Adult Correctional Institutions — Anamosa State Penitentiary

Anamosa State Penitentiary

The Anamosa State Penitentiary (ASP) is a medium security institution that was built in 1872. As of 2023, the ASP has a capacity of 908 male offenders. Programs are offered that provide opportunities to acquire academic and vocational skills. Education services are provided through Kirkwood Community College for the High School Equivalency Test (HiSET), literacy, vocational programming, and college-level classes. Cognitive-based programming is also offered. The Iowa Prison Industries (IPI) business office is located at this institution. IPI employment opportunities include Braille transcription; custom woodworking; manufacturing filters; housekeeping and laundry; graphic arts; and manufacturing license plates, metal furniture, and signs. The ASP receives annual funding from a General Fund appropriation in the Justice System Appropriations Bill.

Purpose

The adult correctional institutions (also referred to as State prisons) are responsible for incarcerating offenders sentenced to the custody and control of the Department of Corrections (DOC). These offenders are generally more violent or of higher risk compared to offenders supervised in Community-Based Corrections (CBC). The institutions provide offenders with essential services to reduce risk to the general public upon release due to parole, work release, or expiration of sentence.

Iowa Code chapter [901B](#) provides a continuum of sanctions for Iowa's correctional system. This includes sentencing options where offenders receive nonsupervised sanctions. The Iowa Code chapter provides various intermediate supervision levels by the CBC District Departments. The institutions provide the most severe level of sanction and incarcerate violent offenders and offenders who cannot be safely managed in community settings. About 20.0% of offenders in the State corrections system are incarcerated in the State prisons, while approximately 80.0% are supervised by the CBC District Departments.

Administration

Iowa Code chapter [904](#) creates the DOC and lists each of the nine institutions. It also creates a policymaking Board of Corrections that provides oversight of the DOC rules, policies, and procedures; approves the operating and capital budgets; and makes recommendations to the Governor concerning qualified candidates for the position of the Director of the Department.

The DOC Central Office has direct authority over the institutions, including personnel, staff training, the purchase or sale of real estate, investigations, confidentiality of records, offender supervision and work, the prison farms, and Iowa State Industries (also referred to as Iowa Prison Industries). The Central Office is also responsible for statewide and long-range planning, budget oversight, and establishment of program guidelines in the institutions.

Institutions

The operating costs of the institutions are 99.9% funded from the State General Fund. See the ***Fiscal Research Brief*** [Prison Population and Capacity](#) for historical budget and population information for the prison system. Each of the nine institutions provides security; housing; dietary services; medical, mental health, and substance abuse treatment; education and job skills training; behavioral and psychological treatment; and recreational activities. Additionally, each prison has a primary focus.
