Nonpublic School Concurrent Enrollment

Purpose and History

The Department of Education (DE) pays some costs to a community college to cover the cost of administering concurrent enrollment with accredited nonpublic schools. Community colleges are to decrease the amount billed to the accredited nonpublic schools by the amount paid to the community colleges. Thus, if a student at an accredited nonpublic school takes a concurrent enrollment course at a community college, some of the cost is paid by the nonpublic school and some by the DE.

Funding — State General Fund

Funding is subject to appropriation from the State General Fund. Since FY 2020, the General Assembly has appropriated \$1.0 million annually to the DE for nonpublic school concurrent enrollment.
