ACCOUNTANCY EXAMINING BOARD[193A]

Notice of Intended Action

Twenty-five interested persons, a governmental subdivision, an agency or association of 25 or more persons may demand an oral presentation hereon as provided in Iowa Code section 17A.4(1)“b.”

Notice is also given to the public that the Administrative Rules Review Committee may, on its own motion or on written request by any individual or group, review this proposed action under section 17A.8(6) at a regular or special meeting where the public or interested persons may be heard.

These proposed amendments update the Board’s rules to reflect changes enacted by 2017 Iowa Acts, Senate File 237, which amends Iowa Code chapter 542 to authorize out-of-state certified public accounting firms (CPA firms) exercising a practice privilege to perform all forms of attest services, as opposed to only review and compilation services as previously authorized. These proposed amendments also update the Board’s rules to allow CPA firms to designate nonlicensee owners as the individuals responsible for CPA firm licensure, consistent with 2017 Iowa Acts, Senate File 237. The proposed amendments also amend the Board’s rules to include the Commonwealth of the Northern Mariana Islands within the definition of the term “state,” consistent with 2017 Iowa Acts, Senate File 237.

The proposed amendments reflect partial compliance with Iowa Code section 17A.7(2), which states that beginning July 1, 2012, over each five-year period of time, an agency shall conduct an ongoing and comprehensive review of all of the agency’s rules. The goal of the review is to identify and eliminate all rules that are outdated, redundant, or inconsistent or incompatible with statute or the agency’s rules or the rules of other agencies.

Any interested person may make written or oral suggestions or comments on the proposed amendments on or before August 28, 2017. Comments should be directed to Robert Lampe, Executive Officer, Iowa Accountancy Examining Board, 200 E. Grand, Suite 350, Des Moines, Iowa 50309; by telephone at (515)725-9024; or by e-mail to robert.lampe@iowa.gov.

A public hearing will be held at 1 p.m. on Monday, August 28, 2017, at the offices of the Professional Licensing and Regulation Bureau, 200 E. Grand Avenue, Suite 350, Des Moines, Iowa. At the hearing, persons who wish to speak will be asked to give their names and addresses for the record and to confine their remarks to the subject of the proposed amendments.

Any person who plans to attend the public hearing and has special requirements, such as those related to hearing or mobility impairments, should contact the Board to discuss specific needs.

There is no fiscal impact. No current fees are being changed, and no new fees are being imposed. These amendments are subject to waiver or variance pursuant to 193—Chapter 5.

These amendments were approved at the June 21, 2017, regular meeting of the Board.

After analysis and review of this rule making, no impact on jobs has been found.

These amendments are intended to implement Iowa Code chapter 542 as amended by 2017 Iowa Acts, Senate File 237.

The following amendments are proposed.

ITEM 1. Amend rule 193A—1.1(542), definition of “State,” as follows:

However, a CPA exercising a practice privilege who works for or in an out-of-state CPA firm that does not hold a permit to practice under Iowa Code section 542.7 may provide review services in Iowa or for a client with a home office in Iowa as long as the firm complies with Iowa Code section 542.20, subsections 5 and 6, sections 542.20(5) and 542.20(6) and associated rules and the peer review and ownership provisions of Iowa Code section 542.7.

(2) CPAs perform attest services through an out-of-state CPA firm exercising a practice privilege, the out-of-state CPA firm shall affirm upon request from the board that the CPAs who supervise attest services for the firm or who sign or authorize someone to sign the accountant’s report on behalf of the firm, as such attest services are or will in the following year be performed in Iowa or for a client with a home office in Iowa, have been qualified to perform attest services in Iowa or another jurisdiction.

ITEM 4. Amend paragraph 7.1(5)“a” as follows:

7.1(6) An out-of-state CPA firm exercising a practice privilege may perform review and attest services in Iowa or for a client with a home office in Iowa without first obtaining a firm permit to practice in Iowa as long as the firm is validly licensed in the state of its principal place of business, complies with Iowa Code section 542.20, subsections 5 and 6, as amended by 2012 Iowa Acts, Senate File 2122, sections 542.20(5) and 542.20(6) and associated rules, and complies with the peer review and ownership provisions of Iowa Code section 542.7.

ITEM 6. Amend subrule 7.3(11) as follows:

7.3(11) Affirmation that all CPAs or LPAs who are responsible for supervising compilation services or who sign or authorize someone to sign the accountant’s compilation report on the financial statements on behalf of the firm comply with nationally recognized professional standards that are applicable to the compilation services performed in Iowa or for a client with a home office in Iowa.

ITEM 7. Amend subrule 8.1(7) as follows:

8.1(7) The application shall affirm that all nonlicensee owners are of good moral character and active participants in the firm or an affiliated entity.

ITEM 8. Amend subrule 10.7(1) as follows:

10.7(1) Every CPA certificate holder or LPA license holder who is responsible for supervising compilation services or who signs or authorizes someone to sign the accountant’s compilation report on the financial statements on behalf of a firm shall complete, as a condition of certificate or license renewal, a minimum of eight hours of continuing professional education devoted to financial statement presentation, such as courses covering the statements on standards for accounting and review services (SSARS) and accounting and auditing updates. When required, the financial statement presentation continuing education shall be completed within the three-year period ending on the December 31 or
June 30 preceding the application for certificate or license renewal. For credit to be claimed for a course covering multiple topics, a minimum of one hour as outlined in subrule 10.6(1) shall be devoted to financial statement presentation. For example, if a seminar or presentation is conducted for a total of four hours and only one hour is devoted to financial statement presentation, then only one hour shall be claimed toward meeting the requirement of this subrule.

**ITEM 9.** Amend subrule 13.4(2) as follows:

**13.4(2) Practice privilege.** All audit, review, and other attest services performed in Iowa or for a client with a home office in Iowa must be performed through a CPA firm that holds an active Iowa firm permit to practice, provided that, or through an out-of-state CPA firm exercising a practice privilege may perform review services in Iowa or for a client with a home office in Iowa without first obtaining a firm permit to practice in Iowa as long as the firm complies in compliance with Iowa Code sections 542.20(5) and 542.20(6) and associated rules and the peer review and ownership provisions of Iowa Code section 542.7. Unless Iowa certification is specifically required by a governmental body or client, the individual CPAs performing such attest services may either hold an active Iowa CPA certificate or exercise a practice privilege as more fully described in Iowa Code section 542.20. LPAs and LPA firms are not authorized to perform attest services.

**ITEM 10.** Amend subrule 13.5(3) as follows:

**13.5(3) Mandatory financial statement presentation continuing professional education.** In each renewal period in which compilation reports are issued, every CPA certificate holder or LPA license holder who is responsible for supervising compilation services or who signs or authorizes someone to sign the accountant’s compilation report on the financial statements on behalf of a firm shall complete, as a condition of certificate or license renewal, a minimum of eight hours of continuing education devoted to financial statement presentation every three years, such as courses covering the Statements on Standards for Accounting and Review Services (SSARS) and accounting and auditing updates. This requirement is more fully described in 193A—subrule 10.7(1).

**ITEM 11.** Amend paragraph 14.3(5)“c” as follows:

c. Performing attest services as an individual without proper certification or attest qualification, or without acting through a CPA firm holding a permit to practice pursuant to Iowa Code section 542.7 or exercising a practice privilege pursuant to Iowa Code section 542.20.

**ITEM 12.** Amend paragraph 14.3(5)“d” as follows:

d. Performing attest services as a firm without holding a permit to practice pursuant to Iowa Code section 542.7 or exercising a practice privilege pursuant to Iowa Code section 542.20, or without ensuring that the individuals responsible for supervising attest services or signing or authorizing someone to sign the accountant’s report are attest qualified, hold the required certification or are eligible to exercise a practice privilege, or otherwise performing attest services in a manner inconsistent with Iowa Code chapter 542 and 193A—Chapters 6 and 7 or the rules of the board.

**ITEM 13.** Amend rule 193A—20.5(542) as follows:

**193A—20.5(542) Attest and compilation services.**

20.5(1) Individuals providing audit, review or other attest services in Iowa or for a client with a home office in Iowa must practice through a CPA firm that holds an active permit to practice pursuant to Iowa Code section 542.20, provided that, or through an out-of-state CPA firm exercising a practice privilege may perform review services in Iowa or for a client with a home office in Iowa without first obtaining a firm permit to practice in Iowa as long as the out-of-state firm is validly licensed in the state of its principal place of business, complies with Iowa Code section 542.20, subsections 5 and 6, as amended by 2012 Iowa Acts, Senate File 2122, sections 542.20(5) and 542.20(6) and associated rules, and complies with the peer review and ownership provisions of Iowa Code section 542.7. Unless Iowa certification is specifically required by a governmental body or client, individual CPAs performing such attest services through an out-of-state CPA firm may either hold an active Iowa CPA certificate or exercise a practice privilege as more fully described in Iowa Code section 542.20. Individuals who provide such attest
services in Iowa or for a client with a home office in Iowa through an out-of-state CPA firm exercising a practice privilege must provide such services through a certified public accounting firm that is validly licensed in the state of its principal place of business, complies with Iowa Code sections 542.20(5) and 542.20(6) and associated rules, and complies with the peer review and ownership provisions of Iowa Code section 542.7.

20.5(2) Individuals providing compilation services in Iowa or for a client with a home office in Iowa must comply with the peer review provisions of Iowa Code section 542.6(6), or provide such services through a CPA or LPA firm, or a substantially equivalent firm that holds a valid license in the firm's principal place of business and that complies with the peer review and ownership provisions of Iowa Code section 542.7 or 542.8.

20.5(3) Individuals who provide reviews of financial statements, as provided in Iowa Code section 542.3, subsection 1, in Iowa or for a client with a home office in Iowa must provide such services through a certified public accounting firm that is validly licensed in the state of its principal place of business and that complies with the peer review and ownership provisions of Iowa Code section 542.7.

ITEM 14. Amend subrule 21.3(2) as follows:

21.3(2) Iowa licensure is required if:

(a) The firm performs or offers to perform attest services, other than review services, in Iowa or for a client with a home office in Iowa; or

(b) The firm has one or more offices in Iowa at which the firm uses the title “CPAs,” “CPA firm,” “certified public accountants,” or “certified public accounting firm.”

ITEM 15. Rescind rule 193A—21.5(542) and adopt the following new rule in lieu thereof:

193A—21.5(542) Attest and compilation services. Unless otherwise required by rule 193A—21.3(542), attest and compilation services may be performed by an out-of-state CPA firm exercising a practice privilege as long as the out-of-state firm is validly licensed in the state of its principal place of business, complies with Iowa Code sections 542.20(5) and 542.20(6) and associated rules, and complies with the peer review and ownership provisions of Iowa Code section 542.7.

INSPECTIONS AND APPEALS DEPARTMENT[481] Notice of Intended Action

Twenty-five interested persons, a governmental subdivision, an agency or association of 25 or more persons may demand an oral presentation hereon as provided in Iowa Code section 17A.4(1)“b.”

Notice is also given to the public that the Administrative Rules Review Committee may, on its own motion or on written request by any individual or group, review this proposed action under section 17A.8(6) at a regular or special meeting where the public or interested persons may be heard.

Pursuant to the authority of Iowa Code sections 10A.104(5) and 135C.14, the Department of Inspections and Appeals hereby gives Notice of Intended Action to amend Chapter 56, “Fining and Citations,” Iowa Administrative Code.

Item 1 makes a technical correction to rule 481—56.7(135C) by correcting a reference to the Director of the Department of Inspections and Appeals.

Item 2 rescinds current rule 481—56.10(135C), Factors determining imposition of citation and fine, and adopts a new rule on the same subject. The proposed rule clarifies the process by which fines imposed against health care facilities for violations of state rules are calculated. The proposed rule also provides a clear and transparent method for calculating the amount of a state fine for a Class I violation and provides related explanations for the calculations.

The proposed amendment in Item 2 is the result of a kaizen event held by the Department during which the calculation of state fines was reviewed and discussed. Included among the kaizen participants was a representative from a long-term care association. One of the most commonly heard complaints
from long-term care providers is the lack of transparency in the calculation of state fines, especially those associated with Class I violations. As a result of the kaizen, a chart was developed that will clearly indicate how fines associated with Class I violations are calculated.

Prior to submission of this Notice of Intended Action, the proposed amendments were shared with providers for comment.

The Department does not believe that the proposed amendments will pose any financial hardship on any regulated entity or individual.

The State Board of Health initially reviewed the proposed amendments at its July 12, 2017, meeting.

Any interested person may make written suggestions or comments on the proposed amendments on or before August 22, 2017. Such written materials should be addressed to the Director, Department of Inspections and Appeals, Lucas State Office Building, Third Floor, 321 East 12th Street, Des Moines, Iowa 50319-0083; faxed to (515)242-6863; or e-mailed to david.werning@dia.iowa.gov.

After analysis and review of this rule making, no impact on jobs has been found.

These amendments are intended to implement Iowa Code sections 10A.104(5) and 135C.14.

The following amendments are proposed.

ITEM 1. Amend rule 481—56.7(135C) as follows:

481—56.7(135C) Notation of classes of violations. All rules relating to health care facilities, other than those which are informational in character, shall be followed by a notation at the end of each rule, or pertinent part thereof. This notation shall consist of a Roman numeral or numerals in parentheses. These Roman numerals refer to the class (either class I, class II, or class III) of violation which may be cited by the director of the department of inspections and appeals when that rule, or a part of a rule carrying the notation is violated by the facility.

ITEM 2. Rescind rule 481—56.10(135C) and adopt the following new rule in lieu thereof:

481—56.10(135C) Factors determining imposition of citation and fine.

These amendments replace the 9% Qualified Allocation Plan (QAP) for the allocation of 9 percent low-income housing tax credits with a revised 2018 9% Qualified Allocation Plan.

The updated 2018 9% QAP sets forth the purposes of the plan, the administrative information required for participation, threshold criteria, selection criteria, post reservation requirements, the appeal process, and the compliance monitoring component. The plan also establishes the fees for filing an application for low-income housing tax credits and for compliance monitoring. Copies of the qualified allocation plan are available upon request from the Authority and are available electronically on the Authority’s Web site at www.iowafinanceauthority.gov. It is the Authority’s intent to incorporate the updated 2018 9% QAP by reference consistent with Iowa Code chapter 17A and 265—subrules 17.4(2) and 17.12(2).
The Authority does not intend to grant waivers under the provisions of any of these rules, other than as may be allowed under the Authority’s general rules concerning waivers. These amendments became effective July 1, 2017.

The following amendments are adopted.

**ITEM 1.** Amend subrules 3.39(3) and 3.39(12) as follows:

*3.39(3) Pay on promotion.* An employee who is promoted will be moved to the minimum rate of the new grade, or to a higher rate on the new grade which provides an adjustment, to the employee’s present base pay, that is the salary equivalent of no less than one step higher than the employee’s present base pay but, at the discretion of the institution, no greater than 5 percent without approval of the merit system director. In no event will the adjustment result in pay above the maximum of the new grade.

If the promotion involves movement to a new grade that is three or more grades higher than the employee’s present grade, the resident director may approve, on written request from the employing department, an increase, to the employee’s present base pay, that is equivalent to the value of no less than two steps higher than the employee’s present base pay but, at the discretion of the institution, no greater than 10 percent without the approval of the merit system director.

For the purpose of calculating the promotional increase, any extra pay such as shift differential pay, pay for special assignment, on-call pay, pay for overtime, or pay for call back shall be excluded as part of the employee’s present base pay. The merit review date will be computed from the effective date of promotion and in accordance with 3.39(2). Pay on promotion in accordance with the provisions of subrule 3.39(1), paragraph “b,” 3.39(1)“b” may be authorized by a resident director and will be reported to the merit system director.

*3.39(12) Pay for lead worker status.* On request of an employing department and with approval of the resident director, an employee who is assigned and performs limited supervisory duties (such as distributing work assignments, maintaining a balanced workload within a group, and keeping attendance and work records) in addition to regular duties, may be designated as lead worker in the classification assigned, and paid during the period of such designation the employee’s base salary plus the equivalent of no less than one step but, at the discretion of the institution, no greater than 5 percent without the approval of the merit system director.

**ITEM 2.** Amend rule 681—3.129(8A) as follows:

681—3.129(8A) Grievances. Disputes or complaints by permanent employees regarding the interpretation or application of institutional rules governing terms of employment or working conditions...
(other than general wage levels) or the provisions of these merit system rules (other than disputes whose resolution is provided for in 681—3.127(8A) and 681—3.128(8A)) will be resolved in accordance with the following procedure, except at institutions where a varied procedure has been approved by the merit system director in accordance with 3.129(1). Employees in an initial probationary period will be allowed access to the grievance procedure with the right to appeal in writing at steps within the institution. The institutional representative may permit an oral presentation at any step if the institutional representative deems one necessary. At each step of the grievance procedure, the employee may be represented by one or two persons, coworkers of the employee’s choosing. The name of such representatives will be noted on the written grievance and on each subsequent appeal. Presentations, reviews, investigations, and hearings held under this procedure may be conducted during working hours, and employees who participate in such meetings will not suffer loss of pay as a result thereof.

If an employee does not appeal a decision rendered at any step of this procedure within the time prescribed by these rules, the decision will become final. If an institutional representative does not reply to an employee’s grievance or appeal within the prescribed time, the employee may proceed to the next step. With the consent of both parties, any of the time limits prescribed in these rules may be extended.

**Step 1. Dissatisfied employees** A dissatisfied employee will first discuss their employee’s problem with their employee’s immediate supervisor. It is presumed that the majority of disputes, complaints, or misunderstandings will be resolved at this point. If the employee is still dissatisfied after such discussion, the employee may within ten days after the occurrence of the matter leading to the grievance or within ten days after such time that the employee has, or could reasonably be expected to have, knowledge of such occurrence, file a written grievance with the employee’s immediate supervisor department head or designee. A written grievance will contain a brief description of the complaint or dispute and the pertinent circumstances and dates of occurrence. It will specify the institutional or merit system rule which has allegedly been violated and will state the corrective action desired by the employee. The supervisor will review the grievance with the employee and will transmit the supervisor’s decision to the employee in writing within five days after receiving the grievance. The grievance will be signed and dated by the employee. The department head or designee will investigate the grievance and will give the employee or a coworker of the employee’s choosing the right to present the employee’s case orally. The department head or designee will notify the employee of the decision in writing within ten days after receiving the grievance.

**Step 2.** If the employee is not satisfied with the decision of the supervisor, the employee may within five days after receiving that decision appeal it to the department head. Such an appeal will be in writing and will contain all of the information included in the initial grievance, the decision of the supervisor, and any other pertinent information the employee may wish to submit. The appeal will be signed and dated by the employee. The department head will investigate the grievance and will give the employee or a representative of the employee’s choosing the right to present the employee’s case orally. The department head may affirm, reverse, or modify the supervisor’s decision and will notify the employee of the decision in writing within ten days after receiving the appeal.

**Step 3.** If the employee is not satisfied with the decision of the department head or designee, the employee may within five days after receiving that decision, appeal it to the dean of the college or the head of the major operating division or designee(s) in which the employee is employed. The dean or the division head and the resident director or designee(s) will jointly represent the institution at this step of the appeal procedure. The appeal will be in writing and will include all of the information included in the initial grievance and subsequent appeals, all the decisions related thereto, and any other pertinent information the employee may wish to submit. The appeal will be signed and dated by the employee.

The dean of the college or head of the division and the resident director or designee(s) will investigate the grievance and will give the employee or a representative coworker of the employee’s choosing the right to present the employee’s case orally. The institutional representatives may affirm, reverse, or modify the decision of the department head, and will notify the employee of their decision in writing within ten days after receiving the appeal.

**Step 4.** If the employee is not satisfied with the decision rendered at Step 3 of the grievance procedure, the employee may within five days after receiving that decision appeal it to the chief
The appeal will be in writing and will include all of the information included in the initial grievance and subsequent appeals, all decisions related thereto, and any other pertinent information the employee may wish to submit. The appeal will be signed and dated by the employee.

The chief administrator or the chief administrator’s designee will investigate the grievance and will give the employee or a coworker of the employee’s choosing the right to present the employee’s case orally. The chief administrator may affirm, reverse, or modify the decision rendered at Step 3.2 and will notify the employee of the administrator’s decision in writing within ten days after receiving the appeal.

Step 4. Employees not satisfied with the decision rendered under Step 4.3 may within five days after receiving that decision request a hearing before an arbitrator. Such a request will be in writing, will include all of the information included in the initial grievance and subsequent appeals, all of the decisions related thereto, and any other pertinent information the employee may wish to submit.

The appeal will be signed and dated by the employee and will be directed to the merit system director who will arrange for a hearing before an arbitrator as prescribed under 3.129(2). The arbitrator will be expected to render a decision within 30 calendar days following the conclusion of the hearing.

The merit system director shall have the right to rule whether a case is grievable and arbitrable under the merit system. The merit system director shall have the right to refuse to refer to arbitration any grievance not found to be in full compliance with these rules involving the grievance procedure. The board of regents shall retain jurisdiction to review decisions of the merit director as to whether a matter is grievable or arbitrable upon appeal by an employee.

3.129(1) Institutional grievance procedure. An institution may develop a grievance procedure for all or a segment of its employees that varies from the procedure prescribed in 681—3.129(8A), provided that such a procedure begins with discussion between the employee and the employee’s immediate supervisor and provides for a final hearing in accordance with Step 4 of the grievance procedure prescribed herein. Such an institutional procedure will incorporate all the rights provided employees in this chapter, will be made known to the employees to whom it applies, and must be approved by the merit system director.

In the absence of an approved institutional procedure, 681—3.129(8A) will apply.

3.129(2) Appeals. The board of regents will approve the use of a single arbitrator in hearing an appeal. The selection of the arbitrator shall be made from a panel of arbitrators as referred from the Federal Mediation and Conciliation Service or the Iowa public employment relations board with a preference for those Iowans so certified.

The arbitrator will hear a dispute appealed to the last step of the grievance procedure and render a decision thereon subject only to review by the courts.

The arbitrator will establish procedures for the conduct of the hearing in a fair and informal manner that will afford each party reasonable and ample opportunity for case presentation and to rebut the presentation of the other. The arbitrator will be expected to render a decision to the involved parties and to the board of regents within the prescribed time.

CHAPTER 13

RULES OF PROFESSIONAL ETHICS AND CONDUCT

13.1(1) The rules of professional ethics and conduct, both adopted by reference in subrule 13.1(2) and specifically enumerated herein (collectively referred to herein as the “rules of professional ethics and conduct”), rest upon the premise that the reliance of the public in general and of the business community in particular on sound financial reporting and on the implication of professional competence inherent in the authorized use of a legally restricted title relating to the practice of public accountancy imposes on persons engaged in such practice certain obligations both to their clients and to the public. These obligations, which the rules of professional ethics and conduct are intended to enforce where necessary, include the obligation to maintain independence of thought and action and a continued commitment to learning and professional improvement, to observe applicable generally accepted accounting principles
and generally accepted auditing standards, to promote the public interest through sound and informative financial reporting, to hold the affairs of clients in confidence, and to maintain high standards of personal conduct in all professional activities in whatever capacity performed.

13.1(2) In addition to the rules specifically enumerated herein, and only to the extent applicable to certificate holders’ and licensees’ respective scope of practice, all certificate holders and licensees shall comply with the Code of Professional Conduct of the AICPA (AICPA Code of Professional Conduct), effective December 15, 2014, as updated for all official releases through October 31, 2016, and adopted by reference herein. In the event of a conflict or inconsistency between the AICPA Code of Professional Conduct and rules specifically enumerated herein, the rules specifically enumerated herein shall prevail.

13.1(3) The rules of professional ethics and conduct apply to all professional services performed by all CPAs and LPAs whether or not they are engaged in the practice of public accountancy, except where the wording of a rule clearly indicates that the applicability is specifically limited to the practice of public accountancy.

13.1(4) A CPA or LPA who is engaged in the practice of public accountancy outside the United States will not be subject to discipline by the board for departing, with respect to such foreign practice, from any of the board’s rules of professional ethics and conduct, so long as the CPA’s or LPA’s conduct is in accordance with the standards of professional conduct applicable to the practice of public accountancy in the country in which the CPA or LPA is practicing. However, even in such a case, if a CPA’s or LPA’s name is associated with financial statements in such manner as to imply that the CPA or LPA is acting as an independent public accountant and under circumstances that would entitle the reader of the financial statement to assume that United States practices are followed, the CPA or LPA will be expected to comply with applicable generally accepted engagement standards and applicable generally accepted accounting principles.

13.1(5) A CPA or LPA may be held responsible for compliance with the rules of professional ethics and conduct by all persons associated with the accountant in the practice of public accounting who are either under the accountant’s supervision or are licensees, partners or shareholders in the accountant’s practice.

13.1(6) CPAs and CPA firms exercising a practice privilege in Iowa or for a client with a home office in Iowa are subject to the professional standards set forth in this chapter.

13.1(7) These rules complement the grounds for discipline set out in 193A—Chapter 14.

193A—13.2(542) Rules applicable to all CPAs and LPAs.

13.2(1) Cooperation with board inquiry. A CPA or LPA shall, when requested, respond to communications from the board within 30 days of the mailing of such communications by certified mail.

13.2(2) Reporting convictions, judgments, and disciplinary actions. In addition to any other reporting requirement in Iowa Code chapter 542 or these rules, a CPA or LPA shall notify the board within 30 days of:

a. Imposition upon the CPA or LPA of discipline including, but not limited to, censure, reprimand, sanction, probation, civil penalty, fine, consent decree or order, or suspension, revocation or modification of a license, certificate, permit or practice rights by:

(1) The SEC, PCAOB, or IRS (by the Director of Practice); or

(2) Another state board of accountancy for cause other than failure to pay a professional fee by the due date or failure to meet the continuing education requirements of another state board of accountancy; or

(3) Any other federal or state agency regarding the CPA’s or LPA’s conduct while rendering professional services; or

(4) Any foreign authority or credentialing body that regulates the practice of accountancy;

b. Occurrence of any matter that must be reported by the CPA or LPA to the PCAOB pursuant to Sarbanes-Oxley Section 102(b)(2)(f) and PCAOB rules and forms adopted pursuant thereto;

c. Any judgment, award or settlement of a civil action or arbitration proceeding in which the CPA or LPA was a party if the matter included allegations of gross negligence, violation of specific standards of practice, fraud, or misappropriation of funds in the practice of accounting; provided, however, licensed
firms shall notify the board regarding civil judgments, settlements or arbitration awards directly involving the firm’s practice of public accounting in this state; or

d. Criminal charges, deferred prosecution or conviction or plea of no contest to which the CPA or LPA is a defendant if the crime is:
   (1) Any felony under the laws of the United States or any state of the United States or any foreign jurisdiction; or
   (2) Any crime, including a misdemeanor, if an essential element of the offense is dishonesty, deceit or fraud, as more fully described in Iowa Code section 542.5(2).

13.2(3) Firm’s duty to report. The CPA or LPA designated by each firm as responsible for the proper licensure of the firm or registration of an office of the firm shall report any matter reportable under this rule to which a nonlicensee owner with a principal place of business in this state is a party.

13.2(4) Solicitation or disclosure of CPA examination questions and answers. A CPA or LPA who solicits or knowingly discloses a Uniform CPA Examination question(s) or answer(s) without the written authorization of the AICPA shall be considered to have committed an act discreditable to the profession.

13.2(5) Falsely reporting continuing professional education (CPE). A CPA or LPA shall be considered to have committed an act discreditable to the profession when the CPA or LPA falsely reports CPE credits during the CPA’s or LPA’s required reporting renewal or board CPE audit.

13.2(6) Mandatory ethics continuing professional education. Every CPA certificate holder or LPA license holder shall complete a minimum of four hours of continuing professional education devoted to ethics and rules of professional conduct during the three-year period ending December 31 or June 30, prior to the July 1 annual renewal date. This requirement is more fully described in 193A—subrule 10.7(2).

193A—13.3(542) Rules applicable to CPAs and LPAs who use the titles in offering or rendering products or services to clients.

13.3(1) Use of title.

a. Certified public accountant. Only a person who holds an active, unexpired certificate and who complies with the requirements of 193A—Chapter 5, Licensure Status and Renewal of Certificates and Licenses, and 193A—Chapter 10, Continuing Education, or a person lawfully exercising a practice privilege under Iowa Code section 542.20 may use or assume the title “certified public accountant” or the abbreviation “CPA” or any other title, designation, word(s), letter(s), abbreviation(s), sign, card, or device tending to indicate that such person is a certified public accountant.

b. Licensed public accountant. Only a person holding a license as a licensed public accountant shall use or assume the title “licensed public accountant” or the abbreviation “LPA” or any other title, designation, word(s), letter(s), abbreviation(s), sign, card, or device tending to indicate that such person is a licensed public accountant.

13.3(2) Forms of practice.

a. Certified public accountant firms. A sole proprietorship, corporation, partnership, limited liability company, or any other form of organization shall apply for a permit to practice under Iowa Code section 542.7 and these rules as a firm of certified public accountants in order to use the title “CPAs” or “CPA firm,” as more fully described in 193A—Chapter 7.

b. Licensed public accounting firms. A sole proprietorship, corporation, partnership, limited liability company, or any other form of organization shall apply for a permit to practice under Iowa Code section 542.8 and these rules as a firm of licensed public accountants in order to use the title “LPAs” or “LPA firm,” as more fully described in 193A—Chapter 8.

13.3(3) Acting through others. A CPA or LPA shall not permit others to carry out on the CPA’s or LPA’s behalf, either with or without compensation, acts which, if carried out by the CPA or LPA, would violate the rules of professional ethics and conduct.

193A—13.4(542) Audit, review and other attest services.

13.4(1) Definitions.

"Attest" or “attest service” means providing any of the following services:
1. An audit or other engagement to be performed in accordance with the statements on auditing standards.
2. A review of a financial statement to be performed in accordance with the statements on standards for accounting and review services.
3. Any engagement to be performed in accordance with the statements on standards for attestation engagements.
4. Any engagement to be performed in accordance with the auditing standards of the PCAOB.

The standards specified in the definition of “attest” are those standards adopted by the board, by rule, by reference to the standards developed for general application by the AICPA, the PCAOB, or other recognized national accountancy organization.

“Attent engagement team” means the team of individuals participating in attest service, including those who perform concurring or second partner reviews. The “attest engagement team” includes all employees and contractors retained by the firm who participate in attest service, irrespective of their functional classification.

“Audit” means the procedures performed in accordance with applicable auditing standards for the purpose of expressing or disclaiming an opinion on the fairness of which the historical financial or other information is presented in conformity with generally accepted accounting principles, another comprehensive basis of accounting, or basis of accounting described in the report.

“Review” means to perform inquiry and analytical procedures that permit a CPA to determine whether there is a reasonable basis for expressing limited assurance that there are no material modifications that should be made to financial statements in order for them to be in conformity with generally accepted accounting principles or, if applicable, with another comprehensive basis of accounting.

13.4(2) Practice privilege. All audit, review, and other attest services performed in Iowa or for a client with a home office in Iowa must be performed through a CPA firm that holds an active Iowa firm permit to practice; provided that, an out-of-state CPA firm exercising a practice privilege may perform review services in Iowa or for a client with a home office in Iowa without first obtaining a firm permit to practice in Iowa as long as the firm complies with Iowa Code sections 542.20(5) and 542.20(6) and associated rules. Unless Iowa certification is specifically required by a governmental body or client, the individual CPAs performing such attest services may either hold an active Iowa CPA certificate or exercise a practice privilege as more fully described in Iowa Code section 542.20. LPAs and LPA firms are not authorized to perform attest services.

13.4(3) Peer review required. As a condition of renewal of a permit to practice as a CPA firm, the firm shall undergo, at least once every three years, a peer review conducted under the provisions outlined in 193A—Chapter 11 and Iowa Code section 542.7.

13.5(1) Who can perform. Only a CPA licensed under Iowa Code section 542.6 or 542.19, an LPA licensed under Iowa Code section 542.8, or a CPA exercising a practice privilege under Iowa Code section 542.20 shall issue a report in standard form upon a compilation of financial information or otherwise provide compilation services in Iowa or for a client with a home office in Iowa. (Refer to rule 193A—6.4(542).)

13.5(2) Peer review. All individuals described in 193A—subrule 6.4(1) shall satisfy peer review requirements, individually or through a peer review of a CPA or LPA firm holding a permit to practice pursuant to Iowa Code section 542.7 or 542.8 or a CPA firm exercising a practice privilege under Iowa Code section 542.20.

13.5(3) Mandatory financial statement presentation continuing professional education. In each renewal period in which compilation reports are issued, every CPA certificate holder or LPA license holder who is responsible for supervising compilation services or who signs or authorizes someone to sign the accountant’s compilation report on the financial statements on behalf of a firm shall complete, as a condition of certificate or license renewal, a minimum of eight hours of continuing education devoted to financial statement presentation every three years, such as courses covering the Statements
on Standards for Accounting and Review Services (SSARS) and accounting and auditing updates. This requirement is more fully described in 193A—subrule 10.7(1).

193A—13.6(542) Rules applicable to tax practice. CPAs, LPAs, and persons who are not CPAs or LPAs may perform tax services in Iowa. The rules of professional ethics and conduct in this chapter shall apply to any CPA or LPA who is licensed in Iowa and to any CPA exercising a practice privilege in Iowa whenever such person informs the client or prospective client that the person is a CPA or LPA. Clients may be so informed in a number of ways, including oral or written representations, the display of a CPA certificate or LPA license, or use of the CPA or LPA title in advertising, telephone or Internet directories, letterhead, business cards or e-mail. Clients and prospective clients who select a tax professional holding oneself out as a CPA or LPA have the right to expect compliance with these rules.

These rules are intended to implement Iowa Code chapters 272C and 542.

ITEM 3. Amend paragraph 14.3(2)“e” as follows:

   e. A willful, repeated, or material deviation from generally accepted engagement standards, generally accepted accounting standards, generally accepted auditing standards, or any other nationally recognized standard applicable to the public accounting services at issue, as provided in rule 193A—13.4(542).

ITEM 4. Amend paragraph 14.3(4)“b” as follows:

ITEM 5. Amend paragraph 14.3(7)“a” as follows:

Violation of a generally accepted engagement standard, generally accepted accounting standard, generally accepted auditing standard, or any other nationally recognized standard applicable to the public accounting services at issue, as provided in rule 193A—13.4(542), or any other violation of a provision of 193A—Chapter 13 the AICPA Code of Professional Conduct as adopted by reference in 193A—Chapter 13.

ITEM 6. Amend paragraph 14.3(9)“g” as follows:

   g. Failure to report as provided in 193A—subrules 13.6(7) and 13.6(8) 193A—subrule 13.4(3) or as otherwise required in the AICPA Code of Professional Conduct as adopted by reference in 193A—Chapter 13.

Pursuant to the authority of Iowa Code section 8A.104(5), the Department of Administrative Services hereby amends Chapter 63, “Leave,” Iowa Administrative Code.

The amendment is intended to create more equality among employees whose shifts are greater than 16 hours with employees whose shifts are 16 hours or less. The amendment accomplishes this by limiting military leave for employees whose shifts are more than 16 hours to 30 calendar days in accordance with Iowa Code section 29A.28(1)“a” for military duty of 30 days or more, while providing 30 work days of leave for employees whose shifts are 16 hours or less.
Notice of Intended Action was published in the Iowa Administrative Bulletin as **ARC 3111C** on June 7, 2017. This amendment was also Adopted and Filed Emergency and published as **ARC 3115C** on June 7, 2017, and became effective on May 17, 2017.

A public hearing was held on June 29, 2017, from 10 a.m. to 12 noon at the Joint Forces Headquarters Building, 6100 NW 78th Avenue, Johnston, Iowa. No public comments were received. This amendment is identical to that published under Notice of Intended Action and Adopted and Filed Emergency.

The Department of Administrative Services will not grant waivers under the provisions of these rules, other than as may be allowed under Chapter 9 of the Department’s rules concerning waivers.

The Department of Administrative Services adopted this amendment on July 12, 2017. After analysis and review of this rule making, no impact on jobs has been found.

This amendment is intended to implement Iowa Code sections 8A.413 and 29A.28.

This amendment will become effective September 6, 2017, at which time the Adopted and Filed Emergency amendment is hereby rescinded.

The following amendment is adopted.

Amend rule 11—63.9(8A) as follows:

**11—63.9(8A) Military leave.** For purposes of subrules 63.9(1) and 63.9(3) and as applied to nontemporary employees whose regularly scheduled work shift is 16 hours or less, “30 days” means 30 work days. For nontemporary employees whose regularly scheduled work shift is more than 16 hours, “30 days” in subrules 63.9(1) and 63.9(3) shall be defined in accordance with the provisions of Iowa Code section 29A.28.

  63.9(1) A nontemporary employee who is a member of the uniformed services, when ordered by proper authority to serve in the uniformed services, shall be granted leave without loss of pay for 30 days each calendar year. Absences required for military service shall be in accordance with the rules on vacation, compensatory leave, or leave without pay, 38 U.S.C. Sections 4301-4333, and 20 CFR Part 1002. Military leave may be utilized for up to 30 days in each calendar year. Any amount of military leave taken during any part of an employee’s scheduled workday, regardless of the number of hours actually taken, shall count as one day toward the 30 paid day maximum. If the employee’s work shift crosses two calendar days, only one day shall count toward the 30 paid day maximum. Work schedule changes shall not be made for the purpose of avoiding payment for military leave.

  63.9(2) A nontemporary employee who is ordered by proper authority to military duty as defined in Iowa Code section 29A.28 may elect to be placed on leave without pay or be separated and removed from the payroll.

  63.9(3) Nontemporary employees who elect to separate from employment when ordered by proper authority to military duty shall be given 30 days of regular pay in a lump sum with their last paycheck. Any previous paid leave days granted for military service in the current calendar year shall be deducted from this 30 days.

  Employees who elect to be placed on leave without pay when ordered by proper authority to military duty shall continue to receive regular pay and benefits for 30 days. Any previous paid leave days granted for military service in the current calendar year shall be deducted from this 30 days.

  63.9(4) At the conclusion of military service, the employee must notify the employee’s appointing authority of the intent to exercise return rights pursuant to 38 U.S.C. Sections 4301-4344.

  63.9(5) An employee taking military leave may use any vacation or compensatory leave that was accrued prior to service. Employees who elect to use vacation or compensatory leave shall continue to receive benefits in accordance with the state of Iowa’s benefits program policies and procedures. Upon return to employment, the employee’s accrual rate for vacation shall be at the same rate as if the employee had not taken military leave.

  63.9(6) An employee may maintain health and dental insurance coverage while on military leave for up to 24 months. The employee is responsible for paying the employee’s share of the health and dental insurance premiums if the period of military service is less than 31 days. If more than 30 days, the employee shall be required to pay 102 percent of the full premium under the plan to maintain coverage. Upon return to employment, the employee may elect to have health and dental insurance coverage
become effective either on the first day of the month the employee returns to employment or the first day of the month following the month in which the employee returned to employment. Coverage under the plans will not have an exclusion or waiting period upon return to employment. An exclusion or waiting period may be imposed, however, in connection with any illness or injury determined by the Secretary of the U.S. Department of Veterans Affairs to have been incurred in, or aggravated during, performance of service in the uniformed services.

63.9(7) A person reemployed under this rule shall be treated as not having incurred a break in service with the employer by reason of such person’s period of service in the uniformed services.

EARLY CHILDHOOD IOWA STATE BOARD[249]

Adopted and Filed

Pursuant to the authority of Iowa Code section 256I.4(9), the Early Childhood Iowa State Board hereby amends Chapter 1, “Early Childhood Iowa Initiative,” Iowa Administrative Code.

The Early Childhood Iowa Initiative was established by the General Assembly to create a partnership between communities and state-level partners to improve the efficiency and effectiveness of early care, education, health, and human services to support children prenatal through age five and their families.

HOMELAND SECURITY AND EMERGENCY MANAGEMENT DEPARTMENT[605]

Adopted and Filed

These amendments implement 2017 Iowa Acts, Senate File 500, which amends Iowa Code chapter 34A. A majority of these amendments change the terms “Enhanced 911” and “E911” to “911” to reflect the merging of E911 with Next Generation 911 services to make improvements to the network. For policy implementation purposes, it is easier to simply refer to the telephone system and the associated elements as 911.

Several definitions are updated to reflect the current and future operating environment for 911 telephone systems and the public and private partners that are involved in their operation.

No amendments have been made to the flow of the wireline 911 service surcharge detailed in rule 605—10.5(34A).

Several amendments are made to the flow of the emergency communication service surcharge as described in rule 605—10.9(34A). The result of these amendments is as follows:

• The surcharge pass-through to the public safety answering point (PSAP) remains at 60 percent.
Wireless carrier cost recovery remains in place.
- Originating service providers, wireline carriers, and third-party 911 providers’ cost recovery remains in place.
- The program manager is allowed to make grants to the joint 911 service boards and the Department of Public Safety to develop and maintain geographic information system data.
- Language related to the use of surcharge funds to pay for costs associated with the financing of the statewide interoperable communications system is removed.
- The amount of funding available for use from the Carryover Fund is increased from $4.4 million in fiscal year 2017 to $7 million in fiscal year 2018.
- Carryover funds may be used for grants for PSAPs to physically consolidate. Grants for virtual consolidation are removed.
- Carryover funds not utilized for consolidation grants will pass equally to the PSAPs and be used in the manner for which the funds have been used in the past.

Notice of Intended Action was published in the Iowa Administrative Bulletin as ARC 3090C on June 7, 2017. In addition, a public hearing was conducted on June 27, 2017.

Two of the three comments received at the hearing dealt with the same issue. Within the definition of “voice over internet protocol,” the phrase “internet protocol and a successor protocol” is used in the first numbered paragraph. The commenters both indicated that the appropriate phrase should read “internet protocol or a successor protocol” and would match the definition used by the Iowa Utilities Board to describe the same service. However, the definition in the Notice of Intended Action is the same as the definition in 2017 Iowa Acts, Senate File 500. In this instance, the appropriate remedy is to amend the definition in Iowa Code chapter 34A via the legislative process. The two commenters concur with this plan.

The third commenter expressed support of the rule making as proposed.

Three changes from the Notice have been made. In Item 3, a correction was made to the cross reference in the definition of “911 service plan,” and the word “service” was added to the defined term of “voice over internet protocol” to match the definition in 2017 Iowa Acts, Senate File 500. In Item 19, a grammatical correction was made in rule 605—10.16(34A). The amendments are otherwise identical to those published under Notice.

The Homeland Security and Emergency Management Department adopted these amendments on July 12, 2017.

After analysis and review of this rule making, no impact on jobs has been found.

Such applications shall provide a detailed consolidation plan and demonstrate that the proposed project shall be completed prior to June 30, 2017 2018.

(2) The program manager, in consultation with the E911 911 communications council, shall allocate an amount, not to exceed $100,000 per fiscal year, for development of public awareness and educational programs related to the use of 911 by the public; for educational programs for personnel responsible for the maintenance, operation, and upgrading of local E911 911 systems; and for the expenses of members of the E911 911 communications council for travel, monthly meetings, and training, provided, however, that the members have not received reimbursement funds for such expenses from another source.

(3) The program manager shall allocate an equal amount of moneys to each PSAP for the following costs:
   1. No change.
   2. Local costs related to access the statewide interoperable communications system pursuant to Iowa Code section 29C.23 as amended by 2016 Iowa Acts, Senate File 2326.

(4) No change.

10.9(4) Payments to local communications service providers and wireless service providers shall be made quarterly, based on original, itemized claims or invoices presented within 20 days of the end of the calendar quarter. Claims or invoices not submitted within 20 days of the end of the calendar quarter are not eligible for reimbursement and may not be included in future claims and invoices. Payments to providers shall be made in accordance with these rules and the State Accounting Policy and Procedures Manual.

10.9(5) Local communications service providers shall be reimbursed for only those items and services that are defined as eligible in the enhanced wireless 911 service plan Wireless NG911 Implementation and Operations Plan and when initiation of service has been ordered and authorized by the E911 911 program manager.

10.9(6) If it is found that an overpayment has been made to an entity, the E911 911 program manager shall attempt recovery of the debt from the entity by certified letter. Due diligence shall be documented and retained at the homeland security and emergency management department. If resolution of the debt does not occur and the debt is at least $50, the homeland security and emergency management department will then utilize the income offset program through the department of revenue. Until resolution of the debt has occurred, the homeland security and emergency management department may withhold future payments to the entity.

ITEM 13. Amend rule 605—10.10(34A) as follows:

605—10.10(34A) E911 911 surcharge exemptions. The following agencies, individuals, and organizations are exempt from imposition of the E911 911 surcharge:
   1. No change.
2. Indian tribes for access lines on the tribe’s reservation upon filing a statement with the joint E911 911 service board, signed by appropriate authority, requesting surcharge exemption.

3. An enrolled member of an Indian tribe for access lines on the reservation, who does not receive E911 911 service, and who annually files a signed statement with the joint E911 911 service board that the person is an enrolled member of an Indian tribe living on a reservation and does not receive E911 911 service. However, once E911 911 service is provided, the member is no longer exempt.

4. No change.

5. Individual wire-line wireline subscribers to the extent that they shall not be required to pay on a single periodic billing the surcharge on more than 100 access lines, or their equivalent, in an E911 911 service area.

All other subscribers not listed above, that have or will have the ability to access 911, are required to pay the surcharge, if imposed by the official order of the E911 911 program manager.

ITEM 14. Amend rule 605—10.11(34A) as follows:

605—10.11(34A) E911 911 service fund.

10.11(1) The department of public safety and each joint E911 911 service board have the responsibility for the E911 911 service fund.

a. An E911 911 service fund shall be established in the office of the county treasurer for each joint E911 911 service board and with the state treasurer for the department of public safety.

b. Collected surcharge moneys and any interest thereon, as authorized in Iowa Code chapter 34A, shall be deposited into the E911 911 service fund. E911 911 surcharge moneys must be kept separate from all other sources of revenue utilized for E911 911 systems.

c. For joint E911 911 service boards, withdrawal of moneys from the E911 911 service fund shall be made on warrants drawn by the county auditor, per Iowa Code section 331.506, supported by claims and vouchers approved by the chairperson or vice chairperson of the joint E911 911 service board or the appropriate operating authority so designated in writing.

d. For the department of public safety, withdrawal of moneys from the E911 911 service fund shall be made in accordance with state laws and administrative rules.

10.11(2) The E911 911 service funds shall be subject to examination by the department at any time during usual business hours. E911 911 service funds are subject to the audit provisions of Iowa Code chapter 11. A copy of all audits of the E911 911 service fund shall be furnished to the department within 30 days of receipt. If through the audit or monitoring process the department determines that a joint E911 911 service board is not adhering to an approved plan or does not have a valid board membership, or if the department determines that a joint E911 911 service board or the department of public safety is not using funds in the manner prescribed in these rules or Iowa Code chapter 34A, the director may, after notice and hearing, suspend surcharge imposition and order termination of expenditures from the E911 911 service fund. The joint E911 911 service board or department of public safety is not eligible to receive or expend surcharge moneys until such time as the E911 911 program manager determines that the board or department of public safety is in compliance with the approved plan, board membership, and fund usage limitations.

ITEM 15. Rescind and reserve rule 605—10.12(34A).

ITEM 16. Amend rule 605—10.13(34A) as follows:

605—10.13(34A) Limitations on use of funds. Surcharge moneys in the E911 911 service fund may be used to pay recurring and nonrecurring costs including, but not limited to, network equipment, software, database, addressing, initial training, and other start-up, capital, and ongoing expenditures. E911 911 surcharge moneys shall be used only to pay costs directly attributable to the provision of E911 911 telephone systems and services and may include costs directly attributable to the receipt and disposition of the 911 call.
ITEM 17. Amend rule 605—10.14(34A) as follows:

605—10.14(34A) Minimum operational and technical standards.

10.14(1) Each E911 system, supplemented with E911 surcharge moneys, shall, at a minimum, employ the following features:
   a. to c. No change.
   d. Each PSAP shall provide two emergency seven-digit numbers arranged in rollover configuration for use by telephone company operators for transferring a calling party to the PSAP over the wireline network. Wireless calls must be transferred to PSAPs that are capable of accepting ANI and ALI.
   e. No change.

10.14(2) E911 public safety answering points shall adhere to the following minimum standards:
   a. No change.
   b. The primary published emergency number in the E911 service area shall be 911.
   c. to f. No change.

10.14(3) Communications Originating service providers shall adhere to the following minimum requirements:
   a. The PSAP and E911 program manager shall be notified of all service interruptions in accordance with 47 CFR Part 4.
   b. All communications service providers shall submit separate itemized bills to the E911 program manager, the department of public safety, a joint E911 service board or PSAP operating authority, as appropriate.
   c. The communications originating service provider shall respond, within a reasonable length of time, to all appropriate requests for information from the director, the department of public safety, a joint E911 service board or operating authority and shall expressly comply with the provisions of Iowa Code section 34A.8.
   d. Access to the wireless E911 selective router and next generation 911 network shall be approved by the E911 program manager. Communications Originating service providers must provide the company name, address and point of contact with their request. If the communications originating service provider utilizes a third-party vendor, the vendor must provide this information listing the vendor’s customer’s requested information.

10.14(4) Voluntary standards. Current technical and operational standards applying to E911 systems and services can be found in the “American Society for Testing and Materials Standard Guide for Planning and Developing 911 Enhanced Telephone Systems” and in publications issued by the National Emergency Number Association. Master street address guides are encouraged to be developed and maintained by using National Emergency Number Association technical standards 02-010 and 02-011. Standards contained in these documents shall be considered as guidance, and adherence thereto shall be voluntary. Notwithstanding the minimum standards published in these rules, it is intended that E911 communications 911 originating service providers and joint E911 service boards and operating authorities employ the best and most affordable technologies and methods available in providing E911 services to the public.

ITEM 18. Amend rule 605—10.15(34A) as follows:

605—10.15(34A) Administrative hearings and appeals.

10.15(1) E911 program manager decisions regarding the acceptance or refusal of an E911 911 service plan, in whole or in part, the implementation of E911 911 and the imposition of the E911 surcharge within a specific E911 911 service area may be contested by an affected party.

10.15(2) Request for hearing shall be made in writing to the homeland security and emergency management department director within 30 days of the E911 911 program manager’s mailing or serving of a decision and shall state the reason(s) for the request and shall be signed by the appropriate authority.

10.15(3) to 10.15(6) No change.
ITEM 19. Amend rule 605—10.16(34A) as follows:

605—10.16(34A) Confidentiality. All financial or operations information provided by a communications originating service provider for the 911 program shall be identified by the provider as confidential and trade secrets under Iowa Code section 22.7(3) and shall be kept confidential as provided under Iowa Code section 22.7(3) and Iowa Administrative Code 605—Chapter 5. Such information shall include numbers of accounts, numbers of customers, revenues, expenses, and the amounts collected from said communications originating service provider for deposit in the fund. Notwithstanding such requirements, aggregate amounts and information may be included in reports issued by the director if the aggregated information does not reveal any information attributable to an individual communications originating service provider.

ITEM 20. Amend rule 605—10.17(34A) as follows:

605—10.17(34A) Prepaid wireless E911 surcharge. Administration of the prepaid wireless E911 surcharge is under the control of the Iowa department of revenue. The department of revenue has adopted rules that can be found in 701—paragraph 224.6(2) “b” and rule 701—224.8(34A), Iowa Administrative Code.

ITEM 21. Amend 605—Chapter 10, implementation sentence, as follows:

These rules are intended to implement Iowa Code chapter 34A as amended by 2017 Iowa Acts, Senate File 500.

HUMAN SERVICES DEPARTMENT[441]

Adopted and Filed

Pursuant to the authority of Iowa Code section 249A.4, the Department of Human Services hereby amends Chapter 83, “Medicaid Waiver Services,” Iowa Administrative Code.

These amendments allow home- and community-based services (HCBS) waiver service members who are inpatients in a hospital or medical institution for 31 to 120 days to resume waiver services upon discharge without having to reapply and go back on the waiver wait list. Currently, if a member is an inpatient for more than 30 days, the HCBS waiver is canceled and the member must reapply and be placed on the waiver wait list. This often results in a gap in services between the member’s discharge from the facility and the resumption of waiver services once the application has been processed. This also results in nonpayment issues for providers who will also resume services following a member’s inpatient stay only to discover that the member is no longer eligible for HCBS waiver services and that the member must reapply for the waiver.

Notice of Intended Action was published in the Iowa Administrative Bulletin as ARC 3077C on May 24, 2017. The Department received no comments during the public comment period. These amendments are identical to those published under Notice of Intended Action.

The Council on Human Services adopted these amendments on July 12, 2017.

These amendments do not provide for waivers in specified situations because requests for the waiver of any rule may be submitted under the Department’s general rule on exceptions at 441—1.8(17A,217). After analysis and review of this rule making, no impact on jobs has been found. These amendments are intended to implement Iowa Code section 249A.4.

These amendments will become effective September 6, 2017.

The following amendments are adopted.
ITEM 1. Amend paragraph 83.3(4)“d” as follows:

d. Eligibility continues until the member has been in a medical institution for 30 120 consecutive days for other than respite care. Members who are inpatients in a medical institution for 30 120 or more consecutive days for other than respite care shall be terminated from health and disability waiver services and reviewed for eligibility for other Medicaid coverage groups. The member will be notified of that decision through Form 470-0602, Notice of Decision. If the member returns home before the effective date of the notice of decision and the member’s condition has not substantially changed, the denial may be rescinded and eligibility may continue.

ITEM 2. Amend paragraph 83.8(2)“c” as follows:

c. The member receives care in a hospital, nursing facility, or intermediate care facility for persons with an intellectual disability for 30 120 days in any one stay for purposes other than respite care.

ITEM 3. Amend paragraph 83.23(4)“c” as follows:

c. Eligibility continues until the consumer has been in a medical institution for 30 120 consecutive days for other than respite care or fails to meet eligibility criteria listed in rule 441—83.22(249A). Consumers who are inpatients in a medical institution for 30 120 or more consecutive days for other than respite care shall be terminated from elderly waiver services and reviewed for eligibility for other Medicaid coverage groups. The consumer will be notified of that decision through Form 470-0602, Notice of Decision. If the consumer returns home before the effective date of the notice of decision and the consumer’s condition has not substantially changed, the denial may be rescinded and eligibility may continue.

ITEM 4. Amend paragraph 83.28(2)“c” as follows:

c. The client receives care in a hospital or nursing facility for 30 120 days in any one stay for purposes other than respite care.

ITEM 5. Amend paragraph 83.43(4)“c” as follows:

c. Eligibility for the waiver continues until the recipient has been in a medical institution for 30 120 consecutive days for other than respite care or fails to meet eligibility criteria listed in rule 441—83.42(249A). Recipients who are inpatients in a medical institution for 30 120 or more consecutive days for other than respite care shall be reviewed for eligibility for other Medicaid coverage groups and terminated from AIDS/HIV waiver services if found eligible under another coverage group. The recipient will be notified of that decision through Form 470-0602, Notice of Decision. If the consumer returns home before the effective date of the notice of decision and the person’s condition has not substantially changed, the denial may be rescinded and eligibility may continue.

ITEM 6. Amend paragraph 83.48(2)“c” as follows:

c. The client receives care in a hospital or nursing facility for 30 120 days or more in any one stay for purposes other than respite care.

ITEM 7. Amend paragraph 83.62(4)“d” as follows:

d. Eligibility continues until the consumer fails to meet eligibility criteria listed in rule 441—83.61(249A). Consumers who are inpatients in a medical institution for 30 120 consecutive days shall receive a review by the interdisciplinary team to determine additional inpatient needs for possible termination from the HCBS program. Consumers shall be reviewed for eligibility under other Medicaid coverage groups. The consumer or legal representative shall participate in the review and receive formal notification of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer’s needs can still be met by the HCBS waiver services, the denial may be rescinded and eligibility may continue.

ITEM 8. Amend paragraph 83.83(3)“c” as follows:

c. Eligibility for the waiver continues until the consumer fails to meet eligibility criteria listed in rule 441—83.82(249A). Consumers who return to inpatient status in a medical institution for more than 30 120 consecutive days shall be reviewed by the IME medical services unit to determine additional
inpatient needs for possible termination from the brain injury waiver. The consumer shall be reviewed for eligibility under other Medicaid coverage groups in accordance with rule 441—76.11(249A). The consumer shall be notified of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer’s condition has not substantially changed, the denial may be rescinded and eligibility may continue.

ITEM 9. Amend paragraph 83.103(3)“c” as follows:
   c. Eligibility for the waiver continues until the consumer fails to meet eligibility criteria listed in subrule 83.102(1). Consumers who return to inpatient status in a medical institution for more than 30 120 consecutive days shall be reviewed by the IME medical services unit to determine additional inpatient needs for possible termination from the physical disability waiver. The consumer shall be reviewed for eligibility under other Medicaid coverage groups in accordance with rule 441—76.11(249A). The consumer shall be notified of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer’s condition has not substantially changed, the denial may be rescinded and eligibility may continue.

ITEM 10. Amend paragraph 83.125(2)“b” as follows:
   b. The consumer is an inpatient of a medical institution for 30 120 or more consecutive days.
   (1) After the consumer has spent 30 120 consecutive days in a medical institution, the local office shall terminate the consumer’s waiver eligibility and review the consumer for eligibility under other Medicaid coverage groups. The local office shall notify the consumer and the consumer’s parents or legal guardian through Form 470-0602, Notice of Decision.

   (2) If the consumer returns home after 30 120 consecutive days but no more than 60 days, the consumer must reapply for children’s mental health waiver services, and the IME medical services unit must redetermine the consumer’s level of care.

ITEM 11. Amend paragraph 83.128(2)“e” as follows:
   c. The consumer receives care in a hospital, nursing facility, psychiatric hospital serving children under the age of 21, or psychiatric medical institution for children for 30 120 days in any one stay.

INSPECTIONS AND APPEALS DEPARTMENT[481]

Adopted and Filed

Pursuant to the authority of Iowa Code sections 10A.104(5) and 135C.14, the Department of Inspections and Appeals hereby amends Chapter 52, “Dependent Adult Abuse in Facilities and Programs,” Iowa Administrative Code.

The amendments add personal degradation as a form of dependent adult abuse by caretakers in facilities and programs regulated by the Department. The amendments provide that a caretaker in a facility or program licensed or certified by the Department may be found to have committed dependent adult abuse if the individual knowingly and willfully takes, transmits, or displays a photographic image that degrades the personal dignity of a dependent adult.

The amendments implement 2017 Iowa Acts, House File 544, which was signed into law by Governor Terry Branstad on March 30, 2017.

The Department does not believe that the amendments will pose any financial hardship on any regulated entity or individual.

The State Board of Health initially reviewed the amendments at its May 10, 2017, meeting and subsequently approved them at the Board’s July 12, 2017, meeting.
Notice of Intended Action was published in the Iowa Administrative Bulletin on June 7, 2017, as ARC 3110C. Comments were received from LeadingAge Iowa and Iowa Legal Aid, both of which requested that the definition of “personal degradation” contained in Item 2 be amended to include those actions that do not constitute personal degradation as defined in the legislation. Several members of the State Board of Health also thought that clarification as to what does not constitute personal degradation should be included in the rule making. The Department agrees with these suggestions, and the definition of “personal degradation” has been revised to include the recommended language. This change will eliminate confusion regarding the taking or transmission of electronic images when used to document dependent adult abuse or when used in the course of medical diagnostics.

After analysis and review of this rule making, no impact on jobs has been found. These amendments are intended to implement Iowa Code section 135C.14 and 2017 Iowa Acts, House File 544.

These amendments will become effective September 6, 2017.

The following amendments are adopted.

**ITEM 1.** Amend rule 481—52.1(235E), definition of “Dependent adult abuse,” as follows:

“Dependent adult abuse” means any of the following as a result of the willful misconduct or gross negligence or reckless act or omission of a caretaker, taking into account the totality of the circumstances: physical injury, unreasonable confinement, unreasonable punishment, assault, sexual offense, sexual exploitation, exploitation, or neglect, or personal degradation. “Dependent adult abuse” does not include any of the following:

1. to 3. No change.

**ITEM 2.** Adopt the following new definition of “Personal degradation” in rule 481—52.1(235E):

“Personal degradation” means a willful act or statement by a caretaker intended to shame, degrade, humiliate, or otherwise harm the personal dignity of a dependent adult, or where the caretaker knew or reasonably should have known the act or statement would cause shame, degradation, humiliation, or harm to the personal dignity of a reasonable person. “Personal degradation” includes the taking, transmission, or display of an electronic image of a dependent adult by a caretaker, where the caretaker’s actions constitute a willful act or statement intended to shame, degrade, humiliate, or otherwise harm the personal dignity of the dependent adult, or where the caretaker knew or reasonably should have known the act would cause shame, degradation, humiliation, or harm to the personal dignity of a reasonable person. “Personal degradation” does not include the taking, transmission, or display of an electronic image of a dependent adult for the purpose of reporting dependent adult abuse to law enforcement, the department, or other regulatory agency that oversees caretakers or enforces abuse or neglect provisions, or for the purpose of treatment or diagnosis or as part of an ongoing investigation. “Personal degradation” also does not include the taking, transmission, or display of an electronic image by a caretaker in accordance with the facility’s or program’s confidentiality policy and release of information or consent policies.

**PHARMACY BOARD[657]**

Adopted and Filed

Pursuant to the authority of Iowa Code section 147.76, the Board of Pharmacy hereby amends Chapter 8, “Universal Practice Standards,” and adopts new Chapter 13, “Telepharmacy Practice,” Iowa Administrative Code.

The amendment to subrule 8.35(2) identifies a telepharmacy practice as a defined subset of a limited use pharmacy license type.
The rules in new Chapter 13 provide standards for the provision of pharmaceutical services to patients through the use of audiovisual technologies that link a telepharmacy site with a managing pharmacy, allowing a verifying pharmacist at the remote pharmacy to oversee and verify the dispensing processes performed by the technician at the telepharmacy site. The audiovisual technology also ensures that the patient and the pharmacist are able to converse face to face, over secure connections, about the patient’s drug treatment plan.

The rules define terms used in the chapter and assign responsibilities for various aspects of the practices involved. The rules require a written agreement between the managing pharmacy and the telepharmacy site and identify the specific required provisions and contents of the written agreement and what must occur in case the agreement is terminated or either pharmacy closes. The rules identify the general requirements for a telepharmacy site and a managing pharmacy and for a verifying pharmacist and a telepharmacy technician, including addressing specific training and experience requirements for those personnel.

The required information to be provided with the initial application for a limited use pharmacy license as a telepharmacy site and the minimum information to be provided in a request for waiver of the minimum distance between a proposed telepharmacy site and an existing pharmacy that dispenses prescription drugs to outpatients are identified. Specific application and notification requirements in the case of a change of telepharmacy site or managing pharmacy name, location, ownership, or pharmacist in charge are identified. The rules provide that the opening of a new pharmacy within 10 miles of an existing telepharmacy site does not force the closing of the telepharmacy site.

Subjects to be addressed by policies and procedures to be adopted and implemented by both the telepharmacy site and the managing pharmacy are listed, and information and reports required of a telepharmacy site or managing pharmacy are identified. The rules identify specific records that must be maintained by and available at a telepharmacy site, including records of the monthly inspection of the telepharmacy site by a pharmacist from the managing pharmacy.

Requests for waiver or variance of the discretionary provisions of these rules will be considered pursuant to 657—Chapter 34. Requirements for waiver of the specific restrictions regarding location of a telepharmacy site within 10 miles of another pharmacy that dispenses prescription drugs to outpatients are identified in subrule 13.16(8).

Notice of Intended Action was published in the April 26, 2017, Iowa Administrative Bulletin as ARC 3037C. In addition to the written and oral comments received prior to submission of the Notice of Intended Action, the Board received numerous written comments regarding the proposed amendments during the public comment period.

Many commenters addressed the requirement specifying a 10-mile distance between a telepharmacy and an existing retail pharmacy, objecting that 10 miles was too short a distance between these pharmacies. The distance restrictions to which these commenters objected were established in the Iowa Code, and the Board has no authority to require longer distances between the pharmacies. Others suggested that if a traditional pharmacy opens within 30 miles of an existing telepharmacy, the telepharmacy should be required to close. Another suggested that the rules should specifically prohibit a new telepharmacy site from opening within 15 miles of another telepharmacy site. Other comments indicated that requiring that the managing pharmacy and the telepharmacy be separated by no more than 200 miles allowed too great a distance between these two related and interdependent pharmacies. This distance was negotiated by numerous stakeholders before the Board approved the proposed rules.

One commenter suggested that requiring that the pharmacist in charge of the managing pharmacy also be the pharmacist in charge of the telepharmacy may place too great a responsibility on a single pharmacist if multiple telepharmacy sites were managed by the same pharmacy. Although the Board agreed that this could be a concern, the benefits derived from continuity between pharmacies with a single pharmacist in charge outweighed that concern. The telepharmacy is essentially an extension of the managing pharmacy, and requiring the same pharmacist in charge for both pharmacies ensures that training and policies and procedures will be in alignment with the needs of both pharmacies. The Board also considered that a managing pharmacy which believes that the same objectives can be attained by
having different pharmacists take on the responsibilities at different locations can present the pharmacy’s case in a request for waiver of the requirement.

Other commenters questioned the requirement that a pharmacist be on site at the telepharmacy for a minimum of 16 hours each month. The purpose for this minimum on-site requirement is to ensure that the pharmacist is available to perform a thorough inspection of the telepharmacy site and the activities performed at the telepharmacy site. Any portion of those on-site hours may also be spent in providing patient care services, including administering immunizations or performing medication therapy management, services that cannot be accomplished remotely and are not technician-authorized activities. If the pharmacy deems it appropriate, the pharmacist may be on site at the telepharmacy for more than 16 hours per month.

A commenter suggested that the required hours of training and experience for a pharmacy technician who will be practicing in a telepharmacy should, rather than be based on a measurement of time, be based on the technician’s experience and understanding of policies and procedures, workflow, and accuracy of prescriptions filled. Others objected to the number of hours of practice experience required before a pharmacy technician is approved to practice in a telepharmacy, outside the physical presence and direct supervision of a pharmacist, and others expressed support for the training and experience requirements, including the requirement that a technician practicing in a telepharmacy site complete a minimum number of the technician’s required continuing education credits in activities relating to patient safety and pharmacy law.

Numerous commenters expressed concerns with the requirement that a telepharmacy convert to a traditional general pharmacy practice when the average number of prescriptions exceeds 150 prescriptions per day. Some of those concerned felt that 150 prescriptions per day would be too many prescriptions for a pharmacy technician to safely fill. Others were concerned that the limit would prevent a pharmacy that wanted to extend the pharmacy’s hours into longer evening or weekend hours to better serve the community’s patients from employing that type of “hybrid” telepharmacy practice based on the prescription average. This provision was also discussed in depth with stakeholders before the Board approved the proposed rules.

Various commenters expressed support for the requirement that both the managing pharmacy and the telepharmacy be located within Iowa. Other commenters objected to requiring the managing pharmacy to be located within Iowa. Another suggested that an appropriately licensed Iowa pharmacist practicing at an appropriately licensed Iowa nonresident pharmacy should be permitted to provide remote verification of the filling processes to a telepharmacy site located in Iowa.

Other commenters suggested that some of the activities that the rules prohibit from being performed at a telepharmacy when there is no pharmacist present should be permitted in the absence of the pharmacist, including permitting a technician to package patient medications into a patient med pak (in which multiple prescription medications are comingle in a single packet or pouch for administration to the patient at a specified time of day), permitting a technician to prepare compounded products, and permitting a technician to check the work of another technician without a final check by a pharmacist (tech-check-tech).

A few comments centered on prescription label requirements. Some objected to the identification on the prescription label of both the managing pharmacy and telepharmacy, indicating that the additional information may cause confusion and would crowd the label. Others objected to the requirement that the prescription label be verified before the drug is dispensed at the telepharmacy site, stating that this requirement would fracture the pharmacist’s workflow and processes.

One commenter indicated reservations and concerns about some provisions of the rules but expressed support for moving the rules forward at this time. The commenter asked the Board to continue to evaluate the rules and consider input for possible future amendments. The Board concurs with this recommendation and intends to revisit the comments and suggestions received regarding these rules. At this time, the Board determined not to make any changes to the rules as published under Notice. Many discussions with various stakeholder groups and interested parties culminated in the proposed rules. The Board would like to take some time, proceeding under these rules, to monitor and review the practices and processes that develop before considering amendments to Chapter 13.
The adopted amendments are identical to the amendments published under Notice. These amendments were approved during the June 28, 2017, meeting of the Board of Pharmacy. After analysis and review of this rule making, the Board has been unable to determine whether the adoption of these amendments will have an impact on jobs or the net result of any possible impact. The establishment of telepharmacy sites where a pharmacy currently does not exist may create jobs for pharmacy technicians and also for verifying pharmacists. However, the establishment of a telepharmacy site in place of an existing pharmacy that intends to close, as a means of preserving the availability of pharmacy services in a community or area, may still result in the overall reduction in the number of jobs in that area.

These amendments are intended to implement Iowa Code sections 124.301, 147.107, 155A.3, 155A.6A, 155A.13, 155A.14, 155A.19, 155A.28, 155A.31, 155A.33, and 155A.41.

These amendments will become effective on September 6, 2017. The following amendments are adopted.

ITEM 1. Amend subrule 8.35(2) as follows:

8.35(2) Limited use pharmacy license. Limited use pharmacy license may be issued for nuclear pharmacy practice, correctional facility pharmacy practice, telepharmacy practice, and veterinary pharmacy practice. PHARMACY BOARD[657][cont’d]

Pursuant to the authority of Iowa Code sections 147.76 and 155A.13A, the Board of Pharmacy hereby
rescinds Chapter 19, “Nonresident Pharmacy Practice,” Iowa Administrative Code, and adopts a new
chapter with the same title.

This rule making incorporates an administrative review pursuant to Iowa Code section 17A.7(2)
as well as promulgates rules in response to 2016 Iowa Acts, Senate File 453, enacted by the General
Assembly. The adopted rules identify application requirements, including minimum standards for
inspections of nonresident pharmacies seeking licensure in Iowa, and application and registration
requirements for the pharmacist in charge of a nonresident pharmacy. The new rules provide directives
for nonresident pharmacies subject to disciplinary action or criminal convictions to provide timely
notice to the Board as well as provide further explanation of the disciplinary authority of the Board.

Notice of Intended Action was published in the Iowa Administrative Bulletin as ARC 3039C on April
26, 2017.

The Board received one question in response to the Notice, asking for clarification on the licensure
requirements of out-of-state pharmacists providing nondispensing pharmaceutical care services to
residents in Iowa. There were no comments received specific to this rule making, and the rules are
identical to those published under Notice.

Requests for waiver or variance of the discretionary provisions of these rules will be considered
pursuant to 657—Chapter 34.

This rule making was approved at the June 28, 2017, meeting of the Board of Pharmacy.

After analysis and review of this rule making, no impact on jobs has been found.

These rules are intended to implement Iowa Code section 155A.13A as amended by 2016 Iowa Acts,
Senate File 453.

These rules will become effective on September 6, 2017.
The following amendment is adopted.
Recind 657—Chapter 19 and adopt the following new chapter in lieu thereof:

Any pharmacy that dispenses controlled substances to Iowa residents shall also register pursuant to 657—Chapter 10.

19.2(3) Corrective action. The nonresident pharmacy shall submit evidence of corrective action taken to satisfy any deficiency identified in the inspection report and of compliance with all legal directives of the home state licensing authority.

19.2(4) Nonresident pharmacy license changes. A nonresident pharmacy shall submit a completed application and fee pursuant to 657—subrule 8.35(6) except as provided in this rule.
a. Name. A change of the pharmacy name which is provided to patients shall require submission of a pharmacy license application and fee within ten days after issuance by the home state regulatory authority of a license bearing the new name.

b. Location. A change of pharmacy location shall require submission of a pharmacy license application, with the exception of the inspection requirements pursuant to subrule 19.2(1), and fee within ten days after issuance by the home state regulatory authority of a license bearing the new address.

A change in the pharmacist in charge shall require submission of a pharmacy license application and fee within ten days of the identification of a permanent pharmacist in charge pursuant to 657—subrule 8.35(6). If a temporary pharmacist in charge is identified, written notification shall be provided to the board pursuant to 657—paragraph 8.35(6)“c.” The temporary pharmacist in charge shall not be required to be registered pursuant to rule 657—19.3(155A).

19.2(5) Closing pharmacy or discontinuation of services. If a nonresident pharmacy is closing, the pharmacy shall comply with the requirements in 657—subrule 8.35(7). If a nonresident pharmacy is discontinuing provision of pharmacy services to Iowa, but not closing, the pharmacy shall comply with the requirements in the introductory paragraph of 657—subrule 8.35(7) as it relates to transferring patient records to another Iowa-licensed pharmacy and 657—paragraphs 8.35(7)”b” and “d.” The notice requirements of this rule shall not apply in the case of a board-approved emergency or unforeseeable closure, including but not limited to emergency board action, foreclosure, fire, or natural disaster. The nonresident pharmacy shall return to the board the nonresident pharmacy license certificate and, if registered, the Iowa controlled substances Act registration certificate within ten days following the closure or discontinuation of service.

657—19.3(155A) Registered pharmacist in charge. The permanent pharmacist in charge of the nonresident pharmacy shall be designated as such on the nonresident pharmacy license application. Beginning January 1, 2018, the pharmacist in charge shall be registered with the board. The pharmacist in charge shall submit a completed application and a registration fee of $75. The registration shall expire on December 31 following the date of issuance of the registration. An initial registration issued between November 1 and December 31 shall not require renewal until the following calendar year.

The pharmacist in charge of an Iowa-licensed nonresident pharmacy who is not currently actively licensed to practice pharmacy in Iowa shall be registered with the board. The pharmacist in charge shall submit to the board an application that includes the following information:

19.3(2) Registration changes and voluntary cancellation. A registered pharmacist in charge of a nonresident pharmacy shall notify the board in writing within ten days of any change of information included on the registration application, including the pharmacist’s name, contact information, home state license or registration information or status, and place of employment. If a registered pharmacist in charge ceases to be the pharmacist in charge of an Iowa-licensed nonresident pharmacy, the pharmacist may voluntarily request that the registration be canceled and the pharmacist shall not be subject to the inactive registration and reactivation procedure as identified in paragraph 19.3(3)”b.”
19.3(3) Registration renewal. The registration of a pharmacist in charge at a nonresident pharmacy shall be renewed or canceled prior to January 1 of each year. The pharmacist in charge shall submit a completed application and fee as required in this rule.

a. Delinquent registration grace period. If the registration of a pharmacist in charge has not been renewed or canceled prior to expiration, but the pharmacist is in the process of renewing the registration, the registration becomes delinquent on January 1. A pharmacist in charge who submits a completed registration renewal application, application fee, and late penalty fee of $75 postmarked or delivered to the board office by January 31 shall not be subject to disciplinary action for continuing to serve as pharmacist in charge without a current registration in the month of January.

b. Delinquent license reactivation beyond grace period. If the registration of a pharmacist in charge has not been renewed prior to the expiration of the one-month grace period identified in paragraph 19.3(3)"a," the nonresident pharmacy may not continue to provide services to Iowa patients. A nonresident pharmacy that continues to provide services to Iowa patients without a currently registered pharmacist in charge may be subject to disciplinary sanctions. A pharmacist in charge without a current registration may apply for reactivation by submitting a registration application for reactivation and a $300 reactivation fee. As part of the reactivation application, the nonresident pharmacy shall disclose the services, if any, that were provided to Iowa patients while the registration of the pharmacist in charge was delinquent.

657—19.4(124,155A) Applicability of board rules. A nonresident pharmacy shall comply with all requirements of this chapter, 657—Chapter 8, and any other board rules relating to the services that are provided by the pharmacy to patients in Iowa.

EDITOR’S NOTE: For replacement pages for IAC, see IAC Supplement 8/2/17.

These amendments implement the changes made to Iowa Code section 155A.13C in 2016 Iowa Acts, Senate File 453, enacted by the General Assembly, which identified as a specific license category an outsourcing facility and authorized the Board to promulgate rules for such licensure and activity. The amendments add to various rules in Chapter 20 references to Chapter 41 for outsourcing facilities. The amendments also introduce language, consistent with federal draft guidance, regarding criteria for the Board to consider when determining if a compounded drug preparation is essentially a copy of an approved drug. Compounding of a drug that is essentially a copy of an approved drug is a violation of federal regulations.

Chapter 41 establishes the requirements for licensure of outsourcing facilities and includes requirements relating to operations of an outsourcing facility, disclosure of inspection information including identification of determined deficiencies and the actions taken to cure those deficiencies, and disclosure of administrative and criminal actions taken against the facility and primary facility personnel.

Notice of Intended Action was published in the Iowa Administrative Bulletin as ARC 3038C on April 26, 2017.

The Board received one comment related to the rule regarding criteria used by the Board when determining if a compounded drug preparation is essentially a copy of an approved drug. The federal guidance upon which the language was based was, at the time of submission of the Notice, draft guidance and not yet finalized. The commenter expressed disagreement with the federal draft guidance. The Board considered the concern and recognized that future amendments could be made if the final federal guidance provides significant changes to the criteria.

These amendments are identical to those published under Notice.

Requests for waiver or variance of the discretionary provisions of Board rules will be considered pursuant to 657—Chapter 34.

The Pharmacy Board adopted these amendments during its regularly scheduled meeting on June 28, 2017.

After analysis and review of this rule making, no impact on jobs has been found.

These amendments are intended to implement Iowa Code sections 124.301, 155A.13, and 155A.13C. These amendments will become effective September 6, 2017.

The following amendments are adopted.

ITEM 1. Amend rule 657—20.1(124,126,155A) as follows:

657—20.1(124,126,155A) Purpose and scope. The requirements of this chapter apply to compounded preparations that are dispensed, distributed, or administered to an ultimate user in the state of Iowa, regardless of the location of the pharmacy or outsourcing facility where the preparation was compounded. This chapter applies to compounded preparations intended for humans and animals. In addition to the requirements in this chapter, all pharmacies and outsourcing facilities engaged in compounding shall comply with all applicable federal laws and regulations governing compounding and all applicable state laws, rules and regulations governing the practice of pharmacy. In the event the requirements in this chapter directly conflict with any federal law or regulation, the federal law or regulation shall supersede the requirements in this chapter. The requirements of 657—Chapter 16 apply to the compounding of radiopharmaceuticals. The requirements of 657—Chapter 41 apply to outsourcing facilities.
PHARMACY BOARD[657](cont’d)

ITEM 2. Amend rule 657—20.2(124,126,155A), definition of “Outsourcing facility,” as follows: “Outsourcing facility” or “facility” means a any compounding facility that is located at a single geographic location and has registered with the FDA as an outsourcing facility in accordance with Section 503B of the Federal Food, Drug, and Cosmetic Act, as defined in 21 U.S.C. Section 353b, that distributes sterile compounded human drug products without a patient-specific prescription to an authorized agent or practitioner in this state.

ITEM 3. Amend rule 657—20.5(126,155A) as follows:

657—20.5(126,155A) Delayed compliance. A pharmacy that is unable to meet the requirements for full compliance with these rules and with USP Chapter 795 or USP Chapter 797 by May 18, 2016, shall, prior to that date, request and obtain from the board a waiver of the specific requirement or requirements that the pharmacy is unable to meet. A pharmacy that cannot meet the requirements for full compliance with these rules, including applicable USP chapters, and that has not obtained from the board a waiver of the specific requirement or requirements shall not engage in compounding until the pharmacy is in full compliance with all requirements or the board has approved a waiver of the specific requirement or requirements.

ITEM 4. Amend rule 657—20.6(126,155A) as follows:

657—20.6(126,155A) Compounding standards for outsourcing facilities. An FDA-registered outsourcing facility shall be properly licensed in Iowa pursuant to 657—Chapter 41 and shall follow the FDA’s current good manufacturing practices (cGMPs) for outsourcing facilities when compounding preparations for hospitals, practitioners, or patients in the state of use in Iowa.

ITEM 5. Amend rule 657—20.11(126,155A) as follows:

657—20.11(126,155A) Prohibition on resale of compounded preparations. The sale of compounded preparations to other pharmacies, prescribers, or facilities entities, except as explicitly authorized by this chapter, is considered manufacturing.

ITEM 6. Adopt the following new subrules 20.12(1) and 20.12(2):

20.12(1) Essentially a copy. The board may consider the existence of the following factors as an indication that a compounded preparation is essentially a copy of an approved drug:

a. The compounded preparation has the same active pharmaceutical ingredient(s) as the commercially available drug product;

b. The active pharmaceutical ingredient(s) has the same, similar, or an easily substitutable dosage strength; and

c. The commercially available drug product can be used by the same route of administration as prescribed for the compounded preparation.

20.12(2) Clinically significant difference. The prescription for a compounded preparation that is essentially a copy of an approved drug shall clearly indicate the relevant change and the significant clinical difference produced for the patient. A prescription that identifies only a patient name and compounded preparation formulation is insufficient documentation for a pharmacy or outsourcing facility to rely upon to conclude that the prescriber made a determination regarding a clinically significant difference.

ITEM 7. Amend rule 657—20.15(124,126,155A) as follows:

657—20.15(124,126,155A) Compounding for office use.

20.15(1) Human compounded preparations. Only an FDA-registered outsourcing facility properly licensed in Iowa pursuant to 657—Chapter 41 may distribute to a practitioner for office use human compounded preparations without a patient-specific prescription.

20.15(2) Veterinary compounded preparations. Veterinary compounded preparations may be sold to a practitioner for office use if the preparations are compounded by an Iowa-licensed pharmacy or
outsourcing facility and sold directly to the practitioner by the compounding pharmacy or outsourcing facility.

20.15(3) and 20.15(4) No change.

ITEM 8. Amend subrule 20.16(1) as follows:

20.16(1) By an FDA-registered outsourcing facility. Only an FDA-registered outsourcing facility properly licensed in Iowa pursuant to 657—Chapter 41 may distribute human compounded preparations to a hospital or hospital pharmacy in the absence of a patient-specific prescription. The compounded preparation shall be labeled in compliance with subrule 20.19(3).

ITEM 9. Amend paragraph 20.19(3)“k” as follows:

k. The statement “Not for resale” and, if the preparation is dispensed or distributed other than pursuant to a patient-specific prescription for an individual identified patient, the statement “OFFICE USE ONLY.”

ITEM 10. Amend 657—Chapter 20, implementation sentence, as follows:

ITEM 11. Adopt the following new 657—Chapter 41:

657—41.2(155A) Definitions. For the purposes of this chapter, the following definitions shall apply:

“FDA” means the United States Food and Drug Administration.

“Home state” means the state in which an outsourcing facility is located.

“Outsourcing facility” or “facility” means any compounding facility that is registered as an outsourcing facility, as defined in 21 U.S.C. Section 353b, that distributes sterile compounded human drug products without a patient-specific prescription to an authorized agent or practitioner in this state.

657—41.3(155A) Outsourcing facility license. Beginning January 1, 2018, an outsourcing facility shall apply for and obtain an outsourcing facility license from the board prior to providing non-patient-specific compounded human drug products in this state. The applicant shall submit a completed application along with an application fee of $400. An outsourcing facility that intends to distribute controlled substances in or into Iowa shall also, prior to distributing such substances in or into Iowa, apply for and obtain an Iowa controlled substances Act registration pursuant to 657—Chapter 10.

As part of the application process, the applicant shall also:

If the pharmacy is located in Iowa, the pharmacy shall obtain and maintain a valid Iowa pharmacy license pursuant to 657—Chapter 8; if the pharmacy is located outside Iowa, the pharmacy shall, prior to dispensing prescriptions to patients located in Iowa, obtain and maintain a valid Iowa nonresident pharmacy license pursuant to 657—Chapter 19.

41.3(3) License renewal. The outsourcing facility license shall be renewed by January 1 of each year. The facility shall submit the license application and fee as provided in this rule. An outsourcing facility may renew its license beginning November 1 prior to license expiration. An initial outsourcing facility license issued between November 1 and December 31 shall not require renewal until the following calendar year. The fee for license renewal shall be $400.

a. Delinquent license grace period. If an outsourcing facility license has not been renewed or canceled prior to expiration, but the facility is in the process of renewing the license, the license becomes delinquent on January 1. An outsourcing facility that submits a completed license renewal application, application fee, and late penalty fee of $400 postmarked or delivered to the board office by January 31 shall not be subject to disciplinary action for continuing to provide services to Iowa customers in the month of January.

41.3(4) License changes. If an outsourcing facility has a change of name, ownership, location or supervising pharmacist, the facility shall submit to the board an outsourcing facility license application and applicable fee within ten days of the FDA’s issuance of an updated registration. Following processing of the completed license application and fee, the board shall issue a new license certificate that reflects the change or changes.

41.3(5) License cancellation. If an outsourcing facility ceases to be registered as an outsourcing facility with the FDA, the facility shall immediately cease distribution of non-patient-specific compounded drug products in or into this state and shall return its Iowa outsourcing facility license to the board within ten days of such occurrence. Upon receipt, the board shall administratively cancel the outsourcing facility license. If an outsourcing facility intends to discontinue business in this state, the facility shall notify the board in writing of its intent at least 30 days in advance of the discontinuation of services and request that the license be administratively canceled. To the extent possible to avoid unnecessary delays in obtaining product for patients, an outsourcing facility that intends to discontinue services in Iowa should provide advance notice to its customers of the date that the outsourcing facility intends to cease distributing products in this state. The notice requirements of this rule shall not apply in the case of a board-approved emergency or unforeseeable closure, including but not limited to emergency board action, foreclosure, fire, or natural disaster.
657—41.4(155A) **Applicability of board rules.** An outsourcing facility shall comply with all requirements of this chapter, 657—Chapter 20, and any other board rules relating to the services that are provided to Iowa customers.

**PUBLIC HEALTH DEPARTMENT[641]**

**Adopted and Filed**

Pursuant to the authority of Iowa Code section 136C.3, the Department of Public Health hereby amends Chapter 42, “Permit to Operate Ionizing Radiation Producing Machines or Administer Radioactive Materials,” Iowa Administrative Code.

Chapter 42 is amended to provide for an endorsement to the general nuclear medicine technologist permit that would allow nuclear medicine technologists to operate computed tomography units for examinations outside of nuclear medicine studies. Currently, nuclear medicine technologists are allowed to administer radioactive materials and to use computed tomography for attenuation correction
in relation to the nuclear medicine studies of PET/CT or SPECT/CT but are not allowed to operate radiation machines outside of nuclear medicine studies unless the nuclear medicine technologists also hold a radiography permit. In response to industry desire to allow for flexibility in staffing, nuclear medicine training programs and certification boards have evolved to cover additional aspects of computed tomography into their curriculum and advanced testing options. With this additional training and certification, nuclear medicine technologists would possess the minimum training requirements necessary to perform computed tomography outside of a nuclear medicine study. These amendments define computed tomography and outline the minimum requirements for an endorsement to the general nuclear medicine permit to allow endorsement holders to perform computed tomography outside the scope of nuclear medicine. There is no change in scope of practice for any other permit modalities. These amendments were drafted with input from the Iowa Society of Radiologic Technologists and a facility with both a nuclear medicine department and a training program.

Notice of Intended Action was published in the Iowa Administrative Bulletin as ARC 3074C on May 24, 2017. No public comment was received. These amendments are identical to those published under Notice of Intended Action.

The State Board of Health adopted these amendments on July 12, 2017.

After analysis and review of this rule making, no impact on jobs has been found. These amendments are intended to implement Iowa Code chapter 136C. These amendments will become effective September 6, 2017.

The following amendments are adopted.

ITEM 1. Adopt the following new definitions of “Computed tomography,” “Nuclear medicine diagnostic computed tomography endorsement,” “PET/CT,” and “SPECT/CT” in rule 641—42.2(136C):

“Computed tomography” or “CT” means a technique for generating a series of X-ray images taken from different angles and processed with computer software.

1. “Diagnostic computed tomography” means the use of computed tomography to create cross-sectional images of the human body to be used for diagnosis.

2. “Attenuation correction” means the use of X-rays from a CT scan to construct an attenuation map of density differences throughout the body that can then be used to correct for the absorption of the photons emitted from Fluodeoxyglucose ($^{18}$F) decay during a PET/CT scan.

“Nuclear medicine diagnostic computed tomography endorsement” means a qualification that allows a nuclear medicine technologist to perform diagnostic computed tomography of the human body as ordered by an individual authorized by Iowa law to order radiography.

“PET/CT” means an imaging modality that uses positron emission tomography and computed tomography in one device to combine the structural anatomic information with functional data collected during the examination.

“SPECT/CT” means an imaging modality that uses single-photon emission computed tomography and computed tomography in one device to combine the structural anatomic information with functional data collected during the examination.

ITEM 2. Amend rule 641—42.2(136C), definitions of “Nuclear medicine technologist,” “Radiologist technologist,” and “X-ray equipment operator,” as follows:

“Nuclear medicine technologist” means an individual who performs nuclear medicine procedures while under the supervision of an authorized user. The classifications are as follows:

1. “General nuclear medicine technologist” performs any nuclear medicine procedures and may perform computed tomography for attenuation correction during PET/CT or SPECT/CT only.

2. “Limited nuclear medicine technologist” performs nuclear medicine procedures only as approved by the department at the time the initial permit was issued.

“Radiologic technologist” means an individual, excluding X-ray equipment operators, who performs radiography of the human body as ordered by an individual authorized by Iowa law to order radiography. The classifications are as follows:
IAB 8/2/17

PUBLIC HEALTH DEPARTMENT[641](cont’d)

1. “General radiologic technologist” performs radiography and computed tomography of any part of the human body.
2. “Limited radiologic technologist” performs radiography for the chest, spine, extremities, shoulder or pediatrics, excluding computed tomography and fluoroscopy.
3. “Limited in-hospital radiologic technologist” performs radiography of any part of the human body as approved by the department at the time the initial permit was issued.

“X-ray equipment operator” means an individual performing radiography of the human body using dedicated equipment as ordered by an individual authorized by Iowa law to order radiography. These individuals do not qualify for a permit in any other classification. The classifications are as follows:

1. “Podiatric X-ray equipment operator” performs radiography of only the foot and ankle using dedicated podiatric equipment. Studies using computed tomography, fluoroscopy, or nondedicated equipment are prohibited.
2. “Bone densitometry equipment operator” performs bone densitometry using only dual energy X-ray absorptiometry equipment. Studies using computed tomography, fluoroscopy, or nondedicated equipment are prohibited.

ITEM 3. Adopt the following new subrule 42.6(4):

42.6(4) An individual applying for a nuclear medicine diagnostic computed tomography endorsement shall:
   a. Maintain an active permit to practice as a general nuclear medicine technologist. Endorsements may not be held without an active permit.
   b. Submit proof of a passing score on the ARRT or NMTCB computed tomography examination.

ARC 3240C

Pursuant to the authority of Iowa Code sections 147A.2 and 147A.27, the Department of Public Health hereby amends Chapter 134, “Trauma Care Facility Categorization and Verification,” Iowa Administrative Code.

The rules in Chapter 134 define the categorization levels for Iowa trauma care facilities and the criteria standards used to verify that hospitals meet the identified categorization levels. Minor changes to Chapter 134 have been made in the past five years, but significant updates have not been made to the trauma facility verification criteria standards since the early 2000s. The previously adopted Iowa criteria are based on criteria established by the American College of Surgeons Committee on Trauma (ACS-COT). The ACS-COT criteria were modified by Iowa physicians to tailor the criteria for application in Iowa. The Iowa modified criteria created inconsistencies from national trauma standards, resulting in inconsistencies within Iowa’s verified trauma facilities based on whether the facility completed an ACS-COT review or an Iowa review.

The ACS-COT has the national subject matter experts in the field of trauma. The ACS-COT conducted an Iowa trauma system consultation in February 2015. The consultation resulted in multiple recommendations. Two recommendations were to adopt and utilize ACS-COT criteria as outlined in the Resources for Optimal Care of the Injured Patient 2014 (6th edition) and to seek ACS-COT verification of trauma care facilities instead of conducting verification based on Iowa modified criteria. Since February 2015, the Trauma System Advisory Committee (TSAC) and its verification subcommittee have worked to review and implement recommendations from the ACS-COT. The verification subcommittee consists of representatives from every level of trauma care facility. Multiple meetings were held in 2015 and early 2016 to identify the positive impacts and unintended consequences associated with adoption
of the ACS-COT criteria for all trauma care facility levels, verification of all Iowa Level I and Level II hospitals by the ACS-COT, and modifications to the verification review processes. Iowa’s trauma care facilities can expect the following impacts:

1. Level I trauma care facilities: No impact from the rule changes. All Iowa Level I trauma care facilities currently complete ACS-COT verification.

2. Level II trauma care facilities: There are four trauma care facilities verified as Level II in Iowa. Two Iowa facilities complete ACS-COT verification, and the other two Iowa facilities complete Iowa verification using Iowa modified criteria. The ACS-COT verified Level II trauma care facilities are held to a higher standard related to resources and trauma care capabilities than the Iowa verified trauma care facilities due to the inconsistencies in ACS-COT criteria and Iowa verification criteria. Having trauma care facilities within the state with the same categorization level but not the same verification standard creates inconsistencies within the system.

   Level I and II trauma care facilities provide definitive care for the most significantly injured trauma patients. These facilities must have the physicians, staff, and resources needed to provide definitive care for any type of trauma patient, except patients with significant burns. Patients with significant burns are treated at accredited burn centers. There is only one accredited burn center in Iowa.

   These amendments will have no impact on the ACS-COT verified Level II facilities because these facilities currently complete ACS-COT verification. The ACS-COT criteria include robust requirements related to hospital and surgical capabilities, performance improvement, and outreach activities inclusive of emergency medical service (EMS) and rural trauma care facilities.

   The Iowa verified Level II trauma care facilities identified the following concerns with ACS-COT verification and utilization of ACS-COT criteria:

   - The cost associated with ACS-COT verification. The increased costs originate from the actual cost of the ACS-COT verification process and visit and from the costs for additional physicians and staffing.
   - Transition to a Level III facility (if unable to achieve ACS-COT Level II verification) may lead to a lower level of care available at the trauma care facility and diminish the hospital’s ability to recruit physicians. (Transition to the ACS-COT verification using ACS-COT criteria substantially raises the verification criteria requirements for Iowa verified Level II trauma care facilities.)

3. Level III trauma care facilities: Iowa has 17 verified Level III trauma care facilities (all verified by Iowa). For the majority of the facilities, transition to the ACS-COT Level III criteria will have little or no impact on the facility. Three of the facilities may have difficulty achieving the orthopedic surgical services requirements identified in the criteria (previously not required by Iowa modified criteria). Transition to the ACS-COT criteria minimally to moderately raises the verification criteria requirements for the Iowa Level III trauma care facilities depending on the facilities’ capabilities.

4. Level IV trauma care facilities: Iowa has 95 verified Level IV trauma care facilities (all verified by Iowa). The transition to the ACS-COT criteria has a significant benefit to the Level IV facilities. The ACS-COT criteria reduce the financial burden on the hospitals by allowing the use of advanced registered nurse practitioners (ARNPs) and physician assistants (PAs) in the hospital emergency departments without maintaining a physician on call. The education requirements are reduced for physicians at Level IV facilities. These changes are consistent with the needs of Iowa’s rural facilities. Transition to the ACS-COT criteria lowers verification criteria requirements for the Iowa Level IV trauma care facilities while ensuring trained staff and quality access to life-sustaining trauma care in Iowa’s rural communities. Level IV trauma care facilities primarily provide initial life-sustaining stabilization to a trauma patient before patient transfer occurs to a Level I, II, or III trauma care facility for definitive treatment. Transport decisions address the needs of the patient and consider the closest available resources to provide optimal care for the patient.

   The TSAC verification Subcommittee made the following recommendations to the TSAC in January 2016:

   - ACS-COT verification of all Level I and II facilities in Iowa.
   - Utilization of ACS-COT criteria for all trauma categorization levels (I-IV).
   - Weighted criteria and a more clearly outlined disciplinary process.
The TSAC recommended that the Department provide notice of administrative rule changes to Chapter 134 reflecting the recommendations from the verification subcommittee. Iowa’s trauma facility coordinators were engaged during the drafting process to provide comments and suggestions, and their comments and suggestions influenced the development of the Department’s Notice of Intended Action (ARC 3075C, 5/24/17 Iowa Administrative Bulletin).

During the 2016 Legislative Session, language was introduced to amend Iowa Code section 147A.23(2)c” to indefinitely suspend modifications to Level II trauma verification criteria from the criteria that were in effect on July 1, 2015. The legislative language passed through the Health and Human Services appropriations bill. The Governor subsequently vetoed this language at the end of the 2016 session.

Throughout 2016, TSAC requested that the Department pursue implementation of the recommendations made in January 2016. The Department continued to review the recommendations and began engaging the Iowa Hospital Association (IHA) and hospitals that specifically notified the Department about concerns over the proposed changes.

Several conference calls and face-to-face meetings occurred with IHA and hospital representatives to identify acceptable compromises in association with the proposed amendments to Chapter 134. The Department coordinated with TSAC during the November 2016, January 2017, and April 2017 council meetings to modify these amendments and to establish consensus amongst the trauma system constituency.

One Iowa verified Level II facility requested that two verification cycles (six years) be allowed before transitioning to ACS-COT verification. Some members of the TSAC recommended one year for transition (which is consistent with the time provided to ACS-COT facilities to meet criteria when the criteria are updated on the national level). TSAC ultimately recommended a three-year period for the Iowa Level II facilities to transition to the ACS-COT criteria.

The Iowa Level II facility continued to advocate for six years to transition. The Department met with the requesting hospital face-to-face on two occasions and participated in several conference calls to find a compromise. The Department is adopting a four-year period, from September 6, 2017, the effective date of these amendments, for the Iowa verified Level II facilities to transition to ACS-COT verification or to transition to an Iowa verified Level III or Level IV trauma care facility. The Department believes it to be a reasonable compromise to allow four years for facilities to recruit necessary medical staff needed to achieve ACS-COT Level II verification.

The Department is adopting amendments to Chapter 134 for the following reasons:

- ACS-COT criteria are evidence-based national standards developed by nationally recognized subject matter experts in the field of trauma. The “Resources for Optimal Care of the Injured Patient 2014” (6th edition) can be used as a consistent reference across Iowa’s trauma system.
- Utilization of only ACS-COT teams to verify Level II trauma care facilities in Iowa will eliminate inconsistencies between ACS-COT verification teams and Iowa verification teams.
- Hospitals verified at each categorization level will have consistent criteria to meet as well as consistent resources and capabilities for that level.

The following is a summary of the amendments to Chapter 134:

1. Throughout the chapter, references to hospital and emergency facilities are replaced with references to trauma facilities, where appropriate, and the terms resource, regional, area and community facilities are replaced with the appropriate level categorization designation I, II, III, or IV. Updates are made to the name of the bureau and its Web site address.

2. In rule 641—134.1(147A), definitions are added for “criteria deficiency,” “final report,” “governing body,” “persistently occurring deficiencies,” “trauma survey team,” “type I criteria,” and “type II criteria.” Edits are made to the definitions of “trauma care facility,” “on-site verification survey,” and “verification.”

3. In subrule 134.2(3), the “Resources for Optimal Care of the Injured Patient 2014” (6th edition) as published by the American College of Surgeons Committee on Trauma is adopted by reference.

4. New paragraph 134.2(3)c” provides that trauma care facilities shall transition to the criteria outlined in the national reference “Resources for Optimal Care of the Injured Patient 2014” (6th edition)
as published by the American College of Surgeons Committee on Trauma and provides the specific time lines for each level of trauma care facility to complete the transition.

5. The amendments to subrule 134.2(6) clarify that Level I and Level II trauma care facilities shall be verified by the American College of Surgeons Committee on Trauma (ACS-COT) and that the Level III and Level IV trauma care facilities will be verified by the Department. An ACS-COT verification shall be accepted by the Department as state verification as a trauma care facility. If Level I and II facilities fail an ACS-COT verification, the trauma care facility will submit to the Department an application for a Level III or IV verification until the ACS-COT recommendations are met and the trauma care facility can be visited and verified by the ACS-COT.

6. The amendments to subrule 134.2(7) provide that verification criteria are weighted by criteria types (Type I and Type II) as indicated in the "Resources for Optimal Care of the Injured Patient 2014" (6th edition) published by the American College of Surgeons Committee on Trauma and adopted in paragraph 134.2(3)"a." Clarification related to these types of criteria deficiencies and resulting disciplinary action is provided. The amendments also provide that the Department may conduct electronic review or on-site verification for deficiency resolution, that the Department may conduct chart reviews, that all proceedings, records and reports from site visits are peer review records and are not subject to discovery by subpoena or admissible evidence, and that all information and documents are confidential.

Notice of Intended Action was published in the Iowa Administrative Bulletin as ARC 3075C on May 24, 2017. A public hearing was held on June 13, 2017, from 1 to 2 p.m. in Room 517, Lucas State Office Building, 321 East 12th Street, Des Moines, Iowa. The Department received one comment in support of the amendments. These amendments are identical to those published under Notice of Intended Action.

The State Board of Health adopted these amendments on July 12, 2017.

After analysis and review of this rule making, no impact on jobs has been found.

These amendments are intended to implement Iowa Code section 147A.2.

These amendments will become effective September 6, 2017.

ARC 3241C

PUBLIC HEALTH DEPARTMENT[641]

Adopted and Filed

Pursuant to the authority of Iowa Code sections 147A.2 and 147A.27, the Department of Public Health hereby amends Chapter 137, “Trauma Education and Training,” Iowa Administrative Code.

Chapter 137 establishes minimum education requirements for medical personnel caring for trauma patients in Iowa’s trauma care facilities. The rules in Chapter 137 are updated to reference and support rules in Chapter 134, “Trauma Care Facility Categorization and Verification,” for which amendments are adopted in ARC 3240C herein. The Department coordinated with the Trauma System Advisory Council (TSAC) to amend the rules in Chapter 137. The amendments to these rules were also shared with all Iowa trauma coordinators during the drafting process for the purpose of receiving comments and suggestions. The suggestions received were incorporated into the final draft before final approval by TSAC.

The amendments to the rules include the following:

1. In rule 641—137.1(147A), all definitions that are no longer referenced in the rules are stricken and edits are made to the definitions of “trauma care facility,” “trauma patient,” “trauma system advisory council,” “trauma team” and “verification.”

2. In paragraph 137.2(1)”c,” regarding general requirements for initial trauma education, the name and Web site address of the bureau are updated.
3. In paragraph 137.2(2)“a,” which sets forth specific requirements for initial trauma education, clarifications regarding the education required for physicians, physician assistants and advanced registered nurse practitioners are made.

4. In subrule 137.3(1), specific training requirements for each provider category are added to the continuing education requirements.

5. Subrule 137.3(2), which contains the general requirements for continuing trauma education, is rescinded because the requirements are no longer relevant due to the use of national guidelines.

6. Subrule 137.3(3), which contains the specific requirements for each provider category, is rescinded because the requirements are no longer relevant due to the use of national guidelines.

7. Subrule 137.3(4), regarding continuing education for EMS providers, is rescinded because EMS provider education is clearly defined in 641—Chapter 131.

8. New rule 641—137.4(147A), regarding offenses and penalties, clarifies that offenses and penalties will be addressed pursuant to 641—Chapter 134.

Notice of Intended Action was published in the Iowa Administrative Bulletin as ARC 3076C on May 24, 2017. A public hearing was held on June 13, 2017, from 2 to 2:30 p.m. in Room 517, Lucas State Office Building, 321 East 12th Street, Des Moines, Iowa. The Department received one comment requesting that no change be made to the original definition of “advanced registered nurse practitioner.” The commenter felt that the longer, original definition was still relevant and a more accurate definition. Based on this comment and Department review, the Department is retaining the original definition. Except for the one change to retain the original definition of “advanced registered nurse practitioner” rather than to amend it as proposed, these amendments are identical to those published under Notice of Intended Action.

The State Board of Health adopted these amendments on July 12, 2017. After analysis and review of this rule making, no impact on jobs has been found. These amendments are intended to implement Iowa Code section 147A.2. These amendments will become effective September 6, 2017.

REAL ESTATE COMMISSION[193E]

 Adopted and Filed

These amendments are a result of the five-year rolling review of administrative rules outlined in Iowa Code section 17A.7(2), along with input and concern from leadership from the professional association of real estate licensees in regard to how real estate salespersons and brokers from other jurisdictions are being licensed by the Real Estate Commission.

The rules in Chapter 3 describe the general requirements for a real estate broker license. The amendments to Chapter 3 remove old education requirements that have since been updated, update citations to the Iowa Code, and clarify the experience requirements for obtaining a real estate broker license in Iowa. The rules in Chapter 4 describe the general requirements for a salesperson license. The amendments to Chapter 4 remove old education requirements that have since been updated, provide clarification of the current prelicense education requirements, and update citations to the Iowa Code. The rules in Chapter 5 describe the general requirements for real estate licensees in other jurisdictions who wish to obtain a real estate license in Iowa. The amendments to Chapter 5 clarify how salespersons and brokers licensed in other jurisdictions can be licensed in Iowa and update the Commission’s Web address.

Notice of Intended Action was published in the Iowa Administrative Bulletin as ARC 3065C on May 24, 2017. A public hearing was held on June 13, 2017, and no comments were received. The adopted amendments are identical to those published under Notice.

These rules are subject to waiver or variance pursuant to 193—Chapter 5.

The Real Estate Commission adopted these amendments on June 30, 2017.

After analysis and review of this rule making, the Professional Licensing and Regulation Bureau determined that there will be no impact on jobs and no fiscal impact to the state.

These amendments are intended to implement Iowa Code section 543B.9.

These amendments will become effective September 6, 2017.

a. An applicant for a broker license may use active experience as a former Iowa salesperson or active salesperson experience in a another state or jurisdiction which has a current reciprocal licensing agreement or memorandum in place with Iowa, or a combination of both, to satisfy the experience requirement for a broker license only if the former Iowa salesperson or reciprocal applicant from another state or jurisdiction salesperson was actively licensed for not less than 24 months and if the license on which the experience is based has not been expired for more than three years prior to the date the completed broker application with fee is filed with the commission.

Notice of Intended Action was published in the Iowa Administrative Bulletin as ARC 3086C on June 7, 2017. One comment was received in support of the change in the time period for the mineral mining license. The adopted amendments are identical to the noticed amendments.
After analysis and review of this rule making, no adverse impact on jobs has been found. These amendments are intended to implement 2017 Iowa Acts, House File 617. These amendments will become effective September 6, 2017. The following amendments are adopted.

Pursuant to Iowa Code chapter 476 and section 17A.4, the Utilities Board (Board) gives notice that on July 14, 2017, the Board issued an order in Docket No. RMU-2016-0019, In re: Review of Energy Efficiency Planning and Reporting for Non-Rate-Regulated Gas and Electric Utilities Rules [199 IAC Chapter 36], “Order Adopting Amendments,” amending the Board’s energy efficiency planning rules in Chapter 36 for utilities not required to be rate-regulated.

Notice of Intended Action was published in the January 18, 2017, Iowa Administrative Bulletin as ARC 2910C. Two parties, the Iowa Association of Electric Cooperatives (IAEC) and the Office of Consumer Advocate (OCA), a division of the Iowa Department of Justice, filed comments. After the Notice of Intended Action was published, 2017 Iowa Acts, Senate File 331, which amends some of the energy efficiency reporting requirements, was signed into law. On June 6, 2017, the Board issued an order in Docket No. RMU-2016-0019, requesting comments on proposed amendments that incorporated both stakeholder comments and reflected the enactment of 2017 Iowa Acts, Senate File 331. The Board also scheduled a meeting on June 26, 2017, for interested parties to discuss the impact of Senate File 331 on Chapter 36.

The Environmental Law & Policy Center, Iowa Environmental Council, Iowa Association of Municipal Utilities, IAEC, and OCA filed comments in response to the Board’s June 6, 2017, order. All of those parties were also represented at the June 26, 2017, meeting.

The Board has modified several of the amendments proposed in the Notice of Intended Action, based on comments received, in writing and during the June 26, 2017, meeting, and on the enactment of Senate File 331. The Board’s order approving this Adopted and Filed rule making describes the comments received and any amendments the Board adopted based on those comments or on the enactment of Senate File 331.

The order approving this Adopted and Filed rule making can be found on the Board’s Electronic Filing System Web site, http://efs.iowa.gov, in Docket No. RMU-2016-0019.

After analysis and review of the rule making, the Board concludes that these amendments will not have a detrimental effect on jobs in Iowa.

The following amendments are adopted.

ITEM 1. Rescind rule 871—21.1(96) and adopt the following new rule in lieu thereof:

871—21.1(96) Unemployment insurance services division. The primary responsibility of the unemployment insurance services division is to administer the provisions of the Iowa employment security law and related federal programs in accordance with pertinent laws, regulations, and policies. Attorneys who report to the administrator of the unemployment insurance services division perform the legal services for the division pursuant to Iowa Code section 96.17, which empowers the division to employ attorneys to represent it and give advice on all matters coming before it in conjunction with the administration of Iowa Code chapter 96. The division administers the payment of job insurance benefits to eligible individuals, determines which employers are subject to the state and federal laws enacted in this area, supervises the collection of taxes from these employers, and oversees a program to control the quality of benefit payment and revenue collection. These functions are performed by the following bureaus:

21.1(1) Benefits bureau. The benefits bureau determines the eligibility of individuals claiming unemployment insurance. In addition, the bureau also processes unemployment compensation for federal employees (UCFE), unemployment insurance for ex-service members (UCX), claims for trade readjustment assistance (TRA), voluntary shared work (VSW), and disaster unemployment assistance (DUA). It is also responsible for payments of other special federal unemployment insurance benefits as agreed to by the United States Department of Labor and the state of Iowa.

a. The bureau is responsible for screening all employer protests and investigates all labor dispute protests and issues appropriate decisions. This bureau determines individuals’ eligibility on disputed claims for unemployment insurance benefits based on Iowa employment security law and Iowa administrative rules and issues a determination. The bureau reviews decisions that determine which employers will receive charges on claims for unemployment insurance benefits and investigates claims for missing wages. The bureau performs fact-finding interviews with claimants and employers to resolve issues discovered by recording the responses the claimant provides to questions asked in the weekly continued claim certification process. The bureau issues supplemental benefit payments due to misreported earnings or eligibility disqualifications. It also responds to communications involving technical matters related to unemployment insurance and corrects necessary records and the database due to subsequent appeal decisions which reverse or modify the prior decision issued on a claim.

b. The bureau oversees special claims for processing, which include claims for UCFE, UCX, TRA, VSW, DUA, and any other federal unemployment insurance programs. The bureau also administers training extension benefits (TEB), alternate base period (ABP), business closing claims, and department-approved training (DAT). The bureau computes and authorizes payments due, maintains needed records, and makes adjustments or redeterminations as applicable. This bureau is also responsible for processing initial interstate claims, assisting claimants in calling in their continued claims for payment, notifying employers of claim filings, processing overpayments and underpayments, adjudicating issues, processing interstate appeals, and processing combined wage claims. The bureau is responsible for all overpayment billing activity that results in an overpayment setup or refund,
overpayment decision letter, or overpayment billing notice. The bureau is responsible for overpayment recovery programs, including withholding of Iowa and federal income tax refunds, Iowa lottery prizes, Iowa vendor payments, and the interstate reciprocal overpayment recovery arrangement. The bureau is responsible for the issuance of duplicate benefit payments for lost, stolen, outdated, or returned payments. The bureau authorizes and issues direct deposit transactions, debit cards and special warrants. The bureau verifies financial institution corrections of direct deposit routing and account numbers and updates the database records.

c. The bureau assigns document control information to each paper document, which provides automated electronic workflow routing, document retention criteria, document locating information, and computer updates. The bureau prepares documents and computer records for release to the public under subpoena or waiver provisions and collects record-processing fees.

d. The bureau is responsible for the voluntary income tax withholding program in which state and federal taxes are withheld from unemployment insurance benefits. The bureau is responsible for reporting tax withholdings and taxable unemployment insurance benefits to the Internal Revenue Service, Iowa department of revenue, and claimants.

21.1(2) Tax bureau. The tax bureau is responsible for the maintenance and control of all records of unemployment insurance tax paid by liable employers in the state of Iowa. Taxes collected are deposited in a fund to be subsequently used for benefit payments. The bureau also provides services to other states that request assistance with unemployment insurance enforcement of Iowa-based employers that conduct business in those states.

a. The bureau maintains financial records on employers; assigns rates each year to employers; makes all necessary adjustments to ensure proper charging to employers of benefits chargeable to them; maintains records of employer overpayments and refunds; and maintains the necessary contacts with employers’ accountants, attorneys, and the general public to ensure the proper and timely submission of all the required reports to the unemployment insurance services division. The bureau ensures that all unemployment insurance-related documents received are scanned into a document repository.

b. The bureau is responsible for collecting and depositing all money received for contribution reports, delinquent contribution reports, benefit reimbursements, and interest and penalties with the state treasurer’s office. Staff initiates routine legal actions such as the filing of liens, garnishments, and bankruptcies. Employers and claimants are contacted by mail, telephone, or e-mail or personally to initiate the collection process.

c. It is the bureau’s responsibility to contact Iowa and out-of-state employers that do business in Iowa to establish taxpayers’ liability under the law; explain the law’s provisions; secure information and make determinations pertaining to new accounts, successorships and terminating tax liability; give information and assistance to ensure compliance in the preparation of tax reports; conduct investigations on federal unemployment tax Act (FUTA) discrepancy problems, contractor registration issues, business closings, and claimant requests for omitted wage credits; determine employer/employee and independent contractor relationship issues; assist in fraud investigations; conduct payroll and financial audits; and provide expert-witness testimony at employer liability hearings.

d. The bureau also assigns all field audit work. Information is entered into the automated system which generates materials to be utilized by the field audit staff in conducting an employer inquiry and audit.

21.1(3) Integrity bureau. The integrity bureau consists of three distinct work units: the investigations and recovery unit, the quality control unit, and the benefits collections unit.

a. The investigations and recovery unit is responsible for aggressive action to prevent, detect, investigate and penalize fraudulent actions on the part of employing units and individuals claiming unemployment insurance benefits. The bureau verifies whether aliens are entitled to unemployment insurance and investigates and disqualifies those who are not eligible. The bureau conducts the fictitious-employer detection program to discover employers set up for the purpose of fraudulent activities. The bureau prosecutes violations of the Iowa employment security law, including fraudulent receipt of unemployment insurance benefits, in conjunction with each county attorney in Iowa. The
bureau investigates and determines whether an unemployment insurance warrant has been forged and whether it should be reissued.

b. The benefits collections unit is responsible for the collection of benefit overpayments, including penalties for fraudulent claims. The bureau is responsible for depositing all money received for benefit overpayments with the state treasurer’s office. Staff initiates routine legal actions such as the filing of liens, garnishments, and bankruptcies. Claimants are contacted by mail, telephone, or e-mail or personally to initiate the collection process. The bureau analyzes the effectiveness of revenue collection processes for the unemployment insurance program.

c. The quality control unit reports to the integrity bureau chief as the unit works to support the development and execution of corrective action plans for the improvement of the unemployment insurance program. The unit is responsible for the collection and analysis of data pertaining to both the accuracy of unemployment insurance benefit payments and unemployment insurance benefit denial determinations. In addition, the unit is responsible for validation of the unemployment insurance data reports, identification and analysis of risk factors which could threaten the unemployment insurance program, and maintenance of the data-processing capabilities to store and transmit various agency-required reports to the federal government.

This rule is intended to implement Iowa Code chapter 96.

These amendments update, clarify and simplify the procedures by which claimants and employers interact with Iowa Workforce Development. The amendments also bring the rules up to date by reflecting changes in technology and efficiencies developed within the agency since the affected rules were enacted. The agency needs to have administrative rules that address these changes.

Notice of Intended Action for these amendments was published in the June 7, 2017, Iowa Administrative Bulletin as ARC 3114C. No comments were received. The Notice was on the agenda of the Administrative Rules Review Committee (ARRC) meeting held on July 6, 2017. No questions or comments were received during this public meeting of the ARRC. Except for the striking of the word “the” before a form number in Item 7, these amendments are identical to those published under Notice of Intended Action.

This rule making does not have a fiscal impact on the State of Iowa.
Waiver provisions pursuant to Iowa Code section 17A.4(2) are not applicable.
After analysis and review of this rule making, no impact on jobs has been found.
