## BUDGET UNIT BRIEF – FY 2024

Fiscal Services Division

July 1, 2023

---

Ground Floor, State Capitol Building

Des Moines, Iowa 50319

515.281.3566

## Glenwood Resource Center

### Background

Glenwood Resource Center, operated by the Department of Health and Human Services (HHS), provides a wide range of treatment and habilitation services for individuals with severe intellectual disabilities. In addition, Glenwood provides outreach services to support individuals with intellectual disabilities in the community. The goal of the State resource centers is to support individuals to live in the community of their choice. Glenwood Resource Center was built during the Civil War as a home for orphaned children of Civil War veterans. In 1876, Glenwood evolved into the Iowa Asylum for Feebleminded Children before becoming the Glenwood State Hospital in 1911 and finally becoming the Glenwood Resource Center in 2000. The facility is expected to close in 2024, per an [agreement](#) with the Governor and Legislature.

### Individuals Served

As of August 2023, Glenwood Resource Center serves 71 individuals with severe intellectual disabilities, most of whom have a dual diagnosis of mental illness. According to the HHS, a typical individual at Glenwood has an intellectual disability and an additional co-occurring condition, such as an eating and chewing disorder (dysphagia); ingesting inedible objects; self-injurious or assaultive behaviors; or other severe health and behavioral difficulties, including sexual offending. Individuals who are admitted to Glenwood have typically gone through multiple community-based providers and have not been able to find one that can meet their needs.

### Services Provided

Glenwood Resource Center is an intermediate care facility for individuals with intellectual disabilities (ICF/ID) and provides a wide variety of treatment and support to help prepare individuals to move into an appropriate community-based living setting. The HHS uses a multidisciplinary team to provide an integrated service approach. The team includes: the individual, the individual's family/guardian, local county or HHS staff, direct support professionals, a psychologist, a psychology assistant, a social worker, an occupational therapist, a speech-language pathologist, a physical therapist, an audiologist, a vocational/day program specialist, a leisure specialist, a dietitian, a nurse, a physician, a pharmacist, a psychiatrist, and a dental assistant.

### Funding

The annual Glenwood budget is approximately \$78.4 million. Of this, 19.0% is from the State General Fund, 50.0% is federal funding, 29.0% is other funding sources, and 2.0% is client participation.

### Related Statutes and Administrative Rules
