SECTION 1. Any teacher who has completed twenty-five or more years of service, and who has reached the age of sixty years, may retire upon a life annuity of twelve dollars for each and every year of service.

Any teacher under the age of sixty years may retire on the completion of twenty-five years' service, but the annuity shall not begin until the age of sixty years has been attained, except in case of retirement for disability.

SECTION 2. Any teacher who has completed fifteen or more years of service in this state may retire upon a life annuity of twelve dollars for each and every year of such service in the event of such mental or physical disability as disqualifies him from continuing successfully in the work of teaching, and which also incapacitates him from earning a living at any other occupation.

SECTION 3. Every teacher upon retirement, either upon completion of term of service or for disability, shall pay or cause to be paid into the permanent school fund of the state, the sum of three hundred dollars, and this amount, together with gifts, grants, and bequests, shall constitute a separate fund to be known as The Teachers' Annuity Fund, and shall be invested in the same manner as other school funds. The interest

earnings on The Teachers' Annuity Fund shall annually be used to pay annuities in this act provided for, provided that until such time as this interest shall be sufficient to pay the full amount of the annuities made payable by this act, the state shall, by appropriation, meet such deficiency. Any excess of interest above the amount necessary to pay each annuitant as provided for in this act, shall be divided equally among the annuitants; but in no case shall any annuitant receive a greater amount than six hundred dollars per annum. And when the interest arising from the Teachers' Annuity Fund shall provide an amount greater than is necessary to pay such sum, such excess so arising shall remain in The Teachers' Annuity Fund and become a part thereof.

The three-hundred-dollar payment by the teacher into The Teachers' Annuity Fund may be in a lump sum or it may be deducted from the annuity.

SECTION 4. The right to retire shall be established by a decree of the district court of the county in which the applicant resides, the term of service, or in case of retirement for disability the term of service and disability, being the essence of the decree. The action shall be brought against the state superintendent of public instruction to require him to place the applicant on the retired list, and in such action the county attorney shall appear for the defendant. The cost of such action shall be charged to the state.

SECTION 5. In computing the length of service of a teacher, the school year in the district taught shall be counted a year, provided it is not less than six months, and credit shall be given for fractional parts of a year. Credit shall be given for service not exceeding ten years in the public schools or state schools of other states, as defined in section 9 of this act; provided, however, that the last ten years of service shall have been in this state. Credit shall also be given for a leave of absence not exceeding two years, or leaves of absence aggregating not more than two years, regularly granted by the board of directors of the district in which the teacher is employed, on account of sickness or to pursue professional study or for travel. In event that the teacher is not regularly employed in any one district, the county superintendent of schools may grant a leave of absence.

SECTION 6. The state superintendent of public instruction shall retire teachers in accordance with the decrees of the district court filed in his office, and certify the same to the auditor of state. He shall also exercise general care and supervision of the annuity system, make such rules and regulations as may be necessary, and certify annually to the state executive council the amount of money needed to pay the annuities authorized herein.

SECTION 7. The auditor of state shall issue warrants on the treasurer of state in payment of the annuities provided herein, in quarterly installments, on the first days of September, December, March and June of each year.

SECTION 8. For the purpose of carrying out the provisions of this act, there is hereby appropriated annually out of the funds in the state

treasury, not otherwise appropriated, the sum of ninety thousand dollars, or so much thereof as may be necessary.

SECTION 9. The word "teacher" as used in this act shall be construed to mean all persons regularly engaged in teaching in the schools of this state under the state department of public instruction, the state board of control and the state board of education, including institution, county and city superintendents, assistant superintendents, supervisors and teachers.

SECTION 10. Retirements may be made any time after the passage of this act, but no retirement shall take effect before September 1, 1918.

SECTION 11. Gifts, grants and bequests may be made to The Teachers' Annuity Fund, and the form of such gift, grant or bequest shall be substantially in the following form: To the Permanent School Fund of the state of Iowa for the benefit of The Teachers' Annuity Fund.

SECTION 12. Any annuity granted or received under this act shall be exempt from liability for the debts of the annuitant, either past or future, and any attempt to assign or convey the same or any part thereof, shall be void.

SECTION 13. This statute shall not be construed to constitute a perpetual contract between the state and any annuitant thereunder, but may be altered, amended or repealed in the same way and manner as any other statute.

CONSIDERATION OF BILLS.

SPECIAL ORDER NO. 20.

The hour having arrived for Special Order No. 20, on motion of Shortess of Tama, House File No. 406, a bill for an act to regulate telephone companies, was taken up and considered.

Epps of Wapello in the chair.

Shortess of Tama offered the following amendment as a substitute for all pending amendments:

Amend House File No. 406 by striking out all after the enacting clause and inserting the following in lieu thereof:

Section 1. The words "telephone company" as used in this act, shall embrace all persons, firms, corporations, associations, and organizations engaged in the business of furnishing means of communication by telephone within the state of Iowa.

Sec. 2. All telephone companies operating and doing business in this state are declared to be common carriers and it shall be the duty of every such telephone company to furnish telephone service at a reasonable charge or rate therefor, and all laws, so far as applicable, now in force, or hereafter enacted, regulating railroad companies shall apply with equal force and effect to telephone companies.

Sec. 3. The railroad commissioners of this state shall have general supervision of all telephone companies operating and doing business in this state; and shall inquire into any unjust discrimination, neglect or violation of the laws of this state governing common carriers by any telephone company doing business therein or by the officers,

agents or employes thereof; and they shall have power, and it shall be their duty, to fix and establish reasonable, fair and just rates or charges for telephone service, which may be changed or modified by said commissioners from time to time in such manner as may become necessary. Provided that the assessments made by mutual companies on their stockholders to meet expenses may be fixed and altered without the authority of the commission.

Sec. 4. Within six (6) months from the taking effect of this act, it shall be the duty of said railroad commissioners, and they are hereby directed, to prepare and adopt such rules and regulations for the supervision of telephone companies as may in their judgment be necessary and to cause the same to be published in some convenient form for distribution to the officers, agents and employes of all such companies and to such other persons as may make a request therefor.

Sec. 5. The railroad commissioners of this state shall have power under such reasonable rules and regulations as they may prescribe to require physical connection, or connections, to be made and telephone service to be furnished, between any telephone system operated by any public utility and the telephone toll line operated by another such public utility, or between its toll line and the telephone system of another such public utility, or between its toll line and the toll line of another such public utility, or between its telephone system and the telephone system of another such public utility, whenever public convenience and necessity requires such physical connection or connections and such physical connection or connections will not result in irreparable injury to the owners or other users of the facilities of such public utilities, nor in any substantial detriment to the service to be rendered by such public utilities; provided, such connections shall not be required between competing exchanges in the same city or town for subscribers residing in such city or town.

The term "physical connection" as used in this section shall mean such number of trunk lines or complete wire circuits and connections as may be required to furnish reasonable and adequate telephone service to the public between such public utilities; and they shall have the power to fix and determine the just and reasonable rates and charges for such joint service and joint use, and provide the method of apportioning the compensation or joint charge between the utilities interested.

Sec. 6. The railroad commissioners shall have the power to investigate and ascertain from time to time the character and quality of the service rendered by any telephone company doing business in this state and to examine the methods employed by such company in carrying on its business and shall have power to order such reasonable improvements in the service and require such reasonable extensions of the company's lines as will best promote the public interests.

Sec. 7. The filing of complaints, the hearing thereof, the enforcement of the orders of the railroad commissioners and the right and method of appeal from such orders and all other matters of pro-

cedure in so far as applicable shall be as provided in the laws of the state relating to the Board of Railroad Commissioners and the regulation of carriers by railway.

Sec. 8. In determining the reasonable and just charges or rates for telephone service by telephone companies or public utilities doing telephone business in this state, no franchise value shall be added to the physical value of the property of said company.

Sec. 9. In determining and fixing reasonable rates and charges for telephone service and preventing unjust discrimination and undue preference, the railroad commission shall have and exercise all the powers they now have and exercise with respect to railroads and other common carriers doing business in this state.

Sec. 10. Nothing herein shall be construed to affect or repeal any of the provisions of section 775 and 776 of the code and amendments thereto, nor shall anything herein be construed as limiting, restricting, or in any manner taking from the cities and towns of the state any of the power now held by such municipalities for the regulation and control of telephone companies, their wires, poles and other equipment. No telephone company shall exercise any rights or privileges for the purpose of constructing any new plant duplicating any existing plant or any part thereof, without first having obtained the permission and approval of the commission and of the electors of the city or town in or through which such new plant is proposed to be constructed; and so long as any telephone company now operating a telephone system or plant furnishes adequate service and supplies the wants of the people, and obeys the orders of the commission, the commission shall not grant to any other telephone company the right to compete with such carrier until after a public hearing of all parties interested and a finding by the commission that the public convenience and necessity requires such competing plant; provided, that nothing in this act shall be held to prevent any telephone company from extending its lines within the limits of any municipality in which it is at the time lawfully operating a local telephone exchange.

Sec. 11. EXPLANATION OF VOTE.

MR. SPEAKER—I desire to state in explanation of my vote upon this measure (Senate File No. 401), that in my judgment the soldiers' monument should unquestionably be removed a short distance so as to be in the true axis of the capitol building and in supporting this measure I do so with the reservation that in my opinion by later action of the legislature such change should be made. This can be done at slight expense and I urge such action upon later legislatures so that the general scheme for improvement of the capitol grounds may be carried out with true regard to correct landscaping arrangement.

JAMES B. WEAVER.

On motion of McFerren of Hamilton the House adjourned until 1:15 p. m.

Nichols of Hardin was recognized and obtained the floor on a point of personal privilege. Unanimous assent was asked and obtained to have the following statement inserted in the journal:

MR. SPEAKER—My motives in connection with the publication of an item in the Hardin County Citizen, a newspaper owned and published by me, having been questioned on the floor of this House, I desire to state that I feel that the inference that members of this House were being influenced by money consideration, to vote one way or another on the road bills in this House, is an unwarranted construction of the language used in said article, and that no such inference is justified thereunder, or approved by me.

It was not my thought or intention, and is not now my thought or intention to charge any member or members with being so influenced. I made no claim, and make no claim now, that I was in possession of facts showing that any member or members were so influenced.

SECTION 1. Any person shall be eligible for examination, after the passage of this act, who is a graduate of a regular incorporated school or college of chiropractic, and giving adequate courses in anatomy, physiology, symptomatology, hygiene, chemistry, histology, pathology, principles and practice, requiring actual attendance for three school years of not less than six months each, and provided that after August 1, 1918 such person shall have completed a four year high school course or its equivalent, and a diploma from incorporated school or college of chiropractic teaching the subjects named in this section and requiring an actual bona fide attendance of three years of not less than six months each.

SECTION 2. Such person shall at least fifteen days before the date fixed for any regular meeting for the board of examiners make written application for examination to the secretary of said board, and shall accompany the same with a preliminary fee of fifteen (\$15.00) dollars. The application shall contain a statement showing the name, age, sex, and the residence of the applicant; the name and location of the school or college of which he graduated, the length of time devoted to the study of chiropractic, the date of graduation, the experience of the applicant if any, in the care of the sick as interne or clinical assistant under any regularly licensed preceptor. The application shall be signed and verified by the oath of the applicant.

SECTION 3. For the purpose of examining applicants for license as chiropractors there is hereby created a board of chiropractic examiners, which board shall be appointed by the governor of the state of Iowa, and shall be composed of one member of the state board of health, and two competent chiropractors.

SECTION 4. The term of office of the membership of the board of chiropractic examiners shall commence on the first Monday of June 1917, and continue for five years provided, however, that the first board shall meet as soon as convenient after their appointment and organize by electing a president and secretary and annually thereafter during the life of said board; and shall adopt rules and regulations to govern the making of applications and manner of conducting examinations which shall be printed in pamphlet form, and thereafter one copy shall be furnished to any person applying for such pamphlet, and shall adopt the forms to be used in the business of the board and an official seal. Any vacancies occurring in the membership of the board of examiners shall be filled by appointment by the governor in the same manner and from the same classes as is provided for by the creation of the board. No such appointment shall be made of any persons who have not been continuously and regularly engaged in the practice of healing of the school to which he belongs, within the state of Iowa for the two years next preceding such appointment.

SECTION 5. The board of examiners shall hold regular sessions for examinations of candidates for examination and license to practice, and the transaction of such other business as may properly come before it, commencing on the first Monday of February, July, and Oc-

Each candidate shall answer correctly at least sixty per centum of the written questions propounded in each subject and an average of seventy-five per centum of all questions propounded, and shall make satisfactory clinical demonstrations, before being entitled to a license. When it shall have been determined by the board of examiners any candidate has passed successfully such examination, and has made a satisfactory demonstration of the clinical art, and is a person of good moral character, there shall be issued to such candidate license to practice chiropractic countersigned by the president and secretary of said board of examiners, and authenticated by its official seal. The fee for such license shall be five (\$5.00) dollars and shall be paid to the secretary of said board of examiners before the delivery of the license. Before any chiropractic in this state as herein contemplated, he shall cause to be recorded in the office of the recorder of the county in which he resides such license, and the fee for recording such license shall be fifty (\$.50) cents. Any person failing in his examination shall be entitled to a second examination at the next regular session of the board of examiners without further fee.

Provided further, that any person holding a license issued by the board of any other state, having requirements equal to those provided in this act, and who has been engaged, bona fide, regularly and continuously, in the practice of chiropractic for at least six months, shall be entitled to license without examination upon the payment of the fee of twenty (\$20.00) dollars and fur-

nishing to said board of examiners satisfactory evidence of his good moral character, and fitness to engage in the practice of chiropractic.

SECTION 8. Any school or college duly organized and incorporated giving a course of study in the following subjects: anatomy, physiology, symptomatology, hygiene, chemistry, histology, pathology, principles and practice, and requiring an attendance for three school years of six months each, is hereby determined to be a standard school of chiropractic.

SECTION 9. The board of examiners may refuse to grant a license to any person otherwise qualified and shall revoke any license issued by it to any chiropractor, who is not of good moral character, or who solicits professional patronage by agents, or who is guilty of false and fraudulent representations as to his skill and ability, or who is guilty of gross unprofessional conduct, or for incompetency, or for habitual intoxication or use of narcotics, or for fraud or deception in the procurement of his license. Before any license shall be revoked by the board, the holder thereof shall be entitled to have at least twenty days' notice of the charges against him and of the time and place when the board will hear and determine the charges and upon such hearing he shall be entitled to be represented by counsel, and have compulsory process to procure the attendance of witnesses. Any person who is aggrieved by any ruling, order, or decision of the board of examiners made as contemplated in this section, shall have the right of appeal to the district court or other courts in the county in which he resides upon serving written notice of appeal upon the secretary of the board within twenty days from the date of the entry of the ruling or order appealed from. Upon receiving notice of any appeal the secretary of the board of examiners shall forthwith certify to the clerk of the court in which the appeal is triable a complete transcript of the entire record of the proceedings before the board and shall transmit to the clerk all the original papers, documents, and records. The appeal shall be heard at the next term of court commencing not less than ten days after the service of the notice of appeal, and shall be triable as a law action, with right of appeal to the supreme court.

SECTION 10. The practice of chiropractic shall be deemed to be the adjustment by hand of the articulations of the spine and other incidental adjustments according to chiropractic methods; but it shall not include operative surgery, obstetrics, osteopathy, nor the administration or prescribing of any drug or medicine now or hereafter included in materia medica, nor the treatment of infectious or contagious diseases. Chiropractors shall, subject to the limitations of this act, be entitled to all the rights and privileges of physicians and surgeons and shall be subject to all the duties and obligations prescribed by the statutes of this state in so far as the same are not inconsistent with the provisions of this act. If any person holding a license to practice under this act shall be convicted of a misdemeanor, as hereinbefore defined, or of practicing contrary to the provisions of this act, or shall be convicted of any felony, his license shall at once stand revoked and shall furnish no protection thereafter against a prosecution for practicing or attempting to practice chiropractic without a license. It is hereby declared to be the special duty of the county attorneys to enforce the provisions of this act within their respective counties.

SECTION 12. At the close of each regular meeting of the board of examiners, the secretary of the board shall account to and deposit with the treasurer of state all preliminary and license fees received and the same shall be kept by said treasurer in a separate fund, and shall be paid out only upon written orders, duly authenticated by the signatures of the president and secretary of said board of examiners and by the official seal of said board. The fund so created shall be used for the payment of the compensation of the members of the board of examiners, which is hereby fixed at fifteen dollars a day for each day actually spent in the performance of their duties and their actual expenses of travel while engaged in official business, and the incidental expenses of the board for supplies required in order to enable it to perform its duties. No further appropriation shall be made for any expenses or compensation of said board of examiners, and if said fund in the hands of the treasurer of state shall be insufficient, at any time, to pay said compensation and expenses of said board of examiners for any regular meeting of said board herein provided for, the fund on hand, if any, shall be first applied to the payment of said expenses of said board, and the balance of said fund, if any, shall be apportioned and paid to said board of examiners pro rata, which shall be in full payment of the per diem of said board of examiners for any such regular meeting. If at the end of four years from the passage of this act there shall be a surplus of said fund in the hands of the treasurer of state, exceeding five hundred (\$500.00) dollars all of such surplus in excess of five hundred (\$500.00) dollars, shall be covered into the treasury of the state, and on the 30th of June in each year thereafter. Stone of Sioux and Miller of Boone offered the following substitute amendment as a substitute for House File No. 283 and all pending amendments:

Amend by striking out all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The system of public printing and binding is hereby reorganized and re-established and the board of public printing and binding is hereby created. Such board shall consist of the executive council of the state of Iowa and shall have direct control, management, and supervision of all public printing and binding of all officers, boards, and commissions, having offices at the seat of government, of the general assembly, and of the supreme court, unless otherwise provided for by law, and of all other printing and binding now required by law to be done by the state printer and state binder or which may be required by law in the future through the said board of printing and binding.

SEC. 2. The state document editor shall be secretary of the state board of printing and binding and shall perform such duties in connection therewith, under the provisions of this act, as the board of printing and binding shall delegate and direct. All requisitions for printing and binding shall be filed with him and he shall have immediate charge of the work. He shall attend to the proofs, examine and pass on the quality and quantity of the delivered product, give directions as to the place of delivery, and figure and check all bills for printing and binding. Wherever the term Document Editor is used in this act, it is used synonymously with secretary of the board of printing and binding and the bond of five thousand (\$5,000.00) dollars now required of the document

editor shall apply to his duties, both as document editor and secretary of the board of printing and binding. It is also provided that said document editor and secretary of the board of printing and binding shall be a practical printer with at least five years experience.

SEC. 3. On or before the first day of November of each year, beginning with the year 1918, the officers of the different departments of state coming under the provisions of this act shall file with the document editor for the following year, an estimate of the probable amount and kind needed of bulletins, circulars, folders, pamphlets, booklets, catalogues, books, reports, blank books, record books, blanks, envelopes, letter heads, cards, labels, invoices, receipts, postal cards, court dockets, briefs, abstracts, cuts, plates, engravings, half-tones, illustrations, and all other printing and binding work of any nature whatsoever, now or hereafter required for the above period.

SEC. 4. All printing and binding designated in section three (3) of this act and all other printing and binding coming under the provisions of this act shall be classified in a general way by the board of printing and binding, as follows: (1) Bulletins, circulars, folders, pamphlets, booklets, catalogues, small books, reports, blank books, and all printing and binding of this nature, on which there is general competition in the state; (2) Codes, code supplements, session laws, record books, official register, census, geological survey, year book of agriculture, horticultural report, railroad commissioners' report, expense report, Iowa documents, large books, and any other publication or printing and binding work on which there is not general competition in the state; (3) Commercial work, such as envelopes, letter heads, cards, schedules, blanks, invoices, bills, labels, slips, postal cards, and all kinds of small jobs, commonly known as job printing; (4) General assembly journals, bills, resolutions, calendars, messages, bill indexes, manuals, and all other printing in connection with the legislature; (5) Supreme court dockets, briefs, abstracts, and all other printing in connection with the supreme court, not otherwise provided for by law; (6) Engravings, plates, cuts, half tones, and all other illustrations used in state printing and binding.

SEC. 5. Under the classification of section four (4) of this act, the contracts for class four shall be open only to bidders in the city of Des Moines, Iowa, and the House and Senate journals and the bound volumes of same shall be let to one contractor, the purpose being to eliminate extra cost of composition: classes one, three, five and six, shall be open to bidders of the entire state of Iowa but not to bidders outside of the state. Class two shall be open to bidders of the state but may be opened to bidders outside of the state if the board of printing and binding finds that the competition is too limited to get reasonable prices. The board of printing and binding may estimate the probable total amount needed for a year of the various kinds of work in class six and let the contract under the provisions of this act for the total work of each kind or of all kinds or may let it by individual pieces. The board of printing and binding may estimate so far as practicable, the probable total amount of letter heads, envelopes, cards, labels, blanks, or any other

sub-division under class three and let the contract under the provisions of this act for the total work of each kind or may let it by individual pieces.

SEC. 6. Paper and stock shall be furnished by the contractor and all bids shall be upon each completed product separately, except as is otherwise provided in this act, and shall be awarded in like manner to the lowest bidder, but the board of printing and binding shall have the power to reject any or all bids and advertise for new bids.

SEC. 7. On or before the *third Monday of Novemer* of each year beginning with the year 1918, the board of printing and binding shall cause to be printed for three consecutive issues in at least one daily paper in each of the seven largest cities in the state, as shown by the last state or federal census, an advertisement that sealed bids will be received until the *second Monday in December* for all printing and binding coming under the provisions of this act for the year following beginning with the first day of January. All bids shall be submitted in sealed envelopes and shall be opened in the office of the board of printing and binding at ten o'clock a. m. on the second Monday of December of each year, and the contracts shall be awarded in accordance with the provisions of this act. Said advertisement for bids shall specify that blank schedule and specifications in detail for bids may be obtained from the document editor, Des Moines, Iowa.

SEC. 8. The board of printing and binding shall prepare a *blank schedule and specifications* in detail upon which all bids shall be made, enumerating the number, kind, form, style, size and quality of each article, the size, form weight, and quality of paper or stock to be used: the size and style of type: the quality and style of binding, design, or monogram: the probable number of pages in each volume, and the probable number of pages of pages of each style of composition in each volume: and all other details entering into and forming a part of the work, stock, and completed product to be furnished. Said board of printing and binding, when requested to do so, shall have mailed to any printing or binding plant, entitled to bid under the provisions of this act, a copy of said blank schedule and specifications and when possible shall furnish to the prospective bidder a sample of the job or jobs upon which he proposes to bid. Each bid shall be accompanied by a certified check in the sum of ten per cent of such bid. Within ten days after notice of being awarded the contract, the contractor shall furnish a bond, with sureties, to be approved by the board of printing and binding, in the total sum of the contract and conditioned that the contractor shall indemnify and save harmless the state of Iowa for any and all damages or injury arising out of his failure to fulfill and perform all the conditions of his contract.

SEC. 9. Upon the acceptance of a proposed bid, the board of printing and binding shall at once notify the successful bidder that his proposal has been accepted, and within ten (10) days thereafter such successful bidder shall enter into a contract with the state, under bond as hereinbefore provided, to furnish such printing or binding work and stock in accordance with the schedule and specifications. Should any bidder fail

or neglect to enter into a contract within the time herein specified, the board of printing and binding shall award the contract in the same manner as herein specified to the next lowest bidder. Any successful bidder's failure to enter into contract shall forfeit to the state the certified check accompanying his bid. Any bidder not successful in securing an award of contract for which he has submitted his bid, accompanied by a check, shall be entitled to a return of said check, and the certified check of the successful bidder shall be returned to him upon the approval of his bond and contract.

SEC. 10. It shall be the duty of the *attorney general* to draw forms for contracts and bonds under the provisions of this act and each contract shall be signed by the document editor under the direction of the board of printing and binding, on behalf of the state, and by the party to whom said contract has been awarded, and such contracts and the bonds as hereinafter provided shall be filed with the board of printing and binding.

SEC. 11. Each contractor shall furnish the document editor or such officer as the document editor may direct duplicate proof of work being done under the contract. Such proofs shall be corrected and one copy returned to the contractor within five days. The other corrected proof shall be filed by the document editor with the contract. The contractor shall not be responsible for errors not marked on the proof and shall receive additional pay at the maximum rates, provided for in this act, for changes and alterations made in the original copy. Proofs shall be furnished upon the kind of stock that is to be used. Work completed under a contract, in accordance with the specifications, shall be delivered at the risk of the contractor and without expense to the state to the office of the document editor or to such officer, board, commission, or institution as the document editor may designate.

SEC. 12. Upon the completion and delivery of any particular job of printing or binding done under the provisions of this act, the contractor shall file with the document editor a sworn invoice or bill of the same, which invoice or bill, the document editor shall figure and check as to number, quality, and compliance with contract and specifications. The board of printing and binding shall then pass upon the claim and if it is found to be correct, payment shall be made to the contractor at the contract price, upon vouchers certified to as approved by the board of printing and binding, in the manner that other accounts against the state are paid.

SEC. 13. The board of printing and binding shall state in its specifications for printing and binding the time requirements with reference to all such work and shall fix in the specifications and contract the penalty for failing to comply with the provisions of the specifications and contract; provided, however, that no contractor shall be held accountable for delay occasioned by holding proofs or any other non-conformance to contract or specifications for which said contractor is in no way responsible.

SEC. 14. All copy for printing and binding shall be made in duplicate and one copy furnished the contractor and one copy retained on file by the document editor.

SEC. 15. The board of printing and binding, upon the taking effect of this act, shall adopt a maximum schedule of rates for printing and binding, not including stock, which schedule shall be the existing statutory schedule, so far as applicable, but said schedule may be changed, added to, or revised by the board of printing and binding from time to time. No contract for printing or binding shall be let at a greater price than the maximum of rates fixed.

SEC. 16. Any complaints with reference to any action of the document editor shall be heard and finally determined by the board of printing and binding.

SEC. 17. In the publication of reports that are to be bound together as Iowa documents, the board of printing and binding shall have a sufficiently extra number printed for use in said documents, in order that the extra expense of reprinting may be saved, and said extra reports shall be filed with the document editor for use at the proper time.

SEC. 18. All printing and binding of every kind and of any nature whatsoever, coming under the provisions of this act, shall pass through the hands of and shall be purchased by the board of printing and binding in the manner herein provided; except, when an emergency arises for the immediate furnishing of any printing or binding, the cost of which shall not exceed one hundred (\$100.00) dollars, the board of printing and binding shall have the power, if, in their judgment, the same cannot be deferred, to purchase such printing or binding at the lowest and best competitive price at any time between the letting of contracts, provided, however, that such price shall not be greater than is allowed by the schedule of maximum rates.

SEC. 19. All requisitions for printing or binding, bids, certified checks, bonds, contracts, specifications, schedules, records of the acts and proceedings of the board of printing and binding, and all other papers and documents executed under the provisions of this act shall be kept on file in the office of the document editor.

SEC. 20. The board of printing and binding shall prepare and file in the office of the governor, on or before the first day of February of each year, an annual report for the preceding year ending on the 31st day of December, provided, that no report shall be required until one year has been completed under the provisions of this act. Such report shall contain a full disclosure of all financial transactions of the board of printing and binding, including in tabulated form every requisition for printing and binding, the cost thereof, and the name of the contractor, for the year which it covers.

SEC. 21. All contracts for Senate and House journals, bills, circulars, pamphlets, catalogues, reports, booklets, books, and similar publications, shall be let by bids per page, and contractors shall not charge for original composition where the type has not been reset and the board of printing and binding shall not issue a voucher for any such duplication of charges. There shall be no charge for blank pages, but part pages shall be figured as full pages.

SEC. 22. If, in the judgment of the board of printing and binding, better service and cheaper rates can be had by the state furnishing paper and stock for printing and binding, then the said paper and stock may be bought in the manner now provided by law and the contracts for printing and binding let as herein provided, except that the paper and stock shall be furnished by the state. The paper and stock furnished the contractor shall be charged to him by the document editor, less five (5) per cent for waste, and said contractor shall return to the document editor any unused paper or stock upon completion of contract.

SEC. 23. Paper and stock on hand with the state executive council at the time of the taking effect of this act shall be sold to the highest bidder, unless the board of printing and binding shall decide that the state shall furnish paper and stock for printing and binding, in which event said paper and stock shall be used in printing and binding.

SEC. 24. All acts and parts of acts in conflict with this act are hereby repealed and the offices of state printer and binder are hereby abolished, the same to take effect at the expiration of the terms of office of the present state printer and state binder.

EXPLANATION OF VOTE.

MR. SPEAKER—I desire to explain my vote on House File No. 13. I favor the revision of the code but do not believe that the revision can be made with the necessary care and accuracy and be done by the time set in the bill; and I am opposed to the passage of any bill which apparently contemplates the calling of an extra session of the thirty-seventh general assembly, and therefore can not support this bill.

MAC J. RANDALL.

MR. SPEAKER—In explaining my vote on House File No. 13, a bill providing for the revision and codification of the laws of Iowa, I wish to state that I favor code revision but I believe that the bill in its present form is impracticable and that it will not work out in such a way as to produce the results anticipated; therefore, I am voting against the same.

COMMUNICATION FROM THE GOVERNOR.

The following communication was received from Governor W. L. Harding and ordered printed in the journal:

Gentlemen of the Senate and House: Permit me to call to your attention one or two matters of grave importance that in my judgment ought to have your early consideration. Our foreign relations are such that it seems something of a definite and positive nature ought to be done, looking to an accurate census of the men available for military

duty and a secret inventory of the materials within our commonwealth that may be used for defense or aggressive warfare as the case may be.

I am firm in the opinion that the people within our own border, and the nation, feel that we have delayed too long the matter of adequate preparation. We ought to have at our command ready for use, information of the amount of food supplies, materials for manufacturing war equipment, the location of factories for use that can be altered for the purpose of manufacturing needed supplies, and all other information that is vital. This information is needed by our own state and by the war department. Some of the eastern states have already started on a similar census. I am sure that our location, far from the probable seat of hostilities, will not deaden us to the danger that confronts our common country, nor will it lessen our activities for real preparation.

I know, argument for the necessity of such a census is not necessary with this body at this time. I, therefore, submit for your patriotic consideration this question, and for your information, herewith attached, a bill similar to one passed in other states.

In all probabilities, our commonwealth will be called upon by the federal government to raise and equip an army. Preparations should be made by this legislature for such an emergency by the appropriation of money to be used only in case the call comes. I, therefore, suggest that before you adjourn provision be made for the raising of at least half a million dollars, and perhaps it ought to be more, to be used by the proper authorities so that Iowa may do her share in maintaining the rights of a free people.

I am sure that the gravity of the present situation has impressed itself upon your minds as it has upon mine. I am sure you feel as I do that the stalwart manhood of Iowa is ready to respond to the call of the colors. This being true, the graver duty falls upon us who are here clothed with authority, to see that every possible step is taken to make this sacrifice, which these men are so willing to make, as easy as possible.

I, therefore, submit these two propositions, knowing that you will deal with them in the broad spirit of true Americans.

W. L. HARDING, *Governor.*

March 24th, 1917.

Referred to the committee on appropriations.

IOWA FLAG COMMISSION'S REPORT TO THE THIRTY-SEVENTH GENERAL ASSEMBLY.

The following report was received from the Iowa State Flag Commission and ordered printed in the journal:

The undersigned, a commission created for the purpose of inquiring into the expediency of the selection and adoption of an official flag or colors for the state of Iowa, respectfully report:

From the remotest antiquity there has been in use, first in war, then in the pursuits of peace, such emblems, to be borne aloft, as would in-

dicating the presence, or symbolize the power, of sovereignty. As sovereign power subdivided, or delegated its rights and privileges, it granted also the right or privilege to display colors. Thus the colors of sovereign kings and after of sovereign countries were devised and their use determined.

Symbolizing British sovereignty there had by right floated above the people of the American colonies the royal standard of England. When that flag came down, there was an honest difference of opinion whether sovereignty which it had symbolized passed to the confederation of the thirteen colonies as a unit, or to the thirteen individual colonies. Through the era of the confederation, and through that of the constitution up to the close of the Civil War, this confusion remained. Out of the situation grew recognition of double sovereignty. That of the nation itself as a unit, and that of the individual states. Which of the two was the dominant sovereign remained a question on the part of many until it was answered at Appomattox. Today all doubt has vanished as to the superior powers of the general government and as to those of the individual states being inferior. The emblems of these sovereignties are respectively symbolized on the part of the United States of America, by the Stars and Stripes, and on the part of the individual states by such state flags as they have adopted.

During the era preceding the Civil War, states which held for federal supremacy were slow to adopt state flags. The mind of the patriot instinctively resents the appearance of colors or symbols of sovereignty displayed so as to divide the attention, and, by inference, the devotion, of the beholder. In the acrimony of the Civil War the appearance of state flags displayed even in inferior relation to that of the Stars and Stripes was bitterly resented. Even today, it is bad form for the colors of a state to be officially displayed except in association with, and in inferior relation to the Stars and Stripes.

However, none who are now concerned with the functions of the government of the nation or of the states mistake the meaning of the respective symbols of sovereignty. In many instances, and particularly in the pursuit of modern military science of the nation with the separate states, and of state with state, colors designating federal from able. Whereas in the interchange of polite formalities the appropriate state units or organization, and those of state from state, are indispensable emblems and devices are of great benefit.

It appears, therefore, that there is a positive, tangible requirement of an official Iowa state flag; that such a symbol of sovereignty of Iowa should be brought into existence by the adoption of suitable laws, and the creation of rules and regulations that would establish and require the use of a state flag in connection with the Stars and Stripes; that the device and symbolism of a state flag should be drawn from the sources of pure history and art, and should harmonize in all essentials of meaning, form, color and use with the symbolism, use and beauty of the Stars and Stripes.

To which end your commission, unprepared in talent and training, respectively recommend the creation of a new commission to be composed of a member renowned for his attainment in history, a second for his attainment in law, a third for his attainment in art, and two others for distinguished public service, all in Iowa, to be appointed by the governor of the State. The sole duty of this commission should be to study, report, and recommend to the general assembly a design, statute, rules and regulations for an official Iowa state flag.

A fund of \$500.00 set aside by the thirty-sixth general assembly for the use of this commission was found inadequate and was in no part drawn. It should be diverted to the use of the new commission together with at least a thousand dollars more for its necessary use, should it serve without compensation.

All of which is respectively submitted as the final report of the commission.

W. L. HARDING, *Chairman.*

GUY E. LOGAN.

EDGAR R. HARLAN, *Secretary.*

So the bill having received a constitutional majority was declared to have passed the House.

Stone of Sioux and Miller of Boone offered the following amendment to the title and moved its adoption:

Amend the title by striking out all of said title and substituting the following in lieu thereof:

A BILL FOR AN ACT

To abolish the office of state printer and state binder, to create a board of public printing and binding and establish the powers and duties thereof, also to provide for a contract system of procuring the public printing and binding and the material and supplies required in connection therewith, and providing bonds for the various officers and providing penalties for the violation thereof.

Amendment adopted and title as amended agreed to.

EXPLANATION OF VOTE.

MR. SPEAKER—In explanation of my vote, I desire to state that I was not in favor of that part of the bill extending the expiration of the office for two years but voted for the bill because it accomplished in time the demands of the people for the abolishment of this office.

J. M. WORMLEY,

MR. SPEAKER—I vote "aye" on substitute for House File No. 283 with the explanation that although I am of the opinion nothing will be saved to the state, I am willing to give it a trial.

H. P. NICHOLSON, JR.

MR. SPEAKER—I vote for House File No. 283 not because I endorse the bill, but because it seems to be the best legislation that there is any reasonable hope of securing at this time. I think the offices of state binder and state printer should be abolished at once.

OTTO HELMING.

MR. SPEAKER—I voted in favor of the substitute for House File No. 283 because the same contained a provision for proper wages and hours for those doing state work, and also for the reason that statistics from surrounding states show that the competitive system means a saving to the taxpayers.

GEO. F. TUCKER.

MR. SPEAKER—I voted “aye” on House File No. 283. 1st: It morally completes a contract of the state. 2nd: It gives a time when we may change to a competitive process for state printing.

S. R. REED.

MR. SPEAKER—In voting “aye” for House File No. 283, am opposed to the Tucker amendment.

H. W. FLENNIKEN.

MR. SPEAKER—I vote “aye” on House File No. 283 but desire to explain my vote. I believe that the present system is the best for the state but in view of the apparent demand for a change, I am willing to vote to permit such change.

MAC J. RANDALL.

MR. SPEAKER—I vote “aye” because this bill abolishes the office of state binder and printer and will provide for competitive bids.

R. W. ANDERSON.

MR. SPEAKER—In voting upon this question I desire to explain my vote as to the time when the office of printer and binder should expire by stating that I would have favored the immediate cancellation of the offices of printer and binder, had not a moral, if not a legal contract between the state and the printer and binder existed, as shown by the evidence produced in the discussion on the floor.

J. E. WICHMAN.

MR. SPEAKER—In explanation of my final vote on House File No. 283 whereby the offices of state printer and binder are continued until January 1, 1919, I vote “aye” for the reason that I am forced to accept the provisions of said bill as amended by the substitute or take nothing.

W. E. GILTNER.

MR. SPEAKER—I believe the state of Iowa is now and has been for years paying too much for printing and binding and I can see no reason why it should continue to do so for two years longer. I voted for the amendment to this bill abolishing these offices at once and going on a competitive system of doing the state printing and binding. A majority of the members of the House have decided to continue the present system until the expiration of the term of the present officers. Realizing that this bill is the only relief we can get at this session of the legislature I vote “aye”.

DOUGLAS ROGERS.

MR. SPEAKER—I voted for the bill because it abolishes the state printer and binder office. Am sorry it did not provide to take effect July 4, 1917.

R. A. LENOCKER.

MR. SPEAKER—I wish to explain my vote on House File No. 283, by saying that I am in favor of abolishing the offices of state printer and binder, but I believe the present schedule of prices should be retained and the state should furnish the material. I believe the subject should be handled as provided in House File No. 287. I vote "aye".

F. G. TURNER.

MR. SPEAKER—I vote for House File No. 283 not because I endorse the bill but because it seems to be the best legislation that there is any reasonable hope of securing at this time. I believe that the offices of state binder and state printer should be abolished at once.

RUBE McFERREN.

MR. SPEAKER—I did not desire to keep the state printer and binder in office for two years more as provided in this bill but it was the best we could get and finally accomplishes the abolishment of these offices.

W. S. FINCH.

MR. SPEAKER—I vote for House File No. 283 not because I endorse the bill but because it seems to be the best legislation that there is any reasonable hope of securing at this time. I believe that the offices of state binder and state printer should be abolished at once.

M. B. PITT.

COMMUNICATION FROM THE GOVERNOR.

The following communication was received from the governor and read for the information of the House:

Members of the Senate and House of the Thirty-seventh General Assembly:

Your attention is respectfully directed at this time to the world's shortage of food supplies. While this subject is not primarily one for legislation yet I feel that it is entitled to consideration at your hands.

Never before in the history of any living person has there been such universal demand for food and such universal lack of it as now. The beneficent bounty of the God of the universe in making Iowa a food producing state not equalled anywhere, and this world need, is an opportunity for our people to render a real service to all humanity.

To feed the hungry is a mission worthy of a great state and a great people. Those without food across the waters are our neighbors. Our ideals of representative government and modern inventions, all have

blotted out distance, so that the cry for food in any part of the world is heard in our own homes.

We approach the seed time. It is the business of the patriot to see to it that the harvest is great. I want to draw the attention of this legislature to this world-wide opportunity to render a service to humanity and call upon our people to be vigilant in the duty they owe to a neighbor who suffers. I think it is conceded by all that our state, rich as she is, is not producing anywhere near the amount of food stuff possible at this time and that a concerted movement all along the line by all our folks will be rewarded by a great increase in yield.

The season is late for the most effective work but even now there is opportunity to do much that is helpful if we can only have the concentrated thought and action of all. The food stuffs grown in this state are well known and easily group themselves into four classes: grains, meats, vegetables and fruits.

This legislature can be of assistance in this work of increasing the supply by encouraging various associations and our Agricultural College, by appropriation if necessary, to extend aid to those who are already or maybe in the producing field. I suggest that you call to your advice on this matter the leading farmers of the state and others who are interested and I am sure ways of being of assistance will be found that will greatly help in this temporary crisis and be of lasting benefit to the state.

As a suggestion for activity I ask you to consider the advisability of taking some action for preventing the slaughtering of young "she stuff". This might well be called to the attention of the federal authorities with request for action. I am sure that merely calling this to the attention of our people at a time like this will be helpful but if put into legislative enactment would have a marked effect. Other phases of activity and ways of rendering assistance will suggest themselves to you and the people of the state.

I will not go further into detailed suggestion at this time as to ways and means but call your attention to this food shortage and its great extent knowing that as legislators you feel as I do that your duty is only limited by your opportunity and that you will make use of your great office to direct action along these lines as well as along lines that will directly increase the production of food supplies.

If it is not out of keeping on this occasion I desire to call your attention and the attention of the people of Iowa to the part they can have in increasing materially the food supplies for the use of the world. The public of our state should be awakened to the great responsibility and opportunity that is at their door. Newspapers, I know, will be glad to give space for the publication of facts and information and communities and organizations will consider this problem in a practical way and give assistance to all who may desire it and thus materially increase these supplies.

Iowa has never had greater opportunity to render real service to the world than is offered in this world food shortage. We pride ourselves on our form of government and its adaptability to meet all

needs and requirements. It ought to respond now to this world hunger call. Every hearth stone in Iowa ought to be an altar and every man and woman an Evangelist in this Christ-like work of feeding the hungry.

I call upon this legislature to use the power and influence you have as a body and as individuals to take up this work. I am confident that your endeavor will meet a cordial response at every fireside in this great state and that the good that will come from encouraging our people will not only be of service to humanity today but for many years to come.

I bespeak your careful consideration and hearty co-operation.

W. L. HARDING, *Governor.*

March 28, 1917.

HOUSE CONCURRENT RESOLUTION.

Anderson of Davis offered the following concurrent resolution:

Whereas, a number of communities in the state of Iowa have set apart July 24th of previous years as a "Flower Day", contest and exhibit, for the purpose of arousing a sentiment towards the beautifying of the home and lawns by the cultivation of flowers and shrubbery and the destruction and extermination of noxious weeds and unsightly conditions, and

----------	------

So the joint resolution having received a constitutional majority was declared to have been adopted by the House and the title was agreed to.

EXPLANATION OF VOTE.

In explanation of my vote I desire to state that one of my campaign pledges was that I would vote to submit any and all public questions to a vote of the people and my vote is in accordance with this pledge openly made and on which with others I was elected.

JOHN M. WORMLEY.

My only reason for voting against the submission of the suffrage amendment, is that I feel that the great majority of my constituents are against it. I wish to state, however, that had I voted my own convictions, I would have voted in favor of it.

DALE R. ANDRE.

Personally, I am in favor of Senate Joint Resolution No. 5, relating to the resubmission to the voters the question of woman suffrage, but a large majority of my constituents are opposed to the measure as shown by the election in June, 1916. For that reason and that alone I vote "no".

H. J. MANTZ.

I want to explain my vote on Joint Resolution No. 5. This question was submitted to a vote in June, last year, and a large majority of the votes cast in my county were against the proposed amendment. No evidence has been submitted that there has been a change of sentiment.

Therefore, in obedience to what I believe to be the sentiment and wish of the large majority of the voters of my county, and without any regard for my personal notion, I vote "no".

DOUGLAS ROGERS.

I vote no on the suffrage amendment for the reason that same was defeated in my county.

A. L. RICHARDS.

By striking out all following the enacting clause and inserting in lieu thereof the following:

SECTION 1. Any number of counties not less than three (3) nor more than nine (9), the combined population of which shall not exceed two hundred thousand (200,000) population, may form tuberculosis hospital districts and build, equip and maintain a hospital for the care and treatment of persons suffering with tuberculosis as hereinafter provided, and it is further provided that any county now operating or constructing a hospital for tuberculosis under chapter one (1) title four (4) of the supplement to the code of Iowa, is exempted as hereinafter provided.

SEC. 2. Any counties desiring to combine for the purpose of establishing a tuberculosis hospital district, shall proceed in the following manner. When two hundred (200) resident tax payers of any county in a group of not less than three (3) counties contiguous to each other, present to the board of supervisors of said county a petition asking

that said county shall become a member of a proposed hospital district, then the board of supervisors of said county shall at once notify the board of control of state institutions and said board of control shall promptly ascertain the bounds of said tuberculosis hospital district to prevent any contiguous county not included in such proposed district, from being separated to the future detriment of such county, and said board of control shall determine and fix the bounds of such proposed district.

SEC. 3. On the filing of said petition in any county included in the proposed tuberculosis hospital district, the board of supervisors of such county shall appoint one of its members who shall be known as a hospital trustee, such trustee to be appointed thereafter annually. Said district tuberculosis hospital trustees shall on a designated date, meet at some central point and organize into a district tuberculosis hospital board. SEC. 6. On the formation of any tuberculosis hospital district, the district board of trustees shall estimate the amount of money required to build such proposed tuberculosis hospital, provided, however, that no hospital be considered of less than fifty (50) beds, and such estimate shall be apportioned on the basis of the population of each county a member of said district, and the board of supervisors is authorized to appropriate without a vote, in any county of less than twenty thousand (20,000) population, a sum not to exceed five thousand dollars (\$5,000.00), and in any county of more than twenty thousand (20,000) and less than forty thousand (40,000) population, a sum not to exceed ten thousand dollars (\$10,000), and in any county of forty thousand (40,000) population or more, a sum not to exceed fifteen thousand dollars (\$15,000) or so much thereof as may be necessary for the acquiring, constructing and equipping of said district tuberculosis hospital. hospital, then said trustees shall submit specifications, plans and drawings of the proposed hospital with an estimate of the amount of money required, and shall certify the same to the board of supervisors of the respective counties comprising said hospital district, and the proposition for such sum shall be submitted to the voters of said district either at a special or general election. The board of trustees shall establish the rate to be charged per day or week for treatment in said hospital, and it is provided that no patient, a resident of any county in said hospital district may be charged a higher rate than that based on the maximum per capita cost of operation, and any patient treated at his own charges shall in no case pay more than the patient treated at the expense of any county, and the board of supervisors of any county comprising the district is directed to treat any indigent person who is suffering with tuberculosis and who has no one liable for his support, at the expense of the county, not to exceed fifteen dollars (\$15.00) per week.

SEC. 9. Any district hospital board may arrange for the care and treatment of patients from other counties not members of any tuberculosis hospital district, providing there is room in said district hospital, but no outside patients shall take precedence over residents of said district, in need of treatment. Any board of supervisors in any county, not a member of the tuberculosis hospital district, may expend not to exceed fifteen dollars (\$15.00) per week for a patient treated in said district hospital or any other sanatorium or hospital for the treatment of tuberculosis, within the state.

SEC. 10. The board of trustees of said district hospital shall employ a superintendent and formulate reasonable rules for the government and control of said hospital. They shall fix the salary of the superintendent and other employees and the superintendent shall have power to employ or discharge nurses and other help necessary for the proper operation of said district institution provided, however, that the treatment in said hospital shall be approved by the said advisory committee herein provided for, and the superintendent of the state sanatorium is hereby directed to inspect semiannually said district hospital to the end that the treatment of tuberculosis in the state may be unified.

SEC. 11. It is hereby provided that the board of trustees of any district hospital may employ not to exceed one visiting nurse for each county comprising the district, and said nurse shall co-operate with

said district hospital by visiting the homes of the people of said county, advising with them and instructing in home nursing care where appropriate and desirable so to do.

SEC. 12. The county treasurer of each county comprising said district, shall collect annually a county tuberculosis hospital tax like other taxes, and remit to the county treasurer of the county in which said hospital is located, who shall be treasurer of said hospital fund and who shall pay out all moneys on warrants issued by the county auditor of said county, which warrants have been certified by the board of trustees of said hospital. Said district hospital treasurer shall receive no additional compensation for such services, and no county treasurer shall receive additional compensation for collecting and remitting said hospital taxes, and no taxes levied for district tuberculosis hospitals for the care and treatment of persons suffering with tuberculosis shall be diverted from the purpose for which said levy is made.

SEC. 13. No hospital shall be located adjacent to or in connection with any county home or poor farm, and any district officer or county official failing to carry out any of the provisions of this act shall be deemed guilty of a misdemeanor and subject to a penalty.

SEC. 14. Any county not operating a hospital for tuberculosis under the law as it appears in chapter one (1) title four (4) of the supplement to the code of Iowa, 1913, may co-operate with other contiguous counties and said hospital either now in operation or to be erected, shall become a district hospital, provided that each county forming such district shall pay an equitable share based on its population of the original cost of said county hospital, allowing for a fair depreciation on any hospital sometime in operation. When such district shall have been formed, it shall subsequently be governed and administered as a district tuberculosis hospital.

SEC. 15. The board of supervisors of each county in this state shall provide for suitable care and treatment of persons suffering of tuberculosis and who are financially unable to provide for themselves, and who have no one liable for their support. And it is further provided that the board of supervisors of each county in this state shall allow for the care and support of each patient when in any institution within the state for the care and treatment of tuberculosis, a sum not exceeding fifteen dollars (\$15.00) per week, from a fund to be provided, known as the county tuberculosis fund.

SEC. 16. The law as it appears in chapter one (1) of title four (4), supplemental supplement to the code, 1915, is hereby repealed.

EXPLANATION OF VOTE.

MR. SPEAKER—I wish to explain my vote on Senate File No. 474, which was substituted for House File No. 409. I believe in the principle of the four (4) year term, but believe for safety to the public the number of consecutive terms, that one officer may be elected, should be limited to two. By this method it would place the books in the hand of an interested party, who would demand that everything be in first class shape, before taking his position, and would be a safeguard to the public against defalcation, particularly where large sums of money are to be handled.

C. B. SANTEE.

Speaker pro tem McFarlane in the chair.

SENATE CONCURRENT RESOLUTION CALLED UP.

Klinker of Crawford asked and obtained unanimous consent to consider at this time the following Senate concurrent resolution:

Whereas, the early laws of the various states are becoming scarce, in many instances the supply being entirely exhausted, and the growing need and demand has caused some of the states to reprint in part or in entirety certain early laws or statutes; and

Whereas, by authority of concurrent resolution of the thirty-fourth general assembly, there was caused to be reprinted the early statutes and session laws of Iowa prior to 1852, and provision was made for their sale at actual cost; and

Whereas, owing to obscure phraseology in the resolution authorizing the reprinting and distribution, no allotment of these reprints has been made to the state law library for exchange, and by exchange it would be possible to receive the verbatim reprints of the laws of other states towards completing the files of the state law library; now therefore,

Be It Resolved by the Senate, the House concurring: That the secretary of state is hereby authorized and directed to turn over to the state law library one hundred copies of each volume of the reprinted laws and statutes aforesaid, to be used for the purpose of exchange with other states or countries, individuals, firms or associations having statutes, laws or legal works which may be had by such exchange, at not less than the sale price of the statutes or laws given in exchange.

Mr. Klinker moved that the House concur in the Senate concurrent resolution. Motion prevailed and the House concurred.

EXPLANATION OF VOTE.

MR. SPEAKER—I wish to explain my vote on Senate File No. 5 by Whitmore, commonly known as the “Bone Dry Bill” and state:

That I voted against the bill for the reason that I believe it endangers the chance of passage of the constitutional prohibition amendment, and that it is unadvisable during the pendency of the constitutional amendment proposition to pass any such legislation.

IRA W. JONES.

MR. SPEAKER—My best judgment is, that the passage of this bill at this time will do the temperance cause in Iowa more harm than good. I notice that the liquor interests in the state are supporting the measure and I am not in full accord with that interest.

W. W. EPPS.

Be It Resolved by the Senate, the House concurring:

Whereas, this nation must at last face the stark and naked truth that today we are virtually at war with a foreign power, and

Whereas, the one great principle that is to be determined in the stupendous conflict that is now devastating the civilized world is whether or not government of the people, by the people and for the people shall not perish from the earth, and

Whereas, the blood of our breed, all the way from Bunker Hill to Appomatox court house and Manila bay, has been gladly, willingly and joyously spent in the preservation and defense of the God-given principle that the people and not the kings or classes shall rule, therefore,

Be It Resolved by the Senate, the House concurring: That at this moment in the world's history, when the inevitable conflict between democracy and despotism has arrived at its supreme test, and with as full a realization of the import and solemnity of our action as that which inspired our forefathers who enunciated the declaration of independence that has made this world a livable place for the common people, we, the senators and representatives in the thirty-seventh, general assembly of

Iowa, conscientiously believing that we hereby express the will and sentiment of our state, call upon the Congress of the United States at once and before it is too late, to enact into law a bill that provides for such general military training in this nation to the end that the blood of our forefathers shall not have been shed in vain, and that constitutional government bought by that blood may yet survive.

Be It Further Resolved. That engrossed copies of this resolution be, and they are hereby ordered transmitted to the president of the United States, to the Honorable Albert B. Cummins and the Honorable William S. Kenyon, senators of the state of Iowa, and to each of the members of Congress from the state of Iowa.

Rogers of Carroll moved that further proceedings in the call of the House be now dispensed with. Motion prevailed.

The chair ruled that the point of order raised by Turner of Iowa was not well taken and, in connection with the motion to lay the Senate amendments to House File No. 403 on the table, ruled as follows:

A point of order has been made against the tabling of the amendment to House File No. 403. The reason assigned by the maker, that it requires a constitutional majority to table is in my opinion no support for the point made. But the point remains and the chair must pass

upon it. It may be well taken though the maker has failed to furnish a good argument.

This general assembly has a special rule that prescribed just what shall be done in the very case before us. That rule controls. The very making of it is of necessity a binding declaration that on the matter covered by the rule, general parliamentary law shall not be considered. For, if this legislature desired to leave the matter to such general law and to precedent elsewhere, there was no occasion for making the rule. The rule referred to is Joint Rule No. 1. It provides that in the situation we have the House may (1) amend an amendment made by the Senate to a bill passed the House and returned to it for concurrence, or (2) concur in the amendment made by the Senate, or (3) refuse to concur therein. If the House amends the amendment or refuses to concur, the bill goes back to the Senate, and the rule makes further provision as to what is then to be done in the Senate.

The House has pursued no course laid down by this rule and if its attempt to table is made effective has denied the Senate the right of action which the rule gives. It is true the rule does not say in so many words that the Senate amendment may not be tabled. It does not attempt to specify what may *not* be done. But it does say what shall be done, and thereby, of necessity, what shall not be. A joint rule prescribing how the House shall act would be an idle form if it is left free to do what will destroy that rule by stopping its operation and interfering with its manifest purpose. Joint Rule 1 would be destroyed or at least modified or suspended, and great absurdities result if the amendment may be tabled. Both Houses have passed every line of the House bill. The Senate has added an amendment. The manifest object of the rule is that both Houses now have opportunity to come to agreement as to what form so much of the bill as both have approved shall have. Fifty-one votes in this body is undertaking to deny that opportunity. If that be effective, a majority of a quorum or 28 votes can do as much as 51 votes. So can 14 votes in the Senate. This would mean that 28 members of the House, or 14 of the Senate, can nullify the action on the bill by which a constitutional majority of both Houses has approved of all of the bill except the Senate amendment and the same vote can prevent an agreement which a constitutional majority in both Houses might reach were it not for the action of these few. The effect would be to suspend the joint rule by less than a constitutional majority of one House. Such suspension requires a two-third vote in both Houses.

The falsity of the position that the amendment may be tabled and joint rule 1 complied with may be seen from the following proposition: Suppose that we allow that the amendment may be tabled and that at no time a majority vote could be had to take it from the table, then the Senate would be forever estopped from receding from the amendment which the rule distinctly says they may do. This, of itself, shows ~~what~~ any action which might tie up the amendment and the bill in such manner that the Senate would be denied the right to recede is clearly out of order.

The conclusion announced and which sustains the point of order is fortified by still another consideration. The House has passed the bill. If joint rule 1 is proceeded under, the Senate may recede and approve the bill as it passed here. Tabling so does away with the bill passed by this House as that the Senate cannot agree to it if it desired to. Tabling, then, is nothing less than reconsideration of the House Bill. Reconsideration requires a prescribed notice. None was filed. It requires a constitutional majority. The motion to table did not have it. In my opinion, the amendment may not be tabled and the House must proceed as the joint rule provides.

Epps of Wapello moved that the House concur in the Senate amendments to House File No. 403.

Lee of Sac moved that the House do now adjourn until 1:15 p. m.

Randall of Linn moved to amend this motion by changing the time from 1:15 p. m. to 1:30 p. m. Amendment adopted.

Motion as amended prevailed.

AFTERNOON SESSION.

The House reconvened, Speaker Pitt in the chair.

PENDING BUSINESS.

The House resumed consideration of the Senate amendments to House File No. 403.

Elwood of Howard moved that the enacting clause to House File No. 403 be stricken out.

Epps of Wapello raised the point of order that the motion by Elwood of Howard was not germane to the matter now under consideration, and that the motion was therefore out of order.

The chair held that the point of order was well taken.

McFarlane of Black Hawk appealed from the decision of the chair.

Bruce of Pocahontas and Elwood of Howard demanded a roll call.

On the question, "Shall the decision of the chair be sustained?"

COMMUNICATION FROM THE GOVERNOR.

The following communication was received from the governor and read for the information of the House:

To the Members of the Senate and House of the Thirty-Seventh General Assembly:

In harmony with a communication made to you some days ago in reference to the world food shortage, I am again addressing you to direct attention to this, and for the further purpose of offering opportunity for definite action.

At the suggestion of many citizens, a conference of leading farmers and others interested in and connected with agriculture was held in the state house April 3rd to discuss ways and means, and to gather the sentiment of our people on this vital subject. Resolutions were adopted at this meeting summing up the result of their deliberations and copy of same is hereto attached and made a part of this message.

There is herein a request made for an appropriation of money to be used by and through state agencies already in existence to imme-

diately crystallize into action, public sentiment that is already well developed on this subject. The request for an appropriation to do this work, in my judgment, should meet the same response that a request for money to raise and equip an army would meet at your hands. To be prepared to feed those who wear the uniform in honor and defense of the colors is of primary and fundamental importance. An added argument in defense of such an appropriation is the thrift and saving that will be inculcated in our people by such a campaign. These prime virtues will last for at least a generation, for the boys and girls in our public schools will all be influenced.

A committee composed of one member from each congressional district has been appointed to take up immediately the work of voluntary organization in the counties and down to the township. Many organizations such as the grange and livestock associations have already volunteered to do their part in assisting in this work. I am sure we will have the co-operation of every association in the state that has to do with the production of foodstuff.

I share with you the knowledge that many demands are made for money from the state treasury. However, I am firm in the opinion that this appropriation which is asked will be an investment that will return many fold and at the same time be a preparedness measure that will be a bulwark in any emergency that may confront our common country.

I bespeak your earnest, patriotic consideration of this matter.

W. L. HARDING, *Governor.*

April 6, 1917.

Whereas, there is a great shortage of food throughout the world and in an enormous agricultural area the food output is being restricted on account of war, and

Whereas, the rate of food production in the United States is not keeping pace with the increasing home demands, resulting in a serious food shortage in this country which is accentuated by reason of the conditions abroad, and

Whereas, the Honorable W. L. Harding, governor of Iowa, has called this conference of officers of agricultural organizations and other farmers and business men to consider the situation from the standpoint of our state and nation; now, therefore,

Be It Resolved: 1. That on this momentous day we recognize our country is facing the greatest crisis in our history, and

2. That it is our solemn and patriotic duty to be prepared as fully as possible for whatever events may be before us, and

3. That at this time every state and every individual citizen should make the best use possible of all resources and facilities at their command, in so far as such resources and facilities may be made consistently to serve the needs of the nation, and

4. That a special duty is laid upon this agricultural state to largely increase its production of food, and

5. That we in attendance at this conference, believing we represent the sentiment throughout the state of Iowa, respectfully recommend to

the general assembly the passage of a joint resolution calling upon all the people in the state to give their aid to increasing food production by using improved methods, by utilizing land that now is idle, and by inducing many able persons not now employed to generously aid in these undertakings, and

6. That, believing in statewide organized efforts, we hereby respectfully urge the general assembly to make a special emergency appropriation to the agricultural extension department of the Iowa State college of Agriculture and Mechanic Arts, for use in stimulating the production and preservation and proper use of foods for people and animals, and not less than \$100,000.00 to be available immediately for the calendar year 1917; and a like amount additional for the calendar year 1918, provided, that the sum appropriated for the year 1918 shall not be used if in the judgment of the executive council its use is unnecessary or unwise.

April 3, 1917.

MESSAGE FROM THE SENATE.

Secretary Watters presented the following message from the Senate:

I am directed to inform your honorable body that the Senate has amended and passed the following bill in which the concurrence of the Senate was asked:

House File No. 589, a bill for an act providing for an appropriation of one million dollars (\$1,000,000) to be used in the event the governor is required to organize a volunteer army for service in the United States forces on call of the president.

CONSIDERATION OF SENATE AMENDMENTS.

On request of Johnston of Humboldt, unanimous consent having been given, House File No. 589, a bill for an act providing for an

appropriation of one million dollars, (\$1,000,000), to be used in the event the governor is required to organize a volunteer army for service in the United States forces on call of the President, with Senate amendments, was taken up and the amendments read and considered.

SENATE AMENDMENTS.

Amend House File No. 589 by striking out the title and substituting therefor the following:

A bill for an act providing an appropriation of one million dollars (\$1,000,000.00), for the organization and equipment of military organizations for service in the armies of the United States, and for certain benefits for such military organizations, and for aid to dependent wives, mothers, and children of enlisted men of such organizations, and providing the method of expenditure of said funds, and recoupment from the federal government by the state.

Amend House File No. 589 by striking out all after the enacting clause and substituting:

SECTION 1. There is hereby appropriated out of any money in the state treasury not otherwise appropriated, the sum of one million dollars (\$1,000,000.00), or so much thereof as may be necessary and authorized, to be used under this act; the same to be used as provided in this act in providing, equipping, and raising, and for the benefit of any military organization of the state of Iowa for service in the armies of the United States, on call of the president.

SECTION 2. That said funds herein appropriated may be used to pay the necessary expenses in securing enlistments, physical examinations, transportation and sustenance and all other necessary and advisable expenses connected with the organization of such military organizations. The adjutant general of the state of Iowa is hereby authorized to pay to each company, troop, battery, or other similar unit, while in service, for the welfare and comfort of the men, a sum not to exceed the amount now allowed to such units as a total miscellaneous fund under the military laws of the state of Iowa. Such payments may be made, however, monthly instead of semi-annually. The commanding officer of each unit shall account to the adjutant general for all such funds received by him.

SECTION 3. The adjutant general with the approval of the governor of the state may pay out of said fund, to the dependent wife, mother, or children under fourteen years of age of any enlisted men in any such military organization: to any dependent wife or mother a sum not to exceed twenty dollars (\$20.00) per month; and to any such minor dependent, not to exceed ten dollars (\$10.00) per month; but that said sum to such dependents of any soldier shall not exceed the total sum of thirty dollars (\$30.00) per month; provided, however, no such payments shall be made to any such dependents receiving pay as such from the federal government.

SECTION 4. That all sums drawn on said fund shall be drawn by a warrant of the auditor of state on the treasurer of state, upon a requisi-

tion made by the adjutant general and indorsed by the governor; and such requisition shall show the exact purpose for which the sum therein named is to be used or has been expended, and all expenditures under this act shall be audited as other state expenditures are audited.

SECTION 5. All expenditures made by the state of Iowa for the purposes named in this act for any other military purposes for which the federal government by its laws now in force or hereafter enacted would be liable, or for which said federal government assumes to be liable, shall be repaid to the state and claim therefor shall be made by the governor for and on behalf of the state of Iowa.

SECTION 6. This act being deemed of immediate importance, shall be in force and effect from and after its publication in the Des Moines Capital and the Des Moines Register, newspapers published in Des Moines, Iowa.

Mr. Johnston moved that the House concur in the Senate amendments.

On the question, "Shall the House concur?"

Ayes—103.

I vote "aye" on this motion to substitute the minority for the majority report on House File No. 323, that the cement trust may be

investigated and that it may be ascertained what interest or action, if any, said trust has taken respecting legislation at any time pending before this assembly.

I vote aye for the reason that the supporters of the committee road bill were accused of standing in with the cement trust, road machinery companies, bridge manufacturing companies, etc. Hence I vote favorable for an investigation.

POINT OF ORDER RAISED.

I raise the point of order that the decision of the speaker pro tem was erroneous in holding that House File No. 344 received a constitutional majority on a vote of 59 ayes for the reason that said bill required under Section 31 of Article 3 of the constitution of Iowa an affirmative vote of two-thirds of the members of both Houses.

HOUSE CONCURRENT RESOLUTION CALLED UP.

Weaver of Polk asked and obtained unanimous consent to call up at this time the House concurrent resolution offered on March 29th by Mooty of Grundy and Darrah of Franklin, relative to the state's agricultural productivity.

Mr. Weaver moved the following concurrent resolution be substituted in lieu of the above concurrent resolution:

Concurrent Resolution relative to increasing the food production of the state and providing for a conference at the state college of agriculture and mechanic arts, of the county agricultural agents within the state, and of sundry delegates to be chosen by the boards of supervisors, to consider and recommend to the people means and policies for securing such increase of food production and for conserving permanently the agricultural productivity of the state.

Whereas, there is a great shortage of food throughout the world, and in an enormous way the food output is being restricted on account of the war, and

Whereas, the rate of food production in the United States is not keeping pace with the increasing home demands resulting in a serious food shortage in this country which is accentuated by reason of the conditions abroad, and

Whereas, the state of Iowa, as the greatest agricultural state in the Union, is vitally interested in this problem of food production, and

especially, that the balance of production of stock and grain be not unduly disturbed by the high prices now obtaining and likely to continue during the period of reconstruction that will follow the end of the war; now therefore

Be It Resolved by the House of Representatives, the Senate concurring:

(1st) That we recognize the patriotic duty imposed upon the agricultural interests of the state to do their full share in providing a food supply for the nation by thorough organization, by using improved methods, by utilizing land that is now idle, and by inducing all to generously aid in these undertakings.

(2d) That in furtherance of this purpose the president of the state college of agriculture and mechanic arts be and is hereby directed to summon the county agricultural agents from the counties in which the same are employed, to meet in a farmers' conference at the state college, and he may ask to such conference representatives of grain and stock associations throughout the state as he may deem best.

(3d) That in the counties having no such agent, the boards of supervisors be and they are hereby directed to name as a delegate to such conference some representative citizen deeply interested in agriculture.

(4th) That said conference be called for a date which shall be within thirty days from the date of the passage of this resolution, and that such conference take under consideration the food production of the state, the probable effect of the prevailing prices on the stock and grain production respectively, the question of what measures and policies on the part of the farmers of the state will best preserve a proper balance in the state's production in agriculture, and what measures will best increase such production; that said conference consider such problems in the light, not *only* of the unusual conditions now obtaining, but with a view to the permanent policy of the state in matters affecting its productivity.

(5th) That such conference be and it is hereby directed to formulate its conclusions and recommendations in writing, and the same are hereby authorized to be printed as a bulletin by the state college for reproduction in the press of the state and for general circulation among the farmers of the state, in such quantities as the president of the state college may determine, to the end that the attention of the state may be called directly to the necessity of careful measures to conserve and increase its food production.

Motion prevailed and the resolution was so substituted.

Mr. Weaver moved that the resolution be adopted. Motion prevailed and the concurrent resolution was adopted.

SENATE MESSAGES CONSIDERED.

CONSIDERATION OF BILLS.

SPECIAL ORDER NO. 74.

On motion of Neff of Pottawattamie, Senate File No. 16, a bill for an act to amend section 1099 of the code, and sections 1106, 1150, 1151, 1157, 1087-c and 1173 of the supplement to the code, 1913, and relating to election of presidential electors and United States senators and of vote therefor and removal of names of presidential electors from official ballot, with report of committee recommending passage as amended was taken up and considered.

Lake of Woodbury offered the following amendments as a substitute for the committee amendments and moved their substitution:

Amend Senate File No. 16 by substituting the following for the committee amendment:

That a circle not less than one-half inch in diameter be placed before the words "Republican" "Democratic" "Prohibition" and "Union Labor" in line 59 of section 2.

That the following sections be added as sections 8 and 9 of the bill:

SEC. 8. That section 1119 of the supplement to the code, 1913, be amended by substituting therefor the following:

Upon retiring to the voting booth the voter shall mark his ballot by placing a cross, if he desires, in the circle at the head of one ticket on the ballot, or the voter may place a cross in the square opposite the name of any candidate for whom he desires to vote, whether he had put a cross in the circle or not. The voter may also insert in writing in the proper place the name of any person for whom he desires to vote, without making a cross opposite thereto. The writing of such name without making a cross opposite thereto shall constitute a vote for such person but the making of a cross opposite a name therein shall not affect the validity of the vote.

SEC. 9. That section 1120 of the supplement to the code, 1913, be amended by substituting therefor the following:

When a circle is marked the ballot shall be counted for all the candidates upon the ticket beneath said circle, except candidates for those offices for which some candidate has been otherwise voted for by marking a square. When a square in front of any candidate for an office has been marked, a mark in the circle shall not count for any candidate for that office. When more candidates than the number to be elected to the same office are voted for by marking the squares opposite their names the vote shall not be counted for any candidate for that office. If less than the whole number of candidates to be elected are voted for

by marking the squares opposite their names the vote shall be counted only for those marked in the square and a mark in a circle shall not apply. If for any reason it is impossible to determine the voter's choice for any office, his ballot shall not be counted for such office, but a mark in the circle of any ticket on the ballot shall not be held to make it impossible to determine the voter's choice. Any ballot marked by the voter in any other manner than as authorized in this chapter, and so that such mark may be used for the purpose of identifying such ballot shall be rejected.

Motion prevailed.

Jones of Cerro Gordo offered the following amendment:

Amend Senate File No. 16 by adding thereto the following as an additional section:

"SECTION —. That the law as it appears in chapter two-b (2-b), title six (VI), supplement to the code, 1913, be and the same is hereby repealed, and that the following be enacted in lieu thereof:

"The state conventions of each political party held in accordance with the provisions of section 1087-a-27, supplement to the code, 1913, shall nominate candidates for the office of judge of the supreme court, and they shall be elected at the general election in November, in the same manner as the governor of the state is elected.

In judicial districts now or hereafter composed wholly of one county, the candidates for the office of judge of the district court shall be nominated at the regular primary election, and elected at the general election in November, in the same manner as elective county officers are nominated and elected.

In judicial districts now or hereafter composed of more than one county, there shall be a district central committee composed of one member from each county or such district. Such committeemen shall be elected by the county convention in such county held in accordance with the provisions of section 1087-a-25, supplement to the code, 1913. Until such conventions are held, the chairman of the county central committee of each political party shall act as committeeman from his county for such judicial district. In such judicial districts in which a judge of the district court therein is to be elected, a judicial convention shall be held by each political party participating in the primary election of that year. Not less than ten days and not more than sixty days before the day fixed for holding the county convention, a call for such judicial convention to be held, shall be issued by the party central committee for any such district, and published in at least one newspaper of general circulation in each county composing any such district, and which shall state, among other things, the number of the delegates each county of the district shall be entitled to and the time and place of holding the convention. Any such call shall be signed by the chairman of the party central committee for any such district, and be filed by him with the county auditor not less than five days before the county convention, and the county auditor

shall attach a true copy thereof to the certified list of the delegates required to be delivered by him to the chairman of the county central committee of the respective political parties. Each county convention held in such judicial district shall select such a number of delegates to the judicial convention as is called for by the party organization of such judicial district. No such district convention shall be held earlier than the first Thursday or later than the fifth Thursday following the county convention. The convention when organized, shall make nominations for the office of judge of the district court in such district. The organization of the procedure in such judicial district convention shall be the same as in the state convention. Such judicial district convention may transact such other business as may properly be brought before them. Judges of the district court in such judicial districts shall be elected at the general election in November in the same manner as state senators are elected.

In any city in which a superior court has been or may hereafter be established, the judge of said court shall be nominated and elected in the same manner and at the same time as the other elective officers of such city are nominated and elected.

All nominations for the office of district judge shall be certified to the secretary of state, as near as may be, in the same manner that nominations for state senator in the general assembly are certified under existing law. Nominations for the office of supreme judge shall be certified to the secretary of state in the same manner that nominations for other state offices are certified under existing law.

Nothing in this act shall be construed so as to prohibit nomination of candidates for the office of district or supreme judge by petition as provided by section one thousand one hundred (1100) of the code of Iowa, 1897, and amendments thereto, but no person so nominated shall be permitted to use the name of any political party authorized or entitled under this act to nominate candidates for such office.

The names of candidates for the office of district or supreme judge nominated and certified to the secretary of state, as provided in this act, shall be certified by the secretary of state to the officer having charge of the printing of the ballots and the names of such candidates shall be printed on the ballot under the proper party designation in the same manner as required by law for the printing of the names of candidates for district and state officers therein.

All of the laws relating to certificates of nomination, filing the same, certifying nominations to the officers having charge of the printing of the ballots, printing of the names of candidates on the official ballot, the method of withdrawal, filling vacancies, conducting general elections, of canvassing the ballot, of announcing the result, of recounting the ballot, or publishing notice of nomination and election, contesting the election, and the penalty for illegal voting, misconduct of the election officials, and the making of the sworn return, shall so far as applicable, be the same as now provided by the general election laws of Iowa for the election of district and state officers."

Wichman of Hancock offered the following amendment to Senate File No. 16:

Amend Senate File No. 16 by adding thereto the following:

"SECTION 10. Chapter two-b (2b) supplement to the code, 1913, is hereby repealed, including all the sections thereof and the following enacted in lieu thereof:

EXPLANATION OF VOTE.

MR. SPEAKER—I vote to reconsider the vote by which Senate File No. 467 failed to pass the House because it is declared necessary by the military authorities that this measure pass, and I do not wish to be placed in position of doing anything to hinder our military preparation, though I believe one armory would be sufficient.

Amend Senate File No. 467 by striking out that part of section one following the word "purposes" in line five down to and including the word "Iowa" in line seven. EXPLANATION OF VOTE.

MR. SPEAKER—I want to explain my vote on Senate File No. 176. The adoption of the proposed amendment will not add any laws for the enforcement of the present prohibitory liquor laws. It will remove none of the present laws nor will it render the enforcement of any of them more workable. We have prohibition in this state now and will have prohibition no matter how this question is disposed of when submitted. The question can be submitted at the general election with but little expense and it will cost over \$125,000 to submit it as is proposed at a special election. I am opposed to this useless expenditure of the people's money and therefore vote "No".

DOUGLAS ROGERS.

MR. SPEAKER—I voted "No" on Senate File No. 176 for the reason that I believe this question should be voted on at the general election, thus saving the state \$125,000 or more, which would be the expense of the special election.

OTTO A. HELMING.

MR. SPEAKER—I vote "No" on Senate File No. 176 because I believe it is an unnecessary expense to hold a special election to decide this question.

ROBERT BRUCE.

SPECIAL ORDER NO. 61.

The time having arrived for Special Order No. 61, on motion of Rowley of Van Buren, Senate File No. 494, a bill for an act to make the office of state superintendent of public instruction elec-

tive, repealing section twenty-six hundred twenty-seven-a (2627-a), supplement to the code, 1913, and providing for the filling of said office until the next general election, with report of committee recommending passage was taken up and considered.

Wichman of Hancock offered the following amendment and moved its adoption:

Amend Senate File No. 494 by striking out all after the period in the fifth (5th) line of section one thereof, and inserting in lieu thereof the following:

"The term of such officer so elected shall commence at the expiration of the term of the superintendent of public instruction now in office, and continue until his successor is elected and qualified."

Amendment adopted.

Anderson of Winnebago offered the following amendment and moved its adoption:

Amend Senate File No. 494 by striking out the word "bi-annually" in line 4 of section 1 and inserting in lieu thereof "every four years".

MESSAGE FROM THE SENATE.

Secretary Watters presented the following message from the Senate:

I am directed to inform your honorable body that the Senate has passed the following concurrent resolution in which the concurrence of the House is asked:

Senate concurrent resolution relative to introduction of bills providing that property of enlisted men in the army shall not be subject to execution.

SENATE CONCURRENT RESOLUTIONS CONSIDERED.

Shaff of Clinton asked and obtained unanimous consent to consider at this time, Senate concurrent resolution relative to the drafting of a bill providing for the exemption from execution of the property of enlisted men during the period of their enlistment, and moved that the House concur:

MR. PRESIDENT—

Whereas, we are now at war and because of that fact, for the protection of our people and our institutions and our liberties, we are appealing to the patriotism of our citizens for enlistment in our nation's defense, and

Whereas, such enlistment may, under certain conditions, cause serious financial loss, not only in production, but in disabling those who may so enlist from providing for the means of promptly paying indebtedness already incurred, and

Whereas, the sacrifice of time and the risk of loss of life and the endurance of the necessary privations should be deemed sufficient performance of patriotic duty, therefore,

Be It Resolved by the Senate, the House of Representatives concurring: That the president of the Senate and the speaker of the House are hereby requested to ask the appropriate committee of the Senate and of the House to prepare a suitable bill which shall provide in substance that debts owing by any person who may enlist in the service of his country, should not be collectible by action at law during the time of such enlistment, and any property held by such enlisted person shall be exempt from execution from debts contracted prior to enlistment until six months after the time of his enlistment shall cease. And to provide, further, that the statute of limitations on the collection of debts shall also be inoperative with reference to the time during which service for the country is continued.

Motion prevailed and the House concurred.

Shaff of Clinton asked and obtained unanimous consent to consider at this time, Senate concurrent resolution relative to shortening the period of enlistment in the national guard, and moved that the House concur:

Be It Resolved by the Senate of the General Assembly of the State of Iowa, the House concurring:

That, *Whereas*, under section 69 of chapter 134 of the first session of the sixty-fourth Congress of 1916 it is provided as to enlistments in the national guard that the same shall be for six years, the first three of which shall be in the active organization and the remaining three in the national guard reserve,

And, *Whereas*, this long period of enlistment is deterring many from enlisting in the service who otherwise would gladly enlist for the period of the world-wide war in which we are now engaged,

Be It Resolved by the Senate of the General Assembly of the State of Iowa, the House concurring: That we hereby respectfully petition Congress at present in special session to promptly amend said law by striking out the six year period of enlistment and substituting therefor provision for enlistment in the national guard service during the period of our present war with Germany,

And that an engrossed copy of this resolution be sent to the Honorable A. B. Cummins and W. S. Kenyon, United States Senators from Iowa, and to each of the honorable representatives in Congress from the state of Iowa.

Motion prevailed and the House concurred.

CONSIDERATION OF BILLS.

Gray of Calhoun moved that Senate File No. 456 be withdrawn from the committee on land titles and substituted for House File No. 550. Motion prevailed.

REPORT OF COMMITTEE ON RETRENCHMENT AND REFORM.

To the Senate and the House of Representatives of the Thirty-seventh General Assembly:

GENTLEMEN—Your committee on retrenchment and reform, to whom was referred the matter of communication of the governor in his message

of February 10th, 1917, as found on pages 412 to 419 inclusive of the journal of the Senate and pages 452 to 459 inclusive of the journal of the House, beg leave to report:

That we have carefully examined the records of the state and with the aid of the deputy state treasurer, Mr. Q. A. Willis and the chief revenue clerk, Mr. W. H. Williams of the auditor's office have gone over the estimates of receipts and the estimated liabilities from January 1st, 1917 to June 30th, 1917; have carefully examined the total appropriations for the current biennium and the receipts under the levies authorized for the corresponding period and for various years preceding it. That we have also examined the funds of the treasury with respect to the amount of cash on hand at various times; the amount received by the state as interest on daily balances at two per cent; the amount paid by the state as interest on sums borrowed to meet warrants; the balance in the different funds for several years last past, and have obtained such other information as we could find touching upon the expediency of increasing revenues to meet the needs of the state government.

We find the estimate of general receipts and expenditures as set forth in the governor's message approximately correct. This exists only because of an insufficient revenue of past years and not because of insufficiency of revenue for the present biennium. We find also that the estimated liabilities of the state up to June 30th, 1917, is based upon certain appropriations which might be called for, but which, in fact, as shown by past experiences are not called for during the period for which such estimate is made. The estimated deficiency, therefore, in the funds of the government on June 30th, 1917, is somewhat misleading and exists only in case every appropriation authorized be used to the amount stated in the estimate on the date to which the estimate is made.

The period of biennial appropriations is from July 1st, 1915, to June 30th, 1917. The estimate of the condition of the treasury should not be made upon the appropriations made by the last general assembly, but on the estimated expenditures under the appropriations provided by statute. Appropriations made by the legislature should be definite and fiat and not left to uncertainty. It should be made on an estimate covering the total amount and not for such sum as may be necessary without other limitation. The estimated expenditures for the fiscal period from July 1st, 1917, to June 30th, 1919, as based upon appropriations made for the last biennium and expenditures thereunder are as follows:

Expenditures under general appropriations for the biennium	\$12,357,720.00
Add to this, estimated increases and corrections.....	14,200.00
	<hr/>

Total statutory appropriations.....	\$12,371,920.00
Estimated expenditures under temporary appropriations provided by the omnibus bill	639,140.00
	<hr/>

Total	\$13,011,060.00
-------------	-----------------

To this should be added some special items as the providential fund for insuring state buildings; interest on state funds and extraordinary expenses amounting, as based upon former expenditures, to..... 69,800.00

Making a total of..... \$13,080,860.00

These figures are taken from pages 10 to 22 inclusive of the report of the auditor of state, as supplemented by estimate made by clerk of revenue department, state auditor's office.

The receipts of the state from June 30th, 1915, to June 30th, 1916, as disclosed by the report of the auditor of state, page 169, and as corrected by the revenue clerk..... \$ 8,546,045.93
 From this should be deducted 90 per cent of the automobile tax which is returned to the counties..... 1,553,570.00

Balance \$ 6,992,475.93

There should also be deducted the amount of hunter's license fees 95,841.07

Balance \$ 6,896,634.86

Assuming that the revenues of the state for 1916 and 1917 will be the same, whereas it is a well known fact it will be greater, we can by doubling this balance approximate the minimum income of the state for the biennium ending June 30th 2

\$13,793,263.64

Deducting from the above income the total amount of estimated expenditures for all appropriations..... 13,080,860.00

Leaves a balance of estimated revenues over the necessary expenditures to meet the appropriations on the 30th day of June, 1917 712,403.64

It is apparent therefore, that for the past two years the income of the state has been sufficient to cover expenditures under all existing appropriations. The difficulty with the governor's message of February 10th is in the following four items:

Outstanding warrants January 1st, 1917..... 287,541.00
 Automobile tax owing to counties..... 409,875.00
 Amount due fish and game fund, used for general purposes.. 123,700.00
 Amount due boundary water fund..... 1,777.00

Total \$ 822,893.00

To make up the deficit referred to in the governor's message to this should be added the amount of appropriations which will be uncalled for and unused June 30th, 1917... 663,618.00

Making a total, as found by the governor..... \$ 1,486,511.00

The following table shows the receipts and disbursements of the state for the years ending June 30th, 1910, to June 30th, 1916, inclusive:

Year ending—	Receipts	Disbursements	Gain and Loss
June 30th, 1910.....	\$4,347,528.22	\$4,149,803.13	\$197,725.09 gain
June 30th, 1911.....	4,286,876.79	4,008,252.93	278,623.86 gain
June 30th, 1912.....	4,983,448.10	5,224,501.27	241,053.17 loss
June 30th, 1913.....	5,423,110.92	5,084,769.15	338,341.77 gain
June 30th, 1914.....	6,101,659.88	6,743,626.87	641,966.99 loss
June 30th, 1915.....	8,706,484.43	6,588,300.15	118,184.28 gain
June 30th, 1916.....	8,546,045.93	8,684,265.77	138,219.84 loss

It will be seen that the state got behind on its finances at the end of the biennium of 1913 and 1915.

The following table shows the cash of the state on hand in the banks at the end of each fiscal year from 1912 to 1916, and the balance on hand in the state treasury at the corresponding dates discloses how the balances in the treasury have been reduced.

Year ending—	State moneys deposited in banks	Balances on hand after deducting amount due in all funds from cash on hand in banks
June 30th, 1912.....	\$1,297,616.75	\$ 812,537.19
June 30th, 1913.....	1,688,964.58	1,055,494.49
June 30th, 1914.....	*1,643,638.36	358,411.06
June 30th, 1915.....	1,439,329.56	217,857.85
June 30th, 1916.....	1,091,013.52	165,163.31

From the foregoing statements it will be seen that if the appropriations for the state for the coming biennium do not exceed those of the past biennium the present revenue of the state is sufficient to meet all expenditures of the state under such appropriations. Leaving, however, but a small margin of balance in the treasury.

The income of the state is sufficient to cover the disbursements under past appropriations. By reason of the irregularity of the income of the state funds on hand are often, at certain periods of the year, insufficient to meet the demands upon the treasury at that time. It is necessary therefore, to carry a larger balance in the treasury than existed June 30th, 1916. The following table will show cash of the state on hand in the banks at the end of each month, from January 31st, 1916, to December 30th, 1916, and warrants at interest.

Date—	Amount of state funds on deposit in banks	Warrants at Interest
January 31st, 1916.....	\$ 453,559.69
February 29th, 1916.....	705,587.27
March 31st, 1916.....	1,043,275.48
April 29th, 1916.....	1,428,364.37
May 31st, 1916.....	1,399,315.45
June 30th, 1916.....	1,091,013.52
July 31st, 1916.....	474,542.68
August 31st, 1916.....	96,530.66
September 9th, 1916.....	79,324.67	\$106,588.50
September 20th, 1916.....	54,146.30	180,563.88
September 30th, 1916.....	43,778.50	239,285.61
October 10th, 1916.....	67,210.99	263,208.51
October 20th, 1916.....	565,407.09	344,260.49
October 31st, 1916.....	837,567.92
November 10th, 1916.....	495,017.80

* Levy under 35th G. A.

November 29th, 1916.....	296,864.54
December 20th, 1916.....	203,048.33	91,287.56
December 30th, 1916.....	271,415.34	115,534.94

The above table means that large balances in the various funds are not called for except at certain times during the year. Warrants being at interest for less than sixty days altogether.

The state has collected from the banks upon daily balances upon the basis of two per cent during the years of 1914, 1915 and 1916 the following sums:

1914	\$23,040.52
1915	18,070.72
1916	13,060.53

The state has paid on outstanding warrants and on bank

balances from Sept. 9th, to Oct. 20th, 1916..... \$ 1,314.61

It will be seen that while the state has at times been paying interest on sums equaling nearly \$200,000.00, it has on the other hand during months of March, April, May and June had on hand over a million dollars on deposit in the banks.

To be able to meet all warrants when presented the state would have to carry a cash balance in the banks of over one and one-half million dollars and while a sufficient balance should be carried so that no person will be embarrassed by a failure of the state to pay its warrants, we think it is better to borrow temporarily the necessary funds to meet the peak demands upon the treasury than to levy too large a surplus. Money taken from the tax-payers is worth more than two per cent on daily balances. Any business man would occasionally borrow from the bank to cover the short periods of overdraft rather than maintain for long periods large balances that might be better invested.

We recommend an overdraft for the short period above indicated when necessary to carry the funds over the low tide rather than to greatly increase the interest income during high tide of deposits in the banks.

If the appropriations for the state are not increased the levy for state purposes will not need to be increased for the coming biennium.

The large appropriation for military assistance to the federal government; the provision for the armories, and the increased needs of the state will necessarily make the appropriations larger for the next two years than the past two. This requires an increased revenue. Increased revenue must either come by a direct tax upon all property by an increase of the millage, by the executive council, or by some form of special tax.

Many of the states have a direct inheritance tax. The chief objection urged against such a tax is that it puts an extra burden upon the widow and children who have helped to produce the property. This objection is largely met by providing that the tax shall not attach until the estate taxed exceeds all that any family working could ordinarily earn.

It is proposed to apply the tax to estates of \$25,000.00 and over. It is further proposed to make the initial rate on such estates so small it cannot result in any hardship to the heirs or spouse of the deceased. The initial percentage is one-half of one per cent. It is proposed to increase

the rate of tax from an initial of one-half of one per cent to five per cent on large fortunes. Those who inherit will thus not be unduly burdened. The burden too will be less in taking a small amount from what persons never before possessed than by taking a percentage of accumulation of persons while they live. Large fortunes gain by the advantage of their prestige and power what the small tax payer cannot earn, and the large fortune often escapes taxation in proportion to the smaller one. It is estimated that this will take care of from \$500,000.00 to \$1,000,000.00 of the revenues of the state after it is under full operation.

If this method of taxation is adopted by this assembly it will take some time before the system can be put into full operation. Until that time the state levy should be increased only enough to cover the added appropriations due to the war and its resulting necessities.

CLEM F. KIMBALL, *Chairman.*

SENATE CONCURRENT RESOLUTION CALLED UP.

Elwood of Howard called up the Senate concurrent resolution relative to increasing the food supply, and moved that the House concur:

Whereas, the necessities of a great war require the conservation of all our resources—our soil for the raising of crops, our manufacturing and transportation facilities, in short, everything that enters into our industrial life, and

Whereas, in the last analysis, human brain and human brawn are the prime factors in the accomplishment of these ends, and

Whereas, there are in the state a large number of boys and girls, and men and women of all ages, who cannot serve their country on the fighting lines, but who are willing and anxious to devote their services in Red Cross work, in increasing food supply, and in every way by which men who can go to the front may be released from civil life and aided by the folks at home, therefore,

Be It Resolved by the Senate, the House concurring: That we earnestly request city councils, city officials, county boards, school boards, ministers, teachers in the public schools, and editors, take this matter up with the young people in their several communities, to the end that the brain and muscle of the state shall be everywhere employed in productive enterprises; and they are urged, by means of meetings, efficiency rallies, and newspaper articles, to arouse, first, their enthusiasm and public spirit, and, second, to so direct these energies that the maximum of accomplishment may be obtained, impressing upon them that the country can be served even by those who do not go to war.

Motion prevailed and the concurrent resolution was adopted.

INTRODUCTION OF BILLS.

Unanimous consent was granted to return to the order of introduction of bills.

By joint committee on military affairs, House Joint Resolution No. 8.

Whereas, the third regiment of the Iowa infantry was in the federal service from the 26th day of June until the 20th of February, 1917, and

Whereas, at the time of entering said service they took into said service certain clothing, a record of which is on file in the office of the adjutant general of the state of Iowa, and

Whereas, said clothing was at that time practically worthless, having been in said service for a great many years; to-wit: about fifteen years, and,

Whereas, at the time of muster out of said regiment the enlisted men of said regiment were charged with full list price of such clothing, a record of which is on file in the office of the adjutant general of the state of Iowa, and,

Whereas, the colonel of the regiment for and on behalf of the men has filed, or is about to file, a claim with the federal government for a recovery of such sums so taken from such enlisted men without right, and,

Whereas, the federal government may not allow such claim and in that event it would be a grave injustice to the enlisted men to be compelled to pay for something they did not receive, therefor,

Be It Enacted by the General Assembly of the State of Iowa: That the the adjutant general of the state of Iowa is authorized to reimburse said enlisted men for the amount of money charged to each of them on an equal basis as charged to enlisted men of the other Iowa organizations who performed duty in the said service, as shown by the records in the office of the adjutant general upon their filing with him a claim therefor,

approved by the colonel of the third regiment of the Iowa infantry, and
Be It Further Enacted: That such sums shall not be paid until the adjutant general of the state of Iowa is of the opinion that same cannot be obtained from the federal government, and,

Be It Further Enacted: That such claims shall be paid from the funds appropriated by the Senate File 421, being an act of the 37th general assembly.

Read first and second time and, unanimous consent having been granted, same was passed on file.

EXPLANATIONS OF VOTE.

I vote no on Senate File No. 290 but would support a measure on the county unit plan.

S. R. REED.

MR. SPEAKER—I realize the importance of dealing with this dread disease. My judgment is that bovine tuberculosis can never be eradicated by methods proposed in the bill with the small appropriation made.

C. V. FINDLAY.

I vote no on Senate File No. 290 for the reason that in my judgment the appropriation is altogether inadequate and not commensurate with the magnitude of the undertaking.

L. E. STANLEY.

I vote no on Senate File No. 290 because I think the bill as amended is not practical and operative—and is largely experimental—and does not carry with it an appropriation adequate for its operation and enforcement and is too loosely drawn. No showing made that the health of the public demand the passage of any such bill.

W. W. EPPS.

I vote no on Senate File No. 290, not because I am opposed to stamping out the disease, but because the amount appropriated is to be spread over the state indiscriminately and because it has not been established that the tubercular test is reliable.

I would rather vote for a sum to be specifically applied to a few herds so that two years hence the legislature could have results placed before it that would insure intelligent legislation on the subject. It is an important measure and no vote should be cast by guess.

R. W. ANDERSON.

I vote no on Senate File No. 290 for the reason that in my personal experience no test is available whereby tuberculosis can be detected with any degree of certainty in cattle.

H. P. NICHOLSON, JR.

I vote no on Senate File No. 290 because I do not believe this bill as drawn is a good one, but I believe in eradicating the disease of tuberculosis if a proper bill is drawn.

L. J. NEFF.

I wish to explain my vote on Senate File No. 290. I do not believe this is the proper way to stamp out the disease. It must come through an educational campaign teaching sanitary measures to prevent the disease.

FRED DURBIN.

CONSIDERATION OF BILLS.

Unanimous consent having been granted to suspend the rules prohibiting the second and third reading of bills on the same day, on motion of Shaff of Clinton, House Joint Resolution No. 8, with report of sifting committee recommending passage was taken up and considered.

Whereas, the third regiment of the Iowa infantry was in the federal service from the 26th day of June until the 20th of February, 1917, and

Whereas, at the time of entering said service they took into said service certain clothing, a record of which is on file in the office of the adjutant general of the state of Iowa, and

Whereas, said clothing was at that time practically worthless, having been in said service for a great many years; to-wit: about fifteen years, and,

Whereas, at the time of muster out of said regiment the enlisted men of said regiment were charged with full list price of such clothing, a record of which is on file in the office of the adjutant general of the state of Iowa, and,

Whereas, the colonel of the regiment for and on behalf of the men has filed, or is about to file, a claim with the federal government for a recovery of such sums so taken from such enlisted men without right, and,

Whereas, the federal government may not allow such claim and in that event it would be a grave injustice to the enlisted men to be compelled to pay for something they did not receive, therefor,

Be It Enacted by the General Assembly of the State of Iowa: That the adjutant general of the state of Iowa is authorized to reimburse said enlisted men for the amount of money charged to each of them on an equal basis as charged to enlisted men of the other Iowa organizations who performed duty in the said service as shown by the records in the office of the adjutant general upon their filing with him a claim therefor, approved by the colonel of the third regiment of the Iowa infantry, and

Be It Further Enacted: That such sums shall not be paid until the adjutant general of the state of Iowa is of the opinion that same cannot be obtained from the federal government, and,

Be It Further Enacted: That such claims shall be paid from the funds appropriated by the Senate File 421, being an act of the 37th general assembly.

Unanimous consent having been granted to suspend the rules, Mr. Shaff moved that the joint resolution be considered engrossed and read a third time now, which motion prevailed and the joint resolution was read a third time.

Said affidavit shall be executed and filed for record by three disinterested persons who shall be acquainted with the person or persons

claiming ownership and are familiar with the facts upon which claim of ownership is based, and who have been residents of the county in which the land is situate for a period of at least twenty-five years.

Section 2. Any one claiming an interest in real estate at the time of the taking effect of this act may up to and including the first day of June, 1918, preserve his rights therein by executing, acknowledging and filing for record in the recorder's office of said county a written declaration, stating his name and setting out fully the nature of his claim and which declaration may be renewed within twenty-five years from the date of the first filing for an additional period of twenty-five years; said declaration shall be recorded in a book kept for that purpose. MEMORIAL RESOLUTIONS

HON. LEWIS ALBERT REILEY.

MR. SPEAKER—Your committee appointed to draft and present resolutions commemorating the life, character, and services of the Hon. Lewis Albert Reiley, late of the House of Representatives in the twenty-first and twenty-second general assemblies, beg leave to report the following:

Among the leading lawyers of Louisa county, of whom the future generations of the neighborhood in which he lived and worked, will learn, was Lewis Albert Reiley. His mighty stature, his commanding countenance, his singular hat, his impressive style of carrying himself, and his cherished cane will all be vividly and interestingly described by relators commenting upon his life and work. Always, as he entered the court room, an added dignity exalted the legal profession.

His father, James Riley, was born in Pennsylvania, of Irish parentage; his mother Ann Hague, was of Scotch and French Huguenot descent. They were married in the year 1826, and Lewis A. was born March 1, 1845 in Nashville, Ohio. When only eight years old his parents moved to a farm near Columbus City, Louisa county, Iowa. Two years later his father died, and he, while yet a mere boy, began to help his mother in assuming the duties and responsibilities of the farm.

His early life was very ordinary but the various activities in which he was engaged gave him a wide experience. When sixteen years of age, he started to high school at Mt. Pleasant, Iowa. Six months after he had enrolled he quit, against the wishes of his mother, and entered the Union Army. It was not long, however, until he was taken sick, honorably discharged, and returned to his home. After recovering from his illness, he spent one year in school at Poughkeepsie, New York, and another year at Knox college, at Galesburg, Illinois. In his nineteenth year he began teaching in the public schools of Louisa county and continued this vocation for five years, when he was elected county superintendent of schools. In this capacity his services to the people and the schools were of exceptional value. He declined re-election, having decided to continue the study and practice of law.

Mr. Reiley acquired his legal education by studying in the office of Hon. D. N. Sprague of Wapello, then the able prosecuting attorney of the old First District of Iowa. In April 1871, he was admitted to the bar in the District Court of Louisa county, Hon. Joshua Tracy, of Burlington presiding, and upon his admission, at once formed a partnership with Mr. Sprague. This partnership lasted for a number of years and the firm had a large business, most of the work being done by Mr. Reiley, as Mr. Sprague was busy with his official duties.

While county superintendent of schools, he made the acquaintance of Miss Carrie L. Newell, a daughter of Robert F. Newell, of Concord township, Louisa county, Iowa, whom he married April 24, 1872, one year after he had started to practice law. To them was born one son, Robert Leroy, who now continues the law business established by his father.

In politics, Mr. Reiley was a republican, always active, and an able advocate of the principles of his party. His first entry into the political arena as a candidate, was not until 1885 when he was brought out for representative from Louisa county and elected to the twenty-first general assembly over a very strong opponent, Mr. Arthur Springer. During this session he became very prominent among the leading politicians, and his influence spread throughout the state. He entered into the work immediately, and with the firm determination that always governed his procedure, devoted much of his time to devising the judiciary system of the state, more especially the grand jury, which he succeeded in reducing to less than one-half the original number.

Perhaps the most prominent feature of this session with which he was connected, was the impeachment trial of John L. Brown, auditor of state. He, with judge S. M. Weaver, then a member of the House, were chosen on the first ballot to be two of the seven managers of the trial. His ability as a lawyer and a leader is plainly shown by his work on this committee. Toward the close of the session it became evident that something must be done to reduce the probable cost of the trial. Mr. Reiley prepared a bill under which the legislature would adjourn as a legislative body and the Senate convene as a court of impeachment to hear the charges preferred by the House against the auditor of state. The measure was introduced on Wednesday, reported favorably on Thursday morning, passed the House Thursday afternoon and the Senate the same afternoon, was enrolled in the evening, signed by the officers of the two Houses and the Governor signed it and it became a law Friday morning.

He was re-elected to the twenty-second general assembly, during which session he took an active part in behalf of the blind of the state. Governor Larrabee appointed him on a committee of three to investigate the various institutions throughout the United States and Canada devoted to the education and industrial improvement of the blind. The committee in its report recommended the establishment of an industrial home for the blind, and the next legislature established a home at Knoxville.

Though, not a member of many organizations, he was an enthusiastic leader of those with whom he was connected. In the Masonic lodge he worked hard, being the first one in Louisa county to advance to the thirty-second degree. He took an active part in the bar association of the county and was its president at the time of his death .

During the latter years of his life one of his growing ambitions was to travel through Ireland. Business, however, delayed his visit. In the spring of 1914 the settlement of an estate, part of which was to be distributed in Ireland, presented his opportunity. Taking his grandson, Richard D. Reiley, he spent the summer of 1914 in the British Isles and continent of Europe. He had just returned from his trip abroad and had only begun to tell his many friends of his experiences and the numerous places of interest, which he always enjoyed, when he was suddenly taken ill and died December 26, 1914, at his home in Wapello, Iowa.

As a lawyer, Mr. Reiley was considered among the best in his section of the state, where he continued to practice actively and industriously for over forty-three years up to only a few hours before his death. During this long period he was engaged in many of the most important causes tried in the district. Everyone thought of him as a willing, indefatigable worker, one who took a deep interest in his cases, never overlooking the minutest details, and always tenacious to prove his convictions regardless of personal sacrifice. He had no aspiration for political power and wealth but found pleasure in working steadily at his profession. As written in the tribute by the Louisa county bar association and spread upon the records of the county—"He did his full share of the work of his profession and achieved his full share of its honors."

He moved with his parents to Mason City, Iowa, in 1869, where he attended the public schools and later Cornell college at Mt. HON. JOHN FOX.

MR. SPEAKER—Your committee, appointed to present resolutions with respect to the life and service of John Fox, late of Dallas county, Iowa, begs leave to submit the following:

John Fox, late of Dallas county, Iowa, was born in Yorkshire, England, January 24 1841. He was one of that great company that have come to America from the old world seeking here the opportunity that is the crowning gift of a democracy. He grew to young manhood among the hills of Pennsylvannia. In his twenty-first year, when about to enter upon full American citizenship, he gave proof of his appreciation of the land of his adoption by volunteering for its defense. He enlisted as a member of Company G 20th Ohio Volunteers in September 1861, and was honorably discharged in 1864. He came to Iowa in 1869 as a part of that wonderful home-loving and home-seeking movement of the fifties and sixties. He was seeking and found a home upon the virgin soil of Dallas county, where he long lived, contributing his full share in the development of the state. He represented Dallas county as a member of the House of Representatives in the 32nd (regular and special sessions) and 33rd general assemblies, serving with credit upon many important committees. On all moral questions especially he was a strong champion of the right. He was a faithful member of the Methodist church, an active worker in the Grand Army of the Republic and a prominent

member of the Masonic order for forty years. He died in Dallas Center, May 27, 1916.

Now, Therefore, Be It Resolved by the House of Representatives of the 37th General Assembly:

That in the death of John Fox there passed from the life of the state an adopted son of the nation, one of that great company that has made America indeed the melting-pot of the world; that in the offer of his youth upon the altar of the Nation's need he proved his right to all that she could in turn offer him in American citizenship; that in his service to the state in the halls of legislation and his later honorable life we recognize but another justification of the claims of democracy, and we hereby offer to those who survive him this expression of the appreciation and sympathy of the state.

And Be It Further Resolved, That a copy of this resolution be printed in the journal of the House and that the Chief Clerk of the House be directed to forward an engrossed copy of the same to the family of the deceased.

HON. CHARLES F. CROSE.

MR. SPEAKER—Your committee appointed to prepare resolutions commemorating the life, character and public services of the late Hon. Charles F. Crose, a member of the House of Representatives in the thirtieth and thirty-first general assemblies, beg leave to submit the following as their report:

Hon. Charles F. Crose was born March 16, 1856, at Sidney, Iowa, in a log cabin, when the Indians still roamed over this region and his mother once hid him from a roving band of redskins.

As a boy, he clerked for his brother, R. B. Crose, at Manti, before Shenandoah was started; when the new town was born, the Croses put their mercantile effects in wagons and moved over, establishing one of the first stores in Shenandoah. Mr. Crose continued with this firm as clerk or a partner for nearly forty years, with the exception of one year when he studied medicine, and one year in which he took a business course with the Bryant & Stratton college in Chicago.

On June 2, 1880, he was united in marriage to Miss Nina Nixon of Afton, Iowa; to this union one daughter was born. He was a member of the Congregational church, had served as trustee and was chairman of the board of ushers in his local church. He was a past patron of the Eastern Star, and held a membership in the Blue lodge, Knights Templar, the Shriners, Elks and Odd Fellows. He lived a beautiful and useful life, full to overflowing with activity in every direction.

In politics he was a life-long republican for he believed this party to contain the best elements of good government.

In 1903, he was honored by the republican party with the nomination of representative for Page county and elected a member of the thirtieth and thirty-first general assemblies. Mr. Crose was a close student of all that was going on in the legislature and made a fine record and he had the respect of all members thereof. He was recognized as a gentleman of tried integrity and worth.

In the spring of 1910, Mr. Crose moved to Santa Ana, California, where he died on the 11th day of January, 1917. The deceased leaves besides his widow and daughter, Mrs. T. C. Rowland, to mourn his demise, four brothers, W. H. Crose, of Santa Ana California, A. J. Crose and L. L. Crose, of Long Beach California, and R. B. Crose of Shawnee, Oklahoma.

To the honor of his memory,

It Is, Therefore, Resolved, That the House of Representatives take this occasion to express its appreciation of his character and public services, and at this time to extend to his family, its sincere sympathy in this, their sorrow; and

Be It Further Resolved, That the resolution be spread upon the journal of the House, and that the Chief Clerk be instructed to send an enrolled copy thereof to the family of the deceased.

HON. ROBERT BRUCE ARNOLD.

MR. SPEAKER—Your committee appointed to prepare resolutions commemorative of the life character and public services of the honorable Robert Bruce Arnold, late member of the House of Representatives in the twenty-seventh general assembly, beg leave to report the following:

Robert Bruce Arnold, was born near Greencastle, Indiana, January 29, 1834, and with his father and family came to Monroe county, Iowa as one of the pioneer families of the county and state in the year 1846. With the exception of two years spent in Decatur county, Iowa and one year in Wapello county, his life thereafter was spent and his influence interwoven with the county of his adoption until his death at the home of his daughter Mrs. J. D. Devereaux at Albia, Iowa on the fifth day of October, 1916.

Mr. Arnold was peculiarly identified with the history of his county and state by reason of his having come to Monroe county on the same day that this state of Iowa was admitted into the Union, December 28, 1846. Pioneer as he was, vigorous in mind and body, as characterized such early settlers, he typified that Iowa citizenship

which has meant so much in placing this state in the front rank of the sisterhood of this republic. It was but fitting that one so endowed and thus identified should honor and be honored by his country with a seat in the Iowa legislature.

His was the honor and his the privilege to contribute to the twenty-seventh general assembly in his unassuming dignity the impress of his character and ability upon the state.

He was learned, evidenced not by diplomas from academic halls but evidenced rather by that legible handwriting of his Maker stamped upon his countenance and proclaimed naturally and unintentionally through his speech and every day intercourse with his fellow-men. His education limited to the opportunities afforded by the schools of pioneer days bears testimony to the efficiency of that school system which has for its object as the word itself implies the leading out and development of that which is best in man. He was a student of nature, a student of history, an honored and honorable lover of both.

In private life and public service he was honored and loved by all who knew him best. His life and labors rank among the lasting contributions to his county, his state and his nation.

Resolved, That in his death we have lost a worthy citizen, an honorable former member of this House, one whose life is worthy of exemplification by us whose duty it is to faithfully discharge the responsibility of citizenship; and be it further

Resolved, That these resolutions in memoriam be printed in the journal of the House and that the Chief Clerk be directed to forward an engrossed copy to the family of the deceased.

HON. W. H. ROBB.

MR. SPEAKER—Hon. W. H. Robb, was born on December 25, 1847, in Union county. He was reared on a farm in that county. He later taught school there.

He graduated from the college of law at the Iowa State University, but never practiced his profession. He became interested in the paper business and published what was known as the "Daily Morning American." This was a leading democratic paper in the state.

The subject of this sketch was united in marriage to Ida White, daughter of Hon. Fred White. To this union six children were born.

He was called to many offices of trust. He served as member of the twenty-first and twenty-second general assemblies of the state of Iowa.

He was appointed postmaster under the Wilson administration, which position he held for two years. His health failed following a stroke of paralysis and he was forced to resign.

His every day home life was such that his children rise up and call him blessed. On September 19, 1916, he passed to his reward on the other shore.

He was honored and loved and respected by his neighbors and had the confidence and admiration of all who knew him.

Whereas, in his death the county and state have lost a worthy and honorable citizen,

Be It Resolved, That we hereby extend to the relatives and friends our tribute of respect; and be it further

Resolved, That these resolutions of respect be printed in the journal of the House and the Chief Clerk be directed to forward an engrossed copy to the family of the deceased.

HON. LEMUEL DWELLE.

MR. SPEAKER—Your committee appointed to prepare suitable resolutions commemorating the life and work of the Hon. Lemuel Dwelle, late of Worth county, Iowa, beg leave to report the following memorial:

Lemuel Dwelle was born in Washington county, New York, August 16, 1824 and passed away at his home in Northwood Iowa, February 8, 1917. He was married to Miss Hattie Edwards of East Troy, Wis., the 30th of December 1875, who is now left to sorrow for the one loved and "not lost but gone before."

The only child born to this union died in infancy.

Mr. Dwelle settled in Worth county in 1856, purchasing several hundred acres of land and platting the town of Northwood, now the county seat of Worth county.

He was elected to membership in the House of Representatives in the 11th general assembly and to the Senate in the 16th and 17th general assemblies.

The deceased became a member of the Masonic order in Osage, Iowa, in 1865 and was at the time of his death the third oldest Mason in the state of Iowa.

Although he had lived 22 years past the allotted time of man, he continued to manage his large financial interests to the very last.

Mr. Dwelle was a charter member of the Northwood Baptist church and was what the name Christian implies in its highest and noblest sense.

He was honored and loved and respected by his neighbors far and near. His life has spoken: the impress for good will live.

To honor his memory, it is therefore

Resolved, That a copy of these resolutions be spread upon the journal of the House, and that the Chief Clerk be directed to forward an engrossed copy to the widow of the deceased.

WALLACE M. GREELEY.

MR. SPEAKER—Your committee appointed to draft resolutions in memory of the life and services of Hon. Wallace M. Greeley, has the honor to submit the following report:

Wallace M. Greeley was born in Orleans county, New York, March 15, 1840, and died at Ames, Iowa, February 15, 1917, age seventy-six years and eleven months.

He was reared on a farm, taught school, went to the civil war as a private and returned as a captain, came out to Iowa and located on a farm near the new village of Ames, went back and married the girl he had left behind him; farmed a few years, moved into Ames and started a bank, organized that institution later known as the Union National Bank; prospered through more than forty years of banking experience and became one of the wealthiest men in Story county; served three times as Mayor of Ames, and as representative from Story county in the 29th, 30th and 31st sessions of the general assemblies of Iowa.

Captain Greeley's estimable wife preceded him in death on December 31, 1914. Since her death he had erected and dedicated to her memory a splendid hospital for the city where they had lived and wrought; and then while yet in the seeming enjoyment of full health he lay down one night quietly to sleep, and never waked.

He was a good man and a great one. Industry, thrift, honorable dealing, notable business ability and an abundant gift of common sense were his. He had wealth and made good use of his money. He was possessed of large influence and he exerted it for the good of his community and of his state, and his gentleness of spirit and kindly manner to those with whom he came in contact made him a host of friends.

Resolved, That the foregoing be spread on the journal of the House, a copy hereof be duly engrossed and transmitted to the family of the deceased.

HON. CORNELIUS C. PLATTER.

MR. SPEAKER—Your committee appointed to draft resolutions commemorating the life, character and public service of the Hon. Cornelius C. Platter, of Montgomery county, member of the House in the fifteenth and nineteenth general assemblies, beg leave to report the following memorial:

Cornelius C. Platter was born in Chillicothe, Ohio, April 22, 1839, and died at Red Oak, Iowa, December 30, 1909. He spent his boyhood days on a farm and attended school in the "old log school house," later attending the South Salem Academy, and graduating from the Miama University at Oxford, Ohio, in 1860, receiving the classical honors in a class numbering twenty-six. In August 1861 he enlisted in Company I, 81st Ohio regiment, and soon after his enlistment he was appointed quartermaster sergeant of the regiment, in which capacity he served one year when he was given a second lieutenantcy and assigned to Company D. By merit and service he was frequently promoted to first lieutenant, then adjutant of his regiment and soon after that he was commissioned captain and appointed adjutant of his brigade, near the close of the war he was detailed assistant adjutant general on the staff of general John A. Logan, commanding the 15th army corps, and served in that capacity until the close of the war. He was in many battles, and was one of those who with the illustrious Sherman at the head, made the famous march to the sea. After being mustered out of the army, Mr. Platter located in Forest City, Mo., and engaged in the furniture and lumber business, but in the spring of 1870 he moved to Red Oak, Montgomery county, Iowa, and located upon a farm where he resided for twenty-five years.

Mr. Plater was married in 1866 to Lizzie F. Irwin at Oxford, Ohio, Mrs. Platter departed this life but a few months before her husband.

Mr. Platter took an active part in public affairs. He represented Montgomery county in the fifteenth general assembly and again in the nineteenth general assembly. He was postmaster of Red Oak for 10 years. Was first appointed January 8, 1900, by President McKinley, and at the expiration of that four year appointment, President Roosevelt in 1904 appointed him to succeed himself and again in 1908. During his tenure, which was the longest since it became a presidential office, the Red Oak post office increased in business from \$11,307.00 in 1900, to \$37,439.00 for the year ending June 1, 1909.

To be universally spoken of as a good man is as high a tribute as can be paid to any one. This was the common expression with reference to Mr. Platter from all who knew the man or came within the sphere of his influence. He was indeed a good man; not negatively or positively, but actively, constantly, efficiently, and persistently good. Goodness comprehends all the virtues—charity, benevolence, forbearance, loyalty, love, purity, service, sympathy, toleration and

unselfish devotion to our higher ideals. It is reflected in human conduct and makes the real characteristics of the man. For this reason character is higher than intellect and right living better than high thinking. Thought is a mere function of the brain, while conduct is the expression of the soul.

Mr. Platter was pure in thought, in action true, and in purpose faithful. He was always active and helpful in his civic and social relations. He loved his fellowmen, his community, his state and his nation, and offered to each the fullest measure of devotion. Righteousness and truth is what he sought, rather than policy or expediency. In every good cause he was a willing worker, and to every effort for the betterment of his community or state he lent a helpful hand.

Looking back over his life it seems that loyalty was his great passion—loyalty to friends, loyalty to city, loyalty to state and loyalty to nation. To these he gave without stint. All of them he served, and when it came to the supremest test—that of offering his life for the preservation of the Union, he did not falter. He knew of the sacrifices that were made to preserve and perpetuate the nation, and every man who enlisted with him in this cause was his comrade and brother.

When life's thread was almost broken, and while listening to the waves as they broke upon the other shore, his thoughts turned to these gray haired comrades he was leaving behind, and as he dreamed, the ferryman took him over the River Styx to join his brethren who had gone before.

On New Year's day 1910, he was laid at rest in the Evergreen cemetery, where the G. A. R. Post, of which the deceased was a member, conducted the impressive ritualistic services over the remains of their dead comrade.

Therefore, Be It Resolved, That a copy of this resolution be spread upon the journal of the House, and that the Chief Clerk transmit an engrossed copy thereof to the family of the deceased.

AARON B. HOLBERT.

Mr. Speaker—Your committee appointed to prepare resolutions commemorating the life and work of the Hon. A. B. Holbert, late of Delaware county, Iowa, beg leave to report the following memorial:

Aaron B. Holbert was born in Luzerne county Pennsylvania, September 29, 1853, and died in Chicago, Illinois, December 6, 1916.

In 1858 he moved with his parents to a farm near Petersburg, Delaware county, Iowa. In 1879 the family moved to Hopkinton, where better educational advantages were offered. A. B. Holbert, however, attended Lenox college in 1875 and 1876. In 1878 he entered the horse business upon a rather limited scale, but gradually enlarged his business until he was known as the largest importer of pedigreed horses in the United States. He also owned and operated several large farms in Delaware county, besides owning large tracts of land in other states and in Canada.

On February 2, 1881, he was united in marriage to Miss Elma D. Baker, and she with their six children, namely, Thos. R., Fred B., Benjamin, Charmion, Warren Louis and Marajorie Madalene, are left to mourn.

He was elected to the 36th general assembly in 1914 from Delaware county, and served in that capacity in an acceptable manner. Was re-elected to the same position in the fall of 1916.

Mr. Holbert was regarded as one of the most creditable members of the legislature. He was a man of splendid ability, enterprise and public spirit, and was respected by all who knew him for his integrity and uprightness of character. He was a man who was always active in business and fraternal circles, and his ever-ready smile and jovial disposition endeared him to the hearts of all, young and old.

Therefore, Be It Resolved, That in the death of Aaron B. Holbert, the state has lost an able statesman, the county a splendid business man, and the people an upright citizen and an honorable man; and be it further

Resolved, That a copy of these resolutions be printed in the Journal of the House, and the Chief Clerk be directed to forward an engrossed copy to the family of the deceased.

Hon. H. K. Skinner who represented the county of Jasper in the thirty-fourth general assembly died at his home in the township of Clear Creek, Jasper county, Iowa, November 14, 1915.

Mr. Skinner moved with his parents to Ft. Dodge, Iowa, in 1853 and to Jasper county in 1860. Was married January 19, 1871 to Mary Keyes who died in 1875. Two children survive, Walter of Newton, Iowa and Mrs. George Boyd of Farrar, Iowa.

HON. JOHN W. CAMPBELL.

Whereas, in view of the loss the state has suffered by the decease of Honorable John W. Campbell of Fort Dodge, Iowa, a member of the thirty-fourth general assembly, and the still heavier loss sustained by those who were nearest and dearest to him; therefore, be it

Resolved, that in the death of the Honorable John W. Campbell, the state laments the passing of a valuable and honored citizen who was ever ready to proffer the hand of aid, to give voice in the counsels of his fellows, and to offer sympathy to the needy. That in the long and active residence in Webster county being indented with its educational, commercial, and political activities, he enjoyed a large acquaintanceship through the county and the state, which he deeply appreciated and profoundly respected.

Resolved, that it is but a just tribute to the memory of the departed, to say that in regretting his removal, we mourn for one who was worthy of our respect and regard.

Resolved, that we sincerely condole with the family of the deceased on the dispensation with which it has pleased divine providence to afflict them and commend them for consolation to Him who orders all things for the best and whose chastisements are meant in Mercy.

Resolved, that this heartfelt testimonial of the sympathy and respect of the state and of the sorrow of the home city be forwarded to the family of our department friend by the chief clerk of the House of Representatives.

HON. JAMES ELICKSON.

MR. SPEAKER—Your committee appointed to memorialize the life and public services of James Ellickson, a member of this House in the twenty-fourth general assembly, and who died at his home in Thompson, Iowa, on the 12th day of February, 1916, beg leave to submit the following report:

The Honorable James Ellickson, who served as an honored member of this House in the twenty-fourth general assembly, claimed but the simple title of pioneer, the title of a class seldom considered with indifference; with whom, already, we count it a unique distinction to be numbered: a class with a history complete and with a story soon the most interesting legend of the past.

Like others of his kind early enured to hardship, bouyed up by an indomitable will, and utterly unafraid of the future, this man was in later years just as truly a pioneer in lines of progress and improvement as he was when first driving his oxen into Iowa.

Whether he be gauged by his public or his private life; whether judged as a friend or neighbor, or measured by his standards of business integrity, or by his ideals of public duty in the many and various positions of trust and honor held in his community, town, county and state, yet the qualities of courage, kindness, candor and common sense were ever his constant characteristics. His is the memory which sterling manhood and loyal citizenship leaves as a legacy.

HON. JOHN SCHOENENBERGER.

MR. SPEAKER—Your committee appointed to present resolutions with respect to the life and services of John Schoenenberger late of Madison county, beg leave to submit the following:

John Schoenenberger was born in Fairfield county, Ohio, June 5, 1850 and died at his home near Peru in Madison county, Iowa, April 23, 1915.

He came with his parents to Madison county in 1855 when he was five years of age, and his early years were like those of the majority of pioneer farm lands, consisting of much hard work and few days at school.

He attended the district schools of Walnut township, but continued to study and to read extensively throughout his very active life. From school age until his death he resided in the same school district.

He was married to Lavina C. Travis on March 10, 1875. To this union was born four sons and one daughter.

Always actively interested in the affairs of his community, township and county, he held various offices of trust and responsibility, such as assessor, township clerk and trustee, school treasurer for eighteen years, and director-in numerous community enterprises. He was a director of the County Agricultural Association during nearly the entire existence of the organization.

While one of the best and most successful farmers and stockmen of his county, he was interested in everything pertaining to farm life and enterprise. He gave considerable attention to the raising of jersey hogs and shorthorn and jersey cattle.

Politically, he was a Democrat. As proof of his popularity, he overcame the heavy Republican majority of his county and was elected to the lower house of the thirty-second general assembly. In 1912 he failed of election to the upper house by only a few votes.

Death came to him before age had dimmed his faculties or impaired the strength and robustness of his body.

Now, therefore, be it resolved, by the House of Representatives of the thirty-seventh general assembly, that in the death of John Schoenberger, the state, county and community have suffered the loss of an influential, upright and valued citizen and we hereby extend to his family and relatives our sympathy.

An be it further resolved, that a copy of these resolutions be spread up on the journal of the House and the chief clerk be directed to send an engrossed copy thereof to the family of the deceased.

HON. GUY A. FEELY.

MR. SPEAKER—Your committee appointed to prepare resolutions commemorating the life and work of the Hon. Guy A. Feely, late of Black Hawk county, Iowa, beg leave to report the following memorial:

Guy A. Feely, the son of Duncan M. and Susan S. Feely, was born on a farm in Poyner township, Black Hawk county, September 5, 1875, being of Scotch-Irish and German decent. His early education was acquired in the country schools. At the age of 16 he began a course in

the Waterloo Business College and at the age of 18 taught his first term of school. He followed the profession of teacher for five years and during vacation read law in the office of Boies & Boies.

When the Spanish-American war broke out he enlisted as a private in Co. B, forty-ninth Iowa volunteer infantry, and served through the war. In common with many of his companions in southern camps, he became ill and for a time his life was despaired of. He suffered from typhoid fever and pneumonia, and never fully recovered from the effects of the illness.

At the close of the war Mr. Feely entered the Iowa State University and was graduated from the law department in 1901. June 12 of that year he was admitted to practice. He formed a partnership with John H. Hildebrand, also a veteran of the Spanish-American war, and a classmate in the university. This partnership continued until November 1, 1904, when it was dissolved and the firm of Feely & Feely was formed. Guy A. Feely was the senior partner and Elmer F. Feely the junior member.

Mr. Feely was married to Miss Delia Mae Burk, in Waterloo, October 19, 1904. One daughter, Irene Mae, was born.

In 1906 Guy A. Feely was elected to membership in the thirty-second general assembly, and was re-elected to the thirty-third general assembly. So deeply was he enshrined in the affections of his fellow members of the general assembly that they elected him speaker of the House at the opening of the thirty-third session, in 1909.

Few men of his years ever attained a greater popularity in his community than did Mr. Feely. Few had a brighter prospect for the future. He was public spirited, and a devoted husband and father. Mr. Feely, who was gifted with a cheery disposition, always ready with a witty remark or story, won to himself a wide circle of friends. He was a member of the Masonic, Elks and Knights of Pythias orders. His friendships were state wide. As an attorney he attained well-merited honor at the Black Hawk county bar.

Resolved, that in the death of Guy A. Feely the state and county have lost an honorable and worthy citizen, and we hereby extend to the relatives and friends our tribute of respect; and be it further

Resolved, that these resolutions of respect be printed in the journal of the House and the chief clerk be directed to forward an engrossed copy to the family of the deceased.

HON. TIMOTHY C. CLARY.

MR. SPEAKER—Your committee appointed to prepare suitable resolutions respecting the life, character and public services of the Hon. Timothy C. Clary, late member of the House of Representatives of the Thirtieth,

Thirty-first, Thirty-second and Thirty-second extra General Assemblies of Iowa, beg leave to report the following memorial:

Hon. Timothy C. Clary was born in Manitowoc, Wisconsin, November 18, 1855, and came with his parents to this state in 1876, or about that time, and settled in Chickasaw county, where his entire life has been spent. Mr. Clary attended the public school in Lawler, and when he arrived at suitable age commenced teaching, and remained in the profession for several years. He then went to Valparaiso, Indiana, where he took a law course and when he graduated returned home and entered upon the practice of his profession. He entered into partnership with W. J. Springer, now Judge Springer, and they were together until Judge Springer's appointment to the bench. In the meantime, however, they had taken into the firm M. F. Condon, and the firm name was Springer, Clary & Condon. This firm had a large practice in all the courts of this state and tried many cases in other states and were regarded as a strong firm of lawyers. As a lawyer T. C. Clary had few equals; he devoted himself to the work and prepared his cases with great care and was very successful in the trial of some very difficult and important cases both here and in Minnesota.

In 1891 on the 27th of May, he was united in marriage to Miss Elizabeth Martin of Lawler, and they immediately moved to New Hampton, Iowa, and have resided there ever since. Eight children were the fruit of this union, seven of whom with the wife and mother survive him.

Twice the people of New Hampton chose him mayor, five times the people of the county chose him for county attorney, and he was elected to represent the county of Chickasaw in the Thirtieth, Thirty-first, Thirty-second and Thirty-second extra General Assemblies of the State of Iowa.

He was a good citizen, loyal and true, a dependable man and honest in his law practice as he was in business, a good neighbor, and a good friend. His life as a whole stands out very clear in nobility of purpose and breadth of sound character. He had just reached the years where, coupled with great energy and wide, accurate knowledge of the law made him a formidable man at the bar. His clearness of vision relative to legal points applicable to a case gave him great power. His knowledge of men made him a most formidable man to meet in any case tried to a jury. A splendid prosecutor in criminal matters, because of his innate sense of right. He went to the heart of a case with directness and force and his ability as an orator was not by any means the least of his accomplishments.

Now Therefore, Be It Resolved, That the House of Representatives presents this tribute to the memory of a faithful public servant and mourns that a life so useful was not longer spared to the community and the state that he was so well calculated to serve.

Be It Further Resolved, That this memorial be spread upon the journal of the House and that an engrossed copy of the same be prepared and forwarded to the bereaved family of the deceased.

Respectfully submitted,

P. L. KEPPLER,
T. F. GRIFFIN,
LEE W. ELWOOD,
Committee.

HON. JOSEPH S. BOISE.

MR. SPEAKER—Your committee appointed to draft resolutions commemorating the life, character and public service of the Honorable Joseph S. Boise, Sr., of Montgomery County, a member of the twenty-fourth general assembly, beg leave to report the following memorial:

Joseph S. Boise, Sr., was born during the two terms of James Monroe, the fifth president of the United States, on February 8th, 1824, in Homer, Courtland County, New York. He was the fifth child of a family of five boys and five girls and was the last to depart this life.

The same year of his birth, Mr. Boise's family moved to Oxford, Ohio, where they remained thirteen years, and then changed their place of residence to Medina, of that same state. Here Mr. Boise at the age of seven years began teaching school and remained in that work for a period of five years. He then had an ambition to engage in newspaper work and gratified this desire by going to Sandusky, Ohio, and entering the employ of his uncle, published of the Sandusky Daily Clarion.

After spending three years in newspaper work in the capacities of solicitor, bookkeeper and city editor, Mr. Boise accepted a position in the post office of Sandusky and remained there during the administration of Millard Fillmore, the thirteenth president.

In the year 1850 Mr. Boise was married to Miss Belvidere McGee, and to them were born three sons and one daughter. Of these four children, three are living: Frank C. Boise, of Denver, Colorado; Mrs. J. L. Smith, of this place, and J. S. Boise of Chicago. The other son Freeland T., died in Nashville, Michigan, in August of 1897.

In 1858 Mrs. Boise died leaving four motherless children, the eldest was a little more than six years of age and the youngest less than eleven months. The following year Mr. Boise was united in marriage to Miss Ellen Phillips and to this union were born three daughters and one son, all of whom are still living, namely: Mrs. M. L. Benham, Miss Maude Boise of LeRoy, Ohio, and S. C. Boise of Villisca, Iowa, and Mrs. Lucia Sinsel of North Yakima, Washington.

Sorrow again entered the home in 1865 when the second companion and mother was taken away very suddenly. This time Mr. Boise was left alone to care for eight little one, the oldest being less than fourteen years of age and a baby less than a year. On the 10th of March, 1877, Mr. Boise was joined in marriage to Mrs. Helen Collier, and for nearly thirty-eight years they traveled life's pathway together, Mrs. Boise passing away February 16th, 1915.

After having spent a year in the fire insurance business in Sandusky, Mr. Boise moved with his family to Milwaukee, where he acted as general agent for the state of Wisconsin for two fire insurance companies. In 1856 he took his family back to Ohio, bought a farm in Medina county and remained there for more than twenty years.

Mr. Boise was a personal friend and neighbor of Senator Ross, known in history as the man whose vote acquitted President Andrew Johnson, who became involved in a bitter quarrel with the leaders of the republican party.

In 1878 Mr. Boise came to Villisca, Montgomery County, Iowa, where he lived until his death, and engaged in the clothing business with his son, J. S., junior, and in 1886 turned this business over to his son and took his son S. C. in as an associate in the implement business, which was sold in 1890.

In 1892 Mr. Boise was chosen representative from Montgomery County, in the twenty-fourth general assembly, this honor having been conferred upon him in recognition of his ability and unquestioned integrity.

He has been identified with the interest of Montgomery County and the State for the past thirty-nine years and has contributed his full share toward the upbuilding, the advancement and progress of the city in which he lived, the county and the state. In matters political, business and social he has been an important factor.

Mr. Boise died at his home in Villisca, Montgomery County, Iowa, on the 16th day of January, 1917, at the ripe old age of ninety-three years.

Therefore Be It Resolved, That a copy of this resolution be spread upon the Journal of the House, and that the Chief Clerk transmit an engrossed copy thereof to the family of the deceased.

Horace E. Teachout was born January 5, 1846, in Oneida County, New York, and died at his home in the City of Des Moines, February 22, 1917. Born and raised on a farm, he entered Poughkeepsie Business College in his twentieth year.

He married when twenty-three years of age, and came to Des Moines in August, 1876. He was very successful, and was connected with many business enterprises of prominence in his home city. He installed at Des Moines the first electric street car system in Iowa, in 1886. He was elected to the House of Representatives in the Twenty-ninth general assembly in 1900, and twice re-elected.

Mr. Teachout's ancestry was Scotch and German, which gave him a vigorous, strong personality which made itself felt in every phase of his active career. He was a man of great good nature and personal charm, and leaves a deep impress upon the life of Polk County.

He is survived by his widow, Mrs. Imogene Waldo Teachout, and one son, Herbert H. Teachout, of Des Moines.

Be It Resolved by the House of Representatives of the Thirty-seventh general assembly:

That in the death of Horace E. Teachout we would express our sense of loss sustained by the State by the passing of one of its strongest men, whose life reflected the sterling qualities of American Citizenship, and we would here extend to his family our sincere sympathy.

HON. OLIVER H. FRINK.

Oliver H. Frink was born in Elkhart, Indiana, May 26th, 1848. Soon after his birth, his parents moved into a log house in the country, where six months later, his father died. Before he was five years old, his mother also died, and he was taken to Lafayette, Illinois, to live with a sister. Soon after this, a family in Indiana "took him to raise," and his home was with these foster parents for some years. Here he attended his first school in the typical log school house of pioneer days. After his oldest sister married, she sent for him, and from that time until he entered the army, his home was with her at Kewanee, Illinois. Here for four years he worked on a farm in summer for \$7.00 per month, and attended the town school in winter, reaching about the eighth grade. In 1864, at the age of sixteen years, he enlisted with the 124th Regiment Illinois Infantry, and served for nearly a year in this regiment, when he was transferred to the 33d Illinois Infantry. He was with his regiment at the engagements at Spanish Fort and at Mobile. After the war, he was kept in the service quelling the guerillas in upper Mississippi; and after his time had expired, he returned to Kewanee, where in April, 1870, he was married to Miss Ellen Minnick.

When a boy he decided to cast his lot with those who believed in the Bible and its teachings, and he joined the Baptist church, of which he was a devoted member during his entire lifetime, having many official positions.

In 1871, he moved to Page County, Iowa, where he settled near Shenandoah, building for himself and his bride the usual 14x16 one room house, and breaking up his land. He went through all the trails and hardships of our pioneer settlers; at one time breaking sod for one farmer to get a cow, and then having to work for another one to get feed. Here in this pioneer home, seven of his eight children were born. Around this home the lights and shadows of life played. Love and work, joy and sorrow, hope and happiness filled the years.

He was a man who always took an interest in the better things of life, and very soon after moving to Page County, he started in the school house, a Sunday school of which he was the superintendent as long as he remained on the farm. He was always prominent in all the local activities of the community. Leaving the farm, he opened a general store in Bingham, Iowa, which he continued for two years, when he was elected Treasurer of Page County, a position which he held with honor for six years.

Immediately after leaving the Treasurer's office, he was elected Representative from Page County, to the 26th general assembly, and served through that session, the 26th extra session, and the 27th general assemblies.

He was a man of careful thought, conscientious to a great degree in all his decisions, and was always found on the right side of all questions looking to the good of the state of Iowa.

A few years later, he moved to Shenandoah, where he was elected mayor, and served for several terms. Here he engaged in business again, and during the last few years of his life, he acted as Deputy County Treasurer at Shenandoah.

In the fall of 1915, he had an attack of paralysis, which gradually grew worse, until his death which occurred July 25th, 1916. Every business house and office in the city closed during the time of the funeral of this man who had done so much for the betterment of not only his own county, but of the State of Iowa.

In the passing of Oliver H. Frink, Iowa has lost one of her most useful citizens. His public service was a notable one, and he will pass into Iowa history as a man of forceful character, strong in his convictions, devoted to his country and state,—a man whose life was distinguished as consecrated to the highest ideals of American citizenship. To the honor of his memory, it is therefore,

Resolved, That the House of Representatives take this occasion to express its appreciation of his character and public service, and at this time extend to his widow, Mrs. Ellen Frink, his daughters, Mrs. Nettie Baker, of Chicago, Illinois; Mrs. Willis F. Stotler, Mrs. Frank Stotler, and Miss Irene Frink of Shenandoah, and his sons Mr. Warren Frink and Mr. Harvel Frink of Shenandoah, Iowa, its sincere sympathy in their sorrow; and

Be It Further Resolved, That a copy of the resolution be spread upon the Journal of the House and that the Chief Clerk be instructed to send an enrolled copy to the widow of the deceased.

Y., who died June 30, 1908. To this union were born six children. On September 29, 1909, Mr. Drury married Laura Gatham and to them were born two children, who together with their mother survive.

Mr. Drury was a member and affiliated with the different orders of Free Masonry, Rose Croix Commandery No. 38, Knights Templar of Sac City, and also a member of the order of Scottish Rite Masons.
