

**455B.431 Recording of site designation.**

When the director places a site on the registry as provided in [section 455B.426](#), then the director shall file with the county recorder a statement disclosing the period during which the site was used as a hazardous waste or hazardous substances disposal area. When the director finds that a site on the registry has been properly closed under [section 455B.427, subsection 3](#), paragraph “e”, with no evidence of potential adverse impact, this finding shall be filed with the county recorder. The finding shall state that the director’s finding does not warrant to a future purchaser of the site that the site will be free from any future adverse impacts as a result of use of the site as a hazardous waste or hazardous substances disposal site.
