

IOWA LAW ENFORCEMENT ACADEMY COUNCIL
CAMP DODGE
P.O. BOX 130
JOHNSTON, IOWA 50131-0130

REQUEST FOR WAIVER IN THE MATTER OF: DANIEL JOHNSON, Petitioner.	ORDER RE: WAIVER REQUEST
--	-------------------------------------

The Iowa Law Enforcement Academy Council ("Council") received a waiver request pursuant to 7 Iowa Administrative Code rule 2504.2 from Petitioner. The Petitioner requested waiver of 501 Iowa Administrative Code rule 4.1(5)(b), which states in part:

All instructor certification will be issued for a period of three years. Once certified, an instructor is certified to instruct throughout the state. At the end of a three-year period, certification may be renewed if the instructor has maintained the training requirements for certification, has instructed in a certified training program during the three-year period, remains in good standing, and is recommended by the administrator under whose supervision the individual has instructed.

The Petitioner was pro se. The Council has authority under 7 Iowa Administrative Code Chapter 2504 to initiate waiver proceedings upon application. The matter was heard on October 1, 2026. Notice that the matter was set for consideration was provided to Petitioner.

FACTS

Petitioner is certified as a law enforcement officer and an approved chemical spray instructor. His instructor approval expires on December 31, 2026. Petitioner had a work injury in January 2026, and will be unable to attend a renewal course due to the injury and being on light duty status.

The Petitioner seeks a waiver of 501 Iowa Administrative Code rule 4.1(5)(b) to attend the chemical spray instructor renewal course in 2027 in order to maintain his instructor approval.

CONCLUSIONS OF LAW

Pursuant to Iowa Code section 17A.9A(2), the Council must find by clear and convincing evidence:

1. The application of the rule would impose an undue hardship on the person for whom the waiver is requested;
2. The waiver from the requirements of the rule in the specific case would not

prejudice the substantial legal rights of any person;

3. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law; and
4. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

The Council must also determine the length of the waiver unless a specified time period is unrealistic. Iowa Code § 17A.9A(3).

APPLICATION OF LAW

The Council has considered all relevant information and applied all applicable law. The Council finds that the Petitioner met his burden as outlined above.

First, Petitioner has extenuating circumstances that caused his inability to attend an instructor renewal course prior to its expiration. The Council finds that the Petitioner's work injury constitutes an undue hardship.

Second, the Council does not find that granting a waiver would prejudice the substantial legal rights of any person.

Third, the instructor renewal requirement is not mandated by statute or another non-waivable provision of law.

Finally, the Council finds the public health, safety, and welfare will be adequately protected by a means other than that prescribed by the instructor renewal rule as Petitioner will still be required to attend the renewal course and show proficiency.

ORDER

IT IS THEREFORE ORDERED the Petitioner's request for waiver of 501 Iowa Administrative Code rule 4.1(5)(b) is granted. Petitioner may attend a chemical spray instructor renewal course by the end of 2027. Petitioner may not serve as an ILEA approved chemical spray instructor once his current approval expires until he completes the renewal course.

Dated this 1st day of October 2026.

Melissa Henderson, Chair
Iowa Law Enforcement Academy Council
