Re: Petition for Credit for Health-Related Learning

On March 5, 2024, the Board **granted** your petition for credit for health-related learning pursuant to rule 657 IAC 2.12(6). The Board granted 24 hours of credit towards your continuing education requirements for 2024 pharmacist licensure renewal except for the patient/medication safety and law requirements (two hours each).

The Board determined that application of the rule would impose an undue hardship by continuing to require completion of continuing education when education in relation to your current practice setting has been completed. The Board determined that granting the waiver would not prejudice the legal rights of another person.

The Board determined that the provisions of the rule being waived are not specifically mandated by statute or another provision of law. The Board determined that substantially equal protection of the health, safety, and welfare of the public can be assured with completion of continuing education activities which directly relate to your individual and unique practice of pharmacy.

Respectfully,

A handwritten signature in cursive script that reads "Sue Mears".
