

505.25 Information provided to medical assistance and hawk-i programs.

A carrier, as defined in section 514C.13, shall enter into a health insurance data match program with the department of human services for the sole purpose of comparing the names of the carrier's insureds with the names of recipients of the medical assistance program under chapter 249A or enrollees of the hawk-i program under chapter 514I.
