibit a distributor or dealer from purchasing, selling, or transporting a conventional blendstock for oxygenate blending, gasoline that has not been blended with a biofuel, or diesel fuel that has not been blended with a biofuel.
   b. Affect the blender’s license requirements under section 452A.6.
   c. Prohibit a dealer or distributor from leaving a terminal with a conventional blendstock for oxygenate blending, gasoline that has not been blended with a biofuel, or diesel fuel that has not been blended with a biofuel.
   d. Require a nonrefiner biofuel manufacturer to offer or sell a conventional blendstock for oxygenate blending, gasoline that has not been blended with a biofuel, or diesel fuel that has not been blended with a biofuel.

4. A refiner, supplier, terminal operator, or terminal owner who violates this section is subject to a civil penalty of not more than ten thousand dollars per violation. Each day that a violation continues is deemed a separate offense.

§452A.7 Foreign suppliers.

The director, upon application, may authorize the collection and reporting of the tax by any supplier not having jurisdictional connections with this state. A foreign supplier shall be issued a license to collect and report the tax and shall be subject to the same regulations and requirements as suppliers having a jurisdictional connection with the state, or other regulations and agreements as prescribed by the director.

95 Acts, ch 155, §18

§452A.8 Tax reports — computation and payment of tax — credits.

1. For the purpose of determining the amount of the supplier’s, restrictive supplier’s, or importer’s tax liability, a supplier or restrictive supplier shall file a return not later than the last day of each calendar month and an importer shall file a return semimonthly with the department, signed under penalty for false certification. For an importer for the reporting period from the first day of the month through the fifteenth of the month, the return is due on the last day of the month. For an importer for the reporting period from the sixteenth of the month through the last day of the month, the return is due on the fifteenth day of the following month. The returns shall include the following:
   a. A statement of the number of invoiced gallons of motor fuel and undyed special fuel withdrawn from the terminal by the licensee within this state during the preceding calendar month in such detail as determined by the department. This includes on-site blending reports at the terminal.
   b. For information purposes only, a supplier, restrictive supplier, or importer shall show the number of invoiced gallons of dyed special fuel withdrawn from the terminal.
   c. A statement showing the deductions authorized in this subchapter in such detail and with such supporting evidence as required by the department.
d. Any other information the department may require for the enforcement of this chapter.

2. At the time of filing a return, a supplier or restrictive supplier shall pay to the department the full amount of the fuel tax due for the preceding calendar month. An importer shall pay to the department the full amount of fuel tax due for the preceding semimonthly period. The tax shall be computed as follows:

a. From the total number of invoiced gallons of motor fuel or undyed special fuel withdrawn from the terminal by the licensee during the preceding calendar month or semimonthly period the following deductions shall be made:

(1) The gallonage of motor fuel or undyed special fuel withdrawn from a terminal by a licensee and exported outside Iowa.

(2) For suppliers only, the one and six-tenths percent of the number of gallons of motor fuel or seven-tenths percent of the number of gallons of undyed special fuel of the invoiced gallons of motor fuel or undyed special fuel withdrawn from a terminal within this state during the preceding calendar month.

b. The number of invoiced gallons remaining after the deductions in paragraph “a” shall be multiplied by the per gallon fuel tax rate.

c. The tax due under paragraph “b” shall be the amount of fuel tax due from the supplier, restrictive supplier, or importer for the preceding reporting period. The director may require by rule that the payment of taxes by suppliers, restrictive suppliers, and importers be made by electronic funds transfer. The director may allow a tax float by rule where the eligible purchaser is not required to pay the tax to the supplier until one business day prior to the date the tax is due. A licensed supplier who is unable to recover the tax from an eligible purchaser is not liable for the tax, upon proper documentation, and may credit the amount of unpaid tax against a later remittance of tax. Under this provision, a supplier does not qualify for a credit if the purchaser did not elect to use the eligible purchaser status, or otherwise does not qualify to be an eligible purchaser. To qualify for the credit, the supplier must notify the department of the uncollectible account no later than ten calendar days after the due date for payment of the tax. If a supplier sells additional motor fuel or undyed special fuel to a delinquent eligible purchaser after notifying the department that the supplier has an uncollectible debt with that eligible purchaser, the limited liability provision does not apply to the additional fuel. The supplier is liable for tax collected from the purchaser.

d. The director may require by rule that reports and returns be filed by electronic transmission.

e. (1) For purposes of this paragraph “e”, “dealer” or “user” means a licensed compressed natural gas, liquefied natural gas, liquefied petroleum gas, and hydrogen dealer or user and “fuel” means compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen.

(2) The tax for compressed natural gas, liquefied natural gas, liquefied petroleum gas, and hydrogen delivered by a licensed dealer for use in this state shall attach at the time of the delivery and shall be collected by the dealer from the purchaser and paid to the department as provided in this chapter. The tax, with respect to compressed natural gas, liquefied natural gas, liquefied petroleum gas, and hydrogen acquired by a purchaser in any manner other than by delivery by a licensed dealer into a fuel supply tank of a motor vehicle, attaches at the time of the use of the fuel and shall be paid over to the department by the purchaser as provided in this chapter.

(3) The department shall adopt rules governing the dispensing of compressed natural gas, liquefied natural gas, liquefied petroleum gas, and hydrogen by licensed dealers and licensed users. The director may require by rule that reports and returns be filed by electronic transmission. The department shall require that all pumps located at dealer locations and user locations through which liquefied petroleum gas can be dispensed shall be metered, inspected, tested for accuracy, and sealed and licensed by the department of agriculture and land stewardship, and that fuel delivered into the fuel supply tank of any motor vehicle shall be dispensed only through tested metered pumps and may be sold without temperature correction or corrected to a temperature of 60 degrees Fahrenheit. If the metered gallonage is to be temperature-corrected, only a temperature-compensated meter shall be used. Natural gas used as fuel shall be delivered into compressing equipment
§452A.8, MOTOR FUEL AND SPECIAL FUEL TAXES

through sealed meters certified for accuracy by the department of agriculture and land stewardship. Hydrogen used as fuel shall be delivered into the fuel supply tank of any motor vehicle through sealed meters certified for accuracy by the department of agriculture and land stewardship. The department of agriculture and land stewardship may adopt rules pursuant to chapter 17A relating to the certification and accuracy of meters used to deliver hydrogen.

(4) (a) All gallonage which is not for highway use, dispensed through metered pumps as licensed under this section on which fuel tax is not collected, must be substantiated by exemption certificates as provided by the department or by valid exemption certificates provided by the dealers, signed by the purchaser, and retained by the dealer. A “valid exemption certificate provided by a dealer” is an exemption certificate which is in the form prescribed by the director to assist a dealer to properly account for fuel dispensed for which tax is not collected and which is complete and correct according to the requirements of the director.

(b) For the privilege of purchasing liquefied petroleum gas, dispensed through licensed metered pumps, on a basis exempt from the tax, the purchaser shall sign exemption certificates for the gallonage claimed which is not for highway use.

(c) The department shall disallow all sales of gallonage which is not for highway use unless proof is established by the certificate. Exemption certificates shall be retained by the dealer for a period of three years.

(5) (a) For the purpose of determining the amount of liability for fuel tax, each dealer and each user shall file with the department not later than the last day of each calendar month a monthly tax return certified under penalties for false certification. The return shall show, with reference to each location at which fuel is delivered or placed by the dealer or user into a fuel supply tank of any motor vehicle during the next preceding calendar month, information as required by the department.

(b) The amount of tax due shall be computed by multiplying the appropriate tax rate per gallon by the number of gallons of fuel delivered or placed by the dealer or user into supply tanks of motor vehicles.

(c) The return shall be accompanied by remittance in the amount of the tax due for the month in which the fuel was placed into the supply tanks of motor vehicles.

3. For the purpose of determining the amount of the tax liability on alcohol blended to produce ethanol blended gasoline or a blend of special fuel products, each licensed blender shall, not later than the last day of each month following the month in which the blending is done, file with the department a monthly report, signed under penalty for false certificate, containing information required by rules adopted by the director. The director may require by rule that reports and returns be filed by electronic transmission.

4. A person who possesses fuel or uses fuel in a motor vehicle upon which no tax has been paid by a licensee in this state is subject to reporting and paying the applicable tax. The director may require by rule that reports and returns be filed by electronic transmission.

452A.9 Returns from persons not licensed as suppliers, restrictive suppliers, importers, or blenders.

Every person other than a licensed supplier, restrictive supplier, importer, or blender, who purchases, brings into this state, or otherwise acquires within this state motor fuel or undyed special fuel, not otherwise exempted, which the person has knowingly not paid or incurred
liability to pay either to a licensee or to a dealer the motor fuel or special fuel tax, shall be subject to the provisions of this subchapter that apply to suppliers, restrictive suppliers, importers, and blenders of motor fuel or undyed special fuel and shall file the same returns and make the same tax payments and be subject to the same penalties for delinquent filing or nonfiling or delinquent payment or nonpayment as apply to suppliers, restrictive suppliers, importers, and blenders.

452A.10 Required records.

1. a. A motor fuel or special fuel supplier, restrictive supplier, importer, exporter, blender, dealer, user, common carrier, contract carrier, terminal, or nonterminal storage facility shall maintain, for a period of three years, records of all transactions by which the supplier, restrictive supplier, or importer withdraws from a terminal or a nonterminal storage facility within this state or imports into this state motor fuel or undyed special fuel together with invoices, bills of lading, and other pertinent records and papers as required by the department.

   b. If in the normal conduct of a supplier’s, restrictive supplier’s, importer’s, exporter’s, blender’s, dealer’s, user’s, common carrier’s, contract carrier’s, terminal’s, or nonterminal storage facility’s business the records are maintained and kept at an office outside this state, the records shall be made available for audit and examination by the department at the office outside this state, but the audit and examination shall be without expense to this state.

2. Each distributor handling motor fuel or special fuel in this state shall maintain for a period of three years records of all motor fuel or undyed special fuel purchased or otherwise acquired by the distributor, together with delivery tickets, invoices, and bills of lading, and any other records required by the department.

3. The department, after an audit and examination of records required to be maintained under this section, may authorize their disposal upon the written request of the supplier, restrictive supplier, importer, exporter, blender, dealer, user, carrier, terminal, nonterminal storage facility, or distributor.

452A.12 Loading and delivery evidence on transportation equipment.

1. A serially numbered manifest shall be carried on every vehicle, except small tank wagons, while in use in transportation service, on which shall be entered the following information as to the cargo of motor fuel or special fuel being moved in the vehicle: The date and place of loading, the place to be unloaded, the person for whom it is to be delivered, the nature and kind of product, the amount of product, and other information required by the department. The manifest for small tank wagons shall be retained at the home office. The manifest covering each load transported, upon consummation of the delivery, shall be completed by showing the date and place of actual delivery and the person to whom actually delivered and shall be kept as a permanent record for a period of three years. However, the record of the manifest of past cargoes need not be carried on the conveyance but shall be preserved by the carrier for inspection by the department. A carrier subject to this subsection when distributing for a licensee may with the approval of the department substitute the loading and delivery evidence required in subsection 2 for the manifest.

2. A person while transporting motor fuel or undyed special fuel from a refinery or marine
or pipeline terminal in this state or from a point outside this state over the highways of this state in service other than that under subsection 1 shall carry in the vehicle a loading invoice showing the name and address of the seller or consignor, the date and place of loading, and the kind and quantity of motor fuel or special fuel loaded, together with invoices showing the kind and quantity of each delivery and the name and address of each purchaser or consignee. An invoice carried pursuant to this subsection for ethanol blended gasoline or biodiesel blended fuel shall state its designation as provided in section 214A.2.

452A.15 Transportation reports — refinery and pipeline and marine terminal reports.
   1. a. Every railroad and common carrier or contract carrier transporting motor fuel or special fuel either in interstate or intrastate commerce within this state and every person transporting motor fuel or special fuel by whatever manner into this state shall, subject to penalties for false certificate, report to the department all deliveries of motor fuel or special fuel to points within this state other than refineries or marine or pipeline terminals. If any supplier, restrictive supplier, importer, blender, or distributor is also engaged in the transportation of motor fuel or special fuel for others, the supplier, restrictive supplier, importer, blender, or distributor shall make the same reports as required of common carriers and contract carriers.

   b. The report shall cover monthly periods and shall show as to each delivery:

      (1) The name and address of the person to whom delivery was actually made.

      (2) The name and address of the originally named consignee, if delivered to any other than the originally named consignee.

      (3) The point of origin, the point of delivery, and the date of delivery.

      (4) The number and initials of each tank car and the number of gallons contained in the tank car, if shipped by rail.

      (5) The name of the boat, barge, or vessel, and the number of gallons contained in the boat, barge, or vessel, if shipped by water.

      (6) The registration number of each tank truck and the number of gallons contained in the tank truck, if transported by motor truck.

      (7) The manner, if delivered by other means, in which the delivery is made.

      (8) Additional information relative to shipments of motor fuel or special fuel as the department may require.

   c. If a person required under this section to file transportation reports is a licensee under this subchapter and if the information required in the transportation report is contained in any other report rendered by the person under this subchapter, a separate transportation report of that information shall not be required.

   2. A person operating storage facilities at a refinery or at a terminal in this state shall make a monthly accounting to the department of all motor fuel, alcohol, and undyed special fuel withdrawn from the refinery and all motor fuel, alcohol, and undyed special fuel delivered into, withdrawn from, and on hand in the refinery or terminal.

   3. Persons operating storage facilities at a nonterminal location shall file a monthly report with the department accounting for all motor fuel, alcohol, and special fuel that is delivered into, stored within, withdrawn from, or sold from the storage facility.

   4. The reports required in this section shall be for information purposes only and the department may in its discretion waive the filing of any of these reports not necessary for proper administration of this subchapter. The reports required in this section shall be certified under penalty for false certificate and filed with the department within the time allowed for
filing of suppliers’ and restrictive suppliers’ returns of motor fuel or special fuel withdrawn from a terminal within this state or imported into this state.

5. The director may impose a civil penalty against any person who fails to file the reports or keep the records required under this section. The penalty shall be one hundred dollars for the first violation and shall increase by one hundred dollars for each additional violation occurring in the calendar year in which the first violation occurred.

6. The director may require by rule that reports be filed by electronic transmission.

452A.16 Credit or refund to licensee — fuel used other than in watercraft, aircraft, or motor vehicles — casualty losses. Repealed by 95 Acts, ch 155, §43, 44.

452A.17 Refunds.

1. A person who uses motor fuel or undyed special fuel for any of the nontaxable purposes listed in this subsection, and who has paid the motor fuel or special fuel tax either directly to the department or by having the tax added to the price of the fuel, and who has a refund permit, upon presentation to and approval by the department of a claim for refund, shall be reimbursed and repaid the amount of the tax which the claimant has paid on the gallonage so used, except that the amount of a refund payable under this subchapter may be applied by the department against any tax liability outstanding on the books of the department against the claimant.

a. The refund is allowable for motor fuel or undyed special fuel sold directly to and used for the following:

(1) The United States or any agency or instrumentality of the United States or where collection of the tax would be prohibited by the Constitution of the United States or the laws of the United States or by the Constitution of the State of Iowa.

(2) An Iowa urban transit system, or a company operating a taxicab service under contract with an Iowa urban transit system, which is used for a purpose specified in section 452A.57, subsection 6.

(3) A regional transit system, the state, any of its agencies, any political subdivision of the state, or any benefits fire district which is used for a purpose specified in section 452A.57, subsection 11, or for public purposes, including fuel sold for the transportation of pupils of approved public and nonpublic schools by a carrier who contracts with the public school under section 285.5.

(4) Fuel used in unlicensed vehicles, stationary engines, implements used in agricultural production, and machinery and equipment used for nonhighway purposes.

(5) Fuel used for producing denatured alcohol.

(6) Fuel used for idle time, power takeoffs, reefer units, pumping credits, and transport diversions, fuel lost through casualty, exports by distributors, and blending errors for special fuel. The department shall adopt rules setting forth specific requirements relating to refunds for idle time, power takeoffs, reefer units, pumping credits, and transport diversions, fuel lost through casualty, and blending errors for special fuel.

(7) A bona fide commercial fisher, licensed and operating under an owner’s certificate for commercial gear issued pursuant to section 482.4.

(8) For motor fuel or undyed special fuel placed in motor vehicles and used, other than on a public highway, in the extraction and processing of natural deposits, without regard to whether the motor vehicle was registered under section 321.18. An applicant under this subparagraph shall maintain adequate records for a period of three years beyond the date of the claim.

(9) Undyed special fuel used in watercraft.

(10) Racing fuel.

b. A claim for refund is subject to the following conditions:
§452A.17, MOTOR FUEL AND SPECIAL FUEL TAXES

(1) The claim shall be on a form prescribed by the department and be certified by the claimant under penalty for false certificate.

(2) The claim shall include proof as prescribed by the department showing the purchase of the motor fuel or undyed special fuel on which a refund is claimed.

(3) An invoice shall not be acceptable in support of a claim for refund unless it is a separate serially numbered invoice covering no more than one purchase of motor fuel or undyed special fuel, prepared by the seller on a form approved by the department which will prevent erasure or alteration and unless it is legibly written with no corrections or erasures and shows the date of sale, the name and address of the seller and of the purchaser, the kind of fuel, the gallonage in figures, the per gallon price of the motor fuel or undyed special fuel, the total purchase price including the Iowa motor fuel or undyed special fuel tax and that the total purchase price including tax has been paid. However, with respect to refund invoices made on a billing machine, the department may waive any of the requirements of this subparagraph.

(4) The claim shall state the gallonage of motor fuel that was used or will be used by the claimant other than in aircraft, watercraft, or to propel motor vehicles and the gallonage of undyed special fuel that was or will be used by the claimant other than in aircraft or to propel motor vehicles, the manner in which the motor fuel or undyed special fuel was used or will be used, and the equipment in which it was used or will be used.

(5) The claim shall state whether the claimant used fuel for aircraft, watercraft, or to propel motor vehicles from the same tanks or receptacles in which the claimant kept the motor fuel on which the refund is claimed or whether the claimant used fuel for aircraft or to propel motor vehicles from the same tanks or receptacles in which the claimant kept the undyed special fuel on which the refund is claimed.

(6) If an original invoice is lost or destroyed the department may in its discretion accept a copy identified and certified by the seller as being a true copy of the original.

(7) Claim shall be made by and the amount of the refund shall be paid to the person who purchased the motor fuel or undyed special fuel as shown in the supporting invoice unless that person designates another person as an agent for purposes of filing and receiving the refund for idle time, power takeoff, reefer units, pumping credits, and transport diversions. A governmental agency may be designated as an agent for another governmental agency for purposes of filing and receiving the refund under this section.

(8) In order to verify the validity of a claim for refund the department shall have the right to require the claimant to furnish such additional proof of validity as the department may determine and to examine the books and records of the claimant. Failure of a claimant to furnish the claimant’s books and records for examination shall constitute a waiver of all rights to refund related to the transaction in question.

2. In lieu of the refund provided in this section, a person may receive an income tax credit as provided in chapter 422, division IX, but only as to motor fuel not used in motor vehicles, aircraft, or watercraft or as to undyed special fuel not used in motor vehicles or aircraft.

3. a. A claim for refund shall not be allowed unless the claimant has accumulated sixty dollars in credits for one calendar year. A claim for refund may be filed anytime the sixty dollar minimum has been met within the calendar year. If the sixty dollar minimum has not been met in the calendar year, the credit shall be claimed on the claimant’s income tax return unless the taxpayer is not required to file an income tax return in which case a refund shall be allowed. Once the sixty dollar minimum has been met, the claim for refund must be filed within three years following the end of the month in which the earliest invoice is dated.

b. A refund shall not be paid with respect to any motor fuel taken out of this state in supply tanks of watercraft, aircraft, or motor vehicles or with respect to any undyed special fuel taken out of this state in supply tanks of aircraft or motor vehicles.

452A.18 Refund permit.
A person shall not claim a refund under section 452A.17 or section 452A.21 until the person has obtained a refund permit from the department. A special permit shall be obtained by an applicant claiming a refund under this chapter for motor fuel used to blend ethanol blended gasoline. Application for a refund permit shall be made to the department, shall be certified by the applicant under penalty for false certificate, and shall contain among other things, the name, address, and occupation of the applicant, the nature of the applicant’s business, and a sufficient description for identification of the machines and equipment in which the motor fuel or undyed special fuel is to be used. Each permit shall bear a separate number and each claim for refund shall bear the number of the permit under which it is made. The department shall keep a permanent record of all permits issued and a cumulative record of the amount of refund claimed and paid under each. A refund permit shall continue in effect until it is revoked or becomes invalid.

452A.19 Revocation of refund permit.
1. Any refund permit issued under this chapter may be revoked by the department for any of the following violations, but only after the holder of the permit has been given reasonable notice of the intention to revoke the permit and reasonable opportunity to be heard:
   a. Using in support of a refund claim a false or altered invoice.
   b. Making a false statement in a claim for refund or in response to an investigation by the department of a claim for refund.
   c. Refusal to submit the holder’s books and records for examination by the department.
   2. A person whose refund permit is revoked for cause may not obtain another refund permit for a period of one year after the revocation. A refund permit under which a refund is not claimed for a period of three years or a refund permit whose holder has moved from the county in which the holder resided at the time of application for the permit is invalid subject to reinstatement or issuance of a new permit upon application as provided in section 452A.18.

452A.21 Refund — credit.
1. Persons not licensed under this subchapter who blend motor fuel and alcohol to produce ethanol blended gasoline may file for a refund for the difference between taxes paid on the motor fuel purchased to produce ethanol blended gasoline and the tax due on the ethanol blended gasoline blended. If, during any month, a person licensed under this subchapter uses tax paid motor fuel to blend ethanol blended gasoline and the refund otherwise due under this section is greater than the licensee’s total tax liability for that
month, the licensee is entitled to a credit. The claim for credit shall be filed as part of the return required by section 452A.8.

2. In order to obtain the refund established by this section, the person shall do all of the following:
   a. Obtain a blender’s permit as provided in section 452A.18.
   b. File a refund claim containing the information as required by the department and certified by the claimant under penalty for false certificate.
   c. Retain invoices meeting the requirements of section 452A.17, subsection 1, paragraph “b”, subparagraph (3), for the motor fuel purchased.
   d. Retain invoices for the purchase of alcohol.

3. A refund shall not be issued unless the claim is filed within three years following the end of the month during which the ethanol blended gasoline was actually blended. An income tax credit is not allowed under this section.

SUBCHAPTER II
MOTOR FUEL GALLONAGE — FLEXIBLE FUEL VEHICLES

452A.31 Special terms.
For purposes of this subchapter, all of the following shall apply:
1. A determination period is any twelve-month period beginning on January 1 and ending on December 31.
2. a. A retail dealer’s total gasoline gallonage is the total number of gallons of gasoline which the retail dealer sells and dispenses from all motor fuel pumps operated by the retail dealer in this state during a twelve-month period beginning January 1 and ending December 31. The retail dealer’s total gasoline gallonage is divided into the following classifications:
   (1) The total ethanol blended gasoline gallonage which is the retail dealer’s total number of gallons of ethanol blended gasoline and which includes all of the following subclassifications:
      (a) The total E-xx gasoline gallonage which is the total number of gallons of ethanol blended gasoline other than E-85 gasoline.
      (b) The total E-85 gasoline gallonage which is the total number of gallons of E-85 gasoline.
   (2) The total nonblended gasoline gallonage which is the total number of gallons of nonblended ethanol gasoline.
   b. A retail dealer’s total ethanol gallonage is the total number of gallons of ethanol which is a component of ethanol blended gasoline which the retail dealer sells and dispenses from motor fuel pumps as provided in paragraph “a” during a twelve-month period beginning January 1 and ending December 31.
3. a. A retail dealer’s total diesel fuel gallonage is the total number of gallons of diesel fuel which the retail dealer sells and dispenses from all motor fuel pumps operated by the retail dealer in this state during a twelve-month period beginning January 1 and ending December 31. The retail dealer’s total diesel fuel gallonage is divided into the following classifications:
   (1) The total biodiesel blended fuel gallonage which is the retail dealer’s total number of gallons of biodiesel blended fuel.
   (2) The total nonblended diesel fuel gallonage which is the total number of gallons of diesel fuel which is not biodiesel or biodiesel blended fuel.

   b. A retail dealer’s total biodiesel gallonage is the total number of gallons of biodiesel which may or may not be a component of biodiesel blended fuel, and which the retail dealer sells and dispenses from motor fuel pumps as provided in paragraph “a” during a twelve-month period beginning January 1 and ending December 31.

4. a. The aggregate gasoline gallonage is the total number of gallons of gasoline which all retail dealers sell and dispense from all motor fuel pumps operated by the retail dealers in this state during a twelve-month period beginning January 1 and ending December 31. The aggregate gasoline gallonage is divided into the following classifications:
   (1) The aggregate ethanol blended gasoline gallonage which is the aggregate total number of gallons of ethanol blended gasoline which includes all of the following subclassifications:
      (a) The aggregate E-xx gasoline gallonage which is the aggregate total number of gallons of ethanol blended gasoline other than E-85 gasoline.
      (b) The aggregate E-85 gasoline gallonage which is the aggregate total number of gallons of E-85 gasoline.
   (2) The aggregate nonblended gasoline gallonage, which is the aggregate number of gallons of nonblended ethanol gasoline.

   b. The aggregate ethanol gallonage is the total number of gallons of ethanol which is a component of ethanol blended gasoline which all retail dealers sell and dispense from motor fuel pumps as provided in paragraph “a” during a twelve-month period beginning January 1 and ending December 31.

5. a. The aggregate diesel fuel gallonage is the total number of gallons of diesel fuel which all retail dealers sell and dispense from all motor fuel pumps operated by the retail dealers in this state during a twelve-month period beginning January 1 and ending December 31. The aggregate diesel fuel gallonage is divided into the following classifications:
   (1) The aggregate biodiesel blended fuel gallonage which is the aggregate number of gallons of biodiesel blended fuel.
   (2) The aggregate nonblended diesel fuel gallonage which is the aggregate number of gallons of diesel fuel which is not biodiesel or biodiesel blended fuel.

   b. The aggregate biodiesel gallonage is the total number of gallons of biodiesel which may or may not be a component of biodiesel blended fuel, and which all retail dealers sell and dispense from motor fuel pumps as provided in paragraph “a” during a twelve-month period beginning January 1 and ending December 31.

6. a. The aggregate ethanol distribution percentage is the aggregate ethanol gallonage expressed as a percentage of the aggregate gasoline gallonage calculated for a twelve-month period beginning January 1 and ending December 31.

   b. The aggregate per gallon distribution percentage is the aggregate ethanol blended gasoline gallonage expressed as a percentage of the aggregate gasoline gallonage calculated for a twelve-month period beginning January 1 and ending December 31.

7. a. The aggregate biodiesel distribution percentage is the aggregate biodiesel gallonage expressed as a percentage of the aggregate diesel fuel gallonage calculated for a twelve-month period beginning January 1 and ending December 31.

   b. The aggregate per gallon distribution percentage is the aggregate biodiesel blended fuel gallonage expressed as a percentage of the aggregate diesel fuel gallonage calculated for a twelve-month period beginning January 1 and ending December 31.

8. The aggregate biofuel distribution percentage is the sum of the aggregate ethanol gallonage plus the aggregate biodiesel gallonage expressed as a percentage of the sum of
the aggregate gasoline gallonage plus the aggregate diesel fuel gallonage calculated for a twelve-month period beginning January 1 and ending December 31.

452A.32 Schedule for averaging ethanol content in E-85 gasoline.
The department shall establish a schedule listing the average amount of ethanol contained in E-85 gasoline as defined in section 214A.1, for use by a retail dealer in calculating the retail dealer’s total ethanol gallonage, as provided in section 452A.31. In establishing the schedule, the department shall assume that a retail dealer begins selling and dispensing E-85 gasoline from a motor fuel pump on the first day of a month and ceases selling and distributing E-85 gasoline on the last day of a month.

2006 Acts, ch 1142, §55
Referred to in §422.11O

452A.33 Reporting requirements.
1. a. Each retail dealer shall report its total motor fuel gallonage for a determination period as follows:
   (1) Its total gasoline gallonage and its total ethanol gallonage, including for each classification and subclassification as provided in section 452A.31.
   (2) Its total diesel fuel gallonage and its total biodiesel gallonage, including for each classification and subclassification as provided in section 452A.31.
      b. The report shall include information required in paragraph “a” on a company-wide and site-by-site basis, as required by the department.
      (1) The information submitted on a company-wide basis shall include the total motor fuel gallonage, including for each classification and subclassification, sold and dispensed by the retail dealer as provided in paragraph “a” for all retail motor fuel sites from which the retail dealer sells and dispenses motor fuel.
      (2) The information submitted on a site-by-site basis shall include the total motor fuel gallonage, including for each classification and subclassification, sold and dispensed by the retail dealer as provided in paragraph “a” separately for each retail motor fuel site from which the retail dealer sells and dispenses motor fuel.
    c. The retail dealer shall prepare and submit the report in a manner and according to procedures required by the department. The department may require that retail dealers report to the department on an annual, quarterly, or monthly basis.
    d. The information included in a report submitted by a retail dealer is deemed to be a trade secret, protected as a confidential record pursuant to section 22.7.

2. On or before April 1 the department shall deliver a report to the governor and the legislative services agency. The report shall compile information reported by retail dealers to the department as provided in this section and shall at least include all of the following:
   a. (1) The aggregate gasoline gallonage for the previous determination period, including for all classifications and subclassifications as provided in section 452A.31.
   (2) The aggregate diesel fuel gallonage for the previous determination period, including for all classifications and subclassifications as provided in section 452A.31.
   b. (1) The aggregate ethanol distribution percentage for the previous determination period.
   (2) The aggregate biodiesel distribution percentage for the previous determination period.
   c. The report shall not provide information regarding motor fuel or biofuel which is sold and dispensed by an individual retail dealer or at a particular retail motor fuel site. The report shall not include a trade secret protected as a confidential record pursuant to section 22.7.

3. On or before February 1 of each year, the state department of transportation shall deliver a report to the governor and the legislative services agency providing information regarding flexible fuel vehicles registered in this state during the previous determination period. The information shall state all of the following:
   a. The aggregate number of flexible fuel vehicles.
   b. Of the aggregate number of flexible fuel vehicles, all of the following:
(1) The number of flexible fuel vehicles according to the year of manufacture.
(2) The number of passenger vehicles and the number of passenger vehicles according to the year of manufacture.
(3) The number of light pickup trucks and the number of light pickup trucks according to the year of manufacture.

SUBCHAPTER III
MOTOR FUEL AND SPECIAL FUEL USE TAX FOR INTERSTATE MOTOR VEHICLE OPERATIONS
Referred to in §452A.57, 452A.58, 452A.65, 452A.76

452A.50 Short title.
This subchapter and applicable provisions of subchapter IV of this chapter and any amendments to either shall be known and may be cited as the “Interstate Fuel Use Tax Law,” and as so constituted is hereinafter referred to as this subchapter.

[C35, §5093-f40; C39, §5093.39; C46, 50, 54, §324.66; C58, 62, 66, 71, 73, 75, 77, 79, 81, §324.50]
C93, §452A.50
2018 Acts, ch 1041, §127

452A.51 Purpose.
The purpose of this subchapter is to provide an additional method of collecting fuel taxes from interstate motor vehicle operators commensurate with their operations on Iowa highways; and to permit the state department of transportation to suspend this collection as to transportation entering Iowa from any other state where it appears that Iowa highway fuel tax revenue and interstate highway transportation moving out of Iowa will not be unduly prejudiced thereby. Further, all motor vehicle operators from jurisdictions not participating in the international fuel tax agreement are required to comply with this chapter using the guidelines from the international fuel tax agreement for Iowa fuel tax compliance reporting purposes, penalty, interest, refunds, and credential display.

C93, §452A.51

452A.52 Fuels imported in supply tanks of motor vehicles.
1. No person shall bring into this state in the fuel supply tanks of a commercial motor vehicle, or any other container, regardless of whether or not the supply tanks are connected to the motor of the vehicle, any motor fuel or special fuel to be used in the operation of the vehicle in this state unless that person has paid or made arrangements in advance with the state department of transportation for payment of Iowa fuel taxes on the gallonage consumed in operating the vehicle in this state; except that this subchapter shall not apply to a private passenger automobile.
2. Any person who is unable to display either of the permits or the license provided in section 452A.53 and brings into the state in the fuel supply tanks of a commercial motor vehicle more than thirty gallons of motor fuel or special fuel in violation of subsection 1
commits a simple misdemeanor punishable as a scheduled violation under section 805.8A, subsection 13, paragraph “c”.

452A.53 Permit or license.

1. The advance arrangements referred to in section 452A.52 shall include the procuring of a permanent international fuel tax agreement permit or license or single-trip interstate permit.

2. Persons choosing not to make advance arrangements with the state department of transportation by procuring a permit or license are not relieved of their responsibility to purchase motor fuel and special fuel commensurate with their use of the state’s highway system. When there is reasonable cause to believe that there is evasion of the fuel tax on commercial motor vehicles, the state department of transportation may audit persons not holding a permit or license. Audits shall be conducted pursuant to section 452A.55 and in accordance with international fuel tax agreement guidelines. The state department of transportation shall collect all taxes due and refund any overpayment.

3. A permanent international fuel tax agreement permit or license may be obtained upon application to the state department of transportation. A fee of ten dollars shall be charged for each permit or license issued. The holder of a permanent permit or license shall have the privilege of bringing into this state in the fuel supply tanks of commercial motor vehicles any amount of motor fuel or special fuel to be used in the operation of the vehicles and for that privilege shall pay Iowa motor fuel or special fuel taxes as provided in section 452A.54.

4. A single-trip interstate permit may be obtained from the state department of transportation. A fee of twenty dollars shall be charged for each individual single-trip interstate permit issued. A single-trip interstate permit is subject to the following provisions and limitations:

   a. The permit shall be issued and be valid for seventy-two consecutive hours, except in emergencies, or until the time of leaving the state, whichever first occurs.

   b. The permit shall cover only one commercial motor vehicle and is not transferable.

   c. Single-trip interstate fuel permits may be made available from sources other than indicated in this section at the discretion of the state department of transportation.

5. Each vehicle operated into or through Iowa in interstate operations using motor fuel or special fuel acquired in any other state shall carry in or on the vehicle a duplicate or evidence of the permit or license required in this section. A fee not to exceed fifty cents shall be charged for each duplicate or other evidence of a permit or license issued.

452A.54 Fuel tax computation — refund — reporting and payment.

1. Fuel tax liability under this subchapter shall be computed on the total number of gallons of each kind of motor fuel and special fuel consumed in the operation in Iowa by commercial motor vehicles subject to this subchapter at the same rate for each kind of fuel as would be applicable if taxed under subchapter I of this chapter. A refund against the fuel tax liability so computed shall be allowed, on excess Iowa motor fuel purchased, in the amount of fuel tax paid at the prevailing rate per gallon set out under subchapter I of this chapter on motor fuel and special fuel consumed by commercial motor vehicles, the operation of which is subject to this subchapter.
2. Notwithstanding any provision of this chapter to the contrary, except as provided in this section, the holder of a permanent international fuel tax agreement permit or license may make application to the state department of transportation for a refund, not later than the last day of the third month following the quarter in which the overpayment of Iowa fuel tax paid on excess purchases of motor fuel or special fuel was reported as provided in section 452A.8, and which application is supported by such proof as the state department of transportation may require. The state department of transportation shall refund Iowa fuel tax paid on motor fuel or special fuel purchased in excess of the amount consumed by such commercial motor vehicles in their operation on the highways of this state.

3. Application for a refund of fuel tax under this subchapter must be made for each quarter in which the excess payment was reported, and will not be allowed unless the amount of fuel tax paid on the fuel purchased in this state, in excess of that consumed for highway operation in this state in the quarter applied for, is in an amount exceeding ten dollars. An application for a refund of excess Iowa fuel tax paid under this subchapter which is filed for any period or in any manner other than as set out in this section shall not be allowed.

4. To determine the amount of fuel taxes due under this subchapter and to prevent the evasion thereof, the state department of transportation shall require a quarterly report on forms prescribed by the state department of transportation. It shall be filed not later than the last day of the month following the quarter reported, and each quarter thereafter. These reports shall be required of all persons who have been issued a permit or license under this subchapter and shall cover actual operation and fuel consumption in Iowa on the basis of the permit or license holder’s average consumption of fuel in Iowa, determined by the total miles traveled and the total fuel purchased and consumed for highway use by the permittee’s or licensee’s commercial motor vehicles in the permittee’s or licensee’s entire operation in all states to establish an overall miles per gallon ratio, which ratio shall be used to compute the gallons used for the miles traveled in Iowa. Failure to receive a quarterly report or fuel credentials by mail, facsimile transmission, or any other means of delivery does not relieve a person from the person's fuel tax liability or from the requirement to display current fuel credentials.

5. Subject to compliance with rules adopted by the department, annual reporting may be permitted in lieu of quarterly reporting. A licensee permitted to report annually shall maintain records in compliance with this chapter.

452A.55 Records.

1. Every person operating within the purview of this subchapter shall make and keep for a period of four years such records as may reasonably be required by the state department of transportation for the administration of this subchapter. If in the normal conduct of the business, the required records are maintained and kept at an office outside the state of Iowa, it shall be a sufficient compliance with this section if the records are made available for audit and examination by the state department of transportation at the office outside Iowa.

2. The state department of transportation, within a period of one year from the issuance of a permanent international fuel tax agreement fuel permit or license, may audit the records of the permittee or licensee for the two years preceding the issuance of the permit or license. The state department of transportation shall collect all taxes due had the permittee or licensee been licensed for the two years prior to the issuance of the permit or license and shall refund any overpayment pursuant to section 452A.54. When, as a result of an audit, fuel taxes unpaid and due the state of Iowa exceed five hundred dollars, the audit shall be at the expense of the person whose records are being audited. However, if an audit of records maintained under
this section is made outside the state of Iowa in a state which requires payment of the costs for similar audits performed by officials or employees of the other state when made in Iowa, then all costs of audits performed outside of Iowa in the other state shall be at the expense of the person whose records are audited.

452A.56 Interstate motor fuel tax — reciprocity agreements.

1. The director of transportation may enter into motor fuel tax agreements on behalf of this state with authorized representatives of other states. The director of transportation may enter into and the state department of transportation may become a member of a motor fuel tax agreement for the collection and refund of interstate motor fuel tax. The director of transportation may adopt rules pursuant to chapter 17A to implement the agreement for the collection and refund of interstate motor fuel tax.

2. The department may enter into an agreement for the collection and refund of interstate motor fuel tax which conflicts with sections 452A.57, 452A.58, 452A.65, and 452A.68 and the agreement shall govern carriers covered by the agreement. Copies of the agreement shall be filed with the secretary of the senate and the chief clerk of the house.

SUBCHAPTER IV
PROVISIONS COMMON TO TAXES IMPOSED UNDER SUBCHAPTERS I AND III

Referred to in §452A.1, 452A.4, 452A.50

452A.57 Definitions.

1. “Appropriate state agency” or “state agency” means the department of revenue or the state department of transportation, whichever is responsible for control, maintenance, or supervision of the power, requirement, or duty referred to in the provision. The department of revenue shall administer the provisions of subchapter I of this chapter, and the state department of transportation shall administer the provisions of subchapter III. The state department of transportation shall have enforcement authority for subchapter I as agreed upon by the director of revenue and the director of transportation.

2. “Carrier” means and includes any person who operates or causes to be operated any commercial motor vehicle on any public highway in this state.

3. “Commercial motor vehicle” means a passenger vehicle that has seats for more than nine passengers in addition to the driver, any road tractor, any truck tractor, or any truck having two or more axles which passenger vehicle, road tractor, truck tractor, or truck is propelled on the public highways by either motor fuel or special fuel. “Commercial motor vehicle” does not include a motor truck with a combined gross weight of less than twenty-six thousand pounds, operated as a part of an identifiable one-way fleet and which is leased for less than thirty days to a lessee for the purpose of moving property which is not owned by the lessor.

4. “Department of revenue” includes the director of revenue or the director’s authorized representative.

5. “Fuel taxes” means the per gallon excise taxes imposed under subchapters I and III of this chapter with respect to motor fuel and undyed special fuel.

6. An “Iowa urban transit system” is a system whereby motor buses are operated primarily
upon the streets of cities for the transportation of passengers for an established fare and which accepts passengers who present themselves for transportation without discrimination up to the limit of the capacity of each motor bus. “Iowa urban transit system” also includes motor buses operated upon the streets of adjoining cities, whether interstate or intrastate, for the transportation of passengers without discrimination up to the limit of the capacity of the motor bus. Privately chartered bus services, motor carriers and interurban carriers subject to the jurisdiction of the state department of transportation, school bus services and taxicabs shall not be construed to be an urban transit system nor a part of any such system.

7. “Mobile machinery and equipment” means vehicles self-propelled by an internal combustion engine but not designed or used primarily for the transportation of persons or property on public highways and only incidentally operated or moved over a highway including but not limited to corn shellers, truck-mounted feed grinders, roller mills, ditch digging apparatus, power shovels, drag lines, earth moving equipment and machinery, and road construction and maintenance machinery such as asphalt spreaders, bituminous mixers, bucket loaders, ditchers, leveling graders, finishing machines, motor graders, paving mixers, road rollers, scarifiers and earth moving scrapers. However, “mobile machinery and equipment” does not include dump trucks or self-propelled vehicles originally designed for the transportation of persons or property on public highways and to which machinery, such as truck-mounted transit mixers, cranes, shovels, welders, air compressors, well boring apparatus or lime spreaders, has been attached.

8. “Motor vehicle” shall mean and include all vehicles, except those operated on rails, which are propelled by internal combustion engines and are of such design as to permit their mobile use on public highways for transporting persons or property. A farm tractor while operated on a farm or for the purpose of hauling farm machinery, equipment, or produce shall not be deemed to be a motor vehicle. “Motor vehicle” shall not include “mobile machinery and equipment” as defined in this section.

9. “Person” shall mean and include natural persons, partnerships, firms, associations, corporations, representatives appointed by any court and political subdivisions of this state and use of the singular shall include the plural.

10. “Public highways” shall mean and include any way or place available to the public for purposes of vehicular travel notwithstanding that it is temporarily closed.

11. “Regional transit system” means a public transit system serving one county or all or part of a multicounty area whose boundaries correspond to the same boundaries as those of the regional planning areas designated by the governor, except as agreed upon by the department. Each county board of supervisors within the region is responsible for determining the service and funding within its county. However, the administration and overhead support services for the overall regional transit system shall be consolidated into one existing or new agency to be mutually agreed upon by the participating members. Privately chartered bus services and uses other than providing services that are open and public on a shared ride basis shall not be construed to be a regional transit system.

452A.58 Commercial motor vehicles on lease.

1. Every commercial motor vehicle as defined in section 452A.57, subsection 3, leased to a carrier shall be subject to the provisions of this subchapter and rules and regulations enforced pursuant thereto to the same extent and in the same manner as commercial vehicles owned by such carrier.

2. A lessor of a commercial motor vehicle shall be deemed a carrier with respect to such vehicles leased to others by the lessor and motor fuel or special fuel consumed thereby if the
lessor supplies or pays for the motor fuel or special fuel consumed by such vehicle or makes rental or other charges calculated to include the cost of such fuel.

3. The provisions of this section shall govern the primary liability pursuant to this section if either lessor or lessee primarily fails in whole or in part to discharge this liability. Such failing party as lessor or lessee party to the transaction shall be jointly and severally responsible and liable for the provisions of subchapter III of this chapter and for payment of any tax unpaid and due pursuant thereto, provided that any taxes collected by this state shall not exceed the total amount or amounts of the taxes due on account of the transaction in question and such penalties and costs, if any, as may be imposed.

452A.59 Administrative rules.
The department of revenue and the state department of transportation are authorized and empowered to adopt rules under chapter 17A, relating to the administration and enforcement of this chapter as deemed necessary by the departments. However, when in the opinion of the director it is necessary for the efficient administration of this chapter, the director may regard persons in possession of motor fuel, special fuel, biofuel, alcohol, or alcohol derivative substances as blenders, dealers, eligible purchasers, exporters, importers, restrictive suppliers, suppliers, terminal operators, or nonterminal storage facility operators.

452A.60 Forms of report, refund claim, and records.
1. The department of revenue or the state department of transportation shall prescribe and furnish all forms, as applicable, upon which reports, returns, and applications shall be made and claims for refund presented under this chapter and may prescribe forms of record to be kept by suppliers, restrictive suppliers, importers, exporters, blenders, common carriers, contract carriers, licensed compressed natural gas, liquefied natural gas, liquefied petroleum gas, and hydrogen dealers and users, terminal operators, nonterminal storage facility operations, and interstate commercial motor vehicle operators.

2. The department of revenue or the state department of transportation may approve a form of record, other than a prescribed form, if the required information is presented in a reasonably accessible form which substantially complies with the prescribed form.

452A.61 Timely filing of reports and returns — extension.
1. The reports, returns, and remittances required under this chapter shall be deemed filed within the required time if postpaid, properly addressed, and postmarked on or before midnight of the day on which due and payable. If the final filing date falls on a Saturday, Sunday, or legal holiday the next secular or business day shall be the final filing date.

2. The department of revenue or the state department of transportation upon application
may grant a reasonable extension of time for the filing of any required report, return, or tax payment.

452A.62 Inspection of records.  
1. The department of revenue or the state department of transportation, whichever is applicable, is hereby given the authority within the time prescribed for keeping records to do the following:
   a. To examine, during the usual business hours of the day, the records, books, papers, receipts, invoices, storage tanks, and any other equipment of any of the following:
      (1) A distributor, supplier, restrictive supplier, importer, exporter, blender, terminal operator, nonterminal storage facility, common carrier, or contract carrier, pertaining to motor fuel or undyed special fuel withdrawn from a terminal or a nonterminal storage facility, or brought into this state.
      (2) A licensed compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen dealer, user, or person supplying compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen to a licensed compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen dealer or user.
      (3) An interstate operator of motor vehicles to verify the truth and accuracy of any statement, report, or return, or to ascertain whether or not the taxes imposed by this chapter have been paid.
      (4) Any person selling fuels that can be used for highway use.
   b. To examine the records, books, papers, receipts, and invoices of any distributor, supplier, restrictive supplier, importer, blender, exporter, terminal operator, nonterminal storage facility, licensed compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen dealer or user, or any other person who possesses fuel upon which the tax has not been paid to determine financial responsibility for the payment of the taxes imposed by this chapter.
  2. If a person under this section refuses access to pertinent records, books, papers, receipts, invoices, storage tanks, or any other equipment, the appropriate state agency shall certify the names and facts to any court of competent jurisdiction, and the court shall enter an order to enforce this chapter.

452A.63 Information confidential.  
1. All information obtained by the department of revenue or the state department of transportation from the examining of reports, returns, or records required to be filed or kept under this chapter shall be treated as confidential and shall not be divulged except to other state officers, a member or members of the general assembly, or any duly appointed committee of either or both houses of the general assembly, or to a representative of the state having some responsibility in connection with the collection of the taxes imposed or in proceedings brought under this chapter. The appropriate state agency may make available to the public on or before forty-five days following the last day of the month in which the tax is required to be paid, the names of suppliers, restrictive suppliers, and importers and
as to each of them the total gallons of motor fuel, undyed special fuel, and ethanol blended gasoline withdrawn from terminals or imported into the state during that month. The department of revenue or the state department of transportation, upon request of officials entrusted with enforcement of the motor fuel tax laws of the federal government or any other state, may forward to these officials any pertinent information which the appropriate state agency may have relative to motor fuel and special fuel, provided the officials of the other state furnish like information.

2. Any person violating this section, and disclosing the contents of any records, returns, or reports required to be kept or made under this chapter, except as otherwise provided, shall be guilty of a simple misdemeanor.

452A.64 Failure to file return — incorrect return.

If a return required by this chapter is not filed, or if a return when filed is incorrect or insufficient, the appropriate state agency shall determine the amount of tax due. The determination shall be made from all information that the appropriate state agency may be able to obtain and, if necessary, the agency may estimate the tax on the basis of external indices. The appropriate state agency shall give notice of the determination to the person liable for the tax. The determination shall fix the tax unless the person against whom it is assessed shall, within sixty days after the giving of notice of the determination, apply to the director of the appropriate state agency for a hearing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. At the hearing, evidence may be offered to support the determination or to prove that it is incorrect. After the hearing, the director shall give notice of the decision to the person liable for the tax. The findings of the appropriate state agency as to the amount of fuel taxes, penalties, and interest due from any person shall be presumed to be the correct amount and in any litigation which may follow, the certificate of the agency shall be admitted in evidence, shall constitute a prima facie case and shall impose upon the other party the burden of showing any error in the findings and the extent thereof or that the finding was contrary to law.

452A.65 Failure to promptly pay fuel taxes — refunds — interest and penalties — successor liability.

1. In addition to the tax or additional tax, the taxpayer shall pay a penalty as provided in section 421.27. The taxpayer shall also pay interest on the tax or additional tax at the rate in effect under section 421.7 counting each fraction of a month as an entire month, computed from the date the return was required to be filed. If the amount of the tax as determined by the appropriate state agency is less than the amount paid, the excess shall be refunded with interest in accordance with section 421.60, subsection 2, paragraph “e”. Claims for refund filed under sections 452A.17 and 452A.21 shall accrue interest beginning with the first day of the second calendar month following the date the refund claim is received by the department.

2. A report required of licensees or persons operating under subchapter III, upon which no tax is due, is subject to a penalty of ten dollars if the report is not timely filed with the state department of transportation.

3. If a licensee or other person sells the licensee’s or other person’s business or stock of goods or quits the business, the licensee or other person shall prepare a final return and
pay all tax due within the time required by law. The immediate successor to the licensee or other person, if any, shall withhold sufficient of the purchase price, in money or money’s worth, to pay the amount of any delinquent tax, interest, or penalty due and unpaid. If the immediate successor of the business or stock of goods intentionally fails to withhold any amount due from the purchase price as provided in this subsection, the immediate successor is personally liable for the payment of the taxes, interest, and penalty accrued and unpaid on account of the operation of the business by the immediate former licensee or other person, except when the purchase is made in good faith as provided in section 421.28. However, a person foreclosing on a valid security interest or retaking possession of premises under a valid lease is not an “immediate successor” for purposes of this subsection. The department may waive the liability of the immediate successor under this subsection if the immediate successor exercised good faith in establishing the amount of the previous liability.

**452A.66 Statutes applicable to motor fuel tax.**  
1. The appropriate state agency shall administer the taxes imposed by this chapter in the same manner as and subject to section 422.25, subsection 4, and section 423.35.  
2. All the provisions of section 422.26 shall apply in respect to the taxes, penalties, interest, and costs imposed by this chapter excepting that as applied to any tax imposed by this chapter, the lien provided in section 422.26 shall be prior and paramount over all subsequent liens upon personal property within this state, or right to such personal property, belonging to the taxpayer without the necessity of recording as therein provided. The requirements for recording shall, as applied to the tax imposed by this chapter, apply only to the liens upon real property. When requested to do so by any person from whom a taxpayer is seeking credit, or with whom the taxpayer is negotiating the sale of any personal property, or by any other person having a legitimate interest in such information, the director shall, upon being satisfied that such a situation exists, inform such person as to the amount of unpaid taxes due by such taxpayer under the provisions of this chapter. The giving of such information under such circumstances shall not be deemed a violation of section 452A.63 as applied to this chapter.

**452A.67 Limitation on collection proceedings.**  
1. The department shall examine the return and enforce collection of any amount of tax, penalty, fine, or interest over and above the amount shown to be due by the return filed by a licensee as soon as practicable but no later than three years after the return is filed. An assessment shall not be made covering a period beyond three years after the return is filed except that the period for the examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax or in the case of a failure to file a return.  
2. The three-year period of limitation may be extended by a taxpayer by signing a waiver
agreement form to be provided by the department. The agreement must stipulate the period of extension and the tax period to which the extension applies. The agreement must also provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

452A.68 Power of department of revenue or the state department of transportation to cancel licenses.
1. If a licensee files a false return of the data or information required by this chapter, or fails, refuses, or neglects to file a return required by this chapter, or to pay the full amount of fuel tax as required by this chapter, or is substantially delinquent in paying a tax due, owing, and administered by the department of revenue, and interest and penalty if appropriate, or if the person is a corporation and if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax of the licensee corporation, or interest or penalty on the tax, administered by the department, then after ten days’ written notice by mail directed to the last known address of the licensee setting a time and place at which the licensee may appear and show cause why the license should not be canceled, and if the licensee fails to appear or if upon the hearing it is shown that the licensee failed to correctly report or pay the tax, the appropriate state agency may cancel the license and shall notify the licensee of the cancellation by mail to the licensee’s last known address.
2. If a licensee abuses the privileges for which the license was issued, fails to produce records reasonably requested, fails to extend reasonable cooperation to the appropriate state agency, or has been suspended for nonpayment of fees under chapter 326 and still owes fees to the department, the licensee shall be advised in writing of a hearing scheduled to determine if the license shall be canceled. The appropriate state agency upon the presentation of a preponderance of evidence may cancel a license for cause.
3. The director of the appropriate state agency may reissue a license which has been canceled for cause. As a condition of reissuance of a license, in addition to requirements for issuing a new license, the director may require a waiting period not to exceed ninety days before a license can be reissued or a new license issued. The director shall adopt rules specifying those instances for which a waiting period will be required.
4. Upon receipt of written request from any licensee the appropriate state agency shall cancel the license of the licensee effective on the date of receipt of the request. If, upon investigation, the appropriate state agency finds that a licensee is no longer engaged in the activities for which a license was issued and has not been so engaged for a period of six months, the state agency shall cancel the license and give thirty days’ notice of the cancellation mailed to the last known address of the licensee.

452A.69 Hearings before state agency.
Hearings before a state agency authorized under the provisions of this chapter may be held at a site in the state as the state agency may direct. The state agency shall have the power to issue subpoenas including subpoenas duces tecum and to require the attendance of witnesses and the production of books, records and papers. In the event any person shall refuse to obey subpoena, or after appearing refuses to testify, the state agency shall certify the name of the
person to the district court of the county where the hearing is being held and the court shall proceed with the witness in the same manner as if the refusal had occurred in open court.

452A.70 Discontinuance of licensed activity — liability for taxes and penalties.
If a licensee ceases to engage in the state in activities for which the person’s license was issued or discontinues, sells, or transfers the business in which the person has carried on that activity the licensee shall notify the department of revenue, which shall forward notice to the state department of transportation, in writing at least ten days prior to the time the cessation, discontinuance, sale or transfer takes effect. The notice shall give the date of proposed cessation or discontinuance, and, in the event of a proposed sale or transfer of the business, the date and the name and address of the purchaser or transferee. All fuel taxes, penalties and interest under this chapter not yet due and payable shall, together with any and all interest accruing or penalties imposed under this chapter shall become due and payable concurrently with the cessation, discontinuances, sale or transfer, and it shall be the duty of the licensee to make a report and pay all the fuel taxes, interest, and penalties within ten days.

452A.71 Refund of tax on fuel lost as result of casualty.
Except as provided in section 452A.54, a person who has paid or has had charged to the person’s account with a distributor, dealer, or user fuel taxes imposed under this chapter with respect to motor fuel or undyed special fuel in excess of one hundred gallons, which, while the person is the owner, is subsequently lost or destroyed through leakage, fire, explosion, lightning, flood, storm, or other casualty, except evaporation or unknown causes, shall be entitled to a refund of the tax so paid or charged. To qualify for the refund, the person shall notify the department of revenue in writing of the loss or destruction and the gallonage lost or destroyed within ten days from the date of discovery of the loss or destruction. Within sixty days after filing the notice, the person shall file with the department of revenue an affidavit sworn to by the person having immediate custody of the motor fuel or undyed special fuel at the time of the loss or destruction setting forth in full all the circumstances and amount of the loss or destruction and such other information as the department of revenue may require. Any refund payable under this section may be applied by the department against any tax liability outstanding on the books of the department against the claimant.

452A.72 Refund for fuel taxes erroneously or illegally collected or paid.
1. If any fuel taxes, penalties, or interest have been erroneously or illegally collected by the appropriate state agency from a licensee, the appropriate state agency may apply the overpayment against any tax liability outstanding on the books of the department against the claimant, or shall certify the amount to the director of the department of administrative services, who shall draw a warrant for the certified amount on the treasurer of state payable to the licensee. The refund shall be paid to the licensee immediately.

2. A refund shall not be made under this section unless a written claim setting forth the circumstances for which the refund should be allowed is filed with the appropriate state agency within three years from the date of the payment of the taxes erroneously or illegally collected or paid.
3. However, if it is found during an examination by the appropriate state agency that a licensee paid, as a result of a mistake, an amount of tax, penalty, or interest which was not due, and the mistake is found within three years of the overpayment, the appropriate state agency shall credit the amount against any penalty, interest or taxes due or shall refund the amount to the person.

452A.73 Embezzlement of fuel tax money — penalty.

Every sale of motor fuel in this state and every sale of undyed special fuel dispensed by the seller into a fuel supply tank of a motor vehicle shall, unless otherwise provided, be presumed to include as a part of the purchase price the fuel tax due the state of Iowa under the provisions of this chapter. Every person collecting fuel tax money as part of the selling price of motor fuel or undyed special fuel, shall hold the tax money in trust for the state of Iowa unless the fuel tax on the fuel has been previously paid to the state of Iowa. Any person receiving fuel tax money in trust and failing to remit it to the department of revenue on or before time required shall be guilty of theft.

452A.74 Unlawful acts — penalty.

1. It shall be unlawful:
   a. For any person to knowingly fail, neglect, or refuse to make any required return or statement or pay over fuel taxes required under this chapter.
   b. For any person to knowingly make any false, incorrect, or materially incomplete record required to be kept or made under this chapter, to refuse to offer required books and records to the department of revenue or the state department of transportation for inspection on demand or to refuse to permit the department of revenue or the state department of transportation to examine the person’s motor fuel or undyed special fuel storage tanks and handling or dispensing equipment.
   c. For any seller to issue or any purchaser to receive and retain any incorrect or false invoice or sales ticket in connection with the sale or purchase of motor fuel or undyed special fuel.
   d. For any claimant to alter any invoice or sales ticket, whether the invoice or sales ticket is to be used to support a claim for refund or income tax credit or not, provided, however, if a claimant’s refund permit has been revoked for cause as provided in section 452A.19, the revocation shall serve as a bar to prosecution for violation of this paragraph.
   e. For any person to act as a supplier, restrictive supplier, importer, exporter, blender, or compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen dealer or user without the required license.
   f. For any person to use motor fuel, undyed special fuel, or dyed special fuel in the fuel supply tank of a vehicle with respect to which the person knowingly has not paid or had charged to the person’s account with a distributor or dealer, or with respect to which the person does not, within the time required in this chapter, report and pay the applicable fuel tax.
   g. For any licensed compressed natural gas, liquefied natural gas, or hydrogen dealer or user to dispense compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen into the fuel supply tank of any motor vehicle without collecting the fuel tax.
2. Any delivery of compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen to a compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen dealer or user for the purpose of evading the state tax on compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen, into facilities other than those licensed under this chapter knowing that the fuel will be used for highway use shall constitute a violation of this section. Any compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen dealer or user for purposes of evading the state tax on compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen, who allows a distributor to place compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen for highway use in facilities other than those licensed under this chapter, shall also be deemed in violation of this section.

3. A person found guilty of an offense specified in this section is guilty of a fraudulent practice. Prosecution for an offense specified in this section shall be commenced within six years following the date of commission of the offense.

§452A.74A Additional penalty and enforcement provisions.
In addition to the tax or additional tax, the following fines and penalties shall apply:
1. **Illegal use of dyed fuel.** The illegal use of dyed fuel in the supply tank of a motor vehicle shall result in a civil penalty assessed against the owner or operator of the motor vehicle as follows:
   a. A five hundred dollar penalty for the first violation.
   b. A one thousand dollar penalty for a second violation within three years of the first violation.
   c. A two thousand dollar penalty for third and subsequent violations within three years of the first violation.
2. **Illegal importation of untaxed fuel.** A person who imports motor fuel or undyed special fuel without a valid importer’s license or supplier’s license shall be assessed a civil penalty as provided in this subsection. However, the owner or operator of the importing vehicle shall not be guilty of violating this subsection if it is shown by the owner or operator that the owner or operator reasonably did not know or reasonably should not have known of the illegal importation.
   a. For a first violation, the importing vehicle shall be detained and a penalty of four thousand dollars shall be paid before the vehicle will be released. The owner or operator of the importing vehicle or the owner of the fuel may be held liable for payment of the penalty.
   b. For a second violation, the importing vehicle shall be detained and a penalty of ten thousand dollars shall be paid before the vehicle will be released. The owner or operator of the importing vehicle or the owner of the fuel may be held liable to pay the penalty.
   c. For third and subsequent violations, the importing vehicle and the fuel shall be seized and a penalty of twenty thousand dollars shall be paid before the vehicle will be released. The owner or operator of the importing vehicle or the owner of the fuel may be held liable to pay the penalty.
   d. If the owner or operator of the importing vehicle or the owner of the fuel fails to pay the tax and penalty for a first or second offense, the importing vehicle and the fuel may be seized.
The department of revenue, the state department of transportation, or any peace officer, at the request of either department, may seize the vehicle and the fuel.

e. If the operator or owner of the importing vehicle or the owner of the fuel moves the vehicle or the fuel after the vehicle has been detained and a sticker has been placed on the vehicle stating that “This vehicle cannot be moved until the tax, penalty, and interest have been paid to the Department of Revenue”, an additional penalty of ten thousand dollars shall be assessed against the operator or owner of the importing vehicle or the owner of the fuel.

f. For purposes of this subsection, “vehicle” means as defined in section 321.1.

3. **Improper receipt of refund.** If a person files an incorrect refund claim, in addition to the excess amount of the claim, a penalty of ten percent shall be added to the amount by which the amount claimed and refunded exceeds the amount actually due and shall be paid to the department. If a person knowingly files a fraudulent refund claim with the intent to evade the tax, the penalty shall be seventy-five percent in lieu of the ten percent. The person shall also pay interest on the excess refunded at the rate per month specified in section 421.7, counting each fraction of a month as an entire month, computed from the date the refund was issued to the date the excess refund is repaid to the state.

4. **Illegal heating of fuel.** The deliberate heating of taxable motor fuel or special fuel by dealers prior to consumer sale is a simple misdemeanor.

5. **Prevention of inspection.** The department of revenue or the state department of transportation may conduct inspections for coloration, markers, and shipping papers at any place where taxable fuel is or may be loaded into transport vehicles, produced, or stored. Any attempts by a person to prevent, stop, or delay an inspection of fuel or shipping papers by authorized personnel shall be subject to a civil penalty of not more than two thousand dollars per occurrence. Any law enforcement officer or department of revenue or state department of transportation employee may physically inspect, examine, or otherwise search any tank, reservoir, or other container that can or may be used for the production, storage, or transportation of any type of fuel.

6. **Failure to conspicuously label a fuel pump.** A retailer who does not conspicuously label a fuel pump or other delivery facility as required by the internal revenue service, that dispenses dyed diesel fuel so as to notify customers that it contains dyed diesel fuel, shall pay to the department a penalty of one hundred dollars per occurrence.

7. **False or fraudulent report or return.** Any person, including an officer of a corporation or a manager of a limited liability company, who is required to make, render, sign, or verify any report or return required by this chapter and who makes a false or fraudulent report or return, or who fails to file a report or return with the intent to evade the tax, shall be guilty of a fraudulent practice. Any person who aids, abets, or assists another person in making any false or fraudulent report or return or false statement in any report or return with the intent to evade payment of tax shall be guilty of a fraudulent practice.

### 452A.75 Penalty for false certificate.

1. Any person who makes a false certificate, false fuel invoice, false fuel receipt, or false fuel sales ticket in any report, return, application, claim, or evidence required or provided for by this chapter or under any rule or regulation shall be guilty of a fraudulent practice.

2. Prosecution for an offense specified in this section shall be commenced within six years following its commission.

452A.76 Enforcement authority.
1. Authority to enforce subchapter III is given to the state department of transportation. Employees of the state department of transportation designated enforcement employees have the power of peace officers in the performance of their duties; however, they shall not be considered members of the state patrol. The state department of transportation shall furnish enforcement employees with necessary equipment and supplies in the same manner as provided in section 80.18, including uniforms which are distinguishable in color and design from those of the state patrol. Enforcement employees shall be furnished and shall conspicuously display badges of authority.
2. Authority is given to the department of revenue, the state department of transportation, the department of public safety, and any peace officer as requested by such departments to enforce the provisions of subchapter I and this subchapter of this chapter. The department of revenue shall adopt rules providing for enforcement under subchapter I and this subchapter of this chapter regarding the use of motor fuel or special fuel in implements of husbandry. Enforcement personnel or requested peace officers are authorized to stop a conveyance suspected to be illegally transporting motor fuel or special fuel on the highways, to investigate the cargo, and also have the authority to inspect or test the fuel in the supply tank of a conveyance to determine if legal fuel is being used to power the conveyance. The operator of any vehicle transporting motor fuel or special fuel shall, upon request, produce and offer for inspection the manifest or loading and delivery invoices pertaining to the load and trip in question and shall permit the authority to inspect and measure the contents of the vehicle. If the vehicle operator fails to produce the evidence or if, when produced, the evidence fails to contain the required information and it appears that there is an attempt to evade payment of the fuel tax, the vehicle operator will be subject to the penalty provisions contained in section 452A.74A.

452A.77 Moneys deposited in treasury — refunds — administration.
1. All fees, taxes, interest, and penalties imposed under this chapter must be paid to the department of revenue or the state department of transportation, whichever is responsible for the collection. The appropriate state agency shall transmit each payment daily to the treasurer of state. Such payments shall be deposited by the treasurer of state in a fund, hereby created, within the state treasury which shall be known as the “motor fuel tax fund”, the net proceeds of which fund, after deducts by lawful transfers and refunds, shall be known as the “motor vehicle fuel tax fund”. The department of revenue and the state department of transportation shall certify monthly to the director of the department of administrative services amounts of refunds of tax approved during each month, and the director of the department of administrative services shall draw warrants in such amounts on the motor fuel tax fund and transmit them. There is hereby appropriated out of the money received under the provisions of this chapter and deposited in the motor fuel tax fund sufficient funds to pay such refunds as may be authorized in this chapter.
2. The general assembly may appropriate from the motor fuel tax fund such amounts as it determines are necessary for administrative expenses. Allocations and transfers of fees, taxes, interest, and penalties imposed under this chapter, pursuant to any provision of the Code, shall be made from the motor fuel tax fund. 452A.79A Marine fuel tax fund.

1. A marine fuel tax fund is created under the authority of the department of natural resources.

   a. The fund shall consist of all revenues derived from the excise tax on the sale of motor fuel used in watercraft as provided in section 452A.84 and other moneys appropriated to the fund.

   b. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the fund shall be credited to the fund. Notwithstanding section 8.33, any moneys credited to the fund from another fund shall not revert to the fund from which appropriated at the close of a fiscal year.

2. Moneys in the marine fuel tax fund are appropriated to the department of natural resources for use by the department in its recreational boating program, which may include but is not limited to any of the following:

   a. Dredging and renovation of lakes of this state.

   b. Acquisition, development, and maintenance of access to public boating waters.

   c. Development and maintenance of boating facilities and navigation aids.

   d. Administration, operation, and maintenance of recreational boating activities of the department of natural resources.

   e. Acquisition, development, and maintenance of recreation facilities associated with recreational boating.

452A.81 Agreement for refund of federal tax.
1. The department of revenue is hereby authorized to enter into and empowered to carry out the provisions of agreements with any duly authorized agent or department of the United States government for joint or cooperative action by the state and the United States government in the making of refunds of the federal tax on gasoline. Such agreements may provide that the department of revenue may receive applications for and make refunds of the federal tax on gasoline as an agent of the United States. Such agreements shall provide that the United States shall provide the department of revenue with sufficient funds in advance to pay all costs to the state in the performance of such agreements and in the making of such refunds. In the event such an agreement is concluded, the director of revenue is hereby designated, appointed and empowered, through the motor vehicle fuel tax division of the department, to, as an agent of the United States government, accept applications for refunds of the federal tax on gasoline and to make such refunds from such moneys provided to the director in advance by the federal government.

2. All moneys that may be paid in advance by the United States to the state to pay the cost to the state of performing such agreements and the cost of making such refunds are hereby appropriated to the department of revenue for such purposes. Neither the state nor the department of revenue shall be liable in any manner for the actions of the department of revenue or employees of the department in the receipt, administration, and expenditure of such federal funds including the making of refunds.

452A.84 Transfer to marine fuel tax fund.
The treasurer of state shall transfer from the motor fuel tax fund to the marine fuel tax fund that portion of moneys collected under this chapter attributable to motor fuel used in watercraft computed as follows:

1. Determine monthly the total amount of motor fuel tax collected under this chapter and multiply the amount by nine-tenths of one percent.

2. Subtract from the figure computed pursuant to subsection 1 of this section three percent of the figure for administrative costs and further subtract from the figure the amounts refunded to commercial fishers pursuant to section 452A.17, subsection 1,
paragraph “α”, subparagraph (7). All moneys remaining after claims for refund and the cost of administration have been made shall be transferred to the marine fuel tax fund.

452A.85 Tax payment for stored motor fuel, ethanol blended gasoline, special fuel, compressed natural gas, liquefied natural gas, liquefied petroleum gas, and hydrogen.

1. Persons having title to motor fuel, ethanol blended gasoline, undyed special fuel, compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen in storage and held for sale on the effective date of an increase in the excise tax rate imposed on motor fuel, ethanol blended gasoline, undyed special fuel, compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen under this chapter shall be subject to an inventory tax based upon the gallonage in storage as of the close of the business day preceding the effective date of the increased excise tax rate of motor fuel, ethanol blended gasoline, undyed special fuel, compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen which will be subject to the increased excise tax rate.

2. Persons subject to the tax imposed under this section shall take an inventory to determine the gallonage in storage for purposes of determining the tax and shall report the gallonage and pay the tax due within thirty days of the prescribed inventory date. The department of revenue shall adopt rules pursuant to chapter 17A as are necessary to administer this section.

3. The amount of the inventory tax is equal to the inventory tax rate times the gallonage in storage as determined under subsection 1. The inventory tax rate is equal to the difference of the increased excise tax rate less the previous excise tax rate.

4. This section does not apply to an increase in the tax rate of a specified fuel, except for compressed natural gas, unless the increase in the tax rate of that fuel is in excess of one-half cent per gallon.

452A.86 Method of determining gallonage.

The exclusive method of determining gallonage of any purchases or sales of motor fuel, undyed special fuel, or liquefied petroleum gas as defined in this chapter and distillate fuels shall be on a gross volume basis, except for compressed natural gas, liquefied natural gas, and hydrogen. The exclusive method of determining gallonage of any purchases or sales of compressed natural gas is the gasoline gallon equivalent, as defined in section 452A.2, subsection 22. The exclusive method of determining gallonage of any purchase or sale of liquefied natural gas is the diesel gallon equivalent, as defined in section 452A.2, subsection 22. The exclusive method of determining gallonage of any purchases or sales of hydrogen is the diesel gallon equivalent, as defined in section 452A.2, subsection 22. A temperature-adjusted or other method shall not be used, except as it applies to liquefied petroleum gas and the sale or exchange of petroleum products between petroleum refiners. All invoices, bills of lading, or other records of sale or purchase and all returns or records required to be made, kept, and maintained by a supplier, restrictive supplier, importer, exporter, blender, or compressed natural gas, liquefied natural gas, liquefied petroleum gas, or hydrogen dealer or user shall be made, kept, and maintained on the gross volume basis. For purposes of this section, “distillate fuels” means any fuel oil, gas oil, topped crude oil,
or other petroleum oils derived by refining or processing crude oil or unfinished oils which have a boiling range at atmospheric pressure which falls completely or in part between 550 and 1,200 degrees Fahrenheit.

453A.1 Definitions.

The following words, terms, and phrases, when used in this chapter, shall, for the purpose of this chapter, have the meanings respectively ascribed to them.

1. “Alternative nicotine product” means a product, not consisting of or containing tobacco, that provides for the ingestion into the body of nicotine, whether by chewing, absorbing, dissolving, inhaling, snorting, or sniffing, or by any other means. “Alternative nicotine product” does not include cigarettes, tobacco products, or vapor products, or a product that is regulated as a drug or device by the United States food and drug administration under chapter V of the federal Food, Drug, and Cosmetic Act.

2. “Attorney general” shall mean the attorney general of the state or the attorney general’s duly authorized assistants and employees.

3. “Carton” means a box or container of any kind in which ten or more packages or packs of cigarettes or tobacco products are offered for sale, sold, or otherwise distributed to consumers.

4. “Cigarette” means any roll for smoking made wholly or in part of tobacco, or any substitute for tobacco, irrespective of size or shape and irrespective of tobacco or any substitute for tobacco being flavored, adulterated, or mixed with any other ingredient, where such roll has a wrapper or cover made of paper or any other material. However, “cigarette” shall not be construed to include cigars.

5. “Cigarette vending machine” means any self-service device offered for public use which, upon payment or insertion of loose tobacco product, dispenses, or assembles and dispenses, cigarettes or tobacco products.

6. “Cigarette vendor” means any person who by contract, agreement, or ownership takes responsibility for furnishing, installing, servicing, operating, or maintaining one or more cigarette vending machines for the purpose of selling cigarettes at retail.

7. “Counterfeit stamp” shall mean any stamp, label, print, indicium, or character which evidences, or purports to evidence the payment of any tax levied by this chapter, and which stamp, label, print, indicium, or character has not been printed, manufactured or made by authority of the director as hereinafter provided, and issued, sold or circulated by the department.

8. “Delivery sale” means any sale of an alternative nicotine product or a vapor product to a purchaser in this state where the purchaser submits the order for such sale by means of a telephonic or other method of voice transmission, mail or any other delivery service, or the internet or other online service and the alternative nicotine product or vapor product is
delivered by use of mail or a delivery service. The sale of an alternative nicotine product or vapor product shall constitute a delivery sale regardless of whether the seller is located in this state. “Delivery sale” does not include a sale to a distributor or retailer of any alternative nicotine product or vapor product not for personal consumption.

9. “Department” means the department of revenue.

10. “Director” means the director of revenue or the director’s duly authorized assistants and employees.

11. “Distributing agent” shall mean and include every person in this state who acts as an agent of any manufacturer outside of this state by storing cigarettes received in interstate commerce from such manufacturer subject to distribution or delivery to distributors upon orders received by said manufacturer in interstate commerce and transmitted to such distributing agent for fulfillment from such place of storage.

12. “Distributing agent’s permit” shall mean and include permits issued by the department to distributing agents.

13. “Distributor” shall mean and include every person in this state who manufactures or produces cigarettes or who ships, transports, or imports into this state or in any manner acquires or possesses cigarettes without stamps affixed for the purpose of making a “first sale” of the same within the state.

14. “Drop shipment” shall mean and include any delivery of cigarettes received by any person within this state when payment for such cigarettes is made to the shipper or seller by or through a person other than the consignee.

15. “First sale” shall mean and include the first sale or distribution of cigarettes or tobacco products by the manufacturer or his agent, or the first use or consumption of cigarettes or tobacco products by the consumer.

16. “Individual packages of cigarettes” shall mean and include every package of cigarettes or quantity of cigarettes assembled and ordinarily sold at retail.

17. “Manufacturer” shall mean and include every person who ships cigarettes into this state from outside the state.

18. “Manufacturer’s permit” shall mean and include permits issued by the department to a manufacturer.

19. “Package” or “pack” means a container of any kind in which cigarettes or tobacco products are offered for sale, sold, or otherwise distributed to consumers.

20. “Person” shall mean and include every individual, firm, association, joint stock company, syndicate, partnership, corporation, trustee, agency or receiver, or respective legal representative.

21. “Place of business” is construed to mean and include any place where cigarettes are sold or where cigarettes are stored within or without the state of Iowa by the holder of an Iowa permit or kept for the purpose of sale or consumption; or if sold from any vehicle or train, the vehicle or train on which or from which such cigarettes are sold shall constitute a place of business; or for a business within or without the state that conducts delivery sales, any place where alternative nicotine products or vapor products are sold or where alternative nicotine products or vapor products are kept for the purpose of sale.

22. “Previously used stamp” shall mean and include any stamp which is used, sold, or possessed for the purpose of sale or use, to evidence the payment of the tax herein imposed on an individual package of cigarettes after said stamp has, anterior to such use, sale, or possession, been used on a previous or separate individual package of cigarettes to evidence the payment of tax as aforesaid.

23. “Retailer” shall mean and include every person in this state who shall sell, distribute, or offer for sale for consumption or possess for the purpose of sale for consumption, cigarettes, alternative nicotine products, or vapor products irrespective of quantity or amount or the number of sales.

24. “Retail permit” shall mean and include permits issued to retailers.

25. “Self-service display” means any manner of product display, placement, or storage from which a person purchasing the product may take possession of the product, prior to purchase, without assistance from the retailer or employee of the retailer, in removing the product from a restricted access location.

26. “Stamps” means the stamp or stamps printed, manufactured or made by authority of
the director and issued, sold or circulated by the department and by the use of which the tax levied is paid. It also means any impression, indicium, or character fixed upon packages of cigarettes by metered stamping machine or device which may be authorized by the director to the holder of state or manufacturers’ permits and by the use of which the tax levied is paid.

27. “State permit” shall mean and include permits issued by the department to distributors, wholesalers, and retailers.

28. “Tobacco products” means cigars; little cigars as defined in section 453A.42, subsection 6; cheroots; stogies; periques; granulated; plug cut, crimp cut, ready rubbed, and other smoking tobacco; snuff, snuff flour; cavendish; plug and twist tobacco; fine-cut and other chewing tobaccos; shorts; or refuse scraps, clippings, cuttings and sweepings of tobacco, and other kinds and forms of tobacco, prepared in such manner as to be suitable for chewing or smoking in a pipe or otherwise, or both for chewing and smoking; but does not mean cigarettes.

29. “Vapor product” means any noncombustible product, which may or may not contain nicotine, that employs a heating element, power source, electronic circuit, or other electronic, chemical, or mechanical means, regardless of shape or size, that can be used to produce vapor from a solution or other substance. “Vapor product” includes an electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, or similar product or device, and any cartridge or other container of a solution or other substance, which may or may not contain nicotine, that is intended to be used with or in an electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, or similar product or device. “Vapor product” does not include a product regulated as a drug or device by the United States food and drug administration under chapter V of the federal Food, Drug, and Cosmetic Act.

30. “Wholesaler” shall mean and include every person other than a distributor or distributing agent who engages in the business of selling or distributing cigarettes within the state, for the purpose of resale.

[C24, 27, 31, 35, 39, §1552; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §98.1]

453A.2 Persons under legal age.

1. A person shall not sell, give, or otherwise supply any tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes to any person under eighteen years of age.

2. A person under eighteen years of age shall not smoke, use, possess, purchase, or attempt to purchase any tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes.

3. Possession of tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes by an individual under eighteen years of age does not constitute a violation under this section if the individual under eighteen years of age possesses the tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes as part of the individual’s employment and the individual is employed by a person who holds a valid permit under this chapter or who lawfully offers for sale or sells cigarettes or tobacco products.

4. The alcoholic beverages division of the department of commerce, a county, or a city may directly enforce this section in district court and initiate proceedings pursuant to section 453A.22 before a permit-issuing authority which issued the permit against a permit holder violating this section.

5. Payment and distribution of court costs, fees, and fines in a prosecution initiated by a city or county shall be made as provided in chapter 602 for violation of a city or county ordinance.

6. If a county or a city has not assessed a penalty pursuant to section 453A.22, subsection 2, for a violation of subsection 1, within sixty days of the adjudication of the violation, the matter shall be transferred to and be the exclusive responsibility of the alcoholic beverages
division of the department of commerce. Following transfer of the matter, if the violation is contested, the alcoholic beverages division of the department of commerce shall request an administrative hearing before an administrative law judge, assigned by the division of administrative hearings of the department of inspections and appeals in accordance with the provisions of section 10A.801, to adjudicate the matter pursuant to chapter 17A.

7. A tobacco compliance employee training fund is created in the office of the treasurer of state. The fund shall consist of civil penalties assessed by the alcoholic beverages division of the department of commerce under section 453A.22 for violations of this section. Moneys in the fund are appropriated to the alcoholic beverages division of the department of commerce and shall be used to develop and administer the tobacco compliance employee training program under section 453A.5. Moneys deposited in the fund shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this subsection. Notwithstanding section 8.33, any unexpended balance in the fund at the end of the fiscal year shall be retained in the fund.

8. a. A person shall not be guilty of a violation of this section if conduct that would otherwise constitute a violation is performed to assess compliance with tobacco, tobacco products, alternative nicotine products, vapor products, or cigarette laws if any of the following applies:

(1) The compliance effort is conducted by or under the supervision of law enforcement officers.

(2) The compliance effort is conducted with the advance knowledge of law enforcement officers and reasonable measures are adopted by those conducting the effort to ensure that use of tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes by individuals under eighteen years of age does not result from participation by any individual under eighteen years of age in the compliance effort.

b. For the purposes of this subsection, “law enforcement officer” means a peace officer as defined in section 801.4 and includes persons designated under subsection 4 to enforce this section.

453A.3 Penalty.

1. a. A person, other than a retailer as defined in section 453A.1 or 453A.42, who violates section 453A.2, subsection 1, is guilty of a simple misdemeanor.

b. An employee of a retailer as defined in section 453A.1 or 453A.42, who violates section 453A.2, subsection 1, commits a simple misdemeanor punishable as a scheduled violation under section 805.8C, subsection 3, paragraph “b”.

2. A person who violates section 453A.2, subsection 2, is subject to the following, as applicable:

a. A civil penalty pursuant to section 805.8C, subsection 3, paragraph “c”. Notwithstanding section 602.8106 or any other provision to the contrary, any civil penalty paid under this subsection shall be retained by the city or county enforcing the violation.

b. For a first offense, performance of eight hours of community work requirements, unless waived by the court.

c. For a second offense, performance of twelve hours of community work requirements.

d. For a third or subsequent offense, performance of sixteen hours of community work requirements.

[C97, §5005, 5006; C24, 27, 31, 35, 39, §1554; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §98.3]

§453A.4 Seizure of false or altered driver’s license or nonoperator’s identification card.
1. If a person holding a permit under this chapter or an employee of such a permittee has a reasonable belief based on factual evidence that a driver’s license as defined in section 321.1, subsection 20A, or nonoperator’s identification card issued pursuant to section 321.190 offered by a person who wishes to purchase tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes is altered or falsified or belongs to another person, the permittee or employee may retain the driver’s license or nonoperator’s identification card. Within twenty-four hours, the card shall be delivered to the appropriate city or county law enforcement agency of the jurisdiction in which the permittee’s premises are located, and the permittee shall file a written report of the circumstances under which the card was retained. The local law enforcement agency may investigate whether a violation of section 321.216, 321.216A, or 321.216C has occurred. If an investigation is not initiated or probable cause is not established by the local law enforcement agency, the driver’s license or nonoperator’s identification card shall be delivered to the person to whom it was issued. The local law enforcement agency may forward the card with the report to the state department of transportation for investigation, in which case, the state department of transportation may investigate whether a violation of section 321.216, 321.216A, or 321.216C has occurred. The state department of transportation shall return the card to the person to whom it was issued if an investigation is not initiated or probable cause is not established.
2. Upon taking possession of an identification card as provided in subsection 1, a receipt for the card with the date and hour of seizure noted shall be provided to the person from whom the card is seized.
3. A person holding a permit under this chapter or an employee of such a permittee is not subject to criminal prosecution for, or to civil liability for damages alleged to have resulted from, the retention and delivery of a driver’s license or a nonoperator’s identification card which is taken pursuant to subsections 1 and 2. This section shall not be construed to relieve a permittee or an employee of such a permittee from civil liability for damages resulting from the use of unreasonable force in obtaining the alleged altered or falsified driver’s license or identification card or the driver’s license or identification card believed to belong to another person.

453A.5 Tobacco compliance employee training program.
1. The alcoholic beverages division of the department of commerce shall develop a tobacco compliance employee training program not to exceed two hours in length for employees and prospective employees of retailers, as defined in sections 453A.1 and 453A.42, to inform the employees about state and federal laws and regulations regarding the sale of tobacco, tobacco products, alternative nicotine products, vapor products, and cigarettes to persons under eighteen years of age and compliance with and the importance of laws regarding the sale of tobacco, tobacco products, alternative nicotine products, vapor products, and cigarettes to persons under eighteen years of age.
2. The tobacco compliance employee training program shall be made available to employees and prospective employees of retailers, as defined in sections 453A.1 and 453A.42, at no cost to the employee, the prospective employee, or the retailer, and in a manner which is as convenient and accessible to the extent practicable throughout the state so as to encourage attendance. Contingent upon the availability of specified funds for provision of the program, the division shall schedule the program on at least a monthly basis and the program shall be available at a location in at least a majority of counties.
3. Upon completion of the tobacco compliance employee training program, an employee or prospective employee shall receive a certificate of completion, which shall be valid for a period of two years, unless the employee or prospective employee is convicted of a violation of section 453A.2, subsection 1, in which case the certificate shall be void.
4. The tobacco compliance employee training program shall also offer periodic continuing employee training and recertification for employees who have completed initial training and received certificates of completion.

453A.6 Tax imposed.
1. There is imposed, and shall be collected and paid to the department, a tax on all cigarettes used or otherwise disposed of in this state for any purpose equal to six and eight-tenths cents on each cigarette.
2. The said tax shall be paid only once by the person making the “first sale” in this state, and shall become due and payable as soon as such cigarettes are subject to a “first sale” in Iowa, it being intended to impose the tax as soon as such cigarettes are received by any person in Iowa for the purpose of making a “first sale” of same. If the person making the “first sale” did not pay such tax, it shall be paid by any person into whose possession such cigarettes come until said tax has been paid in full. No person, however, shall be required to pay a tax on cigarettes brought into this state on or about the person in quantities of forty cigarettes or less, when such cigarettes have had the individual packages or seals thereof broken and when such cigarettes are actually used by said person and not sold or offered for sale.
3. Payment of the tax shall be evidenced by stamps purchased from the department by a distributor or manufacturer and securely affixed to each individual package of cigarettes in amounts equal to the tax as imposed by this chapter, or by the impressing of an indicium upon individual packages of cigarettes, under regulations prescribed by the director.
4. Any other person who purchases or is in possession of unstamped cigarettes shall pay the tax directly to the department.
5. The per cigarette amount of the tax shall be added to the selling price of every package of cigarettes sold in this state and shall be collected from the purchaser so that the ultimate consumer bears the burden of the tax.
6. All excise taxes collected under this subchapter by a distributor, manufacturer, or any individual are deemed to be held in trust for the state of Iowa.
7. Cigarettes shall be sold or dispensed only in packages or quantities of twenty or more cigarettes.
8. Any permit holder owning, renting, leasing, or otherwise operating a cigarette vending machine into which loose tobacco products are inserted and from which assembled cigarettes are dispensed shall do all the following:
   a. Pay directly to the department, in lieu of the tax under subsection 1, a tax equal to three and six hundredths cents on each cigarette dispensed from such machine.
   b. Allow to be inserted into such machine only loose tobacco products whose manufacturer and brand family are then currently listed on the directory maintained by the director under chapter 453D.
   c. On or after January 1, 2014, allow to be dispensed from such machine only cigarettes which are in compliance with the requirements of chapter 101B.
   d. Maintain in good working order on such machine a secure meter that counts the number of cigarettes dispensed by the machine, which meter cannot be accessed except for the sole purpose of taking meter readings, and cannot be reset or otherwise altered by the permit holder.

453A.8 Sale and exchange of stamps.

1. Stamps shall be sold by and purchased from the department. The department shall sell stamps to the holder of a state distributor’s or manufacturer’s permit which has not been revoked and to no other person. Stamps shall be sold to the permit holders at a discount of two percent of the face value. Stamps shall be sold in unbroken rolls of thirty thousand stamps or unbroken lots of any other form authorized by the director.

2. Orders for cigarette tax stamps, including the payment for such stamps, shall be sent direct to the department on a form to be prescribed by the director, except as provided in subsection 6.

3. a. The department may make refunds on unused stamps to the person who purchased the stamps at a price equal to the amount paid for the stamps when proof satisfactory to the department is furnished that any stamps upon which a refund is requested were properly purchased from the department and paid for by the person requesting the refund. In making the refund, the department shall prepare a voucher showing the amount of refund due and to whom payable and shall authorize the department of administrative services to issue a warrant upon order of the director to pay the refund out of any funds in the state treasury not otherwise appropriated.

b. The director may promulgate rules providing for refunds of the face value of stamps, less any discount, affixed to any cigarettes which have become unfit for use and consumption, unsalable, or for any other legitimate loss which may occur, upon proof of such loss. Refund shall be made in the same manner as provided for unused stamps.

4. The department may in the enforcement of this subchapter recall any stamps which have been sold by the department and which have not been used, and the department shall, upon receipt of recalled stamps, issue a refund for tax stamps surrendered for the face value of the stamps less the amount of the discount. The purchaser of stamps shall surrender any unused stamps for refund upon demand of the department.

5. The department shall keep a record of all stamps sold by the department and of all refunds made by the department.

6. The director may authorize a bank as defined by section 524.103, subsection 8, to sell stamps. A bank authorized to sell stamps shall comply with all of the requirements governing the sale of stamps by the department. Section 453A.12 shall apply to any bank authorized to sell stamps.

453A.10 Affixing of stamps by distributors.
Except as provided in section 453A.17, every distributor holding an Iowa permit shall cause to be affixed, within or without the state of Iowa, upon every individual package of cigarettes received by the distributor in this state or for distribution in this state, upon which no sufficient tax stamp is already affixed, a stamp or stamps of an amount equal to the tax due thereon. Such stamps shall be affixed within forty-eight hours, exclusive of Sundays and legal holidays, from the hour the cigarettes were received, and shall be affixed before such distributor sells, offers for sale, consumes, or otherwise distributes or transports the same. It shall be unlawful for any person, other than a distributing agent or distributor, bonded pursuant to section 453A.14, or common carrier to receive or accept delivery of any cigarettes without stamps affixed to evidence the payment of the tax, or without having in possession the requisite amount or number of stamps necessary to stamp such cigarettes, and the possession of any unstamped cigarettes, without the possession of the requisite amount or number of stamps, shall be prima facie evidence of the violation of this provision.

453A.11 Cancellation of stamps.
Stamps affixed to a package of cigarettes shall not be canceled by any letter, numeral, or other mark of identification or otherwise mutilated in any manner that will prevent or hinder the department in making an examination as to the genuineness of the stamp. However, the director may require such cancellation of the tax stamps affixed to packages of cigarettes which is necessary to carry out properly the provisions of this subchapter. A person who cancels or causes the cancellation of stamps in violation of this section shall be considered in possession of unstamped cigarettes and is subject to the penalty provided in section 453A.31, subsection 1, paragraph “a”.

453A.12 Use of stamping machines.
1. The department may purchase and supply suitable machines or devices to the holders of a state or manufacturer’s permit, or authorize the leasing by the permit holder of such machines or the metering device or both, and provide under proper regulation and direction for the impression of a distinctive imprint, indicium or character upon individual packages of cigarettes, as evidence of the payment of the tax imposed by this subchapter, in lieu of the purchase and affixation of stamps.
2. If the director decides to purchase the machines they shall be paid for upon order of the director out of any funds in the general fund of the state not otherwise appropriated.
3. The machines or devices shall be so constructed as to record or meter the number of impressions or indicia made and shall at all times be open for inspection by the department.
4. All of the provisions of this subchapter relating to the collection of the tax by means of the sale and affixation of stamps shall apply in the use of the stamping machines or devices, including the right of refund.

§453A.13 Distributor’s, wholesaler’s, and retailer’s permits.

1. Permits required. Every distributor, wholesaler, cigarette vendor, and retailer, now engaged or who desires to become engaged in the sale or use of cigarettes, upon which a tax is required to be paid, and every retailer now engaged or who desires to become engaged in selling, offering for sale, or distributing alternative nicotine products or vapor products, including through delivery sales, shall obtain a state or retail permit as a distributor, wholesaler, cigarette vendor, or retailer, as the case may be.

2. Issuance or denial.

a. The department shall issue state permits to distributors, wholesalers, and cigarette vendors, and retailers that make delivery sales of alternative nicotine products and vapor products, subject to the conditions provided in this subchapter. If an out-of-state retailer makes delivery sales of alternative nicotine products or vapor products, an application shall be filed with the department and a permit shall be issued for the out-of-state retailer’s principal place of business. Cities may issue retail permits to retailers with a place of business located within their respective limits. County boards of supervisors may issue retail permits to retailers with a place of business in their respective counties, outside of the corporate limits of cities.

b. The department may deny the issuance of a permit to a distributor, wholesaler, vendor or retailer who is substantially delinquent in the payment of a tax due, or the interest or penalty on the tax, administered by the department at the time of application. If the applicant is a partnership, a permit may be denied if a partner is substantially delinquent on any delinquent tax, penalty or interest. If the applicant is a corporation, a permit may be denied if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax, interest or penalty of the applicant corporation.

c. The department, or a city or county, shall submit a duplicate of any application for a retail permit to the alcoholic beverages division of the department of commerce within thirty days of the issuance. The alcoholic beverages division of the department of commerce shall submit the current list of all retail permits issued to the Iowa department of public health by the last day of each quarter of a state fiscal year.

3. Fees — expiration.

a. All permits provided for in this subchapter shall expire on June 30 of each year. A permit shall not be granted or issued until the applicant has paid for the period ending June 30 next, to the department or the city or county granting the permit, the fees provided for in this subchapter. The annual state permit fee for a distributor, cigarette vendor, and wholesaler is one hundred dollars when the permit is granted during the months of July, August, or September. However, whenever a state permit holder operates more than one place of business, a duplicate state permit shall be issued for each additional place of business on payment of five dollars for each duplicate state permit, but refunds as provided in this subchapter do not apply to any duplicate permit issued.

b. The fee for retail permits is as follows when the permit is granted during the months of July, August, or September:

(1) In places outside any city, fifty dollars.
(2) In cities of less than fifteen thousand population, seventy-five dollars.
(3) In cities of fifteen thousand or more population, one hundred dollars.

c. If any permit is granted during the months of October, November, or December, the fee shall be three-fourths of the above maximum schedule; if granted during the months of January, February, or March, one-half of the maximum schedule, and if granted during the months of April, May, or June, one-fourth of the maximum schedule.

4. Refunds.

a. An unrevoked permit for which the holder has paid the full annual fee may be surrendered during the first nine months of said year to the officer issuing it, and the department, or the city or county granting the permit shall make refunds to the holder as follows:

(1) Three-fourths of the annual fee if the surrender is made during July, August, or September.
(2) One-half of the annual fee if the surrender is made during October, November, or December.

(3) One-fourth of the annual fee if the surrender is made during January, February, or March.
   b. An unrevoked permit for which the holder has paid three-fourths of a full annual fee may be so surrendered during the first six months of the period covered by said payment and the department, city, or county shall make refunds to the holder as follows:
      (1) A sum equal to one-half of an annual fee if the surrender is made during October, November, or December.
      (2) A sum equal to one-fourth of an annual fee if the surrender is made during January, February, or March.
   c. An unrevoked permit for which the holder has paid one-half of a full annual fee may be surrendered during the first three months of the period covered by that payment, and the department, city, or county shall refund to the holder a sum equal to one-fourth of an annual fee.

5. Application — bond. Permits shall be issued only upon applications accompanied by the fee indicated above, and by an adequate bond as provided in section 453A.14, and upon forms furnished by the department upon written request. The failure to furnish such forms shall be no excuse for the failure to file the forms unless absolute refusal is shown. The forms shall set forth all of the following:
   a. The manner under which the distributor, wholesaler, or retailer, transacts or intends to transact such business as a distributor, wholesaler, or retailer.
   b. The principal office, residence, and place of business where the permit is to apply.
   c. If the applicant is not an individual, the principal officers or members and their addresses.
   d. Any other information as the director shall by rules prescribe.

6. No sales without permit. A distributor, wholesaler, cigarette vendor, or retailer shall not sell any cigarettes, alternative nicotine products, or vapor products until such application has been filed and the fee prescribed paid for a permit and until such permit is obtained and only while such permit is unrevoked and unexpired.

7. Number of permits — trucks. An application shall be filed and a permit obtained for each place of business owned or operated by a distributor, wholesaler, or retailer, excepting that no permit need be obtained for a delivery or sales truck of a distributor or wholesaler holding a permit, provided that the director may by regulation require that said truck bear the distributor’s or wholesaler’s name, and that the permit number of the place of business for and from which it operates be conspicuously displayed on the outside of the body of the truck, immediately under the name.

8. Group business. Any person who operates both as a distributor and wholesaler in the same place of business shall only be required to obtain a state permit for the particular place of business where such operation of said business is conducted. A separate retail permit, however, shall be required if any distributor or wholesaler sells cigarettes at both retail and wholesale.

9. Permit — form and contents. Each permit issued shall describe clearly the place of business for which it is issued, shall be nonassignable, consecutively numbered, designating the kind of permit, and shall authorize the sale of cigarettes, alternative nicotine products, or vapor products in this state subject to the limitations and restrictions herein contained. The retail permits shall be upon forms furnished by the department or on forms made available or approved by the department.

10. Permit displayed. The permit shall, at all times, be publicly displayed by the distributor, wholesaler, or retailer at the place of business so as to be easily seen by the public and the persons authorized to inspect the place of business. The proprietor or keeper of any building or place where cigarettes, alternative nicotine products, vapor products, or tobacco products are kept for sale, or with intent to sell, shall upon request of any agent of the department or any peace officer exhibit the permit. A refusal or failure to exhibit the permit is prima facie evidence that the cigarettes, alternative nicotine products, vapor
products, tobacco, or tobacco products are kept for sale or with intent to sell in violation of this subchapter.

1. No state or manufacturer’s permit shall be issued until the applicant files a bond, with good and sufficient surety, to be approved by the director, which bond shall be in favor of the state and conditioned upon the payment of taxes, damages, fines, penalties, and costs adjudged against the permit holder for violation of any of the provisions of this subchapter. The bonds shall be on forms prescribed by the director and in the following amounts:

   a. State permit, not less than five hundred dollars.
   b. Manufacturer’s permit, not less than five thousand dollars.

2. A person shall not engage in interstate business unless the person files a bond, with good and sufficient surety in an amount of not less than one thousand dollars. The amount of the bond required of the person shall be fixed by the director, subject to the minimum limitation provided in this section. The bond is subject to approval by the director and shall be payable to the state in Des Moines, Polk county, and conditioned upon the payment of taxes, damages, fines, penalties, and costs adjudged against the person for violation of any of the requirements of this subchapter affecting the person, on a form prescribed by the director.

3. An additional bond or a new bond may be required by the director at any time an existing bond becomes insufficient or the surety thereon becomes unsatisfactory, which additional bond, or new bond, shall be supplied within ten days after demand. On failure to supply a new bond or additional bond within ten days after demand, the director may cancel any existing bond made and secured by and for the person. If the bond is canceled the person shall within forty-eight hours after receiving cigarettes or forty-eight hours after the cancellation, excluding Sundays and legal holidays, cause any cigarettes in the person’s possession to have the requisite amount of stamps affixed to represent the tax.

453A.15 Records and reports of permit holders.

1. The director may prescribe the forms necessary for the efficient administration of this subchapter and may require uniform books and records to be used and kept by each permit holder or other person as deemed necessary. The director may also require each permit holder or other person to keep and retain in the director’s possession evidence on prescribed forms of all transactions involving the purchase and sale of cigarettes or the purchase and use of stamps. The evidence shall be kept for a period of three years from the date of each transaction, for the inspection at all times by the department.

2. Where a state permit holder sells cigarettes at retail, the holder shall be required to maintain detailed records for sales of cigarettes to be sold at retail and the cigarette sales records shall be kept separate and apart.

3. The director may by regulation require every holder of a manufacturer’s or state permit or other person to make and deliver to the department on or before the tenth day of each month a report or reports for the preceding calendar month, upon a form or forms prescribed by the director, and may require that the reports shall be properly sworn to and executed by the permit holder or the holder’s duly authorized representative or other person.
4. Every permit holder or other person shall, when requested by the department, make additional reports as the department deems necessary and proper and shall at the request of the department furnish full and complete information pertaining to any transaction of the permit holder or other person involving the purchase or sale or use of cigarettes or purchase of cigarette stamps.

5. Every person engaged in the business of selling cigarettes in interstate commerce only, who has, by furnishing the bond required in section 453A.14, been permitted to set aside or store cigarettes in this state for the conduct of such interstate business without the stamps affixed thereto, shall be required to keep such records and make such reports to the department as are required by the department.

6. If any distributor, manufacturer, or other person fails or refuses to pay any tax, penalties, or cost of audit hereinafter provided, and it becomes necessary to bring suit or to intervene in any manner for the establishment or collection of said claims, in any judicial proceedings, any report filed in the office of the director by the distributor, manufacturer, or other person, or the distributor's, manufacturer's, or other person's representative, or a copy thereof, certified to by the director, showing the number of cigarettes sold by the distributor, the distributor's representative, the manufacturer, or the other person, upon which a tax, penalty, or cost of audit has not been paid, or any audit made by the department from the books or records of the distributor, manufacturer, or other person when signed and sworn to by the agent of the department making the audit as being made from the records of the distributor, manufacturer, or other person from or to whom the distributor, manufacturer, or other person has bought, received, or delivered cigarettes, whether from a transportation company or otherwise, such report or audit shall be admissible in evidence in such proceedings and shall be prima facie evidence of the contents thereof. However, the incorrectness of the report or audit may be shown.

7. The director may require by rule that reports required to be made under this subchapter be filed by electronic transmission.

453A.16 Manufacturer's permit.
The department may, upon application of any manufacturer, issue without charge to the manufacturer a manufacturer's permit. The application shall contain information as the director shall prescribe. The holder of a manufacturer's permit is authorized to purchase stamps from the department, and must affix stamps to individual packages of cigarettes outside of this state, prior to their shipment into the state unless the cigarettes are shipped to an Iowa permitted distributor or an Iowa permitted distributor's agent.

453A.17 Distributing agent's permit.
1. Every distributing agent in the state, now engaged, or who desires to become engaged, in the business of storing unstamped cigarettes which are received in interstate commerce for distribution or delivery only upon order received from without the state or to be sold outside the state, shall file with the department, an application for a distributing agent's permit, on a form prescribed by the director, to be furnished upon written request. The failure to furnish shall be no excuse for the failure to file the same unless an absolute refusal is shown. Said form shall set forth the name under which such distributing agent transacts or intends to transact such business as a distributing agent, the principal office and place of business in Iowa to which the permit is to apply, and if other than an individual, the principal officers or members thereof and their addresses. The director may require any
other information in said application. No distributing agent shall engage in such business until such application has been filed and fee in the sum of one hundred dollars paid for the permit and until the permit has been obtained. Such permit shall expire on June 30 following the date of issuance. All of the provisions of the last two paragraphs of section 453A.14, relative to bonds, are incorporated herein and by this reference made applicable to distributing agents. Upon failure to furnish adequate bond as required, the permit shall be revoked without hearing. An application shall be filed and a permit obtained for each place of business owned or operated by a distributing agent.

2. Upon receipt of the application, bond and permit fee, the department may issue to every distributing agent for the place of business designated a nonassignable consecutively numbered permit, authorizing the storing, and distribution of unstamped cigarettes within this state when the distribution is made upon interstate orders only. A distributing agent may also transport unstamped cigarettes in the agent’s own conveyances to the state boundary for distribution outside the state, and any nonresident customer of the distributor may purchase and convey unstamped cigarettes to the state line for distribution outside the state. The nonresident purchaser shall have in possession an invoice evidencing the purchase of the unstamped cigarettes, which must be exhibited upon request to any peace officer or agent charged with the enforcement of this subchapter.

3. Cigarettes set aside for interstate business must be kept separate from intrastate stock and those not so kept shall be considered as intrastate stock and subject to the same requirements as cigarettes possessed for the purpose of a “first sale”.

4. It is unlawful for any distributing agent to sell at retail cigarettes from automobiles, trucks, or any similar conveyances.

453A.18 Forms for records and reports.
The department shall furnish or make available in electronic form, without charge, to holders of the various permits, forms in sufficient quantities to enable permit holders to make the reports required to be made under this subchapter. The permit holders shall furnish at their own expense the books, records, and invoices, required to be used and kept, but the books, records, and invoices shall be in exact conformity to the forms prescribed for that purpose by the director, and shall be kept and used in the manner prescribed by the director. However, the director may, by express order in certain cases, authorize permit holders to keep their records in a manner and upon forms other than those prescribed. The authorization may be revoked at any time.

453A.19 Examination of records and premises.
1. For the purpose of enabling the department to determine the tax liability of permit holders or any other person dealing in cigarettes or to determine whether a tax liability has been incurred, the department shall have the right to inspect any premises of the holder of an Iowa permit located within or without the state of Iowa where cigarettes are manufactured, produced, made, stored, transported, sold, or offered for sale or exchange, and to examine all of the records required to be kept or any other records that may be kept incident to the conduct of the cigarette business of said permit holder or any other person dealing in cigarettes.

2. The said authorized officers shall also have the right as an incident to determining the said tax liability, or whether a tax liability has been incurred, to examine all stocks of cigarettes and cigarette stamps and for the foregoing purpose said authorized officers shall also have the right to remain upon said premises for such length of time as may be necessary to fully determine said tax liability, or whether a tax liability has been incurred.

3. It shall be unlawful for any of the foregoing permit holders to fail to produce upon
demand of the department any records required herein to be kept or to hinder or prevent in any manner the inspection of said records or the examination of said premises.

4. In the case of any departmental inspection conducted under this section requiring department personnel to travel outside the state of Iowa, any additional costs incurred by the department for out-of-state travel expenses shall be borne by the permittee. These additional costs shall be those costs in excess of the costs of a similar inspection conducted at the geographical point located within the state of Iowa nearest to the out-of-state inspection point. In lieu of conducting an on premises out-of-state inspection, the department shall have the authority to direct the permittee to assemble and transport all records described in subsection 1, to the nearest practical and convenient geographical location in Iowa for inspection by the department.

453A.20 Subpoena for witnesses and papers.

For the purpose of enforcing the provisions of this chapter and of detecting violations thereof, the director shall have the power to administer oaths and to require by subpoena the attendance and testimony of witnesses and the production of all relevant books, papers, and records. Such attendance and production may be required at the statehouse at Des Moines, or at any place convenient for such investigation. In case any person fails or refuses to obey a subpoena so issued, the director may procure an order from the district court in the county where such person resides, or where such person is found, requiring such person to appear for examination and/or to produce such books, papers, and records as are required in the subpoena. Failure to obey such order shall be punished by such court as contempt thereof.

453A.21 Cigarettes retailer may not sell.

Unless a retail permit holder shall also hold a state permit, it shall be unlawful for a retailer to sell or have in the retailer’s possession cigarettes upon which the stamp tax has not been affixed.

[C39, §1556.16; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §98.21] C93, §453A.22

453A.22 Revocation — suspension — civil penalty.

1. If a person holding a permit issued by the department under this subchapter, including a retailer permit for railway car, has willfully violated section 453A.2, the department shall revoke the permit upon notice and hearing. If the person violates any other provision of this subchapter, or a rule adopted under this subchapter, or is substantially delinquent in the payment of a tax administered by the department or the interest or penalty on the tax, or if the person is a corporation and if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax of the permit-holding corporation, or interest or penalty on the tax, administered by the department, the department may revoke the permit issued to the person, after giving the permit holder an opportunity to be heard upon ten days’ written notice stating the reason for the contemplated revocation and the time and place at which the person may appear and be heard. The hearing before the department may be held at a site in the state as the department may direct. The notice shall be given by mailing a copy to the permit holder’s place of business as it appears on the application for a permit. If, upon hearing, the department finds that the violation has occurred, the department may revoke the permit.

2. If a retailer or employee of a retailer has violated section 453A.2 or section 453A.36, subsection 6, the department or local authority, or the alcoholic beverages division of the department of commerce following transfer of the matter to the alcoholic beverages division of the department of commerce pursuant to section 453A.2, subsection 6, in addition to the other penalties fixed for such violations in this section, shall assess a penalty upon the same hearing and notice as prescribed in subsection 1 as follows:
a. For a first violation, the retailer shall be assessed a civil penalty in the amount of three hundred dollars. Failure to pay the civil penalty as ordered under this subsection shall result in automatic suspension of the permit for a period of fourteen days.

b. For a second violation within a period of two years, the retailer shall be assessed a civil penalty in the amount of one thousand five hundred dollars or the retailer’s permit shall be suspended for a period of thirty days. The retailer may select its preference in the penalty to be applied under this paragraph.

c. For a third violation within a period of three years, the retailer shall be assessed a civil penalty in the amount of one thousand five hundred dollars and the retailer’s permit shall be suspended for a period of thirty days.

d. For a fourth violation within a period of three years, the retailer shall be assessed a civil penalty in the amount of one thousand five hundred dollars and the retailer’s permit shall be suspended for a period of sixty days.

e. For a fifth violation within a period of four years, the retailer’s permit shall be revoked.

3. If an employee of a retailer violates section 453A.2, subsection 1, the retailer shall not be assessed a penalty under subsection 2, and the violation shall be deemed not to be a violation of section 453A.2, subsection 1, for the purpose of determining the number of violations for which a penalty may be assessed pursuant to subsection 2, if the employee holds a valid certificate of completion of the tobacco compliance employee training program pursuant to section 453A.5 at the time of the violation. A retailer may assert only once in a four-year period the bar under this subsection against assessment of a penalty pursuant to subsection 2, for a violation of section 453A.2, that takes place at the same place of business location.

4. Reserved.

5. If a permit is revoked a new permit shall not be issued to the permit holder for any place of business, or to any other person for the place of business at which the violation occurred, until one year has expired from the date of revocation, unless good cause to the contrary is shown to the issuing authority.

6. Notwithstanding subsection 5, if a retail permit is suspended or revoked under this section, the suspension or revocation shall only apply to the place of business at which the violation occurred and shall not apply to any other place of business to which the retail permit applies but at which the violation did not occur.

7. The department or local authority shall report the suspension or revocation of a retail permit under this section to the alcoholic beverages division of the department of commerce within thirty days of the suspension or revocation of the retail permit.

8. For the purposes of this section, “retailer” means retailer as defined in sections 453A.1 and 453A.42 and “retail permit” includes permits issued to retailers under subchapter I or subchapter II of this chapter.

453A.23 Retailer’s permit for railway car.

1. Subject to this subchapter, a retailer’s permit may be issued by the department to any dining car company, sleeping car company, railroad or railway company. The permit shall authorize the holder to keep for sale, and sell, cigarettes at retail on any dining car, sleeping car, or passenger car operated by the applicant in, through, or across the state of Iowa, subject to all of the restrictions imposed upon retailers under this subchapter. The application for the permit shall be in the form and contain the information required by the director. Each permit is good throughout the state. Only one permit is required for all cars operated in this state by the applicant, but a duplicate of the permit shall be posted in each car in which cigarettes are sold and no further permit shall be required or tax levied for the privilege of selling cigarettes in the cars. No cigarettes shall be sold in the cars without having affixed thereto stamps evidencing the payment of the tax as provided in this subchapter.
2. As a condition precedent to the issuing of a retailer’s permit for railway car, the applicant shall file with the department a bond in favor of the state for the benefit of all parties interested in the amount of five hundred dollars conditioned upon the payment of all taxes, fines and penalties and costs in this subchapter.

3. The annual fee for a retailer’s permit for railway cars shall be twenty-five dollars and two dollars for each duplicate thereof, which fee shall be paid to the department. The department shall issue duplicates of such permits from time to time as applied for by such companies.

4. The provisions of subsections 1 and 5 of section 453A.22 shall apply to the revocation of such permit and the issuance of a new one.

453A.24 Carrier to permit access to records.

1. Every common carrier or person in this state having custody of books or records showing the transportation of cigarettes both interstate and intrastate shall give and allow the department free access to those books and records.

2. The director may require by rule that common carriers or the appropriate persons provide monthly reports to the department detailing all information the department deems necessary on shipments into and out of Iowa of cigarettes and tobacco products as set forth in this subchapter I and subchapter II of this chapter. The director may require by rule that the reports be filed by electronic transmission.

453A.25 Administration.

1. The director shall administer the provisions of this chapter, and shall collect, supervise, and enforce the collection of all taxes and penalties that may be due under the provisions of this chapter.

2. The director may make and publish rules, not inconsistent with this chapter, necessary and advisable for its detailed administration, enforce the provisions thereof, and collect the taxes and fees herein imposed. The director may promulgate rules hereunder providing for the refund on stamps which by reason of damage become unfit for sale or use.

3. The director may designate employees to administer and enforce the provisions of this chapter, including the collection of all taxes provided for in this chapter. In the enforcement, the director may request aid from the attorney general, the special agents of the state, any county attorney, or any peace officer. The director may appoint clerks and additional help as may be needed to administer this chapter.

$453A.28 Assessment of tax by department — interest — penalty.
1. If after any audit, examination of records, or other investigation the department finds that any person has sold cigarettes without stamps affixed or that any person responsible for paying the tax has not done so as required by this subchapter, the department shall fix and determine the amount of tax due, and shall assess the tax against the person, together with a penalty as provided in section 421.27. The taxpayer shall pay interest on the tax or additional tax at the rate determined under section 421.7 counting each fraction of a month as an entire month, computed from the date the tax was due. If any person fails to furnish evidence satisfactory to the director showing purchases of sufficient stamps to stamp unstamped cigarettes purchased by the person, the presumption shall be that the cigarettes were sold without the proper stamps affixed. Within three years after the report is filed or within three years after the report became due, whichever is later, the department shall examine the report and determine the correct amount of tax. The period for examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent report made with the intent to evade tax, or in the case of a failure to file a report, or if a person purchases or is in possession of unstamped cigarettes.

2. The three-year period of limitation may be extended by a taxpayer by signing a waiver agreement form to be provided by the department. The agreement must stipulate the period of extension and the tax period to which the extension applies. The agreement must also provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

The department shall notify any person assessed pursuant to section 453A.28 by sending a written notice of the determination by mail to the principal place of business of the person as shown on the person's application for permit, and if an application was not filed by the person, to the person's last known address. A determination by the department of the amount of tax, penalty, and interest due, or the amount of refund for excess tax paid, is final, unless the person aggrieved by the determination appeals to the director for a revision of the determination within sixty days from the date of the notice of determination of tax, penalty, and interest or refund owing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. The director shall grant a hearing and upon the hearing, the director shall determine the correct tax, penalty, and interest or refund due and notify the appellant of the decision by mail. Judicial review of action of the director may be sought in accordance with the Iowa administrative procedure Act, chapter 17A, and section 422.29.

453A.31 Civil penalty for certain violations.

1. If a permit holder fails to keep any of the records required to be kept by the provisions of this subchapter, or sells cigarettes upon which a tax is required to be paid by this subchapter without at the time having a valid permit, or if a distributor, wholesaler, manufacturer, or distributing agent fails to make reports to the department as required, or makes a false or incomplete report to the department, or if a distributing agent stores unstamped cigarettes in the state or distributes or delivers unstamped cigarettes within this state without at the time of storage or delivery having a valid permit, or if a person purchases or is in possession of unstamped cigarettes, or if a person affected by this subchapter fails or refuses to abide by any of its provisions or the rules adopted under this subchapter, the person is civilly liable to the state for a penalty as follows:

a. For possession of unstamped cigarettes:

(1) A two hundred dollar penalty for the first violation if a person is in possession of more than forty but not more than four hundred unstamped cigarettes.

(2) A five hundred dollar penalty for the first violation if a person is in possession of more than four hundred but not more than two thousand unstamped cigarettes.

(3) A twenty-five dollar per pack penalty for the first violation if a person is in possession of more than two thousand unstamped cigarettes.

(4) For a second violation within three years of the first violation, the penalty is four hundred dollars if a person is in possession of more than forty but not more than four hundred unstamped cigarettes; one thousand dollars if a person is in possession of more than four hundred but not more than two thousand unstamped cigarettes; and thirty-five dollars per pack if a person is in possession of more than two thousand unstamped cigarettes.

(5) For a third or subsequent violation within three years of the first violation, the penalty is six hundred dollars if a person is in possession of more than forty but not more than four hundred unstamped cigarettes; one thousand five hundred dollars if a person is in possession of more than four hundred but not more than two thousand unstamped cigarettes; and forty-five dollars per pack if a person is in possession of more than two thousand unstamped cigarettes.

b. For all other violations of this section:

(1) A two hundred dollar penalty for the first violation.

(2) A five hundred dollar penalty for a second violation within three years of the first violation.

(3) A one thousand dollar penalty for a third or subsequent violation within three years of the first violation.

2. The penalty imposed under this section shall be assessed and collected pursuant to section 453A.28 and is in addition to the tax, penalty, and interest imposed in that section.

3. If a cigarette distributor fails to file a return or to report timely, stamps shall not be provided to that cigarette distributor until all returns and reports are filed properly and all tax, penalties, and interest are paid.

453A.32 Seizure and forfeiture — procedure.

1. All cigarettes on which taxes are imposed or required to be imposed by this subchapter, which are found in the possession or custody, or within the control of any person, for the purpose of being sold, distributed, or removed by the person in violation of this subchapter, and all cigarettes which are removed, stored, transported, deposited, or concealed in any place without the proper taxes paid, and any automobile, truck, boat, conveyance, or other vehicle whatsoever, used in the removal, storage, deposit, concealment, or transportation of cigarettes for the purpose of avoiding the payment of the proper tax, and all equipment or other tangible personal property incident to and used for the purpose of avoiding the payment of the proper tax, found in the place, building, or vehicle where cigarettes are found, and all counterfeit cigarettes may be seized by the department, with or without process and shall be from the time of the seizure forfeited to the state of Iowa. A proceeding in the nature of a proceeding in rem shall be filed in a court of competent jurisdiction in the county of seizure to maintain the seizure and declare and perfect the forfeiture. All cigarettes, counterfeit cigarettes, vehicles, and property seized, remaining in the possession or custody of the department, sheriff or other officer for forfeiture or other disposition as provided by law, are not subject to replevin.

2. The department, when taking the seizure aforesaid, shall immediately make a written report thereof showing the name of the agent or representative making the seizure, the place and person where and from whom such property was seized and an inventory of same and appraisement thereof at the reasonable value of the article seized, which report shall be prepared in duplicate, signed by the agent or representative so seizing, the original of which shall be given to the person from whom said property is taken, and a duplicate copy of which shall be filed in the office of the director and shall be open to public inspection.

3. The county attorney of the county of seizure, shall, at the request of the director, file in the county and court aforesaid forfeiture proceeding in the name of the state as plaintiff, and in the name of the owner or person in possession as defendant, if known, and if unknown, then in the name of said property seized and sought to be forfeited. Upon the filing of said proceeding, the clerk of said court shall issue notice to the owner or person in possession of such property to appear before such court upon the date named therein, which shall not be less than two days from service of such notice, to show cause why the forfeiture aforesaid should not be declared, which notice shall be served by the sheriff of said county. In the event the defendant in said proceeding is a nonresident of the state or the defendant’s residence is unknown, or in the event the name of such defendant is unknown, upon affidavit by the director to this effect, notice shall be given as ordered by the court.

4. In the event final judgment is rendered in the forfeiture proceedings aforesaid, maintaining the seizure, and declaring and perfecting the forfeiture of said seized property, the court shall order and decree the sale of the seized property, other than the counterfeit cigarettes, to the highest bidder, by the sheriff at public auction in the county of seizure after notice is given in the manner provided in the case of the sale of personal property under execution, and the proceeds of such sale, less expense of seizure and court costs, shall be paid into the state treasury. Counterfeit cigarettes shall be destroyed or disposed of in a manner determined by the director.

5. In the event the cigarettes seized and sought to be sold upon forfeiture are unstamped, the cigarettes shall be sold by the director or the director’s designee to the highest bidder among the permitted distributors in this state after written notice has been mailed to all distributors. If there is no bidder, or in the opinion of the director the quantity of cigarettes to be sold is insufficient or for any other reason such disposition of the cigarettes is impractical, the cigarettes shall be destroyed or disposed of in a manner as determined by the director. The proceeds from the sales shall be paid into the state treasury.

6. The provisions of this section applying to cigarettes shall also apply to tobacco products taxed under subchapter II of this chapter.

1. With the exception of revenues credited to the health care trust fund pursuant to paragraph "b", the proceeds derived from the sale of stamps and the payment of fees and penalties provided for under this chapter, and the permit fees received from all permits issued by the department, shall be credited to the general fund of the state.
   b. The revenues generated from the tax on cigarettes pursuant to section 453A.6, subsection 1, and from the tax on tobacco products as specified in section 453A.43, subsections 1, 2, 3, and 4, shall be credited to the health care trust fund created in section 453A.35A.
2. All permit fees provided for in this chapter and collected by cities in the issuance of permits granted by the cities shall be paid to the treasurer of the city where the permit is effective, or to another city officer as designated by the council, and credited to the general fund of the city. Permit fees so collected by counties shall be paid to the county treasurer.

453A.35A Health care trust fund.
1. A health care trust fund is created in the office of the treasurer of state. The fund consists of the revenues generated from the tax on cigarettes pursuant to section 453A.6, subsection 1, and from the tax on tobacco products as specified in section 453A.43, subsections 1, 2, 3, and 4, that are credited to the health care trust fund, annually, pursuant to section 453A.35. Moneys in the fund shall be separate from the general fund of the state and shall not be considered part of the general fund of the state. However, the fund shall be considered a special account for the purposes of section 8.53 relating to generally accepted accounting principles. Moneys in the fund shall be used only as specified in this section and shall be appropriated only for the uses specified. Moneys in the fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered, except as provided in this section. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the fund shall be credited to the fund.
2. Moneys in the fund shall be used only for purposes related to health care, substance abuse treatment and prevention, and tobacco use prevention, cessation, and control.

453A.36 Unlawful acts.

1. Except as otherwise provided in this subchapter, it is unlawful for any person to have in the person’s possession for sale, distribution, or use, or for any other purpose, in excess of forty cigarettes, or to sell, distribute, use, or present as a gift or prize cigarettes upon which a tax is required to be paid by this subchapter, without having affixed to each individual package of cigarettes, the proper stamp evidencing the payment of the tax and the absence of the stamp on the individual package of cigarettes is notice to all persons that the tax has not been paid and is prima facie evidence of the nonpayment of the tax.

2. No person, other than a common carrier and a distributor’s truck bearing the distributor’s name and permit number in plain view on the outside of such truck, shall transport within this state cigarettes upon which a tax is required to be paid, without having stamps affixed to each individual package of said cigarettes; and no person shall fail or refuse, upon demand of agent of the department, or any peace officer to stop any vehicle transporting cigarettes for a full and complete inspection of the cargo carried.

3. No person shall use, sell, offer for sale, or possess for the purpose of use or sale, within this state, any previously used stamp or stamps, or attach any such previously used stamps to an individual package of cigarettes, nor shall any person purchase stamps from any person other than the department or sell stamps purchased from the department.

4. No person shall knowingly use, consume, or smoke, within this state, cigarettes upon which a tax is required to be paid, without said tax having been paid.

5. No person, unless the person be the holder of a permit, or the holder’s representative, shall solicit the sale of cigarettes, provided that this section shall not prevent solicitation by a nonpermit holder for the sale of cigarettes to any state permit holder.

6. Any sales of tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes made through a cigarette vending machine are subject to rules and penalties relative to retail sales of tobacco, tobacco products, alternative nicotine products, vapor products, and cigarettes provided for in this chapter. Cigarettes shall not be sold through any cigarette vending machine unless the cigarettes have been properly stamped or metered as provided by this subchapter, and in case of violation of this provision, the permit of the dealer authorizing retail sales of cigarettes shall be revoked. Payment of the permit fee as provided in section 453A.13 authorizes a cigarette vendor to sell tobacco, tobacco products, alternative nicotine products, vapor products, and cigarettes through vending machines. However, tobacco, tobacco products, alternative nicotine products, vapor products, and cigarettes shall not be sold through a vending machine unless the vending machine is located in a place where the retailer ensures that no person younger than eighteen years of age is present or permitted to enter at any time. Tobacco, tobacco products, alternative nicotine products, vapor products, and cigarettes shall not be sold through any cigarette vending machine if such products are placed together with any nontobacco product, other than matches, in the cigarette vending machine. This section does not require a retail permit holder to buy a cigarette vendor’s permit if the retail permit holder is in fact the owner of the cigarette vending machines and the machines are operated in the location described in the retail permit.

7. a. It shall be unlawful for a person other than a retailer as defined in section 453A.1 or 453A.42 who holds a valid retail permit, as applicable, to sell tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes at retail.

b. A state permit holder shall not sell or distribute cigarettes at wholesale to any person in the state of Iowa who does not hold a permit authorizing the retail sale of cigarettes or who does not hold a state permit as a manufacturer, distributing agent, wholesaler, or distributor.

8. It shall be unlawful for a holder of a retail permit to sell or distribute any cigarettes or tobacco products, including but not limited to a single or loose cigarette, that are not
contained within a sealed carton, pack, or package as provided by the manufacturer, which carton, pack, or package bears the health warning that is required by federal law.

9. It is unlawful for a person to ship or import into the state, or to offer for sale, sell, distribute, transport, or possess within this state, cigarettes or tobacco products previously exported from or manufactured for use outside the United States.

10. a. It is unlawful for a person to ship or import into this state or to offer for sale, sell, distribute, transport, or possess counterfeit cigarettes, knowing such cigarettes are counterfeit cigarettes or having reasonable cause to believe that such cigarettes are counterfeit cigarettes.

b. For purposes of this subsection and section 453A.32, “counterfeit cigarettes” means cigarettes, packages of cigarettes, cartons of cigarettes or other containers of cigarettes with a label, trademark, service mark, trade name, device, design, or word adopted or used by a cigarette manufacturer to identify its product that is false or used without authority of the cigarette manufacturer.

11. Violation of this section by the holder of a retailer’s, distributor’s, wholesaler’s, or manufacturer’s permit shall be grounds for the revocation of such permit.

453A.39 Tobacco, tobacco products, alternative nicotine products, vapor products, and cigarette samples — restrictions — administration.

1. A manufacturer, distributor, wholesaler, retailer, or distributing agent, or agent thereof, shall not give away cigarettes or tobacco products at any time in connection with the
manufacturer’s, distributor’s, wholesaler’s, retailer’s, or distributing agent’s business or for promotion of the business or product, except as provided in subsection 2.

2. a. All cigarette samples shall be shipped only to a distributor that has a permit to stamp cigarettes or little cigars with Iowa tax. All cigarette samples must have a cigarette stamp. The manufacturer shipping samples under this section shall send an affidavit to the director stating the shipment information, including the date shipped, quantity, and to whom the samples were shipped. The distributor receiving the shipment shall send an affidavit to the director stating the shipment information, including the date shipped, quantity, and from whom the samples were shipped. These affidavits shall be duly notarized and submitted to the director at the time of shipment and receipt of the samples. The distributor shall pay the tax on samples by separate remittance along with the affidavit.

    b. A manufacturer, distributor, wholesaler, retailer, or distributing agent or agent thereof shall not give away any tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes to any person under eighteen years of age, or within five hundred feet of any playground, school, high school, or other facility when such facility is being used primarily by persons under age eighteen for recreational, educational, or other purposes.

    c. Proof of age shall be required if a reasonable person could conclude on the basis of outward appearance that a prospective recipient of a sample may be under eighteen years of age.

453A.40 Inventory tax.

1. All persons required to obtain a permit or to be licensed under section 453A.13 or section 453A.44 having in their possession and held for resale on the effective date of an increase in the tax rate cigarettes, little cigars, or tobacco products upon which the tax under section 453A.6 or 453A.43 has been paid, unused cigarette tax stamps which have been paid for under section 453A.8, unused metered imprints which have been paid for under section 453A.12, or tobacco products for which the tax has not been paid under section 453A.46 shall be subject to an inventory tax on the items as provided in this section.

2. Persons subject to the inventory tax imposed under this section shall take an inventory as of the close of the business day next preceding the effective date of the increased tax rate of those items subject to the inventory tax for the purpose of determining the tax due. These persons shall report the tax on forms provided by the department of revenue and remit the tax due within thirty days of the prescribed inventory date. The department of revenue shall adopt rules as are necessary to carry out this section.

3. The rate of the inventory tax on each item subject to the tax as specified in subsection 1 is equal to the difference between the amount paid on each item under section 453A.6, 453A.8, 453A.12, or 453A.43 prior to the tax increase and the amount that is to be paid on each similar item under section 453A.6, 453A.8, 453A.12, or 453A.43 after the tax increase except that in computing the rate of the inventory tax any discount allowed or allowable under section 453A.8 shall not be considered.

CIGARS, OTHER TOBACCO PRODUCTS, AND ALTERNATIVE NICOTINE AND VAPOR PRODUCTS

Referred to in §453A.22, 453A.24, 453A.32

§453A.42 Definitions.
When used in this subchapter, unless the context clearly indicates otherwise, the following terms shall have the meanings, respectively, ascribed to them in this section:

1. “Business” means any trade, occupation, activity, or enterprise engaged in for the purpose of selling or distributing tobacco products in this state.

2. “Consumer” means any person who has title to or possession of tobacco products in storage, for use or other consumption in this state.

3. “Delivery sale” means any sale of an alternative nicotine product or a vapor product to a purchaser in this state where the purchaser submits the order for such sale by means of a telephonic or other method of voice transmission, mail or any other delivery service, or the internet or other online service and the alternative nicotine product or vapor product is delivered by use of mail or a delivery service. The sale of an alternative nicotine product or vapor product shall constitute a delivery sale regardless of whether the seller is located in this state. “Delivery sale” does not include a sale to a distributor or retailer of any alternative nicotine product or vapor product not for personal consumption.

4. “Director” means the director of the department of revenue.

5. “Distributor” means any and each of the following:
   a. Any person engaged in the business of selling tobacco products in this state who brings, or causes to be brought, into this state from without the state any tobacco products for sale;
   b. Any person who makes, manufactures, or fabricates tobacco products in this state for sale in this state;
   c. Any person engaged in the business of selling tobacco products without this state who ships or transports tobacco products to retailers in this state, to be sold by those retailers.

6. “Little cigar” means any roll for smoking which:
   a. Is made wholly or in part of tobacco, irrespective of size or shape and irrespective of tobacco being flavored, adulterated, or mixed with any other ingredient;
   b. Is not a cigarette as defined in section 453A.1, subsection 4; and
   c. Either weighs not more than three pounds per thousand, irrespective of retail price, or weighs more than three pounds per thousand and has a retail price of not more than two and one-half cents per little cigar. For purposes of this subsection, the retail price is the ordinary retail price in this state, not including retail sales tax, use tax, or the tax on little cigars imposed by section 453A.43.

7. “Manufacturer” means a person who manufactures and sells tobacco products.

8. “Person” means any individual, firm, association, partnership, joint stock company, joint adventure, corporation, trustee, agency, or receiver, or any legal representative of any of the foregoing.

9. “Place of business” means any place where tobacco products are sold or where tobacco products are manufactured, stored, or kept for the purpose of sale or consumption, including any vessel, vehicle, airplane, train, or vending machine; or for a business within or without the state that conducts delivery sales, any place where alternative nicotine products or vapor products are sold or where alternative nicotine products or vapor products are kept for the purpose of sale, including delivery sales.

10. “Retail outlet” means each place of business from which tobacco products are sold to consumers.

11. “Retailer” means any person engaged in the business of selling tobacco, tobacco products, alternative nicotine products, or vapor products to ultimate consumers.

12. “Sale” means any transfer, exchange, or barter, in any manner or by any means whatsoever, for a consideration, and includes and means all sales made by any person. It includes a gift by a person engaged in the business of selling tobacco products, for
advertising, as a means of evading the provisions of this subchapter, or for any other purposes whatsoever.

13. “Snuff” means any finely cut, ground, or powdered tobacco that is not intended to be smoked.

14. “Storage” means any keeping or retention of tobacco products for use or consumption in this state.

15. “Subjobber” means any person, other than a manufacturer or distributor, who buys tobacco products from a distributor and sells them to persons other than the ultimate consumers.

16. “Tobacco products” means cigars; little cigars as defined herein; cheroots; stogies; periques; granulated, plug cut, crimp cut, ready rubbed, and other smoking tobacco; snuff; cavendish; plug and twist tobacco; fine-cut and other chewing tobaccos; shorts; refuse scraps, clippings, cuttings and sweepings of tobacco, and other kinds and forms of tobacco, prepared in such manner as to be suitable for chewing or smoking in a pipe or otherwise, or both for chewing and smoking; but shall not include cigarettes as defined in section 453A.1, subsection 4.

17. “Use” means the exercise of any right or power incidental to the ownership of tobacco products.

18. “Wholesale sales price” means the established price for which a manufacturer sells a tobacco product to a distributor, exclusive of any discount or other reduction.

453A.43 Tax on tobacco products.

1. A tax is imposed upon all tobacco products in this state and upon any person engaged in business as a distributor of tobacco products, at the rate of twenty-two percent of the wholesale sales price of the tobacco products, except little cigars and snuff as defined in section 453A.42.

b. In addition to the tax imposed under paragraph “a”, a tax is imposed upon all tobacco products in this state and upon any person engaged in business as a distributor of tobacco products, at the rate of twenty-eight percent of the wholesale sales price of the tobacco products, except little cigars and snuff as defined in section 453A.42.

2. a. A tax is imposed upon the use or storage by consumers of tobacco products in this state, and upon the consumers, at the rate of twenty-two percent of the cost of the tobacco products.

b. In addition to the tax imposed in paragraph “a”, a tax is imposed upon the use or storage by consumers of tobacco products in this state, and upon the consumers, at a rate of twenty-eight percent of the cost of the tobacco products.
c. Notwithstanding the rate of tax imposed pursuant to paragraphs "a" and "b", if the tobacco product is a cigar, the total amount of the tax imposed pursuant to paragraphs "a" and "b" combined shall not exceed fifty cents per cigar.

d. The taxes imposed by this subsection shall not apply if the taxes imposed by subsection 1 on the tobacco products have been paid.

e. The taxes imposed under this subsection shall not apply to the use or storage of tobacco products in quantities of:
   (1) Less than twenty-five cigars.
   (2) Less than one pound smoking or chewing tobacco or other tobacco products not specifically mentioned herein, in the possession of any one consumer.

3. A tax is imposed upon all snuff in this state and upon any person engaged in business as a distributor of snuff at the rate of one dollar and nineteen cents per ounce, with a proportionate tax at the same rate on all fractional parts of an ounce of snuff. The tax shall be computed based on the net weight listed by the manufacturer. The tax on snuff shall be imposed at the time the distributor does any of the following:
   a. Brings or causes to be brought into this state from outside the state, snuff for sale.
   b. Makes, manufactures, or fabricates snuff in this state for sale in this state.
   c. Ships or transports snuff to retailers in this state, to be sold by those retailers.

4. a. A tax is imposed upon the use or storage by consumers of snuff in this state, and upon the consumers, at the rate of one dollar and nineteen cents per ounce with a proportionate tax at the same rate on all fractional parts of an ounce of snuff. The tax shall be computed based on the net weight as listed by the manufacturer.
   b. The tax imposed by this subsection shall not apply if the tax imposed by subsection 3 on snuff has been paid.
   c. The tax shall not apply to the use or storage of snuff in quantities of less than ten ounces.

5. Any tobacco product with respect to which a tax has once been imposed under this subchapter shall not again be subject to tax under this subchapter, except as provided in section 453A.40.

6. The tax imposed by this section shall not apply with respect to any tobacco product which under the Constitution and laws of the United States may not be made the subject of taxation by this state.

7. The tax imposed by this section shall be in addition to all other occupation or privilege taxes or license fees now or hereafter imposed by any city or county.

8. All excise taxes collected under this chapter by a distributor or any individual are deemed to be held in trust for the state of Iowa.

453A.44 Licenses — distributors, subjobbers.

1. No person shall engage in the business of a distributor or subjobber of tobacco products at any place of business without first having received a license from the director to engage in that business at that place of business.

2. Every application for such a license shall be made on a form prescribed by the director and shall state the name and address of the applicant; if the applicant is a firm, partnership, or association, the name and address of each of its members; if the applicant is a corporation, the name and address of each of its officers; the address of its principal place of business; the place where the business to be licensed is to be conducted; and such other information as the director may require for the purpose of the administration of this subchapter.

3. A person without this state who ships or transports tobacco products to retailers in this state, to be sold by those retailers, may make application for a license as a distributor,
be granted a license by the director, and thereafter be subject to all the provisions of this subchapter and entitled to act as a licensed distributor.

4. a. Each application for a distributor’s license shall be accompanied by a fee of one hundred dollars, except that an applicant holding a permit pursuant to subchapter I of this chapter shall not be required to pay an additional fee. The application shall be accompanied by a corporate surety bond issued by a surety licensed to do business in this state, in the sum of one thousand dollars, conditioned upon the true and faithful compliance by the distributor with all the provisions of this subchapter and the payment when due of all taxes, penalties and accrued interest arising in the ordinary course of business or by reason of any delinquent money which may be due the state of Iowa. This bond shall be in a form to be fixed by the director and approved by the attorney general. Whenever it is the opinion of the director that the bond given by a licensee is inadequate in amount to fully protect the state, the director shall require either an increase in the amount of said bond or additional bond, in such amount as the director deems sufficient. Any bond required by this subchapter, or a reissue thereof, or a substitute therefor, shall be kept in full force and effect during the entire period covered by the license.

b. A separate application for license shall be made for each place of business where a distributor proposes to engage in business as such under this subchapter.

c. Each application for a subjobber’s license shall be accompanied by a fee of ten dollars, except that no applicant holding a permit pursuant to subchapter I of this chapter shall be required to pay an additional fee.

6. A distributor or subjobber applying for a license between January 1 and June 30 of any year shall be required to pay only one-half of the license fee provided for herein.

7. The director, upon receipt of the application, and bond in the case of the distributor, in proper form, and payment of the license fee required by subsection 4 or subsection 5, shall unless otherwise provided by this subchapter, issue the applicant a license in form as prescribed by the director, which license shall permit the applicant to whom it is issued to engage in business as a distributor or subjobber at the place of business shown in the application. The director shall assign a permit number to each person licensed as a distributor at the time of issuance of the person’s first license, which shall be inscribed upon all licenses issued to that distributor.

8. Each license shall expire on June 30 following its date of issue unless sooner revoked by the director or unless the business with respect to which the license was issued is transferred. In either case the holder of the license shall immediately surrender it to the director.

9. No license shall be transferable to any other person.

10. The director may revoke, cancel, or suspend the license or licenses of any distributor or subjobber for violation of any of the provisions of this subchapter, or any other act applicable to the sale of tobacco products, or any rule or regulations promulgated by the director in furtherance of this subchapter. No license shall be revoked, canceled, or suspended except after notice and a hearing by the director as provided in section 453A.48.

11. No license shall be issued under this subchapter to any person within one year of the date of final determination of a revocation of any previous license held by the person.

12. When the surety upon any bond issued pursuant to the provisions of this subchapter shall have fulfilled the conditions of such bond and compensated the state for any loss occasioned by any act or omission of the person bonded under this subchapter, such surety shall be subrogated to all the rights of the state in connection with the transaction wherein such loss occurred.

Referred to in §421.26, 453A.40, 453A.45, 453A.50
Subsection 7 amended
453A.45 Licensees, duties.

1. a. Every distributor shall keep at each licensed place of business complete and accurate records for that place of business, including itemized invoices, of tobacco products held, purchased, manufactured, brought in or caused to be brought in from without the state, or shipped or transported to retailers in this state, and of all sales of tobacco products made, except sales to the ultimate consumer.

   b. When a licensed distributor sells tobacco products exclusively to the ultimate consumer at the address given in the license, an invoice of those sales is not required, but itemized invoices shall be made of all tobacco products transferred to other retail outlets owned or controlled by that licensed distributor. All books, records, and other papers and documents required by this subsection to be kept shall be preserved for a period of at least three years after the date of the documents or the date of the entries appearing in the records, unless the director, in writing, authorized their destruction or disposal at an earlier date. At any time during usual business hours, the director, or the director’s duly authorized agents or employees, may enter any place of business of a distributor, without a search warrant, and inspect the premises, the records required to be kept under this subsection, and the tobacco products contained therein, to determine if all the provisions of this subchapter are being fully complied with. If the director, or any such agent or employee, is denied free access or is hindered or interfered with in making the examination, the license of the distributor at that premises is subject to revocation by the director.

2. Every person who sells tobacco products to persons other than the ultimate consumer shall render with each sale itemized invoices showing the seller’s name and address, the purchaser’s name and address, the date of sale, and all prices and discounts. The person shall preserve legible copies of all these invoices for three years from the date of sale.

3. Every retailer and subjobber shall procure itemized invoices of all tobacco products purchased. The invoices shall show the name and address of the seller and the date of purchase. The retailer and subjobber shall preserve a legible copy of each invoice for three years from the date of purchase. Invoices shall be available for inspection by the director or the director’s authorized agents or employees at the retailer’s or subjobber’s place of business.

4. Records of all deliveries or shipments of tobacco products from any public warehouse of first destination in this state which is subject to the provisions of and licensed under chapter 554 shall be kept by the warehouse and be available to the director for inspection. They shall show the name and address of the consignee, the date, the quantity of tobacco products delivered, and such other information as the commissioner may require. These records shall be preserved for three years from the date of delivery of the tobacco products.

5. a. The transportation of tobacco products into this state by means other than common carrier must be reported to the director within thirty days with the following exceptions:

   (1) The transportation of not more than fifty cigars, not more than ten ounces of snuff or snuff powder, or not more than one pound of smoking or chewing tobacco or other tobacco products not specifically mentioned herein;

   (2) Transportation by a person with a place of business outside the state, who is licensed as a distributor under section 453A.44, or tobacco products sold by such person to a retailer in this state.

   b. The report shall be made on forms provided by the director. The director may require by rule that the report be filed by electronic transmission.

   c. Common carriers transporting tobacco products into this state shall file with the director reports of all such shipments other than those which are delivered to public warehouses of first destination in this state which are licensed under the provisions of chapter 554. Such reports shall be filed on or before the tenth day of each month and shall show with respect to deliveries made in the preceding month all of the following:

   (1) The date.

   (2) The point of origin.

   (3) The point of delivery.

   (4) The name of the consignee.

   (5) A description and the quantity of tobacco products delivered.
§453A.45, CIGARETTE AND TOBACCO TAXES — NICOTINE AND VAPOR PRODUCTS

(6) Such other information as the director may require.

d. Any person who fails or refuses to transmit to the director the required reports or whoever refuses to permit the examination of the records by the director shall be guilty of a serious misdemeanor.

453A.46 Distributors, monthly returns — interest, penalties.

1. a. On or before the twentieth day of each calendar month every distributor with a place of business in this state shall file a return with the director showing for the preceding calendar month the quantity and wholesale sales price of each tobacco product brought, or caused to be brought, into this state for sale; made, manufactured, or fabricated in this state for sale in this state; and any other information the director may require. Every licensed distributor outside this state shall in like manner file a return with the director showing for the preceding calendar month the quantity and wholesale sales price of each tobacco product shipped or transported to retailers in this state to be sold by those retailers and any other information the director may require. Returns shall be made upon forms furnished or made available in electronic form and prescribed by the director and shall contain other information as the director may require. Each return shall be accompanied by a remittance for the full tax liability shown on the return, less a discount as fixed by the director not to exceed five percent of the tax. Within three years after the return is filed or within three years after the return became due, whichever is later, the department shall examine it, determine the correct amount of tax, and assess the tax against the taxpayer for any deficiency. The period for examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax, or in the case of a failure to file a return.

b. The three-year limitation period may be extended by a taxpayer by signing a waiver agreement form provided by the department. The agreement must stipulate the extension period and the tax period to which the extension applies. The agreement must also stipulate that a claim for refund may be filed by the taxpayer at any time during the extension period.

2. a. All taxes shall be due and payable not later than the twentieth day of the month following the calendar month in which they were incurred, and shall bear interest at the rate in effect under section 421.7 counting each fraction of a month as an entire month, computed from the date the tax was due.

b. The director may reduce or abate interest when in the director’s opinion the facts warrant the reduction or abatement. The exercise of this power shall be subject to the approval of the attorney general.

3. In addition to the tax or additional tax, the taxpayer shall also pay a penalty as provided in section 421.27 and be subject to the civil penalties set forth in sections 421.27; 453A.31, subsection 1, paragraph “b”; and 453A.50, subsection 3, as applicable.

4. The department shall notify any person assessed pursuant to this section by sending a written notice of the determination by mail to the principal place of business of the person as shown on the person’s application for permit, and if an application was not filed by the person, to the person’s last known address. A determination by the department of the amount of tax, penalty, and interest due, or the amount of refund for excess tax paid, is final, unless the person aggrieved by the determination appeals to the director for a revision of the determination within sixty days from the date of the notice of determination of tax, penalty, and interest or refund owing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. The director shall grant a hearing and upon the hearing, the director shall determine the correct tax, penalty,
and interest or refund due and notify the appellant of the decision by mail. Judicial review of action of the director may be sought in accordance with chapter 17A and section 422.29.

5. The director may recover the amount of any tax due and unpaid, interest, and any penalty in a civil action. The collection of such a tax, interest, or penalty shall not be a bar to any prosecution under this subchapter.

6. On or before the twentieth day of each calendar month, every consumer who, during the preceding calendar month, has acquired title to or possession of tobacco products for use or storage in this state, upon which tobacco products the tax imposed by section 453A.43 has not been paid, shall file a return with the director showing the quantity of tobacco products so acquired. The return shall be made upon a form furnished and prescribed by the director, and shall contain other information as the director may require. The return shall be accompanied by a remittance for the full unpaid tax liability shown by it. Within three years after the return is filed or within three years after the return became due, whichever is later, the department shall examine it, determine the correct amount of tax, and assess the tax against the taxpayer for any deficiency. The period for examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax, or in the case of a failure to file a return.

7. The director may require by rule that returns be filed by electronic transmission.

453A.47 Refunds, credits.
Where tobacco products upon which the tax imposed by this subchapter has been reported and paid are shipped or transported by the distributor to consumers to be consumed without the state or to retailers or subjobbers without the state to be sold by those retailers or subjobbers without the state or are returned to the manufacturer by the distributor or destroyed by the distributor, refund of such tax or credit may be made to the distributor in accordance with regulations prescribed by the director. Any overpayment of the tax imposed under section 453A.43 may be made to the taxpayer in accordance with regulations prescribed by the director. The director shall cause any such refund of tax to be paid out of the general fund of the state, and so much of said fund as may be necessary is hereby appropriated for that purpose.

453A.47A Retailers — permits — fees — penalties.
1. Permits required. A person shall not engage in the business of a retailer of tobacco, tobacco products, alternative nicotine products, or vapor products at any place of business, or through delivery sales, without first having received a permit as a retailer.

2. No sales without permit. A retailer shall not sell any tobacco, tobacco products, alternative nicotine products, or vapor products until an application has been filed and the fee prescribed paid for a permit and until such permit is obtained and only while such permit is not suspended, unrevoked, or unexpired.

3. Number of permits. An application shall be filed and a permit obtained for each place of business owned or operated by a retailer located in the state. If an out-of-state retailer makes delivery sales of alternative nicotine products or vapor products, an application shall be filed with the department and a permit shall be issued for the out-of-state retailer's principal place of business.

4. Retailer — multiple permits not required — effect of suspension. A retailer, as defined in section 453A.1, who holds a permit under subchapter I of this chapter is not required to also obtain a retail permit under this subchapter. However, if a retailer, as defined in section
453A.1, only holds a permit under subchapter I of this chapter and that permit is suspended, revoked, or expired, the retailer shall not sell any tobacco, tobacco products, alternative nicotine products, or vapor products during the time which the permit is suspended, revoked, or expired.

5. Separate permit. A separate retail permit shall be required of a distributor or subjobber if the distributor or subjobber sells tobacco, tobacco products, alternative nicotine products, or vapor products at retail.

6. Issuance. Cities may issue retail permits to retailers located within their respective limits. County boards of supervisors may issue retail permits to retailers located in their respective counties, outside of the corporate limits of cities. The city or county shall submit a duplicate of any application for a retail permit to the alcoholic beverages division of the department of commerce within thirty days of issuance of a permit. The alcoholic beverages division of the department of commerce shall submit the current list of all retail permits issued to the Iowa department of public health by the last day of each quarter of a state fiscal year.

7. Fees — expiration.
   a. All permits provided for in this subchapter shall expire on June 30 of each year. A permit shall not be granted or issued until the applicant has paid the fees provided for in this section for the period ending June 30 next, to the city or county granting the permit. The fee for retail permits is as follows when the permit is granted during the month of July, August, or September:
      (1) In places outside any city, fifty dollars.
      (2) In cities of less than fifteen thousand population, seventy-five dollars.
      (3) In cities of fifteen thousand or more population, one hundred dollars.
   b. If any permit is granted during the month of October, November, or December, the fee shall be three-fourths of the above maximum schedule; if granted during the month of January, February, or March, one-half of the maximum schedule; and if granted during the month of April, May, or June, one-fourth of the maximum schedule.

8. Refunds.
   a. An unrevoked permit for which the retailer paid the full annual fee may be surrendered during the first nine months of the year to the officer issuing it, and the city or county granting the permit shall make refunds to the retailer as follows:
      (1) Three-fourths of the annual fee if the surrender is made during July, August, or September.
      (2) One-half of the annual fee if the surrender is made during October, November, or December.
      (3) One-fourth of the annual fee if the surrender is made during January, February, or March.
   b. An unrevoked permit for which the retailer has paid three-fourths of a full annual fee may be surrendered during the first six months of the period covered by the payment, and the city or county shall make refunds to the retailer as follows:
      (1) A sum equal to one-half of an annual fee if the surrender is made during October, November, or December.
      (2) A sum equal to one-fourth of an annual fee if the surrender is made during January, February, or March.
   c. An unrevoked permit for which the retailer has paid one-half of a full annual fee may be surrendered during the first three months of the period covered by the payment, and the city or county shall refund to the retailer a sum equal to one-fourth of an annual fee.

9. Application. Retail permits shall be issued only upon applications, accompanied by the fee indicated above, made upon forms furnished by the department upon written request. The failure to furnish such forms shall be no excuse for the failure to file the form unless absolute refusal is shown. The forms shall specify:
   a. The manner under which the retailer transacts or intends to transact business as a retailer.
   b. The principal office, residence, and place of business, for which the permit is to apply.
   c. If the applicant is not an individual, the principal officers or members of the applicant, not to exceed three, and their addresses.
IV-599  CIGARETTE AND TOBACCO TAXES — NICOTINE AND VAPOR PRODUCTS, §453A.48

  d. Such other information as the director shall by rules prescribe.
10. **Records and reports of retailers.**
  a. The director shall prescribe the forms necessary for the efficient administration of this section and may require uniform books and records to be used and kept by each retailer or other person as deemed necessary.
  b. Every retailer shall, when requested by the department, make additional reports as the department deems necessary and proper and shall at the request of the department furnish full and complete information pertaining to any transaction of the retailer involving the purchase or sale or use of tobacco, tobacco products, alternative nicotine products, or vapor products.
  11. **Penalties.** The permit suspension and revocation provisions and the civil penalties established in section 453A.22 shall apply to retailers under this subchapter, in addition to any other penalties imposed under this subchapter.

**453A.47B Requirements for mailing or shipping — alternative nicotine products or vapor products.**

A retailer shall not mail, ship, or otherwise cause to be delivered any alternative nicotine product or vapor product in connection with a delivery sale unless all of the following apply:
  1. Prior to sale to the purchaser, the retailer verifies that the purchaser is at least eighteen years of age through or by one of the following:
     a. A commercially available database, or aggregate of databases, that is regularly used by government and businesses for the purpose of age and identity verification.
     b. Obtaining a copy of a valid government-issued document that provides the name, address, and date of birth of the purchaser.
  2. The retailer uses a method of mailing, shipping, or delivery that requires the signature of a person who is at least eighteen years of age before the shipping package is released to the purchaser.

2017 Acts, ch 170, §68

**453A.47C Sales and use tax on delivery sales — alternative nicotine products or vapor products.**

1. A delivery sale of alternative nicotine products or vapor products within this state shall be subject to the sales tax provided in chapter 423, subchapter II.
  2. The use in this state of alternative nicotine products or vapor products purchased for use in this state through a delivery sale shall be subject to the use tax provided in chapter 423, subchapter III.
  3. A retailer required to possess or possessing a permit under section 453A.13 or 453A.47A to make delivery sales of alternative nicotine products or vapor products within this state shall be deemed to have waived all claims that such retailer lacks physical presence within this state for purposes of collecting and remitting sales and use tax.
  4. A retailer making taxable delivery sales of alternative nicotine products or vapor products within this state shall remit to the department all sales and use tax due on such sales at the times and in the manner provided by chapter 423.
  5. The director shall adopt rules pursuant to chapter 17A to administer this section.

2017 Acts, ch 170, §69

**453A.48 Investigations and hearings, testimonial powers.**

1. The director, or the director’s duly authorized agents, may conduct investigations, inquiries, and hearings for the purpose of enforcing the provisions of this subchapter, and, in connection with such investigations, inquiries, and hearings, the director and the director’s duly authorized agents shall have all the powers conferred upon the director and
the director’s examiners by Iowa statutes, and the provisions of such shall apply to all such investigations, inquiries and hearings.

2. A hearing conducted under this subchapter shall be preceded by ten days’ notice in writing of the subject of the hearing, including, in the case of suspension or revocation of a license, a statement of the nature of the charges against the licensee. The notice shall be sent by mail to the last known address of the licensee or other person involved in the hearing, and the service shall be complete upon mailing. After every hearing the director shall make the director’s findings and order in writing. The findings and order shall be filed in the office of the director, and a copy sent by mail or otherwise to the person to whom the notice was directed.

3. The director may exchange information with the officers and agencies of other states administering laws relating to the taxation of tobacco products.

4. No person shall be excused from testifying or from producing, pursuant to a subpoena, any books, papers, records or memoranda in any investigation or upon any hearing, upon the ground that the testimony or evidence, documentary or otherwise, may tend to incriminate the person or subject the person to a criminal penalty, but no person shall be prosecuted or subjected to any criminal penalty for or on account of any transaction made or thing concerning which the person may testify or produce evidence, documentary or otherwise, before the director or an employee or agent thereof; provided that such immunity shall extend only to a natural person who, in obedience to a subpoena, gives testimony under oath or produces evidence, documentary or otherwise, pursuant to a subpoena. No person so testifying shall be exempt from prosecution and punishment for perjury committed in so testifying.

5. Any person aggrieved by an order of the director fixing a tax, penalty, or interest under section 453A.43 may, within sixty days from the date of notice of the order, appeal to the board of review in the manner provided by law or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. Judicial review of any other action of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

453A.49 Enforcement.

The director shall enforce the provisions of this subchapter. The director may prescribe rules not inconsistent with the provisions of this subchapter for its detailed and efficient administration. In the enforcement of this subchapter the director may call upon any county attorney or the attorney general for assistance. The director may bring injunction proceedings to restrain any person from acting as a distributor or subjobber without complying with the provisions of this subchapter.

453A.50 Violations, penalties.

1. Any person who in any manner knowingly attempts to evade the tax imposed by this subchapter or who knowingly aids or abets in the evasion or attempted evasion of the tax or who knowingly violates the provisions of section 453A.44, subsection 1, of this subchapter, shall be guilty of a serious misdemeanor.

2. Except as otherwise provided, any person who violates any provisions of this subchapter shall be guilty of a simple misdemeanor.

3. a. The following civil penalties shall be imposed for a violation of this subchapter:
   (1) A two hundred dollar penalty for the first violation.
(2) A five hundred dollar penalty for a second violation within three years of the first violation.

(3) A one thousand dollar penalty for a third or subsequent violation within three years of the first violation.

b. The penalty imposed in this subsection is in addition to the tax, penalty, and interest imposed in other sections of this subchapter. Each day a violation occurs counts as a new violation for purposes of this subsection.

The department may employ auditors or other persons to audit and examine the books and records of a permit holder or other person dealing in tobacco products to ascertain whether the permit holder or other person has paid the amount of the taxes required to be paid by the permit holder or other person under the provisions of this chapter. If the taxes have not been paid, as required, the department shall assess against the permit holder or other person, as additional penalty, the reasonable expenses and costs of the investigation and audit.

453A.52 through 453A.55 Reserved.

SUBCHAPTER III
UNIFORM APPLICATION OF CHAPTER

453A.56 Uniform application.

Enforcement of this chapter shall be implemented in an equitable manner throughout the state. For the purpose of equitable and uniform implementation, application, and enforcement of state and local laws and regulations, the provisions of this chapter shall supersede any local law or regulation which is inconsistent with or conflicts with the provisions of this chapter.
CHAPTER 453B
EXCISE TAX ON UNLAWFUL DEALING IN CERTAIN SUBSTANCES

Referred to in §124.401, 124E.12, 124E.16, 204.7, 204.8, 204.14, 204.15, 232.52, 321.215, 421.60, 911.3

453B.1 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Controlled substance” means controlled substance as defined in section 124.101.
2. “Counterfeit substance” means a counterfeit substance as defined in section 124.101.
3. a. “Dealer” means any person who ships, transports, or imports into this state or acquires, purchases, possesses, manufactures, or produces in this state any of the following:
   (1) Seven or more grams of a taxable substance other than marijuana, but including a taxable substance that is a mixture of marijuana and other taxable substances.
   (2) Forty-two and one-half grams or more of processed marijuana or of a substance consisting of or containing marijuana.
   (3) One or more unprocessed marijuana plants.
   (4) Ten or more dosage units of a taxable substance which is not sold by weight.
   b. However, a person who lawfully ships, transports, or imports into this state or acquires, purchases, possesses, manufactures, or produces a taxable substance in this state is not considered a dealer.
4. “Department” means the department of revenue.
5. “Director” means the director of revenue.
6. “Dosage unit” means the unit of measurement in which a substance is dispensed to the ultimate user. Dosage unit includes, but is not limited to, one pill, one capsule, or one microdose.
7. “Marijuana” means marijuana as defined in section 124.101.
8. “Processed marijuana” means all marijuana except unprocessed marijuana plants.
10. “Taxable substance” means a controlled substance, a counterfeit substance, a simulated controlled substance, or marijuana, or a mixture of materials that contains a controlled substance, counterfeit substance, simulated controlled substance, or marijuana.
11. “Unprocessed marijuana plant” means any cannabis plant at any level of growth, whether wet, dry, harvested, or growing.

C93, §453B.2
2018 Acts, ch 1041, §127

453B.3 Tax payment required for possession — payment due.
1. A dealer shall not possess, distribute, or offer to sell a taxable substance unless the tax imposed under this chapter has been paid as evidenced by a stamp, label, or other official indicia permanently affixed to the taxable substance.

2. Taxes imposed on taxable substances by this chapter are due and payable immediately upon manufacture, production, acquisition, purchase, or possession by a dealer.

3. If the indicia evidencing the payment of the tax imposed on taxable substances under this chapter have not been affixed, the dealer shall have the indicia permanently affixed on the taxable substance immediately after receiving the taxable substance. A stamp, label, or other official indicia shall be used only once and shall not be used after the date of expiration.

4. All excise taxes collected under this chapter by a dealer or any individual are deemed to be held in trust for the state of Iowa.

C91, §421A.3
C93, §453B.3

453B.4 Measurements.
For purposes of measurements under this chapter, the weight of a taxable substance shall be measured by its weight in metric grams in the dealer’s possession. If a taxable substance consists of a mixture containing both marijuana and another substance or combination of substances listed in the definition of taxable substance in section 453B.1, the taxable substance shall be taxed under section 453B.7, subsection 2.

90 Acts, ch 1251, §40
C91, §421A.4

C91, §421A.6
C93, §453B.6

453B.7 Tax imposed — rate of tax.
An excise tax is imposed on dealers at the following rates:
1. On each gram of processed marijuana, or each portion of a gram, five dollars.
2. On each gram or portion of a gram of any taxable substance, other than marijuana, sold by weight, two hundred fifty dollars.
3. On each unprocessed marijuana plant, seven hundred fifty dollars.
4. On each ten dosage units of any taxable substance, other than unprocessed marijuana plants, that is not sold by weight, or portion thereof, four hundred dollars.

453B.9 Assessments are jeopardy assessments.

1. All assessments of taxes made pursuant to this chapter shall be considered jeopardy assessments or collections as provided in section 422.30. The director shall assess a tax, interest, and applicable penalties based on knowledge or information available to the director; serve the taxpayer by regular mail at the taxpayer’s last known address or in person, a written notice of the amount of tax, interest, and penalty due, which notice may include a demand for immediate payment; and immediately proceed to collect the tax, interest, and penalty by any method prescribed in section 422.30. The period for examination, determination of amount of tax owed, and assessment is unlimited. Service of the notice by regular mail is complete upon mailing.

2. A person shall not bring suit to enjoin the assessment or collection of any taxes, interest, or penalties imposed by this chapter.

3. The tax, interest, and penalties assessed by the director are presumed to be valid and correctly determined and assessed. The burden is upon the taxpayer to show any incorrectness or invalidity of an assessment. The burden is upon the taxpayer to prove that the shipment, transportation, importation, acquisition, purchase, possession, manufacture, or production of a taxable substance was lawful if a taxpayer’s status as a dealer is disputed. Any statement filed by the director with the clerk of the district court, or any other certificate by the director of the amount of tax, interest, and penalties determined or assessed is admissible in evidence and is prima facie evidence of the facts contained in the statement.

453B.10 Confidential nature of information.

1. Notwithstanding any law to the contrary, the director or an employee of the department shall not reveal any information obtained from a dealer; nor shall information obtained from a dealer be used against the dealer in any criminal proceeding, unless the information is independently obtained, except in connection with a proceeding involving taxes due under this chapter from the dealer against whom the tax was assessed.

2. A person who violates this section is guilty of a simple misdemeanor.

3. This section does not prohibit the director from publishing statistics that do not disclose the identity of the dealers.

4. A stamp, label, or other official indicia denoting payment of the tax imposed under this chapter shall not be used against a taxpayer in a criminal proceeding, except that such information may be used against the taxpayer in connection with the administration or civil
or criminal enforcement of the tax imposed under this chapter or any similar tax imposed by another state or local unit of government.

453B.11 Examination of records by director — subpoenas.
1. For the purpose of determining whether or not the dealer should have paid taxes, determining the amount of tax that should have been paid, or collecting any taxes under this chapter, the director may examine, or cause to be examined, any books, papers, records, or memoranda that may be relevant to making such determinations, whether the books, papers, records, or memoranda are the property of or in the possession of the dealer or another person. The director may require the attendance of any person having knowledge or information that may be relevant, compel the production of books, papers, records, or memoranda by persons required to attend, take testimony on matters material to the determination, and administer oaths or affirmations. Upon demand of the director or an examiner or investigator, the court shall issue a subpoena for the attendance of a witness or the production of books, papers, records, or memoranda. The director may also issue subpoenas. Disobedience of subpoenas issued under this chapter is punishable by the district court of the county in which the subpoena is issued, or if the subpoena is issued by the director, by the district court of the county in which the party served with the subpoena is located, in the same manner as a contempt of court.

2. The director may petition the district court or a magistrate for an administrative search warrant as authorized by section 808.14 to execute a distress warrant authorized by section 422.26.

453B.12 Civil and criminal penalties for violation of chapter — interest.
1. A dealer who violates this chapter is subject to a penalty equal to the amount of the tax imposed by section 453B.7, in addition to the tax imposed by that section. The dealer shall pay interest on the tax and penalty at the rate in effect under section 421.7, counting each fraction of a month as an entire month, computed from the date of assessment through the date of payment. The penalty and interest shall be collected as part of the tax.

2. In addition to the civil tax penalty and interest imposed by this section, a dealer distributing, offering to sell, or possessing taxable substances without affixing the appropriate stamps, labels, or other official indicia is guilty of a class “D” felony.

3. A person who possesses, prints, engraves, makes, issues, sells, or circulates a counterfeit taxable substance tax stamp, label, or other official indicia, or places or causes to be placed a counterfeit taxable substance tax stamp, label, or other official indicia on a taxable substance, is guilty of a class “D” felony.

4. A person who uses, sells, offers for sale, or possesses for use or sale a previously used or expired taxable substance tax stamp, label, or other official indicia, or attaches or causes to be attached a previously used or expired taxable substance tax stamp, label, or other official indicia to a taxable substance, is guilty of a class “D” felony.

5. Notwithstanding section 802.3, an indictment may be found or information filed upon any criminal offense specified in this chapter, in the proper court, within six years after the commission of the offense.

CHAPTER 453C
TOBACCO PRODUCT MANUFACTURERS — FINANCIAL OBLIGATIONS
Referred to in §453D.1, 453D.3, 453D.4, 453D.5, 453D.9

453C.1 Definitions. 453C.2 Requirements.

453C.1 Definitions.
1. “Adjusted for inflation” means increased in accordance with the formula for inflation adjustment set forth in exhibit “C” to the master settlement agreement.
2. “Affiliate” means a person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with, another person. Solely for purposes of this definition, the terms “owns”, “is owned”, and “ownership” mean ownership of an equity interest, or the equivalent thereof, of ten percent or more, and the term
“person” means an individual, partnership, committee, association, corporation, or any other organization or group of persons.

3. “Allocable share” means allocable share as defined in the master settlement agreement.

4. a. “Cigarette” means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains any of the following:
   (1) Any roll of tobacco wrapped in paper or in any substance not containing tobacco.
   (2) Tobacco, in any form, that is functional in the product, which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette.
   (3) Any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in subparagraph (1).
   b. The term “cigarette” includes “roll-your-own” tobacco, meaning tobacco which, because of its appearance, type, packaging, or labeling, is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes. For purposes of this definition of “cigarette”, 0.09 ounces of “roll-your-own” tobacco shall constitute one individual “cigarette”.

5. “Master settlement agreement” means the settlement agreement and related documents entered into on November 23, 1998, by the state and leading United States tobacco product manufacturers.

6. “Qualified escrow fund” means an escrow arrangement with a federally or state-chartered financial institution having no affiliation with any tobacco product manufacturer and having assets of at least one billion dollars where such arrangement requires that such financial institution hold the escrowed funds’ principal for the benefit of releasing parties and prohibits the tobacco product manufacturer placing the funds into escrow from using, accessing, or directing the use of the funds’ principal except as consistent with section 453C.2, subsection 2, paragraph “b”.

7. “Released claims” means released claims as that term is defined in the master settlement agreement.

8. “Releasing parties” means releasing parties as that term is defined in the master settlement agreement.

9. a. “Tobacco product manufacturer” means an entity that on or after May 20, 1999, directly and not exclusively through any affiliate does any of the following:
   (1) Manufactures cigarettes anywhere that such manufacturer intends to be sold in the United States, including cigarettes intended to be sold in the United States through an importer (except where such importer is an original participating manufacturer, as that term is defined in the master settlement agreement, that will be responsible for the payments under the master settlement agreement with respect to such cigarettes as a result of the provisions of subsection II(mm) of the master settlement agreement and that pays the taxes specified in subsection II(zz) of the master settlement agreement and provided that the manufacturer of such cigarettes does not market or advertise such cigarettes in the United States).
   (2) Is the first purchaser anywhere for resale in the United States of cigarettes manufactured anywhere that the manufacturer does not intend to be sold in the United States.
   (3) Becomes a successor of an entity described in subparagraph (1) or (2).
   b. The term “tobacco product manufacturer” shall not include an affiliate of a tobacco product manufacturer unless such affiliate itself falls within any of paragraph “a”, subparagraphs (1) through (3).

10. “Units sold” means the number of individual cigarettes sold in the state by the applicable tobacco product manufacturer, whether directly or through a distributor, retailer, or similar intermediary or intermediaries, during the year in question, as measured by excise taxes collected by the state on packs bearing the excise stamp of the state or on roll-your-own tobacco containers. The department of revenue shall adopt rules as are
necessary to ascertain the amount of state excise tax paid on the cigarettes of such tobacco product manufacturer for each year.

Referred to in §12E.2, 453ID.2

453C.2 Requirements.

Any tobacco product manufacturer selling cigarettes to consumers within the state, whether directly or through a distributor, retailer, or similar intermediary or intermediaries, on or after May 20, 1999, shall do one of the following:

1. Become a participating manufacturer as that term is defined in section II(jj) of the master settlement agreement and generally perform its financial obligations under the master settlement agreement.

2. a. Place into a qualified escrow fund by April 15 of the year following the year in question, the following amounts, as such amounts are adjusted for inflation:

   (1) For 1999: $.0094241 per unit sold on or after May 20, 1999.
   (2) For 2000: $.0104712 per unit sold.
   (3) For each of 2001 and 2002: $.0136125 per unit sold.
   (4) For each of 2003 through 2006: $.0167539 per unit sold.
   (5) For 2007 and each year thereafter: $.0188482 per unit sold.

b. A tobacco product manufacturer that places funds into escrow pursuant to paragraph “a” shall receive the interest or other appreciation on such funds as earned. Such funds themselves shall be released from escrow only under any of the following circumstances:

   (1) To pay a judgment or settlement on any released claim brought against such tobacco product manufacturer by the state or any releasing party located or residing in the state. Funds shall be released from escrow, under this subparagraph (1), (a) in the order in which they were placed into escrow and (b) only to the extent and at the time necessary to make payments required under such judgment or settlement.

   (2) To the extent that a tobacco product manufacturer establishes that the amount the manufacturer was required to place into escrow on account of units sold in the state in a particular year was greater than the master settlement agreement payments, as determined pursuant to section IX(i) of that agreement including after final determination of all adjustments, that such manufacturer would have been required to make on account of such units sold had such manufacturer been a participating manufacturer, the excess shall be released from escrow and revert back to such tobacco product manufacturer.

   (3) To the extent not released from escrow under subparagraph (1) or (2), funds shall be released from escrow and revert back to such tobacco product manufacturer twenty-five years after the date on which they were placed into escrow.

c. Each tobacco product manufacturer that elects to place funds into escrow pursuant to this subsection shall annually certify to the attorney general that the manufacturer is in compliance with this subsection. The attorney general may bring a civil action on behalf of the state against any tobacco product manufacturer that is not a participating manufacturer under the master settlement agreement and fails to place into escrow the funds required under this section. Any tobacco product manufacturer that fails in any year to place into escrow the funds required under this subsection shall be subject to all of the following:

   (1) Be required within fifteen days to place such funds into escrow as shall bring the manufacturer into compliance with this subsection. The court, upon a finding of a violation of this subsection, may impose a civil penalty, to be paid to the general fund of the state, in an amount not to exceed five percent of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed one hundred percent of the original amount improperly withheld from escrow.

   (2) In the case of a knowing violation, be required within fifteen days to place such funds into escrow as shall bring the manufacturer into compliance with this subsection. The court, upon a finding of a knowing violation of this subsection, may impose a civil penalty, to be paid to the general fund of the state, in an amount not to exceed fifteen percent of the amount
improperly withheld from escrow per day of the violation and in a total amount not to exceed three hundred percent of the original amount improperly withheld from escrow.

(3) In the case of a second knowing violation, be prohibited from selling cigarettes to consumers within the state, whether directly or through a distributor, retailer, or similar intermediary, for a period not to exceed two years.

d. Each failure to make an annual deposit required under this subsection shall constitute a separate violation.

453D.1 Findings and purpose.

The general assembly finds that violations of chapter 453C threaten the integrity of the tobacco master settlement agreement, the fiscal soundness of the state, and the public health and that establishing procedural enforcement enhancements will aid in the enforcement of chapter 453C and thereby safeguard the master settlement agreement, the fiscal soundness of the state, and the public health.

2003 Acts, ch 97, §1, 13

453D.2 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “Brand family” means all styles of cigarettes sold under the same trademark and differentiated from one another by means of additional modifiers or descriptors, including but not limited to “menthol”, “lights”, “kings”, and “100s”, and including any brand name (alone or in conjunction with any other word), trademark, logo, symbol, motto, selling message, recognizable pattern of colors, or any other indicia of product identification identical or similar to, or identifiable with, a previously known brand of cigarettes.

2. “Cigarette” means cigarette as defined in section 453C.1.

3. “Department” means the department of revenue.

4. “Director” means the director of revenue.

5. “Distributor” means a person, notwithstanding established residency or location, who purchases non-tax-paid cigarettes and stores, sells, or otherwise disposes of the cigarettes.

6. “Master settlement agreement” means master settlement agreement as defined in section 453C.1.

7. “Nonparticipating manufacturer” means any tobacco product manufacturer that is not a participating manufacturer.

8. “Participating manufacturer” means participating manufacturer as defined in section II(jj) of the master settlement agreement and all amendments to the master settlement agreement.

9. “Qualified escrow fund” means qualified escrow fund as defined in section 453C.1.

10. “Stamping agent” means a person authorized to affix tax stamps to packages or other containers of cigarettes pursuant to chapter 453A or any person that is required to pay the tax imposed pursuant to chapter 453A on cigarettes.
12. “Units sold” means units sold as defined in section 453C.1.

453D.3 Certifications, directory, tax stamps.
1. Certification. A tobacco product manufacturer whose cigarettes are sold in this state, whether directly or through a stamping agent, distributor, retailer, or similar intermediary or intermediaries, shall execute and deliver on a form and in the manner prescribed by the attorney general, a certification to the director and the attorney general, no later than April 30 of each year, certifying under penalty of perjury that, as of the date of the certification, the tobacco product manufacturer is either a participating manufacturer or is in full compliance with chapter 453C, including all quarterly installment payments required by rule.

a. A participating manufacturer shall include in the participating manufacturer’s certification a list of the participating manufacturer’s brand families. The participating manufacturer shall update the list thirty calendar days prior to any addition to or modification of the participating manufacturer’s brand families by executing and delivering a supplemental certification to the attorney general and the director.

b. (1) A nonparticipating manufacturer shall include in its certification all of the following:

   (a) A list of all of the nonparticipating manufacturer’s brand families and the number of units sold for each brand family that was sold in the state during the preceding calendar year.

   (b) A list of all of the nonparticipating manufacturer’s brand families that have been sold in the state at any time during the current calendar year.

   (c) An indication, by an asterisk, of any brand family sold in the state during the preceding calendar year that is no longer being sold in the state as of the date of such certification.

   (d) Identification by name and address of any other manufacturer of such brand families in the preceding or current calendar year.

(2) The nonparticipating manufacturer shall update the list thirty calendar days prior to any addition to or modification of the nonparticipating manufacturer’s brand families by executing and delivering a supplemental certification to the attorney general and the director.

c. A nonparticipating manufacturer shall also certify all of the following:

   (1) That the nonparticipating manufacturer is registered to do business in the state or has appointed a resident agent for service of process and provided notice as required in section 453D.4.

   (2) That the nonparticipating manufacturer has established and continues to maintain a qualified escrow fund and has executed a qualified escrow agreement that has been reviewed and approved by the attorney general and that governs the qualified escrow fund.

   (3) That the nonparticipating manufacturer is in full compliance with chapter 453C and this chapter and any rules adopted pursuant to chapter 453C or this chapter.

   (4) All of the following:

      (a) The name, address, and telephone number of the financial institution where the nonparticipating manufacturer has established the qualified escrow fund required pursuant to chapter 453C and all rules adopted pursuant to chapter 453C.

      (b) The account number of the qualified escrow fund and any subaccount number for Iowa.

      (c) The amount the nonparticipating manufacturer deposited in the qualified escrow fund for cigarettes sold in the state during the preceding calendar year, the date and amount of each deposit, and any evidence or verification deemed necessary by the attorney general to confirm this information.

      (d) The amount and date of any withdrawal or transfer made at any time by the nonparticipating manufacturer from the qualified escrow fund or from any other qualified escrow fund into which the nonparticipating manufacturer made escrow payments at any time pursuant to chapter 453C and any rules adopted pursuant to chapter 453C.

d. (1) A tobacco product manufacturer shall not include a brand family in the tobacco product manufacturer’s certification unless one of the following applies, as applicable:
(a) In the case of a participating manufacturer, the participating manufacturer affirms that the brand family is to be deemed to be the participating manufacturer’s cigarettes for purposes of calculating the participating manufacturer’s payments under the master settlement agreement for the relevant year, in the volume and shares determined pursuant to the master settlement agreement.

(b) In the case of a nonparticipating manufacturer, the nonparticipating manufacturer affirms that the brand family is to be deemed to be the nonparticipating manufacturer’s cigarettes for the purposes of chapter 453C.

(2) This section shall not be construed as limiting or otherwise affecting the state’s right to maintain that a brand family constitutes cigarettes of a different tobacco product manufacturer for purposes of calculating payments under the master settlement agreement or for purposes of chapter 453C.

e. Tobacco product manufacturers shall maintain all invoices and documentation of sales and other information relied upon for certification for a period of five years, unless otherwise required by law to maintain invoices and documentation for a greater period of time.

2. Directory of cigarettes approved for stamping and sale. The director shall develop and publish on the department’s internet site a directory listing all tobacco product manufacturers that have provided current and accurate certification conforming to the requirements of subsection 1 and all brand families that are listed in the certification, with the following exceptions:

a. The director shall not include or retain in the directory the name or brand families of any nonparticipating manufacturer that has failed to provide the required certification or whose certification the attorney general determines is not in compliance with subsection 1, paragraphs “b” and “c”, unless the attorney general has determined that the violation has been cured to the satisfaction of the attorney general.

b. A tobacco product manufacturer and a brand family shall not be included or retained in the directory if the attorney general concludes, in the case of a nonparticipating manufacturer, that either of the following applies:

(1) Any escrow payment required pursuant to chapter 453C for any period for any brand family, whether or not listed by the nonparticipating manufacturer, has not been fully paid into a qualified escrow fund governed by a qualified escrow agreement that has been approved by the attorney general.

(2) Any outstanding final judgment, including interest on the judgment, for a violation of chapter 453C has not been fully satisfied for the brand family or the nonparticipating manufacturer.

c. The director shall update the directory as necessary in order to correct mistakes and to add or remove a tobacco product manufacturer or brand family to keep the directory in conformity with the requirements of this chapter.

d. Stamping agents and distributors shall provide and update as necessary an electronic mail address to the director for the purpose of receiving any notifications as may be required by this chapter.

3. Prohibition against stamping, sale, or import of cigarettes not included in the directory. It shall be unlawful for any person to do any of the following:

a. Affix a stamp to a package or other container of cigarettes of a tobacco product manufacturer or brand family not included in the directory.

b. Sell, offer, or possess for sale in this state, or import for personal consumption in this state, cigarettes of a tobacco product manufacturer or brand family not included in the directory.

Referred to in §453D.5, 453D.6

453D.4 Agent for service of process.

1. A nonresident or foreign nonparticipating manufacturer that has not registered to do business in the state as a foreign corporation or business entity shall, as a condition precedent to having the nonparticipating manufacturer’s brand family included or retained in the directory, appoint and continually engage without interruption the services of an
§453D.4, TOBACCO PRODUCT MANUFACTURERS’ FINANCIAL OBLIGATIONS

agent in this state to act as agent for service of process on whom all process, and any action or proceeding against the nonparticipating manufacturer concerning or arising out of the enforcement of this chapter or chapter 453C, may be served in any manner authorized by law. The service shall constitute legal and valid service of process on the nonparticipating manufacturer. The nonparticipating manufacturer shall provide the name, address, telephone number, and proof of the appointment and availability of the agent to, and to the satisfaction of, the director and the attorney general.

2. The nonparticipating manufacturer shall provide notice to the director and the attorney general thirty calendar days prior to termination of the authority of an agent and shall further provide proof to the satisfaction of the attorney general of the appointment of a new agent at least five calendar days prior to the termination of the existing agent appointment. In the event an agent terminates an agency appointment, the nonparticipating manufacturer shall notify the director and the attorney general of the termination within five calendar days and shall include proof to the satisfaction of the attorney general of the appointment of a new agent.

3. A nonparticipating manufacturer whose products are sold in this state, who has not appointed or designated an agent as required, shall be deemed to have appointed the secretary of state as agent and may be proceeded against in the courts of this state by service of process upon the secretary of state. However, the appointment of the secretary of state as agent shall not satisfy the condition precedent for having the brand families of the nonparticipating manufacturer included or retained in the directory.

2003 Acts, ch 97, §4, 13
Referred to in §453D.3

453D.5 Reporting of information — escrow installments.

1. No later than twenty calendar days after the end of each calendar quarter, and more frequently if so directed by the director, each stamping agent and distributor shall submit information as the director requires to facilitate compliance with this chapter, including but not limited to a list by brand family of the total number of cigarettes, or, in the case of roll-your-own tobacco, the equivalent stick count, for which the stamping agent or distributor affixed stamps during the previous calendar quarter or otherwise paid the tax due for the cigarettes. The stamping agent and distributor shall maintain, and make available to the director, all invoices and documentation of sales of all nonparticipating manufacturer cigarettes and any other information relied upon in reporting to the director for a period of five years. Violations of this subsection are subject to civil penalties as established in section 453A.31, subsection 1, paragraph “b”.

2. The director may disclose to the attorney general any information received under this chapter and requested by the attorney general for purposes of determining compliance with and enforcing this chapter. The director and attorney general shall share with each other the information received under this chapter, and may share the information with other federal, state, or local agencies only for purposes of enforcement of this chapter, chapter 453C, or corresponding laws of other states.

3. The attorney general may require at any time from a nonparticipating manufacturer proof from the financial institution in which the nonparticipating manufacturer has established a qualified escrow fund for the purpose of compliance with chapter 453C, of the amount of money in the qualified escrow fund, exclusive of interest, the amount and date of each deposit into the qualified escrow fund, and the amount and date of each withdrawal from the qualified escrow fund.

4. In addition to the information required to be submitted pursuant to chapter 453C or this chapter, the director or the attorney general may require a stamping agent, distributor, or tobacco product manufacturer to submit any additional information, including but not limited to samples of the packaging or labeling of each brand family, as necessary to enable the attorney general to determine compliance by the tobacco product manufacturer with this chapter.

5. To promote compliance with this chapter, the attorney general may adopt rules requiring a tobacco product manufacturer subject to the requirements of section 453D.3,
subsection 1, paragraph "b", to make the escrow deposits required in quarterly installments during the year in which the sales covered by the deposits are made. The director or the attorney general may require production of information sufficient to enable the attorney general to determine the adequacy of the amount of the installment deposit.

Referred to in §453D.6

453D.6 Penalties and other remedies.
1. In addition to or in lieu of any other civil or criminal remedy provided by law, upon a determination that any person has violated section 453D.3, subsection 3, or any rule adopted pursuant to that subsection, the director may revoke or suspend the permit or license of any stamping agent or distributor in the manner provided in chapter 453A. Each stamp affixed and each sale or offer to sell cigarettes in violation of section 453D.3, subsection 3, shall constitute a separate violation. For each violation, the director may also impose a civil penalty in an amount not to exceed the greater of five hundred percent of the retail value of the cigarettes or five thousand dollars upon a determination of violation of section 453D.3, subsection 3, or any rules adopted pursuant to section 453D.3, subsection 3. A penalty shall be imposed in the manner provided in chapter 453A.
2. Cigarettes that have been sold, offered for sale, or possessed for sale in this state, or imported for personal consumption in this state in violation of section 453D.3, subsection 3, shall be deemed contraband under section 453A.32 and the cigarettes shall be subject to seizure and forfeiture as provided in that section, and all cigarettes so seized and forfeited shall be destroyed and not resold.
3. The attorney general, on behalf of the director, may seek an injunction to restrain a threatened or actual violation of section 453D.3, subsection 3, or section 453D.5, subsection 1 or 4, by a stamping agent or distributor and to compel the stamping agent or distributor to comply with these sections. In any action brought pursuant to this section, the state shall be entitled to recover the costs of investigation, expert witness fees, costs of the action, and reasonable attorney fees.
4. It shall be unlawful for a person to sell or distribute cigarettes or acquire, hold, own, possess, transport, import, or cause to be imported cigarettes that the person knows or should know are intended for distribution or sale in the state in violation of section 453D.3, subsection 3. A violation of this subsection is a serious misdemeanor.

2003 Acts, ch 97, §6, 13

453D.7 Miscellaneous provisions.
1. A determination of the attorney general not to include or to remove from the directory a brand family or tobacco product manufacturer shall be subject to review in a manner prescribed in rules adopted by the director.
2. A person shall not be issued a permit or license or be granted a renewal of a permit or license to act as a stamping agent or distributor unless the person has certified in writing, under penalty of perjury, that the person will comply fully with this chapter.
3. The director and the attorney general shall adopt rules as necessary to effect the purposes of this chapter.
4. In any action brought by the state to enforce this chapter, the state shall be entitled to recover the costs of the investigation, expert witness fees, costs of the action, and reasonable attorney fees.
5. If a court determines that a person has violated this chapter, the court shall order any profits, gain, gross receipts, or other benefit from the violation to be disgorged and paid to the treasurer of state.
6. Unless otherwise expressly provided, the remedies or penalties provided by this chapter are cumulative relative to each other and relative to any other remedies or penalties available under any other law of this state.

2003 Acts, ch 97, §7, 13
§453D.8 Standing appropriation.
There is appropriated from the general fund of the state to the department of revenue each fiscal year beginning July 1, 2004, and thereafter, the sum of twenty-five thousand dollars for enforcement of this chapter.
See Iowa Acts for special provisions relating to appropriations in a given year

§453D.9 Construction and severability.
1. If a court of competent jurisdiction finds that the provisions of this chapter and of chapter 453C conflict and cannot be harmonized, the provisions of chapter 453C shall prevail.
2. If any portion of this chapter causes chapter 453C to no longer constitute a qualifying or model statute, as defined in the master settlement agreement, that portion of this chapter shall be void.
3. If any portion of this chapter is for any reason held to be invalid, unlawful, or unconstitutional, the determination shall not affect the validity of the remaining provisions of this chapter or any part of this chapter.

§455A.1, DEPARTMENT OF NATURAL RESOURCES

1. “Department” means the department of natural resources created under section 455A.2.
2. “Director” means the director of the department of natural resources.
3. “Environmental protection commission” means the environmental protection commission created under section 455A.6.
4. “Fund” means the Iowa resources enhancement and protection fund created under section 455A.18.
5. “Natural resource commission” means the natural resource commission created under section 455A.5.

86 Acts, ch 1245, §1801; 89 Acts, ch 236, §1; 2015 Acts, ch 103, §42

455A.2 Department of natural resources.

A department of natural resources is created, which has the primary responsibility for state parks and forests, protecting the environment, and managing fish, wildlife, and land and water resources in this state.

86 Acts, ch 1245, §1802; 2009 Acts, ch 108, §17, 41

Referred to in §7E.5, 16.131A, 455A.1, 455B.101, 455C.1, 455D.1, 455E.2, 455H.103, 455I.2, 455K.2, 456A.1, 456B.1, 458A.2, 459.102, 461A.1, 464A.1A, 465C.1, 483A.1A, 484C.1

455A.3 Director — qualifications.

The chief administrative officer of the department is the director who shall be appointed by the governor, subject to confirmation of the senate, and serve at the governor's pleasure. The governor shall make the appointment based on the appointee’s training, experience, and capabilities. The director shall be knowledgeable in the general field of natural resource management and environmental protection. The salary of the director shall be fixed by the governor within salary guidelines or a range established by the general assembly.

86 Acts, ch 1245, §1803

Referred to in §455H.103

Confirmation, see §2.32

455A.4 General powers and duties of the director.

1. Except as otherwise provided by law and subject to rules adopted by the natural resource commission and the environmental protection commission, the director shall:
   a. Plan, direct, coordinate, and execute the functions vested in the department.
   c. Annually compile a comprehensive program budget which reflects all fiscal matters related to the operation of the department and each program, subprogram, and activity in the department in accordance with section 8.23.
   d. Submit a biennial or an annual report to the governor and the general assembly, in accordance with chapter 7A.
   e. Employ personnel as necessary to carry out the functions vested in the department consistent with chapter 8A, subchapter IV, unless the positions are exempt from that subchapter.
   f. Devote full time to the duties of the director's office.
   g. Not be a candidate for nor hold any other public office or trust, nor be a member of a political committee.
   h. Maintain an office at the state capitol complex, which is open at all reasonable times for the conduct of public business.
   i. Adopt rules in accordance with chapter 17A as necessary or desirable for the organization or reorganization of the department.
   j. In the administration of programs relating to water quality improvement and watershed improvements, cooperate with the department of agriculture and land stewardship in order to maximize the receipt of federal funds.

2. All powers and duties vested in the director may be delegated by the director to an employee of the department, but the director retains the responsibility for an employee’s acts within the scope of the delegation.
3. The director and other officers and employees of the department are entitled to receive, in addition to salary, their actual and necessary travel and related expenses incurred in the performance of official business.

4. The director shall obtain an adequate public employees fidelity bond to cover those officers and employees of the department accountable for property or funds of this state.

5. The department may accept payment of any fees, interest, penalties, subscriptions, or other payments due or collected by the department, or any portion of such payments, by credit card. The department may adjust the amount of the payment to reflect the costs of processing the payment as determined by the treasurer of state and the payment by credit card shall include, in addition to all other charges, any discount charged by the credit card issuer.

6. The department is, except as otherwise provided by law, empowered to make and execute agreements, contracts, grants, and other instruments necessary to carry out the department’s obligations. The department’s obligations shall not be expanded or enlarged by this authority beyond the powers specifically delegated to or conferred upon the department.

Referred to in §455B.298, 455E.11, 465A.4

455A.5 Natural resource commission — appointment and duties.

1. A natural resource commission is created, which consists of seven members appointed by the governor for staggered terms of six years beginning and ending as provided in section 69.19. The appointees are subject to senate confirmation. The members shall be citizens of the state who have a substantial knowledge of the subjects embraced by chapter 456A. The appointments shall be based upon the training, experience, and capacity of the appointees, and not based upon political considerations, other than as provided in section 69.16. A member of the commission shall not hold any other state or federal office.

2. A vacancy on the commission shall be filled for the unexpired term in the same manner as the original appointment was made.

3. The members of the commission shall be reimbursed for actual and necessary travel and related expenses incurred in the discharge of official duties. Each member of the commission may also be eligible to receive compensation as provided in section 7E.6.

4. The commission shall hold an organizational meeting within thirty days of the beginning of a new regular term for one or more of its members. The commission shall organize by electing a chairperson, vice chairperson, secretary, and any other officers deemed necessary or desirable. The commission shall meet at least quarterly throughout the year.

5. A majority of the members of the commission is a quorum, and a majority of a quorum may act in any matter within the jurisdiction of the commission, unless a more restrictive rule is adopted by the commission.

6. Except as otherwise provided by law, the commission shall:
   c. Approve or disapprove proposals for the acquisition or disposal of state lands and waters relating to state parks, recreational facilities, and wildlife programs, submitted by the director.
   d. Approve the budget request prepared by the director for the programs authorized by chapters 321G, 321I, 456A, 456B, 457A, 461A, 462A, 462B, 464A, 481A, 481B, 483A, 484A, and 484B. The commission may increase, decrease, or strike any item within the department budget request for the specified programs before granting approval.
e. Adopt, by rule, a schedule of fees for permits, including conditional permits, and a schedule of fees for administration of the permits. The fees shall be collected by the department and used to offset costs incurred in administering a program for which the issuance of the permit is made or under which enforcement is carried out. In determining the fee schedule, the commission shall consider all of the following:

(1) The reasonable costs associated with reviewing applications, issuing permits, and monitoring compliance with the terms of issued permits.
(2) The relative benefits to the applicant and to the public of a permit review, permit issuance, and monitoring compliance with the terms of the permit.
(3) The typical costs associated with a type of project or activity for which a permit is required. However, a fee shall not exceed the actual costs incurred by the department.

f. Approve or disapprove proposals involving the dredging or renovation of lakes; the acquisition, development, and maintenance of boating facilities; and the acquisition, development, and maintenance of recreational facilities associated with recreational boating.

§455A.6 Environmental protection commission — appointment and duties.
1. An environmental protection commission is created, which consists of nine members appointed by the governor for staggered terms of four years beginning and ending as provided in section 69.19. Commission appointees are subject to senate confirmation. The members shall be electors of the state and have knowledge of the subjects embraced in chapters 455B and 459, subchapters II and III. The appointments shall be based upon the training, experience, and capacity of the appointees, and not based upon political considerations, other than as provided in section 69.16. The membership of the commission shall be as follows:

a. Three members actively engaged in livestock and grain farming.
b. A member actively engaged in the business of finance or commerce.
c. A member actively engaged in the management of a manufacturing company.
d. Four members who are electors of the state.
2. A vacancy on the commission shall be filled for the unexpired term in the same manner as the original appointment was made.
3. The members of the commission shall be reimbursed for actual and necessary travel and related expenses incurred in the discharge of official duties. Each member of the commission may also be eligible to receive compensation as provided in section 7E.6.
4. The commission shall hold an organizational meeting within thirty days of the beginning of a new regular term for one or more of its members. The commission shall organize by electing a chairperson, vice chairperson, secretary, and any other officers deemed necessary or desirable. The commission shall meet at least quarterly throughout the year.
5. A majority of the members of the commission is a quorum, and a majority of a quorum may act in any matter within the jurisdiction of the commission, unless a more restrictive rule is adopted by the commission.
6. Except as otherwise provided by law, the commission shall:

a. Establish policy for the department and adopt rules, pursuant to chapter 17A, necessary to provide for the effective administration of chapter 455B, 455C, or 459.
b. Hear appeals in contested cases pursuant to chapter 17A on matters relating to actions taken by the director under chapter 455C, 458A, 464B, or 473.
c. Approve or disapprove the issuance of hazardous waste disposal site licenses under chapter 455B.
d. Approve the budget request prepared by the director for the programs authorized by chapters 455B, 455C, 455E, 455F, 455H, and 459, subchapters II and III. The commission shall approve the budget request prepared by the director for programs subject to the rulemaking
authority of the commission. The commission may increase, decrease, or strike any item within the department budget request for the specified programs before granting approval.

Referred to in §16.131A, 307.21, 455A.1, 455B.101, 455B.103, 455E.2, 455H.103, 459.102, 459A.102, 484C.1

455A.7 Creation of divisions, bureaus, and other administrative entities — deputy director — administrators.

1. The director may establish administrative divisions, bureaus, or other administrative entities within the department in order to most efficiently and effectively carry out the department’s responsibilities. The creation or modification of departmental divisions, bureaus, or other administrative entities shall be implemented only after consultation with the natural resource commission or the environmental protection commission as applicable.

2. The director shall appoint a deputy director who shall be in charge of the department in the absence of the director. The appointment shall be based on the appointee’s training, experience, and capabilities.

3. The director shall appoint an administrator for each division created under subsection 1. The director shall make the appointment based on the appointee’s training, experience, and capabilities. Each administrator has the responsibility of administering the programs assigned the division under subsection 1 and other programs assigned by the director. Each administrator shall carry out the duties and responsibilities of office under the general direction and supervision of the director.

455A.10 State fish and game protection fund — capital projects and contingencies.

Funds remaining in the state fish and game protection fund during a fiscal year which are not specifically appropriated by the general assembly are appropriated and may be used for capital projects and contingencies under the jurisdiction of the department relating to fish and wildlife arising during the fiscal year. A contingency shall not include any purpose or project which was presented to the general assembly by way of a bill or a proposed bill and which failed to be enacted into law. For the purpose of this section, a necessity of additional operating funds may be construed as a contingency. Before any of the funds authorized to be expended by this section are allocated for contingencies, it shall be determined by the executive council that a contingency exists and that the contingency was not existent while the general assembly was in session and that the proposed allocation shall be for the best interests of the state. If a contingency arises or could reasonably be foreseen during the time the general assembly is in session, expenditures for the contingency must be authorized by the general assembly.

455A.11 Preferences in temporary employment.
In its employment of persons in temporary positions in conservation and outdoor recreation, the department of natural resources shall give preference to persons meeting eligibility requirements for the green thumb program and to persons working toward an advanced education in natural resources and conservation.
96 Acts, ch 1214, §32; 98 Acts, ch 1100, §64

455A.13 State nurseries.
1. The department of natural resources shall annually review market conditions and the expenditures and revenues of the state forest nurseries, and establish minimum ordering quantities and a range of prices for plant material grown at the state forest nurseries to cover all expenses related to the growing of the plants. The department is authorized to sell plant material in other states. The department is authorized to sell barerooted plants to private nurseries for resale.
2. The department shall develop programs to encourage the wise management and preservation of existing woodlands and shall continue its efforts to encourage reforestation on private and public lands in the state.
3. The department shall encourage a cooperative relationship between the state forest nurseries and private nurseries in the state in order to achieve these goals.

455A.14 Camping and rental facilities and other privileges — fees.
1. Notwithstanding any provision of law to the contrary, the department is authorized to establish fees for camping and use of rental facilities and other special privileges at state parks and recreation areas under the jurisdiction of the department.
2. The fees established by the department pursuant to this section shall be in such amounts as may be determined by the department to be reasonably competitive with fees established in other public parks or recreation areas that provide the same or similar privileges and are located within sixty miles of the perimeter of the state park or recreation area for which the department is establishing fees. Such fees may be increased, reduced, or waived by the department on a statewide basis or on the basis of an individual state park or recreation area for special promotional events or efforts or on the basis of special seasonal or holiday rates.
3. Fees established pursuant to this section shall be considered a specification of prices to be charged for goods or services as provided in section 17A.2, subsection 11, paragraph “g”.
4. The department shall adopt rules pursuant to chapter 17A for the purpose of setting forth the methodology to be used in establishing fees pursuant to this section.
5. The department shall prepare an annual report reviewing the fees established pursuant to this section. The report shall include information about fees and occupancy rates at each camping and rental facility in the state under the jurisdiction of the department, special promotional events or holiday rates for which fees were increased, reduced, or waived at those camping and rental facilities, and any recommendations for changes in fees or rules adopted pursuant to this section. The report shall be submitted to the senate standing committee on natural resources and environment and the house standing committee on natural resources by December 31 of each year.

455A.14A Lake Manawa state park user fee pilot program.
1. A lake Manawa state park user fee pilot program is established within the department. Notwithstanding section 461A.35A, the department shall develop and administer the pilot program at lake Manawa state park as follows:
a. The department shall charge an entrance fee of five dollars per vehicle for a nonresident of the state.
b. A nonresident may pay a fee of forty dollars for an annual pass that grants daily entrance into the state park through one year after the date of purchase. The nonresident may purchase a second annual pass for use for a different vehicle for fifteen dollars.

c. The department has the authority to charge separate fees to a resident and nonresident for campsite and shelter reservations and for beach access.

d. The department shall determine the most effective and efficient way to collect fees and provide proof of payment.

2. This section is repealed July 1, 2022.

**SUBCHAPTER II**

**RESOURCES ENHANCEMENT AND PROTECTION**

**455A.15 Legislative findings.**

The general assembly finds that:

1. The citizens of Iowa have built and sustained their society on Iowa’s air, soils, waters, and rich diversity of life. The well-being and future of Iowa depend on these natural resources.

2. Many human activities have endangered Iowa’s natural resources. The state of Iowa has lost ninety-nine and nine-tenths percent of its prairies, ninety-eight percent of its wetlands, eighty percent of its woodlands, fifty percent of its topsoils, and more than one hundred species of wildlife since settlement in the early 1800’s. There has been a significant deterioration in the quality of Iowa’s surface waters and groundwaters.

3. The long-term effects of Iowa’s natural resource losses are not completely known or understood, but detrimental effects are already apparent. Prevention of further loss is therefore imperative.

4. The air, waters, soils, and biota of Iowa are interdependent and form a complex ecosystem. Iowans have the right to inherit this ecosystem in a sustainable condition, without severe or irreparable damage caused by human activities.

89 Acts, ch 236, §2

**455A.16 State resource enhancement policy.**

It is the policy of the state of Iowa to protect its natural resource heritage of air, soils, waters, and wildlife for the benefit of present and future citizens with the establishment of a resource enhancement program. The program shall be a long-term integrated effort to wisely use and protect Iowa’s natural resources through the acquisition and management of public lands; the upgrading of public park and preserve facilities; environmental education, monitoring, and
research; and other environmentally sound means. The resource enhancement program shall strongly encourage Iowans to develop a conservation ethic, and to make necessary changes in our activities to develop and preserve a rich and diverse natural environment.

89 Acts, ch 236, §3

455A.17 Iowa congress on resources enhancement and protection.

1. Biennially, during even-numbered years, the director shall schedule and make the necessary arrangements for an Iowa congress on resources enhancement and protection. The congress shall be held within the state capitol complex.

2. Prior to each congress, the director shall make arrangements to hold an assembly in each council of governments area of persons having an interest in resources enhancement and protection. The department shall promote attendance of interested persons at each assembly. The director shall call each assembly and serve as temporary chairperson. The department shall provide those attending with information regarding resource enhancement and protection expenditures. The assemblies shall identify opportunities for regional resource enhancement and protection and review and recommend changes in resource enhancement and protection policies, programs, and funding. The persons meeting at each assembly shall elect five persons as delegates to the congress on resources enhancement and protection.

3. The delegates to the congress on resources enhancement and protection shall organize, discuss, and make recommendations to the governor, the general assembly, and the natural resource commission regarding issues concerning resources enhancement and protection. The director shall call the congress and serve as temporary chairperson. The delegates are entitled to a per diem as specified in section 7E.6 for expenses of office while attending the congress.

4. The expenses of the department in making the arrangements for and the conducting of the council of governments area assemblies and the congress on resources enhancement and protection and the per diem for expenses of the delegates at the congress shall be paid from the funds appropriated for this purpose.

455A.17A Review of allocation of REAP moneys — congress on resources enhancement and protection. Repealed by 95 Acts, ch 216, §41.

455A.18 Iowa resources enhancement and protection fund — audits.

1. An Iowa resources enhancement and protection fund is created in the office of the treasurer of state. The fund consists of all revenues and all other moneys lawfully credited or transferred to the fund. The director shall certify monthly the portions of the fund that are allocated to the various accounts as provided under section 455A.19. The director shall certify before the twentieth of each month the portions of the fund resulting from the previous month’s receipts to be allocated to the various accounts.

2. The auditor of state or a certified public accountant firm appointed by the auditor of state shall conduct annual audits of all accounts and transactions of the fund.

3. a. For each fiscal year of the fiscal period beginning July 1, 1997, and ending June 30, 2021, there is appropriated from the general fund, to the Iowa resources enhancement and protection fund, the amount of twenty million dollars, to be used as provided in this chapter. However, in any fiscal year of the fiscal period, if moneys from the lottery are appropriated by the state to the fund, the amount appropriated under this subsection shall be reduced by the amount appropriated from the lottery.

   b. Section 8.33 does not apply to moneys appropriated under this subsection.

4. Notwithstanding section 12C.7, interest or earnings on investments or time deposits of
the moneys in the Iowa resources enhancement and protection fund or any of its accounts shall be credited to the Iowa resources enhancement and protection fund.

455A.19 Allocation of fund proceeds.

1. Upon receipt of any revenue, the director shall deposit the moneys in the Iowa resources enhancement and protection fund created pursuant to section 455A.18. The first three hundred fifty thousand dollars of the funds received for deposit in the fund annually shall be allocated to the conservation education program board for the purposes specified in section 455A.21. One percent of the revenue receipts shall be deducted and transferred to the administration fund provided for in section 456A.17. All of the remaining receipts shall be allocated to the following accounts:

a. (1) Twenty-eight percent shall be allocated to the open spaces account. At least ten percent of the allocations to the account shall be made available to match private funds for open space projects on the cost-share basis of not less than twenty-five percent private funds pursuant to the rules adopted by the natural resource commission. Five percent of the funds allocated to the open spaces account shall be used to fund the protected waters program. This account shall be used by the department to implement the statewide open space acquisition, protection, and development programs.

b. (2) The department shall give priority to acquisition and control of open spaces of statewide significance. The department shall also use these funds for developments on state property. The total cost of an open spaces project funded under this paragraph “a” shall not exceed two million dollars unless a public hearing is held on the project in the area of the state affected by the project. However, on and after July 1, 1994, the following shall apply:

(a) If the total amount appropriated by the general assembly to the Iowa resources enhancement and protection fund, in any fiscal year as defined in section 8.36, is seven million dollars or more, not more than seventy-five percent of moneys in the open spaces account shall be allocated or obligated during that fiscal year to support a single project.

b. Twenty percent shall be allocated to the county conservation account.

(1) Thirty percent of the allocation to the county conservation account annually shall be allocated to each county equally.

(2) Thirty percent of the allocation to the county conservation account annually shall be allocated to each county on a per capita basis.

(3) Forty percent of the allocation to the county conservation account annually shall be held in an account in the state treasury for the natural resource commission to award to counties on a competitive grant basis by a project selection committee established in this subparagraph. Local matching funds are not required for grants awarded under this subparagraph. The project planning and review committee shall be composed of two staff members of the department and two county conservation board directors appointed by the director and a fifth member selected by a majority vote of the director’s appointees. The
natural resource commission, by rule, shall establish procedures for application, review, and selection of county projects submitted for funding. Upon recommendation of the project planning and review committee, the director shall award the grants.

(4) Funds allocated to the counties under subparagraphs (1), (2), and (3) may be used for land easements or acquisitions, capital improvements, stabilization and protection of resources, repair and upgrading of facilities, environmental education, and equipment. However, expenditures are not allowed for single or multipurpose athletic fields, baseball or softball diamonds, tennis courts, golf courses, swimming pools, and other group or organized sport facilities. Funds may be used for county projects located within the boundaries of a city.

(5) Funds allocated pursuant to subparagraphs (2) and (3) shall only be allocated to counties dedicating property tax revenue at least equal to twenty-two cents per thousand dollars of the assessed value of taxable property in the county to county conservation purposes. State funds received under this paragraph shall not reduce or replace county tax revenues appropriated for county conservation purposes. The county auditor shall submit documentation annually of the dedication of property tax revenue for county conservation purposes. The annual audit of the financial transactions and condition of a county shall certify compliance with requirements of this subparagraph. Funds not allocated to counties not qualifying for the allocations under subparagraph (2) as a result of this subparagraph shall be held in reserve for each county for two years. Counties qualifying within two years may receive the funds held in reserve. Funds not spent by a county within two years shall revert to the general pool of county funds for reallocation to other counties where needed.

(6) Each board of supervisors shall create a special resource enhancement account in the office of county treasurer and the county treasurer shall credit all resource enhancement funds received from the state in that account. Notwithstanding section 12C.7, all interest earned on funds in the county resource enhancement account shall be credited to that account and used for the purposes authorized for that account.

(7) There is appropriated from the county conservation account to the department the amount in that account, or so much thereof as is necessary, to fund the provisions of this paragraph. An appropriation made under this paragraph shall continue in force for two fiscal years after the fiscal year in which the appropriation was made or until completion of the project for which the appropriation was made, whichever date is earlier. All unencumbered or unobligated funds remaining at the close of the fiscal year in which a project funded pursuant to subparagraph (3) is completed or at the close of the third fiscal year, whichever date is earlier, shall revert to the county conservation account.

(8) Any funds received by a county under this paragraph may be used to match other state or federal funds, and multicounty or multiagency projects may be funded under this paragraph.

c. Twenty percent shall be allocated to the soil and water enhancement account. The moneys shall be used to carry out soil and water enhancement programs including but not limited to reforestation, woodland protection and enhancement, wildlife habitat preservation and enhancement, protection of highly erodible soils, and clean water programs. The division of soil conservation and water quality within the department of agriculture and land stewardship, by rule, shall establish procedures for eligibility, application, review, and selection of projects and practices to implement the requirements of this paragraph. There is appropriated from the soil and water enhancement account to the division of soil conservation and water quality the amount in that account, or so much thereof as is necessary, to carry out the programs as specified in this paragraph. Remaining funds of the soil and water enhancement account shall be allocated to the accounts of the water protection fund authorized in section 161C.4. Annually, fifty percent of the soil and water enhancement account funds shall be allocated to the water quality protection projects account. The balance of the funds shall be allocated to the water protection practices account. An appropriation made under this paragraph shall continue in force for two fiscal years after the fiscal year in which the appropriation was made or until completion of the project for which the appropriation was made, whichever date is earlier. All unencumbered or unobligated funds remaining at the close of the fiscal year in which the project is
completed or at the close of the third fiscal year, whichever date is earlier, shall revert to the soil and water enhancement account.

d. Fifteen percent shall be allocated to a cities’ parks and open space account. The moneys allocated in this paragraph may be used to fund competitive grants to cities to acquire, establish, and maintain natural parks, preserves, and open spaces. The grants may include expenditures for multipurpose trails, restroom facilities, shelter houses, and picnic facilities, but expenditures for single or multipurpose athletic fields, baseball or softball diamonds, tennis courts, golf courses, swimming pools, and other group or organized sport facilities requiring specialized equipment are excluded. The grants may be used for city projects located outside of a city’s boundaries. The natural resource commission, by rule, shall establish procedures for application, review, and selection of city projects on a competitive basis. The rules shall provide for three categories of cities based on population within which the cities shall compete for grants. There is appropriated from the cities’ parks and open space account to the department the amount in that account, or so much thereof as is necessary, to carry out the competitive grant program as provided in this paragraph.

e. Nine percent shall be allocated to the state land management account. The department shall use the moneys allocated to this account for maintenance and expansion of state lands and related facilities under its jurisdiction. The authority to expand state lands and facilities under this paragraph is limited to expansion of the state lands and facilities already owned by the state. There is appropriated from the state land management account to the department the moneys in that account, or so much thereof as is necessary, to implement a maintenance and expansion program for state lands and related facilities under the jurisdiction of the department.

f. Five percent shall be allocated to the historical resource grant and loan fund established pursuant to section 303.16. The department of cultural affairs shall use the moneys allocated to this fund to implement historical resource development programs as provided under section 303.16.

g. Three percent shall be allocated to the living roadway account for distribution to the living roadway trust fund created under section 314.21 for the development and implementation of integrated roadside vegetation plans.

2. a. The moneys appropriated under this section shall remain in the appropriate account of the Iowa resources enhancement and protection fund until such time as the agency, board, commission, or overseer of the fund to which moneys are appropriated has made a request to the treasurer for use of moneys appropriated to it and the amount needed for that use. Notwithstanding section 8.33, moneys remaining of the appropriations made for a fiscal year from any of the accounts within the Iowa resources enhancement and protection fund on June 30 of that fiscal year, shall not revert to any fund but shall remain in that account to be used for the purposes for which they were appropriated and the moneys remaining in that account shall not be considered in making the allotments for the next fiscal year.

b. However, any moneys in excess of five hundred thousand dollars, remaining in the living roadway account under subsection 1, paragraph “g”, on June 30 shall revert to the Iowa resources enhancement and protection fund under this section for distribution pursuant to the formula under this section except for subsection 1, paragraph “g”. That proportion of moneys that would have been reallocated to subsection 1, paragraph “g”, shall be distributed to the open spaces account under subsection 1, paragraph “a”.

455A.20 County resource enhancement committee.

1. A county resource enhancement committee is created in each county. The membership of the committee shall be as follows:

a. The chairpersons of the board of supervisors, county conservation board, commissioners of the soil and water district, and board of directors of each school district in the county. A chairperson may appoint a designee to serve on the committee. The
chairperson or designee of a school district shall be a member of the county committee of the county in which a majority or the largest plurality of the district’s students reside.

b. The mayor or the mayor’s designee of each city in a county. If a city is located in more than one county, the membership shall be on the county committee of the county in which the largest population of the city resides.

c. The titular head or the head’s designee of each recognized farm organization having a county organization in the county. The designee shall be a member of the organization represented. The recognized farm organizations are the following:

   (1) The Iowa farm bureau federation.
   (2) The Iowa farmers union.
   (3) The Iowa grange.
   (4) The national farmers organization.
   (5) The Iowa farm unity coalition.
   (6) Any other recognized farm or farm commodity group.

d. (i) The chairperson or the chairperson’s designee of each of the following wildlife or conservation organizations having a recognized county organization:

   (a) Iowa Audubon council.
   (b) Iowa sportmens federation.
   (c) Ducks unlimited.
   (d) Sierra club.
   (e) Pheasants forever.
   (f) The nature conservancy.
   (g) Iowa association of naturalists.
   (h) Izaak Walton league of America.
   (i) Other recognized wildlife, conservation, environmental, recreation, conservation education, or historical-cultural preservation groups, or a nonpartisan governmental research or study group limited to the league of women voters.

   (2) The designee shall be a member of the county chapter or organization in the county.

e. (1) A representative of each of the following entities:

   (a) A historic preservation commission or similar entity established by a county or city in the county.
   (b) A private organization that provides recognition and protection for the historic buildings, structures, sites, and districts in a county or a city in the county.
   (c) A historic museum or organization that maintains a collection of documents relating to the history of a county or a city in the county.

   (2) A representative shall be appointed by the county’s board of supervisors. If the board appoints a person representing an entity established by a city in the county, the board shall consult with the city authority that established the entity.

f. If a question arises as to whether a recognized county organization exists under paragraph “c” or “d”, the question shall be decided by a majority vote of the members selected under paragraphs “a” and “b”, excluding the representative of the county conservation board. Sections 69.16 and 69.16A do not apply to appointments made pursuant to this subsection.

2. The duties of the county resource enhancement committee are to coordinate the resource enhancement program, plans, and proposed projects developed by cities, county conservation board, and soil and water conservation district commissioners for funding under this subchapter. The county committee shall review and comment upon all projects before they are submitted for funding under section 455A.19. Each county committee shall propose a five-year program plan which includes a one-year proposed expenditure plan and submit it to the department.

3. The initial meeting of the committee shall be called by the chairperson of the board of supervisors. The chairperson shall give written notice of the date, time, and location of the first meeting. The county committee shall meet at least annually to organize by selecting a chairperson, vice chairperson, and other officers as necessary. The committee shall adopt rules governing the conduct of its meetings, subject to chapter 21.

4. The board of supervisors shall provide a meeting room and the necessary secretarial
and clerical assistance for the committee. The expenses shall be paid from the county general fund.

5. The members of the committee are not entitled to compensation or expenses related to their duties of office, except as may otherwise be provided by the boards, commissions, or organizations which the members represent.

455A.21 Conservation education program board.

1. A conservation education program board is created in the department. The board shall have five members appointed as follows:
   a. One member appointed by the director of the department of education.
   b. One member appointed by the director of the department of natural resources.
   c. One member appointed by the president of the Iowa association of county conservation boards.
   d. One member appointed by the president of the Iowa association of naturalists.
   e. One member appointed by the president of the Iowa conservation education council.

2. Section 69.16 does not apply to appointments made pursuant to this section.

3. The duties of the board are to revise and produce conservation education materials and to specify stipends to Iowa educators who participate in innovative conservation education programs approved by the board. The board shall allocate the funds provided for under section 455A.19, subsection 1, for the educational materials and stipends.

4. The department shall administer the funds allocated to the conservation education program as provided in this section.

455B.101 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Department” means the department of natural resources created under section 455A.2.
2. “Director” means the director of the department or a designee.
3. “Commission” means the environmental protection commission created under section 455A.6.

86 Acts, ch 1245, §1884

455B.102 Reserved.
455B.103 Director's duties.
The director shall:
1. Recommend to the commission the adoption of rules that are necessary for the effective administration of the department.
2. Recommend to the commission the adoption of rules to implement the programs and services assigned to it.
3. Contract, with the approval of the commission, with public agencies of this state to provide all laboratory, scientific field measurement and environmental quality evaluation services necessary to implement the provisions of this chapter, chapter 459, and chapter 459A. If the director finds that public agencies of this state cannot provide the laboratory, scientific field measurement and environmental evaluation services required by the department, the director may contract, with the approval of the commission, with any other public or private persons or agencies for such services or for scientific or technical services required to carry out the programs and services assigned to the department.
4. Conduct investigations of complaints received directly or referred by the commission created in section 455A.6 or other investigations deemed necessary. While conducting an investigation, the director may enter at any reasonable time in and upon any private or public property to investigate any actual or possible violation of this chapter, chapter 459, chapter 459A, chapter 459B, or the rules or standards adopted under this chapter, chapter 459, chapter 459A, or chapter 459B. However, the owner or person in charge shall be notified.
   a. If the owner or occupant of any property refuses admittance thereto, or if prior to such refusal the director demonstrates the necessity for a warrant, the director may make application under oath or affirmation to the district court of the county in which the property is located for the issuance of a search warrant.
   b. In the application the director shall state that an inspection of the premises is mandated by the laws of this state or that a search of certain premises, areas, or things designated in the application may result in evidence tending to reveal the existence of violations of public health, safety, or welfare requirements imposed by statutes, rules, or ordinances established by the state or a political subdivision thereof. The application shall describe the area, premises, or thing to be searched, give the date of the last inspection if known, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute, ordinance, or regulation pursuant to which inspection is to be made. If an item of property is sought by the director it shall be identified in the application.
   c. If the court is satisfied from the examination of the applicant, and of other witnesses, if any, and of the allegations of the application of the existence of the grounds of the application, or that there is probable cause to believe their existence, the court may issue such search warrant.
   d. In making inspections and searches pursuant to the authority of this division, the director must execute the warrant:
      (1) Within ten days after its date.
      (2) In a reasonable manner, and any property seized shall be treated in accordance with the provisions of chapters 808, 809, and 809A.
      (3) Subject to any restrictions imposed by the statute, ordinance, or regulation pursuant to which inspection is made.
5. Accept, receive, and administer grants or other funds or gifts from public or private agencies, including the federal government, for the abatement, prevention, or control of pollution, or other environmental programs, subject to the approval of the commission.
6. Represent the state in all matters pertaining to plans, procedures, negotiations, and agreements for interstate compacts relating to the control of pollution or the protection or enhancement of the environment. Any agreement is subject to the approval of the commission.
7. At the discretion of the director, enter into environmental covenants in accordance with
chapter 455I and accept or maintain such other real property interests as shall be appropriate for the protection of human health and safety or the environment.

Referred to in §455B.475, 459.207, 459.601

455B.103A General permits — storm water discharge — air contaminant sources.

1. If a permit is required pursuant to this chapter or chapter 459, 459A, or 459B for storm water discharge or an air contaminant source and a facility to be permitted is representative of a class of facilities which could be described and conditioned by a single permit, the director may issue, modify, deny, or revoke a general permit for all of the following conditions:
a. If adoption of a general permit is proposed, the terms, conditions, and limitations of the permit shall be drafted into a notice of intended action and adopted in accordance with the provisions of chapter 17A as a rule of the department. The same process of adoption shall be used for modification of a general permit.

b. Following the effective date of a general permit, a person proposing to conduct activities covered by the general permit shall provide a notice of intent to conduct a covered activity on a form provided by the department. A person shall also provide public notice of intent to conduct activities covered under the general permit by publishing notice in one newspaper with the largest circulation in the area in which the facility is located. Notice of the discontinuation of a permitted activity other than storm water and allowable nonstorm water discharges shall be provided in the same manner.

c. If the department finds that a proposed activity is not covered by a general permit, the department shall notify the affected person and shall provide the person with a permit application if the practice is one which could be authorized by individual permit.

d. A person holding an existing permit is subject to the terms of the existing permit until it expires. If the person holding an existing permit continues the activity beyond the expiration date of the existing permit, an applicable, approved general permit shall become effective.

e. A variance or alteration of the terms and conditions of a general permit shall not be granted. If a variance or modification of an operation authorized by a general permit is desired, the applicant shall apply for an individual permit.

f. The department shall perform on-site inspections and review monitoring data to assess the effectiveness of general permits. If a significant adverse environmental problem exists for an individual facility or class of facilities due to regulation under a general permit, the facility or class of facilities shall be required to obtain individual permits.

g. The department shall establish a procedure for the filing of complaints by persons believing themselves to be adversely affected by the environmental impact of the discharge of a facility operating under a general permit under this section.

2. General permits are not subject to the requirements applicable to individual permits.

3. Three years after the adoption of a general permit by rule, the department shall assess the activities which have been conducted under the general permit and determine whether any significant adverse environmental consequences have resulted.

4. a. Except as provided in paragraph “b”, an applicant to be covered under a general permit shall pay a permit fee, as established by rule of the commission, which is sufficient in the aggregate to defray the costs of the permit program. Moneys collected shall be remitted to the department.

b. The commission shall adopt rules for a general permit described in section 455B.197, including fees, only to the extent that the rules are consistent with that section.

5. The enforcement provisions of division II of this chapter and chapter 459, subchapter II, apply to general permits for air contaminant sources. The enforcement provisions of division
III, part 1, of this chapter, chapter 459, subchapter III, and chapter 459A apply to general permits for storm water discharge.

Referred to in §455B.195, 455B.197

455B.104 Departmental duties.
1. The department shall either approve or deny a permit to a person applying for a permit under this chapter within six months from the date that the department receives a completed application for the permit. An application which is not approved or denied within the six-month period shall be approved by default. The department shall issue a permit to the applicant within ten days following the date of default approval. However, this subsection shall not apply to applications for permits which are issued under division II or division IV, parts 2 through 5.
2. The department shall assist persons applying for assistance to establish and operate renewable fuel production facilities pursuant to section 15.335B.
3. The department may periodically forward recommendations to the commission designed to encourage the reduction of statewide greenhouse gas emissions.
4. By December 31 of each year, the department shall submit a report to the governor and the general assembly regarding the greenhouse gas emissions in the state during the previous calendar year and forecasting trends in such emissions. The first submission by the department shall be filed by December 31, 2011, for the calendar year beginning January 1, 2010.

455B.105 Powers and duties of the commission.
The commission shall:
1. Establish policy for the implementation of programs under its jurisdiction. The commission shall appoint advisory committees to advise the commission and the director in carrying out their respective powers and duties.
2. Advise, consult, and cooperate with other agencies of the state, political subdivisions, and any other public or private agency to promote the orderly, efficient, and effective accomplishment of its responsibilities.
3. Adopt, modify, or repeal rules necessary to implement this chapter, chapter 459, chapter 459A, and chapter 459B, and the rules deemed necessary for the effective administration of the department. When the commission proposes or adopts rules to implement a specific federal environmental program and the rules impose requirements more restrictive than the federal program being implemented requires, the commission shall identify in its notice of intended action or adopted rule preamble each rule that is more restrictive than the federal program requires and shall state the reasons for proposing or adopting the more restrictive requirement. In addition, the commission shall include with its reasoning a financial impact statement detailing the general impact upon the affected parties. It is the intent of the general assembly that the commission exercise strict oversight of the operations of the department. The rules shall include departmental policy relating to the disclosure of information on a violation or alleged violation of the rules, standards, permits, or orders issued by the department and keeping of confidential information obtained by the department in the administration and enforcement of this chapter, chapter 459, chapter 459A, and chapter 459B. Rules adopted by the executive committee before January 1, 1981, shall remain effective until modified or rescinded by action of the commission.
4. Issue orders and directives necessary to insure integration and coordination of the programs administered by the department.
5. Make a concise biennial report to the governor and the general assembly, which report shall contain information relating to the accomplishments and status of the programs
administered by the department and include recommendations for legislative action which may be required to protect or enhance the environment or to modernize the operation of the department or any of the programs or services assigned to the department and recommendations for the transfer of powers and duties of the department as deemed advisable by the commission. The biennial report shall conform to the provisions of section 7A.3.

6. Approve all contracts and agreements under this chapter, chapter 459, chapter 459A, and chapter 459B between the department and other public or private persons or agencies.

7. Obtain an adequate public employees fidelity bond to cover those officers and employees of the department accountable for property or funds of this state.

8. Hold public hearings, except when the evidence to be received is confidential pursuant to this chapter, chapter 22, chapter 459, chapter 459A, or chapter 459B, necessary to carry out its powers and duties. The commission may issue subpoenas requiring the attendance of witnesses and the production of evidence pertinent to the hearings. A subpoena shall be issued and enforced in the same manner as provided in civil actions.

9. Upon request of at least four members of the commission before adopting or modifying a rule, the director shall prepare and publish with the notice required under section 17A.4, subsection 1, paragraph “a”, a comprehensive estimate of the economic impact of the proposed rule or modification.

10. Appoint a water coordinator who shall coordinate requests from the public for information or assistance relating to the administration of water resources laws and programs and the resolution of water-related problems.

11. a. Adopt, by rule, procedures and forms necessary to implement the provisions of this chapter and chapters 459, 459A, and 459B relating to permits and general permits. The commission may also adopt, by rule, a schedule of fees for permit applications and a schedule of fees which may be periodically assessed for administration of permits. In determining the fee schedules, the commission shall consider:

   (1) The state’s reasonable cost of reviewing applications, issuing permits, and checking compliance with the terms of the permits.

   (2) The relative benefits to the applicant and to the public of permit review, issuance, and monitoring compliance. It is the intention of the legislature that permit fees shall not cover any costs connected with correcting violation of the terms of any permit and shall not impose unreasonable costs on any municipality.

   (3) The typical costs of the particular types of projects or activities for which permits are required, provided that in no circumstances shall fees be in excess of the actual costs to the department.

   b. Except as otherwise provided in this chapter and chapter 459, fees collected by the department under this subsection shall be remitted to the treasurer of state and credited to the general fund of the state.

   c. The commission shall adopt rules for applications or permits related to the national pollutant discharge elimination system (NPDES) coverage as described in section 455B.197, including fees, only to the extent that the rules are consistent with that section.

§455B.109 Schedule of civil penalties — violations.
1. The commission shall establish, by rule, a schedule or range of civil penalties which may be administratively assessed. The schedule shall provide procedures and criteria for the administrative assessment of penalties of not more than ten thousand dollars for violations of this chapter or rules, permits or orders adopted or issued under this chapter. In adopting a schedule or range of penalties and in proposing or assessing a penalty, the commission and director shall consider among other relevant factors the following:
   a. The costs saved or likely to be saved by noncompliance by the violator.
   b. The gravity of the violation.
   c. The degree of culpability of the violator.
   d. The maximum penalty authorized for that violation under this chapter.
2. Penalties may be administratively assessed only after an opportunity for a contested case hearing which may be combined with a hearing on the merits of the alleged violation. Violations not fitting within the schedule, or violations which the commission determines should be referred to the attorney general for legal action shall not be governed by the schedule established under subsection 1.
3. When the commission establishes a schedule for violations, the commission shall provide, by rule, a procedure for the screening of alleged violations to determine which cases may be appropriate for the administrative assessment of penalties. However, the screening procedure shall not limit the discretion of the department to refer any case to the attorney general for legal action.
4. A penalty shall be paid within thirty days of the date the order assessing the penalty becomes final. When a person against whom a civil penalty is assessed under this section seeks timely judicial review of an order imposing the penalty as provided under chapter 17A, the order is not final for the purposes of this section until all judicial review processes are completed. Additional judicial review may not be sought after the order becomes final. A person who fails to timely pay a civil penalty assessed by a final order of the department shall pay, in addition, interest at the rate of one and one-half percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid. The attorney general shall institute, at the request of the department, summary proceedings to recover the penalty and any accrued interest.
5. a. Except as provided in paragraph “b”, all civil penalties assessed by the department and interest on the civil penalties shall be deposited in the general fund of the state.
   b. Civil penalties assessed and collected by or on behalf of the department and interest on the civil penalties as provided in sections 459.602, 459.603, 459.604, 459A.502, and 459B.402 shall be credited to the Iowa nutrient research fund created in section 466B.46.
6. This section does not require the commission or the director to pursue an administrative remedy before seeking a remedy in the courts of this state.

455B.110 Administrative appeal orders — deadline.
1. An order issued by the director or the department pursuant to authority granted in this chapter may be appealed, resulting in the scheduling of a contested case hearing as provided for in chapter 17A. The appeal must be received by the director within the applicable time frame established in this section. If the appeal is not received within the applicable time frame, the appeal is not timely and the order is final agency action.
2. For a person that holds a permit issued by the department, an appeal must be received by the director within sixty days of the issuance of the order to the address of the person identified in the permit and the address of the responsible party listed in the permit, if any.
3. For a person that is required to maintain a registered agent or a registered office in the state and does not hold a permit issued by the department, an appeal must be received by the director within sixty days of the issuance of the order to the official registered agent address on file with the secretary of state.
4. For any other person, an appeal must be received by the director within sixty days of issuance to the last known address.
5. The director or the department shall provide a copy of the order by ordinary mail or electronic mail to the person’s attorney if the attorney has been identified to the department as representing the person.
6. For the purposes of this section, the date of issuance of an order by the director or the department is the postmarked date that the order is sent by the department to the registered agent or party by certified mail. For the purposes of this section, the date of receipt by the director is the postmarked date that the appeal was sent to the director.

455B.111 Citizen actions.
1. Except as provided in subsection 2, a person with standing as provided in subsection 3 may commence a civil action in district court on the person’s own behalf against any of the following:
   a. A person, including the state of Iowa, for violating any provision of this chapter; chapter 459, subchapters I, II, III, IV, and VI; chapter 459A; chapter 459B; or a rule adopted pursuant to this chapter; chapter 459, subchapters I, II, III, IV, and VI; chapter 459A; or chapter 459B.
   b. The director, the commission, or any official or employee of the department where there is an alleged failure to perform any act or duty under this chapter; chapter 459, subchapters I, II, III, IV, and VI; chapter 459A; chapter 459B; or a rule adopted pursuant to this chapter; chapter 459, subchapters I, II, III, IV, and VI; chapter 459A; or chapter 459B, which is not a discretionary act or duty.
2. An action shall not be commenced pursuant to subsection 1, paragraph “a”, unless the person commencing the action has provided the director and the alleged violator with a written notice at least sixty days prior to commencing the action. The written notice shall specify the nature of the violation and that legal action is contemplated under this section if the violation is not abated and, if necessary, remedial action is not taken. The state may intervene in such an action as a matter of right. In addition, an action shall not be commenced pursuant to subsection 1, paragraph “a”, if the department or the state has commenced and is actively prosecuting a civil action or is actively negotiating an out-of-court settlement to require abatement of the violation and, if necessary, remediation of damages. However, any person may intervene as a matter of right in such an action.
3. A person shall have standing to commence an action pursuant to subsection 1 or to intervene in an action pursuant to subsection 2 if the person is adversely affected by the alleged violation or the alleged failure to perform a duty or act.
4. In an action commenced pursuant to subsection 1, the court may award costs of litigation, including reasonable attorney and expert witness fees, to any party.
5. This section does not restrict any right under statutory or common law of a person or class of person to seek enforcement of provisions of this chapter; chapter 459, subchapters I, II, III, IV, and VI; chapter 459A; chapter 459B; or a rule adopted pursuant to this chapter;
chapter 459, subchapters I, II, III, IV, and VI; chapter 459A; or chapter 459B; or seek other relief permitted under the law.

455B.112 Actions by attorney general.
In addition to the duty to commence legal proceedings at the request of the director or commission under this chapter; chapter 459, subchapters I, II, III, IV, and VI; chapter 459A; or chapter 459B, the attorney general may institute civil or criminal proceedings, including an action for injunction, to enforce the provisions of this chapter; chapter 459, subchapters I, II, III, IV, and VI; chapter 459A; or chapter 459B, including orders or permits issued or rules adopted under this chapter; chapter 459, subchapters I, II, III, IV, and VI; chapter 459A; or chapter 459B.
Referred to in §455H.508

455B.112A Environmental crimes investigation and prosecution fund.
1. An environmental crimes investigation and prosecution fund is created as a separate fund in the state treasury to be administered by the attorney general. Moneys credited to the fund shall include court-ordered fines and restitution awarded to the attorney general as part of a judgment in an environmental criminal case.
2. For each fiscal year not more than twenty thousand dollars is appropriated from the fund to the department of justice to be used for the investigation and prosecution of environmental crimes, including the reimbursement of expenses incurred by county, municipal, and other local government agencies cooperating with the attorney general in the investigation and prosecution of environmental crimes.
3. Not more than twenty thousand dollars shall be credited to the fund in a fiscal year and any moneys in excess of this amount shall be credited to the general fund of the state.
4. Notwithstanding section 8.33, moneys credited to the fund shall not revert to any other fund. Notwithstanding section 12C.7, interest or earnings deposited in the fund shall be credited to the fund.
2007 Acts, ch 213, §22

455B.113 Certification of laboratories.
1. The director shall certify laboratories which perform laboratory analyses of samples required to be submitted by the department by this chapter; chapter 459, subchapters I, II, III, IV, and VI; or chapter 459A, or by rules adopted in accordance with this chapter; chapter 459, subchapters I, II, III, IV, and VI; or chapter 459A, or by permits or orders issued under this chapter; chapter 459, subchapters I, II, III, IV, and VI; or chapter 459A.
2. a. The commission shall adopt rules regarding content of laboratory certification application forms, which shall be furnished by the department.
b. The commission shall adopt rules regarding reciprocity agreements with other states that have equivalent laboratory certification requirements.
3. The director may charge a fee for processing of an application. The application fee is nonrefundable. In establishing the fee, the director shall take into account the administrative costs incurred and the cost of enforcement of this section. Fees collected shall be retained by the department.
4. A laboratory shall submit an application, every other year, accompanied by the fee determined by the director.

455B.114 Laboratory certificates.
1. Upon determination by the director that an applicant for certification has the necessary competence, equipment, and capability to perform the laboratory analytical procedures required, the director shall issue a certificate of competency to the laboratory. The certificate shall indicate the analytical parameters and procedures which the laboratory is certified to conduct.
2. The director may suspend or revoke the certificate of competency of a laboratory upon determination of the director that the laboratory no longer fulfills the requirements for certification.
88 Acts, ch 1120, §2

455B.115 Analysis by certified laboratory required.
Laboratory analysis of samples as required by this chapter; chapter 459, subchapters I, II, III, IV, and VI; or chapter 459A; or by rules adopted, or by permits or orders issued pursuant to this chapter; chapter 459, subchapters I, II, III, IV, and VI; or chapter 459A shall be conducted by a laboratory certified by the director as having the necessary competence, equipment, and capabilities to perform the analysis. Analytical results from laboratories not certificated shall not be accepted by the director.
88 Acts, ch 1120, §3; 2005 Acts, ch 136, §30

455B.117 Results of environmental tests — public records.
1. The results of any test, which test is relative to the purview of the department, and which test is conducted or performed by an independent entity at the request of a government body, as defined in section 22.1, or an agent or attorney for a government body, are public records pursuant to chapter 22.
2. A government body shall not be required to provide such test results to any person under this section until the agency head and agency’s governing body have received a copy of the test results. A government body shall not be required to provide such test results if the confidentiality of such information is protected pursuant to section 22.7. However, following receipt of test results by an agency head and the agency’s governing body, the agency head or agency’s governing body shall not take action regarding such test results unless the test results have been made public knowledge for a period of not less than seven days.

DIVISION II
AIR QUALITY
Referred to in §172D.3, 455B.103A, 455B.104

PART 1
GENERAL

455B.131 Definitions.
When used in this division II, unless the context otherwise requires:
1. “Air contaminant” means dust, fume, mist, smoke, other particulate matter, gas, vapor (except water vapor), odorous substance, radioactive substance, or any combination thereof.
2. “Air contaminant source” means any and all sources of emission of air contaminants whether privately or publicly owned or operated.
   a. Air contaminant source includes but is not limited to all types of businesses, commercial and industrial plants, works, shops, and stores, heating and power plants and stations, buildings and other structures of all types including single and multiple family residences, office buildings, hotels, restaurants, schools, hospitals, churches and other institutional buildings, automobiles, trucks, tractors, buses, aircraft, and other motor vehicles, garages, vending and service locations and stations, railroad locomotives, ships, boats, and other waterborne craft, portable fuel-burning equipment, indoor and outdoor
incinerators of all types, refuse dumps and piles, and all stack and other chimney outlets from any of the foregoing.

b. An air contaminant source does not include a fire truck or other fire apparatus operated by an organized fire department.

3. “Air pollution” means presence in the outdoor atmosphere of one or more air contaminants in sufficient quantities and of such characteristics and duration as is or may reasonably tend to be injurious to human, plant, or animal life, or to property, or which unreasonably interferes with the enjoyment of life and property.

4. “Atmosphere” means all space outside of buildings, stacks or exterior ducts.

5. “Earthen waste storage basin” means an uncovered and exclusively earthen cavity which, on a regular basis, receives waste discharges from a confinement animal feeding operation if accumulated wastes from the basin are completely removed at least twice each year.

6. “Emission” means a release of one or more air contaminants into the outside atmosphere.

8. “Major stationary source” means a stationary air contaminant source which directly emits, or has the potential to emit, one hundred tons or more of an air pollutant per year including a major source of fugitive emissions of a pollutant as determined by rule by the department or the administrator of the United States environmental protection agency.

9. “Person” means an individual, partnership, cooperative, firm, company, public or private corporation, political subdivision, agency of the state, trust, estate, joint stock company, an agency or department of the federal government or any other legal entity, or a legal representative, agent, officer, employee or assigns of such entities.

10. “Political subdivision” means any municipality, township, or county, or district, or authority, or any portion, or combination of two or more thereof.

11. “Potential to emit” means the maximum capacity of a stationary source to emit a pollutant under its physical and operational design as defined in rules adopted by the department.

12. “Schedule and timetable of compliance” means a schedule of remedial measures including an enforceable sequence of actions or operations leading to compliance with an emission limitation, other limitation, prohibition, or standard.

13. “Small business stationary source” means a stationary air contaminant source that meets all of the following requirements:

   a. Employs one hundred or fewer individuals.

   c. Is not a major stationary source.

   d. Emits less than fifty tons per year of any federally regulated air pollutant and less than seventy-five tons per year of all federally regulated pollutants under the federal Clean Air Act Amendments of 1990, 42 U.S.C. §7401 et seq.

[C71, §136B.2; C73, 75, 77, 79, 81, §455B.10]
C83, §455B.131

455B.132 Executive agency.
The department shall be the agency of the state to prevent, abate, or control air pollution.

[C73, 75, 77, 79, 81, §455B.11]
C83, §455B.132

455B.133 Duties.
The commission shall:

1. Develop comprehensive plans and programs for the abatement, control, and prevention
of air pollution in this state, recognizing varying requirements for different areas in the state. The plans may include emission limitations, schedules and timetables for compliance with the limitations, measures to prevent the significant deterioration of air quality and other measures as necessary to assure attainment and maintenance of ambient air quality standards.

2. Adopt, amend, or repeal rules pertaining to the evaluation, abatement, control, and prevention of air pollution. The rules may include those that are necessary to obtain approval of the state implementation plan under section 110 of the federal Clean Air Act as amended through January 1, 1991.

3. Adopt, amend, or repeal ambient air quality standards for the atmosphere of this state on the basis of providing air quality necessary to protect the public health and welfare and to reduce emissions contributing to acid rain pursuant to Tit. IV of the federal Clean Air Act Amendments of 1990.

4. Adopt, amend, or repeal emission limitations or standards relating to the maximum quantities of air contaminants that may be emitted from any air contaminant source. The standards or limitations adopted under this section shall not exceed the standards or limitations promulgated by the administrator of the United States environmental protection agency or the requirements of the federal Clean Air Act as amended through January 1, 1991. This does not prohibit the commission from adopting a standard for a source or class of sources for which the United States environmental protection agency has not promulgated a standard. This also does not prohibit the commission from adopting an emission standard or limitation for infectious medical waste treatment or disposal facilities which exceeds the standards or limitations promulgated by the administrator of the United States environmental protection agency or the requirements of the federal Clean Air Act as amended through January 1, 1991. The commission shall not adopt an emission standard or limitation for infectious medical waste treatment or disposal facilities prior to January 1, 1995, which exceeds the standards or limitations promulgated by the administrator of the United States environmental protection agency or the requirements of the federal Clean Air Act, as amended through January 1, 1991, for a hospital, or a group of hospitals, licensed under chapter 135B which has been operating an infectious medical waste treatment or disposal facility prior to January 1, 1991.

   a. (1) The commission shall establish standards of performance unless in the judgment of the commission it is not feasible to adopt or enforce a standard of performance. If it is not feasible to adopt or enforce a standard of performance, the commission may adopt a design, equipment, material, work practice or operational standard, or combination of those standards in order to establish reasonably available control technology or the lowest achievable emission rate in nonattainment areas, or in order to establish best available control technology in areas subject to prevention of significant deterioration review, or in order to adopt the emission limitations promulgated by the administrator of the United States environmental protection agency under section 111 or 112 of the federal Clean Air Act as amended through January 1, 1991.

   (2) If a person establishes to the satisfaction of the commission that an alternative means of emission limitation will achieve a reduction in emissions of an air pollutant at least equivalent to the reduction in emissions of the air pollutant achieved under the design, equipment, material, work practice or operational standard, the commission shall amend its rules to permit the use of the alternative by the source for purposes of compliance with this paragraph with respect to the pollutant.

   (3) A design, equipment, material, work practice or operational standard promulgated under this paragraph shall be promulgated in terms of a standard of performance when it becomes feasible to promulgate and enforce the standard in those terms.

   (4) For the purpose of this paragraph, the phrase “not feasible to adopt or enforce a standard of performance” refers to a situation in which the commission determines that the application of measurement methodology to a particular class of sources is not practicable due to technological or economic limitations.

   b. The degree of emission limitation required for control of an air contaminant under an emission standard shall not be affected by that part of the stack height of a source that exceeds good engineering practice, as defined in rules, or any other dispersion technique.
This paragraph shall not apply to stack heights in existence before December 30, 1970, or dispersion techniques implemented before that date.

5. Classify air contaminant sources according to levels and types of emissions, and other characteristics which relate to air pollution. The commission may require, by rule, the owner or operator of any air contaminant source to establish and maintain such records, make such reports, install, use and maintain such monitoring equipment or methods, sample such emissions in accordance with such methods at such locations and intervals, and using such procedures as the commission shall prescribe, and provide such other information as the commission may reasonably require. Such classifications may be for application to the state as a whole, or to any designated area of the state, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

6. a. Require, by rules, notice of the construction of any air contaminant source which may cause or contribute to air pollution, and the submission of plans and specifications to the department, or other information deemed necessary, for the installation of air contaminant sources and related control equipment. The rules relating to major stationary sources shall allow the submission of engineering descriptions, flow diagrams and schematics that quantitatively and qualitatively identify emission streams and alternative control equipment that will provide compliance with emission standards. Such rules shall not specify any particular method to be used to reduce undesirable levels of emissions, nor type, design, or method of installation of any equipment to be used to reduce such levels of emissions, nor the type, design, or method of installation or type of construction of any manufacturing processes or kinds of equipment, nor specify the kind or composition of fuels permitted to be sold, stored, or used unless authorized by subsection 4 of this section.

b. The commission may give technical advice pertaining to the construction or installation of the equipment or any other recommendation.

7. Commission rules establishing maximum permissible sulfate content shall not apply to an expansion of an industrial anaerobic lagoon facility which was constructed prior to February 22, 1979.

8. a. (1) Adopt rules consistent with the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549, including those amendments effective on January 1, 1991, regulations promulgated by the United States environmental protection agency pursuant to that Act, the provisions of this chapter, and rules adopted by the commission pursuant to this chapter, which require the owner or operator of an air contaminant source to obtain an operating permit prior to operation of the source. The rules shall specify the information required to be submitted with the application for an operating permit and the conditions under which a permit may be granted, modified, suspended, terminated, revoked, reissued, or denied. For sources subject to the provisions of Tit. IV of the federal Clean Air Act Amendments of 1990, operating permit conditions shall include emission allowances for sulfur dioxide emissions.

(2) (a) The commission may establish fees to be imposed and collected by the department, including operating permit application fees and fees upon regulated pollutants emitted from an air contaminant source, in an amount sufficient to cover, on a state fiscal year basis as described in section 455B.133B, all reasonable costs, direct and indirect, required to implement and administer the operating permit program as described in subparagraph (1) in conformance with the federal Clean Air Act Amendments of 1990. Affected units regulated under Tit. IV of the federal Clean Air Act Amendments of 1990 shall pay fees in the same manner as other sources subject to operating permit requirements, except as provided in section 408 of that Act.

(b) The fees collected by the department pursuant to subparagraph division (a) shall be credited to the appropriate accounts of the air contaminant source fund created pursuant to section 455B.133B, and shall be utilized to cover all reasonable costs required to implement and administer the programs required by Tit. V of the federal Clean Air Act Amendments of 1990, including the operating permit program pursuant to section 502 of that Act and the small business stationary source technical and environmental compliance assistance program pursuant to section 507 of that Act. The amount of the fees credited to and expended from each account of the air contaminant source fund shall be subject to the limitations provided in section 455B.133B.
(c) Fees established pursuant to this subparagraph (2) shall not be imposed for the regulation of an activity that exceeds the requirements of the federal Clean Air Act Amendments of 1990.

b. Adopt rules allowing the department to issue a state operating permit to an owner or operator of an air contaminant source. The state operating permit granted under this paragraph may only be issued at the request of an air contaminant source and will be used to limit its potential to emit to less than one hundred tons per year of a criteria pollutant as defined by the United States environmental protection agency or ten tons per year of a hazardous air pollutant or twenty-five tons of any combination of hazardous air pollutants.

c. Adopt rules for the issuance of a single general permit, after notice and opportunity for a public hearing. The single general permit shall cover numerous sources to the extent that the sources are representative of a class of facilities which can be identified and conditioned by a single permit.

9. Adopt rules allowing asphalt shingles to be burned in a fire set for the purpose of bona fide training of public or industrial employees in fire fighting methods only if a notice is provided to the director containing testing results indicating that the asphalt shingles do not contain asbestos. Each fire department shall be permitted to host two fires per year as allowed under this subsection.

10. Adopt rules allowing a city to conduct a controlled burn of a demolished building subject to the requirements that are in effect for the proper removal of all asbestos-containing materials prior to demolition and burning. The rules shall include provisions that a burn site have controlled access, that a burn site be supervised by representatives of the city at all times, and that the burning be conducted only when weather conditions are favorable with respect to surrounding property. For a burn site located outside of a city, the rules shall include a provision that a city may undertake not more than one such controlled burn per day and that a burn site be limited to an area located at least six-tenths of a mile from any inhabited building. For burn sites located within a city, the rules shall include a provision that a city may undertake not more than one such controlled burn in every six-tenths-of-a-mile-radius circle in each calendar year. The rules shall prohibit a controlled burn of a demolished building in Cedar Rapids, Marion, Hiawatha, Council Bluffs, Carter Lake, Des Moines, West Des Moines, Clive, Windsor Heights, Urbandale, Pleasant Hill, Buffalo, Davenport, Mason City, or any other area where area-specific state implementation plans require the control of particulate matter.

455B.133A Small business stationary source technical and environmental compliance assistance program.

A small business stationary source technical and environmental compliance assistance program shall be administered and enforced as required pursuant to the federal Clean Air Act Amendments of 1990, 42 U.S.C. §7661f.

2008 Acts, ch 1105, §2

455B.133B Air contaminant source fund created — fees and appropriations.

1. As used in this section, unless the context otherwise requires:

a. “Federal Clean Air Act Amendments of 1990” means Pub. L. No. 101-549, including those amendments effective on January 1, 1991, regulations promulgated by the United States environmental protection agency pursuant to that Act, the provisions of this chapter, and rules adopted by the commission pursuant to this chapter.

b. “State fiscal year” means the fiscal year described in section 3.12.
2. An air contaminant source fund is created in the office of the treasurer of state under the control of the department. The fund shall be composed of an air emission fee account and an operating permit application fee account as provided in this section.

3. In establishing fees to be imposed and collected by the department pursuant to section 455B.133, subsection 8, the commission shall use the calculated estimate described in this section. The fees collected pursuant to section 455B.133, subsection 8, shall be credited to the fund. The fund may include any other moneys appropriated by the general assembly or otherwise available to and obtained or accepted by the department for deposit in the fund.

4. a. The commission shall establish each fee amount based on the department’s calculated estimate of total revenues from all fees predicted to be credited to each account in the fund, but not to exceed a ceiling amount for each account as provided in this section. However, this subsection does not require that an account have a zero ending balance at the close of a state fiscal year.

b. Each state fiscal year the department shall recompute its calculated estimate and obtain approval from the commission if an established fee amount must be adjusted.

c. (1) The department shall annually convene a Tit. V fees stakeholder meeting. The department shall provide a report on the fees and budgets to the stakeholders. The department shall consider any recommendations of the stakeholders when computing its calculated estimate for the following state fiscal year.

(2) A person invited to attend a stakeholder meeting is not entitled to receive a per diem as specified in section 7E.6 and shall not be reimbursed for expenses incurred while attending the meeting.

5. a. The air emission fee account shall include all fees established by the commission to be imposed and collected by the department for emission fees for regulated pollutants submitted by major sources as defined in section 502 of the federal Clean Air Act Amendments of 1990, 42 U.S.C. §7661, and as defined in 567 IAC ch. 22.

b. (1) The department’s calculated estimate for the air emission fee account shall be computed to produce total revenues sufficient to pay for reasonable direct and indirect costs of implementing and administering the operating permit program as provided in section 455B.133, subsection 8, on a state fiscal year basis.

(2) The reasonable direct and indirect costs described in subparagraph (1) shall be limited to all of the following:

(a) General administrative costs of administering the operating permit program, including the supporting and tracking of operating permit applications, compliance certification, and related data entry.

(b) Costs of implementing and enforcing the terms of an operating permit, not including any court costs or other costs associated with an enforcement action, including adequate resources to determine which sources are subject to the program.

(c) Costs of emissions and ambient site-specific monitors.

(d) Costs of Tit. V source-specific modeling, analyses, or demonstrations.

(e) Costs of preparing inventories and tracking emissions.

(f) Costs of providing direct support to sources under the small business stationary source technical and environmental compliance assistance program as provided in section 455B.133A.

(3) The department shall not include in its computations for a calculated estimate, and the commission shall not establish fees, for greenhouse gas emissions as defined in 40 C.F.R. §70.12.

c. The department’s calculated estimate for the air emission fee account shall not produce total revenues in excess of eight million two hundred fifty thousand dollars during any state fiscal year.

d. (1) Moneys in the air emission fee account are appropriated to the department to pay for the reasonable direct and indirect costs specified in paragraph “b”, subparagraph (2).

(2) Notwithstanding subparagraph (1), moneys in the air emission fee account are also appropriated to the department to pay for costs associated with implementing and administering regulatory activities, including programs, provided for in division II of this chapter, other than costs covered by any of the following:
IV-645  JURISDICTION OF DEPARTMENT OF NATURAL RESOURCES, §455B.133C

(a) Operating permit application fees credited to the operating permit application fee account as provided in subsection 6.

(b) New source review application fees credited to the major source account of the air quality fund as provided in section 455B.133C, subsection 5.

(c) New source review application fees credited to the minor source account of the air quality fund as provided in section 455B.133C, subsection 6.

(d) Notification fees credited to the asbestos account of the air quality fund as provided in section 455B.133C, subsection 7.

6. a. The operating permit application fee account shall include all fees established by the commission to be imposed and collected by the department for accepting applications for operating permits submitted by major sources as defined in section 502 of the federal Clean Air Act Amendments of 1990, 42 U.S.C. §7661, and as defined in 567 IAC ch. 22.

b. (1) The department’s calculated estimate for the operating permit application fee account shall be computed to produce total revenues sufficient to provide for the reasonable direct and indirect costs of implementing and administering operating permit programs described in paragraph “a”.

(2) The reasonable direct and indirect costs described in subparagraph (1) shall be limited to all of the following:

(a) Costs of reviewing and acting on any application for an operating permit or operating permit revision.

(b) General administrative costs of administering the operating permit program, including the supporting and tracking of operating permit applications and related data entry.

(c) The department’s calculated estimate for the operating permit application fee account shall not produce total revenues in excess of one million two hundred fifty thousand dollars during any state fiscal year.

(d) Moneys in the operating permit application fee account are appropriated to the department to pay for reasonable direct and indirect costs specified in paragraph “b”, subparagraph (2).

7. a. The commission or department shall not transfer moneys credited from one account to another account of the fund.

b. Notwithstanding section 8.33, any unexpended balance in an account of the fund at the end of each state fiscal year shall be retained in that account.

c. Notwithstanding section 12C.7, any interest and earnings on investments from moneys in an account of the fund shall be credited to that account.

§455B.133C Air quality fund — fees and appropriations.

1. As used in this section, unless the context otherwise requires:

a. “Federal Clean Air Act Amendments of 1990” means the same as defined in section 455B.133B.

b. “State fiscal year” means the fiscal year described in section 3.12.

2. An air quality fund is created in the office of the treasurer of state under the control of the department. The fund shall be composed of a major source account, a minor source account, and an asbestos account as provided in this section.

3. The commission may establish fees to be imposed and collected by the department upon air contaminant sources required by 567 IAC ch. 22, 31, or 33, to obtain a permit, registration, template, or permit by rule, or to provide notification under 567 IAC 23.1(3). In establishing the fees, the commission shall use the calculated estimate described in this section. The fees collected shall be credited to the fund. The fund may include any other moneys appropriated by the general assembly or otherwise available to and obtained or accepted by the department for deposit in the fund.

4. a. The commission shall establish each fee amount based on the department’s
calculated estimate of total revenues from all fees predicted to be credited to each account in the fund, but not to exceed a ceiling amount for each account as provided in this section. However, this subsection does not require that an account have a zero ending balance at the close of a state fiscal year.

b. Each state fiscal year the department shall recompute its calculated estimate and obtain approval from the commission if an established fee amount must be adjusted.

c. (1) The department shall annually convene air quality fees stakeholder meetings. The department shall provide a report on the fees and budgets to the stakeholders regarding each account described in this section. The department shall consider any recommendations of the stakeholders when computing its calculated estimate for the following state fiscal year.

    (2) A person invited to attend a stakeholder meeting is not entitled to receive a per diem as specified in section 7E.6 and shall not be reimbursed for expenses incurred while attending the meeting.

5. a. The major source account shall include all fees established by the commission to be imposed and collected by the department for accepting applications for new source review permits including permit revisions submitted by major sources as defined in section 502 of the federal Clean Air Act Amendments of 1990, 42 U.S.C. §7661, under new source review programs pursuant to that federal Act, including as provided under 567 IAC ch. 22, 31, and 33.

b. (1) The department’s calculated estimate for the major source account shall be computed to produce total revenues sufficient to pay for reasonable direct and indirect costs of implementing and administering new source review programs described in paragraph “a” on a state fiscal year basis.

    (2) The reasonable direct and indirect costs described in subparagraph (1) shall be limited to all of the following:

        (a) Reviewing and acting on any application for a new source review permit, including the determination of all applicable requirements and dispersion modeling as part of the processing of a permit or permit revision, or an applicability determination.

        (b) General administrative costs of administering new source review programs including supporting and tracking of any application for a new source review permit and related data entry.

        (c) (i) Developing and implementing an expedited new source review permit application process.

            (ii) Additional fees associated with subparagraph subdivision (i).

    c. (1) The department’s calculated estimate for the major source account shall not produce total revenues in excess of one million five hundred thousand dollars during any state fiscal year.

    (2) Notwithstanding subparagraph (1), the department’s calculated estimate for the major source account shall not include the additional fees described in paragraph “b”, subparagraph (2), subparagraph division (c), subparagraph subdivision (ii).

    d. Moneys in the major source account are appropriated to the department to pay for reasonable direct and indirect costs of implementing and administering new source review programs as specified in paragraph “b”, subparagraph (2).

6. a. The minor source account shall include all fees established by the commission to be imposed and collected by the department for accepting applications submitted by minor air contaminant sources for construction permits or for providing for registrations, permits by rule, or template permits in lieu of obtaining construction permits, under minor source new source review programs pursuant to the federal Clean Air Act Amendments of 1990, including as provided under 567 IAC ch. 22.

b. (1) The department’s calculated estimate for the minor source account shall be computed to produce total revenues sufficient to pay for reasonable direct and indirect costs of implementing and administering minor source new source review programs as described in paragraph “a” on a state fiscal year basis.

    (2) The reasonable direct and indirect costs described in subparagraph (1) shall include costs associated with a new, modified, or existing minor air contaminant source, and related control equipment.
c. The department’s calculated estimate for the minor source account shall not produce total revenues in excess of two hundred fifty thousand dollars during any state fiscal year.

d. Moneys in the minor source account are appropriated to the department to pay for reasonable direct and indirect costs of implementing and administering minor source new source review programs as specified in paragraph “b”.

7. a. The asbestos account shall include all fees established by the commission to be imposed and collected by the department for accepting notifications involving demolition or renovation projects under the asbestos national emission standard for hazardous air pollutants program pursuant to 567 IAC ch. 23.

b. The department’s calculated estimate for the asbestos account shall be computed to produce total revenues sufficient to pay for reasonable direct and indirect costs of implementing and administering the asbestos national emission standard for hazardous air pollutants program as provided in paragraph “a” on a state fiscal year basis.

c. The department’s calculated estimate for the asbestos account shall not produce total revenues in excess of four hundred fifty thousand dollars during any state fiscal year.

d. Moneys in the asbestos account are appropriated to the department to pay for reasonable direct and indirect costs of implementing and administering the asbestos national emission standard for hazardous air pollutants program as specified in paragraph “b”.

8. Fees established pursuant to this section shall not be imposed for the regulation of an activity that exceeds the requirements of the federal Clean Air Act Amendments of 1990.

9. a. The commission or department shall not transfer moneys credited from one account to another account of the fund.

b. Notwithstanding section 8.33, any unexpended balance in an account of the fund at the end of each state fiscal year shall be retained in that account.

c. Notwithstanding section 12C.7, any interest and earnings on investments from moneys in an account of the fund shall be credited to that account.

455B.134 Director — duties — limitations.
The director shall:

1. Publish and administer the rules and standards established by the commission. The department shall furnish a copy of such rules or standards to any person upon request.

2. Provide technical, scientific, and other services required by the commission or for the effective administration of this division II and chapter 459, subchapter II.

3. Grant, modify, suspend, terminate, revoke, reissue, or deny permits for the construction or operation of new, modified, or existing air contaminant sources and for related control equipment subject to the rules adopted by the commission. The department shall furnish necessary application forms for such permits.

a. No air contaminant source shall be installed, altered so that it significantly affects emissions, or placed in use unless a construction permit has been issued for the source.

b. The condition of expected performance shall be reasonably detailed in the construction permit.

c. All applications for permits shall be subject to such notice and public participation as may be provided by rule by the commission. Upon denial or limitation of a permit, the applicant shall be notified of such denial and informed of the reason or reasons therefor, and such applicant shall be entitled to a hearing before the commission.

d. A regulated air contaminant source for which a construction permit has been issued shall not be operated unless an operating permit also has been issued for the source. However, if the facility was in compliance with permit conditions prior to the requirement for an operating permit and has made timely application for an operating permit, the facility may continue operation until the operating permit is issued or denied. Operating permits shall contain the requisite conditions and compliance schedules to ensure conformance with state and federal requirements including emission allowances for sulfur dioxide emissions for sources subject to Tit. IV of the federal Clean Air Act Amendments of 1990.
If construction of a new air contaminant source is proposed, the department may issue an operating permit concurrently with the construction permit, if possible and appropriate.

e. (1) Notwithstanding any other provision of division II of this chapter or chapter 459, subchapter II, the following siting requirements shall apply to anaerobic lagoons and earthen waste slurry storage basins:

(a) Anaerobic lagoons, constructed or expanded on or after June 20, 1979, but prior to May 31, 1995, or earthen waste slurry storage basins, constructed or expanded on or after July 1, 1990, but prior to May 31, 1995, which are used in connection with animal feeding operations containing less than six hundred twenty-five thousand pounds live animal weight capacity of animal species other than beef cattle or containing less than one million six hundred thousand pounds live animal weight capacity of beef cattle, shall be located at least one thousand two hundred fifty feet from a residence not owned by the owner of the feeding operation or from a public use area other than a public road. Anaerobic lagoons or earthen waste slurry storage basins, which are used in connection with animal feeding operations containing six hundred twenty-five thousand pounds or more live animal weight capacity of animal species other than beef cattle or containing one million six hundred thousand pounds or more live animal weight capacity of beef cattle, shall be located at least one thousand eight hundred seventy-five feet from a residence not owned by the owner of the feeding operation or from a public use area other than a public road. For the purpose of this paragraph the determination of live animal weight capacity shall be based on the average animal weight capacity during a production cycle and the maximum animal capacity of the animal feeding operation.

(b) Anaerobic lagoons which are used in connection with industrial treatment of wastewater where the average wastewater discharge flow is one hundred thousand gallons per day or less shall be located at least one thousand two hundred fifty feet from a residence not owned by the owner of the lagoon or from a public use area other than a public road. Anaerobic lagoons which are used in connection with industrial treatment of wastewater where the average wastewater discharge flow is greater than one hundred thousand gallons per day shall be located at least one thousand eight hundred seventy-five feet from a residence not owned by the owner of the lagoon or from a public use area other than a public road. These separation distances apply to the construction of new facilities and the expansion of existing facilities.

(2) A person may build or expand an anaerobic lagoon or an earthen waste slurry storage basin closer to a residence not owned by the owner of the anaerobic lagoon or to a public use area than is otherwise permitted by subparagraph (1) of this paragraph, if the affected landowners enter into a written agreement with the anaerobic lagoon owner to waive the separation distances under such terms the parties negotiate. The written agreement becomes effective only upon recording in the office of the recorder of deeds of the county in which the residence is located.

f. All applications for construction permits or prevention of significant deterioration permits shall quantify the potential to emit greenhouse gases due to the proposed project.

4. Determine by field studies and sampling the quality of atmosphere and the degree of air pollution in this state or any part thereof.

5. Conduct and encourage studies, investigations, and research relating to air pollution and its causes, effects, abatement, control, and prevention.

6. Provide technical assistance to political subdivisions of this state requesting such aid for the furtherance of air pollution control.

7. Collect and disseminate information, and conduct educational and training programs, relating to air pollution and its abatement, prevention, and control.

8. Consider complaints of conditions reported to, or considered likely to, constitute air pollution, and investigate such complaints upon receipt of the written petition of any state agency, the governing body of a political subdivision, a local board of health, or twenty-five affected residents of the state.

9. Issue orders consistent with rules to cause the abatement or control of air pollution, or to secure compliance with permit conditions. In making the orders, the director shall consider the facts and circumstances bearing upon the reasonableness of the emissions
involved, including but not limited to, the character and degree of injury to, or interference with, the protection of health and the physical property of the public, the practicability of reducing or limiting the emissions from the air pollution source, and the suitability or unsuitability of the air pollution source to the area where it is located. An order may include advisory recommendations for the control of emissions from an air contaminant source and the reduction of the emission of air contaminants.

10. Encourage voluntary cooperation by persons or affected groups in restoring and preserving a reasonable quality of air within the state.

11. Encourage political subdivisions to handle air pollution problems within their respective jurisdictions.

12. Review and evaluate air pollution control programs conducted by political subdivisions of the state with respect to whether the programs are consistent with the provisions of division II of this chapter and chapter 459, subchapter II, and rules adopted by the commission.

13. Hold public hearings, except when the evidence to be received is confidential pursuant to section 455B.137, necessary to accomplish the purposes of division II of this chapter and chapter 459, subchapter II. The director may issue subpoenas requiring the attendance of witnesses and the production of evidence pertinent to the hearings. A subpoena shall be issued and enforced in the same manner as in civil actions.

14. Convene meetings not later than June 1 during the second calendar year following the adoption of new or revised federal ambient air quality standards by the United States environmental protection agency to review emission limitations or standards relating to the maximum quantities of air contaminants that may be emitted from any air contaminant source as provided in section 455B.133, subsection 4. By November 1 of the same calendar year, the department shall submit a report to the governor and the general assembly regarding recommendations for law changes necessary for the attainment of the new or revised federal standards.

455B.135 Limit on authority.

Nothing contained in this division II or chapter 459, subchapter II, shall be deemed to grant to the department or the director any authority or jurisdiction with respect to air pollution existing solely within residences; or solely within commercial and industrial plants, works, or shops under the jurisdiction of chapters 88 and 91; or to affect the relations between employers and employees with respect to, or arising out of, any condition of air pollution.

455B.136 Assistance on demand.

The department and the director may request and receive assistance from any other agency, department, or educational institution of the state, or political subdivision thereof, when it is deemed necessary or beneficial by the department or the director. The department may reimburse such agencies for special expense resulting from expenditures not normally a part of the operating expenses of any such agency.

1. When the director has evidence that a violation of any provision of division II of this chapter or chapter 459, subchapter II, or rule, standard, or permit established or issued under division II or chapter 459, subchapter II, has occurred, the director shall notify the alleged violator and, by informal negotiation, attempt to resolve the problem. If the negotiations fail to resolve the problem within a reasonable period of time, the director shall issue an order directing the violator to prevent, abate, or control the emissions or air pollution involved. The order shall prescribe the date by which the violation shall cease and may prescribe timetables for necessary action to prevent, abate, or control the emissions of air pollution. The order may be appealed to the commission. The applicable time frames for the issuance and appeal of the order are defined in section 455B.110.

2. After the hearing on appeal, the commission may affirm, modify, or rescind the order of the director.

3. The director shall keep a complete record of the hearings and proceeding and the record shall be open to public inspection, subject to section 455B.137. Upon request, a copy of the transcript shall be furnished to the violator or alleged violator at the violator's or alleged violator's expense.

4. An appeal to the commission under this section shall be conducted as a contested case under chapter 17A.

If the director has evidence that any person is causing air pollution and that such pollution creates an emergency requiring immediate action to protect the public health and safety, or property, the director may, without notice, issue an emergency order requiring such person to reduce or discontinue immediately the emission of air contaminants. A copy of the emergency order shall be served by personal service. An emergency order issued by the director may be appealed to the commission. After hearing on appeal, the commission may affirm, modify or rescind the order of the director.

455B.143 Variance.

Any person who owns or operates any plant, building, structure, process, or equipment may apply for a variance from the rules or standards adopted by the department by filing an application with the department. The application shall be accompanied by such information and data required by the department.

1. The director shall promptly investigate the application and approve or disapprove the application. The director may grant a variance if the director finds that:
   a. The emissions occurring or proposed to occur do not endanger or tend to endanger human health or safety or property; and
   b. Compliance with the rules or standards from which the variance is sought will produce serious hardship without equal or greater benefits to the public.

2. The applicant may request a review hearing before the department if the application is denied.

3. In determining under what conditions and to what extent a variance may be granted, the director shall give due recognition to the progress which the applicant has made toward eliminating or preventing air pollution. In such a case, the director shall consider the reasonableness of the request, conditioned upon such applicant effecting a partial abatement of the particular air pollution within a reasonable period of time, or the director may prescribe other requirements with which such applicant shall comply.

4. The director may grant a variance for a specified period of time, not exceeding one year, and the director may further specify that the applicant make periodic reports specifying the progress that has been made toward compliance with any rule for which the variance was granted. A variance may be extended from year to year by affirmative action of the director.

5. The director shall maintain a record of each variance granted specifying the reasons for its issuance or extension.

1. Any political subdivision may conduct an air pollution control program within the boundaries of its jurisdiction, or may jointly conduct an air pollution control program with other political subdivisions of this state or of other states, except that every joint program shall be established and administered as provided in chapter 28E. In conducting such programs, political subdivisions may adopt and enforce rules or standards to secure and maintain adequate air quality within their respective jurisdictions.

2. If the board of supervisors in any county establishes an air pollution control program and has obtained a certificate of acceptance, the agency implementing the program may regulate air pollution within the county including any incorporated areas therein until such incorporated areas obtain a certificate of acceptance as a joint or separate agency.

**§455B.145 Acceptance of local program.**

When an air pollution control program conducted by a political subdivision, or a combination of them, is deemed upon review as provided in section 455B.134, to be consistent with the provisions of this division II or the rules established under this division, the director shall accept such program in lieu of state administration and regulation of air pollution within the political subdivisions involved. This section shall not be construed to limit the power of the director to issue state permits and to take other actions consistent with this division II or the rules established under this division that the director deems necessary for the continued proper administration of the air pollution programs within the jurisdiction of the local air pollution program.

1. In evaluating an air pollution control program, consideration shall be given to whether such program provides for the following:
   a. Ordinances, rules and standards establishing requirements consistent with, or more strict than, those imposed by this division II or rules and standards adopted by the department.
   b. Enforcement of such requirements by appropriate administrative and judicial process.
   c. Administrative organization, staff, financial and other resources necessary to administer an efficient and effective program.
   d. Location of emission monitoring devices in areas of the political subdivision in compliance with uniform state standards adopted by the department. The department shall adopt uniform state standards for the location of emission monitoring devices specifying such intervals and such procedures to provide a reasonably consistent measurement of emissions from air contaminant sources regardless of the political subdivision of the state in which the sources may be located.

2. Upon acceptance of a local air pollution control program, the director shall issue a certificate of acceptance to the appropriate local agency.
   a. Any political subdivision desiring a certificate of acceptance shall apply to the department on forms prescribed by the director.
   b. The director shall promptly investigate the application and approve or disapprove the application. The director may conduct a public hearing before action is taken to approve or disapprove. If the director disapproves issuing a certificate, the political subdivision may appeal the action to the department of inspections and appeals. At the hearing on appeal, the department of inspections and appeals shall decide whether the local program is substantially consistent with the provisions of this division II, or rules adopted thereunder, and whether the local program is being enforced. The burden of proof shall be upon the political subdivision.
   c. If the director determines at any time that a local air pollution program is being conducted in a manner inconsistent with the substantive provisions of this division II or the rules adopted thereunder, the director shall notify the political subdivision, citing the deviations from the acceptable standards and the corrective measures to be completed within a reasonable amount of time. If the corrective measures are not implemented as prescribed, the director shall suspend in whole or in part the certificate of acceptance of
such political subdivision and shall administer the regulatory provisions of said division in whole or in part within the political subdivision until the appropriate standards are met. Upon receipt of evidence that necessary corrective action has been taken, the director shall reinstate the suspended certificate of acceptance, and the political subdivision shall resume the administration of the local air pollution control program within its jurisdiction. In cases where the certificate of acceptance is suspended, the political subdivision may appeal the suspension to the department of inspections and appeals.

d. Nothing in this division II shall be construed to supersede the jurisdiction of any local air pollution control program in operation on the first of January, 1973, except that any such program shall meet all requirements of said division.

455B.146 Civil action for compliance — local program actions.

If any order, permit, rule or standard of the department is being violated, the attorney general shall, at the request of the department or the director, institute a civil action in any district court for injunctive relief to prevent any further violation of the order, permit, or rule, or for the assessment of a civil penalty as determined by the court, not to exceed ten thousand dollars per day for each day such violation continues, or both such injunctive relief and civil penalty. Notwithstanding sections 331.302 and 331.307, a city or county which maintains air pollution control programs authorized by certificate of acceptance under this division may provide civil penalties consistent with the amount established for such penalties under this division.

455B.146A Criminal action — penalties.

1. A person who knowingly violates any provision of division II of this chapter, any permit, rule, standard, or order issued under division II of this chapter, or any condition or limitation included in any permit issued under division II of this chapter, is guilty of an aggravated misdemeanor. A conviction for a violation is punishable by a fine of not more than ten thousand dollars for each day of violation or by imprisonment for not more than two years, or both. If the conviction is for a second or subsequent violation committed by a person under this section, however, the conviction is punishable by a fine of not more than twenty thousand dollars for each day of violation or by imprisonment for not more than four years, or by both.

2. a. A person who knowingly makes any false statement, representation, or certification of any application, record, report, plan, or other document filed or required to be maintained under division II of this chapter, or by any permit, rule, standard, or order issued under division II of this chapter or who falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required to be maintained under division II of this chapter, or by any permit, rule, standard, or order issued under division II of this chapter, or who knowingly fails to notify or report as required by division II of this chapter or by any permit, rule, standard, or order issued under division II of this chapter, or by any condition or limitation included in any permit issued under division II of this chapter, is guilty of an aggravated misdemeanor punishable by a fine of not more than ten thousand dollars per day per violation or by imprisonment for not more than one year, or by both. If the conviction is for a second or subsequent violation committed by a person under this paragraph, however, the conviction is punishable by a fine of not more than twenty thousand dollars for each day of violation or by imprisonment for not more than two years, or by both.

b. A person who knowingly fails to pay any fee owed the state under any provision of division II of this chapter, or any permit, rule, standard, or order issued under division II of this chapter, is guilty of an aggravated misdemeanor punishable by a fine of not more than
ten thousand dollars per day per violation or by imprisonment for not more than six months, or by both. If the conviction is for a second or subsequent violation under this paragraph, however, the conviction is punishable by a fine of not more than twenty thousand dollars for each day of violation or by imprisonment for not more than one year, or by both.

3. A person who negligently releases into the ambient air any hazardous air pollutant or extremely hazardous substance, and who at the time negligently places another person in imminent danger of death or serious bodily injury shall, upon conviction, be punished by a fine of not more than twenty-five thousand dollars for each day of violation or by imprisonment for not more than one year, or by both. If the conviction is for a second or subsequent negligent violation committed by a person under this section, however, the conviction is punishable by a fine of not more than fifty thousand dollars for each day of violation or by imprisonment for not more than two years, or by both.

4. a. A person who knowingly releases into the ambient air any hazardous air pollutant or extremely hazardous substance, and who knows at the time that the conduct places another person in imminent danger of death or serious bodily injury shall, upon conviction, if the person committing the violation is an individual or a government entity, be punished by a fine of not more than fifty thousand dollars per violation or by imprisonment for not more than two years, or by both. However, if the person committing the violation is other than an individual or a government entity, upon conviction the person shall be punished by a fine of not more than one million dollars per violation. If the conviction is for a second or subsequent violation under this paragraph, the conviction is punishable by a fine or imprisonment, or both, as consistent with federal law.

b. In determining whether a defendant who is an individual knew that the violation placed another person in imminent danger of death or serious bodily injury the following shall apply:

(1) The defendant is deemed to have knowledge only if the defendant possessed actual awareness or held an actual belief.

(2) Knowledge possessed by a person other than the defendant, and not by the defendant personally, is not attributable to the defendant. In establishing a defendant’s possession of actual knowledge, circumstantial evidence may be used, including evidence that the defendant took affirmative action to be shielded from relevant information.

c. It is an affirmative defense that the conduct was freely consented to by the person endangered and that the danger and conduct were reasonably foreseeable hazards of either of the following:

(1) An occupation, a business, or a profession.

(2) Medical treatment or medical or scientific experimentation conducted by professionally approved methods if the person was made aware of the risks involved prior to providing consent. An affirmative defense under this subparagraph shall be established by a preponderance of the evidence.

d. All general defenses, affirmative defenses, and bars to prosecution that are applicable with respect to other criminal offenses apply under paragraph “a”. All defenses and bars to prosecution shall be determined by the courts in accordance with the principles of common law as interpreted, taking into consideration the elements of reason and experience. The concepts of justification and legal excuse, as applicable, may be developed, taking into consideration the elements of reason and experience.

e. As used in this subsection, “serious bodily injury” means bodily injury which involves a substantial risk of death, unconsciousness, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

5. a. Notwithstanding this section, a source required to obtain a permit for construction or modification of a source prior to the date on which the state received delegation of the federal operating permit program which failed to timely file for the permit is subject to the civil penalty for noncompliance in effect at the time.

b. This subsection does not provide an exception from application of the penalties established under this section for failure of a person to file a timely and complete application for a federal construction permit.

c. This subsection does not provide an exception from application of the penalties
established in this section for a person who does not file a timely and complete application for a required permit once notified, in writing, by the department of the noncompliance. A person who does not comply following notification of noncompliance is subject to the criminal penalties established under this section.

455B.149 Energy or economic emergency.
1. Upon application by the owner or operator of a fuel-burning stationary source, and after notice and opportunity for public hearing, the commission may petition the president, under section 110, subsection “f”, paragraph 1 of the federal Clean Air Act as amended through January 1, 1991, for a determination that a national or regional energy emergency exists. If the president determines an emergency exists, the commission may suspend any requirement of this division or a rule or permit issued under this division. A temporary emergency suspension under this subsection shall be issued only if there exists in the vicinity of the source a temporary emergency involving high levels of unemployment or loss of necessary energy supplies for residential buildings and if the unemployment or loss can be totally or partially alleviated by the suspension. Only one suspension may be issued for a source on the basis of the same set of circumstances or on the basis of the same emergency. A suspension shall remain in effect for a maximum of four months. The commission may include in a suspension a provision directing the director to delay for a period identical to the period of the suspension a compliance schedule or increment of progress to which the source is subject under section 455B.138, if the source is unable to comply with the schedule or increment solely because of the conditions on the basis of which the suspension was issued.

2. If a plan revision has been submitted to the administrator of the United States environmental protection agency under section 110 of the federal Clean Air Act as amended through January 1, 1991, and if the commission determines that the revision meets the requirements of that section and the revision is necessary to prevent the closing of an air contaminant source for one year or more and to prevent substantial increases in unemployment which would result from the closing, and if the administrator has not approved or disapproved within the required four-month period, the commission may issue a temporary emergency suspension of the part of the applicable implementation plan which is proposed to be revised with respect to the source. The determination under this subsection shall not be made with respect to a source which would close without regard to whether or not the proposed plan revision is approved. A temporary emergency suspension issued under this subsection shall remain in effect for a maximum of four months. A temporary emergency suspension under this subsection may include a provision directing the director to delay for a period identical to the period of the suspension a compliance schedule or increment of progress to which the source is subject under section 119 of the federal Clean Air Act as in effect prior to August 7, 1977, or section 113, subsection “d” of the federal Clean Air Act as amended through January 1, 1991, upon a finding that the source is unable
to comply with the schedule or increment solely because of the conditions on the basis of which a suspension was issued under this subsection.

455B.150 Compliance advisory panel — creation.  
A compliance advisory panel is created, pursuant to Tit. V, section 507(e) of the federal Clean Air Act Amendments of 1990, 42 U.S.C. §7661f.  
1. Appointment to the compliance advisory panel shall be as follows:  
   a. Two persons shall be appointed by the governor.  
   (1) Each person shall represent the general public and have an interest in air quality issues. The person shall not be an owner or represent an owner of a small business stationary source.  
   (2) The person shall serve for a four-year term and may be reappointed. A term of office shall begin and end as provided in section 69.19.  
   (3) An appointment shall comply with sections 69.16 and 69.16A. In addition, the appointments shall be geographically balanced.  
   b. Four persons appointed by the leadership of the general assembly.  
   (1) The persons, who shall not be members of the general assembly, shall be appointed as follows:  
      (a) One person by the majority leader of the senate after consultation with the president of the senate, and one person by the minority leader of the senate.  
      (b) One person by the speaker of the house of representatives after consultation with the majority leader, and one person by the minority leader of the house of representatives.  
      (2) Each person shall be an owner of a small business stationary source or shall represent an owner of a small business stationary source.  
   (3) Each person shall serve for a term as provided in section 69.16B and may be reappointed.  
   c. The director or the director's designee who shall serve for a term of four years.  
   2. A vacancy shall be filled for the unexpired term by the original appointing authority in the manner of the original appointment.  
3. The members are entitled to receive a per diem as specified in section 7E.6 for each day spent in performance of duties of members, and shall be reimbursed for all actual necessary expenses incurred in the performance of duties as members. Per diem and expenses shall be paid from moneys deposited in the air contaminant source fund created pursuant to section 455B.133B.  
4. The compliance advisory panel shall elect a chairperson and may elect a vice chairperson or other officers from among its members as provided by its rules. The panel shall meet on a regular basis, but at least once each six months, and at the call of the chairperson or upon the written request to the chairperson of three or more members.  
5. The department shall staff the compliance advisory panel and provide the panel with space to conduct its meetings, clerical assistance, and necessary supplies and equipment.  
Referred to in §455B.151

455B.151 Compliance advisory panel — powers and duties.  
The compliance advisory panel created in section 455B.150 shall review and report on the effectiveness of the small business stationary source technical and environmental compliance assistance program as provided in section 455B.133A. The compliance advisory panel shall do all of the following:  
1. Render advisory opinions concerning the effectiveness of the small business stationary source technical and environmental compliance assistance program, difficulties encountered, and degree and severity of enforcement.  
2. Make periodic reports to the administrator of the federal environmental protection agency concerning the compliance of the state small business stationary source technical

3. Review information for small business stationary sources to assure such information is understandable by the layperson.

4. Have the small business stationary source technical and environmental compliance assistance program serve as the secretariat for the development and dissemination of such reports and advisory opinions.

455B.152 Greenhouse gas inventory and registry.
1. Definitions. For purposes of this section, “greenhouse gas” means carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, or sulfur hexafluoride.

2. Greenhouse gas inventory.
   a. By January 1, 2008, the department shall establish a method for collecting data from producers of greenhouse gases regarding generated greenhouse gases. The data collection method shall provide for mandatory reporting to collect information from affected entities individually and shall include information regarding the amount and type of greenhouse gases generated, the type of source, and other information deemed relevant by the department in developing a baseline measure of greenhouse gases produced in the state.
   b. The department may allow a series of reporting requirements to be phased in over a period of time and may provide for phasing in by producer sector, geographic area, size of producer, or other factors. The reporting requirements shall apply to the departments, agencies, boards, and commissions of the state, in addition to any other entities subject to the reporting requirements established by the department.
   c. The department shall coordinate the data collection with the United States environmental protection agency upon the enactment of a federal mandatory greenhouse gas emission reporting rule.

   a. The department shall establish a voluntary greenhouse gas registry for purposes of cooperating with other states in tracking, managing, and crediting entities in the state that reduce their generation of greenhouse gases or that provide increased energy efficiency.
   b. The department shall develop a mechanism to coordinate the information obtained in the greenhouse gas inventory with the greenhouse gas registry.

4. Availability. By January 1, 2009, the greenhouse gas registry shall be made available on an internet site.

DIVISION III
WATER QUALITY

§455B.171, JURISDICTION OF DEPARTMENT OF NATURAL RESOURCES

PART 1
GENERAL

455B.171 Definitions.
When used in this part 1 of division III, unless the context otherwise requires:
1. “Abandoned well” means a water well which is no longer in use or which is in such a state of disrepair that continued use for the purpose of accessing groundwater is unsafe or impracticable.
2. “Construction” of a water well means the physical act or process of making the water well including but not limited to siting, excavation, construction, and the installation of equipment and materials necessary to maintain and operate the well.
3. “Contractor” means a person engaged in the business of well construction or reconstruction or other well services.
4. “Credible data” means scientifically valid chemical, physical, or biological monitoring data collected under a scientifically accepted sampling and analysis plan, including quality control and quality assurance procedures. Data dated more than five years before the department’s date of listing or other determination under section 455B.194, subsection 1, shall be presumed not to be credible data unless the department identifies compelling reasons as to why the data is credible.
5. “Disposal system” means a system for disposing of sewage, industrial waste, or other wastes, or for the use or disposal of sewage sludge. “Disposal system” includes sewer systems, treatment works, point sources, dispersal systems, and any systems designed for the usage or disposal of sewage sludge.
6. “Effluent standard” means any restriction or prohibition on quantities, rates, and concentrations of chemical, physical, biological, radiological, and other constituents which are discharged from point sources into any water of the state including an effluent limitation, a water quality related effluent limitation, a standard of performance for a new source, a toxic effluent standard, or other limitation.
8. “Food commodity” means any commodity that is derived from an agricultural animal or crop, both as defined in section 717A.1, which is intended for human consumption in its raw or processed state.
   a. A food commodity in its raw state for processing includes but is not limited to milk, eggs, vegetables, fruits, nuts, syrup, and honey.
   b. A food commodity in its processed state includes but is not limited to dairy products, pastries, pies, and meat or poultry products.
9. “Historical data” means data collected more than five years before the department’s date of listing or other determination under section 455B.194, subsection 1.
10. “Industrial waste” means any liquid, gaseous, radioactive, or solid waste substance resulting from any process of industry, manufacturing, trade, or business or from the development of any natural resource.
11. “Iowa nutrient reduction strategy” means a water quality initiative developed and updated by the department of agriculture and land stewardship, the department of natural resources, and the college of agriculture and life sciences at Iowa state university of science and technology in order to assess and reduce nutrients in this state’s watersheds that utilize
a pragmatic, strategic, and coordinated approach with the goal of accomplishing reductions over time.

12. “Manure” means the same as defined in section 459.102.

13. “Manure sludge” means the solid or semisolid residue produced during the treatment of manure in an anaerobic lagoon.

14. “Maximum contaminant level” means the maximum permissible level of any physical, chemical, biological, or radiological substance in water which is delivered to any user of a public water supply system.

15. “Naturally occurring condition” means any condition affecting water quality which is not caused by human influence on the environment including but not limited to soils, geology, hydrology, climate, wildlife influence on the environment, and water flow with specific consideration given to seasonal and other natural variations.

16. “New source” means any building, structure, facility, or installation, from which there is or may be the discharge of a pollutant, the construction of which is commenced after the publication of proposed federal rules prescribing a standard of performance which will be applicable to such source, if such standard is promulgated.

17. “Nutrient” means total nitrogen and total phosphorus.

18. “On-farm processing operation” means any place located on a farm where the form or condition of a food commodity originating from that farm or another farm is changed or packaged for human consumption, including but not limited to a dairy, creamery, winery, distillery, cannery, bakery, or meat or poultry processor.

19. “Other waste” means heat, garbage, municipal refuse, lime, sand, ashes, offal, oil, tar, chemicals, and all other wastes which are not sewage or industrial waste.

20. a. “Person” means any agency of the state or federal government or institution thereof, any municipality, governmental subdivision, interstate body, public or private corporation, individual, partnership, or other entity and includes any officer or governing or managing body of any municipality, governmental subdivision, interstate body, or public or private corporation.

   b. For the purpose of imposing liability for violation of a section of this part, or a rule or regulation adopted by the department of natural resources under this part, “person” does not include a person who holds indicia of ownership in contaminated property from which prohibited discharges, deposits, or releases of pollutants into any water of the state have been or are evidenced, if the person has satisfied the requirements of section 455B.381, subsection 7, paragraph “b”, with respect to the contaminated property, regardless of whether the department has determined that the contaminated property constitutes a hazardous condition site.

21. “Point source” means any discernible, confined, and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, concentrated animal feeding operation, or vessel or other floating craft, from which pollutants are or may be discharged. “Point source” does not include agricultural storm water discharge and return flows from irrigated agriculture.

22. “Pollutant” means sewage, industrial waste, or other waste.

23. “Private sewage disposal system” means a system which provides for the treatment or disposal of domestic sewage from four or fewer dwelling units or the equivalent of less than sixteen individuals on a continuing basis.

24. “Private water supply” means any water supply for human consumption which has less than fifteen service connections and regularly serves less than twenty-five individuals.

25. “Production capacity” means the amount of potable water which can be supplied to the distribution system in a twenty-four-hour period.

26. “Public water supply system” means a system for the provision to the public of piped water for human consumption, if the system has at least fifteen service connections or regularly serves at least twenty-five individuals. The term includes any source of water and any collection, treatment, storage, and distribution facilities under control of the operator of the system and used primarily in connection with the system, and any collection or pretreatment storage facilities not under such control which are used primarily in connection with the system.
27. “Reconstruction” of a water well means replacement or removal of all or a portion of the casing of the water well.

28. “Schedule of compliance” means a schedule of remedial measures including an enforceable sequence of actions or operations leading to compliance with any effluent standard, water quality standard, or any other requirement of this part of this division or any rule promulgated pursuant thereto.

29. “Section 303(d) list” means any list required under 33 U.S.C. §1313(d).

30. “Section 305(b) report” means any report required under 33 U.S.C. §1315(b).

31. “Sewer extension” means pipelines or conduits constituting main sewers, lateral sewers, or trunk sewers used for conducting pollutants to a larger interceptor sewer or to a point of ultimate disposal.

32. “Sewer system” means pipelines or conduits, pumping stations, force mains, vehicles, vessels, conveyances, injection wells, and all other constructions, devices, and appliances appurtenant thereto used for conducting sewage or industrial waste or other wastes to a point of ultimate disposal or disposal to any water of the state. To the extent that they are not subject to section 402 of the federal Water Pollution Control Act, ditches, pipes, and drains that serve only to collect, channel, direct, and convey nonpoint runoff from precipitation are not considered as sewer systems for the purposes of this part of this division.

33. “Sewage” means the water-carried waste products from residences, public buildings, institutions, or other buildings, including the bodily discharges from human beings or animals together with such groundwater infiltration and surface water as may be present.

34. “Sewage sludge” means any solid, semisolid, or liquid residue removed during the treatment of municipal waste water or domestic sewage. “Sewage sludge” includes but is not limited to solids removed during primary, secondary, or advanced wastewater treatment, scum septage, portable toilet pumpings, type III marine device pumpings as defined in 33 C.F.R. ch. 1, subch. O, pt. 159, and sewage sludge products. “Sewage sludge” does not include grit, screenings, or ash generated during the incineration of sewage sludge.

35. “Sludge” means the liquid and solid material pumped from a septic tank, cesspool, or similar domestic sewage treatment system, or from a holding tank, when the system is cleaned or maintained.

36. “Solid waste” means any solid, semisolid, liquid or gaseous waste, which results from or enters from domestic or commercial activities, which is not sewage or septage, and which is notpetto or part thereof.

37. “Toilet unit” means a portable or fixed tank or vessel holding untreated human waste without secondary wastewater treatment that is emptied for disposal. “Toilet unit” does not include a portable or fixed tank or vessel holding untreated human waste that is part of a recreational vehicle or marine vessel.

38. “Total maximum daily load” means the same as in the federal Water Pollution Control Act.

39. “Treatment works” means any plant, disposal field, lagoon, holding or flow-regulating basin, pumping station, or other works installed for the purpose of treating, stabilizing, or disposing of sewage, industrial waste, or other wastes.

40. “Viable” means a disposal system or a public water supply system which is self-sufficient and has the financial, managerial, and technical capability to reliably meet standards of performance on a long-term basis, as required by state and federal law, including the federal Water Pollution Control Act and the federal Safe Drinking Water Act.

41. “Water of the state” means any stream, lake, pond, marsh, watercourse, waterway, well, spring, reservoir, aquifer, irrigation system, drainage system, and any other body or accumulation of water, surface or underground, natural or artificial, public or private, which are contained within, flow through or border upon the state or any portion thereof.

42. “Water pollution” means the contamination or alteration of the physical, chemical, biological, or radiological integrity of any water of the state by a source resulting in whole or in part from the activities of humans, which is harmful, detrimental, or injurious to public health, safety, or welfare, to domestic, commercial, industrial, agricultural, or recreational use or to livestock, wild animals, birds, fish, or other aquatic life.
43. “Water supply distribution system extension” means any extension to the pipelines or conduits which carry water directly from the treatment facility, source or storage facility to the consumer’s service connection.

44. “Water well” means an excavation that is drilled, cored, bored, augered, washed, driven, dug, jetted, or otherwise constructed for the purpose of exploring for groundwater, monitoring groundwater, utilizing the geothermal properties of the ground, or extracting water from or injecting water into the aquifer. “Water well” does not include an open ditch or drain tile or an excavation made for obtaining or prospecting for oil, natural gas, minerals, or products mined or quarried.

Legislative intent relating to changes to “point source” definition to 2018 Iowa Acts, ch 1001, §19; 2018 Acts, ch 1001, §26

455B.172 Jurisdiction of department and local boards.
1. The department is the agency of the state to prevent, abate, or control water pollution and to conduct the public water supply program.

2. The department shall carry out the responsibilities of the state related to private water supplies and private sewage disposal systems for the protection of the environment and the public health and safety of the citizens of the state.

3. Each county board of health shall adopt standards for private water supplies and private sewage disposal facilities. These standards shall be at least as stringent but consistent with the standards adopted by the commission. If a county board of health has not adopted standards for private water supplies and private sewage disposal facilities, the standards adopted by the commission shall be applied and enforced within the county by the county board of health.

4. Each county board of health shall regulate the private water supply and private sewage disposal facilities located within the county board’s jurisdiction, including the enforcement of standards adopted pursuant to this section.

5. a. The department shall maintain jurisdiction over and regulate the direct discharge to a water of the state. The department shall retain concurrent authority to enforce state standards for private water supply and private sewage disposal facilities within a county, and exercise departmental authority if the county board of health fails to fulfill board responsibilities pursuant to this section.

b. The department shall by rule adopt standards for the commercial cleaning of private sewage disposal facilities, including but not limited to septic tanks, and for the disposal of waste from the facilities. The standards shall not be in conflict with the state building code adopted pursuant to section 103A.7. A person shall not commercially clean such facilities or dispose of waste from such facilities unless the person has been issued a license by the department. The department shall be exclusively responsible for adopting the standards and issuing licenses. However, county boards of health shall enforce the standards and licensing requirements established by the department. The department may contract for the delegation of the authority for inspection of land application sites, record reviews, and equipment inspections to a county board of health. In the event of entering into such a contract, the department shall retain concurrent authority over such activities. Application for the license shall be made in the manner provided by the department. Licenses expire one year from the date of issue unless revoked and may be renewed in the manner provided by the department. A license application shall include registration applications for each
vehicle used by the applicant for purposes of collecting septage from private sewage disposal facilities and each vehicle used by the applicant for purposes of applying septage to land. Septic disposal management plans shall be submitted to the department and approved annually as a condition of licensing and shall also be filed annually with the county board of health in the county where a proposed septage application site is located. The septic disposal management plan shall include, but not be limited to, the sites of septage application, the anticipated volume of septage applied to each site, the area of each septage application site, the type of application to be used at each site, the volume of septage expected to be collected from private sewage disposal facilities, and a list of registered vehicles collecting septage from private sewage disposal facilities and applying septage to land. The annual license or license renewal fee for a person commercially cleaning private sewage disposal facilities shall be established by the department based on the volume of septage that is applied to land. A septic management fund is created in the state treasury under the control of the department. Annual license and license renewal fees collected pursuant to this section shall be deposited in the septic management fund and are appropriated to the department for purposes of contracting with county boards of health to conduct land application site inspections, record reviews, and septic cleaning equipment inspections. A person violating this section or the rules adopted pursuant to this section as determined by the department is subject to a civil penalty of not more than two hundred fifty dollars. The department shall adopt rules related to, but not limited to, recordkeeping requirements, application procedures and limitations, contamination issues, loss of septage, failure to file a septic disposal management plan, application by vehicles that are not properly registered, wrongful application, and violations of a septic disposal management plan. Each day that a violation continues constitutes a separate offense. The penalty shall be assessed for the duration of time commencing with the time the violation begins and ending with the time the violation is corrected. The septic disposal management plan may be examined to determine the duration of the violation. Moneys collected by the department from the imposition of civil penalties shall be deposited in the general fund of the state. Moneys collected by a county board of health from the imposition of civil penalties shall be deposited in the general fund of the county.

6. a. The department shall by rule adopt standards for the commercial cleaning of toilet units and for the disposal of waste from toilet units. Waste from toilet units shall be disposed of at a wastewater treatment facility and shall not be applied to land. The department may contract for the delegation of the authority for inspection of record reviews and equipment inspections for such units to a county board of health. In the event of entering into such a contract, the department shall retain concurrent authority over such activities.

b. A person shall not commercially clean toilet units or dispose of waste from such units unless the person has been issued a license by the department. The department shall be exclusively responsible for adopting the standards and issuing licenses. However, county boards of health shall enforce the standards and licensing requirements established by the department. Application for the license shall be made in the manner provided by the department. Licenses expire one year from the date of issue unless revoked and may be renewed in the manner provided by the department. A license application shall include registration applications for each vehicle used by the applicant for purposes of collecting waste from toilet units and each vehicle used by the applicant for purposes of transporting waste from toilet units to a wastewater treatment facility. The annual license or license renewal fee for a person commercially cleaning toilet units shall be established by the department based on the number of trucks or vehicles used by the licensee for purposes of commercial cleaning of toilet units and for the disposal of waste from the toilet units. For purposes of this subsection, “vehicle” includes a trailer.

c. A toilet unit fund is created in the state treasury under the control of the department. Annual license and license renewal fees collected pursuant to this subsection shall be deposited in the toilet unit fund and are appropriated to the department for purposes of contracting with county boards of health to conduct record reviews and toilet unit cleaning equipment inspections.

d. A person violating this section or the rules adopted pursuant to this section as
determined by the department is subject to a civil penalty of not more than five hundred dollars. Each day that a violation continues constitutes a separate offense. The penalty shall be assessed for the duration of time commencing with the time the violation begins and ending with the time the violation is corrected. Moneys collected by the department from the imposition of civil penalties shall be deposited in the general fund of the state. Moneys collected by a county board of health from the imposition of civil penalties shall be deposited in the general fund of the county.

7. a. The department is the state agency to regulate the construction, reconstruction and abandonment of all of the following water wells:
   (1) Those used as part of a public water supply system as defined in section 455B.171.
   (2) Those used for the withdrawal of water for which a permit is required pursuant to section 455B.268, subsection 1.
   (3) Those used for the purpose of monitoring groundwater quantity and quality required or installed pursuant to directions or regulations of the department.
   b. A local board of health is the agency to regulate the construction, reconstruction and abandonment of water wells not otherwise regulated by the department. The local board of health shall not adopt standards relative to the construction, reconstruction and abandonment of wells less stringent than those adopted by the department.

8. The department is the state agency to regulate the registration or certification of water well contractors pursuant to section 455B.187 or section 455B.190A.

9. Pursuant to chapter 28E, the department may delegate its authority for regulation of the construction, reconstruction and abandonment of water wells specified in subsection 7 or the registration of water well contractors specified in subsection 8 to boards of health or other agencies which have adequate authority and ability to administer and enforce the requirements established by law or rule.

10. Any county ordinance related to sewage sludge which is in effect on March 1, 1997, shall not be preempted by any provision of section 455B.171, 455B.174, 455B.183, or 455B.304.

11. a. If a building where a person resides, congregates, or is employed is served by a private sewage disposal system, the sewage disposal system serving the building shall be inspected prior to any transfer of ownership of the building. The requirements of this subsection shall be applied to all types of ownership transfer including at the time a seller-financed real estate contract is signed. The county recorder shall not record a deed or any other property transfer or conveyance document until either a certified inspector’s report is provided which documents the condition of the private sewage disposal system and whether any modifications are required to conform to standards adopted by the department or, in the event that weather or other temporary physical conditions prevent the certified inspection from being conducted, the buyer has executed and submitted a binding acknowledgment with the county board of health to conduct a certified inspection of the private sewage disposal system at the earliest practicable time and to be responsible for any required modifications to the private sewage disposal system as identified by the certified inspection. Any type of on-site treatment unit or private sewage disposal system must be inspected according to rules developed by the department. For the purposes of this subsection, “transfer” means the transfer or conveyance by sale, exchange, real estate contract, or any other method by which real estate and improvements are purchased, if the property includes at least one but not more than four dwelling units. However, “transfer” does not include any of the following:
   (1) A transfer made pursuant to a court order, including but not limited to a transfer under chapter 633 or 633A, the execution of a judgment, the foreclosure of a real estate mortgage pursuant to chapter 654, the forfeiture of a real estate contract under chapter 656, a transfer by a trustee in bankruptcy, a transfer by eminent domain, or a transfer resulting from a decree for specific performance.
   (2) A transfer to a mortgagee by a mortgagor or successor in interest who is in default, a transfer by a mortgagee who has acquired real property as a result of a deed in lieu of foreclosure or has acquired real property under chapter 654 or 655A, or a transfer back to a mortgagor exercising a right of first refusal pursuant to section 654.16A.
(3) A transfer by a fiduciary in the course of the administration of a decedent’s estate, guardianship, conservatorship, or trust.

(4) A transfer between joint tenants or tenants in common.

(5) A transfer made to a spouse, or to a person in the lineal line of consanguinity of a person making the transfer.

(6) A transfer between spouses resulting from a decree of dissolution of marriage, a decree of legal separation, or a property settlement agreement which is incidental to the decree, including a decree ordered pursuant to chapter 598.

(7) A transfer in which the transferee intends to demolish or raze the building. The department shall adopt rules pertaining to such transfers.

(8) A transfer of property with a system that was installed not more than two years prior to the date of the transfer.

(9) A deed arising from a partition proceeding.

(10) A tax sale deed issued by the county treasurer.

(11) A transfer for which consideration is five hundred dollars or less.

(12) A deed between a family corporation, partnership, limited partnership, limited liability partnership, or limited liability company as defined in section 428A.2, subsection 15, and its stockholders, partners, or members for the purpose of transferring real property in an incorporation or corporate dissolution or in the organization or dissolution of a partnership, limited partnership, limited liability partnership, or limited liability company under the laws of this state, where the deed is given for no actual consideration other than for shares or for debt securities of the family corporation, partnership, limited partnership, limited liability partnership, or limited liability company.

b. At the time of inspection, any septic tank existing as part of the sewage disposal system shall be opened and have the contents pumped out and disposed of as provided for by rule. In the alternative, the owner may provide evidence of the septic tank being properly pumped out within three years prior to the inspection by a commercial septic tank cleaner licensed by the department which shall include documentation of the size and condition of the tank and its components at the time of such occurrence.

c. If a private sewage disposal system is failing to ensure effective wastewater treatment or is otherwise improperly functioning, the private sewage disposal system shall be renovated to meet current construction standards, as adopted by the department, either by the seller or, by agreement, and within a reasonable time period as determined by the county board of health or the department, by the buyer. If the private sewage disposal system is properly treating the wastewater and not creating an unsanitary condition in the environment at the time of inspection, the system is not required to meet current construction standards.

d. Inspections shall be conducted by an inspector certified by the department.

e. Pursuant to chapter 17A, the department shall adopt certification requirements for inspectors including training, testing, and fees, and shall establish uniform statewide inspection criteria and an inspection form. The inspector certification training shall include use of the criteria and form. The department shall maintain a list of certified inspectors.

f. County personnel are eligible to become certified inspectors. A county may set an inspection fee for inspections conducted by certified county personnel. A county shall allow any department certified inspector to provide inspection services under this subsection within the county’s jurisdiction.

g. Following an inspection, the inspection form and any attachments shall be provided to the county board of health and the department for enforcement of any follow-up mandatory system improvement and to the department for record.

h. An inspection is valid for a period of two years for any ownership transfers during that period.

i. This subsection preempts any city or county ordinance related to the inspection of private sewage disposal systems in association with the transfer of ownership of a building.

455B.172A On-farm processing operations.

1. The department shall adopt by rule standards for the disposal of wastewater from an on-farm processing operation. These standards shall provide for but are not limited to disposal by all of the following:
   a. By land application if all of the following apply:
      (1) The volume of wastewater produced by the on-farm processing operation is less than one thousand five hundred gallons per day.
      (2) The application rate does not exceed thirty thousand gallons per acre per year.
      (3) The application rate does not exceed one thousand five hundred gallons per acre per day.
      (4) The standards for land application are consistent with the rules for land application of septage that implement section 455B.172.
   b. At a publicly owned treatment works or other wastewater treatment system with the permission of the owner of the treatment works.
   c. Through a subsurface absorption system in conformance with applicable regulations of the United States environmental protection agency.
   d. Through a disposal system that meets all of the following:
      (1) The disposal system is located on the same site as the on-farm processing operation.
      (2) The disposal system is constructed in conformance with a permit issued by the department.
   (3) For a disposal system that discharges wastewater to a water of the United States, the system must be operated in conformance with a national pollutant discharge elimination system permit issued by the department under section 455B.197.

2. The department shall adopt by rule standards for the disposal of septage from an on-farm processing operation. The rules shall provide that the septage may be discharged to a permitted septage lagoon or septage drying bed with the permission of the owner of the septage system.

2011 Acts, ch 31, §2; 2012 Acts, ch 1042, §1, 2

455B.173 Duties.

The commission shall:

1. Develop comprehensive plans and programs for the prevention, control and abatement of water pollution.
2. Establish, modify, or repeal water quality standards, pretreatment standards, and effluent standards in accordance with the provisions of this chapter.
   a. The effluent standards may provide for maintaining the existing quality of the water of the state that is a navigable water of the United States under the federal Water Pollution Control Act where the quality thereof exceeds the requirements of the water quality standards.
   b. If the federal environmental protection agency has promulgated an effluent standard or pretreatment standard pursuant to section 301, 306, or 307 of the federal Water Pollution Control Act, a pretreatment or effluent standard adopted pursuant to this section shall not be more stringent than the federal effluent or pretreatment standard for such source. This section may not preclude the establishment of a more restrictive effluent limitation in the permit for a particular point source if the more restrictive effluent limitation is necessary to meet water quality standards, the establishment of an effluent standard for a source or class of sources for which the federal environmental protection agency has not promulgated standards pursuant to section 301, 306, or 307 of the federal Water Pollution Control Act. Except as required by federal law or regulation, the commission shall not adopt an effluent standard more stringent with respect to any pollutant than is necessary to reduce the concentration of that pollutant in the effluent to the level due to natural causes, including the
mineral and chemical characteristics of the land, existing in the water of the state to which the effluent is discharged. Notwithstanding any other provision of this part of this division or chapter 459, subchapter III, any new source, the construction of which was commenced after October 18, 1972, and which was constructed as to meet all applicable standards of performance for the new source or any more stringent effluent limitation required to meet water quality standards, shall not be subject to any more stringent effluent limitations during a ten-year period beginning on the date of completion of construction or during the period of depreciation or amortization of the pollution control equipment for the facility for the purposes of section 167 or 169 or both sections of the Internal Revenue Code, whichever period ends first.

3. Establish, modify, or repeal rules relating to the location, construction, operation, and maintenance of disposal systems and public water supply systems and specifying the conditions, including the viability of a system pursuant to section 455B.174, under which the director shall issue, revoke, suspend, modify, or deny permits for the operation, installation, construction, addition to, or modification of any disposal system or public water supply system, or for the discharge of any pollutant.
   a. No rules shall be adopted which regulate the hiring or firing of operators of disposal systems or public water supply systems except rules which regulate the certification of operators as to their technical competency.
   b. A publicly owned treatment works whose discharge meets the final effluent limitations which were contained in its discharge permit on the date that construction of the publicly owned treatment works was approved by the department shall not be required to meet more stringent effluent limitations for a period of ten years from the date the construction was completed and accepted but not longer than twelve years from the date that construction was approved by the department.

4. Cooperate with other state or interstate water pollution control agencies in establishing standards, objectives, or criteria for the quality of interstate waters originating or flowing through this state.

5. Establish, modify, or repeal rules relating to drinking water standards for public water supply systems. Such standards shall specify maximum contaminant levels or treatment techniques necessary to protect the public health and welfare. The drinking water standards must assure compliance with federal drinking water standards adopted pursuant to the federal Safe Drinking Water Act.

6. Adopt rules relating to inspection, monitoring, recordkeeping, and reporting requirements for the owner or operator of any public water supply or any disposal system or of any source which is an industrial user of a publicly or privately owned disposal system.

7. Adopt a statewide plan for the provision of safe drinking water under emergency circumstances. All public agencies, as defined in chapter 28E, shall cooperate in the development and implementation of the plan. The plan shall detail the manner in which the various state and local agencies shall participate in the response to an emergency. The department may enter into any agreement, subject to approval of the commission, with any state agency or unit of local government or with the federal government which may be necessary to establish the role of such agencies in regard to the plan. This plan shall be coordinated with disaster emergency plans.

8. Formulate and adopt specific and detailed statewide standards pursuant to chapter 17A for review of plans and specifications and the construction of sewer systems and water supply distribution systems and extensions to such systems not later than October 1, 1977. The standards shall be based on criteria contained in the “Recommended Standards for Sewage Works” and “Recommended Standards for Water Works” (Ten States Standards) as adopted by the Great Lakes – Upper Mississippi River board of state sanitary engineers, design manuals published by the department, applicable federal guidelines and standards, standard textbooks, current technical literature, and applicable safety standards. The rules adopted which directly pertain to the construction of sewer systems and water supply distribution systems and the review of plans and specifications for such construction shall be known respectively as the “Iowa Standards for Sewer Systems” and the “Iowa Standards for Water Supply Distribution Systems” and shall be applicable in each governmental
subdivision of the state. Exceptions shall be made to the standards so formulated only upon special request to and receipt of permission from the department. The department shall publish the standards and make copies of such standards available to governmental subdivisions and to the public.

9. Adopt, modify, or repeal rules relating to the construction and reconstruction of water wells, the proper abandonment of wells, and the registration or certification of water well contractors. The rules shall include those necessary to protect the public health and welfare, and to protect the waters of the state. The rules may include, but are not limited to, establishing fees for registration or certification of water well contractors, requiring the submission of well driller’s logs, formation samples or well cuttings, water samples, information on test pumping and requiring inspections. Fees shall be based upon the reasonable cost of conducting the water well contractor registration or certification program.

10. Adopt, modify, or repeal rules relating to the business plan which disposal systems and public water supply systems must file with the department pursuant to section 455B.174, and adopt, modify, or repeal rules establishing a methodology and timetable by which nonviable systems shall take action to become viable or make alternative arrangements in providing treatment or water supply services.

11. Adopt rules for the issuance of a single general permit, after notice and opportunity for a public hearing. The single general permit shall cover numerous facilities to the extent that they are representative of a class of facilities which can be identified and conditioned by a single permit.

12. Adopt, modify, or repeal rules relating to the construction or operation of animal feeding operations, as provided in sections relating to animal feeding operations provided in chapter 459, subchapter III.

455B.174 Director’s duties.
The director shall:

1. Conduct investigations of alleged water pollution or of alleged violations of this part of this division, chapter 459, subchapter III, chapter 459A, chapter 459B, or any rule adopted or any permit issued pursuant thereto upon written request of any state agency, political subdivision, local board of health, twenty-five residents of the state, as directed by the department, or as may be necessary to accomplish the purposes of this part of this division, chapter 459, subchapter III, chapter 459A, or chapter 459B.

2. Conduct periodic surveys and inspection of the construction, operation, self-monitoring, recordkeeping, and reporting of all public water supply systems and all disposal systems except as provided in section 455B.183.

3. Take any action or actions allowed by law which, in the director’s judgment, are necessary to enforce or secure compliance with the provisions of this part of this division or chapter 459, subchapter III, or of any rule or standard established or permit issued pursuant thereto.

4. a. (1) Approve or disapprove the plans and specifications for the construction of disposal systems or public water supply systems except for those sewer extensions and water supply distribution system extensions which are reviewed by a city or county public works department as set forth in section 455B.183. The director shall issue, revoke, suspend, modify, or deny permits for the operation, installation, construction, addition to, or modification of any disposal system or public water supply system except for sewer extensions and water supply distribution system extensions which are reviewed by a city.
or county public works department as set forth in section 455B.183. The director shall also issue, revoke, suspend, modify, or deny permits for the discharge of any pollutant, or for the use or disposal of sewage sludge. The permits shall contain conditions and schedules of compliance as necessary to meet the requirements of this part of this division or chapter 459, subchapter III, the federal Water Pollution Control Act and the federal Safe Drinking Water Act. A permit issued under this chapter for the use or disposal of sewage sludge is in addition to and must contain references to any other permits required under this chapter. The director shall not issue or renew a permit to a disposal system or a public water supply system which is not viable. If the director has reasonable grounds to believe that a disposal system or public water supply system is not viable, the department may require the system to submit a business plan as a means of determining viability. This plan shall include the following components:

(a) A facilities plan which describes proposed new facilities and the condition of existing facilities, rehabilitation and replacement needs, and future needs to meet the requirements of the federal Water Pollution Control Act and the federal Safe Drinking Water Act.

(b) A management plan which consists of an administrative plan describing methods to assure performance of functions necessary to administer the system, including credentials of management personnel; and an operation and maintenance plan describing how all operating and maintenance duties necessary to the system’s proper function will be accomplished.

(c) A financial plan which describes provisions for assuring that adequate revenues will be available to meet cash flow requirements, based on the full cost of providing the service, adequate initial capitalization, and access to additional capital for contingencies.

(2) If, upon submission and review of the business plan, the department determines that the disposal system or public water supply system is not viable, the director may require the system to take actions to become viable within a time period established pursuant to section 455B.173, or to make alternative arrangements in providing treatment or water supply services as determined by rule.

b. In addition to the requirements of paragraph “a”, a permit shall not be issued to operate or discharge from any disposal system unless the conditions of the permit assure that any discharge from the disposal system meets or will meet all applicable state and federal water quality standards and effluent standards and the issuance of the permit is not otherwise prohibited by the federal Water Pollution Control Act. All applications for discharge permits are subject to public notice and opportunity for public participation including public hearing as the department may by rule require. The director shall promptly notify the applicant in writing of the director’s action and, if the permit is denied, state the reasons for denial. A person who is an applicant or permittee may contest the denial of a permit or any condition of a permit issued by the director if the person notifies the director within thirty days of the director’s notice of denial or issuance of the permit. Notwithstanding section 17A.11, subsection 1, if the applicant or permittee timely contests the director’s action, the presiding officer in the resulting contested case proceeding shall be an administrative law judge assigned by the division of administrative hearings pursuant to sections 10A.801 and 17A.11.

c. Copies of all forms or other paper instruments required to be filed during on-site inspections or investigations shall be given to the owner or operator of the disposal system or public water supply system being investigated or inspected before the inspector or investigator leaves the site. Any other report, statement, or instrument shall not be filed with the department unless a copy is sent by ordinary mail to the owner or operator of the disposal system or public water supply system within ten working days of the filing. If an inspection or investigation is done in cooperation with another state department, the department involved and the areas inspected shall be stated.

d. If a public water supply has a groundwater source that contains petroleum, a fraction of crude oil, or their degradation products, or is located in an area deemed by the department as likely to be contaminated by such materials, and after consultation with the public water supply system and consideration of all applicable rules relating to remediation, the department may require the public water supply system to replace that groundwater source in order to receive a permit to operate. The requirement to replace the source shall only be made by the department if the public water supply system is fully compensated.
for any additional design, construction, operation, and monitoring costs from the Iowa comprehensive petroleum underground storage tank fund created by chapter 455G or from any other funds that do not impose a financial obligation on the part of the public water supply system. Funds available to or provided by the public water supply system may be used for system improvements made in conjunction with replacement of the source. The department cannot require a public water supply system to replace its water source with a less reliable water source or with a source that does not meet federal primary, secondary, or other health-based standards unless treatment is provided to ensure that the drinking water meets these standards. Nothing in this paragraph shall affect the public water supply system’s right to pursue recovery from a responsible party.

e. The department may enter into an agreement with a county to delegate to the county the duties of the department under this subsection as they relate to the construction of semipublic sewage disposal systems.

5. a. Periodically review permits and reports submitted by city and county public works departments in accordance with section 455B.183, subsection 3, to ensure such public works departments are complying with this part of this division. If a city or county public works department is not complying with section 455B.183 in reviewing plans and specifications or in granting permits or both, the department shall perform these functions in that jurisdiction until the city or county public works department is able to perform them. Performance of these functions in a jurisdiction by a local public works department shall not be suspended or revoked until after notice and opportunity for hearing as provided in chapter 17A.

b. The department shall give technical assistance to city and county public works departments upon request of such local public works departments.

455B.175 Violations.

1. If there is substantial evidence that any person has violated or is violating any provision of this part of this division, chapter 459, subchapter III, chapter 459A, or chapter 459B, or of any rule or standard established or permit issued pursuant thereto; then:

a. The director may issue an order directing the person to desist in the practice which constitutes the violation or to take such corrective action as may be necessary to ensure that the violation will cease. The person to whom such order is issued may cause to be commenced a contested case within the meaning of the Iowa administrative procedure Act, chapter 17A, by filing with the director a notice of appeal to the commission. The applicable time frames for the issuance and appeal of the order are defined in section 455B.110. On appeal the commission may affirm, modify, or vacate the order of the director; or

b. If it is determined by the director that an emergency exists respecting any matter affecting or likely to affect the public health, the director may issue any order necessary to terminate the emergency without notice and without hearing. Any such order shall be binding and effective immediately and until such order is modified or vacated at a hearing before the commission or by a court; or

c. The director, with the approval of the commission, may request the attorney general to institute legal proceedings pursuant to section 455B.191 or 459.604.

2. Notwithstanding the limitations on civil and criminal penalty amounts in sections 331.302 and 331.307, a county that has entered into an agreement with the department pursuant to sections 455B.174 and 455B.183 regarding the construction of semipublic
sewage disposal systems may assess civil penalties in amounts consistent with and not exceeding the amounts established for such penalties under this division.

455B.176 Criteria considered.
In establishing, modifying, or repealing water quality standards the commission shall base its decision upon data gathered from sources within the state regarding the following:
1. The protection of the public health.
2. The size, depth, surface area covered, volume, direction and rate of flow, stream gradient, and temperature of the affected water of the state.
3. The character and uses of the land area bordering the affected water of the state.
4. The uses which have been made, are being made, or may be made of the affected water of the state for public, private, or domestic water supplies, irrigation; livestock watering; propagation of wildlife, fish, and other aquatic life; bathing, swimming, boating, or other recreational activity; transportation; and disposal of sewage and wastes.
5. The extent of contamination resulting from natural causes including the mineral and chemical characteristics.
6. The extent to which floatable or settleable solids may be permitted.
7. The extent to which suspended solids, colloids, or a combination of solids with other suspended substances may be permitted.
8. The extent to which bacteria and other biological organisms may be permitted.
9. The amount of dissolved oxygen that is to be present and the extent of the oxygen demanding substances which may be permitted.
10. The extent to which toxic substances, chemicals or deleterious conditions may be permitted.
11. The economic costs and benefits. The goal shall be a reasonable balance between total costs to the people and to the economy, and the resultant benefits to the people of Iowa.

2009 Acts, ch 41, §133

455B.176A Water quality standards.
1. For purposes of this section, unless the context otherwise requires:
   a. “Base flow conditions” means the flow of a stream segment, as measured during the time period between July 1 and September 30, that occurs during a period of time when the watershed in which the stream segment is located receives no twenty-four-hour rainfall in excess of one-quarter inch total rainfall and not more than one-half inch total rainfall for the watershed in the preceding two weeks.
   b. “Credible data” means the same as defined in section 455B.171 and is subject to the same requirements as provided in section 455B.193 and may include, but not rely solely on, data that is older than five years and that is obtained pursuant to the best professional judgment of a professional designee or a state or federal agency.
   c. “Ephemeral stream” means a stream that flows only in response to precipitation and whose channel is primarily above the water table.
   d. “Professional designee” means the same as defined in section 455B.193.
   e. “Use attainability analysis” means a structured scientific assessment that includes physical, chemical, biological, and economic factors.
2. A water of the state shall be a designated stream segment when any one of the following is met:
   a. The most recent ten-year median flow is equal to or in excess of one cubic foot per second based on data collected and evaluated by the United States geological survey
between July 1 and September 30 of each year or in the absence of stream segment flow data calculations of flow conducted by extrapolation methods provided by the United States geological survey or based upon a calculation method adopted by rule.

b. The water is a critical habitat of a threatened or endangered aquatic specie as determined by the department or the United States fish and wildlife service.

c. Credible data developed in accordance with section 455B.193 shows that water flows that are less than set out in paragraph “a” provide a refuge for aquatic life that permits biological recolonization of intermittently flowing segments.

3. All waters of the state not designated as a stream segment shall be identified as a general stream segment and shall be subject to narrative water quality standards.

4. a. The commission shall adopt rules to define designated uses of stream segments in accordance with the following categories:

   (1) Agricultural water supply use.
   (2) Aquatic life support.
   (3) Domestic water supply.
   (4) Food procurement use.
   (5) Industrial water supply use.
   (6) Recreational use, including primary, secondary, and children’s recreational use.

   (7) Seasonal use. The department may allow for a seasonal use designation for streams that would otherwise be categorized under an aquatic or recreational designation if a varying degree of protection would be sufficient to protect the stream during a seasonal time period.

b. The commission shall include subcategories of designated uses of the categories listed in paragraph “a”, as deemed appropriate by the commission.

c. When reviewing whether a designated use is attainable, the department shall consider at a minimum the following:

   (1) Whether the natural, ephemeral, intermittent, or low flow conditions or water levels could inhibit recreational activities.

   (2) If opposite sides of a stream segment would have different designated recreational uses due to differences in public access, the designated use of the entire stream segment may be the higher attainable use.

   (3) The time period for determining primary contact recreation shall be March 15 through November 15.

   (4) The degree to which the public has access to the stream segment.

   (5) The minimum depth of the deepest pool.

   (6) Stream segments shall be protected for all existing uses as defined by the federal Water Pollution Control Act.

5. The commission shall adopt rules designating water quality standards which shall be specific to each designated use adopted pursuant to subsection 4. The standards shall take into account the different characteristics of each designated use and shall provide for only the appropriate level of protection based upon that particular use. The standards shall not be identical for each designated use unless required for the appropriate level of protection. The appropriate level of protection and standards shall be determined on a scientific basis. In the development process for the water quality standards, input shall be received from a water quality standards advisory committee convened by the department. The water quality standards advisory committee shall be comprised of experts in the scientific fields relating to water quality, such as environmental engineering, aquatic toxicology, fisheries biology, and other life sciences and experts in the development of the appropriate levels of aquatic life protection and standards. The water quality standards shall be reviewed and revised by the department as new scientific data becomes available to support revision.

6. Prior to any changes in a national pollutant discharge elimination system permit effluent limitation based upon a new use designation, the department or a designee of the department shall conduct a use attainability analysis. The commission shall adopt rules that establish procedures and criteria to be used in the development of a use attainability analysis. The rules shall, at a minimum, provide all of the following:

   a. A designated use, which is not an existing use as defined by the federal Water Pollution Control Act, may be removed due to any of the following:
(1) Naturally occurring pollutant concentrations prevent the attainment of the use.
(2) Natural, ephemeral, intermittent, or low flow conditions or water levels prevent the attainment of the use, unless these conditions may be compensated for by the discharge of sufficient volume of effluent discharges without violating state water conservation requirements to enable uses to be met.
(3) Human-caused conditions or sources of pollution prevent the attainment of the use and cannot be remedied or would cause more environmental damage to correct than to leave in place.
(4) Dams, diversions, or other types of hydrologic modifications preclude the attainment of the use, and it is not feasible to restore the water body to its original condition or to operate such modification in a way that would result in the attainment of the use.
(5) Physical conditions related to the natural features of the water body, such as the lack of a proper substrate, cover, flow, depth, pools, riffles, and the like, unrelated to water quality, preclude attainment of aquatic life protection uses.
(6) Controls more stringent than those required by sections 1311(b) and 1316 of the federal Water Pollution Control Act would result in substantial and widespread economic and social impact.

b. A designated use shall not be removed if any of the following occur:
(1) The designated use is an existing use, as defined by the federal Water Pollution Control Act, unless a use requiring more stringent criteria is added.
(2) Such uses will be attained by implementing effluent limits required under sections 1311(b) and 1316 of the federal Water Pollution Control Act and by implementing cost-effective and reasonable best management practices for nonpoint source control.

b. Where existing water quality standards specify designated uses less than those which are presently being attained, the commission shall revise its standards to reflect the uses actually being attained.

7. a. The commission shall adopt rules pursuant to chapter 17A to administer this section. All new or revised stream segment use designations shall be adopted by rule. Any rule that establishes, modifies, or repeals existing water quality standards in this state shall be adopted in conformance with this section.

b. (1) By December 31, 2006, the department shall publish a list of all designated stream segments that receive a permitted discharge for which a use attainability analysis for recreational use and aquatic life has not been completed and a list of all designated stream segments that receive a permitted discharge for which a use attainability analysis for recreational use and aquatic life has been completed and whether a recreational or aquatic use has been determined to be or not to be attainable. By December 31, 2007, a use attainability analysis shall be completed for all newly designated stream segments that receive a permitted discharge.

(2) A use attainability analysis for a designated stream segment receiving a permitted discharge shall be conducted by either the department or a professional designee.

(3) The department shall make public a written determination of whether a new or revised use designation is appropriate for the designated stream segment prior to adoption by rule of the proposed changes.

c. The department shall complete, upon request, a use attainability analysis for recreational and aquatic uses on any designated stream segment not receiving a permitted discharge or on any previously designated stream segment in accordance with the following provisions:

(1) The department shall make public a written determination of whether a new or revised designated use is appropriate for the designated stream segment within ninety days of completion of the use attainability analysis prior to adoption by rule of the proposed changes.

(2) The department shall accept a use attainability analysis submitted by someone other than a professional designee.

(a) Within thirty days after receipt of submission of a use attainability analysis, the department shall review and provide a written determination of whether the documentation submitted is complete.
(b) Within ninety days after receipt of submission of a completed use attainability analysis, the department shall review and make available to the public a written determination of whether a new or revised use designation is appropriate for the designated stream segment.

d. Any regulated entity or property owner adjacent to the accessed stream segment aggrieved by such a determination may make a written request, within thirty days from the date the written determination of the appropriate use designation is made available to the public, for a meeting with the director or the director’s designee. A regulated entity or property owner adjacent to the accessed stream segment shall be allowed to provide evidence that the designation is not appropriate under the criteria as established in this subsection.

8. An operation permit issued pursuant to section 455B.173 that expires before a use attainability analysis is performed shall remain in effect and the department shall not renew the permit until a use attainability analysis is completed. If a use attainability analysis demonstrates that a change in the use designation is warranted, the permit shall remain in effect and the department shall not renew the permit until the stream use designation is changed. In order for an expired permit to remain in effect, the permit holder must meet the requirements for a permit renewal. This subsection does not apply if the permit applicant and the department agree that the performance of a use attainability analysis presents no reasonable likelihood of resulting in a change to the existing stream use designations.

2006 Acts, ch 1145, §3; 2009 Acts, ch 72, §12

455B.177 Declaration of policy.

1. The general assembly finds and declares that because the federal Water Pollution Control Act provides for a permit system to regulate the discharge of pollutants into the waters of the United States and provides that permits may be issued by states which are authorized to implement that Act, it is in the interest of the people of Iowa to enact this part of this division in order to authorize the state to implement the federal Water Pollution Control Act, and federal regulations and guidelines issued pursuant to that Act.

2. The general assembly further finds and declares that because the federal Safe Drinking Water Act, 42 U.S.C. §300f et seq., as amended by Pub. L. No. 104-182, provides for the implementation of the Act by states which have adequate authority to do so, it is in the interest of the people of Iowa to implement the provisions of the federal Safe Drinking Water Act and federal regulations and guidelines issued pursuant to the Act.

3. The general assembly further finds and declares that it is in the interest of the people of Iowa to assess and reduce nutrients in surface waters over time by implementing the Iowa nutrient reduction strategy. To evaluate the progress achieved over time toward the goals of the Iowa nutrient reduction strategy and the United States environmental protection agency gulf hypoxia action plan, the baseline condition shall be calculated for the time period from 1980 to 1996.

455B.178 Judicial review.

Except as provided in section 455B.191, subsection 7, judicial review of any order or other action of the commission or of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county in which the alleged offense was committed or such final order was entered.

§455B.179 Trade secrets protected.
Upon a satisfactory showing by any person to the director that public disclosure of any record, report, permit, permit application, or other document or information or part thereof would divulge methods or processes entitled to protection as a trade secret, any such record, report, permit, permit application, or other document or part thereof other than effluent data and analytical results of monitoring of public water supply systems, shall be accorded confidential treatment. Notwithstanding the provisions of chapter 22, a person in connection with duties or employment by the department shall not make public any information accorded confidential status; however, any such record or other information accorded confidential status may be disclosed or transmitted to other officers, employees, or authorized representatives of this state or the United States concerned with carrying out this part of this division; chapter 459, subchapter III; or chapter 459A; or when relevant in any proceeding under this part of this division; chapter 459, subchapter III; or chapter 459A.

§455B.181 Variances and exemptions.
The director may, after public notice and hearing, grant exemptions from a maximum contaminant level or treatment technique, or both. The director may also grant a variance from drinking water standards for public water supply systems when the characteristics of the raw water sources, which are available to a system, cannot meet the requirements with respect to maximum contaminant level of the standards despite application of the best treatment techniques which are generally available and if the director determines that the variance will not result in an unreasonable risk to the public health. A schedule of compliance may be prescribed by the director, at the time the variance or exemption is granted. The director shall also require the interim measures to minimize the contaminant levels of systems subject to the variance or exemption as may reasonably be implemented. The director may also issue variances from other rules of the department if necessary and appropriate. The director shall submit variances granted regarding a wastewater treatment facility to the commission for the commission's review within thirty days of the granting of a variance. The denial of a variance or exemption may be appealed to the commission.

§455B.182 Failure constitutes contempt.
Failure to obey any order issued by the department with reference to a violation of this part of this division; chapter 459, subchapter III; chapter 459A; chapter 459B; or any rule promulgated or permit issued pursuant thereto shall constitute prima facie evidence of contempt. In such event the department may certify to the district court of the county in which such alleged disobedience occurred the fact of such failure. The district court after notice, as prescribed by the court, to the parties in interest shall then proceed to hear the matter and if it finds that the order was lawful and reasonable, it shall order the party to comply with the order. If the person fails to comply with the court order, that person shall be guilty of contempt and shall be fined not to exceed five hundred dollars for each day that the person fails to comply with the court order. The penalties provided in this section shall be considered as additional to any penalty which may be imposed under the law relative to nuisances or any other statute relating to the pollution of any waters of the state or related
to public water supply systems and a conviction under this section shall not be a bar to prosecution under any other penal statute.

455B.183 Written permits required.

1. It is unlawful to carry on any of the following activities without first securing a written permit from the director, or from a city or county public works department if the public works department reviews the activity under this section, as required by the department:
   a. The construction, installation, or modification of any disposal system or public water supply system or part thereof or any extension or addition thereto except those sewer extensions and water supply distribution system extensions that are subject to review and approval by a city or county public works department pursuant to this section, the use or disposal of sewage sludge, and private sewage disposal systems. Unless federal law or regulation requires the review and approval of plans and specifications, a permit shall be issued for the construction, installation, or modification of a public water supply system or part of a system if a qualified, licensed engineer certifies to the department that the plans for the system or part of the system meet the requirements of state and federal law or regulations. The permit shall state that approval is based only upon the engineer's certification that the system's design meets the requirements of all applicable state and federal laws and regulations and the review of the department shall be advisory.
   b. The construction or use of any new point source for the discharge of any pollutant into any water of the state.
   c. The operation of any waste disposal system or public water supply system or any part of or extension or addition to the system. This paragraph does not apply to a pretreatment system, the effluent of which is to be discharged directly to another disposal system for final treatment and disposal; a semipublic sewage disposal system, the construction of which has been approved by the department and that does not discharge into a water of the state; or a private sewage disposal system that does not discharge into a water of the state. The commission may adopt additional exemptions for a class of disposal systems that do not discharge into a water of the state or the director may waive the permit requirement for an individual system that does not discharge into a water of the state. The commission or director shall consider the volume, location, frequency, and nature of disposal from a system or class of systems before granting a waiver or exemption. Sludge from a semipublic or private sewage disposal system shall be disposed of in accordance with the rules adopted by the department pursuant to chapter 17A.

2. Upon adoption of standards by the commission pursuant to section 455B.173, subsections 5 through 8, plans and specifications for sewer extensions and water supply distribution system extensions covered by this section shall be submitted to the city or county public works department for approval if the local public works department employs a qualified, licensed engineer who reviews the plans and specifications using the specific state standards known as the Iowa standards for sewer systems and the Iowa standards for water supply distribution systems that have been formulated and adopted by the department pursuant to section 455B.173, subsections 5 through 8. The local agency shall issue a written permit to construct if all of the following apply:
   a. The submitted plans and specifications are in substantial compliance with departmental rules and the Iowa standards for sewer systems and the Iowa standards for water supply distribution systems.
   b. The extensions primarily serve residential consumers and will not result in an increase greater than five percent of the capacity of the treatment works or serve more than two hundred fifty dwelling units or, in the case of an extension to a water supply distribution system, the extension will have a capacity of less than five percent of the system or will serve fewer than two hundred fifty dwelling units.
c. The proposed sewer extension will not exceed the capacity of any treatment works which received a state or federal monetary grant after 1972.

d. The proposed water supply distribution system extension will not exceed the production capacity of any public water supply system constructed after 1972.

3. After issuing a permit, the city or county public works department shall notify the director of such issuance by forwarding a copy of the permit to the director. In addition, the local agency shall submit quarterly reports to the director including such information as capacity of local treatment plants and production capacity of public water supply systems as well as other necessary information requested by the director for the purpose of implementing this chapter.

4. Plans and specifications for all other waste disposal systems and public water supply systems, including sewer extensions and water supply distribution system extensions not reviewed by a city or county public works department under this section, shall be submitted to the department before a written permit may be issued. Plans and specifications for public water supply systems and water supply distribution system extensions must be certified by a licensed engineer as provided in subsection 1, paragraph "a". The construction of any such waste disposal system or public water supply system shall be in accordance with standards formulated and adopted by the department pursuant to section 455B.173, subsections 5 to 8. If it is necessary or desirable to make material changes in the plans or specifications, revised plans or specifications together with reasons for the proposed changes must be submitted to the department for a supplemental written permit. The revised plans and specifications for a public water supply system must be certified by a licensed engineer as provided in subsection 1, paragraph "a".

5. Prior to the adoption of statewide standards, the department may delegate the authority to review plans and specifications to those governmental subdivisions if in addition to compliance with subsection 1, paragraph "c", the governmental subdivisions agree to comply with all state and federal regulations and submit plans for the review of plans and specifications including a complete set of local standard specifications for such improvements.

6. The director may suspend or revoke delegation of review and permit authority after notice and hearing as set forth in chapter 17A if the director determines that a city or county public works department has approved extensions which do not comply with design criteria, which exceed the capacity of waste treatment plants or the production capacity of public water supply systems, or which otherwise violate state or federal requirements.

7. The department shall exempt any public water supply system from any requirement respecting a maximum contaminant level or any treatment technique requirement of an applicable national drinking water regulation if these regulations apply to contaminants which the department determines are harmless or beneficial to the health of consumers and if the owner of a public water supply system determines that funds are not reasonably available to provide for controlling amounts of those contaminants which are harmless or beneficial to the health of consumers.

8. The department may enter into an agreement with a county to delegate to the county the duties of the department under this section as they relate to the construction of semipublic sewage disposal systems.

9. A rural water association organized under chapter 357A or chapter 504 that employs or retains a licensed engineer shall be considered to have met the permitting requirements of this section for the purposes of sewer extensions and water supply distribution system extensions. The department shall not disqualify a rural water system if the system’s hydraulic modeling complies with standards for water supply distribution systems adopted by the commission pursuant to this chapter.

455B.183A Water quality protection fund.

1. A water quality protection fund is created in the state treasury under the control of the department. The fund consists of moneys appropriated to the fund by the general assembly, moneys deposited into the fund from fees described in subsection 2, moneys deposited into the fund from fees collected pursuant to sections 455B.187 and 455B.190A, and other moneys available to and obtained or accepted by the department from the United States government or private sources for placement in the fund. The fund is divided into the public water supply system account and the private water supply system account. Moneys in the public water supply system account are appropriated to the department for purposes of carrying out the provisions of this division, which relate to the administration, regulation, and enforcement of the federal Safe Drinking Water Act, and to support the program to assist supply systems, as provided in section 455B.183B. Moneys in the private water supply system account are appropriated to the department for the purpose of supporting the programs established to protect private drinking water supplies as provided in sections 455B.187, 455B.188, 455B.190, and 455B.190A.

2. The commission shall adopt fees as required pursuant to section 455B.105 for permits required for public water supply systems as provided in sections 455B.174 and 455B.183. Fees paid pursuant to this section shall not be subject to the sales or services tax. The fees shall be for each of the following:
   a. The construction, installation, or modification of a public water supply system. The amount of the fees may be based on the type of system being constructed, installed, or modified.
   b. The operation of a public water supply system, including any part of the system. The commission shall adopt a fee schedule which shall be based on the total number of persons served by public water supply systems in this state. However, a public water supply system shall be assessed a fee of at least twenty-five dollars. A public water supply system not owned or operated by a community and serving a transient population shall be assessed a fee of twenty-five dollars. The commission shall calculate all fees in the schedule to produce total revenues equaling three hundred fifty thousand dollars for each fiscal year, commencing with the fiscal year beginning July 1, 1995, and ending June 30, 1996. For each fiscal year, the fees shall be deposited into the public water supply system account. By May 1 of each year, the department shall estimate the total revenue expected to be collected from the overpayment of fees, which are all fees in excess of the amount of the total revenues which are expected to be collected under the current fee schedule, and the total revenue expected to be collected from the payment of fees during the next fiscal year. The commission shall adjust the fees if the estimate exceeds the amount of revenue required to be deposited in the account pursuant to this paragraph.

3. Moneys in the fund are subject to an annual audit by the auditor of state. The fund is subject to warrants by the director of the department of administrative services, drawn upon the written requisition of the department.

4. Section 8.33 does not apply to moneys in the fund. Moneys earned as income, including interest from the fund, shall remain in the fund until expended.

5. On or before November 15 of each fiscal year, the department shall transmit to the department of management and the legislative services agency information regarding the fund and accounts, including all of the following:
   a. The balance of unobligated and unencumbered moneys in each account as of November 1.
   b. A summary of revenue deposited in and expenditures from each account during the current fiscal year.
   c. Estimates of revenues expected to be deposited into the public water supply system
account during the current fiscal year, and an estimate of the expected balance of unobligated and unencumbered moneys in the account on June 30 of the current fiscal year.

455B.183B Program to assist supply systems.
1. The state of Iowa declares its intention to retain its jurisdiction to enforce areas provided under the federal Safe Drinking Water Act as delegated to the state by the United States.
2. The department shall establish a program to assist supply systems, in order to provide assistance to ensure safe public water supplies. The department in administering the program shall provide technical advice and perform vulnerability and viability studies of public water supply systems.
3. Whenever practical, the department may enter into a contract with a person qualified to provide assistance services under this section, if the agreement for the services is cost-effective and the quality of the services ensures compliance with state and federal law. A person entering into a contract with the department for the purpose of providing the services shall be deemed to be an agent of the department, and shall have the same authority as provided to the department, unless the contract specifies otherwise. The department shall review assistance services performed by a person under a contract to ensure that quality cost-effective service is being provided.
4. The program shall be supported by moneys deposited in the public water supply system account created in the water quality protection fund established pursuant to section 455B.183A.

Notwithstanding any limitation upon the department’s number of full-time equivalent positions as defined in section 8.36A, any point limitation on personnel, or any other limitation upon the number of personnel or their employment classification, imposed by the department of management, the department may employ the number of full-time equivalent positions which equals the number of positions allocated by the general assembly to the department for each applicable fiscal year in order to carry out the provisions of this division relating to the administration, regulation, and enforcement of the federal Safe Drinking Water Act and the program to assist supply systems, but only to the extent that moneys used to support the positions derive from moneys deposited in the water quality protection fund, as provided in section 455B.183A. If a specific number of full-time equivalent positions are not allocated by the general assembly, the department may fill any number of positions required to administer the program, to the extent the positions are supported by the fund.

1. A pollutant shall not be disposed of by dumping, depositing, or discharging such pollutant into any water of the state, except that this section shall not be construed to prohibit the discharge of adequately treated sewage, industrial waste, or other waste in accordance with rules adopted by the commission. A pollutant whether treated or untreated shall not be discharged into any state-owned natural or artificial lake except as authorized in subsection 2.

2. Subsection 1 shall not be construed to prohibit the use or application of a pesticide in accordance with the federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. §136 et seq. However, an aquatic pesticide shall not be applied to any water of the United States except as authorized in accordance with rules adopted by the commission.

455B.187 Water well construction.
1. A contractor shall not engage in well construction or reconstruction without first being certified as required in this part and department rules adopted pursuant to this part. Water wells shall not be constructed, reconstructed, or abandoned by a person except as provided in this part or rules adopted pursuant to this part. Within thirty days after construction or reconstruction of a well, a contractor shall provide well information required by rule to the department and the Iowa geological survey.

2. A landowner or the landowner’s agent shall not drill for or construct a new water well without first obtaining a permit for this activity from the department. The department shall not issue a permit to any person for this activity unless the person first registers with the department all wells, including abandoned wells, on the property. The department may delegate the authority to issue a permit to a county board of supervisors or the board’s designee. In the event of such delegation, the department shall retain concurrent authority. The commission shall adopt rules pursuant to chapter 17A to implement this subsection.

3. The director may charge a fee for permits issued pursuant to this section. All fees collected pursuant to this section shall be deposited into the private water supply system account within the water quality protection fund created in section 455B.183A.

4. Notwithstanding the provisions of this section, a county board of supervisors or the board’s designee may grant an exemption from the permit requirements to a landowner or the landowner’s agent if an emergency drilling is necessary to meet an immediate need for water. The exemption shall be effective immediately upon approval of the county board of supervisors or the board’s designee. The board of supervisors or the board’s designee shall notify the director within thirty days of the granting of an exemption.

5. In the case of property owned by a state agency, a person shall not drill for or construct a new water well without first registering with the department the existence of any abandoned wells on the property. The department shall develop a prioritized closure program and time frame for the completion of the program, and shall adopt rules to implement the program.

455B.188 Provision for emergency replacement of water wells.
Rules adopted to implement section 455B.172, subsection 7, paragraph “b”; section 455B.173, subsection 9; and section 455B.187 shall specifically provide for the immediate
replacement or reconstruction of water wells in response to the sudden and unforeseen loss or serious impairment of a well for its intended use. These provisions shall include the granting of emergency authorizations and registration of well contractors pursuant to section 455B.187 and may include the granting of variances and exemptions from technical standards as appropriate.

455B.190 Abandoned wells properly plugged.
1. As used in this section:
   a. "Class 1 well" means a well one hundred feet or less in depth and eighteen inches or more in diameter.
   b. "Class 2 well" means a well more than one hundred feet in depth or less than eighteen inches in diameter or a bedrock well.
   c. "Class 3 well" means a sandpoint well or a well fifty feet or less in depth constructed by joining a screened drive point with lengths of pipe and driving the assembly into a shallow sand and gravel aquifer.
   d. "Department" means the department of natural resources.
   e. "Designated agent" means a person other than the state, designated by a county board of supervisors to review and confirm that a well has been properly plugged.
   f. "Filling materials" means agricultural lime. Filling materials may also include other materials, including soil, sand, gravel, crushed stone, and pea gravel as approved by the department.
   g. "Owner" means the titleholder of the land where a well is located.
   h. "Plug" means the closure of an abandoned well with plugging materials which will permanently seal the well from contamination by surface drainage, or permanently seal off the well from contamination into an aquifer.
   i. "Plugging materials" means filling and sealing materials.
   j. "Sealing materials" means bentonite. Sealing materials may also include neat cement, sand cement grout, or concrete as approved by the department.
   k. "Well" means an abandoned well as defined in section 455B.171.
2. All wells shall be properly plugged in accordance with the schedule established by the department. The department shall develop a prioritized closure program and a time frame for the completion of the program and shall adopt rules to implement the program. The schedule established by the department shall provide that to the fullest extent technically and economically feasible, all wells shall be properly plugged not later than July 1, 2000.
3. Wells shall be plugged as follows:
   a. Class 1 wells shall be plugged by placing filling materials up to one foot below the static water level. At least one foot of sealing materials shall be placed on top of the filling materials up to the static water level, as a seal. Filling materials shall be added up to four feet below the ground surface. However, sealing materials may be used to fill the entire well up to four feet below the ground surface. The casing pipe shall be removed down to at least four feet below the ground surface and shall be capped with at least one foot of sealing materials. Obstructions shall be removed from the top four feet of the ground surface and the top four feet shall be backfilled with soil and graded.
   b. Class 2 wells shall be plugged by placing filling materials at the bottom of the well up to four feet below the static water level. At least four feet of sealing material shall be added on top of the filling material up to the original static water level. Filling materials shall be placed up to four feet below the ground surface and the well shall be capped with at least one foot of sealing material. However, sealing materials may be used to fill the entire well up to four feet below the ground surface. The upper four feet of the casing pipe below the ground surface shall be removed. The top four feet of the ground surface shall be removed of obstructions and backfilled with soil and graded.
   c. Class 3 wells shall be plugged by pulling the casing and sandpoint out of the ground,
and collapsing the hole. The well may also be plugged by placing sealing materials up to four feet below the ground surface and by removing the upper four feet of casing pipe below the ground surface. The top four feet of the ground surface shall be removed of obstructions and backfilled with soil and graded.

4. The department shall sponsor an advertising campaign directed to persons throughout the state by print and electronic media designed to notify owners of the deadline for plugging wells, penalties for noncompliance, and information about receiving assistance in plugging wells.

5. An owner may, independent of a contractor, plug a well pursuant to this section subject to review and confirmation by a designated agent of the county or a well driller registered with the department.

6. A person who fails to properly plug a well on property the person owns, in accordance with the program established by the department, or as reported by a designated agent or a registered or certified well contractor, is subject to a civil penalty of up to one hundred dollars per every five calendar days that the well remains unplugged or improperly plugged. However, the total civil penalty shall not exceed one thousand dollars. The penalty shall only be assessed after the one thousand dollar limit is reached. If the owner plugs the well in compliance with this section, including applicable departmental rules, before the date that the one thousand dollar limit is reached, the civil penalty shall not be assessed. The penalty shall not be imposed upon a person for improperly plugging a well until the department notifies the person of the improper plugging. The moneys collected shall be deposited in the financial incentive portion of the agriculture management account. The department of agriculture and land stewardship may provide by rule for financial incentive moneys, through expenditure of the moneys allocated to the financial-incentive-program portion of the agriculture management account, to reduce a person’s cost in properly plugging wells abandoned prior to July 1, 1987.

455B.190A Well contractor certification program.
1. As used in this section:
   a. “Certified well contractor” means a well contractor who has successfully passed an examination prescribed by the department to determine the applicant’s qualifications to perform well drilling or pump services or both.
   b. “Examination” means an examination for well contractors which includes, but is not limited to, relevant aspects of Iowa groundwater law, well construction, well maintenance, pump services, and well abandonment practices which protect groundwater and water supplies.
   c. “Groundwater” means groundwater as defined in section 455E.2.
   d. “Pump services” means the installation, repair, and maintenance of water systems.
   e. “Water systems” means any part of the mechanical portion of a water well that delivers water from the well to a valve that separates the well from the plumbing system. “Water systems” includes the pump, drop pipe to the well, electrical wire from the pump to the electrical panel, piping from the well to the pressure tank, pitless unit or adaptor, and all related miscellaneous fittings necessary to operate the well pump. “Water systems” does not include any outside piping to other buildings, and does not include the piping that carries the water in the remainder of the distribution system.
   f. “Water well” or “well” means water well as defined in section 455B.171.
   g. “Well contractor” means contractor as defined pursuant to section 455B.171, subsection 3.
   h. “Well contractors’ council” means the council established in subsection 3.
   i. “Well services” means new well construction, well reconstruction, installation of pitless equipment, pump services, or well plugging.

2. The department shall establish a well contractor certification program which shall include all of the following provisions:
§455B.190A

a. Specification of certification requirements, including minimum work experience levels, successful completion of an examination, and continuing education requirements.

b. A certified well contractor shall be present at the well site and in direct charge of the services whenever well services are provided.

c. A person shall not act as a well contractor on or after July 1, 1993, unless the person is certified by the department pursuant to this section.

d. Violation of the rules regarding the provision of well services are grounds for suspension or revocation of certification.

e. Provisional certification may be obtained by an applicant in instances of shortages of certified personnel if all of the following conditions are met:

(1) The applicant provides documentation of at least one year of work experience in well services performed under the direct supervision of a certified well contractor.

(2) The applicant successfully completes the examination.

(3) A certified well contractor who employs an applicant for well contractor certification cosigns the application for provisional certification. An employer who cosigns an application for provisional certification is jointly liable for a violation of the rules regarding well services by the provisionally certified well contractor and the violation is grounds for the suspension or revocation of certification of the certified well contractor and the provisionally certified well contractor.

f. The department shall develop continuing education requirements for certification of a well contractor in consultation with the well contractors’ council.

g. The examination shall be developed by the department in consultation with the well contractors’ council to determine the applicant’s qualifications to perform well drilling or pump services or both. The examination shall be updated as necessary to reflect current groundwater law and well construction, maintenance, pump services, and abandonment practices. The examination shall be administered by the department or by a person designated by the department.

h. The department may provide for multiyear certification of well contractors.

3. a. The department shall establish a well contractors’ council.

b. The membership of the council shall consist of the following members:

(1) Two well drilling contractors.

(2) Two pump installation contractors.

(3) One citizen member of the Iowa groundwater association or its successor.

(4) One citizen member of the Iowa environmental health association or its successor.

(5) The director of public health or the director’s designee.

(6) The state geologist or the state geologist’s designee.

(7) The director of the state hygienic laboratory or the director’s designee.

c. The council shall advise and assist the department in doing all of the following:

(1) The development, review, and revision of the department’s rules to implement this section.

(2) The development, updating, and revision of the examination for well contractor certification.

(3) The establishment, review, and revision of the continuing education requirements for certification.

(4) The production and publication of the consumer information pamphlet.

d. The council shall meet as often as necessary to perform the council’s duties. The department shall provide the council with staff assistance.

4. The department shall develop, in consultation with the well contractors’ council, a consumer information pamphlet regarding well construction, well maintenance, well plugging, pump services, and Iowa groundwater laws. The department and the council shall review and revise the consumer information pamphlet as necessary. The consumer information pamphlet shall be supplied to well contractors, at cost, and well contractors shall supply one copy at no cost to potential customers prior to initiation of well services.

5. The department shall establish by rule and collect, in consultation with the well contractors’ council, the following fees to be used to implement and administer the provisions of this section:
a. An annual certification fee to be paid by certified well contractors. The initial annual certification fee is one hundred fifty dollars. The fee may be increased by rule, as necessary, to reflect the costs of administration of the program. The department may establish a fee for multiyear certification.

b. The department may also charge and collect fees for testing, the provision of continuing education, and other fees related to and based on the actual costs of the well contractor certification program.

c. All fees collected pursuant to this subsection shall be deposited into the private water supply system account within the water quality protection fund created in section 455B.183A.

6. Rules adopted by the commission shall be developed in consultation with the council. If a majority of the council does not endorse the rules adopted by the commission, notice shall be sent to the administrative rules review committee indicating the council’s position.

7. A well contractor who is engaged in performing pump services on or prior to June 30, 2004, and who registers as a pump installer with the department by June 30, 2004, shall be deemed to have met the certification requirements of this section without examination. Beginning July 1, 2004, a pump installer seeking an initial well contractor certification shall meet the requirements for certification established in this section.

455B.191 Penalties — burden of proof.

1. As used in this section, “hazardous substance” means hazardous substance as defined in section 455B.381 or section 455B.411.

2. Any person who violates any provision of part 1 of division III of this chapter or any permit, rule, standard, or order issued under part 1 of division III of this chapter shall be subject to a civil penalty not to exceed five thousand dollars for each day of such violation.

3. a. Any person who negligently or knowingly does any of the following shall, upon conviction, be punished as provided in paragraph “b” or “c”:

   (1) Violates section 455B.183 or section 455B.186 or any condition or limitation included in any permit issued under section 455B.183.

   (2) Introduces into a sewer system or into a publicly owned treatment works any pollutant or hazardous substance which the person knew or reasonably should have known could cause personal injury or property damage.

   (3) Causes a treatment works to violate any water quality standard, effluent standard, pretreatment standard or condition of a permit issued to the treatment works pursuant to section 455B.183, unless the person is in compliance with all applicable federal and state requirements or permits.

b. (1) A person who commits a negligent violation under this subsection is guilty of a serious misdemeanor punishable by a fine of not more than twenty-five thousand dollars for each day of violation or by imprisonment for not more than one year, or both.

   (2) If the conviction is for a second or subsequent violation committed by a person under this subsection, the conviction is punishable by a fine of not more than fifty thousand dollars for each day of violation or by imprisonment for not more than two years, or both.

c. (1) A person who commits a knowing violation under this subsection is guilty of an aggravated misdemeanor punishable by a fine of not more than fifty thousand dollars for each day of violation or by imprisonment for not more than two years, or both.

   (2) If the conviction is for a second or subsequent violation committed by a person under this subsection, the conviction is punishable by a fine of not more than one hundred thousand dollars for each day of violation or by imprisonment for not more than five years, or both.

4. Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan or other document filed or required to be maintained under part 1 of division III of this chapter, or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required to be maintained under part 1 of division III of this chapter or by any permit, rule, regulation, or order issued under part 1 of division III of this chapter, shall upon conviction be punished by a fine of not more than
ten thousand dollars or by imprisonment in the county jail for not more than six months or by both such fine and imprisonment.

5. The attorney general shall, at the request of the director with approval of the commission, institute any legal proceedings, including an action for an injunction or a temporary injunction, necessary to enforce the penalty provisions of part 1 of division III of this chapter or to obtain compliance with the provisions of part 1 of division III of this chapter or any rules promulgated or any provision of any permit issued under part 1 of division III of this chapter. In any such action, any previous findings of fact of the director or the commission after notice and hearing shall be conclusive if supported by substantial evidence in the record when the record is viewed as a whole.

6. In all proceedings with respect to any alleged violation of the provisions of this part 1 of division III or any rule established by the commission or the department, the burden of proof shall be upon the commission or the department except in an action for contempt as provided in section 455B.182.

7. If the attorney general has instituted legal proceedings in accordance with this section, all related issues which could otherwise be raised by the alleged violator in a proceeding for judicial review under section 455B.178 shall be raised in the legal proceedings instituted in accordance with this section.

8. Any civil penalty collected by the state or a county relating to the construction of semipublic sewage disposal systems shall be deposited in the unsewered community revolving loan fund created pursuant to section 16.141.

455B.193 Qualifications for collection of credible data.
1. For purposes of this part, all of the following shall apply:
   a. Data is not credible data unless the data originates from studies and samples collected by the department, a professional designee of the department, or a qualified volunteer. For purposes of this paragraph, “professional designee” includes governmental agencies other than the department, and a person hired by, or under contract for compensation with, the department to collect or study data.
   b. All information submitted by a qualified volunteer shall be reviewed and approved or disapproved by the department. The qualified volunteer shall submit a site specific plan with data which includes information used to obtain the data, the sampling and analysis plan, and quality control and quality assurance procedures used in the monitoring process. The qualified volunteer must provide proof to the department that the water monitoring plan was followed. The department shall review all data collected by a qualified volunteer, verify the accuracy of the data collected by a qualified volunteer, and determine that all components of the water monitoring plan were followed.
   c. The department shall retain all information submitted by a qualified volunteer submitting the information for a period of not less than ten years from the date of receipt by the department. All information submitted shall be a public record.
   d. The department shall adopt rules establishing requirements for a person to become a qualified volunteer.
2. The department of natural resources shall develop a methodology for water quality assessments as used in the section 303(d) lists and assess the validity of the data.

Referred to in §455B.176A

455B.194 Credible data required.
1. The department shall use credible data when doing any of the following:
   a. Developing and reviewing any water quality standard.
   b. Developing any statewide water quality inventory or other water assessment report.
   c. Determining whether any water of the state is to be placed on or removed from any section 303(d) list.
   d. Determining whether any water of the state is supporting its designated use or other classification.
   e. Determining any degradation of a water of the state under 40 C.F.R. §131.12.
   f. Establishing a total maximum daily load for any water of the state.
2. Notwithstanding subsection 1, credible data shall not be required for any section 305(b) report and credible data shall not be required for the establishment of a designated use or other classification of a water of the state.
3. This section shall not be construed to require credible data as defined in section 455B.171, subsection 4, in order for the department to bring an enforcement action for an illegal discharge.

Referred to in §16.134, 455B.171, 455B.195

455B.195 Use or analysis of credible data.
1. For any use or analysis of credible data described in section 455B.194, subsection 1, all of the following shall apply:
   a. The use of credible data shall be consistent with the requirements of the federal Water Pollution Control Act, 33 U.S.C. §1251 et seq.
   b. The data quality for removal of water of the state from any list of impaired waters including any section 303(d) list shall be the same as the data quality for adding a water to that list.
   c. A water of the state shall not be placed on any section 303(d) list if the impairment is caused solely by violations of national pollutant discharge elimination system program permits or storm water permits issued pursuant to section 455B.103A and the enforcement of the pollution control measures is required.
   d. A water of the state shall not be placed on any section 303(d) list if the data shows an impairment, but existing technology-based effluent limits or other required pollution control measures are adequate to achieve applicable water quality standards.
   e. If a pollutant causing an impairment is unknown, the water of the state may be placed on a section 303(d) list. However, the department shall continue to monitor the water of the state to determine the cause of impairment before a total maximum daily load is established for the water of the state and a water of the state listed with an unknown status shall retain a low priority for a total maximum daily load development until the cause of the impairment is determined unless the department, after taking into consideration the use of the water of the state and the severity of the pollutant, identifies compelling reasons as to why the water of the state should not have a low priority.
   f. When evaluating the waters of the state, the department shall develop and maintain three separate listings including a section 303(d) list, a section 305(b) report, and a listing for which further investigative monitoring is necessary. The section 305(b) report shall be a summary of all potential impairments for which credible data is not required. If credible data is not required for a section 305(b) report, the placement of a water of the state on any section 305(b) report alone is not sufficient evidence for the water of the state’s placement on any section 303(d) list. When developing a section 303(d) list, the department is not required to use all data, but the department shall assemble and evaluate all existing and readily available water quality-related data and information. The department shall provide documentation
to the regional administrator of the federal environmental protection agency to support the state’s determination to list or not to list its waters.

g. The department shall take into consideration any naturally occurring condition when placing or removing any water of the state on any section 303(d) list, and establishing or allocating responsibility for a total maximum daily load.

h. Numerical standards shall have a preference over narrative standards. A narrative standard shall not constitute the basis for determining an impairment unless the department identifies specific factors as to why a numeric standard is not sufficient to assure adequate water quality.

i. If the department has obtained credible data for a water of the state, the department may also use historical data for that particular water of the state for the purpose of determining whether any trends exist for that water of the state.

2. This section shall not be construed to require or authorize the department to perform any act listed in section 455B.194, subsection 1, not otherwise required or authorized by applicable law.

2000 Acts, ch 1068, §12

Referred to in §16.134

455B.196 National pollutant discharge elimination system permit fund.

1. A national pollutant discharge elimination system permit fund is created as a separate fund in the state treasury under the control of the department. The fund is composed of moneys appropriated to the department for deposit into the fund and moneys available to and obtained or accepted by the department from the United States or private sources for placement in the fund. The fund shall include moneys deposited into the fund from fees charged for the processing of applications for the issuance of permits related to the national pollutant discharge elimination system as provided in section 455B.197.

2. Moneys in the national pollutant discharge elimination system permit fund are appropriated to the department each fiscal year for purposes of administering section 455B.197 and expediting the department’s processing of national pollutant discharge elimination system applications and the issuance of permits, including for salaries, support, maintenance, and other costs of administering section 455B.197.

3. Section 8.33 shall not apply to moneys credited to the national pollutant discharge elimination system permit fund. Notwithstanding section 12C.7, moneys earned as income or interest from the fund shall remain in the fund until expended as provided in this section.

2006 Acts, ch 1178, §24; 2009 Acts, ch 175, §20

Referred to in §455B.197

455B.197 National pollutant discharge elimination system permits.

The department may issue a permit related to the administration of the national pollutant discharge elimination system (NPDES) permit program pursuant to the federal Water Pollution Control Act, 33 U.S.C. ch. 26, as amended, and 40 C.F.R. pt. 124 including but not limited to storm water discharge permits issued pursuant to section 455B.103A. The department may provide for the receipt of applications and the issuance of permits as provided by rules adopted by the department which are consistent with this section. The department shall assess and collect fees for the processing of applications and the issuance of permits as provided in this section. The department shall deposit the fees into the national pollutant discharge elimination system permit fund created in section 455B.196. The fees shall be established as follows:

1. For a permit for the discharge from mining and processing facilities, NPDES general permit no. 5, the following fee schedule shall apply:

a. An annual permit, one hundred twenty-five dollars each year.

b. For a multiyear permit, all of the following shall apply:

(1) A three-year permit, three hundred dollars.

(2) A four-year permit, four hundred dollars.

(3) A five-year permit, five hundred dollars.
2. For coverage under NPDES individual permits for storm water, for a construction permit, an application fee of one hundred dollars.
3. For coverage under NPDES individual permits for non-storm water, the following annual fees apply:
   a. For a major municipal facility, one thousand two hundred seventy-five dollars.
   b. For a minor municipal facility, two hundred ten dollars. For a city with a population of two hundred fifty or less, the maximum fee shall be two hundred ten dollars regardless of how many NPDES individual permits for non-storm water the city holds.
   c. For a semipublic facility, three hundred forty dollars.
   d. For a facility that holds an operation permit, with no wastewater discharge into surface waters, one hundred seventy dollars.
   e. For a municipal water treatment facility, a fee shall not be charged.
   f. For a major industrial facility, three thousand four hundred dollars.
   g. For a minor industrial facility, three hundred dollars.
   h. For an open feedlot operation as provided in chapter 459A, an annual fee of three hundred forty dollars.
   i. For a new facility that has not been issued a current non-storm water NPDES permit, a prorated amount which shall be calculated by taking the annual fee amount multiplied by the number of months remaining before the next annual fee due date divided by twelve.
   j. For a facility covered under an existing non-storm water NPDES permit, a prorated amount which shall be calculated by taking the annual fee amount multiplied by the number of months remaining before the next annual fee due date divided by twelve.
   k. For a non-storm water permit as provided in this subsection, a single application fee of eighty-five dollars.
4. A single family home shall not be charged a fee under this section.
5. The owner of an on-farm processing operation that produces less than one thousand five hundred gallons per day of wastewater shall not be assessed a fee by the department under this section.

455B.198 Wastewater discharge from well drilling sites — rules.
1. The commission shall adopt rules pursuant to chapter 17A to regulate the discharge of wastewater from water well drilling sites. The rules shall incorporate the following considerations:
   a. The size of the well as measured by the flow of water in gallons per minute.
   b. The best management practices to address wastewater discharge.
   c. Requirements for notification to the department prior to the commencement of drilling operations.
   d. Requirements for retention of records for a well.
   e. Reasonable and appropriate limitations on wastewater discharge that take into consideration the need for the well.
   f. Reasonable and appropriate limitations on wastewater discharge that take into consideration the need to conserve soil and protect water quality.
2. The commission shall have the authority in the rules to provide for the issuance of a general permit and to establish a fee sufficient to recover the costs of issuing a general permit, which shall not exceed fifty dollars. The fees shall be remitted to the department and shall be used by the department to administer the permitting requirements of this section.
3. The commission shall convene an advisory committee that includes representatives of the Iowa water well association to assist in the development of the rules.

455B.199 Water resource restoration sponsor program.
1. The department shall establish and administer a water resource restoration sponsor program to assist in enhancing water quality in the state through the provision of financial
assistance to communities for a variety of impairment-based, locally directed watershed projects.

2. For purposes of this section, unless the context otherwise requires:
   a. "Qualified entity" means the same as defined in section 384.84.
   b. "Sponsor project" means a water resource restoration project as defined in section 384.80.

3. Moneys in the water pollution control works revolving loan fund created in section 455B.295, and the drinking water facilities revolving loan fund created in section 455B.295, shall be used for the water resource restoration sponsor program. The department shall establish on an annual basis the percentage of moneys available for the sponsor program from the funds.

4. The interest rate on the loan under the program for communities participating in a sponsor project shall be set at a level that requires the community to pay not more than the amount the community would have paid if they did not participate in a sponsor project.

5. Not more than ninety percent of the projected interest payments on bonds issued under section 384.84 or the total cost of the sponsor project shall be advanced to the community, whichever is lower.

6. A proposed sponsor project must be compatible with the goals of the water resource restoration sponsor program, shall include the application of best management practices for the primary purpose of water quality protection and improvement, and may include but not be limited to any of the following:
   a. Riparian buffer acquisition, enhancement, expansion, or restoration.
   b. Conservation easements.
   c. Riparian zone or wetland buffer extension or restoration.
   d. Wetland restoration in conjunction with an adjoining high-quality water resource.
   e. Stream bank stabilization and natural channel design techniques.
   f. In-stream habitat enhancements and dam removals.
   g. Practices related to water quality or water quality protection that are included in a field office technical guide published by the natural resources conservation service of the United States department of agriculture or are included in the Iowa stormwater management manual published by the department of natural resources.

7. A proposed sponsor project shall not include any of the following:
   a. Passive recreation activities and trails including bike trails, playgrounds, soccer fields, picnic tables, and picnic grounds.
   b. Parking lots, unless a parking lot is constructed in a manner to improve water quality and construction is consistent with a field office technical guide published by the natural resources conservation service of the United States department of agriculture or the Iowa stormwater management manual published by the department of natural resources.
   c. Diverse habitat creation contrary to the botanical history of the area.
   d. Planting of nonnative plant species.
   e. Dredging.
   f. Supplemental environmental projects required as a part of a consent decree.

8. A sponsor project must be approved by the department prior to participating in the water resource restoration sponsor program.

9. A resolution by the city council must be approved and included as part of an application for the water resource restoration sponsor program. After approval of the project, the city council shall enter into an agreement pursuant to chapter 28E with the qualified entity who shall implement the project.

10. A water resource restoration project shall not include the acquisition of property, an interest in property, or improvements to property through condemnation.

11. The commission shall adopt rules pursuant to chapter 17A necessary for the administration of this section.

455B.199A Prioritization of municipal water quality improvement projects.
1. The department may allow schedules of compliance to be included in permits whenever authorized by federal law or regulations. Such schedules shall be established to maximize benefits and minimize local financial impact while improving water quality, where such opportunities arise. If information is provided showing that the anticipated costs of compliance with a schedule have no reasonable relationship to environmental or public health needs or benefits, or may result in other detrimental environmental impacts, such as significant greenhouse gas emissions, the projects may be deferred, in whole or in part as determined appropriate by the department, and a variance granted, as consistent with applicable federal law or regulations.
2. Unless otherwise restricted by federal law or regulations, the department may allow compliance schedules of up to thirty years in national pollutant discharge elimination system permits, particularly where the costs of compliance with federal program mandates will adversely impact the construction of other necessary local capital improvement projects. If the department determines an existing condition constitutes a significant public health or environmental threat, the schedule of compliance shall be based on the shortest practicable time frame for remediating the condition.
2009 Acts, ch 72, §9

455B.199B Disadvantaged communities variance.
1. The department may provide for a variance of regulations pursuant to this part when it determines that regulations adopted pursuant to this part affect a disadvantaged community. Such a variance shall be consistent with federal rules and regulations. In considering an application for a variance, the department shall consider the substantial and widespread economic and social impact to the ratepayers and the affected community that may occur as a result of compliance with a federal regulation, a rule adopted by the department, or an order of the department pursuant to this part. In considering an application for a variance, the department shall take into account the rules adopted pursuant to this part with which a regulated entity and the commensurate affected community are required to comply.
2. The department shall find that a regulated entity and the affected community are a disadvantaged community by evaluating all of the following:
   a. The ability of the regulated entity and the affected community to pay for a project based on the ratio of the total annual project costs per household to median household income.
   b. Median household income in the community and the unemployment rate of the county in which the community is located.
   c. The outstanding debt of the system and the bond rating of the community.
3. The department shall find that an unsewered community is a disadvantaged community by evaluating all of the following:
   a. The ability of the community to pay for a project based on the ratio of the total annual project costs per household to median household income.
   b. The unemployment rate in the county where the community is located.
   c. The median household income of the community.
4. The department shall not consider a regulated entity, affected community, or unsewered community a disadvantaged community if the ratio of compliance costs to median household income is below one percent.
5. The department may grant a regulated entity a variance from complying with a rule adopted pursuant to this part or as otherwise allowed by federal law or regulations, if the department determines that the regulated entity or the affected community will suffer substantial and widespread economic and social impact. The department shall ensure the conditions of any variance improve water quality and represent reasonable progress toward complying with rules adopted pursuant to this part, but do not result in substantial and widespread economic and social impact.
6. The department shall not require installation of a wastewater treatment system by an unsewered community if the department determines that such installation would create substantial and widespread economic and social impact.
7. The Iowa finance authority, in cooperation with the department, shall utilize the
disadvantaged community criteria in this section to determine the appropriate interest rates for loans awarded from the revolving loan funds created in sections 455B.291 through 455B.299, as allowed by federal law or regulations.

8. The economic development authority shall utilize the disadvantaged community criteria in this section to determine eligibility for water or sewer community development block grants as provided in section 15.108, subsection 1, paragraph “a”.

455B.199C Alternative wastewater treatment technologies — legislative intent and purpose.
1. The intent of the general assembly is to address the rising costs of water and wastewater treatment compliance for regulated entities and affected communities by authorizing the use of alternative treatment technologies. The purpose of this section is to eliminate regulatory barriers that limit or prevent the use of new or innovative technologies.
2. The department shall produce and publish design guidance documents for alternative wastewater treatment technologies. The guidance documents shall be intended to encourage regulated entities to use such technologies and to assist design engineers with the submission of projects employing alternative wastewater treatment technologies that can be readily approved by the department.
3. In writing design guidance documents for alternative wastewater treatment technologies the department shall review all of the following:
   a. The on-site sewage design and reference manual published by the department of natural resources.
   b. The guidance manual for the management of on-site and decentralized wastewater systems published by the United States environmental protection agency.
   c. Other credible sources of information on the design, operation, and performance of alternative wastewater treatment technologies.

PART 2
WATER TREATMENT

455B.211 Definitions.
When used in this part 2 of division III, unless the context otherwise requires:
1. “Certificate” means the certificate of competence issued by the director stating that the operator has met the requirements for the specified operator classification of the certification program.
2. “Operator” means a person who has direct responsibility for the operation of a water treatment plant, water distribution system, or waste water treatment plant.
3. “Waste water treatment plant” means the facility or group of units used for the treatment of waste water from public sewer systems and for the reduction and handling of solids removed from such wastes.
4. “Water distribution system” means that portion of the water supply system in which water is conveyed from the water treatment plant or other supply point to the premises of the consumer.
5. “Water supply system” means the system of pipes, structures, and facilities through which a public water supply is obtained, treated and sold or distributed for human consumption or household use.
6. “Water treatment plant” means that portion of the water supply system which in some way alters the physical, chemical, or bacteriological quality of the water.

455B.212 Director’s duties.
The director shall classify all water treatment plants, water distribution systems, and waste water treatment plants affecting the public welfare with regard to the size, type, character of water and waste water to be treated and other physical conditions affecting such treatment plants and distribution systems, and according to the skill, knowledge, and experience that an operator must have to supervise the operation of the facilities to protect the public health and prevent pollution. The director may appoint advisory committees to advise the department in carrying out the requirements of this part.

455B.213 Certification of operators.
1. By director. The director shall certify persons as to their qualifications to supervise the operation of treatment plants and water distribution systems after considering the recommendations of the commission.
2. Applications. Applications for certification shall be on forms prescribed and furnished by the department and shall not contain a recent photograph of the applicant. An applicant is not ineligible for certification because of age, citizenship, sex, race, religion, marital status, or national origin although the application may require citizenship information. The director may consider the past felony record of an applicant only if the felony conviction relates directly to the practice of operation of waterworks or wastewater works. Character references may be required, but shall not be obtained from certificate holders.
3. Disclosure of confidential information. An employee of the department shall not disclose information relating to the following:
   a. Criminal history or prior misconduct of the applicant.
   b. Information relating to the contents of the examination to persons other than members of a board of certification of another state or their employees or an employee of the department.
   c. Information relating to the examination results other than final scores except for information about the results of an examination which is given to the person who took the examination.
4. Violation.
   a. An employee of the department who willfully communicates or seeks to communicate such information, and a person who willfully requests, obtains, or seeks to obtain such information, is guilty of a simple misdemeanor.
   b. A member of the commission who willfully communicates or seeks to communicate such information, and any person who willfully requests, obtains, or seeks to obtain such information, is guilty of a public offense which is punishable by a fine not exceeding one hundred dollars or by imprisonment in the county jail for not more than thirty days.

455B.216 Examinations.
The director shall hold at least one examination each year for the purpose of examining candidates for certification at a time and place designated by the director. Any written examination may be given by the department. All examinations in theory shall be in writing and the identity of the person taking the examination shall be concealed until after the examination papers have been graded. For examinations in practice, the identity of the person taking the examination shall also be concealed as far as possible. Those applicants whose competency is acceptable shall be recommended for certification. Applicants who fail the examination shall be allowed to take the examination at the next scheduled time. Thereafter, the applicant shall be allowed to take the examination at the discretion of the director. An applicant who has failed the examination may request in writing information from the department concerning the applicant’s examination grade and subject areas or questions which the applicant failed to answer correctly, except that if the director administers a uniform, standardized examination, the director is only required to provide the examination grade and the other information concerning the applicant’s examination results which is available to the department.

455B.219 Revocation or suspension.
The director may suspend or revoke the certificate of an operator, following a hearing before the director, when the operator is guilty of the following acts or offenses:
1. Fraud in procuring a license.
2. Professional incompetency.
3. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the operator’s profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.
4. Habitual intoxication or addiction to the use of drugs.
5. Conviction of a felony related to the profession or occupation of the licensee, or the conviction of any felony that would affect the licensee’s ability to operate a water treatment or wastewater treatment plant. A copy of the record of conviction or plea of guilty shall be conclusive evidence.
6. Fraud in representation as to skill or ability.
7. Use of untruthful or improbable statements in advertisements.
8. Willful or repeated violations of division III of this chapter.

455B.261 Definitions.
As used in this part of division III, unless the context otherwise requires:
1. “Aquifer” means a water-bearing geologic formation which is capable of yielding a usable quantity of water to a well or spring and which transports and stores groundwater.
2. “Aquifer storage and recovery” means the injection and storage of treated water in an aquifer through a permitted well during times when treated water is available, and withdrawal of the treated water from the same aquifer through the same well during times when treated water is needed.
3. “Basin” means a specific subsurface water-bearing reservoir having reasonably ascertainable boundaries.
4. “Beneficial use” means the application of water to a useful purpose that inures to the benefit of the water user and subject to the user’s dominion and control but does not include the waste or pollution of water.
5. “Depleting use” means the storage, diversion, conveyance, or other use of a supply of water if the use may impair rights of lower or surrounding users, may impair the natural resources of the state, or may injure the public welfare if not controlled.
6. “Diffused waters” means waters from precipitation and snowmelt which is not a part of any watercourse or basin including capillary soil water.
7. “Established average minimum flow” means the average minimum flow for a given watercourse at a given point determined and established by the commission.
   a. The “average minimum flow” for a given watercourse shall be determined by the following factors:
      (1) Average of minimum daily flows occurring during the preceding years chosen by the commission as more nearly representative of changing conditions and needs of a given drainage area at a particular time.
      (2) Minimum daily flows shown by experience to be the limit at which further withdrawals would be harmful to the public interest in any particular drainage area.
      (3) The minimum daily flows shown by established discharge records and experiences to be definitely harmful to the public interest.
   b. The determination shall be based upon available data, supplemented, when available data are incomplete, with whatever evidence is available.
8. “Floodplains” means the area adjoining a river or stream which has been or may be covered by flood water.
9. “Floodway” means the channel of a river or stream and those portions of the floodplains adjoining the channel which are reasonably required to carry and discharge the flood water or flood flow of any river or stream.
10. “Groundwater” means that water occurring beneath the surface of the ground.
11. “Nonregulated use” means any beneficial use of water by any person of less than twenty-five thousand gallons per day.
12. “Permit” means a written authorization issued by the department to a permittee which authorizes diversion, storage, including storage of treated water in an aquifer, or withdrawal
§455B.262 Declaration of policy and planning requirements.

1. It is recognized that the protection of life and property from floods, the prevention of damage to lands from floods, and the orderly development, wise use, protection, and conservation of the water resources of the state by their considered and proper use is of paramount importance to the welfare and prosperity of the people of the state, and to realize these objectives, it is the policy of the state to correlate and vest the powers of the state in a single agency, the department, with the duty and authority to assess the water needs of all water users at five-year intervals for the twenty years beginning January 1, 1985, and ending December 31, 2004, utilizing a database developed and managed by the Iowa geological survey, and to prepare a general plan of water allocation in this state considering the quantity and quality of water resources available in this state designed to meet the specific needs of the water users. The department shall also develop and the department shall adopt no later than June 30, 1986, a plan for delineation of floodplain and floodway boundaries for selected stream reaches in the various river basins of the state. Selection of the stream reaches and assignment of priorities for mapping of the selected reaches shall be based on consideration of flooding characteristics, the type and extent of existing and anticipated floodplain development in particular stream reaches, and the needs of local governmental bodies for assistance in delineating floodplain and floodway boundaries. The plan of floodplain mapping shall be for the period from June 30, 1986, to December 31, 2004. After the department adopts a plan of floodplain mapping, the department shall submit a progress report and proposed implementation schedule to the general assembly biennially. The department may modify the floodplain mapping plan as needed in response to changing circumstances.

2. The general welfare of the people of the state requires that the water resources of the state be put to beneficial use which includes ensuring that the waste or unreasonable use, or unreasonable methods of use of water be prevented, and that the conservation and protection of water resources be required with the view to their reasonable and beneficial use in the interest of the people, and that the public and private funds for the promotion and expansion
of the beneficial use of water resources be invested to the end that the best interests and welfare of the people are served.

3. Water occurring in a basin or watercourse, or other body of water of the state, is public water and public wealth of the people of the state and subject to use in accordance with this chapter, and the control and development and use of water for all beneficial purposes is vested in the state, which shall take measures to ensure the conservation and protection of the water resources of the state. These measures shall include the protection of specific surface and groundwater sources as necessary to ensure long-term availability in terms of quantity and quality to preserve the public health and welfare.

455B.262A National flood insurance program — participation required.
1. All counties and cities in this state that have an effective flood insurance rate map or flood hazard boundary map published by the federal emergency management agency that identifies a special flood hazard area within the political boundaries of the county or city shall meet the requirements for participation in the national flood insurance program administered by the federal emergency management agency on or before June 30, 2011.

2. If a county or city does not currently have an effective flood insurance rate map or flood hazard boundary map published by the federal emergency management agency that identifies a special flood hazard area within the political boundaries of the county or city, the county or city shall have twenty-four months from the effective date of any future flood insurance rate map or flood hazard boundary map published by the federal emergency management agency to meet the requirements for participation in the national flood insurance program.

3. State participation in funding financial assistance for a flood-related disaster under section 29C.6, subsection 17, paragraph “a”, is contingent upon the county or city participating in the national flood insurance program pursuant to the terms, conditions, and deadlines set forth in this section.

455B.263 Duties.
1. The commission shall deliver to the general assembly by January 15, 1987, a plan embodying a general groundwater protection strategy for this state which considers the effects of potential sources of groundwater contaminations on groundwater quality. The plan shall evaluate the ability of existing laws and programs to protect groundwater quality and recommend any necessary additional or alternative laws and programs. The department shall develop the plan with the assistance of and in consultation with representatives of agriculture, industry, and public and other interests. The commission shall report to the general assembly on the status and implementation of the plan on a biennial basis. This section does not preclude the implementation of existing or new laws or programs which may protect groundwater quality.

2. The commission shall designate the official representative of this state on all comprehensive water resources planning groups for which state participation is provided. The commission shall coordinate state planning with local and national planning and, in safeguarding the interests of the state and its people, shall undertake the resolution of any
conflicts that may arise between the water resources policies, plans, and projects of the federal government and the water resources policies, plans, and projects of the state, its agencies, and its people. This section does not limit or supplant the functions, duties, and responsibilities of other state or local agencies or institutions with regard to planning of water-associated projects within the particular area of responsibility of those state or local agencies or institutions.

3. The commission shall enter into negotiations and agreements with the federal government relative to the operation of, or the release of water from, any project that has been authorized or constructed by the federal government when the commission deems the negotiations and agreements to be necessary for the achievement of the policies of this state relative to its water resources.

4. The commission, on behalf of the state, shall enter into negotiations with the federal government relative to the inclusion of conservation storage features for water supply in any project that has been authorized by the federal government when the commission deems the negotiations to be necessary for the achievement of the policies of this state, however, an agreement reached pursuant to these negotiations does not bind the state until enacted into law by the general assembly.

5. A water user who benefits from the development by the federal government of conservation storage for water supply shall be encouraged to assume the responsibility for repaying to the federal government any reimbursable costs incurred in the development, and a user who accepts benefits from the developments financed in whole or part by the state shall assume by contract the responsibility of repaying to the state the user's reasonable share of the state's obligations in accordance with a basis which will assure payment within the life of the development. An appropriation, diversion, or use shall not be made by a person of any waters of the state that have been stored or released from storage either under the authority of the state or pursuant to an agreement between the state and the federal government until the person has assumed by contract the person's repayment responsibility. However, this subsection does not infringe upon any vested property interests.

6. a. In its contracts with water users for the payment of state obligations incurred in the development of conservation storage for water supply, the commission shall include the terms deemed reasonable and necessary:

   (1) To protect the health, safety, and general welfare of the people of the state.

   (2) To achieve the purposes of this chapter.

   (3) To provide that the state is not responsible to any person if the waters involved are insufficient for performance.

   b. The commission may designate and describe any such contract, and describe the relationships to which it relates, as a sale of storage capacity, a sale of water release services, a contract for the storage or sale of water, or any similar terms suggestive of the creation of a property interest. The term of the contracts shall be commensurate with the investment and use concerned, but the commission shall not enter into any such contract for a term in excess of the maximum period provided for water use permits.

7. The commission shall procure flood control works and water resources projects from or by cooperation with any agency of the United States, by cooperation with the cities and other subdivisions of the state under the laws of the state relating to flood control and use of water resources, and by cooperation with the action of landowners in areas affected by the works or projects when the commission deems the projects to be necessary for the achievement of the policies of this state.

8. The commission shall promote the policies set forth in this part and shall represent this state in all matters within the scope of this part. The commission shall adopt rules pursuant to chapter 17A as necessary to transact its business and for the administration and exercise of its powers and duties.

9. In carrying out its duties, the commission may accept gifts, contributions, donations and grants, and use them for any purpose within the scope of this part.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455A.3, 455A.8, 455A.15, 455A.17; 82 Acts, ch 1199, §17, 96]
455B.264 Jurisdiction — water and floodplains.
1. The department has jurisdiction over the public and private waters in the state and the lands adjacent to the waters necessary for the purposes of carrying out this part. The department may construct flood control works or any part of the works. In the construction of the works, in making surveys and investigations, or in formulating plans and programs relating to the water resources of the state, the department may cooperate with an agency of another state or the United States, or with any other person.
2. Upon application by any person for permission to divert, pump, or otherwise take waters from any watercourse, underground basin or watercourse, drainage ditch, or settling basin within this state for any purpose other than a nonregulated use, the director shall investigate the effect of the use upon the natural flow of the watercourse, the effect of the use upon the owners of any land which might be affected by the use, the effect of the use upon prior users of the water source and contracts made under section 455B.263 and whether the use is consistent with the principles and policies of beneficial use.
3. Upon application by any person for approval of the construction or maintenance of any structure, dam, obstruction, deposit, or excavation to be erected, used, or maintained in or on the floodplains of any river or stream, the department shall investigate the effect of the construction or maintenance project on the efficiency and capacity of the floodway. In determining the effect of the proposal the department shall consider fully its effect on flooding of or flood control for any proposed works and adjacent lands and property, on the wise use and protection of water resources, on the quality of water, on fish, wildlife, and recreational facilities or uses, and on all other public rights and requirements.

455B.265 Permits for diversion, storage, and withdrawal — fees authorized.
1. In its consideration of applications for permits, the department shall give priority in processing to persons in the order that the applications are received, except where the application of this processing priority system prevents the prompt approval of routine applications or where the public health, safety, or welfare will be threatened by delay. If the department determines after investigation that the diversion, storage, or withdrawal is consistent with the principles and policies of beneficial use and ensuring conservation, the department shall grant a permit. An application for a permit shall be approved or denied within ninety days from the date that the department receives the complete application. A renewal permit shall be approved or denied by the department within thirty days from the date that the department receives a complete application for renewal. If the applicant requests an extension of the time allotted, the department may approve the request to allow the applicant more time to submit additional information to resolve a contested or complex application. Regardless of the request in the application, and subject to appeal, the director or the department may determine the duration and frequency of withdrawal and the quantity of water to be diverted, stored, or withdrawn pursuant to the permit. Each permit granted after July 1, 1986, shall include conditions requiring routine conservation practices, and requiring implementation of emergency conservation measures after notification by the department.
2. If an application is received by July 1, 1986, the department shall grant a permit for the continuation of a beneficial use of water that was a nonregulated use prior to July 1, 1985, and now requires a permit pursuant to section 455B.268. However, the permit is subject to conditions requiring routine and emergency conservation measures and to modification or cancellation under section 455B.271. Applications received after July 1, 1986 for those uses shall be determined pursuant to subsection 1.
3. Permits shall be granted for a period of ten years; however, permits for withdrawal of water may be granted for less than ten years if geological data on the capacity of the aquifer and the rate of its recharge are indeterminate, and permits for the storage of water may be granted for the life of the structure unless revoked by the department. A permit granted shall remain as an appurtenance of the land described in the permit through the date specified in the permit and any extension of the permit or until an earlier date when the permit or its extension is canceled under section 455B.271. Upon application for a permit prior to the termination date specified in the permit, a permit may be renewed by the department for a period of ten years.

4. Permits for aquifer storage and recovery shall be granted for a period of twenty years or the life of the project, whichever is less, unless revoked by the department. The department shall adopt rules pursuant to chapter 17A relating to information an applicant for a permit shall submit to the department. At a minimum, the information shall include engineering, investigation, and evaluation information requisite to assure protection of the groundwater resource, and assurances that an aquifer storage and recovery site shall not unreasonably restrict other uses of the aquifer. Upon application and prior to the termination date specified in the original permit or a subsequent renewal permit, a renewal permit may be issued by the department for an additional period of twenty years. The department shall not authorize withdrawals of treated water from an aquifer storage and recovery site by anyone other than the permittee during the period of the original permit and each subsequent renewal permit. Treated water injected into an aquifer covered by a permit issued pursuant to this subsection is the property of the permittee.

5. Prior to the issuance of a new permit or modification of a permit under this section to a community public water supply, the department shall publish a notice of recommendation to grant a permit. The notice shall include a brief summary of the proposed permit.

6. The department may charge a fee to a person who has been granted a permit pursuant to this section or is required to have a permit pursuant to section 455B.268. The commission shall adopt by rule the fee amounts.

a. The amount of a fee shall be based on the department’s reasonable cost of reviewing applications, issuing permits, ensuring compliance with the terms of the permits, and resolving water interference complaints. The commission shall calculate the fees to produce total revenues of not more than five hundred thousand dollars for each fiscal year.

b. Fees collected pursuant to this subsection shall be credited to the water use permit fund created in section 455B.265A.

c. The commission shall annually review the amount of moneys generated by the fees, the balance in the water use permit fund, and the anticipated expenses for succeeding fiscal years.

d. Fees paid pursuant to this section shall not be subject to sales or services taxes.

e. The department shall not require an applicant to pay both an annual fee and an application fee when submitting an application for a water use permit.

455B.265A Water use permit fund — appropriation.

1. A water use permit fund is created in the state treasury. The fund shall be separate from the general fund of the state and shall be under the control of the department.

2. Moneys credited to the fund from the fees assessed pursuant to section 455B.265, subsection 6, are appropriated to the department and shall be used for all of the following purposes:

a. Reviewing applications for permits under section 455B.265, issuing permits, and providing technical assistance to permit applicants.
455B.265A, JURISDICTION OF DEPARTMENT OF NATURAL RESOURCES

b. Ensuring compliance with the terms of the permits.

c. Implementing and enforcing the provisions of sections 455B.261 through 455B.281 pertaining to water allocation, use, diversion, storage, and withdrawal, and completing investigations needed to issue new or modified permits or to resolve water interference complaints.

3. Notwithstanding section 8.33, any unexpended balance in the fund at the end of a fiscal year shall be retained in the fund.

4. Notwithstanding section 12C.7, subsection 2, interest, earnings on investments, or time deposits of the moneys in the fund shall be retained in the fund.

455B.266 Priority allocation.

1. After any event described in paragraphs “a” through “d” of this subsection has occurred, the department shall investigate and, if appropriate, may implement the priority allocation plan provided in subsection 2. The department shall require existing permittees to implement appropriate emergency conservation measures. The pertinent public notice and hearing requirements of subsection 4 of this section and sections 455B.271 and 455B.278 shall apply to the implementation of the plan.

a. Receipt of a petition by twenty-five affected persons or a governmental subdivision requesting that the priority allocation plan be implemented due to a substantial local water shortage.

b. Receipt of information from a state or federal natural resource, research or climatological agency indicating that a drought of local or state magnitude is imminent.

c. Issuance by the governor of a proclamation of a disaster emergency due to a drought or other event affecting water resources of the state.

d. Determination by the department in conjunction with the department of homeland security and emergency management of a local crisis which affects availability of water.

2. Notwithstanding a person's possession of a permit or the person's use of water being a nonregulated use, the department may suspend or restrict usage of water by category of use on a local or statewide basis in the following order:

a. Water conveyed across state boundaries.

b. Uses of water primarily for recreational or aesthetic purposes.

c. Uses of water for the irrigation of hay, corn, soybeans, oats, grain sorghum or wheat.

d. Uses of water for the irrigation of crops other than hay, corn, soybeans, oats, grain sorghum or wheat.

e. Uses of water for manufacturing or other industrial processes.

f. Uses of water for generation of electrical power for public consumption.

g. Uses of water for livestock production.

h. Uses of water for human consumption and sanitation supplied by rural water districts, municipal water systems, or other public water supplies as defined in section 455B.171.

i. Uses of water for human consumption and sanitation supplied by a private water supply as defined in section 455B.171.

3. Unless the governor has issued a proclamation described in subsection 1, paragraph “c”, the department shall not impose a suspension of water use or a further restriction, other than conservation, on the uses of water provided in subsection 2, paragraphs “g” through “i” or on users of water pursuant to a contract with the state as provided in section 455B.263, subsections 5 and 6. If a contract with the state as provided in section 455B.263, subsections 5 and 6 was in effect prior to March 5, 1985, the department shall not impose a suspension of water use or a further restriction, other than conservation, on the users of water pursuant to that contract.

4. Suspension or restrictions of water usage applicable to otherwise nonregulated water users shall be by emergency order of the director which the department shall cause to be published in local newspapers of general circulation and broadcast by local media. The emergency order shall state an effective date of the suspension or restriction and shall be
immediately effective on such date unless stayed, modified or vacated at a hearing before the commission or by a court.

455B.267 Permits for beneficial use — prohibitions.

1. The director or the commission may issue a permit for beneficial use of water in a watercourse if the established average minimum water flow is preserved.

2. A use of water shall not be authorized if it will impair the effect of this chapter or any other pollution control law of this state.

3. A permit shall not be issued or continued if it will impair the navigability of any navigable watercourse.

4. A permit to divert, store or withdraw water shall not be issued or continued if it will unreasonably impair the long-term availability of water from a surface or groundwater source in terms of quantity or quality, or otherwise adversely affect the public health or welfare.

455B.268 When permit required.

1. A permit shall be required for the following:

   a. Except for a nonregulated use, a person diverting, storing or withdrawing water from any surface or groundwater source.

   b. A person who diverts water or any material from the surface directly into an underground watercourse or basin.

2. The commission may adopt, modify, or repeal rules pursuant to chapter 17A specifying the conditions under which the director may authorize specific nonrecurring minor uses of water for periods not to exceed one year through registration.

3. Notwithstanding any exemptions from permit requirements, nothing in this part exempts water users from requirements for reporting which the commission adopts by rule.

455B.269 Taking water prohibited.

1. A person shall not take water from a natural watercourse, underground basin or watercourse, drainage ditch, or settling basin within this state for any purpose other than a nonregulated use except in compliance with the sections of this part which relate to the withdrawal, diversion, or storage of water. However, existing uses may be continued during the period of the pendency of an application for a permit.

2. A person, other than the aquifer storage and recovery permittee, shall not take treated water from a permitted aquifer storage and recovery site within this state.

455B.270 Rights preserved.

The sections of this part which relate to the withdrawal, diversion, or storage of water do not deprive any person of the right to use diffused waters, to drain land by use of tile, open ditch, or surface drainage, or to construct an impoundment on the person’s property or across a stream that originates on the person’s property if provision is made for safe construction
and for a continued established average minimum flow when the flow is required to protect the rights of water users below.

455B.271 Modification or cancellation of permits.
Each permit issued under section 455B.265 is irrevocable for its term and for any extension of its term except as follows:
1. A permit may be modified or canceled by the department with the consent of the permittee.
2. Subject to appeal to the department of inspections and appeals, a permit may be modified or canceled by the director if any of the following occur:
   a. There is a breach of the terms of the permit.
   b. There is a violation of the law pertaining to the permit by the permittee or the permittee’s agents.
   c. There is a circumstance of nonuse as provided in section 455B.272.
   d. The department finds that modification or cancellation is necessary to protect the public health or safety, to protect the public interests in lands or waters, to require conservation measures or to prevent substantial injury to persons or property in any manner. Before the modification or cancellation is effective, the department shall give at least thirty days’ written notice mailed to the permittee at the permittee’s last known address, stating the grounds of the proposed modification or cancellation and giving the permittee an opportunity to be heard on the proposal.
3. By written emergency order to the permittee, the department may suspend or restrict operations under a permit if the director finds it necessary in an emergency to protect the public health, to protect the public interest in waters against imminent danger of substantial injury in any manner or to an extent not expressly authorized by the permit, to implement the priority allocation system of section 455B.266, or to protect persons or property against imminent danger. The department may require the permittee to take measures necessary to prevent or remedy the injury. The emergency order shall state the effective date of the suspension or restriction and shall be immediately effective on that date unless stayed, modified or vacated at a hearing before the department or by a court.

455B.272 Termination of permit.
The right of the permittee and the permittee’s successors to the use of water shall terminate when the permittee or the permittee’s successors fail for three consecutive years to use it for the specific beneficial purpose authorized in the permit and, after notification by the department of intent to cancel the permit for nonuse, the permittee or the permittee’s successors fail to demonstrate adequate plans to use water within a reasonable time. However, nonuse of water due to adequate rainfall does not constitute grounds for cancellation of a permit to use water for irrigation.

455B.275 Prohibited acts — powers of commission and executive director.
  1. A person shall not permit, erect, use, or maintain a structure, dam, obstruction, deposit, or excavation in or on a floodway or floodplains, which will adversely affect the efficiency of or unduly restrict the capacity of the floodway, or adversely affect the control, development, protection, allocation, or utilization of the water resources of the state, and the same are declared to be public nuisances.
  2. The department may commence, maintain, and prosecute any appropriate action to enjoin or abate a nuisance, including any of the nuisances specified in subsection 1 and any other nuisance which adversely affects flood control.
  3. a. A person shall file a written application with the department if the person desires to do any of the following:
    (1) Erect, construct, use, or maintain a structure, dam, obstruction, deposit, or excavation in or on any floodway or floodplains.
    (2) Erect, construct, maintain, or operate a dam on a navigable or meandered stream.
    (3) Erect, construct, maintain, or operate a dam on a stream for manufacturing or industrial purposes.
    b. The application shall set forth information as required by rule of the commission. The department, after an investigation, shall approve or deny the application imposing conditions and terms as prescribed by the department.
  4. Notwithstanding design criteria and guidelines for Iowa dams adopted by the department, all of the following standards shall apply to a person reconstructing a dam that was damaged due to a natural disaster who files an application under subsection 3:
    a. The person reconstructing the dam is only required to possess the flooding easements or ownership which was held prior to the reconstruction as long as the former normal pool elevation is not exceeded and the spillway capacity is increased by at least fifty percent.
    b. Flooding easements or ownership is only required to the top of the reconstructed spillway elevation.
  5. The department may maintain an action in equity to enjoin a person from erecting or making or permitting to be made a structure, dam, obstruction, deposit, or excavation for which a permit has not been granted. The department may also seek judicial abatement of any structure, dam, obstruction, deposit, or excavation erected or made without a permit required under this part. The abatement proceeding may be commenced to enforce an administrative determination of the department in a contested case proceeding that a public nuisance exists and should be abated. The costs of abatement shall be borne by the violator. Notwithstanding section 352.11, a structure, dam, obstruction, deposit, or excavation on a floodway or floodplain in an agricultural area established under chapter 352 is not exempt from the sections of this part which relate to regulation of floodplains and floodways. As used in this subsection, "violator" includes a person contracted to erect or make a structure, dam, obstruction, deposit, or excavation in a floodway including stream straightening unless the project is authorized by a permit required under this part.
6. The department may remove or eliminate a structure, dam, obstruction, deposit, or excavation in a floodway which adversely affects the efficiency of or unduly restricts the capacity of the floodway, by an action in condemnation, and in assessing the damages in the proceeding, the appraisers and the court shall take into consideration whether the structure, dam, obstruction, deposit, or excavation is lawfully in or on the floodway in compliance with this part.

7. The department may require, as a condition of an approval order or permit granted pursuant to this part, the furnishing of a performance bond with good and sufficient surety, conditioned upon full compliance with the order or permit and the rules of the commission. In determining the need for and amount of bond, the department shall give consideration to the hazard posed by the construction and maintenance of the approved works and the protection of the health, safety, and welfare of the people of the state. This subsection does not apply to orders or permits granted to a governmental entity.

8. When approving a request to straighten a stream, the department may establish as a condition of approval a permanent prohibition against tillage of land owned by the person receiving the approval and lying within a minimum distance from the stream sufficient in the judgment of the director or commission to hold soil erosion to reasonable limits. The department shall record the prohibition in the office of the county recorder of the appropriate county and the prohibition shall attach to the land.

9. The commission shall establish, by rule, thresholds for dimensions and effects, and any structure, dam, obstruction, deposit, or excavation having smaller dimensions and effects than those established by the commission is not subject to regulation under this section. The thresholds shall be established so that only those structures, dams, obstructions, deposits, or excavations posing a significant threat to the well-being of the public and the environment are subject to regulation.

10. The commission or the department shall not initiate any administrative or judicial action to remove or eliminate any structure, dam, obstruction, deposit, or excavation in a floodway, or to remove or eliminate any stream straightening, or to place other restrictions on the use of land or water affected by the structure, dam, obstruction, deposit, excavation, or stream straightening if not initiated within five years after the department becomes aware of the erection or making of the structure, dam, obstruction, deposit, excavation, or stream straightening. After ten years from the completion of the erection or making of the structure, dam, obstruction, deposit, excavation, or stream straightening, the prohibition of this subsection applies to, but is not limited to, any administrative or judicial abatement or action in condemnation that the commission or department may initiate under this section unless action is required to protect the public safety, in which case this section is not intended to limit the department from taking actions otherwise authorized by law.

In addition to prospective application, 1988 amendments amending subsection 5 and enacting subsection 10 apply to all knowledge possessed by department for at least five years before July 1, 1988, and to all projects completed earlier than ten years before July 1, 1988; 88 Acts, ch 1196, §3

455B.276 Floodplains — encroachment limits.

1. The commission may establish and enforce rules for the orderly development and wise use of the floodplains of any river or stream within the state and alter, change, or revoke the rules. The commission shall determine the characteristics of floods which reasonably may be expected to occur and may establish by order encroachment limits, protection methods, and minimum protection levels appropriate to the flooding characteristics of the stream and to reasonable use of the floodplains. The order shall fix the length of floodplains to be regulated at any practical distance, the width of the zone between the encroachment limits so as to include portions of the floodplains adjoining the channel, which with the channel,
are required to carry and discharge the flood waters or flood flow of the river or stream, and
the design discharge and water surface elevations for which protection shall be provided
for projects outside the encroachment limits but within the limits of inundation. Plans for
the protection of projects proposed for areas subject to inundation shall be reviewed as
plans for flood control works within the purview of section 455B.277. An order establishing
encroachment limits shall not be issued until notice of the proposed order is given and an
opportunity for public hearing is given for the presentation of protests against the order.
In establishing the limits, the commission shall avoid to the greatest possible degree the
evacuation of persons residing in the area of a floodway, the removal of residential structures
occupied by the persons in the area of a floodway, and the removal of structures erected or
made prior to July 4, 1965, which are located on the floodplains of a river or stream but not
within the area of a floodway.

2. The commission shall cooperate with and assist local units of government in the
establishment of encroachment limits, floodplain regulations, and zoning ordinances
relating to floodplain areas within their jurisdiction. Encroachment limits, floodplain
regulations, or floodplain zoning ordinances proposed by local units of government shall
be submitted to the department for review and approval prior to adoption by the local units
of government. Changes or variations from an approved regulation or ordinance as it relates
to floodplain use are subject to approval by the commission prior to adoption. Individual
applications, plans, and specifications and individual approval orders shall not be required
for works on the floodplains constructed in conformity with encroachment limits, floodplain
regulations, or zoning ordinances adopted by the local units of government and approved
by the commission.

455B.277 Flood control works coordinated.
1. All flood control works in the state, which are established and constructed after April
16, 1949, shall be coordinated in design, construction, and operation according to sound and
accepted engineering practice so as to effect the best flood control obtainable throughout
the state. A person shall not construct or install works of any nature for flood control until
the proposed works and the plans and specifications for the works are approved by the
department. The department shall consider all the pertinent facts relating to the proposed
works which will affect flood control and water resources in the state and shall determine
whether the proposed works in the plans and specifications will be in aid of and acceptable
as part of, or will adversely affect and interfere with flood control in the state, adversely
affect the control, development, protection, allocation, or utilization of the water resources
of the state, or adversely affect or interfere with an approved local water resources plan. In
the event of disapproval, the department shall set forth the objectionable features so that the
proposed works and the plans and specifications for the proposed works may be corrected
or adjusted to obtain approval.

2. This section applies to drainage districts, soil and water conservation districts,
the natural resource commission, political subdivisions of the state, and private persons
undertaking projects relating to flood control.

The rules shall include provisions for application, public notice and opportunity for public
hearing, and contested cases. Public notice of a decision by the director to issue a permit

shall be given in a manner designed to inform persons who may be adversely affected by the permitted project or activity.

2. Action by the department upon an application for a permit required under this part may be appealed to the commission by the applicant or any affected person within thirty days of the department’s action. A hearing before the commission or its designee is a contested case. The hearings and judicial review of decisions of the commission shall be carried out in accordance with chapter 17A. Notwithstanding chapter 17A, petitions for judicial review may be filed in the district court of Polk county or of any county in which the property affected is located. If the commission, the district court, or the supreme court determines that the action of the commission shall be stayed, the petitioner shall file an appropriate bond approved by the court.

455B.279 Violation.
1. The director may issue any order necessary to secure compliance with or prevent a violation of this part or the rules adopted pursuant to this part. The order may be appealed to the commission by filing a notice of appeal with the director. The appeal shall be conducted as a contested case pursuant to chapter 17A and the commission may affirm, modify, or revoke the order. The department may request legal services as required from the attorney general, including any legal proceeding necessary to obtain compliance with this part and rules and orders issued under this part. The applicable time frames for the issuance and appeal of an order are defined in section 455B.110.

2. A person who violates a provision of this part or a rule or order adopted or promulgated or the conditions of a permit issued pursuant to this part is subject to a civil penalty not to exceed five hundred dollars for each day that a violation occurs.

455B.281 Compensation for well interference.
1. If an investigation by the department, using information provided by the applicant or permittee and the complainant, discloses that a proposed or existing permitted use or combination of such uses is causing or will cause the delivery system to fail in a well which supplies water for a nonregulated use, the department may condition issuance or continuation of a permit upon payment by the permittee of compensation for all or a portion of the cost of a replacement water supply system or remedial measures necessitated by the interference. However, such condition may be imposed only after the parties demonstrate to the department that a good-faith effort to negotiate a mutually agreeable compensation has been made and has failed.

2. Determination of the amount of compensation for the well interference shall be made as a part of the determination of the department in accordance with section 455B.265 or 455B.271. The department may require the submission of itemized estimates of the cost of remedial repairs or a replacement water supply system. In determining appropriate compensation, the department shall consider the age and condition of the affected well or pumping system and its reasonableness as a method of obtaining groundwater in light of the history of development of groundwater in the surrounding area. When compensation is required for all or part of the cost of construction of a replacement water supply system or reconstruction of an affected well, the construction or reconstruction must comply with
applicable well construction standards. A permittee is not required to pay compensation before having an opportunity to test pumping authorized by the department and supervised by the department or designee.

3. The determination of the department shall be subject to administrative and judicial review and shall be the exclusive remedy for such interference.

PART 5
WATER POLLUTION CONTROL WORKS
AND DRINKING WATER FACILITIES
FINANCING PROGRAM
See also §16.131 – 16.135

455B.291 Definitions.
As used in this part, unless the context requires otherwise:
1. "Administration funds" means funds established pursuant to this part for the costs and expenses associated with administering the program under this part and section 16.133A.
2. "Authority" means the Iowa finance authority created in section 16.1A.
4. "Cost" means all costs, charges, expenses, or other indebtedness incurred by a loan recipient and determined by the department as reasonable and necessary for carrying out all works and undertakings necessary or incidental to the accomplishment of any project.
5. "Eligible entity" means a person eligible under the provisions of the Clean Water Act, the Safe Drinking Water Act, and the commission rules to receive loans for projects from any of the revolving loan funds.
6. "Loan recipient" means an eligible entity that has received a loan from any of the revolving loan funds.
7. "Municipality" means a city, county, sanitary district, state agency, or other governmental body or corporation empowered to provide sewage collection and treatment services, or any combination of two or more of the governmental bodies or corporations acting jointly, in connection with a project.
8. "Private entity" means a corporation, limited liability company, trust, estate, partnership, association, or any other legal entity or a legal representative, agent, officer, employee, or assignee of such entity. "Private entity" does not include an individual, municipality, city utility as defined in section 362.2, public water supply system as defined in section 455B.171, or a qualified entity as defined in section 384.84.
9. "Program" means the water pollution control works and drinking water facilities financing program created pursuant to section 455B.294.
10. "Project" means one of the following:
   a. (1) In the context of water pollution control facilities, the acquisition, construction, reconstruction, extension, equipping, improvement, or rehabilitation of any works and facilities useful for the collection, treatment, and disposal of sewage and industrial waste in a sanitary manner including treatment works as defined in section 212 of the Clean Water Act, or the implementation and development of management programs established under sections 319 and 320 of the Clean Water Act, including construction and undertaking
of nonpoint source water pollution control projects and related development activities authorized under those sections.

(2) On and after July 1, 2019, nonpoint source water pollution control projects for purposes of subparagraph (1) shall not include the acquisition of real property by a private entity for future donation or sale to a political subdivision, the department, or the federal government except as included in subparagraph (3).

(3) Subparagraph (2) does not apply to the acquisition of land by a private entity intended for such future donation when the private entity acquires any of the following:

(a) Only that portion of land on which an edge-of-field practice consistent with the Iowa nutrient reduction strategy is installed to provide water quality benefits beyond the geographic footprint of the practice.

(b) Any necessary setbacks to a portion of land included in subparagraph division (a) as authorized by the department.

b. In the context of drinking water facilities, the acquisition, construction, reconstruction, extending, remodeling, improving, repairing, or equipping of waterworks, water mains, extensions, or treatment facilities useful for providing potable water to residents served by a water system, including the acquisition of real property needed for any of the foregoing purposes, and such other purposes and programs as may be authorized under the Safe Drinking Water Act.

11. “Revolving loan funds” means the funds of the program established under sections 16.133A and 455B.295.

13. “Water system” means any community water system or nonprofit noncommunity water system, each as defined in the Safe Drinking Water Act, that is eligible under the rules of the department to receive a loan under the program for the purposes of undertaking a project.

455B.292 Findings.

The general assembly finds that the proper construction, rehabilitation, operation, and maintenance of modern and efficient wastewater treatment works, other water pollution control works, and drinking water facilities are essential to protecting and improving the state’s water quality and the health of its citizens; that protecting and improving water quality is an issue of concern to the citizens of the state; that in addition to protecting and improving the state’s water quality, adequate wastewater treatment and water pollution control works and drinking water facilities are essential to economic growth and development; that during the last several years the amount of federal grant money available to states and local governments for assistance in constructing and improving wastewater treatment works and safe drinking water facilities has sharply diminished and will likely continue to diminish; and that it is proper for the state to encourage local governments, individuals, and other entities to undertake water pollution control and drinking water projects through the establishment of a state mechanism to provide loans at the lowest reasonable rates.

455B.293 Policy.

It is the policy of this state that it is in the public interest to establish a water pollution control works and drinking water facilities financing program and revolving loan funds and administration funds to make loans available from the state to eligible entities for the purpose
of undertaking projects. This section shall be broadly construed to effect and accomplish that purpose.

Referred to in §16.131, 455B.199B, 456A.17

455B.294 Establishment of the water pollution control works and drinking water facilities financing program.

The water pollution control works and drinking water facilities financing program is established for the purpose of making loans available to eligible entities to finance all or part of the costs of projects. The program shall be a joint and cooperative undertaking of the department and the authority. The department and the authority may enter into and provide any agreements, documents, instruments, certificates, data, or information necessary in connection with the operation, administration, and financing of the program consistent with this part, the Safe Drinking Water Act, the Clean Water Act, the rules of the department and the commission, the rules of the authority, and other applicable federal and state law. The authority and the department may act to conform the program to the applicable guidance and regulations adopted by the United States environmental protection agency.

455B.295 Funds and accounts.

1. Four separate funds are established in the state treasury, to be known as the water pollution control works revolving loan fund, the water pollution control works administration fund, the drinking water facilities revolving loan fund, and the drinking water facilities administration fund.

2. a. Each of the revolving loan funds shall include sums appropriated to the revolving loan funds by the general assembly, sums transferred by action of the governor under section 455B.296, subsection 3, sums allocated to the state expressly for the purposes of establishing each of the revolving loan funds under the Clean Water Act and the Safe Drinking Water Act, all receipts by the revolving loan funds, and any other sums designated for deposit to the revolving loan funds from any public or private source. All moneys appropriated to and deposited in the revolving loan funds are appropriated and shall be used for the sole purpose of making loans to eligible entities to finance all or part of the cost of projects, including sponsor projects under the water resource restoration sponsor program established in section 455B.199. The moneys appropriated to and deposited in the water pollution control works revolving loan fund shall not be used to pay the nonfederal share of the cost of projects receiving grants under the Clean Water Act. On and after July 1, 2019, moneys in the revolving loan funds shall not be used to finance, subsidize, or enable the acquisition of real property by a private entity except that moneys in the revolving loan funds may be used to finance or subsidize an acquisition of real property by a private entity that occurred prior to July 1, 2019, or to finance, subsidize, or acquire an edge-of-field practice or setback included in section 455B.291, subsection 10, paragraph “a”, subparagraph (3). The moneys in the revolving loan funds are not considered part of the general fund of the state, are not subject to appropriation for any other purpose by the general assembly, and in determining a general fund balance shall not be included in the general fund of the state but shall remain in the revolving loan funds to be used for their respective purposes. The revolving loan funds are separate dedicated funds under the administration and control of the authority and subject to section 16.31. Moneys on deposit in the revolving loan funds shall be invested by the treasurer of the state in cooperation with the authority, and the income from the investments shall be credited to and deposited in the appropriate revolving loan funds.

b. For purposes of this subsection, “edge-of-field practice” means a bioreactor, saturated buffer, wetland, or buffer.

3. The administration funds shall include sums appropriated to the administration funds by the general assembly, sums allocated to the state for the express purposes of administering the programs, policies, and undertakings authorized by the Clean Water Act and the Safe Drinking Water Act, and all receipts by the administration funds from any
public or private source. All moneys appropriated to and deposited in the administration funds are appropriated for and shall be used and administered by the department to pay the costs and expenses associated with the program, including administration of the program, as may be determined by the department.

4. The department may establish and maintain funds or accounts determined to be necessary to carry out the purposes of this part and shall provide for the funding, administration, investment, restrictions, and disposition of the funds and accounts. The department and the authority may combine administration of the revolving loan funds, and cross collateralize the same to the extent permitted by the Clean Water Act, the Safe Drinking Water Act, and other applicable federal law. Moneys appropriated to the department and the authority for purposes of paying the costs and expenses associated with the administration of the program shall be administered as determined by the department and the authority.

5. The funds or accounts held by the department, or a trustee acting on behalf of the department pursuant to a trust agreement related to the program, shall not be considered part of the general fund of the state, are not subject to appropriation for any other purpose by the general assembly, and in determining a general fund balance shall not be included in the general fund of the state, but shall remain in the funds and accounts maintained by the department or trustee pursuant to a trust agreement. Funds and accounts held by the department, or a trustee acting on behalf of the department pursuant to a trust agreement related to the program, are separate dedicated funds and accounts under the administration and control of the department.

455B.296 Intended use plans — capitalization grants — accounting.

1. Each fiscal year beginning July 1, 1988, the department may prepare and deliver intended use plans and enter into capitalization grant agreements with the administrator of the United States environmental protection agency under the terms and conditions set forth in the Clean Water Act and the Safe Drinking Water Act and federal regulations adopted pursuant to the Acts and may accept capitalization grants for each of the revolving loan funds in accordance with payment schedules established by the administrator. All payments from the administrator shall be deposited in the appropriate revolving loan funds.

2. The department and the authority shall establish fiscal controls and accounting procedures during appropriate accounting periods for payments received for deposit in and disbursements made from the revolving loan funds and the administration funds and to fund balances at the beginning and end of the accounting periods.

3. Upon receipt of the joint recommendation of the department and the authority with respect to the amounts to be reserved and transferred, and subject in all respects to the applicable provisions of the Clean Water Act, Safe Drinking Water Act, and other applicable federal law, the governor shall direct that the recommended portion of a capitalization grant made in respect of one of the revolving loan funds in any year be reserved for the transfer to another revolving loan fund. The authority and the department may effect the transfer of any funds reserved for such purpose, as directed by the governor, and shall cause the records of the program to reflect the transfer. Any sums so transferred shall be expended in accordance with the intended use plan for the applicable revolving loan fund.

455B.297 Loans to eligible entities.

1. Moneys deposited in the revolving loan funds shall be used for the primary purpose of making loans to eligible entities to finance the eligible costs of projects in accordance with the intended use plans developed by the department under section 455B.296. The loan recipients and the purpose and amount of the loans shall be determined by the director, in accordance with rules adopted by the commission, in compliance with and subject to the terms and conditions of the Clean Water Act, the Safe Drinking Water Act, and other
applicable federal law, as applicable, and any resolution, agreement, indenture, or other
document of the authority, and rules adopted by the authority, relating to any bonds, notes,
or other obligations issued for the program which may be applicable to the loan.
2. Notwithstanding any provision of this chapter to the contrary, moneys received under
the federal American Recovery and Reinvestment Act of 2009, Pub. L. No. 111-5, and
deposited in the revolving loan funds may be used in any manner permitted or required by
applicable federal law.

455B.298 Powers and duties of the director.
The director shall:
1. Process, review, and approve or deny intended use plan applications to determine if an
application meets the eligibility requirements set by the rules of the department.
2. Process and review all documents relating to the planning, design, construction, and
operation of water pollution control works and drinking water facilities pursuant to this part.
3. Prepare and process, in coordination with the authority, documents relating to the
administration of the program.
4. Include in the budget prepared pursuant to section 455A.4, subsection 1, paragraph
“c”, an annual budget for the administration of the program and the use and disposition of
amounts on deposit in the administration funds.
5. Receive fees pursuant to the program as determined in conjunction with the authority.
6. Perform other acts and assume other duties and responsibilities necessary for the
operation of the program and for the carrying out of the Clean Water Act and the Safe
Drinking Water Act.

Referred to in §16.131, 455B.199B, 456A.17

455B.299 Adoption of rules.
The commission shall adopt rules pursuant to chapter 17A appropriate for the
administration of this part.

DIVISION IV
SOLID WASTE DISPOSAL

PART 1
SOLID WASTE

Referred to in §455D.4A

455B.301 Definitions.
As used in this part 1 of division IV, unless the context clearly indicates a contrary intent:
1. “Actual cost” means the operational, remedial and emergency action, closure,
postclosure, and monitoring costs of a sanitary disposal project for the lifetime of the project.
2. “Beneficial use” means a specific utilization of a solid by-product as a resource that
constitutes reuse rather than disposal, does not adversely affect human health or the
environment, and is approved by the department.
3. “Beverage” means wine as defined in section 123.3, subsection 54, alcoholic liquor as
defined in section 123.3, subsection 5, beer as defined in section 123.3, subsection 7, wine
cooler or drink, tea, potable water, soda water and similar carbonated soft drinks, mineral
water, fruit juice, vegetable juice, or fruit or vegetable drinks, which are intended for human consumption.

4. “Beverage container” means a sealed glass, plastic, or metal bottle, can, jar, or carton containing a beverage.

5. “Biodegradable” means degradable through a process by which fungi or bacteria secrete enzymes to convert a complex molecular structure to simple gasses and organic compounds.

6. “Closure” means actions that will prevent, mitigate, or minimize the threat to public health and the environment posed by a closed sanitary landfill, including but not limited to application of final cover, grading and seeding of final cover, installation of an adequate monitoring system, and construction of ground and surface water diversion structures, if necessary.

7. “Closure plan” means the plan which specifies the methods and schedule by which an operator will complete or cease disposal operations of a sanitary disposal project, prepare the area for long-term care, and make the area suitable for other uses.

8. “Degradable” means capable of decomposing by biodegradation, photodegradation, or chemical process into harmless component parts after exposure to natural elements for not more than three hundred sixty-five days.

9. “Financial assurance instrument” means an instrument submitted by an applicant to ensure the operator’s financial capability to provide reasonable and necessary remedial responses.

a. The instrument shall be sufficient to ensure adequate response pursuant to section 455B.304, subsection 6.

b. The instrument shall be sufficient to ensure the proper closure and postclosure care of the project, and corrective action, if necessary, in the event the operator fails to correctly perform those requirements.

c. The instrument may provide for one or more of the following:

   (1) The establishment of a secured trust fund.
   (2) The use of a cash or surety bond.
   (3) The obtaining of insurance.
   (4) The satisfaction of a corporate financial test.
   (5) The satisfaction of a local government financial test.
   (6) The obtaining of a corporate guarantee.
   (7) The obtaining of a local government guarantee.
   (8) The use of a local government dedicated fund.
   (9) The obtaining of an irrevocable letter of credit.

10. “Gasification” means a process through which recoverable feedstocks are heated and converted into a fuel and gas mixture in an oxygen-deficient atmosphere and the mixture is converted to crude oil, diesel, gasoline, home heating oil, or other fuels; chemicals, waxes, lubricants, chemical feedstocks, diesel and gasoline blendstocks, or other raw materials; or intermediate or final products that are returned to the economic mainstream in the form of raw materials, products, or fuels.

11. “Gasification facility” means a facility that receives, separates, stores, and converts post-use polymers and recoverable feedstocks using gasification. A gasification facility is not a sanitary disposal project, solid waste disposal facility, or processing facility.

12. “Incinerator” means any enclosed device using controlled flame combustion that does not meet the criteria for classification as a boiler and is not listed as an industrial furnace. “Incinerator” does not include thermal oxidizers used for the treatment of gas emissions.

13. “Leachate” means fluid that has percolated through solid waste and which contains contaminants consisting of dissolved or suspended materials, chemicals, or microbial waste products from the solid waste.

14. “Lifetime of the project” means the projected period of years that a landfill will receive waste, from the time of opening until closure, based on the volume of waste to be received projected at the time of submittal of the initial project plan and the calculated refuse capacity of the landfill based upon the design of the project.
15. “Manufacturer” means a person who by labor, art, or skill transforms raw material into a finished product or article of trade.
16. “Photodegradable” means degradable through a process in which ultraviolet radiation in sunlight causes a chemical change in a material.
17. “Postclosure” and “postclosure care” mean the time and actions taken for the care, maintenance, and monitoring of a sanitary disposal project after closure that will prevent, mitigate, or minimize the threat to public health, safety, and welfare and the threat to the environment posed by the closed facility.
18. “Postclosure plan” means the plan which specifies the methods and schedule by which the operator will perform the necessary monitoring and care for the area after closure of a sanitary disposal project.
19. “Post-use polymer” means a plastic polymer to which all of the following apply:
   a. The plastic polymer is derived from any industrial, commercial, agricultural, or domestic activities.
   b. The plastic polymer is used or is intended to be used to manufacture crude oil, fuels, feedstocks, blendstocks, raw materials, or other intermediate products or final products using pyrolysis or gasification.
   c. The plastic polymer may contain incidental contaminants or impurities, such as paper labels or metal rings.
20. “Private agency” means a private agency as defined in section 28E.2.
21. “Public agency” means a public agency as defined in section 28E.2.
22. “Pyrolysis” means a process through which post-use polymers are heated in the absence of oxygen until melted and thermally decomposed and are then cooled, condensed, and converted to crude oil, diesel, gasoline, home heating oil, or other fuels; chemicals, waxes, lubricants, chemical feedstocks, diesel and gasoline blendstocks, or other raw materials; or intermediate or final products that are returned to the economic mainstream in the form of raw materials, products, or fuels.
23. “Pyrolysis facility” means a facility that receives, separates, stores, and converts post-use polymers using pyrolysis. A pyrolysis facility is not a sanitary disposal project, solid waste disposal facility, or processing facility.
24. “ Recoverable feedstock” means one or more of the following materials derived from recoverable waste that has been processed so that it may be used as feedstock in a gasification facility:
   a. Post-use polymers.
   b. Materials for which the United States environmental protection agency has made a nonwaste determination pursuant to 40 C.F.R. §241.3(c), or has otherwise determined are not solid waste.
25. “ Resource recovery system” means the recovery and separation of ferrous metals and nonferrous metals and glass and aluminum and the preparation and burning of solid waste as fuel for the production of electricity.
26. “Rubble” means dirt, stone, brick, or similar inorganic materials used for beneficial fill, landscaping, excavation, or grading at places other than a sanitary disposal project. “Rubble” includes asphalt waste only as long as it is not used in contact with water or in a floodplain. For purposes of this chapter, “rubble” does not mean gypsum or gypsum wallboard, coal combustion residue, foundry sand, or other industrial process wastes unless those wastes are approved by the department.
27. “Sanitary disposal project” means all facilities and appurtenances including all real and personal property connected with such facilities, which are acquired, purchased, constructed, reconstructed, equipped, improved, extended, maintained, or operated to facilitate the final disposition of solid waste without creating a significant hazard to the public health or safety, and which are approved by the executive director. “Sanitary disposal project” does not include a pyrolysis or gasification facility.
28. “Sanitary landfill” means a sanitary disposal project where solid waste is buried between layers of earth.
29. “Solid waste” means garbage, refuse, rubbish, and other similar discarded solid or semisolid materials, including but not limited to such materials resulting from industrial,
commercial, agricultural, and domestic activities. “Solid waste” may include vehicles, as
defined by section 321.1, subsection 90. This definition does not prohibit the use of rubble
at places other than a sanitary disposal project. “Solid waste” does not include any of the
following:

a. Hazardous waste regulated under the federal Resource Conservation and Recovery Act,

b. Hazardous waste as defined in section 455B.411, except to the extent that rules allowing
for the disposal of specific wastes have been adopted by the commission.

c. Source, special nuclear, or by-product material as defined in the Atomic Energy Act of

d. Petroleum contaminated soil that has been remediated to acceptable state or federal
standards.

e. Steel slag which is a product resulting from the steel manufacturing process and is
managed as an item of value in a controlled manner and not as a discarded material.

f. Material that is legitimately recycled pursuant to section 455D.4A.

g. Post-use polymers or recoverable feedstocks that are any of the following:

(1) Processed at a pyrolysis or gasification facility.

(2) Held at a pyrolysis or gasification facility prior to processing to ensure production is
not interrupted.

30. “Waste conversion technologies” means thermal, chemical, mechanical, and
biological processes capable of converting waste from which recyclable materials have been
substantially diverted or removed into useful products and chemicals, green fuels such
as ethanol and biodiesel, and clean, renewable energy. “Waste conversion technologies”
includes but is not limited to anaerobic digestion, plasma gasification, and pyrolysis, except
the term does not include gasification and pyrolysis facilities that process post-use polymers
or recoverable feedstocks.

Section amended

455B.301A Declaration of policy.

1. The protection of the health, safety, and welfare of Iowans and the protection of the
environment require the safe and sanitary disposal of solid wastes. An effective and efficient
solid waste disposal program protects the environment and the public, and provides the
most practical and beneficial use of the material and energy values of solid waste. While
recognizing the continuing necessity for the existence of landfills, alternative methods of
managing solid waste and a reduction in the reliance upon land disposal of solid waste are
encouraged. In the promotion of these goals, the following waste management hierarchy in
descending order of preference, is established as the solid waste management policy of the
state:

a. Volume reduction at the source.

b. Recycling and reuse.

c. Waste conversion technologies.

d. Combustion with energy recovery.

e. Other approved techniques of solid waste management including but not limited to
combustion for waste disposal and disposal in sanitary landfills.

2. In the implementation of the solid waste management policy, the state shall:

a. Establish and maintain a cooperative state and local program of project planning, and
technical and financial assistance to encourage comprehensive solid waste management.
b. Utilize the capabilities of private enterprise as well as the services of public agencies to accomplish the desired objectives of an effective solid waste management program.

455B.302 Duty of cities and counties — agreements — liens.

1. Every city and county of this state shall provide for the establishment and operation of a comprehensive solid waste reduction program consistent with the waste management hierarchy under section 455B.301A, and a sanitary disposal project for final disposal of solid waste by its residents. Comprehensive programs and sanitary disposal projects may be established either separately or through cooperative efforts for the joint use of the participating public agencies as provided by law.

2. Cities and counties may execute with public and private agencies contracts, leases, or other necessary instruments, and may purchase land and do all things necessary not prohibited by law for the implementation of waste management programs, collection of solid waste, establishment and operation of sanitary disposal projects, and general administration of the same. Any agreement executed with a private agency for the operation of a sanitary disposal project shall provide for the posting of a sufficient surety bond by the private agency conditioned upon the faithful performance of the agreement. A city or county may at any time during regular working hours enter upon the premises of a sanitary disposal project, including the premises of a sanitary landfill, in order to inspect the premises and monitor the operations and general administration of the project to ensure compliance with the agreement and with state and federal laws. This includes the right of the city or county to enter upon the premises of a former sanitary disposal project which has been closed, including the premises of a former sanitary landfill, owned by a private agency, for the purpose of providing required postclosure care.

3. A city or county which provides closure or postclosure care on the premises of a sanitary landfill owned by a private agency, shall have a lien upon the property to secure payment for the amount of materials and labor expended by the city or county to perform the required closure or postclosure care on the premises. The lien shall be recordable and collectible in the same manner as provided in section 424.11, Code 2016. The lien shall attach at the time the city or county incurs expenses to provide closure or postclosure care on the premises of the sanitary landfill. The lien shall be valid as against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, only upon filing a notice of the lien with the recorder of the county in which the property is located. Upon payment, the city or county shall release the lien. If no lien has been recorded at the time the property is sold or transferred, the property shall not be subject to a lien or claim for any closure or postclosure costs incurred by the city or county.

455B.303 Administrator’s duties.

1. The director shall administer the provisions of this part 1 of division IV subject to the rules established by the commission.

2. Local boards of health shall cooperate in the enforcement of the provisions of said part and the director may seek their aid and delegate administrative duties of the department to the local boards of health in matters relating to solid waste, refuse disposal plants, and sanitary disposal projects.

3. The director may issue, modify, or deny variances from the rules of the commission. The applicant may appeal the decision of the director to the commission.

§455B.304 Rules established.

1. The commission shall establish rules for the proper administration of this part 1 of division IV which shall reflect and accommodate as far as is reasonably possible the current and generally accepted methods and techniques for treatment and disposition of solid waste which will serve the purposes of this part, and which shall take into consideration the factors, including others which it deems proper, such as existing physical conditions, topography, soils and geology, climate, transportation, and land use, and which shall include but are not limited to rules relating to the establishment and location of sanitary disposal projects, sanitary practices, inspection of sanitary disposal projects, collection of solid waste, disposal of solid waste, pollution controls, the issuance of permits, approved methods of private disposition of solid waste, the general operation and maintenance of sanitary disposal projects, and the implementation of this part.

2. The commission shall adopt rules that allow the use of wet or dry sludge from publicly owned treatment works for land application. A sale of wet or dry sludge for the purpose of land application shall be accompanied by a written agreement signed by both parties which contains a general analysis of the contents of the sludge. The heavy metal content of the sludge shall not exceed that allowed by rules of the commission. An owner of a publicly owned treatment works which sells wet or dry sludge is not subject to any action by the purchaser to recover damages for harm to person or property caused by sludge that is delivered pursuant to a sale unless it is a result of a violation of the written agreement or if the heavy metal content of the sludge exceeds that allowed by rules of the commission. Nothing in this section shall provide immunity to any person from action by the department pursuant to section 455B.307.

3. The commission shall adopt rules prohibiting the disposal of uncontained liquid waste in a sanitary landfill. The rules shall prohibit land burial or disposal by land application of wet sewer sludge at a sanitary landfill.

4. The commission shall adopt rules requiring that each sanitary disposal project established pursuant to section 455B.302 and permitted pursuant to section 455B.305 install and maintain a sufficient number of groundwater monitoring wells to adequately determine the quality of the groundwater and the impact the sanitary disposal project, if any, is having on the groundwater adjacent to the sanitary disposal project site.

5. The commission shall adopt rules requiring a schedule of monitoring of the quality of groundwater adjacent to the sanitary disposal project from the groundwater monitoring wells installed in accordance with this section during the period the sanitary disposal project is in use. Schedules of monitoring may be varied in consideration of the types of sanitary disposal practices, hydrologic and geologic conditions, construction and operation characteristics, and volumes and types of wastes handled at the sanitary disposal project site.

6. The commission shall, by rule, require continued monitoring of groundwater pursuant to this section for a period of thirty years after the sanitary disposal project is closed. The commission may prescribe a lesser period of monitoring duration and frequency in consideration of the potential or lack thereof for groundwater contamination from the sanitary disposal project. The commission may extend the thirty-year monitoring period on a site-specific basis by adopting rules specifically addressing additional monitoring requirements for each sanitary disposal project for which the monitoring period is to be extended.

7. The commission shall adopt rules which may require the installation of shafts to relieve the accumulation of gas in a sanitary disposal project.

8. The commission shall adopt rules which establish closure, postclosure, leachate control and treatment, and financial assurance standards and requirements and which establish minimum levels of financial responsibility for sanitary disposal projects.

9. The commission shall adopt rules which establish the minimum distance between tiling lines and a sanitary landfill in order to assure no adverse effect on the groundwater.

10. The commission shall adopt rules for the distribution of grants to cities, counties, central planning agencies, and public or private agencies working in cooperation with cities or counties, for the purpose of solid waste management. The rules shall base the awarding of grants on a project’s reflection of the solid waste management policy and
hierarchy established in section 455B.301A, the proposed amount of local matching funds, and community need.

11. A sanitary landfill disposal project operating with a permit shall have a trained, tested, and certified operator. The department shall adopt by rule a certification program.

12. The commission shall adopt rules for the certification of operators of solid waste incinerators. The criteria for certification shall include, but is not limited to, an operator’s technical competency and operation and maintenance of solid waste incinerators.

13. Notwithstanding the provisions of this chapter regarding the requirement of the equipping of a sanitary landfill with a leachate control system and the establishment and continuation of a postclosure account, the department shall adopt rules which provide for an exemption from the requirements to equip a publicly owned sanitary landfill with a leachate control system and to establish and maintain a postclosure account if the sanitary landfill operator is a public agency, if the sanitary landfill has closed or will close by July 1, 1992, and will no longer accept waste for disposal after that date, and if at the time of closure of the sanitary landfill monitoring of the groundwater does not reveal the presence of leachate. The department shall require postclosure groundwater monitoring and shall establish the requirements for the implementation of leachate collection and control in cases in which leachate is found during postclosure monitoring. The department shall provide for a closure completion period following the date of closure of a sanitary landfill. Notwithstanding the provisions of this paragraph, the public agency shall retain financial responsibility for closure and postclosure requirements applicable to sanitary disposal projects.

14. The commission shall adopt rules providing for the land application of soils resulting from the remediation of underground storage tank releases in the state.

15. The commission shall adopt rules which require all sanitary disposal projects in which the tonnage fee pursuant to section 455B.310 is imposed, to install scales and utilize these scales to calculate payment of the tonnage fee.

16. The commission shall adopt rules which prohibit the land application of petroleum contaminated soils on floodplains.

17. The commission shall adopt rules to establish a special waste authorization program. For purposes of this subsection, “special waste” means any industrial process waste, pollution control waste, or toxic waste which presents a threat to human health or the environment or a waste with inherent properties which make the disposal of the waste in a sanitary landfill difficult to manage. Special waste does not include domestic, office, commercial, medical, or industrial waste that does not require special handling or limitations on its disposal. Special waste does not include hazardous wastes which are regulated under the federal Resource Conservation and Recovery Act, 42 U.S.C. §6921 – 6934, nor does it include hazardous waste as defined in section 455B.411, except to the extent that the commission has adopted rules allowing the disposal of certain wastes.

18. The commission shall adopt rules for the issuance of a single general permit, after notice and opportunity for a public hearing. The single general permit shall cover numerous facilities to the extent that they are representative of a class of facilities which can be identified and conditioned by a single permit.

19. The commission shall adopt rules for determining when the utilization of a solid by-product, including energy recovery, constitutes beneficial use rather than the disposal of solid waste. Materials approved for beneficial use at a sanitary landfill shall be exempt from the tonnage fee imposed by section 455B.310 to the extent authorized by rule or permit.

455B.305 Issuance or renewal of permits by director.

1. The director shall issue, revoke, suspend, modify, or deny permits for the construction and operation of sanitary disposal projects.
   a. A permit shall be issued by the director or, at the director’s direction, by a local board of health for each sanitary disposal project operated in this state. The permit shall be issued in the name of the city or county or, where applicable, in the name of the public or private agency operating the project. Permits issued pursuant to this section are in addition to any other licenses, permits, or variances authorized or required by law, including but not limited to chapter 335.
   b. Each sanitary disposal project shall be inspected periodically by the department or a local board of health.
   c. A permit may be suspended or revoked by the director if a sanitary disposal project is found not to meet the requirements of this part 1 or the rules adopted pursuant to this part 1. The suspension or revocation of a permit may be appealed to the department.

2. The director shall not issue or renew a permit for a municipal solid waste landfill unless the permit applicant, in conjunction with all local governments using the landfill, has documented its implementation of solid waste disposal methods other than final disposal in a sanitary landfill.

3. The director shall not issue or renew a permit for a sanitary landfill unless the landfill is equipped with a leachate control system.

4. The director shall not issue or renew a permit for a transfer station operating as part of an agreement between two planning areas pursuant to section 455B.306, subsection 2, unless the applicant, in conjunction with all local governments using the transfer station, has documented its implementation of solid waste disposal methods other than final disposal in a sanitary landfill.

455B.305A Local approval of sanitary landfill and infectious waste incinerator projects.

1. a. Prior to the siting of a proposed, new sanitary landfill, incinerator, or infectious medical waste incinerator, a city, county, or private agency, shall submit a request for local siting approval to the city council or county board of supervisors which governs the city or county in which the proposed site is to be located. The requirements of this section do not apply to the expansion of an existing sanitary landfill owned by a private agency which disposes of waste which the agency generates on property owned by the agency. The city council or county board of supervisors shall approve or disapprove the site for each sanitary landfill, or incinerator, or infectious medical waste incinerator.

   b. Prior to the siting of a proposed new sanitary landfill or incinerator by a private agency disposing of waste which the agency generates on property owned by the agency which is located outside of the city limits and for which no county zoning ordinance exists, the private agency shall cause written notice of the proposal, including the nature of the proposed facility, and the right of the owner to submit a petition for formal siting of the proposed site, to be served either in person or by mail on the owners and residents of all property within two miles in each direction of the proposed local site area. The owners shall be identified based upon the authentic tax records of the county in which the proposed site is to be located. The private agency shall notify the county board of supervisors which governs the county in which the site is to be located of the proposed siting, and certify that notices have been mailed to owners and residents of the impacted area. Written notice shall be published in the official newspaper, as selected by the county board of supervisors pursuant to section 349.1, of the county in which the site is located. The notice shall state the name and address of the applicant, the location of the proposed site, the nature and size of the development, the nature of the activity proposed, the probable life of the proposed activity, and a description of the right of persons
to comment on the request. If two hundred fifty or a minimum of twenty percent, whichever is less, of the owners and residents of property notified submit a petition for formal review to the county board of supervisors or if the county board of supervisors, on the board’s own motion, requires formal review of the proposed siting, the private agency proposal is subject to the formal siting procedures established pursuant to this section.

2. An applicant for siting approval shall submit information to the city council or county board of supervisors to demonstrate compliance with the requirements prescribed by this chapter regarding a sanitary landfill or infectious waste incinerator. Siting approval shall be granted only if the proposed project meets all of the following criteria:
   a. The project is necessary to accommodate the solid waste management needs of the area which the project is intended to serve.
   b. The project is designed, located, and proposed to be operated so that the public health, safety, and welfare will be protected.
   c. The project is located so as to minimize incompatibility with the character of the surrounding area and to minimize the effect on the value of the surrounding property. The city council or county board of supervisors shall consider the advice of the appropriate planning and zoning commission regarding the application.
   d. The plan of operations for the project is designed to minimize the danger to the surrounding area from fire, spills, or other operational accidents.
   e. The traffic patterns to or from the project are designed in order to minimize the impact on existing traffic flows.
   f. Information regarding the previous operating experience of a private agency applicant and its subsidiaries or parent corporation in the area of solid waste management or related activities are made available to the city council or county board of supervisors.
   g. The department of natural resources has been consulted by the city council or board of supervisors prior to the approval.

3. a. No later than fourteen days prior to a request for siting approval, the applicant shall cause written notice of the request to be served either in person or by restricted certified mail on the owners of all property within the proposed local site area not solely owned by the applicant, and on the owners of all property within one thousand feet in each direction of the lot line of the proposed local site property if the proposed local site is within the city limits, or within two miles in each direction of the lot line of the proposed local site property if the proposed local site is outside of the city limits. The owners shall be identified based upon the authentic tax records of the county in which the project is to be located.
   b. Written notice shall be published in the official newspaper of the county in which the site is located. The notice shall state the name and address of the applicant, the location of the proposed site, the nature and size of the development, the nature of the activity proposed, the probable life of the proposed activity, the date when the request for site approval will be submitted, and a description of the right of persons to comment on the request.

4. a. An applicant shall file a copy of its request with the department and with the city council or the county board of supervisors in which the proposed site is located. The request shall include the substance of the applicant’s proposal and all documents, if any, submitted as of that date to the department pertaining to the proposed project. All documents or other materials pertaining to the proposed project on file with the city council or county board of supervisors shall be made available for public inspection at the office of the city council or county board of supervisors and may be copied upon payment of the actual cost of reproduction.
   b. Any person may file written comment with the city council or county board of supervisors concerning the appropriateness of the proposed site for its intended purpose. The city council or county board of supervisors shall consider any comment received or postmarked not later than thirty days after the date of the last public hearing.

5. At least one public hearing shall be held by the city council or county board of supervisors no sooner than ninety days but no later than one hundred twenty days from receipt of the request for siting approval. A hearing shall be preceded by published notice in an official newspaper of the county of the proposed site, including in any official newspaper located in the city of the proposed site.
6. **a.** Decisions of the city council or the county board of supervisors shall be in writing, specifying the reasons for the decision. The written decision of the city council or the county board of supervisors shall be available for public inspection at the office of the city council or county board of supervisors and may be copied upon payment of the actual cost of reproduction. Final action shall be taken by the city council or the county board of supervisors within one hundred eighty days after the filing of the request for site approval.

   **b.** At any time prior to completion by the applicant of the presentation of the applicant’s factual evidence and an opportunity for questioning by the city council or the county board of supervisors and members of the public, the applicant may file not more than one amended application upon payment of additional fees pursuant to subsection 9. The time limitation for final action on an amended application shall be extended for an additional ninety days.

7. Construction of a project which is granted local siting approval under this section shall commence within one calendar year from the date upon which it was granted or the permit shall be nullified.

8. The local siting approval, criteria, and other procedures provided for in this section are the exclusive local siting procedures. Local zoning, ordinances, or other local land use requirements may be considered in such siting decisions.

9. A city council or a county board of supervisors shall charge an applicant for siting approval, under this section, a fee to cover the reasonable and necessary costs incurred by the city or county in the siting approval process.

10. An applicant shall not file a request for local siting approval which is substantially the same as a request which was denied within the preceding two years pursuant to a finding against the applicant under the established criteria.

**NEW section**

**455B.306 Plans filed.**

1. A city, county, or private agency operating, or planning to operate, a municipal solid waste sanitary disposal project shall file with the director one of two types of comprehensive plans detailing the method by which the city, county, or private agency will comply with this part 1. The first type is a comprehensive plan in which solid waste is disposed of in a sanitary landfill within the planning area. The second type is a comprehensive plan in which all solid waste is consolidated at, and transported from, a transfer station for disposal at a sanitary landfill in another comprehensive planning area or state.

   **a.** All cities and counties shall also file with the director a comprehensive plan detailing the method by which the city or county will comply with the requirements of section 455B.302 to establish and implement a comprehensive solid waste reduction program for its residents.

   **b.** A public agency managing the waste stream for cities or counties pursuant to chapter 28E shall file one comprehensive plan on behalf of its members. Filing of a comprehensive plan constitutes full compliance by the public agency’s members with the filing requirements of this section.

   **c.** If both a public agency managing the waste stream for a city or county pursuant to chapter 28E, and one or more of the public agency’s member cities or counties file a comprehensive plan under this subsection, the director shall, following notice to the agency, make a determination that any plan filed by a member city or county is compatible with the comprehensive plan of the chapter 28E public agency. If the director determines that a city’s or county’s comprehensive plan is not compatible with the comprehensive
plan of a public agency, as defined in chapter 28E, the director shall require the city or county to provide justification for the approval of the comprehensive plan based upon the following factors: the innovative nature of the comprehensive plan, the urgency of the plan's implementation, any unique features of the city's or county's comprehensive plan, and whether the plan otherwise complies with the provisions of this chapter.

d. This subsection does not prevent the director from approving pilot projects which otherwise comply with the provisions of this chapter.

e. The director shall review each comprehensive plan submitted and may reject, suggest modification, or approve the proposed plan. The director shall aid in the development of comprehensive plans for compliance with this part. The director shall make available to cities, counties, and private agencies the forms appropriate for the submission of comprehensive plans, and the director may hold hearings for the purpose of implementing this part.

f. The director, and any governmental agencies with primary responsibility for the development and conservation of energy resources, shall provide research and assistance when cities and counties operating, or planning to operate, sanitary disposal projects request aid in planning and implementing resource recovery systems.

g. A comprehensive plan filed by a private agency operating, or planning to operate, a sanitary disposal project required by section 455B.302 shall be developed in cooperation and consultation with the city or county responsible for establishing and operating a sanitary disposal project.

h. The director shall review a completed plan for the control and treatment of leachate, to meet the requirements of subsection 7, paragraph “b”, and shall reject the plan, suggest modifications, or approve it within six months of the time the plan was submitted. If the director has not acted on the plan within those six months, the plan shall be considered approved. However, the director, upon a request to renew or reissue a previously issued permit may require that the plan be updated.

2. A planning area that closes all of the municipal solid waste sanitary landfills located in the planning area and chooses instead to use a municipal solid waste sanitary landfill in another planning area may choose to retain its autonomy as long as the sanitary landfill in the other planning area complies with all the requirements of this chapter, and all solid waste generated within the planning area closing its landfills is consolidated at, and transported from, a permitted transfer station. For purposes of this subsection, a planning area closing its own landfills that chooses to retain its autonomy shall not be required to join the planning area that contains the landfill it is using for final disposal of its solid waste.

a. If a planning area chooses to retain autonomy pursuant to this subsection, the planning area receiving solid waste from the planning area sending it shall not be required to include the sending planning area in its comprehensive plan provided that no services other than the acceptance of solid waste for disposal are shared between the two planning areas. A planning area receiving solid waste shall only be responsible for the permitting, planning, and waste reduction and diversion programs within that planning area.

b. If the department determines that solid waste cannot reasonably be consolidated and transported from a particular transfer station, the department may establish permit conditions to address the transport and disposal of the solid waste. A planning area sending solid waste for disposal in another planning area may retain autonomy under this subsection only if both comprehensive planning areas enter into an agreement pursuant to chapter 28E that includes all of the following:

(1) A detailed methodology of the manner in which solid waste will be tracked and reported between the two planning areas.

(2) A detailed methodology of the manner in which the receiving sanitary landfill will collect, remit, and report tonnage fees, pursuant to section 455B.310, paid by the planning area that is transporting the solid waste. The methodology shall include both the remittances of tonnage fees to the state and the retained tonnage fees.

3. The plan required by subsection 1 for sanitary disposal projects shall be filed with the department at the time of initial application for the construction and operation of a sanitary disposal project and at a minimum shall be updated and refiled with the department at the time of each subsequent application for renewal or reissuance of a previously issued permit.
The department may, consistent with rules of the commission, require filing or updating of a plan at other times.

4. A city or county required to file with the director a comprehensive plan detailing the method by which the city or county will comply with the requirements of section 455B.302 to establish and implement a comprehensive solid waste reduction program for its residents and which seeks approval of the inclusion of refuse-derived fuel as a component of its percentage of waste reduction, shall file an annual report with the director regarding the percentage of reduction attributable to refuse-derived fuel and the justification for such inclusion. The director shall approve or reject the inclusion. The percentage of reduction attributable to refuse-derived fuel and allowable for inclusion shall not exceed fifty percent.

5. A comprehensive plan filed pursuant to this section shall incorporate and reflect the waste management hierarchy of the state solid waste management policy and shall at a minimum address the following general topics:
   a. The extent to which solid waste is or can be recycled.
   b. The economic and technical feasibility of using other existing sanitary disposal project facilities in lieu of initiating or continuing the sanitary landfill currently used.
   c. The expected environmental impact of alternative solid waste disposal methods, including the use of sanitary landfills.
   d. A specific plan and schedule for implementing technically and economically feasible solid waste disposal methods that will result in minimal environmental impact.

6. The comprehensive plan shall provide details of a local recycling program which shall contain a methodology for meeting the state volume reduction goal pursuant to section 455D.3, and a methodology for implementing a program of separation of wastes including but not limited to glass, plastic, paper, and metal.

7. In addition to the above requirements, the following specific areas must be addressed in detail in a comprehensive plan filed in conjunction with the issuance, renewal, or reissuance of a permit for a sanitary disposal project:
   a. A closure and postclosure plan detailing the schedule for and the methods by which the operator will meet the conditions for proper closure and postclosure adopted by rule by the commission. The plan shall include, but is not limited to, the proposed frequency and types of actions to be implemented prior to and following closure of an operation, the proposed postclosure actions to be taken to return the area to a condition suitable for other uses, and an estimate of the costs of closure and postclosure and the proposed method of meeting these costs. The postclosure plan shall reflect the thirty-year time period requirement for postclosure responsibility.
   b. A plan for the control and treatment of leachate, including financial considerations proposed in meeting the costs of control and treatment in order to meet the requirements of section 455B.305, subsection 3.
   c. A financial plan detailing the actual cost of the sanitary disposal project and including the funding sources of the project. In addition to the submittal of the financial plan filed pursuant to this subsection, the operator of an existing sanitary landfill shall submit an annual financial statement to the department.
   d. An emergency response and remedial action plan including established provisions to minimize the possibility of fire, explosion, or any release to air, land, or water of pollutants that could threaten human health and the environment, and the identification of possible occurrences that may endanger human health and environment.
   e. A description of the planning area and service area to be served by the city, county, or private agency under the comprehensive plan. Except as provided in subsection 2, a comprehensive plan shall not include a planning area or service area, any part of which is included in another comprehensive plan.

8. When a proposed plan is subject to review and approval by several state and local agencies, if the plan is substantially modified after approval by an agency, the plan shall be resubmitted as a new proposal to all other agencies to ensure that all agencies have approved the same plan.

9. In addition to the comprehensive plan filed pursuant to subsection 1, a person operating, or proposing to operate, a sanitary disposal project shall provide a financial
assurance instrument to the department prior to the initial approval of a permit or prior to
the renewal of a permit for an existing or expanding facility beginning July 1, 1988.

a. The financial assurance instrument shall meet all requirements adopted by rule by the
commission, and shall not be canceled, revoked, disbursed, released, or allowed to terminate
without the approval of the department. Following the cessation of operation or the closure
of a sanitary disposal project, neither the guarantor nor the operator shall cancel, revoke,
or disburse the financial assurance instrument or allow the instrument to terminate until the
operator is released from closure, postclosure, and monitoring responsibilities.

b. The operator of a sanitary landfill shall maintain closure and postclosure accounts. The
commission shall adopt by rule the amounts to be contributed to the accounts based upon the
amount of solid waste received by the facility. The accounts established shall be specific to
the facility.

(1) Money in the accounts shall not be assigned for the benefit of creditors with the
exception of the state.

(2) Money in an account shall not be used to pay any final judgment against a licensee
arising out of the ownership or operation of the site during its active life or after closure.

(3) Conditions under which the department may gain access to the accounts and
circumstances under which the accounts may be released to the operator after closure and
postclosure responsibilities have been met, shall be established by the commission.

c. The commission shall adopt by rule the minimum amounts of financial responsibility
for sanitary disposal projects.

d. Financial assurance instruments may include any of the instruments described in
section 455B.301, subsection 9.

e. The annual financial statement submitted to the department pursuant to subsection 7,
paragraph “c”, shall include the current amounts established in each of the accounts and the
projected amounts to be deposited in the accounts in the following year.

10. If a city, county, or private agency does not incorporate the elements of the solid
waste hierarchy of the state solid waste management policy in a proposed initial or adopted
comprehensive plan, the city council or county board of supervisors governing the city or
county in which the sanitary landfill is proposed to be located or is located shall hold a public
hearing to address the basis for not including any of the elements in the plan.

11. A city council or county board of supervisors governing the area in which a sanitary
disposal project is proposed to be located or is located shall hold a public hearing to address
the issue of including or not including local curbside recycling in the comprehensive plan.

12. This section shall not apply to a sanitary landfill project owned by an electric
generating facility and used exclusively for the disposal of coal combustion residue. A
utility under this subsection may demonstrate financial assurance by any of the instruments
described in section 455B.301, subsection 9, or by an alternative method acceptable to
the department. The financial assurance instrument submitted must ensure the facility’s
financial capability to provide reasonable and necessary response during the lifetime of the
project and for a specified period of time following closure as required by rules adopted by
the commission.

1. A private agency or public agency shall not dump or deposit or permit the dumping or depositing of any solid waste at any place other than a sanitary disposal project approved by the director unless the agency has been granted a permit by the department which allows the dumping or depositing of solid waste on land owned or leased by the agency. The department shall adopt rules regarding the permitting of this activity which shall provide that the public interest is best served, but which may be based upon criteria less stringent than those regulating a public sanitary disposal project provided that the rules adopted meet the groundwater protection goal specified in section 455E.4. The comprehensive plans for these facilities may be varied in consideration of the types of sanitary disposal practices, hydrologic and geologic conditions, construction and operations characteristics, and volumes and types of waste handled at the disposal site. The director may issue temporary permits for dumping or disposal of solid waste at disposal sites for which an application for a permit to operate a sanitary disposal project has been made and which have not met all of the requirements of part 1 of this division and the rules adopted by the commission if a compliance schedule has been submitted by the applicant specifying how and when the applicant will meet the requirements for an operational sanitary disposal project and the director determines the public interest will be best served by granting such temporary permit.

2. The director may issue any order necessary to secure compliance with or prevent a violation of the provisions of this part 1 of division IV or the rules adopted pursuant to the part. The attorney general shall, on request of the department, institute any legal proceedings necessary in obtaining compliance with an order of the commission or the director or prosecuting any person for a violation of the provisions of the part or rules issued pursuant to the part.

3. Any person who violates any provision of part 1 of this division or any rule or any order adopted or the conditions of any permit or order issued pursuant to part 1 of this division shall be subject to a civil penalty, not to exceed five thousand dollars for each day of such violation.

455B.307A Discarding of solid waste — prohibitions — penalty.

1. For the purposes of this section, “discard” means to place, cause to be placed, throw, deposit, or drop.

2. A person shall not discard solid waste onto or in any water or land of the state, or into areas or receptacles provided for such purposes which are under the control of or used by a person who has not authorized the use of the receptacle by the person discarding the solid waste.

3. A person who violates this section is subject to a civil penalty of one thousand dollars for a first offense, two thousand dollars for a second offense, and three thousand dollars for a third or subsequent offense. The revenue from the penalty provided in this subsection shall be remitted to the treasurer of state for deposit in the general fund of the state. Fifty percent of such moneys are appropriated to the state department of transportation for purposes of the cleanup of litter and illegally discarded solid waste. The remaining fifty percent of such
moneys shall be deposited in the general fund of the county in which the violation occurred to be used exclusively for the cleanup and prevention of illegal dumping.

4. This section shall not apply to the discarding of litter regulated under chapter 455B, division IV, part 3, and local littering ordinances.

455B.307B Illegal dumping enforcement officer.

1. For purposes of this section, “officer” means the illegal dumping enforcement officer in a county.

2. The board of supervisors of each county may annually appoint an illegal dumping enforcement officer for the county. The board of supervisors may appoint the officer from recommendations by the county board of health or may select a person outside the recommendations made by the county board of health. The board of supervisors shall appoint a person who is a citizen of the United States, is of good moral character, and has not previously been convicted of a felony.

3. An illegal dumping enforcement officer shall take an oath of office prescribed by the board of supervisors. An officer’s appointment shall be effective March 1 and shall continue for a term at the discretion of the board of supervisors.

4. An illegal dumping enforcement officer, subject to direction and control by the county board of supervisors, shall only be empowered to enforce the provisions of sections 455B.307A and 455B.363 and local littering ordinances. An officer shall not have the duty to enforce any other traffic or criminal laws of the state, county, or a municipality. An officer may enter upon any public land in the county, excluding land within the limits of cities, unless otherwise authorized by a city, and any private property with the permission of the landowner at any time for the performance of the officer’s duties, and may hire the labor and equipment necessary subject to the approval of the board of supervisors.

5. A person shall not willfully obstruct, resist, impede, or interfere with an illegal dumping enforcement officer in connection with the officer’s enforcement of sections 455B.307A and 455B.363 and local littering ordinances. A person shall not willfully retaliate or discriminate in any manner against an officer as a reprisal for any act or omission of the officer. A person violating this subsection is guilty of a simple misdemeanor.

455B.308 Appeal from order.

Any person aggrieved by an order of the director may appeal the order by filing a written notice of appeal with the director in accordance with section 455B.110. The director shall schedule a hearing for the purpose of hearing the arguments of the aggrieved person within thirty days of the filing of the notice of appeal. The hearing may be held before the commission or its designee. A complete record shall be made of the proceedings. The director shall issue the findings in writing to the aggrieved person within thirty days of the conclusion of the hearing. Judicial review may be sought of actions of the commission in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of the Act, petitions for judicial review may be filed in the district court of the county where the acts in issue occurred.

Section amended

455B.309 Reserved.

455B.310 Tonnage fee imposed — appropriations — exemptions.

1. Except as provided in subsection 5, the operator of a sanitary landfill shall pay a tonnage fee to the department for each ton or equivalent volume of solid waste received and disposed of at the sanitary landfill during the preceding reporting period. The department shall determine by rule the volume which is equivalent to a ton of waste.
2. The tonnage fee is four dollars and twenty-five cents per ton of solid waste, except as provided in section 455J.5, subsection 1, paragraph “b”.

3. If a sanitary landfill required to pay a tonnage fee under this section has an updated comprehensive plan approved by the department, the sanitary landfill operator shall retain, in addition to the ninety-five cents retained pursuant to subsection 4, twenty-five cents of the tonnage fee per ton of solid waste in the fiscal year beginning July 1, 1998, and every year thereafter. In the fiscal year beginning July 1, 1999, and every year thereafter, any planning area which meets the statewide average, as determined by the department on July 1, 1999, shall retain, in addition to the twenty-five cents retained pursuant to this subsection, ten cents of the tonnage fee per ton of solid waste regardless of whether the planning area subsequently fails to meet the statewide average. Any tonnage fees retained pursuant to this subsection shall be used for waste reduction, recycling, or small business pollution prevention purposes. Any tonnage fee retained pursuant to this subsection shall be taken from that portion of the tonnage fee which would have been allocated to funding alternatives to landfills pursuant to section 455E.11, subsection 2, paragraph “a”, subparagraph (1).

4. If a planning area achieves the fifty percent waste reduction goal provided in section 455D.3, ninety-five cents of the tonnage fee shall be retained by a city, county, or public or private agency. If the fifty percent waste reduction goal has not been met, one dollar and twenty cents of the tonnage fee shall be retained by a city, county, or public or private agency. Moneys retained by a city, county, or public or private agency shall be used as follows:
   a. To meet comprehensive planning requirements of section 455B.306, the development of a closure or postclosure plan, the development of a plan for the control and treatment of leachate including the preparation of facility plans and detailed plans and specifications, and the preparation of a financial plan.
   b. If a planning area achieves the fifty percent waste reduction goal provided in section 455D.3, forty-five cents of the retained funds shall be used for implementing waste volume reduction and recycling requirements of comprehensive plans filed under section 455B.306. If the fifty percent waste reduction goal has not been met, seventy cents of the retained funds shall be used for implementing waste volume reduction and recycling requirements of comprehensive plans filed under section 455B.306. The funds shall be distributed to a city, county, or public agency served by the sanitary disposal project. Fees collected by a private agency which provides for the final disposal of solid waste shall be remitted to the city, county, or public agency served by the sanitary disposal project. However, if a private agency is designated to develop and implement the comprehensive plan pursuant to section 455B.306, fees under this paragraph shall be retained by the private agency.
   c. For other environmental protection activities.
   d. Each sanitary landfill owner or operator shall submit a return to the department identifying the use of all fees retained under this section including the manner in which the fees were distributed. A planning area entering into an agreement pursuant to section 455B.306, subsection 2, shall submit such information to the department and a planning area receiving the solid waste under such an agreement shall, in addition, submit evidence to the department demonstrating that required retained fees were returned in a timely manner to other planning areas under the agreement. The return shall be submitted concurrently with the return required under subsection 7.

5. Solid waste disposal facilities with special provisions which limit the site to disposal of construction and demolition waste, landscape waste, coal combustion waste, cement kiln dust, foundry sand, and solid waste materials approved by the department for lining or capping, or for construction berms, dikes, or roads in a sanitary disposal project or sanitary landfill are exempt from the tonnage fees imposed under this section. However, solid waste disposal facilities under this subsection are subject to the fees imposed pursuant to section 455B.105, subsection 11, paragraph “a”. Notwithstanding the provisions of section 455B.105, subsection 11, paragraph “b”, the fees collected pursuant to this subsection shall be deposited in the solid waste account as established in section 455E.11, subsection 2, paragraph “a”, to be used by the department for the regulation of these solid waste disposal facilities.
6. All tonnage fees received by the department under this section shall be deposited in the solid waste account of the groundwater protection fund created under section 455E.11.

7. Fees imposed by this section shall be paid to the department on a quarterly basis with payment due by no more than ninety days following the quarter during which the fees were collected. The payment shall be accompanied by a return which shall identify the amount of fees to be allocated to the landfill alternative financial assistance program, the amount of fees, in terms of cents per ton, retained for meeting waste reduction and recycling goals under section 455D.3, and additional fees imposed for failure to meet the twenty-five percent waste reduction and recycling goal under section 455D.3. Sanitary landfills serving more than one planning area shall submit separate reports for each planning area.

8. A person required to pay fees by this section who fails or refuses to pay the fees imposed by this section or who fails or refuses to provide the return required by this section shall be assessed a penalty of two percent of the fee due for each month the fee or return is overdue. The penalty shall be paid in addition to the fee due.

9. Foundry sand used by a sanitary landfill as daily cover, road base, or berm material or for other purposes defined as beneficial uses by rule of the department is exempt from imposition of the tonnage fee under this section. Sanitary landfills shall use foundry sand as a replacement for earthen material, if the foundry sand is generated by a foundry located within the state and if the foundry sand is provided to the sanitary landfill at no cost to the sanitary landfill.

455B.311 Grants.
The director, with the approval of the commission, may make grants to cities, counties, or central planning agencies representing cities and counties or combinations of cities, counties, or central planning agencies from funds reserved under and for the purposes specified in section 455E.11, subsection 2, paragraph “a”, subject to all of the following conditions:
1. Application for grants shall be in a form and contain information as prescribed by rule of the department.
2. Grants shall only be awarded to a city or a county; however, a grant may be made to a central planning agency representing more than one city or county or combination of cities or counties for the purpose of planning and implementing regional solid waste management facilities or may be made to private or public agencies working in cooperation with a city or county. The department shall award grants, in accordance with the rules adopted by the commission, based upon a proposal’s reflection of the solid waste management policy and hierarchy established in section 455B.301A. Grants shall be awarded only for an amount determined by the department to be reasonable and necessary to conduct the work as set forth in the grant application. Grants may be awarded at a maximum cost-share level of ninety percent with a preference given for regional or shared projects and a preference given to projects involving environmentally fragile areas which are particularly subject to groundwater contamination. Grants shall be awarded in a manner which will distribute the grants geographically throughout the state.
3. Grants shall be awarded only for an amount determined by the department to be reasonable and necessary to conduct the work as set forth in the grant application. Grants for less than a countywide planning area shall be limited to twenty-five percent state funds, for a single-county planning area the state funds shall be limited to fifty percent, and for a two-county planning area the state funds shall be limited to seventy-five percent. For each additional county above a two-county planning area, the maximum allowable state funds shall be increased by an additional five percent, up to a maximum of ninety percent state funds.
4. Grants shall not be awarded to a city, county, or central planning agency if the entity has not submitted a completed hydrogeological plan to the department.
5. A city, county, or central planning agency on behalf of a city or county may not receive more than one grant under this section in any three-year period.

6. The director, with the approval of the commission, may deny a grant application if in the judgment of the director the applicant could not reasonably be expected to adequately and properly complete the plan for which the grant is requested or the applicant could not reasonably be expected to implement a planned sanitary disposal project.

455B.313 Beverage container connectors — prohibition.

1. A distributor as defined in section 455C.1, subsection 9, shall not sell or offer to sell any beverage container if the beverage container is connected to another beverage container by a device constructed of a material which is not biodegradable or photodegradable.

2. A distributor violating subsection 1 is guilty of a serious misdemeanor.

455B.314 Incineration at sanitary disposal projects.

Beginning January 1, 1990, a sanitary disposal project that includes incineration as a part of its disposal process shall separate from the materials to be incinerated recyclable and reusable materials, materials which will result in uncontrolled toxic or hazardous air emissions when burned, and hazardous or toxic materials which are not rendered nonhazardous or nontoxic by incineration. The removed materials shall be recycled, reused, or treated and disposed in a manner approved by the department. Separation of waste includes magnetic separation.

PART 2

RADIOACTIVE WASTE

Referred to in §455B.104

455B.331 Definitions.

As used in this part 2 of division IV, unless the context otherwise requires:

1. “Nuclear waste disposal site” means all facilities and appurtenances including all real and personal property connected with such facilities, which are acquired, leased, purchased, constructed, reconstructed, equipped, improved, extended, maintained, or operated to facilitate the final disposition of radioactive waste without creating a significant hazard to the public health or safety, and which are approved by the director.

2. “Radiation” means any ionizing radiation including, but not limited to, high-speed electrons, neutrons, protons and other nuclear particles, but not sound waves.

3. “Radioactive material” means any solid, liquid, or gaseous material which emits radiation spontaneously.

455B.334 Waste disposal site.
The commission may approve or prohibit the establishment and operation of a nuclear waste disposal site in this state by a private person. In determining whether to grant or deny a permit to establish and operate a nuclear waste disposal site, the commission shall consider the need for a nuclear waste disposal site and the existing physical conditions, topography, soils and geology, climate, transportation, and land use at the proposed site. If the commission decides to issue a permit to establish and operate a nuclear waste disposal site, it shall establish, by rule, standards and procedures for the safe operation and maintenance of the proposed site. The commission shall also require the permittee to provide a sufficient surety bond or other financial commitment to insure the perpetual maintenance and monitoring of the nuclear waste disposal site.

455B.335 Director's duties.
The director:
1. Shall enforce any rules adopted under this part 2 of division IV and furnish a copy of the rules to each applicant for a permit required under this part.
2. May require the maintenance of records relating to the receipt, storage, transfer, or disposal of radioactive material.
3. May require, modify, or revoke orders in accordance with the provisions of this part 2 of division IV or the rules adopted under said part.
4. May require the submission of plans and specifications for the design, construction, maintenance, and monitoring of nuclear waste disposal sites for review and appraisal.

455B.335A Pathological waste incineration facilities — radioactive materials — requirements.
1. The director shall require that a person who operates or proposes to operate a waste incinerator which provides for the incineration of pathological radioactive materials conduct dispersion modeling, under the direction of the Iowa department of public health, for radiological isotopes to measure the emission levels of alpha and gamma rays. The director shall allow a three-month period during which time the operator or person proposing operation of such an incinerator shall conduct the required dispersion modeling. In order to initiate or continue such incineration, the results of the modeling shall provide that the existing incinerator meets or the proposed incinerator will meet the emission standards established by the United States environmental protection agency for a selected isotope.

2. The department shall conduct a public hearing following submission to the director of the results of the dispersion modeling conducted by an operator or person proposing operation of a waste incinerator which provides for or will provide for the incineration of pathological radioactive materials.

3. If the dispersion modeling results do not meet the standards for emission limitations prescribed under subsection 1, the director shall require the operator or the person who proposes to operate a waste incinerator which provides for the incineration of pathological radioactive materials to employ or conduct an additional dispersion modeling test employing the best available control technology. Following employment of the best available control technology or the conducting of the additional dispersion modeling, if the incinerator or proposed incinerator does not or will not meet the standards prescribed under subsection 2, the operator's permit for incineration of pathological radioactive materials shall be revoked or the permit for such proposed incineration shall be denied.

455B.336 Notice to violators.
If the director determines that there are reasonable grounds to believe a violation of this part 2 of division IV or of the rules issued under said part has occurred, the director shall give written notice by certified mail to the alleged violator specifying the alleged violations involved and specifying a period of time in which to eliminate the violation. If the alleged violator fails to comply within such specified time, the director shall schedule a hearing and give written notice to the alleged violator by certified mail. In connection with the hearings, the director may issue subpoenas requiring the attendance of witnesses and the production of records pertinent to such hearing. On the basis of the findings, the director shall issue a final order which shall be forwarded to the alleged violator by certified mail.

455B.337 Emergency action.
1. Whenever the director finds that an emergency exists requiring immediate action to protect the public health and safety, the director may, without notice or hearing, issue an emergency order reciting that an emergency exists and requiring that such action be taken as the director deems necessary to meet the emergency. The order may be issued orally to the person whose operation constitutes the emergency by the director and confirmed by a copy of such order to be sent by certified mail within twenty-four hours after the issuance of the oral order. The emergency order shall be effective immediately. Any person receiving an emergency order may request a hearing before the commission within thirty days following the receipt of the order. The commission shall schedule a hearing within fourteen days after receipt of the request for a hearing and give written notice to the alleged violator by certified mail. The commission may also schedule a hearing in the absence of a request by the alleged violator. On the basis of the findings, the commission shall issue a final order which shall be forwarded to the alleged violator by certified mail.

2. The director may, if an emergency exists, impound or order the impounding of any radioactive material in the possession of any person who is not equipped to observe, or fails to observe, the provisions of this part 2 of division IV or any rules adopted under this part.

HAZARDOUS CONDITIONS

Referred to in §101.10, 455B.104, 455B.423, 455H.102

455B.381 Definitions.

As used in this part 4 of division IV, unless the context otherwise requires:

1. “Cleanup” means actions necessary to contain, collect, control, identify, analyze, clean up, treat, disperse, remove, or dispose of a hazardous substance.

2. “Cleanup costs” means costs incurred by the state or its political subdivisions or the agents of the state or a political subdivision in the prevention or mitigation of damages from a hazardous condition or the cleanup of a hazardous substance involved in a hazardous condition.

3. “Corrosive” means causing or producing visible destruction or irreversible alterations in human skin tissue at the site of contact, or in the case of leakage of a hazardous substance from its packaging, causing or producing a severe destruction or erosion of other materials through chemical processes.

4. “Hazardous condition” means any situation involving the actual, imminent, or probable spillage, leakage, or release of a hazardous substance onto the land, into a water of the state, or into the atmosphere, which creates an immediate or potential danger to the public health or safety or to the environment. For purposes of this division, a site which is a hazardous waste or hazardous substance disposal site as defined in section 455B.411, subsection 4, is a hazardous condition.

5. “Hazardous substance” means any substance or mixture of substances that presents a danger to the public health or safety and includes but is not limited to a substance that is toxic, corrosive, or flammable, or that is an irritant or that generates pressure through decomposition, heat, or other means. “Hazardous substance” may include any hazardous waste identified or listed by the administrator of the United States environmental protection agency under the Solid Waste Disposal Act as amended by the Resource Conservation and Recovery Act of 1976, or any toxic pollutant listed under section 307 of the federal Water Pollution Control Act as amended to January 1, 1977, or any hazardous substance designated under section 311 of the federal Water Pollution Control Act as amended to January 1, 1977, or any hazardous material designated by the secretary of transportation under the Hazardous Materials Transportation Act.

6. “Irritant” means a substance causing or producing dangerous or intensely irritating fumes upon contact with fire or when exposed to air.

7. a. “Person having control over a hazardous substance” means a person who at any time produces, handles, stores, uses, transports, refines, or disposes of a hazardous substance the release of which creates a hazardous condition, including bailees, carriers, and any other person in control of a hazardous substance when a hazardous condition occurs, whether the person owns the hazardous substance or is operating under a lease, contract, or other agreement with the legal owner of the hazardous substance.

b. “Person having control over a hazardous substance” does not include a person who holds indicia of ownership in a hazardous condition site, if the person satisfies all of the following:

(1) Holds indicia of ownership primarily to protect that person’s security interest in the hazardous condition site, where the indicia of ownership was acquired either for the purpose of securing payment of a loan or other indebtedness, or in the course of protecting the security interest. The term “primarily to protect that person’s security interest” includes but is not limited to ownership interests acquired as a consequence of that person exercising rights as a security interest holder in the hazardous condition site, where the exercise is necessary or appropriate to protect the security interest, to preserve the value of the collateral, or to recover a loan or indebtedness secured by the interest. The person holding indicia of ownership in a hazardous condition site and who acquires title or a right to title to the site upon default under the security arrangement, or at, or in lieu of, foreclosure, shall continue to hold the indicia of ownership primarily to protect that person’s security interest so long as the subsequent...
actions of the person with respect to the site are intended to protect the collateral secured by the interest, and demonstrate that the person is seeking to sell or liquidate the secured property rather than holding the property for investment purposes.

(2) Does not exhibit managerial control of, or managerial responsibility for, the daily operation of the hazardous condition site through the actual, direct, and continual or recurrent exercise of managerial control over the hazardous condition site in which that person holds a security interest, which managerial control materially divests the borrower, debtor, or obligor of control.

(3) Has taken no subsequent action with respect to the site which causes or exacerbates a release or threatened release of a hazardous substance.

8. **“Political subdivision”** means any municipality, township, or county, or district, or authority, or any portion, or combination of two or more thereof, including but not limited to any emergency services and emergency management agency established pursuant to chapter 28E or 29C, and any municipal fire departments and ambulance services and agents thereof.

9. **“Release”** means a threatened or real emission, discharge, spillage, leakage, pumping, pouring, emptying, or dumping of a hazardous substance into or onto the land, air, or waters of the state unless one of the following applies:
   a. The release is done in compliance with the conditions of a federal or state permit.
   b. The hazardous substance is confined and expected to stay confined to property owned, leased or otherwise controlled by the person having control over the hazardous substance.
   c. In the use of pesticides, the application is done in accordance with the product label.

10. **“Toxic”** means causing or producing a dangerous physiological, anatomic, or biochemical change in a biological system.

11. **“Waters of the state”** means rivers, streams, lakes, and any other bodies of surface and subsurface water lying within or forming a part of the boundaries of the state which are not entirely confined and located completely upon lands owned, leased or otherwise controlled by a single person or by two or more persons jointly or as tenants in common. “Waters of the state” includes waters of the United States lying within the state.

§455B.386 Notification of spills — penalty.

A person manufacturing, storing, handling, transporting, or disposing of a hazardous substance shall notify the department and the local police department or the office of the sheriff of the affected county of the occurrence of a hazardous condition as soon as possible but not later than six hours after the onset of the hazardous condition or discovery of the hazardous condition. A sheriff or police chief who has been notified of a hazardous condition shall immediately notify the department. The department, upon receiving notice of a hazardous condition, shall immediately notify the operator of any public water supply system or private water supply system which may be affected by the hazardous condition. If requested, a person shall submit within thirty days of the department’s request a written report of particulars of the incident. A person violating this section is subject to a civil penalty of not more than one thousand dollars.

1. When any hazardous condition exists, the director may remove or provide for the removal and disposal of the hazardous substance at any time, unless the director determines such removal will be properly and promptly accomplished by the owner or operator of the vessel, vehicle, container, pipeline or other facility.

2. The director may use any resources available under the hazardous condition contingency plan to provide for the removal of hazardous substances. If the director finds that public agencies cannot provide the necessary labor or equipment or if the director determines that emergency conditions exist, the director may contract with a private person or agency for removal of the hazardous substance. In those cases where equipment or services are obtained from a public or private person or agency under emergency conditions, section 455B.105, subsection 6 does not apply.
3. An action taken by a person to abate, control, or clean up a hazardous substance involved in a hazardous condition shall not be construed as an admission of liability for a hazardous condition.

1. Hazardous conditions existing solely within and which will probably continue to exist solely within commercial and industrial plants, works, or shops under the jurisdiction of chapters 88 and 91.
2. Relations between employers and employees with respect to hazardous conditions except that where such hazardous conditions extend to or affect areas within the scope of the authority granted by this part 4 of division IV, the department may take any action consistent with this part 4 to abate such hazardous condition.
3. The storage, transportation, handling, or use of flammable liquids, combustibles, and explosives, control over which is exercised by the state fire marshal under chapter 100.
4. The storage, transportation, handling or use of pesticides over which control is exercised by the state secretary of agriculture under chapter 206, except when spillage of pesticides creates a hazardous condition.
5. The storage, transportation, handling or use of fertilizers over which control is exercised by the state secretary of agriculture under chapter 200, except when spillage of fertilizers creates a hazardous condition.

455B.392 Liability for cleanup costs.

1. a. A person having control over a hazardous substance is strictly liable to the state or a political subdivision for all of the following:

   (1) The reasonable cleanup costs incurred by the state or its political subdivisions or the agents of the state or a political subdivision as a result of the failure of the person to clean up a hazardous substance involved in a hazardous condition caused by that person.

   (2) The reasonable costs incurred by the state or its political subdivisions or the agents of the state or a political subdivision to evacuate people from the area threatened by a hazardous condition caused by the person.

   (3) The reasonable damages to the state for the injury to, destruction of, or loss of natural resources resulting from a hazardous condition caused by that person including the costs of assessing the injury, destruction, or loss.

   (4) The excessive and extraordinary cost incurred by the state or its political subdivisions or the agents of the state or a political subdivision in responding at and to the scene of a hazardous condition caused by that person.

   b. If the failure is willful, the person is liable for punitive damages not to exceed triple the cleanup costs incurred by the state or its political subdivisions or the agents of the state or a political subdivision. Prompt and good faith notification to the state or a political subdivision by the person having control over a hazardous substance that the person does not have the resources or managerial capability to begin or continue cleanup, or a good faith effort to clean up, relieves the person of liability for punitive damages, but not for actual cleanup costs.

   c. Claims under this subsection shall be made by the state agency or the political subdivision that incurred costs or damages under this subsection, and such costs or damages will be subject to administrative and judicial review, including the terms of chapter 17A when appropriate. If administrative or judicial review is sought, a political subdivision making a claim shall submit an advisory request to the department to determine whether the cleanup actions serving as the basis for the cleanup costs were consistent with this chapter. The department shall respond in writing to a request within thirty days of receiving the request.

2. Liability under subsection 1 is limited to the following maximum dollar limitations:

   a. Five million dollars for any vehicle, boat, aircraft, pipeline, or other manner of conveyance which transports a hazardous substance.

   b. Fifty million dollars for any facility generating, storing, or disposing of a hazardous substance.

3. There is no liability under this section for a person otherwise liable if the hazardous condition is solely resulting from one or more of the following:

   a. An act of God.

   b. An act of war.

   c. (1) An act or omission of a third party if the person establishes both of the following:

      (a) That taking into consideration the characteristics of the hazardous substance, the person otherwise liable exercised due care with respect to the hazardous substance.

      (b) That the person otherwise liable took precautions against the foreseeable acts or omissions of the third party and the foreseeable consequences.

      (2) As used in this paragraph, "third party" does not include an employee or agent of the
person otherwise liable or a third party whose act or omission occurs directly or indirectly in connection with a contractual relationship with the person otherwise liable.

4. There is no liability under this section for a person otherwise liable if all of the following conditions exist:
   a. The liability arises during the transportation of a hazardous substance.
   b. The fact that the hazardous substance is a hazardous substance has been misrepresented to the person transporting the hazardous substance.
   c. The person transporting the hazardous substance does not know or have reason to know that the misrepresentation has been made.

5. Money collected by the department pursuant to this section shall be deposited in the hazardous waste remedial fund created in section 455B.423. Moneys shall be used in the manner permitted for the fund. Moneys collected by a state agency other than the department of natural resources pursuant to this section are appropriated to that agency for purposes of reimbursing costs of the agency for emergency response activities described in subsection 1. Moneys collected by a political subdivision pursuant to this section shall be retained by the political subdivision and shall be used for purposes of reimbursing costs of the political subdivision for emergency response activities described in subsection 1.

6. This section does not deny any person any legal or equitable rights, remedies, or defenses or affect any legal relationship other than the legal relationship between the state or a political subdivision and a person having control over a hazardous substance pursuant to subsection 1.

7. a. There is no liability under this section for a person who has satisfied the requirements of section 455B.381, subsection 7, paragraph “b”, regardless of when that person acquired title or right to title to the hazardous condition site, except that a person otherwise exempt from liability under this subsection shall be liable to the state or a political subdivision for the lesser of:
      (1) The total reasonable cleanup costs incurred by the state to clean up a hazardous substance at the hazardous condition site; or
      (2) The amount representing the postcleanup fair market value of the property comprising the hazardous condition site.

b. Liability under this subsection shall only be imposed when the person holds title to the hazardous condition site at the time the state or a political subdivision incurs reasonable cleanup costs.

   c. For purposes of this subsection, “postcleanup fair market value” means the actual amount of consideration received by such person upon sale or transfer of the hazardous condition site which has been cleaned up by the state or a political subdivision to a bona fide purchaser for value.

   d. Cleanup expenses incurred by the state or a political subdivision shall be a lien upon the real estate constituting the hazardous condition site, recordable and collectible in the same manner as provided for in section 424.11, Code 2016, subject to the terms of this subsection. The lien shall attach at the time the state or a political subdivision incurs expenses to clean up the hazardous condition site. The lien shall be valid as against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, only when a notice of the lien is filed with the recorder of the county in which the property is located. Upon payment by the person to the state or a political subdivision, of the amount specified in this subsection, the state or a political subdivision shall release the lien. If no lien has been recorded at the time the person sells or transfers the property, then the person shall not be liable for any cleanup costs incurred by the state or a political subdivision.

455B.393 Liability of state employees or persons providing assistance.

1. A person employed by the state is not liable for damages incurred as a result of actions taken by the person when acting in the person’s official capacity pursuant to this part, rules adopted pursuant to this part and the hazardous condition contingency plan.
2. A person who provides assistance at the request of the department or by previous agreement with the department in the event of a hazardous condition is not liable in a civil action for damages as a result of that person's acts or omissions in rendering the assistance. This section does not relieve a person from civil damages in any of the following circumstances:
   a. If the person providing assistance is also the person having control over the hazardous substance which created the hazardous condition.
   b. If the person rendered assistance for payment beyond reimbursement for out-of-pocket expenses or with the expectation of such payment.
   c. For acts or omissions which result from intentional wrongdoing or gross negligence.

§455B.394 Right of entry.
A person shall not refuse entry or access to, or harass or obstruct an authorized representative of the department who seeks entry or access for the purpose of investigating or responding to a hazardous condition. The representative shall present appropriate credentials. Upon a showing of probable cause in writing and made under oath, a judge or magistrate having proper jurisdiction shall issue a suitably restricted search warrant to the representative of the department for the purposes of enabling the representative to investigate or respond to a hazardous condition.

§455B.395 Public information.
Information obtained under this part or a rule, order or condition adopted or issued under this part, or an investigation authorized thereby, shall be available to the public unless the information constitutes trade secrets or information which is entitled to confidential treatment in order to protect a plan, process, tool, mechanism, or compound which is known only to the person claiming confidential treatment and confidential treatment is necessary to protect the person's trade, business or manufacturing process.

§455B.396 Claim of state.
1. Liability to the state under this part or part 5 of this division is a debt to the state. Liability to a political subdivision under this part of this division is a debt to the political subdivision. The debt, together with interest on the debt at the maximum lawful rate of interest permitted pursuant to section 535.2, subsection 3, paragraph "a", from the date costs and expenses are incurred by the state or a political subdivision is a lien on real property, except single and multifamily residential property, on which the department incurs costs and expenses creating a liability and owned by the persons liable under this part or part 5. To perfect the lien, a statement of claim describing the property subject to the lien must be filed within one hundred twenty days after the incurrence of costs and expenses by the state or a political subdivision. The statement shall be filed with, accepted by, and recorded by the county recorder in the county in which the property subject to the lien is located. The statement of claim may be amended to include subsequent liabilities. To be effective, the statement of claim shall be amended and filed within one hundred twenty days after the occurrence of the event resulting in the amendment.

2. The lien may be dissolved by filing with the appropriate recording officials a certificate that the debt for which the lien is attached, together with interest and costs on the debt, has been paid or legally abated.

455B.397 Financial disclosure.
Immediately upon the incurrence of any liability to the state under this part, the debtor shall submit to the director a report consisting of documentation of the debtor’s liabilities and assets, including if filed, a copy of the annual report submitted to the secretary of state pursuant to chapter 490. A subsequent report pursuant to this section shall be submitted annually on April 15 for the life of the debt. These reports shall be kept confidential and shall not be available to the public.

455B.399 Cleanup assistance — liability.
1. A person who provides assistance or advice in mitigating or attempting to mitigate the effects of an actual or threatened hazardous condition or in preventing, cleaning up or disposing of or in attempting to prevent, clean up or dispose of a hazardous condition is not liable for damages resulting from the assistance or advice.
2. Subsection 1 does not apply to a person who receives compensation other than reimbursement for out-of-pocket expenses for services in rendering the assistance or advice.
3. This section does not limit the liability of a person for damages resulting from the person’s gross negligence or reckless, wanton or intentional misconduct.

PART 5
HAZARDOUS WASTE AND SUBSTANCE MANAGEMENT
Referred to in §455B.104, 455B.396, 455H.102

455B.411 Definitions.
As used in this part 5, unless the context otherwise requires:
1. “Disposal” means the discharge, deposit, injection, dumping, spilling, leaking, or placing of a hazardous waste or hazardous substance into or on land or water so that the hazardous waste or hazardous substance or a constituent of the hazardous waste or hazardous substance may enter the environment or be emitted into the air or discharged into any waters, including groundwaters.
3. a. “Hazardous waste” means a waste or combination of wastes that, because of its quantity, concentration, biological degradation, leaching from precipitation, or physical, chemical, or infectious characteristics, has either of the following effects:
   (1) Causes, or significantly contributes to an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness.
   (2) Poses a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, or disposed of, or otherwise managed. “Hazardous waste” may include but is not limited to wastes that are toxic, corrosive or flammable or irritants, strong sensitizers or explosives.
   b. “Hazardous waste” does not include:
      (1) Agricultural wastes, including manures and crop residues that are returned to the soil as fertilizers or soil conditioners.
(2) Source, special nuclear, or by-product material as defined in the Atomic Energy Act of 1954, as amended to January 1, 1979.

4. "Hazardous waste or hazardous substance disposal site" means real property which has been used for the disposal of hazardous waste or hazardous substances either illegally or prior to regulation as a hazardous waste or a hazardous substance under this part and any adjoining real property and groundwater affected by the disposal activities.

455B.422 Reserved.

455B.423 Hazardous substance remedial fund.

1. A hazardous substance remedial fund is created within the state treasury. Moneys received from fees, penalties, general revenue, federal funds, gifts, bequests, donations, or other moneys so designated shall be deposited in the state treasury to the credit of the fund. Any unexpended balance in the remedial fund at the end of each fiscal year shall be retained in the fund.

2. a. The director may use the fund for any of the following purposes:
   (1) Administrative services for the identification, assessment and cleanup of hazardous waste or hazardous substance disposal sites.
   (2) Payments to other state agencies for services consistent with the management of hazardous waste or hazardous substance disposal sites.
   (3) Emergency response activities as provided in part 4 of this division.
   (4) Financing the nonfederal share of the cost of cleanup and site rehabilitation activities as well as postclosure operation and maintenance costs, pursuant to the federal Comprehensive Environmental Response, Compensation and Liability Act of 1980.
   (5) Financing the cost of cleanup and site rehabilitation activities as well as postclosure operation and maintenance costs of hazardous waste or hazardous substance disposal sites that do not qualify for federal cost sharing pursuant to the federal Comprehensive Environmental Response, Compensation and Liability Act of 1980.
   (6) Through agreements or contracts with other state agencies, to work with private industry to develop alternatives to land disposal of hazardous waste or hazardous substances including but not limited to resource recovery, recycling, neutralization, and reduction.
   (7) For the administration of the waste tire collection or processing site permit program.
   b. However, at least seventy-five percent of the fund shall be used for the purposes stated in paragraph “a”, subparagraphs (4) and (5).

3. Neither the state nor its officers, employees, or agents are liable for an injury caused by a dangerous condition at a hazardous waste or hazardous substance disposal site unless the condition is the result of gross negligence on the part of the state, its officers, employees, or agents.

4. The director may contract with any person to perform the acts authorized in this section.

5. Moneys shall not be used from the fund for hazardous waste or hazardous substance disposal site cleanup unless the director has made all reasonable efforts to secure voluntary agreement to pay the costs of necessary remedial actions from owners or operators of hazardous waste or hazardous substance disposal sites or other responsible persons.

6. The director shall make all reasonable efforts to recover the full amount of moneys expended from the fund through litigation or cooperative agreements with responsible
persons. Moneys recovered pursuant to this subsection shall be deposited with the treasurer of state and credited to the remedial fund.

Referred to in §455B.392, 455B.432, 455D.11B

455B.424 Hazardous waste fees.

1. The person who generates hazardous waste or the owner or operator of a hazardous waste disposal facility who transports hazardous wastes off of the site where the hazardous waste was generated or off the disposal facility site shall pay a fee of ten dollars for each ton up to two thousand five hundred tons of hazardous waste transported off the site, excluding the water content of any waste that is transported to another facility under the ownership of the generator for the purposes of waste treatment or recycling.

2. A person who generates hazardous waste or owns or operates a facility which treats or disposes of hazardous waste at the facility shall pay the following fees:
   a. Forty dollars for each ton of hazardous wastes placed, deposited, dumped or disposed of onto or into the land at a disposal facility in Iowa.
   b. Two dollars for each ton up to five hundred tons of hazardous waste destroyed or treated at the generator’s site or at the disposal facility to render the hazardous waste nonhazardous.

3. Fees specified in subsections 1 and 2 shall not be imposed on the state or any of its political subdivisions.

4. Fees specified in subsections 1 and 2 shall not be imposed on any of the following:
   a. Hazardous waste that is reclaimed or reused for energy or materials.
   b. Hazardous waste that is transformed into new products which are not wastes.
   c. Hazardous wastes created or retrieved as a result of remedial actions at a hazardous waste or hazardous substance disposal site.
   d. Influent waste water to a treatment facility which is subject to regulation under either 33 U.S.C. §1317(b) or 33 U.S.C. §1342.
   e. A hazardous waste which due to its intrinsic physical, chemical or biological composition degrades, decomposes or changes physical characteristics so as to be rendered or considered nonhazardous without any form of external mechanical, physical or chemical treatment being introduced. However, such change to a nonhazardous nature must occur within twenty-four hours of the generation of the hazardous waste before the exemption granted in this paragraph is applicable.

5. In addition to other fees imposed by this section, a person that is required to obtain a United States environmental protection agency identification number shall pay the following fees:
   a. If the person generates more than one thousand kilograms of hazardous waste per month, a fee of two hundred fifty dollars.
   b. If the person generates hazardous waste but does not generate more than one thousand kilograms of hazardous waste per month, a fee of twenty-five dollars.
   c. If the person is a transporter of hazardous waste, a fee of twenty-five dollars.
   d. If the person operates a hazardous waste treatment, storage, or disposal facility, a fee of twenty-five dollars.

6. Fees imposed by this section shall be paid to the department on an annual basis. Fees are due on April 15 for the previous calendar year. The payment shall be accompanied by a return in the form prescribed by the department.

7. A person required to pay fees by this section who fails or refuses to pay the fees imposed by this section shall be assessed a penalty of fifteen percent of the fee due. The penalty shall be paid in addition to the fee due.

8. Moneys collected or received by the department pursuant to this section shall be transmitted to the treasurer of state for deposit in the hazardous waste remedial fund.

9. The fees imposed by this section shall be suspended if after collection of the fees due from the previous quarter, the hazardous waste remedial fund has a balance in excess of six
million dollars. If the balance falls below three million dollars, the fees shall be reimposed commencing the beginning of the next calendar quarter.

455B.426 Registry of hazardous waste or hazardous substance disposal sites.

1. The director shall maintain and make available for public inspection a registry of confirmed hazardous waste or hazardous substance disposal sites in the state. The director shall take all necessary action to ensure that the registry provides a complete listing of all sites. The registry shall contain the exact location of each site and identify the types of waste found at each site.

2. The director shall investigate all known or suspected hazardous waste or hazardous substance disposal sites and determine whether each site should be included in the registry. In the evaluation of known or suspected hazardous waste or hazardous substance disposal sites, the director may enter private property and perform tests and analyses.

3. Beginning July 1, 2011, a new site shall not be placed on the registry of confirmed hazardous waste or hazardous substance disposal sites.

4. A site placed on the registry of confirmed hazardous waste or hazardous substance disposal sites prior to July 1, 2011, shall be removed upon the execution of a uniform environmental covenant pursuant to the provisions of chapter 455I relating to the contaminated portions of the property listed on the registry. A site may also be removed from the registry pursuant to section 455B.427, subsection 4.

5. If no sites remain listed on the registry of confirmed hazardous waste or hazardous substance disposal sites, the department shall recommend to the general assembly the repeal of this section and sections 455B.427 through 455B.432.

Referred to in §455B.429, 455B.430, 455B.431, 455B.432, 455H.509

455B.427 Annual report on hazardous waste or hazardous substance disposal sites.

1. The director shall annually on January 1 transmit a report to the general assembly and the governor identifying all hazardous waste or hazardous substance disposal sites in the state listed on the registry. A copy of the report shall also be sent to the board of supervisors of every county containing a site.

2. The annual report shall include, but is not limited to, the following information for each site:

a. A general description of the site, including the name and address of the site, the type and quantity of the hazardous waste or hazardous substance disposed of at the site and the name of the current owners of the site.

b. A summary of significant environmental problems at or near the site.

c. A summary of serious health problems in the immediate vicinity of the site and health problems deemed by the director in cooperation with the Iowa department of public health to be related to conditions at the site.

d. The status of testing, monitoring, or remedial actions in progress or recommended by the director.

e. The status of pending legal actions and federal, state, or local government permits concerning the site.

f. The relative priority for remedial action at each site.

g. The proximity of the site to private residences, public buildings or property, school facilities, places of work, or other areas where individuals may be regularly present.
3. In developing and maintaining the annual report, the director shall assess the relative priority of the need for action at each site to remedy environmental and health problems resulting from the presence of hazardous wastes or hazardous substances at the sites. In making assessments of relative priority, the director, in cooperation with the Iowa department of public health on matters relating to public health, shall place every site in one of the following classifications:
   a. Causing or presenting an imminent danger of causing irreversible or irreparable damage to the public health or environment — immediate action required.
   b. Significant threat to the environment — action required.
   c. Not a significant threat to the public health or environment — action may be deferred.
   d. Site properly closed — requires continued management.
   e. Site properly closed, no evidence of present or potential adverse impact — no further action required.

4. A site classified as properly closed under subsection 3, paragraph “e”, shall be removed from all subsequent annual reports and the register of hazardous waste or hazardous substance disposal sites.

5. The director shall work with the Iowa department of public health when assessing the effects of a hazardous waste or hazardous substance disposal site on human health.

Referred to in §455B.426, 455B.431, 455B.432

455B.428 Investigation of sites.

1. The director shall investigate each hazardous waste or hazardous substance disposal site listed in the registry to determine its relative priority.
2. The director shall identify each hazardous waste or hazardous substance disposal site by providing all of the following:
   a. The address and site boundaries.
   b. The time period of use for disposal of hazardous waste or hazardous substances.
   c. The name of the current owner and operator and names of reported owners and operators during the time period of use for disposal of hazardous waste or hazardous substances.
   d. The names of persons responsible for the generation and transportation of the hazardous waste or hazardous substances disposed of at the site.
   e. The type, quantity and manner of hazardous waste or hazardous substances disposal.
3. When preliminary evidence suggests further assessment is necessary, the director may assess any of the following:
   a. The depth of the water table at the site.
   b. The nature of soils at the site.
   c. The location, nature, and size of aquifers at the site.
   d. The direction of present and historic groundwater flows at the site.
   e. The location and nature of surface waters at and near the site.
   f. The levels of contaminants in groundwater, surface water, air, and soils at and near the site resulting from hazardous wastes or hazardous substances disposed of at the site.
   g. The current quality of all drinking water drawn from or distributed through the area in which the site is located, if the director determines that water quality may have been affected by the site.
4. The director shall maintain a site assessment file for each site listed in the registry. The file shall contain all information obtained pursuant to this section and shall be open to the public. Information in the file may be reproduced by any person at a charge not to exceed the actual cost of reproduction for copies of file information.

Referred to in §455B.426, 455B.432

455B.429 Notification to owners — appeals.

1. Within sixty days after July 1, 1984, the director shall notify the owner of any part of a site to be included in the registry required by section 455B.426. The notice shall be sent
by certified mail to the owner’s last known address. Thirty days before a site is added to the registry, the director shall notify the owner of any part of the site by certified mail of the proposed addition to the registry. The notice shall be sent by certified mail to the owner’s last known address.

2. An owner or operator of a site proposed for listing in the registry or listed in the registry pursuant to section 455B.426, may petition the director for deletion of the site, modification of the site classification, or modification of any information regarding the site. A site shall not be listed on the registry until a final determination has been made on any appeal initiated under this section. An appeal is a contested case for the purposes of chapter 17A.

3. Within ninety days after the submission of an appeal, the department shall conduct a hearing to review the determination. At least thirty days prior to the hearing the department shall publish a notice of hearing in a newspaper of general circulation in the county in which the site is located. The department shall also notify in writing the owner or operator of the site at least thirty days prior to the hearing.

4. At least thirty days following the hearing, the department shall provide the owner or operator with a written determination accompanied by reasons for the determination on the appeal.

5. Within ten days of a determination, the director shall notify the local governments with jurisdiction over the site whenever a change is made in the registry pursuant to this section.

455B.430 Use and transfer of sites — penalty — financial disclosure.

1. A person shall not substantially change the manner in which a hazardous waste or hazardous substance disposal site on the registry pursuant to section 455B.426 is used without the written approval of the director.

2. A person shall not sell, convey, or transfer title to a hazardous waste or hazardous substance disposal site which is on the registry pursuant to section 455B.426 without the written approval of the director. The director shall respond to a request for a change of ownership within thirty days of its receipt.

3. Decisions of the director concerning the use or transfer of a hazardous waste or hazardous substance disposal site may be appealed in the manner provided in section 455B.429.

4. If the director has reason to believe this section has been violated, or is in imminent danger of being violated, the director may institute a civil action in district court for injunctive relief to prevent the violation and for the assessment of a civil penalty not to exceed one thousand dollars per day for each day of violation. Moneys collected under this subsection shall be deposited in the remedial fund.

5. Immediately upon the listing of real property in the registry of hazardous waste or hazardous substance disposal sites, a person liable for cleanup costs shall submit to the director a report consisting of documentation of the responsible person’s liabilities and assets, including if filed, a copy of the annual report submitted to the secretary of state pursuant to chapter 490. A subsequent report pursuant to this section shall be submitted annually on April 15 for the period the site remains on the registry.

455B.431 Recording of site designation.

When the director places a site on the registry as provided in section 455B.426, then the director shall file with the county recorder a statement disclosing the period during which the site was used as a hazardous waste or hazardous substances disposal area. When the director finds that a site on the registry has been properly closed under section 455B.427, subsection 3, paragraph “e”, with no evidence of potential adverse impact, this finding shall be filed with the county recorder. The finding shall state that the director’s finding does not warrant to
a future purchaser of the site that the site will be free from any future adverse impacts as a result of use of the site as a hazardous waste or hazardous substances disposal site.

UNDERGROUND STORAGE TANKS
Referred to in §455E.11, 455H.102, 455H.107, 455H.204

455B.471 Definitions.
As used in this part unless the context otherwise requires:
1. “Board” means the Iowa comprehensive petroleum underground storage tank fund board.
2. “Corrective action” means an action taken to reduce, minimize, eliminate, clean up, control, or monitor a release to protect the public health and safety or the environment. “Corrective action” includes but is not limited to excavation of an underground storage tank for purposes of repairing a leak or removal of a tank, removal of contaminated soil, disposal or processing of contaminated soil, cleansing of groundwaters or surface waters, natural biodegradation, institutional controls, and site management practices. “Corrective action” does not include replacement of an underground storage tank. “Corrective action” specifically excludes third-party liability.
3. “Fund” means the Iowa comprehensive petroleum underground storage tank fund.
4. “Nonoperational storage tank” means an underground storage tank in which regulated substances will not be deposited or from which regulated substances will not be dispensed after July 1, 1985.
5. “Operator” means a person in control of, or having responsibility for, the daily operation of the underground storage tank.
6. a. “Owner” means:
   (1) In the case of an underground storage tank in use on or after July 1, 1985, a person who owns the underground storage tank used for the storage, use, or dispensing of regulated substances.
   (2) In the case of an underground storage tank in use before July 1, 1985, but no longer in use on that date, a person who owned the tank immediately before the discontinuation of its use.
   b. To the extent consistent with the federal Resource Conservation and Recovery Act, as amended to January 1, 1994, 42 U.S.C. §6901 et seq., “owner” does not include a person who holds indicia of ownership in the underground storage tank or the tank site property if all of the following apply:
      (1) The person holds indicia of ownership primarily to protect that person’s security interest in the underground storage tank or tank site property, where such indicia of ownership was acquired either for the purpose of securing payment of a loan or other indebtedness, or in the course of protecting the security interest. The term “primarily to protect that person’s security interest” includes but is not limited to ownership interests acquired as a consequence of that person exercising rights as a security interest holder in the underground storage tank or tank site property, where such exercise is necessary or appropriate to protect the security interest, to preserve the value of the collateral, or to recover a loan or indebtedness secured by such interest. The person holding indicia of ownership in the underground storage tank or tank site property and who acquires title or a right to title to such underground storage tank or tank site property upon default under the security arrangement, or at, or in lieu of, foreclosure, shall continue to hold such indicia of ownership primarily to protect that person’s security interest so long as subsequent actions taken by that person with respect to the underground storage tank or tank site property are intended to protect the collateral secured by the interest, and demonstrate that the person is seeking to sell or liquidate the secured property rather than holding the property for investment purposes.
      (2) The person does not exhibit managerial control of, or managerial responsibility for, the daily operation of the underground storage tank or tank site property through the actual, direct, and continual or recurrent exercise of managerial control over the underground storage tank or tank site property in which that person holds a security interest, which managerial control materially divests the borrower, debtor, owner or operator of the underground storage tank or tank site property of such control.
      (3) The person has taken no subsequent action with respect to the site which causes or exacerbates a release or threatened release of a hazardous substance.
7. “Petroleum” means petroleum, including crude oil or any fraction of crude oil which is liquid at standard conditions of temperature and pressure (60 degrees Fahrenheit and fourteen and seven-tenths pounds per square inch absolute).
8. “Regulated substance” means an element, compound, mixture, solution or substance which, when released into the environment, may present substantial danger to the public health or welfare or the environment. “Regulated substance” includes substances designated in 40 C.F.R., pts. 61 and 116, and 40 C.F.R. §401.15, and petroleum including crude oil or any fraction of crude oil which is liquid at standard conditions of temperature and pressure (60 degrees Fahrenheit and fourteen and seven-tenths pounds per square inch absolute). However, “regulated substance” does not include a substance regulated as a hazardous waste under the Resource Conservation and Recovery Act of 1976. Substances may be added or deleted as regulated substances by rule of the commission pursuant to section 455B.474.
9. “Release” means spilling, leaking, emitting, discharging, escaping, leaching, or
disposing of a regulated substance, including petroleum, from an underground storage tank into groundwater, surface water, or subsurface soils.

10. “Tank site” means a tank or grouping of tanks within close proximity of each other located on the facility for the purpose of storing regulated substances.

11. “Underground storage tank” means one or a combination of tanks, including underground pipes connected to the tanks which are used to contain an accumulation of regulated substances and the volume of which, including the volume of the underground pipes, is ten percent or more beneath the surface of the ground.

b. (1) “Underground storage tank” does not include:

(a) Farm or residential tanks of one thousand one hundred gallons or less capacity used for storing motor fuel for noncommercial purposes.

(b) Tanks used for storing heating oil for consumptive use on the premises where stored.

(c) Residential septic tanks.

(e) A surface impoundment, pit, pond, or lagoon.

(f) A storm water or wastewater collection system.

(g) A flow-through process tank.

(h) A liquid trap or associated gathering lines directly related to oil or gas production and gathering operations.

(i) A storage tank situated in an underground area including but not limited to a basement, cellar, mineworking, drift, shaft, or tunnel if the storage tank is situated upon or above the surface of the floor.

(2) “Underground storage tank” does not include pipes connected to a tank described in paragraph “b”, subparagraph (1).

455B.472 Declaration of policy.

The general assembly finds that the release of regulated substances from underground storage tanks constitutes a threat to the public health and safety and to the natural resources of the state, and that existing regulatory programs of the department and other agencies do not adequately or appropriately address this substantial public concern.

85 Acts, ch 162, §2

455B.473 Report of existing and new tanks — fee.

1. Except as provided in subsection 2, the owner or operator of an underground storage tank existing on or before July 1, 1985, shall notify the department in writing by May 1, 1986, of the existence of each tank and specify the age, size, type, location and uses of the tank.

2. The owner of an underground storage tank taken out of operation between January 1, 1974 and July 1, 1985, shall notify the department in writing by July 1, 1986, of the existence of the tank unless the owner knows the tank has been removed from the ground. The notice shall specify to the extent known to the owner, the date the tank was taken out of operation, the age of the tank on the date taken out of operation, the size, type and location of the tank, and the type and quantity of substances left stored in the tank on the date that it was taken out of operation.

3. An owner or operator which brings into use an underground storage tank after July 1, 1985, shall notify the department in writing within thirty days of the existence of the tank and specify the age, size, type, location and uses of the tank.

4. An owner or operator of a storage tank described in section 455B.471, subsection 11, paragraph “b”, subparagraph division (a), which brings the tank into use after July 1, 1987, shall notify the department of the existence of the tank within thirty days. The registration of the tank shall be accompanied by a fee of ten dollars to be deposited in
the storage tank management account. A tank which is existing before July 1, 1987, shall be reported to the department by July 1, 1989. Tanks under this section installed on or following July 1, 1987, shall comply with underground storage tank regulations adopted by rule by the department.

5. The notice of the owner or operator to the department under subsections 1 through 3 shall be accompanied by a fee of ten dollars for each tank included in the notice. All moneys collected shall be deposited in the storage tank management account of the groundwater protection fund created in section 455E.11. All moneys collected pursuant to this section prior to July 1, 1987, which have not been expended, shall be deposited in the storage tank management account.

6. Subsections 1 to 3 do not apply to an underground storage tank for which notice was given pursuant to section 103, subsection c, of the Comprehensive Environmental Response, Compensation and Liabilities Act of 1980.

7. A person who sells, installs, modifies, or repairs a tank used or intended to be used as an underground storage tank shall notify the purchaser and the owner or operator of the tank in writing of the owner’s notification requirements pursuant to this section including the prohibition on depositing a regulated substance into tanks which have not been registered and issued tags by the department. A person who installs an underground storage tank and the owner or operator of the underground storage tank shall, prior to installing an underground storage tank, notify the department in writing regarding the intent to install a tank.

8. a. It shall be unlawful to deposit or accept a regulated substance in an underground storage tank which has not been registered and issued permanent and annual tank management fee renewal tags pursuant to subsections 1 through 6. A person shall not deposit a regulated substance in an underground storage tank after receiving notice from the department that the underground storage tank is not covered by an approved form of financial responsibility in accordance with section 455B.474, subsection 2.

b. The department shall furnish the owner or operator of an underground storage tank with a registration tag for each underground storage tank registered with the department. The owner or operator shall affix the tag to the fill pipe of each registered underground storage tank. If an owner or operator fails to register or obtain annual renewal tags for the underground storage tank, the owner or operator shall pay an additional fee of two hundred fifty dollars upon registration of the tank. A fee imposed pursuant to this subsection shall not preclude the department from assessing an administrative penalty pursuant to section 455B.476.

9. The department may deny issuance of a registration or annual tank management fee renewal tag for failure of the owner or operator to provide proof the underground storage tank is covered by an approved form of financial responsibility as provided in section 455B.474, subsection 2.

Referred to in §455B.474, 455B.477, 455E.11

455B.474 Duties of commission — rules.
The commission shall adopt rules pursuant to chapter 17A relating to:

1. a. Release detection, prevention, and correction as may be necessary to protect human health and the environment, applicable to all owners and operators of underground storage tanks. The rules shall include but are not limited to requirements for:

(1) Maintaining a leak detection system, an inventory control system with a tank testing, or a comparable system or method designed to identify releases in a manner consistent with the protection of human health and the environment.

(2) Maintaining records of any monitoring or leak detection system, inventory control
system, tank testing or comparable system, and periodic underground storage tank facility compliance inspections conducted by inspectors certified by the department.

(3) Reporting of any releases and corrective action taken in response to a release from an underground storage tank.

(4) Establishing criteria for classifying sites according to the release of a regulated substance in connection with an underground storage tank.

(a) The classification system shall consider the actual or potential threat to public health and safety and to the environment posed by the contaminated site and shall take into account relevant factors, including the presence of contamination in soils, groundwaters, and surface waters, and the effect of conduits, barriers, and distances on the contamination found in those areas according to the following factors:

(i) Soils shall be evaluated based upon the depth of the existing contamination and its distance from the ground surface to the contamination zone and the contamination zone to the groundwater; the soil type and permeability, including whether the contamination exists in clay, till or sand and gravel; and the variability of the soils, whether the contamination exists in soils of natural variability or in a disturbed area.

(ii) Groundwaters shall be evaluated based upon the depth of the contamination and its distance from the ground surface to the groundwater and from the contamination zone to the groundwater; the flow pattern of the groundwater, the direction of the flow in relation to the contamination zone and the interconnection of the groundwater with the surface or with surface water and with other groundwater sources; the nature of the groundwater, whether it is located in a high yield aquifer, an isolated, low yield aquifer, or in a transient saturation zone; and use of the groundwater, whether it is used as a drinking water source for public or private drinking water supplies, for livestock watering, or for commercial and industrial processing.

(iii) Surface water shall be evaluated based upon its location, its distance in relation to the contamination zone, the groundwater system and flow, and its location in relation to surface drainage.

(iv) The effect of conduits, barriers, and distances on the contamination found in soils, groundwaters, and surface waters. Consideration should be given to the following: the effect of contamination on conduits such as wells, utility lines, tile lines and drainage systems; the effect of conduits on the transport of the contamination; whether a well is active or abandoned; what function the utility line serves, whether it is a sewer line, a water distribution line, telephone line, or other line; the existence of barriers such as buildings and other structures, pavement, and natural barriers, including rock formations and ravines; and the distance which separates the contamination found in the soils, groundwaters, or surface waters from the conduits and barriers.

(b) A site shall be classified as either high risk, low risk, or no action required, as determined by a certified groundwater professional.

(i) A site shall be considered high risk when a certified groundwater professional determines that contamination from the site presents an unreasonable risk to public health and safety or the environment under any of the following conditions:

(A) Contamination is affecting or likely to affect groundwater which is used as a source water for public or private water supplies, to a level rendering them unsafe for human consumption.

(B) Contamination is actually affecting or is likely to affect surface water bodies to a level where surface water quality standards, under section 455B.173, will be exceeded.

(C) Harmful or explosive concentrations of petroleum substances or vapors affecting structures or utility installations exist or are likely to occur.

(ii) A site shall be considered low risk when a certified groundwater professional determines that low risk conditions exist as follows:

(A) Contamination is present and is affecting groundwater, but high risk conditions do not exist and are not likely to occur.

(B) Contamination is above action level standards, but high risk conditions do not exist and are not likely to occur.

(iii) A site shall be considered no action required and a no further action certificate shall
be issued by the department when a certified groundwater professional determines that contamination is below action level standards and high or low risk conditions do not exist and are not likely to occur.

(iv) For purposes of classifying a site as either low risk or no action required, the department shall rely upon the example tier one risk-based screening level look-up table of ASTM (American society for testing and materials) international’s emergency standard, ES38-94, or other look-up table as determined by the department by rule.

(v) A site cleanup report which classifies a site as either high risk, low risk, or no action required shall be submitted by a groundwater professional to the department with a certification that the report complies with the provisions of this chapter and rules adopted by the department. The report shall be determinative of the appropriate classification of the site and the site shall be classified as indicated by the groundwater professional unless, within ninety days of receipt by the department, the department identifies material information in the report that is inaccurate or incomplete, and based upon inaccurate or incomplete information in the report the risk classification of the site cannot be reasonably determined by the department based upon industry standards. If the department determines that the site cleanup report is inaccurate or incomplete, the department shall notify the groundwater professional of the inaccurate or incomplete information within ninety days of receipt of the report and shall work with the groundwater professional to obtain correct information or additional information necessary to appropriately classify the site. However, from July 1, 2010, through June 30, 2011, the department shall have one hundred twenty days to notify the certified groundwater professional when a report is not accepted based on material information that is found to be inaccurate or incomplete. A groundwater professional who knowingly or intentionally makes a false statement or misrepresentation which results in a mistaken classification of a site shall be guilty of a serious misdemeanor and shall have the groundwater professional’s certification revoked under this section.

(5) The closure of tanks to prevent any future release of a regulated substance into the environment. If consistent with federal environmental protection agency technical standard regulations, state tank closure rules shall include, at the tank owner’s election, an option to fill the tank with an inert material. Removal of a tank shall not be required if the tank is filled with an inert material pursuant to department of natural resources rules. A tank closed, or to be closed and which is actually closed, within one year of May 13, 1988, shall be required to complete monitoring or testing as required by the department to ensure that the tank did not leak prior to closure, but shall not be required to have a monitoring system installed.

(6) Establishing corrective action response requirements for the release of a regulated substance in connection with an underground storage tank. The corrective action response requirements shall include but not be limited to all of the following:

(a) A requirement that the site cleanup report do all of the following:

(i) Identify the nature and level of contamination resulting from the release.

(ii) Provide supporting data and a recommendation of the degree of risk posed by the site relative to the site classification system adopted pursuant to paragraph “a”, subparagraph (4).

(iii) Provide supporting data and a recommendation of the need for corrective action.

(iv) Identify the corrective action options which shall address the practical feasibility of implementation, costs, expected length of time to implement, and environmental benefits.

(b) To the fullest extent practicable, allow for the use of generally available hydrological, geological, topographical, and geographical information and minimize site specific testing in preparation of the site cleanup report.

(c) Require that at a minimum the source of a release be stopped either by repairing, upgrading, or closing the tank and that free product be removed or contained on site.

(d) High risk sites shall be addressed pursuant to a corrective action design report, as submitted by a groundwater professional and as accepted by the department. The corrective action design report shall determine the most appropriate response to the high risk conditions presented. The appropriate corrective action response shall be based upon industry standards and shall take into account the following:

(i) The extent of remediation required to reclassify the site as a low risk site.
(ii) The most appropriate exposure scenarios based upon residential, commercial, or industrial use or other predefined industry accepted scenarios.

(iii) Exposure pathway characterizations including contaminant sources, transport mechanisms, and exposure pathways.

(iv) Affected human or environmental receptors and exposure scenarios based on current and projected use scenarios.

(v) Risk-based corrective action assessment principles which identify the risks presented to the public health and safety or the environment by each release in a manner that will protect the public health and safety or the environment using a tiered procedure consistent with ASTM (American society for testing and materials) international's emergency standard, ES38-94.

(vi) Other relevant site specific factors such as the feasibility of available technologies, existing background contaminant levels, current and planned future uses, ecological, aesthetic, and other relevant criteria, and the applicability and availability of engineering and institutional controls, including an environmental covenant as established by chapter 455I.

(vii) Remedial shall not be required on a site that does not present an increased cancer risk at the point of exposure of one in one million for residential areas or one in ten thousand for nonresidential areas.

(e) A corrective action design report submitted by a groundwater professional shall be accepted by the department and shall be primarily relied upon by the department to determine the corrective action response requirements of the site. However, if within ninety days of receipt of a corrective action design report, the department identifies material information in the corrective action design report that is inaccurate or incomplete, and if based upon information in the report the appropriate corrective action response cannot be reasonably determined by the department based upon industry standards, the department shall notify the groundwater professional that the corrective action design report is not accepted, and the department shall work with the groundwater professional to correct the material information or to obtain the additional information necessary to appropriately determine the corrective action response requirements as soon as practicable. However, from July 1, 2010, through June 30, 2011, the department shall have one hundred twenty days to notify the certified groundwater professional when a corrective action design report is not accepted based on material information that is found to be inaccurate or incomplete. A groundwater professional who knowingly or intentionally makes a false statement or misrepresentation which results in an improper or incorrect corrective action response shall be guilty of a serious misdemeanor and shall have the groundwater professional's certification revoked under this section.

(f) Low risk sites shall be monitored as deemed necessary by the department consistent with industry standards. Monitoring shall not be required on a site which has received a no further action certificate. A site that has maintained less than the applicable target level for four consecutive sampling events shall be reclassified as a no action required site regardless of exit monitoring criteria and guidance.

(g) An owner or operator may elect to proceed with additional corrective action on the site. However, any action taken in addition to that required pursuant to this subparagraph (6), shall be solely at the expense of the owner or operator and shall not be considered corrective action for purposes of section 455G.9, unless otherwise previously agreed to by the board and the owner or operator pursuant to section 455G.9, subsection 7. Corrective action taken by an owner or operator due to the department's failure to meet the time requirements provided in subparagraph division (e) shall be considered corrective action for purposes of section 455G.9.

(h) Notwithstanding other provisions to the contrary and to the extent permitted by federal law, the department shall allow for bioremediation of soils and groundwater. For purposes of this subparagraph division, "bioremediation" means the use of biological organisms, including microorganisms or plants, to degrade organic pollutants to common natural products.

(i) Replacement or upgrade of a tank on a site classified as a high or low risk site shall be equipped with a secondary containment system with monitoring of the space between
the primary and secondary containment structures or other board approved tank system or methodology.

(j) The commission and the board shall cooperate to ensure that remedial measures required by the corrective action rules adopted pursuant to this subparagraph (6) are reasonably cost-effective and shall, to the fullest extent possible, avoid duplicating and conflicting requirements.

(k) The director may order an owner or operator to immediately take all corrective actions deemed reasonable and necessary by the director if the corrective action is consistent with the prioritization rules adopted under this subparagraph (6). Any order taken by the director pursuant to this subparagraph division shall be reviewed at the next meeting of the environmental protection commission.

(7) Specifying an adequate monitoring system to detect the presence of a leaking underground storage tank and to provide for protection of the groundwater resources for regulated tanks installed prior to January 14, 1987. The effective date of the rules adopted shall be January 14, 1989. In the event that federal regulations are adopted by the United States environmental protection agency after the commission has adopted state standards pursuant to this subsection, the commission shall immediately proceed to adopt rules consistent with those federal regulations adopted. Unless the federal environmental protection agency adopts final rules to the contrary, rules adopted pursuant to this section shall not apply to hydraulic lift reservoirs, such as for automobile hoists and elevators, containing hydraulic oil.

(8) Issuing a no further action certificate or a monitoring certificate to the owner or operator of an underground storage tank site.

(a) A no further action certificate shall be issued by the department for a site which has been classified as a no further action site or which has been reclassified pursuant to completion of a corrective action plan or monitoring plan to be a no further action site by a groundwater professional, unless within ninety days of receipt of the report submitted by the groundwater professional classifying the site, the department notifies the groundwater professional that the report and site classification are not accepted and the department identifies material information in the report that is inaccurate or incomplete which causes the department to be unable to accept the classification of the site. An owner or operator shall not be responsible for additional assessment, monitoring, or corrective action activities at a site that is issued a no further action certificate unless it is determined that the certificate was issued based upon false material statements that were knowingly or intentionally made by a groundwater professional and the false material statements resulted in the incorrect classification of the site.

(b) A monitoring certificate shall be issued by the department for a site which does not require remediation, but does require monitoring of the site.

(c) A certificate shall be recorded with the county recorder. The owner or operator of a site who has been issued a certificate under this subparagraph (8), or a subsequent purchaser of the site shall not be required to perform further corrective action because action standards are changed at a later date. A certificate shall not prevent the department from ordering corrective action of a new release.

(9) Establishing a certified compliance inspector program administered by the department for underground storage tank facility compliance inspections.

(a) The certified compliance inspector program shall provide for, but not be limited to, all of the following:

(i) Mandatory periodic underground storage tank facility compliance inspections by owners and operators using inspectors certified by the department.

(ii) Compliance inspector qualifications, certification procedures, certification and renewal fees sufficient to cover administrative costs, continuing education requirements, inspector discipline standards including certification suspension and revocation for good cause, compliance inspection standards, professional liability bonding or insurance requirements, and any other requirements as the commission may deem appropriate. Certification and renewal fees received by the department are appropriated to the department for purposes of the administration of the certified compliance inspector program.
(b) The department shall continue to conduct independent inspections as provided in section 455B.475 as deemed appropriate to assure effective compliance and enforcement and for the purpose of auditing the accuracy and completeness of inspections conducted by certified compliance inspectors.

(c) Acts or omissions by a certified compliance inspector, the state, or the department regarding certification, renewal, oversight of the certification process, continuing education, discipline, inspection standards, or any other actions, rules, or regulations arising out of the certification, inspections, or duties imposed by this section shall not be cause for a claim against the state or the department within the meaning of chapter 669 or any other provision of the Iowa Code.

b. In adopting the rules under this subsection, the commission may distinguish between types, classes, and ages of underground storage tanks. In making the distinctions, the commission may take into consideration factors including but not limited to location of the tanks, compatibility of a tank material with the soil and climate conditions, uses of the tanks, history of maintenance, age of the tanks, current industry recommended practices, national consensus codes, hydrogeology, water table, size of the tanks, quantity of regulated substances periodically deposited in or dispensed from the tank, the degree of risk presented by the regulated substance, the technical and managerial capability of the owners and operators, and the compatibility of the regulated substance and the materials of which the underground storage tank is fabricated.

c. The department may issue a variance, which includes an enforceable compliance schedule, from the mandatory monitoring requirement for an owner or operator who demonstrates plans for tank removal, replacement, or filling with an inert material pursuant to a department approved variance. A variance may be renewed for just cause.

2. The maintenance of evidence of financial responsibility as the director determines to be feasible and necessary for taking corrective action and for compensating third parties for bodily injury and property damage caused by release of a regulated substance from an underground storage tank.

a. (i) (a) Financial responsibility required by this subsection may be established in accordance with rules adopted by the commission by any one, or any combination, of the following methods:

(i) Insurance.

(ii) Guarantee.

(iii) Surety bond.

(iv) Letter of credit.

(v) Qualification as a self-insurer.

(b) In adopting requirements under this subsection, the commission may specify policy or other contractual terms, conditions, or defenses which are necessary or are unacceptable in establishing the evidence of financial responsibility.

(2) A person who establishes financial responsibility by self-insurance shall not require or shall not enforce an indemnification agreement with an operator or owner of the tank covered by the self-insurance obligation, unless the owner or operator has committed a substantial breach of a contract between the self-insurer and the owner or operator, and that substantial breach relates directly to the operation of the tank in an environmentally sound manner. This subparagraph applies to all contracts between a self-insurer and an owner or operator entered into on or after May 5, 1989.

b. If the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the federal bankruptcy law or if jurisdiction in any state court or federal court cannot be obtained over an owner or operator likely to be solvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility must be provided under this subsection may be asserted directly against the guarantor providing the evidence of financial responsibility. In the case of action pursuant to this paragraph, the guarantor is entitled to invoke all rights and defenses which would have been available to the owner or operator if an action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.
c. The total liability of a guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this subsection. This subsection does not limit any other state or federal statutory, contractual, or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of the guarantor for bad faith in negotiating or in failing to negotiate the settlement of any claim. This subsection does not diminish the liability of any person under section 107 or 111 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 or other applicable law.

d. For the purpose of this subsection, the term "guarantor" means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this subsection.

e. If an owner or operator is required to uncover or remove an underground storage tank based upon a determination of the department that the underground storage tank presents a hazard to the public health, safety, or the environment, and if upon inspection of the tank the determination is unfounded, the state may reimburse reasonable costs incurred in the inspection of the tank. Claims for reimbursement shall be filed on forms provided by the commission. The commission shall adopt rules pursuant to chapter 17A relating to determinations of reasonableness in approval or rejection of claims in cases of dispute. Claims shall be paid from the general fund of the state. When any one of the tanks or the related pumps and piping at a multiple tank facility are found to be leaking, the state shall not reimburse costs for uncovering or removing any of the other tanks, piping, or pumps that are not found to be leaking.

3. Standards of performance for new underground storage tanks which shall include but are not limited to design, construction, installation, release detection, and compatibility standards. Until the effective date of the standards adopted by the commission and after January 1, 1986, a person shall not install an underground storage tank for the purpose of storing regulated substances unless the tank, whether of single or double wall construction, meets all the following conditions:

a. The tank will prevent release due to corrosion or structural failure for the operational life of the tank.

b. The tank is cathodically protected against corrosion, constructed of noncorrosive material, steel clad with a noncorrosive material, or designed in a manner to prevent the release or threatened release of any stored substance.

c. The material used in the construction or lining of the tank is compatible with the substance to be stored. If soil tests conducted in accordance with ASTM (American Society for testing and materials) international’s standard G57-78 or another standard approved by the commission show that soil resistivity in an installation location is twelve thousand ohm/cm or more, unless a more stringent soil resistivity standard is adopted by rule of the commission, a storage tank without corrosion protection may be installed in that location until the effective date of the standards adopted by the commission and after January 1, 1986.

d. Rules adopted by the commission shall specify adequate monitoring systems to detect the presence of a leaking underground storage tank and to provide for protection of the groundwater resources from regulated tanks installed after January 14, 1987. In the event that federal regulations are adopted by the United States environmental protection agency after the commission has adopted state standards pursuant to this subsection, the commission shall immediately proceed to adopt rules consistent with those federal regulations adopted. Tanks installed on or after January 14, 1987, shall continue to be considered new tanks for purposes of this chapter and are subject to state monitoring requirements unless federal requirements are more restrictive.

4. The form and content of the written notices required by section 455B.473.

5. The duties of owners or operators of underground storage tanks to locate and abate the source of release of regulated substances, when in the judgment of the director, the local hydrology, geology and other relevant factors reasonably include a tank as a potential source.

6. Reporting requirements necessary to enable the department to maintain an accurate inventory of underground storage tanks.
7. Designation of regulated substances subject to this part, consistent with section 455B.471, subsection 8. The rules shall be at least as stringent as the regulations of the federal government pursuant to section 311, subsection b, paragraph 2, subparagraph A of the federal Water Pollution Control Act, 33 U.S.C. §1321(b)(2)(A), pursuant to section 102 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §9602, pursuant to section 307, subsection a of the federal Water Pollution Control Act, 33 U.S.C. §1317(a), pursuant to section 112 of the Clean Air Act, 42 U.S.C. §7412, or pursuant to section 7 of the Toxic Substances Control Act, 15 U.S.C. §2606.

a. The commission shall adopt rules establishing a training program applicable to owners and operators of underground storage tanks. The rules may include provisions for department certification of operators, self-certification by owners and operators, education and training requirements, owner requirements to assure operator qualifications, and assessment of education, training, and certification fees. The rules shall be consistent with and sufficient to comply with the operator training requirements as provided in 42 U.S.C. §6991i, guidance adopted pursuant to that provision by the administrator of the United States environmental protection agency, and state program approval requirements under 42 U.S.C. §6991i(b).

b. The commission shall adopt rules related to the prohibition on the delivery of regulated substances consistent with and sufficient to comply with the provisions of 42 U.S.C. §6991k, guidance adopted by the administrator of the United States environmental protection agency pursuant to that provision, and state program approval requirements under 42 U.S.C. §6991k(a)(3).

c. The commission shall adopt rules applicable to secondary containment requirements consistent with and sufficient to comply with the provisions of Pub. L. No. 109-58, Tit. XV, §1530(a), as codified at 42 U.S.C. §6991b(i)(1), and guidance adopted by the administrator of the United States environmental protection agency pursuant to that provision. Each new underground storage tank or piping connected to any such new tank installed after July 1, 2007, or any existing underground storage tank or existing piping connected to such existing underground storage tank that is replaced after August 1, 2007, shall be secondarily contained if the installation is within one thousand feet of any existing community water system or any existing potable drinking water well as provided in Pub. L. No. 109-58, Tit. XV, §1530(a), as codified at 42 U.S.C. §6991b(i)(1), and in guidance adopted by the United States environmental protection agency pursuant to that provision. Rules adopted under this paragraph shall not amend or modify the secondary containment requirements in subsection 1, paragraph “a”, subparagraph (6), subparagraph division (i).

9. a. Groundwater professionals shall be certified. The commission shall adopt rules pursuant to chapter 17A for such certifications, and the rules shall include provisions for certification suspension or revocation for good cause.

b. A groundwater professional is a person who provides subsurface soil contamination and groundwater consulting services or who contracts to perform remediation or corrective action services and is one or more of the following:
   (1) A person certified by the American institute of hydrology, the national water well association, the American board of industrial hygiene, or the association of groundwater scientists and engineers.
   (2) A professional engineer licensed in Iowa.
   (3) A professional geologist certified by a national organization.
   (4) Any person who has five years of direct and related experience and training as a groundwater professional or in the field of earth sciences.
   (5) Any other person with a license, certification, or registration to practice hydrogeology or groundwater hydrology issued by any state in the United States or by any national organization, provided that the license, certification, or registration process requires, at a minimum, all of the following:
(a) Possession of a bachelor’s degree from an accredited college.

(b) Five years of related professional experience.

c. The department of natural resources may provide for a civil penalty of no more than fifty dollars for failure to obtain certification. An interested person may obtain a list of certified groundwater professionals from the department of natural resources. The department may impose and retain a fee for the certification of persons under this subsection sufficient to cover the costs of administration.

d. The certification of groundwater professionals shall not impose liability on the board, the department, or the fund for any claim or cause of action of any nature, based on the action or inaction of a groundwater professional certified pursuant to this subsection.

e. A person who requests certification under this subsection shall be required to attend a course of instruction and pass a certification examination. An applicant who successfully passes the examination shall be certified as a groundwater professional.

f. All groundwater professionals shall be required to complete continuing education requirements as adopted by rule by the commission.

g. The commission may provide for exemption from the certification requirements of this subsection and rules adopted hereunder for a professional engineer licensed pursuant to chapter 542B, if the person is qualified in the field of geotechnical, hydrological, environmental groundwater, or hydrogeological engineering.

h. Notwithstanding the certification requirements of this subsection, a site cleanup report or corrective action design report submitted by a certified groundwater professional shall be accepted by the department in accordance with subsection 1, paragraph “a”, subparagraph (4), subparagraph division (b), subparagraph subdivision (v), and paragraph “a”, subparagraph (6), subparagraph division (e).

10. Requirements that persons and companies performing or providing services for underground storage tank installations, installation inspections, testing, permanent closure of underground storage tanks by removal or filling in place, and other closure activities as defined by rules adopted by the commission be certified by the department. This provision does not apply to persons performing services in their official capacity and as authorized by the state fire marshal’s office or fire departments of political subdivisions of the state. The rules adopted by the commission shall include all of the following:

a. Establishing separate certification criteria applicable to underground storage tank installers and installation inspectors, underground storage tank testers, and persons conducting underground storage tank closure activities as required by commission rules.

b. Establishing minimum qualifications for certification including but not limited to considerations based on education, character, professional ethics, experience, manufacturer or other private agency certification, training and apprenticeship, and field demonstration of competence. The rules may provide for exemption from education, experience, and training requirements for a licensed engineer for whom underground storage tank installation is within the scope of their license and practice but shall require compliance with other certification requirements.

c. Requiring a written examination developed and administered by the department or by some other qualified public or private entity identified by the department. The department may contract with a public or private entity to administer the department’s examination or a department-approved third party examination. The examination shall, at a minimum, be sufficient to establish knowledge of all applicable underground storage tank rules adopted under this section, private industry standards, federal standards, and other applicable standards adopted by the state fire marshal’s office pursuant to chapter 101.

d. Providing for a minimum two-year renewable certification period. A person may apply for a combined certificate applicable to underground storage tank installer and installer inspector certification, tester certification, and closure certification.

e. Providing that certificate holders obtain and provide proof of financial responsibility for environmental liability with minimum liability limits of one million dollars per occurrence and in the aggregate. The rules may provide exemptions where the certificate holder is employed by the owner or operator of the underground storage tank system and the
underground storage tank system is covered by a financial responsibility mechanism under subsection 2.

f. Providing criteria for the department to take disciplinary action including issuance of warnings, reprimands, suspension and probation, and revocation. Any certificate holder subject to suspension or revocation shall be entitled to notice and an opportunity for an evidentiary hearing as provided in section 17A.18.

g. Providing for certification reciprocity between states upon demonstration that the out-of-state certification criteria is substantially equivalent to rules adopted by the commission.

h. Providing for assessment of fees sufficient to cover the costs of administration of the certification program. A separate fee may be established for persons applying for a combination of installer and installer inspector, testing, or closure certifications. Fees received by the department pursuant to this subsection are appropriated to the department for purposes of the administration of activities under this subsection.

i. Notwithstanding subsection 7, the commission may adopt rules requiring that all underground storage tank installations, installation inspections, testing, and closure activities be conducted by persons certified in accordance with this subsection.

j. Acts or omissions of a person certified under this subsection, the state, or the department regarding certification, renewal, oversight of the certification process, continuing education, discipline, inspection standards, or any other actions including department onsite supervision of certified activities, rules, or regulations arising out of the certification, shall not be cause for a claim against the state or the department within the meaning of chapter 669 or any other provision of the Code.

455B.474A Rules consistent with federal regulations.
The rules adopted by the commission under section 455B.474 shall be consistent with and shall not exceed the requirements of federal regulations relating to the regulation of underground storage tanks except as provided in section 455B.474, subsection 1, paragraph "a", subparagraph (6), and section 455B.474, subsection 3, paragraph "d". It is the intent of the general assembly that state rules adopted pursuant to section 455B.474, subsection 1, paragraph "a", subparagraph (6), and section 455B.474, subsection 3, paragraph "d", be consistent with and not more restrictive than federal regulations adopted by the United States environmental protection agency when those rules are adopted.

455B.475 Duties and powers of the director.
The director shall:

1. Inspect and investigate the facilities and records of owners and operators of underground storage tanks as may be necessary to determine compliance with this part and the rules adopted pursuant to this part. An inspection or investigation shall be concluded subject to section 455B.103, subsection 4. For purposes of developing a rule, maintaining an accurate inventory or enforcing this part, the department may:
   a. Enter at reasonable times any establishment or other place where an underground storage tank is located.
   b. Inspect and obtain samples from any person of a regulated substance and conduct monitoring or testing of the tanks, associated equipment, contents or surrounding soils, air, surface water and groundwater. Each inspection shall be commenced and completed with reasonable promptness.

   (1) If the director obtains a sample, prior to leaving the premises, the director shall give the
owner, operator, or agent in charge a receipt describing the sample obtained and if requested a portion of each sample equal in volume or weight to the portion retained. If the sample is analyzed, a copy of the results of the analysis shall be furnished promptly to the owner, operator, or agent in charge.

(2) Documents or information obtained from a person under this subsection shall be available to the public except as provided in this subparagraph. Upon a showing satisfactory to the director by a person that public disclosure of documents or information, or a particular part of the documents or information to which the director has access under this subsection would divulge commercial or financial information entitled to protection as a trade secret, the director shall consider the documents or information or the particular portion of the documents or information confidential. However, the document or information may be disclosed to officers, employees or authorized representatives of the United States charged with implementing the federal Solid Waste Disposal Act, to employees of the state of Iowa or of other states when the document or information is relevant to the discharge of their official duties, and when relevant in any proceeding under the federal Solid Waste Disposal Act or this part.

2. Maintain an accurate inventory of underground storage tanks.

3. Take any action allowed by law which, in the director’s judgment, is necessary to enforce or secure compliance with this part or any rule adopted under this part.

85 Acts, ch 162, §5; 86 Acts, ch 1245, §1899A

Referred to in §455B.474

455B.476 Violations — orders.

1. If there is substantial evidence that a person has violated or is violating a provision of this part or a rule adopted under this part the director may issue an order directing the person to desist in the practice which constitutes the violation, and to take corrective action as necessary to ensure that the violation will cease, and may impose appropriate administrative penalties pursuant to section 455B.109. The person to whom the order is issued may appeal the order to the commission as provided in chapter 17A. On appeal, the commission may affirm, modify, or vacate the order of the director. The applicable time frames for the issuance and appeal of the order are defined in section 455B.110.

2. However, if it is determined by the director that an emergency exists respecting any matter affecting or likely to affect the public health, the director may issue any order necessary to terminate the emergency without notice and without hearing. The order is binding and effective immediately and until the order is modified or vacated at a hearing before the commission or by a district court.

3. The director, with the approval of the commission, may request the attorney general to institute legal proceedings pursuant to section 455B.477.

Referred to in §455B.473

Subsection 1 amended

455B.477 Penalties — burden of proof.

1. A person who violates a provision of this part or a rule or order issued under this part is subject to a civil penalty not to exceed five thousand dollars for each day during which the violation continues. The civil penalty is an alternative to a criminal penalty provided under this part.

2. A person who knowingly fails to notify or makes a false statement, representation, or certification in a record, report, plan or other document filed or required to be maintained under this part or who falsifies, tampers with or knowingly renders inaccurate a monitoring device or method required to be maintained under this part or by a rule or order issued under this part, is guilty of an aggravated misdemeanor.

3. The attorney general, at the request of the director with approval of the commission, shall institute any legal proceedings, including an action for an injunction, necessary to enforce the penalty provisions of this part or to obtain compliance with the provisions of this part or rules adopted or order issued under this part. In any action, previous findings of
fact of the director or the commission after notice and hearing are conclusive if supported
by substantial evidence in the record when the record is viewed as a whole.

4. In all proceedings with respect to an alleged violation of a provision of this part or a
rule adopted or order issued by the commission, the burden of proof is upon the commission
or the department.

5. If the attorney general has instituted legal proceedings in accordance with this section,
all related issues which could otherwise be raised by the alleged violator in a proceeding for
judicial review under section 455B.478 shall be raised in the legal proceedings instituted in
accordance with this section.

6. The penalty for intentional failure of an owner or operator to register a petroleum
underground storage tank under section 455B.473 shall be a minimum of seven thousand
five hundred dollars up to a maximum of ten thousand dollars after October 1, 1989.

7. The civil penalties or other damages or moneys recovered by the state or the petroleum
underground storage tank fund in connection with a petroleum underground storage tank
under this part of this division or chapter 455G shall be credited to the fund created in
section 455G.3 and allocated between fund accounts according to the fund budget. Any
federal moneys, including but not limited to federal underground storage tank trust fund
moneys, received by the state or the department of natural resources in connection with a
release occurring on or after May 5, 1989, or received generally for underground storage
tank programs on or after May 5, 1989, shall be credited to the fund created in section
455G.3 and allocated between fund accounts according to the fund budget, unless such use
would be contrary to federal law. The department shall cooperate with the board of the Iowa
comprehensive petroleum underground storage tank fund to maximize the state’s eligibility
for and receipt of federal funds for underground storage tank related purposes.

455B.478 Judicial review.

Except as provided in section 455B.477, subsection 5, judicial review of an order or other
action of the commission or the director may be sought in accordance with chapter 17A.
Notwithstanding chapter 17A, the Iowa administrative procedure Act, petitions for judicial
review may be filed in the district court of the county in which the alleged offense was
committed or the final order was entered.

455B.479 Storage tank management fee.

An owner or operator of an underground storage tank shall pay an annual storage tank
management fee of sixty-five dollars per tank of over one thousand one hundred gallons
capacity. The fees collected shall be deposited in the storage tank management account of
the groundwater protection fund.

455B.480 Short title.

This part may be cited as the “Waste Management Assistance Act”.

455B.481 Waste management policy.

1. The purpose of this part is to promote the proper management of solid, hazardous, and
low-level radioactive wastes in Iowa.
2. The department, in cooperation with the Iowa waste reduction center for safe and economic management of solid waste and hazardous substances established in section 268.4, shall work with generators of hazardous wastes in the state to develop and implement aggressive waste minimization programs. The department shall provide and promote educational and informational programs, provide confidential, voluntary technical assistance to hazardous waste generators, promote assistance by the Iowa waste reduction center; and promote other voluntary activities by the public and private sectors that support the following pollution prevention hierarchy, in descending order of preference:
   a. Source reduction for waste elimination.
   b. Reuse.
   c. On-site recycling.
   d. Off-site recycling.
   e. Waste treatment.
   f. Combustion with energy recovery.
   g. Land disposal.

455B.482 Definitions.
As used in this part unless the context otherwise requires:
1. “Disposal” means the isolation of waste from the biosphere in a permanent facility designed for that purpose.
2. “Facilities” means land and improvements on land, buildings and other structures, and other appurtenances used for the management of solid, toxic, hazardous, or low-level radioactive wastes, including but not limited to waste collection sites, waste transfer stations, waste reclamation and recycling centers, waste processing centers, waste treatment centers, waste storage sites, waste reduction and compaction centers, waste incineration centers, waste detoxification centers, and waste disposal sites.
3. “Hazardous waste” means hazardous waste as defined in section 455B.411, subsection 3.
4. “Long-term monitoring and maintenance” means the continued observation and care of a facility after closure in order to ensure that the site poses no threat to the public health, the groundwater, and the environment. In the case of a low-level radioactive waste facility, the time period constituting “long-term” is the number of years of monitoring and maintenance based upon the half-life properties of the wastes, and in the case of a hazardous waste facility is the number of years based upon the projected active toxicity of the waste.
6. “Management of waste” means the storage, transportation, treatment, or disposal of waste.
7. “Person” means person as defined in section 4.1.
8. “Pollution prevention” means employment of a practice that reduces the industrial use of toxic substances or reduces the environmental and health hazards associated with an environmental waste without diluting or concentrating the waste before the release, handling, storage, transport, treatment, or disposal of the waste.
9. “Regulatory agency” means a federal, state, or local agency that issues a license or permit required for the siting, construction, operation, or maintenance of a facility pursuant to federal or state statute or rule, or local ordinance or resolution.
10. “Site” means the geographic location of a facility.
11. “Solid waste” means solid waste as defined in section 455B.301.
12. “State” means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands or any other territorial possession of the United States.
13. “Storage” means the temporary holding of waste for treatment or disposal.
14. “Treatment” means any method, technique, or process designed to change the physical, chemical, or biological characteristics or composition of any waste in order to render the waste safer for transport or management, amenable to recovery, convertible to another usable material, or reduced in volume.

15. “Waste” means solid waste, hazardous waste, and low-level radioactive waste as defined in this section.

Section not amended; internal reference change applied

455B.483 Waste management assistance.
The director of the department of natural resources shall provide for administration of the provisions of this part.

455B.484 Duties of the department.
The department shall:
1. Recommend to the commission the adoption of rules necessary to implement this part.
2. Implement the waste management policy provided in section 455B.481.
3. Represent the state in all matters pertaining to plans, procedures, negotiations, and agreements for interstate compacts or public-private compacts relating to the ownership, operation, management, or funding of a facility. Any agreement is subject to the approval of the commission.
4. Develop, sponsor, and assist in the implementation of public education and information programs on proper and safe management of waste in cooperation with other public and private agencies as deemed appropriate.

455B.484A Confidentiality for assistance programs.
1. As used in this section:
   a. “Applicant” means a person, acting in good faith, who seeks the services of an assistance program.
   b. “Assistance information” means all information voluntarily supplied to or obtained by an assistance program for the sole purpose of providing assistance to an applicant and which constitutes information not otherwise available to an assistance program.
   c. “Assistance program” means the pollution prevention program of the department or of the Iowa waste reduction center for safe and economic management of solid waste and hazardous substances conducted pursuant to section 268.4.
   2. Assistance information in the possession of an assistance program or an employee or agent of an assistance program is privileged and confidential, is not subject to discovery, subpoena, or other means of legal compulsion, and is not admissible evidence in an administrative or judicial proceeding. However, assistance information discoverable from sources other than an assistance program or prohibited from being made confidential pursuant to federal or state law does not become privileged or confidential merely because it has been made available to or is in the custody of an assistance program or an employee or agent of an assistance program.
   3. Assistance information shall not be used by an employee or agent of the state in determining whether to initiate an enforcement action or investigation by the state.

Referred to in §455K.3

455B.485 Powers and duties of the commission.
The commission shall:
1. Establish policy for the implementation of this part.
2. Adopt, modify, or repeal rules necessary to implement this part pursuant to chapter 17A.

3. Recommend legislative action which may be required for the safe and proper management of waste, for the acquisition or operation of a facility, for the funding of a facility, to enter into interstate agreements for the management of a facility, and to improve the operation of the department relating to waste management assistance.

455B.486 Facility siting.

The commission shall adopt rules establishing criteria for the identification of sites which are suitable for the operation of low-level radioactive waste disposal facilities. The department shall apply these criteria, once adopted, to identify and recommend to the commission sites suitable for locating facilities for the disposal of low-level radioactive waste. The commission shall accept or reject the recommendation of the department. If the commission rejects the recommendation of the department, the commission shall state its reasons for rejecting the recommendation.

455B.487 Facility acquisition and operation.

1. The commission shall adopt rules establishing criteria for the identification of land areas or sites which are suitable for the operation of facilities for the management of low-level radioactive wastes. Upon request, the department shall assist in locating suitable sites for the location of a facility. The commission may purchase or condemn land to be leased or used for the operation of a facility subject to chapter 6A. Consideration for a contract for purchase of land shall not be in excess of funds appropriated by the general assembly for that purpose. The commission may lease land purchased under this section to any person including the state or a state agency. This section authorizes the state to own or operate low-level radioactive waste facilities, subject to the approval of the general assembly.

2. The purchase, condemnation, use, or lease of land for the management of wastes, shall be approved by the general assembly prior to the purchase, condemnation, use, or lease of the land.

3. a. The terms of the lease or contract shall establish responsibility for long-term monitoring and maintenance of the site. The commission shall require that the lessee or operator post bond or provide proof of sufficient insurance coverage, as determined by the commission to be reasonably necessary to protect the state against liabilities arising from the storage of wastes, abandonment of the facility, facility accidents, failure of the facility, or other liabilities which may arise.

b. The terms of the lease or contract shall also require that the lessee or operator of the facility pay an annual fee to the state, as established by the commission, to cover facility monitoring costs, and shall require that the lessee or operator establish a long-term monitoring and maintenance fund in which the lessee or operator shall deposit annually an amount specified by the commission. The fund shall be used to pay closure, long-term monitoring and maintenance, and contingency costs.

4. The lease agreement or contract shall provide for a local review and monitoring committee established by the county or municipal entity governing the jurisdiction in which the facility is located. Prior to the approval of a lease agreement or contract the local committee shall review the application of the prospective lessee or operator and shall determine the suitability of the proposed site for the facility. The local committee may inspect the facility during operation and may make recommendations regarding the operation and closure of the facility. The commission shall establish a surtax paid by the lessee or operator of a facility to the local governmental entity, and retained by the local governmental entity in which the facility is located. The lessee or operator of the facility shall provide funding for the implementation of the duties of the local committee.

5. The lessee or operator is subject to all applicable permit and licensing requirements.
The leasehold interest, including improvements made to the property, shall be listed, assessed, and valued as any other real property as provided by law.

6.  a. Facilities acquired or operated pursuant to this section shall comply with applicable federal and state statutes, local ordinances, and regulations adopted by regulatory agencies to the extent required by law.

b. Facilities acquired or operated pursuant to this section may be used for regional, statewide or multistate management of wastes.

c. Facilities acquired or operated pursuant to this section shall not be used for the purpose of shallow land burial of wastes as a means of disposal.

7. An operator of a facility acquired or operated pursuant to this section shall require that a person, prior to the use of the facility, submit proof that reasonable and good faith measures have been taken to reduce the generation of waste.

455B.489 Household hazardous waste collection and disposition. The department shall develop, sponsor, and assist in conducting local, regional, or statewide programs for the receipt or collection and proper management of hazardous wastes from households and farms. In conducting such events the department may establish limits on the types and amounts of wastes that will be collected, and may establish a fee system for acceptance of wastes in quantities exceeding the limits established pursuant to this section.

AGRICULTURAL CHEMICALS
REGULATION — WASTE
MANAGEMENT RESEARCH

455B.491 Restrictions on use of agricultural chemicals.

1. If the commission determines that an agricultural chemical causes an unreasonable, adverse effect on humans or the environment, the commission shall submit to the secretary of agriculture its findings and recommended actions. The secretary of agriculture shall propose rules implementing the recommended actions and shall hold a public hearing to determine the effects of the proposed rules as provided in chapter 206 after review and consideration of the findings as provided in subsection 2 of this section. A rule of the secretary shall be adopted pursuant to chapter 17A.

2. The commission shall submit to the secretary of agriculture its findings on the unreasonable, adverse effect that the agricultural chemical causes to humans or the environment. The department of agriculture and land stewardship shall prepare an estimate of the economic impact of restricting the use of the agricultural chemical. The economic impact statement, the commission’s findings and the report of the advisory committee created under section 206.23 shall be available at the time of publication of the intended rule action by the secretary. The secretary of agriculture and the advisory committee shall review the commission’s findings and collect, analyze and interpret any other scientific data relating to the agricultural chemical. The secretary and the committee shall consider any official reports, academic studies, expert opinions or testimony, or other matters deemed to have probative value and shall consider the toxicity, hazard, effectiveness, public need for the agricultural chemical or other means of control other than the chemical in question, and the economic impact on the members of the public and agencies affected by it.

3. As used in this section, “agricultural chemical” means a pesticide as defined in section
206.2 and also means any feed or soil additive, other than a pesticide, which is designed for and used to promote the growth of plants or animals.

A person acting in conjunction with a private college, community college, or state board of regents institution, to conduct research relating to waste management, on private property, or on property in which a city or county holds an interest, shall notify the department in writing. The person is not required to obtain authorization, including but not limited to a permit, by the department for one hundred twenty days after submitting the notice. After the end of the one-hundred-twenty-day period the department shall conduct an evaluation of the permit status of the research and may determine whether a permit ought to be issued or modified before the research continues.

DIVISION VI
INFEKTIOUS WASTE

§455B.501 Regulation of infectious waste.

1. As used in this section, unless the context otherwise requires:
   a. “Contaminated animal carcasses” means waste including carcasses, body parts, and bedding of animals that were exposed to infectious agents during research, production of biologicals, or testing of pharmaceuticals.
   b. “Contaminated sharps” means all discarded sharp items derived from patient care in medical, research, or industrial facilities including glass vials containing materials defined as infectious, hypodermic needles, scalpel blades, and pastor pipettes.
   c. “Cultures and stocks of infectious agents” means specimen cultures collected from medical and pathological laboratories, cultures and stocks of infectious agents from research and industrial laboratories, wastes from the production of biological agents, discarded live and attenuated vaccines, and culture dishes and devices used to transfer, inoculate, or mix cultures.
   d. “Human blood and blood products” means human serum, plasma, other blood components, bulk blood, or containerized blood in quantities greater than twenty milliliters.
   e. “Infectious” means containing pathogens with sufficient virulence and quantity so that exposure to an infectious agent by a susceptible host could result in an infectious disease when the infectious agent is improperly treated, stored, transplanted, or disposed.
   f. “Infectious waste” means waste, which is infectious, including but not limited to contaminated sharps, cultures, and stocks of infectious agents, blood and blood products, pathological waste, and contaminated animal carcasses from hospitals or research laboratories.
   g. “Pathological waste” means human tissues and body parts that are removed during surgery or autopsy.

2. The department shall recommend, for adoption by the commission, standards for on-site and off-site treatment of infectious waste. In developing standards, the department shall consider factors affecting the feasibility of alternative methods of treatment and disposal, including but not limited to the volume of infectious waste generated, the availability of treatment facilities within geographic areas, and the costs of transporting infectious wastes to treatment facilities. The standards shall include monitoring requirements for treatment facilities and training requirements for operators of facilities. The standards may
include requirements for management plans dealing with the plans for management of infectious wastes in compliance with adopted standards. In cases in which an individual generator of infectious waste is served by a person treating or disposing of the infectious waste, the person treating or disposing of the waste may prepare the plan for all generators served.

455B.503 Infectious waste treatment and disposal facilities — permits required — rules.
The commission shall adopt rules which require a person who owns or operates an infectious waste treatment or disposal facility to obtain an operating permit before initial operation of the facility. The rules shall specify the information required to be submitted with the application for a permit and the conditions under which a permit may be issued, suspended, modified, revoked, or renewed. The rules shall address but are not limited to the areas of operator safety, recordkeeping and tracking procedures, best available appropriate technologies, emergency response and remedial action procedures, waste minimization procedures, and long-term liability. The department shall not grant permits for the construction or operation of a commercial infectious waste treatment or disposal facility until the commission has adopted the required rules.

455B.505 Infectious waste treatment and disposal facilities — national register of historic places.
The department of natural resources shall not grant a permit for the construction or operation of a commercial infectious waste treatment or disposal facility within one mile of a site or building which has been placed on the national register of historic places. This section does not apply to hospitals, health care facilities licensed pursuant to chapter 135C, physicians’ offices or clinics, and other health service-related entities.

OIL SPILLS

455B.701 Oil spill immunity.
1. Definitions. As used in this section, unless the context otherwise requires:
a. “Damages” means damages of any kind for which liability may exist under the laws of this state resulting from, arising out of, or relating to the discharge or threatened discharge of oil.
b. “Discharge” means any emission, other than natural seepage, intentional or unintentional, and includes, but is not limited to, spilling, leaking, pumping, pouring, emitting, emptying, or dumping.
c. “Federal on-scene coordinator” means the federal official designated by the federal agency in charge of the removal efforts or by the United States environmental protection agency or the United States coast guard to coordinate and direct responses under the national contingency plan.
e. “Oil” means oil of any kind or in any form, including but not limited to petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil.
f. “Remove” or “removal” means containment and removal of oil or a hazardous substance from water and shorelines or the taking of other actions as may be necessary to minimize or mitigate damage to the public health or welfare, including, but not limited to, fish, shellfish, wildlife, and public and private property, shorelines, and beaches.
g. “Removal costs” means the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from such an incident.
h. “Responsible party” means a responsible party as defined under 33 U.S.C. §2701.
2. Exemption from liability.
a. Notwithstanding any other provisions of law, a person is not liable for removal costs or damages which result from acts or omissions taken or made in the course of rendering care, assistance, or advice consistent with the national contingency plan or as otherwise directed by the federal on-scene coordinator or by the state official with responsibility for oil spill response.
b. Paragraph “a” does not apply to the following:
(1) A responsible party.
(2) When the damage involves personal injury or wrongful death.
(3) If the person is grossly negligent or engages in willful misconduct.
c. A responsible party is liable for any removal costs and damages that another person is relieved of under paragraph “a”.
d. This section does not affect the liability of a responsible party for oil spill response under state law.

455B.751 Definitions.
As used in this division, unless the context otherwise requires:
1. “Acquired” means purchased, leased, obtained by inheritance or descent and distribution, or obtained by foreclosure sale under chapter 654, nonjudicial voluntary
foreclosure under section 654.18, deed in lieu of foreclosure under section 654.19, foreclosure without redemption under section 654.20, or nonjudicial foreclosure of nonagriculture mortgages under chapter 655A.

2. “Hazardous substance” means the same as defined in section 455B.381 or 455B.411.

3. “Hazardous waste” means the same as defined in section 455B.411.

4. “Potentially responsible party” means a person whose acts or omissions were a proximate cause of the contamination of the acquired property, or a person whose negligent acts or omissions are a proximate cause of injury or damages resulting from exposure to such contamination. Injury or damages to persons or property arising by reason of contamination that migrates from the acquired property shall not be deemed to be caused by an act or omission of the person that acquired the property, except to the extent that the act or omission of such person exacerbated the release of such contamination.

5. “Regulated substance” means the same as defined in section 455B.471.

6. “Response action” means any action taken to reduce, minimize, eliminate, clean up, control, assess, or monitor a release of hazardous substances, hazardous waste, or regulated substances to protect the public health, safety, or the environment.

7. “Third party” means any person other than a person that holds indicia of title to property or that has acquired property as identified in section 455B.752.

8. “Third-party liability” means any liability or obligation, other than contractual obligations that specifically waive all or part of the immunity provided by section 455B.752, arising out of or resulting from contamination of property by a hazardous substance, hazardous waste, or a regulated substance, including without limitation, claims for illness, personal injury, death, consequential damages, exemplary damages, lost profits, trespass, loss of use of property, loss of rental value, reduction in property value, property damages, or statutory or common law nuisance.

455B.752 Immunity from third-party liability.

A person that holds indicia of ownership of property contaminated by a hazardous substance, hazardous waste, or regulated substance, and that satisfies all of the conditions provided in section 455B.381, subsection 7, paragraph “b”, or section 455B.471, subsection 6, paragraph “b”, subparagraphs (1), (2), and (3), or a person that has acquired property contaminated by a hazardous substance, hazardous waste, or regulated substance, shall not be liable to any third party for any third-party liability arising from such contamination provided that all of the following apply:

1. The person does not knowingly cause or permit a new or additional hazardous substance, hazardous waste, or regulated substance to arise on or from the acquired property that injures a third party or contaminates property owned or leased by a third party.

2. The person is not a potentially responsible party or affiliated with any potentially responsible party by reason of any of the following:

   a. Any direct or indirect familial relationship.

   b. Any contractual, corporate, or financial relationship, other than a contractual, corporate, or financial relationship that is created by the instruments by which title to the property is conveyed or financed or by a contract for the sale of goods or services.

   c. A reorganization of a business entity that is or was a potentially responsible party.

§455B.802 Definitions.
As used in this division, unless the context otherwise requires:
1. “Capture rate” means the amount of mercury removed, collected, and recovered from end-of-life vehicles, expressed as a percentage of the mercury available from mercury-added switches in end-of-life vehicles annually.
2. “End-of-life vehicle” means any vehicle which is sold, given, or otherwise conveyed to a vehicle recycler or scrap recycling facility for the purpose of recycling and that does not exceed ten thousand pounds gross vehicle weight.
3. “Manufacturer” means any person that is the last person to produce or assemble a new vehicle that utilizes mercury-added switches, or in the case of an imported vehicle, the importer or domestic distributor of such vehicle. “Manufacturer” does not include a person that has never utilized a mercury-added switch in the production or assembly of a new vehicle.
4. “Mercury-added switch” means a light switch that contains mercury which was installed by a manufacturer in a motor vehicle.
5. “Scrap recycling facility” means a fixed location where machinery and equipment are utilized for processing and manufacturing scrap metal into prepared grades and whose principal product is scrap iron, scrap steel, or nonferrous metallic scrap for sale for remelting purposes.
6. “Vehicle recycler” means any person engaged in the business of acquiring, dismantling, or destroying six or more vehicles in a calendar year for the primary purpose of resale of the vehicles’ parts.

§455B.803 Plans for removal, collection, and recovery of vehicle mercury-added switches.
1. Within ninety days of July 1, 2006, each manufacturer of vehicles sold in this state shall, individually or as part of a group, develop and publish a plan for a system to remove, collect, and recover mercury-added switches from end-of-life vehicles that were manufactured by the manufacturer. Publication shall be in accordance with section 455B.807, subsection 2.
2. a. The manufacturer shall implement a system to remove, collect, and recover mercury-added switches from end-of-life vehicles within ninety days of publication of the plan.
b. The system developed and implemented pursuant to this section shall provide, at a minimum, all of the following:

1. Educational materials about the program to inform the public and other stakeholders about the purpose of the collection program and how to participate in the program.

2. A method for implementing, operating, maintaining, and monitoring the system, in accordance with subsection 3. This may include the use of third-party contractors that are qualified and fully insured to perform these tasks.

3. Information about mercury-added switches identifying all of the following:
   a. The make, model, and year of vehicles potentially containing mercury-added switches.
   b. A description of the mercury-added switches.
   c. The location of the mercury-added switches.
   d. The safe, cost-effective, and environmentally sound methods for the removal of the mercury-added switches from end-of-life vehicles.

4. A method to arrange and pay for the transportation of the collected mercury-added switches to permitted facilities.

5. A method to arrange and pay for the recycling of the mercury-added switches.

6. A method to track participation and publish the progress of the mercury-added switch collection in accordance with section 455B.807, subsection 2.

7. A database of participating vehicle recyclers, including all of the following:
   a. Documentation that the vehicle recycler joined the program.
   b. Records of all submissions by a vehicle recycler of any information required pursuant to subparagraph (6).
   c. Confirmation that the vehicle recycler has submitted switches at least once every twelve months since joining the program.

8. A target mercury-added switch capture rate for vehicles manufactured by the manufacturer of ninety percent. A description of additional or alternative actions that shall be implemented by the manufacturer to improve the system and its operation in the event that the target capture rate is not met shall be published with the required tracking information no less than annually.

9. The program shall not include inaccessible mercury-added switches from end-of-life vehicles with significant damage to the vehicle in the area surrounding the mercury-added switch location. All accessible mercury-added switches are expected to be collected under the provisions of this division.

   c. In developing a removal, collection, and recovery system for end-of-life vehicles, a manufacturer shall, to the extent practicable, utilize the existing end-of-life vehicle recycling infrastructure.

   d. If the commission determines that the manufacturer’s plan for a system to remove, collect, and recover mercury-added switches from end-of-life vehicles does not comply with this section, the commission may require the manufacturer to make any necessary modification to the plan.

   e. On July 1, 2020, the commission shall cease enforcement of the removal, collection, and recovery plans under this section. On or before July 1, 2020, the commission shall review the mercury-added switch removal, collection, and recovery portion of this division and submit a recommendation to the general assembly regarding the necessity of continuing the enforcement of the removal, collection, and recovery plans under this section.

3. The total cost of the removal, collection, and recovery system for mercury-added switches shall be paid by the manufacturer. Costs shall include but not be limited to all of the following:

   a. Labor to remove mercury-added switches. Labor shall be reimbursed at a minimum rate of four dollars per mercury-added switch removed, or if the vehicle identification number of the source vehicle is required for reimbursement, at a minimum rate of five dollars.

   b. Training.

   c. Packaging in which to transport mercury-added switches to recycling, storage, or disposal facilities.

   d. Shipping of mercury-added switches to recycling, storage, or disposal facilities.

   e. Recycling, storage, or disposal of the mercury-added switches.
f. Public education materials and presentations.
g. Maintenance of all appropriate systems and procedures to protect the environment from mercury contamination from collected mercury-added switches.

4. A vehicle recycler that performs as required under a removal, collection, and recovery plan shall be afforded the protections provided in section 613.18.

Referred to in §455B.808

455B.804 Prohibition and proper management of mercury-added vehicle switches.
1. Prior to delivery to a scrap recycling facility, a person who sells, gives, or otherwise conveys ownership of an end-of-life vehicle to the scrap recycling facility for recycling shall remove all mercury-added switches from such end-of-life vehicle unless the mercury-added switch is inaccessible due to significant damage to the end-of-life vehicle in the area where the mercury-added switch is located.

2. A person shall not represent that mercury-added switches have been removed from a vehicle or vehicle hulk being sold, given, or otherwise conveyed for recycling if that person has not removed such mercury-added switches or arranged with another person to remove such switches.

455B.807 Public notification.
1. The department shall make available to the general public in an electronic format the plan of a manufacturer for a system to remove, collect, and recover mercury-added switches from end-of-life vehicles and any report required under section 455B.808.

2. Publication of all required plans, information, reports, and educational materials under this division shall be through no less than two types of media available to the general public. One medium must be available twenty-four hours per day, seven days per week, and maintained with current information. Acceptable types of media include but are not limited to internet sites, periodicals, journals, and other publicly available media in the state.

455B.808 Reporting.
One year after the implementation of a removal, collection, and recovery system, and annually thereafter, a manufacturer subject to section 455B.803 shall report to the department concerning the performance under the manufacturer’s plan. The report shall include statistical information received under section 455B.803. The report shall also include but not be limited to all of the following:

1. The number of mercury-added switches collected.

2. An estimate of the amount of mercury contained in the collected switches.
3. The capture rate as defined in section 455B.802.
4. The estimated number of vehicles manufactured by the manufacturer containing mercury-added switches.
5. The estimated number of vehicles manufactured by the manufacturer that have been processed for recycling by vehicle recyclers.

4. “Consumer” means any person who purchases a beverage in a beverage container for use or consumption.
5. “Dealer” means any person who engages in the sale of beverages in beverage containers to a consumer.
6. “Dealer agent” means a person who solicits or picks up empty beverage containers from a dealer for the purpose of returning the empty beverage containers to a distributor or manufacturer.
7. “Department” means the department of natural resources created under section 455A.2.
8. “Director” means the director of the department.
9. “Distributor” means any person who engages in the sale of beverages in beverage containers to a dealer in this state, including any manufacturer who engages in such sales.
10. “Geographic territory” means the geographical area within a perimeter formed by the outermost boundaries served by a distributor.
11. “Manufacturer” means any person who bottles, cans, or otherwise fills beverage containers for sale to distributors or dealers.
12. “Nonrefillable beverage container” means a beverage container not intended to be refilled for sale by a manufacturer.
13. “Redemption center” means a facility at which consumers may return empty beverage containers and receive payment for the refund value of the empty beverage containers.

455C.2 Refund values.

1. A refund value of not less than five cents shall be paid by the consumer on each beverage container sold in this state by a dealer for consumption off the premises. Upon return of the empty beverage container upon which a refund value has been paid to the dealer or person operating a redemption center and acceptance of the empty beverage container by the dealer or person operating a redemption center, the dealer or person operating a redemption center shall return the amount of the refund value to the consumer.
2. In addition to the refund value provided in subsection 1 of this section, a dealer, or person operating a redemption center who redeems empty beverage containers or a dealer agent shall be reimbursed by the distributor required to accept the empty beverage containers an amount which is one cent per container. A dealer, dealer agent, or person operating a redemption center may compact empty metal beverage containers with the approval of the distributor required to accept the containers.

Referred to in §123.24, 455C.3, 455C.4, 455C.12

455C.3 Payment of refund value.

Except as provided in section 455C.4:
1. A dealer shall not refuse to accept from a consumer any empty beverage container of the kind, size and brand sold by the dealer, or refuse to pay to the consumer the refund value of a beverage container as provided under section 455C.2.
2. A distributor shall accept and pick up from a dealer served by the distributor or a redemption center for a dealer served by the distributor at least weekly, or when the distributor delivers the beverage product if deliveries are less frequent than weekly, any empty beverage container of the kind, size and brand sold by the distributor, and shall pay to the dealer or person operating a redemption center the refund value of a beverage container and the reimbursement as provided under section 455C.2 within one week following pickup of the containers or when the dealer or redemption center normally pays the distributor for
the deposit on beverage products purchased from the distributor if less frequent than weekly. A distributor or employee or agent of a distributor is not in violation of this subsection if a redemption center is closed when the distributor attempts to make a regular delivery or a regular pickup of empty beverage containers. This subsection does not apply to a distributor selling alcoholic liquor to the alcoholic beverages division of the department of commerce.

3. A distributor shall not be required to pay a manufacturer a deposit or refund value on a nonrefillable beverage container.

4. A distributor shall accept from a dealer agent any empty beverage container of the kind, size, and brand sold by the distributor and which was picked up by the dealer agent from a dealer within the geographic territory served by the distributor and the distributor shall pay the dealer agent the refund value of the empty beverage container and the reimbursement as provided in section 455C.2.

5. The alcoholic beverages division of the department of commerce shall provide for the disposal of empty beverage containers as required under subsection 2. The division shall give priority consideration to the recycling of the empty beverage containers to the extent possible, before any other appropriate disposal method is considered or implemented.

455C.4 Refusal to accept containers.

1. Except as provided in section 455C.5, subsection 3, a dealer, a person operating a redemption center, a distributor or a manufacturer may refuse to accept any empty beverage container which does not have stated on it a refund value as provided under section 455C.2.

2. A dealer may refuse to accept and to pay the refund value of any empty beverage container if the place of business of the dealer and the kind and brand of empty beverage containers are included in an order of the department approving a redemption center under section 455C.6.

3. A dealer or a distributor may refuse to accept and to pay the refund value of an empty wine or alcoholic liquor container which is marked to indicate that it was sold by a state liquor store. The alcoholic beverages division shall not reimburse a dealer or a distributor the refund value on an empty wine or alcoholic liquor container which is marked to indicate that the container was sold by a state liquor store.

4. A class “E” liquor control licensee may refuse to accept and to pay the refund value on an empty alcoholic liquor container from a dealer or a redemption center or from a person acting on behalf of or who has received empty alcoholic liquor containers from a dealer or a redemption center.

5. A manufacturer or distributor may refuse to accept and to pay the refund value and reimbursement as provided in section 455C.2 on any empty beverage container that was picked up by a dealer agent from a dealer outside the geographic territory served by the manufacturer or distributor.

[C79, 81, §455C.4]
Referred to in §455C.3

455C.5 Refund value stated on container — exceptions.

1. Each beverage container sold or offered for sale in this state by a dealer shall clearly indicate by embossing or by a stamp, label or other method securely affixed to the container, the refund value of the container. The department shall specify, by rule, the minimum size of the refund value indication on the beverage containers.

2. A person, except a distributor, shall not import into this state after July 1, 1979 a beverage container which does not have securely affixed to the container the refund value indication. The provisions of this subsection do not apply if:

a. For beverage containers containing alcoholic liquor as defined in section 123.3,
subsection 5, the total capacity of the containers is not more than one quart or, in the case of alcoholic liquor personally obtained outside the United States, one gallon.

b. For beverage containers containing beer as defined in section 123.3, subsection 7, the total capacity of the containers is not more than two hundred eighty-eight fluid ounces.

c. For all other beverage containers, the total capacity of the containers is not more than five hundred seventy-six fluid ounces.

3. The provisions of subsections 1 and 2 of this section do not apply to a refillable glass beverage container which has a brand name permanently marked on it and which has a refund value of not less than five cents, to any other refillable beverage container which has a refund value of not less than five cents and which is exempted by the director under rules adopted by the commission, or to a beverage container sold aboard a commercial airliner or passenger train for consumption on the premises.

455C.6 Redemption centers.
1. To facilitate the return of empty beverage containers and to serve dealers of beverages, any person may establish a redemption center, subject to the approval of the department, at which consumers may return empty beverage containers and receive payment of the refund value of such beverage containers.

2. An application for approval of a redemption center shall be filed with the department. The application shall state the name and address of the person responsible for the establishment and operation of the redemption center, the kind and brand names of the beverage containers which will be accepted at the redemption center, and the names and addresses of the dealers to be served by the redemption center. The application shall contain such other information as the director may reasonably require.

3. The department shall approve a redemption center if it finds that the redemption center will provide a convenient service to consumers for the return of empty beverage containers. The order of the department approving a redemption center shall state the dealers to be served by the redemption center and the kind and brand names of empty beverage containers which the redemption center must accept. The order may contain such other provisions to ensure that the redemption center will provide a convenient service to the public as the director may determine.

4. The department may review the approval of any redemption center at any time. After written notice to the person responsible for the establishment and operation of the redemption center, and to the dealers served by the redemption center, the commission may, after hearing, withdraw approval of a redemption center if the commission finds there has not been compliance with the department’s order approving the redemption center, or if the redemption center no longer provides a convenient service to the public.

5. All approved redemption centers shall meet applicable health standards.

455C.7 Unapproved redemption centers.
Any person may establish a redemption center which has not been approved by the department, at which a consumer may return empty beverage containers and receive payment of the refund value of the beverage containers. The establishment of an unapproved redemption center shall not relieve any dealer from the responsibility of redeeming any empty beverage containers of the kind and brand sold by the dealer.

[C79, 81, §455C.7]

455C.9 Rules adopted.
The commission shall adopt, upon recommendation of the director, the rules necessary to carry out the provisions of this chapter, subject to the provisions of chapter 17A.
[C79, 81, §455C.9]

455C.10 Appeal.
Any person aggrieved by an order of the department relating to the approval or withdrawal of approval for a redemption center may seek judicial review of such order as provided in chapter 17A.
[C79, 81, §455C.10]

455C.11 Reserved.

455C.12 Penalties.
1. Any person violating the provisions of section 455C.2, 455C.3, or 455C.5, or a rule adopted under this chapter, shall be guilty of a simple misdemeanor.
2. A distributor who collects or attempts to collect a refund value on an empty beverage container when the distributor has paid the refund value on the container to a dealer, redemption center, or consumer is guilty of a fraudulent practice.
3. Any person who does any of the following acts is guilty of a fraudulent practice:
   a. Collects or attempts to collect the refund value on the container a second time, with the knowledge that the refund value has once been paid by the distributor to a dealer, redemption center or consumer.
   b. Manufactures, sells, possesses or applies a false or counterfeit label or indication which shows or purports to show a refund value for a beverage container, with intent to use the false or counterfeit label or indication.
   c. Collects or attempts to collect a refund value on a container with the use of a false or counterfeit label or indication showing a refund value, knowing the label or indication to be false or counterfeit.
4. As used in this section, a false or counterfeit label or indication means a label or indication purporting to show a valid refund value which has not been initially applied as authorized by a distributor.
5. Subsection 2 and subsection 3, paragraph “a” of this section have no application to empty beverage containers which are intended to be refillable and are in a standard of condition except for sanitization to be refillable by the manufacturer.

455C.13 Distributors’ agreements authorized.
A distributor may enter into a contract or agreement with any other distributor, manufacturer or person for the purpose of collecting or paying the refund value on, or disposing of, beverage containers as provided in this chapter.
[C81, §455C.13]

455C.14 Redemption of refused nonrefillable metal beverage containers.
1. If the refund value indication required under section 455C.5 on an empty nonrefillable metal beverage container is readable but the redemption of the container is lawfully refused by a dealer or person operating a redemption center under other sections of this chapter or rules adopted pursuant to these sections, the container shall be accepted and the refund value paid to a consumer as provided in this section. Each beer distributor selling nonrefillable metal beverage containers in this state shall provide individually or collectively by contract or agreement with a dealer, person operating a redemption center or another person, at least one facility in the county seat of each county where refused empty nonrefillable metal beverage containers having a readable refund value indication as required by this chapter are accepted and redeemed. In cities having a population of twenty-five thousand or more, the number of
the facilities provided shall be one for each twenty-five thousand population or a fractional part of that population.

2. A beer distributor violating this section is guilty of a simple misdemeanor.
[C81, §455C.14]

§455C.16 Beverage containers — disposal at sanitary landfill prohibited.
Beginning July 1, 1990, the final disposal of beverage containers by a dealer, distributor, or manufacturer, or person operating a redemption center, in a sanitary landfill, is prohibited. Beginning September 1, 1992, the final disposal of beverage containers used to contain alcoholic liquor as defined in section 123.3, subsection 5, by a dealer, distributor, or manufacturer, or person operating a redemption center in a sanitary landfill, is prohibited.

455D.1 Definitions.
As used in this chapter unless the context otherwise requires:
1. "Commission" means the environmental protection commission.
2. "Department" means the department of natural resources created pursuant to section 455A.2.
3. "Director" means the director of the department.
4. "Pollution prevention techniques" means any of the following practices employed by the user of a toxic substance:
   a. Input substitution, which is the replacement of a toxic substance or raw material used in a production process with a nontoxic or less toxic substance.
   b. Product reformulation, which is the substitution of an end product which is nontoxic or less toxic upon use or release for an existing end product.
   c. Production process redesign or modification, which is the development and use of production processes of a different design other than those currently in use.
   d. Production process modernization, which is the upgrading or replacing of existing production process equipment or methods with other equipment or methods based on the same production process.
   e. Improved operation and maintenance of existing production process equipment and methods, which is the modification or addition to existing equipment or methods, including but not limited to such techniques as improved housekeeping practices, system adjustments, product and process inspections, and production process control equipment or methods.
   f. Recycling, reuse, or extended use of toxic substances by using equipment or methods that become an integral part of the production process.
5. "Recycling" means any process by which waste, or materials that would otherwise become waste, are collected, separated, or processed and revised or returned to use in the form of raw materials or products pursuant to section 455D.4A. "Recycling" includes but is not limited to the composting of yard waste which has been previously separated from other waste, but does not include any form of energy recovery.
6. "Scrap metal" means any ferrous or nonferrous metal suitable for reprocessing into a viable market commodity grade specification.
7. "Waste reduction" means practices which reduce, avoid, or eliminate both the generation of solid waste and the use of toxic materials so as to reduce risks to health and the environment and to avoid, reduce, or eliminate the generation of wastes or environmental pollution at the source and not merely achieved by shifting a waste output or waste stream from one environmental medium to another environmental medium.

455D.2 Findings.
The general assembly finds that:
1. Iowa's environment is precious and no person has the right to pollute Iowa's air, water, or soil. The environment is vulnerable and irreplaceable, and all Iowans have an ongoing responsibility to conserve, preserve, and enhance the state's natural resources to guarantee their continued existence and use by the present and future generations.
2. The land itself is the source of Iowa's livelihood not only for the purposes of an agricultural economy, but for the establishment of manufacturing plants, business offices, and residences. While zoning establishes restrictions on the use of land for social order, a similar system has not been established to maintain environmental order below the ground. Protection of the environment includes not only visible but invisible threats as well.
3. The rapidly rising volume of waste deposited by society threatens the capacity of existing and future landfills. The nature of waste disposal today means that unknown quantities of potentially toxic and hazardous materials are being buried and pose a constant
threat to the groundwater supply. In addition, the nature of the waste and disposal methods utilized allow the waste to remain basically inert for decades, if not centuries, without decomposition.

4. Wastes filling Iowa’s landfills may, at best, represent a potential resource. However, without proper management, wastes are hazards to the environment and life itself.

5. The reduction of solid waste at the source and the recycling of reusable waste materials will reduce the flow of waste to sanitary landfills and increase the supply of reusable materials for the use of the public.

89 Acts, ch 272, §2

§455D.3 Goals for waste stream reduction — procedures — reductions and increases in fees.

1. Waste reduction goals.

   a. The goal of the state is to reduce the amount of materials in the waste stream, existing as of July 1, 1988, by an intermediate goal of twenty-five percent, and by a final goal of at least fifty percent, through the practice of waste volume reduction at the source and through recycling. For the purposes of this section, “waste stream” means the disposal of solid waste as “solid waste” is defined in section 455B.301.

   b. Notwithstanding section 455D.1, subsection 5, facilities which employ combustion of solid waste with energy recovery and refuse-derived fuel, which are included in an approved comprehensive plan, may include these processes in the definition of recycling for the purpose of meeting the state goals if at least thirty-five percent of the fifty percent waste reduction goal is met through volume reduction at the source and recycling and reuse, as established pursuant to section 455B.301A, subsection 1, paragraphs “a” and “b”.

2. Departmental monitoring.

   a. If at any time the department determines that a planning area has met or exceeded the twenty-five percent goal, but has not met or exceeded the fifty percent goal, a planning area shall subtract sixty cents from the total amount of the tonnage fee imposed pursuant to section 455B.310. If at any time the department determines that a planning area has met or exceeded the fifty percent goal, a planning area shall remit fifty cents from the total amount of the tonnage fee imposed pursuant to section 455B.310. The reduction in tonnage fees pursuant to this paragraph shall be taken from that portion of the tonnage fees which would have been allocated for funding alternatives to landfills pursuant to section 455E.11, subsection 2, paragraph “a”, subparagraph (1).

   b. If the department determines that a planning area has failed to meet the twenty-five percent goal, the planning area shall remit fifty cents per ton to the department. The moneys shall be deposited in the groundwater protection fund created in section 455E.11, subsection 2, paragraph “a”, and credited to the solid waste account of the fund to be used for funding alternatives to landfills pursuant to section 455E.11, subsection 2, paragraph “a”, subparagraph (1). Moneys shall continue to be remitted pursuant to this paragraph until such time as evidence of attainment of the twenty-five percent goal is documented in subsequent plans submitted to the department.

   c. If at any time the department determines that a planning area has met or exceeded the fifty percent goal, the planning area shall subtract fifty cents from the total amount of the tonnage fee imposed pursuant to section 455B.310. This amount shall be in addition to any amount subtracted pursuant to paragraph “a”. The reduction in tonnage fees pursuant to this paragraph shall be taken from that portion of the tonnage fees which would have been allocated to funding alternatives to landfills pursuant to section 455E.11, subsection 2, paragraph “a”, subparagraph (1). A planning area failing to meet the fifty percent goal is not required to remit any additional tonnage fees to the department.

3. Environmental management systems. A planning area designated as an
environmental management system pursuant to section 455J.7 is exempt from the waste stream reduction goals of this section.

Referred to in §455B.306, 455B.310, 455J.5

455D.4 Waste volume reduction policies.

1. It is the policy of this state to encourage the development of waste volume reduction programs and education at the local government level through incentives, technical assistance, grants, and other practical measures.

2. It is the policy of this state to support and encourage the development of new uses and markets for recycled goods, placing emphasis on the development, in Iowa, of businesses relating to waste reduction and recycling.

3. The provision of education concerning waste volume reduction at the elementary through high school levels and through community organizations will enhance the success of local programs requiring public involvement.

4. This state supports and encourages manufacturing methods which are environmentally sustainable, technologically safe, and ecologically sound. The state shall encourage manufacturing methods which enhance waste reduction by creating products with longer usage life, and by creating products which are adaptable to secondary uses, require less input material, and decrease resource consumption.

5. The people of this state recognize that a variety of benefits result from a comprehensive waste reduction policy including the following environmental, economic, governmental, and public benefits:

a. Not producing waste in the first instance is the most certain means for avoiding the widely recognized health and environmental damage associated with waste. Although waste reduction will never eliminate all wastes, to the extent that waste reduction is achieved it results in the most certain form of direct risk reduction.

b. Waste reduction may result in reduced pollution control costs for industry by stimulating and promoting beneficial technological and management reorganization within industry in place of pollution control strategies which channel capital into nonproductive pollution control expenditures.

c. The government is better able to administer programs which offer a variety of benefits to industry and which reduce the overall cost of government involvement than it is to administer programs which offer few benefits to industry and require increasingly extensive, complex, and costly governmental actions.

d. Public confidence in environmental policies of the government is important for the effectiveness of these policies. Waste reduction poses no adverse environmental and public health effects and does not, therefore, lead to increased public concern. Waste reduction also increases the public confidence that the government and industry are doing all that is possible to protect human health and the environment.

89 Acts, ch 272, §4

455D.4A Recycling.

1. For the purpose of this section, “recycling facility” means any facility, business, or operation that has the stated primary purpose of facilitating the recycling of materials that would otherwise be solid waste.

2. Recycling of materials for the purpose of being excluded from the solid waste provisions of chapter 455B, division IV, part 1, must be legitimate. A material that is not legitimately recycled is discarded material and is a solid waste. In determining if recycling is legitimate, a recycling facility must establish all of the following:

a. The material is potentially recyclable and has a feasible means of being recycled into a valuable product.

b. The material is being managed as a valuable commodity while under the facility’s control.
c. The material is not being accumulated speculatively pursuant to subsection 7.

3. If the department determines that a facility is not legitimately recycling material, the department may allow the facility owner or operator an opportunity to comply with the criteria in subsection 2, or may immediately deem the facility subject to the solid waste provisions of chapter 455B, division IV, part 1.

4. The criteria in subsection 2 are intended to mitigate the risk posed by facilities that accumulate materials speculatively prior to recycling by preventing materials that are not otherwise regulated under chapter 455B, division IV, part 1, from being stored indefinitely and potentially causing a public health nuisance or adverse environmental impact. In response to enforcement initiated by the department for alleged violations of this section, the burden of proof falls on the recycling facility owner or operator to establish that materials are being legitimately recycled.

5. To establish that a material is potentially recyclable and has a feasible means of being recycled into a valuable product, a recycling facility owner or operator shall maintain with an end user at least one purchase contract, a letter of understanding, or other formal agreement. Such documentation must be provided to the department upon request. In addition, if the material is going to be recycled in an unusual manner, the owner or operator may use technical specifications from the end user or other documentation to prove recycling the material in such manner will result in a valuable product.

6. To establish that a material is being managed as a valuable commodity while under the facility’s control, a recycling facility owner or operator shall ensure that stockpiled material is not speculatively accumulated by maintaining current inventory records and is managed in a manner consistent with comparable recyclable materials or products in an equally protective manner.

7. To establish that a material is not being accumulated speculatively, the recycling facility owner or operator must document that, during a given calendar year, the amount of material that is recycled, or transferred to a different site for recycling, equals at least seventy-five percent by weight or volume of the amount of material accumulated at the beginning of the period. Materials must be placed in a storage unit with a label indicating the first date that the material began to be accumulated. If placing a label on the storage unit is not practicable, the accumulation period must be documented through an inventory log or other appropriate method.

8. Failure to provide documentation upon request to the department relative to the requirements of this section is grounds for the department to immediately deem the facility not in compliance with this section.

9. Scrap metal is not subject to the provisions of this section.

Subsections 6 and 9 amended

455D.5 Statewide waste reduction and recycling network — established.

1. The department shall establish a statewide waste reduction and recycling network to promote the waste management policy contained in section 455B.481 and the waste management hierarchy contained in section 455B.301A. Programs established shall encourage waste generators to reduce the volume of waste generated and to recycle or properly dispose of the waste that is generated. The network shall utilize existing recycling companies when possible. The programs may utilize financial and legal incentives, education, technical assistance, regulation, and other methods as appropriate to implement the programs. The programs may involve the development of public and private sector initiatives, the development of markets and other opportunities for waste reduction and recycling, and other related efforts.

2. The elements of the network shall include but are not limited to all of the following:
   a. Promotion of efforts to increase the amount of recyclable materials used by the public.
   b. Promotion of efforts to recover recyclable materials from the waste stream.
c. Promotion of local efforts to implement recycling collection centers located at disposal sites or other convenient local sites.

d. Promotion of local efforts of curbside collection of separated recyclable waste materials.

e. Provision of public education programs which promote public awareness of waste volume reduction and the use of recyclable materials.

f. Promotion of the creation of markets for recyclable materials.

g. Promotion of research, manufacturing processes, and product development, which provide for waste reduction through decreased material input, and resource consumption.

h. Promotion of the concentration of the efforts of the business and industry resource search service by the small business assistance center for the safe and economic management of solid waste and hazardous substances at the university of northern Iowa, to locate existing waste streams and materials from businesses and industries which generate small amounts of waste and to catalyze the reuse of these materials in the production of goods and services.

455D.6 Duties of the director.
The director shall:

1. Unless otherwise specified in this chapter, recommend rules to the commission which are necessary to implement this chapter.

2. Administer and coordinate the waste volume reduction and recycling fund created under section 455D.15.

3. Enter into contracts and agreements, with the approval of the commission, for contracts in excess of twenty-five thousand dollars, with local units of government, other state agencies, governments of other states, governmental agencies of the United States, other public and private contractors, and other persons as may be necessary or beneficial in carrying out the department’s duties under this chapter.

4. Develop a strategy and recommend to the commission the adoption of rules necessary to implement a strategy for white goods and waste oil.

5. Develop a strategy and recommend to the commission the adoption of rules necessary to implement a strategy for the recycling of electronic goods and the disassembling and removing of toxic parts from electronic goods.

Referred to in §455D.22, 455D.25

455D.7 Duties of the commission.
The commission shall:

1. Unless otherwise specified in this chapter, adopt rules necessary to implement this chapter pursuant to chapter 17A.

2. Prohibit land disposal of specific components of the waste stream for which the department has developed and implemented a strategy for alternative disposal according to the waste management hierarchy.

3. Establish by rule standards for the acceptance of recyclable or rebatable products at redemption centers. The standards may address matters of public health and handling by the redemption center.

455D.9 Land disposal of yard waste — prohibited.

1. Land disposal of yard waste as defined by the department is prohibited. A sanitary landfill may accept yard waste under any of the following circumstances:

a. When the yard waste is separated at its source from other solid waste and is accepted by the sanitary landfill for the purposes of soil conditioning and composting.

b. When the yard waste is collected for disposal as a result of a severe storm and the
yard waste originates in an area declared to be a disaster area in a declaration issued by the president of the United States or the governor.

   c. When the yard waste is collected for disposal to control, eradicate, or prevent the spread of insect pests, tree and plant diseases, or invasive plant species problems.

   d. When the yard waste is collected for disposal by a sanitary landfill that operates a methane collection system that produces energy.

   2. The department shall assist local communities in the development of collection systems for yard waste generated from residences and shall assist in the establishment of local composting facilities. Each city and county shall, by ordinance, require persons within the city or county to separate yard waste from other solid waste generated.

   3. The department shall adopt rules which define yard waste and provide for the safe and proper method of composting yard waste and other organic materials.

   4. State and local agencies responsible for the maintenance of public lands in the state shall give preference to the use of composted materials in all land maintenance activities.

   5. This section does not prohibit the use of yard waste as land cover or as soil conditioning material.

   6. This section prohibits the open burning of yard waste within the permitted boundary at a sanitary disposal project.

455D.9A Disposal of baled solid waste at a sanitary landfill—prohibited.

Beginning January 1, 1992, a person shall not dispose of baled solid waste at a sanitary landfill and a sanitary landfill shall not accept baled solid waste for final disposal. Solid waste which is baled on-site may be disposed of at the sanitary landfill.

91 Acts, ch 113, §1; 99 Acts, ch 14, §1

455D.10 Land disposal of lead acid batteries—prohibited—collection for recycling.

1. Beginning July 1, 1990, land disposal of lead acid batteries is prohibited.

2. A person offering for sale or selling lead acid batteries at retail in the state shall do all of the following:

   a. Accept used lead acid batteries from customers who purchase new lead acid batteries, at the point of sale.

   b. Post written notice that land disposal of lead acid batteries is prohibited and that state law requires the retailer to accept lead acid batteries for recycling when new lead acid batteries are purchased.

3. A person offering for sale or selling lead acid batteries at wholesale shall accept used lead acid batteries from retailers who purchase new lead acid batteries for resale to consumers, or from wholesale customers.

89 Acts, ch 272, §10

455D.10A Household batteries—heavy metal content and recycling requirements.

1. Definitions. As used in this section and in section 455D.10B unless the context otherwise requires:

   a. “Button cell battery” means a household battery which resembles a button or coin in size and shape.

   b. “Consumer” means a person who purchases household batteries for personal or business use.

   c. “Easily removed” means a battery or battery pack which can be removed from a battery-powered product by the consumer, using common household tools.

   d. “Household battery” means any type of dry cell battery used by consumers, including but not limited to mercuric oxide, carbon-zinc, zinc air, silver oxide, nickel-cadmium, nickel-hydride, alkaline, lithium, or sealed lead acid batteries.

   e. “Institutional generator” means a governmental, commercial, industrial, communications, or medical facility which generates waste mercuric oxide, nickel-cadmium, or sealed lead acid rechargeable batteries.
f. "Rechargeable consumer product" means a product that is primarily powered by a rechargeable battery and is primarily used or purchased to be used for household purposes.

g. "Rechargeable household battery" means a small sealed nickel-cadmium or sealed lead acid battery used for nonvehicular purposes and weighing less than twenty-five pounds, which can be recharged by the consumer and reused.

2. Mercury content limited.

a. A person shall not sell, distribute, or offer for retail sale in this state an alkaline manganese battery that contains more than twenty-five one-thousandths of a percent mercury by weight. A person shall not sell, distribute, or offer for sale at retail in this state an alkaline manganese household battery manufactured on or after January 1, 1996, to which mercury has been added. This paragraph does not apply to alkaline manganese button cell batteries.

b. A person shall not sell, distribute, or offer for retail sale in this state an alkaline manganese button cell battery which contains more than twenty-five milligrams of mercury.

3. Recycling/disposal requirements for household batteries.

a. Beginning July 1, 1996, a system or systems shall be in place to protect the health and safety of Iowans, and the state's environment, from the toxic components of used household batteries. The system or systems shall include at least one of the following elements:

(1) Elimination or reduction to the extent established by rule of the department, of heavy metals and other toxic components in nickel-cadmium, mercuric oxide, or sealed lead acid household batteries, to ensure protection of public health, safety, and the environment when placed in or disposed of as part of mixed municipal solid waste.

(2) Establishment of a comprehensive recycling program for each type of battery listed in subparagraph (1) that is sold, distributed, or offered for sale in this state. An institutional generator shall provide for the on-site source separation and collection of used mercuric oxide batteries, nickel-cadmium rechargeable batteries, and sealed lead acid rechargeable batteries. All participants in the stream of commerce relating to the batteries, which are listed in subparagraph (1) and which are not designated as exempt pursuant to section 455D.10B, subsection 2, paragraph "a", subparagraph (3) or (4), shall, individually or collectively, be responsible for developing and operating a system for collecting and transporting used batteries to the appropriate dry cell battery manufacturer or to a site or facility designated by a manufacturer. Additionally, dry cell battery manufacturers shall be responsible for the recycling of used batteries in an environmentally sound manner.

(3) Provision for collection, transporting, and proper disposal of used household batteries of the types listed in subparagraph (1) which are distributed, sold, or offered for retail sale in the state. For the purposes of this paragraph, "proper disposal" means disposal which complies with all applicable state and federal laws. All participants in the stream of commerce relating to the batteries, which are listed in subparagraph (1) and which are not designated as exempt pursuant to section 455D.10B, subsection 2, paragraph "a", subparagraph (3) or (4), shall, individually or collectively, be responsible for developing and operating a system for collecting and transporting used batteries to the appropriate dry cell battery manufacturer or to a site or facility designated by a manufacturer. Additionally, dry cell battery manufacturers shall be responsible for proper disposal of the used batteries.

b. To meet the recycling and disposal requirements of this subsection, participants in the systems established under this subsection, either individually or collectively, shall do all of the following:

(1) Identify a collection entity, other than a local government collection system, unless the local government agrees otherwise, through which the discarded batteries listed in paragraph "a", subparagraph (1) shall be returned for collection and recycling or disposal.

(2) Inform each customer of the prohibition of disposal of batteries listed in paragraph "a", subparagraph (1), and a safe and convenient return process available to the customer for recycling or proper disposal.

c. After July 1, 1996, nickel-cadmium, sealed lead acid, or mercuric oxide household batteries shall not be sold, distributed, or offered for sale in the state, unless a system required by this section is in operation.

d. The department may make recommendations to the commission to include other types
of household or rechargeable batteries, not enumerated in paragraph “a”, subparagraph (1), in the requirements of this subsection.

e. This subsection does not apply to batteries subject to regulation under the federal Resource Conservation and Recovery Act, 42 U.S.C. §6901 et seq.

4. Rules adopted. The commission shall adopt, upon recommendation of the director, the rules necessary to carry out the provisions of this section pursuant to chapter 17A.

§455D.10B Batteries used in rechargeable consumer products.

1. A person shall not distribute, sell, or offer for retail sale in the state a rechargeable consumer product manufactured on or after January 1, 1994, unless all of the following conditions are met:
   a. The battery can be easily removed by the consumer, or is contained in a battery pack that is separate from the product and can be easily removed.
   b. The battery, the instruction manual, and the product package are clearly labeled to indicate that the battery must be recycled or disposed of properly and includes the designation “Cd” or “Ni-Cd” for nickel-cadmium batteries and “Pb” or “Lead” for small lead batteries.
   2. a. A rechargeable consumer product manufacturer may apply to the department for exemption from the requirements of subsection 1 if any of the following apply:
      (1) The product cannot be redesigned or manufactured to comply with the requirements prior to January 1, 1994.
      (2) The redesign of the product to comply with the requirements would result in significant danger to public health and safety.
      (3) The battery poses no unreasonable hazard to public health, safety, or the environment when placed in and processed or disposed of as part of mixed municipal solid waste, pursuant to section 455D.10A.
   4. The consumer product manufacturer has in operation a program to recycle used batteries in an environmentally sound manner.
      b. A manufacturer of a product that is powered by a battery that cannot be easily removed who has been granted an exemption under this subsection shall label the product as required in subsection 1, paragraph “b”.
   3. An exemption granted by the department under subsection 2, paragraph “a”, subparagraph (1), is limited to a maximum of two years, but may be renewed.

§455D.11 Waste tires — land disposal prohibited.

1. As used in this section, unless the context otherwise requires:
   a. “Permit” means a permit issued by the department to establish, construct, modify, own, or operate a tire stockpiling facility.
   b. “Processing” means producing or manufacturing usable materials from waste tires.
   c. “Processing site” means a site which is used for the processing of waste tires and which is owned or operated by a tire processor who has a permit for the site.
   d. “Tire collector” means either a person who owns or operates a site used for the storage, collection, or deposit of more than five hundred waste tires or an authorized vehicle recycler who is licensed by the state department of transportation pursuant to section 321H.4 and who owns or operates a site used for the storage, collection, or deposit of more than three thousand five hundred waste tires.
   e. “Tire processor” means a person engaged in the processing of waste tires.
   f. “Waste tire” means a tire that is no longer suitable for its originally intended purpose due to wear, damage, or defect. “Waste tire” does not include a nonpneumatic tire.
   g. “Waste tire collection site” means a site which is used for the storage, collection, or deposit of waste tires.

2. Land disposal of waste tires is prohibited beginning July 1, 1991, unless the tire has
been processed in a manner established by the department. A sanitary landfill shall not refuse to accept a waste tire which has been properly processed.

3. The department shall conduct a study and make recommendations to the general assembly by January 1, 1991, concerning a waste tire abatement program which includes but is not limited to the following:
   a. The number and geographic distribution of waste tires generated and existing in the state.
   b. The development of markets for the recycling and processing of waste tires, in the midwestern states.
   c. The methods to establish reliable sources of waste tires for users of waste tires.
   d. The permitting of waste tire collection sites, waste tire processing facilities, and waste tire haulers.
   e. The methods for the cleanup of existing stockpiles of waste tires.

4. Upon completion of the study pursuant to subsection 3, the department shall determine the number of stockpiling facilities which are necessary and shall develop rules for stockpiling facilities which include but are not limited to the following:
   a. The prohibition of burning within one hundred yards of a tire stockpile.
   b. The maximum height, width, and length of a tire stockpile.
   c. Plans to control mosquitoes and rodents.
   d. A facility closure plan.
   e. Specifications for fire lanes between stockpiles.
   f. Limitations of the total number of tires allowed at a single stockpile site.

5. The department shall develop criteria for the issuance of permits and shall issue permits to qualified stockpiling facilities.

6. The department shall provide financial assistance to persons who establish recycling and processing sites for waste tires, subject to the rules established by the department for the establishment of such sites and subject to the conditions prescribed by the department for application for and awarding of such financial assistance.

7. The commission shall adopt rules which provide the following:
   a. That a person who contracts with another person to transport more than forty waste tires is required to contract only with a person registered as a waste tire hauler pursuant to section 455D.111.
   b. That a person who transports waste tires for final disposal is required to only dispose of the tires at a permitted sanitary disposal facility.

8. The department shall adopt rules relating to the storage and disposal of nonpneumatic tires and processed tires.

Referred to in §455D.22, 455D.25

455D.11A Financial assurance — waste tire collection or processing sites.

1. A person owning or operating a waste tire collection or processing site shall provide a financial assurance instrument to the department prior to the initial approval of a permit or prior to the renewal of a permit for an existing or expanding facility. The financial assurance instrument shall be used to provide for closure of the waste tire collection or processing facility.

2. The financial assurance instrument shall meet all requirements adopted by rule by the commission, and shall not be canceled, revoked, disbursed, released, or allowed to terminate without the approval of the department.

3. Financial assurance instruments may include instruments such as cash or surety bond, a letter of credit in a form prescribed by the department, a secured trust fund, a corporate guarantee, or a combination of such instruments and guarantees sufficient to satisfy the requirements of subsection 5. The department may request an annual audit, which shall remain confidential, to be performed by a third party.

4. If the owner or operator of a waste tire collection or processing site chooses to provide
financial assurance in the form of a surety bond, the bond shall be executed by a surety company authorized to do business in this state. The bond shall be continuous in nature until canceled by the surety. A surety shall provide at least ninety days' notice in writing to the owner or operator and to the department indicating the surety’s intent to cancel the bond and the effective date of the cancellation. The surety bond shall be for the benefit of the citizens of this state and shall be conditioned upon compliance with this section. The surety’s liability under this subsection is limited to the amount of the bond or the amount of the damages or moneys due, whichever is less. However, this subsection does not limit the amount of damages recoverable from an owner or operator to the amount of the surety bond. The bond shall be made in a form prescribed by the commissioner of insurance and written by a company authorized by the commissioner of insurance to do business in this state. If a surety bond is canceled which has been provided as financial assurance under this subsection, the owner or operator of the waste tire collection or processing site shall demonstrate to the department within thirty days of the cancellation, a means of continued compliance with the financial assurance requirements of this section. If a means of continued compliance is not demonstrated within the thirty-day period, the department shall suspend the permit for the site, and the owner or operator shall perform proper closure of the site within thirty days. If the owner or operator does not properly close the site within the time period allowed, the department shall file a claim with the surety company, prior to the effective date of cancellation of the bond, to collect the amount of the bond for use in performing proper closure. A person who fails to provide for proper closure, notwithstanding collection by the department of the amount of the bond, is guilty of a serious misdemeanor.

5. Financial assurance shall be provided in the amounts as follows:
   a. For a waste tire collection or processing site, the financial assurance instrument for a waste tire collection site shall provide coverage in an amount which is equivalent to thirty-five cents per passenger tire equivalent collected by the site prior to July 1, 1998. The financial assurance instrument for a waste tire processing site shall provide coverage in an amount which is equivalent to thirty-five cents per passenger tire equivalent collected for processing by the site which is above the three-day processing supply of tires for the site as determined by the department.
   b. For a waste tire collection or processing site, the financial assurance instrument for a waste tire collection site shall provide coverage in an amount which is equivalent to eighty-five cents per passenger tire equivalent collected by the site on or after July 1, 1998, and the financial assurance instrument for a waste tire processing site shall provide coverage in an amount which is equivalent to eighty-five cents per passenger tire equivalent collected for processing by the site which is above the three-day processing supply of tires for the site as determined by the department.

6. The financial assurance instrument shall not be assigned for the benefit of creditors with the exception of the state, and shall not be used to pay any final judgment against a permit holder arising out of the ownership or operation of the site. The commission shall adopt rules to establish conditions under which the department may gain access to the financial assurance instrument.

7. The requirement for financial assurance shall not apply to waste tire collection or processing sites operated by a city or county, or operated in conjunction with a sanitary landfill.

455D.11B Permitting of waste tire collection or processing sites — fees.

An owner or operator of a waste tire collection or processing site, including an enclosed site, shall obtain a permit from the department prior to operation of the site. The owner or operator shall pay an annual fee of eight hundred fifty dollars to the department. The moneys collected by the department shall be deposited in the hazardous substance remedial fund
established pursuant to section 455B.423 and shall be used for the purposes of administering the waste tire collection or processing site permit program.

Referred to in §455D.22, 455D.25

455D.11C Waste tire management fund.

1. A waste tire management fund is created within the state treasury. Notwithstanding section 8.33, any unexpended balance in the fund at the end of each fiscal year shall be retained in the fund. Notwithstanding section 12C.7, any interest or earnings on investments from moneys in the fund shall be credited to the fund. Moneys from the fund that are expended by the department in closing or bringing into compliance a waste tire collection site pursuant to section 455D.11A and later recouped by the department shall be credited to the fund.

2. Moneys in the waste tire management fund are appropriated and shall be used for the following purposes:

   a. Thirty percent of the moneys shall be used for all of the following positions:
      (1) One full-time equivalent position for the administration of permits and registrations for tire processing, storage, and hauling activities, and tire program initiatives.
      (2) One and one-half full-time equivalent positions for waste tire-related compliance checks and inspections. The full-time equivalent positions shall be divided equally between the field offices in the state.

   b. Ten percent of the moneys shall be used for a public education and awareness initiative related to the proper tire disposal options and environmental and health hazards posed by improper tire storage.

   c. Thirty percent of the moneys shall be used for market development initiatives for waste tires.

   d. Thirty percent of the moneys shall be used for waste tire stockpile abatement initiatives which would require a cost-share agreement with the landowner.

455D.11G Waste tire disposal fees and abatement costs.

1. A retail tire dealer who currently charges a fee relating to disposal of used tires is encouraged to include the fee within the sales price of new tires. The practice by retail tire dealers of adding the fee as a separate charge on sales invoices is discouraged.

2. Notwithstanding any provision in this chapter, any generator of waste tires who is identified as being a contributor to the materials which are the object of an abatement and who can document full compliance with this chapter and administrative rules adopted pursuant to this chapter in disposing of such waste tires shall not be liable for any of the cost of recovery actions of the abatement.

96 Acts, ch 1117, §7; 98 Acts, ch 1180, §5

455D.11I Registration of waste tire haulers — bond.

1. For the purposes of this section, “waste tire hauler” means a person who transports for hire more than forty waste tires in a single load for commercial purposes.

2. A waste tire hauler shall register with, and obtain a certificate of registration from, the department before hauling waste tires in this state. Requirements for registration of a waste tire hauler shall include a provision that waste tire haulers shall pay all amounts due to any individual or group of individuals when due for damages caused by improper disposal of waste tires by the waste tire hauler or the waste tire hauler’s employee while acting within the scope of employment. The waste tire hauler may apply for a certificate of registration by submitting the forms provided for that purpose and shall provide the name of the applicant
and the address of the applicant’s principal place of business and any additional information as deemed appropriate by the department.

3. A certificate of registration issued under this section is valid for one year from the date of issuance. A registered waste tire hauler may renew the certificate by filing a renewal application in the form prescribed by the department, accompanied by any applicable renewal fee.

4. A certificate of registration shall at all times be carried and displayed in the vehicle used for transportation of waste tires and shall be shown to a representative of the department of natural resources or the state department of transportation, upon request. The state department of transportation may inspect vehicles used for the transportation of waste tires and request that the certificate of registration of the waste tire hauler be shown.

5. The department shall establish a reasonable registration fee sufficient to offset expenses incurred in the administration of this section.

6. The department shall require that a waste tire hauler have on file with the department before the issuance or renewal of a registration certificate, a surety bond executed by a surety company authorized to do business in this state in the sum of a minimum of ten thousand dollars, which bond shall be continuous in nature until canceled by the surety. A surety shall provide at least thirty days’ notice in writing to the waste tire hauler and to the department indicating the surety’s intent to cancel the bond and the effective date of the cancellation. The surety bond shall be for the benefit of the citizens of this state and shall be conditioned upon the waste tire hauler’s willingness to comply with this section. The surety’s liability under this subsection is limited to the amount of the bond or the amount of the damages or moneys due, whichever is less. However, this subsection does not limit the amount of damages recoverable from a waste tire hauler to the amount of the surety bond. The bond shall be made in a form prescribed by the commissioner of insurance and written by a company authorized by the commissioner of insurance to do business in this state.

7. The department shall adopt rules necessary for the implementation and administration of this section.

455D.12 Plastic container labeling.

1. In this section unless the context otherwise requires:
   a. “Label” means a molded imprint or raised symbol on or near the bottom of a plastic product.
   b. “Plastic” means any material made of polymeric organic compounds and additives that can be shaped by flow.
   c. “Plastic bottle” means a plastic container that has a neck that is smaller than the body of the container, accepts a screw-type, snap cap, or other closure, and has a capacity of sixteen fluid ounces or more, but less than five gallons.
   d. “Rigid plastic container” means any formed or molded container, other than a bottle, intended for single use, composed predominantly of plastic resin, and having a relatively inflexible infinite shape or form with a capacity of eight ounces or more, but less than five gallons.

2. A person shall not distribute, sell, or offer for sale in this state a plastic bottle or rigid plastic container unless the product is labeled with a code indicating the plastic resin used to produce the bottle or container. Rigid plastic bottles or rigid plastic containers with labels and basecups of a different material shall be coded by their basic material. The code shall consist of a number placed within a triangle of arrows and letters placed below the triangle of arrows. The triangle shall be equilateral, formed by three arrows with the apex of each point of the triangle at the midpoint of each arrow, rounded with a short radius. The arrowhead of each arrow shall be at the midpoint of each side of the triangle with a short gap separating the pointer from the base of the adjacent arrow. The triangle, formed by the three arrows curved at their midpoints, shall depict a clockwise path around the code number. The numbers and letters used shall be as follows:
   a. 1 and PETE (polyethylene terephthalate)
b. 2 and HDPE (high density polyethylene)

c. 3 and V (vinyl)

d. 4 and LDPE (low density polyethylene)

e. 5 and PP (polypropylene)

f. 6 and PS (polystyrene)

g. 7 and OTHER (includes multilayer)

3. A container manufacturer or distributor who violates this section is subject to a civil
penalty of not more than five hundred dollars for each violation.

455D.13 Land disposal of used oil and used oil filters prohibited — collection and
recycling.

1. A sanitary landfill shall not accept used oil for final disposal.

2. A person offering for sale or selling oil or oil filters at retail in the state shall do the
following:

a. Accept at the point of sale, used oil and used oil filters from customers, or post notice
of locations where a customer may dispose of used oil and used oil filters.

b. Post written notice that it is unlawful to dispose of used oil in a sanitary landfill.

3. A business that generates used oil filters or collects used oil filters from a person shall
not dispose of the oil filters in a sanitary landfill and shall source-separate and recycle the oil
filters.

89 Acts, ch 272, §13; 2008 Acts, ch 1167, §1, 2

455D.14 Products manufactured with chlorofluorocarbons prohibited.

Beginning January 1, 1990, a person shall not sell, offer for sale, purchase, or use plastic
foam packaging products or food service items manufactured with chlorofluorocarbons.
Beginning January 1, 1998, a person shall not sell, offer for sale, purchase, or use plastic
foam products, not previously prohibited, which are manufactured with fully halogenated
chlorofluorocarbons. A person violating this section is guilty of a serious misdemeanor.

89 Acts, ch 272, §14

455D.15 Waste volume reduction and recycling fund.

1. A waste volume reduction and recycling fund is created within the state treasury.
Moneys received by the department from fees, including general revenue, federal funds,
awards, wills, bequests, gifts, or other moneys designated shall be deposited in the state
treasury to the credit of the fund. Notwithstanding section 8.33, any unexpended balance
in the fund at the end of each fiscal year shall be retained in the fund. Any interest and
earnings on investments from money in the fund shall be credited to the fund, section 12C.7
notwithstanding.

2. The fund shall be utilized by the department for providing technical assistance to Iowa
businesses in developing and implementing pollution prevention techniques.

Referred to in §28C.8A, 455D.6

455D.15A Permitting of waste conversion technologies operations — fees. Repealed by

455D.16 Mercury — thermostats.

1. As used in this section, unless the context otherwise requires:

a. (1) “Manufacturer” means any person, firm, association, partnership, corporation,
governmental entity, organization, combination, or joint venture that owns or owned the
brand name of the thermostat.

(2) This paragraph “a” is repealed on January 1, 2022.

b. “Mercury-added thermostat” means a product or device that uses a mercury switch
to sense and control room temperature through communication with heating, ventilating,
or air-conditioning equipment. “Mercury-added thermostat” includes thermostats used
§455D.16, WASTE VOLUME REDUCTION AND RECYCLING

IV-790

to sense and control room temperature in residential, commercial, industrial, and other
buildings but does not include thermostats used to sense and control temperature as part
of a manufacturing process.

c. (1) “Thermostat retailer” means a person who sells thermostats of any kind directly
to homeowners or other nonprofessionals through any selling or distribution mechanism,
including but not limited to sales using the internet or catalogues. A thermostat retailer may
also be a thermostat wholesaler if it meets the definition of thermostat wholesaler.

(2) This paragraph “c” is repealed on January 1, 2022.

d. (1) “Thermostat wholesaler” means a person who is engaged in the distribution and
wholesale selling of large quantities of heating, ventilation, and air-conditioning components,
including thermostats, to contractors who install heating, ventilation, and air-conditioning
components, including thermostats.

(2) This paragraph “d” is repealed on January 1, 2022.

2. A person shall not sell, offer for sale, or install a mercury-added thermostat in this state.

3. Except as otherwise provided, a person who generates a discarded mercury-added
thermostat shall manage the mercury-added thermostat as a hazardous waste or universal
hazardous waste, according to all applicable state and federal regulations. A contractor
who replaces or removes mercury-added thermostats shall assure that any discarded
mercury-added thermostat is subject to proper separation and management as hazardous
waste or universal hazardous waste. A contractor who replaces a mercury-added thermostat
in a residence shall deliver the mercury-added thermostat to an appropriate collection
location for recycling.

4. a. Each thermostat manufacturer that has offered for final sale, sold at final sale, or
distributed mercury-added thermostats in the state shall individually, or in conjunction with
other thermostat manufacturers, do all of the following:

(1) Not later than October 1, 2008, submit a plan to the department for approval describing
a collection program for mercury-added thermostats. The program contained in the plan shall
ensure that all the following take place:

(a) That an education and outreach program is developed. The program shall be directed
toward thermostat wholesalers, thermostat retailers, contractors, and homeowners and
ensure a maximum rate of collection of mercury-added thermostats. There shall not be a
cost to thermostat wholesalers or thermostat retailers for education and outreach materials.

(b) That handling and recycling of mercury-added thermostats are accomplished in a
manner that is consistent with the provisions of the universal waste rules.

(c) That containers for mercury-added thermostat collection are provided to all
thermostat wholesalers. The cost to thermostat wholesalers for such containers shall be
limited to an initial, reasonable, one-time fee per container as specified in the plan.

(d) That collection points will be established to serve homeowners. The collection points
shall include but are not limited to regional collection centers permitted under 567 IAC ch.
123. Collection points may include but are not limited to thermostat retailers.

(e) That collection systems are provided to all collection points. Collection systems may
include individual product mail back or multiple collection containers. The costs of collection
shall not be passed on to a collection point. The costs to a collection point shall be limited to
an initial, reasonable, one-time fee per container as specified in the plan.

(2) Implement a mercury-added thermostat collection plan approved by the department.

(3) Beginning in 2010, submit an annual report to the department by April 1 of each year
that includes, at a minimum, all of the following:

(a) The number of mercury-added thermostats collected and recycled by that
manufacturer during the previous calendar year.

(b) The estimated total amount of mercury contained in the thermostat components
collected by that manufacturer during the previous calendar year.

(c) A list of all participating thermostat wholesalers and all collection points for
homeowners.

(d) An evaluation of the effectiveness of the manufacturer’s collection program.

(e) An accounting of the administrative costs incurred in the course of administering the
collection and recycling program.
b. This subsection is repealed on January 1, 2022.

5. a. (1) A thermostat wholesaler shall do all of the following:
   (a) Act as a collection site for mercury-added thermostats.
   (b) Promote and utilize the collection containers provided by thermostat manufacturers to facilitate a contractor collection program.
   
   (2) A thermostat retailer shall participate in an education and outreach program to educate consumers on the collection program for mercury-added thermostats.

b. This subsection is repealed on January 1, 2022.

6. a. All of the following sales prohibitions shall apply to thermostat manufacturers, thermostat wholesalers, and thermostat retailers:

   (1) A thermostat manufacturer not in compliance with this section is prohibited from offering any thermostat for final sale in the state. A thermostat manufacturer not in compliance with this section shall provide the necessary support to thermostat wholesalers and thermostat retailers to ensure the manufacturer’s thermostats are not offered for final sale.

   (2) A thermostat wholesaler or thermostat retailer shall not offer for final sale any thermostat of a manufacturer that is not in compliance with this section.

b. This subsection is repealed on January 1, 2022.

7. a. The department shall do all of the following:

   (1) Review and grant approval of, deny, or approve with modifications a manufacturer plan required under this section. The department shall not approve a plan unless all elements of subsection 4, paragraph “a”, subparagraph (1), are adequately addressed and the program outlined in the plan will assure a maximum rate of collection of mercury-added thermostats. In reviewing a plan the department may consider consistency of the plan with collection requirements in other states and consider consistency between thermostat manufacturer collection programs. In reviewing plans, the department shall ensure that education and outreach programs are uniform and consistent to ensure ease of implementation by thermostat wholesalers and thermostat retailers.

   (2) The department shall establish a process for public review and comment on all plans submitted by thermostat manufacturers prior to plan approval. The department shall consult with interested persons, including representatives of thermostat manufacturers, environmental groups, thermostat wholesalers, thermostat retailers, contractors, and local government.

b. This subsection is repealed on January 1, 2022.

8. a. The goal of the collection and recycling efforts under this section is to collect and recycle as many mercury-added thermostats as reasonably practicable. By January 1, 2009, the department shall determine collection goals for the program in consultation with interested persons, including the national electrical manufacturers association and representatives of thermostat manufacturers, thermostat wholesalers, thermostat retailers, contractors, environmental groups, and local government. If collection efforts fail to meet the collection goals described in this subsection, the department shall, in consultation with the national electrical manufacturers association and other interested persons, consider modifications to collection programs in an attempt to improve collection rates in accordance with these goals.

b. This subsection is repealed on January 1, 2022.

Section amended

455D.17 and 455D.18 Repealed by 92 Acts, ch 1215, §19.

455D.19 Packaging — heavy metal content.

1. The general assembly finds and declares all of the following:

a. The management of solid waste can pose a wide range of hazards to public health and safety and to the environment.
b. Packaging comprises a significant percentage of the overall solid waste stream.
c. The presence of heavy metals in packaging is a concern in light of the likely presence of heavy metals in emissions or ash when packaging is incinerated or in leachate when packaging is landfilled.
d. Lead, mercury, cadmium, and hexavalent chromium, on the basis of available scientific and medical evidence, are of particular concern.
e. It is desirable as a first step in reducing the toxicity of packaging waste to eliminate the addition of heavy metals to packaging.
f. The intent of the general assembly is to achieve reduction in toxicity without impeding or discouraging the expanded use of postconsumer materials in the production of packaging and its components.

2. As used in this section unless the context otherwise requires:
   a. “Distributor” means a person who takes title to one or more packages or packaging components purchased for promotional purposes or resale. A person involved solely in delivering or storing packages or packaging components on behalf of third parties is not a distributor.
   b. “Incidental presence” means the presence of a regulated metal as an unintended or undesired ingredient of a package or packaging component.
   c. “Intentional introduction” means an act of deliberately utilizing a regulated metal in the formulation of a package or packaging component where its continued presence is desired in the final package or packaging component to provide a specific characteristic, appearance, or quality. Intentional introduction does not include the use of a regulated metal as a processing agent or intermediate to impart certain chemical or physical changes during manufacturing, if the incidental presence of a residue of the metal in the final package or packaging component is neither desired nor deliberate, and if the final package or packaging component is in compliance with subsection 4, paragraph “a”, subparagraph (3). Intentional introduction also does not include the use of recycled materials as feedstock for the manufacture of new packaging materials, if the recycled materials contain amounts of a regulated metal and if the new package or packaging component is in compliance with subsection 4, paragraph “a”, subparagraph (3).
   d. “Manufacturer” means a person who produces one or more packages or packaging components.
   e. “Manufacturing” means physical or chemical modification of one or more materials to produce packaging or packaging components.
   f. “Package” means a container which provides a means of marketing, protecting, or handling a product including a unit package, intermediate package, or a shipping container. “Package” also includes but is not limited to unsealed receptacles such as carrying cases, crates, cups, pails, rigid foil and other trays, wrappers and wrapping films, bags, and tubs.
   g. “Packaging component” means any individual assembled part of a package including but not limited to interior and exterior blocking, bracing, cushioning, weatherproofing, exterior strapping, coatings, closures, inks, labels, tin-plated steel that meets ASTM (American society for testing and materials) international specification A-623, electro-galvanized coated steel, or hot-dipped-coated galvanized steel that meets ASTM (American society for testing and materials) international specification A-525 or A-879.
   h. “Regulated metal” means any metal regulated under this section.
   i. “Reusable entities” means packaging or packaging components having a controlled distribution and reuse subject to the exemption provided in subsection 5, paragraph “e”.

3. A manufacturer or distributor shall not offer for sale or sell or offer for promotional purposes a package or packaging component, in this state, which includes, in the package itself or in any packaging component, inks, dyes, pigments, adhesives, stabilizers, or any other additives, any lead, cadmium, mercury, or hexavalent chromium which has been intentionally introduced as an element during manufacturing or distribution as opposed to the incidental presence of any of these elements and which exceed the concentration level established by the department. A distributor shall only be subject to the assessment of a civil penalty pursuant to section 455D.25, subsection 2, for the knowing violation of this section.
Knowledge by the distributor of the violation shall be presumed beginning sixty days from the receipt of notification from the department by certified mail.

4. a. The concentration levels of lead, cadmium, mercury, and hexavalent chromium present in a package or packaging component shall not exceed the following:
   (1) Six hundred parts per million by weight by July 1, 1992.
   (2) Two hundred fifty parts per million by weight by July 1, 1993.
   (3) One hundred parts per million by weight by July 1, 1994.

b. Concentration levels of lead, cadmium, mercury, and hexavalent chromium shall be determined using ASTM (American society for testing and materials) international test methods, as revised, or United States environmental protection agency test methods for evaluating solid waste, S-W 846, as revised.

5. The following packaging and packaging components are exempt from the requirements of this section:
   a. Packaging or packaging components with a code indicating a date of manufacture prior to July 1, 1990, and packaging or packaging components used by the alcoholic beverage industry or the wine industry prior to July 1, 1992.
   b. Packages or packaging components to which lead, cadmium, mercury, or hexavalent chromium have been added in the manufacturing, forming, printing, or distribution process in order to comply with health or safety requirements of federal law or for which there is no feasible alternative if the manufacturer of a package or packaging component petitions the department for an exemption from the provisions of this paragraph for a particular package or packaging component. The department may grant a two-year exemption, if warranted by the circumstances, and an exemption may, upon meeting either criterion of this paragraph, be renewed for two years. For purposes of this paragraph, a use for which there is no feasible alternative is one in which the regulated substance is essential to the protection, safe handling, or function of the package’s contents.
   c. Packages and packaging components that would not exceed the maximum contaminant levels established but for the addition of recycled materials.
   d. (1) Packages or packaging components that are reused, but exceed contaminant levels set forth in subsection 4, paragraph “a”, subparagraph (3), if all of the following criteria are met:
      (a) The product being conveyed by the package, including any packaging component, is regulated under federal or state health or safety requirements.
      (b) Transportation of the packaged product is regulated under federal or state transportation requirements.
      (c) The disposal of the packages or packaging components is performed according to federal or state radioactive or hazardous waste disposal requirements.
      (2) The department may grant a two-year exemption if warranted by the circumstances and an exemption may, upon meeting the criteria of this paragraph, be renewed for additional two-year periods.
   e. (1) Packages or packaging components which qualify as reusable entities that exceed the contaminant levels set forth in subsection 4, paragraph “a”, subparagraph (3), if the manufacturers or distributors of such packages or packaging components petition the department for an exemption and receive approval from the department according to the following standards based upon a satisfactory demonstration that the environmental benefit of the controlled distribution and reuse is significantly greater than if the same package is manufactured in compliance with the contaminant levels set forth in subsection 4, paragraph “a”, subparagraph (3). The department may grant a two-year exemption, if warranted by the circumstances, and an exemption may, upon meeting the four criteria listed in subparagraph (2), subparagraph divisions (a) through (d), be renewed for additional two-year periods.
      (2) In order to receive an exemption, the application must ensure that reusable entities are used, transported, and disposed of in a manner consistent with the following criteria:
      (a) A means of identifying in a permanent and visible manner those reusable entities containing regulated metals for which an exemption is sought.
      (b) A method of regulatory and financial accountability so that a specified percentage of...
the reusable entities manufactured and distributed to another person are not discarded by that person after use, but are returned to the manufacturer or the manufacturer’s designee.

(c) A system of inventory and record maintenance to account for the reusable entities placed in, and removed from, service.

(d) A means of transforming returned entities, that are no longer reusable, into recycled materials for manufacturing or into manufacturing wastes which are subject to existing federal or state laws or regulations governing manufacturing wastes to ensure that these wastes do not enter the commercial or municipal waste stream.

(3) The application for an exemption must document the measures to be taken by the applicant as set out in subparagraph (2), subparagraph divisions (a) through (d).

6. a. A manufacturer or distributor of packaging or packaging components shall make available to purchasers, to the department, and to the general public upon request, certificates of compliance which state that the manufacturer’s or distributor’s packaging or packaging components comply with, or are exempt from, the requirements of this section.

b. If the manufacturer or distributor of the package or packaging component reformulates or creates a new package or packaging component, the manufacturer or distributor shall provide an amended or new certificate of compliance for the reformulated or new package or packaging component.

7. The commission shall adopt rules to administer this section and recommend any other toxic substances contained in packaging to be added to the list in order to further reduce the toxicity of packaging waste.

455D.21 Local ordinance — curbside collection.

A city council or county board of supervisors which provides for the collection of solid waste by its residents shall consider as a proposed ordinance, the mandatory curbside collection of recyclable materials which have been separated from other solid waste. The proposed ordinance shall be considered in accordance with chapter 331 or 380.

92 Acts, ch 1215, §17

455D.22 Civil penalty.

A person who violates section 455D.4A, 455D.6, subsection 4, section 455D.11, 455D.11A, 455D.11B, 455D.11I, or 455D.19, or any rule, permit, or order issued pursuant thereto shall be subject to a civil penalty which shall be established, assessed, and collected in the same manner as provided in section 455B.109. Any civil penalty collected shall be deposited in the general fund of the state.

2007 Acts, ch 151, §8; 2018 Acts, ch 1023, §9

455D.23 Administrative enforcement — compliance orders.

The director may issue any order necessary to secure compliance with or prevent a violation of the provisions of this chapter or any rule adopted or permit or order issued pursuant to this chapter. Any order issued to enforce section 455D.4A may include a requirement to remove and properly dispose of materials being accumulated speculatively from a property and impose costs and penalties as determined by the department by rule. The person to whom such compliance order is issued may cause to be commenced a contested case within the meaning of chapter 17A by filing a notice of appeal to the commission. On appeal, the commission may affirm, modify, or vacate the order of the director. The applicable time frames for the issuance and appeal of the order are defined in section 455B.110.

Section amended
455D.24 Judicial review.  
Judicial review of any order or other action of the commission or director may be sought in accordance with the terms of chapter 17A. Notwithstanding the terms of chapter 17A, petitions for judicial review may be filed in the district court of the county in which the alleged offense was committed.
2007 Acts, ch 151, §10

455D.25 Civil actions for compliance — penalties.  
1. The attorney general, on request of the department, shall institute any legal proceedings necessary to obtain compliance with an order of the commission or the director, including proceedings for a temporary injunction, or prosecuting any person for a violation of an order of the commission or the director or the provisions of this chapter or any rules adopted or permit or order issued pursuant to this chapter.
2. Any person who violates section 455D.4A, 455D.10A, 455D.11, 455D.11A, 455D.11B, 455D.11I, or 455D.19, or any order or permit issued or rule adopted pursuant to section 455D.6, subsection 4, section 455D.10A, 455D.11, 455D.11A, 455D.11B, 455D.11I, or 455D.19, shall be subject to a civil penalty, not to exceed ten thousand dollars for each day of such violation.

CHAPTER 455E  
GROUNDWATER PROTECTION  
Referred to in §36A.22, 455A.6, 455H.102, 455H.303

455E.1 Title.  
This chapter shall be known and may be cited as the “Groundwater Protection Act”. 87 Acts, ch 225, §101

455E.2 Definitions.  
As used in this chapter, unless the context otherwise requires:
1. “Active cleanup” means removal, treatment, or isolation of a contaminant from groundwater through the directed efforts of humans.
2. “Commission” means the environmental protection commission created under section 455A.6.
3. “Contaminant” means any chemical, ion, radionuclide, synthetic organic compound, microorganism, waste, or other substance which does not occur naturally in groundwater or which naturally occurs at a lower concentration.
4. “Contamination” means the direct or indirect introduction into groundwater of any contaminant caused in whole or in part by human activities.
5. “Department” means the department of natural resources created under section 455A.2.
6. “Director” means the director of the department.
7. “Groundwater” means any water of the state, as defined in section 455B.171, which occurs beneath the surface of the earth in a saturated geological formation of rock or soil.
8. “Passive cleanup” means the removal or treatment of a contaminant in groundwater through management practices or the construction of barriers, trenches, and other similar facilities for prevention of contamination, as well as the use of natural processes such as groundwater recharge, natural decay, and chemical or biological decomposition.

87 Acts, ch 225, §102
Referred to in §455B.190A

§455E.3 Findings.
The general assembly finds that:

1. Groundwater is a precious and vulnerable natural resource. The vast majority of persons in the state depend on groundwater as a drinking water source. Agriculture, commerce, and industry also depend heavily on groundwater. Historically, the majority of Iowa’s groundwater has been usable for these purposes without treatment. Protection of groundwater is essential to the health, welfare, and economic prosperity of all citizens of the state.

2. Many activities of humans, including the manufacturing, storing, handling, and application to land of pesticides and fertilizers; the disposal of solid and hazardous wastes; the storing and handling of hazardous substances; and the improper construction and the abandonment of wells and septic systems have resulted in groundwater contamination throughout the state.

3. Knowledge of the health effects of contaminants varies greatly. The long-term detriment to human health from synthetic organic compounds in particular is largely unknown but is of concern.

4. Any detectable quantity of a synthetic organic compound in groundwater is unnatural and undesirable.

5. The movement of groundwater, and the movement of contaminants in groundwater, are often difficult to ascertain or control. Decontamination is difficult and expensive to accomplish. Therefore, preventing contamination of groundwater is of paramount importance.

87 Acts, ch 225, §103

§455E.4 Groundwater protection goal.
The intent of the state is to prevent contamination of groundwater from point and nonpoint sources of contamination to the maximum extent practical, and if necessary to restore the groundwater to a potable state, regardless of present condition, use, or characteristics.

87 Acts, ch 225, §104
Referred to in §455B.307

§455E.5 Groundwater protection policies.

1. It is the policy of the state to prevent further contamination of groundwater from any source to the maximum extent practical.

2. The discovery of any groundwater contamination shall require appropriate actions to prevent further contamination. These actions may consist of investigation and evaluation or enforcement actions if necessary to stop further contamination as required under chapter 455B.

3. All persons in the state have the right to have their lawful use of groundwater unimpaired by the activities of any person which render the water unsafe or unpotable.

4. All persons in the state have the duty to conduct their activities so as to prevent the release of contaminants into groundwater.

5. Documentation of any contaminant which presents a significant risk to human health, the environment, or the quality of life shall result in either passive or active cleanup. In both cases, the best technology available or best management practices shall be utilized. The department shall adopt rules which specify the general guidelines for determining the cleanup actions necessary to meet the goals of the state and the general procedures for determining the parties responsible by July 1, 1989. Until the rules are adopted, the absence of rules shall not be raised as a defense to an order to clean up a source of contamination.

6. Adopting health-related groundwater standards may be of benefit in the overall
groundwater protection or other regulatory efforts of the state. However, the existence of such standards, or lack of them, shall not be construed or utilized in derogation of the groundwater protection goal and protection policies of the state.

7. The department shall take actions necessary to promote and assure public confidence and public awareness. In pursuing this goal, the department shall make public the results of groundwater investigations.

8. Education of the people of the state is necessary to preserve and restore groundwater quality. The content of this groundwater protection education must assign obligations, call for sacrifice, and change some current values. Educational efforts should strive to establish a conservation ethic among Iowans and should encourage each Iowan to go beyond enlightened self-interest in the protection of groundwater quality.

87 Acts, ch 225, §105

455E.6 Legal effects — liability.

1. This chapter supplements other legal authority and shall not enlarge, restrict, or abrogate any remedy which any person or class of persons may have under other statutory or common law and which serves the purpose of groundwater protection. An activity that does not violate chapter 455B or chapter 459, subchapters II and III, does not violate this chapter. In the event of a conflict between this section and another provision of this chapter, it is the intent of the general assembly that this section prevails.

2. Liability shall not be imposed upon an agricultural producer for the costs of active cleanup, or for any damages associated with or resulting from the detection in the groundwater of any quantity of nitrates provided that application has been in compliance with soil test results and that the applicator has properly complied with label instructions for application of the fertilizer. Compliance with the above provisions may be raised as an affirmative defense by an agricultural producer.

3. Liability shall not be imposed upon an agricultural producer for costs of active cleanup, or for any damages associated with or resulting from the detection in the groundwater of pesticide provided that the applicator has properly complied with label instructions for application of the pesticide and that the applicator has a valid appropriate applicator’s license. Compliance with the above provisions may be raised as an affirmative defense by an agricultural producer.

87 Acts, ch 225, §106; 2018 Acts, ch 1041, §127

455E.7 Primary administrative agency.

The department is designated as the agency to coordinate and administer groundwater protection programs for the state.

87 Acts, ch 225, §107

455E.8 Powers and duties of the director.

In addition to other groundwater protection duties, the director, in cooperation with soil and water conservation district commissioners and with other state and local agencies, shall:

1. Develop and administer a comprehensive groundwater monitoring network, including point of use, point of contamination, and problem assessment monitoring sites across the state, and the assessment of ambient groundwater quality.

2. Complete groundwater hazard mapping of the state and make the results available to state and local planning organizations by July 1, 1991.

3. Establish a system or systems within the department for collecting, evaluating, and disseminating groundwater quality data and information.

4. Develop and maintain a natural resource geographic information system and comprehensive water resource data system. The system shall be accessible to the public.

5. Develop and adopt by administrative rule, criteria for evaluating groundwater protection programs by July 1, 1988.

6. Take any action authorized by law, including the investigatory and enforcement actions authorized by chapters 455B and 459, subchapters I, II, III, IV, and VI, to implement the provisions of this chapter and the rules adopted pursuant to this chapter.
7. Disseminate data and information, relative to this chapter, to the public to the greatest extent practical.
8. Develop a program, in consultation with the department of education and the department of environmental education of the university of northern Iowa, regarding water quality issues which shall be included in the minimum program required in grades seven and eight pursuant to rules adopted by the state board of education under section 256.11, subsection 4.

Referred to in §455E.11

455E.9 Powers and duties of the commission.
1. The commission shall adopt rules to implement this chapter.
2. When groundwater standards are proposed by the commission, all available information to develop the standards shall be considered, including federal regulations and all relevant information gathered from other sources. A public hearing shall be held in each congressional district prior to the submittal of a report on standards to the general assembly. This report on how groundwater standards may be a part of a groundwater protection program shall be submitted by the department to the general assembly for its consideration by January 1, 1989.

87 Acts, ch 225, §109

455E.10 Joint duties — local authority.
1. All state agencies shall consider groundwater protection policies in the administration of their programs. Local agencies shall consider groundwater protection policies in their programs. All agencies shall cooperate with the department in disseminating public information and education materials concerning the use and protection of groundwater, in collecting groundwater management data, and in conducting research on technologies to prevent or remedy contamination of groundwater.
2. Political subdivisions are authorized and encouraged to implement groundwater protection policies within their respective jurisdictions, provided that implementation is at least as stringent but consistent with the rules of the department.

87 Acts, ch 225, §110

455E.11 Groundwater protection fund established — appropriations.
1. a. A groundwater protection fund is created in the state treasury. Moneys received from sources designated for purposes related to groundwater monitoring and groundwater quality standards shall be deposited in the fund. Notwithstanding section 8.33, any unexpended balances in the groundwater protection fund and in any of the accounts within the groundwater protection fund at the end of each fiscal year shall be retained in the fund and the respective accounts within the fund. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys in the groundwater protection fund or in any of the accounts within the groundwater protection fund shall be credited to the groundwater protection fund or the respective accounts within the groundwater protection fund. The fund may be used for the purposes established for each account within the fund.

b. The director shall include in the departmental budget prepared pursuant to section 455A.4, subsection 1, paragraph “c”, a proposal for the use of groundwater protection fund moneys, and a report of the uses of the groundwater protection fund moneys appropriated in the previous fiscal year.

c. The secretary of agriculture shall submit the report on a biennial basis to the governor in the same manner as provided in section 7A.3. The report shall include a proposal for the use of groundwater protection fund moneys, and uses of the groundwater protection fund moneys appropriated in the two previous fiscal years.
2. The following accounts are created within the groundwater protection fund:
   a. A solid waste account. Moneys received from the tonnage fee imposed under section 455B.310 and from other sources designated for environmental protection purposes in
relation to sanitary disposal projects shall be deposited in the solid waste account. Moneys shall be allocated as follows:

(1) After the one dollar and fifty-five cents is allocated pursuant to subparagraph (2), the remaining moneys from the tonnage fee shall be used for funding alternatives to landfills and shall be allocated as follows:

(a) Fifty thousand dollars to the department to implement the special waste authorization program.

(b) One hundred sixty-five thousand dollars to the department to be used for the by-products and waste search service at the university of northern Iowa.

(c) Up to thirty percent of the fees remitted shall be used for grants to environmental management systems as provided in section 455J.7.

(d) Not more than four hundred thousand dollars to the department for purposes of providing funding assistance to eligible communities to address abandoned buildings by promoting waste abatement, diversion, selective dismantlement of building components, and recycling. Eligible communities include a city with a population of five thousand or fewer. Eligible costs for program assistance include but are not limited to asbestos and other hazardous material abatement and removal, the recovery processing of recyclable or reusable material through the selective dismantlement of abandoned buildings, and reimbursement for purchased recycled content materials used in the renovation of buildings.

(e) The balance of the remaining funds shall be used by the department to develop and implement demonstration projects for landfill alternatives to solid waste disposal including recycling programs. These funds may also be used to assist planning areas which have not been designated as environmental management systems in meeting the designation requirements of section 455J.3.

(2) One dollar and fifty-five cents shall be used as follows:

(a) Forty-eight percent to the department to be used for the following purposes:

(i) Eight thousand dollars shall be transferred to the Iowa department of public health for departmental duties required under section 135.11, subsections 18 and 19, and section 139A.21.

(ii) The administration and enforcement of a groundwater monitoring program and other required programs relating to solid waste management.

(iii) The development of guidelines for groundwater monitoring at sanitary disposal projects as defined in section 455B.301.

(iv) The waste management assistance program of the department.

(b) Sixteen percent to the university of northern Iowa to develop and maintain the Iowa waste reduction center for the safe and economic management of solid waste and hazardous substances.

(c) Six and one-half percent for the department to establish a program to provide competitive grants to regional coordinating councils for projects in regional economic development centers related to a by-products and waste exchange system. Grantees under this program shall coordinate activities with other available state or multistate waste exchanges, including but not limited to the by-products and waste search service at the university of northern Iowa. The department shall consult with the economic development authority and the waste reduction center at the university of northern Iowa in establishing criteria for and the awarding of grants under this program. The department shall expend not more than thirty thousand dollars of the moneys appropriated under this subparagraph division to contract with the by-products and waste search service at the university of northern Iowa to provide training and other technical services to grantees under the program. If regional economic development centers cease to exist, the department shall transfer existing contracts to one or more community colleges or councils of governments and shall revise the criteria and rules for this program to allow community colleges or councils of governments to be applicants for competitive grants.

(d) Three percent to the department to establish permanent household hazardous materials collection sites so that both urban and rural populations are served and so that collection services are available to the public on a regular basis. Beginning July 1, 2008, any moneys collected pursuant to this subparagraph division that remain unexpended at the end
§455E.11, GROUNDWATER PROTECTION

IV-800

of a fiscal year for establishment of permanent household hazardous materials collection sites shall be used for purposes of subparagraph division (e).

(e) Nine and one-half percent to the department for payment of collection and disposal costs related to household hazardous materials collection programs.

(f) Eight and one-half percent to the department to support special events for household hazardous materials collection or other efforts of the department to support the household hazardous materials program, permanent household hazardous material collection systems, and for the natural resource geographic information system required under section 455E.8, subsection 4.

(g) Three percent for the economic development authority to establish, in cooperation with the department of natural resources, a marketing initiative to assist Iowa businesses producing recycling or reclamation equipment or services, recyclable products, or products from recycled materials to expand into national markets. Efforts shall include the reuse and recycling of sawdust.

(h) Five and one-half percent to the department for the provision of assistance to public and private entities in developing and implementing waste reduction and minimization programs for Iowa industries.

b. An agriculture management account. Moneys collected from the groundwater protection fee levied pursuant to section 200.8, subsection 4, the portion of the fees collected pursuant to section 206.8, subsection 2, and section 206.12, subsection 3, and other moneys designated for the purpose of agriculture management shall be deposited in the agriculture management account. The agriculture management account shall be used for the following purposes:

(1) Nine thousand dollars of the account is appropriated to the Iowa department of public health for carrying out the departmental duties under section 135.11, subsections 18 and 19, and section 139A.21.

(2) Two hundred thousand dollars of the moneys deposited in the agriculture management account is appropriated to the department of agriculture and land stewardship for the fiscal year beginning July 1, 1987, and ending June 30, 1988, for the demonstration projects regarding agriculture drainage wells and sinkholes. Any remaining balance of the appropriation made for the purpose of funding such demonstration projects for the fiscal year beginning July 1, 1987, and ending June 30, 1988, shall not revert to the account, notwithstanding section 8.33, but shall remain available for the purpose of funding such demonstration projects during the fiscal period beginning July 1, 1988, and ending June 30, 1990.

(3) Of the remaining moneys in the account:

(a) Thirty-five percent is appropriated annually to the Iowa nutrient research fund created in section 466B.46.

(b) Two percent is appropriated annually to the department and, except for administrative expenses, is transferred to the Iowa department of public health for the purpose of administering grants to counties and conducting oversight of county-based programs for the testing of private rural water supply wells, private rural water supply well sealing, and the proper closure of private rural abandoned wells and cisterns. Not more than thirty-five percent of the moneys is appropriated annually for grants to counties for the purpose of conducting programs of private rural water supply testing, private rural water supply well sealing, the proper closure of private rural abandoned wells and cisterns, or any combination thereof. An amount agreed to by the department of natural resources and the Iowa department of public health shall be retained by the department of natural resources for administrative expenses.

(i) A county applying for grants under this subparagraph division shall submit only one application. To be eligible for a grant, a county must have adopted standards for private water supply and private disposal facilities at least as stringent as the standards adopted by the commission. During each fiscal year, the amount granted each eligible applicant shall be the total funds available divided by the number of eligible counties applying. Upon receipt of the grant, the county may apply the funds to any one or more of the county-based programs
for the testing of private rural water supply wells, private rural water supply well sealing, and the proper closure of private rural abandoned wells and cisterns.

(ii) Not more than six percent of the moneys is appropriated annually to the state hygienic laboratory to assist in well testing.

(iii) For purposes of this subparagraph division, “cistern” means an artificial reservoir constructed underground for the purpose of storing rainwater.

(c) The department shall allocate a sum not to exceed seventy-nine thousand dollars of the moneys appropriated for the fiscal year beginning July 1, 1987, and ending June 30, 1988, for the preparation of a detailed report and plan for the establishment on July 1, 1988, of the center for health effects of environmental contamination. The plan for establishing the center shall be presented to the general assembly on or before January 15, 1988. The report shall include the assemblage of all existing data relating to Iowa drinking water supplies, including characteristics of source, treatment, presence of contaminants, precise location, and usage patterns to facilitate data retrieval and use in research; and detailed organizational plans, research objectives, and budget projections for the anticipated functions of the center in subsequent years. The department may allocate annually a sum not to exceed nine percent of the moneys of the account to the center, beginning July 1, 1988.

(d) (i) Thirteen percent of the moneys is appropriated annually to the department of agriculture and land stewardship for financial incentive programs related to agricultural drainage wells and sinkholes, for studies and administrative costs relating to sinkholes and agricultural drainage wells programs. Of the moneys allocated for financial incentive programs, the department may reimburse landowners for engineering costs associated with voluntarily closing agricultural drainage wells. The financial incentives allocated for voluntary closing of agricultural drainage wells shall be provided on a cost-share basis which shall not exceed fifty percent of the estimated cost or fifty percent of the actual cost, whichever is less. Engineering costs do not include construction costs, including costs associated with earth moving.

(ii) Notwithstanding subparagraph subdivision (i), the department of agriculture and land stewardship may use all or a portion of the moneys appropriated in that subparagraph subdivision to support programs, projects, and activities related to improving the quality of surface water as well as groundwater.

c. A household hazardous waste account.

(1) The moneys collected pursuant to section 455F.7 and moneys collected pursuant to section 29C.8A which are designated for deposit shall be deposited in the household hazardous waste account. Two thousand dollars is appropriated annually to the Iowa department of public health to carry out departmental duties under section 135.11, subsections 18 and 19, and section 139A.21. The remainder of the account shall be used to fund the efforts of the department to support a collection system for household hazardous materials, including public education programs, training, and consultation of local governments in the establishment and operation of permanent collection systems, and the management of collection sites, education programs, and other activities pursuant to chapter 455F, including the administration of the household hazardous materials retailer permit program by the department of revenue.

(2) The department shall submit to the general assembly, annually on or before January 1, an itemized report which includes but is not limited to the total amount of moneys collected and the sources of the moneys collected, the amount of moneys expended for administration of the programs funded within the account, results of the efforts of the department to support a collection system for household hazardous materials pursuant to chapter 455F, and an itemization of any other expenditures made within the previous fiscal year.

d. A storage tank management account. All fees collected pursuant to section 455B.473, subsection 5, and section 455B.479, shall be deposited in the storage tank management account. Moneys deposited in the account shall be expended for the following purposes:

(1) One thousand dollars is appropriated annually to the Iowa department of public health to carry out departmental duties under section 135.11, subsections 18 and 19, and section 139A.21.

(2) The moneys remaining in the account after the appropriation in subparagraph (1)
are appropriated from the storage tank management account to the department of natural resources for the administration of a state storage tank program pursuant to chapter 455B, division IV, part 8, and for programs which reduce the potential for harm to the environment and the public health from storage tanks.

(3) Each fiscal year, the department of natural resources shall enter into an agreement with the Iowa comprehensive petroleum underground storage tank fund board for the completion of administrative tasks during the fiscal year directly related to the evaluation and modification of risk based corrective action rules as necessary and processes that affect the administration in subparagraph (2).

Referred to in §135.11, 455B.110, 455B.111, 455B.473, 455D.3, 455E.11, 455F.8A, 455J.7, 460.305, 466B.46, 473.19A

Moneys appropriated from fund for three-year data collection of in-field practices project by Iowa state university of science and technology with final report due March 1, 2018; effective May 16, 2018, remaining moneys to be expended by close of fiscal year beginning July 1, 2019, by the department of agriculture and land stewardship in cooperation with Iowa state university of science and technology to administer programs regarding such practices; 2015 Acts, ch 132, §18; 2018 Acts, ch 1152, §17 – 19

CHAPTER 455F

HOUSEHOLD HAZARDOUS MATERIAL

Referred to in §455A.6, 455E.11

455F.1 Definitions. Households hazardous material regional collection centers and satellite facilities.

455F.6 Duties of the department. 455F.10 455F.11

455F.8 Household hazardous materials program created.

455F.1 Definitions.

As used in this chapter unless the context otherwise requires:

1. “Commission” means the state environmental protection commission.

2. “Department” means the department of natural resources.

3. “Household hazardous material” means a product used for residential purposes and designated by rule of the department of natural resources and may include any hazardous substance as defined in section 455B.411, subsection 2; and any hazardous waste as defined in section 455B.411, subsection 3. However, “household hazardous material” does not include noncaustic household cleaners, laundry detergents or soaps, dishwashing
compounds, chlorine bleach, personal care products, personal care soaps, cosmetics, and medications.

4. “Manufacturer” means a person who manufactures or produces a household hazardous material for resale in this state.

5. “Regional collection center” means a secured facility at which collection, sorting, and packaging of household hazardous materials and hazardous materials from conditionally exempt small quantity generators are accomplished prior to transportation of these materials to the final disposal site. Regional collection centers have regular hours during which the public may drop off hazardous materials. A regional collection center may be a government agency or a private agency under contract with a government agency as part of a solid waste comprehensive plan.

6. “Residential” means a permanent place of abode, which is a person’s home as opposed to a person’s place of business.

7. “Retailer” means a person offering for sale or selling a household hazardous material to the ultimate consumer, within the state.

8. “Satellite facility” means a secured facility at which collection and storage of household hazardous materials and hazardous materials from conditionally exempt small quantity generators are accomplished prior to transportation of these materials to a regional collection center. A satellite facility has a written contract with a regional collection center for the removal of collected household hazardous materials. A satellite facility may be operated by a government agency or a private agency under contract with a government agency as part of a solid waste comprehensive plan. A satellite facility is available for public drop off of household hazardous materials either during regularly scheduled hours or by appointment.

9. “Wholesaler” or “distributor” means a person other than a manufacturer or manufacturer’s agent who engages in the business of selling or distributing a household hazardous material within the state, for the purpose of resale.

455F.2 Policy statement.
It is the policy of this state to educate Iowans regarding the hazardous nature of certain household products, proper use of the products, and the proper methods of disposal of residual product and containers in order to protect the public health, safety, and the environment.

87 Acts, ch 225, §502

455F.5 Rules.
The commission shall adopt rules to implement the programs established pursuant to this chapter.

87 Acts, ch 225, §505; 2016 Acts, ch 1010, §6

455F.6 Duties of the department.
The department shall:

1. Designate products which are household hazardous materials and, based upon the designations and in consultation with manufacturers, distributors, wholesalers, and retailer associations, develop a household hazardous product list for the use of retailers in identifying the products.

2. Enforce the provisions of this chapter and implement the penalties established.

455F.7 Household hazardous materials permit.

1. A retailer offering for sale or selling a household hazardous material shall have a valid permit for each place of business owned or operated by the retailer for this activity. All permits
provided for in this section shall expire on June 30 of each year. Every retailer shall submit an annual application by July 1 of each year and a fee of twenty-five dollars to the department of revenue for a permit upon a form prescribed by the director of revenue. Permits are nonrefundable, are based upon an annual operating period, and are not prorated. A person in violation of this section shall be subject to permit revocation upon notice and hearing. The department shall remit the fees collected to the household hazardous waste account of the groundwater protection fund. A person distributing general use pesticides labeled for agricultural or lawn and garden use with gross annual pesticide sales of less than ten thousand dollars is subject to the requirements and fee payment prescribed by this section.

2. A manufacturer or distributor of household hazardous materials, which authorizes retailers as independent contractors to sell the products of the manufacturer or distributor on a person-to-person basis primarily in the customer’s home, may obtain a single household hazardous materials permit on behalf of its authorized retailers in the state, in lieu of individual permits for each retailer, and pay a fee of twenty-five dollars. However, a manufacturer or distributor which has gross retail sales of three million dollars or more in the state shall pay an additional permit fee of one hundred dollars for each subsequent increment of three million dollars of gross retail sales in the state, up to a maximum permit fee of three thousand dollars.

Referred to in §455E.11

455F.8 Household hazardous materials program created.

The department shall conduct programs to promote the proper management of household hazardous materials collected from residents and conditionally exempt small quantity generators.

87 Acts, ch 225, §508; 90 Acts, ch 1255, §32; 2016 Acts, ch 1010, §8

455F.8A Household hazardous material regional collection centers and satellite facilities.

1. a. The department shall establish a competitive grant program to assist in the development of permanent household hazardous material regional collection centers and satellite facilities.

b. The grant program shall provide for the establishment of permanent collection facilities so that both rural and urban populations are served.

c. The department shall develop criteria to evaluate proposals for the establishment of permanent collection facilities. The criteria shall give priority to proposals for permanent collection facilities which provide the most efficient services and which provide local, public, and private contributions for establishment of the permanent collection facilities. The criteria shall also include a requirement that the recipient of a grant design and construct a facility sufficient for the collection, sorting, and packaging of materials prior to transportation of the materials to the final disposal site. Final review of design and construction of the proposed facilities shall be by the department.

d. The recipients of grants shall provide for collection of hazardous wastes from conditionally exempt small quantity generators in the area of the facility established. The facility shall require payment for collection from conditionally exempt small quantity generators if the amount of waste disposed is greater than ten pounds. Conditionally exempt small quantity generators which deliver their hazardous wastes to a permanent collection facility shall not be required to obtain a permit to transport the hazardous waste to the permanent collection facility.

2. An owner or operator of a collection facility which provides for the collection and disposal of household hazardous materials as part of an approved comprehensive plan pursuant to section 455B.306 shall be eligible for reimbursement moneys pursuant to section 455E.11, subsection 2, paragraph “a”, subparagraph (2), subparagraph division (e). The department shall develop eligibility criteria for the receipt of such reimbursement moneys.

455F.9 Public information and education program.
The department shall implement a public information and education program regarding the proper management of household hazardous materials. The program shall provide appropriate information concerning the reduction in use of the materials, including the purchase of smaller quantities, selection of alternative products, and proper disposal. The department shall also develop and provide to a retailer upon request, at departmental expense, consumer brochures which provide information about household hazardous materials. The retailer shall distribute the brochures without charge to customers upon request. The department shall cooperate with existing educational institutions, the household product industry, distributors, wholesalers, and retailers, and other agencies of government and shall enlist the support of service organizations, whenever possible, in promoting and conducting the program in order to effectuate the household hazardous materials policy of the state.
87 Acts, ch 225, §509; 97 Acts, ch 191, §3; 2016 Acts, ch 1010, §10

455F.10 Penalty.
Any person violating a provision of this chapter or a rule adopted pursuant to this chapter is guilty of a simple misdemeanor.

455G.31  E-85 gasoline storage and dispensing infrastructure.

SUBCHAPTER I
COMPREHENSIVE PETROLEUM UNDERGROUND STORAGE TANK FUND

455G.1  Title — scope.
1. This subchapter is entitled the “Iowa Comprehensive Petroleum Underground Storage Tank Fund Act”.
2. This subchapter applies to petroleum underground storage tanks for which an owner or operator is required to maintain proof of financial responsibility under federal or state law, from the effective date of the regulation of the federal environmental protection agency governing that tank, and not from the effective compliance date, unless the effective compliance date of the regulation is the effective date of the regulation. An owner or operator of a petroleum underground storage tank required by federal or state law to maintain proof of financial responsibility for that underground storage tank is subject to this subchapter.
   a. As of May 5, 1989, tanks excluded by the federal Resource Conservation and Recovery Act, subtitle I, included the following:
      (1) A farm or residential tank of one thousand one hundred gallons or less capacity used for storing motor fuel for noncommercial purposes.
      (2) A tank used for storing heating oil for consumptive use on the premises where stored.
      (3) A septic tank.
      (4) A pipeline facility, including gathering lines, regulated under any of the following:
         (c) State laws comparable to the provisions of the law referred to in subparagraph division (a) or (b).
      (5) A surface impoundment, pit, pond, or lagoon.
      (6) A storm water or wastewater collection system.
      (7) A flow-through process tank.
      (8) A liquid trap or associated gathering lines directly related to oil or gas production and gathering operations.
      (9) A storage tank situated in an underground area, such as a basement, cellar, mine working, drift, shaft, or tunnel, if the storage tank is situated upon or above the surface of the floor to permit inspection of its entire surface.
   b. As of May 5, 1989, tanks exempted or excluded by United States environmental protection agency financial responsibility regulations, 40 C.F.R. §280.90, included the following:
      (1) Underground storage tank systems not in operation on or after the applicable compliance date.
      (2) Those owned or operated by state and federal governmental entities whose debts and liabilities are the debts and liabilities of a state or the United States.
      (3) Any underground storage tank system holding hazardous wastes listed or identifiable under subtitle C of the federal Solid Waste Disposal Act, or a mixture of such hazardous waste and other regulated substances.
      (4) Any wastewater treatment tank system that is part of a wastewater treatment facility regulated under section 307(b) or 402 of the federal Clean Water Act.
(5) Equipment or machinery that contains regulated substances for operational purposes such as hydraulic lift tanks and reservoirs and electrical equipment tanks.

(6) Any underground storage tank system whose capacity is one hundred ten gallons or less.

(7) Any underground storage tank system that contains a de minimis concentration of regulated substances.

(8) Any emergency spill or overflow containment underground storage tank system that is expeditiously emptied after use.

(9) Any underground storage tank system that is part of an emergency generator system at nuclear power generation facilities regulated by the nuclear regulatory commission under 10 C.F.R. pt. 50, appendix A.

(10) Airport hydrant fuel distribution systems.

(11) Underground storage tank systems with field-constructed tanks.

c. If and when federal law changes, the department of natural resources shall adopt by rule such additional requirements, exemptions, deferrals, or exclusions as required by federal law. It is expected that certain classes of tanks currently exempted or excluded by federal regulation will be regulated by the United States environmental protection agency in the future. A tank which is not required by federal law to maintain proof of financial responsibility shall not be subject to department of natural resources rules on proof of financial responsibility.

Referred to in §455G.9, 455G.21

455G.2 Definitions.

As used in this subchapter unless the context otherwise requires:

1. “Board” means the Iowa comprehensive petroleum underground storage tank fund board.

2. “Bond” means a bond, note, or other obligation issued by the treasurer of state for the fund and the purposes of this subchapter.

3. “Claimant” means an owner or operator who has received assistance under the remedial account or who had coverage under the underground storage tank insurance fund, established in section 455G.11, Code 2003, with respect to a release, or an installer or inspector who had coverage under the underground storage tank insurance fund.

4. “Community remediation” means a program of coordinated testing, planning, or remediation, involving two or more tank sites potentially connected with a continuous contaminated area, pursuant to rules adopted by the board. A community remediation does not expand the scope of coverage otherwise available or relieve liability otherwise imposed under state or federal law.

5. “Corrective action” means an action taken to minimize, eliminate, or clean up a release to protect the public health and welfare or the environment. Corrective action includes but is not limited to excavation of an underground storage tank for the purposes of repairing a leak or removal of a tank, removal of contaminated soil, and cleansing of groundwaters or surface waters. Corrective action does not include replacement of an underground storage tank or other capital improvements to the tank. Corrective action specifically excludes third-party liability. Corrective action includes the expenses incurred to prepare a site cleanup report for approval by the department of natural resources detailing the planned response to a release or suspected release, but not necessarily all actions proposed to be taken by a site cleanup report.

6. “Diminution” is the amount of petroleum which is released into the environment prior to its intended beneficial use.

7. “Diminution rate” is the presumed rate at which petroleum experiences diminution, and is equal to one-tenth of one percent of all petroleum deposited into a tank.

8. “Free product” means a regulated substance that is present as a nonaqueous phase liquid.

9. “Fund” means the Iowa comprehensive petroleum underground storage tank fund.
10. “Improvement” means the acquisition, construction, or improvement of any tank, tank system, or monitoring system in order to comply with state and federal technical requirements or to obtain insurance to satisfy financial responsibility requirements.

11. “Insurance” includes any form of financial assistance or showing of financial responsibility sufficient to comply with the federal Resource Conservation and Recovery Act or the Iowa department of natural resources’ underground storage tank financial responsibility rules.

12. “Insurance premium” includes any form of premium or payment for insurance or for obtaining other forms of financial assurance, or showing of financial responsibility.

13. “Petroleum” means petroleum, including crude oil or any fraction of crude oil which is liquid at standard conditions of temperature and pressure (60 degrees Fahrenheit and fourteen and seven-tenths pounds per square inch absolute).

14. “Potentially responsible party” means a person who may be responsible or liable for a release for which the fund has made payments for corrective action or third-party liability.

15. “Pre corrective action value” means the purchase price of the tank site paid by the owner after October 26, 1990.

16. “Release” means any spilling, leaking, emitting, discharging, escaping, leaching, or dispersing from an underground storage tank into groundwater, surface water, or subsurface soils.

17. “Small business” means a business that meets all of the following requirements:
   a. Is independently owned and operated.
   b. Owns at least one, but no more than twelve tanks at no more than two different tank sites.
   c. Has a net worth of four hundred thousand dollars or less.

18. “Tank” means an underground storage tank for which proof of financial responsibility is, or on a date definite will be, required to be maintained pursuant to the federal Resource Conservation and Recovery Act and the regulations from time to time adopted pursuant to that Act or successor Acts or amendments.

19. “Third-party liability” means both of the following:
   a. Property damage including physical injury to tangible property, but not including loss of use, other than costs to remediate.
   b. Bodily injury including sickness, bodily injury, illness, or death.

Referred to in §455G.16

455G.3 Establishment of Iowa comprehensive petroleum underground storage tank fund — appropriation.

1. The Iowa comprehensive petroleum underground storage tank fund is created as a separate fund in the state treasury, and any funds remaining in the fund at the end of each fiscal year shall not revert to the general fund but shall remain in the Iowa comprehensive petroleum underground storage tank fund. Interest or other income earned by the fund shall be deposited in the fund. The fund shall include moneys credited to the fund under this section, section 321.145, subsection 2, paragraph “a”, Code 2016, and sections 455G.8 and 455G.9, and section 455G.11, Code 2003, and other funds which by law may be credited to the fund. The moneys in the fund are appropriated to and for the purposes of the board as provided in this subchapter. Amounts in the fund shall not be subject to appropriation for any other purpose by the general assembly, but shall be used only for the purposes set forth in this subchapter. The treasurer of state shall act as custodian of the fund and disburse amounts contained in it as directed by the board including automatic disbursements of funds as received pursuant to the terms of bond indentures and documents and security provisions to trustees and custodians. The treasurer of state is authorized to invest the funds deposited in the fund at the direction of the board and subject to any limitations contained in any applicable bond proceedings. The income from such investment shall be credited to and deposited in the fund. The fund shall be administered by the board which shall make expenditures from the
fund consistent with the purposes of the programs set out in this subchapter without further appropriation. The fund may be divided into different accounts with different depositories as determined by the board and to fulfill the purposes of this subchapter.

2. The board shall assist Iowa’s owners and operators of petroleum underground storage tanks in complying with federal environmental protection agency technical and financial responsibility regulations by establishment of the Iowa comprehensive petroleum underground storage tank fund. The treasurer of state may issue its bonds, or series of bonds, to assist the board, as provided in this subchapter.

3. The purposes of this subchapter shall include but are not limited to any of the following:
   a. To establish a remedial account to fund corrective action for petroleum releases as provided by section 455G.9.
   b. To establish a loan guarantee account, as provided by and to the extent permitted by section 455G.10, Code 1999.
   c. To establish a marketability fund for the purposes as stated in section 455G.21.

4. The state, the general fund of the state, or any other fund of the state, other than the Iowa comprehensive petroleum underground storage tank fund, is not liable for a claim or cause of action in connection with a tank not owned or operated by the state, or agency of the state. All expenses incurred by the fund shall be payable solely from the fund and no liability or obligation shall be imposed upon the state. The liability of the fund is limited to the extent of coverage provided by the account or fund under which a claim is submitted, subject to the terms and conditions of that coverage. The liability of the fund is further limited by the moneys made available to the fund, and no remedy shall be ordered which would require the fund to exceed its then current funding limitations to satisfy an award or which would restrict the availability of moneys for higher priority sites. The state is not liable for a claim presented against the fund.

5. a. For the fiscal year beginning July 1, 2010, and each fiscal year thereafter, there is appropriated from the Iowa comprehensive petroleum underground storage tank fund to the department of natural resources two hundred thousand dollars for purposes of technical review support to be conducted by nongovernmental entities for leaking underground storage tank assessments.

   b. Notwithstanding section 8.33, moneys appropriated in this subsection that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated until the close of the succeeding fiscal year.

6. a. For the fiscal year beginning July 1, 2010, and each fiscal year thereafter, there is appropriated from the Iowa comprehensive petroleum underground storage tank fund to the department of agriculture and land stewardship two hundred fifty thousand dollars for the sole and exclusive purpose of inspecting fuel quality at pipeline terminals and renewable fuel production facilities, including salaries, support, maintenance, and miscellaneous purposes.

   b. Notwithstanding section 8.33, moneys appropriated in this subsection that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated until the close of the succeeding fiscal year.

7. Beginning September 1, 2010, the board shall administer safety training, hazardous material training, environmental training, and underground storage tank operator training in the state to be provided by an entity approved by the department of natural resources. The training provided pursuant to this subsection shall be available to any tank operator in the state at an equal and reasonable cost and shall not be conditioned upon any other requirements. Each fiscal year, the board shall not expend more than two hundred fifty thousand dollars from the Iowa comprehensive petroleum underground storage tank fund for purposes of administering this subsection.
Referred to in §455B.477
For temporary exceptions, changes, or other noncodified enactments modifying these statutory provisions, see annual Iowa Acts of the general assembly
Subsection 6 stricken and former subsections 7 and 8 renumbered as 6 and 7

455G.4 Governing board.
1. Members of the board.
   a. The Iowa comprehensive petroleum underground storage tank fund board is established consisting of the following members:
      (1) The director of the department of natural resources, or the director’s designee.
      (2) The treasurer of state, or the treasurer’s designee.
      (3) An employee of the department of management who has been designated as a risk manager by the director of the department of management.
      (4) Three public members appointed by the governor and confirmed by the senate to staggered four-year terms, except that, of the first members appointed, one public member shall be appointed for a term of two years and one for a term of four years. A public member shall have experience, knowledge, and expertise of the subject matter embraced within this subchapter. A public member may have experience in either, or both, financial markets or insurance.
      (5) Three owners or operators appointed by the governor, two of which shall be designated as follows:
         (a) One member shall be an owner or operator who is self-insured.
         (b) One member shall be a member of the petroleum marketers and convenience stores of Iowa or its designee.
      (6) The director of the legislative services agency, or the director’s designee. The director under this subparagraph shall not participate as a voting member of the board.
   b. A public member appointed pursuant to paragraph “a”, subparagraph (4), shall not have a conflict of interest. For purposes of this section, a “conflict of interest” means an affiliation, within the twelve months before the member’s appointment, with the regulated tank community, or with a person or property and casualty insurer offering competitive insurance or other means of financial assurance or which previously offered environmental hazard insurance for a member of the regulated tank community.
   c. The filling of positions reserved for public representatives, vacancies, membership terms, payment of compensation and expenses, and removal of members are governed by chapter 69. Members of the board are entitled to receive reimbursement of actual expenses incurred in the discharge of their duties within the limits of funds appropriated to the board or made available to the fund. Each member of the board may also be eligible to receive compensation as provided in section 7E.6. The members shall elect a voting chairperson of the board from among the members of the board.
2. Department cooperation with board. The director of the department of natural resources shall cooperate with the board in the implementation of this part so as to minimize unnecessary duplication of effort, reporting, or paperwork and maximize environmental protection.
   a. The board shall adopt rules regarding its practice and procedures, develop underwriting standards, establish procedures for investigating and settling claims made against the fund, and otherwise implement and administer this subchapter.
   b. Rules to facilitate and encourage the use of community remediation whenever possible shall be adopted.
   c. The board shall adopt rules relating to appeal procedures which shall require the administrator to deliver notice of appeal to the affected parties within fifteen days of receipt of notice, require that the hearing be held within one hundred eighty days of the filing of
the petition unless good cause is shown for the delay, and require that a final decision be issued no later than one hundred twenty days following the close of the hearing. The time restrictions in this paragraph may be waived by mutual agreement of the parties.

4. Public bid. All contracts entered into by the board, including contracts relating to community remediation, shall be awarded on a competitive basis to the maximum extent practical. In those situations where it is determined that public bidding is not practical, the basis for the determination of impracticability shall be documented by the board or its designee. This subsection applies only to contracts entered into on or after July 1, 1992.

5. Contract approval.
   a. The board shall approve any contract entered into pursuant to this subchapter if the cost of the contract exceeds seventy-five thousand dollars.
   b. A listing of all contracts entered into pursuant to this subchapter shall be presented at each board meeting and shall be made available to the public. The listing shall state the interested parties to the contract, the amount of the contract, and the subject matter of the contract.
   c. The board shall be required to review and approve or disapprove the administrator’s failure to approve a contract under section 455G.12A. Review by the board shall not be required for cancellation or replacement of a contract for a site included in a community remediation project or when an emergency situation exists.

6. Reporting. Beginning July 2003, the board shall submit a written report quarterly to the legislative council, the chairperson and ranking member of the committee on environment and energy independence in the senate, and the chairperson and ranking member of the committee on environmental protection in the house of representatives regarding changes in the status of the program including but not limited to the number of open claims by claim type; the number of new claims submitted and the eligibility status of each claim; a summary of the risk classification of open claims; the status of all claims at high-risk sites including the number of corrective action design reports submitted, approved, and implemented during the reporting period; total moneys reserved on open claims and total moneys paid on open claims; and a summary of budgets approved and invoices paid for high-risk site activities including a breakdown by corrective action design report, construction and equipment, implementation, operation and maintenance, monitoring, over excavation, free product recovery, site reclassification, reporting and other expenses, or a similar breakdown. In each report submitted by the board, the board shall include an estimated timeline to complete corrective action at all currently eligible high-risk sites where a corrective action design report has been submitted by a claimant and approved during the reporting period. The timeline shall include the projected year when a no further action designation will be obtained based upon the corrective action activities approved or anticipated at each claimant site. The timeline shall be broken down in annual increments with the number or percentage of sites projected to be completed for each time period. The report shall identify and report steps taken to expedite corrective action and eliminate the state’s liability for open claims.

455G.5 Independent contractors to be retained by board.

1. The board shall administer the fund. A contract entered into on or after July 1, 1992, to retain a person to act as the administrator of the fund shall be subject to public bid. All other contracts to retain a person under this section shall be in compliance with the public bidding requirements of section 455G.4, subsection 4.

2. The board may enter into a contract or an agreement authorized under chapter 28E with a private agency or person, the department of natural resources, the Iowa finance authority,
the department of administrative services, the department of revenue, other departments, agencies, or governmental subdivisions of this state, another state, or the United States, in connection with its administration and implementation of this subchapter or chapter 455B.

3. The board may reimburse a contractor, public or private, retained pursuant to this section for expenses incurred in the execution of a contract or agreement. Reimbursable expenses include, by way of example, but not exclusion, the costs of administering specific delegated duties or powers of the board.

455G.6 Iowa comprehensive petroleum underground storage tank fund — general and specific powers.

In administering the fund, the board has all of the general powers reasonably necessary and convenient to carry out its purposes and duties and may do any of the following, subject to express limitations contained in this subchapter:

1. Guarantee secured and unsecured loans, and enter into agreements for corrective action, acquisition and construction of tank improvements, and provide for the insurance program. The loan guarantees may be made to a person or entity owning or operating a tank. The board may take any action which is reasonable and lawful to protect its security and to avoid losses from its loan guarantees.

2. Acquire, hold, and mortgage personal property and real estate and interests in real estate to be used.

3. Purchase, construct, improve, furnish, equip, lease, option, sell, exchange, or otherwise dispose of one or more improvements under the terms it determines.

4. Grant a mortgage, lien, pledge, assignment, or other encumbrance on one or more improvements, revenues, asset of right, accounts, or funds established or received in connection with the fund, including revenues derived from the moneys credited under section 321.145, subsection 2, paragraph “a”, Code 2016, and deposited in the fund or an account of the fund.

5. Provide that the interest on bonds may vary in accordance with a base or formula.

6. Contract for the acquisition, construction, or both of one or more improvements or parts of one or more improvements and for the leasing, subleasing, sale, or other disposition of one or more improvements in a manner it determines.

7. The board may contract with the treasurer of state for the treasurer of state to issue bonds and do all things necessary with respect to the purposes of the fund, as set out in the contract between the board and the treasurer of state. The board may delegate to the treasurer of state and the treasurer of state shall then have all of the powers of the board which are necessary to issue and secure bonds and carry out the purposes of the fund, to the extent provided in the contract between the board and the treasurer of state. The treasurer of state may issue the treasurer of state’s bonds in principal amounts which, in the opinion of the board, are necessary to provide sufficient funds for the fund, the payment of interest on the bonds, the establishment of reserves to secure the bonds, the costs of issuance of the bonds, other expenditures of the treasurer of state incident to and necessary or convenient to carry out the bond issue for the fund, and all other expenditures of the board necessary or convenient to administer the fund. The bonds are investment securities and negotiable instruments within the meaning of and for purposes of the uniform commercial code, chapter 554.

8. Bonds issued under this section are payable solely and only out of the moneys, assets, or revenues of the fund, all of which may be deposited with trustees or depositaries in accordance with bond or security documents and pledged by the board to the payment thereof, and are not an indebtedness of this state, or a charge against the general credit or general fund of the state, and the state shall not be liable for any financial undertakings with respect to the fund. Bonds issued under this subchapter shall contain on their face a statement that the bonds do not constitute an indebtedness of the state.

9. The proceeds of bonds issued by the treasurer of state and not required for immediate disbursement may be deposited with a trustee or depository as provided in the bond
documents and invested in any investment approved by the treasurer of state and specified in the trust indenture, resolution, or other instrument pursuant to which the bonds are issued without regard to any limitation otherwise provided by law.

10. The bonds shall be:
   a. In a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, and be subject to such other terms and conditions as prescribed in the trust indenture, resolution, or other instrument authorizing their issuance.
   b. Negotiable instruments under the laws of the state and may be sold at prices, at public or private sale, and in a manner, as prescribed by the treasurer of state. Chapters 73A, 74, 74A and 75 do not apply to their sale or issuance of the bonds.
   c. Subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this subchapter and as determined by the trust indenture, resolution, or other instrument authorizing their issuance.

11. The bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

12. Bonds must be authorized by a trust indenture, resolution, or other instrument of the treasurer of state, approved by the board. However, a trust indenture, resolution, or other instrument authorizing the issuance of bonds may delegate to an officer of the issuer the power to negotiate and fix the details of an issue of bonds.

13. Neither the resolution, trust agreement, nor any other instrument by which a pledge is created needs to be recorded or filed under the Iowa uniform commercial code, chapter 554, to be valid, binding, or effective.

14. Bonds issued under the provisions of this section are declared to be issued for an essential public and governmental purpose and all bonds issued under this subchapter shall be exempt from taxation by the state of Iowa and the interest on the bonds shall be exempt from the state income tax and the state inheritance tax.

15. a. Subject to the terms of any bond documents, moneys in the fund or fund accounts may be expended for administration expenses, civil penalties, moneys paid under an agreement, stipulation, or settlement, for the costs associated with sites within a community remediation project, for costs related to contracts entered into with a state agency or university, costs for activities relating to litigation, or for the costs of any other activities as the board may determine are necessary and convenient to facilitate compliance with and to implement the intent of federal laws and regulations and this subchapter. For purposes of this subchapter, administration expenses include expenses incurred by the underground storage tank section of the department of natural resources in relation to tanks regulated under this subchapter.
   b. The authority granted under this subsection which allows the board to expend fund moneys on an activity the board determines is necessary and convenient to facilitate compliance with and to implement the intent of federal laws and regulations and this subchapter, shall only be used in accordance with the following:
      (1) Prior board approval shall be required before expenditure of moneys pursuant to this authority shall be made.
      (2) If the expenditure of fund moneys pursuant to this authority would result in the board establishing a policy which would substantially affect the operation of the program, rules shall be adopted pursuant to chapter 17A prior to the board or the administrator taking any action pursuant to this proposed policy.

16. The board shall cooperate with the department of natural resources in the implementation and administration of this subchapter to assure that in combination with existing state statutes and rules governing underground storage tanks, the state will be, and continue to be, recognized by the federal government as having an “approved state account” under the federal Resource Conservation and Recovery Act, especially by compliance with
the Act’s subtitle I financial responsibility requirements as enacted in the federal Superfund Amendments and Reauthorization Act of 1986 and the financial responsibility regulations adopted by the United States environmental protection agency at 40 C.F.R. pts. 280 and 281. Whenever possible this subchapter shall be interpreted to further the purposes of, and to comply, and not to conflict, with such federal requirements.

17. The board may adopt rules pursuant to chapter 17A providing for the transfer of all or a portion of the liabilities of the board under this subchapter. Notwithstanding other provisions to the contrary, the board, upon such transfer, shall not maintain any duty to reimburse claimants under this subchapter for those liabilities transferred.

Referred to in §422.7(2)(u)

455G.7 Security for bonds — capital reserve fund — irrevocable contracts.

1. a. For the purpose of securing one or more issues of bonds for the fund, the treasurer of state, with the approval of the board, may authorize the establishment of one or more special funds, called “capital reserve funds”. The treasurer of state may pay into the capital reserve funds the proceeds of the sale of its bonds and other money which may be made available to the treasurer of state from other sources for the purposes of the capital reserve funds. Except as provided in this section, money in a capital reserve fund shall be used only as required for any of the following:

(1) The payment of the principal of and interest on bonds or of the sinking fund payments with respect to those bonds.

(2) The purchase or redemption of the bonds.

(3) The payment of a redemption premium required to be paid when the bonds are redeemed before maturity.

b. However, money in a capital reserve fund shall not be withdrawn if the withdrawal would reduce the amount in the capital reserve fund to less than the capital reserve fund requirement, except for the purpose of making payment, when due, of principal, interest, redemption premiums on the bonds, and making sinking fund payments when other money pledged to the payment of the bonds is not available for the payments. Income or interest earned by, or increment to, a capital reserve fund from the investment of all or part of the capital reserve fund may be transferred by the treasurer of state to other accounts of the fund if the transfer does not reduce the amount of the capital reserve fund below the capital reserve fund requirement.

2. If the treasurer of state decides to issue bonds secured by a capital reserve fund, the bonds shall not be issued if the amount in the capital reserve fund is less than the capital reserve fund requirement, unless at the time of issuance of the bonds the treasurer of state deposits in the capital reserve fund from the proceeds of the bonds to be issued or from other sources, an amount which, together with the amount then in the capital reserve fund, is not less than the capital reserve fund requirement.

3. In computing the amount of a capital reserve fund for the purpose of this section, securities in which all or a portion of the capital reserve fund is invested shall be valued by a reasonable method established by the treasurer of state. Valuation shall include the amount of interest earned or accrued as of the date of valuation.

4. In this section, “capital reserve fund requirement” means the amount required to be on deposit in the capital reserve fund as of the date of computation.

5. To assure maintenance of the capital reserve funds, the treasurer of state shall, on or before July 1 of each calendar year, make and deliver to the governor the treasurer of state’s certificate stating the sum, if any, required to restore each capital reserve fund to the capital reserve fund requirement for that fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including the sum, if any, required to
restore each capital reserve fund to the capital reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the treasurer of state pursuant to this section shall be deposited in the applicable capital reserve fund.

6. All amounts paid by the state pursuant to this section shall be considered advances by the state and, subject to the rights of the holders of any bonds of the treasurer of state that have previously been issued or will be issued, shall be repaid to the state without interest from all available revenues of the fund in excess of amounts required for the payment of bonds of the treasurer of state, the capital reserve fund, and operating expenses.

7. If any amount deposited in a capital reserve fund is withdrawn for payment of principal, premium, or interest on the bonds or sinking fund payments with respect to bonds thus reducing the amount of that fund to less than the capital reserve fund requirement, the treasurer of state shall immediately notify the governor and the general assembly of this event and shall take steps to restore the capital reserve fund to the capital reserve fund requirement for that fund from any amounts designated as being available for such purpose.

455G.8 Revenue sources for fund.

Revenue for the fund shall include but is not limited to the following, which shall be deposited with the board or its designee as provided by any bond or security documents and credited to the fund:

1. Bonds issued to capitalize fund. The proceeds of bonds issued to capitalize and pay the costs of the fund, and investment earnings on the proceeds except as required for the capital reserve funds.

2. Statutory allocations fund. The moneys credited from the statutory allocations fund under section 321.145, subsection 2, paragraph “a”, Code 2016, shall be allocated, consistent with this subchapter, among the fund’s accounts, for debt service and other fund expenses, according to the fund budget, resolution, trust agreement, or other instrument prepared or entered into by the board or treasurer of state under direction of the board.

3. Cost recovery enforcement. Cost recovery enforcement net proceeds as provided by section 455G.13 shall be allocated to the innocent landowners fund created under section 455G.21, subsection 2, paragraph “a”. When federal cleanup funds are recovered, the funds are to be deposited to the remedial account of the fund and used solely for the purpose of future cleanup activities.

4. Other sources. Interest attributable to investment of money in the fund or an account of the fund. Moneys in the form of a devise, gift, bequest, donation, federal or other grant, reimbursement, repayment, judgment, transfer, payment, or appropriation from any source intended to be used for the purposes of the fund.

455G.9 Remedial program.

1. Limits of remedial account coverage. Moneys in the remedial account shall only be paid out for the following:

a. (1) Corrective action for an eligible release reported to the department of natural resources on or after July 1, 1987, but prior to May 5, 1989. Third-party liability is specifically excluded from remedial account coverage. For a claim for a release under this subparagraph, the remedial program shall pay in accordance with subsection 4. For a release to be eligible for coverage under this subparagraph the following conditions must be satisfied:

(a) The owner or operator applying for coverage shall not be a person who is maintaining, or has maintained, proof of financial responsibility for federal regulations through self-insurance.

(b) The owner or operator applying for coverage shall not have claimed bankruptcy any time on or after July 1, 1987.

(c) The claim for coverage pursuant to this subparagraph must have been filed with the
board prior to January 31, 1990, except that cities and counties must have filed their claim with the board by September 1, 1990.

(d) The owner or operator at the time the release was reported to the department of natural resources must have been in compliance with then current monitoring requirements, if any, or must have been in the process of compliance efforts with anticipated requirements, including installation of monitoring devices, a new tank, tank improvements or retrofit, or any combination.

(2) Corrective action, up to one million dollars total, and subject to prioritization rules as established pursuant to section 455G.12A, for a release reported to the department of natural resources after May 5, 1989, and on or before October 26, 1990. Third-party liability is specifically excluded from remedial account coverage. Corrective action coverage provided pursuant to this paragraph may be aggregated with other financial assurance mechanisms as permitted by federal law to satisfy required aggregate and per occurrence limits of financial responsibility for both corrective action and third-party liability, if the owner’s or operator’s effective financial responsibility compliance date is prior to October 26, 1990. School districts who reported a release to the department of natural resources prior to December 1, 1990, shall have until July 1, 1991, to report a claim to the board for remedial coverage under this subparagraph.

(3) Corrective action for an eligible report released to the department of natural resources on or after January 1, 1984, but prior to January 1, 1987. Third-party liability is specifically excluded from remedial account coverage. For a claim for a release under this subparagraph, the remedial program shall pay in accordance with subsection 4. For a release to be eligible for coverage under this subparagraph the following conditions must be satisfied:

(a) The owner or operator applying for coverage must be currently engaged in the business for which the tank connected with the release was used prior to the report of the release.

(b) The owner or operator applying for coverage shall not be a person who is maintaining, or has maintained, proof of financial responsibility for federal regulations through self-insurance.

(c) The owner or operator applying for coverage shall not have claimed bankruptcy any time on or after January 1, 1985.

(d) The claim for coverage pursuant to this subparagraph must have been filed with the board prior to September 1, 1990.

(e) The owner or operator at the time the release was reported to the department of natural resources must have been in compliance with then current monitoring requirements, if any, or must have been in the process of compliance efforts with anticipated requirements, including installation of monitoring devices, a new tank, tank improvements or retrofit, or any combination.

(4) One hundred percent of the costs of corrective action for a release reported to the department of natural resources on or before July 1, 1991, if the owner or operator is not a governmental entity and is not a not-for-profit organization exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code with a net annual income of twenty-five thousand dollars or less for the year 1990, and if the tank which is the subject of the corrective action is a registered tank and is under one thousand one hundred gallons capacity.

(5) For the purposes of calculating corrective action costs under this paragraph, corrective action shall include the cost of a tank system upgrade required by section 455B.474, subsection 1, paragraph “a”, subparagraph (6), subparagraph division (i). Payments under this subparagraph shall be limited to a maximum of ten thousand dollars for any one site.

(6) For the purposes of calculating corrective action costs under this paragraph, corrective action shall include the costs associated with monitoring required by the rules adopted under section 455B.474, subsection 1, paragraph “a”, subparagraph (6), but corrective action shall exclude monitoring used for leak detection required by rules adopted under section 455B.474, subsection 1, paragraph “a”, subparagraph (1).

b. Corrective action and third-party liability for a release discovered on or after January
24, 1989, for which a responsible owner or operator able to pay cannot be found and for which the federal underground storage tank trust fund or other federal moneys do not provide coverage. For the purposes of this section property shall not be deemed or quitclaimed to the state or board in lieu of cleanup. Additionally, the ability to pay shall be determined after a claim has been filed. The board is not liable for any cost where either the responsible owner or operator, or both, have a net worth greater than fifteen thousand dollars, or where the responsible party can be determined. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

c. Corrective action and third-party liability for a tank owned or operated by a financial institution eligible to participate in the remedial account under section 455G.16 if the prior owner or operator is unable to pay, if so authorized by the board as part of a condition or incentive for financial institution participation in the fund pursuant to section 455G.16. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

d. One hundred percent of the costs of corrective action and third-party liability for a release situated on property acquired by a county for delinquent taxes pursuant to chapters 445 through 448, for which a responsible owner or operator able to pay, other than the county, cannot be found. A county is not a “responsible party” for a release in connection with property which it acquires in connection with delinquent taxes, and does not become a responsible party by sale or transfer of property so acquired. In such situations, the board may act as an agent for the county. Actual corrective action on the site shall be overseen by the department, the board, and a certified groundwater professional. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution. Reasonable acquisition costs do not include any taxes or costs related to the collection of taxes.

e. Corrective action for a release reported to the department of natural resources after May 5, 1989, and on or before October 26, 1990, in connection with a tank owned or operated by a state agency or department which elects to participate in the remedial account pursuant to this paragraph. A state agency or department which does not receive a standing unlimited appropriation which may be used to pay for the costs of a corrective action may opt, with the approval of the board, to participate in the remedial account. As a condition of opting to participate in the remedial account, the agency or department shall pay all registration fees, storage tank management fees, environmental protection charges, and all other charges and fees upon all tanks owned or operated by the agency or department in the same manner as if the agency or department were a person required to maintain financial responsibility. Once an agency has opted to participate in the remedial program, it cannot opt out, and shall continue to pay all charges and fees upon all tanks owned or operated by the agency or department so long as the charges or fees are imposed on similarly situated tanks of a person required to maintain financial responsibility. The board shall by rule adopted pursuant to chapter 17A provide the terms and conditions for a state agency or department to opt to participate in the remedial account. A state agency or department which opts to participate in the remedial account shall be subject to the minimum copayment schedule of subsection 4, as if the state agency or department were a person required to maintain financial responsibility.

f. One hundred percent of the costs up to twenty thousand dollars incurred by the board under section 455G.12A, subsection 2, paragraph “b”, for site cleanup reports. Costs of a site cleanup report which exceed twenty thousand dollars shall be considered a cost of corrective action and the amount shall be included in the calculations for corrective action cost copayments under subsection 4. The board shall have the discretion to authorize a site cleanup report payment in excess of twenty thousand dollars if the site is participating in community remediation.

g. (1) Corrective action for the costs of a release under all of the following conditions:
(a) The property upon which the tank causing the release was situated was transferred by inheritance, devise, or bequest.

(b) The property upon which the tank causing the release was situated has not been used to store or dispense petroleum since December 31, 1975.

(c) The person who received the property by inheritance, devise, or bequest was not the owner of the property during the period of time when the release which is the subject of the corrective action occurred.

(d) The release was reported to the board by October 26, 1991.

(2) Corrective action costs and copayment amounts under this paragraph “g” shall be paid in accordance with subsection 4.

(3) A person requesting benefits under this paragraph “g” may establish that the conditions of subparagraph (1), subparagraph divisions (a), (b), and (c), are met through the use of supporting documents, including a personal affidavit.

h. One hundred percent of the costs of corrective action for a governmental subdivision in connection with a tank which was in place on the date the release was discovered or reported if the governmental subdivision did not own or operate the tank which caused the release and if the governmental subdivision did not obtain the property upon which the tank giving rise to the release is located on or after May 3, 1991. Property acquired pursuant to eminent domain in connection with a United States department of housing and urban development approved urban renewal project is eligible for payment of costs under this paragraph whether or not the property was acquired on or after May 3, 1991.

i. Notwithstanding section 455G.1, subsection 2, corrective action, for a release which was tested prior to October 26, 1990, and for which the site was issued a no-further-action letter by the department of natural resources and which was later determined, due to sale of the property or removal of a nonoperating tank, to require remediation which was reported to the administrator by October 26, 1992, in an amount as specified in subsection 4. In order to qualify for benefits under this paragraph, the applicant must not have operated a tank on the property during the period of time for which the applicant owned the property and the applicant must not be a financial institution.

j. One hundred percent of the costs of corrective action for a governmental subdivision in connection with a tank if the governmental subdivision did not own or operate the tank from which the release occurred, and the property was acquired pursuant to eminent domain after the release occurred. A governmental subdivision which acquires property pursuant to eminent domain in order to obtain benefits under this paragraph is not a responsible party for a release in connection with property which it acquired, and does not become a responsible party by sale or transfer of property so acquired.

k. Pursuant to an agreement between the board and the department of natural resources, assessment and corrective action arising out of releases at sites for which a no further action certificate has been issued pursuant to section 455B.474, when the department determines that an unreasonable risk to public health and safety may still exist or that previously reported upon applicable target levels have been exceeded. At a minimum, the agreement shall address eligible costs, contracting for services, and conditions under which sites may be reevaluated.

l. Up to fifteen thousand dollars for the permanent closure of an underground storage tank system that does not meet performance standards for new or upgraded tanks or is otherwise required to be closed pursuant to rules adopted by the environmental protection commission pursuant to section 455B.474. Reimbursement is limited to costs approved by the board prior to the closure activities.

2. Remedial account funding. The remedial account shall be funded by that portion of the proceeds of the use tax imposed under chapter 423, subchapter III, and other moneys and revenues budgeted to the remedial account by the board.

3. Trust fund to be established. When the remedial account has accumulated sufficient capital to provide dependable income to cover the expenses of expected future releases or expected future losses for which no responsible owner is available, the excess capital shall be transferred to a trust fund administered by the board and created for that purpose.

4. Minimum copayment schedule.
a. An owner or operator shall be required to pay the greater of five thousand dollars or eighteen percent of the first eighty thousand dollars of the total costs of corrective action for that release, except for claims pursuant to section 455G.21, where the claimant is not a responsible party or potentially responsible party for the site for which the claim is filed.

b. If a site’s actual expenses exceed eighty thousand dollars, the remedial account shall pay the remainder, as required by federal regulations, of the total costs of the corrective action for that release, not to exceed one million dollars, except that a county shall not be required to pay a copayment in connection with a release situated on property acquired in connection with delinquent taxes, as provided in subsection 1, paragraph “d”, unless subsequent to acquisition the county actively operates a tank on the property for purposes other than risk assessment, risk management, or tank closure.

5. Recovery of gain on sale of property.

a. If an owner or operator ceases to own or operate a tank site for which remedial account benefits were received within ten years of the receipt of any account benefit and sells or transfers a property interest in the tank site for an amount which exceeds one hundred twenty percent of the precorrective action value, adjusted for equipment and capital improvements, the owner or operator shall refund to the remedial account an amount equal to ninety percent of the amount in excess of one hundred twenty percent of the precorrective action value up to a maximum of the expenses incurred by the remedial account associated with the tank site plus interest, equal to the interest for the most recent twelve-month period for the most recent bond issue for the fund, on the expenses incurred, compounded annually. An owner or operator under this subsection shall notify the board of the sale or transfer of the property interest in the tank site. Expenses incurred by the fund are a lien upon the property recordable and collectible in the same manner as the lien provided for in section 424.11, Code 2016, at the time of sale or transfer, subject to the terms of this section.

b. This subsection shall not apply if the sale or transfer is pursuant to a power of eminent domain, or benefits. When federal cleanup funds are recovered, the funds are to be deposited to the remedial account of the fund and used solely for the purpose of future cleanup activities.

6. Recurring releases treated as a newly reported release. A release shall be treated as a release reported on or after May 5, 1989, if prior to May 5, 1989, a release was reported to the department, corrective action was taken pursuant to a site cleanup report approved by the department, and the work performed was accepted by the department. For purposes of this subsection, work performed is accepted by the department if the department did not order further action within ninety days of the date on which the department had notice that the work was completed, unless the department clearly indicated in writing to the owner, operator, contractor, or other agent that additional work would be required beyond that specified in the site cleanup report or in addition to the work actually performed.

7. Expenses of cleanup not required. When an owner or operator who is eligible for benefits under this subchapter is allowed by the department of natural resources to monitor in place, the expenses incurred for cleanup beyond the level required by the department of natural resources may be covered under any of the accounts established under the fund only if approved by the board as cost-effective relative to the department accepted monitoring plan or relative to the repeal date specified in section 424.19, Code 2016. The cleanup expenses incurred for work completed beyond what is required is the responsibility of the person contracting for the excess cleanup. The board shall seek to terminate the responsible party’s environmental liabilities at such sites prior to the board ceasing operation.

8. Owner or operator defined. For purposes of receiving benefits under this section, “owner or operator” means the then current tank owner or operator or the owner of the land for which a covered release was reported or application for benefits was submitted on or before the relevant application deadlines of this section.

9. Self-Insured. For a self-insured as determined under 567 IAC 136.6(455B), to qualify for remedial benefits under this section, tanks shall be upgraded by January 1, 1995, as specified by the United States environmental protection agency in 40 C.F.R. §280.21, as amended through January 1, 1989. A self-insured who qualifies for benefits under this section shall repay any benefits received if the upgrade date is not met.

10. Expenses incurred by governmental subdivisions and public works utilities. The

board shall adopt rules for reimbursement for reasonable expenses incurred by a governmental subdivision or public works utility for sampling, treating, handling, or disposing, as required by the department, of petroleum-contaminated soil and groundwater encountered in a public right-of-way during installation, maintenance, or repair of a utility or public improvement. The board may seek full recovery from a responsible party liable for the release for such expenses and for all other costs and reasonable attorney fees and costs of litigation for which moneys are expended by the fund. Any expense described in this subsection incurred by the fund constitutes a lien upon the property from which the release occurred. A lien shall be recorded and an expense shall be collected in the same manner as provided in section 424.11, Code 2016.

455G.10 and 455G.11  Reserved.

455G.12 Board authority for prioritization.

1. If the board determines that, within the realm of sound business judgment and practice, prioritization of assistance is necessary in light of funds available for loan guarantees or insurance coverage, the board may develop rules for assistance or coverage prioritization based upon adherence or planned adherence of the owner or operator to higher than minimum environmental protection and safety compliance considerations.

2. Prior to the adoption of prioritization rules, the board shall at minimum review the following issues:
   a. The positive environmental impact of assistance prioritization.
   b. The economic feasibility, including the availability of private financing, for an owner or operator to obtain priority status.
   c. Any negative impact on Iowa’s rural petroleum distribution network which could result from prioritization.
   d. Any similar prioritization systems in use by the private financing or insurance markets in this state, including terms, conditions, or exclusions.
   e. The intent of this subchapter that the board shall maximize the availability of reasonably priced, financially sound insurance coverage or loan guarantee assistance.

455G.12A Cost containment authority.

1. Validity of contracts. A contract in which one of the parties to the contract is an owner or operator of a petroleum underground storage tank, for goods or services which may be payable or reimbursable from the fund, is invalid unless and until the administrator has approved the contract as fair and equitable to the tank owner or operator, and found that the contract terms are within the range of usual and customary rates for similar or equivalent goods or services within the state, and found that the goods or services are necessary for the owner or operator to comply with fund or regulatory standards. An owner or operator may appoint the administrator as an agent for the purposes of negotiating contracts with suppliers of goods or services compensable by the fund. The administrator may select another contractor for goods or services other than the one offered by the owner or operator; if the scope of the proposed work or actual work of the offered contractor does not reflect the quality of workmanship required, or the costs are determined to be excessive.

2. Contract approval.
   a. In the course of review and approval of a contract pursuant to this section, the administrator may require an owner or operator to obtain and submit three bids, provided
that the administrator coordinates bid submission with the department. The administrator may require specific terms and conditions in a contract subject to approval.

b. The board shall have authority to contract for site cleanup reports. The board’s responsibility for site cleanup reports is limited to those site cleanup reports subject to approval by the department of natural resources and required in connection with the remediation of a release which is eligible for benefits under section 455G.9. The site cleanup report shall address existing and available remedial technologies and the costs associated with the use of each technology. The board shall not have the authority to affect a contract which has been given written approval under this section.

3. **Exclusive contracts.**

   a. The administrator may enter into a contract or an exclusive contract with the supplier of goods or services required by a class of tank owners or operators in connection with an expense payable or reimbursable from the fund, to supply a specified good or service for a gross maximum price, fixed rate, on an exclusive basis, or subject to another contract term or condition reasonably calculated to obtain goods or services for the fund or for tank owners and operators at a reasonable cost. A contract may provide for direct payment from the fund to a supplier.

   b. The administrator may retain, subject to board approval, an independent person to assist in the review of work required in connection with a release or tank system for which fund benefits are sought, and to establish prevailing cost of goods and services needed. Nothing in this section is intended to preempt the regulatory authority of the department.

4. **Prior approval by administrator.** Unless emergency conditions exist, a contractor performing services pursuant to this section shall have the budget for the work approved by the administrator prior to commencement of the work. No expense incurred which is above the budgeted amount shall be paid unless the administrator approves such expense prior to its being incurred. All invoices or bills shall be submitted with appropriate documentation as deemed necessary by the board, no later than thirty days after the work has been performed. Neither the board nor an owner or operator is responsible for payment for work incurred which has not been previously approved by the board.

Ref to in §455G.4, 455G.9

### §455G.13 Cost recovery enforcement.

1. **Full recovery sought from owner.** The board shall seek full recovery from the owner, operator, or other potentially responsible party liable for the released petroleum which is the subject of a corrective action, for which the fund expends moneys for corrective action or third-party liability, and for all other costs, including reasonable attorney fees and costs of litigation for which moneys are expended by the fund in connection with the release. When federal cleanup funds are recovered, the funds are to be deposited to the remedial account of the fund and used solely for the purpose of future cleanup activities.

2. **Limitation of liability of owner or operator.** Except as provided in subsection 3:

   a. The board or the department of natural resources shall not seek recovery for expenses in connection with corrective action for a release from an owner or operator eligible for assistance under the remedial account except for any unpaid portion of the deductible or copayment. This section does not affect any authorization of the department of natural resources to impose or collect civil or administrative fines or penalties or fees. The remedial account shall not be held liable for any third-party liability.

   b. An owner’s or operator’s liability for a release for which coverage is admitted under the underground storage tank insurance fund established in section 455G.11, Code 2003, shall not exceed the amount of the deductible.

3. **Owner or operator not in compliance, subject to full and total cost recovery.** Notwithstanding subsection 2, the liability of an owner or operator shall be the full and total costs of corrective action and bodily injury or property damage to third parties, as specified in subsection 1, if the owner or operator has not complied with the financial responsibility or other underground storage tank rules of the department of natural resources or with this subchapter and rules adopted under this subchapter.
4. **Treble damages for certain violations.**
   a. Notwithstanding subsections 2 and 3, the owner or operator, or both, of a tank are liable to the fund for punitive damages in an amount equal to three times the amount of any cost incurred or moneys expended by the fund as a result of a release of petroleum from the tank if the owner or operator did any of the following:
      (1) Failed, without sufficient cause, to respond to a release of petroleum from the tank upon, or in accordance with, a notice issued by the director of the department of natural resources.
      (2) After May 5, 1989, failed to perform any of the following:
         (a) Failed to register the tank, which was known to exist or reasonably should have been known to exist.
         (b) Intentionally failed to report a known release.
   b. The punitive damages imposed under this subsection are in addition to any costs or expenditures recovered from the owner or operator pursuant to this subchapter and in addition to any other penalty or relief provided by this subchapter or any other law.
   c. However, the state, a city, county, or other political subdivision shall not be liable for punitive damages.

5. **Lien on tank site.** Any amount for which an owner or operator is liable to the fund, if not paid when due, by statute, rule, or contract, or determination of liability by the board or department of natural resources after hearing, shall constitute a lien upon the real property where the tank, which was the subject of corrective action, is situated, and the liability shall be collected in the same manner as the environmental protection charge pursuant to section 424.11, Code 2016.

6. **Joinder of parties.** The department of natural resources has standing in any case or contested action related to the fund or a tank to assert any claim that the department may have regarding the tank at issue in the case or contested action. Upon motion and sufficient showing by a party to a cost recovery or subrogation action provided for under this section, the court or the administrative law judge shall join to the action any potentially responsible party who may be liable for costs and expenditures of the type recoverable pursuant to this section.

7. **Strict liability.** The standard of liability for a release of petroleum or other regulated substance as defined in section 455B.471 is strict liability.

8. **Third-party contracts not binding on board, proceedings against responsible party.** An insurance, indemnification, hold harmless, conveyance, or similar risk-sharing or risk-shifting agreement shall not be effective to transfer any liability for costs recoverable under this section. The fund, board, or department of natural resources may proceed directly against the owner or operator or other allegedly responsible party. This section does not bar any agreement to insure, hold harmless, or indemnify a party to the agreement for any costs or expenditures under this subchapter, and does not modify rights between the parties to an agreement, except to the extent the agreement shifts liability to an owner or operator eligible for assistance under the remedial account for any damages or other expenses in connection with a corrective action for which another potentially responsible party is or may be liable. Any such provision is null and void and of no force or effect.

9. **Later proceedings permitted against other parties.** The entry of judgment against a party to the action does not bar a future action by the board or the department of natural resources against another person who is later alleged to be or discovered to be liable for costs and expenditures paid by the fund. Notwithstanding section 668.5 no other potentially responsible party may seek contribution or any other recovery from an owner or operator eligible for assistance under the remedial account for damages or other expenses in connection with corrective action for a release for which the potentially responsible party is or may be liable. Subsequent successful proceedings against another party shall not modify or reduce the liability of a party against whom judgment has been previously entered.

10. **Claims against potentially responsible parties.**
   a. Upon payment by the fund for corrective action or third-party liability pursuant to this subchapter, the rights of the claimant to recover payment from any potentially responsible
party are assumed by the board to the extent paid by the fund. A claimant is precluded from receiving double compensation for the same injury.

b. In an action brought pursuant to this subchapter seeking damages for corrective action or third-party liability, the court shall permit evidence and argument as to the replacement or indemnification of actual economic losses incurred or to be incurred in the future by the claimant by reason of insurance benefits, governmental benefits or programs, or from any other source.

c. A claimant may elect to permit the board to pursue the claimant’s cause of action for any injury not compensated by the fund against any potentially responsible party, provided the attorney general determines such representation would not be a conflict of interest. If a claimant so elects, the board’s litigation expenses shall be shared on a pro rata basis with the claimant, but the claimant’s share of litigation expenses is payable exclusively from any share of the settlement or judgment payable to the claimant.

11. Exclusion of punitive damages. The fund shall not be liable in any case for punitive damages.

12. Recovery or subrogation — installers and inspectors. Notwithstanding any other provision contained in this subchapter, the board or a person insured under the underground storage tank insurance fund established in section 455G.11, Code 2003, has no right of recovery or right of subrogation against an installer or an inspector who was insured by the underground storage tank insurance fund for the tank giving rise to the liability other than for recovery of any deductibles paid.

89 Acts, ch 131, §56

455G.16 Financial institution participation in fund.
1. The board may impose conditions on the participation of a financial institution in the fund. Conditions shall be reasonably intended to increase the quantity of private capital available for loans to tank owners or operators who are small businesses within the meaning of section 455G.2. Additionally, the board may offer incentives to financial institutions meeting conditions imposed by the board. Incentives may include extended fund coverage of corrective action or third-party liability expenses, waiver of copayment or deductible requirements, or other benefits not offered to other participants, if reasonably intended to increase the quantity of private capital available for loans by an amount greater than the increased costs of the incentives to the fund.

2. Third-party liability expenses under this section specifically exclude any claim, cause of action, or suit, for personal injury including but not limited to loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

455G.21 Marketability fund.
1. A marketability fund is created as a separate fund in the state treasury under the control of the board. The board shall administer the marketability fund. Notwithstanding section 8.33, moneys remaining in the marketability fund at the end of each fiscal year shall not revert to the general fund but shall remain in the marketability fund. The marketability fund shall include, notwithstanding section 12C.7, interest earned by the marketability fund or other income specifically allocated to the marketability fund.
2. The marketability fund shall be used for the following purposes:
   a. The innocent landowners fund shall be established as a separate fund in the state treasury under the control of the board. The innocent landowners fund shall include any moneys recovered pursuant to cost recovery enforcement under section 455G.13. Notwithstanding section 455G.1, subsection 2, benefits for the costs of corrective action may be provided to the owner of a petroleum-contaminated property, or an owner or operator of an underground storage tank located on the property, who is not otherwise eligible to receive benefits under section 455G.9 due to the date on which the release causing the contamination was reported or the date the claim was filed. An owner of a petroleum-contaminated property, or an owner or operator of an underground storage tank located on the property, shall be eligible for payment of corrective action costs subject to copayment requirements under section 455G.9, subsection 4. The board may adopt rules conditioning receipt of benefits under this paragraph to those petroleum-contaminated properties which present a higher degree of risk to the public health and safety or the environment and may adopt rules providing for denial of benefits under this paragraph to a person who did not make a good faith attempt to comply with the provisions of this subchapter. This paragraph does not confer a legal right to an owner of petroleum-contaminated property, or an owner or operator of an underground storage tank located on the property, for receipt of benefits under this paragraph.
   b. The remainder of the moneys shall be used for payment of remedial benefits as provided in section 455G.9.
3. Moneys in the fund shall not be used for purposes of bonding or providing security for bonding under this subchapter.

STORAGE TANK FUND

455G.24 through 455G.30 Reserved.
455G.31 E-85 gasoline storage and dispensing infrastructure.
1. As used in this section, unless the context otherwise requires:
   (1) “Dispenser” includes a motor fuel pump, including but not limited to a motor fuel
       blender pump.
   (2) “E-85 gasoline”, “ethanol blended gasoline”, and “retail dealer” mean the same as
       defined in section 214A.1.
   (3) “Gasoline storage and dispensing infrastructure” means any storage tank located
       below ground or above ground and any associated equipment including but not limited to a
       pipe, hose, connection, fitting seal, or motor fuel pump, which is used to store, measure, and
       dispense gasoline by a retail dealer.
   (4) “Motor fuel pump” means the same as defined in section 214.1.
   b. Ethanol blended gasoline shall be designated in the same manner as provided in section
       214A.2.
2. A retail dealer may use gasoline storage and dispensing infrastructure to store and
   dispense ethanol blended gasoline classified as E-9 or higher if the department of natural
   resources under this subchapter or the state fire marshal under chapter 101 determines that
   it is compatible with the ethanol blended gasoline being used.
3. a. A retail dealer may use a dispenser that does not satisfy the requirement in
   subsection 2 to dispense ethanol blended gasoline classified as higher than E-10 if the
   dispenser’s manufacturer has submitted the dispenser to an independent testing laboratory
   to be listed as compatible for use with E-85 gasoline. In addition, the retail dealer must install
   an under-dispenser containment system with electronic monitoring. The under-dispenser
   containment system shall comply with applicable rules adopted by the department of natural
   resources and the state fire marshal.
   b. If within ten years from the date that a dispenser described in paragraph “a” is
      installed the same model of dispenser is listed as compatible for use with E-85 gasoline
      by an independent testing laboratory, the dispenser shall be deemed as compatible for use
      with ethanol blended gasoline classified as E-9 or higher up to and including E-85 by the
      department of natural resources and the state fire marshal. However, if after that time
      the same model of dispenser is not listed as compatible for use with E-85 gasoline by an
      independent testing laboratory, paragraph “a” no longer applies and the retail dealer must
      upgrade or replace the dispenser as necessary to be listed as compatible for use with E-85
      gasoline.

455H.101 Short title.
This chapter shall be known and may be cited as the “Iowa Land Recycling and Environmental Remediation Standards Act”.
97 Acts, ch 127, §1

455H.102 Scope.
The environmental remediation standards established under this chapter shall be used for any response action or other site assessment or remediation that is conducted at a site enrolled pursuant to this chapter notwithstanding provisions regarding water quality in chapter 455B, division III; hazardous conditions in chapter 455B, division IV, part 4; hazardous waste and substance management in chapter 455B, division IV, part 5; underground storage tanks, other than petroleum underground storage tanks, in chapter 455B, division IV, part 8; and groundwater protection in chapter 455E.
97 Acts, ch 127, §2; 2011 Acts, ch 9, §7

455H.103 Definitions.
As used in this chapter, unless the context requires otherwise:
1. “Affected area” means any real property affected, suspected of being affected, or modeled to be likely affected by a release occurring at an enrolled site.
2. “Affiliate” means a corporate parent, subsidiary, or predecessor of a participant, a co-owner or cooperator of a participant, a spouse, parent, or child of a participant, an affiliated corporation or enterprise of a participant, or any other person substantially involved in the legal affairs or management of a participant, as defined by the department.
3. “Background levels” means concentrations of hazardous substances naturally occurring and generally present in the environment in the vicinity of an enrolled site or an affected area and not the result of releases.
4. “Commission” means the environmental protection commission created under section 455A.6.
5. “Department” means the department of natural resources created under section 455A.2.
6. “Director” means the director of the department of natural resources appointed under section 455A.3.
7. “Enrolled site” means any property which has been or is suspected to be the site of or affected by a release and which has been enrolled pursuant to this chapter by a participant.
8. “Environmental covenant” means a servitude arising under an environmental response project that imposes activity and use limitations as defined in section 455I.2.
9. “Hazardous substance” has the same meaning as defined in section 455B.381.
10. “Noncancer health risk” means the potential for adverse systemic or toxic effects caused by exposure to noncarcinogenic hazardous substances expressed as the hazard quotient for a hazardous substance. A hazard quotient is the ratio of the level of exposure of a hazardous substance over a specified time period to a reference dose for a similar exposure period.
11. “Participant” means any person who enrolls property pursuant to this chapter. A participant is a participant only to the extent the participant complies with the requirements of this chapter.
12. “Protected groundwater source” means a saturated bed, formation, or group of formations which has a hydraulic conductivity of at least forty-four-hundredths meters per day and a total dissolved solids concentration of less than two thousand five hundred milligrams per liter.
13. “Protected party” means any of the following:
   a. A participant, including, but not limited to, a development authority or fiduciary.
   b. A person who develops or otherwise occupies an enrolled site after the issuance of a no further action letter.
   c. A successor or assignee of a protected party, as to an enrolled site of a protected party.
   d. A lender which practices commercial lending including, but not limited to, providing financial services, holding of security interests, workout practices, and foreclosure or the recovery of funds from the sale of an enrolled site.
   e. A parent corporation or subsidiary of a participant.
   f. A co-owner or cooperator, either by joint tenancy or a tenancy in common, or any other party sharing a legal relationship with the participant.
   g. A holder of a beneficial interest of a land trust or inter vivos trust, whether revocable or irrevocable, as to any interests in an enrolled site.
   h. A mortgagee or trustee of a deed of trust existing as to an enrolled site as of the date of issuance of a no further action letter.
   i. A transferee of the participant whether the transfer is by purchase, eminent domain, assignment, bankruptcy proceeding, partition, dissolution of marriage, settlement or adjudication of any civil action, charitable gift, or bequest, in conjunction with the acquisition of title to the enrolled site.
   j. An heir or devisee of a participant.
   k. A government agency or political subdivision which acquires an enrolled site through voluntary or involuntary means, including, but not limited to, abandonment, tax foreclosure, eminent domain, or escheat.
14. “Release” means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the environment of a hazardous substance, including the abandonment or discarding of barrels, containers, and other closed receptacles containing any hazardous substance, but excludes all of the following:
   a. Any release which results in exposure to persons solely within a workplace, with respect to a claim which such persons may assert against the employer of such persons.
   b. Emissions from the engine exhaust of a motor vehicle, rolling stock, aircraft, vessel, or pipeline pumping station engine.
   c. The release of source, by-product, or special nuclear material from a nuclear incident, as those terms are defined in the federal Atomic Energy Act of 1954, if such release is subject
to requirements with respect to financial protection established by the nuclear regulatory commission under 42 U.S.C. §2210 or, for the purposes of 42 U.S.C. §9604 or any other response action, any release of source, by-product, or special nuclear material from any processing site designated under 42 U.S.C. §7912(a)(1) or 7942(a).

d. The use of pesticides in accordance with the product label.

15. “Response action” means an action taken to reduce, minimize, eliminate, clean up, control, assess, or monitor a release to protect the public health and safety or the environment. “Response action” includes, but is not limited to, investigation, excavation, removal, disposal, cleansing of groundwaters or surface waters, natural biodegradation, institutional controls, technological controls, or site management practices.

97 Acts, ch 127, §3; 99 Acts, ch 114, §39; 2005 Acts, ch 102, §3

§455H.104 Declaration of policy.

The general assembly finds and declares all of the following:

1. Some real property in Iowa is not put to its highest productive use because it is contaminated or it is perceived to be contaminated as a result of past activity on the property. The reuse of these sites is an important component of a sound land-use policy that will prevent the needless development of prime farmland and open-space and natural areas, and reduce public expenditures for installing new infrastructure.

2. Incentives should be put in place to encourage capable persons to voluntarily develop and implement cleanup plans.

3. The safe reuse of property should be encouraged through the adoption of environmental remediation standards developed through an open process which take into account the risks associated with any release at the site. Any remediation standards adopted by this state must provide for the protection of the public health and safety and the environment.

97 Acts, ch 127, §4

§455H.105 Duties of the commission.

The commission shall do all of the following:

1. Adopt rules pertaining to the assessment, evaluation, and cleanup of the presence of hazardous substances which allow participants to carry out response actions using background standards, statewide standards, or site-specific cleanup standards pursuant to this chapter.

2. Adopt rules establishing statewide standards and criteria for determination of background standards and site-specific cleanup standards.

3. Adopt rules establishing a program intended to encourage and enhance assessment, evaluation, and cleanup of sites which may have been the site of or affected by a release.

4. Adopt rules establishing a program to administer the land recycling fund established in section 455H.401.

5. Adopt rules establishing requirements for the submission, performance, and verification of site assessments, cleanup plans, and certifications of completion. The rules shall provide that all site assessments, cleanup plans, and certifications of completion submitted by a participant shall be prepared by or under the supervision of an appropriately trained professional, including a groundwater professional certified pursuant to section 455B.474.

6. Adopt rules for public notice of the proposed verification of a certificate of completion by the department where the certificate of completion is conditioned on the use of an institutional or technological control.

§455H.106 Duties of the department.

The department shall do all of the following:

1. Enter into agreements or issue orders in connection with the enrollment of property into a program established pursuant to this chapter.
2. Issue no further action letters upon the demonstration of compliance with applicable standards for an affected area by a participant.
3. Enter into agreements or issue orders providing for institutional and technological controls to assure compliance with applicable standards pursuant to this chapter.
4. Take actions necessary, including the revocation, suspension, or modification of permits or agreements, the issuance of orders, and the initiation of administrative or judicial proceedings, to enforce the provisions of this chapter and any agreements, covenants, easements, or orders issued pursuant to this chapter.

97 Acts, ch 127, §6

455H.107 Land recycling program.
1. A person may enroll property in the land recycling program pursuant to this chapter to carry out a response action in accordance with rules adopted by the commission which outline the eligibility for enrollment. The eligibility rules shall reasonably encourage the enrollment of all sites potentially eligible to participate under this chapter and shall not take into account any amounts the department may be reimbursed under this chapter.
2. All participants shall enter into an agreement with the department to reimburse the department for actual costs incurred by the department in reviewing documents submitted as a part of the enrollment of the site. This fee shall not exceed seven thousand five hundred dollars per enrolled site for sites enrolled prior to July 1, 2018. For sites enrolled on or after July 1, 2018, the fee shall not exceed twenty-five thousand dollars per enrolled site. An agreement entered into under this subsection must allow the department access to the enrolled site and must require a demonstration of the participant’s ability to carry out a response action reasonably associated with the enrolled site.
3. All of the following shall not be enrolled in the land recycling program:
   a. Property for which corrective action is needed or has been taken for petroleum underground storage tanks under chapter 455B, division IV, part 8. However, such property may be enrolled to address hazardous substances other than petroleum from underground storage tanks.
   b. Property which has been placed or is proposed to be included on the national priorities list established pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §9601 et seq.
   c. An animal feeding operation structure as defined in section 459.102.
4. If the site cleanup assessment demonstrates that the release on the enrolled site has affected additional property, all property which is shown to be affected by the release on the enrolled site shall be enrolled in addition to the enrolled site.
5. Following enrollment of the property in the land recycling program, the participant shall proceed on a timely basis to carry out response actions in accordance with the rules implementing this chapter.
6. Once the participant has demonstrated the affected area is in compliance with the standards described in subchapter 2, the department shall proceed on a timely basis and issue a no further action letter pursuant to section 455H.301.
7. The participant may withdraw the enrolled site from further participation in the land recycling program at any time upon written notice to the department. Any participant who withdraws an enrolled site from further participation in the program shall not be entitled to any refund or credit for the enrollment fee paid pursuant to this section and shall, subject to the limitation on fees in subsection 2, be liable for any costs actually incurred by the department. The department or court may determine that a participant who withdraws prior to completion of all response actions identified for the enrolled site forfeits all benefits and immunities provided by this chapter as to the enrolled site. If it is deemed necessary and appropriate by the department, a participant who withdraws shall stabilize the enrolled site in accordance with a plan approved by the department.

455H.201 Cleanup standards.
1. a. A participant carrying out a response action shall take such response actions as necessary to assure that conditions in the affected area comply with any of the following, as applicable:
   (1) Background standards established pursuant to section 455H.202.
   (2) Statewide standards established pursuant to section 455H.203.
   (3) Site-specific cleanup standards established pursuant to section 455H.204.
 b. Any remediation standard which is applied must provide for the protection of the public health and safety and the environment.
2. A participant may use a combination of these standards to implement a site remediation plan and may propose to use the site-specific cleanup standards whether or not efforts have been made to comply with the background or statewide standards.
3. Until rules setting out requirements for background standards, statewide standards, or site-specific cleanup standards are finally adopted by the commission and effective, participants may utilize site-specific cleanup standards for any hazardous substance utilizing the procedures set out in the department’s rules implementing risk-based corrective action for underground storage tanks and, where relevant, the United States environmental protection agency’s guidance regarding risk assessment for superfund sites.
4. The standards may be complied with through a combination of response actions that may include, but are not limited to, treatment, removal, technological or institutional controls, and natural attenuation and other natural mechanisms, and can include the use of innovative or other demonstrated measures.
   97 Acts, ch 127, §8; 2011 Acts, ch 25, §143

455H.202 Background standards.
1. Methods to identify background standards shall be adopted by the commission after consideration of the joint recommendations of the department and the technical advisory committee.
2. The demonstration that the affected area meets the background standard shall be documented by the participant in the following manner:
   a. Compliance with the background standard shall be demonstrated by collection and analysis of representative samples from environmental media of concern.
   b. A final report that documents compliance with the background standard shall be submitted to the department and shall include, as appropriate, all of the following:
      (1) A description of procedures and conclusions of the site investigation to characterize the nature, extent, direction, volume, and composition of hazardous substances.
      (2) The basis for selecting environmental media of concern, descriptions of removal or decontamination procedures performed in remediation, and summaries of sampling methodology and analytical results which demonstrate that the background standard has been complied with.
      (3) The basis for determining the background levels.
   97 Acts, ch 127, §9

455H.203 Statewide standards.
1. Statewide standards shall be adopted by the commission after consideration of the joint recommendations of the department and the technical advisory committee. The standards must provide for the protection of the public health and safety and the environment.
2. In establishing these standards, all of the following shall be considered:
   a. Separate standards shall be established for hazardous substances in soil, in
groundwater which is a protected groundwater source, and in groundwater which is not a protected groundwater source.

b. In groundwater which is a protected groundwater source, the standards shall be the maximum contaminant levels established pursuant to the department's drinking water standards or, for contaminants that do not have established drinking water standards, the standards shall be derived in a manner comparable to that used for establishment of drinking water standards. An affected area shall not be required to be cleaned up to concentration levels below or more restrictive than background levels.

c. In groundwater which is not a protected groundwater source, the standards shall be no more protective than a standard reflecting an increased cancer risk of one in ten thousand from exposure to contaminants that are known or probable human carcinogens; a standard reflecting a noncancer health risk of one-tenth from exposure to contaminants that are possible human carcinogens; or a standard reflecting a noncancer health risk of one from exposure to contaminants that are not known, probable, or possible human carcinogens. An affected area shall not be required to be cleaned up to levels below or more restrictive than background levels.

d. In soil, the standards shall be no more protective than a standard reflecting an increased cancer risk of five in one million from exposure to contaminants that are known or probable human carcinogens; a standard reflecting a noncancer health risk of one-tenth from exposure to contaminants that are possible human carcinogens; or a standard reflecting a noncancer health risk of one from exposure to contaminants that are not known, probable, or possible human carcinogens. An affected area shall not be required to be cleaned up to concentration levels below or more restrictive than background levels.

e. Statewide standards specified in paragraphs "b", "c", and "d" assume exposure to individual contaminants in groundwater or soil. If more than one contaminant exists in a medium or exposure to contaminants can occur from more than one medium, standards shall be adjusted to reflect a cumulative increased cancer risk that is no less protective than one in ten thousand and a cumulative noncancer health risk to the same target human organ that is no less protective than one. Risks associated with background levels of contaminants shall not be included in the cumulative risk determination.

3. The demonstration that the affected area meets the statewide standard shall be documented by the participant, as appropriate, in the following manner:

a. Compliance with cleanup levels shall be demonstrated by collection and analysis of representative samples from the environmental medium of concern.

b. A final report that documents compliance with the statewide standard shall be submitted to the department which includes, as appropriate, the descriptions of procedures and conclusions of the site investigation to characterize the nature, extent, direction, rate of movement at the site and cumulative effects, if any, volume, composition, and concentration of hazardous substances in environmental media, the basis for selecting environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, descriptions of removal or treatment procedures performed in remediation, and summaries of sampling methodology and analytical results which demonstrate that hazardous substances have been removed or treated to applicable levels.

455H.204 Site-specific cleanup standards.

1. Procedures to establish site-specific cleanup standards shall be adopted by the commission after consideration of the joint recommendations of the department and the technical advisory committee. Site-specific cleanup standards must provide for the protection of the public health and safety and the environment.

2. Site-specific cleanup standards and appropriate response actions shall take into account all of the following provided, however, that an affected area shall not be required to be cleaned up to levels below or more restrictive than background levels, and in groundwater which is not a protected groundwater source, to a concentration level which presents an increased cancer risk of less than one in ten thousand:
a. The most appropriate exposure scenarios based on current or probable future residential, commercial, industrial, or other industry-accepted scenarios.

b. Exposure pathway characterizations including contaminant sources, transport mechanisms, and exposure pathways.

c. Affected human or environmental receptors and exposure scenarios based on current or probable projected use scenarios.

d. Risk-based corrective action assessment principles which identify risks presented to the public health and safety or the environment by each released hazardous substance in a manner that will protect the public health and safety or the environment using a tiered procedure consistent with the ASTM (American Society for Testing and Materials) international standards applied to nonpetroleum and petroleum hazardous substances.

e. Other relevant site-specific risk-related factors such as the feasibility of available technologies, existing background levels, current and planned future uses, ecological, aesthetic, and other relevant criteria, and the applicability and availability of technological and institutional controls.

f. Cleanup shall not be required in an affected area that does not present any of the following:

(1) An increased cancer risk from a single contaminant at the point of exposure of five in one million for residential areas or one in ten thousand for nonresidential areas.

(2) An increased cancer risk from multiple contaminants or multiple routes of exposure greater than one in ten thousand.

(3) An increased noncancer health risk from a single contaminant at the point of exposure of greater than one, or greater than one-tenth for possible carcinogens.

(4) An increased noncancer risk to the same target human organ from multiple contaminants or multiple routes of exposure greater than one.

3. The concentration of a hazardous substance in an environmental medium of concern at an affected area where the site-specific standard has been selected shall not be required to meet the site-specific standard if the site-specific standard is numerically less than the background level. In such cases, the background level shall apply.

4. Any participant electing to comply with site-specific standards established by this section shall submit, as appropriate, all of the following reports and evaluations for review and approval by the department:

a. (1) A site-specific risk assessment report and a cleanup plan. The site-specific risk assessment report must include, as appropriate, all of the following:

   (a) Documentation and descriptions of procedures and conclusions from the site investigation to characterize the nature, extent, direction, rate of movement, volume, and composition of hazardous substances.

   (b) The concentration of hazardous substances in environmental media of concern, including summaries of sampling methodology and analytical results.

   (c) A fate and transport analysis to demonstrate that no exposure pathways exist.

   (2) If no exposure pathways exist, a risk assessment report and a cleanup plan are not required and no remedy is required to be proposed or completed.

b. A final report demonstrating compliance with site-specific cleanup standards has been completed in accordance with the cleanup plan.

c. This section does not preclude a participant from submitting a site-specific risk assessment report and cleanup plan at one time to the department for review.

5. Upon submission of either a site-specific risk assessment report or a cleanup plan to the department, the department shall notify the participant of any deficiencies in the report or plan in a timely manner.

6. Owners and operators of underground storage tanks other than petroleum underground storage tanks, aboveground storage tanks, and pipelines which contain or have contained petroleum shall comply with the corrective action rules issued pursuant to chapter 455B, division IV, part 8, to satisfy the requirements of this section.

Referred to in §455H.201
455H.205 Variances.

1. A participant may apply to the department for a variance from any applicable provision of this chapter.

2. The department may issue a variance from applicable standards only if the participant demonstrates all of the following:
   a. The participant demonstrates either of the following:
      (1) It is technically infeasible to comply with the applicable standards.
      (2) The cost of complying with the applicable standards exceeds the benefits.
   b. The proposed alternative standard or set of standards in the terms and conditions set forth in the application will result in an improvement of environmental conditions in the affected area and ensure that the public health and safety will be protected.
   c. The establishment of and compliance with the alternative standard or set of standards in the terms and conditions is necessary to promote, protect, preserve, or enhance employment opportunities or the reuse of the enrolled site.

3. If requested by a participant, the department may issue a variance from any other provision of this chapter if the department determines that the variance would be consistent with the declaration of policy of this chapter and is reasonable under the circumstances.

97 Acts, ch 127, §12

455H.206 Institutional and technological controls.

1. In achieving compliance with the cleanup standards under this chapter, a participant may use an institutional or technological control. The director may require reasonable proof of financial assurance where necessary to assure a technological control remains effective.

2. An institutional or technological control includes any of the following:
   a. A state or federal law or regulation.
   b. An ordinance of any political subdivision of the state.
   c. A contractual obligation recorded and executed in a manner satisfying chapter 558.
   d. A control which the participant can demonstrate reduces or manages the risk from a release through the period necessary to comply with the applicable standards.
   e. An environmental protection easement filed prior to July 1, 2005.
   f. An environmental covenant created in accordance with chapter 455I.

3. If the department’s determination of compliance with applicable standards pursuant to subchapter 3 is conditioned on a restriction in the use of any real estate in the affected area, the participant must utilize an institutional control. If the restriction in use is to limit the use to nonresidential use, the participant must use an environmental covenant as the institutional control. Environmental covenants may also be used to implement other institutional or technological controls. An environmental covenant must comply with the requirements of chapter 455I.

4. If the use of an institutional or technological control is confirmed in a no further action letter issued pursuant to section 455H.301, the institutional or technological control may be enforced in district court by the department, a political subdivision of this state, the participant, or any successor in interest to the participant.

5. An institutional or technological control, except for an environmental covenant, may be removed, discontinued, modified, or terminated by the participant or a successor in interest to the participant upon a demonstration that the control no longer is required to assure compliance with the applicable standard. Upon review and approval by the department, the department shall issue an amendment to its no further action letter approving the removal, discontinuance, modification, or termination of an institutional or technological control which is no longer needed.

6. An environmental covenant created pursuant to subsection 3 may be terminated or amended only in accordance with chapter 455I. The department may determine that any person who intentionally violates an environmental covenant or other technological or institutional control contained in a no further action letter loses any of the benefits provided by this chapter as to the affected area. In the event the technological or institutional controls fail to achieve compliance with the applicable standards, the participant shall undertake an additional response action sufficient to demonstrate to the department compliance with
applicable standards. Failure to proceed in a timely manner in performing the additional response action may result in termination of the participant’s enrollment in the land recycling program.

97 Acts, ch 127, §13; 2005 Acts, ch 102, §4

§455H.207 Response action — permitting requirements.

1. A participant who would be otherwise required to obtain a permit, license, plan approval, or other approval from the department under any provision of the Code may obtain a consolidated standards permit for the activities in connection with the response action for which the permit, license, plan approval, or other approval is required. The consolidated standards permit shall encompass all the substantive requirements applicable to those activities under any applicable federal or state statute, rule, or regulation and any agreements the director had entered into with the United States environmental protection agency under those statutes, rules, or regulations.

2. In addition to any other notice or hearing requirements of relevant chapters, at least ten days prior to issuing a permit under this section, the director shall publish a notice of the proposed permit which contains a general description of the activities to be conducted in the affected area under the permit. The notice shall be published in the official newspaper, as designated by the county board of supervisors pursuant to section 349.1, of the county in which the site is located. A person may submit written or oral comments on or objections to the permit. After considering the comments and objections, the director shall approve or deny the application for the consolidated standards permit.

3. A participant issued a consolidated standards permit under this section in connection with a particular activity is not required to obtain a permit, license, plan approval, or other approval from the department in connection with any activity under the applicable provisions of the Code or rules. A participant who obtains a consolidated standards permit for a particular activity is deemed to be in compliance with the requirement to obtain from the department a permit, license, plan approval, or other approval in connection with the activity under the applicable provisions of the Code or rules. A violation of the conditions of the consolidated standards permit shall be deemed to be a violation of the applicable statute, rule, or regulation under which approval of activities in connection with a response action would have been required and is subject to enforcement in the same manner and to the same extent as a violation of the applicable statute, rule, or regulation would have been.

97 Acts, ch 127, §14

§455H.208 Public participation.

Public participation shall be a required component of the process for participants for all sites enrolled in the land recycling program. The required level of public participation shall vary depending on the conditions existing at a site. At a minimum, the department shall notify all adjacent property owners, occupants of adjacent property, and the city or county in which the property is located of a site’s enrollment in the land recycling program and of the scope of work described in the participation agreement, and give the notified parties the opportunity to obtain updates regarding the status of activities relating to the enrolled site in the land recycling program. The notification shall not be required before the participant has had the opportunity to collect basic information characterizing the nature and extent of the contamination, but the notification shall be required in a timely manner allowing appropriate parties to have input in the formulation of the response action. If contaminants from the enrolled site have migrated off the enrolled site or are likely to migrate off the enrolled site, as determined by the department, the department shall notify by direct mailing all potentially affected parties, including the city or county in which the potentially affected property is located, and officials in charge of any potentially impacted public water supply and the notified parties shall be given opportunity to comment on proposed response actions. The department may require the participant of an enrolled site to publish public notice in a local newspaper if widespread interest in the site exists or is likely to exist as determined by the department. The department shall consider reasonable comments from
potentially affected parties in determining whether to approve or disapprove a proposed
response action or site closure.

**455H.209 through 455H.300** Reserved.

**SUBCHAPTER 3**

**EFFECTS OF PARTICIPATION**

Referred to in §455H.206

**455H.301 No further action letters.**

1. Once a participant demonstrates that an affected area meets applicable standards and
the department has certified that the participant has met all requirements for completion, the
department shall promptly issue a no further action letter to the participant.

2. a. A no further action letter shall state that the participant and any protected party are
not required to take any further action at the site related to any hazardous substance for which
compliance with applicable standards is demonstrated by the participant in accordance with
applicable standards, except for continuing requirements specified in the no further action
letter. If the participant was a person having control over a hazardous substance, as that
phrase is defined in section 455B.381, at the time of the release, a no further action letter may
provide that a further response action may be required, where appropriate, to protect against
an imminent and substantial threat to public health, safety, and welfare. A protected party
who was a person having control over a hazardous substance, as that phrase is defined in
section 455B.381, at the time of the release, may be required by the department to conduct a
further response action, where appropriate, to protect against an imminent and substantial
threat to public health, safety, and welfare.

b. If a person transfers property to an affiliate in order for that person or the affiliate to
obtain a benefit to which the transferor would not otherwise be eligible under this chapter or
to avoid an obligation under this chapter, the affiliate shall be subject to the same obligations
and obtain the same level of benefits as those available to the transferor under this chapter.

c. A no further action letter shall be void if the department demonstrates by clear,
satisfactory, and convincing evidence that any approval under this chapter was obtained by
fraud or material misrepresentation, knowing failure to disclose material information, or
false certification to the department.

3. The department shall provide, upon request, a no further action letter as to the affected
area to each protected party.

4. The department shall condition the no further action letter upon compliance with
any institutional or technological controls relied upon by the participant to demonstrate
compliance with the applicable standards.

5. A no further action letter shall be in a form recordable in county real estate records as
provided in chapter 558.

**455H.302 Covenants not to sue.**

Upon issuance of a no further action letter pursuant to section 455H.301, a covenant not to
sue arises by operation of law. The covenant releases the participant and each protected party
from liability to the state, in the state’s capacity as a regulator administering environmental
programs, to perform additional environmental assessment, remedial activity, or response
action with regard to the release of a hazardous substance for which the participant and each
protected party has complied with the requirements of this chapter.

97 Acts, ch 127, §16
455H.303 Cessation of statutory liability.
Upon issuance of a no further action letter pursuant to section 455H.301, except as provided in that section, the participant and each protected party shall no longer have liability under chapter 455A, under chapter 455B other than liability for petroleum underground storage tanks, or under chapters 455D and 455E to the state or to any other person as to any condition at the affected area with regard to hazardous substances for which compliance with applicable standards was demonstrated by the participant in accordance with this chapter and for which the department has provided a certificate of completion.

97 Acts, ch 127, §17

455H.304 Limitation of liability.
1. As used in this section, unless the context requires otherwise:
   a. “Environmental claim” means a civil action for damages for environmental harm and includes a civil action under this chapter for recovery of the costs of conducting a response action, but does not include a civil action for damages for a breach of contract or another agreement between persons or for a breach of a warranty that exists pursuant to the Code or common law of this state.
   b. “Environmental harm” means injury, death, loss, or threatened loss to a person or property caused by exposure to or the release of a hazardous substance.
2. Except as may be required in accordance with obligations incurred pursuant to participation in the land recycling program established in this chapter, all of the following, or any officer or employee thereof, are relieved of any further liability for any environmental claim resulting from the presence of hazardous substances at, or the release of hazardous substances from, an enrolled site where a response action is being or has been conducted under this chapter, unless an action or omission of the person, state agency, political subdivision, or public utility, or an officer or employee thereof, constitutes willful or wanton misconduct or intentionally tortious conduct:
   a. A contractor working for another person in conducting any response action under this chapter.
   b. A state agency or political subdivision that is conducting a voluntary response action or a maintenance activity on lands, easements, or rights-of-way owned, leased, or otherwise held by the state agency or political subdivision.
   c. A state agency when an officer or employee of the state agency provides technical assistance to a participant undertaking a response action under this chapter or rules adopted pursuant to this chapter, or to a contractor, officer, or employee of the agency, in connection with the response action.
   d. A public utility, as defined in section 476.1, which is performing work in any of the following:
      (1) An easement or right-of-way of a public utility across an affected area where a response action is being or has been conducted and where the public utility is constructing or has main or distribution lines above or below the surface of the ground for purposes of maintaining the easement or right-of-way for construction, repair, or replacement of any of the following:
         (a) Main or distribution lines above or below the surface of the ground.
         (b) Poles, towers, foundations, or other structures supporting or sustaining any such lines.
         (c) Appurtenances to poles, towers, foundations, or other structures supporting or sustaining any such lines.
      (2) An affected area where a response action is being conducted that is necessary to establish or maintain utility service to the property, including, without limitation, the construction, repair, or replacement of any of the following:
         (a) Main or distribution lines above or below the surface of the ground.
         (b) Poles, towers, foundations, or other structures supporting or sustaining any such lines.
         (c) Appurtenances to poles, towers, foundations, or other structures supporting or sustaining any such lines.
3. This section does not create, and shall not be construed to create, a new cause of
action against or substantive legal right against a person, state agency, political subdivision, or public utility, or an officer or employee thereof.

4. This section does not affect, and shall not be construed as affecting, any immunities from civil liability or defenses established by another section of the Code or available at common law, to which a person, state agency, political subdivision, or public utility, or officer or employee thereof, may be entitled under circumstances not covered by this section.

97 Acts, ch 127, §18

455H.305 Participation not deemed an admission of liability.

1. Enrolling a site pursuant to this chapter or participating in a response action does not constitute an admission of liability under the statutes of this state, the rules adopted pursuant to the statutes, or the ordinances and resolutions of a political subdivision, or an admission of civil liability under the Code or common law of this state.

2. The fact that a person has become a participant in a response action under this chapter is not admissible in any civil, criminal, or administrative proceeding initiated or brought under any law of this state other than to enforce this chapter.

3. All information, documents, reports, data produced, and any sample collected as a result of enrolling any property under this chapter are not admissible against the person undertaking the response action, and are not discoverable in any civil or administrative proceeding against the participant undertaking the response action except in a judicial or administrative proceeding initiated to enforce this chapter in connection with an alleged violation thereof. This prohibition against admissibility does not apply to any person whose covenant not to sue has been revoked under this chapter.

4. Enrolling a site pursuant to this chapter or participating in a response action shall not be construed to be an acknowledgment that the conditions at the affected area identified and addressed by the response action constitute a threat or danger to public health or safety or the environment.

97 Acts, ch 127, §19

455H.306 Liability protections.

The protections from liability afforded under this chapter shall be in addition to the exclusions to any liability protections afforded participants under any other provision of the Code.

97 Acts, ch 127, §20

455H.307 Liability — new release — condition outside affected area.

Protections afforded in this chapter shall not relieve a person from liability for a release of a hazardous substance occurring at the enrolled site after the issuance of a no further action letter or from liability for any condition outside the affected area addressed in the cleanup plan and no further action letter.

97 Acts, ch 127, §21

455H.308 Relationship to federal law.

The liability protection and immunities afforded under this chapter extend only to liability or potential liability arising under state law. It is not intended to provide any relief as to liability or potential liability arising under federal law. This section shall not be construed as precluding any agreement with a federal agency by which it agrees to provide liability protection based on participation and completion of a cleanup plan under this chapter.

97 Acts, ch 127, §22

455H.309 Incremental property taxes.

To encourage economic development and the recycling of contaminated land to promote the purposes of this chapter, cities and counties may provide by ordinance that the costs of carrying out response actions under this chapter are to be reimbursed, in whole or in part, by incremental property taxes over a six-year period. A city or county which implements the option provided for under this section shall provide that taxes levied on property enrolled in
the land recycling program under this chapter each year by or for the benefit of the state, city, county, school district, or other taxing district shall be divided as provided in section 403.19, subsections 1 and 2, in the same manner as if the enrolled property was taxable property in an urban renewal project. Incremental property taxes collected under this section shall be placed in a special fund of the city or county. A participant shall be reimbursed with moneys from the special fund for costs associated with carrying out a response action in accordance with rules adopted by the commission. Beginning in the fourth of the six years of collecting incremental property taxes, the city or county shall begin decreasing by twenty-five percent each year the amount of incremental property taxes computed under this section.

97 Acts, ch 127, §23

455H.310 through 455H.400 Reserved.

SUBCHAPTER 4
LAND RECYCLING FUND

455H.401 Land recycling fund.
1. A land recycling fund is created within the state treasury under the control of the commission. Moneys received from fees, general revenue, federal funds, gifts, bequests, donations, or other moneys so designated shall be deposited in the fund. Any unexpended balance in the land recycling fund at the end of each fiscal year shall be retained in the fund, notwithstanding section 8.33.
2. The commission may use the land recycling fund to provide for all of the following:
   a. Financial assistance to political subdivisions of the state for activities related to an enrolled site.
   b. Financial assistance and incentives for qualifying enrolled sites.
   c. Funding for any other purpose consistent with this chapter and deemed appropriate by the commission.

97 Acts, ch 127, §24
Referred to in §455H.105

455H.402 through 455H.500 Reserved.

SUBCHAPTER 5
MISCELLANEOUS PROVISIONS

455H.503 Recordkeeping requirements.
The director shall maintain a record of the affected areas or portion of affected areas for which no further action letters were issued under section 455H.301 and which involve institutional or technological controls that restrict the use of any of the enrolled sites to comply with applicable standards. The records pertaining to those sites shall indicate the applicable use restrictions.

97 Acts, ch 127, §27

455H.504 Transferability of participation benefits.
A no further action letter, a covenant not to sue, and any agreement authorized to be entered into and entered into under this chapter and the rules adopted pursuant to this chapter may be transferred by the participant or a later recipient to any other person by assignment or in conjunction with the acquisition of title to the enrolled site to which the document applies.

97 Acts, ch 127, §28
455H.505 Emergency response.
The provisions of this chapter shall not prevent or impede the immediate response of the department or a participant to an emergency which involves an imminent or actual release of a hazardous substance which threatens public health and safety or the environment. The emergency response action taken by the participant shall comply with the provisions of this chapter and the participant shall not be prejudiced by the mitigation measures undertaken to that point.
97 Acts, ch 127, §29

455H.506 Interim response.
The provisions of this chapter shall not prevent or impede a participant from undertaking mitigation measures to prevent significant impacts on human health or the environment. A response action for the site shall not be prejudiced by the mitigation measures undertaken prior to enrolling a property in the land recycling program. The effects of any interim mitigation measure shall be taken into account in the department's evaluation of the participant's compliance with applicable standards.
97 Acts, ch 127, §30

455H.507 Transition from existing programs.
Except for any enrolled site which is the subject of an enforcement action by an agency of the state or the federal government prior to July 1, 1997, for any property where actions similar to a response action have commenced pursuant to any provision of chapter 455B prior to July 1, 1997, the person carrying out the action shall elect within ninety days following the final adoption of rules implementing this chapter to either continue to proceed in accordance with the laws and rules in effect prior to July 1, 1997, or to proceed pursuant to this chapter.
97 Acts, ch 127, §31

455H.508 Participant protection.
A participant shall not be subject to either a civil enforcement action by an agency of this state or a political subdivision of this state, or an action filed pursuant to section 455B.112 regarding any release, response action, or condition which is the subject of the response action. This protection is contingent on the participant proceeding on a due and timely basis to carry out the response action.
97 Acts, ch 127, §32

455H.509 Removal of a site from the registry listing.
An enrolled site listed on the registry of confirmed hazardous waste or hazardous substance disposal sites, established pursuant to section 455B.426, which has completed a response action as to the conditions which led to its original listing on the registry, shall be removed from the registry listing, once a letter of no further action has been issued pursuant to section 455H.301.
97 Acts, ch 127, §33

455H.510 Relationship to federal programs.
The provisions of this chapter shall not prevent the department from enforcing both specific numerical cleanup standards and monitoring of compliance requirements specifically required to be enforced by the federal government as a condition of the receipt of program authorization, delegation, primacy, or federal funds.
97 Acts, ch 127, §34

455H.511 Federal stringency.
Any rules or standards established pursuant to this chapter shall be no more stringent than those required under any comparable federal law or regulation.

CHAPTER 455I
UNIFORM ENVIRONMENTAL COVENANTS ACT

Referred to in §455B.103, 455B.426, 455B.474, 455H.206, 558.68, 614.24, 614.32

455I.1 Title.
This chapter shall be known and cited as the “Uniform Environmental Covenants Act”. 2005 Acts, ch 102, §5

455I.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Activity and use limitations” means restrictions or obligations created under this chapter with respect to real property. “Activity and use limitations” may include, but is not limited to, restrictions on installation of water wells and other exposure receptors, construction of surface and subsurface structures, disturbance of and maintenance of soil caps and technological controls, and land use classifications such as residential, nonresidential, or industrial.
2. “Agency” means the department of natural resources created by section 455A.2 or any other state department or federal agency that determines or approves the environmental response project pursuant to which an environmental covenant is created.
3. “Common interest community” means a condominium, cooperative, or other real property with respect to which a person, by virtue of the person’s ownership of a parcel of real property, is obligated to pay property taxes or insurance premiums for, or for maintenance or improvement of, other real property described in a recorded covenant that creates the common interest community.
4. “Environmental covenant” means a servitude arising under an environmental response project that imposes activity and use limitations or the written document creating such servitude.
5. “Environmental response project” means a plan or work performed for environmental remediation or flood control affecting real property and conducted under or by one of the following:
a. A federal or state program that is subject to the jurisdiction of an agency, including but not limited to programs established by chapters 455B and 455G, corrective or response actions pursuant to 42 U.S.C. §6901 et seq., and remedial actions under 42 U.S.C. §9601 et seq.
b. A federal or state program for the replacement or protection of ecological features including wetlands.
c. A state voluntary cleanup program authorized in chapter 455H.
d. An incident to a closure conducted with approval of an agency of a solid or hazardous waste management unit, a sanitary disposal project, or an underground storage tank.
6. “Grantor” means any person with sufficient fee title or other property ownership interests necessary to create a valid environmental covenant under Iowa law.
7. “Holder” means the grantee of an environmental covenant as specified in section 455I.3, subsection 1.
8. “Person” means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, public corporation, government,
governmental subdivision, agency, or instrumentality, or any other legal or commercial entity.

9. “Record”, used as a noun, means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

2005 Acts, ch 102, §6; 2012 Acts, ch 1018, §5, 7

Referred to in §455H.103

Validity and enforceability under this chapter of certain instruments entered into on or after July 1, 1992, and before July 1, 2012, and declared as environmental covenants by July 1, 2013; 2012 Acts, ch 1018, §7

4551.3 Nature of rights — subordination of interests.

1. Any person, including a person that owns an interest in the real property, an agency, or a municipality or other unit of local government, may be a holder. An environmental covenant may identify more than one holder. The interest of a holder is an interest in real property.

2. A right of an agency under this chapter or under an environmental covenant, other than a right as a holder, is not an interest in real property.

3. An agency is bound by any obligation it assumes in an environmental covenant, but an agency does not assume obligations merely by signing an environmental covenant. Any other person that signs an environmental covenant is bound by the obligations the person assumes in the environmental covenant, but signing the environmental covenant does not change obligations, rights, or protections granted or imposed under law or administrative action other than this chapter except as provided in the environmental covenant.

4. The following rules apply to interests in real property in existence at the time an environmental covenant is created or amended:

a. An interest that has priority under other law is not affected by an environmental covenant unless the person that owns the interest subordinates that interest to the environmental covenant.

b. This chapter does not require a person that owns a prior interest to subordinate that interest to an environmental covenant or to agree to be bound by the environmental covenant.

c. A subordination agreement may be contained in an environmental covenant covering real property or in a separate record. If the environmental covenant covers commonly owned property in a common interest community, the covenant or record may be signed by any person authorized by the governing board of the owners’ association.

d. An agreement by a person to subordinate a prior interest to an environmental covenant affects the priority of that person’s interest but does not by itself impose any affirmative obligation on the person with respect to the environmental covenant.

2005 Acts, ch 102, §7

Referred to in §455L.2

4551.4 Contents of environmental covenant.

1. An environmental covenant shall contain all of the following:

a. A statement that the instrument is an environmental covenant executed pursuant to this chapter.

b. A legally sufficient description of the real property subject to the environmental covenant.

c. A description of the activity and use limitations on the real property.

d. The identity of every holder and grantor.

e. A signature by the grantor, the agency, every holder, and, unless waived by the agency, every owner in fee simple of the real property subject to the environmental covenant.

f. Identification of the name and location of any final agency action decision documents for the environmental response project reflected in the environmental covenant.

g. The rights of access to the real property granted in connection with implementation or enforcement of the environmental covenant.

2. In addition to the information required in this section, an environmental covenant may contain other information, restrictions, and requirements agreed to by the persons who sign the environmental covenant, including any of the following:

a. Requirements for periodic reporting describing compliance with the environmental covenant.
§455I.4, UNIFORM ENVIRONMENTAL COVENANTS ACT

b. Requirements for notice to an agency following transfer of a specified interest in, or concerning proposed changes in use of, applications for building permits for, or proposals for any site work affecting the contamination on, the real property subject to the environmental covenant.

c. A brief narrative description of the contamination and remedy, including the contaminants of concern, the pathways of exposure, limits on exposure, and the location and extent of the contamination.

d. Limitations on amendment or termination of the environmental covenant in addition to those contained in sections 455I.9 and 455I.10.

e. Rights of the holder in addition to the holder’s right to enforce the environmental covenant pursuant to section 455I.11.

3. In addition to other conditions for its approval of an environmental covenant authorized by law, an agency may require those persons specified by the agency who have interests in the real property to sign the environmental covenant.

2005 Acts, ch 102, §8

455I.5 Validity — effect on other instruments.

1. An environmental covenant that complies with this chapter runs with the land.

2. An environmental covenant that is otherwise effective is valid and enforceable even if any of the following applies to the environmental covenant:

a. The environmental covenant is not appurtenant to an interest in real property.

b. The environmental covenant can be or has been assigned to a person other than the original holder.

c. The environmental covenant is not of a character that has been recognized traditionally at common law.

d. The environmental covenant imposes a negative burden.

e. The environmental covenant imposes an affirmative obligation on a person having an interest in the real property or on the holder.

f. The benefit or burden does not touch or concern real property.

g. There is no privity of estate or contract.

h. The holder dies, ceases to exist, resigns, or is replaced.

i. The owner of an interest subject to the environmental covenant and the holder are the same person.

3. An instrument that creates restrictions or obligations with respect to real property that would qualify as activity and use limitations except for the fact that the instrument was recorded before July 1, 2005, is valid and enforceable and is not rendered invalid or unenforceable based upon any of the potential limitations on enforcement of interests described in subsection 2 or because it was identified as an easement, servitude, deed restriction, or other interest. This chapter does not apply in any other respect to such an instrument.

4. This chapter does not invalidate or render unenforceable any interest, whether designated as an environmental covenant or other interest, that was created prior to July 1, 2005, or that is otherwise enforceable under the laws of this state.

2005 Acts, ch 102, §9; 2006 Acts, ch 1030, §43, 89

455I.6 Relationship to other land-use law.

This chapter does not authorize a use of real property that is otherwise prohibited by zoning, by law other than this chapter regulating use of real property, or by a recorded instrument that has priority over the environmental covenant. An environmental covenant may prohibit or restrict uses of real property which are authorized by zoning or by law other than this chapter.

2005 Acts, ch 102, §10

455I.7 Notice.

1. A copy of a recorded environmental covenant shall be provided to each of the following in the manner required by an agency:
a. Each person that signed the environmental covenant.
b. Each person holding a recorded interest in the real property subject to the environmental covenant.
c. Each person in possession of the real property subject to the environmental covenant.
d. Each municipality or other unit of local government in which real property subject to the environmental covenant is located.
e. Any other person the agency requires.

2. The validity of an environmental covenant is not affected by failure to provide a copy of the environmental covenant as required under this section.

2005 Acts, ch 102, §11

455I.8 Recording.
1. An environmental covenant and any amendment or termination of the environmental covenant shall be recorded in every county in which any portion of the real property subject to the environmental covenant is located. For purposes of indexing, a holder shall be treated as a grantee.

2. Except as otherwise provided in section 455I.9, subsection 4, an environmental covenant is subject to the laws of this state governing recording and priority of interests in real property.

2005 Acts, ch 102, §12

455I.9 Duration — amendment by court or department action.
1. An environmental covenant is perpetual unless any of the following occurs:
  a. The environmental covenant, by its terms, is limited to a specific duration or terminated by the occurrence of a specific event.
  b. The environmental covenant is terminated by consent pursuant to section 455I.10.
  c. The environmental covenant is terminated pursuant to subsection 2 or 3.
  d. The environmental covenant is terminated by foreclosure of an interest that has priority over the environmental covenant.
  e. The environmental covenant is terminated or modified in an eminent domain proceeding, but only if all of the following occur:
     (1) The agency that signed the document, if any, is a party to the proceeding.
     (2) Each person that signed the environmental covenant, unless the person waived in a signed record the right to consent or a court finds that the person no longer exists or cannot be located or identified with the exercise of reasonable diligence, and the current property owner are given notice of the pendency of the proceeding.
     (3) The court determines, after hearing, that the termination or modification will not adversely affect human health and safety or the environment.

2. If the agency that signed an environmental covenant is a state agency and has determined that the intended purposes can no longer be realized, the agency may terminate the environmental covenant or reduce its burden on the real property subject to the environmental covenant. Notice shall be provided to each person that signed the covenant or their assignee, to the current property owner, and to any other persons identified in section 455I.10, subsection 1. The agency’s determination or failure to make a determination upon request shall constitute final agency action. Failure by the agency to make a determination within sixty days upon request shall constitute final agency action. Any person entitled to notice by the agency shall be entitled to judicial review pursuant to section 17A.19 with the following exceptions:
  a. Proceedings for judicial review shall be filed in the county in which the environmental covenant was recorded.
  b. Notwithstanding section 17A.19, subsection 2, service of process shall not be jurisdictional and shall be as provided in the Iowa rules of civil procedure.
  c. Notwithstanding section 17A.19, subsection 3, a petition for judicial review shall be filed within thirty days of the written decision by the agency. Such filing shall be jurisdictional.
  d. The district court shall hear and consider relevant evidence, including testimony or other evidence not considered by the agency, regarding the question of whether the
environmental covenant should be terminated or the burden on the real estate reduced if, based on changed circumstances, the court determines the intended purposes of the environmental covenant can no longer be realized.

3. If the agency that signed an environmental covenant is a federal agency, the agency’s determination or failure to make a determination as provided in subsection 2 shall be reviewable in accordance with applicable federal law.

4. Except as otherwise provided in subsections 1, 2, and 3, an environmental covenant may not be extinguished, limited, or impaired through issuance of a tax deed, foreclosure of a tax lien, or application of the doctrine of adverse possession, prescription, abandonment, waiver, lack of enforcement, or acquiescence, or a similar doctrine.

5. An environmental covenant may not be extinguished, limited, or impaired by application of section 558.68 or sections 614.24 through 614.38.

2005 Acts, ch 102, §13
Referred to in §455I.4, 455I.8

455I.10 Amendment or termination by consent.
1. An environmental covenant may be amended or terminated by consent only if the amendment or termination is signed by all of the following:
   a. The agency.
   b. The current owner in fee simple of the real property subject to the environmental covenant.
   c. Each person that originally signed the environmental covenant or an assignee of an original signatory, unless the person waived in a recorded document the right to consent or the agency finds that the person no longer exists or cannot be located or identified with the exercise of reasonable diligence.
   d. Except as otherwise provided in subsection 4, paragraph “b”, the holder.

2. If an interest in real property is subject to an environmental covenant, the interest is not affected by an amendment to the environmental covenant unless the current owner of the interest consents to the amendment or has waived in a recorded document the right to consent to amendments.

3. Except for an assignment undertaken pursuant to a governmental reorganization, assignment of an environmental covenant to a new holder is an amendment.

4. Except as otherwise provided in an environmental covenant, all of the following apply:
   a. A holder may not assign its interest without consent of the other parties as provided in subsection 1.
   b. A holder may be removed and replaced by agreement of the other parties specified in subsection 1.
   c. A court of competent jurisdiction may fill a vacancy in the position of holder.

2005 Acts, ch 102, §14
Referred to in §455I.4, 455I.9

455I.11 Enforcement of environmental covenant.
1. A civil action for injunctive or other equitable relief for violation of an environmental covenant may be maintained by any of the following:
   a. A holder or grantor.
   b. The agency or, if the agency is not the agency with authority to determine or approve the environmental response project, the department of natural resources.
   c. Any person to whom the environmental covenant expressly grants power to enforce the environmental covenant.
   d. A person whose interest in the real property or whose collateral or liability may be affected by the alleged violation of the environmental covenant.
   e. A municipality or other unit of local government in which the real property subject to the environmental covenant is located.

2. This chapter does not limit the regulatory authority of an agency under law other than this chapter with respect to an environmental response project.
3. A person is not responsible for or subject to liability for environmental remediation or flood control solely because it has the right to enforce an environmental covenant.

Referred to in §455J.4

Validity and enforceability under this chapter of certain instruments entered into on or after July 1, 1992, and before July 1, 2012, and declared as environmental covenants by July 1, 2013; 2012 Acts, ch 1018, §7

**455I.12 Relation to Electronic Signatures in Global and National Commerce Act.**

This chapter modifies, limits, or supersedes the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. §7001 et seq., but does not modify, limit, or supersede section 101(a) of that Act, 15 U.S.C. §7001(a), or authorize electronic delivery of any of the notices described in section 103(b) of that Act, 15 U.S.C. §7003(b).

**455J.1 Environmental management systems — legislative findings — purpose.**

1. The purpose of this chapter is to encourage responsible environmental management and solid waste disposal and to enhance efforts to promote environmental stewardship.

2. The general assembly finds and declares all of the following:

   a. The policy of responsible environmental management can be furthered by rewarding solid waste planning and service areas that operate in an innovative, cost-effective, technologically advanced, and environmentally sensitive manner.

   b. Responsible environmental management can also be furthered by changing the focus of solid waste disposal projects from disposal management to environmental resource management.

   c. The concept of environmental stewardship embraces every aspect of the environmental footprint created by the management and disposal of solid waste.

   d. Environmental management systems mitigate the climate change impacts of solid waste disposal by reducing the amount of greenhouse gases released into the atmosphere. In addition, environmental management systems improve water quality by limiting and treating the impacts of leachate disposal and by providing positive examples of sustainable water resource management.

   e. The goal of managing resources in a sustainable manner is to increase the benefits to communities and society for the present and for the future.

2008 Acts, ch 1109, §4; 2017 Acts, ch 45, §3

Referred to in §455J.7

**455J.2 Definitions.**

For purposes of this chapter:

1. “Commission” means the environmental protection commission.

2. “Department” means the department of natural resources.

3. “Director” means the director of the department of natural resources.

4. “Environmental management system” or “system” means a solid waste planning or service area which has been designated as an environmental management system pursuant to section 455J.7. “Environmental management system” includes a planning or
service area designated as an environmental management system that is providing multiple environmental services in addition to solid waste disposal and that is planning for the continuous improvement of solid waste management by appropriately and aggressively mitigating the environmental impacts of solid waste disposal.

2008 Acts, ch 1109, §5; 2017 Acts, ch 45, §4, 5

455J.3 Environmental management system designation requirements.

To qualify for designation as an environmental management system pursuant to section 455J.7, a solid waste planning or service area shall actively pursue all of the following:

1. Organics waste management. Provide for the operation of an organics waste management program or provide support to another party to do so.

2. Hazardous household materials collection. Provide for the proper management and disposal of hazardous household materials by operating a regional collection center or participating in a regional collection center network. The regional collection center shall provide for the collection and disposal of hazardous household materials, including but not limited to paint, pesticides, batteries, automotive products, sharps, needles and syringes, and pool chemicals. The regional collection center shall encourage the reuse of any materials for which reuse is possible and may educate households on the use of safer alternatives through efforts designed to increase public participation and to increase the participation of local government entities not currently in a network. Regional collection centers may also provide for the assessment of current educational programs by examining changes in consumer behavior.

3. Water quality improvement. Provide for a water quality improvement program within the system’s planning or service area. Such a program may include offering educational programs, sponsoring awareness initiatives, providing for cleanup activities such as the cleanup of illegal dumping areas, and otherwise promoting responsible environmental behavior.

4. Greenhouse gas reduction. Implement a greenhouse gas reduction program designed to prevent the release of greenhouse gases into the atmosphere. Such a program may include but is not limited to the following activities:
   a. Generating electricity or producing other fuels through the collection of landfill gas, such as a methane gas recovery or minimization system.
   b. Collecting and managing food and other organic waste from households and from industrial and commercial establishments, or attempting to recover energy from the reuse of biomass.
   c. Implementing programs that encourage the efficient use of energy and promote the use of renewable fuels.
   d. Discouraging the uncontrolled burning of solid waste and yard waste.
   e. Setting recycling goals to measure energy savings and quantify the level of success of greenhouse gas mitigation efforts.
   f. Collection and recycling services targeted at waste generated by industrial and commercial facilities such as cardboard, paper, construction, and demolition waste.

5. Recycling services.
   a. Offer recycling services for paper, glass, metal, and plastics within the communities served. In addition to offering recycling of paper, metal, glass, and plastics, a solid waste planning or service area may also offer recycling services for electronic waste, white goods, and tires.
   b. Recycling services may also be targeted at waste generated by industrial and commercial facilities such as cardboard, paper, construction, and demolition waste.
   c. Recycling services offered in an effort to meet the goals of this subsection may be provided through drop-off sites or through curbside recycling programs operated in conjunction with solid waste collection.

6. Environmental education. Plan and implement programs educating the public on environmental stewardship. These programs may include components designed to prevent illegal dumping, reduce greenhouse gas emissions, improve water quality, reduce waste
generation, increase recycling and reuse, or any other environmental objective that furthers the purpose and goals of this chapter.

2008 Acts, ch 1109, §6; 2017 Acts, ch 45, §6
Referred to in §455E.11, 455J.4, 455J.7

455J.4 Annual compliance reports.

1. On September 1 each year, each environmental management system shall submit to the department an annual report. The report shall document the system’s compliance with the requirements of section 455J.3.

2. The department shall adopt by rule methods and criteria for determining whether a system is in compliance with the provisions of this chapter. In adopting methods and criteria, the department shall consult with stakeholders in order to develop reasonable and appropriate criteria. In determining whether a system is in compliance with the provisions of this chapter, the department shall evaluate whether a system is making continuing progress in regard to the requirements of section 455J.3.

2008 Acts, ch 1109, §7; 2017 Acts, ch 45, §7

455J.5 Incentives.

1. A solid waste planning or service area designated as an environmental management system pursuant to section 455J.7 shall qualify for all of the following:

   a. An exemption from solid waste reduction goals imposed on solid waste planning or service areas pursuant to section 455D.3.

   b. A reduced tonnage fee of three dollars and sixty-five cents per ton, to be imposed as provided in section 455B.310, notwithstanding section 455B.310, subsection 2, of which two dollars and ten cents shall be remitted to the department.

   c. Financial assistance as approved by the commission pursuant to section 455J.7.

2. Notwithstanding any other provision of law to the contrary, in addition to the incentives in subsection 1, a solid waste planning or service area designated as an environmental management system is exempt from filing its comprehensive plan.

2008 Acts, ch 1109, §8; 2017 Acts, ch 45, §8
Referred to in §455B.310

455J.7 Designation of environmental management systems.

1. Consideration of plans. The department shall consider solid waste management plans submitted by solid waste planning or service areas and make recommendations for designation as an environmental management system to the commission. All system designations recommended by the department are subject to approval by the commission. Any solid waste planning or service area may submit a plan to the department and seek designation as a system.

   a. By October 1 each year, the department may recommend the designation of any additional planning or service areas as systems, provided those areas meet the requirements of section 455J.3.

   b. In recommending the designation of a planning or service area as a system, the department shall make a determination as to whether the area meets the requirements of section 455J.3. The department shall not recommend the designation of a planning or service area as a system unless the planning or service area meets the requirements of section 455J.3.

   c. The commission shall consider the plans submitted to the department and shall review the department’s recommendations on those plans. The commission shall approve or reject each plan and shall make publicly available its reasons for doing so.

2. System review.

   a. By January 1 each year, the department shall review the annual reports of all designated systems and determine whether those systems remain in compliance with section 455J.3. If the department determines that a planning or service area is no longer in compliance, the
department may recommend to the commission the revocation of the planning or service area’s system designation.

b. The department may review and monitor the progress of those planning or service areas that have not been designated as a system and shall coordinate with other statewide boards, task forces, and other entities in order to achieve the goals and objectives of this chapter.

3. Allocation of funds.

a. The department shall recommend to the commission a reasonable allocation of the moneys provided in section 455E.11, subsection 2, paragraph “a”, subparagraph division (c), to eligible systems. In making its recommendation as to the allocation of moneys, the department shall adopt and use a set of reasonable criteria. The criteria shall conform to the goals and purposes of this chapter as described in section 455J.1 and shall be approved by the commission.

b. Notwithstanding any other provision of law to the contrary, the commission shall make a final allocation of the funds described in section 455E.11, subsection 2, paragraph “a”, subparagraph (1), subparagraph division (c), to systems meeting the requirements of this chapter.

c. Moneys allocated pursuant to this subsection shall be used by systems to further compliance with any of the requirements of this chapter.

4. The department shall prepare an annual report citing the results and costs of the program for submittal to the commission by January 1, 2018, and by January 1 each year thereafter.

### 455K.1 Title.
This chapter shall be known and cited as the “Environmental Audit Privilege and Immunity Act”.

98 Acts, ch 1109, §1

### 455K.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Department” means the department of natural resources created under section 455A.2 or its delegated authority.
2. “Environmental audit” means a voluntary evaluation of a facility or operation, of an activity at a facility or operation, or of an environmental management system at a facility or operation when the facility, operation, or activity is regulated under state or federal environmental laws, rules, or permit conditions, conducted by an owner or operator, an employee of the owner or operator, or an independent contractor retained by the owner or operator that is designed to identify historical or current noncompliance with environmental laws, rules, ordinances, or permit conditions, discover environmental contamination or hazards, remedy noncompliance or improve compliance with environmental laws, or improve an environmental management system. Once notification is given to the
department, an environmental audit shall be completed within a reasonable time not to exceed six months unless an extension is approved by the department based on reasonable grounds.

3. “Environmental audit report” means a document or set of documents generated and developed for the primary purpose and in the course of or as a result of conducting an environmental audit. An “environmental audit report” includes supporting information which may include, but is not limited to, the report document itself, observations, samples, analytical results, exhibits, findings, opinions, suggestions, recommendations, conclusions, drafts, memoranda, drawings, photographs, computer-generated or electronically recorded information, maps, charts, graphs, surveys, implementation plans, interviews, discussions, correspondence, and communications related to the environmental audit. An “environmental audit report” may include any of the following components:
   a. An executive summary prepared by the person conducting the environmental audit which may include the scope of the environmental audit, the information gained in the environmental audit, conclusions, recommendations, exhibits, and appendices.
   b. Memoranda and documents analyzing portions or all of the report and discussing implementation issues.
   c. An implementation plan which addresses correcting past noncompliance, improving current compliance or an environmental management system, or preventing future noncompliance.
   d. Periodic updates documenting progress in completing the implementation plan.

4. “Inquiring party” means any party appearing before a court or a presiding officer in an administrative proceeding seeking to review or obtain an in camera review of an environmental audit report.

5. “Owner or operator” means the person or entity who caused the environmental audit to be undertaken.

6. “Privilege” means the protections provided in regard to an environmental audit report as provided in this chapter.

98 Acts, ch 1109, §2

Referred to in §455K.3

455K.3 Privilege.

1. Material included in an environmental audit report generated during an environmental audit conducted after July 1, 1998, is privileged and confidential and is not discoverable or admissible as evidence in any civil or administrative proceeding, except as otherwise provided in this chapter. The environmental audit report shall be labeled “ENVIRONMENTAL AUDIT REPORT: PRIVILEGED DOCUMENT”. Failure to label each document within the report does not constitute a waiver of the environmental audit privilege or create a presumption that the privilege does or does not apply.

2. A person shall not be compelled to testify in regard to or produce a document included in an environmental audit report in any of the following circumstances:
   a. If the testimony or document discloses any component listed in section 455K.2, subsection 3, that was made as part of the preparation of an environmental audit report and that is addressed in a privileged part of an environmental audit report.
   b. If the person is any of the following:
      (1) A person who conducted any portion of the environmental audit but did not personally observe the physical events of an environmental violation.
      (2) A person to whom the results of the environmental audit report are disclosed under section 455K.4, subsection 2.
      (3) A custodian of the environmental audit report.
      (4) A person who conducts or participates in the preparation of an environmental audit report and who has observed physical events of an environmental violation may testify about those events but shall not be compelled to testify about or produce documents related to the preparation of or any privileged part of an environmental audit or any component listed in section 455K.2, subsection 3.
    4. An employee of a state agency or other governmental employee shall not request,
review, or otherwise use an environmental audit report during an agency inspection of a regulated facility or operation, or an activity of a regulated facility or operation.
5. A party asserting the privilege under this section has the burden of establishing the applicability of the privilege.
6. The privilege provided in this section is in addition to the privilege provided to assistance programs pursuant to section 455B.484A.
98 Acts, ch 1109, §3
Referred to in §455K.4, 455K.8

455K.4 Waiver of privilege — disclosure.
1. The privilege described in section 455K.3 shall not apply to the extent that the privilege is expressly waived in writing by the owner or operator who prepared the environmental audit report or caused the report to be prepared.
2. Disclosure of an environmental audit report or any other information generated by an environmental audit does not waive the privilege established in section 455K.3 if the disclosure meets any of the following criteria:
a. The disclosure is made to address or correct a matter raised by the environmental audit and the disclosure is made to any of the following:
   (1) A person employed by the owner or operator, including temporary and contract employees.
   (2) A legal representative of the owner or operator.
   (3) An officer or director of the regulated facility or operation or a partner of the owner or operator.
   (4) An independent contractor retained by the owner or operator.
   b. The disclosure is made under the terms of a confidentiality agreement between any person and the owner or operator of the audited facility or operation.
3. A party to a confidentiality agreement described in subsection 2, paragraph “b”, who violates that agreement is liable for damages caused by the disclosure and for any other penalties stipulated in the confidentiality agreement.
4. Information that is disclosed under subsection 2, paragraph “b”, is confidential and is not subject to disclosure under chapter 22.
5. The protections provided by federal or state law shall be afforded to individuals who disclose information to law enforcement authorities.
6. The provisions of this chapter shall not abrogate the protections provided by federal and state law regarding confidentiality and trade secrets.
Referred to in §455K.3

455K.5 Required disclosure.
1. A court or a presiding officer in an administrative hearing may require disclosure of a portion of an environmental audit report in a civil or administrative proceeding if the court or presiding officer affirmatively determines, after an in camera review, that any of the following exists:
a. The privilege is asserted for a fraudulent purpose.
b. The portion of the environmental audit report is not subject to the privilege under section 455K.6.
c. The portion of the environmental audit report shows evidence of noncompliance with a state or federal environmental or other law, rule, or permit condition and appropriate efforts to achieve compliance with the law or ordinance were not promptly initiated and pursued with reasonable diligence after discovery of noncompliance.
d. The portion of the environmental audit report shows clear and convincing evidence of substantial actual personal injury, which information is not otherwise available.
e. The portion of the environmental audit report shows a clear and present danger to the public health or the environment.
2. A party seeking disclosure under this section has the burden of proving that subsection 1 applies.
3. A decision of a presiding officer in an administrative hearing under subsection 1 may be directly appealed to the district court without disclosure of the environmental audit report to any person unless so ordered by the court.
4. A determination of a court under this section is subject to interlocutory appeal to an appropriate appellate court.
5. If a court finds that a person claiming privilege under this chapter intentionally claimed the privilege for material not privileged as provided in section 455K.6, the person is subject to a fine not to exceed one thousand dollars.
6. Privilege provided in this chapter does not apply if an owner or operator of the facility or operation has been found in a civil or administrative proceeding to have committed serious violations in this state that constitute a pattern of continuous or repeated violations of environmental laws, administrative rules, or permit conditions, that were due to separate and distinct events giving rise to the violations within the three-year period prior to the date of disclosure.

98 Acts, ch 1109, §5

455K.6 Materials not privileged.
1. The privilege described in this chapter does not apply to any of the following:
a. A document, communication, datum, report, or other information required by a regulatory agency to be collected, developed, retained, or reported under a state or federal environmental law, rule, or permit condition.
b. Information obtained by observation, sampling, or monitoring by a regulatory agency or a regulatory agency’s authorized designee.
c. Information obtained from a source not involved in the preparation of the environmental audit report.
2. This section does not limit the right of a person to agree to conduct an environmental audit and disclose an environmental audit report.

98 Acts, ch 1109, §6
Referred to in §455K.5, 455K.7

455K.7 Review of privileged documents.
1. The privileges created in this chapter shall not apply to criminal investigations or proceedings. An environmental audit report, supporting documents, and testimony relating thereto may be obtained by a prosecutor's subpoena pursuant to the rules of criminal procedure. If an environmental audit report is obtained, reviewed, or used in a criminal investigation or proceeding, the administrative and civil evidentiary privilege established in this chapter is not waived or made inapplicable for any purpose other than for the criminal investigation or proceeding.
2. Notwithstanding the privilege established in this chapter, the department may review information in an environmental audit report, but such review does not waive or make the administrative and civil evidentiary privilege inapplicable to the report. A regulatory agency shall not adopt a rule or impose a condition that circumvents the purpose of this chapter.
3. If information is required to be made available to the public by operation of a specific state or federal law, rule, or permit condition, the governmental authority shall notify the person claiming the privilege of the potential for public disclosure prior to obtaining such information under subsection 1 or 2.
4. If privileged information is disclosed under subsection 2 or 3, on the motion of a party, a court or the presiding officer in an administrative hearing shall suppress evidence offered in any civil or administrative proceeding that arises or is derived from review, disclosure, or use of information obtained under this section if the review, disclosure, or use is not authorized under section 455K.6. A party having received information under subsection 2 or 3 has the burden of proving that the evidence offered did not arise and was not derived from the review of privileged information.

98 Acts, ch 1109, §7
455K.8 Voluntary disclosure of environmental violation — immunity.

1. An owner or operator is eligible for immunity under this section from the time the department receives official notification from the owner or operator of a scheduled environmental audit. An owner or operator is immune from any administrative or civil penalty associated with the information disclosed if the owner or operator makes a prompt voluntary disclosure to the department regarding an environmental violation which is discovered through the environmental audit. The owner or operator creates a rebuttable presumption that the disclosure is voluntary by meeting the criteria provided in subsection 2 at the time of disclosure. To rebut the presumption that a disclosure is voluntary, the department or other party has the burden of proving that the disclosure was not voluntary. Immunity is not provided if the violations of state or federal environmental law, rule, or permit condition are intentional or if the violations of state or federal law, rule, or permit condition resulted in substantial actual injury or imminent and substantial risk of injury to persons, property, or the environment.

2. The disclosure of information is voluntary if all of the following circumstances exist:
   a. The disclosure arises out of an environmental audit and relates to privileged information as provided in section 455K.3.
   b. The person making the disclosure uses reasonable efforts to pursue compliance and to correct the noncompliance within a reasonable period of time after completion of the environmental audit in accordance with a remediation schedule submitted to and approved by the department. If evidence shows that the noncompliance is due to the failure to obtain a permit, reasonable effort may be demonstrated by the submittal of a complete permit application within a reasonable time. Disclosure of information required to be reported by state or federal law, rule, or permit condition is not considered to be voluntary disclosure and the immunity provisions in this section are not applicable.
   c. Environmental violations are identified in an environmental audit report and disclosed to the department before there is notice of a citizen suit or a legal complaint by a third party.
   d. Environmental violations are identified in an environmental audit report and disclosed to the department before the environmental violations are reported by any person not involved in conducting the environmental audit or to whom the environmental audit report was disclosed.

3. If an owner or operator has not provided the department with notification of a scheduled environmental audit prior to performing the audit, a disclosure of information is voluntary if the environmental violations are identified in an environmental audit report and disclosed by certified mail to the proper regulatory agency that has jurisdiction over the disclosed violation prior to the agency’s commencement of an investigation.

4. If a person is required to make a disclosure relating to a specific issue under a specific permit condition or under an order issued by the department, the disclosure is not voluntary with respect to that issue.

5. Except as provided in this section, this section does not impair the authority of the proper regulatory agency to require a technical or remedial action or to order injunctive relief.

6. Upon application to the department, the time period within which the disclosed violation is corrected under subsection 2 may be extended if it is not practical to correct the noncompliance within the reasonable period of time initially approved by the department. The department shall not unreasonably withhold the grant of an extension. If the department denies an extension, the department shall provide the requesting party with a written explanation of the reasons for the denial. A request for de novo review of the department’s decision may be made to the appropriate court.

7. Immunity provided under this section from administrative or civil penalties does not apply under any of the following circumstances:
   a. If an owner or operator of the facility or operation has been found in a civil or administrative proceeding to have committed serious violations in this state that constitute a pattern of continuous or repeated violations of environmental laws, administrative rules, and permit conditions and that were due to separate and distinct events giving rise to the violations within the three-year period prior to the date of disclosure, or if under section 459.604 an owner or operator of a facility or operation is classified as a habitual violator.
b. If a violation of an environmental law, administrative rule, permit condition, settlement agreement, or order on consent, final order, or judicial order results in a substantial economic benefit which gives the violator a clear advantage over its business competitors.

8. In cases where the conditions of a voluntary disclosure are not met but a good faith effort was made to voluntarily disclose and resolve a violation detected in an environmental audit, the state regulatory authorities shall consider the nature and extent of any good faith effort in deciding the appropriate enforcement response and shall consider reducing any administrative or civil penalties based on mitigating factors showing that one or more of the conditions for voluntary disclosure have been met.

9. The immunity provided by this section does not abrogate the responsibility of a person as provided by applicable law to report a violation, to correct the violation, conduct necessary remediation, or respond to third-party actions. This chapter shall not be construed to confer immunity from liability in any private civil action except those actions brought pursuant to section 455B.111.

10. Information required by rule to be submitted to the department as part of a disclosure made pursuant to this section is not privileged information.

98 Acts, ch 1109, §8

455K.9 Other privileges not affected.
This chapter shall not limit, waive, or abrogate the scope or nature of any statutory or common-law privilege, including the work product doctrine and the attorney-client privilege.

98 Acts, ch 1109, §9

455K.10 Environmental auditor training program.
A training program for and standards for certification of environmental auditors shall be developed jointly by the Iowa waste reduction center and the department. The training program shall be administered by the Iowa waste reduction center. The program shall provide training on the proper conduct of an environmental audit; local, state, and federal environmental ordinances, rules, and laws that apply to businesses in this state; and the environmental audit laws in this state. The program shall be made available to small and large business owners and operators, consulting engineers, regulatory personnel, and citizens through the community college system. A fee may be assessed for participation in the program. Upon completion of the training program, program participants may elect to be tested by the department for certification as an environmental auditor for the purposes of this chapter.

98 Acts, ch 1109, §10

455K.11 Summary.
On or before December 1 of each year, the department shall make available a summary of the number of environmental audit notices received, the violations, and the remediation status of the violations reported pursuant to this chapter during the preceding fiscal year.

98 Acts, ch 1109, §11

455K.12 Rulemaking.
The department shall adopt rules pursuant to chapter 17A necessary to administer this chapter.

98 Acts, ch 1109, §12

455K.13 Costs.
The necessary costs incurred by the department under this chapter shall be funded from appropriations made to the department from the general fund of the state.

98 Acts, ch 1109, §13
CHAPTER 456
GEOLOGICAL SURVEY

456.1 Iowa geological survey created.
An Iowa geological survey of the state is created within the state university of Iowa, under
the jurisdiction and authority of the state board of regents.

[C97, §2497; C24, 27, 31, 35, 39, §4549; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §305.1]

C2003, §456.1
Section amended

456.2 State geologist — qualifications.
The state board of regents shall appoint the state geologist. The state geologist must, at
a minimum, have a master’s degree in geology from an accredited college or university and
must have at least five years of geological experience. The annual salary of the state geologist
shall be determined by the state board of regents.

[R60, §180, 181; C97, §2498; C24, 27, 31, 35, 39, §4550; C46, 50, 54, 58, 62, 66, 71, 73, 75,

456.3 Survey.
The state geologist shall be director of the survey and shall make a complete survey of the
natural resources of the state in all their economic and scientific aspects, including the
determination of the order, arrangement, dip, and comparative magnitude of the various
formations; the discovery and examination of all useful deposits, including their richness
in mineral contents and their fossils; and the investigation of the position, formation, and
arrangement of the different ores, coals, clays, building stones, glass sands, marls, peats,
mineral oils, natural gases, mineral and artesian waters, and such other minerals or other
materials as may be useful, with particular regard to the value thereof for commercial
purposes and their accessibility.

[R60, §182; C97, §2499; C24, 27, 31, 35, 39, §4551; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,

456.4 Investigations — collection.
The state geologist shall investigate the characters of the various soils and their capacities
for agricultural purposes, the streams, and other scientific and natural resource matters that
may be of practical importance and interest. A complete cabinet collection shall be made to illustrate the natural products of the state, and the state geologist may also furnish suites of materials, rocks, and fossils for colleges and public museums within the state, if it can be done without impairing the general state collection.

[R60, §182, 185, 187; C97, §2499; C24, 27, 31, 35, 39, §4552; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §305.4]

456.5 Authority to enter lands.
For the purpose of carrying on the aforesaid investigations the state geologist and the state geologist’s assistants and employees shall have authority to enter and cross all lands within the state; provided that in so doing no damage is done to private property.

[C24, 27, 31, 35, 39, §4553; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §305.5]

456.11 Maps — surveys.

The operator of any underground mine shall comply with the following provisions relative to maps and surveys:

1. Scale. Each mine map shall be drawn to a scale of not more than two hundred feet to the inch.

2. General specifications. Each map shall show the name of the state, county, and township in which the mine is located, the designation of the mine, the name of the company or operator, the certificate of the mining engineer or surveyor as to the accuracy and date of the survey, the north point, and the scale to which the map is drawn.

3. Boundaries and surface lines. Every map shall correctly show the surface boundary lines of the mineral rights pertaining to each mine and all section or quarter section lines or corners within the same, the lines of town lots and streets, the tracks and sidetracks of all railroads, the location of all wagon roads, rivers, streams, and ponds, and reservations made of the mineral.

4. Underground conditions. For the underground workings, the map shall show all shafts, slopes, tunnels, or other openings to the surface or to the workings of a contiguous mine; all excavations, entries, rooms, and crosscuts; the location of the escape ways, and of the fan or furnace or other means of ventilation and the direction of air currents, and the location of permanent pumps, hauling engines, engine planes, abandoned works, fire walls, and standing water.

5. Separate maps. A separate and similar map drawn to the same scale in all cases shall be made of each layer of minerals mined in any mine in this state. A separate map shall also be made of the surface whenever the surface buildings, lines, or objects are so numerous as to obscure the details of the mine workings if drawn upon the same sheet with them, and in such case the surface map shall be drawn upon transparent cloth or paper so that it can be laid upon the map of the underground workings and thus truly indicate the local relation of lines and objects on the surface to the excavations of the mine and any other principal workings of the mine.

6. Rise and dip of minerals. Each map of underground workings shall also show by profile drawing and measurement, the last one hundred fifty feet approaching the boundary lines, showing the rise and dip of the minerals.

7. Copies. The original or true copies of the maps shall be kept at the office of the mine, and true copies thereof shall also be furnished the state geologist within thirty days after the completion of the same.
8. **Extensions.** An accurate extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1 of every year and the result of such survey, with the date thereof, shall be promptly and accurately entered upon the original map, and a true, correct, and accurate copy of the extended map shall be forwarded to the state geologist so as to show all changes in plan of new work in the mine, and all extensions of the old workings to the most advanced face or boundary of the workings which have been made since the last preceding survey, and the parts of the mine abandoned or worked out after the last preceding survey shall be clearly indicated and shown by colorings, which copy must be delivered to the state geologist within thirty days after the last survey is made.

9. **Abandoned mine.** When any underground mine is worked out or is about to be abandoned or indefinitely closed, the operator of the same shall make or cause to be made a completed and extended map of the mine and the result of the same shall be duly extended on all maps of the mine and copies thereof so as to show all excavations and the most advanced workings of the mine, and their exact relation to the boundary or section lines on the surface, and deliver to the state geologist a copy of the completed map.

10. **Copies furnished.** The state geologist shall provide the division of soil conservation and water quality created within the department of agriculture and land stewardship pursuant to section 159.5 a copy of each map and map extension received by the geologist under this section.
