22 assistance programs, particularly whether it would
23 reduce costs.

24 d. How a living wage would impact state and local
25 economic development programs.

26 e. How a living wage would assist or hinder the
27 housing market.

28 f. Taking into account paragraphs "b", "c", "d",
29 and "e", examine whether there would be an overall
30 positive impact on the economy considering possible
31 business concerns of inflation and job loss.

32 g. Evaluate other states or metropolitan areas
33 that have a living wage to provide examples of how a
34 living wage could be implemented on a phased-in basis
35 for all workers in this state, including the private
36 and public sectors.

37 h. Any other recommendations that the individuals
 38 assigned to the study believe are relevant to
 39 establishing a living wage in this state.

1 Amend House File 2686 as follows:
 2 1. By striking everything after the enacting
 3 clause and inserting the following:
 4 "DIVISION I

 6 Section 1. Section 91A.2, subsection 3, Code 2007,
 7 is amended to read as follows:
 8 3. "Employee" means a natural person who is
 9 employed in this state for wages by an employer.
 10 Employee also includes a commission salesperson who
 11 takes orders or performs services on behalf of a
 12 principal and who is paid on the basis of commissions
 13 but does not include persons who purchase for their
 14 own account for resale.
 15 a. For the purposes of this chapter, the following
 16 persons engaged in agriculture are not employees:
 17 ~~a.~~ (1) The spouse of the employer and relatives
 18 of either the employer or spouse residing on the
 19 premises of the employer.
 20 ~~b.~~ (2) A person engaged in agriculture as an

21 owner-operator or tenant-operator and the spouse or
 22 relatives of either who reside on the premises while
 23 exchanging labor with the operator or for other mutual
 24 benefit of any and all such persons.

25 e. (3) Neighboring persons engaged in agriculture
 26 who are exchanging labor or other services.

27 (4) For the purposes of this chapter, persons
 28 licensed under chapter 543B are not employees.

29 b. In order to establish the absence of an
 30 employment relationship, a putative employer has the
 31 burden to establish all of the following:

32 (1) The putative employer and putative employee
 33 share the intention to create an independent
 34 contractor relationship.

35 (2) The putative employer does not control or
 36 direct the performance of services by the putative
 37 employee.

38 (3) The putative employer is not responsible for
 39 payment of wages to the putative employee.

40 (4) The putative employer does not have the right
 41 to discharge the putative employee or terminate the
 42 working relationship with the putative employee.

43 (5) The putative employer is not the authority in
 44 charge of the work or for whose benefit the putative
 45 employee is providing services.

46 Sec. 2. Section 91A.2, subsection 6, Code 2007, is
 47 amended to read as follows:

48 6. "Liquidated damages" means the sum of five
 49 percent multiplied by the amount of any wages that
 50 were not paid or of any authorized expenses that were

Page 2

1 not reimbursed on a regular payday or on another day
 2 pursuant to section 91A.3 multiplied by the total
 3 number of days, excluding Sundays, legal holidays, and
 4 the first seven days after the regular payday on which
 5 wages were not paid or expenses were not reimbursed.
 6 However, such sum shall not exceed twice the amount of
 7 the unpaid wages and shall not accumulate ~~when an~~
 8 ~~employer is subject to a petition filed in bankruptcy.~~

9 Sec. 3. Section 91A.6, subsections 1 and 2, Code
 10 2007, are amended to read as follows:

11 1. An employer shall ~~after being notified by the~~
 12 ~~commissioner pursuant to subsection 2~~ do the
 13 following:

14 a. Notify its employees in writing at the time of
 15 hiring what wages and regular paydays are designated
 16 by the employer.

17 b. Notify, at least one pay period prior to the
 18 initiation of any changes, its employees of any
 19 changes in the arrangements specified in this

20 subsection 4 that reduce wages or alter the regular
21 paydays. The notice shall either be in writing or
22 posted at a place where employee notices are routinely
23 posted.

24 c. Make available to its employees upon written
25 request, a written statement enumerating employment
26 agreements and policies with regard to vacation pay,
27 sick leave, reimbursement for expenses, retirement
28 benefits, severance pay, or other comparable matters
29 with respect to wages. Notice of such availability
30 shall be given to each employee in writing or by a
31 notice posted at a place where employee notices are
32 routinely posted.

33 d. Establish, maintain, and preserve for three
34 calendar years the payroll records showing the hours
35 worked, wages earned, and deductions made for each
36 employee and any employment agreements entered into
37 between an employer and employee. Failure to do so
38 shall raise a rebuttable presumption that the employer
39 did not pay the required minimum wage under section
40 91D.1.

41 ~~2. The commissioner shall notify an employer to~~
42 ~~comply with subsection 1 if the employer has paid a~~
43 ~~claim for unpaid wages or nonreimbursed authorized~~
44 ~~expenses and liquidated damages under section 91A.10~~
45 ~~or if the employer has been assessed a civil money~~
46 ~~penalty under section 91A.12. However, a court may,~~
47 ~~when rendering a judgment for wages or nonreimbursed~~
48 ~~authorized expenses and liquidated damages or~~
49 ~~upholding a civil money penalty assessment, order that~~
50 ~~an employer shall not be required to comply with the~~

Page 3

1 ~~provisions of subsection 1 or that an employer shall~~
2 ~~be required to comply with the provisions of~~
3 ~~subsection 1 for a particular period of time.~~

4 Sec. 4. Section 91A.8, Code 2007, is amended to
5 read as follows:

6 91A.8 VIOLATIONS BY EMPLOYER, DAMAGES RECOVERABLE
7 BY AN EMPLOYEE UNDER THIS CHAPTER.

8 1. A violation of this chapter shall occur any
9 week when an individual employee was not paid the
10 legally required wages under this chapter, state taxes
11 were not withheld, or in the case of improper
12 discharge, discrimination, or retaliation against an
13 employee, every week after the improper discharge,
14 discrimination, or retaliation has occurred until
15 compensation is finally made.

16 2. When it has been shown that an employer has
17 ~~intentionally~~ failed to pay an employee wages or
18 reimburse expenses pursuant to section 91A.3, whether

19 as the result of a wage dispute or otherwise, the
 20 employer shall be liable to the employee for ~~any the~~
 21 ~~unpaid~~ wages or expenses ~~that are so intentionally~~
 22 ~~failed to be paid or reimbursed~~, plus liquidated
 23 damages, court costs, and any ~~attorney's~~ attorney fees
 24 incurred in recovering the unpaid wages and determined
 25 to have been usual and necessary. ~~In other instances~~
 26 ~~the employer shall be liable only for unpaid wages or~~
 27 ~~expenses, court costs and usual and necessary~~
 28 ~~attorney's fees incurred in recovering the unpaid~~
 29 ~~wages or expenses.~~

30 Sec. 5. Section 91A.9, subsection 2, Code 2007, is
 31 amended to read as follows:

32 2. a. The commissioner may, consistent with due
 33 process of law, enter any place of employment to
 34 inspect records concerning wages and payrolls, to
 35 question the employer and employees, and to
 36 investigate such facts, conditions, or matters as are
 37 deemed appropriate in determining whether any person
 38 has violated the provisions of this chapter. ~~However,~~
 39 ~~such entry by the commissioner shall only be in~~
 40 ~~response to a written complaint.~~

41 b. A complaining employee may submit a written
 42 request for confidentiality of identifying
 43 information. Upon such request, the commissioner
 44 shall determine if the commissioner can effectively
 45 pursue the matter while keeping the identity of the
 46 complaining employee confidential. If the
 47 commissioner determines that an employee's identity
 48 must be disclosed in order to effectively pursue the
 49 matter, the commissioner may do so only with the
 50 employee's consent. Otherwise, the commissioner shall

Page 4

1 keep the complaining employee's identity confidential
 2 notwithstanding chapter 22.

3 Sec. 6. Section 91A.10, subsection 1, Code 2007,
 4 is amended to read as follows:

5 1. a. Upon the written complaint of the employee
 6 involved, the commissioner may determine whether wages
 7 have not been paid and may constitute an enforceable
 8 claim. If for any reason the commissioner decides not
 9 to make such determination, the commissioner shall so
 10 notify the complaining employee within fourteen days
 11 of receipt of the complaint. The commissioner shall
 12 otherwise notify the employee of such determination
 13 within a reasonable time ~~and if it is determined.~~

14 b. Without regard to whether the commissioner
 15 received a written complaint from an employee or
 16 initiated an investigation, if the commissioner
 17 determines that there is an enforceable claim, the

18 commissioner shall, with the consent of the
19 complaining employee, take an assignment in trust for
20 the wages and for any claim for liquidated damages
21 ~~without being bound by any of the. The technical~~
22 rules respecting the validity of the assignment shall
23 not apply. However, the commissioner shall not accept
24 any complaint for unpaid wages and liquidated damages
25 after one year from the date the wages became due and
26 payable.

27 Sec. 7. Section 91A.10, subsection 5, Code 2007,
28 is amended to read as follows:

29 ~~5. An employer shall not discharge or in any other~~
30 ~~manner discriminate against any employee because the~~
31 ~~employee has filed a complaint, assigned a claim, or~~
32 ~~brought an action under this section or has cooperated~~
33 ~~in bringing any action against an employer. An~~
34 employer or other person shall not discharge or in any
35 other manner discriminate or retaliate against an
36 employee or other person for exercising any right
37 provided under this chapter or any rules adopted
38 pursuant to this chapter, or against another employee
39 or person for providing assistance to an employee or
40 providing information regarding the employee or
41 person, or for testifying or planning to testify in
42 any investigation or proceeding regarding the employee
43 or person. Taking adverse action against an employee
44 or other person within ninety days of an employee's or
45 other person's engaging in the foregoing activities
46 raises a presumption that such action was retaliation,
47 which may be rebutted by clear and convincing evidence
48 that such action was taken for other permissible
49 reasons. Any employee may file a complaint with the
50 commissioner alleging discharge, ~~or~~ discrimination, or

Page 5

1 retaliation within thirty days after such violation
2 occurs. Upon receipt of the complaint, the
3 commissioner shall cause an investigation to be made
4 to the extent deemed appropriate. If the commissioner
5 determines from the investigation that the provisions
6 of this subsection have been violated, the
7 commissioner shall bring an action in the appropriate
8 district court against such person. The district
9 court shall have jurisdiction, for cause shown, to
10 restrain violations of this subsection and order all
11 appropriate relief including rehiring or reinstatement
12 of the employee to the former position with back pay.

13 Sec. 8. Section 91A.10, Code 2007, is amended by
14 adding the following new subsection:

15 NEW SUBSECTION. 6. A civil action to enforce this
16 section may also be maintained in any court of

17 competent jurisdiction by the commissioner or by any
 18 party injured by a violation of this section. An
 19 employer or other person who retaliates against an
 20 employee or other person in violation of this section
 21 shall be required to pay the person an amount set by
 22 the commissioner or a court sufficient to compensate
 23 the employee or other person and deter future
 24 violations, but not less than one hundred fifty
 25 dollars for each day that the violation continued.

26 Sec. 9. Section 91A.12, subsection 1, Code 2007,
 27 is amended to read as follows:

28 1. Any employer who violates the provisions of
 29 this chapter or the rules ~~promulgated under it~~ adopted
 30 pursuant to this chapter shall be subject to a civil
 31 money penalty of not more than ~~one~~ five hundred
 32 dollars for each violation. The commissioner may
 33 recover such civil money penalty according to the
 34 provisions of subsections 2 ~~to~~ through 5. Any civil
 35 money penalty recovered shall be deposited in the
 36 general fund of the state.

30 or rules adopted pursuant to any of those sections,

5 due to services provided pursuant to section 88.16.

6 4. The commissioner shall enforce the provisions
7 of this chapter. The commissioner may conduct
8 investigations in connection with the administration
9 and enforcement of this chapter and may visit and
10 inspect, at all reasonable times, any places where
11 individuals are performing services for a contractor

14 is an employee under section 91G.3.

15 5. The commissioner and an employee of the
16 commissioner shall be indemnified for any damages and
17 legal expenses incurred as a result of the good-faith
18 performance of the employee's official duties under
19 this chapter, in regard to any claim for civil damages
20 not specifically covered by the Iowa tort claims Act,
21 chapter 669.

22 6. The commissioner may compel by subpoena the
23 attendance and testimony of witnesses and the

36 or rules adopted pursuant to any of those sections has
37 occurred shall be considered final agency action under
38 chapter 17A.

39 9. If the commissioner determines upon
40 investigation that a violation of section 91G.3,
41 91G.4, or 91G.8 or rules adopted pursuant to any of
42 those sections has occurred, the commissioner may do
43 any of the following:

7 the commissioner taken pursuant to this section may be
8 sought in accordance with the terms of chapter 17A.

9 If a petition for judicial review is not filed within
10 thirty days after service of the determination of the
11 commissioner, the commissioner's determination shall
12 be conclusive in connection with any petition for

13 enforcement filed by the commissioner and in such
14 case, the clerk of court, unless otherwise ordered by
15 the court, shall forthwith enter a decree enforcing
16 the commissioner's determination and shall transmit a

24 NEW PARAGRAPH. bb. (1) Gas and electric
25 utilities that are not required to be rate-regulated
26 under this chapter shall assess potential energy and
27 capacity savings available from actual and projected
28 customer usage through cost-effective energy
29 efficiency measures and programs, taking into
30 consideration the utility service area's historic
31 energy load, its projected demand, its customer base,
32 and other relevant factors. Each utility shall
33 establish an energy efficiency goal based upon this
34 assessment of potential and shall establish
35 cost-effective energy efficiency programs designed to
36 meet the energy efficiency goal. Separate goals may
37 be established for various customer groupings.

38 (2) Energy efficiency programs shall include
39 activities conducted by a utility intended to enable
40 or encourage customers to increase the amount of heat,
41 light, cooling, motive power, or other forms of work

42 performed per unit of energy used. Energy efficiency
43 programs include activities which lessen the amount of
44 heating, cooling, or other forms of work which must be
45 performed, including but not limited to energy studies
46 or audits, general information, financial assistance,
47 direct rebates to customers or vendors of
48 energy-efficient products, research projects, direct

3 (3) Each utility shall commence the process of
4 determining its cost-effective energy efficiency goal
5 on or before July 1, 2008, shall provide a progress
6 report to the board on or before January 1, 2009, and
7 complete the process and submit a final report to the
8 board on or before July 1, 2009. The report shall
9 include the utility's individualized cost-effective
10 energy efficiency goal, a detailed description of the
11 energy efficiency measures to be offered to meet the
12 projected goal, a list of measures considered, and an
13 estimate of projected costs. Each utility shall
14 include in its report the cost of achieving an energy
15 efficiency goal equal to one and one-half percent of
16 the utility's annual retail sales, calculated as an
17 average of sales for the three previous years.
18 Individual utilities or groups of utilities may
19 collaborate in conducting the studies required
20 hereunder and may file a joint report or reports with
21 the board. However, the board may require individual
22 information from any utility, even if it participates
23 in a joint report.

24 (4) On January 1 of each even-numbered year,
25 commencing January 1, 2012, gas and electric utilities
26 that are not required to be rate-regulated shall file
27 a report with the board identifying their progress in
28 meeting the energy efficiency goal and any updates or
29 amendments to their energy efficiency plans and goals.
30 Filings made pursuant to this paragraph "bb" shall be
31 deemed to meet the filing requirements of section

41 to be filed pursuant to paragraph "bb" by gas and
42 electric utilities that are not required to be
43 rate-regulated, and shall submit a report summarizing
44 the evaluation to the general assembly on or before
45 January 1, 2011.

46 (3) The reports submitted by the board to the

26 implemented by gas and electric public utilities, with
27 an emphasis on results achieved by current plans and
28 programs from the demand, or customer, perspective,
29 and to make recommendations for additional
30 requirements applicable to energy efficiency plans and
31 programs that would improve such results. In
32 conducting the study and developing recommendations,

7 the calendar month in which service is provided.

8 8. For the fiscal year beginning July 1, 2008,

1 Sec. 31. 2001 Iowa Acts, chapter 192, section 4,
2 subsection 4, is amended to read as follows:

3 4. ACCOUNTABILITY MEASURERS MEASUREMENTS – ANNUAL
4 ACCOUNTABILITY PAYMENTS.

5 a. It is the intent of the general assembly that
6 the department of human services initiate a system to
7 measure a variety of elements to determine a nursing
8 facility's capacity to provide quality of life and
9 appropriate access to medical assistance program
10 beneficiaries in a cost-effective manner. Beginning
11 July 1, 2001, the department shall implement a process
12 to collect data for these measurements and shall
13 develop procedures to increase nursing facility
14 reimbursements based upon a nursing facility's
15 achievement of multiple favorable outcomes as
16 determined by these measurements. Any increased
17 reimbursement shall not exceed 3 percent of the
18 calculation of the modified price-based case-mix
19 reimbursement median. The increased reimbursement
20 shall be included in the calculation of nursing
21 facility modified price-based payment rates beginning
22 July 1, 2002, with the exception of Medicare-certified
23 hospital-based nursing facilities, state-operated
24 nursing facilities, and special population nursing
25 facilities.

26 ~~b. It is the intent of the general assembly that~~
27 ~~increases in payments to nursing facilities under the~~
28 ~~case mix adjusted component shall be used for the~~
29 ~~provision of direct care with an emphasis on~~
30 ~~compensation to direct care workers. The department~~
31 ~~shall compile and provide a detailed analysis to~~
32 ~~demonstrate growth of direct care costs, increased~~
33 ~~acuity, and care needs of residents. The department~~
34 ~~shall also provide analysis of cost reports submitted~~
35 ~~by providers and the resulting desk review and field~~
36 ~~audit adjustments to reclassify and amend provider~~
37 ~~cost and statistical data. The results of these~~
38 ~~analyses shall be submitted to the general assembly~~
39 ~~for evaluation to determine payment levels following~~
40 ~~the transition funding period.~~

41 b. Beginning July 1, 2008, notwithstanding any law
42 or rule to the contrary, the increased nursing
43 facility reimbursement available pursuant to paragraph
44 "a" shall be based upon the accountability measures
45 and calculations existing on July 1, 2008, pursuant to
46 441 IAC 81.6(16)(g), as adjusted in accordance with
47 the following provisions, and the increased
48 reimbursement shall be disbursed to each qualifying
49 nursing facility as an accountability payment at the
50 end of each fiscal year. The department of human

Page 43

1 services shall request any medical assistance state
2 plan amendment necessary to implement the modified
3 accountability payment methodology. If the department
4 does not receive approval of the state plan amendment,
5 the funds designated for the purposes of providing the
6 accountability measures payment shall instead be
7 disbursed through the case-mix reimbursement system:

8 (1) If a nursing facility receives a citation
9 resulting in actual harm pursuant to the federal
10 certification guidelines at a G level scope and
11 severity or higher, the increased reimbursement
12 calculated for payment under this paragraph "b" shall
13 be reduced by 25 percent for each such citation during
14 the year. Additionally, if a nursing facility fails
15 to cure any deficiency cited within the time required
16 by the department of inspections and appeals, the
17 increased reimbursement calculated for payment under
18 this paragraph shall be forfeited and the nursing
19 facility shall not receive any accountability measure
20 payment for the year.

21 (2) If a nursing facility receives a deficiency
22 resulting in actual harm or immediate jeopardy,
23 pursuant to the federal certification guidelines at an
24 H level scope and severity or higher, regardless of
25 the amount of any fines assessed, the increased
26 reimbursement calculated for payment under this
27 paragraph "b" shall be forfeited and the nursing
28 facility shall not receive any accountability measure
29 payment for the year.

30 (3) Beginning July 1, 2008, accountability measure
31 payments to providers shall be reduced by 20 percent
32 of the calculated amount. The percentage reduction
33 shall continue until June 30, 2009, or until such time
34 as the general assembly adopts a modification of the
35 accountability measures system.

36 c. It is the intent of the general assembly that
37 the department of human services assemble a workgroup
38 to develop recommendations to redesign the
39 accountability measures for implementation in the
40 fiscal year beginning July 1, 2009. The workgroup
41 shall include long-term care services stakeholders and
42 advocates including but not limited to representatives
43 of the AARP Iowa chapter, direct care workers,
44 long-term care provider entities, the long-term care
45 resident's advocate, the consumer members of the
46 senior living coordinating unit, the department of
47 elder affairs, the department of inspections and
48 appeals, and the chairpersons and ranking members of
49 the joint appropriations subcommittee on health and
50 human services. The workgroup shall submit its

Page 44

1 recommendations for the redesigned accountability
2 measures which shall meet all of the following
3 specifications:
4 (1) Acknowledge and establish higher benchmarks
5 for performance-based reimbursement to those nursing
6 facilities meeting the identified and weighted
7 components recommended by the workgroup.
8 (2) Reinforce the expectation that the
9 performance-based payments will be used to support
10 direct care and support care staff through increased
11 wages, enhanced benefits, and expanded training
12 opportunities and provide a system for determining
13 compliance with this expectation.
14 (3) Identify the best practices that are used in
15 facilities receiving a performance-based payment and
16 create a system to assist other facilities in the
17 implementation of those best practices.

18 Sec. 32. REVIEW – DRUG PRODUCT SELECTION. On or
19 after the effective date of this section, the
20 chairpersons of the joint appropriations subcommittee
21 on health and human services shall convene a group of
22 representatives of appropriate entities to review
23 current law regarding drug product selection. The
24 representatives shall include but are not limited to
25 representatives of the Iowa pharmacy association, the
26 Iowa medical society, pharmacy industry
27 representatives of the Iowa retail federation,
28 advocacy groups, the department of human services, the
29 board of pharmacy, and the department of public
30 health. The legislative services agency shall provide
31 administrative support to the group. The group shall
32 complete its deliberations on or before December 15,
33 2008.

34 Sec. 33. EMERGENCY RULES. If specifically
35 authorized by a provision of this division of this
36 Act, the department of human services or the mental
37 health, mental retardation, developmental
38 disabilities, and brain injury commission may adopt
39 administrative rules under section 17A.4, subsection
40 2, and section 17A.5, subsection 2, paragraph "b", to
41 implement the provisions and the rules shall become
42 effective immediately upon filing or on a later
43 effective date specified in the rules, unless the
44 effective date is delayed by the administrative rules
45 review committee. Any rules adopted in accordance
46 with this section shall not take effect before the
47 rules are reviewed by the administrative rules review
48 committee. The delay authority provided to the
49 administrative rules review committee under section
50 17A.4, subsection 5, and section 17A.8, subsection 9,

1 shall be applicable to a delay imposed under this
 2 section, notwithstanding a provision in those sections
 3 making them inapplicable to section 17A.5, subsection
 4 2, paragraph "b". Any rules adopted in accordance
 5 with the provisions of this section shall also be
 6 published as notice of intended action as provided in
 7 section 17A.4.

8 Sec. 34. REPORTS. Any reports or information
 9 required to be compiled and submitted under this Act
 10 shall be submitted to the chairpersons and ranking
 11 members of the joint appropriations subcommittee on
 12 health and human services, the legislative services
 13 agency, and the legislative caucus staffs on or before
 14 the dates specified for submission of the reports or
 15 information.

16 Sec. 35. EFFECTIVE DATE. The following provisions

 18 immediate importance, take effect upon enactment:

5 2. The division's responsibilities relating to the
6 children's system include but are not limited to all
7 of the following:

8 a. Ensuring that the rules adopted for the
9 children's system provide that, within the limits of
10 appropriations for the children's system, children and
11 youth shall not be inappropriately denied necessary

27 Sec. 53. NEW SECTION. 225C.54 MENTAL HEALTH
28 SERVICES SYSTEM FOR CHILDREN AND YOUTH – INITIAL
29 IMPLEMENTATION.

30 1. The mental health services system for children
31 and youth shall be initially implemented by the
32 division commencing with the fiscal year beginning
33 July 1, 2008. The division shall begin implementation
34 by utilizing a competitive bidding process to allocate
35 state block grants to develop services through
36 existing community mental health centers, providers
37 approved in a waiver adopted by the commission to
38 provide services to a county in lieu of a community
39 mental health center, and other local service
40 partners. The implementation shall be limited to the
41 extent of the appropriations provided for the
42 children's system.

43 2. In order to maximize federal financial
44 participation in the children's system, the division
45 and the department's Medicaid program staff shall
46 analyze the feasibility of leveraging existing
47 Medicaid options, such as expanding the home and
48 community-based services waiver for children's mental
49 health services, reviewing the feasibility of
50 implementing other Medicaid options such as the

Page 59

1 federal Tax Equity and Financial Responsibility Act of
2 1982 (TEFRA) option for children with severe mental
3 illness or emotional disturbance and Medicaid
4 administrative funding, and determining the need for
5 service enhancements through revisions to the Medicaid

8 Iowa program.

9 3. Initial block grants shall support a wide range
10 of children, youth, and family services and
11 initiatives including but not limited to school-based
12 mental health projects, system reviews providing
13 service gap analysis, status studies of the mental
14 health needs of children and youth in representative
15 areas of the state, and mental health assessment
16 capacity development based in public and nonpublic
17 schools and clinical settings using standard
18 functional assessment tools. The purpose of
19 developing the assessment capacity is to determine
20 children's and youths' degree of impairment in daily
21 functioning due to emotional, behavioral,
22 psychological, psychiatric, or substance use problems.

23 4. The initial block grants may also support an
24 array of programs and services including but not
25 limited to mobile crisis intervention services, or
26 other support intended to prevent more intensive or
27 in-patient interventions, skills training, intensive
28 care coordination, and cognitive-behavioral and
29 multisystemic family therapy. In addition, support
30 may be provided for prevention-oriented services
31 including mental health consultations regarding home
32 visits, child welfare, juvenile justice, and maternal
33 and child health services, and consultation for
34 preschool programs.

35 5. The division shall report regularly to the
36 commission, general assembly, and governor concerning
37 the implementation status of the children's system,
38 including but not limited to an annual report
39 submitted each January. The report may address
40 funding requirements and statutory amendments
41 necessary to further develop the children's system.

48 and the information required under section 225C.6A,
49 subsection 2, paragraph "c", for the previous fiscal
50 year on forms prescribed by rules adopted by the state

1 commission. If the department determines good cause
 2 exists, the department may extend a deadline otherwise
 3 imposed under this chapter, chapter 225C, or chapter
 4 426B for a county's reporting concerning mental
 5 health, mental retardation, or developmental
 6 disabilities services or related revenues and
 7 expenditures.

42 Sec. 56. 2007 Iowa Acts, chapter 215, section 1,
 43 as amended by this division of this Act, is amended by
 44 adding the following new subsections:

45 NEW SUBSECTION. 3. Of the amount appropriated in
 46 subsection 1, \$12,000,000 shall be distributed as
 47 provided in this subsection.

48 a. To be eligible to receive a distribution under
 49 this subsection, a county must meet the following
 50 requirements:

1 (1) The county is levying for the maximum amount
 2 allowed for the county's mental health, mental
 3 retardation, and developmental disabilities services
 4 fund under section 331.424A for taxes due and payable
 5 in the fiscal year beginning July 1, 2008, or the
 6 county is levying for at least 90 percent of the
 7 maximum amount allowed for the county's services fund
 8 and that levy rate is more than \$2 per \$1,000 of the
 9 assessed value of all taxable property in the county.

10 (2) In the fiscal year beginning July 1, 2007, the
 11 county's mental health, mental retardation, and
 12 developmental disabilities services fund ending
 13 balance under generally accepted accounting principles
 14 was equal to or less than 15 percent of the county's
 15 actual gross expenditures for that fiscal year.

16 b. A county's allocation of the amount
 17 appropriated in this subsection shall be determined
 18 based upon the county's proportion of the general
 19 population of the counties eligible to receive an
 20 allocation under this subsection. The most recent
 21 population estimates issued by the United States
 22 bureau of the census shall be applied in determining
 23 population for the purposes of this paragraph.

24 c. The allocations made pursuant to this
 25 subsection are subject to the distribution provisions
 26 and withholding requirements established in this
 27 section for the county mental health, mental
 28 retardation, and developmental disabilities allowed
 29 growth factor adjustment for the fiscal year beginning
 30 July 1, 2008.

31 NEW SUBSECTION. 4. The funding appropriated in
 32 this section is the allowed growth factor adjustment
 33 for fiscal year 2008-2009, and shall be credited to
 34 the allowed growth funding pool created in the
 35 property tax relief fund and for distribution in
 36 accordance with section 426B.5, subsection 1:
 37 \$ 49,673,409

38 NEW SUBSECTION. 5. The following formula amounts
 39 shall be utilized only to calculate preliminary
 40 distribution amounts for fiscal year 2008-2009 under
 41 this section by applying the indicated formula
 42 provisions to the formula amounts and producing a
 43 preliminary distribution total for each county:

44 a. For calculation of a distribution amount for
 45 eligible counties from the allowed growth funding pool
 46 created in the property tax relief fund in accordance
 47 with the requirements in section 426B.5, subsection 1:

 2 accordance with the formula provided in the
 3 appropriation made for the MH/DD community services
 4 fund for the fiscal year beginning July 1, 2008:
 5 \$ 17,727,890

6 NEW SUBSECTION. 6. After applying the applicable
 7 statutory distribution formulas to the amounts
 8 indicated in subsection 5 for purposes of producing
 9 preliminary distribution totals, the department of
 10 human services shall apply a withholding factor to
 11 adjust an eligible individual county's preliminary
 12 distribution total. In order to be eligible for a
 13 distribution under this section, a county must be
 14 levying seventy percent or more of the maximum amount
 15 allowed for the county's mental health, mental
 16 retardation, and developmental disabilities services
 17 fund under section 331.424A for taxes due and payable
 18 in the fiscal year for which the distribution is
 19 payable. An ending balance percentage for each county
 20 shall be determined by expressing the county's ending
 21 balance on a modified accrual basis under generally
 22 accepted accounting principles for the fiscal year
 23 beginning July 1, 2007, in the county's mental health,
 24 mental retardation, and developmental disabilities
 25 services fund created under section 331.424A, as a
 26 percentage of the county's gross expenditures from
 27 that fund for that fiscal year. If a county borrowed
 28 moneys for purposes of providing services from the
 29 county's services fund on or before July 1, 2007, and
 30 the county's services fund ending balance for that
 31 fiscal year includes the loan proceeds or an amount
 32 designated in the county budget to service the loan
 33 for the borrowed moneys, those amounts shall not be
 34 considered to be part of the county's ending balance
 35 for purposes of calculating an ending balance
 36 percentage under this subsection. The withholding
 37 factor for a county shall be the following applicable
 38 percent:

- 39 a. For an ending balance percentage of less than 5
 40 percent, a withholding factor of 0 percent. In
 41 addition, a county that is subject to this lettered
 42 paragraph shall receive an inflation adjustment equal
 43 to 3 percent of the gross expenditures reported for
 44 the county's services fund for the fiscal year.
- 45 b. For an ending balance percentage of 5 percent
 46 or more but less than 10 percent, a withholding factor

Page 63

1 for the fiscal year.

2 c. For an ending balance percentage of 10 percent
3 or more but less than 25 percent, a withholding factor
4 of 25 percent. However, for counties with an ending
5 balance percentage of 10 percent or more but less than
6 15 percent, the amount withheld shall be limited to
7 the amount by which the county's ending balance was in
8 excess of the ending balance percentage of 10 percent.

9 d. For an ending balance percentage of 25 percent
10 or more, a withholding percentage of 100 percent.

11 NEW SUBSECTION. 7. The total withholding amounts
12 applied pursuant to subsection 6 shall be equal to a
13 withholding target amount of \$7,664,576. If the
14 department of human services determines that the
15 amount to be withheld in accordance with subsection 6
16 is not equal to the target withholding amount, the
17 department shall adjust the withholding factors listed
18 in subsection 6 as necessary to achieve the target
19 withholding amount. However, in making such
20 adjustments to the withholding factors, the department
21 shall strive to minimize changes to the withholding
22 factors for those ending balance percentage ranges
23 that are lower than others and shall not adjust the
24 zero withholding factor or the inflation adjustment
25 percentage specified in subsection 6, paragraph "a".

26 NEW SUBSECTION. 8. It is the intent of the
27 general assembly that for distribution of the moneys
28 addressed in this section to counties for the fiscal
29 year beginning July 1, 2009, any factor utilizing
30 services fund ending balances will be based upon the
31 fiscal year beginning July 1, 2007.

32 NEW SUBSECTION. 9. a. The department of human
33 services may implement a pilot project for a regional
34 service network established for mental health, mental
35 retardation, and developmental disabilities services
36 paid from the services funds under section 331.424A.
37 The initial term of the pilot project is limited to
38 the two-year period beginning July 1, 2008, and ending
39 June 30, 2010.

40 b. Under the pilot project, the department may
41 enter into an agreement with the counties
42 participating in the pilot project to administer a
43 risk-based contract for the mental health, mental
44 retardation, and developmental disabilities services
45 provided by the participating counties. The pilot
46 project provisions may include but are not limited to
47 all of the following:

48 (1) Pooling of the participating counties services
49 fund moneys.

50 (2) Pooling of waiver slots for the participating

Page 64

1 counties.

2 (3) To the extent allowed under federal
3 requirements, decategorizing the funding streams for
4 mental health, mental retardation, and developmental
5 disabilities available to the counties participating
6 in the pilot project.

7 (4) If the department implements a new program,
8 initiative, or service addressing the needs of the
9 populations receiving services paid for by a county
10 services fund, adapting any associated requirements to
11 optimize implementation within the pilot project
12 counties.

13 c. For purposes of qualifying for the allowed
14 growth and MH/DD community services fund moneys
15 distributed under this section, the minimum levy and
16 services fund ending balances of the counties
17 participating in the pilot project may be combined and
18 an average utilized to qualify for the moneys.

19 d. For the allowed growth and MH/DD community
20 services fund moneys distributed for the fiscal year
21 beginning July 1, 2009, provided the counties
22 participating in the pilot project do not reduce
23 levies below the required percentages, the combined
24 percentage of those moneys of such counties shall not
25 be less than the combined percentage of such moneys in
26 the preceding fiscal year.

27 e. A county's participation in the pilot project
28 and the provisions of the pilot project must be agreed
29 upon by the department and the board of supervisors of
30 each of the counties participating in the pilot
31 project.

32 f. The department may specify a minimum population
33 level and other prerequisites for the consortium of
34 counties participating in the pilot project.

35 g. The pilot project counties shall provide
36 periodic performance and evaluation information to the
37 department, governor, and general assembly.

19 1. Prior to employment of a person in a hospital,
20 the hospital shall request that the department of
21 public safety perform a criminal history check and the
22 department of human services perform child and
23 dependent adult abuse record checks of the person in
24 this state. A hospital shall inform all persons prior
25 to employment regarding the performance of the records
26 checks and shall obtain, from the persons, a signed
27 acknowledgment of the receipt of the information. A
28 hospital shall include the following inquiry in an
29 application for employment: "Do you have a record of
30 founded child or dependent adult abuse or have you
31 ever been convicted of a crime, in this state or any
32 other state?"

33 2. a. If it is determined that a person being
34 considered for employment in a hospital has committed
35 a crime, the department of public safety shall notify
36 the hospital that upon the request of the hospital the
37 department of human services will perform an
38 evaluation to determine whether the crime warrants
39 prohibition of the person's employment in the
40 hospital.

41 b. If a department of human services child or
42 dependent adult abuse record check shows that the
43 person has a record of founded child or dependent
44 adult abuse, the department of human services shall
45 notify the hospital that upon the request of the
46 hospital the department of human services will perform
47 an evaluation to determine whether the founded child
48 or dependent adult abuse warrants prohibition of the
49 person's employment in the hospital.

50 c. An evaluation performed under this subsection

Page 89

1 shall be performed in accordance with procedures
2 adopted for this purpose by the department of human
3 services.

4 d. (1) If a person owns or operates more than one
5 hospital, and an employee of one of such hospitals is
6 transferred to another such hospital without a lapse
7 in employment, the hospital is not required to request
8 additional criminal and child and dependent adult
9 abuse records checks of that employee.

10 (2) If the ownership of a hospital is transferred,
11 at the time of transfer the records checks required by
12 this section shall be performed for each employee for
13 whom there is no documentation that such records
14 checks have been performed. The hospital may continue
15 to employ such employee pending the performance of the
16 records checks and any related evaluation.

17 3. In an evaluation, the department of human
18 services shall consider the nature and seriousness of
19 the crime or founded child or dependent adult abuse in
20 relation to the position sought or held, the time
21 elapsed since the commission of the crime or founded
22 child or dependent adult abuse, the circumstances
23 under which the crime or founded child or dependent
24 adult abuse was committed, the degree of
25 rehabilitation, the likelihood that the person will
26 commit the crime or founded child or dependent adult
27 abuse again, and the number of crimes or founded child
28 or dependent adult abuses committed by the person
29 involved. If the department of human services
30 performs an evaluation for the purposes of this
31 section, the department of human services has final
32 authority in determining whether prohibition of the
33 person's employment is warranted.

34 4. a. Except as provided in paragraph "b" and
35 subsection 2, a person who has committed a crime or
36 has a record of founded child or dependent adult abuse
37 shall not be employed in a hospital licensed under

39 by the department of human services.

40 b. A person with a criminal or abuse record who is
41 employed by a hospital licensed under this chapter and
42 is hired by another licensee without a lapse in
43 employment shall be subject to the criminal history
44 and abuse record checks required pursuant to
45 subsection 1. If an evaluation was previously
46 performed by the department of human services
47 concerning the person's criminal or abuse record and
48 it was determined that the record did not warrant
49 prohibition of the person's employment and the latest
50 record checks do not indicate a crime was committed or

Page 90

1 founded abuse record was entered subsequent to that
2 evaluation, the person may commence employment with
3 the other licensee while the department of human
4 services' evaluation of the latest record checks is
5 pending. Otherwise, the requirements of paragraph "a"
6 remain applicable to the person's employment.

7 5. a. If a person employed by a hospital that is
8 subject to this section is convicted of a crime or has
9 a record of founded child or dependent adult abuse
10 entered in the abuse registry after the person's
11 employment application date, the person shall inform
12 the hospital of such information within forty-eight
13 hours of the criminal conviction or entry of the
14 record of founded child or dependent adult abuse. The
15 hospital shall act to verify the information within
16 forty-eight hours of notification. If the information
17 is verified, the requirements of subsections 2, 3, and
18 4 regarding employability and evaluations shall be
19 applied by the hospital to determine whether or not
20 the person's employment is continued. The hospital
21 may continue to employ the person pending the
22 performance of an evaluation by the department of
23 human services to determine whether prohibition of the
24 person's employment is warranted. A person who is

Page 28

1 infrastructure and health care workforce resources
2 shall describe the existing health care system,

4 health care system, provide an action plan for
5 implementation, and provide methods to evaluate the
6 system. The plan shall incorporate expenditure
7 control methods and integrate criteria for
8 evidence-based health care. The department shall do
9 all of the following in developing the strategic plan
10 for health care delivery infrastructure and health
11 care workforce resources:

13 related to preparation of the strategic plan.

17 into data sharing agreements and contractual
18 arrangements necessary to obtain or disseminate
19 relevant data.
20 c. Conduct research and analysis or arrange for
21 research and analysis projects to be conducted by
22 public or private organizations to further the
23 development of the strategic plan.
24 d. Establish a technical advisory committee to

26 members of the committee may include but are not
27 limited to health economists, health planners,
28 representatives of health care purchasers,
29 representatives of state and local agencies that
30 regulate entities involved in health care,
31 representatives of health care providers and health
32 care facilities, and consumers.
33 2. The strategic plan shall include statewide
34 health planning policies and goals related to the
35 availability of health care facilities and services,
36 the quality of care, and the cost of care. The
37 policies and goals shall be based on the following
38 principles:
39 a. That a strategic health planning process,
40 responsive to changing health and social needs and
41 conditions, is essential to the health, safety, and
42 welfare of Iowans. The process shall be reviewed and
43 updated as necessary to ensure that the strategic plan
44 addresses all of the following:
45 (1) Promoting and maintaining the health of all
46 Iowans.
47 (2) Providing accessible health care services
48 through the maintenance of an adequate supply of
49 health facilities and an adequate workforce.
50 (3) Controlling excessive increases in costs.

Page 29

- 1 (4) Applying specific quality criteria and
2 population health indicators.
- 3 (5) Recognizing prevention and wellness as

15 component of the health care delivery infrastructure
16 and as an essential service provided by the health
17 care workforce.

20 process, outcomes of which shall be clearly
21 articulated and available for public review and use.
 - 22 c. That the supply of a health care service has a
23 substantial impact on utilization of the service,
24 independent of the effectiveness, medical necessity,
25 or appropriateness of the particular health care
26 service for a particular individual.
 - 27 d. That given that health care resources are not
28 unlimited, the impact of any new health care service
29 or facility on overall health expenditures in this
30 state must be considered.
 - 31 e. That excess capacity of health care services
32 and facilities places an increased economic burden on
33 the public.
 - 34 f. That the likelihood that a requested new health
35 care facility, service, or equipment will improve
36 health care quality and outcomes must be considered.
 - 37 g. That development and ongoing maintenance of
38 current and accurate health care information and
39 statistics related to cost and quality of health care
40 and projections of the need for health care facilities
41 and services are necessary to developing an effective
42 health care planning strategy.
 - 43 h. That the certificate of need program as a
44 component of the health care planning regulatory
45 process must balance considerations of access to
46 quality care at a reasonable cost for all Iowans,
47 optimal use of existing health care resources,
48 fostering of expenditure control, and elimination of
49 unnecessary duplication of health care facilities and
50 services, while supporting improved health care

Page 30

- 1 outcomes.

6 all residents.
- 7 3. The health care delivery infrastructure and
8 health care workforce resources strategic plan
9 developed by the department shall include all of the

17 health care system related to access to care, health
18 care outcomes, quality, and cost-effectiveness.
- 19 b. A health care facilities and services plan that

43 identifies data elements necessary to properly conduct
44 planning activities and to review certificate of need
45 applications, including data related to inpatient and
46 outpatient utilization and outcomes information, and
47 financial and utilization information related to
48 charity care, quality, and cost. The plan shall
49 provide all of the following:
- 50 (1) An inventory of existing data resources, both

Page 31

1 public and private, that store and disclose
2 information relevant to the health care planning
3 process, including information necessary to conduct
4 certificate of need activities. The plan shall
5 identify any deficiencies in the inventory of existing
6 data resources and the data necessary to conduct
7 comprehensive health care planning activities. The
8 plan may recommend that the department be authorized
9 to access existing data sources and conduct
10 appropriate analyses of such data or that other
11 agencies expand their data collection activities as
12 statutory authority permits. The plan may identify
13 any computing infrastructure deficiencies that impede
14 the proper storage, transmission, and analysis of
15 health care planning data.

16 (2) Recommendations for increasing the
17 availability of data related to health care planning
18 to provide greater community involvement in the health
19 care planning process and consistency in data used for
20 certificate of need applications and determinations.
21 The plan shall also integrate the requirements for
22 annual reports by hospitals and health care facilities
23 pursuant to section 135.75, the provisions relating to
24 analyses and studies by the department pursuant to
25 section 135.76, the data compilation provisions of
26 section 135.78, and the provisions for contracts for

28 to section 135.83.

29 d. An assessment of emerging trends in health care
30 delivery and technology as they relate to access to
31 health care facilities and services, quality of care,
32 and costs of care. The assessment shall recommend any
33 changes to the scope of health care facilities and
34 services covered by the certificate of need program
35 that may be warranted by these emerging trends. In
36 addition, the assessment may recommend any changes to
37 criteria used by the department to review certificate
38 of need applications, as necessary.

39 e. A rural health care resources plan to assess
40 the availability of health resources in rural areas of
41 the state, assess the unmet needs of these
42 communities, and evaluate how federal and state
43 reimbursement policies can be modified, if necessary,
44 to more efficiently and effectively meet the health
45 care needs of rural communities. The plan shall
46 consider the unique health care needs of rural
47 communities, the adequacy of the rural health care
48 workforce, and transportation needs for accessing
49 appropriate care.

37 Sec.____ DIRECT CARE WORKER COMPENSATION ADVISORY
38 COMMITTEE – REVIEWS.

39 1. a. The general assembly recognizes that direct
40 care workers play a vital role and make a valuable
41 contribution in providing care to Iowans with a
42 variety of needs in both institutional and home and
43 community-based settings. Recruiting and retaining
44 qualified, highly competent direct care workers is a
45 challenge across all employment settings. High rates
46 of employee vacancies and staff turnover threaten the
47 ability of providers to achieve the core mission of
48 providing safe and high quality support to Iowans.
49 However, the general assembly also recognizes that the
50 high turnover rate and its resulting negative impact

Page 38

1 on the quality of care provided, is perpetuated and
2 exacerbated by the inadequate wages and other
3 compensation paid to direct care workers.

4 b. It is the intent of the general assembly to
5 reduce the turnover rate of and improve the quality of
6 health care delivered by direct care workers by
7 substantially increasing the wages and other
8 compensation paid to direct care workers in this
9 state.

10 c. It is the intent of the general assembly that
11 the initial review of and recommendations for
12 improving wages and other compensation paid to direct
13 care workers focus on nonlicensed direct care workers
14 in the nursing facility setting. However, following
15 the initial review of wages and other compensation
16 paid to direct care workers in the nursing facility
17 setting, the department of human services shall
18 convene subsequent advisory committees with
19 appropriate representatives of public and private
20 organizations and consumers to review the wages and
21 other compensation paid to and turnover rates of the
22 entire spectrum of direct care workers in the various
23 settings in which they are employed as a means of
24 demonstrating the general assembly's commitment to
25 ensuring a stable and quality direct care workforce in
26 this state.

27 2. The department of human services shall convene
28 an initial direct care worker compensation advisory
29 committee to develop recommendations for consideration
30 by the general assembly during the 2009 legislative
31 session regarding wages and other compensation paid to
32 direct care workers in nursing facilities. The
33 committee shall consist of the following members,
34 selected by their respective organizations:

35 a. The director of human services, or the
36 director's designee.

37 b. The director of public health, or the
38 director's designee.

39 c. The director of the department of elder
40 affairs, or the director's designee.

41 d. The director of the department of inspections
42 and appeals, or the director's designee.

43 e. A representative of the Iowa caregivers
44 association.

45 f. A representative of the Iowa health care
46 association.

47 g. A representative of the Iowa association of
48 homes and services for the aging.

49 h. A representative of the AARP Iowa chapter.

50 3. The advisory committee shall also include two

Page 39

1 members of the senate and two members of the house of
2 representatives, with not more than one member from
3 each chamber being from the same political party. The
4 legislative members shall serve in an ex officio,
5 nonvoting capacity. The two senators shall be
6 appointed respectively by the majority leader of the

11 1. It is the intent of the general assembly to
12 progress toward achievement of the goal that all
13 Iowans have health care coverage with the following
14 priorities:

15 a. The goal that all children in the state have
16 health care coverage which meets certain standards of
17 quality and affordability with the following
18 priorities:

19 (1) Covering all children who are declared
20 eligible for the medical assistance program or the
21 hawk-i program pursuant to chapter 514I no later than
22 January 1, 2011.

23 (2) Building upon the current hawk-i program by
24 creating a hawk-i expansion program to provide

25 coverage to children who meet the hawk-i program's
 26 eligibility criteria but whose income is at or below
 27 three hundred percent of the federal poverty level,
 28 beginning July 1, 2009.

29 (3) If federal reauthorization of the state
 30 children's health insurance program provides
 31 sufficient federal allocations to the state and
 32 authorization to cover such children as an option
 33 under the state children's health insurance program,
 34 requiring the department of human services to expand

 37 below three hundred percent of the federal poverty
 38 level, with appropriate cost sharing established for

 40 federal poverty level.

41 b. The goal that the Iowa comprehensive health
 42 insurance association, in consultation with the Iowa
 43 choice health care coverage advisory council
 44 established in section 514E.6, develop a comprehensive
 45 plan to first cover all children without health care
 46 coverage that utilizes and modifies existing public
 47 programs including the medical assistance program, the
 48 hawk-i program, and the hawk-i expansion program, and
 49 then to provide access to private unsubsidized,
 50 affordable, qualified health care coverage for

Page 2

1 children, adults, and families, who are not otherwise
 2 eligible for health care coverage through public
 3 programs, that is available for purchase by January 1,
 4 2010.

5 c. The goal of decreasing health care costs and
 6 health care coverage costs by instituting health
 7 insurance reforms that assure the availability of
 8 private health insurance coverage for Iowans by
 9 addressing issues involving guaranteed availability
 10 and issuance to applicants, preexisting condition
 11 exclusions, portability, and allowable or required
 12 pooling and rating classifications.

47 Sec. 45. NEW SECTION. 135.158 MEDICAL HOME
48 PURPOSES – CHARACTERISTICS.

49 1. The purposes of a medical home are the
50 following:

Page 26

- 1 a. To reduce disparities in health care access,
2 delivery, and health care outcomes.
- 3 b. To improve quality of health care and lower
4 health care costs, thereby creating savings to allow
5 more Iowans to have health care coverage and to
6 provide for the sustainability of the health care
7 system.
- 8 c. To provide a tangible method to document if
9 each Iowan has access to health care.
- 10 2. A medical home has all of the following
11 characteristics:
 - 12 a. A personal provider. Each patient has an
13 ongoing relationship with a personal provider trained
14 to provide first contact and continuous and
15 comprehensive care.
 - 16 b. A provider-directed medical practice. The
17 personal provider leads a team of individuals at the
18 practice level who collectively take responsibility
19 for the ongoing health care of patients.
 - 20 c. Whole person orientation. The personal
21 provider is responsible for providing for all of a
22 patient's health care needs or taking responsibility
23 for appropriately arranging health care by other
24 qualified health care professionals. This
25 responsibility includes health care at all stages of
26 life including provision of acute care, chronic care,
27 preventive services, and end-of-life care.
 - 28 d. Coordination and integration of care. Care is
29 coordinated and integrated across all elements of the
30 complex health care system and the patient's
31 community. Care is facilitated by registries,
32 information technology, health information exchanges,
33 and other means to assure that patients receive the
34 indicated care when and where they need and want the
35 care in a culturally and linguistically appropriate
36 manner.
 - 37 e. Quality and safety. The following are quality
38 and safety components of the medical home:
 - 39 (1) Provider-directed medical practices advocate
40 for their patients to support the attainment of
41 optimal, patient-centered outcomes that are defined by
42 a care planning process driven by a compassionate,
43 robust partnership between providers, the patient, and
44 the patient's family.
 - 45 (2) Evidence-based medicine and clinical
46 decision-support tools guide decision making.
 - 47 (3) Providers in the medical practice accept
48 accountability for continuous quality improvement
49 through voluntary engagement in performance
50 measurement and improvement.

Page 27

- 1 (4) Patients actively participate in decision
2 making and feedback is sought to ensure that the
3 patients' expectations are being met.
- 4 (5) Information technology is utilized
5 appropriately to support optimal patient care,
6 performance measurement, patient education, and
7 enhanced communication.
- 8 (6) Practices participate in a voluntary
9 recognition process conducted by an appropriate
10 nongovernmental entity to demonstrate that the
11 practice has the capabilities to provide
12 patient-centered services consistent with the medical
13 home model.
- 14 (7) Patients and families participate in quality
15 improvement activities at the practice level.
- 16 f. Enhanced access to health care. Enhanced
17 access to health care is available through systems
18 such as open scheduling, expanded hours, and new
19 options for communication between the patient, the
20 patient's personal provider, and practice staff.
- 21 g. Payment. The payment system appropriately
22 recognizes the added value provided to patients who
23 have a patient-centered medical home. The payment
24 structure framework of the medical home provides all
25 of the following:
- 26 (1) Reflects the value of provider and nonprovider
27 staff and patient-centered care management work that
28 is in addition to the face-to-face visit.
- 29 (2) Pays for services associated with coordination
30 of health care both within a given practice and
31 between consultants, ancillary providers, and
32 community resources.
- 33 (3) Supports adoption and use of health
34 information technology for quality improvement.
- 35 (4) Supports provision of enhanced communication
36 access such as secure electronic mail and telephone
37 consultation.
- 38 (5) Recognizes the value of provider work
39 associated with remote monitoring of clinical data
40 using technology.
- 41 (6) Allows for separate fee-for-service payments
42 for face-to-face visits. Payments for health care
43 management services that are in addition to the
44 face-to-face visit do not result in a reduction in the
45 payments for face-to-face visits.
- 46 (7) Recognizes case mix differences in the patient
47 population being treated within the practice.
- 48 (8) Allows providers to share in savings from
49 reduced hospitalizations associated with
50 provider-guided health care management in the office

Page 28

1 setting.

3 measurable and continuous quality improvements.

13 provide that the medical home system shall do all of
14 the following:

25 agencies, the collaborative safety net provider
26 network established in section 135.153, or a
27 combination of statewide organizations. Care
28 coordination may be provided through regional offices
29 or through individual provider practices. The

47 providers to monitor clinical progress and performance
48 in meeting applicable standards and to provide
49 information in a form and manner specified by the
50 department. The evaluation mechanism shall be

Page 31

1 developed with input from consumers, providers, and
2 payers. At a minimum the evaluation shall determine
3 any increased quality in health care provided and any

6 systems. The standards and process shall also include
7 a mechanism for other ancillary service providers to
8 become affiliated with a certified medical home.

23 immunizations, health care management, and the use of
24 electronic health records. In developing the

26 department shall analyze, at a minimum, the

44 health care quality improvement measures established
45 by the department.

46 f. Reimbursement for specified ancillary support
47 services such as transportation for medical
48 appointments and other such services.

49 g. Providing reimbursement for medication
50 reconciliation and medication therapy management

Page 32

1 service, where appropriate.

8 health care coordination through preventive dental
9 intervention, early identification of oral disease

11 treatment, chronic care management, education and
12 training, parental guidance, and oral health
13 promotions for children.

14 10. The department shall integrate the
15 recommendations and policies developed by the
16 prevention and chronic care management advisory
17 council into the medical home system.

18 11. Implementation phases.

19 a. Initial implementation shall require
20 participation in the medical home system of children
21 who are recipients of full benefits under the medical
22 assistance program. The department shall work with
23 the department of human services and shall recommend
24 to the general assembly a reimbursement methodology to
25 compensate providers participating under the medical
26 assistance program for participation in the medical
27 home system.

28 b. The department shall work with the department
29 of human services to expand the medical home system to
30 adults who are recipients of full benefits under the
31 medical assistance program and the expansion

34 services of the United States department of health and
35 human services to allow Medicare recipients to utilize
36 the medical home system.

37 c. The department shall work with the department
38 of administrative services to allow state employees to

42 medical home system available to individuals with
43 private health care coverage.

44 12. The department shall provide oversight for all
45 certified medical homes. The department shall review
46 the progress of the medical home system and recommend
47 improvements to the system, as necessary.

49 medical home system and make recommendations to the
50 governor and the general assembly regarding

1 improvements to and continuation of the system.
2 14. Recommendations and other activities resulting
3 from the duties authorized for the department under
4 this section shall require approval by the board prior

Page 53

1 of employee vacancies and staff turnover threaten the
2 ability of providers to achieve the core mission of
3 providing safe and high quality support to Iowans.

4 b. It is the intent of the general assembly to
5 address the long-term care workforce shortage and
6 turnover rates in order to improve the quality of
7 health care delivered in the long-term care continuum
8 by reviewing wages and other compensation paid to
9 direct care workers in the state.

10 c. It is the intent of the general assembly that
11 the initial review of and recommendations for
12 improving wages and other compensation paid to direct
13 care workers focus on nonlicensed direct care workers
14 in the nursing facility setting. However, following

17 setting, the department of human services shall

25 ensuring a stable and quality direct care workforce in
26 this state.

27 2. The department of human services shall convene
28 an initial direct care worker compensation advisory

2 representatives, with not more than one member from
3 each chamber being from the same political party. The
4 legislative members shall serve in an ex officio,
5 nonvoting capacity. The two senators shall be
6 appointed respectively by the majority leader of the
7 senate and the minority leader of the senate, and the
8 two representatives shall be appointed respectively by

17 section 2.10.

18 5. The department of human services shall provide
19 administrative support to the committee and the
20 director of human services or the director's designee
21 shall serve as chairperson of the committee.

22 6. The department shall convene the committee no
23 later than July 1, 2008. Prior to the initial

42 worker wages and other compensation in the nursing
43 facility setting to the governor and the general
44 assembly no later than December 12, 2008.

45 10. For the purposes of the initial review,
46 "direct care worker" means nonlicensed nursing
47 facility staff who provide hands-on care including but

 7 care workers and other employees of nursing

26 where such conflicting interests may be advanced.

27 b. Nothing in this chapter shall be construed to
28 prohibit a covered institution from lowering
29 educational loan costs for borrowers, including
30 payments made by the covered institution to lending
31 institutions on behalf of borrowers.

5 readily identified with the institution, in the
6 marketing of private educational loans to the students
7 attending the institution in any way that implies that

8 the institution endorses the private educational loans
9 offered by the lender. However, the covered
10 institution may allow the use of its name if it is

4 "Sec.____. Section 97A.10, Code 2007, is amended
5 to read as follows:

6 97A.10 PURCHASE OF ELIGIBLE SERVICE CREDIT.

7 1. For purposes of this section:

8 a. "Eligible qualified service" means ~~as follows:~~

9 ~~(1) Service with the department prior to July 1,~~
10 ~~1994, in a position as a gaming enforcement officer,~~
11 ~~fire prevention inspector peace officer, or as an~~
12 ~~employee of the division of capitol police except~~

14 ~~(2) Service~~ service as a member of a city fire

16 operating under chapter 411 prior to January 1, 1992,
17 for which service was not eligible to be transferred
18 to this system pursuant to section 97A.17.

19 Eligible qualified service under this paragraph "a"
20 does not include service if the receipt of credit for
21 such service would result in the member receiving a
22 retirement benefit under more than one retirement plan
23 for the same period of service.

24 b. "Permissive service credit" means credit that
25 will be recognized by the retirement system for
26 purposes of calculating a member's benefit, for which
27 the member did not previously receive service credit
28 in the retirement system, and for which the member
29 voluntarily contributes to the retirement system the
30 amount required by the retirement system, not in
31 excess of the amount necessary to fund the benefit
32 attributable to such service.

33 2. An active member of the system may make
34 contributions to the system to purchase up to the
35 maximum amount of permissive service credit for
36 eligible qualified service as determined by the
37 system, pursuant to Internal Revenue Code section
38 415(n) and the requirements of this section. A member
39 seeking to purchase permissive service credit pursuant
40 to this section shall file a written application along
41 with appropriate documentation with the department by
42 July 1, ~~2007~~ 2009.

43 3. A member making contributions for a purchase of
44 permissive service credit for eligible qualified
45 service under this section shall make contributions in
46 an amount equal to the actuarial cost of the

48 equal to the member's contributions under chapter 411
 49 for the period of eligible qualified service together
 50 with interest at a rate determined by the board of

Page 2

1 trustees. For purposes of this subsection, the
 2 actuarial cost of the permissive service credit
 3 purchase is an amount determined by the system in
 4 accordance with actuarial tables, as reported to the
 5 system by the system's actuary, which reflects the
 6 actuarial cost necessary to fund an increased
 7 retirement allowance resulting from the purchase of
 8 permissive service credit."

 16 purchase of eligible service credit on and after July
 17 1, 2008, there shall be appropriated from the general
 18 fund of the state to the retirement fund described in
 19 section 97A.8 an amount equal to that portion of the

1 Amend House File 2700 as follows:
 2 1. Page 26, by inserting after line 18 the
 3 following:
 4 "Sec. ____ Section 423B.1, subsection 3, Code
 5 Supplement 2007, is amended to read as follows:
 6 3. A local option tax shall be imposed only after
 7 an election at which a majority of those voting on the
 8 question favors imposition and shall then be imposed
 9 until repealed as provided in subsection 6, paragraph
 10 "a". If the tax is a local vehicle tax imposed by a
 11 county, it shall apply to all incorporated and
 12 unincorporated areas of the county. If the tax is a
 13 local sales and services tax imposed by a county, it
 14 shall only apply to those incorporated areas and the
 15 unincorporated area of that county in which a majority
 16 of those voting in the area on the tax favors its

17 imposition. For purposes of the local sales and
18 services tax, all cities contiguous to each other
19 shall be treated as part of one incorporated area and
20 the tax would be imposed in each of those contiguous
21 cities only if the majority of those voting in the
22 total area covered by the contiguous cities favors its
23 imposition. In the case of a local sales and services

26 paragraph "c", all cities contiguous to each other and
27 where the boundaries overlap county lines shall be
28 treated as part of one incorporated area, ~~even if the~~

35 services tax, a city is not contiguous to another city
36 if the only road access between the two cities is
37 through another state.

38 Sec. ____. Section 423B.1, subsection 6, paragraph
39 a, unnumbered paragraph 1, Code Supplement 2007, is
40 amended to read as follows:

41 If a majority of those voting on the question of
42 imposition of a local option tax favors imposition of
43 a local option tax, the governing body of that county
44 shall impose the tax at the rate specified for an
45 unlimited period. However, in the case of a local
46 sales and services tax, the county shall not impose
47 the tax in any incorporated area or the unincorporated
48 area if the majority of those voting on the tax in
49 that area did not favor its imposition. For purposes
50 of the local sales and services tax, all cities

1 contiguous to each other shall be treated as part of
2 one incorporated area and the tax shall be imposed in
3 each of those contiguous cities only if the majority

6 the case of a local sales and services tax submitted
7 to the registered voters of two or more contiguous

1. a. The general assembly recognizes that direct care workers play a vital role and make a valuable contribution in providing care to Iowans with a variety of needs in both institutional and home and community-based settings. Recruiting and retaining qualified, highly competent direct care workers is a challenge across all employment settings. High rates of employee vacancies and staff turnover threaten the ability of providers to achieve the core mission of providing safe and high quality support to Iowans.

b. It is the intent of the general assembly to address the long-term care workforce shortage and turnover rates in order to improve the quality of health care delivered in the long-term care continuum by reviewing wages and other compensation paid to direct care workers in the state.

c. It is the intent of the general assembly that the initial review of and recommendations for improving wages and other compensation paid to direct care workers focus on nonlicensed direct care workers in the nursing facility setting. However, following the initial review of wages and other compensation paid to direct care workers in the nursing facility setting, the department of human services shall convene subsequent advisory committees with appropriate representatives of public and private organizations and consumers to review the wages and other compensation paid to and turnover rates of the entire spectrum of direct care workers in the various settings in which they are employed as a means of demonstrating the general assembly's commitment to ensuring a stable and quality direct care workforce in this state.

2. The department of human services shall convene an initial direct care worker compensation advisory committee to develop recommendations for consideration by the general assembly during the 2009 legislative session regarding wages and other compensation paid to direct care workers in nursing facilities. The legislative members shall serve in an ex officio, nonvoting capacity. The two senators shall be appointed respectively by the majority leader of the senate and the minority leader of the senate, and the two representatives shall be appointed respectively by the speaker of the house of representatives and the minority leader of the house of representatives.

4. Public members of the committee shall receive actual expenses incurred while serving in their official capacity and may also be eligible to receive compensation as provided in section 7E.6. Legislative members of the committee are eligible for per diem and reimbursement of actual expenses as provided in section 2.10.

5. The department of human services shall provide administrative support to the committee and the director of human services or the director's designee shall serve as chairperson of the committee.

6. The department shall convene the committee no later than July 1, 2008. Prior to the initial meeting, the department of human services shall provide all members of the committee with a detailed analysis of trends in wages and other compensation paid to direct care workers.

7. The committee shall consider options related but not limited to all of the following:

10. For the purposes of the initial review, "direct care worker" means nonlicensed nursing facility staff who provide hands-on care including but not limited to certified nurse aides and medication aides.

Sec. 71. DIRECT CARE WORKER IN NURSING FACILITIES – TURNOVER REPORT. The department of human services shall modify the nursing facility cost reports utilized for the medical assistance program to capture data by the distinct categories of nonlicensed direct care workers and other employee categories for the purposes of documenting the turnover rates of direct care workers and other employees of nursing facilities. The department shall submit a report on an annual basis to the governor and the general assembly which provides an analysis of direct care worker and other nursing facility employee turnover by individual nursing facility, a comparison of the turnover rate in each individual nursing facility with the state average, and an analysis of any improvement or decline in meeting any accountability goals or other measures related to turnover rates. The department in collaboration with the division shall also review the experiences of other states and the medical assistance premium assistance program in designing the demonstration project.

c. The department and the division, in consultation with the advisory council, shall establish criteria to determine which nonlicensed direct care workers shall be eligible to participate in the demonstration project, the coverage and cost parameters of the health care coverage which an employer shall provide to be eligible for participation in the project, the minimum premium contribution required of an employer to be eligible for participation in the project, income eligibility parameters for direct care workers participating in the project, minimum hours of work required of an employee to be eligible for participation in the project, and maximum premium cost limits for an employee participating in the project.

d. The project design shall allow up to 250 direct care workers and their dependents to access health care coverage sponsored by the direct care worker's employer.

e. To the extent possible, the design of the demonstration project shall incorporate a medical home, wellness and prevention services, and chronic care management.

2. The department and the division shall submit the design for the demonstration project to the governor and the general assembly for review by December 15, 2008. 30 whichever is the lesser. The director shall maintain
31 a separate account for each individual who earns wages
32 in insured work. The director shall compute wage
33 credits for each individual by crediting the
34 individual's account with one-third of the wages for
35 insured work paid to the individual during the
36 individual's base period. However, the director shall
37 recompute wage credits for an individual who is laid
38 off due to the individual's employer going out of
39 business at the factory, establishment, or other
40 premises at which the individual was last employed, by
41 crediting the individual's account with one-half,
42 instead of one-third, of the wages for insured work
43 paid to the individual during the individual's base
44 period. Benefits paid to an eligible individual shall
45 be charged against the base period wage credits in the
46 individual's account which have not been previously
47 charged, in the inverse chronological order as the
48 wages on which the wage credits are based were paid.
49 However if the state "off indicator" is in effect and
50 if the individual is laid off due to the individual's

Page 6

1 employer going out of business at the factory,
2 establishment, or other premises at which the
3 individual was last employed, the maximum benefits
4 payable shall be extended to thirty-nine times the
5 individual's weekly benefit amount, but not to exceed
6 the total of the wage credits accrued to the
7 individual's account.

8 b. TRAINING EXTENSION BENEFITS. An individual who
9 is in training with the approval of the director at
10 the time regular benefits are exhausted may be
11 eligible for training extension benefits. The
12 training extension benefit amount shall be twenty-six
13 times the individual's weekly benefit amount, and the
14 weekly benefit amount shall be equal to the
15 individual's weekly benefit amount for the claim in
16 which benefits were exhausted while in training. An
17 individual who is receiving training extension
18 benefits shall not be denied benefits due to
19 application of section 96.4, subsection 3, or section
20 96.5, subsection 3. However, an employer's account
21 shall not be charged with benefits so paid. Relief of

22 charges under this paragraph applies to both
 23 contributory and reimbursable employers,
 24 notwithstanding section 96.8, subsection 5. In order
 25 for the individual to be eligible for training
 26 extension benefits the training must be for a
 27 high-demand or high-technology occupation, including
 28 fields of life sciences, advanced manufacturing,
 29 biotechnology, alternative fuels, insurance, and

38 and settlement.

39 2. The mediation and settlement process shall
40 enable the complainant to attempt to resolve the
41 dispute with the aid of a neutral mediator employed
42 and selected by the board, in its discretion, from
43 either its own staff or an outside source.

44 3. Mediation shall be conducted as an informal,
45 nonadversarial process and in a manner calculated to
46 help the parties reach a mutually acceptable and
47 voluntary settlement agreement. The mediator shall
48 assist the parties in identifying issues and shall
49 foster joint problem solving and the exploration of
50 settlement alternatives.

Page 30

1 Sec. 67. NEW SECTION. 23.10 ENFORCEMENT.

2 1. If any party declines mediation or settlement
3 or if mediation or settlement fails to resolve the
4 matter to the satisfaction of all parties, the board
5 shall initiate a formal investigation concerning the
6 facts and circumstances set forth in the complaint.
7 The board shall, after an appropriate investigation,
8 make a determination as to whether the complaint is
9 within the board's jurisdiction and whether there is
10 probable cause to believe that the facts and
11 circumstances alleged in the complaint constitute a
12 violation of chapter 21 or 22.

13 2. If the board finds the complaint is outside the
14 board's jurisdiction or there is no probable cause to
15 believe there has been a violation of chapter 21 or
16 22, the board shall issue a written order explaining
17 the reasons for the board's conclusions and dismissing
18 the complaint, and shall transmit a copy to the
19 complainant and to the party against whom the
20 complaint was filed.

21 3. a. If the board finds the complaint is within
22 the board's jurisdiction and there is probable cause
23 to believe there has been a violation of chapter 21 or
24 22, the board shall issue a written order to that
25 effect and shall commence a contested case proceeding
26 under chapter 17A against the respondent. An attorney
27 selected by the director of the board shall prosecute
28 the respondent in the contested case proceeding. At
29 the termination of the contested case proceeding the
30 board shall, by a majority vote of its members, render
31 a final decision as to the merits of the complaint.
32 If the board finds that the complaint has merit, the
33 board may issue any appropriate order to ensure
34 enforcement of chapter 21 or 22 including but not
35 limited to an order requiring specified action or
36 prohibiting specified action and any appropriate order
37 to remedy any failure of the respondent to observe any
38 provision of those chapters.

39 b. If the board determines, by a majority vote of
40 its members, that the respondent has violated chapter
41 21 or 22, the board may also do any or all of the
42 following:

43 (1) Require the respondent to pay damages as
44 provided for in section 21.6 or 22.10, whichever is
45 applicable, to the extent that provision would make
46 such damages payable if the complainant had sought to
47 enforce a violation in court instead of through the
48 board.

49 (2) Void any action taken in violation of chapter
50 21 if a court would be authorized to do so in similar

Page 31

1 circumstances pursuant to section 21.6.
2 c. The board shall not have the authority to
3 remove a person from public office for a violation of
4 chapter 21 or 22. The board may file an action under
5 chapter 21 or 22 to remove a person from office for
6 violations that would subject a person to removal
7 under those chapters.

8 d. A final board order resulting from such
9 proceedings may be enforced by the board in court and
10 is subject to judicial review pursuant to section
11 17A.19.

12 Sec. 68. NEW SECTION. 23.11 DEFENSES IN A
13 CONTESTED CASE PROCEEDING.

14 A respondent may defend against a proceeding before
15 the board charging a violation of chapter 21 or 22 on
16 the ground that if such a violation occurred it was
17 only harmless error or that clear and convincing
18 evidence demonstrated that grounds existed to justify
19 a court to issue an injunction against disclosure
20 pursuant to section 22.8.

21 Sec. 69. NEW SECTION. 23.12 JURISDICTION.

22 The board shall not have jurisdiction over the
23 judicial or legislative branches of state government
24 or any entity, officer, or employee of those branches,
25 or over the governor or the office of the governor.

26 Sec. 70. IOWA PUBLIC INFORMATION BOARD –
27 TRANSITION PROVISIONS.

28 1. The initial members of the Iowa public
29 information board established pursuant to this
30 division of this Act shall be appointed by September
31 1, 2008.

32 2. Notwithstanding any provision of this division
33 of this Act to the contrary, the director of the board
34 and employees of the board shall not be hired prior to
35 July 1, 2009.

36 3. Prior to July 1, 2009, the board shall submit a
37 report to the governor and the general assembly. The
38 report shall include a job description for the
39 executive director of the board, goals for board
40 operations, and performance measures to measure
41 achievement of the board's goals.

42 Sec. 71. APPROPRIATION – IOWA PUBLIC INFORMATION
43 BOARD. There is appropriated from the general fund of
44 the state to the department of management for the
45 fiscal year beginning July 1, 2008, and ending June
46 30, 2009, the following amount, or so much thereof as
47 is necessary, to be used for the following purpose:

48 For the initial expenses of the Iowa public
49 information board as established in this division of
50 this Act:

1 \$6,000

2 Sec. 72. LEGISLATIVE INTENT – OPEN MEETINGS AND
3 PUBLIC RECORDS LAWS. It is the intent of the general
4 assembly to provide as much transparency in government
5 operations as possible consistent with the need to
6 avoid undue invasions of personal privacy and the need
7 to avoid significant interference with the achievement
8 of other important and legitimate state objectives.
9 To these ends, the general assembly will continue to
10 consider and make any necessary technical, practical,
11 and policy revisions to Iowa's open meetings law,
12 chapter 21, and Iowa's public records law, chapter 22.

IMMEDIATE MESSAGE

McCarthy of Polk asked and received unanimous consent that **House File 2700** be immediately messaged to the Senate.

REMARKS BY MINORITY LEADER RANTS

Rants of Woodbury offered the following remarks:

Mr. Speaker, ladies and gentlemen of the House...I direct my first comments to the pages – who unlike most, understand the direct correlation between Guitar Hero and John Galt. I hope that this year was a rewarding one. I've got to say that I think this is the best group of pages we've ever had.

Before I get along too far I want to say how proud I am of the Republicans in this chamber. To my assistant leaders, Kraig, Rod, Linda, Doug, & Jeff, thank you, and thank you Representative Raecker.

To my staff, Jeff, Josie, Allison, Lon, Brad, Mary, Ann, Lew, Kelly, Noreen and Jason, thank you for all you do.

And to all the members of our Republican Caucus, thank you. We stood at the wall ready to fight for what we believed. That willingness allowed us to save Iowa's Right to Work Law. We did what we could to stop the tax increases, we tried to maintain the integrity of our spending limitation law and we worked in a bipartisan way, as long as we were included in the decision making, on health care reform this year.

Thank you. We fulfilled our responsibilities as representatives of our constituents.

Now, I'd like to take this chance to point out a few of the lessons I've learned sitting at this desk. Some of the lessons I admittedly did not want to learn, some of them may be of interest to no one but me, and some of them are about very serious things.

For example, I've learned quorum calls are like watching the Godfather trilogy...every time you think they are about to end, they just keep *going*. They never end and when they finally do and I'm not really sure what happened.

I've learned that the best way to ensure that your priorities become law is simply to make sure that they are the same priorities of Senator Gronstal. I joked last year that he'd become Speaker Leader Governor Gronstal. I don't think it's a joke anymore.

I learned that the best way to keep a secret in this building is to simply draft a plan that is a priority of organized labor. You can be assured that nobody gets to see it, read it or understand it before it hits the floor.

I was taught a lot of lessons over the years by a lot of people. People like Ron Corbett, Brent Siegrist and Chuck Gipp taught me how to be Majority Leader, and Dick Myers, Dave Schrader and Bob Arnold taught me how to be Minority Leader. One of those lessons was that regardless of how much you disagree with what the minority leader says in their remarks on the floor, as long as they are not being disrespectful, you always give them latitude. I can't tell you how many times I listened to Dave Schrader and Dick Myers excoriate the Republican majority without being cut off or hit with a point of order. They were extended latitude. I learned that is not the case anymore. Democrats will not extend the same courtesy to Republicans that we extended to you.

You know, one of the things that has always frustrated me is the notion that all of us up here are the same. That Republicans and Democrats aren't any different from each other. You hear it all the time from voters frustrated with their government – that it doesn't matter who they talk to because they results are always the same.

I think the last two sessions have put that misguided notion to permanent rest. There are *significant* differences between the two parties.

In the last two years, Democrats in this chamber have raised taxes and increased state spending by nearly ONE BILLION dollars and still had to brake the expenditure limitation law to satisfy their absolutely unquenchable need for more government spending.

Even on the last day – surprise! Another \$7 million dollar property tax increase that was never talked about.

All, *all*, in the face record revenues and with money literally pouring into the state treasury at a record level.

It's like watching a scary movie where the teenager goes outside to investigate a strange noise. You know he's going to do it, but when he's does, you still can't believe he actually went through with it. That's what it was like watching the majority party blow through the expenditure limitation law.

Watching Iowa's Agenda, I heard one Democrat say the following:

"We in the majority seek the assistance of the minority to help the majority party recognize when maybe there are things we've not seen and bring these issues forward, and hopefully we can influence enough people that our funding doesn't get out of control."

Well, Republicans have been holding up warning signs for the last *two years* – and you've run through them all. This time, the bridge really *is* out – we are facing \$500 million in built-in expenditures with *no new funding*, all in a time of economic uncertainty.

I know how Democrats bristle at the charge of being elitists. Nobody likes to be put into *that* club. I know those of you in the majority party certainly don't think you belong in that category.

Well, if that is truly the case, then explain the following:

You gave Microsoft a big tax break, but didn't extend the same to smaller Iowa-based technology companies.

You've been openly hostile to Iowa's homeschoolers, while literally dumping millions of new dollars into public schools.

You thought it was okay to mandate gym class, but it wasn't okay to mandate the Pledge of Allegiance.

You tried to force Iowans to pay union dues, regardless if they belong to union or not.

You let big casinos drive through a loophole in the smoking ban, but you stuck it to small town restaurants and bars.

You found money for an antique organ, but you couldn't find the money for the deaf and blind children.

You gave Principal a nice \$750,000 gift for the riverwalk here in Des Moines, but you couldn't find any money to help fix old buildings on main street.

You gave a big pay raise to the governor, but you raised taxes on hundreds of thousands of working class Iowans who just want to be left alone to live their lives and make their own way.

And you know, I think that is the enduring theme of this legislature. A legislature which has continually told Iowans that we're going to do this for your own good – whether you like it or not, because government knows best.

Why? *Why?*

This legislature has made a deliberate effort to limit liberties in the name of what some of you think is the public good. Now I'm about to do something that I didn't think I'd ever do. I'm going to quote Hillary Clinton. I apologize to the Obama supporters but I found this quote from Senator Clinton and I think it perfectly describes the attitude of this General Assembly for the last two years.

In 2004 Senator Clinton said, "We're going to take things away from you on behalf of the common good."

The pages who read Atlas Shrugged know what a looter sounds like when they've heard one. Well, that's a looter, and this chamber is full of them.

Republicans came in here looking to find bi-partisan consensus on things like education standards for kids, making healthcare more portable, and finding relief for the property tax payer. We worked with you where you let us. When we disagreed with you, we did it out in the open. But when the going got tough, you dropped the bi-partisan compromise in favor of political expedience behind closed doors.

You raised taxes, increased government spending, limited the ability of people to make informed decisions about their own behavior. All, I assume, in the name of helping those who can't help themselves. All in the name of the little guy, of the forgotten man.

Ladies and Gentleman, the forgotten man the last two sessions was the taxpayer.

REMARKS BY MAJORITY LEADER MCCARTHY

McCarthy of Polk offered the following remarks:

Mr. Speaker, ladies and gentlemen of the House. I will try to be brief because I know it is very late.

First, I just want to say a few thank you's. First to you, Speaker Murphy. It has been good to be a part of your team. You are a good, loyal friend. You wear your heart on your sleeve. I think you're an honest person. It has been a pleasure to serve with you.

Secondly, I want to thank my staff: Mark Langgin and Brian Meyer. And, I also want to thank Bonnie, you've been a great Page, I hope it has been a good experience for you.

I would like to thank all the staff in the Speakers office. They have been fantastic to work with and also Chief Clerk Mark Brandsgard and all of your staff, as well as Paulee Lipsman and the caucus staff. Thank you all very much for all your work.

It may surprise you to believe that I have a somewhat different take on this legislative session. Perhaps slightly more up beat. I think this has been an historic session. And I think these last two years will go down as one of the best general assemblies ever, in the history of Iowa. Let me tell you why I think that is the case.

When House Democrats first came into power, about a year and a half ago, we said that we were going to try to work in a bi-partisan way and we were going to be a party that would govern from the mainstream, not the extreme. I think we have done just that - and middle class families are better off now as a result.

Because we have made, for the first time in a long time, some historic commitments to people. And we have maintained those commitments.

Unlike past legislatures that have abandoned those commitments when the belt needs to be tightened...and we did have a tightened belt budget here this year, but we maintained the commitments we started to education, 42nd in the country to 25th in teacher pay. Lowest tuition increase of the public universities in a quarter of a century.

Health care, 17,000 more Iowans have health care than last year, 10,000 of them children.

And the start of a major commitment to a renewable energy, last year we became, for the first time, a net exporter in energy. We exported more energy than we imported

in foreign oil. We are on our way over the next quarter century to be energy independent. We have the largest surplus in our bank accounts in the history of Iowa. That's an investment in people.

We have thought outside of the box and implemented programs that started last year to create jobs. Through economic development programs we have companies such as Sensor in Elkader, Iowa that look to hire, moving forward hundreds of employees creating accelerometers - motion detectors.

Thanks to the work of Representative Mark Davitt and others the film bill and now Grasshorse Entertainment is moving their entire national headquarters from California to Iowa. We have wind turbine companies coming here. We will have high wage, high tech jobs moving forward because of our economic development strategies and our focus on renewable energy technologies. We did those in a bipartisan way.

During this session, we also passed historic public health legislation. 99.9 per cent of all public health places will be smoke free. That has been a cultural shift and I said this before, I remember coming in for a tour of the Capitol as a child and everyone in the House smoked. Everyone in the Senate smoked, and everyone in the rotunda smoked. And I remember looking up to see that wonderful dome and I really couldn't because it was full of smoke. Who would believe that three decades later that would seem strange to look back and have that sort of environment. With the culture changing regarding smoke free places as well. I believe looking back a few years from now this will be the year that one of the single biggest public health measures ever passed in the history of Iowa. We will wonder why we ever waited this long. Both Democrats and Republican who helped pass that historic piece of legislation. Lives will be saved as a result.

The beginning of this legislative session seven Republicans and seven Democrats co-sponsored SILO legislation for school infrastructure and property tax equity. The SILO bill brings needed help to rural Iowa and will generate nearly one billion dollars in property tax relief moving forward. Thank you to the representatives that helped make that pass and to the seventeen republicans that voted yes on final passage. Representatives Mike Reasoner and Roger Wendt, you worked tirelessly with Representative Kaufmann and Representative Dolecheck to pass this historic legislation. It will create equity and funding for our students throughout the state. Thank you very much.

I would also like to thank Representatives Tomenga, Representative Hoffman, Representative Upmeyer for their work with Representative Foege, Representative Abdul-Samad, Representative Heddens and Representative Smith on health care reform issues. Because of their bi-partisan work, Iowa is on the path toward universal, affordable health care and coverage for all Iowa children.

I am going to end there because it is getting late. I just want to say that it has been a pleasure to serve with all of you. I have great friends here on both sides of the isle. I think we do work in a bi-partisan way. In the end the majority party does have to govern, and we have to do the heavy lifting and I know because we have been on the other side of that majority party status, been in the minority and know what that is like as well. But, we do bi-partisan work and when we do it I think we are better for it. I think Iowa is a better place for the work we did this year. So, it has been a

pleasure serving will all of you and it has been an honor to serve as majority leader of this great house. Thank you.

REMARKS BY SPEAKER MURPHY

Speaker Murphy offered the following remarks:

I want to thank everybody in this chamber for the opportunity to be the Speaker of the House. I want to thank all of the House members, the Democrats and Republicans. This is a very unique job. Representative Rants said to me when you get into leadership, especially when you become Speaker, there are things that are unique that you don't know until you're in the job. The one thing I will guarantee and tell all of you though is I do sleep well every night because I am exhausted every night I go home, especially tonight.

I also want to thank Governor Culver and Lt. Governor Judge. They have been excellent to work with both last year and this year. I think the relationship that we have developed has made it possible to get a lot of legislation done. They have worked very much with us in as much of a bi-partisan fashion as possible so that we could move the state forward.

I also want to thank the Senate. Yes, there is a House member thanking the Senate. Senator Mike Gronstal has been an excellent person to work with and the Senators in the Senate have been very respectful of us in trying to work to move legislation forward and it has been very nice to work with them.

I would also like to mention Representative McCarthy as well. I feel like we have had an excellent relationship over the last year and a half to do the things that we need to and I appreciate all the support and backing that you have given me over the last eighteen months. I would not have been able to get much done without your help. But then I also need to talk about the people here in the well who make everything go so well and so easy. They are working diligently here all the time when we are doing amendments and bills and nobody ever notices the team that Mark has put together that does the excellent job.

I wouldn't be able to say enough thank you's to the people in my office this year. Especially Carolyn, Ed, Dean, and Sabrina. They have done an excellent job of doing everything that needs to be done and getting me in the places that I need to be and getting me to say and do the things that I need to get through the day.

I also would like to thank all the Pages this year. This has been an excellent class, as Representative Rants has mentioned. They have been a good group, they seem to work well together and when I have had the few opportunities to talk to many of them it is obvious that we have a very successful class. Hopefully, you have learned some good things from us because I think a number of you will someday be in this chamber or somewhere else leading people in many different walks of life. And when I hear how well many of you are doing in school I see a bright future for Iowa.

I would like to talk a little bit lastly about the LSA staff. They work quietly around here. They fix all of our mistakes. When we make a mistake, they come up quietly and fix it for us and nobody ever knows the difference. Denny Prouty has done an excellent job with the LSA staff making sure that we get everything that we need. The only time you see them slow down is when we get in a rush to adjourn, though we actually have to wait for amendments and bills. It is a very professional staff; they really do make all of us look good and we should feel very proud of the job they do for the State of Iowa.

I also want to thank our caucus staff. I am not going to mention names because I know I won't remember all of them off the top of my head. But, I do appreciate and the caucus does appreciate everything that you do for us. I will argue with Representative Rants and debate him on the issue of who has the best staff. But, I think that we have the best staff.

I would like to talk a little bit about our legislative session and some of the things we talked about coming into it. We feel very good about what we have done both last year and this year. We talked about a plan for prosperity. Focusing on education from pre-school through college. We focused on making Iowa a green state, renewable fuels, creating the Power Fund, rewarding hard work. We added 16 points to that plan and we came in with the goal of trying to implement all 16 of them. And we felt like we did a very good job by implementing 15 of those 16 and continuing to fund those programs this year. We also feel very proud of the job we've done managing the budget. We have a balanced budget that funds the programs that we feel supports middle class families and we have also filled all of our cash reserves to record levels.

We have even done a good job of putting money back into the Senior Living Trust Fund. But along with that we also address the needs of Iowans. Needless to say we all got the opportunity to drive back and forth to Des Moines here through one of the roughest winters that I can remember in the last twenty or thirty years. We were able to pass a TIME-21 bill that will put one hundred and thirty eight million dollars per year into that fund by the year 2012. We also addressed here today some of our aging prison needs so that we can make sure that we improve public safety.

We did a lot of bi-partisan things too. Representative McCarthy talked about that. The SILO bill was probably an excellent example of where Democrats and Republicans worked together. Not all Democrats were for it and not all Republicans were for it. But we made the decision to move forward in trying to address infrastructure needs for our schools throughout the state regardless of whether they were urban or rural. We also put tax relief in that package. We might not have ended up doing our sixteen points of our plan for prosperity, but we ended up doing property tax relief in that SILO bill so that we could address some property tax equity issues for education.

Along with that, this year the federal government passed a federal stimulus package and we made sure that Iowans got to keep whatever came to this state and that there wouldn't be any taxes from the State of Iowa on the money that they would collect. And hopefully, we will collect it soon.

We focused on education again this year. Focusing on preschool; focusing on K-12 education; focusing on making sure that we have the best education in the state and that we rewarded our teachers' hard work.

Along with that we also looked at a number of other things, making Iowa a healthy place. As Representative McCarthy knows, we talked about what we could do to improve people's health and doing the statewide smoking ban protects 99 per cent of all Iowa workers from second hand smoke.

We also passed a bill today that will help insure that within the next three years the forty-four thousand kids that currently don't have health insurance in this state will have access to health insurance. This might make Iowa the first state in the nation to say that we really value our kids in health and education.

We also passed legislation this year on HPV, making sure that we help find a link and cure for cancer and we passed a healthy kids act today as well. To help fight childhood obesity and to promote wellness.

Again, we continue to work at making Iowa a green state. Doing the second year of the Power Fund, passing the surface water protection act. We also took the REAP program and got it up to eighteen million dollars. That is the highest level that REAP has been at in 16 years. And, hopefully, within the next two years we will be fully funding REAP at twenty-million dollars a year.

We also focused on what we could do to create economic opportunities for Iowans. We established a new River Enhancement Community Attraction and Tourism program, or RECAT as it is known. We also made sure that we funded our workforce development centers. So if you are a person looking for a job, it doesn't matter if you are in Kossuth County or in Dubuque. You know that a workforce development center is near and that they can help you identify a job so that you can keep working.

We also focused on some tax breaks for small businesses. When we did the federal stimulus package, nine-hundred thousand dollars was targeted toward small business. And we established a four-hundred and fifty thousand dollar microenterprise development program.

But, most importantly, I think back to a year ago, when I gave my closing night address here. I talked about Representative Ray Zirkelbach who wasn't here. What we did to make Iowa a green state is to really focus on what we can do to cure some of our country's ills by cutting down our dependency on foreign oil. And one of the things that we did this year with him returning and chairing the Veterans Affairs Committee was put a huge focus on Iowa's veterans. Making sure that their jobs are protected when they come back from the National Guard and from reserve duty. We found a three-million dollar annual funding source for the Veterans Trust Fund. This is the first time that we have had guaranteed funding going into the Veteran's Trust Fund and we assured that every county will have a veteran's affairs office to address their needs.

I feel like we have tried to work in a bi-partisan fashion and to put Iowans' needs first. It is not a case of Democrats winning or Republicans winning. It is about Iowa winning and putting Iowans first. I feel like we have focused on an agenda that does that and I hope that the work that we have done last year and this year will be recognized in the future. As Representative McCarthy pointed out, we will continue to build upon the quality that we have in this state which is based on Iowa's strong education system, having health care accessible to as many as possible, and guaranteeing a vital rural economy and helping it grow by making Iowa a green state.

But, I have spoken enough. It is time for us to get back to our families. It is time for us to focus on other parts of our lives and it is time for us to see if the work we did is the right kind of work. So, again, I thank you for giving me this opportunity to be the Speaker of the House and it has been a wonderful opportunity. But at the same time, I want to go home and make sure I get some windows in for my wife that I told her I would do last December, which are still not done.

I thank you all and may God bless all of you and have a good summer and fall.

Thank you

GOVERNOR'S VETO MESSAGES

A copy of the following communication was received and placed on file:

May 15, 2008

The Honorable Michael Mauro
Secretary of State
State Capitol Building
L O C A L

Dear Mr. Secretary:

I hereby disapprove and transmit to you **House File 2645**, an Act concerning public employee collective bargaining and teacher discipline, without my signature, in accordance with Article III, section 16 of the Constitution of the State of Iowa.

On January 15, 2008, when I delivered my Condition of the State address, I urged legislators to consider a number of reforms aimed at making Iowa a better place for its workers and managers. Included in the proposals I made at that time was the suggestion that members of the General Assembly openly debate labor-management issues. I said:

[F]or the benefit of working Iowans, I challenge you to try to find consensus, and to not be afraid to debate difficult issues, like, prevailing wage, independent contractor reform, choice of doctor, fair share, and the right to bargain matters like employee discipline and discharge.

This Administration stands ready to revise, amend and improve Iowa's labor laws and strongly supports the principles of collective bargaining. When we do so, however, we must exert care to assure that such changes are achieved in ways that use normal legislative processes, fully reflecting the gravity and importance of the issues under consideration, and in ways that assure that the citizens who grant us the privilege of holding public office have every opportunity to weigh-in and have their voices heard.

House File 2645 is a bill that does not simply modify, but, rather, completely re-writes, both our public sector collective bargaining law under Iowa Code chapter 20, and the teacher discipline and discharge provisions under Iowa Code chapter 279.

In 1973, after years of statewide effort and public debate, and after countless public hearings convened by the House and Senate here in the capitol, a bill for a law known as the Iowa Public Employment Relations Act, now chapter 20 of the Iowa Code, was brought to the floor of the general assembly for a debate that would extend over a two-year period. In the second session, the Act came up for consideration as a special order of business. The debate lasted for twelve days. One hundred ninety-eight amendments were offered, fifty-eight of which were adopted in whole or in part.

In contrast to the process undertaken thirty years ago, the core principles that normally guide the legislative process – fair advance notice to the public of what laws we intend to change or create, citizen access to the lawmaking process, and minimizing taxpayer uncertainty as to economic effects of a law by drafting laws with clarity – were not sufficiently respected in the case of House File 2645.

The result is a poorly written bill with sometimes-ambiguous language that raises troubling, unanswered questions and unresolved uncertainties for management, labor and taxpayers alike. At the heart of the ambiguities is the “open scope” language of the bill, which does not define what is, and what is not, a part of the “other terms and conditions not already excluded,” that could be made subject to mandatory bargaining. As a result, if House File 2645 were to become law, the reasonably settled expectations of thirty years of practice under existing law would be placed at risk. The hybrid law—unlike that of any other state in the nation—consisting of a substantially lengthened “laundry list” of Iowa’s statutorily-based mandatory bargaining issues, combined with “open scope” language borrowed from the federal National Labor Relations Act, could result in an almost unlimited reach of mandatory bargaining topics, all of which could be made subject to binding arbitration upon impasse and which could potentially result in untold and unintended obligations resulting in substantial tax increases.

Similarly, the proposed changes to chapter 279 would make Iowa’s education law an outlier in a number of significant ways. No other state has abolished the probationary, “at-will” period of new teacher employment. No other state assigns teacher termination and disciplinary decisions to a third-party adjudicator, and then denies the right of the parties to appeal and judicial review. No other area of Iowa administrative law so severely limits the use of hearsay evidence in agency proceedings as is provided in House File 2645.

Iowans from all walks of life have registered their concerns about House File 2645, and we have listened to those concerns. In addition to the nearly 6,000 citizens who have offered their opinions in e-mails, letters and telephone calls, the Lt. Governor and

I, along with our senior staff members, have collectively engaged in more than thirty meetings with individuals representing labor and management and elected officials from all public sectors: state, county and city governments; school districts and community colleges; municipal utilities and rural water districts. Our office has sought and received the counsel of some of Iowa's most experienced and respected public sector collective bargaining negotiators—from both the management and the public employee sides of the table.

That Iowans are concerned about the particular approach to change that House File 2645 represents does not mean that present laws should not be reformed. Indeed, in the course of our intensive review of this bill with stakeholders and citizens, we have become more convinced than ever before that, after full public debate and discussion, modifications to existing law under chapter 20 should be seriously considered to include additional areas of mandatory bargaining, such as discipline and discharge issues and matters related to worker safety.

Iowa's public sector labor law now comprises a rich, complex fabric, woven of many threads, both visible and invisible, that reach from the dome of the state capitol to every corner of the state. A sudden pull on a single thread of any fabric, if one is not careful, may render more destruction to it than a tailor ever intended. So, too, care must be taken not to inflict unintended adverse harms in a rush to modify complex laws and practices.

After this careful review of the bill, we understand what is right, and what is wrong, with it. Some people had urged this Administration to stitch together a compromise agreement in the closing days of the legislative session. We determined, however, that there was no common thread of sufficient strength, no shared understanding of sufficient breadth, to patch this bill together in a new way that would satisfy stakeholders and protect taxpayers, alike.

Further, we were determined not to replace one flawed, rushed legislative process that largely excluded the public with another, essentially closed, negotiation process, in an effort to draft yet another substitute bill. Iowa taxpayers would understandably have been wary of any sudden compromise that appeared to have been merely the result of political expediency rather than the end product of a careful, principled, deliberative legislative review conducted in the full light of day.

For all these reasons, I hereby disapprove and transmit to you, without my signature, **House File 2645**, in accordance with Article III, Section 16, of the Constitution of the State of Iowa.

Sincerely,
Chester J. Culver

Dear Mr. Secretary:

I hereby transmit **Senate File 2364**, an Act related to the emancipation of a minor. Iowa is one of several states without a statutory emancipation process, although particular sections of the Code and common law provide for some aspects of emancipation. While I recognize the need to consider adding a statutory emancipation process to the Iowa Code, and I commend the legislature for addressing this important issue, I am unable to approve Senate File 2364.

Accordingly, I hereby disapprove and transmit to you, without my signature, Senate File 2364, an Act related to the emancipation of a minor, in accordance with Article III, Section 16, of the Constitution of the State of Iowa.

Senate File 2364 places the emancipation provisions in a little-used division of the juvenile justice chapter of the Code—Family in Need of Assistance Proceedings (FINA). FINA allows parents and children whose conflicts with each other have led to a breakdown of the familial relationship to seek assistance from the juvenile court. To allow emancipation of a minor in the context of a FINA proceeding is inconsistent with the intent of FINA proceedings. This point is illustrated by the fact that in order for an emancipation order to be entered, the court would have to make wholly inconsistent findings. To adjudicate the family to be a family in need of assistance, the court must find that there has been a breakdown in the family relationship, the family has sought services to maintain and improve the family relationship, and the court has at its disposal services for this purpose. However, to enter an emancipation order, the court must find “by clear and convincing evidence, that no remedy is available that would result in strengthening or maintaining the familial relationship.”

Perhaps the most troubling aspect of Senate File 2364 is the lack of criteria for the court to consider when making an emancipation decision. For example, the court need not determine that the minor is financially self-sufficient or able to maintain education or employment. The bill does not require the court to find that the minor clearly understands the risks and consequences of emancipation or even that emancipation is in the best interest of the minor. As a result, Senate File 2364 would allow parents in conflict with their minor child to seek emancipation of the child in order to evade financial responsibility for the child. Once an emancipation order is entered, the court has no continuing jurisdiction; therefore, there is no apparent remedy if the emancipated minor is unable to support himself or herself.

For the above reasons, I hereby respectfully disapprove **Senate File 2364**.

Sincerely,
Chester J. Culver

Dear Mr. Secretary:

I hereby transmit **House File 2660**, an Act relating to and making appropriations to the justice system. House File 2660 is approved on this date, with the exception noted below, which I hereby disapprove.

I am unable to approve Section 21 in its entirety. This section requires payment of a filing fee for all persons seeking post-conviction relief under Code Chapter 822.

Post-conviction relief actions may be brought based on various legal grounds, including challenges to convictions with constitutional and statutory implications and challenges to prison discipline, which may be less substantial. By requiring a filing fee in every case, this legislation could eliminate a small number of potentially frivolous lawsuits challenging, for instance, prison discipline, but would have a chilling effect on those indigent persons unjustly convicted whose only recourse may be post-conviction relief.

The potential diminishment such persons' fundamental right of access to our courts is of special concern to this Administration, in light of the disturbing fact that our State is now stung with an unfortunate reputation for incarcerating a higher percentage of our minority citizens than any other state in our nation.

While it may be true that most people who file for post-conviction relief are incarcerated, are most likely indigent and may be able to have the filing fees waived, it is also the case that obtaining such a waiver comes with a cost both in court-time, necessary to consider the application to proceed without paying the filing fee, and in indigent defense costs, arising from fees payable to a court-appointed attorney for preparing the papers to obtain the filing fee waiver.

While this Administration is intolerant of frivolous lawsuits, it is also of the belief that the serious costs and consequences in denying or inhibiting court access to those who are wrongfully convicted or incarcerated far out-weigh the benefits derived from any potential reduction in the number of frivolous law suits that this provision may well have been aimed to achieve.

For the above reasons, I respectfully disapprove the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in **House File 2660** are hereby approved this date.

Sincerely,
Chester J. Culver

Dear Mr. Secretary:

I hereby transmit **House File 2679**, an Act relating to the funding of, the operation of, and appropriation of moneys to the college student aid commission, the department for the blind, the department of education, and the state board of regents, providing for related matters and including effective date provisions. House File 2679 is approved on this date, with the exception noted below, which I hereby disapprove.

I am unable to approve the designated portion of section 5, subsection 1, paragraph b, of this bill. This paragraph specifies that the Department of Education will allocate 10 full-time equivalent positions to support management of the community college management information system, expansion of the State Board of Education's model core curriculum, development and implementation of strategic educational goals, collection and dissemination of resources related to the human growth and development curriculum, district sharing purposes, and the senior year plus program study.

This language was added to last year's appropriations bill for the Department of Education to correspond with the addition of new staff to perform the above-referenced functions. The Department of Education is currently performing all of the functions identified in the bill and understands that they are responsible to provide staff to support these purposes within the full-time equivalent limit assigned by the legislature. Therefore, this language is unnecessary, and, consistent with efforts to eliminate extraneous bill language, I am unable to approve it.

For the above reasons, I respectfully disapprove the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in **House File 2679** are hereby approved this date.

Dear Mr. Secretary:

I hereby transmit **House File 2700**, an Act relating to state and local finances by providing for funding of property tax credits and reimbursements, by making, increasing and reducing appropriations, providing for salaries and compensation of state employees, providing for matters relating to tax credits, providing for fees and penalties, and providing for properly related matters, and including effective and retroactive applicability date provisions. House File 2700 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve Section 12 of House File 2700 in its entirety. This language increases the annual salary rate of the elective executive officials of the State, including the governor, lieutenant governor, secretary of agriculture, attorney general, auditor of state, secretary of state, and treasurer of state. As Iowans struggle to cope with rising costs and economic uncertainties, this is not the time to increase the salaries of the elected statewide officers of the State.

I am unable to approve Section 44 of House File 2700 in its entirety because this language provides an opportunity for only five active members of the Peace Officers' Retirement System (PORS) to receive undeserved special treatment that will be costly to Iowa taxpayers. Section 44 provides this small group of individuals the opportunity to purchase service for years of employment while at a city fire or police department prior to July 1, 1992. Those who would benefit from this section and Section 98 (see below) of House File 2700 had an opportunity to purchase this service from July 1, 2006 to July 1, 2007 and did not take advantage of this opportunity. In one case, an individual would receive an estimated \$33,000 annual increase in benefits. Overall, the unearned benefits for these five individuals could be as high as \$1.8 million. This action could establish a worrisome precedent for creating special carve-outs from our pension funds for small groups of employees.

I am unable to approve Section 45 of House File 2700 in its entirety because the section would reduce professional standards of the recently established statewide electrician licensing program. This language would require the Electrical Examining Board to adopt rules to create a specially designated license for those individuals who held a locally issued electrician license obtained by passing an examination not approved by the Board for purposes of granting a state Class A license. I am concerned that grandfathering in more electricians who cannot meet the established Class A license requirements creates a public safety concern. I encourage the Electrical Examining Board to take steps to make the examination process more accessible at the local level.

I am unable to approve the designated item of the last sentence in Section 49 of House File 2700. This proposed language requires that five members of the Hospital Licensing Board shall possess recognized ability in the field of hospital administration and one member shall represent the general public. We need more public

representation on the Hospital Licensing Board in order to reduce the inherent conflict of interest that members representing the hospital industry face and in order to provide greater voice for the consumers regarding licensing rules that directly affect hospital care.

I am unable to approve Section 50 of this bill in its entirety because state law has no jurisdiction over Federal regulatory actions. This section imposes timeline and procedural requirements that are in conflict with the Federal survey and certification processes for health care facilities. Even if this language only affected state requirements, the proposed timelines would have a significant fiscal impact on the Department of Inspections and Appeals and are unreasonable.

I am unable to approve Section 56 of House File 2700 in its entirety because the proposed timelines are unreasonable. This language would reduce the timeframe for reporting findings to an assisted living program from the current 20 working days to 10 working days. It would run counter to unannounced evaluations and make it impossible to ensure accurate compliance evaluations, which help protect the welfare of Iowans living in assisted living facilities.

I am unable to approve Section 98 of House File 2700 in its entirety. This section, which is related to the above-referenced Section 44, creates an unlimited appropriation from the General Fund to credit PORS for the amount of lost contributions to the Municipal System plus interest for this select group of individuals. As I have item vetoed Section 44, this section is no longer necessary.

I am unable to approve Sections 120 and 126 in their entirety. These sections provide corrective language to House File 2645, the collective bargaining bill. Since I have already vetoed House File 2645, these sections are no longer necessary.

For the above reasons, I respectfully disapprove the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in **House File 2700** are hereby approved this date.

Sincerely,
Chester J. Culver

Dear Mr. Secretary:

I hereby transmit **Senate File 2400**, an Act relating to and making appropriations to certain state departments, agencies, funds, and certain other entities, providing for regulatory authority, and other properly related matters and providing an effective and retroactive applicability date. Senate File 2400 is approved on this date, with the exception noted below, which I hereby disapprove.

I am unable to approve the designated portion of Section 15, unnumbered paragraph 5, in its entirety. This paragraph directs the Department of Management to include in its budget request funding for the salaries of the director and assistant director of the Tim Shields Center for Governing Excellence in Iowa and also requires the Governor to include such funding in his budget recommendation for Fiscal Year 2010. While I strongly support efforts to improve innovation in our state and local governments, this language requires an Executive Branch department to provide funding by a pass-through appropriation for yet-to-be-determined non-Executive Branch positions. Further, the proposed language is premature until the Local Government Innovation Commission determines where the Tim Shields Center for Governing Excellence in Iowa will be located. My understanding is that the Commission will be asking for proposals this fall and making a recommendation on awarding a contract and funding later this calendar year. I look forward to reviewing the work of the Local Government Innovation Commission and will seriously consider any proposals that are made.

For the above reasons, I respectfully disapprove the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in **Senate File 2400** are hereby approved this date.

Dear Mr. Secretary:

I hereby transmit **Senate File 2417**, an Act relating to and making appropriations from the Healthy Iowans Tobacco Trust and the Tobacco Settlement Trust Fund and providing for the repeal of the Healthy Iowans Tobacco Trust, and providing effective dates. Senate File 2417 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve item designated as Section 1, subsection 2, paragraph a, subparagraph (4) in its entirety. This designated language continues general language on substance abuse treatment expenditures. These directives are already in place, and, therefore, this language is unnecessary.

Finally, I am unable to approve item designated as Section 1, subsection 2, paragraph b, subparagraphs (1) through (6) in their entirety. This designated language continues general language on substance abuse treatment expenditures. These directives are in place, and, therefore, this annual report language is unnecessary.

These actions of disapproval are consistent with efforts to remove extraneous bill language.

For the above reasons, I respectfully disapprove the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in **Senate File 2417** are hereby approved this date.

Dear Mr. Secretary:

I hereby transmit **Senate File 2432**, an Act relating to and making appropriations to state departments and agencies from the rebuild Iowa infrastructure fund, the endowment for Iowa's health restricted capitals fund, the tax-exempt bond proceeds restricted capital funds account, the technology reinvestment fund, the FY 2009 tax-exempt bond proceeds restricted capital funds account, the environment first fund, and the FY 2009 prison bond fund, and related matters, and providing effective and retroactive applicability date provisions. Senate File 2432 is approved on this date, with the exception noted below, which I hereby disapprove.

I am unable to approve section 35 of this bill in its entirety. This section changes the due date of the Public Transit Funding Study report called for in Senate File 2420 that the Department of Transportation must submit to the Governor and General Assembly from December 1, 2009 to December 31, 2008. The shortened deadline does not provide adequate time to conduct an effective and comprehensive study that will assure the provision of useful data and meaningful recommendations. This disapproval action will provide the Department of Transportation with adequate time to complete this statewide study by maintaining the original deadline of December 1, 2009.

For the above reasons, I respectfully disapprove the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in **Senate File 2432** are hereby approved this date.
