468.2 Presumption and construction of laws.

1. The drainage of surface waters from agricultural lands and all other lands, including

state-owned lakes and wetlands, or the protection of such lands from overflow shall be presumed to be a public benefit and conducive to the public health, convenience, and welfare.

2. The provisions of [this subchapter](#) and all other laws for the drainage and protection from overflow of agricultural or overflow lands shall be liberally construed to promote leveeing, ditching, draining, and reclamation of wet, swampy, and overflow lands.

468.3 Definitions.

1. As used in [this chapter](#), unless the context otherwise requires, the term “*adjusted competitive bid threshold*” means the same as the adjusted competitive bid threshold for vertical infrastructure applicable to counties as established by the state department of transportation pursuant to [section 314.1B](#).

2. The term “*appraisers*” shall mean the persons appointed and qualified to ascertain the value of all land taken and the amount of damage arising from the construction of levee or drainage improvements.

3. Within the meaning of [this subchapter, parts 1 through 5 and 7](#), and [subchapter II, part 1](#), the term “*board*” shall embrace the board of supervisors, the joint boards of supervisors in case of intercounty levee or drainage districts, and the board of trustees in case of a district under trustee management.

4. As used in [this chapter](#), unless the context otherwise requires, “*book*”, “*list*”, “*record*”, or “*schedule*” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in [section 445.1](#).

5. The term “*commissioners*” shall mean the persons appointed and qualified to classify lands, fix percentages of benefits, apportion and assess costs and expenses in any levee or drainage district, unless otherwise specifically indicated by law.

6. The term “*cost of improvements*” means the costs of any improvement which is subject to special assessment including, but not limited to, the costs of engineering, preliminary reports, property valuations, estimates, plans, specifications, notices, acquisition of land, easements, rights-of-way, construction, repair, supervision, inspection, testing, notices and publication, interest during construction and for a reasonable period following the completion of construction, and may include the default fund which shall amount to not more than ten percent of the total cost of an improvement assessed against benefited property.

7. The term “*engineer*” or “*civil engineer*”, within the meaning of [this subchapter, parts 1 through 5 and 7, subchapter II, parts 1, 4, 5, and 6](#), and [subchapter V](#), shall mean a person licensed as a professional engineer under the provisions of [chapter 542B](#).

8. The term “*land surveyor*” shall mean a person licensed as a professional land surveyor under the provisions of [chapter 542B](#).

9. For the purpose of [this subchapter, parts 1 through 5 and 7](#), and with reference to improvements along or adjacent to the Missouri river, the word “*levee*” shall be construed to include, in addition to its ordinary and accepted meaning, embankments, revetments, retards, or any other approved system of construction which may be deemed necessary to adequately protect the banks of any river or stream, within or adjacent to any county, from wash, cutting, or erosion.

468.8 Petition.

The petition shall set forth:

1. An intelligible description, by congressional subdivision or otherwise, of the lands suggested for inclusion in the district.
2. That said lands are subject to overflow or are too wet for cultivation or subject to erosion or flood danger.
3. That the public benefit, utility, health, convenience, or welfare will be promoted by the suggested improvements.
4. The suggested starting point, route, terminus and lateral branches of the proposed improvements.
5. In the event the petitioners request a classification before the establishment of the

district, the petition shall include a request that the district be classified as provided in [sections 468.38 through 468.44](#) after the board has approved the report of the engineer as a tentative plan but before the district is finally established.

468.9 Bond.

1. There shall be filed with the petition a bond in an amount fixed and with sureties approved by the auditor, conditioned for the payment of all costs and expenses incurred in the proceedings in case the district is not finally established.

2. No preliminary expense shall be incurred before the establishment of such proposed improvement district by the board in excess of the amount of bond filed by the petitioners. In case it is necessary to incur any expense in addition to the amount of such bond, the board of supervisors shall require the filing of an additional bond by the petitioners and shall not proceed with the preliminary survey or authorize any additional expense until the additional bond is filed in a sufficient amount to cover such expense.

468.10 Engineer.

1. The board shall at its first session thereafter, regular, special, or adjourned, examine the petition and if it be found sufficient in form and substance, shall appoint a disinterested and competent civil engineer who shall give bond to the county for the use of the proposed levee or drainage district, if it be established, and if not established, for the use of the petitioners, in amount and with sureties to be approved by the auditor, and conditioned for the faithful and competent performance of the engineer's duties.

2. Any engineer employed under the provisions of [this subchapter, parts 1 through 5](#) shall receive such compensation per diem as shall be fixed and determined by the board of supervisors.

3. The board may at any time terminate the contract with, and discharge the engineer.

4. The engineer shall keep an accurate record of the kind of work done by the engineer, the place where done, and the time engaged therein, and shall file an itemized statement thereof with the auditor. No expenses shall be incurred by the engineer except upon authority of the board, and vouchers shall be filed with the claims therefor.

468.12 Report.

1. The engineer shall make full written report to the county auditor, setting forth:

a. The starting point, route, and terminus of each ditch, drain, and levee and the character and location of all other improvements.

b. A plat and profile, showing all ditches, drains, levees, settling basins, and other improvements, the course, length, and depth of each ditch, the length, size, and depth of each drain, and the length, width, and height of each levee, through each tract of land, and the particular descriptions and acreage of the land required from each forty-acre tract or fraction thereof as right-of-way, or for settling basin or basins, together with the congressional or other description of each tract and the names of the owners thereof as shown by the transfer books in the office of the auditor. Said plat shall describe the width of the right-of-way to be taken from each forty-acre tract or fraction thereof.

c. The boundary of the proposed district, including therein by color or other designation other lands that will be benefited or otherwise affected by the proposed improvements, together with the location, size, and elevation of all lakes, ponds, and deep depressions therein.

d. Plans for the most practicable and economic place and method for passing machinery, equipment, and material required in the construction of said improvements across any highways, railroads, and other utilities within the proposed district.

e. The probable cost of the proposed improvements, together with such other facts and recommendations as the engineer shall deem material.

2. Where the proposed district contemplates as its object flood control or soil conservation the engineer shall include in the report data describing any soil conservation or flood control improvements, the nature of the improvements, and other data as prescribed by the department of natural resources.

468.13 Procedure on report — classification.

1. Upon the filing of the report of the engineer recommending the establishment of the levee or drainage district, the board shall at its first regular, adjourned, or special meeting examine and consider the same, and, if the plan is not approved the board may employ the same engineer or another disinterested engineer to report another plan or make additional examination and surveys and file an additional report covering such matters as the board may direct. Additional surveys and reports must be made in accordance with the provisions of [sections 468.11](#) and [468.12](#). At any time prior to the final adoption of the plans they may be amended, and as finally adopted by the board shall be conclusive unless the action of the board in finally adopting them shall be appealed from as provided in [this subchapter](#).

2. If the petition or other landowners requested a classification of the district prior to establishment, the board shall order a classification as provided by [sections 468.38 through 468.44](#) after they have approved the report of the engineer as a tentative plan. The notice of hearing provided by [section 468.14](#) shall also include the requirements of the notice of hearing provided in [section 468.45](#) as to this classification, and the hearing on the petition provided in [section 468.21](#) shall also include the matters to be heard as provided in [section 468.46](#).

3. If the board establishes the district as provided in [section 468.22](#), the classification which is finally approved at the hearing by the board shall remain the basis of all future assessments for the purposes of said district as provided in [section 468.49](#). The landowners

shall have the same right of appeal from this classification as they would have if the petition had not requested a classification prior to establishment and the classification had been made after establishment.

468.16 Service on agent.

1. If any person, corporation, or company owning or having interest in any land or other property affected by any proposed improvement under [this chapter](#) files an instrument in writing with the auditor designating the name and post office address of the agent of the person, corporation, or company upon whom service of notice of the proceeding shall be made, the auditor shall, not less than twenty days prior to the date set for hearing upon the petition, send a copy of the notice by certified mail addressed to the agent so designated. Proof of service shall be made by affidavit of the auditor filed in the proceeding at or before

the date of the hearing upon the petition, and such service shall be in lieu of all other service of notice to such persons, corporations, or companies.

2. This designation when filed shall be in force for a period of five years thereafter and shall apply to all proceedings under [this chapter](#) during such period. The person, company, or corporation making such designation shall have the right to change the agent appointed in the designation or to amend the designation in any other particular.

1. *a.* If the board shall find that such petition complies with the requirements of law in form and substance, and that such improvement would be conducive to the public health, convenience, welfare, benefit, or utility, and that the cost thereof is not excessive, and no claim shall have been filed for damages, the board may locate and establish the said district in accordance with the recommendation of the engineer and the report and plans on file.

b. The board may refuse to establish the proposed district if it deem best, or it may direct the engineer or another one employed for that purpose to make further examinations, surveys, plats, profiles, and reports for the modification of said plans, or for new plans in accordance with [sections 468.11](#) and [468.12](#), and continue further hearing to a fixed date. All parties over whom the board then has jurisdiction shall take notice of such further hearing; but any new parties rendered necessary by any modification or change of plans shall be served with notice in the same manner as for the original establishment of a district.

2. The county auditor shall appoint three appraisers as provided for in [section 468.24](#) to assess the value of the right-of-way required for open ditches or other improvements.

468.23 Settling basins — purchase or lease of lands.

If a settling basin or basins are provided as a part of a drainage improvement, the board of supervisors may buy or lease the necessary lands in lieu of condemning said lands. The board may by purchase acquire the necessary lands required for right-of-way for open ditches or other improvements in lieu of condemning said lands.

468.24 Appraisers.

If the board shall find that such improvement will materially benefit said lands, will be conducive to the public health, convenience, welfare, benefit, or utility, and that the law has been complied with as to form and substance of the petition, the service of notice, and the survey and report of the engineer, and that said improvement should be made, then if

any claims for damages shall have been filed, further proceedings shall be continued to an adjourned, regular, or special session, the date of which shall be fixed at the time of adjournment, and of which all interested parties shall take notice, and the auditor shall appoint three appraisers to assess damages, one of whom shall be an engineer, and two freeholders of the county who shall not be interested in nor related to any person interested in the proposed improvement, and the said appraisers shall take and subscribe an oath to examine the said premises, ascertain and impartially assess all damages according to their best judgment, skill, and ability.

468.25 Assessment — report — adjournment — other appraisers.

The appraisers appointed to assess damages shall view the premises and determine and fix the amount of damages to which each claimant is entitled, and shall place a separate valuation upon the acreage of each owner taken for right-of-way for open ditches or for settling basins, as shown by plat of engineer, and shall, at least five days before the date fixed by the board to hear and determine the same, file with the county auditor reports in writing, showing the amount of damage sustained by each claimant. Should the report not be filed in time, or should any good cause for delay exist, the board may postpone the time of final action on the subject, and, if necessary, the auditor may appoint other appraisers.

468.27 Dismissal or establishment — permanent easement.

1. The board shall at the meeting, or at an adjourned session of the meeting, consider the costs of construction of the improvement as shown by the reports of the engineer and the amount of damages and compensation awarded to all claimants. If, in the board's opinion, the costs of construction and amount of damages awarded create a greater burden than should justly be borne by the lands benefited by the improvement, the board shall then dismiss the petition and assess the costs and expenses to the petitioners and their sureties. However, if the board finds that the cost and expense is not a greater burden than should be justly borne by the land benefited by the improvement, then the board shall finally and permanently locate and establish the district and improvement.

2. Following the establishment of the district, the drainage district is deemed to have acquired by permanent easement all rights-of-way for drainage district ditches, tile lines, settling basins and other improvements, unless the rights-of-way are acquired by fee simple, in the dimensions shown on the survey and report made in compliance with [sections 468.11](#) and [468.12](#) or as shown on the permanent survey, plat, and profile, if one is made. Upon the establishment of the district, the petitioners shall file with the county auditor the survey and report or permanent survey, plat, and profile, as set forth in [sections 468.172](#) and [468.173](#).

This filing constitutes constructive notice to all persons of the rights conferred by [this section](#). The permanent easement includes the right of ingress and egress across adjoining land and the right of access for maintenance, repair, improvement, and inspection. The owner or lessee shall be reimbursed for any crop damages incurred in the maintenance, repair, improvement, and inspection except within the right-of-way of the drainage district.

468.28 Dismissal on remonstrance.

If, at or before the time set for final hearing as to the establishment of a proposed levee, drainage, or improvement district, except subdrainage district, there shall have been filed with the county auditor, or auditors, in case the district extends into more than one county, a remonstrance signed by a majority of the landowners in the district, and these remonstrants must in the aggregate own seventy percent or more of the lands to be assessed for benefits or taxed for said improvements, remonstrating against the establishment of said levee, drainage, or improvement district, setting forth the reasons therefor, the board or boards as the case may be, shall assess to the petitioners and their sureties or apportion the costs among them as the board or boards may deem just or as said parties may agree upon. When all such costs have been paid, the board or boards of supervisors shall dismiss said proceedings and cause to be filed with the county auditor all surveys, plats, reports, and records in relation to the proposed district.

468.29 Dissolution.

When for a period of two years from and after the date of the establishment of a drainage district, or when an appeal is taken or litigation brought against said district within two years from the date such appeal or litigation is finally determined, no contract shall have been let or work done or drainage certificates or bonds issued for the construction of the improvements in such district, a petition may be filed in the office of the auditor, addressed to the board of supervisors, signed by a majority of the persons owning land in such district and who, in the aggregate, own sixty percent or more of all the land embraced in said district, setting forth the above facts and reciting that provision has been made by the petitioners for the payment of all costs and expenses incurred on account of such district. The board shall examine such petition at its next meeting after the filing thereof, and if found to comply with the above requirements, shall dissolve and vacate said district by resolution entered upon its records, to become effective upon the payment of all the costs and expenses incurred in relation to said district. In case of such vacation and dissolution and upon payment of all costs as herein provided, the auditor shall note the same on the drainage record, showing the date when such dissolution became effective.

468.34 Advertisement for bids.

The board shall publish notice once each week for two consecutive weeks in a newspaper published in the county where the improvement is located, and publish additional advertisement and publication elsewhere as the board may direct. The notice shall state the time and place of letting the work of construction of the improvement, specifying the approximate amount of work to be done in each numbered section of the district, the time fixed for the commencement, and the time of the completion of the work, that bids will be received on the entire work and in sections or divisions of it, and that a bidder will be required to deposit a bid security with the county auditor as provided in [section 468.35](#). All notices shall set the date that bids will be received and upon which the work will be let. However, when the estimated cost of the improvement is less than the adjusted competitive bid threshold, the board may let the contract for the construction without taking bids and without publishing notice.

468.35 Bids — letting of work.

1. The board shall award a contract or contracts for each section of the work to the lowest responsible bidder or bidders therefor, bids to be submitted, received, and acted upon separately as to the main drain and each of the laterals, and each settling basin, if any, exercising their own discretion as to letting such work as to the main drain as a whole, or as to each lateral as a whole, or by sections as to both main drain and laterals, and reserving the right to reject any and all bids and readvertise the letting of the work.

2. A bid shall be in writing, specifying the portion of the work upon which the bid is made, and filed with the auditor. The bid shall be accompanied with a bid security. The bid security shall be in the form of a deposit of cash, a certified check on and certified by a bank in Iowa, a certified share draft drawn on a credit union in Iowa, or a bid bond with a corporate surety satisfactory to the board as provided in [section 73A.20](#). The bid security must be payable to the auditor or the auditor's order at the auditor's office in a sum equal to five percent of the amount of the bid. However, if the maximum limit on a bid security would cause a denial of funds or services from the federal government which would otherwise be available, or if the maximum limit would otherwise be inconsistent with the requirements of federal law, the maximum limit may be suspended to the extent necessary to prevent denial of federal funds or services or to eliminate the inconsistency with federal requirements. The cash, check, or share draft of an unsuccessful bidder shall be returned, and the bid bond of an unsuccessful bidder shall be canceled. The bid security of a successful bidder shall be maintained as a guarantee that the bidder will enter into a contract in accordance with the bids.

468.38 Commissioners to classify and assess.

When a levee or drainage district has been located and finally established or, unless otherwise provided by law, when the required proceedings have been taken to enlarge, deepen, widen, change, or extend any of the ditches, laterals, settling basins, or drains of a district, or the required proceedings have been taken to annex additional lands to a district,

or a plan of the United States government for original construction of the improvements in a district has been adopted by the district under [sections 468.201 through 468.216](#), the board shall appoint three commissioners to assess benefits and classify the lands affected by the improvement. One of the commissioners shall be a competent civil engineer and two of them shall be resident freeholders of the county in which the district is located, but not living within, nor interested in, any lands included in the district, nor related to any party whose land is affected by the district. The commissioners shall take and subscribe an oath of their qualifications and to perform the duties of classification of the lands, to fix the percentages of benefits, apportion and assess the costs and expenses of constructing the improvement, divide and rename original improvements, and, if included in the board's resolution, adopt special common outlet classifications to be maintained independent of the district's regular assessment schedules, according to law and their best judgment, skill, and ability. If the commissioners or any of them fail or neglect to act or perform the duties in the time and as required of them by law, the board shall appoint others with like qualifications to take their places and perform the duties.

468.39 Duties — time for performance — scale of benefits.

At the time of appointing said commissioners, the board shall fix the time within which said assessment, classification, and apportionment shall be made, which may be extended for good cause shown. Within twenty days after their appointment, they shall begin to inspect and classify all the lands within said district, or any change, extension, enlargement, or relocation thereof in tracts of forty acres or less according to the legal or recognized subdivisions, in a graduated scale of benefits to be numbered according to the benefit to be received by each of such tracts from such improvement, and pursue said work continuously until completed and, when completed, shall make a full, accurate, and detailed report thereof and file the same with the auditor. The lands receiving the greatest benefit shall be marked on a scale of one hundred, and those benefited in a less degree with such percentage of one hundred as the benefits received bear in proportion thereto. They shall also make an equitable apportionment of the costs, expenses, fees, and damages computed on the basis of the percentages fixed.

1. The report of the commissioners shall specify each tract of land by proper description, and the ownership thereof, as the same appears on the transfer books in the auditor's office.

2. In estimating the benefits as to the lands not traversed by said improvement, the commissioners shall not consider what benefits such land shall receive after some other improvements shall have been constructed, but only the benefits which will be received by reason of the construction of the improvement in question as it affords an outlet to the drainage of such lands, brings an outlet nearer to said lands, or relieves the lands from overflow and relieves and protects the lands from damage by erosion.

3. When the land is a state-owned lake or state-owned wetland, the commissioners shall ascertain the benefits realized from removing excess water and shall not consider any benefit

realized if the state-owned lake or state-owned wetland were drained or converted to another land use.

468.41 Assessment for lateral ditches — reclassification of benefited lands.

1. In fixing the percentages and assessments of benefits and apportionment of costs of construction to lands benefited by lateral ditches and drains as a part of the entire improvement to be made in a drainage district, the commissioners shall ascertain and fix the percentage of benefits and apportionment of costs to the lands benefited by such lateral ditches on the same basis and in the same manner as if said lateral was, with its sublaterals, being constructed as a subdistrict as provided in [this subchapter, parts 1 through 5](#), reporting separately:

a. The percentage of benefits and amount accruing to each forty-acre tract or less on account of the construction of the main ditch, drain, or watercourse including pumping plant, if any.

b. The percentage of benefits and amount accruing to each forty-acre tract or less on account of the construction of such lateral improvement.

2. When there has been a repair or improvement to a lateral ditch or drain as provided in [section 468.126](#) and the lands benefited by the lateral have not been classified as provided in [this section](#), the board may order a classification of the lands and the commission shall ascertain and fix the percentage of benefits and apportionment of costs to the lands benefited by such lateral ditches or drains on the same basis and in the same manner as if the lateral was with its sublaterals being constructed as a subdistrict as provided in [this subchapter, parts 1 through 5](#). When this procedure is followed for the classification of any lateral ditch or drain in a given district, the board shall follow the same procedure for all other lateral ditches or drains in the district which have not been classified as prescribed in [this section](#).

The commissioners to assess benefits and make apportionment of costs and expenses shall determine and assess the benefits to the property of any railroad company extending into or through the levee or drainage district, and make return thereof showing the benefit and the apportionment of costs and expenses of construction. Such assessment when finally fixed by the board shall constitute a debt due from the railroad company to the district, and unless paid it may be collected by ordinary proceedings for the district in the name of the county in any court having jurisdiction. All other proceedings in relation to railroads, except as otherwise provided, shall be the same as provided for individual property owners within the levee or drainage district.

1. When any public highway or other public land extends into or through a levee or drainage district, the commissioners to assess benefits shall ascertain and return in their report the amount of benefits and the apportionment of costs and expenses to such highway

or other public land, and the board of supervisors shall assess the same against such highway and land.

2. Such assessments against primary highways and other state-owned lands under the jurisdiction of the state department of transportation shall be paid by the state department from the primary road fund on due certification of the amount by the county treasurer to the department, and against all secondary roads and other county owned lands under the jurisdiction of the board of supervisors, from county funds.

3. When state-owned land under the jurisdiction of the department of natural resources is situated within a levee or drainage district, the commissioners assessing benefits shall ascertain and return in their report the amount of benefits and the apportionment of costs and expenses to the land, and the board of supervisors shall assess the amount against the land. In estimating benefits to land which is a state-owned lake or state-owned wetland, the commissioners shall ascertain benefits as provided in [section 468.40](#).

4. The assessments against lands under the jurisdiction of the department of natural resources shall be paid as an expense from the appropriations addressed in [section 7D.29](#), if authorized by the executive council upon certification of the amount by the county treasurer.

468.44 Report of commissioners.

The commissioners, within the time fixed or as extended, shall make and file in the auditor’s office a written verified report in tabulated form as to each forty-acre tract, and each tract of less than forty acres, setting forth:

1. The names of the owners thereof as shown by the transfer books of the auditor’s office or the reports of the engineer on file, showing said entire classification of lands in said district.

2. The amount of benefits to highway and railroad property and the percentage of benefits to each of said other tracts and the apportionment and amount of assessment of cost and expense, or estimated costs or expense, against each:

- a. For main ditches, and settling basins.
 - b. For laterals.
 - c. For levees and pumping station.

468.45 Notice of hearing.

The board shall fix a time for a hearing upon the report of the commissioners, and the auditor shall cause notice to be served upon each person whose name appears as owner, naming the person, and also upon the person or persons in actual occupancy of any tract of land without naming the person or persons, of the day and hour of such hearing, which notice shall be for the same time and served in the same manner as is provided for the establishment of a levee or drainage district, and shall state the amount of assessment of costs and expenses of construction apportioned to each owner upon each forty-acre tract or less, and that all

objections thereto must be in writing and filed with the auditor at or before the time set for such hearing.

468.48 Notice of increased assessment.

The board shall cause notice to be served upon the owner of any tract of land or easement against which it is proposed to increase the assessment, requiring the owner to appear at a fixed date and show cause why such assessment should not be so increased. Such notice shall be served for the time and in the manner prescribed in [section 468.15](#) or [section 468.16](#), as the case may be, except that personal service in the same manner as an original notice may be made in lieu of the other methods.

468.49 Classification as basis for future assessments.

1. A classification of land for drainage, erosion or flood control purposes, when finally adopted, shall remain the basis of all future assessments for the purpose of the district unless revised by the board in the manner provided for reclassification. However, where land included in said classification has been destroyed, in whole or in part, by the erosion of a river, or where additional right-of-way has been subsequently taken for drainage purposes, the land which has been so eroded and carried away by the action of a river or which has been taken for additional right-of-way, may be removed by the board from the district as classified, without any reclassification, and no assessment shall thereafter be made on the land so removed. Any deficiency in assessment existing as the result of said action of the board shall be spread by it over the balance of lands remaining in said district in the same ratio as was fixed in the classification of the lands, payable at the next taxpaying period.

2. Except districts established by mutual agreement in accordance with [section 468.142](#)

in the event any forty-acre tract or less, or any lot, tract, or parcel, as set forth in the existing classification or reclassification of any drainage district now or hereafter established, is divided into two or more tracts, whether such division is by sale or condemnation or platted as a subdivision, the classification of the original tract shall be apportioned to the resulting parcels, regardless of use, except for land taken for additional drainage right-of-way. The classification of the original tract may be apportioned between the resulting parcels by agreement between the parties to such division. The parties shall file with the county auditor a written agreement setting forth the original description and the description of the tracts as subdivided and the percentage of the original classification apportioned to each. This agreement shall bear the signature of all of the parties to the subdivision. The agreement contemplated herein may be contained in the deed or other instrument effecting the division of the land, which agreement shall be binding upon the grantee or grantees by their acceptance of such instrument and their signatures shall not be necessary. The auditor shall enter this agreement in the drainage record and amend the current classification of the district in accordance with the agreement.

3. In the event the parties to the subdivision cannot agree as to the apportionment of the percentage classification, the board of supervisors shall, upon application of either party, appoint a commission having the qualifications of commissioners, in accordance with [section 468.38](#). The commissioners shall inspect the lands involved and apportion the existing classification of the original tract equitably and fairly to each of the several tracts as subdivided. The board shall make a full, accurate, and detailed report thereof and file the report with the county auditor within the time set by the board. The report of the commissioners shall set forth the names of the owners thereof, the description of each of the tracts and the percentage of the original classification that each such tract shall bear for main ditches and settling basins, for laterals, for levees and pumping station. Thereafter all the proceedings in relation thereto as to notice of hearing and fixing of percentage benefits shall be as in [this subchapter, parts 1 through 5 and 7](#), provided in relation to original classification and assessments, and at such hearing, the board may affirm, increase or diminish the percentage of benefits so as to make them just and equitable, and cause the record of the existing classification, percentage of benefits or assessments, or both, to be modified accordingly. In the event the parties neither agree as to the apportionment of classification nor make application for the appointment of commissioners, then the auditor of the county in which the land is situated shall make such apportionment upon an equitable basis and enter the same of record as herein provided. No tract of land included within the boundary of any drainage district shall be exempt from drainage assessments or reassessments, except as herein provided.

468.54 Funds — disbursement — interest.

The taxes when collected shall be kept in a separate fund known as the county drainage or levee fund and shall be paid out only for purposes properly connected with and growing out of the county drainage and levee districts on order of the board. The auditor shall continue to keep a record of each of the drainage and levee district's funds so as to accurately reflect the financial condition of each district account. The county treasurer, on order of the board of supervisors, shall invest such funds not immediately needed for current operating expenses in United States government bonds, in time certificates of deposit, in savings accounts in banks as the board shall approve, in the interest-bearing obligations of the drainage and levee districts of the county, or as provided by [chapter 12C](#). Interest collected by the treasurer on the funds invested shall be deposited in the county drainage or levee fund, and on July 1 of each year the auditor shall apportion and credit the interest to each drainage or levee district account in the proportion which the average credit balance of each district bears to the average balance of the county drainage or levee fund. The averages to be ascertained shall be the averages of the balances existing on the first of each month during the fiscal year immediately preceding. Interest collected on drainage or levee district taxes shall be credited to the district for which the taxes are being collected. [This section](#) does not permit expenditures in behalf of any district in excess of its share of the county drainage or levee fund. [This section](#) does not apply to drainage and levee districts under trustee management

unless the trustees consent to its application, and in the absence of such consent, [section 468.528](#) applies.

As an alternative, the landowner may pay the annual installment in two equal payments, one-half with the September payment of ordinary taxes and one-half payable with the March payment of ordinary taxes. All drainage or levee tax assessments not optioned for installment payments by the landowner shall become due and payable within thirty days after the levy of assessments.

468.57 Installment payments — waiver.

1. If the owner of any land against which a levy exceeding five hundred dollars has been made and certified shall, within thirty days from the date of such levy, agree in writing endorsed upon any improvement certificate referred to in [section 468.70](#), or in a separate agreement, that in consideration of having a right to pay the owner's assessment in installments, the owner will not make any objection as to the legality of the assessment for benefit, or the levy of the taxes against the property, then such owner shall have the following options:

a. To pay one-third of the amount of the assessment at the time of filing the agreement; one-third within twenty days after the engineer in charge certifies to the auditor that the improvement is one-half completed; and the remaining one-third within twenty days after the improvement has been completed and accepted by the board. All installments shall be without interest if paid at said times, otherwise the assessments shall bear interest from the date of the levy at a rate determined by the board notwithstanding [chapter 74A](#), payable annually, and be collected as other taxes on real estate, with like interest for delinquency.

b. To pay the assessments in not less than ten nor more than twenty equal installments, with the number of payments and interest rate determined by the board, notwithstanding [chapter 74A](#). The first installment of each assessment, or the total amount if five hundred dollars or less, is due and payable on July 1 next succeeding the date of the levy, unless the assessment is filed with the county treasurer after May 31 in any year. The first

installment shall bear interest on the whole unpaid assessment from the date of the levy as set by the board to the first day of December following the due date. The succeeding annual installments, with interest on the whole unpaid amount, to the first day of December following the due date, are respectively due on July 1 annually, and must be paid at the same time and in the same manner as the first semiannual payment of ordinary taxes. All future installments of an assessment may be paid on any date by payment of the then outstanding balance plus interest to the next December 1, or additional annual installments may be paid after the current installment has been paid before December 1 without interest. A payment must be for the full amount of the next installment. If installments remain to be paid, the next annual installment with interest added to December 1 will be due. After December 1, if a drainage assessment is not delinquent, a property owner may pay one-half or all of the next annual installment of principal and interest of a drainage assessment prior to the delinquency date of the installment. When the next installment has been paid in full, successive principal installments may be prepaid. The county treasurer shall accept the payments of the drainage assessment, and shall credit the next annual installment or future installments of the drainage assessment to the extent of the payment or payments, and shall remit the payments to the drainage fund. If a property owner elects to pay one or more principal installments in advance, the pay schedule shall be advanced by the number of principal installments prepaid. Each installment of an assessment with interest on the unpaid balance is delinquent from October 1 after its due date. However, when the last day of September is a Saturday or Sunday, that amount shall be delinquent from the second business day of October. Taxes assessed pursuant to [this chapter](#) which become delinquent shall bear the same delinquent interest as ordinary taxes. When collected, the interest must be credited to the same drainage fund as the drainage special assessment.

2. The provisions of [this section](#) and of [sections 468.58 through 468.61](#) may within the discretion of the board, also be made applicable to repairs and improvements made under the provisions of [section 468.126](#).

When all construction work has been completed and all cost paid, and all assessments have been paid in full, the board may refund, to the owner of each tract of land, the owner's proportionate part of any surplus funds except such portion of the surplus as the board considers should be retained for a sinking fund to pay future maintenance and repair costs.

on the terms and conditions on which the person may enter upon their lands and cause to be constructed the connecting drain or ditch, may file a petition for the establishment of a subdistrict. After the petition is filed, the proceedings shall be the same as provided for the establishment of an original district.

468.65 Reclassification.

1. When, after a drainage or levee district has been established, except districts established by mutual agreement in accordance with [section 468.142](#), and the improvements thereof constructed and put in operation, there has been a material change as to lands occupied by highway or railroad right-of-way or in the character of the lands benefited by the improvement, or when a repair, improvement, or extension has become necessary, the board may consider whether the existing assessments are equitable as a basis for payment of the expense of maintaining the district and of making the repair, improvement or extension. If they find the same to be inequitable in any particular, they shall by resolution express such finding, appoint three commissioners possessing the qualifications prescribed in [section 468.38](#) and order a reclassification as follows:

a. If they find the assessments to be generally inequitable they shall order a reclassification of all property subject to assessment, such as lands, highways, and railroads in said district.

b. If the inequity ascertained by the board is limited to the proportion paid by highways or railroads, a general reclassification of all lands shall not be necessary but the commissioners may evaluate and determine the fair proportion to be paid by such highways or railroads or both as provided in [sections 468.42](#) and [468.43](#).

c. Any benefits of a character for which levee or drainage districts may be established and which are attributable to or enhanced by the improvement or by the repair, improvement, or extension thereof, shall be a proper subject of consideration in a reclassification notwithstanding the district may have been originally established for a limited purpose.

d. (1) If after a district has been reclassified, the board in its judgment concludes there were errors in the reclassification or there is an inequitable assessment of benefits, the board may on its own motion, after notice to the landowners involved as provided in [sections 468.14 through 468.18](#) and by resolution, order the district or any portion of the district to again be reclassified as prescribed in [this section](#) and in [section 468.67](#).

(2) The board may include in its resolution an order to the commissioners that they prepare special common outlet classifications, if needed, in conjunction with the reclassification of the district.

2. Such reclassification when finally adopted shall remain the basis for all future assessments unless revised as provided in [this subchapter, parts 1 through 5](#).

468.67 Procedure governing reclassification.

The proceedings for such reclassification shall in all particulars be governed by the same rules as for original classification. The commissioners shall fix the percentage of actual benefits and make an equitable apportionment of the costs and expenses of such repairs, improvements or extensions and file a report thereof with the auditor in the same form and manner as for original classification. Thereafter, all the proceedings in relation thereto as to notice, hearing, and fixing of percentage of benefits and amount of assessments shall be as in [this subchapter, parts 1 through 5](#), provided in relation to original classification and assessments, and at such hearing the board may affirm, increase, or diminish the percentage and assessment of benefits and apportionment of costs and expenses so as to make them just and equitable, and cause the record of the original classification, percentage of benefits, and assessments to be modified accordingly.

468.68 Drainage warrants received for assessments.

Warrants drawn upon the construction or maintenance funds of any district for which an assessment has been or must be levied, shall be transferable by endorsement, and may be acquired by any taxpayer of such district and applied at their accrued face value upon the assessment levied to create the fund against which the warrant was drawn; when the amount of the warrant exceeds the amount of the assessment, the treasurer shall cancel the warrant, and give the holder thereof a certificate for the amount of such excess, which certificate shall be filed with the auditor, who shall issue a warrant for the amount of such excess, and charge the treasurer therewith. Such certificate is transferable by endorsement, and will entitle the holder to the new warrant, made payable to the holder’s order, and bearing the original number, preceded by the following words:

Issued as unpaid balance due on warrant number

468.70 Installment assessments — interest-bearing warrants — improvement certificates.

1. The board may provide by resolution for the payment of assessments in not more than twenty annual installments with interest at a rate determined by the board, notwithstanding [chapter 74A](#). The board may issue warrants bearing interest at the same rate, which warrants shall be numbered and state a maturity date, in which event the warrants shall bear interest from the date of issuance without being presented for payment and marked unpaid for want of funds. The warrants may be sold by the board for cash in an amount not less than their face value, together with any accrued interest.

2. The board may provide by resolution for the issuance of improvement certificates payable to bearer or to the contractors, naming them, who have constructed the improvement or completed any part of the improvement, in payment or part payment of such work.

468.74 Drainage bonds.

1. When a drainage district has been established or the making of any subsequent repair or improvement determined upon, if the board of supervisors shall find that the cost of such improvement will create assessments against the land included in the district that are greater than should be levied in a single year upon the lands benefited by the improvement, then, instead of issuing improvement certificates, as provided in [sections 468.70 through 468.73](#), the board may fix the amount that shall be levied and collected each year until such cost and expenses are paid, and may issue drainage bonds of the county covering all assessments exclusive of assessments of one hundred dollars and less.

2. Before drainage bonds shall be issued, the governing body of the district shall cause an action for declaratory judgment to be brought in the district court of the county in which the bonds are to be issued, asking that their legality be confirmed. The court shall fix a date for hearing on the legality of the bonds and notice of hearing shall be given to the owners of each lot or tract of land within the district, which shall be affected by an assessment to pay the proposed bonds, as shown by the transfer books in the auditor's office. Notice shall also be given to the holders of liens of record upon the affected lands and to all persons to whom it may concern without naming them specifically. The notice shall be given by publication and by mailing for the same time in advance of hearing and in the same manner prescribed in [section 468.15](#). After the entry of the declaratory judgment adjudicating the validity of such bonds, the approval of the district court shall be endorsed on the bonds before issuance.

1. If the board finds the work under any contract has been completed and accepted,

the board shall compute the balance due, and if there are no liens on file against such balance, it shall enter of record an order directing the auditor to draw a warrant in favor of the contractor upon the levee or drainage fund of the district or give the contractor an order directing the county treasurer to deliver to the contractor improvement certificates or drainage bonds, as the case may be, for such balance found to be due, but such warrants, improvement certificates or bonds shall not be delivered to the contractor until the expiration of thirty days after the acceptance of the work.

2. If any claims for damages have been filed as provided in [section 468.102](#), the board shall review and determine the claims. If the determination by the board on any claim for damages results in a finding by the board that the damages resulting to the claimant were due to the negligence of the contractor, then the board shall provide for payment of the claim out of the remaining funds owing to the contractor. If the determination by the board results in a finding that the damages resulting to the claimant were not due to the negligence of the contractor, but resulted from unavoidable necessity in the performance of the contract, then the board shall allow for payment of the claim in the amount fixed by the board out of the funds in the drainage district.

1. After the establishment of a levee or drainage district, if the board becomes convinced that additional lands contiguous to the district, and without regard to county boundaries, are benefited by the improvement or that the same are then receiving benefit or will be benefited by a repair or improvement to said district as contemplated in [section 468.126](#), it may adopt, with or without a petition from owners of the proposed annexed lands, a resolution

of necessity for the annexation of such additional land and appoint an engineer with the qualifications provided in [this subchapter, parts 1 through 5](#), to examine such additional lands, to make a survey and plat thereof showing their relation, elevation, and condition of drainage with reference to such established district, and to make and file with the auditor a report as in [this subchapter, parts 1 through 5](#), provided for the original establishment of such district, said report to specify the character of the benefits received.

2. In the event the additional lands are a part of an existing drainage district, as an alternative procedure to that established by [subsection 1](#), the lands may be annexed in either of the following methods:

a. (1) A petition, proposing that the lands be included in a contiguous drainage district and signed by at least twenty percent of the landowners of those lands to be annexed, shall be filed with the governing board of each affected district.

(2) The board of the district in which the lands are presently included may, at its next regular meeting or at a special meeting called for that purpose, adopt a resolution approving and consenting to the annexation.

b. Whenever the owners of all of the land proposed to be annexed file a petition with the governing boards of the affected districts, the consent of the board in which the lands are then located shall not be required to consent to the annexation, and the board of the annexing district may proceed as provided in [this section](#).

3. If either method of annexation provided for in [subsection 2](#) is completed, the board of the district to which the lands are to be annexed may adopt a resolution of necessity for the annexation of the additional lands, as provided in [this section](#).

4. The right of remonstrance, as provided under [section 468.28](#), does not apply to the owners of lands being involuntarily annexed to an established district.

468.120 Proceedings on report.

If the report recommends the annexation of the lands or any portion of them, the board shall consider the report, plats, and profiles and if satisfied that any of the lands are materially benefited by the district and that annexation is feasible, expedient, and for the public good, it shall proceed in all respects as to notice, hearing, appointment of appraisers to fix damages and as to hearing on the annexation; and if the annexation is finally made, as to classification and assessment of benefits to the annexed lands only, to the same extent and in the same manner as provided in the establishment of an original district. However, the annexation and classification of the annexed lands for benefits may be determined at one hearing. Those parties having an interest in the lands proposed to be annexed have the right to receive notice, to make objections, to file claims for damages, to have hearing, to take appeals and to do all other things to the same extent and in the same manner as provided in the establishment of an original district.

468.121 Levy on annexed lands.

After annexation is made the board may levy upon the annexed lands an assessment sufficient to equal the assessments for benefit originally paid by the lands of equal classification if the finding by the board as provided by [section 468.119](#) was that the lands should have been included in the district when originally established, plus their proportionate share of the costs of any enlargement or extension of drains required to serve the annexed

lands. If the finding of the board as provided in [section 468.119](#) was based on the fact that additional lands are now benefited by virtue of the repair, improvement, or the change of the topographical conditions made to the district and were not benefited by the district as originally established, then the board shall levy upon the annexed lands an assessment sufficient to pay their proportionate share of the costs of the repair or improvement which was the basis for the lands being annexed. If the board finds that the lands are presently receiving benefits from the district but that some were reasonably omitted from the original establishment because of the change of the topographical conditions, the assessments levied upon the annexed lands shall be limited to a proportionate share of the costs of current and future maintenance, repairs and improvements.

468.122 Use of former and abandoned surveys.

In cases where proceedings have been taken for the establishment of a levee or drainage district and an engineer has been appointed who has made a survey, return, and plat thereof and for any reason the improvement has been abandoned and the proceedings dismissed, and afterward proceedings are instituted for the establishment of a levee or drainage district which will benefit any territory surveyed in said former proceedings, the engineer shall use so much of the return, levels, surveys, plat, and profile made in the former proceedings as may be applicable. The engineer shall specify in the engineer's reports the parts thereof so used, and in case the cost of said returns, levels, surveys, plat, and profile made in said former proceedings has been paid by the former petitioners or their sureties, then a reasonable amount shall be allowed said petitioners or sureties for the use of the same.

468.123 Unsuccessful procedure — reestablishment.

When proceedings have been instituted for the establishment of a drainage district or for any change or repair thereof, or the change of a natural watercourse, and the establishment thereof has failed for any reason either before or after the improvement is completed, the board shall have power to reestablish such district or improvement and any new improvement in connection therewith as recommended by the report of the engineer. As to all lands benefited by such reestablishment, repair, or improvement, the board shall proceed in the same manner as in the establishment of an original district, using as a basis for assessment the entire cost of the proceedings, improvement, and maintenance from the beginning; but in awarding damages and in the assessment of benefits account shall be taken of the amount of damages and taxes, if any, theretofore paid by those benefited, and credit therefor given accordingly. All other proceedings shall be the same as for the original establishment of the district, making of improvements, and assessment of benefits.

468.124 New district including old district.

If any levee or drainage district or improvement established either by legal proceedings or by private parties shall be insufficient to properly drain all of the lands tributary thereto, the board upon petition as for the establishment of an original levee or drainage district, shall have power to establish a new district covering and including such old district or improvement

together with any additional lands deemed necessary. All outstanding indebtedness of the old levee or drainage district shall be assessed only against the lands included therein.

In all other respects the same proceedings shall obtain as are provided for the original establishment of levee and drainage districts.

468.126 Repairs and improvements.

1. When any levee or drainage district has been established and the improvement constructed, the improvement shall be at all times under the supervision of the board of supervisors except as otherwise provided for control and management by a board of trustees and the board shall keep the improvement in repair as provided in [this section](#).

a. The board at any time on its own motion, without notice, may order done whatever is necessary to restore or maintain a drainage or levee improvement in its original efficiency or capacity, and for that purpose may remove silt and debris, repair any damaged structures, remove weeds and other vegetable growth, and whatever else may be needed to restore or maintain such efficiency or capacity or to prolong its useful life.

b. The board may at any time obtain an engineer's report regarding the most feasible means of repairing a drainage or levee improvement and the probable cost of making the repair. If the engineer advises, or the board otherwise concludes that permanent restoration of a damaged structure is not feasible at the time, the board may order temporary construction it deems necessary to the continued functioning of the improvement. If in maintaining and repairing tile lines the board finds from an engineer's report it is more economical to construct a new line than to repair the existing line, the new line may be considered to be a repair.

c. If the estimated cost of the repair does not exceed fifty thousand dollars, the board may order the work done without conducting a hearing on the matter. Otherwise, the board shall set a date for a hearing and provide notice of the hearing to landowners in the district by publication in the same manner as provided in [section 468.15](#). However, if the estimated cost of the repair exceeds the adjusted competitive bid threshold, the board shall provide notice to the landowners pursuant to [sections 468.14 through 468.18](#). The board shall not divide a proposed repair into separate programs in order to avoid the notice and hearing requirements of this paragraph.

d. If a hearing is required under paragraph "c", the board shall order an engineer's report or a report from the soil and water conservation district conservationist regarding the matter to be presented at the hearing. The board may waive the report requirement if a prior report on the repair exists and that report is less than ten years old. At the hearing, the board shall hear objections to the feasibility of making the proposed repair.

e. Following a hearing, if required in paragraph "c", the board shall determine whether the repair is necessary or desirable, and feasible.

f. Any interested party has the right of appeal from such orders in the manner provided in [this subchapter, parts 1 through 5](#).

g. The right of remonstrance does not apply to a repair as provided in [this section](#).

2. In the case of a repair, or the eradication of brush or weeds along the open ditches, not in excess of the adjusted competitive bid threshold, where the board finds that a saving to the district will result, the board may cause the repairs or eradication to be done by secondary road fund equipment, or weed fund equipment, and labor of the county and then reimburse the secondary road fund or the weed fund from the fund of the drainage district thus benefited.

3. When the board deems it necessary it may repair or reconstruct the outlet of any private tile line which empties into a drainage ditch of any district and assess the costs in each case against the land served by the private tile line.

4. a. For the purpose of [this subsection](#), an “*improvement*” in a drainage or levee district in which any ditch, tile drain, or other facility has previously been constructed is a project intended to expand, enlarge, or otherwise increase the capacity of any existing ditch, drain, or other facility above that for which it was designed.

b. When the board determines that an improvement is necessary or desirable, and feasible, the board shall appoint an engineer to make surveys as seem appropriate to determine the nature and extent of the improvement, and to file a report showing what improvement is recommended and its estimated cost, which report may be amended before final action.

c. If the estimated cost of the improvement does not exceed fifty thousand dollars, the board may order the work done without conducting a hearing on the matter. Otherwise, the board shall set a date for a hearing on whether to construct the proposed improvement and whether there shall be a reclassification of benefits for the cost of the proposed improvement.

(1) (a) The board shall provide notice to landowners in the district by publication in the same manner as provided in [section 468.15](#). However, if the estimated cost of the improvement exceeds the adjusted competitive bid threshold, the board shall provide notice to the landowners pursuant to [sections 468.14 through 468.18](#).

(b) Notwithstanding subparagraph division (a), and in lieu of publishing the notice, the board may mail a copy of the notice to each address where a landowner within the district resides by first class mail if the cost of mailing is less than publication of the notice. The mailing shall be made during the time the notice would otherwise be required to be published.

(2) The board shall not divide proposed improvements into separate programs in order to avoid compliance with this paragraph “c”.

d. At the hearing, if required in paragraph “c”, the board shall hear objections to the feasibility of the proposed improvements and arguments for or against a reclassification presented by or for any taxpayer of the district. Following the hearing, the board shall order that the improvement it deems necessary or desirable and feasible be made and shall also determine whether there should be a reclassification of benefits for the cost of the improvement. If it is determined that a reclassification of benefits should be made, the board shall proceed as provided in [section 468.38](#).

e. If the estimated cost of the improvement exceeds the adjusted competitive bid threshold, or the original cost of the district plus the cost of subsequent improvements in the district, whichever amount is greater, a majority of the landowners, owning in the aggregate more than seventy percent of the total land in the district, may file a written remonstrance against the proposed improvement, at or before the date set for hearing on the proposed improvement as provided in paragraph “c”, with the county auditor, or auditors in case the district extends into more than one county. If a remonstrance is filed, the board shall discontinue and dismiss all further proceedings on the proposed improvements and charge the costs incurred to date for the proposed improvements to the district. Any interested party may appeal from such orders in the manner provided in [this subchapter, parts 1 through 5](#). However, [this section](#) does not affect the procedures of [section 468.132](#) covering the common outlet.

5. Where under the laws in force prior to 1904 drainage ditches and levees were established and constructed without fixing at the time of establishment a definite boundary line for the body of land to be assessed for the cost thereof, the body of land which was last assessed to pay for the repair thereof shall also be considered as the established district for the purpose of [this section](#).

6. The governing body of the district may, by contract or conveyance, acquire, within or

without the district, the necessary lands or easements for making repairs or improvements under [this section](#), including easements for borrow and easements for meander, and in addition thereto, the same may be obtained in the manner provided in the original establishment of the district, or by exercise of the power of eminent domain as provided for in [chapter 6B](#). If additional right-of-way is required for any repair or improvement under [this section](#), the same may be acquired in the same manner as provided for the acquisition of right-of-way in the original establishment of a district, except that where notice and hearing are not otherwise required under [this section](#) notice as provided in [this subchapter, parts 1 through 5](#), to owners, lienholder of record, and occupants of the land from which right-of-way is to be acquired shall suffice.

7. In existing districts where the stream has by erosion appropriated lands beyond its original right-of-way and it is more economical and feasible to acquire an easement for such erosion and meander than to undertake containment of the stream in its existing right-of-way, the board may, in the discharge of the duties enjoined upon it by [this section](#), effect such acquisition as to the whole or part of the course. Right-of-way so taken shall be classed an improvement for the purpose of procedure under [this section](#).

8. If the drainage records on file in the auditor's office for a particular district do not define specifically the land taken for right-of-way for drainage purposes, the board may at any time upon its own motion employ a land surveyor to make a survey and report of the district and to actually define the right-of-way taken for drainage purposes. After the land surveyor has filed the survey and report with the board, the board shall fix a date for hearing on the report and shall serve notice of the hearing upon all landowners and lienholder of record and occupants of the lands traversed by the right-of-way in the manner and for the time required for service of original notices in the district court. At the hearing the board shall specifically define the land taken for the right-of-way. Once established, the right-of-way constitutes a permanent easement in favor of the drainage district for drainage purposes including the right of ingress and egress across adjoining land and the right of access for maintenance, repair, improvement and inspection. A person aggrieved by the action or failure to act of the board under [this subsection](#) may appeal only in compliance with [sections 468.83 through 468.98](#).

468.127 Payment.

1. The costs of the repair or improvements provided for in [section 468.126](#) shall be paid for out of the funds of the levee or drainage district. If the funds on hand are not sufficient to pay such expenses, the board within two years shall levy an assessment sufficient to pay the outstanding indebtedness and leave the balance which the board determines is desirable as a sinking fund to pay maintenance and repair expenses. Any assessment made under [this section](#) on any tract, parcel or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars.

2. If the board deems that the costs of the repairs or improvements will create assessments against the lands in the district greater than should be borne in one year, the board may levy the assessment at one time and provide for the payment of the costs and assessments in the manner provided in [sections 468.57 through 468.61](#); provided that assessments may be collected in not more than twenty installments as the board may determine.

Levee and drainage districts are empowered to construct impounding areas and other flood and erosion control devices to protect lands of the district and drainage structures and may provide ways for access to improvements for the operation or protection thereof, where the cost is not excessive in consideration of the value to the district. Necessary lands or easements may be acquired within or without the district by purchase, lease or agreement, or by exercise of the right of eminent domain as provided for in [chapter 6B](#) and may be procured and construction undertaken either independently or in cooperation with other districts, individuals, or any federal or state agency or political subdivision.

After said board has decided that such work should be done, it shall fix a date for hearing on its decision, and it shall give two weeks' notice thereof by certified mail to the auditor of the county wherein the land to be assessed for such work is located, and said county auditor shall thereupon immediately notify by certified mail the board or boards of trustees of the districts having supervision thereof, as to said hearing on said contemplated work. In those instances where two or more districts involved are under the supervision of the same board, or joint board if the district is intercounty, the notice shall be given to all landowners affected as prescribed for in [sections 468.14 through 468.18](#). The commission shall determine the percentage of benefits and the sum total to be assessed to each district for the improvement.

2. In the event that one of the districts to be assessed under [this section](#) shall have any improvement such as a settling basin which reduces the quality and quantity of flow or sediment, such commission may give consideration to the existence of such an improvement when they determine the percentage of benefits and the sum total to be assessed to each district for the improvement.

468.140 Outlet for lateral drains — specifications.

The owner of any premises assessed for the payment of the costs of location and construction of any ditch, drain, or watercourse as in [this subchapter, parts 1 through 5](#), provided, shall have the right to use the same as an outlet for lateral drains from the premises. The board of supervisors shall make specifications covering the manner in which such lateral

drains shall be connected with the main ditches or other laterals and be maintained, and the owner shall follow such specifications in making and maintaining any such connection.

468.143 What the agreement shall contain.

Such agreements shall contain the following:

1. A description of the lands by congressional divisions, metes and bounds, or other intelligible manner, together with the names of the owners of all said lands.

2. The location of the drains and ditches to be constructed, describing their sources and outlets and the courses thereof.

3. The character and extent of drainage improvement to be constructed, including settling basins, if any.

4. The assessment of damages, if any.

5. The classification of the lands included in such district, the amount of drainage taxes or special assessments to be levied upon and against the several tracts, and when the same shall be levied and paid.

6. Such other provisions as the board deems necessary.

When such agreement is filed, the auditor shall record it in the drainage record. The board shall at a regular, special, or adjourned session thereafter locate and establish a drainage

district and locate the ditches, drains, settling basins, and watercourses thereof as provided in said agreement, and enter of record an order accordingly. The board thereafter shall carry out the object, purpose, and intent of such agreement and cause to be completed and constructed the said improvement and shall retain jurisdiction of the same as fully as in districts established in any other manner. It shall cause to be levied upon and against the lands of such district, the drainage taxes and assessments according to said agreement and when collected said taxes and assessments shall constitute the drainage funds of said district to be applied upon order of the board as in said agreement provided.

468.146 Outlet in adjoining county or in another state.

1. When a drainage district is established and a satisfactory outlet cannot be obtained except through lands in an adjoining county, or when an improved outlet cannot be obtained except through lands downstream from the district boundary, the board shall have the power to purchase a right-of-way, to construct and maintain such outlets, and to pay all necessary costs and expenses out of the district funds. The board shall have similar authority relative to the construction and maintenance of silt basins upstream from the district boundary. In case the board and the owners of the land required for such outlet or silt basin cannot agree upon the price to be paid as compensation for the land taken or used, the board is hereby empowered to exercise the right of eminent domain as provided for in [chapter 6B](#) in order to procure such necessary right-of-way.

2. When a district is, or has been established in this state and no practicable outlet therefor can be obtained except through lands in an adjoining state, the board of supervisors of the county where said district is situated shall, as drainage commissioners, have power to purchase a right-of-way and to construct a ditch for such outlet in an adjoining state or to contribute to the construction of such a ditch, in an adjoining state and to pay for the same out of the funds of such district. Provided, however, that no drainage district or districts shall be charged or assessed any of the cost for land or work done unless previously agreed to by the board of supervisors or trustees of all of the drainage districts which will be assessed.

1. A person is guilty of a serious misdemeanor if, without legal authority, the person willfully does any of the following:

a. Diverts, obstructs, impedes, or fills up any ditch, drain, or watercourse.

b. Breaks down or injures any levee or the bank of any settling basin, established, constructed, and maintained under any provision of law.

c. Obstructs or engages in travel or agricultural practices upon the improvement or rights-of-way of a levee or drainage district which the governing body thereof has, by resolution, determined to be injurious to such improvement or to interfere with its proper preservation, operation, or maintenance, and has prohibited.

2. Any unlawful act described in [subsection 1](#) is a nuisance and may be abated.

3. A governing body shall have the power to repair any ditch, drain, or watercourse, or any levee or bank of any settling basin, damaged by any person or persons in violation of a resolution of the governing body, after three days' notice to such person or persons to make such repair. In the event that there is a failure to make the repair, the expense of the repair shall be assessed to the person or persons and shall be certified and collected in the same manner as other taxes.

468.151 Actions — settlement — counsel.

1. Levee or drainage districts through their governing bodies are authorized to maintain actions in law or equity for the purposes of preventing or recovering damages that may accrue to the districts on account of the impairment of their functions, or the increase in

the cost of maintenance or operation of the districts, or on account of damages to property owned by the districts, resulting from the construction or operation of locks, dams, and pools in the Mississippi or Missouri river. Levee or drainage districts may make settlements and adjustments of such damages and written contracts with relation to such damages, and receive any appropriations that may be made by the Congress of the United States for the increased cost to drainage or levee districts and may agree to the construction and maintenance of present equipment and of new or remedial works, improvements and equipment as a part of such damages, or as a means of lessening the damages which will be suffered by the said districts. The districts are further authorized to employ legal and engineering counsel for such purposes and to pay for the cost of employing legal and engineering counsel out of the award of damages or out of the maintenance funds of the district.

2. If a lump sum settlement is made between the United States and the district to provide an annual payment of income from the lump sum settlement, the county treasurer of the county in which the greater portion of the district is situated shall be custodian of the principal fund. The governing body of the district shall apply to the district court for authority to invest the fund as provided by [section 636.23](#), and, in addition to the investments approved, the court may authorize investment of the fund in interest-bearing bonds or warrants of the district. The income from the fund shall be disbursed by direction of the governing body of the district.

468.167 Voting power.

In case any proposition arises in said district to be determined by the vote of parties owning land therein, notice of such hearing shall be given and the board of supervisors or trustees, as the case may be, while holding title in trust to any such land, shall have the same right to

vote for or against such proposition as the former owner would have had if the former owner had not been divested of the title to said land.

468.168 Inspection of improvements.

The board of any county into which a levee or drainage improvement extends shall cause a competent engineer to inspect such levee or drainage improvement as often as it deems necessary for the proper maintenance and efficient service thereof. The engineer shall make report to the board of the condition of the improvement, together with such recommendations as the engineer deems necessary. For any claim for services and expenses of inspection, the engineer shall file with the auditor an itemized and verified account of such service and expense to be allowed by the board in such amount as it shall find due and paid out of the drainage funds of the district. If the district extends into two or more counties, such action shall be had jointly by the several boards, and the expenses equitably apportioned among the lands in the different counties.

a. One hundred dollars for drainage districts having indebtedness in excess of one million dollars.

b. Fifty dollars for drainage districts having an indebtedness of five hundred thousand dollars and less than one million dollars.

c. Twenty-five dollars for drainage districts having an indebtedness of two hundred fifty thousand dollars and less than five hundred thousand dollars.

d. Ten dollars for drainage districts having an indebtedness less than two hundred fifty thousand dollars.

2. The annual dues for any district shall not exceed one-twentieth of one percent of the outstanding indebtedness of the district.

468.184 Land classification and assessment in district.

1. *a.* (1) When a levee district shall have been located and finally established; or
(2) When the required proceedings have been taken to enlarge, extend, strengthen, raise, relocate, reconstruct, or improve any existing levee; or
(3) When the required proceedings have been held to annex additional lands to said levee district or to exclude or eliminate lands from said levee district; or
(4) When a plan of the United States government for the construction of any levee, or a portion of a levee, in said levee district, or for the enlarging, extending, strengthening, raising, relocating, reconstructing, or improving any existing levee, or a portion thereof, in accordance with any such plan in said levee district, has been heretofore or hereafter adopted by such levee district under the provisions of [sections 468.201 through 468.216](#); or
(5) When the board shall, as authorized by [section 468.65](#), determine that the assessments of benefits of said levee district against the lands in said levee district are generally inequitable the board may by resolution, or if a petition is filed by more than one-third of the owners, including corporations, of land within said levee district and who in the aggregate own more than one-third of the value of the land and land improvements in said levee district as the value thereof is then shown by the general tax records of the county or counties in which such land and land improvements are located, requesting the board to do so, the board shall order the lands in said levee district and the improvements on the land in said levee district classified or reclassified in accordance with the assessed taxable value of said land and land improvements as the same are then shown and as the same may be thereafter shown by the assessment roll of the county or counties in which said land and land improvements are located.
- b.* The assessed taxable value of any land, including land improvements exempt from general taxation but subject to assessment for levee purposes, shall be determined by the county assessor who shall make such determination in accordance with the rules of assessment applicable to adjacent lands and without any additional compensation therefor.
2. *a.* If the board orders classification or reclassification of lands as authorized in [subsection 1](#), the board shall fix a time and place for a hearing to be held upon the action of the board in ordering such classification or reclassification, which hearing shall be held at the county seat of the county having the largest acreage in said levee district. The board shall cause notice of the time and place of such hearing to be served by the county auditor or auditors upon each person whose name appears as owner of lands or land improvements within the levee district in the transfer books of the auditor's office in the county or counties in which said levee district is located, naming that person, and also upon the person or persons in actual occupancy of any tract of land or land improvements located in said levee district, without naming that person or persons. Such notice shall be for the same time and served in the same manner as is provided for the establishment of a levee district, and such notice shall state:
 - (1) The aggregate estimated costs and expenses which the board proposes to assess under such classification or reclassification;
 - (2) The total aggregate assessed taxable value of all lands and land improvements in said levee district;
 - (3) That the said classification or reclassification of benefits will be based on the assessed taxable value of all lands and improvements to lands located in said levee district;
 - (4) That each tract of land and each land improvement in said levee district will be assessed for its pro rata share of said costs and expenses based upon the ratio that the assessed value of each tract of land and the assessed value of each land improvement bears to the total assessed taxable value of all lands and all land improvements in said district; and

(5) That all objections to said method of classification or reclassification shall be in writing and filed with the auditor of the county in which said land or land improvements are located before the time set for said hearing or with the board of trustees of said district at or before the time set for such hearing.

b. The notice need not show the amount of such costs and expenses to be apportioned to each such owner or to any particular tract of land or land improvement within such levee district.

3. If at or before the time set for said hearing as to such classification or reclassification, there shall have been filed with the county auditor, or auditors in case the district extends into more than one county, or with said board, a remonstrance or remonstrances or objections to such method of classification or reclassification signed by owners of land and land improvements in the levee district aggregating sixty percent of the total assessed value of the lands plus land improvements in said district as shown by the taxing records in said county or counties in which said district is located, the board shall abandon the alternative method of classification or reclassification herein authorized. The board may then proceed to classify the lands in said levee district as authorized under [sections 468.38 through 468.44](#) or may proceed to reclassify the same as authorized under [section 468.65](#) unless said remonstrances and objections filed as above provided are filed by a majority of the landowners in the levee district and these remonstrants and objectors in the aggregate own seventy percent or more of the acreage of lands in the levee district and, in writing, object to any reclassification of any kind, then the board shall not reclassify the lands within the district under the provision of [this section](#) nor shall the same be reclassified under the provisions of [section 468.65](#).

4. At the time fixed or at any adjourned hearing if the remonstrances and objections filed at or before the hearing are not signed by sufficient number of owners, or the owners signing such remonstrances and objections do not meet the requirements hereinabove provided, then the board shall fully consider all objections and remonstrances and shall make a determination as to whether or not the costs and expenses shall be assessed:

- a. By the alternative method hereinabove set forth; or
- b. As provided by [sections 468.38 through 468.44](#); or
- c. That the land should be reclassified as provided in [section 468.65](#); or
- d. On the basis of a then existing classification of lands.

5. If the board shall determine that the cost and expenses shall be assessed on the basis of assessed taxable value as provided in [subsections 1 through 4](#), then such basis shall be used for all future assessments made for the purposes of said levee district except if said assessed taxable value of lands and land improvements in said levee district may be changed or revised by the county assessor in the county or counties in which the same are located for general tax purposes, then any such revision made in the assessed taxable value by any such county assessor shall automatically constitute a revision of the classification of such land or land improvements for future assessments made by the board for the purpose of said levee district.

6. In lieu of the hearing provided for in [subsections 1 through 5](#), the board may, and if the petition of owners provided for in [subsections 1 through 5](#) so asks, the board shall call for an election for the purpose of determining the question of classification on the basis of assessed value of lands and land improvements. The question may be submitted at a regular election of the district or at a special election called for that purpose. It shall not be mandatory for the county commissioner of elections to conduct the elections, however provisions of [sections 49.43 through 49.47](#) and of [subchapter III of this chapter](#), insofar as the same are applicable, shall govern all such elections, and the question to be submitted shall be set forth in the notice of election. If sixty percent of the votes cast be in favor of the proposed change in assessment, it shall become effective for all future assessments as heretofore provided in [this section](#). If the question should fail, no new election on the subject may be called for a period of one year.

7. When a levee district has been established and constructed, as an alternative to the other methods prescribed by law, upon reclassification, the levee district may adopt a method of classification and assessment uniform as to all land in the district, including railroad land, public highways and other public land and land exempt from general taxation, based on the total amount to be assessed divided by the total acres within the district. This method

of classification and assessment may be adopted either by hearing or by election and shall become effective as heretofore provided in [this section](#).

8. When a drainage district or drainage and levee district has been established and constructed, and after the lands therein have been classified in accordance with the provisions of [sections 468.39, 468.40, and 468.41](#) or reclassified in accordance with [section 468.65](#), the district may adopt methods of assessment for maintenance, repair, and operation of said district uniform as to all land in the district in the same manner and by the same procedures as prescribed in [subsections 1 through 7 of this section](#). Provided, however, that only those lands drained by respective mains and laterals shall be assessed for maintenance, repair, and operation of said mains and laterals, and provided further that this alternate method of assessment shall not be applied to making improvements in the drainage system.

9. Following the adoption of any alternative method of classification or assessment as provided in [this section](#), the same shall continue in effect until such time as the method is changed pursuant to [this section](#) or to [section 468.65](#).

10. a. All proceedings taken prior to July 1, 1968, purporting to establish or reestablish a drainage or levee district or districts, or to enlarge or change the boundaries of any drainage or levee district, and any assessments not heretofore declared invalid by any court, are hereby legalized, validated, and confirmed.

b. Paragraph “a” shall not be construed to affect any litigation that may be pending on July 1, 1968, involving the establishment, reestablishment, enlargement, or change in boundaries or any assessments of drainage or levee districts.

468.186 Easements through a drainage or levee district.

As used in [this section](#), “person” shall mean any individual or group of individuals, corporation, firm, company, or association, except a railroad company.

1. When any person proposes to construct a pipeline, electric transmission line, communication line, underground service line, or other similar installations on, over, across, or beneath the right-of-way of any drainage or levee district, such person shall, before beginning construction, obtain from the drainage or levee district an easement to cross the district’s right-of-way. The governing body of the district shall require such person to agree to comply with [subsection 3 of this section](#) and may, as a condition of granting such easement, attach thereto such additional conditions as they deem necessary. When the necessary easement has been obtained, such person shall construct the installation at the person’s own expense and shall pay all costs of any reconstruction, relocation, modification, or reinstallation of the drainage or levee district’s facility which may be necessary as a result of construction of the installation for which the easement was granted.

2. After construction of the installation has been completed in accordance with all conditions under which the easement is granted, the drainage or levee district shall maintain its facility at its own expense, and the person who constructed the installation, or the person’s successors in interest, shall maintain the installation at the person’s or successor’s own expense. If the drainage or levee district subsequently undertakes any maintenance, improvement, or reconstruction of its facility which requires the modification, relocation, or reconstruction of the installation, the expense of such modification, relocation, or reconstruction shall be borne by the person who constructed the installation or the person’s successors in interest.

3. When the construction of a public highway, or any installation for which an easement has been obtained under [subsection 1 of this section](#), on, over, across, or beneath the right-of-way of any drainage or levee district disturbs or requires replacement of any portion of a tile drain less than twenty inches in diameter, and a portion of such drain will remain

wholly or partially exposed after the construction project has been completed, the portion which is to remain exposed and not less than three feet of such drain immediately on either side of the portion which is to remain exposed, shall be replaced either with steel pipe of not less than sixteen gauge or polyvinyl chloride pipe conforming to current industry standards regarding diameter and wall thickness.

- a. The facilities of the district furnishing the service shall not be overburdened.
- b. There shall be no additional cost to the district furnishing the service.

c. The agreement shall be in writing, be made a part of the drainage records and shall include all of the following:

- (1) The description of the lands to be served.
- (2) The location of tile lines constructed or to be constructed.
- (3) The consideration to be paid to the district furnishing the service and the classification of the lands to be served.
- (4) Such other provisions as the board deems necessary.

2. The provisions in an agreement described in [subsection 1](#) modify other provisions of [this chapter](#) applicable to such lands.

468.188 Public improvements which divide a district — procedure.

1. If it should develop that any type of public improvement, other than the forces of nature, has caused such a change in the district as to effectively sever and cut off some of the land in the district from other lands in the district and from the improvements in the district in such a way as to deprive the land of any further benefits from the improvement, or in some manner to divide the benefits that may be derived from two separated portions of the improvement, then the board of supervisors or the board of trustees in charge may upon notice to interested parties and hearing as provided by [this subchapter, parts 1 through 5](#), for the original establishment of a district make an order to remove lands so deprived of benefits from the district without any reclassification, or may subdivide the district into two separate entities if the public improvement splits the district into two separate units, each of which may still derive some separate benefits from the separated portions of the district.

2. If the public improvement is such as to leave two separate portions of the improvement that are still operable and of benefit to the land on each side of the division made by the public improvement, then the board may divide the district into two separate units so that each may perform further work on the improvements in their respective parts, but neither shall be charged for work completed on the opposite side of the new improvement that divides them and may only be charged for the work done in that portion of the district remaining on their side of the division.

3. The same authority provided in [this section](#) shall vest in the board of supervisors or the board of trustees in the event a drainage district in any manner relinquishes its control over any portion of its improvements or its obligation to maintain same to another district and lands may be removed from the district or the district may be divided as provided in [this section](#).

4. The board may further in dividing the district award to each of the separated portions of the district the improvement remaining in each portion, determine the value of the

improvement so remaining on each side and secondly determine the contributions of the lands in the separated portions to the improvements and the upkeep of the earlier district, and if the contribution is proportionate neither side shall owe the other portion of the district any money, but if contribution is disproportionate, the board shall determine an equitable adjustment and the amount of payment required for one portion to pay to the other to buy the existing improvement.

5. If land is eliminated from any further benefits, there need not be any reclassification and the board may remove the same from the district in the same manner as if the land has been destroyed in whole by the erosion of a river and spread any deficiency in assessment among the remaining lands as provided by [section 468.49](#).

6. “*Type of public improvement*” for the purpose of [this section](#) includes drainage or levee improvements or new highways.

468.201 Plan of improvement.

1. Whenever the government of the United States acting through its proper agencies or instrumentalities will undertake the original construction of improvements or the repair or alteration of existing improvements which will accomplish the purposes for which the district was established or aid in the accomplishment thereof and shall cause to be filed in the office of the auditor of the county in which said district is located a plan of such improvement or for the repair or alteration of existing improvements, the board shall have jurisdiction, power and authority, upon the notice, hearing and determination hereinafter provided, to adopt such plan of improvement or of repair or alteration of existing improvements and to provide necessary right-of-way therefor; and to pay such portion of all costs and damages incident to the adoption of such plan, the construction thereunder and the maintenance and operation of the works as will not be discharged by the federal government under legislation existing at the time of adoption; also to enter into such agreements with the United States government as may be necessary to meet federal requirements including the taking over, repair and maintenance of the works and to perform under such agreements.

2. If the cost to the district of the repair or alteration of existing improvements contemplated by [this section](#) does not exceed twenty-five percent of the sum of the

original cost to the district and the cost of subsequent improvements, including all federal contributions, the board may proceed under the provisions of [section 468.126](#), without notice and hearing, and without appraisal as contemplated by [section 468.210](#), but the remaining provisions of [this section](#) and [sections 468.202 through 468.216](#) that are not in conflict with [section 468.126](#) shall remain applicable.

3. If the federal program divides a project into separate phases, each phase shall be considered a separate program as described in [section 468.126, subsection 4](#), and shall in no event be construed as an unauthorized division into separate programs to avoid the twenty-five percent limitation prescribed for making improvements under said [section 468.126, subsection 4](#), without notice and hearing.

468.204 Engineer's report.

The engineer shall examine the plan filed by the federal agency and the lands affected thereby and shall make and file with the county auditor a full written report which, together with the federal plan, will show the following:

1. The character and location of all contemplated improvements, and the plats, profiles and specifications thereof.

2. The particular description and acreage of land required from each forty-acre tract or fraction thereof for right-of-way, borrow pits or other purposes together with congressional or other description of each tract and the names of the owners thereof as shown by the transfer books in the office of the auditor.

3. A particular description of each forty-acre tract or fraction thereof that will be excluded from benefit by adoption of the plan as filed, together with the name of the owners thereof as shown by the transfer books in the office of the auditor.

4. A particular description of each forty-acre tract or fraction thereof outside the district which will benefit from adoption of the plan as filed and the name of the owner thereof as shown by the transfer books in the office of the auditor.

5. Such rights-of-way or portions thereof previously established or acquired as will be rendered unnecessary by adoption of the federal plan and any unpaid damages awarded therefor.

6. Such other damages previously awarded as will be affected by adoption of the federal plan.

7. The recommendation of the engineer with respect to the adoption of the plan.

468.205 Supplemental reports.

Upon the filing of such report the board shall examine and consider the same together with the plan and the commitments involved in its adoption and may require supplemental reports of the engineer or of another disinterested engineer with such data as they may deem necessary or desirable including recommendations for any change or modification, negotiate with the federal agency involved and amend the plan in such manner as may be mutually agreed upon. The engineer shall make such supplemental reports as may be required by the board or necessitated by amendment of plan.

468.207 Form of notice.

1. The notice under [section 468.206](#) shall be captioned in the name of the district and shall be directed to all of the following:

a. The owners of each tract or lot within the levee or drainage district, including railroad companies having rights-of-way and lienholders and encumbrancers.

b. The owners, lienholders, or encumbrancers of lands which an adoption of the plan would exclude from benefits.

c. The owners, lienholders, or encumbrancers of lands outside the district which will benefit from the plan.

d. Without naming them, the occupants of all lands affected.

e. All other persons whom the plan may concern.

2. The notice shall set forth all of the following:

a. That there is on file in the office of the auditor a plan of construction of the federal agency, naming the agency, together with reports of an engineer on the plan, which the board has tentatively approved.

b. That the plan may be amended before final action.

c. The day and hour set for hearing on the adoption of the plan.

d. That all claims for damages, except claims for land required for right-of-way or construction, and all objections to the adoption of the plan for any reason must be made in writing and filed in the office of the auditor at or before the time set for hearing.

3. Provisions of [this subchapter, parts 1 through 5](#), for giving notice, waiver of notice,

waiver of objection and damages and adjournment for service contained in [sections 468.15 through 468.20](#) shall apply.

468.209 Entry of order — effect.

1. If the board, after consideration of the subject matter, including all objections filed to the adoption of the plan and all claims for damages, shall find that the district will be benefited by adoption of the plan or the purposes for which the district was established is furthered by the plan, the board shall enter an order approving and adopting the final plan. The order shall have the effect of:

a. Altering the boundaries of the district to conform to the changes effected by the plan adopted.

b. Canceling all existing awards for damages for property not appropriated for right-of-way or construction and rendered unnecessary by the plan so adopted.

c. Canceling all awards previously made for damages other than for right-of-way or construction but reinstating the claims for such damages which said claims may be amended by the claimants within ten days thereafter.

d. Canceling all unpaid assessments for benefits on lands excluded from the district by adoption of the plan. The assessments so canceled shall become part of the costs of the improvement.

e. Establishing as benefited thereby the lands added to the district by adoption of the plan and rendering same subject to classification and assessment.

2. Whenever a plan has been adopted as contemplated by [this section](#), modification and changes can be made therein without further notice or hearing, provided the same do not increase or decrease the estimated cost of the plan to the district by more than twenty-five percent.

468.210 Appraisalment.

The board shall thereupon appoint three appraisers of the qualifications prescribed in [section 468.24](#), who shall qualify in the manner therein provided, and shall fix a time for hearing on their report of which all interested parties shall take notice. The appraisers shall view the premises and fix and determine the damages to which each claimant is entitled, including claimants whose awards for damages were canceled by the order of adoption, and shall place a separate valuation upon the acreage of each owner taken for right-of-way or other purposes necessitated by adoption of the plan and shall file a report thereof in writing in the office of the auditor at least five days before the date fixed by the board for hearing thereon. Should the report not be filed on time or should good cause for delay exist the

board may postpone the time for final action on the subject and, if necessary, may appoint other appraisers. Thereafter the provisions of [section 468.26](#) shall apply.

468.220 Occupancy and use permitted — assessments paid.

1. Any levee or drainage district organized, or in the process of being organized, under the laws of this state may occupy and use for any lawful levee or drainage purpose land owned by the state of Iowa, upon first obtaining permission to do so from the state or state agency controlling the land.

2. In the case of lands lying within the beds of meandered streams and border streams the permission shall be obtained from the natural resource commission of the department of natural resources. In the case of lands that are not under the control of any office or agency of the state, then the permission shall be obtained from the executive council.

3. Such permission shall not be unreasonably withheld and shall be in the form of an easement executed by the governor or in the case of an agency, by the chairperson or presiding officer thereof, and when once granted shall be perpetual, except that if no use is made of the easement for a period of five years, the permission shall immediately thereafter expire.

4. All uses and occupancies as contemplated by [this section](#) existing on July 4, 1961, are hereby legalized.

5. The state of Iowa, its agencies and subdivisions shall be financially responsible for drainage and special assessments against land which they own, or hold title to, within existing drainage districts.

468.221 Written communication delivered to the state or a local government.

1. [This section](#) applies whenever a board or county officer acting under [this chapter](#) is required to deliver a written communication to a state agency or local government. The written communication includes but is not limited to a notice, service of process, demand, statement, or a report.

2. *a.* If the written communication is to be delivered to a state agency, it may be delivered to the administrative head of the state agency or its governing body. The written communication may also be delivered to a person designated by the administrative head of the state agency or its governing body. The written communication may be delivered to the executive council if the administrative head of the state agency or its governing body cannot be determined.

b. If the written communication is to be delivered to a local government, it may be delivered to the governing body of the local government. The written communication may also be delivered to a person designated by the governing body. As used in [this section](#), “*local government*” includes a county, city, township, or any special purpose district or authority.

468.230 Administrators appointed.

The county board of supervisors of any county of this state in which one or more drainage districts are established may by resolution establish a board of county drainage administrators. All of the powers, duties, and responsibilities now or hereafter conferred on county boards of supervisors in [this chapter](#) shall thereupon be transferred to and thereafter exercised by the board of county drainage administrators. A drainage or levee district may be established pursuant to [subchapter III](#).

468.231 Administrator areas.

When establishing a board of county drainage administrators, the board of supervisors shall divide the county, along township lines, into three drainage administrator areas of approximately equal territory. The board of county drainage administrators shall consist of one resident freeholder appointed by the county board of supervisors from each area, and at least two of the administrators shall be agricultural landowners. The members first appointed shall hold office for terms of one, two, and three years respectively, as indicated and fixed by the county board of supervisors. Thereafter, succeeding members shall be appointed for a term of three years, except that vacancies occurring otherwise than by expiration of a term shall be filled by appointment for the unexpired term. Any member of the board of county drainage administrators who shall cease to have any of the qualifications prescribed by [this section](#) shall thereupon be disqualified as a member of the board and the office shall be deemed vacant. Members of the board of county drainage administrators may be removed by the county board of supervisors for cause, but every such removal shall be by written order which shall be filed with the county auditor.

468.233 How paid.

The compensation and expenses of the county board of drainage administrators, for each day or portion thereof necessarily expended in the transaction of the business of a drainage or levee district, shall be paid out of the funds of the district served. The administrators shall file with the auditor or auditors, as the case may be, itemized, verified statements of their time devoted to the business of the district and the expenses incurred. If the administrators transact business of more than one district on a given day, they shall prorate their claims for compensation proportionately among the districts served on that day, but in no case shall a member of the board of county drainage administrators claim or receive a sum in excess of seventeen dollars and fifty cents, plus actual and necessary expenses, for a single day.

PART 6

DISSOLUTION OF DRAINAGE OR LEVEE DISTRICTS

Referred to in [§468.263](#)**468.250 Jurisdiction to dissolve districts and abandon or transfer improvements.**

Drainage or levee districts may be dissolved and abandoned or assimilated by the procedures prescribed by this part.

1. When any drainage or levee district is free from indebtedness and it shall appear that the necessity therefor no longer exists or that the expense of the continued maintenance of the ditch or levee is in excess of the benefits to be derived therefrom, the board of supervisors or board of trustees, as the case may be, shall have power and jurisdiction, upon petition of a majority of the landowners, who, in the aggregate, own sixty percent of all land in such district, to abandon the same and dissolve and discontinue such districts in the manner prescribed by [sections 468.251 through 468.255](#). Nothing in [this subsection](#) shall prevent the board from eliminating land from a drainage district as permitted under [section 468.188](#).

2. When one drainage or levee district, either intracounty or intercounty, includes within its territory all of the territory of one or more other drainage or levee districts, and it appears that one assessment and one governing body would be to the benefit of the owners and occupants of the land within the mutual jurisdiction of the overlying and the contained districts, the board of supervisors or board of trustees may effect the dissolution of a contained district and the transfer of jurisdiction and control over that contained district's improvements to the overlying district, in the manner prescribed by [sections 468.256 through 468.261](#).

[C35, §7598-g1; C39, §7598.11; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §456.1]

468.251 Notice of hearing.

Upon the filing of such petition the board shall enter an order fixing the date for hearing thereon not less than forty days from the date of the filing thereof and shall enter an order directing the county auditor, if such district is under the control of the board of supervisors, or the clerk of the board, if under the control of a board of trustees, to immediately cause notice of hearing thereon to be served on the owners of lands in such district as may then be provided by law in proceedings for the establishment of a drainage or levee district.

468.252 Hearing on petition.

The petition may be amended at any time before final action on the petition. At the time set for hearing on the petition, the board shall hear and determine the sufficiency of the petition as to form and substance and all objections filed against the abandonment and dissolution of such district. If the board finds that such district is free from indebtedness and that the necessity for the continued maintenance thereof no longer exists or that the expense of the continued maintenance of such district is not commensurate with the benefits derived therefrom, the board shall enter an order abandoning and dissolving such district, which order shall be filed with the county auditor of the county or counties in which such district is situated and noted on the drainage record.

468.254 Expense — refund.

In case there are sufficient funds on hand in such district, or there are unpaid assessments outstanding or other property belonging to such district in an amount sufficient to pay such expense, the expense of abandonment and dissolution shall be paid out of such funds or out of funds realized by the sale of such property. Where such district is free of indebtedness but there are not sufficient funds on hand or unpaid assessments outstanding or other assets to pay such expense the board shall assess such expense against the property in the district in the same proportions as the last preceding assessments of benefits. Any excess remaining to the credit of such district after sale of its assets and after payment of such expenses shall be prorated back to the property owners in the district in the proportions according to class and benefits as last assessed. If the petition is denied, the costs of said proceedings shall be paid by the petitioning owners.

468.256 Initiating dissolution of contained district.

To initiate the dissolution of a contained district under the circumstances described in [section 468.250, subsection 2](#):

1. The board of supervisors or board of trustees of the district proposed to be dissolved shall enter an order for the proposed dissolution of that district and the surrender of its improvements and rights-of-way to the overlying district.

2. The board of supervisors or board of trustees of the overlying district shall enter an order approving the proposed acceptance of those improvements and rights-of-way.

468.257 Procedure for notice of hearing.

1. The board of the overlying district shall enter an order fixing a place and a time, not less than forty days after the date of the later of the two orders required by [section 468.256](#), for a hearing on the proposals described in the two orders.

2. The auditor, or auditors if the overlying district includes land lying in two or more counties, shall cause notice of the proposals and of the hearing to be given immediately upon the entry of an order under [subsection 1](#). The notice must:

a. Include the texts of the orders entered pursuant to [section 468.256](#), the date, time and place of the hearing, and a statement that all objections to the proposals embodied in the

orders must be made in writing and filed in the office of the auditor at or before the time set for the hearing.

b. Be directed to all of the following:

(1) The owner of each tract of land or lot within the overlying district, as shown by the transfer books of the auditor's office, including railway companies having right-of-way in the district.

(2) All lienholders or encumbrancers of land within the overlying district, without naming them.

(3) All actual occupants of land in the overlying district, without naming individuals.

(4) All other persons whom it may concern.

3. Except as otherwise required by [section 468.16](#), the notice required by [this section](#) shall be served by publication once in a newspaper of general circulation in each county in which the overlying district's land is situated. The publication shall be made not less than twenty days prior to the day set for the hearing. Proof of service shall be made by affidavit of the publisher.

468.258 Procedure at hearing.

The hearing shall be convened at the time and place fixed in accordance with [section 468.257, subsection 1](#), and the procedure at the hearing shall be as prescribed by [this section](#).

1. The board of the contained district shall first hear all objections filed against the dissolution of the district and the surrender of its improvements to the overlying district. If, at the conclusion of that portion of the hearing, that board finds that the contained district is free of debt, that the economic benefits of the continued maintenance of that district would not be commensurate with its cost, and that it would be advantageous to dissolve and discontinue the contained district and surrender its improvements and rights-of-way to the overlying district, it shall enter an order dissolving the contained district and directing the surrender of its improvements and rights-of-way, conditioned on acceptance by the overlying district.

2. Immediately thereafter, the board of the overlying district shall hear all objections filed against the acceptance of the contained district's improvements and their maintenance. If it finds that the improvements are conducive to the drainage of surface waters from agricultural lands and all other lands in the overlying district or the protection of the lands from overflow, it shall enter an order accepting the improvements and rights-of-way of the contained district.

3. Orders issued pursuant to [subsections 1 and 2](#) shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.

4. If at or before the time set for the hearing there have been filed with the county auditor or auditors, if either the contained or overlying district extends into more than one county, or with the board of either district, one or more remonstrances or objections to the dissolution of the contained district, or to the acceptance of that district's improvements and rights-of-way by the overlying district, signed by owners of land and land improvements in either district aggregating sixty percent of the total assessed value of the land in that district as shown by the taxing records in the county or counties in which that district is located, the board to which the remonstrances or objections have been made shall abandon its proposed action.

468.259 Election in lieu of hearings.

In lieu of the hearings provided for in [section 468.258](#), the board of either district may call an election for the purpose of determining the dissolution of the contained district or the acceptance of that district's improvements and rights-of-way by the overlying district. The

questions may be submitted at a regular election of the district or at a special election called for that purpose. It is not mandatory for the county commissioner of elections to conduct the elections, however the provisions of [sections 49.43 to 49.47](#), and of [subchapter III of this chapter](#), as they are applicable, shall govern the elections, and the question to be submitted shall be set forth in the notice of election.

1. If sixty percent or more of the votes cast are in favor of the proposed dissolution of the contained district involved, the board of that district shall enter an order dissolving the contained district and directing the surrender of its improvements and rights-of-way, conditioned on acceptance by the overlying district.

2. If sixty percent or more of the votes cast in the overlying district are in favor of the proposed acceptance by that district of the contained district's improvements and rights-of-way, the board of the overlying district shall enter an order accepting the improvements and rights-of-way of the contained district.

3. Orders issued pursuant to [subsections 1 and 2](#) shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.

468.260 Effect of dissolution, surrender, and acceptance.

When a contained district dissolves and surrenders its improvements and rights-of-way to the jurisdiction and control of an overlying district, and the overlying district accepts those improvements and rights-of-way, in accordance with [sections 468.256 through 468.259](#):

1. It is presumed that the classification of the lands which were included in the dissolved district, as previously determined by the commissioners in the classification of those lands as a part of the overlying district, remains equitable and no reclassification of the overlying district or any part of it is necessary.

2. The improvements surrendered and accepted are at all times under the supervision of the board of the overlying district, and it is the duty of that board to keep the improvements in repair as provided in [section 468.126](#) as fully and completely as though the improvements were a part of the original construction or improvements in the overlying district.

3. It is presumed that:

a. The improvements surrendered and accepted are an integral part of the overlying district's improvements, and are a public benefit and conducive to the public health, convenience and welfare.

b. No value is taken into consideration for the existing improvements nor is credit given to the parties owning them, and they shall not be considered an asset of the district that is dissolved.

4. The original cost and the subsequent cost of improvements in the district that has been dissolved are added to and become a part of the original cost and the subsequent cost of improvements in the overlying district.

PART 7

MERGER OF DRAINAGE OR LEVEE DISTRICTS

Referred to in [§468.3](#), [468.49](#)

468.262 Purpose.

The provisions of [this part](#) apply to drainage or levee districts when such districts participate in a merger.

[2014 Acts, ch 1075, §1](#); [2015 Acts, ch 30, §148](#)

468.263 General.

1. A merger must involve two or more voluntarily participating drainage or levee districts including all of the following:

a. One participating dominant district whose board would survive the merger to govern the merged district.

b. One or more participating servient districts whose boards would be dissolved by the merger.

2. a. The merger must be proposed by the board of each participating drainage or levee district as provided in [this part](#).

b. The proposed merger must be approved by the board of the participating dominant district and one or more boards of the participating servient districts, as provided in [this part](#).

3. a. The boundary of a participating drainage or levee district must adjoin all or part of the boundary of another participating drainage or levee district.

b. Notwithstanding paragraph “a” two participating drainage or levee districts may be separated by land not part of any drainage or levee district if the proposed merger is contingent upon the annexation of such land pursuant to [sections 468.119 through 468.121](#).

4. A merger may occur notwithstanding that a drainage or levee district participating in a merger is not otherwise eligible for dissolution as provided in [part 6 of this subchapter](#).

[2014 Acts, ch 1075, §2](#)

468.264 Board participation initiated.

1. In order to participate in a proposed merger the board of a drainage or levee district must determine that the merger will substantially benefit the owners of land situated in the drainage or levee district.

2. A board making the determination described in [subsection 1](#) shall enter an order to conduct a public hearing regarding a proposed merger as provided in [section 468.265](#). The board shall enter the order with the auditor of each county where the drainage or levee district is situated.

[2014 Acts, ch 1075, §3](#)

Referred to in [§468.265](#)

468.265 Public hearing.

1. A public hearing must be conducted within forty-five days from the last date that the board enters an order with the auditor of each county where the drainage or levee district is situated as provided in [section 468.264](#). The auditor of each county where the participating drainage or levee district is located shall provide notice of a public hearing regarding the proposed merger. However, the board may designate the auditor of the county with the greatest portion of the district’s territory to provide the notice. The notice must include all of the following:

a. A description of the proposed merger.

b. The determination made by the board under [section 468.264](#).

c. Whether land in the participating drainage or levee district may be subject to any special assessment as provided in [section 468.269](#).

d. The date, time, and place of the public hearing.

e. That all written objections to the proposed merger must be filed in the office of the county auditor.

2. *a.* The auditor of the county where a participating drainage or levee district is situated or the auditor designated by the board shall deliver the notice required in [subsection 1](#) to all landowners in the district in the same manner as provided in [sections 468.14 through 468.18](#), as the auditor deems appropriate.

b. If land is to be annexed as a condition of the merger, as provided in [this part](#), the auditor of the county where the land to be annexed is situated or the auditor designated by the board shall deliver the notice to the owners of such land by ordinary mail.

3. The boards of one or more participating drainage or levee districts may conduct the public hearing jointly.

4. [This section](#) shall not be construed to prevent the board of a participating drainage or levee district from convening and conducting a public hearing in a manner consistent with [section 468.258](#).

[2014 Acts, ch 1075, §4; 2015 Acts, ch 51, §1, 2](#)

Referred to in [§468.264, 468.266, 468.269](#)

468.266 Meeting and vote.

1. Each board of a participating drainage or levee district shall meet to vote on a resolution which includes the question whether or not to approve the proposed merger. A board must vote on the resolution within forty-five days of the last public hearing conducted pursuant to [section 468.265](#).

2. The board shall only consider written objections to the proposed merger as filed in the office of the county auditor as provided in the notice for a public hearing or comments made at a public hearing conducted pursuant to [section 468.265](#).

3. Two or more boards may approve a joint meeting and vote upon a joint resolution. If the board for the participating dominant district votes at the joint meeting, the dominant board shall pay any costs associated with conducting the joint meeting, regardless of the vote's outcome.

[2014 Acts, ch 1075, §5](#)

Referred to in [§468.267](#)

468.267 Joint order.

1. A resolution to merge participating drainage or levee districts approved by their respective boards as provided in [section 468.266](#) shall be effectuated according to the terms and conditions of a joint order for merger entered by those boards.

2. Each board shall file the joint order with the auditors of their respective counties. Upon receipt of a joint order, the auditor shall include the joint order as part of the drainage record.

3. The auditor shall not file an order unless all territory within the merged drainage or levee district is contiguous, and includes any land required to be annexed as a condition of the merger.

4. Upon the filing of the joint order with the county auditor as provided in [subsection 2](#), title to all real estate, other property, improvement, and any right-of-way held by the participating drainage or levee district is vested in the merged drainage or levee district, subject to any condition which applied immediately prior to the merger.

5. The auditor of a county designated by the board governing the merged drainage or levee district shall prepare and file with the recorder of each county where the merged district is situated all conveyances and other documentation necessary to effect the transfers referenced in the joint order.

6. The merged drainage or levee district assumes all existing obligations of a participating drainage or levee district subject to the joint order.

[2014 Acts, ch 1075, §6](#)

Referred to in [§468.269](#)

468.268 Effect of the merger.

1. *a.* Except as provided in [this subsection](#), a legal or equitable proceeding pending against a participating drainage or levee district prior to a merger shall continue as if the merger did not occur.

b. The merged drainage or levee district shall be substituted for the participating drainage or levee district standing as a party.

c. The board governing the merged drainage or levee district may apportion the costs of a legal or equitable proceeding against the landowners of the participating drainage or levee district based upon the classification of land and assessments applicable to the participating drainage or levee district prior to the merger.

2. Except as provided in [section 468.269](#), the merger does not affect the classification of land or the levy of an assessment.

3. The original cost and the subsequent cost of improvements in a participating drainage or levee district under [this part](#) shall be added to and become a part of the original cost and the subsequent cost of improvements in the merged drainage or levee district.

4. The surviving board of a merged drainage or levee district shall pay any remaining costs associated with the merger.

[2014 Acts, ch 1075, §7](#)

468.269 Special assessment — merged land.

1. In addition to assessments imposed pursuant to sections [468.49](#) and [468.50](#), the surviving board of a merged drainage or levee district may impose a special assessment on land situated in the merged district which was a participating servient district prior to the merger.

2. The special assessment shall apply to costs of improvements made within the participating dominant district prior to the merger for not longer than five years prior to the date that the joint order was filed with the county auditor by the surviving board for the participating dominant district pursuant to [section 468.267](#).

3. In order to impose a special assessment under [this section](#) all of the following must apply:

a. The board must approve a report by an engineer appointed by the board as provided in [part 1](#) stating those improvements directly benefiting land situated in the participating servient district were made within the five-year period provided in [subsection 2](#).

b. The notice for a public hearing required in [section 468.265](#) must have stated that the board may impose a special assessment under [this section](#).

4. The board shall not impose the special assessment under [this section](#) on land that was annexed as part of the merger. However, such land is subject to a special assessment pursuant to [sections 468.119 through 468.121](#).

468.315 Authority to include city.

A county board of supervisors has the same power to establish a drainage or levee district that includes the whole or any part of a city as the county board does to establish a district located wholly outside a city, including providing for the assessment of damages and benefits within a city. However, a county board of supervisors shall not do any of the following:

1. Establish a drainage or levee district located wholly within the corporate limits of a city, unless the city consents by resolution adopted by its city council.

2. Establish a district for sanitary sewer purposes.

468.356 Petition — procedure — emergency pumping station.

1. A pumping station shall not be established or maintained unless a petition shall be presented to the board signed by not less than one-third of the owners of lands benefited by the establishment of a pumping station. The lands benefited by a pumping station shall be determined by the board on the petition and report of the engineer, and such other evidence as the board may hear. No additional land shall be taken into any such drainage district after the improvements in the district have been substantially completed, unless one-third of the owners of the land proposed to be annexed have petitioned or consented in writing to the annexation.

2. However, the board of supervisors may install a temporary portable pumping station to remove flood waters in an emergency. The board of supervisors shall levy and collect the cost of the purchase, operation, and maintenance of the pumping station from the lands in the district benefited by the pumping station in the same manner as provided for in the construction and maintenance of a drainage or levee district. For the purpose of [this](#)

[subsection](#), an emergency occurs when ponded or standing water does not freely flow to the outlet ditch and the capacity of the outlet ditch is not fully used.

468.362 Hearing — jurisdiction of divided districts.

At the time fixed, the board shall determine the advisability of such division and shall make such order with reference thereto as shall be deemed proper, having consideration for the interests of all concerned. If such division is made, the board or boards having jurisdiction of the original district shall retain jurisdiction of the new districts created by such division for the purpose of collecting assessments theretofore made and making such additional assessments as are necessary to pay the obligations theretofore contracted. For all other purposes, each division shall be under the jurisdiction of the board or boards of supervisors which would have had jurisdiction thereof if originally established as an independent district.

468.365 Election and apportionment of trustees.

If said district, before the division was made, was under the control and management of trustees, then each trustee shall continue to serve in the district in which the trustee is situated, and other trustees shall be elected in each new district. The election for said new

trustees shall be called by the old board of trustees in each district within ten days after said division is made and shall be conducted as provided for the election of trustees.

DRAINAGE DISTRICTS IN CONNECTION
 WITH UNITED STATES LEVEES

Referred to in [§331.502](#), [331.552](#), [350.4](#), [468.3](#)

468.390 United States levees — cooperation of board.

In any case where the United States has built or shall build a levee along or near the bank of a navigable stream forming a part of the boundary of this state, the board of supervisors of any county through which the same may pass shall have the power to aid in procuring the right-of-way for and maintaining said levee, and providing a system of internal drainage made necessary or advisable by the construction thereof. Such improvement shall be presumed to be conducive to the public health, convenience, welfare, or utility.

[C97, §1975; C24, 27, 31, 35, 39, §7744; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.1]

468.391 Manner of cooperation.

Any United States government levee under the conditions mentioned in [section 468.390](#) may be taken into consideration by the board as a part of the plan of any levee or drainage district and improvements therein, and such board may, by agreement with the proper authorities of the United States government, provide for payment of such just and equitable portion of the costs of procuring the right-of-way and maintenance of such levee as shall be conducive to the public welfare, health, convenience, or utility.

[C97, §1975; C24, 27, 31, 35, 39, §7745; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.2]

 Referred to in [§468.396](#)

468.392 Report of engineer — payment authorized.

In the proceedings to establish such a district the engineer shall set forth in the engineer's report, separately from other items, the amount of the cost for the right-of-way of such levee, of constructing and maintaining the same; and if the plan is approved and the district finally established in connection with such levee, the board shall make a record of any such cooperative arrangement and may use such part of the funds of the district as may be necessary to pay the amount so agreed upon toward the right-of-way and maintenance of such levee.

[C97, §1976; C24, 27, 31, 35, 39, §7746; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.3]

Referred to in [§468.395](#), [468.396](#)

468.394 Annual installments.

If the proposed improvement is the maintenance of a levee, the amount collected in any one year shall not exceed three dollars and thirty-seven and one-half cents per thousand dollars of the assessment valuation, which said assessment shall be levied at a level rate on the assessable value of the said lands, improvements, easements, and railroads within the district. If the amount necessary to pay for the improvement exceeds said sum, it shall be levied and collected in annual installments of twenty or less. For all other improvements, the board shall levy a rate sufficient to pay for the same, and may, at their discretion, make the same payable in annual installments of twenty or less.

Referred to in [§468.395](#), [468.396](#)

468.395 Collection of tax.

The assessment required under [sections 468.393](#) and [468.394](#) shall be made by the board of supervisors at the time of levying general taxes, after the work has been authorized, and the assessment shall be entered on the records of the board of supervisors, then entered on the tax books by the county auditor as drainage taxes, and shall be collected by the county treasurer at the same time, in the same manner, and with the same interest, as general taxes. If the assessment is not paid the treasurer shall sell all lands upon which the assessment remains unpaid, at the same time, and in the same manner, as is now by law provided for the sale of lands for delinquent taxes, including all steps up to the execution and delivery of the tax deed. The landowners shall take notice of and pay the assessments without other or further notice than as is provided for in this part. The funds realized from the assessments shall constitute the drainage fund, as contemplated in this part, and shall be disbursed on warrants drawn against that fund by the county auditor, on the order of the board of supervisors.

468.396 Cost of maintaining.

The board of supervisors shall have the right and power to keep and maintain any such levee, ditches, drains, or system of drainage, either in whole or in part, established under [sections 468.390 through 468.395](#), as may in their judgment be required, and to levy the expense thereof upon the real estate within such drainage district as provided for in [this part](#), and collect and expend the same; provided, however, that no such work which shall impose a tax exceeding three dollars and thirty-seven and one-half cents per thousand dollars on the assessable value of the lands and improvements within the district shall be authorized by the board, unless the work is first petitioned for and authorized in substantially the manner required by [this part](#) for the inauguration of new work. However, if such work is of the kinds contemplated by [section 468.126](#), and the cost thereof is within the limitations of [section 468.126](#), or is of the kinds contemplated by [section 468.188](#), and the cost thereof is within the

limitations of [section 468.188](#), then the provisions of [section 468.126](#) or [section 468.188](#) shall supersede the limitations of [this section](#).

PART 7

INTERSTATE DRAINAGE DISTRICTS

468.400 Cooperation — procedure.

When proceedings for the drainage of lands bordering upon the state line are had and the total cost of constructing the improvement in this state, including all damage, has been ascertained, and the engineer in charge, before the final establishment of the district, reports that the establishment and construction of such improvement ought to be jointly done with like proceedings for the drainage of lands in the same drainage area in such an adjoining state and that drainage proceedings are pending in such state for the drainage of such lands, the said authorities of this state may enter an order continuing the hearing on the establishment of such district to a fixed date, of which all parties shall take notice.

468.401 Agreement as to costs.

The board shall have power, when the total cost, including damages, of constructing the improvement in such other state has been ascertained by the authorities of such other state, to enter into an agreement as to the separate amounts which the property owners of each state should in equity pay toward the construction of the joint undertaking. When such amount is thus determined, the board or boards having jurisdiction in this state shall enter the same in the minutes of their proceedings and shall proceed therewith as though such amount to be

paid by the portion of the district in this state had been originally determined by them as the cost of constructing the improvement in this state.

PART 1
AUTHORIZATION OF TRUSTEES

468.500 Trustees authorized.

1. *a.* In the manner provided in [this subchapter](#), any drainage or levee district in which the original construction has been completed and paid for by bond issue or otherwise, may be placed under the control and management of a board of trustees to be elected by the persons owning land in the district that has been assessed for benefits.

b. A drainage or levee district under the control of a city council as provided in [subchapter II, part 3](#), may be placed under the control and management of a board of trustees by the city council following the procedures provided in [subchapter II, part 2](#), for the county board of supervisors.

2. An overlying drainage or levee district that controls and manages improvements and rights-of-way surrendered by a board of supervisors or board of trustees of a contained district, in accordance with [sections 468.256 through 468.259](#), shall continue to be controlled and managed by a board of trustees as provided in [subchapter II, part 3](#).

468.504 Election districts.

When a petition has been filed for the election of trustees to manage a district containing twenty thousand acres or more, the board, or, if the district extends into more than one county, the boards of the counties by joint action, shall, before the election, divide the district into three election districts for the purpose of securing a proper distribution of trustees in the district, and the division shall be so made that each election district will have substantially equal voting power and acreage, as nearly as may be. After the division is made there shall be elected one trustee for each of the election districts, but at the election all the qualified voters for the entire district shall be entitled to vote for each trustee. The division here provided for shall be for the purposes only of a proper distribution of trustees in the district and shall not otherwise affect the district or its management and control.

468.506 Eligibility of trustees.

Each trustee shall be a citizen of the United States not less than eighteen years of age, and one of the following:

1. The bona fide owner of agricultural land in the election district for which the trustee is elected, and a resident of the county in which that district is located or of a county which is contiguous to or corners on that county.
2. The bona fide owner of nonagricultural land in the election district for which the trustee

is elected, and a resident of that district. [This subsection](#) applies only when the election district is wholly within the corporate limits of a city.

3. An individual who has a legal or equitable interest in an entity that holds an interest in agricultural land located in the election district for which the trustee is elected, including as a bona fide owner. In addition, all of the following must apply:

a. The entity must be a general partnership formed under [section 486A.202](#) or a person who holds the agricultural land under [chapter 9H](#) as a family farm corporation, authorized corporation, family farm limited liability company, authorized limited liability company, family farm limited partnership, limited partnership, family farm unincorporated nonprofit association, authorized unincorporated nonprofit association, family trust, or authorized trust.

b. The individual must hold the legal or equitable interest in the entity described in paragraph “a” as a partner in the general partnership, shareholder in the corporation, member in the limited liability company, general or limited partner in the limited partnership, member in the unincorporated nonprofit association, or beneficiary in the trust.

c. The individual must be a resident of the county in which the election district is located or of a county that is contiguous to or corners on that county.

4. a. A bona fide owner of benefited land in a drainage or levee district in which eighty-five percent of its acreage is situated within the corporate limits of a city and has been under the control of a city under [subchapter II, part 3](#).

b. (1) For nonagricultural land, if the bona fide owner is a business corporation organized and existing under [chapter 490](#) or [491](#), or a partnership, a stockholder or officer authorized by the corporation or a general partner may be elected as a trustee of the district.

(2) For agricultural land, if the bona fide owner is an entity described in [subsection 3](#), paragraph “a”, an individual holding a legal or equitable interest in that entity may be elected as trustee.

468.511 Votes determined by assessment.

1. When a petition asking for the right to vote in proportion to assessment of benefits at all elections for any purpose thereafter to be held within said district, signed by a majority of the landowners owning land within said district assessed for benefits, is filed with the board of trustees, then, in all elections of trustees thereafter held within said district, any person whose land is assessed for benefits without regard to age, sex, or condition shall be entitled to one vote for each ten dollars or fraction thereof of the original assessment under the current classification against the land actually owned by the person in said district at the time of the election, but in order to have such ballot counted for more than one vote the voter shall write the voter's name upon the ballot. The vote of any landowner of the district may be cast by absent voters ballot as provided in [chapter 53](#) except that the form of the applications for ballots, the voters' affidavits on the envelopes, and the endorsement of the carrier envelope for preserving the ballot shall be substantially in the form provided in [subsections 2, 3, and 4](#), below. Application blanks, envelopes, and ballots shall be provided by and submitted to the office of the county auditor in which the election is held. The cost of such blanks, envelopes, ballots, and postage shall be paid by the district. For the purpose of [this subchapter](#) all landowners of the district shall be considered qualified voters, regardless of their place of residence.

2. For the purpose of [this subchapter](#), applications for ballots shall be made on blanks substantially in the following form:

468.521 Elections — how conducted.

1. After the first election of trustees, the board of trustees shall act as judges of election; however, a trustee standing for election shall not serve as a judge.

2. The clerk of the board shall act as one of the clerks and an owner of land in the district shall be appointed by the board to act as another clerk.

3. The board shall fill any vacancy of an acting election judge by appointing a person who resides in the county where all or part of the drainage or levee district is located and who is eligible to vote in a general election in that county.

4. The result of each election shall be certified to the auditor or the several county auditors if the district is located in more than one county.

468.523 Vacancies.

If any vacancy occurs in the membership of the board of trustees between the annual elections, the remaining members of the board shall have power to fill such vacancies by appointment of persons having the same qualifications as themselves. The persons so appointed shall qualify in the same manner and hold office until the next annual election when their successors shall be elected. In the event that all places on the board become vacant, then a new board shall be appointed by the auditor, or if more than one county, then by the auditor of the county in which the greater acreage of the district is located. The persons so appointed shall hold office until the next annual election and until their successors are elected and qualify.

Drainage and levee taxes when so levied and collected shall be kept by the treasurer of the county in a separate fund to the credit of the district for which it is collected. The county treasurer shall disburse the moneys in the fund only upon any of the following:

1. The orders of the board of trustees, signed by the president of the board, upon which warrants shall be drawn by the auditor upon the treasurer.

2. For drainage and levee districts with pumping stations, by orders of the board of trustees directing the treasurer to place all or any part of the moneys into a checking account established by the board in a bank or credit union as defined in [section 12C.1](#).

a. The treasurer shall disburse the moneys only upon resolution duly adopted by the board. The board shall not expend moneys in the account for a purpose if the board could not order the county treasurer to expend moneys from the county's separate fund for that same purpose.

b. The board shall file with the county auditor an annual financial statement that is accompanied by an unqualified opinion based upon an audit of the account performed by a

certified public accountant licensed in this state. Notwithstanding paragraph “a”, the board shall pay the costs associated with performing the audit out of the district’s moneys.

PART 3

ESTABLISHMENT OF OVERLYING DISTRICT AS NEW DRAINAGE OR LEVEE DISTRICT

468.538 Scope.

This part applies when the board of trustees of an overlying district accepts all improvements and rights-of-way surrendered by a board of supervisors or board of trustees of a contained district, in accordance with [sections 468.256 through 468.259](#). In addition, after such acceptance, the overlying district must include at least thirty-five thousand acres with a pumping station, regardless of whether the drainage or levee district is located in more than one county. Such a district shall continue to be controlled and managed by a board of trustees elected as provided in [this part](#).

2013 Acts, ch 86, §3, 6
 Referred to in [§468.539](#)

468.539 Qualified application.

[Part 2 of this subchapter](#) shall also apply to [this part](#), except as follows:

1. The trustees of the overlying district serving on the board at the time of acceptance as described in [section 468.538](#) shall be considered initially elected as the trustees of the drainage or levee district as provided in sections [468.502](#), [468.503](#), and [468.521](#).

2. *a.* The board of trustees described in [subsection 1](#) shall do all of the following:

(1) Establish the overlying district as a new drainage or levee district, which must include all improvements and rights-of-way surrendered by a board of supervisors or board of trustees of the contained district.

(2) Divide the new drainage or levee district into three election districts in the same manner as a board of supervisors acting pursuant to sections [468.504](#) and [468.505](#).

b. The petition described in [section 468.501](#) is not required to be filed or considered under [this subsection](#).

3. Each of the three persons elected as trustee to serve on a new drainage or levee district established pursuant to an election held by the board of trustees described in [subsection 1](#) shall hold office for a staggered term as provided in [section 468.518](#). A person elected as a trustee of the new drainage or levee district shall be elected from a specified election district, unless the person is elected at large as provided in [subsection 4](#).

4. The board of trustees described in [subsection 1](#) or a subsequent board of trustees of the new drainage or levee district may provide for the election of two additional persons to serve as trustees. The two additional persons shall be elected at large by all qualified voters for the entire drainage or levee district. Of the five persons elected as trustees of the new drainage or levee district, not more than two persons shall be elected from the same specified election district. One person's initial term shall be for one year and the second person's initial term shall be for two years in the same manner as provided in [section 468.518](#).

5. Votes shall be determined as provided pursuant to either [section 468.510](#) or [468.511](#) in the same manner as was determined for the overlying district.

468.544 Requirements of notice.

The notice shall be directed to each person whose name appears upon the transfer books in the auditor's office as owner of lands within the drainage district upon which the drainage assessments are unpaid, naming the owner, and also to the person or persons in actual occupancy of any of the tracts of land without naming them. The notice shall also state all of the following:

1. The amount of unpaid assessments upon each forty-acre tract of land or less.
2. That all of the unpaid assessments, installment or installments thereof as proposed to be extended, may be paid on or before the time fixed for the hearing.
3. That after the expiration of such time no assessments may be paid except in the manner and at the times fixed by the board in the resolution authorizing the issuance of the drainage refunding bonds.

468.567 Report and hearing — appeal.

1. At the direction of the governing board of such district, or board of supervisors, the county auditor of the county within which the land on which the indebtedness is being adjusted is situated, shall compile a tabulated report as to the lands within the said district, setting forth:

- a. The name of the owner of each assessed tract as shown by the transfer books in the county auditor's office.
- b. The amount of the unpaid old assessments against each of said tracts.
- c. The amount of the new assessment required to pay the new bonds to be issued, together with the installments to be paid thereon annually of principal and interest, and the maximum period of time over which such assessments shall be paid.

2. After such report is tabulated and filed, a hearing upon the contemplated action of the governing body of such district, or board of supervisors, to make the proposed adjustment, composition, renewal and refunding in such adjusted amount of its outstanding indebtedness,

together with the issuance of bonds and the levying of assessments therefor, shall be had in the manner and upon the same notice as is prescribed in [sections 468.543 through 468.545](#) and appeal may be made therefrom as provided in this part.

468.577 Adjudication on report.

At the hearing of the conservator's report, the court shall fix and determine the amount of money in the hands of the county treasurer belonging to the drainage district; the amount of the indebtedness of the drainage district; and to whom the indebtedness is due, and shall fix and determine the time, manner, and priority of payment of the indebtedness. The court shall fix and determine the amount of unpaid assessment or assessments against each tract of land within the drainage district, and may extend the time of payment, and reamortize and reallocate the assessments upon each tract of land within the drainage district. If the court finds that the assessments as levied against each tract of land within the drainage district are not sufficient to pay the indebtedness due and owing by the drainage district, the court may order the board of supervisors of the county within which the drainage district is located, to levy an assessment against the lands within the drainage district, in an amount to pay the deficit. However, assessment for the payment of drainage bonds or improvement certificates shall not be levied against any tract of land if the owner of the land is not delinquent in payment of any assessment. The amount of the reassessment on a particular piece of land shall be in direct proportion to the amount of unpaid assessments on the land. The assessment or expenses incidental thereto, for the payment of drainage bonds or improvement certificates under this part, shall not be levied against any tract of land if the owner of the land had previously paid all of the owner's assessment. The assessment shall be assessed and levied by the board of supervisors upon the lands within the drainage district, in the same proportion as the original assessment. A copy of the order entered by the court shall be filed by the clerk of the district court with the county auditor, and the schedule of payments of the indebtedness of the drainage district as fixed and determined by the court shall be entered upon the drainage records of the drainage district and also spread upon the tax records of the county, and shall become due and payable at the same time as ordinary taxes, and shall be collected in the same manner with the same interest for delinquency, and the same manner of enforcing collection by tax sale. The court may apportion the costs between the creditors of the drainage district and the drainage district.

Said bonds shall be payable in amounts, and at the time and manner, and with priority of payments as has been determined by order of court, as provided by [section 468.577](#), and shall be called "conservator's drainage district bonds". Each bond shall be numbered and shall state on its face that it is a conservator's drainage district bond; that it is issued in pursuance of a resolution adopted by the board of supervisors, under order of court, and giving the name of the court and the county where

such court is held; that it is issued to pay indebtedness of the drainage district; shall state the county where such district is located, and the number of the drainage district for which it is issued; shall state the date of maturity of the bond, the rate of interest thereon, which rate shall not exceed that permitted by [chapter 74A](#), and that the bond is to be paid only from taxes assessed, levied and collected on the lands within the drainage district for which the bond is issued subject to the provisions of [section 468.577](#). All bonds shall be signed by the chairperson of the board of supervisors and countersigned by the conservator designated as such. The interest coupons attached to said bonds shall be attested by the signature of the conservator or a facsimile thereof. When the bonds have been executed as herein required, the conservator may sell said bonds at not less than par with accrued interest thereon, and pay the indebtedness of said drainage district, or may exchange said bonds with the creditors of said drainage district in amounts as have been fixed and determined by the court, and the conservator shall cancel all drainage bonds, improvement certificates, warrants or other evidence of indebtedness received by the conservator in lieu of the conservator's bonds.

468.588 Chapter 28E agreement.

An agreement entered into between a city and a county in accordance with [chapter 28E](#) with respect to a drainage improvement may include among others the following provisions:

1. The sharing of the total cost of the drainage improvement between the city and the county.

2. The amount of total assessments against private property within the city and within the unincorporated area of the county included within the district.

3. The method of specially assessing and determining benefits.

4. The amount of funds, if any, to be contributed by the city and county to the project other than special assessments.

5. The rates to be established and imposed upon property within the drainage district to pay the expenses of operation and maintenance of the drainage improvements.

6. The reduction of the county’s debt service tax levy rate against property within a city which is a party to the joint agreement.

CS89, §468.620

468.621 Drainage in course of natural drainage — reconstruction — damages.

Owners of land may drain the land in the general course of natural drainage by constructing or reconstructing open or covered drains, discharging the drains in any natural watercourse or depression so the water will be carried into some other natural watercourse, and if the drainage is wholly upon the owner's land the owner is not liable in damages for the drainage unless it increases the quantity of water or changes the manner of discharge on the land of another. An owner in constructing a replacement drain, wholly on the owner's land, and in the exercise of due care, is not liable in damages to another if a previously constructed drain on the owner's own land is rendered inoperative or less efficient by the new drain, unless in violation of the terms of a written contract. [This section](#) does not affect the rights or liabilities of proprietors in respect to running streams.

468.622 Drainage connection with highway.

1. When the course of natural drainage of any land runs to a public highway, the owner of such land shall have the right to enter upon the highway for the purpose of connecting the owner's drain or ditch with any drain or ditch constructed along or across the highway. In making the connections, the owner shall do so in accordance with specifications furnished by the highway authorities having jurisdiction over the highway, which specifications shall be furnished to the owner on application. The owner shall leave the highway in as good condition in every way as it was before the work was done.

2. If a tile line or drainage ditch must be projected across the right-of-way to a suitable outlet, the expense of both material and labor used in installing the tile line or drainage ditch across the highway and any subsequent repair of the tile line or drainage ditch shall be paid from funds available for the highways affected.

468.623 Private drainage system — record.

1. Any person who has provided a system of drainage on land owned by the person may have the same made a matter of record in the office of the county recorder of the county in which the drainage system is located, provided any drainage system constructed after July 1, 1969, shall be made a matter of record. The record shall contain the applicable entries specified in [sections 558.49](#) and [558.52](#).

2. Records under [subsection 1](#) may be used to give the owner's name, description of tracts of land drained, stating the time when the drainage system was established, the kind, quality, and brand of tile used, the name and place of the manufacturing plant, the name of contractors who laid the tile, the name of the engineer in charge of the survey and installation, the cost of tile, delivery, installation, and engineering expense, depths, grades, outlets, connections, contracts for agreements with adjoining landowners as to connections, and any other matters or information that may be considered of value, and such information may be furnished by the landowner or the engineer having charge of the installation and certified to under oath.

468.629 Lost records — hearing.

When the records of any mutual drain are incomplete or have been lost, or when the owner of any land affected by such mutual drain believes that the apportionment of costs or damages is inequitable or that repair or reconstruction is needed, such owner may petition the board

of supervisors for relief. The board shall notify all affected parties of such petition, and set a date for a hearing on the petition. The board may adjourn the proceedings from day to day, but no adjournment shall be for more than ten days, and may order such engineering examinations, reclassifications of lands and appraisals of damages as they deem necessary. At the completion of the hearing the supervisors shall reestablish the original records or establish a revised record and basis for apportionment of costs and damages as they find equitable and advisable, and may order such repairs or reconstruction as they find to be needed. All cost of such reestablishment or revisions of records, and of the needed repair or reconstruction shall be apportioned in accordance with the basis established.

468.634 Petition to combine with established district.

Upon receipt of a petition, signed by the owners of the lands served by a mutual drain, requesting that such drain be combined with an established drainage district, the board shall hold a hearing with due notice to the owners of all lands affected by said mutual drain,

and if the board finds it desirable it may by resolution make such mutual drains a part of the established district. Such hearing and resolution may be continued as the board deems necessary for the collection of additional information as provided in [section 468.633](#). Such combination with an established district shall constitute dissolution of the mutual drain, and shall be so recorded, after which such mutual drain shall be a part of the district drain in all respects.
