1 *Whereas*, because of the construction of the Red Rock and

3 adverse effects in the form of severe erosion and damage which
4 never occurred before construction of such reservoirs; and

10 bridges, school bus routes, and have left debris which causes
11 hardship in regard to the use of land; and
12 *Whereas*, while the use of such reservoirs has enhanced
13 recreational activities, the effect on the economy of the areas
14 located in proximity to the reservoirs has been adverse; *Now*
15 *Therefore*,
16 *Be It Resolved by the House of Representatives, the Senate*
17 *Concurring*, That the legislative council is authorized to con-
18 duct a study of the effects of the construction of the Red Rock

20 state of Iowa with emphasis upon the operation of the reservoirs,
21 the pool level, damage to property and the restitution for such
22 damage, the control of erosion, the effect on agricultural and

SENATE CONCURRENT RESOLUTION 114

By Blouin

1 *Whereas*, transportation by bicycle is nonpolluting and
2 would, if encouraged, serve to reduce the tremendous demand
3 on scarce fuels for public transportation; and

4 *Whereas*, bicycle enthusiasts have not been given due con-
5 sideration in current planning for the transportation needs
6 of this state and are constantly threatened, from a safety
7 standpoint, by motor vehicle traffic and hazardous roads; and

8 *Whereas*, Iowa law neither provides sufficient guidance to
9 motorists and bicyclists in the area of safety nor encourages
10 uniformity in the operation of bicycles on public highways;

11 *Now Therefore*,

12 *Be It Resolved by the Senate, the House Concurring*, That
13 the legislative council be authorized to create a study com-
14 mittee consisting of legislative members of both political
15 parties and both houses of the General Assembly for the purpose
16 of determining the feasibility of constructing and maintaining
17 an intercity bikeway network, including the establishment of
18 bikeways within the communities themselves and for the purpose
19 of studying the possibilities for uniform regulation of bicycle
20 transportation; and

21 *Be It Further Resolved*, That the committee shall make a
22 final report, including necessary bill drafts or other pro-
23 posals to implement its recommendations, to the legislative
24 council. Copies of the report approved by the legislative
25 council shall be submitted to the General Assembly meeting
26 in the year 1975.

MR. PRESIDENT: Your committee appointed to investigate the character and qualifications of Mrs. Jolly Davidson of Clarinda, Page County, Iowa, for appointment as a member of the State Board of Public Instruction under the provisions of Sections 257.1, 257.2, and 257.3, 1973 Code of Iowa, for the regular six-year term ending January 2, 1980, begs leave to report that it has made investigation and recommends that the appointment be confirmed.

LOWELL L. JUNKINS

ANNOUNCEMENT BY THE PRESIDENT OF THE SENATE

President Neu announced the reassignment of Senate File 1312 from the calendar to the committee on appropriations, under Senate Rule 37.

EXPLANATION OF VOTE

MR. PRESIDENT: I was listed as absent on the Call of the Senate. I was in the capitol at the time, but had stepped out momentarily to explain to the Fayette and Winneshiek Farm Bureau visitors that I would be unable to visit with them over lunch as I had promised because of the continuing debate during the noon hour.

On House File 308 my "no" vote was the result of coming in from the lobby and not knowing what the vote was called for, thus employing the philosophy of when in doubt vote "no".

H. L. HEYING

Senator Briles submitted the following reports:

**REPORT OF UNIFORM COMMERCIAL
CODE STUDY COMMITTEE**

Senator Willits asked and received unanimous consent that the following Report of the Uniform Commercial Code Study Committee submitted to the Legislative Council and the members of the 1974 Regular Session of the Sixty-fifth General Assembly be recorded in the Senate Journal as evidence of legislative intent on Senate File 1315:

**FINAL REPORT OF THE
UNIFORM COMMERCIAL CODE STUDY COMMITTEE**

House Concurrent Resolution 72, introduced during the First Session of the Sixty-fifth General Assembly, requested that the Iowa Legislative Council establish a study of the 1972 Official Amendments to the Uniform Commercial Code, including those 1966 Official Amendments which were republished in 1972, as well as the 1965 Iowa nonuniform variations from the Official Text of the Uniform Commercial Code. The Legislative Council created a seven-member Study Committee and appointed the following legislative members:

Representative David M. Stanley, Chairman
Senator Earl M. Willits, Vice Chairman
Senator E. Kevin Kelly
Senator Ralph W. Potter
Representative William R. Ferguson
Representative Alvin V. Miller
Representative Stephen J. Rapp

Under the Legislative Council's nonlegislative member policy, Professor Richard F. Dole, Jr., of the University of Iowa College of Law of Iowa City, and Mr. Edgar H. Hansell, Attorney, of Des Moines, were approved as nonlegislative members of the Study Committee, and student assistance under the supervision of Professor Dole also was approved. University of Iowa law students William Kovacs and Peter Toft rendered valuable assistance to the Study Committee pursuant to this authorization.

Representative David M. Stanley was designated Temporary Chairman by the Legislative Council and was elected Chairman by the Study Committee. Senator Earl M. Willits was elected Vice Chairman. The Study Committee also voted to invite interested citizens and officials to attend its meetings as informal consultants to the Committee. The individuals who accepted this invitation to participate in the deliberations of the Committee included:

Mr. John McCabe, Legislative Director, National Conference of Commissioners on Uniform State Laws
Mr. Glenn Clark, Iowa Superintendent of Securities
Mr. Gifford Strand, U.C.C. Division, Office of the Iowa Secretary of State
Ms. Ramona Williams, Black Hawk County Recorder

Mr. Allen Buchanan, Iowa Land Title Association
Mr. John Burrows, Iowa Trust Association
Mr. Wendell Gibson, Iowa Bankers Association
Mr. Al Jordan, Iowa Credit Union League
Mr. Gary Plank, Iowa Credit Union League
Mr. Melvin Struthers, Mor-America Corporation
Ms. Betty Talkington, Iowa Consumers League
Mr. Ed Tesdell, Iowa Savings and Loan Association
Ms. Jeanne Tester, Iowa Consumers League

At its first meeting the Study Committee endorsed the goal of fostering simplicity and clarity in the law, and adopted a rebuttable presumption in favor of conforming the Iowa Uniform Commercial Code to the 1972 Official Text and Comments of the Uniform Commercial Code (U.C.C.). The Committee also noted that both uniform 1972 section 9-203(4) and present Iowa Code section 554.9203(2) invite the General Assembly to subordinate the general U.C.C. Article 9 rules pertaining to security interests in personal property and fixtures to specialized consumer protection legislation. Thus, if the General Assembly should enact consumer protection legislation which restricts the rights of Article 9 secured parties, as the proposed Uniform Consumer Credit Code does, the General Assembly should correlate this consumer protection legislation with both the present text of Article 9 and the revisions in Article 9 proposed by the U.C.C. Study Committee. However, the 1966 and 1972 U.C.C. Amendments do not deal whatsoever with the legal rate of interest and there was perceived to be no inconsistency or general overlap between the subject matter of the U.C.C. Study and the subject matter of the Regulation of Consumer Credit Charges Study which would preclude either Study Committee from completing a fruitful, independent evaluation of its topic or which would preclude the General Assembly from enacting the recommendations of either or both Study Committees.

On the basis of six day-long meetings, the U.C.C. Study Committee finds that:

1. Iowa is one of 49 states which has adopted the 1962 Official Text and Comments of the Uniform Commercial Code, a comprehensive statute containing nine substantive articles which establish guidelines for most kinds of private commercial transactions.
2. The 1962 Official Text of the Uniform Commercial Code was drafted and promulgated by the National Conference of Commissioners on Uniform State Laws following years of study and evaluation, and enacted by the Iowa General Assembly in 1965.
3. In 1972, following evaluation of 10 years of experience under the 1962 Official Text, the Uniform Commissioners promulgated the 1972 Official Amendments to the Uniform Commercial Code, which include several Official Amendments initially approved in 1966.
4. In the first year since their promulgation, the 1972 Official Amendments have been enacted in at least Arkansas, Illinois, Nevada, North Dakota, Oregon, Texas, and Virginia, and seem likely to be adopted throughout the country in the foreseeable future.
5. In its 1965 enactment of the 1962 Official Text of the Uniform Commercial Code the General Assembly adopted the policy of establishing a law of commercial transactions which was as simple, clear, and modern as possible, Iowa Code section 554.1102(2)(a); in order to achieve this goal it is necessary and desirable for the General Assembly to enact the 1966 and 1972 Official Amendments to the Uniform Commercial Code, and to delete

those 1965 Iowa nonuniform variations from the 1962 Official Text which do not constitute clear improvements in the Uniform Text.

On the basis of a line-by-line evaluation of the 1966 and 1972 Official Amendments and the 1965 Iowa nonuniform amendments to the U.C.C., the U.C.C. Study Committee recommends that:

1. The 1966 and 1972 Official Amendments to the U.C.C. should be adopted in toto.

2. The 1965 Iowa nonuniform amendments should be deleted, with occasional exceptions noted expressly in the bill proposed by the Study Committee.

3. Technical amendments should be made to such non-U.C.C. statutes as the certificate of title law in order to conform those statutes to the Iowa U.C.C.

Discussion

Illustrative of the desirability of the 1966 and 1972 Official Amendments are the 1972 section 9-313 fixture priority rules and the 1972 section 8-102(3) Amendment dealing with securities depositors.

A fixture is personal property that has been so affixed to real estate that property interests can exist in the personal property under real estate law as well as under personal property law. In *Ottumwa Woolen Mill Co. v. Hawley*, 44 Iowa 57 (1876), the Iowa Supreme Court adopted the so-called *Teaff v. Hewitt* tests for the identification of fixtures:

The three requisites laid down in the case of *Teaff v. Hewitt*, as constituting a fixture, it is said, must all combine. The first, being physical attachment, all the cases hold is a very uncertain and unsatisfactory criterion, and in our opinion the only value to be attached to it is, in determining the intention of the owner of the freehold in making the annexation. If it be so affixed that its removal would materially injure the building, this is evidence of an intention to make it a permanent annexation.

The second requisite, being application to the use or purpose to which that part of the realty with which it is connected is appropriated, is in this case fully met by the use of this machinery in a woolen mill, and without which the mill itself would be useless.

The third requisite, being the intention of the party making the annexation to make a permanent accession to the freehold, is to our minds the controlling consideration in determining the whole question. (44 Iowa at 63)

Although it is often doubtful whether particular personal property is a fixture, there is clear Iowa authority indicating that a home furnace usually is, e.g., *Des Moines Improvement Co. v. Holland Furnace Co.*, 204 Iowa 274 (1927), and a home furnace example will be used to illustrate 1972 section 9-313's resolution of policy issues pertaining to fixtures.

First, 1972 section 9-313 refers to a state's non-U.C.C. law for the definition of "fixture", 1972 section 9-313(1)(a). The *Ottumwa Woolen Mill* test therefore will continue to be dispositive with respect to the applicability of 1972 section 9-313 in Iowa. However, a debtor's signing a U.C.C. "fixture filing" authorized by 1972 section 9-313(1)(b) will be evidence of the debtor's intent that particular personal property is to become a fixture, and the *Ottumwa Woolen Mill* test makes the intention of the debtor (i.e., the intention of the party making the annexation of personal property to land) the primary criterion of the existence of a fixture.

Second, an important facet of 1972 section 9-313 gives the holder of a per-

fect Article 9 security interest rights in a fixture superior to those of the holder of a prior real estate mortgage on the land to which the fixture has been affixed, provided that: (1) the Article 9 security interest is a purchase money security interest; (2) the secured party acquires an interest in the personal property before it becomes a fixture; (3) an Article 9 fixture filing is made within 10 days after the personal property is affixed to the land; and (4) the debtor is either in possession of the real estate to which the personal property is affixed or a record owner of that real estate, 1972 section 9-313(4)(a). Restated in terms of home furnaces, in order for a vendor or a lender to have superior rights in a furnace vis-a-vis the holder of a prior real estate mortgage on the home in which the furnace has been installed:

1. The furnace financier must have made a purchase money loan.
2. The debtor must have agreed to creation of a security interest prior to the installation of the furnace.
3. The furnace financier must have made a fixture filing within 10 days subsequent to the installation of the furnace.
4. The debtor must have been either a record owner of the real estate on which the furnace was installed or in actual possession of that real estate.

Some real estate financiers object to this qualified purchase money priority on the ground that it could subject them to the removal of furnaces in Article 9 foreclosure proceedings and resulting depreciation of their real estate security. These real estate financiers prefer the present Iowa non-uniform variation from the 1962 Official Text which provides: "Nothing in this chapter governs the priority between a security interest in goods which are or are to become fixtures and the claims of any person who has an interest in the real estate." Iowa Code section 554.9313. The effect of this 1965 Iowa nonuniform amendment is to give prior real estate mortgagees superior rights with respect to all furnaces which subsequently are installed on mortgaged real estate, whether or not a prior real estate mortgagee finances the acquisition of a furnace. Moreover, in instances in which a prior real estate mortgagee is not willing to finance the purchase of a new furnace, this Iowa nonuniform amendment reduces the willingness of other lenders and furnace vendors to make a purchase money advance that will be subject to the rights of a prior real estate mortgagee who was unwilling to engage in purchase money financing.

The Study Committee has concluded that, on balance, real estate mortgagees will be helped rather than hurt by 1972 section 9-313(4)(a) and that, in any event, real estate mortgagees have ample means to protect themselves against disadvantageous consequences. The value of real estate security is enhanced by the replacement of an old furnace with a new furnace no matter who finances the home improvement. Moreover, if a real estate mortgagee wishes to prevent another from gaining purchase money rights in a new furnace under 1972 section 9-313(4)(a), the real estate mortgagee can finance the acquisition of the new furnace itself. The real estate mortgagee also can make it a default of the real estate mortgage for the debtor to grant a section 9-313(4)(a) priority in a new furnace to another, and can take out insurance against any ultimate failure of the real estate security to satisfy the secured debt. The Study Committee concurs in Official Comment 8 to 1972 section 9-313, which states:

Real estate lending is typically long-term, and is usually done by institutional investors who can afford to take a long view of the matter rather than concentrating on the results of any particular case. It is apparent that the rule which permits and encourages

purchase money fixture financing, which in contrast is typically short-term, will result in the modernization and improvement of real estate rather than in its deterioration and will on balance benefit long-term real estate lenders. Because of the short-term character of the chattel-financing, it will rarely produce any conflict in fact with the real estate lender. The contrary rule would chill the availability of short-term credit for modernization of real estate by installation of new fixtures and in the long run could not help real estate lenders.

Significantly, only one of the forty-nine states which have enacted the 1962 Official Text has joined Iowa in rejecting 1962 section 9-313, and all seven states which have enacted the 1972 Official Amendments have adopted 1972 section 9-313 without material change.

The 1972 section 8-102(3) Amendment pertaining to securities depositories has been adopted by some 30 states, including California, Illinois, and New York. This Official Amendment permits banks and insurance companies as well as national stock exchanges to own stock in the clearing corporations authorized to operate securities depositories by present Iowa Code section 554.8320. After securities have been deposited with a clearing corporation further transfers of the deposited shares can be made through entries on the books of the clearing corporation, and the expense, delay, and theft-potential of physical transfer of securities thereafter eliminated. Federally regulated clearing corporations presently exist in at least California, Illinois, and New York, and the U.C.C. Study Committee believes that Iowa financial institutions should not be denied the privilege of utilizing these securities depositories. The Study Committee recommends a package of amendments which: (1) adopt 1972 section 8-102(3), in order to remove any doubt that Iowa financial institutions can utilize the services of the existing clearing corporations that allow banks and insurance companies to be stockholders; and (2) effectively limit this authorization to federally regulated clearing corporations in order to ensure that maximum precautions will be taken with respect to the deposited securities. This same concern underlies the 1972 Official Amendment to section 8-102(3) itself. Banks and insurance companies, which throughout the country hold large amounts of securities as fiduciaries, understandably are reluctant to deposit securities with a clearing corporation in the absence of a meaningful opportunity to ensure that the business policies adopted by the clearing corporation adequately will protect the interests of fiduciary depositors.

Illustrative of the general undesirability of the 1965 Iowa nonuniform variations is a series of nonuniform amendments pertaining to "feeder cattle". Iowa Code sections 554.1201(37), 554.2403(2), 554.9102(2), and 554.9307(1) contain nonuniform provisions which have the effect of declaring every bailment of cattle to be an Article 9 security interest that must be perfected by the execution of an Article 9 security agreement and the filing of an Article 9 financing statement. In adopting these nonuniform amendments the Iowa General Assembly apparently believed that it was enhancing the rights of a cattle owner who arranges for a bailee to feed his cattle. However, these nonuniform amendments require every bailor of cattle to execute an Article 9 security agreement and to file an Article 9 financing statement. If these Article 9 formalities are not observed, and the Study Committee suspects that they frequently are not, a bailor of feeder cattle is placed in a worse position than he otherwise would have been in. For example, in the absence of the nonuniform amendments a bailor of feeder cattle who neither has executed an Article 9 security agreement nor

filed an Article 9 financing statement can reclaim the bailed cattle or their proceeds from the bailee's trustee in bankruptcy, *Cattle Owners Corp. v. Arkin*, 252 F. Supp. 34 (S.D. Iowa 1966). However under the existing Iowa nonuniform "feeder cattle" amendments, a bailor of feeder cattle who neither has executed an Article 9 security agreement nor filed an Article 9 financing statement loses his property rights to a bailee's trustee in bankruptcy. See Iowa Code section 554.9301(1)(b) and (3). Moreover in the absence of the nonuniform "feeder cattle" amendments, a bailor of cattle who neither has executed an Article 9 security agreement nor filed an Article 9 financing statement has superior rights to a person to whom the bailee wrongfully grants a perfected Article 9 security interest in the bailed cattle, see *Union Stock-Yards & Transit Co. v. Western Land & Cattle Co.*, 59 Fed. 49 (7th Cir. 1893). On the other hand, under the Iowa nonuniform "feeder cattle" amendments, a bailor of cattle who neither has executed an Article 9 security agreement nor filed an Article 9 financing statement loses his property rights to a person to whom a bailee wrongfully grants a perfected Article 9 security interest in the bailed cattle. See Iowa Code section 554.9312(5).

Because those bailors of feeder cattle who wish to secure a bailee's obligations under Article 9 are free to do so under the uniform text, the Study Committee concludes that the 1965 nonuniform "feeder cattle" amendments needlessly jeopardize the rights of owners of cattle who are unfamiliar with the technicalities of Article 9 security agreements and financing statements. These nonuniform amendments, like most of the 1965 Iowa nonuniform amendments, should be repealed.

This is not to say that the Study Committee recommends a slavish deference to uniformity. Among the 1965 Iowa nonuniform variations which should be retained are:

1. The omission of the four-year statute of limitations for breaches of contracts for the sale of goods, Iowa Code section 554.2725; Compare 1972 section 2-725.
2. The nonuniform requirement that Iowa banks give notice of the reason for dishonor or nonpayment whenever they revoke provisional payment of a demand item, Iowa Code section 554.4301(1)(b); Compare 1972 section 4-301(1)(b).

Insofar as the statute of limitations is concerned, the Study Committee believes that the Iowa ten-year statute of limitations for breaches of written contracts and the Iowa five-year statute of limitations for breaches of oral contracts, Iowa Code section 614.1(4) and (5), confer more adequate rights upon our citizens than the uniform four-year statute of limitations. With respect to the revocation of provisional payment of demand items by banks, the Committee believes that a person who deposits a check for collection and has the check returned unpaid is entitled to be told the reason for nonpayment. A "no account" reason, for instance, may warrant contacting the county attorney; whereas an "NSF" reason may lead to the check's being deposited for collection a second time.

Finally, the Study Committee has proposed a limited number of new non-uniform amendments which, in the Committee's opinion, improve the uniform text. For example, the Committee recommends a nonuniform amendment which makes clear that consistent Official Comments are guides to legislative intent in interpreting the Official Text. The Committee also recommends transfer to the state level of U.C.C. filings with respect to farm-related collateral that does not involve fixtures. The rise of the farm corporation plus the increasing size of individual farms can make it diffi-

cult to pinpoint the county within which local filing presently must take place with respect to farm-related collateral. Filing at the state level removes the need to ascertain the location of a farm corporation and the sometimes severe financial penalties for good faith misfiling in the wrong local office. It also removes the present compulsion to file in all of the conceivably pertinent local offices in order to play safe. Notwithstanding the desirability of this change in the place of filing, the Committee proposes careful and deliberate implementation. The Study Committee bill delays a state filing requirement with respect to farm-related collateral until January 1, 1976, and provides for the prior implementation of streamlined administrative procedures in order to guarantee the ready accessibility of information concerning all filings in the Secretary of State's office.

In addition to the foregoing, the Study Committee makes the following observations:

1. Present Iowa Code section 554.2502(1) states in part "is insolvent at the time of receipt of the first installment on their price or becomes insolvent within ten days thereafter". The Committee recommends deletion of this 1965 nonuniform variation and enactment of the comparable uniform text, which provides "becomes insolvent within ten days after receipt of the first installment on their price", in the conviction that the uniform text encompasses pre-existing insolvency that continues into the 10-day period after a seller has received the first installment on the price of contract goods.

2. A 1962 nonuniform variation in Iowa Code section 554.4102(2) omits "In the case of action or non-action by or at a branch or separate office of a bank, its liability is governed by the law of the place where the branch or separate office is located". A similar 1965 nonuniform variation in Iowa Code section 554.4106 omits "branch or". These 1965 nonuniform amendments have been justified on the ground that Iowa does not permit branch banking. However, the omitted uniform text deals with choice of law and time computation and can aid in the resolution of disputes involving banks located in other jurisdictions which do permit branch banking. In proposing enactment of the omitted uniform text the Committee specifically observes that the uniform text does not authorize branch banking in Iowa and should not be interpreted to do so.

3. To the extent that the Iowa Supreme Court decision of *Lisbon Bank & Trust Co. v. Murray*, 206 N.W.2d 96 (1973), was influenced by the statement in Comment 3 to 1962 section 9-306 that "a claim to proceeds in a filed financing statement might be considered as impliedly authorizing sale or other disposition of the collateral" free of a security interest, the Committee notes that the 1972 Official Amendments to Article 9 do away with the necessity of claiming proceeds in a filed financing statement and that Comment 3 to 1972 section 9-306 states in part: "The right to proceeds, either under the rules of this section or under specific mention thereof in a security agreement or financing statement does not in itself constitute an authorization of sale".

4. It would be desirable for the General Assembly to do what the Commissioners on Uniform Laws did not do and develop a comprehensive statutory definition of "fixture" which would facilitate the application of 1972 section 9-313 as well as other Iowa statutory provisions and rules of common law which pertain to fixtures. However, the Committee concludes that this task is too time-consuming for it to undertake in addition to its review of past and proposed amendments to the nine substantive articles of the U.C.C.

5. Whenever Article 9 foreclosure by sale proceedings are instituted with respect to consumer goods collateral, the Committee has been urged that the holders of junior Article 9 security interests should be entitled to notice as of right. However, neither the 1962 nor the 1972 Official Text requires this notice and the tenor of the 1972 Official Amendments is to minimize procedural technicalities in the hope of maximizing the proceeds of foreclosure sale. For similar reasons, the Study Committee rejects this proposed amendment.

SENATE CONCURRENT RESOLUTION 115

By Ramsey

- 1 *Whereas*, enactment of Acts of the Sixty-fifth General As-
 2 sembly, 1973 Session, Chapter 175, repealed the former require-
 3 ment that the county board of social welfare in each county
 4 employ a county director of social services and other neces-
 5 sary personnel to administer social service programs at the
 6 local level, and instead authorized the state Commissioner of
 7 Social Services to employ personnel to perform the duties and
 8 responsibilities of the Department of Social Services; and
 9 *Whereas*, it appears that pursuant to this authority the De-
 10 partment of Social Services is preparing to implement an ex-
 11 tensive reorganization which will replace county departments
 12 of social services that have existed for many years with a
 13 series of regional offices in the 16 planning regions defined
 14 by the Office for Planning and Programming, from which it is
 15 intended to administer social service programs at the local
 16 level; and
 17 *Whereas*, much concern has arisen that effects of this ex-
 18 tensive reorganization on persons receiving services, particularly
 19 in the less populous counties of the state, on ability to ef-
 20 fectively manage the Department's field operations, and on costs,
 21 may not have been adequately evaluated or considered in planning
 22 for the reorganization; *Now Therefore*,
 23 *Be It Resolved by the Senate, the House Concurring*, That the
 24 Department of Social Services is urged not to implement any
 25 such reorganization as is referred to in the preamble to this
 26 resolution prior to July 1, 1975 without specific legislative

27 approval; and
 28 *Be It Further Resolved*, That the Legislative Council is
 29 urged either to establish an interim study committee or to
 30 provide authority for a joint interim subcommittee of the

Page 2

1 appropriate standing committees of the Senate and House of
 2 Representatives to undertake a review and evaluation of the
 3 proposed reorganization referred to in the preamble to this
 4 resolution and submit a report to the Legislative Council,
 5 not later than December 1, 1974, for transmission to the Sixty-
 6 sixth General Assembly.

- 1 *Whereas*, Iowa is a state having many fine private colleges
2 and universities; and
3 *Whereas*, Iowa's private colleges and universities responded

5 buildings to serve a rapidly increasing number of students; and
6 *Whereas*, many of those buildings were financed with money
7 borrowed with Federal backing; and
8 *Whereas*, with a decreasing number of students, it is dif-
9 ficult for many colleges and universities to maintain their
10 present high standards of educational offerings while at the
11 same time making full payments of principal and interest on
12 the loans on those buildings; *Now Therefore*,
13 *Be It Resolved by the Senate, the House Concurring*,

SENATE CONCURRENT RESOLUTION 117

By Miller of Des Moines, Rabedaux
and Hultman

1 *Whereas*, the configuration of the Iowa River immediately up-
2 stream from the City of Wapello is such that the waters of the
3 stream are directed with great force against the west bank of
4 that portion of the River lying within the City, and due to
5 the arrangement of the subsurface strata of the land there
6 the action of the stream has seriously undermined the west
7 bank and has already caused the collapse into the river of
8 considerable land which was within the corporate limits of
9 the City, and the continuation of this process would seriously
10 threaten the business district of the City of Wapello; and
11 *Whereas*, the Iowa River in the vicinity of the City of
12 Wapello is a meandered stream and therefore its banks are
13 by law under the authority and control of the State Conserva-
14 tion Commission; and
15 *Whereas*, although it may be that the federal government
16 should properly assume some responsibility in this matter,
17 circumstances at this time appear to preclude meaningful and
18 timely assistance from the Corps of Engineers in controlling
19 the west bank of the Iowa River in the City of Wapello; *Now*
20 *Therefore*,
21 *Be It Resolved by the Senate, the House Concurring*, That
22 the State Conservation Commission is directed to make a study
23 of the present condition of the west bank of the Iowa River in
24 the City of Wapello and submit a report to the Sixty-sixth Gen-
25 eral Assembly not later than January 13, 1975 stating that work
26 is necessary to stabilize the bank at that point and the
27 estimated cost of the work.

SENATE RESOLUTION 103

By Plymat, Gluba, Briles, Orr, Curtis, Heying, Blouin, Gallagher, Scott, Robinson, Andersen, Palmer, Doderer, Junkins, Schwengels, Kinley, Willits, Schwieger, Winkelman, Rodgers, McCartney, Murray, Schaben, Van Gilst, Hultman, Kennedy, Kelly, Riley, Lamborn, Griffin, Nolin, Ramsey, Bergman, Priebe, Hansen, Miller of Des Moines, Nystrom and Milligan

1 *Whereas*, there are serious differences of opinion among
2 citizens and experts regarding the safe use of civilian
3 nuclear fission power plants; and

4 *Whereas*, concerns regarding the safe use of civilian nuclear
5 fission power plants relate to the safety and environmental
6 hazards associated with the entire nuclear fuel cycle compared
7 with benefits derived from the civilian nuclear fission power
8 plants; the economic effect of a commitment to nuclear fission
9 power plants, particularly in relation to long-term cost and
10 availability of raw materials and the costs of all necessary
11 safeguards; and also relate to the central question of prolif-
12 eration of nuclear fission power plants in comparison to
13 possible alternatives; and

14 *Whereas*, the concerns and differences of opinion will not
15 be resolved without a concentrated and comprehensive study and
16 gathering of facts relating to the use, benefits, disadvantages,
17 and possible dangers associated with the use of nuclear fission
18 power plants; *Now Therefore*,

19 *Be It Resolved by the Senate*, That the Senate of the state
20 of Iowa strongly urges the United States Congress to direct
21 the Office of Technology Assessment to immediately undertake
22 a comprehensive study and investigation of the entire nuclear
23 cycle from mining through fuel reprocessing and waste manage-
24 ment to determine the safety and environmental hazards of this
25 cycle and such study shall include but not be limited to:

- 26 1. The safety of existing nuclear fission power plants;
- 27 2. The safety of routine emissions from nuclear fission
- 28 power plants and nuclear fuel reprocessing facilities with
- 29 projections of future health effects if such plants continue

Page 2

1 to increase in numbers;

- 2 3. The indefinite storage of high level radioactive waste
 3 and potential dangers of such storage;
 4 4. The transportation of nuclear materials from civilian
 5 nuclear fission power plants and the safety hazards inherent
 6 in such transportation;
 7 5. The possibilities for diversion of nuclear materials
 8 and sabotage throughout the entire nuclear fuel cycle; and
 9 6. An evaluative assessment of prospects and problems and
 10 the ultimate net energy yield in the production of electric
 11 power through the use of nuclear energy; and
 12 *Be It Further Resolved*, That the Congress of the United
 13 States provide that during the study by the Office of Technology
 14 Assessment the licensing of nuclear fission power plants be
 15 carried on only on a very small scale and under such conditions
 16 as the Congress shall determine; and
 17 *Be It Further Resolved*, That the Congress of the United
 18 States shall direct the Office of Technology Assessment to
 19 complete the investigation and study in an expeditious manner
 20 and submit a final report to Congress and periodic reports
 21 during the study, and that the information contained in such
 22 reports be made available to the public and that if informa-
 23 tion contained in the reports merits it, public hearings be
 24 held concerning the information and the progress of the study;
 25 and
 26 *Be It Further Resolved*, That copies of this resolution be
 27 forwarded to the President of the United States Senate, the
 28 Speaker of the United States House of Representatives, and
 29 to each member of the Iowa Congressional delegation.

SUPPLEMENTAL REPORT OF COMMITTEE ON MEMORIAL RESOLUTIONS

MR. PRESIDENT: Your committee on memorial resolutions begs leave to report that committees should be appointed to prepare suitable memorial resolutions for the following deceased members of the Senate:

Leon M. Miller, Knoxville
Carl O. Sjulín, Hamburg

RALPH W. POTTER, Chairman
IRVIN L. BERGMAN
JOAN ORR

EXPLANATIONS OF VOTES

MR. PRESIDENT: Because I was attending an out-of-town meeting on Monday, April 2, 1974, I was not present when the votes were taken on Senate Files 1311 and 1225. Had I been present, I would have voted "aye" on both measures. On Tuesday morning I was speaking to the school administrators of Iowa and missed several votes. Had I been present, I would have voted "aye" on House Files 59, 414, 1473, and 1432, on Senate Files 1050 and 1340, and on amendment S—2614. I would have voted "no" on amendments S—2641 and S—2626.

WILLARD R. HANSEN

MR. PRESIDENT: I was necessarily absent from the Senate when the votes were taken on the following bills: Senate Files 1050, 1009, 1250, 1117, 1295 and House Files 414, 713 and 1121. Had I been present I would have voted "aye". Also, during this same absence, House File 160 was voted on. Had I been present I would have voted "no".

HILARIUS L. HEYING

MR. PRESIDENT: On Tuesday afternoon, April 2, 1974, I was listed as absent on a quorum call of the Senate and missed voting on some other bills which came up for consideration. I was not present because as a legislator I was asked to participate in a panel discussion on Child Abuse sponsored by the Governor's Conference on Juvenile Justice. The purpose of the panel discussion was to acquaint some 800 Iowa social workers, judges, law enforcement officers, probation officers, counsellors, sociologists and others interested in the field of juvenile justice with the new proposed law on Child Abuse.

Had I been present, I would have voted "aye" on Senator Doderer's motion to suspend the rules for the purpose of continuing consideration of amendment S—2593; I would have also voted "aye" on the following non-controversial bills: Senate Files 1009, 1117, 1250, 1295; House Files 160, 713 and 1121.

WILLARD E. GLUBA

MR. PRESIDENT: We were absent from the Senate chamber when the quorum roll call was taken on April 3, 1974, because we were on a legislative panel appearing before the Iowa Association of County Bankers.

WARREN E. CURTIS
JAMES F. SCHABEN

MR. PRESIDENT: I had a speaking engagement on April 2, 1974, when the votes were taken on Senate Files 1009, 1250, 1117 and 1295; House Files 1121, 160 and 713. If I had been in the Senate chamber, I would have voted "Aye".

BART SCHWIEGER

MR. PRESIDENT: I voted "no" on the motion to suspend the rules for the purpose of considering amendment S—2593 to Senate File 1009 for the following reasons:

1. The proposed amendment would impose statutory restrictions on the right of cross examination. Control of witness examination is presently vested in the Trial Court, subject to the requirement of relevancy. Statutory restriction of cross examination would encroach upon discretionary authority of the judiciary.

2. The amendment would very possibly deny due process of law to an accused person. In a prosecution for rape the defense of consent raises the issue of prior relationships between the prosecuting witness and a defendant. Prohibition or limitation of such testimony may prevent the jury from learning about relevant facts bearing on the issue of consent, and denial to the defendant of constitutionally-guaranteed rights. Guilt or innocence being the ultimate question, the full and complete truth should be admitted in this as in other criminal proceedings.

3. The credibility of a witness is vitally important to ascertainment of truth. The amendment would prohibit or restrict the right of testing the credibility of a witness. No arbitrary restrictions should be placed on the inquiry into the honesty or veracity of witness testimony.

4. The amendment would necessitate defense anticipation of the prosecuting witness' testimony under its prohibition of impeachment evidence. No witness in a criminal proceeding should be immunized from possible impeachment; the full truth must always be permitted to emerge in a determination of guilt or innocence.

5. The amendment would have prohibited evidence of the sexual conduct of the prosecuting witness occurring more than one year prior to the alleged offense from being introduced. Such evidence may be relevant to the issues of consent and credibility, and should not be arbitrarily prohibited.

6. The amendment failed to provide the Trial Court with definitive guidelines for the admissibility of evidence, other than the requirement of relevancy. This requirement already exists under the Rules of Evidence, so the limitations proposed by the amendment may be more illusory than real.

AMENDMENTS FILED

S—2660

1 Amend Senate File 491 as follows:

2 1. By striking all after the enacting clause and in-

3 serting in lieu thereof the following:

4 Section 1. *NEW SECTION. DEFINITIONS.* As used in

5 this Act, unless the context otherwise requires:

6 1. "Freeway-expressway system" has the same

7 meaning as provided in section three hundred six point

8 one (306.1), subsection two (2), paragraph a, of the

9 Code.

10 2. "Commission" means the state highway commis-

11 sion.

12 3. "Construction" means the construction of new

13 roads, the completion, enlargement, reconstruction,

14 remodeling, relocation, repair, or improvement of ex-

15 isting roads, the acquisition of land, easements, and

16 right-of-way for roads, and all work incidental to

17 these.

18 4. "Roads" means roads which are a part of the

19 freeway-expressway system.

20 5. "Fund" means the freeway-expressway fund

21 created in section two (2) of this Act.

22 6. "Bonds" means road revenue bonds issued by the

23 commission under this Act.

24 Sec. 2. *NEW SECTION. FREEWAY-EXPRESSWAY FUND.*

25 A freeway-expressway fund is created in the office of

Page 2

1 the treasurer of state. The amounts credited to this

2 fund under section three hundred twenty-four point

3 seventy-nine (324.79) of the Code are appropriated an-

4 nually to pay the interest due on bonds and to retire

5 outstanding bonds at maturity or to establish reserves

6 for this purpose. The commission may withdraw, on

7 vouchers to the state comptroller as provided by law,

8 the amounts necessary to pay the interest due and to

9 retire the bonds, as authorized by this Act and by the

10 resolution of the commission issuing the bonds.

11 Sec. 3. *NEW SECTION. ROAD REVENUE BONDS.* The

12 commission, by resolution, may issue bonds of the

13 state of Iowa, to be known as road revenue bonds, to

14 be payable, both as to principal and interest, solely

15 from revenues accruing to the fund, and to be used

16 solely for financing construction of the roads in the

17 state freeway-expressway system. **However, the aggre-**

18 **gate principal amount of bonds issued under this sec-**

19 **tion shall not exceed three hundred twenty million**

20 **dollars, and the principal amount of bonds issued in**

21 **any fiscal year shall not exceed forty million dol-**

22 **lars, except that when the bonds issued in any fiscal**

23 **year amount in principal to less than forty million**

24 **dollars, the difference between the amount actually**

25 **issued and forty million dollars may be issued in sub-**

Page 3

1 sequent years.

2 The commission may enter into contracts and agree-
3 ments and do other things necessary or incidental to
4 the performance of its duties and the execution of its
5 powers under this Act.

6 Sec. 4. *NEW SECTION. TERMS AND CONDITIONS OF*
7 *BONDS.* Bonds of each issue must be dated, must bear
8 interest at a rate not exceeding five and one-half
9 percent per annum, and must mature in not more than
10 twenty years, all as provided by the commission.

11 Bonds may be made redeemable before maturity, at the
12 option of the commission, at prices and under terms
13 and conditions fixed by the commission prior to issu-
14 ance. Bonds may not be sold for an amount less than
15 par and accrued interest. Bonds must be fully amor-
16 tized over the period of maturity. The commission
17 shall determine the form and the manner of execution
18 of bonds, including any interest coupons to be at-
19 tached, and shall fix the denominations of the bonds
20 and the places of payment of principal and interest,
21 which shall be at a member bank or trust company of
22 the federal reserve system, or with one or more banks
23 in the state of Iowa, or both.

24 Bonds must be signed by the director of highways
25 or bear his facsimile signature, and must contain an

Page 4

1 impression of the official seal attested by the secre-
2 tary of the commission. Coupons attached to the bonds
3 must bear the facsimile signature of the director of
4 highways. If an officer whose signature or facsimile
5 signature appears on a bond or coupon ceases to hold
6 that office before the delivery of the bond, the sig-
7 nature or facsimile is still valid and sufficient for
8 all purposes, as if he had remained in office until
9 the delivery. Bonds must have and are declared to
10 have all the qualities and incidents of negotiable
11 instruments under the Uniform Commercial Code. Bonds
12 may be issued in coupon or in registered form, or
13 both, as the commission determines, and provision may
14 be made for the registration of coupon bonds as to
15 principal alone and also as to both principal and in-
16 terest, for the reconversion into coupon bonds of
17 bonds registered as to both principal and interest,
18 and for the interchange of registered and coupon
19 bonds. The resolution authorizing the issuance of
20 bonds may contain other provisions as the commission
21 deems reasonable and proper for the security of the
22 bondholders.

23 Sec. 5. *NEW SECTION. SALE OF BONDS.* Bonds must
24 be sold at public sale with sealed bids. Notice of
25 the sale must be given at least once by publication

Page 5

1 in a newspaper with general circulation in the state,

2 but the sale also may be advertised in financial pub-
3 lications as the commission deems necessary. The news-
4 paper notice must be published not less than ten days
5 nor more than thirty days before the sale and must con-
6 tain the following information:

7 1. The date, time and place at which written,
8 sealed bids will be received and considered for the
9 sale of the bonds for cash.

10 2. The date of issue, total par value and denomi-
11 nation of the bonds being sold.

12 3. The minimum amount which will be accepted as
13 a bid.

14 4. The dates and amounts of maturities of the
15 bond issue.

16 5. The maximum rate of interest and maximum ac-
17 ceptable difference between the highest and the lowest
18 coupon rates of interest.

19 6. The dates on which interest on the bonds be-
20 comes due and payable.

21 7. The place where and the approximate date on
22 which the bonds being sold will be delivered to the
23 purchaser.

24 8. A statement that a good faith deposit in the
25 form of a certified or cashier's check in the amount

Page 6

1 of two percent of the total par value of the bonds be-
2 ing sold must accompany each bid.

3 Prospective purchasers shall submit written,
4 sealed bids for the bonds, and each bid must be accom-
5 panied by a certified or cashier's check for two per-
6 cent of the total par value of the bonds being sold.

7 In case a purchaser whose bid is accepted fails to
8 carry out his contract, the deposit shall be forfeited
9 to the commission as full and liquidated damages. The
10 sealed bids shall be opened publicly and only at the
11 time and place specified in the notice, and at that
12 time and place shall be sold to the highest and best
13 bidder, who shall be that bidder specifying the lowest
14 net average annual interest rate. However, any or all
15 bids may be rejected. No bonds shall be delivered to
16 a purchaser until a certified or cashier's check in
17 the amount of the bid is placed in the possession and
18 custody of the commission or its assigns.

19 The commission may provide for the replacement of
20 bonds which become mutilated or are destroyed or lost.

21 The proceeds from the sale of bonds shall be paid
22 to the treasurer of state and deposited by him into
23 the primary road fund, and are allocated and appro-
24 priated exclusively for construction of the freeway-
25 expressway system.

Page 7

1 Sec. 6. *NEW SECTION.* BONDS NOT A STATE DEBT.

2 Bonds are not a debt of the state or of any political
3 subdivision or a pledge of the faith and credit of the

4 state or of any political subdivision, but are payable
 5 solely from revenues accruing to the freeway-express-
 6 way fund and pledged for their payment. Bonds must
 7 contain on their face a statement to the effect that
 8 neither the state nor the commission is obligated to
 9 pay the bonds or the interest on them, except from
 10 moneys accruing to the freeway-expressway fund pledged
 11 to the payment of the bonds, and that the faith and
 12 credit of the state are not pledged to the payment of
 13 the principal or the interest on the bonds.

14 **Sec. 7. NEW SECTION. REFUNDING BONDS.** The com-
 15 mission may provide by resolution for the issuance of
 16 bonds for the purpose of refunding bonds then out-
 17 standing which have been issued under the provisions
 18 of this Act, including the payment of redemption
 19 premiums and interest accrued or to accrue to the date
 20 of redemption of the bonds. The issuance of refund-
 21 ing bonds, the maturities and other details, the
 22 rights of the holders, and the rights, duties and ob-
 23 ligations of the commission are governed by the pro-
 24 visions of this Act, as applicable.

25 **Sec. 8. NEW SECTION. LEGAL ACTION.** The resolu-

Page 8

1 tion authorizing the issuance of bonds may provide
 2 that a specified number of holders of the bonds or any
 3 of the coupons appertaining to them, may protect and
 4 enforce at law or in equity, by suit, action, mandamus
 5 or other proceedings, any and all rights under the
 6 laws of the state including this Act, or under the
 7 resolution authorizing the issuance of the bonds, and
 8 may enforce and compel the performance of all duties
 9 required by this Act or by the resolution to be per-
 10 formed by the commission or by any officer of the com-
 11 mission or of the state, including the application of
 12 moneys in the fund to the payment of the principal,
 13 interest and redemption premiums on bonds.

14 **Sec. 9. NEW SECTION. TAX EXEMPTION.** Bonds and
 15 the income or interest on them are exempt from all
 16 state taxes except inheritance taxes.

17 **Sec. 10. NEW SECTION. BONDS AS PUBLIC INVEST-**
 18 **MENTS.** Bonds are securities in which public officers
 19 and public bodies of the state and its political sub-
 20 divisions, insurance companies, trust companies,
 21 banking associations, investment companies, savings
 22 and loan associations, executors, administrators,
 23 trustees and other fiduciaries may properly and le-
 24 gally invest funds, including capital in their con-
 25 trol or belonging to them. Bonds are securities

Page 9

1 which may properly and legally be deposited with and
 2 received by a state or municipal officer, or an agency
 3 or political subdivision of the state for any purpose
 4 for which the deposit of bonds or other obligations
 5 of the state is authorized by law.

6 Sec. 11. Section three hundred twenty-four point
7 seventy-nine (324.79), unnumbered paragraph one (1),
8 Code 1973, is amended to read as follows:

9 The net proceeds of seven and one-half cents per
10 gallon excise tax on the diesel special fuel and six
11 and one-half cents per gallon excise tax on motor fuel
12 and other special fuel, and penalties collected under
13 the provision of this chapter, shall be credited to
14 the board use tax fund, *except that the amount neces-*
15 *sary to pay the interest due and to retire the bonds*
16 *at maturity or to establish reserves for this purpose,*
17 *on road revenue bonds issued under section three (3)*

HOUSE AMENDMENT CONSIDERED

Senate File 531

Senator Murray called up for consideration Senate File 531, a bill for an act relating to public employment relations and providing penalties for violations, amended by the House and moved that the Senate concur in the House amendment found on pages 774-786, inclusive, of the Senate Journal.

Senator Hultman offered the following resolution:

SENATE CONCURRENT RESOLUTION 118

By Hultman

- 1 *Whereas*, joint rule 16 of the senate and house requires that
 2 all bills which might have an annual effect or a combined total
 3 effect within five years after enactment of fifty thousand
 4 dollars or more on the revenues, expenditures or fiscal liability
 5 of the state or its subdivisions, shall be accompanied by a
 6 fiscal note; and
 7 *Whereas*, Senate File 531 appears to have an annual effect or
 8 a combined total effect within five years after enactment of
 9 fifty thousand dollars or more on the revenues, expenditures
 10 or fiscal liability of the political subdivisions of the state
 11 and is not accompanied by an adequate fiscal note relating to
 12 political subdivisions; *Now Therefore*,
 13 *Be It Resolved by the Senate, the House of Representatives*
 14 *Concurring*, That joint rule 16 of the senate and house be waived
 15 to the extent that the rule is applicable to political subdivisions
 16 as they are affected by Senate File 531.

Senator Rabedeaux raised the point of order that the resolution was not in order because a fiscal note had already been attached to the bill.

The Chair ruled the point well taken and Senate Concurrent Resolution 118 out of order.

SENATE CONCURRENT RESOLUTION 119

By Lamborn and Schaben

1 *Whereas*, large numbers of resolutions are being introduced
 2 in both the Senate and the House of Representatives calling
 3 for interim studies of numerous state functions and problems;
 4 and

5 *Whereas*, in the waning hours of the Second Session of the
 6 Sixty-fifth General Assembly it is impractical to accurately
 7 determine during floor debate the amount of hours of staff
 8 time required to complete such studies, within the limitations
 9 of funds and interim time which will be available, and assign
 10 precise priorities; *Now Therefore*,

11 *Be It Resolved by the Senate, the House Concurring*; That
 12 all resolutions calling for interim studies by the Legislative
 13 Council and by the Legislative Service Bureau which have not
 14 been adopted in both houses be delivered to the President, on
 15 the part of the Senate, and the Speaker of the House, on the
 16 part of the House, for consideration by the Legislative Council,
 17 which shall determine priorities and authorize such studies as
 18 may be feasible within the limits of the staff time and funds
 19 available.

SENATE CONCURRENT RESOLUTION 120

 McCartney, Kelly, Tieden, Schwengels, Bergman,
 Nolin, Miller of Des Moines, Rodgers, Hultman,
 Burroughs, Robinson, Scott, Willits, Palmer,
 Kennedy, Shaff, Orr and Murray

1 *Whereas*, there is an increasing overlap between local

2 government units; and

3 *Whereas*, there exists a need for a creative approach to im-
4 prove governmental performance and to reduce the tax burden;
5 and

6 *Whereas*, the unified government concept, combining
7 municipal and county government, may offer such creative
8 approach; *Now Therefore*,

9 *Be It Resolved by the Senate, the House Concurring*, That
10 the legislative council is urged to create an interim study
11 committee with the authority to conduct a statewide study
12 for the purpose of recommending legislative steps that would
13 be necessary to provide rural and urban counties with a
14 selection of functional government systems that best suit
15 their individual needs including, but not limited to, the
16 consolidation of local governmental units.

SENATE CONCURRENT RESOLUTION 121

By Nystrom, Gluba, Doderer, Hultman and DeKoster

- 1 *Whereas*, the enactment of the Acts of the Sixty-fifth General
- 2 Assembly, 1973 Session, chapter 138, prescribed requirements
- 3 relative to disclosure of campaign contributions and expendi-
- 4 tures by political candidates, committees and parties, and to
- 5 campaign expense limitations, and established a five-member
- 6 campaign finance disclosure commission to administer these

 13 *Concurring*, That the Legislative Council be requested to

GOVERNOR'S VETO MESSAGE

A copy of the following veto message from the Governor was received and placed on file:

April 6, 1974

The Honorable Andrew Varley
Speaker of the House
Sixty-fifth General Assembly
State Capitol Building
Local

Honorable Members of the House:

I am returning herewith House File 1077, an Act relating to the granting of furloughs to inmates, disapproved and without my signature to the House in accordance with Article III, Section 16 of the Constitution of the State of Iowa.

Existing in the Code of Iowa are provisions for a furlough program under which inmates sentenced to and confined in institutions under the jurisdiction of the Department of Social Services can be temporarily released under certain circumstances and for special reasons.

The primary purpose of this law is to allow selected inmates who will eventually be returned to society an opportunity to be interviewed by prospective employers, to participate in training programs not available within the institutions or to participate in rehabilitative activities in order to prepare them for release on parole or at the expiration of sentences.

Because of a question being raised as to whether the Department of Social Services can utilize the provisions of the furlough law with certain inmates who are eligible for parole or release but whose penalty might have been more severe, the Department requested a clarification and correction in the statutes.

It is my opinion that this Act goes far beyond what is requested and which the Department feels is desirable and necessary.

There is merit in a pre-release transition program if handled wisely and judiciously. The furlough serves as a valuable rehabilitative tool in the search and training for new employment and the re-establishment of personal and societal relationships. It makes good sense to prepare the residents of correctional institutions who eventually will be returned to communities for their responsibilities in their home environments. This bill, however, extends the furlough program beyond a reasonable limit. In other words, it includes those who are serving uncommuted life sentences.

Signing this bill would not be in the best interest of the public. Neither would it be fair to those who administer the furlough program. I say that because I can see circumstances where these officials would be compelled to deny furlough requests to inmates who are presently serving uncommuted life sentences. For the officials to do otherwise would be to put these particular inmates in situations where they would be cruelly exposed to brief tastes of freedom without realistic hopes of being really free. Such legislation would create frustrations and false hopes for inmates who—although spared capital punishment because of our present law—are serving uncommuted sentences. Under this bill, these people might expect furloughs even though the administrators most certainly would continually deny them.

An argument in favor of this particular bill is that even those who are serving long terms or life terms in our correctional institutions should be given opportunities to visit members of their immediate families who are seriously ill or who have died. It should be pointed out that Iowa law already provides for special arrangements for such situations under certain and controlled circumstances for persons serving long terms or life sentences if accompanied by institutional security personnel.

As an aside, it should also be recognized that if an unfortunate incident would occur because of a furlough being granted under this extra extended interpretation, all good and meritorious correctional programs could be jeopardized and endangered.

This bill is unacceptable in the form that it has come to my office. For the reasons I have set forth in this letter, I find it necessary to veto it. I would look favorably upon action by the General Assembly to meet the original intent of the request by the Department of Social Services.

Sincerely,
ROBERT D. RAY
Governor

 2 material which is printed in the daily journals of both houses
 3 of the general assembly; and

4 *Whereas*, the typing of Senate and House clip sheets repre-
 5 sents an unnecessary duplication in printing amendments to
 6 bills introduced in either house; and

 8 unprecedented proportions and should be sufficient cause for
 9 concern over the depletion of one of our valuable natural
 10 resources; *Now Therefore*,

11 *Be It Resolved by the Senate, the House Concurring*, That
 12 the general assembly determine and seriously consider the
 13 savings in cost and work that might be effected if the print-

SENATE CONCURRENT RESOLUTION 124

By Taylor and Van Gilst

- 1 *Whereas*, it is the duty of nations, as well as
- 2 of men to owe their dependence upon the overruling
- 3 power of God, to confess their sins and transgress-
- 4 ions, in humble sorrow, yet with assured hope that
- 5 genuine repentance will lead to mercy and pardon,
- 6 and to recognize the sublime truth, announced in the
- 7 Holy Scriptures and proven by all history, that those
- 8 nations are blessed whose God is Lord; and
- 9 *Whereas*, we know that we have been the recip-
- 10 ients of the choicest bounties of Heaven; we have

11 been preserved these many years in peace and pros-
 12 perity; we have grown in numbers, wealth and power
 13 as no other nation has ever grown; but we have for-
 14 gotten God; and

15 *Whereas*, we have forgotten the gracious hand
 16 which preserved us in peace, and multiplied and en-
 17 riched us; and we have vainly imagined, in the de-
 18 ceitfulness of our hearts, that all these blessings
 19 were produced by some superior wisdom and virtue
 20 of our own; and

21 *Whereas*, intoxicated with unbroken success, we
 22 have become too self-sufficient to feel the necess-
 23 ity of redeeming and preserving grace, too proud to
 24 pray to the God that made us; and

25 *Whereas*, we have made such an idol out of our

Page 2

1 pursuit of "national security" that we have forgotten
 2 that only God can be the ultimate guardian of our
 3 true livelihood and safety; and

4 *Whereas*, we have failed to respond, personally
 5 and collectively, with sacrifice and uncompromised
 6 commitment to the unmet needs of our fellow man, both
 7 at home and abroad; as a people, we have become so
 8 absorbed with the selfish pursuits of pleasure and
 9 profit that we have blinded ourselves to God's
 10 standard of justice and righteousness for this
 11 society; and

12 *Whereas*, it therefore behooves us to humble
 13 ourselves before Almighty God, to confess our national
 14 sins, and to pray for clemency and forgiveness;

15 *Now, Therefore*

16 *Be It Resolved by the Senate, the House of*
 17 *Representatives Concurring*, that April 30, 1974 be
 18 a National Day of Humiliation, Fasting and Prayer;
 19 and calls upon the people of our state to humble our-
 20 selves as we see fit, before our Creator to acknow-
 21 ledge our final dependence upon Him and to repent of
 22 our national sins.

SENATE CONCURRENT RESOLUTION 125

By Riley and Doderer

1 *Whereas*, the experience of educational and correctional
 2 institutions has shown the importance of early childhood life
 3 and its effect on society, causing increasing interest in
 4 developing and coordinating programs and services relating
 5 to early childhood; and

6 *Whereas*, fragmented programs and duplication of services
 7 often result in fewer services reaching the children and
 8 families for whom they are designed; and

9 *Whereas*, the 1971 early childhood task force of the edu-
 10 cation commission of the states proposed suggested state legi-
 11 slation to establish an office of early childhood development

12 in state departments of education; and

13 *Whereas*, the goals of an office for early childhood de-
14 velopment should be to coordinate and provide long-range
15 planning for delivery of children's services, to provide an
16 advocate for the educational, medical, nutritional, and other
17 needs of children, and to represent the interests of children,
18 particularly in the areas of child abuse, foster care, day care,
19 and juvenile detention; *Now Therefore*,

20 *Be It Resolved by the Senate, the House Concurring*, That
21 the governor shall appoint an early childhood development task
22 force to be composed of nineteen members, including five members
23 who represent parents, guardians and other consumers of services
24 to children, five members who represent day care facilities,
25 juvenile care facilities, and other providers of services to

Page 2

1 children, five members who represent state departments con-
2 cerned with programs and services for children, including two
3 members to represent the state department of social services, and
4 one each to represent the state department of public instruc-
5 tion, the state department of health, and the Iowa commission
6 on the status of women, and four members of the General Assembly,
7 one member from each political party in the house, and one mem-
8 ber from each political party in the senate. Membership of the
9 task force shall include representation from various parts of
10 the state. The task force shall study the needs of children in
11 Iowa and shall assess and evaluate the need in Iowa for an office
12 for early childhood development to accomplish the goals stated
13 herein. The task force shall make its final report and recom-
14 mendations to the governor and to the Sixty-sixth General Assembly
15 not later than January 15, 1975, including proposed legislation
16 as necessary to implement its recommendations. The governor
17 shall provide staff support to the task force. Members of the
18 task force other than state department members shall be paid
19 their actual and necessary expenses in performance of their
20 duties as members.

1 *Whereas*, the Rules of the Merit System of Iowa

11 *Whereas*, the rate of pay established by the Merit
12 Rules for overtime work is at the regular rate of pay

5 condition of employment, also in direct violation of
6 the Merit Rules themselves; and
7 *Whereas*, some state agencies avoid paying even
8 straight overtime by scheduling the work of employees
9 so that they work ten hours per day the last

11 working no more than forty hours during that week;
12 and then scheduling the same employees to work ten

13 hours per day for the first four days of the next
 14 scheduled work week, thereby working no more than
 15 forty hours during that week, and staggering the

 18 their employees to work eight consecutive ten hour
 19 days, with no overtime; *Now Therefore,*
 20 *Be It Resolved by the Senate, the House Concurring*
 21 that the members of the 65th General Assembly decry

HOUSE CONCURRENT RESOLUTION 137

By Mennenga and Den Herder

1 *Whereas*, it is the duty of nations, as well as of men to
2 owe their dependence upon the overruling power of God, to
3 confess their sins and transgressions, in humble sorrow, yet
4 with assured hope that genuine repentance will lead to mercy
5 and pardon, and to recognize the sublime truth, announced in
6 the Holy Scriptures and proven by all history, that those
7 nations are blessed whose God is Lord; and

8 *Whereas*, we know that we have been the recipients of the
9 choicest bounties of Heaven; we have been preserved these many
10 years in peace and prosperity; we have grown in numbers, wealth
11 and power as no other nation has ever grown; but we have
12 forgotten God; and

13 *Whereas*, we have forgotten the gracious hand which pre-
14 served us in peace, and multiplied and enriched us; and we have
15 vainly imagined, in the deceitfulness of our hearts, that all
16 these blessings were produced by some superior wisdom and virtue
17 of our own; and

18 *Whereas*, intoxicated with unbroken success, we have become
19 too self-sufficient to feel the necessity of redeeming and pre-
20 serving grace, too proud to pray to the God that made us; and

21 *Whereas*, we have made such an idol out of our pursuit of
22 "national security" that we have forgotten that only God can be
23 the ultimate guardian of our true livelihood and safety; and

24 *Whereas*, we have failed to respond, personally and collec-
25 tively, with sacrifice and uncompromised commitment to the unmet
26 needs of our fellow man, both at home and abroad; as a people,
27 we have become so absorbed with the selfish pursuits of pleasure
28 and profit that we have blinded ourselves to God's standard of
29 justice and righteousness for this society; and

30 *Whereas*, it therefore behooves us to humble ourselves
31 before Almighty God, to confess our national sins, and to pray
32 for clemency and forgiveness; *Now, Therefore,*

33 *Be It Resolved by the House of Representatives the Senate*
 34 *Concurring*, that April 30, 1974 be a National Day of Humilia-
 35 tion, Fasting and Prayer; and calls upon the people of our
 36 state to humble ourselves as we see fit, before our Creator to
 37 acknowledge our final dependence upon Him and to repent of our
 38 national sins.

HOUSE CONCURRENT RESOLUTION 139

By Crawford, Kreamer, Krause, Dunlap, Junker,
 Connors, Cusack, Newhard, Higgins
 and Patchett

1 *Whereas*, adequate supplies of reliable and safe energy
 2 sources are essential to our society; and
 3 *Whereas*, diverse opinions exist regarding the need for
 4 the development of additional energy resources and the optimum
 5 method for fulfilling energy needs as may presently exist
 6 and as are projected; and
 7 *Whereas*, the federal government should take account of
 8 national energy requirements and priorities, *Now Therefore*,
 9 *Be It Resolved by the House of Representatives, the Senate*
 10 *Concurring*, That a study be undertaken by the National Science
 11 Foundation of:
 12 1. Projected energy requirements on a statewide, regional
 13 and national basis.
 14 2. Alternative methods of meeting said requirements,
 15 including but not limited to, fossil fuel resources, solar
 16 energy, geothermal energy, fusion, and nuclear fission.
 17 3. The full fuel cycle of each energy resource which shall
 18 include but not be limited to: The economic effect of using
 19 each fuel source, including its cost in terms of financial
 20 benefits and other factors; the effect of its use on the
 21 public health and environment; storage of the wastes produced
 22 and any potential dangers of storage; problems associated
 23 with the transportation of the fuel; and the possibilities
 24 of sabotage or fuel embargoes; and
 25 *Be It Further Resolved*, That the study should be completed
 26 at the earliest possible date and include such interim reports
 27 as may be appropriate and opportunities for public partici-
 28 pation; and
 29 *Be It Further Resolved*, That copies of this resolution
 30 be transmitted to the President of the United States Senate,

We, the undersigned members of the conference committee appointed to consider the differences between the Senate and the House of Representatives on House File 1028, a bill for an Act relating to implementation of the change in the dates of the fiscal year to July first through June thirtieth, respectfully make the following recommendation:

1. By striking everything after the enacting clause and inserting in lieu thereof the following:

Section 1. Acts of the Sixty-fourth General Assembly, 1972 Session, chapter one thousand twenty (1020), section ten (10), is amended to read as follows:

Sec. 10. *NEW SECTION.* In the event that funds are not available during the extended fiscal year or in any fiscal year as provided in this chapter [for cities, counties, and other political subdivisions] to make [their] legal and timely payments upon the principal or interest of any [special assessment or] general obligation bonds as due by reason of the tax collection periods established in this Act, then the affected city, county, or other political subdivision shall transfer funds from any other source to meet this obligation, notwithstanding any other statute. Any such funds so transferred shall be repayable from the general tax collections [or applicable special assessment collections], when received. [This section shall not be printed as a permanent part of the Code and shall be printed in the session laws only.]

The state comptroller may advance funds from any moneys in the road use tax fund, created in section three hundred twelve point one (312.1) of the Code, from the beer and liquor control fund, established in section one hundred twenty-three point fifty-three (123.53) of the Code, from the municipal assistance fund, created in section four hundred five point one (405.1) of the Code, from the state aid to be paid to merged areas pursuant to chapter one hundred ten (110), Acts of the Sixty-fifth General Assembly, 1973 Session, from funds appropriated to the department of public instruction for distribution to local school districts pursuant to section two hundred eighty-one point eleven (281.11) of the Code, and from state foundation aid as defined in section four hundred forty-two point one (442.1) of the Code, to the public official charged with the duty of making payment of the principal and interest of general obligation bonds of cities, counties, school districts and merged areas when such payment cannot be made when due from current funds on hand or because of a delay in the collection of taxes which have been levied, pursuant to section seventy-six point two (76.2) of the Code. Any advance shall be made by the state comptroller within five working days after the receipt of a certified statement from the public official charged with the duty of making payment, specifying the principal and interest which is due and any other information the state comptroller may require. The state comptroller shall credit any advance made under this section against any future advance to that city, county, merged area or school district until reimbursement has been made by the city, county, merged area or school district for the full amount of the advance. Any funds advanced from the road use tax fund shall be used only for those purposes stated in chapter three hundred twelve (312) of the Code.

Sec. 2. Acts of the Sixty-fourth General Assembly, 1972 Session, chapter one thousand twenty (1020), is amended by adding the following new section:

NEW SECTION. By Gluba

1 *Whereas*, low and middle income Iowans pay a disproportionate
2 amount of their incomes in taxes and are now shouldering too
3 much of the tax burden; and
4 *Whereas*, the Iowa income tax has not been reviewed in de-
5 tail by the General Assembly for several years; and
6 *Whereas*, there is great public interest in and concern
7 over tax loopholes and support for tax justice; and
8 *Whereas*, there are many individuals in Iowa having high
9 annual incomes that either pay no income tax or pay less than
10 skilled or semiskilled workers; and
11 *Whereas*, in 1972 there were 135 Iowans with incomes over
12 twenty thousand dollars who did not pay a dime in state in-
13 come tax; and

25 states that the income gap between the poor and the rich has
26 nearly doubled in the last twenty years; and

28 are being asked to pay the price necessary to stop inflation
29 for the whole of society; and
30 *Whereas*, those persons not paying state taxes for the reason

1 that more than half of their income comes from government
2 securities, which are taxed by the federal government but
3 not by the state; and
4 *Whereas*, it is necessary for the United States tax system—

BILL ASSIGNED TO COMMITTEE

H.C.R. 145 State government

SENATE CONCURRENT RESOLUTION 138

By Plymat

1 *Whereas*, the availability of energy sources in Iowa and
2 elsewhere is of prime concern to the members of the General
3 Assembly and citizens of Iowa; and
4 *Whereas*, the use of nuclear fission power plants has in-
5 creased in the recent past; and
6 *Whereas*, the safety factors concerning the use of nuclear
7 energy is of prime importance to the citizens of this state
8 and the use of nuclear energy must be considered based upon
9 information relating to the use of such energy in a safe
10 manner; *Now Therefore*,
11 *Be It Resolved by the Senate, the House concurring*, That
12 the Legislative Council be authorized to create a study com-
13 mittee to determine the future of nuclear power in Iowa and
14 the use of such energy be considered in comparison to possible

15 adverse effects; and
16 *Be It Further Resolved*, That the study committee be composed
17 of members of both houses of the General Assembly representing
18 both political parties, as well as citizens knowledgeable in
19 the subject matter to be studied, and that a report be sub-
20 mitted to the Legislative Council and the General Assembly
21 meeting in the year 1975 and that such report be accompanied
22 by bill drafts designed to carry out the recommendations of
23 the study committee.

SENATE CONCURRENT RESOLUTION 139

By Riley

1 *Whereas*, the present bus transportation system in Iowa is
2 a fragmented, hodgepodge—overlapping duplication and waste
3 on the one hand and great gaps in service on the other; and

4 *Whereas*, the state of Iowa spends over 26 million tax dol-
5 lars a year in Iowa for public school busing, alone, and will
6 spend an additional 4.4 million for nonpublic busing under
7 Senate File 1476; and

8 *Whereas*, the city of Cedar Rapids had the best record of
9 Iowa's city bus lines last year in that it only lost 101,000
10 dollars; and

11 *Whereas*, the transportation needs of senior citizens,
12 especially in rural Iowa, are critical, which needs are
13 largely unmet yet, there are at least two separate programs
14 underway or planned for different parts of Linn county, the
15 SEATS program under the auspices of the Area Agency on Aging
16 and the Senior Citizens Service operating under the sponsor-
17 ship of the city of Cedar Rapids; and

18 *Whereas*, in 1965, when Representative Keith Dunton intro-
19 duced House File 532, a bill to turn responsibility for
20 school busing over to the Department of Safety, he had a
21 good idea whose time had not arrived; and

22 *Whereas*, with the United States consuming 18 million
23 barrels of oil daily while domestic production is at 11
24 million barrels, the conservation of fuel, alone, is reason
25 enough to create a state plan for busing; and

26 *Whereas*, the coordination of bus service for school children,
27 senior citizens, low income citizens, day-care children, and
28 other persons is a desirable objective in order to provide
29 efficient transportation while at the same time save on energy
30 sources, prevent air pollution and use funds in an efficient

Page 2

1 manner; and

2 *Whereas*, the creation of a state department of transportation
3 provides the planning mechanism for coordinating in an expert
4 and knowledgeable manner bus service in Iowa; *Now Therefore*,

5 *Be It Resolved by the Senate, the House Concurring: That*
6 the department of transportation undertake as one of its first
7 priorities the planning and coordination of bus service within
8 the state of Iowa giving consideration to the feasibility and
9 costs of such a proposal and submit a plan to the general
10 assembly for its consideration and legislative implementation.

SENATE CONCURRENT RESOLUTION 140

By Riley

1 *Whereas*, ADC payments in Iowa provide only 79 percent of
 2 basic living costs; and
 3 *Whereas*, payments have not been increased to
 4 cover the cost of living increases due to inflation;
 5 and
 6 *Whereas*, adequate ADC payments are necessary to
 7 break the cycle of poverty in which dependent children
 8 become trapped; and
 9 *Whereas*, errors regarding ADC eligibility and
 10 payments are higher than the acceptable level set by
 11 the federal government; and
 12 *Whereas*, the error rate in Iowa relating to ADC
 13 payments has been severely criticized by members of
 14 the federal government and the Iowa legislature; and
 15 *Whereas*, the ADC payment system and funding for
 16 the ADC payments need to be understood more clearly
 17 by legislators and may need to be changed; *Now*
 18 *Therefore*,
 19 *Be It Resolved by the Senate, the House Con-*
 20 *curring*, That the legislative council is urged to
 21 create a study committee composed of members of both
 22 houses of the general assembly representing the two
 23 political parties as well as knowledgeable citizens
 24 deemed necessary, to carry out a study regarding the
 25 ADC program with emphasis on funding and the payments

25 concealed until after the examination papers have been graded.

Page 14

1 If an applicant has partially passed an examination given
2 in another state, under requirements which the board finds
3 to be substantially equivalent to those required in
4 examinations given in this state, the results of the other
5 state examination shall be accepted as though given in this
6 state.

7 Every applicant successfully passing all subjects in which
8 examined shall be granted and issued a license as an
9 accounting practitioner by the board. The cost of the license
10 shall be based upon the administrative costs of the board
11 and advisory committee and the costs of issuing the license.

12 An applicant who fails the examination once shall be
13 allowed to take the examination at the next scheduled time.
14 Thereafter, the applicant shall be allowed to take the

 22 renewal of a certificate and permit as a certified public
 23 accountant, registration as a public accountant, registration
 24 of a foreign public accountant, and licensure and renewal

9 annual incomes that either pay no income tax or pay less
10 than skilled or semiskilled workers; and
11 *Whereas*, information obtained from the Iowa Department
12 of Revenue indicates that in 1972 there were 135 Iowans with
13 incomes over twenty thousand dollars who did not pay a dime
14 in state income tax; and
15 *Whereas*, eighteen of these nontaxpayers had incomes
16 amounting to more than fifty thousand dollars; and
17 *Whereas*, four of these nontaxpayers had incomes amounting
18 to more than seventy-five thousand dollars; and
19 *Whereas*, another three of these nontaxpayers had incomes
20 amounting to more than one hundred thousand dollars; and
21 *Whereas*, four of these nontaxpayers had incomes amounting

22 to more than one hundred fifty thousand dollars; and
23 *Whereas*, there are indications of a steady increase in
24 the number of high income Iowans who do not pay state income
25 tax; and
26 *Whereas*, a study prepared for the United States Congress
27 states that the income gap between the poor and the rich has
28 nearly doubled in the last twenty years; and
29 *Whereas*, the study concludes that the poor and middle
30 classes are being asked to pay the price necessary to stop

Page 2

1 inflation for the whole of society; and
2 *Whereas*, those persons not paying state taxes for the
3 reason that more than half of their income comes from govern-
4 ment securities, which are taxed by the federal government
5 but not by the state; and
6 *Whereas*, it is necessary for the United States tax sys-
7 tem—federal, state, and local—to become truly progressive;
8 and
9 *Whereas*, capital gains should be taxed at the same rate
10 as comparable amounts of earned income; and
11 *Whereas*, single taxpayers pay twenty percent more tax
12 than married couples who file joint returns; and
13 *Whereas*, a few high income people pay state income tax
14 on only half their income while those earning less than fif-
15 teen thousand dollars pay tax on eight to eighty-five percent
16 of their incomes; and
17 *Whereas*, tax loopholes cost Americans seventy-seven bil-
18 lion dollars every year and each individual man, woman, and
19 child in this country three hundred sixty-seven dollars; and
20 *Whereas*, statistics show that most of the tax advantages
21 go to corporations and high income individuals; and
22 *Whereas*, tax laws discriminate in favor of the rich and
23 powerful; and
24 *Whereas*, the regressive tax system in existence today
25 bears most heavily on those least able to pay; and
26 *Whereas*, the wealthiest 1.6 percent of American families
27 own eighty-two percent of corporate stock which is held by
28 individuals, ninety percent of all corporate bonds, and
29 virtually all of the tax-free and municipal bonds held by
30 individuals; *Now Therefore*,

Page 3

1 *Be It Resolved by the Senate, the House Concurring*, That
2 the legislative council is authorized to create a study com-
3 mittee, as provided by law, composed of members of the
4 Senate and the House of Representatives and representing
5 both political parties, to conduct during the 1974 interim
6 a study of the existing tax structure affecting individual
7 taxpayers in this state with the goal toward closing tax
8 loopholes and providing for a more progressive income tax;
9 and
10 *Be It Further Resolved*, That the study committee submit
11 a report of its findings and recommendations to the legis-
12 lative council and the Sixty-sixth General Assembly, 1975

13 Session, along with appropriate bill drafts designed to carry
14 out committee recommendations.

SENATE CONCURRENT RESOLUTION 142

By Schwengels and Kelly

1 *Whereas*, there appears to be confusion among educators
2 and other citizens of the state regarding the responsibility,
3 role, and direction for elementary-secondary career and vo-
4 cational education; and

5 *Whereas*, the expansion of career education in Iowa's el-
6 mentary and secondary schools will mean earlier career de-
7 cisions being made by students, thus demanding an expansion
8 of vocational programs at the secondary level; and

9 *Whereas*, the total cost of implementing the total concept
10 of career education in grades K-12 requires additional funds
11 for in-service training and program development and imple-
12 mentation; and

13 *Whereas*, costs for maintaining, extending, and improving
14 existing vocational programs at the secondary level have in-
15 creased, while the percentage of state and federal reimburse-
16 ment per vocational program has decreased; and

17 *Whereas*, at present, the total cost figures for vocational
18 education programs at the secondary level are unavailable;
19 **and**

20 *Whereas*, since 1970 the state and federal reimbursement
21 on a per program basis for existing vocational programs at
22 the secondary level has declined from approximately 40%-50%
23 to approximately 23% of teacher's salary and travel; and

24 *Whereas*, since 1970 state and federal reimbursement on
25 salaries and travel of vocational directors and supervisors
26 at the secondary level has been eliminated; and

27 *Whereas*, since approximately 1970 federal and state re-
28 imbursement for equipment, materials, and supplies for
29 secondary vocational education programs has been eliminated;
30 **and**

Page 2

1 *Whereas*, Acts of the Sixty-fifth General Assembly, 1973
2 Session, chapter ten (10), allows for state reimbursement
3 to secondary school districts on items other than teachers'
4 salaries; and

5 *Whereas*, chapter two hundred fifty-eight (258) of the Code
6 regarding vocational education is not in keeping with other
7 current legislation or needs of career and vocational educa-
8 tion at the secondary level; *Now Therefore*,

9 *Be It Resolved by the Senate, the House Concurring*, That
10 a study committee be appointed to review the career and
11 vocational needs of the elementary and secondary schools,
12 as they relate to present trends in program costs and
13 performance accountability, implementation, funding levels,
14 and legislation.

15 *Be It Further Resolved*, That the study committee shall
16 consist of legislative members representing both houses of

- 17 the general assembly and representing both political parties.
 18 The committee shall obtain consultative input from elementary-
 19 secondary superintendents, administrators and teachers directly
 20 involved in a variety of vocational programs, representatives
 21 from business and industry, the department of public instruc-
 22 tion, and the Iowa state career education advisory council.
 23 *Be It Further Resolved*, That the study committee shall
 24 make periodic reports to the legislative council and sub-
 25 mit a final report, including necessary bill drafts to im-
 26 plement its recommendations, to the legislative council.
 27 Copies of the final report approved by the legislative coun-
 28 cil shall be submitted to the 1975 Session of the Sixty-sixth
 29 General Assembly.

SENATE CONCURRENT RESOLUTION 125

By Riley and Doderer

1 *Whereas*, the experience of educational and correctional
2 institutions has shown the importance of early childhood life
3 and its effect on society, causing increasing interest in
4 developing and coordinating programs and services relating
5 to early childhood; and

6 *Whereas*, fragmented programs and duplication of services
7 often result in fewer services reaching the children and
8 families for whom they are designed; and

9 *Whereas*, the 1971 early childhood task force of the edu-
10 cation commission of the states proposed suggested state legis-
11 lation to establish an office of early childhood development
12 in state departments of education; and

13 *Whereas*, the goals of an office for early childhood de-
14 velopment should be to coordinate and provide long-range
15 planning for delivery of children's services, to provide an
16 advocate for the educational, medical, nutritional, and other
17 needs of children, and to represent the interests of children,
18 particularly in the areas of child abuse, foster care, day care,
19 and juvenile detention; *Now Therefore*,

20 *Be It Resolved by the Senate, the House Concurring*, That
21 the governor shall appoint an early childhood development task
22 force to be composed of nineteen members, including five members
23 who represent parents, guardians and other consumers of services
24 to children, five members who represent day care facilities,
