Re: Petition for Waiver / Request to retake NAPLEX

On March 5, 2024, the Board **granted** your request to waive rule 657 IAC 4.6(3), requiring the expiration of a pharmacist-intern registration one year following graduation as well as your request, pursuant to 657 IAC 2.7(3), to retake the NAPLEX a fourth time. The waiver authorizes your intern registration to be extended one additional year.

The Board determined that application of the rule would impose an undue hardship by prohibiting you from continuing in the practice of pharmacy while continuing to prepare for your licensing exam.

The Board determined that granting the waiver would not prejudice the legal rights of another person. The Board determined that the provisions of the rule being waived are not specifically mandated by statute or another provision of law. The Board determined that substantially equal protection of the health, safety, and welfare of the public can be assured with your continued practice under the supervision of a licensed pharmacist.

The waiver is approved and will expire March 4, 2025.
