Re: Petition for Waiver

Effective July 16, 2025, and in response to Governor Kim Reynolds' Executive Order Ten, the Board of Pharmacy rules found at 657 Iowa Administrative Code are rescinded. New Board of Pharmacy rules can be found at 481 Iowa Administrative Code, Chapters 550 - 557.

As a result of the rules changes, your previously approved waiver of rule 657 IAC 21.10(3)(b), requiring pharmacist final product verification for prescriptions filled via AMDS, is administratively updated to reflect the new rule reference for the requirement or standard - 481 IAC 552.20(2)(b). Your waiver maintains all the same limitations and requirements, if any, as provided in the original waiver determination, including the expiration date. If you believe you need to petition the Board to renew the waiver, please petition the Board in the same manner prior to the expiration date of the existing waiver and cite the new rule reference provided herein.

The waiver is approved and will expire August 30, 2027.

A handwritten signature in cursive script that reads "Sue Mears".
