Vocational-Technical Tuition Grant

Eligibility

To be eligible for the Iowa Vocational-Technical Tuition Grant, an applicant must be an Iowa resident who establishes financial need and is enrolled at an Iowa community college.

A student may receive a grant for not more than the equivalent of two full years of study. However, if a student resumes study after at least a two-year absence, the student may again be eligible for two full years of study but cannot receive assistance for courses for which credit was previously received.

Awards

The maximum annual award is the lesser of \$1,200 per year or the amount of the student's financial need. Part-time students may be eligible for adjusted amounts.

Funding

The Vocational-Technical Tuition Grant is funded through a General Fund standing appropriation in statute. However, in practice, the General Assembly frequently amends the statute to increase or decrease funding in any given year.
