Pursuant to the authority of Iowa Code sections 231.23 and 17A.3, the Iowa Department on Aging terminates the rule making initiated by its Notice of Intended Action published in the Iowa Administrative Bulletin on January 9, 2013, as ARC 0549C, proposing to rescind Chapter 6, “Area Agency on Aging Planning and Administration,” Iowa Administrative Code, and to adopt a new Chapter 6 with the same title.

The Notice proposed changes to streamline and amend outdated and duplicative rules; to mandate that area agencies on aging submit an area plan pursuant to state and federal laws, rules, and regulations; and to provide an area plan amendment process. Proposed changes included the addition of governance rules and the elimination of several provisions addressing entrepreneurial activities.

The Department is terminating the rule making commenced in ARC 0549C and is renoticing proposed amendments as ARC 0640C herein to incorporate alternate changes and clarifications.

After analysis and review of this rule making, the Department has determined that there will be no impact on jobs and no fiscal impact to the state.

Pursuant to the authority of Iowa Code chapter 231 and section 17A.3, the Iowa Department on Aging hereby gives Notice of Intended Action to amend Chapter 6, “Area Agency on Aging Planning and Administration,” Iowa Administrative Code.

The proposed amendments incorporate the following particulars:

1. The Department on Aging will be able to require area plans for a period of two years and up to four years. Currently, area agencies on aging are required to submit four-year plans.
2. Area agencies on aging will be allowed flexibility to determine the extent to which a full-time director is necessary. Currently, each area agency on aging is required to have a full-time director.
3. The Department on Aging will not need to dedesignate an area agency on aging for its failure to meet service standards. Dedesignation is still an option under rule 17—4.6(231), but this change will allow flexibility in response to deficiencies.
4. Rule 17—6.14(231) related to priority service expenditures is proposed to be rescinded and will be incorporated in new 17—Chapter 5 (see ARC 0550C, IAB 1/9/13). Subrule 6.14(2) pertaining to hearings related to priority service expenditures is incorporated into subrule 6.2(7).
5. In Item 5, language in the rule pertaining to entrepreneurial activities was found to be inconsistent and unenforceable and is proposed to be rescinded. Rescission of the relevant subrules will clarify for area agencies on aging what is necessary to perform entrepreneurial activities.

Any interested person may make written suggestions or comments on the proposed amendments on or before March 26, 2013. Such written comments or suggestions should be directed to Kimberly Murphy, Iowa Department on Aging, Jessie M. Parker Building, 510 E. 12th Street, Des Moines, Iowa 50319. E-mail may be sent to kimberly.murphy@iowa.gov.

After analysis and review of this rule making, no adverse impact on jobs has been found. These amendments are intended to implement Iowa Code chapter 231.

**Notice of Intended Action**

Twenty-five interested persons, a governmental subdivision, an agency or association of 25 or more persons may demand an oral presentation hereon as provided in Iowa Code section 17A.4(1) “b.”

Notice is also given to the public that the Administrative Rules Review Committee may, on its own motion or on written request by any individual or group, review this proposed action under section 17A.8(6) at a regular or special meeting where the public or interested persons may be heard.

Pursuant to the authority of Iowa Code section 249A.4, the Department of Human Services proposes to amend Chapter 88, “Managed Health Care Providers,” Iowa Administrative Code.

The purpose of this amendment is to clarify policy on the treatment of income and resources for institutionalized spouses who apply for the Programs of All-Inclusive Care for the Elderly (PACE). Specifically, the amendment will clarify policy on the treatment of income and resources for certain institutionalized spouses who apply for PACE.

The effect of this amendment will be to clarify policy that PACE enrollees are considered to be institutionalized for Medicaid eligibility purposes and that spousal impoverishment eligibility rules do apply. The clarification will assist income maintenance workers in making correct determinations of eligibility for PACE.

Any interested person may make written comments on the proposed amendment on or before March 26, 2013. Comments should be directed to Harry Rossander, Bureau of Policy Coordination, Department of Human Services, Hoover State Office Building, 1305 East Walnut Street, Des Moines, Iowa 50319-0114. Comments may be sent by fax to (515)281-4980 or by e-mail to policyanalysis@dhs.state.ia.us.

This amendment does not provide for waivers in specific situations because it confers a benefit and because all Medicaid members are subject to the same rules regarding the determination of eligibility for PACE. However, requests for the waiver of any rule may be submitted under the Department’s general rule on exceptions at 441—1.8(17A,217).

After analysis and review of this rule making, no impact on jobs has been found.

(4) (5) The department must determine that the person needs the nursing facility level of care.

(5) (6) The person must meet any additional program-specific eligibility conditions imposed under the PACE program agreement. These additional conditions shall not modify the requirements stated in this subrule.

HUMAN SERVICES DEPARTMENT[441]

Notice of Intended Action

Twenty-five interested persons, a governmental subdivision, an agency or association of 25 or more persons may demand an oral presentation hereon as provided in Iowa Code section 17A.4(1)“b.”

Notice is also given to the public that the Administrative Rules Review Committee may, on its own motion or on written request by any individual or group, review this proposed action under section 17A.8(6) at a regular or special meeting where the public or interested persons may be heard.

Pursuant to the authority of Iowa Code section 217.6 and chapter 249J, the Department of Human Services proposes to amend Chapter 92, “IowaCare,” Iowa Administrative Code.

Amendments to Chapter 92 are being proposed to add language to include Indian Health Care providers in the IowaCare network to serve IowaCare-eligible Native Americans.

The inclusion of Indian Health Care providers in the IowaCare network for IowaCare-eligible Native Americans is required by the American Recovery and Reinvestment Act of 2009 (PL 111-5), Section 5006(d). Pursuant to the federal requirement, Indian Health Care providers have been allowed to enroll in the IowaCare network to serve Native Americans since November 2012. These proposed amendments revise the Department’s rules to reflect the federally required policy, which allows the estimated 300 IowaCare-eligible Native Americans the option to receive care from participating Indian Health Care providers as well as from their assigned medical home.

Any interested person may make written comments on the proposed amendments on or before March 26, 2013. Comments should be directed to Harry Rossander, Bureau of Policy Coordination, Department of Human Services, Hoover State Office Building, 1305 East Walnut Street, Des Moines, Iowa 50319-0114. Comments may be sent by fax to (515)281-4980 or by e-mail to policyanalysis@dhs.state.ia.us.

These amendments do not provide for waivers in specified situations because the amendments are required by federal law which does not allow for any waiver and because these amendments confer a benefit by allowing for coverage of services provided by Indian Health Care providers. Requests for the waiver of any rule may be submitted under the Department’s general rule on exceptions at 441—1.8(17A,217).

After analysis and review of this rule making, no impact on jobs has been found.

These amendments are intended to implement Iowa Code section 217.6 and chapter 249J.

The following amendments are proposed.

ITEM 1. Adopt the following new definitions of “Indian” and “Indian health care provider” in rule 441—92.1(249A,249J):

“Indian” means a Native American eligible, as an Indian, to receive health care services from an Indian health care provider as defined in this rule.

“Indian health care provider” means a health care program operated by the Indian Health Service of the U.S. Department of Health and Human Services or by an Indian tribe, tribal organization, or urban Indian organization as those terms are defined in 25 U.S.C. § 1603.

ITEM 2. Amend subrule 92.8(1) as follows:

92.8(1) Provider network. Except as provided in subrules 92.8(3) through 92.8(6) 92.8(5), IowaCare members shall have medical assistance only for services provided to the member by:
a. to c. No change.

d. Any physician, advanced registered nurse practitioner, or physician assistant who is part of a medical institution listed in this subrule. Physician assistants are able to render covered services as auxiliary personnel of a physician pursuant to 441—subrule 78.1(13); or

e. An Indian health care provider enrolled in the IowaCare program, for services provided to Indians.

ITEM 3. Amend paragraph 92.8(3)“c” as follows:

c. For persons who reside in Cedar, Clinton, Iowa, Johnson, Keokuk, Louisa, Muscatine, Scott, or Washington County, the services listed in this subrule are covered only when provided by the University of Iowa Hospitals and Clinics or when provided by an Indian health care provider to an Indian.

ITEM 4. Amend subrule 92.8(6) as follows:

92.8(6) Medical home. As a condition of participation in the IowaCare program, network providers designated pursuant to subrule 92.8(1) other than Indian health care providers must also qualify as medical homes, pursuant to Iowa Code chapter 135, division XXII.

  a. and b. No change.

  c. If an IowaCare member resides in a designated county near a designated medical home provider, the department shall assign the member to that provider. If an IowaCare member who is assigned to a medical home and who is not an Indian chooses to go to another provider without a referral from the medical home:

     (1) and (2) No change.

  d. Subject to subrule 92.8(1), services provided to Indians assigned to a medical home may be covered by the IowaCare program if:

     (1) Provided by the assigned medical home or pursuant to a referral by the assigned medical home; or

     (2) Provided by an Indian health care provider enrolled in the IowaCare program or pursuant to a referral by an Indian health care provider enrolled in the IowaCare program.

Notice of Intended Action

Twenty-five interested persons, a governmental subdivision, an agency or association of 25 or more persons may demand an oral presentation hereon as provided in Iowa Code section 17A.4(1)“b.”

Notice is also given to the public that the Administrative Rules Review Committee may, on its own motion or on written request by any individual or group, review this proposed action under section 17A.8(6) at a regular or special meeting where the public or interested persons may be heard.

Pursuant to the authority of Iowa Code section 249A.4, the Department of Human Services proposes to amend Chapter 92, “IowaCare,” Iowa Administrative Code.

This amendment adjusts the premiums for medical assistance benefits under the IowaCare program to reflect the revised 2013 Federal Poverty Levels (FPLs) based on income for the household size.

IowaCare members with income over 150 percent of the FPL will have their premium amount adjusted at their next eligibility review on and after April 1, 2013, to adjust for the changes to the 2013 FPL.

IowaCare applicants who are approved for eligibility effective on and after April 1, 2013, will have their premium assessment calculated based on the new premium scale.

Any interested person may make written comments on the proposed amendment on or before March 26, 2013. Comments should be directed to Harry Rossander, Bureau of Policy Coordination, Department of Human Services, Hoover State Office Building, 1305 East Walnut Street, Des Moines, Iowa 50319-0114. Comments may be sent by fax to (515)281-4980 or by e-mail to policyanalysis@dhs.state.ia.us.
This amendment does not provide for waivers in specific situations because all members should be subject to the same sliding scale for IowaCare premiums. Requests for the waiver of any rule may be submitted under the Department’s general rule on exceptions at 441—1.8(17A,217).

After analysis and review of this rule making, no impact on jobs has been found. This amendment is intended to implement Iowa Code section 249A.4.

The following amendment is proposed.

Amend paragraph 92.7(1)“a” as follows:

a. The monthly premium is based on the household’s countable monthly income as a percentage of the federal poverty level for a household of that size. If there is more than one IowaCare member in a household, a single premium is established for coverage of all of the members in the household. Subject to the annual update pursuant to paragraph 92.7(1)“b,” for certification periods beginning on or after April 1, 2012 2013, premiums are as follows:

DENTAL BOARD[650]

Adopted and Filed

Pursuant to the authority of Iowa Code section 147.76, the Dental Board hereby adopts an amendment to Chapter 10, “General Requirements,” Iowa Administrative Code.

This amendment was published under Notice of Intended Action in the Iowa Administrative Bulletin on November 28, 2012, as ARC 0471C.

This amendment expands the definition of “public health settings” to include programs affiliated with the Early Childhood Iowa (ECI) initiative authorized by Iowa Code chapter 256I and day care centers (excluding home-based day care centers).

A public hearing was held on January 8, 2013, and written comments were accepted through that date. One person attended the public hearing. The Board office received 31 written comments concerning this amendment. Comments were received from private practice dental hygienists, dental hygienists in public health settings, community college educators, a community health center director/dentist, a public health center president/CEO, licensed dentists, I-Smile coordinators, a dental hygiene student, Delta Dental of Iowa, the Iowa Dental Association, the Iowa Association for the Education of Young Children, and the Iowa Primary Care Association.

Comments from those in favor of the amendment indicated that allowing dental hygienists working under a public health supervision agreement with a dentist to provide services in day care and ECI would
help provide access to care to a target population in need of oral health care. The following are selections from the comments received that advocated for the adoption of the amendment:

1. “...by providing non-invasive dental screenings, fluoride varnish and OHI [oral hygiene instructions] we are giving these children a better chance to being cavity free and finding a local dentist for a lifetime.
   “...we can refer them to the appropriate dentist, educate them, and work with the dental community to prevent decay and educate parents about the causes of decay before the age of 3 or 4. We know as dental professionals that prevention is key to oral health and also in reducing costs from Medicaid and dental treatment/surgery.”
   - (Katie McBurney, R.D.H., I-SMILE Coordinator, Marion County Public Health, Knoxville, Iowa)

2. “The Poverty Level for children living in Iowa has increased since 2000 by 50.5%. Nationally it has increased 33.3%. The Poverty Line was set at $22,314 in 2010 for a family of four. These families cannot afford dental care. In 2011 over 79,000 Medicaid enrolled children ages 0-5 did not see a dentist. Dental Hygienists with a Public Health Supervision Agreement need to be able to see these children and provide preventive services. Adding Day Care Centers allows greater access to preventive services by Public Health Supervision Hygienists. Hygienist’s [sic] refer these children to dentists and give preventive services that can save a life and prevent chronic infection for our children in Iowa.”
   - (Carol Van Aernam, R.D.H., Indianola, Iowa)

3. “I am a hygienist working for Community Health Care. I also do screenings at WIC two days per week, and also do Head Start screenings twice per year. I have no doubt that you are aware of all of the same statistics that I am:
   “➢ Barriers to regular dental care are lack of insurance, lack of dental health literacy, and few dental providers taking Medicaid.
   “➢ In 2011, 119,053 Medicaid enrolled children ages 0-12 did not see a dentist.
   “➢ Ages 0-2: 55,540 Medicaid enrolled children did not see a dentist.
   “➢ Ages 3-5: 24,143 Medicaid enrolled children did not see a dentist.
   “➢ In 2011 Medicaid Enrolled Children Receiving a Dental Service from Title V Contractors.
   “➢ Children ages 0-2: 10,509 received a dental service, 56,485 did not.
   “➢ Children ages 3-5: 11,903 received a dental service, 45,779 did not.
   “➢ According to the Iowa Kids Count Report in 2011, 16.2% of Iowa Children live in poverty.
   “➢ Hygienists deliver essential Preventive Services, Education, and refer these individuals to dentists.
   “➢ Public health supervision of dental hygienists has allowed the state of Iowa to develop the I-Smile program significantly enhancing access to quality oral health care.
   “➢ According to the 2011 I-Smile report nearly 110,000 Iowa children between the ages of 0-12 received a dental service from a dentist in 2011, a 54% increase over 2005 numbers.
   “➢ The same report indicates that over 26,000 Iowa children, ages 0-12, received a dental service from a Title V contractor, a 231% increase since 2005.”
   - (Bianca Carmona, R.D.H., Community Health Care)

4. “As a dentist in a public health clinic and a graduate student in dental public health, I understand the barriers that children face to accessing dental services in Iowa. Although children’s access to dental care in Iowa far exceeds many other states, a subset of children continue to go year after year without utilizing the dental care system for reasons that are out of their control. The best way to change this is to maximize the number of locations at which children are exposed to the dental healthcare system, and do so as early in their childhood as possible.
   “Currently, young children are exposed to oral health personnel at locations such as Head Start preschools, WIC centers, schools, and federally qualified health centers (FQHCs). In many cases, these personnel are public health dental hygienists who are able to have a presence in institutions whose clients are dentally underserved. These institutions are typically places where other oral health professionals would not otherwise be located. Increasing the scope of settings where public health hygienists are able to work will improve access to dental care for children in Iowa. In this case, the setting happens to be day care centers. Day care centers should therefore be included in the list of
DENTAL BOARD[650](cont’d)

public health settings in which public health dental hygienists are able to perform their duties. This action will increase the robustness of our state’s oral healthcare system and have a positive impact on the oral health of Iowa’s children.”

- (Julie Reynolds, D.D.S., St. Luke’s Dental Health Center, Cedar Rapids, Iowa)

5. “I strongly agree with adding day care centers as a public health setting in which dental hygienists can provide oral health services under their public health supervision agreements. The key to reducing oral disease among Iowa children is to screen for problems early and educate both parents and caregivers about the importance of good oral health. Daycare centers are an ideal place to provide these services...”

- (Mary Kay Brinkman, R.D.H., Urbandale, Iowa)

All but one of the written comments received were in support of the proposed rule amendment. The Iowa Dental Association (IDA) expressed concern that the Board “noticed the Rule Amendment without adequate consideration for patient safety and without considering the need for enhanced oversight of participants in a public health supervision arrangement.” The IDA indicated that it is concerned that patient safety may be “unnecessarily compromised by expanding the number of settings in which dental hygienists are permitted to provide dental hygiene services under a public health supervision arrangement.” IDA indicated that its concern is based on the fact that under a public health supervision agreement a dentist need not be physically present to supervise the services provided by a dental hygienist. IDA requested that the Board delay implementation of the rule amendment and “conduct a comprehensive review of the patient safety implications.”

During the Notice publication process, a question was raised about the usage of “day care” vs. “child care” in the proposed amendment. Although the term “day care” was used in the Notice, “child care” is used almost universally in the Iowa Code, most notably in chapters 135, 237, 237A and 279. In the Iowa Administrative Code, “child care” is used, particularly in reference to child care centers and in-home providers (see 441—Chapters 109, 110, 118, and 170). By contrast, “day care” is mostly used in reference to adult day services (see Iowa Code chapter 231D). Also, during the comment period, the Iowa Association for the Education of Young Children suggested changing “day care” to “child care.” The Association indicated that “child care” is “commonly accepted language used by the profession for the service of providing care to children.”

Prior to adopting the final amendment, the Board requested a presentation about public health supervision. A presentation on this subject was given at the Board’s January 31, 2013, meeting. The presentation included a description of the reasons this type of supervision was first adopted by the Board in 2003; a discussion about the procedures followed by the Iowa Department of Public Health’s Bureau of Oral Health for review and maintenance of the public health supervision agreements between dental hygienists and dentists; a review of the role of the Iowa Dental Board, a regulatory and licensing board; a discussion of the terms in the existing public health supervision agreements; and a report about complaints received in the past ten years that involve public health supervision. There have been no complaints about patient safety that involve public health supervision agreements.

The Board considered the comments received, the public benefits sought to be achieved by adoption of this amendment, noted the lack of complaints over the past ten years related to public health supervision and voted to adopt the final amendment with one revision to the Noticed amendment. In the adopted amendment, the term “day care” has been changed to “child care.”

This amendment was adopted by the Dental Board on February 11, 2013.

After analysis and review of this rule making, no impact on jobs has been found.

This amendment is intended to implement Iowa Code section 153.33.

This amendment will become effective on April 10, 2013.

The following amendment is adopted.

Amend subrule 10.5(1) as follows:

10.5(1) **Public health settings defined.** For the purposes of this rule, public health settings are limited to schools; Head Start programs; programs affiliated with the early childhood Iowa (ECI) initiative authorized by Iowa Code chapter 256L; child care centers (excluding home-based child care centers);
federally qualified health centers; public health dental vans; free clinics; nonprofit community health centers; nursing facilities; and federal, state, or local public health programs.

DENTAL BOARD[650]

Adopted and Filed

Pursuant to the authority of Iowa Code section 147.76, the Dental Board hereby amends Chapter 11, “Licensure to Practice Dentistry or Dental Hygiene,” and Chapter 15, “Fees,” Iowa Administrative Code. These amendments were published under Notice of Intended Action in the November 28, 2012, Iowa Administrative Bulletin as ARC 0473C.

These amendments correct a cross reference in the rules applicable to dental hygiene licensure by credentials and streamline the initial registration process for dental assistants applying for registration within three months of the next renewal due date. Dental assistant applicants applying close to a renewal cycle will pay the application fee and the renewal fee at the same time. Their registrations will be issued for a period of 24 months plus the amount of time remaining until the next renewal due date. This change will eliminate the need for applicants to submit two separate applications and fees within one three-month period. Similar rule amendments were adopted for the initial licensure and renewal for dentists and dental hygienists. These amendments extend the same simplified process to dental assistant applicants.

A public hearing was held on January 8, 2013, and written comments were accepted through that date. No comments were received, and no one attended the public hearing. These amendments are identical to the amendments published under Notice.

The Iowa Dental Board adopted these amendments on January 31, 2013.

After analysis and review of this rule making, no impact on jobs has been found.

These amendments are intended to implement Iowa Code sections 153.33 and 153.39.

These amendments will become effective on April 10, 2013.

The following amendments are adopted.

ITEM 1. Amend subparagraph 11.6(2)e”(1) as follows:

(1) Passed an examination approved by the board in accordance with Iowa Code section 147.34(1) and administered by a regional or national testing service. The clinical examinations approved by the board are specified in 650—subrule 15.3(5).

ITEM 2. Amend subrules 15.3(13) and 15.3(14) as follows:

15.3(13) Dental assistant registration only application. The fee for an application for registration as a registered dental assistant is $40.

a. Application fee. The application fee for dental assistant registration is $40.

b. Initial registration period and renewal period. If an applicant applies within three months or less of a biennial renewal due date, the applicant shall pay the renewal fee along with the registration application fee. A dental assistant registration shall not be issued for a period less than three months or longer than two years and three months. Thereafter, a registrant shall pay the renewal fee as specified in 650—15.4(153).

15.3(14) Combined application—dental assistant registration and qualification in radiography. The fee for a combined application for both registration as a registered dental assistant and radiography qualification is $60.

a. Application fee. The application fee for a combined application for both registration as a registered dental assistant and radiography qualification is $60.
DENTAL BOARD[650](cont’d)

b. Initial combined registration and radiography qualification period and renewal period. If an applicant applies within three months or less of a biennial renewal due date, the applicant shall pay the renewal fee along with the combined registration/radiography qualification application fee. A dental assistant registration and radiography qualification shall not be issued for a period less than three months or longer than two years and three months. ARC 0633C

HUMAN SERVICES DEPARTMENT[441]

Adopted and Filed

Pursuant to the authority of Iowa Code section 249.3 and 2012 Iowa Acts, chapter 1133, section 18, the Department of Human Services amends Chapter 51, “Eligibility,” and Chapter 52, “Payment,” Iowa Administrative Code.

The purpose of these amendments is to implement cost-of-living increases to several State Supplementary Assistance program categories in accordance with 20 CFR 416.2095 and 416.2096 and 2012 Iowa Acts, chapter 1133, section 18, amending 2011 Iowa Acts, chapter 129, section 124, subsections 2 and 3.

Effective January 1, 2013, the Supplemental Security Income (SSI) benefit was increased according to the increase in the consumer price index from October 1, 2011, through September 30, 2012. The increase announced by the Social Security Administration is 1.7 percent. In order to comply with the federal maintenance-of-effort or “pass-along” requirement in calendar year 2013 using the payment levels method of compliance, Iowa must increase the payment amounts and income limits for each State Supplementary Assistance category (except In-Home Health-Related Care (IHHRC) provider rates and the Supplement for Medicare and Medicaid Eligibles) effective January 1, 2013, to equal the minimum levels required by the federal government. The minimum levels are increased each time the SSI benefit is increased. Compliance with the maintenance-of-effort requirement for state supplements is a condition of eligibility for state participation in the federal Medicaid program. Also, the Iowa General Assembly has directed the Department to increase the personal needs allowance of clients in the residential care facility program by the same percentage and at the same time as the SSI cost-of-living increase.

Notice of Intended Action for these amendments was published in the Iowa Administrative Bulletin as ARC 0488C on December 12, 2012, to allow for public comment. These amendments were also Adopted and Filed Emergency and published as ARC 0489C on the same date. The Department received no comments. These amendments are identical to those published under Notice and Adopted and Filed Emergency.
These amendments do not provide for waivers in specified situations since the increases are required by federal and state law.

After analysis and review of this rule making, no impact on jobs has been found.

These amendments are intended to implement Iowa Code section 249.3 and 2012 Iowa Acts, chapter 1133, section 18, amending 2011 Iowa Acts, chapter 129, section 124, subsections 2 and 3.

These amendments will become effective May 1, 2013, at which time the Adopted and Filed Emergency amendments are hereby rescinded.

The following amendments are adopted.

**441—51.7(249) Income from providing room and board.** In determining profit from furnishing room and board or providing family life home care, $357 $364 per month shall be deducted to cover the cost, and the remaining amount treated as earned income.

| $860 | $872 | Total |

d. Blind client, aged or disabled spouse, and a dependent relative ............... $1,427 $1,452
e. Blind client, blind spouse, and a dependent relative ............................... $1,449 $1,474

**ITEM 5.** Amend subrule 52.1(3) as follows:

**52.1(3) Residential care.** Payment to a recipient in a residential care facility shall be made on a flat per diem rate of $17.86 or on a cost-related reimbursement system with a maximum per diem rate of $28.92 $29.30. The department shall establish a cost-related per diem rate for each facility choosing this method of payment according to rule 441—54.3(249).

The facility shall accept the per diem rate established by the department for state supplementary assistance recipients as payment in full from the recipient and make no additional charges to the recipient.

ARC 0631C

HUMAN SERVICES DEPARTMENT[441]

Adopted and Filed

Pursuant to the authority of Iowa Code section 249A.4, the Department of Human Services amends Chapter 78, “Amount, Duration and Scope of Medical and Remedial Services,” Iowa Administrative Code.

These amendments:

• Clarify dental coverage criteria.
• Reduce exception to policy requests by adding coverage for nitrous oxide under certain circumstances and establishing prior authorization requirements for tissue grafts, antimicrobial agents, denture replacements, and denture rebase.
• Increase the frequency with which topical fluoride applications provided by dentists are allowed.
• Add prior authorization requirements for crowns, anterior partial dentures, an oral appliance for obstructive sleep apnea, and occlusal guards.
• Remove prior authorization requirements for periodontal surgical procedures.

Notice of Intended Action was published in the Iowa Administrative Bulletin as ARC 0497C on December 12, 2012.

The Department received one comment from the public requesting to invoke the provisions of the Governor’s Executive Order Number 80. The Department is holding a meeting with the person who commented to ensure that the person’s concerns are addressed.

These amendments do not provide for waivers in specified situations because requests for the waiver of any rule may be submitted under the Department’s general rule on exceptions at 441—1.8(17A,217).

After analysis and review of this rule making, no impact on jobs has been found.

These amendments are intended to implement Iowa Code section 249A.4.

These amendments will become effective May 1, 2013.

The following amendments are adopted.

Space management services are payable in mixed dentition when premature loss of teeth would permit existing teeth to shift and cause a handicapping malocclusion or there is too little dental ridge to accommodate either the number or the size of teeth and significant dental disease will result if the condition is not corrected.

78.4(2) Diagnostic services. Payment shall be made for the following diagnostic services:

(1) Stainless steel crowns are limited to primary and permanent posterior teeth and are covered when coronal loss of tooth structure does not allow restoration with an amalgam or composite restoration. Placement on permanent posterior teeth is allowed only for members who have a mental or physical condition that limits their ability to tolerate the procedure for placement of a different crown.

(2) Aesthetic coated stainless steel crowns and stainless steel crowns with a resin window are limited to primary anterior teeth.

(3) Laboratory-fabricated crowns, other than stainless steel, are limited to permanent teeth and require prior authorization.       be accompanied by a plan for treatment, a completed copy of a periodontal probe chart that exhibits
      pocket depths, history and radiograph(s). Payment for these surgical procedures will be approved
      after periodontal scaling and root planing has been provided, a reevaluation examination has been
      completed, and the patient member has demonstrated reasonable oral hygiene, unless the patient is
      unable to demonstrate reasonable oral hygiene because of physical or mental disability or in cases which
      demonstrate gingival hyperplasia resulting from drug therapy. Payment is also allowed for members
      who are unable to demonstrate reasonable oral hygiene due to a physical or mental condition, or who

      periodontal scaling and root planing or periodontal surgical procedures have been provided. Periodontal
      maintenance therapy may be approved once per three month interval for moderate to advanced cases
      if the condition would deteriorate without treatment. Approval shall be granted for members who have
      completed periodontal scaling and root planing at least three months prior to the initial periodontal
      maintenance therapy and the periodontal probe chart shows evidence of pocket depths of 4 mm or

f. Tissue regeneration procedures require prior authorization. Approval shall be granted when radiographs show evidence of recession in relation to the muco-gingival junction and the bone level indicates the tooth has a fair to good long-term prognosis.

g. Localized delivery of antimicrobial agents requires prior authorization. Approval shall be granted when at least one year has elapsed since periodontal scaling and root planing was completed, the member has maintained regular periodontal maintenance, and pocket depths remain at a moderate to severe depth with bleeding on probing. Authorization is limited to once per site every 12 months.

78.4(5) Endodontic services. Payment shall be made for the following endodontic services:
   a. Root canal treatments on permanent anterior and posterior teeth when there is presence of extensive posttreatment restorative procedures are not necessary and when missing teeth do not jeopardize the integrity or function of the dental arches, decay, infection, draining fistulas, severe pain upon chewing or applied pressure, prolonged sensitivity to temperatures, or a discolored tooth indicative of a nonvital tooth.
   b. No change.
   c. Surgical endodontic treatment is payable when prior approval has been received. Payment for, including an apicoectomy, performed as a separate surgical procedure; an apicoectomy, performed in conjunction with endodontic procedure; an apical curettage; a root resection; or excision of hyperplastic tissue will be approved is payable when nonsurgical treatment has been attempted and a reasonable time of approximately one year has elapsed after which failure has been demonstrated. Surgical endodontic procedures may be indicated when:
      (1) Conventional root canal treatment cannot be successfully completed because canals cannot be negotiated, debrided or obturated due to calcifications, blockages, broken instruments, severe curvatures, and dilacerated roots.
      (2) Correction of problems resulting from conventional treatment including gross underfilling, perforations, and canal blockages with restorative materials. (Cross-reference 78.28(2)(j)(c))
   d. Endodontic retreatment when prior authorization has been received. Authorization for retreatment of a tooth with previous endodontic treatment shall be granted when the conventional treatment has been completed, a reasonable time has elapsed since the initial treatment, and failure has been demonstrated with a radiograph and narrative history. A reasonable period of time is approximately one year if the treating dentist is the same and may be less if the member must see a different dentist.

78.4(6) Oral surgery—medically necessary. Payment shall be made for medically necessary oral surgery services furnished by dentists to the extent that these services may be performed under state law either by doctors of medicine, osteopathy, dental surgery or dental medicine and would be covered if furnished by doctors of medicine or osteopathy, as defined in rule 441—78.1(249A). These services will be reimbursed in a manner consistent with the physician’s reimbursement policy. The following surgical procedures are also payable when performed by a dentist:

first-time complete denture are payable when the denture is provided to establish masticatory function. An immediate denture or a first-time complete denture is payable only once following the removal of teeth it replaces. A complete denture is payable only once in a five-year period except when the denture is broken beyond repair, lost or stolen, or no longer fits due to growth or changes in jaw structure and is required to prevent significant dental problems. Replacement of complete dentures due to resorption in less than a five-year period is not payable.

b. A removable partial denture replacing anterior teeth, including six months’ postdelivery care when prior approval has been received. Approval shall be granted when radiographs demonstrate adequate space for replacement of a missing anterior tooth. Six months’ postdelivery care is included in the reimbursement for the denture. A removable partial denture replacing anterior teeth is payable only once in a five-year period unless the removable partial denture is broken beyond repair, lost or stolen, or no longer fits due to growth or changes in jaw structure and is required to prevent significant dental problems. Replacement of a removable partial denture replacing anterior teeth due to resorption in less than a five-year period is not payable. (Cross-reference 78.28(2)(c)("b"))

c. A removable partial denture replacing posterior teeth including six months’ postdelivery care when prior approval has been received. A removable partial denture replacing posterior teeth Approval shall be approved granted when the member has fewer than eight posterior teeth in occlusion, excluding third molars, or the member has a full denture in one arch and a partial denture replacing posterior teeth is required in the opposing arch to balance occlusion. When one removable partial denture brings eight posterior teeth in occlusion, no additional removable partial denture will be approved. Six months’ postdelivery care is included in the reimbursement for the denture. A removable partial denture replacing posterior teeth is payable only once in a five-year period unless the removable partial denture is broken beyond repair, lost or stolen, or no longer fits due to growth or changes in jaw structure and is required to prevent significant dental problems. Replacement of a removable partial denture replacing posterior teeth due to resorption in less than a five-year period is not payable. (Cross-reference 78.28(2)(c)("b"))

Approval shall be granted for members who:

1. Have a physical or mental condition that precludes the use of a removable partial denture, or
2. Have an existing bridge that needs replacement due to breakage or extensive, recurrent decay.

High noble or noble metals shall be approved only when the member is allergic to all other restorative materials. A fixed partial denture replacing anterior teeth is payable only once in a five-year period unless the fixed partial denture is broken beyond repair. (Cross-reference 78.28(2)(c)("b"))

e. A fixed partial denture (including an acid etch fixed partial denture) replacing posterior teeth when prior approval has been received. A fixed partial denture (including an acid etch fixed partial denture) replacing posterior teeth Approval shall be approved granted for the members who meet the criteria for a removable partial denture and:

Adjustments to a complete or removable partial denture are payable when medically necessary after six months’ postdelivery care. An adjustment consists of removal of acrylic material or adjustment of teeth to eliminate a sore area or to make the denture fit better. Warming dentures and massaging them for better fit or placing them in a sonic device does not constitute an adjustment.

Dental implants and related services when prior authorization has been received. Prior authorization shall be granted when the member is missing significant oral structures due to cancer, traumatic injuries, or developmental defects such as cleft palate and cannot use a conventional denture.

Replacement of complete or partial dentures in less than a five-year period requires prior authorization. Approval shall be granted once per denture replacement per arch in a five-year period when the denture has been lost, stolen or broken beyond repair or cannot be adjusted for an adequate fit. Approval shall also be granted for more than one denture replacement per arch within five years for members who have a medical condition that necessitates thorough mastication. Approval will not be granted in less than a five-year period when the reason for replacement is resorption.

A complete or partial denture rebase requires prior approval. Approval shall be granted when the acrylic of the denture is cracked or has had numerous repairs and the teeth are in good condition.

A score of 26 or above on the index from “Handicapping Malocclusion Assessment to Establish Treatment Priority,” by J.A. Salzmann, D.D.S., American Journal of Orthodontics, October 1968, is required for approval.

(1) A handicapping malocclusion is a condition that constitutes a hazard to the maintenance of oral health and interferes with the well-being of the patient by causing impaired mastication, dysfunction of the temporomandibular articulation, susceptibility to periodontal disease, susceptibility to dental caries, and impaired speech due to malpositions of the teeth. Treatment of handicapping malocclusions will be approved only for the severe and the most handicapping. Assessment of the most handicapping malocclusion is determined by the magnitude of the following variables: degree of malalignment, missing teeth, angle classification, overjet and overbite, openbite, and crossbite.

(2) A request to perform an orthodontic procedure must be accompanied by an interpreted cephalometric radiograph and study models trimmed so that the models simulate centric occlusion of the patient. A written plan of treatment must accompany the diagnostic aids. Posttreatment records must be furnished upon request of the Iowa Medicaid enterprise.

(3) Approval may be made for eight units of a three-month active treatment period. Additional units may be approved by the Iowa Medicaid enterprise’s orthodontic consultant if found to be medically necessary. Minor treatment to control harmful habits when prior approval has been received. Approval shall be granted when it is cost-effective to lessen the severity of a malformation such that extensive treatment is not required. (Cross-reference 78.28(2)“d”“c”)

Space management services shall be payable when there is too little dental ridge to accommodate either the number or the size of teeth and if not corrected significant dental disease will result. Interceptive orthodontic treatment of the transitional dentition when prior approval has been received. Approval shall be granted when it is cost-effective to lessen the severity of a malformation such that extensive treatment is not required.

Tooth guidance for a limited number of teeth or interceptive orthodontics is a payable service when extensive treatment is not required. Pretreatment records are not required. Comprehensive orthodontic treatment when prior approval has been received. Approval is limited to members under 21 years of age and shall be granted when the member has a severe handicapping malocclusion with a score of 26 or above using the index from the “Handicapping Malocclusion Assessment to Establish Treatment Priority,” by J.A. Salzmann, D.D.S., American Journal of Orthodontics, October 1968.

Inhalation of nitrous oxide is payable when the age or physical or mental condition of the member necessitates the use of minimal sedation for dental procedures.

g. Occlusal guard. A removable dental appliance to minimize the effects of bruxism and other occlusal factors requires prior approval. Approval shall be granted when the documentation supports evidence of significant loss of tooth enamel, tooth chipping, headaches or jaw pain.

78.4(10) Treatment in a nursing facility. Orthodontic services to members 21 years of age or older. Payment will be approved for dental treatment provided in a nursing facility. When more than one patient is examined during the same nursing home visit, payment will be made by the Medicaid program for only one visit to the nursing home. HUMAN SERVICES DEPARTMENT[441]

Adopted and Filed

Pursuant to the authority of Iowa Code section 249A.4, the Department of Human Services amends Chapter 78, “Amount, Duration and Scope of Medical and Remedial Services,” Iowa Administrative Code.

These amendments expand prior authorization requirements for diabetic equipment and supplies not covered by rebate agreements. If the Department has a current agreement for a rebate with at least one manufacturer of a particular category of diabetic equipment or supplies (such as blood glucose monitors, blood glucose test strips, lancets, lancets, or diabetic syringes), prior authorization will be required for any equipment or supplies in that category produced by manufacturers that have not contracted with the Department to provide a rebate. However, this requirement will not apply to supplies for members receiving care in a nursing facility or an intermediate care facility for persons with an intellectual disability. Prior authorization will be granted when medically necessary.

Notice of Intended Action for these amendments was published in the Iowa Administrative Bulletin as ARC 0496C on December 12, 2012. The Department received no comments and made no substantive changes. In paragraph 78.10(4)“b,” the phrase “intermediate care facility for the mentally retarded” was changed to “intermediate care facility for persons with an intellectual disability” to reflect updated terminology.

These amendments do not provide for waivers in specified situations because prior authorization may be requested for products from manufacturers without rebate agreements. In addition, requests for the waiver of any rule may be submitted under the Department’s general rule on exceptions at 441—1.8(17A,217).

After analysis and review of this rule making, no impact on jobs has been found.
These amendments are intended to implement Iowa Code section 249A.4.
These amendments will become effective May 1, 2013.
The following amendments are adopted.

ITEM 1. Amend subrule 78.10(2) as follows:

a. Blood glucose monitors are covered through the Medicaid program only if:

1. The monitor is produced by a manufacturer that has a current agreement to provide a rebate to the department for monitors provided through the Medicaid program; or

REAL ESTATE APPRAISER EXAMINING BOARD[193F]

Adopted and Filed

Pursuant to the authority of Iowa Code section 543D.5, the Iowa Real Estate Appraiser Examining Board hereby amends Chapter 11, “Continuing Education,” Iowa Administrative Code.

The adopted amendments to Chapter 11 allow all continuing education to be taken via distance education, and they also clarify the amount of time a student must be present for live instruction in order to gain educational credit. Iowa Code chapter 543D does not allow more than 50 percent of the required instructional hours to be taken through correspondence and home-study courses. Home-study and correspondence programs, as those terms relate to Iowa Code section 543D.16(2), refer to self-study programs which are not generally approved by the Appraiser Qualifications Board for continuing education credit because such courses do not usually provide a reciprocal environment where the student has verbal or written communication with the instructor. The statutory limitation on correspondence and home-study courses does not apply to interactive programs that are approved by the Appraiser Qualifications Board (AQB) and AQB-approved delivery mechanisms. The Appraiser Examining Board in recent months has received many waiver requests for the required classroom hours.

Notice of Intended Action was published in the Iowa Administrative Bulletin on December 26, 2012, as ARC 0534C. No public comment was received on these amendments. These amendments are identical to those published under Notice of Intended Action.

There is no fiscal impact to the State of Iowa.

These amendments were adopted by the Board on February 14, 2013.

These amendments are subject to waiver or variance pursuant to 193F—Chapter 11.

After analysis and review of this rule making, no direct impact on jobs has been found, although a positive impact could exist. This rule making makes the renewal of a credential for associate or certified
appraisers more flexible and helps them take their required continuing education in a way that reduces the burden on small businesses.

These amendments are intended to implement Iowa Code chapters 17A, 272C, 543D, and 546. These amendments shall become effective April 10, 2013. The following amendments are adopted.

**ITEM 1.** Amend subrule 11.2(2) as follows:

11.2(2) A maximum of 14 of the required 28 All continuing education credit hours may be acquired in approved distance education programs.

**ITEM 2.** Amend subrule 11.2(7) as follows:

11.2(7) Successful completion of a continuing education program requires 90 percent attendance that at least 50 minutes of every class hour be attended by the student. Continuing education credits shall not be granted to attendees who are present for less than 90 percent of the scheduled class meeting 50 minutes of every class hour.

**REGENTS BOARD[681]**

**Adopted and Filed**

Pursuant to the authority of Iowa Code section 262.9(3), the Board of Regents hereby amends Chapter 1, “Admission Rules Common to the Three State Universities,” Iowa Administrative Code.

This amendment condenses the “undergraduate domestic student” and “nondegree student” fees into one fee for each of the three universities; renames the “graduate domestic student” fee as the “graduate/professional domestic student” fee for both the University of Northern Iowa and Iowa State University; renames the “graduate international student” fee as the “graduate/professional international student” fee for both the University of Northern Iowa and Iowa State University; increases the graduate application fees for Iowa State University; and adds a reentry fee for the University of Northern Iowa. The changes in the fee titles allow for consistency among the universities. The fee increases at Iowa State University and the establishment of the new fee at the University of Northern Iowa help cover processing costs.

The Board of Regents adopted the amendment on February 6, 2013.
