Online State Job Posting System

Overview

The online State job posting system is required to be accessible through the Department of Education's (DE's) Internet site and must include all job openings offered by school districts, charter schools, Area Education Agencies (AEAs), and the Department of Education. Accredited nonpublic schools may, but are not required to, submit job openings to the Department of Education for posting on the system.

In FY 2023, the requirement for an online State job posting system was repealed and replaced with a requirement that the Iowa Department of Workforce Development (IWD) establish an electronic job posting system for the DE.

Funding

The Department of Education received an annual General Fund appropriation of \$230,000 for the TeachIowa.gov Internet site from FY 2015 through FY 2022.
