ADA Improvements — Primary Road Fund

History and Purpose

In 1990, Congress passed the Americans with Disabilities Act (ADA), addressing the needs of persons with disabilities and prohibiting disability discrimination in employment, public services, public accommodations, and telecommunications.

Since FY 2016, the General Assembly has funded this appropriation to address accessibility issues at Department of Transportation (DOT) facilities that do not comply with the ADA. Potential improvements include entrances, parking, sidewalks, restrooms, and public areas. In FY 2018, the Cedar Rapids maintenance facility utilized this appropriation.

State Funding

Funding for this appropriation comes from the Primary Road Fund and has remained static at \$150,000 since FY 2016.
