261—1.1(15) **History and mission.** The Iowa department of economic development was established in 1986 pursuant to Iowa Code chapter 15. The authority delegated to the department had previously been delegated to the Iowa development commission and the office for planning and programming. In 2011, the general assembly reorganized the delivery of economic development services to the state of Iowa by creating a formal collaboration between the public and private sectors. As part of this reorganization, the department was eliminated and the economic development authority was created as the successor entity to the department. All existing duties, responsibilities, and obligations of the former department are assumed by the authority.

The mission of the authority is to foster the economic vitality of the state by working in focused partnerships with businesses, entrepreneurs, communities and educational entities. The authority’s primary responsibilities are in the areas of finance, marketing, local government and service coordination, exporting, tourism, job training and entrepreneurial assistance, and small business.

[ARC 0441C, IAB 11/14/12, effective 12/19/12]

CHAPTER 5
IOWA INDUSTRIAL NEW JOBS TRAINING PROGRAM
[Prior to 1/14/87; Iowa Development Commission[520] Ch 5]

261—5.1(15,260E) Authority. The authority for rules governing the development of training projects under the Iowa industrial new jobs training Act and the operation of the program is provided in Iowa Code sections 260E.7 and 15.108(6) “a.”

261—5.2(15,260E) Purpose. The purpose of the Act is to provide training for employees in new jobs with industries locating or expanding operations in Iowa and an incentive to industries considering locating or expanding operations in Iowa. The goal of the training should be skill development and enhancement for Iowa’s workforce. The Iowa department of economic development is required to coordinate the training programs described in the Act.

261—5.3(15,260E) Definitions.

“Act” means Iowa Code chapter 260E.

“Base year” means, for the purpose of determining incremental property tax available to fund in part the jobs training agreement, the assessment rolls as of January 1 of the year preceding the first written agreement filed with the county assessor where the property is located or such other valuation as may be determined by the appropriate assessor as provided in Iowa Code section 403.19(1) “c.”

“Board of directors” means the board of directors of a community college.

“Community college” means a community college established under Iowa Code chapter 260C.

“Formerly existing jobs” means jobs that were part of the payroll of the industry within the state any of the time during the six months prior to the signing of an agreement for training. An industry is a business engaged in activities described as eligible in the Act rather than the generic definition encompassing all businesses in the state doing the same activities. An industry is considered to be a single, corporate entity or operating subdivision. An industry which closes or substantially reduces its operation in one area of the state of Iowa and relocates substantially the same operation in another area of the state is not eligible for a project. This definition does not prohibit a business from expanding its operations in another area of the state provided that existing operations of a similar nature are not closed or substantially reduced.
“New industry” means an industry which has not done business in Iowa or an existing industry implementing a new process and product used or produced for the first time in Iowa, which results in the creation of new jobs not previously available in that industry in the state.

“New job” means a job in a new or expanding industry but does not include jobs of recalled workers, or replacement jobs or other jobs that formerly existed in the industry in the state of Iowa. A new job shall be as defined in the Act subject to the clarifications of new and expanding industry described in subrules 5.3(11), 5.3(14), and 5.3(15) above, except that an industry in violation of state or federal labor laws or involved in a lockout or strike in Iowa shall not be eligible for a training program under the Act.

The proceeds of the certificates, as authorized by the Act, shall be used only to fund program services related to training programs made necessary by the creation of new jobs.

“Program services” includes but is not limited to the following:
1. New jobs training.
2. Adult basic education and job-related instruction.

5.4(1) Notification. The community college shall notify the department of all agreements deemed to be final and ready for project funding by sending a copy of the notice of agreement to the department within 30 days of the execution by all parties. The corresponding official statement will be sent when it is completed. The notice of final agreement shall provide all pertinent training services and financial details in the manner determined by the department. The notice shall be signed by the community college officials authorized by the college. All written agreements shall also be reported and verified through updates by the college, provided in a time frame specified by the department, in the same manner that the annual report is provided to the department. Except where otherwise prescribed in these rules, the department, in conjunction with the community colleges, shall develop a format and timetable for reporting relevant information to the department. Such reporting shall include, but shall not be limited to, information and official statements with respect to all final agreements and related certificate sales, information regarding college procedures for training agreement review and training project monitoring, as well as documentation of identified events of default, remedies and repayment policies.

5.4(2) Additional agreement items. In addition to the provisions of an agreement described in Iowa Code section 260E.3, subsections 1 to 5, the agreement shall include the following items:

a. The length of time each new job category will be provided on-the-job training.

b. The completion date of all other training.

c. If the supplemental new jobs credit is to be utilized as authorized in Iowa Code section 15.331 and 261—Chapter 58, the agreement must be signed by the business(es), community college, and the department of revenue for the use of an additional 1½ percent withholding to educate and train new employees.
5.4(3) **Compliance with department of revenue requirements.** When an agreement for training is deemed final and ready for project funding, the community college shall notify the department of revenue within 30 days of the date of execution of the agreement. Notification must be in writing on forms and in the manner determined by the department of economic development and is considered complete when response has been received on each item.

If, at any time after notification, the estimates are revised, or if changes are made in the agreement that would affect the above reporting requirements, the department of revenue and the department shall be notified within 30 days.

5.4(4) **Coordination with the relevant agencies.**

a. Before a project is implemented, the community college shall notify the local Job Training Partnership Act administrative entity and job service.

b. Evidence of coordination of effort shall be provided to the department on the notification form as described in 5.4(1) above.

5.4(5) **Allowable cost.** A community college may be reimbursed from certificate proceeds for reasonable administrative costs and legal fees incurred prior to the date of the preliminary agreement. Training costs incurred prior to the date of the preliminary agreement are not reimbursable.

5.4(6) **Cost standards.** The standard vocational preparation guide, as provided in the Dictionary of Occupational Titles for determining classification of jobs and the length of allowable training periods, shall be used by a community college in estimating the cost of on-the-job training. Where these standards are not appropriate, reasonable time periods for on-the-job training shall be based on the standard vocational preparation guide for similar classifications. Reimbursement of employee’s wages for on-the-job training shall not exceed 50 percent of the new employee’s annual gross payroll costs. The maximum project total for on-the-job training shall not exceed 50 percent of the total available training proceeds.

5.4(7) **Indirect cost rate.** The community colleges may be reimbursed indirect costs at the rate to be determined annually. The rate will be determined by the department and the Iowa department of education. The indirect cost rate and procedures will be communicated to the community colleges by the department. The rate will be based on function five and nine expenditures of the Iowa area community college uniform accounting system. The indirect cost rate shall be applied against the total issuance. Acceptable accounting procedures, as determined by the community college with the department of education and the state auditor, shall be followed in claiming indirect costs.

5.4(8) **Equipment.** Equipment required for training will be an allowable provision in a training project as described in Iowa Code chapter 260E. The cost of equipment used in training shall be prorated to the project in that proportion chargeable to the training program, and the remainder of the cost of such equipment will be the responsibility of the employer. Proceeds of the certificates shall not be used directly or indirectly to finance land, facilities or depreciable property to be owned by the employer or other private person.

261—5.5(1,260E) **Resolution on incremental property tax.** A copy of the resolution by the board of directors of the community college, as described in Iowa Code section 260E.4, shall be forwarded to the county auditor(s) affected by it within the merged area.

5.5(1) A community college board of directors anticipating the use of the incremental property tax as a source of funding for an eligible training program is referred to Iowa Code sections 403.19 and 403.21, and shall follow procedures as described therein, as provided in Iowa Code section 260E.4.

5.5(2) Reserved.

261—5.6(1,260E) **New jobs withholding credit.**

5.6(1) **Notification of payments and claims for credit.** Withholding credit for payments to community colleges shall be claimed by an employer on the semimonthly, monthly, or quarterly deposit forms during the calendar quarter in which payment is made to a community college. No credit may be claimed until the payment has been made to a community college. The community college shall notify the department of revenue within 30 days following the end of a calendar quarter of payments covering withholding
credits that have been received for the quarter. If a credit is claimed by an employer and payment is not made to the community college, the amount of credit will be considered to be a delinquent withholding liability and will be subject to assessment of tax, penalty, and interest according to the provisions of Iowa Code section 422.16(10).

5.6(2) Notification of termination of credit. Community colleges shall notify in writing the department of revenue and the department within 30 days when it is determined that payments for job training withholding credits will no longer be applied against the costs of a project. At project completion, any excess payments for jobs training withholding credits received by the community college will be forwarded to the department of revenue.

261—5.7(15,260E) Notice of intent to issue certificates. The notice of intent to issue certificates as provided in Iowa Code section 260E.6, subsection 5, shall be published by the community college in a legal newspaper in the merged area. The application for an allocation of Iowa industrial new jobs training certificates must be submitted to the department, in the format determined by the department, by an official of the community college, or an attorney or agent of the community college, prior to the issuance of certificates for that portion of the issuance that is tax-exempt. Notice of issuance of certificates must be filed with the department within ten days of the issuance and delivery of certificates.

261—5.8(15,260E) Standby property tax levy. A standby property tax levy shall be collected at any time other funds are insufficient as provided in Iowa Code section 260E.6, subsection 4. The county auditor shall be notified by the community college board of directors on an annual basis to adjust the annual standby tax.

261—5.9(15,260E) Reporting. An annual report shall be completed by the community college on or before August 15. The format and content will be determined by the department. 261—5.13(15,76GA, SF2351) Supplemental 1½ percent withholding. For the purposes of determining new jobs training programs established under Iowa Code chapter 260E eligible to receive supplemental new jobs credit of 1½ percent of gross wages from withholding, the following criteria shall be met:

5.13(1) Only those new jobs training programs established by a 260E final agreement, approved by the community college board of directors after June 30, 1996, and including a provision for a supplemental new jobs credit from withholding from jobs created under the agreement are eligible for the supplemental credit.
5.13(2) For purposes of determining the average county or average regional wage, the department shall calculate the average county wage utilizing statistics compiled for the community economic betterment program. The average county wage will be calculated utilizing the most recent four quarters of historical wage averages available at the beginning of each fiscal year. The regional average wage shall be calculated based on service delivery areas as defined in Iowa Code section 84B.2. This average shall be the sum of the county averages divided by the number of counties in the region.

5.13(3) The department will make available to the community colleges the averages at the beginning of each state fiscal year for use in determining supplemental withholding credit eligibility for that fiscal year.

5.13(4) For the purposes of determining eligibility for the supplemental credit, starting wages for a new job shall be determined on a one-time basis by the community college as follows:

a. The employer shall agree, as a part of the final agreement, to pay starting wages which are equal to or greater than the county or regional average, whichever is lower.

b. Only those individual jobs for which the starting wage is equal to or greater than the average county wage or average regional wage, whichever is lower, are eligible for the supplemental new jobs credit from withholding.

c. For purposes of comparing starting wages to the county or regional average, the community college shall reduce the annual gross wages to be paid for the job to an hourly wage based upon a 40-hour workweek.

d. Such determination by the community college shall be conclusive and the individual job shall thereafter be eligible and may be used for the supplemental credit from withholding to fund the supplemental project under the agreement.

e. Future annual changes in county or regional averages shall not affect the eligibility of those jobs that have been determined by the community college to be eligible at the time of final agreement for a project.

5.13(5) The community college may require the employer to supply appropriate payroll records and projections to verify eligibility of the supplemental credit.

This rule is intended to implement the provisions of 1996 Iowa Acts, Senate File 2351, section 8, effective July 1, 1996, and does not affect agreements included in Iowa Code section 15.326, New Jobs and Income Act, Iowa Code section 15A.9, Quality Jobs Enterprise Zone, or those agreements under Iowa Code chapter 260E, Iowa Industrial New Jobs Training Program, which do not contain a provision for a supplemental new jobs credit from withholding.

These rules are intended to implement Iowa Code chapter 260E and Iowa Code chapter 403 as it relates to chapter 260E.

CHAPTER 8
WORKFORCE DEVELOPMENT FUND
[Prior to 9/6/00, see 261—Ch 75]

261—8.1(15,76GA,ch1180) Purpose. The purpose of the workforce development fund is to provide revenue for programs which address the workforce development needs of the state. Moneys are appropriated to the fund from the workforce development fund account and are to be used for the following programs and purposes: training and retraining programs for targeted industries, projects under Iowa Code chapter 260F, apprenticeship programs under Iowa Code section 260C.44 (including new or statewide building trades apprenticeship programs) and innovative skill development activities.

261—8.2(15,76GA,ch1180) Definitions.

“Agreement” means an informal agreement between the department and a grantee that authorizes expenditure of a workforce development fund award.

“Board” means the Iowa department of economic development board.

“Contract” means a formal agreement executed by the department and a grantee for purposes of operating a program under the workforce development fund.

“Department” or “IDED” means the Iowa department of economic development.

“Director” means the director of the Iowa department of economic development.

“Grantee” means any entity receiving a workforce development fund award from the Iowa department of economic development.

261—8.3(15,76GA,ch1180) Workforce development fund account. A workforce development fund account is established in the office of the treasurer of state under control of the department. Upon payment in full of a certificate of participation or other obligation issued to fund a job training program under Iowa Code chapter 260E, including a certificate of participation repaid in whole or in part by the supplemental new jobs credit from withholding under Iowa Code section 15A.7, the community college providing the job training program shall notify the department of the amount paid by the employer or business to the community college to retire the certificate during the last 12 months of withholding collections. The department shall notify the department of revenue of that amount. The department of revenue shall then credit to the workforce development fund account, established in Iowa Code section 15.342A, 25 percent of that amount each quarter for a period of ten years. If the amount of withholding from the business or employer is insufficient, the department shall prorate the quarterly amount credited to the workforce development fund account. The maximum amount from all employers which shall be transferred to the workforce development fund account in any year is $10,000,000. The legislature will make an annual appropriation from the workforce development fund account to the workforce development fund.

261—8.4(15,76GA,ch1180) Workforce development fund allocation. The director shall submit, not later than January 1 of each year, at a regular or special meeting, for approval by the IDED board, the proposed allocation of funds from the workforce development fund to be made for the next fiscal year for the programs and purposes intended. The director shall also submit a copy of the proposed allocation to the chairpersons of the joint economic development appropriations subcommittee of the general assembly. Notwithstanding Iowa Code section 8.39, the plan may provide for increased or decreased allocations if the demand for a program indicates that the need is greater or lesser than the allocation for that program. Workforce development funds are received quarterly. The sequence in which the funds are allocated to the various programs under the workforce development fund will be determined by the department based upon the demand for the respective programs.

261—8.5(15,76GA,ch1180) Workforce development fund reporting. The director shall report on a quarterly basis to the IDED board on the status of the funds and may present proposed revisions for approval by the IDED board in January and April of each year. The director shall also provide quarterly reports to the legislative services agency on the status of the funds. Unobligated and unencumbered
moneys remaining in the workforce development fund or any of its accounts on June 30 of each year shall be considered part of the fund for purposes of the next year’s allocation.

261—8.6(15,76GA,ch1180) Training and retraining programs for targeted industries.

8.6(1) Program purpose and targeted industries. The purpose of this program is to provide training and retraining to develop the skills of employees employed in targeted businesses or industries or to address a workforce development need of a targeted industry. i. Recycling.

8.6(2) Other industries. Training may be provided to industries other than those listed in 8.6(1); however, the applicant will have to provide a strong rationale regarding how that industry diversifies, strengthens or otherwise enhances Iowa’s economy. Eligibility may be established by an industry other than those listed if that industry can provide rationale regarding the industry’s benefit to Iowa’s economic base. Rationale that is provided will be reviewed by department staff to determine eligibility as a targeted industry. Items that will be considered in determining an industry’s benefit to Iowa’s economic base will include:

a. The majority of the products or services produced by the industry are exported out of Iowa.
b. The inputs for the products produced in the industry are raw materials available in Iowa or are provided by Iowa suppliers.
c. The goods or services produced by this industry diversify Iowa’s economy.
d. The goods or services provided by the industry resulted in, or will result in, a decrease in the importation of foreign-made goods into the United States.
e. The industry shows potential for future growth.
f. The functions of the industry do not produce harmful effects for Iowa’s natural environment.
g. It is established that the average wages of the majority of the occupations in the industry are above the statewide average wage.

Businesses engaged in retail sales or the provision of health care or other professional services will not be considered targeted industries and are not eligible for this program.

8.6(3) Eligible applicants. Applicants must be an individual business, consortium of businesses, trade association or labor organization that represents one of the identified targeted industries in order to be eligible for funding.

8.6(4) Length of projects and maximum grant awards. The department will establish the desired project length and maximum grant awards based upon the amount of workforce development funds allocated to the program in a fiscal year and upon the training needs of the targeted industries. These limitations will be published in the application packet. Grantees may request extensions to the length of a project.

8.6(5) Allowable activities. Allowable activities include career and technical skill assessment testing; adult basic education; job-related training; cost of a company, college, or contracted trainer or training services; training-related materials, equipment, software and supplies; curriculum development; lease and rental of training facilities and equipment; training-related travel and meals; and contracted or professional services. Costs associated with the administration of the project (i.e., fiscal and reporting activities, project supervision and coordination) are allowable but are limited to 15 percent of the total program budget.
8.6(6) Application procedure. Application packets will be made available by the department. Application packets will outline eligibility criteria, the required application inclusions and points established for evaluation. Applications will be reviewed in the order in which they are received.

8.6(7) Required proposal inclusions. Required contents of an application will be described in the application. Applications must address all information requested in the application packet to be considered for award. If all requested information is not provided, applications will not be considered for funding. Applicants who have been denied funding may reapply. Reapplications will be treated as new applications.

As a part of this review, staff will ascertain which community college district(s) the project corresponds to and notify the appropriate community college president from that district of the proposal for purposes of review and comment. Points will be assigned for each evaluation criteria by each of the respective staff and totaled. The two scores will then be averaged. Proposals receiving an average score of at least 70 out of a possible 100 points will be presented to the director for a final funding decision. The director will base a final funding decision upon available funding.

8.6(9) Award process. Upon approval by the director, the applicant will receive an award letter which will state the amount and conditions of the award. Awards will be made in the form of grants.

8.11(2) Waiver. The department may waive particular provisions of the program requirements outlined in this chapter, provided the waiver does not conflict with applicable state laws. When problems of compliance with law, regulation, or contract or agreement stipulations are noted or when it is discovered a grantee has made false or misleading representations in the program application, contract, or agreement, the department may require corrective action to be taken. Failure to respond to corrective action requests may result in the establishment of a debt on the part of the grantee.

8.11(7) Remedies for noncompliance. At any time before project closeout, the department may, for cause, find that a grantee is not in compliance with the requirements of a program under the workforce development fund. At the department’s discretion, remedies for noncompliance may include the following:

Each community college shall establish a workforce training and economic development fund account within its college accounting system into which the department shall make deposits of the allocated moneys. The deposits shall be made quarterly or on a more frequent basis. Moneys that are not used and that remain in a community college’s fund at the end of a fiscal year shall remain available to that college for expenditure in subsequent fiscal years.

For the fiscal year beginning July 1, 2003, each community college, prior to receiving its allocation, shall adopt and submit to the department with a copy filed with the IDED board a two-year workforce training and economic development plan that outlines the community college’s proposed use of the grow Iowa values fund moneys allocated to the community college. For the fiscal year beginning July 1, 2004, and each fiscal year thereafter, each community college, to receive its allocation for the forthcoming fiscal year, shall prepare and submit to the department for the IDED board the following items for the fiscal year:

CHAPTER 10
LABOR-MANAGEMENT COOPERATION PROGRAM
Transferred to 345—Ch 11, IAB 7/17/96, effective 7/1/96, pursuant to 1996 Iowa Acts, Senate File 2409.
CHAPTER 11
CERTIFIED SCHOOL TO CAREER PROGRAM

261—11.1(15) Purpose. The purpose of the certified school to career program is to provide an articulated sequential program of study, including secondary and postsecondary components (with the option of registered apprenticeship), resulting in a diploma, associate’s degree, or other credential and utilizing paid work site internships in partnership with an employer to prepare students for specific employment. Additionally, the program assists students in preparing for a career field and provides postsecondary education financing and employment opportunities in Iowa.

261—11.2(15) Definitions.

“Certified school to career program” or “certified program” means a sequenced and articulated secondary and postsecondary program registered as an apprenticeship program under 29 CFR Subtitle A, Part 29, which is conducted pursuant to an agreement as provided in Iowa Code Supplement section 15.364 as amended by 2000 Iowa Acts, chapter 1013, or an individual program of study developed jointly by a secondary school, postsecondary institution, and an employer that meets the standards enumerated in Iowa Code section 15.363 as amended by 2000 Iowa Acts, chapter 1013, that integrates a secondary school curriculum with private sector job training which places students in job internships, which is designed to continue into postsecondary education that will result in new skills, add value to the wage-earning potential of participants and increase their long-term employability in the state, and which is conducted pursuant to an agreement as provided in Iowa Code Supplement section 15.364 as amended by 2000 Iowa Acts, chapter 1013.

“Department” means the Iowa department of economic development.

“Eligible postsecondary institution” means an institution as defined in Iowa Code section 261C.3.

“Employer” means the person or organization or a consortium of two or more employers that agrees to provide the paid internship; provide a mentor for the on-the-job training component of the education program; participate in curriculum development that identifies knowledge, skills and behaviors needed in the workplace; oversee the trust account and payroll expenditure fund; and employ the participant for a minimum of two years after completion of the participant’s postsecondary education.

“Employer’s expenditures” means 20 percent of the employer’s costs for nonpaid participant experience expenses provided for in the certified program agreement which may include instructor expenses, instructional materials, up to one $150,000 of training facility costs per program, and project coordination.

“Participant” means an individual between the ages of 16 and 24 who is enrolled in a public or private secondary school or postsecondary institution and who initiated participation in a certified school to career program no later than the start of the student’s senior year of high school.

“Payroll expenditures” means the base wages actually paid by an employer to a participant plus the amount held in trust to be applied toward the participant’s postsecondary education.

“Registered apprenticeship program” means a program registered with the U.S. Bureau of Apprenticeship and Training which contains the terms and conditions for the qualification, recruitment, selection, employment and training of apprentices, including the requirement for a written apprenticeship agreement.

“Sponsor” means any person, association, committee, or organization operating a school to career program and in whose name the program is or will be registered or approved.

261—11.3(15) Certified program work site agreement. The certified program shall be conducted pursuant to a signed written agreement between each participant, parent or guardian, educational institution or sponsor, as appropriate, and the employer, which contains at least the following provisions:

11.3(1) Employer, participant and parent/guardian signatures. The names and signatures of the participant, sponsor or employer, and the signature of a parent or guardian if the participant is a minor are required.
11.3(2) Educational institution or sponsor acknowledgment. The secondary school or sponsor and the eligible postsecondary institution or registered apprenticeship program that the participant attends or has chosen to attend must provide an acknowledgment that will be attached to the agreement. The letter of acknowledgment must detail enrollment criteria and provide an acknowledgment that it is likely the participant will be accepted into the program of choice, given that the participant meets established admission criteria.

11.3(3) Designation of a career field. A description of the career field in which the participant is to be trained and the beginning date and duration of the training and employment shall be included. The corresponding program of study that the participant plans to enter at the eligible postsecondary institution or through the registered apprenticeship program provider must also be designated.

11.3(4) Assignment of a mentor. The employer shall identify a mentor for the participant. The mentor’s occupation should be related to the participant’s selected career field.

11.3(5) Employer’s agreement to pay a base wage. The employer shall agree to provide paid employment, at a base wage, for the participant beginning no earlier than the participant’s junior year in high school and ending no later than the fall after the participant’s second year of postsecondary education.

11.3(6) Minimum academic standards. The participant and employer shall agree upon set minimum academic standards that must be maintained through the participant’s secondary and postsecondary education.

11.3(7) Compliance with workplace laws and regulations. The base wage paid to the participant for hours worked shall not be less than the minimum wage prescribed by Iowa law or the federal Fair Labor Standards Act, whichever is applicable at the time the work is performed. The program shall also comply with all state and federal laws pertaining to the workplace, including equal employment opportunity and accident and liability insurance requirements.

11.3(8) Additional amount to be held in trust for postsecondary tuition.
   a. In addition to the base wage paid to the participant, the employer shall pay an additional sum to be held in trust and applied toward the participant’s postsecondary education required for completion of the certified program. The additional amount must be not less than an amount determined by the department to be sufficient to provide payment of tuition expenses toward completion of not more than two academic years of the required postsecondary education component of the certified program at an Iowa community college or an Iowa public or private college or university or through a registered apprenticeship program. The additional amount specified in this paragraph may include other related postsecondary educational expenses at the discretion of the employer. An employer that is a consortium of two or more employers shall not be subject to the requirements of this paragraph, provided the employers are currently paying a participant’s tuition as part of a stipend paid by the employer to a participant and the stipend can be identified as such.
   b. The eligible postsecondary institution or registered apprenticeship program provider that is identified in the agreement shall compute the anticipated tuition amount for the first two years for the postsecondary program of study identified in the agreement. If the postsecondary program of study is shorter than two years in length, the entire tuition amount shall be identified. Any financial aid in the form of grants or tax credits, and excluding loans, that is anticipated or has already been granted to the participant, may be subtracted from the program tuition costs computed by the eligible postsecondary institution or registered apprenticeship program provider. The resulting tuition costs shall be divided by the number of hours that the participant is anticipated to work for the employer over the three summer internships to determine the hourly amount that the employer must pay in addition to the base wage. The amount set aside for postsecondary tuition may be renegotiated at any time during the certified program based upon additional information that is obtained about the tuition costs, financial aid or other items that will affect the amount of funding needed to cover two years of postsecondary tuition, or all tuition expenses for programs shorter that two years in length, in the selected program. If, for circumstances at the discretion of the participant and beyond the control of the employer, the participant misses hours of work that cannot be made up, the employer is not responsible for funding the entire two years of postsecondary tuition.
c. This additional amount shall be held in trust by the employer for the benefit of the participant. Payment into an ERISA-approved fund for the benefit of the participant shall satisfy this requirement. ERISA is described in Title 19 of the United States Code, Chapter 18. The specific fund shall be specified in the agreement.

d. Payment of postsecondary tuition expenses from the trust fund established through this program shall be made directly to the postsecondary institution or registered apprenticeship program provider unless otherwise designated in the certified program agreement.

e. The certified program work site agreement shall specify any tax implications that the participant may encounter as a result of the accumulation of funds.

11.3(9) Participant’s agreement to work for the employer. Rescinded IAB 11/14/01, effective 12/19/01.

11.3(10) Repayment of tuition funding. Rescinded IAB 11/14/01, effective 12/19/01.

11.3(11) Additional tuition allowance. Employers may, at their discretion, pay participants an additional amount that will cover more than two years of postsecondary tuition.

11.3(12) Documentation of certified program. Documentation of the internship’s being part of registered apprenticeship program under 29 CFR Subtitle A, Part 29, which is conducted pursuant to an agreement as provided in 1998 Iowa Acts, chapter 1225, section 18, or a program approved by the state board of education must be part of the agreement.

11.3(13) Certified program work site agreement submittal. The certified program work site agreement must be submitted to the department for approval prior to the beginning of the internship. The department shall review the agreement and provide a letter of approval or denial within 30 days of receipt of the agreement.

261—11.4(15) Payroll expenditure refund.

11.4(1) Eligible Iowa payroll expenditure refund. An Iowa employer who employs a participant in a certified school to career program may claim a refund of 20 percent of the employer’s payroll expenditures for each participant in the certified program or 20 percent of the employer’s expenditures for nonpaid participant experience expenses provided for in the certified program agreement which may include instructor expenses, instructional materials, up to $150,000 of training facility costs per program, and project coordination. The refund is limited to the first 400 hours of payroll or nonpaid participant experience expenditures per participant for each calendar year the participant is in the certified program, not to exceed three years per participant. In order to receive the refund, an employer must submit a claim to the department by July 1 of the following calendar year. After July 1 the department will review claims for compliance and make a payment determination. Payment may be prorated based upon availability of funds.

11.4(2) Claim submittal process. To receive a refund under subrule 11.4(1) for a calendar year, the employer shall file the claim by July 1 of the following calendar year. Claims that are not received by July 1 of the calendar year following the payroll expenditure shall not receive a refund. The claim shall be filed on forms provided by the department of economic development and the employer shall provide such information regarding the employer’s participation in a certified school to career program as the department may require. If the amount appropriated to the certified school to career program in any given fiscal year is insufficient to pay all of the refund claims for the applicable calendar year, each claimant shall receive a proportion of the claimant’s refund equal to the ratio of the amount appropriated to the total amount of refund claims. Any unpaid portion of a claim shall not be paid from a subsequent fiscal year appropriation. The participant’s social security number will be required for purposes of program evaluation.

These rules are intended to implement Iowa Code sections 15.362, 15.363 and 15.365 as amended by 2001 Iowa Acts, House File 695, and Iowa Code section 15.364.

The authority shall have sole discretion in determining whether an applicant has provided all necessary information as required under this chapter. The authority will prepare a standard contract for the program to be executed by each eligible applicant. 261—13.4(15,87GA, HF2458) Program eligibility, application scoring, and awards.

13.4(1) Program eligibility.

a. To be considered for an award under this program, an apprenticeship program sponsor must meet the following eligibility requirements:

(1) The apprenticeship sponsor established a new eligible apprenticeable occupation or added an eligible apprenticeable occupation to the apprenticeship sponsor’s existing apprenticeship program in the calendar year prior to the application period.

(2) Twenty or fewer apprentices are registered in the existing apprenticeship program as of December 31 of the calendar year prior to the date the authority receives the apprenticeship sponsor’s application.

(3) More than 70 percent of the applicant’s apprentices are residents of Iowa, and the remainder of the applicant’s apprentices are residents of states contiguous to Iowa. In determining the number of apprentices in an applicant’s apprenticeship program, the authority may calculate the average number of apprentices in the program within the most recent two-year period.

b. An apprenticeship sponsor receiving financial assistance under Iowa Code chapter 15B is ineligible for financial assistance under this chapter during the same fiscal year.

13.4(2) Application scoring criteria. Applications for financial assistance under the program shall be reviewed and scored as described below. To be considered eligible for funding, an application must
receive a minimum score of 65 out of a possible 100 points and meet all other eligibility criteria specified in these rules. If an applicant does not meet all eligibility requirements, the application will not be scored.

a. **Budget and costs.** The extent to which the applicant’s budget and estimated or real program costs are based on industry standards for the eligible occupation. (maximum 30 points)

b. **Application of financial assistance.** The applicant has provided specific details regarding the use of funding and how it will be applied. (maximum 30 points)

c. **Local support.** The applicant has provided documentation of local support from area partners, such as schools, local government entities, and other employers that may benefit from the apprenticeship program. (maximum 10 points)

d. **Additional funding.** The authority will take into consideration sources of funding for establishing an apprenticeable occupation. Scores will be based on whether the source of funding is public or private, whether the funding is repayable, and the proportion of internal funding to funding from other sources. Higher scores will be awarded if the source of funding is a private entity, if the funding is repayable, and if the amount of internal funding is more than 50 percent of funding needed to establish the apprenticeable occupation. (maximum 10 points)

e. **Certification of worker safety.** The applicant has not violated state or federal statutes, rules or regulations, including environmental and worker safety regulations, or if such violations have occurred, the violations have been addressed and mitigated. (maximum 10 points)

f. **Certification of employment at an Iowa work site.** The applicant has certified that the apprentices identified by their U.S. Department of Labor identification numbers and registered in the application are registered with the applying sponsor or lead sponsor’s registered apprenticeship program and that each apprentice listed worked some time in Iowa during the prior calendar year. (maximum 10 points)

13.4(3) **Financial assistance awards.** The director will make final funding decisions after considering the recommendations of staff. Successful applicants will be notified in writing of an award of financial assistance, including the conditions and terms of approval.

a. **Disbursement of funds.** The authority will disburse funds to a successful applicant only after approval of a completed application and execution of an agreement between the applicant and the authority pursuant to this chapter. Prior to disbursement of funds, the applicant must provide the authority with confirmation of expenses detailed in the applicant’s budget and the authority must confirm that all terms for financial assistance have been met.

b. **Form of financial assistance.** The authority will provide financial assistance in the form of a grant to the applicant. The amount of the grant and any other terms shall be included in the agreement required pursuant to this chapter.

c. **Use of funds.** An applicant shall use funds only for reimbursement of the costs directly related to the project. The authority may require documentation or other information establishing the actual costs incurred for a project. Failure to use the funds for reimbursement of the costs directly related to a project shall be grounds for default under the agreement required pursuant to this chapter.

[ARC 4110C, IAB 11/7/18, effective 12/12/18]

261—13.5(15,87GA,HF2458) **Agreement required.**

13.5(1) Each applicant that is approved for financial assistance under the program shall enter into an agreement with the authority for the provision of such financial assistance. The agreement will establish the terms on which the financial assistance is to be provided and may include any other terms reasonably necessary for the efficient administration of the program.

13.5(2) The authority and the applicant may amend the agreement at any time upon the mutual agreement of both the authority and the applicant.

13.5(3) The agreement may require an applicant that has been approved for financial assistance under the program to submit information reasonably required by the authority to make reports to the authority’s board, the governor’s office, or the general assembly.

These rules are intended to implement 2018 Iowa Acts, House File 2458.

261—20.3(260G) ACE program eligibility and designation.

20.3(1) In order to receive tax credits from withholding under the program job credits component or financial assistance through the college student aid commission’s accelerated career education grants program, a program must be designated by a community college as an eligible ACE program. All programs must demonstrate increased capacity to enroll additional students. To be eligible, a program must be either:

20.3(2) By resolution of a community college board of directors, an eligible program may be approved and designated as an ACE program. The respective community college board(s) of directors shall ensure compliance with Iowa Code chapter 260G. In designating ACE programs, the respective community college board(s) shall give priority to targeted industries as designated by the authority.

20.3(3) A copy of the designated ACE program agreement shall be submitted to the authority. The agreement shall state which program component (job credits or education grants, or both if applicable) is included in the agreement. The authority will maintain a record of all approved ACE programs.

a. Funds for ACE program job credits shall be allocated among the community colleges in the state for the fiscal years and in the amounts specified in Iowa Code chapter 260G and these rules.

b. Community colleges shall submit program agreements to access allotted funds for program job credits. The program agreement shall document the findings of the community college that all ACE eligibility requirements have been met.

20.4(2) Alternate allotment. If a community college fails to commit any of its allotment by April 1 of the fiscal year, the funds for that community college will be allocated to other community colleges based upon need as described in these rules. Program job credits are considered to be committed if there is a signed program agreement in place or if there is a statement of intent in place that states that a signed program agreement will be in place by May 1 of the fiscal year.

[ARC 0612C, IAB 2/20/13, effective 3/27/13]

261—20.6(260G) Program agreements.

20.6(1) Program agreements will be developed by an employer, a community college and any employee of an employer representing a program job. The development of the agreements may be facilitated by an entity representing a group of employers. Any community college that has an employer
from its merged area involved in an ACE project must enter into the agreement. If a bargaining unit is in place with the employer pledging the jobs, a representative of the bargaining unit shall take part in the development of the program agreement. All participating parties must sign the program agreement. The agreement must include employer certification of contributions that are made toward the program costs.

20.6(2) A program agreement shall include, at a minimum, the following terms: match provided by the employer; tuition, student fees, or special charges fixed by the community college board of directors; guarantee of employer payments; type and amount of funding sources that will be used to pay for program costs; description of program services and implementation schedule; the term of the agreement, not to exceed five years; the employer’s agreement to interview graduates for full-time positions and provide hiring preference; for employers with more than four sponsored participants, certification that a job offer will be made to at least 25 percent of those participants that complete the program; an agreement by the employer to provide a wage level of no less than 200 percent of the federal poverty guideline for a family of two; a provision that the employer does not have to fulfill the job offer requirement if the employer experiences an economic downturn; a provision that the participants will agree to interview with the employer following completion of the program; and default procedures.

[ARC 0612C, IAB 2/20/13, effective 3/27/13]

DIVISION II - CAPITAL COSTS COMPONENT

DIVISION III - PROGRAM JOB CREDITS

261—20.13(260G) Threshold requirements—program job credits. To be eligible to receive program job credits, the following threshold requirements shall be met:

1. The agreement must provide for pledged program positions paying at least 200 percent of the poverty level for a family of two. If the wage designated is to become effective after a training or probationary period, the employer must document that there is a plan in place regarding time frames for transition to the permanent full-time wage, and the employer must provide documentation that these time frames are reasonable and that the employer has previously adhered to the time schedule.

2. The agreement must provide that the program meets the definition of an eligible ACE program.
3. The agreement must establish a 20 percent employer cash or in-kind match for program operating funds.
4. The agreement shall describe how the project enhances geographic diversity of project offerings across the state.
5. The executed agreement or a statement of intent must be submitted within the time periods described in these rules in order to establish a commitment of program job credits by the community college.

20.14(1) The authority shall allocate the total amount of program job credits authorized and available for the fiscal year to each community college based upon need ratios as follows:

20.14(2) For purposes of such allocation, the foregoing ratios shall be applied to commitments made by community colleges pursuant to three cycle periods during the fiscal year, beginning on the following cycle dates: August 1, December 1, and May 1.

20.14(3) A commitment for a cycle period is established by filing a copy of an executed agreement or a statement of intent with the authority not later than ten days prior to the next cycle date. Each community college may commit all or a portion of its proportionate allotment during each cycle period. Any amount uncommitted as of the cycle date shall be reported in the statement of intent and will carry over to the next cycle period and be reallocated by the authority to the other community colleges based upon the same proportionate allotment ratios set out in subrule 20.14(1).

20.14(4) Notwithstanding subrule 20.14(3), it is recognized that 2000 Iowa Acts, chapter 1196, section 5, requires that any portion of an allocation to a community college uncommitted on April 1 of a fiscal year may be available for use by other community colleges. As of April 1, each college shall have either an agreement or a statement of intent indicating that the college will enter into an agreement by May 1 to retain the college’s current fiscal year allotment. Any job credit allotments that do not have accompanying agreements as of the May 1 cycle date will be available for proportional reallocation to other community colleges with signed agreements that have not received all of the tax credits that are needed under the agreement.
20.14(5) Beginning with the May 1 cycle, the authority will accept program agreements or statements of intent for the first cycle of the following fiscal year’s tax credit allotment. For the fiscal year beginning July 1, 2002, proportionate allocation ratios as described in subrule 20.14(1) will be reviewed and examined for possible modification based upon need in the respective merged areas throughout the state. Such review shall take place immediately following the August 1, 2001, cycle period allocation of credits.

20.14(6) The authority shall calculate and report to each community college the number of job credits available for distribution each cycle period during the fiscal year based upon the proportionate allocation ratios set out in subrule 20.14(1) and subrule 20.14(4). Ratios in subrule 20.14(1) will be updated every two years beginning July 1, 2002.

20.14(7) So long as job credits are available for a cycle period, if an agreement provides for a two-year student program, the commitment shall be deemed to include the full amount of credits necessary to fund the entire two-year program and the duration of the agreement even though allocations for more than one fiscal year may be required.

20.14(8) Allocation credits, once received, may be retroactively applied to eligible programs during the fiscal year so long as the amount to be received does not exceed the proportionate allocation for each cycle period.

20.15(1) Determination of job credit amounts. If a program provides that part of the program costs are to be met by receipt of program job credits, the method to be used shall be as follows:

a. Program job credits shall be based upon the program job positions identified and agreed to in the agreement. No costs incurred prior to the date of a program agreement between a college and an employer may be reimbursed or eligible for program job credits.

b. Eligibility for program job credits shall be based on certification of program job positions and program job wages by the employer at the time established in the agreement.

c. An amount up to 10 percent of the gross program job wages as certified by the employer in the agreement shall be credited from the total payment made by an employer pursuant to Iowa Code section 422.16.

d. The employer shall remit the amount of the credit quarterly, in the same manner as withholding payments are reported to the department of revenue, to the community college to be allocated to and, when collected, paid into a special fund of the community college to pay, in part, the program costs.

e. When the program costs have been paid, the employer credits shall cease and any moneys received after the program costs have been paid shall be remitted to the treasurer of state to be deposited in the general fund of the state.

20.15(2) Notice to revenue department. The employer shall certify to the department of revenue that the program job credit is in accordance with the agreement and shall provide other information the department may require.

20.15(3) Certification of amount of job credits. A community college shall certify to the department of revenue that the amount of the program job credits is in accordance with an agreement and shall provide other information the department may require.

261—20.16(260G) Evaluation criteria for quality assurance—program job credits.

20.16(1) Agreements submitted for funding shall be in draft form and shall include an evaluation summary to assist the authority in gathering information for making study recommendations required by 2000 Iowa Acts, chapter 1196, section 5, and to provide program quality within each merged area program. Quality issues shall be reviewed and rated by the authority based upon the following evaluation criteria within each merged area:
a. Wage level assessment (1 to 5 points).
1 point Statutory minimum wage level (see rule 261—20.13(260G), numbered paragraph “1”).
2 points Statutory minimum plus additional $2,500 per annum.

6 points Above plus serves targeted industries as designated by the authority (see subrule 20.3(2)).

c. Educational profile (1 or 2 points).
2 points Credit career or technical educational program (see paragraph 20.3(1) "a").
1 point Credit-equivalent career or technical educational program consisting of not less than 540 contact hours (see paragraph 20.3(1) "b").

d. Program job demand (0 or 3 points).
3 points Program jobs are in demand within the merged area, region or company.

e. Availability of program services (0 or 3 points).
3 points Adequate resources and curriculum necessary to implement the program.

f. Marketing plan (0 or 3 points).
3 points Adequate marketing plan to recruit students for program jobs involving entities including but not limited to business, labor, and community college.

g. Merged area stakeholders support (0 or 1 point).
1 point Agreement demonstrates substantial area stakeholder support for the program via letters or other supporting information.

h. Level of employer contributions (3 to 5 points).
3 points Not less than 20 percent of program costs.
4 points Not less than 22 percent of program costs.
5 points Not less than 24 percent of program costs.

Agreements must receive a rating by the college and by the authority of at least 18 points out of 28 total possible points to receive tax credits.

20.16(2) Each agreement will be submitted to the authority in draft form at least 20 days before it is presented to the community college board for final approval. Within 20 days the authority may approve without comment or append its statement of disapproval if it does not agree that the agreement merits at least 18 points out of 28 points.

261—20.17(260G) Committed funds. The authority shall maintain an annual record of the proposed program job credits under each agreement for each cycle of each fiscal year. When the total available program job credits have been allocated for a fiscal year, the authority shall inform all community colleges that the maximum amount has been allocated and that further program job credits will not be available for the remainder of the fiscal year. If any committed credits become uncommitted after the above-mentioned notice has been issued, the authority will inform all community colleges that some job credits are again available and applications will be accepted for those job credits until they are again committed.

DIVISION IV - ACCELERATED CAREER EDUCATION GRANTS COMPONENT

261—20.18(260G) ACE program serving demand occupations. The college student aid commission administers the career education grants portion of the ACE program. The authority will report to the college student aid commission those ACE programs which service demand occupations within targeted industries as designated by the authority in consultation with the department of workforce development. [ARC 0612C; IAB 2/20/13, effective 3/27/13]

DIVISION V - WORKFORCE TRAINING AND ECONOMIC DEVELOPMENT PROGRAM OPERATING COSTS

261—20.19(81GA,HF868,HF809) Grow Iowa values fund assistance. Moneys allocated through the grow Iowa values fund to the workforce training and economic development funds to each community college for a fiscal year may be expended for the purposes allowed under Iowa Code section 260G.3, provided the use meets the requirements established under 261—Chapter 9. Moneys allocated under the workforce training and economic development fund are targeted primarily for use in projects in the areas of advanced manufacturing; information technology and insurance; and life sciences, which include the areas of biotechnology, health care technology, and nursing care technology.

20.19(1) Use of funds. Moneys from a workforce training and economic development fund created in Iowa Code section 260C.18A may be used for program operating costs of an approved 260G project. Such use may be authorized in an agreement between a community college and an employer. The amount of grow Iowa values funds available to any single 260G project shall be determined in the same manner as program job credits under subrule 20.15(1). Workforce training and economic development funds may be used in lieu of program job credits or in addition to program job credits.

20.19(2) Availability of workforce training and economic development funds. In order for a community college to utilize the funds afforded under the grow Iowa values fund for program operating costs of 260G projects, the college shall prepare and submit to the authority a two-year implementation plan regarding the proposed uses of the grow Iowa values fund moneys. The plan shall be updated annually and submitted with a progress report to the authority to be approved by the board. This reporting requirement will be accomplished as described in 261—Chapter 9.

20.19(3) Awards in excess of $1 million. Applications to be awarded from workforce training and economic development funds as appropriated from grow Iowa values fund moneys that are to exceed $1 million require approval of the board.

20.19(4) Grow Iowa values fund allocations—transition provision. The grow Iowa values fund and financial assistance program as established by 2009 Iowa Acts, Senate File 344, was repealed by 2011 Iowa Acts, chapter 133. The repeal took effect on June 30, 2012. The rules pertaining to the grow Iowa values fund and financial assistance program that were in effect upon the repeal of the program shall apply to all awards made and all contracts entered into under the program after July 1, 2009, and on or before June 30, 2012, and shall continue to apply until such time as all such contracts, including all amendments to such contracts, reach the end of their effective contract periods and are closed by the community colleges. CHAPTER 22
NUISANCE PROPERTY AND ABANDONED BUILDING REMEDIATION ASSISTANCE

261—22.1(15) Authority and purpose. The authority is directed, pursuant to Iowa Code section 15.338, as enacted by 2015 Iowa Acts, chapter 136, section 48, to establish a fund to provide financial assistance to cities for purposes of assisting with the remediation of nuisance properties and abandoned buildings and other structures and to do so in such a manner as to make funds annually available to cities. In order to ensure that funds are continually available, the authority will administer the fund as a revolving fund. [ARC 2420C, IAB 3/2/16, effective 4/6/16]

261—22.2(15) Definitions. For purposes of this chapter unless the context otherwise requires:

“Abandoned building” or “abandonment” means a building that meets either of the following:
1. In the case of a building located within a city’s limits, a building that has remained vacant and has been in violation of the housing code or building code of the city for a period of six consecutive months.
2. In the case of a building located outside a city’s limits, a building that has remained vacant and has been in violation of the housing code or building code applicable in the county in which the building is located for a period of six consecutive months.

“Agreement” means a contract for financial assistance under the program describing the terms on which the financial assistance is to be provided.

“Applicant” means a city applying for financial assistance under the program.

“Costs directly related” means expenditures that are incurred for acquisition, demolition, disposal, redevelopment, or rehabilitation of a project to the extent that they are attributable directly to the remediation or redevelopment of the property or its improvements. “Costs directly related” includes expenditures for site preparation work, surveying, construction materials, construction labor, architectural services, engineering services, building permits, building inspection fees, and interest accrued on a construction loan during the time period allowed for project completion under an agreement entered into pursuant to the program. “Costs directly related” does not include expenditures for furnishings, appliances, accounting services, legal services, loan origination and other financing costs, syndication fees and related costs, developer fees, or the costs associated with selling or renting the dwelling units whether incurred before or after completion of the housing project.

“Director” means the director of the authority.

“Financial assistance” means a loan or forgivable loan made by the authority to an applicant approved for funding under the program.

[ARC 2420C, IAB 3/2/16, effective 4/6/16]

261—22.3(15) Program description.

22.3(1) Amount, form, and timing of assistance. The program provides financial assistance to cities for the redevelopment or remediation of nuisance properties and abandoned buildings and other structures. The amount of assistance awarded will be negotiated between each applicant and the authority based on the total amount of funds available to the authority for the program and based on the project details.

22.3(2) Application.

a. Each fiscal year in which funding is available, the authority will accept applications for the assistance under the program and make funding decisions on a rolling basis.

b. Information on submitting an application under the program may be obtained by contacting the economic development authority. The contact information is:

Iowa Economic Development Authority
Community Development Division
200 East Grand Avenue, Des Moines, Iowa 50309
(515)725-3000
http://iowaeconomicdevelopment.com/

22.3(3) Approval of assistance. The authority will consider, evaluate, and recommend applications for financial assistance under the program to the director. Authority staff will review applications for financial assistance and score the applications according to the criteria described in rule 261—22.4(15). Recommendations on funding amounts will depend upon the amount of funds available, the quality of the project applying, and the number and quality of the other applications received. Applications deemed to meet the minimum scoring criteria will be submitted to the director for a final funding decision. A project that does not receive funding may reapply.

22.3(4) Contract required. If the director approves an application for financial assistance under the program, the authority will prepare an agreement stating the terms on which the financial assistance is to be provided, and the applicant shall execute the agreement before funds are disbursed under the program.

22.3(5) Use of funds.

a. An applicant shall use funds only for purposes of the costs directly related to the project. The authority may require documentation or other information establishing the actual costs incurred for a project. Failure to use the funds for purposes of the costs directly related to a project shall be grounds for default under the agreement required pursuant to this chapter.

b. If a city receives financial assistance under the program, the amount of any lien created for costs related to remediation of a property included in a project plan shall not include any moneys that the city
received pursuant to this chapter for the remediation of the property. The contract executed pursuant to rule 261—22.5(15) will include a provision implementing this requirement.

22.3(6) Form of financial assistance. The authority will provide financial assistance in the form of a loan to the applicant. The amount of the loan, the term, the interest rate, any repayment requirements, and other standard terms shall be included in the contract required pursuant to rule 261—22.5(15).

[ARC 2420C, IAB 5/2/16, effective 4/6/16]

261—22.4(15) Program eligibility, application scoring, and funding decisions.

22.4(1) Program eligibility. To be eligible under the program, an applicant shall meet all of the following requirements:

a. The applicant shall be a city interested in developing a plan to address issues of slum and blight through the remediation or redevelopment of nuisance properties and abandoned buildings.

b. The applicant shall be willing to work with the authority’s community development division in the development of the plan described in paragraph 22.4(1) “a.”

c. The applicant may request an amount of financial assistance in its application, but shall be willing to accept financial assistance in whatever amount and on whatever terms the authority is able to offer, subject to the availability of funds and the prevailing interest rates at the time of application.

d. The applicant shall have closed all existing contracts under the program before it is eligible to apply for additional financial assistance. The authority may waive this requirement if doing so would adversely impact other applicants.

e. The applicant shall submit any information the authority requests in order to evaluate and score the application under the criteria described in this rule.

22.4(2) Application scoring criteria. All applications for financial assistance under the program will be scored according to the following criteria:

a. The financial need of the city. 20 points.

For purposes of this criterion, the authority will consider the relative size of the city’s budget, the relative scope of the city’s problem with nuisance properties and abandoned buildings, and the debt capacity of the city.

b. The extent to which the city suffers from severe blighted areas, including the number of nuisance properties and abandoned buildings in a city relative to its size and the extent to which the successful remediation or redevelopment of the properties included in the project plan will reduce or eliminate such blight. 20 points.

For purposes of this criterion, the authority will consider whether the project plan includes areas meeting standard definitions of blight such as in Iowa Code section 403.17 or other state or federal programs. Cities demonstrating more severe blight will receive more points relative to other applicants with less severe blight.

c. The extent to which a city suffers from widespread dilapidated housing stock and the extent to which the successful remediation or redevelopment of the properties included in the project plan will reduce or eliminate such dilapidated housing stock. 20 points.

Cities demonstrating more dilapidated housing stock will receive more points relative to other applicants with less dilapidated housing stock.

d. The extent to which the city has the organizational strength, financial resources, human resources, and community participation necessary to successfully undertake the remediation or redevelopment described in the project plan. 20 points.

e. The number and percentage of low- and moderate-income households in the community. 20 points.

For purposes of this criterion, the authority will consider U.S. Census Bureau data or data collected from a communitywide income survey that meets the requirements of the state’s community development block grant program. Cities demonstrating a higher percentage of low- and moderate-income households will receive more points relative to other applicants with lower percentages.
**22.4(3) Funding decisions.** Each application will be scored by staff in the community development division. The scores assigned by all participating staff will be averaged to reflect one numerical score. The application and the averaged numerical score will be referred to the director with a recommended funding decision. The director will make the final funding decision on each application, taking into consideration the amount of available funding, the numerical score of the application, and the funding recommendation of the community development division staff. The director may approve, deny, or defer funding for any application. The director will not approve funding for an application that receives an average score less than 50 points. A score greater than 50 points does not guarantee that the applicant will receive funding. Each applicant will be notified in writing of the funding decision within 60 days of application unless extenuating circumstances exist.

[ARC 2420C, IAB 3/2/16, effective 4/6/16]

**261—22.5(15) Contract required.**

22.5(1) Each applicant that is approved for financial assistance under the program shall enter into an agreement with the authority as evidenced by an executed contract. The contract will establish the terms on which the financial assistance is to be provided and may include any other terms reasonably necessary for the efficient administration of the program. The authority will develop a standard contract for use in the program, though the contract shall be subject to amendment from time to time as may be necessary to clarify the rights of the parties or to serve the best interests of the state.

22.5(2) The parties may amend the contract required pursuant to this rule at any time upon the mutual agreement of both parties.

22.5(3) The contract developed pursuant to this rule may require the successful applicant to submit information reasonably required by the authority to make reports to the authority’s board, the governor’s office, or the general assembly.

261—23.6(15) Requirements for the water and sewer and community facilities funds.

23.6(1) Restrictions on applicants.

a. An applicant shall be allowed to submit one application per year under the water and sewer fund and one application per year under the community facilities fund.

b. An eligible applicant involved in a joint application (not as the lead applicant) shall be allowed to submit a separate, individual application only if the applicant is bound by a multijurisdictional agreement by state statute to provide a public service that is facilitated by the joint application and the activity proposed in the joint application is not located in the applicant’s jurisdiction.

23.6(2) Grant ceilings. Maximum grant awards are as follows:

1. Applicants with populations of fewer than 1,000 shall apply for no more than $300,000.
2. Applicants with populations of 1,000 to 2,499 shall apply for no more than $500,000.
3. Applicants with populations of 2,500 to 14,999 shall apply for no more than $600,000.
4. Applicants with populations of 15,000 to 49,999 shall apply for no more than $800,000.

However, no recipient shall receive more than $1,000 per capita based on the total population within the recipient’s jurisdiction. If a county applies on behalf of one or more unincorporated communities within its jurisdiction, the $1,000 per capita ceiling shall pertain to any project benefiting all residents of the unincorporated community or communities, not the entire unincorporated population of the county applying. Applicants shall use one of the following for population figures to determine the applicable grant ceilings: 2000 census figures, special census figures or adjusted figures based on annexation completed in accordance with statutory requirements in Iowa Code chapter 368. County populations shall be calculated for unincorporated areas only to determine applicable grant ceilings.

a. Joint applications for sewer and water projects shall be awarded no more than the cumulative joint total allowed according to the population of each jurisdiction participating in the project. For all other joint applications, an application shall be awarded no more than one and one-half times the maximum amount allowed for either of the joint applicants.

b. Applicants may apply for the maximum amount for which they are eligible under both the sewer and water fund and community facilities and services fund.

c. Applicants may apply for multiple activities under each fund for an amount up to the applicable ceilings.

23.6(3) Water and sewer fund application procedure. The authority shall announce the availability of funds and instructions for applying for funds through direct mail, public notices, media releases, workshops or other means determined necessary by the authority.

a. Application forms shall be available at iowagrants.gov.

b. Applications shall be submitted by the deadline established by the authority.

c. The authority shall review applications and make funding decisions based on criteria described in the annual action plan. Review criteria typically include:

(1) Magnitude of need for the project.
(2) Impact of the activity on standard of living or quality of life of proposed beneficiaries.
3. Readiness to proceed with the proposed activity and likelihood that the activity can be completed in a timely fashion. Procurement of an engineer shall be considered evidence of readiness to proceed.

4. Degree to which water and sewer fund assistance would be leveraged by other funding sources and documentation of applicant efforts to secure the maximum amount possible of local financial support for the activity.

5. Capacity to operate and maintain the proposed activity.

6. Capacity for continued viability of the activity after CDBG assistance.

7. Scope of project benefit relative to the amount of CDBG funds invested.

261—24.3(PL100-628) Eligible applicants. City governments, county governments, and private, nonprofit organizations are eligible applicants under the emergency shelter grants program. City or county governments may apply on behalf of a service provider within their jurisdictions when the nonprofit organization serves homeless and near homeless clients by providing overnight shelter, meals, clothing, transportation, counseling, child care, legal services, medical services, transitional housing services, and other services eligible under the emergency shelter grants program as determined by the U.S. Department of Housing and Urban Development.

261—24.4(PL100-628) Eligible activities. Eligible activities are based on guidelines established by the Stewart B. McKinney Homeless Assistance Amendment Act of 1987 and further defined in 24 Code of Federal Regulations Part 576 (June 1, 1999) and the HUD Desk Guide section 3. Activities assisted by this program may include only the following:

1. Rehabilitation, renovation, or conversion of buildings for use as providers of services for the homeless. Rehabilitation activities shall be allowed a maximum cost of $10,000 per project.
2. Provision of essential services if the service is a new service or a quantifiable increase in the level of service. No more than 30 percent of the IDED annual grant amount may be used for this purpose.
3. Payment of emergency shelter and transitional housing operating costs including shelter maintenance, operations, rent, repairs, security, fuel, equipment, insurance, utilities, food and furnishings. Staff salaries, including fringe benefits, paid under the operating cost category are limited to 10 percent of the grant amount. Maintenance and security costs are not subject to the 10 percent standard.
4. Payment for eligible activities that assist in prevention of homelessness. Grants may be made for homeless prevention as long as the total amount of such grants does not exceed 30 percent of the total emergency shelter grants program allocation. Examples of eligible activities include, but are not limited to, short-term subsidies to help defray rent and utility arrearages for families faced with eviction or termination of utility services; security deposits or first month’s rent to enable a family to acquire its own apartment; programs to provide mediation services for landlord-tenant disputes; or programs to provide legal representation to indigent tenants in eviction proceedings. Other possible types of homeless prevention efforts include making needed payments to prevent a home from falling into foreclosure.
5. Administrative costs. A grantee may use a portion of a grant received for administrative purposes as determined by IDED. The maximum allowed for these administrative costs shall be 5 percent of the state ESGP allocation. IDED reserves the authority for distribution of administrative funds.

261—24.5(PL100-628) Ineligible activities. The general rule is that any activity that is not authorized under the provision of P.L. 100-628 is ineligible to be carried out with emergency shelter grants program funds. The following are items specially listed as ineligible in 24 Code of Federal Regulations Part 576 (June 1, 1999).

1. Acquisition or new construction of an emergency shelter for the homeless;
2. Rehabilitation administration, such as preparation of work specification, loan processing, or inspections;
3. Renovation, rehabilitation, or conversion of buildings owned by primarily religious organizations or entities unless the activity complies with all the requirements as outlined in 24 CFR 576.23(a) and (b).

261—24.6(PL100-628) Application procedures. The Iowa department of economic development will request applications from eligible applicants as often as the state expects funding from the U.S.
Department of Housing and Urban Development (HUD). Applicants will be given at least 30 days in which to reply to the state’s request. The Iowa department of economic development will make funding decisions in conjunction with the time frame established by HUD. The application must be submitted on forms prescribed by IDED and must, at a minimum, include the amount of funds requested, the need for the funds, documentation of other available funding sources, source of required local match, and estimated number of persons to be served by the applicant (daily average). No individual project may receive more than $50,000 annually. Applicants may receive a maximum of $125,000 in ESGP funds annually. A minimum grant level of $10,000 is required per applicant. No more than one project per applicant shall be funded at any one facility or location.

261—24.7(PL100-628) Application review process. The following procedures will be used in the review of applications received under the emergency shelter grants program.

24.7(1) Applications will be reviewed by a panel of the staff of the Iowa department of economic development and coordinated with representatives of other homeless assistance programs. Applications will be reviewed to determine eligibility based on the following criteria:

a. The identified community need for the funds, including the number of clients proposed to be served, the current unmet need in the community, geographic area of service, and common factors leading to the need for the service. Maximum 25 points.

b. The comprehensiveness and flexibility of the proposed program, including how the applicant proposes to meet the total and special needs of its clients and how homeless assistance is integrated with other programs. Maximum 25 points.

c. The accessibility of the applicant’s proposed services to its clients, including how well the applicant promotes its services within the community, any barriers to service, and any networking with other service providers in the area. Maximum 15 points.

d. How well the applicant deals with cultural diversity within its community. Maximum 10 points.

e. Any partnerships or collaborations between the applicant and other programs within the organization or with other organizations performing similar or complementary services. Maximum 15 points.

f. A description of specific outcome measures for short- or long-term objectives for clients. An applicant’s past performance, if applicable, shall be assessed in terms of its ability to meet performance targets. Maximum 25 points.

g. How well the applicant maximizes or leverages resources. Maximum 20 points.

h. Threshold criteria. Applicants shall demonstrate capacity for grant administration as evidenced by previous satisfactory grant administration or by providing evidence of administrative ability to administer such a grant.

24.7(2) If an application contains an activity determined to be ineligible under the ESG program, the ineligible activity will be deleted from the application or referred to another funding source, if applicable.

24.7(3) IDED staff reserves the right to negotiate directly with the applicant to determine the priority of funding requested within the application.

24.7(4) IDED staff may also review applications with the department of human rights, department of human services, or other groups with expertise in the area of serving homeless persons before making final funding recommendations. Consultation with other agencies is intended to avoid duplication and promote maximum utilization of funding sources. Based on the review process, IDED may revise the overall funding request by activity or funding level and recommend a final funding figure to the director of IDED for approval. Applicants receiving funding will not receive less than a $10,000 award.

24.7(5) A city or county government or nonprofit organization may be designated, at the discretion of IDED, to administer a contract for multiple applicants within a prescribed geographic area.

24.7(6) IDED reserves the right to negotiate all aspects of a funding request prior to final approval.

24.7(7) Applicants that receive awards will receive funding for a one-year period.

261—24.8(PL100-628) Matching requirement. Each recipient of emergency shelter grants program funds must match the grant amount with an equal amount. This may come from the grantee, or through
nonprofit recipients whose contracts are being administered by a local city or county government. In calculating the amount of matching funds, the following may be included: the value of any donated material or building used in the project, the value of any lease on a building used in the project, any salary paid to staff of the grantee or to any state recipient in carrying out the emergency shelter program, and the time and services contributed by volunteers at the rate of $5 per hour. For purposes of this rule, IDED will determine the value of any donated material or building, or any lease, using any method reasonably calculated to establish fair market value. The state may grant an exemption of matching funds up to a maximum of $100,000 of the state allocation received from HUD for the recipients least capable of providing such matching amounts. The recipient must document its need to participate in this exemption from matching requirements, and must receive prior approval from IDED before the exemption will be effective.

261—24.9(PL100-628) Grant awards. Grants will be awarded to individual applicants. IDED may award a grant to a city or county government or a nonprofit organization on behalf of multiple applicants, at the discretion of IDED and with the approval of those applicants affected and the local governmental unit. If a city, county or nonprofit organization is designated as the grantee of an award, that city, county or nonprofit organization will be responsible for coordination of requests for funds by eligible private, nonprofit recipients within its jurisdiction by consolidating them into one contract between the local governmental unit or nonprofit organization and IDED. IDED reserves the right to negotiate the amount of the grant award, the scale of the project, and alternative methods for completing the project.

261—24.10(PL100-628) Restrictions placed on grantees.

24.10(1) Use as provider of homeless services. Any building for which emergency shelter grants program funds are used must be maintained as a provider of homeless services for not less than a three-year period, or for not less than a ten-year period if the grant amounts are used for major rehabilitation or conversion of the building. All other operating and maintenance costs have a one-year requirement. In calculating the applicable time period, the three- and ten-year periods are determined as follows:

a. In the case of a building that was not operated as a provider of services for the homeless before receipt of grant funds, on the date of initial occupancy as a provider of services to the homeless.

b. In the case of a building that was operated as a provider of services to the homeless before the receipt of grant funds, on the date that grant funds are first obligated to the homeless service provider.

24.10(2) Building standards. Any building for which emergency shelter grants program funds are used for renovation, conversion, rehabilitation, or major rehabilitation must meet the local government standard of being safe and in sanitary condition.

24.10(3) Assistance to the homeless. Homeless individuals must be given assistance in obtaining:

a. Appropriate supportive services including permanent housing, medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living; and

b. Other federal, state, local, and private assistance available to them.

24.10(4) Participation by homeless individuals and families.

a. Recipients of ESGP funds must certify that they involve, through employment, volunteer services, or otherwise, homeless individuals and families, to the maximum extent practicable, in construction, renovation, maintenance, and operation of assisted facilities.

b. Local government recipients or qualified subrecipients must have the participation of at least one homeless person or formerly homeless person on their board of directors or equivalent policy-making entity. The Secretary of HUD may grant a waiver to the recipient if the recipient agrees to otherwise consult with homeless or formerly homeless individuals when making policy decisions.

24.10(5) Termination of assistance. Recipients or qualified subrecipients must establish and implement a formal process to terminate assistance to individuals or families who violate program requirements. This process must include a hearing that provides individuals a full opportunity to address issues of noncompliance.
24.10(6) Data reporting system. Recipients shall participate in the HUD-approved Homeless Management Information System (HMIS) developed by IDED as required in the executed contract.

261—24.11(PL 100-628) Compliance with applicable federal and state laws and regulations. All grantees shall comply with the Iowa Code governing activities performed under this program and with all applicable provisions of the Stewart B. McKinney Homeless Assistance Amendment Act of 1987 and its implementing regulations. Use of ESGP funds must comply with the following additional requirements.

24.11(1) Nondiscrimination and equal opportunity. All grantees must comply with the following:

b. Affirmative action requirements as implemented with Executive Orders 11625, 12432, and 12138 which require that every effort be made to solicit the participation of minority and women business enterprises (MBE/WBE) in governmental projects.

c. The prohibitions against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 U.S.C. 6101-07).

d. The prohibitions against discrimination against disabled individuals under Section 504 of the Rehabilitation Act of 1973/Americans with Disabilities Act.

24.11(2) Auditing. Auditing requirements are as outlined in the Single Audit Act of 1996 and the implementing regulations found in OMB Circular A-133.

261—24.12(PL 100-628) Administration.

24.12(1) Contracts. Upon selection of an application for funding, IDED will issue a contract. The contract shall be between IDEED and the designated grantee as determined by IDED. If a local city, county government or a nonprofit organization is designated as the grantee, the private, nonprofit providers covered under the contract shall remain responsible for adherence to the requirements of the ESG program, including these rules. These rules and applicable federal and state laws and regulations become part of the contract. Certain activities may require that permits or clearances be obtained from other state or federal agencies prior to proceeding with the project. Grant awards may be conditioned upon the timely completion of these requirements.

24.12(2) Record keeping and retention. Financial records, supporting documents, statistical records, and all other records pertinent to the grant program shall be retained by the grantee. Private, nonprofit recipients covered through an ESGP contract from a local city or county government or nonprofit organization are responsible for ensuring that pertinent records of their ESGP funds be made available to the administering city or county or nonprofit organization and to IDED upon request. Proper record retention must be in accordance with the following:

a. Records for any assisted activity shall be retained for three years after final closeout and, if applicable, until audit procedures are completed and accepted by IDED;

b. Representatives of the Secretary of the U.S. Department of Housing and Urban Development, the Inspector General, the General Accounting Office, the state auditor’s office, and IDED shall have access to all books, accounts, documents, records, and other property belonging to or in use by a grantee pertaining to the receipt of assistance under these rules.

24.12(3) Reporting requirements. Grantees shall submit reports to IDED as prescribed in the contract. These reports are:

a. ServicePoint data reports. All recipients of ESGP funds are required to submit monthly reports on clients served using the ServicePoint reporting process as prescribed by IDED; provided, however, that a recipient that qualifies as a domestic violence shelter shall not be required to report personally identifiable information about its homeless domestic violence clients. “Personally identifiable information” shall include any information that the reporting domestic violence shelter reasonably determines could be used to identify a particular client.
b. **ESGP Form-1, Request for Funds.** Grantees must submit requests for funds as needed during the contract year as prescribed by IDED. IDED may perform any review or field inspections it deems necessary to ensure program compliance, including review of grantee records and reports. When problems of compliance are noted, IDED may require remedial actions to be taken. Failure to respond to notifications of need for remedial action may result in the implementation of 24.12(5).

24.12(4) Amendments to contracts. Contracts may be amended on an individual basis in emergency situations. Any request to amend a contract must be submitted in writing by the chief elected official to IDED. IDED will determine if the request to amend is justified based on the material presented in the letter of request. No amendment is valid until approved in writing by IDED.

24.12(5) Remedies for noncompliance. At any time before project closeout, IDED may, for cause, find that a grantee is not in compliance with the requirements under this program. At IDED’s discretion, remedies for noncompliance may include the following:

a. Issue a warning letter that further failure to comply with program requirements within a stated period of time will result in a more serious action.

b. Condition a future grant.

c. Direct the grantee to stop incurring costs with grant funds.

d. Require that some or all of the grant amounts be remitted to the state.

e. Reduce the levels of funds the recipient would otherwise be entitled to receive.

f. Elect not to provide future grant funds to the recipient until appropriate actions are taken to ensure compliance. Reasons for a finding of noncompliance include, but are not limited to: the grantee’s use of program funds for activities not described in its application, the grantee’s failure to complete approved activities in a timely manner, the grantee’s failure to comply with any applicable state or federal rules or regulations, or the lack of continuing capacity by the grantee to carry out the approved program in a timely manner.

These rules are intended to implement Iowa Code section 15.108(1)“a.”

CHAPTER 26
VARIANCE PROCEDURES FOR TAX INCREMENT FINANCING (TIF) HOUSING PROJECTS

261—26.1(403) Goals and objectives. These rules implement 1996 Iowa Acts, Senate File 2464, section 24, “Financing Public Improvements Related to Low Income Housing and Residential Development.” The Iowa department of economic development is given the responsibility to rule on requests for variances in the percentage of low- and moderate-income benefit required in certain tax increment financing (TIF) district for residential development, as prescribed in the law. These rules establish procedures and criteria for variances so that the highest possible level of benefit to low- and moderate-income families will be achieved while ensuring the financial feasibility of the project.

261—26.2(403) Definitions.

“Department” means the Iowa department of economic development.

“Eligible applicant” means any county or incorporated city within the state of Iowa.

“Housing project” means a project in an urban renewal area established solely upon findings under Iowa Code section 403.2(3) that is primarily intended to support housing activities. These may include, but are not limited to, the following: public streets and utilities, site preparation, housing rehabilitation, real property acquisition, new housing construction, and conversion of existing structures into housing units.

“Low- and moderate-income families (LMI)” means those families earning no more than 80 percent of the median family income of the county as determined by the latest United States Department of Housing and Urban Development, Section 8 income guidelines. This includes single-person households.

“Tax increment financing district” means an area in an urban renewal area that the municipality has established by ordinance in an urban renewal area established solely upon findings under Iowa Code section 403.2(3) and has designated by ordinance that taxes levied on taxable property in that area each year by or for the benefit of the state, city, county, school district or other taxing district shall be divided as provided for in Iowa Code section 403.19.

“TIF-generated financial support” means the portion of the cost of a housing project which is financed from TIF revenues.

261—26.3(403) Requirements for benefit to low- and moderate-income families. A municipality is required to ensure that a TIF-supported housing project will provide for housing assistance for low- and moderate-income families. Absent a variance, the amount of assistance to be provided is as follows:

26.3(1) In municipalities with a population over 15,000, the amount to be provided for low- and moderate-income family housing by TIF-supported housing projects shall be either equal to or greater than the percentage of low- and moderate-income residents in the county in which the urban renewal area is located times the TIF-generated financial support for the housing project within the urban renewal area. However, the amount of benefit shall not be less than an amount equal to 10 percent of the TIF-generated financial support.

26.3(2) In municipalities with a population of 15,000 or less, the amount to be provided for low-and moderate-income family housing shall be the same as for municipalities in subrule 26.3(1) except that municipalities of 15,000 or less shall not be subject to the minimum low- and moderate-income benefit level of 10 percent of the original project cost.

26.3(3) The percentage of low- and moderate-income persons in a county is provided by the U.S. Department of Housing and Urban Development using the most currently available U.S. Census information.

261—26.4(403) Ability to request a variance. A municipality may request a variance in the low-and moderate-income benefit required (excluding the 10 percent minimum established in subrule 26.3(1)) from the department of economic development when the required low- and moderate-income benefit will make the TIF-supported housing project financially infeasible. The municipality must prepare a
plan for the provision of assistance to low- and moderate-income families that provides the proposed alternate level of low- and moderate-income benefit. The plan shall be adopted by the municipality and approved by the department.

261—26.5(403) Variance request procedure.

26.5(1) A municipality may request a variance at any time.

26.5(2) Requests for a variance shall be submitted on forms prescribed by the department. Requests for the necessary forms may be submitted in writing to: Bureau of Community Financing, Iowa Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309. Information and forms may be received by calling the department at (515)242-4825.

26.5(3) Department staff will review requests for variance on a case-by-case basis.

26.5(4) Each request will be reviewed according to the criteria listed in rule 261—26.6(403).

26.5(5) The department may modify the request in order to maximize the level of benefit to low-and moderate-income families, while preserving the financial feasibility of the TIF-supported housing project.

26.5(6) The department will issue a decision in a letter to the applicant. If the request is approved, the letter will provide the level of the variance and the conditions for compliance with the variance. If the request is denied, the letter will state reasons for the denial.

26.5(7) All requests for variances and related DED file material are available for public inspection. Names of applicants will also be provided to the public upon request.

261—26.6(403) Criteria for review. A municipality must submit the following information and other information as may be required on forms developed by the department:

1. Narrative. A description of the project and explanation of the need for the variance on low-and moderate-income benefit percentage.
2. Total tax levy applied to TIF area, minus debt service levies.
3. Current tax rollback percentage.
4. Total project development cost.
5. Number of lots to be sold.
6. Projected average home value within the housing project area.
7. Value of unimproved lots.
8. Proposed debt structure, including interest rate, term of debt, transaction costs, repayment terms.
9. Projected revenue from a project by year, including amount from tax increment, sale of lots, development fees and other sources.
10. Projected sale of lots by year.
11. Projected number of homes completed by year.
12. Use of five-year extension, if available.
13. Comments solicited or received from parties affected by the variance.
14. Proposed amount of funds and activities to benefit housing needs of LMI persons.

These rules are intended to implement Iowa Code section 403.22.

c. Awards may be conditioned upon commitment of other sources of funds necessary to complete the housing activity.

d. Awards may be conditioned upon IDED receipt and approval of an administrative plan for the funded activity.

28.9(2) Requests for funds. Recipients shall submit requests for funds in the manner and on forms prescribed by IDED. Individual requests for funds shall be made in an amount equal to or greater than $500 per request, except for the final draw of funds.

28.9(8) Remedies for noncompliance. At any time before contract closeout, IDED may, for cause, find that a recipient is not in compliance with the requirements of this program. At IDED’s discretion, remedies for noncompliance may include penalties up to and including the return of program funds to IDED. Reasons for a finding of noncompliance include but are not limited to the recipient’s use of funds for activities not described in the contract, the recipient’s failure to complete funded activities in a timely manner, the recipient’s failure to comply with applicable state or local rules or regulations or the lack of a continuing capacity of the recipient to carry out the approved activity in a timely manner.

Other possible types of homeless prevention efforts include making needed payments to prevent a home from falling into foreclosure.
5. Administrative costs. A grantee may use a portion of a grant received for administrative purposes as determined by IDED. The maximum allowed for these administrative costs shall be 5 percent of the state of Iowa’s HSOG allocation. IDED reserves the authority to determine the distribution of administrative funds.

261—29.5(15) Ineligible activities. The general rule is that any activity that is not allowed under 261—29.4(15) is ineligible to be carried out with homeless shelter operation grants program funds. The following items are ineligible under this rule:

2. Rehabilitation services, such as preparation of work specifications, loan processing, or inspections;

Applicants will be given at least 30 days in which to reply to the state’s request for applications. The application must be submitted on forms prescribed by IDED and the application must, at a minimum, include the amount of funds requested, the need for the funds, documentation of other available funding sources, source of other funds utilized in the project, and estimated number of persons to be served by the applicant (daily average).

261—29.7(15) Application review process. The following procedures will be used in the review of applications received under the homeless shelter operation grants program.
29.7(1) Applications will be reviewed by a panel established by the Iowa department of economic development and coordinated with representatives of other homeless assistance programs. Applications will be reviewed to determine eligibility based on the following criteria:
   a. The identified community need for the funds, including the number of clients served, the current unmet need in the community, geographic area of service, and common factors leading to the need for service. Maximum 25 points.
   b. The comprehensiveness and flexibility of the program, including how the applicant proposes to meet the total and special needs of its clients and how homeless assistance is integrated with other programs. Maximum 25 points.
   c. The accessibility of the applicant’s proposed service to its clients, including how well the applicant promotes its services within the community, any barriers to service, and any networking with other service providers in the area. Maximum 15 points.

   g. How well the applicant maximizes or leverages resources. Maximum 20 points.
   h. Threshold criteria. Applicants shall demonstrate capacity for grant administrator as evidenced by previous satisfactory grant administration or by providing evidence of administrative ability to administer such a grant.

29.7(2) If an application contains an activity determined to be ineligible under the HSOG program, the ineligible activity will be deleted from the application or referred to another funding source, if applicable.

29.7(3) IDED staff reserves the right to negotiate directly with the applicant to determine the priority of funding requested within the application.

29.7(4) IDED staff may also review applications with the department of human rights, department of human services, or other groups with an expertise in the area of serving homeless persons before making final funding recommendations. Consultation with other agencies is intended to avoid duplication and promote maximum utilization of funding sources. Based on the review process, IDED may revise the overall funding request by activity or funding level and recommend a final funding figure to the director of IDED for approval. Applicants receiving funding will not receive less than a $10,000 award.

29.7(5) A city or county government or nonprofit organization may be designated, at the discretion of IDED, to administer a contract for multiple applicants within a prescribed geographic area.

29.7(6) IDED reserves the right to negotiate all aspects of a funding request prior to final approval.

29.7(7) Applicants that receive awards will receive funding for a one-year period.

261—29.8(15) Matching requirement. There is no matching requirement with the HSOG program.

261—29.9(15) Grant awards. Grants will be awarded to individual applicants. IDED may award a grant to a local city or county government or nonprofit organization on behalf of multiple applicants, at the discretion of IDED and with the approval of those applicants affected and the local governmental unit or nonprofit organization. If a city or county or nonprofit organization is designated as the grantee of an award, that city or county or nonprofit organization will be responsible for coordination of requests for funds by eligible private nonprofit recipients within its jurisdiction by consolidating them into one contract between the local governmental unit or nonprofit organization and IDED. IDED reserves the right to negotiate the amount of the grant award, the scale of the project, and alternative methods for completing the project.
261—29.10(15) Compliance with applicable federal and state laws and regulations. All grantees shall comply with the Iowa Code governing activities performed under this program. Use of HSOG funds must comply with the following nondiscrimination and equal opportunity requirements:

2. Affirmative action requirements as implemented with Executive Orders 11625, 12432, and 12138 which require that every effort be made to solicit the participation of minority and women business enterprises (MBE/WBE) in governmental projects.

3. The prohibitions against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 U.S.C. 6101-07).

4. The prohibitions against discrimination against disabled individuals under Section 504 of the Rehabilitation Act of 1973/Americans with Disabilities Act.

5. Recipients shall participate in the HUD-approved Homeless Management Information System (HMIS) developed by IDED as required in the executed contract.

261—29.11(15) Administration.

29.11(1) Contracts. Upon selection of an application for funding, IDED will issue a contract. The contract shall be between IDED and the designated grantee as determined by IDED. If a local city or county government or nonprofit organization is designated as the grantee, the private nonprofit providers covered through the contract shall remain responsible for adherence to the requirements of the HSOG program, including these rules. These rules and state laws and regulations become part of the contract. Certain activities may require that permits or clearances be obtained from other state or federal agencies prior to proceeding with the project. Grant awards may be conditioned upon the timely completion of these requirements.

29.11(2) Record keeping and retention. Financial records, supporting documents, statistical records, and all other records pertinent to the grant program shall be retained by the grantee for three years. Private nonprofit recipients covered through an HSOG contract from a local city or county government or nonprofit organization are responsible for ensuring that pertinent records of their HSOG funds be made available to the administering city or county or nonprofit organization and to IDED upon request. Proper record retention must be in accordance with the following:

a. Records for any assisted activity shall be retained for three years after final closeout and, if applicable, until audit procedures are completed and accepted by IDED;

b. Representatives of the state auditor’s office and IDED shall have access to all books, accounts, documents, records, and other property belonging to or in use by a grantee pertaining to the receipt of assistance under these rules.

29.11(3) Reporting requirements. Grantees shall submit reports to IDED as prescribed in the contract. These reports are:

a. ServicePoint data reports. All recipients of HSOG funds are required to submit monthly reports on clients served using the ServicePoint reporting process as prescribed by IDED; provided, however, that a recipient that qualifies as a domestic violence shelter shall not be required to report personally identifiable information about its homeless domestic violence clients. “Personally identifiable information” shall include any information that the reporting domestic violence shelter reasonably determines could be used to identify a particular client.

b. HSOG Form-1, Request for Funds. Grantees must submit requests for funds as needed during the contract year as prescribed by IDED. IDED may perform any review or field inspections it deems necessary to ensure program compliance, including review of grantee records and reports. When problems of compliance are noted, IDED may require remedial actions to be taken. Failure to respond to notifications of need for remedial action may result in the implementation of 29.11(5).

29.11(4) Amendments to contracts. Contracts may be amended on an individual basis in emergency situations. Any request to amend a contract must be submitted in writing to IDED by the chief elected
official. IDED will determine if the request to amend is justified based on the material presented in the letter of request. No amendment is valid until approved in writing by IDED.

29.11(5) Remedies for noncompliance. At any time before project closeout, IDED may, for cause, find that a grantee is not in compliance with the requirements under this program. At IDED’s discretion, remedies for noncompliance may include the following:

a. Issue a warning letter that further failure to comply with program requirements within a stated period of time will result in a more serious action.

b. Condition a future grant.

c. Direct the grantee to stop incurring costs with grant funds.

d. Require that some or all of the grant amounts be remitted to the state.

e. Reduce the levels of funds the recipient would otherwise be entitled to receive.

f. Elect not to provide future grant funds to the recipient until appropriate actions are taken to ensure compliance. Reasons for a finding of noncompliance include, but are not limited to: the grantee’s use of program funds for activities not described in its application, the grantee’s failure to complete approved activities in a timely manner, the grantee’s failure to comply with any applicable state rules or regulations, or the lack of continuing capacity by the grantee to carry out the approved program in a timely manner.

These rules are intended to implement Iowa Code section 15.108(11).

261—38.2(15E) Program description.

38.2(1) Each fiscal year in which funding is available, the authority will certify up to ten districts. The authority will certify the districts on a competitive basis. Certification will be based on the criteria described in subrule 38.4(1), and the authority will certify districts in a manner designed to prioritize those events that provide the greatest total benefit to the state as a whole.

38.2(2) The authority will award an equal amount of grant funds to each certified district. Funds will be awarded as reimbursement for expenditures that are directly related to the active promotion of one or more nonprofessional sporting events.

38.2(3) A district certified in one fiscal year retains its certification only for the duration of that fiscal year and must reapply for certification in each subsequent fiscal year.

38.2(4) The certification of districts and the awarding of grant funds are contingent upon the appropriation by the general assembly of moneys for such purposes.

[ARC 0440C, IAB 11/14/12, effective 12/19/12]

261—38.3(15E) Program eligibility and application requirements.

38.3(1) Eligibility. To be eligible under the program, an applicant shall meet all of the following requirements:
a. The applicant shall propose to operate a regional sports authority district that is governed by a board.

b. The board shall consist of seven members named by the applicant, of whom at least three members shall be city council members of any cities located in the proposed district.

c. The board shall propose, and be responsible for overseeing, a program of activities designed to foster the active promotion of one or more nonprofessional sporting events in the district during the fiscal year for which the applicant is applying for funding.

d. The applicant shall demonstrate an amount of local match equal to at least 50 percent of the amount of grant funds to be received by the applicant under the program. The local match shall be in the form of cash.

e. The applicant shall submit a completed application including all of the information described in subrule 38.3(2).

f. The applicant shall submit the application on or before the application deadline established in subrule 38.3(3).

38.3(2) Application requirements. When submitting an application for grant funds under the program, an applicant shall include all of the following information:

a. The applicant’s name, mailing address, email address, telephone number, contact person, and federal employer identification number.

b. A detailed description of the nonprofessional sporting events the applicant intends to actively promote using funds received under the program.

c. The date each proposed nonprofessional sporting event will be held and the location at which the event will be held.

d. Written documentation establishing the amount and source of the required local cash match.

e. Names and contact information of the board and an indication as to which of the board members are city council members as required under this rule.

f. Detailed information and projections sufficient to enable the authority to accurately assess the economic impact of the nonprofessional sporting events described in the application. Such information shall include the estimated number of participants and the estimated number of spectators expected to attend the event. If the applicant has previously held substantially similar events, the information shall include actual attendance figures from past events.

38.3(3) Deadlines. The authority will only consider applications received on or before the applicable deadline. The deadline shall be 4:30 p.m. on September 1 of each fiscal year unless the authority, at its sole discretion, provides a different deadline for the submission of applications. The authority may provide a different deadline for the program as a whole, but the authority will not change the deadline at the request of any individual applicant. The authority will develop an application process and post all relevant application information, including deadline changes, on its Internet site at www.traveliowa.com.

261—38.4(15E) Application scoring and certification of districts.

38.4(1) Scoring criteria. The authority will not review or score an application unless it meets the requirements and deadlines of rule 261—38.3(15E). An application that meets the requirements and deadlines of rule 261—38.3(15E) will be given a numerical score between 0 and 100. The higher an application’s numerical score, the more likely it will receive funding under the program. The criteria used to score the applications and the maximum number of points that may be attributed to each criterion are as follows:

a. Economic impact: 30 points. The authority will consider the amount of economic impact represented by the proposed nonprofessional sporting events and will view favorably events that have a greater economic impact. Economic impact will be determined by using the following calculation: Applicants will estimate the number of hotel room nights generated by each proposed nonprofessional sporting event and multiply the number of estimated hotel room nights by the average daily room rate for Iowa hotels. The average daily room rate will be provided by the Iowa tourism office based on information obtained from a hotel market data service. Intentionally inflated estimates of attendance or
a history of providing inaccurate estimates will negatively affect the scoring of an application and may result in noncertification of a district.

b. Leveraged funds ratio: 20 points. The authority will consider the proportion of state funds to total funds in the application and will view favorably a greater rate of financial participation from entities other than the state of Iowa.

c. Novelty and quality: 20 points. The authority will consider the novelty and quality of an event and will view favorably nonprofessional sporting events that are new to Iowa or that have been recently improved, enhanced, or enlarged.

d. Event size and scope: 15 points. The authority will consider the size of an event and will view favorably a project with a larger total budget.

e. Need: 10 points. The authority will consider the financial need of an applicant and will recognize the importance of funding events that would not take place without assistance under the program. The authority will also recognize the importance of funding nonprofessional sporting events that have never before been funded under the program or under another state program.

f. Geographic diversity: 5 points. The authority will consider the geographic diversity represented by the pool of applicants.

38.4(2) Certification process. The authority will certify not more than ten districts each fiscal year in which funding is available for the program. The director of the authority will establish a regional sports authority district review committee within the authority consisting of authority staff. The committee will score all completed applications according to the criteria described in subrule 38.4(1). The authority may certify fewer than ten districts in a fiscal year if fewer than ten completed applications are timely received or if fewer than ten completed applications meet the minimum threshold for certification. The minimum threshold for certification is the accumulation of 50 or more points out of 100 total points on the scoring criteria described in subrule 38.4(1). If, after all of the completed applications have been initially scored, fewer than ten districts would be certified, the authority may allow one or more additional rounds of applications to be submitted and scored. For each additional round of applications, the authority will follow the same eligibility requirements and use the same scoring criteria as used in earlier rounds. The authority may accept as many rounds of applications for certification as it deems appropriate. After the conclusion of all application rounds, the authority will award grant funds to each of the certified districts in equal amounts.

38.4(3) Reallocation of award amounts. If a certified district fails to hold a nonprofessional sporting event described in the application, then that district may reallocate the proposed expenses allocated for that event to another event provided such other event is also included on the application. If there are no other events included on the application to which the proposed expenses may be allocated, then the district shall forfeit the amount of proposed expenses and the authority may award that amount to other applicants or districts. The authority may rescoring the application of any applicant seeking to reallocate award amounts, and if the failure to hold a nonprofessional sporting event as described in the initially scored application would cause a material change in the application’s overall quality in relation to other applications, the authority may allow an additional round of applications as described in subrule 38.4(2). No applicant may reallocate award amounts, even after a rescoring, without executing a contract amendment as described in rule 261—38.5(15E).

[ARC 0440C, IAB 11/14/12, effective 12/19/12; ARC 4509C, IAB 6/19/19, effective 7/24/19]

261—38.5(15E) Contract administration.

38.5(1) Notice of approval. The authority will notify successful applicants in writing of approved requests for certification. Such a notification may include the terms or conditions under which approval is granted.

38.5(2) Contract required. Each successful applicant shall enter into a contract with the authority. The contract will describe the nonprofessional sporting events that the applicant will actively promote as part of the certified district and will include the terms and conditions under which the grant funds will be disbursed. The contract will also include the terms and conditions under which grant funds must be repaid or penalties incurred in the event the district does not fulfill all obligations under the contract.
38.5(3) Contract amendments. All requests by a district for an amendment to the contract will require the approval of the director of the authority. The director will review each such request and approve or deny it. If a request is approved, the district and the director will execute a written amendment to the contract. Only a written amendment duly executed by both parties to the contract will be valid and binding.

38.5(4) Reports required. Each certified district shall submit a written report to the authority within 90 days of the end of the performance period specified in the contract.

38.5(5) Record keeping. Each certified district shall maintain all records necessary for the verification and validation of the proper use of grant funds under the contract and shall submit such records to the authority upon request.

[ARC 0440C, IAB 11/14/12, effective 12/19/12]

261—38.6(15E) Expenses, records, and reimbursements.

38.6(1) General. Each certified district shall at all times incur expenses and be reimbursed for such expenses by the authority only as described in this chapter or in a contract executed hereunder. The authority may deny reimbursement for any expenditure not directly related to the active promotion of a nonprofessional sporting event.

38.6(2) Eligible expenses. Only expenditures directly related to the active promotion of a nonprofessional sporting event will be reimbursed under the program. Items that will be considered eligible expenses include but are not limited to bid fees, rights fees, sponsorships, payments to vendors, advertising, marketing, venue rental, equipment rental, promotional materials, production costs, and fees and costs for officials.

38.6(3) Ineligible expenses. Expenses that are not directly related to the active promotion of a nonprofessional sporting event are not eligible for reimbursement. Ineligible expenses include but are not limited to travel costs of applicant staff, solicitation efforts, lobbying fees, meals or dining on occasions other than the dates of the nonprofessional sporting events described in the application, items that are purchased for resale, prizes given to participants, and alcoholic beverages.

38.6(4) Required records and reimbursements. A district shall submit any records requested by the authority as documentation of the expenditures incurred for purposes of the grant funds awarded under the program. Such records may include invoices, original receipts, or check copies. The authority will only accept records submitted in the name of the district that has executed a contract. If a district pays an expense using a credit card, the district shall submit a copy of a check register or bank statement indicating that the credit card invoice was paid. The authority will not reimburse any expenses included on a receipt that includes both eligible expenses and ineligible expenses. The authority will not reimburse expenses included on a nonitemized receipt.

38.6(5) Repayments of certain funds. If the authority reimburses a district for the cost of a refundable bid fee and the applicant is unsuccessful in the effort to win the right to hold that event, then the district shall return the amount of such reimbursement to the authority.

38.6(6) Reallocation of funds. If, at the time of a district’s final reporting of expenses, the district cannot adequately document eligible expenses or documents an amount that is less than the awarded amount, the authority may award additional funds to other certified districts, open additional rounds of certification, or revert the moneys to the general fund. If the authority awards additional funds to already certified districts, such districts shall submit documentation establishing how such funds will be expended, and the authority will execute contract amendments providing for the expenditure of the additional funds.

d. Written documentation establishing the amount and source of the required local cash match.

e. Detailed information sufficient to enable the authority to accurately assess the impact and quality of the project described in the application. Such information shall include how the project is part of an overall plan to increase tourism locally and in the state of Iowa.

f. A description of the applicant’s plan to recognize the authority’s Iowa tourism office for its investment in the project.

g. 42.3(3) Deadlines. The authority will only consider applications received on or before the applicable deadline. The deadline shall be 4:30 p.m. the first Monday in August of each fiscal year unless the authority, at its sole discretion, provides a different deadline for the submission of applications. The authority may provide a different deadline for the program as a whole, but the authority will not change the deadline at the request of any individual applicant. The authority will develop an application process and post all relevant application information, including deadline changes, on its Internet site at www.traveliowa.com.

261—42.4(15) Application scoring and approval process.

42.4(1) Scoring criteria. The authority will not review or score an application unless the application meets the requirements and deadlines of rule 261—42.3(15). An application meeting the requirements and deadlines of rule 261—42.3(15) will be given a numerical score between zero and 100. The higher an application’s numerical score, the more likely it will receive funding under the program. The criteria used to score the applications and the maximum number of points that may be attributed to each criterion are as follows:

a. Project description: 20 points. The applicant will explain the project, the time line for its creation and implementation and how state funds will support the project. The authority will view favorably information that clearly articulates the project, sets forth a reasonable time line for the project’s creation and implementation, and fully describes how state funds will be used to support the project.

b. Economic impact and ability to promote tourism industry growth: 20 points. The authority will consider how the project supports the mission of the Iowa tourism office and is part of the applicant’s broader marketing strategy to increase the economic impact of tourism locally and in the state of Iowa.

c. Sustainability: 10 points. The authority will view favorably applications that illustrate capacity to implement and sustain the project upon completion.

d. Need: 15 points. The authority will consider the financial need of an applicant and will allot more points to applications that demonstrate how the applicant has exhausted other areas of funding to support the project.

e. Innovation: 20 points. The authority will consider the innovative quality of an event or marketing initiative and will view favorably new events and new marketing initiatives or those events and marketing initiatives that are enhanced or distinctive in nature.

f. Budget: 10 points. The authority will view favorably budgets that are well-developed and relevant to the project and that provide documentation of planned project expenses.
g. Collaboration: 5 points. The authority will view favorably applications that either represent a collaboration of multiple entities or show the benefit of the project to multiple entities within the tourism industry, or both.

42.4(2) Approval process. The director of the authority will establish a review committee consisting of individuals affiliated with the Iowa tourism industry. The committee will score all completed applications in accordance with the criteria described in rules 261—42.3(15) and 261—42.4(15) and will use those scores to determine successful applicants. The committee may recommend partial funding of any or all applicants. If, after initially scoring all of the completed applications, the review committee is not able to allocate all the funds available, the authority may allow one or more additional rounds of applications to be submitted and scored. If any awards are rejected, the authority may allow one or more additional rounds of applications to be submitted and scored. For each additional round of applications, the authority will follow the same eligibility requirements and use the same scoring criteria as used in earlier rounds. The authority may accept as many rounds of applications for awards as it deems appropriate.

261—42.5(15) Contract administration.

42.5(1) Notice of approval. The authority will notify successful applicants in writing of an approved request for funding. Such a notification may include the terms or conditions under which approval is granted.

42.5(2) Contract required. Each successful applicant that accepts the recommended award amount shall enter into a contract with the authority. The contract will describe the project that the applicant will institute as described in the application and will include the terms and conditions under which the grant funds will be disbursed. The contract will also include the terms and conditions under which grant funds must be repaid or penalties incurred in the event the grantee does not fulfill all obligations under the contract.

42.5(3) Contract amendments. All requests by a grantee for an amendment to the contract will require the approval of the director of the authority. The director will review each such request and approve or deny it. If a request is approved, the grantee and the director will execute a written amendment to the contract. Only a written amendment duly executed by both parties to the contract will be valid and binding.

42.5(4) Reports required. Each grantee shall submit a written report to the authority within 60 days of the end of the project completion date, as specified in the contract.

42.5(5) Record keeping. Each grantee shall maintain all records necessary for the verification and validation of the proper use of grant funds under the contract and shall submit such records to the authority upon request.

[ARC 1493C, IAB 6/11/14, effective 5/19/14]

261—42.6(15) Expenses, records, and reimbursements.

42.6(1) General. Each grantee shall at all times incur expenses and be reimbursed for such expenses by the authority only as described in this chapter or in a contract executed hereunder. The authority may deny reimbursement for any expenditure not directly related to the implementation of a tourism-related marketing initiative, meeting or event.

42.6(2) Eligible expenses. Only expenditures directly related to the implementation of a tourism-related marketing initiative, meeting or event will be reimbursed under the program. Examples of eligible expenses include the following:

a. The costs associated with all phases of the execution of marketing tactics and strategies, including planning and design and production of tools such as advertising, print materials, digital tools and exhibits for consumer-focused tradeshows.

b. The costs associated with acquiring a regional or national tourism-related meeting, including but not limited to bid fees, rights fees, sponsorships, payments to vendors, venue rental, and equipment rental.
The costs associated with executing a local event or festival, including but not limited to payments to vendors, payments to speakers or entertainers, venue rental, and equipment rental for new events or existing events in Iowa in order to augment the event.

42.6(3) Ineligible expenses. Expenses that are not directly related to the implementation of a tourism-related marketing initiative, meeting or event will be deemed ineligible. Ineligible expenses include but are not limited to vertical infrastructure; staff salaries and wages; equipment and software; solicitation efforts; lobbying fees; items that are purchased for resale; prizes given to participants or event/festival attendees; alcoholic beverages; internships; all travel, meal and lodging costs of applicant staff or the applicant’s contractor; projects that receive funding from the authority’s regional sports authority district program; marketing programs already subsidized by the authority including, but not limited to, advertising in the Iowa travel guide or participation in the cooperative partnership program; or a project of an Iowa tourism region.

42.6(4) Required records and reimbursements. A grantee shall submit any records requested by the authority as documentation of the expenditures incurred for implementation of the project. Such records may include invoices, original receipts, or check copies. If a grantee pays an expense using a credit card, the grantee shall submit a copy of a check register or bank statement indicating that the credit card invoice was paid. The authority will not reimburse expenses included on a nonitemized receipt.

42.6(5) Repayments of certain funds. If the authority reimburses a grantee for the cost of a refundable bid fee and the grantee is unsuccessful in the effort to win the right to hold that event, then the grantee shall return the amount of such reimbursement to the authority.

42.6(6) Reallocation of funds. If, at the time of a grantee’s final reporting of expenses, the grantee cannot adequately document eligible expenses or documents an amount that is less than the awarded amount, the authority may award additional funds to other grantees, open additional rounds of applications, or revert the moneys to the general fund. If the authority awards additional funds to other grantees, such grantees shall submit documentation establishing how such funds will be expended, and the authority will execute contract amendments providing for the expenditure of the additional funds.

These rules are intended to implement Iowa Code section 15.106A.

If the department finds that the grantee is not in compliance with the requirements of these rules or grant agreement, the grantee may be required to refund to the state all disallowed costs. Reasons for a finding of noncompliance include, but are not limited to, a finding that the grant funds were used for unauthorized activities, the grantee has failed to complete approved activities in a timely manner, the grantee has failed to comply with applicable laws and regulations of the grant agreement, or the grantee lacks the capacity to carry out the purposes of the program.

261—45.3(15) Program description.

45.3(1) Amount, form, and timing of assistance.

a. The program provides financial assistance to cities for the redevelopment or remediation of underutilized buildings. The amount of assistance awarded will be determined by the authority based on the total amount of funds available to the authority for the program and based on the project details. Each applicant shall receive no more than one grant per project per fiscal year. The maximum grant amount per applicant per fiscal year shall not exceed $100,000. If an applicant received a technical assistance grant under paragraph 45.3(2)”b,” the amount of the financial assistance for redevelopment or remediation plus the amount of the technical assistance grant shall not exceed the maximum grant amount of $100,000.

b. In providing grants under this chapter, the authority shall allocate 40 percent of the moneys available at the beginning of each fiscal year to funding grants to cities with populations of less than 1,500 as shown by the most recent federal census. If at the end of each application period the amount of grants awarded to cities with a population of less than 1,500 is less than the amount allocated to such grants under this rule, the balance may be awarded to any approved applicant, regardless of city population.

45.3(2) Application.

a. Forms. All applications and other filings related to the program shall be on such forms and in accordance with such instructions as may be established by the authority. Information about the program, the application, and application instructions may be obtained by contacting the authority or by visiting the authority’s Web site:

Iowa Economic Development Authority
Community Development Division
200 East Grand Avenue, Des Moines, Iowa 50309
(515)725-3000
http://iowaeconomicdevelopment.com/

b. Preapplication. An application may not be submitted to the authority until a preapplication has been submitted to the authority and the authority has approved submission of the application. A preapplication may be submitted to the authority at any time. Following the receipt of a preapplication, the authority may offer technical assistance, including technical assistance grants up to $5,000 per applicant per fiscal year. The purpose of such technical assistance and technical assistance grants shall be to ensure a complete application that is sufficiently detailed to enable the authority to make a determination. The authority reserves the right to deny an application if the applicant’s preapplication was submitted less than 30 days before the announced application period.
c. **Application period.** Each fiscal year during which funding is available, applications for financial assistance other than applications for emergency projects submitted pursuant to paragraph 45.3(2)“e” will only be accepted during the established application period, or periods, as identified by the authority on its Web site. The authority will accept applications year-round for emergency projects submitted pursuant to paragraph 45.3(2)“e.”

d. **Complete application required.** An application shall not be considered submitted for review until the application is completed and all required supporting documentation and information are provided.

e. **Emergency project applications.** Cities that identify projects which present a unique and immediate threat or opportunity may submit an application for funding at any time. For purposes of this subrule, a “unique or immediate threat” includes unforeseen challenges or problems that could result in catastrophic failure of a building’s structural system and overall integrity. A threat includes various acts of nature, such as flood, fire, or storm damage, or sudden and unexpected structural failures, such as partial wall collapse. Deferred maintenance will not be considered an immediate threat. For purposes of this subrule, a “unique or immediate opportunity” means a time-sensitive remediation project that is reasonably expected to result in economic growth. All applications for financial assistance for projects submitted under this subrule must meet all other requirements of this program and shall be scored using the same criteria as the criteria that are applied to applications for financial assistance for projects submitted during the regular application period.

45.3(3) **Approval of assistance.** The authority will review, score, and recommend applications for financial assistance under the program to the director. Authority staff will review applications for financial assistance and score the applications in accordance with subrule 45.4(2). A project that does not receive funding may reapply.

45.3(4) **Agreement required.** The authority shall enter into an agreement with each applicant for the receipt of a grant under this chapter. The agreement must state the terms on which the financial assistance is to be provided. For an applicant to receive grant moneys under this chapter, the agreement must require the applicant to provide resources, including financial or in-kind resources, to the remediation project. The authority may negotiate the terms of the agreement. The applicant shall execute the agreement before funds are disbursed under the program.

45.3(5) **Form of financial assistance.** The authority will provide financial assistance in the form of a grant to the applicant. The amount of the grant and any other terms shall be included in the agreement required pursuant to this chapter.

45.3(6) **Use of funds.**

a. An applicant shall use funds only for reimbursement of the costs directly related to the project. The authority may require documentation or other information establishing the actual costs incurred for a project. Failure to use the funds for reimbursement of the costs directly related to a project shall be grounds for default under the agreement required pursuant to this chapter.

b. The authority shall coordinate with the applicant to develop a plan for the use of grant moneys that is consistent with the community development, housing, and economic development goals of the city. The terms of the agreement executed pursuant to these rules and the use of grants provided under this program shall be consistent with the plan developed.

[ARC 3384C, IAB 10/11/17, effective 11/15/17]

261—45.4(15) **Program eligibility, application scoring, and funding decisions.**

45.4(1) **Program eligibility.** An applicant must meet the following eligibility criteria to qualify for financial assistance under this program:

a. The applicant must be a city. If the project building or buildings are owned by an entity other than the city, the city must provide information to the authority regarding ownership and the relationship between the owner and the city.

b. The building or buildings that constitute the project must meet the definition of “underutilized building” as determined by the authority.
c. The building or buildings that constitute the project must meet the definition of “community catalyst.” The authority shall determine whether the building or buildings meet the definition of “community catalyst” set out in rule 261—45.2(15).

d. The project must include financial or in-kind resources contributed by the city.

e. The applicant must complete the application and provide all other information and documents reasonably required by the authority.

45.4(2) Application scoring criteria. All completed applications will be reviewed and scored. In order for an applicant to be considered for funding, the application must meet or exceed a minimum score established by the authority. Each application will be scored using criteria set forth by the authority, which may include the following:

a. Economic impact of remediation project. The authority will take into account the potential economic growth and investment that is reasonably expected to occur as a result of the project. The applicant must provide information demonstrating that the expected economic impact of the project is reasonable based on existing factors.

b. Local government support. The level and amount of local government support, including financial support, will be considered for each applicant.

c. Readiness. The authority will assess whether the project is well-prepared and ready to begin within a reasonable amount of time.

d. Project plan and time line. The authority will assess whether the applicant has prepared a detailed project plan and time line for the execution of the project.

e. Project financing. The authority will assess whether the applicant has secured financing and is financially prepared to complete the project.

45.4(3) Funding decisions. Funding decisions will be made using the following process:

a. Staff review. Each application will be reviewed and scored by staff using the eligibility and scoring criteria under this rule. The scores assigned by all participating staff will be added together and divided by the number of participating staff to determine an average numerical score. The application and the average numerical score will be referred to the director with a recommendation as to whether to fund the project and, if funding is recommended, a recommendation as to the amount of the grant.

b. Director’s decision. The director will make the final funding decision on each application, taking into consideration the amount of available funding, the average numerical score of the application, and the recommendations made by community development division staff. The director may approve, deny, or defer funding for any application.

c. Minimum score required. In order to receive financial assistance under this program, the application must receive an average minimum score established by the authority. A score exceeding the minimum does not guarantee that the applicant will receive funding.

d. Notification. Each applicant will be notified in writing of the funding decision within 60 days of receipt by the authority of a complete application unless extenuating circumstances exist.

261—45.5(15) Agreement required.

45.5(1) Each applicant that is approved for financial assistance under the program shall enter into an agreement with the authority for the provision of such financial assistance. The agreement will establish the terms on which the financial assistance is to be provided and may include any other terms reasonably necessary for the efficient administration of the program.

45.5(2) The authority and the applicant may amend the agreement at any time upon the mutual agreement of both the authority and the applicant.

45.5(3) The agreement may require an applicant that has been approved for financial assistance under the program to submit information reasonably required by the authority to make reports to the authority’s board, the governor’s office, or the general assembly.

These rules are intended to implement Iowa Code section 15.231.

2. The potential for future philanthropic activity in the area represented or being considered for assistance.
3. The proportion of the funding match being provided.
4. For community affiliate organizations, the demonstrated need for the creation of a community affiliate endowment fund in the applicant’s geographic area.
5. The identification of community needs and the manner in which additional funding will address those needs.
6. The geographic diversity of awards.

261—47.3(15E) Authorization of tax credits to taxpayers. The authority shall authorize tax credits to qualified taxpayers who provide an endowment gift to an endow Iowa qualified community foundation or a community affiliate organization affiliated with an endow Iowa qualified community foundation for a permanent endowment fund within the state of Iowa in accordance with the following provisions:

47.3(1) Approved tax credits shall be allowed against taxes imposed in Iowa Code chapter 422, divisions II, III, and V, and in Iowa Code chapter 432, and against the moneys and credits tax imposed in Iowa Code section 533.24.

47.3(2) Beginning January 1, 2010, approved tax credits will be equal to 25 percent of a taxpayer’s gift to a permanent endowment held in an endow Iowa qualified community foundation. For calendar year 2011 and for all subsequent calendar years, the annual base authorization amount of available tax credits is $3.5 million. If the authority receives applications for tax credits in excess of the amount available, the applications shall be prioritized by the date the authority received the applications. If the number of applications exceeds the amount of annual tax credits available, the
authority shall establish a wait list for the next year’s allocation of tax credits and applications shall first be funded in the order listed on the wait list.

47.3(4) Any tax credit in excess of the taxpayer’s tax liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever occurs first.

261—47.4(15E) Distribution process and review criteria. The authority shall develop and make available a standardized application pertaining to the allocation of endow Iowa tax credits.

47.4(1) Twenty-five percent of the annual amount available for tax credits shall be reserved for those permanent endowment gifts made to community affiliate organizations. 47.4(2) Ten percent of the annual amount available for tax credits shall be reserved for those permanent endowment gifts totaling $30,000 or less. If by September 1 of any year the entire 10 percent reserved for permanent endowment gifts totaling $30,000 or less is not allocated, the amount remaining shall be available for other applicants.

CHAPTER 48
WORKFORCE HOUSING TAX INCENTIVES PROGRAM

261—48.1(15) Authority. The authority for adopting rules establishing a workforce housing tax incentives program is provided in Iowa Code sections 15.106A and 15.356.

[ARC 1801C, IAB 12/24/14, effective 1/28/15; ARC 3581C, IAB 1/17/18, effective 2/21/18]

261—48.2(15) Purpose. The purpose of the program is to assist the development of workforce housing in Iowa communities by providing incentives for housing projects that are targeted at middle-income households and that focus on the redevelopment or repurposing of existing structures.

[ARC 1801C, IAB 12/24/14, effective 1/28/15]

261—48.3(15) Definitions. As used in this chapter, unless the context otherwise requires:

"Authority" means the economic development authority created in Iowa Code section 15.105.

"Board" means the members of the economic development authority appointed by the governor and in whom the powers of the authority are vested pursuant to Iowa Code section 15.105.

"Brownfield site" means an abandoned, idled, or underutilized property where expansion or redevelopment is complicated by real or perceived environmental contamination. A brownfield site includes property contiguous with the site on which the property is located. A brownfield site does not include property which has been placed, or is proposed for placement, on the national priorities list established pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §9601 et seq. In order to administer similar programs in a similar manner, the authority will attempt to apply this definition in substantially the same way as similar definitions are applied by the brownfield advisory council established in Iowa Code section 15.294 and may consult members of the council or other staff as necessary.

"Community" means a city or county.

"Costs directly related" means expenditures that are incurred for construction of a housing project to the extent that they are attributable directly to the improvement of the property or its structures.

"Costs directly related" includes expenditures for property acquisition, site preparation work, surveying, construction materials, construction labor, architectural services, engineering services, building permits, building inspection fees, and interest accrued on a construction loan during the time period allowed for project completion under an agreement entered into pursuant to the program. "Costs directly related" does not include expenditures for furnishings, appliances, accounting services, legal services, loan origination and other financing costs, syndication fees and related costs, developer fees, or the costs associated with selling or renting the dwelling units whether incurred before or after completion of the housing project.

"Disaster recovery housing project" means a qualified housing project located in a county that has been declared a major disaster by the President of the United States on or after March 12, 2019, and that is also a county in which individuals are eligible for federal individual assistance.

"Grayfield site" means a property meeting all of the following requirements:

1. The property has been developed and has infrastructure in place but the property’s current use is outdated or prevents a better or more efficient use of the property. Such property includes vacant, blighted, obsolete, or otherwise underutilized property.

2. The property’s improvements and infrastructure are at least 25 years old and one or more of the following conditions exists:
   1. Thirty percent or more of a building located on the property that is available for occupancy has been vacant or unoccupied for a period of 12 months or more.
   2. The assessed value of the improvements on the property has decreased by 25 percent or more.
   3. The property is currently being used as a parking lot.
   4. The improvements on the property no longer exist.

In administering the program, the authority will attempt to apply this definition in substantially the same manner as similar definitions are applied by the brownfield advisory council established in Iowa Code section 15.294.
“Greenfield site” means a site that does not meet the definition of a brownfield site or grayfield site. A project proposed at a site located on previously undeveloped or agricultural land shall be presumed to be a greenfield site.

“Housing business” means a business that is a housing developer, housing contractor, or nonprofit organization that completes a housing project in the state.

“Housing project” means a project located in this state meeting the requirements of rule 261—48.4(15).

“Laborshed area” means the same as defined in 261—Chapter 173.

“Laborshed wage” means the same as defined in 261—Chapter 173.

“Multi-use building” means a building whose street-level ground story is used for a purpose that is other than residential, and whose upper story or stories are currently used primarily for a residential purpose, or will be used primarily for a residential purpose after completion of the housing project associated with the building.

“New dwelling units” means dwelling units that are made available for occupancy in a community as a result of a housing project and that were not available for occupancy as residential housing in the community for a period of at least six months prior to the date on which application is made to the authority under the program. If a dwelling unit has served as residential housing and been occupied during the six months preceding the date on which application is made to the authority under the program, then the dwelling unit shall be presumed not to be a new dwelling unit.

“Program” means the workforce housing tax incentives program administered under this chapter.

“Qualifying new investment” means costs that are directly related to the acquisition, repair, rehabilitation, or redevelopment of a housing project in this state. For purposes of this rule, “costs directly related to acquisition” includes the costs associated with the purchase of real property or other structures.

1. “Qualifying new investment” includes costs that are directly related to new construction of dwelling units if the new construction occurs in a distressed workforce housing community.

2. The amount of costs that may be used to compute “qualifying new investment” shall not exceed the costs used for the first $150,000 of value for each dwelling unit that is part of a housing project.

3. “Qualifying new investment” does not include the following:
   1. The portion of the total cost of a housing project that is financed by federal, state, or local government tax credits, grants, forgivable loans, or other forms of financial assistance that do not require repayment, excluding the tax incentives provided under this program.
   2. If a housing project includes the rehabilitation, repair, or redevelopment of an existing multi-use building, the portion of the total acquisition costs of the multi-use building, including a proportionate share of the total acquisition costs of the land upon which the multi-use building is situated, that are attributable to the street-level ground story that is used for a purpose that is other than residential.
   3. Any costs, including acquisition costs, incurred before the housing project is approved by the authority.

“Rehabilitation, repair, or redevelopment” means construction or development activities associated with a housing project that are undertaken for the purpose of reusing or repurposing existing buildings or structures as new dwelling units. Rehabilitation, repair, or redevelopment does not include new construction of dwelling units at a greenfield site. Rehabilitation, repair, or redevelopment includes new structures at a qualified grayfield site.

“Small city” means any city or township located in this state, except those located wholly within one or more of the 11 most populous counties in the state, as determined by the most recent population estimates issued by the United States bureau of census.

261—48.4(15) Housing project requirements.

48.4(1) Minimum requirements. To receive workforce housing tax incentives pursuant to the program, a proposed housing project shall meet all of the following requirements:
a. The project includes at least one of the following:
   (1) Four or more single-family dwelling units, except for a project located in a small city, then two or more single-family dwelling units.
   (2) One or more multiple dwelling unit buildings each containing three or more individual dwelling units.
   (3) Two or more dwelling units located in the upper story of an existing multi-use building.

b. The project consists of any of the following:
   (1) Rehabilitation, repair, or redevelopment at a brownfield site or grayfield site that results in new dwelling units.
   (2) The rehabilitation, repair, or redevelopment of dilapidated dwelling units.
   (3) The rehabilitation, repair, or redevelopment of dwelling units located in the upper story of an existing multi-use building.
   (4) The new construction, rehabilitation, repair, or redevelopment of dwelling units in a distressed workforce housing community. The authority will determine whether a community is considered a distressed workforce housing community pursuant to subrule 48.4(2).
   (5) For a project located in a small city that meets the minimum housing project requirements under this subrule, development at a greenfield site. A project located in a small city is not required to complete the distressed workforce housing community application pursuant to subrule 48.4(2).

c. (1) Except as provided in subparagraphs (2) and (3) below, the average dwelling unit cost does not exceed $200,000 per dwelling unit. For purposes of this rule, the average dwelling unit cost equals the costs directly related to the housing project divided by the total number of dwelling units in the housing project.
   (2) The average dwelling unit cost does not exceed $250,000 per dwelling unit if the project involves the rehabilitation, repair, redevelopment, or preservation of eligible property, as that term is defined in Iowa Code section 404A.1(8)“a.”
   (3) The average dwelling unit cost does not exceed $215,000 per dwelling unit if the project is located in a small city.

d. The dwelling units, when completed and made available for occupancy, meet the U.S. Department of Housing and Urban Development’s housing quality standards and all applicable local safety standards.

e. The project is not located in a 100-year floodplain.

48.4(2) Distressed workforce housing community designations.

a. The determination as to whether a community is considered a distressed workforce housing community is within the discretion of the authority. The authority will consider applications from communities for designation as a distressed workforce housing community for purposes of this subrule. A community must apply for and receive such a designation before the authority will approve any housing project application seeking to establish eligibility under subparagraph 48.4(1)“b”(4). A designation as a distressed workforce housing community will last one year, but communities may reapply each year. The authority will make a determination on the distressed workforce housing status of a community after considering all of the following factors:
   (1) Whether or not the community has a severe housing shortage relative to demand, low vacancy rates, or rising housing costs combined with low unemployment as described in paragraph 48.4(2)”b.”
   (2) The relative merits of all applications for designation as a distressed workforce housing community. The relative merits will be assessed according to the process and criteria described in paragraph 48.4(2)”b.”
   (3) The demand for projects applying under this subrule compared to the demand for projects applying as rehabilitation, repair, or redevelopment projects.

b. In considering the factors described in paragraph 48.4(2)”a.,” the authority will attempt to quantify the extent of housing distress in a community by evaluating and scoring each application from 1 to 100 according to the following criteria:
   (1) The results of a housing needs assessment submitted to the authority and the extent to which the assessment indicates a distressed housing market in the community: 10 points.
The housing needs assessment shall be prepared by a third party and shall have been prepared no more than three years prior to the date on which a housing project application is submitted to the authority. Such an assessment shall address whether or not the community has a severe housing shortage relative to demand, low vacancy rates, or rising housing costs combined with low unemployment.

(2) The annual number of building permits issued in the community for the most recent three-year period and the extent to which a low volume of permits indicates that the local housing market is in need of additional incentives to increase development: 10 points.

For purposes of this criterion, the authority will consider a low annual permit volume to be either 100 permits or less or a number of issued permits that is 1 percent or less of the community’s currently available housing stock.

(3) The homeowner vacancy rate in the community and the extent to which the rate indicates that additional incentives are needed to increase the available housing stock: 10 points.

For purposes of this criterion, the authority will consider a vacancy rate of 1 percent to be low and a vacancy rate of 2 percent to be a typically acceptable rate on a national basis.

(4) The annual volume of homeowner unit sales in the community for the most recent three-year period and the extent to which a low volume indicates a shortage of available housing: 10 points.

For purposes of this criterion, the authority will consider information indicating that the volume of sales in a community is materially lower than the volume of sales in substantially similar communities elsewhere in the state or nation.

(5) The annual average length of time it takes to sell homeowner units in the community for the most recent three-year period and the extent to which the average length of time indicates high demand for housing in the community: 10 points.

For purposes of this criterion, the authority will consider an average time of 90 days or less to indicate a high demand for available housing.

(6) The annual average rental vacancy rate in the community and the extent to which a low vacancy rate indicates high demand for housing in the community: 10 points.

For purposes of this criterion, the authority will consider a rental vacancy rate of 5 percent or less to be a low vacancy rate.

(7) The annual average length of time it takes to lease rental units in the community for the most recent three-year period and the extent to which the average length of time indicates high demand for rental housing in the community: 10 points.

For purposes of this criterion, the authority will consider an average time of 30 days or less to indicate a high demand for available housing.

(8) The average housing costs in the community and the extent to which those costs are considered affordable: 10 points.

For purposes of this criterion, the authority will only consider data from an industry standard housing affordability index.

(9) The average unemployment rate for the community and the extent to which a low unemployment rate contributes to increased demand for housing in the community: 10 points.

For purposes of this criterion, the authority will consider unemployment data from both the community and the applicable laborshed area.

(10) The laborshed wage applicable to the community and the extent to which low relative wages negatively impact the affordability of housing in the community: 10 points.

For purposes of this criterion, the authority will use laborshed wages as calculated by the Iowa department of workforce development for purposes of the high quality jobs program.

48.4(3) Minimum score required for distressed community designations. To be designated as a distressed workforce housing community under subrule 48.4(2), a community must receive a score of 70 points or more.

[ARC 1801C, IAB 12/24/14, effective 1/28/15; ARC 3581C, IAB 1/17/18, effective 2/21/18; ARC 5139C, IAB 8/12/20, effective 9/16/20]

261—48.5(15) Housing project application and agreement.
48.5(1) Application.
   a. A housing business seeking workforce housing tax incentives provided in rule 261—48.6(15) shall make application to the authority in the manner prescribed in this rule.
   b. The application required in paragraph 48.5(1) “a” shall include all of the following:
      (1) The following information establishing local participation for the housing project:
         1. A resolution in support of the housing project by the community where the housing project will be located.
         2. Documentation of local matching funds pledged for the housing project in an amount equal to at least $1,000 per dwelling unit, including but not limited to a funding agreement between the housing business and the community where the housing project will be located. For purposes of this paragraph, local matching funds shall be in the form of cash or cash equivalents or in the form of a local property tax exemption, rebate, refund, or reimbursement.
      (2) A report that meets the requirements and conditions of Iowa Code section 15.330(9) if required.
      (3) Information showing the total costs and funding sources of the housing project sufficient to allow the authority to adequately determine the financing that will be utilized for the housing project, the actual cost of the dwelling units, and the amount of qualifying new investment.
      (4) Any other information deemed necessary by the authority to evaluate the eligibility and financial need of the housing project under the program.

48.5(2) Application review—tax incentive award.
   a. All completed applications shall be reviewed and scored on a competitive basis by the authority pursuant to these rules. Review criteria include but are not limited to project need, project readiness, financial capacity, and project impact.
   b. Upon review and scoring of all applications received during an application period, the authority may make a tax incentive award to a housing project. The tax incentive award shall represent the maximum amount of tax incentives the housing project may qualify for under the program. In determining a tax incentive award, the authority shall not use an amount of project costs that exceeds the amount included in the application from the housing business. Tax incentive awards shall be approved by the director of the authority.
   c. After making a tax incentive award, the authority shall notify the housing business of its tax incentive award. The notification shall include the amount of tax incentives under rule 261—48.6(15) for which the housing business has received an award and a statement that the housing business has no right to receive a tax incentive certificate or claim a tax incentive until all requirements of the program, including all requirements imposed by the agreement entered into pursuant to paragraph 48.5(3) “a,” are satisfied. The amount of tax credits included on a tax credit certificate issued pursuant to this chapter, or a claim for refund of sales and use taxes, shall be contingent upon completion of the requirements in subrule 48.5(3).
   d. An applicant that does not receive a tax incentive award during an application period may make additional applications during subsequent application periods. Such applicant shall be required to submit a new application and shall be competitively reviewed and scored in the same manner as other applicants in that application period.

48.5(3) Agreement and fees.
   a. Upon receiving a tax incentive award for a housing project, the housing business shall enter into an agreement with the authority for the successful completion of all requirements of the program. The agreement shall identify the tax incentive amount, the tax incentive award date, the project completion deadline and the total costs of the housing project.
   b. The compliance cost fees imposed in Iowa Code section 15.330(12) shall apply to all agreements entered into under this program and shall be collected by the authority in the same manner and to the same extent as described in that provision.
   c. Housing project completion deadline.
      (1) Except as provided in subparagraph 48.5(3) “c”(2), a housing business shall complete its housing project within three years from the date the housing project is registered by the authority.
(2) The authority may for good cause within the discretion of the authority extend a housing project’s completion deadline once by up to 12 months upon application by the housing business, which application shall be made prior to the expiration of the three-year completion deadline in subparagraph 48.5(3)”c”(1) in the manner and form prescribed by the authority.

   d. Upon completion of a housing project, an examination of the project in accordance with the American Institute of Certified Public Accountants’ statements on standards for attestation engagements, completed by a certified public accountant authorized to practice in this state, shall be submitted to the authority.

   e. Upon review of the examination and verification of the amount of the qualifying new investment, the authority may notify the housing business of the amount that the housing business may claim as a refund of the sales and use taxes under subrule 48.6(2) and may issue a tax credit certificate to the housing business stating the amount of workforce housing investment tax credits under rule 261—48.6(15) that the eligible housing business may claim. The sum of the amount that the housing business may claim as a refund of the sales and use tax and the amount of the tax credit certificate shall not exceed the amount of the tax incentive award.

   f. If, upon review of the examination in paragraph 48.5(3)”d,” the authority determines that a housing project has incurred project costs in excess of the amount submitted in the application and identified in the agreement, the authority shall do one of the following:

      (1) If the project costs do not cause the housing project’s average dwelling unit cost to exceed the applicable maximum amount authorized in subrule 48.4(1), the authority may consider the agreement fulfilled and may issue a tax credit certificate.

      (2) If the project costs cause the housing project’s average dwelling cost to exceed the applicable maximum amount authorized in paragraph 48.4(1)”c” but do not cause the average dwelling unit cost to exceed 110 percent of such applicable amount, the authority shall reduce the tax incentive award and the corresponding amount of tax incentives the eligible project may claim under rule 261—48.6(15) by the same percentage that the housing project’s average dwelling cost exceeds the applicable maximum amount under paragraph 48.4(1)”c,” and such tax incentive reduction shall be reflected on the tax credit certificate. If the authority issues a certificate pursuant to this subrule, the department of revenue shall accept the certificate notwithstanding that the housing project’s average dwelling unit cost exceeds the maximum amount specified in paragraph 48.4(1)”c.”

   c. The authority shall issue tax incentives under the program on a first-come, first-served basis until the maximum amount of tax incentives allocated pursuant to Iowa Code section 15.119(2) is reached. The authority shall maintain a list of registered housing projects under the program so that if the maximum aggregate amount of tax incentives is reached in a given fiscal year, registered housing projects that were completed but for which tax incentives were not issued shall be placed on a wait list
in the order the registered housing projects were registered and shall be given priority for receiving tax incentives in succeeding fiscal years.

48.5(5) Termination and repayment. The failure by a housing business in completing a housing project to comply with any requirement of this program or any of the terms and obligations of an agreement entered into pursuant to this rule may result in the reduction, termination, or rescission of the approved tax incentives and may subject the housing business to the repayment or recapture of tax incentives claimed under rule 261—48.6(15). The repayment or recapture of tax incentives pursuant to this rule shall be accomplished in the same manner as provided in Iowa Code section 15.330(2).

CHAPTER 49
HISTORIC PRESERVATION AND CULTURAL AND ENTERTAINMENT DISTRICT TAX CREDITS

FOR PROJECTS REGISTERED ON OR AFTER AUGUST 15, 2016

261—49.1(303,404A) Purpose. A historic preservation and cultural and entertainment district tax credit may be applied against the income tax imposed under Iowa Code chapter 422, division II, III, or V, or Iowa Code chapter 432 for qualified rehabilitation projects that have entered into and complied with an agreement with the economic development authority (hereinafter referred to as “the authority”) and complied with all applicable terms, laws, and rules. The program is administered by the authority with the assistance of the department of cultural affairs and the department of revenue. The general assembly has mandated that the authority, the department of cultural affairs and the department of revenue adopt rules to jointly administer Iowa Code chapter 404A. In general, the department of cultural affairs reviews historic preservation issues and evaluates whether projects comply with the prescribed historic standards for rehabilitation. Once the historical significance and description of rehabilitation have been approved, the authority enters into an agreement with the eligible taxpayer and issues a tax credit upon completion of all program requirements and verification of qualified rehabilitation expenditures. The department of revenue is responsible for administering tax credit transfers and processing tax credit claims. This chapter sets forth the administration of the program by the authority. The administrative rules for the department of cultural affairs’ administration of the program can be found in rules 223—48.22(404A) through 223—48.37(303,404A). The administrative rules for the department of revenue’s administration of the program may be found in rules 701—42.19(404A), 701—42.55(404A,422), 701—52.48(404A,422), and 701—58.10(404A,422).

[ARC 2944C; IAB 2/15/17, effective 3/22/17]

261—49.2(404A) Program transition. The 2016 general assembly made several changes to the historic tax credit program, including transferring the primary responsibility for the program’s administration to the authority in consultation with the department of cultural affairs. For projects registered prior to August 15, 2016, the program is administered by the department of cultural affairs and the department of revenue pursuant to the statutes and rules that apply to projects registered prior to August 15, 2016. On or after August 15, 2016, the program is administered by the economic development authority in consultation with the department of cultural affairs pursuant to Iowa Code chapter 404A. Chapter 49 applies to projects that are registered on or after August 15, 2016.

261—49.4(404A) Qualified rehabilitation expenditures.

49.4(1) Definition. “Qualified rehabilitation expenditures” or “QREs” means expenditures that meet the definition of “qualified rehabilitation expenditures” in Section 47 of the Internal Revenue Code and are specified in the agreement.

49.4(2) Expenditures incurred by nonprofit organizations. Notwithstanding the foregoing subrule, expenditures incurred by an eligible taxpayer that is a nonprofit organization shall be considered “qualified rehabilitation expenditures” if they are any of the following:

a. Expenditures made for structural components, as that term is defined in Treasury Regulation §1.48-1(e)(2).

b. Expenditures made for architectural and engineering fees, site survey fees, legal expenses, insurance premiums, and development fees.

49.4(3) What expenditures qualify. “Qualified rehabilitation expenditures” may include:

a. Expenditures incurred prior to the date an agreement is entered into under Iowa Code section 404A.3(3). The amount of the historic tax credit is a maximum of 25 percent of the qualified rehabilitation expenditures verified by the authority following project completion, up to the amount specified in the agreement between the eligible taxpayer and the authority.

b. Reasonable developer fees. The authority may establish limits on developer fees and may adjust those limits. Any adjustment made to the established limit shall take effect 24 months after the adjustment is published on the authority’s Web site. Developer fees that are qualified rehabilitation expenditures and that meet the limits effective at the time the registration application is submitted shall be deemed reasonable by the authority.

49.4(4) Government financing. “Qualified rehabilitation expenditures” does not include those expenditures financed by federal, state, or local government grants or forgivable loans unless otherwise allowed under Section 47 of the Internal Revenue Code. For an eligible taxpayer that is not eligible for the federal rehabilitation credit, expenditures financed with federal, state, or local government grants or forgivable loans are not qualified rehabilitation expenditures.

[ARC 2944C, IAB 2/15/17, effective 3/22/17]

261—49.5(404A) Historic preservation and cultural and entertainment district tax credit.

49.5(1) Tax credit. An eligible taxpayer who has entered into and complied with an agreement under Iowa Code section 404A.3(3) and has complied with the program statutes and rules is eligible to claim a historic tax credit of 25 percent of the qualified rehabilitation expenditures of a qualified rehabilitation project that are specified in the agreement. Notwithstanding any other provision in Iowa Code chapter 404A, this chapter, or any provision in the agreement to the contrary, the amount of the tax credit shall not exceed 25 percent of the final qualified rehabilitation expenditures verified by the authority pursuant to Iowa Code section 404A.3(5) “c.”
49.5(2) Who may claim the credit. The tax credit shall be allowed against the taxes imposed in Iowa Code chapter 422, divisions II, III, and V, and in Iowa Code chapter 432. An individual may claim a tax credit under this rule of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. For an individual claiming a tax credit of an estate or trust, the amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the estate or trust. For an individual claiming a tax credit of a partnership, limited liability company, or S corporation, the amount claimed by the partner, member, or shareholder, respectively, shall be based upon the amounts designated by the eligible partnership, S corporation, or limited liability company, as applicable.

49.5(3) Transferability. Tax credit certificates issued under Iowa Code section 404A.3 may be transferred to any person. For information on transfer of tax credits under this program, see department of revenue rules 701—42.55(404A,422), 701—52.48(404A,422), and 701—58.10(404A,422).

49.5(4) Refundability and carryforward. An eligible taxpayer or a transferee may elect to receive either a refundable or a nonrefundable tax credit. For information on refundable and nonrefundable tax credits, including the carryforward of nonrefundable tax credits, see department of revenue rules 701—42.55(404A,422), 701—52.48(404A,422), and 701—58.10(404A,422).

49.5(5) How to claim the tax credit. For information on how to claim the tax credit, see department of revenue rules 701—42.55(404A,422), 701—52.48(404A,422), and 701—58.10(404A,422). [ARC 2944C; IAB 2/15/17, effective 3/22/17]

261—49.6(404A) Management of annual aggregate tax credit award limit. The authority shall not register, as described in rule 261—49.13(404A), more projects in a given fiscal year for tentative awards than there are tax credits available for that fiscal year under Iowa Code section 404A.4. The authority will determine the projects for which sufficient tax credits are available based on the estimated qualified rehabilitation expenditures identified in the registration application, plus allowable cost overruns as described in paragraph 49.14(1)“c.”

49.6(1) Registration scoring. If applicants’ total tax credit requests from a fiscal year allocation exceed the tax credit allocation for that fiscal year, the authority will prioritize its determinations based on the applicants’ registration scores. All registered projects must meet the minimum score as described in rule 261—49.13(404A). If there are no more projects that meet the minimum score as described in rule 261—49.13(404A), the authority may make the remaining tax credits available for small projects or allow the remaining tax credits for the fiscal year to carry forward to the succeeding fiscal year to the extent permitted by Iowa Code section 404A.4.

49.6(2) Registrations for future tax credit allocations. Registrations for future tax credit allocations require a new application. When registering projects for a particular fiscal year, the authority shall not award, reserve, or register tax credits from future fiscal years’ tax credit allocations. An applicant whose project is not registered due to an insufficient score or noncompliance with the application or the program statute or rules may submit future applications for future fiscal year tax credit allocations.

49.6(3) Reallocation or rollover of available tax credit awards. Tax credits may be reallocated or rolled over into future fiscal years to the extent permitted by Iowa Code section 404A.4. [ARC 2944C; IAB 2/15/17, effective 3/22/17]

261—49.7(404A) Application and agreement process, generally.

49.7(1) All applications and other filings related to the program shall be on such forms and in accordance with such instructions as may be established by the authority. Information about the program and a link to the online application and instructions may be obtained by contacting the authority or by visiting the authority’s Web site:

Iowa Economic Development Authority
Community Development Division
200 East Grand Avenue, Des Moines, Iowa 50309
(515)725-3000
http://iowaeconomicdevelopment.com/
49.7(2) An application shall not be considered submitted for review until the application is completed and all required supporting documentation and information are provided.

49.7(3) The application and agreement process consists of six steps:
   a. The applicant submits a Part 1 application to the authority, which is used to evaluate the property’s integrity and significance. The authority will consult with SHPO when reviewing the Part 1 application.
   b. Unless the Part 1 application is denied by the authority, the applicant participates in a preapplication meeting with SHPO and the authority to discuss what to expect for the remainder of the application process.
   c. If the Part 1 application is approved and the preapplication meeting is completed, the applicant submits a Part 2 application to the authority, which is used to evaluate the proposed rehabilitation work. The authority will consult with SHPO when reviewing the Part 2 application.
   d. If the Part 2 application is approved, the applicant submits a registration application to the authority, which is used to score the applicant’s rehabilitation plan and financial readiness. If the project is awarded a sufficient registration score, satisfies other requirements of the application and program, and sufficient tax credits are available, the authority may register the project.
   e. If the project is registered, the applicant may enter into an agreement with the authority that establishes the maximum amount of the tax credit award and the terms and conditions that must be met to receive the tax credits. An applicant must enter into and comply with an agreement in order to participate in the program and claim any tax credits.
   f. Once the project is completed and the property is placed in service, the applicant submits a Part 3 application to the authority, which is used to evaluate whether the completed work meets the federal standards and the other requirements of the agreement, laws, and regulations of the program. The authority will consult with SHPO when reviewing the Part 3 application.

A more detailed description of each step is provided in rules 261—49.10(404A) through 261—49.15(404A).

[ARC 2944C, IAB 2/15/17, effective 3/22/17]

261—49.8(404A) Small projects. Projects with anticipated final qualified rehabilitation expenditures of more than $750,000 will be evaluated as large projects. Projects with less than $750,000 or in the case of projects that exceed $750,000, the applicant may only submit its application as a large project. The authority will not permit a small project applicant to submit additional or amended applications that would cause the final qualified expenditures to exceed $750,000.

49.8(1) Small project fund. The authority shall allocate at least 5 percent of its annual fiscal year tax credit award limit to small projects.

49.8(2) Aggregate award limit. For applicants that receive credits from the small project allocation, the cumulative total award for multiple applications for a single property shall not exceed $750,000 in qualified rehabilitation expenditures plus any allowable cost overruns as described in paragraph 49.14(1)“c,” regardless of the final qualified rehabilitation expenditures. The authority will not accept an application by the same owner for a property for which credits were previously received through the small project fund if the application causes the cumulative total to exceed $750,000, plus any allowable cost overruns as described in paragraph 49.14(1)“c.”

49.8(3) Application and agreement process. The Part 1, Part 2, and Part 3 application process and the agreement requirements are the same for small projects as for large projects. The registration process for small projects differs from that for large projects. See subrule 49.13(8) for more information on the registration process for small projects.

[ARC 2944C, IAB 2/15/17, effective 3/22/17]

261—49.9(404A) Who may apply for the tax credit. Only an eligible taxpayer may apply for the tax credit. To be an eligible taxpayer, the applicant must be either (1) the fee simple owner or (2) a person that will ultimately qualify for the federal rehabilitation credit with respect to the qualified rehabilitation
project. A nonprofit organization as defined in rule 261—49.3(404A) may apply for the tax credit if the nonprofit organization is the fee simple owner of the property.

49.9(1) Applicants that are fee simple owners. If the applicant qualifies as an eligible taxpayer on the basis that the applicant is the fee simple owner of the property, the applicant will be expected to provide proof of title as described in subrule 49.10(2).

49.9(2) Applicants that will qualify for the federal credit. If the applicant qualifies as an eligible taxpayer on the basis that the applicant will qualify for the federal rehabilitation credit with regard to the property, the applicant will be asked to provide increasingly substantial evidence as described in subrules 49.10(2) and 49.12(1) that the applicant will qualify for the federal credit, culminating with proof of actual fee simple ownership or a long-term lease that meets the requirements of the federal rehabilitation credit before the agreement is entered into with the authority. Applicants that are eligible to apply under this subrule must obtain from the fee simple owner of the property a written statement which indicates that the owner is aware of the application and has no objection and include the statement with the application.

49.9(3) Who may not apply. Government bodies as defined in Iowa Code section 362.2 may not apply. Additionally, an applicant may not initiate the application process to apply for tax credits by submitting a Part 1 application on a project if all of the work has been completed and the qualified rehabilitation project has already been placed in service.

[ARC 2944C, IAB 2/15/17, effective 3/22/17]

261—49.10(404A) Part 1 application—evaluation of significance. The Part 1 application is used to determine whether the property is eligible to be a qualified rehabilitation project.

49.10(1) Types of property that are eligible. The property must meet the federal standards for historical significance.

49.10(2) Proof of status as eligible taxpayer. The Part 1 application may be submitted to the authority by an eligible taxpayer as described in rule 261—49.9(404A).

a. To prove the applicant is the fee simple owner, the applicant will be expected to provide title documentation. If the title is held in the name of an entity, the application must be accompanied by documentation which indicates that the signatory is the authorized representative of the entity.

b. If the applicant is not the fee simple owner but plans to apply for the federal rehabilitation credit, the applicant must provide a copy of the approved federal Part 1 application, unless the property is individually listed on the National Register of Historic Places. The applicant must also certify that the applicant plans to apply and expects to qualify for the federal credit, and the applicant must provide proof of permission from the fee simple owner as described in subrule 49.9(2).

49.10(3) Submission period. Part 1 applications may be submitted year-round.

49.10(4) Required information. Applicants must provide the authority a site plan, pre-rehabilitation photographs of the property, a copy of the county assessor’s statement for the property, and such other information as the authority may require.

49.10(5) Review process. The authority, in consultation with SHPO, will evaluate the appearance and condition of the building and verify the information provided by the applicant. The authority will notify the applicant if the Part 1 application is incomplete. Generally, the authority will review fully completed Part 1 applications within 90 calendar days of receipt. The 90-day review period will be adhered to as closely as possible; however, it is not mandatory. If the application is incomplete when submitted or if for any other reason the authority must request additional information, the 90-day review period will restart when the requested information is received by the authority. The application may be rejected if any requested information is not provided.

49.10(6) Response from the authority. Upon completion of the review, the authority shall issue a determination regarding whether the property meets the requirements to be considered historically significant.

49.10(7) Period of validity. A determination that the property meets the requirements to be considered historically significant shall be valid for five years from the issuance of the determination, provided that the property is maintained in a manner consistent with the federal standards and that the
fee simple owner of the property remains the same during such period. Changes to the property that are not approved by the authority shall automatically invalidate the determination of historical significance, and reestablishment of the historical significance of the property as well as submittal of a new Part 1 application for a determination that the property is eligible shall be required.

49.10(8) Amendments. An applicant shall amend an approved Part 1 application if the property changes ownership or if the applicant’s name or address changes prior to submission of a Part 2 application.

[ARC 2944C, IAB 2/15/17, effective 3/22/17]

261—49.11(404A) Preapplication meeting. The purpose of the preapplication meeting is to provide feedback to the applicant and other interested parties that will enable the applicant to better plan and prepare for submission of the Part 2 and registration applications.

49.11(1) Meeting requests. Once the completed Part 1 application is submitted, the applicant may request a preapplication meeting by using the preapplication form, which may be obtained by contacting the authority or by visiting the authority’s Web site.

49.11(2) Timing of the preapplication meeting. The meeting must take place no fewer than 30 days after the submission of the Part 1 application and prior to submission of the Part 2 application. Meetings may be held by telephone at the authority’s discretion.

49.11(3) Required information. The applicant must bring at least the following items to the meeting: preliminary drawings, photographs of the exterior (all elevations) and interior, a preliminary list of character-defining features and treatments or a draft Part 2 application, and a list of questions for which specific guidance is needed. The authority may request additional information. If the preapplication meeting will be held by telephone, the required documents must be submitted electronically at least one week prior to the meeting date.

[ARC 2944C, IAB 2/15/17, effective 3/22/17]

261—49.12(404A) Part 2 application—description of rehabilitation. The purpose of the Part 2 application is to determine whether the proposed rehabilitation work meets the federal standards. The applicant must describe the rehabilitation work to be undertaken on the property. The review of the Part 2 application is a preliminary determination only and is not binding upon the authority. A formal certification of rehabilitation shall be issued only after the rehabilitation work is completed.

49.12(1) Proof of status as eligible taxpayer. The Part 2 application must be submitted by an eligible taxpayer as described in rule 261—49.9(404A).

a. An applicant that is the fee simple owner does not need to provide any additional information regarding ownership unless there has been a change in ownership since the Part 1 application was approved.

b. If the applicant is not the fee simple owner but plans to apply for the federal rehabilitation credit, the applicant must provide a copy of the signature page of the approved federal Part 2 application signed by the National Park Service. The applicant must also certify that the applicant plans to apply and expects to qualify for the federal credit and must provide proof of permission from the fee simple owner as described in subrule 49.9(2).

49.12(2) Submission period. Part 2 applications may be submitted at any time after the project has received an approved Part 1 and the applicant has participated in the preapplication meeting.

49.12(3) Required information.

a. The applicant must provide any information requested by the authority, including but not limited to:

(1) A detailed description of the rehabilitation;

(2) An estimate of the total costs related to the rehabilitation and other work to be completed on the property, regardless of whether the costs will ultimately be qualified rehabilitation costs;

(3) An estimate of the qualified rehabilitation expenditures; and

(4) Photographs.
b. The applicant must also identify whether the applicant plans to submit a registration application as a small project or a large project. For more information on the differences in the registration application process for large projects and small projects, see rule 261—49.8(404A).

49.12(4) Review process. The authority, in consultation with SHPO, will evaluate the proposed work to determine whether the proposed project, including any new construction, is consistent with the federal standards, the historic character of the property and, where applicable, the registered or potential district in which the property is located. The authority will notify the applicant if the Part 2 application is incomplete. Generally, the authority will review fully completed Part 2 applications within 60 calendar days of receipt. The 60-day review period will be adhered to as closely as possible; however, it is not mandatory. If the application is incomplete when submitted or if for any other reason the authority must request additional information, the 60-day review period will restart when the requested information is received by the authority. The application may be rejected if any requested information is not provided.

49.12(5) Response from the authority. The review of the complete Part 2 application shall result in one of three responses:

a. Approval. The project is eligible to submit a registration application because the proposed rehabilitation described in the application is consistent with the historic character of the property or of the district in which the property is located and the project, as proposed, appears to meet the federal standards;

b. Approval with conditions. The project is eligible to submit a registration application because the proposed rehabilitation described in the application will likely meet the federal standards if the stipulated conditions are met; or

c. Denial. The rehabilitation described in Part 2 of the application is not consistent with the historic character of the property or of the district in which the property is located and the project does not meet the federal standards. The project is ineligible for registration. The project may amend its Part 2 application or submit a new Part 2 application for the property.

49.12(6) Amendments. Deviation from the original rehabilitation proposal could result in the denial of final project approval and revocation of the tax credit award. An applicant shall amend an approved Part 2 application to notify the authority of, and to request review of, modifications to or deviations from the original rehabilitation proposal. Applicants that undertake any work not in the original approved Part 2 application without approval of the authority do so at their own risk. Amendments to the Part 2 application shall not result in the awarding of additional tax credits for the project and may result in a reduction in the tax credit award specified in the agreement if the authority determines that the work is not consistent with the federal standards or does not otherwise comply with the requirements of the agreement. Amendments to the Part 2 application will not be accepted after the authority has approved the Part 3 application pursuant to rule 261—49.15(404A). Amendments must be submitted on forms approved by the authority and may be obtained by contacting the authority or by visiting the authority’s Web site.

[ARC 2944C, IAB 2/15/17, effective 3/22/17]

261—49.13(404A) Registration application. If the authority has approved Part 1 and Part 2 applications for a project, the applicant may submit a historic tax credit registration application to the authority during the applicable registration period. The registration application is used to determine whether the project is ready to proceed both financially and logistically. The registration application is also used to confirm whether the proposed work will meet the substantial rehabilitation test and whether the project is a small project or a large project. The registration application is also used to obtain background information, including information that may disqualify an applicant from participating in the program, as well as other information about the applicant, related persons, and related entities. Though the application process is largely the same for small projects as it is for large projects, there are some differences. For details on those differences, see rule 261—49.8(404A).

49.13(1) Proof of status as eligible taxpayer. An eligible taxpayer as defined in rule 261—49.3(404A) may submit a registration application.
An applicant that is the fee simple owner must notify the authority of any changes in ownership status since the Part 2 application was filed.

If the applicant is not the fee simple owner but plans to apply for the federal rehabilitation credit, the applicant’s application will be scored based on the steps taken toward ownership as described in subrule 49.13(6). The applicant must certify that the applicant understands that the applicant will not qualify for any state historic tax credit if the applicant is not the fee simple owner or not otherwise an eligible taxpayer. The applicant must also provide proof of permission from the fee simple owner as described in subrule 49.9(2).

49.13(2) Submission period. In general, applications for registration will only be accepted during the established application period, or periods, as identified by the authority on its Web site. However, applications for small project registration will be accepted year-round.

49.13(3) Required information. The registration application must include the following information as well as any additional information the authority may request: total project cost, an estimated schedule of qualified rehabilitation expenditures and a schedule of all funding sources received or anticipated to be received that will be used to fund the project, including those funding sources used or that will be used to finance or reimburse both qualified rehabilitation expenditures and those expenditures not being claimed as qualified rehabilitation expenditures, along with supporting documentation. The schedule must identify all government funding as defined in rule 261—49.3(404A), including any funding that originated or will originate from any government, whether federal, state, or local.

49.13(4) Certification and release of information. The applicant must identify and list all related persons and related entities, as those terms are defined in rule 261—49.3(404A). The applicant must release information requested by the authority regarding the applicant, related persons, and related entities. The applicant must also certify that all representations, warranties, documents, or statements made or furnished in connection with the registration application are true and accurate. The certification and release of information are intended to identify information that will disqualify an applicant from participating in the program or that may have an adverse impact on the project. The certification and release of information are also intended to provide the authority with information regarding the economic, ownership, and management realities related to the project by providing information about the actual persons and businesses affiliated with the applicant, the actual persons and businesses that will derive financial benefits from the project, and other businesses affiliated with the individuals involved with the project.

a. The authority shall reject an application for registration if any of the following occurs or exists:
   1. The applicant fails to answer the questions and provide all requested information and documents in a timely manner as required by the rules or the application or in a timely manner as otherwise requested by the authority.
   2. The applicant provides false or inaccurate information or documents to the authority.
   3. The applicant, a related person, or a related entity has not filed any local, state, or federal tax returns that are due. This provision shall not apply to an applicant, related person, or related entity that has timely filed an extension to file a local, state or federal tax return.
   4. The applicant, a related person, or a related entity has any overdue local, state, or federal tax liability, including any tax, interest, or penalty.
   5. The applicant, a related person, or a related entity is currently in default, has an uncured breach, or is otherwise not in compliance with any contract, grant award, or tax credit program with the state of Iowa, any agency of the state of Iowa, or any other entity or instrumentality of the state of Iowa.
   6. The applicant, a related person, or a related entity has any overdue amounts owed to the state of Iowa, any agency of the state of Iowa, any other entity or instrumentality of the state of Iowa, or any person or entity that is eligible to submit claims to the state offset system under Iowa Code section 8A.504.
   7. The authority determines that registering the project, entering into an agreement with the authority, or permitting the applicant’s tax credit claim would cause the applicant or another person to default on, breach, or otherwise not comply with any contract, grant award, or tax credit program with
the state of Iowa, any agency of the state of Iowa, or any other entity or instrumentality of the state of Iowa.

(8) The authority determines that the applicant will not be able to provide representations, warranties, conditions, or other terms of an agreement that would be acceptable to the authority.

(9) Information is disclosed to the authority that would cause the authority to decline to enter into an agreement with the applicant.

b. Scope of inquiry. The authority may ask the applicant to disclose information and documents about other entities affiliated with the applicant, a related person, or a related entity if the authority determines that the information regarding the applicant, related persons, and related entities does not adequately disclose to the authority the economic, ownership, and management structure and realities related to a project.

49.13(5) Review period. In general, the authority will review fully completed registration applications within 30 calendar days of receipt. The 30-day review period will be adhered to as closely as possible; however, it is not mandatory. If any answers, responses, explanations, documents, or other information submitted in connection with the certification and release of information changes after the applicant has submitted this information to the authority, the applicant must supplement its response to the certification and release of information in writing within 10 business days of the change. If the application is incomplete when submitted or if for any other reason the authority must request additional information, the 30-day review period will restart when the requested information is received by the authority. The authority may reject an application if any requested information is not provided.

49.13(6) Scoring process. All completed applications will be reviewed and scored. In order for a project to be considered for registration, the application must meet a minimum score as established by the authority and set forth in the current registration application. Scoring of the application will take into account readiness criteria, which may include the following:

a. Rehabilitation planning and project readiness. Projects will be scored based on whether the Part 2 application was approved with or without conditions.

b. Secured financing. Weighted preference will be given to projects that have financing or equity or both in place.

c. Steps taken towards ownership. Weighted preference will be given to the projects of applicants that are currently free simple owners of the property.

d. Local government support. Weighted preference will be given to projects that have received support from their local jurisdiction.

e. Rehabilitation timeline. Weighted preference will be given to projects that will be completed in the shortest amount of time.

f. Zoning and code review. Weighted preference will be given to the projects of applicants that can demonstrate a determination by the authority having jurisdiction that the project complies with the guidelines for construction permitting.

g. Such other information as the authority may find relevant and request on the registration application.

49.13(7) Registration. Upon reviewing and scoring all applications that are part of the application period, the authority may register the qualified rehabilitation projects to the extent sufficient tax credits are available based on the estimated qualified rehabilitation costs identified in the registration applications. Only projects that meet the minimum score established by the authority may be registered. As described in rule 261—49.6(404A), in the case of insufficient funding, preference will be given to the projects with the highest registration score based on the criteria in subrule 49.13(6). At the time the project is registered, the authority shall make a preliminary determination as to the amount of tax credits for which the project qualifies. The authority shall make best efforts to notify the applicant within 45 calendar days after the close of the registration period as to whether the applicant’s project has been registered. The registration notice shall include the amount of the applicant’s tentative tax credit award, along with a notice that the amount is a preliminary, nonbinding determination only. The authority will notify applicants whose projects were not registered and state whether the failure to register the project
was due to the failure of the project to meet the minimum score, the lack of available tax credits, or another reason. A list of registered applicants will be posted by the authority on the authority’s Web site.

49.13(8) Small project registration application. The authority may establish for small projects a registration application form and process that differ from the application form and process used for large projects. Small project application forms may be obtained by contacting the authority or by visiting the authority’s Web site. Small projects may submit registration applications year-round; however, the registration application must be submitted no later than 180 calendar days after receipt of approval of the Part 2 application from the authority. Small project registration applications will be evaluated on a first-come, first-served basis, subject to the availability of tax credits.

261—49.14(404A) Agreement. Upon successful registration of the project as described in subrule 49.13(7) or 49.13(8), the eligible taxpayer shall have 120 calendar days or until the end of the fiscal year, whichever is less, to purchase or lease the property, if applicable, and enter into an agreement with the authority. Nothing in these rules shall affect the authority’s ability to comply with the annual award limitations described in Iowa Code section 404A.4. A condition precedent to any agreement will be proof that the eligible taxpayer is the actual fee simple owner or has a binding qualified long-term lease that meets the requirements of the federal rehabilitation credit. An eligible taxpayer shall not be eligible for historic tax credits unless the eligible taxpayer enters into an agreement with the authority concerning the qualifying rehabilitation project and satisfies the terms and conditions that must be met to receive the tax credit award.

49.14(1) Terms and conditions. The agreement shall contain mutually agreeable terms and conditions, which shall, at a minimum, provide for the following:

a. The maximum amount of the tax credit award. Notwithstanding anything in this chapter to the contrary, no tax credit certification shall be issued until the authority verifies the amount of final qualified rehabilitation expenditures and compliance with all other requirements of the agreement, Iowa Code chapter 404A, and the applicable rules.

b. The rehabilitation work to be performed. An eligible taxpayer shall perform the rehabilitation work consistent with the U.S. Secretary of the Interior’s standards for rehabilitation, as determined by the department.

c. The budget of the qualified rehabilitation project, including the projected qualified rehabilitation expenditures, and those expenditures not qualified, and allowable cost overruns. The amount of allowable cost overruns provided for in the agreement shall not exceed the following amounts:

1. For a qualified rehabilitation project with estimated final qualified rehabilitation expenditures of not more than $750,000, 15 percent of the projected qualified rehabilitation expenditures provided for in the agreement.

2. For a qualified rehabilitation project with estimated final qualified rehabilitation expenditures of more than $750,000 but not more than $6 million, 10 percent of the projected qualified rehabilitation expenditures provided for in the agreement.

3. For a qualified rehabilitation project with estimated final qualified rehabilitation expenditures of more than $6 million, 5 percent of the projected qualified rehabilitation expenditures provided for in the agreement.

d. A schedule of all funding sources received or anticipated to be received that will be used to fund the project, including those funding sources used or that will be used to finance or reimburse both qualified rehabilitation expenditures and those expenditures not being claimed as qualified rehabilitation expenditures, along with supporting documentation. The schedule must identify all government funding as defined in rule 261—49.3(404A), including any funding that originated or will originate from any government, whether federal, state, or local.

e. The commencement date.

f. The completion date.
g. The agreement termination date, which shall not be earlier than five years from the date on which the tax credit certificate is issued.

h. Such other terms, conditions, representations, and warranties as the authority may determine are necessary or desirable to protect the interests of the state.

49.14(2) Amendments. The authority may for good cause amend an agreement. However, the authority may not amend an agreement to allow cost overruns in excess of the amount described in paragraph 49.14(1) “c.” In addition, the commencement date, completion date, and agreement termination date may not be amended if such an amendment would violate the statutorily prescribed time limits as described in Iowa Code section 404A.3(3). Any amendment approved by the authority shall be signed by both parties.

49.14(3) Authority. Only the director or chief operating officer may enter into agreements on behalf of the authority. Any agreement entered into on behalf of the authority by a person other than the director or chief operating officer shall be void.

[ARC 2944C, IAB 2/15/17, effective 3/22/17]

261—49.15(404A) Part 3 application—request for certification of completed work and verification of qualified rehabilitation expenditures. Part 3 of the application is used to determine whether the project has complied with the terms of the agreement as well as with applicable laws, rules and regulations.

49.15(1) Submission period. The fully completed Part 3 application must be submitted no more than 180 calendar days after the project completion date as defined in the agreement.

49.15(2) Required information. The Part 3 application must include the following information:

a. Certification that the eligible taxpayer is the fee simple owner or is qualified for the federal rehabilitation credit and has a binding qualified long-term lease that meets the requirements of the federal rehabilitation credit.

b. Using the qualified rehabilitation expenditures schedule form provided by the authority, a schedule of total expenditures for the project, which shall identify in detail the final qualified rehabilitation expenditures and those expenditures that are not qualified. The qualified rehabilitation expenditures schedules form may be obtained by contacting the authority or by visiting the authority’s Web site.

c. A schedule of all funding sources used to finance the project, including those funding sources used to finance or reimburse both qualified rehabilitation expenditures and expenditures not being claimed as qualified rehabilitation expenditures, along with supporting documentation. The schedule must identify all government funding as defined in rule 261—49.3(404A), including any funding that originated from any government, whether federal, state, or local.

d. CPA examination.

(1) An eligible taxpayer shall engage a certified public accountant authorized to practice in this state to conduct an examination of the project in accordance with the American Institute of Certified Public Accountants’ statements on standards for attestation engagements. The attestation applicable to this examination is SSAE No. 10 (as amended by SSAE Nos. 11, 12, 14), AT section 101 and AT section 601. Upon completion of the qualified rehabilitation project, the eligible taxpayer shall submit the examination to the authority, along with a statement of the amount of final qualified rehabilitation expenditures and any other information deemed necessary by the authority in order to verify that all requirements of the agreement, Iowa Code chapter 404A, and all rules adopted pursuant to Iowa Code chapter 404A have been satisfied.

(2) The procedures used by the CPA to conduct the examination should allow the CPA to conclude that, in the CPA’s professional judgment, the qualified rehabilitation expenditures claimed are eligible pursuant to the agreement, Iowa Code chapter 404A, and all rules adopted pursuant to Iowa Code chapter 404A in all material respects. The documents reviewed by the CPA should be readily available to the authority upon request. The applicant should generally be able to provide the requested documents within 10 business days of a request from the authority.
(3) The examination requirement is waived for an eligible taxpayer if the final qualified rehabilitation expenditures of the qualified rehabilitation project, as verified by the authority, do not exceed $100,000 and the qualified rehabilitation project is funded exclusively by private funding sources. The authority reserves the right to request any additional information necessary to verify the final qualified rehabilitation expenditures and, if deemed necessary by the authority, to require that such an eligible taxpayer engage a CPA to conduct an examination of the project pursuant to 49.15(23) “d.”

e. Any other information deemed necessary by the authority in order to verify that all requirements of the agreement, Iowa Code chapter 404A, and all rules adopted pursuant to Iowa Code chapter 404A have been satisfied.

f. Election to receive either a refundable or a nonrefundable tax credit. The taxpayer’s election does not impact a transferee’s ability to make its own election upon transfer. For information on transferring tax credits, see department of revenue rules 701—42.55(404A,422) and 701—52.48(404A,422).

g. Any information the authority may require for program evaluation.

49.15(3) Review period. The authority will make best efforts to review Part 3 applications within 60 calendar days after the application is filed. However, this time frame is not binding upon the authority. The authority shall review the information submitted by the eligible taxpayer and determine whether a tax credit certificate may be issued. See rule 261—49.17(404A) for more information on certificate issuance.

[ARC 2944C, IAB 2/15/17, effective 3/22/17]

261—49.16(404A) Fees. Applicants must pay a nonrefundable fee for the processing of Parts 2 and 3 of an application. The review fee for Part 2 will be due with the filing of the Part 2 application and will be based on the estimated qualified rehabilitation costs. The fee for review of Part 3 will be due with the filing of the Part 3 application and will be based on the final qualified rehabilitation expenditures. The fee schedule is as follows:

261—49.17(404A) Compliance.

49.17(1) Annual reports. The eligible taxpayer shall, for the length of the agreement, annually certify to the authority compliance with the requirements of the agreement. The certification shall be due each year on the anniversary of the date upon which the agreement was entered into. Instructions and forms may be obtained by contacting the authority or by visiting the authority’s Web site.

49.17(2) Burden of proof. The eligible taxpayer shall have the burden of proof to demonstrate to the authority that all requirements of the agreement, Iowa Code chapter 404A, and the applicable rules are satisfied. The taxpayer shall notify the authority in a timely manner of any changes in the qualification of the rehabilitation project or in the eligibility of the taxpayer to claim the tax credit provided under this chapter, or of any other change that may have a negative impact on the eligible taxpayer’s ability to successfully complete any requirement under the agreement.

49.17(3) Events of default, revocation, recapture. If, after entering into the agreement but before a tax credit certificate is issued, the eligible taxpayer or the qualified rehabilitation project no longer meets
the requirements of the agreement, Iowa Code chapter 404A, and the applicable rules, the authority may find the taxpayer in default and may revoke the tax credit award.

a. Voluntary abandonment. An applicant may choose to irrevocably decline the tax credit that is the subject of the agreement at any time after the agreement is entered into. To irrevocably decline the tax credit, the applicant shall send a letter to the authority stating the applicant’s decision to irrevocably decline the tax credit. The authority shall notify the applicant by certified U.S. mail or courier that the tax credit has been irrevocably declined. The tax credit shall be reallocated to the extent permitted by Iowa Code section 404A.4. If the applicant wishes to apply for a tax credit on the same qualified rehabilitation project at a later date, the applicant must complete the application process as though the project is a new project.

b. Revocation and recapture for prohibited activity; liability of certain transferees. If an eligible taxpayer obtains a tax credit certificate from the authority by way of a prohibited activity, the eligible taxpayer and any transferee shall be jointly and severally liable to the state for the amount of the tax credits so issued, interest and penalties allowed under Iowa Code chapter 422, and reasonable attorney fees and litigation costs, except that the liability of the transferee shall not exceed an amount equal to the amount of the tax credits acquired by the transferee. The department of revenue, upon notification or discovery that a tax credit certificate was issued to an eligible taxpayer by way of a prohibited activity, shall revoke any outstanding tax credit and seek repayment of the value of any tax credit already claimed, and the failure to make such a repayment may be treated by the department of revenue in the same manner as a failure to pay the tax shown due or required to be shown due with the filing of a return or deposit form. A qualifying transferee is not subject to the liability, revocation, and repayment imposed under this paragraph. For purposes of this paragraph:

(1) “Control” means when a person, directly or indirectly or acting through or together with one or more persons, satisfies any of the following:
   1. Owns, controls, or has the power to vote 50 percent or more of any class of voting securities or voting membership interests of another person.
   2. Controls, in any manner, the election of a majority of the directors, managers, trustees, or other persons exercising similar functions of another person.
   3. Has the power to exercise a controlling influence over the management or policies of another person.

(2) “Prohibited activity” means a breach or default under the agreement with the authority, the violation of any warranty provided by the eligible taxpayer to SHPO or the authority, the claiming of a tax credit issued under this chapter for expenditures that are not qualified rehabilitation expenditures, the violation of any requirements of Iowa Code chapter 404A or rules adopted pursuant to Iowa Code chapter 404A, misrepresentation, fraud, or any other unlawful act or omission.

(3) “Qualifying transferee” means a transferee who acquires a tax credit certificate issued under this chapter for value, in good faith, without express or implied notice of a prohibited activity of the eligible taxpayer who was originally issued the tax credit, and without express or implied notice of any other claim to or defense against the tax credit, and which transferee is not associated with the eligible taxpayer by being one or more of the following:
   1. An owner, member, shareholder, or partner of the eligible taxpayer who directly or indirectly owns and controls, in whole or in part, the eligible taxpayer.
   2. A director, officer, or employee of the eligible taxpayer.
   3. A relative of the eligible taxpayer or a person listed in paragraph “1” or “2” of this subparagraph or, if the eligible taxpayer or an owner, member, shareholder, or partner of the eligible taxpayer is a legal entity, the natural persons who ultimately own such legal entity.
   4. A person who is owned or controlled, in whole or in part, by a person listed in paragraph “1” or “2” of this subparagraph.

(4) “Relative” means an individual related by consanguinity within the second degree as determined by common law, a spouse, or an individual related to a spouse within the second degree as so determined, and includes an individual in an adoptive relationship within the second degree.

[ARC 2944C, IAB 2/15/17, effective 3/22/17]
261—49.18(404A) **Certificate issuance; claiming the tax credit.** After determining whether the terms of the agreement, Iowa Code chapter 404A, and the applicable rules have been met, the authority shall issue a tax credit certificate to the eligible taxpayer stating the amount of tax credit under Iowa Code section 404A.2 the eligible taxpayer may claim, or the authority shall issue a notice that the eligible taxpayer is not eligible to receive a tax credit certificate. The authority shall issue the tax credit certificate or the notice not later than 60 days following the completion of the examination review, if applicable, and the verifications required under this rule. Notwithstanding the foregoing, the eligibility of the tax credit remains subject to audit by the department of revenue in accordance with Iowa Code chapters 421 and 422. For information on how to claim the tax credit, see department of revenue rules 701—42.55(404A,422), 701—52.48(404A,422), and 701—58.10(404A,422).

[ARC 2944C, IAB 2/15/17, effective 3/22/17]

261—49.19(303,404A) **Appeals.** Any person wishing to contest an application denial, the amount of the tax credit award, award revocation, or any authority action that entitles the person to a contested case proceeding shall file an appeal, in writing, within 30 days of the action giving rise to the appeal. Any person who does not seek an appeal within 30 days of the action that gives rise to a right to a contested case proceeding shall be precluded from challenging the action. Appeals will be governed by the procedures set forth in this rule, together with the process set out in Iowa Code sections 17A.10 to 17A.19. Challenges to an action by the department of revenue related to tax credit transfers, claiming of tax credits, tax credit revocation, or repayment or recovery of tax credits must be brought pursuant to department of revenue 701—Chapter 7.

49.19(1) **Contents.** The appeal shall contain the following in separate numbered paragraphs:

- a. A statement of the authority action giving rise to the appeal.
- b. The date of the authority action giving rise to the appeal.
- c. Each error alleged to have been committed, listed as a separate paragraph. For each error listed, an explanation of the error and all relevant facts related to the error shall be provided.
- d. Reference to the particular statutes, rules, or agreement terms involved, if known.
- e. A statement setting forth the relief sought.
- f. The signature of the person or that person’s representative and the mailing addresses, telephone numbers, and e-mail addresses of the person and the person’s representative.

49.19(2) **Contested case proceedings.** The presiding officer in any contested case proceeding shall be an administrative law judge who specializes in tax matters.

261—52.2(15) Certification. The authority is responsible for ascertaining that a small business is owned, operated, and actively managed by a targeted group person.
52.2(1) Regular certification. Before a small business can participate in the Iowa targeted small business program, it must be certified by the authority.
   a. The authority shall review applications from small businesses to determine whether they are eligible to participate in the program.
   b. Certification means the authority has determined that the business meets eligibility standards.
   c. Applications for the targeted small business certification are available by contacting the authority or by visiting the authority’s website:
      Iowa Economic Development Authority
      200 East Grand Avenue
      Des Moines, Iowa 50309
      (515)725-3000
      www.iowaeconomicdevelopment.com
   d. Applicants shall receive written notification of the authority’s decision.

52.2(2) Recertification. Certified businesses shall submit verification of continued eligibility to the authority at least every two years.
   a. The application for recertification will be provided by the authority.

The authority may certify a business as a TSB based on copies of the information provided to another agency. The Iowa application for certification as a TSB may still be required. 52.2(7) Disability determinations.
   a. Person with a disability. In order to be considered a person with a disability for the purpose of the TSB program, the person must qualify and receive certification as having a disability from a licensed medical physician or must have been found eligible for vocational rehabilitation services by the department of education, division of vocational rehabilitation services, or by the department for the blind.
   b. Service-disabled veteran. In order to be considered a service-disabled veteran for the purpose of the TSB program, the person must provide written verification from the Veterans Administration or the U.S. Department of Defense of a service-connected disability, as defined in 38 U.S.C. Section 101(16).
261—52.3(15) Description of application. The TSB application requires information about the people who own, control, and manage the applicant business.

52.3(1) Names, current addresses, verification of targeted group status and the employer’s federal identification number, if applicable, are required. The proportion of ownership of the business and the names of stockholders or owners must be included. Documents which establish financial responsibility may be required.

52.3(2) The authority may require the applicant to provide any information reasonably required to assess the applicant’s eligibility for the program pursuant to this chapter, including but not limited to information regarding the applicant’s contracts, income, inventory, loans, personnel, payroll, taxes, and volume of business.

52.3(3) The information contained in the application may be reviewed by the applicant upon request to the Iowa Economic Development Authority, 200 East Grand Avenue, Des Moines, Iowa 50309; (515)725-3000. Material to be added to a file may be sent to the authority.

261—52.4(15) Eligibility standards. Pursuant to the authority of Iowa Code section 15.108(7), the authority has established standards to certify targeted small businesses. These standards are intended to indicate whether a business is owned, operated and actively managed by targeted group persons.

52.4(1) The applicant shall be an independent business. The following list describes elements of a business which indicate independent status.

a. The targeted group person owner(s) shall enjoy the customary incidents and profits of ownership and shall share in the risks commensurate with the owner’s ownership interest. Independence of ownership shall be demonstrated by the substance rather than the form of the arrangements. Title and authority shall be commensurate with ownership and control.

b. The business shall be owned and operated by the same targeted group persons, a single management.

c. A board of directors and stockholders shall each have a membership comprised of at least 51 percent targeted group persons.

d. The applicant business shall be compensated for facilities, inventory, equipment, labor, or other items which it owns and shares with any other business. Compensation shall not vary from common industry practice.

e. The targeted group person owner(s) shall have independent authority and ability to incur liability and to decide financial and policy questions. The business arrangements of owners, directors, officers or key employees with businesses which are not minority-, woman-, person with disability-, or service-disabled veteran-owned shall not vary from common industry practice. Each industry has practices which differ from other industries.

f. Independent authority and ability to hire and to fire all personnel shall be vested in the targeted group person owner(s).

g. Recognition of the business as a separate entity for tax or corporate purposes is not solely sufficient for certification as a targeted small business.

52.4(2) The targeted group person owner(s) shall make the business decisions for the business without any restrictions, either formal or informal. This includes, but is not limited to, bylaw provisions, partnership agreements, charter requirements for cumulative voting rights, or employment agreements.

52.4(3) The targeted group person owner(s) shall direct or cause the direction of the business. The owner(s) shall make day-to-day decisions as well as major decisions on management policy and operation of the business. The authority will consider particular positions to determine who has major responsibility in a company. These people include, but are not limited to, those who:

a. Hold any applicable license;

b. Devote substantial time to the business;

c. Supervise or direct the supervision of management and field operations;

d. Manage financial affairs;

e. Prepare or approve bids or estimates;
f. Participate in price and bidding negotiations;
g. Make final decisions about staff and personnel;
h. Sign contracts and checks or authorize action on behalf of the business.

52.4(4) Any relationship between a TSB and a business which is not a TSB, but which has an interest in the TSB, shall be carefully reviewed to determine if the interest of the non-TSB conflicts with the ownership and control requirements of this rule.

52.4(5) The contributions of capital and expertise by the targeted group person owner(s) to acquire interest in the business shall be real and substantial.

a. The following list includes acceptable elements of ownership.
   (1) Company documents, such as stock certificates, articles of incorporation, minutes of board meetings, partnership agreements, or income tax returns reflect targeted group person ownership;
   (2) Independent contributions of capital are made by the targeted group person owner(s). Proof of this independent contribution of capital made by the targeted group person owner(s) to acquire interest in the business must accompany the certification application;
   (3) Independent contributions of expertise are made by the targeted group person owner(s). The targeted group person owner(s) must have an overall understanding of, managerial and technical competence in, and expertise directly related to the type of business in which the firm is engaged and in the firm’s operations. Generally, expertise limited to office management, administration, or bookkeeping functions unrelated to the activities of the business is insufficient to demonstrate control of the business;
   (4) Independent risk of loss and share of profit by the targeted group person owner(s) is commensurate with the owner’s proportion of ownership.

b. Fifty-one percent or more of securities which constitute ownership or control of a corporation for purposes of establishing it as a TSB shall be held directly by targeted group persons.

c. An inherited business may be eligible for targeted small business status. Capital contribution, expertise and experience in the inherited business are not required. All other standards apply.

d. Documentation may be required to prove compliance with all standards.

[ARC 3582C, IAB 1/17/18, effective 2/21/18]

261—52.5(15) Special consideration. In addition to the above standards, the authority may consider other circumstances to determine eligibility. Consideration of other circumstances is intended to ensure that only bona fide targeted group person-owned businesses are certified.

52.5(1) A previous or continuing employer-employee relationship between present owners will be carefully reviewed to ensure that the employee-owner has substantial management and decision-making responsibilities.

52.5(2) At the discretion of the authority, on-site audits may be conducted to determine eligibility.

[ARC 3582C, IAB 1/17/18, effective 2/21/18]

261—52.6(15) Family-owned business. Businesses which are owned and operated by one or more members of the same family will be closely scrutinized to determine whether the targeted group person identified as the owner of 51 percent or more of the business does in fact set policy and make day-to-day and long-term decisions for the operation and management of the business.

52.6(1) If any of the circumstances below prevail, the business shall be considered a family-owned business. Nontargeted group person family-owned businesses are not eligible for certification as targeted small businesses in Iowa. Any characteristic listed below may be cause to deny targeted small business status. This list is not to be construed as complete.

a. If a nontargeted group person family member:
   (1) Is chief executive officer or president;
   (2) Provides the expertise to conduct the business;
   (3) Transfers ownership to the targeted group person owner for less than fair market value;
   (4) Receives compensation equal to or greater than the targeted group person owner, not commensurate with their ownership;
   (5) Provides occupational services for the business for less than fair market value;
6. Possesses powers equal to or greater than the targeted group person owner to direct management and operations.
   a. If the targeted group person owner:
   (1) Is represented to those outside the business as not possessing the final authority to direct the operations and management of the business;
   (2) Cannot document the date upon which the nontargeted group person family member was hired.
   c. A recent transfer of ownership by a nontargeted group person family member to a targeted group person will be reviewed to determine if the previous owner is still the principal decision maker on policy or actually manages the existing business. Transfers in the past two years are considered recent, and these businesses shall not be certified, unless evidence substantiating the transfer is received and approved.

   52.6(2) If a lending institution requires a signature other than the TSB owner’s, another person may sign. When this happens, the owner must have the experience and expertise to own and operate the business. If a nontargeted group person family member has the expertise and has cosigned for business loans, the business is not eligible.

   [ARC 3582C, IAB 1/17/18, effective 2/21/18]

261—52.7(15) Cottage industry. A cottage industry business may be eligible for certification as a TSB.

   52.7(1) Characteristics of these businesses include, but are not limited to:
   a. At least 51 percent of business equipment shall be owned by targeted group persons.
   b. Business risks and profits shall be borne by the targeted group person owner(s) proportionate to the owner’s ownership.

   52.7(2) The intent of targeting some small businesses is to identify those businesses which have been traditionally excluded from economic growth. Therefore, for a cottage industry business, the residence and any adjacent outbuildings used by the cottage industry may be owned jointly with other family members.

   52.7(3) All other TSB eligibility standards apply to the cottage industry.

   [ARC 3582C, IAB 1/17/18, effective 2/21/18]

261—52.8(15) Decertification. A business shall be decertified by the authority if it is determined the business no longer complies with the requirements of the TSB program or its owners cannot be located by the authority.

   52.8(1) Written notice of the intent to revoke certification shall be provided when the authority determines there is reasonable cause to believe a business does not comply. Notice shall be sent by U.S. mail at least 20 days before decertification is effective.

   52.8(2) If the authority sends a letter by first-class mail to the last-known address provided to the authority by the TSB and it is returned as undeliverable, this is considered to be grounds for decertification.

   52.8(3) Decertification procedures may be initiated by the authority or after the investigation of a complaint filed by the general public. A request for an investigation from the public must be written and shall specify the reason(s) why the certified targeted small business no longer complies with these rules. Supporting documentation may be attached to the request.

   52.8(4) Eligibility to participate in the TSB program continues until the final decision is issued by the authority.

   [ARC 3582C, IAB 1/17/18, effective 2/21/18]

261—52.9(15) Request for bond waiver. A targeted small business seeking a performance, surety, or bid bond waiver shall submit a sworn statement that it is unable to secure a performance, surety, or bid bond because of lack of experience, lack of net worth, or lack of capital. Documentation will be requested from surety companies that the TSB is unable to obtain performance, surety, or bid bonding because of the lack of experience, lack of net worth, or lack of capital.

   52.9(1) A waiver shall be applied only to a prime contract where the project or individual transaction does not exceed $50,000, notwithstanding Iowa Code section 573.2.
52.9(2) Granting a waiver shall not relieve any business from its contractual obligations. The state agency or department may pursue any remedy under law upon default or breach of contract.

52.9(3) The authority reviews all bond waiver documents. Information to assist the review process may be requested from the state department or agency involved. An applicant for a performance, surety, or bid bond waiver and the department or agency involved will be notified of the decision by U.S. mail.

52.9(4) Bond waivers will be reviewed and renewed at the time of TSB recertification.

[ARC 3582C, IAB 1/17/18, effective 2/21/18]

261—52.10(15) Fraudulent practices in connection with targeted small business programs. A violation under this rule is grounds for decertification of the TSB connected with the violation. Decertification shall be in addition to any penalty otherwise authorized by this chapter.

52.10(1) A person is considered to be guilty of a fraudulent practice if the person:

a. Knowingly transfers or assigns assets, ownership, or equitable interest in property of a business to a targeted group person primarily for the purpose of obtaining benefits under TSB programs if the transferor would otherwise not be qualified for such programs.

b. Solicits and is awarded a state contract on behalf of a TSB for the purpose of transferring the contract to another for a percentage if the person transferring or intending to transfer the work had no intention of performing the work.

c. Knowingly falsifies information on an application for the purpose of obtaining benefits under TSB programs.

52.10(2) The authority may investigate allegations or complaints of fraudulent practices and will take action to decertify a TSB upon concluding that a violation has occurred. A decertification by this action may be appealed.

[ARC 3582C, IAB 1/17/18, effective 2/21/18]

These rules are intended to implement Iowa Code section 15.108(7).

CHAPTER 53
COMMUNITY ECONOMIC BETTERMENT ACCOUNT (CEBA) PROGRAM

[Prior to 1/14/87, Iowa Development Commission[520] Ch 8]
[Prior to 7/19/95, see 261—Ch 22]
[Former Ch 53, “Economic and Research and Development Grants,” rescinded IAB 7/19/95, effective 8/23/95]

261—53.1(15) Purpose and administrative procedures.
53.1(1) Purpose. The purpose of the community economic betterment account (CEBA) program is to assist communities and rural areas of the state with their economic development efforts and to increase employment opportunities for Iowans by increasing the level of economic activity and development within the state. The program structure provides financial assistance to businesses and industries which require assistance in order to create new job opportunities or retain existing jobs which are in jeopardy. Also, the program may provide comprehensive management assistance to businesses involved with the CEBA program. Assistance may be provided to encourage:
1. New business start-ups in Iowa;
2. Expansion of existing businesses in Iowa; or
3. The recruitment of out-of-state businesses into Iowa.
53.1(2) Administrative procedures. The CEBA program is subject to the requirements of the department’s rules located in 261—Part VII, additional application requirements and procedures, and 261—Part VIII, legal and compliance.

“New product development” means an economic activity performed by an existing Iowa business through expansion or diversification and meets the definition of subrule 53.9(1).
“Project” means the activity, or set of activities proposed by the recipient, resulting in accomplishing the goals of the CEBA program, and which will require state assistance to accomplish.
“Retail business” means a business whose operation consists predominantly of the purchase of a product for sale to the final user or consumer who would not be purchasing for resale.
“Service business” means a business which produces and sells a thing of value which is not a tangible product.

“Venture project” means an economic activity performed by a start-up company, early-stage company, or existing company developing a new product or new technology.

261—53.3(15) Board and committee. Rescinded IAB 7/4/07, effective 6/15/07.

261—53.4(15) Eligible applicants. Only cities, counties, and merged area schools are eligible to apply to the department for funding under this program. Applicants which are awarded funds will pass those funds on to the recipient or approved recipient’s vendor.

261—53.5(15) Provision of assistance.

53.5(1) Eligible projects. Projects eligible for CEBA funding include, but are not limited to, the following:

1. Building construction or reconstruction;
2. Acquisition of land;
3. Equipment purchases;
4. Operating and maintenance expenses;
5. Clearance, demolition and removal of buildings to develop sites;
6. Infrastructure improvements directly related to new employment;
7. Road construction projects directly supporting and assisting economic development;
8. Funds for guaranteeing business loans made by commercial lenders; and
9. Technical management assistance for businesses that are applying for or have received CEBA funding.

53.5(2) Forms of assistance. Assistance for projects may be provided in any of the following forms:

1. Principal buydowns to reduce the principal of a business loan;
2. Interest buydowns to reduce the interest on a business loan;
3. Forgivable loans;
4. Loans and loan guarantees, including short-term (float) loans. Float loans may only be made for projects where the department obtains an irrevocable letter of credit from an acceptable financial institution on behalf of the company in an amount equal to or greater than the principal amount of the loan;
5. Equity-like investments;
6. Cost reimbursement for technical/professional management services.

261—53.6(15) Application for assistance. The requirements outlined in this rule are applicable to all CEBA program components, except applications under the venture project component. Refer to rule 261—53.10(15) for application requirements for venture projects.

53.6(1) General policies.

a. An applicant may submit as many different applications as it wishes at any time. However, if the department is reviewing two or more applications from the same applicant at the same time, it may ask the applicant to rank them in the order preferred by the applicant.

b. Only one applicant may apply for any given project.

c. No single project may be awarded more than $1 million unless at least two-thirds of the members of the board approve the award. However, this restriction will not apply after the first $10 million has been credited to the CEBA program in any given year. This restriction does not apply to the float loan described in 53.5(2)“4.”

d. No single project may be awarded a forgivable loan of more than $500,000.

e. No single project may be awarded more than $500,000 unless all other applicable CEBA requirements and each of the following criteria is met:
(1) The business has not closed or substantially reduced its operation in one area of the state and relocated substantially the same operation in the community. This requirement does not prohibit a business from expanding its operation in the community if existing operations of a similar nature in the state are not closed or substantially reduced.

(2) The business must provide and pay at least 80 percent of the cost of a standard medical and dental insurance plan or its equivalent for all full-time employees working at the facility in which the new investment occurred.

(3) The business shall agree to pay a wage for new full-time jobs of at least 130 percent of the average county wage in the county in which the community is located. This requirement may be waived by the department in the case of a float loan described in 53.5(2)“4” if the net value of the award is determined by the department to be less than $500,000.

f. To be eligible for assistance, the business shall provide for a preference for hiring residents of the state or the economic development area, except for out-of-state employees offered a transfer to Iowa or the economic development area.

g. To be eligible for assistance, applicants shall meet the qualifying wage threshold requirements described in 261—Chapter 174 and the following:

(1) Fifty percent or more of the jobs to be created or retained shall have a starting wage that pays at least the qualifying wage threshold.

(2) The department may approve a project where the starting project wage is less than the average county wage or average regional wage under the following conditions:

1. The starting wage is associated with a training period which is of relatively short duration as documented by the business; and

2. The wages will exceed 100 percent of the average county wage or 100 percent of the average regional wage at the conclusion of the training period as documented by the business; and

3. CEBA funds will be released only at the conclusion of the training period when the average county or average regional wage is achieved.

53.6(2) Ineligible applications. The department will not rate and rank ineligible applications. An application may be ruled ineligible if:

a. It is submitted by an ineligible applicant, or

b. The project consists of a business relocation from within the state unless unusual circumstances exist which make the relocation necessary for the business’s viability, or

c. CEBA funds comprise more than 50 percent of the project’s financing, or

d. The CEBA application is not properly signed by the applicant and the business, or

e. The project fails to meet the qualifying wage threshold requirements under 261—Chapter 174, or

f. The business has a record of violations of the law over a period of time that tends to show a consistent pattern as described in 261—Chapter 172.

53.6(3) Procedures.

a. Applications may be submitted at any time.

b. Applications should be submitted to: Division of Business Development, Department of Economic Development, CEBA Program, 200 East Grand Avenue, Des Moines, Iowa 50309. Application forms and instructions are available at this address, on the department’s Web site, or by calling (515)242-4819.

c. Application contents. Required contents of application will be described within the application package itself.

d. Each eligible application will be reviewed by the department. The department may request additional information from the applicant or the proposed recipient, or perform other activities to obtain needed information.

e. The department will rate and rank applications according to the criteria in rule 53.7(15). Additionally, for small business gap financing applications, the department will use rule 53.8(15). For new business opportunities and new product development applications, the department will
261—53.7(15) Selection criteria. In ranking applications for funding submitted under the small business gap financing component, the new business opportunities component, and the new product development component, at least the following criteria shall be considered:

53.7(1) Relating to local/business involvement:

a. The proportion of local match to be provided as compared to the local resources.
b. The proportion of private contribution to be provided, including the involvement of financial institutions.
c. The need of the business for financial assistance from governmental sources. More points shall be awarded to a business for which the department determines that governmental assistance is most necessary to the success of the project.
d. The level of need of the political subdivision.
e. The impact of the proposed project on the economy of the political subdivision and the state.
f. The certification of a community builder program for the community.
g. The expected recapture of these funds.

53.7(2) Relating to job creation/retention:

a. The total number of jobs to be created or retained. When rating a project, the department shall only consider those positions which meet the qualifying wage threshold requirements defined in 261—Chapter 174.
b. The quality of jobs to be created. In rating the quality of the jobs, the department shall award more points to those jobs that have a higher wage scale, a lower turnover rate, are full-time, career-type positions, or have other related factors. Those applications that have average starting wage scales which are 10 percent or more below that of the average county wage or average regional wage shall be given an overall score of zero. Business start-ups shall be given a score of zero only if their wage scales are 20 percent or more below that of the average county wage or average regional wage.

53.7(3) Relating to business activity:

a. The size of the business receiving assistance. The department shall award more points to small businesses as defined by the U.S. Small Business Administration.
b. The potential for future growth in the industry represented by the business being considered for assistance.
c. The impact of the proposed project on competitors of the business.
d. The capacity of the proposed project to create products by adding value to agricultural commodities.
e. The degree to which the proposed project relies upon agricultural or value-added research conducted at a college or university, including a regents institution, community college, or a private university or college.

261—53.8(15) Small business gap financing.

53.8(1) Additional criteria. Applications under this component shall be for businesses that meet the SBA definition of a small business. All geographic locations of the business will be used to determine the total number of employees. The criteria in rule 53.7(15) will be used for evaluating applications under this component.

53.8(2) Application form. Applicants applying for assistance under this component shall use the general business financial assistance application form provided by the department. The department may, at its option, transfer requests to a different financial assistance program, including but not limited to:

a. The new business opportunities or new product development components of CEBA;
b. EDSA (economic development set-aside program); or
c. PFSA (public facilities set-aside program).
53.8(3) Scoring. The criteria noted in rule 53.7(15) are incorporated into the scoring system as follows:

a. Local effort compared with local resources. Maximum — 20 points. This includes assistance from the city, county, community college, chambers of commerce, economic development groups, utilities, or other local sources, compared to the resources reasonably available from those sources. The form of local assistance compared to the form of CEBA assistance requested will be considered (e.g., in-kind, grant, loan, forgivable loan, job training, tax abatement, tax increment financing). The dollar amount of local effort and the timing of the local effort participation as compared to the dollar amount and timing of the requested CEBA participation will also be considered. Conventional financing, inadequately documented in-kind financing, and local infrastructure projects not specifically directed at the business are not considered local effort.

b. Community need. Maximum — 10 points. This includes considerations such as unemployment rates, per capita income, major closings and layoffs, declining tax base, etc.

c. Private contribution compared with CEBA request. Maximum — 30 points. The greater the contribution by the assisted business, the higher the score. Conventional financing will be considered a private contribution. Contribution in the form of “new cash equity” by the business owner will result in a higher score.

d. A project in a brownfield, blighted or distressed area or a business with a good neighbor agreement or an Iowa great places agreement, as described in 261—Chapter 171. Maximum — 10 points. Projects meeting these conditions will receive 10 points.

e. Extra points if small business, as defined by SBA. Maximum — 10 points.

f. Project impact on the state and local economy.

1) Cost/benefit analysis. Maximum — 40 points. This factor compares the amount requested to the number of jobs to be created or retained as defined in paragraph 53.7(2) “a” and the projected increase in state and local tax revenues. Also considered here is the form of assistance (e.g., a forgivable loan will receive a lower score than a loan).

2) Quality of jobs to be created. Maximum — 40 points. Higher points to be awarded for:

Higher wage rates;
Lower turnover rates;
Full-time, career-type positions;
Relative safety of the new jobs;
Health insurance benefits;
Fringe benefits;
Other related factors.

3) Economic impact. Maximum — 40 points. Higher points to be awarded for base economic activities, e.g.:

Greater percentage of sales out of state, or import substitution;
Higher proportion of in-state suppliers;
Greater diversification of state economy;
Fewer in-state competitors;
Potential for future growth of industry;
Consistency with the state strategic plan for economic development prepared in compliance with Iowa Code section 15.104(2);
Increased value to agricultural commodities;
Degree of utilization of agricultural or value-added technology research from an Iowa educational institution;
A project which is not a retail operation;
A project which includes remediation or redevelopment of a brownfield site.
Maximum preliminary points for project impact — 120 points.

4) Final impact score. Maximum — 120 points. Equal to preliminary impact score multiplied by a reliability factor (as a percent).
(NOTE OF EXPLANATION — Rating factors in 53.8(3) “f”(1) to (3) attempt to measure the expected impact of the project, if all predictions and projections in the application turn out to be accurate. Up to that point in the rating system, no attempt has been made to judge the feasibility of the business venture, the reliability of the job creation and financial estimates, the likelihood of success, the creditworthiness of the business, and whether the project would proceed without state assistance. An attempt to analyze projects against these factors is also important. In order to incorporate this judgment into the rating system, the Preliminary Impact Score (Maximum of 120 points) is multiplied by a “reliability and feasibility factor” to obtain a final impact score, 53.8(3) “f”(4). This factor will range from 0 to 100 percent, depending upon the department’s judgment as to the likelihood of the projections turning out as planned. If, in the department’s judgment, the project would proceed whether it was funded or not, it will be assigned a zero percent on the reliability and feasibility factor and the final impact score will be zero. This is consistent with the intent of the program to use funds only where state assistance will make a difference.)

The maximum total score possible is 200 points.

Projects that score less than 120 points in rule 53.8(15) will not be recommended for funding by the staff to the committee.

53.8(4) Project period. Projects funded under rule 53.8(15) are considered to have a project period as described in 261—Chapter 187. This is the time period allowed for meeting and maintaining the job and performance obligations.

261—53.9(15) New business opportunities and new product development components.

53.9(1) Additional criteria and targeting for new business opportunities and new product development components. The criteria in rule 53.7(15) will be used for evaluating applications under these components. Applications for these components must be for businesses with projects that offer a quality economic opportunity to Iowans and meet one of the following characteristics:

a. The industry is one targeted within the state’s strategic plan; or

b. The resulting economic activity is underrepresented in the state’s overall economic activity mix.

53.9(2) Applications. Applicants applying for assistance under these components shall use the general business financial assistance application form provided by the department. CHAPTER 54
IOWA TARGETED SMALL BUSINESS PROCUREMENT PROGRAM

261—54.1(73) Purpose. The purpose of the Iowa targeted small business procurement program is to promote the growth, development and diversification of Iowa businesses owned by minorities, women, and persons with disabilities by encouraging each state department and agency, community college, area education agency, and school district to include targeted small businesses (TSBs) as contractors, vendors and suppliers in their bid solicitations for the procurement of goods and services, including construction.

261—54.2(73) Definitions. As used in this chapter, unless the context otherwise requires:

“Agency” or “department” means the departments and independent agencies established in Iowa Code chapter 7E.

“Board” means the targeted small business financial assistance board established by 2007 Iowa Acts, House File 890.

“Certification” means the process by which small businesses are identified as targeted small businesses by the department of inspections and appeals and determined eligible to participate in the targeted small business program.

“Contract” means any agreement or supplemental agreement between the state and its contractors, subcontractors, suppliers, vendors and professional service providers.

“DIA” means the department of inspections and appeals.

“Education institution” means a community college, area education agency, or a school district.

“Goals” means percentage or monetary goals set by a purchasing/contracting authority to encourage targeted small business participation.

“Good faith effort” includes, but is not limited to, efforts taken by a primary contractor to identify qualified TSBs for subcontract opportunities, notify qualified TSBs of potential subcontract opportunities, and assist TSBs in qualifying to bid as subcontractors.

“IDED” means the Iowa department of economic development.

“Minority” means an individual who is Black, Latino, Asian or Pacific Islander, or American Indian or Alaskan native.

“Primary contractor” means the individual, firm, partnership or corporation, or the lawful agent of any individual, firm, partnership or corporation, or surety under a contract bond, constituting one of the principals to the contract and undertaking to perform the contract work specified. A “primary contractor” includes all heirs, executors, administrators, successors and assigns of any of the above.

“Small business” and “targeted small business” shall have the meanings as defined in Iowa Code section 15.102.

“Subcontractor” means an individual or business contracting to perform part or all of a primary contractor’s contract.

“TSB” means targeted small business. A “TSB” is a business that is 51 percent or more owned by women, minorities, or persons with disabilities.

261—54.3(73) Preliminary procedures.

54.3(1) Purchasing review. Quarterly, each agency, department, community college and area education agency shall review their anticipated purchasing requirements. School districts shall review their anticipated purchasing requirements on an annual basis.

54.3(2) Notice to IDED.

a. State departments and agencies. The director of each department or agency shall notify the director of IDED not later than August 15 of each fiscal year of the department’s or agency’s anticipated purchases outside the department of administrative services and recommended TSB goals.

b. Community colleges and area education agencies (AEAs). Community colleges and AEAs shall, on a quarterly basis, review their anticipated purchasing requirements. Each community college president and AEA administrator shall notify the department of education by August 15 of each fiscal year of their anticipated purchases and recommended procurements with unit quantities and total costs
for procurement contracts designated to satisfy the TSB procurement goal. The department of education shall forward the reports of the community colleges and AAEs to IDED no later than August 31.

   c. School districts. School districts shall, on an annual basis, review their anticipated purchasing requirements. Each superintendent shall notify the department of education by August 15 of each fiscal year of their anticipated purchases and recommended procurements with unit quantities and total costs for procurement contracts designated to satisfy the TSB procurement goal. The department of education shall forward the reports of the school districts to the IDED no later than August 31.

54.3(3) TSB goals. The directors, community college presidents, school district superintendents and AEA administrators may divide larger, single project procurements into smaller contract award units to facilitate offers or bids from targeted small businesses. In designating TSB procurements, the directors, presidents, superintendents and administrators may vary the included procurements so that a variety of goods and services produced by different targeted small businesses may be identified each year.

54.3(4) IDED review. The director of IDED or designee shall review the information submitted and may require necessary modifications from the agencies, departments, and education institutions to provide opportunities for TSBs.

261—54.4(73) Identification of targeted small businesses. Before a small business can participate in the Iowa targeted small business procurement program, it must be certified as a targeted small business by the DIA. The DIA will review applications from targeted small businesses to determine that they are eligible to participate in the program. Certification as a targeted small business by the DIA means that the business meets the minimum eligibility requirements; certification is not a representation that the business can perform targeted procurement.

261—54.5(73) IDED administration.

54.5(1) Subcontracts. If a primary contractor will be subcontracting part or all of a contract, the primary contractor shall make a good faith effort to provide TSBs with opportunities to bid. IDED may review a primary contractor’s good faith efforts and request modifications to planned efforts to ensure compliance with the purpose of the TSB program.

54.5(2) Good faith efforts. Departments, agencies and education institutions may require primary contractors to submit documentation of good faith efforts to provide TSBs with subcontract opportunities along with the bid bond, noncollusion affidavit and similar documents which are submitted separate from the actual bid. Departments, agencies and education institutions may determine that the primary contractor has failed to meet minimum bidding qualifications due to inadequate documentation of good faith efforts to provide TSB opportunities to bid and may decline to open the bid. In cases where the good faith efforts documentation is submitted as part of the bid documents and after review of the low bidder’s good faith efforts, departments, agencies and education institutions may reject the bid as nonresponsive due to inadequate documentation of good faith efforts.

54.5(3) IDED review. IDED may conduct a review of a department, agency or education institution where there is evidence of little or no progress toward reaching the TSB goal. The purpose of the review will be to identify the barriers encountered, evaluate the efforts taken to reach the goal, and provide needed assistance.

261—54.6(73) Certification. Transferred to 481—25.5(73), IAB 8/10/88.

261—54.7(73) Request for review of certification denial. Transferred to 481—25.6(73), IAB 8/10/88.

261—54.8(73) Certification review board. Transferred from 261—54.8(73) and rescinded, IAB 8/10/88, effective 7/22/88.

261—54.9(73) Decertification. Transferred to 481—25.7(73), IAB 8/10/88.

261—54.10(73) Notice of solicitation for bids.
54.10(1) Directory consulted. The director of each agency or department, the administrator of each area education agency, the president of each community college, and the superintendent of each school district releasing a solicitation for bids or request for proposal under the targeted small business procurement goal program shall consult a directory of certified targeted small businesses produced by the department of inspections and appeals that lists all certified targeted small businesses by category of goods or services provided prior to or upon release of the solicitation and shall send a copy of the request for proposal or solicitation to any appropriate targeted small business listed in the directory.

54.10(2) Contents of solicitation or request for proposal. The notice to TSBs of the release of a request for proposal or solicitation for bid shall, at a minimum, include the:
   a. Description of the item to be bid;
   b. Date the bid is to be open and the closing date for submission; and
   c. Contact person in the soliciting agency, department, or education institution.

54.10(3) TSB directory. The department of inspections and appeals compiles, and updates on a monthly basis, a TSB directory. The TSB directory contains a listing of targeted small businesses that have been certified by DIA for participation in the TSB procurement program. The directory also includes a list of TSBs which have been decertified.

261—54.11(73) Negotiated price or bid contract. Rescinded IAB 3/21/90, effective 4/25/90.

261—54.12(73) Determination of ability to perform.

54.12(1) Ability evaluation. Prior to announcing the TSB award, the purchasing authority shall evaluate, in the same manner that other contractors and vendors are evaluated, whether the targeted small business scheduled to receive the award is able to perform the contract as a vendor or prime contractor. This determination shall include consideration of production and financial capacity and technical competence. In construction contracts, the prime contractor shall evaluate all subcontractors, including TSBs with whom the prime contractor has a contract.

54.12(2) Notice of inability to perform. If the purchasing authority determines that the targeted small business may be unable to perform, the director of IDED shall be notified.

54.12(3) IDED assistance. If, in the opinion of the purchasing authority, a TSB cannot perform, the purchasing authority shall immediately notify IDED. The IDED shall assist the targeted small business in attempting to remedy the causes of the inability to perform. In assisting the TSB, the IDED may use any management or financial assistance programs available through state or governmental agencies or private sources. Once IDED is notified of a TSB's inability to perform, IDED will respond to the purchasing authority within 14 days to indicate the planned course of action to assist the TSB. The IDED may contact a state agency, department, or education institution to verify that certified TSBs with whom they contract are performing under their contracts.

261—54.13(73) Other procurement procedures.

54.13(1) All laws and rules pertaining to solicitations, bid evaluations, contract awards, and other procurement matters apply to procurement for targeted small businesses to the extent there is no conflict.

54.13(2) If the provisions of the “Iowa Targeted Small Business Procurement Act” or these implementing rules conflict with other laws or rules, then the provisions of the Act and these rules shall govern.

261—54.14(73) Reporting requirements.

54.14(1) Quarterly reports. The director of each agency or department shall submit to the IDED quarterly reports which shall be in the format and by the due date specified by the IDED. Each community college president and AEA administrator shall submit their quarterly reports to the department of education which shall forward the reports to IDED. The quarterly reports shall include as a minimum:
   a. The number of contracts awarded to TSBs under the TSB procurement program and the names of those contractors;
b. A description of the general categories of contracts awarded to TSBs;

c. The dollar value of contracts awarded to TSBs;

d. The dollar value of all contracts awarded to TSBs during this period compared to all contracts awarded for the period;

e. Progress made toward attainment of their TSB goals; and

f. In the end-of-year final report (4th quarter) an indication of whether the department or agency, community college, or AEA met its TSB goals. If the TSB goals were not met, the report shall indicate the reasons for not attaining the TSB goals including a description of any barriers encountered in meeting the TSB goals.

School districts shall submit to the department of education an annual report containing the information listed above, which shall be forwarded to IDED.

54.14(2) Counting TSB participation toward meeting the TSB goal. TSB participation shall be counted toward meeting the TSB goal as follows:

a. Once a firm is determined by the DIA to be a certified TSB, the total value of the contracts awarded to the TSB is counted toward the goal.

b. A department, agency, or education institution may count toward its goal only expenditures to TSBs that perform a commercially useful function in the work of a contract. A TSB is considered to perform a commercially useful function when it is responsible for execution of a distinct element of the work of a contract and carrying out its responsibilities by actually performing, managing, and supervising the work involved. To determine whether a TSB is performing a commercially useful function, the department, agency, or education institution shall evaluate the amount of work subcontracted, normal industry practices, and other relevant factors.

c. Consistent with normal industry practices, a TSB may enter into subcontracts. If a TSB subcontracts a significantly greater portion of the work of the contract than would be expected on the basis of normal industry practices, a TSB shall be presumed not to be performing a commercially useful function. The TSB may present evidence to rebut this presumption to the department, agency, or education institution. The department’s, agency’s, or education institution’s decision on the rebuttal of this presumption is subject to review by the IDED.

d. A department, agency, or education institution may count toward its TSB goal expenditures for materials and supplies obtained from TSB suppliers and manufacturers, provided that the TSBs assume the actual and contractual responsibility for the provision of the materials and supplies.

e. A department, agency, or education institution may count its entire expenditure to a TSB manufacturer (i.e., a supplier that produces goods from raw materials or substantially alters them before resale).

f. A department, agency or education institution may count 100 percent of its expenditures to TSB suppliers or brokers that are not manufacturers, provided that the TSB supplier or broker performs a commercially useful function in the supply process.

261—54.15(73) Maintenance of records.

54.15(1) In order to monitor the progress of its targeted small business program each department, agency, or education institution shall develop a record-keeping system which will identify and assess TSB contract awards and the department’s, agency’s, or education institution’s progress in achieving the TSB goal.

54.15(2) Specifically, a department, agency, or education institution shall maintain records showing:

a. Procedures which have been adopted to comply with the requirements of this rule.

b. Awards to TSB. These awards shall be measured against the department’s, agency’s, or education institution’s goals.

54.15(3) Records shall be available upon the request of IDED or the state auditor.

These rules are intended to implement Iowa Code sections 73.15 to 73.21.

“Persons with a disability” means, with respect to an individual, a physical or mental impairment that substantially limits one or more of the major life activities of the individual, a record of physical or mental impairment that substantially limits one or more of the major life activities of the individual, or being regarded as an individual with a physical or mental impairment that substantially limits one or more of the major life activities of the individual. “Disability” does not include any of the following:

1. Homosexuality or bisexuality.
2. Transvestitism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders not resulting from physical impairments, or other sexual behavior disorders.
3. Compulsive gambling, kleptomania, or pyromania.

“Major life activity” includes functions such as caring for one’s self, performing manual tasks, walking, seeing, hearing, breathing, learning, or working.

“Small business” means any enterprise which is located in this state, which is operated for profit and has an average annual gross income of less than $4 million. The average annual gross income of the business is based on the prior three years.

“Sponsor” means a representative from an Iowa workforce development office, a local chamber of commerce, the institute for social and economic development (ISED) or any other organization approved by IDED willing to offer assistance and guidance.

261—55.4(15) Loan and grant program.

55.4(1) Application procedures. Application materials may be obtained from the IDED business finance team, any small business development center (SBDC), or any of the business advocate service providers.

55.4(2) Maximum funding levels. In no case shall an award exceed $50,000, nor in the case of a loan shall the interest rate charged exceed 5 percent per annum or be less than 0 percent per annum. Under no circumstances shall the targeted small business financial assistance program fund 100 percent of a project. A targeted small business shall not receive a loan, grant, or loan guarantee or a combination of loans, grants, or loan guarantees under the program that provide more than 90 percent of the funding for a project. All applicants must invest at least 10 percent of the total project budget in cash.

55.4(3) Forms of financial assistance available. The following types of financial assistance may be awarded under this program: loans, grants, loan guarantees or a combination of loans, grants and loan guarantees.

a. Direct loan. The term of a loan shall not exceed five years; the interest rate shall not exceed 5 percent per annum.

b. Grant. Grant funds shall only be awarded in instances where the grant will leverage a significant amount of other financing, such as conventional or SBA financing packages. In order to receive a grant, the applicant must demonstrate a minimum of 10 percent cash investment in the project.

c. Loan guarantee. The program shall provide guarantees not to exceed 80 percent for loans of up to seven years made by qualified lenders.

55.4(4) Eligible uses of funds. Awards of funds under this program shall be used for legitimate business expenses, including, but not limited to, the following purposes: purchase of equipment and furnishings, inventory, purchase of and improvements to land and buildings and specific operating expenses.

55.4(5) Ineligible uses of funds. Targeted small business financial assistance funds shall not be used to refinance existing debt. Existing debt in the context of this rule does not include interim financing for allowable program purposes intended as a bridge loan obtained after the date of the targeted small business award. Neither shall the department award funds to facilitate financing of a project which would consist solely of relocation of an existing business within Iowa. IDED may waive this limitation if the business demonstrates to IDED that it faces unusual circumstances which make the relocation necessary for the business’s continued viability.

55.4(6) Threshold criteria. Applicants for funds under the targeted small business financial assistance program must meet the following minimum criteria before their applications will be considered complete and eligible for ranking:

a. If applying as a TSB, the business must be certified as a “targeted small business” by the department of inspections and appeals before applying for funding. In order to be certified as a targeted small business, a business owner must be a woman, a targeted minority, or a person with a disability and have established at least 51 percent ownership of the business, and be actively involved in the day-to-day management of the business. (The targeted small business owner must have the expertise or related experience in order to be considered actively involved in the day-to-day management of the business.)

b. After the TSB has been awarded a loan or grant or a loan guarantee, the TSB must continue to be a certified TSB for the life of the loan or grant. Failure to meet this requirement may result in the loan or grant being called and due within 30 days. This will include all principal, interest and any penalties that have been assessed. If recertification occurs within 30 days of the date of the notice, the original terms will be reinstated.
55.4(7) Submittal process. All applications and related informational materials shall be submitted on forms prescribed by IDED. Completed applications shall be submitted to: Targeted Small Business Financial Assistance Program, Bureau of Business Finance, Iowa Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309.

55.4(8) Review process. All completed TSB applications are reviewed by the program manager on an ongoing basis. Applications are reviewed for completeness. If additional information is required, the program manager shall send the applicant notice to submit additional information. The applicant shall then have three weeks from the date of the IDED letter to submit the requested information.

Application requests are initially rated for funding by IDED staff. They are then reviewed on a monthly basis by the board. The board is an advisory committee established by 2007 Iowa Acts, House File 890, to assist the department in the evaluation of applications. The board is comprised of private sector representatives experienced in small business management and operation. The board membership shall consist of seven members, including one each from the following populations: Latino, Black, Asian or Pacific Islander, Caucasian women, Native American, and a person with a disability as defined in Iowa Code section 15.102 as amended by 2007 Iowa Acts, House File 890. One of the members shall be a member of the economic development board appointed by the economic development board. A quorum is four members. It requires the vote of at least four board members to recommend action on an application to the director. The board may recommend to the director the approval, denial, or deferral of an application. If less than a quorum of the board is present at a meeting, an application will be forwarded to the director without a recommendation from the board.

55.4(9) Rating factors. Applicants must score a minimum of 60 out of a possible 100 points in order to be recommended for funding. Points are awarded based on the information contained in the application according to the following criteria:

a. Business plan (20 points possible). Factors considered include: Does the application contain significant information regarding the product or service to be offered? Has the applicant provided sufficient documentation to support/justify the cash flow assumptions, e.g., third-party documentation regarding market size, annual sales and competition?

b. Financial plan (20 points possible). Factors considered include: Does the application contain comprehensive two-year cash flow projections which show the viability of the business? Does the application provide completed personal financial information and information on other funding sources?

c. Financial need (20 points possible). Factors considered include: the applicant’s personal liquid assets and the applicant’s ability or inability to secure a loan from conventional sources (i.e., bank, savings and loan, credit union, SBA).

d. Marketing plan (5 points possible). Factors considered include: Does the application contain sufficient information to ascertain that the applicant fully understands who the customers are and how to effectively reach them?

e. Management expertise and related experience (20 points possible). Factors considered include: Does the applicant have education or work experience that is relevant to the proposed business? Does the application document previous business training or management experience?

f. Loan repayment (10 points possible). Factors considered include: Does the application document the business’s ability to service its debt?

g. Nontraditional (5 points possible). Factors considered include: Is the proposed business category one in which TSBs have traditionally been underrepresented as owners?

h. Extra points (up to 5 points). Extra credit points may be awarded to applicants meeting the requirements described in 261—Chapter 171 for the award of extra points (e.g., project is in a blighted, brownfield or distressed area).

55.4(10) Negotiations of funds awarded.

a. The department reserves the right to negotiate the amount, term, interest rate, and other conditions of the loan or grant prior to award.
b. The department may decline to award funds to a business if there is a negative credit report (e.g., bankruptcy, foreclosure, tax liens, unpaid or past due child support).

55.4(11) Award process. Upon approval by the director, the applicant business will receive an award letter which shall state the amount of award, conditions of the award, any security agreements, and the amount of monthly loan repayments.

55.4(12) Contract. Following notification of award, contracts are prepared for execution between the business owner and IDED. After execution of the contract, the business owner may request disbursement of funds, on the form prescribed by IDED. The time frame between final award date and disbursement of funds will generally be one to two months.

55.4(13) Deferral process. Applications may be deferred only one time by the loan review committee. If all additional information requested is received within the three-week time frame, the application will be considered on the following month’s agenda. If information is not received in a timely manner, second consideration will be delayed by 30 days. No application will be held for over 60 days. If the request for additional information is not answered, the application will be denied.

55.4(14) Reapplication. Upon denial by the director, an applicant cannot resubmit an application for funding under the targeted small business financial assistance program for 90 days (3 months) from the date of IDED’s denial letter.

55.4(15) Default. When a loan is in default for a period of 60 days, the IDED shall notify the office of the attorney general and request appropriate action.

55.4(16) Misuse of funds. A person receiving funds under the TSB financial assistance loan program may be subject to criminal penalties under Iowa Code section 15A.3 if it is determined that the person knowingly made a false statement in writing to procure economic development assistance from the state.

55.4(17) Comprehensive management assistance and entrepreneurial development.

a. Limitation. Comprehensive management assistance and entrepreneurial development is limited to businesses or individuals that have been awarded TSB funding.

b. Use of funds. Assistance is available only in the form of technical or professional assistance. This may be accomplished by use of department staff or department-contracted professional services in assisting the business to develop:

1. Management skills;
2. Inventory controls;
3. Financial controls;
4. Marketing plans;
5. Personnel assistance; or
6. Other related business assistance.

c. Determination of assistance. The administrator for the division of business development shall have the authority to approve contracts for management assistance. The maximum of case management assistance shall not exceed $2,500 per business or individual.

55.5(15) Loan guarantee program.

55.5(1) Loan guarantee program description. This program is intended to allow a targeted small business to obtain a loan guarantee from a local lender for eligible uses in an amount not to exceed $50,000. Following the department’s approval of the application, the targeted small business loan guarantee program will guarantee the financial institution up to 80 percent of the loan amount.

Applicants must meet the credit evaluation of the lending institution. The lending institution shall make credit risk evaluations and otherwise make the decision, based on sound lending practices, of whether or not to extend credit to the business.

After the decision to extend credit has been made by the participating lender, the lender shall forward the application to IDED. The department will review and rank the loan applications and, for approved applications, enter into a loan guarantee agreement with the participating lender guaranteeing payment to the lender in the event the project goes into default.

55.5(2) Application procedure. Eligible applicants for targeted small business loan guarantees must apply directly to participating lenders using the application form available from IDED.
Each application shall include, at a minimum, the following: name(s) and address(es) of the applicant and participating lender, amount of loan, amount of loan guarantee requested, and certification of compliance with state law and lending practices.

55.5(3) Loan criteria.

a. Evaluation. It is the lender’s responsibility to make a sound and fair evaluation of a project and creditworthiness. The participating lender shall evaluate each application for a targeted small business loan guarantee to ensure that the following criteria are met:

1. The applicant shall show evidence that it is able to operate the business successfully. This shall include an overall business management plan including, but not limited to, the following:
   - New business.
   1. A generalized projection of revenues and expenses for the three-year period beginning the month of anticipated loan closing;
   2. Capital formation plans, if any, other than from the targeted small business loan guarantee program;
   3. To the extent possible, identification and analysis of risks;
   4. Plans for record keeping, personnel and financial management;
   5. Plans for marketing; and
   6. Personal financial information/history.
   - Existing business.
   1. Record-keeping process in place at time of application;
   2. Tax returns for three prior years (personal and business);
   3. Quarterly financial statements (balance sheet and income); and
   4. Annual personal financial statements.

2. IDED shall have the authority to obtain access to the financial records, ownership identity, and other information it may deem necessary regarding the business.

3. The applicant shall have enough capital in the business so that, with assistance from the targeted small business loan guarantee program, the applicant will be able to operate the business on a financially sound basis. The applicant shall provide the participating lender, and IDED, access to its financial records including, but not limited to, information concerning the identity of all persons having an ownership interest in the small business, its capital structure, and its present and projected debt structure.

4. The loan shall be so secured or of sound value as to reasonably ensure repayment. The participating lender may require any collateral, security or mortgage documents or other filings or protection as are reasonably necessary to insure security subject to the limitations of 55.5(3)“b.”

5. The business’s past earnings record and future prospects shall indicate an ability to repay the loan out of income from the business. The applicant shall provide a summary of past earnings and future earnings prospects for the business and allow the participating lender reasonable access to its books and records.

b. Guarantee amount and term. No guarantee shall exceed the lesser of 80 percent or $50,000 of the principal of a loan made to a targeted small business. The term of the guarantee is the lesser of the length of the loan or seven years. The term may be extended for an additional year upon a showing of good cause. The lender shall not acquire any preferential security, surety, or insurance to protect the unguaranteed interest in a loan.

55.5(4) Minority and women contractors. Businesses awarded funds under this program shall, to the fullest extent possible, attempt to utilize minority and women contractors, suppliers, and professionals in performance of any project funded by a loan guaranteed under the targeted small business finance program.

55.5(5) Loan eligibility and purposes. A targeted small business loan guarantee shall be used for legitimate business expenses, including, but not limited to, purchase of and improvement to land and buildings, equipment and furnishings, working capital, inventory, supplies, or operating expenses.

55.5(6) Ineligible uses. The department shall not issue a loan guarantee to facilitate refinancing of existing debt. Existing debt in the context of this rule does not include interim financing obtained after the
date of a targeted small business loan guarantee award. The department shall not issue a loan guarantee to facilitate financing of a project which would consist of relocation of an existing business within Iowa.

55.5(7) **Lender responsibilities.** Participating lenders shall take affirmative action to encourage certified targeted small businesses to apply for loans which would be guaranteed under the targeted small business finance program. Lenders shall assist applicants in preparation of loan applications and supporting documentation and in determination of financial feasibility of proposed targeted small business ventures. Lenders shall prepare the targeted small business loan guarantee applications and shall submit them for consideration and action to the department. Lenders shall perform all necessary and standard loan servicing activities for each loan secured by a targeted small business loan guarantee.

55.5(8) **Administration of loans.** Participating lenders shall hold the loan instrument and shall receive all payments of principal and interest. The participating lender (noteholder) shall not, without prior consent of the department:

a. Make or consent to any substantial changes in the terms of any loan instrument;
b. Make or consent to releases of security or collateral on the loan;
c. Accelerate the maturity of the note;
d. Sue upon any loan instrument;
e. Waive any claim against any borrower, cosigner, guarantor, obligor, or standby creditor arising from any of the loan documents. All loan servicing actions shall be the responsibility of the participating lender, who shall follow accepted standards of loan servicing employed by prudent lenders.

55.5(9) **Events of default.** After a loan is in default for a period of 60 days, the lender shall within 10 days notify IDED of the default and recommend a course of action.

55.5(10) **Default and eligibility for payment.** A default is not eligible for payment until the lender has satisfied all administrative and legal remedies for settlement of the loan and the loan has been reduced to judgment by the lender. After the default has been reduced to judgment and the guarantee paid from the loan reserve account, the department is entitled to an assignment of the judgment. The attorney general may take all appropriate action to enforce the judgment or may enter into an agreement with the lender or the department to provide for enforcement. Upon collection of the amount guaranteed, any excess collected shall be applied first to principal and then to interest and be paid to the lender or to the department as their respective interests may appear.

55.5(11) **Costs of collection.** The participating lender is responsible for all costs and fees, including, but not limited to, attorney’s fees associated with the collection of loans and reducing any default to judgment.

55.5(12) **Sharing of repayment proceeds and collateral.** All repayments, security or guarantee of any nature, including without limitation, rights of setoff and counterclaim, which the lender or the department jointly or severally may at any time recover from any course whatsoever or have the right to recover on any guaranteed loan, shall repay and secure the interest of the lender and the department in the same proportion as such interest bears respectively to the guaranteed loan.

55.5(13) **Reserve account.** The department shall establish a loan reserve account from funds provided for this program, from which any default on a guaranteed loan shall be paid. In administering the program, the department shall not guarantee loan values in excess of the amount credited to the reserve account and only money set aside in the loan reserve account may be used for the payment of a default. Each time a loan guarantee is approved by the department, the amount of value of the loan guarantee will be transferred into the loan reserve account set up for that purpose. As funds in the reserve account become encumbered due to the repayment of loans, the department may transfer money between the reserve and the TSBFAP account. The reserve account shall at all times be actuarially sound.

55.5(14) **Waiver.** The department may waive or vary particular provisions of these rules to conform to requirements of the federal government in connection with a small business loan with respect to which federal assistance, insurance, or guaranty is sought, provided the waiver does not conflict with applicable state laws.
**261—55.6(15) Award agreement.** Upon approval of an award, IDED staff shall prepare an agreement between IDED and the business which at a minimum shall include the conditions of the award, the responsibilities of both parties, and potential actions in instances of noncompliance.

**261—55.7(15) Monitoring and reporting for loan, grant, and loan guarantee programs.**

**55.7(1) Monitoring.** IDED reserves the right to monitor the recipient’s records to ensure compliance with the terms of the award. The department retains the authority to request information on the condition of the business at any time during the life of the loan to determine the status of the project. IDED staff will contact the loan or grant recipient within 90 days of the award and as frequently as conditions may warrant during the life of the loan or grant.

**55.7(2) Management assistance.** The department may require a program recipient to consult with designated small business service providers for assistance with various aspects of the management and operation of the business.

These rules are intended to implement Iowa Code sections 15.102 and 15.247.

A business that does not successfully complete the formation of an ESOP will not receive the second tranche. A business will be required to provide to the authority documentation establishing the costs incurred and the successful completion of all necessary transactions.

56.3(2) Application.

261—56.4(85GA,HF648) Program eligibility, application scoring, and funding decisions.

56.4(1) Program eligibility. To be eligible under the program, an applicant shall meet all of the following requirements:

a. The applicant shall be a business interested in establishing an ESOP. To establish that this criterion is met, the applicant shall state the reasons for its interest in establishing an ESOP.

To establish that this criterion is met, the applicant shall include a copy of its articles and documentation establishing the applicable IRS election. An applicant not yet a corporation may be required to execute a letter of intent.

c. The applicant shall have a valuation that is sufficient to make an ESOP feasible. To establish that this criterion is met, the applicant shall provide information estimating the value of the business. This information may be a good-faith estimate. The authority will not set a specific minimum valuation; however, applicants are advised that a business with valuation less than $5 million may not be considered a feasible candidate for an ESOP.

d. The applicant shall have a number of employees and a total payroll that are sufficient to make an ESOP feasible. To establish that this criterion is met, the applicant shall provide relevant payroll information. The authority will not set a specific minimum number of employees; however, applicants are advised that a business with fewer than 25 employees may not be a feasible candidate for an ESOP.

e. The applicant shall have a cash flow level sufficient to make an ESOP feasible. To establish that this criterion is met, the applicant shall provide relevant financial statements. The authority will not set a minimum cash flow level; however, applicants are advised that a business with cash flow less than $500,000 may not be a feasible candidate for an ESOP.

f. The applicant is not a retail business.

g. The applicant is not a publicly traded company.

h. The applicant has not completed a feasibility study for purposes of exploring an ESOP formation.

i. The applicant has not engaged a feasibility service provider prior to July 1, 2013. An applicant who has engaged a service provider as of the time of application shall provide a copy of the engagement letter to the authority.

As part of the evaluation process, an applicant will be required to interview with authority staff and with members of the ESOP advisory panel about the applicant’s business, future plans, and interest in forming an ESOP. Authority staff and members of the ESOP advisory panel will evaluate the applications and
give them an average numerical score between 0 and 100. The numerical score will reflect the extent to which an applicant is a feasible candidate for an ESOP. In determining the numerical score, the authority and the members of the advisory panel will take into account the extent to which each applicant meets the requirements of subrule 56.4(1). The authority will keep records of the scoring process and make those records available to applicants.

56.4(3) **Funding decisions.** Each application, including its numerical score, will be referred to the director with a recommended funding decision. The director will make the final funding decision on each application, taking into consideration the score and the funding recommendation of the ESOP advisory panel. The director may not approve funding for an application that receives an average score of less than 50 points.

[ARC 1249C, IAB 12/25/13, effective 1/29/14]

261—56.5(85GA,HF648) **Contract required.** Each applicant that is approved for financial assistance under the program shall enter into an agreement with the authority. The agreement shall establish the terms on which the financial assistance is to be provided.

3. The person submits a business plan which demonstrates managerial and technical expertise.

261—57.4(15E) Program components and eligibility requirements. There will be six components to the VAAFPAP program. For program components described in subrules 57.4(1) through 57.4(4), the department shall prefer producer-owned, value-added businesses, education of producers and management boards in value-added businesses, and other activities that would support the infrastructure in the development of value-added agriculture, and public and private joint ventures involving an institution of higher learning under the control of the state board of regents or a private college or university to acquire assets, research facilities, and leverage moneys in a manner that meets the goals of the grow Iowa values fund. The component(s) include the following:

57.4(1) Innovative agricultural products and processes component. An application based on this component shall be considered if either of the following applies:
a. The business will produce a product derived from an agricultural commodity, if the product is not commonly produced in Iowa from an agricultural commodity; or
b. The business will utilize a process to produce a product derived from an agricultural commodity, if the process is not commonly used in Iowa to produce the product.

For purposes of this subrule, a product is “not commonly produced” and a process is “not commonly used” if the product or process is not usually, generally, or ordinarily produced or processed in Iowa.

57.4(2) Renewable fuel component. Applications for renewable fuel and ethanol production shall be considered by the department for funding. Applications based on ethanol fuel production must meet the following criteria to be considered for funding:
a. All fermentation, distillation, and dehydration of the ethanol occurs at the proposed facility.
b. The ethanol produced at the proposed facility is at least 190 proof and is denatured. However, if the facility markets the ethanol for further refining, the facility must demonstrate that the refiner produces at least 190 proof ethanol from the ethanol purchased from the facility.
57.4(3) Agricultural biotechnology, biomass and alternative energy component. Agricultural business facilities in the agricultural biotechnology industry, agricultural biomass industry, and alternative energy industry are eligible to submit applications.

57.4(4) Organic and emerging markets component. Facilities that add value to Iowa agricultural commodities through further processing and development of organic products and emerging markets are eligible for program assistance.

57.4(5) Project development assistance. The department, at its discretion, may also provide funding for project development related to proposed projects under this program. Project development assistance could be for the purpose of assisting in departmental evaluation of proposals, or could be one of the proposed activities in a funding request whose further project development could reasonably be expected to lead to a VAAPFAP-eligible commercial enterprise. Feasibility studies and basic research are not eligible for assistance under this program.

57.4(6) Project creation assistance. This component is for projects that eventually could be eligible for funding within the other VAAPFAP components. Periodically, a request for proposal (RFP) will be issued based on strategic initiatives developed by the department in consultation with relevant agricultural groups and advisors. The RFP will describe the desired outcome of the proposed effort. The desired outcome could be a new and innovative product, new processing or marketing techniques, or new forms of business operation or collaboration. These efforts could include:

   a. Projects that can show need for special financial assistance to engage participation of expertise needed from sources external to the business sponsor of the project.

   b. Endeavors where there is a need for financial assistance to plan and organize business consortia or joint ventures among firms or to support costs of special services to be acquired from university or other sources.

   c. Situations where there is a need to provide matching funds to businesses to enter competition for federal research and development grants.

261—57.5(15E) Ineligible projects.

57.5(1) The department shall not provide financial assistance to support a value-added production facility if the facility or a person owning a controlling interest in the facility has demonstrated a continuous and flagrant disregard for the health and safety of its employees or the quality of the environment as more fully described in 261—Chapter 172.

57.5(2) The department shall not approve an application for assistance under this program to refinance an existing loan.

57.5(3) The department shall not directly award financial assistance to support an activity directly related to farming as defined in Iowa Code section 9H.1, including the establishment or operation of a livestock production operation, regardless of whether the activity is related to a renewable fuel production facility.

57.5(4) An applicant may not receive more than one award under this program for a single project. However, previously funded projects may receive an additional award(s) if the applicant demonstrates that the funding is to be used for a significant expansion of the project, a new project, or a project which results from previous project development assistance.

57.5(5) The department shall not approve an application for assistance in which VAAPFAP funding would constitute more than 50 percent of the total project costs.

261—57.6(15E) Awards.

57.6(1) Form. Financial assistance awarded under this program may be in the form of a loan, forgivable loan, deferred loan, grant, or a combination thereof. The department shall not award more than 25 percent of the amount allocated to the value-added agricultural products and processes financial assistance fund during any state fiscal year to support a single person. The department may finance any size of facility. However, the department may reserve up to 50 percent of the total amount allocated to the fund for purposes of assisting persons requiring $500,000 or less in financial assistance. The
amount shall be reserved until the end of the third quarter of the state fiscal year and may then become available for other projects.

57.6(2) Amount.
   a. Grants, forgivable loans, and loans shall be awarded on the basis of the impact of the project and the degree to which the project meets the goals of the program.
   b. The department reserves the right to negotiate the amount, term payback amount, and other conditions of an award.

261—57.7(15E) Application procedure. Application materials are available on line at www.iowalifechanging.com or from IDED, Business Finance, 200 East Grand Avenue, Des Moines, Iowa 50309, telephone (515)242-4819. A comprehensive business plan must accompany the application and shall include at least the following:
   1. Marketing plan for the project;
   2. Project budget and status of alternative financing (if applicable);
   3. Production operations;
   4. Management structure;
   5. Personnel needs;
   6. Description of product, process or practice;
   7. Status of product/service development; and
   8. Patent status (if applicable).

261—57.8(15E) Review process. Subject to availability of funds, applications are reviewed and rated by IDED staff on an ongoing basis. Applications will be reviewed by staff for completeness and eligibility. If additional information is required, the applicant shall be provided with notice, in writing, to submit additional information. If the applicant had previously consulted with the coordinator in completion of the application, the department may refer the application to the coordinator for further feasibility studies if deemed necessary. Applications will be reviewed as described in 261—Chapter 175.

   The department may consult with other state agencies regarding any possible future environmental, health, or safety issues linked to technology related to the biotechnology industry.

   The department reserves the right to informally consult with external resources to assist in the evaluation of projects or to contract with outside consultants, in an amount not to exceed $20,000 per project, for the same purpose.

261—57.9(15E) Deferral process. Rescinded IAB 7/4/07, effective 6/15/07.

261—57.10(15E) Evaluation and rating criteria. The IDED staff shall evaluate and rank applications based on the following criteria:

57.10(1) For the innovative products and processes component:
   a. Feasibility (0-25 points). The feasibility of the existing or proposed facility, process, or operation to remain a viable enterprise. Rating factors for this criterion include, but are not limited to, the following: initial capitalization, project budget, financial projections, marketing analysis, marketing plan, management team, and production plan. In order to be eligible for funding, proposals must score at least 15 points on this rating factor.
   b. Priority components (0-25 points). The degree to which the proposed project meets one of the four primary program components which include:
      1. Innovative agricultural products and processes.
      2. Renewable fuels.
      3. Agricultural biotechnology, agricultural biomass, and alternative energy.
      4. Organic products and emerging markets.

   In order to be eligible for funding, proposals must score at least 15 points in the program component under which the applicant is eligible.
c. Utilization (0-25 points). The degree to which the facility will add value to and increase the utilization of agricultural commodities produced in this state. In order to be eligible for funding, proposals must score at least 15 points on this rating factor.

d. Producer ownership (0-15 points). The level of producer ownership will be given additional consideration.

e. The extent to which the existing or proposed facility is located in a rural region of the state (0-10 points).

f. The proportion of local match to be contributed to the project (0-5 points).

g. The level of need of the region where the existing facility is or the proposed facility is to be located (0-5 points). More points are awarded to those projects which exhibit greater need as measured by factors including, but not limited to, the following: regional unemployment rate, poverty level, or other measures of regional fiscal distress.

h. The degree to which the facility produces a coproduct which is marketed in the same locality as the facility (0-5 points).

A minimum score of 65 points is needed for a project to be recommended for funding.

57.10(2) For the project creation assistance component:

a. Any person is eligible to apply except educational or research institutions. However, an educational or research institution may be a partner to an eligible applicant.

b. The evaluation process will focus on the application of new technology and knowledge to agricultural processing and will be based upon the degree to which:

(1) The resulting business has potential to increase the utilization of agricultural commodities in Iowa; and

(2) The resulting business increases value-added economic activities (for example, facilities or employment) within the state of Iowa.

261—57.11(15E) Negotiation and award. Rescinded IAB 7/4/07, effective 6/15/07.

261—57.16(15E,83GA,SF344) Applicability of VAAPFAP program after July 1, 2009.

57.16(1) Effective July 1, 2009, the VAAPFAP program is rescinded by 2009 Iowa Acts, Senate File 344, section 9, and replaced with the grow Iowa values financial assistance program. Rules for the grow Iowa values financial assistance program may be found in 261—Chapter 74.

57.16(2) For awards made prior to July 1, 2009, the rules of 261—Chapter 57 shall govern for purposes of contract administration and closeout of projects. A contract amendment is not allowable if the result of the amendment is to increase the benefits available.

This rule is intended to implement 2009 Iowa Acts, Senate File 344.

The program is designed to encourage sustained profitability for eligible businesses that invest and operate in the state in return for the desired state outcomes of new jobs and higher income. For existing facilities, project completion means the date of completion of all improvements included in the economic development area.

“Project initiation” means any one of the following: the start of construction of new or expanded buildings; the start of rehabilitation of existing buildings; the purchase or leasing of existing buildings; or the installation of new machinery and equipment or new computers to be used in the operation of the...

261—58.3(15) Agreement prerequisites. Before the department and a business or group of businesses enter into an agreement for program benefits, the following steps must be completed:

58.3(1) The business or group of businesses submits an application in compliance with the provisions of these rules.

58.3(2) The department determines that the business or group of businesses has met the threshold requirements for program participation.

58.3(3) The department enters into negotiations with the business or group of businesses regarding the amount of tax incentives and assistance the business or group of businesses may be eligible to receive. The department reserves the right to negotiate the amount of all program benefits except the following benefits: The new jobs supplemental credit; the value-added property tax exemption; the refund of sales, service and use taxes paid to contractors and subcontractors; the sales and use tax exemption; and the exemption from land ownership restrictions for nonresident aliens. The criteria to be used in the negotiations to determine the amount of tax incentives and assistance include but are not limited to:

a. The number and quality of jobs to be created. Factors to be considered include but are not limited to full-time, career path jobs; turnover rate; fringe benefits provided; safety; skill level.

b. The wage levels of the jobs to be created.

c. The amount of capital investment to be made.

d. The level of need of the business. Factors to be considered include but are not limited to the degree to which the business needs the tax incentives and assistance in order for the project to proceed. Methods of documenting need may include criteria such as financial concerns; risk of the business’s locating in or relocating to another state; or return on investment concerns.

e. The economic impact and cost to the state and local area of providing tax incentives and assistance in relation to the public gains and benefits to be provided by the business. Factors to be considered include but are not limited to the amount of tax credits likely to be used by the business and the impact on the local and state tax base and economic base.

f. Other state or federal financial assistance received or applied for by the business for the project.

58.3(4) The board approves the application and the amount of tax incentives and assistance negotiated by the department that the business or group of businesses shall receive and authorizes the department to execute an agreement with the business or group of businesses.

261—58.4(15) Program benefits. The department reserves the right to negotiate, using the criteria in subrule 58.3(3), the amount of all program benefits except the following benefits: the new jobs supplemental credit; the value-added property tax exemption; the refund of sales, service and use taxes paid to contractors and subcontractors; the sales and use tax exemption; and the exemption from land ownership restrictions for nonresident aliens. The following benefits may be available to an eligible
business and are subject to the amount of incentives and assistance negotiated by the department with
the eligible business and agreed upon as described in the executed agreement:

58.4(1) New jobs supplemental credit. A supplemental new jobs credit from withholding in an
amount equal to 1½ percent of the gross wages paid by the business. The supplemental new jobs credit
available under this program is in addition to and not in lieu of the program and withholding credit of
1½ percent authorized under Iowa Code chapter 260E. Approval and administration of the supplemental
new jobs credit shall follow existing procedures established under Iowa Code chapter 260E.

58.4(2) Value-added property tax exemption. A value-added property tax exemption of all or a
portion of the actual value added by improvements to real property directly related to new jobs created
by the location or expansion of the business and used in the operation of the business. For purposes of
this subrule “improvements” includes new construction and rehabilitation of and additions to existing
structures. The exemption may be allowed by a community for a period of up to 20 years beginning the
year the improvements are first assessed for taxation in that community. The community shall provide
to the department a copy of the resolution adopted by its governing body which indicates the estimated
value and duration of the exemption authorized. The community shall provide the assessor with a copy
of the resolution establishing the exemption.

58.4(3) Investment tax credit and insurance premium tax credit.

a. Investment tax credit. An eligible business may claim an investment tax credit as provided in
Iowa Code (2003) section 15.333. A corporate income tax credit may be claimed of up to a maximum
of 10 percent of the new investment which is directly related to new jobs created by the location or
expansion of the business. If the business is a partnership, subchapter S corporation, limited liability
company, closed cooperative organized under Iowa Code chapter 501 and filing as a partnership for
federal tax purposes, or an estate or trust electing to have the income taxed directly to the individual, an
individual may claim the tax credit allowed. Any credit in excess of tax liability for the tax year may
be credited to the tax liability for the following seven years or until depleted, whichever occurs first.
Subject to prior approval by the department in consultation with DR, an eligible business whose project
primarily involves the production of value-added agricultural products may elect to apply for a refund
for all or a portion of an unused tax credit. For purposes of this subrule, an eligible business includes
a cooperative as described in Section 521 of the United States Internal Revenue Code. The refund may
be used against a tax liability imposed for individual income tax, corporate income tax, or franchise tax.
The eligible business shall not claim an investment tax credit for capital expenditures above the amount
stated in the agreement described in 261—58.11(15). An eligible business may instead, prior to project
completion, seek to amend the contract, allowing the business to receive an investment tax credit for
additional capital expenditures.

b. Insurance premium tax credit. If the business is an insurance company, the business may
claim an insurance premium tax credit as provided in Iowa Code section 15.333A. An insurance
premium tax credit may be claimed of up to a maximum of 10 percent of the new investment which is
directly related to new jobs created by the location or expansion of the business. Any credit in excess
of tax liability for the tax year may be credited to the tax liability for the following seven years or until
depleted, whichever occurs first. The eligible business shall not claim an insurance premium tax credit
for capital expenditures above the amount stated in the agreement described in 261—58.11(15). An
eligible business may instead, prior to project completion, seek to amend the contract, allowing the business to receive an insurance premium tax credit for additional capital expenditures.

c. Eligible capital expenditures. For purposes of this rule, the capital expenditures eligible for the
investment tax credit or the insurance premium tax credit under the new jobs and income program are the
costs of machinery and equipment as defined in Iowa Code section 427A.1(1) “e” and “j” and purchased
for use in the operation of the eligible business, the purchase price of which has been depreciated in
accordance with generally accepted accounting principles. For the investment tax credit and for the
insurance premium tax credit, the cost of improvements made to real property which is used in the
operation of the eligible business is an eligible capital expenditure.

d. Real property. For business applications received on or after July 1, 1999, for purposes of the
investment tax credit claimed under Iowa Code Supplement section 15.333 as amended by 2000 Iowa
Acts, chapter 1213, section 1, and for business applications received on or after May 26, 2000, for purposes of the insurance premium tax credit claimed under Iowa Code section 15.333A, subsection 1, the purchase price of real property and any existing buildings and structures located on the real property will also be considered a new investment in the location or expansion of an eligible business. However, if within five years of purchase, the eligible business sells or disposes of, razes or otherwise renders unusable the land, buildings, or other existing structures for which tax credit was claimed under Iowa Code Supplement section 15.333 as amended by 2000 Iowa Acts, chapter 1213, section 1, or under Iowa Code section 15.333A, subsection 1, the income tax liability or, where applicable, the insurance premium tax liability, of the eligible business for the year in which the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

1. One hundred percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within one year after being placed in service.
2. Eighty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within two years after being placed in service.
3. Sixty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within three years after being placed in service.
4. Forty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within four years after being placed in service.
5. Twenty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within five years after being placed in service.

e. Refunds. An eligible business whose project primarily involves the production of value-added agricultural products and whose application was approved by the department on or after May 26, 2000, may elect to receive as a refund all or a portion of an unused investment tax credit.

1. The department will determine whether a business’s project primarily involves the production of value-added agricultural products. Effective July 1, 2001, an eligible business that elects to receive a refund shall apply to the department for a tax credit certificate.

2. The business shall apply for a tax credit certificate using the form provided by the department. Requests for tax credit certificates will be accepted between May 1 and May 15 of each fiscal year. Only those eligible businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. For a cooperative described in Section 521 of the United States Internal Revenue Code, the department shall require the cooperative to submit a list of members whom the cooperative wishes to receive a tax credit certificate for their prorated share of ownership. The cooperative shall submit its list in a computerized electronic format that is compatible with the system used or designated by the department. The computerized list shall, at a minimum, include the name, address, social security number or taxpayer identification number, business telephone number and ownership percentage, carried out to six decimal places, of each cooperative member eligible for a tax credit certificate. The cooperative shall also submit a total dollar amount of the unused investment tax credits for which the cooperative’s members are requesting a tax credit certificate.

3. The department will make public by June 1 of each year the total number of requests for tax credit certificates and the total amount of requested tax credit certificates that have been submitted. The department will issue tax credit certificates within a reasonable period of time.

4. The department shall not issue tax credit certificates which total more than $4 million during a fiscal year. If the department receives applications for tax credit certificates in excess of $4 million, the applicants shall receive certificates for a prorated amount. In such a case, the tax credit requested by an eligible business will be prorated based upon the total amount of requested tax credit certificates received during the fiscal year. This proportion will be applied to the amount requested by each eligible business to determine the amount of the tax credit certificate that will be distributed to each business for the fiscal year. For example, if an eligible business submits a request in the amount of $1 million and the total amount of requested tax credit certificates equals $8 million, the business will be issued a tax credit certificate in the amount of $500,000:
$4 \text{ million} \over \text{$8$ million} = 50\% \times \$1 \text{ million} = \$500,000.

(5) Tax credit certificates shall not be valid until the tax year following project completion. The tax credit certificates shall not be transferred except in the case of a cooperative as described in Section 521 of the United States Internal Revenue Code. For such a cooperative, the individual members of the cooperative are eligible to receive the tax credit certificates. Tax credit certificates shall be used in tax years beginning on or after July 1, 2001. A business shall not claim a refund of unused investment tax credit unless a tax credit certificate issued by the department is attached to the taxpayer’s tax return for the tax year during which the tax credit is claimed. Any unused investment tax credit in excess of the amount of the tax credit certificate issued by the department may be carried forward for up to seven years after the qualifying asset is placed in service or until depleted, whichever occurs first.

(6) An eligible business may apply for tax credit certificates once each year for up to seven years after the qualifying asset is placed in service or until the eligible business’s unused investment tax credit is depleted, whichever occurs first. For example, an eligible business which completes a project in October 2001 and has an investment tax credit of $1 million may apply for a tax credit certificate in May 2002. If, because of the proration of the $4 million of available refundable credits for the fiscal year, the business is awarded a tax credit certificate in the amount of $300,000, the business may claim the $300,000 refund and carry forward the unused investment tax credit of $700,000 for up to seven years or until the credit is depleted, whichever occurs first.

f. New jobs insurance premium tax credit. If the eligible business is an insurance company, the business may claim an insurance premium tax credit as provided in Iowa Code section 15.333A. This new jobs insurance premium tax may be taken by an eligible business which has entered into a chapter 260E agreement with a career and technical school or community college, and which has increased its base employment level in Iowa by at least 10 percent within the time set in the 260E training agreement. In the case of an eligible business without a base employment level, if the business adds new jobs within the time set in the 260E agreement, it is entitled to this new jobs insurance premium tax credit for the tax period to be selected by the business. In determining if the business has increased its base employment by 10 percent, only those new jobs resulting from the project covered by the 260E agreement shall be counted.

The new jobs insurance premium tax credit as provided in Iowa Code section 15.333A is determined by multiplying the qualifying taxable wages of new employees by 6 percent. For purposes of this credit, “qualifying taxable wages” is the amount of taxable wages upon which an employer is required to pay state of Iowa unemployment compensation fund taxes for new employees in new jobs. This insurance premium tax credit may be claimed in any reporting period which either begins or ends during the period beginning with the date of the 260E agreement and ending with the date by which the 260E training agreement is to be completed. Any credit in excess of the insurance premium tax liability for the year may be credited to the tax liability for the following seven years, or until depleted, whichever is earlier. This new jobs insurance premium tax credit is in lieu of, and not in addition to, the new jobs tax credit as stated in Iowa Code section 422.11A.

58.4(4) Property tax exemption. An exemption from taxation for machinery, equipment, and computers for a period of up to 20 years. A business may claim as exempt from taxation all or a portion of the value of the property directly related to new jobs created by the location or expansion of a business under the program and used by the business. Property eligible for this exemption shall be acquired or initially leased by the business or relocated by the business to the facility from a facility outside the state of Iowa. Property “directly related” includes the property the new employees will operate, repair, or maintain.

58.4(5) Research activities credit. A corporate tax credit for increasing research activities in this state during the period the business is participating in the program. For purposes of claiming this credit, a business is considered to be “participating in the program” for a period of ten years from the application approval date. This credit equals 6½ percent of the state’s apportioned share of
the qualifying expenditures for increasing research activities. The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures. This credit is in addition to the credit authorized in Iowa Code section 422.33. If the business is a partnership, subchapter S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. Any tax credit in excess of the tax liability shall be refunded to the eligible business with interest computed under Iowa Code section 422.25. In lieu of claiming a refund, the eligible business may elect to have the overpayment credited to its tax liability for the following year.

58.4(6) Refund of sales, service and use taxes paid to contractors or subcontractors.
   a. An eligible business or supporting business may apply for a refund of the sales and use taxes paid under Iowa Code chapters 422 and 423 for gas, electricity, water or sewer utility services, goods, wares, or merchandise, or on services rendered, furnished or performed to or for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility within the economic development area.
   b. Taxes attributable to intangible property and furniture and furnishings shall not be refunded. To receive a refund of the sales, service and use taxes paid to contractors or subcontractors, the eligible business or supporting business must, within one year after project completion, make an application to the Iowa department of revenue.

58.4(7) Sales and use tax exemption. An eligible business may claim an exemption from sales and use taxation property as defined under Iowa Code section 422.45, subsection 27, and also as defined under Iowa Code section 15.334. This effectively eliminates the sales and use taxes on industrial machinery, equipment and computers, including replacement parts which are depreciable for state and federal income tax purposes.

58.4(8) Exemption from land ownership restrictions for nonresident aliens.
   a. An eligible business, if owned by nonresident aliens, may acquire and own up to 1,000 acres of land in the economic development area provided the eligible business is not actively engaged in farming within the economic development area. An eligible, nonresident alien-owned business may also lease up to an additional 280 acres of land in the economic development area. An eligible business owned by nonresident aliens may be allowed, before an application is submitted, to take out a purchase option on up to 1,000 acres the business intends to acquire and may be allowed to take out a lease option on up to an additional 280 acres. The purchase and lease options may be no longer than six months in duration, and the option acquired shall be contingent upon department approval of the business’s NJIP application. The eligible business may receive one or more extensions of the five-year time limit for complying with requirements for the development of agricultural land as stated in Iowa Code section 567.4. Requests for an extension must be made in writing and received by the community and the department 90 days prior to the expiration of the current time limit. Each extension must be approved by the community prior to approval by the department. An eligible business may receive one five-year extension and one or more one-year extensions. The community, in consultation with the department, will determine whether a five-year or one-year extension is granted. The eligible business, if owned by nonresident aliens, must comply with all other provisions of Iowa Code chapter 567 which govern land ownership by nonresident aliens, provided they do not conflict with Iowa Code section 15.331B.
   b. “Actively engaged in farming” means any of the following:
      (1) Inspecting agricultural production activities within the economic development area periodically and furnishing at least half value of the tools and paying at least half the direct cost of production.
      (2) Regularly and frequently making or taking an important part in management decisions substantially contributing to or affecting the success of the farm operations within the economic development area.
      (3) Performing physical work which significantly contributes to crop or livestock production.
   c. The nonresident alien owner is not considered to be actively engaged in farming if the nonresident alien owner cash rents the land to others for farming purposes.
d. An eligible business, if owned by nonresident aliens, may only receive the land ownership exemptions under this subrule provided the business has received final approval of a New Jobs and Income Program application before July 1, 2002.

e. The department will monitor the activities of eligible businesses owned by nonresident aliens that receive this exemption from land ownership restrictions. The department will submit a report to the general assembly by December 15 of each year.

[ARC 3383C, IAB 10/11/17, effective 11/15/17]

261—58.5(15) Limitation on incentives. An eligible business may receive other applicable federal, state, and local incentives and credits in addition to those provided under this program. However, a business which participates in this program shall not receive funds for the same project from the community economic development account under the community economic betterment program described in 261—Chapter 22.

261—58.6(15) Application. To request participation in the program, a business shall submit application to the department. A business may submit an application individually or as a part of a group of businesses. Requests for an application should be directed to the Iowa Department of Economic Development, Division of Business Development, 200 East Grand Avenue, Des Moines, Iowa 50309.

261—58.7(15) Eligibility requirements. Retail business shall not be eligible to receive benefits under this program. To be eligible for program participation a business shall meet all of the threshold requirements of subrule 58.7(1) and at least three of the elements listed in subrule 58.7(2). If an application is submitted by a group of businesses, the group must meet the capital investment requirement and the job creation requirement of at least 75 full-time nonmanagement production positions. Each business within the group shall individually meet the other eligibility criteria.

58.7(1) Mandatory six elements. A business shall meet all of the following requirements in order to be eligible for program benefits:

a. The community has approved by ordinance or resolution the start-up, location, or expansion of the business for the purpose of receiving program benefits. If community approval is by resolution rather than ordinance and the business is requesting the exemption from land ownership restrictions for nonresident aliens under subrule 58.4(8), the community shall submit documentation that the public was afforded an opportunity to comment on the business’s application and land ownership exemption request.

b. The business has not closed or substantially reduced its operation in one area of the state and relocated substantially the same operation in the community. This requirement does not prohibit a business from expanding its operation in the community if existing operations of a similar nature in the state are not closed or substantially reduced.

c. The business must provide and pay at least 80 percent of the cost of a standard medical and dental insurance plan for all full-time employees working at the facility in which the new investment occurred.

d. The business shall agree to pay a median wage for new full-time hourly nonmanagement production jobs of at least $11 per hour indexed to 1993 dollars based on the gross national product implicit price deflator published by the Bureau of Economic Analysis of the United States Department of Commerce or 130 percent of the average wage in the county in which the community is located, whichever is higher. The business shall compute its median wage for all new full-time employees to include compensation in the form of hourly wages and salaries. Bonuses, commissions or overtime pay may also be included in the calculation if the business has a history of paying bonuses, commissions or overtime pay and will provide a guarantee that this type of additional compensation will continue while the business is participating in the program.

e. The business will make a capital investment of at least $10 million indexed to 1993 dollars based on the gross national product implicit price deflator published by the bureau of economic analysis of the United States Department of Commerce. If the business is occupying a vacant building suitable
for industrial use, the fair market value of the building shall be counted toward the capital investment threshold.

f. The business shall agree to create at least 50, or the group of businesses at least 75, full-time nonmanagement production positions at a facility located in Iowa or expanded under the program for a specified period which will be negotiated with the department and the community, but which shall be a minimum of five years. The jobs must be created within five years of the application approval date and the jobs must be maintained for a period of at least five years from the date the business first meets its job creation obligation.

58.7(2) Additional required elements. To be eligible for incentives under the program, a business or group of businesses shall do at least three of the following:

a. Offer a pension or profit-sharing plan to full-time employees.

b. Produce or manufacture high value-added goods or services or be in one of the following industries:
   - (1) Value-added agricultural products.
   - (2) Insurance and financial services.
   - (3) Plastics.
   - (4) Metals.
   - (5) Printing paper or packaging products.
   - (6) Drugs and pharmaceuticals.
   - (7) Software development.
   - (8) Instruments and measuring devices and medical instruments.
   - (9) Recycling and waste management.
   - (10) Telecommunications.

c. Make day care services available to its employees.

d. Invest annually no less than 1 percent of pretax profits from the facility located to Iowa or expanded under the program in research and development in Iowa.

e. Invest annually no less than 1 percent of pretax profits from the facility located to Iowa or expanded under the program in worker training and skills enhancement.

f. Have an active productivity and safety improvement program involving the management and worker participation and cooperation with benchmarks for gauging compliance.

g. Occupy an existing facility at least one of the buildings of which shall be vacant and shall contain at least 20,000 square feet.

58.7(3) Further evaluation factors. After a business has certified compliance with the threshold requirements of subrules 58.7(1) and 58.7(2), the board will consider a variety of additional factors in determining the eligibility of a business to participate in the program including, but not limited to, the following:

a. The quality of jobs to be created. The department shall place greater emphasis on those jobs that have a higher wage scale, have a lower turnover rate, are full-time or career-type positions, provide comprehensive health benefits, or have related factors which could be considered to be higher in quality than to other jobs. Businesses that have wage scales substantially below that of existing Iowa businesses in that area will be considered as providing the lowest quality of jobs and will be given the lowest consideration in determining program eligibility.

b. The impact of the proposed project on other businesses in competition with the business being considered for program participation. The department shall make a good faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for program incentives. The department shall also make a good faith effort to determine the probability that the proposed financial assistance will displace employees of existing businesses. In determining the impact on businesses in competition with the business seeking program benefits, jobs created as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created.

c. The impact to the state of the proposed project. In measuring the economic impact the department shall place greater emphasis on projects which have greater consistency with the state strategic plan than other projects. Greater consistency may include any or all of the following:
(1) A business with a greater percentage of sales out of state or of import substitution.
(2) A business with a higher proportion of in-state suppliers.
(3) A project which would provide greater diversification of the state economy.
(4) A business with fewer in-state competitors.
(5) A potential for future job growth.
(6) A project which is not a retail operation.
   d. If the business has, within three years of application for program participation, acquired or
   merged with an Iowa corporation or company, whether the business has made a good faith effort to hire
   the workers of the acquired or merged company.
   e. Whether a business provides a preference for hiring residents of the state or of the economic
development area, except for out-of-state employees offered a transfer to Iowa or to the economic
development area.
   f. Whether all known required environmental permits have been issued and regulations met.

58.7(4) Waiver of program qualification requirements. A community may request a waiver of the
requirement for the number of jobs listed in paragraph 58.7(1)“f.” However, in no event shall
the minimum number of jobs created be fewer than 15 full-time, nonmanagement production positions.
   a. The department may grant a waiver only when good cause is shown.
     (1) “Good cause shown” includes the following economic distress criteria:
     1. A county family poverty rate higher than the state average.
     2. A county unemployment rate higher than the state average.
     3. A unique opportunity to use existing unutilized facilities in the community.
     4. A significant downsizing or closure by one of the community’s major employers.
     5. An immediate threat posed to the community’s workforce due to business downsizing or
        closure.
   (2) “Good cause shown” may also include a proposed project by a business that shall meet all of
   the following criteria:
     1. The business is in one of the state’s targeted industry clusters: life sciences, information
        solutions, and advanced manufacturing.
     2. The business will make a higher than average capital investment.
     3. The business will pay an average starting wage for all the new jobs created as the result of the
        project that is significantly higher than the wage requirement in paragraph 58.7(1)“d.”
   b. A request for a waiver shall be made in writing on the form provided by the department. A
      request for a waiver shall be submitted with the application to request program benefits. The board
      will review the request for a waiver when it reviews the application and may approve, deny, or defer
      the request for a waiver. If the request for a waiver is approved, the board may proceed with its final
decision on the application.

261—58.8(15) Ineligibility. If the department finds that a business has a record of violations of the
law over a three-year period that tends to show a consistent pattern, the business shall not qualify for
benefits under this program. The time period that will be reviewed for violations of a federal or state
environmental protection statute, regulation or rule is the previous five years as required by Iowa Code
section 15A.1(3)“a.” Violations of law include, but are not limited to, environmental and worker
safety statutes, rules, and regulations. A business shall not be ineligible for program participation
if the department finds that the violations did not seriously affect the public health or safety, or the
environment, or if they did, that there were mitigating circumstances.

261—58.9(15) Application. The department shall develop a standardized application and make it
available for use by a business applying for benefits and assistance. The community shall review
the application to determine if the business is eligible for benefits and assistance. If the community
determines that the business is eligible, it shall approve by resolution the start-up, location, or expansion
of the business for the purpose of receiving program benefits. The community shall then submit the
application for benefits and assistance to the department.
261—58.10(15) Department and board action. The division of business development will review all completed applications to determine compliance with the threshold requirements of subrules 58.7(1) and 58.7(2). The division will prepare a report for the board which includes a summary of the application. The board will review applications from eligible businesses meeting the threshold requirements and consider the additional factors listed in subrule 58.7(3) in making its final decision. The board may approve, deny or defer a request for program participation. If an application is approved, the board shall authorize the department to enter into an agreement with the eligible business, or group of businesses, for program benefits. The department will provide DR and the assessor with notice of the board’s approval of an application and a copy of the agreement executed between the department and the business.

261—58.11(15) Agreement. The department shall prepare an agreement which includes, but is not limited to, a description of the project to be completed by the business, the number of jobs to be created, length of the project period, the program benefits available, and the repayment requirements of the business in the event the business does not fulfill its obligations. The department shall consult with the community during negotiations relating to the agreement.

261—58.12(15) Valuation of incentives. Rescinded IAB 7/17/96, effective 7/1/96.

261—58.13(15) Compliance monitoring; notice of noncompliance and penalties.

58.13(1) Compliance monitoring. The department will conduct an annual review of the business, or group of businesses, to monitor compliance with the agreement executed under this program.

58.13(2) Notice of noncompliance. The department will notify the community and DR of a business’s or group of businesses’ unremedied noncompliance under the agreement.

58.13(3) Authority to recover. Following notice of noncompliance from the department, the taxing authority of the community shall have the authority to take action to recover the value of taxes not collected as a result of the exemption provided by the community to the business or group of businesses. DR shall have the authority to recover the value of state taxes or incentives provided under the program. The value of state incentives provided under the program includes applicable interest and penalties.

58.13(4) False report of taxes paid. A contractor or subcontractor to an eligible business who willfully makes a false report to the eligible business under the sales and use tax refund provisions of subrule 58.4(6) is guilty of a simple misdemeanor and in addition is liable for the payments of the tax and any applicable penalty and interest.

261—58.14(15) Repayment.

58.14(1) Failure to meet requirements. If the department, in consultation with the community, determines that business has failed in any year to meet any one of the requirements of the new jobs and income Act, these rules, and the agreement, the business or group of businesses is subject to repayment of all or a portion of the amount of incentives received.

Once it has been established, through the compliance monitoring, audit or otherwise, that the business or group of businesses is required to repay all or a portion of the incentives received, DR and the community, as appropriate, shall collect the amount owed. The community or DR may exercise forbearance in connection with collection of the amounts owed to the community or DR and elect, in consultation with the department, to grant the business or group of businesses a one-year period to meet its requirements under the agreement.

58.14(2) Calculation of repayment due.

a. Investment tax credit. If a business does not meet the capital investment requirement, repayment shall be calculated as follows:

(1) If the business has not met the minimum investment requirement as stated in 58.7(1)”e,” the business shall repay all of the incentives and assistance that it has received.

(2) If the business has met 50 percent or less of the requirement, the business shall repay the same percentage in benefits as the percentage that the business failed to invest.
(3) If the business has met more than 50 percent but not more than 75 percent of the requirement, the business shall repay one-half of the percentage in benefits that the business failed to invest.

(4) If the business has met more than 75 percent but not more than 90 percent of the requirement, the business shall repay one-quarter of the percentage in benefits that the business failed to invest.

b. Job creation. If a business does not meet its job creation requirement or fails to maintain the required number of jobs, repayment shall be calculated as follows:

(1) Fifty percent or less of job creation. If the business or group of businesses has met 50 percent or less of the requirement, the business or group of businesses shall pay the same percentage in benefits that the business or group of businesses failed to create in jobs.

(2) More than 50 percent, less than 75 percent. If the business or group of businesses has met more than 50 percent but not more than 75 percent of the requirement, the business or group of businesses shall pay one-half of the percentage in benefits that the business or group of businesses failed to create in jobs.

(3) More than 75 percent, less than 90 percent. If the business or group of businesses has met more than 75 percent but not more than 90 percent of the requirement, the business or group of businesses shall pay one-quarter of the percentage in benefits that the business or group of businesses failed to create in jobs.

(4) If the business or group of businesses has not met the minimum job creation requirement as stated in paragraph 58.7(1)"f" or subrule 58.7(4), the business or group of businesses shall repay all of the incentives and assistance that it has received.

c. Wages and benefits. If the business or group of businesses fails to meet the wage requirement of paragraph 58.7(1)"d" or the benefits requirement of paragraph 58.7(1)"e" in any one year, the business or group of businesses must meet that requirement in the following year or forfeit the incentives for the year in which the business or group of businesses were not in compliance.

d. Additional required elements. If the business or group of businesses fails to meet the additional required elements of subrule 58.7(2) in any one year, the business or group of businesses must meet that requirement in the following year or forfeit the incentives for the year in which the business or group of businesses were not in compliance.

58.14(3) Failure to meet other requirements. Rescinded IAB 10/1/03, effective 11/5/03.

261—58.15(15) Amendments. Any substantive change to an approved project will be considered a contract amendment. The amendment must be requested on the form provided by the department and approved by the community. No amendment will be valid until approved by the department.

These rules are intended to implement Iowa Code chapter 15 as amended by 2003 Iowa Acts, House Files 612, 677 and 681.

261—58.16(81GA,HF868) Applicability of new jobs and income program after July 1, 2005.

58.16(1) Effective July 1, 2005, the NJIP program is rescinded by 2005 Iowa Acts, House File 868, and replaced with a new tax credit program, the high quality job creation program. Rules for the high quality job creation program may be found in 261—Chapter 68.

58.16(2) For awards made or contracts entered into prior to July 1, 2005, the rules of 261—Chapter 58 shall govern for purposes of contract administration and closeout of projects. A contract amendment is not allowable if the result of the amendment is to increase the benefits available.

This rule is intended to implement 2005 Iowa Acts, House File 868.

CHAPTER 59

261—59.1(15E) Purpose and administrative procedures.

59.1(1) Purpose. The purpose of the establishment of an enterprise zone in a county or city is to promote new economic development in economically distressed areas. Businesses that are eligible and locating or located in an enterprise zone and approved by the department are authorized under this program to receive certain tax incentives and assistance. The intent of the program is to encourage communities to target resources in ways that attract productive private investment in economically distressed areas within a county or city. Projects that have already been initiated before receiving formal application approval by the department shall not be eligible for tax incentives and assistance under this program.

59.1(2) Administrative procedures. The EZ program is subject to the requirements of the department’s rules located in 261—Part VII, additional application requirements and procedures, and 261—Part VIII, legal and compliance. Part VII and Part VIII include standard definitions; standard program requirements; wage, benefit and investment requirements; application review and approval procedures; contracting; contract compliance and job counting; and annual reporting requirements. [ARC 7970B, IAB 7/15/09, effective 7/1/09; ARC 8145B, IAB 9/23/09, effective 10/28/09]

“Agricultural land” as defined in Iowa Code section 403.17 means real property owned by a person in tracts of ten acres or more and not laid off into lots of less than ten acres or divided by streets and alleys into parcels of less than ten acres, and that has been used for the production of agricultural commodities during three out of the past five years. Such use of property includes, but is not limited to, the raising, harvesting, handling, drying, or storage of crops used for feed, food, seed, or fiber; the care or feeding of livestock; the handling or transportation of crops or livestock; the storage, treatment, or disposal of livestock manure; and the application of fertilizers, soil conditioners, pesticides, and herbicides on crops. “Agricultural land” includes land on which is located farm residences or outbuildings used for agricultural purposes and land on which is located facilities, structures, or equipment for agricultural purposes. “Agricultural land” includes land taken out of agricultural production for purposes of environmental protection or preservation.

261—59.3(15E) Enterprise zone certification. An eligible county or an eligible city may request the board to certify an area meeting the requirements of the Act and these rules as an enterprise zone. Certified enterprise zones will remain in effect for a period of ten years from the date of certification by the board. A county may request zone certification under subrule 59.3(1) at any time prior to December 1, 2003. A county or city may request zone certification under subrules 59.3(2), 59.3(3), 59.3(4) and 59.3(6) at any time prior to July 1, 2010.

59.3(1) County—eligibility based on distress criteria in section 15E.194, Iowa Code (2001).

a. Requirements. To be eligible for enterprise zone certification, a county must meet at least two of the following criteria:

1. The county has an average weekly wage that ranks among the bottom 25 counties in the state based on the 1995 annual average weekly wage for employees in private business.

2. The county has a family poverty rate that ranks among the top 25 counties in the state based on the 1990 census.

3. The county has experienced a percentage population loss that ranks among the top 25 counties in the state between 1990 and 1995.

4. The county has a percentage of persons 65 years of age or older that ranks among the top 25 counties in the state based on the 1990 census.
b. **Zone parameters.** Up to 1 percent of a county area may be certified as an enterprise zone. A county may establish more than one enterprise zone. The total amount of land certified as enterprise zones, other than those zones certified pursuant to subrules 59.3(3), 59.3(4) and 59.3(6), shall not exceed in the aggregate 1 percent of the total county area. An eligible county containing a city whose boundaries extend into an adjacent county may establish an enterprise zone in an area of the city located in the adjacent county if the adjacent county’s board of supervisors adopts a resolution approving the establishment of the enterprise zone in the city and the two counties enter into an agreement pursuant to Iowa Code chapter 28E regarding the establishment of the enterprise zone.

59.3(2) **County—eligibility based on distress criteria in section 15E.194, Iowa Code (2003).**

a. **Requirements.** To be eligible for enterprise zone certification, a county must meet at least two of the following criteria:

1. The county has an average weekly wage that ranks among the bottom 25 counties in the state based on the 2000 annual average weekly wage for employees in private business.
2. The county has a family poverty rate that ranks among the top 25 counties in the state based on the 2000 census.
3. The county has experienced a percentage population loss that ranks among the top 25 counties in the state between 1995 and 2000.
4. The county has a percentage of persons 65 years of age or older that ranks among the top 25 counties in the state based on the 2000 census.

b. **Zone parameters.** Up to 1 percent of a county area may be certified as an enterprise zone. A county may establish more than one enterprise zone. The total amount of land certified as enterprise zones, other than those zones certified pursuant to subrules 59.3(3), 59.3(4) and 59.3(6), shall not exceed in the aggregate 1 percent of the total county area. An eligible county containing a city whose boundaries extend into an adjacent county may establish an enterprise zone in an area of the city located in the adjacent county if the adjacent county’s board of supervisors adopts a resolution approving the establishment of the enterprise zone in the city and the two counties enter into an agreement pursuant to Iowa Code chapter 28E regarding the establishment of the enterprise zone.

59.3(3) **City—eligibility.**

a. **Requirements.** To be eligible for enterprise zone certification, a designated area within a city which includes at least three census tracts with at least 50 percent of the population in each tract located in the city, as shown by the 2000 certified federal census, must meet at least two of the following criteria:

1. The area has a per capita income of $12,648 or less based on the 2000 census.
2. The area has a family poverty rate of 12 percent or higher based on the 2000 census.
3. Ten percent or more of the housing units are vacant in the area.
4. The valuations of each class of property in the designated area is 75 percent or less of the citywide average for that classification based upon the most recent valuations for property tax purposes.
5. The area is a blighted area, as defined in Iowa Code section 403.17.

b. **Population limits.** A city which includes at least three census tracts with at least 50 percent of the population in each tract located in the city, as shown by the 2000 certified federal census, may request enterprise zone certification by the board. The zone shall consist of one or more contiguous census tracts, as determined in the most recent federal census, or alternative geographic units approved by the department, for that purpose. In creating an enterprise zone, an eligible city may designate as part of the area tracts or approved geographic units located in a contiguous city if such tracts or approved geographic units otherwise meet the criteria on their own and the contiguous city agrees to be included in the enterprise zone.

c. Zone parameters. A city may establish more than one enterprise zone. The area meeting the requirements for eligibility for an enterprise zone shall not be included for the purpose of determining the 1 percent aggregate area limitation for enterprise zones. If there is an area in the city which meets the requirements for eligibility for an urban or rural enterprise community under Title XIII of the federal Omnibus Budget Reconciliation Act of 1993, such area shall be certified by the state as an enterprise zone.

59.3(4) **Transportation enterprise zone—eligibility.**
a. Transportation enterprise zone requirements. To be eligible for transportation enterprise zone certification, a designated area within a city which includes at least three census tracts with at least 50 percent of the population in each tract located in the city, as shown by the 2000 certified federal census, must be a blighted area as defined in Iowa Code section 403.17, but must not be agricultural land or property, and must include or be within four miles of at least three of the following:

   (1) A commercial service airport, as defined by the Iowa department of transportation.
   (2) A barge terminal or a navigable waterway, as defined by the Iowa department of transportation.
   (3) Entry to a rail line.
   (4) Entry to an interstate highway.
   (5) Entry to a commercial and industrial highway network as identified pursuant to Iowa Code section 313.2A.

b. Transportation enterprise zone population limits. A city which includes at least three census tracts with at least 50 percent of the population in each tract located in the city, as shown by the 2000 certified federal census, may request transportation enterprise zone certification by the board.

c. Transportation enterprise zone parameters. A city may establish more than one transportation enterprise zone. The area being designated as a transportation enterprise zone shall not exceed four square miles. The area meeting the requirements for eligibility for a transportation enterprise zone shall not be included for the purpose of determining the 1 percent aggregate area limitation for enterprise zones.

d. Transportation enterprise zone award restrictions. In the period from July 1, 2007, through June 30, 2010, the cumulative total of benefits awarded to eligible businesses shall not exceed $25 million per fiscal year. Value-added property tax exemption benefits provided by the city shall not count against the $25 million. Transportation enterprise zones established pursuant to this subrule shall not be used to provide incentives for eligible housing businesses to construct new housing units or rehabilitate existing housing units.

59.3(5) Certification procedures.

a. Request with supporting documentation. All requests for certification shall be made using the application provided by the department and shall include the following attachments:

   (1) A legal description of the proposed enterprise zone area and a detailed map showing the boundaries of the proposed enterprise zone.
   (2) If the proposed county enterprise zone contains a city whose boundaries extend into an adjacent county, the resolution of the board of supervisors of the adjacent county approving the establishment of the zone and a copy of an executed 28E agreement.
   (3) Resolution of the city council or board of supervisors, as appropriate, requesting certification of the enterprise zone(s). Included within this resolution may be a statement of the schedule of value-added property tax exemptions that will be offered to all eligible businesses that are approved for incentives and assistance. If a property tax exemption is made applicable only to a portion of the property within the enterprise zone, a description of the uniform criteria which further some planning objective that has been established by the city or county enterprise zone commission and approved by the eligible city or county must be submitted to the department. Examples of acceptable “uniform criteria” that may be adopted include, but are not limited to, wage rates, capital investment levels, types and levels of employee benefits offered, job creation requirements, and specific targeted industries. “Planning objectives” may include, but are not limited to, land use, rehabilitation of distressed property, or brownfields remediation.

   The city or county shall forward a copy of the official resolution listing the property tax exemption schedule(s) to the department and to the local assessor.

b. Board review. The board will review requests for enterprise zone certification. The board may approve, deny, or defer a request for zone certification.

c. Notice of board action. The department will provide notice to a city or county of the board’s certification, denial, or deferral of the city’s or county’s request for certification of an area as an enterprise zone. If an area is certified by the board as an enterprise zone, the notice will include the date of the zone certification and the date this certification expires.
d. **Amendments.** A certified enterprise zone may be amended at the request of the city or county that originally applied for the zone certification. Requests must be in writing and be received by the department prior to December 1, 2003, if the county is eligible pursuant to subrule 59.3(1) or prior to July 1, 2010, if the county or city is eligible pursuant to subrule 59.3(2), 59.3(3), or 59.3(4). Requests must include the enterprise zone name and number, as established by the department when the zone was certified, the date the zone was originally certified, the reason an amendment is being requested, the number of acres the zone will contain if the amendment is approved, and a resolution of the city council or board of supervisors, as appropriate, requesting the amendment. A legal description of the amended enterprise zone and a map which shows both the original enterprise zone boundaries and the proposed changes to those boundaries shall accompany the written request.

A city requesting an amendment that consists of an area being added to the enterprise zone must include documentation that demonstrates that the area being added meets the eligibility requirements of subrule 59.3(3) or 59.3(4). A city requesting an amendment that consists of an area being removed from the enterprise zone must include documentation that demonstrates that the remaining area still meets the eligibility requirements of subrule 59.3(3) or 59.3(4).

An amendment shall not extend the zone’s ten-year expiration date, as established when the zone was initially certified by the board or when the board approved an extension. The board will review the request and may approve, deny, or defer the proposed amendment. A county or city shall not be allowed to remove a portion of an enterprise zone that contains an eligible business or eligible housing business that has received incentives and assistance under this program and whose agreement, described in rule 59.13(15E), has not yet expired.

e. **Decertification.** A county or city may request decertification of an enterprise zone. Requests must be in writing and be received by the department prior to December 1, 2003, if the county is eligible pursuant to subrule 59.3(1) or prior to July 1, 2010, if the county or city is eligible pursuant to subrule 59.3(2), 59.3(3), or 59.3(4). Requests must include the enterprise zone name and number, as established by the department when the zone was certified, the date the zone was originally certified, and a resolution of the city council or board of supervisors, as appropriate, requesting the decertification. Requests for enterprise zone decertification will be reviewed by the board and may be approved, denied or deferred. If the county or city requesting decertification designates a subsequent enterprise zone, the expiration date of the subsequent enterprise zone shall be the same as the expiration date of the decertified enterprise zone. A county or city shall not be allowed to decertify an enterprise zone that contains an eligible business or eligible housing business that has received incentives and assistance under this program and whose agreement, described in rule 59.13(15E), has not yet expired.

f. **Extensions.** Prior to the expiration of an enterprise zone, a city or county may apply for a one-time extension.

(1) Counties eligible under subrule 59.3(1) but not eligible under subrule 59.3(2). A county may request that the board extend the expiration date of a previously certified enterprise zone. The extended expiration date will be one year following the complete publication of the 2010 federal census, as determined by the department.

In applying for this one-time extension, the county may redefine the boundaries of the enterprise zone provided the size of the enterprise zone remains unchanged. A county shall not be allowed to redefine the boundaries of an enterprise zone if the redefinition would result in removing an area that contains an eligible business or eligible housing business that has received incentives and assistance under this program and whose agreement, described in rule 59.13(15E), has not yet expired.

(2) Counties eligible under subrule 59.3(2). A county may request that the board extend the expiration date of a previously certified enterprise zone by ten years. In applying for this one-time, ten-year extension, the county may redefine the boundaries of the enterprise zone provided the redefinition of the enterprise zone does not cause the county to exceed the 1 percent aggregate area limitation for enterprise zones. A county shall not be allowed to redefine the boundaries of an enterprise zone if the redefinition would result in removing an area that contains an eligible business or eligible housing business that has received incentives and assistance under this program and whose agreement, described in rule 59.13(15E), has not yet expired.
(3) Cities eligible under subrule 59.3(3). A city may request that the board extend the expiration date of a previously certified enterprise zone by ten years provided that at the time of the request, the enterprise zone meets the eligibility requirements established by paragraph 59.3(3)“a.” In applying for this one-time, ten-year extension, the city may redefine the boundaries of the enterprise zone provided that the redefined enterprise zone meets the eligibility requirements established in paragraph 59.3(3)“a.” A city shall not be allowed to redefine the boundaries of an enterprise zone if the redefinition would result in removing an area that contains an eligible business or eligible housing business that has received incentives and assistance under this program and whose agreement, described in rule 59.13(15E), has not yet expired.

(4) Extension requests. Extension requests shall be made using the form provided by the department and shall be accompanied by a resolution of the city council or board of supervisors, as appropriate, requesting the extension of the enterprise zone. The board will review requests for enterprise zone extensions. The board may approve, deny, or defer an extension request.

59.3(6) City or county with business closure.

a. Requirements. A city of any size or any county may designate an enterprise zone at any time prior to July 1, 2010, when a business closure or permanent layoff occurs involving the loss of full-time employees, not including retail employees, at one place of business totaling at least 1,000 employees or 4 percent of the county’s resident labor force based upon the most recent annual resident labor force statistics from the department of workforce development, whichever is lower.

b. Zone parameters. The enterprise zone may be established on the property of the place of business that has closed or imposed a permanent layoff, and the enterprise zone may include an area up to an additional three miles adjacent to the property. The closing business or business imposing a permanent layoff shall not be eligible to receive incentives or assistance under this program. The area meeting the requirements for enterprise zone eligibility under this subrule shall not be included for the purpose of determining the area limitation pursuant to Iowa Code section 15E.192, subsection 4.

c. Certification procedures. All requests for certification shall be made using the application provided by the department. The board will review requests for enterprise zone certification. The board may approve, deny, or defer a request for zone certification.

d. Amendments. A city or county which designated an enterprise zone under this subrule on or after June 1, 2000, may request an amendment to include additional area within the enterprise zone. Requests must be in writing and be approved by the department within three years of the date the enterprise zone was originally certified. Requests must include the enterprise zone name and number, as established by the department when the zone was certified, the date the zone was originally certified, and the number of acres the zone will contain if the amendment is approved. A legal description of the amended enterprise zone and a map which shows both the original enterprise zone boundaries and the proposed changes to those boundaries shall accompany the written request.

e. Restrictions. Enterprise zones established pursuant to this subrule shall not be used to provide incentives for eligible housing businesses to construct new housing units or rehabilitate existing housing units.

261—59.4(15E) Enterprise zone commission. Following notice of enterprise zone certification by the board, the applicant city or county shall establish an enterprise zone commission. The commission shall review applications from eligible businesses and eligible housing businesses located in the zone and forward approved applications to the department for final review and approval. A county eligible to designate enterprise zones which contains a city which is eligible to designate enterprise zones, upon mutual agreement between the board of supervisors and the city council and in consultation with the department, may elect to establish one enterprise zone commission to serve both the county and the city.

59.4(1) Commission composition.

a. County enterprise zone commission. A county shall have only one enterprise zone commission to review applications for incentives and assistance for businesses (including eligible housing businesses) located or requesting to locate within a certified enterprise zone. The enterprise zone commission shall consist of nine members. Five of these members shall be comprised of:
(1) One representative of the county board of supervisors,
(2) One member with economic development expertise selected by the department,
(3) One representative of the county zoning board,
(4) One member of the local community college board of directors, and
(5) One representative of the local workforce development center selected by the Iowa workforce development department unless otherwise designated by a regional advisory board.

The five members identified above shall select the remaining four members. If the enterprise zone is located in a county that does not have a county zoning board, the representatives identified in 59.4(1)“a”(1), (2), (4), and (5) shall select an individual with zoning expertise to serve as a member of the commission.

b. City enterprise zone commission. A city in which an eligible enterprise zone is certified shall have only one enterprise zone commission. A city which includes at least three census tracts with at least 50 percent of the population in each census tract located in the city, as shown by the 2000 federal census, in which an eligible enterprise zone is certified shall establish an enterprise zone commission to review applications from qualified businesses located within or requesting to locate within an enterprise zone to receive incentives or assistance. The commission shall consist of nine members. Six of these members shall consist of:

(1) One representative of an international labor organization,
(2) One member with economic development expertise chosen by the department of economic development,
(3) One representative of the city council,
(4) One member of the local community college board of directors,
(5) One member of the city planning and zoning commission, and
(6) One representative of the local workforce development center selected by the Iowa workforce development department unless otherwise designated by a regional advisory board.

The six members identified above shall select the remaining three members. If the enterprise zone consists of an area meeting the requirements for eligibility for an urban enterprise community under Title XIII of the federal Omnibus Budget Reconciliation Act of 1993, one of the remaining three members shall be a representative of that community. If a city contiguous to the city designating the enterprise zone is included in an enterprise zone, a representative of the contiguous city, chosen by the city council, shall be a member of the commission.

59.4(2) Department review of composition.

a. Once a county or city has established an enterprise zone commission, the county or city shall provide the department with the following information to verify that the commission is constituted in accordance with the Act and these rules:

(1) The name and address of each member.
(2) An identification of what group the member is representing on the commission.
(3) Copies of the resolution or other necessary action of a governing body, as appropriate, by which a member was appointed to the commission.
(4) Any other information that the department may reasonably request in order to permit it to determine the validity of the commission’s composition.

b. If a city has established an enterprise zone commission prior to July 1, 1998, the city may petition to the department of economic development to change the structure of the existing commission. A petition to amend the structure of an existing city enterprise zone commission shall include the following:

(1) The names and addresses of the members of the existing commission.
(2) The date the commission was approved by the department.
(3) The proposed changes the city is requesting in the composition of the commission.
(4) Copies of the resolution or other necessary action of a governing body, as appropriate, by which a member was appointed to the commission.

59.4(3) Commission policies and procedures. Each commission shall develop policies and procedures which shall, at a minimum, include:
a. Processes for receiving and evaluating applications from qualified businesses seeking to participate within the enterprise zone; and
b. Operational policies of the commission such as meetings; and
c. A process for the selection of commission officers and the filling of vacancies on the commission; and
d. The designation of staff to handle the day-to-day administration of commission activities.
e. Additional local eligibility requirements for businesses, if any, as discussed in subrule 59.9(1).

261—59.5(15E) Eligibility and negotiations.

59.5(1) Program categories. To participate in the enterprise zone program, a business must qualify under one of two categories: an eligible business or an eligible housing business. Refer to rule 261—59.6(15E) for a description of the eligibility requirements and benefits available to a qualified “eligible business.” Refer to rule 261—59.8(15E) for a description of the eligibility requirements and benefits available to a qualified “eligible housing business.”

59.5(2) Negotiations. The department reserves the right to negotiate the terms and conditions of an award and the amount of all program benefits except the following benefits: the new jobs supplemental credit; the value-added property tax exemption; and the refund of sales, service and use taxes paid to contractors and subcontractors. The criteria, as applicable to the category under which the business is applying, to be used in the negotiations to determine the amount of tax incentives and assistance include but are not limited to:

a. The number and quality of jobs to be created. Factors to be considered include but are not limited to full-time, career path jobs; number of jobs meeting or exceeding the qualifying wage threshold requirements described in 261—Chapter 174; turnover rate; fringe benefits provided; safety; skill level.
b. The wage levels of the jobs to be created.
c. The amount of capital investment to be made.
d. The level of need of the business. Factors to be considered include but are not limited to the degree to which the business needs the tax incentives and assistance in order for the project to proceed. Methods of documenting need may include criteria such as financial concerns; risk of the business’s locating in or relocating to another state; or return on investment concerns.
e. The economic impact and cost to the state and local area of providing tax incentives and assistance in relation to the public gains and benefits to be provided by the business. Factors to be considered include but are not limited to the amount of tax credits likely to be used by the business and the impact on the local and state tax base and economic base.
f. Other state or federal financial assistance received or applied for by the business for the project.

59.5(3) Limitation on negotiations. Rescinded IAB 11/9/05, effective 12/14/05.

261—59.6(15E) Eligible business.

59.6(1) Requirements. A business which is or will be located, in whole or in part, in an enterprise zone is eligible to consider receive incentives and assistance under the Act if the business meets all of the following:

a. No closure or reduction. The business has not closed or reduced its operation in one area of the state and relocated substantially the same operation into the enterprise zone. This requirement does not prohibit a business from expanding its operation in an enterprise zone if existing operations of a similar nature in the state are not closed or substantially reduced.
b. No retail. The business is not a retail business or a business whose entrance is limited by a cover charge or membership requirement.
c. Employee benefits. The business offers or will offer a sufficient benefits package to its employees as defined in 261—Chapter 173.
d. Wage levels. The business pays or will pay the qualifying wage threshold for the enterprise zone program as established in 261—Chapter 174 and defined in 261—Chapter 173. However, in any circumstance, the wage paid by the business for the project jobs shall not be less than $7.50 per hour.
The local enterprise zone commission may establish higher company eligibility wage thresholds if it so desires.

e. **Job creation or retention.** The business expansion or location must result in at least ten full-time project jobs. The time period allowed to create the jobs and the required period to retain the jobs are described in 261—Chapter 187.

f. **Capital investment.** The business makes a capital investment of at least $500,000.

g. **Location within zone.** If the business is only partially located in an enterprise zone, the business must be located on contiguous land.

59.6(2) **Additional information.** In addition to meeting the requirements under subrule 59.6(1), an eligible business shall provide the enterprise zone commission with all of the following:

a. The long-term strategic plan for the business, which shall include labor and infrastructure needs.

b. Information dealing with the benefits the business will bring to the area.

c. Examples of why the business should be considered or would be considered a good business enterprise.

d. The impact the business will have on other Iowa businesses in competition with it. The enterprise zone commission shall make a good faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The enterprise zone commission shall make a good faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

e. A report describing all violations of environmental law or worker safety law within the last five years. If, upon review of the application, the enterprise zone commission finds that a business has a record of violations of the law, statutes, rules, or regulations that tends to show a consistent pattern, the enterprise zone commission shall not make an award of financial assistance to the business unless the commission finds either that the violations did not seriously affect public health, public safety, or the environment, or, if such violations did seriously affect public health, public safety, or the environment, that mitigating circumstances were present.

59.6(3) **Benefits.** The department reserves the right to negotiate the amount of all program benefits except the following benefits: the new jobs supplemental credit; the value-added property tax exemption; and the refund of sales, service and use taxes paid to contractors and subcontractors. The following incentives and assistance may be available to an eligible business within a certified enterprise zone, subject to the amount of incentives and assistance negotiated by the department with the eligible business and agreed upon as described in an executed agreement, only when the average wage of all the new project jobs meets the minimum wage requirements of 59.6(1)“d”:

a. **New jobs supplemental credit.** An approved business shall receive a new jobs supplemental credit from withholding in an amount equal to 1½ percent of the gross wages paid by the business, as provided in Iowa Code section 15E.197. The supplemental new jobs credit available under this program is in addition to and not in lieu of the program and withholding credit of 1½ percent authorized under Iowa Code chapter 260E. Additional new jobs created by the project, beyond those that were agreed to in the original agreement as described in 261—59.12(15E), are eligible for the additional 1½ percent withholding credit as long as those additional jobs meet the local enterprise zone wage eligibility criteria and are an integral part or a continuation of the new location or expansion. Approval and administration of the supplemental new jobs credit shall follow existing procedures established under Iowa Code chapter 260E. Businesses eligible for the new jobs training program are those businesses engaged in interstate commerce or intrastate commerce for the purpose of manufacturing, processing, or assembling products, conducting research and development, or providing services in interstate commerce, but exclude retail, health or professional services.

b. **Value-added property tax exemption.**

(1) The county or city for which an eligible enterprise zone is certified may exempt from property taxation all or a portion of the value added to the property upon which an eligible business locates or expands in an enterprise zone and which is used in the operation of the eligible business. This exemption
shall be authorized by the city or county that would have been entitled to receive the property taxes, but is
electing to forego the tax revenue for an eligible business under this program. The amount of value added
for purposes of Iowa Code section 15E.196 shall be the amount of the increase in assessed valuation of
the property following the location or expansion of the business in the enterprise zone.
(2) If an exemption is made applicable only to a portion of the property within an enterprise zone,
there must be approved uniform criteria which further some planning objective established by the city
or county zone commission. These uniform criteria must also be approved by the eligible city or county.
Examples of acceptable “uniform criteria” that may be adopted include, but are not limited to, wage
rates, capital investment levels, types and levels of employee benefits offered, job creation requirements,
and specific targeted industries. “Planning objectives” may include, but are not limited to, land use,
rehabilitation of distressed property, or brownfields remediation.
(3) The exemption may be allowed for a period not to exceed ten years beginning the year value
added by improvements to real estate is first assessed for taxation in an enterprise zone.
(4) This value-added property tax exemption may be used in conjunction with other property tax
exemptions or other property tax-related incentives such as property tax exemptions that may exist
in Urban Revitalization Areas or Tax Increment Financing (TIF). Property tax exemptions authorized
under Iowa Code chapter 427B may not be used, as stated in Iowa Code section 427B.6, in conjunction
with property tax exemptions authorized by city council or county board of supervisors within the local
enterprise zone.
    c. Investment tax credit and insurance premium tax credit.
    (1) Investment tax credit. An eligible business may claim an investment tax credit as provided
in Iowa Code section 15.333. A corporate income tax credit may be claimed of up to a maximum of 10
percent of the new investment which is directly related to new jobs created by the location or expansion of
the business in the enterprise zone. The credit may be used against a tax liability imposed for individual
income tax, corporate income tax, franchise tax, or against the moneys and credits tax imposed in Iowa
Code section 533.24.
        1. Five-year amortization period. For projects approved on or after July 1, 2005, the tax credit
shall be amortized equally over a five-year period which the department, in consultation with the eligible
business, will define. The five-year amortization period will be specified in the agreement referenced in
rule 261—59.13(15E).
        2. Flow-through of tax credits. If the business is a partnership, subchapter S corporation, limited
liability company, cooperative organized under Iowa Code chapter 501 or 501A and filing as a partnership
for federal tax purposes, or an estate or trust electing to have the income taxed directly to the individual,
an individual may claim the tax credit allowed.
        3. Seven-year carryforward. Any credit in excess of tax liability for the tax year may be credited
to the tax liability for the following seven years or until depleted, whichever occurs first.
        4. Refund of unused tax credit. Subject to prior approval by the department in consultation with
the department of revenue, an eligible business whose project primarily involves the production of
value-added agricultural products or biotechnology-related processes may elect to apply for a refund
for all or a portion of an unused tax credit.
        5. IRS Section 521. For purposes of this paragraph, an eligible business includes a cooperative
as described in Section 521 of the United States Internal Revenue Code which is not required to file an
Iowa corporate income tax return.
        6. Maximum capital expenditures stated in agreement. The business participating in the enterprise
zone may not claim an investment tax credit for capital expenditures above the amount stated in the
agreement described in 261—59.12(15E). An eligible business may instead, prior to project completion,
seek to amend the contract, allowing the business to receive an investment tax credit for additional capital
expenditures.
    (2) Insurance premium tax credit. The insurance premium tax credit benefit is available for a
business that submits an application for enterprise zone participation on or after July 1, 1999. If the
business is an insurance company, the business may claim an insurance premium tax credit as provided
in Iowa Code section 15E.196.
1. Five-year amortization period. For projects approved on or after July 1, 2005, the tax credit shall be amortized equally over a five-year period which the department, in consultation with the eligible business, will define. The five-year amortization period will be specified in the agreement referenced in rule 261—59.13(15E).

2. Credit of up to 10 percent of new investment. An Iowa insurance premium tax credit may be claimed of up to a maximum of 10 percent of the new investment which is directly related to new jobs created by the location or expansion of the business in the enterprise zone.

3. Seven-year carryforward. Any credit in excess of tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first.

4. Maximum capital expenditures as stated in agreement. The business participating in the enterprise zone may not claim an investment tax credit for capital expenditures above the amount stated in the agreement described in 261—59.12(15E). An eligible business may instead seek to amend the contract, allowing the business to receive an investment tax credit for additional capital expenditures, or may elect to submit a new application within the enterprise zone.

(3) Eligible capital expenditures. For purposes of this rule, the capital expenditures eligible for the investment tax credit or the insurance premium tax credit under the enterprise zone program are:

1. The costs of machinery and equipment as defined in Iowa Code section 427A.1(1) “e” and “j” purchased for use in the operation of the eligible business, the purchase prices of which have been depreciated in accordance with generally accepted accounting principles;

2. The cost of improvements made to real property which is used in the operation of the eligible business; and

3. The annual base rent paid to a third-party developer for a period equal to the term of lease agreement but not to exceed ten years, provided that the cumulative costs of the base rent payments for that period do not exceed the cost of the land and the third-party developer’s costs to build or renovate the building. Annual base rent shall be considered only when the project includes the construction of a new building or the major renovation of an existing building. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years.

(4) Real property. For business applications received on or after July 1, 1999, for purposes of the investment tax credit claimed under Iowa Code section 15.333 and for business applications received on or after May 26, 2000, for purposes of the insurance premium tax credit claimed under Iowa Code section 15.333A, subsection 1, the purchase price of real property and any existing buildings and structures located on the real property will also be considered a new investment in the location or expansion of an eligible business. However, if within five years of purchase, the eligible business sells or disposes of, razes or otherwise renders unusable the land, buildings, or other existing structures for which tax credit was claimed under Iowa Code section 15.333 or under Iowa Code section 15.333A, subsection 1, the income tax liability, or where applicable the insurance premium tax liability, of the eligible business for the year in which the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

1. One hundred percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within one year after being placed in service.

2. Eighty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within two years after being placed in service.

3. Sixty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within three years after being placed in service.

4. Forty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within four years after being placed in service.

5. Twenty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within five years after being placed in service.

(5) Refunds. An eligible business whose project primarily involves the production of value-added agricultural products and whose application was approved by the department on or after May 26, 2000, or whose project primarily involves biotechnology-related processes and whose application was approved
by the department on or after July 1, 2005, may elect to receive as a refund all or a portion of an unused investment tax credit.

1. The department will determine whether a business’s project primarily involves the production of value-added agricultural products or biotechnology-related processes. Effective July 1, 2001, an eligible business that elects to receive a refund shall apply to the department for a tax credit certificate.

2. The business shall apply for a tax credit certificate using the form provided by the department. Requests for tax credit certificates will be accepted between May 1 and May 15 of each fiscal year. Only those eligible businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. For a cooperative described in Section 521 of the United States Internal Revenue Code, the department shall require the cooperative to submit a list of members whom the cooperative wishes to receive a tax credit certificate for their prorated share of ownership. The cooperative shall submit its list in a computerized electronic format that is compatible with the system used or designated by the department. The computerized list shall, at a minimum, include the name, address, social security number or taxpayer identification number, business telephone number and ownership percentage, carried out to six decimal places, of each cooperative member eligible for a tax credit certificate. The cooperative shall also submit a total dollar amount of the unused investment tax credits for which the cooperative’s members are requesting a tax credit certificate.

3. The department will make public by June 1 of each year the total number of requests for tax credit certificates and the total amount of requested tax credit certificates that have been submitted. The department will issue tax credit certificates within a reasonable period of time.

4. The department shall not issue tax credit certificates which total more than $4 million during a fiscal year. If the department receives applications for tax credit certificates in excess of $4 million, the applicants shall receive certificates for a prorated amount. In such a case, the tax credit requested by an eligible business will be prorated based upon the total amount of requested tax credit certificates received during the fiscal year. This proportion will be applied to the amount requested by each eligible business to determine the amount of the tax credit certificate that will be distributed to each business for the fiscal year. For example, if an eligible business submits a request in the amount of $1 million and the total amount of requested tax credit certificates equals $8 million, the business will be issued a tax credit certificate in the amount of $500,000:

\[
\frac{\$4 \text{ million}}{\$8 \text{ million}} = 50\% \times \$1 \text{ million} = \$500,000.
\]

5. Tax credit certificates shall not be valid until the tax year following project completion. The tax credit certificates shall not be transferred except in the case of a cooperative as described in Section 521 of the United States Internal Revenue Code. For such a cooperative, the individual members of the cooperative are eligible to receive the tax credit certificates. Tax credit certificates shall be used in tax years beginning on or after July 1, 2001. A business shall not claim a refund of unused investment tax credit unless a tax credit certificate issued by the department is attached to the taxpayer’s tax return for the tax year during which the tax credit is claimed. Any unused investment tax credit in excess of the amount of the tax credit certificate issued by the department may be carried forward for up to seven years after the qualifying asset is placed in service or until the eligible business’s unused investment tax credit is depleted, whichever occurs first. An eligible business may apply for tax credit certificates once each year for up to seven years after the qualifying asset is placed in service or until the eligible business’s unused investment tax credit is depleted, whichever occurs first. For example, an eligible business which completes a project in October 2001 and has an investment tax credit of $1 million may apply for a tax credit certificate in May 2002. If, because of the proration of the $4 million of available refundable credits for the fiscal year, the business is awarded a tax credit certificate in the amount of $300,000, the business may claim the $300,000 refund and carry forward the unused investment tax credit of $700,000 for up to seven years or until the credit is depleted, whichever occurs first.

\text{d. Research activities credit.} A business is eligible to claim a research activities credit as provided in Iowa Code section 15.335. This benefit is a corporate tax credit for increasing research activities in
this state during the period the business is participating in the program. For purposes of claiming this
credit, a business is considered to be “participating in the program” for a period of ten years from the
date the business’s application was approved by the department. This credit equals 6½ percent of the
state’s apportioned share of the qualifying expenditures for increasing research activities. The state’s
apportioned share of the qualifying expenditures for increasing research activities is a percent equal to
the ratio of qualified research expenditures in this state to total qualified research expenditures. This
credit is in addition to the credit authorized in Iowa Code section 422.33. If the business is a partnership,
subchapter S corporation, limited liability company, or an estate or trust electing to have the income
taxed directly to the individual, an individual may claim the tax credit allowed. Any tax credit in excess
of the tax liability shall be refunded to the eligible business with interest computed under Iowa Code
section 422.25. In lieu of claiming a refund, the eligible business may elect to have the overpayment
credited to its tax liability for the following year.

For projects approved on or after July 1, 2005, “research activities” includes the development and
deployment of innovative renewable energy generation components manufactured or assembled in Iowa.
A renewable energy generation component will no longer be considered innovative when more than
200 megawatts of installed effective name plate capacity has been achieved. Research activities credits
awarded under this program and the high quality job creation program for innovative renewable energy
generation components shall not exceed a total of $1 million.

e. **Refund of sales, service and use taxes paid to contractors or subcontractors.**

(1) A business is eligible for a refund of sales, service and use taxes paid to contractors and
subcontractors as authorized in Iowa Code section 15.331A.

1. An eligible business may apply for a refund of the sales, service and use taxes paid under
Iowa Code chapters 422 and 423 for gas, electricity, water or sewer utility services, goods, wares, or
merchandise, or on services rendered, furnished, or performed to or for a contractor or subcontractor and
used in the fulfillment of a written contract relating to the construction or equipping of a facility within
the enterprise zone.

2. Taxes attributable to intangible property and furniture and furnishings shall not be refunded.

To receive a refund of the sales, service and use taxes paid to contractors or subcontractors, the eligible
business must, within one year after project completion, make an application to the department of
revenue. For new manufacturing facilities, “project completion” means the first date upon which the
average annualized production of finished product for the preceding 90-day period at the manufacturing
facility operated by the eligible business within the enterprise zone is at least 50 percent of the initial
design capacity of the facility. For existing facilities, “project completion” means the date of completion
of all improvements included in the enterprise zone project.

(2) If the project is the location or expansion of a warehouse or distribution center in the enterprise
zone, the approved business may be entitled to a refund of sales and use taxes attributable to racks,
shelving, and conveyor equipment. The approved business shall, within one year of project completion,
make written application to the department for a refund. The application must include the refund amount
being requested and documentation such as invoices, contracts or other documents which substantiate
the requested amount. The department, in consultation with the department of revenue, will validate the
refund amount and instruct the department of revenue to issue the refund.

The aggregate combined total amount of refunds and tax credits attributable to sales and use taxes
on racks, shelving, and conveyor equipment issued by the department to businesses approved for high
quality job creation program, new capital investment program, new jobs and income program, and
enterprise zone program benefits shall not exceed $500,000 during a fiscal year. Tax refunds and tax
credits will be issued on a first-come, first-served basis. If an approved business’s application does not
receive a refund or tax credits due to the limitation of $500,000 per fiscal year, the approved business’s
application shall be considered in the succeeding fiscal year.

f. **New jobs insurance premium tax credit.** Rescinded IAB 11/9/05, effective 12/14/05.
g. **Limitation on receiving incentives.** Rescinded IAB 11/9/05, effective 12/14/05.

59.6(4) **Duration of benefits.** An enterprise zone designation shall remain in effect for ten years
following the date of certification. Any state or local incentives or assistance that may be conferred must
be conferred before the designation expires. However, the benefits of the incentive or assistance may continue beyond the expiration of the zone designation.

59.6(5) Application review and submittal. Eligible businesses shall first submit applications for enterprise zone program benefits to the local enterprise zone commission. Commission-approved applications shall be forwarded to the department for final review and approval.

[ARC 797B, IAB 7/15/09, effective 7/1/09; ARC 8145B, IAB 9/23/09, effective 10/28/09]

261—59.7(15E) Alternative eligible business. Rescinded IAB 9/17/03, effective 10/22/03.

261—59.8(15E) Eligible housing business. An eligible housing business includes a housing developer, housing contractor, or nonprofit organization.

59.8(1) Requirements. A housing business shall satisfy all of the following as conditions to receiving the benefits described in this rule.

a. The housing business must build or rehabilitate either:

(1) A minimum of four single-family homes located in that part of a city or county in which there is a designated enterprise zone, or

(2) One multiple dwelling unit building containing three or more individual dwelling units located in that part of a city or county in which there is a designated enterprise zone.

For purposes of this subrule, rehabilitation means any project in which the costs of improvements to the property are equal to or greater than 25 percent of the acquisition cost of the property.

b. The single-family homes or dwelling units which are rehabilitated or constructed by the housing business shall include the necessary amenities. When completed and made available for occupancy, the single-family homes or dwelling units shall meet the United States Department of Housing and Urban Development’s housing quality standards and local safety standards.

c. The eligible housing business shall complete its building or rehabilitation within two years from the time the business begins construction on the single-family homes and dwelling units. The failure to complete construction or rehabilitation within two years shall result in the eligible housing business’s becoming ineligible and subject to the repayment requirements and penalties in the agreement described in rule 261—59.13(15E).

d. An eligible housing business shall provide the enterprise zone commission with all of the following information:

(1) The long-term plan for the proposed housing development project, including labor and infrastructure needs.

(2) Information dealing with the benefits the proposed housing development project will bring to the area.

(3) Examples of why the proposed development project should be considered a good housing development project.

(4) An affidavit that it has not, within the last five years, violated state or federal environmental and worker safety statutes, rules, and regulations or if such violations have occurred that there were mitigating circumstances or such violations did not seriously affect public health or safety or the environment.

(5) Information showing the total costs and sources of project financing that will be utilized for the new investment directly related to housing for which the business is seeking approval for a tax credit provided in subrule 59.8(2), paragraph “a.”

(6) The names of the partners if the business is a partnership, the names of the shareholders if the business is an S corporation, or the names of the members if the business is a limited liability company. The amount of each partner’s, shareholder’s or member’s expected share of the percentage of benefits should be included.

59.8(2) Benefits. A business that qualifies under the “eligible housing business” category may be eligible to receive the following benefits:

a. Investment tax credit. An eligible housing business may claim a tax credit up to a maximum of 10 percent of the new investment which is directly related to the building or rehabilitating of a minimum of four single-family homes located in that part of a city or county in which there is a designated enterprise
zone or one multiple dwelling unit building containing three or more individual dwelling units located in that part of a city or county in which there is a designated enterprise zone.

1. New investment which is directly related to the building or rehabilitating of homes includes, but is not limited to, the following costs: land, surveying, architectural services, building permits, inspections, interest on a construction loan, building materials, roofing, plumbing materials, electrical materials, amounts paid to subcontractors for labor and material provided, concrete, labor, landscaping, appliances normally provided with a new home, heating and cooling equipment, millwork, drywall and drywall materials, nails, bolts, screws, and floor coverings.

2. New investment does not include the machinery, equipment, or hand or power tools necessary to build or rehabilitate homes.

3. In determining the amount of tax credits to be awarded to a project, the department shall not include the portion of the project cost financed through federal, state, and local government tax credits, grants, and forgivable loans.

4. The tax credit shall not exceed 10 percent of $140,000 for each home or individual unit in a multiple dwelling unit building.

5. This tax credit may be used to reduce the tax liability imposed under Iowa Code chapter 422, division II, III, or V, or chapter 432. The tax credit may be taken on the tax return for the tax year in which the project is certified for occupancy. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs earlier. If the business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of the partnership, S corporation, limited liability company, or estate or trust, except in projects using low-income housing tax credits authorized under Section 42 of the Internal Revenue Code to assist in the financing of the housing development. The approved housing business using federal Section 42 tax credits may designate each owner’s or participant’s share or percentage of the benefits.

6. The department shall issue tax credit certificates once per year or when the department determines it to be necessary and appropriate to approve housing businesses eligible to receive the housing enterprise zone tax credit. The eligible housing business may claim the tax credit by attaching the certificate to the business’s tax return for the year in which the housing units are completed.

7. If the approved housing business is using federal low-income housing tax credits authorized under Section 42 of the Internal Revenue Code to assist in the financing of the project, the department shall issue a transferable tax credit certificate to the eligible housing business. The amount of any replacement tax credit certificates requested by the housing business will be based on documentation provided to the department by the applicant or by the Iowa finance authority and should be consistent with the amount contained in the project’s 8609 CPA Certification on file with the Iowa finance authority.

8. Housing enterprise zone tax credit certificates issued to eligible housing businesses also using low-income housing tax credits authorized under Section 42 of the Internal Revenue Code to assist in the financing of the project may be transferred to any person. Within 90 days of the sale of the housing enterprise zone tax credit, the eligible housing business must return the tax credit certificate issued by the department so that replacement tax credit certificate(s) can be issued. The original tax credit certificate shall be accompanied by a written statement from the eligible housing business which contains the names, tax identification numbers, and addresses of the taxpayers to which the tax credits are being transferred, along with the denomination that each replacement tax credit certificate is to carry and any other information required by the department of revenue. Within 30 days of receiving the eligible housing business’s tax credit certificate and written statement, the department shall issue replacement tax credit certificate(s).

9. The tax credit certificate shall also be transferable if the housing development is located in a brownfield site as defined in Iowa Code section 15.291 or if the housing development is located in a blighted area as defined in Iowa Code section 403.17. Not more than $3 million worth of tax credits for housing developments that are located in a brownfield site as defined in Iowa Code section 15.291 or housing developments located in a blighted area as defined in Iowa Code section 403.17 shall be
transferred in a calendar year. The $3 million annual limit does not apply to tax credits awarded to an eligible business having low-income housing tax credits authorized under Section 42 of the Internal Revenue Code to assist in the financing of the housing development. The department may approve an application for tax credit certificates for transfer from an eligible housing business located in a brownfield site as defined in Iowa Code section 15.291 or in a blighted area as defined in Iowa Code section 403.17 that would result in the issuance of more than $3 million of tax credit certificates for transfer, provided that the department, through negotiation with the eligible housing business, allocates those tax credit certificates for transfer over more than one calendar year. The department shall not issue more than $1,500,000 in tax credit certificates for transfer to any one eligible housing business located in a brownfield site as defined in Iowa Code section 15.291 or in a blighted area as defined in Iowa Code section 403.17. If $3 million in tax credit certificates for transfer have not been issued at the end of a calendar year, the remaining tax credit certificates for transfer may be issued at the end of a calendar year, the remaining tax credit certificates for transfer may be issued in advance to an eligible housing business scheduled to receive a tax credit certificate for transfer in a later calendar year. Anytime the department issues a tax credit certificate for transfer which has not been allocated at the end of a calendar year, the department may prorate the remaining certificates to more than one eligible applicant. If the entire $3 million of tax credit certificates for transfer is not issued in a given calendar year, the remaining amount may be carried over to a succeeding calendar year.

(10) The department will process requests for transfer of the tax credit and issuance of the replacement tax credit certificates for housing developments that are located in brownfield sites as defined in Iowa Code section 15.291 or blighted areas as defined in Iowa Code section 403.17 at the time of application or in writing each calendar year. Eligible requests for transfer of these credits will be considered in the order they are received. The transfer of the credit by replacement tax credit certificate will be limited to $3 million per calendar year and $1,500,000 per development per calendar year. Requests received after the $3 million limit is reached will be considered for the following year’s allocation after any previously approved requests or negotiated allocations of the credit remaining from the current or previous years have been processed. When housing enterprise zone benefits are awarded to one housing business in an amount exceeding the annual transferable limit of $1,500,000 per year, the housing business may negotiate with the department to receive the tax credit benefits from future years’ limits when possible. These limits do not apply to housing tax credits authorized by Section 42 of the Internal Revenue Code or to other housing enterprise zone developments not located in brownfield sites as defined in Iowa Code section 15.291 or blighted areas as defined in Iowa Code section 403.17.

b. Sales, service, and use tax refund. An approved housing business shall receive a sales, service, and use tax refund for taxes paid by an eligible housing business including an eligible housing business acting as a contractor or subcontractor, as provided in Iowa Code section 15.331A.

59.8(3) Application submittal and review. An eligible housing business shall first submit an application to the commission for approval. The commission shall forward applications that it has approved to receive benefits and assistance to the department for final review and approval.

261—59.9(79GA,ch141) Eligible development business. Rescinded IAB 11/9/05, effective 12/14/05.

261—59.10(15E) Commission review of businesses’ applications.

59.10(1) Additional commission eligibility requirements. Under the Act, a commission is authorized to adopt additional eligibility requirements related to compensation and benefits that businesses within a zone must meet in order to qualify for benefits. Additional local requirements that may be considered could include, but are not limited to, the types of industries or businesses the commission wishes to receive enterprise zone benefits; requirements that preference in hiring be given to individuals who live within the enterprise zone; higher wage eligibility threshold requirements than would otherwise be required; higher job creation eligibility threshold requirements than would otherwise be required; the level of benefits required; local competition issues; or any other criteria the commission deems appropriate. If a commission elects to adopt more stringent requirements than those contained in the
Act and these rules for a business to be eligible for incentives and assistance, these requirements shall be submitted to the department.

59.10(2) Application. The department will develop a standardized application that it will make available for use by a business applying for benefits and assistance as an eligible business, an eligible housing business or an eligible development business. The commission may add any additional information to the application that it deems appropriate for a business to qualify as an eligible business, an eligible housing business or an eligible development business. If the commission determines that a business qualifies for inclusion in an enterprise zone and that it is eligible for benefits under the Act, the commission shall submit an application for incentives or assistance to the department.

261—59.11(15E) Other commission responsibilities.

59.11(1) Commissions have the authority to adopt a requirement that preference in hiring be given to individuals who live within the enterprise zone. If it does so, the commission shall work with the local workforce development center to determine the labor availability in the area.

59.11(2) Commissions shall examine and evaluate building codes and zoning in enterprise zones and make recommendations to the appropriate governing body in an effort to promote more affordable housing development.

261—59.12(15E) Department action on eligible applications. The department may approve, deny, or defer applications from qualified businesses. In reviewing applications for incentives and assistance under the Act, the department will consider the following:

59.12(1) Compliance with the requirements of the Act and administrative rules. Each application will be reviewed to determine if it meets the requirements of the Act and these rules. Specific criteria to be reviewed include, but are not limited to: medical and dental insurance coverage; wage levels; number of jobs to be created; and capital investment level.

59.12(2) Competition. The department shall consider the impact of the eligible business on other businesses in competition with it and compare the compensation package of businesses in competition with the business being considered for incentives and assistance under this program, to ensure an overall economic gain to the state.

59.12(3) Displacement of workers. The department will make a good-faith effort to determine the probability that the proposed incentives will displace employees of existing businesses. In determining the impact on businesses in competition with the business seeking incentives or assistance, jobs created as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created.

59.12(4) Violations of law. The department will review each application to determine if the business has a record of violations of law as described in 261—Chapter 172.

59.12(5) Commission's recommendations and additional criteria. For each application from a business, the department will review the local analysis (including any additional local criteria) and recommendation of the enterprise zone commission in the zone where the business is located, or plans to locate.

59.12(6) Other relevant information. The department may also review an application using factors it reviews in other department-administered financial assistance programs which are intended to assess the quality of the jobs pledged.

59.12(7) Negotiations. The department may enter into negotiations regarding the amount of tax incentives and assistance the business may be eligible to receive. The department reserves the right to negotiate the amount of all program benefits except the following benefits: the new jobs supplemental credit; the value-added property tax exemption; and the refund of sales, service and use taxes paid to contractors and subcontractors. The criteria to be used in the negotiations to determine the amount of tax incentives and assistance are as described in subrule 59.5(2) and are subject to the limitations stated in subrule 59.5(3).

261—59.15(15E) Applicability on or after July 1, 2014.

59.15(1) Effective as of July 1, 2014, the enterprise zone program was repealed by 2014 Iowa Acts, House File 2448. No agreements shall be entered into under the program on or after July 1, 2014.

59.15(2) To the extent allowed by other provisions of law, the rules adopted in this chapter shall continue to apply to agreements entered into on or before June 30, 2014.

59.15(3) On or after July 1, 2014, a city or county shall not create an enterprise zone under Iowa Code chapter 15E, division XVIII, or enter into a new agreement under Iowa Code chapter 15E, division XVIII. A city or county and the authority, with the approval of the authority board, may amend an agreement for compliance reasons if the amendment does not increase the amount of incentives awarded under the agreement.

59.15(4) The authority and an eligible business may amend an agreement entered into prior to July 1, 2014, in order to avoid hardship to an eligible business in the performance or maintenance of the agreement but only to the extent that amending the agreement would not require amendment by a city or county. The determination as to whether a hardship exists shall be within the discretion of the authority. The authority shall not amend an agreement in any manner that would increase the amount of tax incentives provided under the agreement.

ENTREPRENEURIAL VENTURES
ASSISTANCE (EVA) PROGRAM

261—60.1(15) Purpose and administrative procedures.
  60.1(1) Purpose. The department of economic development administers the entrepreneurial ventures assistance (EVA) program. The purpose of the entrepreneurial ventures assistance program is to encourage the development of entrepreneurial venture planning and managerial skills in conjunction with the delivery of a financial assistance program for business start-ups and expansions.

  60.1(2) Administrative procedures. The EVA program is subject to the requirements of the department’s rules located in 261—Part VII, additional application requirements and procedures, and 261—Part VIII, legal and compliance.

261—60.2(15) Definitions. In addition to the standard definitions located in 261—Chapter 173, the following definitions apply to the EVA program:

“Early-stage industry company” or “early-stage company” means a company with three years or less of experience in a particular industry.

“Eligible applicant” means an individual or business that has consulted with and obtained a letter of endorsement from an IDED-approved business accelerator or from another IDED-recognized entrepreneurial development organization.

“Eligible business” means a start-up company, an early-stage company, or an existing company that is developing a new product or technology.

“EVA” means the entrepreneurial ventures assistance program, authorized by Iowa Code sections 15.338 and 15.339.

261—60.3(15) Eligibility requirements.

  60.3(1) In order to be eligible for assistance, the business, or proposed business, must be located in the state of Iowa.

  60.3(2) If the business is a sole proprietorship or a partnership, all applicable business owners must apply. If the business is a limited liability company, a limited liability partnership, or a corporation, the application must be submitted and signed by an individual who has been authorized by the business to do so.

  60.3(3) In order to be eligible for assistance, the business owner or owners (or appropriate individual(s) in a limited liability company, limited liability partnership or corporation) must consult with and obtain a letter of endorsement from an IDED-approved business accelerator or from another recognized entrepreneurial development organization such as a John Pappajohn Entrepreneurial Center (JPEC), a Small Business Development Center (SBDC), or an equivalent organization recognized by IDED.

  60.3(4) In order to be eligible for assistance, the individual or business must have a business plan which details the business’s growth strategy, management team (if applicable), production/management plan, marketing plan, financial plan, and other standard elements of a business plan.

261—60.4(15) Financial assistance. Applicants may apply to IDED for financial assistance to assist with their business start-up or early-stage growth. The applicant may request up to $250,000 for start-up or early-stage growth activities to be used for business expenses and to leverage conventional financing from commercial lenders or private investors. Assistance will generally be made in staged investments with amounts to be determined by company development, growth, and defined milestones. The assistance under this program is limited to 50 percent or less of the total original capitalization, if a new business, or total project costs, if an existing business. Funds may be used to purchase machinery, equipment, or software, or for working capital needs, or other business expenses deemed reasonable and appropriate by IDED. Awards will be in the form of an equitylike investment (e.g., royalty agreement, deferred loan). A single recipient is limited to $250,000 in total financial assistance.
261—60.5(15) Technical assistance. Applicants may also apply for assistance in paying for consulting, or technical assistance, either in conjunction with the request for financial assistance, or after a period of time that the business has been in operation. Technical assistance of this nature is limited to no more than $25,000 per applicant.

261—60.6(15) Application process. Applications must be submitted in the format required by the department. Applications, the business plan, and related material shall be submitted on line or by mail to Entrepreneurial Ventures Assistance Program, Division of Business Development, Business Finance, Iowa Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309.

261—60.7(15) Review criteria.

60.7(1) Applications will first be reviewed for completeness. If additional information is required, the program staff shall send the applicant notice to submit the additional needed information. The applicant shall submit the requested information within a reasonable time period in order to ensure further action on the request.

60.7(2) The applications will then be reviewed for content of the business plan, and an evaluation of the business’s potential viability and potential for growth. The department may consult with the JPEC centers, or other knowledgeable agencies or individuals, as a part of the review process.

60.7(3) The following items will be reviewed and evaluated:

a. Type of business.

(1) Highest priority will be given to businesses in sectors of the Iowa economy with the greatest start-up and growth potential for Iowa, including but not limited to:

1. Biotechnology (including drugs and pharmaceuticals and value-added agricultural products);
2. Recyclable materials;
3. Software development and computer-related products;
4. Advanced materials;
5. Advanced manufacturing; and
6. Medical and surgical instruments.

(2) Assistance may be provided to industries other than those listed in “1” through “6” above; however, the applicant will have to provide a strong rationale regarding how that industry diversifies, strengthens or otherwise enhances Iowa’s economy. Eligibility may be established by an industry other than those listed if that industry can provide rationale regarding the industry’s benefit to Iowa’s economic base. Rationale that is provided will be reviewed by department staff to determine eligibility as a targeted industry. Items that will be considered in determining an industry’s benefit to Iowa’s economic base will include:

1. The majority of the products or services produced by the industry are exported out of Iowa;
2. The inputs for the products produced in the industry are raw materials available in Iowa or are provided by Iowa suppliers;
3. The goods or services produced by this industry diversify Iowa’s economy;
4. The goods or services provided by the industry resulted in, or will result in, a decrease in the importation of foreign-made goods into the United States;
5. The industry shows potential for future growth;
6. The functions of the industry do not produce harmful effects for Iowa’s natural environment; and
7. Whether the average wages of the majority of the occupations in the industry are above the statewide average wage.

Businesses engaged in retail sales, personal services, consulting, franchises, the provision of health care or other professional services, and distributors of products or services will not be considered targeted industries and are not eligible for this program.

b. Management team and management expertise. Factors considered here would be whether the applicant(s) has a background (including education, training, work experience, and other factors) which
will be helpful and useful in the business in question. Also considered would be the degree to which the applicant’s background is fully documented.

c. **Business capitalization.** Factors considered here would be the original sources of financing for the business. Although all projects must have at least 50 percent of their financing from sources other than the EVA program, preference would be given to those applications where the other sources of financing were even higher than 50 percent.

d. **Strength of business plan.** Factors considered here would be the quality of the business plan and how well it addresses all elements of the business, such as:

1. A description of the company and the overall industry;
2. The product and production plan;
3. The market, competition, and the marketing strategy;
4. The management team and business operations;
5. Patent issues (if applicable), critical risks and problems; and
6. Financial information and plan.

The strength of the business plan will be the most important factor in the evaluation and rating of applications. Rating factors in paragraphs “a,” “b,” and “c” above will be evaluated as either satisfactory or not satisfactory. However, the business plan will be rated on an actual numerical or comparative scale. Those applications which are satisfactory on factors in paragraphs “a,” “b,” and “c” above and which rate highest on strength of business plan will be funded first.

261—60.8(15) **Negotiation, decision, and award process.** Rescinded IAB 7/4/07, effective 6/15/07.

261—60.9(15) **Monitoring, reporting, and follow-up.** Rescinded IAB 7/4/07, effective 6/15/07.

261—60.10(15,83GA, SF344) **Applicability of EVA program after July 1, 2009.**

60.10(1) Effective July 1, 2009, the EVA program is rescinded by 2009 Iowa Acts, Senate File 344, section 9, and replaced with the grow Iowa values financial assistance program. Rules for the grow Iowa values financial assistance program may be found in 261—Chapter 74.

60.10(2) For awards made prior to July 1, 2009, the rules of 261—Chapter 60 shall govern for purposes of contract administration and closeout of projects. A contract amendment is not allowable if the result of the amendment is to increase the benefits available.

This rule is intended to implement 2009 Iowa Acts, Senate File 344.

The purpose of the university-based research utilization program is to promote the adoption of new technology developed at the state universities of Iowa state university, the university of Iowa and the university of northern Iowa in a way that will spur the establishment and growth of new business enterprises and promote new economic development within the state.

261—63.2(80GA, HF692, HF683) Definitions.

“Eligible business” means a business that meets the requirements of rule 261—63.3(80GA, HF692, HF683) and that is either a new business or a business that has been in existence for a period of less than one year prior to applying for benefits under this program.

“Regents university” means Iowa state university, the university of Iowa or the university of northern Iowa.

“Tax credit certificate” means a document issued by the department to an eligible business or university employee which indicates the amount of income tax credit to which the eligible business or university employee is entitled. “University employee” means a regents university employee, or former regents university employee, who is responsible for developing the technology for which the regents university has received a patent which is then used by the eligible business and whose name is listed on the patent.

261—63.3(80GA, HF692, HF683) Business eligibility. A new or existing business may apply to the department to receive tax incentives if it meets all of the following:

63.3(1) The business utilizes a technology based on a patent awarded to a regents university.

63.3(2) The technology to be utilized by the business is based upon a patent awarded after July 1, 2003.

63.3(3) If the business has been in existence for more than one year prior to applying, the business shall organize a separate company to utilize the technology in order to be eligible for benefits under this program. The new business may then apply for benefits under this program.

63.3(4) The business shall develop a five-year business plan that must then be approved by the department. 63.3(5) The business must be an applicant that has at least one full-time equivalent employee or will have at least two full-time equivalent employees within one year of approval of the business’s application.

261—63.4(80GA, HF692, HF683) Program benefits.

63.4(1) Tax credit certificate to the business. An approved business under this program shall receive an income tax credit each year for up to five years to be used to offset taxes imposed in Iowa Code chapter 422, division II, personal income taxes, or division III, business income taxes. An individual may claim the business tax credit under this program by means of a partnership, limited liability company, S corporation, or estate or trust electing to have income taxed directly to the individual. The amount
claimed by the individual shall be based upon the pro-rata share of the individual’s earnings from the partnership, limited liability company, corporation, or estate or trust.

63.4(2) Tax credit benefits to university employee(s). A university employee or group of employees who are responsible for developing the technology leading to the patent by the regents university which is then utilized by the approved business shall be eligible for an income tax credit under this program. To be eligible to receive this tax credit, the university employee’s name or employees’ names must be listed on the patent awarded to the regents university.

63.4(3) Assigning tax credits. A tax credit shall not be claimed under this program unless a tax credit certificate issued by the Iowa department of economic development is attached to the taxpayer’s tax return for the tax year for which the tax credit is claimed. The amount of a tax credit allowed under this program shall equal the amount listed on a tax credit certificate issued by the Iowa department of economic development pursuant to the Act. A tax credit certificate shall not be transferable. Any tax credit in excess of the taxpayer’s liability for the tax year may be credited to the taxpayer’s tax liability for the following five years or until depleted, whichever occurs first. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer redeems the tax credit. The tax credit certificate issued to an approved business may be used by another business with which the approved business is affiliated and with whom the approved business files state income tax returns on a consolidated basis. The Iowa department of economic development shall notify the Iowa department of revenue when a tax credit certificate is issued. The notification shall include the name and tax identification number appearing on any tax credit certificate.

63.4(4) Determination of level of the tax credit benefits. For the five tax years following the tax year in which an eligible business is approved under the program, the Iowa department of revenue shall provide the department with summary information regarding the annual tax returns filed by the approved business. Upon receiving the summary tax return information, the department will make a determination of the amount of tax credits the approved business and university employee may receive.

a. Business tax benefits. Effective for the fiscal year beginning July 1, 2004, and for subsequent fiscal years, the department shall issue a tax credit certificate to the approved business. The value of the tax credit certificate issued by the department for each of the five years following the tax year in which the business is approved under the program shall equal 30 percent of the tax liability of the approved business’s tax return for the previous tax year before the approved business’s tax liability is lessened or eliminated by tax credits received under this program from prior years. The value of a tax credit certificate issued to an approved business shall not exceed $225,000 in any single tax year and the total aggregate value of tax credit certificates issued to an approved business over a five-year period shall not exceed a total of $600,000.

b. University employee(s) tax benefits. Effective for the fiscal year beginning July 1, 2004, and for subsequent fiscal years, the department shall issue a tax credit certificate to the eligible university employee(s). The value of the tax credit certificate issued by the department for each of the five years following the tax year in which the business is approved shall equal 10 percent of the tax liability for the previous tax year of the approved business before the approved business’s tax liability is lessened or eliminated by tax credits received under this program from prior years. If more than one university employee is listed on the patent awarded to the regents university, the tax credit certificate value equal to 10 percent of the tax liability of the approved business shall be divided equally among the individuals listed on the patent and individual tax credit certificates shall be issued to each university employee listed on the patent. Each year the total value of a tax credit certificate or certificates issued to a university employee, or group of employees, for each technology utilized by an approved business shall not exceed $75,000 and, for each technology utilized by an approved business, the total aggregate value of certificates issued to the university employee or employees over a five-year period shall not exceed $200,000.

c. Fiscal limitations on tax credit certificates. For the fiscal year beginning July 1, 2004, not more than $2 million worth of tax credit certificates in total shall be issued under this program. For the fiscal year beginning July 1, 2005, and every fiscal year thereafter, not more than $10 million worth of tax
credit certificates shall be issued under this program. In the event that the aggregate amount of eligible tax credits exceeds the limitations stated in this paragraph, the department will prorate in a fair and equitable manner the amounts of the tax credit certificates that it issues.

261—63.5(80GA,HF692,HF683) Funding appropriation to the regents university. In accordance with 2003 Iowa Acts, First Extraordinary Session, House File 683, section 82, the department will annually make a determination of the amount that will equal 30 percent of the tax liability of the approved business before the approved business’s tax liability is lessened or eliminated by tax credits received under this program from prior years. This amount will then be appropriated to the regents university budget from the general fund of the state. A regents university appropriation under this rule shall not exceed $225,000 per year for each patented technology utilized by an approved business. For each patented technology utilized, the regents university’s aggregate appropriation under this rule over a five-year period shall not exceed $600,000. The department shall maintain records for each regents university during each fiscal year regarding the amount of appropriations each regents university is entitled to receive pursuant to 2003 Iowa Acts, House File 683, section 82.

261—63.6(80GA,HF692,HF683) Business application. To receive designation as an approved business for the university-based research utilization program, a business shall submit an application in the format specified by the Iowa department of economic development. An eligible business shall submit an application on its own behalf.

261—63.7(80GA,HF692,HF683) Application and award process. Iowa department of economic development staff will review completed applications. Department staff will prepare a summary for the director who shall make a final decision on the application. The director may approve, defer or deny the application. Applications will be approved if the eligible business can demonstrate that it will provide a sufficient positive impact on Iowa employment and economic development.

261—63.8(80GA,HF692,HF683) Program administration.

63.8(1) Compliance. An approved business shall submit an annual report to the department describing the business’s success, or lack thereof, in meeting its goals as stated in its five-year business plan. The submitted annual report shall also include the Employers Contribution and Payroll Report filed by the business with the Iowa department of workforce development. This report includes employment statistics and taxable wages paid by the approved business, and will be used to measure the business’s success in creating new jobs.

63.8(2) Nonperformance. If the department determines that the activities of the approved business are not providing the benefits to Iowa employment and economic development as projected in the business’s approved five-year business plan, the department shall not issue tax credit certificates for that year to the business or university employee(s), and shall determine any related regents university appropriation for that particular approved business to be zero for that year.

These rules are intended to implement 2003 Iowa Acts, First Extraordinary Session, House File 692, sections 111 to 131, and 2003 Iowa Acts, House File 683, section 82.

"Average county wage" means the average wage the department calculates annually using the most current four quarters of wage and employment information as provided in the Quarterly Covered Wage and Employment Data report as provided by the Iowa workforce development department, audit and analysis section. Agricultural/mining and governmental employment categories are deleted in compiling the wage information.

3. The purchase price of real property and any existing buildings and structures located on the real property. For purposes of this definition, if the business is leasing the property, the overall cost or value of the lease shall constitute a capital investment if the lease is treated as a capital transaction for tax purposes. A capital transaction for tax purposes means that the asset must be depreciated for federal income tax purposes. The business must be depreciating the leased property on the business’s income tax return in order to claim an investment tax credit for the cost or value of the leased property.

"Community" means a city, county, or other entity established pursuant to Iowa Code chapter 28E.

Additional health benefits provided and paid for by the business may be considered in situations in which the business is paying a lesser percentage of the medical premiums. Additional health benefits include dental insurance, vision insurance, prescription drug coverage and health promotion programs.

"Department" means the Iowa department of economic development.

"Director" means the director of the Iowa department of economic development.

3. The purchase or leasing of existing buildings; or
4. The installation of new machinery and equipment or new computers to be used in the operation of the business’s project.

The purchase of land or signing an option to purchase land or earth moving or other site development activities not involving actual building construction, expansion or rehabilitation shall not constitute project initiation.

“Retained jobs” means the full-time jobs that are at risk of being eliminated if the project does not proceed as planned.

“Tax credit certificate” means a document issued by the department to an approved business which indicates the amount of unused investment tax credit the business may receive in the form of a refund.

“Value-added agricultural products” means agricultural products which, through a series of activities or processes, can be sold at a higher price than the original purchase price.

261—64.3(80GA, HF677) Applying for benefits.

64.3(1) Eligibility requirements. To be eligible to receive benefits under this program, a business shall meet all of the following requirements:

a. Business closures. The business has not closed or reduced its operation in one area of the state and relocated substantially the same operation in the community. This requirement does not prohibit a business from expanding its operation in the community if existing operations of a similar nature in the state are not closed or substantially reduced.

b. Retail businesses. The business is not a retail business or a business where entrance is limited by a cover charge or membership requirement.

c. Capital investment. The business shall make a new capital investment of at least $1 million within three years of application approval.

d. Environmental or worker safety violations. The business has not, within the five years prior to the application date, violated state or federal environmental or worker safety statutes, rules or regulations. If such violations have occurred, the business must demonstrate that there were mitigating circumstances or that such violations did not seriously affect public health or safety or the environment. The business shall provide with the application an affidavit stating that this requirement has been met.

e. Project initiation. A business shall not be eligible for benefits under this program if the project for which it is requesting benefits has been initiated.

f. Violations of law. If the department finds that a business has a record of violations of law over a three-year period that tends to show a consistent pattern, the business shall not be eligible for benefits under this program. The time period that will be reviewed for violations of a federal or state environmental statute, regulation, or rule is the previous five years as required by Iowa Code section 15A.1(3) “a.”

64.3(2) Application. The department shall develop a standardized application and make it available to a business applying for benefits. The application procedures are as follows:

a. Applications may be submitted at any time.

b. The community in which the business’s project will be located shall review the application to determine whether the business is eligible for benefits. If the community determines that the business is eligible, it shall approve by resolution the start-up, location, or expansion of the business for the purpose of receiving program benefits. The community shall then submit the application for benefits to the department.

c. Each application received from a community will be reviewed by the department. The department may request additional information from the business applying for benefits or use other resources to obtain the needed information.

d. Department staff will rate applications according to the criteria in subrule 64.3(3).

e. Decision making on applications.
(1) Applications which involve the creation of 50 or more new jobs and a capital investment equal to or greater than the minimum capital investment required by the new jobs and income program shall be referred to the board. The minimum capital investment required by the new jobs and income program is $10 million indexed to 1993 dollars based on the gross national product implicit price deflator published by the Bureau of Economic Analysis of the United States Department of Commerce. Department staff will prepare a report for the board which includes the staff recommendation and the application’s rating. The board will make the final decision to approve, defer, or deny the application.

(2) For all other applications, department staff will present their recommendation and the application’s rating to the director. The director will make the final decision to approve, defer, or deny the application.

f. Written notification of the board’s or the director’s decision will be sent to the business within two weeks of the date on which the decision is made.

64.3(3) Application rating system. Each application will be reviewed and rated using the following criteria:

a. Community and state impacts. Factors to be considered include, but are not limited to, the following:
   (1) Impact of the proposed project on the community and the state.
   (2) Local/regional community funding match.
   (3) Impact on in-state competitors.
   Maximum – 20 points.

b. Impact on current and new jobs. Factors to be considered include, but are not limited to, the following:
   (1) Impact on the business’s current employees, including the potential for increased skills and wages, as a result of this project.
   (2) Total number of jobs to be created as the result of the project and the starting wages for these jobs.
   (3) Number of high-quality jobs to be created. “High-quality jobs” means new full-time or new career-type positions that have a starting wage equal to or greater than the average county wage.
   (4) Number of retained jobs.
   (5) Other characteristics that contribute to the quality of jobs, including, but not limited to, turnover rate, safe working environment, and additional fringe benefits.
   Maximum – 35 points.

c. Impact on the business. Factors to be considered include, but are not limited to, the following:
   (1) Impact that the investment will have on the ability of the business to expand, upgrade, or modernize its capabilities.
   (2) The extent to which the new capital investment will result in a more productive and competitive business enterprise and workforce.
   (3) Potential for future growth in the industry.
   Maximum – 30 points.

d. Insurance benefits. The business provides comprehensive health benefits, as defined in rule 261—64.2(80GA,HF677), to all full-time employees. If the business meets this criterion, it will receive 15 points.

The maximum total score possible is 100 points. Projects that score less than 60 points will not be recommended for approval to the board or the director.

64.3(4) Project period. An approved business must complete its project within three years of the application approval date. If the project involves the creation of new high-quality jobs, the approved business must, upon reaching its job creation goal, maintain those jobs for two additional years.

64.3(5) Negotiations. The department reserves the right to enter into negotiations with a business regarding the amount of benefits the business may be eligible to receive. The department reserves the right to negotiate the amount of all benefits except the refund of sales, services, and use taxes paid to contractors and subcontractors.
261—64.4(80GA,HF677) Benefits. The following benefits may be available to an approved business. The amount of the benefits will be negotiated by the department with the approved business and reflected in the executed agreement.

64.4(1) Sales, services, and use tax refund. Pursuant to Iowa Code section 15.331A, the approved business shall be entitled to a refund of the sales and use taxes paid under Iowa Code chapters 422 and 423 for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered, furnished or performed to or for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility being built, expanded, or rehabilitated as part of the project. Taxes attributable to intangible property and furniture and furnishings shall not be refunded.

To receive a refund of sales, services, and use taxes paid to contractors or subcontractors, the approved business must, within one year after project completion, make an application to the Iowa department of revenue.

64.4(2) Research activities credit. Pursuant to Iowa Code section 15.335, the approved business shall be entitled to a research activities credit. This tax credit shall be allowed against taxes imposed under Iowa Code chapter 422, division II (personal) or division III (corporate). This incentive is a tax credit for increasing research activities in this state during the period the business is participating in the program. This credit may equal up to 6½ percent of the state’s apportioned share of the qualifying expenditures for increasing research activities. The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures. This credit is in addition to the credit authorized in Iowa Code sections 422.10 and 422.33, subsection 5. If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. Any tax credit in excess of the tax liability shall be refunded to the approved business with interest computed under Iowa Code section 422.25. This tax credit may be used by another business with which the approved business is affiliated and with which the approved business files state income tax returns on a consolidated basis. In lieu of claiming a refund, the approved business may elect to have the overpayment credited to its tax liability for the following year.

64.4(3) Investment tax credit or insurance premium tax credit.
   a. Investment tax credit. An approved business may claim a tax credit equal to a percentage of the new capital investment directly related to the approved project. The percentage shall be equal to the amount provided in paragraph “c.” Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first.

   The tax credit shall be allowed against taxes imposed under Iowa Code chapter 422, division II (personal), division III (corporate), or division V (franchise). This tax credit may be used by another business with which the approved business is affiliated and with which the approved business files state income tax returns on a consolidated basis. If the business is a partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust.

   The approved business may not claim an investment tax credit for a capital investment above the amount stated in the agreement described in subrule 64.5(1). An approved business may instead, prior to project completion, seek to amend the contract, allowing the business to receive an investment tax credit for additional capital expenditures.

   b. Insurance premium tax credits. An approved business may claim a tax credit equal to a percentage of the new capital investment directly related to the start-up, location, or expansion of an approved business under the program. The percentage shall be equal to the amount provided in paragraph “c.” The tax credit shall be allowed against taxes imposed in Iowa Code chapter 432.
Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first. The approved business may not claim an insurance premium tax credit for a capital investment above the amount stated in the agreement described in subrule 64.5(1). An approved business may instead, prior to project completion, seek to amend the contract, allowing the business to receive an insurance premium tax credit for additional capital expenditures.

c. **Tax credit percentage.** The amount of tax credit claimed under this subrule shall be determined as follows:

1. If the department determines, based on the application of the approved business, that high-quality jobs are not created but economic activity within the state is advanced, the approved business may claim a tax credit of up to 1 percent of the amount of new capital investment, as described in the agreement.

2. If the department determines, based on the application of the approved business, that one to five high-quality jobs are created, the approved business may claim a tax credit of up to 2 percent of the amount of new capital investment, as described in the agreement.

3. If the department determines, based on the application of the approved business, that six to ten high-quality jobs are created, the approved business may claim a tax credit of up to 3 percent of the amount of new capital investment, as described in the agreement.

4. If the department determines, based on the application of the approved business, that 11 to 15 high-quality jobs are created, the approved business may claim a tax credit of up to 4 percent of the amount of new capital investment, as described in the agreement.

5. If the department determines, based on the application of the approved business, that 16 or more high-quality jobs are created, the approved business may claim a tax credit of up to 5 percent of the amount of new capital investment, as described in the agreement.

**64.4(4) Investment tax credit refunds.** Subject to prior approval by the department, in consultation with the Iowa department of revenue, an approved business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to apply for a refund of all or a portion of an unused tax credit. For purposes of this subrule, an approved business includes a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol. The refund may be used against a tax liability imposed under Iowa Code chapter 422, division II (personal), division III (corporate), or division V (franchise). To apply to receive a refund of all or a portion of an unused investment tax credit, the following procedures apply:

a. **Department approval required.** The department will determine whether an approved business’s project primarily involves the production of value-added agricultural products or uses biotechnology-related processes.

b. **How to apply for tax credit certificate.** The business shall apply for a tax credit certificate using the form provided by the department. Requests for tax credit certificates will be accepted between May 1 and May 15 of each fiscal year. Only those approved businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. For a cooperative described in Section 521 of the Internal Revenue Code, the department shall require the cooperative to submit a list of members whom the cooperative wishes to receive a tax credit certificate for their prorated share of ownership. The cooperative shall submit its list in a computerized electronic format that is compatible with the system used or designated by the department. The computerized list shall, at a minimum, include the name, address, social security number or taxpayer identification number, business telephone number and ownership percentage, carried out to six decimal places, of each cooperative member approved for a tax credit certificate. The cooperative shall also submit a total dollar amount of the unused investment tax credit for which the cooperative’s members are requesting a tax credit certificate.

c. **Application processing.** The department will make public by June 1 of each fiscal year the total number of requests for tax credit certificates and the total dollar amount of requested tax credit certificates that have been submitted. The department will issue tax credit certificates within a reasonable period of time following the June 1 announcement.
d. Issuance of tax credit certificates. The department shall not issue tax credit certificates to approved businesses in the new capital investment program, the new jobs and income program, and the enterprise zone program which total more than $4 million during a fiscal year. If the department receives applications for tax credit certificates in excess of $4 million, the applicants shall receive certificates for a prorated amount. In such a case, the tax credit requested by an approved business will be prorated based upon the total dollar amount of requested tax credit certificates received during the fiscal year. This proportion will be applied to the amount requested by each approved business to determine the amount of the tax credit certificate that will be distributed to each business for the fiscal year. For example, if an approved business submits a request in the amount of $1 million and the total amount of requested tax credit certificates equals $8 million, the business will be issued a tax credit certificate in the amount of $500,000.

\[
\frac{\$4 \text{ million}}{\$8 \text{ million}} = \frac{50\%}{\frac{1}{2}} = \frac{\$1 \text{ million}}{\$8 \text{ million}} = \$500,000
\]

e. When claimed. Tax credit certificates shall not be valid until the tax year following the date of project completion. The tax credit certificates shall not be transferred except in the case of a cooperative as described in Section 521 of the Internal Revenue Code whose approved project primarily involves the production of ethanol. For such cooperative, the individual members of the cooperative are approved to receive the tax credit certificates. The approved business may not claim a tax credit refund unless a tax credit certificate issued by the department is attached to the taxpayer’s tax return for the tax year in which the tax credit refund is claimed. Any unused investment tax credit in excess of the amount of the tax credit certificate issued by the department may be carried forward for up to seven years after the qualifying asset is placed in service or until the tax credit is depleted, whichever occurs first.

f. Carryforward. An approved business may apply for a tax credit certificate once each year for up to seven years after the qualifying asset is placed in service or until the approved business’s unused investment tax credit is depleted, whichever occurs first. For example, an approved business which completes a project in October 2004 and has an investment tax credit of $1 million may apply for a tax credit certificate in May 2005. If, because of the proration of the $4 million of available refundable credits for the fiscal year, the business is awarded a tax credit certificate in the amount of $300,000, the business may claim the $300,000 refund and carry forward the unused investment tax credit of $700,000 up to seven years or until the credit is depleted, whichever occurs first.

261—64.5(80GA,HF677) Agreement, compliance, and repayment provisions.

64.5(1) Agreement. After the department negotiates the amount of benefits that the approved business shall receive and approves the application, the department shall enter into an agreement with the approved business. This agreement shall include, but is not limited to:

a. Provisions governing the requirements of the Act and these rules which the approved business agreed to satisfy as described in the approved application;

b. Reporting requirements such as an annual certification by the approved business that it is in compliance with the Act and these rules;

c. The amount or level of tax benefits the approved business shall receive as negotiated by the department; and

d. The method of determining the amount of benefits received by the approved business, which will be repaid in the event of the failure to maintain the requirements of the Act and these rules.

In addition the agreement shall specify that an approved business that fails to maintain the requirements of the Act and these rules shall not receive benefits for each year during which the business is not in compliance. The approved business and the department must execute the agreement within 180 days from the application approval date. If the agreement is not signed by that date, the department may rescind the benefits awarded to the approved business unless the approved business has received prior written permission from the department to exceed the time frame for an agreed-upon time period.
64.5(2) Annual certification. An approved business shall certify annually to the community and the department that the business is in compliance with the Act, these rules, and the agreement it has entered into with the department.

64.5(3) On-site monitoring. The approved business shall, upon prior reasonable notice and at any time (during normal business hours), permit the department, its representatives or the state auditor to examine, audit or copy any plans and work details pertaining to the project; all of the approved business’s books, records, and accounts relating to the project; and all other documentation or materials related to the agreement.

64.5(4) Repayment of benefits. If the approved business has received benefits and fails to meet and maintain any of the requirements of the Act, these rules, or the agreement, the business is subject to repayment of all or a portion of the benefits that it has received. The repayment will be calculated as follows:

a. Job creation. If the approved business does not meet its job creation goal as defined in the agreement or fails to maintain the required number of jobs, the business shall repay a percentage of the tax credits claimed under subrules 64.4(2) and 64.4(3). The repayment percentage will be equal to the percentage of jobs that the approved business failed to create or maintain.

b. Wages and benefits. If the approved business fails to comply with the wage or benefit requirements outlined in the agreement, the business shall not receive the tax credits described in subrules 64.4(2) and 64.4(3) for each year during which the business is not in compliance.

c. Capital investment. If the approved business does not meet the capital investment requirement in the agreement, repayment of the tax credits claimed under subrules 64.4(2) and 64.4(3) shall be calculated as follows:

   (1) If the business has not met the minimum investment requirement of $1 million, the business shall repay all of the benefits that it has received.

   (2) If the business has met 50 percent or less of the pledged capital investment, the business shall repay the same percentage in benefits as the percentage that the business failed to invest.

   (3) If the business has met more than 50 percent but not more than 75 percent of the pledged capital investment, the business shall repay one-half of the percentage in benefits that the business failed to invest.

   (4) If the business has met more than 75 percent but not more than 90 percent of the pledged capital investment, the business shall repay one-quarter of the percentage in benefits that the business failed to invest.

d. Selling, disposing, or razing of property. If, within five years of purchase, the approved business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, building, or other existing structures for which an investment tax credit or insurance premium tax credit was claimed under subrule 64.4(3), the income tax liability of the approved business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

   (1) 100 percent of the tax credit claimed under subrule 64.4(3) if the property ceases to be approved for the tax credit within one full year after being placed in service.

   (2) 80 percent of the tax credit claimed under subrule 64.4(3) if the property ceases to be approved for the tax credit within two full years after being placed in service.

   (3) 60 percent of the tax credit claimed under subrule 64.4(3) if the property ceases to be approved for the tax credit within three full years after being placed in service.

   (4) 40 percent of the tax credit claimed under subrule 64.4(3) if the property ceases to be approved for the tax credit within four full years after being placed in service.

   (5) 20 percent of the tax credit claimed under subrule 64.4(3) if the property ceases to be approved for the tax credit within five full years after being placed in service.

64.5(5) Layoffs or closures. If an approved business experiences a layoff within the state or closes any of its facilities within the state prior to receiving the benefits and assistance, the department may reduce or eliminate all or a portion of the benefits and assistance. If a business experiences a layoff within the state or closes any of its facilities within the state after receiving the benefits and assistance,
the business may be subject to repayment of all or a portion of the benefits and assistance that it has received.

64.5(6) Extensions. If an approved business fails to meet its requirements under the Act, these rules, or the agreement, the department, in consultation with the community, may elect to grant the business a one-year period to meet the requirements. Only one 12-month extension will be granted to the approved business. Extensions may be granted only when one of the following conditions applies:

a. The delay in achievement of the job creation goal or pledged capital investment was caused by events over which the approved business had no control and could not have reasonably predicted and there is a reasonable probability that the originally proposed job creation goal or pledged capital investment can be achieved; or

b. The project does not fit under paragraph “a” and the approved business has demonstrated to the department’s satisfaction the existence of special circumstances.

261—64.6(80GA,HF677) Amendments. Any substantive change to an approved project will be considered a contract amendment. The amendment must be requested in writing. No amendment will be valid until approved by the department.

261—64.7(80GA,HF677) Other benefits. An approved business may receive other applicable federal, state, and local incentives and tax credits in addition to those provided in this program. However, an approved business which participates in this program shall not receive any funds, tax credits, or incentives from the new jobs and income program or the enterprise zone program.

These rules are intended to implement 2003 Iowa Acts, House File 677.

261—64.8(81GA,HF868) Applicability of new capital investment program after July 1, 2005.

64.8(1) Effective July 1, 2005, the NCIP program is rescinded by 2005 Iowa Acts, House File 868, and replaced with a new tax credit program, the high quality job creation program. Rules for the high quality job creation program may be found in 261—Chapter 68.

64.8(2) For awards made or contracts entered into prior to July 1, 2005, the rules of 261—Chapter 64 shall govern for purposes of contract administration and closeout of projects. A contract amendment is not allowable if the result of the amendment is to increase the benefits available.

This rule is intended to implement 2005 Iowa Acts, House File 868.

261—65.3(15) Eligible applicants. To be eligible to apply for program assistance, an applicant must meet the following eligibility requirements:
65.3(1) **Site owner.** A person owning a site is an eligible applicant if the site for which assistance is sought meets the definition of a brownfield or grayfield site. The brownfield redevelopment program requires that an applicant has secured a sponsor prior to applying for program assistance. Sponsorship is encouraged but not required for the redevelopment tax credits program for brownfields and grayfields.

65.3(2) **Nonowner of site.** A person who is not an owner of a site is an eligible applicant if the site meets the definition of a brownfield or grayfield site. The brownfield redevelopment program requires that an applicant has secured a sponsor prior to applying for program assistance. Prior to applying for financial assistance under the brownfield redevelopment program, an applicant who is not an owner of a site shall enter into an agreement with the owner of the brownfield site for which financial assistance is sought. The agreement shall at a minimum include:

a. The total cost for remediating the site.

b. Agreement that the owner shall transfer title of the property to the applicant upon completion of the remediation of the property. Title transfer is not required when the applicant is the owner of the property and no title transfer occurs.

c. Agreement that upon the subsequent sale of the property by the applicant to a person other than the original owner, the original owner shall receive not more than 75 percent of the estimated total cost of the remediation, acquisition or redevelopment.

65.3(3) **Phased projects ineligible for tax credits.** Tax credits for brownfield and grayfield redevelopment are only available for qualifying redevelopment projects. Because a qualifying redevelopment project does not include a previously remediated or redeveloped site, a project for subsequent redevelopment at the same site for which tax credits have already been awarded is not eligible for additional tax credits on redevelopment at that site. The authority and the council will determine whether a project constitutes subsequent redevelopment at the same site by considering the following factors:

a. Whether the redevelopment described in multiple proposed projects is planned for a single parcel.

b. Whether the redevelopment described in multiple proposed projects is planned for adjacent or contiguous parcels or parcels in very close physical proximity.

c. Whether all involved parcels are owned by the same entity, different entities, or affiliated entities.

d. Whether a proposed project is the result of the same planning process as another project.

e. Whether the proposed projects are being developed by the same entity, different entities, or affiliated entities.

f. Whether the development of one proposed project reflects a temporal connection to another proposed project.

261—65.4(15)** Eligible forms of assistance and limitations.**

65.4(1) **Financial assistance.** Eligible forms of financial assistance include grants, interest-bearing loans, forgivable loans, loan guarantees, tax credits, and other forms of assistance under the brownfield redevelopment program and the redevelopment tax credits program for brownfields and grayfields established in Iowa Code sections 15.292 and 15.293A.

65.4(2) **Other forms of assistance.** The authority may provide information on alternative forms of assistance.

65.4(3) **Limitation on amount.** An applicant shall not receive financial assistance of more than 25 percent of the agreed-upon estimated total cost of remediation, acquisition or redevelopment. This limitation does not apply to assistance provided in the form of tax credits pursuant to subrule 65.11(4).

65.4(4) **Exclusions.** Program funds shall not be used for the remediation of contaminants being addressed under Iowa’s leaking underground storage tank (UST) program. However, a site’s being addressed under the UST program does not necessarily exclude that site from being addressed under
the Iowa brownfield redevelopment Act if other nonpetroleum contaminants or petroleum substances not addressed under 567—Chapter 135 are present.

**261—65.5(15) Repayment to economic development authority.** Under the brownfield redevelopment program only, upon the subsequent sale of the property by an applicant to a person other than the original owner, the applicant shall repay the authority for financial assistance received by the applicant. The repayment shall be in an amount equal to the sales price less the amount paid to the original owner pursuant to the agreement between the applicant and the original owner. The repayment amount shall not exceed the amount of financial assistance actually disbursed to the applicant by the authority.

**261—65.6(15) General procedural overview.**

65.6(1) Subject to availability of funds, applications to the brownfield redevelopment program will be accepted, reviewed and scored by economic development authority staff and by the advisory council on an annual basis. Brownfield redevelopment funds will be scored on a competitive basis by the council, which will make recommendations on award amounts to the board.

65.6(2) Subject to availability of funds, applications to the redevelopment tax credits program for brownfields and grayfields will be accepted and reviewed by economic development authority staff and scored by the advisory council on an annual basis. For the fiscal year beginning July 1, 2014, applications must be received by March 1, 2015. For each fiscal year thereafter, applications will be accepted beginning on July 1 and must be received by September 1. Subject to the availability of funding, the authority may set additional application deadlines after September 1 and before the end of a fiscal year.

65.6(3) Applications for all forms of financial assistance will be reviewed by staff for completeness and eligibility. If additional information is required, the applicant shall be provided with notice, in writing, to submit additional information. Recommendations from the advisory council will be submitted to the board. The board may approve, deny or defer an application.

65.6(4) Application forms for the brownfield redevelopment program and the redevelopment tax credits program for brownfields and grayfields are available upon request from Economic Development Authority, 200 East Grand Avenue, Des Moines, Iowa 50309. Additional information is available on the authority’s Internet site at www.iowaeconomicdevelopment.com.

65.6(5) The authority may provide technical assistance as necessary to applicants. Authority staff may conduct on-site evaluations of proposed activities.

**261—65.7(15) Application to the brownfield redevelopment program—agreements.**

65.7(1) Every application for assistance shall include evidence of sponsorship and any other information the authority deems necessary in order to process and review the application. An application shall be considered received by the authority only when the authority deems it to be complete. Applications for assistance shall also include the following information:

a. A business plan. The business plan should, at a minimum, include a remediation plan, a project contact/applying agency, a project overview (which would include the background of the project area, goals and objectives of the project, and implementation strategy), and a project/remediation budget.

b. A statement of purpose describing the intended use of and proposed repayment schedule for any financial assistance received by the applicant.

65.7(2) The authority shall accept and review applications in conjunction with the council and the board. The council shall consider applications in the order complete applications are received and make application recommendations to the board. The council will score applications according to the application review criteria established pursuant to rule 261—65.9(15). The board shall approve or deny applications.
65.7(3) Approved applicants shall enter into an agreement with the authority.

[ARC 7844B, IAB 6/17/09, effective 7/22/09; ARC 9746B, IAB 9/7/11, effective 8/19/11; ARC 0007C, IAB 2/8/12, effective 3/14/12; ARC 1827C, IAB 1/21/15, effective 2/25/15]

261—65.8(15) Application to the redevelopment tax credits program—registration of projects—agreements.

65.8(1) System for application, review, registration, and authorization of projects. The authority will administer a system for application, review, registration, and authorization of projects as described in this subrule and will only issue tax credit certificates pursuant to subrule 65.11(3).

a. The authority will accept and, in conjunction with the council, review applications for tax credits provided in Iowa Code section 15.293A and, with the approval of the council, make tax credit award recommendations regarding the applications to the board.

b. Applications for redevelopment tax credits will only be accepted during the established application period as provided in subrule 65.6(2).

c. Upon review of an application, the authority may register the project with the redevelopment tax credits program. If the authority registers the project, the authority may, in conjunction with the council, make a preliminary determination as to the amount of tax credit for which an award recommendation will be made to the board.

d. After registering the project, the authority will notify the investor of successful registration under the redevelopment tax credits program. The notification may include the amount of tax credit for which an award recommendation will be made to the board. If an award recommendation is included in the notification, such notification will include a statement that the award recommendation is a recommendation only. The amount of tax credit included on a tax credit certificate issued pursuant to this rule shall be contingent upon an award by the board and upon completion of the requirements in this rule.

e. (1) All completed applications will be reviewed and scored, pursuant to subrule 65.8(2), on a competitive basis by the council and the board. In reviewing and scoring applications, the council and the board may consider any factors the council and board deem appropriate for a competitive application process, including but not limited to the financial need, quality, and feasibility of a qualifying redevelopment project.

(2) For purposes of this rule:

1. “Feasibility” means the likelihood that the project will obtain the financing necessary to allow for full completion of the project and the likelihood that the proposed redevelopment or improvement that is the subject of the project will be fully completed.

2. “Financial need” means the difference between the total costs of the project less the total financing that will be received for the project.

3. “Quality” means the merit of the project after considering and evaluating its total characteristics and measuring those characteristics in a uniform, objective manner against the total characteristics of other projects that have applied for the tax credit provided in this chapter during the same established application period.

f. Upon reviewing and scoring all applications that are part of an annual application period, the board may award tax credits provided in this chapter.

g. If the applicant for a tax credit provided in this chapter has also applied to an agency of the federal government or to the authority, the board, or any other agency of state government for additional financial assistance, the authority, the council, and the board will consider the amount of funding to be received from such public sources when making a tax credit award pursuant to this rule.

h. An applicant that is unsuccessful in receiving a tax credit award during an established application period may make additional applications during subsequent application periods. Such applicants must submit a new application and must be competitively reviewed and scored in the same manner as other applicants in that same application period.

65.8(2) Scoring criteria.
a. Each application for tax credits during each established application period will be scored according to criteria set forth in this paragraph. Points will be added together and the resulting score averaged with the scores of applications evaluated by all council members. Scoring criteria include:

(1) The project’s feasibility: 25 points.
(2) The project’s financial need: 25 points.
(3) The project’s quality: 25 points.

b. There is no minimum score required for a project to receive a recommendation for funding, but a higher score indicates that the council views a project more favorably. The council’s funding recommendation will reflect its overall view of the project in relation to other applying projects.

65.8(3) Required information. An investor applying for a tax credit shall provide the authority with all of the following:

a. Information showing the total costs of the qualifying redevelopment project, including the costs of land acquisition, cleanup, and redevelopment.

b. Information about the financing sources of the investment which are directly related to the qualifying redevelopment project for which the investor is seeking approval for a tax credit, as provided in this chapter.

c. Any other information deemed necessary by the board and the council to review and score the application pursuant to this rule.

65.8(4) Agreement required—recapture of credits. If an investor is awarded a tax credit pursuant to this rule, the authority and the investor shall enter into an agreement concerning the qualifying redevelopment project. If the investor fails to comply with any of the requirements of the agreement, the authority may find the investor in default under the agreement and may revoke all or a portion of the tax credit award. The department of revenue, upon notification by the authority of an event of default, shall seek repayment of the value of any such tax credit already claimed in the same manner as provided in Iowa Code section 15.330(2).

65.8(5) Project completion. A registered project shall be completed within 30 months of the date the project was registered unless the authority provides additional time to complete the project. A project will not be provided more than 12 months of additional time. If the registered project is not completed within the time required, the project is not eligible to claim a tax credit pursuant to this chapter.

65.8(6) Audit required.

a. Upon completion of a registered project, an audit of the project, completed by an independent certified public accountant licensed in this state, must be submitted to the authority.

b. Upon review of the audit and verification of the amount of the qualifying investment, the authority will issue a tax credit certificate to the investor stating the amount of tax credit that the investor may claim.

[ARC 1827C, IAB 1/21/15, effective 2/25/15; ARC 4511C, IAB 6/19/19, effective 7/24/19]

261—65.9(15) Application review criteria. Brownfield redevelopment funds will be awarded on a competitive basis. Applications will be reviewed and prioritized based on the following criteria:

1. Whether the project meets the definition of a brownfield site.
2. Whether alternative forms of assistance have been explored and used by the applicant.
3. The level of distress or extent of the problem on the site has been identified.
4. Whether the site is on or proposed to be added to the U.S. Environmental Protection Agency’s list of CERCLA sites.
5. The degree to which awards secured from other sources are committed to the subject site.
6. The leveraging of other public and private resources beyond the 75 percent minimum required.
7. Type and terms of assistance requested.
8. Rationale that the project serves a public purpose.
9. The level of economic and physical distress within the project area.
10. Past efforts of the community/owner to resolve the problem.
11. Ability of the applicant to outline the goals and objectives of the project and describe the overall strategy for achieving the goals and objectives.
12. Ancillary off-site development as a result of site remediation.

[ARC 7844B, IAB 6/17/09, effective 7/22/09]

261—65.10(15) Administration of awards.

65.10(1) A contract shall be executed between the recipient and the authority. These rules and applicable state laws and regulations shall be part of the contract.

65.10(2) The recipient must execute and return the contract to the authority within 45 days of transmittal of the final contract from the authority. Failure to do so may be cause for the board to terminate the award.

65.10(3) Certain activities may require that permits or clearances be obtained from other state or local agencies before the activity may proceed. Awards may be conditioned upon the timely completion of these requirements.

65.10(4) Awards may be conditioned upon commitment of other sources of funds necessary to complete the activity.

65.10(5) Awards may be conditioned upon the authority’s receipt and approval of an implementation plan for the funded activity.

[ARC 7844B, IAB 6/17/09, effective 7/22/09; ARC 9746B, IAB 9/7/11, effective 8/19/11; ARC 0007C, IAB 2/8/12, effective 3/14/12]

261—65.11(15) Redevelopment tax credit.

65.11(1) Purpose. The purpose of the redevelopment tax credits program is to make tax credits available for a redevelopment project investment. The authority may cooperate with the department of natural resources and local governments in an effort to disseminate information regarding the redevelopment tax credit.

65.11(2) Eligible applicant. An individual, partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual may claim a redevelopment tax credit. Once an applicant is deemed eligible, the applicant shall be considered a qualifying investor for a redevelopment tax credit. A city or county may not apply for a redevelopment tax credit.

65.11(3) Tax credit certificate.

a. Issuance. The authority shall issue a redevelopment tax credit certificate upon completion of the project and submittal of proof of completion by the qualified investor. The tax credit certificate shall contain the qualified investor’s name, address, tax identification number, the amount of the credit, the name of the qualifying investor, any other information required by the department of revenue, and a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred.

b. Acceptance. The tax credit certificate, unless rescinded by the board, shall be accepted by the Iowa department of revenue as payment for taxes imposed pursuant to Iowa Code chapter 422, divisions II, III, and V, and to Iowa Code chapter 432, and for the moneys and credits tax imposed in Iowa Code section 533.329, subject to any conditions or restrictions placed by the board upon the face of the tax credit certificate and subject to the limitations of this rule, for a portion of a taxpayer’s equity investment in a qualifying redevelopment project.

c. Transfer. Tax credit certificates issued under this rule may be transferred to any person or entity. Within 90 days of transfer, the transferee shall submit the transferred tax credit certificate to the Iowa department of revenue, including a statement with the transferee’s name, tax identification number, address, the denomination that each replacement tax credit certificate is to carry, and any other information required by the Iowa department of revenue.

d. Replacement certificate. Within 30 days of receiving the transferred tax credit certificate and the transferee’s statement, the Iowa department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate and must have the same expiration date that appeared in the transferred tax credit certificate.

e. Claiming a transferred tax credit. A tax credit shall not be claimed by a transferee until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The transferee may use the amount of the tax credit transferred against the taxes imposed in Iowa Code
chapter 422, divisions II, III, and V, and in Iowa Code chapter 432, and against the moneys and credits tax imposed in Iowa Code section 533.329, for any tax year the original transferor could have claimed the tax credit. Any consideration paid or received for the transfer of the tax credit shall not be included or deducted as income under Iowa Code chapter 422, divisions II, III, and V, under Iowa Code chapter 432, or against the moneys and credits tax imposed in Iowa Code section 533.329.

65.11(4) Amount of tax credit.

a. Pro rata share. The qualified investor may claim the amount based upon the pro rata share of the qualified investor’s earnings from the partnership, limited liability company, S corporation, estate, or trust. Except as provided in paragraph 65.11(4)“b,” any tax credit in excess of the qualified investor’s liability for the tax year is not refundable but may be credited to the tax liability for the following five years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the qualified investor receives the tax credit.

b. Refundability. A tax credit in excess of the taxpayer’s liability for the tax year is refundable if all of the following conditions are met:

1. The taxpayer is an investor making application for tax credits provided in this rule and is an entity organized under Chapter 504 and qualifying under Section 501(c)(3) of the Internal Revenue Code as an organization exempt from federal income tax under Section 501(a) of the Internal Revenue Code.

2. The taxpayer establishes during the application process described in this chapter that the requirement in subparagraph 65.11(4)“b”(1) is satisfied. The authority, when issuing a certificate to a taxpayer that meets the requirements in paragraph 65.11(4)“b,” will indicate on the certificate that such requirements have been satisfied. A certificate indicating that it is refundable pursuant to paragraph 65.11(4)“b” shall not also be transferred to another taxpayer unless all the requirements of paragraph 65.11(4)“b” have been met.

c. Percentage. The amount of the tax credit shall equal one of the following:

1. Twelve percent of the taxpayer’s qualifying investment in a grayfield site.

2. Fifteen percent of the taxpayer’s qualifying investment in a grayfield site if the qualifying redevelopment project meets the requirements of green development as defined in 261—65.2(15).

3. Twenty-four percent of the taxpayer’s qualifying investment in a brownfield site.

4. Thirty percent of the taxpayer’s qualifying investment in a brownfield site if the qualifying redevelopment project meets the requirements of green development as defined in 261—65.2(15).

d. Maximum credit per project. The maximum amount of a tax credit for a qualifying investment in any one qualifying redevelopment project shall not exceed 10 percent of the maximum amount of tax credits available in any one fiscal year pursuant to paragraph 65.11(4)“e.”

e. Maximum credit total. For the fiscal year beginning July 1, 2009, the maximum amount of tax credits issued by the authority shall not exceed $1 million. For the fiscal year beginning July 1, 2011, the maximum amount of tax credits issued by the authority shall be an amount determined by the board but not in excess of $5 million. For the fiscal year beginning July 1, 2013, and for each subsequent fiscal year, the maximum amount of tax credits issued by the authority shall be an amount determined by the board but not in excess of the amount established pursuant to Iowa Code section 15.119.

65.11(5) Claiming a tax credit. The qualified investor must include one or more tax credit certificates with the qualified investor’s tax return. A tax credit certificate shall not be used or included with a return filed for a taxable year beginning prior to the tax year listed on the certificate. The tax credit certificate or certificates included with the qualified investor’s tax return shall be issued in the qualified investor’s name, expire on or after the last day of the taxable year for which the qualified investor is claiming the tax credit, and show a tax credit amount equal to or greater than the tax credit claimed on the qualified investor’s tax return.

65.11(6) Reduction of tax credit.

a. Taxes imposed under Iowa Code section 422.11V, less the credits allowed under Iowa Code sections 422.12, 422.33, 422.60, 432.12L, and moneys and credits imposed under Iowa Code section 533.329 shall be reduced by a redevelopment tax credit allowed under Iowa Code sections 15.291 to 15.294.
b. For purposes of individual and corporate income taxes and the franchise tax, the increase in the basis of the redeveloped property that would otherwise result from the qualified redevelopment costs shall be reduced by the amount of the credit computed under this rule.

65.11(7) Project completion.

a. An investment shall be deemed to have been made on the date the qualifying redevelopment project is completed. An investment made prior to January 1, 2009, shall not qualify for a tax credit under this rule.

b. A registered project shall be completed within 30 months of the project’s approval unless the authority, with the approval of the board, provides additional time to complete the project. If the registered project is not completed within the time required, the project is not eligible to claim a tax credit.

c. Failure to comply. If a taxpayer receives a tax credit pursuant to Iowa Code section 15.293A, but fails to comply with any of the requirements, the taxpayer loses any right to the tax credit. The Iowa department of revenue shall seek recovery of the value of the credit the qualified investor received.

65.11(8) Tax credit carryover. If the maximum amount of tax credits available has not been issued at the end of the fiscal year, the remaining tax credit amount may be carried over to a subsequent fiscal year or the authority may prorate the remaining credit amount among other eligible applicants.

65.11(9) Authority registration and authorization. The authority shall develop a system for registration and authorization of tax credits. The authority shall control distribution of all tax credits distributed to investors, including developing and maintaining a list of tax credit applicants from year to year to ensure that if the maximum aggregate amount of tax credits is reached in one year, an applicant can be given priority consideration for a tax credit in an ensuing year.

65.11(10) Other financial assistance considerations. If a qualified investor has also applied to the authority, the board, or any other agency of state government for additional financial assistance, the authority, the board, or the agency of state government shall not consider the receipt of a tax credit issued pursuant to this rule when considering the application for additional financial assistance.

The council shall recommend to the board the tax credit amount available for each qualifying redevelopment project.

65.12(2) A qualified investor shall provide to the authority, the council and the board all of the following:

ASSISTIVE DEVICE TAX CREDIT

261—66.1(78GA,ch1194) Purpose. The Iowa department of economic development and the department of revenue administer the assistive device tax credit jointly to encourage small businesses to purchase, rent or modify assistive devices and to make workplace modifications for an individual with a disability who is employed or will be employed by the business. The Iowa department of economic development administers the assistive device tax credit certification process. The department of revenue administers the distribution of tax credits to eligible small businesses that have been issued certificates of entitlement.

261—66.2(78GA,ch1194) Definitions. For the purpose of these rules, the following definitions apply:

“Assistive device” means any item, piece of equipment, or product system which is used to increase, maintain, or improve the functional capabilities of an individual with a disability in the workplace or on the job. “Assistive device” does not mean any medical device, surgical device, or organ implanted or transplanted into or attached directly to an individual. “Assistive device” does not include any device for which a certificate of title is issued by the state department of transportation, but does include any item, piece of equipment, or product system otherwise meeting the definition of “assistive device” that is incorporated, attached, or included as a modification in or to such a device issued a certificate of title.

“Department” or “IDED” means the Iowa department of economic development.

“Disability” means, with respect to an individual, a physical or mental impairment that substantially limits one or more of the major life activities of the individual, a record of physical or mental impairment that substantially limits one or more of the major life activities of the individual, or being regarded as an individual with a physical or mental impairment that substantially limits one or more of the major life activities of the individual. “Disability” does not include any of the following: homosexuality or bisexuality; transvestitism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders not resulting from physical impairments, or other sexual behavior disorders; compulsive gambling, kleptomania, or pyromania; psychoactive substance abuse disorders resulting from current illegal use of drugs; alcoholism.

“Employee” or “employed” means an individual with a disability and whose business qualifies as a small business.

“Small business” means a business that either had gross receipts for its preceding tax year of $3 million or less or employed not more than 14 full-time employees during its preceding tax year.

“Workplace modifications” means physical alterations to the work environment.

261—66.3(78GA,ch1194) Eligibility criteria. In order to be eligible to receive the assistive device tax credit, a small business must:

1. Be located in the state of Iowa.
2. Employ not more than 14 full-time employees or have gross receipts of no more than $3 million during its preceding tax year.
3. Purchase, rent or modify an assistive device or make workplace modifications for an individual with a disability who is employed or will be employed by the business.

261—66.4(78GA,ch1194) Application process.

66.4(1) To receive a certificate of entitlement for the assistive device tax credit, the eligible small business must submit an application to the Iowa department of economic development. Applications and related materials shall be submitted on forms as prescribed by the department. Applications for certification must be submitted to the Assistive Device Tax Credit Program, Division of Business Development, Iowa Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309.

66.4(2) Applicant businesses must provide the following information to IDED:
a. Proof of disability status of disabled person(s) employed or to be employed by the small business. Proof may take the form of written verification from the department of education, division of vocational rehabilitation, or the department for the blind, or a completed verification of disability/physician’s statement.

b. Business tax forms for the previous year or personal income tax forms if business tax forms are not available.

c. Written documentation verifying the existence, organizational structure, and good standing of the business. The IDED assistive device tax credit small business documentation list describes acceptable forms of proof.

261—66.5(78GA,ch1194) Review, decision and award process.

66.5(1) Review: Applications will first be reviewed for completeness. If additional information is required, the program staff shall send the applicant notice to submit the additional needed information. The applicant shall submit the requested information within a reasonable time period in order to ensure further actions on the request. The applications will then be reviewed for content. The following items will be reviewed and evaluated:

a. Eligibility of the small business.

b. Nature, scope, purpose and cost of the assistive device or workplace modification and the manner in which it enables the employer to hire or retain the employee or prospective employee, or accommodate the disability of the employee or prospective employee.

66.5(2) Decision. The small business liaison for the Iowa department of economic development will make the final decision on all awards under the assistive device tax credit program. Within a reasonable period after the decision has been made, the department will transmit to the applicant a letter that either provides the basic reasons for denial, or provides the certificate of entitlement.

261—66.6(78GA,ch1194) Certification. The certificate of entitlement shall be numbered and shall contain the taxpayer’s name, address, tax identification number, the amount of credit, and tax year for which the certificate is claimed.

261—66.7(78GA,ch1194) Monitoring and misuse of funds.

66.7(1) Monitoring. IDED reserves the right to monitor the recipient’s records to ensure compliance with all program requirements. IDED staff will contact the recipient to arrange such visits at a mutually agreeable time.

66.7(2) Misuse of funds. Any person receiving tax credits under the assistive device tax credit program is subject to criminal penalties under Iowa Code section 15A.3 if it is determined that the person knowingly made false statements to procure tax credits from the state or if it is determined that funds were used for purposes other than those stated in the application.

261—66.8(78GA,ch1194) Tax credit.

66.8(1) In a single tax year, a small business is eligible to receive a tax credit equal to 50 percent of the total cost to purchase, rent or modify an assistive device(s) or make workplace modifications. The tax credit shall not exceed $2,500.

66.8(2) The taxpayer must file the certificate of entitlement with the taxpayer’s income tax return in order to claim the tax credit.

66.8(3) The tax year for which the assistive device tax credit may be allowed shall be determined by the date of project completion.

These rules are intended to implement 2000 Iowa Acts, chapter 1194, section 11.

Part VII and Part VIII include standard definitions; standard program requirements; wage, benefit and investment requirements; application review and approval procedures; contracting; contract compliance and job counting; and annual reporting requirements.

68.1(2) Definitions. In addition to the standard definitions located in 261—Chapter 173, the following definitions apply to the HQJP:

"Annual base rent" means the business’s annual lease payment minus taxes, insurance and operating or maintenance expenses.

"Brownfield site" means the same as defined in Iowa Code section 15.291.

"Community" means a city, county, or other entity established pursuant to Iowa Code chapter 28E.

"Contractor or subcontractor" means a person who contracts with the eligible business or subcontracts with a contractor for the provision of property, materials, or services for the construction or equipping of a facility of the eligible business.

[ARC 7970B, IAB 7/15/09, effective 7/1/09; ARC 8145B, IAB 9/23/09, effective 10/28/09; ARC 0442C, IAB 11/14/12, effective 12/19/12; ARC 1801C, IAB 12/24/14, effective 1/28/15]

261—68.2(15) Eligibility requirements.

68.2(1) Community approval. If the qualifying investment is $10 million or more, the community in which the business’s project is or will be located shall approve by ordinance or resolution the project for purposes of receiving tax incentives and assistance under this program.

68.2(2) Relocations and reductions in operations.

a. The business shall not be solely relocating operations from one area of the state while seeking state or local incentives. A project that does not create new jobs or involve a substantial amount of new capital investment shall be presumed to be a relocation. In determining whether a business is solely relocating operations for purposes of this subrule, the authority will consider whether a letter of support for the move has been provided from the affected local community.

b. The business shall not be in the process of reducing operations in one community while simultaneously applying for assistance under the program. For purposes of this subrule, a reduction in operations within 12 months before or after an application for assistance is submitted to the authority will be presumed to be a reduction in operations while simultaneously applying for assistance under the program.
c. This subrule will not be construed to prohibit the business from expanding its operations in a community if existing operations of a similar nature in this state are not closed or substantially reduced.

68.2(3) No retail or service businesses. The business shall not be a retail or service business. For purposes of this subrule, a service business is a business providing services to a local consumer market which does not have a significant proportion of its sales coming from outside the state.

68.2(4) Created and retained jobs. The business shall create or retain jobs as part of a project.

a. The business shall pay the qualifying wage threshold for HQJP as established in 261—Chapter 174.

b. If the business is creating jobs, the business shall demonstrate that the jobs will pay at least 100 percent of the qualifying wage threshold at the start of the project completion period, at least 120 percent of the qualifying wage threshold by the project completion date, and at least 120 percent of the qualifying wage threshold until the maintenance period completion date.

c. If the business is retaining jobs, the business shall demonstrate that the jobs retained will pay at least 120 percent of the qualifying wage threshold throughout both the project completion period and the maintenance period.

d. Notwithstanding paragraphs “b” and “c” of this subrule, a business located at a brownfield site or a grayfield site or in an economically distressed area may be awarded incentives for jobs that will pay less than 120 percent of the qualifying wage threshold if the conditions described in rule 261—174.6(15) apply.

68.2(5) Determination of sufficient benefits. The business shall provide a sufficient package of benefits to each employee holding a created or retained job. The business shall offer a sufficient benefits package to its employees as defined in 261—Chapter 173.

68.2(6) Sufficient fiscal impact. The business shall demonstrate that the jobs created or retained will have a sufficient impact on state and local government revenues as determined by the authority after calculating the fiscal impact ratio of the project.

68.2(7) Violations of law. If the authority finds that a business has a record of violations of law over a period of time that tends to show a consistent pattern as described in 261—Chapter 172, the business shall not qualify for tax incentives and assistance under this program.

68.2(8) Competition. The authority shall consider the impact of the proposed project on other Iowa businesses in competition with the business that is seeking tax incentives and assistance. The authority shall make a good faith effort to identify existing Iowa businesses within an industry in competition with the business that is seeking tax incentives and assistance. The authority shall make a good faith effort to determine the probability that the proposed financial assistance will negatively impact other existing Iowa businesses including but not limited to displacing employees of the existing business.

68.2(9) Other benefits. A business may seek benefits and assistance for its project from other applicable federal, state, and local programs in addition to those provided in this program. However, a business which has received assistance for its project from the wage-benefit tax credit program or the enterprise zone program shall not be eligible for tax incentives and assistance under this program. A business which has received assistance for its project from the new jobs and income program or the new capital investment program shall not be eligible for tax incentives and assistance under this program for the same project. However, the business may receive tax incentives and assistance under this program for subsequent projects.

68.2(10) Ineligibility—no high quality jobs created or retained. If a project is creating or retaining jobs, but none are high quality jobs, then the project is not eligible to receive benefits and assistance under this program.

[ARC 7557B, IAB 2/11/09, effective 3/18/09; ARC 7970B, IAB 7/15/09, effective 7/1/09; ARC 8145B, IAB 9/23/09, effective 10/28/09; ARC 9442C, IAB 11/14/12, effective 12/19/12; ARC 1801C, IAB 12/24/14, effective 1/28/15]

261—68.3(15) Application process and review.

68.3(1) Application. The authority shall develop a standardized application and make it available to a business applying for tax incentives and assistance. The application procedures are as follows:
The project shall not be initiated prior to application. The authority will accept applications only for projects proposed to begin after application and board approval.

A signature from an official authorized to represent the affected local community is required on the application as an indication that the community is aware of and supports the project. For a project with a qualifying investment of $10 million or more, the application shall include an ordinance or resolution of the community’s governing body approving the project.

Each application will be reviewed by the authority. The authority may request additional information from the business that is applying for tax incentives and assistance or may use other resources to obtain the needed information.

If the business meets the eligibility requirements, the authority will prepare a report which includes a summary of the project and a recommendation on the amount of tax incentives and assistance to be offered to the business.

68.3(2) Wage waiver. Rescinded IAB 7/4/07, effective 6/15/07.

68.3(3) Benefit values. Rescinded IAB 7/4/07, effective 6/15/07.

68.3(4) Negotiations. The authority may negotiate with the business regarding the amount of tax incentives and assistance the business is to receive under the program. All forms of tax incentives and assistance available under the program are subject to negotiations. The authority shall consider all of the following factors in negotiating with the business:

a. Level of need. The following factors will determine the authority’s assessment of need:

   (1) Whether the business can raise only a portion of the debt and equity necessary to complete the project. The existence of a gap between the financing required and the financing on hand indicates that tax incentives or assistance may be needed to fill the gap.

   (2) Whether the likely returns of the project are inadequate to motivate a company decision maker to proceed with the project even if sufficient debt or equity can be raised to finance the project. The existence of such a condition indicates that the project’s risks may outweigh its rewards and that tax incentives or assistance may be needed to reduce the project’s risks.

   (3) Whether the business is deciding between a site in Iowa ("Iowa site") and a site in another state ("out-of-state site") for its project and the cost of completing the project at the out-of-state site is demonstrably lower. Such a condition indicates that tax incentives or assistance may be needed to equalize the cost differential between the two sites. The authority will attempt to quantify the cost differential between the sites.

   (4) Whether the project has already been initiated. Initiation of a project indicates that additional financing is not necessary to complete the project, and the authority will not provide incentives or assistance to a project that has been initiated prior to application.

b. Quality of the jobs. The authority shall place greater emphasis on projects involving created or retained jobs that:

   (1) Have a higher wage scale. Businesses that have wage scales substantially higher than those of existing Iowa businesses in that industry shall be considered as providing the highest quality of jobs.

   (2) Have a lower turnover rate.

   (3) Are full-time or career-type positions.

   c. Percentage of created jobs defined as high quality jobs. The authority will consider the number of high quality jobs to be created versus the total number of created jobs in determining what amount of tax incentives and assistance to offer the business.

   d. Economic impact. In measuring the economic impact to this state, the authority shall place greater emphasis on projects which demonstrate the following:

   (1) A business with a greater percentage of sales out of state or of import substitution.

   (2) A business with a higher proportion of in-state suppliers.

   (3) A project which would provide greater diversification of the state economy.

   (4) A business with fewer in-state competitors.

   (5) A potential for future job growth.
261—68.4(15) Tax incentives.

68.4(1) Sales and use tax refund. Pursuant to Iowa Code section 15.331A, the approved business may claim a refund of the sales and use taxes paid under Iowa Code chapter 423 for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered, furnished, or performed to or for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility of the approved business. Taxes attributable to intangible property and furniture and furnishings shall not be refunded.

a. Filing a claim. To receive the refund, the approved business shall file a claim with the department of revenue as follows:

   (1) The contractor or subcontractor shall state under oath, on forms provided by the department of revenue, the amount of sales or goods, wares, or merchandise, or services rendered, furnished, or performed, including water, sewer, gas, and electric utility services upon which sales or use tax has been paid prior to the project completion, and shall file the forms with the approved business before final settlement is made.

   (2) The approved business shall, not more than 12 months following project completion, make application to the department of revenue for any refund of the amount of the sales and use taxes paid pursuant to Iowa Code chapter 423 upon any goods, wares, or merchandise, or services rendered, furnished, or performed, including water, sewer, gas, and electric utility services.

   (3) The eligible business shall inform the department of revenue in writing within two weeks of project completion.

b. Racks, shelving, and conveyor equipment. If the project is the location, expansion, or modernization of a warehouse or distribution center, the approved business may be entitled to a refund of sales and use taxes attributable to racks, shelving, and conveyor equipment. The approved business shall, not more than 12 months following project completion, make written application to the department of revenue for a refund. The application must include the refund amount being requested and documentation such as invoices or contracts which substantiate the requested amount. The department of revenue will validate the refund amount and issue the refund.

The aggregate combined total amount of refunds and tax credits attributable to sales and use taxes on racks, shelving, and conveyor equipment issued by the department of revenue to businesses approved for high quality jobs program and enterprise zone program benefits shall not exceed $500,000 during a fiscal year. Tax refunds and tax credits will be issued on a first-come, first-served basis. If an approved business’s application does not receive a refund or tax credits due to the $500,000 fiscal year limitation, the approved business’s application shall be considered in the succeeding fiscal year. An approved business that receives a refund or a tax credit in one fiscal year shall not be considered in a succeeding fiscal year. No business shall receive more than $500,000 in refunds or credits pursuant to this paragraph.

68.4(2) Corporate tax credit for certain sales taxes paid by third-party developer. Pursuant to Iowa Code section 15.331C, the approved business may claim a corporate tax credit up to an amount equal to the sales and use taxes paid by a third-party developer under Iowa Code chapter 423 for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered, furnished, or performed to or for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility of the approved business. Taxes attributable to intangible property and furniture and furnishings shall not be refunded.

Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs earlier. An approved business may elect to receive a refund of all or a portion of an unused tax credit.

a. Filing a claim. To receive the tax credit, the approved business shall file a claim with the department of revenue as follows:

   (1) The third-party developer shall state under oath, on forms provided by the department of revenue, the amount of sales and use taxes paid and submit the forms to the approved business.

   (2) The approved business shall, not more than 12 months following project completion, submit the completed forms to the department of revenue.
(3) The department of revenue shall issue a tax credit certificate in an amount equal to all or a portion of the sales and use taxes paid by a third-party developer under Iowa Code chapter 423 for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered, furnished, or performed to or for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility of the approved business.

(4) The approved business shall not claim the tax credit provided in this subrule unless a tax credit certificate issued by the department of revenue is attached to the approved business’s tax return for the tax year in which the tax credit is claimed. A tax credit certificate shall contain the approved business’s name, address, tax identification number, the amount of the tax credit, and other information required by the department of revenue.

b. Racks, shelving, and conveyor equipment. If the project is the location, expansion, or modernization of a warehouse or distribution center, the approved business may claim a corporate tax credit up to the amount of sales and use taxes paid by a third-party developer and attributable to racks, shelving, and conveyor equipment. The approved business shall, not more than 12 months following project completion, make written application to the department of revenue for a tax credit. The application must include the tax credit amount being requested and documentation from the third-party developer such as invoices or contracts which substantiate the requested amount. The department of revenue will confirm the tax credit amount and issue a tax credit certificate in an amount equal to all or a portion of the sales and use taxes attributable to racks, shelving, and conveyor equipment. The approved business shall not claim the tax credit provided in this subrule unless a tax credit certificate is attached to the approved business’s tax return for the tax year in which the tax credit is claimed. A tax credit certificate shall contain the approved business’s name, address, tax identification number, the amount of the tax credit, and other information required by the department of revenue. Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs earlier. An approved business may elect to receive a refund of all or a portion of an unused tax credit.

The aggregate combined total amount of refunds and tax credits attributable to sales and use taxes on racks, shelving, and conveyor equipment approved by the authority for businesses under the high quality jobs program and enterprise zone program shall not exceed $500,000 during a fiscal year. Tax refunds and tax credits will be issued on a first-come, first-served basis. If an approved business’s application does not receive a refund or tax credits due to the $500,000 fiscal year limitation, the approved business’s application shall be considered in the succeeding fiscal year. An approved business that receives a refund or a tax credit in one fiscal year shall not be considered in a succeeding fiscal year. No business shall receive more than $500,000 in refunds or credits pursuant to this paragraph.

68.4(3) Value-added property tax exemption. Pursuant to Iowa Code section 15.332, the community may exempt from taxation all or a portion of the actual value added by improvements to real property directly related to jobs created or retained by the project and used in the operations of the approved business. The exemption may be allowed for a period not to exceed 20 years beginning the year the improvements are first assessed for taxation. For purposes of this subrule, improvements include new construction and rehabilitation of and additions to existing structures. The exemption shall apply to all taxing districts in which the real property is located. The community shall provide the authority and the local assessor with a copy of the resolution adopted by its governing body which indicates the estimated value and duration of the authorized exemption.

68.4(4) Investment tax credit.
   a. Claiming the investment tax credit. Pursuant to Iowa Code section 15.333, the approved business may claim an investment tax credit equal to a percentage of the new investment. The tax credit shall be earned when the qualifying asset is placed in service.

   (1) Five-year amortization period. The tax credit shall be amortized over a five-year period. The annual amounts that may be claimed by the business during that period are subject to negotiations. The final five-year amortization period and the negotiated annual amounts will be specified in a contract entered into with the authority. The tax credit shall be allowed against taxes imposed under Iowa Code
chapter 422, division II, III, or V and against the moneys and credits tax imposed in Iowa Code section 533.24.

(2) Flow-through of tax credits. If the business is a partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 or 501A and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of the partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 or 501A and filing as a partnership for federal tax purposes, or estate or trust.

(3) Seven-year carryforward. A tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first.

b. Investment qualifying for the tax credit. For purposes of this subrule, new investment means all of the following:

(1) The cost of machinery and equipment, as defined in Iowa Code section 427A.1, subsection 1, paragraphs ‘‘e’’ and ‘‘j.’’ purchased for use in the operation of the approved business.

(2) The purchase price of real property and any buildings and structures located on the real property.

(3) The cost of improvements made to real property which is used in the operation of the approved business.

(4) The annual base rent paid to a third-party developer by an approved business for a period equal to the term of the lease agreement but not to exceed the maximum term specified in a contract entered into with the authority, provided the cumulative cost of the base rent payments for that period does not exceed the cost of the land and the third-party developer’s costs to build or renovate the building for the approved business. Annual base rent shall be considered only when the project includes the construction of a new building or the major renovation of an existing building. The approved business shall enter into a lease agreement with the third-party developer for a minimum of five years.

The approved business shall not claim a tax credit above the amount defined in the final award documentation or the amount specified in a contract entered into with the authority.

68.4(5) Insurance premium tax credit. Pursuant to Iowa Code section 15.333A, the approved business may claim an insurance premium tax credit equal to a percentage of the new investment.

a. Claiming the tax credit. The tax credit shall be earned when the qualifying asset is placed in service. The tax credit shall be amortized equally over a five-year period which the authority will, in consultation with the eligible business, define. The five-year amortization period shall be specified in a contract entered into with the authority. The tax credit shall be allowed against taxes imposed under Iowa Code chapter 432. A tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first.

b. Investment qualifying for the tax credit. For purposes of this subrule, new investment means all of the following:

(1) The cost of machinery and equipment, as defined in Iowa Code section 427A.1, subsection 1, paragraphs ‘‘e’’ and ‘‘j.’’ purchased for use in the operation of the approved business.

(2) The purchase price of real property and any buildings and structures located on the real property.

(3) The cost of improvements made to real property which is used in the operation of the approved business.

(4) The annual base rent paid to a third-party developer by an approved business for a period equal to the term of the lease agreement but not to exceed the maximum term specified in a contract entered into with the authority, provided the cumulative cost of the base rent payments for that period does not exceed the cost of the land and the third-party developer’s costs to build or renovate the building for the approved business. Annual base rent shall be considered only when the project includes the construction of a new building or the major renovation of an existing building. The approved business shall enter into a lease agreement with the third-party developer for a minimum of five years.

The approved business shall not claim a tax credit above the amount defined in the final award documentation or the amount specified in a contract entered into with the authority.
68.4(6) Research activities credit. Pursuant to Iowa Code section 15.335, the approved business may claim a corporate tax credit for increasing research activities in Iowa during the period the approved business is participating in the program.

a. Calculation. The credit equals the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under Section 41(c)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

b. Alternate calculation. In lieu of the credit amount computed in subparagraph 68.4(6)”a”(1), the approved business may elect to compute the credit amount for qualified research expenses incurred in Iowa in a manner consistent with the alternative incremental credit described in Section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer’s federal income tax. The election made under subrule 68.4(6) is for the tax year and the taxpayer may use either the method outlined in paragraph “a” or in this paragraph for any subsequent year.

For purposes of this alternate credit computation method, the credit percentages applicable to the qualified research expenses described in clauses (i), (ii), and (iii) of Section 41(c)(4)(A) of the Internal Revenue Code are 1.65 percent, 2.20 percent, and 2.75 percent, respectively.

c. Additional research activities credit. The credit allowed in this subrule is in addition to the credit authorized in Iowa Code sections 422.10 and 422.33(5). However, if the alternative credit computation method is used in Iowa Code section 422.10 or 422.33(5), the credit allowed in this subrule shall also be computed using that method.

d. Flow-through of tax credits. If the eligible business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, S corporation, limited liability company, or estate or trust.

e. Definitions. For purposes of this subrule, “base amount,” “basic research payment,” and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under Section 41 of the Internal Revenue Code except that, for the alternative incremental credit, such amounts are for research conducted within Iowa. For purposes of this subrule, “Internal Revenue Code” means the same as defined in Iowa Code section 15.335.

f. Refunds. Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under Iowa Code section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following year.

g. Renewable energy generation components. For purposes of this subrule, “research activities” includes the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa. A renewable energy generation component will no longer be considered innovative when more than 200 megawatts of installed effective nameplate capacity has been achieved. Research activities credits awarded under this program and the enterprise zone program for innovative renewable energy generation components shall not exceed the amount specified in Iowa Code section 15.335.

68.4(7) Maximum tax incentives available. Tax incentives awarded under this program are based upon the number of jobs created or retained that pay the qualifying wage threshold for HQJP as established in 261—Chapter 174 and as defined in 261—Chapter 173 and the amount of qualifying investment. The maximum possible award is based on the following schedule:

For purposes of this paragraph, “economic activity” means a modernization project which will result in increased skills and wages for the current employees or a project involving retained jobs.

261—68.5(15) Project completion assistance.

68.5(1) Statutory authority. In 2012 Iowa Acts, House File 2473, the HQJP was amended to allow for the provision of project completion assistance in addition to the tax incentives already available under the program. Project completion assistance is defined in subrule 68.1(2) and includes loans, forgivable loans, and other forms of direct financial assistance.

68.5(2) Awards and negotiations. The authority may award project completion assistance to a business that meets the eligibility requirements of the HQJP. All award determinations are subject to the requirements of Iowa Code section 15.335B(3). The board, with the assistance of authority staff, will attempt to determine the amount of project completion assistance that will ensure successful completion of a project, and the board will make a good-faith effort to provide only the amount of incentives and assistance necessary to facilitate the project’s successful completion. The amount, type, and terms of the assistance provided typically vary according to the needs of each project, and each award is subject to negotiation. The board and the authority will attempt to treat similarly situated applicants similarly; however, the amount, type, and terms of project completion assistance most appropriate for a given project are necessarily dependent on many factors, and awards of project completion assistance shall be entirely at the discretion of the board.

68.5(3) Factors affecting the amount, type, and terms of project completion assistance. When determining an award of project completion assistance, the board, with the assistance of authority staff, typically considers many factors, including the following:
   a. The fiscal impact ratio of the project.
   b. Whether the amount of assistance to be awarded is appropriate to the number of jobs that will be created.
   c. The availability of funding.
   d. Whether other forms of assistance, including tax incentives, are available.
   e. The project’s level of need, including whether the local community and the private sector are also contributing to the success of the project.
   f. The total amount of funds from other sources that can be leveraged.
   g. The quality of the project.

These rules are intended to implement Iowa Code chapter 15, part 13.

CHAPTER 69
LOAN AND CREDIT GUARANTEE PROGRAM

261—69.1(15E,81GA,HF868) Purpose. The purpose of the loan and credit guarantee program is to create incentives and assistance to increase the flow of private capital to targeted industry businesses, microenterprises, and other qualified businesses, to promote industrial modernization and technology adoption, to encourage the retention and creation of jobs, and to encourage the export of goods and services sold by Iowa businesses in national and international markets. The department may invest up to 10 percent of the assets of the loan and credit guarantee fund or $500,000, whichever is higher, to provide assistance to microenterprises.

261—69.2(15E,81GA,HF868) Definitions.
“Board” or “ITED board” means the Iowa economic development board established in Iowa Code section 15.103 as amended by 2005 Iowa Acts, House File 868, section 4, and composed of 15 voting members and 7 ex officio nonvoting members.
“Committee” means the loan and credit guarantee committee described in 261—subrule 1.3(4) and created by the board to review applications requesting assistance from the loan and credit guarantee program and make funding recommendations to the board.
“Department” or “ITED” means the Iowa department of economic development.
“Financial institution” means a state bank as defined in Iowa Code section 524.103, subsection 33, a state bank chartered under the laws of any other state, a national banking association, a trust company, a federally chartered savings and loan association, an out-of-state state-chartered savings bank, a financial institution chartered by the federal home loan bank board, a non-Iowa chartered savings and loan association, an association incorporated or authorized to do business under Iowa Code chapter 534, or a production credit association or such other financial institution as defined by the department for purposes of this chapter.
“Microenterprise” means a business providing services with five or fewer full-time equivalent employee positions, and located in a municipality with a population under 50,000 that is not contiguous to a municipality with a population of 50,000 or more.
“Program” means the loan and credit guarantee program established in the Act.
“Qualified business” means an existing or proposed business entity with an annual average number of employees not exceeding 200 employees. “Qualified business” does not include businesses engaged primarily in retail sales, real estate, or the provision of health care or other professional services. “Qualified business” includes professional services businesses that provide services to targeted industry businesses or other entities. To be considered a qualified business, a professional services business must derive a majority of its revenue from targeted industry businesses.
“Targeted industry business” means an existing or proposed business entity, including an emerging small business or qualified business which is operated for profit and which has a primary business purpose of doing business in at least one of the targeted industries designated by the department, which include life sciences, software and information technology, advanced manufacturing, value-added agriculture, and any other industry designated as a targeted industry by the board.

261—69.3(15E,81GA,HF868) Application and review process. The department, with the advice of the loan and credit guarantee committee, shall develop and make available a standardized application pertaining to the issuance of loan and credit guarantees. Subject to the availability of funds, the loan and credit guarantee committee will review applications and make recommendations to the board pertaining to the approval of loan and credit guarantee awards.
69.3(1) Each participating financial institution shall identify and underwrite potential lending opportunities with qualified businesses, microenterprises, and targeted industry businesses. Upon determination by the financial institution that the business meets the financial institution’s underwriting
criteria, subject to the approval of a loan and credit guarantee, the financial institution shall submit a loan and credit guarantee application and the underwriting information to the department.

69.3(2) It shall be the responsibility of the financial institution and the qualified business, microenterprise, or targeted industry business to submit a complete application. The department shall determine when an application is complete. Once the department has determined that an application is complete, the committee and the board shall consider the application as expeditiously as possible.

69.3(3) The department may develop an application procedure to allow a qualified business, microenterprise, or targeted industry business to apply directly to the department for a preliminary guarantee determination. A preliminary guarantee determination may be issued by the department, following board approval, subject to the qualified business’s, microenterprise’s, or targeted industry business’s securing a commitment for financing from a financial institution.

261—69.4(15E,81GA,HF868) Application approval or rejection. Upon approval of an application, the department shall issue a loan and credit guarantee agreement with a financial institution outlining the terms and conditions upon which the loan will be guaranteed.

69.4(1) No guarantee shall become effective until the required fees have been paid. Such payment, along with an executed loan authorization, shall indicate the financial institution’s acceptance of the terms of the loan authorization.

69.4(2) In the event the board rejects an application, the financial institution and the borrower will be sent notice, including reasons for the rejection.

261—69.5(15E,81GA,HF868) Terms and conditions. A loan and credit guarantee provided to a financial institution for a qualified business, microenterprise, or targeted industry business shall not exceed $1 million. Loan and credit guarantees provided under the program to more than one financial institution for a single qualified business, microenterprise, or targeted industry business shall not exceed $10 million. A single qualified business, microenterprise, or targeted industry business may have multiple guarantees with multiple financial institutions. The aggregate amount of loan or credit guarantees provided to financial institutions for any single qualified business, microenterprise, or targeted industry business shall not exceed $10 million.

69.5(1) A loan and credit guarantee provided under the program shall be for eligible project costs. Eligible project costs include expenditures for production equipment and machinery, land and real estate, working capital for operations and export transactions, research and development, marketing, engineering and architectural fees, and such other costs as the department may designate.

69.5(2) The loan and credit guarantee provided under the program shall be negotiated on a case-by-case basis and in no case shall exceed more than 50 percent of the amount to be loaned to the qualified business, microenterprise, or targeted industry business by the financial institution for the project as described in the loan and credit guarantee application.

69.5(3) Interest rate and term of the loan to be secured shall be agreed upon between the financial institution and the borrower, provided that no guarantee exceeds 15 years.

69.5(4) Repayment of a guaranteed loan shall be secured by such collateral as the department deems prudent.

69.5(5) The covenants and requirements of the loan shall be established by the financial institution and department in accordance with prudent lending practices.

261—69.6(15E,81GA,HF868) Administrative costs and program fees. The department shall establish fees for participation in the loan and credit guarantee program.

69.6(1) The department shall charge a nonrefundable application fee for a loan and credit guarantee. The department shall set the application fee annually and include the fee information in the application materials for the loan and credit guarantee program. This fee will be payable upon submission of an application for a loan and credit guarantee from a financial institution or a qualified business, microenterprise, or targeted industry business and shall not exceed $1,000.
69.6(2) Upon the approval of a loan and credit guarantee application, the department shall charge a fee for authorization of the loan or credit guarantee. The fee shall be 2.5 percent of the amount of funds to be guaranteed under the program. No loan and credit guarantee agreement will be executed until the fee is received by the department.

69.6(3) For a line of credit, the authorization fee shall be one-half percent per year renewable annually for a period not to exceed five years. The guarantee will automatically expire if the fee is not submitted upon renewal of the line of credit.

261—69.7(15E,81GA,HF868) Administration of guarantees. A preliminary commitment issued by the department shall be effective for 90 days from the date of issuance. If the contingencies outlined in the preliminary commitment are not met within 90 days, the preliminary commitment will be void.

69.7(1) A loan and credit guarantee agreement shall be executed between a financial institution, the borrower and the department. These rules and applicable state laws and regulations shall be part of the agreement. The loan and credit guarantee agreement shall include, but is not limited to, the following:

a. Provisions setting forth the responsibilities of the financial institution to prudently underwrite and service insured loans in such a manner as would be the normal and customary practice of a prudent lender making or servicing a loan.

b. A requirement that the financial institution notify the department in writing within 5 business days after a borrower’s payment is 30 days late and within 15 business days of any other default or event or condition which indicates the loan may be difficult to collect in full. Upon default of the loan, the financial institution, in consultation with the department, shall take such action as may be prudent, including foreclosing on and liquidating collateral.

c. The department may, at its discretion, cancel or reduce a loan or credit guarantee if the financial institution demonstrates instances of fraud or gross malfeasance under the loan and credit guarantee agreement.

d. Awards may be conditioned upon commitment of other sources of funds necessary to complete the project or upon other matters as determined appropriate by the department.

69.7(2) The financial institution and borrower must execute and return the loan and credit guarantee agreement to the department within the time period specified by the department in the agreement. Failure to do so may be cause for the department to terminate the loan and credit guarantee.

69.7(3) Any substantive change to a loan and credit guarantee agreement, such as time extensions, budget revisions and significant alteration of the funded project that change the scope, location, objectives or scale of the approved project or changes in terms of credit, shall be considered a request for an amendment. Amendments must be requested in writing by the financial institution. Amendments are not considered valid until approved by the committee and the department and confirmed in writing by IDED following the procedure specified in the contract between the recipient and IDED.

69.7(4) Financial institutions shall comply with these rules, with any provisions of the Iowa Code governing activities performed under this program and with applicable local regulations.

261—69.8(15E,83GA,SF344) Applicability of LCG program after July 1, 2009.

69.8(1) Effective July 1, 2009, the LCG program is rescinded by 2009 Iowa Acts, Senate File 344, section 9.

69.8(2) For awards made prior to July 1, 2009, the rules of 261—Chapter 69 shall govern for purposes of loan guarantee contract administration and closeout of contracts. A contract amendment is not allowable if the result of the amendment is to increase the benefits available.

This rule is intended to implement 2009 Iowa Acts, Senate File 344.

261—71.2(403) Eligibility requirements. An eligible city may apply to the authority to be designated as a pilot project city. An eligible city is a city that contains three or more census tracts and is located in a county meeting one of the following requirements:

1. A county that borders Nebraska.
2. A county that borders South Dakota.
3. A county that borders a state other than Nebraska or South Dakota.

[ARC 7561B, IAB 2/11/09, effective 3/18/09 (See Delay note at end of chapter); ARC 1373C, IAB 3/19/14, effective 2/24/14]

261—71.3(403) Pilot project city application process and review.

71.3(1) Application. The authority shall develop a standardized application and make the application available to eligible cities. The application procedures are as follows:

a. An eligible city seeking approval as a pilot project city will submit an application to the authority. The authority shall determine if the application is complete.

b. The authority will review the application and consider the following criteria:

(1) Need for pilot project status. The city shall demonstrate why status as a pilot project city is necessary, including how the city will utilize the program to attract and retain employers.

(2) Planned and current projects. The city shall provide information on planned and current economic development projects that are taking place or will take place in a pilot project city. The city shall demonstrate its ability to enter into a withholding agreement with an eligible business within one year of the city’s approval as a pilot project city.

(3) Use of withholding funds. If approved as a pilot project city, the city shall indicate how the city plans to utilize withholding funds generated from the program. The city shall provide an estimate of the number of withholding agreements the city anticipates executing, the amount of withholding funds the city expects to generate as a result of the program, and the investment to be leveraged by use of the program.

(4) Matching funds. The city shall identify its ability to provide matching funds for projects involving withholding credits, including the potential sources of matching funds.

c. A resolution of support from the city applying for approval as a pilot project city is required as part of the application. This resolution shall include approval of the submission of the application to the authority for status as a pilot project city.

d. The authority may request additional information from a city that is applying for pilot project city status or may use other resources to obtain the needed information.

e. Applications filed on or after October 1, 2006, shall not be considered.

71.3(2) Approval of applications. The authority shall approve four eligible pilot project cities: one pursuant to 71.2“1,” one pursuant to 71.2“2,” and two pursuant to 71.2“3.” If more than two cities meeting the requirements of 71.2“3” apply to be designated as a pilot project city, the department of management, in consultation with the authority, shall determine which two cities hold the most potential to create new jobs or generate the greatest capital in their areas. Authority staff will prepare a recommendation for each of the cities to be approved as pilot project cities. The board will make the final decision to approve, defer or deny applications. Once applications are approved by the board, all communities applying for pilot project city status will be notified of the status of their applications.
71.3(3) Status as a pilot project city. If a pilot project city does not enter into a withholding agreement within one year of its approval as a pilot project city, the city shall lose its status as a pilot project city. Upon such occurrence, the authority shall take applications from other eligible cities to replace that city. Another city shall be designated within six months. [ARC 7561B, IAB 2/11/09, effective 3/18/09 (See Delay note at end of chapter); ARC 1373C, IAB 3/19/14, effective 2/24/14]

261—71.4(403) Withholding agreements.

71.4(1) Designated account. An approved pilot project city may provide by city resolution for the deposit of funds generated through withholding agreements into a designated withholding project fund under the targeted jobs withholding tax credit program.

71.4(2) Entering into a withholding agreement.

a. Agreement between a pilot project city, the authority, and a business. The authority and a pilot project city may enter into a withholding agreement with a business locating to the community from another state that is creating or retaining targeted jobs in a pilot project city. The authority and a pilot project city may enter into a withholding agreement with a business currently located in Iowa only if the business is creating or retaining at least ten jobs or making a qualifying investment of at least $500,000 within the pilot project city.

b. Total amount of withholding tax credits. The withholding agreement shall provide for the total amount of withholding tax credits awarded, as negotiated by the economic development authority, the pilot project city, and the employer. An agreement shall not provide for an amount of withholding tax credits that exceeds the amount of qualifying investment made in the project.

c. Ineligibility if there is competition between pilot project city and non-pilot project city. A withholding agreement shall not be entered into with an employer not already located in a pilot project city when another Iowa community is competing for the same project and both the pilot project city and the other Iowa community are seeking assistance from the authority.

d. Option of a business to enter into withholding agreement. A business shall not be obligated to enter into a withholding agreement with a pilot project city and the authority.

e. Board approval of withholding agreements. Prior to entering into a withholding agreement with a business, a pilot project city shall request board approval of the withholding agreement. The process for requesting approval from the board is described in subrule 71.5(1).

71.4(3) Required components of a withholding agreement. A withholding agreement shall be disclosed to the public and shall contain all of the following:

a. A copy of the adopted local development agreement between the pilot project city and employer that outlines local incentives or assistance for the project using urban renewal or urban revitalization incentives, if applicable, and how withholding funds generated by the city will be used.

b. A list of all other incentives or financial assistance the business has requested or is receiving from other federal, state, or local economic development programs including loans, grants, forgivable loans, and tax credits.

c. The amount of assistance provided by the pilot project city for the project.

d. Documentation of the approval of the project by local participating authorities.

e. The total amount of withholding tax credits awarded.

f. The total number of created and retained jobs included in the project.

g. The required countywide average wage.

h. The total qualifying investment included in the project.

i. The total required matching local financial support for the project.

71.4(4) Length of withholding agreements. A withholding agreement may have a term of up to ten years, as negotiated by the authority, the pilot project city, and the employer. A withholding agreement specifying a term of years or a total amount of withholding credits shall either terminate upon the expiration of the term of years specified in the agreement or upon the award of the total amount of withholding credits specified in the agreement, whichever occurs first.

71.4(5) Withholding generated through the program.
a. Once a pilot project city, the authority, and an employer have entered into a withholding agreement, an amount equal to 3 percent of the gross wages paid by the business to each employee under a withholding agreement shall be credited from the payment made by the employer pursuant to Iowa Code section 422.16. If the amount of withholding by the employer is less than 3 percent of the gross wages paid to the employees covered by the withholding agreement, the employer shall receive a credit against other withholding taxes due by the employer or may carry the credit forward for up to ten years or until depleted, whichever occurs first.

b. The employer shall submit the amount of the credit quarterly, in the same manner as withholding payments are made to the department of revenue, to the pilot project city.

c. An employee whose wages are subject to a withholding agreement shall receive full credit for the amount withheld under the targeted jobs withholding tax credit program as provided in Iowa Code section 422.16.

71.4(6) Use of withholding funds. A pilot project city shall allocate the withholding funds into a designated withholding project fund for the project. All funds deposited shall be used or pledged by the pilot project city for a project related to the withholding agreement.

71.4(7) Local match requirement. The intent of the program is to require a pilot project city to contribute to projects that result in an increase in the city’s tax collections. If a pilot project city realizes an increase in tax revenues due to the project, then the pilot project city is required to contribute at least 10 percent of the required local match. For example, if a project includes the purchase and remodeling of a building that results in increased tax collections to the pilot project city by an amount equal to 10 percent of the total amount of the withholding tax credit award, then the pilot project city is required to contribute at least 10 percent of the required local match for the project. In cases in which a project would include the purchase of a building but there is no increase in tax collections to the pilot project city, the pilot project city is not required to contribute to the required local match.

a. A pilot project city entering into a withholding agreement shall arrange for matching local financial support for the project. The local match required shall be in an amount equal to one dollar for every one dollar of withholding tax credit received by the pilot project city.

b. If the project, when completed, will increase the amount of an employer’s taxable capital investment by an amount equal to at least 10 percent of the amount of withholding tax credit dollars received by the pilot project city, then the pilot project city shall itself contribute at least 10 percent of the local match amount computed under paragraph “a.”

c. If the project, when completed, will not increase the amount of the employer’s taxable capital investment by an amount equal to at least 10 percent of the amount of withholding tax credit dollars received by the pilot project city, then the pilot project city shall not be required to make a contribution to the local match.

d. A pilot project city’s contribution, if any, to the local match may include the dollar value of any new tax abatement provided by the city to the business for new construction. For purposes of this paragraph, new construction includes building additions, remodeling, renovations, and updates.

71.4(8) Termination of a withholding agreement. Following the termination of a withholding agreement, the employer credits shall cease and any funds received by the pilot project city after the agreement has been terminated shall be remitted to the state treasurer to be deposited in the general fund of the state. The pilot project city shall notify the department of revenue within 30 days of the termination of the withholding agreement. If the authority, following an 18-month performance period beginning on the date the withholding agreement is approved by the board, determines that the employer does not meet the requirements of the withholding agreement relating to retaining jobs, if applicable, the agreement shall be terminated by the authority and the pilot project city and any withholding credits for the employer shall cease. If the authority, following a three-year performance period beginning on the date the withholding agreement is approved by the board, determines that the employer has not met or is incapable of meeting the requirements of the withholding agreement relating to creating jobs, if applicable, or the requirement of the withholding agreement relating to the qualifying investment prior to the end of the withholding agreement, the authority may reduce the future benefits to the employer under the agreement or negotiate with the other parties to terminate the agreement early.
71.4(9) Participation in other programs. An employer may participate in the Iowa industrial new jobs training program under Iowa Code section 260E.5 or may claim a supplemental withholding credit under Iowa Code section 15E.197, at the same time the employer is participating in the targeted jobs withholding tax credit program. The withholding credit under section 260E.5 and the supplemental withholding credit under section 15E.197 shall be collected and disbursed prior to the collection and disbursement of the withholding credit under the targeted jobs withholding tax credit program.

Each withholding agreement and the total amount of the withholding credits allowed under the withholding agreement shall be approved by the board after taking into account the incentives or assistance received by or to be received by the employer under other economic development programs. The board shall only deny a withholding agreement if the agreement fails to meet the requirements as stated in subrule 71.4(2) and paragraph 71.6(1)“b” or the local match requirement as stated in subrule 71.4(7) or if an employer is not in good standing as to prior or existing agreements with the authority. **Objection**

At its meeting held February 3, 1992, the Administrative Rules Review Committee voted to object to the amendments to rule 261 IAC 61.3“l”* on the grounds those amendments are unreasonable. This rule originally appeared as part of ARC 2215A, published in IAB Vol. XIV No. 3 (08-07-91). The previous rule provided export trade assistance to Iowa residents or entities with corporate offices in Iowa. The amendment will provide the assistance to out-of-state entities, as long as they employ fewer than 500 people and 75 percent of those people are employed in Iowa. This rule has now been repromulgated as ARC 2763A, but the language of concern to the Committee remains unchanged, and for that reason the objection remains in place.

The Committee believes this amendment is unreasonable because it believes there are ample numbers of Iowa-based corporations that desire to participate in this program and that it is unnecessary to use Iowa-generated revenue to benefit out-of-state corporations.

261—74.4(83GA, SF344) Entrepreneurial component.

74.4(1) Purpose. The purpose of this component is to encourage the development of early-stage businesses in conjunction with the delivery of a financial assistance program.

74.4(2) Definitions. In addition to the standard definitions in 261—Chapter 173, the following definitions shall apply to this component:

e. The individual or business must have a business plan which details the business’s growth strategy, management team, production/management plan, marketing plan, financial plan, and other standard elements of a business plan.

74.4(4) Local match not required. A business applying for financial assistance under the entrepreneurial component is eligible for financial assistance regardless of whether the business has received matching funds from a city or county.

74.4(5) Funding priorities. In awarding financial assistance under the entrepreneurial component of the program, the department and the board shall give priority to businesses in those sectors of the Iowa economy with the greatest potential for growth and expansion. Sectors having such potential include but
are not limited to biotechnology, recyclable materials, software development, computer-related products, advanced materials, and advanced manufacturing.

74.4(6) Financial assistance. An applicant may apply to the department for financial assistance to assist with the applicant's early-stage business growth. The applicant may request up to $250,000 for early-stage growth activities to be used for business expenses and to leverage conventional financing from commercial lenders or private investors. Assistance will generally be made in staged investments with amounts to be determined by company development, growth, and defined milestones. The assistance under this program is limited to 50 percent or less of the total original capitalization, if a new business, or total project costs, if an existing business. Funds may be used to purchase machinery, equipment, or software or for working capital needs or other business expenses deemed reasonable and appropriate by the department. The applicant shall submit the requested information within a reasonable time period in order to ensure further action on the request.

c. The following items will be reviewed:

Eligibility may be established by an industry other than those listed if that industry can provide rationale regarding the industry’s benefit to Iowa’s economic base. Rationale that is provided will be reviewed by the department staff to determine eligibility as a targeted industry. Factors that will be considered in determining an industry’s benefit to Iowa’s economic base include:

          • The majority of the products produced by the industry are exported out of Iowa;
          • The inputs for the products produced in the industry are raw materials available in Iowa or are provided by Iowa suppliers;
          • The goods produced by the industry diversify Iowa’s economy;
The goods produced by the industry resulted in, or will result in, a decrease in the importation of foreign-made goods into the United States;

- The industry shows potential for future growth; and

- The functions of the industry do not produce harmful effects for Iowa’s natural environment.

Businesses engaged in retail sales, personal services, consulting, franchises, the provision of health care or other professional services, or the distribution of products or services will not be considered targeted industries and are not eligible for the program.

2. Management team and management expertise. Factors considered for this criterion are whether the applicant(s) has a background (including education, training, work experience, and other factors) that will be helpful and useful in the business in question. The department will also consider the degree to which the applicant’s background is fully documented.

3. Business capitalization. Factors considered for this criterion are the original sources of financing for the business. Although all projects must have at least 50 percent of their financing from sources other than the entrepreneurial component, the department will give preference to those applications in which the other sources of financing are higher than 50 percent.

4. Strength of business plan. The strength of the business plan is the most important factor in the evaluation of applications. Factors considered for this criterion are the quality of the business plan and how well it addresses all elements of the business, such as:

- A description of the company and the overall industry;
- The product and production plan;
- The market, competition, and the marketing strategy;
- The management team and business operation;
- A well-defined project time line;
- Patent issues (if applicable); critical risks and problems; and
- Financial information and plan.

value to agricultural products. Projects considered eligible under this component include but are not limited to innovative agricultural products and processes, innovative and new renewable fuels, agricultural biotechnology, biomass and alternative energy production, and organic products and emerging markets. Financial assistance is available for project development as well as project creation.

a. **Innovative agricultural products and processes.** An application based on this component shall be considered if either of the following applies:

   1. The business will produce a product derived from an agricultural commodity, if the product is not commonly produced in Iowa from an agricultural commodity; or

   1. All fermentation, distillation, and dehydration of the ethanol occurs at the proposed facility.
   2. The ethanol produced at the proposed facility is at least 190 proof and is denatured. However, if the facility markets the ethanol for further refining, the facility must demonstrate that the refiner produces at least 190 proof ethanol from the ethanol purchased from the facility.

c. **Agricultural biotechnology, biomass and alternative energy.** Agricultural business facilities in the agricultural biotechnology industry, agricultural biomass industry, and alternative energy industry are eligible for program assistance.

d. **Organic products and emerging markets.** Facilities that add value to Iowa agricultural commodities through further processing and development of organic products and emerging markets are eligible for program assistance.

e. **Project development assistance.** The department, at its discretion, may also provide funding for project development related to targeted industries or proposed projects under this program. Feasibility studies and basic research are not eligible for assistance under this program.

f. **Project creation assistance.** This option is for projects that eventually could be eligible for funding within other value-added agriculture component funding areas.

   1. Any person is eligible to apply, except educational or research institutions. However, an educational or research institution may be a partner to an eligible applicant.
   2. The evaluation process will focus on the application of new technology and knowledge to agricultural products and processing and will be based upon the degree to which:

      1. The resulting business has potential to increase utilization of agricultural commodities in this state; and
      2. The resulting business has potential to increase value-added economic activities within this state.

### 74.6(4) Ineligible projects.

a. The department shall not provide financial assistance to support a value-added production facility if the facility or a person owning a controlling interest in the facility has, in the previous five years, demonstrated a continuous and flagrant disregard for the health and safety of its employees or the quality of the environment.

b. The department shall not approve an application for assistance under this component to refinance an existing loan.

c. that the funding is to be used for a significant expansion of the project, a new project, or a project which results from previous project development assistance.

e. The board and the department shall not award financial assistance under the value-added agriculture component in an amount exceeding 50 percent of the total capital investment in a project.

74.6(5) Review process.

a. Applications will be reviewed by staff for completeness and eligibility. If the applicant had previously consulted with the coordinator in completion of the application, the department may refer the application to the coordinator for further feasibility studies if deemed necessary. Applications will be reviewed as described in 261—Chapter 175.

b. The department may consult with other state agencies regarding any possible future environmental, health, or safety issues linked to technology related to the biotechnology industry.

c. The department reserves the right to informally consult with external resources to assist in the evaluation of projects or to contract with outside consultants, in an amount not to exceed $20,000 per project, for the same purpose.

261—76.2(15) Purpose. The purpose of the aggregate tax credit limit for certain economic development programs is to limit the amount of tax credits awarded during a fiscal year.

[ARC 7954B, IAB 7/15/09, effective 7/1/09; ARC 8146B, IAB 9/23/09, effective 10/28/09; ARC 1573C, IAB 8/20/14, effective 9/24/14]

261—76.3(15) Definitions.

“Authority” means the economic development authority.

“Board” means the members of the board in whom the powers of the authority are vested pursuant to Iowa Code chapter 15.

[ARC 7954B, IAB 7/15/09, effective 7/1/09; ARC 8146B, IAB 9/23/09, effective 10/28/09; ARC 1573C, IAB 8/20/14, effective 9/24/14]

261—76.4(15) Tax credit cap—exceeding the cap—reallocation of declinations.

76.4(1) Maximum aggregate limit on tax credits. Except as provided in subrule 76.4(2), the authority shall not authorize for any one fiscal year an amount of tax credits that is in excess of $170 million.

76.4(2) Exceeding the cap. The authority may authorize an amount of tax credits during a fiscal year that is in excess of the amount specified in subrule 76.4(1), but the amount of such excess will not exceed 20 percent of the amount specified in subrule 76.4(1) and will be counted against the total amount of tax credits that may be authorized for the next fiscal year.

76.4(3) Reallocation of declinations. Any amount of tax credits authorized and awarded during a fiscal year for a program specified in rule 261—76.5(15) which is irrevocably declined by the awarded business on or before June 30 of the next fiscal year may be reallocated, authorized, and awarded during the fiscal year in which the declination occurs. Tax credits authorized pursuant to this subrule will not be considered for purposes of subrule 76.4(2).

[ARC 7954B, IAB 7/15/09, effective 7/1/09; ARC 8146B, IAB 9/23/09, effective 10/28/09; ARC 1573C, IAB 8/20/14, effective 9/24/14]

261—76.5(15) Programs subject to the cap.

76.5(1) Tax credits authorized under the following economic development programs are subject to the tax credit cap:

a. The high quality jobs program.

b. The enterprise zone program.

c. The assistive device tax credit program.

d. The tax credits for investments in qualifying businesses and community-based seed capital funds.

e. The tax credits for investments in certified innovation funds.

f. The redevelopment tax credit program for brownfields and grayfields.

76.5(2) Pursuant to rule 261—76.6(15), the authority will allocate a certain amount of tax credits to the programs listed in this rule.

[ARC 7954B, IAB 7/15/09, effective 7/1/09; ARC 8146B, IAB 9/23/09, effective 10/28/09; ARC 1573C, IAB 8/20/14, effective 9/24/14]

261—76.6(15) Allocating the tax credit cap.

76.6(1) Procedure for allocations. At a scheduled meeting of the board prior to the start of a fiscal year, the board will allocate a portion of the tax credits available under the cap to the programs listed in
rule 261—76.5(15). The board is not required to allocate a portion of the cap to every program listed. The board may allocate a portion of the cap to be shared by programs with a common purpose. For example, the business awards made under the enterprise zone program and high quality jobs program may be allocated one amount to jointly serve both programs. Throughout the fiscal year, the board may review the allocation as necessary, but shall review the allocation at least one time during the fiscal year. Based on its review, the board may make adjustments to the allocation as deemed necessary.

76.6(2) Required suballocations. Iowa Code section 15.119 requires the authority to make certain suballocations to the programs subject to the cap. In some cases, there is a minimum required suballocation and in others a maximum suballocation. The authority will make the required suballocations and count them against the maximum aggregate cap before making any discretionary allocations.

76.6(3) Allocation to programs subject to the cap. For the fiscal year beginning July 1, 2013, and for all subsequent fiscal years in which the required suballocations are not changed, the authority will allocate the maximum aggregate tax credit cap as follows:

a. $2 million to the credits for investments in qualifying businesses and community-based seed capital funds, unless the authority determines that the program demand is less than that amount.

b. $8 million to the tax credits for investments in certified innovation funds, unless the authority determines that the program demand is less than that amount.

c. $10 million to the redevelopment tax credit program for brownfields and grayfields, unless the authority determines that the program demand is less than that amount.

d. To the assistive device tax credit program, an amount necessary to meet the demand for that year.

e. To any other programs that may be made subject to the cap but which are not listed in this subrule, any amount that may be required by law or such amount as the board determines prudent given the amount of tax credits available.

f. To the high quality jobs program and the enterprise zone program, an amount equal to the amount necessary to meet the demand for that year, provided that such amount will not exceed the remainder of the maximum aggregate tax credit limit for that year.

261—76.7(83GA, SF483) Exceeding the cap. Rescinded ARC 1573C, IAB 8/20/14, effective 9/24/14.

261—76.8(15) Reporting to the department of revenue. The authority shall submit an initial report to the department of revenue by August 15 of each year, which shows the initial allocation of the maximum aggregate tax credit cap. At the start of each subsequent fiscal year, the authority shall prepare a report to summarize the final allocation for the fiscal year that just ended, the total amount of awards made under each program subject to the cap during that fiscal year, and the initial allocation for the subsequent fiscal year.

261—80.5(83GA, SF2389) General loan terms. In addition to terms and conditions in the loan agreement, loans made under the program shall have the following terms:

80.5(1) Amount. Loans made under the program may be for $2,500 to $50,000.

a. Direct loans: annual percentage rate of 3.9 percent.
b. Co-financed loans: annual percentage rate of 2 percent.

80.5(3) Security. Recipients shall provide collateral to secure the entire loan value. The department may require a first position on any collateral offered in connection with receiving a loan under the
program or any equipment purchases or other uses that can be securitized. The department may, however, allow for a subordinated position on collateral on co-financed loans that involve a conventional lender.

80.5(4) Term. The term of any loan made under the program shall not exceed five years. The department may require a shorter loan term for loans at the sole discretion of the director.

80.5(5) Unallowable uses. Proceeds from any loans made under the program shall not be used for any of the following:
   a. Compensation to employees, including without limitation any benefits and travel allowances.
   b. Refinancing existing or future loans.
   c. Working capital. Recipients shall not, without limitation, use the loan proceeds to keep cash on hand or fund inventories.
   d. Payment of liabilities incurred prior to the origination of the loan, including unpaid taxes and money owed to creditors.
   e. Charitable donations.
   f. Purchase of real estate.
   g. Purchase of a business unless the loan made under the program is leveraged with other sources of financing, including at least 10 percent equity investment by the owner.
   h. Purchase of vehicles unless the vehicle is a special-use vehicle that shall only be used for purposes related to the Iowa small business throughout the term of the loan and personal use is not allowed.
   i. Purchase of equipment unless the equipment is deployed and primarily used by the Iowa small business in Iowa throughout the life of the loan.

261—80.6(83GA, SF2389) Eligibility. An Iowa small business is eligible to apply for a loan under the program provided the Iowa small business meets the following requirements:

80.6(1) The Iowa small business has a business plan, has received assistance from an Iowa small business development center or qualified public or nonprofit business consultant as defined by the department, and has been declared eligible for program participation by such entity or person. For purposes of this rule, a qualified public or nonprofit business consultant may include individuals with appropriate expertise who are affiliated with department-sponsored business accelerators, John Pappajohn Centers for Entrepreneurship, or the Iowans for Social and Economic Development, otherwise known as ISED Ventures. All consultants must receive program orientation training from the administrator, agree to perform specific functions in reviewing and participating in the program, and receive approval by the department.

80.6(2) The Iowa small business is not in violation of environmental or worker safety laws or rules. This requirement shall apply only if the Iowa small business has been incorporated for at least two years.

80.6(3) The Iowa small business employs only workers legally authorized to work in the state.

80.6(4) The Iowa small business does not engage in the production, depiction or distribution of obscene material as defined in Iowa Code section 728.1.

80.6(5) The Iowa small business is not in bankruptcy or imminently contemplating filing for bankruptcy.

80.6(6) The Iowa small business has a demonstrated need for the funds and will use them for a purpose described in rule 261—80.1(83GA, SF2389).

261—80.7(83GA, SF2389) Application.

80.7(1) General. Applications will be evaluated at least monthly and in the order they are received. Iowa small businesses that desire to participate in the program shall submit to the administrator a standard application, which shall be made available on the department’s Web site, www.lifechanging.com. In addition to the information requested in the application, Iowa small businesses applying under this rule may also be required to submit the following documents:

   a. Business plan and summary.

   b. Financial statements that show total assets and total liabilities.
c. Such other supporting documents as may be required by the administrator to demonstrate the Iowa small business’s eligibility for the loan and its ability to repay the loan.

d. An energy audit of the facilities for which the loan is sought, if the loan is proposed to be used to reduce facility costs.

80.7(2) Startup businesses. In addition to the requirements described in subrule 80.7(1), Iowa small businesses that have been incorporated for less than two years must submit the following additional information unless the business can document that its assets are three times greater than its liabilities, including the loan sought under this program:

a. Contingent loan approval from a conventional loan source as an eligible co-financed loan under these rules; or

b. Contingent loan approval from the Iowa microloan program as an eligible co-financed loan under these rules; or

c. Contingent loan approval from the targeted small business loan program as an eligible co-financed loan under these rules.

[ARC 8920B, IAB 6/30/10, effective 6/11/10; ARC 9062B, IAB 9/8/10, effective 8/20/10]

261—80.8(83GA, SF2389) Application review.

80.8(1) Criteria. The administrator shall evaluate applications based on the following criteria:

a. The quality of the Iowa small business’s business plan and whether it projects a positive cash flow after the loan repayment.

b. Cash flow of the Iowa small business.

c. Credit score and credit history of the principal owner(s) of the Iowa small business and any owners of the Iowa small business with an interest of greater than 25 percent in the Iowa small business. Applicants with a credit score lower than 625 shall not be considered for a loan under this program unless the applicant is able to demonstrate extenuating circumstances that have impacted the applicant’s credit score, provide adequate explanation for the low credit score and show a recent positive credit history, and either secure a suitable guarantor or have one or more co-owners with credit scores above 625.

d. Value and quality of collateral.

e. Education and experience of the owner of the Iowa small business related to owning and operating a business.

f. The quality and results of a marketing plan related to the Iowa small business.

g. The legal history, including any UCC-1 filings, of the principal owner of the Iowa small business and any owners with an interest of greater than 25 percent in the Iowa small business to the extent that history could negatively impact the business.

80.8(2) Additional information. The administrator or the department may require additional information from the Iowa small business in reviewing applications made under the program.

80.8(3) Additional expertise. The administrator and the department may use or procure the services of individuals with particular or specialized expertise in evaluating applications.

[ARC 8920B, IAB 6/30/10, effective 6/11/10; ARC 9062B, IAB 9/8/10, effective 8/20/10]

261—80.9(83GA, SF2389) Recommendation; loan agreement.

80.9(1) Recommendation. Upon final review of the application, the administrator shall prepare loan closing documents, including a loan agreement, for those businesses the administrator recommends to participate in the program and deliver them, along with the business’s file, to the department for its review and approval. The administrator shall recommend and make part of the proposed loan agreements requirements in addition to standard loan provisions when the business poses a higher risk.

80.9(2) Loan agreement required. The administrator shall prepare a loan agreement which includes, but is not limited to, a description of the project to be completed by the business, the term of the loan, conditions to disbursement, a requirement for annual reporting to the department, and the repayment requirements of the business or other penalties imposed on the business in the event the business does not fulfill its obligations described in the loan agreement and other specific repayment provisions (“clawback provisions”) to be established on a project-by-project basis.
80.9(3) Award. The director shall have the authority to award loans made under this program and to execute loan documents and other related documents.

80.9(4) Acceptance. A business recommended for a loan under this program shall have 20 days from receipt of the notice of intended award issued by the department to execute the necessary loan documents and return them to the department; otherwise, the department may rescind the loan award. The 20-day time limit may be extended by the director.

80.9(5) Security. The department shall take security for any loan. The form of such security may include but not be limited to one or more of the following:
   a. Real estate mortgage.
   b. Lien on personal or real property.
   c. Letter of credit.
   d. Corporate or personal guaranty.
   e. A certificate of deposit.

[ARC 8920B, IAB 6/30/10, effective 6/11/10; ARC 9062B, IAB 9/8/10, effective 8/20/10]

261—80.10(83GA, SF2389) Repayment. All loans made under the program shall be subject to repayment as described in the loan agreement. Loans made under the program shall not be forgivable.

[ARC 8920B, IAB 6/30/10, effective 6/11/10; ARC 9062B, IAB 9/8/10, effective 8/20/10]

261—80.11(83GA, SF2389) Default.

80.11(1) Events of default. The department may, for cause, determine that a recipient is in default under the terms of the loan agreement. The reasons for which the department may determine that the recipient is in default of the contract include, but are not limited to, any of the following:
   a. Any material representation or warranty made by the recipient in connection with the application that was incorrect in any material respect when made.
   b. A material change in the business ownership or structure occurs without prior written disclosure and the permission of the department.
   c. A relocation or abandonment of the business during the term.
   d. Expenditure of funds for purposes not described in the application or authorized in the agreement.
   e. Failure of the recipient to make timely payments under the terms of the agreement, note or other obligation.
   f. Failure of the recipient to perform or comply with the terms and conditions of the contract.
   g. Failure of the recipient to comply with any applicable state rules or regulations.
   h. Failure of the recipient to file the required annual report.

80.11(2) Closures. If a recipient closes any of its facilities within the state prior to receiving the incentives and assistance, the department may reduce or eliminate all or a portion of the loan assistance. If a business closes any of its facilities within the state after executing a contract to receive the loan assistance, the department may consider this an event of default and the business may be subject to repayment of all or a portion of the loan assistance that it has received.

80.11(3) Department actions upon default.
   a. The department will take prompt, appropriate, and aggressive debt collection action to recover any funds misspent by recipients.
   b. If the department determines that the recipient is in default, the department may seek recovery of all program funds plus interest, assess penalties, negotiate alternative repayment schedules, suspend or discontinue collection efforts, and take other appropriate action as the department deems necessary.
   c. The department shall attempt to collect the amount owed. Negotiated settlements, write-offs or discontinuance of collection efforts is subject to final review and approval by the director.
   d. If the department refers defaulted contracts to outside counsel for collection, then the terms of the agreement between the department and the outside counsel regarding the scope of counsel’s authorization to accept settlements shall apply.

CHAPTER 81
RENEWABLE CHEMICAL PRODUCTION TAX CREDIT PROGRAM

261—81.1(15) Purpose. The purpose of this chapter is to encourage development of the renewable chemicals industry and stimulate job growth using the renewable chemical production tax credit program to incentivize new and existing businesses to produce high-value renewable chemicals in Iowa from biomass feedstock.

[ARC 3004C, IAB 3/29/17, effective 5/3/17]

261—81.2(15) Definitions. As used in this chapter, the following definitions shall apply:

“Authority” means the economic development authority created in Iowa Code section 15.105.

“Authority’s website” means the information and related content found at www.iowaeconomicdevelopment.com and may include integrated content at affiliate sites.

“Biobased content percentage” means, with respect to any renewable chemical, the amount, expressed as a percentage, of renewable organic material present as determined by testing representative samples using the American Society for Testing and Materials standard D6866.

“Biomass feedstock” means sugar, polysaccharide, crude glycerin, lignin, fat, grease, or oil derived from a plant or animal, or a protein capable of being converted to a building block chemical by means of a biological or chemical conversion process.

“Board” means the members of the economic development authority board appointed by the governor and in whom the powers of the authority are vested pursuant to Iowa Code section 15.105.

“Building block chemical” means a molecule converted from biomass feedstock as a first product or a secondarily derived product that can be further refined into a higher-value chemical, material, or consumer product. “Building block chemical” includes but is not limited to high-purity glycerol, oleic acid, lauric acid, methanoic or formic acid, arabonic acid, erythronic acid, glyceric acid, glycolic acid, lactic acid, 3-hydroxypropionate, propionic acid, malonic acid, serine, succinic acid, fumaric acid, malic acid, aspartic acid, 3-hydroxybutyrolactone, acetoin, threonine, itaconic acid, furfural, levulinic acid, glutamic acid, xylonic acid, xylaric acid, xyitol, arabitol, citric acid, aconitic acid, 5-hydroxymethylfurfural, lysine, gluconic acid, glucaric acid, sorbitol, gallic acid, ferulic acid, nonfuel butanol, nonfuel ethanol, benzene, toluene, xylene, ethylbenzene, butanoic acid, hexanoic acid, octanoic acid, pentanoic acid, heptanoic acid, ethylene glycol, and 1,4 butanediol, or such additional molecules as may be included by the authority following the procedure in rule 261—81.8(15).

“Crude glycerin” means glycerin with a purity level below 95 percent.

“Eligible business” means a business meeting the requirements of rule 261—81.3(15).

“Food additive” means a building block chemical that is not primarily consumed as food but which, when combined with other components, improves the taste, appearance, odor, texture, or nutritional content of food. The authority, in its discretion, shall determine whether or not a building block chemical is primarily consumed as food.

“High-purity glycerol” means glycerol with a purity level of 95 percent or higher.

“Pre-eligibility production threshold” means, with respect to each eligible business, the number of pounds of renewable chemicals produced, if any, by an eligible business during the calendar year prior to the calendar year in which the business first qualified as an eligible business pursuant to rule 261—81.3(15).

“Production year” means any calendar year after the year in which the eligible business’s pre-eligibility production threshold was established and in which the eligible business produces renewable chemicals.

“Program” means the renewable chemical production tax credit program administered pursuant to this chapter.

“Renewable chemical” means a building block chemical with a biobased content percentage of at least 50 percent. “Renewable chemical” does not include a chemical sold or used for the production of food, feed, or fuel. “Renewable chemical” includes cellulosic ethanol, starch ethanol, or other ethanol
derived from biomass feedstock, fatty acid methyl esters, or butanol, but only to the extent that such molecules are produced and sold for uses other than food, feed, or fuel. “Renewable chemical” also includes a building block chemical that can be a food additive as long as the building block chemical is not primarily consumed as food and is also sold for uses other than food. “Renewable chemical” also includes supplements, vitamins, nutraceuticals, and pharmaceuticals, but only to the extent that such molecules do not provide caloric value so as to be considered sustenance as food or feed.

“Sugar” means the organic compound glucose, fructose, xylose, arabinose, lactose, sucrose, starch, cellulose, or hemicellulose.

261—81.3(15) Eligibility requirements. To be eligible to receive the renewable chemical production tax credit pursuant to the program, a business shall meet all of the following requirements:

81.3(1) Physical location. The business must have a facility that produces renewable chemicals and is physically located in the state of Iowa. If a business has facilities located in more than one state, only those renewable chemicals produced at facilities physically located in the state of Iowa may be counted for the purpose of calculating the tax credit under subrule 81.6(1).

81.3(2) Operated for profit and under single management. The business must be operated for profit and under single management. For purposes of this rule, “single management” means that if the same eligible business has an ownership or equity interest in multiple facilities at which renewable chemicals are produced, the facilities under common ownership will be considered a single eligible business for purposes of calculating the maximum tax credit amount under rule 261—81.6(15). In calculating the maximum tax credit amount under rule 261—81.6(15), only the pro rata share of each eligible business’s ownership in a facility will be attributed to that eligible business.

81.3(3) Type of business. The business may not be an entity providing professional services, health care services, or medical treatments or an entity engaged primarily in retail operations.

81.3(4) Organization. The business must have organized, expanded, or located in the state on or after April 6, 2016.

81.3(5) Not reducing operations. The business shall not be relocating or reducing operations as described in Iowa Code section 15.329(1) “b” and as determined under the discretion of the authority.

81.3(6) Compliance. The business must be in compliance with all agreements entered into under this program or other programs administered by the authority.

[ARC 3004C, IAB 3/29/17, effective 5/3/17]

261—81.4(15) Application process and review.

81.4(1) An eligible business that produces a renewable chemical in this state from biomass feedstock during a calendar year may apply to the authority for the renewable chemical production tax credit.

81.4(2) The application shall be made to the authority in the manner prescribed by the authority. Information about the program and a link to the online application and instructions may be obtained by contacting the authority or by visiting the authority’s website:

Iowa Economic Development Authority
Business Development Division
200 East Grand Avenue
Des Moines, Iowa 50309
(515)725-3000
www.iowaeconomicdevelopment.com

81.4(3) The application shall be made to the authority during the calendar year following the calendar year in which the renewable chemicals were produced. For example, an eligible business may submit an application in calendar year 2018 to receive a tax credit based on renewable chemicals produced in calendar year 2017.

81.4(4) The application may be submitted to the authority electronically during the annual filing window. This filing window shall be from February 15 to March 15 of each calendar year. The authority
may adjust the annual filing window dates under extenuating circumstances and will notify affected parties of such circumstances.

81.4(5) The application shall include all of the following information:
   a. The name of the qualifying building block chemical produced by the eligible business for which the business is claiming a tax credit.
   b. The amount of renewable chemicals produced in the state from biomass feedstock by the eligible business during the calendar year, measured in pounds.
   c. The amount of renewable chemicals produced in the state from biomass feedstock by the eligible business during the calendar year prior to the year in which the business first qualified as an eligible business under the program.
   d. The city or county where the plant producing renewable chemicals is located.
   e. The type of feedstock used to produce the renewable chemicals.
   f. The date on which the eligible business organized, expanded or located in the state.
   g. Any other information reasonably required by the authority in order to establish and verify eligibility under the program.

81.4(6) Applications will be reviewed by the authority on a first-come, first-served basis as described in subrule 81.6(5). Applications shall be date- and time-stamped by the authority in the order in which such applications are received. If the authority deems that additional information is needed before a determination of eligibility can be made, and the authority makes a written request for additional information from the applicant, the applicant must provide the requested information within 30 days of the date that the written request from the authority was made. If an applicant does not provide the requested information within 30 days, the applicant will be placed at the end of the queue of applications received. The authority shall review the queue of applications for eligibility and maintain a list of successful applicants as required by subrule 81.6(5).

81.4(7) The authority shall notify an applicant when the applicant has been placed on the list of successful applicants.
   a. For applicants on the list for whom there are sufficient tax credits available in the aggregate cap for the fiscal year, the applicant must sign the agreement within 60 days of being notified of eligibility for the tax credit. Upon request by the applicant, the authority may extend the time period for signing the agreement by an additional 30 days.
   b. For applicants on the wait list established in subrule 81.6(5), the authority shall notify the applicant of the applicant’s status and position on the wait list.

[ARC 3004C, IAB 3/29/17, effective 5/3/17]

261—81.5(15) Agreement.

81.5(1) Agreement. Before being issued a tax credit pursuant to this chapter, an eligible business shall enter into an agreement with the authority for the successful completion of all requirements of the program. As part of the agreement, and as a condition of receiving the tax credit, the eligible business shall agree to collect and provide any information reasonably required by the authority in order to allow the board to fulfill the board’s reporting obligation under Iowa Code section 15.320.

81.5(2) Fees. The compliance cost fees authorized in rule 261—187.6(15) shall apply to all agreements entered into under this program and shall be collected by the authority in the same manner and to the same extent as described in that rule.

81.5(3) Requirements. An eligible business shall fulfill all the requirements of the program and the agreement before receiving a tax credit or entering into a subsequent agreement under this rule. The authority may decline to enter into a subsequent agreement under this rule or to issue a tax credit if an agreement is not successfully fulfilled.

81.5(4) Issuance of credit. Upon establishing that all requirements of the program and the agreement have been fulfilled, the authority shall issue a tax credit and related tax credit certificate to the eligible business stating the amount of renewable chemical production tax credit the eligible business may claim. The amount of the tax credit shall not exceed the amount allowable under rule 261—81.6(15).

[ARC 3004C, IAB 3/29/17, effective 5/3/17]
261—81.6(15) Renewable chemical production tax credit.

81.6(1) Calculation of tax credit amount. An eligible business that has entered into an agreement pursuant to rule 261—81.5(15) may be issued a tax credit in an amount equal to the product of five cents multiplied by the number of pounds of renewable chemicals produced in this state from biomass feedstock by the eligible business during a given production year.

a. The maximum amount of tax credit that may be issued under the program to an eligible business for the production of renewable chemicals in a calendar year shall not exceed the following:

1. In the case of an eligible business that has been in operation in the state for five years or less at the time of application, $1 million.
2. In the case of an eligible business that has been in operation in the state for more than five years at the time of application, $500,000.

b. For purposes of this subrule, “operation” begins on the date the eligible business first began commercial production.

c. If an eligible business has been in operation in the state for five years or less at the time of application but is more than fifty percent owned by an eligible business that has been in operation in the state for more than five years, then that eligible business will be considered in operation in the state for more than five years pursuant to subparagraph 81.6(1)“a”(2).

81.6(2) Eligible business only. An eligible business shall not receive a tax credit for renewable chemicals produced before the date the business first qualified as an eligible business pursuant to rule 261—81.3(15).

81.6(3) Production above pre-eligibility production threshold. An eligible business shall only receive a tax credit for renewable chemicals produced in a calendar year to the extent such production exceeds the eligible business’s pre-eligibility production threshold as defined in rule 261—81.2(15). For example, if an eligible business produces 3 million pounds of renewable chemicals during calendar year 2016 and first becomes an eligible business under this chapter in calendar year 2017, the pre-eligibility production threshold for the business is 3 million pounds. If the same eligible business produces 10 million pounds of renewable chemicals during calendar year 2017, the eligible business may only receive a tax credit for the amount produced over the pre-eligibility production threshold, which in this example equals 7 million pounds.

81.6(4) Maximum number of credits. An eligible business shall not receive more than five tax credits under the program. Each tax credit must be applied for separately, and each application will be reviewed independently of past tax credits. Receipt of a tax credit in one year does not guarantee receipt of a tax credit in a subsequent year.

81.6(5) Tax credit wait list.

a. The authority shall issue tax credits under the program on a first-come, first-served basis until the maximum amount of tax credits allocated pursuant to Iowa Code section 15.119(2)“h” is reached for any given fiscal year. The authority shall maintain a list of successful applicants under the program, so that if the maximum aggregate amount of tax credits is reached in a given fiscal year, eligible businesses that successfully applied but for which tax credits were not issued shall be placed on a wait list in the order the eligible businesses applied and shall be given priority for receiving tax credits in succeeding fiscal years.

b. Placement on a wait list pursuant to this subrule shall not constitute a promise binding the state. The availability of a tax credit and issuance of a tax credit certificate pursuant to this rule in a future fiscal year is contingent upon the availability of tax credits in that particular fiscal year.

81.6(6) Termination and repayment. The failure by an eligible business in fulfilling any requirement of the program or any of the terms and obligations of an agreement entered into pursuant to this chapter may result in the reduction, termination, or rescission of the tax credits under Iowa Code section 15.319 and may subject the eligible business to the repayment or recapture of tax credits claimed. The repayment or recapture of tax credits pursuant to Iowa Code section 15.319(4) shall be accomplished in the same manner as provided in Iowa Code section 15.330(2).

81.6(7) Issuance of credit. The authority shall not issue a tax credit certificate prior to July 1, 2018.

[ARC 3004C; IAB 3/29/17, effective 5/3/17]
261—81.7(15) Claiming the tax credit.

81.7(1) Maximum tax credit claimed. An eligible business that has entered into an agreement pursuant to rule 261—81.5(15) may claim a tax credit in an amount equal to the product of five cents multiplied by the number of pounds of renewable chemicals produced in this state from biomass feedstock by the eligible business during a given production year within the limits set forth in rule 261—81.6(15). An eligible business may claim a tax credit for the production of more than one qualifying renewable chemical under this chapter, provided that the total tax credit claimed by the eligible business does not exceed the limits set forth in subrule 81.6(1). However, an eligible business shall not receive a tax credit for the production of a secondarily derived building block chemical if that chemical is also the subject of a credit at the time of production as a first product. The renewable chemical production tax credit shall not be available for any renewable chemical produced before the 2017 calendar year or after the 2026 calendar year.

81.7(2) Who may claim the credit. The tax credit shall be allowed against taxes imposed under Iowa Code chapter 422, division II or III. The tax credit shall be claimed for the tax year during which the eligible business was issued the tax credit. An individual may claim a tax credit under this chapter of a partnership, limited liability company, S corporation, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, limited liability company, S corporation, cooperative, estate, or trust.

a. To claim a tax credit under this rule, a taxpayer shall include one or more tax credit certificates with the taxpayer’s tax return.

b. The tax credit certificate shall contain the taxpayer’s name, address, and tax identification number, the amount of the credit, the name of the eligible business, and any other information required by the department of revenue.

c. The tax credit certificate, unless rescinded by the authority, shall be accepted by the department of revenue as payment for taxes imposed pursuant to Iowa Code chapter 422, divisions II and III, subject to any conditions or restrictions placed by the authority upon the face of the tax credit certificate and subject to the limitations of the program.

81.7(3) Refundability. Any tax credit in excess of the tax liability is refundable. In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following tax year.

81.7(4) Transferability. Tax credit certificates issued pursuant to this chapter shall not be transferred to any other person.

261—106.4(15) Program description, application procedures, and delegation of functions.

106.4(1) General description. The program provides technical assistance and financial assistance to applicants seeking SBIR/STTR funding. All awards of financial assistance must ultimately be approved by the board, after a recommendation by the committee, and an agreement must be entered into with the authority before moneys will be disbursed.

106.4(2) Program components and activities. The program has two primary components, a technical assistance component and a financial assistance component, both of which are intended to increase the number of phase I, phase II, and fast track SBIR/STTR awards for Iowa businesses. The corporation shall be the primary provider of technical assistance to applicants and shall also work with the authority to provide financial assistance.

a. In providing technical assistance, the corporation shall develop a pre-proposal submission component that facilitates expert peer reviews from commercial reviewers with in-depth market
knowledge. The resulting reviews should provide the applicant with a set of recommendations and tips for troubleshooting SBIR/STTR proposals. The corporation shall ensure that the applicants develop and implement recommendations for their proposals based on industry best practices.

b. The corporation shall provide services that include the following:

1. Detailed outlines and other tools to make the drafting of a proposal and other accompanying documentation less daunting.
2. Reviews and critiques of iterative drafts to improve the structure and narrative of both the research and the commercialization plans.

The board may approve, deny, or defer each application for financial assistance under the program. The board will consider applications for financial assistance on a first-come, first-served basis. If the board approves funding for an applicant, the authority will prepare a required agreement specifying the terms and conditions under which the financial assistance is to be provided to the applicant.

106.4(4) Delegation of certain administrative functions to the corporation. The authority will delegate certain administrative functions of the program to the corporation. The functions that will be delegated are:

a. The initial application review process, including an analysis of whether the applicant meets all requirements of eligibility under the program and a recommendation on the amount of financial assistance to be provided and under what terms and conditions.

b. The tracking and monitoring of the applicant’s SBIR/STTR application progress as well as the eventual outcome. The corporation shall report annually to the authority on the results of the program.

c. The tracking and monitoring of agreement terms and conditions for applicants receiving financial assistance under the program.

d. The provision of technical assistance as described in subrule 106.4(2).

106.4(5) Administrative functions not delegated. The authority will retain, and not delegate, the performance of the following functions: (1) the final determination as to whether to approve, deny, or defer an award of financial assistance; (2) the disbursement of moneys provided for in an award of financial assistance; (3) the final determination as to whether there is a default in the terms of an agreement entered into under the program, including all decisions regarding appropriate remedies for such a default; and (4) any other function not clearly delegated to the corporation pursuant to subrule 106.4(4).

The authority may allocate other funds to the program as such funds may from time to time become available.

106.5(2) Individual applicant limitation. The authority will not award more than $100,000 in financial assistance to any applicant for any individual federal SBIR/STTR award.

All awards of financial assistance must ultimately be approved by the board, after submission of a proposal by the applicant and a recommendation on the proposal by the committee. A contract must be entered into with the authority before moneys will be disbursed to an applicant.
108.4(2) Program component descriptions and activities. The program has three primary components: a POCR component, an applied research component, and an MEP component. The corporation shall be the entity responsible for ensuring that technical and other applicable assistance is provided to applicants and shall also work with the authority on the provision of financial assistance. In
working with the authority to provide financial assistance, the corporation shall perform the functions delegated pursuant to subrule 108.4(4).

a. The POCR component makes financial assistance available to applicants who undertake projects that commercialize new technologies. The authority, in conjunction with the corporation, will award financial assistance to not more than six applicants each year under the component. The financial assistance will be awarded to innovative businesses that are pursuing the validation of the marketability of a technology. Applicants may submit applications to the authority for assistance under this component. Such applications should describe in detail what technologies the applicant is researching, how the applicant is pursuing commercialization of those technologies, and how the financial assistance will be used to bring the new technologies to market in Iowa.

Such applications should describe in detail what activities the applicant will engage in to accelerate the validation of technology for the marketplace.

c. The MEP component makes financial assistance available to service providers that form partnerships with innovative businesses to conduct workshops for the purpose of providing assistance in determining and prioritizing applied research needs based on gaps in productivity or product needs and that offer to broker connections between innovative businesses and the researchers who can perform the necessary applied research. Financial assistance is also available to innovative businesses under this component for product development, design verification, custom equipment development, manufacturing process development, and technology development and commercialization. The authority, in conjunction with the corporation, will award financial assistance to eligible innovative businesses. Applicants may submit applications to the authority for assistance under this component. Such applications should describe in detail the nature of the partnerships being formed, what activities the partnership will undertake, and how such activities will further the goals of this component. Applicants must submit applications for assistance under this component and must describe in detail how the proposed services will expand the applicant’s market penetration, create a new product with market relevance, or enhance an existing product by further innovation.

108.4(3) Application and award procedures. Applicants to the program may submit applications to the authority for financial assistance. To be eligible, an applicant must meet the requirements of one of the components described in subrule 108.4(2). The applications will receive an initial review to confirm program eligibility before being sent to the committee for a recommendation on funding. The committee will provide its recommendation to the board for a final determination on the provision of financial assistance. The board may approve, deny, or defer each application for financial assistance under the program. The board will consider applications for financial assistance on a first-come, first-served basis. If the board approves funding for a business, the authority will prepare a required contract specifying the terms and conditions under which the financial assistance is to be provided to the business.

108.4(4) Delegation of certain administrative functions to the corporation. The authority will delegate certain administrative functions of the program to the corporation. The functions that will be delegated are:

b. The tracking and monitoring of the applicant’s progress as well as the eventual outcomes achieved as a result of an award. The corporation shall report annually to the authority on the results of the program.

CHAPTER 115
TAX CREDITS FOR INVESTMENTS IN QUALIFYING BUSINESSES AND
COMMUNITY-BASED SEED CAPITAL FUNDS

261—115.1(15E) Tax credits for investments in qualifying businesses and community-based seed capital funds. Tax credits for investments in qualifying businesses and community-based seed capital funds may be claimed as provided in this rule.

115.1(1) Tax credits allowed only after a certain date. A taxpayer may claim a tax credit under this rule for equity investments in certain qualifying businesses or community-based seed capital funds. Only equity investments made on or after January 1, 2011, qualify for a tax credit under this rule. Equity investments made before that date must be claimed under 123—Chapter 2.

115.1(2) Investments in qualifying businesses.
   a. A taxpayer may claim a tax credit under this subrule for a portion of the taxpayer’s equity investment in a qualifying business if that investment was made on or after January 1, 2011.
   b. The tax credit may be claimed against the taxpayer’s tax liability for any of the following taxes:
      (1) The personal net income tax imposed under Iowa Code chapter 422, division II.
      (2) The business tax on corporations imposed under Iowa Code chapter 422, division III.
      (3) The franchise tax on financial institutions imposed under Iowa Code chapter 422, division V.
      (4) The tax on the gross premiums of insurance companies imposed under Iowa Code chapter 432.
      (5) The tax on moneys and credits imposed under Iowa Code section 533.329.
   c. Investments made in qualifying businesses on or after January 1, 2011, and before July 2, 2015, are governed by 2015 Iowa Code sections 15E.41 to 15E.46, 422.11F, 422.33, 422.60, 432.12C, and 533.329.
   d. Investments made in qualifying businesses on or after July 2, 2015, are governed by 2016 Iowa Code sections 15E.41 to 15E.46, 422.11F, 422.33, 422.60, 432.12C, and 533.329.

115.1(3) Investments in community-based seed capital funds.
   a. A taxpayer may claim a tax credit under this subrule for a portion of the taxpayer’s equity investment in a community-based seed capital fund if that investment was made on or after January 1, 2011.
   b. The tax credit may be claimed against the taxpayer’s tax liability for any of the following taxes:
      (1) The personal net income tax imposed under Iowa Code chapter 422, division II.
      (2) The business tax on corporations imposed under Iowa Code chapter 422, division III.
      (3) The franchise tax on financial institutions imposed under Iowa Code chapter 422, division V.
      (4) The tax on gross premiums of insurance companies imposed under Iowa Code chapter 432.
      (5) The tax on moneys and credits imposed under Iowa Code section 533.329.
   c. Investments made in community-based seed capital funds on or after January 1, 2011, and before July 2, 2015, are governed by 2015 Iowa Code sections 15E.41 to 15E.46, 422.11F, 422.33, 422.60, 432.12C, and 533.329.
   d. Investments made in community-based seed capital funds on or after July 2, 2015, are not eligible for tax credits. See 2015 Iowa Acts, Senate File 510, sections 107 to 128, which include the repeal of Iowa Code section 15E.45 and other provisions related to the administration of community-based seed capital funds.

115.1(4) Amount of tax credit that may be claimed by taxpayer.
   a. In the case of investments made on or after July 1, 2011, and before July 2, 2015, the amount of tax credit available to a taxpayer under this rule is equal to 20 percent of the taxpayer’s equity investment in either a qualifying business or community-based seed capital fund. In the case of investments made on or after July 2, 2015, the amount of tax credit available to a taxpayer under this rule is equal to 25 percent of the taxpayer’s equity investment in a qualifying business.
   b. In the case of investments made on or after July 1, 2011, and before July 2, 2015, the maximum amount of a tax credit for an investment by an investor in any one qualifying business shall be $50,000. Each year, an investor, and all affiliates of that investor, shall not claim tax credits under this rule for more than five different investments in five different qualifying businesses. In the case of investments made on
or after July 2, 2015, the maximum amount of tax credit that may be issued per calendar year to a natural person and the person’s spouse or dependent shall not exceed $100,000 combined. For purposes of this paragraph, a tax credit issued to a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual shall be deemed to be issued to the individual owners based upon the pro rata share of the individual’s earnings from the entity. For purposes of this paragraph, “dependent” has the same meaning as provided by the Internal Revenue Code.

c. Investments in community-based seed capital funds.

(1) An investor in a community-based seed capital fund shall receive a tax credit pursuant to this rule only for the investor’s investment in the community-based seed capital fund and shall not receive any additional tax credit for the investor’s share of investments in a qualifying business made by the community-based seed capital fund or in an Iowa-based seed capital fund which has at least 40 percent of its committed capital subscribed by community-based seed capital funds. However, an investor in a community-based seed capital fund may receive a tax credit under this rule with respect to a separate direct investment made by the investor in the same qualifying business in which the community-based seed capital fund invests.

(2) Paragraph “c” only applies to investments in community-based seed capital funds made on or after July 1, 2011, and before July 2, 2015.

d. The maximum amount of tax credits that may be issued per calendar year for equity investments in any one qualifying business shall not exceed $500,000.

115.1(5) Claiming an investment tax credit. A taxpayer that makes an investment in a qualifying business or community-based seed capital fund and that otherwise meets the requirements of this chapter will receive a board-approved tax credit certificate from the authority. To claim the credit, the taxpayer must attach the certificate to a tax return filed with the department of revenue. For more information on claiming the tax credit, see department of revenue rule 701—42.22(15E,422). See also 2015 Iowa Acts, chapter 138, division XX.

115.1(6) Tax credits for pass-through entities. If the taxpayer that is entitled to a tax credit for an investment in a community-based seed capital fund or a qualifying business is a pass-through entity electing to have its income taxed directly to its individual owners, such as a partnership, limited liability company, S corporation, estate or trust, the pass-through entity must allocate the allowable credit to each of the individual owners of the entity on the basis of each owner’s pro-rata share of the earnings of the entity, and the individual owners may claim their respective credits on their individual income tax returns.

115.1(7) Refundability for certain tax credits. For a tax credit claimed against the taxes imposed in Iowa Code chapter 422, division II, any tax credit in excess of the tax liability is refundable. In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following tax year.

115.1(8) Carryforward period for certain tax credits. For a tax credit claimed against the taxes imposed in Iowa Code chapter 422, divisions III and V, and in Iowa Code chapter 432, and against the moneys and credits tax imposed in Iowa Code section 533.329, any tax credit in excess of the taxpayer’s liability for the tax year may be credited to the tax liability for the following three years or until depleted, whichever is earlier.

115.1(9) Carryback of credits prohibited. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer redeems the tax credit.

261—115.5(15E) Verification of qualifying businesses and community-based seed capital funds.

115.5(1) Qualifying businesses.

a. Within 120 days from the first date on which the equity investments qualifying for investment tax credits have been made (or, for investments made during the 2015 calendar year, not later than August 17, 2016), a qualifying business shall provide to the authority the following information as a prerequisite to the authority’s issuance of any investment tax credits to investors in such qualifying business:

(1) A signed statement, from an officer, director, manager, member, or general partner of the qualifying business, that contains a description of the general nature of its business operations, the location of the principal business operations, the date on which the business was formed, and the date on which the business commenced operations;

(2) A balance sheet, certified by the chief executive officer and the chief financial officer of the qualifying business, that reflects the qualifying business’s assets, liabilities and owners’ equity as of the close of the most recent month or quarter;

(3) A signed statement, from an owner of the business, that describes the manner in which the business satisfies one of the business experience requirements set forth in the definition of a qualifying business under rule 261—115.2(15E); and

(4) A signed statement, from an officer, director, manager, member or general partner of the qualifying business, that states the names, addresses, shares or equity interests issued, consideration paid for the shares or equity interests, and the amounts of any tax credits of all shareholders or equity holders who may initially qualify for the tax credits and the date on which the investment was made. The statement shall contain a commitment by the qualifying business to amend its statement as may be necessary from time to time to reflect new equity interests or transfers in equity among current equity holders or as any other information on the list may change.

b. Upon the authority’s receipt of the information and documentation necessary to demonstrate satisfaction of the criteria set forth herein, the authority shall, within a reasonable period of time,
determine whether a business is a qualifying business. If the authority verifies that the business is a qualifying business, the authority shall register the qualifying business on a registry of such qualifying businesses. The authority shall maintain the registry and use it to authorize the issuance of further investment tax credits to taxpayers who make equity investments in qualifying businesses registered with the authority. The authority shall issue written notification to the qualifying business and the applicant that such business has been registered as a qualifying business with the authority for the purpose of issuing investment tax credits but that such registration is subject to removal and rescission under rule 261—115.9(15E) for any failure of the business to continuously satisfy the requirements necessary for verification and registration as a qualifying business.

115.5(2) Community-based seed capital funds.

a. Within 120 days from the first date on which the equity investments qualifying for investment tax credits have been made (or, for investments made during the 2011 calendar year, not later than June 30, 2012), a community-based seed capital fund shall provide to the authority information as a prerequisite to the authority’s issuance of investment tax credits to investors in such community-based seed capital fund. A community-based seed capital fund cannot invest in the Iowa fund of funds organized by the Iowa capital investment corporation under Iowa Code section 15E.65 but may invest up to 60 percent of its committed capital in an Iowa-based seed capital fund with at least 40 percent of its committed capital subscribed by community-based seed capital funds. The following information must be provided:

(1) A copy of the fund’s certificate of limited partnership, limited partnership agreement, articles of organization or operating agreement, or any combination thereof, certified by the chief executive officer of the community-based seed capital fund.

(2) A signed statement, from an officer, director, manager, member or general partner of the fund, that states the total amount of capital contributions or capital commitments from investors, the total number of individual investors that are not affiliates, and the ownership interest of each individual investor in the fund.

(3) A signed statement, from an officer, director, manager, member or general partner of the fund, that states the names, addresses, equity interests issued, consideration paid for the interests and the amounts of any tax credits, of all limited partners or members who may initially qualify for the tax credits, and the earliest year in which the tax credits may be redeemed. The statement shall also contain a commitment by the fund to amend its statement as may be necessary from time to time to reflect new equity interests or transfers in equity among current equity holders or as any other information on the list may change.

b. Upon the authority’s receipt of the information and documentation necessary to demonstrate a community-based seed capital fund’s satisfaction of the criteria set forth herein, the board shall, within a reasonable period of time, determine whether a fund is a community-based seed capital fund. If the authority verifies that the fund is a community-based seed capital fund, the authority shall register the community-based seed capital fund on a registry of such community-based seed capital funds. The authority shall maintain the registry and use it to authorize the issuance of further investment tax credits to taxpayers that make equity investments in the community-based seed capital funds registered with the authority. The authority shall issue written notification to the community-based seed capital fund and the applicant that such fund has been registered as a community-based seed capital fund with the authority for the purpose of issuing investment tax credits but that such registration is subject to removal and rescission under rule 261—115.9(15E) for any failure of the community-based seed capital fund to continuously satisfy the requirements necessary for verification and registration as a community-based seed capital fund.

c. The authority will not verify investments made in community-based seed capital funds on or after July 2, 2015.

115.6(1) Approval by the board. Upon verification and registration by the authority of a qualifying business or community-based seed capital fund and approval of the taxpayer’s application, the board will approve the issuance of a tax credit certificate to the taxpayer applying for the tax credit.

115.6(2) Issuance by the authority. Upon approval by the board, the authority shall issue a tax credit certificate to the applicant, provided, however, that such tax credit certificate shall be subject to rescission pursuant to rule 261—115.9(15E). In addition, the tax credit certificate shall contain the following statement:

Neither the authority nor the board has recommended or approved this investment or passed on the merits or risks of such investment. Investors should rely solely on their own investigation and analysis and seek investment, financial, legal and tax advice before making their own decision regarding investment in this enterprise.

115.6(4) Tax credit amount limitations. The aggregate amount of tax credits issued pursuant to this chapter shall not exceed the amount allocated by the board pursuant to Iowa Code section 15.119, subsection 2. For fiscal year 2012 and all subsequent fiscal years, that amount is $2 million. In any one calendar year, the amount of tax credits issued for any one qualifying business shall not exceed $500,000.

If, during any fiscal year during which tax credits are to be issued under this chapter, applications totaling more than the maximum amounts are received and approved, the applications will be carried forward and prioritized to receive tax credit certificates on a first-come, first-served basis in subsequent fiscal years.

When carrying forward and prioritizing such applications, the authority shall (1) issue tax credit certificates to the taxpayers for such carryover tax credits before issuing any new tax credits to later applicants, and (2) apply the aggregate amount of the credits carried over against the total amount of tax credits to be issued during the subsequent fiscal year before approving or issuing additional tax credits.

261—115.7(15E) Claiming the tax credits. To claim a tax credit under this chapter, a taxpayer must attach to that taxpayer’s tax return a certificate issued pursuant to this chapter when the return is filed with the department of revenue. For more information on claiming tax credits, see department of revenue rule 701—42.22(15E,422). In the case of tax credits issued for investments made on or after July 2, 2015, a taxpayer shall not claim a tax credit at the department of revenue prior to September 1, 2016.

261—115.8(15E) Notification to the department of revenue. Upon the issuance and distribution of investment tax credits for a tax year, the authority shall promptly notify the department of revenue by providing copies of the tax credit certificates issued for such tax year to the department of revenue. Such notification shall also include, but not be limited to, the aggregate number and amount of tax credits issued for the tax year.

261—115.9(15E) Rescinding tax credits.

115.9(1) Rescission of credits for investments in qualifying businesses.

a. In the case of investments made on or after July 1, 2011, and before January 1, 2014, within 24 months from the first date on which the equity investments qualifying for investment tax credits have been made, a qualifying business shall have secured total equity or near equity financing equal to at least $250,000. The business shall provide to the authority information and documentation sufficient to demonstrate that the business has secured total equity or near equity financing equal to at least $250,000 and that such financing was secured within the 24 months required by this rule and shall do so by the
equity deadline. For purposes of this subrule, the “equity deadline” shall be the next June 30 following the end of the calendar year in which the qualifying business is required to have secured total equity or near equity financing equal to at least $250,000. For example, a qualifying business in which equity investments qualifying for investment tax credits were made in 2011 shall have an equity deadline of June 30, 2014. Examples of sufficient information and documentation include, but are not limited to, the following:

(1) Corporate, partnership or limited liability company-certified resolutions setting forth the names of individuals or entities making capital contributions and the amounts of such capital contributions;

(2) Certified corporate, partnership, or limited liability company minutes reflecting the names of individuals or entities making capital contributions and the amounts of such capital contributions.

b. On or by the equity deadline, a qualifying business shall certify to the authority, by a statement signed by an officer, director, member, manager, or general partner of the qualifying business, that it secured the requisite amount of equity financing required by this rule within 24 months from the date on which the equity investments qualifying for investment tax credits were made and shall recertify to the authority that the qualifying business continues to meet the requirements set forth in subrule 115.5(1).

c. In the event that a qualifying business fails to meet or maintain any requirement set forth in this rule, including, without limitation, timely filing of the certifications described in paragraph 115.9(1) “b,” the authority, upon action by the board, shall rescind any tax credit certificates issued to those taxpayers and shall notify the department of revenue that it has done so. A tax credit certificate that has been rescinded by the authority shall be null and void, and the department of revenue will not accept the tax credit certificate. In addition, the authority shall remove the qualifying business from the registry and shall issue written notification of such removal to the qualifying business and the applicants.

115.9(2) Rescission of credits for investments in community-based seed capital funds.

a. A community-based seed capital fund shall have invested at least 33 percent of its invested capital in one or more separate qualifying businesses on or by the last day of the 48-month period that commences with the fund’s investing activities.

b. On or by the last day of the 48-month period described in paragraph 115.9(2) “a,” a community-based seed capital fund shall certify to the board, by a statement signed by an officer, director, member, manager, or general partner of the community-based seed capital fund, that it has met the requirements of this rule within the time period prescribed by this subrule and shall recertify to the board that the community-based seed capital fund continues to meet the requirements set forth in subrule 115.5(2).

c. In the event that a community-based seed capital fund fails to meet or maintain any requirement set forth in this subrule, including, without limitation, timely filing of the certifications described in paragraph 115.9(2) “b,” the authority, upon action of the board, shall rescind any tax credit certificates issued to limited partners or members and shall notify the department of revenue that it has done so. A tax credit certificate that has been rescinded by the authority shall be null and void, and the department of revenue will not accept the tax credit certificate. In addition, the authority shall remove such community-based seed capital fund from the registry and shall issue written notification of such removal to the community-based seed capital fund and the applicants.

d. Notwithstanding paragraphs 115.9(2) “a” to “c,” a community-based seed capital fund may apply to the authority for a one-year waiver from the requirements of this rule. The authority shall, upon review of a community-based seed capital fund’s application for waiver, exercise reasonable discretion in granting or denying such waiver. In the event that the authority grants to a community-based seed capital fund a one-year waiver from the requirements of this rule, the authority shall defer any rescission of the tax credit certificates until the expiration of such one-year waiver period. If the community-based seed capital fund meets the requirements of this rule by the expiration of such one-year waiver period, the tax credit certificates shall not be rescinded. However, the tax credit certificates shall be rescinded at the end of such one-year waiver period if such requirements have not been met.

261—115.10(15E) Additional information—confidentiality—annual report.

115.10(1) Additional information. The authority may at any time request additional information and documentation from a qualifying business or community-based seed capital fund regarding the operations, job creation and economic impact of such qualifying business or community-based seed capital fund, and the authority may use such information in preparing and publishing any reports to be provided to the governor and the general assembly.

115.10(2) Confidentiality.

a. Except as provided in paragraph “b,” all information or records in the possession of the authority with respect to this chapter shall be presumed by the authority to be a trade secret protected under Iowa Code chapter 550 or common law and shall be kept confidential by the authority unless otherwise ordered by a court.

b. All of the following shall be considered public information under Iowa Code chapter 22:

(1) The identity of a qualifying business.

(2) The identity of an investor and the qualifying business in which the investor made an equity investment.

(3) The number of tax credit certificates issued by the authority.

(4) The total dollar amount of tax credits issued by the authority.

115.10(3) Annual report. The authority will publish an annual report of the activities conducted pursuant to Iowa Code chapter 15E, division V, and will submit the report to the governor and the general assembly. The report will include a listing of eligible qualifying businesses and the number of tax credit certificates and the amount of tax credits issued by the authority.

These rules are intended to implement Iowa Code chapter 15E, division V, and 2011 Iowa Acts, Senate File 517.

CHAPTER 116
TAX CREDITS FOR INVESTMENTS IN CERTIFIED INNOVATION FUNDS

261—116.1(15E) Tax credit for investments in certified innovation funds.

116.1(1) Tax credit allowed. For tax years beginning on or after January 1, 2011, a taxpayer may claim a tax credit for a portion of the taxpayer’s equity investment in a certified innovation fund. The tax credit may be claimed against the taxpayer’s tax liability for any of the following taxes:
   a. The personal net income tax imposed under Iowa Code chapter 422, division II.
   b. The business tax on corporations imposed under Iowa Code chapter 422, division III.
   c. The franchise tax on financial institutions imposed under Iowa Code chapter 422, division V.
   d. The tax on the gross premiums of insurance companies imposed under Iowa Code chapter 432.
   e. The tax on moneys and credits imposed under Iowa Code section 533.329.

116.1(2) Treatment of pass-through entities. If the taxpayer that is entitled to an investment tax credit for an investment in an innovation fund is a pass-through entity electing to have its income taxed directly to its individual owners, such as a partnership, limited liability company, S corporation, estate or trust, the pass-through entity shall allocate the allowable credit to each of the individual owners of the entity on the basis of each owner’s pro-rata share of the earnings of the entity, and the individual owners may claim their respective credits on their individual income tax returns.

116.1(3) Credits for certain investments disallowed. A taxpayer shall not claim an investment tax credit for an investment in an innovation fund if the taxpayer is a venture capital investment fund allocation manager for the Iowa fund of funds described in Iowa Code section 15E.65, an investor that receives a tax credit for the same investment in a community-based seed capital fund as described in Iowa Code section 15E.45, or an investor that receives a tax credit for the same investment in a qualifying business as described in Iowa Code section 15E.44.

116.1(4) Cash investments required. The taxpayer’s equity investment must be made in the form of cash to purchase equity in an innovation fund.

116.1(5) Amount of credit. For tax years beginning and investments made on or after January 1, 2011, and before January 1, 2013, the taxpayer may claim a tax credit in an amount equal to 20 percent of the taxpayer’s equity investment in a certified innovation fund. For tax years beginning and investments made on or after January 1, 2013, the taxpayer may claim a tax credit in an amount equal to 25 percent of the taxpayer’s equity investment in a certified innovation fund.

261—116.2(15E) Definitions. For purposes of this chapter, unless the context otherwise requires:
   “Authority” means the economic development authority created in Iowa Code section 15.105.
   “Board” means the same as defined in Iowa Code section 15.102.
   “Equity” means common or preferred corporate stock or warrants to acquire such stock, membership interests in limited liability companies, partnership interests in partnerships, or near equity. Equity shall be limited to securities or interests acquired only for cash and shall not include securities or interests acquired at any time for services, contributions of property other than cash, or any other non-cash consideration.
   “Innovation fund” means a private, early-stage capital fund that has been certified by the board.
   “Innovative business” means a business applying novel or original methods to the manufacture of a product or the delivery of a service. “Innovative business” includes but is not limited to a business engaged in advanced manufacturing, biosciences, or information technology.

261—116.3(15E) Certification of innovation funds.

116.3(1) An innovation fund shall provide to the authority information as a prerequisite to the issuance of any investment tax credits to investors in such innovation funds. The innovation fund must provide this information within 120 days from the first date on which the equity investments qualifying for the investment tax credit have been made (or, for investments made during the 2011 calendar year, by the later of 120 days from the first date on which the investments have been made or March 31, 2012).
116.3(2) Application forms setting forth the information required to certify the eligibility of an innovation fund may be obtained by contacting the Economic Development Authority, 200 East Grand Avenue, Des Moines, Iowa 50309. The telephone number is (515)725-3000. Applications shall be submitted to the authority at the address identified above.

116.3(3) The authority will not issue a tax credit certificate until the board has certified that a fund meets all of the following criteria:

a. The innovation fund has submitted a copy of the innovation fund’s certificate of limited partnership, limited partnership agreement, articles of organization or operating agreement certified by the chief executive officer of the innovation fund.

b. The innovation fund has submitted a signed statement, from an officer, director, manager, member or general partner of the fund, stating the following:

(1) That the innovation fund will make investments in promising early-stage companies which have a principal place of business in the state. For purposes of rule 261—116.3(15E), “having a principal place of business in the state” means (1) that the business has at least 50 percent of all of its employees in the state, (2) that the business pays at least 50 percent of the business’s total payroll to employees residing in the state, or (3) that the headquarters of the business (defined as the home office for a substantial amount of executive employees) is in the state.

(2) That the innovation fund proposes to make investments in innovative businesses which have a principal place of business in the state.

(3) That the innovation fund seeks to secure private funding sources for investment in such businesses.

(4) That the innovation fund proposes to provide multiple rounds of funding and early-stage private sector funding to innovative businesses with a high growth potential, and proposes to focus such funding on innovative businesses that show a potential to produce commercially viable products or services within a reasonable period of time. In order to establish that this criterion is met, the innovation fund shall provide a detailed description of the framework the innovation fund will use to evaluate a business’s growth potential and its ability to produce commercially viable products or services within a reasonable period of time. The description shall list and discuss the criteria and the attendant process that the innovation fund will use to evaluate businesses. The authority will consider requests submitted under Iowa Code section 15.118 or 22.7 to treat the evaluation framework as confidential.

(5) That the innovation fund proposes to evaluate all prospective innovative businesses using a rigorous approach and proposes to collaborate and coordinate with the authority and other state and local entities in an effort to achieve policy consistency. In order to establish that this criterion is met, an innovation fund shall provide a detailed description of the methods by which each business will be evaluated. An innovation fund shall also submit a plan describing the actions it will take in order to collaborate and coordinate with other state and local entities and the ways in which the innovation fund intends to ensure consistency with the policy goals of this chapter. Such a plan shall propose to create relationships that can be substantiated in writing, which may include, without limitation, contracts, memoranda of understanding, letters of support, affidavits, or joint press releases from or with the entities that will be involved in the collaborative and coordinating efforts or through a list and summary description of the dates and locations for meetings held between the innovation fund and the other entities which allowed for collaboration and coordination between the innovation fund and those entities in an effort to achieve policy consistency.

(6) That the innovation fund proposes to collaborate with the regents institutions of this state and to leverage relationships with such institutions in order to potentially commercialize research developed at those institutions. In order to establish that this criterion is met, an innovation fund shall provide written confirmation of such relationships which may include, without limitation, contracts, memoranda of understanding, letters of support, affidavits, or joint press releases from or with the regents institutions of this state or a list and summary description of the dates and locations for meetings held between the innovation fund and the regents institutions, the names of representatives of regents institutions with whom the innovation fund has met, and a brief summary of the discussions at those meetings.
(7) That the innovation fund proposes to obtain at least $15 million in binding investment commitments and to invest a minimum of $15 million in companies that have a principal place of business in the state. In order to establish that this criterion is met, an innovation fund shall include provisions in the fund’s governing documents that provide for the continued operations of the fund only if this minimum level of investment commitment is reached.

116.3(4) Upon the authority’s receipt of the information and documentation necessary to demonstrate satisfaction of the criteria set forth herein, the authority shall, within a reasonable period of time, determine whether to certify the innovation fund. If the authority certifies the innovation fund, the authority shall register the fund on the registry that shall be maintained by the authority. The authority shall use the registry to authorize the issuance of further investment tax credits to taxpayers who make equity investments in the innovation funds registered with the authority. The authority shall issue written notification to the innovation fund that the fund has been registered as an innovation fund with the authority for the purpose of issuing investment tax credits. This written notification shall contain the following statement:

The Authority shall not be liable either for an innovation fund’s failure to maintain compliance with the certification requirements nor for an investor’s loss of tax credit certificates resulting from either a failure to maintain compliance or from a revocation.

116.3(5) On May 24, 2013, significant changes to the innovation fund tax credit program were enacted. (See 2013 Iowa Acts, House File 615.) The legislation includes changes to the criteria required for certification and also changes to the tax credits available to investors in certified funds. An innovation fund certified before May 24, 2013, that wishes to take advantage of the changes in 2013 Iowa Acts, House File 615, must resubmit an application to the board and demonstrate that the innovation fund meets all new requirements for certification as described in subrule 116.3(3).

116.3(6) The board will not certify an innovation fund after June 30, 2023.

[ARC 009C, IAB 2/8/12, effective 3/14/12; ARC 1098C, IAB 10/16/13, effective 10/1/13; ARC 4512C, IAB 6/19/19, effective 7/24/19]

116.4(1) In order to maintain certification, an innovation fund must demonstrate compliance with the eligibility criteria set forth in subrule 116.3(3) at all times during participation in the program. A failure to comply with the eligibility criteria on an ongoing basis may result in revocation of certification. The authority will notify an innovation fund if the authority finds that the fund is not in compliance and will allow the innovation fund a period of not more than 120 days in which to address such noncompliance. If after 120 days the innovation fund remains in noncompliance, the board may revoke the fund’s certification. The authority will not issue tax credit certificates to investors in an innovation fund if such equity investments are made at any point after the innovation fund has been found to be in noncompliance or if the innovation fund’s certification has been revoked.

116.4(2) On or before December 31 of each year, each certified innovation fund shall collect and provide to the board, in the manner and form prescribed by the authority, the following information:

a. The amount of equity investments made in the innovation fund, both on an annual and a cumulative basis.

b. For each investment by an innovation fund in a business:

(1) The amount and date of the investment.

(2) The name and industry of the business.

(3) The location or locations from which the business operates.

(4) The number of employees of the business located in Iowa and the number of employees of the business located outside Iowa on the date of the initial investment by the innovation fund in the business.

(5) The number of employees of the business located in Iowa and the number of employees of the business located outside Iowa at the close of the fiscal year which is the subject of the report.

c. In order to establish that an innovation fund has met the criterion found in subparagraph 116.3(3)”b”(5), the innovation fund shall provide documentation and information in the manner and form required by the authority. Such documentation and information may include, without limitation,
contracts, memoranda of understanding, letters of support, affidavits, joint press releases, or a list and summary description of the dates and locations for meetings held between the innovation fund and the other entities which allowed for collaboration and coordination between the innovation fund and those entities in an effort to achieve policy consistency.

d. In order to establish that an innovation fund has met the criterion found in subparagraph 116.3(3)“b”(6), the innovation fund shall provide documentation and information in the manner and form required by the authority. Such documentation and information may include, without limitation, contracts, memoranda of understanding, letters of support, affidavits, joint press releases, or a list and summary description of the dates and locations for meetings held between the innovation fund and regents institutions, the names of representatives of regents institutions with whom the innovation fund has met, and a brief summary of the discussions at those meetings. The innovation fund shall also indicate if any business in which it has invested is commercializing research developed at one of the regents institutions.

116.4(3) Upon obtaining the required minimum threshold of $15 million in binding investment commitments, an innovation fund shall submit a statement containing the names, addresses, equity interests issued and consideration paid for the interests of all limited partners or members who may initially qualify for the tax credits. An innovation fund shall submit an amended statement as may be necessary from time to time to reflect new equity interests or transfers in equity among current equity holders or as any other information on the list may change. The authority will consider requests submitted under Iowa Code section 15.118 to treat investor names and amounts as confidential.

116.4(4) The board may revoke an innovation fund’s certification if any of the following events occur:

a. An innovation fund fails to secure the required $15 million in initial binding investment commitments within one year of the date of certification by the board or fails at any point thereafter to secure investment from its investors of at least $15 million. If an investor in an innovation fund fails to make a capital call by the innovation fund and that failure would cause the innovation fund to fail to secure the required minimum $15 million in investment, then the authority will provide the innovation fund a period of not more than 120 days after receiving notice of the failed capital call to secure additional investment commitments sufficient to meet the required minimum investment.

b. An innovation fund fails to timely submit the report required in subrule 116.4(2).

c. An innovation fund fails to maintain the eligibility criteria as set forth in subrule 116.3(3).

The board may forbear revocation under this subrule for good cause shown or for demonstration of extenuating circumstances. Such forbearance shall be at the board’s discretion and for the period of time determined by the board to be in the best interest of the program and the state of Iowa.

116.4(5) If the board finds that a fund is in noncompliance or revokes an innovation fund’s certification, the board will not issue tax credit certificates to investors in the innovation fund until the innovation fund manager demonstrates to the board that the innovation fund again meets the eligibility criteria set forth in rule 261—116.3(15E). If an investor makes an equity investment prior to a notice of noncompliance and a revocation of an innovation fund’s certification, the board will issue the tax credit certificate as set forth in rule 261—116.6(15E). If an investor is issued a tax credit certificate prior to a revocation of certification, the investor shall have all the rights described in Iowa Code section 15E.52(5).

[ARC 1098C; IAB 10/16/13, effective 10/1/13]

261—116.5(15E) Application for the investment tax credit certificate. Upon certification and registration by the authority of an innovation fund, a taxpayer may make equity investments in the fund and may apply for an investment tax credit certificate for each equity investment made in a certified innovation fund by submitting an application to the authority for approval by the board and providing such other information and documentation as may be requested by the authority. Application forms for the investment tax credit certificate may be obtained by contacting the Economic Development Authority, 200 East Grand Avenue, Des Moines, Iowa 50309. Applications shall be submitted to the authority at the address identified above. Each application shall be date- and time-stamped by the
authority in the order in which such applications are received. Applications for the investment tax credit shall be accepted by the authority until March 31 of the year following the calendar year in which the taxpayer’s equity investment is made.

261—116.6(15E) Approval, issuance and distribution of investment tax credits.

116.6(1) Approval. Upon certification and registration by the authority of an innovation fund and approval of the taxpayer’s application, the board will approve the issuance of a tax credit certificate to the applicant. The board shall not issue a certificate to a taxpayer for an equity investment in an innovation fund until such fund has been certified as an innovation fund pursuant to rule 261—116.3(15E).

116.6(2) Issuance. Applicants shall receive tax credit certificates on a first-come, first-served basis until the maximum aggregate amount of credits authorized for issuance has been reached for any fiscal year. The board shall not issue a tax credit certificate prior to September 1, 2014.

116.6(3) Waiting list. If, during any fiscal year during which tax credits are to be issued under this chapter, applications totaling more than the maximum aggregate amount are received and approved, the board will establish a waiting list for certificates. Applications that were approved but for which certificates were not issued shall be placed on the waiting list in the order the applications were received by the board. If applications were placed on the waiting list, the authority shall:

a. Issue tax credit certificates to the taxpayers for such waitlisted tax credits before issuing any new tax credits to later applicants, and

b. Apply the aggregate amount of the waitlisted credits against the total amount of tax credits to be issued during the subsequent fiscal year before approving or issuing additional tax credits.

116.6(4) Preparation of the certificate. The tax credit certificate shall be in a form approved by the authority and shall contain the taxpayer’s name, address, and tax identification number, the amount of credit, the name of the innovation fund, the year in which the investment was made and any other information that may be required by the department of revenue. In addition, the tax credit certificate shall contain the following statement:

Neither the authority nor the board has recommended or approved this investment or passed on the merits or risks of such investment. Investors should rely solely on their own investigation and analysis and seek investment, financial, legal and tax advice before making their own decision regarding investment in this fund.

116.6(5) Credit amount. A tax credit for investment in an innovation fund is equal to 25 percent of the taxpayer’s equity investment in the fund.

116.6(6) Maximum aggregate limitation. The maximum aggregate amount of tax credits issued pursuant to this chapter shall not exceed the amount allocated by the board pursuant to Iowa Code section 15.119(2). For fiscal year 2012 and all subsequent fiscal years, that amount is $8 million per year.

[ARC 0009C, IAB 2/8/12, effective 3/14/12; ARC 1098C, IAB 10/16/13, effective 10/1/13]

261—116.7(15E) Transferability of the tax credit.

116.7(1) Transfer. Tax credit certificates issued pursuant to this rule may be transferred, in whole or in part, to any person or entity. Within 90 days of transfer, the transferee shall submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee’s name, tax identification number, and address, the denomination that each replacement tax credit certificate is to carry, and any other information required by the department of revenue.

116.7(2) Only one transfer allowed. A tax credit certificate shall only be transferred once.

116.7(3) Replacement certificate. Within 30 days of receiving the transferred tax credit certificate and the transferee’s statement, the Iowa department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate. A replacement tax credit certificate may designate a different tax than the tax designated on the original tax credit certificate.

116.7(4) Claiming a transferred tax credit. A tax credit shall not be claimed by a transferee until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The
transferee may use the amount of the tax credit transferred against the taxes imposed in Iowa Code chapter 422, divisions II, III, and V, and in Iowa Code chapter 432, and against the moneys and credits tax imposed in Iowa Code section 533.329, for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included as income under Iowa Code chapter 422, divisions II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under Iowa Code chapter 422, divisions II, III, and V. For more information on claiming transferred tax credits, see department of revenue rule 701—42.22(15E,422).

[ARC 1098C, IAB 10/16/13, effective 10/1/13]

261—116.8(15E) Vested right in the tax credit. A certificate and related tax credit issued pursuant to Iowa Code section 15E.52 shall be deemed a vested right of the original holder or any transferee thereof, and the state shall not cause either to be redeemed in such a way that amends or rescinds the certificate or that curtails, limits, or withdraws the related tax credit, except as otherwise provided in rules 261—116.6(15E) and 261—116.7(15E) or upon consent of the proper holder. A certificate issued pursuant to this rule cannot pledge the credit of the state, and any such certificate so pledged to secure the debt of the original holder or a transferee shall not constitute a contract binding the state. A taxpayer does not obtain a vested right in such a tax credit until a certificate has been issued by the authority.

[ARC 1098C, IAB 10/16/13, effective 10/1/13]

261—116.9(15E) Claiming the tax credits. [ARC 1825C, IAB 1/21/15, effective 2/25/15]

261—118.4(15) Program description, disbursement of funds, and contract administration.

118.4(1) Program description. The program established in this chapter provides financial assistance to certain strategic infrastructure projects. The board, after considering the recommendations made by the council, will determine which projects to fund and how much should be awarded to each project. The director and staff of the authority will collect and process applications from applicants, advise the council and the board as to the available program funding, and help evaluate whether a proposed project meets the requirements of the program. The council will review applications meeting the program requirements, score them according to the criteria described in rule 261—118.7(15), and make recommendations to the board as to the completeness of applications and as to which projects to fund, how much to award to each project, and the type of financial assistance to be provided. While the council’s recommendations are advisory and are not binding upon the board, the board will not take final action on an award unless the council has first considered the project, scored it, and made a recommendation. The board may approve an award for a project, decline to award a project, or refer a project back to the council for further review and recommendation.

118.4(2) Disbursement of funds. The authority will disburse funds to a project only after a complete application has been received, an award has been recommended by the council and approved by the board, a contract has been executed between the applicant and the authority, and all applicable conditions for disbursement have been met, including the submission of documentation pertaining to the eligible expenditures. Disbursement of funds under the contract will be on a reimbursement basis for expenses incurred by the applicant as provided under the contract.
118.4(3) **Contract administration.** The authority will prepare a contract for each project receiving an award from the board. The contract will reflect the terms of the award and may include other terms and conditions reasonably necessary for implementation of the program pursuant to this chapter. Substantial amendments to a contract must be approved by the board. The board may refer substantial amendments to the council for review and recommendation. Substantial amendments include the amount of financial assistance, the length of the contract, whether to terminate the contract, and the terms of a settlement following an event of default. Other changes or amendments to the contract may be negotiated by the authority with the approval of the director.

[ARC 1825C; IAB 1/21/15, effective 2/25/15]

261—118.5(15) **Program eligibility and application requirements.** To be eligible for financial assistance under the program, an applicant shall meet all of the following requirements:

118.5(1) The applicant must describe in detail the nature, scope, design, and goals of the project, including the relationships of the entities and individuals involved, and in addition, the applicant must explain how the project fulfills the requirements of each of the subrules in this rule. The council and the board will use the description for purposes of scoring the project pursuant to rule 261—118.7(15).

118.5(2) The applicant must propose to develop a commonly utilized asset that either benefits one or more private sector entities or that creates necessary physical infrastructure in the state.

118.5(3) The applicant must propose to develop a project that is not adequately provided by the public or private sectors.

118.5(4) The applicant must propose a project that includes vertical infrastructure improvement developments, facilities and equipment upgrades, or the redevelopment or repurposing of underutilized property or other assets and must describe how and to what extent the project will attract additional public or private sector investment and how the project will result in broad-based prosperity in the state.

118.5(5) The applicant must describe the project’s proposed financing structure, including the sources of funds and the proposed uses of the funds, and must propose the manner in which any financial assistance received under the program will be used.

261—118.6(15) **Application submittal and review process.**

118.6(1) The authority will develop a standardized application process and make information on applying available to applicants with eligible projects. To apply for assistance under the program, an applicant shall submit an application to the authority. Applications may be sent to the Economic Development Authority, 200 East Grand Avenue, Des Moines, Iowa 50309. Required forms and instructions are available by contacting the authority at that address. Other information may also be found on the authority’s Internet site at www.iowaeconomicdevelopment.com.

118.6(2) The board has final decision-making authority on requests for financial assistance for this program. Applications will be accepted and processed by authority staff and reviewed and scored by the council. Applications will be reviewed in the order received by the authority. The authority and the board will consider applications on a continuing basis. The board will take final action on all applications for financial assistance; however, the authority may refuse to accept incomplete applications or may refuse to accept applications because of insufficient funds. The council will score applications according to the criteria specified in rule 261—118.7(15). There is no minimum score required for funding under the program; however, a lower score indicates that the council views the project less favorably than a project with a higher score.

[ARC 1825C; IAB 1/21/15, effective 2/25/15]

261—118.7(15) **Application scoring criteria.** When applications for financial assistance under the program are reviewed, the criteria below will be considered and the application scored as described. When scoring the application according to each of the criteria below, to the extent that a proposed project involves multiple public and private sector entities, for-profit and nonprofit organizations, and economic development and educational institutions, the council will review such partnerships as
indicating that a commonly utilized asset is being proposed and therefore may award more points under each criterion. The criteria under which each application will be scored are:

118.7(1) The overall quality of the project, especially as reflected in the description and explanation submitted pursuant to subrule 118.5(1): 20 points.

For purposes of this subrule, the council will consider a project’s estimated economic impact and the extent to which it contributes to the overall quality of the project. The council will also consider the structure of the proposed project and the nature of the partnerships proposed to be formed as part of the proposed project.

118.7(2) The extent to which the commonly utilized asset proposed by the project benefits one or more private sector entities and the extent to which the commonly utilized asset creates necessary physical infrastructure in the state: 20 points.

For purposes of this subrule, more points will be awarded to projects demonstrating greater benefits or benefits to more entities and to projects demonstrating more critical necessary physical infrastructure.

118.7(3) The extent to which the proposed project provides benefits that are not adequately provided by the public or private sectors: 20 points.

118.7(4) The importance of the vertical infrastructure improvement developments, facilities and equipment upgrades, or the redevelopment or repurposing of underutilized property or other assets that are proposed, the extent to which the proposed project will attract additional public or private sector investment, and the likelihood that the project will result in broad-based prosperity in the state: 20 points.

118.7(5) The sufficiency of the proposed project’s financing structure, the feasibility of the sources of funds, and the appropriateness of the proposed uses of the funds: 20 points.

For purposes of this subrule, the council will consider a proposed project’s overall financing gap and the total amount of funds leveraged from other sources.

[ARC 1825C, IAB 1/21/15, effective 2/25/15]

261—118.8(15) Notice of award and reporting.

These rules are intended to implement Iowa Code section 15.313.

261—171.2(15A) Brownfield areas, blighted areas and distressed areas. To be eligible to receive the extra credit points, the person or business shall be located in an area that meets one of the following criteria:

1. The area is a brownfield site as defined in Iowa Code section 15.291.
2. The area is a blighted area as defined in Iowa Code section 403.17.
3. The area is located in a city or county that meets the distress criteria provided under the enterprise zone program in Iowa Code section 15E.194, subsection 1 or 2.

261—171.3(15A) Good neighbor agreements. Pursuant to Iowa Code section 15A.4, for any program providing financial assistance for economic development in which the assistance is provided on a competitive basis, a business which enters into a good neighbor agreement shall receive extra consideration of at least ten points or the equivalent.

171.3(1) Definition. A good neighbor agreement is an enforceable contract between the business and a community group or coalition of community groups which requires the business to adhere to negotiated environmental, economic, labor, or other social and community standards.

These rules are intended to implement Iowa Code chapter 15A and 2007 Iowa Acts, House File 647.

[Filed emergency 6/15/07—published 7/4/07, effective 6/15/07]
[Filed 8/22/07, Notice 7/4/07—published 9/26/07, effective 10/31/07]
[Filed ARC 0442C (Notice ARC 0293C, IAB 8/22/12), IAB 11/14/12, effective 12/19/12]
261—172.1(15A) Environmental law compliance. Iowa Code section 15A.1(3) provides that a state agency shall not provide a grant, loan, or other financial assistance to a private person or on behalf of a private person unless the business for whose benefit the financial assistance is to be provided makes a report detailing the circumstances of its violations, if any, of a federal or state environmental protection statute, regulation, or rule within the previous five years. The state agency shall take into consideration before allowing financial assistance this report of the business. If the business generates solid or hazardous waste, the business must conduct and submit documentation of in-house audits and must submit a copy of the management plan developed to reduce the amount of the waste and to safely dispose of the waste.

172.1(1) Environmental report submitted. Any individual or business applying for assistance through the authority shall report on the application for assistance any cited violation(s) of federal or state environmental statutes, regulations or rules within the past five years and detail the circumstances of the violation(s). If the individual or business fails to report a violation(s) and the authority discovers such violation(s), the individual or business shall be declared ineligible to receive assistance until such time as the report is submitted.

172.1(2) Ineligibility for assistance. Any individual or business which has been referred by the department of natural resources to the attorney general for an environmental violation(s) shall be ineligible to receive assistance from the authority until such time as the violation(s) has been determined to be corrected.

172.1(3) In-house audit. If the individual or business generates solid or hazardous waste, that individual or business shall be required to conduct an in-house audit and have management plans to reduce the amount of waste and to safely dispose of the waste. If the individual or business has conducted an in-house audit and developed a management plan within the last three years, submission of a copy of the audit and management plan will fulfill this requirement. If the individual or business has not conducted an audit within the past three years, the individual or business must initiate the audit prior to the authority’s disbursement of financial assistance and submit a copy of the completed audit within 90 days of disbursement of the financial assistance.

172.1(4) External audit. In lieu of an in-house audit, the individual or business may elect to authorize the department of natural resources or the Iowa waste reduction center established under Iowa Code section 268.4 to conduct the audit. A copy of the authorization for the department of natural resources or the Iowa waste reduction center to conduct the audit shall be submitted to the authority prior to the authority’s disbursement of financial assistance. Within 30 days of receipt of the audit, the individual or business must submit to the authority a copy of the completed audit conducted by the department of natural resources or by the Iowa waste reduction center.

[ARC 0442C, IAB 11/14/12, effective 12/19/12]

261—172.2(15A) Violations of law. Financial assistance applications shall be reviewed by the authority to determine if the business has a record of violations of the law over a period of time that tends to show a consistent pattern. The business shall provide the authority with a report detailing violations of law within the most recent consecutive three-year period prior to application. If the authority finds that a business has a record of violations of the law that tends to show a consistent pattern, the business shall not be eligible to receive financial assistance unless the authority finds that the violations did not seriously affect public health or safety or the environment, or if the authority did find that the violations seriously affected public health or safety or the environment, that there were mitigating circumstances. In making the findings and determinations regarding violations, mitigating circumstances, and whether the business
is disqualified for tax incentives and assistance under the program, the authority shall be exempt from Iowa Code chapter 17A.

   - The contract between the third-party provider and the business specifically requires the third-party provider to submit payroll records to the authority, in form and content and at the frequency found acceptable to the authority, for purposes of verifying that the business’s job creation/retention and benefit requirements are being met.
   - The contract between the third-party provider and the business specifically authorizes the authority, or its authorized representatives, to access records related to the funded project.
   - The business receiving the tax incentives or project completion assistance agrees to be contractually liable to the authority for the performance or nonperformance of the third-party provider.

“Equity investment” means common or preferred corporate stock or warrants to acquire such stock, membership interests in limited liability companies, partnership interests in partnerships, or near equity. “Full-time equivalent job” or “full-time” means the employment of one person:

1. For 8 hours per day for a 5-day, 40-hour workweek for 52 weeks per year, including paid holidays, vacations and other paid leave; or
2. The number of hours or days per week, including paid holidays, vacations and other paid leave, currently established by schedule, custom, or otherwise, as constituting a week of full-time work for the kind of service an individual performs for an employing unit, provided that the number of hours per week is at least 32 hours per week for 52 weeks per year including paid holidays, vacations, and other paid leave.

For purposes of this definition, “employment of one person” means the employment of one natural person and does not include “job sharing” or any other means of aggregation or combination of hours worked by more than one natural person.
“Grant” means an award of assistance with the expectation that, with the fulfillment of the conditions, terms and obligations of the contract with the authority for the project, repayment of funds is not required.

“Grayfield site” means the same as defined in Iowa Code section 15.291.

“Greenfield site” means a site that does not meet the definition of a brownfield site or grayfield site. A project proposed at a site located on previously undeveloped or agricultural land shall be presumed to be a greenfield site.

“ICF” means the innovation and commercialization fund created in Iowa Code section 15.412.

“IWF(2009)” means the grow Iowa values fund and financial assistance program established by Iowa Code section 15G.111 as amended by 2009 Iowa Acts, Senate File 344, section 2, and as repealed by 2011 Iowa Code Supplement section 15G.107. IVF(2009) does not include programs funded under the grow Iowa values fund prior to 2009. Rule 261—173.1(15) applies in determining which rules apply to which programs.

“Laborshed area” means the geographic area surrounding an employment center from which the employment center draws its commuting workers. The Iowa department of workforce development (IWD) determines the employment centers and defines the boundaries of each laborshed area. IWD defines laborshed areas by surveying commuters within the various zip codes surrounding an employment center, combining the zip codes into as many as three zones, and determining how many people commute from a zip code to the employment center from each zone. The zones reflect the fact that as the distance from an employment center increases, the number of people willing to commute to the employment center decreases. When determining the applicable laborshed wage, the authority will use the closest laborshed area, as determined by road distance between the employment center and the zip code of the project location.

“Laborshed wage” means the same as defined in Iowa Code section 15.327. The authority will calculate the laborshed wage as follows:

1. The most current covered wage and employment data available from IWD will be used.
2. The wage will be computed as a mean wage figure and represented in terms of an hourly wage rate.
3. Only the wages paid by employers for jobs performed within the first two zones of a laborshed area will be included.
4. The wages paid by employers in the following categories will be excluded from the calculation: government, retail trade, heath care and social assistance, and accommodations and food service. The wages paid by employers in all other categories will be included in the calculation.
5. To the extent that a laborshed area includes zip codes from states other than Iowa, the wages paid by employers in those zip codes may be included if IWD has finalized a data-sharing agreement with the state in question and has received the required data.
6. Only those wages within two standard deviations from the mean wage will be included.

“Loan” means an award of assistance with the requirement that the award be repaid with term, interest rate, and other conditions specified as part of the conditions of the award. “Loan” includes deferred loans, forgivable loans, and float loans. A “deferred loan” is one for which the payment for principal, interest, or both, is not required for some specified period. A “forgivable loan” is one for which repayment is eliminated in part or entirely if the borrower satisfies specified conditions. A “float loan” means a short-term loan (not to exceed 30 months) made from obligated but unexpended moneys.

“Maintenance period” means the period of time between the project completion date and the maintenance period completion date.

“Maintenance period completion date” means the date on which the maintenance period ends. The specific date on which the maintenance period ends will be established by contract between the authority and the business. The maintenance period completion date will be a date on or after the project completion date and will be used to establish the period of time during which the project, the created jobs, and the retained jobs must be maintained. Rule 261—187.3(15) provides standard durations for project completion and maintenance periods.
“Project” means an activity or set of activities directly related to the start-up, location, modernization, or expansion of a business, and proposed in an application by a business, that will result in the accomplishment of the goals of the program.

“Project completion,” in the case of the EZ program and HQIP, for purposes of reporting to the Iowa department of revenue that a project has been completed, means:

1. For new manufacturing facilities, the first date upon which the average annualized production of finished product for the preceding 90-day period at the manufacturing facility is at least 50 percent of the initial design capacity of the facility.
2. For all other projects, the date of completion of all improvements necessary for the start-up, location, expansion or modernization of a business.

“Project completion assistance” means financial assistance or technical assistance provided to an eligible business in order to facilitate the start-up, location, modernization, or expansion of the business in this state and provided in an expedient manner to ensure the successful completion of the start-up, location, modernization, or expansion project.

“Project completion date” means the date by which a recipient of incentives or assistance has agreed to meet all the terms and obligations contained in an agreement with the authority. The specific date on which the project completion period ends will be established by contract between the authority and the business. The project completion date will be a date on which the project must be completed, all incented jobs must be created or retained, and all other applicable requirements must be met. Rule 261—187.3(15) provides standard durations for project completion and maintenance periods.

“Project completion period” means the period of time between the date financial assistance is awarded (the “award date”) and the project completion date.

“Project initiation” means, for all programs and funding sources except EDSA, any one of the following:

1. The start of construction of new or expanded buildings;
2. The start of rehabilitation of existing buildings;
3. The purchase or leasing of existing buildings; or
4. The installation of new machinery and equipment or new computers to be used in the operation of the business’s project.

The purchase of land or signing an option to purchase land or earth moving or other site development activities not involving actual building construction, expansion or rehabilitation shall not constitute project initiation. The costs of any land purchase and site development work incurred prior to the award are not eligible qualifying investment expenses.

“Qualifying wage threshold” means the laborshed wage for an eligible business. The qualifying wage thresholds for the authority’s programs are described in 261—Chapter 174.

“Retained job” means a full-time equivalent permanent position in existence at the time an employer applies for financial assistance which remains continuously filled or authorized to be filled as soon as possible and which is at risk of elimination if the project for which the employer is seeking assistance does not proceed. The authority may require a business to verify that a job is at risk. Such verification may include the signed statement of an officer of the business, documentation that the business is actively exploring other sites for the project, or any other information the authority may reasonably require during the application review process to establish that a job is at risk.

“Sufficient benefits” means that the employer applying for financial assistance offers to each full-time equivalent permanent position a benefits package that meets one of the following:

1. The employer pays 80 percent of the premium costs for a standard medical and dental plan for single employee coverage with a $750 maximum deductible; or
2. The employer pays 50 percent of the premium costs for a standard medical and dental plan for employee family coverage with a $1,500 maximum deductible; or
3. The employer provides medical coverage and pays the monetary equivalent of paragraph “1” or “2” above in supplemental employee benefits. Benefits counted toward monetary equivalent could include medical coverage, dental coverage, vision insurance, life insurance, pension, retirement (401k),
profit sharing, disability insurance, child care services, and other nonwage compensation approved by the board.

"Technology commercialization committee" means the committee organized by the board pursuant to 261—Chapter 1.

CHAPTER 174
WAGE, BENEFIT, AND INVESTMENT REQUIREMENTS
[Prior to 7/4/07, see 261—Ch 168, div IV]

261—174.1(15) Applicability. This chapter is applicable to the programs identified in 261—173.1(15).
[ARC 7970B, IAB 7/15/09, effective 7/1/09; ARC 8145B, IAB 9/23/09, effective 10/28/09; ARC 0442C, IAB 11/14/12, effective 12/19/12]

261—174.2(15) Qualifying wage threshold calculations.

174.2(1) Annual updates. The authority will update the qualifying wage thresholds described in this chapter annually each fiscal year. The thresholds will take effect on July 1 of each fiscal year and remain in effect until the end of the fiscal year.

174.2(2) Applicability to applications. The qualifying wage threshold applicable to a project is the threshold in effect on the date the fully completed project application for the applicable program is received by the authority. If such an application is received but not acted upon by the board before the qualifying wage thresholds are updated, the thresholds in effect on the date the application was received will remain in effect for a period of three months notwithstanding that the thresholds are subsequently updated. The authority shall have sole discretion in determining whether an application is fully completed.

174.2(3) Phase-in of large increases. Notwithstanding the definition of laborshed wage in 261—Chapter 173, if the authority updates qualifying wage thresholds pursuant to subrule 174.2(1) and determines that, after calculation by IWD, the laborshed wage of a laborshed area would increase by more than one dollar per hour, the authority will limit the amount of that laborshed area’s increase for that annual update to one dollar per hour. This subrule will be applied at each annual update pursuant to subrule 174.2(1) and will be applied by measuring the result of the calculation described in the definition of laborshed area against the most recent qualifying wage threshold published pursuant to subrule 174.2(1). Thus, this subrule will be applied in such a manner as to phase in the full amount of an earlier increase over more than one subsequent update. For example, if, at one annual update, a laborshed wage would increase by three dollars per hour over the current qualifying wage threshold, the authority will limit the amount of the increase in that first annual update to one dollar. But if, at the second annual update, the laborshed wage calculation performed pursuant to 261—Chapter 173 remains what it was at the time of the first annual update, then the authority will apply up to one additional dollar at the second annual update, and so on.

174.2(4) Effective date and applicability. The laborshed-based qualifying wage thresholds adopted in 2012 Iowa Acts, House File 2473, are effective beginning on July 1, 2012, and the authority will apply the provisions of this rule to all qualifying wage threshold calculations made or updated on or after that date.
[ARC 7970B, IAB 7/15/09, effective 7/1/09; ARC 8145B, IAB 9/23/09, effective 10/28/09; ARC 0442C, IAB 11/14/12, effective 12/19/12]

261—174.3(15) Qualifying wage threshold requirements—prior to July 1, 2009. 2009 Iowa Acts, Senate File 344, became effective on July 1, 2009. 2009 Iowa Acts, Senate File 344, repealed a number of programs administered by the department, established IVF(2009), and transferred moneys from prior programs to the IVF(2009). This resulted in a simplification of state financial assistance programs. The following subrules regarding qualifying wage thresholds apply to awards made on or before June 30, 2009. This rule shall apply to the prior programs and funding sources until such time as the contracts for these prior programs are closed by the department.

174.3(1) Qualifying wage threshold requirement—projects receiving IVF(FES) assistance. Awards funded during the time period beginning July 1, 2003, but before June 16, 2004, from IVF(FES) shall meet the wage requirements in effect at that time as reflected in the contract between the department and the business. Awards funded after June 16, 2004, using IVF(FES) moneys shall meet the qualifying wage thresholds for the programs through which funding is sought.

174.3(2) Qualifying wage threshold requirement—projects receiving IVF (2005) assistance. In order to receive financial assistance from the IVF (2005), applicants shall demonstrate that the annual wage,
including benefits, of project jobs is at least 130 percent of the average county wage. If an applicant is applying for IVF (2005) moneys, the department will first review the application to ensure that the IVF (2005) wage requirement is met. The department will then review the application for compliance with the requirements of the department program from which financial assistance is to be provided.

174.3(3) Qualifying wage threshold requirement—projects funded by program funds (“old money”). Prior to July 1, 2003, direct financial assistance programs administered by the department were funded through state appropriations. After the creation of IVF(FES) and IVF (2005), these programs no longer received separate state appropriations. These programs were funded with IVF(FES) and IVF (2005) moneys. Moneys remaining, recaptured or repaid to these program funds remain available for awarding to projects. The department will review an application for compliance with the requirements of the department program from which financial assistance is to be provided.

174.3(4) Qualifying wage threshold requirement—projects receiving ESDA funds. ESDA is the job creation component of the federal CDBG program. The department will review an application for compliance with the federal CDBG ESDA requirements.

174.3(5) Qualifying wage thresholds, by funding source and by program.

#### 174.5(3) EDSA. Rescinded IAB 6/24/15, effective 7/29/15.

#### 174.5(4) Higher wage threshold applies if multiple programs are used in a project. Notwithstanding the qualifying wage threshold requirements for each program, if a business is a recipient of financial assistance from more than one program administered by the authority and the qualifying wage thresholds are not the same, the business shall be required to pay the higher qualifying wage for the project.

#### 261—174.6(15) Qualifying wage threshold requirements—effective on or after July 1, 2014.

2014 Iowa Acts, House File 2448, (“the Act”) became effective on July 1, 2014. Among other things, the Act changed the qualifying wage thresholds applicable to HQJP and repealed the EZ program. As of July 1, 2014, the qualifying wage thresholds described in this rule shall be in effect.

174.6(1) **Enterprise zone (EZ) program.** The qualifying wage threshold requirement applicable to the EZ program is 90 percent of the laborshed wage. The wage threshold described in this subrule continues to apply to agreements entered into before July 1, 2014. However, no new agreements may be entered into on or after July 1, 2014.

174.6(2) **High quality jobs program (HQJP).** The qualifying wage threshold requirement applicable to HQJP is 120 percent of the laborshed wage unless subrule 174.6(3) or 174.6(4) applies to a project.

174.6(3) **HQJP projects in distressed areas.**

a. Notwithstanding subrule 174.6(2), the qualifying wage threshold requirement applicable to an HQJP project may be lowered to 100 percent of the laborshed wage if the eligible business is located in an economically distressed area.

b. For purposes of this subrule, “economically distressed area” means a county that ranks among the bottom 33 of all Iowa counties, as measured by either the average monthly unemployment level for the most recent 12-month period or the average annualized unemployment level for the most recent five-year period.

c. The authority will update the list of economically distressed areas according to the same schedule as the qualifying wage thresholds are updated pursuant to subrule 174.2(1) and will apply the provisions of subrule 174.2(2) to the list of economically distressed areas in the same manner.

174.6(4) **HQJP projects at brownfield or grayfield sites.**

a. Notwithstanding subrule 174.6(2), the qualifying wage threshold requirement applicable to an HQJP project may be lowered to 90 percent of the laborshed wage if the eligible business is located
at a brownfield site. The qualifying wage threshold for a brownfield site may be lowered to 90 percent regardless of where the project site is located as long as the project meets the requirements of a brownfield site.

b. Notwithstanding subrule 174.6(2), the qualifying wage threshold requirement applicable to an HQJP project may be lowered to 100 percent of the laborshed wage if the eligible business is located at a grayfield site. The qualifying wage threshold for a grayfield site may be lowered to 100 percent regardless of where the project site is located as long as the project meets the requirements of a grayfield site.

c. The authority may consult with the brownfield redevelopment advisory council established pursuant to Iowa Code section 15.294 in order to make a determination as to whether a project site meets the requirements of a brownfield site or grayfield site for purposes of this subrule. The determination as to whether a project site qualifies as a brownfield or grayfield site shall be within the discretion of the authority. In making such determinations, the authority will attempt to apply the same definition in substantially the same manner as similar definitions are applied by the brownfield redevelopment advisory council.

d. A project that does not meet the requirements of a brownfield site or grayfield site will be presumed to be a greenfield site.

261—174.7(15) Job obligations. Jobs that will be created or retained as a result of a project’s receiving state or federal financial assistance, project completion assistance, or tax incentives from the authority shall meet the qualifying wage threshold requirements. Jobs that do not meet the qualifying wage threshold requirements will not be counted toward a business’s job creation or job retention obligations contained in the contract between the authority and the business. A business’s job obligations shall include the business’s base employment level and the number of new jobs required to be created above the base employment level.

261—174.9(15) Sufficient benefits requirement—on or after July 1, 2009.

174.9(1) Requirement. To be eligible to receive state financial assistance, project completion assistance, or tax incentives, applicants shall offer sufficient benefits to each FTE permanent position. The term “sufficient benefits” is defined in rule 261—173.2(15). The board may consider alternative benefits packages or may adjust the requirement described in this rule to reflect the most current benefits package typically offered by employers.

174.9(2) Options. An employer meeting one of the following options will be found to meet the sufficient benefits requirement:
261—174.10(15) Capital investment, qualifying investment for tax credit programs, and investment qualifying for tax credits.

174.10(1) Capital investment. The authority reports on the amount of capital investment involved with funded projects. This rule lists the categories of expenditures that are included when the authority determines the amount of capital investment associated with a project.

174.10(2) Qualifying investment for tax credit programs. For the tax credit programs (EZ and HQJP), there are statutorily required minimum investment thresholds that must be met for the project to be considered to receive an award. Not all expenditures count toward meeting the investment threshold. This rule identifies the categories of expenditures that can be included when the amount of investment is calculated for purposes of meeting program eligibility threshold requirements.

174.10(3) Investment qualifying for tax credits. Not all of the expenditures categories used to calculate the investment amount needed to meet program threshold requirements qualify for purposes of claiming the tax credits. The following table identifies the expenditures that do not qualify for tax credits.

CHAPTER 175
APPLICATION REVIEW AND APPROVAL PROCEDURES

261—175.1(15) Applicability. This chapter shall apply to the programs listed in rule 261—173.1(15) and to other state and federal programs identified in this chapter. This chapter describes the application review and approval procedures and the role of the advisory groups or board committees and identifies the final decision maker for each program.

[ARC 7970B, IAB 7/15/09, effective 7/1/09; ARC 8145B, IAB 9/23/09, effective 10/28/09; ARC 0442C, IAB 11/14/12, effective 12/19/12]

261—175.2(15) Application procedures for programs administered by the authority.

175.2(1) Financial assistance programs. The authority administers a number of programs that provide direct financial assistance of various types for approved projects. This includes ongoing administration of agreements executed under certain prior programs, such as the grow Iowa values fund and the power fund, that have been repealed. The authority will receive applications for direct assistance under current programs and will continue to receive amendment requests for contracts entered into under former programs. Beginning on July 1, 2012, most new applications for direct assistance will be received as requests for project completion assistance under HQJP.

175.2(2) IVF (2005). Rescinded IAB 7/15/09, effective 7/1/09.

175.2(3) Projects funded by program funds ("old money"). Rescinded IAB 7/15/09, effective 7/1/09.

175.2(4) Tax credit programs. The authority administers tax credit programs that provide tax incentives for approved projects. The authority will review an application to ensure that the project meets the requirements for the tax credit programs through which an applicant is applying.

175.2(5) Federal programs. The authority administers federal programs including, but not limited to, the CDBG program. EDSA is the job creation component of the CDBG program. The authority will review an application to ensure that the project meets the requirements for the programs through which an applicant is applying.

175.2(6) Other state programs. In addition to the programs described herein, the authority administers other state programs. The authority will review an application to ensure that the project meets the requirements for the tax credit programs through which an applicant is applying.

175.2(7) Application required. A business or community seeking financial assistance or tax credit benefits from an authority program shall submit an application to the authority. The applicant shall comply with the authority’s application procedures, processes, rules, and, as applicable, the wage and benefit requirements for that program and its funding source. Application forms and directions for completing the forms are available online at the authority’s Web site at www.iowalifeflashing.com or at the authority’s offices located at 200 East Grand Avenue, Des Moines, Iowa 50309.

[ARC 7970B, IAB 7/15/09, effective 7/1/09; ARC 8145B, IAB 9/23/09, effective 10/28/09; ARC 9754B, IAB 9/21/11, effective 10/26/11; ARC 0442C, IAB 11/14/12, effective 12/19/12]

261—175.3(15) Standard program requirements. In addition to the eligibility requirements of the individual programs applicable to the financial assistance sought, an applicant shall be subject to all of the following requirements which the authority shall also incorporate into each agreement as continuing obligations and conditions for the receipt of incentives or assistance under the program:

175.3(1) Environmental and worker safety. The applicant shall submit to the authority with its application for financial assistance a report describing all violations of environmental law or worker safety law within the last five years. If, upon review of the application, the board finds that a business has a record of violations of the law, statutes, rules, or regulations that tends to show a consistent pattern, the board shall not make an award of financial assistance to the business unless the board finds either that the violations did not seriously affect public health, public safety, or the environment or, if such violations did seriously affect public health, public safety, or the environment, that mitigating circumstances were present.
175.3(2) Sustained operations. The applicant shall comply with the provisions of 261—subrule 68.2(2) regarding relocations within the state and reductions in operations.

175.3(3) Competition. The proposed project shall not negatively impact other businesses in competition with the business being considered for assistance. The authority shall make a good faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for financial assistance. The authority shall make a good faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for financial assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

175.3(4) Legally authorized employment. The applicant shall only employ individuals legally authorized to work in this state. In addition to any and all other applicable penalties provided by current law, all or a portion of the assistance received by a business which has received financial assistance under the program and is found to knowingly employ individuals not legally authorized to work in this state is subject to recapture by the authority.

[ARC 7970B, IAB 7/15/09, effective 7/1/09; ARC 8145B, IAB 9/23/09, effective 10/28/09; ARC 9754B, IAB 9/21/11, effective 10/26/11; ARC 0442C, IAB 11/14/12, effective 12/19/12]

261—175.4(15) Review and approval of applications.

175.4(1) Staff review for eligibility. Applications received by the authority will be reviewed by program staff to ensure that documentation of minimum program eligibility requirements has been submitted by the applicant. Complete applications will be forwarded to the appropriate decision maker for action.

175.4(2) Additional review factors. In addition to reviewing an application for eligibility, the authority and the board may consider additional factors. Upon review of these additional factors, the board may determine that the applicant is ineligible to receive assistance until such time as the pending resolution of any outstanding issues identified by the board. Additional factors to be considered include:

a. Applicant’s past or current performance. If an applicant has received a prior award(s) from the authority, the authority and board will take into consideration the applicant’s past or current performance under the prior award(s).

b. Results of due diligence review. This review will include, but is not limited to, lien searches, reports of violations, lawsuits and other relevant information about the applicant.

c. Report on environmental law compliance. This report is required by rule 261—172.1(15A) and applicable program statutes.

d. Report on violations of law. This report is required by rule 261—172.2(15A) and applicable program statutes.

175.4(3) Negotiations. Authority staff may negotiate with the applicant concerning dollar amounts, terms, collateral requirements, conditions of award, or any other elements of the project. The board or director may offer an award in a lesser amount or that is structured in a manner different from that requested. Meeting minimum eligibility requirements does not guarantee that assistance will be offered or provided in the manner sought by the applicant.

175.4(4) Application approval procedures.

a. Approval. Application approval procedures must comply with the statutory requirements for each individual program or funding source and the applicable administrative rules. In general, the approval process begins with review of a completed application by authority staff. After review by staff, the application may be sent to a committee for further recommendation followed by final action on the application by the board or by the director, as the case may be. The director may take action on any application or activity that is not specifically identified as requiring board action. The authority’s various programs and the application procedures are described in paragraph “e,” which contains the applicable recommending and approving entities by funding source and program.

261—175.5(15) Local match requirements for project awards.
175.5(1) Requirements. An applicant seeking tax incentives or assistance under one of the programs subject to this chapter shall include a local match for the project. The amount of the local match shall be as follows:
   a. For projects seeking direct assistance under any program except EDSA, the amount of the local match shall be 20 percent of the amount of direct financial assistance requested. For projects seeking direct financial assistance under EDSA, the amount of the local match shall be 10 percent of the amount requested.
   b. For projects seeking tax incentives, the local match shall be one of the following:
      (1) A tax abatement or exemption for the project as provided under Iowa Code chapter 427B. The amount of such a local abatement or exemption will be determined according to the period of partial exemption described in Iowa Code section 427B.3.
      (2) Any other acceptable form of local match, as described in this rule, provided the amount of such match is equal to or greater than the value of the tax abatement or exemption described in subparagraph (1).
   c. For projects seeking both direct assistance and tax incentives, the amount of local match will be based on the amount required for each form of assistance.

175.5(2) Entities that may provide a local match. When a local match is required, the match may come from a local government entity, a local development organization or chamber of commerce, a utility company, a local nonprofit entity such as a foundation, institution, or endowment, or a council of government.

175.5(3) Acceptable forms of local match. The following types of contributions to a project qualify as acceptable forms of local match:
   a. Cash contributions such as grants, loans, forgivable loans, gifts, and endowments.
   b. Revolving loan funds provided that if a revolving loan fund is the only form of local match the interest rate and term match the terms of the direct assistance to be provided by the authority.
   c. Tax abatement or exemption.
   d. Industrial property tax exemption.
   e. Tax increment financing, including rebates.
   f. Bond financing, including general obligation bonds, tax increment financing bonds, and revenue bonds.

   i. Differentials in rates provided by service providers, including water and sewer service, electric service, and gas or other services.

175.5(4) Exception. If a project is seeking only tax incentives and the project will not increase local tax revenues, then a local match is not required.

These rules are intended to implement Iowa Code chapters 15 and 15E and 2011 Iowa Code Supplement chapter 15G, subchapter I.

The contract will establish the duration of the project period and maintenance period. Requests to change the project completion date and the maintenance period completion date shall follow the process for an amended award or contract as described in rule 261—187.4(15).

187.3(2) Projects receiving assistance from programs covered by this chapter shall conform to the time periods established by this rule.

187.3(3) By the project completion date, a recipient shall have completed the project as required by the contract. The jobs and project shall be maintained through the end of the maintenance period completion date. The project completion date is calculated by the authority from the end of the month during which an award is made. For example, if an award is made on June 13, 2007, the three-year project completion date will be calculated from June 30, 2007. The project completion date for this award would be June 30, 2010. The maintenance period completion date would be June 30, 2012.

187.3(4) The following table describes, by program, the length of the project completion period and the maintenance period:

261—187.4(15) Contract and award amendment approval procedures.

187.4(1) General rule. Generally, the final decision maker that approved the initial award shall approve any amendments or changes to that award.

187.4(2) Contract amendments.

a. General. In general, the amendment process for both awards and contracts mirrors the application process. That is, the same entity that recommended the initial application will also recommend the amendment, and the same entity that had final approval of the initial application will have final approval of the amendment. As with awards, contract amendments must comply with the statutory requirements for each individual program or funding source and the applicable administrative rules. In general, the amendment process begins with review of an amendment request by authority staff. After review by staff, the amendment may be sent to a committee for further recommendation followed by final action on the amendment by the board or by the director, as the case may be. The director may take action on any amendment that is not specifically identified as requiring board action. The authority’s various programs and the amendment procedures are described in paragraph 187.4(2)“c,” which contains the applicable recommending and approving entities by funding source and program.

d. Exception. Notwithstanding paragraph 187.4(2)“c,” the director may approve contract amendments for the targeted industries internship program consistent with Iowa Code section 15.106C without board approval.

187.4(3) Amendments and other requests the authority is authorized to implement. The authority is authorized by the board to take action on nonsubstantive changes, including but not limited to the following:

a. Recipient name, address and similar changes.

b. Collateral changes that are the same or better security than originally approved by the board or director (e.g., securing a letter of credit to replace a UCC blanket filing) or collateral changes that do not materially and substantially impact the authority’s security.

c. Line item budget changes that do not reduce overall total project costs.

d. Loan repayment amounts or due dates that do not extend the final due date of a loan.

[ARC 7970B, IAB 7/15/09, effective 7/1/09; ARC 8145B, IAB 9/23/09, effective 10/28/09; ARC 0442C, IAB 11/14/12, effective 12/19/12]

261—187.5(15) Default.

187.5(1) Events of default. The authority may, for cause, determine that a recipient is in default under the terms of the contract. The reasons for which the authority may determine that the recipient is in default of the contract include, but are not limited to, any of the following:

a. Any material representation or warranty made by the recipient in connection with the application that was incorrect in any material respect when made.

b. A material change in the business ownership or structure that occurs without prior written disclosure and the permission of the authority.

c. A relocation or abandonment of the business or jobs created or retained through the project.

d. Expenditure of funds for purposes not described in the application or authorized in the agreement.
e. Failure of the recipient to make timely payments under the terms of the agreement, note or other obligation.

f. Failure of the recipient to fulfill its job obligations.

g. Failure of the recipient to comply with wage or benefit packages.

h. Failure of the recipient to perform or comply with the terms and conditions of the contract.

i. Failure of the recipient to comply with any applicable state rules or regulations.

j. Failure of the recipient to file the required annual report.

k. Failure of the recipient to comply with any other provision of the agreement required pursuant to Iowa Code section 15.330 or 15.330A.

187.5(2) Layoffs or closures. If a recipient experiences a layoff within the state or closes any of its facilities within the state prior to receiving the incentives and assistance, the authority may reduce or eliminate all or a portion of the incentives and assistance. If a business experiences a layoff within the state or closes any of its facilities within the state after executing a contract to receive the incentives and assistance, the authority may consider this an event of default and the business may be subject to repayment of all or a portion of the incentives and assistance that it has received.

187.5(3) Authority actions upon default—direct financial assistance programs.

a. The authority will take prompt, appropriate, and aggressive debt collection action to recover any funds misspent by recipients.

b. If the authority determines that the recipient is in default, the authority may seek recovery of all program funds plus interest, assess penalties, negotiate alternative repayment schedules, suspend or discontinue collection efforts, and take other appropriate action as the board deems necessary.

c. Determination of appropriate repayment plan. Upon determination that the recipient has not met the contract obligations, the authority will notify the recipient of the amount to be repaid to the authority. If the enforcement of such penalties would endanger the viability of the recipient, the board may extend the term of the loan to ensure payback, stability, and survival of the recipient. In certain instances, additional flexibility in a repayment plan may be necessary to ensure payback, stability, and survival of the recipient. Flexibility in a repayment plan may include, but is not limited to, deferring principal payments or collecting monthly payments below the amortized amount. In these cases, review and approval by the board, committee or director, as applicable, are necessary before the authority may finalize the repayment plan with the recipient.

d. The authority shall attempt to collect the amount owed. Negotiated settlements, write-offs or discontinuance of collection efforts is subject to final review and approval by the board, committee or director, as applicable, and described in paragraph 187.5(3) “f.”

e. If the authority or board refers defaulted contracts to outside counsel for collection, then the terms of the agreement between the authority and the outside counsel regarding scope of counsel’s authorization to accept settlements shall apply. No additional approvals by the board, committee or director shall be required.

f. The table below describes the approval procedures that shall be followed for all negotiated settlements, write-offs or discontinuance of collection efforts for state direct financial assistance programs, federal programs, and other programs administered by the authority.

187.5(4) Authority actions upon default—tax credit programs. If the authority determines that an event of default has occurred under the contract and that state tax incentives are required to be repaid, the eligible business and the department of revenue will both be notified of the event of default and of the required repayment amount. If the contract provided for local tax incentives, the community where the project is located will also be notified of the default. In the case of state tax incentives, the department of revenue will undertake collection efforts. In the case of local tax incentives, the local community will undertake collection efforts.

a. Repayment. If an eligible business or eligible housing business has received incentives or assistance under the EZ program or the HQJP and fails to meet and maintain any one of the requirements of the program or applicable rules, the business is subject to repayment of all or a portion of the incentives and assistance that it has received. If the business is an entity that has elected pass-through taxation status for income tax purposes, the department of revenue may undertake collection efforts against members, individuals, or shareholders to whom the tax incentives were passed through.

b. Calculation of repayment due for a business. If the authority, in consultation with the city or county, determines that a business has failed in any year to meet any one of the requirements of the tax credit program, the business is subject to repayment of all or a portion of the amount of the incentives received.

1. Job creation shortfall. If a business does not meet its job creation requirement or fails to maintain the required number of jobs, the repayment amount shall be the same proportion as the amount of the shortfall in created jobs. For example, if the business creates 50 percent of the jobs required, the business shall repay 50 percent of the incentives received.

2. Capital investment shortfall. If a business does not meet the capital investment requirement, the repayment amount shall be the same proportion as the amount of the shortfall in required capital investment. For example, if the business meets 75 percent of the amount of required capital investment, the business shall repay 25 percent of the amount of the incentives received.

3. Job creation and capital investment shortfalls. If a business has a shortfall in both capital investment and job creation requirements, the repayment amount shall be the same proportion as the greater of the two shortfalls. For example, if a business creates 50 percent of the required jobs and meets 75 percent of the required capital investment, the business shall be required to repay 50 percent of the amount of the incentives received.

4. Wages and benefits. Notwithstanding any other provision in this subrule, if a business fails to comply with the wage and benefit requirements of the contract, the business shall be required to repay all of the incentives received during the year in which the business was not in compliance with the wage and benefit requirements of the contract.

5. Minimum eligibility. Notwithstanding any other provision in this subrule, if a program requires a minimum amount of job creation or capital investment in order to qualify for the program and a business fails to meet such minimum eligibility, the business shall repay all of the incentives received.

6. Definitions. For purposes of this subrule, “incentives received” includes both amounts claimed from the department of revenue or the local community and any future incentives that remain unclaimed as of the date of default. “Capital investment” means the qualifying investment or investment qualifying for tax credits, as specified in the required contract.
c. Department of revenue; county/city recovery. Once it has been established, through the business’s annual certification, monitoring, audit or otherwise, that the business is required to repay all or a portion of the incentives received, the department of revenue and the city or county, as appropriate, shall collect the amount owed. The city or county, as applicable, shall have the authority to take action to recover the value of taxes not collected as a result of the exemption provided by the community to the business. The department of revenue shall have the authority to recover the value of state taxes or incentives provided under the program pursuant to Iowa Code section 15.330 or 15E.196. The value of state incentives provided under the program shall include all applicable interest and penalties.

d. Layoffs or closures. If an eligible business experiences a layoff within the state or closes any of its facilities within the state prior to receiving the incentives and assistance, the authority may reduce or eliminate all or a portion of the incentives and assistance. If a business experiences a layoff within the state or closes any of its facilities within the state after receiving the incentives and assistance, the business shall be subject to repayment of all or a portion of the incentives and assistance that it has received.

e. Extensions. If an eligible business or eligible housing business fails to meet its requirements under the Act, these rules, or the agreement described in rule 261—187.2(15), the authority, in consultation with the city or county, may elect to grant the business a one-year extension period to meet the requirements.

261—187.6(15) Compliance cost fees. An eligible business that executes a contract required pursuant to this chapter is subject to the imposition of certain compliance cost fees as provided in this rule.

187.6(1) One-time fee for closing costs. After execution of the contract and prior to the issuance of a tax incentive certificate or the disbursement of financial assistance, an eligible business shall remit to the authority a one-time compliance cost fee in the amount of $500.

187.6(2) Ongoing fees based on claims. For each contract with an aggregate tax incentive value of $100,000 or greater, the business shall remit a compliance cost fee equal to one-half of 1 percent of the value of the tax incentives claimed pursuant to the agreement. The fee required pursuant to this subrule shall be due and payable upon the filing of the business’s annual tax return for each tax year in which the business claims incentives under the required contract. The authority will coordinate with the department of revenue to determine which businesses claim incentive benefits each year and will invoice each business accordingly. The requirement to pay the fee required under this subrule shall continue for the duration of the applicable carryforward period of the tax incentives notwithstanding the duration of the other contract requirements.

187.6(3) Applicability. This rule applies to contracts entered into under the high quality jobs program and the enterprise zone program.

These rules are intended to implement Iowa Code chapters 15 and 15E.

CHAPTER 188
CONTRACT COMPLIANCE AND JOB COUNTING

261—188.1(15) Applicability. This chapter is applicable to the programs identified in 261—173.1(15).

261—188.2(15) Contract compliance. The authority shall provide oversight and contract administration to ensure that funded projects are meeting contract requirements. On-site monitoring will be conducted at the project completion date and the end of the maintenance period.

[ARC 0442C; IAB 11/14/12, effective 12/19/12]

261—188.3(15) Job counting and tracking. Projects awarded on or after July 1, 2003, shall follow the job counting and tracking procedures described in this chapter. Only jobs that meet or exceed the qualifying wage thresholds will count toward the business’s contract job obligations.

261—188.4(15) Business’s employment base. “Business’s employment base” means the number of jobs that the business and the authority have established as the job base for a project. The number of jobs the business has pledged to create and retain shall be in addition to the business’s employment base.

188.4(1) The business’s employment base shall be project-specific. In most situations, this will include the number of full-time employees working at the facility receiving funding.

188.4(2) There are projects where the funded activity occurs at more than one physical location. If this is the case, the total number of full-time employees working at the identified locations constitutes the business’s employment base.

188.4(3) If there are multiple awards made in different years to the same location, the business’s employment base will be calculated by using the payroll document from the oldest award that is open. Over time, the job obligations from each new award will be added to this base.

EXAMPLES:
Company X receives award 1 on 5/1/06. The authority has verified that the business’s employment base is 100 FTEs. Award 1 obligates company X to create 10 jobs and retain 30 jobs; there are 10 other jobs in the project (the 10 other jobs are created jobs that do not meet the qualifying wage). The qualifying wage for this award is $16.50/hr and the benefit value is $4.00/hr. The award is made from the IVF (2005) program.

Company X receives award 2 on 9/1/06. After the payroll is reviewed, the actual number of FTEs at the facility is 107, but 120 (original base + award 1 obligations) will be used as the business’s employment base for this award. Award 2 obligates company X to create an additional 25 jobs.

Company X receives award 3 on 3/1/07. After the payroll is reviewed, the actual number of FTEs at the facility is 140, but 145 (original base + award 1 obligations + award 2 obligations) will be used as the business’s employment base for this award.

188.4(4) The business’s employment base is calculated as part of the application process and is determined before an award is made. The following data points will be verified regarding a business’s employment base:

a. The total number of FTEs at the funded facility (the business’s employment base).
b. The average wage of all FTEs.
c. The qualifying wage used in the award.
d. The benefit value used in the award.
e. The total number of FTEs at the funded facility that are currently at or above the qualifying wage.
f. The average wage of the FTEs identified in paragraph “e.”
g. The total number of FTEs at the funded facility that are currently at or above the qualifying wage after the benefit value has been added.
h. The average wage of the FTEs identified in paragraph “g.”

188.4(5) Business’s employment base verification. Payroll documents must be collected to calculate and verify the business’s employment base used in each award. The payroll document must include an ID (name, employer ID number, or social security number) and the hourly rate of pay for all
FTEs. If the FTEs at the facility do not typically work 40 hours/week, documentation must be collected from the business outlining what the business considers a full-time workweek and how the business’s interpretation fits within the norms of its industry standards. This interpretation may or may not be accepted by the authority.

[ARC 0442C, IAB 11/14/12, effective 12/19/12]

261—188.5(15) Job counting using base employment analysis. The authority will count jobs to be created or retained as part of a funded project using a base employment analysis. At the time of application, a baseline employment number will be established using payroll records. The baseline data will include details about how many jobs at the project location already meet the qualifying wage thresholds (with and without the value of benefits added to the hourly wage). Changes in these baseline employment numbers will be collected and analyzed by the authority as part of the annual reporting process.

188.5(1) A base employment analysis will be performed at the following stages of an award:
   a. At the time of application, before the award is made.
   b. Annually during the reporting cycle.
   c. At the project completion date.
   d. At the end of the maintenance date.

188.5(2) Payroll documents or lists run from payroll systems will be used to calculate and verify the base employment analysis. If a list run from a payroll system is used, the person who submits the documents must, under penalty of perjury, sign the list to verify that it is true and correct. The following items will be calculated and verified as part of the annual status report:
   a. The total number of FTEs at the funded facility as of the date of the report.
   b. The average wage of all FTEs.
   c. The qualifying wage used in the award.
   d. The benefit value used in the award.
   e. The total number of FTEs at the funded facility that are currently at or above the qualifying wage.
   f. The average wage of the FTEs identified in paragraph “e.”
   g. The total number of FTEs at the funded facility that are currently at or above the qualifying wage after the benefit value has been added.
   h. The average wage of the FTEs identified in paragraph “g.”

188.5(3) For projects involving more than two physical locations or involving more than 500 employees, an independent auditing service will be used to set the business’s employment base and provide payroll analysis.
   a. The following data points will be verified by the independent auditor regarding jobs:
      (1) The total number of FTEs at the funded facility (the business’s employment base).
      (2) The average wage of all FTEs.
      (3) If applicable, the total number of FTEs working at other company facilities within the state of Iowa (statewide base).
      (4) The qualifying wage used in the award (provided by IDED).
      (5) The benefit value used in the award (provided by IDED).
      (6) The total number of FTEs at the funded facility that are currently at or above the qualifying wage.
      (7) The average wage of the FTEs identified in subparagraph (6).
      (8) The total number of FTEs at the funded facility that are currently at or above the qualifying wage after the benefit value has been added.
      (9) The average wage of the FTEs identified in subparagraph (8).
   b. All businesses are required to submit annual reports to the authority. However, if an independent auditing agreement is in place, the business will be required to report only on the following data points concerning jobs:
      (1) The total number of FTEs at the funded facility as of the date of the report.
(2) The average wage of all FTEs.

c. The business will not be required to verify this information as submitted for the annual reports and will not be required to submit annual payroll information.

d. Information submitted concerning the expenditures for the annual report will not change, but verification documents used at project closeout and at the end of project maintenance will be generated by the independent auditor.

188.5(4) Following is an example of the format that the authority will use for job counting and tracking using the base employment method.

261—188.6(15) Wage determination for contract compliance purposes.

188.6(1) Applicability. This rule shall apply for purposes of administering contracts that require a determination as to the wage-based compensation provided to employees.
188.6(2) Definition. As used in the authority’s contracts, unless the context otherwise requires, “wage” shall mean monetary compensation, represented in terms of an hourly rate, paid by an employer to an employee for work or services provided, typically on a weekly or biweekly basis.

188.6(3) Determination of wages for contract administration purposes. When determining wages for contract administration purposes, the wage will include only the regular hourly rate that serves as the base level of compensation. The wage will not include nonregular forms of compensation such as bonuses, unusual overtime pay, commissions, stock options, pensions, retirement or death benefits, unemployment benefits, life or other insurance, or other fringe benefits.

These rules are intended to implement Iowa Code chapters 15 and 15E and 2011 Iowa Code Supplement chapter 15G, subchapter I.

ANNUAL REPORTING

261—189.1(15) Annual reporting by businesses required (for period ending June 30). Recipients shall report annually to the authority, in form and content acceptable to the authority, about the status of the funded project. Such reports shall include, but not be limited to, data about base employment, qualifying wages, benefits, project costs, capital investment, and compliance with the contract.

261—189.2(15) January 31 report by authority to legislature. The authority’s legal and compliance team will use the data it collects from businesses to prepare a report on the programs covered in 261—Chapter 173 to be included in the authority’s annual report to the general assembly.

These rules are intended to implement Iowa Code chapters 15 and 15E and 2011 Iowa Code Supplement chapter 15G, subchapter 1.
CHAPTERS 190 to 194
Reserved
261—195.1(17A,22) Statement of policy, purpose and scope of chapter.

195.1(1) The purpose of this chapter is to facilitate public access to open records. It also seeks to facilitate department determinations with respect to the handling of confidential records and the implementation of the fair information practices Act. The agency is committed to the policies set forth in Iowa Code chapter 22; agency staff shall cooperate with members of the public in implementing the provisions of that chapter.

195.1(2) This chapter does not:
   a. Require the agency to index or retrieve records which contain information about individuals by that person’s name or other personal identifier.
   b. Make available to the general public records which would otherwise not be available under the public records law, Iowa Code chapter 22.
   c. Govern the maintenance or disclosure of, notification of or access to, records in the possession of the agency which are governed by the rules of another agency.
   d. Apply to grantees, including local governments or subdivisions thereof, administering state-funded programs.
   e. Make available records compiled by the agency in reasonable anticipation of court litigation or formal administrative proceedings. The availability of such records to the general public or to any subject individual or party to such litigation or proceedings shall be governed by applicable constitutional principles, statutes, rules of discovery, evidentiary privileges, and applicable rules of the agency.
   f. Require the agency to create, compare or procure a record solely for the purpose of making it available.

261—195.2(17A,22) Definitions. As used in this chapter:
   “Agency” means the Iowa department of economic development.
   “Confidential record” in these rules means a record which is not available as a matter of right for examination and copying by members of the public under applicable provisions of law. Confidential records include records or information contained in records that the agency is prohibited by law from making available for examination by members of the public, and records or information contained in records that are specified as confidential by Iowa Code section 22.7, or other provision of law, but that may be disclosed upon order of a court, the lawful custodian of the record, or by another person duly authorized to release the record. Mere inclusion in a record of information declared confidential by an applicable provision of law does not necessarily make that entire record a confidential record.
   “Custodian” in these rules means the director of the Iowa department of economic development or the director’s designee.
   “Open record” in these rules means a record other than a confidential record.
   “Personally identifiable information” in these rules means information about or pertaining to an individual in a record which identifies the individual and which is contained in a record system.
   “Record” in these rules means the whole or a part of a “public record,” as defined in Iowa Code section 22.1, that is owned by or in the physical possession of this agency.
   “Record system” in these rules means any group of records under the control of the agency from which a record may be retrieved by a personal identifier such as the name of an individual, number, symbol, or other unique retriever assigned to an individual.

261—195.3(17A,22) Requests for access to records.

195.3(1) Location of record. A request for access to a record should be directed to the Director’s Office, Iowa Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309.
If a request for access to a record is misdirected, agency personnel will promptly forward the request to the appropriate person within the agency.

195.3(2) Office hours. Open records shall be made available during all customary office hours, which are 8 a.m. to 4:30 p.m. daily, excluding Saturdays, Sundays and legal holidays.

195.3(3) Request for access to open records.

a. Requests for access to open records may be made in writing, in person, electronically, or by telephone.

b. Mail or telephone requests shall include the name, address, telephone number, and the E-mail address (if available) of the person requesting the information. A person shall not be required to give a reason for requesting an open record.

c. For all requested records, the person making the request shall set forth all available information that would assist in locating the records.

d. The request shall set out the maximum search fee the requester is prepared to pay. If the maximum search fee is reached before all the requested records have been located and copied, the requester shall be notified and asked for further directions before the search proceeds.

195.3(4) Response to requests.

a. Timing. Access to an open record shall be provided promptly upon request unless the size or nature of the request makes prompt access infeasible. Advance requests to have records available on a certain date may be made by telephone or correspondence. If the size or nature of the request for access to an open record requires time for compliance, the custodian shall comply with the request as soon as feasible. Records will be produced for inspection at the earliest date possible following the request. Records should be inspected within ten business days after notice is given that the records have been located and are available for inspection. After ten business days, the records will be returned to storage and additional costs may be imposed for having to produce them again.

b. Reasonable delay. Access to an open record may be delayed for one of the purposes authorized by:

(1) Iowa Code section 22.8(4), which includes good faith delay to seek an injunction or determine if the agency is entitled to seek an injunction; for the agency to determine if the public records are confidential; to determine if the confidential record should be made available (a reasonable delay for this purpose shall not exceed 20 calendar days and ordinarily should not exceed 10 business days); or

(2) Iowa Code section 22.10(4) (civil enforcement).

c. Notice to requester. The custodian shall promptly give notice to the requester of the reason for any delay in access to an open record and an estimate of the length of that delay and, upon request, shall promptly provide that notice to the requester in writing.

d. Denial of access to records. The custodian of a record may deny access to the record by members of the public only on the grounds that such a denial is warranted under Iowa Code sections 22.8(4) and 22.10(4), or that it is a confidential record, or that its disclosure is prohibited by a court order. Access by members of the public to a confidential record is limited by law and, therefore, may generally be provided only in accordance with the provisions of rule 195.4(17A,22) and other applicable provisions of law.

e. Federal requirements. The agency administers several federal programs and is authorized by Iowa Code section 22.9 to enforce confidentiality standards from federal law and regulations as are required for receipt of federal funds. Access to records covered by federal confidentiality requirements will not be permitted to the extent that examination or copying of such records would cause the denial of federal funds, services or essential information from the U.S. government that would otherwise be available to the agency.

195.3(5) Security of record. No person may, without permission from the custodian, search or remove any record from agency files. Examination and copying of agency records shall be supervised by the custodian or a designee of the custodian. Records shall be protected from damage and disorganization. Individuals will not be given access to the area where the records are kept and will not be permitted to search the files.
195.3(6) Copying. A reasonable number of copies of an open record may be made in the agency’s office. If photocopy equipment is not available in the agency office where an open record is kept, the custodian shall permit its examination in that office and shall arrange to have copies promptly made elsewhere.

195.3(7) Access to records for examination and copying.
   a. Location. As specified in Iowa Code section 22.3, the agency will provide a suitable place for examination of public records. If it is impracticable to do the work at the agency’s office at 200 East Grand Avenue, Des Moines, Iowa, the person desiring to examine or copy shall pay all necessary expenses of providing a place for the work. All expenses of the work shall be paid by the person desiring to examine or copy the records.
   b. Paper files. Hard copies of public records will be made available for examination and copying.
   c. Electronic files. The agency will take reasonable steps to provide on-site access to electronically stored public records. To the extent the agency’s technology permits, electronic records, including E-mail, will be made available through a secure, on-site computer terminal. If a requester prefers, copies of electronic records located during a records search will be provided and copying fees will apply.
   d. Data processing software. Reserved.
   e. Tapes. Public records maintained in the form of cassette, videotape or similar form are available for public examination. Upon request, copies of tapes will be made available, and the individual requesting the tape will bear all actual costs of copying.
   f. Mixed records. If a record contains both public and confidential information, the agency will remove the confidential material before making it available for examination or copying. For paper files, a copy of the original will be made and the confidential material will be marked out. Copying fees will apply. For electronic files, if the agency is technologically able to block access to fields containing confidential materials, records will be made available as described in paragraph 195.3(7) “c” above.

195.3(8) Fees.
   a. When charged. The agency may charge fees in connection with the examination, search, retrieval, restoration or copying of records. To the extent permitted by applicable provisions of law, the payment of fees may be waived in the case of small requests of ten or fewer copies when the imposition of fees is inequitable or when a waiver is in the public interest.
   b. Copying, faxing and postage costs. Price schedules for published materials and for photocopies of records supplied by the agency shall be prominently posted in agency offices. Copies of records may be made by or for members of the public on agency photocopy machines or from electronic storage systems at cost as determined and posted in agency offices by the custodian. When the mailing of copies of records is requested, the actual costs of such mailing may also be charged to the requester. Actual costs to fax a document may also be charged to the requester.
   c. Search and supervisory fee. An hourly fee may be charged for actual agency expenses in searching for, and supervising the examination and copying of, requested records when the time required is in excess of one hour. The fee shall be based upon the pay scale of the employee involved and other actual costs incurred. The agency shall post in agency offices the hourly fees to be charged in routine cases for search and supervision of records. The agency shall give advance notice to the requester if it will be necessary to use an employee with a higher hourly wage in order to find or supervise the examination and copying of particular records in question, and shall indicate the amount of that higher hourly wage to the requester.
   d. Computer-stored information. All costs (including staff time) for retrieval, restoration and copying of information stored in electronic storage systems will be charged to the requester.
   e. Advance deposits.
      (1) When the estimated total fee chargeable under this subrule exceeds $25, the custodian may require a requester to make an advance payment to cover all or a part of the estimated fee.
(2) When a requester has previously failed to pay a fee chargeable under this subrule, the custodian may require advance payment of the full amount of any estimated fee before the custodian processes a new request from that requester.

261—195.4(17A,22) Access to confidential records. Under Iowa Code section 22.7 or other applicable provisions of law, the lawful custodian may disclose certain confidential records to one or more members of the public. Other provisions of law authorize or require the custodian to release specified confidential records under certain circumstances or to particular persons. In requesting the custodian to permit the examination and copying of such a confidential record, the following procedures apply and are in addition to those specified for access to records in rule 195.3(17A,22).

195.4(1) Proof of identity. A person requesting access to a confidential record may be required to provide proof of identity or authority to secure access to the record.

195.4(2) Requests. The custodian may require a request to examine and copy a confidential record to be in writing. A person requesting access to such a record may be required to sign a certified statement or affidavit enumerating the specific reasons justifying access to the confidential record and to provide any proof necessary to establish relevant facts.

195.4(3) Notice to subject of record and opportunity to obtain injunction. After the custodian receives a request for access to a confidential record, and before the custodian releases such a record, the custodian may make reasonable efforts to notify promptly any person who is a subject of that record, is identified in that record, and whose address or telephone number is contained in that record. To the extent such a delay is practicable and in the public interest, the custodian may give the subject of such a confidential record to whom notification is transmitted a reasonable opportunity to seek an injunction under Iowa Code section 22.8, and indicate to the subject of the record the specific period of time during which disclosure will be delayed for that purpose.

195.4(4) Request denied. When the custodian denies a request for access to a confidential record, the custodian shall promptly notify the requester. If the requester indicates to the custodian that a written notification of the denial is desired, the custodian shall promptly provide such a notification that is signed by the custodian and that includes:

a. The name and title or position of the custodian responsible for the denial; and

b. A citation to the provision of law vesting authority in the custodian to deny disclosure of the record and a brief statement of the reasons for the denial to the requester.

195.4(5) Request granted. When the custodian grants a request for access to a confidential record to a particular person, the custodian shall notify that person and indicate any lawful restrictions imposed by the custodian on that person’s examination and copying of the record.

261—195.5(17A,22) Requests for treatment of a record as a confidential record and its withholding from examination. The custodian may treat a record as a confidential record and withhold it from examination only to the extent that the custodian is authorized by Iowa Code section 22.7, another applicable provision of law, or a court order to refuse to disclose that record to members of the public.

195.5(1) Persons who may request. Any person who would be aggrieved or adversely affected by disclosure of a record and who asserts that Iowa Code section 22.7, another applicable provision of law, or a court order authorizes the custodian to treat the record as a confidential record may request the custodian to treat that record as a confidential record and to withhold it from public inspection.

195.5(2) Request. A request that a record be treated as a confidential record and be withheld from public inspection shall be in writing and shall be filed with the custodian. The request must set forth the legal and factual basis justifying such confidential record treatment for that record, and the name, address, and telephone number of the person authorized to respond to any inquiry or action of the custodian concerning the request. A person requesting treatment of a record as a confidential record may also be required to sign a certified statement or affidavit enumerating the specific reasons justifying the treatment of that record as a confidential record and to provide any proof necessary to establish relevant facts. Requests for treatment of a record as such a confidential record for a limited time period shall also specify the precise period of time for which that treatment is requested.
A person filing such a request shall, if possible, accompany the request with a copy of the record in question from which those portions for which such confidential record treatment has been requested have been deleted. If the original record is being submitted to the agency by the person requesting such confidential treatment at the time the request is filed, the person shall indicate conspicuously on the original record that all or portions of it are confidential.

195.5(3) Failure to request. Failure of a person to request confidential record treatment for a record does not preclude the custodian from treating it as a confidential record. However, if a person who has submitted business information to the agency does not request that it be withheld from public inspection under Iowa Code section 22.7(3) (trade secrets), 22.7(6) (advantage to competitors), or 22.7(18) (communications not required by law, rule, procedure or contract), the custodian of records containing that information may proceed as if that person has no objection to its disclosure to members of the public.

195.5(4) Timing of decision. A decision by the custodian with respect to the disclosure of a record to members of the public may be made when a request for its treatment as a confidential record that is not available for public inspection is filed, or when the custodian receives a request for access to the record by a member of the public.

195.5(5) Request granted or deferred. If a request for such confidential record treatment is granted, or if action on such a request is deferred, a copy of the record from which the matter in question has been deleted and a copy of the decision to grant the request or to defer action upon the request will be made available for public inspection in lieu of the original record. If the custodian subsequently receives a request for access to the original record, the custodian will make reasonable and timely efforts to notify any person who has filed a request for its treatment as a confidential record that is not available for public inspection of the pendency of that subsequent request.

195.5(6) Request denied and opportunity to seek injunction. If a request that a record be treated as a confidential record and be withheld from public inspection is denied, the custodian shall notify the requester in writing of that determination and the reasons therefor. On application by the requester, the custodian may engage in a good-faith, reasonable delay in allowing examination of the record so that the requester may seek injunctive relief under the provisions of Iowa Code section 22.8, or other applicable provision of law. However, such a record shall not be withheld from public inspection for any period of time if the custodian determines that the requester had no reasonable grounds to justify the treatment of that record as a confidential record. The custodian shall notify the requester in writing of the time period allowed to seek injunctive relief or the reasons for the determination that no reasonable grounds exist to justify the treatment of that record as a confidential record. The custodian may extend the period of good-faith, reasonable delay in allowing examination of the record so that the requester may seek injunctive relief only if no request for examination of that record has been received, or if a court directs the custodian to treat it as a confidential record, or to the extent permitted by another applicable provision of law, or with the consent of the person requesting access.

261—195.6(17A,22) Procedure by which additions, dissents, or objections may be entered into certain records. Except as otherwise provided by law, a person may file a request with the custodian to review, and to have a written statement of additions, dissents, or objections entered into, a record containing personally identifiable information pertaining to that person. However, this does not authorize a person who is a subject of such a record to alter the original copy of that record or to expand the official record of any agency proceeding. Requester shall send the request to review such a record or the written statement of additions, dissents, or objections to the custodian. The request to review such a record or the written statement of such a record of additions, dissents, or objections must be dated and signed by the requester, and shall include the current address and telephone number of the requester or the requester’s representative.

261—195.7(17A,22) Consent to disclosure by the subject of a confidential record. To the extent permitted by any applicable provision of law, a person who is the subject of a confidential record may have a copy of the portion of that record concerning the subject disclosed to a third party. A request
for such a disclosure must be in writing and must identify the particular record or records that may be disclosed, and the particular person or class of persons to whom the record may be disclosed (and, where applicable, the time period during which the record may be disclosed). The person who is the subject of the record and, where applicable, the person to whom the record is to be disclosed, may be required to provide proof of identity. Appearance of counsel before the agency on behalf of a person who is the subject of a confidential record is deemed to constitute consent for the agency to disclose records about that person to the person’s attorney.

261—195.8(17A,22) Notice to suppliers of information. When the agency requests a person to supply information about that person, the agency shall notify the person of the use that will be made of the information, which persons outside the agency might routinely be provided the information, which parts of the requested information are required and which are optional, and the consequences of a failure to provide the information requested. This notice may be given in these rules, on the written form used to collect the information, on a separate fact sheet or letter, in brochures, in formal agreements, in contracts, in handbooks, in manuals, verbally, or by other appropriate means.

261—195.9(17A,22) Disclosures without the consent of the subject.

195.9(1) Open records are routinely disclosed without the consent of the subject.

195.9(2) To the extent allowed by law, disclosure of confidential records may occur without the consent of the subject. Following are instances where disclosure, if lawful, will generally occur without notice to the subject:

a. For a routine use as defined in rule 195.10(17A,22) or in the notice for a particular record system.

b. To a recipient who has provided the agency with advance written assurance that the record will be used solely as a statistical research or reporting record, provided that the record is transferred in a form that does not identify the subject.

c. To another government agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity if the activity is authorized by law, and if an authorized representative of such government agency or instrumentality has submitted a written request to the agency specifying the record desired and the law enforcement activity for which the record is sought.

d. To an individual pursuant to a showing of compelling circumstances affecting the health or safety of any individual if a notice of the disclosure is transmitted to the last-known address of the subject.

e. To the legislative services agency under Iowa Code section 2A.3.

f. In the course of employee disciplinary proceedings.

g. In response to a court order or subpoena.

261—195.10(17A,22) Routine use.

195.10(1) “Routine use” means the disclosure of a record without the consent of the subject or subjects, for a purpose which is compatible with the purpose for which the record was collected. It includes disclosures required to be made by statute other than the public records law, Iowa Code chapter 22.

195.10(2) To the extent allowed by law, the following uses are considered routine uses of all agency records:

a. Disclosure to those officers, employees, and agents of the agency who have a need for the record in the performance of their duties. The custodian of the record may upon request of any officer or employee, or on the custodian’s own initiative, determine what constitutes legitimate need to use confidential records.

b. Disclosure of information indicating an apparent violation of the law to appropriate law enforcement authorities for investigation and possible criminal prosecution, civil court action, or regulatory order.
c. Disclosure to the department of inspections and appeals for matters in which it is performing services or functions on behalf of the agency.

d. Transfers of information within the agency, to other state agencies, or to local units of government as appropriate to administer the program for which the information is collected.

e. Information released to staff of federal and state entities for audit purposes or for purposes of determining whether the agency is operating a program lawfully.

f. Any disclosure specifically authorized by the statute under which the record was collected or maintained.

261—195.11(17A,22) Consensual disclosure of confidential records.

195.11(1) Consent to disclosure by a subject individual. The subject may consent in writing to agency disclosure of confidential records as provided in rule 195.7(17A,22).

195.11(2) Complaints to public officials. A letter from a subject of a confidential record to a public official which seeks the official’s intervention on behalf of the subject in a matter that involves the agency may be treated as an authorization to release sufficient information about the subject to the official to resolve the matter.

261—195.12(17A,22) Release to subject.

195.12(1) The subject of a confidential record may file a written request to review confidential records about that person as provided in rule 195.7(17A,22). However, the agency need not release the following records to the subject:

a. The identity of a person providing information to the agency need not be disclosed directly or indirectly to the subject of the information when the information is authorized to be held confidential pursuant to Iowa Code section 22.7(18).

b. Records need not be disclosed to the subject when they are the work product of an attorney or are otherwise privileged.

c. Peace officers’ investigative reports may be withheld from the subject, except as required by the Iowa Code. (See Iowa Code section 22.7(5).)

d. As otherwise authorized by law.

195.12(2) When a record has multiple subjects with interest in the confidentiality of the record, the agency may take reasonable steps to protect confidential information relating to another subject.

261—195.13(17A,22) Availability of records.

195.13(1) Open records. Agency records are open for public inspection and copying unless otherwise provided by rule or law.

195.13(2) Confidential records. The following records may be withheld from public inspection. Records are listed by category, according to the legal basis for withholding them from public inspection.

a. Sealed bids received prior to the time set for public opening of bids. (Iowa Code section 73.2)

b. Tax records made available to the agency. (Iowa Code sections 422.20 and 422.72)

c. Records which are exempt from disclosure under Iowa Code section 22.7, including, but not limited to:

(1) Industrial prospect files which are considered confidential under Iowa Code section 22.7(8).

(2) Trade secrets which are treated as confidential under Iowa Code section 22.7(3).

(3) Reports which, if released, would give advantage to competitors and serve no public purpose. These records are considered confidential under Iowa Code section 22.7(6).

(4) Communications not required by rule, law, procedure or contract to the extent that the agency reasonably believes that such communications would not be made if the supplier knew the information would be made available for general public examination. These records are confidential under Iowa Code section 22.7(18).

d. Client database. The agency maintains a database of business prospects. This list identifies companies that may be seeking to expand or locate their businesses in Iowa. This list is considered confidential under Iowa Code sections 22.7(3), 22.7(6), 22.7(8) and 22.7(18).
e. Minutes of closed meetings of a governmental body as permitted under Iowa Code section 21.5(4).

f. Identifying details in final orders, decisions and opinions to the extent required to prevent a clearly unwarranted invasion of personal privacy or trade secrets under Iowa Code section 17A.3(1) “d.”

g. Those portions of agency staff manuals, instructions or other statements issued which set forth criteria or guidelines to be used by agency staff in auditing, in making inspections, in settling commercial disputes or negotiating commercial arrangements, or in the selection or handling of cases, such as operational tactics on allowable tolerances or criteria for the defense, prosecution or settlement of cases, when disclosure of those statements would:
  (1) Enable law violators to avoid detection;
  (2) Facilitate disregard of requirements imposed by law; or
  (3) Give a clearly improper advantage to persons who are in an adverse position to the agency.
(Iowa Code sections 17A.2 and 17A.3)

h. Records which constitute attorney work product, attorney-client communications, or which are otherwise privileged. Attorney work product is confidential under Iowa Code sections 22.7(4), 622.10 and 622.11, Iowa R.C.P. 1.503(3), Fed. R. Civ. P. 26(b)(3), and case law. Attorney-client communications are confidential under Iowa Code sections 622.10 and 622.11, the rules of evidence, the Code of Professional Responsibility, and case law.

i. Data processing software, as defined in Iowa Code section 22.3A, which is developed by a governmental body.

j. Log-on identification passwords, Internet protocol addresses, private keys, or other records containing information which might lead to disclosure of private keys used in a digital signature or other similar technologies as provided in Iowa Code chapter 554D.

k. Records which if disclosed might jeopardize the security of an electronic transaction pursuant to Iowa Code chapter 554D.

l. Any other records considered confidential by law.

195.13(3) Authority to release confidential records. The agency may have discretion to disclose some confidential records which are exempt from disclosure under Iowa Code section 22.7 or other provision of law. Any person may request permission to inspect records withheld from inspection under a statute which authorizes limited or discretionary disclosure as provided in rule 195.5(17A,22). If the agency initially determines that it will release such records, the agency may, when appropriate, notify interested parties and withhold the records from inspection as provided in subrule 195.4(3).

261—195.14(17A,22) Personally identifiable information. This rule describes the nature and extent of personally identifiable information which is collected, maintained, and retrieved by the agency by personal identifier in record systems as defined in rule 195.2(17A,22). This rule describes the means of storage of that information and indicates whether a data processing system matches, collates, or permits the comparison of personally identifiable information in one record system with personally identifiable information in another record system. Unless otherwise stated, the authority for this agency to maintain the record is provided by Iowa Code chapter 15. The record systems maintained by the agency are:

195.14(1) Personnel files. Personnel records of department employees are maintained at the agency. Records of staff include such personally identifiable information as name, address, social security number and employee payroll number. Other data contained in staff personnel records are salary information, seniority date, employee deduction forms, insurance and savings bond contributions, deferred compensation information, current leave information, performance evaluations and performance review dates. Some information may be confidential under Iowa Code section 22.7(11). Data processing systems do not match, collate or compare the personally identifiable information of the staff personnel records with personally identifiable information contained in the records of other agencies.

195.14(2) Travel records. The agency maintains travel records of agency staff. Personally identifiable information collected includes the name, address, and social security number of the individual. This information is collected pursuant to Iowa Code section 421.39. Data processing
systems do not match, collate or compare the personally identifiable information collected with similar information collected by other state agencies.

195.14(3) Claim vouchers. Requests for reimbursement from agency staff, contractors, and grantees are maintained by the agency. These records contain the name, address and social security number of the individual requesting reimbursement for expenses. This information is collected pursuant to Iowa Code section 421.40. The information is not maintained in a data processing system which matches, collates or compares the information with other systems containing personally identifiable information.

195.14(4) Contracts and grant records. Contractual agreements and grant agreements are maintained by the agency. These records contain personally identifiable information when the agreement is with a specific individual. In those instances, the records include the name, address and social security number of the contractor/grant recipient. Other information in these records may include the proposal or work statement of the contractor or grant recipient, budget figures, modifications, correspondence and business information. Personally identifiable information is not contained in a data processing system which collates, matches or compares this information with other systems containing personally identifiable information.

195.14(5) Payroll records. Payroll records include time sheets of individuals, listings of prior years’ earnings, current listings of deductions, and insurance billings. Personally identifiable information is included in these records. An employee’s name, address and social security number are maintained in the payroll record. Personally identifiable information is not contained in a data processing system which collates, matches or compares this information with other systems containing personally identifiable information.

195.14(6) Grant and loan application records. The agency administers a variety of state and federal grant and loan programs. Records of persons or organizations applying for grants, awards or funds are available through the agency. These records may contain information about individuals collected pursuant to specific federal or state statutes or regulations. Personally identifiable information such as name, address, social security number and telephone number may be included in these records when the applicant is an individual. Many program applicants are political subdivisions or corporations, not individuals.

195.14(7) Litigation files. These files or records contain information regarding litigation or anticipated litigation, which includes judicial and administrative proceedings. The records include briefs, depositions, docket sheets, documents, correspondence, attorney’s notes, memoranda, research materials, witness information, investigation materials, information compiled under the direction of the attorney, and case management records. The files contain materials which are confidential as attorney work product and attorney-client communications. Some materials are confidential under other applicable provisions of law or because of a court order. Persons wishing copies of pleadings and other documents filed in litigation should obtain these from the clerk of the appropriate court which maintains the official copies.

261—195.15(17A,22) Other groups of records. This rule describes groups of records maintained by the agency other than record systems as defined in rule 195.2(17A,22). These records are routinely available to the public. However, the agency’s files of these records may contain confidential information as discussed in rule 195.13(17A,22). The records listed may contain information about individuals. Unless otherwise stated, the authority for the agency to maintain the record is provided by Iowa Code chapter 15.

195.15(1) Rule making. Rule-making records may contain information about individuals making written or oral comments on proposed rules. This information is collected pursuant to Iowa Code section 17A.4. Public documents generated during the promulgation of agency rules, including notices and public comments, are available for public inspection. This information is not stored in an automated data processing system.

195.15(2) Board records. Agendas, minutes, and materials presented to the Iowa department of economic development are available from the agency except for confidential records. Those records concerning closed sessions are exempt from disclosure under Iowa Code section 21.5(4). Board records
contain information about people who participate in meetings. This information is collected pursuant to Iowa Code section 21.3. This information is not retrieved by individual identifier and is not stored on an automated data processing system.

195.15(3) **Statistical reports.** Periodic reports of various agency programs are available from the Iowa department of economic development. Statistical reports do not contain personally identifiable information.

195.15(4) **Appeal decisions and advisory opinions.** All final orders, decisions and opinions are open to the public except for information that is confidential according to rule 195.13(17A,22).

195.15(5) **Publications.** Publications include news releases, annual reports, project reports, agency newsletters, etc., which describe various agency programs and activities. Agency news releases, project reports, and newsletters may contain information about individuals including agency staff or members of agency councils or committees.

195.15(6) **Address lists.** The names and mailing addresses of members of boards and councils, work groups, program grantees and members of the public indicating interest in particular programs and activities of the agency are maintained to generate mailing labels for mass distribution of agency mailings.

195.15(7) **Appeal decisions and advisory opinions.** All final orders, decisions and opinions are open to the public except for information that may be confidential according to rule 195.13(17A,22).

195.15(8) **Published materials.** The agency uses many legal and technical publications in its work. The public may inspect these publications upon request. Some of these materials may be protected by copyright law.

These rules are intended to implement Iowa Code chapters 17A and 22.

CHAPTER 196
DEPARTMENT PROCEDURE FOR RULE MAKING
[Prior to 9/6/00, see 261—Ch 101]
[Prior to 7/4/07, see 261—Ch 170]

261—196.1(17A) Applicability. Except to the extent otherwise expressly provided by statute, all rules adopted by the department are subject to the provisions of Iowa Code chapter 17A, the Iowa administrative procedure Act, and the provisions of this chapter.

261—196.2(17A) Advice on possible rules before notice of proposed rule adoption. In addition to seeking information by other methods, the department may, before publication of a Notice of Intended Action under Iowa Code section 17A.4(1)“a,” solicit comments from the public on a subject matter of possible rule making by the department by causing notice to be published in the Iowa Administrative Bulletin of the subject matter and indicating where, when, and how persons may comment.

261—196.3(17A) Public rule-making docket.
196.3(1) Docket maintained. The department shall maintain a current public rule-making docket.
196.3(2) Anticipated rule making. The rule-making docket shall list each anticipated rule-making proceeding. A rule-making proceeding is deemed “anticipated” from the time a draft of proposed rules is distributed for internal discussion within the department. For each anticipated rule-making proceeding, the docket shall contain a listing of the precise subject matter which may be submitted for consideration to the economic development board for subsequent proposal under the provisions of Iowa Code section 17A.4(1)“a,” the name and address of department personnel with whom persons may communicate with respect to the matter, and an indication of the present status within the department of that possible rule. The department may also include in the docket other subjects upon which public comment is desired.
196.3(3) Pending rule-making proceedings. The rule-making docket shall list each pending rule-making proceeding. A rule-making proceeding is pending from the time it is commenced, by publication in the Iowa Administrative Bulletin of a Notice of Intended Action pursuant to Iowa Code section 17A.4(1)“a,” to the time it is terminated, by publication of a Notice of Termination in the Iowa Administrative Bulletin or the rule’s becoming effective. For each rule-making proceeding, the docket shall indicate:
   a. The subject matter of the proposed rule.
   b. A citation to all published notices relating to the proceeding.
   c. Where written submissions on the proposed rule may be inspected.
   d. The time during which written submissions may be made.
   e. The names of persons who have made written requests for an opportunity to make oral presentations on the proposed rule, where those requests may be inspected, and where and when oral presentations may be made.
   f. Whether a written request for the issuance of a regulatory analysis or a concise statement of reasons has been filed, whether such an analysis or statement or a fiscal impact statement has been issued, and where any such written request, analysis, or statement may be inspected.
   g. The current status of the proposed rule and any department determinations with respect thereto.
   h. Any known timetable for department decisions or other action in the proceeding.
   i. The date of the rule’s adoption.
   j. The date of the rule’s filing, indexing, and publication.
   k. The date on which the rule will become effective.
   l. Where the rule-making record may be inspected.

261—196.4(17A) Notice of proposed rule making.
196.4(1) Contents. At least 35 days before the adoption of a rule, the department shall cause Notice of Intended Action to be published in the Iowa Administrative Bulletin. The Notice of Intended Action shall include:
   a. A brief explanation of the purpose of the proposed rule.
b. The specific legal authority for the proposed rule.

c. Except to the extent impracticable, the text of the proposed rule.

d. Where, when, and how persons may present their views on the proposed rule.

e. Where, when, and how persons may demand an oral proceeding on the proposed rule if the notice does not already provide for one.

Where inclusion of the complete text of a proposed rule in the Notice of Intended Action is impracticable, the department shall include in the notice a statement fully describing the specific subject matter of the omitted portion of the text of the proposed rule, the specific issues to be addressed by that omitted text of the proposed rule, and the range of possible choices being considered by the department for the resolution of each of those issues.

196.4(2) Copies of notices. Persons desiring to receive copies of future Notices of Intended Action must file with the department a written request indicating the name and address (including an E-mail address if electronic transmittal is requested) to which the notices shall be sent. Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the department shall mail a copy of that notice to subscribers who have filed a written request for mailing with the department for Notices of Intended Action. The written request shall be accompanied by payment of the subscription price, if any, which covers the full cost of the subscription service, including its administrative overhead and the cost of copying and mailing the Notices of Intended Action for a period of one year. If persons have requested that the department electronically transmit a copy of the notice by E-mail, there shall be no charge for this service.

261—196.5(17A) Public participation.

196.5(1) Written comments. For at least 20 days after publication of the Notice of Intended Action, persons may submit argument, data, and views, in writing or via electronic transmission, on the proposed rule. These submissions should identify the proposed rule to which they relate and should be submitted to the individual identified in the Notice of Intended Action.

196.5(2) Oral proceedings. The department may, at any time, schedule an oral proceeding on a proposed rule. The department shall schedule an oral proceeding on a proposed rule if, within 20 days after the published Notice of Intended Action, a written request for an opportunity to make oral presentations is submitted to the department by the administrative rules review committee, a governmental subdivision, a state agency, an association having not less than 25 members, or at least 25 persons. That request must also contain the following additional information:

1. A request by one or more individual persons must be signed by each of them and include the address and telephone number of each of them.

2. A request by an association must be signed by an officer or designee of the association and must contain a statement that the association has at least 25 members and the address and telephone number of the person signing that request.

3. A request by a state agency or governmental subdivision must be signed by an official having authority to act on behalf of the entity and must contain the address and telephone number of the person signing that request.

The department may waive technical compliance with these procedures.

196.5(3) Conduct of oral proceedings.

a. Applicability. This subrule applies only to those oral rule-making proceedings in which an opportunity to make oral presentations is authorized or required by Iowa Code section 17A.4(1)“b” as amended by 1998 Iowa Acts, chapter 1202, section 8.

b. Scheduling and notice. An oral proceeding on a proposed rule may be held in one or more locations and shall not be held earlier than 20 days after notice of its location and time is published in the Iowa Administrative Bulletin. That notice shall also identify the proposed rule by ARC number and citation to the Iowa Administrative Bulletin.

c. Presiding officer. An employee of the department, or another person designated by the department who will be familiar with the substance of the proposed rules, shall preside at the oral proceeding on the proposed rules. If an employee of the department does not preside, the presiding
officer shall prepare a memorandum for consideration by the department summarizing the contents of the presentations made at the oral proceeding unless the department determines that such a memorandum is not necessary because the department will personally listen to or read the entire transcript of the oral proceeding.

d. Conduct of proceeding. At an oral proceeding on a proposed rule, persons may make oral statements and make documentary and physical submissions, which may include data, views, comments or arguments concerning the proposed rule. Persons wishing to make oral presentations at the proceeding are encouraged to notify the department at least one business day prior to the proceeding and indicate the general subject of their presentations. At the proceeding, those who participate shall indicate their names and addresses, identify any persons or organizations they represent, and provide any other information relating to their participation deemed appropriate by the presiding officer. Oral proceedings shall be open to the public and shall be recorded by stenographic or electronic means.

(1) At the beginning of the oral proceeding, the presiding officer shall give a brief synopsis of the proposed rule, a statement of the statutory authority for the proposed rule, and the reasons for the department decision to propose the rule. The presiding officer may place time limitations on individual oral presentations when necessary to ensure the orderly and expeditious conduct of the oral proceeding. To encourage joint oral presentations and to avoid repetition, additional time may be provided for persons whose presentations represent the views of other individuals as well as their own views.

(2) Persons making oral presentations are encouraged to avoid restating matters which have already been submitted in writing.

(3) To facilitate the exchange of information, the presiding officer may, where time permits, open the floor to questions or general discussion.

(4) The presiding officer shall have the authority to take any reasonable action necessary for the orderly conduct of the meeting.

(5) Physical and documentary submissions presented by participants in the oral proceeding shall be submitted to the presiding officer. These submissions become the property of the department.

(6) The oral proceeding may be continued by the presiding officer to a later time without notice other than by announcement at the hearing.

(7) Participants in an oral proceeding shall not be required to take an oath or to submit to cross-examination. However, the presiding officer in an oral proceeding may question participants and permit the questioning of participants by other participants about any matter relating to that rule-making proceeding, including any prior written submissions made by those participants in that proceeding; but no participant shall be required to answer any question.

(8) The presiding officer in an oral proceeding may permit rebuttal statements and request the filing of written statements subsequent to the adjournment of the oral presentations.

196.5(4) Additional information. In addition to receiving written comments and oral presentations on a proposed rule according to the provisions of this rule, the department may obtain information concerning a proposed rule through any other lawful means deemed appropriate under the circumstances. The department may send notices of proposed rule making and a request for comments to any agency, organization, or association known to it to have a direct interest or expertise pertaining to the substance of the proposed rule.

196.5(5) Accessibility. The department shall schedule oral proceedings in rooms accessible to and functional for persons with physical disabilities. Persons who have special requirements should contact the person identified in the Notice of Intended Action in advance to arrange access or other needed services.

261—196.6(17A) Regulatory analysis.

196.6(1) Definition of small business. A “small business” is defined in 1998 Iowa Acts, chapter 1202, section 10, subsection 7.

196.6(2) Distribution list. Small businesses or organizations of small businesses may be registered on the department’s small business impact list by making a written application addressed to the Director’s
Office, Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309-1819, Attn: Legal Counsel. The application for registration shall state:

a. The name of the small business or organization of small businesses.
b. Its address.
c. The name of a person authorized to transact business for the applicant.
d. A description of the applicant’s business or organization. An organization representing 25 or more persons who qualify as a small business shall indicate that fact.
e. Whether the registrant desires copies of Notices of Intended Action at cost or via electronic transmission, or desires advance notice of the subject of all or some specific category of proposed rule making affecting small business.

The department may at any time request additional information from the applicant to determine whether the applicant is qualified as a small business or as an organization of 25 or more small businesses. The department may periodically send a letter to each registered small business or organization of small businesses asking whether that business or organization wishes to remain on the registration list. The name of a small business or organization of small businesses shall be removed from the list if a negative response is received, or if no response is received within 30 days after the letter is sent.

196.6(3) Time of distribution. Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the department shall mail or electronically transmit to all registered small businesses or organizations of small businesses, in accordance with their request, either a copy of the Notice of Intended Action or notice of the subject of that proposed rule making. In the case of a rule that may have an impact on small business adopted in reliance upon Iowa Code section 17A.4(2), the department shall mail notice of the adopted rule to registered businesses or organizations prior to the time the adopted rule is published in the Iowa Administrative Bulletin.

196.6(4) Qualified requesters for regulatory analysis—economic impact. The department shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10, subsection 2, paragraph “a,” after a proper request from:

a. The administrative rules coordinator.
b. The administrative rules review committee.

196.6(5) Qualified requesters for regulatory analysis—business impact. The department shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10, subsection 2, paragraph “b,” after a proper request from:

a. The administrative rules review committee.
b. The administrative rules coordinator.
c. At least 25 or more persons who sign the request provided that each represents a different small business.
d. An organization representing at least 25 small businesses. That organization shall list the name, address and telephone number of not less than 25 small businesses it represents.

196.6(6) Time period for analysis. Upon receipt of a timely request for a regulatory analysis, the agency shall adhere to the time lines described in 1998 Iowa Acts, chapter 1202, section 10, subsection 4.

196.6(7) Contents of request. A request for a regulatory analysis is made when it is mailed or delivered to the department. The request shall be in writing and satisfy the requirements of 1998 Iowa Acts, chapter 1202, section 10, subsection 1.

196.6(8) Contents of concise summary. The contents of the concise summary shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10, subsections 4 and 5.

196.6(9) Publication of a concise summary. The department shall make available, to the maximum extent feasible, copies of the published summary in conformance with 1998 Iowa Acts, chapter 1202, section 10, subsection 5.

196.6(10) Regulatory analysis contents—rules review committee or rules coordinator. When a regulatory analysis is issued in response to a written request from the administrative rules review committee or the administrative rules coordinator, the regulatory analysis shall conform to the
requirements of 1998 Iowa Acts, chapter 1202, section 10, subsection 2, paragraph “a,” unless a written request expressly waives one or more of the items listed therein.

196.6(11) Regulatory analysis contents—substantial impact on small business. When a regulatory analysis is issued in response to a written request from the administrative rules review committee, the administrative rules coordinator, at least 25 persons signing that request who each qualify as a small business or by an organization representing at least 25 small businesses, the regulatory analysis shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10, subsection 2, paragraph “b.”

261—196.7(17A,25B) Fiscal impact statement. A rule that mandates additional combined expenditures exceeding $100,000 by all affected political subdivisions or agencies and entities which contract with political subdivisions to provide services must be accompanied by a fiscal impact statement outlining the costs associated with the rule. A fiscal impact statement must satisfy the requirements of Iowa Code section 25B.6.

If the department determines at the time it adopts a rule that the fiscal impact statement upon which the rule is based contains errors, the department shall, at the same time, issue a corrected fiscal impact statement and publish the corrected fiscal impact statement in the Iowa Administrative Bulletin.

261—196.8(17A) Time and manner of rule adoption.

196.8(1) Time of adoption. The department shall not adopt a rule until the period for making written submissions and oral presentations has expired. Within 180 days after the later of the publication of the Notice of Intended Action, or the end of oral proceedings thereon, the department shall adopt a rule pursuant to the rule-making proceeding or terminate the proceeding by publication of a notice to that effect in the Iowa Administrative Bulletin.

196.8(2) Consideration of public comment. Before the adoption of a rule, the department shall consider fully all of the written submissions and oral submissions received in that rule-making proceeding or any written summary of the oral submissions and any regulatory analysis or fiscal impact statement issued in that rule-making proceeding.

196.8(3) Reliance on department expertise. Except as otherwise provided by law, the department may use its own experience, technical competence, specialized knowledge, and judgment in the adoption of a rule.

261—196.9(17A) Variance between adopted rule and published notice of proposed rule adoption.

196.9(1) Allowable variances. The department shall not adopt a rule that differs from the rule proposed in the Notice of Intended Action on which the rule is based unless:

a. The differences are within the scope of the subject matter announced in the Notice of Intended Action and are in character with the issues raised in that notice; and

b. The differences are a logical outgrowth of the contents of that Notice of Intended Action or the comments submitted in response thereto; and

c. The Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question.

196.9(2) Fair warning. In determining whether the Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question, the department shall consider the following factors:

a. The extent to which persons who will be affected by the rule should have understood that the rule-making proceeding on which it is based could affect their interests;

b. The extent to which the subject matter of the rule or the issues determined by the rule are different from the subject matter or issues contained in the Notice of Intended Action; and

c. The extent to which the effects of the rule differ from the effects of the proposed rule contained in the Notice of Intended Action.

196.9(3) Petition for rule making. The department shall commence a rule-making proceeding within 60 days of its receipt of a petition for rule making seeking the amendment or repeal of a rule that differs from the proposed rule contained in the Notice of Intended Action upon which the rule is based, unless the
department finds that the differences between the adopted rule and the proposed rule are so insubstantial as to make such a rule-making proceeding wholly unnecessary. A copy of any such finding and the petition to which it responds shall be sent to petitioner, the administrative rules coordinator, and the administrative rules review committee, within three days of its issuance.

196.9(4) Concurrent rule-making proceedings. Nothing in this rule disturbs the discretion of the department to initiate, concurrently, several different rule-making proceedings on the same subject with several different published Notices of Intended Action.

261—196.10(17A) Exemptions from public rule-making procedures.

196.10(1) Omission of notice and comment. To the extent the department for good cause finds that public notice and participation are unnecessary, impracticable, or contrary to the public interest in the process of adopting a particular rule, the department may adopt that rule without publishing advance Notice of Intended Action in the Iowa Administrative Bulletin and without providing for written or oral public submissions prior to its adoption. The department shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

196.10(2) Categories exempt. The following narrowly tailored category of rules is exempted from the usual public notice and participation requirements because those requirements are unnecessary, impracticable, or contrary to the public interest with respect to each and every member of the defined class: rules mandated by federal law, including federal statutes or regulations establishing conditions for federal funding of departmental programs where the department is not exercising any options under federal law.

196.10(3) Public proceedings on rules adopted without them. The department may, at any time, commence a standard rule-making proceeding for the adoption of a rule that is identical or similar to a rule it adopts in reliance upon subrule 196.10(1). Upon written petition by a governmental subdivision, the administrative rules review committee, a state agency, the administrative rules coordinator, an association having not less than 25 members, or at least 25 persons, the department shall commence a standard rule-making proceeding for any rule specified in the petition that was adopted in reliance upon subrule 196.10(1). This petition must be filed within one year of the publication of the specified rule in the Iowa Administrative Bulletin as an adopted rule. The rule-making proceeding on that rule must be commenced within 60 days of the receipt of the petition. After a standard rule-making proceeding commenced pursuant to this subrule, the department may either readopt the rule it adopted without benefit of all usual procedures on the basis of subrule 196.10(1) or may take any other lawful action, including the amendment or repeal of the rule in question, with whatever further proceedings are appropriate.

261—196.11(17A) Concise statement of reasons.

196.11(1) General. When requested by a person, either prior to the adoption of a rule or within 30 days after its publication in the Iowa Administrative Bulletin as an adopted rule, the department shall issue a concise statement of reasons for the rule. Requests for such a statement must be in writing and be delivered to the Director’s Office, Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309-1819, Attn: Legal Counsel. The request should indicate whether the statement is sought for all or only a specified part of the rule. Requests shall be considered made on the date received.

196.11(2) Contents. The concise statement of reasons shall contain:

a. The reasons for adopting the rule.

b. An indication of any change between the text of the proposed rule contained in the published Notice of Intended Action and the text of the rule as finally adopted, with the reasons for any change.

c. The principal reasons urged in the rule-making proceeding for and against the rule, and the department’s reasons for overruling the arguments made against the rule.

196.11(3) Time of issuance. After a proper request, the department shall issue a concise statement of reasons by the later of the time the rule is adopted or 35 days after receipt of the request.

261—196.12(17A) Contents, style, and form of rule.
196.12(1) **Contents.** Each rule adopted by the department shall contain the text of the rule and, in addition:

- The date the department adopted the rule.
- A brief explanation of the principal reasons for the rule-making action if the reasons are required by 1998 Iowa Acts, chapter 1202, section 8, or the department in its discretion decides to include the reasons.
- A reference to all rules repealed, amended, or suspended by the rule.
- A reference to the specific statutory or other authority authorizing adoption of the rule.
- Any findings required by any provision of law as a prerequisite to adoption or effectiveness of the rule.
- A brief explanation of the principal reasons for the failure to provide for waivers to the rule if no waiver provision is included and a brief explanation of any waiver or special exceptions provided in the rule if the reasons are required by 1998 Iowa Acts, chapter 1202, section 8, or the department in its discretion decides to include the reasons.
- The effective date of the rule.

196.12(2) **Documents incorporated by reference.** The department may incorporate by reference in a proposed or adopted rule, and without causing publication of the incorporated matter in full, all or any part of a code, standard, rule, or other matter if the department finds that the incorporation of its text in the department proposed or adopted rule would be unduly cumbersome, expensive, or otherwise inexpedient. The reference in the department proposed or adopted rule shall fully and precisely identify the incorporated matter by location, title, citation, date, and edition, if any; shall briefly indicate the precise subject and the general contents of the incorporated matter; and shall state that the proposed or adopted rule does not include any later amendments or editions of the incorporated matter. The department may incorporate such matter by reference in a proposed or adopted rule only if the department makes copies of it readily available to the public. The rule shall state how and where copies of the incorporated matter may be obtained at cost from this department, and how and where copies may be obtained from the agency of the United States, this state, another state, or the organization, association, or persons, originally issuing that matter. The department shall retain permanently a copy of any materials incorporated by reference in a rule of the department.

196.12(3) **References to materials not published in full.** When the administrative code editor decides to omit the full text of a proposed or adopted rule because publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient, the department shall prepare and submit to the administrative code editor for inclusion in the Iowa Administrative Bulletin and Iowa Administrative Code a summary statement describing the specific subject matter of the omitted material. This summary statement shall include the title and a brief description sufficient to inform the public of the specific nature and subject matter of the proposed or adopted rules and of significant issues involved in these rules. The summary statement shall also describe how a copy of the full text of the proposed or adopted rule, including any unpublished matter and any matter incorporated by reference, may be obtained from the department. The department shall provide a copy of that full text at actual cost upon request and shall make copies of the full text available for review either electronically or at the state law library.

At the request of the administrative code editor, the department shall provide a proposed statement explaining why publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient.

196.12(4) **Style and form.** In preparing its rules, the department shall follow the uniform numbering system, form, and style prescribed by the administrative rules coordinator.

261—196.13(17A) **Department rule-making record.**

196.13(1) **Requirement.** The department shall maintain an official rule-making record for each rule it proposes by publication in the Iowa Administrative Bulletin of a Notice of Intended Action, or adopts. The rule-making record and materials incorporated by reference shall be available for public inspection.

196.13(2) **Contents.** The department rule-making record shall contain:
a. Copies of or citations to all publications in the Iowa Administrative Bulletin with respect to the rule or the proceeding upon which the rule is based and any file-stamped copies of department submissions to the administrative rules coordinator concerning that rule or the proceeding upon which it is based.

b. Copies of any portions of the department’s public rule-making docket containing entries relating to the rule or the proceeding upon which the rule is based.

c. All written petitions, requests, and submissions received by the department, and all other written materials of a factual nature as distinguished from opinion that are relevant to the merits of the rule and that were created or compiled by the department in connection with the formulation, proposal, or adoption of the rule or the proceeding upon which the rule is based, except to the extent the department is authorized by law to keep them confidential; provided, however, that when any materials are deleted because they are authorized by law to be kept confidential, the department shall identify in the record the particular materials deleted and state the reasons for that deletion.

d. Any official transcript of oral presentations made in the proceeding upon which the rule is based or, if not transcribed, the stenographic record or electronic recording of those presentations, and any memorandum prepared by a presiding officer summarizing the contents of those presentations.

e. A copy of any regulatory analysis or fiscal impact statement prepared for the proceeding upon which the rule is based.

f. A copy of the rule and any concise statement of reasons prepared for that rule.

g. All petitions for amendment or repeal or suspension of the rule.

h. A copy of any objection to the issuance of that rule without public notice and participation that was filed pursuant to Iowa Code section 17A.4(2) by the administrative rules review committee, the governor, or the attorney general.

i. A copy of any objection to the rule filed by the administrative rules review committee, the governor, or the attorney general pursuant to Iowa Code subsection 17A.4(4), and any department response to that objection.

j. A copy of any executive order concerning the rule.

196.13(3) Effect of record. Except as otherwise required by a provision of law, the department rule-making record required by this rule need not constitute the exclusive basis for department action on that rule.

196.13(4) Maintenance of record. The department shall maintain the rule-making record for a period of not less than five years from the later of the date the rule to which it pertains became effective or the date of the Notice of Intended Action.

261—196.14(17A) Filing of rules. The department shall file each rule it adopts in the office of the administrative rules coordinator. The filing shall be executed as soon after adoption of the rule as is practicable. At the time of filing, each rule shall have attached to it any fiscal impact statement and any concise statement of reasons that was issued with respect to that rule. If a fiscal impact statement or statement of reasons for that rule was not issued until a time subsequent to the filing of that rule, the note or statement must be attached to the filed rule within five working days after the fiscal impact statement or concise statement is issued. In filing a rule, the department shall use the standard form prescribed by the administrative rules coordinator.

261—196.15(17A) Effectiveness of rules prior to publication.

196.15(1) Grounds. The department may make a rule effective after its filing at any stated time prior to 35 days after its indexing and publication in the Iowa Administrative Bulletin if it finds that a statute so provides, the rule confers a benefit or removes a restriction on some segment of the public, or that the effective date of the rule is necessary to avoid imminent peril to the public health, safety, or welfare. The department shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

196.15(2) Special notice. When the department makes a rule effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2) "b"(3), the department shall
employ all reasonable efforts to make its contents known to the persons who may be affected by that rule prior to the rule’s indexing and publication. The term “all reasonable efforts” requires the department to employ the most effective and prompt means of notice rationally calculated to inform potentially affected parties of the effectiveness of the rule that is justified and practical under the circumstances considering the various alternatives available for this purpose, the comparative costs to the department of utilizing each of those alternatives, and the harm suffered by affected persons from any lack of notice concerning the contents of the rule prior to its indexing and publication. The means that may be used for providing notice of such rules prior to their indexing and publication include, but are not limited to, any one or more of the following means: radio, newspaper, television, signs, mail, telephone, personal notice, or electronic means.

A rule made effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2) “b”(3) shall include in that rule a statement describing the reasonable efforts that will be used to comply with the requirements of this subrule.

261—196.16(17A) Review by department of rules.

196.16(1) Request for review. Any interested person, association, agency, or political subdivision may submit a written request to the administrative rules coordinator for the department to conduct a formal review of a specified rule. Upon approval of that request by the administrative rules coordinator, the department shall conduct a formal review of a specified rule to determine whether a new rule should be adopted instead or the rule should be amended or repealed. The department may refuse to conduct a review if it has conducted a review of the specified rule within five years prior to the filing of the written request.

196.16(2) Conduct of review. In conducting the formal review, the department shall prepare within a reasonable time a written report summarizing its findings, its supporting reasons, and any proposed course of action. The report shall include a concise statement of the department’s findings regarding the rule’s effectiveness in achieving its objectives, including a summary of any available supporting data. The report shall also concisely describe significant written criticisms of the rule received during the previous five years, including a summary of any requests for exceptions to the rule received by the department or granted by the department. The report shall describe alternative solutions to resolve the criticisms of the rule, the reasons any were rejected, and any changes made in the rule in response to the criticisms as well as the reasons for the changes. A copy of the department’s report shall be sent to the administrative rules review committee and the administrative rules coordinator. The report shall also be available for public inspection.

261—196.17(17A) Written criticisms of department rules. Any interested person may submit written criticism of a rule adopted by the department.

196.17(1) Where submitted, form. Rule criticisms shall be in writing and submitted to the Director’s Office, Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309-1819, Attn: Legal Counsel. The criticism must be typewritten, or legibly handwritten in ink, and must substantially conform to the following form:

196.17(2) Maintenance. Written criticisms of department rules will be maintained in a separate record for a period of five years from the date of receipt by the department. This record will be open for public inspection.

These rules are intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202, and Iowa Code section 25B.6.

2. A citation to any law deemed relevant to the department’s authority to take the action urged or to the desirability of that action.
3. A brief summary of petitioner’s arguments in support of the action urged in the petition.
4. A brief summary of any data supporting the action urged in the petition.
5. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by, or interested in, the proposed action which is the subject of the petition.
6. Any request by petitioner for a meeting provided for by subrule 197.4(1).

197.1(1) The petition must be dated and signed by the petitioner or the petitioner’s representative. It must also include the name, mailing address, and telephone number of the petitioner and petitioner’s representative, and a statement indicating the person to whom communications concerning the petition should be directed.

197.1(2) The department may deny a petition because it does not substantially conform to the required form.

261—197.3(17A) Inquiries. Inquiries concerning the status of a petition for rule making may be made to the Director’s Office, Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309-1819, Attn: Legal Counsel.

261—197.4(17A) Department consideration.

197.4(1) Forwarding of petition and meeting. Within five working days after the filing of a petition, the department shall submit a copy of the petition and any accompanying brief to the administrative rules coordinator and to the administrative rules review committee. Upon request by the petitioner in the petition, the department shall schedule a brief and informal meeting between the petitioner and a member of the staff of the department to discuss the petition. The department may request the petitioner to submit additional information or argument concerning the petition. The department may also solicit comments from any person on the substance of the petition. Also, comments on the substance of the petition may be submitted to the department by any person.
197.4(2) Action on petition. Within 60 days after the filing of the petition, or within any longer period agreed to by the petitioner, the department shall, in writing, deny the petition, and notify petitioner of its action and the specific grounds for the denial, or grant the petition and notify petitioner that it has instituted rule-making proceedings on the subject of the petition. Petitioner shall be deemed notified of the denial or grant of the petition on the date when the department mails or delivers the required notification to petitioner.

197.4(3) Denial of petition for nonconformance with form. Denial of a petition because it does not substantially conform to the required form does not preclude the filing of a new petition on the same subject that seeks to eliminate the grounds for the department’s rejection of the petition.

These rules are intended to implement Iowa Code section 17A.7 as amended by 1998 Iowa Acts, chapter 1202, section 11.

5. The reasons for requesting the declaratory order and disclosure of the petitioner’s interest in the outcome.
6. A statement indicating whether the petitioner is currently a party to another proceeding involving the questions at issue and whether, to the petitioner’s knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.

261—198.2(17A) Notice of petition. Within five working days of receipt of a petition for a declaratory order, the department shall give notice of the petition to all persons not served by the petitioner pursuant to rule 261—198.6(17A) to whom notice is required by any provision of law. The department may give notice to any other persons.

261—198.3(17A) Intervention. 198.3(1) Nondiscretionary intervention. Persons who qualify under any applicable provision of law as an intervenor and who file a petition for intervention within 15 working days of the filing of a petition for declaratory order and before the 30-day time for department action under rule 261—198.8(17A) shall be allowed to intervene in a proceeding for a declaratory order.

198.3(2) Discretionary intervention. Any person who files a petition for intervention at any time prior to the issuance of an order may be allowed to intervene in a proceeding for a declaratory order at the discretion of the department.
198.3(3) **Filing and form of petition for intervention.** A petition for intervention shall be filed at the Director’s Office, Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309-1819, Attn: Legal Counsel. A petition is deemed filed when it is received by that office. The department shall provide the petitioner with a file-stamped copy of the petition for intervention if the petitioner provides an extra copy for this purpose. A petition for intervention must be typewritten or legibly handwritten in ink and should substantially conform to the following form:

BEFORE THE DEPARTMENT OF ECONOMIC DEVELOPMENT

| Petition by (Name of Original Petitioner) for a Declaratory Order on (Cite provisions of law cited in original petition). | PETITION FOR INTERVENTION |

The petition for intervention must provide the following information:

1. Facts supporting the intervenor’s standing and qualifications for intervention.
2. The answers urged by the intervenor to the question or questions presented and a summary of the reasons urged in support of those answers.
3. Reasons for requesting intervention and disclosure of the intervenor’s interest in the outcome.
4. A statement indicating whether the intervenor is currently a party to any proceeding involving the questions at issue and whether, to the intervenor’s knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.
5. The names and addresses of any additional persons, or a description of any additional class of persons, known by the intervenor to be affected by, or interested in, the questions presented.
6. Whether the intervenor consents to be bound by the determination of the matters presented by the declaratory order proceeding.

The petition must be dated and signed by the intervenor or the intervenor’s representative. It must also include the name, mailing address, and telephone number of the intervenor and the intervenor’s representative, and a statement indicating the person to whom communications should be directed.

261—198.4(17A) **Briefs.** The petitioner or any intervenor may file a brief in support of the position urged. The department may request a brief from the petitioner, any intervenor, or any other person concerning the questions raised.

261—198.5(17A) **Inquiries.** Inquiries concerning the status of a declaratory order proceeding may be made to the Director’s Office, Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309-1819, Attn: Legal Counsel.

261—198.6(17A) **Service and filing of petitions and other papers.**

198.6(1) **Service.** Except where otherwise provided by law, every petition for declaratory order, petition for intervention, brief, or other paper filed in a proceeding for a declaratory order shall be served by mailing or personal delivery upon each of the parties of record to the proceeding, and on all other persons identified as affected by or interested in the questions presented, simultaneously with their filing. The party filing a document is responsible for service on all parties and other affected or interested persons. All documents filed shall indicate all parties or other persons served and the date and method of service.

198.6(2) **Filing.** All petitions for declaratory orders, petitions for intervention, briefs, or other papers in a proceeding for a declaratory order shall be filed with the Director’s Office, Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309-1819, Attn: Legal Counsel. All documents are considered filed upon receipt.

261—198.7(17A) **Consideration.** Upon request by the petitioner, the department shall schedule a brief and informal meeting between the original petitioner, all intervenors, and a member of the staff of the department to discuss the questions raised. The department may solicit comments from any person on
the questions raised. Also, comments on the questions raised may be submitted to the department by any person.

261—198.8(17A) Action on petition.

198.8(1) Time frames for action. Within 30 days after receipt of a petition for a declaratory order, the director or the director’s designee shall take action on the petition as required by 1998 Iowa Acts, chapter 1202, section 13, subsection 5.

198.8(2) Date of issuance of order: The date of issuance of an order or of a refusal to issue an order is the date of mailing of the order or refusal or date of delivery if service is by other means unless another date is specified in the order.

261—198.9(17A) Refusal to issue order.

198.9(1) Reasons for refusal to issue order: The department shall not issue a declaratory order where prohibited by 1998 Iowa Acts, chapter 1202, section 13, subsection 1, and may refuse to issue a declaratory order on some or all questions raised for the following reasons:
1. The petition does not substantially comply with the required form.
2. The petition does not contain facts sufficient to demonstrate that the petitioner will be aggrieved or adversely affected by the failure of the department to issue an order.
3. The department does not have jurisdiction over the questions presented in the petition.
4. The questions presented by the petition are also presented in a current rule making, contested case, or other department or judicial proceeding, that may definitively resolve them.
5. The questions presented by the petition would more properly be resolved in a different type of proceeding or by another body with jurisdiction over the matter.
6. The facts or questions presented in the petition are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue an order.
7. There is no need to issue an order because the questions raised in the petition have been settled due to a change in circumstances.
8. The petition is not based upon facts calculated to aid in the planning of future conduct but is, instead, based solely upon prior conduct in an effort to establish the effect of that conduct or to challenge a department decision already made.
9. The petition requests a declaratory order that would necessarily determine the legal rights, duties, or responsibilities of other persons who have not joined in the petition, intervened separately, or filed a similar petition and whose position on the questions presented may fairly be presumed to be adverse to that of petitioner.
10. The petitioner requests the department to determine whether a statute is unconstitutional on its face.

198.9(2) Action on refusal. A refusal to issue a declaratory order must indicate the specific grounds for the refusal and constitutes final department action on the petition.

198.9(3) Filing of new petition. Refusal to issue a declaratory order pursuant to this provision does not preclude the filing of a new petition that seeks to eliminate the grounds for the department’s refusal to issue an order.

261—198.10(17A) Contents of declaratory order—effective date. In addition to the order itself, a declaratory order must contain the date of its issuance, the name of petitioner and all intervenors, the specific statutes, rules, or orders involved, the particular facts upon which it is based, and the reasons for its conclusion.

A declaratory order is effective on the date of issuance.

261—198.11(17A) Copies of orders. A copy of all orders issued in response to a petition for a declaratory order shall be mailed promptly to the original petitioner and all intervenors.

261—198.12(17A) Effect of a declaratory order. A declaratory order has the same status and binding effect as a final order issued in a contested case proceeding. It is binding on the department, the petitioner,
and any intervenors who consent to be bound and is applicable only in circumstances where the relevant facts and the law involved are indistinguishable from those on which the order was based. As to all other persons, a declaratory order serves only as precedent and is not binding on the department. The issuance of a declaratory order constitutes final agency action on the petition.

These rules are intended to implement 1998 Iowa Acts, chapter 1202, section 13.

CHAPTER 199
UNIFORM WAIVER AND VARIANCE RULES
[Prior to 9/6/00, see 261—Ch 104]
[Prior to 7/4/07, see 261—Ch 173]

261—199.1(ExecOrd11) Applicability. This chapter outlines a uniform process for the granting of waivers or variances from rules adopted by the department. The intent of this chapter is to allow persons to seek exceptions to the application of rules issued by the department.

199.1(1) Definitions.
“Board” or “IDED board” means the Iowa department of economic development board created by Iowa Code chapter 15.
“Department” or “IDED” means the Iowa department of economic development authorized by Iowa Code chapter 15.
“Director” means the director of the department of economic development or the director’s designee.
“Director/board” means either the director or the board depending on which one has decision-making authority pursuant to rule 199.2(ExecOrd11).
“Person” means an individual, corporation, limited liability company, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, or any legal entity.
“Waiver or variance” means an agency action which suspends in whole or in part the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person.

199.1(2) Authority.
a. A waiver or variance from rules adopted by the department may be granted in accordance with this chapter if (1) the department has exclusive rule-making authority to promulgate the rule from which waiver or variance is requested or has final decision-making authority over a contested case in which a waiver or variance is requested; and (2) no statute or rule otherwise controls the grant of a waiver or variance from the rule from which waiver or variance is requested.
b. No waiver or variance may be granted from a requirement which is imposed by statute. Any waiver or variance must be consistent with statute.

261—199.2(ExecOrd11) Director/board discretion. The decision on whether the circumstances justify the granting of a waiver or variance shall be made at the discretion of the director upon consideration of all relevant factors, except for the below-listed programs, for which the board shall make the decision, upon consideration of all relevant factors:
2. New Jobs and Income Program (NJIP), 261—Chapter 58.
4. Accelerated Career Education Program Physical Infrastructure Assistance Program (ACE PIAP), 261—Chapter 20.

199.2(1) Criteria for waiver or variance. The director/board may, in response to a completed petition or on its own motion, grant a waiver or variance from a rule, in whole or in part, as applied to the circumstances of a specified situation if the director/board finds each of the following:
a. Application of the rule to the person at issue would result in hardship or injustice to that person; and
b. Waiver or variance on the basis of the particular circumstances relative to that specified person would be consistent with the public interest; and
c. Waiver or variance in the specific case would not prejudice the substantial legal rights of any person; and
d. Where applicable, substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver or variance is requested.

In determining whether waiver or variance should be granted, the director/board shall consider whether the underlying public interest policies and legislative intent of the rules are substantially
equivalent to full compliance with the rule. When the rule from which a waiver or variance is sought establishes administrative deadlines, the director/board shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all licensees, grantees and constituents.

199.2(2) Special waiver or variance rules not precluded. These uniform waiver and variance rules shall not preclude the director/board from granting waivers or variances in other contexts or on the basis of other standards if a statute or other department rule authorizes the director/board to do so, and the director/board deems it appropriate to do so.

261—199.3(ExecOrd11) Requester’s responsibilities in filing a waiver or variance petition.

199.3(1) Application. All petitions for waiver or variance must be submitted in writing to the Iowa Department of Economic Development, Office of the Director, 200 East Grand Avenue, Des Moines, Iowa 50309-1819, Attention: Legal Counsel. If the petition relates to a pending contested case, a copy of the petition shall also be filed in the contested case proceeding.

199.3(2) Content of petition. A petition for waiver or variance shall include the following information where applicable and known to the requester (for an example of a petition for waiver or variance, see Exhibit A at the end of this chapter):

a. A description and citation of the specific rule from which a waiver or variance is requested.

b. The specific waiver or variance requested, including the precise scope and operative period that the waiver or variance will extend.

c. The relevant facts that the petitioner believes would justify a waiver or variance.

d. A signed statement from the petitioner attesting to the accuracy of the facts provided in the petition, and a statement of reasons that the petitioner believes will justify a waiver or variance.

e. A history of any prior contacts between the department and the petitioner relating to the regulated activity, license, grant, loan or other financial assistance affected by the proposed waiver or variance, including a description of each affected license, grant, loan or other financial assistance held by the requester, any notices of violation, contested case hearings, or investigative reports relating to the regulated activity, license, grant or loan within the last five years.

f. Any information known to the requester regarding the department’s treatment of similar cases.

g. The name, address, and telephone number of any public agency or political subdivision which also regulates the activity in question, or which might be affected by the grant of a waiver or variance.

h. The name, address, and telephone number of any person or entity who would be adversely affected by the grant of a petition.

i. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver or variance.

j. Signed releases of information authorizing persons with knowledge regarding the request to furnish the department with information relevant to the waiver or variance.

199.3(3) Burden of persuasion. When a petition is filed for a waiver or variance from a department rule, the burden of persuasion shall be on the petitioner to demonstrate by clear and convincing evidence that the director/board should exercise its discretion to grant the petitioner a waiver or variance.

261—199.4(ExecOrd11) Notice. The department shall acknowledge a petition upon receipt. The department shall ensure that notice of the pendency of the petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law, within 30 days of the receipt of the petition. In addition, the department may give notice to other persons. To accomplish this notice provision, the department may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law, and provide a written statement to the department attesting that notice has been provided.

261—199.5(ExecOrd11) Department responsibilities regarding petition for waiver or variance.

199.5(1) Additional information. Prior to issuing an order granting or denying a waiver or variance, the director/board may request additional information from the petitioner relative to the petition and
surrounding circumstances. If the petition was not filed in a contested case, the director/board may, on its own motion or at the petitioner’s request, schedule a telephonic or in-person meeting between the petitioner and the director/board, the director’s/board’s designee, a committee of the board, or a quorum of the board.

199.5(2) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply in three situations: (a) to any petition for a waiver or variance of rule filed within a contested case; (b) when the director/board so provides by rule or order; or (c) when a statute so requires.

199.5(3) Ruling. An order granting or denying a waiver or variance shall be in writing and shall contain a reference to the particular person and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and operative period of the waiver if one is issued.

199.5(4) Conditions. The director/board may condition the grant of the waiver or variance on such reasonable conditions as appropriate to achieve the objectives of the particular rule in question through alternative means.

199.5(5) Time for ruling. The director/board shall grant or deny a petition for a waiver or variance as soon as practicable, but in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the director/board shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

199.5(6) When deemed denied. Failure of the director/board to grant or deny a petition within the required time period shall be deemed a denial of that petition by the director/board.

199.5(7) Service of order. Within seven days of its issuance, any order issued under this chapter shall be transmitted to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law.

261—199.6(ExecOrd11) Public availability. Subject to the provisions of Iowa Code section 17A.3(1)“e,” the department shall maintain a record of all orders granting or denying waivers and variances under this chapter. All final rulings in response to requests for waivers or variances shall be indexed and available to members of the public at the Iowa Department of Economic Development, Office of the Director, 200 East Grand Avenue, Des Moines, Iowa 50309-1819.

261—199.7(ExecOrd11) Voiding or cancellation. A waiver or variance is void if the material facts upon which the request is based are not true or if material facts have been withheld. The director/board may at any time cancel a waiver or variance upon appropriate notice if the director/board finds that the facts as stated in the request are not true, material facts have been withheld, the alternative means of compliance provided in the waiver or variance have failed to achieve the objectives of the statute, or the requester has failed to comply with the conditions of the order.

261—199.8(ExecOrd11) Violations. Violation of conditions in the waiver or variance approval is the equivalent of violation of the particular rule for which the waiver or variance is granted and is subject to the same remedies or penalties.

261—199.9(ExecOrd11) Defense. After the director/board issues an order granting a waiver or variance, the order is a defense within its terms and the specific facts indicated therein for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.

261—199.10(ExecOrd11,17A) Appeals. Granting or denying a request for waiver or variance is final agency action under Iowa Code chapter 17A. An appeal to district court shall be taken within 30 days of the issuance of the ruling in response to the request unless a contrary time is provided by rule or statute.

The petitioner has the burden of proving, by clear and convincing evidence, the following to the director/board: (a) application of the rule to the petitioner would result in hardship or injustice to the petitioner; and (b) waiver or variance on the basis of the particular circumstances relative to the petitioner would be consistent with the public interest; and (c) waiver or variance in the specific case would not prejudice the substantial legal rights of any person; and (d) where applicable, how substantially equal
protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver or variance is requested.

2. The department may request additional information from or request an informal meeting with the petitioner prior to issuing a ruling granting or denying a request for waiver or variance.

PART X
COMMUNITY ATTRACTION AND INVESTMENT PROGRAMS
CHAPTER 200
REINVESTMENT DISTRICTS PROGRAM

261—200.1(15J) Purpose. The board is authorized by the general assembly and the governor to oversee the implementation and administration of certain provisions of a new economic development program known as the Iowa reinvestment Act which was enacted in 2013 Iowa Acts, House File 641. The purpose of this chapter is to describe the manner in which the authority’s part of the program will be administered. The program provides for as much as $100 million in state hotel and motel and state sales tax revenues generated by new revenue-generating projects in certain districts to be “reinvested” within those districts. In general, the authority has the responsibility to evaluate projects and make funding decisions while the department of revenue has the responsibility for collecting the tax revenues used to fund projects under the program and making payments to municipalities. To the greatest extent possible, the board will fund projects in districts that are the most likely (1) to improve the quality of life of the municipality, the surrounding region, and the state as a whole; (2) to be unique to the municipality, the surrounding region, and the state as a whole; and (3) to substantially benefit the economy of the municipality, the surrounding region, and the state as a whole.

[ARC 1175C, IAB 11/13/13, effective 12/18/13]

261—200.2(15J) Definitions. For purposes of this chapter unless the context otherwise requires:

“Account” means the district account that is created within the fund for each municipality which has established a district and that holds the new tax revenues deposited by the department under the program. Moneys in each account will be remitted quarterly by the department to the municipality pursuant to the department of revenue’s rules in 701—Chapter 237.

“Applicant” means a municipality applying to the board and the authority for approval of a district under the program, including the preapplication process described in rule 261—200.4(15J).

“Appurtenant structure” means any building or other fixture on a piece of real estate other than the main building provided that such a building or fixture is permanent, is wholly or partially above grade, and will be constructed or substantially improved in conjunction with the main building. A structure is appurtenant when the structure is physically connected to a main building such that the connected structures combine to create a single, integrated facility. A structure is not physically connected if the structure has a function or purpose independent of the main building, even if the structures are in close proximity or are incidentally connected by some means such as a common wall, a sidewalk, or recreational trail.

“Authority” means the economic development authority created in Iowa Code section 15.105.

“Board” means the members of the economic development authority appointed by the governor and in whom the powers of the authority are vested pursuant to Iowa Code section 15.105.

“Commencement date” means the date established for each district by the board pursuant to rule 261—200.7(15J) upon which the calculation of new state sales tax and new state hotel and motel tax revenue shall begin pursuant to rule 701—237.3(15J) and after which the department will make deposits in the fund pursuant to rule 701—237.4(15J).

“Department” means the department of revenue.

“Director” means the director of the authority.

“District” means the area within a municipality that is designated a reinvestment district under the program. For purposes of this chapter, a reinvestment district is designated during the application and approval process but is not created until it has both received the final approval of the board pursuant to rule 261—200.7(15J) and been established by ordinance of the municipality as described in rule 261—200.8(15J).

“Due diligence committee” means the due diligence committee of the board established pursuant to 261—subrule 1.3(7).
“Fund” means the state reinvestment district fund created in 2013 Iowa Acts, House File 641, section 6, consisting of new tax revenues, and under the control of the department.

“Governing body” means the county board of supervisors, city council, or other governing body in which the legislative powers of the municipality are vested.

“Maximum benefit amount” means the total amount of new tax revenues that may be remitted to a municipality’s reinvestment project fund and used for development in a district. The maximum benefit will be established by the board when a final application to the program is approved pursuant to rule 261—200.7(15J).

“Municipality” means a county or an incorporated city.

“New lessor” means a lessor, as defined in Iowa Code section 423A.2, operating a business in the district that was not in operation in the area of the district before the effective date of the ordinance establishing the district, regardless of ownership. “New lessor” also includes any lessor, as defined in Iowa Code section 423A.2, operating a business in the district if the place of business for that business is the subject of a project that was approved by the board.

“New retail establishment” means a business operated in the district by a retailer, as defined in Iowa Code section 423.1, that was not in operation in the area of the district before the effective date of the ordinance establishing the district, regardless of ownership. “New retail establishment” also includes any business operated in the district by a retailer, as defined in Iowa Code section 423.1, if the place of business for that retail establishment is the subject of a project that was approved by the board.

“New tax revenues” means all state sales tax revenues and state hotel and motel tax revenues that are collected within a district by new retail establishments and new lessors, provided that such new retail establishments and lessors are included as projects in an approved district plan. New tax revenues are remitted to the department after collection by new retail establishments and new lessors and deposited by the department in a fund for use by a municipality under the program.

“Program” means the reinvestment district program established pursuant to this chapter.

“Project” means a vertical improvement constructed or substantially improved within a district using new tax revenues. “Project” does not include any of the following:

1. A building, structure, or other facility that is in whole or in part used or intended to be used to conduct gambling games under Iowa Code chapter 99F.

2. A building, structure, or other facility that is in whole or in part used or intended to be used as a hotel or motel if such hotel or motel is connected to or operated in conjunction with a building, structure, or other facility described in paragraph “1” above.

“Retail business” means any business engaged in the business of selling tangible personal property or taxable services at retail in this state that is obligated to collect state sales or use tax under Iowa Code chapter 423. However, for the purposes of this chapter, “retail business” does not include a new lessor.

“State hotel and motel tax” means the state-imposed tax under Iowa Code section 423A.3.

“State sales tax” means the sales and services tax imposed pursuant to Iowa Code section 423.2.

“Substantially improved” means that the cost of the improvements to a project are equal to or exceed 50 percent of the assessed value of the property, excluding the land, prior to such improvements.

“Unique nature” means a quality or qualities of the projects to be developed in a district which, when considered in the entirety, will substantially distinguish the district’s projects from other existing or proposed developments in the state. For purposes of this chapter, whether a project is of a unique nature is a subjective and contextual determination that will be made by the board. In determining whether a project is of a unique nature, the board will not necessarily require a project to be entirely without precedent or to be the only one of its kind in the state, but rather the board will evaluate whether the projects to be undertaken in a district will either (1) permanently transform the aesthetics or infrastructure of a local community for the better, including by preserving important historical structures or neighborhoods; or (2) contribute substantially more to the state’s economy or quality of life than other similar projects in the state.

“Vertical improvement” means a building that is wholly or partially above grade and all appurtenant structures to the building.

261—200.3(15J) Program overview.

200.3(1) General. The reinvestment districts program provides for as much as $100 million in new tax revenues generated by revenue-generating projects in certain districts to be “reinvested” within those districts. The program allows municipalities to designate areas of up to 25 acres within their corporate boundaries as reinvestment districts and to use new tax revenues collected within the district to finance the development of projects within the district. The authority and the board will take applications from municipalities for designation as a district and will consider and approve eligible applicants for funding under the program.

200.3(2) Preapplication, provisional decisions, and final approval. Each fiscal year in which funding is available, the authority will accept applications for assistance under the program. The program includes a preapplication process, a scoring process, a provisional funding decision, and a final board approval process.

200.3(3) District establishment and financing. Upon final approval of a plan, a municipality may adopt an ordinance to establish a district and shall notify the department that new tax revenues may be deposited in a fund under the program. The collection and deposit of new tax revenues by the department begins only after final approval of the proposed district plan and the establishment of the district’s maximum benefit amount and commencement date. The department will deposit in a fund 4 percent of the amount of retail sales subject to the state sales tax collected by new retail establishments within the district and 5 percent of the amount of sales subject to the state hotel and motel tax collected by new lessors within the district.

200.3(4) Duration of funding and termination of district. The department will deposit new tax revenues in the fund until the maximum benefit is reached or the district is terminated, whichever is earlier. A district shall be terminated as of the date 20 years after the commencement date unless a municipality dissolves the district prior to that date.

200.3(5) Use of funds. A municipality may use moneys remitted by the department to the municipality from its account for purposes of funding development in a district according to an approved district plan as described in rule 261—200.8(15J).

[ARC 1175C, IAB 11/13/13, effective 12/18/13]

200.4(1) Purpose. The program includes a preapplication process to assist with the administration and implementation of the program. The purposes of the preapplication process are to provide information related to the requirements of this chapter, to determine the interest of municipalities in establishing districts under this chapter, including the amount of potential funding requests, and to assist municipalities in preparing a proposed district plan. The authority and the board will utilize the preapplication process to gauge the level of demand for funding under the program, accept initial project plans and requests for funding, make provisional determinations about the amount of maximum benefits, and notify applicants of the board’s provisional funding decisions. While all funding decisions made during the preapplication process are provisional and subject to change, the process is intended to indicate the board’s willingness to approve future financial assistance for projects that meet the requirements of this chapter.

200.4(2) Preapplication required. The board will only approve a proposed district plan if that plan has been submitted during the annual filing window as described in this rule.

200.4(3) Annual filing window. Each year starting on March 1 and ending on March 15, the authority will accept preapplications under the program provided that funding is available. The purpose of the annual filing window is to enable the competitive scoring of applications and facilitate funding decisions by the board that are within the limitations established for the program by the general assembly. A municipality interested in applying to the program must submit a preapplication during the annual filing window or wait until the next annual filing window.

200.4(4) Preapplication submission requirements. Each preapplication submission shall demonstrate compliance with the requirements listed in rule 261—200.5(15J) to the greatest extent possible. While the preapplication process is provisional in nature and is designed to allow applicants...
to make reasonable changes to the proposed district plan before a final application is considered, the board is more likely to approve funding for proposed districts that meet all requirements of rule 261—200.5(15J) during the preapplication process.

200.4(5) Provisional funding decisions.

a. The board, with the assistance of the authority, will evaluate the preapplications and assign them a provisional score based on the criteria described in rule 261—200.6(15J). Based on the results of the scoring, the board will make provisional funding decisions and notify applicants on or before June 30 of each year in which funding is available.

b. A provisional funding decision represents an initial judgment by the board about the merits of a proposed district plan and is provided for the convenience of both applicants and the board for the better administration of the program. A provisional funding decision shall not be construed as binding on the board nor will the applicant be required to meet all of the details contained in the preapplication. A provisional funding decision shall not be construed as a final approval by the board. A municipality shall not adopt an ordinance establishing a district based on a provisional funding decision.

c. The final details of a proposed district plan and a final funding decision, including a maximum benefit amount and a commencement date, shall be contingent upon the receipt of a full, final, and complete application and upon final action by the board to ratify, amend, defer, or rescind its provisional funding decision as provided in rule 261—200.7(15J).

d. The department of revenue will not deposit moneys into a fund until a final application is approved by the board and an ordinance has been adopted by the municipality.

200.4(6) Posting of preapplication and materials to Internet site. After the board makes a provisional funding decision, the proposed district plan, along with all accompanying materials, will be posted on the authority’s Internet site for public viewing within ten days of approval by the board.

[ARC 1175C, IAB 11/13/13, effective 12/18/13]

261—200.5(15J) Program eligibility and application requirements. To be eligible for benefits under the program, an applicant shall meet all of the following requirements:

a. The area must consist only of parcels of real property that the governing body of the municipality determines will be directly and substantially benefited by development in the proposed district. In order to establish that this criterion is met, a municipality should submit information such as an estimate of the expected increase in valuation or other data that lends itself to a quantitative assessment of the extent to which the real property will benefit.

b. The area must be in whole or in part either an economic development enterprise zone designated under Iowa Code chapter 15E, division XVIII, or an urban renewal area established pursuant to Iowa Code chapter 403. In order to establish that this criterion is met, a municipality should submit maps of the proposed area as well as maps of the existing enterprise zone or urban renewal area. A municipality should also submit copies of the local ordinance or resolution establishing the enterprise zone or the urban renewal area.

c. The area must consist of contiguous parcels and must not exceed 25 acres in total. For purposes of this subrule, “contiguous” means parcels that are physically connected. Parcels connected by streets or other rights-of-way will be considered physically connected for purposes of this rule. In designating an area that includes a right-of-way, an applicant may include an area that is less than the full width of the right-of-way, but the applicant shall not include less than 60 feet of the right-of-way’s width.

d. For a municipality that is a city, the area must not include the entire incorporated area of the city.

e. The area must not be located in whole or in part within another district established under this chapter.
200.5(2) Proposed district plan. An applicant must submit a proposed district plan. A proposed district plan must be approved by resolution of the governing body of the municipality and must state the governing body’s intent to establish a district. A copy of this resolution should be submitted with the proposed district plan. The proposed district plan must also include all of the following:

a. A finding by the governing body that the area in the proposed district is an area suitable for development. This finding should be supported by the information required under subrule 200.5(1).

b. A legal description of the real estate forming the boundaries of the area to be included in the proposed district along with a map depicting the existing parcels of real estate located in the proposed district.

c. A list of the names and addresses of the owners of record of the parcels to be included in the proposed district. If, at the time an application is submitted, the parcels are not yet acquired or one or more parcels within the district are under consideration for a project, then the names and addresses of the owners of record of all parcels under consideration shall be submitted with the understanding that final board approval shall be contingent upon all parcels’ being acquired and identified by address prior to final board approval and establishment of the commencement date.

d. A list of all projects proposed to be undertaken within the district, a detailed description of those projects, and a project plan for each proposed project. Each project plan shall clearly state the estimated cost of the proposed project, the anticipated funding sources for the proposed project, the amount of anticipated funding from each such source, and the amount and type of debt, if any, to be incurred by the municipality to fund the proposed project, and shall include a proposed project feasibility study conducted by an independent professional with expertise in economic development and public finance. The project plan for the project that proposes the largest amount of capital investment among all proposed projects within the district shall include an estimate of the date that construction of the project will be completed and of the date that operations will begin at the project. The feasibility study shall include projections and analysis of all of the following:

(1) The amount of gross revenues expected to be collected in the district as a result of the proposed project for each year that the district is in existence.

(2) A detailed explanation of the manner and extent to which the proposed project will contribute to the economic development of the state and the municipality, including an analysis of the proposed project’s economic impact. The analysis shall include the same components and be conducted in the same manner as the economic impact study required under paragraph “e” of this subrule.

(3) An estimate of the number of visitors or customers the proposed project will generate during each year that the district exists.

(4) A description of the unique characteristics of the proposed project. The description should include an explanation of why the unique characteristics of the proposed project cause the project to be of a unique nature, within the meaning of that term as it is defined in rule 261—200.2(15J).

e. An economic impact study for the proposed district conducted by an independent economist retained by the municipality. The economic impact study shall, at a minimum, do all of the following:

(1) Contain a detailed analysis of the financial benefit of the proposed district to the economy of the state and the municipality.

(2) Identify one or more projected market areas in which the district can reasonably be expected to have a substantial economic impact.

(3) Assess the fiscal and financial impact of the proposed district on businesses or on other economic development projects within the projected market area.

200.5(3) Additional conditions. In addition to the requirements described in subrules 200.5(1) and 200.5(2), a municipality shall demonstrate to the board’s satisfaction that all of the following additional conditions are met:

a. The area of the municipality proposed to be included in the district must meet the requirements of subrule 200.5(1).

b. The projects proposed to be undertaken in the district must be of a unique nature and must be likely to have a substantial beneficial impact on the economy of the state and the economy of the municipality. If, in the judgment of the board, an applicant’s proposed district plan is not of a unique
nature or will not result in benefits claimed, the board may decline to approve a proposed district plan or may defer a proposed district plan until amendments are made.

c. The proposed funding sources for each proposed project must be feasible.

d. At least one of the projects proposed to be undertaken in the district must include a capital investment of at least $10 million.

e. The total amount of proposed funding from new tax revenues to be remitted to the municipality from the fund for all proposed projects in the proposed district plan must not exceed 35 percent of the total cost of all proposed projects in the proposed district plan.

f. The amount of proposed capital investment within the proposed district related to retail businesses in the proposed district must not exceed 50 percent of the total capital investment for all proposed projects in the proposed district plan.

g. The applicant must have submitted an application under the preapplication process described in rule 261—200.4(15J) and, as part of a provisional funding decision by the board, must have been approved for a provisional maximum benefit amount.

h. The proposed district plan must meet a minimum score under the criteria described in rule 261—200.6(15J).

i. The proposed district plan would not create an additional district within a municipality that has already established one. While multiple districts within a single municipality are not prohibited under the program, the program does limit the size of any one district to 25 acres and disallows overlapping districts. Therefore, the board will consider whether the approval of an additional district is appropriate given the particulars of the proposed additional district and the goals of the program. If a municipality proposes an additional district, the board, at its discretion, may accept the application and score it, or if the board determines that approval of an additional district would not serve the goals of the program, the board may reject the application without scoring it.

j. The applicant is not requesting a plan amendment to increase the maximum benefit amount for an already approved district. While it is within the discretion of the board to increase the maximum benefit amount of an approved district, the board will carefully scrutinize whether an increase is justified by circumstances such as greater investment or improved projects within the district and whether any change in the maximum benefit amount serves the goals of the program.

200.5(4) Application materials and submission.

a. A municipality interested in applying for funding under the program shall submit a preapplication and a final application to the board for approval and, when applying, shall provide the information described in this chapter or any other information the board or the authority may reasonably require in order to process the application.

b. Information on submitting an application under the program may be obtained by contacting the economic development authority. The contact information is:

261—200.6(15J) Application scoring and determination of benefits. For each applicant that meets the requirements of rule 261—200.5(15J) and that has submitted an application during the annual filing window as described in subrule 200.4(3), the board will evaluate and score the proposed district plan according to the criteria and process described in this rule.

200.6(1) Scoring criteria and plan evaluation. Each proposed district plan will be given a numerical score between 0 and 100. The higher the numerical score, the more likely the proposed district will be approved for designation and funding under the program. The scoring process will necessarily involve a
subjective assessment of the quality of each proposed district plan as well as a consideration of how each proposed district plan compares to the plans proposed by other applicants. The criteria used to score each application and the maximum number of points that may be attributed to each criterion are as follows:

a. Uniqueness: 25 points. The program requires that the projects proposed to be undertaken must be of a unique nature. Therefore, the proposed district plan will be evaluated on this criterion in order to quantify the extent to which the projects in the proposed district plan are of a unique nature. The more unique the projects are, the more points will be received under this criterion.

b. Economic impact: 25 points. The program requires that the projects proposed to be undertaken must have a substantial beneficial impact on the economy of the state and the economy of the municipality. Therefore, the proposed district plan will be evaluated on this criterion in order to quantify the extent to which the projects in the proposed district plan will benefit the economy. The greater the economic impact of the proposed district plan, the more points will be received under this criterion.

c. Project feasibility: 10 points. The program requires that funding sources for projects must be feasible. Therefore, the proposed district plan will be evaluated on this criterion in order to quantify the extent to which the funding sources of the proposed projects are feasible. The more feasible the funding sources for the proposed projects are, the more points will be received under this criterion.

d. Capital investment: 10 points. The program requires that at least one project with a capital investment of $10 million or more be proposed. To the extent that the proposed district plan exceeds this minimum level of capital investment, more points will be received under this criterion.

e. Funding leverage: 10 points. The program limits the amount of new tax revenues that can be received to 35 percent of the total cost of all proposed projects in the proposed district plan. To the extent that a proposed district plan includes a financing plan in which the percentage of new tax revenues to be received is less than 35 percent of the total cost, more points will be received under this criterion.

f. Nonretail focus: 10 points. The program limits the amount of proposed capital investment in the district related to retail businesses to 50 percent of the total capital investment for all proposed projects in the proposed district. To the extent that a proposed district plan includes projects that provide cultural amenities, tourist attractions and accommodations, infrastructure, or quality of life improvements, more points will be received under this criterion.

g. Additional factors: 10 points. The program allows the board to establish additional criteria for the program. Therefore, in addition to the other criteria listed in this subrule, the board will consider the following additional factors:

(1) Readiness for development. The closer a municipality is to beginning development on a proposed district plan, the more points may be received under the additional factors criterion.

(2) Geographic diversity. To the extent that a proposed district is located in a region of the state not already funded under the program, more points may be received under the additional factors criterion. A proposed district plan that would create an additional district within a municipality or a request to increase the maximum benefit amount of an already approved district will not be viewed as enhancing geographic diversity and may receive fewer points under the additional factors criterion.

(3) Funding need. To the extent that a funding gap exists in the proposed district plan’s financing, more points may be received under the additional factors criterion.

200.6(2) Scoring process and funding recommendations. Proposed district plans will be scored by an evaluation committee consisting of members appointed by the director. Members of the committee will include authority staff and not more than five members of the board. Each member of the evaluation committee will judge the proposed district plan according to the scoring criteria, and then the scores of all members of the committee will be averaged together to reflect one numerical score between 0 and 100. The evaluation committee will not make a funding recommendation.

After all applications are scored, a copy of the proposed district plan and the results of the scoring will be referred to the due diligence committee, which will consider the quality of the proposed district plans and make funding recommendations to the board. The due diligence committee will take into account the requested funding levels, but will also attempt to establish maximum benefit amounts that seem most appropriate to both the quality of the proposed district plans and the total demand for program funding.
The scoring results will not be negotiated and, while both the board and the due diligence committee will consider the scoring results of the evaluation committee, those results are not binding on either the due diligence committee or the board.

200.6(3) Minimum score required. To receive funding under the program, a proposed district plan must receive an average score of 70 or more points under the criteria listed in subrule 200.6(1).

200.6(4) Funding not guaranteed. The program is subject to a total aggregate limit on the amount of new tax revenues that may be approved. Therefore, a proposed district plan that meets the required minimum score is not guaranteed funding if the board’s funding decisions for other, higher scoring proposed district plans cause the program’s total aggregate limit to be reached.

200.6(5) Final action taken by board. The final decision on whether to approve the designation of a proposed reinvestment district and the determination of the amount of maximum benefit to award an applicant rest entirely with the board. The recommendations of the evaluation committee and the due diligence committee with respect to the proposed district plans are of an advisory nature only.

200.6(6) Availability of scoring results. The board and the authority will keep records of the scoring process and make those records available to applicants.

200.6(7) Denial of plans and resubmission. If a proposed district plan is denied, the board will state the reasons for the denial. Reasons for denial may include a failure to meet filing deadlines, a failure to meet the basic requirements for eligibility, a failure to meet the required minimum score, or a lack of available funding. A municipality whose application is denied may resubmit the application at the next annual filing window provided there is funding available, but a resubmission must be rescored with all other applicants that apply during that filing window.

200.6(8) Provisional nature of preapplication process. The preapplication process described in rule 261—200.4(15J) will result in provisional scores and provisional funding decisions for applicants. However, these provisional scores and funding decisions are subject to change pending the final approval process described in rule 261—200.7(15J).

261—200.7(15J) Final application and approval process.

200.7(1) Final application required.

a. An applicant that receives a provisional funding decision must submit a final application to the board before the date of the next annual filing window. An applicant that does not file a final application within that time will be scored again with all other applicants who file in the next annual filing window.

b. A final application shall meet all the requirements described in rule 261—200.5(15J).

200.7(2) Amendments to preapplications and rescoring of plans. An applicant may amend any part of the preapplication when submitting the final application and must amend the application if any part of the proposed district plan will be materially different from the plan that was proposed during the preapplication process. If the board determines that a final application is substantially different from the related preapplication, then the board may rescore the application and reevaluate the provisional funding decision prior to taking final action. If the board elects to rescoring and reevaluate an application, the application will be rescoring and reevaluated in the same manner and according to the same criteria used initially.

200.7(3) Final funding decision and establishment of commencement date. After submission of all information required for the final application, the board will make a final funding decision, establish a final maximum benefit amount, and establish a commencement date for the district. The commencement date established by the board will be the first day of the first calendar quarter beginning after the later of the two dates identified for the project that proposed the largest amount of capital investment among all proposed projects in the district as described in subrule 200.5(2).

200.7(4) Provisional funding decisions not determinative of final funding decision. The board’s final funding decision may be different from its provisional funding decision. The board may ratify, amend, defer, or rescind the provisional funding decision. If the board’s final funding decision causes additional funding to become available, the board may amend a funding decision for another proposed district plan.
made during the same annual filing window or may reserve the additional funding capacity for the next annual filing window.

200.7(5) Posting of application and materials to Internet site. Upon final approval by the board, the district plan, along with the municipality’s resolution and all accompanying materials, will be posted on the authority’s Internet site for public viewing within ten days of approval by the board.  
[ARC 1175C, IAB 11/13/13, effective 12/18/13]

261—200.8(15J) Adoption of ordinance and use of funds.  
200.8(1) Adoption of ordinance establishing a district. Upon receiving approval by the board of the final application pursuant to rule 261—200.7(15J), the municipality may adopt an ordinance establishing the district and shall notify the director of revenue of the district’s commencement date established by the board no later than 30 days after adoption of the ordinance. The ordinance adopted by the municipality shall include the district’s commencement date and a detailed statement of the manner in which the approved projects to be undertaken in the district will be financed, including but not limited to the financial information included in the project plan.

200.8(2) Use of funds.  
 a. Following establishment of the district, a municipality may use the moneys deposited in the municipality’s reinvestment project fund created pursuant to 2013 Iowa Acts, House File 641, section 7, to fund the development of those projects included within the district plan. For purposes of this subrule, “development” means all costs reasonably related to a project provided that such costs are described in a final application approved by the board. Development costs may include project planning, professional services, land acquisition, construction, maintenance, and operational expenses. A municipality shall enter into development agreements for the expenditure of program funds and submit copies of such agreements to the authority within 30 days of execution.
 b. Moneys deposited in such a fund shall only be used to fund projects approved by the board as part of a proposed district plan. Moneys deposited in such a fund may be used for projects that do not generate new tax revenues provided such projects are part of an approved plan. A municipality shall maintain records documenting the use of funds under the program and make them available to the board or the department upon request.
 c. Moneys from any source deposited into the fund shall not be expended for or otherwise used in connection with a project that includes the relocation of a commercial or industrial enterprise not presently located within the municipality. For the purposes of this subrule, “relocation” means the closure or substantial reduction of an enterprise’s existing operations in one area of the state and the initiation of substantially the same operation in the same county or a contiguous county in the state. “Relocation” does not include an enterprise expanding its operations in another area of the state provided that existing operations of a similar nature are not closed or substantially reduced.
 d. Moneys from new tax revenues collected within a district and expended by a municipality under the program are subject to audit by the department of revenue or the auditor of state.
[ARC 1175C, IAB 11/13/13, effective 12/18/13]

261—200.9(15J) Plan amendments and reporting.  
200.9(1) Plan amendments.  
 a. A municipality may request an amendment to an approved district plan in order to add or modify projects. However, a proposed modification to a project, and each project proposed to be added, must first be approved by the board in the same manner as provided for the original plan, including updated or amended feasibility and economic impact studies as necessary. An applicant requesting a plan amendment is not required to file a preapplication pursuant to rule 261—200.4(15J) unless the amendment would increase the maximum benefit amount. A plan amendment request that does not increase the maximum benefit amount may be requested at any time.
 b. There is no circumstance in which the board will approve an amendment to a district plan if that amendment would result in the extension of the final commencement date established by the board. A request to extend a district’s established commencement date will be rejected.
c. If a district plan is amended to add or modify a project, the municipality shall amend the ordinance, if necessary, to reflect any changes to the financial information required to be included under the program.

d. If, after final approval and establishment of the district, a municipality is unable to carry out development of all the projects proposed to be undertaken in a district, the municipality shall seek a modification to the plan. If a requested plan amendment would reduce capital investment in a district or remove one or more of the projects originally approved for the district, the board in its discretion may reduce, rescind, or otherwise modify the maximum benefit amount accordingly.

200.9(2) Reports required. Following establishment of a district, the municipality shall on or before October 1 of each year submit a report to the board detailing all of the following:

a. The status of each project undertaken within the district in the previous 12 months.

b. An itemized list of expenditures from the municipality’s reinvestment project fund in the previous 12 months that have been made related to each project being undertaken within the district.

c. The amount of the total project cost remaining for each project being undertaken within the district as of the date the report is submitted.

d. The amounts, types, and sources of funding used for each project described in paragraph “a.”

e. The amount of bonds issued or other indebtedness incurred for each project described in paragraph “a,” including information related to the rate of interest, length of term, costs of issuance, and net proceeds. The report shall also include the amounts and types of moneys to be used for payment of such bonds or indebtedness.

200.9(3) Reports posted to Internet site and submitted to governor and general assembly. All reports received by the board under subrule 200.9(2) will be posted on the authority’s Internet site as soon as practicable following receipt of the report. The board will submit a written report to the governor and the general assembly on or before January 15 of each year that summarizes and analyzes the information submitted by municipalities under subrule 200.9(2).

[ARC 1175C, IAB 11/13/13, effective 12/18/13]

261—200.10(15J) Cessation of deposits, district dissolution, and revenue rules.

200.10(1) Cessation of deposits. As of the date 20 years after the district’s commencement date, the department will cease to deposit new tax revenues into the district’s account within the fund unless the municipality dissolves the district by ordinance prior to that date. Once the maximum benefit amount approved by the board for the district has been reached, the department will cease to deposit new tax revenues into the district’s account within the fund. If a district reaches the maximum benefit amount, the department will notify the municipality within a reasonable amount of time.

200.10(2) District dissolution. If a municipality dissolves a district by ordinance prior to the expiration of the 20-year period, the municipality shall notify the director of revenue of the dissolution as soon as practicable after adoption of the ordinance, and the department shall, as of the effective date of dissolution, cease to deposit state sales tax revenues and state hotel and motel tax revenues into the district’s account within the fund. If a municipality is notified that its maximum benefit amount has been reached, the municipality shall dissolve the district by ordinance as soon as practicable after notification.

200.10(3) Cross reference to department rules. The department has adopted rules for the administration and deposit of moneys into the fund. See 701—Chapter 237.

All eligible applications will be reviewed by the board. The vision Iowa program review committee shall evaluate and rank applications based on the following criteria:

212.8(1) Feasibility (0-25 points). The feasibility of the existing or proposed facility to remain a viable enterprise. The applicant’s comprehensive business plan and operational plan will be reviewed as part of this criterion. Rating factors for this criterion include, but are not limited to, the following: analysis of the comprehensive business plan which shall include a description of initial capitalization, sources of funding, project budget, detailed financial projections (including revenues and expenses) for five years, marketing analysis, marketing plan, and management team; and analysis of the operational plan which shall provide detailed information about how the proposed attraction will be operated and maintained including a time line for implementing the project. Additionally, the economic impact of a project shall be reviewed based on the degree to which the project enhances the quality of life in a region, increases diversity of projects available, contributes to the community’s efforts to retain and attract a skilled workforce, and creatively uses existing resources in the community. In order to be eligible for funding, proposals must score at least 15 points on this rating factor.

212.8(3) Leveraged activity (0-10 points). The degree to which the facility or project will stimulate the development of other recreational and cultural attractions or tourism opportunities and enhance economic growth and job opportunities. The degree to which the facility or project is strategically aligned with other existing regional or statewide cultural, recreational, entertainment, or educational activities in the community. In order to be eligible for funding, proposals must score at least 6 points on this rating factor.

212.8(4) Matching funds (0-25 points). The proportion of local match to be contributed to the project, and the extent of public and private participation. Moneys expended toward implementation of the project after May 9, 2000, may be considered to be a local match. Moneys raised at any time but not yet spent may also be considered to be a local match.

212.8(5) Planning principles (0-10 points). The extent to which the project has taken the following planning principles into consideration:

a. Efficient and effective use of land resources and existing infrastructure by encouraging development in areas with existing infrastructure or capacity to avoid costly duplication of services and costly use of land.

c. Maintenance of unique sense of place by respecting and enhancing local cultural, historical and natural environmental features.

   A minimum score of 65 points is required for a project to be recommended for funding.

261—212.9(15F) Application procedure.

212.9(1) Subject to availability of funds, applications will be reviewed by IDED staff on an ongoing basis and reviewed at least quarterly by the board. Applications will be reviewed by staff for completeness and eligibility. If additional information is required, the applicant shall be provided with notice, in writing, to submit additional information. A review, analysis and evaluation from the IDED staff will be submitted to the vision Iowa program review committee of the board who will then make a final recommendation to the complete board for final approval, denial or deferral. The vision Iowa board has the option to fund a component of a proposed project if the entire project does not qualify for funding.

212.9(2) Application forms for vision Iowa are available upon request from IDED, 200 East Grand Avenue, Des Moines, Iowa 50309.

212.9(3) IDED may provide technical assistance as necessary to applicants. IDED staff may conduct on-site evaluations of proposed projects.

212.9(4) Applications shall include, at a minimum, the information detailed in rule 212.8(15F).

261—212.10(15F) Administration of awards.

212.10(2) The recipient must execute and return the contract to the vision Iowa board within 45 days of transmittal of the final contract from the vision Iowa board. Failure to do so may be cause for the vision Iowa board to terminate the award.

212.10(3) Certain projects may require that permits or clearances be obtained from other state or local agencies before the activity may proceed. Awards may be conditioned upon the timely completion of these requirements.

212.10(4) Awards may be conditioned upon commitment of other sources of funds necessary to complete the project.

212.10(5) Amendments to contracts. Any substantive change to a contract shall be considered an amendment. Changes include time extensions, budget revisions and significant alteration of the funded projects that change the scope, location, objectives or scale of the approved project. Amendments must be requested in writing by the recipient and are not considered valid until approved by the vision Iowa board and confirmed in writing by IDED following the procedure specified in the contract between the recipient and the vision Iowa board.

These rules are intended to implement Iowa Code chapter 15F as amended by 2008 Iowa Acts, Senate File 2430 and House File 2450.

CHAPTER 213  
ENHANCE IOWA BOARD: UNIFORM WAIVER AND VARIANCE RULES

261—213.1(17A,ExecOrd11) Applicability. This chapter outlines a uniform process for the granting of waivers or variances from rules adopted by the board. The intent of this chapter is to allow persons to seek exceptions to the application of rules issued by the board.

213.1(1) Definitions.
“Board” or “enhance Iowa board” means the enhance Iowa board established by Iowa Code section 15F.102.
“Person” means an individual, corporation, limited liability company, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, or any legal entity.
“Waiver or variance” means an agency action which suspends in whole or in part the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person.

213.1(2) Authority.
  a. A waiver or variance from rules adopted by the board may be granted in accordance with this chapter if (1) the board has authority to promulgate the rule from which waiver or variance is requested or has final decision-making authority over a contested case in which a waiver or variance is requested; and (2) no statute or rule otherwise controls the grant of a waiver or variance from the rule from which waiver or variance is requested.
  b. No waiver or variance may be granted from a requirement which is imposed by statute. Any waiver or variance must be consistent with statute.

[ARC 4513C, IAB 6/19/19, effective 7/24/19]

261—213.2(17A,ExecOrd11) Board discretion. The decision on whether the circumstances justify the granting of a waiver or variance shall be made at the discretion of the board upon consideration of all relevant factors.

213.2(1) Criteria for waiver or variance. The board may, in response to a completed petition or on its own motion, grant a waiver or variance from a rule, in whole or in part, as applied to the circumstances of a specified situation if the board finds each of the following:
  a. Application of the rule to the person at issue would result in hardship or injustice to that person; and
  b. Waiver or variance on the basis of the particular circumstances relative to that specified person would be consistent with the public interest; and
  c. Waiver or variance in the specific case would not prejudice the substantial legal rights of any person; and
  d. Where applicable, substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver or variance is requested.

In determining whether waiver or variance should be granted, the board shall consider whether the underlying public interest policies and legislative intent of the rules are substantially equivalent to full compliance with the rule. When the rule from which a waiver or variance is sought establishes administrative deadlines, the board shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all licensees, grantees and constituents.

213.2(2) Special waiver or variance rules not precluded. These uniform waiver and variance rules shall not preclude the board from granting waivers or variances in other contexts or on the basis of other standards if a statute or other board rule authorizes the board to do so, and the board deems it appropriate to do so.

261—213.3(17A,ExecOrd11) Requester’s responsibilities in filing a waiver or variance petition.
213.3(1) Application. All petitions for waiver or variance must be submitted in writing to the Enhance Iowa Board, 200 East Grand Avenue, Des Moines, Iowa 50309-1819. If the petition relates to a pending contested case, a copy of the petition shall also be filed in the contested case proceeding.

213.3(2) Content of petition. A petition for waiver or variance shall include the following information where applicable and known to the requester (for an example of a petition for waiver or variance, see Exhibit A at the end of this chapter):

b. The specific waiver or variance requested, including the precise scope and operative period that the waiver or variance will extend.

c. The relevant facts that the petitioner believes would justify a waiver or variance.

d. A signed statement from the petitioner attesting to the accuracy of the facts provided in the petition, and a statement of reasons that the petitioner believes will justify a waiver or variance.

e. A history of any prior contacts between the board and the petitioner relating to the regulated activity, license, grant, loan or other financial assistance affected by the proposed waiver or variance, including a description of each affected license, grant, loan or other financial assistance held by the requester, any notices of violation, contested case hearings, or investigative reports relating to the regulated activity, license, grant or loan within the past five years.

f. Any information known to the requester regarding the board’s treatment of similar cases.

g. The name, address, and telephone number of any public agency or political subdivision which also regulates the activity in question, or which might be affected by the grant of a waiver or variance.

h. The name, address, and telephone number of any person or entity that would be adversely affected by the grant of a petition.

i. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver or variance.

j. Signed releases of information authorizing persons with knowledge regarding the request to furnish the board with information relevant to the waiver or variance.

213.3(3) Burden of persuasion. When a petition is filed for a waiver or variance from a board rule, the burden of persuasion shall be on the petitioner to demonstrate by clear and convincing evidence that the board should exercise its discretion to grant the petitioner a waiver or variance.

[ARC 4513C; IAB 6/19/19, effective 7/24/19]

261—213.4(17A.ExecOrd11) Notice. The board shall acknowledge a petition upon receipt. The board shall ensure that notice of the pendency of the petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law within 30 days of the receipt of the petition. In addition, the board may give notice to other persons. To accomplish this notice provision, the board may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law, and provide a written statement to the board attesting that notice has been provided.

261—213.5(17A.ExecOrd11) Board responsibilities regarding petition for waiver or variance.

213.5(1) Additional information. Prior to issuing an order granting or denying a waiver or variance, the board may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the board may, on its own motion or at the petitioner’s request, schedule a telephonic or in-person meeting between the petitioner and the board’s designee, a committee of the board, or a quorum of the board.

213.5(2) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply in three situations: (a) to any petition for a waiver or variance of rule filed within a contested case; (b) when the board so provides by rule or order; or (c) when a statute so requires.

213.5(3) Ruling. An order granting or denying a waiver or variance shall be in writing and shall contain a reference to the particular person and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and operative period of the waiver if one is issued.
213.5(4) Conditions. The board may condition the grant of the waiver or variance on such reasonable conditions as appropriate to achieve the objectives of the particular rule in question through alternative means.

213.5(5) Time for ruling. The board shall grant or deny a petition for a waiver or variance as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the board shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

213.5(6) When deemed denied. Failure of the board to grant or deny a petition within the required time period shall be deemed a denial of that petition by the board.

213.5(7) Service of order. Within seven days of its issuance, any order issued under this chapter shall be transmitted to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law.

261—213.6(17A,ExecOrd11) Public availability. Subject to the provisions of Iowa Code section 17A.3(1)”e,” the board shall maintain a record of all orders granting or denying waivers and variances under this chapter. All final rulings in response to requests for waivers or variances shall be indexed and available to members of the public at the Enhance Iowa Board, 200 East Grand Avenue, Des Moines, Iowa 50309-1819.

[ARC 4513C, IAB 6/19/19, effective 7/24/19]

261—213.7(17A,ExecOrd11) Voiding or cancellation. A waiver or variance is void if the material facts upon which the request is based are not true or if material facts have been withheld. The board may at any time cancel a waiver or variance upon appropriate notice if the board finds that the facts as stated in the request are not true, material facts have been withheld, the alternative means of compliance provided in the waiver or variance have failed to achieve the objectives of the statute, or the requester has failed to comply with the conditions of the order.

261—213.8(17A,ExecOrd11) Violations. Violation of conditions in the waiver or variance approval is the equivalent of violation of the particular rule for which the waiver or variance is granted and is subject to the same remedies or penalties.

261—213.9(17A,ExecOrd11) Defense. After the board issues an order granting a waiver or variance, the order is a defense within its terms and the specific facts indicated therein for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.

261—213.10(17A,ExecOrd11) Appeals. Granting or denying a request for waiver or variance is final agency action under Iowa Code chapter 17A. An appeal to district court shall be taken within 30 days of the issuance of the ruling in response to the request unless a contrary time is provided by rule or statute.

CHAPTER 312
RENEWABLE FUEL INFRASTRUCTURE PROGRAM FOR RETAIL MOTOR FUEL SITES

261—312.1(15G) Purpose. The purpose of the renewable fuel infrastructure program is to install, replace and convert infrastructure to store, blend, and dispense renewable fuels at a retail fuel site.

261—312.2(15G) Eligible applicants. To be eligible to receive a retail motor fuel site infrastructure grant, an applicant shall:

312.2(1) Be an owner or operator of a retail motor fuel site.
312.2(2) Submit an application to the department in form and content acceptable to the department and the board.
312.2(3) Meet the following eligibility requirements established by the board:
   a. The fuel storage and dispensing infrastructure may include either an aboveground or belowground storage tank and ancillary equipment.
   b. The fuel storage tank may be on a tank vehicle or transport if regularly parked overnight in Iowa.

   d. If a tank has multiple compartments, at least one of the compartments must be used exclusively for the storage and dispensing of E-85 gasoline, biodiesel or biodiesel blended fuel at retail. The compartment used exclusively for the storage of E-85 gasoline, biodiesel or biodiesel blended fuel is considered the tank for purposes of this program.
   e. The tank and ancillary equipment must be approved for E-85 gasoline, biodiesel or biodiesel blended fuel use by either the Iowa department of natural resources or the state fire marshal, as evidenced by the most recent IDNR checklist.
   f. The dispenser must be described by type and model in a written statement by the manufacturer of the dispenser. The manufacturer’s written statement must be signed by a responsible official on behalf of the manufacturer and must be provided either to the applicant or to the Iowa department of natural resources or the state fire marshal. If provided to the applicant, the statement must be kept on file on the premises of the applicant for the five-year term of the agreement. The written statement must state that:
      (1) The dispenser is, in the opinion of the manufacturer, not incompatible with E-85 gasoline; and
      (2) The manufacturer has initiated the process of applying to an independent testing laboratory for listing of the equipment used in dispensing E-85 gasoline.
   g. Conversion kits. If a UL-listed E-85 dispenser conversion kit is used, it must be approved by the state fire marshal to be eligible for the E-85 grant.

CHAPTER 314
RENEWABLE FUEL INFRASTRUCTURE PROGRAM ADMINISTRATION

261—314.1(15G) Allocation of awards by congressional district. The board shall use the boundaries of the state’s five congressional districts, and prorate and equally distribute the amount available each fiscal year for each district. The board shall have at its discretion a prorated amount (up to $500,000) to distribute to any congressional district. On April 1 of each year, if funds allocated to a district have not been committed, the unobligated balance shall revert to the reserve fund and be available for other projects approved by the board.

261—314.2(15G) Form of award available; award amount.

314.2(1) Form of award. Eligible applicants may apply for financial incentives on a cost-share basis. Funding shall be available in the form of a grant.

314.2(2) Prospective grants for projects not commenced. A grant may be awarded for an eligible project not yet commenced.

314.2(3) Amount of award.

a. Retail award site.

(1) Three-year cost-share agreement for a retail site. The maximum award amount is 50 percent of the actual cost of making the improvements or $30,000, whichever is less.

(2) Five-year cost-share agreement for a retail site. The maximum award amount is 70 percent of the actual cost of making the improvements or $50,000, whichever is less.

(3) Supplemental financial incentives. A person may be granted supplemental financial incentives as an amendment to the cost-share agreement.

1. Supplemental award for Underwriter Laboratories upgrade. The purpose of an award for Underwriter Laboratories (UL) is to upgrade to UL-certified dispensers, blender pumps and dispensing infrastructure, UL-approved conversion kits and approved and insurable installation project(s). The maximum amount available as a supplemental financial incentive is 75 percent of the actual cost of making the improvements or $30,000, whichever is less. The dispenser can be listed by an independent certified testing laboratory or Underwriter Laboratories (UL) as compatible with ethanol blended gasoline classified as E-9 or higher.

2. Supplemental award for additional tank and associated infrastructure. A person may request a supplemental financial incentive for tank and associated infrastructure, as an amendment to the subsequent cost-share agreement(s). The purpose of an award for an additional tank(s) and associated infrastructure is to accelerate the installation of an additional tank(s) and associated infrastructure at an additional retail motor fuel site after an initial grant award is provided. To be eligible, the initial grant award must be awarded to the person on or after May 12, 2008. The maximum award amount available as a supplemental financial incentive is $6,000 per supplemental site. The person is limited to four supplemental financial incentive awards within the 12-month period following the completion of the initial retail motor fuel site project.

b. Terminal facility award for biodiesel B2 through B98 and B99/B100 for year-round distribution.

(1) Biodiesel fuel B2 through B98.

1. Duration. The duration of the cost-share agreement shall be five years.

(2) Biodiesel fuel B99/B100 for year-round distribution.

1. Duration. The duration of a cost-share agreement is five years.

2. Maximum award amount. The maximum award amount is 50 percent of the actual cost of making the improvements or $100,000, whichever is less.

3. Application acceptance begins January 1, 2009. Grant applications for B99/B100 projects will be accepted beginning January 1, 2009.

4. Lifetime cap amount. The maximum or lifetime cap for B99/B100 biodiesel terminal grants is $800,000 per person.
c. **Tank vehicle.**  
   (1) December 31, 2008, deadline. A tank vehicle application must be postmarked no later than December 31, 2008, to be eligible.  
   (2) Duration. The duration of the cost-share agreement is three years. The maximum award amount is 50 percent of the actual cost of making the improvements or $30,000, whichever is less.  
   (3) Limitation on number of grants. A person may receive one grant for one tank vehicle used to store and dispense E-85 gasoline and one grant for one tank vehicle used to store and dispense biodiesel or biodiesel blend. If a person received an award for a tank vehicle(s) prior to May 12, 2008, that person is eligible to apply for an additional tank vehicle.  

**314.2(4) Time of payment.** The grant shall be paid only upon timely completion of the project and upon the board’s receipt of records satisfying the board of the applicant’s qualifying expenditures.  
   a. The applicant must deliver to the board prior to payment a certificate of completion on the board’s form.  
   b. The certificate of completion must include the IDNR checklist completed and signed by an Iowa-certified installer showing review and approval of the completed project.  
   c. The certificate of completion must be accompanied by proof of financial responsibility as necessary to meet federal requirements for underground storage tank installation.

**314.2(6) Multiple awards for multiple fuel types.**  
   a. At a single fuel site. A person must file a separate application form for an ethanol infrastructure improvement grant and a biodiesel infrastructure improvement grant, respectively, at a single fuel site. The infrastructure board may approve multiple improvements to the same retail motor fuel site for the full amount available for ethanol infrastructure and biodiesel infrastructure. Applications for ethanol and biodiesel infrastructure improvements must be written in separate cost-share agreements.  
   b. At multiple fuel sites. A person may receive multiple grants as described in paragraph 314.2(6) “a” for more than one motor fuel site. When considering multiple grants for multiple fuel sites, the infrastructure board will make awards fairly and properly among applicants and geographic areas.  

**314.2(7) Exhaustion of funds.** In the event funding is exhausted at the end of the fiscal year or June 30, 2012, the board shall approve remaining applications based on criteria implemented by the board.  

### 261—314.3(15G) Application process.  

**314.3(1) Application procedures.**  
   a. Applications may be submitted at any time, but will be reviewed on a first-come, first-served basis as established by the date stamp on the filed application.  
   b. Applications shall be submitted to: Renewable Fuel Infrastructure Board, Iowa Department of Economic Development, 200 East Grand Avenue, Des Moines, Iowa 50309. Application forms and instructions are available at this address.  

**314.3(2) Contents of application.**  
   a. Statutory requirements. An application shall include the information required in Iowa Code Supplement section 15G.203.  
   b. Other information required by the board:  
      (1) Assurance that the project will be for the purpose of installing, replacing, or converting equipment for the storage or dispensing of the renewable fuel under consideration.  
      (2) Assurance that all equipment funded by the grant is designed and will be used exclusively to store or dispense E-85 gasoline, biodiesel or biodiesel blended fuel, respectively, for the period specified in the agreement.  
      (3) An IDNR checklist indicating the current status of the site.  
      (4) Assurance of compliance with any and all federal requirements for financial responsibility.  
      (5) Assurance of compliance with any and all state and federal laws and regulations.
(6) A cost proposal from an Iowa-licensed underground storage tank installer (for underground storage projects) and a qualified aboveground storage tank installer (for aboveground storage projects).

(7) Documentation of initiation of the process of applying to an independent laboratory and the manufacturer’s written statement that the dispenser is “not incompatible.”

261—314.4(15G) Review process.

314.4(1) The underground storage tank fund board has chosen not to review the applications. The renewable fuel infrastructure board will review an application for final approval or disapproval. The renewable fuel infrastructure board shall determine the amount of financial incentives to be awarded to an applicant.

314.4(2) Completed applications, including supporting documentation of meeting eligibility requirements, will be reviewed on a first-come, first-served basis. If the amount of funding requests exceeds available funds, the board will evaluate applications based upon criteria that include, but are not limited to, the following:
   a. Submittal of a completed application, including supporting documentation.
   b. Location factors such as demographics, proximity to major transportation corridors, and proximity to existing renewable fuel retail and storage facilities.
   c. Projected annual sales volume.
   d. Other sources of funding.
   e. Previous grants awarded.

261—314.5(15G) Contract administration.

314.5(1) Notice of award. The department shall notify approved applicants in writing of the board’s award of grants, including any conditions and terms of the approval.

314.5(2) Contract required. The board shall direct the department to prepare a cost-share agreement which shall include terms and conditions of the grant established by the board. The agreement will:
   a. Describe the project in sufficient detail to demonstrate the eligibility of the project.
   b. State the total cost of the project expressed in a project budget included in sufficient detail to meet the requirements of the infrastructure board.
   c. State the project completion deadline.
   d. State the project completion requirements which are preconditions for payment of the grant by the board.
   e. Recite the penalty for the storage or dispensing of motor fuel other than the type of renewable fuel for which the grant was awarded.
      (1) Awards for projects under construction or not yet started. The three- or five-year obligation to continue dispensing renewable fuel begins on the date the project is completed.
      (2) Awards for projects already completed. The three- or five-year obligation to continue dispensing renewable fuel begins on the date the department issues the first disbursement of grant funds, not on the date of project completion.
   f. Be amended to include a supplemental financial incentive, if a supplemental financial incentive is awarded by the board.

314.5(3) Repayment penalty for nonexclusive renewable fuel use. In the absence of a waiver from the board, the department may impose a 25 percent penalty due to a grant recipient’s use of infrastructure equipment for which a grant was awarded, for the storage or dispensing, within the time frame stated in the agreement, of motor fuel other than the type of renewable fuel for which the grant was awarded.

314.5(4) Repayment or board waiver. A grant recipient may not use the infrastructure to store and dispense motor fuel other than the type approved by the board, unless one of the following applies: (1) the grantee is granted a waiver by the board, or (2) the grantee pays back the moneys awarded including a 25 percent penalty.

314.5(5) Waiver criteria. The board may waive repayment of grant funds plus the 25 percent penalty. A grant recipient seeking a waiver during the time period in which a cost-share agreement is in effect
shall submit a written waiver request to the board. The board will consider waiver requests under the following circumstances:

- **Permanent waiver.**
  1. Waiver due to demonstration of good cause (no repayment and no 25 percent penalty). A grant recipient may request a permanent waiver during the time period in which a cost-share grant agreement is in effect if the grant recipient can demonstrate good cause for failure to continue using the approved renewable fuel. “Good cause” includes, but is not limited to, events such as the following:
    1. Permanent business closure due to bankruptcy.
    2. Permanent closure of underground or aboveground storage tanks.
  2. Waiver due to demonstration of financial hardship (repayment on a sliding scale and no 25 percent penalty). A grant recipient may seek a permanent waiver of exclusive use of the approved renewable fuel during the time period in which a cost-share agreement is in effect due to financial hardship. The grant recipient must demonstrate that continuing to dispense the renewable fuel at a project site will cause a financial hardship. A request for waiver due to financial hardship shall include documentation to show a “good faith” effort to market the fuel, specifically the most recent six-month history of gallons of approved renewable fuel sold by month, marketing/advertising efforts, retail price comparison of E-85 to E-10 (or regular gasoline) or of biodiesel to regular diesel. If a waiver is granted, the 25 percent penalty will not be assessed, but the grant funds will be repaid as follows:
    1. Three-year cost-share agreement: Months 1 through 11 of the cost-share agreement, 100 percent of grant amount. Months 12 through 36 of cost-share agreement, 4 percent of grant amount for each month remaining on the cost-share agreement.
    2. Five-year cost-share agreement: Months 1 through 10 of the cost-share agreement, 100 percent of grant amount. Months 11 through 60 of the cost-share agreement, 2 percent of grant amount for each month remaining on the cost-share agreement.

- **Temporary waiver (temporary suspension of repayment and 25 percent penalty).** A grant recipient may request a temporary suspension of the obligation to use only the approved renewable fuel and a temporary waiver of the repayment plus penalty requirement. A request for a temporary waiver, or an extension of a temporary waiver, will only be considered by the board if the recipient can document to the board’s satisfaction that market forces are not allowing for advantageous sales of the approved renewable fuel. If a waiver is granted, the 25 percent penalty will not be assessed, but the grant funds will be repaid as follows:
    1. A temporary waiver will not be granted during the first six months of a cost-share agreement.
    2. A temporary waiver will not shorten the grant recipient’s obligation to use the infrastructure to store and dispense the approved renewable fuel for a minimum of three years or five years. If the board approves a temporary waiver, the duration of the cost-share agreement will be extended by the length of the approved waiver period.
    3. A grant recipient may request a temporary waiver of up to six months. The board may approve one or more six-month waivers, provided the total cumulative time period allowed for temporary waivers shall not exceed two years.
    4. If a state executive order suspending the Iowa Renewable Fuel Standard (RFS) schedule is issued, the board may decide to grant a temporary waiver to all grant recipients. The board will establish the duration of the waiver and provide written notice to all grant recipients of the board’s action. When the board determines that a temporary waiver is necessary due to suspension of the Iowa RFS schedule, the three-year or five-year duration of the cost-share agreement will not be extended by the length of the temporary waiver.

404.7(3) Transmittal. The recipient must execute and return the agreement to the authority within 45 days of the transmittal of the final agreement from the authority. Failure to do so may be cause for the board to terminate the award.

404.7(4) Disbursement of funds. Recipients shall submit requests for grant funds in the manner prescribed by the authority. Disbursements shall be made on a reimbursement basis. No advance disbursements shall be allowed. Disbursements may be withheld if applicable performance reports have not been received and approved. Individual requests for funds shall be made in an amount equal to or greater than $500 per request, except for the final draw of funds.

404.7(5) Record keeping and retention. Recipients shall retain all financial records, supporting documents and all other records pertinent to the grant for five years after agreement closeout.

404.7(6) Performance reports and reviews. Recipients shall submit performance reports to the authority as described in the policies and procedures handbook. The authority may perform annual project reviews and site inspections as necessary to ensure program compliance.

404.7(7) Agreement amendments.

a. Any substantive change to a funded IEC project, including time extensions, budget revisions, and alterations to proposed activities, will be considered an agreement amendment. The recipient shall request an amendment in writing. No amendment shall be valid until approved by the board, except as provided in paragraph 404.7(7) “b” and confirmed in writing by the authority.

b. Staff approvals.

(1) Staff may approve one no-cost extension provided that the extension complies with subrule 404.4(5). Additional no-cost extensions shall be presented to the board for approval.

(2) Budget modifications. Any substantial modification of a project budget shall require board approval. Staff may approve budget modifications that are not substantial. For purposes of this
subparagraph, “substantial modification” means a budget modification of either $10,000 or 10 percent of the total grant award, whichever is less.

404.7(8) Agreement closeout. Upon agreement expiration or project completion, the authority shall initiate project closeout procedures.

404.7(9) Compliance with state and local laws and rules. Recipients shall comply with these rules, with any provisions of the Iowa Code governing activities performed under this program, and with any applicable local rules.

404.7(10) Noncompliance. At any time during a project, the IEC may, for cause, find that a recipient is not in compliance with the requirements of this program. At the board’s discretion, remedies may include penalties up to and including the return of grant funds to the IEC. Findings of noncompliance may include the use of Iowa energy center funds for activities not described in the application; failure to complete approved activities in a timely manner; failure to comply with any applicable state or federal rules, regulations, or laws; or the lack of a continuing capacity of the recipient to carry out the approved project in a timely manner.

The authority reserves the right to conduct a site visit of all awarded projects to ensure the projects were built as proposed and to provide verification of ongoing operation. The authority will monitor all loans to ensure that loan proceeds have been spent as identified in the contract and that all other sources of financing have been committed to the project. Borrowers shall be required to notify the authority of any change in ownership. Any loan made pursuant to this program shall become due for payment upon sale of the project for which the loan was made.

405.7(9) Default.

The authority will take prompt, appropriate, and aggressive debt collection action to recover any funds misspent by borrowers.

b. If the authority determines that a borrower is in default, the authority may seek recovery of the loan plus interest or other penalties as authorized pursuant to Iowa Code section 476.46, negotiate alternative payment schedules, suspend or discontinue collection efforts and take other action as the authority deems necessary.

c. The authority shall attempt to collect the amount owed. Any negotiated settlement, write-off, or discontinuance of collection efforts is subject to final review by and approval of the board.
d. If the authority refers a defaulted contract to outside counsel for debt collection, then the terms of the contract between the authority and the outside counsel regarding the scope of counsel’s authorization to accept settlements shall apply.

CHAPTER 411
IOWA BROADBAND DEPLOYMENT PROGRAM

261—411.1(83GA,SF376) Purpose. These rules are intended to implement 2009 Iowa Acts, Senate File 376, section 13(5), relating to public broadband technology grants for the deployment and sustainability of high-speed broadband access. The purpose of the Iowa broadband deployment program is to promote universal access to sustainable high-speed broadband services, at speeds to exceed federal requirements, throughout the state for the benefit of Iowans, by awarding state grant funds to be used as matching funds for the federal funds available for broadband infrastructure projects.
[ARC 8218B, IAB 10/7/09, effective 9/17/09; ARC 8473B, IAB 1/13/10, effective 2/17/10]

261—411.2(83GA,SF376) Definitions. In addition to the definitions in 261—Chapter 410, the following definitions shall apply to the Iowa broadband deployment program:

“Affordable rates” means the current price for high-speed broadband services being charged for similar services in areas with two or more broadband providers, as demonstrated by published or advertised unbundled prices. If there are no existing high-speed broadband services in the proposed funded service area or if there is only one existing provider of high-speed broadband services in the proposed funded service area, projects will be evaluated on the ability of applicants to demonstrate that their proposed pricing is affordable for the service area.

“Areas capable of timely implementation of high-speed broadband access” means those areas in Iowa where broadband infrastructure projects can be deployed or completed consistent with requirements established for federal funding.

“Community anchor institutions” means schools, libraries, medical and health care providers, public safety entities, community colleges and other institutions of higher education, and other community support organizations and agencies that provide outreach, access, equipment, and support services to facilitate greater use of broadband service by vulnerable populations, including low-income, unemployed, and the aged.

“Critical community facilities” means public facilities that provide community services essential for supporting the safety, health, and well-being of residents, including, but not limited to, emergency response and other public safety activities, hospitals and clinics, libraries and schools.

“Economically sustainable” means that a broadband project funded by the board will require no further government assistance beyond the funding period to remain viable into the future. A broadband project shall not be deemed “economically sustainable” if the broadband project will only continue beyond the funding period with the assistance of additional government grants. Notwithstanding anything to the contrary in this definition, “government assistance” shall not include: (1) fees or other revenues paid from government users in exchange for the ordinary use of broadband services, or (2) ongoing government funding provided by the federal Universal Service Fund. For purposes of this definition, “government” refers to any branch or level of government, including the federal government, any state government, or any political subdivision.

“Federal funds” means funding available for broadband infrastructure initiatives under the American Recovery and Reinvestment Act of 2009, Public Law 111-5 (Feb. 17, 2009) that will be awarded by either the U.S. Department of Agriculture Rural Utilities Service through the Broadband Initiatives Program (BIP) or the U.S. Department of Commerce National Telecommunications and Information Administration through the Broadband Technology Opportunities Program (BTOP).

“Federal requirements” means requirements established for the receipt of federal funds for broadband infrastructure initiatives pursuant to the American Recovery and Reinvestment Act of 2009.

“Grant agreement” means the agreement between the grantee and the ITTC, on behalf of the board for grants awarded under the program, including any amendments thereto.

“Grantee” means the recipient of a grant under the program.

“Grant funds” means state funds provided pursuant to a grant made under the program.

“High-speed broadband service” or “broadband” means providing two-way data transmission with advertised speeds that exceed 768 kilobits per second (kbps) downstream and at least 200 kbps downstream.
upstream to end users, or providing sufficient capacity in a middle mile project to support the provision of broadband service to end users.

“Last mile project” means any infrastructure project the predominant purpose of which is to provide broadband service to end users or end-user devices (including households, businesses, community anchor institutions, public safety entities, and critical community facilities).

“Middle mile project” means a broadband infrastructure project that does not predominantly provide broadband service to end users or to end-user devices, and may include interoffice transport, backhaul, Internet connectivity, or special access.

“Program” means the Iowa broadband deployment program administered by the governance board to award funds available for broadband deployment pursuant to the competitive grant process established in these rules and to oversee the establishment and implementation of a statewide high-speed broadband deployment plan.

“Qualified private providers” means nongovernmental local exchange carriers, cable television companies, commercial mobile radio service companies, or other entities that offer or are capable of offering broadband services in Iowa and that make minimum broadband capacity available to all business, government, educational, and residential locations within the project area.

“State broadband mapping project” means the statewide broadband data collection, mapping, and planning project conducted by the state’s designated eligible entity in cooperation with the Iowa utilities board under the Broadband Data Improvement Act of 2008 (BDIA), Title I of Public Law 110-385, 122 Stat. 4096 (Oct. 10, 2008) and as funded by the State Broadband Data and Development Grant Program.

“Synchronous data transmission” means broadband transmission services where the upstream and downstream speeds are equal.

“Underserved areas of the state” means, for last mile projects, a proposed funded service area composed of one or more contiguous census blocks where (1) no more than 50 percent of the households have access to facilities-based, terrestrial broadband service at speeds that exceed the minimum broadband transmission speeds set forth in the definition of “broadband” above; (2) no fixed or mobile broadband service provider advertises broadband transmission speeds of at least three megabits per second downstream; or (3) the rate of broadband subscribership is 40 percent of households or less. A proposed funded service area may qualify as underserved for middle mile projects if one interconnection point terminates in a proposed funded service area that qualifies as unserved or underserved for last mile projects.

“Unserved areas of the state” means a proposed funded service area composed of one or more contiguous census blocks where at least 90 percent of households in the proposed funded service area lack access to facilities-based, terrestrial broadband service, either fixed or mobile, at speeds that exceed the minimum broadband transmission speeds set forth in the definition of “broadband” above. A household has access to broadband service if the household can readily subscribe to that service upon request.

[ARC 8218B, IAB 10/7/09, effective 9/17/09; ARC 8473B, IAB 1/13/10, effective 2/17/10]

261—411.3(83GA, SF376) Eligible applicants. The following entities are eligible to apply for assistance:

1. State agencies and local governments, including municipal utilities;
2. A nonprofit foundation, a nonprofit corporation, a nonprofit institution, or a nonprofit association, or other nonprofit entities; and
3. Qualified private providers.

[ARC 8218B, IAB 10/7/09, effective 9/17/09; ARC 8473B, IAB 1/13/10, effective 2/17/10]

261—411.4(83GA, SF376) Forms of assistance. Financial assistance for an application approved by the board will be provided in the form of a grant. Grants shall be subject to the provisions of 2009 Iowa Acts, Senate File 376, section 13(5), the administrative rules in 261—Chapters 410 through 412, and the terms and conditions of a grant agreement.

[ARC 8218B, IAB 10/7/09, effective 9/17/09; ARC 8473B, IAB 1/13/10, effective 2/17/10]
261—411.5(83GA, SF376) Threshold application requirements. Applicants must satisfy threshold eligibility requirements to qualify for funding. Applications that fail to meet threshold eligibility requirements will not be considered by the board. An applicant must meet each of the following threshold eligibility factors in order to be considered for a grant award by the board:

411.5(1) Fully completed application. Applicants must submit a complete application and provide all supporting documentation required for the application.

411.5(2) Timely project completion. A project is eligible only if the application demonstrates that the project can be completed within 24 months of the award date or by December 31, 2012, whichever date is earlier.

411.5(3) Fully funded project costs. A project is eligible only if, after approval of the grant and any federal grants and loans, all project costs can be fully funded. To demonstrate this, applicants must include with the application evidence of all funding necessary to support the project.

411.5(4) Capital projects. A project is eligible only if the proposed project is for capital expenditures. Program grant funds shall only be used for capital expenditures. The board may require applicants to submit descriptions and itemized lists of capital expenditures for which the applicants intend to use grant money. Additionally, all uses and proposed uses of grant funds shall be subject to review by the board, attorneys for the board or the state of Iowa, and any accountants or auditors retained by the board or the state of Iowa. If a use or proposed use of grant funds is not for capital expenditures, as defined by the board’s legal counsel or generally accepted accounting principles, the board may withdraw all or part of a grant award and the board may seek recovery of any grant funds already disbursed to the grantee. Nothing in this subrule shall be construed as limiting the board’s authority or any remedies available to the board to ensure that grant awards are spent only on capital expenditures. Furthermore, nothing in this subrule shall be construed as limiting the board’s authority to impose additional restrictions on the use of grant funds in award contracts with grantees.

411.5(5) Economically sustainable. Only projects that are economically sustainable are eligible for an award. Applicants must demonstrate through a viable business plan that any project undertaken and funded by the board shall be economically sustainable.

411.5(6) Minimum broadband capacity. Only projects that intend to provide “high-speed broadband service,” as defined in 261—411.2(83GA, SF376), throughout the project area are eligible for an award.

411.5(7) Federal funds. Only projects that will further the purposes of 2009 Iowa Acts, Senate File 376, section 13(5), and that have received a notice of an award of federal funds under either the BIP or BTOP Program are eligible for an award.

411.5(8) Project meets statutory requirements. 2009 Iowa Acts, Senate File 376, section 13(5), establishes minimum eligibility requirements for the program. Only projects that meet these statutory requirements for assistance are eligible for an award. To qualify, projects must be designed to accomplish all of the following:

a. Provide minimum broadband capacity throughout the area as determined by the governance board consistent with any applicable state and federal law or guidelines. The governance board shall ensure that the minimum broadband capacity established exceeds any federal requirements established with regard to the availability of federal funds.

b. Make broadband connections available to all business, government, educational, and residential locations within the project area, as appropriate for the type of project.

c. Utilize, where appropriate and feasible, existing privately owned telecommunications fiber infrastructure and wireless facilities to establish universal access to high-speed broadband services, as appropriate and consistent with the priorities established by the governance board for the program.

d. Demonstrate that any project undertaken and funded by the governance board shall be economically sustainable with no further government assistance based upon expected revenue generation.

[ARC 8218B, IAB 10/7/09, effective 9/17/09; ARC 8473B, IAB 1/13/10, effective 2/17/10]

261—411.6(83GA, SF376) Application process.
411.6(1) Notice of intent to apply for state broadband deployment funds. Potential applicants are encouraged to submit a Notice of Intent to Apply form to the board prior to submitting an application with the board. A copy of the form is available at www.broadband.iowa.gov. Failure to complete and submit a Notice of Intent to Apply form shall not preclude an entity from applying for or receiving a grant from the board. Furthermore, the board shall not prejudice or take other adverse action against an entity because that entity failed to complete and submit a Notice of Intent to Apply form.

411.6(2) Application contents. The board shall develop a standardized application for the program and make the application available at www.broadband.iowa.gov.

411.6(3) Application time line and submittal. Applicants for state broadband deployment funds shall submit a completed application within 15 calendar days after being notified that the applicant has been awarded federal funds under either the BIP or BTOP Program. Along with the completed state broadband grant application, all applicants shall submit: (1) a copy of the applicant’s federal application and all information required to be submitted with the applicant’s federal application, and (2) all records the applicant received from the BIP and BTOP Programs that relate to the applicant’s federal award, including but not limited to any award letters. Completed state broadband grant applications and all information required to be submitted with the application shall be submitted to ITTC via the Iowa Grant Notification Storefront and Electronic Grant Management System (www.iowagrants.gov).

411.6(4) Request for confidential treatment. Applicants who would like to request that the board treat a record or part of a record as a confidential record must comply with the fair information practices listed at 751—Chapter 2.

[ARC 8218B, IAB 10/7/09, effective 9/17/09; ARC 8473B, IAB 1/13/10, effective 2/17/10]

261—411.7(83GA,SF376) Application review procedures.

411.7(1) Application review committee and final board action.

a. Application review committee. Applications meeting the threshold requirements of rule 261—411.5(83GA, SF376) will be reviewed by an application review committee (“the committee”). The committee shall consist of at least two board members and at least five staff members jointly provided by IDED, ITTC, and IUB.

b. Committee review and recommendation to the board. The committee members will score the applications according to the criteria set forth in subrule 411.7(2). A copy of the application scoring sheet that will be used by the committee is available for viewing at www.broadband.iowa.gov. The committee shall use consensus scoring and shall rank order the applications. The committee shall prepare a summary of the applications and the rank order scoring results and shall present to the board the committee’s recommendations for approval, denial, or deferral of applications.

c. Board action. All eligible applications and any summaries and recommendations by the application review committee will be reviewed by the board. Summaries, scores, and recommendations by the application review committee shall be wholly advisory and shall be for the board’s convenience. The board shall not be bound by any findings or conclusions of the application review committee, and the board shall not be required to give deference to any determination by the application review committee. The board may create summaries, award scores, or make conclusions that depart in whole or in part from those conclusions reached by the application review committee. The board shall make the final decision on all applications.

411.7(2) Evaluation criteria. The application review committee shall evaluate and score applications based on the following criteria:

a. Project purpose. (0-25 points) An application will be reviewed to evaluate the purpose of the project and its consistency with statutory intent for this program. Rating factors for this criterion include, but are not necessarily limited to, the following:

(1) Promote universal access. The degree to which a project will provide service to unserved areas or improve service to underserved areas of Iowa as identified by current broadband availability data or as ultimately determined by the state broadband mapping project.

1. If a project proposes to serve an unserved area, the percentage of households in the proposed service area (as defined by census block) that will be served by the project.
2. If a project proposes to improve service to an underserved area, the percentage of households in the proposed service area (as defined by census block) that will have improved service.

Points will be awarded on a sliding scale. The higher the percentage of households that will be served or that will have improved service, the more points awarded.

(2) Private enterprise. Whether the applicant is a qualified private provider. Additional consideration will be given to applications from qualified private providers of broadband service.

(3) Public-private partnership. Whether public and private collaboration is required for the project, as appropriate.

(4) Public entities. Whether participation by the public entity will promote access in an area that remains unserved or underserved due to lack of private sector investment.

b. Project benefits. (0-25 points) Applications will be reviewed to evaluate the degree to which the proposed project will offer service at an advertised speed which exceeds the federal requirements.

Rating factors for this criterion include, but are not necessarily limited to, the following:

1. Advertised speeds above federal minimums. For wireline last mile projects and wireless last mile projects, the advertised downstream and upstream speeds. More points will be awarded for higher speeds.

2. Middle mile projects. For middle mile projects, the degree to which the proposed project is sustainable and supports the goal of universal access to high-speed broadband service for the benefit of Iowans. Consideration will be given to the project’s impact on the area, including proposed connections to last mile networks and benefit to community anchor institutions or public safety entities; the level of need for the project in the area, including whether projected end users are located in unserved or underserved areas; and network capacity, i.e., whether the network provides sufficient capacity to serve last mile networks, community anchor institutions and public safety entities.

3. Synchronous data transmission. Whether the proposal contemplates synchronous data transmission capabilities and at what speed.

4. Affordability of services offered. Proposed pricing will be evaluated based on comparison to published unbundled prices and speeds for existing broadband services in the proposed funded service area. If there are no existing broadband services present, an applicant must demonstrate that proposed pricing is appropriate for the proposed service area.

5. Community impact. How the project impacts job creation and economic development and provides other benefits to the targeted community.
