**Background**

Iowa Code section [249A.3\(1\)\(h\)](#) provides Medicaid coverage to women who meet eligibility requirements, except for income, for 60 days after a pregnancy ends. Currently in Iowa, children under one year of age and pregnant women are eligible for postpartum coverage with income eligibility requirements up to 375.0% of the FPL (\$117,000 for a family of four in calendar year 2024). The [American Rescue Plan Act of 2021](#) allowed states to submit a Medicaid State plan amendment, effective for five years, to provide postpartum Medicaid coverage for 12 months after a pregnancy ends. Subsequently, a provision in the [Consolidated Appropriations Act of 2023](#) removed the five-year limitation period for the State plan amendment. As of January 2024, 44 states (including Washington, D.C.) have [extended postpartum coverage](#) to 12 months, with Alaska, Nevada, Utah, and Wisconsin having submitted State plan amendments to the CMS to implement a 12-month extension. Arkansas, Idaho, and Iowa have not formally submitted amendments to the CMS to increase postpartum coverage to 12 months.

Income eligibility for Medicaid for pregnant women and infants under one year of age is specified in [441 IAC 75.1\(28\)](#) at a maximum of 375.0% of the FPL. The Healthy and Well Kids in Iowa (Hawki) program has an income eligibility limit of 302.0% of the FPL. Currently, pregnant women who lose Medicaid coverage after 60 days may be eligible to enroll in the Iowa Health and Wellness Program (IHAWP), which has an income limit of up to 133.0% of the FPL. [42 C.F.R. §435.116](#) details minimum and maximum federal income eligibility requirements for pregnant women who are eligible to receive Medicaid benefits.

## Assumptions

- It is assumed that the State plan amendment will be approved by the CMS to begin on January 1, 2025.
- Postpartum coverage would remain without interruption for Medicaid members with an income level of 215.0% of the FPL or lower.
- According to the HHS, one-time information technology (IT) costs totaling \$1.2 million are necessary due to enrollment changes in Medicaid and the IHAWP and would be expended in FY 2025. The State will pay for approximately 25.0% of these costs, or \$297,000, out of the Family Investment Program General Fund appropriation.
  - IT costs include hiring contractors for a total cost of \$107,000 for 438 total hours at \$125 per hour to update the data warehouse, 29 total hours at \$125 per hour for project management, 97 total hours at \$125 per hour for a business analyst, and 288 total hours at \$125 per hour for enterprise architecture.
  - IT costs also include \$1.1 million to update the HHS's Eligibility Integrated Application Solution (ELIAS) system to determine Medicaid eligibility for pregnant women.
- An actuarial services contract may be necessary to determine the impact of enrollment changes on managed care organization (MCO) capitation rates and maternal and infant health care payments to the MCOs. The costs of this contract are anticipated to be absorbed within the existing Health Program Operations General Fund appropriation.
- There are currently 10,800 Medicaid members with postpartum coverage. The HHS reports that approximately 15.8%, or 1,700 members per month on average, may lose coverage under the provisions of the Bill, including approximately 1,300 women with income between 215.0% and 375.0% of the FPL and 400 infants in families with income between 302.0% and 375.0% of the FPL.
- A monthly average of approximately 1,100 infants in families with income between 215.0% and 302.0% of the FPL may have coverage shifted from Medicaid to Hawki if they are not covered by other insurance.
- A monthly average of approximately 2,300 pregnant women are anticipated to maintain Medicaid coverage beyond the current two months postpartum instead of transferring to the IHAWP, which has income eligibility up to 133.0% of the FPL. Beginning in FY 2025, the State is estimated to pay for 36.75% of expenses under Medicaid for pregnant women and 11.61% of expenses for the IHAWP, creating increased net State costs of \$86 per month for these members beginning in FY 2026.
- An estimated 2,700 women with an income level of 215.0% of the FPL or lower who otherwise would have lost Medicaid coverage after 60 days may be eligible for Medicaid coverage.
- Combined with program savings due to an estimated 1,300 women losing Medicaid coverage, the estimated fiscal impact related to pregnant women under Medicaid is a decrease in total costs of \$3.7 million in FY 2025 (\$855,000 decrease in State costs), a decrease in total costs of \$1.5 million in FY 2026 (\$2.3 million increase in State costs), and a decrease in total costs of \$963,000 beginning in FY 2027 (\$2.6 million increase in State costs) and continuing annually. Costs are anticipated to be funded from the Medical Assistance (Medicaid) General Fund appropriation.
- An additional monthly cost of \$6.60 per person was added to account for dental costs paid outside of MCO capitation rates.
- Approximately 400 infants may no longer receive Medicaid coverage due to the Bill, causing a decrease in total infant costs under Medicaid of \$5.0 million in FY 2025 (\$1.9 million decrease in State costs) and \$10.1 million annually beginning in FY 2026 (\$3.7 million in State costs). State savings equal 36.75% of total savings beginning in FY 2025, and any savings are anticipated to be applied to the Medicaid General Fund appropriation.

- Approximately 1,100 infants' coverage may shift from Medicaid to Hawki due to the Bill, causing an increase in total costs by \$2.7 million (\$707,000 in State costs) in FY 2025 and \$5.5 million annually (\$1.4 million in State costs) beginning in FY 2026. Costs are anticipated to be funded from the CHIP General Fund appropriation.
- According to the HHS, costs of the Bill beginning in FY 2027 will require a General Fund appropriation.

**Fiscal Impact**

[Senate File 2251](#) is estimated to decrease State costs by approximately \$1.7 million in FY 2025 and \$40,000 in FY 2026 and will increase State costs by \$286,000 beginning in FY 2027 and continuing annually.

### **Description**

[House File 2424](#) creates a “Gadsden Flag” special registration plate and requires the Department of Transportation (DOT) to design and issue the plates. The Bill creates two fees, an initial special fee of \$35 and an annual fee of \$10. An applicant may obtain personalized Gadsden Flag plates upon payment of the \$25 fee and the annual registration fee of \$5 for personalized plates established under current law, which is in addition to the special Gadsden Flag plate fee.

License plate fees are deposited in the Road Use Tax Fund (RUTF). The Treasurer of State is required to transfer an equal amount of the special plate fee from the Statutory Allocations Fund to the General Fund monthly. The funding transferred to the General Fund is appropriated to the Department of Public Safety (DPS) to provide education and training on the right to keep and bear arms. The Bill prohibits the DOT from conditioning the issuance of Gadsden Flag plates on the receipt of any number of orders for Gadsden Flag plates.

### **Background**

Under current law, the DOT is allowed to issue personalized license plates for an additional fee of \$25. Personalized plates are subject to an annual renewal registration fee of \$5 on top of the regular annual registration fee.

The RUTF is the primary source of funding for construction, maintenance, and administration of Iowa’s highways. The RUTF consists primarily of revenues that are constitutionally protected, including revenues for all license plates. The RUTF revenue is collected by the Treasurer of State and distributed by formula to the DOT, counties, and cities. Due to the constitutional protection of certain RUTF revenues, direct transfers from the RUTF for non-road programs cannot occur. Instead, equal amounts are transferred from the Statutory Allocation Fund (SAF) for specific programs.

The SAF consists of driver’s license fees and trailer registration fees. Truck registration fees are based on the weight of the vehicle as determined by Iowa Code section [321.122](#). After certain statutory transfers, including offsetting transfers of the special plate revenues, are made to other accounts, the remainder of the SAF balance is transferred to the RUTF at the end of the fiscal year.

Iowa Code section [312.2\(3\)](#) authorizes an annual allocation from the RUTF sufficient to pay the cost of producing license plates.

**Assumptions**

- Demand for the Gadsden Flag plate is estimated to equal the demand for the “Fallen Peace Officer” plate. As of July 2023, there were 3,150 total Fallen Peace Officer plates issued, with 821 being personalized and 2,329 being nonpersonalized.
- Production of the 3,150 additional plates will cost approximately \$19,000, at a per plate production cost of \$5.88 and will be paid from the RUTF.
- Approximately \$110,000 in plate fees is estimated to be deposited into the RUTF and will be offset by a matching allocation of \$110,000 from the SAF to the DPS. This allocation will decrease the year-end balance transferred from the SAF to the RUTF.
- Any administrative costs associated with the Keep and Bear Arms Program will be absorbed within existing resources in DPS.
- Personalized license plate sales deposited into the RUTF are estimated to be approximately \$20,000 in FY 2025 and approximately \$12,300 in FY 2026.

**Fiscal Impact**

**Figure 1** shows the total revenue estimated to result from personalized and nonpersonalized Gadsden Flag license plates. There will also be a one-time cost of \$19,000 to the RUTF for plate production.

**Description**

[House File 2531](#) provides the circumstances where an adult cabaret may be deemed to be a public safety nuisance and provides penalties. The Bill establishes when a city or county attorney may file suit to seek relief from an adult cabaret that has been deemed a public nuisance.

**Background**

Iowa Code chapter [657](#) establishes what constitutes a nuisance and provides penalties. A person who is convicted of constructing, causing, or continuing a public or common nuisance is guilty of an aggravated misdemeanor.

An aggravated misdemeanor is punishable by confinement for up to two years and a fine of at least \$855 but not more than \$8,540.

**Assumptions**

- The following will not change over the projection period: charge, conviction, and sentencing patterns and trends; prisoner length of stay (LOS); revocation rates; plea bargaining; and other criminal justice system policies and practices.
- A delay of six months is assumed from the effective date of this Bill to the date of first entry of affected offenders into the correctional system.
- Marginal costs for county jails cannot be estimated due to a lack of data. For purposes of this analysis, the marginal cost for county jails is assumed to be \$50 per day.

**Correctional Impact**

House File 2531 creates a new criminal offense, and the correctional impact cannot be estimated due to a lack of existing conviction data. **Figure 1** shows estimates for sentencing to State prison, parole, probation, or community-based corrections (CBC) residential facilities; LOS in months under those supervisions; and supervision marginal costs per day for aggravated misdemeanors. Refer to the Legislative Services Agency (LSA) memo addressed to the General Assembly, [Cost Estimates Used for Correctional Impact Statements](#), dated January 16, 2024, for information related to the correctional system.

**Figure 1 — Sentencing Estimate and Length of Stay (LOS)**

**Minority Impact**

House File 2531 creates a new criminal offense. As a result, the Criminal and Juvenile Justice Planning (CJJP) of the Department of Management (DOM) cannot use existing data to estimate the minority impact of the Bill. Refer to the LSA memo addressed to the General Assembly,

[Minority Impact Statement](#), dated January 16, 2024, for information related to minorities in the criminal justice system.

**Fiscal Impact**

House File 2531 creates a new criminal offense, and the fiscal impact cannot be estimated due to a lack of existing conviction data. The average State cost for an aggravated misdemeanor conviction ranges from \$7,500 to \$10,800. The estimated impact to the State General Fund includes operating costs incurred by the Judicial Branch, the Indigent Defense Fund, and the Department of Corrections (DOC). The cost would be incurred across multiple fiscal years for prison and parole supervision.

**Description**

[House File 2579](#) authorizes the Department of Transportation (DOT) to issue personalized fire fighter and emergency medical services (EMS) registration plates, in accordance with Iowa Code section [321.34](#). The fee for personalized plates is \$25, and the annual registration fee is \$5. Due to the plates' respective designs, the Bill limits the number of characters on a personalized fire fighter or EMS plate to five numerals and letters. The Bill makes further changes to align plate provisions with the respective language used for other similar plates.

**Background**

Under current law, an owner of a motor vehicle who is a current or retired member of a paid or volunteer fire department may order fire fighter special registration plates signifying the owner is an active or retired fire fighter; however, the individual may not order personalized plates. The plates are designed by the DOT in cooperation with representatives designated by the Iowa Firefighters Association. Currently, there are a combined 15,000 fire fighter and EMS license plates. Additional fees from personalized plates are deposited into the Road Use Tax Fund (RUTF) pursuant to Iowa Code section 321.34. Personalized plates are subject to an annual renewal registration fee of \$5 on top of the regular annual registration fee.

The RUTF is the primary source of funding for construction, maintenance, and administration of Iowa's highways. The RUTF consists primarily of revenues that are constitutionally protected, including revenues for all license plates. The RUTF revenue is collected by the State Treasurer and distributed by formula to the DOT, counties, and cities. Due to the constitutional protection of certain RUTF revenues, direct transfers from the RUTF for nonroad programs cannot occur.

The Statutory Allocation Fund (SAF) consists of driver's license fees and trailer registration fees. Truck registration fees are based on the weight of the vehicle as determined by Iowa Code section [321.122](#). After certain statutory transfers, including offsetting transfers of the special plate revenues, are made to other accounts, the remainder of the SAF balance is transferred to the RUTF at the end of the fiscal year.

Iowa Code section [312.2\(3\)](#) authorizes an annual allocation from the RUTF sufficient to pay the cost of producing license plates.

**Assumptions**

- Approximately 20.0% of EMS and fire fighter plates will be exchanged for personalized plates, totaling 3,010 personalized plates.
- Production of 3,010 plates will cost \$17,000, at a per plate cost of \$5.88 and will be paid from the RUTF.
- The reissuance of personalized plates permitted under the Bill will increase revenue to the Paul Ryan Memorial Fire Fighter Safety Training Fund and Emergency Medical Service

Fund by \$75,000, and will be offset by a matching allocation of \$75,000 from the SAF to the Funds. This allocation will decrease the year-end balance transferred from the SAF to the RUTF.

- Personalized license plate sales deposited into the RUTF are estimated to be approximately \$75,000 in FY 2025, and \$8,000 each year thereafter.

**Fiscal Impact**

The estimated fiscal impact of HF 2579 is a one-time cost of \$17,000 to the RUTF.

**Figure 1** shows the total revenue estimated to result from the personalized license plates created in the Bill.

**Figure 1 — Estimated Total Fund Revenue for HF 2579**
