 - b.* Prepare maps of counties, cities and other geographic units within the state, which may be used to illustrate the locations of legislative district boundaries proposed in plans drawn in accordance with section 42.4.
3. As soon as possible after January 1 of each year ending in one, the legislative services agency shall obtain from the United States bureau of the census the population data needed for legislative districting which the census bureau is required to provide this state under United States Pub. L. 94-171, and shall use that data to assign a population figure based upon certified federal census data to each geographic or political unit described pursuant to subsection 2, paragraph "a". Upon completing that task, the legislative services agency shall begin the preparation of congressional and legislative districting plans as required by section 42.3.
