

541—11.1(8) Purpose. These rules are designed to establish a grants enterprise management system (GEMS) under Iowa Code sections 8.9 and 8.10. The primary goals of GEMS include:

1. Securing additional nonstate funding;
2. Fostering cooperation and coordination between state agencies;
3. Discouraging duplication of competitive grant application efforts;
4. Providing a mechanism for the timely exchange of information among state agencies on proposals potentially affecting the agencies; and
5. Providing policy makers, legislators and the citizens of Iowa with information on grant funds received and state agencies' competitive grant applications.
